Thank you all for including the Plan 1 retirees' feedback on a Cola for Plan1.

It is probably more important than ever to support our most senior teachers, many of whom are now in their 70's, myself included.

Because of the Pandemic, prices of everything have increased tremendously. Gas, groceries, healthcare, and housing prices are continuously rising.

We in Plan 1 are too old to work in order to supplement our pension and therefore would be struggling without a Cola. I loved my teaching career, and as my son once told a friend, " My mom is the only person I know who loves going to work every morning."

Please continue supporting us!

Thank you!
