MOTION

Senator Durkan moved that the Senate concur in the House amendments to Engrossed Substitute Senate Bill No. 3253.

Debate ensued.

MOTION

On motion of Senator Canfield, there being no objection, the following remarks were ordered entered in the Journal:

POINT OF INQUIRY

Senator Canfield: “Will Senator Durkan yield? Senator, you will remember in the bill which we prepared in your committee we have the twenty-five million dollar appropriation for the Superintendent of Public Instruction for special levy relief. And in discussing this matter with Senators Donohue and Odegaard this morning I found a copy of the other bill to which you referred, to modify this and allocate part of this, not to the pupils but to health programs for the teachers, and the balance to be applied in a rather obscure wordage here which I do not entirely comprehend. But I talked to Senator Donohue and to Senator Odegaard this morning and I would like to have your answer to this and I would like to have your answer recorded in the record. Does the amendment in the House or does this bill in any way take away from the small cost districts the money which we intended to allocate to them in the Senate version and in the House version on this blue bill before us?”

Senator Durkan: “Will you ask me that question again?”

Senator Canfield: “In the House version, Senator, you will notice that even the low cost districts such as Senator Donohue’s district in Dayton and my district in Sunnyside are what you might call low cost districts, and these low cost districts, even though they did not have special levies, would be entitled to this allocation of funds, to their share of it. And I want to be assured that it is your intent and the intent of the House and the intent of this amendment to 3220 that that money will still go to these low cost districts.”

Senator Durkan: “The answer is in the blue – the House amendment – the answer is it does not meet the intent of the legislature as I understood it to give, as I understood the House’s proposal, when they put the twenty-five million dollars in that they were going to give that money and then permit the negotiations either for the insurance premium benefit or for, as you said, to the low cost districts, that the money would go there, but when you read the proviso and I read it and I am sure that most of the other people who read it would agree that the proviso in no way then permitted that the insurance premiums would be paid to the members of the K-12 program. As a result of that we have redrafted that, the amendment that you have before you, and that will be on the desks, which we will handle next to do exactly as you ask. The amendment which will go after the budget bill, if we concur with the House, special levy relief will go to those who have passed special levies. It

will go to those who have attempted but did not pass special levies. It will go to those who did not attempt special levies but who are below the statewide average. The amendment will also provide that there will not be any relief to those who did not attempt special levies but who are above the statewide average."

Senator Canfield: "The last part of your statement, Senator, is the answer to my question, and, Mr. President, I ask that his reply to that particular question be entered in the Journal."

Further debate ensued.

POINT OF INQUIRY

Senator Washington: "Will Senator Dore yield to a question? As I understand, we could vote 'yes' on the appropriation bill and then vote 'no' on the inventory tax bill. The result would be then that there would be some additional money which would be left over which would be available in the general fund for other purposes. Am I correct in that assumption?"

Senator Dore: "That would be technically correct, Senator, but if this bill passes I think it would be highly unlikely."

POINT OF INQUIRY

Senator Woody: "Would Senator Durkan yield? Senator Durkan, the appropriation to the Pierce County refund fund resulting from the Valentine case, is it the legislative intent that all of the funds should go to the refund fund and then from Pierce County refund fund to the affected landowners and none of it to attorneys' fees?"

Senator Durkan: "Mr. President and members of the Senate and Senator Woody, it was not the intention that any funds appropriated by the Senate for the Valentine decision, and I would believe that the House is of the same mind, would be used for attorneys' fees."

Debate ensued.

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President and members of the Senate, Senator Atwood raised the question here which I think demands a little comment. The fact that we are probably building ourselves into some kind of a tax increase in January. I think that if there is one benefit to come from this short session of the Senate and the House it is the fact that the mini-session is not the great success we hoped it would be and it maybe will be the last one. And I hope that we will go into some annual sessions in January, instead of continuing this exercise in spending money in futility, because what we are doing is coming down here every three months, we are picking up the budget, and picking up anything that is extra and we are spending it right up to the last nickel. That we are ending up in a disaster come next January there is no doubt in my mind. We have done nothing more than place ourselves at the jeopardy of the Governor who proposes a lot of things that are good for everybody and I think prays that we never pass them. We have certainly laid ourselves into a trap this time. I hope that we look at an annual sessions bill before we get out of here and submit something to the people that brings back some continuity, if you please, or at least a sense of balance of the legislative branch. I think this is a big mistake and I think we are really heading for disaster. I support Senator Durkan's budget, but I hope this is the last one of these short little sessions unless there is a real emergency."

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Durkan yield to a question? Senator Durkan, at the last session the Senate passed a floor resolution asking the Governor not to waste the six hundred thousand dollars on remodeling the executive mansion and destroying the historical appearance of it. In addition to that, I understand they are going to propose now to spend twelve thousand additional remodeling some old house over here that they have already sold. Is there anything in this budget related to that subject?"

Senator Durkan: "Senator, as of September, 1972, I lost interest."

Senator Rasmussen: "Thank you, Senator. That does not answer the question entirely."

Senator Durkan: "No, there is not."

REMARKS BY SENATOR MARDESICH

Senator Mardesich: "Mr. President and gentlemen of the Senate, we seem to have turned this from a discussion of the budget into a discussion of mini-sessions and many other things. First of all, it is not — I think it is quite apparent to all of us that we do not get our way. No one down here gets his way completely. The system is built upon compromise. We give and we take. I originally proposed that we put this money into the retirement funds and that way we would have no impact with a surplus fund on the next biennium. But there was not too much support for that position and we give and take and we try to arrive at a consensus. And we condemn the mini-session because it produces budgets. And we talk about politics and I hear the same people now condemning it and they were the ones back in the caucus who were saying, 'Is that political?' Is that political, Senator Greive? 'We can't go for that because it will not have any real effect this time.' Well, the fault is not the system's, my friends. The fault is our own. Ours. We fail to face up to the problem. We fail because we have a desire for reelection that overwhelms good judgment."

Further debate ensued.

Senator Grant demanded a roll call and the demand was sustained by Senators Greive, Woody, Ridder, Scott, Bailey, Canfield, Atwood, Van Hollebeke and Metcalf.

Further debate ensued.

The President declared the question before the Senate to be the motion by Senator Durkan that the Senate do concur in the House amendments to Engrossed Substitute Senate Bill No. 3253.

REPORT OF CONFERENCE COMMITTEE

April 22, 1974.

Mr. President:

Mr. Speaker:

We, of your Conference Committee, to whom was referred SUBSTITUTE SENATE BILL NO. 3145, permitting the establishment of satellite banking facilities, have had the same under consideration and we report that we are unable to agree and respectfully request the powers of Free Conference for the purpose of amending the bill as follows:

On page 1, line 20, after "branch" and before the period insert ": PROVIDED FURTHER, That in considering any application for authority to open a new branch or to establish a new financial institution, the supervisor shall disregard the existence of facilities established pursuant to this act in determining whether there is reasonable promise of adequate support for the new branch or proposed new financial institution".

An emergency clause will also be added.

All House amendments are to be stricken.

Signed by: Senators Dore, Clarke and Mardesich; Representatives Pardini and Ceccarelli.

MOTION

On motion of Senator Mardesich, the report of the Conference Committee was adopted and the committee was granted the powers of Free Conference.

MOTION ON TIME LIMITATION

On motion of Senator Bailey, the Senate imposed a three minute rule on debate, subject to no yields and only one speech per member on any given amendment or motion.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Engrossed Substitute House Bill No. 29.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 29, by Committee on Commerce (originally sponsored by Representatives Gallagher and Conner):

Providing for a state lottery.

The bill was read the second time by sections.

On motion of Senator Rasmussen, Engrossed Substitute House Bill No. 29 was

advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

PARLIAMENTARY INQUIRY

Senator Atwood: "Is there a requirement on this particular bill with the referendum that it receive a sixty percent majority vote of the body?"

REMARKS BY SENATOR BAILEY

Senator Bailey: "I had an Attorney General's opinion on that and I would have to go look it up, but it seemed to me like it required only a majority vote, that the people would have to pass it by a sixty percent vote."

Debate ensued.

POINT OF INQUIRY

Senator Lewis (R. H. "Bob"): "Would Senator Stortini yield please? There are a number of ways to take surveys and I happen to indulge in that in my business somewhat and I wonder if the people who answered that survey had, when answering it, the knowledge that only forty-five percent of the money that comes in would be paid back in prizes? Was that information clear to the people who were responding?"

Senator Stortini: "I have not seen other surveys but I think almost every legislator on the floor has had a survey in regards to lotteries. No, Senator, I have not seen any survey that states that fifteen percent will go to administration, forty-five percent in prizes, and the other forty percent in the general fund, no."

Senator Lewis (R. H. "Bob"): "I personally do not have any objection to a lottery but I am afraid this is a little bit, well, if you will pardon the expression, the words that come to mind is that it is quite a con game when you only have a forty-five out of one hundred chance of winning and I think those are pretty long odds and I really think we are kind of fooling somebody."

Further debate ensued.

POINT OF INQUIRY

Senator Van Hollebeke: "Senator Atwood, would you yield? I think you know I did not mean any reference to you. I hold you in very high regard and I know you are not a bluenose, but don't you think that the executive department of the state of Washington is capable of running a lottery in an efficient way and a just way so that the people can have what they want and not make it a rip-off?"

Senator Atwood: "I am not sure you asked me a question, but I will try to respond to it. Historically the only reason that we have had that thing in the Constitution was because of what happened down south when they used to have state lotteries. And about ten years from now when we have the lottery and that law, we are going to have scandals in it. And I hope I am alive. But in any event, the Department of Revenue or the Department of Motor Vehicles, whoever is running it, I am sure is capable but human beings being what they are, you are going to have somebody, somebody see all that money and it is going to be diverted for private gain.

"The other question you asked me about the adequacy of it . . . sure, the state can run a lottery but we have come full circle from 1889 and when Senate Joint Resolution No. 5 was on the ballot, and incidentally, I was a sponsor of that along with Senator Walgren, and it was not intended, although some of the people thought it was, that we were going to come with a state lottery. It was never my intention that we come with a state lottery. It was only to do what we had been doing all along up until 1963, and that was to get rid of the tolerance policy in communities, to allow them to license card rooms, etc., but not to run a state-run lottery. That is all it was designed to do, because of the Supreme Court holdings that the lottery provision in the Constitution prevented the cities and counties from licensing those activities. Bingo, for example. That is all it was for. It was not trying to

sell the people on a state-run lottery. And I object to people saying that they thought they voted for the lottery because it was never intended for that.”

Further debate ensued.

REPLY BY THE PRESIDENT

The President: “In reply to your inquiry, Senator Atwood, a constitutional majority of the members elected, a minimum of twenty-five votes, will pass the bill.”

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 29, and the bill passed the Senate by the following vote: Yeas, 32; nays, 16; excused, 1.

Voting yea: Senators Bailey, Beck, Bottiger, Connor, Day, Donohue, Dore, Fleming, Francis, Grant, Greive, Henry, Herr, Jones, Keefe, Knoblauch, Mardesich, Marsh, Odegaard, Peterson (Lowell), Rasmussen, Ridder, Sandison, Scott, Stortini, Talley, Twigg, Van Hollebeke, von Reichbauer, Walgren, Woodall, Woody—32.

Voting nay: Senators Atwood, Canfield, Clarke, Durkan, Guess, Jolly, Lewis (Harry), Lewis (R. H. “Bob”), Matson, Metcalf, Murray, Peterson (Ted), Sellar, Wanamaker, Washington, Whetzel—16.

Excused: Senator Newschwander—1.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 29, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

APPOINTMENT OF SPECIAL COMMITTEE

The President appointed Senators Greive, Twigg, Van Hollebeke and Canfield to escort Senator and Mrs. Frank T. Connor to a place of honor upon the rostrum.

MOTIONS

On motion of Senator Van Hollebeke, all members were permitted as additional sponsors to Senate Resolution 1974-266.

On motion of Senator Greive, the following resolution was unanimously adopted:

SENATE RESOLUTION 1974-266

By Lieutenant Governor John A. Cherberg; Senators Van Hollebeke, Greive, Atwood, Bailey, Beck, Bottiger, Canfield, Clarke, Day, Donohue, Dore, Durkan, Fleming, Francis, Grant, Guess, Henry, Herr, Jolly, Jones, Keefe, Knoblauch, Lewis (Harry), Lewis (R. H. “Bob”), Mardesich, Marsh, Matson, Metcalf, Murray, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Rasmussen, Ridder, Sandison, Scott, Sellar, Stortini, Talley, Twigg, von Reichbauer, Walgren, Wanamaker, Washington, Whetzel, Woodall and Woody.

WHEREAS, Frank T. Connor, the respected and distinguished senator from the Thirty-third Legislative District has served the citizens of the state of Washington loyally in the legislature since 1951 as a member of the House of Representatives and as a State Senator; and

WHEREAS, Frank has been performing his legislative duties in an exemplary manner for the benefit of King County as Chairman of the Senate Committees on Liquor Control, Labor, Cities, Towns and Counties and as a strong and able member of the Senate Committee on Rules; and

WHEREAS, Frank, a native of Seattle, has brought honor and credit to O’Dea High School from which he graduated; and

WHEREAS, Frank’s constant and vigilant concern for the “little guy” has earned him the title “Champion of the People”; and

WHEREAS, Frank has been throughout his career an inspiring community leader,

having been a church leader at St. Mary's Church in Seattle, and a monument of stability in the activities of the Knights of Columbus and St. Vincent de Paul organizations; and

WHEREAS, Frank was an outstanding baseball player, and his leadership qualities resulted in his becoming an equally outstanding professional umpire at the conclusion of his playing career;

NOW, THEREFORE, BE IT RESOLVED, That the Senate of the state of Washington does hereby honor Frank T. Connor for his long, continuous legislative service as a Democratic legislator; and

BE IT FURTHER RESOLVED, That Senator Connor always carries with him the sincere appreciation and respect of the members of this Senate; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate be and he is hereby instructed to have this resolution suitably subscribed and presented to Senator Frank T. Connor.

REMARKS BY SENATOR GREIVE

Senator Greive: "I really did not expect to be up here when it came time to make the speech. You know Frank, unlike most of the rest of us, grew up in the sport field. His claim to fame as a youth was playing ball. He played on the O'Dea team where he was not only catcher, but he was pitcher. He went on from O'Dea to play semipro ball and to manage various ball teams for the Teamsters and for the Boilermakers in the Rainier district and eventually he became an umpire, and until he entered politics or maybe at the same time he was entering politics, ball was his game.

"I remember talking to Frank years ago and when he first came to the Senate and he said something I think is rather apropos. He said, 'You know I am a ballplayer and I understand my position.' He said, 'I am not one of those backfield types and I am not one of the fancy hitters.' He said, 'I played catcher and I stood behind the plate and I kind of took a secondary position.' He said, 'That is what I am going to play here.' But he said, 'You bet your sweet life I am a Democrat's Democrat and when you need a vote, you have got one.' I think the greatest thing we can say for Frank is that over the years he has carried to a perfection — I do not think there is one person in this body who can say that when it comes to a labor issue, a Democratic issue, that Frank has not been fair. He has never tried to grab the spotlight. His position has been that he is a ballplayer, that he knew what his position was, and like he told me in the very beginning, the thing he wanted to do was be the best ballplayer in that position there was around. And he was not looking to play in somebody else's position.

"Now I realize for us extroverts, let us face it, I am one and so is virtually every other member of this body, that is not our attitude. Pretty near all of us come down here with great visions of United States Senate or President or Governor and all that sort of thing. Very few make it, but we all talk about it and think about it, dream about it. Not Frank. Frank knew what he was; he knew where he played; he played it well, and I do not think anybody in this body can say that he ever broke his word, that he ever gave anyone a hard time, but nobody ever saw Frank back down when he made up his mind."

REMARKS BY SENATOR VAN HOLLEBEKE

Senator Van Hollebeke: "Mr. President and members of the Senate, I would first like to respectfully suggest that your name and the names of all the members of the Senate be added to this resolution."

REPLY BY THE PRESIDENT

The President: "Thank you very much. The President is sure that everyone joins in having their names added as sponsors to the resolution."

REMARKS BY SENATOR VAN HOLLEBEKE

Senator Van Hollebeke: "There is only one trouble when you are trying to make

tribute to a great man and then you follow another person who knows how to say things and put it in its best perspective much better than you. It is very difficult to say anything that will add and very difficult to avoid saying anything that will detract. If you will look at some of the names of the organizations on that resolution and know what they stand for; St. Vincent de Paul, helping poor people, organizations like that, you will know the real Frank. It is possible and I think it is true that I have known Frank Connor longer than anybody here today. And I have known how he has always been trying to help little people, as he would say, but big people too when big people needed help. Poor people when poor people needed help. Finding a job for some kid in a family that needed it most. A food basket for somebody who needed food badly. That is the kind of Senator, that is the kind of man I have known for thirty-one years. We wish you both the very best."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President, I am not very good at these eulogies or whatever you want to call them, but I want to recall that I came to the legislature with Frank Connor in 1951. He and I were bachelors then and we got around a little bit at night. We used to try to crash his Senator's parties, Senator Rosellini, and we usually got evicted about every time we went to one. Frank has one quality I think if we had more of we would not have half the trouble we have now and that is, over the years I have never known Frank Connor to break his word. Once he gave his word you never had to go back and ask him again. He kept his word. He would fight everybody for keeping it. And if we had the loyalty that Frank Connor has in his character, if we had that loyalty in everybody, we would not have any trouble in the legislative halls or in the state of Washington today."

REMARKS BY SENATOR HARRY LEWIS

Senator Lewis (Harry): "Mr. President and members of the Senate, those of us over here, Frank, really love you. We really do, and I think, speaking for myself and I am sure the members of the Senate will join with me in what I want to say — the attributes that you have, I guess, honesty and straightness, your unassuming attitude and your kindness are certainly obvious to all of us and have been. But I think the sensitive qualities of your personality and your understanding, these things of deep value to you that you express to us, to me, to all the members of the staff, these sensitive values which many of us sometimes tend to forget in toughness in trying to pass legislation, in meeting the pressures that we have to in the Senate and in our districts, yet these qualities that you have had you have shown that deep sensitivity and understanding of the real human values. Those things that have the greatest worth are the things that I will always remember about you and we will all miss you, Frank."

REMARKS BY SENATOR WASHINGTON

Senator Washington: "Mr. President and members of the Senate, I am going to miss the closest thing you can really have as a seatmate. Frank has sat right behind me for quite a few sessions, and I have learned to rely a great deal on Frank. We talk back and forth. And I have come to find that many of us, I think, anguish over a number of votes. I think we maybe have a few ulcers. We have problems with votes. But I think Frank probably has less problems than most of us do. I think he makes up his mind. I think he decides what is right and knows what he is going to do, and I just have that feeling that he does not have the butterflies in his stomach that many of us have on tough votes. I think he finds it just real easy to make those tough votes. And it is that kind of a feeling, again I know I am going to miss that kind of solid reassurance of that seat behind me. And I have, on the Democratic side, among members from Seattle made many friends but with none of them have I felt quite the same closeness that I have with Frank. And for that reason it is perhaps the only time I really ever went out and doorbelled was in Frank's last campaign. And I did. I enjoyed it. I found out a lot about that district that he is in and I found out why the people in that district have such a feeling of regard for Frank. It was a real experience for me, but most of all I am going to miss him sitting behind me on the Senate floor. And again, as has

been said before, oratory is not Frank's strong suit, but those of us in the Democratic caucus, many times when we needed a strong rudder, when we needed to kind of be brought into line, when maybe some of us prima donnas, as Senator Greive pointed out, needed to be brought in line, it was Frank who usually did it. And we are going to miss that, we in the Democratic caucus and as a result, you are all going to miss it on the floor. We are going to miss you a lot, Frank."

REMARKS BY SENATOR GRANT

Senator Grant: "Mr. President and members of the Senate, I would just like to say to Senator Connor, thank you. You have permitted me, an upstart freshman Senator, to come over from the House and given me great liberties in the Senate Labor Committee, and I appreciate that and I know I have not always made it easy for you. I appreciate that, Frank. I have known Arlene longer than Frank. I graduated from high school with her brother. I came from North Bend, a little one stoplight town up by the Pass there, you know. We thought that was really something when a hometown girl married a state Senator. We think that Arlene is just terrific."

REMARKS BY SENATOR KNOBLAUCH

Senator Knoblauch: "Mr. President, Mrs. Connor, Frank, and ladies and gentlemen, it is hard to sit and keep quiet when you think you are in your second home. And the Senate is like a second home to me and I have seen a good many Senators come and go and a good many House members come and go. I came to the House four years before Frank Connor and served with Frank in the House two years and then came over to the Senate. Frank, you carried a lot of weight in the House and you have carried a lot of weight in the Senate. You have always been present on roll calls. I noticed Frank is always faithful to his duties as a state Senator. We have always enjoyed Frank's Irish wit. Always friendly, always laughing, always a fine person. And in closing, like I said yesterday, it is a tragic time in America when so many people say so few good things about a politician. And in the last two days we in Washington State have paid tribute to three men who have been a credit to their profession, a credit to their state and to their nation. We in the state Senate have been most fortunate in having served with men like Damon Canfield and Bob Twigg and Frank Connor. And so in closing I would like to wish Frank and Mrs. Connor a very happy and well earned retirement."

REMARKS BY SENATOR DORE

Senator Dore: "Mr. President and members of the Senate, Arlene and Frank, I would not want the record to close without saying a few words about Frank. I feel somewhat about Frank like perhaps Perry Woodall felt about Senator Twigg in his eloquent address the other day. I knew Frank for the first time in the state House. I had heard about him. He was a great O'Dea star in prior days than I was there, and I met him for the first time here when John O'Brien was seeking the Speaker's contest. I remember Frank saying - I was kind of dubious about John - but Frank said, 'Well, he came from O'Dea. You have to vote for him. There is no other way.' So I was kind of locked in on that particular vote.

"Now a lot of you gentlemen have presented a different phase of Frank's life. You have said he is honest. He never waivers. He speaks for the little fellows and so on. We all know that. But what you probably do not know is, a lot of people think Al Rosellini has more friends, more personal friends, than anyone in the state. I have heard it again and again as I have campaigned twice statewide. Well, I think there is one man who has more personal friends, has affected more lives in this state, and that is Frank Connor, because I find out he goes to funerals, he goes to weddings, he collects food, he takes care of the people, little things that the rest of us are a little too high and mighty perhaps to do or we consider it too demeaning. Frank does. And he has done it for years and years. And he is a champ as a politician. He has never been defeated. How many on the floor here can say that? I cannot.

of course. I would have to stand at the back of the line probably. I am more experienced at that, so I know the other side of the coin, too.

"Frank is always optimistic. He is always helpful. And he is a great organizer. How many of you know that? In campaigns, he knows how to organize, to get people working, to use psychology, to get people motivated, to think 'We have just got to win.' They cannot lose. Terrible things are going to happen. He is a real salesman.

"Now Frank is not leaving, he is just terminating here to go on to probably far more interesting and effective work than before. I know he is out getting land for King County now to help the kids, to have parks and so on. And he is going to use that experience that he has. And we have made a lot of eulogies by a lot of great Senators, Senator Twigg and Senator Canfield the other day and now Frank, and perhaps a greater number of others will join us. And maybe the three men, this will probably be the last one, hopefully today, hopefully for this session. But I think the three men that we have spoken about are symbolic of the high type of honest, sincere and effective legislators we have had. And Frank Connor, through his twenty-four or five years has played an effective role in passing effective legislation for the benefit of the people not only of his district but of the entire state.

"In closing I would like to say this. We are having a little party for Frank at six o'clock down at the Brown Derby, the second floor, and all of you gentlemen on the floor are invited. We hope you attend, as well as the press and we want to further pay tribute to him, Frank, in the spirit of the true Irishman that he is and we want to pay tribute to you and Arlene. And, Arlene, you have been a great wonderful person, a partner of Frank's and we wish you and Frank well in leaving the Senate. Thank you."

REMARKS BY SENATOR ATWOOD

Senator Atwood: "Mr. President and lady and gentlemen of the Senate and Senator Frank and your lovely wife, we all know Senator Frank is a man of few words and one thing I think that you have all been trying to say and I think I can say it in very few words and that is that Senator Frank is one of the few people on this floor who truly lives and believes that faith in God gives meaning and purpose to human life and that service to humanity is the best work of life and that is what Senator Frank has done for me. He exemplifies that particular creed."

REMARKS BY SENATOR FLEMING

Senator Fleming: "Mr. President and members of the Senate, I think I would be somewhat derelict if I did not rise and say a few words about Senator Connor. Senator, we are going to miss you. And the kind words that people have said here today have been most deserved. I hope that the words that I might have to say, in view of the fact that you only stay two or three blocks from me — you will not misunderstand these words that I am not trying to get rid of you but it is because I am so fond of you. But in all sincerity, you are a very kind man. The little time that I have known you I have really enjoyed and appreciated the conversations we had and in sincerity in which you have communicated with me. If there was ever such a thing as a sure vote on this floor, then I would have to look in your direction if the bill or the subject matter was concerning the needy, the disadvantaged and so forth, because of your strong convictions. And we are going to miss you and we wish you the best of luck."

REMARKS BY SENATOR DAY

Senator Day: "Mr. President, Frank Atwood stole my speech. I just believe that the finest thing you can say about Frank Connor is that he lives the creed that he speaks about and professes, and I think that is about the finest thing you can say about any human being. Frank has served on my committees, both the present one and previous ones. He has been a man that I could depend on not only to be there, but to stand there and be on the side of a tough issue when that was necessary. And that is appreciated. I have to top Gary Grant. I

think I knew Arlene before he did. In fact, this will really surprise you, but Arlene and I used to sing in the choir together when my mother played the organ and led the choir and I want to tell you that she was a beautiful girl in those days and, Frank, you made a wonderful choice and so did she, and the best to both of you."

REMARKS BY SENATOR WOODALL

Senator Woodall: "Mr. President, Senator Connor and Mrs. Connor, I think just about everything has been said. I had the occasion to serve on the Liquor Committee when he was chairman of it. We had a tough decision to make concerning a confirmation. It was made upon the best judgment that we collectively thought was the right thing to do, difficult though it was. When I think of Frank Connor, I think of cheerfulness. I do not think I have ever seen him in an ugly mood. He always has a smile and a greeting in the morning and as I say, that is the memory that I carry about him more than perhaps anything else. Good luck to both of you."

REMARKS BY SENATOR TED PETERSON

Senator Peterson (Ted): "Mr. President and members of the Senate, well I have to get up again, Frank. I feel kind of puffed up when I hear someone make good comments about an old friend. Out in the Ballard way I had a baseball team. I was on that team and we would be across the town and all over the place and we played on all the sandlots and I just wanted to say to you, Frank, that I just could not miss the opportunity of getting up and telling you that it would be wonderful if many of your old friends, Bobby Morris and Beaner Walby and, yes, the good Governor here and all the rest of the boys could be sitting here listening to these accolades that they have given you. I would like to be out in the outfield, Frank, and have you up there in that long ball hitting again and catch one of those from you, and then I can see him with that mask on right behind the catcher, and brother, did he call it. Maybe he called them too strong sometimes and I thought, oh brother, this guy, but he really could. He would call them as they should be and as they were and, Frank, that is just the way you called them here. He has called a couple of shots on me politically too, and once in awhile he gives me that long needle and he says, 'You remember way back what you had to say about' - well, I will not mention the name of the Senator and I said 'yes' and he said, 'Well, he took care of you, didn't he?' And so on. Well, the needling was fun and I just appreciated knowing Frank and knowing what he stands for and his participation here has been wonderful and just to know you, Frank, and your good lady has been something to me."

REMARKS BY SENATOR CONNOR

Senator Connor: "Mr. President and members of the Senate, after serving here in the Senate and the House for twenty-four years it is a long, long time, but I greatly appreciate the honor you are showing me here today. Both Arlene and myself greatly appreciate it. Thank you very, very much."

REMARKS BY THE PRESIDENT

The President: "Members of the Senate, ladies and gentlemen, I believe I have followed Frank Connor's career ever since he was in O'Dea High. Arlene, the members of the Senate and the President and the staff are practical men. We thought that you would much rather have a dozen beautiful American Beauty roses delivered to your home tomorrow so that you can remember this occasion in that manner also. But I was going to say that some of you may not know that Frank, even though it was attested to in the resolution, was a tremendous baseball player. He even worked out and tried out with the Los Angeles Angels of the Old Pacific Coast League and was sure to hook on with them but unfortunately hurt his arm and could not throw any more. But Senator Woodall, I have never seen Senator Connor in an ugly mood either, but please do not be on the receiving end of one of his

famous right crosses. Frank, when he no longer played baseball, did umpire with great success and for many years worked the state semipro tournaments with great success. Senator Peterson mentioned about some umpires, oh, there are three kinds really, aren't there, Pete? Some say, 'I calls them as I sees them.' Another umpire says, 'I calls them as they is.' But in Frank Connor's case, 'They ain't nothin' 'til Frank Connor calls them.'

"One other thing about Frank. Frank has not given up on baseball either. Frank is the driving force of the annual old time baseball players' game that is held Christmas Day each year. And Senator Dore mentioned about Frank being an organizer. Frank put that deal together entirely on his own but gave the credit to a number of other people, including me, but it was Frank Connor who did it all the way. And of course Arlene was not far behind helping out. We are very, very grateful to you both, Arlene and Frank, and Betty and I were certainly more than honored and proud to be invited to their wedding in 1958."

Following is a letter read to the members of the Senate regarding Senator Frank T. Connor:

WEST SEATTLE POST NO. 160
THE AMERICAN LEGION
Seattle, Washington

TO SENATOR FRANK CONNOR:

On behalf of Bill Brader, Department Commander of the American Legion, State of Washington, I would like to present to you this award for your many years of help to the Veterans of the State of Washington. I know that you are not a Veteran, but have at all times had their welfare in your heart. You have indicated to us that you are most interested that a Veterans Affairs Department be established so that one department could look after their needs. You have been most gracious in giving of your time and giving of your office to our needs. We are therefore presenting to you this award of appreciation and may you have many successful years in your retirement.

JOHN F. STEPICH, Legislative Representative
American Legion, State of Washington.

The special committee escorted Senator Connor to his seat in the Senate Chamber and Mrs. Connor was escorted from the Senate Chamber. The committee was discharged.

On motion of Senator Mardesich, the Senate commenced consideration of Substitute House Bill No. 779.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 779, by Committee on Education (originally sponsored by Representatives Johnson, Fortson and Laughlin):

Implementing laws relating to the teachers' retirement system.

The bill was read the second time by sections.

Senator Mardesich moved adoption of the following amendment:

On page 9 following section 5 add a new section as follows:

"*NEW SECTION.* Sec. 6. There is added to chapter 41.32 RCW a new section to read as follows:

Notwithstanding any other provision of this 1974 act, when the salary of any member as a member of the legislature is increased beyond the amount provided for in Initiative Measure No. 282 then earnable compensation for the purposes of this chapter shall be based solely on the sum of (1) the compensation actually received from the salary for the job from which such leave of absence may have been taken and (2) such member's salary as a legislator during his two highest compensated consecutive years."

Re-number the remaining section consecutively.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Mardesich yield to a question? Senator Mardesich, this is not particularly concerned with that amendment though it may relate to it. The proviso that a legislator, that a teacher-legislator may elect upon retirement to stop paying into the retirement fund. Is this correct?"

Senator Mardesich: "May upon retirement. . . ."

Senator Rasmussen: "Let me read this to you. It is on page 5 and I am not sure just what it means. '*PROVIDED FURTHER,* That such elected official who has retired or otherwise terminated his public school service may then elect to terminate his membership in the retirement system and receive retirement benefits while continuing to serve as an elected official.'"

Senator Mardesich: "Right. And then we would be at his sixty percent maximum so it would not affect him, and it would be unfair, I believe, to require them to continue to pay into the system when there could be no further benefit to them. Because we have put the

sixty percent lid on, I can see no reason to continue to take contributions from them. That was why we asked for that."

Senator Rasmussen: "This was my point. You remember the McCutcheon amendment that allowed you to draw your retirement and continue working after the age of seventy, I think it was. Social Security allows you to do that, but the PERS system does not. As long as you are continuing to work, you must remain a member of the PERS system. That is why I am wondering why you put this special provision in. You did not do it, but it is in the bill."

Senator Mardesich: "The problem is, he is just telling me what the section is, and I agree. It is exactly that. It is the type of an amendment which would allow a teacher to retire, such as Senator Canfield would be, and then continue to serve as a legislator. But once he is out under this bill now, he is restricted to his sixty percent maximum under retirement. So why should you continue to require from him, if he were to continue in the legislature, payments to that system since they add nothing to his benefits? His benefits cannot go up any more as a consequence of his service."

Senator Rasmussen: "Very true, but this is exactly the same situation that is facing all state employees that have the option. They may retire after twenty-five years of service; they may retire at the age of sixty years or whatever age they desire to do it, after twenty-five years. But if they continue to work, then they must continue paying into the retirement system."

Senator Mardesich: "Right, but I think this only applies to the legislative time. They can continue to serve in the legislature, but they cannot continue to work as a teacher and draw their retirement. Once he has retired as a teacher, and under this bill he is at his sixty percent even with his legislative time, he could then retire and draw his retirement but he could not draw any more than he would draw under the maximum."

Senator Rasmussen: "Yes, Senator Mardesich, I agree with you, but you have the same provision right now and we have a number of high paid state employees who have thirty, thirty-five, forty years of service and would like to have that provision stricken from PERS."

Senator Mardesich: "I agree they would like to, but I do not know how it will happen."

Senator Rasmussen: "But you are doing it in this particular bill so again we are going to have the leapfrog."

Senator Mardesich: "How? They want to continue to increase their retirement. See the difference is, they are at sixty percent and what they want is to continue in service; because they are in this special administrative category, they want to continue in service for the state full time pay and continue to add, I guess they asked for one percent a year, maybe it was. . . ."

Senator Rasmussen: "Two percent a year."

Senator Mardesich: "All right. They want to continue to add so they could go from sixty, they continue to serve after three years, then they get sixty-two percent."

Senator Rasmussen: "No."

Senator Mardesich: "Yes, sir, that is what they want. But that does not allow this. Once the Canfield, or a teacher were to retire out of the system, out of PERS, he would be limited and I assume he would be, after thirty years, at the sixty percent level. Right? But to continue to serve here in the legislature, he would not be required to pay in any more because his benefits would increase. He would not add two percent every year under this amendment as we have drafted it."

Senator Rasmussen: "I am agreed with your explanation of it, yes. It just happens at the last previous session you took that provision out of the PERS system entirely, so that as long as they continue to work they have to pay into it, regardless of whether they are up to their maximum."

Senator Mardesich: "That I do not recall. It is really an unrelated matter."

Further debate ensued.

POINT OF INQUIRY

Senator Canfield: "Will Senator Mardesich yield? Senator, in discussing this bill with some staff people a day or two ago I was told that the retirement allowance would be built

upon two percent and I asked two or three times, is it two or is it three, and I was always told two. Now this says three. No, maybe I am looking at the wrong one. Which amendment now?"

Senator Mardesich: "My amendment does not relate to that at all. My amendment says - what my amendment says is this."

Senator Canfield: "I understand your amendment and I think it is a good one, but I wanted to ask this other question because I was not told by this staff member that it was three percent. He said it was two. This says three."

Senator Mardesich: "In the amendment?"

Senator Canfield: "No, in the bill. That the retiree gets three percent of the total average earnable compensation. That includes his teacher's salary and his legislator's salary."

Senator Mardesich: "That is the House bill you are looking at?"

Senator Canfield: "I am looking at this green sheet here, Substitute House Bill No. 779. If I am looking at the wrong one why - that happens to be on page 6 of Substitute House Bill No. 779. Do I have the wrong bill? Well, the three percent is still in there anyway."

Senator Mardesich: "This is engrossed substitute. I do not know whether you are looking at engrossed substitute."

Senator Canfield: "Senator, if you could answer my question it will save a little of your time. Is it two or is it three?"

Senator Mardesich: "It is two as I understand it, according to the analysis I have. Now I did not actually read the bill, but I have been told that it is two percent."

Senator Canfield: "I will check it, Senator."

Senator Mardesich: "Two percent, pardon me."

The motion by Senator Mardesich carried and the amendment was adopted.

On motion of Senator Mardesich, the following amendment to the title was adopted:

On line 9 of the title after "RCW 41.32.498;" and before "creating new" add "adding a new section to chapter 41.32 RCW;"

MOTION

On motion of Senator Mardesich, Substitute House Bill No. 779, as amended, was ordered held for further consideration on second reading following recess this afternoon.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 670, by Committee on Transportation and Utilities (originally sponsored by Representatives Nelson, Gilleland, Charnley and Beck):

Authorizing and funding for public transportation systems.

The Senate resumed consideration of Substitute House Bill No. 670 from earlier today. An amendment by Senator Mardesich was pending at that time and amendments by Senator Mardesich to that amendment were adopted. An amendment by Senators Francis and Fleming to page 1, section 2, line 22 had been moved for adoption by Senator Francis.

There being no objection, the amendment by Senators Francis and Fleming was withdrawn.

Debate ensued.

Senator Rasmussen moved adoption of the following amendments to the amendment by Senator Mardesich:

On page 2, line 22 of the amendment, after "receive" strike "one hundred" and insert "fifty".

On page 2, line 23, after "day" strike "spent in the performance of his duties as a member" and insert "attending official meetings".

Debate ensued.

On motion of Senator Woody, the question was divided.

Senator Rasmussen moved adoption of the amendment to page 2, line 22 of the amendment by Senator Mardesich.

Debate ensued.

The motion by Senator Rasmussen failed and the amendment was not adopted.

On motion of Senator Rasmussen, the amendment to page 2, line 23 to the amendment by Senator Mardesich was adopted.

The motion by Senator Mardesich carried and the amendment, as amended, was adopted.

On motion of Senator Woody, the following amendment by Senator Mardesich to the title was adopted:

On page 1, in line 1 of the title, after "transportation;" strike the remainder of the title and insert "amending section 35.58.030, chapter 7, Laws of 1965 and RCW 35.58.030; adding a new section to chapter 94, Laws of 1970 ex. sess. and to chapter 82.14 RCW; and adding a new chapter to Title 36 RCW."

On motion of Senator Woody, Substitute House Bill No. 670, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Marsh: "Senator Mardesich, would you yield to two questions to clarify intent? Senator Mardesich, the definition of 'public transportation function' on page 1 excludes 'any other motor vehicle now on an individual fare paying basis.' Does that phrase only mean taxis?"

Senator Mardesich: "Yes, Senator Marsh. The language was taken from the existing language relating to Metro transportation and relates only to taxis."

Senator Marsh: "Senator Mardesich, in section 8, the authority exercises the powers of cities with respect to transportation if the sales tax is approved. Does that include the power to levy a household tax or to obtain state matching?"

Senator Mardesich: "No, Senator, the transportation authority has no power to impose a household tax or to require state matching."

Senator Marsh: "Thank you."

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Mardesich yield to a further question? Senator Mardesich, is there anything in this proposed bill that would prohibit the transit authority from granting free rides to the senior citizen or the handicapped?"

Senator Mardesich: "No, it merely says that they shall set rates. I think that is on page 5 at the bottom. It just simply provides that they can set rates. I assume they could set those rates at whatever level they wanted to."

Senator Rasmussen: "I am briefly scanning this amendment. It is quite lengthy. This is why I wanted to have it made clear that they would grant reduced or no cost to senior citizens and the handicapped."

Senator Mardesich: "It is my assumption that they can. It is on page 3, subsection (3) the top of the page, it says, 'to fix rates, tolls, fares and charges for the use of such facilities.' There is no prohibition against a variation of rates, I assume, for senior citizens."

Senator Rasmussen: "Thank you, Senator Mardesich."

The Secretary called the roll on the final passage of Substitute House Bill No. 670, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 47; nays, 1; excused, 1.

MOTION

On motion of Senator Mardesich, Substitute House Bill No. 670, as amended by the Senate, was ordered immediately transmitted to the House.

MOTION

On motion of Senator Mardesich, the Senate immediately resumed consideration of Substitute House Bill No. 779.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 779, by Committee on Education (originally sponsored by Representatives Johnson, Fortson and Laughlin):

Implementing laws relating to the teachers' retirement system.

The Senate resumed consideration of Substitute House Bill No. 779 as amended previously today by Senator Mardesich.

On motion of Senator Mardesich, Substitute House Bill No. 779, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Canfield: "Would Senator Mardesich yield? Did we pass your amendment?"

Senator Mardesich: "Yes, sir."

Senator Canfield: "Thank you."

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Mardesich yield? Senator Mardesich, this is the third time that they have tried to give the Superintendent of Public Instruction a three percent pension as all the other elected officials."

Senator Mardesich: "Do you want to run it back and take it out? I will vote with you."

Senator Rasmussen: "My question is, do you think this is going to stick this time? Every time that they have tried to pass it, it has failed for some reason or other."

Senator Mardesich: "Your guess is as good as mine."

MOTION

Senator Atwood interrupted the roll call to move to excuse Senator Metcalf because of a conflict of interest.

PARLIAMENTARY INQUIRY

Senator Odegaard: "Mr. President, now that we are in the middle of a roll call, Senator Atwood brings up a point. There are two other Senators here who have possible conflict of interest also, Senator Stortini and myself. We were advised that since we are part of a class as educator-legislators, that it would be proper to vote on this measure but if this is the case, Senator Atwood, very likely Senator Stortini and I ought not vote, also. Could we have a ruling on that, Mr. President?"

REPLY BY THE PRESIDENT

The President: "Senator Odegaard, the President only acted upon Senator Atwood's motion to excuse Senator Metcalf. The President did not rule as to whether or not Senator

Metcalfe had a conflict of interest. The President believes that that is something that each individual member will have to decide for himself.”

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: “A motion to excuse in the middle of a roll call is not acceptable on the Call of the Senate. However, if the party appears on the floor and declares he has a conflict of interest, then the Chair can recognize that and he can say ‘no, I do not desire to vote.’”

REPLY BY THE PRESIDENT

The President: “Ordinarily your point would be well taken, Senator Rasmussen, but inasmuch as we are not operating under the Senate rules, and the President hearing no objection to Senator Atwood’s motion, excused Senator Metcalf.”

REMARKS BY SENATOR HARRY LEWIS

Senator Lewis (Harry): “I just wanted to reinforce what you just said. You suggested if anybody had an objection. There was no objection at that time and the gavel fell and I agree that you are correct.”

REMARKS BY SENATOR RIDDER

Senator Ridder: “I would like to be excused from voting. I may have a conflict of interest, but having just seen this engrossed bill, I cannot tell for sure.”

REPLY BY THE PRESIDENT

The President: “Senator Ridder, the President cannot excuse you from voting. However, if you believe there is a conflict of interest in your case, you do not have to vote.”

REMARKS BY SENATOR RIDDER

Senator Ridder: “I do believe I have a conflict of interest, Mr. President, and I pass.”

The Secretary called the roll on the final passage of Substitute House Bill No. 779, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 39; nays, 7; excused, 3.

MESSAGE FROM THE GOVERNOR

Office of the Governor, April 23, 1974.

TO THE HONORABLE, THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.

In compliance with the provisions of Section 11 of Article III of the Constitution of the State of Washington, I have the honor to submit herewith my report of each case of reprieve, commutation or pardon which I have granted since the Third Extraordinary Session of the Forty-third Legislature was recessed in February, 1974.

Ralph Melvin Berry was found guilty of Burglary in the Second Degree by the Superior Court of the State of Washington for Chelan County on January 20, 1934, for which he was sentenced to a term of not less than six months nor more than three years in the State Reformatory. He was further found guilty of Burglary in the Second Degree by the Superior Court of the State of Washington for Snohomish County on May 21, 1937, and was sentenced to a term of not more than fifteen years nor less than three years in the State Penitentiary. On September 30, 1942, he received a Final Discharge and Restoration of Civil Rights from Governor Arthur Langlie for each of the referenced crimes.

Substantial doubt exists as to the legality of the 1934 conviction inasmuch as Ralph Melvin Berry, a juvenile at the time of trial, was tried as an adult. The record further discloses that the harsh sentence imposed for the 1937 conviction was based in large part on the prior conviction.

With these exceptions, Ralph Melvin Berry has since maintained a record free of further felony convictions and has involved himself commendably in community activities to aid in the rehabilitation of persons with criminal records. His petition for a pardon is

supported by the Prosecuting Attorney of Snohomish County and numerous other individuals in his community.

On April 23, 1974, I granted to Ralph Melvin Berry a pardon of the aforesaid crimes.

Respectfully submitted,
DANIEL J. EVANS
Governor.

answer
yes or no

- 3. If your answer to number 2 is yes, is the defendant a substantial danger to [himself or others and in need of] *other persons unless kept under further control by the court or other persons or institutions, or property?*
- 4. If your answer to number 2 is yes, does the defendant present a substantial likelihood of committing felonious acts jeopardizing public safety or security unless kept under further control by the court or other persons or institutions?
- 5. If your answers to either number 3 or number 4 is yes, is it in the best interests of the defendant and others that the defendant be placed in treatment that is less restrictive than detention in a state mental hospital?

Sec. 5. Section 5, chapter 117, Laws of 1973 1st ex. sess. and RCW 10.77.050 are each amended to read as follows:

No *incompetent* person [who lacks the capacity to understand the proceedings against him or to assist in his own defense as a result of mental disease or defect] shall be tried, convicted, or sentenced for the commission of an offense so long as such incapacity continues.

For purposes of the examination, the court may order the defendant committed to a hospital or other suitable facility for a period of time necessary to complete the examination, but not to exceed fifteen days.

(2) The court [shall] *may* direct that a qualified expert or professional person retained by *or appointed for* the defendant be permitted to witness the examination authorized by subsection (1) of this section, and that he shall have access to all information obtained by the court appointed experts or professional persons. The defendant's expert or professional person shall have the right [either to join in the report filed by the court appointed experts or professional persons authorized by subsection (1) of this section, or] to file his own [separate] report following the guidelines of subsection (3) of this section. If the defendant is indigent, the court shall upon the request of the defendant assist him in obtaining an [duly qualified] expert or professional person [to participate in the examination on the defendant's behalf].

(3) The report of the examination shall include the following:

- (a) A description of the nature of the examination;
- (b) A diagnosis of the mental condition of the defendant;
- (c) If the defendant suffers from a mental disease or defect, an opinion as to his [capacity to understand the proceedings against him and to assist in his own defense] *competency*;

(d) If the defendant has indicated his intention to rely on the defense of [irresponsibility] *insanity* pursuant to RCW 10.77.030, an opinion as to the [extent he lacked capacity either:

- (i) To know or appreciate the nature and consequences of such conduct; or
- (ii) To know or appreciate the criminality of such conduct;] *defendant's sanity at the time of the act.*

(e) When directed by the court, an opinion as to the capacity of the defendant to have a particular state of mind which is an element of the offense charged;

(4) An opinion as to whether the defendant is a substantial danger to [himself or

others and is in need of] *other persons, or presents a substantial likelihood of committing felonious acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.*

Sec. 7. Section 8, chapter 117, Laws of 1973 1st ex. sess. and RCW 10.77.080 are each amended to read as follows:

[If the report filed pursuant to RCW 10.77.060 finds that the defendant at the time of the criminal conduct charged did not have capacity to either (1) know or appreciate the nature and consequence of such conduct; or (2) know or appreciate the criminality of such conduct, the defendant, upon notification to the prosecuting attorney, may move that a judgment of acquittal on the grounds of mental disease or defect excluding responsibility be entered. If the court, after a hearing on the motion, is satisfied that such impairment was sufficient to exclude responsibility, the court shall enter judgment of acquittal on the grounds of mental disease or defect excluding responsibility. If the motion is denied, the question shall be submitted to the trier of fact in the same manner as all other issues of fact.] *The defendant may move the court for a judgment of acquittal on the grounds of insanity: PROVIDED, That a defendant so acquitted may not later contest the validity of his detention on the grounds that he did not commit the acts charged. At the hearing upon said motion the defendant shall have the burden of proving by a preponderance of the evidence that he was insane at the time of the offense or offenses with which he is charged. If the court finds that the defendant should be acquitted by reason of insanity, it shall enter specific findings in substantially the same form as set forth in RCW 10.77.040 (2), (3), (4), and (5), as now or hereafter amended. If the motion is denied, the question may be submitted to the trier of fact in the same manner as other issues of fact.*

Sec. 8. Section 9, chapter 117, Laws of 1973 1st ex. sess. and RCW 10.77.090 are each amended to read as follows:

(1) If at any time during the pendency of an action and prior to judgment, the court finds following a report as provided in RCW 10.77.060, *as now or hereafter amended*, that the defendant is [incapable of understanding the proceedings against him or assisting in his own defense] *incompetent*, the court shall order the proceedings against him be stayed, except as provided in subsection (5) of this section, and may commit the defendant to the custody of the secretary, who shall place such defendant in an appropriate facility of the department for evaluation and treatment, or the court may alternatively order the defendant to undergo evaluation and treatment at some other facility, or under the guidance and control of some other person, until he has regained the competency necessary to understand the proceedings against him and assist in his own defense, but in any event, for no longer than a period of ninety days. [If during the] *On or before expiration of the initial ninety day period [,] of commitment* the court [on its own motion, or upon application of the secretary, the prosecuting attorney, or the defendant, finds by a preponderance of the evidence, after] *shall conduct* a hearing, [that] *at which it shall determine whether or not* the defendant is [now able to understand the proceedings against him and assist in his own defense, the proceedings shall be resumed] *incompetent*.

(2) If [at the end of the ninety day period] the court finds *by a preponderance of the evidence* that the defendant is [not able to understand the proceedings against him and assist in his own defense] *incompetent*, the court shall have the option of extending the order of commitment or alternative treatment for an additional ninety day period, but it must at the time of extension set a date for a prompt hearing to determine the defendant's competency [if the defendant has not been judged competent to proceed] before the expiration of the second ninety day period. The defendant, his attorney, the prosecutor, or the judge shall have the right to demand that the [competency] hearing [at the end of the] *on or before the expiration of the second ninety day [extension] period be before a jury.* If no demand is made, the hearing shall be before the court. [The sole issue to be determined at such a hearing is] *The court or jury shall determine whether or not* the defendant has [the competency to understand the proceedings against him and to assist in his own defense] *become competent.*

(3) *At the hearing upon the expiration of the second ninety day period if the jury or court, as the case may be, finds [by a preponderance of the evidence] that the defendant is [unable to understand the proceedings against him and assist in his own defense]*

incompetent, the charges shall be dismissed without prejudice, and either civil commitment proceedings shall [immediately] be instituted, if appropriate, or the court shall order the release of the defendant: PROVIDED, That [if the jury or court, as the case may be, also finds by a preponderance of the evidence that, on or before ninety days from the expiration date of the second ninety day period, the defendant will be so improved as to be able to understand the proceedings against him and assist in his own defense, the court shall extend the order of commitment or alternative treatment for a period no longer than an additional ninety days and shall also order that if the defendant has not been judged competent to proceed and has not been brought to trial on or before the end of said additional ninety day period, then at the end of said period, upon providing notice to the court, but without further order of the court, either civil commitment proceedings shall immediately be instituted, if appropriate, or the defendant shall be released] *the criminal charges shall not be dismissed if at the end of the second ninety day period the court or jury finds that the defendant is a substantial danger to other persons, or presents a substantial likelihood of committing felonious acts jeopardizing public safety or security, and that there is a substantial probability that the defendant will regain competency within a reasonable period of time. In the event that the court or jury makes such a finding, the court may extend the period of commitment for an additional six months. At the end of said six month period, if the defendant remains incompetent, the charges shall be dismissed without prejudice and either civil commitment proceedings shall be instituted, if appropriate, or the court shall order release of the defendant.*

(4) [If the jury or the court, as the case may be, finds by a preponderance of the evidence that the defendant has regained the ability to understand the proceedings against him and to assist in his own defense, the criminal proceedings shall be resumed.

(5) The fact that the defendant is unfit to proceed does not preclude any pretrial proceedings which do not require the personal participation of the defendant.

[(6) (5) A defendant receiving medication for either physical or mental problems shall not be prohibited from standing trial, if the medication either enables him to understand the proceedings against him and to assist in his own defense, or does not disable him from so understanding and assisting in his own defense.

Sec. 9. Section 10, chapter 117, Laws of 1973 1st ex. sess. and RCW 10.77.100 are each amended to read as follows:

[At any proceeding held pursuant to this chapter:

(1) *Subject to the rules of evidence*, experts or professional persons who have reported pursuant to this chapter may be called as witnesses *at any proceeding held pursuant to this chapter*. Both the prosecution and the defendant may summon any other qualified expert or professional persons to testify [, but no one who has not examined the defendant outside of court shall be competent to testify to an expert opinion with respect to the mental condition or responsibility of the defendant, as distinguished from the validity of the procedure followed by, or the general scientific propositions stated by, another witness].

[(2) Experts or professional persons who have examined the defendant and who have been called as witnesses concerning his mental condition shall be permitted to make a statement as to the nature of his examination, his diagnosis of the mental condition of the defendant at the time of the commission of the offense charged and his opinion as to the extent, if any, the defendant lacked capacity either (1) to know or appreciate the nature and consequence of such conduct; or (2) to know or appreciate the criminality of such conduct. He shall be permitted to make any explanation reasonably serving to clarify his diagnosis and opinion and may be cross-examined as to any matter bearing on his competency or credibility or the validity of his diagnosis or opinion.]

Sec. 10. Section 11, chapter 117, Laws of 1973 1st ex. sess. and RCW 10.77.110 are each amended to read as follows:

If a defendant [charged with a crime] is acquitted by reason of [mental disease or defect excluding responsibility] *insanity*, and it is found that he is not a substantial danger to [himself or other persons, and not in need of] *other persons, or does not present a substantial likelihood of committing felonious acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, the court*

shall direct his [release] *final discharge*. If it is found that the defendant is a substantial danger to [himself or others and in need of] *other persons, or does not present a substantial likelihood of committing felonious acts jeopardizing public safety or security, unless kept under further control* by the court or other persons or institutions, the court [may] *shall* order his hospitalization [or may order alternative treatment], *or any appropriate alternative treatment less restrictive than detention in a state mental hospital*, pursuant to the terms of this chapter. *If it is found that the defendant is not a substantial danger to other persons, or does not present a substantial likelihood of committing felonious acts jeopardizing public safety or security, but that he is in need of control by the court or other persons or institutions, the courts shall direct his conditional release.*

Sec. 11. Section 12, chapter 117, Laws of 1973 1st ex. sess. and RCW 10.77.120 are each amended to read as follows:

The secretary shall forthwith provide adequate care and individualized treatment at one or several of the state institutions or facilities under his direction and control wherein persons committed as criminally insane may be confined. Such persons shall be under the custody and control of the secretary to the same extent as are other persons who are committed to his custody, but such provision shall be made for their control, care, and treatment as is proper in view of their condition. In order that the secretary may adequately determine the nature of the mental illness of the person committed to him as criminally insane, and in order for the secretary to place such individuals in a proper facility, all persons who are committed to the secretary as criminally insane shall be promptly examined by qualified personnel in such a manner as to provide a proper evaluation and diagnosis of such individual. Any person so committed shall not be discharged from the control of the secretary save upon the order of a court of competent jurisdiction made after a hearing and judgment of discharge.

Whenever there is a hearing which the committed person is entitled to attend, the secretary shall send him in the custody of one or more department employees to the county where the hearing is to be held at the time the case is called for trial. During the time he is absent from the facility, he shall be confined in a facility designated by and arranged for by the department, and shall at all times be deemed to be in the custody of the department employee and provided necessary treatment. If the decision of the hearing remits the person to custody, the department employee shall forthwith return him to such institution or facility designated by the secretary. If the state appeals an order of discharge, such appeal shall operate as a stay, and the person in custody shall so remain and be forthwith returned to the institution or facility designated by the secretary until a final decision has been rendered in the cause. [If the state does not appeal, the order of discharge shall be sufficient acquittal to the secretary.]

Sec. 12. Section 14, chapter 117, Laws of 1973 1st ex. sess. and RCW 10.77.140 are each amended to read as follows:

Each [patient] *person* committed to a hospital or other facility or conditionally released pursuant to this chapter shall have a current examination of his mental condition made by one or more experts or professional persons at least once every six months. [The patient] *Said person* may retain, or if he is indigent and so requests, the court may appoint a [duly] qualified expert or professional person to examine him, and such expert or professional person shall have access to all hospital records concerning the [patient] *person*. The secretary, upon receipt of the periodic report, shall provide written notice to the court of commitment of compliance with the requirements of this section.

Sec. 13. Section 15, chapter 117, Laws of 1973 1st ex. sess. and RCW 10.77.150 are each amended to read as follows:

(1) Persons examined pursuant to RCW 10.77.140, *as now or hereafter amended*, may make application to the secretary for conditional release. The secretary shall, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, forward to the court *of the county which ordered his commitment* the person's application for conditional release as well as his recommendations concerning the application and any proposed terms and conditions upon which he *reasonably* believes the person can be conditionally released. Conditional release may also contemplate partial release for work, training, or educational purposes.

(2) The court of the county which ordered his commitment, upon receipt of an application for conditional release with the secretary's recommendation for conditional release, shall within thirty days schedule a hearing. The court may schedule a hearing on applications recommended for disapproval by the secretary. The prosecuting attorney shall represent the state at such hearings and shall have the right to have the patient examined by an expert or professional person of his choice. If the [patient] committed person is indigent, and he so requests, the court shall appoint a [duly] qualified expert or professional person to examine [the patient] him on his behalf. The issue to be determined at such a hearing is whether or not the person may be released conditionally without substantial danger to [himself or other persons and is not in need of further control by the court or other persons or institutions] other persons, or substantial likelihood of committing felonious acts jeopardizing public safety or security. The court, after the hearing, shall rule on the secretary's recommendations, and if it disapproves of [said recommendations] conditional release, may do so only on the basis of substantial evidence. The court [, prior to conditional release,] may modify the suggested terms and conditions on which the person is to be conditionally released. Pursuant to the determination of the court after hearing, the committed person shall thereupon be released on such conditions as the court determines to be necessary, or shall be remitted to the custody of the secretary.

(3) [A recommendation by the secretary pursuant to this section that the person should not be conditionally released does not preclude such person from applying for a writ of habeas corpus on the issue of whether he may be released without substantial danger to himself or other persons and is not in need of further control by the court or other persons or institutions, where no hearing has been held pursuant to subsection (2) of this section.

(4) Any person, whose application for conditional release has been denied, may reapply after a period of six months from the date of denial.

Sec. 14. Section 18, chapter 117, Laws of 1973 1st ex. sess. and RCW 10.77.180 are each amended to read as follows:

Each person conditionally released pursuant to RCW 10.77.150, as now or hereafter amended; shall have his case reviewed by the court which conditionally released him no later than one year after such release and no later than every two years thereafter, such time to be scheduled by the court. Review may occur in a shorter time or more frequently, if the court, in its discretion, on its own motion, or on motion of the person, the secretary or the prosecuting attorney, so determines. The sole question to be determined by the court is whether the person shall continue to be conditionally released. The court in making its determination shall be aided by the periodic reports filed pursuant to RCW 10.77.140, as now or hereafter amended, and 10.77.160, and the opinions of the secretary and other experts or professional persons.

Sec. 15. Section 19, chapter 117, Laws of 1973 1st ex. sess. and RCW 10.77.190 are each amended to read as follows:

(1) Any person submitting reports pursuant to *RCW 10.77.160, the secretary, or the prosecuting attorney may petition the court to, or the court on its own motion may schedule an immediate hearing for the purpose of modifying the terms of conditional release if the petitioner or the court believes the released person is failing to adhere to the terms and conditions of his conditional release or is in need of additional care and treatment.

(2) If the prosecuting attorney, the secretary, or the court, after examining the report filed with them pursuant to *RCW 10.77.160, or based on other information received by them, reasonably believes that a conditionally released person is failing to adhere to the terms and conditions of his conditional release, and because of that failure he has become a substantial danger to [himself or other persons] other persons, or presents a substantial likelihood of committing felonious acts jeopardizing public safety or security, the court or secretary may order that the conditionally released person be apprehended and taken into custody until such time as a hearing can be scheduled to determine the facts and whether or not the [patient should be rehospitalized] person's conditional release should be revoked or modified. The court shall be notified before the close of the next judicial day of [a patient's] the apprehension. Both the prosecuting attorney and the [patient] conditionally released person shall have the right to request an immediate mental [status] examination of the [patient] conditionally released person. [In the case of a patient who] If the

conditionally released person is indigent, the *court* or secretary shall, upon request [of the patient], assist him in obtaining a [duly] qualified expert or professional person to conduct the examination.

(3) The court, upon receiving notification of the [patient's] apprehension, shall promptly schedule a hearing. The issue to be determined is whether the conditionally released person did or did not adhere to the terms and conditions of his release, *and* is [likely to harm himself or other persons if not hospitalized or whether the conditions of release should be modified] *a substantial danger to other persons, or presents a substantial likelihood of committing felonious acts jeopardizing public safety or security*. Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or *his conditional release shall be revoked and he shall be* [rehospitalized] *committed*-subject to release only in accordance with [the] provisions of this chapter.

Sec. 16. Section 20, chapter 117, Laws of 1973 1st ex. sess. and RCW 10.77.200 are each amended to read as follows:

(1) [If] *Upon application by the criminally insane or conditionally released person*, the secretary [determines, after such investigation as he may deem necessary, that a patient committed as criminally insane pursuant to this chapter may be finally discharged without substantial danger to himself or other persons and is not in need of further control by the court or other persons or institutions, he shall make application to the court for the final discharge] *shall determine whether or not reasonable grounds exist for final discharge. If the secretary approves the final discharge he then shall authorize said person to petition the court.*

(2) *The petition shall be served upon the court and the prosecuting attorney.* The court, upon receipt of the [application] *petition* for final discharge, shall within forty-five days order a hearing. Continuance of the hearing date shall only be allowed for good cause shown. The prosecuting attorney shall represent the state, and shall have the right to have the [patient] *petitioner* examined by an expert or professional person of his choice. If the [patient] *petitioner* is indigent, and he so requests, the court shall appoint a [duly] qualified expert or professional person to examine [the patient on his behalf] *him*. The hearing shall be before a jury if demanded by either the [patient] *petitioner* or the prosecuting attorney. The [issue to be determined at such a hearing is whether the person may be] *burden of proof shall be upon the petitioner to show by a preponderance of the evidence that the petitioner may be finally discharged without substantial danger to* [himself or others and is not in need of] *other persons, or presents a substantial likelihood of committing felonious acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.*

(3) Nothing contained in this chapter shall prohibit the patient from petitioning [by writ of habeas corpus] *the court* for final discharge or *conditional release from the institution in which he or she is committed*. The issue to be determined on such proceedings is whether the [patient] *petitioner* is a substantial danger to [himself or] other persons [and is not in need of] , *or presents a substantial likelihood of committing felonious acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.*

Nothing contained in this chapter shall prohibit the committed person from petitioning for release by writ of habeas corpus.

Sec. 17. Section 22, chapter 117, Laws of 1973 1st ex. sess. and RCW 10.77.220 are each amended to read as follows:

No person confined pursuant to this chapter shall be incarcerated in a state correctional institution or facility: *PROVIDED, That nothing herein shall prohibit confinement in a mental health facility located wholly within a correctional institution.*

Sec. 18. Section 23, chapter 117, Laws of 1973 1st ex. sess. and RCW 10.77.230 are each amended to read as follows:

Either party may appeal to the court of appeals the judgment of any hearing held pursuant to the provisions of this chapter. [The procedure on appeal shall be the same as in other cases.]

NEW SECTION. Sec. 19. This 1974 amendatory act is necessary for the immediate

preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.”, and the same is herewith transmitted.

MOTION

Senator Peterson (Lowell) moved that the Senate concur in the House amendments to Engrossed Third Substitute Senate Bill No. 2940.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: “I would like to ask Senator Peterson a question if he would yield.

Senator Peterson, I have not had a chance to check with the House members. It was explained here on the floor that the emergency clause was not necessary, that all the licenses had been issued already and April 15 was the deadline. Would you explain to me why the emergency clause is needed now?"

Senator Peterson (Lowell): "Senator Rasmussen, I was not the one who said the emergency clause was not needed. As I recall, I think that was your remark that the emergency clause was not needed. I rather acquiesced that it was and that by not using the emergency clause anyone could buy a commercial fishing vessel between now and July 31, when the bill would take effect, and I think that is the reason that they reinserted the emergency clause."

MOTION

Senator Rasmussen moved that the Senate concur in the House amendments to page 1, line 5 of the title and page 2, line 8 inserting a proviso and not concur in the House amendment to page 4 adding a new section.

Debate ensued.

PERSONAL PRIVILEGE

Senator von Reichbauer: "I had stood up just before you started the roll and I wanted to speak to Stuart Oles. My objection to him is the fact that he has written letters to the editor of newspapers as well as spoken out on public issues, and while I do not want to infringe upon his rights as a citizen, I personally do not like to see members of the Public Disclosure Commission get involved in the political arena. That is all. I have nothing against him personally. It is just my own personal opinion."

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1185, by Committee on Ways and Means—Revenue (originally sponsored by Representatives Sommers, Shipoch, Perry, Erickson, Bender and Blair):

Making revision to the timber taxation laws.

The time having arrived, the Senate commenced consideration of Engrossed Substitute House Bill No. 1185.

REPORT OF STANDING COMMITTEE

April 18, 1974.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1185, making revision to the timber taxation laws (reported by Committee on Ways and Means):

MAJORITY recommendation: Do pass with the following amendment:

On page 1, after the enacting clause strike sections 1 and 2 of the bill and insert the following:

"Section 1. Section 7, chapter 294, Laws of 1971 ex. sess. as amended by section 1, chapter 148, Laws of 1972 ex. sess. and RCW 82.04.291 are each amended to read as follows:

(1) Upon every person engaging within this state in business as a harvester of timber; as to such persons the amount of tax with respect to such business shall be equal to the stumpage value of timber harvested for sale or for commercial or industrial use multiplied by the appropriate rate as follows:

(a) For timber harvested between October 1, 1972 and September 30, 1973 inclusive, the rate shall be one and three-tenths percent;

(b) For timber harvested between October 1, 1973 and September 30, 1974 inclusive, the rate shall be two and nine-tenths percent;

(c) For timber harvested on or after October 1, 1974, the rate shall be [determined and fixed by the first session of the legislature commencing on or after January 1, 1973, whether regular or extraordinary, in accordance with the purposes and intent of RCW 84.33.180] *six percent*.

(2) For purposes of this section:

(a) "Harvester" means every person who from his own privately owned land or from the privately owned land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services fells, cuts or takes timber for sale or for commercial or industrial use. It does not include persons performing under contract the necessary labor or mechanical services for a harvester.

(b) "Timber" means forest trees, standing or down on privately owned land, and except as provided in RCW 84.33.170 includes Christmas trees.

(c) "Stumpage value of timber" means the appropriate stumpage value shown on tables to be prepared by the department of revenue pursuant to subsection (3) of this section.

(d) Timber shall be considered harvested at the time when in the ordinary course of business the quantity thereof by species is first definitely determined. The amount harvested shall be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department of revenue.

(3) On or before July 1, 1972 and as necessary thereafter, the department of revenue shall designate areas containing timber having similar growing, harvesting and marketing conditions to be used as units for the preparation and application of stumpage values. Before September 1, 1972 for use during the fourth quarter of 1972 and all of 1973, and before December 1 of each year commencing with 1973, for use during the succeeding year, the department shall prepare tables of stumpage values of each species or subclassification of timber within such units, which values shall be the amount that each such species or subclassification would sell for at a voluntary sale made in the ordinary course of business for purposes of immediate harvest. Such stumpage values, expressed in terms of a dollar amount per thousand board feet or other unit measure, shall be determined from (a) gross proceeds from sales on the stump of similar timber of like quality and character at similar locations, and in similar quantities, or from (b) gross proceeds from sales of logs adjusted to reflect only the portion of such proceeds attributable to value on the stump immediately prior to harvest, or from a combination of (a) and (b), and shall be determined in a manner which makes reasonable and adequate allowances for age, size, quality, costs of removal, accessibility to point of conversion, market conditions and all other relevant factors. *If, on or before April 1 of any year commencing with 1975, the department shall determine that the stumpage value index as of January 1 of such year is greater or smaller, by ten percent or more, than the stumpage value index as of July 1 of the preceding year it shall, in the same manner prescribed for annual stumpage value determinations, prepare revised tables setting forth stumpage values. Such revised tables shall be applicable to timber harvested between July 1 and December 31 of such year, inclusive. The term stumpage value index as of any date shall mean a weighted average price of state and federal timber sales for all species during the twelve months prior to such date, such weighting to be based upon the actual volumes of the several species or subclassifications of timber harvested during the four most recent calendar quarters for which such information is available from tax returns filed by harvesters. Such index and the procedures to be followed in calculating it shall be further defined in regulations to be prepared by the department of revenue and reviewed by the ways and means committees of the house and senate prior to promulgation by the department.* Upon application from any person who plans to harvest damaged timber, the stumpage values for which have been materially reduced from the values shown in the applicable tables due to damage resulting from fire, blow down, ice storm, flood or other sudden unforeseen cause, the department shall revise such tables for any area in which such timber is located and shall specify any additional accounting or other requirements to be complied with in reporting and paying such tax. The preliminary area designations and stumpage value tables and any revisions thereof shall be subject to review by the [forest tax committee established pursuant to RCW 84.33.180] *ways and means committees of the house and senate* prior to finalization. Tables of stumpage values shall be signed by the director or his designee and authenticated by the official seal of the department. A copy thereof shall be mailed to anyone who has submitted to the department a written request therefor.

(4) On or before [October 31, 1972, with respect to stumpage values set by the department of revenue for the fourth quarter of 1972 and all of 1973, and on or before January 31 of each succeeding year commencing with 1974, with respect to stumpage values set by the department of revenue for such year.] *the sixtieth day after the date of final adoption of any stumpage value tables*, any harvester may appeal to the board of tax appeals for a revision of stumpage values for an area determined pursuant to subsection (3) of this section.

(5) There are hereby created in the state treasury a state timber tax fund A and a state timber tax fund B, separate and apart from the state general fund. The revenues from the tax imposed by subsection (1) of this section shall be deposited in state timber tax fund A and state timber tax fund B as follows:

YEAR OF COLLECTION	FUND A	FUND B
1973 through 1978	100%	0%
1979	75%	25%
1980	50%	50%
1981	25%	75%
1982 and thereafter	0%	100%

(6) In addition to the rates specified in subsection (1) of this section, there shall be imposed upon such persons a surtax at a rate of .5% of the stumpage value of timber as specified in such subsection (1) upon timber harvested between October 1, 1972 and [December 31] *September 30*, 1974 inclusive. The revenues from such surtax shall be deposited in a separate fund designated the state timber reserve fund, which is hereby created in the state treasury separate and apart from the state general fund. Such surtax shall be reimposed for one year upon timber harvested in any calendar year following any fourth quarter during which transfers from such reserve fund pursuant to subsection (3) of RCW 84.33.080 reduce the balance in such fund to less than five hundred thousand dollars, but in no event shall such surtax be imposed in any year after 1980.

(7) The tax imposed under this section shall be computed with respect to timber harvested each calendar quarter and shall be due and payable in quarterly installments and remittance therefor shall be made on or before the last day of the month next succeeding the end of the quarterly period in which the tax accrued. The taxpayer on or before such date shall make out a return, upon such forms and setting forth such information as the department of revenue may require, showing the amount of the tax for which he is liable for the preceding quarterly period, and shall sign and transmit the same to the department of revenue, together with a remittance for such amount.

(8) The taxes imposed by this section shall be in addition to any taxes imposed upon the same persons pursuant to one or more of sections RCW 82.04.230 to 82.04.290, inclusive, and RCW 82.04.440, and none of such sections shall be construed to modify or interact with this section in any way, except RCW 82.04.450 and 82.04.490 shall not apply to the taxes imposed by this section.

(9) Any harvester incurring less than ten dollars tax liability under this section in any calendar quarter shall be excused from the payment of such tax, but may be required by the department of revenue to file a return even though no tax may be due.

[(10) Subsection (1) of this section is enacted to be fully effective commencing upon May 21, 1971, even though all rates of tax are not specified. The forest tax committee established pursuant to RCW 84.33.180 shall, as its first priority and in addition to its other responsibilities, develop a recommendation with respect to rates for presentation to the first session of the legislature commencing on or after January 1, 1972, whether regular or extraordinary.]

Sec. 2. Section 8, chapter 294, Laws of 1971 ex. sess. as last amended by section 92, chapter 195, Laws of 1973 1st ex. sess. and RCW 84.33.080 are each amended to read as follows:

(1) On or before December 15 of each year commencing with 1972 and ending with 1980, the assessor of each timber county shall deliver to the treasurer of such county and to the department of revenue a schedule setting forth for each taxing district or portion thereof lying within such county:

(a) The value of timber as shown on the timber roll for such year;

(b) The aggregate dollar rate calculated pursuant to RCW 84.33.060 and actually utilized the immediately preceding October in extending *real* property taxes upon the tax rolls for collection in the following year;

(c) A "timber factor" which is the product of such aggregate dollar rate, the assessment ratio applied generally by such assessor in computing the assessed value of other property in his county and the appropriate portion listed below of the timber roll for such year ((a) above);

YEAR	PORTION OF TIMBER ROLL
1972	25%
1973	55%
1974 through 1977	100%
1978	75%
1979	50%
1980	25%

On or before December 31 of each year commencing with 1972 and ending with 1980, the department of revenue shall determine the proportion that each taxing district's timber factor bears to the sum of the timber factors for all taxing districts in the state, and shall deliver a list to the assessor and the treasurer of each timber county and to the state treasurer showing the factor and proportion for each taxing district.

(2) On the [tenth] *twentieth* day of the second month of each calendar quarter, commencing February [10, 1973] *20, 1974* and ending November 10, 1981, the state treasurer shall pay to the treasurer of each timber county for the account of each taxing district such district's proportion (determined in December of the preceding year pursuant to subsection (1) of this section) of the amount in state timber tax fund A collected upon timber harvested in the preceding calendar quarter, but in no event shall any *such* quarterly payment to a taxing district, when added to [the] *such* payments made to such district the previous quarters of the same year, exceed, *respectively one-fourth, one-half, three-fourths, or the full amount* of the timber factor for such district determined in December of the preceding year.

The balance in state timber tax fund A, if any, after the distribution to taxing districts on November [10 each year commencing with 1973 and ending with 1981,] *20, 1974 and on the twentieth day of the second month of each calendar quarter commencing February 20, 1975* shall be transferred to the state timber reserve fund.

(3) If the balance in state timber tax fund A immediately prior to such [November 10 distribution to taxing districts] *twentieth day of the second month of each calendar quarter* is not sufficient to permit a payment of *one-fourth, one-half, three-fourths, or the full amount, as the case may be*, which, when added to the payments made to any taxing district the previous quarters of the same year, will equal the timber factor for such district determined in December of the preceding year, the necessary additional amount shall be transferred from the state timber reserve fund to state timber tax fund A.

(4) *If, after the transfer, if any, from the state timber tax fund A (pursuant to subsection (2) of this section) in August of 1974, the balance in the state timber reserve fund exceeds two million dollars, the amount of the excess shall be applied first, to reimburse the general fund for the portion of the appropriation to the department of revenue related to the activities of the forest valuation section, except that such reimbursement shall not exceed the actual expenditures for such section during the previous fiscal year, and if the amount of the excess is more than is necessary for such purpose, it shall be applied second, to reimburse the department of natural resources for expenses incurred in the classification of lands as required by this chapter, if any, during the previous fiscal year. If the amount of such excess is more than is necessary for reimbursement for such purposes, the remaining amount of the excess shall be distributed to the taxing districts which distribution shall be made in the following manner:*

(a) *The department of revenue shall calculate a harvest factor and a harvest factor proportion for each taxing district, in the manner provided in subsection (5) of this section except that for years before 1978 there shall be used the aggregate value of timber harvested for as many quarters for which information is available;*

(b) *By multiplying the amount of such excess by the harvest factor proportion for each taxing district respectively, the department of revenue shall calculate the amount to be distributed to each local taxing district and to the state and shall certify such amounts to the respective county assessors and state on or before October 15: PROVIDED, That the state shall subtract from the amount of the regular property tax levy the respective amounts certified by the department of revenue and collect no more than such reduced amount;*

(c) The assessor shall subtract from the amount of the regular or special property tax levies of local taxing districts the respective amounts certified by the department of revenue and extend no more than such reduced amount of property taxes upon the tax rolls;

(d) Along with each quarterly payment pursuant to subsection (2) of this section, the state treasurer shall pay, out of the state timber reserve fund, to the treasurer of each timber county for the account of each local taxing district one-fourth of such district's portion (determined pursuant to (b) and (c) above) of such excess and the state treasurer shall pay into the state's general fund for the support of the common schools out of the state timber reserve fund such additional one-fourth amount due to the state.

The balance, if any, in the state timber reserve fund after the final transfer, if any, to or from state timber tax fund A in November of 1981, shall be transferred to state timber tax fund B on December 31, 1981, and one-fourth of such balance shall be distributed in each quarter of 1982 in the manner set forth in subsection (6) of this section.

(5) On or before December 31 of each year commencing with 1978, the department of revenue shall deliver to the treasurer of each timber county a schedule setting forth for each taxing district or portion thereof lying within such county:

(a) The average of the aggregate value of all timber harvested within such district in each of the immediately preceding five years as determined from the excise tax returns filed with the department of revenue;

(b) The aggregate dollar rate calculated pursuant to RCW 84.33.060 and chapter 84.52 RCW and actually utilized the immediately preceding October in extending real property taxes upon the tax rolls for collection the following year;

(c) A "harvest factor" which is the product of such five year average and such aggregate dollar rate;

(d) The proportion that each taxing district's harvest factor bears to the sum of the harvest factors for all taxing districts in the state.

(6) On the tenth day of the second month of each calendar quarter commencing February 10, 1979, the state treasurer shall pay to the treasurer of each timber county for the account of each taxing district such district's proportion (determined in December of the preceding year pursuant to subsection (5) of this section) of the amount in state timber tax fund B collected upon timber harvested in the preceding calendar quarter.

Signed by: Senators Durkan, Chairman; Donohue, Vice Chairman; Odegaard, Vice Chairman; Atwood, Bailey, Canfield, Lewis (Harry), Metcalf, Peterson (Ted), Scott.

The bill was read the second time by sections.

MOTIONS

Senator Durkan moved adoption of the committee amendment.

Senator Durkan moved adoption of the following amendment by Senators Durkan and Lewis (Harry) to the committee amendment:

On page 1, beginning on line 17 of the committee amendment after "percent" strike all material down to and including the period on line 22, and insert: "*and between October 1, 1974 and December 31, 1978, inclusive, six percent.*"

[(c) For timber harvested on or after October 1, 1974, the rate shall be determined and fixed by the first session of the legislature commencing on or after January 1, 1973, whether regular or extraordinary, in accordance with the purposes and intent of RCW 84.33.180;]

MOTION

Senator Dore moved that the following oral amendment be adopted:

On line 4 of the amendment by Senators Durkan and Lewis (Harry) to the committee amendment after "*six*" and before "*percent*" insert "*one-half.*"

Debate ensued.

POINT OF ORDER

Senator Lewis (Harry): "Mr. President, I recognize that we do not have rules in the

Senate, but we have had the rule of common sense here for a lot of years under your leadership and an amendment to the amendment to the amendment is the effect of Senator Dore's motion. I believe it is incorrect and should not be considered by the Senate at this time. I would ask for a ruling based on Reed's and your common sense."

Debate ensued.

MOTION

Senator Mardesich moved that the rules be suspended and the oral amendment by Senator Dore to the amendment by Senators Durkan and Lewis (Harry) to the committee amendment be accepted.

RULING BY THE PRESIDENT

The President: "The President believes that the point established by Senator Harry Lewis is well taken and also makes good sense. However, if a majority of the members wish to decide otherwise, that is entirely up to the body."

PERSONAL PRIVILEGE

Senator Lewis (Harry): "I understand the difficulty that the majority party is having right now and I am in sympathy with this. This is a difficult situation. You have had a tough time with the budget. You have had a tough time with the House. I am in sympathy with Senator Durkan. He is upset and I can see why. But, Mr. President, speaking on a point of personal privilege, it just seems to me that because we have some difficulty that all logic should not leave this body, which has been a deliberative body, which has been a body that has done good work over the years. Certainly the majority leader or anybody else can make the kind of motion that we are talking about, but I would just hope on a personal privilege that we would permit the Chair to rule properly and not interrupt the Chair and follow some type of normal and good procedure, even though we are operating without rules."

POINT OF ORDER

Senator Durkan: "Mr. President, I do not think Senator Lewis is talking on his point of personal privilege. He is talking about what the Chair should do or not do. I think that he should contain himself to the point of personal privilege."

MOTION

Senator Dore moved that the amendment by Senators Durkan and Lewis (Harry) be laid upon the table.

Senators Lewis (Harry) and Talley demanded a roll call and the demand was sustained by Senators Mardesich, Francis, Van Hollebeke, Clarke, Atwood, Canfield, Peterson (Ted), Guss and Grant.

POINT OF INFORMATION

Senator Whetzel: "Can you tell us what the effect of the motion by Senator Dore is if it carries? Does that mean that we no longer have the Senate committee amendment or the bill before us?"

REPLY BY THE PRESIDENT

The President: "The Senate committee amendment is before the Senate, Senator Whetzel. Senator Dore's motion applied only to the Senator Durkan-Senator Lewis amendment to the amendment. A vote 'aye' will be to table the Lewis-Durkan amendment. A vote 'no' will keep the amendment to the amendment under the consideration of the Senate."

PARLIAMENTARY INQUIRY

Senator Lewis (Harry): "Mr. President, will this not have the effect of reinstating the House's position of six and one-half rather than six? Is that correct?"

REPLY BY THE PRESIDENT

The President: "That is something of which the President is not aware, Senator."

PARLIAMENTARY INQUIRY

Senator Lewis (Harry): "Is this not an amendment to the House amendment? It would not do that? Okay."

REPLY BY THE PRESIDENT

The President: "It is an amendment to the Senate committee amendment."

PARLIAMENTARY INQUIRY

Senator Talley: "Do I understand this right now? If we vote 'no,' the Senate amendment is still before us at six percent?"

REPLY BY THE PRESIDENT

The President: "A vote 'no' will keep the amendment to the Senate committee amendment under the consideration of the Senate."

PARLIAMENTARY INQUIRY

Senator Talley: "And that is the six percent amendment?"

REPLY BY THE PRESIDENT

The President: "The President believes that the matter can be clarified by reading of the amendment. This is a Senate amendment to Senate committee amendment to Engrossed Substitute House Bill No. 1185 by Senators Durkan and Harry Lewis. 'On page 1, beginning on line 17 of the committee amendment, after "percent" strike all material down to and including the period on line 22 and insert: "*and between October 1, 1974 and December 31, 1978, inclusive six percent.*" So your observation is correct, Senator Talley."

PARLIAMENTARY INQUIRY

Senator Whetzel: "Mr. President, do I understand that if the motion to table carries that the main question is still before us or is the main question lost? Under Reed's rules the main question is no longer before the body if a motion to table an amendment is carried. Under the Senate rules we had a special rule that excepted motions to table amendments but that did not carry the main question with it, but common parliamentary procedure is that the main question itself is no longer before the body if the motion to table the amendment is carried, and I am not certain whether we operate under Reed's rules or under our former Senate rules on this case."

REPLY BY THE PRESIDENT

The President: "The President's judgment is based on Senate rules and where Senate rules do not comply, Senator Whetzel, we refer to Reed's rules. Where they do not apply we refer to the Henry-Cherberg rules and then when they do not apply, we go to some Arabian tribal council."

"The President has already stated, Senator Whetzel, that in the event the motion to table carries, the main question which is the adoption of the Senate committee amendment will remain before the Senate."

The President declared the question before the Senate to be the motion by Senator Dore to lay upon the table the amendment by Senators Durkan and Dore to the committee amendment to Engrossed Substitute House Bill No. 1185.

ROLL CALL

The Secretary called the roll and the motion by Senator Dore carried by the following vote: Yeas, 27; nays, 21; excused, 1.

Voting yea: Senators Bailey, Beck, Bottiger, Conner, Day, Donohue, Dore, Durkan, Fleming, Francis, Grant, Greive, Herr, Keefe, Mardesich, Marsh, Odegaard, Peterson (Lowell), Rasmussen, Ridder, Sandison, Stortini, Van Hollebeke, von Reichbauer, Walgren, Washington, Woody—27.

Voting nay: Senators Atwood, Canfield, Clarke, Guess, Henry, Jolly, Jones, Knoblauch, Lewis (Harry), Lewis (R. H. "Bob"), Matson, Metcalf, Murray, Peterson (Ted), Scott, Sellar, Talley, Twigg, Wanamaker, Whetzel, Woodall—21.

Excused: Senator Newschwander—1.

The amendment by Senators Durkan and Lewis (Harry) to the committee amendment was laid upon the table.

Senator Dore moved adoption of the following amendment by Senators Dore and Durkan to the committee amendment:

On page 1, beginning on line 17 of the committee amendment, after "percent" strike all material down to and including the period on line 22, and insert: "*and between October 1, 1974 and December 31, 1978, inclusive, six and one-half percent.*"

[c) For timber harvested on or after October 1, 1974, the rate shall be determined and fixed by the first session of the legislature commencing on or after January 1, 1973, whether regular or extraordinary, in accordance with the purposes and intent of RCW 84.33.180;]

POINT OF INQUIRY

Senator Lewis (Harry): "Mr. President, if the majority leader would sit down I would like to ask Senator Durkan a question. As the co-chairman of the Forest Tax Committee, I would be very interested in hearing his remarks on his shift in position to six and one-half percent and then I would like to speak after he explains that issue."

Senator Durkan: "Mr. President and members of the Senate, as chairman of the Senate Ways and Means Committee, my responsibility is not just to pass a timber tax bill. My responsibility is to pass also a budget bill and many other bills that are important to this state. The budget bill which the Republican Party saw fit to sink by being locked in is much more important than any timber tax bill that might pass this state today, tomorrow or next year."

Debate ensued.

Senators Mardesich, Sandison and Lewis (Harry) demanded the previous question and the demand was sustained.

Senator Lewis (Harry) demanded a roll call and the demand was sustained by Senators Atwood, Greive, Woodall, Metcalf, Clarke, Rasmussen, Jones, Wanamaker and Canfield.

The President declared the question before the Senate to be the roll call on adoption of the amendment by Senators Dore and Durkan to the committee amendment.

ROLL CALL

The Secretary called the roll and the amendment to the committee amendment was adopted by the following vote: Yeas, 28; nays, 20; excused, 1.

Voting yea: Senators Bailey, Beck, Bottiger, Connor, Day, Donohue, Dore, Durkan, Fleming, Francis, Grant, Greive, Herr, Jolly, Keefe, Knoblauch, Mardesich, Marsh, Odegaard, Rasmussen, Ridder, Sandison, Stortini, Van Hollebeke, von Reichbauer, Walgren, Washington, Woody—28.

Excused: Senator Newschwander—1.

MOTIONS

Senator Talley moved that further consideration of Engrossed Substitute House Bill No. 1185 be indefinitely postponed.

Debate ensued.

The motion by Senator Talley failed on a voice vote.

Senator Woody moved adoption of the following amendment to the committee amendment:

On page 1, section 1, beginning on line 23 of the Senate committee amendment to Engrossed Substitute House Bill No. 1185, add a new subsection as follows:

"(d) Notwithstanding the provisions of paragraph (c) above, between October 1, 1974 and December 31, 1978, for each individual harvester who shall harvest not more than two hundred thousand board feet within a calendar year, the rate shall be four and one-half percent for the amount harvested: PROVIDED, That the department of revenue may adopt rules and regulations providing for alternate methods of effectively applying the rate provided for in this paragraph, including but not limited to harvest value adjustments."

Debate ensued.

POINT OF INQUIRY

Senator Washington: "Would Senator Woody yield to a question? As I understand, your amendment would provide a separate section to the bill so that if it did get into a constitutional question this paragraph could be stricken and could be severed from the rest of the bill?"

Senator Woody: "That is correct. I am certain that Senator Durkan will again raise the constitutional problem. There may be one."

MOTIONS

On motion of Senator Durkan, the amendment by Senator Woody to the committee amendment was laid upon the table.

On motion of Senator Durkan, the following amendments by Senators Durkan and Lewis (Harry) to the committee amendment were adopted:

On page 7, line 2, after "November" and before ", 1981" strike "10" and insert "[10] 20".

On page 7, line 17, after "1975" and before "shall" insert "*and ending November 20, 1981*".

Senator Durkan moved adoption of the following amendment to the committee amendment:

On page 7, section 2, line 29 of the Senate committee amendment to Engrossed Substitute House Bill No. 1185, after "(4)" strike all the matter down to and including "manner:" on page 8, line 11, and insert the following: "*If, after the transfer, if any, from the state timber tax fund A (pursuant to subsection (2) of this section in August of any year commencing with 1974, the balance in the state timber reserve fund exceeds two million dollars, the amount of the excess shall be applied first, subject to legislative appropriation of funds allocated from the state timber reserve fund, for activities undertaken by the department of revenue forest valuation section and for the activities undertaken by the department of natural resources relating to classification of lands as required by this chapter: PROVIDED, That within the 1973-75 biennium, the state treasurer shall transfer from the state timber reserve fund to the state general fund an amount equal to actual expenditures of the department of revenue related to the activities of the forest valuation section no later than August 31, 1974 and August 31, 1975, for the fiscal year just completed. If the amount of such excess is more than is necessary for reimbursement for*

such purposes, the remaining amount of the excess shall be distributed to the taxing districts which distribution shall be made in the following manner."

Debate ensued.

POINT OF INQUIRY

Senator Greive: "Would Senator Lewis yield to a question? Senator, and I am sincere about this, I just simply – you have told how hard you worked, but I do not know why it is bad."

Senator Lewis (Harry): "Senator Greive, the principal argument is from the Department of Revenue itself. The people there have told me that they will have a great deal of difficulty in the technical administration of this distribution system. And that is the principal argument. Beyond that it is a judgment area, whether you just want to dump the additional money back in.

"Now what we are talking about is we have amendments before us which provide that we are going to add five million dollars out of the reserve fund to be distributed back to local taxing districts. This is to cover inflation. There were objections from the House and from some of you. In addition to that, we are going to add and increase that amount by six percent a year. In addition to that, out of that reserve fund we are going to pay for all the costs involved by the Revenue Department in the administration of the act. In addition to that, we are going to pay all the costs of the study of land evaluation that the Department of Natural Resources will be doing. All of these things come out of the reserve fund. Now this amendment says in addition to that, 'we want eighteen million dollars dumped back in.' Now orderly procedure in the judgment of the Forest Tax Committee recommended that we hold this and be careful because the reserve fund's purpose is to guarantee that no local taxing district will get any less under this excise tax system than it did under the ad valorem. We now know that that will not be the case. We know that the rate is generating substantially more money than we predicted. So in effect what we are doing is reaching into the honey pot and throwing it back in a distribution system which in my judgment is not fair and is not as easy to administer as the Revenue Department's. It is a judgmental thing, Senator Greive. My judgment says no. I hope that you will agree with me."

Further debate ensued.

The motion by Senator Durkan carried and the amendment to the committee amendment was adopted.

On motion of Senator Durkan, the following amendments to the committee amendment were adopted:

On page 8, section 2, line 22 of the Senate committee amendment to Engrossed Substitute House Bill No. 1185, after "*October 15*" strike all the matter down to and including "*(d)*" on line 31 and insert "*;* *(c)*".

"Sec. 3. Section 5, chapter 294, Laws of 1971 ex. sess. as last amended by section 90, chapter 195, Laws of 1973 1st ex. sess. and RCW 84.33.050 are each amended to read as follows:

(1) In preparing the assessment roll as of January 1, 1971 for taxes payable in 1972, the assessor of each timber county shall list all timber within such county on January 1, 1971 at the 1970 timber value. For each year commencing with 1972, the assessor of each

timber county shall prepare a timber roll, which shall be separate and apart from the assessment roll, listing all timber within such county on January 1, 1972 at values determined as follows:

(a) For the five years commencing with 1972, the value shall be the 1970 timber value;

(b) For each succeeding five year period, the first of which commences on January 1, 1977, the value shall be such 1970 timber value increased or decreased in proportion to the percentage change, if any, which has occurred between the last year of the preceding five year period and 1973 in the average stumpage value per unit of measure of all timber harvested in such county. Such percentage change shall be determined by the department of revenue on the basis of information contained in the excise tax returns filed pursuant to RCW 82.04.291.

(2) As used in subsection (1) of this section, "1970 timber value" means the value for timber calculated in the same manner and using the same values and valuation factors actually used by such assessor in determining the value of timber for the January 1, 1970 assessment roll, except that if a revised schedule of such values and valuation factors was applied to some but not all timber in a county for the January 1, 1970 assessment roll, such revised schedule shall be used by the assessor for any timber revalued for the 1971 or 1972 assessment rolls, and except that if the value of timber in any county on January 1, 1970 was not separately determined and shown on such assessment roll, 1970 timber value shall mean the value reconstructed from available records and information in accordance with rules to be prescribed by the department of revenue.

(3) The assessor of each timber county shall add to the assessment roll showing values of property as of January 1 of the years listed below, an "assessed valuation" of the portion, indicated below opposite each such year, of the value of timber as shown on the timber roll for such year. Such assessed valuation shall be calculated by multiplying such portion of the timber roll by the assessment ratio applied generally by such assessor in computing the assessed valuation of other property in his county. The dollar rates, calculated pursuant to RCW 84.33.060 for each taxing district within which there was timber on January 1 of such year, shall be extended against such "assessed valuation" of timber within such district as well as against the assessed value of all other property within such district as shown on such assessment roll.

YEAR	PORTION OF TIMBER ROLL
1972	75%
1973	45%
1974 and thereafter	None

(4) Timber may be added to the timber roll, at the value specified in subsection (1) of this section, commencing as of January 1 following the designation of the land upon which such timber stands pursuant to subsection (3) of RCW 84.33.120 or 84.33.130, but only if the value of such timber was not separately determined and shown on the assessment roll as of either January 1, 1970 or January 1, 1972 [;].

(5) Timber may be added to the timber roll, at the value specified in subsection (1) of this section, commencing as of January 1st following the sale or transfer of the land upon which such timber stands from an ownership in which such land was exempt from ad valorem taxation to an ownership in which such land is no longer exempt.

(6) The value of timber shall be deleted from the timber roll upon the sale or transfer of the land upon which such timber stands to an ownership in which such land is exempt from ad valorem taxation.

(7) *A county may correct their timber inventory subject to the approval and under the direction of the department of revenue: PROVIDED, That the program is undertaken at county expense; AND PROVIDED FURTHER, That all corrected inventories be completed by December 31, 1975. A corrected inventory shall consist of the existing timber inventory minus all inventory removed since the date of last deletion from inventory plus all new inventory that can be substantiated and certified by the department of revenue: PROVIDED, That such new inventory is adjusted to 1970 values."*

Membership in the retirement system shall consist of all regularly compensated employees and appointive and elective officials of employers as defined in this chapter who have served at least six months without interruption or who are employed, appointed or elected on or after July 1, 1965, with the following exceptions:

(1) Persons in eligible positions;

(2) Employees of the legislature except the officers thereof elected by the members of the senate and the house and legislative committees, unless membership of such employees be authorized by the said committee;

(3) Persons holding elective offices or persons appointed directly by the governor: PROVIDED, That such persons shall have the option of applying for membership and to be accepted by the action of the retirement board, such application for those taking elective office for the first time after May 21, 1971 shall be submitted within eight years of the beginning of their initial term of office; AND PROVIDED FURTHER, That any such persons previously denied service credit because of any prior laws excluding membership which have subsequently been repealed, shall nevertheless be allowed to recover or regain such service credit denied or lost because of the previous lack of authority; AND PROVIDED FURTHER, That any persons holding elective offices or persons appointed by the governor who are members in the retirement system and who have, prior to becoming such members, previously held an elective office, and did not at the start of such initial or successive terms of office exercise their option to become members, may apply for membership and be accepted by action of the retirement board, to be effective during such term or terms of office, and shall be allowed to recover or regain the service credit applicable to such term or terms of office upon payment of the employee contributions therefor by the employee and employer contributions therefor by the employer or employee; AND PROVIDED FURTHER, That any person who was an elected official eligible to apply for membership pursuant to this subsection, who failed to exercise that option while holding such elected office and who is now a member of the retirement system, shall have the option to recover service credit for such elected service upon payment to the retirement system of the employee and employer contributions which would have been made had the person been a member during the period of such elective service;

(4) Employees holding membership in, or receiving pension benefits under, any retirement plan operated wholly or in part by an agency of the state or political subdivision thereof, or who are by reason of their current employment contributing to or otherwise establishing the right to receive benefits from any such retirement plan: PROVIDED, HOWEVER, In any case where the state employees' retirement system has in existence an agreement with another retirement system in connection with exchange of service credit or an agreement whereby members can retain service credit in more than one system, such an employee shall be allowed membership rights should the agreement so provide; AND PROVIDED FURTHER, That an employee shall be allowed membership if otherwise eligible while receiving survivor's benefits as secondary payee under the optional retirement allowances as provided by RCW 41.40.190 or 41.40.185;

(5) Patient and inmate help in state charitable, penal and correctional institutions;

(6) "Members" of a state veterans' home or state soldiers' home;

(7) Persons employed by an institution of higher learning or community college, primarily as an incident to and in furtherance of their education or training, or the education or training of a spouse;

(12) Persons hired in eligible positions on a temporary basis for a period not to exceed six months: PROVIDED, That if such employees are employed for more than six months in an eligible position they shall become members of the system.

(13) Persons employed by or appointed or elected as an official of a first class city that has its own retirement system: PROVIDED, That any member elected or appointed to

an elective office on or after April 1, 1971 shall have the option of continuing his membership in this system in lieu of becoming a member of the city system. A member who so elects to maintain his membership shall make his contributions and the city shall pay the employer contributions at the rates prescribed by this chapter. The city shall also transfer to this system all of such member's accumulated contributions together with such further amounts as necessary to equal all employee and employer contributions which would have been paid into this system on account of such service with the city and thereupon the member shall be granted credit for all such service. Any city that becomes an employer as defined in RCW 41.40.010 (4) as the result of an individual's election under the first proviso of this subsection shall not be required to have all employees covered for retirement under the provisions of this chapter. Nothing in this subsection shall prohibit a city of the first class with its own retirement system from transferring all of its current employees to the retirement system established under this chapter.

Notwithstanding any other provision of this chapter, persons transferring from employment with a first class city of over five hundred thousand population that has its own retirement system to employment with the state department of agriculture may elect to remain within the retirement system of such city and the state shall pay the employer contributions for such persons at like rates as prescribed for employers of other members of such system."

Renumber the remaining sections consecutively.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Fleming yield to a question? I see nothing wrong with the amendment, Senator, but this is in effect the Uhlman amendment in reverse, where they passed a law saying that an elected mayor of the city of Seattle could still stay in the state retirement system and the city would have to pay his portion. REPLY BY THE PRESIDENT

The President: "The Senate is not operating under the Senate rules, Senator. It is operating under majority rule."

REMARKS BY SENATOR DORE

Senator Dore: "I understand that, but I have raised a point of order. I would appreciate it if you would rule on my point of order."

RULING BY THE PRESIDENT

The President: "The President ruled, Senator, that the majority of the members may do as they wish."

REMARKS BY SENATOR GREIVE

Senator Greive: "It would seem to me that somewhere you should be able to find some precedent for that. Reed's rules only permits it once. Roberts only permits it once. Ours only permits it once. I wonder, either there are no rules or you have just concocted a new rule."

REMARKS BY SENATOR DAY

Senator Day: "I believe in the front of Reed's it says in the absence of rules and until they are adopted that the majority rules."

REMARKS BY SENATOR GREIVE

Senator Greive: "In answer to Senator Day, Reed, Roberts, all but codifications of the law as parliament handed down from the time of England and in the absence of any rule, you follow that which has been precedent. I would also strongly suggest to the Governor

that the precedent has been that we do not permit a reconsideration more than once and we have followed that precedent, if I am not mistaken, since the advent of the special session last January.”

REMARKS BY SENATOR DURKAN

Senator Durkan: “As I understand, the President has ruled.”

REPLY BY THE PRESIDENT

The President: “Yes, Senator Durkan.”

PARLIAMENTARY INQUIRY

Senator Dore: “In light of your ruling then, I assume that if the action is changed, if I am on the prevailing side, then I can again give notice of reconsideration and we can go on indefinitely having two, three, four or ten motions of reconsideration. When will final action ever be consummated under such a ruling that you have made?”

REMARKS BY SENATOR MARDESICH

Senator Mardesich: “The answer is, of course, that while the bill is before you, you may do as you wish. Once having transferred the bill to the House, you no longer can. A motion then is in order to transmit.”

PARLIAMENTARY INQUIRY

Senator Woodall: “I would like to inquire of the Secretary through you, was not a message sent to the House advising them that we had failed to concur and ask them to recede therefrom?”

REPLY BY THE PRESIDENT

The President: “The Secretary advises that such a message was not sent, Senator Woodall.”

PARLIAMENTARY INQUIRY

Senator Woodall: “Has it not always been a rule that, failing to concur, a rejection of concurrence is an automatic request of the other body to withdraw?”

REPLY BY THE PRESIDENT

The President: “Such a message was being prepared, Senator Woodall, but has not been completed.”

POINT OF INFORMATION

Senator Dore: “Is there some reason why the message was not completed?”

REPLY BY THE PRESIDENT

The President: “It has been a very, very busy day, Senator.”

REMARKS BY SENATOR CLARKE

Senator Clarke: “Mr. President and members of the Senate, I would suggest to the body that we are here facing a situation which I think could create a very dangerous

precedent. Unless we have some finality in any of the actions that we take here, and I am addressing this not to the President, because I think the President made a correct ruling that perhaps the majority of the body may do anything that it deems proper. But if we adopt a precedent without rules, and we have been operating without rules more or less as a regular thing instead of what we normally do is to adopt rules and abide by them, and we have gotten along pretty well because, by and large, we have followed the general rules of parliamentary procedure. But I would suggest to the body that they think very carefully before they create a precedent which in substance is contrary as far as I know to any and all rules of parliamentary procedure. Now I think that we can justly be criticized as supposedly a parliamentary body to proceed in this completely irresponsible manner. It means that when we take votes they do not mean anything because we can change our minds. Now any judicial body must have a degree of finality. And if we do not act with some responsibility around here I think we are just completely losing stature. So while I will agree as far as the President is concerned that in the absence of rules he of necessity is bound by the proposition that the body can do whatever it may deem it wants to do. But the body is where the responsibility should rest and if we are going to operate in this type of a manner, we are just in a shambles."

REMARKS BY SENATOR FRANCIS

Senator Francis: "Mr. President, I would certainly agree with Senator Clarke that next January we should adopt rules and I am going to vote with him to adopt rules. In the meantime, I think the responsible thing is to proceed with what we are doing here and I think it is the only responsible thing we can do."

PARLIAMENTARY INQUIRY

Senator Van Hollebeke: "Mr. President, this is just a point of parliamentary inquiry. Did we have a ruling earlier this evening on another issue that we were following both the old Senate rules and Reed's rules where the Senate rules do not fill in? Didn't we? On another issue? I thought that was it. I am asking. I remember we did get to the Arabian rules, yes, Senator Jones. I think that was an Arabian tribal council as I recall, yes. I am asking if there was a ruling then and if we are being inconsistent now if the Chair rules otherwise."

RULING BY THE PRESIDENT

The President: "The President considers Senator Woody's motion in a sense a suspension of the rules under which we have been conducting the Senate. It seems as if the majority of the members wish to reconsider the vote, that is their privilege."

PERSONAL PRIVILEGE

Senator Dore: "I would just like to kind of join with Senator Clarke in his comments. Of course, Reed's rules, like Roberts, presupposes there are no rules but there are some lines of order set forth, and on page 132 of Reed's rules it reads, 'A question can be reconsidered but once, but if on reconsideration amendment has been made making a substantial change, a second reconsideration can be had. A vote on reconsideration cannot be reconsidered.' Very clearly it says that. That is based on no rules. That is just good parliamentary procedure and I think if that is not the ruling of the Chair, we might as well throw the books away. They really do not mean anything."

RULING BY THE PRESIDENT

The President: "The President really thinks not, Senator. The Senate has been conducting its business by majority rule. The President is quite familiar with what Reed's says. In answer to your earlier inquiry, if motions are of a dilatory nature, the President will disregard them because, after all, it is the President's responsibility to see that business is

conducted in an orderly procedure. Senator Woody's motion has been recognized and has been announced. The President rules that it is in order. If the members wish to overrule the President, that is certainly their privilege."

REMARKS BY SENATOR WOODALL

Senator Woodall: "I concur in the remarks of Senator Clarke so far as the way you have ruled, but I would like further inquiry. Can we keep this up until midnight, assuming that this next motion to reconsider fails? Will a fourth time be in order and a fifth time be in order after that? And can we keep voting on this one measure until midnight?"

RULING BY THE PRESIDENT

The President: "The President should also like to point out that the Senate in its wisdom has already voted on the question of whether or not to reconsider. The majority has decided that by voice vote. The Senate itself decided to reconsider the vote by which the motion was originally lost; therefore, the point is not timely."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Mr. President, I move that that motion be laid upon the table."

REPLY BY THE PRESIDENT

The President: "It has already been acted upon and carried, Senator."

Senator Rasmussen: "We are to reconsider?"

The President: "The question before the Senate is the motion by Senator Woody to concur in the House amendments to Engrossed Substitute Senate Bill No. 3253."

Senator Dore demanded a roll call and the demand was sustained by Senators Canfield, Atwood, Rasmussen, Jones, Ridder, Clarke, Wanamaker, Van Hollebeke and Lewis (R. H. "Bob").

The President declared the question before the Senate to be the motion by Senator Woody that the Senate, on reconsideration, concur in the House amendments to Engrossed Substitute Senate Bill No. 3253.

ROLL CALL

The Secretary called the roll and the Senate concurred in the House amendments, on reconsideration, to Engrossed Substitute Senate Bill No. 3253, by the following vote: Yeas, 25; nays, 23; excused, 1.

Voting nay: Senators Atwood, Beck, Canfield, Clarke, Dore, Greive, Guess, Jones, Lewis (Harry), Lewis (R. H. "Bob"), Matson, Metcalf, Murray, Peterson (Ted), Rasmussen, Scott, Sellar, Talley, Twigg, Van Hollebeke, Wanamaker, Whetzel, Woodall—23.

Excused: Senator Newschwander—1.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute Senate Bill No. 3253, as amended by the House.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 3253, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 26; nays, 22; excused, 1.

Voting yea: Senators Bailey, Bottiger, Connor, Day, Donohue, Durkan, Fleming, Francis, Grant, Henry, Herr, Jolly, Keefe, Knoblauch, Mardesich, Marsh, Odegaard, Peterson

(Lowell), Ridder, Sandison, Stortini, Van Hollebeke, von Reichbauer, Walgren, Washington, Woody—26.

Voting nay: Senators Atwood, Beck, Canfield, Clarke, Dore, Greive, Guess, Jones, Lewis (Harry), Lewis (R. H. "Bob"), Matson, Metcalf, Murray, Peterson (Ted), Rasmussen, Scott, Sellar, Talley, Twigg, Wanamaker, Whetzel, Woodall—22.

Excused: Senator Newschwander—1.

ENGROSSED SUBSTITUTE SENATE BILL NO. 3253, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Mardesich, Engrossed Substitute Senate Bill No. 3253, as amended by the House, was ordered immediately transmitted to the House.

PERSONAL PRIVILEGE

Senator Mardesich: "Simply as a matter of clarification, I should like to quote from Reed's rules, Rule 23: 'Rule of the Majority.—Unless by organic law or by virtue of rules adopted by an assembly, the number required for an affirmative decision is increased above a majority, the majority rules. The general principal of decision is the natural one that the majority shall govern. Any increase in the requirement is, of course, in the interest of conservatism.'"

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of House Bill No. 1407.

SECOND READING

HOUSE BILL NO. 1407, by Representatives Sommers and Randall:

Defining "adopted child" for purposes of the inheritance land gift tax laws.

The bill was read the second time by sections.

Senator Whetzel moved adoption of the following amendment:

On page 2, section 1, line 16, after "adoption" and before the period insert "": PROVIDED, That all adopted stepchildren and adopted lineal descendants of a grandparent or of a brother, or sister of the spouse of any adopting party qualify as an "adopted child" for the purposes of this section, regardless of their age on date of adoption".

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Whetzel yield to a question? Senator Whetzel, what would be the difference in the rate between a class A recipient and the rate that would be paid by, and I presume that you are talking bloodline on this nephew or niece business, what is the difference in the rates?"

Senator Whetzel: "It is a sliding scale, as you know, Senator. It is in the bill. Initially there is the exemption and the A rates are — there is five thousand dollars for each person in the A class and it starts at one percent on twenty-five thousand dollars, goes up in increments of about a percent per twenty-five thousand dollars. In most cases these people — if they are not adopted — they would be in the C class which does not have an exemption and starts at ten percent at ten thousand dollars. So it is quite a substantial difference on even a very modest estate."

Senator Rasmussen: "That is my question, Senator Whetzel. Your amendment, as I understand it, would allow for instance, if I were your nephew and fifty years from now

when you have five hundred million instead of the hundred million you have now, you decide to adopt me. . . .”

Senator Whetzel: “You did not read my F-1 report, Senator.”

Senator Rasmussen: “I read the part that you did not file. My question is this, you decide at that time that you have done enough on earth and you are going to depart this vale and you decide to adopt me, and I am in a class. . . .”

Senator Whetzel: “That would never happen.”

Senator Rasmussen: “Senator Woodall, would you give him his binoculars back? This is a serious question. What you are doing, Senator Whetzel, is putting this nephew or niece in the class, as a class C recipient where the tax rate would be much higher, and let me assure you that this is, as I heard the testimony up in the Ways and Means Committee, this was exactly what the reason was for tightening it up, so that they could not decide that they did not need their money any more and they were going to pass it on. They were going to pass it on in the cheapest way possible. And that is what you are doing with your amendment. Well, it takes relatives far removed, yes, and makes them eligible for the lower tax rate and it is quite a bit lower. That is my question. Up in the Ways and Means Committee this was exactly why they were proposing this change and now he is loosening it up, I believe.”

Senator Whetzel: “In response, Senator Rasmussen, you know we have debated, you and I, on rules and regulations of departments and you have been for legislative review of them because you do not like the rules and regulations. You think they are too tough. Now this is a case where I differ with you. I think when you take a broad sweeping provision taking out of this all adopted children over eighteen, there just are some situations of hardship, of situations that I think everyone in this body would think should be entitled to a better treatment and that is what my amendment is trying to do is to alleviate from a rather broad sweeping provision situations that I think each of us know about that we would like to have treated in a more equitable manner.”

POINT OF INQUIRY

Senator Woodall: “Will Senator Whetzel further yield? I will admit that I have not read the bill. I am interested in this question though. Are there guidelines as to how long someone has to be in a home before you are entitled to consider him as a son or a daughter or anything of that nature?”

Senator Whetzel: “No.”

Senator Woodall: “So there are no guidelines. So then each case you would be trying to prove to George Kinnear that under this certain set of circumstances a child that was not yours either by nature or by adoption. . . .”

Senator Whetzel: “No, they would have to be adopted. All have to be adopted, Senator. As the law is now you can apparently adopt anyone, even someone who is not a blood relative, and anyone you adopt, for example, if you wanted to adopt Senator Twigg, he could then inherit as your son and be a class A beneficiary. That is what the law is today. This bill changes that situation so that regardless, if you adopted Senator Twigg when he was under eighteen, he could inherit as class A under this bill. You cannot adopt adults, and what I am saying is that there are certain circumstances where people raise close relatives in their homes. They never consider adopting them because they are related and they do not feel the necessity to do it and they overlook that and they come along too late and they want them to inherit as their child and there is a way open now in the law and I am trying to leave that open a little bit for those close relatives and get rid, as the bill is trying to do, of adopting people who are not related who are adults.”

Senator Woodall: “I understand. You said all that before, but my question is, as I understood Senator Clarke in supporting you as saying there were some people who forgot to adopt and that therefore under this bill they could be considered as a child even though they were not your child, natural or adopted. Is not that what you are saying under this bill?”

Senator Whetzel: “Only if they are adopted before they are eighteen. After eighteen then you could adopt them but they would, unless they were your children, actual children, they would have to be treated as a different class of beneficiary.”

Senator Woodall: "Now I am confused because Senator Clarke said that there were some hardship cases where, by your amendment, they would be entitled to be treated as children even though they were not adopted."

Senator Whetzel: "That is the purpose of my amendment, to give a limited class that treatment of those who are adopted under eighteen if they are adopted over eighteen."

Senator Woodall: "In other words, now we are back again to the other thing I asked. Under your amendment, the so-called hardship amendment or the person who forgot to adopt, are there guidelines as to what the person had to do or how long they had to be in the home?"

Senator Whetzel: "No, there are not in that respect, Senator. There are in terms of relationship to the adopting party."

Senator Woodall: "What relationship do they have to be?"

Senator Whetzel: "They have to be adopted stepchildren, adopted lineal descendants of a grandparent or of a brother or a sister of a spouse of any adopting party."

Senator Woodall: "Now you are telling me they have to be adopted. Senator Clarke says there are some hardship cases where they do not have to be adopted."

Senator Whetzel: "No, they must all be adopted. The question is the age at which they are adopted, Senator."

Senator Woodall: "Then is yours tightening or liberalizing?"

Senator Whetzel: "It is liberalizing. The overall bill is tightening. My amendment is liberalizing the tightening. Now is that clear?"

Senator Woodall: "No. It is loosening. . . ."

Senator Whetzel: "This is like reducing the reversion?"

Senator Woodall: "Yes. As you now have it, all adopted stepchildren and adopted lineal descendants of any grandparent or brother or sister of spouse of any adopting party qualify as an adopted child for the purposes of this section regardless of their ages on date. So you could adopt a nephew late in life."

Senator Whetzel: "After he is eighteen."

Senator Woodall: "Yes. And the bill tightens it as to adopting other people?"

Senator Whetzel: "That is correct."

Senator Woodall: "But you are leaving a threshold here for those of this degree of relationship to do it later?"

Senator Whetzel: "That is correct."

Senator Woodall: "All right. Thank you."

Further debate ensued.

POINT OF INQUIRY

Senator Dore: "Would Senator Whetzel yield? I listened very carefully to debate. It is late at night and I did not go back into it, but does your bill provide that they do not have to adopt or does the adoption have to be consummated before the death?"

Senator Whetzel: "They do have to adopt, but what I am saying is you do not have to adopt by the age of eighteen because I am afraid some of these people may not have lawyers as able as Senator Bottiger and Senator Woodall, or they may not have lawyers at all and may not know about this provision in the law and maybe defer and only consider this problem later in life and then wish they had adopted and find out that they cannot."

Senator Dore: "Is the present law eighteen years old? Is that the delineation?"

Senator Whetzel: "The present law has no limit. Any adopted child is entitled to the class A rates."

Senator Dore: "Regardless of age?"

Senator Whetzel: "Regardless of age, regardless of the time. . . ."

Senator Dore: "I do not understand your change. That is what I do not get."

Senator Whetzel: "The bill limits that to adoption of persons prior to the time they reach the age of eighteen, so anyone who is adopted after that age would not be eligible for treatment under the inheritance tax laws."

Senator Dore: "Then you except out those close relations. Is that the idea?"

Senator Whetzel: "Even though under the laws of intestacy they would be entitled to

inherit as children and in fact you would have to make some provision for them in the will, they are still not entitled under the inheritance tax laws to be treated as children.”

The motion by Senator Whetzel failed and the amendment was not adopted.

There being no objection, the amendment by Senator Whetzel to page 3, section 2, line 16 on the Secretary's desk was withdrawn.

On motion of Senator Donohue, House Bill No. 1407 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

MOTION

On motion of Senator Whetzel, House Bill No. 1407 was re-referred to the Senate Committee on Ways and Means.

PERSONAL PRIVILEGE

Senator Peterson (Lowell): “I just wanted to tell the body that the can of salmon that is on your desk is in appreciation for the vote by which Senate Bill No. 2940 passed this body for the second or third time, and even those of you who might have made a fishy vote against it, perhaps if you would listen to Senator Ted Peterson over there and myself and followed us around for the last five years working the mechanics of this thing we might even have had a unanimous vote.”

MOTION FOR RECONSIDERATION

Senator Lewis (Harry) having served notice, Senator Mardesich moved that the Senate now reconsider the vote by which Engrossed Second Substitute House Bill No. 1185, as amended by the Senate, passed the Senate.

Senator Bottiger demanded a roll call and the demand was sustained by Senators Sandison, Durkan, Washington, Connor, Stortini, Talley, Rasmussen, Metcalf and Woody.

POINT OF INQUIRY

Senator Lewis (Harry): “I wonder if Senator Durkan would yield to a question? Senator Durkan, it would be my purpose, if I could gain your support, to make a motion to reconsider the vote on the rate portion of the bill which is six and one-half. It would be my purpose then if we could reconsider and defeat that to put a six percent rate in. This is my purpose but I do not want to take a lot of the time of the Senate. Would you support me in such a motion and help me try to reach that point so that the Senate could reconsider the vote on the rate portion of the bill?”

Senator Durkan: “Senator Lewis, my vote on reconsideration will be ‘no’.”

PARLIAMENTARY INQUIRY

Senator Woody: “We are now voting on whether or not to reconsider the vote and an ‘aye’ vote is to reconsider the vote and a ‘nay’ vote is not to reconsider the vote?”

REPLY BY THE PRESIDENT

The President: “Yes, Senator.”

The President declared the question before the Senate to be the motion by Senator Mardesich to reconsider the vote by which the Senate passed Engrossed Second Substitute House Bill No. 1185, as amended by the Senate.

ROLL CALL ON MOTION FOR RECONSIDERATION

The Secretary called the roll and the motion for reconsideration by Senator Mardesich failed by the following vote: Yeas, 19; nays, 29; excused, 1.

Voting yea: Senators Atwood, Canfield, Clarke, Guess, Jones, Lewis (Harry), Lewis (R. H. "Bob"), Matson, Metcalf, Murray, Peterson (Lowell), Peterson (Ted), Scott, Sellar, Talley, Twigg, Wanamaker, Whetzel, Woodall—19.

Voting nay: Senators Bailey, Beck, Bottiger, Connor, Day, Donohue, Dore, Durkan, Fleming, Francis, Grant, Greive, Henry, Herr, Jolly, Keefe, Knoblauch, Mardesich, Marsh, Odegaard, Rasmussen, Ridder, Sandison, Stortini, Van Hollebeke, von Reichbauer, Walgren, Washington, Woody—29.

Excused: Senator Newschwander—1.

MOTION

On motion of Senator Mardesich, Engrossed Second Substitute House Bill No. 1185, as amended by the Senate, was ordered immediately transmitted to the House.

SPECIAL ORDER OF BUSINESS

SECOND READING

SENATE BILL NO. 3220, by Senators Donohue and Odegaard:

Making an appropriation for the operation of state government.

The time having arrived, the Senate commenced consideration of Senate Bill No. 3220. The bill was read the second time by sections.

Senator Durkan moved adoption of the following amendment:

On page 1 strike everything after the enacting clause and insert the following:

NEW SECTION. Section 1. Out of the appropriation to be distributed on the basis of \$30 per FTE pupil (or as much as may be available for each FTE enrolled pupil) under section 33, page 51, of Reengrossed Substitute Senate Bill No. 3253 (chapter . . . , Laws of 1974 1st ex. sess.), not more than \$9,500,000 of such appropriation to be distributed on such per FTE pupil basis shall be used for insurance benefits as provided by law, effective July 1, 1974, for each eligible certificated and classified employee in the district an additional monthly contribution of \$15 per employee to employee insurance programs, and it is the intent of the legislature that as to the remainder of such funds to be distributed to those districts levying an excess levy for maintenance and operation purposes for 1975 collection, first priority in the use thereof shall be for the purpose of special levy relief in such districts.

NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

POINT OF INQUIRY

Senator Woodall: "Would Senator Durkan yield? Have you had a study or a legal opinion that we can appropriate the money on a different basis based upon whether it carried, did not carry, or they did not try to put one on?"

Senator Durkan: "Senator Woodall, yes, it seems that this is a reasonable classification as far as the appropriation is concerned. It is a matter of opinion, but those who are experts in it from the Superintendent's office to others that we have consulted, including our staff, see no difficulty with this language on the manner of the appropriation."

POINT OF INQUIRY

Senator Atwood: "Would Senator Durkan yield? Senator Durkan, I take it that you wish to mandate the fifteen dollars. That is one of the parts of this particular thing."

Senator Durkan: "That is the purpose of the proviso, yes."

Senator Atwood: "Did you discuss with the House why they did not do that in this?"

Senator Durkan: "I think, Senator, they thought that they had done it in their proviso and I am sure you read it the way that it read that the rollback provision of the proviso would not have left any moneys available for the health care premium insurance benefit."

Senator Atwood: "Thank you, Senator Durkan."

The motion by Senator Durkan carried and the amendment was adopted.

On motion of Senator Durkan, Engrossed Senate Bill No. 3220 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of the House Message on Substitute Senate Bill No. 3194.

MESSAGE FROM THE HOUSE

April 23, 1974.

Mr. President: The House has passed SUBSTITUTE SENATE BILL NO. 3194, with the following amendments:

On page 1, line 9 of the title after "41.26.260;" and before "and" insert the following: "repealing section 17, chapter 257, Laws of 1971 1st ex. sess. and RCW 41.16.146; repealing section 18, chapter 257, Laws of 1971 1st ex. sess. and RCW 41.18.105;"

On page 1 strike everything after the enacting clause and insert the following:

"Section 1. Section 38, chapter 209, Laws of 1969 ex. sess. as amended by section 3, chapter 37, Laws of 1970 ex. sess. and RCW 41.16.145 are each amended to read as follows:

The amount of all benefits payable under the provisions of RCW 41.16.080, 41.16.120, 41.16.130 and 41.16.140 as now or hereafter amended, shall be increased annually as hereafter in this section provided. [The present benefits payable under RCW 41.16.080, 41.16.120, 41.16.130 and 41.16.140 on July 1, 1969 shall be increased two percent each year using as a basis for such two percent increase, the amount of present benefit payable and not the amount of the future benefit payable which will hereafter be increased by the provisions of this section.] *The local pension board shall meet subsequent to March 31st but prior to June 30th of each year for the purposes of adjusting benefit allowances payable pursuant to the aforementioned sections. The local board shall determine the percentage increase in the consumer price index between January 1st and December 31st of the previous year and increase in dollar amount the benefits payable subsequent to July 1st of the year in which said board makes such determination by a dollar amount proportionate to the increase in the consumer price index: PROVIDED, That regardless of the change in the consumer price index, such increase shall be at least two percent each year such adjustment is made.*

[As to each person receiving such benefits on or after July 1, 1969, said increases shall take effect as of July 1st, of the first year when such benefits have heretofore or shall hereafter become payable.] Each year effective with the July payment all benefits specified herein, shall be increased [two percent as authorized] by this section. This benefit increase shall be paid monthly as part of the regular pension payment and shall be cumulative [but shall not be compounded]. The increased benefits authorized by this section shall not affect any benefit payable under the provisions of chapter 41.16 RCW in which the benefit payment is attached to a current salary of the rank held at time of retirement.

For the purpose of this section the term "Consumer price index" shall mean, for any calendar year, the average consumer price index for the Seattle, Washington area as compiled by the bureau of labor statistics of the United States department of labor.

Sec. 2. Section 33, chapter 209, Laws of 1969 ex. sess. as amended by section 1, chapter 37, Laws of 1970 ex. sess. and RCW 41.18.104 are each amended to read as follows:

MESSAGE FROM THE HOUSE

April 20, 1974.

On page 1, section 2, line 17, strike "of one-half".

On page 2, section 2, line 3, strike "one-half of".

On page 3, section 5, line 8, strike "one-half of".

On page 3, section 5, line 8, after "appropriation" insert ",".

On page 3, section 5, line 29, strike "one-half of", and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

MOTIONS

Senator Rasmussen moved that the Senate do not concur in the House amendments to Engrossed Substitute Senate Bill No. 3146.

Senator Whetzel moved that the Senate do concur in the House amendments to Engrossed Substitute Senate Bill No. 3146.

Debate ensued.

POINT OF INQUIRY

Senator Metcalf: "Will Senator Whetzel yield to a question? You mentioned that some of the state agencies already were building the one percent into their calculations. Now is this without authorization?"

Senator Whetzel: "They are doing it when we appropriate money. They brought the project to the legislature and said, you know, this is what they are going to do. In effect, yes, it is authorized in their budget, it is part of their construction budget. The Highway Department has done that. Some of the projects under the State Capitol Committee and some of the colleges are doing it."

Senator Metcalf: "Thank you, Senator Whetzel. I just believe that one of the complaints that we hear is the excess of cost and perhaps the artistic accouterments in the buildings and I think maybe one-half of one percent is probably good enough. I wonder what would happen if we put this half of one percent up to a vote of the people. I am not so sure that they would go along with one percent."

POINT OF INQUIRY

Senator Canfield: "Will Senator Whetzel yield? Senator, did you say that the cost would be from zero to one percent on the sliding scale or a mandatory one or what?"

Senator Whetzel: "We are setting it in this bill as in effect the agency will have a policy of one percent. When it comes before you, this does not bind the Appropriations Committee, of course, and when we make an appropriation for Evergreen or someplace and we want to cut it back as we did on the new state office building under construction we can say zero."

Senator Canfield: "You would control it through the appropriation then?"

Senator Whetzel: "Yes. What this bill does besides in effect establishing in general what the policy will be so we will have some uniformity under the departments, it provides for the administration of it, how it is going to be handled, what is included in the one percent. We have taken all of the administrative costs out of the one percent and we have also provided that if the bid comes in less than the appropriation, under ninety percent, the one percent would be reduced pro rata so there are a number of safeguards built in here in addition to legislative supervision."

Senator Canfield: "Mr. President and members of the body, I like art. As I look at this building I often wish that we had some of these blank walls covered with appropriate murals, but in spite of that I am not sure just what we mean by art. Now I have been to the capitals of various states and I have seen some very lovely paintings in the corridors and the rotundas setting forth the beauties and resources of a state. I think that is very fine and very attractive, but when I go down to some of our buildings like one down here, across Capitol Way, I think that alleged work of art is a monstrosity. I have seen some other works of art that if they are works of art, then I am George Washington. Now I saw a work of art at the Puyallup Fair. All it was was a black square. I painted them when I was about five years old and I do not call that a work of art. One of them had a piece of a bed spring and a piece of horse manure framed and that is art. Now if they want to call that art all right, but I do not say that it should be at public expense. Now I think it would be fine to have works of art in public buildings and I do not mean to belittle art, because I like art. I like music, I like drama, I like most of these cultural things, but to make it mandatory and to be halted only by withholding appropriations, I think, is the wrong process."

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "I would like to ask of someone, are we by this measure giving to any group of people the power to decide what paintings are ultimately put inside this building?"

Senator Whetzel: "No, Senator, this only applies to the original construction of new buildings so we will have to wrestle through this problem ourselves without any help from this bill."

Further debate ensued.

POINT OF INQUIRY

Senator Talley: "I would like to ask Bob Lewis one question. Senator Lewis, would you yield? Senator Lewis, in the interest of art and the necessities, is it true that in Expo '74 they forgot to build any lavatories?"

Senator Lewis (R. H. "Bob"): "I told you I was not qualified to debate art with you. Or even lavatories."

MOTIONS

On motion of Senator Whetzel, the question was divided.

Senator Whetzel moved that the Senate concur in the House amendments to page 1, line 17; page 2, line 3; page 3, line 8 and page 3, line 29.

POINT OF INQUIRY

Senator Washington: "Would Senator Whetzel yield? Does this mean it is up to one percent? It is not a maximum of one percent. I believe this is the ceiling, is it not?"

Senator Whetzel: "It is specified as an amount of one percent of the appropriation. The purpose of this is that quite frequently, in fact all too frequently, in capital construction of state buildings under the tight cost squeeze, when it gets around to the things that have made this particular capitol building one of the most attractive ones in America like the bronze urns outside in the great areaway there and some of the statues and the fountain that is on this particular campus, those things get left out and cut out and that is the reason why it is put in here, so that they would consider that, unless of course, the legislature decided when they appropriated the money otherwise."

The motion by Senator Whetzel failed.

MOTION

Senator Rasmussen moved that the Senate do not concur in the House amendments to Engrossed Substitute Senate Bill No. 3146, and ask the House to recede therefrom.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Is it true that you serve on the Capitol Committee?"

REPLY BY THE PRESIDENT

The President: "Yes, Senator Rasmussen."

POINT OF INFORMATION

Senator Rasmussen: "And is it true that you can recognize true works of art, as Senator Whetzel has said?"

REPLY BY THE PRESIDENT

The President: "The President once took a course in the history of renaissance art from Professor Lucas of the University of Washington."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Mr. President, that satisfies me and I still move nonconurrence on the House amendments. I would think you would serve very well on that committee."

The motion by Senator Rasmussen carried and the Senate refused to concur in the

House amendments to Engrossed Substitute Senate Bill No. 3146, and asks the House to recede therefrom.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of the House Message on Engrossed Third Substitute House Bill No. 1274.

MESSAGE FROM THE HOUSE

April 23, 1974.

Mr. President: The House has passed ENGROSSED THIRD SUBSTITUTE HOUSE BILL NO. 1274, and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

INTRODUCTION AND FIRST READING

ENGROSSED THIRD SUBSTITUTE HOUSE BILL NO. 1274, by Committee on Education (originally sponsored by Committee on Education):
Implementing teachers' retirement act.

MOTIONS

On motion of Senator Mardesich, Engrossed Third Substitute House Bill No. 1274 was advanced to second reading and read the second time in full.

On motion of Senator Durkan, Engrossed Third Substitute House Bill No. 1274 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Canfield: "Would Senator Durkan yield? Senator, has this the approval of the Pension Commission?"

Senator Durkan: "This was submitted to the Pension Commission, Senator. I have had no adverse comment from the Pension Committee on the bill. Senator Odegaard has told me that it has been approved by the Pension Commission."

Senator Canfield: "I do not have any objection to the bill per se, but I am much concerned that these various pension and retirement bills shall all be cleared through the Pension Commission and that is what I wanted to be assured of."

Senator Durkan: "It was cleared, as Senator Odegaard pointed out."

Senator Canfield: "Thank you, Senator."

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Durkan yield to a question? Senator Durkan, I have not had a chance to study this bill. What is the fiscal impact?"

Senator Durkan: "We put in the budget two point two million dollars, Senator, to fund this measure."

Senator Rasmussen: "For the remainder of the biennium?"

Senator Durkan: "No, if funded for these increases it will fund it for this biennium. That is correct."

Senator Rasmussen: "And does the bill only pick up those retired people and makes no other changes?"

Senator Durkan: "That is correct. It picks up those — it does increase the death benefit from four hundred to six hundred dollars. It only takes those who have retired previous to 1970. As I stated, they get the eleven percent, and those who retired between 1970 and 1973 get two percent increase."

Senator Rasmussen: "There was one bill kicking around here I read that made quite a number of changes in teachers' retirement and added quite a bit to the unfunded liability and it did seem to me that that allowed them to pick up prior service and a number of other things. Now if this bill only picks up those who have retired and brings them up to a living retirement, then I would be very much for it."

Senator Durkan: "Senator, to be candid, the first section of the bill, it does permit the members to establish credit for services rendered previously for a five year period. It does do that."

Senator Rasmussen: "That will add to the unfunded liability?"

Senator Durkan: "At the present time we have appropriated sufficient funds so it will not be. There is no unfunded liability with the appropriation. Of course, in the next biennium you are going to be required to fund it again."

Senator Rasmussen: "Thank you, Senator Durkan."

Debate ensued.

REMARKS BY SENATOR ODEGAARD

Senator Odegaard: "Mr. President and members of the Senate, as I understand it there were about eleven members who did not get credit for prior service under a previous pension bill that passed last year, and this one section would bring in those eleven people. Without this particular section of the bill, as I am told anyway, it could cause quite a problem for the

Teachers' Retirement Board. It will probably mean possibly a lawsuit or whatever because these people were not included in the prior service section of the bill that we passed last year."

POINT OF INQUIRY

Senator Atwood: "Will Senator Odegaard yield? Just so that everybody is very clear on what the additional unfunded liability this bill creates, would you give the figure?"

Senator Odegaard: "The amount that was included in the budget?"

Senator Atwood: "No, I am talking about the unfunded liability after this biennium so that everyone clearly understands what they are voting on."

Senator Odegaard: "You mean of the Teachers' Retirement System unfunded liability or. . ."

Senator Atwood: "The additional unfunded liability created by this bill to the TRS. I believe it is around eight point seven million, but I am not sure and I. . ."

Senator Odegaard: "I do not have that figure, Senator."

Senator Atwood: "I was told earlier today that the bill created additional unfunded liability of eight point seven. Now the TRS administrator is in the wings. He should know."

MOTIONS

On motion of Senator Durkan, Engrossed Third Substitute House Bill No. 1274 was made a special order of business on third reading for 11:45 p.m. tonight.

Senator Grant moved that the Senate now commence consideration of Engrossed Substitute House Bill No. 1341.

On motion of Senator Mardesich, the motion by Senator Grant was laid upon the table.

On motion of Senator Mardesich, the Senate commenced consideration of Engrossed Substitute House Bill No. 1366.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1366, by Committee on Transportation and Utilities (originally sponsored by Representatives Martinis, Perry, Berentson and Rabel):

Authorizing termination on revision of public works contracts affected by increased petroleum prices.

The bill was read the second time by sections.

MOTION

On motion of Senator Walgren, Engrossed Substitute House Bill No. 1366 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 1366, and the bill passed the Senate by the following vote: Yeas, 48; excused, 1.

Voting yea: Senators Atwood, Bailey, Beck, Bottiger, Canfield, Clarke, Connor, Day, Donohue, Dore, Durkan, Fleming, Francis, Grant, Greive, Guess, Henry, Herr, Jolly, Jones, Keefe, Knoblauch, Lewis (Harry), Lewis (R. H. "Bob"), Mardesich, Marsh, Matson, Metcalf, Murray, Odegaard, Peterson (Lowell), Peterson (Ted), Rasmussen, Ridder, Sandison, Scott, Sellar, Stortini, Talley, Twigg, Van Hollebeke, von Reichbauer, Walgren, Wanamaker, Washington, Whetzel, Woodall, Woody-48.

Excused: Senator Newschwander-1.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1366, having received the constitu-

tional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SIGNED BY THE PRESIDENT

The President signed:
 SUBSTITUTE HOUSE BILL NO. 90,
 SUBSTITUTE HOUSE BILL NO. 779,
 HOUSE BILL NO. 1183,
 HOUSE BILL NO. 1269,
 HOUSE BILL NO. 1316.

There being no objection, the Senate returned to the fourth order of business.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of the House Message on Substitute House Bill No. 473.

MESSAGE FROM THE HOUSE

April 19, 1974.

Mr. President: The House has passed SUBSTITUTE HOUSE BILL NO. 473:
 Page 11, Section 2, Subsection 18 (d),
 Page 12, Section 3, Subsection 1;
 Page 12, Section 3, Subsection 3;
 Page 14, Section 4, Subsection 2;
 Pages 16 and 17, Section 4, Subsection 10;
 Page 20, New Section Sec. 6; notwithstanding the Governor's veto., and the same is herewith transmitted.

DONALD R. WILSON, Assistant Chief Clerk.

MOTION

Senator Van Hollebeke moved that the Senate pass Substitute House Bill No. 473, notwithstanding the Governor's vetoes overridden by the House.

POINT OF INQUIRY

Senator Day: "Would Senator Van Hollebeke yield to a question? The question, Senator, isn't one of these sections here the local option and should not that be separated? I think that was a good veto, that particular part of it. Separate that local option out of there and pass the rest of it and you will have a good bill."

Senator Van Hollebeke: "Senator Day, do you know what section that is?"

Senator Day: "Page 20, Senator. Page 20, new section 6, isn't it?"

Senator Whetzel: "I think the one that Senator Day is referring to on page 20 is the veto that provides that in the exercise of local option the city or county cannot prohibit a bona fide charitable or nonprofit organization from conducting social card games and that this veto, I think, has the support of a number of members of this body because they feel that these organizations ought to be subject to the same local option as any other organization. A profit organization is conducting social card games and a city council or county commissioners ought to have complete power to authorize or prohibit any form of social card game."

MOTION

Senator Atwood moved that the motion by Senator Van Hollebeke be amended to divide the question and the Governor's veto to page 20, new section 6, to Substitute House Bill No. 473 be considered separately.

PARLIAMENTARY INQUIRY

Senator Peterson (Lowell): "If we take this in sections as is now being proposed before the body, do the bills then have to go back to the House for concurrence, or is this enacted now?"

REPLY BY THE PRESIDENT

The President: "Senator Peterson, it depends on what vetoes the Senate overrides, that is the same ones that the House overrode."

PARLIAMENTARY INQUIRY

Senator Peterson (Lowell): "Then my question is, Mr. President, if we divide the question and override the vetoes, then the bill is passed and it does not have to go back to the House?"

REPLY BY THE PRESIDENT

The President: "The bill is passed, yes."

The motion by Senator Van Hollebeke, as amended by Senator Atwood, carried.

PARLIAMENTARY INQUIRY

Senator Atwood: "I take it that Senator Van Hollebeke only meant by his motion to include those vetoes, the three other ones that the House overrode because the bill contains several other vetoes. You are not suggesting we override all of them?"

REPLY BY THE PRESIDENT

The President: "The only ones before the Senate are the ones that the House overrode."

PARLIAMENTARY INQUIRY

Senator Van Hollebeke: "As I understand it, Mr. President, we are voting to concur in all the vetoes that the House overrode except that final one on page 20."

REPLY BY THE PRESIDENT

The President: "That is the President's understanding."

The President declared the question before the Senate to be the motion by Senator Van Hollebeke, as amended by Senator Atwood, that the Senate pass Substitute House Bill No. 473, notwithstanding the Governor's vetoes, with the exception of the proviso on page 20, new section 6.

MOTION FOR RECONSIDERATION

Senator Bottiger moved that the Senate reconsider the vote by which the question was divided.

PARLIAMENTARY INQUIRY

Senator Woodall: "Had not I just already demanded the previous question and it was sustained?"

REPLY BY THE PRESIDENT

The President: "Senator Bottiger, the motion to divide by Senator Atwood was placed and was acted favorably upon."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President, I have been over to the House and I did not get in on all this, but my fight on local option I do not think was particularly in this section. If I recall it, the Governor vetoed the section of local option as related to card games. My fight on local option and Senator Sellar's fight with me, I think, related to the general overall gambling that could be rejected in part or in toto by any local area. I am still for local option, but this is a little bit different than our amendment was on the floor."

REMARKS BY SENATOR ATWOOD

Senator Atwood: "Just so everyone is clear on what the veto did, it took out a great big hole in this gambling bill because it says, the way the proviso as it passed here, and I voted no on the whole bill, just so everyone understands, it says that a county or city may not prohibit a bona fide charitable or nonprofit organization from conducting social card games where licensed to do so, etc. The minute we take that out, the city of Seattle is going to have trouble with clubs like the Lifeline and all those so-called nonprofit and charitable clubs that the scandals were all about, because they were bona fide as far as licensing and everything, but they were run as professional gambling operations. This gives the city of Seattle a check on this type of operation and gives them a handle so that they could not issue a license or prohibit it and I think, as far as I am concerned, if you put these all together I am not going to vote to override any of those, and I think anybody else is just asking for a lot of trouble and especially in King County in the city."

POINT OF INQUIRY

Senator Bottiger: "Senator Atwood, would you yield to a question and if it clears it up, I will withdraw my motion? My concern was that a local unit of government, a small town out in the hinterlands, have the local option to reject gambling in their area if they wished to do so, and I think your response or your earlier statement would indicate that that is in another section that the Governor did not veto."

Senator Atwood: "That is right. This is something else again and it has created a huge hole in the enforcement provisions, especially in King County and maybe in Pierce County. Probably not so much in the little cities but, boy, this is something you could drive a truck through, and the Governor took it out. I think the attorneys general will tell you this. Anybody who has had anything to do with gambling will tell you that this really put a hole in the bill."

MOTION

On motion of Senator Bottiger, there being no objection, the motion for reconsideration on dividing of the question was withdrawn.

REMARKS BY SENATOR FRANCIS

Senator Francis: "Mr. President and members of the Senate, this set of vetoes, I am going to vote 'no' on the override of all of them and so you will know where I am coming from, I have not seen anybody very excited about overriding these particular vetoes and I

want to go through them with you because I would like to defeat them and quickly so that we can get on to more important business.

"Now the first thing I have to tell you is that the important vetoes were not overridden by the House. The things that some of you are genuinely concerned about here just are not in front of us. Such as the emergency clause so that we could do something about Expo '74 and so forth. Those things, the House did not override those vetoes. The House overrode basically on three subjects. One was admission charges. You know, the Governor vetoed the allowance of charging an admission. He said in his veto message, if you read it, that this is often usable as a subterfuge and a means of making card games into a professional thing by charging admission to get into the card game. And so he vetoed in two places those sections that allowed charge of admission. Now you remember the discussions here on the floor and all of the things that went into it and I think there were some valid reasons for allowing an admission charge, but that is what the Governor vetoed. The House overrode that. Now I do not think that is all that important. I think we could let it ride for at least a year while we look at it and just let it ride.

"Now he also vetoed the allowance of bringing guests for card games. Most of his vetoes, in fact I would say basically all the rest of them, relate to cards, card games. Allowing guests for card games and then one, he vetoed a section that allowed cards as a trade stimulant, along with pinballs and pull tabs. He vetoed another section on cards, on page 14, section 4, subsection (2).

"Then the final veto, really, that local option, was only the local option relating to card games. Now all he did with his veto was allow a local prohibition of card games. We already had the local optional prohibition on the other aspects and this really in that sense made it consistent with the rest of the act, and I kind of go along with Senator Bottiger. I think there ought to be a consistent statewide policy rather than a local option, but we have it. It ought to remain consistent, probably. I do not think that these particular small ones here went to the guts of any of the things that any of you are really concerned about. So I think it is a waste of our time to be even bothering with it and I think we ought to vote this down rapidly and move on to some legislation that we can do some good with."

REMARKS BY SENATOR WOODALL

Senator Woodall: "Now so there be no mistake, Senator Francis says to let this go for a little while. Let us get very plain. If action is not taken at this session, which is the first meeting after this, then you have no second chance to override this veto. It will be a brand new legislature, which means that if you do not act on it tonight, this bill automatically dies and it means that you will have to start a new bill running through next January and go through this process all over again. So do not kid yourselves and say let us let it rest for awhile. If this bill is not acted on tonight, it is really at rest."

POINT OF INQUIRY

Senator Van Hollebeke: "Would Senator Francis yield to a question? Senator Francis, if we do not vote with the House to override these vetoes, where do we leave this issue on card rooms? I do not like to see where only the private clubs are allowed to have card rooms. Where would that stand? Can you please help me on that?"

Senator Francis: "I will answer a general question with a general answer and say it leaves us with much more limited card rooms. It still allows the card games, but much more tightly limited than we had before."

Senator Van Hollebeke: "Where would it allow them?"

Senator Francis: "It is right here. You go through the bill and you see basically members can play cards, but you do not charge an admission to a card game and you do not bring guests to a card game so that it is a matter of playing it in a private club."

Senator Van Hollebeke: "It allows them in private clubs, but it does not allow them in nonprivate places, in public places."

Senator Francis: "I would have to go back and check the exact wording on that."

Senator Van Hollebeke: "Okay. What I am trying to get at is to find out if any of these vetoes affected that part. I thought I understood from your earlier remarks that it really does not."

Senator Francis: "No, it does not. The things I have mentioned are all that are affected by the vetoes, that is the guests and the membership fees and the local prohibition of card games."

PARLIAMENTARY INQUIRY

Senator Van Hollebeke: "As a point of parliamentary inquiry, having made the motion myself, I do not think any motion has ever been voted on here, contrary to what a couple of statements that were made earlier, may I withdraw my motion to concur in the House override?"

REPLY BY THE PRESIDENT

The President: "Yes, Senator Van Hollebeke."

MOTION

On motion of Senator Van Hollebeke, the motion that the Senate pass Substitute House Bill No. 473, with the exception of the proviso to page 20, new section 6, notwithstanding the Governor's vetoes overridden by the House, was withdrawn.

REMARKS BY SENATOR KNOBLAUCH

Senator Knoblauch: "Mr. President and members of the Senate, I cannot understand the motion by Senator Van Hollebeke. I have stood on the floor twice in these session, not too many weeks ago, and I said that the little pool halls and the little home towns like I have, had the right to play cards the same as the private clubs. Now tonight we have a chance to override the Governor's veto and let these small-town pool halls have cards the same as anyone else."

MOTION

Senator Knoblauch moved that the Senate pass Substitute House Bill No. 473, notwithstanding the Governor's vetoes, overridden by the House, with the exception of the proviso to page 20, new section 6.

PARLIAMENTARY INQUIRY

Senator Bailey: "Mr. President, maybe you did clarify that, but we would be voting only on overriding those items that were overridden in the House?"

REPLY BY THE PRESIDENT

The President: "With the one exception, Senator. The members separated the question earlier, and the President assumed that is what Senator Knoblauch wanted."

ROLL CALL

The Secretary called the roll and the motion by Senator Knoblauch carried. The Senate passed Substitute House Bill No. 473, notwithstanding the Governor's vetoes, overridden by the House, except the Governor's veto to page 20, new section 6, overridden by the House, by the following vote: Yeas, 32; nays, 16, excused, 1.

Implementing teachers' retirement act.

REMARKS BY SENATOR ODEGAARD

Senator Odegaard: "Mr. President and members of the Senate, Senator Atwood had asked about the cost to the House Bill No. 1274. We did not have the figures with us at the time. Since that time we have received the figures. The two point two million, of course, we did know that we did appropriate in the budget bill for fiscal year 1975, and for fiscal year 1976 the amount is two point one million that we have to face when we come here next January. Then the year after that it is two million and it keeps reducing down as the old retirees pass on. So there is an overall six year fiscal impact of about ten million dollars, Senator Atwood."

The President declared the question before the Senate to be the roll call on final passage of Engrossed Third Substitute House Bill No. 1274.

SECOND READING

ENGROSSED HOUSE BILL NO. 1181, by Representatives Luders, Kopet, Haussler, Bauer, Fortson, Gaines, Gallagher, Hansen, Hurley, Knowles, May, McCormick and Schumaker:

Providing for the sale of certain second class shorelands.

The bill was read the second time by sections.

Senator Whetzel moved adoption of the following amendment by Senators Washington and Whetzel:

Strike everything after the enacting clause and substitute the following:

"Section 1. Section 2, chapter 217, Laws of 1971 ex. sess. and RCW 79.01.470 are each amended to read as follows:

- (1) This section shall only apply to:
 - (a) First class tidelands as defined in RCW 79.01.020;
 - (b) Second class tidelands as defined in RCW 79.01.024;
 - (c) First class shorelands as defined in RCW 79.01.028; and
 - (d) Second class shorelands as defined in RCW 79.01.032.
- (e) *Waterways as described in RCW 79.01.428.*

(2) Notwithstanding any other provision of law, from and after August 9, 1971, all tidelands and shorelands enumerated in subsection (1) owned by the state of Washington shall not be sold except to public entities as may be authorized by law or *except as provided in section 2 of this 1974 amendatory act*, and shall not be given away.

(3) Tidelands and shorelands enumerated in subsection (1) may be leased for a period not to exceed fifty-five years: PROVIDED, That nothing herein shall be construed as modifying or canceling any outstanding lease during its present term.

(4) Nothing herein shall:

- (a) be construed to cancel an existing sale contract;
- (b) prohibit sale or exchange of beds and shorelands where the water course has changed and the area now has the characteristics of uplands;
- (c) prevent exchange involving state-owned tide and shorelands.

NEW SECTION. Sec. 2. There is added to chapter 79.01 RCW a new section to read as follows:

An owner of property fronting upon publicly owned second class shorelands on freshwater navigable lakes who has constructed on the abutting shorelands an improvement having a replacement value of more than four hundred dollars prior to January 1, 1974 may apply for and shall upon such application be afforded the opportunity, prior to June 30,

1975, to purchase at the fair market value the abutting second class shoreland or so much as may be sufficient for the maintenance and use of such improvements unless the public interest is best served by maintaining such shoreland in state ownership for the benefit of the people of the state. It is recognized that the best public interest may be served by offering the second class shoreland for sale. If the board determines that it is not in the best public interest to offer one or more parcels of such second class shorelands for sale, the board shall state, in the notice to such applicant denying the sale, the specific reasons for so determining and shall provide for an opportunity for a "contested case" hearing of the decision in accordance with chapter 34.04 RCW if a hearing is requested within thirty days from the receipt of the notice.

NEW SECTION. Sec. 3. There is added to chapter 79.01 RCW a new section to read as follows:

Nothing in this 1974 act shall be construed to prevent the assertion of public ownership rights in publicly owned aquatic lands or the leasing of such lands when such leasing is not contrary to the statewide public interest.

The department of natural resources may require the payment of a use and occupancy fee in lieu of a lease where improvements have been placed without authorization on publicly owned aquatic lands.

NEW SECTION. Sec. 4. Section 121, chapter 255, Laws of 1927, section 1, chapter 54, Laws of 1969 ex. sess. and RCW 79.01.484 are each hereby repealed.

NEW SECTION. Sec. 5. This 1974 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Whetzel yield to a question? Senator Whetzel, section 2 provides an owner of property fronting upon publicly owned second class shorelands on freshwater navigable lakes who has constructed on the shorelands, that he can purchase the shorelands underneath that particular improvement. That is section 2. Then we move over to section 3 and it says, 'Nothing in this 1974 act shall be construed to prevent the assertion of public ownership rights in publicly owned aquatic lands.'"

Senator Whetzel: "Read the rest of that, Senator. 'Or the leasing of such lands when such leasing is not contrary to the statewide. . . .' That is really the important part on leasing, and section 3 was requested by the department because we are repealing in section 4 the law that conflicts with section 1 which we passed in 1971 dealing with the method of sale of abutting lands on shorelands, and section 3 does state that the department has the right to lease the land, and the first part of the sentence, I think, is in there to indicate that we are not saying that we are taking away any of the public ownership, which we are not intending to. We are doing it on a sale at fair market value from the department to the property owner."

Senator Rasmussen: "It would seem to me, Senator Whetzel, this is the Diamond Lake case where the department is asserting that they have the right to lease and they are not proposing to sell under section 3 you are still giving that right to lease and it still provides the old law would still be the same and so they will continue to insist on lease on this land rather than selling. There is nothing said that compels them to sell. It says they may be allowed to propose to purchase."

Senator Whetzel: "You may find some property owners do not want to buy. They can make, under section 2 which is taken from the House bill, in fact we liberalized it from a thousand to four hundred dollars, that they make application, they are afforded the opportunity to buy. Now there might be some overriding public interest where DNR does not want to offer it for sale. That is there. That has always been in all of our laws on the sale of shorelands. Senator Lowell Peterson prepared section 3 as a committee amendment and he can also speak to that."

The motion by Senator Whetzel carried and the amendment was adopted.

On motion of Senator Whetzel, the following amendment by Senators Whetzel and Washington to the title was adopted:

On line 3 of the title, after "RCW;" strike "and" and on line 5, after "79.01.484" insert "; and declaring an emergency".

MOTION

On motion of Senator Whetzel, Engrossed House Bill No. 1181, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

The bill was read the second time by sections.

On motion of Senator von Reichbauer, Senate Bill No. 3102 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Metcalf: "Would Senator von Reichbauer yield to a question? You know this is late at night. I think something has happened to the clock. I think it is considerably later than it indicates there, but it is late at night in emergency session. Is this emergency legislation that has to pass now? Is there some particular vacancy that may be occurring in the near future? Is there anything that you can tell us about the health or problems of any - is there any particular reason that we need to hurry on this right now? I have sort of a personal interest in this."

Senator von Reichbauer: "I think we all have a personal interest in filling a gap within our state statutes."

POINT OF INQUIRY

Senator Atwood: "Will Senator von Reichbauer yield? Is there something about Senator Magnuson's health we should know that creates this urgency?"

Senator von Reichbauer: "No, sir. Is there anything about Senator Metcalf's health that . . . ?"

Senator Atwood: "I do not know. I am asking about Senator Magnuson's. I know about his health."

Senator von Reichbauer: "I do not think Senator Jackson or Senator Magnuson are in ill health."

Senator Atwood: "Okay. Senator Magnuson has not had a recent physical that revealed something that we should know?"

Senator von Reichbauer: "No, sir, he has not."

Senator Atwood: "Okay."

Senator von Reichbauer: "I do not think it needs to be brought up."

The Secretary called the roll on the final passage of Senate Bill No. 3102, and the bill passed the Senate by the following vote: Yeas, 35; nays, 13; excused, 1.

Voting yea: Senators Bailey, Beck, Bottiger, Canfield, Connor, Day, Donohue, Dore, Durkan, Fleming, Francis, Grant, Greive, Henry, Herr, Jolly, Keefe, Knoblauch, Lewis (R. H. MOTION

On motion of Senator von Reichbauer, Senate Bill No. 3102 was ordered immediately transmitted to the House.

There being no objection, the Senate returned to the fifth order of business.

INTRODUCTION AND FIRST READING

ENGROSSED HOUSE BILL NO. 1, by Representatives May, Kopet, Pardini, Smythe, Amen, Benitz, Blair, Brown, Charnley, Chatalas, Cunningham, Curtis, Eikenberry, Gallagher, Gilleland, Hendricks, Jastad, Julin, Kilbury, Knowles, Leckenby, Luders, Nelson, North (Lois), Parker, Patterson, Polk, Pullen, Rabel, Schumaker, Shinpoch, Swayze, Tilley, Van Dyk, Wilson and Zimmerman:

Exempting prescription drugs from retail sales and use taxes.

MOTIONS

On motion of Senator Durkan, Engrossed House Bill No. 1 was advanced to second reading and read the second time in full.

On motion of Senator Metcalf, the following amendments were considered and adopted simultaneously:

On page 8, line 9 add a new subsection as follows:

"(29) *Sales of returnable containers for beverages and foods, including but not limited to soft drinks, milk, beer, and mixers.*"

On page 14, line 2, add a new subsection as follows:

“(24) In respect to the use of returnable containers for beverages and foods, including but not limited to soft drinks, milk, beer, and mixers.”

MOTION

On motion of Senator Durkan, Engrossed House Bill No. 1, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Van Hollebeke: “Would Senator Metcalf yield? Senator Metcalf, could you clarify a point for me? Does the effect of the amendments which we have already passed take the sales tax off at the front end? Does it take it off of the returnable container?”

Senator Metcalf: “Yes. That is my understanding.”

Senator Van Hollebeke: “All right. How do you think they will do that at the cash register? I am for you in what you want to accomplish here, but I think the proper way to do this is to have the sales tax returned when the bottles are returned.”

Senator Metcalf: “Senator, I discussed that in some depth and that is pretty complex. When you are refunding tax money that has been collected you get into a real tough area. That is what I asked them to do, and they said this is a real problem and they did not want to get into that at all. So this was the suggestion of bill drafting to proceed in this direction.”

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 1, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 46; nays, 2; excused, 1.

Voting nay: Senators Beck, Francis—2.

ENGROSSED HOUSE BILL NO. 1, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTIONS

On motion of Senator Mardesich, the Senate returned to the fourth order of business.

Senator Greive: "Will Senator Mardesich yield to a question? Senator, would you be willing to reconsider House Bill No. 1049, accept the amendments and pass it now before we get into any further hassle?"

Senator Mardesich: "No."

Senator Greive: "I have read the amendment. I have taken a look at it and apparently you are holding it up because I had some objection. I would just as leave pass the bill now."

Senator Mardesich: "Mr. President, just as an informational matter, I had, whether or not we had recessed for the Republican caucus or not, it was my intention to run across the way to see how badly that computer is fouled up and when they will have it cleared so we can get a judgment as to when we can get out of here."

PERSONAL PRIVILEGE

Senator Metcalf: "Mr. President and members of the Senate; it is approximately ten fifteen on April 24, and I would like the record to so show. I think that the business of, the subterfuge of fiddling with the clock and this kind of thing makes the legislative process look ridiculous in the sight of the people. If we are going to take time to do the business properly, then we should do so. To do this makes us appear that we lack the self discipline which we demand of others in following the laws that we pass here. And I think it is incumbent upon us to at least be perfectly honest and frank with the people and if we have gone beyond the time limited, if it is necessary, let us take the next step, but a subterfuge such as we are engaging in here is just not in the public interest."

MOTION

At 10:15 a.m., on motion of Senator Bailey, the Senate was declared to be at ease.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1049, by Committee on Labor (originally sponsored by Representatives Parker and Savage):

Requiring minimum standards for self-insurers with regard to industrial insurance to be set by the director of labor and industries.

The Senate resumed consideration of Substitute House Bill No. 1049. On Tuesday, April 23, 1974 the committee amendment was adopted and an amendment by Senator Mardesich to page 1, line 6 striking the entire section and inserting a new section had been moved for adoption.

POINT OF INQUIRY

Senator Talley: "Would Senator Durkan yield? Senator, now this goes to the department for them to make the regulations. Would there be a public hearing on the regulations?"

Senator Durkan: "Yes, under the Administrative Procedures Act there has to be a public hearing and then there also has to be notification to the legislature on the adoption of the rules."

Senator Talley: "Thank you."

The motion by Senator Mardesich carried and the amendment was adopted.

On motion of Senator Greive, Substitute House Bill No. 1049, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Matson: "Would Senator Greive yield? Senator Greive, as I understand it, the net effect of this bill would be that any self-insuring company that was too small to hire a person within that company to handle claims would not be allowed to self-insure?"

Senator Greive: "That is right. And I would like to point out that that was the understanding with all of the argument at the time when this particular provision was negotiated and put into the law. I was on the conference committee. It was never at any time intended nor would anybody have stood for it if we had thought that it was going to be done the way that it has for the very reason that they are. These people come in, in some instances they are, one outfit I understand is almost fly-by-night. It is a very small outfit, a local outfit and it collects several of these people and it is to their advantage to fight and to refuse claims and as an actual matter there have been complaints made to the Board of Industrial Insurance Appeals in an effort to prevent these people from writing insurance, but when they are done somebody else will spring up. They simply attempt to make money by not paying the claims if they can avoid it, which is not the intent of the act."

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1341, by Committee on Labor (originally sponsored by Representatives King, Morrison, Charette, Savage, Beck and Bausch):

Providing for an educational employment relations act.

REPORT OF STANDING COMMITTEE

April 16, 1974.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1341, providing for an educational employment relations act (reported by Committee on Labor):

MAJORITY recommendation: Do pass with the following amendment:

On page 2, after the enacting clause on line 12, strike the remainder of the bill and all prior senate labor committee amendments thereto and insert the following:

"*NEW SECTION.* Section 1. This chapter may be cited as the educational employment relations act.

NEW SECTION. Sec. 2. It is the purpose of this chapter to prescribe certain rights and obligations of the educational employees of the school districts and community college districts of the state of Washington, and to establish procedures governing the relationship between such employees and their employers which are designed to meet the special requirements and needs of public employment in education.

It is the policy of this state to recognize the rights of the educational employees of the school districts and community college districts of the state to form, join, and assist employee organizations, to bargain collectively with their employers over the wages, hours, and terms and conditions of employment through representatives of their own choosing and to engage in other activities for the purpose of establishing, maintaining, and improving wages, hours, and terms and conditions of employment and to establish procedures which will facilitate and encourage the amicable settlement of disputes between such employees and their employers.

NEW SECTION. Sec. 3. As used in this chapter:

(1) The term "person" includes one or more individuals, organizations, unions, associations, partnerships, corporations, boards, committees, commissions, agencies, or other entities, or their representatives.

(2) The term "employer" includes any school district and any board of trustees of any state community college district.

(3) The terms "employee" and "educational employee" include any certificated employee of a school district, or faculty member of a community college, except:

(a) the chief executive officer of the employer;

(b) the chief administrative officers of the employer which shall mean for school districts the superintendent of the district, deputy superintendents, administrative assistants to the superintendent, assistant superintendents, and business managers, and shall mean for community colleges the president, deans, directors, and business managers. Title variation from all positions enumerated in this subsection (b) may be appealed to the commission for determination of inclusion in, or exclusion from the term "educational employee";

(c) confidential employees, which shall include:

(i) any person who participates directly on behalf of an employer in the formulation of labor relations policy, the preparation for or conduct of collective bargaining, or the

administration of collective bargaining agreements, except that the role of such person is not merely routine or clerical in nature but calls for the consistent exercise of independent judgment; and

(ii) any person who assists and acts in a confidential capacity to such person;

(d) supervisors, which includes any employee having authority in the interest of an employer to hire, assign, promote, transfer, layoff, recall, suspend, discipline, or discharge other employees, or to adjust their grievances, or to recommend effectively such action if in connection with the foregoing the exercise of such authority is not merely routine or clerical in nature but calls for the consistent exercise of independent judgment, and shall not include any persons solely by reason of their membership on a faculty tenure or other governance committee or body. The term "supervisor" shall include only those employees who perform a preponderance of the above-specified acts of authority;

(e) principals and assistant principals.

(4) The term "employee organization" includes any organization, union, association, agency, committee, council, or group of any kind in which employees participate, and which exists for the purpose, in whole or in part, of bargaining collectively with employers.

(5) The term "exclusive bargaining representative" includes any employee organization which has:

(a) been selected or designated pursuant to the provisions of this chapter as the representative of the employees in an appropriate collective bargaining unit; or

(b) prior to the effective date of this chapter, been recognized under a predecessor statute as the representative of the employees in an appropriate collective bargaining or negotiations unit.

(6) The term "commission" means the education employment relations commission established by section 4 of this 1974 amendatory act.

(7) The term "collective bargaining" or "bargaining" means the performance of the mutual obligation of the representatives of the employer and the exclusive bargaining representative to meet at reasonable times, in light of the budgetmaking process, and to confer, consult, and bargain in good faith in an effort to reach agreement with respect to the wages, hours, and terms and conditions of employment and to execute, if requested by either party, a written contract incorporating any agreements reached, but such obligation does not compel either party to agree to a proposal or to make a concession.

The phrase "conditions of employment" shall be construed to include, but not be limited to, salaries and salary schedules, the process of curriculum development, in-service training, student teaching programs, personnel, hiring and assignment practices, leaves of absence, class size, and noninstructional duties.

In the event of a dispute between an employer and an exclusive bargaining representative over the matters that are conditions of employment, the commission shall decide which item(s) are mandatory subjects for bargaining and which item(s) are nonmandatory.

(8) In determining whether any person is acting as an "agent" of another person so as to make such other person responsible for his acts, the question of whether the specific acts performed were actually authorized or subsequently ratified shall not be controlling.

NEW SECTION. Sec. 4. (1) There is hereby created the education employment relations commission (hereafter called the "commission"). The commission shall consist of five members who shall be appointed by the governor by and with the consent of the senate: PROVIDED, That no member appointed when the legislature was not in session shall continue to be a member of the commission after the thirtieth day of the next legislative session unless his appointment shall have been approved by the senate. One of the original members shall be appointed for a term of one year, one for a term of two years, one for a term of three years, one for a term of four years, and one for a term of five years. Their successors shall be appointed for terms of five years each, except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the member whom he succeeds. Commission members shall be eligible for reappointment. The governor shall designate one member to serve as chairman of the commission. Any member of the commission may be removed by the governor, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other cause.

(2) A vacancy in the commission shall not impair the right of the remaining members to exercise all the powers of the commission, and three members of the commission shall, at all times, constitute a quorum of the commission. The commission shall have an official seal which shall be judicially noticed.

(3) The commission shall at the close of each fiscal year make a report in writing to the legislature and to the governor stating the cases it has heard, the decisions it has rendered, the names, salaries, and duties of all employees and officers in the employ or under the supervision of the commission, and an account of all moneys it has disbursed.

NEW SECTION. Sec. 5. (1) Each member of the commission shall be paid fifty dollars for each day in which he has actually attended a meeting of the commission officially held. The members of the commission may receive any number of daily payments for official meetings of the commission actually attended. Members of the commission shall also be reimbursed for necessary travel and other expenses incurred in the discharge of their official duties on the same basis as is provided for state officers and employees generally in chapter 43.03 RCW.

(2) The commission shall appoint an executive director whose annual salary shall be determined under the provisions of RCW 43.03.028. He shall perform such duties and have such powers as the commission shall prescribe in order to carry out the provisions of this chapter. The executive director shall have authority on behalf of the commission in matters concerning the administration of this act and shall perform such duties as prescribed by the commission.

(3) When necessary to carry out or enforce any action or decision of the commission, the executive director shall have authority to petition any court of competent jurisdiction for an order requiring compliance with the commission action or decision.

(4) The commission shall employ such employees as it may from time to time find necessary for the proper performance of its duties consistent with the provisions of this chapter.

(5) All of the expenses of the commission, including all necessary traveling and subsistence expenses outside the city of Olympia incurred by the members or employees of the commission under its orders, shall be allowed and paid on the presentation of itemized vouchers therefor approved by the commission or by any individual it designates for that purpose.

NEW SECTION. Sec. 6. The principal office of the commission shall be in the city of Olympia, but it may meet and exercise any or all of its powers at any other place. The commission may, by one or more of its members or by such agents or agencies as it may designate, prosecute any inquiry necessary to its functions in any part of the United States. A member who participates in such an inquiry shall not be disqualified from subsequently participating in a decision of the commission in the same case.

NEW SECTION. Sec. 7. (1) Employees shall have the right to self-organization, to form, join, or assist employee organizations, to bargain collectively through representatives of their own choosing, and shall also have the right to refrain from any or all of such activities except to the extent that employees may be required to join or pay a fee to any employee organization under a union security agreement authorized in this chapter.

(2) The exclusive bargaining representative shall have the right to have deducted from the salary of employees, upon receipt of an appropriate authorization form which shall not be irrevocable for a period of more than one year, an amount equal to the fees and dues required for membership. Such fees and dues shall be deducted monthly from the pay of all appropriate educational employees by the employer and transmitted as provided for by agreement between the employer and the exclusive bargaining representative, unless an automatic payroll deduction service is established pursuant to law, then such fees and dues shall be transmitted as therein provided.

NEW SECTION. Sec. 8. In the event that an employer and any employee organization are in disagreement as to the selection of a bargaining representative the commission shall be invited to intervene as is provided in sections 9, 10 and 11 of this 1974 amendatory act.

NEW SECTION. Sec. 9. (1) The commission, after hearing upon reasonable notice, shall decide in each application for certification as an exclusive bargaining representative, the unit appropriate for the purpose of collective bargaining. In determining, modifying or

combining the bargaining unit, the commission shall consider the duties, skills, and working conditions of the educational employees; the history of collective bargaining; the extent of organization among the educational employees; and the desire of the educational employees: PROVIDED, That:

(a) a unit that includes both supervisors and nonsupervisors may be considered appropriate if a majority of the employees in each category indicate by vote or other credible evidence that they desire to be included in such unit; and

(b) a unit that includes both principals and assistant principals and other supervisory employees may be considered appropriate if a majority of the employees in each category indicate by vote or other credible evidence that they desire to be included in such a unit; and

(c) a unit that includes only principals and assistant principals may be considered appropriate if a majority of the employees in such category indicate by vote or other credible evidence that they desire to be included in such a unit; and

(d) a unit that includes both principals and assistant principals and educational employees may be considered appropriate if a majority of the employees in each category indicate by vote or other credible evidence that they desire to be included in such a unit; and

(e) except in community college districts, a unit including nonsupervisory educational employees shall not be considered appropriate unless it includes all nonsupervisory educational employees of the employer; and

(f) notwithstanding the definition of collective bargaining, a unit that contains only supervisors and/or principals and assistant principals shall be limited in scope of bargaining to compensation, hours of work, and duration of employment contracts during this school year; and

(g) in school districts authorized to operate vocational-technical institutes, notwithstanding all other provisions of this 1974 amendatory act, employees in such vocational-technical institutes may be considered to constitute an appropriate bargaining unit if the history of bargaining in any such school district so justifies.

(2) The commission shall determine the bargaining representative by

(a) examination of organization membership rolls,

(b) comparison of signatures on organization bargaining authorization cards, or

(c) by conducting an election specifically therefor.

NEW SECTION. Sec. 10. In the event the commission elects to conduct an election to ascertain the exclusive bargaining representatives, or upon the request of a prospective bargaining representative showing written proof of at least thirty percent representation of the educational employees within the unit, the commission shall hold an election by secret ballot to determine the issue. The ballot shall contain the name of the proposed bargaining representative and of any other bargaining representative showing written proof of at least ten percent representation of the educational employees within the unit, together with a choice for any educational employee to designate that he does not desire to be represented by any bargaining agent. Where more than one organization is on the ballot and neither of the three or more choices receives a majority of the valid ballots cast by the educational employees within the bargaining unit, a run-off election shall be held. The run-off ballot shall contain the two choices which received the largest and second-largest number of votes. No question concerning representation may be raised within one year of a certification or attempted certification. Where there is a valid collective bargaining agreement in effect, no question of representation may be raised except during the period not more than ninety nor less than sixty days prior to the anniversary date of the agreement.

NEW SECTION. Sec. 11. The employee organization which has been determined to represent a majority of the employees in a bargaining unit shall be certified by the commission as the exclusive bargaining representative of, and shall be required to represent, all the educational employees within the unit without regard to membership in said bargaining representative: PROVIDED, That any educational employee at any time may present his grievance to the employer and have such grievance adjusted without the intervention of the exclusive bargaining representative, as long as such representative has an opportunity to be present at that adjustment and to make its views known, and as long as

the adjustment is not inconsistent with the terms of a collective bargaining agreement then in effect.

NEW SECTION. Sec. 12. A collective bargaining agreement may contain union security provisions: PROVIDED, That nothing in this section shall authorize a closed shop provision: PROVIDED, FURTHER, That in order to safeguard the right of nonassociation of education employees based on bona fide religious tenets or teachings of a church or religious body of which such educational employee is a member, such educational employee shall pay to the exclusive bargaining representative, for the purposes within the program of the representative as designated by such employee that would be in harmony with his individual conscience, an amount of money equivalent to regular dues, fees, and assessments required of a member, minus any included monthly premiums for exclusive bargaining representative sponsored insurance programs, and such employee shall not be a member of the exclusive bargaining representative, but shall be entitled to all representation rights of a member. If the employee and the exclusive bargaining representatives do not reach agreement on the matter the commission shall designate a nonreligious charity to which the funds shall be contributed; AND PROVIDED FURTHER, When there is a conflict between any collective bargaining agreement reached by an employer and an exclusive bargaining representative on a union security provision and any charter, ordinance, rule, or regulation adopted by the employer or its agents, the terms of the collective bargaining agreement shall prevail.

NEW SECTION. Sec. 13. (1) The commission shall promulgate, revise, or rescind, in the manner prescribed by the administrative procedure act, chapter 34.04 RCW, such procedural rules and regulations as it may deem necessary and appropriate to administer the provisions of this chapter in conformity with the intent and purpose of this chapter and consistent with the best standards of labor-management relations.

(2) The rules, precedents, and practices of the national labor relations board shall, provided they are consistent with this 1974 amendatory act, be considered by the commission in its interpretation of this act and prior to adoption of any commission rules and regulations.

NEW SECTION. Sec. 14. (1) Either an employer or an exclusive bargaining representative may declare that an impasse has been reached between them in collective bargaining over wages, hours, and terms and conditions of employment and may request the commission to appoint a mediator for the purpose of assisting them in reconciling their differences and resolving the controversy on terms which are mutually acceptable. Upon such request the commission shall, no later than five days after the receipt of a request, appoint a mediator in accordance with rules and regulations for such appointment prescribed by the commission. The commission may, on its own volition, declare that an impasse has been reached in collective bargaining over wages, hours, and terms and conditions of employment and appoint a mediator. The mediator shall meet with the parties or their representatives, or both, forthwith, either jointly or separately, and shall take such other steps as he may deem appropriate in order to persuade the parties to resolve their differences and effect a mutually acceptable agreement. The mediator shall not, without the consent of both parties, make findings of fact or recommend terms of settlement. The services of the mediator, including, if any, per diem expenses, shall be provided by the commission without cost to the parties. Nothing in this subsection shall be construed to prevent the parties from mutually agreeing upon their own mediation procedure and in the event of such agreement, the commission shall not appoint its own mediator unless failure to do so would be inconsistent with the effectuation of the purpose and policy of this chapter.

(2) If the mediator is unable to effect settlement of the controversy within ten days after his appointment, either party may, by written notification to the other, request that their differences be submitted to fact-finding with recommendations. Such recommendations shall be advisory only. Within five days after receipt of the aforesaid written request for fact-finding, the parties shall select a person to serve as fact-finder and obtain a commitment from that person to serve. If they are unable to agree upon a fact-finder or to obtain such a commitment within that time, either party may request the commission to designate a fact-finder. The commission shall, within five days after receipt of such request, designate a fact-finder in accordance with rules and regulations for such designation

prescribed by the commission. The fact-finder so designated shall not, without the consent of both parties, be the same person who was appointed mediator pursuant to subsection (1) of this section.

The fact-finder shall, within five days after his appointment, meet with the parties or their representatives, or both, forthwith, either jointly or separately, and make inquiries and investigations, hold hearings, and take such other steps as he may deem appropriate. For the purpose of such hearings, investigations and inquiries, the fact-finder shall have the power to issue subpoenas requiring the attendance and testimony of witnesses and the production of evidence. If the dispute is not settled within ten days after his appointment, the fact-finder shall make findings of fact and recommend terms of settlement within thirty days after his appointment, which recommendations shall be advisory only.

(3) Such recommendations shall, together with the findings of fact, be submitted in writing to the parties and the commission privately before they are made public. Either the commission, the fact-finder, the employer or the exclusive bargaining representative may make such findings and recommendations public if the dispute is not settled within five days after their receipt from the fact-finder.

(4) The costs for the services of the fact-finder, including, if any, per diem expenses and actual and necessary travel and subsistence expenses, and any other incurred costs, shall be borne equally by the employer and the exclusive bargaining representative.

(5) Nothing in this section shall be construed to prohibit an employer and an exclusive bargaining representative from agreeing to substitute their own procedure for resolving impasse in collective bargaining for that provided herein or from agreeing to utilize for the purposes of this section any other governmental or other agency or person in lieu of the commission.

(6) Any fact-finder designated by an employer and an exclusive bargaining representative or the commission for the purposes of this section shall be deemed an agent of the state.

NEW SECTION. Sec. 15. (1) An employer and an exclusive bargaining representative may agree to require that disputes between them concerning wages, hours, and terms and conditions of employment shall be resolved by binding arbitration.

(2) Where a party to such agreement is aggrieved by the failure, neglect, or refusal of the other party to proceed to arbitration pursuant to the procedures provided therefor in such agreement such aggrieved party may file a complaint in the superior court for the county in which the main offices of the school district is located or in the superior court of Thurston county if a community college district is party to such complaint for a summary action seeking an order directing that the arbitration proceed pursuant to the procedures provided therefor in such agreement;

(3) Unless the award of the arbitrator is deficient because:

- (a) it was procured by corruption, fraud, or other misconduct; or
- (b) of partiality of the arbitrator; or

(c) the arbitrator exceeded his powers or so imperfectly executed them that a final and definite award upon the subject matter was not made, such award shall be final and binding upon the parties and may be enforced by the filing of a complaint in the superior court for the county in which the main offices of the school district is located or in the superior court of Thurston county if a community college district is party to such complaint for a summary action. Utilization of the procedures provided for in sections 16 and 17 of this 1974 amendatory act shall not be a precondition to the filing of such a complaint.

NEW SECTION. Sec. 16. (1) It shall be an unfair labor practice for an employer to:

(a) impose or threaten to impose reprisals on any employee, discriminate or threaten to discriminate against any employee or otherwise interfere with, restrain, or coerce any employee because of his exercise of rights guaranteed by this chapter; or

(b) dominate, interfere with or assist or in the formation or administration of any employee organization; or

(c) encourage or discourage membership in any employee organization by discrimination in regard to hire, tenure of employment or any term or condition of employment: PROVIDED, That nothing contained in this subsection shall prevent an employer from requiring, as a condition of continued employment, payment to or membership in an exclusive bargaining representative pursuant to section 12 of this 1974 amendatory act,

respectively: PROVIDED FURTHER, That no employer shall justify any discrimination against any employee for nonmembership in any employee organization if he has reasonable grounds for believing such membership was:

(i) not available to the employee on the same terms and conditions generally applicable to other members; or

(ii) denied or terminated for reasons other than the failure of the employee to tender the dues, fees and assessments uniformly required as a condition of acquiring or retaining membership; or

(d) deny to any employee organization the rights guaranteed to it by this chapter; or

(e) refuse or fail to bargain in good faith with an exclusive representative if requested to do so in regard to wages, hours, and terms and conditions of employment; or

(f) fail to comply with any lawful provision of an agreement covering wages, hours, and terms and conditions of employment, or the award of an arbitrator issued pursuant to the procedures referred to in section 15 (1) of this 1974 amendatory act unless that award is deficient under section 15 (3) of this 1974 amendatory act; or

(g) fail to comply with any provision of this chapter.

(2) It shall be an unfair labor practice for an employee organization to:

(a) restrain or coerce any employee in the exercise of the rights guaranteed to him by this chapter; or

(b) restrain or coerce an employer in the selection of its representative for the purpose of collective bargaining or the adjustment of grievances; or

(c) cause or attempt to cause an employer to discriminate against an employee in violation of subsection 1 (c) of this section or to discriminate against an employee with respect to whom membership in such organization has been denied or terminated on some ground other than his failure to tender the dues, fees and assessments uniformly required as a condition of acquiring or retaining membership;

(d) refuse or fail to bargain in good faith with an employer if requested to do so in regard to wages, hours, and terms and conditions of employment, provided it is the representative of his employees subject to the provisions of section 11 of this 1974 amendatory act; or

(e) fail to comply with any lawful provision of an agreement covering wages, hours, and terms and conditions of employment, or the award of an arbitrator issued pursuant to the procedures referred to in section 15 (1) of this 1974 amendatory act, unless that award is deficient under section 15 (3) of this 1974 amendatory act; or

(f) fail to comply with any provisions of this chapter.

NEW SECTION. Sec. 17. (1) The commission is empowered to prevent any person from engaging in any unfair labor practice as defined in section 16 of this 1974 amendatory act. This power shall not be affected by any other means of adjustment or prevention that has been or may be established by agreement, law, or otherwise.

(2) If the commission determines that any person has engaged in or is engaging in any such unfair labor practice as defined in section 16 of this 1974 amendatory act, then the commission shall issue and cause to be served upon such person an order requiring such person to cease and desist from such unfair labor practice, and to take such affirmative action as will effectuate the purpose and policy of this chapter, including the payment of damages and/or the reinstatement of employees.

(3) The commission may petition the superior court for the county in which the main office of the school district is located or wherein the person who has engaged or is engaging in such unfair labor practice resides or transacts business, for the enforcement of its order and for appropriate temporary relief: PROVIDED, That a petition filed by the commission in which a community college district is a party to such petition, shall be filed in the superior court of Thurston county.

NEW SECTION. Sec. 18. Actions taken by or on behalf of the commission shall be pursuant to chapter 34.04 RCW or rules and regulations adopted in accordance therewith, and the right of judicial review provided by that chapter shall be applicable to all such actions and rules and regulations.

NEW SECTION. Sec. 19. This act shall supersede existing statutes not expressly repealed to the extent that there is a conflict between a provision of this act and those other

statutes. Except as otherwise expressly provided herein, nothing in this chapter shall be construed to annul, modify or preclude the renewal or continuation of any lawful agreement entered into prior to the effective date of this chapter between an employer and an employee organization covering wages, hours, and terms and conditions of employment.

NEW SECTION. Sec. 20. Contracts or agreements, or any provision thereof entered into between community college boards of trustees and an exclusive representative pursuant to this 1974 amendatory act shall not be affected by or be subject to chapter 28B.19 RCW.

NEW SECTION. Sec. 21. Whenever a collective bargaining agreement between an employer and a bargaining representative is concluded after the termination date of the previous collective bargaining agreement between the employer and an employee organization representing the same employees, the effective date of such collective bargaining agreement may be the day after the termination date of the previous collective bargaining agreement and all benefits included in the new collective bargaining agreement including wage increases may accrue beginning with such effective date as established by this section.

Signed by: Senators Connor, Chairman; Fleming, Grant, Ridder, Woody.

The bill was read the second time by sections.

PARLIAMENTARY INQUIRY

Senator Washington: "I would like to perhaps get an advance ruling as to how we are going to handle the amendments, and it would seem to me that we have the committee amendment which really is a full bill in itself, and that should not be considered the amendment. When amendments are put up to that, it would be an amendment, and when we amend the amendment which has been put up on a sheet, it would only be an amendment to an amendment and not be overruled because it is an amendment to an amendment to an amendment."

REPLY BY THE PRESIDENT

The President: "Senator Washington, the President believes unless the members of the Senate wish to suspend the rules that it would be impossible to consider the committee amendment as the bill in itself."

POINT OF ORDER

Senator Woodall: "We have no rules to suspend; as was pointed out last night we were permitted to reconsider a measure for the third time on the basis that there are no rules. Therefore, it would seem to me that the point by Senator Washington is correct, that if the body wished to consider an amendment to an amendment to an amendment, which is three times, it would be comparable to the matter of reconsidering something three times. So I see no reason why it could possibly be ruled out of order."

REPLY BY THE PRESIDENT

The President: "Senator Woodall, the President appreciates the philosophy of your remarks and believes that your remarks are correct, but last night Senator Woody moved for a suspension of the rules in order for his particular motion to be considered. The President believes that that would be necessary in this case also."

REMARKS BY SENATOR WASHINGTON

Senator Washington: "Mr. President, could I make one further observation? This committee amendment really is almost, I would say, in the form of a substitute bill. It is a complete bill in itself and as a technique it could have been submitted as a substitute bill rather than as a committee amendment, and there are going to be a number of problems. I have seen some amendments that are put up and the only orderly way would be to be able to amend the small sheets that are put up to carry on and I would think that the body might well wish to follow that procedure. Otherwise we are not going to be able to amend any of the amendments that are placed up there."

PARLIAMENTARY INQUIRY

Senator Henry: "Mr. President, as long as you are already on this horns of the dilemma, I would like a parliamentary inquiry as to the status of the bill. As I recall, Senator Grant I believe it was, moved that we immediately consider this bill last night on the calendar and the motion was not voted down. It was tabled. Now under Reed's Rules, does that not take the bill on the table with it?"

REMARKS BY SENATOR CLARKE

Senator Clarke: "Speaking on the general philosophy of rules, Mr. President, it would seem to me that when we are operating without rules that would mean that the ordinary parliamentary rules would apply, but that without rules the body, by majority vote, then at any time may in effect decide otherwise, so that I would suggest that the President would follow the ordinary rules and that the proper motion by Senator Washington would be that in this instance the procedure be as he suggests. Then if a majority of the body should wish to proceed and pursuant to the motion by Senator Washington, the matter would be entirely in order since without rules the majority can determine how it wishes to proceed, but unless the body so elects on its own motion then the President properly applies the ordinary rules of parliamentary procedure."

REPLY BY THE PRESIDENT

The President: "The President believes that you have expressed the situation very well, Senator Clarke."

REPLY BY THE PRESIDENT

The President: "Senator Henry, the President believes that in the instance to which you referred it would be necessary for the motion to have included the bill to be tabled along with the original motion."

MOTIONS

On motion of Senator Washington, for purposes of amending, the committee amendment will be considered as a substitute bill and that amendments to amendments to the committee amendment be allowed.

Senator Grant moved adoption of the committee amendment.

Senator Durkan moved adoption of the following amendment by Senators Durkan and Washington to the committee amendment:

On page 1, section 2, line 19 after "own choosing" strike the language up to and including the word "activities" on line 20.

POINT OF INQUIRY

Senator Dore: "Will Senator Durkan yield to a question? What would the intent of your amendment be? Would it prohibit a strike or permit it or what?"

Senator Durkan: "The intent of the amendment is that there is nothing in this bill that permits the right to strike by teachers."

The motion by Senator Durkan carried and the amendment by Senators Durkan and Washington to the committee amendment was adopted.

Senator Atwood moved adoption of the following amendments to the committee amendment:

On page 1, section 2, line 10 strike "and community college districts".

On page 1, section 2, line 15 strike "and community college districts".

Debate ensued.

Senator Greive demanded a roll call and the demand was sustained by Senators Herr, Canfield, Peterson (Ted), Atwood, Matson, Twigg, Murray, Lewis (Harry) and Wanamaker.

ROLL CALL

The Secretary called the roll and the amendments by Senator Atwood to the committee amendment to page 1, lines 10 and 15, were adopted by the following vote: Yeas, 26; nays, 20; excused, 3.

Voting yea: Senators Atwood, Canfield, Clarke, Day, Donohue, Henry, Herr, Jolly, Jones, Keefe, Lewis (Harry), Lewis (R. H. "Bob"), Mardesich, Marsh, Matson, Murray, Newschwander, Peterson (Ted), Sandison, Scott, Sellar, Twigg, Van Hollebeke, Wanamaker, Whetzel, Woodall—26.

Excused: Senators Fleming, Francis, Guess—3.

On motion of Senator Atwood, the following amendments to the committee amendment were considered and adopted simultaneously:

On page 2, section 3, line 2 strike "and any board of trustees of any state community college district".

On page 2, section 3, line 5 strike "or faculty member of a community college,".

On page 2, section 3, line 11 after "managers" strike "and shall mean for community colleges the president, deans, directors, and business managers".

On page 7, section 9, line 29 strike "except in community college districts,".

On page 13, section 15, line 18 strike "or in the superior court of Thurston County if a community college district is party to such complaint for a summary action".

On page 16, section 20, line 18 strike all of new section 20. Renumber remaining sections consecutively.

On page 18, section 28, line 28 beginning with subsection (10) strike all subsections down to and including subsection (20) on page 19.

Senator Whetzel moved adoption of the following amendment to the committee amendment:

On page 1, section 2, line 23 after "employers" strike the period and insert: "PROVIDED, That it is the purpose of this chapter to provide as an alternative to strikes in the educational sector an orderly process for the settlement of disputes and the adjustment of grievances. To that end the legislature declares that nothing in this chapter shall be construed to grant educational employees the right to strike and that the right to strike is hereby expressly prohibited."

REMARKS BY SENATOR DURKAN

Senator Durkan: "Speaking against the amendment, historically it has been proven, and factually it has been proven, that where you have put in a right not to strike or no strike provisions in the law such as in the case of New York and such as in the case of Florida where they have gone on strike, that the very practical aspects of it is that they have violated the law and nothing more is accomplished except much bitterness between those who are striking and those who are trying to get them back to work. Now that is actually the fact. Those of us who have engaged in this type of practice recognize that the no strike

provision for public employees is not workable. It is not workable. We already have permitted public employees to strike in this state. We in the legislature in 1963 gave that right to employees of public utility districts. They have used it with great discretion and it has not harmed the process of negotiation. But more important than that is if you are going to spell out that they do not have the right to strike, obviously we should be talking about compulsory arbitration. And that is something I think no one wants if you are not going to permit them to strike.

"Now it should be very clear that there is nothing in this bill that does permit them to strike. The case law in this state also is clear as to the right of public employees as to whether they can strike or not. Those of you who are familiar with the Port of Seattle case know that the courts have held that public employees do not have the right to strike unless it specifically is granted to them. And there is nothing in this bill that specifically grants the right to strike to public employees.

"In answer to Senator Dore's question earlier on the first amendment, I stated that it was the intent of the sponsors of the bill and the sponsors of the legislature nothing in this bill will grant public employees the right to strike. I think that putting language like this in this bill invites disasters in the future in the sense of trying to properly negotiate with those public employees. Incidentally, I feel that public employees should have the right to strike, but I am in the minority. So I would hope that we would not use this language and use it as a red flag to cause much trouble in the future as far as negotiations are concerned between school districts and their employees."

MOTION

Senator Woodall: "I move that that part of Senator Durkan's remarks that there is nothing in this bill that intends to give to teachers the right to strike be incorporated in the Journal."

POINT OF INQUIRY

Senator Mardesich: "I wonder if someone might yield to a question? In the event of a strike, is there any provision in the law - it seems to me I recall something a few years back - which provides that the school districts shall not get funds under the matching formula so that a strike might not be provoked in an attempt to build up the coffers?"

Senator Durkan: "Senator Mardesich, I think the best example of that can be explained by Senator Marsh, what happened in Vancouver when the teachers went on strike as to the workings of the formula."

POINT OF ORDER

Senator Woodall: "There is a motion pending."

REPLY BY THE PRESIDENT

The President: "The President thought that Senator Durkan was going to speak on the motion, Senator."

The motion by Senator Woodall carried. The remarks by Senator Durkan were ordered placed in the Journal.

REPLY BY SENATOR MARSH

Senator Marsh: "Senator Mardesich, in the Evergreen School District the school district did not get the funds for the days the teachers did not teach."

POINT OF INQUIRY

Senator Whetzel: "I wonder if Senator Grant can tell us how the special levies are doing in New York City."

POINT OF INQUIRY

Senator Washington: "A question to Senator Marsh. As I understand it, the law at the present time in the state of Washington as enunciated by the courts is that strikes are prohibited and that in Vancouver and at least one other area the court issued an injunction and that the teachers who violated that were held in contempt and were placed in jail."

Senator Marsh: "It is correct that the case law does hold strikes to be illegal. It is true in the Evergreen School District an injunction was issued and it is further true that when some of the leaders continued to refuse to instruct their associates to go back to work, the judge held some of the leaders to be in contempt and jailed them for contempt."

Senator Washington: "Senator Marsh, as I read this amendment it struck me as not being anything like the one in New York, but that it merely is an enunciation of what the law is at the present time in the state of Washington."

Senator Marsh: "I think it is the enunciation of the case law, yes."

POINT OF INQUIRY

Senator Woodall: "Would Senator Marsh yield? You say that some of the people out at this Evergreen College were held in contempt?"

Senator Marsh: "This is the Evergreen School District."

Senator Woodall: "I thought it was Evergreen College. If you said they held they were in contempt I was going to concur."

Further debate ensued.

Senator Scott demanded a roll call and the demand was sustained by Senators Canfield, Metcalf, Twigg, Herr, Clarke, Jones, Murray, Lewis (R. H. "Bob") and Atwood.

ROLL CALL

The Secretary called the roll and the amendment by Senator Whetzel to page 1, section 2, line 23 of the committee amendment was adopted by the following vote: Yeas, 25; nays, 19; absent or not voting, 2; excused, 3.

Voting yea: Senators Atwood, Canfield, Clarke, Donohue, Dore, Durkan, Henry, Herr, Jones, Lewis (Harry), Lewis (R. H. "Bob"), Marsh, Matson, Metcalf, Murray, Newschwander, Peterson (Ted), Scott, Sellar, Twigg, Van Hollebeke, Wanamaker, Washington, Whetzel, Woodall—25.

Voting nay: Senators Bailey, Beck, Bottiger, Connor, Day, Grant, Greive, Jolly, Keefe, Knoblauch, Odegaard, Peterson (Lowell), Rasmussen, Ridder, Sandison, Stortini, von Reichbauer, Walgren, Woody—19.

Absent or not voting: Senators Mardesich, Talley—2.

Excused: Senators Fleming, Francis, Guess—3.

NOTICE OF RECONSIDERATION

Having voted on the prevailing side, Senator Durkan served notice that he would, at the appropriate time, move to reconsider the vote by which the amendment by Senator Whetzel to page 1, section 2, line 23 of the committee amendment was adopted.

PARLIAMENTARY INQUIRY

Senator Woodall: "After the result has been announced you can make a switch?"

REPLY BY THE PRESIDENT

The President: "Yes, Senator."

MOTION

Senator Grant moved adoption of the following amendment to page 3, section 3, line 21 of the committee amendment:

On page 3, section 3, line 21, of the committee amendment to Engrossed Substitute House Bill No. 1341, after "act" and before the period insert the following:

": PROVIDED, That if the state labor-management relations act, chapter . . . , Laws of 1974 1st ex. sess. (E 2nd SSB 3042), is enacted into law, "commission" for the purposes of this 1974 act shall mean the "state labor-management relations board" created in that act, and, in such event, any moneys appropriated for the operation of the education employment relations commission for the 1973-75 fiscal biennium are hereby transferred to and made available for the operation of the labor-management relations board, or so much thereof as shall be necessary, and sections 4, 5, and 6 of this 1974 act shall be void and of no effect".

Debate ensued.

POINT OF INQUIRY

Senator Matson: "Will Senator Grant yield? I am just wondering whether there is any fiscal note on this board in the first case and in the amendment that you propose."

Senator Grant: "Yes, Senator Matson, there was an appropriation attached to Senate Bill No. 3042, and there is also an amount in the budget in the event of passage of 1341. It seems to me that the appropriation, I am trying to recall off the top of my head, for the state labor relations board is in the neighborhood of one hundred and ninety thousand dollars. For the educational employees' commission, I think, it is one hundred and fifty-five thousand dollars."

The motion by Senator Grant carried and the amendment to page 3, section 3, line 21 of the committee amendment was adopted.

Senator Matson moved adoption of the following amendment:

On page 3, section 3, line 33, strike "include, but not".

Debate ensued.

Senator Durkan demanded a roll call and the demand was sustained by Senators Odegaard, Knoblauch, Greive, Grant, Murray, Atwood, Ridder, Whetzel and Lewis (R. H. "Bob").

ROLL CALL

The Secretary called the roll and the amendment by Senator Matson to page 3, section 3, line 33 of the committee amendment was not adopted by the following vote: Yeas, 20; nays, 24; absent or not voting, 2; excused, 3.

Voting yea: Senators Atwood, Bottiger, Canfield, Clarke, Donohue, Jones, Lewis (Harry), Lewis (R. H. "Bob"), Matson, Metcalf, Murray, Newschwander, Peterson (Ted), Scott, Sellar, Twigg, Wanamaker, Washington, Whetzel, Woodall—20.

Voting nay: Senators Bailey, Beck, Connor, Day, Dore, Durkan, Grant, Greive, Herr, Jolly, Keefe, Knoblauch, Marsh, Odegaard, Peterson (Lowell), Rasmussen, Ridder, Sandison, Stortini, Talley, Van Hollebeke, von Reichbauer, Walgren, Woody—24.

Senator Durkan moved adoption of the following amendment to the committee amendment:

On page 3, section 3, beginning on line 32, strike the entire paragraph.

Debate ensued.

The motion by Senator Durkan failed and the amendment to page 3, section 3, beginning on line 32 of the committee amendment was not adopted.

Senator Matson moved adoption of the following amendment to the committee amendment:

On page 4, section 3, line 2, after "personnel" strike the comma.

Debate ensued.

POINT OF INQUIRY

Senator Donohue: "Senator Canfield, would you yield to a question? Senator Canfield, you were alluded to, I think, yesterday or the day before as being the grammatical expert and I am surely not up on that area. Would you comment on this and tell the body in your words what you think the comma means?"

Senator Canfield: "Senator, sometimes I just do not understand that Hubert Donohue. Anyway, I am not an authority on commas but I would say this; that the comma, as I read this, means that personnel by itself is an item of negotiation; comma, the hiring by itself is an item of negotiation. If you take the comma out, then personnel hiring, one item, not two, is the subject for negotiation. I would like to kind of illustrate it this way. Down in Senator Jolly's district in Pasco they had some problems over an item of personnel. You remember, Senator. And due to the fact that this thing became so personal it involved a tremendous community split, a fight that rocked the school board to its foundations, resulting in the recall of the entire school board and the firing of the superintendent. So I think a comma can be quite important, Senator Donohue."

The motion by Senator Matson carried and the amendment to page 4, section 3, line 2 of the committee amendment was adopted on a rising vote.

Senator Washington moved adoption and consideration of the following amendments to the committee amendment simultaneously:

On the Committee on Labor amendment on page 3, section 3 (7), line 33, following "include" strike " , but not be limited to,".

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President and members of the Senate, I think Senator Metcalf's

amendment strikes at the heart of the bill. The issue of the bill really is whether or not we are going to have collective bargaining, or whether we are going to have a right-to-work status for teachers. The state voter has settled the right-to-work issue some time ago. Agency shop, union shop, closed shop, the right-to-work people oppose each in principle. I realize it is hard to take a minority and say you have to join a union, but the minority is never hesitant to accept all of those benefits that the majority got for them, and they want the majority to pay for those benefits and pay for the service to get those benefits. They move in rather rapidly to collect the gains. I do not think that the agency shop has any problem at all. I do not think it unfair to ask all those people to pay their share of the service that they get to get those working benefits and some of the improvements in their laboring conditions. I think, with Senator Metcalf's amendment, we are going right back to a right-to-work provision and that is all and simply what this amendment calls for."

Debate ensued.

There being no objection, the amendment by Senator Metcalf to the committee amendment was withdrawn.

MOTION FOR RECONSIDERATION

Having given prior notice, Senator Durkan moved that the Senate do now reconsider the vote by which the amendment by Senator Whetzel to page 1, section 2, line 23 to the committee amendment was adopted.

Debate ensued.

Senator Day demanded a roll call and the demand was sustained by Senators Durkan, Washington, Metcalf, Connor, Bailey, Odegaard, Sandison, Greive and Stortini.

The President declared the question before the Senate to be the motion for reconsideration of the vote by which the amendment by Senator Whetzel to the committee amendment was adopted.

REPORT OF FREE CONFERENCE COMMITTEE

April 23, 1974.

Mr. President:

Mr. Speaker:

We, of your Free Conference Committee, to whom was referred SUBSTITUTE

SENATE BILL NO. 3145, permitting the establishment of satellite banking facilities, have had the same under consideration, and we recommend that the bill be amended as follows:

On page 1, line 20, after "branch" and before the period insert ": PROVIDED FURTHER, That in considering any application for authority to open a new branch or to establish a new financial institution, the supervisor shall disregard the existence of facilities established pursuant to this act in determining whether there is reasonable promise of adequate support for the new branch or proposed new financial institution".

On page 3, following line 1, add the following new section:

"NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government, and shall take effect immediately."

On line 2 of the title, after "RCW" insert "; and declaring an emergency".

All House amendments are to be stricken.

Signed by: Senators Dore, Clarke and Mardesich; Representatives Pardini and Ceccarelli.

MOTIONS

On motion of Senator Mardesich, Senator Rasmussen was excused.

Senator Dore moved that the report of the Free Conference Committee on Substitute Senate Bill No. 3145 be adopted.

POINT OF INQUIRY

Senator Bailey: "Would Senator Dore yield? Senator, I can see the reason for not considering the satellites when you apply as a new bank. I think that would help the small banking establishment, but what is the logic behind having the emergency clause on the bill? Is there any effort here to keep from having it subject to referendum?"

Senator Dore: "Answering the question, in January there was no necessity for the emergency clause because we thought the bill would be in effect by May 1, but it did not get through. It stayed on the rostrum of the House. But on May 1 the mutuals and savings had established a pilot program over in the Bellevue shopping center and they will need this legislation or they will have great difficulty, in fact I think they would be prohibited from setting up. And that is the reason for the emergency clause."

Debate ensued.

There being no objection, Senators Keefe and Stortini were excused.

The motion by Senator Dore carried and the Senate adopted the report of the Free Conference Committee on Substitute Senate Bill No. 3145.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 3145, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 42; absent or not voting, 2; excused, 5.

Voting yea: Senators Atwood, Bailey, Beck, Bottiger, Canfield, Clarke, Day, Donohue, Dore, Durkan, Fleming, Grant, Greive, Henry, Herr, Jolly, Jones, Knoblauch, Lewis (Harry), Mardesich, Marsh, Matson, Metcalf, Murray, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Scott, Sellar, Talley, Twigg, Van Hollebeke, von Reichbauer, Walgren, Wanamaker, Washington, Whetzel, Woodall, Woody—42.

Absent or not voting: Senators Connor, Lewis (R. H. "Bob")—2.

Excused: Senators Francis, Guess, Keefe, Rasmussen, Stortini—5.

SUBSTITUTE SENATE BILL NO. 3145, as amended by the Free Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SUBSTITUTE SENATE BILL NO. 3145,
SUBSTITUTE SENATE BILL NO. 3146,
SENATE BILL NO. 3257.

MOTION PENDING

The Senate resumed consideration of the motion by Senator Durkan made earlier today that Engrossed Second Substitute House Bill No. 1341, the educational-employment relations act, be referred to the Committee on Labor.

With the consent of the Senate, the motion by Senator Durkan was withdrawn.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, having given prior notice and the Senate moving previously to reconsider the vote by which the amendment by Senator Whetzel to page 1, section 2, line 23 to the committee amendment to Engrossed Second Substitute House Bill No. 1341 was adopted, Senator Durkan moved that the Senate do again reconsider the vote by which the amendment to the amendment was adopted.

The motion for reconsideration failed on a rising vote.

MOTION

Senator Durkan moved that Engrossed Second Substitute House Bill No. 1341 be referred to the Committee on Education.

REMARKS BY SENATOR BAILEY

Senator Bailey: "I want to make a statement on that, but I am not going to oppose the motion, but this bill had been in the Labor Committee before and I do not think it belongs in Education. Let it go if that is where they want it, but that probably will be the end of it."

The motion by Senator Durkan carried. Engrossed Substitute House Bill No. 1341, providing for an educational relations act, was referred to the Committee on Education.

PERSONAL PRIVILEGE

Senator Grant: "Mr. President and members of the Senate, in regard to the bill that was just referred back to committee, I feel quite let down, frankly. We did work very hard in trying to effect a compromise in this area in the Labor Committee. We did write a bill that I thought did contain compromise sufficient to see its passage. I am somewhat relieved frankly that now the Education Committee will go through the rack on this item. It has not been easy to try to get this issue resolved because there are so many varying opinions and so many people involved. I would just like to say to you though that putting it away now is not going to resolve the problem. I expect that there are going to be even more serious confrontations as a result of the action today than we have seen in the past."

PERSONAL PRIVILEGE

Senator Clarke: "Also on a matter of personal privilege, I think that actually we have had before us one of the most important bills, one of the most important concepts that can come before a legislature, and I can thoroughly appreciate the feelings of the people who are, Senator Grant and the WEA and their representatives. But the thing that has bothered me about this whole situation is that we are dealing here with something that is closer to the greatest majority of our constituents than any other single issue and that is the education of their children. This should not be an adversary situation as between school boards and teachers because they should be encouraged to be in a cooperative situation where they are both striving to achieve the ultimate result which is dear to every American family and that is, what is best for the youth of the nation. So it is a very difficult thing and I appreciate the problems that Senator Grant has had and I also appreciate the work that the leaders of the WEA have had and I know that they are very sincere in what they are seeking to achieve. I spent over twenty years on a school board and I will say that any school board member who does not consult at length with the teachers in the school system as to everything that affects education is completely ill advised. But on the other hand, let us look at what we are really facing here and this is the question of the power of direction of the people themselves. They can act only through their elected representative, in this instance the school board, with whom they can come and with whom they can talk. And in the final analysis where you are dealing with a situation which would in effect take away from the power of the people to make these determinations and make each one of these issues that affects their children a negotiable item, a negotiable item with someone who, under the continuing contract law, they have no direct control over, I think this is the problem. This is the reason why, I think instinctively, you find so many of the legislators here who perhaps instinctively know that their neighbor whose children are being educated are very much interested in this entire concept and they expect us at this representative level to in effect think for them, and this is what I believe we are endeavoring to do and this is why I think a bill of this nature needs very careful consideration."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President, maybe it is just as well this bill did not pass. If the bill had passed and we have a strike this spring or fall, everyone in the state would say Engrossed House Bill No. 1341 caused the strike. I hope that you will keep this in mind. As inflation sets in more and more and the teacher has less and less buying power and the levies fall faster and faster, I think we are heading for more and more teachers' strikes. I hope you keep it in mind as we go along. Many of the school directors tried to work this out; many of them did not want to work it out — they would not give an inch and they did not want to deal with anybody and they are not going to deal with anybody until they have to. I hope when these strikes come that they remember that they are operating without a law and it was not 1341 that caused it. I think they are going to regret they do not have some mechanism here to take care of the situation."

PERSONAL PRIVILEGE

Senator Van Hollebeke: "Mr. President and members of the Senate, also speaking on a point of personal privilege, I would like to second some of the remarks of Senator Grant here and personally commend Senator Connor and his committee and staff on the tremendous amount of work that Senator Grant has put into this important measure. I think many of the points that Senator Clarke made are as usual made extremely well. It is a very important measure and it is very hard for us to know, for any of us to know just what is right in this area. I think we are making a mistake. I do not see that it has been justified to take it out of one committee after it has been worked on for so long and so arduously in that committee to pump it into another committee. And although I was one of those who felt we were getting into too many things in too short a time here and still feel like that, I began to think we were getting pretty close to getting the bill and maybe we should have

kept on with it. That is done, but I would like at least to take this opportunity to thank those who worked so hard in getting what they believed is right for the schools and teachers and all involved."

Further debate ensued.

MOTION

On motion of Senator Woody, Senator Grant was excused.
There being no objection, the Senate returned to the fifth order of business.

NEW SECTION. Sec. 9. There is added to chapter 15, Laws of 1961 and to chapter 84.40 RCW a new section to read as follows:

The department of revenue shall promulgate such rules and regulations, and prescribe such procedures as it deems necessary to carry out sections 1 through 8 of this 1974 act.

NEW SECTION. Sec. 10. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 11. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect on May 1, 1974."

Senator Durkan moved adoption of the following amendment to the amendment:

On page 3, beginning on line 33, strike all the material down through line 2 on page 4.

POINT OF INQUIRY

Senator Atwood: "Would Senator Durkan yield? Senator Durkan, what is the fiscal impact of moving that up?"

Senator Durkan: "It will cost for immediate implementation three point eight million."

Senator Atwood: "I do not think we can stand it."

Senator Durkan: "We got six point two million in the bill."

Senator Atwood: "Okay, but I think. . . ."

Senator Durkan: "In the present budget there is six point two million."

POINT OF INQUIRY

Senator Greive: "Senator Atwood, I for one am certainly not committed on this and I would sure like to hear his explanation. If you have some reasons."

Senator Atwood: "It was my understanding we do not have the final posture, at least I have not seen them, of how much money is left. I think he may have it. He has six million and it costs three point four, then it may be within the projected revenue."

REMARKS BY SENATOR DURKAN

Senator Durkan: "Mr. President, the six point two was considered in the major appropriation bill. In addition to that, including if we use the six point two total which we are not going to do, if we use that on the low side we would have four point four left in the black, not counting the difference between the seventy-two and the eighty-two in the building of the Department of Social and Health Services. If you use that ten, then we have about fourteen million. So on the low side we end up with about seven million in the black, using the Senate's figures."

POINT OF INQUIRY

Senator Woody: "Will Senator Durkan yield? Senator, what will your next amendment be? Because it will depend to an extent upon what your next amendment is."

Senator Durkan: "Then I would move, if this amendment is adopted that on page 4, line 4, strike the word 'eighty' and substitute the word 'seventy-five'."

Senator Woody: "As I understand it then, if both of those were adopted there would be no reduction from January 1, 1975 due in 1976 at all and then from January 1, 1976 for taxes due in 1977, instead of being eighty it will be seventy-five percent of true value?"

Senator Durkan: "That is incorrect. There will be reduction for taxes of the last half of the 1974 year."

Senator Woody: "And then earlier today when you were asking a question about the ten year straight line basis that there be no fiscal impact until 1976, under your amendment there would be. Is that correct?"

Senator Durkan: "Under this amendment there will be. If you adopt this amendment there will be a fiscal impact for the total year of three point eight but it would be divided in half because we are only going to take the last half year's taxes so it would be half of three eight which is one nine."

Senator Woody: "Apparently my normally good rabbit ears have not been working too well. How come we are changing from what we were discussing earlier?"

Senator Durkan: "In an effort to bring the two houses closer together, the House had a five year phase out with the immediate implementation. The Senate's phase out is a ten year period with waiting until 1976. The House accepted a ten year phase out as far as the Senate is concerned and we then propose that the Senate accept the immediate implementation."

Senator Durkan moved adoption of the following amendment to the committee amendment:

On page 4, line 4, strike "eighty" and insert "seventy-five".

POINT OF INQUIRY

Senator Dore: "A question on the same subject matter. How much is this going to cost us the first year then. Could you just give us the total figure?"

Senator Durkan: "One point nine million. The last half of this year."

Senator Dore: "Last half. And then how much next year?"

Senator Durkan: "In 1976, would you like to have me read the totals?"

Senator Dore: "I noticed you switched from eighty percent to seventy-five percent so we lost a little there."

Senator Durkan: "That is correct."

Senator Dore: "So I just wondered what the total impact of your amendment is, assuming that we did not have it. How much more is being provided for, how much more reduction?"

Senator Durkan: "It would begin in 1976 rather than now so you are moving it up one year."

Senator Dore: "No, I just wondered what is the total impact of your amendment? It has two phases, one the last six months of this year plus you reduce from eighty down to seventy-five percent of value the second year, and I wondered, the question is, what is the total dollars involved by your amendment?"

Senator Durkan: "Three point eight million."

Senator Dore: "Three point eight million."

The motion by Senator Durkan carried and the amendments to the amendment were adopted.

Senator Dore moved adoption of the following amendment to the amendment by Senator Durkan:

On page 2, strike lines 6 through 12.

POINT OF INQUIRY

Senator Bailey: "Would Senator Durkan yield? Senator Durkan, I probably have missed a point or a line here someplace, but we were to reimburse the counties and the cities and the local districts for the money taken off of the property tax, personal property tax. Now I can see giving credit on the B & O, but that does not return anything to the counties or cities that I see. How. . .?"

Senator Durkan: "It is the state B & O."

Senator Bailey: "I see. This is what I wanted to straighten out. In other words the tax will be on the books but it will be a credit on another tax."

Senator Durkan: "That is right. State."

The motion by Senator Dore carried and the amendment to the amendment by Senator Durkan was adopted.

On motion of Senator Durkan, the following amendment to the amendment by Senator Durkan was adopted:

On page 5, line 12, after "May" strike "1" and insert "10".

The motion by Senator Durkan carried and the amendment, as amended, was adopted.

On motion of Senator Durkan, the following amendment to the title was adopted:

On line 1 of the title, after "taxation;" strike the remainder of the title and insert the following:

"adding new sections to chapter 15, Laws of 1961 and to chapter 82.04 RCW; adding new sections to chapter 15, Laws of 1961 and to chapter 84.36 RCW; adding new sections to chapter 84.40 RCW; creating new sections; and declaring an emergency."

On motion of Senator Durkan, Engrossed House Bill No. 1301, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Day: "Would Senator Durkan yield to a question? Do you have any figures though on the counterbalancing factor of the business coming into the state?"

Senator Durkan: "It is problematical. We do not know because the tax is in existence. We do know, for instance, that many businesses in this state do not carry an inventory. I am personally familiar with one, an automobile agency that does not carry an inventory and when you go to buy a part, they will send to Portland to get the part. They do not carry them because of the inventory tax. We have had testimony from the public warehouses; we have had testimony from those who are interested in this, that it will generate more business in the state of Washington as a result of the elimination or phase out. The House wanted a five-year one. I am proposing the ten-year one because I think it is more appropriate."

Senator Day: "Thank you."

POINT OF INQUIRY

Senator Canfield: "Will Senator Durkan yield to a question? Senator, you referred to the elimination of agricultural inventories and I believe that the bill allows the elimination of salable agricultural inventory. Is that not correct?"

Senator Durkan: "That is right."

Senator Canfield: "But not the permanent inventory?"

Senator Durkan: "The farm machinery?"

Senator Canfield: "If the farm machinery is used just to operate the farm it would not be excused from the tax, would it? We are just excusing the salable inventory."

Senator Durkan: "The commodity that moves to market."

Senator Canfield: "Thank you."

Debate ensued.

POINT OF INQUIRY

Senator Lewis (R. H. "Bob"): "Would Senator Mardesich yield? Senator Mardesich, a couple of hours ago I had my wife call the hotel and say, 'Hold the room for tonight.' Would you suggest I call her and have her hold it for tomorrow night, too?"

Senator Mardesich: "No, but you can go home and I will stay."

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Durkan moved that the Senate immediately reconsider the vote by which Engrossed House Bill No. 1301, as amended by the Senate, passed the Senate.

Debate ensued.

MOTION

Senator Day moved that the motion for reconsideration by Senator Durkan be laid upon the table.

Debate ensued.

REMARKS BY SENATOR GREIVE

Senator Greive: “. . . I know you cannot lay a motion to reconsider on the table.”

REPLY BY THE PRESIDENT

The President: “Senator Greive, the motion by Senator Day is in order. It is possible to table a motion to reconsider.”

Further debate ensued.

REMARKS BY SENATOR DURKAN

Senator Durkan: “If we put my motion, if my motion carries, Senator Dore’s motion has been in effect defeated.”

There being no objection, the motion by Senator Day was withdrawn.

The President declared the question before the Senate to be the motion for reconsideration by Senator Durkan on the passage of Engrossed House Bill No. 1301, as amended by the Senate.

By Senators Woodall and Newschwander:

WHEREAS, The Washington state Legislature has reached and passed the agreed upon time of adjournment for the second time in recent memory; and

WHEREAS, Tempers flare and animosity arises due to the above factors and to the ridiculous precedent of the situation;

NOW, THEREFORE, BE IT RESOLVED, That commencing with the Forty-fourth Legislative Session, the Legislature shall not extend deliberations or continue in session past the hour of ten o'clock p.m.; and

BE IT FURTHER RESOLVED, That commencing with the Forty-fourth Legislative Session, no session of the Legislature shall be extended past the date agreed upon for adjournment, nor shall such extension be by any subterfuge or action such as stopping the clock; and

NOW, THEREFORE, BE IT RESOLVED, By the Senate, that the Committee on Higher Education be requested to conduct a study of this issue, including, but not limited to:

(1) The unique process of faculty negotiations at the community college level, in light of the dual authority structure of the system;

MOTION

Senator Bottiger moved adoption of the following resolution:

SENATE RESOLUTION 1974-272

By Senator Bottiger:

WHEREAS, There has been a dramatic expansion of public needs and governmental services in the State of Washington during the past ten years; and

WHEREAS, The Legislature of the State of Washington has begun to transform its procedures with respect to its constitutional responsibilities by modifying an inaccurate and inflexible budget adoption process that requires appropriation of funds as much as two and one-half years prior to being fully expended, and by eliminating delay in legislative response to such needs and services through the means of full-time research and administrative staff; and

WHEREAS, This transformation has attempted to retain the benefits of a part-time citizen legislature and encourage increased citizen concern with and participation in the legislative process by maintaining continuity of standing committee deliberations during a two-year period, and by enabling legislative standing committees to spend enough time for thorough inquiry into pending issues; and

WHEREAS, This transformation has required increasing "session length" each biennium beyond the constitutional limit of sixty days in the following progression:

1967-69	112 days
1969-71	152 days
1971-73	164 days
1973-75	147 days; and

WHEREAS, The public needs and governmental services requiring longer legislative sessions each year have been accompanied by rapid change in the economy which strain the budget process, by substantial injection of federal funds requiring reallocation of financial resources, by pressures on the inflexible and inequitable tax system of the state, and by rapidly shifting social priorities requiring legislative response; and

WHEREAS, This transformation of the legislative process is a novel and unresolved problem with few guidelines; but

WHEREAS, Experimentation is required in order to transform legislative procedures adopted in the nineteenth century into more effective and efficient modern organization even though such experimentation has only been partially successful and has caused extreme hardship to and disagreement among legislators causing public doubt about its elected representatives;

NOW, THEREFORE, BE IT RESOLVED, That the Legislature request its respective House and Senate Rules Committee to re-examine all elements of the legislative process.

BE IT FURTHER RESOLVED, That the respective Rules Committees of the House and Senate analyze and report to the Legislature recommendations for the alteration of the budget consideration process, including time requirements for adequate examination of the budget and the creation of state revenue and budget systems which might better predict changes in revenue raising and spending.

Debate ensued.

The motion by Senator Bottiger carried and the resolution was adopted.

PERSONAL PRIVILEGE

Senator Lewis (Harry): "Mr. President and members of the Senate, I would like to take this opportunity to pay tribute to the President of the Senate for his kindness and consideration for the minority caucus over here. We think that you have been very fair and that you really work at being fair, in addition to being quite a linguist. And we just want to express to you, Governor John, our appreciation for that attitude which is very important to us and which we very much appreciate, sir."

REPLY BY THE PRESIDENT

The President: "Thank you very much, Senator Lewis."

PERSONAL PRIVILEGE

Senator Atwood: "Mr. President, I would like to join in Senator Lewis's remarks and I would like to compliment the majority leader. He was unduly quiet today. He is sick of giving us marching orders and having open revolt in his ranks. But he has been fairly fair except this operating without rules is really for the birds. I hope that for those of us who come back you will adopt rules next time. If we are in control, I am sure that will be the first order of business. This majority rule stuff is really tough."

There being no objection, the Senate returned to the fourth order of business.

Mr. President: The House has adopted SENATE CONCURRENT RESOLUTION NO. 155, and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

SIGNED BY THE PRESIDENT

The President signed:

SENATE CONCURRENT RESOLUTION NO. 155.

PERSONAL PRIVILEGE

Senator Lewis (Harry): "Mr. President and members of the Senate, this will be the last speech from me for tonight. I would just like to comment as a former House member and a member of this body for several years, on the attitude of the majority party which I think has been admirable frequently — infrequently. Seriously, I think that one of the constructive things that has happened in this body since I have been here and witnessed it and taken part has been the attitude of the majority party, its majority leader, its caucus chairman, its President Pro Tempore and your committee chairmen in permitting the minority to take part in the legislative process to the extent that you do. We object many times and feel that you do not go quite far enough, but on the constructive side of the issue I think that Senator Atwood's work in the area of Ways and Means, Senator Woodall's work in the law area, I think that most of our group has enjoyed the opportunity and I think because of your attitude you have gotten constructive work, which is better and right for the people of the state of Washington, and I commend you because this is not the case in all legislatures and it is certainly a great improvement over here from the condition in the House. So I do commend you and congratulate you on making the effort."

PERSONAL PRIVILEGE

Senator Ridder: "Mr. President, I have a hunch Senator Fleming and I had the same reaction. We, too, were going to congratulate the majority party on their treatment of the minority."

PERSONAL PRIVILEGE

Senator Fleming: "Mr. President and fellow Senators, I am going to be real light on you today, Harry. I am going to take it easy on you. But I am glad that you recognize that we have been pretty fair. And I hope that you are speaking in behalf of all your members over there because if you would consider the record of the Committee on Local Government, probably out of some hundred plus bills over the Forty-third Session that got out of there, probably seventy of them were Republican bills, so I want to let you know that there are some of us chairmen who are indeed fair, even though you treat me badly sometimes."

PERSONAL PRIVILEGE

Senator Woodall: "I think the reason was that Senator Fleming just kind of likes to be nice to minorities."

PERSONAL PRIVILEGE

Senator Mardesich: "I do not know whether you really noticed it, but that guy Lewis can make it sound nicer when he is shafting you than anybody I ever saw."

GOVERNOR'S MESSAGES ON SENATE BILLS VETOED AND PARTIALLY VETOED

1974

FORTY-THIRD LEGISLATURE THIRD EXTRAORDINARY SESSION

Office of the Governor, February 19, 1974.
TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADY AND GENTLEMEN:

I am returning herewith without my approval SECOND REENGROSSED SENATE BILL NO. 2004 entitled:

"An Act relating to the establishment and operation of a state lottery."

Since the approval by the people of this state in November, 1972 of SJR 5, there have been widely divergent opinions as to what types of gambling the people had in mind and approved by their vote. Consistent with my own belief that the people had reference to activities such as bingo, raffles, and other social pastimes, I have heretofore vetoed items in bills passed by the Legislature which exceeded, in my opinion, the mandate of the people as expressed in November, 1972.

Second Reengrossed Senate Bill No. 2004, which provides for the creation of a state lottery regulated by the State Gambling Commission and administered by a director of the state lottery appointed by the Commission, far exceeds, to the best of my judgment, the boundaries of activity contemplated and approved by the people in the passage of SJR 5.

For the first time in the history of this state, our state government would be engaging itself in a gambling activity as a principal participant. Supporters claim that a state lottery will raise revenues for the state without resort to additional taxation. Experience in other states has shown, however, that a state lottery is an unreliable source of steady revenue, and that a good portion of the revenue raised must be put back into the administrative and operational costs. In a day when our citizens increasingly express their disapproval of unrestrained growth in government at all levels, creation of a wholly new bureaucracy to administer a state lottery is not a proper response.

Experience in other states has also shown that a state lottery is a regressive form of taxation because its appeal is greatest to those in lower income groups and who can least afford it. Proponents claim that the money spent on a state lottery would be spent in any event on other forms of gambling activity. This does not justify, however, the state from going into the gambling business. Nor does it account for the fact that a state lottery, because of its high administrative and operational costs, has a far lower payback rate than any other comparable form of gambling. It is commonly known that sophisticated gamblers do not spend their money on state lotteries because of the low payback rate. Correspondingly, the conclusion is reached that a state lottery is commonly financed in great part by the unsophisticated, whether rich or poor.

I am, moreover, extremely reluctant to approve a measure which would result in the state, by its actions, fostering a climate of gambling that may at some point in time, lead to professional gambling and the various forms of criminal activity associated therewith.

In a time when the integrity of government has become a major concern of our society, — believe that an effort by the state to finance itself to any extent by engaging in a gambling activity is an acknowledgment by the state and the citizens that income may be secured not by work or other rendition of services but by an evasion thereof, and that there is nothing wrong with the exploitation of those least able to pay.

I am confident that the people of this state have higher ideals than these and that they reject the notion that any way for the state or for the individual to secure money is quite satisfactory.

For these reasons, I have determined to veto Second Reengrossed Senate Bill No. 2004.

Respectfully submitted,
DANIEL J. EVANS
Governor.

Office of the Governor, February 14, 1974.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADY AND GENTLEMEN:

I am returning herewith without my approval as to one item SENATE BILL NO. 2329 entitled:

"An Act relating to state government."

This bill provides for certain changes in the procedures governing the legal services revolving fund. Section four would repeal the authority currently granted which allows disbursements from the fund in excess of the amount appropriated at the request of an agency requiring additional legal services and upon the approval of the Office of Program Planning and Fiscal Management. The difficulty with such a repeal is that it is not at all clear that the additional payments from an agency's appropriated funds to the revolving fund would constitute an unanticipated receipt for the purpose of exceeding the revolving funds appropriation through that process. If it were determined that such inter-agency reimbursement were not an unanticipated receipt, the needed flexibility provided for currently would be lost. Accordingly I have vetoed that item consisting of section four.

With the exception of that item noted above, I have approved Senate Bill No. 2329.

Respectfully submitted,
DANIEL J. EVANS
Governor.

Office of the Governor, February 19, 1974.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADY AND GENTLEMEN:

I am returning herewith without my approval ENGROSSED SENATE BILL NO. 2488 entitled:

"An Act relating to motor vehicles."

This bill would amend the implied consent law to remove the automatic six month license suspension against a driver who subsequently pleads guilty to the charge of driving while under the influence of intoxicating liquor.

This represents a substantial change in the law that was passed as an initiative by an overwhelming majority of voters over five years ago. The law has unquestionably played a significant role in reducing the highway death rate in this state during the years the law has been in effect.

The effectiveness of the law as a deterrent to drunk driving rests principally in the threat of driving privileges from the suspension of a drunk driver's license. Any reduction in that threat will likely result in the lessening of the law as a deterrent to drunk driving.

This bill would reduce the deterrent effect of the law by taking away the automatic suspension of license upon a subsequent guilty plea. This would undoubtedly encourage some drivers to enter such a plea in order to regain this driving privilege, and in the process will remove much of the threat of certain license suspension under the existing law.

The bill also presents constitutional problems in opening the way for charges of "coerced" guilty pleas which have a "chilling effect" on the constitutional right of defendants to a trial. More importantly, however, the integrity of the implied consent law must not be disturbed.

For these reasons, I have determined to veto Engrossed Senate Bill No. 2488.

Respectfully submitted,
DANIEL J. EVANS
Governor.

Office of the Governor, May 6, 1974.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

LADY AND GENTLEMEN:

I am returning herewith without my approval as to certain items ENGROSSED SUBSTITUTE SENATE BILL NO. 2906 entitled:

"An Act relating to noise abatement and control."

Section 3 contains an item that would exempt from the requirements of this act all agricultural equipment and machinery. While recognizing that agricultural equipment and machinery may not impact the environment insofar as noise is concerned to the same extent as industrial and other equipment, the blanket exemption granted in this bill is unwarranted. The same section specifically mandates the Department of Ecology to take into account, when adopting noise standards, such factors as economic and practical benefits, the relative permanency of the source of noise, and the technological status of such sources. If the department proves unwilling or unable to take proper consideration of these factors in respect to agricultural equipment and machinery, the Legislature may well enact such an exemption in the future. For these reasons, I have determined to veto the referenced item.

Section 5 prescribes a civil penalty in an amount not to exceed one hundred dollars for each violation of a rule or standard promulgated pursuant to the act. The applicability of the penalty is substantially reduced by an item requiring the violation to be knowing and wilful, thus approximating the intent required for criminal sanctions. A similar civil penalty provision can be found in several other statutes such as the Water Pollution Control Act (RCW 90.48.142), the Air Pollution Control Act (RCW 70.94.431), and the recently enacted Forest Practices Act (Section 17, chapter 137, Laws of 1974 Third Extraordinary Session). None of these other acts cited require that a violation be knowing and wilful for the application of the civil penalty. Accordingly, I have vetoed the referenced item.

Section 9, which provides an elaborate legislative review procedure over rules and regulations adopted under the act, violates the fundamentals of good government by interposing legislative interference in the administrative process. The legislature will always have the prerogative to set, by legislation, basic policy and such guidelines as may be needed for its implementation. Having done so, however, an administrative agency must be entrusted to carry out its delegated functions without having to seek legislative approval at every turn of the decision-making process. Accordingly, I have determined to veto section 9.

With the foregoing exceptions, I have approved the remainder of Engrossed Substitute Senate Bill No. 2906.

Respectfully submitted,
DANIEL J. EVANS
Governor.

Office of the Governor, May 6, 1974.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

LADY AND GENTLEMEN:

I am returning herewith without my approval as to certain sections ENGROSSED THIRD SUBSTITUTE SENATE BILL NO. 2940 entitled:

"An Act relating to food fish and shellfish; conserving the salmon resources by limiting the number of commercial licenses and vessel delivery permits valid for salmon."

Section 5 restricts the number of commercial salmon fishing licenses held by any

licensee to the number of licenses held in 1973 for each type of commercial gear. This restriction contradicts and is inconsistent with other provisions pertaining to the limitation on issuance of licenses appearing in sections 2, 4, and 6. Accordingly, I have vetoed section 5.

Section 8 authorizes issuance of additional licenses and permits in a number not exceeding three percent of the total number issued the previous year. Based on present licensing figures, the potential number of additional commercial licenses over a three year period at this rate of increase would be in excess of four hundred. This result would be inconsistent with the basic aim of the bill to impose a moratorium on the issuance of new licenses. Section 10 of the bill also directs the Department of Fisheries and the industry to evaluate continually the status of our commercial salmon resources and the fishing industry as affected by the provisions of this act. If there is reason to allow an increased number of licenses, such action should accordingly be recommended to the Legislature. For these reasons, I have determined to veto section 8.

With the foregoing exceptions, the remainder of Engrossed Third Substitute Senate Bill No. 2940 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

Office of the Governor, February 15, 1974.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADY AND GENTLEMEN:

I am returning herewith without my approval ENGROSSED SENATE BILL NO. 3023 entitled:

"An Act relating to irrigation."

This bill exempts from the requirement of RCW 43.21C.030 relating to the filing of environmental impact statements those decisions pertaining to certain applications for irrigation waters of fifty cubic feet per second or less, an amount which would be sufficient to irrigate up to 3,000 and 4,000 acres of farm land.

The bill represents the first time the Legislature has provided a direct exemption to the environmental impact statement requirement of the State Environmental Policy Act of 1971. I do not believe the exemption can be justified in light of the scope of the irrigation project involved.

I further do not believe that the problems caused by the State Environmental Policy Act should be remedied by the Legislature on a piecemeal basis. At the outset of the Third Extraordinary Session of the Legislature, I submitted by Executive Request concurrently in the House and Senate, House Bill 1545 and Senate Bill 3310 providing for revisions in the State Environmental Policy Act which would alleviate some of the unwarranted difficulties caused by the act by simplifying some of the procedural requirements for proposals which do not have a substantial impact on the environment. I believe the Legislature should enact this proposal or a similar proposal which would equitably address the problems of all concerned while retaining the integrity of the State Environmental Policy Act.

For the foregoing reasons, I have determined to veto Engrossed Senate Bill No. 3023.

Respectfully submitted,
DANIEL J. EVANS
Governor.

Office of the Governor, February 16, 1974.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADY AND GENTLEMEN:

I am returning herewith without my approval SENATE BILL NO. 3039, entitled:

"An Act relating to parks and state lands."

Senate Bill No. 3039 provides for the extension of existing leases of transmitter sites

for KVOS-TV on Mt. Constitution and KXLY-TV on Mt. Spokane. Both of these areas are within state parks.

On May 8, 1972 after appropriate public hearings, the State Parks and Recreation Commission adopted a policy regarding non-park structures within state park boundaries. The policy states in part:

"The Commission is firmly opposed to the placement on park lands of any facilities which will adversely affect public recreation or despoil the natural environment. Public recreational needs and park values are paramount to any other use. Conflicting uses shall be considered only when public welfare, safety, or necessity clearly requires the use of the site when no suitable alternative site exists.

When non-park structures are permitted on parks they shall be designed, built, and maintained with the least possible intrusion on park values, and made to serve public recreational needs whenever possible.

Users of such non-park facilities shall be required to combine and to share buildings and antenna-supporting towers where feasible. Outstanding leases notwithstanding, all users and lessees shall be expected to cooperate with any proposal of the Commission to combine into a structure or structures suitable for joint use."

In compliance with this policy the Commission has determined the necessity for KXLY-TV to remain on Mt. Spokane. The new lease agreement between the commission and KXLY-TV is scheduled to be signed in March 1974. In compliance with the same policy, the Commission has determined not to renew the KVOS-TV lease on Mt. Constitution but has extended the existing lease to August 11, 1975, because of the delay involved during the negotiations and final Commission decision.

In the case of KXLY-TV the Commission has found that necessity exists. A lease will be signed in March and the issue shortly will be moot. In the case of KVOS-TV an alternate site exists and is readily available. I believe the policy of the Commission relative to non-park facilities on park lands is appropriate and was properly exercised in relation to KVOS-TV and Mt. Constitution.

I further believe that the determination of this policy and its implementation should properly remain with the Commission, which was previously granted this authority by the Legislature.

Respectfully submitted,
DANIEL J. EVANS
Governor.

Office of the Governor, February 14, 1974.'

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADY AND GENTLEMEN:

I am returning herewith without my approval as to certain items ENGROSSED SENATE BILL NO. 3040 entitled:

"An Act relating to the public health and to hospitals, health care facilities and the equipment thereof; creating the Washington health care facilities authority, prescribing its powers and duties, authorizing the issuance thereby of bonds and other obligations and providing their terms and security; and adding a new chapter to Title 70 RCW."

Subsection 3 in section 4 of the bill permits the health care facilities authority to issue special fund bonds for redeeming, funding, or refunding outstanding bonds. The subsection contains, however, misleading terms that could be construed to mean that refunded bonds are obligations of the participating hospitals rather than obligations of the authority. This could conceivably result in a challenge under Article 8, Section 5 of the State Constitution prohibiting the credit of the state to be given or loaned to any individual, association or corporation. Accordingly, I have vetoed those items.

Section 8 of the bill provides for the disposition of proceeds of bonds issued pursuant to this act. The expressed intention in section 4(5) that the bond proceeds may be used by the authority as well as by participants for the various purposes stated therein is clouded by an item in section 8 that could be construed to mean that such proceeds may only be used by participants. To clarify the intent of the act, I have vetoed that item.

Section 10 of the bill enumerates the powers granted to the authority, including an item relating to borrowing money on its credit or revenues, charges and fees. The language can be reasonably interpreted to suggest that the authority is permitted under the act to issue general obligation bonds, which, to my understanding, is not the intent of the bill. For this reason, I have vetoed that item.

With the exception of those items listed above which I have vetoed, I have approved the remainder of Engrossed Senate Bill No. 3040.

Respectfully submitted,
DANIEL J. EVANS
Governor.

Office of the Governor, February 15, 1974.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADY AND GENTLEMEN:

I am returning herewith without my approval SENATE BILL NO. 3130 entitled:

"An Act relating to the Clearcreek interchange."

This bill provides for an appropriation to the highway commission for the construction of the Clearcreek interchange on state route 3 in the vicinity of Silverdale.

By legislative mandate, our state highway construction program has proceeded on the basis of a priority system founded on specific statutory guidelines. The need for this priority system was well stated by the Legislature and is now codified in RCW 47.05.010:

"The Legislature finds that anticipated revenues available for state highways for the foreseeable future will fall substantially short of the amount required to satisfy all of the state highway needs . . ."

The appropriation of funds in this bill for the construction of the Clearcreek interchange circumvents the priority programming concept set by the Legislature. While construction of the interchange would unquestionably enhance the safety conditions at the present intersection, the state highway commission has determined that there are, at this moment, other intersections and highway crossings around the state which pose even greater dangers and which warrant more immediate action.

The problem is compounded by substantially reduced revenues from the sale of gasoline caused by the shortage of that fuel. More than ever, the concept of priority programming must now be adhered to in light of the serious shortage of highway funds. It is indeed unfortunate that the Legislature has now recessed for an extended period of time without taking any action on the problem of reduced revenues from the sale of gasoline. It is my strong hope that the Legislature will, at the earliest opportunity, enact a change in the method of highway and transportation funding in order that meritorious and needed projects such as the Clearcreek interchange may be funded.

For the foregoing reasons, I have determined to veto Senate Bill No. 3130.

Respectfully submitted,
DANIEL J. EVANS
Governor.

Office of the Governor, May 5, 1974.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

(Through the Secretary of State)

LADY AND GENTLEMEN:

I am returning herewith without my approval as to certain items ENGROSSED SUBSTITUTE SENATE BILL NO. 3146 entitled:

"An Act relating to public buildings."

This bill provides for the setting aside of portions of appropriations for capital expenditures to be used for acquisition of art works for public buildings.

Sections 2 and 5 contain identical items providing that if an accepted construction bid is under ninety percent of the total appropriation, the expenditure for art works shall be reduced pro tanto. This language potentially creates some serious administrative problems inasmuch as the construction of a building may involve a series of bids on different phases of the project. In the absence of any definition in the bill of what constitutes "construction bid", it would be difficult to determine to what extent the expenditure for art works should be reduced. Accordingly, I have vetoed the referenced items.

Section 3 requires the Washington State Arts Commission to consult with the State Capitol Committee in the purchasing of art works and the selection and commissioning of artists in connection with projects supervised by the Director of the Department of General Administration. By statute, the State Capitol Committee is limited in its jurisdiction to the real property and improvements within the state capitol campus. Section 3 results in the unwarranted broadening of the jurisdiction of the State Capitol Committee, and I have determined to veto those items which require consultation with that committee by the Arts Commission.

With the exception of the foregoing items which I have vetoed, the remainder of Engrossed Substitute Senate Bill No. 3146 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

Office of the Governor, February 13, 1974.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADY AND GENTLEMEN:

I am returning herewith without my approval as to one item SENATE BILL NO. 3184 entitled:

"An Act Relating to public employment."

This bill permits former employees of a city of the first class of over two hundred thousand population who are now employed by the fire department of such city to transfer their pension credits from the city retirement system to the firemen's pension system.

A similar bill, Chapter 143, Laws of 1973, was enacted in the 1973 regular session of the Legislature allowing former city employees of first class cities who are now employed by the city police department to transfer their pension credits in like manner.

The 1973 act did not restrict its application to only a first class city of over two hundred thousand population, and there is no good reason why Senate Bill No. 3184 should be so restricted. Legislative consistency dictates that benefits conferred to a class of employees be made equally available to all those eligible within that class.

For the foregoing reasons, I have determined to veto the item in section 1 of the bill which restricts the application of the bill to solely a first class city of over two hundred thousand population, so that the bill will be applicable to all first class cities. The remainder of Senate Bill No. 3184 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

Office of the Governor, May 5, 1974.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

(Through the Secretary of State)

LADY AND GENTLEMEN:

I am returning herewith without my approval as to one item, ENGROSSED SENATE BILL NO. 3202 entitled:

"An Act relating to higher education; creating the college work-study program."

This bill provides for the creation of a college work-study program designed to extend

financial aid to students in this state pursuing post-secondary education. The bill was originally drafted by and submitted to the Legislature at the request of the Council on Higher Education.

Section 2 of the bill was amended in the Senate to restrict eligibility for assistance under the program to United States citizens only. The effect of this restriction is not only to preclude assistance to students from other countries, but also students who have immigrated to and permanently reside in this country but who have not yet attained citizenship. Recognizing that these students may also be in need of financial assistance, the federal college work-study program specifically provides that they may also be eligible.

If the Legislature is concerned that expenditure of state funds under this program benefit primarily residents of this state, that concern is sufficiently covered in section 6(3) of the bill which places priority on the securing of work opportunities for Washington State residents. To impose a further requirement of United States citizenship would result in unwarranted discrimination against non-citizen students who are immigrants and who have been lawfully admitted to this country as permanent residents. Such discrimination raises a serious question on the constitutionality of the bill.

With the exception of that item in section 2 which restricts eligibility for the college work-study program to United States citizens, which I have vetoed for the foregoing reasons, the remainder of Engrossed Senate Bill No. 3202 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

Office of the Governor, May 6, 1974.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

(Through the Secretary of State)

LADY AND GENTLEMEN:

I am returning herewith without my approval as to certain sections and items ENGROSSED SUBSTITUTE SENATE BILL NO. 3253 entitled:

"An Act relating to expenditures by state agencies and offices of the state; making appropriations for the fiscal biennium beginning July 1, 1973, and ending June 30, 1975; making other appropriations; designating effective dates for certain appropriations."

The specific sections and items which I have vetoed are as follows:

1. *Superior Court Judges* – On page 2, lines 11 through 17, I have vetoed the entire section 2.

This appropriation of \$35,333 was intended to fund the costs for two additional Superior Court judges authorized by Senate Bill No. 3181. The bill authorizing additional judges was not approved by the Legislature, and this appropriation is unnecessary.

2. *Department of Commerce and Economic Development* – On page 3, lines 12 through 17, I have vetoed the entire section 7. Section 7 proposes an appropriation of \$23,106 from the State Trade Fair Fund to the Department of Commerce and Economic Development for a Washington State Aviation Trade Fair. Through the enactment of Chapter 43.31 RCW, the Legislature determined that the State Trade Fair Fund should not be subject to appropriation. Expenditures from the fund are governed by the provisions of Chapter 43.31 RCW, and this appropriation is clearly contrary to the intent of that earlier legislative decision. If the Legislature desires to reverse an earlier decision on a non-appropriated fund, that change should be effected by amendment of the basic statute rather than through the appropriation bill. It should be noted that the veto of this section will not prevent the Department of Commerce and Economic Development from expending funds for a Washington State Aviation Trade Fair under the present provisions of Chapter 43.31.

3. *Employment Relations Commission* – On page 4, lines 11 through 30, I have vetoed the entire section 13. This proposed appropriation of \$155,000 was intended to fund the Employment Relations Commission and its Advisory Committee to be authorized by

Engrossed Substitute House Bill No. 1341. The bill authorizing the Commission was not approved by the Legislature, and this appropriation is unnecessary.

4. *Department of Agriculture* – On page 6, section 19, I have vetoed the item on lines 22 and 23 which requires the Department of Agriculture to contract with the Department of Game for the study of predator control funded in this section.

Although predators do affect both game and non-game wildlife species, this particular study is intended chiefly to control livestock predators. Because of this emphasis on the protection of livestock, the study should be conducted by the Department of Agriculture rather than through the Department of Game. The deletion of the referenced item will ensure that the study is conducted by the agency having major responsibility for livestock programs.

5. *Department of Employment Security* – On page 9, section 22, line 22, I have vetoed the item “WIN”.

The proposed wording of this proviso would specifically require that federal “WIN” funds be used to contract with Neighbors in Need for training, job placement, and other employment services to make persons served by Neighbors in Need employable. The specification that only federal “WIN” funds be used for this purpose, however, is unduly restrictive. There is no assurance that “WIN” funds will be available, and there is a possibility that other federal funds might be available for use in this worthwhile program. The deletion of “WIN” in this section will enhance the possibility that federal funds might be obtained.

6. *Department of Social and Health Services* – On page 11, section 24, line 1, I have vetoed the item “by the director”.

These words appear in a proviso which is intended to give counties, cities and other political subdivisions the authority to lease publicly-owned social and health care facilities to private organizations. In copying the proviso from an existing statute, these words were inadvertently included. If the words are not deleted, the intent of this proviso cannot be accomplished.

7. *Department of Social and Health Services* – On page 22, section 25, I have vetoed the proviso starting on line 27 and ending on page 23, line 6, which prohibits the Department from imposing ratable reductions in public assistance grants.

The proviso could impose on the Department a task that might not be possible to perform. It would require the Department to meet the necessary caseload financial costs from established appropriations without imposing ratable reductions or reducing grants. Should the legislature’s estimate of caseloads prove to be mistaken and the caseload increases, the Department would have no choice but to reduce grants through ratable reductions or otherwise lower maximum grants so as to avoid expending funds in excess of those appropriated.

8. *Board of Prison Terms and Paroles* – On page 61, lines 22 through 28, I have vetoed the entire section 49.

This appropriation of \$211,297 was intended to fund the costs of reorganizing the Board of Prison Terms and Paroles under the provisions of Engrossed Substitute House Bill No. 647. This bill was not approved by the Legislature, and the appropriation is unnecessary.

9. *Department of Revenue* – On page 62, section 50, I have vetoed the proviso starting on line 3 and ending on line 6.

Under this proviso, the Department of Revenue would be required to use 1972 values instead of the 1973 values which would be contrary to legislative intent. The confusing language in this section was a result of an error in legislative drafting, and removal of this proviso is supported by the Department of Revenue to clarify the basis of distribution to library districts as contained in this section.

10. *Department of Revenue* – On page 62, I have vetoed the entire section 51.

This appropriation is intended to reimburse certain taxing districts in Pierce County for losses they might suffer under the recent Washington State Supreme Court decision in *Valentine v. Johnston*, 83 Wn. 2d 390 (1974). I am vetoing this section in its entirety for several reasons. First, the language used in the appropriation may be technically in error since it provides for a payment to the Pierce County Refund Fund for amounts *paid to*

certain taxing districts. Payments from the Refund Fund are *not* made to the taxing districts but rather to the individual taxpayer. Second, the necessary mechanics already exist in the present property tax laws (RCW 84.68.030 and 84.68.040) for the county to reimburse itself for payments from the County Refund Fund. County officials also have several other alternative courses of action to make the necessary adjustments. Third, this appropriation discriminates against certain units of local government such as the county and port districts in that they are excluded from the proposed reimbursement. Fourth, this appropriation requires taxpayers all over the state to provide the necessary funds to resolve a problem unique to a single county. This is not equitable nor is it necessary given the fact that local officials have ample means to resolve the problem.

11. *Department of Ecology* – On page 63, I have vetoed the entire section 54.

This section appropriates \$680,400 from federal sources to the Department of Ecology and directs that this amount be granted by the Department to activated air pollution control authorities.

Presently the Environmental Protection Agency directs the manner and designates agencies which may receive federal funds available for air pollution control. The effect of the language in this section could bring the state in conflict with federal regulations and jeopardize the receipt of any of these federal funds. Federal funds are made available to the state for a statewide air pollution control program with available funds directed to be used by those agencies which the Environmental Protection Agency considers can contribute the most to statewide control. If the Environmental Protection Agency were to require that a lesser amount than that contained in the appropriation should go to local authorities and a greater amount to the Department of Ecology, this appropriation could result in withholding of all federal air pollution control funds from the state. Further, should any local authority cease to function, which is a possibility, the Department of Ecology is required by state statute to carry out the air pollution control efforts in that area. Federal funds designated for that area should reasonably be available to the Department to carry out those responsibilities. This would not be possible under the terms of this section.

12. *Apportionment Formula Funds* – On page 70 I have vetoed the entire section 73.

The section would require local school districts to place a high priority on reducing special levies to the extent that any districts receive state apportionment formula funds in excess of those anticipated when the districts established their excess levies for collection in 1975.

This section purports to direct that the twenty-five million dollars appropriated in section 33 of this bill be employed for relief of special levies. In fact, it does nothing of the kind, inasmuch as the referenced appropriation was not made through the apportionment formula. To say that this constitutes special levy relief is a cruel hoax to beleaguered taxpayers across the state.

It now appears that the twenty-five million dollars appropriated in section 33 may be channeled to fund salary increases for certificated personnel. I initially contemplated vetoing both sections 33 and 73 on the grounds that the purported special levy relief passed by the Legislature was purely fictitious. I have instead determined to veto only section 73 and allow the section 33 appropriation to be used for salary increases for certificated personnel. Any such increases will be taken into account when I next present a request to the Legislature to deal with the question of salary increases for state employees and employees in the higher education sector.

13. *Legislative Approval Requirements* – For the reasons set forth below, I have determined to veto certain items appearing as follows:

1. Page 8, section 21, beginning on line 30 and ending on page 9, line 1;
2. Page 10, section 24, beginning on line 15 and ending on line 22;
3. Page 40, section 25, beginning on line 20 and ending on line 21;
4. Page 43, section 26, line 5.

Each of the referenced items provides for the review and approval by the Legislature or designated legislative committees of actions and/or expenditures authorized in their respective sections. This requirement violates the fundamentals of good government by interposing legislative interference in the administrative process. The Legislature will always have the prerogative to set, by legislation, basic policy and such guidelines as may be needed

for its implementation. Having done so, however, administrative agencies must be entrusted to carry out its functions without having to seek legislative approval at every turn of the decision-making process.

With the exception of the sections and items described above, the remainder of Engrossed Substitute Senate Bill No. 3253 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

Office of the Governor, May 5, 1974.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

LADY AND GENTLEMEN:

I am returning herewith without my approval as to certain items ENGROSSED SUBSTITUTE SENATE BILL NO. 3277 entitled:

"An Act relating to environmental policy."

Subsection 2 of section 2 sets up time limitations for any challenge to governmental action for which notice has been given pursuant to section 2 (1) of the bill. Such governmental action would presumably include government projects constructed either by a governmental agency or by a private contractor. The intent of this subsection is distorted, however, by an item that makes it ambiguous as to whether such projects constructed by a private contractor would be covered by the same time limitation. In order to clarify the legislative intent in this section, I have determined to veto that item.

Section 6 (1) of the bill sets forth the duties and functions of the newly created Council on Environmental Policy. Subpart (i) of that section contains an item which would effectively shift the burden of paying for the cost of an environmental impact statement to the governmental entity having jurisdiction over proposed action, unless a proponent should volunteer to pay a share of the costs. This shift is unwarranted and will impose an undue burden on the governmental agency, particularly at the local level. Also overlooked is the basic premise that the cost of the environmental impact statement should be borne not by the public but by the party whose proposed action would impact the environment. Accordingly, I have vetoed the referenced item.

Section 7, which provides an elaborate legislative review procedure over guidelines, rules and regulations adopted by state agencies under the State Environmental Policy Act, violates the fundamentals of good government by interposing legislative interference in the administrative process. The legislature will always have the prerogative to set, by legislation, basic policy and such guidelines as may be needed for its implementation. Having done so, however, administrative agencies must be entrusted to carry out its functions without having to seek legislative approval at every turn of the decision-making process. For these reasons, I have determined to veto section 7.

With the foregoing exceptions, I have approved the remainder of Engrossed Substitute Senate Bill No. 3277.

Respectfully submitted,
DANIEL J. EVANS
Governor.

Office of the Governor, May 6, 1974.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

LADY AND GENTLEMEN:

I am returning herewith without my approval as to certain items SUBSTITUTE SENATE BILL NO. 3312 entitled:

“An Act relating to the criminally insane.”

The third of the proposed jury instructions in section 4 of the bill contains an item, which is an obvious drafting error overlooked in the legislative process since that item has no meaning within the proposed jury instruction. Accordingly, I have vetoed that item.

Section 7 contains amendatory language relating to the procedure on the defendant's motion for judgment of acquittal on the grounds of insanity, and requires the court, if it finds for the defendant on such motion, to enter specific findings in substantially the same form as set forth in subsections (2) through (5) of RCW 10.77.040. The omission of subsection (1) from the required findings of the court is not explained, and raises a serious constitutional question as to how the court can find that the defendant should be acquitted by reason of insanity if it does not first find that the defendant committed the crime charged. In order to remove the cloud of constitutionality, I have determined to veto the item consisting of the subsection references so that a court would still be required to enter findings in substantially the same form as set forth in RCW 10.77.040.

Section 10 of the bill contains another obvious drafting error which reverses the intent of the amendatory language. Presumably, the Legislature intended that if a defendant acquitted by reason of insanity is found, among other things, to present a substantial likelihood of committing felonious acts jeopardizing public safety or security, the court would be required to order his hospitalization or other treatment less restrictive than detention in a state mental hospital. As drafted and enacted, the result would be the exact opposite. Accordingly, I have determined to veto that item in section 10 and by this veto I am restoring the language of the existing law, and urge the Legislature to make another attempt at enacting correct amendatory language at its next session. I have been urged by some to correct this drafting error by simply vetoing the word “not” contained in that item, but have determined not to do so as such a veto would be of questionable constitutionality.

With the exception of the foregoing items, I have approved the remainder of Substitute Senate Bill No. 3312.

Respectfully submitted,
DANIEL J. EVANS
Governor.

Office of the Governor, May 5, 1974.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

LADY AND GENTLEMEN:

I am returning herewith without my approval as to one section Engrossed Senate Bill No. 3358 entitled:

“An Act relating to Northern State Hospital.”

This bill provides for the management or disposal of the real property and improvements thereon at Northern State Hospital in Sedro Woolley, Washington, jointly by the Department of Natural Resources and the Department of General Administration.

Section 5 of the bill provides for a review process whereby any proposal to dispose of the property must be submitted for approval or rejection by the Ways and Means Committee of the House and Senate when in session or by the Legislative Budget Committee when the Legislature is not in session.

It is essential in our system of government that the Legislature be fully informed of the activities of executive agencies in carrying out legislative delegations of authority. By the same token, the Executive must not be hampered in its administration of the laws by having to seek Legislative approval of policy decisions at every turn. Section 5 of the bill violates this elementary principle of good government by requiring two executive agencies well experienced in the management and disposal of state properties to surrender the culminating phase of administrative decision-making to the Legislature. Accordingly, I have determined to veto Section 5.

With the exception of that section, the remainder of Engrossed Senate Bill No. 3358 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.
