Short title—2015 c 70: "This act may be known and cited as the cannabis patient protection act." [2015 c 70 § 1.]

Findings—Intent—2015 c 70: "The legislature finds that since voters approved Initiative Measure No. 692 in 1998, it has been the public policy of the state to permit the medical use of marijuana. Between 1998 and the present day, there have been multiple legislative attempts to clarify what is meant by the medical use of marijuana and to ensure qualifying patients have a safe, consistent, and adequate source of marijuana for their medical needs."

The legislature further finds that qualifying patients are people with serious medical conditions and have been responsible for finding their own source of marijuana for their own personal medical use. Either by growing it themselves, designating someone to grow for them, or participating in collective gardens, patients have developed methods of access in spite of continued federal opposition to the medical use of marijuana. In a time when access itself was an issue and no safe, consistent source of marijuana was available, this unregulated system was permitted by the state to ensure some, albeit limited, access to marijuana for medical use. Also permitted were personal possession limits of fifteen plants and twenty-four ounces of useable marijuana, which was deemed to be the amount of marijuana needed for a sixty-day supply. In a time when supply was not consistent, this amount of marijuana was necessary to ensure patients would be able to address their immediate medical needs.

The legislature further finds that while possession amounts are provided in statute, these do not amount to protection from arrest and prosecution for patients. In fact, patients in compliance with state law are not provided arrest protection. They may be arrested and their only remedy is to assert an affirmative defense at trial that they are in compliance with the law and have a medical need. Too many patients using marijuana for medical purposes today do not know this; many falsely believe they cannot be arrested so long

as their health care provider has authorized them for the medical use of marijuana.

The legislature further finds that in 2012 voters passed Initiative Measure No. 502 which permitted the recreational use of marijuana. For the first time in our nation's history, marijuana would be regulated, taxed, and sold for recreational consumption. Initiative Measure No. 502 provides for strict regulation on the production, processing, and distribution of marijuana. Under Initiative Measure No. 502, marijuana is trackable from seed to sale and may only be sold or grown under license. Marijuana must be tested for impurities and purchasers of marijuana must be informed of the THC level in the marijuana. Since its passage, two hundred fifty producer/processor licenses and sixty-three retail licenses have been issued, covering the majority of the state. With the current product canopy exceeding 2.9 million square feet, and retailers in place, the state now has a system of safe, consistent, and adequate access to marijuana; the marketplace is not the same marketplace envisioned by the voters in 1998. While medical needs remain, the state is in the untenable position of having a recreational product that is tested and subject to production standards that ensure safe access for recreational users. No such standards exist for medical users and, consequently, the very people originally meant to be helped through the medical use of marijuana do not know if their product has been tested for molds, do not know where their marijuana has been grown, have no certainty in the level of THC or CBD in their products, and have no assurances that their products have been handled through quality assurance measures. It is not the public policy of the state to allow qualifying patients to only have access to products that may be endangering their health.

The legislature, therefore, intends to adopt a comprehensive act that uses the regulations in place for the recreational market to provide regulation for the medical use of marijuana. It intends to ensure that patients retain their ability to grow their own marijuana for their own medical use and it intends to ensure that patients have the ability to possess more marijuana-infused products, useable marijuana, and marijuana concentrates than what is available to a nonmedical user. It further intends that medical specific regulations be adopted as needed and under consultation of the departments of health and agriculture so that safe handling practices will be adopted and so that testing standards for medical products meet or exceed those standards in use in the recreational market.

The legislature further intends that the costs associated with implementing and administering the medical marijuana authorization database shall be financed from the health professions account and that these funds shall be restored to the health professions account through future appropriations using funds derived from the dedicated marijuana account." (1) The share coming to each eligible county must be determined by a division among the eligible counties according to the relation which the population of the unincorporated area of such eligible county, as last determined by the office of financial management, bears to the population of the total combined unincorporated areas of all eligible counties, as determined by the office of financial management. 66.12.125 Alcohol for use as fuel—Legislative finding and declaration. The legislature finds that the production of alcohol for use as a fuel or fuel supplement is of great importance to the state. Alcohol, when used as a fuel source, is less polluting to the atmosphere than conventional fuels and its use reduces the state's dependence on limited oil resources. Production of alcohol for use as a fuel provides a new use and market for Washington agricultural products and aids Washington farmers in producing food and fiber for the citizens of the state, nation, and world. Therefore, the legislature declares public policy to be one of encouragement toward the production and use of alcohol as a fuel or fuel supplement. [1980 c 140 § 1.]

66.12.130 Alcohol for use as fuel in motor vehicles, farm implements, machines, etc., or in combination with other petroleum products for use as fuel. Nothing in this title shall apply to or prevent the sale, importation, purchase, production, or blending of alcohol used solely for fuel to be used in motor vehicles, farm implements, and machines or implements of husbandry or in combination with gasoline or other petroleum products for use as such fuel. Manufacturers and distillers of such alcohol fuel are not required to obtain a license under this title. Alcohol which is produced for use as fuel shall be denatured in accordance with a formula approved by the federal bureau of alcohol, tobacco and firearms prior to the removal of the alcohol from the premises as described in the approved federal permit application: PROVIDED, That alcohol which is being transferred between plants involved in the distillation or manufacture of alcohol fuel need not be denatured if it is transferred in accordance with federal bureau of alcohol, tobacco and firearms regulation 27 C.F.R. 19.996 as existing on July 26, 1981. The exemptions from the state liquor control laws provided by this section only apply to distillers and manufacturers of alcohol to be used solely for fuel as long as the manufacturers and distillers are the holders of an appropriate permit issued under federal law. [1981 c 179 § 1; 1980 c 140 § 2.]

66.12.140 Use of alcoholic beverages in culinary, restaurant, or food fermentation courses. Further, nothing in this title shall prohibit the making of beer or wine in food fermentation courses offered by a college, university, community college, area vocational technical institute, or private vocational school.

(2) "Culinary or restaurant course" as used in this section means a course of instruction which includes practical experience in food preparation under the supervision of an instructor who is twenty-one years of age or older.

(3) Persons under twenty-one years of age participating in culinary or restaurant courses may handle beer, wine, or spirituous liquor for purposes of participating in the courses, but nothing in this section shall be construed to authorize consumption of liquor by persons under twenty-one years of age or to authorize possession of liquor by persons under twenty-one years of age at any time or place other than while preparing food under the supervision of the course instructor.

(4) Beer, wine, and/or spirituous liquor to be used in culinary or restaurant courses shall be purchased at retail from the board or a retailer licensed under this title. All such liquor shall be securely stored in the food preparation area and shall not be displayed in an area open to the general public.

Minors, access to tobacco, role of liquor and cannabis board: Chapter 70.155 RCW.

66.24.010 Licensure—Issuance—Conditions and restrictions—Limitations—Temporary licenses. (1) Every license must be issued in the name of the applicant, and the holder thereof may not allow any other person to use the license.

(2) For the purpose of considering any application for a license, or the renewal of a license, the board may cause an inspection of the premises to be made, and may inquire into all matters in connection with the construction and operation of the premises. For the purpose of reviewing any application for a license and for considering the denial, suspension, revocation, or renewal or denial thereof, of any license, the board may consider any prior criminal conduct of the applicant including an administrative violation history record with the board and a criminal history record information check. The board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and

convictions of the individual or individuals who filled out the forms. The board must require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation. The provisions of RCW 9.95.240 and of chapter 9.96A RCW do not apply to such cases. Subject to the provisions of this section, the board may, in its discretion, grant or deny the renewal or license applied for. Denial may be based on, without limitation, the existence of chronic illegal activity documented in objections submitted pursuant to subsections (8)(d) and (12) of this section. Authority to approve an uncontested or unopposed license may be granted by the board to any staff member the board designates in writing. Conditions for granting such authority must be adopted by rule. No retail license of any kind may be issued to:

(a) A person doing business as a sole proprietor who has not resided in the state for at least one month prior to receiving a license, except in cases of licenses issued to dining places on railroads, boats, or aircraft;

(b) A copartnership, unless all of the members thereof are qualified to obtain a license, as provided in this section;

(c) A person whose place of business is conducted by a manager or agent, unless such manager or agent possesses the same qualifications required of the licensee;

(d) A corporation or a limited liability company, unless it was created under the laws of the state of Washington or holds a certificate of authority to transact business in the state of Washington.

(3)(a) The board may, in its discretion, subject to the provisions of RCW 66.08.150, suspend or cancel any license; and all rights of the licensee to keep or sell liquor thereunder must be suspended or terminated, as the case may be.

(b) The board must immediately suspend the license or certificate of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license or certificate is automatic upon the board's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.

(c) Upon written notification by the department of revenue in accordance with RCW 82.08.155 that a person is more than thirty days delinquent in reporting or remitting spirits taxes to the department, the board must suspend all spirits licenses held by that person. The board must also refuse to renew any existing spirits license of, or issue any new spirits license to, the person or any other applicant controlled directly or indirectly by that person. The board may not reinstate a person's spirits license or renew or issue a new spirits license to that person, or an applicant controlled directly or indirectly by that person, until such time as the department of revenue notifies the board that the person is current in reporting and remitting spirits taxes or that the department consents to the reinstatement or renewal of the person's spirits license or the issuance of a new spirits license to the person. For purposes of this section: (i) "Spirits license" means any license issued by the board under the authority of this chapter that authorizes the licensee to sell spirits; and (ii) "spirits taxes" has the same meaning as in RCW 82.08.155.

(d) The board may request the appointment of administrative law judges under chapter 34.12 RCW who must have power to administer oaths, issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents, and testimony, examine witnesses, and to receive testimony in any inquiry, investigation, hearing, or proceeding in any part of the state, under such rules and regulations as the board may adopt.

(e) Witnesses are allowed fees and mileage each way to and from any such inquiry, investigation, hearing, or proceeding at the rate authorized by RCW 34.05.446. Fees need not be paid in advance of appearance of witnesses to testify or to produce books, records, or other legal evidence.

(f) In case of disobedience of any person to comply with the order of the board or a subpoena issued by the board, or any of its members, or administrative law judges, or on the refusal of a witness to testify to any matter regarding which he or she may be lawfully interrogated, the judge of the superior court of the county in which the person resides, on application of any member of the board or administrative law judge, must compel obedience by contempt proceedings, as in the case of disobedience of the requirements of a subpoena issued from said court or a refusal to testify therein.

(4) Upon receipt of notice of the suspension or cancellation of a license, the licensee must forthwith deliver up the license to the board. Where the license has been suspended only, the board must return the license to the licensee at the expiration or termination of the period of suspension. The board must notify all vendors in the city or place where the licensee has its premises of the suspension or cancellation of the license; and no employee may allow or cause any liquor to be delivered to or for any person at the premises of that licensee.

(5)(a) For the original issuance of a liquor license, including the approval of a conditional license as provided in (b) of this subsection, the board must set the expiration date of the license to the last day of the calendar month that is twelve months from the calendar month in which final approval of the license is granted. Upon renewal, the expiration date of the license, including licenses approved under (b) of this subsection, may subsequently be prorated as necessary in accordance with chapter 19.02 RCW.

(b)(i) When an applicant for a liquor license is qualified for approval of the license in every way except having executed a lease or purchase agreement for the proposed licensed premises, the board must grant conditional approval to the applicant.

(ii) Upon notification to the board of execution of the lease or purchase agreement putting the applicant in control of the premises, the board must immediately grant final approval of the license issuance, and the licensee may immediately begin exercising all privileges provided under the license, except as otherwise provided under this title.

(iii) For the purposes of this title, the term "license" includes "conditional license."

(6) Every license issued under this section is subject to all conditions and restrictions imposed by this title or by rules adopted by the board. All conditions and restrictions imposed by the board in the issuance of an individual license may be listed on the face of the individual license along with the trade name, address, and expiration date. Conditions and

restrictions imposed by the board may also be included in official correspondence separate from the license. All spirits licenses are subject to the condition that the spirits license holder must report and remit to the department of revenue all spirits taxes by the date due.

(7) Every licensee must post and keep posted its license, or licenses, and any additional correspondence containing conditions and restrictions imposed by the board in a conspicuous place on the premises.

(8)(a) Unless (b) of this subsection applies, before the board issues a new or renewal license to an applicant it must give notice of such application to the chief executive officer of the incorporated city or town, if the application is for a license within an incorporated city or town, or to the county legislative authority, if the application is for a license outside the boundaries of incorporated cities or towns.

(b) If the application for a special occasion license is for an event held during a county, district, or area fair as defined by RCW 15.76.120, and the county, district, or area fair is located on property owned by the county but located within an incorporated city or town, the county legislative authority must be the entity notified by the board under (a) of this subsection. The board must send a duplicate notice to the incorporated city or town within which the fair is located.

(c) The incorporated city or town through the official or employee selected by it, or the county legislative authority or the official or employee selected by it, has the right to file with the board within twenty days after the date of transmittal of such notice for applications, or at least thirty days prior to the expiration date for renewals, written objections against the applicant or against the premises for which the new or renewal license is asked. The board may extend the time period for submitting written objections.

(d) The written objections must include a statement of all facts upon which such objections are based, and in case written objections are filed, the city or town or county legislative authority may request and the board may in its discretion hold a hearing subject to the applicable provisions of Title 34 RCW. If the board makes an initial decision to deny a license or renewal based on the written objections of an incorporated city or town or county legislative authority, the applicant may request a hearing subject to the applicable provisions of Title 34 RCW. If such a hearing is held at the request of the applicant, board representatives must present and defend the board's initial decision to deny a license or renewal.

(e) Upon the granting of a license under this title the board must send written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns. When the license is for a special occasion license for an event held during a county, district, or area fair as defined by RCW 15.76.120, and the county, district, or area fair is located on county-owned property but located within an incorporated city or town, the written notification must be sent to both the incorporated city or town and the county legislative authority.

(9)(a) Before the board issues any license to any applicant, it shall give (i) due consideration to the location of the business to be conducted under such license with respect to the proximity of churches, schools, and public institutions

and (ii) written notice, with receipt verification, of the application to public institutions identified by the board as appropriate to receive such notice, churches, and schools within five hundred feet of the premises to be licensed. The board may not issue a liquor license for either on-premises or off-premises consumption covering any premises not now licensed, if such premises are within five hundred feet of the premises of any tax-supported public elementary or secondary school measured along the most direct route over or across established public walks, streets, or other public passageway from the main entrance of the school to the nearest public entrance of the premises proposed for license, and if, after receipt by the school of the notice as provided in this subsection, the board receives written objection, within twenty days after receiving such notice, from an official representative or representatives of the school within five hundred feet of said proposed licensed premises, indicating to the board that there is an objection to the issuance of such license because of proximity to a school. The board may extend the time period for submitting objections. For the purpose of this section, "church" means a building erected for and used exclusively for religious worship and schooling or other activity in connection therewith. For the purpose of this section, "public institution" means institutions of higher education, parks, community centers, libraries, and transit centers.

(b) No liquor license may be issued or reissued by the board to any motor sports facility or licensee operating within the motor sports facility unless the motor sports facility enforces a program reasonably calculated to prevent alcohol or alcoholic beverages not purchased within the facility from entering the facility and such program is approved by local law enforcement agencies.

(c) It is the intent under this subsection (9) that a retail license may not be issued by the board where doing so would, in the judgment of the board, adversely affect a private school meeting the requirements for private schools under Title 28A RCW, which school is within five hundred feet of the proposed licensee. The board must fully consider and give substantial weight to objections filed by private schools. If a license is issued despite the proximity of a private school, the board must state in a letter addressed to the private school the board's reasons for issuing the license.

(10) The restrictions set forth in subsection (9) of this section do not prohibit the board from authorizing the assumption of existing licenses now located within the restricted area by other persons or licenses or relocations of existing licensed premises within the restricted area. In no case may the licensed premises be moved closer to a church or school than it was before the assumption or relocation.

(11)(a) Nothing in this section prohibits the board, in its discretion, from issuing a temporary retail or distributor license to an applicant to operate the retail or distributor premises during the period the application for the license is pending. The board may establish a fee for a temporary license by rule.

(b) A temporary license issued by the board under this section must be for a period not to exceed sixty days. A temporary license may be extended at the discretion of the board for additional periods of sixty days upon payment of an additional fee and upon compliance with all conditions required in this section.

(c) Refusal by the board to issue or extend a temporary license shall not entitle the applicant to request a hearing. A temporary license may be canceled or suspended summarily at any time if the board determines that good cause for cancellation or suspension exists. RCW 66.08.130 applies to temporary licenses.

(d) Application for a temporary license must be on such form as the board shall prescribe. If an application for a temporary license is withdrawn before issuance or is refused by the board, the fee which accompanied such application must be refunded in full.

(12) In determining whether to grant or deny a license or renewal of any license, the board must give substantial weight to objections from an incorporated city or town or county legislative authority based upon chronic illegal activity associated with the applicant's operations of the premises proposed to be licensed or the applicant's operation of any other licensed premises, or the conduct of the applicant's patrons inside or outside the licensed premises. "Chronic illegal activity" means (a) a pervasive pattern of activity that threatens the public health, safety, and welfare of the city, town, or county including, but not limited to, open container violations, assaults, disturbances, disorderly conduct, or other criminal law violations, or as documented in crime statistics, police reports, emergency medical response data, calls for service, field data, or similar records of a law enforcement agency for the city, town, county, or any other municipal corporation or any state agency; or (b) an unreasonably high number of citations for violations of RCW 46.61.502 associated with the applicant's or licensee's operation of any licensed premises as indicated by the reported statements given to law enforcement upon arrest. (a) Sell spirits in original containers to consumers for consumption off the licensed premises and to permit holders;

(b) Sell spirits in original containers to retailers licensed to sell spirits for consumption on the premises, for resale at their licensed premises according to the terms of their licenses, although no single sale may exceed twenty-four liters; and

(c) Export spirits.

(2) The annual fee for the combination spirits, beer, and wine license is three hundred sixteen dollars for each store.

(3) For the purposes of this title, a combination spirits, beer, and wine license is a retail license, and a sale by a combination spirits, beer, and wine licensee is a retail sale only if not for resale. Nothing in this title authorizes sales by on-premise licensees to other retail licensees.

(4)(a) The board may issue a combination spirits, beer, and wine license:

(i) For premises comprising at least ten thousand square feet of fully enclosed retail space within a single structure, including storerooms and other interior auxiliary areas but excluding covered or fenced exterior areas, whether or not attached to the structure, and only to applicants that the board determines will maintain appropriate systems for inventory management, employee training, employee supervision, and physical security of the product;

(ii) For premises of a former contract liquor store; or

(iii) To a holder of former state liquor store operating rights sold at auction under RCW 66.24.620.

However, existing grocery and other retail premises over ten thousand square feet licensed to sell beer and/or wine are deemed to be premises "now licensed" under RCW 66.24.010(9)(a) for the purpose of processing applications for combination spirits, beer, and wine licenses.

(c) A retailer authorized to sell spirits for consumption on or off the licensed premises may accept delivery of spirits and deliver spirits in the same manner as is provided in RCW 66.24.630(3)(d).

(d) For purposes of negotiating volume discounts of spirits, a group of individual retailers authorized to sell spirits for consumption off the licensed premises may accept delivery of spirits as provided in RCW 66.24.630(3)(e).

(6) The board may not issue a combined spirits, beer, and wine license to an applicant if the applicant would qualify for

a restricted license as provided in RCW 66.24.371(4) or 66.24.360(7) if the applicant had applied for a license under RCW 66.24.371 or 66.24.360 instead of pursuant to this section.

A combination spirits, beer, and wine licensee with an endorsement issued pursuant to this subsection must comply with the requirements of the endorsement to the same extent as if the endorsement was issued pursuant to RCW 66.24.360, 66.24.363, or 66.24.371, as applicable.

(b) A combination spirits, beer, and wine licensee may conduct sampling in accordance with:

(13) The board may adopt rules to implement this section. [2017 c 96 § 1.]

66.24.055 Spirits distributor license. (1) There is a license for spirits distributors to (a) sell spirits purchased from manufacturers, distillers, or suppliers including, without limitation, licensed Washington distilleries, licensed spirits importers, other Washington spirits distributors, or suppliers of foreign spirits located outside of the United States, to spirits retailers including, without limitation, spirits retail licensees, special occasion license holders, interstate common carrier license holders, restaurant spirits retailer license holders, spirits, beer, and wine private club license holders, hotel license holders, sports entertainment facility license holders, and spirits, beer, and wine nightclub license holders, and to other spirits distributors; and (b) export the same from the state.

(2) By January 1, 2012, the board must issue spirits distributor licenses to all applicants who, upon December 8, 2011, have the right to purchase spirits from a spirits manufacturer, spirits distiller, or other spirits supplier for resale in the state, or are agents of such supplier authorized to sell to licensees in the state, unless the board determines that issuance of a license to such applicant is not in the public interest.

(3)(a) As limited by (b) of this subsection and subject to (c) of this subsection, each spirits distributor licensee must pay to the board, for deposit into the liquor revolving fund, a license issuance fee calculated as follows:

(i) In each of the first twenty-seven months of licensure, ten percent of the total revenue from all the licensee's sales of spirits made during the month for which the fee is due, respectively; and

(ii) In the twenty-eighth month of licensure and each month thereafter, five percent of the total revenue from all the licensee's sales of spirits made during the month for which the fee is due, respectively.

(b) The fee required under this subsection (3) is calculated only on sales of items which the licensee was the first spirits distributor in the state to have received:

(i) In the case of spirits manufactured in the state, from the distiller; or

(ii) In the case of spirits manufactured outside the state, from an authorized out-of-state supplier.

(c) By March 31, 2013, all persons holding spirits distributor licenses on or before March 31, 2013, must have paid collectively one hundred fifty million dollars or more in spirits distributor license fees. If the collective payment through March 31, 2013, totals less than one hundred fifty million dollars, the board must, according to rules adopted by the board for the purpose, collect by May 31, 2013, as additional spirits distributor license fees the difference between one hundred fifty million dollars and the actual receipts, allocated among persons holding spirits distributor licenses at any time on or before March 31, 2013, ratably according to their spirits sales made during calendar year 2012. Any amount by which such payments exceed one hundred fifty million dollars by March 31, 2013, must be credited to future license issuance fee obligations of spirits distributor licensees according to rules adopted by the board.

(d) A retail licensee selling for resale must pay a distributor license fee under the terms and conditions in this section on resales of spirits the licensee has purchased on which no other distributor license fee has been paid. The board must establish rules setting forth the frequency and timing of such payments and reporting of sales dollar volume by the licensee, with payments due quarterly in arrears.

(e) No spirits inventory may be subject to calculation of more than a single spirits distributor license issuance fee.

(4) In addition to the payment set forth in subsection (3) of this section, each spirits distributor licensee renewing its annual license must pay an annual license renewal fee of one thousand three hundred twenty dollars for each licensed location.

(5) There is no minimum facility size or capacity for spirits distributor licenses, and no limit on the number of such licenses issued to qualified applicants. License applicants must provide physical security of the product that is substantially as effective as the physical security of the distribution facilities currently operated by the board with respect to preventing pilferage. License issuances and renewals are subject to RCW 66.24.010 and the regulations promulgated thereunder, including without limitation rights of cities, towns, county legislative authorities, the public, churches, schools, and public institutions to object to or prevent issuance of local liquor licenses. However, existing distributor premises licensed to sell beer and/or wine are deemed to be premises "now licensed" under RCW 66.24.010(9)(a) for the purpose of processing applications for spirits distributor licenses. An additional distribution of ten million dollars per year from the spirits license fees must be provided to border areas, counties, cities, and towns through the liquor revolving fund for the purpose of enhancing public safety programs. 66.24.165 Local wine industry association license—Fee. (1) There is a retail license to be designated as the local wine industry association license to be issued to a nonprofit society or organization specifically created with the express purpose of encouraging consumer education of and promoting the economic development for a designated area of the Washington state wine industry.

(2) The local wine industry association licensee may purchase or receive donations of wine from domestic winery licensees and certificate of approval holders and use such wine for promotional or marketing purposes. Events or marketing programs conducted by the local wine industry association licensee may be held on domestic winery premises, including the premises of additional locations authorized under RCW 66.24.170(4), as long as the domestic winery and the local wine industry association licensee each separately account for the sales of its wine. Domestic wineries and additional locations authorized under RCW 66.24.170(4) are not subject to the restrictions of RCW 66.28.305, but only while participating in an event or marketing program conducted by the holder of this license.

(3) The holder of the local wine industry association license must notify the board of any event or marketing program conducted under the license at least forty-five days before the event or start of the marketing program.

(4) The annual fee for the local wine industry association license is seven hundred dollars per calendar year.

(5) Nothing in this section prohibits the holder of the local wine industry association license access to the special occasion license under RCW 66.24.380 or special permits under RCW 66.20.010.

(6) Wine furnished to a nonprofit society under this section is subject to the taxes imposed under RCW 66.24.210.

(7) A licensee under this section may conduct no more than twelve events per year.

(8) All licensees participating in an event or marketing program conducted under a license issued under this section are jointly responsible for any violation or enforcement issues arising out of the event or marketing program unless it can be demonstrated that the violation or enforcement issue was due to one or more licensee's specific conduct or action, in which case the violation or enforcement issue applies only to those identified licensees. [2020 c 210 § 1.]

66.24.170 Domestic winery license—Winery as distributor and/or retailer of own wine—Off-premises samples—Domestic wine made into sparkling wine—Sales at qualifying farmers markets. (1) There is a license for domestic wineries; fee to be computed only on the liters manufactured: Less than two hundred fifty thousand liters per year, one hundred dollars per year; and two hundred fifty thousand liters or more per year, four hundred dollars per year.

(2) The license allows for the manufacture of wine in Washington state from grapes or other agricultural products.

(3) Any domestic winery licensed under this section may also act as a retailer of wine of its own production. Any domestic winery licensed under this section may act as a distributor of its own production. Notwithstanding any language in this title to the contrary, a domestic winery may use a common carrier to deliver up to one hundred cases of its own production, in the aggregate, per month to licensed Washington retailers. A domestic winery may not arrange for any such common carrier shipments to licensed retailers of wine not of its own production. Except as provided in this section, any winery operating as a distributor and/or retailer under this subsection must comply with the applicable laws and rules relating to distributors and/or retailers, except that a winery operating as a distributor may maintain a warehouse off the premises of the winery for the distribution of wine of its own production provided that: (a) The warehouse has been approved by the board under RCW 66.24.010; and (b) the number of warehouses off the premises of the winery does not exceed one.

(4)(a) A domestic winery licensed under this section, at locations separate from any of its production or manufacturing sites, may serve samples of its own products, with or without charge, may sell wine of its own production at retail, and may sell for off-premises consumption wines of its own production in kegs or sanitary containers meeting the applicable requirements of federal law brought to the premises by the purchaser or furnished by the licensee and filled at the tap at the time of sale, provided that: (i) Each additional location has been approved by the board under RCW 66.24.010; (ii) the total number of additional locations does not exceed four; (iii) a winery may not act as a distributor at any such additional location; and (iv) any person selling or serving wine at an additional location for on-premises consumption must obtain a class 12 or class 13 alcohol server permit. Each additional location is deemed to be part of the winery license for the purpose of this title. At additional locations operated by multiple wineries under this section, if the board cannot connect a violation of RCW 66.44.200 or 66.44.270 to a single licensee, the board may hold all licensees operating the addi-

tional location jointly liable. Nothing in this subsection may be construed to prevent a domestic winery from holding multiple domestic winery licenses.

(b) A customer of a domestic winery may remove from the premises of the domestic winery or from a tasting room location approved under (a) of this subsection, recorked or recapped in its original container, any portion of wine purchased for on-premises consumption.

(5)(a) A domestic winery licensed under this section may apply to the board for an endorsement to sell wine of its own production at retail for off-premises consumption at a qualifying farmers market. The annual fee for this endorsement is seventy-five dollars. An endorsement issued pursuant to this subsection does not count toward the four additional retail locations limit specified in this section.

(b) For each month during which a domestic winery will sell wine at a qualifying farmers market, the winery must provide the board or its designee a list of the dates, times, and locations at which bottled wine may be offered for sale. This list must be received by the board before the winery may offer wine for sale at a qualifying farmers market.

(c) The wine sold at qualifying farmers markets must be made entirely from grapes grown in a recognized Washington appellation or from other agricultural products grown in this state.

(d) Each approved location in a qualifying farmers market is deemed to be part of the winery license for the purpose of this title. The approved locations under an endorsement granted under this subsection include tasting or sampling privileges subject to the conditions pursuant to RCW 66.24.175. The winery may not store wine at a farmers market beyond the hours that the winery offers bottled wine for sale. The winery may not act as a distributor from a farmers market location.

(e) Before a winery may sell bottled wine at a qualifying farmers market, the farmers market must apply to the board for authorization for any winery with an endorsement approved under this subsection to sell bottled wine at retail at the farmers market. This application shall include, at a minimum: (i) A map of the farmers market showing all booths, stalls, or other designated locations at which an approved winery may sell bottled wine; and (ii) the name and contact information for the on-site market managers who may be contacted by the board or its designee to verify the locations at which bottled wine may be sold. Before authorizing a qualifying farmers market to allow an approved winery to sell bottled wine at retail at its farmers market location, the board must notify the persons or entities of such application for authorization pursuant to RCW 66.24.010 (8) and (9). An authorization granted under this subsection (5)(e) may be withdrawn by the board for any violation of this title or any rules adopted under this title.

(f) The board may adopt rules establishing the application and approval process under this section and such additional rules as may be necessary to implement this section.

(g) For the purposes of this subsection:

(i) "Qualifying farmers market" means an entity that sponsors a regular assembly of vendors at a defined location for the purpose of promoting the sale of agricultural products grown or produced in this state directly to the consumer

under conditions that meet the following minimum requirements:

(A) There are at least five participating vendors who are farmers selling their own agricultural products;

(B) The total combined gross annual sales of vendors who are farmers exceeds the total combined gross annual sales of vendors who are processors or resellers. However, if a farmers market does not satisfy this subsection (5)(g)(i)(B), a farmers market is still considered a "qualifying farmers market" if the total combined gross annual sales of farmers and processors at the farmers market is one million dollars or more;

(C) The total combined gross annual sales of vendors who are farmers, processors, or resellers exceeds the total combined gross annual sales of vendors who are not farmers, processors, or resellers;

(D) The sale of imported items and secondhand items by any vendor is prohibited; and

(E) No vendor is a franchisee.

(ii) "Farmer" means a natural person who sells, with or without processing, agricultural products that he or she raises on land he or she owns or leases in this state or in another state's county that borders this state.

(iii) "Processor" means a natural person who sells processed food that he or she has personally prepared on land he or she owns or leases in this state or in another state's county that borders this state.

(iv) "Reseller" means a natural person who buys agricultural products from a farmer and resells the products directly to the consumer.

(6) Wine produced in Washington state by a domestic winery licensee may be shipped out-of-state for the purpose of making it into sparkling wine and then returned to such licensee for resale. Such wine is deemed wine manufactured in the state of Washington for the purposes of RCW 66.24.206, and shall not require a special license.

(7) During an event held by a nonprofit holding a special occasion license issued under RCW 66.24.380, a domestic winery licensed under this section may take orders, either in writing or electronically, and accept payment for wines of its own production under the following conditions:

(a) Wine produced by the domestic winery may be served for on-premises consumption by the special occasion licensee;

(b) The domestic winery delivers wine to the consumer on a date after the conclusion of the special occasion event;

(c) The domestic winery delivers wine to the consumer at a location different from the location at which the special occasion event is held;

(d) The domestic winery complies with all requirements in chapter 66.20 RCW for direct sale of wine to consumers;

(e) The wine is not sold for resale; and

(f) The domestic winery is entitled to all proceeds from the sale and delivery of its wine to a consumer after the conclusion of the special occasion event, but may enter into an agreement to share a portion of the proceeds of these sales with the special occasion licensee licensed under RCW 66.24.380. A winery or microbrewery offering samples under this section must have an endorsement from the board to sell wine or beer, as the case may be, of its own production at a qualifying farmers market under RCW 66.24.170 or 66.24.244, respectively.

(2) Samples may be offered only under the following conditions:

(f) A winery or microbrewery must have food available for customers to consume while sampling beer or wine, or must be adjacent to a vendor offering prepared food.

(3) The board may establish additional requirements to ensure that persons under twenty-one years of age and apparently intoxicated persons may not possess or consume alcohol under the authority granted in this section.

(4) The board may prohibit sampling at a farmers market that is within the boundaries of an alcohol impact area recognized by resolution of the board if the board finds that the sampling activities at the farmers market have an adverse effect on the reduction of chronic public inebriation in the area.

(5) If a winery or microbrewery is found to have committed a public safety violation in conjunction with tasting activities, the board may suspend the licensee's farmers market endorsement and not reissue the endorsement for up to two years from the date of the violation. If mitigating circumstances exist, the board may offer a monetary penalty in lieu of suspension during a settlement conference.

(6) For the purposes of this section, a "qualifying farmers market" has the same meaning as defined in RCW 66.24.170. [2014 c 105 § 2; 2013 c 238 § 1.]

All revenues collected during any month from this additional tax shall be deposited in the state general fund by the twenty-fifth day of the following month.

(5)(a) An additional tax is imposed on all cider subject to tax under subsection (1) of this section. The additional tax is equal to two and four one-hundredths cents per liter of cider sold after June 30, 1996, and before July 1, 1997, and is equal to four and seven one-hundredths cents per liter of cider sold after June 30, 1997.

(b) All revenues collected from the additional tax imposed under this subsection (5) (~~shall~~) must be deposited in the state general fund.

66.24.215 Levy of assessment on wine producers and growers to fund wine commission—Assessment rate changes—Procedures—Disbursement—Continuation.

(1) To provide for permanent funding of the wine commission after July 1, 1989, agricultural commodity assessments must be levied by the board on wine producers and growers as follows:

(a) Beginning on July 1, 1989, the assessment on wine producers is two cents per gallon on sales of packaged Washington wines.

(b) Beginning on July 1, 1989, the assessment on growers of Washington vinifera wine grapes is levied as provided in RCW 15.88.130.

(c) After July 1, 1993, assessment rates under (a) of this subsection may be changed pursuant to a referendum conducted by the Washington wine commission and approved by a majority vote of wine producers. The weight of each producer's vote must be equal to the percentage of that producer's share of Washington vinifera wine production in the prior year.

(d) After July 1, 1993, assessment amounts under (b) of this subsection may be changed pursuant to a referendum conducted by the Washington wine commission and approved by a majority vote of grape growers. The weight of each grower's vote must be equal to the percentage of that grower's share of Washington vinifera grape sales in the prior year.

(e) After July 1, 2015, the assessment amounts under this section may not be levied on the production of cider as defined in RCW 66.24.210.

(f) After January 1, 2018, the assessment amounts under this section may not be levied on the production of mead. For purposes of this section, "mead" means a wine or malt beverage of which honey represents the largest percentage of the starting fermentable sugars by weight of the finished product and that:

(i) Is derived from a mixture of honey and water, which may contain hops, fruit, spices, grain, and other agricultural products or flavors; and

(ii) Is sold or offered for sale as mead.

(2) Assessments collected under this section must be disbursed quarterly to the Washington wine commission for use in carrying out the purposes of chapter 15.88 RCW.

(3) Prior to July 1, 1996, a referendum must be conducted to determine whether to continue the Washington wine commission as representing both wine producers and grape growers. The voting may not be weighted. The wine producers must vote whether to continue the commission's coverage of wineries and wine production. The grape producers must vote whether to continue the commission's coverage of issues pertaining to grape growing. If a majority of both wine and grape producers favor the continuation of the commission, the assessments must continue as provided in subsection (1)(b) and (d) of this section. If only one group of producers favors the continuation, the assessments may only be levied on the group which favored the continuation. [2017 c 8 § 1; 2015 c 76 § 2; 1988 c 257 § 7; 1987 c 452 § 13.]

Finding—Intent—2015 c 76: "The legislature finds that the commodity assessment authorized in RCW 66.24.215 is applied to makers of cider as defined in RCW 66.24.210 but by definition is focused on the marketing and support of vinifera wine grape growers and vinifera wine producers. The rapid growth and strong market potential of the Washington cider industry require marketing efforts that are focused on cider products as a unique beverage category. The legislature intends to allow cider makers to support their own marketing efforts, which will benefit the cider industry by exempting

them from an assessment that primarily supports vinifera wine." [2015 c 76 § 1.]

Effective date—2015 c 76: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2015." [2015 c 76 § 3.]

66.24.360 Grocery store license—Fees—Restricted license—Determination of public interest—Inventory—Endorsements. (1) There is a grocery store license to sell wine and/or beer, including without limitation strong beer at retail in original containers, not to be consumed upon the premises where sold.

(2) There is a wine retailer reseller endorsement of a grocery store license, to sell wine at retail in original containers to retailers licensed to sell wine for consumption on the prem-

ises, for resale at their licensed premises according to the terms of the license. However, no single sale may exceed twenty-four liters, unless the sale is made by a licensee that was a contract liquor store manager of a contract-operated liquor store at the location from which such sales are made. For the purposes of this title, a grocery store license is a retail license, and a sale by a grocery store licensee with a reseller endorsement is a retail sale only if not for resale.

(3) Licensees obtaining a written endorsement from the board may also sell malt liquor in kegs or other containers capable of holding less than five and one-half gallons of liquid.

(4) The annual fee for the grocery store license is one hundred fifty dollars for each store.

(7) The board must issue a restricted grocery store license authorizing the licensee to sell beer and only table wine, if the board finds upon issuance or renewal of the license that the sale of strong beer or fortified wine would be against the public interest. In determining the public interest, the board must consider at least the following factors:

(a) The likelihood that the applicant will sell strong beer or fortified wine to persons who are intoxicated;

(b) Law enforcement problems in the vicinity of the applicant's establishment that may arise from persons purchasing strong beer or fortified wine at the establishment; and

(c) Whether the sale of strong beer or fortified wine would be detrimental to or inconsistent with a government-operated or funded alcohol treatment or detoxification program in the area.

If the board receives no evidence or objection that the sale of strong beer or fortified wine would be against the public interest, it must issue or renew the license without restriction, as applicable. The burden of establishing that the sale of strong beer or fortified wine by the licensee would be against the public interest is on those persons objecting.

(8) Licensees holding a grocery store license must maintain a minimum three thousand dollar inventory of food products for human consumption, not including pop, beer, strong beer, or wine.

(9) A grocery store licensee with a wine retailer reseller endorsement may accept delivery of wine at its licensed premises or at one or more warehouse facilities registered

(c) Any beer, strong beer, or wine sold under this endorsement must be sold at a price no less than the acquisition price paid by the holder of the license.

(d) The annual cost of this endorsement is five hundred dollars and is in addition to the license fees paid by the licensee for a grocery store license.

(11) A grocery store licensee holding a snack bar license under RCW 66.24.350 may receive an endorsement to allow the sale of confections containing more than one percent but not more than ten percent alcohol by weight to persons twenty-one years of age or older.

(d) Customers must remain in the service area while consuming samples; and

(e) The service area and facilities must be located within the licensee's fully enclosed retail area and must be of a size and design such that the licensee can observe and control persons in the area to ensure that persons under twenty-one years of age and apparently intoxicated persons cannot possess or consume alcohol.

(4) Employees of licensees whose duties include serving during tasting activities under this section must hold a class 12 alcohol server permit.

(5) Tasting activities under this section are subject to RCW 66.28.305 and 66.28.040 and the cost of sampling may not be borne, directly or indirectly, by any liquor manufacturer, importer, or distributor.

(6) A licensee may advertise a tasting event only within the store, on a store web site, in store newsletters and flyers, and via email and mail to customers who have requested notice of events. Advertising under this subsection may not be targeted to or appeal principally to youth.

(7)(a) If a licensee is found to have committed a public safety violation in conjunction with tasting activities, the board may suspend the licensee's tasting endorsement and not reissue the endorsement for up to two years from the date of the violation. If mitigating circumstances exist, the board may offer a monetary penalty in lieu of suspension during a settlement conference.

(b) The board may revoke an endorsement granted to a licensee that is located within the boundaries of an alcohol impact area recognized by resolution of the board if the board finds that the tasting activities by the licensee are having an

66.24.371 Beer and/or wine specialty shop license—Fee—Samples—Restricted license—Determination of public interest—Inventory. (1) There shall be a beer and/or wine retailer's license to be designated as a beer and/or wine specialty shop license to sell beer, strong beer, and/or wine at retail in bottles, cans, and original containers, not to be consumed upon the premises where sold, at any store other than the state liquor stores. Licensees obtaining a written endorsement from the board may also sell malt liquor in kegs or other containers capable of holding four gallons or more of liquid. The annual fee for the beer and/or wine specialty shop license is one hundred dollars for each store. If the beer and/or wine specialty shop licensee does not exceed fifty percent beer and/or wine sales, the board may waive the fifty percent beer and/or wine sale criteria if the beer and/or wine specialty shop maintains alcohol inventory that exceeds fifteen thousand dollars.

(4) The board shall issue a restricted beer and/or wine specialty shop license, authorizing the licensee to sell beer and only table wine, if the board finds upon issuance or renewal of the license that the sale of strong beer or fortified wine would be against the public interest. (b) Law enforcement problems in the vicinity of the applicant's establishment that may arise from persons purchasing strong beer or fortified wine at the establishment; and

(c) Whether the sale of strong beer or fortified wine would be detrimental to or inconsistent with a government-operated or funded alcohol treatment or detoxification program in the area.

If the board receives no evidence or objection that the sale of strong beer or fortified wine would be against the public interest, it shall issue or renew the license without restriction, as applicable. The burden of establishing that the sale of strong beer or fortified wine by the licensee would be against the public interest is on those persons objecting.

66.24.600 Nightclub license. (1) There shall be a spirits, beer, and wine nightclub license to sell spirituous liquor by the drink, beer, and wine at retail, for consumption on the licensed premises.

(2) The license may be issued only to a person whose business includes the sale and service of alcohol to the person's customers, has food sales and service incidental to the sale and service of alcohol, and has primary business hours between 9:00 p.m. and 2:00 a.m.

(3) Minors may be allowed on the licensed premises but only in areas where alcohol is not served or consumed.

(4) The annual fee for this license is two thousand dollars. The fee for the license shall be reviewed from time to time and set at such a level sufficient to defray the cost of licensing and enforcing this licensing program. The fee shall be fixed by rule adopted by the board in accordance with the provisions of the administrative procedure act, chapter 34.05 RCW.

(5) Local governments may petition the board to request that further restrictions be imposed on a spirits, beer, and wine nightclub license in the interest of public safety. Examples of further restrictions a local government may request are: No minors allowed on the entire premises, submitting a security plan, or signing a good neighbor agreement with the local government.

(6) The total number of spirits [spirits], beer, and wine nightclub licenses are subject to the requirements of RCW 66.24.420(4). However, the board shall refuse a spirits, beer, and wine nightclub license to any applicant if the board determines that the spirits, beer, and wine nightclub licenses already granted for the particular locality are adequate for the reasonable needs of the community.

(7) The board may adopt rules to implement this section. [2009 c 271 § 1.]

66.24.610 VIP airport lounge operator. There shall be a license to allow a VIP airport lounge operator to sell or otherwise provide spirits, wine, and beer solely for consumption on the premises of a VIP airport lounge. The license described in this section allows the VIP airport lounge operator to purchase spirits from the board, and to purchase beer and wine at retail outlets, or from the manufacturer or a distributor. No licensee may serve liquor from a bar where patrons may sit to be served, but may only serve liquor from a service bar, as approved by the board. The annual fee for this license shall be two thousand dollars. [2011 c 325 § 1.]

66.24.620 Sale of spirits by a holder of a spirits distributor or spirits retail license—State liquor store closure. (1) The holder of a spirits distributor license or spirits retail license issued under this title may commence sale of spirits upon issuance thereof, but in no event earlier than March 1, 2012, for distributors, or June 1, 2012, for retailers. The board must complete application processing by those dates of all complete applications for spirits licenses on file with the board on or before sixty days from December 8, 2011.

(2) The board must effect orderly closure of all state liquor stores no later than June 1, 2012, and must thereafter refrain from purchase, sale, or distribution of liquor, except for asset sales authorized by chapter 2, Laws of 2012.

(3) The board must devote sufficient resources to planning and preparation for sale of all assets of state liquor stores and distribution centers, and all other assets of the state over which the board has power of disposition, including without limitation goodwill and location value associated with state liquor stores, with the objective of depleting all inventory of liquor by May 31, 2012, and closing all other asset sales no later than June 1, 2013. The board, in furtherance of this subsection, may sell liquor to spirits licensees.

(4)(a) Disposition of any state liquor store or distribution center assets remaining after June 1, 2013, must be managed by the department of revenue.

(b) The board must obtain the maximum reasonable value for all asset sales made under this section.

(c) The board must sell by auction open to the public the right at each state-owned store location of a spirits retail licensee to operate a liquor store upon the premises. Such right must be freely alienable and subject to all state and local zoning and land use requirements applicable to the property. Acquisition of the operating rights must be a precondition to, but does not establish eligibility for, a spirits retail license at the location of a state store and does not confer any privilege conferred by a spirits retail license. Holding the rights does not require the holder of the right to operate a liquor-licensed business or apply for a liquor license.

(5) All sales proceeds under this section, net of direct sales expenses and other transition costs authorized by this section, must be deposited into the liquor revolving fund.

(6)(a) The board must complete the orderly transition from the current state-controlled system to the private licensee system of spirits retailing and distribution as required under this chapter by June 1, 2012.

(b) The transition must include, without limitation, a provision for applying operating and asset sale revenues of the board to just and reasonable measures to avert harm to interests of tribes, military buyers, and nonemployee liquor store operators under then existing contracts for supply by the board of distilled spirits, taking into account present value of issuance of a spirits retail license to the holder of such interest. The provision may extend beyond the time for completion of transition to a spirits licensee system.

(c) Purchases by the federal government from any licensee of the board of spirits for resale through commissaries at military installations are exempt from sales tax based on selling price levied by RCW 82.08.150. [2012 c 2 § 102 (Initiative Measure No. 1183, approved November 8, 2011).]

Finding—2012 c 2 (Initiative Measure No. 1183): "(1) The people of the state of Washington, in enacting this initiative measure, find that the state government monopoly on liquor distribution and liquor stores in Washington and the state government regulations that arbitrarily restrict the wholesale distribution and pricing of wine are outdated, inefficient, and costly to local taxpayers, consumers, distributors, and retailers. Therefore, the people wish to privatize and modernize both wholesale distribution and retail sales of liquor and remove outdated restrictions on the wholesale distribution of wine by enacting this initiative.

(2) This initiative will:

(a) Privatize and modernize wholesale distribution and retail sales of liquor in Washington state in a manner that will reduce state government costs and provide increased funding for state and local government services, while continuing to strictly regulate the distribution and sale of liquor;

(b) Get the state government out of the commercial business of distributing, selling, and promoting the sale of liquor, allowing the state to focus on the more appropriate government role of enforcing liquor laws and protecting public health and safety concerning all alcoholic beverages;

(c) Authorize the state to auction off its existing state liquor distribution and state liquor store facilities and equipment;

(d) Allow a private distributor of alcohol to get a license to distribute liquor if that distributor meets the requirements set by the Washington state liquor control board and is approved for a license by the board and create provisions to promote investments by private distributors;

(e) Require private distributors who get licenses to distribute liquor to pay ten percent of their gross spirits revenues to the state during the first two years and five percent of their gross spirits revenues to the state after the first two years;

(f) Allow for a limited number of retail stores to sell liquor if they meet public safety requirements set by this initiative and the liquor control board;

(g) Require that a retail store must have ten thousand square feet or more of fully enclosed retail space within a single structure in order to get a license to sell liquor, with limited exceptions;

(h) Require a retail store to demonstrate to state regulators that it can effectively prevent sales of alcohol to minors in order to get a license to sell liquor;

(i) Ensure that local communities have input before a liquor license can be issued to a local retailer or distributor and maintain all local zoning requirements and authority related to the location of liquor stores;

(j) Require private retailers who get licenses to sell liquor to pay seven-tenths percent of their gross spirits revenues to the state;

(k) Maintain the current distribution of liquor revenues to local governments and dedicate a portion of the new revenues raised from liquor license fees to increase funding for local public safety programs, including police, fire, and emergency services in communities throughout the state;

(l) Make the standard fines and license suspension penalties for selling liquor to minors twice as strong as the existing fines and penalties for selling beer or wine to minors;

(m) Make requirements for training and supervision of employees selling spirits at retail more stringent than what is now required for sales of beer and wine;

(n) Update the current law on wine distribution to allow wine distributors and wineries to give volume discounts on the wholesale price of wine to retail stores and restaurants; and

(o) Allow retailers and restaurants to distribute wine to their own stores from a central warehouse." [2012 c 2 § 101 (Initiative Measure No. 1183, approved November 8, 2011).]

Application—2012 c 2 (Initiative Measure No. 1183): "This act does not increase any tax, create any new tax, or eliminate any tax. Section 106 of this act applies to spirits licensees upon December 8, 2011, but all taxes presently imposed by RCW 82.08.150 on sales of spirits by or on behalf of the liquor control board continue to apply so long as the liquor control board makes any such sales." [2012 c 2 § 301 (Initiative Measure No. 1183, approved November 8, 2011).]

Rules—2012 c 2 (Initiative Measure No. 1183): "The department of revenue must develop rules and procedures to address claims that this act unconstitutionally impairs any contract with the state and to provide a means for reasonable compensation of claims it finds valid, funded first from revenues based on spirits licensing and sale under this act." [2012 c 2 § 303 (Initiative Measure No. 1183, approved November 8, 2011).]

Effective date—Contingent effective date—2012 c 2 (Initiative Measure No. 1183): "This act takes effect upon approval by the voters. Section 216, subsections (1) and (2) of this act take effect if Engrossed Substitute House Bill No. 5942 is enacted by the legislature in 2011 and the bill, or any portion of it, becomes law. Section 216, subsection (3) of this act takes effect if any act or part of an act relating to the warehousing and distribution of liquor, including the lease of the state's liquor warehousing and distribution facilities, is adopted subsequent to May 25, 2011, in any 2011 special session." [2012 c 2 § 305 (Initiative Measure No. 1183, approved November 8, 2011).]

66.24.630 Spirits retail license. (1) There is a spirits retail license to: Sell spirits in original containers to consumers for consumption off the licensed premises and to permit holders; sell spirits in original containers to retailers licensed to sell spirits for consumption on the premises, for resale at their licensed premises according to the terms of their licenses, although no single sale may exceed twenty-four liters, unless the sale is by a licensee that was a contract liquor store manager of a contract liquor store at the location of its spirits retail licensed premises from which it makes such sales; and export spirits.

(2) For the purposes of this title, a spirits retail license is a retail license, and a sale by a spirits retailer is a retail sale only if not for resale. Nothing in this title authorizes sales by on-sale licensees to other retail licensees. The board must establish by rule an obligation of on-sale spirits retailers to:

(a) Maintain a schedule by stock-keeping unit of all their purchases of spirits from spirits retail licensees, including combination spirits, beer, and wine licensees holding a license issued pursuant to RCW 66.24.035, indicating the identity of the seller and the quantities purchased; and

(b) Provide, not more frequently than quarterly, a report for each scheduled item containing the identity of the purchasing on-premises licensee and the quantities of that scheduled item purchased since any preceding report to:

(i) A distributor authorized by the distiller to distribute a scheduled item in the on-sale licensee's geographic area; or

(ii) A distiller acting as distributor of the scheduled item in the area.

(3)(a) Except as otherwise provided in (c) of this subsection, the board may issue spirits retail licenses only for premises comprising at least ten thousand square feet of fully enclosed retail space within a single structure, including

(2020 Ed.)

storerooms and other interior auxiliary areas but excluding covered or fenced exterior areas, whether or not attached to the structure, and only to applicants that the board determines will maintain systems for inventory management, employee training, employee supervision, and physical security of the product substantially as effective as those of stores currently operated by the board with respect to preventing sales to or pilferage by underage or inebriated persons.

(b) License issuances and renewals are subject to RCW 66.24.010 and the regulations adopted thereunder, including without limitation rights of cities, towns, county legislative authorities, the public, churches, schools, and public institutions to object to or prevent issuance of local liquor licenses. However, existing grocery premises licensed to sell beer and/or wine are deemed to be premises "now licensed" under RCW 66.24.010(9)(a) for the purpose of processing applications for spirits retail licenses.

(c) The board may not deny a spirits retail license to an otherwise qualified contract liquor store at its contract location or to the holder of former state liquor store operating rights sold at auction under RCW 66.24.620 on the grounds of location, nature, or size of the premises to be licensed. The board may not deny a spirits retail license to applicants that are not contract liquor stores or operating rights holders on the grounds of the size of the premises to be licensed, if such applicant is otherwise qualified and the board determines that:

(i) There is no spirits retail license holder in the trade area that the applicant proposes to serve;

(ii) The applicant meets, or upon licensure will meet, the operational requirements established by the board by rule; and

(iii) The licensee has not committed more than one public safety violation within the three years preceding application.

(d) A retailer authorized to sell spirits for consumption on or off the licensed premises may accept delivery of spirits at its licensed premises, at another licensed premises as designated by the retailer, or at one or more warehouse facilities registered with the board, which facilities may also warehouse and distribute nonliquor items, and from which the retailer may deliver to its own licensed premises and, pursuant to sales permitted under subsection (1) of this section:

(i) To other retailer premises licensed to sell spirits for consumption on the licensed premises;

(ii) To other registered facilities; or

(iii) To lawful purchasers outside the state. The facilities may be registered and utilized by associations, cooperatives, or comparable groups of retailers, including at least one retailer licensed to sell spirits.

(e) For purposes of negotiating volume discounts, a group of individual retailers authorized to sell spirits for consumption off the licensed premises may accept delivery of spirits at their individual licensed premises or at any one of the individual licensee's premises, or at a warehouse facility registered with the board.

(4)(a) Except as otherwise provided in RCW 66.24.632, or in (b) of this subsection, each spirits retail licensee must pay to the board, for deposit into the liquor revolving fund, a license issuance fee equivalent to seventeen percent of all spirits sales revenues under the license, exclusive of taxes

collected by the licensee and of sales of items on which a license fee payable under this section has otherwise been incurred. The board must establish rules setting forth the timing of such payments and reporting of sales dollar volume by the licensee, with payments required quarterly in arrears. The first payment is due October 1, 2012.

(b) This subsection (4) does not apply to craft distilleries for sales of spirits of the craft distillery's own production.

(5) In addition to the payment required under subsection (4) of this section, each licensee must pay an annual license renewal fee of one hundred sixty-six dollars. The board must periodically review and adjust the renewal fee as may be required to maintain it as comparable to annual license renewal fees for licenses to sell beer and wine not for consumption on the licensed premises. If required by law at the time, any increase of the annual renewal fee becomes effective only upon ratification by the legislature.

(6) As a condition to receiving and renewing a spirits retail license the licensee must provide training as prescribed by the board by rule for individuals who sell spirits or who manage others who sell spirits regarding compliance with laws and regulations regarding sale of spirits, including without limitation the prohibitions against sale of spirits to individuals who are underage or visibly intoxicated. The training must be provided before the individual first engages in the sale of spirits and must be renewed at least every five years. The licensee must maintain records documenting the nature and frequency of the training provided. An employee training program is presumptively sufficient if it incorporates a "responsible vendor program" adopted by the board.

(7) The maximum penalties prescribed by the board in WAC 314-29-020 through 314-29-040 relating to fines and suspensions are doubled for violations relating to the sale of spirits by spirits retail licensees.

(8)(a) The board must adopt regulations concerning the adoption and administration of a compliance training program for spirits retail licensees, to be known as a "responsible vendor program," to reduce underage drinking, encourage licensees to adopt specific best practices to prevent sales to minors, and provide licensees with an incentive to give their employees ongoing training in responsible alcohol sales and service.

(b) Licensees who join the responsible vendor program under this section and maintain all of the program's requirements are not subject to the doubling of penalties provided in this section for a single violation in any period of twelve calendar months.

(c) The responsible vendor program must be free, voluntary, and self-monitoring.

(d) To participate in the responsible vendor program, licensees must submit an application form to the board. If the application establishes that the licensee meets the qualifications to join the program, the board must send the licensee a membership certificate.

(e) A licensee participating in the responsible vendor program must at a minimum:

- (i) Provide ongoing training to employees;
- (ii) Accept only certain forms of identification for alcohol sales;
- (iii) Adopt policies on alcohol sales and checking identification;

(iv) Post specific signs in the business; and

(v) Keep records verifying compliance with the program's requirements.

(f)(i) A spirits retail licensee that also holds a grocery store license under RCW 66.24.360 or a beer and/or wine specialty shop license under RCW 66.24.371 may, upon board approval and pursuant to board rules, transition to a combination spirits, beer, and wine license pursuant to RCW 66.24.035.

(ii) An applicant that would qualify for a spirits retail license under this section and that qualifies for a combination spirits, beer, and wine license pursuant to RCW 66.24.035 may apply for a license pursuant to RCW 66.24.035 instead of applying for a spirits retail license under this section. [2020 c 238 § 9; 2017 c 96 § 4; 2015 c 186 § 1; 2012 2nd sp.s. c 6 § 401; 2012 c 2 § 103 (Initiative Measure No. 1183, approved November 8, 2011).]

66.24.632 Spirits retail licensee—Combination spirits, beer, and wine licensee—License issuance fee exemption.

(1) Beginning June 30, 2013, the license issuance fee under RCW 66.24.630(4) does not apply to a spirits retail licensee or combination spirits, beer, and wine licensee that was a contract liquor store manager with respect to sales of spirits in original containers from the location of its spirits retail licensed premises to retailers licensed to sell spirits for consumption on the premises for resale at their licensed premises.

(2) Beginning June 30, 2013, the license issuance fee under RCW 66.24.630(4) does not apply to a spirits retail licensee or combination spirits, beer, and wine licensee that was a former state store auction buyer, with respect to sales of spirits in original containers from the location of its spirits retail licensed premises to retailers licensed to sell spirits for consumption on the premises for resale at their licensed premises.

(3) The exemptions created in this section attach to any successor, by purchase or otherwise, to the spirits retail license or combination beer and wine license, except that an exemption does not attach to any such successor that owns, directly or indirectly, any interest in a spirits retail license that is not derived directly from a former contract liquor store manager or a former state store auction buyer. [2017 c 96 § 6; 2013 2nd sp.s. c 12 § 3.]

Effective date—2013 2nd sp.s. c 12: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [June 30, 2013]." [2013 2nd sp.s. c 12 § 4.]

66.24.640 Licensed distillers operating as spirits retailers/distributors. Any distiller licensed under this title may act as a retailer and/or distributor to retailers selling for consumption on or off the licensed premises of spirits of its own production, and any manufacturer, importer, or bottler of spirits holding a certificate of approval may act as a distributor of spirits if it is entitled to import into the state under such

certificate. The board must by rule provide for issuance of certificates of approval to spirits suppliers. An industry member operating as a distributor and/or retailer under this section must comply with the applicable laws and rules relating to distributors and/or retailers, except that an industry member operating as a distributor under this section may maintain a warehouse off the distillery premises for the distribution of bottled spirits of its own production to spirits retailers within the state and for bottled foreign-made spirits that such distillery is entitled to distribute under this title, if the warehouse is within the United States and has been approved by the board. [2017 c 229 § 2; 2012 c 2 § 206 (Initiative Measure No. 1183, approved November 8, 2011).]

Finding—Application—Rules—Effective date—Contingent effective date—2012 c 2 (Initiative Measure No. 1183): See notes following RCW 66.24.620.

(3) For the purposes of this section:

(a) "Alcohol control plan" means a written, dated, and signed plan submitted to the board by an applicant or licensee for the entire theater premises, or rooms or areas therein, that shows where and when alcohol is permitted, where and when minors are permitted, and the control measures used to ensure that minors are not able to obtain alcohol or be exposed to environments where drinking alcohol predominates.

(b) "Theater" means a place of business where motion pictures or other primarily nonparticipatory entertainment are shown, and includes only theaters with up to four screens.

The financial arrangements providing for the brand advertising or promotion of events may not be used as an inducement to purchase the products of the manufacturer, importer, or distributor entering into the arrangement and such arrangements may not result in the exclusion of brands or products of other companies.

(b) The arrangements allowed under this subsection (5) are an exception to arrangements prohibited under RCW 66.28.305. The board must monitor the impacts of these arrangements. The board may conduct audits of a licensee

(b) "Theater" means a place of business where motion pictures or other primarily nonparticipatory entertainment are shown.

(4) The board must adopt rules regarding alcohol control plans and necessary control measures to ensure that minors are not able to obtain alcohol or be exposed to areas where drinking alcohol predominates. All alcohol control plans must include a requirement that any person involved in the serving of spirits, beer, and/or wine must have completed a mandatory alcohol server training program.

may not result in the exclusion of brands or products of other companies.

(b) The arrangements allowed under this subsection (5) are an exception to arrangements prohibited under RCW 66.28.305. The board must monitor the impacts of these arrangements. The board may conduct audits of a licensee and the affiliated business to determine compliance with this subsection (5). Audits may include, but are not limited to: Product selection at the facility; purchase patterns of the licensee; contracts with the spirits, beer, or wine manufacturer, importer, or distributor; and the amount allocated or used for spirits, beer, or wine advertising by the licensee, affiliated business, manufacturer, importer, or distributor under the arrangements.

(6) The maximum penalties prescribed by the board in WAC 314-29-020 relating to fines and suspensions are double for violations involving minors or the failure to follow the alcohol control plan with respect to theaters licensed under this section. [2013 c 237 § 1.]

Retailers may sell liquor as defined in RCW 66.04.010(25) through self-checkout registers if that register is programmed to halt that transaction during the purchase of liquor until an employee of the retailer intervenes and verifies the age of the purchaser by reviewing established forms of acceptable identification. Once age is successfully verified, the employee can release the transaction for payment. The board shall create rules detailing notification requirements. Upon request, the licensee shall provide to the board all necessary or requested information concerning the individual, society, or organization that will be holding the catered function at which the caterer's liquor license will be utilized.

(4) The holder of this license may, under conditions established by the board, store liquor on other premises operated by the licensee so long as the other premises are owned or controlled by a leasehold interest by that licensee.

66.24.695 Bonded and nonbonded spirits warehouse license. (1) There shall be a bonded and nonbonded spirits warehouse license for spirits warehouses that authorizes the storage and handling of bonded bulk spirits and, to the extent allowed under federal law and under rules adopted by the board, bottled spirits and the storage of tax-paid spirits not in

bond. Under this license a licensee may maintain a warehouse for the storage of federally authorized spirits off the premises of a distillery for distillers qualified under RCW 66.24.140, 66.24.145, or 66.24.150, or entities otherwise licensed and permitted in this state, or bulk spirits transferred in bond from out-of-state distilleries and, to the extent allowed by federal law and under rules adopted by the board, bottled spirits, if the storage of the federally authorized spirits transferred into the state is for storage only and not for processing or bottling in the bonded spirits warehouse. A licensee must designate clearly in its license application to the board the sections of the warehouse that are bonded and nonbonded with a physical separation between such spaces. Only spirits in bond may be stored in the bonded sections of the warehouse and only spirits that have been removed from bond tax-paid may be stored in nonbonded areas of the warehouse. The proprietor of the warehouse must maintain a plan for tracking spirits being stored in the warehouse to ensure compliance with relevant bonding and tax obligations.

A licensee must be a sole proprietor, a partnership, a limited liability company, a corporation, a port authority, a city, a county, or any other public entity or subdivision of the state that elects to license a bonded spirits warehouse as an agricultural or economic development activity. One or more domestic distilleries or manufacturers may operate as a partnership, corporation, business co-op, cotenant, or agricultural co-op for the purpose of obtaining a bonded and nonbonded spirits warehouse license or storing spirits in the facility under a common management and oversight agreement free of charge or for a fee.

(b) Returned to a distillery or spirits warehouse licensed under this section; or

(c) Transferred to a distillery, spirits warehouse licensed under this section, or a licensed bottling or packaging facility.

(6) A license applicant must demonstrate the right to have warehoused spirits under a valid federal permit held by a licensee who maintains ownership and title to the spirits while they are in storage in the spirits warehouse licensed under this section. The fee for this license is one hundred dollars per year.

(7) The board must adopt rules requiring a spirits warehouse licensed under this section to be physically secure, zoned for the intended use, and physically separated from any other use.

(8) The operator or licensee operating a spirits warehouse licensed under this section must submit to the board a monthly report of movement of spirits to and from a warehouse licensed under this section in a form prescribed by the board. The board may adopt other necessary procedures by which such warehouses are licensed and regulated.

(9) The board may require a single annual permit valid for a full calendar year issued to each licensee or entity warehousing spirits under this section that allows for unlimited transfers to and from such warehouse within that year. The fee for this permit is one hundred dollars per year.

(10) Handling of bottled spirits that have been removed from bond tax-paid and that reside in the spirits warehouse licensed under this section includes packaging and repackaging services; bottle labeling services; creating baskets or variety packs that may or may not include nonspirits products; and picking, packing, and shipping spirits orders on behalf of a licensed distillery direct to consumers in accordance with RCW 66.20.410. 66.28.155 Breweries, microbreweries, wineries, distilleries, distributors, certificate of approval holders, and agents authorized to conduct educational activities on licensed premises of retailer. A domestic brewery, microbrewery, domestic winery, distillery, distributor, certificate of approval holder, or its licensed agent may conduct educational activities or provide product information to the consumer on the licensed premises of a retailer. Information on the subject of wine, beer, or spirituous liquor, including but not limited to, the history, nature, quality, and characteristics of a wine, beer, or spirituous liquor, methods of harvest, production, storage, handling, and distribution of a wine, beer, or spirituous liquor, and the general development of the wine, beer, and spirituous liquor industry may be provided by a domestic brewery, microbrewery, domestic winery, distillery, distributor, certificate of approval holder, or its licensed agent to the public on the licensed premises of a retailer. 66.28.170 Wine or malt beverage manufacturers—Discrimination in price to purchaser for resale prohibited—Price differentials. It is unlawful for a manufacturer of spirits, wine, or malt beverages holding a certificate of approval or the manufacturer's authorized representative, a distillery, brewery, or a domestic winery to discriminate in price in selling to any purchaser for resale in the state of Washington. Price differentials for sales of spirits or wine based upon competitive conditions, costs of servicing a purchaser's account, efficiencies in handling goods, or other bona fide business factors, to the extent the differentials are not unlawful under trade regulation laws applicable to goods of all kinds, do not violate this section. [2012 c 2 § 119 (Initiative Measure No. 1183, approved November 8, 2011); 2004 c 160 § 17; 1997 c 321 § 50; 1985 c 226 § 3.]

66.28.180 Price list—Contents—Contracts and memoranda with distributors. (1) Beer and/or wine distributors.

(a) Every beer distributor must maintain at its liquor-licensed location a price list showing the wholesale prices at which any and all brands of beer sold by the distributor are sold to retailers within the state.

(b) Each price list must set forth:

(i) All brands, types, packages, and containers of beer offered for sale by the distributor; and

(ii) The wholesale prices thereof to retail licensees, including allowances, if any, for returned empty containers.

(c) No beer distributor may sell or offer to sell any package or container of beer to any retail licensee at a price differing from the price for such package or container as shown in the price list, according to rules adopted by the board.

(d) Quantity discounts of sales prices of beer are prohibited. No distributor's sale price of beer may be below the distributor's acquisition cost.

(e) Distributor prices below acquisition cost on a "close-out" item are allowed if the item to be discontinued has been listed for a period of at least six months, and upon the further condition that the distributor who offers such a close-out price may not restock the item for a period of one year following the first effective date of such close-out price.

(f) Any beer distributor may sell beer at the distributor's listed prices to any annual or special occasion retail licensee upon presentation to the distributor at the time of purchase or delivery of an original or facsimile license or a special permit issued by the board to such licensee.

(g) Every annual or special occasion retail licensee, upon purchasing any beer from a distributor, must immediately cause such beer to be delivered to the licensed premises, and the licensee may not thereafter permit such beer to be disposed of in any manner except as authorized by the license.

(h) Beer sold as provided in this section must be delivered by the distributor or an authorized employee either to the retailer's licensed premises or directly to the retailer at the distributor's licensed premises. When a brewery, microbrewery, or certificate of approval holder with a direct shipping endorsement is acting as a distributor of beer of its own production, a licensed retailer may contract with a common carrier to obtain the beer directly from the brewery, microbrewery, or certificate of approval holder with a direct shipping endorsement. A distributor's prices to retail licensees for beer must be the same at both such places of delivery. Wine sold to retailers must be delivered to the retailer's licensed premises, to a location specified by the retailer and approved for deliveries by the board, or to a carrier engaged by either party to the transaction.

(2) Beer suppliers' contracts and memoranda.

(a) Every domestic brewery, microbrewery, certificate of approval holder, and beer and/or wine importer offering beer for sale to distributors within the state and any beer distributor who sells to other beer distributors must maintain at its liquor-licensed location a beer price list and a copy of every written contract and a memorandum of every oral agreement which such brewery may have with any beer distributor for the supply of beer, which contracts or memoranda must contain:

(i) All advertising, sales and trade allowances, and incentive programs; and

(ii) All commissions, bonuses or gifts, and any and all other discounts or allowances.

(b) Whenever changed or modified, such revised contracts or memoranda must also be maintained at its liquor licensed location.

(c) Each price list must set forth all brands, types, packages, and containers of beer offered for sale by such supplier.

(d) Prices of a domestic brewery, microbrewery, or certificate of approval holder for beer must be uniform prices to all distributors or retailers on a statewide basis less bona fide allowances for freight differentials. Quantity discounts of suppliers' prices for beer are prohibited. No price may be below the supplier's acquisition or production cost.

(e) A domestic brewery, microbrewery, certificate of approval holder, importer, or distributor acting as a supplier

to another distributor must file with the board a list of all distributor licensees of the board to which it sells or offers to sell beer.

(f) No domestic brewery, microbrewery, or certificate of approval holder may sell or offer to sell any package or container of beer to any distributor at a price differing from the price list for such package or container as shown in the price list of the domestic brewery, microbrewery, or certificate of approval holder and then in effect, according to rules adopted by the board.

(3) In selling wine to another retailer, to the extent consistent with the purposes of chapter 2, Laws of 2012, a grocery store licensee with a reseller endorsement must comply with all provisions of and regulations under this title applicable to wholesale distributors selling wine to retailers.

(4) With respect to any alleged violation of this title by sale of wine at a discounted price, all defenses under applicable trade regulation laws are available including, without limitation, good faith meeting of a competitor's lawful price and absence of harm to competition. [2012 c 2 § 121 (Initiative Measure No. 1183, approved November 8, 2011); 2009 c 506 § 10; 2006 c 302 § 10; (2006 c 302 § 9 expired July 1, 2006); 2005 c 274 § 327. (1) The board shall adopt rules requiring retail licensees to affix appropriate identification on all containers of four gallons or more of malt liquor for the purpose of tracing the purchasers of such containers. The rules may provide for identification to be done on a statewide basis or on the basis of smaller geographical areas. The rules do not apply to sales by domestic breweries and microbreweries of malt liquor of the licensee's own production in kegs or other containers containing four gallons or more of malt liquor, or to sales or leases by domestic breweries and microbreweries of kegs or containers that will hold four or more gallons of liquid.

66.28.230 Keg registration—Furnishing to minors—Penalties. Except as provided in RCW 66.44.270, a person who intentionally furnishes a keg or other container containing four or more gallons of malt liquor to a person under the age of twenty-one years is guilty of a gross misdemeanor punishable under RCW 9.92.020. 66.28.240 Keg registration—State preemption. The state of Washington fully occupies and preempts the entire field of keg registration. Cities, towns, and counties or other municipalities may enact only those laws and ordinances relating to keg registration that are consistent with this chapter. Such local ordinances shall have the same or lesser penalties as provided for by state law. Local laws and ordinances that are inconsistent with, more restrictive than, or exceed the requirements of state law shall not be enacted and are preempted and repealed, regardless of the nature of the code, charter, or home rule status of the city, town, county, or municipality. [1989 c 271 § 233.]

66.28.260 Beer distributors—Restricted transactions. Licensed beer distributors may not buy or sell beer, for purposes of distribution, at farmers market locations authorized by the board pursuant to chapter 154, Laws of 2003. [2003 c 154 § 3.]

66.28.270 Cash payments—Electronic funds transfers. (1) Nothing in this chapter prohibits the use of checks, credit or debit cards, prepaid accounts, electronic funds transfers, and other similar methods as approved by the board, as cash payments for purposes of this title. Electronic funds transfers must be: (a) Voluntary; (b) conducted pursuant to a prior written agreement of the parties that includes a provision that the purchase be initiated by an irrevocable invoice or sale order before the time of delivery; (c) initiated by the retailer, manufacturer, importer, or distributor no later than the first business day following delivery; and (d) completed as promptly as is reasonably practical, and in no event later than five business days following delivery.

(2) Any person licensed as a distributor of beer, spirits, and/or wine may pass credit card fees on to a purchaser licensed to sell beer, spirits, and/or wine for consumption on the licensed premises, if the decision to use a credit card is entirely voluntary and the credit card fees are set out as a separate line item on the distributor's invoice. Nothing in this

section requires the use of a credit card by any licensee. In establishing the fees to be passed on as authorized in this section a distributor must use the same method of determining or calculating such fees for all customers who elect to use a credit card when accepting delivery of beer, spirits and/or wine. The aggregate of all credit card fees passed on to customers by a distributor as authorized under this section during a calendar month, or such longer time as may be established by the board, may not exceed the aggregate of the fees imposed on that distributor by credit card issuers during that same time period. [2017 c 190 § 1; 2009 c 373 § 11.]

66.28.280 Finding. The legislature recognizes that the historical total prohibition on ownership of an interest in one tier by a person with an ownership interest in another tier, as well as the historical restriction on financial incentives and business relationships between tiers, is unduly restrictive. The legislature finds the provisions of RCW 66.28.285 through 66.28.320 appropriate for all varieties of liquor, because they do not impermissibly interfere with protecting the public interest and advancing public safety by preventing the use and consumption of alcohol by minors and other abusive consumption, and promoting the efficient collection of taxes by the state. [2012 c 2 § 124 (Initiative Measure No. 1183, approved November 8, 2011); 2009 c 506 § 1.]

Finding—Application—Rules—Effective date—Contingent effective date—2012 c 2 (Initiative Measure No. 1183): See notes following RCW 66.24.620.

(1) No price for spirits sold in the state by a distributor or other licensee acting as a distributor pursuant to this title may be below acquisition cost unless the item sold below acquisition cost has been stocked by the seller for a period of at least six months. The seller may not restock the item for a period of one year following the first effective date of such below cost price.

(2) Spirits sold to retailers for resale for consumption on or off the licensed premises may be delivered to the retailer's licensed premises, to a location specified by the retailer and approved for deliveries by the board, or to a carrier engaged by either party to the transaction.

(3) In selling spirits to another retailer, to the extent consistent with the purposes of chapter 2, Laws of 2012, a spirits retail licensee must comply with all provisions of and regulations under this title applicable to wholesale distributors selling spirits to retailers.

(4) A distiller holding a license or certificate of compliance as a distiller under this title may act as distributor in the state of spirits of its own production or of foreign-produced spirits it is entitled to import. 66.28.340 Retailer of wine or spirits—Wine or spirits delivery, warehouse, and distribution. (1) A retailer authorized to sell wine may accept delivery of wine at its licensed premises or at one or more warehouse facilities registered with the board, which facilities may also warehouse and distribute nonliquor items, and from which it may deliver to its own licensed premises and, pursuant to sales permitted by this title, to other licensed retailers, to other registered facilities, or to lawful purchasers outside the state; such facilities may be registered and utilized by associations, cooperatives, or comparable groups of retailers including at least one retailer licensed to sell wine. A restaurant retailer authorized to sell spirits may accept delivery of spirits at its licensed premises or at one or more warehouse facilities registered with the board, which facilities may also warehouse and distribute nonliquor items, from which it may deliver to its own licensed premises and, pursuant to sales permitted by this title, to other licensed retailers, to other registered facilities, or to lawful purchasers outside the state; such facilities may be registered and utilized by associations, cooperatives, or comparable groups of retailers including at least one restaurant retailer licensed to sell spirits. Nothing in this section authorizes sales of spirits or wine by a retailer holding only an on-sale privilege to another retailer.

(2) A retailer authorized to sell both wine and spirits for consumption off the licensed premises may accept delivery of wine and spirits at its licensed premises, at another licensed premises as designated by the retailer, or at one or more warehouse facilities registered with the board, which facilities may also warehouse and distribute nonliquor items, and from which it may deliver to its own licensed premises and, pursuant to sales permitted by this title, to other licensed retailers, to other registered facilities, or to lawful purchasers outside the state. Such warehouse facilities may be registered and utilized by associations, cooperatives, or comparable groups of retailers including at least one retailer licensed to sell both spirits and wine. For purposes of negotiating volume discounts, a group of individual retailers authorized to sell both wine and spirits for consumption off the licensed premises may accept delivery of wine and spirits at a single location, which may be their individual licensed premises or at any one of the individual licensee's premises, or at a warehouse facility registered with the board. [2016 c 190 § 2;

2012 c 2 § 123 (Initiative Measure No. 1183, approved November 8, 2011).]

Finding—Application—Rules—Effective date—Contingent effective date—2012 c 2 (Initiative Measure No. 1183): See notes following RCW 66.24.620.

66.28.350 Theft prevention—Regulating spirits retailers. (1) Subject to the procedural requirements of subsection (3) of this section, the board is authorized to regulate spirits retailers licensed under RCW 66.24.630 for the purpose of reducing the theft of spirits from the premises of such retailers. The authority of the board to implement the regulatory measures set forth in this section requires a finding by the board that a licensee is experiencing an unacceptable rate of spirits theft from its premises. For the purposes of this section, "unacceptable rate of spirits theft" means two or more thefts of spirits from a licensee in a six-month period and that result in a minor unlawfully using or gaining possession of spirits, or that involves, or results in, adults unlawfully providing spirits to minors, and where such thefts result in an incident report being generated by a law enforcement agency.

(2) The regulatory measures that may be considered and implemented under this section may require the imposition of one or more of the following requirements on licensees who are experiencing an unacceptable rate of spirits theft:

(a) Participation in one or more consultations with an authorized representative of the board to discuss and analyze spirits theft issues;

(b) The implementation of inventory control and/or other recordkeeping system designed to reveal and track spirits theft;

(c) The structural modification or relocation of the areas where spirits are displayed or stored;

(d) The installation of adequate in-store security systems;

(e) The employment of a sufficient number of staff for the purpose of monitoring display, checkout, and storage areas; and

(f) Requiring additional training for the licensee's staff.

(3) The imposition of the regulatory provisions authorized under subsection (2) of this section are subject to the following procedural steps and requirements:

(a) If a state or local law enforcement agency obtains information indicating that a licensee is experiencing an unacceptable rate of spirits theft, the law enforcement agency is granted the discretionary authority to initiate and participate in, on a voluntary basis, the procedures outlined in this subsection (3). Should the law enforcement agency opt to initiate the investigative and consultation procedures set forth in this subsection (3), the law enforcement agency must first contact the licensee's manager and/or owner to inform him or her of such alleged theft and arrange a meeting with the licensee's manager or owner to discuss theft issues and possible solutions. This first contact by the law enforcement agency with the licensee must occur prior to the law enforcement agency informing the board of the alleged theft issues and thus initiating the procedures set forth in (c) through (h) of this subsection. At this early stage of the law enforcement consultation process, the board may not be involved in the investigation of the theft allegation until such time as the law enforcement agency has had an opportunity to consult with

the licensee's manager or owner as provided under this subsection (3)(a).

(b) Following the initial consultation between the law enforcement agency and the licensee as required under (a) of this subsection, the law enforcement agency is granted the discretionary authority to forego any further consultation with the licensee and may terminate its investigation of the theft allegation. However, if the law enforcement agency opts to continue the consultation process with the licensee and proceed with its investigation, the law enforcement agency must endeavor to work with the licensee to identify theft issues and reach cooperative agreements regarding measures that should be taken to eliminate spirits theft problems.

(c) If during the consultation process outlined under (a) and (b) of this subsection the law enforcement agency determines that no spirits theft problem exists at the premises of the licensee, or that the licensee has taken the steps necessary to adequately address the theft problem, then the procedural processes outlined in this section may be terminated at the discretion of the law enforcement agency without the involvement of the board. However, if the law enforcement agency finds that a spirits theft problem exists at the licensee's premises and the licensee either refuses or fails to implement remedial measures adequate to address the theft problem, or otherwise fails to cooperate with the law enforcement agency, then the law enforcement agency must formally inform the board in writing regarding the licensee's lack of cooperation in resolving its spirits theft problem.

(d) Upon the receipt of law enforcement agency notification as required under (c) of this subsection, the board must provide written notification to the licensee of the alleged theft problem and may demand that the licensee participate in a consultation process involving a representative of the board and the licensee. The reporting law enforcement agency may be included in this consultation process at the discretion of the board and upon the agreement of the law enforcement agency. The licensee's participation in the consultation process is mandatory and the licensee is entitled to at least thirty days' notice by the board. In the event a licensee fails to attend or otherwise cooperate in initial or subsequent consultations, the board is authorized to suspend the licensee's spirits retail license until such time as the retailer is in compliance with the requirements of this subsection (3)(d).

(e) At the consultation, the board must provide the licensee with any information or evidence pertinent to any allegation that the retailer has an unacceptable spirits theft rate. The licensee must be provided with a reasonable opportunity to respond and present evidence, and, if necessary, the consultation may be continued at the discretion of the board to allow adequate time for the licensee to prepare such response.

(f) At the conclusion of the initial consultation process, if the board finds that the licensee has an unacceptable spirits theft rate, it may develop a corrective action plan outlining the remedial measures that must be taken by the licensee pursuant to subsection (2) of this section. In developing the plan, the board must make a concerted effort to obtain voluntary participation in the plan by the licensee. At every step in the consultation and corrective action plan process, the board is encouraged to work with the licensee in a cooperative manner and, where possible, to strive for voluntary agreements with

(2020 Ed.)

the licensee. However, in the absence of licensee cooperation or agreement, the board is authorized to unilaterally develop and enforce a corrective action plan as authorized under this section. Once the plan is finalized, it must be filed with the board and a copy provided to the licensee either personally or through certified mail.

(g) Not more than thirty days after the filing and service of the original corrective action plan, the board must schedule one or more follow-up consultations with the licensee. The purpose of these consultations is to review the licensee's performance with respect to the requirements of the corrective action plan and to generally assess the licensee's progress in addressing spirits theft issues. If the licensee is following the corrective action plan but is continuing to experience an unacceptable spirits theft rate, then the board and the licensee may review and revise the plan as deemed necessary by the board. Following the filing of a revised plan, the board may schedule one or more follow-up consultations at its discretion.

(h) During the review process established in (g) of this subsection, if the board finds that the licensee has failed to comply with the requirements of the original or revised corrective action plan the board may:

(i) Demand that the licensee take remedial steps so as to be compliant with the corrective action plan and schedule an additional follow-up consultation at the board's discretion; or

(ii) If the licensee's noncompliance is deemed to be willful, suspend the retailer's spirits retail license for a period to be determined by the board by rule.

(i) If a licensee remains consistently noncompliant with the original corrective action plan and any revised plans for a period of at least nine months, then the board is authorized to suspend or revoke the licensee's spirits retail license.

(4) The board is granted the rule-making authority necessary to implement and enforce the provisions of this section pertaining to the regulation of licensees deemed to have unacceptable spirits theft rates.

(5) If the board suspends or revokes a licensee's spirits retail license under this section, the licensee may appeal and request a hearing under chapter 34.05 RCW, the administrative procedure act. [2014 c 63 § 1.]

66.28.360 Cider sales—Container brought by purchaser. (1) Licensees holding either a license that permits or a license with an endorsement that permits the sale of beer to a purchaser in a container supplied by the licensee or a sanitary container brought to the premises by the purchaser and filled at the tap at the time of sale may similarly sell cider and mead to a purchaser in such a container, subject to subsection (2) of this section. Nothing in this section relieves a licensee from complying with federal law.

(2) Any mead sold pursuant to this section must have an alcohol content equal to or less than fourteen percent alcohol by volume.

(3) For purposes of this section, "cider" has the same meaning as in RCW 66.24.210(6) and "mead" has the same meaning as in RCW 66.24.215. [2017 c 8 § 2; 2014 c 54 § 1.]

66.28.370 Failure to submit required reports or payment for license issuance—Penalty. If a licensee subject to the license issuance fee requirements of RCW 66.24.630(4)

fails to submit its quarterly reports or payment to the board, the board may assess a penalty at a rate no higher than one percent per month on the balance of the unpaid license issuance fee. [2015 c 186 § 2.]

66.36.010 Places where liquor unlawfully kept declared a nuisance—Abatement of activity and realty—Judgment—Bond to reopen. 66.40.010 Local option units. (1) For an election upon the question of whether the sale of liquor is permitted, the election unit must be any city or town, or that portion of any county not within cities and towns.

(2) This section is subject to the exception specified in RCW 66.40.030(2). [2015 c 153 § 1; 1957 c 263 § 3. Prior: (i) 1933 ex.s. c 62 § 82; RRS § 7306-82. (ii) 1949 c 5 § 2, part (adding new section 23-S-2 to 1933 ex.s. c 62); Rem. Supp. 1949 § 7306-23S-2, part.]

66.40.020 Election may be held. Within any unit referred to in RCW 66.40.010, upon compliance with the conditions hereinafter prescribed, there may be held, at the time and as a part of any general election, an election upon the question of whether the sale of liquor shall be permitted within such unit; and in the event that any such election is held in any such unit, no other election under this section shall be held prior to the next succeeding general election. [1933 ex.s. c 62 § 83; RRS § 7306-83.]

66.40.030 License elections. (1) Within any election unit referred to in RCW 66.40.010, subject to the exception specified in subsection (2) of this section, a separate election may be held upon the question of whether the sale of liquor under spirits, beer, and wine restaurant; spirits, beer, and wine private club; spirits, beer, and wine nightclub; and

Whenever a majority of qualified voters voting upon the question in the election unit vote "against the sale of liquor under spirits, beer, and wine restaurant; spirits, beer, and wine private club; spirits, beer, and wine nightclub; and sports entertainment facility licenses," the county auditor must file with the *liquor control board a certificate showing the result of the canvass at the election. Ninety days after the date of that canvass, it is unlawful for licensees to maintain and operate premises within the election unit licensed under spirits, beer, and wine restaurant; spirits, beer, and wine private club; spirits, beer, and wine nightclub; and sports entertainment facility licenses.

(2) The addition after an election under subsection (1) of this section of new territory to the election unit by annexation, disincorporation, or otherwise does not extend the prohibition against the sale of liquor under spirits, beer, and wine restaurant; spirits, beer, and wine private club; spirits, beer, and wine nightclub; and sports entertainment facility licenses to the new territory. Furthermore, the new territory is not: (a) Within the election unit in any subsequent election under subsection (1) of this section; or (b) subject to any prohibition adopted pursuant to any subsequent election under subsection (1) of this section.
