70.02.005 Findings. The legislature finds that:

(1) Health care information is personal and sensitive information that if improperly used or released may do significant harm to a patient's interests in privacy, health care, or other interests.

(2) Patients need access to their own health care information as a matter of fairness to enable them to make informed decisions about their health care and correct inaccurate or incomplete information about themselves.

(3) In order to retain the full trust and confidence of patients, health care providers have an interest in assuring that health care information is not improperly disclosed and in having clear and certain rules for the disclosure of health care information.

(4) Persons other than health care providers obtain, use, and disclose health record information in many different contexts and for many different purposes. It is the public policy of this state that a patient's interest in the proper use and disclosure of the patient's health care information survives even when the information is held by persons other than health care providers.

(5) The movement of patients and their health care information across state lines, access to and exchange of health care information from automated data banks, and the emergence of multistate health care providers creates a compelling need for uniform law, rules, and procedures governing the use and disclosure of health care information. [1991 c 335 § 101.]

70.02.010 Definitions. As used in this chapter, unless the context otherwise requires:

(1) "Audit" means an assessment, evaluation, determination, or investigation of a health care provider by a person not employed by or affiliated with the provider to determine compliance with:

(a) Statutory, regulatory, fiscal, medical, or scientific standards;

(b) A private or public program of payments to a health care provider; or

(c) Requirements for licensing, accreditation, or certification.

(2) "Directory information" means information disclosing the presence and the general health condition of a particular patient who is a patient in a health care facility or who is currently receiving emergency health care in a health care facility.

(3) "General health condition" means the patient's health status described in terms of "critical," "poor," "fair," "good," "excellent," or terms denoting similar conditions.

(4) "Health care" means any care, service, or procedure provided by a health care provider:

(a) To diagnose, treat, or maintain a patient's physical or mental condition; or

(b) That affects the structure or any function of the human body.

(5) "Health care facility" means a hospital, clinic, nursing home, laboratory, office, or similar place where a health care provider provides health care to patients.

(6) "Health care information" means any information, whether oral or recorded in any form or medium, that identifies or can readily be associated with the identity of a patient and directly relates to the patient's health care. The term includes any record of disclosures of health care information.

(7) "Health care provider" means a person who is licensed, certified, registered, or otherwise authorized by the law of this state to provide health care in the ordinary course of business or practice of a profession.

(8) "Institutional review board" means any board, committee, or other group formally designated by an institution, or authorized under federal or state law, to review, approve the initiation of, or conduct periodic review of research programs to assure the protection of the rights and welfare of human research subjects.

(9) "Maintain," as related to health care information, means to hold, possess, preserve, retain, store, or control that information.

(10) "Patient" means an individual who receives or has received health care. The term includes a deceased individual who has received health care.

(11) "Person" means an individual, corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision or agency, or any other legal or commercial entity.

(12) "Reasonable fee" means the charges for duplicating or searching the record specified in RCW 36.18.020 (8) or (16), respectively. However, where editing of records by a health care provider is required by statute and is done by the provider personally, the fee may be the usual and customary charge for a basic office visit. [1991 c 335 § 102.]

70.02.020 Disclosure by health care provider.

Except as authorized in RCW 70.02.050, a health care provider, an individual who assists a health care provider in the delivery of health care, or an agent and employee of a health care provider may not disclose health care information about a patient to any other person without the patient's written authorization. A disclosure made under a patient's written authorization must conform to the authorization.

Health care providers or facilities shall chart all disclosures, except to third-party health care payors, of health care information, such as chartings to become part of the health care information. [1991 c 335 § 201.]

70.02.030 Patient authorization of disclosure. (1) A patient may authorize a health care provider to disclose the patient's health care information. A health care provider shall honor an authorization and, if requested, provide a copy of the recorded health care information unless the health care provider denies the patient access to health care information under RCW 70.02.090.

(2) A health care provider may charge a reasonable fee, not to exceed the health care provider's actual cost for providing the health care information, and is not required to honor an authorization until the fee is paid.

(3) To be valid, a disclosure authorization to a health care provider shall:

- (a) Be in writing, dated, and signed by the patient;
- (b) Identify the nature of the information to be disclosed;
- (c) Identify the name, address, and institutional affiliation of the person to whom the information is to be disclosed;
- (d) Identify the provider who is to make the disclosure; and
- (e) Identify the patient.

(4) Except as provided by this chapter, the signing of an authorization by a patient is not a waiver of any rights a patient has under other statutes, the rules of evidence, or common law.

(5) A health care provider shall retain each authorization or revocation in conjunction with any health care information from which disclosures are made. This requirement shall not apply to disclosures to third-party health care payors.

(6) Except for authorizations to provide information to third-party health care payors, an authorization may not permit the release of health care information relating to future health care that the patient receives more than ninety days after the authorization was signed. Patients shall be advised of the period of validity of their authorization on the disclosure authorization form.

(7) Except for authorizations to provide information to third-party health payors, an authorization in effect on July 28, 1991, remains valid for six months after July 28, 1991, unless an earlier date is specified or it is revoked under RCW 70.02.040. Health care information disclosed under such an authorization is otherwise subject to this chapter. An authorization written after July 28, 1991, becomes invalid after the expiration date contained in the authorization, which may not exceed ninety days. If the authorization does not contain an expiration date, it expires ninety days after it is signed. [1991 c 335 § 202.]

70.02.040 Patient's revocation of authorization for disclosure. A patient may revoke in writing a disclosure authorization to a health care provider at any time unless disclosure is required to effectuate payments for health care that has been provided or other substantial action has been taken in reliance on the authorization. A patient may not maintain an action against the health care provider for disclosures made in good-faith reliance on an authorization if the health care provider had no actual notice of the revocation of the authorization. [1991 c 335 § 203.]

70.02.050 Disclosure without patient's authorization. (1) A health care provider may disclose health care information about a patient without the patient's authorization to the extent a recipient needs to know the information, if the disclosure is:

- (a) To a person who the provider reasonably believes is providing health care to the patient;
- (b) To any other person who requires health care information for health care education, or to provide planning, quality assurance, peer review, or administrative, legal, financial, or actuarial services to the health care provider; or for assisting the health care provider in the delivery of health

care and the health care provider reasonably believes that the person:

- (i) Will not use or disclose the health care information for any other purpose; and
- (ii) Will take appropriate steps to protect the health care information;

(c) To any other health care provider reasonably believed to have previously provided health care to the patient, to the extent necessary to provide health care to the patient, unless the patient has instructed the health care provider in writing not to make the disclosure;

(d) To any person if the health care provider reasonably believes that disclosure will avoid or minimize an imminent danger to the health or safety of the patient or any other individual, however there is no obligation under this chapter on the part of the provider to so disclose;

(e) Oral, and made to immediate family members of the patient, or any other individual with whom the patient is known to have a close personal relationship, if made in accordance with good medical or other professional practice, unless the patient has instructed the health care provider in writing not to make the disclosure;

(f) To a health care provider who is the successor in interest to the health care provider maintaining the health care information;

(g) For use in a research project that an institutional review board has determined:

(i) Is of sufficient importance to outweigh the intrusion into the privacy of the patient that would result from the disclosure;

(ii) Is impracticable without the use or disclosure of the health care information in individually identifiable form;

(iii) Contains reasonable safeguards to protect the information from redisclosure;

(iv) Contains reasonable safeguards to protect against identifying, directly or indirectly, any patient in any report of the research project; and

(v) Contains procedures to remove or destroy at the earliest opportunity, consistent with the purposes of the project, information that would enable the patient to be identified, unless an institutional review board authorizes retention of identifying information for purposes of another research project;

(h) To a person who obtains information for purposes of an audit, if that person agrees in writing to:

(i) Remove or destroy, at the earliest opportunity consistent with the purpose of the audit, information that would enable the patient to be identified; and

(ii) Not to disclose the information further, except to accomplish the audit or report unlawful or improper conduct involving fraud in payment for health care by a health care provider or patient, or other unlawful conduct by the health care provider;

(i) To an official of a penal or other custodial institution in which the patient is detained;

(j) To provide directory information, unless the patient has instructed the health care provider not to make the disclosure.

(2) A health care provider shall disclose health care information about a patient without the patient's authorization if the disclosure is:

(a) To federal, state, or local public health authorities, to the extent the health care provider is required by law to report health care information; when needed to determine compliance with state or federal licensure, certification or registration rules or laws; or when needed to protect the public health;

(b) To federal, state, or local law enforcement authorities to the extent the health care provider is required by law;

(c) Pursuant to compulsory process in accordance with RCW 70.02.060.

(3) All state or local agencies obtaining patient health care information pursuant to this section shall adopt rules establishing their record acquisition, retention, and security policies that are consistent with this chapter. [1991 c 335 § 204.]

70.02.060 Discovery request or compulsory process.

(1) Before service of a discovery request or compulsory process on a health care provider for health care information, an attorney shall provide advance notice to the health care provider and the patient or the patient's attorney involved through service of process or first class mail, indicating the health care provider from whom the information is sought, what health care information is sought, and the date by which a protective order must be obtained to prevent the health care provider from complying. Such date shall give the patient and the health care provider adequate time to seek a protective order, but in no event be less than fourteen days since the date of service or delivery to the patient and the health care provider of the foregoing. Thereafter the request for discovery or compulsory process shall be served on the health care provider.

(2) Without the written consent of the patient, the health care provider may not disclose the health care information sought under subsection (1) of this section if the requestor has not complied with the requirements of subsection (1) of this section. In the absence of a protective order issued by a court of competent jurisdiction forbidding compliance, the health care provider shall disclose the information in accordance with this chapter. In the case of compliance, the request for discovery or compulsory process shall be made a part of the patient record.

(3) Production of health care information under this section, in and of itself, does not constitute a waiver of any privilege, objection, or defense existing under other law or rule of evidence or procedure. [1991 c 335 § 205.]

70.02.070 Certification of record. Upon the request of the person requesting the record, the health care provider or facility shall certify the record furnished and may charge for such certification in accordance with RCW 36.18.020(9). No record need be certified until the fee is paid. The certification shall be affixed to the record and disclose:

(1) The identity of the patient;

(2) The kind of health care information involved;

(3) The identity of the person to whom the information is being furnished;

(4) The identity of the health care provider or facility furnishing the information;

(5) The number of pages of the health care information;

(6) The date on which the health care information is furnished; and

(7) That the certification is to fulfill and meet the requirements of this section. [1991 c 335 § 206.]

70.02.080 Patient's examination and copying—Requirements. (1) Upon receipt of a written request from a patient to examine or copy all or part of the patient's recorded health care information, a health care provider, as promptly as required under the circumstances, but no later than fifteen working days after receiving the request shall:

(a) Make the information available for examination during regular business hours and provide a copy, if requested, to the patient;

(b) Inform the patient if the information does not exist or cannot be found;

(c) If the health care provider does not maintain a record of the information, inform the patient and provide the name and address, if known, of the health care provider who maintains the record;

(d) If the information is in use or unusual circumstances have delayed handling the request, inform the patient and specify in writing the reasons for the delay and the earliest date, not later than twenty-one working days after receiving the request, when the information will be available for examination or copying or when the request will be otherwise disposed of; or

(e) Deny the request, in whole or in part, under RCW 70.02.090 and inform the patient.

(2) Upon request, the health care provider shall provide an explanation of any code or abbreviation used in the health care information. If a record of the particular health care information requested is not maintained by the health care provider in the requested form, the health care provider is not required to create a new record or reformulate an existing record to make the health care information available in the requested form. The health care provider may charge a reasonable fee, not to exceed the health care provider's actual cost, for providing the health care information and is not required to permit examination or copying until the fee is paid. [1991 c 335 § 301.]

70.02.090 Patient's request—Denial of examination and copying. (1) Subject to any conflicting requirement in the public disclosure act, chapter 42.17 RCW, a health care provider may deny access to health care information by a patient if the health care provider reasonably concludes that:

(a) Knowledge of the health care information would be injurious to the health of the patient;

(b) Knowledge of the health care information could reasonably be expected to lead to the patient's identification of an individual who provided the information in confidence and under circumstances in which confidentiality was appropriate;

(c) Knowledge of the health care information could reasonably be expected to cause danger to the life or safety of any individual;

(d) The health care information was compiled and is used solely for litigation, quality assurance, peer review, or administrative purposes; or

(e) Access to the health care information is otherwise prohibited by law.

(2) If a health care provider denies a request for examination and copying under this section, the provider, to the extent possible, shall segregate health care information for which access has been denied under subsection (1) of this section from information for which access cannot be denied and permit the patient to examine or copy the disclosable information.

(3) If a health care provider denies a patient's request for examination and copying, in whole or in part, under subsection (1) (a) or (c) of this section, the provider shall permit examination and copying of the record by another health care provider, selected by the patient, who is licensed, certified, registered, or otherwise authorized under the laws of this state to treat the patient for the same condition as the health care provider denying the request. The health care provider denying the request shall inform the patient of the patient's right to select another health care provider under this subsection. The patient shall be responsible for arranging for compensation of the other health care provider so selected. [1991 c 335 § 302.]

70.02.100 Correction or amendment of record. (1) For purposes of accuracy or completeness, a patient may request in writing that a health care provider correct or amend its record of the patient's health care information to which a patient has access under RCW 70.02.080.

(2) As promptly as required under the circumstances, but no later than ten days after receiving a request from a patient to correct or amend its record of the patient's health care information, the health care provider shall:

(a) Make the requested correction or amendment and inform the patient of the action;

(b) Inform the patient if the record no longer exists or cannot be found;

(c) If the health care provider does not maintain the record, inform the patient and provide the patient with the name and address, if known, of the person who maintains the record;

(d) If the record is in use or unusual circumstances have delayed the handling of the correction or amendment request, inform the patient and specify in writing, the earliest date, not later than twenty-one days after receiving the request, when the correction or amendment will be made or when the request will otherwise be disposed of; or

(e) Inform the patient in writing of the provider's refusal to correct or amend the record as requested and the patient's right to add a statement of disagreement. [1991 c 335 § 401.]

70.02.110 Correction or amendment or statement of disagreement—Procedure. (1) In making a correction or amendment, the health care provider shall:

(a) Add the amending information as a part of the health record; and

(b) Mark the challenged entries as corrected or amended entries and indicate the place in the record where the corrected or amended information is located, in a manner practicable under the circumstances.

(2) If the health care provider maintaining the record of the patient's health care information refuses to make the patient's proposed correction or amendment, the provider shall:

(a) Permit the patient to file as a part of the record of the patient's health care information a concise statement of the correction or amendment requested and the reasons therefor; and

(b) Mark the challenged entry to indicate that the patient claims the entry is inaccurate or incomplete and indicate the place in the record where the statement of disagreement is located, in a manner practicable under the circumstances. [1991 c 335 § 402.]

70.02.120 Notice of information practices—Display conspicuously. (1) A health care provider who provides health care at a health care facility that the provider operates and who maintains a record of a patient's health care information shall create a "notice of information practices" that contains substantially the following:

NOTICE

"We keep a record of the health care services we provide you. You may ask us to see and copy that record. You may also ask us to correct that record. We will not disclose your record to others unless you direct us to do so or unless the law authorizes or compels us to do so. You may see your record or get more information about it at"

(2) The health care provider shall place a copy of the notice of information practices in a conspicuous place in the health care facility, on a consent form or with a billing or other notice provided to the patient. [1991 c 335 § 501.]

70.02.130 Consent by others; health care representatives. (1) A person authorized to consent to health care for another may exercise the rights of that person under this chapter to the extent necessary to effectuate the terms or purposes of the grant of authority. If the patient is a minor and is authorized to consent to health care without parental consent under federal and state law, only the minor may exercise the rights of a patient under this chapter as to information pertaining to health care to which the minor lawfully consented. In cases where parental consent is required, a health care provider may rely, without incurring any civil or criminal liability for such reliance, on the representation of a parent that he or she is authorized to consent to health care for the minor patient regardless of whether:

(b) The consenting parent is, or is not, a custodial parent of the minor;

[1991 c 335 § 602.]

70.02.150 Security safeguards. A health care provider shall effect reasonable safeguards for the security of all health care information it maintains. [1991 c 335 § 701.]

(2) The court may order the health care provider or other person to comply with this chapter. Such relief may include actual damages, but shall not include consequential or incidental damages. The court shall award reasonable attorneys' fees and all other expenses reasonably incurred to the prevailing party.

(3) Any action under this chapter is barred unless the action is commenced within two years after the cause of action is discovered.

(4) A violation of this chapter shall not be deemed a violation of the consumer protection act, chapter 19.86 RCW. [1991 c 335 § 801.]

70.02.900 Conflicting laws. (1) This chapter does not restrict a health care provider from complying with obligations imposed by federal or state health care payment programs or federal or state law.

(2) This chapter does not modify the terms and conditions of disclosure under Title 51 RCW and chapters 13.50, 26.09, 70.24, 70.39, 70.96A, 71.05, and 71.34 RCW and rules adopted under these provisions. [1991 c 335 § 901.]

70.02.901 Application and construction—1991 c 335. This act shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this act among states enacting it. [1991 c 335 § 903.]

70.02.902 Short title. This act may be cited as the uniform health care information act. [1991 c 335 § 904.]

70.02.903 Severability—1991 c 335. If any provision of this act or its application to any person or circumstance is

held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1991 c 335 § 905.]

70.02.904 Captions not law—1991 c 335. As used in this act, captions constitute no part of the law. [1991 c 335 § 906.]

70.05.160 Moratorium on water, sewer hookups, or septic systems—Public hearing—Limitation on length. A local board of health that adopts a moratorium affecting water hookups, sewer hookups, or septic systems without holding a public hearing on the proposed moratorium, shall hold a public hearing on the adopted moratorium within at least sixty days of its adoption. If the board does not adopt findings of fact justifying its action before this hearing, then the board shall do so immediately after this public hearing. A moratorium adopted under this section may be effective for not longer than six months, but may be effective for up to one year if a work plan is developed for related studies providing for such a longer period. A moratorium may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal. [1992 c 207 § 7.]

70.05.170 Infant mortality review. (1)(a) The legislature finds that the rate of infant mortality in Washington state is unacceptably high, and that such mortality may be preventable. The legislature further finds that, through the performance of infant mortality reviews, preventable causes of infant mortality can be identified and addressed, thereby reducing the rate of infant mortality in Washington state.

(b) It is the intent of the legislature to encourage the performance of infant death reviews by local health departments by providing necessary legal protections to the families of infants whose deaths are studied, local health department officials and employees, and health care professionals participating in infant mortality review committee activities.

(2) As used in this section, "infant mortality review" means a process authorized by a local health department as such department is defined in RCW 70.05.010 for examining factors that contribute to infant death through a systematic review of medical, clinical, and hospital records; home interviews of parents and caretakers of infants who have died; analysis of individual case information; and review of this information by a team of professionals in order to identify modifiable medical, socioeconomic, public health, behavioral, administrative, educational, and environmental factors associated with each death.

(3) Local health departments are authorized to conduct infant mortality reviews. In conducting such reviews, the following provisions shall apply:

(a) All medical records, reports, and statements procured by, furnished to, or maintained by a local health department pursuant to chapter 70.02 RCW for purposes of an infant mortality review are confidential insofar as the identity of an individual infant and his or her adoptive or natural parents is concerned. Such records may be used solely by local health departments for the purposes of the review. This section does not prevent a local health department from publishing statistical compilations and reports related to the infant mortality review, if such compilations and reports do not identify individual cases and sources of information.

(b) Any records or documents supplied or maintained for the purposes of an infant mortality review are not subject to discovery or subpoena in any administrative, civil, or criminal proceeding related to the death of an infant reviewed. This provision shall not restrict or limit the discovery or subpoena from a health care provider of records or documents maintained by such health care provider in the ordinary course of business, whether or not such records or documents may have been supplied to a local health department pursuant to this section.

(c) Any summaries or analyses of records, documents, or records of interviews prepared exclusively for purposes of an infant mortality review are not subject to discovery, subpoena, or introduction into evidence in any administrative, civil, or criminal proceeding related to the death of an infant reviewed.

(d) No local health department official or employee, and no members of technical committees established to perform case reviews of selected infant deaths may be examined in any administrative, civil, or criminal proceeding as to the existence or contents of documents assembled, prepared, or maintained for purposes of an infant mortality review.

(e) This section shall not be construed to prohibit or restrict any person from reporting suspected child abuse or neglect under chapter 26.44 RCW nor to limit access to or use of any records, documents, information, or testimony in any civil or criminal action arising out of any report made pursuant to chapter 26.44 RCW. [1992 c 179 § 1.]

As consistent with other state and federal law, requirements for copayments, deductibles, the scope of available services, or other incentives shall be used to encourage clients, consumers, or employees to use the lowest cost providers, except that copayments or deductibles shall not be required where they might have the impact of denying access to necessary health care in a timely manner. (3) Agencies may provide for reasonable exceptions to the drug formulary required by this section.

(4) Agencies may establish medical advisory committees, or utilize committees already established, to assist in the development of the drug formulary required by this section. [1986 c 303 § 10.]

70.24.005 Transfer of duties to the department of health. The powers and duties of the department of social and health services, the department of licensing, and the secretary of social and health services under this chapter shall be performed by the department of health and the secretary of health. [1989 1st ex.s. c 9 § 247.]

Effective date—Severability—1989 1st ex.s. c 9: See RCW 43.70.910 and 43.70.920.

70.24.015 Legislative finding. The legislature declares that sexually transmitted diseases constitute a serious and sometimes fatal threat to the public and individual health and welfare of the people of the state. The legislature finds that the incidence of sexually transmitted diseases is rising at an alarming rate and that these diseases result in significant social, health, and economic costs, including infant and maternal mortality, temporary and lifelong disability, and premature death. The legislature further finds that sexually transmitted diseases, by their nature, involve sensitive issues of privacy, and it is the intent

of the legislature that all programs designed to deal with these diseases afford patients privacy, confidentiality, and dignity. The legislature also finds that medical knowledge and information about sexually transmitted diseases are rapidly changing. It is therefore the intent of the legislature to provide a program that is sufficiently flexible to meet emerging needs, deals efficiently and effectively with reducing the incidence of sexually transmitted diseases, and provides patients with a secure knowledge that information they provide will remain private and confidential. [1988 c 206 § 901.]

(1) The board shall adopt rules authorizing interviews and the state and local public health officers and their authorized representatives may interview, or cause to be interviewed, all persons infected with a sexually transmitted disease and all persons who, in accordance with standards adopted by the board by rule, are reasonably believed to be infected with such diseases for the purpose of investigating the source and spread of the diseases and for the purpose of ordering a person to submit to examination, counseling, or treatment as necessary for the protection of the public health and safety, subject to RCW 70.24.024.

(5) Any person who knowingly or maliciously disseminates any false information or report concerning the existence of any sexually transmitted disease under this section is guilty of a gross misdemeanor punishable as provided under RCW 9A.20.021. [1988 c 206 § 906.]

70.24.024 Orders for examinations and counseling—Restrictive measures—Investigation—Issuance of order—Confidential notice and hearing—Exception.

(1) Subject to the provisions of this chapter, the state and local public health officers or their authorized representatives may examine and counsel or cause to be examined and counseled persons reasonably believed to be infected with or to have been exposed to a sexually transmitted disease.

(2) Orders or restrictive measures directed to persons with a sexually transmitted disease shall be used as the last

resort when other measures to protect the public health have failed, including reasonable efforts, which shall be documented, to obtain the voluntary cooperation of the person who may be subject to such an order. The orders and measures shall be applied serially with the least intrusive measures used first. The burden of proof shall be on the state or local public health officer to show that specified grounds exist for the issuance of the orders or restrictive measures and that the terms and conditions imposed are no more restrictive than necessary to protect the public health.

(3) When the state or local public health officer within his or her respective jurisdiction knows or has reason to believe, because of direct medical knowledge or reliable testimony of others in a position to have direct knowledge of a person's behavior, that a person has a sexually transmitted disease and is engaging in specified conduct, as determined by the board by rule based upon generally accepted standards of medical and public health science, that endangers the public health, he or she shall conduct an investigation in accordance with procedures prescribed by the board to evaluate the specific facts alleged, if any, and the reliability and credibility of the person or persons providing such information and, if satisfied that the allegations are true, he or she may issue an order according to the following priority to:

(a) Order a person to submit to a medical examination or testing, seek counseling, or obtain medical treatment for curable diseases, or any combination of these, within a period of time determined by the public health officer, not to exceed fourteen days.

(b) Order a person to immediately cease and desist from specified conduct which endangers the health of others by imposing such restrictions upon the person as are necessary to prevent the specified conduct that endangers the health of others only if the public health officer has determined that clear and convincing evidence exists to believe that such person has been ordered to report for counseling as provided in (a) of this subsection and continues to demonstrate behavior which endangers the health of others. Any restriction shall be in writing, setting forth the name of the person to be restricted and the initial period of time, not to exceed three months, during which the order shall remain effective, the terms of the restrictions, and such other conditions as may be necessary to protect the public health. Restrictions shall be imposed in the least-restrictive manner necessary to protect the public health.

(4)(a) Upon the issuance of any order by the state or local public health officer or an authorized representative pursuant to subsection (3) of this section or RCW 70.24.340(4), such public health officer shall give written notice promptly, personally, and confidentially to the person who is the subject of the order stating the grounds and provisions of the order, including the factual bases therefor, the evidence relied upon for proof of infection and dangerous behavior, and the likelihood of repetition of such behaviors in the absence of such an order, and notifying the person who is the subject of the order that, if he or she contests the order, he or she may appear at a judicial hearing on the enforceability of the order, to be held in superior court. He or she may have an attorney appear on his or her behalf in the hearing at public expense, if necessary. The hearing shall be held within seventy-two hours of receipt of

the notice, unless the person subject to the order agrees to comply. If the person contests the order, no invasive medical procedures shall be carried out prior to a hearing being held pursuant to this subsection. If the person does not contest the order within seventy-two hours of receiving it, and the person does not comply with the order within the time period specified for compliance with the order, the state or local public health officer may request a warrant be issued by the superior court to insure appearance at the hearing. The hearing shall be within seventy-two hours of the expiration date of the time specified for compliance with the original order. The burden of proof shall be on the public health officer to show by clear and convincing evidence that the specified grounds exist for the issuance of the order and for the need for compliance and that the terms and conditions imposed therein are no more restrictive than necessary to protect the public health. Upon conclusion of the hearing, the court shall issue appropriate orders affirming, modifying, or dismissing the order.

(b) If the superior court dismisses the order of the public health officer, the fact that the order was issued shall be expunged from the records of the department or local department of health.

(5) Any hearing conducted pursuant to this section shall be closed and confidential unless a public hearing is requested by the person who is the subject of the order, in which case the hearing will be conducted in open court. Unless in open hearing, any transcripts or records relating thereto shall also be confidential and may be sealed by the order of the court. [1988 c 206 § 909.]

70.24.034 Detention—Grounds—Order—Hearing.

(1) When the procedures of RCW 70.24.024 have been exhausted and the state or local public health officer, within his or her respective jurisdiction, knows or has reason to believe, because of medical information, that a person has a sexually transmitted disease and that the person continues to engage in behaviors that present an imminent danger to the public health as defined by the board by rule based upon generally accepted standards of medical and public health science, the public health officer may bring an action in superior court to detain the person in a facility designated by the board for a period of time necessary to accomplish a program of counseling and education, excluding any coercive techniques or procedures, designed to get the person to adopt nondangerous behavior. In no case may the period exceed ninety days under each order. The board shall establish, by rule, standards for counseling and education under this subsection. The public health officer shall request the prosecuting attorney to file such action in superior court. During that period, reasonable efforts will be made in a noncoercive manner to get the person to adopt nondangerous behavior.

(2) If an action is filed as outlined in subsection (1) of this section, the superior court, upon the petition of the prosecuting attorney, shall issue other appropriate court orders including, but not limited to, an order to take the person into custody immediately, for a period not to exceed seventy-two hours, and place him or her in a facility designated or approved by the board. The person who is the subject of the order shall be given written notice of the order

promptly, personally, and confidentially, stating the grounds and provisions of the order, including the factual bases therefor, the evidence relied upon for proof of infection and dangerous behavior, and the likelihood of repetition of such behaviors in the absence of such an order, and notifying the person that if he or she refuses to comply with the order he or she may appear at a hearing to review the order and that he or she may have an attorney appear on his or her behalf in the hearing at public expense, if necessary. If the person contests testing or treatment, no invasive medical procedures shall be carried out prior to a hearing being held pursuant to subsection (3) of this section.

(3) The hearing shall be conducted no later than forty-eight hours after the receipt of the order. The person who is subject to the order has a right to be present at the hearing and may have an attorney appear on his or her behalf in the hearing, at public expense if necessary. If the order being contested includes detention for a period of fourteen days or longer, the person shall also have the right to a trial by jury upon request. Upon conclusion of the hearing or trial by jury, the court shall issue appropriate orders.

The court may continue the hearing upon the request of the person who is subject to the order for good cause shown for no more than five additional judicial days. If a trial by jury is requested, the court, upon motion, may continue the hearing for no more than ten additional judicial days. During the pendency of the continuance, the court may order that the person contesting the order remain in detention or may place terms and conditions upon the person which the court deems appropriate to protect public health.

(4) The burden of proof shall be on the state or local public health officer to show by clear and convincing evidence that grounds exist for the issuance of any court order pursuant to subsection (2) or (3) of this section. If the superior court dismisses the order, the fact that the order was issued shall be expunged from the records of the state or local department of health.

(5) Any hearing conducted by the superior court pursuant to subsection (2) or (3) of this section shall be closed and confidential unless a public hearing is requested by the person who is the subject of the order, in which case the hearing will be conducted in open court. Unless in open hearing, any transcripts or records relating thereto shall also be confidential and may be sealed by order of the court.

(6) Any order entered by the superior court pursuant to subsection (1) or (2) of this section shall impose terms and conditions no more restrictive than necessary to protect the public health. [1988 c 206 § 910.]

70.24.050 Diagnosis of sexually transmitted diseases—Confirmation—Anonymous prevalence reports.

Diagnosis of a sexually transmitted disease in every instance must be confirmed by laboratory tests or examinations in a laboratory approved or conducted in accordance with procedures and such other requirements as may be established by the board. Laboratories testing for HIV shall report anonymous HIV prevalence results to the department, for health statistics purposes, in a manner established by the board. [1988 c 206 § 907; 1919 c 114 § 6; RRS § 6105.]

70.24.070 Detention and treatment facilities. For the purpose of carrying out this chapter, the board shall have the power and authority to designate facilities for the detention and treatment of persons found to be infected with a sexually transmitted disease and to designate any such facility in any hospital or other public or private institution, other than a jail or correctional facility, having, or which may be provided with, such necessary detention, segregation, isolation, clinic and hospital facilities as may be required and prescribed by the board, and to enter into arrangements for the conduct of such facilities with the public officials or persons, associations, or corporations in charge of or maintaining and operating such institutions. [1988 c 206 § 908; 1919 c 114 § 8; RRS § 6107.]

70.24.080 Penalty. Any person who shall violate any of the provisions of this chapter or any lawful rule adopted by the board pursuant to the authority herein granted, or who shall fail or refuse to obey any lawful order issued by any state, county or municipal public health officer, pursuant to the authority granted in this chapter, shall be deemed guilty of a gross misdemeanor punishable as provided under RCW 9A.20.021. [1988 c 206 § 911; 1919 c 114 § 5; RRS § 6104.]

70.24.084 Violations of chapter—Aggrieved persons—Right of action. (1) Any person aggrieved by a violation of this chapter shall have a right of action in superior court and may recover for each violation:

(a) Against any person who negligently violates a provision of this chapter, one thousand dollars, or actual damages, whichever is greater, for each violation.

(b) Against any person who intentionally or recklessly violates a provision of this chapter, two thousand dollars, or actual damages, whichever is greater, for each violation.

(c) Reasonable attorneys' fees and costs.

(d) Such other relief, including an injunction, as the court may deem appropriate.

(2) Any action under this chapter is barred unless the action is commenced within three years after the cause of action accrues.

(3) Nothing in this chapter limits the rights of the subject of a test for a sexually transmitted disease to recover damages or other relief under any other applicable law.

(4) Nothing in this chapter may be construed to impose civil liability or criminal sanction for disclosure of a test result for a sexually transmitted disease in accordance with any reporting requirement for a diagnosed case of sexually transmitted disease by the department or the centers for disease control of the United States public health service. [1988 c 206 § 914.]

70.24.090 Pregnant women—Test for syphilis. Every physician attending a pregnant woman in the state of Washington during gestation shall, in the case of each woman so attended, take or cause to be taken a sample of blood of such woman at the time of first examination, and submit such sample to an approved laboratory for a standard serological test for syphilis. If the pregnant woman first presents herself for examination after the fifth month of gestation the physician or other attendant shall in addition to

the above, advise and urge the patient to secure a medical examination and blood test before the fifth month of any subsequent pregnancies. [1939 c 165 § 1; RRS § 6002-1.]

70.24.095 Pregnant women—Drug treatment program participants—AIDS counseling. (1) Every health care practitioner attending a pregnant woman or a person seeking treatment of a sexually transmitted disease shall insure that AIDS counseling of the patient is conducted.

(2) AIDS counseling shall be provided to each person in a drug treatment program under *chapter 69.54 RCW. [1988 c 206 § 705.]

*Reviser's note: Chapter 69.54 RCW was repealed by 1989 c 270 § 35.

70.24.100 Syphilis laboratory tests. A standard serological test shall be a laboratory test for syphilis approved by the secretary of health and shall be performed either by a laboratory approved by the secretary of health for the performance of the particular serological test used or by the state department of health, on request of the physician free of charge. [1991 c 3 § 323; 1979 c 141 § 95; 1939 c 165 § 2; RRS § 6002-2.]

70.24.105 Disclosure of HIV antibody test or testing or treatment of sexually transmitted diseases—Exchange of medical information. (1) No person may disclose or be compelled to disclose the identity of any person who has investigated, considered, or requested a test or treatment for a sexually transmitted disease, except as authorized by this chapter.

(2) No person may disclose or be compelled to disclose the identity of any person upon whom an HIV antibody test is performed, or the results of such a test, nor may the result of a test for any other sexually transmitted disease when it is positive be disclosed. This protection against disclosure of test subject, diagnosis, or treatment also applies to any information relating to diagnosis of or treatment for HIV infection and for any other confirmed sexually transmitted disease. The following persons, however, may receive such information:

(a) The subject of the test or the subject's legal representative for health care decisions in accordance with RCW 7.70.065, with the exception of such a representative of a minor child over fourteen years of age and otherwise competent;

(b) Any person who secures a specific release of test results or information relating to HIV or confirmed diagnosis of or treatment for any other sexually transmitted disease executed by the subject or the subject's legal representative for health care decisions in accordance with RCW 7.70.065, with the exception of such a representative of a minor child over fourteen years of age and otherwise competent;

(c) The state public health officer, a local public health officer, or the centers for disease control of the United States public health service in accordance with reporting requirements for a diagnosed case of a sexually transmitted disease;

(d) A health facility or health care provider that procures, processes, distributes, or uses: (i) A human body part, tissue, or blood from a deceased person with respect to medical information regarding that person; (ii) semen,

including that provided prior to March 23, 1988, for the purpose of artificial insemination; or (iii) blood specimens;

(e) Any state or local public health officer conducting an investigation pursuant to RCW 70.24.024, provided that such record was obtained by means of court ordered HIV testing pursuant to RCW 70.24.340 or 70.24.024;

(f) A person allowed access to the record by a court order granted after application showing good cause therefor. In assessing good cause, the court shall weigh the public interest and the need for disclosure against the injury to the patient, to the physician-patient relationship, and to the treatment services. Upon the granting of the order, the court, in determining the extent to which any disclosure of all or any part of the record of any such test is necessary, shall impose appropriate safeguards against unauthorized disclosure. An order authorizing disclosure shall: (i) Limit disclosure to those parts of the patient's record deemed essential to fulfill the objective for which the order was granted; (ii) limit disclosure to those persons whose need for information is the basis for the order; and (iii) include any other appropriate measures to keep disclosure to a minimum for the protection of the patient, the physician-patient relationship, and the treatment services, including but not limited to the written statement set forth in subsection (5) of this section;

(g) Persons who, because of their behavioral interaction with the infected individual, have been placed at risk for acquisition of a sexually transmitted disease, as provided in RCW 70.24.022, if the health officer or authorized representative believes that the exposed person was unaware that a risk of disease exposure existed and that the disclosure of the identity of the infected person is necessary;

(h) A law enforcement officer, fire fighter, health care provider, health care facility staff person, or other persons as defined by the board in rule pursuant to RCW 70.24.340(4), who has requested a test of a person whose bodily fluids he or she has been substantially exposed to, pursuant to RCW 70.24.340(4), if a state or local public health officer performs the test;

(i) Claims management personnel employed by or associated with an insurer, health care service contractor, health maintenance organization, self-funded health plan, state-administered health care claims payer, or any other payer of health care claims where such disclosure is to be used solely for the prompt and accurate evaluation and payment of medical or related claims. Information released under this subsection shall be confidential and shall not be released or available to persons who are not involved in handling or determining medical claims payment; and

(j) A department of social and health services worker, a child placing agency worker, or a guardian ad litem who is responsible for making or reviewing placement or case-planning decisions or recommendations to the court regarding a child, who is less than fourteen years of age, has a sexually transmitted disease, and is in the custody of the department of social and health services or a licensed child placing agency; this information may also be received by a person responsible for providing residential care for such a child when the department of social and health services or a licensed child placing agency determines that it is necessary for the provision of child care services.

(3) No person to whom the results of a test for a sexually transmitted disease have been disclosed pursuant to subsection (2) of this section may disclose the test results to another person except as authorized by that subsection.

(4) The release of sexually transmitted disease information regarding an offender, except as provided in subsection (2)(e) of this section, shall be governed as follows:

(a) The sexually transmitted disease status of a department of corrections offender shall be made available by department of corrections health care providers to a department of corrections superintendent or administrator as necessary for disease prevention or control and for protection of the safety and security of the staff, offenders, and the public. The information may be submitted to transporting officers and receiving facilities, including facilities that are not under the department of correction's jurisdiction.

(b) The sexually transmitted disease status of a person detained in a jail shall be made available by the local public health officer to a jail administrator as necessary for disease prevention or control and for protection of the safety and security of the staff, offenders, and the public. (6) The requirements of this section shall not apply to the customary methods utilized for the exchange of medical information among health care providers in order to provide health care services to the patient, nor shall they apply within health care facilities where there is a need for access to confidential medical information to fulfill professional duties. [1989 c 123 § 1; 1988 c 206 § 904.]

[1988 c 206 § 917.]

[1988 c 206 § 202.]
Common school curriculum: RCW 28A.230.020.

70.24.220 AIDS education in public schools—Finding. The legislature finds that the public schools provide a unique and appropriate setting for educating young people about the pathology and prevention of acquired immunodeficiency syndrome (AIDS). The legislature recognizes that schools and communities vary throughout the state and that locally elected school directors should have a significant role in establishing a program of AIDS education in their districts. [1988 c 206 § 401.]

70.24.240 Clearinghouse for AIDS educational materials. The number of acquired immunodeficiency syndrome (AIDS) cases in the state may reach five thousand by 1991. This makes it necessary to provide our state's workforce with the resources and knowledge to deal with the epidemic. To ensure that accurate information is available to the state's work force, a clearinghouse for all technically correct educational materials related to AIDS should be created. [1988 c 206 § 601.]

70.24.250 Office on AIDS—Repository and clearinghouse for AIDS education and training material—University of Washington duties. There is established in the department an office on AIDS. If a department of health is created, the office on AIDS shall be transferred to the department of health, and its chief shall report directly to the secretary of health. The office on AIDS shall have as its chief a physician licensed under chapter 18.57 or 18.71

RCW or a person experienced in public health who shall report directly to the assistant secretary for health. This office shall be the repository and clearinghouse for all education and training material related to the treatment, transmission, and prevention of AIDS. The University of Washington shall provide the office on AIDS with appropriate training and educational materials necessary to carry out its duties. The office on AIDS shall assist state agencies with information necessary to carry out the purposes of this chapter. The department shall work with state and county agencies and specific employee and professional groups to provide information appropriate to their needs, and shall make educational materials available to private employers and encourage them to distribute this information to their employees. [1988 c 206 § 602.]

The department shall adopt rules that recommend appropriate education and training for licensed and certified emergency medical personnel under chapter 18.73 RCW on the prevention, transmission, and treatment of AIDS. The department shall require appropriate education or training as a condition of certification or license issuance or renewal. [1988 c 206 § 603.]

70.24.270 Health professionals—Rules for AIDS education and training. Each disciplining authority under chapter 18.130 RCW shall adopt rules that require appropriate education and training for licensees on the prevention, transmission, and treatment of AIDS. The disciplining authorities shall work with the office on AIDS under RCW 70.24.250 to develop the training and educational material necessary for health professionals. [1988 c 206 § 604.]

70.24.280 Board of pharmacy—Rules for AIDS education and training. The state board of pharmacy shall adopt rules that require appropriate education and training for licensees on the prevention, transmission, and treatment of AIDS. 70.24.300 State and local government employees—Determination of substantial likelihood of exposure—Rules for AIDS education and training. The state personnel board, the higher education personnel board, and each unit of local government shall determine whether any

employees under their jurisdiction have a substantial likelihood of exposure in the course of their employment to the human immunodeficiency virus. If so, the agency or unit of government shall adopt rules requiring appropriate training and education for the employees on the prevention, transmission, and treatment of AIDS. The rules shall specifically provide for such training and education for law enforcement, correctional, and health care workers. The state personnel board, the higher education personnel board, and each unit of local government shall work with the office on AIDS under RCW 70.24.250 to develop the educational and training material necessary for employees. [1988 c 206 § 607.]

70.24.310 Health care facility employees—Rules for AIDS education and training. The department shall adopt rules requiring appropriate education and training of employees of state licensed or certified health care facilities. The education and training shall be on the prevention, transmission, and treatment of AIDS and shall not be required for employees who are covered by comparable rules adopted under other sections of this chapter. [1988 c 206 § 608.]

70.24.320 Counseling and testing—AIDS and HIV—Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Pretest counseling" means counseling aimed at helping the individual understand ways to reduce the risk of HIV infection, the nature and purpose of the tests, the significance of the results, and the potential dangers of the disease, and to assess the individual's ability to cope with the results.

(2) "Posttest counseling" means further counseling following testing usually directed toward increasing the individual's understanding of the human immunodeficiency virus infection, changing the individual's behavior, and, if necessary, encouraging the individual to notify persons with whom there has been contact capable of spreading HIV.

(3) "AIDS counseling" means counseling directed toward increasing the individual's understanding of acquired immunodeficiency syndrome and changing the individual's behavior.

(4) "HIV testing" means a test indicative of infection with the human immunodeficiency virus as specified by the board of health by rule. [1988 c 206 § 701.]

70.24.325 Counseling and testing—Insurance requirements. (1) This section shall apply to counseling and consent for HIV testing administered as part of an application for coverage authorized under Title 48 RCW.

(2) Persons subject to regulation under Title 48 RCW who are requesting an insured, a subscriber, or a potential insured or subscriber to furnish the results of an HIV test for underwriting purposes as a condition for obtaining or renewing coverage under an insurance contract, health care

service contract, or health maintenance organization agreement shall:

(a) Provide written information to the individual prior to being tested which explains:

(i) What an HIV test is;

(ii) Behaviors that place a person at risk for HIV infection;

(iii) That the purpose of HIV testing in this setting is to determine eligibility for coverage;

(iv) The potential risks of HIV testing; and

(v) Where to obtain HIV pretest counseling.

(b) Obtain informed specific written consent for an HIV test. The written informed consent shall include:

(i) An explanation of the confidential treatment of the test results which limits access to the results to persons involved in handling or determining applications for coverage or claims of the applicant or claimant and to those persons designated under (c)(iii) of this subsection; and

(ii) Requirements under (c)(iii) of this subsection.

(c) Establish procedures to inform an applicant of the following:

(i) That post-test counseling, as specified under WAC 248-100-209(4), is required if an HIV test is positive or indeterminate;

(ii) That post-test counseling occurs at the time a positive or indeterminate HIV test result is given to the tested individual;

(iii) That the applicant may designate a health care provider or health care agency to whom the insurer, the health care service contractor, or health maintenance organization will provide positive or indeterminate test results for interpretation and post-test counseling. When an applicant does not identify a designated health care provider or health care agency and the applicant's test results are either positive or indeterminate, the insurer, the health care service contractor, or health maintenance organization shall provide the test results to the local health department for interpretation and post-test counseling; and

(iv) That positive or indeterminate HIV test results shall not be sent directly to the applicant. [1989 c 387 § 1.]

70.24.330 HIV testing—Consent, exceptions. No person may undergo HIV testing without the person's consent except:

(1) Pursuant to RCW 7.70.065 for incompetent persons;

(2) In seroprevalence studies where neither the persons whose blood is being tested know the test results nor the persons conducting the tests know who is undergoing testing;

(3) If the department of labor and industries determines that it is relevant, in which case payments made under Title 51 RCW may be conditioned on the taking of an HIV antibody test; or

(4) As otherwise expressly authorized by this chapter. [1988 c 206 § 702.]

70.24.340 Convicted persons—Mandatory testing and counseling for certain offenses—Employees substantial exposure to bodily fluids—Procedure. (1) Local health departments authorized under this chapter shall conduct or cause to be conducted pretest counseling, HIV testing, and posttest counseling of all persons:

(a) Convicted of a sexual offense under chapter 9A.44 RCW;

(b) Convicted of prostitution or offenses relating to prostitution under chapter 9A.88 RCW; or

(c) Convicted of drug offenses under chapter 69.50 RCW if the court determines at the time of conviction that the related drug offense is one associated with the use of hypodermic needles.

(2) Such testing shall be conducted as soon as possible after sentencing and shall be so ordered by the sentencing judge.

(3) This section applies only to offenses committed after March 23, 1988.

(4) A law enforcement officer, fire fighter, health care provider, health care facility staff person, or other categories of employment determined by the board in rule to be at risk of substantial exposure to HIV, who has experienced a substantial exposure to another person's bodily fluids in the course of his or her employment, may request a state or local public health officer to order pretest counseling, HIV testing, and posttest counseling for the person whose bodily fluids he or she has been exposed to. The person who is subject to the order shall be given written notice of the order promptly, personally, and confidentially, stating the grounds and provisions of the order, including the factual basis therefor. If the person who is subject to the order refuses to comply, the state or local public health officer may petition the superior court for a hearing. The standard of review for the order is whether substantial exposure occurred and whether that exposure presents a possible risk of transmission of the HIV virus as defined by the board by rule. Upon conclusion of the hearing, the court shall issue the appropriate order. The state or local public health officer shall perform counseling and testing under this subsection if he or she finds that the exposure was substantial and presents a possible risk as defined by the board of health by rule. [1988 c 206 § 703.]

70.24.350 Prostitution and drug offenses—Voluntary testing and counseling. Local health departments, in cooperation with the regional AIDS services networks, shall make available voluntary testing and counseling services to all persons arrested for prostitution offenses under chapter 9A.88 RCW and drug offenses under chapter 69.50 RCW. Services shall include educational materials that outline the seriousness of AIDS and encourage voluntary participation. [1988 c 206 § 704.]

70.24.360 Jail detainees—Testing and counseling of persons who present a possible risk. Jail administrators, with the approval of the local public health officer, may order pretest counseling, HIV testing, and posttest counseling for persons detained in the jail if the local public health officer determines that actual or threatened behavior presents a possible risk to the staff, general public, or other persons. Approval of the local public health officer shall be based on RCW 70.24.024(3) and may be contested through RCW 70.24.024(4). The administrator shall establish, pursuant to RCW 70.48.071, a procedure to document the possible risk which is the basis for the HIV testing. "Possible risk," as used in this section, shall be defined by the board in rule.

Documentation of the behavior, or threat thereof, shall be reviewed with the person to try to assure that the person understands the basis for testing. [1988 c 206 § 706.]

70.24.370 Correction facility inmates—Counseling and testing of persons who present a possible risk—Training for administrators and superintendents—Procedure. (1) Department of corrections facility administrators may order pretest counseling, HIV testing, and posttest counseling for inmates if the secretary of corrections or the secretary's designee determines that actual or threatened behavior presents a possible risk to the staff, general public, or other inmates. The department of corrections shall establish a procedure to document the possible risk which is the basis for the HIV testing. "Possible risk," as used in this section, shall be defined by the department of corrections after consultation with the board. Possible risk, as used in the documentation of the behavior, or threat thereof, shall be reviewed with the inmate.

(2) Department of corrections administrators and superintendents who are authorized to make decisions about testing and dissemination of test information shall, at least annually, participate in training seminars on public health considerations conducted by the assistant secretary for public health or her or his designee.

(3) Administrative hearing requirements set forth in chapter 34.05 RCW do not apply to the procedure developed by the department of corrections pursuant to this section. This section shall not be construed as requiring any hearing process except as may be required under existing federal constitutional law.

(4) RCW 70.24.340 does not apply to the department of corrections or to inmates in its custody or subject to its jurisdiction. [1988 c 206 § 707.]

70.24.380 Board of health—Rules for counseling and testing. The board of health shall adopt rules establishing minimum standards for pretest counseling, HIV testing, posttest counseling, and AIDS counseling. [1988 c 206 § 709.]

70.24.400 Department to establish regional AIDS service networks—Funding—Lead counties—Regional plans—University of Washington, center for AIDS education. The department shall establish a state-wide system of regional acquired immunodeficiency syndrome (AIDS) service networks as follows:

(1) The secretary of health shall direct that all state or federal funds, excluding those from federal Title XIX for services or other activities authorized in this chapter, shall be allocated to the office on AIDS established in RCW 70.24.250. The secretary shall further direct that all funds for services and activities specified in subsection (3) of this section shall be provided to lead counties through contractual agreements based on plans developed as provided in subsection (2) of this section, unless direction of such funds is explicitly prohibited by federal law, federal regulation, or federal policy. The department shall deny funding allocations to lead counties only if the denial is based upon documented incidents of nonfeasance, misfeasance, or malfeasance. However, the department shall give written

notice and thirty days for corrective action in incidents of misfeasance or nonfeasance before funding may be denied. The department shall designate six AIDS service network regions encompassing the state. In doing so, the department shall use the boundaries of the regional structures in place for the community services administration on January 1, 1988.

(2) The department shall request that a lead county within each region, which shall be the county with the largest population, prepare, through a cooperative effort of local health departments within the region, a regional organizational and service plan, which meets the requirements set forth in subsection (3) of this section. Efforts should be made to use existing plans, where appropriate. The plan should place emphasis on contracting with existing hospitals, major voluntary organizations, or health care organizations within a region that have in the past provided quality services similar to those mentioned in subsection (3) of this section and that have demonstrated an interest in providing any of the components listed in subsection (3) of this section. If any of the counties within a region do not participate, it shall be the lead county's responsibility to develop the part of the plan for the nonparticipating county or counties. If all of the counties within a region do not participate, the department shall assume the responsibility.

(3) The regional AIDS service network plan shall include the following components:

(a) A designated single administrative or coordinating agency;

(b) A complement of services to include:

(i) Voluntary and anonymous counseling and testing;

(ii) Mandatory testing and/or counseling services for certain individuals, as required by law;

(iii) Notification of sexual partners of infected persons, as required by law;

(iv) Education for the general public, health professionals, and high-risk groups;

(v) Intervention strategies to reduce the incidence of HIV infection among high-risk groups, possibly including needle sterilization and methadone maintenance;

(vi) Related community outreach services for runaway youth;

(vii) Case management;

(viii) Strategies for the development of volunteer networks;

(ix) Strategies for the coordination of related agencies within the network; and

(x) Other necessary information, including needs particular to the region;

(c) A service delivery model that includes:

(i) Case management services; and

(ii) A community-based continuum-of-care model encompassing both medical, mental health, and social services with the goal of maintaining persons with AIDS in a home-like setting, to the extent possible, in the least-expensive manner; and

(d) Budget, caseload, and staffing projections.

(4) Efforts shall be made by both the counties and the department to use existing service delivery systems, where possible, in developing the networks.

(5) The University of Washington health science program, in cooperation with the office on AIDS may,

within available resources, establish a center for AIDS education, which shall be linked to the networks. The center for AIDS education is not intended to engage in state-funded research related to HIV infection, AIDS, or HIV-related conditions. Its duties shall include providing the office on AIDS with the appropriate educational materials necessary to carry out that office's duties.

(6) The department shall implement this section, consistent with available funds, by October 1, 1988, by establishing six regional AIDS service networks whose combined jurisdictions shall include the entire state.

(a) Until June 30, 1991, available funding for each regional AIDS service network shall be allocated as follows:

(i) Seventy-five percent of the amount provided for regional AIDS service networks shall be allocated per capita based on the number of persons residing within each region, but in no case less than one hundred fifty thousand dollars for each regional AIDS service network per fiscal year. This amount shall be expended for testing, counseling, education, case management, notification of sexual partners of infected persons, planning, coordination, and other services required by law, except for those enumerated in (ii) of this subsection.

(ii) Twenty-five percent of the amount provided for regional AIDS service networks shall be allocated for intervention strategies specifically addressing groups that are at a high risk of being infected with the human immunodeficiency virus. The allocation shall be made by the office on AIDS based on documented need as specified in regional AIDS network plans.

(b) After June 30, 1991, the funding shall be allocated as provided by law. By December 15, 1990, the department shall report to the appropriate committees of the legislature on proposed methods of funding regional AIDS service networks.

(7) The regional AIDS service networks shall be the official state regional agencies for AIDS information education and coordination of services. The state public health officer, as designated by the secretary of health, shall make adequate efforts to publicize the existence and functions of the networks.

(8) If the department is not able to establish a network by an agreement solely with counties, it may contract with nonprofit agencies for any or all of the designated network responsibilities.

(9) The department, in establishing the networks, shall study mechanisms that could lead to reduced costs and/or increased access to services. The methods shall include capitation.

(10) The department shall reflect in its departmental biennial budget request the funds necessary to implement this section.

(11) The department shall submit an implementation plan to the appropriate committees of the legislature by July 1, 1988.

(12) The use of appropriate materials may be authorized by regional AIDS service networks in the prevention or control of HIV infection. [1991 c 3 § 327; 1988 c 206 § 801.]

70.24.410 AIDS advisory committee—Duties, review of insurance problems—Termination. To assist the secretary of health in the development and implementation of AIDS programs, the governor shall appoint an AIDS advisory committee. Among its duties shall be a review of insurance problems as related to persons with AIDS. The committee shall terminate on June 30, 1991. [1991 c 3 § 328; 1988 c 206 § 803.]

70.24.420 Additional local funding of treatment programs not required. Nothing in this chapter may be construed to require additional local funding of programs to treat communicable disease established as of March 23, 1988. [1988 c 206 § 919.]

70.24.430 Application of chapter to persons subject to jurisdiction of department of corrections. Nothing in this chapter is intended to create a state-mandated liberty interest of any nature for offenders or inmates confined in department of corrections facilities or subject to the jurisdiction of the department of corrections. [1988 c 206 § 920.]

70.24.440 Class IV human immunodeficiency virus insurance program. (1) "Class IV human immunodeficiency virus insurance program," as used in this section, means the program financed by state funds to assure health insurance coverage for individuals with class IV human immunodeficiency virus infection, as defined by the state board of health, who meet eligibility requirements established by the department.

(2) The department may pay for health insurance coverage with funds appropriated for this purpose on behalf of persons who are infected with class IV human immunodeficiency virus, meet program eligibility requirements, and are eligible for "continuation coverage" as provided by the federal consolidated omnibus budget reconciliation act of 1985 or group health insurance policies: PROVIDED, That this authorization to pay for health insurance shall cease on June 30, 1991, as to any coverage not initiated prior to that date. [1989 c 260 § 3.]

70.24.900 Severability—1988 c 206. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1988 c 206 § 1001.]

70.37.010 Declaration of public policies—Purpose. The good health of the people of our state is a most important public concern. The state has a direct interest in seeing to it that health care facilities adequate for good public health are established and maintained in sufficient numbers and in proper locations. The rising costs of care of the infirm constitute a grave challenge not only to health care providers but to our state and the people of our state who will seek such care. It is hereby declared to be the public policy of the state of Washington to assist and encourage the building, providing and utilization of modern, well equipped and reasonably priced health care facilities, and the improvement, expansion and modernization of health care facilities in a manner that will minimize the capital costs of construction, financing and use thereof and thereby the costs to the public of the use of such facilities, and to contribute to improving the quality of health care available to our citizens. In order to accomplish these and related purposes this chapter is adopted and shall be liberally construed to carry out its purposes and objects. [1974 ex.s. c 147 § 1.]

70.37.040 Washington health care facilities authority—Powers—Special fund bonds—Revenue bonds. (1) The authority is hereby empowered to issue bonds for the construction, purchase, acquisition, rental, leasing or use by participants of projects for which bonds to provide funds therefor have been approved by the authority. Such bonds shall be issued in the name of the authority. They shall not be obligations of the state of Washington or general obligations of the authority but shall be payable only from the special funds created by the authority for their payment. They shall contain a recital on their face that their payment and the payment of interest thereon shall be a valid claim only as against the special fund relating thereto derived by the authority in whole or in part from the revenues received by the authority from the operation by the participant of the health care facilities for which the bonds are issued but that they shall constitute a prior charge over all other charges or claims whatever against such special fund. The lien of any such pledge on such revenues shall attach thereto immediately on their receipt by the authority and shall be valid and binding as against parties having claims of any kind in tort, contract or otherwise against the participant, without recordation thereof and whether or not they have notice thereof. For inclusion in such special funds and for other uses in or for such projects of participants the authority is empowered to accept and receive funds, grants, gifts, pledges, guarantees, mortgages, trust deeds and other security instruments, and property from the federal government or the state of Washington or other public body, entity or agency and from any public or private institution, association, corporation or organization, including participants, except that it shall not accept or receive from the state or any taxing agency any money derived from taxes save money to be devoted to the purposes of a project of the state or taxing agency.

(2) For the purposes outlined in subsection (1) of this section the authority is empowered to provide for the issuance of its special fund bonds and other limited obligation security instruments subordinate to the first and prior lien bonds, if any, relating to a project or projects of a participant and to create special funds relating thereto against which such subordinate securities shall be liens, but the

authority shall not have power to incur general obligations with respect thereto.

(3) The authority may also issue special fund bonds to redeem or to fund or refund outstanding bonds or any part thereof at maturity, or before maturity if subject to prior redemption, with the right in the authority to include various series and issues of such outstanding special fund bonds in a single issue of funding or refunding special fund bonds and to pay any redemption premiums out of the proceeds thereto. Such funding or refunding bonds shall be limited special fund bonds issued in accordance with the provisions of this chapter, including this section and shall not be general obligations of the authority.

(4) Such special fund bonds of either first lien or subordinate lien nature may also be issued by the authority, the proceeds of which may be used to refund already existing mortgages or other obligations on health care facilities already constructed and operating incurred by a participant in the construction, purchase or acquisition thereof.

(5) The authority may also lease to participants, lease to them with option to purchase, or sell to them, facilities which it has acquired by construction, purchase, devise, gift, or leasing: PROVIDED, That the terms thereof shall at least fully reimburse the authority for its costs with respect to such facilities, including costs of financing, and provide fully for the debt service on any bonds issued by the authority to finance acquisition by it of the facilities. To pay the cost of acquiring or improving such facilities or to refund any bonds issued for such purpose, the authority may issue its revenue bonds secured solely by revenues derived from the sale or lease of the facility, but which may additionally be secured by mortgage, lease, pledge or assignment, trust agreement or other security device. Such bonds and such security devices shall not be obligations of the state of Washington or general obligations of the authority but shall be payable only from the special funds created by the authority for their payment. Such health care facilities may be acquired, constructed, reconstructed, and improved and may be leased, sold or otherwise disposed of in the manner determined by the authority in its sole discretion and any requirement of competitive bidding, lease performance bonds or other restriction imposed on the procedure for award of contracts for such purpose or the lease, sale or other disposition of property of the state, or any agency thereof, is not applicable to any action so taken by the authority. [1974 ex.s. c 147 § 4.]

70.37.050 Requests for financing—Financing plan—Bond issue, special fund authorized. The authority shall establish rules concerning its exercise of the powers authorized by this chapter. The authority shall receive from applicants requests for the providing of bonds for financing of health care facilities and shall investigate and determine the need and the feasibility of providing such bonds. Whenever the authority deems it necessary or advisable for the benefit of the public health to provide financing for a health care facility, it shall adopt a financing plan therefor and shall declare the estimated cost thereof, as near as may be, including as part of such cost funds necessary for the expenses incurred in the financing as well as in the construc-

tion or purchase or other acquisition or in connection with the rental or other payment for the use thereof, interest during construction, reserve funds and any funds necessary for initial start-up costs, and shall issue and sell its bonds for the purposes of carrying out the proposed financing plan: PROVIDED, That if a certificate of need is required for the proposed project, no such financing plan shall be adopted until such certificate has been issued pursuant to chapter 70.38 RCW by the secretary of the department of social and health services. The authority shall have power as a part of such plan to create a special fund or funds for the purpose of defraying the cost of such project and for other projects of the same participant subsequently or at the same time approved by it and for their maintenance, improvement, reconstruction, remodeling and rehabilitation, into which special fund or funds it shall obligate and bind the participant to set aside and pay from the gross revenues of the project or from other sources an amount sufficient to pay the principal and interest of the bonds being issued, reserves and other requirements of the special fund and to issue and sell bonds payable as to both principal and interest out of such fund or funds relating to the project or projects of such participant.

Such bonds shall bear such date or dates, mature at such time or times, be in such denominations, be in such form, either coupon or registered, or both, as provided in RCW 39.46.030, carry such registration privileges, be made transferable, exchangeable, and interchangeable, be payable in such medium of payment, at such place or places, be subject to such terms of redemption, bear such fixed or variable rate or rates of interest, and be sold in such manner, at such price, as the authority shall determine. Such bonds shall be executed by the chairman, by either its duly elected secretary or its executive director, and by the trustee if the authority determines to utilize a trustee for the bonds. Execution of the bonds may be by manual or facsimile signature: PROVIDED, That at least one signature placed thereon shall be manually subscribed. Any interest coupons appurtenant to the bonds shall be executed by facsimile or manual signature or signatures, as the authority shall determine. [1983 c 210 § 2; 1983 c 167 § 171; 1981 c 121 § 1; 1974 ex.s. c 147 § 5.]

Reviser's note: This section was amended by 1983 c 167 § 171 and by 1983 c 210 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Such fund shall not be or constitute funds of the state of Washington but at all times shall be kept segregated and set apart from other funds. From such funds, the authority shall make payment of principal and interest of the bonds of the particular project or projects; and the authority may set up subaccounts in the bond fund for reserve accounts for payment of principal and interest, for repairs and replacement and for other special requirements of the bonds of the project or projects as determined by the authority. In lieu of itself receiving and handling these moneys as here outlined the authority may appoint trustees, depositories and paying agents to perform the functions outlined and to receive, hold, disburse, invest and reinvest such funds on its behalf and for the protection of the bondholders. Such fund shall at all times be segregated and set apart from all other funds and in trust for the purposes of purchase, construction, acquisition, leasing, or use of a project or projects, and for other special needs of the project declared by the authority, including the manner of disposition of any money not finally needed in the construction, purchase, or other acquisition. Money other than bond sale proceeds received by the authority for these same purposes, such as contributions from a participant or a grant from the federal

All other expenses of the authority including compensation of its employees and consultants, expenses of administration and conduct of its work and business and other expenses shall be paid out of such fees and charges, out of contributions and grants to it, out of the proceeds of bonds issued for projects of participants or out of revenues of such projects; none by the state of Washington. It may delegate to the executive director or other appropriate persons the power to execute legal instruments on its behalf. It may enter into contracts with the United States, accept gifts for its purposes, and exercise any other power reasonably required to implement the principal powers granted in this chapter. No provision of this chapter shall be construed so as to limit the power of the authority to provide bond financing to more than one participant and/or project by means of a single issue of revenue bonds utilizing a single bond fund and/or a single special fund into which proceeds of such bonds are deposited. The authority shall have no power to levy any taxes of any kind or nature and no power to incur obligations on behalf of the state of Washington. [1982 c 10 § 14. Prior: 1981 c 121 § 2; 1981 c 31 § 1; 1974 ex.s. c 147 § 10.]

70.38.015 Declaration of public policy. It is declared to be the public policy of this state:

(1) That health planning to promote, maintain, and assure the health of all citizens in the state, to provide accessible health services, health manpower, health facilities, and other resources while controlling excessive increases in costs, and to recognize prevention as a high priority in health programs, is essential to the health, safety, and welfare of the people of the state. Health planning should be responsive to changing health and social needs and conditions. Involvement in health planning from both consumers and providers throughout the state should be encouraged;

(2) That the development of health services and resources, including the construction, modernization, and conversion of health facilities, should be accomplished in a planned, orderly fashion, consistent with identified priorities and without unnecessary duplication or fragmentation;

(3) That the development and maintenance of adequate health care information, statistics and projections of need for health facilities and services is essential to effective health planning and resources development;

(4) That the development of nonregulatory approaches to health care cost containment should be considered, including the strengthening of price competition; and

(5) That health planning should be concerned with public health and health care financing, access, and quality, recognizing their close interrelationship and emphasizing cost control of health services, including cost-effectiveness and cost-benefit analysis. [1989 1st ex.s. c 9 § 601; 1983 c 235 § 1; 1980 c 139 § 1; 1979 ex.s. c 161 § 1.]

70.38.025 Definitions. When used in this chapter, the terms defined in this section shall have the meanings indicated.

(1) "Board of health" means the state board of health created pursuant to chapter 43.20 RCW.

(2) "Capital expenditure" is an expenditure, including a force account expenditure (i.e., an expenditure for a construction project undertaken by a nursing home facility as its own contractor) which, under generally accepted accounting principles, is not properly chargeable as an expense of operation or maintenance. Where a person makes an acquisition under lease or comparable arrangement, or through donation, which would have required review if the acquisition had been made by purchase, such expenditure shall be deemed a capital expenditure. Capital expenditures include donations of equipment or facilities to a nursing home facility which if acquired directly by such facility would be subject to certificate of need review under the provisions of this chapter and transfer of equipment or facilities for less than fair market value if a transfer of the equipment or facilities at fair market value would be subject to such review. The cost of any studies, surveys, designs, plans, working drawings, specifications, and other activities essential to the acquisition, improvement, expansion, or replacement of any plant or equipment with respect to which such expenditure is made shall be included in determining the amount of the expenditure.

(3) "Continuing care retirement community" means an entity which provides shelter and services under continuing care contracts with its members and which sponsors or includes a health care facility or a health service. A "continuing care contract" means a contract to provide a person, for the duration of that person's life or for a term in excess of one year, shelter along with nursing, medical, health-related, or personal care services, which is conditioned upon the transfer of property, the payment of an entrance fee to the provider of such services, or the payment of periodic charges for the care and services involved. A continuing care contract is not excluded from this definition because the contract is mutually terminable or because shelter and services are not provided at the same location.

(4) "Department" means the department of health.

(5) "Expenditure minimum" means, for the purposes of the certificate of need program, one million dollars adjusted by the department by rule to reflect changes in the United States department of commerce composite construction cost index; or a lesser amount required by federal law and established by the department by rule.

(6) "Health care facility" means hospices, hospitals, psychiatric hospitals, nursing homes, kidney disease treatment centers, ambulatory surgical facilities, and home health agencies, and includes such facilities when owned and operated by a political subdivision or instrumentality of the state and such other facilities as required by federal law and implementing regulations, but does not include Christian Science sanatoriums operated, listed, or certified by the First Church of Christ Scientist, Boston, Massachusetts. In addition, the term does not include any nonprofit hospital: (a) Which is operated exclusively to provide health care services for children; (b) which does not charge fees for such services; and (c) if not contrary to federal law as necessary to the receipt of federal funds by the state.

(7) "Health maintenance organization" means a public or private organization, organized under the laws of the state, which:

(a) Is a qualified health maintenance organization under Title XIII, section 1310(d) of the Public Health Services Act; or

(b)(i) Provides or otherwise makes available to enrolled participants health care services, including at least the following basic health care services: Usual physician services, hospitalization, laboratory, x-ray, emergency, and preventive services, and out-of-area coverage; (ii) is compensated (except for copayments) for the provision of the basic health care services listed in (b)(i) to enrolled participants by a payment which is paid on a periodic basis without regard to the date the health care services are provided and which is fixed without regard to the frequency, extent, or kind of health service actually provided; and (iii) provides physicians' services primarily (A) directly through physicians who are either employees or partners of such organization, or (B) through arrangements with individual physicians or one or more groups of physicians (organized on a group practice or individual practice basis).

(8) "Health services" means clinically related (i.e., preventive, diagnostic, curative, rehabilitative, or palliative) services and includes alcoholism, drug abuse, and mental health services and as defined in federal law.

(9) "Health service area" means a geographic region appropriate for effective health planning which includes a broad range of health services.

(10) "Person" means an individual, a trust or estate, a partnership, a corporation (including associations, joint stock companies, and insurance companies), the state, or a political subdivision or instrumentality of the state, including a municipal corporation or a hospital district.

(11) "Provider" generally means a health care professional or an organization, institution, or other entity providing health care but the precise definition for this term shall be established by rule of the department, consistent with federal law.

(12) "Public health" means the level of well-being of the general population; those actions in a community necessary to preserve, protect, and promote the health of the people for

which government is responsible; and the governmental system developed to guarantee the preservation of the health of the people.

(13) "Secretary" means the secretary of health or the secretary's designee.

(14) "Tertiary health service" means a specialized service that meets complicated medical needs of people and requires sufficient patient volume to optimize provider effectiveness, quality of service, and improved outcomes of care.

(15) "Hospital" means any health care institution which is required to qualify for a license under RCW 70.41.020(2); or as a psychiatric hospital under chapter 71.12 RCW. [1991 c 158 § 1; 1989 1st ex.s. c 9 § 602; 1988 c 20 § 1; 1983 1st ex.s. c 41 § 43; 1983 c 235 § 2; 1982 c 119 § 1; 1980 c 139 § 2; 1979 ex.s. c 161 § 2.]

Severability—1983 1st ex.s. c 41: See note following RCW 26.09.060.

70.38.095 Public disclosure. Public accessibility to records shall be accorded by health systems agencies pursuant to Public Law 93-641 and RCW 42.17.250 through 42.17.340. A health systems agency shall be considered a "public agency" for the sole purpose of complying with the "Open Public Meetings Act of 1971", chapter 42.30 RCW. [1979 ex.s. c 161 § 9.]

70.38.105 Health services and facilities requiring certificate of need—Fees. (1) The department is authorized and directed to implement the certificate of need program in this state pursuant to the provisions of this chapter.

(2) There shall be a state certificate of need program which is administered consistent with the requirements of federal law as necessary to the receipt of federal funds by the state.

(3) No person shall engage in any undertaking which is subject to certificate of need review under subsection (4) of this section without first having received from the department either a certificate of need or an exception granted in accordance with this chapter.

(4) The following shall be subject to certificate of need review under this chapter:

(a) The construction, development, or other establishment of a new health care facility;

(b) The sale, purchase, or lease of part or all of any existing hospital as defined in RCW 70.38.025;

(c) Any capital expenditure for the construction, renovation, or alteration of a nursing home which substantially changes the services of the facility after January 1, 1981, provided that the substantial changes in services are specified by the department in rule;

(d) Any capital expenditure for the construction, renovation, or alteration of a nursing home which exceeds the expenditure minimum as defined by RCW 70.38.025. However, a capital expenditure which is not subject to certificate of need review under (a), (b), (c), or (e) of this subsection and which is solely for any one or more of the following is not subject to certificate of need review except to the extent required by the federal government as a condition to receipt of federal assistance and does not substantially affect patient charges:

(i) Communications and parking facilities;

(ii) Mechanical, electrical, ventilation, heating, and air conditioning systems;

(iii) Energy conservation systems;

(iv) Repairs to, or the correction of, deficiencies in existing physical plant facilities which are necessary to maintain state licensure;

(v) Acquisition of equipment, including data processing equipment, which is not or will not be used in the direct provision of health services;

(vi) Construction which involves physical plant facilities, including administrative and support facilities, which are not or will not be used for the provision of health services;

(vii) Acquisition of land; and

(viii) Refinancing of existing debt;

(e) A change in bed capacity of a health care facility which increases the total number of licensed beds or redistributes beds among acute care, nursing home care, and boarding home care if the bed redistribution is to be effective for a period in excess of six months, or a change in bed capacity of a rural health care facility licensed under RCW 70.175.100 that increases the total number of nursing home beds or redistributes beds from acute care or boarding home care to nursing home care if the bed redistribution is to be effective for a period in excess of six months;

(f) Any new tertiary health services which are offered in or through a health care facility or rural health care facility licensed under RCW 70.175.100, and which were not offered on a regular basis by, in, or through such health care facility or rural health care facility within the twelve-month period prior to the time such services would be offered;

(g) Any expenditure for the construction, renovation, or alteration of a nursing home or change in nursing home services in excess of the expenditure minimum made in preparation for any undertaking under subsection (4) of this section and any arrangement or commitment made for financing such undertaking. Expenditures of preparation shall include expenditures for architectural designs, plans, working drawings, and specifications. The department may issue certificates of need permitting predevelopment expenditures, only, without authorizing any subsequent undertaking with respect to which such predevelopment expenditures are made; and

(h) Any increase in the number of dialysis stations in a kidney disease center.

(5) The department is authorized to charge fees for the review of certificate of need applications and requests for exemptions from certificate of need review. The fees shall be sufficient to cover the full cost of review and exemption, which may include the development of standards, criteria, and policies.

(6) No person may divide a project in order to avoid review requirements under any of the thresholds specified in this section. [1992 c 27 § 1; 1991 sp.s. c 8 § 4; 1989 1st ex.s. c 9 § 603; 1984 c 288 § 21; 1983 c 235 § 7; 1982 c 119 § 2; 1980 c 139 § 7; 1979 ex.s. c 161 § 10.]

70.38.111 Certificates of need—Exemptions. (1)

The department shall not require a certificate of need for the offering of an inpatient tertiary health service by:

(a) A health maintenance organization or a combination of health maintenance organizations if (i) the organization or combination of organizations has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (ii) the facility in which the service will be provided is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination;

(b) A health care facility if (i) the facility primarily provides or will provide inpatient health services, (ii) the facility is or will be controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations which has, in the service area of the organization or service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (iii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iv) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination; or

(c) A health care facility (or portion thereof) if (i) the facility is or will be leased by a health maintenance organization or combination of health maintenance organizations which has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals and, on the date the application is submitted under subsection (2) of this section, at least fifteen years remain in the term of the lease, (ii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization;

if, with respect to such offering or obligation by a nursing home, the department has, upon application under subsection (2) of this section, granted an exemption from such requirement to the organization, combination of organizations, or facility.

(2) A health maintenance organization, combination of health maintenance organizations, or health care facility shall not be exempt under subsection (1) of this section from obtaining a certificate of need before offering a tertiary health service unless:

(a) It has submitted at least thirty days prior to the offering of services reviewable under RCW 70.38.105(4)(d) an application for such exemption; and

(b) The application contains such information respecting the organization, combination, or facility and the proposed offering or obligation by a nursing home as the department may require to determine if the organization or combination

meets the requirements of subsection (1) of this section or the facility meets or will meet such requirements; and

(c) The department approves such application. The department shall approve or disapprove an application for exemption within thirty days of receipt of a completed application. In the case of a proposed health care facility (or portion thereof) which has not begun to provide tertiary health services on the date an application is submitted under this subsection with respect to such facility (or portion), the facility (or portion) shall meet the applicable requirements of subsection (1) of this section when the facility first provides such services. The department shall approve an application submitted under this subsection if it determines that the applicable requirements of subsection (1) of this section are met.

(3) A health care facility (or any part thereof) with respect to which an exemption was granted under subsection (1) of this section may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired and a health care facility described in (1)(c) which was granted an exemption under subsection (1) of this section may not be used by any person other than the lessee described in (1)(c) unless:

(a) The department issues a certificate of need approving the sale, lease, acquisition, or use; or

(b) The department determines, upon application, that (i) the entity to which the facility is proposed to be sold or leased, which intends to acquire the controlling interest, or which intends to use the facility is a health maintenance organization or a combination of health maintenance organizations which meets the requirements of (1)(a)(i), and (ii) with respect to such facility, meets the requirements of (1)(a)(ii) or (iii) or the requirements of (1)(b)(i) and (ii).

(4) In the case of a health maintenance organization, an ambulatory care facility, or a health care facility, which ambulatory or health care facility is controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations, the department may under the program apply its certificate of need requirements only to the offering of inpatient tertiary health services and then only to the extent that such offering is not exempt under the provisions of this section.

(5)(a) The department shall not require a certificate of need for the construction, development, or other establishment of a nursing home, or the addition of beds to an existing nursing home, that is owned and operated by a continuing care retirement community that:

(i) Offers services only to contractual members;

(ii) Provides its members a contractually guaranteed range of services from independent living through skilled nursing, including some assistance with daily living activities;

(iii) Contractually assumes responsibility for the cost of services exceeding the member's financial responsibility under the contract, so that no third party, with the exception of insurance purchased by the retirement community or its members, but including the medicaid program, is liable for costs of care even if the member depletes his or her personal resources;

(iv) Has offered continuing care contracts and operated a nursing home continuously since January 1, 1988, or has obtained a certificate of need to establish a nursing home;

(v) Maintains a binding agreement with the state assuring that financial liability for services to members, including nursing home services, will not fall upon the state;

(vi) Does not operate, and has not undertaken a project that would result in a number of nursing home beds in excess of one for every four living units operated by the continuing care retirement community, exclusive of nursing home beds; and

(vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

(i) It has submitted an application for exemption at least thirty days prior to commencing construction of, is submitting an application for the licensure of, or is commencing operation of a nursing home, whichever comes first; and

(ii) The application documents to the department that the continuing care retirement community qualifies for exemption.

(c) The sale, lease, acquisition, or use of part or all of a continuing care retirement community nursing home that qualifies for exemption under this subsection shall require prior certificate of need approval to qualify for licensure as a nursing home unless the department determines such sale, lease, acquisition, or use is by a continuing care retirement community that meets the conditions of (a) of this subsection.

(6) A rural hospital, as defined by the department, reducing the number of licensed beds to become a rural primary care hospital under the provisions of Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395c et seq. may, within three years of the reduction of beds licensed under chapter 70.41 RCW, increase the number of licensed beds to no more than the previously licensed number without being subject to the provisions of this chapter.

(7) A rural health care facility licensed under RCW 70.175.100 formerly licensed as a hospital under chapter 70.41 RCW may, within three years of the effective date of the rural health care facility license, apply to the department for a hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW and there is no redistribution in the number of beds used for acute care or long-term care, the rural health care facility has been in continuous operation, and the rural health care facility has not been purchased or leased. [1992 c 27 § 2; 1991 c 158 § 2; 1989 1st ex.s. c 9 § 604; 1982 c 119 § 3; 1980 c 139 § 9.]

70.38.115 Certificates of need—Procedures—Rules—Criteria for review—Conditional certificates of need—Concurrent review—Review periods—Hearing—Adjudicative proceeding—Amended certificates of need.

(1) Certificates of need shall be issued, denied, suspended, or revoked by the designee of the secretary in accord with the provisions of this chapter and rules of the department

which establish review procedures and criteria for the certificate of need program.

(2) Criteria for the review of certificate of need applications, except as provided in subsection (3) of this section for health maintenance organizations, shall include but not be limited to consideration of the following:

(a) Until June 30, 1990, the relationship of the health services being reviewed to the applicable health plans;

(b) The need that the population served or to be served by such services has for such services;

(c) The availability of less costly or more effective alternative methods of providing such services;

(d) The financial feasibility and the probable impact of the proposal on the cost of and charges for providing health services in the community to be served;

(e) In the case of health services to be provided, (i) the availability of alternative uses of project resources for the provision of other health services, (ii) the extent to which such proposed services will be accessible to all residents of the area to be served, and (iii) the need for and the availability in the community of services and facilities for osteopathic and allopathic physicians and their patients. The department shall consider the application in terms of its impact on existing and proposed institutional training programs for doctors of osteopathy and medicine at the student, internship, and residency training levels;

(f) In the case of a construction project, the costs and methods of the proposed construction, including the cost and methods of energy provision, and the probable impact of the construction project reviewed (i) on the cost of providing health services by the person proposing such construction project and (ii) on the cost and charges to the public of providing health services by other persons;

(g) The special needs and circumstances of osteopathic hospitals, nonallopathic services and children's hospitals;

(h) Improvements or innovations in the financing and delivery of health services which foster cost containment and serve to promote quality assurance and cost-effectiveness;

(i) In the case of health services proposed to be provided, the efficiency and appropriateness of the use of existing services and facilities similar to those proposed;

(j) In the case of existing services or facilities, the quality of care provided by such services or facilities in the past; and

(k) In the case of hospital certificate of need applications, whether the hospital meets or exceeds the regional average level of charity care, as determined by the secretary.

(3) A certificate of need application of a health maintenance organization or a health care facility which is controlled, directly or indirectly, by a health maintenance organization, shall be approved by the department if the department finds:

(a) Approval of such application is required to meet the needs of the members of the health maintenance organization and of the new members which such organization can reasonably be expected to enroll; and

(b) The health maintenance organization is unable to provide, through services or facilities which can reasonably be expected to be available to the organization, its health services in a reasonable and cost-effective manner which is consistent with the basic method of operation of the organization and which makes such services available on a long-

term basis through physicians and other health professionals associated with it.

A health care facility, or any part thereof, with respect to which a certificate of need was issued under this subsection may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired unless the department issues a certificate of need approving the sale, acquisition, or lease.

(4) Until the final expiration of the state health plan as provided under RCW 70.38.919, the decision of the department on a certificate of need application shall be consistent with the state health plan in effect, except in emergency circumstances which pose a threat to the public health. The department in making its final decision may issue a conditional certificate of need if it finds that the project is justified only under specific circumstances. The conditions shall directly relate to the project being reviewed. The conditions may be released if it can be substantiated that the conditions are no longer valid and the release of such conditions would be consistent with the purposes of this chapter.

(5) Criteria adopted for review in accordance with subsection (2) of this section may vary according to the purpose for which the particular review is being conducted or the type of health service reviewed.

(6) The department shall specify information to be required for certificate of need applications. Within fifteen days of receipt of the application, the department shall request additional information considered necessary to the application or start the review process. Applicants may decline to submit requested information through written notice to the department, in which case review starts on the date of receipt of the notice. Applications may be denied or limited because of failure to submit required and necessary information.

(7) Concurrent review is for the purpose of comparative analysis and evaluation of competing or similar projects in order to determine which of the projects may best meet identified needs. Categories of projects subject to concurrent review include at least new health care facilities, new services, and expansion of existing health care facilities. The department shall specify time periods for the submission of applications for certificates of need subject to concurrent review, which shall not exceed ninety days. Review of concurrent applications shall start fifteen days after the conclusion of the time period for submission of applications subject to concurrent review. Concurrent review periods shall be limited to one hundred fifty days, except as provided for in rules adopted by the department authorizing and limiting amendment during the course of the review, or for an unresolved pivotal issue declared by the department.

(8) Review periods for certificate of need applications other than those subject to concurrent review shall be limited to ninety days. Review periods may be extended up to thirty days if needed by a review agency, and for unresolved pivotal issues the department may extend up to an additional thirty days. A review may be extended in any case if the applicant agrees to the extension.

(9) The department or its designee, shall conduct a public hearing on a certificate of need application if requested unless the review is expedited or subject to emergency review. The department by rule shall specify the period of time within which a public hearing must be requested and

requirements related to public notice of the hearing, procedures, recordkeeping and related matters.

(10) Any applicant denied a certificate of need or whose certificate of need has been suspended or revoked has the right to an adjudicative proceeding. The proceeding is governed by chapter 34.05 RCW, the Administrative Procedure Act.

(11) An amended certificate of need shall be required for the following modifications of an approved project:

(a) A new service requiring review under this chapter;
(b) An expansion of a service subject to review beyond that originally approved;

(c) An increase in bed capacity;
(d) A significant reduction in the scope of a nursing home project without a commensurate reduction in the cost of the nursing home project, or a cost increase (as represented in bids on a nursing home construction project or final cost estimates acceptable to the person to whom the certificate of need was issued) if the total of such increases exceeds twelve percent or fifty thousand dollars, whichever is greater, over the maximum capital expenditure approved. The review of reductions or cost increases shall be restricted to the continued conformance of the nursing home project with the review criteria pertaining to financial feasibility and cost containment.

(12) An application for a certificate of need for a nursing home capital expenditure which is determined by the department to be required to eliminate or prevent imminent safety hazards or correct violations of applicable licensure and accreditation standards shall be approved. (2) A project for which a certificate of need has been issued shall be commenced during the validity period for the certificate of need.

(3) The department shall monitor the approved projects to assure conformance with certificates of need that have been issued. Rules and regulations adopted shall specify when changes in the project require reevaluation of the project. The department may require applicants to submit periodic progress reports on approved projects or other information as may be necessary to effectuate its monitoring responsibilities.

(4) The secretary, in the case of a new health facility, shall not issue any license unless and until a prior certificate

of need shall have been issued by the department for the offering or development of such new health facility.

(5) Any person who engages in any undertaking which requires certificate of need review without first having received from the department either a certificate of need or an exception granted in accordance with this chapter shall be liable to the state in an amount not to exceed one hundred dollars a day for each day of such unauthorized offering or development. Such amounts of money shall be recoverable in an action brought by the attorney general on behalf of the state in the superior court of any county in which the unauthorized undertaking occurred. Any amounts of money so recovered by the attorney general shall be deposited in the state general fund.

(6) The department may bring any action to enjoin a violation or the threatened violation of the provisions of this chapter or any rules and regulations adopted pursuant to this chapter, or may bring any legal proceeding authorized by law, including but not limited to the special proceedings authorized in Title 7 RCW, in the superior court in the county in which such violation occurs or is about to occur, or in the superior court of Thurston county. 70.38.220 Ethnic minorities—Nursing home beds that reflect cultural differences. (1) The legislature recognizes that in this state ethnic minorities currently use nursing home care at a lower rate than the general population. The legislature also recognizes and supports the federal mandate that nursing homes receiving federal funds provide residents with a homelike environment. The legislature finds that certain ethnic minorities have special cultural, language, dietary, and other needs not generally met by existing nursing homes which are intended to serve the general population. Accordingly, the legislature further finds that there is a need to foster the development of nursing homes designed to serve the special cultural, language, dietary, and other needs of ethnic minorities.

(2) The department shall establish a separate pool of no more than two hundred fifty beds for nursing homes designed to serve the special needs of ethnic minorities. The pool shall be made up of nursing home beds that become available on or after March 15, 1991, due to:

(a) Loss of license or reduction in licensed bed capacity if the beds are not otherwise obligated for replacement; or

(b) Expiration of a certificate of need.

(3) The department shall develop procedures for the fair and efficient award of beds from the special pool. In making its decisions regarding the award of beds from the pool, the department shall consider at least the following:

(b) The percentage of low-income persons who would be served by the proposed nursing home;

(c) The financial feasibility of the proposed nursing home; and

(d) The impact of the proposal on the area's total need for nursing home beds.

(4) To be eligible to apply for or receive an award of beds from the special pool, an application must be to build a new nursing home, or add beds to a nursing home, that:

(a) Will be owned and operated by a nonprofit corporation, and at least fifty percent of the board of directors of the corporation are members of the ethnic minority the nursing home is intended to serve;

(b) Will be designed, managed, and administered to serve the special cultural, language, dietary, and other needs of an ethnic minority; and

(c) Will not discriminate in admissions against persons who are not members of the ethnic minority whose special needs the nursing home is designed to serve.

(5) If a nursing home or portion of a nursing home that is built as a result of an award from the special pool is sold or leased within ten years to a party not eligible under subsection (4) of this section:

(a) The purchaser or lessee may not operate those beds as nursing home beds without first obtaining a certificate of need for new beds under this chapter; and

(b) The beds that had been awarded from the special pool shall be returned to the special pool.

(6) The department shall initially award up to one hundred beds before that number of beds are actually in the special pool, provided that the number of beds so awarded are subtracted from the total of two hundred fifty beds that can be awarded from the special pool. [1991 c 271 § 1.]

70.42.005 Intent—Construction. The legislature intends that medical test sites meet criteria known to promote accurate and reliable analysis, thus improving health care through uniform test site licensure and regulation including quality control, quality assurance, and proficiency testing. The legislature also intends to meet the requirements of federal laws licensing and regulating medical testing.

The legislature intends that nothing in this chapter shall be interpreted to place any liability whatsoever on the state for the action or inaction of test sites or test site personnel. The legislature further intends that nothing in this chapter shall be interpreted to expand the state's role regarding medical testing beyond the provisions of this chapter. [1989 c 386 § 1.]

70.42.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the *department of health if enacted, otherwise the department of social and health services.

(5) "Quality assurance" means a comprehensive set of policies, procedures, and practices to assure that a test site's results are accurate and reliable. Quality assurance means a total program of internal and external quality control, equipment preventative maintenance, calibration, recordkeeping, and proficiency testing evaluation, including a written quality assurance plan.

(6) "Quality control" means internal written procedures and day-to-day analysis of laboratory reference materials at each test site to insure precision and accuracy of test methodology, equipment, and results.

*Reviser's note: 1989 1st ex.s. c 14 created the department of health.

70.42.020 License required. After July 1, 1990, no person may advertise, operate, manage, own, conduct, open, or maintain a test site without first obtaining a license for the tests to be performed, except as provided in RCW 70.42.030. [1989 c 386 § 3.]

70.42.030 Waiver of license—Conditions. (1) As a part of the application for licensure, a test site may request a waiver from licensure under this chapter if the test site performs only examinations which are determined to have insignificant risk of an erroneous result, including those which (a) are approved by the federal food and drug administration for home use; (b) are so simple and accurate as to render the likelihood of erroneous results negligible; or (c) pose no reasonable risk of harm to the patient if performed incorrectly.

(2) The department shall determine by rule which tests meet the criteria in subsection (1) of this section and shall be exempt from coverage of this chapter. The standards applied in developing the list shall be consistent with federal law and regulations.

(3) The department shall grant a waiver from licensure for two years for a valid request based on subsections (1) and (2) of this section.

(4) Any test site which has received a waiver under subsection (3) of this section shall report to the department any changes in the type of tests it intends to perform thirty days in advance of the changes. In no case shall a test site with a waiver perform tests which require a license under this chapter. [1989 c 386 § 4.]

70.42.040 Sites approved under federal law—Automatic licensure. Test sites accredited, certified, or licensed by an organization or agency approved by the department consistent with federal law and regulations shall receive a license under RCW 70.42.110. [1989 c 386 § 5.]

70.42.050 Permission to perform tests not covered by license—License amendment. A licensee that desires to perform tests for which it is not currently licensed shall notify the department. To the extent allowed by federal law and regulations, upon notification and pending the department's determination, the department shall grant the licensee temporary permission to perform the additional tests. The department shall amend the license if it determines that the licensee meets all applicable requirements. [1989 c 386 § 6.]

70.42.060 Quality control, quality assurance, recordkeeping, and personnel standards. The department shall adopt standards established in rule governing test sites for quality control, quality assurance, recordkeeping, and personnel consistent with federal laws and regulations. "Recordkeeping" for purposes of this chapter means books, files, or records necessary to show compliance with the quality control and quality assurance requirements adopted by the department. [1989 c 386 § 7.]

70.42.070 Proficiency testing program. (1) Except where there is no reasonable proficiency test, each licensed test site must participate in a department-approved proficiency testing program appropriate to the test or tests which it performs. The department may approve proficiency testing programs offered by private or public organizations when the program meets the standards set by the department. Testing shall be conducted quarterly except as otherwise provided for in rule.

(2) The department shall establish proficiency testing standards by rule which include a measure of acceptable performance for tests, and a system for grading proficiency testing performance for tests. The standards may include an evaluation of the personnel performing tests. [1989 c 386 § 8.]

70.42.080 Test site supervisor. A test site shall have a designated test site supervisor who shall meet the qualifications determined by the department in rule. The designated test site supervisor shall be responsible for the testing functions of the test site. [1989 c 386 § 9.]

70.42.090 Fees—Account. (1) The department shall establish a schedule of fees for license applications, renewals, amendments, and waivers. In fixing said fees, the department shall set the fees at a sufficient level to defray the cost of administering the licensure program. All such fees shall be fixed by rule adopted in accordance with the provisions of the administrative procedure act, chapter 34.05 RCW. In determining the fee schedule, the department shall consider the following: (a) Complexity of the license required; (b) number and type of tests performed at the test site; (c) degree of supervision required from the department staff; (d) whether the license is granted under RCW 70.42.040; and (e) general administrative costs of the test site licensing program established under this chapter. For each category of license, fees charged shall be related to program costs.

(2) The medical test site licensure account is created in the state treasury. The state treasurer shall transfer into the

medical test site licensure account all revenue received from medical test site license fees. Funds for this account may only be appropriated for the support of the activities defined under this chapter.

(3) The department may establish separate fees for repeat inspections and repeat audits it performs under RCW 70.42.170. [1989 c 386 § 10.]

All persons operating test sites before July 1, 1990, shall submit applications by July 1, 1990. A license issued under this chapter shall not be transferred or assigned without thirty days' prior notice to the department and the department's timely approval. A license, unless suspended or revoked, shall be effective for a period of two years. The department may establish penalty fees or take other appropriate action pursuant to this chapter for failure to apply for licensure or renewal as required by this chapter. [1989 c 386 § 12.]

70.42.120 Denial of license. Under this chapter, and chapter 34.05 RCW, the department may deny a license to any applicant who:

70.42.140 Suspension of license. Under this chapter, and chapter 34.05 RCW, the department may suspend the license of any licensee who:

(1) Fails or refuses to comply with the requirements of this chapter or the rules adopted under this chapter;

(2) Has knowingly or with reason to know made a false statement of a material fact in the application for a license or in any data attached thereto or in any record required by the department;

70.42.150 Revocation of license. Under this chapter, and chapter 34.05 RCW, the department may revoke the license of any licensee who:

(1) Fails or refuses to comply with the requirements of this chapter or the rules adopted under this chapter;

(2) Has knowingly or with reason to know made a false statement of a material fact in the application for a license or in any data attached thereto or in any record required by the department;

70.42.160 Penalties—Acts constituting violations. Under this chapter, and chapter 34.05 RCW, the department may assess monetary penalties of up to ten thousand dollars per violation in addition to or in lieu of conditioning, suspending, or revoking a license. A violation occurs when a licensee:

(1) Fails or refuses to comply with the requirements of this chapter or the standards or rules adopted under this chapter;

70.42.170 On-site reviews. The department may at any time conduct an on-site review of a licensee or applicant in order to determine compliance with this chapter. When the department has reason to believe a waived site is conducting tests requiring a license, the department may conduct an on-site review of the waived site in order to determine compliance. The department may also examine and audit records necessary to determine compliance with this chapter. The right to conduct an on-site review and audit and examination of records shall extend to any premises and records of persons whom the department has reason to believe are opening, owning, conducting, maintaining, managing, or otherwise operating a test site without a license.

Following an on-site review, the department shall give written notice of any violation of this chapter or the rules adopted under this chapter. The notice shall describe the reasons for noncompliance and inform the licensee or applicant or test site operator that it shall comply within a specified reasonable time. Such notice shall state generally the work to be done, and shall call for proposals for doing the same, to be sealed and filed with the commission on or before the day and hour named therein. Each bid shall be accompanied by bid proposal security in the form of a certified check, cashier's check, postal money order, or surety bond made payable to the order of the commission, for a sum not less than five percent of the amount of the bid, and no bid shall be considered unless accompanied by such bid proposal security. At the time and place named, such bids shall be publicly opened and read, and the commission shall proceed to canvass the bids, and may let such contract to the lowest responsible bidder upon plans and specifications on file, or to the best bidder submitting his own plans and specifications: PROVIDED, HOWEVER, That no

contract shall be let in excess of the estimated cost of said materials or work, or if, in the opinion of the commission, all bids are unsatisfactory, they may reject all of them and readvertise, and in such case all bid proposal security shall be returned to the bidders; but if such contract be let, then and in such case all bid proposal security shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract shall be entered into for the purchase of such materials for doing such work, and a bond to perform such work furnished, with sureties satisfactory to the commission, in an amount to be fixed by the commission, not less than twenty-five percent of contract price in any case, between the bidder and commission, in accordance with the bid. If such bidder fails to enter into said contract in accordance with said bid and furnish such bond within ten days from the date at which he is notified that he is the successful bidder, the said bid proposal security and the amount thereof shall be forfeited to the public hospital district. [1965 c 83 § 1; 1945 c 264 § 17; Rem. Supp. 1945 § 6090-46.]

Contractor's bond: Chapter 39.08 RCW.

Lien on public works, retained percentage of contractor's earnings: Chapter 60.28 RCW.

70.44.171 Treasurer—Duties—Funds—Depositaries—Surety bonds, cost. The treasurer of the county in which a public hospital district is located shall be treasurer of the district, except that the commission by resolution may designate some other person having experience in financial or fiscal matters as treasurer of the district. If the treasurer is not the county treasurer, the commission shall require a bond, with a surety company authorized to do business in the state of Washington, in an amount and under the terms and conditions which the commission by resolution from time to time finds will protect the district against loss. The premium on any such bond shall be paid by the district.

All district funds shall be paid to the treasurer and shall be disbursed by him only on warrants issued by an auditor appointed by the commission, upon orders or vouchers approved by it. The treasurer shall establish a public hospital district fund, into which shall be paid all district funds, and he shall maintain such special funds as may be created by the commission, into which he shall place all money as the commission may, by resolution, direct.

If the treasurer of the district is the treasurer of the county all district funds shall be deposited with the county depositaries under the same restrictions, contracts, and security as provided for county depositaries. If the treasurer of the district is some other person, all funds shall be deposited in such bank or banks authorized to do business in this state as the commission by resolution shall designate, and with surety bond to the district or securities in lieu thereof of the kind, no less in amount, as provided in *RCW 36.48.020 for deposit of county funds. Such surety bond or securities in lieu thereof shall be filed or deposited with the treasurer of the district, and approved by resolution of the commission.

All interest collected on district funds shall belong to the district and be deposited to its credit in the proper district funds.

A district may provide and require a reasonable bond of any other person handling moneys or securities of the district. The district may pay the premium on such bond. [1967 c 227 § 1.]

*Reviser's note: RCW 36.48.020 was repealed by 1984 c 177 § 21.

70.44.185 Change of district boundary lines to allow farm units to be wholly within one hospital district—
Notice. Notwithstanding any other provision of law, including RCW 70.44.040, whenever the boundary line between contiguous hospital districts bisects an irrigation block unit placing part of the unit in one hospital district and the balance thereof in another such district, the county auditor, upon his approval of a request therefor after public hearing thereon, shall change the hospital district boundary lines so that the entire farm unit of the person so requesting shall be wholly in one of such hospital districts and give notice thereof to those hospital district and county officials as he shall deem appropriate therefor. [1971 ex.s. c 218 § 4.]

70.44.190 Consolidation of districts. Two or more contiguous hospital districts, whether the territory therein lies in one or more counties, may consolidate by following the procedure outlined in chapter 35.10 RCW with reference to consolidation of cities and towns. [1953 c 267 § 3.]

70.44.200 Annexation of territory. (1) A public hospital district may annex territory outside the existing boundaries of such district and contiguous thereto, whether the territory lies in one or more counties, in accordance with this section.

(2) A petition for annexation of territory contiguous to a public hospital district may be filed with the commission of the district to which annexation is proposed. The petition must be signed by the owners, as prescribed by RCW 35A.01.040(9) (a) through (e), of not less than sixty percent of the area of land within the territory proposed to be annexed. Such petition shall describe the boundaries of the territory proposed to be annexed and shall be accompanied by a map which outlines the boundaries of such territory.

(3) Whenever such a petition for annexation is filed with the commission of a public hospital district, the commission may entertain the same, fix a date for public hearing thereon, and cause notice of the hearing to be published once a week for at least two consecutive weeks in a newspaper of general circulation within the territory proposed to be annexed. The notice shall also be posted in three public places within the territory proposed to be annexed, shall contain a description of the boundaries of such territory, and shall specify the time and place of hearing and invite interested persons to appear and voice approval or disapproval of the annexation.

(4) Following the hearing, if the commission of the district determines to accomplish the annexation, it shall do so by resolution. The resolution may annex all or any portion of the proposed territory but may not include in the annexation any property not described in the petition. Upon passage of the annexation resolution, the territory annexed shall become part of the district and a certified copy of such

resolution shall be filed with the legislative authority of the county or counties in which the annexed property is located.

(5) If the petition for annexation and the annexation resolution so provide, as the commission may require, and such petition has been signed by the owners of all the land within the boundaries of the territory being annexed, the annexed property shall assume and be assessed and taxed to pay for all or any portion of the outstanding indebtedness of the district to which it is annexed at the same rates as other property within such district. Unless so provided in the petition and resolution, property within the boundaries of the territory annexed shall not be assessed or taxed to pay for all or any portion of the indebtedness of the district to which it is annexed that was contracted prior to or which existed at the date of annexation. In no event shall any such annexed property be released from any assessments or taxes previously levied against it or from its existing liability for the payment of outstanding bonds or warrants issued prior to such annexation.

(6) The annexation procedure provided for in RCW 70.44.200 shall be an alternative method applicable only when at the time a petition is filed pursuant to RCW 70.44.200 there are no qualified electors residing in the territory to be annexed. [1979 ex.s. c 143 § 1; 1953 c 267 § 4.]

Severability—1979 ex.s. c 143: "If any provision of this amendatory act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 143 § 3.]

70.44.210 Alternate method of annexation—
Contents of resolution calling for election. As an alternate method of annexation to public hospital districts, any territory adjacent to a public hospital district may be annexed thereto by vote of the qualified electors residing in the territory to be annexed, in the manner provided in RCW 70.44.210 through 70.44.230. An election to annex such territory may be called pursuant to a resolution calling for such an election adopted by the district commissioners.

Any resolution calling for such an election shall describe the boundaries of the territory to be annexed, state that the annexation of such territory to the public hospital district will be conducive to the welfare and benefit of the persons or property within the district and within the territory proposed to be annexed, and fix the date, time and place for a public hearing thereon which date shall be not more than sixty nor less than forty days following the adoption of such resolution. [1967 c 227 § 6.]

70.44.220 Alternate method of annexation—
Publication and contents of notice of hearing—Hearing—
Resolution—Special election. Notice of such hearing shall be published once a week for at least two consecutive weeks in one or more newspapers of general circulation within the territory proposed to be annexed. The notice shall contain a description of the boundaries of the territory proposed to be annexed and shall state the time and place of the hearing thereon and the fact that any changes in the boundaries of such territory will be considered at such time and place. At such hearing or any continuation thereof, any interested person may appear and be heard on all matters relating to the proposed annexation. The district commissioners may

make such changes in the boundaries of the territory proposed to be annexed as it shall deem reasonable and proper, but may not delete any portion of the proposed area which will create an island of included or excluded lands. If the district commissioners shall determine that any additional territory should be included in the territory to be annexed, a second hearing shall be held and notice given in the same manner as for the original hearing. The district commissioners may adjourn the hearing on the proposed annexation from time to time not exceeding thirty days in all. At the next regular meeting following the conclusion of such hearing, the district commissioners shall, if it finds that the annexation of such territory will be conducive to the welfare and benefit of the persons and property therein and the welfare and benefit of the persons and property within the public hospital district, adopt a resolution fixing the boundaries of the territory to be annexed and causing to be called a special election on such annexation to be held not more than one hundred twenty days nor less than sixty days following the adoption of such resolution. [1967 c 227 § 7.]

70.44.230 Alternate method of annexation—Conduct and canvass of election—Notice—Ballot. An election on the annexation of territory to a public hospital district shall be conducted and canvassed in the same manner as provided for the conduct of an election on the formation of a public hospital district except that notice of such election shall be published in one or more newspapers of general circulation in the territory proposed to be annexed and the ballot proposition shall be in substantially the following form:

ANNEXATION TO (herein insert name of public hospital district)

"Shall the territory described in a resolution of the public hospital district commissioners of (here insert name of public hospital district) adopted on . . . , . . . , 19. . . , be annexed to such district?

YES
NO

If a majority of those voting on such proposition vote in favor thereof, the territory shall thereupon be annexed to the public hospital district. [1967 c 227 § 8.]

70.44.235 Withdrawal or reannexation of areas. (1) As provided in this section, a public hospital district may withdraw areas from its boundaries, or reannex areas into the public hospital district that previously had been withdrawn from the public hospital district under this section.

(2) The withdrawal of an area shall be authorized upon: (a) Adoption of a resolution by the hospital district commissioners requesting the withdrawal and finding that, in the opinion of the commissioners, inclusion of this area within the public hospital district will result in a reduction of the district's tax levy rate under the provisions of RCW 84.52.010; and (b) adoption of a resolution by the city or town council approving the withdrawal, if the area is located within the city or town, or adoption of a resolution by the county legislative authority of the county within which the area is located approving the withdrawal, if the area is located outside of a city or town. A withdrawal shall be

effective at the end of the day on the thirty-first day of December in the year in which the resolutions are adopted, but for purposes of establishing boundaries for property tax purposes, the boundaries shall be established immediately upon the adoption of the second resolution.

The withdrawal of an area from the boundaries of a public hospital district shall not exempt any property therein from taxation for the purpose of paying the costs of redeeming any indebtedness of the public hospital district existing at the time of the withdrawal.

(3) An area that has been withdrawn from the boundaries of a public hospital district under this section may be reannexed into the public hospital district upon: (a) Adoption of a resolution by the hospital district commissioners proposing the reannexation; and (b) adoption of a resolution by the city or town council approving the reannexation, if the area is located within the city or town, or adoption of a resolution by the county legislative authority of the county within which the area is located approving the reannexation, if the area is located outside of a city or town. The reannexation shall be effective at the end of the day on the thirty-first day of December in the year in which the adoption of the second resolution occurs, but for purposes of establishing boundaries for property tax purposes, the boundaries shall be established immediately upon the adoption of the second resolution. Referendum action on the proposed reannexation may be taken by the voters of the area proposed to be reannexed if a petition calling for a referendum is filed with the city or town council, or county legislative authority, within a thirty-day period after the adoption of the second resolution, which petition has been signed by registered voters of the area proposed to be reannexed equal in number to ten percent of the total number of the registered voters residing in that area.

If a valid petition signed by the requisite number of registered voters has been so filed, the effect of the resolutions shall be held in abeyance and a ballot proposition to authorize the reannexation shall be submitted to the voters of the area at the next special election date specified in *RCW 29.13.020 that occurs forty-five or more days after the petitions have been validated. Approval of the ballot proposition authorizing the reannexation by a simple majority vote shall authorize the reannexation. [1987 c 138 § 4.]

***Reviser's note:** As enacted by 1987 c 138 § 4, this section contained an apparently erroneous reference to RCW 29.13.030, a section repealed in 1965. Pursuant to RCW 1.08.015, this reference has been changed to RCW 29.13.020, a later enactment of the section repealed.

70.44.240 Contracting or joining with other districts, hospitals, corporations, or individuals to provide services or facilities. Any public hospital district may contract or join with any other public hospital district, any publicly owned hospital, any nonprofit hospital, any corporation, or individual to acquire or provide services or facilities to be used by individuals, districts, hospitals, or others, including the providing of health maintenance services. [1982 c 84 § 19; 1974 ex.s. c 165 § 4; 1967 c 227 § 3.]

70.44.260 Contracts for purchase of real or personal property. Any public hospital district may execute an executory conditional sales contract with any other municipal corporation, the state, or any of its political subdivisions, the

government of the United States, or any private party for the purchase of any real or personal property, or property rights, in connection with the exercise of any powers or duties which such districts now or hereafter are authorized to exercise, if the entire amount of the purchase price specified in such contract does not result in a total indebtedness in excess of the limitation imposed by RCW 39.36.020, as now or hereafter amended, to be incurred without the assent of the voters of the district: PROVIDED, That if such a proposed contract would result in a total indebtedness in excess of three-fourths of one percent of the value of taxable property in such public hospital district, a proposition in regard to whether or not such a contract may be executed shall be submitted to the voters for approval or rejection in the same manner that bond issues for capital purposes are submitted to the voters. The term "value of taxable property" shall have the meaning set forth in RCW 39.36.015. [1975-'76 2nd ex.s. c 78 § 1.]

70.44.300 Sale of surplus real property. (1) The board of commissioners of any public hospital district may sell and convey at public or private sale real property of the district which the board has determined by resolution is no longer required for public hospital district purposes. Such sale and conveyance may be by deed or real estate contract.

(2) Any sale of district real property authorized pursuant to this section shall be preceded, not more than one year prior to the date of sale, by market value appraisals by three licensed real estate brokers or professionally designated real estate appraisers as defined in RCW 74.46.020 selected by the board of commissioners, and no sale shall take place if the sale price would be less than ninety percent of the average of such appraisals.

(3) When the board of commissioners of any public hospital district proposes a sale of district real property pursuant to this section and the value of the property exceeds one hundred thousand dollars, the board shall publish a notice of its intention to sell the property. The notice shall be published at least once each week during two consecutive weeks in a legal newspaper of general circulation within the public hospital district. The notice shall describe the property to be sold and designate the place where and the day and hour when a hearing will be held. The board shall hold a public hearing upon the proposal to dispose of the public hospital district property at the place and the day and hour fixed in the notice and consider evidence offered for and against the propriety and advisability of the proposed sale.

(4) If in the judgment of the board of commissioners of any district the sale of any district real property not needed for public hospital district purposes would be facilitated and greater value realized through use of the services of licensed real estate brokers, a contract for such services may be negotiated and concluded. The fee or commissions charged for any broker service shall not exceed seven percent of the resulting sale price for a single parcel. No licensed real estate broker or professionally designated real estate appraisers as defined in RCW 74.46.020 selected by the board to appraise the market value of a parcel of property to be sold may be a party to any contract with the public hospital

district to sell such property for a period of three years after the appraisal. [1984 c 103 § 4; 1982 c 84 § 2.]

70.44.310 Lease of surplus real property. The board of commissioners of any public hospital district may lease or rent out real property of the district which the board has determined by resolution presently is not required for public hospital district purposes in such manner and upon such terms and conditions as the board in its discretion finds to be in the best interest of the district. [1982 c 84 § 3.]

70.44.320 Disposal of surplus personal property. The board of commissioners of any public hospital district may sell or otherwise dispose of surplus personal property of the district which the board has determined by resolution is no longer required for public hospital district purposes in such manner and upon such terms and conditions as the board in its discretion finds to be in the best interest of the district. [1982 c 84 § 4.]

70.44.350 Dividing a district. An existing public hospital district upon resolution of its board of commissioners may be divided into two new public hospital districts, in the manner provided in RCW 70.44.350 through 70.44.380, subject to the approval of the plan therefor by the superior court in the county where such district is located and by a majority of the voters voting on the proposition for such approval at a special election to be held in each of the proposed new districts. The board of commissioners of an existing district shall by resolution or resolutions find that such division is in the public interest; adopt and approve a plan of division; authorize the filing of a petition in the superior court in the county in which the district is located to obtain court approval of the plan of division; request the calling of a special election to be held, following such court approval, for the purpose of submitting to the voters in each of the proposed new districts the proposition of whether the plan of division should be approved and carried out; and direct all officers and employees of the existing district to take whatever actions are reasonable and necessary in order to carry out the division, subject to the approval of the plan therefor by the court and the voters. [1982 c 84 § 5.]

70.44.360 Dividing a district—Plan. The plan of division authorized by RCW 70.44.350 shall include: Proposed names for the new districts; a description of the boundaries of the new districts, which boundaries shall follow insofar as reasonably possible the then-existing precinct boundaries and include all of the territory encompassed by the existing district; a division of all the assets of the existing district between the resulting new districts, including funds, rights, and property, both real and personal; the assumption of all the outstanding obligations of the existing district by the resulting new districts, including general obligation and revenue bonds, contracts, and any other liabilities or indebtedness; the establishing and constituting of new boards of three commissioners for each of the new districts, including fixing the boundaries of commissioner districts within such new districts following insofar as reasonably possible the then-existing precinct boundaries; and such other matters as the board of commissioners of the

existing district may deem appropriate. Unless the plan of division provides otherwise, all the area and property of the existing district shall remain subject to the outstanding obligations of that district, and the boards of commissioners of the new districts shall make such levies or charges for services as may be necessary to pay such outstanding obligations in accordance with their terms from the sources originally pledged or otherwise liable for that purpose. [1982 c 84 § 6.]

70.44.370 Dividing a district—Petition to court, hearing, order. After adoption of a resolution approving the plan of division by the board of commissioners of an existing district pursuant to RCW 70.44.350 through 70.44.380, the district shall petition the superior court in the county where such district is located requesting court approval of the plan. The court shall conduct a hearing on the plan of division, after reasonable and proper notice of such hearing (including notice to bondholders) is given in the manner fixed and directed by such court. At the conclusion of the hearing, the court may enter its order approving the division of the existing district and of its assets and outstanding obligations in the manner provided by the plan after finding such division to be fair and equitable and in the public interest. [1982 c 84 § 7.]

70.44.380 Dividing a district—Election—Creation of new districts—Challenges. Following the entry of the court order pursuant to RCW 70.44.370, the county officer authorized to call and conduct elections in the county in which the existing district is located shall call a special election as provided by the resolution of the board of commissioners of such district for the purpose of submitting to the voters in each of the proposed new districts the proposition of whether the plan of division should be approved and carried out. Notice of the election describing the boundaries of the proposed new districts and stating the objects of the election shall be given and the election conducted in accordance with the general election laws. The proposition expressed on the ballots at such election shall be substantially as follows:

"Shall the plan of division of public hospital district No. . . . , approved by the Superior Court on (insert date), be approved and carried out?"

Yes No

At such election three commissioners for each of the proposed new districts nominated by petition pursuant to RCW 54.12.010 shall be elected to hold office pursuant to RCW 70.44.040. If at such election a majority of the voters voting on the proposition in each of the proposed new districts shall vote in favor of the plan of division, the county canvassing board shall so declare in its canvass of the returns of such election and upon the filing of the certificate of such canvass: The division of the existing district shall be effective; such original district shall cease to exist; the creation of the two new public hospital districts shall be complete; all assets of the original district shall vest in and become the property of the new districts, respectively, pursuant to the plan of division; all the outstanding obligations of the original district shall be assumed by the new

districts, respectively, pursuant to such plan; the commissioners of the original district shall cease to hold office; and the affairs of the new districts shall be governed by the newly elected commissioners of such respective new districts. Unless commenced within thirty days after the date of the filing of the certificate of the canvass of such election, no lawsuit whatever may be maintained challenging in any way the legal existence of the resulting new districts, the validity of the proceedings had for the organization and creation thereof, or the lawfulness of the plan of division. Upon the petition of either or both new districts, the superior court in the county where they are located may take whatever actions are reasonable and necessary to complete or confirm the carrying out of such plan. [1982 c 84 § 8.]

70.44.400 Withdrawal of territory from public hospital district. Territory within a public hospital district may be withdrawn therefrom in the same manner provided by law for withdrawal of territory from water districts, as provided by chapter 57.28 RCW. For purposes of conforming with such procedure, the public hospital district shall be deemed to be the water district and the public hospital board of commissioners shall be deemed to be the water district board of commissioners. [1984 c 100 § 1.]

70.44.450 Rural public hospital districts—Cooperative agreements and contracts. In addition to other powers granted to public hospital districts by chapter 39.34 RCW, rural public hospital districts may enter into cooperative agreements and contracts with other rural public hospital districts in order to provide for the health care needs of the people served by the hospital districts. These agreements and contracts are specifically authorized to include:

- (1) Allocation of health care services among the different facilities owned and operated by the districts;
- (2) Combined purchases and allocations of medical equipment and technologies;
- (3) Joint agreements and contracts for health care service delivery and payment with public and private entities; and
- (4) Other cooperative arrangements consistent with the intent of chapter 161, Laws of 1992. The provisions of chapter 39.34 RCW shall apply to the development and implementation of the cooperative contracts and agreements. [1992 c 161 § 3.]

Intent—1992 c 161: "The legislature finds that maintaining the viability of health care service delivery in rural areas of Washington is a primary goal of state health policy. The legislature also finds that most hospitals located in rural Washington are operated by public hospital districts authorized under chapter 70.44 RCW and declares that it is not cost-effective, practical, or desirable to provide quality health and hospital care services in rural areas on a competitive basis because of limited patient volume and geographic isolation. It is the intent of this act to foster the development of cooperative and collaborative arrangements among rural public hospital districts by specifically authorizing cooperative agreements and contracts for these entities under the interlocal cooperation act." [1992 c 161 § 1.]

70.44.460 Rural public hospital district defined. Unless the context clearly requires otherwise, the definition in this section applies throughout RCW 70.44.450.

"Rural public hospital district" means a public hospital district authorized under chapter 70.44 RCW whose geo-

graphic boundaries do not include a city with a population greater than thirty thousand. [1992 c 161 § 2.]

Intent—1992 c 161: See note following RCW 70.44.450.

70.44.900 Severability—Construction—1945 c 264. Adjudication of invalidity of any section, clause or part of a section of this act [1945 c 264] shall not impair or otherwise affect the validity of the act as a whole or any other part thereof. The rule of strict construction shall have no application to this act, but the same shall be liberally construed, in order to carry out the purposes and objects for which this act is intended. When this act comes in conflict with any provisions, limitation or restriction in any other law, this act shall govern and control. [1945 c 264 § 21; no RRS.]

70.44.901 Severability—Construction—1974 ex.s. c 165. If any section, clause, or other provision of this 1974 amendatory act, or its application to any person or circumstance, is held invalid, the remainder of such 1974 amendatory act, or the application of such section, clause, or provision to other persons or circumstances, shall not be affected. The rule of strict construction shall have no application to this 1974 amendatory act, but the same shall be liberally construed, in order to carry out the purposes and objects for which this 1974 amendatory act is intended. When this 1974 amendatory act comes in conflict with any provision, limitation, or restriction in any other law, this 1974 amendatory act shall govern and control. [1974 ex.s. c 165 § 6.]

70.44.902 Severability—1982 c 84. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1982 c 84 § 21.]

70.44.903 Savings—1982 c 84. All debts, contracts, and obligations made or incurred prior to June 10, 1982, by or in favor of any public hospital district, and all bonds, warrants, or other obligations issued by such district, and all other actions and proceedings relating thereto done or taken by such public hospital districts or by their respective officers within their authority are hereby declared to be legal and valid and of full force and effect from the date thereof. [1982 c 84 § 11.]

70.44.910 Construction—1945 c 264. This act [1945 c 264 § 22] shall not be deemed or construed to repeal or affect any existing act, or any part thereof, relating to the construction, operation and maintenance of public hospitals, but shall be supplemental thereto and concurrent therewith. [1945 c 264 § 22; no RRS.]

Such a district shall consist of all the area of the combined counties including all cities and towns except cities of over one hundred thousand population. The district board of health of such a district shall consist of not less than seven members, including two representatives from each county who are members of the board of county commissioners and who are appointed by the board of county commissioners of each county within the district. The remaining members shall be representatives of the cities and towns in the district selected by mutual agreement of the legislative bodies of the cities and towns concerned from their membership, taking into consideration the financial contribution of such cities and towns and representation from the several classifications of cities and towns.

At the first meeting of a district board of health the members shall elect a chairman to serve for a period of one year. [1967 ex.s. c 51 § 6; 1945 c 183 § 2; Rem. Supp. 1945 § 6099-11.]

Severability—1967 ex.s. c 51: See note following RCW 70.05.010.

70.46.030 Districts of one county—Board of health—Membership—Chairman. A health district to consist of one county only and including all cities and towns therein except cities having a population of over one hundred thousand may be created whenever the county legislative authority of the county shall pass a resolution to organize such a health district under chapter 70.05 RCW and RCW 70.46.020 through 70.46.090. Reviser's note—Sunset Act application: The basic health plan is subject to review, termination, and possible extension under chapter 43.131 RCW, the Sunset Act. See RCW 43.131.355. RCW 70.47.010 through 70.47.140, 70.47.900, 50.20.210, 51.28.090, and 74.04.033 are scheduled for future repeal under RCW 43.131.356.

70.47.010 Legislative findings—Purpose. (1) The legislature finds that:

(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and

(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women who are an especially vulnerable population, along with their children, and who need greater access to managed health care.

(2) The purpose of this chapter is to provide necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents under sixty-five years of age not otherwise eligible for medicare with gross family income at or below two hundred

percent of the federal poverty guidelines who share in the cost of receiving basic health care services from a managed health care system.

(3) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(4) The program authorized under this chapter is strictly limited in respect to the total number of individuals who may be allowed to participate and the specific areas within the state where it may be established. All such restrictions or limitations shall remain in full force and effect until quantifiable evidence based upon the actual operation of the program, including detailed cost benefit analysis, has been presented to the legislature and the legislature, by specific act at that time, may then modify such limitations. [1987 1st ex.s. c 5 § 3.]

Sunset Act application: See note following chapter digest.

70.47.020 Definitions. As used in this chapter:

(1) "Washington basic health plan" or "plan" means the system of enrollment and payment on a prepaid capitated basis for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

(2) "Administrator" means the Washington basic health plan administrator.

(3) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, on a prepaid capitated basis to a defined patient population enrolled in the plan and in the managed health care system.

(4) "Enrollee" means an individual, or an individual plus the individual's spouse and/or dependent children, all under the age of sixty-five and not otherwise eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, whose gross family income at the time of enrollment does not exceed twice the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan.

(5) "Subsidy" means the difference between the amount of periodic payment the administrator makes, from funds appropriated from the basic health plan trust account, to a managed health care system on behalf of an enrollee and the amount determined to be the enrollee's responsibility under RCW 70.47.060(2).

(6) "Premium" means a periodic payment, based upon gross family income and determined under RCW 70.47.060(2), which an enrollee makes to the plan as consideration for enrollment in the plan.

(7) "Rate" means the per capita amount, negotiated by the administrator with and paid to a participating managed

health care system, that is based upon the enrollment of enrollees in the plan and in that system. [1987 1st ex.s. c 5 § 4.]

Sunset Act application: See note following chapter digest.

70.47.030 Basic health plan trust account. The basic health plan trust account is hereby established in the state treasury. All nongeneral fund-state funds collected for this program shall be deposited in the basic health plan trust account and may be expended without further appropriation. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan. After July 1, 1993, the administrator shall not expend or encumber for an ensuing fiscal period amounts exceeding ninety-five percent of the amount anticipated to be spent for purchased services during the fiscal year. [1992 c 232 § 907. Prior: 1991 sp.s. c 13 § 68; 1991 sp.s. c 4 § 1; 1987 1st ex.s. c 5 § 5.]

Sunset Act application: See note following chapter digest.

Severability—1992 c 232: See note following RCW 43.33A.180.

Effective dates—Severability—1991 sp.s. c 13: See notes following RCW 18.08.240.

Effective date—1991 sp.s. c 4: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991." [1991 sp.s. c 4 § 4.]

70.47.040 Basic health plan—Administrator—Staff—Committees. (1) The Washington basic health plan is created as an independent agency of the state. The administrative head and appointing authority of the plan shall be the administrator who shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor. The salary for this office shall be set by the governor pursuant to RCW 43.03.040. The administrator shall appoint a medical director. The administrator, medical director, and up to five other employees shall be exempt from the civil service law, chapter 41.06 RCW.

(2) The administrator shall employ such other staff as are necessary to fulfill the responsibilities and duties of the administrator, such staff to be subject to the civil service law, chapter 41.06 RCW. In addition, the administrator may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise. Any such contractor or consultant shall be prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility without specific permission of the plan. The administrator may call upon other agencies of the state to provide available information as necessary to assist the administrator in meeting its responsibilities under this chapter, which information shall be supplied as promptly as circumstances permit.

(3) The administrator may appoint such technical or advisory committees as he or she deems necessary. The administrator shall appoint a standing technical advisory committee that is representative of health care professionals, health care providers, and those directly involved in the purchase, provision, or delivery of health care services, as

well as consumers and those knowledgeable of the ethical issues involved with health care public policy. Individuals appointed to any technical or other advisory committee shall serve without compensation for their services as members, but may be reimbursed for their travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(4) The administrator may apply for, receive, and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to health care costs and access to health care.

(5) In the design, organization, and administration of the plan under this chapter, the administrator shall consider the report of the Washington health care project commission established under chapter 303, Laws of 1986. Nothing in this chapter requires the administrator to follow any specific recommendation contained in that report except as it may also be included in this chapter or other law. [1987 1st ex.s. c 5 § 6.]

Sunset Act application: See note following chapter digest.

70.47.050 Rules. The administrator may promulgate and adopt rules consistent with this chapter to carry out the purposes of this chapter. All rules shall be adopted in accordance with chapter 34.05 RCW. [1987 1st ex.s. c 5 § 7.]

Sunset Act application: See note following chapter digest.

70.47.060 Powers and duties of administrator. The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, and other services that may be necessary for basic health care, which enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, for the period ending June 30, 1993, with respect to coverage for groups of subsidized enrollees, the administrator shall not contract for prenatal or postnatal services that are provided under the medical assistance program under chapter 74.09 RCW except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider, or except to provide any such services associated with pregnancies diagnosed by the managed care provider before July 1, 1992. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate.

(2) To design and implement a structure of periodic premiums due the administrator from enrollees that is based upon gross family income, giving appropriate consideration to family size as well as the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan.

(3) To design and implement a structure of nominal copayments due a managed health care system from enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) To design and implement, in concert with a sufficient number of potential providers in a discrete area, an enrollee financial participation structure, separate from that otherwise established under this chapter, that has the following characteristics:

(a) Nominal premiums that are based upon ability to pay, but not set at a level that would discourage enrollment;

(b) A modified fee-for-services payment schedule for providers;

(c) Coinsurance rates that are established based on specific service and procedure costs and the enrollee's ability to pay for the care. However, coinsurance rates for families with incomes below one hundred twenty percent of the federal poverty level shall be nominal. No coinsurance shall be required for specific proven prevention programs, such as prenatal care. The coinsurance rate levels shall not have a measurable negative effect upon the enrollee's health status; and

(d) A case management system that fosters a provider-enrollee relationship whereby, in an effort to control cost, maintain or improve the health status of the enrollee, and maximize patient involvement in her or his health care decision-making process, every effort is made by the provider to inform the enrollee of the cost of the specific services and procedures and related health benefits.

The potential financial liability of the plan to any such providers shall not exceed in the aggregate an amount greater than that which might otherwise have been incurred by the plan on the basis of the number of enrollees multiplied by the average of the prepaid capitated rates negotiated with participating managed health care systems under RCW 70.47.100 and reduced by any sums charged enrollees on the basis of the coinsurance rates that are established under this subsection.

(5) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080.

In the selection of any area of the state for the initial operation of the plan, the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage,

and the need for geographic, demographic, and economic diversity.

Before July 1, 1988, the administrator shall endeavor to secure participation contracts with managed health care systems in discrete geographic areas within at least five congressional districts.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state.

(8) To receive periodic premiums from enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and at least annually thereafter, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. An enrollee who remains current in payment of the sliding-scale premium, as determined under subsection (2) of this section, and whose gross family income has risen above twice the federal poverty level, may continue enrollment unless and until the enrollee's gross family income has remained above twice the poverty level for six consecutive months, by making payment at the unsubsidized rate required for the managed health care system in which he or she may be enrolled. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to re-enroll in the plan.

(10) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(11) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered to enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the administrator. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(12) To monitor the access that state residents have to adequate and necessary health care services, determine the extent of any unmet needs for such services or lack of access that may exist from time to time, and make such reports and recommendations to the legislature as the administrator deems appropriate.

(13) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(14) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(15) To provide, consistent with available resources, technical assistance for rural health activities that endeavor to develop needed health care services in rural parts of the state. [1992 c 232 § 908. Prior: 1991 sp.s. c 4 § 2; 1991 c 3 § 339; 1987 1st ex.s. c 5 § 8.]

Severability—1992 c 232: See note following RCW 43.33A.180.

Effective date—1991 sp.s. c 4: See note following RCW 70.47.030.

70.47.070 Benefits from other coverages not reduced. The benefits available under the plan shall be subject to RCW 48.21.200 and shall be excess to the benefits payable under the terms of any insurance policy issued to or on the behalf of an enrollee that provides payments toward medical expenses without a determination of liability for the injury. [1987 1st ex.s. c 5 § 9.]

Sunset Act application: See note following chapter digest.

70.47.080 Enrollment of applicants—Limitations. On and after July 1, 1988, the administrator shall accept for enrollment applicants eligible to receive covered basic health care services from the respective managed health care systems which are then participating in the plan. The administrator shall not allow the total enrollment of those eligible for subsidies to exceed thirty thousand.

Thereafter, total enrollment shall not exceed the number established by the legislature in any act appropriating funds to the plan.

Before July 1, 1988, the administrator shall endeavor to secure participation contracts from managed health care systems in discrete geographic areas within at least five congressional districts of the state and in such manner as to

allow residents of both urban and rural areas access to enrollment in the plan. The administrator shall make a special effort to secure agreements with health care providers in one such area that meets the requirements set forth in RCW 70.47.060(4).

The administrator shall at all times closely monitor growth patterns of enrollment so as not to exceed that consistent with the orderly development of the plan as a whole, in any area of the state or in any participating managed health care system. [1987 1st ex.s. c 5 § 10.]

Sunset Act application: See note following chapter digest.

70.47.090 Removal of enrollees. Any enrollee whose premium payments to the plan are delinquent or who moves his or her residence out of an area served by the plan may be dropped from enrollment status. An enrollee whose premium is the responsibility of the department of social and health services under RCW 70.47.110 may not be dropped solely because of nonpayment by the department. The administrator shall provide delinquent enrollees with advance written notice of their removal from the plan and shall provide for a hearing under chapters 34.05 and 34.12 RCW for any enrollee who contests the decision to drop the enrollee from the plan. Upon removal of an enrollee from the plan, the administrator shall promptly notify the managed health care system in which the enrollee has been enrolled, and shall not be responsible for payment for health care services provided to the enrollee (including, if applicable, members of the enrollee's family) after the date of notification. A managed health care system may contest the denial of payment for coverage of an enrollee through a hearing under chapters 34.05 and 34.12 RCW. [1987 1st ex.s. c 5 § 11.]

Sunset Act application: See note following chapter digest.

70.47.100 Participation by managed health care systems. Managed health care systems participating in the plan shall do so by contract with the administrator and shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee as long as payments from the administrator on behalf of the enrollee are current. A participating managed health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The administrator may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter empowers the administrator to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The administrator shall establish a period of at least twenty

days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care system the administrator shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

Any contract between a hospital and a participating managed health care system under this chapter is subject to the requirements of *RCW 70.39.140(1) regarding negotiated rates.

Prior to negotiating with any managed health care system, the administrator shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different areas of the state. In negotiating with managed health care systems for participation in the plan, the administrator shall adopt a uniform procedure that includes at least the following:

(1) The administrator shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;

(2) The administrator shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;

(3) The administrator may then select one or more systems to provide the covered services within a local area; and

(4) The administrator may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons. [1987 1st ex.s. c 5 § 12.]

***Reviser's note:** RCW 70.39.140 was repealed by 1982 c 223 § 10, effective June 30, 1990.

Sunset Act application: See note following chapter digest.

70.47.110 Enrollment of medical assistance recipients. The department of social and health services may make payments to the administrator or to participating managed health care systems on behalf of any enrollee who is a recipient of medical care under chapter 74.09 RCW, at the maximum rate allowable for federal matching purposes under Title XIX of the social security act. Any enrollee on whose behalf the department of social and health services makes such payments may continue as an enrollee, making premium payments based on the enrollee's own income as determined under the sliding scale, after eligibility for coverage under chapter 74.09 RCW has ended, as long as the enrollee remains eligible under this chapter. Nothing in this section affects the right of any person eligible for coverage under chapter 74.09 RCW to receive the services offered to other persons under that chapter but not included in the schedule of basic health care services covered by the plan. The administrator shall seek to determine which enrollees or prospective enrollees may be eligible for

medical care under chapter 74.09 RCW and may require these individuals to complete the eligibility determination process under chapter 74.09 RCW prior to enrollment or continued participation in the plan. The administrator and the department of social and health services shall cooperatively adopt procedures to facilitate the transition of plan enrollees and payments on their behalf between the plan and the programs established under chapter 74.09 RCW. [1991 sp.s. c 4 § 3; 1987 1st ex.s. c 5 § 13.]

70.47.115 Enrollment of persons in timber impact areas. (1) The administrator, when specific funding is provided and where feasible, shall make the basic health plan available in timber impact areas. The administrator shall prioritize making the plan available under this section to the timber impact areas meeting the following criteria, as determined by the employment security department: (a) A lumber and wood products employment location quotient at or above the state average; (b) a direct lumber and wood products job loss of one hundred positions or more; and (c) an annual unemployment rate twenty percent above the state average.

(2) Persons assisted under this section shall meet the requirements of enrollee as defined in RCW 70.47.020(4).

(3) For purposes of this section, "timber impact area" means:

(a) A county having a population of less than five hundred thousand, or a city or town located within a county having a population of less than five hundred thousand, and meeting two of the following three criteria, as determined by the employment security department, for the most recent year such data is available: (i) A lumber and wood products employment location quotient at or above the state average; (ii) projected or actual direct lumber and wood products job losses of one hundred positions or more, except counties having a population greater than two hundred thousand but less than five hundred thousand must have direct lumber and wood products job losses of one thousand positions or more; or (iii) an annual unemployment rate twenty percent or more above the state average; or

(b) Additional communities as the economic recovery coordinating board, established in RCW 43.31.631, designates based on a finding by the board that each designated community is socially and economically integrated with areas that meet the definition of a timber impact area under (a) of this subsection. (3) With public or private agencies, including health care service contractors registered under RCW 48.44.015, and doing business in the state, for marketing and administrative services in connection with participation of managed health care systems, enrollment of enrollees, billing and collection services to the administrator, and other administrative functions ordinarily performed by health care service contractors, other than insurance. Cities and towns shall adopt the standards after considering guidelines established collectively by the cities and towns of the state; counties shall adopt the standards after considering guidelines established collectively by the counties of the state. These standards shall be the minimums necessary to meet federal and state constitutional requirements relating to

health, safety, and welfare of inmates and staff, and specific state and federal statutory requirements, and to provide for the public's health, safety, and welfare. Local correctional facilities shall be operated in accordance with these standards. [1987 c 462 § 17.]

Effective dates—1987 c 462: See note following RCW 13.04.116.

70.48.090 Interlocal contracts for jail services—Responsibility for operation of jail—Departments of corrections authorized. (1) Contracts for jail services may be made between a county and city located within the boundaries of a county, and among counties. The contracts shall: Be in writing, give one governing unit the responsibility for the operation of the jails, specify the responsibilities of each governing unit involved, and include the applicable charges for custody of the prisoners as well as the basis for adjustments in the charges. The contracts may be terminated only by ninety days written notice to the governing units involved and to the office. The notice shall state the grounds for termination and the specific plans for accommodating the affected jail population.

(2) The contract authorized in subsection (1) of this section shall be for a minimum term of ten years when state funds are provided to construct or remodel a jail in one governing unit that will be used to house prisoners of other governing units. The contract may not be terminated prior to the end of the term without the office's approval. If the contract is terminated, or upon the expiration and nonrenewal of the contract, the governing unit whose jail facility was built or remodeled to hold the prisoners of other governing units shall pay to the state treasurer the amount set by the corrections standards board or office when it authorized disbursement of state funds for the remodeling or construction under *RCW 70.48.120. 70.48.130 Emergency or necessary health care for confined persons—Reimbursement procedures—Conditions—Limitations. Payment for emergency or necessary health care shall be by the governing unit, except that the department of social and health services shall reimburse the governing unit for the cost thereof if the confined person requires treatment for which such person is eligible under the department of social and health services' public assistance medical program.

The governing unit may obtain reimbursement from the confined person for the cost of emergency and other health care to the extent that such person is reasonably able to pay for such care, including reimbursement from any insurance program or from other medical benefit programs available to such person. To the extent that a confined person is unable to be financially responsible for medical care and is ineligible for financial assistance from the department or from a private source, the governing unit may obtain reimbursement for the cost of such services from the unit of government whose law enforcement officers initiated the charges on which the person is being held in the jail: PROVIDED, That reimbursement for the cost of such services shall be by the state for state prisoners being held in a jail who are accused of either escaping from a state facility or of committing an offense in a state facility.

There shall be no right of reimbursement to the governing unit from units of government whose law enforcement officers initiated the charges for which a person is being held in the jail for care provided after the charges are disposed of by sentencing or otherwise, unless by intergovernmental agreement pursuant to chapter 39.34 RCW.

This section is not intended to limit or change any existing right of any party, governing unit, or unit of government against the person receiving the care for the cost of the care provided or paid for.

Under no circumstance shall necessary medical services be denied or delayed pending a determination of financial responsibility. [1986 c 118 § 9; 1977 ex.s. c 316 § 13.]

Having received approval pursuant to *RCW 70.48.060, a governing unit shall not be eligible for further funding for physical plant standards for a period of ten years from the date of the completion of the approved project. A jail shall not be closed for noncompliance to physical plant standards within this same ten year period. This section does not apply if:

(1) The state elects to fund phased components of a jail project for which a governing unit has applied. In that instance, initially funded components do not constitute full funding within the meaning of *RCW 70.48.060(1) and **70.48.070(2) and the state may fund subsequent phases of the jail project;

(2) There is destruction of the facility because of an act of God or the result of a negligent and/or criminal act. [1987 c 462 § 9; 1986 c 118 § 10; 1981 c 276 § 3; 1977 ex.s. c 316 § 16.]

70.48.210 Farms, camps, work release programs, and special detention facilities. (1) All cities and counties are authorized to establish and maintain farms, camps, and work release programs and facilities, as well as special detention facilities. The facilities shall meet the requirements of chapter 70.48 RCW and any rules adopted thereunder.

(2) Farms and camps may be established either inside or outside the territorial limits of a city or county. A sentence of confinement in a city or county jail may include placement in a farm or camp. Unless directed otherwise by court order, the chief law enforcement officer or department of corrections, may transfer the prisoner to a farm or camp. The sentencing court, chief law enforcement officer, or department of corrections may not transfer to a farm or camp a greater number of prisoners than can be furnished with constructive employment and can be reasonably accommodated.

(3) The city or county may establish a city or county work release program and housing facilities for the prisoners in the program. In such regard, factors such as employment conditions and the condition of jail facilities should be considered. When a work release program is established the following provisions apply:

(a) A person convicted of a felony and placed in a city or county jail is eligible for the work release program. A person sentenced to a city or county jail is eligible for the work release program. The program may be used as a condition of probation for a criminal offense. Good conduct is a condition of participation in the program.

(b) The court may permit a person who is currently, regularly employed to continue his or her employment. The chief law enforcement officer or department of corrections shall make all necessary arrangements if possible. The court may authorize the person to seek suitable employment and may authorize the chief law enforcement officer or department of corrections to make reasonable efforts to find suitable employment for the person. A person participating

in the work release program may not work in an establishment where there is a labor dispute.

(c) The work release prisoner shall be confined in a work release facility or jail unless authorized to be absent from the facility for program-related purposes, unless the court directs otherwise.

(d) Each work release prisoner's earnings may be collected by the chief law enforcement officer or a designee. 70.54.130 Laetrile—Legislative declaration. It is the intent of the legislature that passage of RCW 70.54.130 through 70.54.150 shall not constitute any endorsement whatever of the efficacy of amygdalin (Laetrile) in the treatment of cancer, but represents only the legislature's endorsement of a patient's freedom of choice, so long as the patient has been given sufficient information in writing to make an informed decision regarding his/her treatment and the substance is not proven to be directly detrimental to health. [1977 ex.s. c 122 § 1.]

(3) The county legislative authority of each county with a population of eighteen thousand or less shall by July 1, 1980, make a determination of whether sufficient need exists with their respective counties to require installation of a telecommunication device. Reconsideration of such determi-

nation will be made at any future date when a deaf individual indicates a need for such an instrument. [1991 c 363 § 142; 1979 ex.s. c 63 § 2.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

Intent—1990 c 280: "It is the intent of the legislature to establish a system to accurately monitor the incidence of cancer in the state of Washington for the purposes of understanding, controlling, and reducing the occurrence of cancer in this state. In order to accomplish this, the legislature has determined that cancer cases shall be reported to the department of health, and that there shall be established a state-wide population-based cancer registry." [1990 c 280 § 1.]

70.54.240 Cancer registry program—Reporting requirements. (1) The department of health shall adopt rules as to which types of cancer shall be reported, who shall report, and the form and timing of the reports.

(2) Every health care facility and independent clinical laboratory, and those physicians or others providing health care who diagnose or treat any patient with cancer who is not hospitalized within one month of diagnosis, will provide the contractor with the information required under subsection (1) of this section. The required information may be collected on a regional basis where such a system exists and forwarded to the contractor in a form suitable for the purposes of RCW 70.54.230 through 70.54.270. Such reporting arrangements shall be reduced to a written agreement between the contractor and any regional reporting agency which shall detail the manner, form, and timeliness of the reporting. [1990 c 280 § 3.]

Intent—1990 c 280: See note following RCW 70.54.230.

Intent—1990 c 280: See note following RCW 70.54.230.

70.54.260 Liability. Providing information required under RCW 70.54.240 or 70.54.250 shall not create any liability on the part of the provider nor shall it constitute a breach of confidentiality. The contractor shall, at the request of the provider, but not more frequently than once a year, sign an oath of confidentiality, which reads substantially as follows:

"As a condition of conducting research concerning persons who have received services from (name of the health care provider or facility), I, agree not to divulge, publish, or otherwise make known to unauthorized persons or the public any information obtained in the course of such research that could lead to identification of such persons receiving services, or to the identification of their health care providers. I recognize that unauthorized release of confidential information may subject me to civil liability under the provisions of state law."

Intent—1990 c 280: See note following RCW 70.54.230.

70.54.270 Rule making. The department shall adopt rules to implement RCW 70.54.230 through 70.54.260, including but not limited to a definition of cancer. [1990 c 280 § 6.]

Intent—1990 c 280: See note following RCW 70.54.230.

70.54.280 Bone marrow donor recruitment and education program—Generally—Target minority populations. The department of health shall establish a bone marrow donor recruitment and education program to educate residents of the state about:

- (1) The need for bone marrow donors;
- (2) The procedures required to become registered as a potential bone marrow donor, including procedures for determining a person's tissue type; and
- (3) The procedures a donor must undergo to donate bone marrow or other sources of blood stem cells.

The department of health shall make special efforts to educate and recruit citizens from minority populations to volunteer as potential bone marrow donors. Means of communication may include use of press, radio, and television, and placement of educational materials in appropriate health care facilities, blood banks, and state and local agencies. The department of health in conjunction with the department of licensing shall make educational materials available at all places where driver licenses are issued or renewed. [1992 c 109 § 2.]

Findings—1992 c 109: "The legislature finds that an estimated sixteen thousand American children and adults are stricken each year with leukemia, aplastic anemia, or other fatal blood diseases. For many of these individuals, bone marrow transplantation is the only chance for survival. Nearly seventy percent cannot find a suitable bone marrow match within their own families. The chance that a patient will find a matching, unrelated donor in the general population is between one in a hundred and one in a million.

The legislature further finds that because tissue types are inherited, and different tissue types are found in different ethnic groups, the chances of finding an unrelated donor vary according to the patient's ethnic and racial background. Patients from minority groups are therefore less likely to find matching, unrelated donors.

It is the intent of the legislature to establish a state-wide bone marrow donor education and recruitment program in order to increase the number of Washington residents who become bone marrow donors, and to increase the chance that patients in need of bone marrow transplants will find a suitable bone marrow match." [1992 c 109 § 1.]

70.54.290 Bone marrow donor recruitment and education program—State employees to be recruited. The department of health shall make special efforts to educate and recruit state employees to volunteer as potential bone marrow donors. Such efforts shall include, but not be limited to, conducting a bone marrow donor drive to encourage state employees to volunteer as potential bone marrow donors. The drive shall include educational materials furnished by the national bone marrow donor program and presentations that explain the need for bone marrow donors, and the procedures for becoming registered as potential bone marrow donors. The cost of educational materials and presentations to state employees shall be borne by the national marrow donor program. [1992 c 109 § 3.]

Findings—1992 c 109: See note following RCW 70.54.280.

70.54.300 Bone marrow donor recruitment and education program—Private sector and community involvement. In addition to educating and recruiting state employees, the department of health shall make special efforts to encourage community and private sector businesses

and associations to initiate independent efforts to achieve the goals of chapter 109, Laws of 1992. [1992 c 109 § 4.]

Findings—1992 c 109: See note following RCW 70.54.280.

(1) "Department" means the department of health.

(2) "Vital records" means records of birth, death, fetal death, marriage, dissolution, annulment, and legal separation, as maintained under the supervision of the state registrar of vital statistics. [1991 c 3 § 342; 1987 c 223 § 1.]

70.58.010 Registration districts. Each city of the first class shall constitute a primary registration district and each county and the territory of counties jointly comprising a health district, exclusive of the portion included within cities of the first class, shall constitute a primary registration area. All other counties and municipal areas not included in the foregoing shall be divided into registration areas by the state registrar as he may deem essential to obtain the most efficient registration of vital events as provided by law. [1979 ex.s. c 52 § 2; 1951 c 106 § 4; 1915 c 180 § 1; 1907 c 83 § 2; RRS § 6019.]

70.58.020 Local registrars—Deputies. Under the direction and control of the state registrar, the health officer of each city of the first class shall be the local registrar in and for the primary registration district under his supervision as health officer and the health officer of each county and district health department shall be the local registrar in and for the registration area which he supervises as health officer and shall serve as such as long as he performs the registration duties as prescribed by law. He may be removed as local registrar of the registration area which he serves by the state board of health upon its finding of evidence of neglect in the performance of his duties as such registrar. The state registrar shall appoint local registrars for those registration areas not included in the foregoing and also in areas where the state board of health has removed the health officer from this position as registrar.

Each local registrar, subject to the approval of the state registrar, shall appoint in writing a sufficient number of deputy registrars to administer the laws relating to vital statistics, and shall certify the appointment of such deputies to the state registrar. 70.58.030 Duties of local registrars. The local registrar shall supply blank forms of certificates to such persons as require them. He or she shall carefully examine each certificate of birth, death, and fetal death when presented for record, and see that it has been made out in accordance with the provisions of law and the instructions of the state registrar. If any certificate of death is incomplete or

unsatisfactory, the local registrar shall call attention to the defects in the return, and withhold issuing the burial-transit permit until it is corrected. If the certificate of death is properly executed and complete, he or she shall issue a burial-transit permit to the funeral director or person acting as such. If a certificate of a birth is incomplete, he or she shall immediately notify the informant, and require that the missing items be supplied if they can be obtained. He or she shall sign as local registrar to each certificate filed in attest of the date of filing in the office. He or she shall make a record of each birth, death, and fetal death certificate registered in such manner as directed by the state registrar. On or before the fifteenth day and the last day of each month, each local registrar shall transmit to the state registrar all original birth certificates that were registered prior to that day and which had not been transmitted previously. If no births or no deaths occurred in any month, he or she shall, on the tenth day of the following month, report that fact to the state registrar, on a card provided for this purpose. Local registrars in counties in which a first class city or a city of twenty-seven thousand or more population is located may retain an exact copy of the original and make certified copies of the exact copy. [1990 c 99 § 1; 1961 ex.s. c 5 § 6; 1907 c 83 § 18; RRS § 6035.]

70.58.040 Compensation of local registrars. If no births or deaths were registered during any month, the local registrar shall be paid the sum of one dollar for each report to that effect: PROVIDED, That all local health officers who are by statute required to serve as local registrars shall not be entitled to the fee of one dollar. Neither shall any members of their staffs be entitled to the above fee of one dollar when such persons serve as deputy registrars. All fees payable to local registrars shall be paid by the treasurer of the county or city, properly chargeable therewith, out of the funds of the county or city, upon warrants drawn by the auditor, or other proper officer of the county or city. No warrant shall be issued to a local registrar except upon a statement, signed by the state registrar, stating the names and addresses respectively of the local registrars entitled to fees from the county or city, and the number of certificates and reports of births, deaths, and fetal deaths, properly returned to the state registrar, by each local registrar, during three preceding calendar months prior to the date of the statement, and the amount of fees to which each local registrar is entitled, which statement the state registrar shall file with the proper officers during the months of January, April, July, and October of each year. And they shall make an immediate report to the state registrar of any violations of this law coming to their notice by observation or upon the complaint of any person, or otherwise. 70.58.085 Birth certificates suitable for display—Issuance—Fee—Disposition of funds. (1) In addition to the original birth certificate, the state registrar shall issue upon request and upon payment of a fee of twenty-five dollars a birth certificate representing that the birth of the person named thereon is recorded in the office of the registrar. The certificate issued under this section shall be in a form consistent with the need to protect the integrity of vital records but shall be suitable for display. It may bear the seal of the state, printed thereon and may be signed by the governor. It shall have the same status as evidence as the original birth certificate.

(2) Of the funds received under subsection (1) of this section, the amount needed to reimburse the registrar for expenses incurred in administering this section shall be credited to the state registrar account. Legislative findings—1987 c 351: "The legislature finds that children are society's most valuable resource and that child abuse and neglect is a threat to the physical, mental, and emotional health of children. The legislature further finds that assisting community-based private nonprofit and public organizations, agencies, or school districts in identifying and establishing needed primary prevention programs will reduce the incidence of child abuse and neglect, and the necessity for costly subsequent intervention in family life by the state. Child abuse and neglect prevention programs can be most effectively and economically administered through the use of trained volunteers and the cooperative efforts of the communities, citizens, and the state. The legislature finds that the Washington council for prevention of child abuse is an effective counsel for reducing child abuse but limited resources have prevented the council from funding promising prevention concepts state-wide.

It is the intent of the legislature to establish a cost-neutral revenue system for the children's trust fund which is designed to fund primary prevention programs and innovative prevention related activities such as research or public awareness campaigns. The fund shall be supported through revenue created by the sale of heirloom birth certificates. This concept has proven to be a cost-effective approach to funding child abuse prevention in the state of Oregon. The legislature believes that this is an innovative way of using private dollars to supplement our public dollars to reduce child abuse and neglect." [1987 c 351 § 1.]

70.58.095 New certificate of birth—Legitimation, paternity—Substitution for original—Inspection of original, when—When delayed registration required. When a new certificate of birth is established, the actual place and date of birth shall be shown. It shall be substituted for the original certificate of birth. Thereafter, the original certificate and the evidence of paternity, or acknowledgment shall not be subject to inspection except upon order of a court of competent jurisdiction, or upon written request of the department of social and health services, the attorney general, or a prosecuting attorney, stating that the documents are being sought in furtherance of an action to enforce a duty of support. If no certificate of birth is on file for the person for whom a new certificate is to be established under this section, a delayed registration of birth shall be filed with the state registrar of vital statistics as provided in RCW 70.58.120. The court shall fix a time for hearing the petition, and the state registrar shall be given notice at least twenty days prior to the date set for hearing in order that he may present at the hearing any information he believes will be useful to the court. If the court from the evidence presented to it finds that the petitioner was born in this state, the court shall issue an order to establish a record of birth. This order shall include the birth data to be registered. If the court orders the birth of a person born in this state registered, it shall be registered in the records of the state registrar. [1961 ex.s. c 5 § 20.]

70.58.150 "Fetal death," "evidence of life," defined. A fetal death means any product of conception that shows no evidence of life after complete expulsion or extraction from its mother. There shall be kept in the main office on the premises of each explosives manufacturing plant a plan of said plant showing the location of all explosives manufacturing buildings and the distance they are located from other factory buildings where persons are employed and from magazines, and these plans shall at all times be open to inspection by duly authorized inspectors of the department of labor and industries. The superintendent of each plant shall upon demand of said inspector furnish the following information:

(a) The maximum amount and kind of explosive material which is or will be present in each building at one time.

(b) The nature and kind of work carried on in each building and whether or not said buildings are surrounded by natural or artificial barricades.

The department of labor and industries shall as soon as possible after receiving such application cause an inspection to be made of the explosives manufacturing plant, and if found to be in accordance with RCW 70.74.030 and 70.74.050 and 70.74.061, such department shall issue a license to the person applying therefor showing compliance with the provisions of this chapter if the applicant demonstrates that either the applicant or the officers, agents or employees of the applicant are sufficiently experienced in the manufacture of explosives and the applicant meets the qualifications for a license under RCW 70.74.360. Such license shall continue in full force and effect until expired, suspended, or revoked by the department pursuant to this chapter. [1988 c 198 § 5; 1969 ex.s. c 137 § 13; 1941 c 101 § 1; 1931 c 111 § 11; Rem. Supp. 1941 § 5440-1.]

The governor may at any time remove any member of the board for inefficiency or neglect of duty in office. Upon the death or incapacity of any member the governor shall fill the vacancy for the remainder of the vacated term with a representative of the same interests with which his predecessor was identified. Of these five appointed members, one shall be representative of owners and users of boilers and unfired pressure vessels within the state, one shall be representative of the boiler or unfired pressure vessel manufacturers within the state, one shall be a repre-

sentative of a boiler insurance company licensed to do business within the state, one shall be a mechanical engineer on the faculty of a recognized engineering college or a graduate mechanical engineer having equivalent experience, and one shall be representative of the boilermakers or practical steam operating engineers. The board shall elect one of its members to serve as chairman and, at the call of the chairman, the board shall meet at least four times each year at the state capitol or other place designated by the board. 70.79.030 Duties of board—Make definitions, rules and regulations—Boiler construction code. The board shall formulate definitions, rules, and regulations for the safe and proper construction, installation, repair, use, and operation of boilers and for the safe and proper construction, installation, and repair of unfired pressure vessels in this state. The definitions, rules, and regulations so formulated shall be based upon, and, at all times, follow the generally accepted nationwide engineering standards, formulae, and practices established and pertaining to boiler and unfired pressure vessel construction and safety, and the board may by resolution adopt an existing published codification thereof, known as "The Boiler Construction Code of the American Society of Mechanical Engineers", with the amendments and interpretations thereto made and approved by the council of the society, and may likewise adopt the amendments and interpretations subsequently made and published by the same authority; and when so adopted the same shall be deemed incorporated into, and to constitute a part or the whole of the definitions, rules, and regulations of the board. Amendments and interpretations to the code so adopted shall be adopted immediately upon being promulgated, to the end that the definitions, rules, and regulations shall at all times follow the generally accepted nationwide engineering standards: PROVIDED, HOWEVER, That all rules and regulations promulgated by the board, including any or all of the boiler construction code of the American society of mechanical engineers with amendments and interpretations thereof, shall be adopted in compliance with the Administrative Procedure Act, chapter 34.05 RCW, as now or hereafter amended. All boilers and unfired pressure vessels subject to the jurisdiction of the board, which have been constructed or installed in accordance with the code of the American society of mechanical engineers shall be prima facie evidence of compliance with those provisions of this chapter and the rules of the board. [1972 ex.s. c 86 § 1; 1951 c 32 § 3.]

70.79.040 Rules and regulations—Scope. The board shall promulgate rules and regulations for the safe and proper installation, repair, use and operation of boilers, and for the safe and proper installation and repair of unfired pressure vessels which were in use or installed ready for use in this state prior to the date upon which the first rules and regulations under this chapter pertaining to existing installations became effective, or during the twelve months period immediately thereafter. [1951 c 32 § 4.]

70.79.050 Rules and regulations—Effect. (1) The rules and regulations formulated by the board shall have the force and effect of law, except that the rules applying to the construction of new boilers and unfired pressure vessels shall not be construed to prevent the installation thereof until twelve months after their approval by the director of the department of labor and industries.

(2) Subsequent amendments to the rules and regulations adopted by the board shall be permissive immediately and shall become mandatory twelve months after such approval. [1951 c 32 § 5.]

70.79.060 Construction, installation must conform to rules—Special installation and operating permits. (1) Except as provided in subsection (2) of this section, no power boiler, low pressure boiler, or unfired pressure vessel which does not conform to the rules and regulations formulated by the board governing new construction and installation shall be installed and operated in this state after twelve months from the date upon which the first rules and regulations under this chapter pertaining to new construction and installation shall have become effective, unless the boiler or unfired pressure vessel is of special design or construction, and is not covered by the rules and regulations, nor is in any way inconsistent with such rules and regulations, in which case a special installation and operating permit may at its discretion be granted by the board.

(2) A special permit may also be granted for boilers and pressure vessels manufactured before 1951 which do not comply with the code requirements of the American Society of Mechanical Engineers adopted under this chapter, if the boiler or pressure vessel is operated exclusively for the purposes of public exhibition, and the board finds, upon inspection, that operation of the boiler or pressure vessel for such purposes is not unsafe. [1984 c 93 § 1; 1951 c 32 § 6.]

70.79.070 Existing installations—Conformance required. (1) All boilers and unfired pressure vessels which were in use, or installed ready for use in this state prior to the date upon which the first rules and regulations under this chapter pertaining to existing installations became effective, or during the twelve months period immediately thereafter, shall be made to conform to the rules and regulations of the board governing existing installations, and the formulae prescribed therein shall be used in determining the maximum allowable working pressure for such boilers and unfired pressure vessels.

(2) This chapter shall not be construed as in any way preventing the use or sale of boilers or unfired vessels as referred to in subsection (1) of this section, provided they have been made to conform to the rules and regulations of

the board governing existing installations, and provided, further, they have not been found upon inspection to be in an unsafe condition. [1951 c 32 § 7.]

The chief inspector, or any deputy or special inspector, shall have free access, during reasonable hours, to any premises in the state where a boiler or unfired pressure vessel is being constructed, or is being installed or operated, for the purpose of ascertaining whether such boiler or unfired pressure vessel is constructed, installed and operated in accordance with the provisions of this chapter. [1951 c 32 § 17.]

70.79.240 Inspection of boilers, etc.—Scope—Frequency. Each boiler and unfired pressure vessel used or proposed to be used within this state, except boilers or unfired pressure vessels exempt in RCW 70.79.080 and 70.79.090, shall be thoroughly inspected as to their construction, installation, condition and operation, as follows:

(1) Power boilers shall be inspected annually both internally and externally while not under pressure and shall also be inspected annually externally while under pressure if possible;

(2) Low pressure heating boilers shall be inspected both internally and externally biennially where construction will permit;

(3) Unfired pressure vessels subject to internal corrosion shall be inspected both internally and externally biennially where construction will permit, except that the board may, in its discretion, provide for longer periods between inspections;

(4) Unfired pressure vessels not subject to internal corrosion shall be inspected externally at intervals set by the board, but internal inspections shall not be required of unfired pressure vessels, the contents of which are known to be noncorrosive to the material of which the shell, head, or fittings are constructed, either from the chemical composition of the contents or from evidence that the contents are adequately treated with a corrosion inhibitor, provided that such vessels are constructed in accordance with the rules and regulations of the board or in accordance with standards substantially equivalent to the rules and regulations of the board, in effect at the time of manufacture. [1951 c 32 § 22.]

70.79.250 Inspection—Frequency—Grace period. [1951 c 32 § 23.]

70.79.260 Inspection—Frequency—Modification by rules. The rules and regulations formulated by the board applying to the inspection of unfired pressure vessels may be modified by the board to reduce or extend the interval between required inspections where the contents of the vessel or the material of which it is constructed warrant special consideration. [1951 c 32 § 24.]

70.79.270 Hydrostatic test. If at any time a hydrostatic test shall be deemed necessary to determine the safety of a boiler or unfired pressure vessel, [the] same shall be made, at the discretion of the inspector, by the owner or user thereof. [1951 c 32 § 26.]

70.79.280 Inspection during construction. All boilers and all unfired pressure vessels to be installed in this state after the twelve months period from the date upon

which the rules and regulations of the board shall become effective shall be inspected during construction as required by the applicable rules and regulations of the board by an inspector authorized to inspect boilers in this state, or, if constructed outside of the state, by an inspector holding a certificate from the national board of boiler and pressure vessel inspectors, or a certificate of competency as an inspector of boilers for a state that has a standard of examination substantially equal to that of this state as provided in RCW 70.79.170. [1951 c 32 § 27.]

70.79.290 Inspection certificate—Contents—Posting—Fee. If, upon inspection, a boiler or pressure vessel is found to comply with the rules and regulations of the board, and upon the appropriate fee payment made directly to the chief inspector, as required by RCW 70.79.160 or 70.79.330, the chief inspector shall issue to the owner or user of such a boiler or pressure vessel an inspection certificate bearing the date of inspection and specifying the maximum pressure under which the boiler or pressure vessel may be operated. Such inspection certificate shall be valid for not more than fourteen months from its date in the case of power boilers and twenty-six months in the case of low pressure heating boilers, and for not more than two months longer than the authorized inspection period in the case of pressure vessels. Certificates shall be posted under glass in the room containing the boiler or pressure vessel inspected. If the boiler or pressure vessel is not located within a building, the certificate shall be posted in a location convenient to the boiler or pressure vessel inspected or, in the case of a portable boiler or pressure vessel, the certificate shall be kept in a protective container to be fastened to the boiler or pressure vessel or in a tool box accompanying the boiler or pressure vessel. [1977 ex.s. c 175 § 1; 1970 ex.s. c 21 § 1; 1951 c 32 § 28.]

70.79.300 Inspection certificate invalid on termination of insurance. No inspection certificate issued for an insured boiler or unfired pressure vessel inspected by a special inspector shall be valid after the boiler or unfired pressure vessel, for which it was issued, shall cease to be insured by a company duly authorized by this state to carry such insurance. [1951 c 32 § 29.]

70.79.310 Inspection certificate—Suspension—Reinstatement. The chief inspector, or his authorized representative, may at any time suspend an inspection certificate when, in his opinion, the boiler or unfired pressure vessel for which it was issued, cannot be operated without menace to the public safety, or when the boiler or unfired pressure vessel is found not to comply with the rules and regulations herein provided. A special inspector shall have corresponding powers with respect to inspection certificates for boilers or unfired pressure vessels insured or unfired pressure vessels operated by the company employing him. Such suspension of an inspection certificate shall continue in effect until such boiler or unfired pressure vessel shall have been made to conform to the rules and regulations of the board, and until said inspection certificate shall have been reinstated. [1951 c 32 § 30.]

70.79.320 Operating without inspection certificate prohibited—Penalty. (1) It shall be unlawful for any person, firm, partnership, or corporation to operate under pressure in this state a boiler or unfired pressure vessel, to which this chapter applies, without a valid inspection certificate as provided for in this chapter.

(2) The department may assess a penalty against a person violating a provision of this chapter. The penalty shall be not more than five hundred dollars. Each day that the violation continues is a separate violation and is subject to a separate penalty.

(3) The department may not assess a penalty until it adopts rules describing the method it will use to calculate penalties for various violations.

(4) The department shall notify the violator of its action, and the reasons for its action, in writing. The department shall send the notice by certified mail to the violator that a hearing may be requested under RCW 70.79.360. The hearing shall not stay the effect of the penalty. [1986 c 97 § 2; 1951 c 32 § 31.]

70.79.330 Inspection fees—Expenses—Schedules. The owner or user of a boiler or pressure vessel required by this chapter to be inspected by the chief inspector, or his deputy inspector, shall pay directly to the chief inspector, upon completion of inspection, fees and expenses in accordance with a schedule adopted by the board and approved by the director of the department of labor and industries in accordance with the requirements of the Administrative Procedure Act, chapter 34.05 RCW. [1977 ex.s. c 175 § 2; 1970 ex.s. c 21 § 2; 1963 c 217 § 1; 1951 c 32 § 32.]

70.79.350 Inspection fees—Receipts for—Pressure systems safety fund. The chief inspector shall give an official receipt for all fees required by chapter 70.79 RCW and shall transfer all sums so received to the treasurer of the state of Washington as ex officio custodian thereof and by him, as such custodian, shall place said sums in a special fund hereby created and designated as the "pressure systems safety fund". Said funds by him shall be paid out upon vouchers duly and regularly issued therefor and approved by the director of the department of labor and industries. The treasurer, as ex officio custodian of said fund, shall keep an accurate record of any payments into said fund, and of all disbursements therefrom. Said fund shall be used exclusively to defray only the expenses of administering chapter 70.79 RCW by the chief inspector as authorized by law and the expenses incident to the maintenance of his office. The fund shall be charged with its pro rata share of the cost of administering said fund which is to be determined by the director of financial management and by the director of the department of labor and industries. [1979 c 151 § 171; 1977 ex.s. c 175 § 3; 1951 c 32 § 34.]

Any person aggrieved by an order or act of the director of the department of labor and industries, the chief inspector, under this chapter, may, within fifteen days after notice thereof, appeal from such order or act to the board which shall, within thirty days thereafter, hold a hearing after having given at least ten days written notice to all interested parties. The board shall,

within thirty days after such hearing, issue an appropriate order either approving or disapproving said order or act. A copy of such order by the board shall be given to all interested parties. Within thirty days after any order or act of the board, any person aggrieved thereby may file a petition in the superior court of the county of Thurston for a review thereof. The court shall summarily hear the petition and may make any appropriate order or decree. [1951 c 32 § 36.]

70.87.020 Conveyances to be safe and in conformity with law. The purpose of this chapter is to provide for the safe mechanical and electrical operation, erection, installation, alteration, inspection, and repair of conveyances, and all such operation, erection, installation, alteration, inspection, and repair subject to the provisions of this chapter shall be reasonably safe to persons and property and in conformity with the provisions of this chapter and the applicable statutes of the state of Washington, and all orders, rules, and regulations of the department. In any suit for damages allegedly caused by a failure or malfunction of the conveyance, conformity with the rules of the department is prima facie evidence that the operation, erection, installation, alteration, inspection, and repair of the conveyance is reasonably safe to persons and property. [1983 c 123 § 2; 1963 c 26 § 2.]

70.87.030 Department to administer—Rules. The department shall administer this chapter through the division of building and construction safety inspection services. However, except for the new construction thereof, all hand-powered elevators, belt manlifts, and one-man capacity manlifts installed in or on grain elevators are the responsibility of the division of industrial safety and health of the department. The department shall adopt rules governing the mechanical and electrical operation, erection, installation, alterations, inspection, acceptance tests, and repair of conveyances that are necessary and appropriate and shall also adopt minimum standards governing existing installations. In the execution of this rule-making power and before the adoption of rules, the department shall consider the rules

for the safe mechanical operation, erection, installation, alteration, inspection, and repair of conveyances, including the American Standard Safety Code for Elevators, Dumbwaiters, and Escalators, and any amendatory or supplemental provisions thereto. The department by rule shall establish a schedule of fees to pay the costs incurred by the department for the work related to administration and enforcement of this chapter. Nothing in this chapter limits the authority of the department to prescribe or enforce general or special safety orders as provided by law. [1983 c 123 § 3; 1973 1st ex.s. c 52 § 10; 1971 c 66 § 1; 1970 ex.s. c 22 § 1; 1963 c 26 § 3.]

(3) The director may take the oral or written testimony of any person. The director has the power to administer oaths.

(4) The director may make specific decisions, cease and desist orders, other orders, and rulings, including demands and findings. [1983 c 123 § 19.]

70.87.036 Powers of attorney general. On request of the department, the attorney general may:

(3) Seek an ex parte inspection warrant if the person refuses to allow the department to inspect a conveyance;

(4) File suit asking the court to enforce a cease and desist order or a subpoena issued by the director under this chapter; and

All suits shall be brought in the district or superior court of the district or county in which the defendant resides or transacts business. In any suit or other legal action, the department may ask the court to award costs and attorney's fees. If the department prevails, the court shall award the appropriate costs and attorney's fees. [1983 c 123 § 20.]

70.87.040 Privately and publicly owned conveyances are subject to chapter. All privately owned and publicly owned conveyances are subject to the provisions of this chapter except as specifically excluded by this chapter. [1983 c 123 § 4; 1963 c 26 § 4.]

70.87.050 Conveyances in buildings occupied by state, county or political subdivision. The operation, erection, installation, alteration, inspection, and repair of any conveyance located in, or used in connection with, any building owned by the state, a county, or a political subdivision, other than those located within and owned by a city having an elevator code, shall be under the jurisdiction of the department. [1983 c 123 § 5; 1969 ex.s. c 108 § 2; 1963 c 26 § 5.]

70.87.060 Responsibility for operation and maintenance of equipment and for periodic tests. (1) The person installing, relocating, or altering a conveyance is responsible for its operation and maintenance until the department has issued an operating permit for the conveyance, except during the period when a limited operating permit in accordance with RCW 70.87.090(2) is in effect, and is also responsible for all tests of a new, relocated, or altered conveyance until the department has issued an operating permit for the conveyance.

(2) The owner or his or her duly appointed agent shall be responsible for the safe operation and proper maintenance of the conveyance after the department has issued the operating permit and also during the period of effectiveness of any limited operating permit in accordance with RCW 70.87.090(2). The owner shall be responsible for all periodic tests required by the department. [1983 c 123 § 6; 1963 c 26 § 6.]

70.87.070 Serial numbers. All new and existing conveyances shall have a serial number painted on or attached as directed by the department. This serial number shall be assigned by the department and shown on all required permits. [1983 c 123 § 7; 1963 c 26 § 7.]

70.87.080 Installation permits—When required—Application for—Posting. (1) An installation permit shall be obtained from the department before erecting, installing, relocating, or altering a conveyance.

(2) The installer of the conveyance shall submit an application for the permit in duplicate, in a form that the department may prescribe.

(3) The permit issued by the department shall be kept posted conspicuously at the site of installation.

(4) No permit is required for repairs and replacement normally necessary for maintenance and made with parts of equivalent materials, strength, and design. [1983 c 123 § 8; 1963 c 26 § 8.]

70.87.090 Operating permits—Limited permits—Duration—Posting. (1) An operating permit is required for each conveyance operated in the state of Washington except during its erection by the person or firm responsible for its installation. A permit issued by the department shall be kept conspicuously posted near the conveyance.

(2) The department may permit the temporary use of a conveyance during its installation or alteration, under the authority of a limited permit issued by the department for each class of service. Limited permits shall be issued for a period not to exceed thirty days and may be renewed at the discretion of the department. Where a limited permit is

issued, a notice bearing the information that the equipment has not been finally approved shall be conspicuously posted. [1983 c 123 § 9; 1963 c 26 § 9.]

70.87.100 Acceptance tests. (1) The person or firm installing, relocating, or altering a conveyance shall notify the department in writing, at least seven days before completion of the work, and shall subject the new, moved, or altered portions of the conveyance to the acceptance tests.

(2) All new, altered, or relocated conveyances for which a permit has been issued, shall be inspected for compliance with the requirements of this chapter by an authorized representative of the department. The authorized representative shall also witness the test specified. [1983 c 123 § 11; 1963 c 26 § 10.]

70.87.110 Exceptions authorized. The requirements of this chapter are intended to apply to all conveyances except as modified or waived by the department. They are intended to be modified or waived whenever any requirements are shown to be impracticable, such as involving expense not justified by the protection secured. However, the department shall not allow the modification or waiver unless equivalent or safer construction is secured in other ways. An exception applies only to the installation covered by the application for waiver. [1983 c 123 § 12; 1963 c 26 § 11.]

70.87.120 Inspectors—Inspections and reinspections—Suspension or revocation of permit—Order to discontinue use—Investigation by department.

(1) The department shall appoint and employ inspectors, as may be necessary to carry out the provisions of this chapter, under the provisions of the rules adopted by the state personnel board in accordance with chapter 41.06 RCW.

(2) The department shall cause all conveyances to be inspected and tested at least once each year. Inspectors have the right during reasonable hours to enter into and upon any building or premises in the discharge of their official duties, for the purpose of making any inspection or testing any conveyance contained thereon or therein. Inspections and tests shall conform with the rules adopted by the department. The department shall inspect all installations before it issues any initial permit for operation. Permits shall not be issued until the fees required by this chapter have been paid.

(3) If inspection shows a conveyance to be in an unsafe condition, the department shall issue an inspection report in writing requiring the repairs or alterations to be made to the conveyance that are necessary to render it safe and may also suspend or revoke a permit pursuant to RCW 70.87.125 or order the operation of a conveyance discontinued pursuant to RCW 70.87.145.

(4) The department may investigate accidents and alleged or apparent violations of this chapter. [1983 c 123 § 13; 1970 ex.s. c 22 § 2; 1963 c 26 § 12.]

70.87.125 Suspension or revocation of permit—Grounds—Notice—Stay of suspension or revocation—Removal of suspension or reinstatement of permit. (1) The department may suspend or revoke a permit if:

(a) The permit was obtained through fraud or by error if, in the absence of error, the department would not have issued the permit;

(b) The conveyance for which the permit was issued has not been constructed, installed, maintained, or repaired in accordance with the requirements of this chapter; or

(c) The conveyance has become unsafe.

(2) The department shall notify in writing the owner or person installing the conveyance, of its action and the reason for the action. The department shall send the notice by certified mail to the last known address of the owner or person. The notice shall inform the owner or person that a hearing may be requested pursuant to RCW 70.87.170.

(3) If the department has suspended or revoked a permit because of fraud or error, and a hearing is requested, the suspension or revocation shall be stayed until the hearing is concluded and a decision is issued.

If the department has revoked or suspended a permit because the conveyance is unsafe or is not constructed, installed, maintained, or repaired in accordance with this chapter, the suspension or revocation is effective immediately and shall not be stayed by a request for a hearing.

(4) The department shall remove a suspension or reinstate a revoked permit if a conveyance is repaired or modified to bring it into compliance with this chapter. [1983 c 123 § 10.]

70.87.140 Operation without permit enjoined.

Whenever any conveyance is being operated without a permit required by this chapter, the attorney general or the prosecuting attorney of the county may apply to the superior court of the county in which the conveyance is located for a temporary restraining order or a temporary or permanent injunction restraining the operation of the conveyance until the department issues a permit for the conveyance. No bond may be required from the department in such proceedings. [1983 c 123 § 14; 1963 c 26 § 14.]

70.87.145 Order to discontinue operation—Notice—Conditions—Contents of order—Recision of order—Violation—Penalty. (1) An authorized representative of the department may order the owner or person operating a conveyance to discontinue the operation of a conveyance, and may place a notice that states that the conveyance may not be operated on a conspicuous place in the conveyance, if the conveyance:

(a) Has not been constructed, installed, maintained, or repaired in accordance with the requirements of this chapter; or

(b) Has otherwise become unsafe.

The order is effective immediately, and shall not be stayed by a request for a hearing.

(2) The department shall prescribe a form for the order to discontinue operation. The order shall specify why the conveyance violates this chapter or is otherwise unsafe, and shall inform the owner or operator that he or she may request a hearing pursuant to RCW 70.87.170. A request for a hearing does not stay the effect of the order.

(3) The department shall rescind the order to discontinue operation if the conveyance is fixed or modified to bring it into compliance with this chapter.

(4) An owner or a person that knowingly operates or allows the operation of a conveyance in contravention of an order to discontinue operation, or removes a notice not to operate, is:

(a) Guilty of a misdemeanor; and

(b) Subject to a civil penalty under RCW 70.87.185. [1983 c 123 § 15.]

70.87.170 Review of department action in accordance with administrative procedure act. (1) Any person aggrieved by an order or action of the department denying, suspending, revoking, or refusing to renew a permit; assessing a penalty for a violation of this chapter; or ordering the operation of a conveyance to be discontinued, may request a hearing within fifteen days after notice the department's order or action is received. The date the hearing was requested shall be the date the request for hearing was postmarked. The party requesting the hearing must accompany the request with a certified or cashier's check for two hundred dollars payable to the department. The department shall refund the two hundred dollars if the party requesting the hearing prevails at the hearing; otherwise, the department shall retain the two hundred dollars.

If the department does not receive a timely request for hearing, the department's order or action is final and may not be appealed.

(2) If the aggrieved party requests a hearing, the department shall ask an administrative law judge to preside over the hearing. The hearing shall be conducted in accordance with chapter 34.05 RCW. [1983 c 123 § 16; 1963 c 26 § 17.]

70.87.180 Violations. The construction, installation, relocation, alteration, or operation of a conveyance without a permit by any person owning or having the custody, management, or operation thereof, except as provided in RCW 70.87.080 and 70.87.090, is a misdemeanor. Each day of violation is a separate offense. No prosecution may be maintained where the issuance or renewal of a permit has been requested but upon which no action has been taken by the department. [1983 c 123 § 17; 1963 c 26 § 18.]

70.87.185 Penalty for violation of chapter—Rules—Notice. (1) The department may assess a penalty against a person violating a provision of this chapter. The penalty shall be not more than five hundred dollars. Each day that the violation continues is a separate violation and is subject to a separate penalty.

(2) The department may not assess a penalty until it adopts rules describing the method it will use to calculate penalties for various violations.

(3) The department shall notify the violator of its action, and the reasons for its action, in writing. The department shall send the notice by certified mail to the violator's last known address. The notice shall inform the violator that a hearing may be requested under RCW 70.87.170. The hearing shall not stay the effect of the penalty. [1983 c 123 § 18.]

70.87.190 Accidents—Report and investigation—Cessation of use—Removal of damaged parts. The owner

or the owner's duly authorized agent shall promptly notify the department of each accident to a person requiring the service of a physician or resulting in a disability exceeding one day, and shall afford the department every facility for investigating and inspecting the accident. The department shall without delay, after being notified, make an inspection and shall place on file a full and complete report of the accident. The report shall give in detail all material facts and information available and the cause or causes, so far as they can be determined. The report shall be open to public inspection at all reasonable hours. When an accident involves the failure or destruction of any part of the construction or the operating mechanism of a conveyance, the use of the conveyance is forbidden until it has been made safe; it has been reinspected and any repairs, changes, or alterations have been approved by the department; and a permit has been issued by the department. The removal of any part of the damaged construction or operating mechanism from the premises is forbidden until the department grants permission to do so. [1983 c 123 § 21; 1963 c 26 § 19.]

70.87.200 Exemptions. (1) The provisions of this chapter do not apply where:

(a) A conveyance is permanently removed from service or made effectively inoperative; or

(b) Lifts, man hoists, or material hoists are erected temporarily for use during construction work only and are of such a design that they must be operated by a workman stationed at the hoisting machine.

(2) Except as limited by RCW 70.87.050, municipalities having in effect an elevator code prior to June 13, 1963 may continue to assume jurisdiction over the operation, erection, installation, alteration, or repair of elevators, escalators, dumbwaiters, moving walks, manlifts, and parking elevators and may inspect, issue permits, collect fees, and prescribe minimum requirements for the construction, design, use, and maintenance of conveyances if the requirements are equal to the requirements of this chapter and to all rules pertaining to conveyances adopted and administered by the department. Upon the failure of a municipality having jurisdiction over conveyances to carry out the provisions of this chapter with regard to a conveyance, the department may assume jurisdiction over the conveyance. If a municipality elects not to maintain jurisdiction over certain conveyances located therein, it may enter into a written agreement with the department transferring exclusive jurisdiction of the conveyances to the department. The city may not reassume jurisdiction after it enters into such an agreement with the department. [1983 c 123 § 22; 1969 ex.s. c 108 § 4; 1963 c 26 § 20.]

70.87.205 Resolution of disputes by arbitration—Appointment of arbitrators—Procedure—Decision—Enforcement. (1) Disputes arising under RCW 70.87.200(2) shall be resolved by arbitration. The request shall be sent by certified mail.

(2) The department shall appoint one arbitrator; the municipality shall appoint one arbitrator; and the arbitrators chosen by the department and the municipality shall appoint the third arbitrator. If the two arbitrators cannot agree on

the third arbitrator, the presiding judge of the Thurston county superior court, or his or her designee, shall appoint the third arbitrator.

(3) The arbitration shall be held pursuant to the procedures in chapter 7.04 RCW, except that RCW 7.04.220 shall not apply. The decision of the arbitrators is final and binding on the parties. Neither party may appeal a decision to any court.

(4) A party may petition the Thurston county superior court to enforce a decision of the arbitrators. [1983 c 123 § 23.]

70.87.210 Disposition of revenue. All moneys received or collected under the terms of this chapter shall be deposited in the general fund. [1963 c 26 § 21.]

70.87.900 Severability. If any provision of this chapter or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances, is not affected. [1983 c 123 § 24; 1963 c 26 § 22.]

70.93.010 Legislative findings. (1) The legislature finds:

(a) Washington state is experiencing rapid population growth and its citizens are increasingly mobile;

(b) There is a fundamental need for a healthful, clean, and beautiful environment;

(c) The proliferation and accumulation of litter discarded throughout this state impairs this need and constitutes a public health hazard;

(d) There is a need to conserve energy and natural resources, and the effective litter control and recovery and recycling of litter materials will serve to accomplish such conservation;

(e) In addition to effective litter control, there must be effective programs to accomplish waste reduction, the state's highest waste management priority; and

(f) There must also be effective systems to accomplish all components of recycling, including collection, processing, and the marketing of recyclable materials and recycled content products.

(2) Recognizing the multifaceted nature of the state's solid waste management problems, the legislation enacted in 1971 and entitled the "Model Litter Control and Recycling Act" is hereby renamed the "waste reduction, recycling, and model litter control act." 70.93.020 Declaration of purpose—Department of ecology, clean Washington center, and state and local government duties. The purpose of this chapter is to accomplish litter control, increase waste reduction, and stimulate all components of recycling throughout this state by delegating to the department of ecology the authority to:

(1) Conduct a permanent and continuous program to control and remove litter from this state to the maximum practical extent possible;

(2) Recover and recycle waste materials related to litter and littering;

(3) Foster public and private recycling of recyclable materials; and

(4) Increase public awareness of the need for recycling and litter control.

It is further the intent and purpose of this chapter to promote markets for recyclable materials through programs of the clean Washington center and other means.

It is further the intent and purpose of this chapter to create jobs for employment of youth in litter cleanup and related activities and to stimulate and encourage small, private recycling centers. This program shall include the compatible goal of recovery of recyclable materials to conserve energy and natural resources wherever practicable. Every other department of state government and all local governmental units and agencies of this state shall cooperate with the department of ecology in the administration and enforcement of this chapter. The intent of this chapter is to add to and to coordinate existing recycling and litter control and removal efforts and not terminate or supplant such efforts. 70.94.011 Declaration of public policies and purpose. It is declared to be the public policy to preserve, protect, and enhance the air quality for current and future generations. Air is an essential resource that must be protected from harmful levels of pollution. Improving air quality is a matter of state-wide concern and is in the public interest. It is the intent of this chapter to secure and maintain levels of air quality that protect human health and safety, including the most sensitive members of the population, to comply with the requirements of the federal clean air act, to prevent injury to plant, animal life, and property, to foster the comfort and convenience of Washington's inhabitants, to promote the economic and social development of the state, and to facilitate the enjoyment of the natural attractions of the state.

It is further the intent of this chapter to protect the public welfare, to preserve visibility, to protect scenic, aesthetic, historic, and cultural values, and to prevent air pollution problems that interfere with the enjoyment of life, property, or natural attractions.

Because of the extent of the air pollution problem the legislature finds it necessary to return areas with poor air quality to levels adequate to protect health and the environment as expeditiously as possible but no later than December 31, 1995. Further, it is the intent of this chapter to prevent any areas of the state with acceptable air quality from reaching air contaminant levels that are not protective of human health and the environment.

The legislature recognizes that air pollution control projects may affect other environmental media. In selecting air pollution control strategies state and local agencies shall support those strategies that lessen the negative environmental impact of the project on all environmental media, including air, water, and land.

The legislature further recognizes that energy efficiency and energy conservation can help to reduce air pollution and shall therefore be considered when making decisions on air pollution control strategies and projects.

It is the policy of the state that the costs of protecting the air resource and operating state and local air pollution control programs shall be shared as equitably as possible among all sources whose emissions cause air pollution.

It is also declared as public policy that regional air pollution control programs are to be encouraged and supported to the extent practicable as essential instruments for the securing and maintenance of appropriate levels of air quality.

To these ends it is the purpose of this chapter to safeguard the public interest through an intensive, progressive, and coordinated state-wide program of air pollution prevention and control, to provide for an appropriate distribution of responsibilities, and to encourage coordination and cooperation between the state, regional, and local units of government, to improve cooperation between state and federal government, public and private organizations, and the concerned individual, as well as to provide for the use of all known, available, and reasonable methods to reduce, prevent, and control air pollution.

The legislature recognizes that the problems and effects of air pollution cross political boundaries, are frequently regional or interjurisdictional in nature, and are dependent upon the existence of human activity in areas having common topography and weather conditions conducive to the buildup of air contaminants. In addition, the legislature recognizes that air pollution levels are aggravated and compounded by increased population, and its consequences. These changes often result in increasingly serious problems for the public and the environment.

The legislature further recognizes that air emissions from thousands of small individual sources are major contributors to air pollution in many regions of the state. As the population of a region grows, small sources may contribute an increasing proportion of that region's total air emissions. It is declared to be the policy of the state to achieve significant reductions in emissions from those small sources whose aggregate emissions constitute a significant contribution to air pollution in a particular region.

It is the intent of the legislature that air pollution goals be incorporated in the missions and actions of state agencies. [1991 c 199 § 102; 1973 1st ex.s. c 193 § 1; 1969 ex.s. c 168 § 1; 1967 c 238 § 1.]

Finding—1991 c 199: "The legislature finds that ambient air pollution is the most serious environmental threat in Washington state. Air pollution causes significant harm to human health; damages the environment, including trees, crops, and animals; causes deterioration of equipment and materials; contributes to water pollution; and degrades the quality of life.

Over three million residents of Washington state live where air pollution levels are considered unhealthy. Of all toxic chemicals released into the environment more than half enter our breathing air. Citizens of Washington state spend hundreds of millions of dollars annually to offset health, environmental, and material damage caused by air pollution. The legislature considers such air pollution levels, costs, and damages to be unacceptable.

It is the intent of this act that the implementation of programs and regulations to control air pollution shall be the primary responsibility of the department of ecology and local air pollution control authorities." [1991 c 199 § 101.]

Alternative fuel and solar powered vehicles—1991 c 199: "The department of ecology shall contract with Western Washington University

for the biennium ending June 30, 1993, for research and development of alternative fuel and solar powered vehicles. A report on the progress of such research shall be presented to the standing environmental committees and the department by January 1, 1994." [1991 c 199 § 230.]

70.94.015 Air pollution control account—Air operating permit account. (1) The air pollution control account is established in the state treasury. All receipts from RCW 70.94.650, 70.94.660, 82.44.020(3), and 82.50.405 shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only to develop and implement the provisions of *this act and chapters 70.94 and 70.120 RCW.

(2) The amounts collected and allocated in accordance with this section shall be expended upon appropriation except as otherwise provided in this section and in accordance with the following limitations:

Portions of moneys received by the department of ecology from the air pollution control account shall be distributed by the department to local authorities based on:

(a) The level and extent of air quality problems within such authority's jurisdiction;

(b) The costs associated with implementing air pollution regulatory programs by such authority; and

(c) The amount of funding available to such authority from other sources, whether state, federal, or local, that could be used to implement such programs.

(3) The air operating permit account is created in the custody of the state treasurer. All receipts paid to the department of revenue under RCW 70.94.161 shall be deposited into the account. Expenditures from the account may be used only for the direct and indirect costs of implementing the air operating permit program under RCW 70.94.161. Only the director of the department of ecology or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but no appropriation is required for such expenditures. [1991 c 199 § 228.]

Such resolution shall become effective only when a similar resolution is adopted by the other contiguous county or counties comprising the proposed authority. The boundaries of such authority shall be coextensive with the boundaries of the counties within which it is located. [1969 ex.s. c 168 § 3; 1967 c 238 § 11.]

70.94.069 Merger of active and inactive authorities to form multicounty or regional authority—Reorganization of board of directors—Rules and regulations. Whenever there occurs a merger of an inactive authority with an activated authority or authorities, or of two activated authorities to form a multicounty authority, the board of directors shall be reorganized as provided in RCW 70.94.100, 70.94.110, and 70.94.120.

In the case of the merger of two or more activated authorities the rules and regulations of each authority shall continue in effect and shall be enforced within the jurisdiction of each until such time as the board of directors adopts rules and regulations applicable to the newly formed multicounty authority.

In the case of the merger of an inactive authority with an activated authority or authorities, upon approval of such merger by the board or boards of county commissioners of the county or counties comprising the existing activated authority or authorities, the rules and regulations of the activated authority or authorities shall remain in effect until superseded by the rules and regulations of the multicounty authority as provided in RCW 70.94.230. In addition, such resolution or resolutions may specify the amount of money to be contributed annually by each political subdivision, or a method of dividing expenses of the air pollution control program. Upon the adoption of a resolution or resolutions calling for the activation of an authority or the merger of an inactive or activated authority or several activated authorities to form a multicounty authority, the governing body of each shall cause a certified copy of each such ordinance or resolution to be filed in the office of the secretary of state of the state of Washington. From and after the date of filing with the secretary of state a certified copy of each such resolution, or resolutions, or the date specified in such resolution or resolutions, whichever is later, the authority may begin to function and may exercise its powers.

Any authority activated by the provisions of this chapter shall cause a certified copy of all information required by this section to be filed in the office of the secretary of state of the state of Washington. [1969 ex.s. c 168 § 5; 1967 c 238 § 13; 1957 c 232 § 7.]

Notwithstanding the provisions of RCW 1.16.030, the budget year of each activated authority shall be the fiscal year beginning July 1st and ending on the following June 30th. On or before the fourth Monday in June of each year, each activated authority shall adopt a budget for the following fiscal year. The activated authority budget shall contain adequate funding and provide for staff sufficient to carry out the provisions of all applicable ordinances, resolutions, and local regulations related to the reduction, prevention, and control of air pollution. The legislature acknowledges the need for the state to provide reasonable funding to local authorities to carry out the requirements of this chapter. The budget shall contain an estimate of all revenues to be collected during the following budget year, including any surplus funds remaining unexpended from the preceding year. The remaining funds required to meet budget expenditures, if any, shall be designated as "supplemental income" and shall be obtained from the component cities, towns, and counties in the manner provided in this chapter. (1) Each component city or town shall pay such proportion of the supplemental income to the authority as determined by either one of the following prescribed methods or by a combination of fifty percent of one and fifty percent of the other as provided in subsection (1)(c) of this section:

(a) Each component city or town shall pay such proportion of the supplemental income as the assessed valuation of property within its limits bears to the total assessed valuation of taxable property within the activated authority.

(b) Each component city or town shall pay such proportion of the supplemental income as the total popula-

tion of such city or town bears to the total population of the activated authority. The population of the city or town shall be determined by the most recent census, estimate or survey by the federal bureau of census or any state board or commission authorized to make such a census, estimate or survey.

(c) A combination of the methods prescribed in (a) and (b) of this subsection: PROVIDED, That such combination shall be of fifty percent of the method prescribed in (a) of this subsection and fifty percent of the method prescribed in (b) of this subsection.

(2) Each component county shall pay such proportion of such supplemental income to the authority as determined by either one of the following prescribed methods or by a combination of fifty percent of one and fifty percent of the other as prescribed in subsection (2)(c) of this section:

(a) Each component county shall pay such proportion of such supplemental income as the assessed valuation of the property within the unincorporated area of such county lying within the activated authority bears to the total assessed valuation of taxable property within the activated authority.

(b) Each component county shall pay such proportion of the supplemental income as the total population of the unincorporated area of such county bears to the total population of the activated authority. The population of the county shall be determined by the most recent census, estimate or survey by the federal bureau of census or any state board or commission authorized to make such a census, estimate or survey.

(c) A combination of the methods prescribed in (a) and (b) of this subsection: PROVIDED, That such combination shall be of fifty percent of the method prescribed in (a) of this subsection and fifty percent of the method prescribed in (b) of this subsection.

(3) In making such determination of the assessed valuation of property in the component cities, towns and counties, the board shall use the last available assessed valuations. The board shall certify to each component city, town and county, prior to the fourth Monday in June of each year, the share of the supplemental income to be paid by such component city, town or county for the next calendar year. The latter shall then include such amount in its budget for the ensuing calendar year, and during such year shall pay to the activated authority, in equal quarterly installments, the amount of its supplemental share. [1969 ex.s. c 168 § 9; 1967 c 238 § 17.]

The treasurer of the county so designated to serve as treasurer of the authority shall establish and maintain such funds as may be authorized by the board. Money shall be disbursed from such funds upon warrants drawn by the auditor of the county designated by

the board as the authority auditor as authorized by the board. The respective county shall be reimbursed by the board for services rendered by the treasurer and auditor of the respective county in connection with the receipt and disbursement of such funds. [1969 ex.s. c 168 § 10; 1967 c 238 § 18.]

70.94.095 Assessed valuation of taxable property, certification by county assessors. It shall be the duty of the assessor of each component county to certify annually to the board the aggregate assessed valuation of all taxable property in all incorporated and unincorporated areas situated in any activated authority as the same appears from the last assessment roll of his county. [1969 ex.s. c 168 § 11; 1967 c 238 § 19.]

70.94.096 Authorization to borrow money. An activated authority shall have the power when authorized by a majority of all members of the board to borrow money from any component city, town or county and such cities, towns and counties are hereby authorized to make such loans or advances on such terms as may be mutually agreed upon by the board and the legislative bodies of any such component city, town or county to provide funds to carry out the purposes of the activated authority. [1969 ex.s. c 168 § 12; 1967 c 238 § 20.]

board of county commissioners of each county making up the authority, and three appointees, one each from the three largest cities within the local authority's jurisdiction to be appointed by the mayor and city council of such city.

(3) If the board of an authority otherwise would consist of an even number, the members selected as above provided shall agree upon and elect an additional member who shall be either a member of the governing body of one of the towns, cities or counties comprising the authority, or a private citizen residing in the authority.

(4) The terms of office of board members shall be four years.

(5) Wherever a member of a board has a potential conflict of interest in an action before the board, the member shall declare to the board the nature of the potential conflict prior to participating in the action review. The board shall, if the potential conflict of interest, in the judgment of a majority of the board, may prevent the member from a fair and objective review of the case, remove the member from participation in the action. [1991 c 199 § 704; 1989 c 150 § 1; 1969 ex.s. c 168 § 13; 1967 c 238 § 21; 1957 c 232 § 10.]

Any member of the board may designate a regular alternate to serve on the board in his or her place with the same authority as the member when he or she is unable to attend. Each member of the board, or his or her representative, shall receive from the authority compensation consistent with such authority's rates (but not to exceed one thousand dollars per year) for time spent in the performance of duties under this chapter, plus the actual and necessary expenses incurred by the member in such performance. The board may appoint a control officer, and any other personnel, and shall determine their salaries, and pay same, together with any other proper indebtedness, from authority funds. [1991 c 199 § 705; 1969 ex.s. c 168 § 15; 1967 c 238 § 24; 1957 c 232 § 13.]

Such fees and mileage, and the cost of producing records required to be produced by subpoena issued upon the request of a party, shall be paid by that party.

(4) If an individual fails to obey the subpoena, or obeys the subpoena but refuses to testify when required concerning any matter under examination or investigation or the subject of the hearing, the board or department shall file its written report thereof and proof of service of its subpoena, in any court of competent jurisdiction in the county where the examination, hearing or investigation is being conducted. Thereupon, the court shall forthwith cause the individual to be brought before it and, upon being satisfied that the subpoena is within the jurisdiction of the board or department and otherwise in accordance with law, shall punish him

as if the failure or refusal related to a subpoena from or testimony in that court.

70.94.143 Federal aid. Any authority exercising the powers and duties prescribed in this chapter may make application for, receive, administer, and expend any federal aid, under federal legislation from any agency of the federal government, for the prevention and control of air pollution or the development and administration of programs related to air pollution control and prevention, as permitted by RCW 70.94.141(12): PROVIDED, That any such application shall be submitted to and approved by the department. The department shall adopt rules and regulations establishing standards for such approval and shall approve any such application, if it is consistent with this chapter, and any other applicable requirements of law. [1987 c 109 § 36; 1969 ex.s. c 168 § 18; 1967 c 238 § 27.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

70.94.151 Classification of air contaminant sources—Registration—Fee—Registration program defined.

(1) The board of any activated authority or the department, may classify air contaminant sources, by ordinance, resolution, rule or regulation, which in its judgment may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which cause or contribute to air pollution, and may require registration or reporting or both for any such class or classes. Classifications made pursuant to this section may be for application to the area of jurisdiction of such authority, or the state as a whole or to any designated area within the jurisdiction, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

(2) Any person operating or responsible for the operation of air contaminant sources of any class for which the ordinances, resolutions, rules or regulations of the department or board of the authority, require registration and reporting shall register therewith and make reports containing information as may be required by such department or board concerning location, size and height of contaminant outlets, processes employed, nature of the contaminant emission and such other information as is relevant to air pollution and available or reasonably capable of being assembled. The department or board may require that such registration be accompanied by a fee and may determine the amount of such fee for such class or classes: PROVIDED, That the amount of the fee shall only be to compensate for the costs of administering such registration program which shall be defined as initial registration and annual or other periodic reports from the source owner providing information directly related to air pollution registration, on-site inspections necessary to verify compliance with registration requirements, data storage and retrieval systems necessary for support of the registration program, emission inventory

reports and emission reduction credits computed from information provided by sources pursuant to registration program requirements, staff review, including engineering analysis for accuracy and currentness, of information provided by sources pursuant to registration program requirements, clerical and other office support provided in direct furtherance of the registration program, and administrative support provided in directly carrying out the registration program: PROVIDED FURTHER, That any such registration made with either the board or the department shall preclude a further registration with any other board or the department. [1987 c 109 § 37; 1984 c 88 § 2; 1969 ex.s. c 168 § 19; 1967 c 238 § 28.]

70.94.152 Notice may be required of construction of proposed new contaminant source—Submission of plans—Approval, disapproval—Emission control. (1) The department of ecology or board of any authority may require notice of the establishment of any proposed new sources except single family and duplex dwellings. The department of ecology or board may require such notice to be accompanied by a fee and determine the amount of such fee: PROVIDED, That the amount of the fee may not exceed the cost of reviewing the plans, specifications, and other information and administering such notice: PROVIDED FURTHER, That any such notice given or notice of construction application submitted to either the board or to the department of ecology shall preclude a further submittal of a duplicate application to any board or to the department of ecology. Within thirty days of receipt of a notice of construction application, the department of ecology or board may require, as a condition precedent to the establishment of the new source or sources covered thereby, the submission of plans, specifications, and such other information as it deems necessary to determine whether the proposed new source will be in accord with applicable rules and regulations in force under this chapter. If on the basis of plans, specifications, or other information required under this section the department of ecology or board determines that the proposed new source will not be in accord with this chapter or the applicable ordinances, resolutions, rules, and regulations adopted under this chapter, it shall issue an order denying permission to establish the new source. If on the basis of plans, specifications, or other information required under this section, the department of ecology or board determines that the proposed new source will be in accord with this chapter, and the applicable rules and regulations adopted under this chapter, it shall issue an order of approval for the establishment of the new source or sources, which order may provide such conditions as are reasonably necessary to assure the maintenance of compliance with this chapter and the applicable rules and regulations adopted under this chapter. Every order of approval under this chapter must be reviewed prior to issuance by a professional engineer or staff under the supervision of a professional engineer in the employ of the department of ecology or board.

(2) The determination required under subsection (1) of this section shall include a determination of whether the operation of the new air contaminant source at the location

proposed will cause any ambient air quality standard to be exceeded.

(3) New source review of a modification shall be limited to the emission unit or units proposed to be modified and the air contaminants whose emissions would increase as a result of the modification.

(4) Nothing in this section shall be construed to authorize the department of ecology or board to require the use of emission control equipment or other equipment, machinery, or devices of any particular type, from any particular supplier, or produced by any particular manufacturer.

(5) Any features, machines, and devices constituting parts of or called for by plans, specifications, or other information submitted pursuant to subsection (1) of this section shall be maintained and operate in good working order.

(6) The absence of an ordinance, resolution, rule, or regulation, or the failure to issue an order pursuant to this section shall not relieve any person from his or her obligation to comply with applicable emission control requirements or with any other provision of law.

(7) Within thirty days of receipt of a notice of construction application the department of ecology or board shall either notify the applicant in writing that the application is complete or notify the applicant in writing of all additional information necessary to complete the application. Within sixty days of receipt of a complete application the department or board shall either (a) issue a final decision on the application, or (b) for those projects subject to public notice, initiate notice and comment on a proposed decision, followed as promptly as possible by a final decision. [1991 c 199 § 302; 1973 1st ex.s. c 193 § 2; 1969 ex.s. c 168 § 20; 1967 c 238 § 29.]

Finding—1991 c 199: See note following RCW 70.94.011.

Use of emission credits to be consistent with new source review program: RCW 70.94.850.

70.94.153 Existing stationary source—Replacement or substantial alteration of emission control technology. Any person proposing to replace or substantially alter the emission control technology installed on an existing stationary source emission unit shall file a notice of construction application with the jurisdictional permitting authority. For projects not otherwise reviewable under RCW 70.94.152, the permitting authority may (1) require that the owner or operator employ reasonably available control technology for the affected emission unit and (2) may prescribe reasonable operation and maintenance conditions for the control equipment. Within thirty days of receipt of an application for notice of construction under this section the permitting authority shall either notify the applicant in writing that the application is complete or notify the applicant in writing of all additional information necessary to complete the application. Within thirty days of receipt of a complete application the permitting authority shall either issue an order of approval or a proposed RACT determination for the proposed project. Construction shall not commence on a project subject to review under this section until the permitting authority issues a final order of approval. However, any notice of construction application filed under this section shall be deemed to be approved without conditions if the

permitting authority takes no action within thirty days of receipt of a complete application for a notice of construction. [1991 c 199 § 303.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.155 Control of emissions—Bubble concept—Schedules of compliance. (1) As used in subsection (3) of this section, the term "bubble" means an air pollution control system which permits aggregate measurements of allowable emissions, for a single category of pollutant, for emissions points from a specified emissions-generating facility or facilities. Individual point source emissions levels from such specified facility or facilities may be modified provided that the aggregate limit for the specified sources is not exceeded.

(2) Whenever any regulation relating to emission standards or other requirements for the control of emissions is adopted which provides for compliance with such standards or requirements no later than a specified time after the date of adoption of the regulation, the appropriate activated air pollution control authority or, if there be none, the department of ecology shall, by permit or regulatory order, issue to air contaminant sources subject to the standards or requirements, schedules of compliance setting forth timetables for the achievement of compliance as expeditiously as practicable, but in no case later than the time specified in the regulation. Interim dates in such schedules for the completion of steps of progress toward compliance shall be as enforceable as the final date for full compliance therein.

(3) Wherever requirements necessary for the attainment of air quality standards or, where such standards are not exceeded, for the maintenance of air quality can be achieved through the use of a control program involving the bubble concept, such program may be authorized by a regulatory order or orders or permit issued to the air contaminant source or sources involved. Such order or permit shall only be authorized after the control program involving the bubble concept is accepted by [the] United States environmental protection agency as part of an approved state implementation plan. Any such order or permit provision shall restrict total emissions within the bubble to no more than would otherwise be allowed in the aggregate for all emitting processes covered. The orders or permits provided for by this subsection shall be issued by the department or the authority with jurisdiction. If the bubble involves interjurisdictional approval, concurrence in the total program must be secured from each regulatory entity concerned. [1991 c 199 § 305; 1981 c 224 § 1; 1973 1st ex.s. c 193 § 3.]

Finding—1991 c 199: See note following RCW 70.94.011.

Use of emission credits to be consistent with bubble program: RCW 70.94.850.

70.94.157 Preemption of uniform building and fire codes. The department and local air pollution control authorities shall preempt the application of chapter 9 of the uniform building code and article 80 of the uniform fire code by other state agencies and local governments for the purposes of controlling outdoor air pollution from industrial and commercial sources, except where authorized by *this act. Actions by other state agencies and local governments under article 80 of the uniform fire code to take immediate

action in response to an emission that presents a physical hazard or imminent health hazard are not preempted. [1991 c 199 § 315.]

***Reviser's note:** For codification of "this act" [1991 c 199], see Codification Tables, Volume 0.

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.161 Operating permits for air contaminant sources—Generally—Fees, report to legislature. The department of ecology, or board of an authority, shall require renewable permits for the operation of air contaminant sources subject to the following conditions and limitations:

(1) Unless a different meaning is plainly required by the context, the following words and phrases shall have the following meanings:

(a) "Lowest achievable emission rate" (LAER) means for any source that rate of emissions which reflects:

(i) The most stringent emission limitation that is contained in the implementation plan of any state for such class or category of source, unless the owner or operator of the proposed new or modified source demonstrates that such limitations are not achievable; or

(ii) The most stringent emission limitation that is achieved in practice by such class or category of source, whichever is more stringent.

In no event shall the application of this term permit a proposed new or modified source to emit any pollutant in excess of the amount allowable under applicable new source performance standards.

(b) "Best available control technology" (BACT) means technology that will result in an emission limitation, including a visible emission standard, based on the maximum degree of reduction for each air pollutant subject to this regulation that would be emitted from any proposed new or modified source that the permitting authority, on a case-by-case basis, taking into account energy, environmental, and economic impacts and other costs, determines is achievable for such sources or modification through application of production processes, available methods, systems, and techniques, including fuel cleaning or treatment or innovative fuel combustion techniques for control of such air pollutant. In no event shall application of the best available technology result in emissions of any air pollutant that would exceed the emissions allowed by any applicable standard under 40 C.F.R. Part 60 and Part 61. If the reviewing agency determines that technological or economic limitations on the application of measurement methodology to a particular class of sources would make the imposition of an emission standard infeasible, it may instead prescribe a design, equipment, work practice, or operational standard, or combination thereof, to meet the requirement of best available control technology. Such standard shall, to the degree possible, set forth the emission reduction achievable by implementation of such design, equipment, work practice, or operation and shall provide for compliance by means that achieve equivalent results. The term "all known available and reasonable methods of emission control" is interpreted to mean the same as best available control technology.

(c) "Reasonably available control technology" (RACT) means the lowest emission limit that a particular source or source category is capable of meeting by the application of

control technology that is reasonably available considering technological and economic feasibility. RACT is determined on a case-by-case basis for an individual source or source category taking into account the impact of the source upon air quality, the availability of additional controls, the emission reduction to be achieved by additional controls, the impact of additional controls on air quality, and the capital and operating costs of the additional controls. RACT requirements for any source or source category shall be adopted only after notice and opportunity for comment are afforded.

(d) "Source" means all of the emissions units including quantifiable fugitive emissions, that are located on one or more contiguous or adjacent properties, and are under the control of the same person, or persons under common control, whose activities are ancillary to the production of a single product or functionally related group of products.

(e) "New source" means (i) the construction or modification of a stationary source that increases the amount of any air contaminant emitted by such source or that results in the emission of any air contaminant not previously emitted, and (ii) any other project that constitutes a new source under the federal clean air act.

(f) "Stationary source" means any building, structure, facility, or installation that emits or may emit any air contaminant.

(g) "Modification" means any physical change in, or change in the method of operation of, a stationary source that increases the amount of any air contaminant emitted by such source or that results in the emission of any air contaminant not previously emitted. The term modification shall be construed consistent with the definition of modification in Section 7411, Title 42, United States Code, and with rules implementing that section.

(2) Permits shall be issued for a term of five years. A permit may be modified or amended during its term at the request of the permittee, or for any reason allowed by the federal clean air act. The rules adopted pursuant to subsection (3) of this section shall include rules for permit amendments and modifications.

(3)(a) Rules establishing the elements for a state-wide operating permit program and the process for permit application and renewal consistent with federal requirements shall be established by the department by January 1, 1993. The rules shall provide that every proposed permit must be reviewed prior to issuance by a professional engineer or staff under the direct supervision of a professional engineer in the employ of the permitting authority. The permit program established by these rules shall be administered by the department and delegated local air authorities. Rules developed under this subsection shall not preclude a delegated local air authority from including in a permit its own more stringent emission standards and operating restrictions.

(b) The board of any local air pollution control authority may apply to the department of ecology for a delegation order authorizing the local authority to administer the operating permit program for sources under that authority's jurisdiction. The department shall, by order, approve such delegation, if the department finds that the local authority has the technical and financial resources, to discharge the responsibilities of a permitting authority under the federal clean air act. A delegation request shall include adequate

information about the local authority's resources to enable the department to make the findings required by this subsection; provided, any delegation order issued under this subsection shall take effect ninety days after the environmental protection agency authorizes the local authority to issue operating permits under the federal clean air act.

(c) Except for the authority granted the energy facility site evaluation council to issue permits for the new construction, reconstruction, or enlargement or operation of new energy facilities under chapter 80.50 RCW, the department may exercise the authority, as delegated by the environmental protection agency, to administer Title IV of the federal clean air act as amended and to delegate such administration to local authorities as applicable pursuant to (b) of this subsection.

(4) "Best available control technology" (BACT) is required for new sources except where LAER is required.

Until July 1, 1993, "lowest achievable emission rate" (LAER) is required solely for those sources required by the federal clean air act. By December 1, 1992, the department shall recommend control technology requirements for new sources to the appropriate standing committees of the legislature.

Except as otherwise provided in RCW 70.94.331(9), "reasonably available control technology" (RACT) is required for existing sources.

In establishing technical standards, defined in *subsection (2) of this section, the permitting authority shall consider and, if found to be appropriate, give credit for waste reduction within the process.

(5) Operating permits shall apply to all sources (a) where required by the federal clean air act, and (b) for any source that may cause or contribute to air pollution in such quantity as to create a threat to the public health or welfare. Subsection (b) of this subsection is not intended to apply to small businesses except when both of the following limitations are satisfied: (i) The source is in an area exceeding or threatening to exceed federal or state air quality standards; and (ii) the department provides a reasonable justification that requiring a source to have a permit is necessary to meet a federal or state air quality standard, or to prevent exceeding a standard in an area threatening to exceed the standard. For purposes of this subsection "areas threatening to exceed air quality standards" shall mean areas projected by the department to exceed such standards within five years. Prior to identifying threatened areas the department shall hold a public hearing or hearings within the proposed areas.

(6) Sources operated by government agencies are not exempt under this section.

(7) By October 1, 1993, or ninety days after the United States environmental protection agency approves the state operating permit program, whichever is later, any person required to have a permit shall submit to the permitting agency a compliance plan and permit application, signed by a responsible official, certifying the accuracy of the information submitted. Until permits are issued, existing sources shall be allowed to operate under presently applicable standards and conditions provided that such sources submit complete and timely permit applications.

(8) All proposed permits shall be subject to public notice and comment. The rules adopted pursuant to subsection (3) of this section shall specify procedures for public

notice and comment. Such procedures shall provide the permitting agency with an opportunity to respond to comments received from interested parties prior to the time that the proposed permit is submitted to the environmental protection agency for review pursuant to section 505(a) of the federal clean air act. In the event that the environmental protection agency objects to a proposed permit pursuant to section 505(b) of the federal clean air act, the permitting authority shall not issue the permit, unless the permittee consents to the changes required by the environmental protection agency.

(9) The procedures contained in chapter 43.21B RCW shall apply to permit appeals. The pollution control hearings board may stay the effectiveness of any permit issued under this section during the pendency of an appeal filed by the permittee, if the permittee demonstrates that compliance with the permit during the pendency of the appeal would require significant expenditures that would not be necessary in the event that the permittee prevailed on the merits of the appeal.

(10) After the effective date of any permit program promulgated under this section, it shall be unlawful for any person to: (a) Operate a permitted source in violation of any requirement of a permit issued under this section; or (b) fail to submit a permit application at the time required by rules adopted under subsection (3) of this section.

(11) Each air operating permit shall state the origin of and specific legal authority for each requirement included therein. Every requirement in an operating permit shall be based upon the most stringent of the following requirements:

(a) The federal clean air act and rules implementing that act, including provision of the approved state implementation plan;

(b) This chapter and rules adopted thereunder; and

(c) In permits issued by a local air pollution control authority, the requirements of any order or regulation adopted by that authority.

(12) Consistent with the provisions of the federal clean air act, the permitting authority may issue general permits covering categories of permitted sources, and temporary permits authorizing emissions from similar operations at multiple temporary locations.

(13) Permitted sources within the territorial jurisdiction of an authority delegated the operating permit program shall file their permit applications with that authority, except that permit applications for sources regulated on a state-wide basis pursuant to RCW 70.94.395 shall be filed with the department. Permitted sources outside the territorial jurisdiction of a delegated authority shall file their applications with the department.

(14) When issuing operating permits to coal fired electric generating plants, the permitting authority shall give consideration to the federal time lines for the implementation of required control technology.

(15)(a) Each source emitting one hundred tons or more per year of a regulated pollutant shall pay an interim assessment of ten dollars per ton multiplied by the annual process-related emissions of each regulated pollutant emitted during calendar years 1990 and 1991. "Regulated pollutant" shall have the same meaning as defined in section 502(b) of the federal clean air act amendments of 1990.

(b) Fees collected under (a) of this subsection shall be distributed as follows: Eighty percent to the department and twenty percent to local air authorities.

(c) The fees assessed to a source under (a) of this subsection and any fees enacted under subsection (16) of this section shall be limited to the first seven thousand five hundred tons for each regulated pollutant per year.

(16) On or before November 1, 1992, the department, in consultation with the department of revenue, shall report to the appropriate standing committees of the legislature recommendations on air operating permit fees. The department shall recommend a level of fees to cover the direct and indirect costs of implementing the operating permit program required under the 1990 federal clean air act. In making such recommendations, the department shall address:

(a) The costs of the permit program elements as identified in regulations promulgated by the United States environmental protection agency, including, as applicable:

(i) Oversight of a delegated local air authority;

(ii) Ambient air monitoring, modeling, and reporting;

(iii) Training;

(iv) Data management and quality assurance;

(v) Development of state implementation plans;

(vi) Emission inventories;

(vii) Technical assistance;

(viii) Rule making and guidelines; and

(ix) Any other activities, consistent with the federal clean air act, that may be identified by the department;

(b) The appropriate division of fees with delegated local air authorities; and

(c) A methodology for tracking revenues and expenditures from fees paid under this chapter.

(17) The department shall determine the persons liable for the fee imposed by subsection (15) of this section, compute the fee, and provide by November 1 of 1991 and 1992, the identity of the fee payer with the computation of the fee to the department of revenue for collection. The department of revenue shall collect the fee computed by the department from the fee payers identified by the department. The administrative, collection, and penalty provisions of chapter 82.32 RCW shall apply to the collection of the fee by the department of revenue. The department shall provide technical assistance to the department of revenue for decisions made by the department of revenue pursuant to RCW 82.32.160 and 82.32.170. All fees collected shall be deposited in the air operating permit account.

All fees identified in this section shall be due and payable on March 1 of 1992 and 1993.

(18) For sources or source categories not required to obtain permits under subsection (5) of this section, the department or local authority may establish by rule control technology requirements. If control technology rule revisions are made by the department or local authority under this subsection, the department or local authority shall consider the remaining useful life of control equipment previously installed on existing sources before requiring technology changes. The department or any local air authority may issue a general permit, as authorized under the federal clean air act, for such sources.

(19) RCW 70.94.151 shall not apply to any source for which a permit under this section has been issued. [1991 c 199 § 301.]

Air operating permit account: RCW 70.94.015.

70.94.163 Source categories not required to have a permit—Recommendations. The department shall prepare recommendations to reduce air emissions for source categories not generally required to have a permit under RCW 70.94.161. Such recommendations shall not require any action by the owner or operator of a source and shall be consistent with rules adopted under chapter 70.95C RCW. The recommendations shall include but not be limited to: Process changes, product substitution, equipment modifications, hazardous substance use reduction, recycling, and energy efficiency. [1991 c 199 § 304.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.170 Air pollution control authority control officer. Any activated authority which has adopted an ordinance, resolution, or valid rules and regulations as provided herein for the control and prevention of air pollution shall appoint a full time control officer, whose sole responsibility shall be to observe and enforce the provisions of this chapter and all orders, ordinances, resolutions, or rules and regulations of such activated authority pertaining to the control and prevention of air pollution. [1991 c 199 § 707; 1969 ex.s. c 168 § 21; 1967 c 238 § 30; 1957 c 232 § 17.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.181 Variances—Application for—Considerations—Limitations—Renewals—Review. (1) Any person who owns or is in control of any plant, building, structure, establishment, process or equipment may apply to the department of ecology or appropriate local authority board for a variance from rules or regulations governing the quality, nature, duration or extent of discharges of air contaminants. The application shall be accompanied by such information and data as the department of ecology or board may require. The department of ecology or board may grant such variance, provided that variances to state rules shall require the department's approval prior to being issued by a local authority board. The total time period for a variance and renewal of such variance shall not exceed one year. Variances may be issued by either the department or a local board but only after public hearing or due notice, if the department or board finds that:

(a) The emissions occurring or proposed to occur do not endanger public health or safety or the environment; and

(b) Compliance with the rules or regulations from which variance is sought would produce serious hardship without equal or greater benefits to the public.

(2) No variance shall be granted pursuant to this section until the department of ecology or board has considered the relative interests of the applicant, other owners of property likely to be affected by the discharges, and the general public.

(3) Any variance or renewal thereof shall be granted within the requirements of subsection (1) of this section and

under conditions consistent with the reasons therefor, and within the following limitations:

(a) If the variance is granted on the ground that there is no practicable means known or available for the adequate prevention, abatement or control of the pollution involved, it shall be only until the necessary means for prevention, abatement or control become known and available, and subject to the taking of any substitute or alternate measures that the department of ecology or board may prescribe.

(b) If the variance is granted on the ground that compliance with the particular requirement or requirements from which variance is sought will require the taking of measures which, because of their extent or cost, must be spread over a considerable period of time, it shall be for a period not to exceed such reasonable time as, in the view of the department of ecology or board is requisite for the taking of the necessary measures. A variance granted on the ground specified herein shall contain a timetable for the taking of action in an expeditious manner and shall be conditioned on adherence to such timetable.

(c) If the variance is granted on the ground that it is justified to relieve or prevent hardship of a kind other than that provided for in (a) and (b) of this subsection, it shall be for not more than one year.

(4) Any variance granted pursuant to this section may be renewed on terms and conditions and for periods which would be appropriate on initial granting of a variance. If complaint is made to the department of ecology or board on account of the variance, no renewal thereof shall be granted unless following a public hearing on the complaint on due notice the department or board finds that renewal is justified. No renewal shall be granted except on application therefor. Any such application shall be made at least sixty days prior to the expiration of the variance. Immediately upon receipt of an application for renewal, the department of ecology or board shall give public notice of such application in accordance with rules of the department of ecology or board.

(5) A variance or renewal shall not be a right of the applicant or holder thereof but shall be granted at the discretion of the department of ecology or board. However, any applicant adversely affected by the denial or the terms and conditions of the granting of an application for a variance or renewal of a variance by the department of ecology or board may obtain judicial review thereof under the provisions of chapter 34.05 RCW as now or hereafter amended.

(6) Nothing in this section and no variance or renewal granted pursuant hereto shall be construed to prevent or limit the application of the emergency provisions and procedures of RCW 70.94.710 through 70.94.730 to any person or his or her property.

(7) An application for a variance, or for the renewal thereof, submitted to the department of ecology or board pursuant to this section shall be approved or disapproved by the department or board within sixty-five days of receipt unless the applicant and the department of ecology or board agree to a continuance.

(8) Variances approved under this section shall not be included in orders or permits provided for in RCW 70.94.161 or 70.94.152 until such time as the variance has been accepted by the United States environmental protection agency as part of an approved state implementation plan.

70.94.200 Investigation of conditions by control officer or department—Entering private, public property. For the purpose of investigating conditions specific to the control, recovery or release of air contaminants into the atmosphere, a control officer, the department, or their duly authorized representatives, shall have the power to enter at reasonable times upon any private or public property, excepting nonmultiple unit private dwellings housing two families or less. No person shall refuse entry or access to any control officer, the department, or their duly authorized representatives, who requests entry for the purpose of inspection, and who presents appropriate credentials; nor shall any person obstruct, hamper or interfere with any such inspection. 70.94.205 Confidentiality of records and information. Whenever any records or other information, other than ambient air quality data or emission data, furnished to or obtained by the department of ecology or the board of any authority under this chapter, relate to processes or production unique to the owner or operator, or is likely to affect adversely the competitive position of such owner or operator if released to the public or to a competitor, and the owner or operator of such processes or production so certifies, such records or information shall be only for the confidential use of the department of ecology or board. Nothing herein shall be construed to prevent the use of records or information by the department of ecology or board in compiling or publishing analyses or summaries relating to the general condition of the outdoor atmosphere: PROVIDED, That such analyses or summaries do not reveal any information otherwise confidential under the provisions of this section: PROVIDED FURTHER, That emission data furnished to or obtained by the department of ecology or board shall be correlated with applicable emission limitations and other control measures and shall be available for public inspection during normal business hours at offices of the department of ecology or board. 70.94.211 Enforcement actions by air authority—Notice to violators. At least thirty days prior to the commencement of any formal enforcement action under RCW 70.94.430 or 70.94.431 a local air authority shall cause written notice to be served upon the alleged violator or violators. The notice shall specify the provision of this chapter or the rule or regulation alleged to be violated, and the facts alleged to constitute a violation thereof, and may include an order directing that necessary corrective action be taken within a reasonable time. In lieu of an order, the board or the control officer may require that the alleged violator or violators appear before the board for a hearing. Every notice of violation shall offer to the alleged violator

an opportunity to meet with the local air authority prior to the commencement of enforcement action. [1991 c 199 § 309; 1974 ex.s. c 69 § 4; 1970 ex.s. c 62 § 57; 1969 ex.s. c 168 § 24; 1967 c 238 § 34.]

Any order issued by the board after a hearing shall become final unless no later than thirty days after the issuance of such order, a petition requesting judicial review is filed in accordance with the provisions of chapter 34.05 RCW as now or hereafter amended. When such a petition is filed, the superior court shall initiate a hearing pursuant to *RCW 34.05.570 within ninety days after the receipt of the petition requesting judicial review. Every appeal from a decision of the superior court shall be heard by the appropriate appellate court as soon as possible. Such appeal shall be considered a case involving issues of broad public import requiring prompt and ultimate determination. [1970 ex.s. c 41 § 2; 1969 ex.s. c 168 § 26; 1967 c 238 § 36.]

70.94.230 Rules of authority supersede local rules, regulations, etc.—Exceptions. The rules and regulations hereafter adopted by an authority under the provisions of this chapter shall supersede the existing rules, regulations, resolutions and ordinances of any of the component bodies included within said authority in all matters relating to the control and enforcement of air pollution as contemplated by this chapter: PROVIDED, HOWEVER, That existing rules, regulations, resolutions and ordinances shall remain in effect until such rules, regulations, resolutions and ordinances are superseded as provided in this section: PROVIDED FURTHER, That nothing herein shall be construed to supersede any local county, or city ordinance or resolution, or any provision of the statutory or common law pertaining to nuisance; nor to affect any aspect of employer-employee relationship relating to conditions in a place of work, including without limitation, statutes, rules or regulations governing industrial health and safety standards or performance standards incorporated in zoning ordinances or

resolutions of the component bodies where such standards relating to air pollution control or air quality containing requirements not less stringent than those of the authority. [1969 ex.s. c 168 § 28; 1967 c 238 § 38; 1957 c 232 § 23.]

70.94.231 Air pollution control authority—Dissolution of prior districts—Continuation of rules and regulations until superseded. Upon the date that an authority begins to exercise its powers and functions, all rules and regulations in force on such date shall remain in effect until superseded by the rules and regulations of the authority as provided in RCW 70.94.230. [1991 c 199 § 708; 1969 ex.s. c 168 § 29; 1967 c 238 § 39.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.240 Air pollution control advisory council. The board of any authority may appoint an air pollution control advisory council to advise and consult with such board, and the control officer in effectuating the purposes of this chapter. The council shall consist of at least five appointed members who are residents of the authority and who are preferably skilled and experienced in the field of air pollution control, chemistry, meteorology, public health, or a related field, at least one of whom shall serve as a representative of industry and one of whom shall serve as a representative of the environmental community. The chair of the board of any such authority shall serve as ex officio member of the council and be its chair. Each member of the council shall receive from the authority per diem and travel expenses in an amount not to exceed that provided for the state board in this chapter (but not to exceed one thousand dollars per year) for each full day spent in the performance of his or her duties under this chapter. [1991 c 199 § 709; 1969 ex.s. c 168 § 30; 1967 c 238 § 41; 1957 c 232 § 24.]

70.94.260 Dissolution of authority—Deactivation of authority. An air pollution control authority may be deactivated prior to the term provided in the original or subsequent agreement by the county or counties comprising such authority upon the adoption by the board, following a hearing held upon ten days notice, to said counties, of a resolution for dissolution or deactivation and upon the approval by the legislative authority of each county comprising the authority. In such event, the board shall proceed to wind up the affairs of the authority and pay all indebtedness thereof. Any surplus of funds shall be paid over to the counties comprising the authority in proportion to their last contribution. Upon the completion of the process of closing the affairs of the authority, the board shall by resolution entered in its minutes declare the authority deactivated and a certified copy of such resolution shall be filed with the secretary of state and the authority shall be deemed inactive. [1979 ex.s. c 30 § 12; 1969 ex.s. c 168 § 31; 1967 c 238 § 43; 1957 c 232 § 26.]

70.94.262 Withdrawal from multicounty authority. (1) Any county that is part of a multicounty authority, pursuant to RCW 70.94.053, may withdraw from the multicounty authority after January 1, 1992, if the county wishes to provide for air quality protection and regulation by

an alternate air quality authority. A withdrawing county shall:

- (a) Create its own single county authority;
- (b) Join another existing multicounty authority with which its boundaries are contiguous;
- (c) Join with one or more contiguous inactive authorities to operate as a new multicounty authority; or
- (d) Become an inactive authority and subject to regulation by the department of ecology.

(2) In order to withdraw from an existing multicounty authority, a county shall make arrangements, by interlocal agreement, for division of assets and liabilities and the appropriate release of any and all interest in assets of the multicounty authority.

(3) In order to effectuate any of the alternate arrangements in subsection (1) of this section, the procedures of this chapter to create an air pollution control authority shall be met and the actions must be taken at least six months prior to the effective date of withdrawal. The rules of the original multicounty authority shall continue in force for the withdrawing county until such time as all conditions to create an air pollution control authority have been met.

(4) At the effective date of a county's withdrawal, the remaining counties shall reorganize and reconstitute the legislative authority pursuant to this chapter. The air pollution control regulations of the existing multicounty authority shall remain in force and effect after the reorganization.

(5) If a county elects to withdraw from an existing multicounty authority, the air pollution control regulations shall remain in effect for the withdrawing county until suspended by the adoption of rules, regulations, or ordinances adopted under one of the alternatives of subsection (1) of this section. A county shall initiate proceedings to adopt such rules, regulations, or ordinances on or before the effective date of the county's withdrawal. [1991 c 125 § 2.]

70.94.305 Powers, duties and functions of state air pollution control board, executive director thereof, transferred to department of ecology. See RCW 43.21A.060.

70.94.331 Powers and duties of department. (1) The department shall have all the powers as provided in RCW 70.94.141.

(2) The department, in addition to any other powers vested in it by law after consideration at a public hearing held in accordance with chapters 42.30 and 34.05 RCW shall:

(a) Adopt rules establishing air quality objectives and air quality standards;

(b) Adopt emission standards which shall constitute minimum emission standards throughout the state. An authority may enact more stringent emission standards, except for emission performance standards for new wood stoves and opacity levels for residential solid fuel burning devices which shall be state-wide, but in no event may less stringent standards be enacted by an authority without the prior approval of the department after public hearing and due notice to interested parties;

(c) Adopt by rule air quality standards and emission standards for the control or prohibition of emissions to the outdoor atmosphere of radionuclides, dust, fumes, mist, smoke, other particulate matter, vapor, gas, odorous substances, or any combination thereof. Such requirements may be based upon a system of classification by types of emissions or types of sources of emissions, or combinations thereof, which it determines most feasible for the purposes of this chapter. However, an industry, or the air pollution control authority having jurisdiction, can choose, subject to the submittal of appropriate data that the industry has quantified, to have any limit on the opacity of emissions from a source whose emission standard is stated in terms of a weight of particulate per unit volume of air (e.g., grains per dry standard cubic foot) be based on the applicable particulate emission standard for that source, such that any violation of the opacity limit accurately indicates a violation of the applicable particulate emission standard. Any alternative opacity limit provided by this section that would result in increasing air contaminants emissions in any nonattainment area shall only be granted if equal or greater emission reductions are provided for by the same source obtaining the revised opacity limit. A reasonable fee may be assessed to the industry to which the alternate opacity standard would apply. The fee shall cover only those costs to the air pollution control authority which are directly related to the determination on the acceptability of the alternate opacity standard, including testing, oversight and review of data.

(3) The air quality standards and emission standards may be for the state as a whole or may vary from area to area or source to source, except that emission performance standards for new wood stoves and opacity levels for residential solid fuel burning devices shall be state-wide, as may be appropriate to facilitate the accomplishment of the objectives of this chapter and to take necessary or desirable account of varying local conditions of population concentration, the existence of actual or reasonably foreseeable air pollution, topographic and meteorologic conditions and other pertinent variables.

(4) The department is directed to cooperate with the appropriate agencies of the United States or other states or any interstate agencies or international agencies with respect to the control of air pollution and air contamination, or for the formulation for the submission to the legislature of interstate air pollution control compacts or agreements.

(5) The department is directed to conduct or cause to be conducted a continuous surveillance program to monitor the quality of the ambient atmosphere as to concentrations and movements of air contaminants and conduct or cause to be conducted a program to determine the quantity of emissions to the atmosphere.

(6) The department shall enforce the air quality standards and emission standards throughout the state except where a local authority is enforcing the state regulations or its own regulations which are more stringent than those of the state.

(7) The department shall encourage local units of government to handle air pollution problems within their respective jurisdictions; and, on a cooperative basis provide technical and consultative assistance therefor.

(8) The department shall have the power to require the addition to or deletion of a county or counties from an existing authority in order to carry out the purposes of this chapter. No such addition or deletion shall be made without the concurrence of any existing authority involved. Such action shall only be taken after a public hearing held pursuant to the provisions of chapter 34.05 RCW.

(9) The department shall establish rules requiring sources or source categories to apply reasonable and available control methods. Such rules shall apply to those sources or source categories that individually or collectively contribute the majority of state-wide air emissions of each regulated pollutant. The department shall review, and if necessary, update its rules every five years to ensure consistency with current reasonable and available control methods. The department shall have adopted rules required under this subsection for all sources by July 1, 1996.

For the purposes of this section, "reasonable and available control methods" shall include but not be limited to, changes in technology, processes, or other control strategies. 70.94.332 Enforcement actions by department—Notice to violators. At least thirty days prior to the commencement of any formal enforcement action under RCW 70.94.430 and 70.94.431, the department of ecology shall cause written notice to be served upon the alleged violator or violators. The notice shall specify the provision of this chapter or the rule or regulation alleged to be violated, and the facts alleged to constitute a violation thereof, and may include an order that necessary corrective action be taken within a reasonable time. In lieu of an order, the department may require that the alleged violator or violators appear before it for the purpose of providing the department information pertaining to the violation or the charges complained of. Every notice of violation shall offer to the alleged violator an opportunity to meet with the department prior to the commencement of enforcement action. 70.94.350 Contracts, agreements for use of personnel by department—Reimbursement—Merit system regulations waived. The department is authorized to contract for or otherwise agree to the use of personnel of municipal corporations or other agencies or private persons; and the department is further authorized to reimburse such municipal corporations or agencies for the employment of such personnel. Merit system regulations or standards for the employment of personnel may be waived for personnel

hired under contract as provided for in this section. The department shall provide, within available appropriations, for the scientific, technical, legal, administrative, and other necessary services and facilities for performing the functions under this chapter. 70.94.370 Powers and rights of governmental units and persons are not limited by act or recommendations. No provision of this chapter or any recommendation of the state board or of any local or regional air pollution program is a limitation:

(1) On the power of any city, town or county to declare, prohibit and abate nuisances.

(2) On the power of the secretary of social and health services to provide for the protection of the public health under any authority presently vested in that office or which may be hereafter prescribed by law.

(3) On the power of a state agency in the enforcement, or administration of any provision of law which it is specifically permitted or required to enforce or administer.

(4) On the right of any person to maintain at any time any appropriate action for relief against any air pollution. [1979 c 141 § 123; 1967 c 238 § 59; 1961 c 188 § 8.]

70.94.380 Emission control requirements. (1) Every activated authority operating an air pollution control program shall have requirements for the control of emissions which are no less stringent than those adopted by the department of ecology for the geographic area in which such air pollution control program is located. Less stringent requirements than compelled by this section may be included in a local or regional air pollution control program only after approval by the department of ecology following demonstration to the satisfaction of the department of ecology that the proposed requirements are consistent with the purposes of this chapter: PROVIDED, That such approval shall be preceded by public hearing, of which notice has been given in accordance with chapter 42.30 RCW. The department of ecology, upon receiving evidence that conditions have changed or that additional information is relevant to a decision with respect to the requirements for emission control, may, after public hearing on due notice, withdraw any approval previously given to a less stringent local or regional requirement.

[(2)] Nothing in this chapter shall be construed to prevent a local or regional air pollution control authority from adopting and enforcing more stringent emission control requirements than those adopted by the department of ecology and applicable within the jurisdiction of the local or regional air pollution control authority, except that the emission performance standards for new wood stoves and the opacity levels for residential solid fuel burning devices shall be state-wide. [1987 c 405 § 14; 1979 ex.s. c 30 § 13; 1969 ex.s. c 168 § 36; 1967 c 238 § 50.]

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.385 State financial aid—Application for—Requirements. (1) Any authority may apply to the department for state financial aid. The department shall annually

establish the amount of state funds available for the local authorities taking into consideration available federal and state funds. The establishment of funding amounts shall be consistent with federal requirements and local maintenance of effort necessary to carry out the provisions of this chapter. Any such aid shall be expended from the general fund or from other appropriations as the legislature may provide for this purpose: PROVIDED, That federal funds shall be utilized to the maximum unless otherwise approved by the department: PROVIDED FURTHER, That the amount of state funds provided to local authorities during the previous year shall not be reduced without a public notice or public hearing held by the department if requested by the affected local authority, unless such changes are the direct result of a reduction in the available federal funds for air pollution control programs.

(2) Before any such application is approved and financial aid is given or approved by the department, the authority shall demonstrate to the satisfaction of the department that it is fulfilling the requirements of this chapter. If the department has not adopted ambient air quality standards and objectives as permitted by RCW 70.94.331, the authority shall demonstrate to the satisfaction of the department that it is acting in good faith and doing all that is possible and reasonable to control and prevent air pollution within its jurisdictional boundaries and to carry out the purposes of this chapter.

(3) The department shall adopt rules requiring the submission of such information by each authority including the submission of its proposed budget and a description of its program in support of the application for state financial aid as necessary to enable the department to determine the need for state aid. [1991 c 199 § 712; 1987 c 109 § 41; 1969 ex.s. c 168 § 37; 1967 c 238 § 51.]

Finding—1991 c 199: See note following RCW 70.94.011.

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

70.94.390 Hearing upon activation of authority—Finding—Assumption of jurisdiction by department—Expenses. The department may, at any time and on its own motion, hold a hearing to determine if the activation of an authority is necessary for the prevention, abatement and control of air pollution which exists or is likely to exist in any area of the state. Notice of such hearing shall be conducted in accordance with chapter 42.30 RCW and chapter 34.05 RCW. If at such hearing the department finds that air pollution exists or is likely to occur in a particular area, and that the purposes of this chapter and the public interest will be best served by the activation of an authority it shall designate the boundaries of such area and set forth in a report to the appropriate county or counties recommendations for the activation of an authority: PROVIDED, That if at such hearing the department determines that the activation of an authority is not practical or feasible for the reason that a local or regional air pollution control program cannot be successfully established or operated due to unusual circumstances and conditions, but that the control and/or prevention of air pollution is necessary for the purposes of this chapter and the public interest, it may assume jurisdiction and so declare by order. Such order shall designate the

geographic area in which, and the effective date upon which, the department will exercise jurisdiction for the control and/or prevention of air pollution. The department shall exercise its powers and duties in the same manner as if it had assumed authority under RCW 70.94.410.

All expenses incurred by the department in the control and prevention of air pollution in any county pursuant to the provisions of RCW 70.94.390 and 70.94.410 shall constitute a claim against such county. The department shall certify the expenses to the auditor of the county, who promptly shall issue his warrant on the county treasurer payable out of the current expense fund of the county. In the event that the amount in the current expense fund of the county is not adequate to meet the expenses incurred by the department, the department shall certify to the state treasurer that they have a prior claim on any money in the "liquor excise tax fund" that is to be apportioned to that county by the state treasurer as provided in RCW 82.08.170. In the event that the amount in the "liquor excise tax fund" that is to be apportioned to that county by the state treasurer is not adequate to meet the expenses incurred by the department, the department shall certify to the state treasurer that they have a prior claim on any excess funds from the liquor revolving fund that are to be distributed to that county as provided in RCW 66.08.190 through 66.08.220. All moneys that are collected as provided in this section shall be placed in the general fund in the account of the office of air programs of the department. [1987 c 109 § 42; 1969 ex.s. c 168 § 38; 1967 c 238 § 52.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

70.94.395 Air contaminant sources—Regulation by department; authorities may be more stringent—Hearing—Standards. If the department finds, after public hearing upon due notice to all interested parties, that the emissions from a particular type or class of air contaminant source should be regulated on a state-wide basis in the public interest and for the protection of the welfare of the citizens of the state, it may adopt and enforce rules to control and/or prevent the emission of air contaminants from such source. An authority may, after public hearing and a finding by the board of a need for more stringent rules than those adopted by the department under this section, propose the adoption of such rules by the department for the control of emissions from the particular type or class of air contaminant source within the geographical area of the authority. The department shall hold a public hearing and shall adopt the proposed rules within the area of the requesting authority, unless it finds that the proposed rules are inconsistent with the rules adopted by the department under this section. When such standards are adopted by the department it shall delegate solely to the requesting authority all powers necessary for their enforcement at the request of the authority. If after public hearing the department finds that the regulation on a state-wide basis of a particular type or class of air contaminant source is no longer required for the public interest and the protection of the welfare of the citizens of the state, the department may relinquish exclusive jurisdiction over such source. [1991 c 199 § 713; 1987 c 109 § 43; 1969 ex.s. c 168 § 39; 1967 c 238 § 53.]

Finding—1991 c 199: See note following RCW 70.94.011.

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

70.94.400 Order activating authority—Filing—Hearing—Amendment of order. If, at the end of ninety days after the department issues a report as provided for in RCW 70.94.390, to appropriate county or counties recommending the activation of an authority such county or counties have not performed those actions recommended by the department, and the department is still of the opinion that the activation of an authority is necessary for the prevention, abatement and control of air pollution which exists or is likely to exist, then the department may, at its discretion, issue an order activating an authority. Such order, a certified copy of which shall be filed with the secretary of state, shall specify the participating county or counties and the effective date by which the authority shall begin to function and exercise its powers. Any authority activated by order of the department shall choose the members of its board as provided in RCW 70.94.100 and begin to function in the same manner as if it had been activated by resolutions of the county or counties included within its boundaries. The department may, upon due notice to all interested parties, conduct a hearing in accordance with chapter 42.30 RCW and chapter 34.05 RCW within six months after the order was issued to review such order and to ascertain if such order is being carried out in good faith. At such time the department may amend any such order issued if it is determined by the department that such order is being carried out in bad faith or the department may take the appropriate action as is provided in RCW 70.94.410. [1987 c 109 § 44; 1969 ex.s. c 168 § 40; 1967 c 238 § 54.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

70.94.405 Air pollution control authority—Review by department of program. At any time after an authority has been activated for no less than one year, the department may, on its own motion, conduct a hearing held in accordance with chapters 42.30 and 34.05 RCW, to determine whether or not the air pollution prevention and control program of such authority is being carried out in good faith and is as effective as possible. If at such hearing the department finds that such authority is not carrying out its air pollution control or prevention program in good faith, is not doing all that is possible and reasonable to control and/or prevent air pollution within the geographical area over which it has jurisdiction, or is not carrying out the provisions of this chapter, it shall set forth in a report or order to the appropriate authority: (1) Its recommendations as to how air pollution prevention and/or control might be more effectively accomplished; and (2) guidelines which will assist the authority in carrying out the recommendations of the department. [1991 c 199 § 714; 1987 c 109 § 45; 1969 ex.s. c 168 § 41; 1967 c 238 § 55.]

Finding—1991 c 199: See note following RCW 70.94.011.

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

70.94.410 Air pollution control authority—Assumption of control by department. (1) If, after thirty

days from the time that the department issues a report or order to an authority under RCW 70.94.400 and 70.94.405, such authority has not taken action which indicates that it is attempting in good faith to implement the recommendations or actions of the department as set forth in the report or order, the department may, by order, declare as null and void any or all ordinances, resolutions, rules or regulations of such authority relating to the control and/or prevention of air pollution, and at such time the department shall become the sole body with authority to make and enforce rules and regulations for the control and/or prevention of air pollution within the geographical area of such authority. If this occurs, the department may assume all those powers which are given to it by law to effectuate the purposes of this chapter. The department may, by order, continue in effect and enforce provisions of the ordinances, resolutions, or rules of such authority which are not less stringent than those requirements which the department may have found applicable to the area under RCW 70.94.331, until such time as the department adopts its own rules. Any rules promulgated by the department shall be subject to the provisions of chapter 34.05 RCW. Any enforcement actions shall be subject to RCW 43.21B.300 or 43.21B.310.

(2) No provision of this chapter is intended to prohibit any authority from reestablishing its air pollution control program which meets with the approval of the department and which complies with the purposes of this chapter and with applicable rules and orders of the department.

(3) Nothing in this chapter shall prevent the department from withdrawing the exercise of its jurisdiction over an authority upon its own motion if the department has found at a hearing held in accordance with chapters 42.30 and 34.05 RCW, that the air pollution prevention and control program of such authority will be carried out in good faith, that such program will do all that is possible and reasonable to control and/or prevent air pollution within the geographical area over which it has jurisdiction, and that the program complies with the provisions of this chapter. Upon the withdrawal of the department, the department shall prescribe certain recommendations as to how air pollution prevention and/or control is to be effectively accomplished and guidelines which will assist the authority in carrying out the recommendations of the department. [1991 c 199 § 715; 1987 c 109 § 46; 1969 ex.s. c 168 § 42; 1967 c 238 § 56.]

Finding—1991 c 199: See note following RCW 70.94.011.

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

70.94.420 State departments and agencies to cooperate with department and authorities. It is declared to be the intent of the legislature of the state of Washington that any state department or agency having jurisdiction over any building, installation, other property, or other activity creating or likely to create significant air pollution shall cooperate with the department and with air pollution control agencies in preventing and/or controlling the pollution of the air in any area insofar as the discharge of air contaminants from or by such building, installation, other property, or activity may cause or contribute to pollution of the air in such area. Such state department or agency shall comply with the provisions of this chapter and with any ordinance,

resolution, rule or regulation issued hereunder in the same manner as any other person subject to such laws or rules. [1991 c 199 § 716; 1987 c 109 § 47; 1969 ex.s. c 168 § 44; 1967 c 238 § 58.]

Finding—1991 c 199: See note following RCW 70.94.011.

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

70.94.425 Restraining orders—Injunctions. Notwithstanding the existence or use of any other remedy, whenever any person has engaged in, or is about to engage in, any acts or practices which constitute or will constitute a violation of any provision of this chapter, or any rule, regulation or order issued thereunder, the governing body or board or the department, after notice to such person and an opportunity to comply, may petition the superior court of the county wherein the violation is alleged to be occurring or to have occurred for a restraining order or a temporary or permanent injunction or another appropriate order. [1987 c 109 § 48; 1967 c 238 § 60.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

70.94.430 Penalties. (1) Any person who knowingly violates any of the provisions of chapter 70.94 or 70.120 RCW, or any ordinance, resolution, or regulation in force pursuant thereto shall be guilty of a crime and upon conviction thereof shall be punished by a fine of not more than ten thousand dollars, or by imprisonment in the county jail for not more than one year, or by both for each separate violation.

(2) Any person who negligently releases into the ambient air any substance listed by the department of ecology as a hazardous air pollutant, other than in compliance with the terms of an applicable permit or emission limit, and who at the time negligently places another person in imminent danger of death or substantial bodily harm shall be guilty of a crime and shall, upon conviction, be punished by a fine of not more than ten thousand dollars, or by imprisonment for not more than one year, or both.

(3) Any person who knowingly releases into the ambient air any substance listed by the department of ecology as a hazardous air pollutant, other than in compliance with the terms of an applicable permit or emission limit, and who knows at the time that he or she thereby places another person in imminent danger of death or substantial bodily harm, shall be guilty of a crime and shall, upon conviction, be punished by a fine of not less than fifty thousand dollars, or by imprisonment for not more than five years, or both.

(4) Any person who knowingly fails to disclose a potential conflict of interest under RCW 70.94.100 shall be guilty of a gross misdemeanor, and upon conviction thereof shall be punished by a fine or not more than five thousand dollars. [1991 c 199 § 310; 1984 c 255 § 1; 1973 1st ex.s. c 176 § 1; 1967 c 238 § 61.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.431 Civil penalties—Excusable excess emissions. (1) In addition to or as an alternate to any other penalty provided by law, any person who violates any of the provisions of chapter 70.94 RCW, chapter 70.120 RCW, or

any of the rules in force under such chapters may incur a civil penalty in an amount not to exceed ten thousand dollars per day for each violation. Each such violation shall be a separate and distinct offense, and in case of a continuing violation, each day's continuance shall be a separate and distinct violation.

Any person who fails to take action as specified by an order issued pursuant to this chapter shall be liable for a civil penalty of not more than ten thousand dollars for each day of continued noncompliance.

(2) Penalties incurred but not paid shall accrue interest, beginning on the ninety-first day following the date that the penalty becomes due and payable, at the highest rate allowed by RCW 19.52.020 on the date that the penalty becomes due and payable. If violations or penalties are appealed, interest shall not begin to accrue until the thirty-first day following final resolution of the appeal.

The maximum penalty amounts established in this section may be increased annually to account for inflation as determined by the state office of the economic and revenue forecast council.

(3) Each act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the same penalty. The penalties provided in this section shall be imposed pursuant to RCW 43.21B.300.

(4) All penalties recovered under this section by the department shall be paid into the state treasury and credited to the air pollution control account established in RCW 70.94.015 or, if recovered by the authority, shall be paid into the treasury of the authority and credited to its funds. If a prior penalty for the same violation has been paid to a local authority, the penalty imposed by the department under subsection (1) of this section shall be reduced by the amount of the payment.

(5) To secure the penalty incurred under this section, the state or the authority shall have a lien on any vessel used or operated in violation of this chapter which shall be enforced as provided in RCW 60.36.050.

(6) Public or private entities that are recipients or potential recipients of department grants, whether for air quality related activities or not, may have such grants rescinded or withheld by the department for failure to comply with provisions of this chapter.

(7) In addition to other penalties provided by this chapter, persons knowingly under-reporting emissions or other information used to set fees, or persons required to pay emission or permit fees who are more than ninety days late with such payments may be subject to a penalty equal to three times the amount of the original fee owed.

(8) By January 1, 1992, the department shall develop rules for excusing excess emissions from enforcement action if such excess emissions are unavoidable. The rules shall specify the criteria and procedures for the department and local air authorities to determine whether a period of excess emissions is excusable in accordance with the state implementation plan. [1991 c 199 § 311; 1990 c 157 § 1; 1987 c 109 § 19; 1984 c 255 § 2; 1973 1st ex.s. c 176 § 2; 1969 ex.s. c 168 § 53.]

Finding—1991 c 199: See note following RCW 70.94.011.

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

70.94.435 Additional means for enforcement of chapter. As an additional means of enforcing this chapter, the governing body or board may accept an assurance of discontinuance of any act or practice deemed in violation of this chapter or of any ordinance, resolution, rule or regulation adopted pursuant hereto, from any person engaging in, or who has engaged in, such act or practice. Any such assurance shall specify a time limit during which such discontinuance is to be accomplished. Failure to perform the terms of any such assurance shall constitute prima facie proof of a violation of this chapter or the ordinances, resolutions, rules or regulations, or order issued pursuant thereto, which make the alleged act or practice unlawful for the purpose of securing any injunction or other relief from the superior court as provided in RCW 70.94.425. [1967 c 238 § 62.]

70.94.440 Short title. This chapter may be known and cited as the "Washington Clean Air Act". [1967 c 238 § 63.]

Short title—1991 c 199: "This chapter shall be known and may be cited as the clean air Washington act." [1991 c 199 § 721.]

70.94.445 Air pollution control facilities—Tax exemptions and credits. See chapter 82.34 RCW.

70.94.450 Wood stoves—Policy. In the interest of the public health and welfare and in keeping with the objectives of RCW 70.94.011, the legislature declares it to be the public policy of the state to control, reduce, and prevent air pollution caused by wood stove emissions. It is the state's policy to reduce wood stove emissions by encouraging the department of ecology to continue efforts to educate the public about the effects of wood stove emissions, other heating alternatives, and the desirability of achieving better emission performance and heating efficiency from wood stoves. The legislature further declares that: (1) The purchase of certified wood stoves will not solve the problem of pollution caused by wood stove emissions; and (2) the reduction of air pollution caused by wood stove emissions will only occur when wood stove users adopt proper methods of wood burning. [1987 c 405 § 1.]

Severability—1987 c 405: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1987 c 405 § 18.]

70.94.453 Wood stoves—Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 70.94.453 through *70.94.487:

(1) "Department" means the department of ecology.

(2) "Wood stove" means a solid fuel burning device other than a fireplace not meeting the requirements of RCW 70.94.457, including any fireplace insert, wood stove, wood burning heater, wood stick boiler, coal-fired furnace, coal stove, or similar device burning any solid fuel used for aesthetic or space-heating purposes in a private residence or commercial establishment, which has a heat input less than one million British thermal units per hour. The term "wood stove" does not include wood cook stoves.

(3) "Fireplace" means: (a) Any permanently installed masonry fireplace; or (b) any factory-built metal solid fuel burning device designed to be used with an open combustion chamber and without features to control the air to fuel ratio.

(4) "New wood stove" means: (a) A wood stove that is sold at retail, bargained, exchanged, or given away for the first time by the manufacturer, the manufacturer's dealer or agency, or a retailer; and (b) has not been so used to have become what is commonly known as "second hand" within the ordinary meaning of that term.

(5) "Solid fuel burning device" means any device for burning wood, coal, or any other nongaseous and nonliquid fuel, including a wood stove and fireplace.

(6) "Authority" means any air pollution control agency whose jurisdictional boundaries are coextensive with the boundaries of one or more counties.

(7) "Opacity" means the degree to which an object seen through a plume is obscured, stated as a percentage. The methods approved by the department in accordance with RCW 70.94.331 shall be used to establish opacity for the purposes of this chapter. [1987 c 405 § 2.]

*Reviser's note: RCW 70.94.487 was repealed by 1988 c 186 § 16, effective June 30, 1988.

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.455 Residential and commercial construction—Burning and heating device standards. After January 1, 1992, no used solid fuel burning device shall be installed in new or existing buildings unless such device is either Oregon department of environmental quality phase II or United States environmental protection agency certified or a pellet stove either certified or exempt from certification by the United States environmental protection agency.

(1) By July 1, 1992, the state building code council shall adopt rules requiring an adequate source of heat other than wood stoves in all new and substantially remodeled residential and commercial construction. This rule shall apply (a) to areas designated by a county to be an urban growth area under chapter 36.70A RCW; and (b) to areas designated by the environmental protection agency as being in nonattainment for particulate matter.

(2) For purposes of this section, "substantially remodeled" means any alteration or restoration of a building exceeding sixty percent of the appraised value of such building within a twelve-month period. [1991 c 199 § 503.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.457 Solid fuel burning devices—Emission performance standards. The department of ecology shall establish by rule under chapter 34.05 RCW:

(1) State-wide emission performance standards for new solid fuel burning devices. Notwithstanding any other provision of this chapter which allows an authority to adopt more stringent emission standards, no authority shall adopt any emission standard for new solid fuel burning devices other than the state-wide standard adopted by the department under this section.

(a) After January 1, 1995, no solid fuel burning device shall be offered for sale that does not meet the following particulate air contaminant emission standards under the test methodology of the United States environmental protection

agency in effect on January 1, 1991, or an equivalent standard under any test methodology adopted by the United States environmental protection agency subsequent to such date: (i) Two and one-half grams per hour for catalytic wood stoves; and (ii) four and one-half grams per hour for all other solid fuel burning devices. For purposes of this subsection, "equivalent" shall mean the emissions limits specified in this subsection multiplied by a statistically reliable conversion factor determined by the department that compares the difference between the emission test methodology established by the United States environmental protection agency prior to May 15, 1991, with the test methodology adopted subsequently by the agency. Subsection (a) of this subsection does not apply to fireplaces.

(b) After January 1, 1997, no fireplace, except masonry fireplaces, shall be offered for sale unless such fireplace meets the 1990 United States environmental protection agency standards for wood stoves or equivalent standard that may be established by the state building code council by rule. Prior to January 1, 1997, the state building code council shall establish by rule a methodology for the testing of factory-built fireplaces. The methodology shall be designed to achieve a particulate air emission standard equivalent to the 1990 United States environmental protection agency standard for wood stoves. In developing the rules, the council shall include on the technical advisory committee at least one representative from the masonry fireplace builders and at least one representative of the factory-built fireplace manufacturers.

(c) Prior to January 1, 1997, the state building code council shall establish by rule design standards for the construction of new masonry fireplaces in Washington state. In developing the rules, the council shall include on the technical advisory committee at least one representative from the masonry fireplace builders and at least one representative of the factory-built fireplace manufacturers. It shall be the goal of the council to develop design standards that generally achieve reductions in particulate air contaminant emissions commensurate with the reductions being achieved by factory-built fireplaces at the time the standard is established.

(d) Actions of the department and local air pollution control authorities under this section shall preempt actions of other state agencies and local governments for the purposes of controlling air pollution from solid fuel burning devices, except where authorized by *this act.

(e) Subsection (1)(a) of this section shall not apply to fireplaces.

(f) Notwithstanding (a) of this subsection, the department is authorized to adopt, by rule, emission standards adopted by the United States environmental protection agency for new wood stoves sold at retail. For solid fuel burning devices for which the United States environmental protection agency has not established emission standards, the department may exempt or establish, by rule, state-wide standards including emission levels and test procedures for such devices and such emission levels and test procedures shall be equivalent to emission levels per pound per hour burned for other new wood stoves and fireplaces regulated under this subsection.

(2) A program to:

(a) Determine whether a new solid fuel burning device complies with the state-wide emission performance standards established in subsection (1) of this section; and

(b) Approve the sale of devices that comply with the state-wide emission performance standards. [1991 c 199 § 501; 1987 c 405 § 4.]

70.94.460 Sale of unapproved wood stoves—Prohibited. After July 1, 1988, no person shall sell, offer to sell, or knowingly advertise to sell a new wood stove in this state unless the wood stove has been approved by the department under the program established under RCW 70.94.457. [1987 c 405 § 7.]

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.463 Sale of unapproved wood stoves—Penalty. After July 1, 1988, any person who sells, offers to sell, or knowingly advertises to sell a new wood stove in this state in violation of RCW 70.94.460 shall be subject to the penalties and enforcement actions under this chapter. [1987 c 405 § 8.]

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.467 Sale of unapproved wood stoves—Application of law to advertising media. Nothing in RCW 70.94.460 or 70.94.463 shall apply to a radio station, television station, publisher, printer, or distributor of a newspaper, magazine, billboard, or other advertising medium that accepts advertising in good faith and without knowledge of its violation of RCW 70.94.453 through *70.94.487. [1987 c 405 § 12.]

***Reviser's note:** RCW 70.94.487 was repealed by 1988 c 186 § 16, effective June 30, 1988.

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.470 Residential solid fuel burning devices—Opacity levels—Enforcement and public education. (1) The department shall establish, by rule under chapter 34.05 RCW, (a) a state-wide opacity level of twenty percent for residential solid fuel burning devices for the purpose of enforcement on a complaint basis and (b) a state-wide opacity of ten percent for purposes of public education.

(2) Notwithstanding any other provision of this chapter which may allow an authority to adopt a more stringent opacity level, no authority shall adopt or enforce an opacity level for solid fuel burning devices other than established in this section.

(3) Actions of the department and local air pollution control authorities under this section shall preempt actions of other state agencies and local governments for the purposes of controlling air pollution from solid fuel burning devices, except where authorized by *this act. [1991 c 199 § 502; 1987 c 405 § 5.]

70.94.473 Limitations on burning wood for heat.

(1) Any person in a residence or commercial establishment which has an adequate source of heat without burning wood shall:

(a) Not burn wood in any solid fuel burning device whenever the department has determined under RCW 70.94.471 that any air pollution episode exists in that area;

(b) Not burn wood in any solid fuel burning device except those which are either Oregon department of environmental quality phase II or United States environmental protection agency certified or certified by the department under RCW 70.94.457(1) or a pellet stove either certified or issued an exemption by the United States environmental protection agency in accordance with Title 40, Part 60 of the code of federal regulations, in the geographical area and for the period of time that a first stage of impaired air quality has been determined, by the department or any authority, for that area. A first stage of impaired air quality is reached when particulates ten microns and smaller in diameter are at an ambient level of seventy-five micrograms per cubic meter measured on a twenty-four hour average or when carbon monoxide is at an ambient level of eight parts of contaminant per million parts of air by volume measured on an eight-hour average; and

(c) Not burn wood in any solid fuel burning device in a geographical area and for the period of time that a second stage of impaired air quality has been determined by the department or any authority, for that area. A second stage of impaired air quality is reached when particulates ten microns and smaller in diameter are at an ambient level of one hundred five micrograms per cubic meter measured on a twenty-four hour average.

(2) If a local air authority exercises the limitation on solid fuel burning devices specified under RCW 70.94.477(2), a single stage of impaired air quality applies in the geographical area defined by the authority in accordance with RCW 70.94.477(2) and is reached when particulates ten microns and smaller in diameter are at an ambient level of ninety micrograms per cubic meter measured on a twenty-four hour average or when carbon monoxide is at an ambient level of eight parts of contaminant per million parts of air by volume measured on an eight-hour average.

If this single stage of impaired air quality is reached, no person in a residence or commercial establishment that has an adequate source of heat without burning wood shall burn wood in any solid fuel burning device, including those which meet the standards set forth in RCW 70.94.457.

(3) Actions of the department and local air pollution control authorities under this section shall preempt actions of other state agencies and local governments for the purposes of controlling air pollution from solid fuel burning devices, except where authorized by *this act. [1991 c 199 § 504; 1990 c 128 § 2; 1987 c 405 § 6.]

***Reviser's note:** For codification of "this act" [1991 c 199], see Codification Tables, Volume 0.

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.475 Liability of condominium owners' association or resident association. A condominium

owners' association or an association formed by residents of a multiple-family dwelling are not liable for violations of RCW 70.94.473 by a resident of a condominium or multiple-family dwelling. The associations shall cooperate with local air pollution control authorities to acquaint residents with the provisions of this section. [1990 c 157 § 2.]

70.94.477 Limitations on use of solid fuel burning devices. (1) Unless allowed by rule, under chapter 34.05 RCW, a person shall not cause or allow any of the following materials to be burned in any residential solid fuel burning device:

- (a) Garbage;
- (b) Treated wood;
- (c) Plastics;
- (d) Rubber products;
- (e) Animals;
- (f) Asphaltic products;
- (g) Waste petroleum products;
- (h) Paints; or

(i) Any substance, other than properly seasoned fuel wood, which normally emits dense smoke or obnoxious odors.

(2) On or after July 1, 1995, a local authority may geographically limit the use of solid fuel burning devices, except fireplaces as defined in RCW 70.94.453(3), wood stoves meeting the standards set forth in RCW 70.94.457 or pellet stoves issued an exemption certificate by the United States environmental protection agency in accordance with Title 40, Part 60 of the code of federal regulations. An authority shall allow an exemption from this subsection for low-income persons who reside in a geographical area affected by this subsection. In the exercise of this limitation, a local authority shall consider the following factors:

(a) The contribution of solid fuel burning devices that do not meet the standards set forth in RCW 70.94.457 to nonattainment of national ambient air quality standards;

(b) The population density of geographical areas within the local authority's jurisdiction giving greater consideration to urbanized areas; and

(c) The public health effects of use of solid fuel burning devices which do not meet the standards set forth in RCW 70.94.457. [1990 c 128 § 3; 1987 c 405 § 9.]

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.480 Wood stove education program. (1) The department of ecology shall establish a program to educate wood stove dealers and the public about:

(a) The effects of wood stove emissions on health and air quality;

(b) Methods of achieving better efficiency and emission performance from wood stoves;

(c) Wood stoves that have been approved by the department;

(d) The benefits of replacing inefficient wood stoves with stoves approved under RCW 70.94.457.

(2) Persons selling new wood stoves shall distribute and verbally explain educational materials describing when a stove can and cannot be legally used to customers purchasing new wood stoves. [1990 c 128 § 6; 1987 c 405 § 3.]

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.483 Wood stove education and enforcement account created—Fee imposed on solid fuel burning device sales. (1) The wood stove education and enforcement account is hereby created in the state treasury. Money placed in the account shall include all money received under subsection (2) of this section and any other money appropriated by the legislature. Money in the account shall be spent for the purposes of the wood stove education program established under RCW 70.94.480 and for enforcement of the wood stove program, and shall be subject to legislative appropriation.

(2) The department of ecology, with the advice of the advisory committee, shall set a flat fee of thirty dollars, on the retail sale, as defined in RCW 82.04.050, of each solid fuel burning device after January 1, 1992. The fee shall be imposed upon the consumer and shall not be subject to the retail sales tax provisions of chapters 82.08 and 82.12 RCW. The fee may be adjusted annually above thirty dollars to account for inflation as determined by the state office of the economic and revenue forecast council. The fee shall be collected by the department of revenue in conjunction with the retail sales tax under chapter 82.08 RCW. If the seller fails to collect the fee herein imposed or fails to remit the fee to the department of revenue in the manner prescribed in chapter 82.08 RCW, the seller shall be personally liable to the state for the amount of the fee. The collection provisions of chapter 82.32 RCW shall apply. The department of revenue shall deposit fees collected under this section in the wood stove education and enforcement account. 70.94.510 Policy to cooperate with federal government. It is declared to be the policy of the state of Washington through the department of ecology to cooperate with the federal government in order to insure the coordination of the provisions of the federal and state clean air acts, and the department is authorized and directed to implement and enforce the provisions of this chapter in carrying out this policy as follows:

(1) To accept and administer grants from the federal government for carrying out the provisions of this chapter.

(2) To take all action necessary to secure to the state the benefits of the federal clean air act. [1987 c 109 § 49; 1969 ex.s. c 168 § 45.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

70.94.521 Transportation demand management—Findings. The legislature finds that automotive traffic in Washington's metropolitan areas is the major source of emissions of air contaminants. This air pollution causes significant harm to public health, causes damage to trees, plants, structures, and materials and degrades the quality of the environment.

Increasing automotive traffic is also aggravating traffic congestion in Washington's metropolitan areas. This traffic

congestion imposes significant costs on Washington's businesses, governmental agencies, and individuals in terms of lost working hours and delays in the delivery of goods and services. Traffic congestion worsens automobile-related air pollution, increases the consumption of fuel, and degrades the habitability of many of Washington's cities and suburban areas. The capital and environmental costs of fully accommodating the existing and projected automobile traffic on roads and highways are prohibitive. Decreasing the demand for vehicle trips is significantly less costly and at least as effective in reducing traffic congestion and its impacts as constructing new transportation facilities such as roads and bridges, to accommodate increased traffic volumes.

The legislature also finds that increasing automotive transportation is a major factor in increasing consumption of gasoline and, thereby, increasing reliance on imported sources of petroleum. Moderating the growth in automotive travel is essential to stabilizing and reducing dependence on imported petroleum and improving the nation's energy security.

The legislature further finds that reducing the number of commute trips to work made via single-occupant cars and light trucks is an effective way of reducing automobile-related air pollution, traffic congestion, and energy use. Major employers have significant opportunities to encourage and facilitate reducing single-occupant vehicle commuting by employees.

The intent of this chapter is to require local governments in those counties experiencing the greatest automobile-related air pollution and traffic congestion to develop and implement plans to reduce single-occupant vehicle commute trips. Such plans shall require major employers and employers at major worksites to implement programs to reduce single-occupant vehicle commuting by employees at major worksites. Local governments in counties experiencing significant but less severe automobile-related air pollution and traffic congestion may implement such plans. State agencies shall implement programs to reduce single-occupant vehicle commuting at all major worksites throughout the state. [1991 c 202 § 10.]

70.94.524 Transportation demand management—Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "A major employer" means a private or public employer that employs one hundred or more full-time employees at a single worksite who begin their regular work day between 6:00 a.m. and 9:00 a.m. on weekdays for at least twelve continuous months during the year.

(2) "Major worksite" means a building or group of buildings that are on physically contiguous parcels of land or on parcels separated solely by private or public roadways or rights of way, and at which there are one hundred or more full-time employees of one or more employers, who begin their regular work day between 6:00 a.m. and 9:00 a.m. on weekdays, for at least twelve continuous months.

(3) "Commute trip reduction zones" mean areas, such as census tracts or combinations of census tracts, within a jurisdiction that are characterized by similar employment density, population density, level of transit service, parking

availability, access to high occupancy vehicle facilities, and other factors that are determined to affect the level of single occupancy vehicle commuting.

(4) "Commute trip" means trips made from a worker's home to a worksite during the peak period of 6:00 a.m. to 9:00 a.m. on weekdays.

(5) "Proportion of single-occupant vehicle commute trips" means the number of commute trips made by single-occupant automobiles divided by the number of full-time employees.

(6) "Commute trip vehicle miles traveled per employee" means the sum of the individual vehicle commute trip lengths in miles over a set period divided by the number of full-time employees during that period.

(7) "Base year" means the year January 1, 1992, through December 31, 1992, on which goals for vehicle miles traveled and single-occupant vehicle trips shall be based. Base year goals may be determined using the 1990 journey-to-work census data projected to the year 1992 and shall be consistent with the growth management act. The task force shall establish a method to be used by jurisdictions to determine reductions of vehicle miles traveled. [1991 c 202 § 11.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

70.94.527 Transportation demand management—Requirements for counties and cities. (1) Each county with a population over one hundred fifty thousand, and each city or town within those counties containing a major employer shall, by October 1, 1992, adopt by ordinance and implement a commute trip reduction plan for all major employers. The plan shall be developed in cooperation with local transit agencies, regional transportation planning organizations as established in RCW 47.80.020, major employers, and the owners of and employers at major worksites. The plan shall be designed to achieve reductions in the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee by employees of major public and private sector employers in the jurisdiction.

(2) All other counties, and cities and towns in those counties, may adopt and implement a commute trip reduction plan.

(3) The department of ecology may, after consultation with the state energy office, as part of the state implementation plan for areas that do not attain the national ambient air quality standards for carbon monoxide or ozone, require municipalities other than those identified in subsection (1) of this section to adopt and implement commute trip reduction plans if the department determines that such plans are necessary for attainment of said standards.

(4) A commute trip reduction plan shall be consistent with the guidelines established under RCW 70.94.537 and shall include but is not limited to (a) goals for reductions in the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee; (b) designation of commute trip reduction zones; (c) requirements for major public and private sector employers to implement commute trip reduction programs; (d) a commute trip reduction program for employees of the county, city, or town; (e) a review of local parking policies and ordinances

as they relate to employers and major worksites and any revisions necessary to comply with commute trip reduction goals and guidelines; (f) an appeals process by which major employers, who as a result of special characteristics of their business or its locations would be unable to meet the requirements of a commute trip reduction plan, may obtain waiver or modification of those requirements; and (g) means for determining base year values of the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee and progress toward meeting commute trip reduction plan goals on an annual basis. Goals which are established shall take into account existing transportation demand management efforts which are made by major employers. Each jurisdiction shall ensure that employers shall receive full credit for the results of transportation demand management efforts and commute trip reduction programs which have been implemented by major employers prior to the base year. The goals for miles traveled per employee for all major employers shall not be less than a fifteen percent reduction from the base year value of the commute trip reduction zone in which their worksite is located by January 1, 1995, twenty-five percent reduction from the base year values by January 1, 1997, and thirty-five percent reduction from the base year values by January 1, 1999.

(5) A county, city, or town may, as part of its commute trip reduction plan, require commute trip reduction programs for employers with ten or more full time employees at major worksites in federally designated nonattainment areas for carbon monoxide and ozone. The county, city or town shall develop the programs in cooperation with affected employers and provide technical assistance to the employers in implementing such programs.

(6) The commute trip reduction plans adopted by counties, cities, and towns under this chapter shall be consistent with and may be incorporated in applicable state or regional transportation plans and local comprehensive plans and shall be coordinated, and consistent with, the commute trip reduction plans of counties, cities, or towns with which the county, city, or town has, in part, common borders or related regional issues. Such regional issues shall include assuring consistency in the treatment of employers who have worksites subject to the requirements of this chapter in more than one jurisdiction. Counties, cities, or towns adopting commute trip reduction plans may enter into agreements through the interlocal cooperation act or by resolution or ordinance as appropriate with other jurisdictions, local transit agencies, or regional transportation planning organizations to coordinate the development and implementation of such plans. Counties, cities, or towns adopting a commute trip reduction plan shall review it annually and revise it as necessary to be consistent with applicable plans developed under RCW 36.70A.070.

(7) Each county, city, or town implementing a commute trip reduction program shall, within thirty days submit a summary of its plan along with certification of adoption to the commute trip reduction task force established under RCW 70.94.537.

(8) Each county, city, or town implementing a commute trip reduction program shall submit an annual progress report to the commute trip reduction task force established under RCW 70.94.537. The report shall be due July 1, 1994, and

each July 1 thereafter through July 1, 2000. The report shall describe progress in attaining the applicable commute trip reduction goals for each commute trip reduction zone and shall highlight any problems being encountered in achieving the goals. The information shall be reported in a form established by the commute trip reduction task force.

(9) Any waivers or modifications of the requirements of a commute trip reduction plan granted by a jurisdiction shall be submitted for review to the commute trip reduction task force established under RCW 70.94.537. The commute trip reduction task force may not deny the granting of a waiver or modification of the requirements of a commute trip reduction plan by a jurisdiction but they may notify the jurisdiction of any comments or objections.

(10) Each county, city, or town implementing a commute trip reduction program shall count commute trips eliminated through work-at-home options or alternate work schedules as one and two-tenths vehicle trips eliminated for the purpose of meeting trip reduction goals.

(11) Plans implemented under this section shall not apply to commute trips for seasonal agricultural employees.

(12) Plans implemented under this section shall not apply to construction worksites when the expected duration of the construction project is less than two years. [1991 c 202 § 12.]

70.94.531 Transportation demand management—Requirements for employers. (1) Not more than six months after the adoption of the commute trip reduction plan by a jurisdiction, each major employer in that jurisdiction shall develop a commute trip reduction program and shall submit a description of that program to the jurisdiction for review. The program shall be implemented not more than six months after submission to the jurisdiction.

(2) A commute trip reduction program shall consist of, at a minimum (a) designation of a transportation coordinator and the display of the name, location, and telephone number of the coordinator in a prominent manner at each affected worksite; (b) regular distribution of information to employees regarding alternatives to single-occupant vehicle commuting; (c) an annual review of employee commuting and reporting of progress toward meeting the single-occupant vehicle reduction goals to the county, city, or town consistent with the method established in the commute trip reduction plan; and (d) implementation of a set of measures designed to achieve the applicable commute trip reduction goals adopted by the jurisdiction. Such measures may include but are not limited to:

- (i) Provision of preferential parking or reduced parking charges, or both, for high occupancy vehicles;
- (ii) Instituting or increasing parking charges for single-occupant vehicles;
- (iii) Provision of commuter ride matching services to facilitate employee ridesharing for commute trips;
- (iv) Provision of subsidies for transit fares;
- (v) Provision of vans for van pools;
- (vi) Provision of subsidies for car pooling or van pooling;
- (vii) Permitting the use of the employer's vehicles for car pooling or van pooling;

(viii) Permitting flexible work schedules to facilitate employees' use of transit, car pools, or van pools;

(ix) Cooperation with transportation providers to provide additional regular or express service to the worksite;

(x) Construction of special loading and unloading facilities for transit, car pool, and van pool users;

(xi) Provision of bicycle parking facilities, lockers, changing areas, and showers for employees who bicycle or walk to work;

(xii) Provision of a program of parking incentives such as a rebate for employees who do not use the parking facility;

(xiii) Establishment of a program to permit employees to work part or full time at home or at an alternative worksite closer to their homes;

(xiv) Establishment of a program of alternative work schedules such as compressed work week schedules which reduce commuting; and

(xv) Implementation of other measures designed to facilitate the use of high-occupancy vehicles such as on-site day care facilities and emergency taxi services.

(3) Employers or owners of worksites may form or utilize existing transportation management associations to assist members in developing and implementing commute trip reduction programs. [1991 c 202 § 13.]

70.94.534 Transportation demand management—Jurisdictions' review and penalties. (1) Each jurisdiction implementing a commute trip reduction plan under this chapter or as part of a plan or ordinance developed under RCW 36.70A.070 shall review each employer's initial commute trip reduction program to determine if the program is likely to meet the applicable commute trip reduction goals. The employer shall be notified by the jurisdiction of its findings. If the jurisdiction finds that the program is not likely to meet the applicable commute trip reduction goals, the jurisdiction will work with the employer to modify the program as necessary. The jurisdiction shall complete review of each employer's initial commute trip reduction program within three months of receipt.

(2) Each jurisdiction shall annually review each employer's progress toward meeting the applicable commute trip reduction goals. If it appears an employer is not likely to meet the applicable commute trip reduction goals, the jurisdiction shall work with the employer to make modifications to the commute trip reduction program.

(3) If an employer fails to meet the applicable commute trip reduction goals, the jurisdiction shall propose modifications to the program and direct the employer to revise its program within thirty days to incorporate those modifications or modifications which the jurisdiction determines to be equivalent.

(4) Each jurisdiction implementing a commute trip reduction plan pursuant to this chapter may impose civil penalties, in the manner provided in chapter 7.80 RCW, for failure by an employer to implement a commute trip reduction program or to modify its commute trip reduction program as required in subsection (3) of this section. No major employer shall be liable for civil penalties under this chapter if failure to achieve a commute trip reduction

program goal was the result of an inability to reach agreement with a certified collective bargaining agent under applicable laws where the issue was raised by the employer and pursued in good faith. [1991 c 202 § 14.]

(a) The director of the state energy office or the director's designee who shall serve as chair;

(b) The secretary of the department of transportation or the secretary's designee;

(c) The director of the department of ecology or the director's designee;

(d) The director of the department of community development or the director's designee;

(e) The director of the department of general administration or the director's designee;

(f) Three representatives from counties appointed by the governor from a list of at least six recommended by the Washington state association of counties;

(g) Three representatives from cities and towns appointed by the governor from a list of at least six recommended by the association of Washington cities;

(i) Six representatives of employers at or owners of major worksites in Washington appointed by the governor from a list of at least twelve recommended by the association of Washington business; and

(j) Three citizens appointed by the governor.

Members of the commute trip reduction task force shall serve without compensation but shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. Members appointed by the governor shall be compensated in accordance with RCW 43.03.220. The task force has all powers necessary to carry out its duties as prescribed by this chapter. The task force shall be dissolved on July 1, 2000.

(2) By March 1, 1992, the commute trip reduction task force shall establish guidelines for commute trip reduction plans. The guidelines are intended to ensure consistency in commute trip reduction plans and goals among jurisdictions while fairly taking into account differences in employment and housing density, employer size, existing and anticipated levels of transit service, special employer circumstances, and other factors the task force determines to be relevant. The guidelines shall include:

(a) Criteria for establishing commute trip reduction zones;

(b) Methods and information requirements for determining base year values of the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee and progress toward meeting commute trip reduction plan goals;

(c) Model commute trip reduction ordinances;

(d) Methods for assuring consistency in the treatment of employers who have worksites subject to the requirements of this chapter in more than one jurisdiction;

(e) An appeals process by which major employers, who as a result of special characteristics of their business or its locations would be unable to meet the requirements of a commute trip reduction plan, may obtain a waiver or modification of those requirements and criteria for determining eligibility for waiver or modification;

(f) Methods to ensure that employers shall receive full credit for the results of transportation demand management efforts and commute trip reduction programs which have been implemented by major employers prior to the base year;

(g) Alternative commute trip reduction goals for major employers which cannot meet the goals of this chapter because of the unique nature of their business; and

(h) Alternative commute trip reduction goals for major employers whose worksites change and who contribute substantially to traffic congestion in a trip reduction zone.

(3) The task force shall assess the commute trip reduction options available to employers other than major employers and make recommendations to the legislature by October 1, 1992. The recommendations shall include the minimum size of employer who shall be required to implement trip reduction programs and the appropriate methods those employers can use to accomplish trip reduction goals.

(4) The task force shall review progress toward implementing commute trip reduction plans and programs and the costs and benefits of commute trip reduction plans and programs and shall make recommendations to the legislature by December 1, 1995, and December 1, 1999. In assessing the costs and benefits, the task force shall consider the costs of not having implemented commute trip reduction plans and programs. The task force shall examine other transportation demand management programs nationally and incorporate its findings into its recommendations to the legislature. The recommendations shall address the need for continuation, modification, or termination or any or all requirements of this chapter. The recommendations made December 1, 1995, shall include recommendations regarding extension of the requirements of this chapter to employers with fifty or more full-time employees at a single worksite who begin their regular work day between 6:00 a.m. and 9:00 a.m. on weekdays for more than twelve continuous months. [1991 c 202 § 15.]

70.94.541 Transportation demand management—Technical assistance team. (1) A technical assistance team shall be established under the direction of the state energy office and include representatives of the departments of transportation and ecology. The team shall provide staff support to the commute trip reduction task force in carrying out the requirements of RCW 70.94.537 and to the department of general administration in carrying out the requirements of RCW 70.94.551.

(2) The team shall provide technical assistance to counties, cities, and towns, the department of general administration, other state agencies, and other employers in developing and implementing commute trip reduction plans

(1992 Ed.)

and programs. The technical assistance shall include: (a) Guidance in determining base and subsequent year values of single-occupant vehicle commuting proportion and commute trip reduction vehicle miles traveled to be used in determining progress in attaining plan goals; (b) developing model plans and programs appropriate to different situations; and (c) providing consistent training and informational materials for the implementation of commute trip reduction programs. Model plans and programs, training and informational materials shall be developed in cooperation with representatives of local governments, transit agencies, and employers.

(3) In carrying out this section the state energy office and department of transportation may contract with statewide associations representing cities, towns, and counties to assist cities, towns, and counties in implementing commute trip reduction plans and programs. [1991 c 202 § 16.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

70.94.544 Transportation demand management—Use of funds. A portion of the funds made available for the purposes of this chapter shall be used to fund the commute trip reduction task force in carrying out the responsibilities of RCW 70.94.541, and the interagency technical assistance team, including the activities authorized under RCW 70.94.541(2), and to assist counties, cities, and towns implementing commute trip reduction plans. Funds shall be provided to the counties in proportion to the number of major employers and major worksites in each county. The counties shall provide funds to cities and towns within the county which are implementing commute trip reduction plans in proportion to the number of major employers and major worksites within the city or town. [1991 c 202 § 17.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

70.94.547 Transportation demand management—Intent—State leadership. The legislature hereby recognizes the state's crucial leadership role in establishing and implementing effective commute trip reduction programs. Therefore, it is the policy of the state that the department of general administration and other state agencies shall aggressively develop substantive programs to reduce commute trips by state employees. Implementation of these programs will reduce energy consumption, congestion in urban areas, and air and water pollution associated with automobile travel. [1991 c 202 § 18.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

70.94.551 Transportation demand management—State agency plan. (1) The director of general administration, with the concurrence of an interagency task force established for the purposes of this section, shall coordinate a commute trip reduction plan for state agencies which are phase 1 major employers by January 1, 1993. The task force shall include representatives of the state energy office, the departments of transportation and ecology and such other departments as the director of general administration determines to be necessary to be generally representative of state agencies. The state agency plan shall be consistent with the

requirements of RCW 70.94.527 and 70.94.531 and shall be developed in consultation with state employees, local and regional governments, local transit agencies, the business community, and other interested groups. The plan shall consider and recommend policies applicable to all state agencies including but not limited to policies regarding parking and parking charges, employee incentives for commuting by other than single-occupant automobiles, flexible and alternative work schedules, alternative worksites, and the use of state-owned vehicles for car and van pools. The plan shall also consider the costs and benefits to state agencies of achieving commute trip reductions and consider mechanisms for funding state agency commute trip reduction programs. The department shall, within thirty days, submit a summary of its plan along with certification of adoption to the commute trip reduction task force established under RCW 70.94.537.

(2) Not more than three months after the adoption of the commute trip reduction plan, each state agency shall, for each facility which is a major employer, develop a commute trip reduction program. The program shall be designed to meet the goals of the commute trip reduction plan of the county, city, or town or, if there is no local commute trip reduction plan, the state. The program shall be consistent with the policies of the state commute trip reduction plan and RCW 70.94.531. The agency shall submit a description of that program to the local jurisdiction implementing a commute trip reduction plan or, if there is no local commute trip reduction plan, to the department of general administration. The program shall be implemented not more than three months after submission to the department. Annual reports required in RCW 70.94.531(2)(c) shall be submitted to the local jurisdiction implementing a commute trip reduction plan and to the department of general administration. An agency which is not meeting the applicable commute trip reduction goals shall, to the extent possible, modify its program to comply with the recommendations of the local jurisdiction or the department of general administration.

(3) State agencies sharing a common location may develop and implement a joint commute trip reduction program or may delegate the development and implementation of the commute trip reduction program to the department of general administration.

(4) The department of general administration in consultation with the state technical assistance team shall review the initial commute trip reduction program of each state agency subject to the commute trip reduction plan for state agencies to determine if the program is likely to meet the applicable commute trip reduction goals and notify the agency of any deficiencies. If it is found that the program is not likely to meet the applicable commute trip reduction goals, the team will work with the agency to modify the program as necessary.

(5) For each agency subject to the state agency commute trip reduction plan, the department of general administration in consultation with the technical assistance team shall annually review progress toward meeting the applicable commute trip reduction goals. If it appears an agency is not meeting or is not likely to meet the applicable commute trip reduction goals, the team shall work with the agency to make modifications to the commute trip reduction program.

(6) The department of general administration shall submit an annual progress report for state agencies subject to the state agency commute trip reduction plan to the commute trip reduction task force established under RCW 70.94.537. The report shall be due April 1, 1993, and each April 1 through 2000. The report shall report progress in attaining the applicable commute trip reduction goals for each commute trip reduction zone and shall highlight any problems being encountered in achieving the goals. The information shall be reported in a form established by the commute trip reduction task force. [1991 c 202 § 19.]

70.94.600 Reports of authorities to department of ecology—Contents. All authorities in the state shall submit quarterly reports to the department of ecology detailing the current status of air pollution control regulations in the authority and, by county, the progress made toward bringing all sources in the authority into compliance with authority standards. [1979 ex.s. c 30 § 14; 1969 ex.s. c 168 § 52.]

70.94.610 Burning used oil fuel in land-based facilities. (1) Except as provided in subsection (2) of this section, a person may not burn used oil as fuel in a land-based facility or in state waters unless the used oil meets the following standards:

- (a) Cadmium: 2 ppm maximum
- (b) Chromium: 10 ppm maximum
- (c) Lead: 100 ppm maximum
- (d) Arsenic: 5 ppm maximum
- (e) Total halogens: 1000 ppm maximum
- (f) Polychlorinated biphenyls: 2 ppm maximum
- (g) Ash: .1 percent maximum
- (h) Sulfur: 1.0 percent maximum
- (i) Flash point: 100 degrees Fahrenheit minimum.

(2) This section shall not apply to: (a) Used oil burned in space heaters if the space heater has a maximum heat output of not greater than 0.5 million btu's per hour or used oil burned in facilities permitted by the department or a local air pollution control authority; or (b) ocean-going vessels.

(3) This section shall not apply to persons in the business of collecting used oil from residences when under authorization by a city, county, or the utilities and transportation commission. [1991 c 319 § 311.]

70.94.640 Odors caused by agricultural activities consistent with good agricultural practices exempt from chapter. (1) Odors caused by agricultural activity consistent with good agricultural practices on agricultural land are exempt from the requirements of this chapter unless they have a substantial adverse effect on public health. In determining whether agricultural activity is consistent with good agricultural practices, the department of ecology or board of any authority shall consult with a recognized third-party expert in the activity prior to issuing any notice of violation.

(2) Any notice of violation issued under this chapter pertaining to odors caused by agricultural activity shall

include a statement as to why the activity is inconsistent with good agricultural practices, or a statement that the odors have substantial adverse effect on public health.

(3) In any appeal to the pollution control hearings board or any judicial appeal, the agency issuing a final order pertaining to odors caused by agricultural activity shall prove the activity is inconsistent with good agricultural practices or that the odors have a substantial adverse impact on public health.

(4) If a person engaged in agricultural activity on a contiguous piece of agricultural land sells or has sold a portion of that land for residential purposes, the exemption of this section shall not apply.

(5) As used in this section:

(a) "Agricultural activity" means the growing, raising, or production of horticultural or viticultural crops, berries, poultry, livestock, grain, mint, hay, and dairy products.

(b) "Good agricultural practices" means economically feasible practices which are customary among or appropriate to farms and ranches of a similar nature in the local area.

(c) "Agricultural land" means at least five acres of land devoted primarily to the commercial production of livestock or agricultural commodities. [1981 c 297 § 30.]

Legislative finding, intent—1981 c 297: "The legislature finds that agricultural land is essential to providing citizens with food and fiber and to insuring aesthetic values through the preservation of open spaces in our state. The legislature further finds that government regulations can cause agricultural land to be converted to nonagricultural uses. The legislature intends that agricultural activity consistent with good practices be protected from government over-regulation." [1981 c 297 § 29.]

Reviser's note: The above legislative finding and intent section apparently applies to sections 30 and 31 of chapter 297, Laws of 1981, which sections have been codified pursuant to legislative direction as RCW 70.94.640 and 90.48.450, respectively.

Severability—1981 c 297: See note following RCW 15.36.110.

70.94.650 Burning permits for weed abatement, instruction or agriculture activities—Issuance—Agricultural burning practices and research task force.

(1) Any person who proposes to set fires in the course of

(a) weed abatement,

(b) instruction in methods of fire fighting (except forest fires), or

(c) agricultural activities, shall, prior to carrying out the same, obtain a permit from an air pollution control authority or the department of ecology, as appropriate. Each such authority and the department of ecology shall, by rule or ordinance, establish a permit system to carry out the provisions of this section except as provided in RCW 70.94.660. General criteria of state-wide applicability for ruling on such permits shall be established by the department, by rule, after consultation with the various air pollution control authorities. Permits shall be issued under this section based on seasonal operations or by individual operations, or both. All permits so issued shall be conditioned to insure that the public interest in air, water, and land pollution and safety to life and property is fully considered. In addition to any other requirements established by the department to protect air quality pursuant to other laws, applicants for permits must show that the setting of fires as requested is the most reasonable procedure to follow in safeguarding life or property under all circumstances or is otherwise reasonably necessary to successfully carry out the enterprise in which

the applicant is engaged, or both. All burning permits will be designed to minimize air pollution insofar as practical. Nothing in this section shall relieve the applicant from obtaining permits, licenses, or other approvals required by any other law. An application for a permit to set fires in the course of agricultural burning for controlling diseases, insects, weed abatement or development of physiological conditions conducive to increased crop yield, shall be acted upon within seven days from the date such application is filed.

(2) Except as provided in RCW 70.94.780 permit fees shall be assessed for outdoor burning under this section and shall be collected by the department of ecology or the appropriate local air authority at the time the permit is issued. All fees collected shall be deposited in the air pollution control account created in RCW 70.94.015. Fees shall be set by rule by the permitting agency at the level determined by the task force created by subsection (4) of this section, but shall not exceed two dollars and fifty cents per acre to be burned. After fees are established by rule, any increases in such fees shall be limited to annual inflation adjustments as determined by the state office of the economic and revenue forecast council.

(3) Conservation districts and the Washington State University agricultural extension program in conjunction with the department shall develop public education material for the agricultural community identifying the health and environmental affects [effects] of agricultural outdoor burning and providing technical assistance in alternatives to agricultural outdoor burning.

(4) An agricultural burning practices and research task force shall be established under the direction of the department. The task force shall be composed of a representative from the department who shall serve as chair; one representative of eastern Washington local air authorities; three representatives of the agricultural community from different agricultural pursuits; one representative of the department of agriculture; two representatives from universities or colleges knowledgeable in agricultural issues; one representative of the public health or medical community; and one representative of the conservation districts. The task force shall identify best management practices for reducing air contaminant emissions from agricultural activities and provide such information to the department and local air authorities. The task force shall determine the level of fees to be assessed by the permitting agency pursuant to subsection (2) of this section, based upon the level necessary to cover the costs of administering and enforcing the permit programs, to provide funds for research into alternative methods to reduce emissions from such burning, and to the extent possible be consistent with fees charged for such burning permits in neighboring states. The fee level shall provide, to the extent possible, for lesser fees for permittees who use best management practices to minimize air contaminant emissions. The task force shall identify research needs related to minimizing emissions from agricultural burning and alternatives to such burning. Further, the task force shall make recommendations to the department on priorities for spending funds provided through this chapter for research into alternative methods to reduce emissions from agricultural burning. [1991 c 199 § 408; 1971 ex.s. c 232 § 1.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.651 Burning permits for regeneration of rare and endangered plants; Indian ceremonies. Nothing contained in this chapter shall prohibit fires necessary: (1) To promote the regeneration of rare and endangered plants found within natural area preserves as identified under chapter 79.70 RCW; and (2) for Indian ceremonies or for the sending of smoke signals if part of a religious ritual. Permits issued for burning under this section shall be drafted to minimize emissions including denial of permission to burn during periods of adverse meteorological conditions. [1991 c 199 § 407.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.654 Delegation of permit issuance and enforcement to political subdivisions. Whenever the department of ecology shall find that any fire protection agency, county, or conservation district which is outside the jurisdictional boundaries of an activated air pollution control authority is capable of effectively administering the issuance and enforcement of permits for any or all of the kinds of burning identified in RCW 70.94.650 and desirous of doing so, the department of ecology may delegate powers necessary for the issuance or enforcement, or both, of permits for any or all of the kinds of burning to the fire protection agency, county, or conservation district. Such delegation may be withdrawn by the department of ecology upon its finding that the fire protection agency, county, or conservation district is not effectively administering the permit program. [1991 c 199 § 409; 1973 1st ex.s. c 193 § 6.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.656 Open burning of grasses grown for seed—Alternatives—Studies—Deposit of permit fees in special grass seed burning account—Procedures—Limitations. It is hereby declared to be the policy of this state that strong efforts should be made to minimize adverse effects on air quality from the open burning of field and turf grasses grown for seed. To such end this section is intended to promote the development of economical and practical alternate agricultural practices to such burning, and to provide for interim regulation of such burning until practical alternates are found.

(1) The department shall approve of a study or studies for the exploration and identification of economical and practical alternate agricultural practices to the open burning of field and turf grasses grown for seed. Prior to the issuance of any permit for such burning under RCW 70.94.650, there shall be collected a fee not to exceed one dollar per acre of crop to be burned. Any such fees received by any authority shall be transferred to the department of ecology. The department of ecology shall deposit all such acreage fees in a special grass seed burning research account, hereby created, in the state treasury. The department shall allocate moneys annually from this account for the support of any approved study or studies as provided for in this subsection. For the conduct of any such study or studies, the department may contract with public or private entities: PROVIDED, That whenever the department of ecology shall conclude that sufficient reasonably available alternates to open burning have been developed, and at such time as all costs of any studies have been paid, the grass

seed burning research account shall be dissolved, and any money remaining therein shall revert to the general fund.

The fee collected under this subsection shall constitute the research portion of fees required under RCW 70.94.650 for open burning of grass grown for seed.

(2) Whenever on the basis of information available to it, the department after public hearings have been conducted wherein testimony will be received and considered from interested parties wishing to testify shall conclude that any procedure, program, technique, or device constitutes a practical alternate agricultural practice to the open burning of field or turf grasses grown for seed, the department shall, by order, certify approval of such alternate. Thereafter, in any case which any such approved alternate is reasonably available, the open burning of field and turf grasses grown for seed shall be disallowed and no permit shall issue therefor.

(3) Until approved alternates become available, the department or the authority may limit the number of acres on a pro rata basis among those affected for which permits to burn will be issued in order to effectively control emissions from this source.

(4) Permits issued for burning of field and turf grasses may be conditioned to minimize emissions insofar as practical, including denial of permission to burn during periods of adverse meteorological conditions. 70.94.660 Burning permits for abating or prevention of forest fire hazards, management of ecosystems, instruction or silvicultural operations—Issuance. (1) The department of natural resources shall have the responsibility for issuing and regulating burning permits required by it relating to the following activities for the protection of life or property and/or for the public health, safety, and welfare:

- (a) Abating a forest fire hazard;
- (b) Prevention of a fire hazard;
- (c) Instruction of public officials in methods of forest fire fighting;
- (d) Any silvicultural operation to improve the forest lands of the state; and
- (e) Silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas.

(2) The department of natural resources shall not retain such authority, but it shall be the responsibility of the appropriate fire protection agency for permitting and regulating outdoor burning on lands where the department of natural resources does not have fire protection responsibility.

(3) Permit fees shall be assessed for silvicultural burning under the jurisdiction of the department of natural resources and collected by the department of natural resources as provided for in this section. All fees shall be deposited in the air pollution control account, created in RCW 70.94.015.

The legislature shall appropriate to the department of natural resources funds from the air pollution control account to enforce and administer the program under RCW 70.94.665 and 70.94.660, 70.94.670, and 70.94.690. Fees shall be set by rule by the department of natural resources at the level necessary to cover the costs of the program after receiving recommendations on such fees from the public and the forest fire advisory board established by RCW 76.04.145. [1991 c 199 § 404; 1971 ex.s. c 232 § 2.]

Finding—1991 c 199: See note following RCW 70.94.011.

Burning permits, issuance, air pollution a factor: RCW 76.04.205.

Disposal of forest debris: RCW 76.04.650.

70.94.665 Silvicultural forest burning—Reduce state-wide emissions. (1) The department of natural resources shall administer a program to reduce state-wide emissions from silvicultural forest burning so as to achieve the following minimum objectives:

(a) Twenty percent reduction by December 31, 1994 providing a ceiling for emissions until December 31, 2000; and

(b) Fifty percent reduction by December 31, 2000 providing a ceiling for emissions thereafter.

Reductions shall be calculated from the average annual emissions level from calendar years 1985 to 1989, using the same methodology for both reduction and base year calculations.

(2) The department of natural resources, within twelve months after May 15, 1991, shall develop a plan, based upon the existing smoke management agreement to carry out the programs as described in this section in the most efficient, cost-effective manner possible. The plan shall be developed in consultation with the department of ecology, public and private landowners engaged in silvicultural forest burning, and representatives of the public.

The plan shall recognize the variations in silvicultural forest burning including, but not limited to, a landowner's responsibility to abate an extreme fire hazard under chapter 76.04 RCW and other objectives of burning, including abating and preventing a fire hazard, geographic region, climate, elevation and slope, proximity to populated areas, and diversity of land ownership. The plan shall establish priorities that the department of natural resources shall use to allocate allowable emissions, including but not limited to, silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas. The plan shall also recognize the real costs of the emissions program and recommend equitable fees to cover the costs of the program.

The emission reductions in this section are to apply to all forest lands including those owned and managed by the United States. If the United States does not participate in implementing the plan, the departments of natural resources and ecology shall use all appropriate and available methods or enforcement powers to ensure participation.

The plan shall include a tracking system designed to measure the degree of progress toward the emission reductions goals set in this section. The department of natural resources shall report annually to the department of ecology

and the legislature on the status of the plan, emission reductions and progress toward meeting the objectives specified in this section, and the goals of this chapter and chapter 76.04 RCW.

(3) If the December 31, 1994, emission reductions targets in this section are not met, the department of natural resources, in consultation with the department of ecology, shall use its authority granted in this chapter and chapter 76.04 RCW to immediately limit emissions from such burning to the 1994 target levels and limit silvicultural forest burning in subsequent years to achieve equal annual incremental reductions so as to achieve the December 31, 2000, target level. If, as a result of the program established in this section, the emission reductions are met in 1994, but are not met by December 31, 2000, the department of natural resources in consultation with the department of ecology shall immediately limit silvicultural forest burning to reduce emissions from such burning to the December 31, 2000, target level in all subsequent years. [1991 c 199 § 403.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.670 Burning permits for abating or prevention of forest fire hazards, management of ecosystems, instruction or silvicultural operations—Conditions for issuance and use of permits—Air quality standards to be met—Alternate methods to lessen forest debris. The department of natural resources in granting burning permits for fires for the purposes set forth in RCW 70.94.660 shall condition the issuance and use of such permits to comply with air quality standards established by the department of ecology after full consultation with the department of natural resources. Such burning shall not cause the state air quality standards to be exceeded in the ambient air up to two thousand feet above ground level over critical areas designated by the department of ecology, otherwise subject to air pollution from other sources. Air quality standards shall be established and published by the department of ecology which shall also establish a procedure for advising the department of natural resources when and where air contaminant levels exceed or threaten to exceed the ambient air standards over such critical areas. The air quality shall be quantitatively measured by the department of ecology or the appropriate local air pollution control authority at established monitoring stations over such designated areas. Further, such permitted burning shall not cause damage to public health or the environment. All permits issued under this section shall be subject to all applicable fees, permitting, penalty, and enforcement provisions of this chapter. The department of natural resources shall set forth smoke dispersal objectives designed consistent with this section to minimize any air pollution from such burning and the procedures necessary to meet those objectives.

The department of natural resources shall encourage more intense utilization in logging and alternative silviculture practices to reduce the need for burning. The department of natural resources shall, whenever practical, encourage landowners to develop and use alternative acceptable disposal methods subject to the following priorities: (1) Slash production minimization, (2) slash utilization, (3) nonburning disposal, (4) silvicultural burning. Such alternative methods shall be evaluated as to the relative impact on

air, water, and land pollution, public health, and their financial feasibility.

The department of natural resources shall not issue burning permits and shall revoke previously issued permits at any time in any area where the department of ecology or local board has declared a stage of impaired air quality as defined in RCW 70.94.473. [1991 c 199 § 405; 1971 ex.s. c 232 § 3.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.690 Cooperation between department of natural resources and state, local, or regional air pollution authorities—Withholding of permits. In the regulation of outdoor burning not included in RCW 70.94.660 requiring permits from the department of natural resources, said department and the state, local, or regional air pollution control authorities will cooperate in regulating such burning so as to minimize insofar as possible duplicate inspections and separate permits while still accomplishing the objectives and responsibilities of the respective agencies. The department of natural resources shall include any local authority's burning regulations with permits issued where applicable pursuant to RCW *70.94.740 through 70.94.775. The department shall develop agreements with all local authorities to coordinate regulations.

Permits shall be withheld by the department of natural resources when so requested by the department of ecology if a forecast, alert, warning, or emergency condition exists as defined in the episode criteria of the department of ecology. [1991 c 199 § 406; 1971 ex.s. c 232 § 5.]

*Reviser's note: RCW 70.94.740 was repealed by 1991 c 199 § 718.

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.700 Rules and regulations. The department of natural resources and the department of ecology may adopt rules and regulations necessary to implement their respective responsibilities under the provisions of RCW 70.94.650 through 70.94.700. [1971 ex.s. c 232 § 6.]

70.94.710 Air pollution episodes—Legislative finding—Declaration of policy. The legislature finds that whenever meteorological conditions occur which reduce the effective volume of air into which air contaminants are introduced, there is a high danger that normal operations at air contaminant sources in the area affected will be detrimental to public health or safety. Whenever such conditions, herein denominated as air pollution episodes, are forecast, there is a need for rapid short-term emission reduction in order to avoid adverse health or safety consequences.

Therefore, it is declared to be the policy of this state that an episode avoidance plan should be developed and implemented for the temporary reduction of emissions during air pollution episodes.

It is further declared that power should be vested in the governor to issue emergency orders for the reduction or discontinuance of emissions when such emissions and weather combine to create conditions imminently dangerous to public health and safety. [1971 ex.s. c 194 § 1.]

70.94.715 Air pollution episodes—Episode avoidance plan—Contents—Source emission reduction plans—

Authority—Considered orders. The department of ecology is hereby authorized to develop an episode avoidance plan providing for the phased reduction of emissions wherever and whenever an air pollution episode is forecast. Such an episode avoidance plan shall conform with any applicable federal standards and shall be effective state-wide. The episode avoidance plan may be implemented on an area basis in accordance with the occurrence of air pollution episodes in any given area.

The department of ecology may delegate authority to adopt source emission reduction plans and authority to implement all stages of occurrence up to and including the warning stage, and all intermediate stages up to the warning stage, in any area of the state, to the air pollution control authority with jurisdiction therein.

The episode avoidance plan, which shall be established by regulation in accordance with chapter 34.05 RCW, shall include, but not be limited to the following:

(1) The designation of episode criteria and stages, the occurrence of which will require the carrying out of pre-planned episode avoidance procedures. The stages of occurrence shall be (a) forecast, (b) alert, (c) warning, (d) emergency, and such intermediate stages as the department shall designate. "Forecast" means the presence of meteorological conditions that are conducive to accumulation of air contaminants and is the first stage of an episode. The department shall not call a forecast episode prior to the department or an authority calling a first stage impaired air quality condition as provided by RCW 70.94.473(1)(b) or calling a single-stage impaired air quality condition as provided by RCW 70.94.473(2). "Alert" means concentration of air contaminants at levels at which short-term health effects may occur, and is the second stage of an episode. "Warning" means concentrations are continuing to degrade, contaminant concentrations have reached a level which, if maintained, can result in damage to health, and additional control actions are needed and is the third level of an episode. "Emergency" means the air quality is posing an imminent and substantial endangerment to public health and is the fourth level of an episode;

(2) The requirement that persons responsible for the operation of air contaminant sources prepare and obtain approval from the director of source emission reduction plans, consistent with good operating practice and safe operating procedures, for reducing emissions during designated episode stages;

(3) Provision for the director of the department of ecology or his authorized representative, or the air pollution control officer if implementation has been delegated, on the satisfaction of applicable criteria, to declare and terminate the forecast, alert, warning and all intermediate stages, up to the warning episode stage, such declarations constituting orders for action in accordance with applicable source emission reduction plans;

(4) Provision for the governor to declare and terminate the emergency stage and all intermediate stages above the warning episode stage, such declarations constituting orders in accordance with applicable source emission reduction plans;

(5) Provisions for enforcement by state and local police, personnel of the departments of ecology and social and

health services, and personnel of local air pollution control agencies; and

(6) Provisions for reduction or discontinuance of emissions immediately, consistent with good operating practice and safe operating procedures, under an air pollution emergency as provided in RCW 70.94.720.

Source emission reduction plans shall be considered orders of the department and shall be subject to appeal to the pollution control hearings board according to the procedure in chapter 43.21B RCW. [1990 c 128 § 4; 1971 ex.s. c 194 § 2.]

70.94.720 Air pollution episodes—Declaration of air pollution emergency by governor. Whenever the governor finds that emissions from the operation of one or more air contaminant sources is causing imminent danger to public health or safety, he may declare an air pollution emergency and may order the person or persons responsible for the operation of such air contaminant source or sources to reduce or discontinue emissions consistent with good operating practice, safe operating procedures and source emission reduction plans, if any, adopted by the department of ecology or any local air pollution control authority to which the department of ecology has delegated authority to adopt emission reduction plans. Orders authorized by this section shall be in writing and may be issued without prior notice or hearing. In the absence of the governor, any findings, declarations and orders authorized by this section may be made and issued by his authorized representative. [1971 ex.s. c 194 § 3.]

70.94.725 Air pollution episodes—Restraining orders, temporary injunctions to enforce orders—Procedure. Whenever any order has been issued pursuant to RCW 70.94.710 through 70.94.730, the attorney general, upon request from the governor, the director of the department of ecology, an authorized representative of either, or the attorney for a local air pollution control authority upon request of the control officer, shall petition the superior court of the county in which is located the air contaminant source for which such order was issued for a temporary restraining order requiring the immediate reduction or discontinuance of emissions from such source.

Upon request of the party to whom a temporary restraining order is directed, the court shall schedule a hearing thereon at its earliest convenience, at which time the court may withdraw the restraining order or grant such temporary injunction as is reasonably necessary to prevent injury to the public health or safety. [1971 ex.s. c 194 § 4.]

70.94.730 Air pollution episodes—Orders to be effective immediately. Orders issued to declare any stage of an air pollution episode avoidance plan under RCW 70.94.715, and to declare an air pollution emergency, under RCW 70.94.720, and orders to persons responsible for the operation of an air contaminant source to reduce or discontinue emissions, according to RCW 70.94.715 and 70.94.720 shall be effective immediately and shall not be stayed pending completion of review. [1971 ex.s. c 194 § 5.]

70.94.743 Outdoor burning—Areas where prohibited—Silvicultural burning. (1) Consistent with the policy of the state to reduce outdoor burning to the greatest extent practical:

(a) Outdoor burning shall not be allowed in any area of the state where federal or state ambient air quality standards are exceeded for pollutants emitted by outdoor burning.

(b) Outdoor burning shall not be allowed in any urban growth area as defined by RCW 36.70A.030, or any city of the state having a population greater than ten thousand people if such cities are threatened to exceed state or federal air quality standards, and alternative disposal practices consistent with good solid waste management are reasonably available or practices eliminating production of organic refuse are reasonably available. In no event shall such burning be allowed after December 31, 2000.

(2) "Outdoor burning" means the combustion of material of any type in an open fire or in an outdoor container without providing for the control of combustion or the control of emissions from the combustion.

(3) This section shall not apply to silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas. [1991 c 199 § 402.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.745 Limited outdoor burning—Program. It shall be the responsibility and duty of the department of natural resources, department of ecology, department of agriculture, fire districts, and local air pollution control authorities to establish, through regulations, ordinances, or policy, a limited burning program for the people of this state, consisting of a one-permit system, until such time as alternate technology or methods of disposing of the organic refuse have been developed that are reasonably economical and less harmful to the environment. It is the policy of this state to foster and encourage development of alternate methods or technology for disposing of or reducing the amount of organic refuse. [1991 c 199 § 401; 1972 ex.s. c 136 § 2.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.750 Limited outdoor burning—Permits issued by political subdivisions—Types of fires permitted. The following outdoor fires described in this section may be burned subject to the provisions of this chapter and also subject to city ordinances, county resolutions, rules of fire districts and laws, and rules enforced by the department of natural resources if a permit has been issued by a fire protection agency, county, or conservation district:

(1) Fires consisting of leaves, clippings, prunings and other yard and gardening refuse originating on lands immediately adjacent and in close proximity to a human dwelling and burned on such lands by the property owner or his or her designee.

(2) Fires consisting of residue of a natural character such as trees, stumps, shrubbery or other natural vegetation arising from land clearing projects or agricultural pursuits for pest or disease control; provided the fires described in this subsection may be prohibited in those areas having a general

population density of one thousand or more persons per square mile. [1991 c 199 § 412; 1972 ex.s. c 136 § 3.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.755 Limited outdoor burning—Establishment of program. Each activated air pollution control authority, and the department of ecology in those areas outside the jurisdictional boundaries of an activated air pollution control authority, shall establish, through regulations, ordinances or policy, a program implementing the limited burning policy authorized by RCW 70.94.740 through 70.94.765. [1972 ex.s. c 136 § 4.]

70.94.760 Limited outdoor burning—Construction. Nothing contained in RCW *70.94.740 through 70.94.765 is intended to alter or change the provisions of RCW 70.94.660, 70.94.710 through 70.94.730, and 76.04.205. [1986 c 100 § 55; 1972 ex.s. c 136 § 5.]

***Reviser's note:** RCW 70.94.740 was repealed by 1991 c 199 § 718.

70.94.765 Limited outdoor burning—Authority of local air pollution control authority or department of ecology to allow outdoor fires not restricted. Nothing in RCW 70.94.740 through 70.94.765 shall be construed as prohibiting a local air pollution control authority or the department of ecology in those areas outside the jurisdictional boundaries of an activated pollution control authority from allowing the burning of outdoor fires. [1972 ex.s. c 136 § 6.]

70.94.775 Outdoor burning—Fires prohibited—Exceptions. No person shall cause or allow any outdoor fire:

(1) Containing garbage, dead animals, asphalt, petroleum products, paints, rubber products, plastics, or any substance other than natural vegetation that normally emits dense smoke or obnoxious odors. Agricultural heating devices that otherwise meet the requirements of this chapter shall not be considered outdoor fires under this section;

(2) During a forecast, alert, warning or emergency condition as defined in RCW 70.94.715 or impaired air quality condition as defined in RCW 70.94.473. [1991 c 199 § 410; 1974 ex.s. c 164 § 1; 1973 2nd ex.s. c 11 § 1; 1973 1st ex.s. c 193 § 9.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.780 Outdoor burning—Permits issued by political subdivisions. In addition to any other powers granted to them by law, the fire protection agency, county, or conservation district issuing burning permits shall regulate or prohibit outdoor burning as necessary to prevent or abate the nuisances caused by such burning. No fire protection agency, county, or conservation district may issue a burning permit in an area where the department or local board has declared any stage of impaired air quality per RCW 70.94.473 or any stage of an air pollution episode. All burning permits issued shall be subject to all applicable fee, permitting, penalty, and enforcement provisions of this chapter. The permitted burning shall not cause damage to public health or the environment.

Any entity issuing a permit under this section may charge a fee at the level necessary to recover the costs of administering and enforcing the permit program. [1991 c 199 § 411; 1973 1st ex.s. c 193 § 10.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.785 Plans approved pursuant to federal clean air act—Enforcement authority. Notwithstanding any provision of the law to the contrary, except RCW 70.94.660 through 70.94.690, the department of ecology, upon its approval of any plan (or part thereof) required or permitted under the federal clean air act, shall have the authority to enforce all regulatory provisions within such plan (or part thereof): PROVIDED, That departmental enforcement of any such provision which is within the power of an activated authority to enforce shall be initiated only, when with respect to any source, the authority is not enforcing the provisions and then only after written notice is given the authority. [1973 1st ex.s. c 193 § 11.]

70.94.800 Legislative declaration—Intent. The legislature recognizes that:

(1) Acid deposition resulting from commercial, industrial or other emissions of sulphur dioxide and nitrogen oxides pose a threat to the delicate balance of the state's ecological systems, particularly in alpine lakes that are known to be highly sensitive to acidification;

(2) Failure to act promptly and decisively to mitigate or eliminate this danger may soon result in untold and irreparable damage to the fish, forest, wildlife, agricultural, water, and recreational resources of this state;

(3) There is a direct correlation between emissions of sulphur dioxides and nitrogen oxides and increases in acid deposition;

(4) Acidification is cumulative; and

(5) Once an environment is acidified, it is difficult, if not impossible, to restore the natural balance.

It is therefore the intent of the legislature to provide for early detection of acidification and the resulting environmental degradation through continued monitoring of acid deposition levels and trends, and major source changes, so that the legislature can take any necessary action to prevent environmental degradation resulting from acid deposition. [1985 c 456 § 1; 1984 c 277 § 1.]

70.94.805 Definitions. As used in RCW 70.94.800 through *70.94.825, the following terms have the following meanings.

(1) "Acid deposition" means wet or dry deposition from the atmosphere of chemical compounds with a pH of less than 5.6.

(2) "Critical level of acid deposition and lake, stream, and soil acidification" means the level at which irreparable damage may occur unless corrective action is taken. [1985 c 456 § 2; 1984 c 277 § 2.]

***Reviser's note:** RCW 70.94.810 through 70.94.825 were repealed by 1991 c 199 § 718.

70.94.820 Monitoring by department of ecology. The department of ecology shall maintain a program of periodic monitoring of acid rain deposition and lake, stream,

and soil acidification to ensure early detection of acidification and environmental degradation. [1987 c 505 § 61; 1985 c 456 § 5; 1984 c 277 § 6.]

70.94.850 Emission credits banking program—Amount of credit. The department of ecology and the local boards may implement an emission credits banking program. For the purposes of this section, an emission credits banking program means a program whereby an air contaminant source which reduces emissions of a given air contaminant by an amount greater than that required by applicable law, regulation, or order is granted credit for a given amount, which credit shall be administered by a credit bank operated by the appropriate agency. The amount of the credit shall be determined by the department or local board with jurisdiction, but it shall be less than the amount of the emissions reduction. The credit may be used, traded, sold, or otherwise expended for purposes established by regulation of state or local agencies consistent with the provisions of the prevention of significant deterioration program under RCW 70.94.860, the bubble program under RCW 70.94.155, and the new source review program under RCW 70.94.152, if there will be no net adverse impact on air quality. [1984 c 164 § 1.]

70.94.860 Department of ecology may accept delegation of programs. The department of ecology may accept delegation of programs as provided for in the federal clean air act. Subject to federal approval, the department may, in turn, delegate such programs to the local authority with jurisdiction in a given area. [1991 c 199 § 312; 1984 c 164 § 2.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.875 Evaluation of information on acid deposition in Pacific Northwest—Establishment of critical levels—Notification of legislature. The department of ecology, in consultation with the appropriate committees of the house of representatives and of the senate, shall:

- (1) Continue evaluation of information and research on acid deposition in the Pacific Northwest region;
- (2) Establish critical levels of acid deposition and lake, stream, and soil acidification; and
- (3) Notify the legislature if acid deposition or lake, stream, and soil acidification reaches the levels established under subsection (2) of this section. [1991 c 199 § 313; 1985 c 456 § 3.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.880 Establishment of critical deposition and acidification levels—Considerations. In establishing critical levels of acid deposition and lake, stream, and soil acidification, the department of ecology shall consider:

- (1) Current acid deposition and lake, stream, and soil acidification levels;
- (2) Changes in acid deposition and lake, stream, and soil acidification levels;
- (3) Effects of acid deposition and lake, stream, and soil acidification on the environment; and
- (4) The need to prevent environmental degradation. [1985 c 456 § 4.]

(1992 Ed.)

70.94.901 Construction—1967 c 238. This 1967 amendatory act shall not be construed to create in any way nor to enlarge, diminish or otherwise affect in any way any private rights in any civil action for damages. Any determination that there has been a violation of the provisions of this 1967 amendatory act or of any ordinance, rule, regulation or order issued pursuant thereto, shall not create by reason thereof any presumption or finding of fact or of law for use in any lawsuit brought by a private citizen. [1967 c 238 § 65.]

70.94.902 Construction, repeal of RCW 70.94.061 through 70.94.066—Saving. The following acts or parts of acts are each repealed:

- (1) Section 7, chapter 238, Laws of 1967, and RCW 70.94.061;
- (2) Section 8, chapter 238, Laws of 1967, and RCW 70.94.062;
- (3) Section 9, chapter 238, Laws of 1967, and RCW 70.94.064; and
- (4) Section 10, chapter 238, Laws of 1967, and RCW 70.94.066.

Such repeals shall not be construed as affecting any authority in existence on April 24, 1969, nor as affecting any action, activities or proceedings initiated by such authority prior hereto, nor as affecting any civil or criminal proceedings instituted by such authority, nor any rule, regulation, resolution, ordinance, or order promulgated by such authority, nor any administrative action taken by such authority, nor the term of office, or appointment or employment of any person appointed or employed by such authority. [1969 ex.s. c 168 § 46.]

70.94.904 Effective dates—1991 c 199. Sections 602 and 603 of this act shall take effect July 1, 1992. Sections 202 through 209 of this act shall take effect January 1, 1993. Sections 210 and 505 of this act shall take effect January 1, 1992.

The remainder of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately. [1991 c 199 § 717.]

70.94.905 Severability—1991 c 199. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1991 c 199 § 719.]

70.94.906 Captions not law. Captions and headings as used in this act constitute no part of the law. [1991 c 199 § 720.]

70.94.911 Severability—1967 c 238. If any phrase, clause, subsection or section of this 1967 amendatory act shall be declared unconstitutional or invalid by any court of competent jurisdiction, it shall be conclusively presumed that the legislature would have enacted this act without the phrase, clause, subsection or section so held unconstitutional or invalid and the remainder of the act shall not be affected

as a result of said part being held unconstitutional or invalid. [1967 c 238 § 64.]

70.94.950 Disincorporation of district located in county with a population of two hundred ten thousand or more and inactive for five years. See chapter 57.90 RCW.

70.94.960 Clean fuel matching grants for public transit, vehicle mechanics, and refueling infrastructure. The department may disburse matching grants from funds provided by the legislature from the air pollution control account, created in RCW 70.94.015, to units of local government to partially offset the additional cost of purchasing "clean fuel" and/or operating "clean-fuel vehicles" provided that such vehicles are used for public transit. Publicly owned school buses are considered public transit for the purposes of this section. The department may also disburse grants to vocational-technical institutes for the purpose of establishing programs to certify clean-fuel vehicle mechanics. The department may also distribute grants to the state energy office for the purpose of furthering the establishment of clean fuel refueling infrastructure. [1991 c 199 § 218.]

Finding—1991 c 199: See note following RCW 70.94.011.

Clean fuel: RCW 70.120.210.

Refueling: RCW 80.28.280.

State vehicles: RCW 43.19.637.

70.94.970 Chlorofluorocarbons—Ozone—Refrigerants regulated. (1) Regulated refrigerant means a class I or class II substance as listed in Title VI of section 602 of the federal clean air act amendments of November 15, 1990.

(2) A person who services or repairs or disposes of a motor vehicle air conditioning system; commercial or industrial air conditioning, heating, or refrigeration system; or consumer appliance shall use refrigerant extraction equipment to recover regulated refrigerant that would otherwise be released into the atmosphere. This subsection does not apply to off-road commercial equipment.

(3) Upon request, the department shall provide information and assistance to persons interested in collecting, transporting, or recycling regulated refrigerants.

(4) The willful release of regulated refrigerant from a source listed in subsection (2) of this section is prohibited. [1991 c 199 § 602.]

Finding—1991 c 199: "The legislature finds that:

(1) The release of chlorofluorocarbons and other ozone-depleting chemicals into the atmosphere contributes to the destruction of stratospheric ozone and threatens plant and animal life with harmful overexposure to ultraviolet radiation;

(2) The technology and equipment to extract and recover chlorofluorocarbons and other ozone-depleting chemicals from air conditioners, refrigerators, and other appliances are available;

(3) A number of nonessential consumer products contain ozone-depleting chemicals; and

(4) Unnecessary releases of chlorofluorocarbons and other ozone-depleting chemicals from these sources should be eliminated." [1991 c 199 § 601.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.980 Refrigerants—Unlawful acts. No person may sell, offer for sale, or purchase any of the following:

(1) A regulated refrigerant in a container designed for consumer recharge of a motor vehicle air conditioning system or consumer appliance during repair or service. This subsection does not apply to a regulated refrigerant purchased for the recharge of the air conditioning system of off-road commercial or agricultural equipment and sold or offered for sale at an establishment which specializes in the sale of off-road commercial or agricultural equipment or parts or service for such equipment;

(2) Nonessential consumer products that contain chlorofluorocarbons or other ozone-depleting chemicals, and for which substitutes are readily available. Products affected under this subsection shall include, but are not limited to, party streamers, tire inflators, air horns, noise makers, and chlorofluorocarbon-containing cleaning sprays designed for noncommercial or nonindustrial cleaning of electronic or photographic equipment. [1991 c 199 § 603.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.990 Refrigerants—Rules—Enforcement provisions, limitations. The department shall adopt rules to implement RCW 70.94.970 and 70.94.980. Rules shall include but not be limited to minimum performance specifications for refrigerant extraction equipment, as well as procedures for enforcing RCW 70.94.970 and 70.94.980.

Enforcement provisions adopted by the department shall not include penalties or fines in areas where equipment to collect or recycle regulated refrigerants is not readily available. [1991 c 199 § 604.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.95.010 Legislative finding—Priorities—Goal.

The legislature finds:

(1) Continuing technological changes in methods of manufacture, packaging, and marketing of consumer products, together with the economic and population growth of this state, the rising affluence of its citizens, and its expanding industrial activity have created new and ever-mounting problems involving disposal of garbage, refuse, and solid waste materials resulting from domestic, agricultural, and industrial activities.

(2) Traditional methods of disposing of solid wastes in this state are no longer adequate to meet the ever-increasing problem. Improper methods and practices of handling and disposal of solid wastes pollute our land, air and water resources, blight our countryside, adversely affect land values, and damage the overall quality of our environment.

(3) Considerations of natural resource limitations, energy shortages, economics and the environment make necessary the development and implementation of solid waste recovery and/or recycling plans and programs.

(4) Waste reduction must become a fundamental strategy of solid waste management. It is therefore necessary to change manufacturing and purchasing practices and waste generation behaviors to reduce the amount of waste that becomes a governmental responsibility.

(5) Source separation of waste must become a fundamental strategy of solid waste management. Collection and handling strategies should have, as an ultimate goal, the source separation of all materials with resource value or environmental hazard.

(6)(a) It is the responsibility of every person to minimize his or her production of wastes and to separate recyclable or hazardous materials from mixed waste.

(b) It is the responsibility of state, county, and city governments to provide for a waste management infrastructure to fully implement waste reduction and source separation strategies and to process and dispose of remaining wastes in a manner that is environmentally safe and economically sound. It is further the responsibility of state, county, and city governments to monitor the cost-effectiveness and environmental safety of combusting separated waste, processing mixed waste, and recycling programs.

(c) It is the responsibility of county and city governments to assume primary responsibility for solid waste management and to develop and implement aggressive and effective waste reduction and source separation strategies.

(d) It is the responsibility of state government to ensure that local governments are providing adequate source reduction and separation opportunities and incentives to all, including persons in both rural and urban areas, and nonresidential waste generators such as commercial, industrial, and institutional entities, recognizing the need to provide flexibility to accommodate differing population densities, distances to and availability of recycling markets, and collection and disposal costs in each community; and to provide county and city governments with adequate technical resources to accomplish this responsibility.

(7) Environmental and economic considerations in solving the state's solid waste management problems requires strong consideration by local governments of regional solutions and intergovernmental cooperation.

(8) The following priorities for the collection, handling, and management of solid waste are necessary and should be followed in descending order as applicable:

(a) Waste reduction;

(b) Recycling, with source separation of recyclable materials as the preferred method;

(c) Energy recovery, incineration, or landfill of separated waste;

(d) Energy recovery, incineration, or landfilling of mixed wastes.

(9) It is the state's goal to achieve a fifty percent recycling rate by 1995.

(10) Steps should be taken to make recycling at least as affordable and convenient to the ratepayer as mixed waste disposal.

(11) It is necessary to compile and maintain adequate data on the types and quantities of solid waste that are being generated and to monitor how the various types of solid waste are being managed.

(12) Vehicle batteries should be recycled and the disposal of vehicle batteries into landfills or incinerators should be discontinued.

(13) Excessive and nonrecyclable packaging of products should be avoided.

(14) Comprehensive education should be conducted throughout the state so that people are informed of the need to reduce, source separate, and recycle solid waste.

(15) All governmental entities in the state should set an example by implementing aggressive waste reduction and recycling programs at their workplaces and by purchasing products that are made from recycled materials and are recyclable.

(16) To ensure the safe and efficient operations of solid waste disposal facilities, it is necessary for operators and regulators of landfills and incinerators to receive training and certification.

(17) It is necessary to provide adequate funding to all levels of government so that successful waste reduction and recycling programs can be implemented.

(18) The development of stable and expanding markets for recyclable materials is critical to the long-term success of the state's recycling goals. Market development must be encouraged on a state, regional, and national basis to

maximize its effectiveness. The state shall assume primary responsibility for the development of a multifaceted market development program to carry out the purposes of *this act.

(19) There is an imperative need to anticipate, plan for, and accomplish effective storage, control, recovery, and recycling of discarded tires and other problem wastes with the subsequent conservation of resources and energy. [1989 c 431 § 1; 1985 c 345 § 1; 1984 c 123 § 1; 1975-'76 2nd ex.s. c 41 § 1; 1969 ex.s. c 134 § 1.]

*Reviser's note: For codification of "this act" [1989 c 431], see Codification Tables, Volume 0.

70.95.020 Purpose. The purpose of this chapter is to establish a comprehensive state-wide program for solid waste handling, and solid waste recovery and/or recycling which will prevent land, air, and water pollution and conserve the natural, economic, and energy resources of this state. To this end it is the purpose of this chapter:

(1) To assign primary responsibility for adequate solid waste handling to local government, reserving to the state, however, those functions necessary to assure effective programs throughout the state;

(2) To provide for adequate planning for solid waste handling by local government;

(3) To provide for the adoption and enforcement of basic minimum performance standards for solid waste handling;

(4) To provide technical and financial assistance to local governments in the planning, development, and conduct of solid waste handling programs;

(5) To encourage storage, proper disposal, and recycling of discarded vehicle tires and to stimulate private recycling programs throughout the state.

It is the intent of the legislature that local governments be encouraged to use the expertise of private industry and to contract with private industry to the fullest extent possible to carry out solid waste recovery and/or recycling programs. [1985 c 345 § 2; 1975-'76 2nd ex.s. c 41 § 2; 1969 ex.s. c 134 § 2.]

Such plan may cover two or more counties.

Each city shall:

- (1) Prepare and deliver to the county auditor of the county in which it is located its plan for its own solid waste management for integration into the comprehensive county plan; or

- (2) Enter into an agreement with the county pursuant to which the city shall participate in preparing a joint city-county plan for solid waste management; or

With prior notification of its home county of its intent, a city in one county may enter into an agreement with a city in an adjoining county, or with an adjoining county, or both, to prepare a joint plan for solid waste management to become part of the comprehensive plan of both counties.

After consultation with representatives of the cities and counties, the department shall establish a schedule for the development of the comprehensive plans for solid waste management. In preparing such a schedule, the department shall take into account the probable cost of such plans to the cities and counties.

Local governments shall not be required to include a hazardous waste element in their solid waste management plans. [1985 c 448 § 17; 1969 ex.s. c 134 § 8.]

70.95.092 County and city comprehensive solid waste management plans—Levels of service, reduction and recycling. Levels of service shall be defined in the waste reduction and recycling element of each local comprehensive solid waste management plan and shall include the services set forth in RCW 70.95.090. In determining which service level is provided to residential and nonresidential waste generators in each community, counties and cities shall develop clear criteria for designating areas as urban or rural. In designating urban areas, local governments shall consider the planning guidelines adopted by the department, total population, population density, and any applicable land use or utility service plans. [1989 c 431 § 4.]

70.95.094 County and city comprehensive solid waste management plans—Review and approval process.

(1) The department and local governments preparing plans are encouraged to work cooperatively during plan development. Each county and city preparing a comprehensive solid waste management plan shall submit a preliminary draft plan to the department for technical review. The department shall review and comment on the draft plan within one hundred twenty days of receipt. The department's comments shall state specific actions or revisions that must be completed for plan approval.

(2) Each final draft solid waste management plan shall be submitted to the department for approval. The department will limit its comments on the final draft plans to those issues identified during its review of the draft plan and any other changes made between submittal of the preliminary draft and final draft plans. Disapproval of the local comprehensive solid waste management plan shall be supported by specific findings. A final draft plan shall be deemed approved if the department does not disapprove it within forty-five days of receipt.

(3) If the department disapproves a plan or any plan amendments, the submitting entity may appeal the decision under the procedures of Part IV of chapter 34.05 RCW. An administrative law judge shall preside over the appeal. The appeal shall be limited to review of the specific findings which supported the disapproval under subsection (2) of this section. Guidelines prepared under this section shall be consistent with the provisions of this chapter. Guidelines for the preparation of the waste reduction and recycling element of the comprehensive solid waste management plan shall be completed by the department by March 15, 1990. These guidelines shall provide recommendations to local government on materials to be considered for designation as recyclable materials. The state solid waste management plan prepared pursuant to RCW 70.95.260 shall be consistent with these guidelines.

(2) The department shall be responsible for development and implementation of a comprehensive state-wide public information program designed to encourage waste reduction, source separation, and recycling by the public. Finding—1991 c 298: See note following RCW 70.95.030.

70.95.130 Financial aid to counties and cities. Any county may apply to the department on a form prescribed thereby for financial aid for the preparation of the comprehensive county plan for solid waste management required by RCW 70.95.080. Any city electing to prepare an independent city plan, a joint city plan, or a joint county-city plan for solid waste management for inclusion in the county comprehensive plan may apply for financial aid for such purpose through the county. Every city application for financial aid for planning shall be filed with the county auditor and shall be included as a part of the county's application for financial aid. Any city preparing an independent plan shall provide for disposal sites wholly within its jurisdiction.

The department shall allocate to the counties and cities applying for financial aid for planning, such funds as may be available pursuant to legislative appropriations or from any federal grants for such purpose.

The department shall determine priorities and allocate available funds among the counties and cities applying for aid according to criteria established by regulations of the department considering population, urban development, environmental effects of waste disposal, existing waste handling practices, and the local justification of their proposed expenditures. [1969 ex.s. c 134 § 13.]

70.95.140 Matching requirements. Counties and cities shall match their planning aid allocated by the director by an amount not less than twenty-five percent of the estimated cost of such planning. Any federal planning aid made directly to a county or city shall not be considered either a state or local contribution in determining local matching requirements. Counties and cities may meet their share of planning costs by cash and contributed services. [1969 ex.s. c 134 § 14.]

70.95.150 Contracts with counties to assure proper expenditures. Upon the allocation of planning funds as

provided in RCW 70.95.130, the department shall enter into a contract with each county receiving a planning grant. The contract shall include such provisions as the director may deem necessary to assure the proper expenditure of such funds including allocations made to cities. The sum allocated to a county shall be paid to the treasurer of such county. [1969 ex.s. c 134 § 15.]

70.95.160 Local board of health regulations to implement the comprehensive plan—Section not to be construed to authorize counties to operate system. Each county, or any city, or jurisdictional board of health shall adopt regulations or ordinances governing solid waste handling implementing the comprehensive solid waste management plan covering storage, collection, transportation, treatment, utilization, processing and final disposal including but not limited to the issuance of permits and the establishment of minimum levels and types of service for any aspect of solid waste handling. County regulations or ordinances adopted regarding levels and types of service shall not apply within the limits of any city where the city has by local ordinance determined that the county shall not exercise such powers within the corporate limits of the city. Such regulations or ordinances shall assure that solid waste storage and disposal facilities are located, maintained, and operated in a manner so as properly to protect the public health, prevent air and water pollution, are consistent with the priorities established in RCW 70.95.010, and avoid the creation of nuisances. Such regulations or ordinances may be more stringent than the minimum functional standards adopted by the department. Regulations or ordinances adopted by counties, cities, or jurisdictional boards of health shall be filed with the department.

Nothing in this section shall be construed to authorize the operation of a solid waste collection system by counties. [1989 c 431 § 10; 1988 c 127 § 29; 1969 ex.s. c 134 § 16.]

70.95.163 Local health departments may contract with the department of ecology. Any jurisdictional health department and the department of ecology may enter into an agreement providing for the exercise by the department of ecology of any power that is specified in the contract and that is granted to the jurisdictional health department under this chapter. However, the jurisdictional health department shall have the approval of the legislative authority or authorities it serves before entering into any such agreement with the department of ecology. [1989 c 431 § 16.]

70.95.165 Solid waste disposal facility siting—Site review—Local solid waste advisory committees—Membership. (1) Each county or city siting a solid waste disposal facility shall review each potential site for conformance with the standards as set by the department for:

- (a) Geology;
- (b) Ground water;
- (c) Soil;
- (d) Flooding;
- (e) Surface water;
- (f) Slope;
- (g) Cover material;
- (h) Capacity;

- (i) Climatic factors;
- (j) Land use;
- (k) Toxic air emissions; and
- (l) Other factors as determined by the department.

(2) The standards in subsection (1) of this section shall be designed to use the best available technology to protect the environment and human health, and shall be revised periodically to reflect new technology and information.

(3) Each county shall establish a local solid waste advisory committee to assist in the development of programs and policies concerning solid waste handling and disposal and to review and comment upon proposed rules, policies, or ordinances prior to their adoption. Such committees shall consist of a minimum of nine members and shall represent a balance of interests including, but not limited to, citizens, public interest groups, business, the waste management industry, and local elected public officials. The members shall be appointed by the county legislative authority. A county or city shall not apply for funds from the state and local improvements revolving account, Waste Disposal Facilities, 1980, under chapter 43.99F RCW, for the preparation, update, or major amendment of a comprehensive solid waste management plan unless the plan or revision has been prepared with the active assistance and participation of a local solid waste advisory committee. [1989 c 431 § 11; 1984 c 123 § 4.]

70.95.167 Private businesses involvement in source separated materials—Local solid waste advisory committee to examine. (1) Each local solid waste advisory committee shall conduct one or more meetings for the purpose of determining how local private recycling and solid waste collection businesses may participate in the development and implementation of programs to collect source separated materials from residences, and to process and market materials collected for recycling. The meetings shall include local private recycling businesses, private solid waste collection companies operating within the jurisdiction, and the local solid waste planning agencies. The meetings shall be held during the development of the waste reduction and recycling element or no later than one year prior to the date that a jurisdiction is required [to] submit the element under RCW 70.95.110(2).

(2) The meeting requirement under subsection (1) of this section shall apply whenever a city or county develops or amends the waste reduction and recycling element required under this chapter. Jurisdictions having approved waste reduction and recycling elements or having initiated a process for the selection of a service provider as of May 21, 1991, do not have to comply with the requirements of subsection (1) of this section until the next revisions to the waste reduction and recycling element are made or required.

(3) After the waste reduction and recycling element is approved by the local legislative authority but before it is submitted to the department for approval, the local solid waste advisory committee shall hold at least one additional meeting to review the element.

(4) For the purpose of this section, "private recycling business" means any private for-profit or private not-for-profit business that engages in the processing and marketing of recyclable materials. [1991 c 319 § 402.]

Severability—Part headings not law—1991 c 319: See RCW 70.95F.900 and 70.95F.901.

70.95.170 Permit for solid waste disposal site or facilities—Required. After approval of the comprehensive solid waste plan by the department no solid waste disposal site or disposal site facilities shall be maintained, established, substantially altered, expanded, or improved until the county, city, or other person operating such site has obtained a permit from the jurisdictional health department pursuant to the provisions of RCW 70.95.180. [1969 ex.s. c 134 § 17.]

70.95.180 Permit for solid waste disposal site or facilities—Applications, fee. (1) Applications for permits to operate new or existing solid waste disposal sites shall be on forms prescribed by the department and shall contain a description of the proposed and existing facilities and operations at the site, plans and specifications for any new or additional facilities to be constructed, and such other information as the jurisdictional health department may deem necessary in order to determine whether the site and solid waste disposal facilities located thereon will comply with local and state regulations.

(2) Upon receipt of an application for a permit to establish, alter, expand, improve, or continue in use a solid waste disposal site, the jurisdictional health department shall refer one copy of the application to the department which shall report its findings to the jurisdictional health department.

(3) The jurisdictional health department shall investigate every application as may be necessary to determine whether an existing or proposed site and facilities meet all applicable laws and regulations, and conforms with the approved comprehensive solid waste handling plan, and complies with all zoning requirements.

(4) When the jurisdictional health department finds that the permit should be issued, it shall issue such permit. Every application shall be approved or disapproved within ninety days after its receipt by the jurisdictional health department.

(5) The jurisdictional board of health may establish reasonable fees for permits and renewal of permits. All permit fees collected by the health department shall be deposited in the treasury and to the account from which the health department's operating expenses are paid. [1988 c 127 § 30; 1969 ex.s. c 134 § 18.]

70.95.185 Permit for solid waste disposal site or facilities—Review by department—Appeal of issuance—Validity of permits issued after June 7, 1984. Every permit issued by a jurisdictional health department under RCW 70.95.180 shall be reviewed by the department to ensure that the proposed site or facility conforms with:

(1) All applicable laws and regulations including the minimal functional standards for solid waste handling; and

(2) The approved comprehensive solid waste management plan.

The department shall review the permit within thirty days after the issuance of the permit by the jurisdictional health department. The department may appeal the issuance of the permit by the jurisdictional health department to the

pollution control hearings board, as described in chapter 43.21B RCW, for noncompliance with subsection (1) or (2) of this section.

No permit issued pursuant to RCW 70.95.180 after June 7, 1984, shall be considered valid unless it has been reviewed by the department. [1984 c 123 § 8.]

70.95.190 Permit for solid waste disposal site or facilities—Renewal—Appeal—Validity of renewal. Every permit for a solid waste disposal site shall be renewed annually on a date to be established by the jurisdictional health department having jurisdiction of the site. Prior to renewing a permit, the health department shall conduct such inspections as it deems necessary to assure that the solid waste disposal site and facilities located on the site meet minimum functional standards of the department, applicable local regulations, and are not in conflict with the approved solid waste management plan. The department shall review and may appeal the renewal as set forth for the approval of permits in RCW 70.95.185.

A renewal issued under this section shall not be considered valid unless it has been reviewed by the department. [1984 c 123 § 9; 1969 ex.s. c 134 § 19.]

70.95.200 Permit for solid waste disposal site or facilities—Suspension. Any permit for a solid waste disposal site issued as provided herein shall be subject to suspension at any time the jurisdictional health department determines that the site or the solid waste disposal facilities located on the site are being operated in violation of this chapter, or the regulations of the department or local laws and regulations. [1969 ex.s. c 134 § 20.]

70.95.210 Hearing—Appeal. Whenever the jurisdictional health department denies a permit or suspends a permit for a solid waste disposal site, it shall, upon request of the applicant or holder of the permit, grant a hearing on such denial or suspension within thirty days after the request therefor is made. Notice of the hearing shall be given all interested parties including the county or city having jurisdiction over the site and the department. Within thirty days after the hearing, the health officer shall notify the applicant or the holder of the permit in writing of his determination and the reasons therefor. Any party aggrieved by such determination may appeal to the pollution control hearings board by filing with the hearings board a notice of appeal within thirty days after receipt of notice of the determination of the health officer. The hearings board shall hold a hearing in accordance with the provisions of the Administrative Procedure Act, chapter 34.05 RCW, as now or hereafter amended. [1987 c 109 § 21; 1969 ex.s. c 134 § 21.]

70.95.215 Landfill disposal facilities—Reserve accounts required by July 1, 1987—Exception—Rules. (1) By July 1, 1987, each holder or applicant of a permit for a landfill disposal facility issued under this chapter shall establish a reserve account to cover the costs of closing the facility in accordance with state and federal regulations. The

account shall be designed to ensure that there will be adequate revenue available by the projected date of closure. Landfill disposal facilities maintained on private property for the sole use of the entity owning the site shall not be required to establish a reserve account if, to the satisfaction of the department, they provide another form of financial assurance adequate to comply with the requirements of this section.

(2) By July 1, 1986, the department shall adopt rules under chapter 34.05 RCW to implement subsection (1) of this section. The rules shall include but not be limited to:

(a) Methods to estimate closure costs, including postclosure monitoring, pollution prevention measures, and any other procedures required under state and federal regulations;

(b) Methods to ensure that reserve accounts receive adequate funds, including:

(i) Requirements that the reserve account be generated by user fees. However, the department may waive this requirement for existing landfills if user fees would be prohibitively high;

(ii) Requirements that moneys be placed in the reserve account on a regular basis and that the reserve account be kept separate from all other accounts; and

(iii) Procedures for the department to verify that adequate sums are deposited in the reserve account; and

(c) Methods to ensure that other types of financial assurance provided in accordance with subsection (1) of this section are adequate to cover the costs of closing the facility. [1985 c 436 § 1.]

70.95.220 Financial aid to jurisdictional health departments—Applications—Allocations. Any jurisdictional health department may apply to the department for financial aid for the enforcement of rules and regulations promulgated under this chapter. Such application shall contain such information, including budget and program description, as may be prescribed by regulations of the department.

After receipt of such applications the department may allocate available funds according to criteria established by regulations of the department considering population, urban development, the number of the disposal sites, and geographical area.

The sum allocated to a jurisdictional health department shall be paid to the treasury from which the operating expenses of the health department are paid, and shall be used exclusively for inspections and administrative expenses necessary to enforce applicable regulations. [1969 ex.s. c 134 § 22.]

70.95.230 Financial aid to jurisdictional health departments—Matching funds requirements. The jurisdictional health department applying for state assistance for the enforcement of this chapter shall match such aid allocated by the department in an amount not less than twenty-five percent of the total amount spent for such enforcement activity during the year. The local share of enforcement costs may be met by cash and contributed services. [1969 ex.s. c 134 § 23.]

70.95.235 Diversion of recyclable material—Penalty.

(1) No person may divert to personal use any recyclable material placed in a container as part of a recycling program, without the consent of the generator of such recyclable material or the solid waste collection company operating under the authority of a town, city, county, or the utilities and transportation commission, and no person may divert to commercial use any recyclable material placed in a container as part of a recycling program, without the consent of the person owning or operating such container.

(2) A violation of subsection (1) of this section is a class 1 civil infraction under chapter 7.80 RCW. Each violation of this section shall be a separate infraction. [1991 c 319 § 407.]

Severability—Part headings not law—1991 c 319: See RCW 70.95F.900 and 70.95F.901.

70.95.240 Unlawful to dump or deposit solid waste without permit. After the adoption of regulations or ordinances by any county, city, or jurisdictional board of health providing for the issuance of permits as provided in RCW 70.95.160, it shall be unlawful for any person to dump or deposit or permit the dumping or depositing of any solid waste onto or under the surface of the ground or into the waters of this state except at a solid waste disposal site for which there is a valid permit: PROVIDED, That nothing herein shall prohibit a person from dumping or depositing solid waste resulting from his own activities onto or under the surface of ground owned or leased by him when such action does not violate statutes or ordinances, or create a nuisance. Any person violating this section shall be guilty of a misdemeanor. [1969 ex.s. c 134 § 24.]

70.95.250 Name appearing on waste material—Presumption. Whenever solid wastes dumped in violation of RCW 70.95.240 contain three or more items bearing the name of one individual, there shall be a rebuttable presumption that the individual whose name appears on such items committed the unlawful act of dumping. [1969 ex.s. c 134 § 25.]

70.95.255 Disposal of sewage sludge or septic tank sludge prohibited—Exemptions—Uses of sludge material permitted. After January 1, 1988, the department of ecology may prohibit disposal of sewage sludge or septic tank sludge (septage) in landfills for final disposal, except on a temporary, emergency basis, if the jurisdictional health department determines that a potentially unhealthful circumstance exists. Beneficial uses of sludge in landfill reclamation is acceptable utilization and not considered disposal.

The department of ecology shall adopt rules that provide exemptions from this section on a case-by-case basis. Exemptions shall be based on the economic infeasibility of using or disposing of the sludge material other than in a landfill.

The department of ecology, in conjunction with the department of health and the department of agriculture, shall adopt rules establishing labeling and notification requirements for sludge material sold commercially or given away to the public. The department shall specify mandatory wording for labels and notification to warn the public against

improper use of the material. [1992 c 174 § 15; 1986 c 297 § 1.]

70.95.280 Determination of best solid waste management practices—Department to develop method to monitor waste stream—Collectors to report quantity and quality of waste—Confidentiality of proprietary information. The department of ecology shall determine the best management practices for categories of solid waste in accordance with the priority solid waste management methods established in RCW 70.95.010. In order to make this determination, the department shall conduct a comprehensive solid waste stream analysis and evaluation. Following establishment of baseline data resulting from an initial in-depth analysis of the waste stream, the department shall develop a less intensive method of monitoring the disposed waste stream including, but not limited to, changes in the amount of waste generated and waste type. The department shall monitor curbside collection programs and other waste segregation and disposal technologies to determine, to the extent possible, the effectiveness of these programs in terms of cost and participation, their applicability to other locations, and their implications regarding rules adopted under this chapter. Persons who collect solid waste shall annually report to the department the types and quantities of solid waste that are collected and where it is delivered. The department shall adopt guidelines for reporting and for keeping proprietary information confidential. [1989 c 431 § 13; 1988 c 184 § 1.]

The data required by the analysis under this section shall be kept current and shall be available to local governments and the waste management industry. [1988 c 184 § 2.]

70.95.290 Solid waste stream evaluation. (1) The evaluation of the solid waste stream required in RCW 70.95.280 shall include the following elements:

- (a) The department shall determine which management method for each category of solid waste will have the least environmental impact; and

- (b) The department shall evaluate the costs of various management options for each category of solid waste, including a review of market availability, and shall take into consideration the economic impact on affected parties;

- (c) Based on the results of (a) and (b) of this subsection, the department shall determine the best management for each category of solid waste. Different management methods for the same categories of waste may be developed for different parts of the state.

The plan shall be revised periodically as the evaluation and analysis is updated. [1988 c 184 § 4.]

70.95.500 Disposal of vehicle tires outside designated area prohibited—Penalty—Exemption. (1) No person may drop, deposit, discard, or otherwise dispose of vehicle tires on any public property or private property in this state or in the waters of this state whether from a vehicle or

otherwise, including, but not limited to, any public highway, public park, beach, campground, forest land, recreational area, trailer park, highway, road, street, or alley unless:

70.95.520 Vehicle tire recycling account—Deposit of funds. There is created an account within the state treasury to be known as the vehicle tire recycling account. All assessments and other funds collected or received under this chapter shall be deposited in the vehicle tire recycling account and used by the department of ecology for administration and implementation of this chapter. After October 1, 1989, the department of revenue shall deduct two percent from funds collected pursuant to RCW 70.95.510 for the purpose of administering and collecting the fee from new replacement vehicle tire retailers. [1989 c 431 § 94; 1985 c 345 § 6.]

70.95.530 Vehicle tire recycling account—Use. Moneys in the account may be appropriated to the department of ecology:

(1) To provide for funding to state and local governments for the removal of discarded vehicle tires from unauthorized tire dump sites;

(2) To accomplish the other purposes of RCW 70.95.020(5); and

(3) To fund the study authorized in section 2, chapter 250, Laws of 1988.

In spending funds in the account under this section, the department of ecology shall identify communities with the most severe problems with waste tires and provide funds

first to those communities to remove accumulations of waste tires. [1988 c 250 § 1; 1985 c 345 § 7.]

70.95.535 Disposition of fee. (1) Every person engaged in making retail sales of new replacement vehicle tires in this state shall retain ten percent of the collected one dollar fee. The moneys retained may be used for costs associated with the proper management of the waste vehicle tires by the retailer.

(2) The department of ecology will administer the funds for the purposes specified in RCW 70.95.020(5) including, but not limited to:

(a) Making grants to local governments for pilot demonstration projects for on-site shredding and recycling of tires from unauthorized dump sites;

(b) Grants to local government for enforcement programs;

(c) Implementation of a public information and education program to include posters, signs, and informational materials to be distributed to retail tire sales and tire service outlets;

(d) Product marketing studies for recycled tires and alternatives to land disposal. [1989 c 431 § 93.]

70.95.540 Cooperation with department to aid tire recycling. To aid in the state-wide tire recycling campaign, the legislature strongly encourages various industry organizations which are active in resource recycling efforts to provide active cooperation with the department of ecology so that additional technology can be developed for the tire recycling campaign. [1985 c 345 § 9.]

70.95.600 Educational material promoting household waste reduction and recycling. The department of ecology, at the request of a local government jurisdiction, may periodically provide educational material promoting household waste reduction and recycling to public and private refuse haulers. The educational material shall be distributed to households receiving refuse collection service by local governments or the refuse hauler providing service. The refuse hauler may distribute the educational material by any means that assures timely delivery.

Reasonable expenses incurred in the distribution of this material shall be considered, for rate-making purposes, as legitimate operating expenses of garbage and refuse haulers regulated under chapter 81.77 RCW. [1988 c 175 § 3.]

Effective date—1988 c 175: See note following RCW 43.19.538.

70.95.610 Battery disposal—Restrictions—Violators subject to fine—"Vehicle battery" defined. (1) No person may knowingly dispose of a vehicle battery except by delivery to: A person or entity selling lead acid batteries, a person or entity authorized by the department to accept the battery, or to a secondary lead smelter.

(2) No owner or operator of a solid waste disposal site shall knowingly accept for disposal used vehicle batteries except when authorized to do so by the department or by the federal government.

(3) Any person who violates this section shall be subject to a fine of up to one thousand dollars. Each battery will constitute a separate violation. Nothing in this section and RCW 70.95.620 through 70.95.660 shall supersede the provisions under chapter 70.105 RCW.

(4) For purposes of this section and RCW 70.95.620 through 70.95.660, "vehicle battery" means batteries capable for use in any vehicle, having a core consisting of elemental lead, and a capacity of six or more volts. [1989 c 431 § 37.]

70.95.630 Requirements for accepting used batteries by retailers of vehicle batteries—Notice. A person selling vehicle batteries at retail in the state shall:

- (1) Accept, at the time of purchase of a replacement battery, in the place where the new batteries are physically transferred to the purchasers, and in a quantity at least equal

to the number of new batteries purchased, used vehicle batteries from the purchasers, if offered by the purchasers. When a purchaser fails to provide an equivalent used battery or batteries, the purchaser may reclaim the core charge paid under RCW 70.95.640 by returning, to the point of purchase within thirty days, a used battery or batteries and a receipt showing proof of purchase from the establishment where the replacement battery or batteries were purchased; and

(2) Post written notice which must be at least eight and one-half inches by eleven inches in size and must contain the universal recycling symbol and the following language:

70.95.640 Retail core charge. Each retail sale of a vehicle battery shall include, in the price of the battery for sale, a core charge of not less than five dollars. When a purchaser offers the seller a used battery of equivalent size, the seller shall omit the core charge from the price of the battery. [1989 c 431 § 40.]

70.95.650 Vehicle battery wholesalers—Obligations regarding used batteries—Noncompliance procedure. (3)(a) The department shall issue an order suspending any of the provisions of RCW 70.95.630 through 70.95.660 whenever it finds that the market price of lead has fallen to the extent that new battery wholesalers' estimated state-wide average cost of transporting used batteries to a smelter or other person or entity in the business of purchasing used batteries is clearly greater than the market price paid for used lead batteries by such smelter or person or entity.

(b) The order of suspension shall only apply to batteries that are sold at retail during the period in which the suspension order is effective.

(c) The department shall limit its suspension order to a definite period not exceeding six months, but shall revoke the order prior to its expiration date should it find that the reasons for its issuance are no longer valid. [1989 c 431 § 41.]

70.95.660 Department to distribute printed notice—Issuance of warnings and citations—Fines. The department shall produce, print, and distribute the notices required by RCW 70.95.630 to all places where vehicle batteries are offered for sale at retail and in performing its duties under this section the department may inspect any place, building,

or premise governed by RCW 70.95.640. Authorized employees of the agency may issue warnings and citations to persons who fail to comply with the requirements of RCW 70.95.610 through 70.95.670. Failure to conform to the notice requirements of RCW 70.95.630 shall subject the violator to a fine imposed by the department not to exceed one thousand dollars. However, no such fine shall be imposed unless the department has issued a warning of infraction for the first offense. Each day that a violator does not comply with the requirements of *this act following the issuance of an initial warning of infraction shall constitute a separate offense. [1989 c 431 § 42.]

***Reviser's note:** For codification of "this act" [1989 c 431], see Codification Tables, Volume 0.

Nothing in this chapter shall be construed as prohibiting a commercial or industrial generator of commercial recyclable materials from selling, conveying, or arranging for transportation of such material to a recycler for reuse or reclamation. [1989 c 431 § 32.]

70.95.910 Severability—1969 ex.s. c 134. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provisions to other persons or circumstances is not affected. [1969 ex.s. c 134 § 28.]

70.95A.010 Legislative declaration—Liberal construction. The legislature finds:

(1) That environmental damage seriously endangers the public health and welfare;

(2) That such environmental damage results from air, water, and other resources pollution and from solid waste disposal, noise and other environmental problems;

(3) That to abate or control such environmental damage antipollution devices, equipment, and facilities must be acquired, constructed and installed;

(4) That the tax exempt financing permitted by Section 103 of the Internal Revenue Code of 1954, as amended, and authorized by this chapter results in lower costs of installation of pollution control facilities;

(5) That such lower costs benefit the public with no measurable cost impact;

(6) That the method of financing provided in this chapter is in the public interest and its use serves a public purpose in (a) protecting and promoting the health and welfare of the citizens of the cities, towns, counties, and port districts and of this state by encouraging and accelerating the installation of facilities for abating or controlling and preventing environmental damage and (b) in attracting and retaining environmentally sound industry in this state which reduces unemployment and provides a more diversified tax base.

(7) For the reasons set forth in subsection (6) of this section, the provisions of this chapter relating to port districts and all proceedings heretofore or hereafter taken by port districts pursuant thereto are, and shall be deemed to be, for industrial development as authorized by Article 8, section 8 of the Washington state Constitution.

This chapter shall be liberally construed to accomplish the intentions expressed in this section. [1975 c 6 § 1; 1973 c 132 § 2.]

70.95A.020 Definitions. As used in this chapter, unless the context otherwise requires:

(2) "Facility" or "facilities" shall mean any land, building, structure, machinery, system, fixture, appurtenance, equipment or any combination thereof, or any interest therein, and all real and personal properties deemed necessary in connection therewith whether or not now in existence, which is used or to be used by any person, corporation or municipality in furtherance of the purpose of abating, controlling or preventing pollution;

(3) "Pollution" shall mean any form of environmental pollution, including but not limited to water pollution, air pollution, land pollution, solid waste disposal, thermal pollution, radiation contamination, or noise pollution;

(4) "Governing body" shall mean the body or bodies in which the legislative powers of the municipality are vested;

(5) "Mortgage" shall mean a mortgage or a mortgage and deed of trust or other security device; and

(6) "Department" shall mean the state department of ecology. [1973 c 132 § 3.]

70.95A.030 Municipalities—Powers. In addition to any other powers which it may now have, each municipality shall have the following powers:

(1) To acquire, whether by construction, purchase, devise, gift or lease, or any one or more of such methods, one or more facilities which shall be located within, or partially within the municipality;

(2) To lease, lease with option to purchase, sell or sell by installment sale, any or all of the facilities upon such terms and conditions as the governing body may deem advisable but which shall at least fully reimburse the municipality for all debt service on any bonds issued to finance the facilities and for all costs incurred by the municipality in financing and operating the facilities and as shall not conflict with the provisions of this chapter;

(3) To issue revenue bonds for the purpose of defraying the cost of acquiring or improving any facility or facilities or refunding any bonds issued for such purpose and to secure the payment of such bonds as provided in this chapter. Revenue bonds may be issued in one or more series or issues where deemed advisable, and each such series or issue may have the same or different maturity dates, interest rates, priorities on revenues available for payment of such bonds and priorities on security available for assuring payment thereof, and such other differing terms and conditions as are deemed necessary and are not in conflict with the provisions of this chapter. [1973 c 132 § 4.]

70.95A.035 Actions by municipalities validated. All actions heretofore taken by any municipality in conformity with the provisions of this chapter and the provisions of *this 1975 amendatory act hereby made applicable thereto relating to pollution control facilities, including but not limited to all bonds issued for such purposes, are hereby declared to be valid, legal and binding in all respects. [1975 c 6 § 4.]

*Reviser's note: "this 1975 amendatory act" [1975 c 6] consists of amendments to RCW 70.95A.010 and 70.95A.040 and the enactment of

RCW 53.08.040, 70.95A.035, 70.95A.045, 70.95A.912, 70.95A.940, and an uncodified section declaring an emergency and providing an effective date.

Port districts—Pollution control facilities or other industrial development—Validation: RCW 53.08.041.

70.95A.040 Municipalities—Revenue bonds for pollution control facilities—Authorized—Construction—Sale, conditions—Form, terms. (1) All bonds issued by a municipality under the authority of this chapter shall be secured solely by revenues derived from the lease or sale of the facility. Bonds and any interest coupons issued under the authority of this chapter shall not constitute nor give rise to a pecuniary liability of the municipality or a charge against its general credit or taxing powers. Such limitation shall be plainly stated upon the face of each of such bonds. The use of the municipality's name on revenue bonds authorized hereunder shall not be construed to be the giving or lending of the municipality's financial guarantee or pledge, i.e. credit to any private person, firm, or corporation as the term credit is used in Article 8, section 7 of the Washington state Constitution.

(2) The bonds referred to in subsection (1) of this section, may (a) be executed and delivered at any time and from time to time, (b) be in such form and denominations, (c) be of such tenor, (d) be in bearer or registered form either as to principal or interest or both, as provided in RCW 39.46.030, and may provide for conversion between registered and coupon bonds of varying denominations, (e) be payable in such installments and at such time or times not exceeding forty years from their date, (f) be payable at such place or places, (g) bear interest at such rate or rates as may be determined by the governing body, payable at such place or places within or without this state and evidenced in such manner, (h) be redeemable prior to maturity, with or without premium, and (i) contain such provisions not inconsistent herewith, as shall be deemed for the best interest of the municipality and provided for in the proceedings of the governing body whereunder the bonds shall be authorized to be issued.

(3) Any bonds issued under the authority of this chapter, may be sold at public or private sale in such manner and at such time or times as may be determined by the governing body to be most advantageous. The municipality may pay all expenses, premiums and commissions which the governing body may deem necessary or advantageous in connection with the authorization, sale and issuance thereof from the proceeds of the sale of said bonds or from the revenues of the facilities.

(4) All bonds issued under the authority of this chapter, and any interest coupons applicable thereto shall be investment securities within the meaning of the uniform commercial code and shall be deemed to be issued by a political subdivision of the state.

(5) The proceeds from any bonds issued under this chapter shall be used only for purposes qualifying under Section 103(c)(4)(f) of the Internal Revenue Code of 1954, as amended.

(6) Notwithstanding subsections (2) and (3) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 174; 1975 c 6 § 3; 1973 c 132 § 5.]

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

Port districts—Pollution control facilities or other industrial development—Validation: RCW 53.08.041.

70.95A.045 Proceeds of bonds are separate trust funds—Municipal treasurer, compensation. The proceeds of any bonds heretofore or hereafter issued in conformity with the authority of this chapter, together with interest and premiums thereon, and any revenues used to pay or redeem any of such bonds, together with interest and any premiums thereon, shall be separate trust funds and used only for the purposes permitted herein and shall not be considered to be money of the municipality. The services of the treasurer of a municipality, if such treasurer is or has been used, were and are intended to be for the administrative convenience of receipt and payment of nonpublic moneys only for which reasonable compensation may be charged by such treasurer or municipality. [1975 c 6 § 2.]

Port districts—Pollution control facilities or other industrial development—Validation: RCW 53.08.041.

70.95A.050 Revenue bonds—Security—Scope—Default—Authorization proceedings. (1) The principal of and interest on any bonds issued under the authority of this chapter (a) shall be secured by a pledge of the revenues derived from the sale or lease of the facilities out of which such bonds shall be made payable, (b) may be secured by a mortgage covering all or any part of the facilities, (c) may be secured by a pledge or assignment of the lease of such facilities, or (d) may be secured by a trust agreement or such other security device as may be deemed most advantageous by the governing body.

(2) The proceedings under which the bonds are authorized to be issued under the provisions of this chapter, and any mortgage given to secure the same may contain any agreements and provisions customarily contained in instruments securing bonds, including, without limiting the generality of the foregoing, provisions respecting (a) the fixing and collection of rents for any facilities covered by such proceedings or mortgage, (b) the terms to be incorporated in the lease of such facilities, (c) the maintenance and insurance of such facilities, (d) the creation and maintenance of special funds from the revenues of such facilities, and (e) the rights and remedies available in the event of a default to the bond owners or to the trustee under a mortgage or trust agreement, all as the governing body shall deem advisable and as shall not be in conflict with the provisions of this chapter: PROVIDED, That in making any such agreements or provisions a municipality shall not have the power to obligate itself except with respect to the facilities and the application of the revenues therefrom, and shall not have the power to incur a pecuniary liability or a charge upon its general credit or against its taxing powers.

(3) The proceedings authorizing any bonds under the provisions of this chapter and any mortgage securing such bonds may provide that, in the event of a default in the payment of the principal of or the interest on such bonds or in the performance of any agreement contained in such proceedings or mortgage, such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents and

to apply the revenues from the facilities in accordance with such proceedings or the provisions of such mortgage.

(4) Any mortgage made under the provisions of this chapter, to secure bonds issued thereunder, may also provide that, in the event of a default in the payment thereof or the violation of any agreement contained in the mortgage, the mortgage may be foreclosed and the mortgaged property sold under proceedings in equity or in any other manner now or hereafter permitted by law. Such mortgage may also provide that any trustee under such mortgage or the owner of any of the bonds secured thereby may become the purchaser at any foreclosure sale if the highest bidder therefor. No breach of any such agreement shall impose any pecuniary liability upon a municipality or any charge upon their general credit or against their taxing powers.

(5) The proceedings authorizing the issuance of bonds hereunder may provide for the appointment of a trustee or trustees for the protection of the owners of the bonds, whether or not a mortgage is entered into as security for such bonds. Any such trustee may be a bank with trust powers or a trust company and shall be located in the United States, within or without the state of Washington, shall have the immunities, powers and duties provided in said proceedings, and may, to the extent permitted by such proceedings, hold and invest funds deposited with it in direct obligations of the United States, obligations guaranteed by the United States or certificates of deposit of a bank (including the trustee) which are continuously secured by such obligations of or guaranteed by the United States. Any bank acting as such trustee may, to the extent permitted by such proceedings, buy bonds issued hereunder to the same extent as if it were not such trustee. Said proceedings may provide for one or more co-trustees, and any co-trustee may be any competent individual over the age of twenty-one years or a bank having trust powers or trust company within or without the state. The proceedings authorizing the bonds may provide that some or all of the proceeds of the sale of the bonds, the revenues of any facilities, the proceeds of the sale of any part of a facility, of any insurance policy or of any condemnation award be deposited with the trustee or a co-trustee and applied as provided in said proceedings. [1983 c 167 § 175; 1973 c 132 § 6.]

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

70.95A.060 Facilities—Leases authorized. Prior to the issuance of the bonds authorized by this chapter, the municipality may lease the facilities to a lessee or lessees under an agreement providing for payment to the municipality of such rentals as will be sufficient (a) to pay the principal of and interest on the bonds issued to finance the facilities, (b) to pay the taxes on the facilities, (c) to build up and maintain any reserves deemed by the governing body to be advisable in connection therewith, and (d) unless the agreement of lease obligates the lessees to pay for the maintenance and insurance of the facilities, to pay the costs of maintaining the facilities in good repair and keeping the same properly insured. Subject to the limitations of this chapter, the lease or extensions or modifications thereof may contain such other terms and conditions as may be mutually acceptable to the parties, and notwithstanding any other provisions of law relating to the sale of property owned by

(1992 Ed.)

municipalities, such lease may contain an option for the lessees to purchase the facilities on such terms and conditions with or without consideration as may be mutually acceptable to the parties. [1973 c 132 § 7.]

70.95A.070 Facilities—Revenue bonds—Refunding provisions. Any bonds issued under the provisions of this chapter and at any time outstanding may at any time and from time to time be refunded by a municipality by the issuance of its refunding bonds in such amount as the governing body may deem necessary but not exceeding an amount sufficient to refund the principal of the bonds to be so refunded, together with any unpaid interest thereon and any premiums and commissions necessary to be paid in connection therewith: PROVIDED, That an issue of refunding bonds may be combined with an issue of additional revenue bonds on any facilities. Any such refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof for the payment of the bonds to be refunded thereby, or by exchange of the refunding bonds for the bonds to be refunded thereby: PROVIDED FURTHER, That the owners of any bonds to be so refunded shall not be compelled without their consent to surrender their bonds for payment or exchange except on the terms expressed on the face thereof. Any refunding bonds issued under the authority of this chapter shall be subject to the provisions contained in RCW 70.95A.040 and may be secured in accordance with the provisions of RCW 70.95A.050. Public water supply systems—Certification and regulation of operators: Chapter 70.119 RCW.

70.95B.010 Legislative declaration. The legislature declares that competent operation of waste treatment plants plays an important part in the protection of the environment of the state and therefore it is of vital interest to the public. In order to protect the public health and to conserve and protect the water resources of the state, it is necessary to provide for the classifying of all domestic wastewater treatment plants; to require the examination and certification of the persons responsible for the supervision and operation of such systems; and to provide for the promulgation of rules and regulations to carry out this chapter. [1973 c 139 § 1.]

70.95B.020 Definitions. As used in this chapter unless context requires another meaning:

- (2) "Department" means the department of ecology.
- (3) "Board" means the water and wastewater operator certification board of examiners established by RCW 70.95B.070.
- (4) "Certificate" means a certificate of competency issued by the director stating that the operator has met the requirements for the specified operator classification of the certification program.

(5) "Wastewater treatment plant" means a facility used to treat any liquid or waterborne waste of domestic origin or a combination of domestic, commercial or industrial origin, and which by its design requires the presence of an operator for its operation. It shall not include any facility used exclusively by a single family residence, septic tanks with

subsoil absorption, industrial wastewater treatment plants, or wastewater collection systems.

(6) "Operator in responsible charge" means an individual who is designated by the owner as the person on-site in responsible charge of the routine operation of a wastewater treatment plant.

(7) "Nationally recognized association of certification authorities" shall mean that organization which serves as an information center for certification activities, recommends minimum standards and guidelines for classification of potable water treatment plants, water distribution systems and wastewater facilities and certification of operators, facilitates reciprocity between state programs and assists authorities in establishing new certification programs and updating existing ones.

(8) "Wastewater collection system" means any system of lines, pipes, manholes, pumps, liftstations, or other facilities used for the purpose of collecting and transporting wastewater.

(9) "Operating experience" means routine performance of duties, on-site in a wastewater treatment plant, that affects plant performance or effluent quality.

(10) "Owner" means in the case of a town or city, the city or town acting through its chief executive officer or the lessee if operated pursuant to a lease or contract; in the case of a county, the chairman of the county legislative authority or the chairman's designee; in the case of a sewer district, board of public utilities, association, municipality or other public body, the president or chairman of the body or the president's or chairman's designee; in the case of a privately owned wastewater treatment plant, the legal owner.

(11) "Wastewater certification program coordinator" means an employee of the department who is appointed by the director to serve on the board and who administers the wastewater treatment plant operators' certification program. [1987 c 357 § 1; 1973 c 139 § 2.]

As provided for in this chapter, the individual on-site at a wastewater treatment plant who is designated by the owner as the operator in responsible charge of the operation and maintenance of the plant on a routine basis shall be certified at a level equal to or higher than the classification rating of the plant being operated.

If a wastewater treatment plant is operated on more than one daily shift, the operator in charge of each shift shall be certified at a level no lower than one level lower than the classification rating of the plant being operated and shall be subordinate to the operator in responsible charge who is certified at a level equal to or higher than the plant. This requirement for shift operator certification shall be met by January 1, 1989.

Operators not required to be certified by this chapter are encouraged to become certified on a voluntary basis. [1987 c 357 § 2; 1973 c 139 § 3.]

70.95B.040 Administration of chapter—Rules and regulations—Director's duties. The director, with the approval of the board, shall adopt and enforce such rules and regulations as may be necessary for the administration of this chapter. The rules and regulations shall include, but not be

limited to, provisions for the qualification and certification of operators for different classifications of wastewater treatment plants. [1987 c 357 § 3; 1973 c 139 § 4.]

70.95B.050 Wastewater treatment plants—Classification. The director shall classify all wastewater treatment plants with regard to the size, type, and other conditions affecting the complexity of such treatment plants and the skill, knowledge, and experience required of an operator to operate such facilities to protect the public health and the state's water resources. 70.95B.060 Criteria and guidelines. The director is authorized when taking action pursuant to RCW 70.95B.040 and 70.95B.050 to consider generally applicable criteria and guidelines developed by a nationally recognized association of certification authorities. [1973 c 139 § 6.]

70.95B.070 Board of examiners for wastewater operator certification—Created—Members—Qualifications—Terms—Powers and duties—Compensation and travel expenses. For the purpose of carrying out the provisions of this chapter, a board of examiners for wastewater operator certification shall be appointed. This board may serve in a common capacity for the certification of both water and wastewater plant and system operators. One member shall be named from the department of ecology, by its director to serve at his pleasure, and one member from the department of social and health services by its secretary, to serve at his pleasure, and one member who is required to employ a certified operator and who holds the position of city manager, city engineer, director of public works, superintendent of utilities, or an equivalent position who will be appointed by the governor. The governor shall also appoint two members who are operators holding a certificate of at least the second highest operator classification for wastewater plant operators established by regulation of the director, and if authorized in a water supply system operator certification act, two members who are operators holding a certificate of at least the second highest classification for waterworks operators established pursuant to such act.

The employer representative shall be appointed for an initial one-year term and the operators for initial terms of two and three years respectively. Thereafter, the members appointed by the governor shall serve for a three-year period. Vacancies shall be filled for the remainder for an unexpired term by the appointing authorities.

70.95C.010 Legislative findings. The legislature finds that land disposal and incineration of solid and hazardous waste can be both harmful to the environment and costly to those who must dispose of the waste. In order to address this problem in the most cost-effective and environmentally sound manner, and to implement the highest waste management priority as articulated in RCW 70.95.010 and 70.105.150, public and private efforts should focus on reducing the generation of waste. Waste reduction can be achieved by encouraging voluntary efforts to redesign industrial, commercial, production, and other processes to result in the reduction or elimination of waste byproducts and to maximize the in-process reuse or reclamation of valuable spent material.

In the interest of protecting the public health, safety, and the environment, the legislature declares that it is the policy of the state of Washington to encourage reduction in the use of hazardous substances and reduction in the generation of hazardous waste whenever economically and technically practicable.

The legislature finds that hazardous wastes are generated by numerous different sources including, but not limited to, large and small business, households, and state and local government. The legislature further finds that a goal against which efforts at waste reduction may be measured is essential for an effective hazardous waste reduction program. The Pacific Northwest hazardous waste advisory council has endorsed a goal of reducing, through hazardous substance use reduction and waste reduction techniques, the generation of hazardous waste by fifty percent by 1995. The legislature adopts this as a policy goal for the state of Washington. The legislature recognizes that many individual businesses have already reduced the generation of hazardous waste through appropriate hazardous waste reduction techniques. The legislature also recognizes that there are some basic industrial processes which by their nature have limited potential for significantly reducing the use of certain raw materials or substantially reducing the generation of hazardous wastes. Therefore, the goal of reducing hazardous waste generation by fifty percent cannot be applied as a regulatory requirement. [1990 c 114 § 1; 1988 c 177 § 1.]

Severability—1990 c 114: See RCW 70.95E.900.

70.95C.090 Product packaging task force—Duties—Termination of task force. (1) The office shall establish a product packaging task force. The purpose of the task force shall be to investigate and evaluate methods to:

(a) Reduce the volume or weight, or both, of product packaging entering the waste stream;

(b) Reduce the toxicity of product packaging entering the waste stream;

(c) Reduce the reliance on single use, disposable packaging;

(d) Increase product packaging recycling; and

(e) Increase public awareness of the contribution of packaging to the solid waste problem.

In fulfilling the purpose of this subsection, the task force shall consider all applicable federal and state packaging standards and requirements. The task force shall coordinate with regional or national groups, or both, engaged in evaluating packaging issues. Any standards recommended by this task force must consider available packaging materials, packaging weight or volume, or both, and educational package labeling.

The task force shall involve representatives from the department of trade and economic development, the department of ecology, the public, local governments, environmental associations, and industry, including but not limited to, product and packaging manufacturers, retail businesses, solid waste collection companies, and recycling businesses. However, fifty percent of the task force appointees shall be representative of industry.

70.95C.100 Products and product packaging—State preemption of prohibitions on sale or distribution—Expiration of section. (1) After April 1, 1989, the state preempts the field of imposing prohibitions on the sale or distribution of products and product packaging for the purpose of affecting the disposal of the product or product packaging. The state shall have exclusive authority to impose such prohibitions or bans. No local or regional subdivision of the state shall have any authority to impose such a prohibition or ban on products or product packaging unless specifically granted such authority by the state legislature. This section shall not apply to an ordinance or resolution adopted prior to April 1, 1989.

70.95C.110 Waste reduction and recycling program to promote activities by state agencies—Recycled paper goal. The legislature finds and declares that the buildings and facilities owned and leased by state government produce significant amounts of solid and hazardous wastes, and actions must be taken to reduce and recycle these wastes and thus reduce the costs associated with their disposal. In order for the operations of state government to provide the citizens of the state an example of positive waste management, the legislature further finds and declares that state government should undertake an aggressive program designed to reduce and recycle solid and hazardous wastes produced in the

operations of state buildings and facilities to the maximum extent possible.

The office of waste reduction, in cooperation with the department of general administration, shall establish an intensive waste reduction and recycling program to promote the reduction of waste produced by state agencies and to promote the source separation and recovery of recyclable and reusable materials.

All state agencies, including but not limited to, colleges, community colleges, universities, offices of elected and appointed officers, the supreme court, court of appeals, and administrative departments of state government shall fully cooperate with the office of waste reduction and recycling in all phases of implementing the provisions of this section. The office shall establish a coordinated state plan identifying each agency's participation in waste reduction and recycling. The office shall develop the plan in cooperation with a multi-agency committee on waste reduction and recycling. Appointments to the committee shall be made by the director of the department of general administration. The director shall notify each agency of the committee, which shall implement the applicable waste reduction and recycling plan elements. All state agencies are to use maximum efforts to achieve a goal of increasing the use of recycled paper by fifty percent by July 1, 1993. [1989 c 431 § 53.]

70.95C.120 Waste reduction and recycling awards program in K-12 public schools. The office of waste reduction shall develop, in consultation with the superintendent of public instruction, an awards program to achieve waste reduction and recycling in the public schools, grades kindergarten through high school. The office shall develop guidelines for program development and implementation. Each public school shall implement a waste reduction and recycling program conforming to guidelines developed by the office.

For the purpose of granting awards, the office may group schools into not more than three classes, based upon student population, distance to markets for recyclable materials, and other criteria, as deemed appropriate by the office. Except as otherwise provided, five or more awards shall be granted to each of the three classes. Each award shall be a sum of not less than two thousand dollars nor more than five thousand dollars. Awards shall be granted each year to the schools that achieve the greatest levels of waste reduction and recycling. A single award of not less than five thousand dollars shall be presented to the school having the best recycling program as measured by the total amount of materials recycled, including materials generated outside of the school. A single award of not less than five thousand dollars shall be presented to the school having the best waste reduction program as determined by the office.

The superintendent of public instruction shall distribute guidelines and other materials developed by the office to implement programs to reduce and recycle waste generated in administrative offices, classrooms, laboratories, cafeterias, and maintenance operations. [1991 c 319 § 114; 1989 c 431 § 54.]

70.95C.200 Hazardous waste generators and users—Voluntary reduction plan. (1) Each hazardous waste generator who generates more than two thousand six hundred forty pounds of hazardous waste per year and each hazardous substance user, except for those facilities that are primarily permitted treatment, storage, and disposal facilities or recycling facilities, shall prepare a plan for the voluntary reduction of the use of hazardous substances and the generation of hazardous wastes. Hazardous waste generated and recycled for beneficial use, including initial amount of hazardous substances introduced into a process and subsequently recycled for beneficial use, shall not be used in the calculation of hazardous waste generated for purposes of this section. The department may develop reporting requirements, consistent with existing reporting, to establish recycling for beneficial use under this section. Used oil to be rerefinned or burned for energy or heat recovery shall not be used in the calculation of hazardous wastes generated for purposes of this section, and is not required to be addressed by plans prepared under this section. A person with multiple interrelated facilities where the processes in the facilities are substantially similar, may prepare a single plan covering one or more of those facilities.

(2) Each user or generator required to write a plan is encouraged to advise its employees of the planning process and solicit comments or suggestions from its employees on hazardous substance use and waste reduction options.

(3) The department shall adopt by April 1, 1991, rules for preparation of plans. The rules shall require the plan to address the following options, according to the following order of priorities: Hazardous substance use reduction, waste reduction, recycling, and treatment. In the planning process, first consideration shall be given to hazardous substance use reduction and waste reduction options. Consideration shall be given next to recycling options. Recycling options may be considered only after hazardous substance use reduction options and waste reduction options have been thoroughly researched and shown to be inappropriate. Treatment options may be considered only after hazardous substance use reduction, waste reduction, and recycling options have been thoroughly researched and shown to be inappropriate. Documentation of the research shall be available to the department upon request. The rules shall also require the plans to discuss the hazardous substance use reduction, waste reduction, and closed loop recycling options separately from other recycling and treatment options. All plans shall be written in conformance with the format prescribed in the rules adopted under this section. The rules shall require the plans to include, but not be limited to:

- (a) A written policy articulating management and corporate support for the plan and a commitment to implementing planned activities and achieving established goals;
- (b) The plan scope and objectives;
- (c) Analysis of current hazardous substance use and hazardous waste generation, and a description of current hazardous substance use reduction, waste reduction, recycling, and treatment activities;

(d) An identification of further hazardous substance use reduction, waste reduction, recycling, and treatment opportunities, and an analysis of the amount of hazardous substance use reduction and waste reduction that would be achieved, and the costs. The analysis of options shall demonstrate that the priorities provided for in this section have been followed;

(e) A selection of options to be implemented in accordance with the priorities established in this section;

(f) An analysis of impediments to implementing the options. Impediments that shall be considered acceptable include, but are not limited to: Adverse impacts on product quality, legal or contractual obligations, economic practicality, and technical feasibility;

(g) A written policy stating that in implementing the selected options, whenever technically and economically practicable, risks will not be shifted from one part of a process, environmental media, or product to another;

(h) Specific performance goals in each of the following categories, expressed in numeric terms:

(i) Hazardous substances to be reduced or eliminated from use;

(ii) Wastes to be reduced or eliminated through waste reduction techniques;

(iii) Materials or wastes to be recycled; and

(iv) Wastes to be treated;

If the establishment of numeric performance goals is not practicable, the performance goals shall include a clearly stated list of objectives designed to lead to the establishment of numeric goals as soon as is practicable. Goals shall be set for a five-year period from the first reporting date;

(i) A description of how the wastes that are not recycled or treated and the residues from recycling and treatment processes are managed may be included in the plan;

(j) Hazardous substance use and hazardous waste accounting systems that identify hazardous substance use and waste management costs and factor in liability, compliance, and oversight costs;

(k) A financial description of the plan;

(l) Personnel training and employee involvement programs;

(m) A five-year plan implementation schedule;

(n) Documentation of hazardous substance use reduction and waste reduction efforts completed before or in progress at the time of the first reporting date; and

(o) An executive summary of the plan, which shall include, but not be limited to:

(i) The information required by (c), (e), (h), and (n) of this subsection; and

(ii) A summary of the information required by (d) and (f) of this subsection.

(4) Upon completion of a plan, the owner, chief executive officer, or other person with the authority to commit management to the plan shall sign and submit an executive summary of the plan to the department.

(5) Plans shall be completed and executive summaries submitted in accordance with the following schedule:

(a) Hazardous waste generators who generated more than fifty thousand pounds of hazardous waste in calendar year 1991 and hazardous substance users who were required to report in 1991, by September 1, 1992;

(b) Hazardous waste generators who generated between seven thousand and fifty thousand pounds of hazardous

waste in calendar year 1992 and hazardous substance users who were required to report for the first time in 1992, by September 1, 1993;

(c) Hazardous waste generators who generated between two thousand six hundred forty and seven thousand pounds of hazardous waste in 1993 and hazardous substance users who were required to report for the first time in 1993, by September 1, 1994;

(d) Hazardous waste generators who have not been required to complete a plan on or prior to September 1, 1994, must complete a plan by September 1 of the year following the first year that they generate more than two thousand six hundred forty pounds of hazardous waste; and

(e) Hazardous substance users who have not been required to complete a plan on or prior to September 1, 1994, must complete a plan by September 1 of the year following the first year that they are required to report under section 313 of Title III of the Superfund Amendments and Reauthorization Act.

(6) Annual progress reports, including a description of the progress made toward achieving the specific performance goals established in the plan, shall be prepared and submitted to the department in accordance with rules developed under this section. Upon the request of two or more users or generators belonging to similar industrial classifications, the department may aggregate data contained in their annual progress reports for the purpose of developing a public record.

(7) Every five years, each plan shall be updated, and a new executive summary shall be submitted to the department. [1991 c 319 § 314; 1990 c 114 § 6.]

Severability—Part headings not law—1991 c 319: See RCW 70.95F.900 and 70.95F.901.

Severability—1990 c 114: See RCW 70.95E.900.

70.95C.210 Voluntary reduction plan—Exemption.

A person required to prepare a plan under RCW 70.95C.200 because of the quantity of hazardous waste generated may petition the director to be excused from this requirement. The person must demonstrate to the satisfaction of the director that the quantity of hazardous waste generated was due to unique circumstances not likely to be repeated and that the person is unlikely to generate sufficient hazardous waste to require a plan in the next five years. [1990 c 114 § 7.]

Severability—1990 c 114: See RCW 70.95E.900.

70.95C.220 Voluntary reduction plan, executive summary, or progress report—Department review. (1)

The department may review a plan, executive summary, or an annual progress report to determine whether the plan, executive summary, or annual progress report is adequate pursuant to the rules developed under this section and with the provisions of RCW 70.95C.200. In determining the adequacy of any plan, executive summary, or annual progress report, the department shall base its determination solely on whether the plan, executive summary, or annual progress report is complete and prepared in accordance with the provisions of RCW 70.95C.200.

(2) Plans developed under RCW 70.95C.200 shall be retained at the facility of the hazardous substance user or

hazardous waste generator preparing a plan. The plan is not a public record under the public disclosure laws of the state of Washington contained in chapter 42.17 RCW. A user or generator required to prepare a plan shall permit the director or a representative of the director to review the plan to determine its adequacy. No visit made by the director or a representative of the director to a facility for the purposes of this subsection may be regarded as an inspection or investigation, and no notices or citations may be issued, nor any civil penalty assessed, upon such a visit.

(3) If a hazardous substance user or hazardous waste generator fails to complete an adequate plan, executive summary, or annual progress report, the department shall notify the user or generator of the inadequacy, identifying specific deficiencies. For the purposes of this section, a deficiency may include failure to develop a plan, failure to submit an executive summary pursuant to the schedule provided in RCW 70.95C.200(5), and failure to submit an annual progress report pursuant to the rules developed under RCW 70.95C.200(6). The department shall specify a reasonable time frame, of not less than ninety days, within which the user or generator shall complete a modified plan, executive summary, or annual progress report addressing the specified deficiencies.

(4) If the department determines that a modified plan, executive summary, or annual progress report is inadequate, the department may, within its discretion, either require further modification or enter an order pursuant to subsection (5)(a) of this section.

(5)(a) If, after having received a list of specified deficiencies from the department, a hazardous substance user or hazardous waste generator required to prepare a plan fails to complete modification of a plan, executive summary, or annual progress report within the time period specified by the department, the department may enter an order pursuant to chapter 34.05 RCW finding the user or generator not in compliance with the requirements of RCW 70.95C.200. When the order is final, the department shall notify the department of revenue to charge a penalty fee. The penalty fee shall be the greater of one thousand dollars or three times the amount of the user's or generator's previous year's fee, in addition to the current year's fee. If no fee was assessed the previous year, the penalty shall be the greater of one thousand dollars or three times the amount of the current year's fee. The penalty assessed under this subsection shall be collected each year after the year for which the penalty was assessed until an adequate plan or executive summary is completed.

(b) If a hazardous substance user or hazardous waste generator required to prepare a plan fails to complete an adequate plan, executive summary, or annual progress report after the department has levied against the user or generator the penalty provided in (a) of this subsection, the user or generator shall be required to pay a surcharge to the department whenever the user or generator disposes of a hazardous waste at any hazardous waste incinerator or hazardous waste landfill facility located in Washington state, until a plan, executive summary, or annual progress report is completed and determined to be adequate by the department. The surcharge shall be equal to three times the fee charged for disposal. The department shall furnish the incinerator and landfill facilities in this state with a list of environmental

protection agency/state identification numbers of the hazardous waste generators that are not in compliance with the requirements of RCW 70.95C.200. [1990 c 114 § 8.]

Severability—1990 c 114: See RCW 70.95E.900.

70.95C.230 Appeal of department order or surcharge. A user or generator may appeal from a department order or a surcharge under RCW 70.95C.220 to the pollution control hearings board pursuant to chapter 43.21B RCW. [1990 c 114 § 9.]

Severability—1990 c 114: See RCW 70.95E.900.

70.95C.240 Public inspection of plans, summaries, progress reports. (1) The department shall make available for public inspection any executive summary or annual progress report submitted to the department. Any hazardous substance user or hazardous waste generator required to prepare an executive summary or annual progress report who believes that disclosure of any information contained in the executive summary or annual progress report may adversely affect the competitive position of the user or generator may request the department pursuant to RCW 43.21A.160 to delete from the public record those portions of the executive summary or annual progress report that may affect the user's or generator's competitive position. The department shall not disclose any information contained in an executive summary or annual progress report pending a determination of whether the department will delete any information contained in the report from the public record.

(2) Any ten persons residing within ten miles of a hazardous substance user or hazardous waste generator required to prepare a plan may file with the department a petition requesting the department to examine a plan to determine its adequacy. The department shall report its determination of adequacy to the petitioners and to the user or generator within a reasonable time. The department may deny a petition if the department has within the previous year determined the plan of the user or generator named in the petition to be adequate.

(3) The department shall maintain a record of each plan, executive summary, or annual progress report it reviews, and a list of all plans, executive summaries, or annual progress reports the department has determined to be inadequate, including descriptions of corrective actions taken. This information shall be made available to the public. [1990 c 114 § 10.]

(7) Upon July 23, 1989, and prior to January 1, 1992, the owner or operator of an incinerator or landfill may apply to the department for interim certification. Operators shall receive interim certification if they:

- (a) Have received training provided by a recognized national organization, educational institution, or the federal government that is acceptable to the department; or
- (b) Have received individualized training in a manner approved by the department; and
- (c) Have successfully completed any required examinations.

(8) No interim certification shall be valid after January 1, 1992, and interim certification shall not automatically

qualify operators for certification pursuant to subsections (2) through (4) of this section. [1989 c 431 § 68.]

70.95D.050 Board of advisors. (1) A board of advisors for solid waste incinerator and landfill operator certification shall be established. 70.95D.070 Certification of inspectors. Any person who is employed by a public agency to inspect the operation of a landfill or a solid waste incinerator to determine the compliance of the facility with state or local laws or rules shall be required to be certified in the same manner as an operator under this chapter. [1989 c 431 § 71.]

70.95D.080 Authority of director. To carry out the provisions and purposes of this chapter, the director may:

70.95D.090 Unlawful acts—Variance from requirements. After January 1, 1992, it is unlawful for any person, firm, corporation, municipal corporation, or other governmental subdivision or agency to operate a solid waste incineration or landfill facility unless the operators are duly certified by the director under this chapter or any lawful rule or order of the department. It is unlawful for any person to perform the duties of an operator without being duly certified under this chapter. The department shall adopt rules that allow the owner or operator of a landfill or solid waste incineration facility to request a variance from this requirement under emergency conditions. The department may impose such conditions as may be necessary to protect human health and the environment during the term of the variance. [1989 c 431 § 73.]

70.95D.100 Penalties. Any person, including any firm, corporation, municipal corporation, or other governmental subdivision or agency, with the exception of incinerator operators, violating any provision of this chapter or the rules adopted under this chapter, is guilty of a misdemeanor. Incinerator operators who violate any provision of this chapter shall be guilty of a gross misdemeanor. Each day of operation in violation of this chapter or any rules adopted under this chapter shall constitute a separate offense. The prosecuting attorney or the attorney general, as appropriate, shall secure injunctions of continuing violations of any provisions of this chapter or the rules adopted under this chapter. (5) "Fee" means the annual fees imposed under this chapter.

(6) "Generate" means any act or process which produces hazardous waste or first causes a hazardous waste to become subject to regulation.

(8) "Known generators" means persons that have notified the department, have received an EPA/state identification number and generate quantities of hazardous wastes regulated under chapter 70.105 RCW.

(9) "Person" means an individual, trust, firm, joint stock company, partnership, association, state, public or private or municipal corporation, commission, political subdivision of a state, interstate body, the federal government including any agency or officer thereof, and any Indian tribe or authorized tribal organization.

70.95E.020 Hazardous waste generation—Fee. A fee is imposed for the privilege of generating or potentially generating hazardous waste in the state. The annual amount of the fee shall be thirty-five dollars upon every known generator or potential generator doing business in Washing-

ton in the current calendar year or any part thereof. This fee shall be collected by the department of revenue. A potential generator shall be exempt from the fee imposed under this section if the potential generator is entitled to the exemption in RCW 82.04.300 in the current calendar year. The department shall, subject to appropriation, use the funds collected from the fees assessed in this subsection to support the activities of the office of waste reduction as specified in RCW 70.95C.030. The fee imposed pursuant to this section shall be first due on July 31, 1990, for any generator or potential generator operating in Washington from March 21, 1990, to December 31, 1990, or any part thereof. [1990 c 114 § 12.]

70.95E.030 Voluntary reduction plan—Fees. (1) Hazardous waste generators and hazardous substance users required to prepare plans under RCW 70.95C.200 shall pay an additional fee to support implementation of RCW 70.95C.200 and 70.95C.040. These fees are to be used by the department, subject to appropriation, for plan review, technical assistance to facilities that are required to prepare plans, other activities related to plan development and implementation, and associated indirect costs. The total fees collected under this subsection shall not exceed the department's costs of implementing RCW 70.95C.200 and 70.95C.040 and shall not exceed one million dollars per year. The annual fee for a facility shall not exceed ten thousand dollars per year. Any facility that generates less than two thousand six hundred forty pounds of hazardous waste per waste generation site in the previous calendar year shall be exempt from the fee imposed by this section. The annual fee for a facility generating at least two thousand six hundred forty pounds but not more than four thousand pounds of hazardous waste per waste generation site in the previous calendar year shall not exceed fifty dollars. A person that develops a plan covering more than one interrelated facility as provided for in RCW 70.95C.200 shall be assessed fees only for the number of plans prepared. The department shall adopt a fee schedule by rule after consultation with typical affected businesses and other interested parties. Hazardous waste generated and recycled for beneficial use, including initial amount of hazardous substances introduced into a process and subsequently recycled for beneficial use, shall not be used in the calculations of hazardous waste generated for purposes of this section.

(2) Fees imposed by this section shall be first due on July 1, 1991, for facilities that are required to prepare plans in 1992, on July 1, 1992, for facilities that are required to prepare plans in 1993, and on July 1, 1993, for facilities that are required to prepare plans in 1994. [1990 c 114 § 13.]

70.95E.040 Fees—Generally. On an annual basis, the department shall adjust the fees provided for in RCW 70.95E.020 and 70.95E.030, including the maximum annual fee, and maximum total fees, by conducting the calculation in subsection (1) of this section and taking the actions set forth in subsection (2) of this section:

(1) In November of each year, the fees, annual fee, and maximum total fees imposed in RCW 70.95E.020 and 70.95E.030, or as subsequently adjusted by this section, shall be multiplied by a factor equal to the most current quarterly

"price deflator" available, divided by the "price deflator" used in the numerator the previous year. However, the "price deflator" used in the denominator for the first adjustment shall be defined by the second quarter "price deflator" for 1990.

(2) Each year by March 1 the fee schedule, as adjusted in subsection (1) of this section will be published. The department will round the published fees to the nearest dollar. [1990 c 114 § 14.]

70.95E.050 Department of revenue—Administration of fees. In administration of this chapter for the enforcement and collection of the fees due and owing under this chapter, the department of revenue is authorized to apply the provisions of chapter 82.32 RCW, except that the provisions of RCW 82.32.050 and 82.32.090 shall not apply. [1990 c 114 § 15.]

70.95E.060 Failure to pay fee—Penalty. If a known or potential generator fails to pay all or any part of a fee imposed under this chapter, the department of revenue shall charge a penalty of three times the amount of the unpaid fee. The department of revenue shall waive any penalty in accordance with RCW 82.32.105. [1990 c 114 § 16.]

70.95E.070 Review of fees—Report. The legislative budget committee in 1994 shall review the fees provided for in chapter 70.95E RCW and report its findings to the legislature not later than July 1, 1995. [1990 c 114 § 17.]

70.95E.080 Hazardous waste assistance account. The hazardous waste assistance account is hereby created in the state treasury. The following moneys shall be deposited into the hazardous waste assistance account:

- (1) Those revenues which are raised by the fees imposed under RCW 70.95E.020 and 70.95E.030;
- (2) Penalties and surcharges collected under chapter 70.95C RCW and this chapter; and
- (3) Any other moneys appropriated or transferred to the account by the legislature. Moneys in the hazardous waste assistance account may be spent only for the purposes of this chapter following legislative appropriation. [1991 sp.s. c 13 § 75; 1990 c 114 § 18.]

Effective dates—Severability—1991 sp.s. c 13: See notes following RCW 18.08.240.

70.95E.090 Technical assistance and compliance education—Grants. The department may use funds in the hazardous waste assistance account to provide technical assistance and compliance education assistance to hazardous substance users and waste generators, to provide grants to local governments, and for administration of this chapter. The department of revenue shall be appropriated a percentage amount of the total fees collected, not to exceed two percent of the total fees collected, for administration and collection expenses incurred by the department of revenue.

Technical assistance may include the activities authorized under chapter 70.95C RCW and RCW 70.105.170 to encourage hazardous waste reduction and hazardous use reduction and the assistance provided for by RCW 70.105.100(2).

Compliance education may include the activities authorized under RCW 70.105.100(2) to train local agency officials and to inform hazardous substance users and hazardous waste generators and owners and operators of hazardous waste management facilities of the requirements of chapter 70.105 RCW and related federal laws and regulations.

Grants to local governments shall be used for small quantity generator technical assistance and compliance education components of their moderate risk waste plans as required by RCW 70.105.220. [1990 c 114 § 19.]

70.95E.100 Exclusion from chapter. Nothing in this chapter relates to radioactive wastes or substances composed of both radioactive and hazardous components, and the department is precluded from using the funds of the hazardous waste assistance account for the regulation and control of such wastes. [1990 c 114 § 20.]

70.95E.900 Severability—1990 c 114. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1990 c 114 § 23.]

70.95G.900	Severability—Part headings not law—1991 c 319.

70.95G.005 Finding. The legislature finds and declares that:

(1) The management of solid waste can pose a wide range of hazards to public health and safety and to the environment;

(2) Packaging comprises a significant percentage of the overall solid waste stream;

(3) The presence of heavy metals in packaging is a part of the total concern in light of their likely presence in emissions or ash when packaging is incinerated, or in leachate when packaging is landfilled;

(4) Lead, mercury, cadmium, and hexavalent chromium, on the basis of available scientific and medical evidence, are of particular concern;

(5) The intent of this chapter is to achieve a reduction in toxicity without impeding or discouraging the expanded use of postconsumer materials in the production of packaging and its components. [1991 c 319 § 106.]

Report to legislature—1991 c 319: "By July 1, 1993, the solid waste advisory committee created under chapter 70.95 RCW shall report to the appropriate standing committees of the legislature on the need to further reduce toxic metals from packaging. The report shall contain recommendations to add other toxic substances contained in packaging to the list set forth in this chapter, including but not limited to mutagens, carcinogens, and teratogens, in order to further reduce the toxicity of packaging waste, and shall contain a recommendation regarding imposition of penalty for violation of section 108 of this act." [1991 c 319 § 113.]

70.95G.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Package" means a container providing a means of marketing, protecting, or handling a product and shall include a unit package, an intermediate package, and a shipping container. "Package" also means and includes unsealed receptacles such as carrying cases, crates, cups, pails, rigid foil and other trays, wrappers and wrapping films, bags, and tubs.

(2) "Manufacturer" means a person, firm, or corporation that applies a package to a product for distribution or sale.

(3) "Packaging component" means an individual assembled part of a package such as, but not limited to, any interior or exterior blocking, bracing, cushioning, weather-proofing, exterior strapping, coatings, closures, inks, and labels. [1991 c 319 § 107.]

70.95G.020 Concentration levels. The sum of the concentration levels of lead, cadmium, mercury, and hexavalent chromium present in any package or packaging component shall not exceed the following:

(1) Six hundred parts per million by weight effective July 1, 1993;

(2) Two hundred fifty parts per million by weight effective July 1, 1994; and

(3) One hundred parts per million by weight effective July 1, 1995.

This section shall apply only to lead, cadmium, mercury, and hexavalent chromium that has been intentionally introduced as an element during manufacturing or distribution. [1992 c 131 § 1; 1991 c 319 § 108.]

70.95G.030 Exemptions. All packages and packaging components shall be subject to this chapter except the following:

(1) Those packages or package components with a code indicating date of manufacture that were manufactured prior to May 21, 1991;

(2) Those packages or packaging components that have been purchased by, delivered to, or are possessed by a retailer on or before twenty-four months following May 21, 1991, to permit opportunity to clear existing inventory of the proscribed packaging material;

(3) Those packages or packaging components to which lead, cadmium, mercury, or hexavalent chromium have been added in the manufacturing, forming, printing, or distribution process in order to comply with health or safety requirements of federal law or for which there is no feasible alternative; or

(4) Those packages and packaging components that would not exceed the maximum contaminant levels set forth in RCW 70.95G.020(1) but for the addition of postconsumer materials; and provided that the exemption for this subsection shall expire six years after May 21, 1991. [1991 c 319 § 109.]

70.95G.040 Certificate of compliance. By July 1, 1993, a certificate of compliance stating that a package or packaging component is in compliance with the requirements of this chapter shall be developed by its manufacturer. If compliance is achieved under the exemption or exemptions provided in RCW 70.95G.030 (3) or (4), the certificate shall state the specific basis upon which the exemption is claimed. The certificate of compliance shall be signed by an authorized official of the manufacturing company. The certificate of compliance shall be kept on file by the manufacturer for as long as the package or packaging component is in use, and for three years from the date of the last sale or distribution by the manufacturer. Certificates of compliance, or copies thereof, shall be furnished to the department of ecology upon request within sixty days. If manufacturers are required under any other state statute to provide a certificate of compliance, one certificate may be developed containing all required information.

If the manufacturer or supplier of the package or packaging component reformulates or creates a new package or packaging component, the manufacturer shall develop an amended or new certificate of compliance for the reformulated or new package or packaging component. [1991 c 319 § 110.]

70.95G.050 Certificate of compliance—Public access. Requests from a member of the public for any certificate of compliance shall be:

- (1) Made in writing to the department of ecology;
- (2) Made specific as to package or packaging component information requested; and
- (3) Responded to by the department of ecology within ninety days. [1991 c 319 § 111.]

70.95G.060 Prohibition of sale of package. The department of ecology may prohibit the sale of any package for which a manufacturer has failed to respond to a request by the department for a certificate of compliance within the allotted period of time pursuant to RCW 70.95G.040. [1991 c 319 § 112.]

70.95G.900 Severability—Part headings not law—1991 c 319. See RCW 70.95F.900 and 70.95F.901.

70.95H.902	Severability—Part headings not law—1991 c 319.

- 70.95H.005 Finding.** (1) The legislature finds that:
- (a) Recycling conserves energy and landfill space, provides jobs and valuable feedstock materials to industry, and promotes health and environmental protection;
 - (b) Seventy-eight percent of the citizens of the state actively participate in recycling programs and Washington currently has the highest recycling rate in the nation;
 - (c) The current supply of many recycled commodities far exceeds the demand for such commodities;
 - (d) Many local governments and private entities cumulatively affect, and are affected by, the market for recycled commodities but have limited jurisdiction and cannot adequately address the problems of market development that are complex, wide-ranging, and regional in nature; and
 - (e) The private sector has the greatest capacity for creating and expanding markets for recycled commodities, and the development of private markets for recycled commodities is in the public interest.
- (2) It is therefore the policy of the state to create a single entity to be known as the clean Washington center to develop new, and expand existing, markets for recycled commodities. [1991 c 319 § 201.]

Funding—1991 c 319: "There is established the task force on recycling funding. The task force shall consist of fourteen members as follows: (1) Two members of the house committee on environmental affairs appointed by the chair of that committee with one member from each of the two caucuses; (2) two members of the senate committee on environment and natural resources appointed by the chair of that committee with one member

from each of the two caucuses; (3) seven members representing manufacturers, wholesalers, retailers, cities, counties, solid waste collection companies, and an environmental organization appointed jointly by the chairs of the house committee on environmental affairs and the senate committee on environment and natural resources; and (4) three members representing the departments of ecology, trade and economic development, and revenue appointed by their respective directors. The agency representatives shall be nonvoting except for the election of the chair, which shall be made by a simple majority vote of all members.

The task force shall study long-term funding mechanisms and develop specific funding recommendations for the clean Washington center. The task force shall report its findings and recommended legislation to fund the clean Washington center to the appropriate standing committees of the legislature no later than December 1, 1991. The task force shall also study and make recommendations on long-term funding for integrated systems to reduce, collect, recycle, and dispose of materials.

This section shall expire January 1, 1993." [1991 c 319 § 115.]

70.95H.007 Center created. There is created the clean Washington center within the department of trade and economic development. As used in this chapter, "center" means the clean Washington center. [1991 c 319 § 202.]

70.95H.010 Purpose—Market development defined. The purpose of the center is to provide or facilitate business assistance, basic and applied research and development, marketing, public education, and policy analysis in furthering the development of markets for recycled products. As used in this chapter, market development consists of public and private activities that are used to overcome impediments preventing full use of secondary materials diverted from the waste stream, and that encourage and expand use of those materials and subsequent products. In fulfilling this mission the center shall primarily direct its services to businesses that transform or remanufacture waste materials into usable or marketable materials or products for use other than landfill disposal or incineration. [1991 c 319 § 203.]

70.95H.020 Policy board. (1) The center's activities shall be conducted with the assistance of a policy board. Except as otherwise provided, policy board members shall be appointed by the directors of the department of trade and economic development and department of ecology as follows:

- (a) Two representatives of the legislature, one appointed by the speaker of the house of representatives and one appointed by the president of the senate;
 - (b) One member to represent cities;
 - (c) One member to represent counties;
 - (d) Five private sector members to represent the end users and marketers of postconsumer recovered materials, including one member to represent recycling businesses;
 - (e) The directors of the departments of trade and economic development and ecology shall represent the executive branch as nonvoting members; and
 - (f) Nonvoting, temporary appointments to the board can be made by the chair where specific expertise is needed.
- (2) The initial appointments of the five private sector members will be two members with three-year terms and three members with two-year terms. Thereafter, members shall serve two-year renewable terms. Vacancies shall be filled by the chair with majority consent from the members.
- (3) Members of the board, exclusive of those representing the legislative or executive branches, shall be reimbursed

for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(4) The board shall meet at least quarterly.

(5) The chair shall be elected from among the members by a simple majority vote.

(6) The board may adopt and exercise bylaws for the regulation of its business for the purposes of this chapter. [1991 c 319 § 204.]

70.95H.030 Duties and responsibilities. The center shall:

(1) Provide targeted business assistance to recycling businesses, including:

(a) Development of business plans;

(b) Market research and planning information;

(c) Access to financing programs;

(d) Referral and information on market conditions; and

(e) Information on new technology and product development;

(2) Negotiate voluntary agreements with manufacturers to increase the use of recycled materials in product development;

(3) Support and provide research and development to stimulate and commercialize new and existing technologies and products using recycled materials;

(4) Undertake an integrated, comprehensive education effort directed to recycling businesses to promote processing, manufacturing, and purchase of recycled products, including:

(a) Provide information to recycling businesses on the availability and benefits of using recycled materials;

(b) Provide information and referral services on recycled material markets;

70.95I.005 Finding. (1) The legislature finds that:

(a) Millions of gallons of used oil are generated each year in this state, and used oil is a valuable petroleum resource that can be recycled;

(b) The improper collection, transportation, recycling, use, or disposal of used oil contributes to the pollution of air, water, and land, and endangers public health and welfare;

(c) The private sector is a vital resource in the collection and recycling of used oil and should be involved in its collection and recycling whenever practicable.

(2) In light of the harmful consequences of improper disposal and use of used oil, and its value as a resource, the legislature declares that the collection, recycling, and reuse of used oil is in the public interest.

(3) The department, when appropriate, should promote the rerefining of used oil in its grants, public education, regulatory, and other programs. [1991 c 319 § 301.]

Hazardous waste: Chapter 70.95C RCW.

70.95I.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Rerefining used oil" means the reclaiming of base lube stock from used oil for use again in the production of lube stock. Rerefining used oil does not mean combustion or landfilling.

(2) "Used oil" means (a) lubricating fluids that have been removed from an engine crankcase, transmission, gearbox, hydraulic device, or differential of an automobile, bus, truck, vessel, plane, heavy equipment, or machinery powered by an internal combustion engine; (b) any oil that has been refined from crude oil, used, and as a result of use, has been contaminated with physical or chemical impurities; and (c) any oil that has been refined from crude oil and, as a consequence of extended storage, spillage, or contamination, is no longer useful to the original purchaser. "Used oil" does not include used oil to which hazardous wastes have been added.

(3) "Public used oil collection site" means a site where a used oil collection tank has been placed for the purpose of collecting household generated used oil. "Public used oil collection site" also means a vehicle designed or operated to collect used oil from the public.

(4) "Lubricating oil" means any oil designed for use in, or maintenance of, a vehicle, including, but not limited to,

motor oil, gear oil, and hydraulic oil. "Lubricating oil" does not mean petroleum hydrocarbons with a flash point below one hundred degrees Centigrade.

(5) "Vehicle" includes every device physically capable of being moved upon a public or private highway, road, street, watercourse, or trail, and in, upon, or by which any person or property is or may be transported or drawn upon a public or private highway, road, street, watercourse, or trail, except devices moved by human or animal power.

(6) "Department" means the department of ecology.

(7) "Local government" means a city or county developing a local hazardous waste plan under RCW 70.105.220. [1991 c 319 § 302.]

70.95I.020 Used oil recycling element. (1) Each local government and its local hazardous waste plan under RCW 70.105.220 is required to include a used oil recycling element. This element shall include:

(a) A plan to reach the local goals for household used oil recycling established by the local government and the department under RCW 70.95I.030. The plan shall, to the maximum extent possible, incorporate voluntary agreements with the private sector and state agencies to provide sites for the collection of used oil. Where provided, the plan shall also incorporate residential collection of used oil;

(b) A plan for enforcing the sign and container ordinances required by RCW 70.95I.040;

(c) A plan for public education on used oil recycling; and

(d) An estimate of funding needed to implement the requirements of this chapter. This estimate shall include a budget reserve for disposal of contaminated oil detected at any public used oil collection site administered by the local government.

(2) By July 1, 1993, each local government or combination of contiguous local governments shall submit its used oil recycling element to the department. The department shall approve or disapprove the used oil recycling element by January 1, 1994, or within ninety days of submission, whichever is later. The department shall approve or disapprove the used oil recycling element if it determines that the element is consistent with this chapter and the guidelines developed by the department under RCW 70.95I.030.

(3) Each local government, or combination of contiguous local governments, shall submit an annual statement to the department describing the number of used oil collection sites and the quantity of household used oil recycled for the jurisdiction during the previous calendar year. The first statement shall be due April 1, 1994. Subsequent statements shall be due April 1st of each year.

Nothing in this section shall be construed to require a city or county to construct or operate a public used oil collection site. [1991 c 319 § 303.]

70.95I.030 Used oil recycling element guidelines—Waiver—State-wide goals. (1) By July 1, 1992, the department shall, in consultation with local governments, prepare guidelines for the used oil recycling elements required by RCW 70.95I.020. The guidelines shall:

(a) Require development of local collection and rerefining goals for household used oil for each entity

preparing a used oil recycling element under RCW 70.95I.020;

(b) Require local government to recommend the number of used oil collection sites needed to meet the local goals. The department shall establish criteria regarding minimum levels of used oil collection sites;

(c) Require local government to identify locations suitable as public used oil collection sites as described under RCW 70.95I.020(1)(a).

(2) The department may waive all or part of the specific requirements of RCW 70.95I.020 if a local government demonstrates to the satisfaction of the department that the objectives of this chapter have been met.

(3) The department may prepare and implement a used oil recycling plan for any local government failing to complete the used oil recycling element of the plan.

(4) The department shall develop state-wide collection and rerefining goals for household used oil for each calendar year beginning with calendar year 1994. Goals shall be based on the estimated state-wide collection and rerefining rate for calendar year 1993, and shall increase each year until calendar year 1996, when the rate shall be eighty percent.

(5) By July 1, 1993, the department shall prepare guidelines establishing state-wide equipment and operating standards for public used oil collection sites. Standards shall:

(a) Allow the use of used oil collection igloos and other types of portable used oil collection tanks;

(b) Prohibit the disposal of nonhousehold-generated used oil;

(c) Limit the amount of used oil deposited to five gallons per household per day;

(d) Ensure adequate protection against leaks and spills; and

(e) Include other requirements deemed appropriate by the department. [1991 c 319 § 304.]

70.95I.040 Oil sellers—Education responsibility—Penalty. (1) A person annually selling one thousand or more gallons of lubricating oil to ultimate consumers for use or installation off the premises, or five hundred or more vehicle oil filters to ultimate consumers for use or installation off the premises within a city or county having an approved used oil recycling element, shall:

(a) Post and maintain at or near the point of sale, durable and legible signs informing the public of the importance of used oil recycling and how and where used oil may be properly recycled; and

(b) Provide for sale at or near the display location of the lubricating oil or vehicle oil filters, household used oil recycling containers. The department shall design and print the signs required by this section, and shall make them available to local governments and retail outlets.

(2) A person, who, after notice, violates this section is guilty of a misdemeanor and on conviction is subject to a fine not to exceed one thousand dollars.

(3) The department is responsible for notifying retailers subject to this section.

(4) A city or county may adopt household used oil recycling container standards in order to ensure compatibility with local recycling programs.

(5) Each local government preparing a used oil recycling element of a local hazardous waste plan pursuant to RCW 70.95I.020 shall adopt ordinances within its jurisdiction to enforce subsections (1) and (4) of this section. [1991 c 319 § 305.]

70.95I.050 State-wide education. The department shall conduct a public education program to inform the public of the needs for and benefits of collecting and recycling used oil in order to conserve resources and protect the environment. As part of this program, the department shall:

(1) Establish and maintain a state-wide list of public used oil collection sites, and a list of all persons coordinating local government used oil programs;

(2) Establish a state-wide media campaign describing used oil recycling;

(3) Assist local governments in providing public education and awareness programs concerning used oil by providing technical assistance and education materials; and

(4) Encourage the establishment of voluntary used oil collection and recycling programs, including public-private partnerships, and provide technical assistance to persons organizing such programs. [1991 c 319 § 306.]

70.95I.060 Disposal of used oil—Penalty. (1) Effective January 1, 1992, the use of used oil for dust suppression or weed abatement is prohibited.

(2) Effective July 1, 1992, no person may sell or distribute absorbent-based kits, intended for home use, as a means for collecting, recycling, or disposing of used oil.

(3) Effective January 1, 1994, no person may knowingly dispose of used oil except by delivery to a person collecting used oil for recycling, treatment, or disposal, subject to the provisions of this chapter and chapter 70.105 RCW.

(4) Effective January 1, 1994, no owner or operator of a solid waste landfill may knowingly accept used oil for disposal in the landfill.

(5) A person who violates this section is guilty of a misdemeanor. [1991 c 319 § 307.]

70.95I.070 Used oil transporter and processor requirements—Civil penalties. (1) By January 1, 1993, the department shall adopt rules requiring any transporter of used oil to comply with minimum notification, invoicing, recordkeeping, and reporting requirements. For the purpose of this section, a transporter means a person engaged in the off-site transportation of used oil in quantities greater than twenty-five gallons per day.

(2) By January 1, 1993, the department shall adopt minimum standards for used oil that is blended into fuels. Standards shall, at a minimum, establish testing and recordkeeping requirements. Unless otherwise exempted, a processor is any person involved in the marketing, blending, mixing, or processing of used oil to produce fuel to be burned for energy recovery.

(3) Any person who knowingly transports used oil without meeting the requirements of this section shall be subject to civil penalties under chapter 70.105 RCW.

(4) Rules developed under this section shall not require a manifest from individual residences served by a waste oil curbside collection program. [1991 c 319 § 308.]

70.95I.080 Above-ground used oil collection tanks. By January 1, 1987, the state fire protection board, in cooperation with the department of ecology, shall develop a state-wide standard for the placement of above-ground tanks to collect used oil from private individuals for recycling purposes. [1986 c 37 § 1. Formerly RCW 19.114.040.]

70.95I.090	Delegation to local health department—Review.

70.95J.005 Findings—Municipal sewage sludge as a beneficial commodity. (1) The legislature finds that:

- (a) Municipal sewage sludge is an unavoidable byproduct of the wastewater treatment process;
- (b) Population increases and technological improvements in wastewater treatment processes will double the amount of sludge generated within the next ten years;
- (c) Sludge management is often a financial burden to municipalities and to ratepayers;
- (d) Properly managed municipal sewage sludge is a valuable commodity and can be beneficially used in agriculture, silviculture, and in landscapes as a soil conditioner; and
- (e) Municipal sewage sludge can contain metals and microorganisms that, under certain circumstances, may pose a risk to public health.

(2) The legislature declares that a program shall be established to manage municipal sewage sludge and that the program shall, to the maximum extent possible, ensure that

municipal sewage sludge is reused as a beneficial commodity and is managed in a manner that minimizes risk to public health and the environment. [1992 c 174 § 1.]

70.95J.007 Purpose—Federal requirements. The purpose of this chapter is to provide the department of ecology and local governments with the authority and direction to meet federal regulatory requirements for municipal sewage sludge. The department of ecology may seek delegation and administer the sludge permit program required by the federal clean water act as it existed February 4, 1987. [1992 c 174 § 2.]

70.95J.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Biosolids" means municipal sewage sludge that is a primarily organic, semisolid product resulting from the wastewater treatment process, that can be beneficially recycled and meets all requirements under this chapter. For the purposes of this chapter, "biosolids" includes septic tank sludge, also known as septage, that can be beneficially recycled and meets all requirements under this chapter.

(2) "Department" means the department of ecology.

(3) "Local health department" has the same meaning as "jurisdictional health department" in RCW 70.95.030.

(4) "Municipal sewage sludge" means a semisolid substance consisting of settled sewage solids combined with varying amounts of water and dissolved materials generated from a publicly owned wastewater treatment plant. [1992 c 174 § 3.]

70.95J.020 Biosolid management program—Transportation of biosolids and sludge. (1) The department shall adopt rules to implement a biosolid management program within twelve months of the adoption of federal rules, 40 C.F.R. Sec. 503, relating to technical standards for the use and disposal of sewage sludge. The biosolid management program shall, at a minimum, conform with all applicable federal rules adopted pursuant to the federal clean water act as it existed on February 4, 1987.

(2) In addition to any federal requirements, the state biosolid management program may include, but not be limited to, an education program to provide relevant legal and scientific information to local governments and citizen groups.

(3) Rules adopted by the department under this section shall provide for public input and involvement for all state and local permits.

(4) Materials that have received a permit as a biosolid shall be regulated pursuant to this chapter.

(5) The transportation of biosolids and municipal sewage sludge shall be governed by Title 81 RCW. Certificates issued by the utilities and transportation commission before June 11, 1992, that include or authorize transportation of municipal sewage sludge shall continue in force and effect and be interpreted to include biosolids. [1992 c 174 § 4.]

70.95J.030 Beneficial uses for biosolids and glassified sewage sludge. The department may work with all appropriate state agencies, local governments, and private

entities to establish beneficial uses for biosolids and glassified sewage sludge. [1992 c 174 § 5.]

70.95J.040 Violations—Orders. If a person violates any provision of this chapter, or a permit issued or rule adopted pursuant to this chapter, the department may issue an appropriate order to assure compliance with the chapter, permit, or rule. [1992 c 174 § 6.]

70.95J.050 Enforcement of chapter. The department, with the assistance of the attorney general, may bring an action at law or in equity, including an action for injunctive relief, to enforce this chapter or a permit issued or rule adopted by the department pursuant to this chapter. [1992 c 174 § 7.]

70.95J.060 Violations—Punishment. A person who willfully violates, without sufficient cause, any of the provisions of this chapter, or a permit or order issued pursuant to this chapter, is guilty of a gross misdemeanor. Willful violation of this chapter, or a permit or order issued pursuant to this chapter is a gross misdemeanor punishable by a fine of up to ten thousand dollars and costs of prosecution, or by imprisonment for up to one year, or by both. Each day of violation may be deemed a separate violation. [1992 c 174 § 8.]

70.95J.070 Violations—Monetary penalty. In addition to any other penalty provided by law, a person who violates this chapter or rules or orders adopted or issued pursuant to it shall be subject to a penalty in an amount of up to five thousand dollars a day for each violation. Each violation shall be a separate violation. In the case of a continuing violation, each day of violation is a separate violation. An act of commission or omission that procures, aids, or abets in the violation shall be considered a violation under this section. [1992 c 174 § 9.]

70.95J.080 Delegation to local health department—Generally. The department may delegate to a local health department the powers necessary to issue and enforce permits to use or dispose of biosolids. A delegation may be withdrawn if the department finds that a local health department is not effectively administering the permit program. [1992 c 174 § 10.]

70.95J.090 Delegation to local health department—Review. (1) Any permit issued by a local health department under RCW 70.95J.080 may be reviewed by the department to ensure that the proposed site or facility conforms with all applicable laws, rules, and standards under this chapter.

(2) If the department does not approve or disapprove a permit within sixty days, the permit shall be considered approved.

(3) A local health department may appeal the department's decision to disapprove a permit to the pollution control hearings board, as provided in chapter 43.21B RCW. [1992 c 174 § 11.]

Chapter 70.95K BIOMEDICAL WASTE

Sections

70.95K.005	Findings.

70.95K.910	Severability—1992 c 14.
70.95K.920	Effective date—1992 c 14.

70.95K.005 Findings. The legislature finds and declares that:

(1) It is a matter of state-wide concern that biomedical waste be handled in a manner that protects the health, safety, and welfare of the public, the environment, and the workers who handle the waste.

(2) Infectious disease transmission has not been identified from improperly disposed biomedical waste, but the potential for such transmission may be present.

(3) A uniform, state-wide definition of biomedical waste will simplify compliance with local regulations while preserving local control of biomedical waste management. [1992 c 14 § 1.]

70.95K.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Biomedical waste" means, and is limited to, the following types of waste:

(a) "Animal waste" is waste animal carcasses, body parts, and bedding of animals that are known to be infected with, or that have been inoculated with, human pathogenic microorganisms infectious to humans.

(b) "Biosafety level 4 disease waste" is waste contaminated with blood, excretions, exudates, or secretions from humans or animals who are isolated to protect others from highly communicable infectious diseases that are identified as pathogenic organisms assigned to biosafety level 4 by the centers for disease control, national institute of health, biosafety in microbiological and biomedical laboratories, current edition.

(c) "Cultures and stocks" are wastes infectious to humans and includes specimen cultures, cultures and stocks of etiologic agents, wastes from production of biologicals and serums, discarded live and attenuated vaccines, and laboratory waste that has come into contact with cultures and stocks of etiologic agents or blood specimens. Such waste includes but is not limited to culture dishes, blood specimen tubes, and devices used to transfer, inoculate, and mix cultures.

(d) "Human blood and blood products" is discarded waste human blood and blood components, and materials containing free-flowing blood and blood products.

(e) "Pathological waste" is waste human source biopsy materials, tissues, and anatomical parts that emanate from surgery, obstetrical procedures, and autopsy. "Pathological waste" does not include teeth, human corpses, remains, and anatomical parts that are intended for interment or cremation.

(3) "Local health department" means the city, county, city-county, or district public health department.

(4) "Person" means an individual, firm, corporation, association, partnership, consortium, joint venture, commercial entity, state government agency, or local government.

(5) "Treatment" means incineration, sterilization, or other method, technique, or process that changes the character or composition of a biomedical waste so as to minimize the risk of transmitting an infectious disease. [1992 c 14 § 2.]

70.95K.011 State definition preempts local definitions. The definition of biomedical waste set forth in RCW 70.95K.010 shall be the sole state definition for biomedical waste within the state, and shall preempt biomedical waste definitions established by a local health department or local government. [1992 c 14 § 3.]

70.95K.020 Waste treatment technologies. (1) At the request of an applicant, the department of health, in consultation with the department of ecology and local health departments, may evaluate the environmental and public health impacts of biomedical waste treatment technologies. The department shall make available the results of any evaluation to local health departments.

(2) All direct costs associated with the evaluation shall be paid by the applicant to the department of health or to a state or local entity designated by the department of health.

(3) For the purposes of this section, "applicant" means any person representing a biomedical waste treatment technology that seeks an evaluation under subsection (1) of this section.

(4) The department of health may adopt rules to implement this section. [1992 c 14 § 4.]

70.95K.900 Section headings. Section headings as used in this chapter do not constitute any part of the law. [1992 c 14 § 5.]

70.95K.910 Severability—1992 c 14. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1992 c 14 § 6.]

70.95K.920 Effective date—1992 c 14. (1) Sections 2 and 3 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 20, 1992].

(2) Section 4 of this act shall take effect October 1, 1992. [1992 c 14 § 7.]

Alcoholism and drug addiction and support act: Chapter 74.50 RCW.

70.96A.010 Declaration of policy. It is the policy of this state that alcoholics and intoxicated persons may not be subjected to criminal prosecution solely because of their consumption of alcoholic beverages but rather should, within available funds, be afforded a continuum of treatment in order that they may lead normal lives as productive members of society. Within available funds, treatment should also be provided for drug addicts. [1989 c 271 § 304; 1972 ex.s. c 122 § 1.]

Severability—1989 c 271: See note following RCW 9.94A.310.

Effective date—1972 ex.s. c 122. "Chapter 122, Laws of 1972 extraordinary session shall be effective January 1, 1975." [1973 c 92 § 1; 1972 ex.s. c 122 § 31.] This applies to chapter 70.96A RCW, to the amendment of RCW 9.87.010 and 71.24.030, and to the repeal of RCW 9.68.040, 70.96.010-70.96.030, 70.96.040-70.96.080, 70.96.090, 70.96.100-70.96.140, 70.96.900, and 71.08.010-71.08.090.

70.96A.011 Legislative finding and intent—Purpose of chapter. The legislature finds that the use of alcohol and other drugs has become a serious threat to the health of the citizens of the state of Washington. The use of psychoactive chemicals has been found to be a prime factor in the current AIDS epidemic. Therefore, a comprehensive statute to deal with alcoholism and other drug addiction is necessary.

The legislature agrees with the 1987 resolution of the American Medical Association that endorses the proposition that all chemical dependencies, including alcoholism, are diseases. It is the intent of the legislature to end the sharp distinctions between alcoholism services and other drug addiction services, to recognize that chemical dependency is a disease, and to insure that prevention and treatment services are available and are of high quality. It is the purpose of this chapter to provide the financial assistance

necessary to enable the department of social and health services to provide a discrete program of alcoholism and other drug addiction services. [1989 c 270 § 1.]

(22) "Treatment program" means an organization, institution, or corporation, public or private, engaged in the care, treatment, or rehabilitation of alcoholics or other drug addicts. [1991 c 364 § 8; 1990 c 151 § 2. Prior: 1989 c 271 § 305; 1989 c 270 § 3; 1972 ex.s. c 122 § 2.]

Findings—1991 c 364: "The legislature finds that the use of alcohol and illicit drugs continues to be a primary crippler of our youth. This translates into incredible costs to individuals, families, and society in terms of traffic fatalities, suicides, criminal activity including homicides, sexual promiscuity, familial incorrigibility, and conduct disorders, and educational fallout. Among children of all socioeconomic groups lower expectations for the future, low motivation and self-esteem, alienation, and depression are associated with alcohol and drug abuse.

Studies reveal that deaths from alcohol and other drug-related injuries rise sharply through adolescence, peaking in the early twenties. But second peak occurs in later life, where it accounts for three times as many deaths from chronic diseases. A young victim's life expectancy is likely to be reduced by an average of twenty-six years.

Yet the cost of treating alcohol and drug addicts can be recouped in the first three years of abstinence in health care savings alone. Public money spent on treatment saves not only the life of the chemical abuser, it makes us safer as individuals, and in the long-run costs less.

The legislature further finds that many children who abuse alcohol and other drugs may not require involuntary treatment, but still are not adequately served. These children remain at risk for future chemical dependency, and may become mentally ill or a juvenile offender or need out-of-home placement. Children placed at risk because of chemical abuse may be better served by the creation of a comprehensive integrated system for children in crisis.

The legislature declares that an emphasis on the treatment of youth will pay the largest dividend in terms of preventable costs to individuals themselves, their families, and to society. The provision of augmented involuntary alcohol treatment services to youths, as well as involuntary treatment for youths addicted by other drugs, is in the interest of the public health and safety." [1991 c 364 § 7.]

Construction—1991 c 364 §§ 7-12: "The purpose of sections 7 through 12 of this act is solely to provide authority for the involuntary commitment of minors addicted by drugs within available funds and current programs and facilities. Nothing in sections 7 through 12 of this act shall be construed to require the addition of new facilities nor affect the

department's authority for the uses of existing programs and facilities authorized by law. Nothing in sections 7 through 12 of this act shall prevent a parent or guardian from requesting the involuntary commitment of a minor through a county designated chemical dependency specialist on an ability to pay basis." [1991 c 364 § 13.]

Conflict with federal requirements—1991 c 364: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state." [1991 c 364 § 15.]

Severability—1989 c 271: See note following RCW 9.94A.310.

The parent, parents, or legal guardian of a person less than eighteen years of age are not liable for payment of care for such persons pursuant to this chapter, unless they have joined in the consent to the counseling, care, treatment, or rehabilitation. In establishing the rules, the secretary shall be guided by the following standards:

(1) If possible a patient shall be treated on a voluntary rather than an involuntary basis.

(2) A patient shall be initially assigned or transferred to outpatient treatment, unless he or she is found to require residential treatment.

(3) A person shall not be denied treatment solely because he or she has withdrawn from treatment against medical advice on a prior occasion or because he or she has relapsed after earlier treatment.

(4) An individualized treatment plan shall be prepared and maintained on a current basis for each patient.

(5) Provision shall be made for a continuum of coordinated treatment services, so that a person who leaves a facility or a form of treatment will have available and use other appropriate treatment. [1989 c 270 § 23; 1972 ex.s. c 122 § 10.]

70.96A.110 Voluntary treatment of alcoholics or other drug addicts.

(2) Subject to rules adopted by the secretary, the administrator in charge of an approved treatment program may determine who shall be admitted for treatment. If a person is refused admission to an approved treatment program, the administrator, subject to rules adopted by the secretary, shall refer the person to another approved treatment program for treatment if possible and appropriate.

(3) If a patient receiving inpatient care leaves an approved treatment program, he or she shall be encouraged to consent to appropriate outpatient treatment. If it appears

to the administrator in charge of the treatment program that the patient is an alcoholic or other drug addict who requires help, the department may arrange for assistance in obtaining supportive services and residential programs.

(4) If a patient leaves an approved public treatment program, with or against the advice of the administrator in charge of the program, the department may make reasonable provisions for his or her transportation to another program or to his or her home. If the patient has no home he or she should be assisted in obtaining shelter. If the patient is less than fourteen years of age or an incompetent person the request for discharge from an inpatient program shall be made by a parent, legal guardian, or other legal representative or by the minor or incompetent if he or she was the original applicant. [1990 c 151 § 7; 1989 c 270 § 25; 1972 ex.s. c 122 § 11.]

70.96A.120 Treatment programs and facilities—Admissions—Peace officer duties—Protective custody.

(1) An intoxicated person may come voluntarily to an approved treatment program for treatment. A person who appears to be intoxicated in a public place and to be in need of help, if he or she consents to the proffered help, may be assisted to his or her home, an approved treatment program or other health facility.

(2) Except for a person who may be apprehended for possible violation of laws not relating to alcoholism, drug addiction, or intoxication and except for a person who may be apprehended for possible violation of laws relating to driving or being in physical control of a vehicle while under the influence of intoxicating liquor or any drug and except for a person who may wish to avail himself or herself of the provisions of RCW 46.20.308, a person who appears to be incapacitated or gravely disabled by alcohol or other drugs and who is in a public place or who has threatened, attempted, or inflicted physical harm on himself, herself, or another, shall be taken into protective custody by a peace officer or staff designated by the county and as soon as practicable, but in no event beyond eight hours brought to an approved treatment program for treatment. If no approved treatment program is readily available he or she shall be taken to an emergency medical service customarily used for incapacitated persons. The peace officer or staff designated by the county, in detaining the person and in taking him or her to an approved treatment program, is taking him or her into protective custody and shall make every reasonable effort to protect his or her health and safety. In taking the person into protective custody, the detaining peace officer or staff designated by the county may take reasonable steps including reasonable force if necessary to protect himself or herself or effect the custody. A taking into protective custody under this section is not an arrest. No entry or other record shall be made to indicate that the person has been arrested or charged with a crime.

(3) A person who comes voluntarily or is brought to an approved treatment program shall be examined by a qualified person. He or she may then be admitted as a patient or referred to another health facility, which provides emergency medical treatment, where it appears that such treatment may be necessary. The referring approved treatment program shall arrange for his or her transportation.

(4) A person who is found to be incapacitated or gravely disabled by alcohol or other drugs at the time of his or her admission or to have become incapacitated or gravely disabled at any time after his or her admission, may not be detained at the program for more than seventy-two hours after admission as a patient, unless a petition is filed under RCW 70.96A.140, as now or hereafter amended: PROVIDED, That the treatment personnel at an approved treatment program are authorized to use such reasonable physical restraint as may be necessary to retain an incapacitated or gravely disabled person for up to seventy-two hours from the time of admission. The seventy-two hour periods specified in this section shall be computed by excluding Saturdays, Sundays, and holidays. A person may consent to remain in the program as long as the physician in charge believes appropriate.

(5) A person who is not admitted to an approved treatment program, is not referred to another health facility, and has no funds, may be taken to his or her home, if any. If he or she has no home, the approved treatment program shall provide him or her with information and assistance to access available community shelter resources.

(6) If a patient is admitted to an approved treatment program, his or her family or next of kin shall be notified as promptly as possible by the treatment program. If an adult patient who is not incapacitated requests that there be no notification, his or her request shall be respected.

(7) The peace officer, staff designated by the county, or treatment facility personnel, who act in compliance with this chapter and are performing in the course of their official duty are not criminally or civilly liable therefor.

(8) If the person in charge of the approved treatment program determines that appropriate treatment is available, the patient shall be encouraged to agree to further diagnosis and appropriate voluntary treatment. [1991 c 290 § 6; 1990 c 151 § 8; 1989 c 271 § 306; 1987 c 439 § 13; 1977 ex.s. c 62 § 1; 1974 ex.s. c 175 § 1; 1972 ex.s. c 122 § 12.]

Severability—1989 c 271: See note following RCW 9.94A.310.

70.96A.140 Involuntary commitment of alcoholics and minors incapacitated by alcoholism or drug addiction.

(1) When a designated chemical dependency specialist receives information alleging that a person is incapacitated as a result of alcoholism, or in the case of a minor incapacitated by alcoholism and/or other drug addiction, the designated chemical dependency specialist, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court or district court. If the designated chemical dependency specialist finds that the initial needs of such person would be better served by placement within the mental health system, the person shall be referred to an evaluation and treatment facility as defined in RCW 71.05.020 or 71.34.020. If placement in an alcohol treatment program is available and deemed appropriate, the petition shall allege that: The person is an alcoholic who is incapacitated by alcohol, or in the case of a minor incapacitated by alcoholism and/or other drug addiction, or that the person has twice before in the preceding twelve months been admitted for detoxification or treatment for alcoholism pursuant to RCW 70.96A.110, or in

the case of a minor, detoxification or treatment for alcohol or drug addiction, and is in need of a more sustained treatment program, or that the person is an alcoholic, or in the case of a minor, an alcoholic or other drug addict, who has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment, by itself, does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within five days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the licensed physician's findings in support of the allegations of the petition. A physician employed by the petitioning program or the department is eligible to be the certifying physician.

(2) Upon filing the petition, the court shall fix a date for a hearing no less than two and no more than seven days after the date the petition was filed unless the person petitioned against is presently being detained in a program, pursuant to RCW 70.96A.120, 71.05.210, or 71.34.050, as now or hereafter amended, in which case the hearing shall be held within seventy-two hours of the filing of the petition: PROVIDED, HOWEVER, That the above specified seventy-two hours shall be computed by excluding Saturdays, Sundays, and holidays: PROVIDED FURTHER, That, the court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his or her counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served by the designated chemical dependency specialist on the person whose commitment is sought, his or her next of kin, a parent or his or her legal guardian if he or she is a minor, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony, which may be telephonic, of at least one licensed physician who has examined the person whose commitment is sought. Communications otherwise deemed privileged under the laws of this state are deemed to be waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that the waiver is necessary to protect either the detained person or the public. The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person, or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical, nursing, or psychological records of detained persons so long as the requirements of RCW 5.45.020 are met, except that portions of the record that contain opinions as to whether the detained person is an alcoholic, or in the case of a minor incapacitated by alcoholism and/or other drug addiction, must be deleted from the

records unless the person offering the opinions is available for cross-examination. The person shall be present unless the court believes that his or her presence is likely to be injurious to him or her; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him or her throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, he or she shall be given an opportunity to be examined by a court appointed licensed physician. If he or she refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him or her to the department for a period of not more than five days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by clear, cogent, and convincing proof, it shall make an order of commitment to an approved treatment program. It shall not order commitment of a person unless it determines that an approved treatment program is available and able to provide adequate and appropriate treatment for him or her.

(5) A person committed under this section shall remain in the program for treatment for a period of sixty days unless sooner discharged. At the end of the sixty-day period, he or she shall be discharged automatically unless the program, before expiration of the period, files a petition for his or her recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days unless sooner discharged. If a person has been committed because he or she is an alcoholic, or, in the case of a minor, an alcoholic or other drug addict, likely to inflict physical harm on another, the program shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) Upon the filing of a petition for recommitment under subsection (5) of this section, the court shall fix a date for hearing no less than two and no more than seven days after the date the petition was filed: PROVIDED, That, the court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment program on the person whose commitment is sought, his or her next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his or her parents or his or her legal guardian if he or she is a minor, and his or her attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsection (3) of this section.

(7) The approved treatment program shall provide for adequate and appropriate treatment of a person committed to its custody. A person committed under this section may be transferred from one approved public treatment program to another if transfer is medically advisable.

(8) A person committed to the custody of a program for treatment shall be discharged at any time before the end of the period for which he or she has been committed and he

or she shall be discharged by order of the court if either of the following conditions are met:

(a) In case of an alcoholic committed on the grounds of likelihood of infliction of physical harm upon himself, herself, or another, or, in the case of a minor, an alcoholic or other drug addict, the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(b) In case of an alcoholic committed on the grounds of the need of treatment and incapacity or, in the case of a minor, incapacitated by alcoholism and/or other drug addiction, that the incapacity no longer exists.

(9) The court shall inform the person whose commitment or recommitment is sought of his or her right to contest the application, be represented by counsel at every stage of any proceedings relating to his or her commitment and recommitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommitment is sought shall be informed of his or her right to be examined by a licensed physician of his or her choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(10) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(11) The venue for proceedings under this section is the county in which person to be committed resides or is present.

(12) When in the opinion of the professional person in charge of the program providing involuntary treatment under this chapter, the committed patient can be appropriately served by less restrictive treatment before expiration of the period of commitment, then the less restrictive care may be required as a condition for early release for a period which, when added to the initial treatment period, does not exceed the period of commitment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated chemical dependency specialist of original commitment, and the court of original commitment. The program designated to provide less restrictive care may modify the conditions for continued release when the modifications are in the best interests of the patient. If the program providing less restrictive care and the designated chemical dependency specialist determine that a conditionally released patient is failing to adhere to the terms and conditions of his or her release, or that substantial deterioration in the patient's functioning has occurred, then the designated chemical dependency specialist shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days after the

date of the request to determine whether or not the person should be returned to more restrictive care. The designated chemical dependency specialist shall file a petition with the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The patient shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released patient did or did not adhere to the terms and conditions of his or her release to less restrictive care or that substantial deterioration of the patient's functioning has occurred and whether the conditions of release should be modified or the person should be returned to a more restrictive program. The hearing may be waived by the patient and his or her counsel and his or her guardian or conservator, if any, but may not be waived unless all such persons agree to the waiver. Upon waiver, the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions. [1991 c 364 § 10; 1990 c 151 § 3; 1989 c 271 § 307; 1987 c 439 § 14; 1977 ex.s. c 129 § 1; 1974 ex.s. c 175 § 2; 1972 ex.s. c 122 § 14.]

Findings—Construction—Conflict with federal requirements—1991 c 364: See notes following RCW 70.96A.020.

Severability—1989 c 271: See note following RCW 9.94A.310.

70.96A.150 Records of alcoholics and intoxicated persons. (1) The registration and other records of treatment programs shall remain confidential. Records may be disclosed (a) in accordance with the prior written consent of the patient with respect to whom such record is maintained, (b) if authorized by an appropriate order of a court of competent jurisdiction granted after application showing good cause, (c) to comply with state laws mandating the reporting of suspected child abuse or neglect, or (d) when a patient commits a crime on program premises or against program personnel, or threatens to do so.

(2) Notwithstanding subsection (1) of this section, the secretary may receive information from patients' records for purposes of research into the causes and treatment of alcoholism and other drug addiction, verification of eligibility and appropriateness of reimbursement, and the evaluation of alcoholism and other drug treatment programs. Information under this subsection shall not be published in a way that discloses patients' names or otherwise discloses their identities.

(3) Nothing contained in this chapter relieves a person or firm from the requirements under federal regulations for the confidentiality of alcohol and drug abuse patient records. Obligations imposed on drug and alcohol treatment programs and protections afforded alcohol and drug abuse patients under federal regulations apply to all programs approved by the department under RCW 70.96A.090. [1990 c 151 § 1; 1989 c 162 § 1; 1972 ex.s. c 122 § 15.]

70.96A.160 Visitation and communication with patients. (1) Subject to reasonable rules regarding hours of visitation which the secretary may adopt, patients in any approved treatment program shall be granted opportunities for adequate consultation with counsel, and for continuing

contact with family and friends consistent with an effective treatment program.

(2) Neither mail nor other communication to or from a patient in any approved treatment program may be intercepted, read, or censored. The secretary may adopt reasonable rules regarding the use of telephone by patients in approved treatment programs. [1989 c 270 § 29; 1972 ex.s. c 122 § 16.]

70.96A.170 Emergency service patrol—Establishment—Rules. (1) The state and counties, cities, and other municipalities may establish or contract for emergency service patrols which are to be under the administration of the appropriate jurisdiction. A patrol consists of persons trained to give assistance in the streets and in other public places to persons who are intoxicated. Members of an emergency service patrol shall be capable of providing first aid in emergency situations and may transport intoxicated persons to their homes and to and from treatment programs.

(2) The secretary shall adopt rules pursuant to chapter 34.05 RCW for the establishment, training, and conduct of emergency service patrols. [1989 c 270 § 30; 1972 ex.s. c 122 § 17.]

70.96A.180 Payment for treatment—Financial ability of patients. (1) If treatment is provided by an approved treatment program and the patient has not paid or is unable to pay the charge therefor, the program is entitled to any payment (a) received by the patient or to which he may be entitled because of the services rendered, and (b) from any public or private source available to the program because of the treatment provided to the patient.

(2) A patient in a program, or the estate of the patient, or a person obligated to provide for the cost of treatment and having sufficient financial ability, is liable to the program for cost of maintenance and treatment of the patient therein in accordance with rates established.

(3) The secretary shall adopt rules governing financial ability that take into consideration the income, savings, and other personal and real property of the person required to pay, and any support being furnished by him to any person he is required by law to support. [1990 c 151 § 6; 1989 c 270 § 31; 1972 ex.s. c 122 § 18.]

70.96A.190 Criminal laws limitations. (1) No county, municipality, or other political subdivision may adopt or enforce a local law, ordinance, resolution, or rule having the force of law that includes drinking, being an alcoholic or drug addict, or being found in an intoxicated condition as one of the elements of the offense giving rise to a criminal or civil penalty or sanction.

(2) No county, municipality, or other political subdivision may interpret or apply any law of general application to circumvent the provision of subsection (1) of this section.

(3) Nothing in this chapter affects any law, ordinance, resolution, or rule against drunken driving, driving under the influence of alcohol or other psychoactive chemicals, or other similar offense involving the operation of a vehicle, aircraft, boat, machinery, or other equipment, or regarding the sale, purchase, dispensing, possessing, or use of alcoholic

beverages or other psychoactive chemicals at stated times and places or by a particular class of persons; nor shall evidence of intoxication affect, other than as a defense, the application of any law, ordinance, resolution, or rule to conduct otherwise establishing the elements of an offense. [1989 c 270 § 32; 1972 ex.s. c 122 § 19.]

70.96A.300 Counties may create alcoholism and other drug addiction board—Generally. (1) A county or combination of counties acting jointly by agreement, referred to as "county" in this chapter, may create an alcoholism and other drug addiction board. This board may also be designated as a board for other related purposes.

(2) The board shall be composed of not less than seven nor more than fifteen members, who shall be chosen for their demonstrated concern for alcoholism and other drug addiction problems. Members of the board shall be representative of the community, shall include at least one-quarter recovered alcoholics or other recovered drug addicts, and shall include minority group representation. No member may be a provider of alcoholism and other drug addiction treatment services. No more than four elected or appointed city or county officials may serve on the board at the same time. Members of the board shall serve three-year terms and hold office until their successors are appointed and qualified. They shall not be compensated for the performance of their duties as members of the board, but may be reimbursed for travel expenses.

(3) The alcoholism and other drug addiction board shall:

(a) Conduct public hearings and other investigations to determine the needs and priorities of county citizens;

(b) Prepare and recommend to the county legislative authority for approval, all plans, budgets, and applications by the county to the department and other state agencies on behalf of the county alcoholism and other drug addiction program;

(c) Monitor the implementation of the alcoholism and other drug addiction plan and evaluate the performance of the alcoholism and drug addiction program at least annually;

(d) Advise the county legislative authority and county alcoholism and other drug addiction program coordinator on matters relating to the alcoholism and other drug addiction program, including prevention and education;

(e) Nominate individuals to the county legislative authority for the position of county alcoholism and other drug addiction program coordinator. The nominees should have training and experience in the administration of alcoholism and other drug addiction services and shall meet the minimum qualifications established by rule of the department;

(f) Carry out other duties that the department may prescribe by rule. [1989 c 270 § 15.]

70.96A.310 County alcoholism and other drug addiction program—Chief executive officer of program to be program coordinator. (1) The chief executive officer of the county alcoholism and other drug addiction program shall be the county alcoholism and other drug addiction program coordinator. The coordinator shall:

(a) In consultation with the county alcoholism and other drug addiction board, provide general supervision over the county alcoholism and other drug addiction program;

(b) Prepare plans and applications for funds to support the alcoholism and other drug addiction program in consultation with the county alcoholism and other drug addiction board;

(c) Monitor the delivery of services to assure conformance with plans and contracts and, at the discretion of the board, but at least annually, report to the alcoholism and other drug addiction board the results of the monitoring;

(d) Provide staff support to the county alcoholism and other drug addiction board.

(2) The county alcoholism and other drug addiction program coordinator shall be appointed by the county legislative authority from nominations by the alcoholism and other drug addiction program board. The coordinator may serve on either a full-time or part-time basis. Only with the prior approval of the secretary may the coordinator be an employee of a government or private agency under contract with the department to provide alcoholism or other drug addiction services. [1989 c 270 § 16.]

70.96A.320 Alcoholism and other drug addiction program—Generally. (1) A county legislative authority, or two or more counties acting jointly, may establish an alcoholism and other drug addiction program. If two or more counties jointly establish the program, they shall designate one county to provide administrative and financial services.

(2) To be eligible for funds from the department for the support of the county alcoholism and other drug addiction program, the county legislative authority shall establish a county alcoholism and other drug addiction board under RCW 70.96A.300 and appoint a county alcoholism and other drug addiction program coordinator under RCW 70.96A.310.

(3) The county legislative authority may apply to the department for financial support for the county program of alcoholism and other drug addiction. To receive financial support, the county legislative authority shall submit a plan that meets the following conditions:

(a) It shall describe the services and activities to be provided;

(b) It shall include anticipated expenditures and revenues;

(c) It shall be prepared by the county alcoholism and other drug addiction program board and be adopted by the county legislative authority;

(d) It shall reflect maximum effective use of existing services and programs; and

(e) It shall meet other conditions that the secretary may require.

(4) The county may accept and spend gifts, grants, and fees, from public and private sources, to implement its program of alcoholism and other drug addiction.

(5) The county may subcontract for detoxification, residential treatment, or outpatient treatment with treatment programs that are approved treatment programs. The county may subcontract for other services with individuals or organizations approved by the department.

(6) To continue to be eligible for financial support from the department for the county alcoholism and other drug addiction program, an increase in state financial support shall not be used to supplant local funds from a source that was used to support the county alcoholism and other drug addiction program before the effective date of the increase. [1990 c 151 § 9; 1989 c 270 § 17.]

70.96A.400 Methadone treatment—Declaration of regulation by state. The state of Washington declares that there is no fundamental right to methadone treatment. The state of Washington further declares that while methadone is an addictive substance, that it nevertheless has several legal, important, and justified uses and that one of its appropriate and legal uses is, in conjunction with other required therapeutic procedures, in the treatment of persons addicted to or habituated to opioids.

Because methadone is addictive and is listed as a schedule II controlled substance in chapter 69.50 RCW, the state of Washington and authorizing counties on behalf of their citizens have the legal obligation and right to regulate the use of methadone. The state of Washington declares its authority to control and regulate carefully, in cooperation with the authorizing counties, all clinical uses of methadone in the treatment of opium addiction. Further, the state declares that the goal of methadone treatment is drug-free living for the individuals who participate in the treatment program. [1989 c 270 § 20.]

70.96A.410 Methadone treatment—Counties may restrict or limit. (1) A county legislative authority may prohibit methadone treatment in that county. The department shall not certify a methadone treatment program in a county where the county legislative authority has prohibited methadone treatment. If a county legislative authority authorizes methadone treatment programs, it shall limit by ordinance the number of methadone treatment programs operating in that county by limiting the number of licenses granted in that county. If a county has authorized methadone treatment programs in that county, it shall only license methadone treatment programs that comply with the department's operating and treatment standards under this section and RCW 70.96A.420. A county that authorizes methadone treatment may operate the programs directly or through a local health department or health district or it may authorize certified methadone treatment programs that the county licenses to provide the services within the county. Counties shall monitor methadone treatment programs for compliance with the department's operating and treatment regulations under this section and RCW 70.96A.420.

(2) A county that authorizes methadone treatment programs shall develop and enact by ordinance licensing standards, consistent with this chapter and the operating and treatment standards adopted under this chapter, that govern the application for, issuance of, renewal of, and revocation of the licenses. Certified programs existing before May 18, 1987, applying for renewal of licensure in subsequent years, that maintain certification and meet all other requirements for licensure, shall be given preference.

(3) In certifying programs, the department shall not discriminate against a methadone program on the basis of its

corporate structure. In licensing programs, the county shall not discriminate against a methadone program on the basis of its corporate structure.

(4) A program applying for certification from the department and a program applying for a contract from a state agency that has been denied the certification or contract shall be provided with a written notice specifying the rationale and reasons for the denial. A program applying for a license or a contract from a county that has been denied the license or contract shall be provided with a written notice specifying the rationale and reasons for the denial.

(5) A license is effective for one calendar year from the date of issuance. The license shall be renewed in accordance with the provisions of this section for initial approval and in accordance with the standards set forth in rules adopted by the secretary. [1989 c 270 § 21.]

70.96A.420 State-wide treatment and operating standards for methadone programs. (1) The department, in consultation with methadone treatment service providers and counties authorizing methadone treatment programs, shall establish state-wide treatment standards for methadone treatment programs. The department and counties that authorize methadone treatment programs shall enforce these treatment standards. The treatment standards shall include, but not be limited to, reasonable provisions for all appropriate and necessary medical procedures, counseling requirements, urinalysis, and other suitable tests as needed to ensure compliance with this chapter and the treatment standard authorized by this chapter. A methadone treatment program shall not have a caseload in excess of three hundred fifty persons.

(2) The department, in consultation with methadone treatment programs and counties authorizing methadone treatment programs, shall establish state-wide operating standards for methadone treatment programs. The department and counties that authorize methadone treatment programs shall enforce these operating standards. The operating standards shall include, but not be limited to, reasonable provisions necessary to enable the department and authorizing counties to monitor certified and licensed methadone treatment programs for compliance with this chapter and the treatment standards authorized by this chapter and to minimize the impact of the methadone treatment programs upon the business and residential neighborhoods in which the program is located. [1989 c 270 § 22.]

70.96A.905 Uniform application of chapter—Training for county-designated mental health professionals. The department shall ensure that the provisions of this chapter are applied by the counties in a consistent and uniform manner. The department shall also ensure that, to the extent possible within available funds, the county-designated chemical dependency specialists are specifically trained in adolescent chemical dependency issues, the chemical dependency commitment laws, and the criteria for commitment. [1992 c 205 § 306.]

Part headings not law—Severability—1992 c 205: See notes following RCW 13.40.010.

70.96A.910 Application and construction. This act shall be so applied and construed as to effectuate its general purpose to make uniform the law with respect to the subject of this act among those states which enact it. [1972 ex.s. c 122 § 22.]

70.96A.915 Department allocation of funds—Construction. The department is authorized to allocate appropriated funds in the manner that it determines best meets the purposes of this chapter. Nothing in this chapter shall be construed to entitle any individual to services authorized in this chapter, or to require the department or its contractors to reallocate funds in order to ensure that services are available to any eligible person upon demand. [1989 c 271 § 309.]

Severability—1989 c 271: See note following RCW 9.94A.310.

70.96A.920 Severability—1972 ex.s. c 122. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable. [1972 ex.s. c 122 § 20.]

70.96A.930 Section, subsection headings not part of law. Section or subsection headings as used in this chapter do not constitute any part of the law. [1972 ex.s. c 122 § 27.]

70.98.010 Declaration of policy. It is the policy of the state of Washington in furtherance of its responsibility to protect the public health and safety and to encourage, insofar as consistent with this responsibility, the industrial and economic growth of the state and to institute and maintain a regulatory and inspection program for sources and uses of ionizing radiation so as to provide for (1) compatibility with the standards and regulatory programs of the federal government, (2) a single, effective system of regulation within the state, and (3) a system consonant insofar as possible with those of other states. [1975-'76 2nd ex.s. c 108 § 12; 1961 c 207 § 1.]

(1) A program of effective regulation of sources of ionizing radiation for the protection of the occupational and public health and safety;

(2) A program to promote an orderly regulatory pattern within the state, among the states and between the federal government and the state and facilitate intergovernmental cooperation with respect to use and regulation of sources of ionizing radiation to the end that duplication of regulation may be minimized;

(3) A program to establish procedures for assumption and performance of certain regulatory responsibilities with respect to byproduct, source, and special nuclear materials. [1975-'76 2nd ex.s. c 108 § 13; 1965 c 88 § 1; 1961 c 207 § 2.]

(1) The agency shall provide by rule or regulation for general or specific licensing of byproduct, source, special nuclear materials, or devices or equipment utilizing such materials, or other radioactive material occurring naturally or produced artificially. Such rule or regulation shall provide for amendment, suspension, or revocation of licenses. Such rule or regulation shall provide that:

(a) Each application for a specific license shall be in writing and shall state such information as the agency, by rule or regulation, may determine to be necessary to decide the technical, insurance, and financial qualifications, or any other qualification of the applicant as the agency may deem reasonable and necessary to protect the occupational and public health and safety. The agency may at any time after the filing of the application, and before the expiration of the license, require further written statements and shall make such inspections as the agency deems necessary in order to determine whether the license should be granted or denied or whether the license should be modified, suspended, or revoked. In no event shall the agency grant a specific license to any applicant who has never possessed a specific license issued by a recognized state or federal authority until the agency has conducted an inspection which insures that the applicant can meet the rules, regulations and standards adopted pursuant to this chapter. All applications and statements shall be signed by the applicant or licensee. The agency may require any applications or statements to be made under oath or affirmation;

(b) Each license shall be in such form and contain such terms and conditions as the agency may by rule or regulation prescribe;

(c) No license issued under the authority of this chapter and no right to possess or utilize sources of ionizing radiation granted by any license shall be assigned or in any manner disposed of; and

(d) The terms and conditions of all licenses shall be subject to amendment, revision, or modification by rules, regulations or orders issued in accordance with the provisions of this chapter.

(2) Before the agency issues a license to an applicant under this section, it shall give notice of such application to the chief executive officer of the incorporated city or town, if the application is for a license within an incorporated city or town, or to the county legislative authority, if the application is for a license outside the boundaries of incorporated cities or towns. The incorporated city or town, through the official or employee selected by it, or the county legislative authority or the official or employee selected by it, shall have the right to file with the agency within twenty days after date of transmittal of such notice, written objections against the applicant or against the activity for which the license is sought, and shall include with such objections a statement of all facts upon which such objections are based, and in case written objections are filed, may request and the agency may in its discretion hold a formal hearing under chapter 34.05 RCW. Upon the granting of a license under this section the agency shall send a duplicate of the license or written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns.

This subsection shall not apply to activities conducted within the boundaries of the Hanford reservation.

(3) The agency may require registration of all sources of ionizing radiation.

(4) The agency may exempt certain sources of ionizing radiation or kinds of uses or users from the registration or licensing requirements set forth in this section when the agency makes a finding after approval of the technical advisory board that the exemption of such sources of ionizing radiation or kinds of uses or users will not constitute a significant risk to the health and safety of the public.

(5) In promulgating rules and regulations pursuant to this chapter the agency shall, insofar as practical, strive to avoid requiring dual licensing, and shall provide for such recognition of other state or federal licenses as the agency shall deem desirable, subject to such registration requirements as the agency may prescribe. [1984 c 96 § 1; 1965 c 88 § 5; 1961 c 207 § 8.]

70.98.085 Suspension and reinstatement of site use permits—Surveillance fee. (1) The agency is empowered to suspend and reinstate site use permits consistent with current regulatory practices and in coordination with the department of ecology, for generators, packagers, or brokers using the Hanford low-level radioactive waste disposal facility.

(2) The agency shall collect a surveillance fee as an added charge on each cubic foot of low level radioactive waste disposed of at the disposal site in this state which shall be set at a level that is sufficient to fund completely the radiation control activities of the agency directly related to the disposal site, including but not limited to the management, licensing, monitoring, and regulation of the site. The surveillance fee shall not exceed five percent in 1990, six percent in 1991, and seven percent in 1992 of the basic

minimum fee charged by an operator of a low-level radioactive waste disposal site in this state. The basic minimum fee consists of the disposal fee for the site operator, the fee for the perpetual care and maintenance fund administered by the state, the fee for the state closure fund, and the tax collected pursuant to chapter 82.04 RCW. Site use permit fees and surcharges collected under chapter 43.200 RCW are not part of the basic minimum fee. The fee shall also provide funds to the Washington state patrol for costs incurred from inspection of low-level radioactive waste shipments entering this state. Disbursements for this purpose shall be by authorization of the secretary of the department of health or the secretary's designee.

The agency may adopt such rules as are necessary to carry out its responsibilities under this section. [1990 c 21 § 7; 1989 c 106 § 1; 1986 c 2 § 2; 1985 c 383 § 3.]

70.98.095 Financial assurance—Noncompliance. (1) The radiation control agency may require any person who applies for, or holds, a license under this chapter to demonstrate that the person has financial assurance sufficient to assure that liability incurred as a result of licensed operations and activities can be fully satisfied. Financial assurance may be in the form of insurance, cash deposits, surety bonds, corporate guarantees, letters of credit, or other financial instruments or guarantees determined by the agency to be acceptable financial assurance. The agency may require financial assurance in an amount determined by the secretary pursuant to RCW 70.98.098.

(2) The radiation control agency shall refuse to issue a license or permit or suspend the license or permit of any person required by this section to demonstrate financial assurance who fails to demonstrate compliance with this section. The license or permit shall not be issued or reinstated until the person demonstrates compliance with this section.

(3) The radiation control agency shall require (a) that any person required to demonstrate financial assurance, maintain with the agency current copies of any insurance policies, certificates of insurance, letters of credit, surety bonds, or any other documents used to comply with this section, (b) that the agency be notified of any changes in the financial assurance or financial condition of the person, and (c) that the state be named as an insured party on any insurance policy used to comply with this section. [1992 c 61 § 3; 1990 c 82 § 4; 1986 c 191 § 3.]

cial assurance, the secretary shall consider: (a) The report prepared by the department of ecology pursuant to RCW 43.200.200; (b) the potential cost of decontamination, treatment, disposal, decommissioning, and cleanup of facilities or equipment; (c) federal cleanup and decommissioning requirements; and (d) the legal defense cost, if any, that might be paid from the required financial assurance.

(2) The secretary may establish different levels of required financial assurance for various classes of permit or license holders.

(3) The secretary shall establish by rule the instruments or mechanisms by which a person may demonstrate financial assurance as required by RCW 70.98.095. [1992 c 61 § 4; 1990 c 82 § 3.]

70.98.100 Records. (1) The agency shall require each person who possesses or uses a source of ionizing radiation to maintain necessary records relating to its receipt, use, storage, transfer, or disposal and such other records as the agency may require which will permit the determination of the extent of occupational and public exposure from the radiation source. Copies of these records shall be submitted to the agency on request. These requirements are subject to such exemptions as may be provided by rules.

(2) The agency may by rule and regulation establish standards requiring that personnel monitoring be provided for any employee potentially exposed to ionizing radiation and may provide for the reporting to any employee of his radiation exposure record. [1961 c 207 § 10.]

70.98.110 Federal-state agreements—Authorized—Effect as to federal licenses. (2) Any person who, on the effective date of an agreement under subsection (1) above, possesses a license issued by the federal government shall be deemed to possess the same pursuant to a license issued under this chapter which shall expire either ninety days after the receipt from the state radiation control agency of a notice of expiration of such license or on the date of expiration specified in the federal license, whichever is earlier. [1965 c 88 § 6; 1961 c 207 § 11.]

70.98.120 Inspection agreements and training programs. (1) The agency is authorized to enter into an agreement or agreements with the federal government, other states, or interstate agencies, whereby this state will perform on a cooperative basis with the federal government, other states, or interstate agencies, inspections or other functions relating to control of sources of ionizing radiation.

(2) The agency may institute training programs for the purpose of qualifying personnel to carry out the provisions of this chapter and may make said personnel available for participation in any program or programs of the federal government, other states, or interstate agencies in furtherance of the purposes of this chapter. [1961 c 207 § 12.]

70.98.122 Department of ecology to seek federal funding for environmental radiation monitoring. The department of ecology shall seek federal funding, such as is available under the clean air act (42 U.S.C. Sec. 1857 et seq.) and the nuclear waste policy act (42 U.S.C. Sec. 10101 et seq.) to carry out the purposes of *RCW 70.98.050(4)(c). [1985 c 372 § 3.]

(1) The agency shall seek federal financial assistance as authorized by the nuclear waste policy act of 1982, P.L. 97-425 section 116(c), for activities related to the high-level radioactive waste program in the state of Washington. The activities for which federal funding is sought shall include, but are not limited to, the development of a radiological baseline for the Hanford reservation; the implementation of a program to monitor ionizing radiation emissions on the Hanford reservation; the collection of statistical data and epidemiological research, where available, on diseases that result from exposure to sources of ionizing radiation on the Hanford reservation.

(2) In the event the federal government refuses to grant financial assistance for the activities under subsection (1) of this section, the agency is directed to investigate potential legal action. [1985 c 383 § 2.]

70.98.130 Administrative procedure. In any proceeding under this chapter for the issuance or modification or repeal of rules relating to control of sources of ionizing radiation, the agency shall comply with the requirements of chapter 34.05 RCW, the Administrative Procedure Act.

Notwithstanding any other provision of this chapter, whenever the agency finds that an emergency exists requiring immediate action to protect the public health, safety, or general welfare, the agency may, in accordance with RCW 34.05.350 without notice or hearing, adopt a rule reciting the existence of such emergency and require that such action be taken as is necessary to meet the emergency. As specified in RCW 34.05.350, such rules are effective immediately. [1989 c 175 § 133; 1961 c 207 § 13.]

Radioactive and hazardous waste emergency response programs, state coordinator: RCW 38.52.030.

Uranium and thorium mill tailings—Licensing and perpetual care: Chapter 70.121 RCW.

70.99.010 Finding. The people of the state of Washington find that:

(1) Radioactive wastes are highly dangerous, in that releases of radioactive materials and emissions to the environment are inimical to the health and welfare of the people of the state of Washington, and contribute to the occurrences of harmful diseases, including excessive cancer and leukemia. The dangers posed by the transportation and presence of radioactive wastes are increased further by the long time periods that the wastes remain radioactive and highly dangerous;

(2) Transporting, handling, storing, or otherwise caring for radioactive waste presents a hazard to the health, safety, and welfare of the individual citizens of the state of Washington because of the ever-present risk that an accident or incident will occur while the wastes are being cared for;

(3) The likelihood that an accident will occur in this state involving the release of radioactive wastes to the environment becomes greater as the volume of wastes transported, handled, stored, or otherwise cared for in this state increases;

(4) The effects of unplanned releases of radioactive wastes into the environment, especially into the air and water of the state, are potentially both widespread and harmful to the health, safety, and welfare of the citizens of this state.

The burdens and hazards posed by increasing the volume of radioactive wastes transported, handled, stored, or otherwise cared for in this state by the importation of such wastes from outside this state is not a hazard the state government may reasonably ask its citizens to bear. The people of the state of Washington believe that the principles of federalism do not require the sacrifice of the health, safety, and welfare of the people of one state for the convenience of other states or nations. [1981 c 1 § 1 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.020 Definitions. The definitions set forth in this section apply throughout this chapter.

(1) "Radioactive waste" means unwanted radioactive material, including radioactive residues produced as a result of electric power generation or other reactor operation.

(2) "Medical waste" means radioactive waste from all therapy, diagnosis, or research in medical fields and radioactive waste which results from the production and manufacture of radioactive material used for therapy, diagnosis, or research in medical fields, except that "medical waste" does not include spent fuel or waste from the fuel of an isotope production reactor.

(3) "Radioactive waste generated or otherwise produced outside the geographic boundaries of the state of Washington" means radioactive waste which was located outside the state of Washington at the time of removal from a reactor vessel. [1981 c 1 § 2 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.030 Storage of radioactive waste from outside the state prohibited—Exceptions. Notwithstanding any law, order, or regulation to the contrary, after July 1, 1981, no area within the geographic boundaries of the state of Washington may be used by any person or entity as a temporary, interim, or permanent storage site for radioactive waste, except medical waste, generated or otherwise produced outside the geographic boundaries of the state of Washington. This section does not apply to radioactive waste stored within the state of Washington prior to July 1, 1981. [1981 c 1 § 3 (Initiative Measure No. 383, approved November 4, 1980).]

Notwithstanding any law, order, or regulation to the contrary, after July 1, 1981, no person or entity may transport radioactive waste, except medical waste, generated or otherwise produced outside the geographic boundaries of the state of Washington to any site within the geographic boundaries of the state of Washington for temporary, interim,

or permanent storage. [1981 c 1 § 4 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.050 Violations—Penalties—Injunctions—Jurisdiction and venue—Fees and costs. (1) A violation of or failure to comply with the provisions of RCW 70.99.030 or 70.99.040 is a gross misdemeanor.

(2) Any person or entity that violates or fails to comply with the provisions of RCW 70.99.030 or 70.99.040 is subject to a civil penalty of one thousand dollars for each violation or failure to comply.

(3) Each day upon which a violation occurs constitutes a separate violation for the purposes of subsections (1) and (2) of this section.

(4) Any person or entity violating this chapter may be enjoined from continuing the violation. The attorney general or any person residing in the state of Washington may bring an action to enjoin violations of this chapter, on his or her own behalf and on the behalf of all persons similarly situated. Such action may be maintained in the person's own name or in the name of the state of Washington. No bond may be required as a condition to obtaining any injunctive relief. The superior courts have jurisdiction over actions brought under this section, and venue shall lie in the county of the plaintiff's residence, in the county in which the violation is alleged to occur, or in Thurston county. In addition to other relief, the court in its discretion may award attorney's and expert witness fees and costs of the suit to a party who demonstrates that a violation of this chapter has occurred. [1981 c 1 § 5 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.060 Interstate compact for regional storage. Notwithstanding the other provisions of this chapter, the state of Washington may enter into an interstate compact, which will become effective upon ratification by a majority of both houses of the United States Congress, to provide for the regional storage of radioactive wastes. [1981 c 1 § 6 (Initiative Measure No. 383, approved November 4, 1980).]

Northwest Interstate Compact on Low-Level Radioactive Waste Management: Chapter 43.145 RCW.

70.99.900 Construction—1981 c 1. This chapter shall be liberally construed to protect the health, safety, and welfare of the individual citizens of the state of Washington. [1981 c 1 § 7 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.905 Severability—1981 c 1. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1981 c 1 § 8 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.910 Short title. This act may be known as the Radioactive Waste Storage and Transportation Act of 1980. [1981 c 1 § 9 (Initiative Measure No. 383, approved November 4, 1980).]

70.104.010 Declaration. The department of health has responsibility to protect and enhance the public health and welfare. As a consequence, it must be concerned with both natural and artificial environmental factors which may adversely affect the public health and welfare. Dangers to the public health and welfare related to the use of pesticides require specific legislative recognition of departmental authority and responsibility in this area. [1991 c 3 § 356; 1971 ex.s. c 41 § 1.]

70.104.020 "Pesticide" defined. For the purposes of this chapter pesticide means, but is not limited to:

- (1) Any substance or mixture of substances intended to prevent, destroy, control, repel, or mitigate any insect, rodent, nematode, snail, slug, fungus, weed and any other form of plant or animal life or virus, except virus on or in living man or other animal, which is normally considered to be a pest or which the director of agriculture may declare to be a pest; or
- (2) Any substance or mixture of substances intended to be used as a plant regulator, defoliant or desiccant; or
- (3) Any spray adjuvant, such as a wetting agent, spreading agent, deposit builder, adhesive, emulsifying agent, deflocculating agent, water modifier, or similar agent with or without toxic properties of its own intended to be used with any other pesticide as an aid to the application or effect thereof, and sold in a package or container separate from that of the pesticide with which it is to be used; or
- (4) Any fungicide, rodenticide, herbicide, insecticide, and nematocide. [1971 ex.s. c 41 § 2.]

70.104.030 Powers and duties of department of health. (1) The department of health shall investigate all suspected human cases of pesticide poisoning and such cases of suspected pesticide poisoning of animals that may relate to human illness. The department shall establish time periods by rule to determine investigation response time. Time periods shall range from immediate to forty-eight hours to initiate an investigation, depending on the severity of the case or suspected case of pesticide poisoning.

In order to adequately investigate such cases, the department shall have the power to:

- (a) Take all necessary samples and human or animal tissue specimens for diagnostic purposes: PROVIDED, That tissue, if taken from a living human, shall be taken from a living human only with the consent of a person legally qualified to give such consent;
 - (b) Secure any and all such information as may be necessary to adequately determine the nature and causes of any case of pesticide poisoning.
- (2) The department shall, by rule adopted pursuant to the Administrative Procedure Act, chapter 34.05 RCW, with due notice and a hearing for the adoption of permanent rules,

establish procedures for the prevention of any recurrence of poisoning and the department shall immediately notify the department of agriculture, the department of labor and industries, and other appropriate agencies of the results of its investigation for such action as the other departments or agencies deem appropriate. The notification of such investigations and their results may include recommendations for further action by the appropriate department or agency. [1991 c 3 § 357; 1989 c 380 § 71; 1971 ex.s. c 41 § 3.]

(2) Upon notification or discovery of any pesticide emergency the department of health shall:

(a) Make such orders and take such actions as are appropriate to assume control of the property and to dispose of hazardous substances, prevent further contamination, and restore any property involved to a nonhazardous condition. In the event of failure of any individual to obey and carry out orders pursuant to this section, the department shall have all power and authority to accomplish those things necessary to carry out such order. Any expenses incurred by the department as a result of intentional failure of any individual to obey its lawful orders shall be charged as a debt against such individual.

(3) In any case where the department of health has assumed control of property pursuant to this chapter, such property shall not be reoccupied or used until such time as written notification of its release for use is received from the secretary of the department or his or her designee. Such action shall take into consideration the economic hardship, if any, caused by having the department assume control of property, and release shall be accomplished as expeditiously as possible. Nothing in this chapter shall prevent a farmer from continuing to process his or her crops and/or animals provided that the processing does not endanger the public health.

(4) The department shall recognize the pesticide industry's responsibility and active role in minimizing the effect of pesticide emergencies and shall provide for maximum utilization of these services.

(5) Nothing in this chapter shall be construed in any way to infringe upon or negate the authority and responsibility of the department of agriculture in its application and enforcement of the Washington Pesticide Control Act, chapter 15.58 RCW and the Washington Pesticide Application Act, chapter 17.21 RCW. The department of health shall work closely with the department of agriculture in the enforcement of this chapter and shall keep it appropriately

(3) Cases or suspected cases of pesticide poisoning shall be reported by the department of health to the pesticide reporting and tracking review panel within the time periods established by state board of health rules.

(4) Upon request of the primary health care provider, pesticide applicators or employers shall provide a copy of records of pesticide applications which may have affected the health of the provider's patient. This information is to be used only for the purposes of providing health care services to the patient.

(5) Any failure of the primary health care provider to make the reports required under this section may be cause for the department of health to submit information about such nonreporting to the applicable disciplining authority for the provider under RCW 18.130.040.

(6) No cause of action shall arise as the result of: (a) The failure to report under this section; or (b) any report submitted to the department of health under this section.

(7) For the purposes of this section, a suspected case of pesticide poisoning is a case in which the diagnosis is thought more likely than not to be pesticide poisoning. [1992 c 173 § 4; 1991 c 3 § 360; 1989 c 380 § 72.]

Effective dates—1992 c 173: See note following RCW 17.21.100.

Effective date—1989 c 380 §§ 69, 71-73: See note following RCW 70.104.090.

In order effectively to prevent human illness due to pesticides and to carry out the requirements of this chapter, the department of health is authorized to provide technical assistance and consultation regarding health effects of pesticides to physicians and other agencies, and is authorized to operate an analytical chemical laboratory and may provide analytical and laboratory services to physicians and other agencies to determine pesticide levels in human and other tissues, and appropriate environmental samples. [1991 c 3 § 362; 1971 ex.s. c 41 § 6.]

70.104.070 Pesticide incident reporting and tracking review panel—Intent. The legislature finds that heightened concern regarding health and environmental impacts from pesticide use and misuse has resulted in an increased demand for full-scale health investigations, assessment of resource damages, and health effects information. Increased reporting, comprehensive unbiased investigation capability, and enhanced community education efforts are required to maintain this state's responsibilities to provide for public health and safety.

It is the intent of the legislature that the various state agencies responsible for pesticide regulation coordinate their activities in a timely manner to ensure adequate monitoring of pesticide use and protection of workers and the public from the effects of pesticide misuse. [1989 c 380 § 67.]

(d) Whether the pesticide has been identified by a federal or state agency or through a scientific review as presenting a risk of cancer, birth defects, genetic damage, neurological effects, blood disorders, sterility, menstrual dysfunction, organ damage, or other chronic or subchronic effects; and

(e) Whether reports or complaints of ill effects from the pesticide have been filed following worker entry into fields to which the pesticide has been applied; and

(6) Reviewing and approving an annual report prepared by the department of health to the governor, agency heads, and members of the legislature, with the same available to the public. The report shall include, at a minimum:

(a) A summary of the year's activities;

70.105.005 Legislative declaration. The legislature hereby finds and declares:

(1) The health and welfare of the people of the state depend on clean and pure environmental resources unaffected by hazardous waste contamination. At the same time, the quality of life of the people of the state is in part based upon a large variety of goods produced by the economy of the state. The complex industrial processes that produce these goods also generate waste byproducts, some of which are hazardous to the public health and the environment if improperly managed.

(2) Safe and responsible management of hazardous waste is necessary to prevent adverse effects on the environment and to protect public health and safety.

(3) The availability of safe, effective, economical, and environmentally sound facilities for the management of hazardous waste is essential to protect public health and the environment and to preserve the economic strength of the state.

(4) Strong and effective enforcement of federal and state hazardous waste laws and regulations is essential to protect

the public health and the environment and to meet the public's concerns regarding the acceptance of needed new hazardous waste management facilities.

(5) Negotiation, mediation, and similar conflict resolution techniques are useful in resolving concerns over the local impacts of siting hazardous waste management facilities.

(6) Safe and responsible management of hazardous waste requires an effective planning process that involves local and state governments, the public, and industry.

(7) Public acceptance and successful siting of needed new hazardous waste management facilities depends on several factors, including:

(a) Public confidence in the safety of the facilities;

(b) Assurance that the hazardous waste management priorities established in this chapter are being carried out to the maximum degree practical;

(c) Recognition that all state citizens benefit from certain products whose manufacture results in the generation of hazardous byproducts, and that all state citizens must, therefore, share in the responsibility for finding safe and effective means to manage this hazardous waste; and

(d) Provision of adequate opportunities for citizens to meet with facility operators and resolve concerns about local hazardous waste management facilities.

(8) Due to the controversial and regional nature of facilities for the disposal and incineration of hazardous waste, the facilities have had difficulty in obtaining necessary local approvals. The legislature finds that there is a state-wide interest in assuring that such facilities can be sited.

It is therefore the intent of the legislature to preempt local government's authority to approve, deny, or otherwise regulate disposal and incineration facilities, and to vest in the department of ecology the sole authority among state, regional, and local agencies to approve, deny, and regulate preempted facilities, as defined in this chapter.

In addition, it is the intent of the legislature that such complete preemptive authority also be vested in the department for treatment and storage facilities, in addition to disposal and incineration facilities, if a local government fails to carry out its responsibilities established in RCW 70.105.225.

It is further the intent of the legislature that no local ordinance, permit requirement, other requirement, or decision shall prohibit on the basis of land use considerations the construction of a hazardous waste management facility within any zone designated and approved in accordance with this chapter, provided that the proposed site for the facility is consistent with applicable state siting criteria.

(9) With the exception of the disposal site authorized for acquisition under this chapter, the private sector has had the primary role in providing hazardous waste management facilities and services in the state. It is the intent of the legislature that this role be encouraged and continue into the future to the extent feasible. Whether privately or publicly owned and operated, hazardous waste management facilities and services should be subject to strict governmental regulation as provided under this chapter.

(10) Wastes that are exempt or excluded from full regulation under this chapter due to their small quantity or household origin have the potential to pose significant risk

to public health and the environment if not properly managed. It is the intent of the legislature that the specific risks posed by such waste be investigated and assessed and that programs be carried out as necessary to manage the waste appropriately. In addition, the legislature finds that, because local conditions vary substantially in regard to the quantities, risks, and management opportunities available for such wastes, local government is the appropriate level of government to plan for and carry out programs to manage moderate-risk waste, with assistance and coordination provided by the department. [1985 c 448 § 2.]

Severability—1985 c 448: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1985 c 448 § 19.]

70.105.007 Purpose. The purpose of this chapter is to establish a comprehensive state-wide framework for the planning, regulation, control, and management of hazardous waste which will prevent land, air, and water pollution and conserve the natural, economic, and energy resources of the state. To this end it is the purpose of this chapter:

- (1) To provide broad powers of regulation to the department of ecology relating to management of hazardous wastes and releases of hazardous substances;
- (2) To promote waste reduction and to encourage other improvements in waste management practices;
- (3) To promote cooperation between state and local governments by assigning responsibilities for planning for hazardous wastes to the state and planning for moderate-risk waste to local government;
- (4) To provide for prevention of problems related to improper management of hazardous substances before such problems occur; and
- (5) To assure that needed hazardous waste management facilities may be sited in the state, and to ensure the safe operation of the facilities. [1985 c 448 § 3.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.020 Standards and regulations—Adoption—Notice and hearing—Consultation with other agencies. The department after notice and public hearing shall:

(1) Adopt regulations designating as extremely hazardous wastes subject to the provisions of this chapter those substances which exhibit characteristics consistent with the definition provided in RCW 70.105.010(6);

(2) Adopt and may revise when appropriate, minimum standards and regulations for disposal of extremely hazardous wastes to protect against hazards to the public, and to the environment. Before adoption of such standards and regulations, the department shall consult with appropriate agencies of interested local governments and secure technical assistance from the department of agriculture, the department of social and health services, the department of wildlife, the department of natural resources, the department of fisheries, the department of labor and industries, and the department of community development, through the director of fire protection. [1988 c 36 § 28; 1986 c 266 § 119; 1975-'76 2nd ex.s. c 101 § 2.]

Severability—1986 c 266: See note following RCW 38.52.005.

70.105.030 List and information to be furnished by depositor of hazardous waste—Rules and regulations. (1) After the effective date of the regulations adopted by the department designating extremely hazardous wastes, any person planning to dispose of extremely hazardous waste as designated by the department shall provide the operator of the disposal site with a list setting forth the extremely hazardous wastes for disposal, the amount of such wastes, the general chemical and mineral composition of such waste listed by approximate maximum and minimum percentages, and the origin of any such waste. Such list, when appropriate, shall include information on antidotes, first aid, or safety measures to be taken in case of accidental contact with the particular extremely hazardous waste being disposed.

70.105.040 Disposal site or facility—Acquisition—Disposal fee schedule. (1) The department through the department of general administration, is authorized to acquire interests in real property from the federal government on the Hanford Reservation by gift, purchase, lease, or other means, to be used for the purpose of developing, operating, and

maintaining an extremely hazardous waste disposal site or facility by the department, either directly or by agreement with public or private persons or entities: PROVIDED, That lands acquired under this section shall not be inconsistent with a local comprehensive plan approved prior to January 1, 1976: AND PROVIDED FURTHER, That no lands acquired under this section shall be subject to land use regulation by a local government.

(2) The department may establish an appropriate fee schedule for use of such disposal facilities to offset the cost of administration of this chapter and the cost of development, operation, maintenance, and perpetual management of the disposal site. If operated by a private entity, the disposal fee may be such as to provide a reasonable profit. [1975-'76 2nd ex.s. c 101 § 4.]

70.105.050 Disposal at other than approved site prohibited—Disposal of radioactive wastes. (1) No person shall dispose of designated extremely hazardous wastes at any disposal site in the state other than the disposal site established and approved for such purpose under provisions of this chapter, except when such wastes are going to a processing facility which will result in the waste being reclaimed, treated, detoxified, neutralized, or otherwise processed to remove its harmful properties or characteristics.

(2) Extremely hazardous wastes that contain radioactive components may be disposed at a radioactive waste disposal site that is (a) owned by the United States department of energy or a licensee of the nuclear regulatory commission and (b) permitted by the department and operated in compliance with the provisions of this chapter. However, prior to disposal, or as a part of disposal, all reasonable methods of treatment, detoxification, neutralization, or other waste management methodologies designed to mitigate hazards associated with these wastes shall be employed, as required by applicable federal and state laws and regulations. [1987 c 488 § 4; 1975-'76 2nd ex.s. c 101 § 5.]

70.105.060 Review of rules, regulations, criteria and fee schedules. [1975-'76 2nd ex.s. c 101 § 6.]

70.105.070 Criteria for receiving waste at disposal site. The department may elect to receive dangerous waste at the site provided under this chapter, provided

(1) it is upon request of the owner, producer, or person having custody of the waste, and

(2) upon the payment of a fee to cover disposal

(3) it can be reasonably demonstrated that there is no other disposal sites in the state that will handle such dangerous waste, and

(4) the site is designed to handle such a request or can be modified to the extent necessary to adequately dispose of the waste, or

(5) if a demonstrable emergency and potential threat to the public health and safety exists. [1975-'76 2nd ex.s. c 101 § 7.]

70.105.080 Violations—Civil penalties. (1) Every person who fails to comply with any provision of this chapter or of the rules adopted thereunder shall be subjected to a penalty in an amount of not more than ten thousand dollars per day for every such violation. Each and every such violation shall be a separate and distinct offense. In case of continuing violation, every day's continuance shall be a separate and distinct violation. Every person who, through an act of commission or omission, procures, aids, or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty herein provided.

Any person who knowingly transports, treats, stores, handles, disposes of, or exports a hazardous substance in violation of this chapter is guilty of: (1) A class B felony if the person knows at the time that the conduct constituting the violation places another person in imminent danger of death or serious bodily injury; or (2) a class C felony if the person knows that the conduct constituting the violation places any property of another person or any natural resources owned by the state of Washington or any of its local governments in imminent danger of harm. As used in this section, "imminent danger" means that there is a substantial likelihood that harm will be experienced within a reasonable period of time should the danger not be eliminated. As used in this section, "knowingly" refers to an awareness of facts, not awareness of law. Violators shall be punished as provided under RCW 9A.20.021. Each and every such violation shall be a separate and distinct offense. In case of continuing violation, every day's continuance shall be a separate and distinct offense. [1984 c 237 § 1; 1983 c 172 § 3; 1975-'76 2nd ex.s. c 101 § 9.]

The order shall be delivered by registered mail or personally to the person against whom the order is directed.

(2) Any person who fails to take corrective action as specified in a compliance order shall be liable for a civil penalty of not more than ten thousand dollars for each day of continued noncompliance. In addition, the department may suspend or revoke any permits and/or certificates issued under the provisions of this chapter to a person who fails to comply with an order directed against him.

(3) Any order may be appealed pursuant to RCW 43.21B.310. [1987 c 109 § 16; 1983 c 172 § 4.]

A conviction or imposition of a penalty under this chapter is not a prerequisite to an action under this section.

The court may award reasonable attorneys' fees to a prevailing injured party in an action under this section. [1983 c 172 § 1.]

Severability—1983 c 172: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1983 c 172 § 5.]

70.105.100 Powers and duties of department. The department in performing its duties under this chapter may:

(1) Conduct studies and coordinate research programs pertaining to extremely hazardous waste management;

(2) Render technical assistance to generators of dangerous and extremely hazardous wastes and to state and local agencies in the planning and operation of hazardous waste programs;

(3) Encourage and provide technical assistance to waste generators to form and operate a "waste exchange" for the purpose of finding users for dangerous and extremely hazardous wastes that would otherwise be disposed of: PROVIDED, That such technical assistance shall not violate the confidentiality of manufacturing processes; and

(4) Provide for appropriate surveillance and monitoring of extremely hazardous waste disposal practices in the state. [1975-'76 2nd ex.s. c 101 § 10.]

(1) Nothing in this chapter shall alter, amend, or supersede the provisions of chapter 80.50 RCW, except that, notwithstanding any provision of chapter 80.50 RCW, regulation of dangerous wastes associated with energy facilities from generation to disposal shall be solely by the department pursuant to chapter 70.105 RCW. In the implementation of said section, the department shall consult and cooperate with the energy facility site evaluation council and, in order to reduce duplication of effort and to provide necessary coordination of monitoring and on-site inspection programs at energy facility sites, any on-site inspection by the department that may be required for the purposes of this chapter shall be performed pursuant to an interagency coordination agreement with the council.

(2) To facilitate the implementation of this chapter, the energy facility site evaluation council may require certificate holders to remove from their energy facility sites any dangerous wastes, controlled by this chapter, within ninety days of their generation. [1987 c 488 § 3; 1984 c 237 § 3; 1975-'76 2nd ex.s. c 101 § 11.]

70.105.112 Application of chapter to special incinerator ash. This chapter does not apply to special incinerator ash regulated under chapter 70.138 RCW except that, for purposes of RCW 4.22.070(3)(a), special incinerator ash shall be considered hazardous waste. [1987 c 528 § 9.]

Severability—1987 c 528: See RCW 70.138.902.

70.105.120 Authority of attorney general. At the request of the department, the attorney general is authorized to bring such injunctive, declaratory, or other actions to enforce any requirement of this chapter. [1980 c 144 § 2.]

70.105.130 Department's powers as designated agency under federal act. (1) The department is designated as the state agency for implementing the federal resource conservation and recovery act (42 U.S.C. Sec. 6901 et seq.).

(2) The power granted to the department by this section is the authority to:

(a) Establish a permit system for owners or operators of facilities which treat, store, or dispose of dangerous wastes:

PROVIDED, That spent containers of pesticides or herbicides which have been used in normal farm operations and which are not extremely hazardous wastes, shall not be subject to the permit system;

(b) Establish standards for the safe transport, treatment, storage, and disposal of dangerous wastes as may be necessary to protect human health and the environment;

(c) Establish, to implement this section:

(i) A manifest system to track dangerous wastes;

(ii) Reporting, monitoring, recordkeeping, labeling, sampling requirements; and

(iii) Owner, operator, and transporter responsibility;

(d) Enter at reasonable times establishments regulated under this section for the purposes of inspection, monitoring, and sampling; and

(e) Adopt rules necessary to implement this section. [1980 c 144 § 1.]

70.105.135 Copies of notification forms or annual reports to officials responsible for fire protection. Any person who generates, treats, stores, disposes, or otherwise handles dangerous or extremely hazardous wastes shall provide copies of any notification forms, or annual reports that are required pursuant to RCW 70.105.130 to the fire departments or fire districts that service the areas in which the wastes are handled upon the request of the fire departments or fire districts. In areas that are not serviced by a fire department or fire district, the forms or reports shall be provided to the sheriff or other county official designated pursuant to RCW 48.48.060 upon the request of the sheriff or other county official. This section shall not apply to the transportation of hazardous wastes. [1986 c 82 § 1.]

70.105.140 Rules implemented under RCW 70.105.130—Review. Rules implementing RCW 70.105.130 shall be submitted to the house and senate committees on ecology for review prior to being adopted in accordance with chapter 34.05 RCW. [1980 c 144 § 3.]

70.105.145 Department's authority to participate in and administer federal act. Notwithstanding any other provision of chapter 70.105 RCW, the department of ecology is empowered to participate fully in and is empowered to administer all aspects of the programs of the federal Resource Conservation and Recovery Act, as it exists on June 7, 1984, (42 U.S.C. Sec. 6901 et seq.), contemplated for participation and administration by a state under that act. [1984 c 237 § 2; 1983 c 270 § 2.]

Severability—1983 c 270: See note following RCW 90.48.260.

70.105.150 Declaration—Management of hazardous waste—Priorities—Definitions. The legislature hereby declares that:

(1) The health and welfare of the people of the state depend on clean and pure environmental resources unaffected by hazardous waste contamination. Management and regulation of hazardous waste disposal should encourage practices which result in the least amount of waste being produced. Towards that end, the legislature finds that the following priorities in the management of hazardous waste

are necessary and should be followed in order of descending priority as applicable:

- (a) Waste reduction;
- (b) Waste recycling;
- (c) Physical, chemical, and biological treatment;
- (d) Incineration;
- (e) Solidification/stabilization treatment;
- (f) Landfill.

(2) As used in this section:

- (a) "Waste reduction" means reducing waste so that hazardous byproducts are not produced;
- (b) "Waste recycling" means reusing waste materials and extracting valuable materials from a waste stream;
- (c) "Physical, chemical, and biological treatment" means processing the waste to render it completely innocuous, produce a recyclable byproduct, reduce toxicity, or substantially reduce the volume of material requiring disposal;
- (d) "Incineration" means reducing the volume or toxicity of wastes by use of an enclosed device using controlled flame combustion;
- (e) "Solidification/stabilization treatment" means the use of encapsulation techniques to solidify wastes and make them less permeable or leachable; and
- (f) "Landfill" means a disposal facility, or part of a facility, at which waste is placed in or on land and which is not a land treatment facility, surface impoundment, or injection well. [1983 1st ex.s. c 70 § 1.]

70.105.160 Waste management study—Public hearings—Adoption or modification of rules—Recommendations to legislature. The department shall conduct a study to determine the best management practices for categories of waste for the priority waste management methods established in RCW 70.105.150, with due consideration in the course of the study to sound environmental management and available technology. As an element of the study, the department shall review methods that will help achieve the priority of RCW 70.105.150(1)(a), waste reduction. Before issuing any proposed regulations, the department shall conduct public hearings regarding the best management practices for the various waste categories studied by the department. After conducting the study, the department shall prepare new rules or modify existing rules as appropriate to promote implementation of the priorities established in RCW 70.105.150 for management practices which assure use of sound environmental management techniques and available technology. The preliminary study shall be completed by July 1, 1986, and the rules shall be adopted by July 1, 1987. The solid waste advisory committee shall review the studies and the new or modified rules and submit recommendations to the legislature by January 1, 1988, regarding policy options (such as fee incentives, disposal bans, etc.) that will be used to reduce the production of dangerous and extremely hazardous waste in Washington state.

The studies shall be updated at least once every five years. The funding for these studies shall be from the hazardous waste control and elimination account, subject to legislative appropriation. [1984 c 254 § 2; 1983 1st ex.s. c 70 § 2.]

Severability—1984 c 254: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of

the act or the application of the provision to other persons or circumstances is not affected." [1984 c 254 § 3.]

70.105.165 Disposal of dangerous wastes at commercial off-site land disposal facilities—Limitations. (1) Independent of the processing or issuance of any or all federal, state, and local permits for disposal of dangerous wastes, no disposal of dangerous wastes at a commercial off-site land disposal facility may be undertaken prior to July 1, 1986, unless:

(a) The disposal results from actions taken under *RCW 70.105A.060 (2) and (3), or results from other emergency situations; or

(b) Studies undertaken by the department under RCW 70.105.160 to determine the best management practices for various waste categories under the priority waste management methods established in RCW 70.105.150 are completed for the particular wastes or waste categories to be disposed of and any regulatory revisions deemed necessary by the department are proposed and do not prohibit land disposal of such wastes; or

(c) Final regulations have been adopted by the department that allow for such disposal.

(2) Construction of facilities used solely for the purpose of disposal of wastes that have not met the requirements of subsection (1) of this section shall not be undertaken by any developer of a dangerous waste disposal facility.

(3) The department shall prioritize the studies of waste categories undertaken under RCW 70.105.160 to provide initial consideration of those categories most likely to be suitable for land disposal. Any regulatory changes deemed necessary by the department shall be proposed and subjected to the rule-making process by category as the study of each waste category is completed. All of the study shall be completed, and implementing regulations proposed, by July 1, 1986.

(4) Any final permit issued by the department before the adoption of rules promulgated as a result of the study conducted under RCW 70.105.160 shall be modified as necessary to be consistent with such rules. [1984 c 254 § 1.]

***Reviser's note:** RCW 70.105A.060 was repealed by 1990 c 114 § 21.

Severability—1984 c 254: See note following RCW 70.105.160.

70.105.170 Waste management—Consultative services—Technical assistance—Confidentiality. Consistent with the purposes of RCW 70.105.150 and 70.105.160, the department is authorized to promote the priority waste management methods listed in RCW 70.105.150 by establishing or assisting in the establishment of: (1) Consultative services which, in conjunction with any business or industry requesting such service, study and recommend alternative waste management practices; and (2) technical assistance, such as a toll-free telephone service, to persons interested in waste management alternatives. Any person receiving such service or assistance may, in accordance with state law, request confidential treatment of information about their manufacturing or business practices. [1983 1st ex.s. c 70 § 3.]

70.105.180 Disposition of fines and penalties—Earnings. All fines and penalties collected under this chapter shall be deposited in the hazardous waste control and elimination account, which is hereby created in the state treasury. Moneys in the account collected from fines and penalties shall be expended exclusively by the department of ecology for the purposes of *this act, subject to legislative appropriation. Other sources of funds deposited in this account may also be used for the purposes of *this act. All earnings of investments of balances in the hazardous waste control and elimination account shall be credited to the general fund. [1985 c 57 § 70; 1983 1st ex.s. c 70 § 4.]

***Reviser's note:** "This act" [1983 1st ex.s. c 70] consists of RCW 70.105.150, 70.105.160, 70.105.170, and 70.105.180.

70.105.200 Hazardous waste management plan. (1) The department shall develop, and shall update at least once every five years, a state hazardous waste management plan. The plan shall include, but shall not be limited to, the following elements:

(a) A state inventory and assessment of the capacity of existing facilities to treat, store, dispose, or otherwise manage hazardous waste;

(b) A forecast of future hazardous waste generation;

(c) A description of the plan or program required by RCW 70.105.160 to promote the waste management priorities established in RCW 70.105.150;

(d) Siting criteria as appropriate for hazardous waste management facilities, including such criteria as may be appropriate for the designation of eligible zones for designated zone facilities. However, these criteria shall not prevent the continued operation, at or below the present level of waste management activity, of existing facilities on the basis of their location in areas other than those designated as eligible zones pursuant to RCW 70.105.225;

(e) Siting policies as deemed appropriate by the department; and

(f) A plan or program to provide appropriate public information and education relating to hazardous waste management. The department shall ensure to the maximum degree practical that these plans or programs are coordinated with public education programs carried out by local government under RCW 70.105.220.

(2) The department shall seek, encourage, and assist participation in the development, revision, and implementation of the state hazardous waste management plan by interested citizens, local government, business and industry, environmental groups, and other entities as appropriate.

(3) Siting criteria shall be completed by December 31, 1986. Other plan components listed in subsection (1) of this section shall be completed by June 30, 1987.

(4) The department shall incorporate into the state hazardous waste management plan those elements of the local hazardous waste management plans that it deems necessary to assure effective and coordinated programs throughout the state. [1985 c 448 § 4.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.210 Hazardous waste management facilities—Department to develop criteria for siting. By May

31, 1990, the department shall develop and adopt criteria for the siting of hazardous waste management facilities. These criteria will be part of the state hazardous waste management plan as described in RCW 70.105.200. To the extent practical, these criteria shall be designed to minimize the short-term and long-term risks and costs that may result from hazardous waste management facilities. These criteria may vary by type of facilities and may consider natural site characteristics and engineered protection. Criteria may be established for:

(1) Geology;

(2) Surface and groundwater hydrology;

(3) Soils;

(4) Flooding;

(5) Climatic factors;

(6) Unique or endangered flora and fauna;

(7) Transportation routes;

(8) Site access;

(9) Buffer zones;

(10) Availability of utilities and public services;

(11) Compatibility with existing uses of land;

(12) Shorelines and wetlands;

(13) Sole-source aquifers;

(14) Natural hazards; and

(15) Other factors as determined by the department.

[1989 1st ex.s. c 13 § 2; 1985 c 448 § 5.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.215 Department to adopt rules for permits for hazardous substances treatment facilities. The legislature recognizes the need for new, modified, or expanded facilities to treat, incinerate, or otherwise process or dispose of hazardous substances safely. In order to encourage the development of such facilities, the department shall adopt rules as necessary regarding the permitting of such facilities to ensure the most expeditious permit processing possible consistent with the substantive requirements of applicable law. If owners and operators are not the same entity, the operator shall be the permit applicant and responsible for the development of the permit application and all accompanying materials, as long as the owner also signs the application and certifies its ownership of the real property described in the application, and acknowledges its awareness of the contents of the application and receipt of a copy thereof. [1986 c 210 § 3.]

70.105.220 Local governments to prepare local hazardous waste plans—Basis—Elements required. (1) Each local government, or combination of contiguous local governments, is directed to prepare a local hazardous waste plan which shall be based on state guidelines and include the following elements:

(a) A plan or program to manage moderate-risk wastes that are generated or otherwise present within the jurisdiction. This element shall include an assessment of the quantities, types, generators, and fate of moderate-risk wastes in the jurisdiction. The purpose of this element is to develop a system of managing moderate-risk waste, appropriate to each local area, to ensure protection of the environment and public health;

(b) A plan or program to provide for ongoing public involvement and public education in regard to the management of moderate-risk waste. This element shall provide information regarding:

(i) The potential hazards to human health and the environment resulting from improper use and disposal of the waste; and

(ii) Proper methods of handling, reducing, recycling, and disposing of the waste;

(c) An inventory of all existing generators of hazardous waste and facilities managing hazardous waste within the jurisdiction. This inventory shall be based on data provided by the department;

(d) A description of the public involvement process used in developing the plan;

(e) A description of the eligible zones designated in accordance with RCW 70.105.225. However, the requirement to designate eligible zones shall not be considered part of the local hazardous waste planning requirements; and

(f) Other elements as deemed appropriate by local government.

(2) To the maximum extent practicable, the local hazardous waste plan shall be coordinated with other hazardous materials-related plans and policies in the jurisdiction.

(3) Local governments shall coordinate with those persons involved in providing privately owned hazardous and moderate-risk waste facilities and services as follows: If a local government determines that a moderate-risk waste will be or is adequately managed by one or more privately owned facilities or services at a reasonable price, the local government shall take actions to encourage the use of that private facility or service. Actions taken by a local government under this subsection may include, but are not limited to, restricting or prohibiting the land disposal of a moderate-risk waste at any transfer station or land disposal facility within its jurisdiction.

(4)(a) The department shall prepare guidelines for the development of local hazardous waste plans. The guidelines shall be prepared in consultation with local governments and shall be completed by December 31, 1986. The guidelines shall include a list of substances identified as hazardous household substances.

(b) In preparing the guidelines under (a) of this subsection, the department shall review and assess information on pilot projects that have been conducted for moderate-risk waste management. The department shall encourage additional pilot projects as needed to provide information to improve and update the guidelines.

(5) The department shall consult with retailers, trade associations, public interest groups, and appropriate units of local government to encourage the development of voluntary public education programs on the proper handling of hazardous household substances.

(6) Local hazardous waste plans shall be completed and submitted to the department no later than June 30, 1990. Local governments may from time to time amend the local plan.

(7) Each local government, or combination of contiguous local governments, shall submit its local hazardous waste plan or amendments thereto to the department. The department shall approve or disapprove local hazardous waste

plans or amendments by December 31, 1990, or within ninety days of submission, whichever is later. The department shall approve a local hazardous waste plan if it determines that the plan is consistent with this chapter and the guidelines under subsection (4) of this section. If approval is denied, the department shall submit its objections to the local government within ninety days of submission. However, for plans submitted between January 1, 1990, and June 30, 1990, the department shall have one hundred eighty days to submit its objections. No local government is eligible for grants under RCW 70.105.235 for implementing a local hazardous waste plan unless the plan for that jurisdiction has been approved by the department.

(8) Each local government, or combination of contiguous local governments, shall implement the local hazardous waste plan for its jurisdiction by December 31, 1991.

(9) The department may waive the specific requirements of this section for any local government if such local government demonstrates to the satisfaction of the department that the objectives of the planning requirements have been met. [1992 c 17 § 1; 1986 c 210 § 1; 1985 c 448 § 6.]

Severability—1985 c 448: See note following RCW 70.105.005.

Used oil recycling element: RCW 70.951.020.

70.105.221 Local governments to prepare local hazardous waste plans—Used oil recycling element. Local governments and combinations of local governments shall amend their local hazardous waste plans required under RCW 70.105.220 to comply with RCW 70.951.020. [1991 c 319 § 312.]

Severability—Part headings not law—1991 c 319: See RCW 70.95F.900 and 70.95F.901.

70.105.225 Local governments to designate zones—Departmental guidelines—Approval of local government zone designations or amendments—Exemption. (1) Each local government, or combination of contiguous local governments, is directed to: (a) Demonstrate to the satisfaction of the department that existing zoning allows designated zone facilities as permitted uses; or (b) designate land use zones within its jurisdiction in which designated zone facilities are permitted uses. The zone designations shall be consistent with the state siting criteria adopted in accordance with RCW 70.105.210, except as may be approved by the department in accordance with subsection (6) of this section.

(2) Local governments shall not prohibit the processing or handling of hazardous waste in zones in which the processing or handling of hazardous substances is not prohibited. This subsection does not apply in residential zones.

(3) The department shall prepare guidelines, as appropriate, for the designation of zones under this section. The guidelines shall be prepared in consultation with local governments and shall be completed by December 31, 1986.

(4) The initial designation of zones shall be completed or revised, and submitted to the department within eighteen months after the enactment of siting criteria in accordance with RCW 70.105.210. Local governments that do not comply with this submittal deadline shall be subject to the preemptive provisions of RCW 70.105.240(4) until such time as zone designations are completed and approved by the

department. Local governments may from time to time amend their designated zones.

(5) Local governments without land use zoning provisions shall designate eligible geographic areas within their jurisdiction, based on siting criteria adopted in accordance with RCW 70.105.210. The area designation shall be subject to the same requirements as if they were zone designations.

(6) Each local government, or combination of contiguous local governments, shall submit its designation of zones or amendments thereto to the department. The department shall approve or disapprove zone designations or amendments within ninety days of submission. The department shall approve eligible zone designations if it determines that the proposed zone designations are consistent with this chapter, the applicable siting criteria, and guidelines for developing designated zones: PROVIDED, That the department shall consider local zoning in place as of January 1, 1985, or other special situations or conditions which may exist in the jurisdiction. If approval is denied, the department shall state within ninety days from the date of submission the facts upon which that decision is based and shall submit the statement to the local government together with any other comments or recommendations it deems appropriate. The local government shall have ninety days after it receives the statement from the department to make modifications designed to eliminate the inconsistencies and resubmit the designation to the department for approval. Any designations shall take effect when approved by the department.

(7) The department may exempt a local government from the requirements of this section if:

(a) Regulated quantities of hazardous waste have not been generated within the jurisdiction during the two calendar years immediately preceding the calendar year during which the exemption is requested; and

(b) The local government can demonstrate to the satisfaction of the department that no significant portion of land within the jurisdiction can meet the siting criteria adopted in accordance with RCW 70.105.210. [1989 1st ex.s. c 13 § 1; 1985 c 448 § 7.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.230 Local governments to submit letter of intent to identify or designate zones and submit management plans—Department to prepare plan in event of failure to act. (1) Each local government is directed to submit to the director of the department by October 31, 1987, a letter of intent stating that it intends to (a) identify, or designate if necessary, eligible zones for designated zone facilities no later than June 30, 1988, and (b) submit a complete local hazardous waste management plan to the department no later than June 30, 1990. The letters shall also indicate whether these requirements will be completed in conjunction with other local governments.

(2) If any local government fails to submit a letter as provided in subsection (1)(b) of this section, or fails to adopt a local hazardous waste plan for its jurisdiction in accordance with the time schedule provided in this chapter, or fails to secure approval from the department for its local hazardous waste plan in accordance with the time schedule provided in this chapter, the department shall prepare a

hazardous waste plan for the local jurisdiction. [1985 c 448 § 8.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.235 Grants to local governments for plan preparation, implementation, and designation of zones—Matching funds—Qualifications. (1) Subject to legislative appropriations, the department may make and administer grants to local governments for (a) preparing and updating local hazardous waste plans, (b) implementing approved local hazardous waste plans, and (c) designating eligible zones for designated zone facilities as required under this chapter.

(2) Local governments shall match the funds provided by the department for planning or designating zones with an amount not less than twenty-five percent of the estimated cost of the work to be performed. Local governments may meet their share of costs with cash or contributed services. Local governments, or combination of contiguous local governments, conducting pilot projects pursuant to RCW 70.105.220(4) may subtract the cost of those pilot projects conducted for hazardous household substances from their share of the cost. If a pilot project has been conducted for all moderate-risk wastes, only the portion of the cost that applies to hazardous household substances shall be subtracted. The matching funds requirement under this subsection shall be waived for local governments, or combination of contiguous local governments, that complete and submit their local hazardous waste plans under RCW 70.105.220(6) prior to June 30, 1988.

(3) Recipients of grants shall meet such qualifications and follow such procedures in applying for and using grants as may be established by the department. [1986 c 210 § 2; 1985 c 448 § 9.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.240 State preemption—Department sole authority—Local requirements superseded—State authority over designated zone facilities. (1) As of July 28, 1985, the state preempts the field of state, regional, or local permitting and regulating of all preempted facilities as defined in this chapter. The department of ecology is designated the sole decision-making authority with respect to permitting and regulating such facilities and no other state agency, department, division, bureau, commission, or board, or any local or regional political subdivision of the state, shall have any permitting or regulatory authority with respect to such facilities including, but not limited to, the location, construction, and operation of such facilities. Permits issued by the department shall be in lieu of any and all permits, approvals, certifications, or conditions of any other state, regional, or local governmental authority which would otherwise apply.

(2) The department shall ensure that any permits issued under this chapter invoking the preemption authority of this section meet the substantive requirements of existing state laws and regulations to the extent such laws and regulations are not inconsistent or in conflict with any of the provisions of this chapter. In the event that any of the provisions of this chapter, or any of the regulations promulgated hereunder, are in conflict with any other state law or regulations,

such other law or regulations shall be deemed superseded for purposes of this chapter.

(3) As of July 28, 1985, any ordinances, regulations, requirements, or restrictions of regional or local governmental authorities regarding the location, construction, or operation of preempted facilities shall be deemed superseded. However, in issuing permits under this section, the department shall consider local fire and building codes and condition such permits as appropriate in compliance therewith.

(4) Effective July 1, 1988, the department shall have the same preemptive authority as defined in subsections (1) through (3) of this section in regard to any designated zone facility that may be proposed in any jurisdiction where the designation of eligible zones pursuant to RCW 70.105.225 has not been completed and approved by the department. Unless otherwise preempted by this subsection, designated zone facilities shall be subject to all applicable state and local laws, regulations, plans, and other requirements. [1985 c 448 § 10.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.245 Department may require notice of intent for management facility permit. The department may adopt rules to require any person who intends to file an application for a permit for a hazardous waste management facility to file a notice of intent with the department prior to submitting the application. [1985 c 448 § 11.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.250 Appeals to pollution control hearings board. Any disputes between the department and the governing bodies of local governments in regard to the local planning requirements under RCW 70.105.220 and the designation of zones under RCW 70.105.225 may be appealed by the department or the governing body of the local government to the pollution control hearings board established under chapter 43.21B RCW. 70.105.260 Department to assist conflict resolution activities related to siting facilities—Agreements may constitute conditions for permit. (1) In order to promote identification, discussion, negotiation, and resolution of issues related to siting of hazardous waste management facilities, the department:

(a) Shall compile and maintain information on the use and availability of conflict resolution techniques and make this information available to industries, state and local government officials, and other citizens;

(b) Shall encourage and assist in facilitating conflict resolution activities, as appropriate, between facility proponents, host communities, and other interested persons;

(c) May adopt rules specifying procedures for facility proponents, host communities, and citizens to follow in providing opportunities for conflict resolution activities, including the use of dispute resolution centers established pursuant to chapter 7.75 RCW; and

(d) May expend funds to support such conflict resolution activities, and may adopt rules as appropriate to govern the support.

(2) Any agreements reached under the processes described in subsection (1) of this section and deemed valid by the department may be written as conditions binding on a permit issued under this chapter. [1985 c 448 § 14.]

70.105.280 Service charges. (1) The department may assess reasonable service charges against those facilities that store, treat, incinerate, or dispose of dangerous or extremely hazardous waste that contains both a nonradioactive hazardous component and a radioactive component or which are undergoing closure under this chapter in those instances where closure entails the physical characterization of remaining wastes which contain both a nonradioactive hazardous component and a radioactive component or the management of such wastes through treatment or removal, except any commercial low-level radioactive waste facility. Service charges may not exceed the costs to the department in carrying out the duties of this section.

(2) Program elements or activities for which service charges may be assessed include:

(a) Office, staff, and staff support for the purposes of facility or unit permit development, review, and issuance; and

(b) Actions taken to determine and ensure compliance with the state's hazardous waste management act.

(3) Moneys collected through the imposition of such service charges shall be deposited in the state toxics control account.

(4) The department shall adopt rules necessary to implement this section. Facilities that store, treat, incinerate, or dispose of dangerous or extremely hazardous waste that contains both a nonradioactive hazardous component and a radioactive component shall not be subject to service charges prior to such rule making. Facilities undergoing closure under this chapter in those instances where closure entails the physical characterization of remaining wastes which contain both a nonradioactive hazardous component and a radioactive component or the management of such wastes through treatment or removal shall not be subject to service charges prior to such rule making. Hazardous waste management: Chapter 70.105 RCW.

70.105A.035 Revision of fees to provide a waste reduction and recycling incentive. The legislature is encouraged to revise the hazardous waste fees prescribed in *RCW 70.105A.030 in a manner which provides an incentive for waste reduction and recycling. If prior to March 1, 1989, *RCW 70.105A.030 as it existed on August 1, 1987, has not been amended in a manner which specifically provides an incentive for hazardous waste reduction and recycling, then (1) the requirement to pay the fees prescribed in that section is eliminated solely for fees due and payable on June 30, 1989; and (2) the department of ecology shall prepare, and submit to the legislature by January 1, 1990, a proposed revision designed to provide an incentive for hazardous waste reduction and recycling. [1989 c 2 § 16 (Initiative Measure No. 97, approved November 8, 1988).]

70.105D.010 Declaration of policy. (1) Each person has a fundamental and inalienable right to a healthful environment, and each person has a responsibility to preserve and enhance that right. The beneficial stewardship of the land, air, and waters of the state is a solemn obligation of the present generation for the benefit of future generations.

(2) A healthful environment is now threatened by the irresponsible use and disposal of hazardous substances. There are hundreds of hazardous waste sites in this state, and

more will be created if current waste practices continue. Hazardous waste sites threaten the state's water resources, including those used for public drinking water. Many of our municipal landfills are current or potential hazardous waste sites and present serious threats to human health and environment. The costs of eliminating these threats in many cases are beyond the financial means of our local governments and ratepayers. The main purpose of *this act is to raise sufficient funds to clean up all hazardous waste sites and to prevent the creation of future hazards due to improper disposal of toxic wastes into the state's land and waters.

(3) Many farmers and small business owners who have followed the law with respect to their uses of pesticides and other chemicals nonetheless may face devastating economic consequences because their uses have contaminated the environment or the water supplies of their neighbors. With a source of funds, the state may assist these farmers and business owners, as well as those persons who sustain damages, such as the loss of their drinking water supplies, as a result of the contamination.

(4) Because it is often difficult or impossible to allocate responsibility among persons liable for hazardous waste sites and because it is essential that sites be cleaned up well and expeditiously, each responsible person should be liable jointly and severally. [1989 c 2 § 1 (Initiative Measure No. 97, approved November 8, 1988).]

*Reviser's note: For codification of "this act" [1989 c 2], see Codification Tables, Volume 0.

(d) Petroleum or petroleum products; and

(e) Any substance or category of substances, including solid waste decomposition products, determined by the director by rule to present a threat to human health or the environment if released into the environment.

(6) "Owner or operator" means:

(a) Any person with any ownership interest in the facility or who exercises any control over the facility; or

(b) In the case of an abandoned facility, any person who had owned, or operated, or exercised control over the facility any time before its abandonment;

The term does not include:

(i) An agency of the state or unit of local government which acquired ownership or control involuntarily through bankruptcy, tax delinquency, abandonment, or circumstances in which the government involuntarily acquires title. This exclusion does not apply to an agency of the state or unit of local government which has caused or contributed to the release or threatened release of a hazardous substance from the facility; or

(ii) A person who, without participating in the management of a facility, holds indicia of ownership primarily to protect the person's security interest in the facility.

(11) "Remedy" or "remedial action" means any action or expenditure consistent with the purposes of this chapter to identify, eliminate, or minimize any threat or potential threat posed by hazardous substances to human health or the environment including any investigative and monitoring activities with respect to any release or threatened release of a hazardous substance and any health assessments or health effects studies conducted in order to determine the risk or potential risk to human health. [1989 c 2 § 2 (Initiative Measure No. 97, approved November 8, 1988).]

70.105D.030 Department's powers and duties. (1)

The department may exercise the following powers in addition to any other powers granted by law:

(a) Investigate, provide for investigating, or require potentially liable persons to investigate any releases or threatened releases of hazardous substances, including but

not limited to inspecting, sampling, or testing to determine the nature or extent of any release or threatened release. If there is a reasonable basis to believe that a release or threatened release of a hazardous substance may exist, the department's authorized employees, agents, or contractors may enter upon any property and conduct investigations. The department shall give reasonable notice before entering property unless an emergency prevents such notice. The department may by subpoena require the attendance or testimony of witnesses and the production of documents or other information that the department deems necessary;

(b) Conduct, provide for conducting, or require potentially liable persons to conduct remedial actions (including investigations under (a) of this subsection) to remedy releases or threatened releases of hazardous substances. In carrying out such powers, the department's authorized employees, agents, or contractors may enter upon property. The department shall give reasonable notice before entering property unless an emergency prevents such notice. In conducting, providing for, or requiring remedial action, the department shall give preference to permanent solutions to the maximum extent practicable and shall provide for or require adequate monitoring to ensure the effectiveness of the remedial action;

(c) Indemnify contractors retained by the department for carrying out investigations and remedial actions, but not for any contractor's reckless or wilful misconduct;

(d) Carry out all state programs authorized under the federal cleanup law and the federal resource, conservation, and recovery act, 42 U.S.C. Sec. 6901 et seq., as amended;

(e) Classify substances as hazardous substances for purposes of RCW 70.105D.020(5) and classify substances and products as hazardous substances for purposes of RCW 82.21.020(1); and

(f) Take any other actions necessary to carry out the provisions of this chapter, including the power to adopt rules under chapter 34.05 RCW.

(2) The department shall immediately implement all provisions of this chapter to the maximum extent practicable, including investigative and remedial actions where appropriate. The department, within nine months after March 1, 1989, shall adopt, and thereafter enforce, rules under chapter 34.05 RCW to:

(a) Provide for public participation, including at least (i) the establishment of regional citizen's advisory committees, (ii) public notice of the development of investigative plans or remedial plans for releases or threatened releases, and (iii) concurrent public notice of all compliance orders, enforcement orders, or notices of violation;

(b) Establish a hazard ranking system for hazardous waste sites;

(c) Establish reasonable deadlines not to exceed ninety days for initiating an investigation of a hazardous waste site after the department receives information that the site may pose a threat to human health or the environment and other reasonable deadlines for remedying releases or threatened releases at the site; and

(d) Publish and periodically update minimum cleanup standards for remedial actions at least as stringent as the cleanup standards under section 121 of the federal cleanup law, 42 U.S.C. Sec. 9621, and at least as stringent as all

applicable state and federal laws, including health-based standards under state and federal law.

(3) Before November 1st of each even-numbered year, the department shall develop, with public notice and hearing, and submit to the ways and means and appropriate standing environmental committees of the senate and house of representatives a ranked list of projects and expenditures recommended for appropriation from both the state and local toxics control accounts. The department shall also provide the legislature and the public each year with an accounting of the department's activities supported by appropriations from the state toxics control account, including a list of known hazardous waste sites and their hazard rankings, actions taken and planned at each site, how the department is meeting its top two management priorities under RCW 70.105.150, and all funds expended under this chapter.

(4) The department shall establish a scientific advisory board to render advice to the department with respect to the hazard ranking system, cleanup standards, remedial actions, deadlines for remedial actions, monitoring, the classification of substances as hazardous substances for purposes of RCW 70.105D.020(5) and the classification of substances or products as hazardous substances for purposes of RCW 82.21.020(1). The board shall consist of five independent members to serve staggered three-year terms. No members may be employees of the department. Members shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(5) The department shall establish a program to identify potential hazardous waste sites and to encourage persons to provide information about hazardous waste sites. [1989 c 2 § 3 (Initiative Measure No. 97, approved November 8, 1988).]

70.105D.040 Standard of liability. (1) Except as provided in subsection (3) of this section, the following persons are liable with respect to a facility:

- (a) The owner or operator of the facility;
- (b) Any person who owned or operated the facility at the time of disposal or release of the hazardous substances;
- (c) Any person who owned or possessed a hazardous substance and who by contract, agreement, or otherwise arranged for disposal or treatment of the hazardous substance at the facility, or arranged with a transporter for transport for disposal or treatment of the hazardous substances at the facility, or otherwise generated hazardous wastes disposed of or treated at the facility;
- (d) Any person (i) who accepts or accepted any hazardous substance for transport to a disposal, treatment, or other facility selected by such person from which there is a release or a threatened release for which remedial action is required, unless such facility, at the time of disposal or treatment, could legally receive such substance; or (ii) who accepts a hazardous substance for transport to such a facility and has reasonable grounds to believe that such facility is not operated in accordance with chapter 70.105 RCW; and
- (e) Any person who both sells a hazardous substance and is responsible for written instructions for its use if (i) the substance is used according to the instructions and (ii) the use constitutes a release for which remedial action is required at the facility.

(2) Each person who is liable under this section is strictly liable, jointly and severally, for all remedial action costs and for all natural resource damages resulting from the releases or threatened releases of hazardous substances. The attorney general, at the request of the department, is empowered to recover all costs and damages from persons liable therefor.

(3) The following persons are not liable under this section:

(a) Any person who can establish that the release or threatened release of a hazardous substance for which the person would be otherwise responsible was caused solely by:

- (i) An act of God;
- (ii) An act of war; or
- (iii) An act or omission of a third party (including but not limited to a trespasser) other than (A) an employee or agent of the person asserting the defense, or (B) any person whose act or omission occurs in connection with a contractual relationship existing, directly or indirectly, with the person asserting this defense to liability. This defense only applies where the person asserting the defense has exercised the utmost care with respect to the hazardous substance, the foreseeable acts or omissions of the third party, and the foreseeable consequences of those acts or omissions;

(b) Any person who is an owner, past owner, or purchaser of a facility and who can establish by a preponderance of the evidence that at the time the facility was acquired by the person, the person had no knowledge or reason to know that any hazardous substance, the release or threatened release of which has resulted in or contributed to the need for the remedial action, was released or disposed of on, in, or at the facility. This subsection (b) is limited as follows:

(i) To establish that a person had no reason to know, the person must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property, consistent with good commercial or customary practice in an effort to minimize liability. Any court interpreting this subsection (b) shall take into account any specialized knowledge or experience on the part of the person, the relationship of the purchase price to the value of the property if uncontaminated, commonly known or reasonably ascertainable information about the property, the obviousness of the presence or likely presence of contamination at the property, and the ability to detect such contamination by appropriate inspection;

(ii) The defense contained in this subsection (b) is not available to any person who had actual knowledge of the release or threatened release of a hazardous substance when the person owned the real property and who subsequently transferred ownership of the property without first disclosing such knowledge to the transferee;

(iii) The defense contained in this subsection (b) is not available to any person who, by any act or omission, caused or contributed to the release or threatened release of a hazardous substance at the facility;

(c) Any natural person who uses a hazardous substance lawfully and without negligence for any personal or domestic purpose in or near a dwelling or accessory structure when that person is: (i) A resident of the dwelling; (ii) a person who, without compensation, assists the resident in the use of

the substance; or (iii) a person who is employed by the resident, but who is not an independent contractor;

(d) Any person who, for the purpose of growing food crops, applies pesticides or fertilizers without negligence and in accordance with all applicable laws and regulations.

(4) There may be no settlement by the state with any person potentially liable under this chapter except in accordance with this subsection.

(a) The attorney general may agree to a settlement with any potentially liable person only if the department finds, after public notice and hearing, that the proposed settlement would lead to a more expeditious cleanup of hazardous substances in compliance with cleanup standards under RCW 70.105D.030(2)(d) and with any remedial orders issued by the department. Whenever practicable and in the public interest, the attorney general may expedite such a settlement with persons whose contribution is insignificant in amount and toxicity.

(b) A settlement agreement under this subsection shall be entered as a consent decree issued by a court of competent jurisdiction.

(c) A settlement agreement may contain a covenant not to sue only of a scope commensurate with the settlement agreement in favor of any person with whom the attorney general has settled under this section. Any covenant not to sue shall contain a reopener clause which requires the court to amend the covenant not to sue if factors not known at the time of entry of the settlement agreement are discovered and present a previously unknown threat to human health or the environment.

(d) A party who has resolved its liability to the state under this subsection shall not be liable for claims for contribution regarding matters addressed in the settlement. The settlement does not discharge any of the other liable parties but it reduces the total potential liability of the others to the state by the amount of the settlement.

(5) Nothing in this chapter affects or modifies in any way any person's right to seek or obtain relief under other statutes or under common law, including but not limited to damages for injury or loss resulting from a release or threatened release of a hazardous substance. No settlement by the department or remedial action ordered by a court or the department affects any person's right to obtain a remedy under common law or other statutes. [1989 c 2 § 4 (Initiative Measure No. 97, approved November 8, 1988).]

70.105D.050 Enforcement. (1) With respect to any release, or threatened release, for which the department does not conduct or contract for conducting remedial action and for which the department believes remedial action is in the public interest, the director shall issue orders requiring potentially liable persons to provide the remedial action. Any liable person who refuses, without sufficient cause, to comply with an order of the director is liable in an action brought by the attorney general for:

(a) Up to three times the amount of any costs incurred by the state as a result of the party's refusal to comply; and

(b) A civil penalty of up to twenty-five thousand dollars for each day the party refuses to comply. The treble damages and civil penalty under this subsection apply to all recovery actions filed on or after March 1, 1989.

(2) Any person who incurs costs complying with an order issued under subsection (1) of this section may petition the department for reimbursement of those costs. If the department refuses to grant reimbursement, the person may within thirty days thereafter file suit and recover costs by proving that he or she was not a liable person under RCW 70.105D.040 and that the costs incurred were reasonable.

(3) The attorney general shall seek, by filing an action if necessary, to recover the amounts spent by the department for investigative and remedial actions and orders, including amounts spent prior to March 1, 1989.

(4) The attorney general may bring an action to secure such relief as is necessary to protect human health and the environment under this chapter.

(5)(a) Any person may commence a civil action to compel the department to perform any nondiscretionary duty under this chapter. At least thirty days before commencing the action, the person must give notice of intent to sue, unless a substantial endangerment exists. The court may award attorneys' fees and other costs to the prevailing party in the action.

(b) Civil actions under this section and RCW 70.105D.060 may be brought in the superior court of Thurston county or of the county in which the release or threatened release exists. [1989 c 2 § 5 (Initiative Measure No. 97, approved November 8, 1988).]

70.105D.060 Timing of review. The department's investigative and remedial decisions under RCW 70.105D.030 and 70.105D.050 and its decisions regarding liable persons under RCW 70.105D.020(8) and 70.105D.040 shall be reviewable exclusively in superior court and only at the following times: (1) In a cost recovery suit under RCW 70.105D.050(3); (2) in a suit by the department to enforce an order or seek a civil penalty under this chapter; (3) in a suit for reimbursement under RCW 70.105D.050(2); (4) in a suit by the department to compel investigative or remedial action; and (5) in a citizen's suit under RCW 70.105D.050(5). The court shall uphold the department's actions unless they were arbitrary and capricious. [1989 c 2 § 6 (Initiative Measure No. 97, approved November 8, 1988).]

70.105D.070 Toxics control accounts. (1) The state toxics control account and the local toxics control account are hereby created in the state treasury.

(2) The following moneys shall be deposited into the state toxics control account: (a) Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-three one-hundredths of one percent; (b) the costs of remedial actions recovered under this chapter or chapter 70.105A RCW; (c) penalties collected or recovered under this chapter; and (d) any other money appropriated or transferred to the account by the legislature. Moneys in the account may be used only to carry out the purposes of this chapter, including but not limited to the following activities:

(i) The state's responsibility for hazardous waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.105 RCW;

(ii) The state's responsibility for solid waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.95 RCW;

(iii) The hazardous waste cleanup program required under this chapter;

(iv) State matching funds required under the federal cleanup law;

(v) Financial assistance for local programs in accordance with RCW 70.95.130, 70.95.140, 70.95.220, 70.95.230, 70.95.530, 70.105.220, 70.105.225, 70.105.235, and 70.105.260;

(vi) State government programs for the safe reduction, recycling, or disposal of hazardous wastes from households, small businesses, and agriculture;

(vii) Hazardous materials emergency response training;

(viii) Water and environmental health protection and monitoring programs;

(ix) Programs authorized under chapter 70.146 RCW;

(x) A public participation program, including regional citizen advisory committees;

(xi) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with cleanup standards under RCW 70.105D.030(2)(d) but only when the amount and terms of such funding are established under a settlement agreement under RCW 70.105D.040(4) and when the director has found that the funding will achieve both (A) a substantially more expeditious or enhanced cleanup than would otherwise occur, and (B) the prevention or mitigation of unfair economic hardship; and

(xii) Development and demonstration of alternative management technologies designed to carry out the top two hazardous waste management priorities of RCW 70.105.150.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent. Moneys deposited in the local toxics control account shall be used by the department for grants to local governments for the following purposes in descending order of priority: (a) Remedial actions; (b) hazardous waste plans and programs under RCW 70.105.220, 70.105.225, 70.105.235, and 70.105.260; and (c) solid waste plans and programs under RCW 70.95.130, 70.95.140, 70.95.220, and 70.95.230. Funds for plans and programs shall be allocated consistent with the priorities and matching requirements established in chapters 70.105 and 70.95 RCW.

(4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(5) One percent of the moneys deposited into the state and local toxics control accounts shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed fifty thousand dollars though it may be renewed

annually. Moneys appropriated for public participation from either account which are not expended at the close of any biennium shall revert to the state toxics control account.

(6) No moneys deposited into either the state or local toxics control account may be used for solid waste incinerator feasibility studies, construction, maintenance, or operation.

(7) The department shall adopt rules for grant issuance and performance. [1991 sp.s. c 13 § 69; 1989 c 2 § 7 (Initiative Measure No. 97, approved November 8, 1988).]

70.105D.920 Effective date—1989 c 2. (1) Sections 1 through 24 of this act shall take effect March 1, 1989, except that the director of ecology and the director of revenue may take whatever actions may be necessary to ensure that sections 1 through 24 of this act are implemented on their effective date.

* (2) This section does not apply and shall have no force or effect if (a) this act is passed by the legislature in the 1988 regular session or (b) no bill is enacted by the legislature involving hazardous substance cleanup (along with any other subject matter) between August 15, 1987, and January 1, 1988. [1989 c 2 § 26 (Initiative Measure No. 97, approved November 8, 1988).]

tial personal injury or substantial illness during or as a proximate result of any customary or reasonably foreseeable handling or use, including reasonably foreseeable ingestion by children; (b) any substances which the director by regulation finds to meet the requirements of subsection (1)(a) of this section; (c) any radioactive substance, if, with respect to such substance as used in a particular class of article or as packaged, the director determines by regulation that the substance is sufficiently hazardous to require labeling in accordance with this chapter in order to protect the public health, safety or welfare; and (d) any toy or other article intended for use by children which the director by regulation determines presents an electrical, mechanical or thermal hazard.

(2) A pesticide as defined in the Washington Pesticide Control Act, chapter 15.58 RCW as now or hereafter amended;

"Package" means the immediate container or wrapping in which any household substance is contained for consumption, use, or storage by individuals in or about the household, and, for purposes of RCW 70.106.110(1)(b), also means any outer container or wrapping used in the retail display of any such substance to consumers. Such term does not include:

(1) Any shipping container or wrapping used solely for the transportation of any household substance in bulk or in quantity to manufacturers, packers, or processors, or to wholesale or retail distributors thereof; or

(2) Any shipping container or outer wrapping used by retailers to ship or deliver any household substance to consumers unless it is the only such container or wrapping. [1974 ex.s. c 49 § 7.]

70.106.080 "Special packaging" defined. "Special packaging" means packaging that is designed or constructed to be significantly difficult for children under five years of age to open or obtain a toxic or harmful amount of the substance contained therein within a reasonable time and not difficult for normal adults to use properly, but does not mean packaging which all such children cannot open or obtain a toxic or harmful amount within a reasonable time. [1974 ex.s. c 49 § 8.]

70.106.090 "Labeling" defined. "Labeling" means all labels and other written, printed, or graphic matter upon any household substance or its package, or accompanying such substance. [1974 ex.s. c 49 § 9.]

70.106.100 Standards for packaging. (1) The director may establish in accordance with the provisions of this chapter, by regulation, standards for the special packaging of any household substance if he finds that:

(a) The degree or nature of the hazard to children in the availability of such substance, by reason of its packaging is such that special packaging is required to protect children from serious personal injury or serious illness resulting from handling, using or ingesting such substance; and

(b) The special packaging to be required by such standard is technically feasible, practicable, and appropriate for such substance.

(2) In establishing a standard under this section, the director shall consider:

(a) The reasonableness of such standard;

(b) Available scientific, medical, and engineering data concerning special packaging and concerning childhood accidental ingestions, illness, and injury caused by household substances;

(c) The manufacturing practices of industries affected by this chapter; and

(d) The nature and use of the household substance.

(3) In carrying out the provisions of this chapter, the director shall publish his findings, his reasons therefor, and citation of the sections of statutes which authorize his action.

(4) Nothing in this chapter authorizes the director to prescribe specific packaging designs, product content, package quantity, or, with the exception of authority granted in RCW 70.106.110(1)(b), labeling. In the case of a household substance for which special packaging is required pursuant to a regulation under this section, the director may in such regulation prohibit the packaging of such substance in packages which he determines are unnecessarily attractive to children.

(5) The director shall cause the regulations promulgated under this chapter to conform with the requirements or exemptions of the Federal Hazardous Substances Act and with the regulations or interpretations promulgated pursuant thereto. [1974 ex.s. c 49 § 10.]

70.106.110 Exceptions from packaging standards.

(1) For the purpose of making any household substance which is subject to a standard established under RCW 70.106.100 readily available to elderly or handicapped persons unable to use such substance when packaged in compliance with such standard, the manufacturer or packer, as the case may be, may package any household substance, subject to such a standard, in packaging of a single size which does not comply with such standard if:

(a) The manufacturer or packer also supplies such substance in packages which comply with such standard; and

(b) The packages of such substance which do not meet such standard bear conspicuous labeling stating: "This package for households without young children"; except that the director may by regulation prescribe a substitute statement to the same effect for packaging too small to accommodate such labeling.

(2) In the case of a household substance which is subject to such a standard and which is dispensed pursuant to an order of a physician, dentist, or other licensed medical practitioner authorized to prescribe, such substance may be

dispensed in noncomplying packages only when directed in such order or when requested by the purchaser.

(3) In the case of a household substance subject to such a standard which is packaged under subsection (1) of this section in a noncomplying package, if the director determines that such substance is not also being supplied by a manufacturer or packer in popular size packages which comply with such standard, he may, after giving the manufacturer or packer an opportunity to comply with the purposes of this chapter, by order require such substance to be packaged by such manufacturer or packer exclusively in special packaging complying with such standard if he finds, after opportunity for hearing, that such exclusive use of special packaging is necessary to accomplish the purposes of this chapter. [1974 ex.s. c 49 § 11.]

70.106.120 Adoption of rules and regulations under federal poison prevention packaging act.

One of the purposes of this chapter is to promote uniformity with the Poison Prevention Packaging Act of 1970 and rules and regulations adopted thereunder. In accordance with such declared purpose, all of the special packaging rules and regulations adopted under the Poison Prevention Packaging Act of 1970 (84 Stat. 1670; 7 U.S.C. Sec. 135; 15 U.S.C. Sec. 1261, 1471-1476; 21 U.S.C. Sec. 343, 352, 353, 362) on July 24, 1974, are hereby adopted as rules and regulations applicable to this chapter. In addition, any rule or regulation adopted hereafter under said Federal Poison Prevention Act of 1970 concerning special packaging and published in the federal register shall be deemed to have been adopted under the provisions of this chapter. The director may, however, within thirty days of the publication of the adoption of any such rule or regulation under the Federal Poison Prevention Packaging Act of 1970, give public notice that a hearing will be held to determine if such regulations shall not be applicable under the provisions of this chapter. Such hearing shall be conducted in accord with the provisions of chapter 34.05 RCW, Administrative Procedure Act, as now enacted or hereafter amended. [1974 ex.s. c 49 § 12.]

70.106.140 Penalties. Any person violating the provisions of this chapter or rules adopted hereunder is guilty of a misdemeanor and is guilty of a gross misdemeanor or for any subsequent offense, however, any offense committed more than five years after a previous conviction shall be considered a first offense. [1974 ex.s. c 49 § 16.]

70.106.150 Authority to adopt regulations—Delegation of authority to board of pharmacy.

The authority to promulgate regulations for the efficient enforcement of this chapter is hereby vested in the director. However, the director shall designate the Washington state board of pharmacy to carry out all the provisions of this chapter pertaining to drugs and cosmetics, with authority to promulgate regulations for the efficient enforcement thereof. [1987 c 236 § 1.]

70.106.900 Severability—1974 ex.s. c 49. If any provision of this 1974 act is declared unconstitutional, or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of the act and

the applicability thereof to other persons and circumstances shall not be affected thereby. [1974 ex.s. c 49 § 14.]

70.106.905 Saving—1974 ex.s. c 49. The enactment of this 1974 act shall not have the effect of terminating, or in any way modifying any liability, civil or criminal, which shall already be in existence on July 24, 1974. [1974 ex.s. c 49 § 15.]

70.106.910 Chapter cumulative and nonexclusive. The provisions of this chapter shall be cumulative and nonexclusive and shall not affect any other remedy. [1974 ex.s. c 49 § 17.]

70.107.910	Short title.

70.107.010 Purpose. The legislature finds that inadequately controlled noise adversely affects the health, safety and welfare of the people, the value of property, and the quality of the environment. Antinoise measures of the past have not adequately protected against the invasion of these interests by noise. There is a need, therefore, for an expansion of efforts state-wide directed toward the abatement and control of noise, considering the social and economic impact upon the community and the state. The purpose of this chapter is to provide authority for such an expansion of efforts, supplementing existing programs in the field. [1974 ex.s. c 183 § 1.]

70.107.020 Definitions. As used in this chapter, unless the context clearly indicates otherwise:

- (1) "Department" means the department of ecology.
- (2) "Director" means director of the department of ecology.
- (3) "Local government" means county or city government or any combination of the two.
- (4) "Noise" means the intensity, duration and character of sounds from any and all sources.
- (5) "Person" means any individual, corporation, partnership, association, governmental body, state, or other entity whatsoever. [1974 ex.s. c 183 § 2.]

70.107.030 Powers and duties of department. The department is empowered as follows:

- (1) The department, after consultation with state agencies expressing an interest therein, shall adopt, by rule, maximum noise levels permissible in identified environments in order to protect against adverse affects of noise on the

health, safety and welfare of the people, the value of property, and the quality of environment: PROVIDED, That in so doing the department shall take also into account the economic and practical benefits to be derived from the use of various products in each such environment, whether the source of the noise or the use of such products in each environment is permanent or temporary in nature, and the state of technology relative to the control of noise generated by all such sources of the noise or the products.

(2) At any time after the adoption of maximum noise levels under subsection (1) of this section the department shall, in consultation with state agencies and local governments expressing an interest therein, adopt rules, consistent with the Federal Noise Control Act of 1972 (86 Stat. 1234; 42 U.S.C. Sec. 4901-4918 and 49 U.S.C. Sec. 1431), for noise abatement and control in the state designed to achieve compliance with the noise level adopted in subsection (1) of this section, including reasonable implementation schedules where appropriate, to insure that the maximum noise levels are not exceeded and that application of the best practicable noise control technology and practice is provided. These rules may include, but shall not be limited to:

- (a) Performance standards setting allowable noise limits for the operation of products which produce noise;
- (b) Use standards regulating, as to time and place, the operation of individual products which produce noise above specified levels considering frequency spectrum and duration: PROVIDED, The rules shall provide for temporarily exceeding those standards for stated purposes; and
- (c) Public information requirements dealing with disclosure of levels and characteristics of noise produced by products.

(3) The department may, as desirable in the performance of its duties under this chapter, conduct surveys, studies and public education programs, and enter into contracts.

(4) The department is authorized to apply for and accept moneys from the federal government and other sources to assist in the implementation of this chapter.

(5) The legislature recognizes that the operation of motor vehicles on public highways as defined in RCW 46.09.020 contributes significantly to environmental noise levels and directs the department, in exercising the rule-making authority under the provisions of this section, to give first priority to the adoption of motor vehicle noise performance standards.

(6) Noise levels and rules adopted by the department pursuant to this chapter shall not be effective prior to March 31, 1975. [1974 ex.s. c 183 § 3.]

70.107.040 Technical advisory committee. The director shall name a technical advisory committee to assist the department in the implementation of this chapter. Committee members shall be entitled to reimbursement for travel expenses as provided in RCW 43.03.050 and 43.03.060, as now existing or hereafter amended. [1975-'76 2nd ex.s. c 34 § 164; 1974 ex.s. c 183 § 4.]

Effective date—Severability—1975-'76 2nd ex.s. c 34: See notes following RCW 2.08.115.

70.107.050 Civil penalties. (1) Any person who violates any rule adopted by the department under this

chapter shall be subject to a civil penalty not to exceed one hundred dollars imposed by local government pursuant to this section. An action under this section shall not preclude enforcement of any provisions of the local government noise ordinance.

Penalties shall become due and payable thirty days from the date of receipt of a notice of penalty unless within such time said notice is appealed in accordance with the administrative procedures of the local government, or if it has no such administrative appeal, to the pollution control hearings board pursuant to the provisions of chapter 43.21B RCW and procedural rules adopted thereunder. In cases in which appeals are timely filed, penalties sustained by the local administrative agency or the pollution control hearings board shall become due and payable on the issuance of said agency or board's final order in the appeal.

(2) Whenever penalties incurred pursuant to this section have become due and payable but remain unpaid, the attorney for the local government may bring an action in the superior court of the county in which the violation occurred for recovery of penalties incurred. In all such actions the procedures and rules of evidence shall be the same as in any other civil action. [1987 c 103 § 2; 1974 ex.s. c 183 § 5.]

70.107.060 Other rights, remedies, powers, duties and functions—Local regulation—Approval—Procedure.

(1) Nothing in this chapter shall be construed to deny, abridge or alter alternative rights of action or remedies in equity or under common law or statutory law, criminal or civil.

(2) Nothing in this chapter shall deny, abridge or alter any powers, duties and functions relating to noise abatement and control now or hereafter vested in any state agency, nor shall this chapter be construed as granting jurisdiction over the industrial safety and health of employees in work places of the state, as now or hereafter vested in the department of labor and industries.

(3) Standards and other control measures adopted by the department under this chapter shall be exclusive except as hereinafter provided. A local government may impose limits or control sources differing from those adopted or controlled by the department upon a finding that such requirements are necessitated by special conditions. Noise limiting requirements of local government which differ from those adopted or controlled by the department shall be invalid unless first approved by the department. If the department of ecology fails to approve or disapprove standards submitted by local governmental jurisdictions within ninety days of submittal, such standards shall be deemed approved. If disapproved, the local government may appeal the decision to the pollution control hearings board which shall decide the appeal on the basis of the provisions of this chapter, and the applicable regulations, together with such briefs, testimony, and oral argument as the hearings board in its discretion may require. The department determination of whether to grant approval shall depend on the reasonableness and practicability of compliance. Particular attention shall be given to stationary sources located near jurisdictional boundaries, and temporary noise producing operations which may operate across one or more jurisdictional boundaries.

(4) In carrying out the rule-making authority provided in this chapter, the department shall follow the procedures of the administrative procedure act, chapter 34.05 RCW, and shall take care that no rules adopted purport to exercise any powers preempted by the United States under federal law. [1987 c 103 § 1; 1974 ex.s. c 183 § 6.]

70.107.070 Rules relating to motor vehicles—Violations—Penalty. Any rule adopted under this chapter relating to the operation of motor vehicles on public highways shall be administered according to testing and inspection procedures adopted by rule by the state patrol. Violation of any motor vehicle performance standard adopted pursuant to this chapter shall be a misdemeanor, enforced by such authorities and in such manner as violations of chapter 46.37 RCW. Violations subject to the provisions of this section shall be exempt from the provisions of RCW 70.107.050. [1987 c 330 § 749; 1974 ex.s. c 183 § 7.]

Construction—Application of rules—Severability—1987 c 330: See notes following RCW 28B.12.050.

70.107.080 Exemptions. The department shall, in the exercise of rule-making power under this chapter, provide exemptions or specially limited regulations relating to recreational shooting and emergency or law enforcement equipment where appropriate in the interests of public safety.

The department in the development of rules under this chapter, shall consult and take into consideration the land use policies and programs of local government. [1974 ex.s. c 183 § 8.]

70.107.900 Construction—Severability—1974 ex.s. c 183. (1) This chapter shall be liberally construed to carry out its broad purposes.

(2) If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1974 ex.s. c 183 § 11.]

70.107.910 Short title. This chapter shall be known and may be cited as the "Noise Control Act of 1974". [1974 ex.s. c 183 § 12.]

Reviser's note: Throughout chapter 70.108 RCW the references to "this act" have been changed to "this chapter." "This act" [1971 ex.s. c 302] consists of this chapter, the 1971 amendments to RCW 9.40.110-9.40.130, 9.41.010, 9.41.070, 26.44.050, 70.74.135, 70.74.270, 70.74.280, and the enactment of RCW 9.27.015 and 9.91.110.

70.108.010 Legislative declaration. The legislature hereby declares it to be the public interest, and for the protection of the health, welfare and property of the residents of the state of Washington to provide for the orderly and lawful conduct of outdoor music festivals by assuring that proper sanitary, health, fire, safety, and police measures are provided and maintained. This invocation of the police power is prompted by and based upon prior experience with outdoor music festivals where the enforcement of the existing laws and regulations on dangerous and narcotic drugs, indecent exposure, intoxicating liquor, and sanitation has been rendered most difficult by the flagrant violations thereof by a large number of festival patrons. [1971 ex.s. c 302 § 19.]

Severability—1971 ex.s. c 302: See note following RCW 9.41.010.

70.108.020 Definitions. For the purposes of this chapter the following words and phrases shall have the indicated meanings:

(1) "Outdoor music festival" or "music festival" or "festival" means an assembly of persons gathered primarily for outdoor, live or recorded musical entertainment, where the predicted attendance is two thousand persons or more and where the duration of the program is five hours or longer: PROVIDED, That this definition shall not be applied to any regularly established permanent place of worship, stadium, athletic field, arena, auditorium, coliseum, or other similar permanently established places of assembly for assemblies which do not exceed by more than two hundred fifty people the maximum seating capacity of the structure where the assembly is held: PROVIDED, FURTHER, That this definition shall not apply to government sponsored fairs held on regularly established fairgrounds nor to assemblies required to be licensed under other laws or regulations of the state.

(2) "Promoter" means any person or other legal entity issued a permit to conduct an outdoor music festival.

(3) "Applicant" means the promoter who has the right of control of the conduct of an outdoor music festival who applies to the appropriate legislative authority for a license to hold an outdoor music festival.

(4) "Issuing authority" means the legislative body of the local governmental unit where the site for an outdoor music festival is located.

A permit may be granted for a period not to exceed sixteen consecutive days and a festival may be operated during any or all of the days within such period. Severability—1986 c 266: See note following RCW 38.52.005.

70.108.050 Approval or denial of permit—Corrections—Procedure—Judicial review. Within fifteen

days after the filing of the application the issuing authority shall either approve or deny the permit to the applicant. Any denial shall set forth in detail the specific grounds therefor. The applicant shall have fifteen days after the receipt of such denial or such additional time as the issuing authority shall grant to correct the deficiencies set forth and the issuing authority shall within fifteen days after receipt of such corrections either approve or deny the permit. Any denial shall set forth in detail the specific grounds therefor.

After the applicant has filed corrections and the issuing authority has thereafter again denied the permit, the applicant may within five days after receipt of such second denial seek judicial review of such denial by filing a petition in the superior court for the county of the issuing authority. The review shall take precedence over all other civil actions and shall be conducted by the court without a jury. The court shall, upon request, hear oral argument and receive written briefs and shall either affirm the denial or order that the permit be issued. An applicant may not use any other procedure to obtain judicial review of a denial. [1972 ex.s. c 123 § 2; 1971 ex.s. c 302 § 24.]

70.108.060 Reimbursement of expenses incurred in reviewing request. Any local agency requested by an applicant to give written approval as required by RCW 70.108.040 may within fifteen days after the applicant has filed his application apply to the issuing authority for reimbursement of expenses reasonably incurred in reviewing such request. Upon a finding that such expenses were reasonably incurred the issuing authority shall reimburse the local agency therefor from the funds of the permit fee. The issuing authority shall prior to the first scheduled date of the festival return to the applicant that portion of the permit fee remaining after all such reimbursements have been made. [1971 ex.s. c 302 § 25.]

70.108.070 Cash deposit—Surety bond—Insurance. After the application has been approved the promoter shall deposit with the issuing authority, a cash deposit or surety bond. The bond or deposit shall be used to pay any costs or charges incurred to regulate health or to clean up afterwards outside the festival grounds or any extraordinary costs or charges incurred to regulate traffic or parking. The bond or other deposit shall be returned to the promoter when the issuing authority is satisfied that no claims for damage or loss will be made against said bond or deposit, or that the loss or damage claimed is less than the amount of the deposit, in which case the uncommitted balance thereof shall be returned: PROVIDED, That the bond or cash deposit or the uncommitted portion thereof shall be returned not later than thirty days after the last day of the festival.

In addition, the promoter shall be required to furnish evidence that he has in full force and effect a liability insurance policy in an amount of not less than one hundred thousand dollars bodily injury coverage per person covering any bodily injury negligently caused by any officer or employee of the festival while acting in the performance of his or her duties. The policy shall name the issuing authority of the permit as an additional named insured.

In addition, the promoter shall be required to furnish evidence that he has in full force and effect a one hundred

thousand dollar liability property damage insurance policy covering any property damaged due to negligent failure by any officer or employee of the festival to carry out duties imposed by this chapter. The policy shall have the issuing authority of the permit as an additional named insured. [1972 ex.s. c 123 § 3; 1971 ex.s. c 302 § 26.]

70.108.080 Revocation of permits. Revocation of any permit granted pursuant to this chapter shall not preclude the imposition of penalties as provided for in this chapter and the laws of the state of Washington. Any permit granted pursuant to the provisions of this chapter to conduct a music festival shall be summarily revoked by the issuing authority when it finds that by reason of emergency the public peace, health, safety, morals or welfare can only be preserved and protected by such revocation.

Any permit granted pursuant to the provisions of this chapter to conduct a music festival may otherwise be revoked for any material violation of this chapter or the laws of the state of Washington after a hearing held upon not less than three days notice served upon the promoter personally or by certified mail.

Every permit issued under the provisions of this chapter shall state that such permit is issued as a measure to protect and preserve the public peace, health, safety, morals and welfare, and that the right of the appropriate authority to revoke such permit is a consideration of its issuance. [1971 ex.s. c 302 § 27.]

70.108.090 Drugs prohibited. No person, persons, partnership, corporation, association, society, fraternal or social organization to whom a music festival permit has been granted shall, during the time an outdoor music festival is in operation, knowingly permit or allow any person to bring upon the premises of said music festival, any narcotic or dangerous drug as defined by chapters *69.33 or 69.40 RCW, or knowingly permit or allow narcotic or dangerous drug to be consumed on the premises, and no person shall take or carry onto said premises any narcotic or dangerous drug. [1971 ex.s. c 302 § 28.]

Drinking water quality consumer complaints: RCW 80.04.110.

70.116.010 Legislative declaration. The legislature hereby finds that an adequate supply of potable water for domestic, commercial, and industrial use is vital to the health and well-being of the people of the state. Readily available water for use in public water systems is limited and should

be developed and used efficiently with a minimum of loss or waste.

In order to maximize efficient and effective development of the state's public water supply systems, the department of health shall assist water purveyors by providing a procedure to coordinate the planning of the public water supply systems. [1991 c 3 § 365; 1977 ex.s. c 142 § 1.]

70.116.020 Declaration of purpose. The purposes of this chapter are:

(1) To provide for the establishment of critical water supply service areas related to water utility planning and development;

(2) To provide for the development of minimum planning and design standards for critical water supply service areas to insure that water systems developed in these areas are consistent with regional needs;

(3) To assist in the orderly and efficient administration of state financial assistance programs for public water systems; and

(4) To assist public water systems to meet reasonable standards of quality, quantity and pressure. [1977 ex.s. c 142 § 2.]

70.116.030 Definitions. Unless the context clearly requires otherwise, the following terms when used in this chapter shall be defined as follows:

(1) "Coordinated water system plan" means a plan for public water systems within a critical water supply service area which identifies the present and future needs of the systems and sets forth means for meeting those needs in the most efficient manner possible. Such a plan shall include provisions for subsequently updating the plan. In areas where more than one water system exists, a coordinated plan may consist of either: (a) A new plan developed for the area following its designation as a critical water supply service area; or (b) a compilation of compatible water system plans existing at the time of such designation and containing such supplementary provisions as are necessary to satisfy the requirements of this chapter. Any such coordinated plan must include provisions regarding: Future service area designations; assessment of the feasibility of shared source, transmission, and storage facilities; emergency inter-ties; design standards; and other concerns related to the construction and operation of the water system facilities.

(2) "Critical water supply service area" means a geographical area which is characterized by a proliferation of small, inadequate water systems, or by water supply problems which threaten the present or future water quality or reliability of service in such a manner that efficient and orderly development may best be achieved through coordinated planning by the water utilities in the area.

(3) "Public water system" means any system providing water intended for, or used for, human consumption or other domestic uses. It includes, but is not limited to, the source, treatment for purifying purposes only, storage, transmission, pumping, and distribution facilities where water is furnished to any community, or number of individuals, or is made available to the public for human consumption or domestic use, but excluding water systems serving one single family residence. However, systems existing on September 21,

1977 which are owner operated and serve less than ten single family residences or which serve only one industrial plant shall be excluded from this definition and the provisions of this chapter.

(4) "Purveyor" means any agency or subdivision of the state or any municipal corporation, firm, company, mutual or cooperative association, institution, partnership, or person or any other entity, that owns or operates for wholesale or retail service a public water system. It also means the authorized agents of any such entities.

(5) "Secretary" means the secretary of the department of health or the secretary's authorized representative.

(6) "Service area" means a specific geographical area serviced or for which service is planned by a purveyor. [1991 c 3 § 366; 1977 ex.s. c 142 § 3.]

70.116.040 Critical water supply service area—Designation—Establishment or amendment of external boundaries—Procedures. (1) The secretary and the appropriate local planning agencies and purveyors, shall study geographical areas where water supply problems related to uncoordinated planning, inadequate water quality or unreliable service appear to exist. If the results of the study indicate that such water supply problems do exist, the secretary or the county legislative authority shall designate the area involved as being a critical water supply service area, consult with the appropriate local planning agencies and purveyors, and appoint a committee of not less than three representatives therefrom solely for the purpose of establishing the proposed external boundaries of the critical water supply service area. The committee shall include a representative from each purveyor serving more than fifty customers, the county legislative authority, county planning agency, and health agencies. Such proposed boundaries shall be established within six months of the appointment of the committee.

During the six month period following the establishment of the proposed external boundaries of the critical water supply services areas, the county legislative authority shall conduct public hearings on the proposed boundaries and shall modify or ratify the proposed boundaries in accordance with the findings of the public hearings. The boundaries shall reflect the existing land usage, and permitted densities in county plans, ordinances, and/or growth policies. If the proposed boundaries are not modified during the six month period, the proposed boundaries shall be automatically ratified and be the critical water supply service area.

After establishment of the external boundaries of the critical water supply service area, no new public water systems may be approved within the boundary area unless an existing water purveyor is unable to provide water service.

(2) At the time a critical water supply service area is established, the external boundaries for such area shall not include any fractional part of a purveyor's existing contiguous service area.

(3) The external boundaries of the critical water supply service area may be amended in accordance with procedures prescribed in subsection (1) of this section for the establishment of the critical water supply service areas when such amendment is necessary to accomplish the purposes of this chapter. [1977 ex.s. c 142 § 4.]

70.116.050 Development of water system plans for critical water supply service areas. (1) Each purveyor within the boundaries of a critical water supply service area shall develop a water system plan for the purveyor's future service area if such a plan has not already been developed: PROVIDED, That nonmunicipally owned public water systems are exempt from the planning requirements of this chapter, except for the establishment of service area boundaries if they: (a) Were in existence as of September 21, 1977; and (b) have no plans for water service beyond their existing service area, and (c) meet minimum quality and pressure design criteria established by the state board of health: PROVIDED FURTHER, That if the county legislative authority permits a change in development that will increase the demand for water service of such a system beyond the existing system's ability to provide minimum water service, the purveyor shall develop a water system plan in accordance with this section. The establishment of future service area boundaries shall be in accordance with RCW 70.116.070.

(2) After the boundaries of a critical water supply service area have been established pursuant to RCW 70.116.040, the committee established in RCW 70.116.040 shall participate in the development of a coordinated water system plan for the designated area. Such a plan shall incorporate all water system plans developed pursuant to subsection (1) of this section. The plan shall provide for maximum integration and coordination of public water system facilities consistent with the protection and enhancement of the public health and well-being.

(3) Those portions of a critical water supply service area not yet served by a public water system shall have a coordinated water system plan developed by existing purveyors based upon permitted densities in county plans, ordinances, and/or growth policies for a minimum of five years beyond the date of establishment of the boundaries of the critical water supply service area.

(4) To insure that the plan incorporates the proper designs to protect public health, the secretary shall adopt regulations pursuant to chapter 34.05 RCW concerning the scope and content of coordinated water system plans, and shall ensure, as minimum requirements, that such plans:

(a) Are reviewed by the appropriate local governmental agency to insure that the plan is not inconsistent with the land use plans, shoreline master programs, and/or developmental policies of the general purpose local government or governments whose jurisdiction the water system plan affects.

(b) Recognize all water resource plans, water quality plans, and water pollution control plans which have been adopted by units of local, regional, and state government.

(c) Incorporate the fire protection standards developed pursuant to RCW 70.116.080.

(d) Identify the future service area boundaries of the public water system or systems included in the plan within the critical water supply service area.

(e) Identify feasible emergency inter-ties between adjacent purveyors.

(5) If a "water general plan" for a critical water supply service area or portion thereof has been prepared pursuant to chapter 36.94 RCW and such a plan meets the requirements of subsections (1) and (4) of this section, such a plan shall

constitute the coordinated water system plan for the applicable geographical area.

(6) Prior to the submission of a coordinated water system plan to the secretary for approval of the design of the proposed facilities pursuant to RCW 70.116.060, the plan shall be reviewed for consistency with subsection (4) of this section by the legislative authorities of the counties in which the critical water supply service area is located. If within sixty days of receipt of the plan, the legislative authorities find any segment of a proposed service area of a purveyor's plan or any segment of the coordinated water system plan to be inconsistent with any current land use plans, shoreline master programs, and/or developmental policies of the general purpose local government or governments whose jurisdiction the water system plan affects, the secretary shall not approve that portion of the plan until the inconsistency is resolved between the local government and the purveyor. If no comments have been received from the legislative authorities within sixty days of receipt of the plan, the secretary may consider the plan for approval. [1977 ex.s. c 142 § 5.]

70.116.060 Approval of coordinated water system plan—Limitations following approval. (1) A coordinated water system plan shall be submitted to the secretary for design approval within two years of the establishment of the boundaries of a critical water supply service area.

(2) The secretary shall not approve those portions of a coordinated water system plan which fail to meet the requirements for future service area boundaries as set forth in RCW 70.116.070.

(3) Following the approval of a coordinated water system plan by the secretary:

(a) All purveyors constructing or proposing to construct public water system facilities within the area covered by the plan shall comply with the plan.

(b) No other purveyor shall establish a public water system within the area covered by the plan, unless the secretary determines that existing purveyors are unable to provide the service. If such a determination is made, the secretary may require the new public water system to be constructed in accordance with the construction standards and specifications embodied in the coordinated water system plan approved for the area.

(4) The secretary may deny proposals to establish or to expand any public water system within a critical water supply service area for which there is not an approved coordinated water system plan at any time after two years of the establishment of the critical water supply service area: PROVIDED, That service connections shall not be considered expansions. [1977 ex.s. c 142 § 6.]

70.116.070 Service area boundaries within critical water supply area. (1) The service area boundaries of public water systems within the critical water supply service area shall be determined by written agreement among the purveyors and with the approval of the appropriate legislative authority. Failure of the legislative authority to file with the secretary objections to the proposed service area boundaries within sixty days of receipt of the proposed boundary agreement may be construed as approval of the agreement.

(2) If no service area boundary agreement has been established within a reasonable period of time, or if the legislative authority has filed with the secretary objections in writing as provided in subsection (1) of this section, the secretary shall hold a public hearing thereon. The secretary shall provide notice of the hearing by certified mail to each purveyor providing service in the critical water supply service area, to each county legislative authority having jurisdiction in the area and to the public. The secretary shall provide public notice pursuant to the provisions of chapter 65.16 RCW. Such notice shall be given at least twenty days prior to the hearing. The hearing may be continued from time to time and, at the termination thereof, the secretary may restrict the expansion of service of any purveyor within the area if the secretary finds such restriction is necessary to provide the greatest protection of the public health and well-being. [1977 ex.s. c 142 § 7.]

70.116.080 Performance standards relating to fire protection. The secretary shall adopt performance standards relating to fire protection to be incorporated into the design and construction of public water systems. The standards shall be consistent with recognized national standards. The secretary shall adopt regulations pertaining to the application and enforcement of the standards: PROVIDED, That the regulations shall require the application of the standards for new and expanding systems only. The standards shall apply in critical water supply service areas unless the approved coordinated plan provides for nonfire flow systems. [1977 ex.s. c 142 § 8.]

70.116.090 Assumption of jurisdiction or control of public water system by city, town, or code city. The assumption of jurisdiction or control of any public water system or systems by a city, town, or code city, shall be subject to the provisions of chapter 35.13A RCW, and the provisions of this chapter shall be superseded by the provisions of chapter 35.13A RCW regarding such an assumption of jurisdiction. [1977 ex.s. c 142 § 9.]

70.116.100 Bottled water exempt. Nothing in this chapter shall apply to water which is bottled or otherwise packaged in a container for human consumption or domestic use, or to the treatment, storage and transportation facilities used in the processing of the bottled water or the distribution of the bottles or containers of water. [1977 ex.s. c 142 § 10.]

70.116.110 Rate making authority preserved. Nothing in this chapter shall be construed to alter in any way the existing authority of purveyors and municipal corporations to establish, administer and apply water rates and rate provisions. [1977 ex.s. c 142 § 11.]

70.116.120 Short title. This chapter shall be known and may be cited as the "Public Water System Coordination Act of 1977". [1977 ex.s. c 142 § 12.]

70.116.134 Satellite system management agencies. (1) The secretary shall adopt rules pursuant to chapter 34.05

RCW establishing criteria for designating individuals or water purveyors as qualified satellite system management agencies. The criteria shall set forth minimum standards for designation as a satellite system management agency qualified to assume ownership, operation, or both, of an existing or proposed public water system. The criteria shall include demonstration of financial integrity and operational capability, and may require demonstration of previous experience in successful operation and management of a public water system.

(2) Each county shall identify potential satellite system management agencies to the secretary for areas where: (a) No purveyor has been designated a future service area pursuant to this chapter, or (b) an existing purveyor is unable or unwilling to provide service. Preference shall be given to public utilities or utility districts or to investor-owned utilities under the jurisdiction of the utilities and transportation commission.

(3) The secretary shall approve satellite system management agencies meeting the established criteria and shall maintain and make available to counties a list of approved agencies. Prior to the construction of a new public water system, the individual(s) proposing the new system or requesting service shall first be directed by the local agency responsible for issuing the construction or building permit to one or more qualified satellite system management agencies designated for the service area where the new system is proposed for the purpose of exploring the possibility of a satellite agency either owning or operating the proposed new water system.

(4) Approved satellite system management agencies shall be reviewed periodically by the secretary for continued compliance with established criteria. The secretary may require status reports and other information necessary for such review. Satellite system management agencies shall be subject to reapproval at the discretion of the secretary but not less than once every five years.

(5) The secretary may assess reasonable fees to process applications for initial approval and for periodic review of satellite system management agencies. A satellite system management account is hereby created in the custody of the state treasurer. All receipts from satellite system management agencies or applicants under subsection (4) of this section shall be deposited into the account. Funds in this account may be used only for administration of the satellite system management program. Expenditures from the account shall be authorized by the secretary or the secretary's designee. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(6) For purposes of this section, "satellite system management agency" and "satellite agency" shall mean a person or entity that is certified by the secretary to own or operate more than one public water system on a regional or county-wide basis, without the necessity for a physical connection between such systems. [1991 c 18 § 1.]

70.116.900 Severability—1977 ex.s. c 142. If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or

the application of the provision to other persons or circumstances is not affected. [1977 ex.s. c 142 § 13.]

Entrances to all machinery, operators', and attendants' rooms shall be posted to the effect that unauthorized persons are not permitted therein.

The sign "Working on Lift" or a similar warning sign shall be hung on the main disconnect switch and at control points for starting the auxiliary or prime mover when a person is working on the passenger tramway.

(2) All signs required for normal daytime operation shall be in place, and those pertaining to the tramway, lift, or tow operations shall be adequately lighted for night skiing.

(3) If a particular trail or run has been closed to the public by an operator, the operator shall place a notice thereof at the top of the trail or run involved, and no person shall ski on a run or trail which has been designated "Closed".

(4) An operator shall place a notice at the embarking terminal or terminals of a lift or tow which has been closed that the lift or tow has been closed and that a person embarking on such a lift or tow shall be considered to be a trespasser.

(5) Any snow making machines or equipment shall be clearly visible and clearly marked. Snow grooming equipment or any other vehicles shall be equipped with a yellow flashing light at any time the vehicle is moving on or in the vicinity of a ski run; however, low profile vehicles, such as snowmobiles, may be identified in the alternative with a flag on a mast of not less than six feet in height.

(6) The operator of any ski area shall maintain a readily visible sign on each rope tow, wire rope tow, j-bar, t-bar, ski lift, or other similar device, advising the users of the device that:

(4) A person shall be the sole judge of his or her ability to negotiate any trail, run, or uphill track and no action shall be maintained against any operator by reason of the condition of the track, trail, or run unless the condition results from the negligence of the operator.

(5) Any person who boards a rope tow, wire rope tow, j-bar, t-bar, ski lift, or other similar device shall be presumed to have sufficient abilities to use the device. No liability shall attach to any operator or attendant for failure to instruct the person on the use of the device, but a person shall follow any written or verbal instructions that are given regarding the use.

(7) Any person skiing outside the confines of trails open for skiing or runs open for skiing within the ski area boundary shall be responsible for any injuries or losses resulting from his or her action.

(8) Any person on foot or on any type of sliding device shall be responsible for any collision whether the collision is with another person or with an object.

(9) A person embarking on a lift or tow without authority shall be considered to be a trespasser. [1989 c 81 § 3; 1977 ex.s. c 139 § 2.]

70.118.010	Legislative declaration.
70.118.020	Definitions.
70.118.030	Local boards of health—Duties.
70.118.040	Local boards of health—Authority to waive sections of local plumbing and/or building codes.
70.118.050	Adoption of more restrictive standards.

Reviser's note: Powers and duties of the department of social and health services and the secretary of social and health services transferred to the department of health and the secretary of health. See RCW 43.70.060.

70.118.010 Legislative declaration. The legislature finds that over one million, two hundred thousand persons in the state are not served by sanitary sewers and that they must rely on septic tank systems. The failure of large numbers of such systems has resulted in significant health

hazards, loss of property values, and water quality degradation. The legislature further finds that failure of such systems could be reduced by utilization of nonwater-carried sewage disposal systems, or other alternative methods of effluent disposal, as a correctional measure. Waste water volume diminution and disposal of most of the high bacterial waste through composting or other alternative methods of effluent disposal would result in restorative improvement or correction of existing substandard systems. [1977 ex.s. c 133 § 1.]

70.118.020 Definitions. As used in this chapter, the terms defined in this section shall have the meanings indicated unless the context clearly indicates otherwise.

(1) "Nonwater-carried sewage disposal devices" means any device that stores and treats nonwater-carried human urine and feces.

(2) "Alternative methods of effluent disposal" means systems approved by the department of health, including at least, mound systems, alternating drain fields, anaerobic filters, evapotranspiration systems, and aerobic systems.

(3) "Failure" means: (a) Effluent has been discharged on the surface of the ground prior to approved treatment; or (b) effluent has percolated to the surface of the ground; or (c) effluent has contaminated or threatens to contaminate a ground water supply. [1991 c 3 § 367; 1977 ex.s. c 133 § 2.]

70.118.030 Local boards of health—Duties. Local boards of health shall identify failing septic tank drainfield systems in the normal manner and will use reasonable effort to determine new failures. Discretionary judgment will be made in implementing corrections by specifying nonwater-carried sewage disposal devices or other alternative methods of treatment and effluent disposal as a measure of ameliorating existing substandard conditions. Local regulations shall be consistent with the intent and purposes stated herein. [1977 ex.s. c 133 § 3.]

70.118.040 Local boards of health—Authority to waive sections of local plumbing and/or building codes. With the advice of the secretary of the department of health, local boards of health are hereby authorized to waive applicable sections of local plumbing and/or building codes that might prohibit the use of an alternative method for correcting a failure. [1991 c 3 § 368; 1977 ex.s. c 133 § 4.]

70.118.050 Adoption of more restrictive standards. If the legislative authority of a county or city finds that more restrictive standards than those contained in *section 2 of this act or those adopted by the state board of health for systems allowed under *section 2 of this act or limitations on expansion of a residence are necessary to ensure protection of the public health, attainment of state water quality standards, and the protection of shellfish and other public resources, the legislative authority may adopt ordinances or resolutions setting standards as they may find necessary for implementing their findings. The legislative authority may identify the geographic areas where it is necessary to implement the more restrictive standards. In addition, the legislative authority may adopt standards for the design,

construction, maintenance, and monitoring of sewage disposal systems. [1989 c 349 § 3.]

*Reviser's note: "Section 2 of this act" did not become law. See effective date note following.

Effective date—1989 c 349: "(1) Except as provided in subsection (2) of this section, this act shall take effect November 1, 1989.

(2) *Section 2 of this act shall not take effect if the state board of health adopts standards for the replacement and repair of existing on-site sewage disposal systems located on property adjacent to marine waters by October 31, 1989." [1989 c 349 § 4.]

*Reviser's note: Section 2 of this act did not take effect. See chapter 248-96 WAC.

70.119.010 Legislative declaration. The legislature declares that competent operation of a public water system is necessary for the protection of the consumers' health, and therefore it is of vital interest to the public. In order to protect the public health and conserve and protect the water resources of the state, it is necessary to provide for the classifying of all public water systems; to require the examination and certification of the persons responsible for the technical operation of such systems; and to provide for the promulgation of rules and regulations to carry out this chapter. [1991 c 305 § 1; 1983 c 292 § 1; 1977 ex.s. c 99 § 1.]

70.119.020 Definitions. As used in this chapter unless context requires another meaning:

(1) "Board" means the board established pursuant to RCW 70.95B.070 which shall be known as the water and waste water operator certification board of examiners.

(2) "Certificate" means a certificate of competency issued by the secretary stating that the operator has met the requirements for the specified operator classification of the certification program.

(3) "Certified operator" means an individual holding a valid certificate and employed or appointed by any county, water district, municipality, public or private corporation, company, institution, person, or the state of Washington and

who is designated by the employing or appointing officials as the person responsible for active daily technical operation.

(4) "Department" means the department of health.

(5) "Distribution system" means that portion of a public water system which stores, transmits, pumps and distributes water to consumers.

(6) "Ground water under the direct influence of surface water" means any water beneath the surface of the ground with:

(b) Significant and relatively rapid shifts in water characteristics such as turbidity, temperature, conductivity, or pH which closely correlate to climatological or surface water conditions.

(7) "Group A water system" means a system with fifteen or more service connections, regardless of the number of people; or a system serving an average of twenty-five or more people per day for sixty or more days within a calendar year, regardless of the number of service connections. Group A water system does not include a system serving fewer than fifteen single-family residences, regardless of the number of people.

(8) "Nationally recognized association of certification authorities" shall mean an organization which serves as an information center for certification activities, recommends minimum standards and guidelines for classification of potable water treatment plants, water distribution systems and waste water facilities and certification of operators, facilitates reciprocity between state programs and assists authorities in establishing new certification programs and updating existing ones.

(9) "Public water system" means any system, excluding a system serving only one single-family residence and a system with four or fewer connections all of which serve residences on the same farm, providing piped water for human consumption, including any collection, treatment, storage, or distribution facilities under control of the purveyor and used primarily in connection with the system; and collection or pretreatment storage facilities not under control of the purveyor but primarily used in connection with the system.

(10) "Purification plant" means that portion of a public water system which treats or improves the physical, chemical or bacteriological quality of the system's water to bring the water into compliance with state board of health standards.

(11) "Secretary" means the secretary of the department of health.

(12) "Service" means a connection to a public water system designed to serve a single-family residence, dwelling unit, or equivalent use. If the facility has group home or barracks-type accommodations, three persons will be considered equivalent to one service.

70.119.030 Certified operators required for certain public water systems. (1) A public water system shall have a certified operator if:

(a) The system serves one hundred or more services in use at any one time; or

(b) It is a group A water system using a surface water source or a ground water source under the direct influence of surface water.

(2) The certified operators shall be in charge of the technical direction of a water system's operation, or an operating shift of such a system, or a major segment of a system necessary for monitoring or improving the quality of water. The operator shall be certified as provided in RCW 70.119.050.

(3) The amount of time that a certified operator shall be required to be present shall be based upon the time required to properly operate and maintain the public water system as designed and constructed in accordance with RCW 43.20.050. The employing or appointing officials shall designate the position or positions requiring mandatory certification within their individual systems and shall assure that such certified operators are responsible for the system's technical operation.

(4) Operators not required to be certified by this chapter are encouraged to become certified on a voluntary basis. [1991 c 305 § 3; 1983 c 292 § 3; 1977 ex.s. c 99 § 3.]

(2) The preparation, distribution, or sale of bottled water or water similarly packaged. [1977 ex.s. c 99 § 4.]

70.119.050 Rules and regulations—Secretary to adopt. The secretary shall adopt, with the approval of the board, such rules and regulations as may be necessary for the administration of this chapter and shall enforce such rules and regulations. The rules and regulations shall include provisions establishing minimum qualifications and procedures for the certification of operators, criteria for determining the kind and nature of continuing educational requirements for renewal of certification under RCW 70.119.100(2), and provisions for classifying water purification plants and distribution systems.

Rules and regulations adopted under the provisions of this section shall be adopted in accordance with the provisions of chapter 34.05 RCW. [1983 c 292 § 4; 1977 ex.s. c 99 § 5.]

70.119.060 Public water systems—Secretary to categorize. The secretary shall further categorize all public water systems with regard to the size, type, source of water, and other relevant physical conditions affecting purification plants and distribution systems to assist in identifying the skills, knowledge and experience required for the certification of operators for each category of such systems, to assure the protection of the public health and conservation and

protection of the state's water resources as required under RCW 70.119.010, and to implement the provisions of the state safe drinking water act in chapter 70.119A RCW. In categorizing all public water systems for the purpose of implementing these provisions of state law, the secretary shall take into consideration economic impacts as well as the degree and nature of any public health risk. [1991 c 305 § 4; 1977 ex.s. c 99 § 6.]

70.119.070 Secretary—Consideration of guidelines. (2) Every certificate shall be renewed annually upon the payment of a fee as established by the department under RCW 43.70.110 and satisfactory evidence is presented to the secretary that the operator has fulfilled the continuing education requirements as prescribed by rule of the department.

(3) The secretary shall notify operators who fail to renew their certificates before the end of the year that their certificates are temporarily valid for two months following the end of the certificate year. Certificates not renewed during the two month period shall be invalid and the secretary shall so notify the holders of such certificates.

(4) An operator who has failed to renew a certificate pursuant to the provisions of this section, may reapply for certification and the secretary may require the operator to meet the requirements established for new applicants. The secretary may, with the recommendation of the board and after hearing before the same, revoke a certificate found to have been obtained by fraud or deceit; or for gross negligence in the operation of a purification plant or distribution system; or for an intentional violation of the requirements of this chapter or any lawful rules, order, or regulation of the department. No person whose certificate is revoked under this section shall be eligible to apply for a certificate for one year from the effective date of the final order of revocation. [1991 c 305 § 7; 1983 c 292 § 9; 1977 ex.s. c 99 § 11.]

70.119.130 Violations—Penalties. Any person, including any operator or any firm, association, corporation, municipal corporation, or other governmental subdivision or agency who, after thirty days' written notice, operates a public water system which is not in compliance with RCW

70.119.030(1), shall be guilty of a misdemeanor. Each month of such operation out of compliance with RCW 70.119.030(1) shall constitute a separate offense. Upon conviction, violators shall be fined an amount not exceeding one hundred dollars for each offense. It shall be the duty of the prosecuting attorney or the attorney general, as appropriate to secure injunctions of continuing violations of any provisions of this chapter or the rules and regulations adopted hereunder: PROVIDED, That, except in the case of fraud, deceit, or gross negligence under RCW 70.119.110, no revocation, citation or charge shall be made under RCW 70.119.110 and 70.119.130 until a proper written notice of violation is received and a reasonable opportunity for correction has been given. Effective date—1977 ex.s. c 99: See RCW 70.119.900.

70.119.140 Certificates—Reciprocity with other states. Operators certified by any state under provisions that, in the judgment of the secretary, are substantially equivalent to the requirements of this chapter and any rules and regulations promulgated hereunder, may be issued, upon application, a certificate without examination.

Requirements effective upon adoption of rules—1991 c 304: See note following RCW 70.119A.100.

70.119A.030 Public health emergencies—Violations—Failure to comply with departmental order—

Penalty. (1) The secretary or his or her designee or the local health officer may declare a public health emergency. As limited by RCW 70.119A.040, the department may impose penalties for violations of laws or regulations that are determined to be a public health emergency.

(2) As limited by RCW 70.119A.040, the department may impose penalties for failure to comply with an order of the department, or of an authorized local board of health, when the order:

(a) Directs any person to stop work on the construction or alteration of a public water system when plans and specifications for the construction or alteration have not been approved as required by the regulations, or when the work is not being done in conformity with approved plans and specifications;

(b) Requires any person to eliminate a cross-connection to a public water system by a specified time; or

[1991 c 304 § 3; 1989 c 422 § 6; 1986 c 271 § 3.]

Requirements effective upon adoption of rules—1991 c 304: See note following RCW 70.119A.100.

70.119A.040 Penalty—Notice—Payment of fine—Action in superior court. (1) In addition to or as an alternative to any other penalty provided by law, every person who commits any of the acts or omissions in RCW 70.119A.030 shall be subjected to a penalty in an amount of not less than five hundred dollars. The maximum penalty shall be not more than five thousand dollars per day for every such violation. Every such violation shall be a separate and distinct offense. The amount of fine shall reflect the health significance of the violation and the previous record of compliance on the part of the public water supplier. In case of continuing violation, every day's continuance shall be a separate and distinct violation. Every person who, through an act of commission or omission, procures, aids, or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty provided in this section.

(2) The penalty provided for in this section shall be imposed by a notice in writing to the person against whom the civil fine is assessed and shall describe the violation. The notice shall be personally served in the manner of service of a summons in a civil action or in a manner that shows proof of receipt. A penalty imposed by this section is due twenty-eight days after receipt of notice unless application for remission or mitigation is made as provided in subsection (3) of this section or unless application for an adjudicative proceeding is filed as provided in subsection (4) of this section.

(3) Within fourteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of such penalty. Upon receipt of the application, the department may remit or mitigate the penalty upon whatever terms the department in its discretion deems proper, giving consideration to the

degree of hazard associated with the violation, provided the department deems such remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department shall not mitigate the fines below the minimum penalty prescribed in subsection (1) of this section. The department shall have authority to ascertain the facts regarding all such applications in such reasonable manner as it may deem proper. When an application for remission or mitigation is made, a penalty incurred under this section is due twenty-eight days after receipt of the notice setting forth the disposition of the application, unless an application for an adjudicative proceeding to contest the disposition is filed as provided in subsection (4) of this section.

(4) Within twenty-eight days after notice is received, the person incurring the penalty may file an application for an adjudicative proceeding and may pursue subsequent review as provided in chapter 34.05 RCW and applicable rules of the department or board of health.

70.119A.050 Enforcement of regulations by local boards of health—Civil penalties. Each local board of health that is enforcing the regulations under an agreement with the department allocating state and local responsibility is authorized to impose civil penalties for violations within the area of its responsibility under the same limitations and requirements imposed upon the department by RCW 70.119A.030 and 70.119A.040, except that penalties shall be placed into the general fund of the county, city, or town operating the local board of health, and the prosecuting attorney, or city, or town attorney shall bring the actions to collect the unpaid penalties. [1989 c 422 § 8; 1986 c 271 § 5.]

70.119A.060 Public water systems—Mandate—Department and local health jurisdiction duties. (1) In order to assure safe and reliable public drinking water and to protect the public health, public water systems shall:

(a) Protect the water sources used for drinking water;

(b) Provide treatment adequate to assure that the public health is protected;

(c) Provide and effectively operate and maintain public water system facilities;

(d) Plan for future growth and assure the availability of safe and reliable drinking water;

(e) Provide the department with the current names, addresses, and telephone numbers of the owners, operators, and emergency contact persons for the system, including any changes to this information, and provide to users the name

and twenty-four hour telephone number of an emergency contact person; and

(f) Take whatever investigative or corrective action is necessary to assure that a safe and reliable drinking water supply is continuously available to users.

(2) The department and local health jurisdictions shall carry out the rules and regulations of the state board of health adopted pursuant to RCW 43.20.050(2)(a) and other rules adopted by the department relating to public water systems. [1991 c 304 § 4; 1990 c 132 § 4; 1989 c 422 § 3.]

Requirements effective upon adoption of rules—1991 c 304: See note following RCW 70.119A.100.

Legislative findings—Severability—1990 c 132: See notes following RCW 43.20.240.

70.119A.070 Department contracting authority.

The department may enter into contracts to carry out the purposes of this chapter. [1989 c 422 § 4.]

70.119A.080 Drinking water program. (1) The department shall administer a drinking water program which includes, but is not limited to, those program elements necessary to assume primary enforcement responsibility for part B, and section 1428 of part C of the federal safe drinking water act. No rule promulgated or implemented by the department of health or the state board of health for the purpose of compliance with the requirements of the federal safe drinking water act, 42 U.S.C. Sec. 300f et seq., shall be applicable to public water systems to which that federal law is not applicable, unless the department or the state board determines that such rule is necessary for the protection of public health.

(2) The department shall enter into an agreement of administration with the department of ecology and any other appropriate agencies, to administer the federal safe drinking water act.

(3) The department is authorized to accept federal grants for the administration of a primary program. [1991 c 3 § 371; 1989 c 422 § 5.]

70.119A.100 Operating permits—Findings. The legislature finds that:

(1) The responsibility for ensuring that the citizens of this state have a safe and reliable drinking water supply is shared between local government and state government, and is the obligation of every public water system;

(2) A rapid increase in the number of public water systems supplying drinking water to the citizens of this state has significantly increased the burden on both local and state government to monitor and enforce compliance by these systems with state laws that govern planning, design, construction, operation, maintenance, financing, management, and emergency response;

(3) The federal safe drinking water act imposes on state and local governments and the public water systems of this state significant new responsibilities for monitoring, testing, and treating drinking water supplies; and

(4) Existing drinking water programs at both the state and local government level need additional authorities to enable them to more comprehensively and systematically address the needs of the public water systems of this state

and assure that the public health and safety of its citizens are protected.

Therefore, annual operating permit requirements shall be established in accordance with this chapter. The operating permit requirements shall be administered by the department and shall be used as a means to assure that public water systems provide safe and reliable drinking water to the public. The department and local government shall conduct comprehensive and systematic evaluations to assess the adequacy and financial viability of public water systems. The department may impose permit conditions, requirements for system improvements, and compliance schedules in order to carry out the purpose of *this act. [1991 c 304 § 1.]

***Reviser's note:** For codification of "this act" [1991 c 304], see Codification Tables, Volume 0.

Requirements effective upon adoption of rules—1991 c 304: "The department shall adopt rules necessary to implement sections 5 through 7 of this act. The requirements of this act shall take effect upon adoption of rules pursuant to this act." [1991 c 304 § 8.]

70.119A.110 Operating permits—Application process—Phase-in of implementation—Satellite systems.

(1) No person may operate a group A public water system unless the person first submits an application to the department and receives an operating permit as provided in this section. A new application must be submitted upon any change in ownership of the system. Any person operating a public water system on July 28, 1991, may continue to operate the system until the department takes final action, including any time necessary for a hearing under subsection (3) of this section, on a permit application submitted by the person operating the system under the rules adopted by the department to implement this section.

(2) The department may require that each application include the information that is reasonable and necessary to determine that the system complies with applicable standards and requirements of the federal safe drinking water act, state law, and rules adopted by the department or by the state board of health.

(3) Following its review of the application, its supporting material, and any information received by the department in its investigation of the application, the department shall issue or deny the operating permit. The department shall act on initial permit applications as expeditiously as possible, and shall in all cases either grant or deny the application within one hundred twenty days of receipt of the application or of any supplemental information required to complete the application. The applicant for a permit shall be entitled to file an appeal in accordance with chapter 34.05 RCW if the department denies the initial or subsequent applications or imposes conditions or requirements upon the operator. Any operator of a public water system that requests a hearing may continue to operate the system until a decision is issued after the hearing.

(4) At the time of initial permit application or at the time of permit renewal the department may impose such permit conditions, requirements for system improvements, and compliance schedules as it determines are reasonable and necessary to ensure that the system will provide a safe and reliable water supply to its users.

(5) Operating permits shall be issued for a term of one year, and shall be renewed annually, unless the operator fails

to apply for a new permit or the department finds good cause to deny the application for renewal.

(6) Each application shall be accompanied by an annual fee as follows:

(a) The annual fee for public water supply systems serving fifteen to forty-nine service connections shall be twenty-five dollars.

(b) The annual fee for public water supply systems serving fifty to three thousand three hundred thirty-three service connections shall be based on a uniform per service connection fee of one dollar and fifty cents per service connection.

(c) The annual fee for public water supply systems serving three thousand three hundred thirty-four to fifty-three thousand three hundred thirty-three service connections shall be based on a uniform per service connection fee of one dollar and fifty cents per service connection plus ten cents for each service connection in excess of three thousand three hundred thirty-three service connections.

(d) The annual fee for public water supply systems serving fifty-three thousand three hundred thirty-four or more service connections shall be ten thousand dollars.

(e) In addition to the fees under (a) through (d) of this subsection, the department may charge an additional one-time fee of five dollars for each service connection in a new water system.

(7) The department may phase-in the implementation for any group of systems provided the schedule for implementation is established by rule. Prior to implementing the operating permit requirement on water systems having less than five hundred service connections, the department shall form a committee composed of persons operating these systems. The committee shall be composed of the department of health, two operators of water systems having under one hundred connections, two operators of water systems having between one hundred and two hundred service connections, two operators of water systems having between two hundred and three hundred service connections, two operators of water systems having between three hundred and four hundred service connections, two operators of water systems having between four hundred and five hundred service connections, and two county public health officials. The members shall be chosen from different geographic regions of the state. This committee shall develop draft rules to implement this section. The draft rules will then be subject to the rule-making procedures in accordance with chapter 34.05 RCW.

(8) The department shall notify existing public water systems of the requirements of RCW 70.119A.030, 70.119A.060, and this section at least one hundred twenty days prior to the date that an application for a permit is required pursuant to RCW 70.119A.030, 70.119A.060, and this section.

(9) The department shall issue one operating permit to any approved satellite system management agency. Operating permit fees for approved satellite system management agencies shall be one dollar per connection per year for the total number of connections under the management of the approved satellite agency. The department shall define by rule the meaning of the term "satellite system management agency." If a statutory definition of this term exists, then the

department shall adopt by rule a definition consistent with the statutory definition.

(10) For purposes of this section, "group A public water system" and "system" mean those water systems with fifteen or more service connections, regardless of the number of people; or a system serving an average of twenty-five or more people per day for sixty or more days within a calendar year, regardless of the number of service connections. [1991 c 304 § 5.]

Requirements effective upon adoption of rules—1991 c 304: See note following RCW 70.119A.100.

70.119A.120 Safe drinking water account. The safe drinking water account is created in the general fund of the state treasury. All receipts from the operating permit fees required to be paid under RCW 70.119A.110 shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used by the department of health to carry out the purposes of *this act and to carry out contracts with local governments in accordance with this chapter. [1991 c 304 § 6.]

***Reviser's note:** For codification of "this act" [1991 c 304], see Codification Tables, Volume 0.

Requirements effective upon adoption of rules—1991 c 304: See note following RCW 70.119A.100.

70.119A.130 Local government authority. Until July 1, 1996, local governments shall be prohibited from administering a separate operating permit requirement for public water systems. After July 1, 1996, local governments may establish separate operating permit requirements for public water systems provided the operating permit requirements have been approved by the department. The department shall not approve local operating permit requirements unless the local system will result in an increased level of service to the public water system. There shall not be duplicate operating permit requirements imposed by local governments and the department. [1991 c 304 § 7.]

Requirements effective upon adoption of rules—1991 c 304: See note following RCW 70.119A.100.

70.119A.140 Report by bottled water plant operator or water dealer of contaminant in water source. In such cases where a bottled water plant operator or water dealer knows or has reason to believe that a contaminant is present in the source water because of spill, release of a hazardous substance, or otherwise, and the contaminant's presence would create a potential health hazard to consumers, the plant operator or water dealer must report such an occurrence to the state's department of health. [1992 c 34 § 5.]

Severability—1992 c 34: See note following RCW 69.07.170.

70.119A.900 Short title—1989 c 422. This act shall be known and cited as the "Washington state safe drinking water act." [1989 c 422 § 1.]

Intent—1991 c 199: "(1) It is the intent of the legislature that the state take advantage of the best emission control systems available on new motor vehicles. The department shall conduct a study to determine if requiring new vehicles sold in the state to meet California vehicle emission standards will provide a significant benefit to attainment of ambient air

quality standards in this state. The department shall report the findings of its study and its recommendations to the appropriate standing committees of the legislature. The department shall not adopt the California vehicle emission standards unless authorized by the legislature.

(2) In the event that California vehicle emission standards are adopted, the department shall not include a program for in-use testing and recall of vehicles required to meet California emission standards." [1991 c 199 § 229.]

(c) Whose vehicle fails a retest, may be issued a certificate of acceptance if (i) the vehicle has been in use for more than five years or fifty thousand miles, and (ii) any component of the vehicle installed by the manufacturer for the purpose of reducing emissions, or its appropriate replacement, is installed and operative.

To receive the certificate, the person must document compliance with (b) and (c) of this subsection to the satisfaction of the department.

Should any provision of (b) of this subsection be disapproved by the administrator of the United States environmental protection agency, all vehicles shall be required to expend at least four hundred fifty dollars to qualify for a certificate of acceptance.

(2) Persons who fail the initial tests shall be provided with information regarding the availability of federal warranties and certified emission specialists. [1991 c 199 § 203; 1989 c 240 § 6; 1980 c 176 § 4; 1979 ex.s. c 163 § 7.]

70.120.080 Vehicle inspections—Fleets. (Effective until January 1, 1993.) The director may authorize an owner or lessee of a fleet of motor vehicles, or the owner's or lessee's agent, to inspect the vehicles in the fleet and issue certificates of compliance for the vehicles in the fleet if the director determines that: (1) The director's emission and inspection standards will be complied with; and (2) certificates will be issued only to vehicles in the fleet and only when appropriate. [1979 ex.s. c 163 § 8.]

In addition, the director may authorize an owner or lessee of one or more diesel motor vehicles with a gross vehicle weight rating in excess of eight thousand five hundred pounds, or the owner's or lessee's agent, to inspect the vehicles and issue certificates of compliance for the vehicles. The inspections shall be conducted in compliance with inspection procedures adopted by the department and certificates of compliance shall only be issued to vehicles that meet emission and equipment standards adopted under RCW 70.120.150.

The director shall establish by rule the fee for fleet or diesel inspections provided for in this section. The fee shall be set at an amount necessary to offset the department's cost to administer the fleet and diesel inspection program authorized by this section.

The department shall also review complaints received regarding the maintenance or repairs secured by owners of motor vehicles for the purpose of complying with the requirements of this chapter. When possible, the department shall assist such owners in determining the merits of the complaints. [1979 ex.s. c 163 § 10.]

Notwithstanding the provisions of chapter 34.05 RCW, any rule implementing and enforcing RCW 70.120.150(5) may not be adopted until it has been submitted to the standing committees on ecology of the house of representatives and senate for review and approval. The standing committees shall take into account when considering proposed modifications of emission contributing boundaries, as provided for in RCW 70.120.150(5), alternative plans for traffic rerouting and traffic bans that may have been prepared by local municipal corporations for the purpose of satisfying federal emission guidelines. [1989 c 240 § 8; 1979 ex.s. c 163 § 13.]

70.120.150 Vehicle emission standards—Designation of noncompliance areas and emission contributing areas. (Effective until January 1, 1993.) The director:

(1) Shall adopt motor vehicle emission standards to ensure that no less than seventy percent of the vehicles tested comply with the standards.

(2) Shall designate a geographic area as being a "non-compliance area" for motor vehicle emissions if (a) the department's analysis of the data, recorded for a period of no less than one year, at the monitoring sites indicates that the standard has or will probably be exceeded, and (b) the department determines that the primary source of the contaminant being monitored at the sites is motor vehicle emissions.

(3) Shall reevaluate noncompliance areas if the United States environmental protection agency modifies the relevant air quality standards, and shall discontinue the program if compliance is indicated and if the department determines that the area would continue to be in compliance after the program is discontinued. The director shall notify persons residing in noncompliance areas of the reevaluation.

(4) Shall analyze information regarding the motor vehicle traffic in a noncompliance area to determine the smallest land area within whose boundaries are present registered motor vehicles that contribute significantly to the violation of motor vehicle-related air quality standards in the noncompliance area. The director shall declare the area to be an "emission contributing area." An emission contributing area established for a carbon monoxide or oxides of nitrogen noncompliance area must contain the noncompliance area within its boundaries. An emission contributing area established for an ozone noncompliance area located in this state need not contain the ozone noncompliance area within its boundaries if it can be proven that vehicles registered in the area contribute significantly to violations of the ozone air quality standard in the noncompliance area. An emission contributing area may be established in this state for violations of federal air quality standards for ozone in an adjacent state if (a) the United States environmental protection agency designates an area to be a "nonattainment area for ozone" under the provisions of the federal Clean Air Act (42 U.S.C. 7401 et. seq.), (b) the nonattainment area encompasses portions of both Washington and the adjacent state, and (c) it can be proven that vehicles registered in this state contribute significantly to the violation of the federal air quality standards for ozone in the adjacent state's portion of the nonattainment area.

(5) Shall designate areas as being noncompliance areas or emission contributing areas, and shall establish the boundaries of such areas by rule. The director may also modify boundaries. In establishing the external boundaries of an emission contributing area, the director shall use the boundaries established for ZIP code service areas by the United States postal service.

(6) May make grants to units of government in support of planning efforts to reduce motor vehicle emissions in areas where emission control inspections are not required. [1989 c 240 § 2.]

70.120.150 Vehicle emission and equipment standards—Designation of noncompliance areas and emission contributing areas. (Effective January 1, 1993.) The director:

(1) Shall adopt motor vehicle emission and equipment standards to: Ensure that no less than seventy percent of the vehicles tested comply with the standards on the first inspection conducted, meet federal clean air act requirements, and protect human health and the environment.

(2) Shall adopt rules implementing the smoke opacity testing requirement for diesel vehicles that ensure that such test is objective and repeatable and that properly maintained engines that otherwise would meet the applicable federal emission standards, as measured by the new engine certification test, would not fail the smoke opacity test.

(3) Shall designate a geographic area as being a "non-compliance area" for motor vehicle emissions if (a) the department's analysis of emission and ambient air quality data, covering a period of no less than one year, indicates that the standard has or will probably be exceeded, and (b) the department determines that the primary source of the air contaminant is motor vehicle emissions.

(4) Shall reevaluate noncompliance areas if the United States environmental protection agency modifies the relevant air quality standards, and shall discontinue the program if compliance is indicated and if the department determines that the area would continue to be in compliance after the program is discontinued. The director shall notify persons residing in noncompliance areas of the reevaluation.

(5) Shall analyze information regarding the motor vehicle traffic in a noncompliance area to determine the smallest land area within whose boundaries are present registered motor vehicles that contribute significantly to the violation of motor vehicle-related air quality standards in the noncompliance area. The director shall declare the area to be an "emission contributing area." An emission contributing area established for a carbon monoxide or oxides of nitrogen noncompliance area must contain the noncompliance area within its boundaries. An emission contributing area established for an ozone noncompliance area located in this state need not contain the ozone noncompliance area within its boundaries if it can be proven that vehicles registered in the area contribute significantly to violations of the ozone air quality standard in the noncompliance area. An emission contributing area may be established in this state for violations of federal air quality standards for ozone in an adjacent state if (a) the United States environmental protection agency designates an area to be a "nonattainment area for ozone" under the provisions of the federal Clean Air Act (42 U.S.C. 7401 et. seq.), and (b) it can be proven that vehicles registered in this state contribute significantly to the violation of the federal air quality standards for ozone in the adjacent state's nonattainment area.

(6) Shall, after consultation with the appropriate local government entities, designate areas as being noncompliance areas or emission contributing areas, and shall establish the boundaries of such areas by rule. The director may also modify boundaries. In establishing the external boundaries of an emission contributing area, the director shall use the boundaries established for ZIP code service areas by the United States postal service.

(7) May make grants to units of government in support of planning efforts to reduce motor vehicle emissions. [1991 c 199 § 207; 1989 c 240 § 2.]

Finding—1991 c 199: See note following RCW 70.94.011.

Effective dates—Severability—Captions not law—1991 c 199: See RCW 70.94.904 through 70.94.906.

70.120.160 Noncompliance areas—Annual review.

(1) The director shall review annually the air quality and forecasted air quality of each area in the state designated as a noncompliance area for motor vehicle emissions.

(2) An area shall no longer be designated as a noncompliance area if the director determines that:

(a) Air quality standards for contaminants derived from motor vehicle emissions are no longer being violated in the noncompliance area; and

(b) The standards would not be violated if the emission inspection system in the emission contributing area was discontinued and the requirements of RCW 46.16.015 no longer applied. [1989 c 240 § 3.]

70.120.170 Motor vehicle inspections required—Fees—Results—Certificate of compliance. (Effective until January 1, 1993.)

(1) The department shall administer a system for biennial inspection of emissions of all motor vehicles registered within the boundaries of each emission contributing area. Persons residing within the boundaries of an emission contributing area shall register their motor vehicle within that area, unless business reasons require registration outside the area. Requests for exemption from inspection for business reasons shall be reviewed and approved by the director.

(2) The director shall:

(a) Adopt procedures for conducting emission tests for motor vehicles. The tests shall include idle and high revolution per minute tests.

(b) Adopt criteria for calibrating emission testing equipment. Electronic equipment used to test for emissions standards provided for in this chapter shall be properly calibrated. The department shall examine frequently the calibration of the emission testing equipment used at the stations.

(c) Authorize, through contracts, the establishment and operation of inspection stations for conducting the vehicle emission tests authorized in this chapter. No person contracted to inspect motor vehicles may perform for compensation repairs on any vehicles. No public body may establish or operate contracted inspection stations. Any contracts must be let in accordance with the procedures established for competitive bids in chapter 43.19 RCW.

(3) Subsection (2)(c) of this section does not apply to volunteer motor vehicle inspections under RCW 70.120.020(1)(a) if the inspections are conducted for the following purposes:

(a) Auditing;

(b) Contractor evaluation;

(c) Collection of data for establishing calibration and performance standards; or

(d) Public information and education.

(4)(a) The director shall establish by rule the fee to be charged for emission inspections. The inspection fee shall be a standard fee applicable state-wide or throughout an emission contributing area and shall be no greater than eighteen dollars. Surplus moneys collected from fees over the amount due the contractor shall be paid to the state and deposited in the general fund. Fees shall be set at the

minimum whole dollar amount required to (i) compensate the contractor, and (ii) offset the general fund appropriation to the department to cover the administrative costs of the motor vehicle emission inspection program.

(b) Before each inspection, a person whose motor vehicle is to be inspected shall pay to the inspection station the fee established under this section. The person whose motor vehicle is inspected shall receive the results of the inspection test. If the inspected vehicle's emissions comply with the standards established by the director, the person shall receive a dated certificate of compliance. If the inspected vehicle's emissions do not comply with those standards, one retest of the vehicle's emission shall be afforded without charge.

(5) All units of local government and agencies of the state with motor vehicles garaged or regularly operated in an emissions contributing area shall test the emissions of those vehicles biennially to ensure that the vehicle's emissions comply with the emission standards established by the director. A report of the results of the tests shall be submitted to the department. [1989 c 240 § 4.]

70.120.170 Motor vehicle emission inspections—Fees—Certificate of compliance—State and local agency vehicles. (Effective January 1, 1993.) (1) The department shall administer a system for emission inspections of all motor vehicles registered within the boundaries of each emission contributing area. Under such system a motor vehicle shall be inspected biennially except where an annual program would be required to meet federal law and prevent federal sanctions. In addition, motor vehicles shall be inspected at each change of registered owner of a licensed vehicle.

(2) The director shall:

(a) Adopt procedures for conducting emission inspections of motor vehicles. The inspections may include idle and high revolution per minute emission tests. The emission test for diesel vehicles shall consist solely of a smoke opacity test.

(b) Adopt criteria for calibrating emission testing equipment. Electronic equipment used to test for emissions standards provided for in this chapter shall be properly calibrated. The department shall examine frequently the calibration of the emission testing equipment used at the stations.

(c) Authorize, through contracts, the establishment and operation of inspection stations for conducting vehicle emission inspections authorized in this chapter. No person contracted to inspect motor vehicles may perform for compensation repairs on any vehicles. No public body may establish or operate contracted inspection stations. Any contracts must be let in accordance with the procedures established for competitive bids in chapter 43.19 RCW.

(3) Subsection (2)(c) of this section does not apply to volunteer motor vehicle inspections under RCW 70.120.020(1) if the inspections are conducted for the following purposes:

(a) Auditing;

(b) Contractor evaluation;

(c) Collection of data for establishing calibration and performance standards; or

(d) Public information and education.

(4)(a) The director shall establish by rule the fee to be charged for emission inspections. The inspection fee shall be a standard fee applicable state-wide or throughout an emission contributing area and shall be no greater than eighteen dollars. Surplus moneys collected from fees over the amount due the contractor shall be paid to the state and deposited in the general fund. Fees shall be set at the minimum whole dollar amount required to (i) compensate the contractor or inspection facility owner, and (ii) offset the general fund appropriation to the department to cover the administrative costs of the motor vehicle emission inspection program.

(b) Before each inspection, a person whose motor vehicle is to be inspected shall pay to the inspection station the fee established under this section. The person whose motor vehicle is inspected shall receive the results of the inspection. If the inspected vehicle complies with the standards established by the director, the person shall receive a dated certificate of compliance. If the inspected vehicle does not comply with those standards, one reinspection of the vehicle shall be afforded without charge.

(5) All units of local government and agencies of the state with motor vehicles garaged or regularly operated in an emissions contributing area shall test the emissions of those vehicles annually to ensure that the vehicle's emissions comply with the emission standards established by the director. All state agencies outside of emission contributing areas with more than twenty motor vehicles housed at a single facility or contiguous facilities shall test the emissions of those vehicles annually to ensure that the vehicles' emissions comply with standards established by the director. A report of the results of the tests shall be submitted to the department. [1991 c 199 § 208; 1989 c 240 § 4.]

Finding—1991 c 199: See note following RCW 70.94.011.

Effective dates—Severability—Captions not law—1991 c 199: See RCW 70.94.904 through 70.94.906.

70.120.180 Studies. (1) The department shall identify expected carbon monoxide emission trends over the next five years after January 1, 1990, without the motor vehicle emission program and report to the appropriate standing committees of the legislature by January 1, 1991.

(2) The department shall examine available testing data to determine vehicle subpopulations and incremental emission increases associated with subpopulations failing the emission test. This information shall be reported to the appropriate standing committees of the legislature by January 1, 1992. [1989 c 240 § 10.]

70.120.190 Used vehicles. (1) Motor vehicle dealers selling a used vehicle not under a new vehicle warranty shall include a notice in each vehicle purchase order form that reads as follows: "The owner of a vehicle may be required to spend up to (a dollar amount established under RCW 70.120.070) for repairs if the vehicle does not meet the vehicle emission standards under this chapter. Unless expressly warranted by the motor vehicle dealer, the dealer is not warranting that this vehicle will pass any emission tests required by federal or state law."

(2) The signature of the purchaser on the notice required under subsection (1) of this section shall constitute a valid disclaimer of any implied warranty by the dealer as to a vehicle's compliance with any emission standards.

(3) The disclosure requirement of subsection (1) of this section applies to all motor vehicle dealers located in counties where state emission inspections are required. [1991 c 199 § 210.]

To the extent possible, such specifications shall be equivalent for all fuel types. In developing such specifications the department shall consider the requirements of the clean air act and the findings of the environmental protection agency, other states, the American petroleum institute, the gas research institute, and the motor vehicles manufacturers association. Nuclear energy and radiation: Chapter 70.98 RCW.

Radioactive waste storage and transportation act of 1980: Chapter 70.99 RCW.

70.121.010 Legislative findings. The legislature finds that:

(1) The milling of uranium and thorium creates potential hazards to the health of the citizens of the state of Washington in that potentially hazardous radioactive isotopes, decay products of uranium and thorium, naturally occurring in relatively dispersed geologic formations, are brought to one location on the surface and pulverized in the process of mining and milling uranium and thorium.

(2) These radioactive isotopes, in addition to creating a field of gamma radiation in the vicinity of the tailings area, also exude potentially hazardous radioactive gas and particulates into the atmosphere from the tailings areas, and contaminate the milling facilities, thereby creating hazards which will be present for many generations.

(3) The public health and welfare of the citizens demands that the state assure that the public health be protected by requiring that: (a) Prior to the termination of any radioactive materials license, all milling facilities and associated tailings piles will be decommissioned in such a manner as to bring the potential public health hazard to a minimum; and (b) such environmental radiation monitoring as is necessary to verify the status of decommissioned facilities will be conducted. [1979 ex.s. c 110 § 1.]

Effective date—1979 ex.s. c 110: "This act shall take effect on January 1, 1980." [1979 ex.s. c 110 § 18.]

70.121.020 Definitions. Unless the context clearly requires a different meaning, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of health.

(2) "Secretary" means the secretary of health.

(3) "Site" means the restricted area as defined by the United States nuclear regulatory commission.

(4) "Tailings" means the residue remaining after extraction of uranium or thorium from the ore whether or not the residue is left in piles, but shall not include ore bodies nor ore stock piles.

(5) "License" means a radioactive materials license issued under chapter 70.98 RCW and the rules adopted under chapter 70.98 RCW.

(6) "Termination of license" means the cancellation of the license after permanent cessation of operations. Temporary interruptions or suspensions of production due to economic or other conditions are not a permanent cessation of operations.

(7) "Milling" means grinding, cutting, working, or concentrating ore which has been extracted from the earth by mechanical (conventional) or chemical (in situ) processes.

(8) "Obligor-licensee" means any person who obtains a license to operate a uranium or thorium mill in the state of Washington or any person who owns the property on which the mill operates and who owes money to the state for the licensing fee, for reclamation of the site, for perpetual surveillance and maintenance of the site, or for any other obligation owed the state under this chapter.

(9) "Statement of claim" means the document recorded or filed pursuant to this chapter, which names an obligor-licensee, names the state as obligee, describes the obligation owed to the state, and describes property owned by the obligor-licensee on which a lien will attach for the benefit of the state, and which creates the lien when filed. [1991 c 3 § 372; 1987 c 184 § 1; 1982 c 78 § 1; 1979 ex.s. c 110 § 2.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.030 Licenses—Renewal—Hearings. (1) Any person who proposes to operate a uranium or thorium mill within the state of Washington after January 1, 1980, shall obtain a license from the department to mill thorium and uranium. The period of the license shall be determined by the secretary and shall be initially valid for not more than two years and renewable thereafter for periods of not more than five years. No license may be granted unless:

(a) The owner or operator of the mill submits to the department a plan for reclamation and disposal of tailings and for decommissioning the site that conforms to the criteria and standards then in effect for the protection of the public safety and health; and

(b) The owner of the mill agrees to transfer or revert to the appropriate state or federal agency upon termination of the license all lands, buildings, and grounds, and any interests therein, necessary to fulfill the purposes of this chapter except where the lands are held in trust for or are owned by any Indian tribe.

(2) Any person operating a uranium or thorium mill on January 1, 1980, shall, at the time of application for renewal of his license to mill thorium or uranium, comply with the following conditions for continued operation of the mill:

(a) The owner or operator of the mill shall submit to the department a plan for reclamation and disposal of tailings and for decommissioning the site that conforms to the

criteria and standards then in effect for the protection of the public safety and health; and

(b) The owner of the mill shall agree to transfer or revert to the appropriate state or federal agency upon termination of the license all lands, buildings, and grounds, and any interests therein, necessary to fulfill the purposes of this chapter except where the lands are held in trust for or are owned by any Indian tribe.

(3) The department shall, after public notice and opportunity for written comment, hold a public hearing to consider the adequacy of the proposed plan to protect the safety and health of the public required by subsections (1) and (2) of this section. The proceedings shall be recorded and transcribed. The public hearing shall provide the opportunity for cross-examination by both the department and the person proposing the plan required under this section. The department shall make a written determination as to the licensing of the mill which is based upon the findings included in the determination and upon the evidence presented during the public comment period. The determination is subject to judicial review. If a declaration of nonsignificance is issued for a license renewal application under rules adopted under chapter 43.21C RCW, the public hearing is not required.

(4) The department shall set a schedule of license and amendment fees predicated on the cost of reviewing the license application and of monitoring for compliance with the conditions of the license. A permit for construction of a uranium or thorium mill may be granted by the secretary prior to licensing. [1979 ex.s. c 110 § 3.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.040 Facility operations and decommissioning—Monitoring. The secretary or his representative shall monitor the operations of the mill for compliance with the conditions of the license by the owner or operator. The mill owner or operator shall be responsible for compliance, both during the lifetime of the facility and at shutdown, including but not limited to such requirements as fencing and posting the site; contouring, covering, and stabilizing the pile; and for decommissioning the facility. [1979 ex.s. c 110 § 4.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.050 Radiation perpetual maintenance fund—Licensee contributions—Disposition. On a quarterly basis on and after January 1, 1980, there shall be levied and the department shall collect a charge of five cents per pound on each pound of uranium or thorium compound milled out of the raw ore. All moneys paid to the department from these charges shall be deposited in a special security fund in the treasury of the state of Washington to be known as the "radiation perpetual maintenance fund". This security fund shall be used by the department when a licensee has ceased to operate and the site may still contain, or have associated with the site at which the licensed activity was conducted in spite of full compliance with RCW 70.121.030, radioactive material which will require further maintenance, surveillance, or other care. If, with respect to a licensee, the department determines that the estimated total of these charges will be

less than or greater than that required to defray the estimated cost of administration of this responsibility, the department may prescribe such an increased or decreased charge as is considered necessary for this purpose. If, at termination of the license, the department determines that by the applicable standards and practices then in effect, the charges which have been collected from the licensee and earnings generated therefrom are in excess of the amount required to defray the cost of this responsibility, the department may refund the excess portion to the licensee. If, at termination of the license or cessation of operation, the department determines, by the applicable standards and practices then in effect, that the charges which have been collected from the licensee and earnings generated therefrom are together insufficient to defray the cost of this responsibility, the department may collect the excess portion from the licensee.

Moneys in the radiation perpetual maintenance fund shall be invested by the state investment board in the manner as other state moneys. [1987 c 184 § 2; 1979 ex.s. c 110 § 5.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.060 State authority to acquire property for surveillance sites. In order to provide for the proper care and surveillance of sites under RCW 70.121.050, the state may acquire by gift or transfer from any government agency, corporation, partnership, or person, all lands, buildings, and grounds necessary to fulfill the purposes of this chapter. Any such gift or transfer shall be subject to approval by the department. In exercising the authority of this section, the department shall take into consideration the status of the ownership of the land and interests therein and the ability of the licensee to transfer title and custody thereof to the state. [1979 ex.s. c 110 § 6.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.070 Status of acquired state property for surveillance sites. Recognizing the uncertainty of the existence of a person or corporation in perpetuity, and recognizing that ultimate responsibility to protect the public health and safety must be reposed in a solvent government, without regard to the existence of any particular agency or department thereof, all lands, buildings, and grounds acquired by the state under RCW 70.121.060 shall be owned in fee simple by the state and dedicated in perpetuity to the purposes stated in RCW 70.121.060. All radioactive material received at a site and located therein at the time of acquisition of ownership by the state shall become the property of the state. [1979 ex.s. c 110 § 7.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.080 Payment for transferred sites for surveillance. If a person licensed by any governmental agency other than the state or if any other governmental agency desires to transfer a site to the state for the purpose of administering or providing perpetual care, a lump sum payment shall be made to the radiation perpetual maintenance fund. The amount of the deposit shall be determined

by the department taking into consideration the factors stated in RCW 70.121.050. [1979 ex.s. c 110 § 8.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.090 Authority for on-site inspections and monitoring. Each licensee under this chapter, as a condition of his license, shall submit to whatever reasonable on-site inspections and on-site monitoring as required in order for the department to carry out its responsibilities and duties under this chapter. Such on-site inspections and monitoring shall be conducted without the necessity of any further approval or any permit or warrant therefor. [1979 ex.s. c 110 § 9.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.100 Licensees' bond requirements. The secretary or the secretary's duly authorized representative shall require the posting of a bond by licensees to be used exclusively to provide funds in the event of abandonment, default, or other inability of the licensee to meet the requirements of the department. The secretary may establish bonding requirements by classes of licensees and by range of monetary amounts. In establishing these requirements, the secretary shall consider the potential for contamination, injury, cost of disposal, and reclamation of the property. The amount of the bond shall be sufficient to pay the costs of reclamation and perpetual maintenance. [1987 c 184 § 5; 1979 ex.s. c 110 § 10.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.110 Acceptable bonds. A bond shall be accepted by the department if it is a bond issued by a fidelity or surety company admitted to do business in the state of Washington and the fidelity or surety company is found by the state finance commission to be financially secure at licensing and licensing renewals, if it is a personal bond secured by such collateral as the secretary deems satisfactory and in accordance with RCW 70.121.100, or if it is a cash bond. [1987 c 184 § 6; 1979 ex.s. c 110 § 11.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.120 Forfeited bonds—Use of fund. All bonds forfeited shall be paid to the department for deposit in the radiation perpetual maintenance fund. All moneys in this fund may only be expended by the department as necessary for the protection of the public health and safety and shall not be used for normal operating expenses of the department. [1979 ex.s. c 110 § 12.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.130 Exemptions from bonding requirements. All state, local, or other governmental agencies, or subdivisions thereof, are exempt from the bonding requirements of this chapter. [1987 c 184 § 7; 1979 ex.s. c 110 § 13.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.140 Amounts owed to state—Lien created.

If a licensee fails to pay the department within a reasonable time money owed to the state under this chapter, the obligation owed to the state shall constitute a lien on all property, both real and personal, owned by the obligor-licensee when the department records or files, pursuant to this section, a statement of claim against the obligor-licensee. The statement of claim against the obligor-licensee shall name the obligor-licensee, name the state as obligee, describe the obligation, and describe the property to be held in security for the obligation.

Statements of claim creating a lien on real property, fixtures, timber, agricultural products, oil, gas, or minerals shall be recorded with the county auditor in each county where the property is located. Statements of claim creating a lien in personal property, whether tangible or intangible, shall be filed with the department of licensing.

A lien recorded or filed pursuant to this section has priority over any lien, interest, or other encumbrance previously or thereafter recorded or filed concerning any property described in the statement of claim, to the extent allowed by federal law.

A lien created pursuant to this section shall continue in force until extinguished by foreclosure or bankruptcy proceedings or until a release of the lien signed by the secretary is recorded or filed in the place where the statement of claim was recorded or filed. The secretary shall sign and record or file a release only after the obligation owed to the state under this chapter, together with accrued interest and costs of collection has been paid. [1987 c 184 § 3.]

70.121.150 Amounts owed to the state—Collection by attorney general. The attorney general shall use all available methods of obtaining funds owed to the state under this chapter. The attorney general shall foreclose on liens made pursuant to this section, obtain judgments against obligor-licensees and pursue assets of the obligor-licensees found outside the state, consider pursuing the assets of parent corporations and shareholders where an obligor-licensee corporation is an underfinanced corporation, and pursue any other legal remedy available. [1987 c 184 § 4.]

70.121.900 Construction. This chapter is cumulative and not exclusive, and no part of this chapter shall be construed to repeal any existing law specifically enacted for the protection of the public health and safety. [1979 ex.s. c 110 § 14.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.905 Short title. This chapter may be known as the "Mill Tailings Licensing and Perpetual Care Act of 1979". [1979 ex.s. c 110 § 15.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.910 Severability—1979 ex.s. c 110. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the

application of the provision to other persons or circumstances is not affected. [1979 ex.s. c 110 § 16.]

Futile treatment and emergency medical personnel: RCW 43.70.480.

70.122.010 Legislative findings. The legislature finds that adult persons have the fundamental right to control the decisions relating to the rendering of their own health care, including the decision to have life-sustaining treatment withheld or withdrawn in instances of a terminal condition or permanent unconscious condition.

The legislature further finds that modern medical technology has made possible the artificial prolongation of human life beyond natural limits.

The legislature further finds that, in the interest of protecting individual autonomy, such prolongation of the process of dying for persons with a terminal condition or permanent unconscious condition may cause loss of patient dignity, and unnecessary pain and suffering, while providing nothing medically necessary or beneficial to the patient. The legislature further believes that physicians and nurses should not withhold or unreasonably diminish pain medication for patients in a terminal condition where the primary intent of providing such medication is to alleviate pain and maintain or increase the patient's comfort.

The legislature further finds that there exists considerable uncertainty in the medical and legal professions as to the legality of terminating the use or application of life-sustaining treatment where the patient having the capacity to make health care decisions has voluntarily evidenced a desire that such treatment be withheld or withdrawn.

In recognition of the dignity and privacy which patients have a right to expect, the legislature hereby declares that the laws of the state of Washington shall recognize the right of an adult person to make a written directive instructing such person's physician to withhold or withdraw life-sustaining treatment in the event of a terminal condition or permanent unconscious condition. The legislature also recognizes that

a person's right to control his or her health care may be exercised by an authorized representative who validly holds the person's durable power of attorney for health care. [1992 c 98 § 1; 1979 c 112 § 2.]

70.122.020 Definitions. Unless the context clearly requires otherwise, the definitions contained in this section shall apply throughout this chapter.

(1) "Adult person" means a person who has attained the age of majority as defined in RCW 26.28.010 and 26.28.015, and who has the capacity to make health care decisions.

(2) "Attending physician" means the physician selected by, or assigned to, the patient who has primary responsibility for the treatment and care of the patient.

(3) "Directive" means a written document voluntarily executed by the declarer generally consistent with the guidelines of RCW 70.122.030.

(4) "Health facility" means a hospital as defined in RCW 70.41.020(2) or a nursing home as defined in RCW 18.51.010, a home health agency or hospice agency as defined in RCW 70.126.010, or a boarding home as defined in RCW 18.20.020.

(5) "Life-sustaining treatment" means any medical or surgical intervention that uses mechanical or other artificial means, including artificially provided nutrition and hydration, to sustain, restore, or replace a vital function, which, when applied to a qualified patient, would serve only to prolong the process of dying. "Life-sustaining treatment" shall not include the administration of medication or the performance of any medical or surgical intervention deemed necessary solely to alleviate pain.

(6) "Permanent unconscious condition" means an incurable and irreversible condition in which the patient is medically assessed within reasonable medical judgment as having no reasonable probability of recovery from an irreversible coma or a persistent vegetative state.

(7) "Physician" means a person licensed under chapters 18.71 or 18.57 RCW.

(8) "Qualified patient" means an adult person who is a patient diagnosed in writing to have a terminal condition by the patient's attending physician, who has personally examined the patient, or a patient who is diagnosed in writing to be in a permanent unconscious condition in accordance with accepted medical standards by two physicians, one of whom is the patient's attending physician, and both of whom have personally examined the patient.

(9) "Terminal condition" means an incurable and irreversible condition caused by injury, disease, or illness, that, within reasonable medical judgment, will cause death within a reasonable period of time in accordance with accepted medical standards, and where the application of life-sustaining treatment serves only to prolong the process of dying. [1992 c 98 § 2; 1979 c 112 § 3.]

70.122.030 Directive to withhold or withdraw life-sustaining treatment. (1) Any adult person may execute a directive directing the withholding or withdrawal of life-sustaining treatment in a terminal condition or permanent unconscious condition. The directive shall be signed by the declarer in the presence of two witnesses not related to the declarer by blood or marriage and who would not be entitled

to any portion of the estate of the declarer upon declarer's decease under any will of the declarer or codicil thereto then existing or, at the time of the directive, by operation of law then existing. In addition, a witness to a directive shall not be the attending physician, an employee of the attending physician or a health facility in which the declarer is a patient, or any person who has a claim against any portion of the estate of the declarer upon declarer's decease at the time of the execution of the directive. The directive, or a copy thereof, shall be made part of the patient's medical records retained by the attending physician, a copy of which shall be forwarded by the custodian of the records to the health facility when the withholding or withdrawal of life-support treatment is contemplated. The directive may be in the following form, but in addition may include other specific directions:

Health Care Directive

Directive made this day of (month, year).

I, having the capacity to make health care decisions, willfully, and voluntarily make known my desire that my dying shall not be artificially prolonged under the circumstances set forth below, and do hereby declare that:

(a) If at any time I should be diagnosed in writing to be in a terminal condition by the attending physician, or in a permanent unconscious condition by two physicians, and where the application of life-sustaining treatment would serve only to artificially prolong the process of my dying, I direct that such treatment be withheld or withdrawn, and that I be permitted to die naturally. I understand by using this form that a terminal condition means an incurable and irreversible condition caused by injury, disease, or illness, that would within reasonable medical judgment cause death within a reasonable period of time in accordance with accepted medical standards, and where the application of life-sustaining treatment would serve only to prolong the process of dying. I further understand in using this form that a permanent unconscious condition means an incurable and irreversible condition in which I am medically assessed within reasonable medical judgment as having no reasonable probability of recovery from an irreversible coma or a persistent vegetative state.

(b) In the absence of my ability to give directions regarding the use of such life-sustaining treatment, it is my intention that this directive shall be honored by my family and physician(s) as the final expression of my legal right to refuse medical or surgical treatment and I accept the consequences of such refusal. If another person is appointed to make these decisions for me, whether through a durable power of attorney or otherwise, I request that the person be guided by this directive and any other clear expressions of my desires.

(c) If I am diagnosed to be in a terminal condition or in a permanent unconscious condition (check one):

I DO want to have artificially provided nutrition and hydration.

I DO NOT want to have artificially provided nutrition and hydration.

(d) If I have been diagnosed as pregnant and that diagnosis is known to my physician, this directive shall have no force or effect during the course of my pregnancy.

(e) I understand the full import of this directive and I am emotionally and mentally capable to make the health care decisions contained in this directive.

(f) I understand that before I sign this directive, I can add to or delete from or otherwise change the wording of this directive and that I may add to or delete from this directive at any time and that any changes shall be consistent with Washington state law or federal constitutional law to be legally valid.

(g) It is my wish that every part of this directive be fully implemented. If for any reason any part is held invalid it is my wish that the remainder of my directive be implemented.

Signed

City, County, and State of Residence

The declarer has been personally known to me and I believe him or her to be capable of making health care decisions.

(2) Prior to withholding or withdrawing life-sustaining treatment, the diagnosis of a terminal condition by the attending physician or the diagnosis of a permanent unconscious state by two physicians shall be entered in writing and made a permanent part of the patient's medical records.

(3) A directive executed in another political jurisdiction is valid to the extent permitted by Washington state law and federal constitutional law. [1992 c 98 § 3; 1979 c 112 § 4.]

70.122.040 Revocation of directive. (1) A directive may be revoked at any time by the declarer, without regard to declarer's mental state or competency, by any of the following methods:

(a) By being canceled, defaced, obliterated, burned, torn, or otherwise destroyed by the declarer or by some person in declarer's presence and by declarer's direction.

(b) By a written revocation of the declarer expressing declarer's intent to revoke, signed, and dated by the declarer. Such revocation shall become effective only upon communication to the attending physician by the declarer or by a person acting on behalf of the declarer. The attending physician shall record in the patient's medical record the time and date when said physician received notification of the written revocation.

(c) By a verbal expression by the declarer of declarer's intent to revoke the directive. Such revocation shall become effective only upon communication to the attending physician by the declarer or by a person acting on behalf of the declarer. The attending physician shall record in the patient's medical record the time, date, and place of the revocation and the time, date, and place, if different, of when said physician received notification of the revocation.

(2) There shall be no criminal or civil liability on the part of any person for failure to act upon a revocation made pursuant to this section unless that person has actual or constructive knowledge of the revocation.

(3) If the declarer becomes comatose or is rendered incapable of communicating with the attending physician, the directive shall remain in effect for the duration of the comatose condition or until such time as the declarer's

condition renders declarer able to communicate with the attending physician. [1979 c 112 § 5.]

70.122.051 Liability of health care provider or facility. Any physician, health care provider acting under the direction of a physician, or health facility and its personnel who participate in good faith in the withholding or withdrawal of life-sustaining treatment from a qualified patient in accordance with the requirements of this chapter, shall be immune from legal liability, including civil, criminal, or professional conduct sanctions, unless otherwise negligent. [1992 c 98 § 5.]

70.122.060 Procedures by physician—Health care facility or personnel may refuse to participate. (1) Prior to the withholding or withdrawal of life-sustaining treatment from a qualified patient pursuant to the directive, the attending physician shall make a reasonable effort to determine that the directive complies with RCW 70.122.030 and, if the patient is capable of making health care decisions, that the directive and all steps proposed by the attending physician to be undertaken are currently in accord with the desires of the qualified patient.

(2) The attending physician or health facility shall inform a patient or patient's authorized representative of the existence of any policy or practice that would preclude the honoring of the patient's directive at the time the physician or facility becomes aware of the existence of such a directive. If the patient, after being informed of such policy or directive, chooses to retain the physician or facility, the physician or facility with the patient or the patient's representative shall prepare a written plan to be filed with the patient's directive that sets forth the physician's or facilities' intended actions should the patient's medical status change so that the directive would become operative. The physician or facility under this subsection has no obligation to honor the patient's directive if they have complied with the requirements of this subsection, including compliance with the written plan required under this subsection.

(3) The directive shall be conclusively presumed, unless revoked, to be the directions of the patient regarding the withholding or withdrawal of life-sustaining treatment. No physician, health facility, or health personnel acting in good faith with the directive or in accordance with the written plan in subsection (2) of this section shall be criminally or civilly liable for failing to effectuate the directive of the qualified patient pursuant to this subsection.

(4) No nurse, physician, or other health care practitioner may be required by law or contract in any circumstances to participate in the withholding or withdrawal of life-sustaining treatment if such person objects to so doing. No person may be discriminated against in employment or professional privileges because of the person's participation or refusal to participate in the withholding or withdrawal of life-sustaining treatment. [1992 c 98 § 6; 1979 c 112 § 7.]

70.122.070 Effects of carrying out directive—Insurance. (1) The withholding or withdrawal of life-sustaining treatment from a qualified patient pursuant to the patient's directive in accordance with the provisions of this

chapter shall not, for any purpose, constitute a suicide or a homicide.

(2) The making of a directive pursuant to RCW 70.122.030 shall not restrict, inhibit, or impair in any manner the sale, procurement, or issuance of any policy of life insurance, nor shall it be deemed to modify the terms of an existing policy of life insurance. No policy of life insurance shall be legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining treatment from an insured qualified patient, notwithstanding any term of the policy to the contrary.

(3) No physician, health facility, or other health provider, and no health care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital service plan, shall require any person to execute a directive as a condition for being insured for, or receiving, health care services. [1992 c 98 § 7; 1979 c 112 § 8.]

70.122.080 Effects of carrying out directive on cause of death. The act of withholding or withdrawing life-sustaining treatment, when done pursuant to a directive described in RCW 70.122.030 and which results in the death of the declarer, shall not be construed to be an intervening force or to affect the chain of proximate cause between the conduct of anyone that placed the declarer in a terminal condition or a permanent unconscious condition and the death of the declarer. [1992 c 98 § 8; 1979 c 112 § 10.]

70.122.090 Criminal conduct—Penalties. Any person who willfully conceals, cancels, defaces, obliterates, or damages the directive of another without such declarer's consent shall be guilty of a gross misdemeanor. Any person who falsifies or forges the directive of another, or willfully conceals or withholds personal knowledge of a revocation as provided in RCW 70.122.040 with the intent to cause a withholding or withdrawal of life-sustaining treatment contrary to the wishes of the declarer, and thereby, because of any such act, directly causes life-sustaining treatment to be withheld or withdrawn and death to thereby be hastened, shall be subject to prosecution for murder in the first degree as defined in RCW 9A.32.030. [1992 c 98 § 9; 1979 c 112 § 9.]

70.122.100 Mercy killing or physician-assisted suicide not authorized. Nothing in this chapter shall be construed to condone, authorize, or approve mercy killing or physician-assisted suicide, or to permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying. [1992 c 98 § 10; 1979 c 112 § 11.]

70.122.110 Discharge so that patient may die at home. If a qualified patient capable of making health care decisions indicates that he or she wishes to die at home, the patient shall be discharged as soon as reasonably possible. The health care provider or facility has an obligation to explain the medical risks of an immediate discharge to the qualified patient. If the provider or facility complies with the obligation to explain the medical risks of an immediate discharge to a qualified patient, there shall be no civil or

criminal liability for claims arising from such discharge. [1992 c 98 § 4.]

70.122.120 Directive's validity assumed. Any person or health facility may assume that a directive complies with this chapter and is valid. [1992 c 98 § 12.]

70.122.900 Short title. This act shall be known and may be cited as the "Natural Death Act". [1979 c 112 § 1.]

70.122.905 Severability—1979 c 112. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable. [1979 c 112 § 13.]

70.122.910 Construction. This chapter shall not be construed as providing the exclusive means by which individuals may make decisions regarding their health treatment, including but not limited to, the withholding or withdrawal of life-sustaining treatment, nor limiting the means provided by case law more expansive than chapter 98, Laws of 1992. [1992 c 98 § 11.]

70.122.915 Application—1992 c 98. A directive executed anytime before June 11, 1992, which generally complies with chapter 98, Laws of 1992 is effective under chapter 98, Laws of 1992. [1992 c 98 § 13.]

70.122.920 Severability—1992 c 98. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1992 c 98 § 17.]

Domestic violence—Official response: Chapter 10.99 RCW.

Domestic violence prevention: Chapter 26.50 RCW.

Donations of surplus state property: RCW 43.19.1920.

70.123.010 Legislative findings. The legislature finds that domestic violence is an issue of growing concern at all levels of government and that there is a present and growing need to develop innovative strategies and services which will ameliorate and reduce the trauma of domestic violence. Research findings show that domestic violence constitutes a significant percentage of homicides, aggravated assaults, and assaults and batteries in the United States. Domestic violence is a disruptive influence on personal and community life and is often interrelated with a number of other family problems and stresses. Shelters for victims of domestic violence are essential to provide protection to victims from further abuse and physical harm and to help the victim find long-range alternative living situations, if requested. Shelters provide safety, refuge, advocacy, and helping resources to victims who may not have access to such things if they remain in abusive situations.

The legislature therefore recognizes the need for the state-wide development and expansion of shelters for victims of domestic violence. [1979 ex.s. c 245 § 1.]

70.124.010 Legislative findings. (1) The Washington state legislature finds and declares that a reporting system is needed to protect nursing home and state hospital patients from abuse. Instances of nonaccidental injury, neglect, death, sexual abuse, and cruelty to such patients have occurred, and in the instance where such a patient is deprived of his or her right to conditions of minimal health and safety, the state is justified in emergency intervention based upon verified information. Therefore the Washington state legislature hereby provides for the reporting of such cases to the appropriate public authorities.

(2) It is the intent of the legislature that: (a) As a result of such reports, protective services shall be made available in an effort to prevent further abuses, and to safeguard the general welfare of the patients; and (b) such reports shall be maintained and disseminated with strictest regard for the privacy of the subjects of such reports and so as to safeguard against arbitrary, malicious, or erroneous information or actions. 70.125.010 Short title. This chapter may be known and cited as the Victims of Sexual Assault Act. [1979 ex.s. c 219 § 1.]

Severability—1979 ex.s. c 219: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 219 § 22.]

70.125.020 Legislative findings—Program objectives. (1) The legislature hereby finds and declares that:

(a) Sexual assault has become one of the most rapidly increasing violent crimes over the last decade;

(b) There is a lack of essential information and data concerning sexual assault;

(c) There is a lack of adequate training for law enforcement officers concerning sexual assault, the victim, the offender, and the investigation;

(d) There is a lack of community awareness and knowledge concerning sexual assault and the physical and psychological impact upon the victim;

(e) There is a lack of public information concerning sexual assault prevention and personal self-protection;

(f) Because of the lack of information, training, and services, the victims of sexual assault are not receiving the assistance they require in dealing with the physical and psychological trauma of a sexual assault;

(g) The criminal justice system and health care system should maintain close contact and cooperation with each other and with community rape crisis centers to expedite the disposition of sexual assault cases; and

(h) Persons who are victims of sexual assault will benefit directly from increased public awareness and education, increased prosecutions, and a criminal justice system which treats them in a humane manner.

(2) Therefore, a state-wide sexual assault education, training, and consultation program should be developed. Such a state-wide program should seek to improve treatment of victims through information-gathering, education, training, community awareness programs, and by increasing the efficiency of the criminal justice and health care systems as they relate to sexual assault. Such a program should serve a consultative and facilitative function for organizations which provide services to victims and potential victims of sexual assault. [1979 ex.s. c 219 § 2.]

70.126.001 Legislative finding. The legislature finds that the cost of medical care in general and hospital care in particular has risen dramatically in recent years, and that in 1981, such costs rose faster than in any year since World War II. The purpose of RCW 70.126.001 through *70.126.050 is to support the provision of less expensive and more appropriate levels of care, home health care and hospice care, in order to avoid hospitalization or shorten hospital stays. [1983 c 249 § 4.]

70.127.005 Legislative intent. The legislature finds that the availability of home health, hospice, and home care services has improved the quality of life for Washington's

citizens. However, the delivery of these services bring risks because the in-home location of services makes their actual delivery virtually invisible. Also, the complexity of products, services, and delivery systems in today's health care delivery system challenges even informed and healthy individuals. The fact that these services are delivered to the state's most vulnerable population, the ill or disabled who are frequently also elderly, adds to these risks.

It is the intent of the legislature to protect the citizens of Washington state by licensing home health, hospice, and home care agencies. This legislation is not intended to unreasonably restrict entry into the in-home service marketplace. Standards established are intended to be the minimum necessary to ensure safe and competent care, and should be demonstrably related to patient safety and welfare. [1988 c 245 § 1.]

70.128.005 Finding. The legislature finds that adult family homes are an important part of the state's long-term care system. Adult family homes provide an alternative to institutional care and promote a high degree of independent living for residents. [1989 c 427 § 14.]

70.128.007 Purpose. The purposes of this chapter are to:

(1) Encourage the establishment and maintenance of adult family homes that provide a humane, safe, and home-like environment for persons with functional limitations who need personal and special care;

(2) Establish standards for regulating adult family homes that adequately protect residents, but are consistent with the abilities and resources of an adult family home so as not to discourage individuals from serving as adult family home providers; and

(3) Encourage consumers, families, providers, and the public to become active in assuring their full participation in development of adult family homes that provide high quality care. [1989 c 427 § 15.]

70.128.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adult family home" means a regular family abode of a person or persons who are providing personal care, room, and board to more than one but not more than four adults who are not related by blood or marriage to the person or persons providing the services; except that a maximum of six adults may be permitted if the department determines that the home is of adequate size and that the home and the provider are capable of meeting standards and qualifications as provided for in *this act.

(2) "Provider" means any person who is licensed under this chapter to operate an adult family home. The provider shall reside at the adult family home, except that exceptions may be authorized by the department for good cause, as defined in rule.

(3) "Department" means the department of social and health services.

(4) "Resident" means an adult in need of personal or special care in an adult family home who is not related to the provider.

(5) "Adults" means persons who have attained the age of eighteen years.

(6) "Home" means an adult family home.

(7) "Imminent danger" means serious physical harm to or death of a resident has occurred, or there is a serious threat to resident life, health, or safety.

(8) "Special care" means care beyond personal care as defined by the department, in rule. [1989 c 427 § 16.]

***Reviser's note:** For codification of "this act" [1989 c 427], see Codification Tables, Volume 0.

70.128.030 Exemptions. The following residential facilities shall be exempt from the operation of this chapter:

(1) Nursing homes licensed under chapter 18.51 RCW;
 (2) Boarding homes licensed under chapter 18.20 RCW;
 (3) Facilities approved and certified under chapter 71A.22 RCW;

(4) Residential treatment centers for the mentally ill licensed under chapter 71.24 RCW;

(5) Hospitals licensed under chapter 70.41 RCW;

(6) Homes for the developmentally disabled licensed under chapter 74.15 RCW. [1989 c 427 § 17.]

70.128.040 Adoption of rules and standards. (1) The department shall adopt rules and standards with respect to all adult family homes and the operators thereof to be licensed under this chapter to carry out the purposes and requirements of this chapter. In developing rules and standards the department shall recognize the residential

family-like nature of adult family homes and not develop rules and standards which by their complexity serve as an overly restrictive barrier to the development of the adult family homes in the state. Procedures and forms established by the department shall be developed so they are easy to understand and comply with. Paper work requirements shall be minimal. Easy to understand materials shall be developed for homes explaining licensure requirements and procedures.

(2) During the initial stages of development of proposed rules, the department shall provide notice of development of the rules to organizations representing adult family homes and their residents, and other groups that the department finds appropriate. The notice shall state the subject of the rules under consideration and solicit written recommendations regarding their form and content.

(3) Except where provided otherwise, chapter 34.05 RCW shall govern all department rule-making and adjudicative activities under this chapter. [1989 c 427 § 18.]

70.128.050 License—Required as of July 1, 1990.

After July 1, 1990, no person shall operate or maintain an adult family home in this state without a license under this chapter. [1989 c 427 § 19.]

70.128.055 Operating without license—Misdemeanor. A person operating or maintaining an adult family home without a license under this chapter is guilty of a misdemeanor. Each day of a continuing violation after conviction is considered a separate offense. [1991 c 40 § 1.]

70.128.057 Operating without a license—Injunction. Notwithstanding the existence or use of any other remedy, the department may, in the manner provided by law, upon the advice of the attorney general who shall represent the department in the proceedings, maintain an action in the name of the state for an injunction or other process against a person to restrain or prevent the operation or maintenance of an adult family home without a license under this chapter. [1991 c 40 § 2.]

70.128.060 License—Generally. (1) An application for license shall be made to the department upon forms provided by it and shall contain such information as the department reasonably requires.

(2) The department shall issue a license to an adult family home if the department finds that the applicant and the home are in compliance with this chapter and the rules adopted under this chapter; and that the applicant has no prior violations of this chapter relating to the adult family home subject to the application or any other adult family home, or of any other law regulating residential care facilities within the past five years that resulted in revocation or nonrenewal of a license.

(3) The license fee shall be submitted with the application.

(4) The department shall serve upon the applicant a copy of the decision granting or denying an application for a license. An applicant shall have the right to contest denial of his or her application for a license as provided in chapter 34.05 RCW by requesting a hearing in writing within ten days after receipt of the notice of denial.

(5) A provider shall not be licensed for more than one adult family home. Exceptions may be authorized by the department for good cause, as defined in rule. The department shall submit to appropriate committees of the legislature, by December 1, 1991, a report on the number and type of good cause exceptions granted.

(6) The license fee shall be set at fifty dollars per year for each home. A fifty dollar processing fee shall also be charged each home when the home is initially licensed. [1989 c 427 § 20.]

70.128.070 License—Renewal—Inspections—Correction of violations. (1) A license shall be valid for one year.

(2) At least ninety days prior to expiration of the license, the provider shall submit an application for renewal of a license. The department shall send the provider an application for renewal prior to this time. The department shall have the authority to investigate any information included in the application for renewal of a license.

(3)(a) Homes applying for a license shall be inspected at the time of licensure.

(b) Homes licensed by the department shall be inspected every eighteen months subject to available funds.

(c) Licensed homes where a complaint has been received by the department may be inspected at any time.

(4) If the department finds that the home is not in compliance with this chapter, it shall require the home to correct any violations as provided in this chapter. If the department finds that the home is in compliance with this chapter and the rules adopted under this chapter, the department shall renew the license of the home. [1989 c 427 § 22.]

70.128.080 License and inspection report—Review. An adult family home shall have readily available for review:

The department also shall have the authority to interview the provider and residents of an adult family home.

(2) Whenever an inspection is conducted, the department shall prepare a written report that summarizes all information obtained during the inspection, and if the home is in violation of this chapter, serve a copy of the inspection report upon the provider at the same time as a notice of violation. If the home is not in violation of this chapter, a copy of the inspection report shall be mailed to the provider within ten days of the inspection of the home. All inspection reports shall be made available to the public at the department during business hours.

(3) The inspection report shall describe any corrective measures on the part of the provider necessary to pass a reinspection. If the department finds upon reinspection of the home that the corrective measures have been satisfactorily implemented, the department shall cease any actions taken against the home. Nothing in this section shall require the department to license or renew the license of a home where serious physical harm or death has occurred to a resident. [1989 c 427 § 30.]

70.128.100 Immediate suspension of license when conditions warrant. The department has the authority to immediately suspend a license if it finds that conditions there constitute an imminent danger to residents. [1989 c 427 § 32.]

70.128.105 Injunction if conditions warrant. The department may commence an action in superior court to enjoin the operation of an adult family home if it finds that conditions there constitute an imminent danger to residents. [1991 c 40 § 3.]

70.128.120 Adult family home provider—Minimum qualifications. An adult family home provider shall have the following minimum qualifications:

(2) Adult family homes shall be maintained in a clean and sanitary manner, including proper sewage disposal, food handling, and hygiene practices.

(3) Adult family homes shall develop a fire drill plan for emergency evacuation of residents, shall have smoke detectors in each bedroom where a resident is located, shall have fire extinguishers on each floor of the home, and shall not keep nonambulatory patients above the first floor of the home.

(4) Adult family homes shall have clean, functioning, and safe household items and furnishings.

(5) Adult family homes shall provide a nutritious and balanced diet and shall recognize residents' needs for special diets.

(6) Adult family homes shall establish health care procedures for the care of residents including medication administration and emergency medical care.

(a) Adult family home residents shall be permitted to self-administer medications.

(b) Adult family home providers may administer medications and deliver special care only to the extent that the provider is a licensed health care professional for whom the administration of medications is within the scope of practice under Washington law. [1989 c 427 § 26.]

70.128.140 Compliance with local codes and state and local fire safety regulations. Each adult family home shall meet applicable local licensing, zoning, building, and housing codes, and state and local fire safety regulations. It is the responsibility of the home to check with local authorities to ensure all local codes are met. [1989 c 427 § 27.]

In designating an incident command agency, the political subdivision shall consider the training, manpower, expertise, and equipment of various available agencies as well as the Uniform Fire Code and other existing codes and regulations. Along state and interstate highway corridors, the Washington state patrol shall be the designated incident command agency unless by mutual agreement that role has been assumed by another designated incident command agency. If a political subdivision has not designated an incident command agency within six months after July 26, 1987, the Washington state patrol shall then assume the role of incident command agency by action of the chief until a designation has been made. [1987 c 238 § 2; 1986 c 266 § 50; 1985 c 7 § 132; 1984 c 165 § 1; 1982 c 172 § 4.]

Severability—1986 c 266: See note following RCW 38.52.005.

70.136.035 Incident command agencies—Assistance from state patrol. In political subdivisions where an incident command agency has been designated, the Washington state patrol shall continue to respond with a supervisor to provide assistance to the incident command agency. [1987 c 238 § 3.]

70.136.040 Incident command agencies—Emergency assistance agreements. Hazardous materials incident command agencies, so designated by all applicable political subdivisions of the state, are authorized and encouraged, prior to a hazardous materials incident, to enter individually or jointly into written hazardous materials emergency assistance agreements with any person whose knowledge or expertise is deemed potentially useful. [1982 c 172 § 3.]

70.136.050 Persons and agencies rendering emergency aid in hazardous materials incidents—Immunity from liability—Limitations. An incident command agency in the good faith performance of its duties, is not liable for civil damages resulting from any act or omission in the performance of its duties, other than acts or omissions constituting gross negligence or wilful or wanton misconduct.

Any person or public agency whose assistance has been requested by an incident command agency, who has entered into a written hazardous materials assistance agreement before or at the scene of the incident pursuant to RCW

70.136.060 and 70.136.070, and who, in good faith, renders emergency care, assistance, or advice with respect to a hazardous materials incident, is not liable for civil damages resulting from any act or omission in the rendering of such care, assistance, or advice, other than acts or omissions constituting gross negligence or wilful or wanton misconduct. [1987 c 238 § 4; 1984 c 165 § 2; 1982 c 172 § 5.]

70.136.055 Person causing hazardous materials incident—Responsibility for incident clean-up—Liability. See RCW 4.24.314.

70.136.060 Written emergency assistance agreements—Terms and conditions—Records. Hazardous materials emergency assistance agreements which are executed prior to a hazardous materials incident shall include the following terms and conditions:

- (1) The person or public agency requested to assist shall not be obligated to assist;
- (2) The person or public agency requested to assist may act only under the direction of the incident command agency or its representative;
- (3) The person or public agency requested to assist may withdraw its assistance if it deems the actions or directions of the incident command agency to be contrary to accepted hazardous materials response practices;
- (4) The person or public agency requested to assist shall not profit from rendering the assistance;
- (5) Any person responsible for causing the hazardous materials incident shall not be covered by the liability standard defined in RCW 70.136.050.

It is the responsibility of both parties to ensure that mutually agreeable procedures are established for identifying the incident command agency when assistance is requested, for recording the name of the person or public agency whose assistance is requested, and the time and date of the request, which records shall be retained for three years by the incident command agency. A copy of the official incident command agency designation shall be a part of the assistance agreement specified in this section. [1987 c 238 § 5; 1982 c 172 § 6.]

70.136.070 Verbal emergency assistance agreements—Good Samaritan law—Notification—Form. (1) Verbal hazardous materials emergency assistance agreements may be entered into at the scene of an incident where execution of a written agreement prior to the incident is not possible. A notification of the terms of this section shall be presented at the scene by the incident command agency or its representative to the person or public agency whose assistance is requested. The incident command agency and the person or public agency whose assistance is requested shall both sign the notification which appears in subsection (2) of this section, indicating the date and time of signature. If a requesting incident command agency deliberately misrepresents individual or agency status, that agency shall assume full liability for any damages resulting from the actions of the person or public agency whose assistance is requested, other than those damages resulting from gross negligence or wilful or wanton misconduct.

(2) The notification required by subsection (1) of this section shall be in substantially the following form:

NOTIFICATION OF "GOOD SAMARITAN" LAW
You have been requested to provide emergency assistance by a representative of a hazardous materials incident command agency. To encourage your assistance, the Washington state legislature has passed "Good Samaritan" legislation (RCW 70.136.050) to protect you from potential liability. The law reads, in part:

"Any person or public agency whose assistance has been requested by an incident command agency, who has entered into a written hazardous materials assistance agreement . . . at the scene of the incident pursuant to . . . RCW 70.136.070, and who, in good faith, renders emergency care, assistance, or advice with respect to a hazardous materials incident, is not liable for civil damages resulting from any act or omission in the rendering of such care, assistance, or advice, other than acts or omissions constituting gross negligence or wilful or wanton misconduct."

The law requires that you be advised of certain conditions to ensure your protection:

- 1. You are not obligated to assist and you may withdraw your assistance at any time.
- 2. You cannot profit from assisting.
- 3. You must agree to act under the direction of the incident command agency.
- 4. You are not covered by this law if you caused the initial accident.

70.138.010 Legislative findings. The legislature finds:

- (1) Solid wastes generated in the state are to be managed in the following order of descending priority: (a)

Waste reduction; (b) recycling; (c) treatment; (d) energy recovery or incineration; (e) solidification/stabilization; and (f) landfill.

(2) Special incinerator ash residues from the incineration of municipal solid waste that would otherwise be regulated as hazardous wastes need a separate regulatory scheme in order to (a) ease the permitting and reporting requirements of chapter 70.105 RCW, the state hazardous waste management act, and (b) supplement the environmental protection provisions of chapter 70.95 RCW, the state solid waste management act.

(3) Raw garbage poses significant environmental and public health risks. Municipal solid waste incineration constitutes a higher waste management priority than the land disposal of untreated municipal solid waste due to its reduction of waste volumes and environmental health risks.

It is therefore the purpose of this chapter to establish management requirements for special incinerator ash that otherwise would be regulated as hazardous waste under chapter 70.105 RCW, the hazardous waste management act. [1987 c 528 § 1.]

70.138.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of ecology.

(2) "Director" means the director of the department of ecology or the director's designee.

(3) "Dispose" or "disposal" means the treatment, utilization, processing, or final deposit of special incineration ash.

(4) "Generate" means any act or process which produces special incinerator ash or which first causes special incinerator ash to become subject to regulation.

(5) "Management" means the handling, storage, collection, transportation, and disposal of special incinerator ash.

(6) "Person" means any person, firm, association, county, public or municipal or private corporation, agency, or other entity whatsoever.

(7) "Facility" means all structures, other appurtenances, improvements, and land used for recycling, storing, treating, or disposing of special incinerator ash.

(8) "Special incinerator ash" means ash residues resulting from the operation of incinerator or energy recovery facilities managing municipal solid waste, including solid waste from residential, commercial, and industrial establishments, if the ash residues (a) would otherwise be regulated as hazardous wastes under chapter 70.105 RCW; and (b) are not regulated as a hazardous waste under the federal resource conservation and recovery act, 42 U.S.C. Sec. 6901 et seq. [1987 c 528 § 2.]

70.138.030 Review and approval of management plans—Disposal permits. (1) Prior to managing special incinerator ash, persons who generate special incinerator ash shall develop plans for managing the special incinerator ash. These plans shall:

(a) Identify procedures for all aspects relating to the management of the special incinerator ash that are necessary to protect employees, human health, and the environment;

(b) Identify alternatives for managing solid waste prior to incineration for the purpose of (i) reducing the toxicity of the special incinerator ash; and (ii) reducing the quantity of the special incinerator ash;

(c) Establish a process for submittal of an annual report to the department disclosing the results of a testing program to identify the toxic properties of the special incinerator ash as necessary to ensure that the procedures established in the plans submitted pursuant to this chapter are adequate to protect employees, human health, and the environment; and

(d) Comply with the rules established by the department in accordance with this section.

(2) Prior to managing any special incinerator ash, any person required to develop a plan pursuant to subsection (1) of this section shall submit the plan to the department for review and approval. Prior to approving a plan, the department shall find that the plan complies with the provisions of this chapter, including any rules adopted under this chapter. Approval may be conditioned upon additional requirements necessary to protect employees, human health, and the environment, including special management requirements, waste segregation, or treatment techniques such as neutralization, detoxification, and solidification/stabilization.

(3) The department shall give notice of receipt of a proposed plan to interested persons and the public and shall accept public comment for a minimum of thirty days. The department shall approve, approve with conditions, or reject the plan submitted pursuant to this section within ninety days of submittal.

(4) Prior to accepting any special incinerator ash for disposal, persons owning or operating facilities for the disposal of the incinerator ash shall apply to the department for a permit. The department shall issue a permit if the disposal will provide adequate protection of human health and the environment. Prior to issuance of any permit, the department shall find that the facility meets the requirements of chapter 70.95 RCW and any rules adopted under this chapter. The department may place conditions on the permit to include additional requirements necessary to protect employees, human health, and the environment, including special management requirements, waste segregation, or treatment techniques such as neutralization, detoxification, and solidification/stabilization.

(5) The department shall give notice of its receipt of a permit application to interested persons and the public and shall accept public comment for a minimum of thirty days. The department shall issue, issue with conditions, or deny the permit within ninety days of submittal.

(6) The department shall adopt rules to implement the provisions of this chapter. The rules shall (a) establish minimum requirements for the management of special incinerator ash as necessary to protect employees, human health, and the environment, (b) clearly define the elements of the plans required by this chapter, and (c) require special incinerator ash to be disposed at facilities that are operating in compliance with this chapter. [1987 c 528 § 3.]

70.138.040 Civil penalties. (1) Any person who violates any provision of a department regulation or regulatory order relating to the management of special incinerator ash shall incur in addition to any other penalty provided by

law, a penalty in an amount up to ten thousand dollars a day for every such violation. Each and every such violation shall be a separate and distinct offense. If [In] case of continuing violation, every day's continuance shall be a separate and distinct violation. Every person who, through an act of commission or omission, procures, aids, or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty herein provided.

(2) The penalty provided for in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department, describing the violation with reasonable particularity. Within fifteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of such penalty. Upon receipt of the application, the department may remit or mitigate the penalty upon whatever terms the department in its discretion deems proper, giving consideration to the degree of hazard associated with the violation, provided the department deems such remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department shall have authority to ascertain the facts regarding all such applications in such reasonable manner and under such rules as it may deem proper.

(3) Any penalty imposed by this section shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or petition for review by the hearings board is filed. When such an application for remission or mitigation is made, any penalty incurred pursuant to this section shall become due and payable thirty days after receipt of notice setting forth the disposition of such application.

(4) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county, or any county in which such violator may do business, to recover such penalty. In all such actions, the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise provided in this chapter. [1987 c 528 § 4.]

70.138.050 Violations—Orders. Whenever a person violates any provision of this chapter or any permit or regulation the department may issue an order appropriate under the circumstances to assure compliance with the chapter, permit, or regulation. Such an order must be served personally or by registered mail upon any person to whom it is directed. [1987 c 528 § 5.]

70.138.060 Enforcement—Injunctive relief. The department, with the assistance of the attorney general, may bring any appropriate action at law or in equity, including action for injunctive relief as may be necessary to enforce the provisions of this chapter or any permit or regulation issued thereunder. [1987 c 528 § 6.]

70.138.070 Criminal penalties. Any person found guilty of wilfully violating, without sufficient cause, any of

the provisions of this chapter, or permit or order issued pursuant to this chapter is guilty of a gross misdemeanor and upon conviction shall be punished by a fine of up to ten thousand dollars and costs of prosecution, or by imprisonment for up to one year, or by both. Each day of violation may be deemed a separate violation. [1987 c 528 § 7.]

70.138.900 Application of chapter to certain incinerators. This chapter shall not apply to municipal solid waste incinerators that are in operation on May 19, 1987, until a special incinerator waste disposal permit is issued in the county where the municipal solid waste incinerator is located, or July 1, 1989, whichever is sooner. [1987 c 528 § 12.]

70.138.901 Short title. This chapter shall be known as the special incinerator ash disposal act. [1987 c 528 § 11.]

70.138.902 Severability—1987 c 528. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1987 c 528 § 14.]

Reviser's note: Powers and duties of the department of social and health services and the secretary of social and health services transferred to the department of health and the secretary of health. See RCW 43.70.060.

70.142.010 Establishment of standards for chemical contaminants in drinking water by state board of health.

(1) In order to protect public health from chemical contaminants in drinking water, the state board of health shall conduct public hearings and, where technical data allow, establish by rule standards for allowable concentrations. For purposes of this chapter, the words "chemical contaminants" are limited to synthetic organic chemical contaminants and to any other contaminants which in the opinion of the board constitute a threat to public health. If adequate data to support setting of a standard is available, the state board of health shall adopt by rule a maximum contaminant level for water provided to consumers' taps. Standards set for contaminants known to be toxic shall consider both short-term and chronic toxicity. Standards set for contaminants known to be carcinogenic shall be consistent with risk levels established by the state board of health.

(2) The board shall consider the best available scientific information in establishing the standards. The board may review and revise the standards. State and local standards for chemical contaminants may be more strict than the federal standards. [1984 c 187 § 1.]

70.142.020 Establishment of monitoring requirements for chemical contaminants in public water supplies by state board of health. The state board of health shall conduct public hearings and establish by rule monitoring requirements for chemical contaminants in public water supplies. Results of tests conducted pursuant to such requirements shall be submitted to the department of health and to the local health department. The state board of health may review and revise monitoring requirements for chemical contaminants. [1991 c 3 § 374; 1984 c 187 § 2.]

70.142.030 Monitoring requirements—Considerations. The state board of health in determining monitoring requirements for public water supply systems shall take into consideration economic impacts as well as public health risks. [1984 c 187 § 5.]

70.142.040 Establishment of water quality standards by local health department in large counties. Each local health department serving a county with a population of one hundred twenty-five thousand or more may establish water quality standards for its jurisdiction more stringent than standards established by the state board of health. Each local health department establishing such standards shall base the standards on the best available scientific information. [1991 c 363 § 145; 1984 c 187 § 3.]

~~Purpose—Captions not law—1991 c 363:~~ See notes following RCW 2.32.180.

70.142.050 Noncomplying public water supply systems—Submission of corrective plan—Notification to system's customers. Public water supply systems as defined by RCW 70.119.020 that the state board of health or local health department determines do not comply with the water quality standards applicable to the system shall immediately initiate preparation of a corrective plan designed to meet or exceed the minimum standards for submission to the department of health. The owner of such system shall within one year take any action required to bring the water into full compliance with the standards. The department of health may require compliance as promptly as necessary to abate an immediate public health threat or may extend the period of compliance if substantial new construction is required: PROVIDED FURTHER, That the extension shall be granted only upon a determination by the department, after a public hearing, that the extension will not pose an imminent threat to public health. Each such system shall include a notice identifying the water quality standards exceeded, and the amount by which the water tested exceeded the standards, in all customer bills mailed after such determination. The notification shall continue until water quality tests conducted in accordance with this chapter establish that the system meets or exceeds the minimum standards. [1991 c 3 § 375; 1984 c 187 § 4.]

70.146.010 Purpose—Legislative intent. The long-range health and environmental goals for the state of Washington require the protection of the state's surface and underground waters for the health, safety, use, enjoyment, and economic benefit of its people. It is the purpose of this chapter to provide financial assistance to the state and to local governments for the planning, design, acquisition, construction, and improvement of water pollution control facilities and related activities in the achievement of state and federal water pollution control requirements for the protection of the state's waters.

It is the intent of the legislature that distribution of moneys for water pollution control facilities under this chapter be made on an equitable basis taking into consideration legal mandates, local effort, ratepayer impacts, and past distributions of state and federal moneys for water pollution control facilities.

It is the intent of this chapter that the cost of any water pollution control facility attributable to increased or additional capacity that exceeds one hundred ten percent of existing needs at the time of application for assistance under this chapter shall be entirely a local or private responsibility. It is the intent of this chapter that industrial pretreatment be paid by industries and that the water quality account shall not be used for such purposes. [1986 c 3 § 1.]

~~Effective dates—1986 c 3:~~ See note following RCW 82.24.027.

70.146.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Account" means the water quality account in the state treasury.

(2) "Department" means the department of ecology.

(3) "Eligible cost" means the cost of that portion of a water pollution control facility that can be financed under this chapter excluding any portion of a facility's cost attributable to capacity that is in excess of that reasonably required to address one hundred ten percent of the applicant's needs for water pollution control existing at the time application is submitted for assistance under this chapter.

(4) "Water pollution control facility" or "facilities" means any facilities or systems for the control, collection, storage, treatment, disposal, or recycling of wastewater,

including but not limited to sanitary sewage, storm water, residential, commercial, industrial, and agricultural wastes, which are causing water quality degradation due to concentrations of conventional, nonconventional, or toxic pollutants. Water pollution control facilities include all equipment, utilities, structures, real property, and interests in and improvements on real property necessary for or incidental to such purpose. Water pollution control facilities also include such facilities, equipment, and collection systems as are necessary to protect federally designated sole source aquifers.

(5) "Water pollution control activities" means actions taken by a public body for the following purposes: (a) To prevent or mitigate pollution of underground water; (b) to control nonpoint sources of water pollution; (c) to restore the water quality of fresh water lakes; and (d) to maintain or improve water quality through the use of water pollution control facilities or other means.

(6) "Public body" means the state of Washington or any agency, county, city or town, conservation district, other political subdivision, municipal corporation, quasi-municipal corporation, and those Indian tribes now or hereafter recognized as such by the federal government.

(8) "Nonpoint source water pollution" means pollution that enters any waters of the state from any dispersed water-based or land-use activities, including, but not limited to, atmospheric deposition, surface water runoff from agricultural lands, urban areas, and forest lands, subsurface or underground sources, and discharges from boats or other marine vessels.

(9) "Sole source aquifer" means the sole or principal source of public drinking water for an area designated by the administrator of the environmental protection agency pursuant to Public Law 93-523, Sec. 1424(b). [1987 c 436 § 5; 1986 c 3 § 2.]

Effective dates—1986 c 3: See note following RCW 82.24.027.

70.146.030 Water quality account—Progress report.

(1) The water quality account is hereby created in the state treasury. Moneys in the account may be used only in a manner consistent with this chapter. Moneys deposited in the account shall be administered by the department of ecology and shall be subject to legislative appropriation. Moneys placed in the account shall include tax receipts as provided in RCW 82.24.027, 82.26.025, and 82.32.390, principal and interest from the repayment of any loans granted pursuant to this chapter, and any other moneys appropriated to the account by the legislature.

(2) The department may use or permit the use of any moneys in the account to make grants or loans to public

bodies, including grants to public bodies as cost-sharing moneys in any case where federal, local, or other funds are made available on a cost-sharing basis, for water pollution control facilities and activities, or for purposes of assisting a public body to obtain an ownership interest in water pollution control facilities and/or to defray a part of the payments made by a public body to a service provider under a service agreement entered into pursuant to RCW 70.150.060, within the purposes of this chapter and for related administrative expenses. No more than three percent of the moneys deposited in the account may be used by the department to pay for the administration of the grant and loan program authorized by this chapter.

(3) The department shall present a progress report each biennium on the use of moneys from the account to the chairs of the committees on ways and means of the senate and house of representatives, including one copy to the staff of each of the committees. [1991 sp.s. c 13 § 61. Prior: 1987 c 505 § 64; 1987 c 436 § 6; 1986 c 3 § 3.]

Effective dates—Severability—1991 sp.s. c 13: See notes following RCW 18.08.240.

Effective dates—1986 c 3: See note following RCW 82.24.027.

70.146.040 Level of grant or loan not precedent.

No grant or loan made in this chapter for fiscal year 1987 shall be construed to establish a precedent for levels of grants or loans made from the water quality account thereafter. [1986 c 3 § 6.]

Effective dates—1986 c 3: See note following RCW 82.24.027.

70.146.050 Compliance schedule for secondary treatment. The department of ecology may provide for a phased in compliance schedule for secondary treatment which addresses local factors that may impede compliance with secondary treatment requirements of the federal clean water act.

In determining the length of time to be granted for compliance, the department shall consider the criteria specified in the federal clean water act. [1986 c 3 § 8.]

Effective dates—1986 c 3: See note following RCW 82.24.027.

70.146.060 Water quality account distributions—Limitations. During the period from July 1, 1987, until June 30, 1995, the following limitations shall apply to the department's total distribution of funds appropriated from the water quality account:

(1) Not more than fifty percent for water pollution control facilities which discharge directly into marine waters;

(2) Not more than twenty percent for water pollution control activities that prevent or mitigate pollution of underground waters and facilities that protect federally designated sole source aquifers with at least two-thirds for the Spokane-Rathdrum Prairie Aquifer;

(3) Not more than ten percent for water pollution control activities that protect freshwater lakes and rivers including but not limited to Lake Chelan and the Yakima and Columbia rivers;

(4) Not more than ten percent for activities which control nonpoint source water pollution;

(5) Ten percent and such sums as may be remaining from the categories specified in subsections (1) through (4)

of this section for water pollution control activities or facilities as determined by the department; and

(6) Two and one-half percent of the total amounts of moneys under subsections (1) through (5) of this section from February 21, 1986, until December 31, 1995, shall be appropriated biennially to the state conservation commission for the purposes of this chapter. Not less than ten percent of the moneys received by the state conservation commission under the provisions of this section shall be expended on research activities.

The distribution under this section shall not be required to be met in any single fiscal year.

Funds provided for facilities and activities under this chapter may be used for payments to a service provider under a service agreement pursuant to RCW 70.150.060. If funds are to be used for such payments, the department may make periodic disbursements to a public body or may make a single lump sum disbursement. Disbursements of funds with respect to a facility owned or operated by a service provider shall be equivalent in value to disbursements that would otherwise be made if that facility were owned or operated by a public body. Payments under this chapter for waste disposal and management facilities made to public bodies entering into service agreements pursuant to RCW 70.150.060 shall not exceed amounts paid to public bodies not entering into service agreements. [1987 c 527 § 1; 1987 c 436 § 7; 1986 c 3 § 9.]

Reviser's note: This section was amended by 1987 c 436 § 7 and by 1987 c 527 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Effective dates—1986 c 3: See note following RCW 82.24.027.

70.146.070 Grants or loans for water pollution control facilities—Considerations. When making grants or loans for water pollution control facilities, the department shall consider the following:

- (1) The protection of water quality and public health;
- (2) The cost to residential ratepayers if they had to finance water pollution control facilities without state assistance;
- (3) Actions required under federal and state permits and compliance orders;
- (4) The level of local fiscal effort by residential ratepayers since 1972 in financing water pollution control facilities;
- (5) The extent to which the applicant county or city, or if the applicant is another public body, the extent to which the county or city in which the applicant public body is located, has established programs to mitigate nonpoint pollution of the surface or subterranean water sought to be protected by the water pollution control facility named in the application for state assistance; and
- (6) The recommendations of the Puget Sound water quality authority and any other board, council, commission, or group established by the legislature or a state agency to study water pollution control issues in the state.

A county, city, or town that is required or chooses to plan under RCW 36.70A.040 may not receive a grant or loan for water pollution control facilities unless it has adopted a comprehensive plan in conformance with the requirements of chapter 36.70A RCW, after it is required that the compre-

hensive plan be adopted, or unless it has adopted development regulations in conformance with the requirements of chapter 36.70A RCW, after it is required that development regulations be adopted. [1991 sp.s. c 32 § 24; 1986 c 3 § 10.]

70.146.075 Extended grant payments. (1) The department of ecology may enter into contracts with local jurisdictions which provide for extended grant payments under which eligible costs may be paid on an advanced or deferred basis.

(2) Extended grant payments shall be in equal annual payments, the total of which does not exceed, on a net present value basis, fifty percent of the total eligible cost of the project incurred at the time of design and construction. The duration of such extended grant payments shall be for a period not to exceed twenty years. The total of federal and state grant moneys received for the eligible costs of the project shall not exceed fifty percent of the eligible costs.

(3) Any moneys appropriated by the legislature from the water quality account shall be first used by the department of ecology to satisfy the conditions of the extended grant payment contracts. [1987 c 516 § 1.]

70.146.080 Determination of tax receipts in water quality account—Transfer of sufficient moneys from general revenues. Within thirty days after June 30, 1987, and within thirty days after each succeeding fiscal year thereafter, the state treasurer shall determine the tax receipts deposited into the water quality account for the preceding fiscal year. If the tax receipts deposited into the account in each of the fiscal years 1988 and 1989 are less than forty million dollars, the state treasurer shall transfer sufficient moneys from general state revenues into the water quality account to bring the total receipts in each fiscal year up to forty million dollars.

For the biennium ending June 30, 1991, if the tax receipts deposited into the water quality account and the earnings on investment of balances credited to the account are less than ninety million dollars, the treasurer shall transfer sufficient moneys from general state revenues into the water quality account to bring the total revenue up to ninety million dollars. The determination and transfer shall be made by July 31, 1991.

For fiscal year 1992 and thereafter, if the tax receipts deposited into the water quality account for each fiscal year are less than forty-five million dollars, the treasurer shall transfer sufficient moneys from general state revenues into the water quality account to bring the total revenue up to forty-five million dollars. Determinations and transfers shall be made by July 31 for the preceding fiscal year. [1991 sp.s. c 16 § 923; 1986 c 3 § 11.]

70.148.005 Finding—Intent. (1) The legislature finds that:

(a) Final regulations adopted by the United States environmental protection agency (EPA) require owners and operators of underground petroleum storage tanks to demonstrate financial responsibility for accidental releases of petroleum as a precondition to continued ownership and operation of such tanks;

(b) Financial responsibility is demonstrated through the purchase of pollution liability insurance or an acceptable alternative such as coverage under a state financial responsibility program, in the amount of at least five hundred thousand dollars per occurrence and one million dollars annual aggregate depending upon the nature, use, and number of tanks owned or operated;

(c) Many owners and operators of underground petroleum storage tanks cannot purchase pollution liability insurance either because private insurance is unavailable at any price or because owners and operators cannot meet the rigid underwriting standards of existing insurers, nor can many owners and operators meet the strict regulatory standards imposed for alternatives to the purchase of insurance; and

(d) Without a state financial responsibility program for owners and operators of underground petroleum storage tanks, many tank owners and operators will be forced to discontinue the ownership and operation of these tanks.

(2) The purpose of this chapter is to create a state financial responsibility program meeting EPA standards for owners and operators of underground petroleum storage tanks in a manner that:

(a) Minimizes state involvement in pollution liability claims management and insurance administration;

(b) Protects the state of Washington from unwanted and unanticipated liability for accidental release claims;

(c) Creates incentives for private insurers to provide needed liability insurance; and

(d) Parallels generally accepted principles of insurance and risk management.

To that end, this chapter establishes a temporary program to provide pollution liability reinsurance at a price that will encourage a private insurance company or risk retention group to sell pollution liability insurance in accordance with the requirements of this chapter to owners and operators of underground petroleum storage tanks, thereby allowing the owners and operators to comply with the financial responsibility regulations of the EPA.

(3) It is not the intent of this chapter to permit owners and operators of underground petroleum storage tanks to obtain pollution liability insurance without regard to the quality or condition of their storage tanks or without regard to the risk management practices of tank owners and operators, nor is it the intent of this chapter to provide coverage or funding for past or existing petroleum releases. Further, it is the intent of the legislature that the program follow generally accepted insurance underwriting and actuarial principles and to deviate from those principles only to the extent necessary and within the tax revenue limits provided, to make pollution liability insurance reasonably affordable and available to owners and operators who meet the requirements of this chapter, particularly to those owners and operators whose underground storage tanks meet a vital economic need within the affected community. [1990 c 64 § 1; 1989 c 383 § 1.]

70.148.010 Definitions. Unless the context requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Accidental release" means any sudden or nonsudden release of petroleum arising from operating an underground storage tank that results in a need for corrective action, bodily injury, or property damage neither expected nor intended by the owner or operator.

(2) "Director" means the Washington pollution liability insurance program director.

(3) "Bodily injury" means bodily injury, sickness, or disease sustained by any person, including death at any time resulting from the injury, sickness, or disease.

"Corrective action" includes, when agreed to in writing, in advance by the insurer, action to remove, treat, neutralize, contain, or clean up an accidental release to avert, reduce, or eliminate the liability of the insured for corrective action, bodily injury, or property damage. "Corrective action" also includes actions reasonably necessary to monitor, assess, and evaluate an accidental release.

"Corrective action" does not include:

(a) Replacement or repair of storage tanks or other receptacles;

(b) Replacement or repair of piping, connections, and valves of storage tanks or other receptacles;

(c) Excavation or backfilling done in conjunction with (a) or (b) of this subsection; or

(8) "Insurer" means the insurance company or risk retention group licensed or qualified to do business in Washington and authorized by the director to provide insurance coverage in accordance with this chapter.

(9) "Loss reserve" means the amount traditionally set aside by commercial liability insurers for costs and expenses related to claims that have been made. "Loss reserve" does not include losses that have been incurred but not reported to the insurer.

(10) "Occurrence" means an accident, including continuous or repeated exposure to conditions, that results in a release from an underground storage tank.

(15) "Property damage" means:

(a) Physical injury to, destruction of, or contamination of tangible property, including the loss of use of the property resulting from the injury, destruction, or contamination; or

(b) Loss of use of tangible property that has not been physically injured, destroyed, or contaminated but has been evacuated, withdrawn from use, or rendered inaccessible because of an accidental release.

(16) "Release" means the emission, discharge, disposal, dispersal, seepage, or escape of petroleum from an under-

ground storage tank into or upon land, ground water, surface water, subsurface soils, or the atmosphere.

(17) "Surplus reserve" means the amount traditionally set aside by commercial property and casualty insurance companies to provide financial protection from unexpected losses and to serve, in part, as a measure of an insurance company's net worth.

(18) "Tank" means a stationary device, designed to contain an accumulation of petroleum, that is constructed primarily of nonearthen materials such as wood, concrete, steel, or plastic that provides structural support.

(19) "Underground storage tank" means any one or a combination of tanks including underground pipes connected to the tank, that is used to contain an accumulation of petroleum and the volume of which (including the volume of the underground pipes connected to the tank) is ten percent or more beneath the surface of the ground. [1990 c 64 § 2; 1989 c 383 § 2.]

70.148.020 Pollution liability insurance program trust account. (1) The pollution liability insurance program trust account is established in the custody of the state treasurer. All funds appropriated for this chapter and all premiums collected for reinsurance shall be deposited in the account. Expenditures from the account shall be used exclusively for the purposes of this chapter including payment of costs of administering the pollution liability insurance and underground storage tank community assistance programs. The account is subject to allotment procedures under chapter 43.88 RCW. Expenditures for payment of the costs of administering the program may be made only after appropriation by statute. No appropriation is required for other expenditures from the account.

(2) Each calendar quarter, the director shall report to the insurance commissioner and the chairs of the senate ways and means, senate financial institutions, house of representatives revenue, and house of representatives financial institutions committees, the loss and surplus reserves required for the calendar quarter. The director shall notify the department of revenue of this amount by the fifteenth day of each calendar quarter.

(3) Each calendar quarter the director shall report to the chairs of the senate ways and means, senate financial institutions, house of representatives revenue, and house of representatives financial institutions and insurance committees, the amount of reserves necessary to fund commitments made to provide financial assistance under RCW 70.148.130 to the extent that the financial assistance reserves do not jeopardize the operations and liabilities of the pollution liability insurance program. The director shall notify the department of revenue of this amount by the fifteenth day of each calendar quarter. The director may immediately establish an initial financial assistance reserve of five million dollars from available revenues. The director may not expend more than fifteen million dollars for the financial assistance program. [1991 sp.s. c 13 § 90; 1991 c 4 § 7; 1990 c 64 § 3; 1989 c 383 § 3.]

Effective dates—Severability—1991 sp.s. c 13: See notes following RCW 18.08.240.

Severability—1991 c 4: See note following RCW 70.148.120.

70.148.030 Pollution liability insurance program—

Generally. (1) The Washington pollution liability insurance program is created as an independent agency of the state. The administrative head and appointing authority of the program shall be the director who shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor. The salary for this office shall be set by the governor pursuant to RCW 43.03.040. The director shall appoint a deputy director. The director, deputy director, and up to three other employees are exempt from the civil service law, chapter 41.06 RCW.

(2) The director shall employ such other staff as are necessary to fulfill the responsibilities and duties of the director. The staff is subject to the civil service law, chapter 41.06 RCW. In addition, the director may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise. To the extent necessary to protect the state from unintended liability and ensure quality program and contract design, the director shall contract with an organization or organizations with demonstrated experience and ability in managing and designing pollution liability insurance and with an organization or organizations with demonstrated experience and ability in managing and designing pollution liability reinsurance. The director shall enter into such contracts after competitive bid but need not select the lowest bid. Any such contractor or consultant is prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility without specific permission of the program director. The director may call upon other agencies of the state to provide technical support and available information as necessary to assist the director in meeting the director's responsibilities under this chapter. Agencies shall supply this support and information as promptly as circumstances permit.

(3) The governor shall appoint a standing technical advisory committee that is representative of the public, the petroleum marketing industry, business and local government owners of underground storage tanks, and insurance professionals. Individuals appointed to the technical advisory committee shall serve at the pleasure of the governor and without compensation for their services as members, but may be reimbursed for their travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(4) A member of the technical advisory committee of the program is not civilly liable for any act or omission in the course and scope of his or her official capacity unless the act or omission constitutes gross negligence. [1990 c 64 § 4; 1989 c 383 § 4.]

70.148.035 Program design—Cost coverage.

The director may design the program to cover the costs incurred in determining whether a proposed applicant for pollution insurance under the program meets the underwriting standards of the insurer. In covering such costs the director shall consider the financial resources of the applicant, shall take into consideration the economic impact of the discontinued use of the applicant's storage tank upon the affected community, shall provide coverage within the revenue limits provided under this chapter, and shall limit coverage of such

costs to the extent that coverage would be detrimental to providing affordable insurance under the program. [1990 c 64 § 11.]

70.148.040 Rules. The director may adopt rules consistent with this chapter to carry out the purposes of this chapter. All rules shall be adopted in accordance with chapter 34.05 RCW. [1990 c 64 § 5; 1989 c 383 § 5.]

70.148.050 Powers and duties of director. The director has the following powers and duties:

(1) To design and from time to time revise a reinsurance contract providing coverage to an insurer meeting the requirements of this chapter. Before initially entering into a reinsurance contract, the director shall provide a report to the chairs of the senate ways and means, senate financial institutions, house of representatives revenue, and house of representatives financial institutions committees and shall include an actuarial report describing the various reinsurance methods considered by the director and describing each method's costs. In designing the reinsurance contract the director shall consider common insurance industry reinsurance contract provisions and shall design the contract in accordance with the following guidelines:

(a) The contract shall provide coverage to the insurer for the liability risks of owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action that are underwritten by the insurer.

(b) In the event of an insolvency of the insurer, the reinsurance contract shall provide reinsurance payable directly to the insurer or to its liquidator, receiver, or successor on the basis of the liability of the insurer in accordance with the reinsurance contract. In no event may the program be liable for or provide coverage for that portion of any covered loss that is the responsibility of the insurer whether or not the insurer is able to fulfill the responsibility.

(c) The total limit of liability for reinsurance coverage shall not exceed one million dollars per occurrence and two million dollars annual aggregate for each policy underwritten by the insurer less the ultimate net loss retained by the insurer as defined and provided for in the reinsurance contract.

(d) Disputes between the insurer and the insurance program shall be settled through arbitration.

(2) To design and implement a structure of periodic premiums due the director from the insurer that takes full advantage of revenue collections and projected revenue collections to ensure affordable premiums to the insured consistent with sound actuarial principles.

(3) To periodically review premium rates for reinsurance to determine whether revenue appropriations supporting the program can be reduced without substantially increasing the insured's premium costs.

(4) To solicit bids from insurers and select an insurer to provide pollution liability insurance to owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action.

(5) To monitor the activities of the insurer to ensure compliance with this chapter and protect the program from

excessive loss exposure resulting from claims mismanagement by the insurer.

(6) To monitor the success of the program and periodically make such reports and recommendations to the legislature as the director deems appropriate.

(7) To annually report the financial and loss experience of the insurer as to policies issued under the program and the financial and loss experience of the program to the legislature.

(8) To evaluate the effects of the program upon the private market for liability insurance for owners and operators of underground storage tanks and make recommendations to the legislature on the necessity for continuing the program to ensure availability of such coverage.

(9) To enter into contracts with public and private agencies to assist the director in his or her duties to design, revise, monitor, and evaluate the program and to provide technical or professional assistance to the director.

(10) To examine the affairs, transactions, accounts, records, documents, and assets of insurers as the director deems advisable. [1990 c 64 § 6; 1989 c 383 § 6.]

70.148.060 Disclosure of reports and information—Penalty. (1) All examination and proprietary reports and information obtained by the director and the director's staff in soliciting bids from insurers and in monitoring the insurer selected by the director shall not be made public or otherwise disclosed to any person, firm, corporation, agency, association, governmental body, or other entity.

(2) Subsection (1) of this section notwithstanding, the director may furnish all or part of examination reports prepared by the director or by any person, firm, corporation, association, or other entity preparing the reports on behalf of the director to:

- (a) The Washington state insurance commissioner;
- (b) A person or organization officially connected with the insurer as officer, director, attorney, auditor, or independent attorney or independent auditor; and
- (c) The attorney general in his or her role as legal advisor to the director.

(3) Subsection (1) of this section notwithstanding, the director may furnish all or part of the examination or proprietary reports or information obtained by the director to:

- (a) The Washington state insurance commissioner; and
- (b) A person, firm, corporation, association, governmental body, or other entity with whom the director has contracted for services necessary to perform his or her official duties.

(4) Examination reports and proprietary information obtained by the director and the director's staff are not subject to public disclosure under chapter 42.17 RCW.

(5) A person who violates any provision of this section is guilty of a gross misdemeanor. [1990 c 64 § 7; 1989 c 383 § 7.]

70.148.070 Insurer selection process and criteria. (1) In selecting an insurer to provide pollution liability insurance coverage to owners and operators of underground storage tanks, the director shall evaluate bids based upon criteria established by the director that shall include:

(a) The insurer's ability to underwrite pollution liability insurance;

(b) The insurer's ability to settle pollution liability claims quickly and efficiently;

(c) The insurer's estimate of underwriting and claims adjustment expenses;

(d) The insurer's estimate of premium rates for providing coverage;

(e) The insurer's ability to manage and invest premiums; and

(f) The insurer's ability to provide risk management guidance to insureds.

The director shall select the bidder most qualified to provide insurance consistent with this chapter and need not select the bidder submitting the least expensive bid. The director may consider bids by groups of insurers and management companies who propose to act in concert in providing coverage and who otherwise meet the requirements of this chapter.

(2) The successful bidder shall agree to provide liability insurance coverage to owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action consistent with the following minimum standards:

(a) The insurer shall provide coverage for defense costs.

(b) The insurer shall collect a deductible from the insured for corrective action in an amount approved by the director.

(c) The insurer shall provide coverage for accidental releases in the amount of five hundred thousand dollars per occurrence and one million dollars annual aggregate but no more than one million dollars per occurrence and two million dollars annual aggregate exclusive of defense costs.

(d) The insurer shall require insurance applicants to meet at least the following underwriting standards before issuing coverage to the applicant:

(i) The applicant must be in compliance with statutes, ordinances, rules, regulations, and orders governing the ownership and operation of underground storage tanks as identified by the director by rule; and

(ii) The applicant must exercise adequate underground storage tank risk management as specified by the director by rule.

(e) The insurer may exclude coverage for losses arising before the effective date of coverage, and the director may adopt rules establishing standards for determining whether a loss was incurred before the effective date of coverage.

(f) The insurer may exclude coverage for bodily injury, property damage, and corrective action as permitted by the director by rule.

(g) The insurer shall use a variable rate schedule approved by the director taking into account tank type, tank age, and other factors specified by the director.

(3) The director shall adopt all rules necessary to implement this section. In developing and adopting rules governing rates, deductibles, underwriting standards, and coverage conditions, limitations, and exclusions, the director shall balance the owner and operator's need for coverage with the need to maintain the actuarial integrity of the program, shall take into consideration the economic impact of the discontinued use of a storage tank upon the affected community, and shall consult with the standing technical

advisory committee established under RCW 70.148.030(3). In developing and adopting rules governing coverage exclusions affecting corrective action, the director shall consult with the Washington state department of ecology.

(4) Notwithstanding the definitions contained in RCW 70.148.010, the director may permit an insurer to use different words or phrases describing the coverage provided under the program. In permitting such deviations from the definitions contained in RCW 70.148.010, the director shall consider the regulations adopted by the United States environmental protection agency requiring financial responsibility by owners and operators of underground petroleum storage tanks.

(5) Owners and operators of underground storage tanks or sites containing underground storage tanks where a preexisting release has been identified or where the owner or operator knows of a preexisting release are eligible for coverage under the program subject to the following conditions:

(a) The owner or operator must have a plan for proceeding with corrective action; and

(b) If the owner or operator files a claim with the insurer, the owner or operator has the burden of proving that the claim is not related to a preexisting release until the owner or operator demonstrates to the satisfaction of the director that corrective action has been completed.

(6) When a reinsurance contract has been entered into by the agency and insurance companies, the director shall notify the department of ecology of the letting of the contract. Within thirty days of that notification, the department of ecology shall notify all known owners and operators of petroleum underground storage tanks that appropriate levels of financial responsibility must be established by October 26, 1990, in accordance with federal environmental protection agency requirements, and that insurance under the program is available. All owners and operators of petroleum underground storage tanks must also be notified that declaration of method of financial responsibility or intent to seek to be insured under the program must be made to the state by November 1, 1990. If the declaration of method of financial responsibility is not made by November 1, 1990, the department of ecology shall, pursuant to chapter 90.76 RCW, prohibit the owner or operator of an underground storage tank from obtaining a tank tag or receiving petroleum products until such time as financial responsibility has been established. [1990 c 64 § 8; 1989 c 383 § 8.]

70.148.080 Cancellation or refusal by insurer—Appeal. If the insurer cancels or refuses to issue or renew a policy, the affected owner or operator may appeal the insurer's decision to the director. The director shall conduct a brief adjudicative proceeding under chapter 34.05 RCW. [1990 c 64 § 9; 1989 c 383 § 9.]

70.148.090 Exemptions from Title 48 RCW—Exceptions. (1) The activities and operations of the program are exempt from the provisions and requirements of Title 48 RCW and to the extent of their participation in the program, the activities and operations of the insurer selected by the director to provide liability insurance coverage to

owners and operators of underground storage tanks are exempt from the requirements of Title 48 RCW except for:

(a) Chapter 48.03 RCW pertaining to examinations;

(b) RCW 48.05.250 pertaining to annual reports;

(c) Chapter 48.12 RCW pertaining to assets and liabilities;

(d) Chapter 48.13 RCW pertaining to investments;

(e) Chapter 48.30 RCW pertaining to deceptive, false, or fraudulent acts or practices; and

(f) Chapter 48.92 RCW pertaining to liability risk retention.

(2) To the extent of their participation in the program, the insurer selected by the director to provide liability insurance coverage to owners and operators of underground storage tanks shall not participate in the Washington insurance guaranty association nor shall the association be liable for coverage provided to owners and operators of underground storage tanks issued in connection with the program. [1990 c 64 § 10; 1989 c 383 § 10.]

70.148.110 Reservation of legislative power. The legislature reserves the right to amend or repeal all or any part of this chapter at any time, and there is no vested right of any kind against such amendment or repeal. All the rights, privileges, or immunities conferred by this chapter or any acts done under it exist subject to the power of the legislature to amend or repeal this chapter at any time. [1989 c 383 § 12.]

70.148.120 Financial assistance for corrective actions in small communities—Intent. The legislature recognizes as a fundamental government purpose the need to protect the environment and human health and safety. To that end the state has enacted laws designed to limit and prevent environmental damage and risk to public health and safety caused by underground petroleum storage tank leaks. Because of the costs associated with compliance with such laws and the high costs associated with correcting past environmental damage, many owners and operators of underground petroleum storage tanks have discontinued the use of or have planned to discontinue the use of such tanks. As a consequence, isolated communities face the loss of their source of motor vehicle fuel and face the risk that the owner or operator will have insufficient funds to take corrective action for pollution caused by past leaks from the tanks. In particular, rural communities face the risk that essential emergency, medical, fire and police services may be disrupted through the diminution or elimination of local sellers of petroleum products and by the closure of underground storage tanks owned by local government entities serving these communities.

The legislature also recognizes as a fundamental government purpose the need to preserve a minimum level of economic viability in rural communities so that public revenues generated from economic activity are sufficient to sustain necessary governmental functions. The closing of local service stations adversely affects local economies by reducing or eliminating reasonable access to fuel for agricultural, commercial, and transportation needs.

The legislature intends to assist small communities within this state by authorizing:

(1) Cities, towns, and counties to certify that a local private owner or operator of an underground petroleum storage tank meets a vital local government, public health or safety need thereby qualifying the owner or operator for state financial assistance in complying with environmental regulations and assistance in taking needed corrective action for existing tank leaks; and

(2) Local government entities to obtain state financial assistance to bring local government underground petroleum storage tanks into compliance with environmental regulations and to take needed corrective action for existing tank leaks. [1991 c 4 § 1.]

Severability—1991 c 4: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1991 c 4 § 10.]

70.148.130 Financial assistance—Criteria. (1) Subject to the conditions and limitations of RCW 70.148.120 through 70.148.170, the director shall establish and manage a program for providing financial assistance to public and private owners and operators of underground storage tanks who have been certified by the governing body of the county, city, or town in which the tanks are located as meeting a vital local government, public health or safety need. In providing such financial assistance the director shall:

(a) Require owners and operators, including local government owners and operators, to demonstrate serious financial hardship;

(b) Limit assistance to only that amount necessary to supplement applicant financial resources;

(c) Limit assistance to no more than one hundred fifty thousand dollars in value for any one underground storage tank site of which amount no more than seventy-five thousand dollars in value may be provided for corrective action; and

(d) Whenever practicable, provide assistance through the direct payment of contractors and other professionals for labor, materials, and other services.

(2) Except as otherwise provided in RCW 70.148.120 through 70.148.170, no grant of financial assistance may be used for any purpose other than for corrective action and repair, replacement, reconstruction, and improvement of underground storage tanks and tank sites. If at any time prior to providing financial assistance or in the course of providing such assistance, it appears to the director that corrective action costs may exceed seventy-five thousand dollars, the director may not provide further financial assistance until the owner or operator has developed and implemented a corrective action plan with the department of ecology.

(3) When requests for financial assistance exceed available funds, the director shall give preference to providing assistance first to those underground storage tank sites which constitute the sole source of petroleum products in remote rural communities.

(4) The director shall consult with the department of ecology in approving financial assistance for corrective action to ensure compliance with regulations governing underground petroleum storage tanks and corrective action.

(5) The director shall approve or disapprove applications for financial assistance within sixty days of receipt of a completed application meeting the requirements of RCW 70.148.120 through 70.148.170. The certification by local government of an owner or operator shall not preclude the director from disapproving an application for financial assistance if the director finds that such assistance would not meet the purposes of RCW 70.148.120 through 70.148.170.

(6) The director may adopt all rules necessary to implement the financial assistance program and shall consult with the technical advisory committee established under RCW 70.148.030 in developing such rules and in reviewing applications for financial assistance. [1991 c 4 § 2.]

Severability—1991 c 4: See note following RCW 70.148.120.

70.148.140 Financial assistance—Private owner or operator. (1) To qualify for financial assistance, a private owner or operator retailing petroleum products to the public must:

(a) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the director;

(b) If the director makes a preliminary determination of possible eligibility for financial assistance, apply to the appropriate governing body of the city or town in which the tanks are located or in the case where the tanks are located outside of the jurisdiction of a city or town, then to the appropriate governing body of the county in which the tanks are located, for a determination by the governing body of the city, town, or county that the continued operation of the tanks meets a vital local government, or public health or safety need; and

(c) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided.

(2) In consideration for financial assistance and prior to receiving such assistance the owner and operator must enter into an agreement with the state whereby the owner and operator agree:

(a) To sell petroleum products to the public;

(b) To maintain the tank site for use in the retail sale of petroleum products for a period of not less than fifteen years from the date of agreement;

(c) To sell petroleum products to local government entities within the affected community on a cost-plus basis periodically negotiated between the owner and operator and the city, town, or county in which the tanks are located; and

(d) To maintain compliance with state underground storage tank financial responsibility and environmental regulations.

(3) The agreement shall be filed as a real property lien against the tank site with the county auditor [of the county] in which the tanks are located. If the owner or operator transfers his or her interest in such property, the new owner or operator must agree to abide by the agreement or any financial assistance provided under RCW 70.148.120 through 70.148.170 shall be immediately repaid to the state by the owner or operator who received such assistance.

(4) As determined by the director, if an owner or operator materially breaches the agreement, any financial

assistance provided shall be immediately repaid by such owner or operator.

(5) The agreement between an owner and operator and the state required under this section shall expire fifteen years from the date of entering into the agreement. [1991 c 4 § 3.]

Severability—1991 c 4: See note following RCW 70.148.120.

70.148.150 Financial assistance—Public owner or operator. (1) To qualify for financial assistance, a public owner or operator must:

(a) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the director;

(b) Provide to the director a copy of the resolution by the governing body of the city, town, or county having jurisdiction, finding that the continued operation of the tanks is necessary to maintain vital local public health, education, or safety needs;

(c) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided.

(2) The director shall give priority to and shall encourage local government entities to consolidate multiple operational underground storage tank sites into as few sites as possible. For this purpose, the director may provide financial assistance for the establishment of a new local government underground storage tank site contingent upon the closure of other operational sites in accordance with environmental regulations. Within the per site financial limits imposed under RCW 70.148.120 through 70.148.170, the director may authorize financial assistance for the closure of operational sites when closure is for the purpose of consolidation. [1991 c 4 § 4.]

Severability—1991 c 4: See note following RCW 70.148.120.

70.148.160 Financial assistance—Rural hospitals. To qualify for financial assistance, a rural hospital as defined in RCW 18.89.020, owning or operating an underground storage tank must:

(1) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the director;

(2) Apply to the governing body of the city, town, or county in which the hospital is located for certification that the continued operation of the tank or tanks is necessary to maintain vital local public health or safety needs;

(3) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided; and

(4) Agree to provide charity care as defined in RCW 70.39.020 in an amount of equivalent value to the financial assistance provided under RCW 70.148.120 through 70.148.170. The director shall consult with the department of health to monitor and determine the time period over which such care should be expected to be provided in the local community. [1991 c 4 § 5.]

Severability—1991 c 4: See note following RCW 70.148.120.

70.148.170 Certification. (1) The director shall develop and distribute to appropriate cities, towns, and

counties a form for use by the local government in making the certification required for all private owner and operator financial assistance along with instructions on the use of such form.

(2) In certifying a private owner or operator retailing petroleum products to the public as meeting vital local government, public health or safety needs, the local government shall:

(a) Consider and find that other retail suppliers of petroleum products are located remote from the local community;

(b) Consider and find that the owner or operator requesting certification is capable of faithfully fulfilling the agreement required for financial assistance;

(c) Designate the local government official who will be responsible for negotiating the price of petroleum products to be sold on a cost-plus basis to the local government entities in the affected communities and the entities eligible to receive petroleum products at such price; and

(d) State the vital need or needs that the owner or operator meets.

(3) In certifying a hospital as meeting local public health and safety needs the local government shall:

(a) Consider and find that the continued use of the underground storage tank by the hospital is necessary; and

(b) Consider and find that the hospital provides health care services to the poor and otherwise provides charity care.

(4) The director shall notify the governing body of the city, town, or county providing certification when financial assistance for a private owner or operator has been approved. [1991 c 4 § 6.]

Severability—1991 c 4: See note following RCW 70.148.120.

70.150.010 Purpose—Legislative intent. The long-range health and economic and environmental goals for the state of Washington require the protection of the state's surface and underground waters for the health, safety, use, and enjoyment of its people. It is the purpose of this chapter to provide public bodies an additional means by which to provide for financing, development, and operation of water pollution control facilities needed for achievement of state and federal water pollution control requirements for the protection of the state's waters.

It is the intent of the legislature that public bodies be authorized to provide service from water pollution control facilities by means of service agreements with public or private parties as provided in this chapter. [1986 c 244 § 1.]

70.150.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Water pollution control facilities" or "facilities" means any facilities, systems, or subsystems owned or operated by a public body, or owned or operated by any person or entity for the purpose of providing service to a public body, for the control, collection, storage, treatment, disposal, or recycling of wastewater, including but not limited to sanitary sewage, storm water, residential wastes, commercial wastes, industrial wastes, and agricultural wastes, that are causing or threatening the degradation of subterranean or surface bodies of water due to concentrations of conventional, nonconventional, or toxic pollutants. Water pollution control facilities do not include dams or water supply systems.

(2) "Public body" means the state of Washington or any agency, county, city or town, political subdivision, municipal corporation, or quasi-municipal corporation.

(3) "Water pollution" means such contamination, or other alteration of the physical, chemical, or biological properties of any surface or subterranean waters of the state, including change in temperature, taste, color, turbidity, or odor of the waters, or such discharge of any liquid, gaseous, solid, radioactive, or other substance into any waters of the state as will or is likely to create a nuisance or render such waters harmful, detrimental, or injurious to the public health, safety, or welfare, or to domestic, commercial, industrial, agricultural, recreational, or other legitimate beneficial uses, or to livestock, wild animals, birds, fish, or other aquatic life.

(4) "Agreement" means any agreement to which a public body and a service provider are parties by which the service provider agrees to deliver service to such public body in connection with its design, financing, construction, ownership, operation, or maintenance of water pollution control facilities in accordance with this chapter.

(5) "Service provider" means any privately owned or publicly owned profit or nonprofit corporation, partnership, joint venture, association, or other person or entity that is legally capable of contracting for and providing service with respect to the design, financing, ownership, construction, operation, or maintenance of water pollution control facilities in accordance with this chapter. [1986 c 244 § 2.]

70.150.030 Agreements with service providers—Contents—Sources of funds for periodic payments under agreements. (1) Public bodies may enter into agreements with service providers for the furnishing of service in connection with water pollution control facilities pursuant to the process set forth in RCW 70.150.040. The agreements may provide that a public body pay a minimum periodic fee in consideration of the service actually available without regard to the amount of service actually used during all or any part of the contractual period. Agreements may be for a term not to exceed forty years or the life of the facility, whichever is longer, and may be renewable.

(2) The source of funds to meet periodic payment obligations assumed by a public body pursuant to an agreement permitted under this section may be paid from taxes, or solely from user fees, charges, or other revenues pledged to the payment of the periodic obligations, or any of these sources. [1986 c 244 § 3.]

70.150.040 Service agreements and related agreements—Procedural requirements. The legislative authority of a public body may secure services by means of an agreement with a service provider. Such an agreement may obligate a service provider to design, finance, construct, own, operate, or maintain water pollution control facilities by which services are provided to the public body. Service agreements and related agreements under this chapter shall be entered into in accordance with the following procedure:

(1) The legislative authority of the public body shall publish notice that it is seeking to secure certain specified services by means of entering into an agreement with a service provider. The notice shall be published in the official newspaper of the public body, or if there is no official newspaper then in a newspaper in general circulation within the boundaries of the public body, at least once each week for two consecutive weeks. The final notice shall appear not less than sixty days before the date for submission of proposals. The notice shall state (a) the nature of the services needed, (b) the location in the public body's offices where the requirements and standards for construction, operation, or maintenance of projects needed as part of the services are available for inspection, and (c) the final date for the submission of proposals. The legislative authority may undertake a prequalification process by the same procedure set forth in this subsection.

(2) The request for proposals shall (a) indicate the time and place responses are due, (b) include evaluation criteria to be considered in selecting a service provider, (c) specify minimum requirements or other limitations applying to selection, (d) insofar as practicable, set forth terms and provisions to be included in the service agreement, and (e) require the service provider to demonstrate in its proposal that a public body's annual costs will be lower under its proposal than they would be if the public body financed, constructed, owned, operated, and maintained facilities required for service.

(3) The criteria set forth in the request for proposals shall be those determined to be relevant by the legislative authority of the public body, which may include but shall not be limited to: The respondent's prior experience, including design, construction, or operation of other similar facilities;

respondent's management capability, schedule availability, and financial resources; cost of the service; nature of facility design proposed by respondents; system reliability; performance standards required for the facilities; compatibility with existing service facilities operated by the public body or other providers of service to the public body; project performance warranties; penalty and other enforcement provisions; environmental protection measures to be used; and allocation of project risks. The legislative authority shall designate persons or entities (a) to assist it in issuing the request for proposals to ensure that proposals will be responsive to its needs, and (b) to assist it in evaluating the proposals received. The designee shall not be a member of the legislative authority.

(4) After proposals under subsections (1) through (3) of this section have been received, the legislative authority's designee shall determine, on the basis of its review of the proposals, whether one or more proposals have been received from respondents which are (a) determined to be qualified to provide the requested services, and (b) responsive to the notice and evaluation criteria, which shall include, but not be limited to, cost of services. These chosen respondents shall be referred to as the selected respondents in this section. The designee shall conduct a bidder's conference to include all these selected respondents to assure a full understanding of the proposals. The bidder's conference shall also allow the designee to make these selected respondents aware of any changes in the request for proposal. Any information related to revisions in the request for proposal shall be made available to all these selected respondents. Any selected respondent shall be accorded a reasonable opportunity for revision of its proposal prior to commencement of the negotiation provided in subsection (5) of this section, for the purpose of obtaining best and final proposals.

(5) After such conference is held, the designee may negotiate with the selected respondent whose proposal it determines to be the most advantageous to the public body, considering the criteria set forth in the request for proposals. If the negotiation is unsuccessful, the legislative authority may authorize the designee to commence negotiations with any other selected respondent. On completion of this process, the designee shall report to the legislative authority on his or her recommendations and the reasons for them.

(6) Any person aggrieved by the legislative authority's approval of a contract may appeal the determination to an appeals board selected by the public body, which shall consist of not less than three persons determined by the legislative authority to be qualified for such purposes. Such board shall promptly hear and determine whether the public body entered into the agreement in accordance with this chapter and other applicable law. The hearing shall be conducted in the same manner as an adjudicative proceeding under chapter 34.05 RCW. The board shall have the power only to affirm or void the agreement.

(7) Notwithstanding the foregoing, where contracting for design services by the public body is done separately from contracting for other services permitted under this chapter, the contracting for design of water pollution control facilities shall be done in accordance with chapter 39.80 RCW.

(8) A service agreement shall include provision for an option by which a public body may acquire at fair market value facilities dedicated to such service.

(9) Before any service agreement is entered into by the public body, it shall be reviewed and approved by the department of ecology to ensure that the purposes of chapter 90.48 RCW are implemented.

(10) Prior to entering into any service agreement under this chapter, the public body must have made written findings, after holding a public hearing on the proposal, that it is in the public interest to enter into the service agreement and that the service agreement is financially sound and advantageous compared to other methods.

(11) Each service agreement shall include project performance bonds or other security by the service provider which in the judgment of the public body is sufficient to secure adequate performance by the service provider. [1989 c 175 § 136; 1986 c 244 § 4.]

Effective date—1989 c 175: See note following RCW 34.05.010.

Competitive bids—Inapplicability to certain agreements: RCW 35.22.625 and 36.32.265.

70.150.050 Sale, lease, or assignment of public property to service provider—Use for services to public body. A public body may sell, lease, or assign public property for fair market value to any service provider as part of a service agreement entered into under the authority of this chapter. The property sold or leased shall be used by the provider, directly or indirectly, in providing services to the public body. Such use may include demolition, modification, or other use of the property as may be necessary to execute the purposes of the service agreement. [1986 c 244 § 5.]

70.150.060 Public body eligible for grants or loans—Use of grants or loans. A public body that enters into a service agreement pursuant to this chapter, under which a facility is owned wholly or partly by a service provider, shall be eligible for grants or loans to the extent permitted by law or regulation as if the entire portion of the facility dedicated to service to such public body were publicly owned. The grants or loans shall be made to and shall inure to the benefit of the public body and not the service provider. Such grants or loans shall be used by the public body for all or part of its ownership interest in the facility, and/or to defray a part of the payments it makes to the service provider under a service agreement if such uses are permitted under the grant or loan program. [1986 c 244 § 6.]

70.150.070 RCW 70.150.030 through 70.150.060 to be additional method of providing services. RCW 70.150.030 through 70.150.060 shall be deemed to provide an additional method for the provision of services from and in connection with facilities and shall be regarded as supplemental and additional to powers conferred by other state laws and by federal laws. [1986 c 244 § 7.]

70.150.080 Application of other chapters to service agreements under this chapter—Prevailing wages. (1) The provisions of chapters 39.12, 39.19, and 39.25 RCW

shall apply to a service agreement entered into under this chapter to the same extent as if the facilities dedicated to such service were owned by a public body.

(2) Subsection (1) of this section shall not be construed to apply to agreements or actions by persons or entities which are not undertaken pursuant to this chapter.

(3) Except for RCW 39.04.175, this chapter shall not be construed as a limitation or restriction on the application of Title 39 RCW to public bodies.

(4) Prevailing wages shall be established as the prevailing wage in the largest city of the county in which facilities are built. [1986 c 244 § 8.]

70.150.900 Short title. This chapter may be cited as the water quality joint development act. [1986 c 244 § 9.]

70.150.905 Severability—1986 c 244. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1986 c 244 § 18.]

Smoking in municipal transit vehicle, unlawful bus conduct: RCW 9.91.025.

70.160.010 Legislative intent. The legislature recognizes the increasing evidence that tobacco smoke in closely confined places may create a danger to the health of some citizens of this state. In order to protect the health and welfare of those citizens, it is necessary to prohibit smoking in public places except in areas designated as smoking areas. [1985 c 236 § 1.]

70.160.020 Definitions. As used in this chapter, the following terms have the meanings indicated unless the context clearly indicates otherwise.

(1) "Smoke" or "smoking" means the carrying or smoking of any kind of lighted pipe, cigar, cigarette, or any other lighted smoking equipment.

(2) "Public place" means that portion of any building or vehicle used by and open to the public, regardless of whether

the building or vehicle is owned in whole or in part by private persons or entities, the state of Washington, or other public entity, and regardless of whether a fee is charged for admission.

Public places include, but are not limited to: Elevators, public conveyances or transportation facilities, museums, concert halls, theaters, auditoriums, exhibition halls, indoor sports arenas, hospitals, nursing homes, health care facilities or clinics, enclosed shopping centers, retail stores, retail service establishments, financial institutions, educational facilities, ticket areas, public hearing facilities, state legislative chambers and immediately adjacent hallways, public restrooms, libraries, restaurants, waiting areas, lobbies, and reception areas. A public place does not include a private residence. This chapter is not intended to restrict smoking in private facilities which are occasionally open to the public except upon the occasions when the facility is open to the public.

(3) "Restaurant" means any building, structure, or area used, maintained, or advertised as, or held out to the public to be, an enclosure where meals are made available to be consumed on the premises, for consideration of payment. [1985 c 236 § 2.]

70.160.030 Smoking in public places except designated smoking areas prohibited. No person may smoke in a public place except in designated smoking areas. [1985 c 236 § 3.]

70.160.040 Designation of smoking areas in public places—Exceptions—Restaurant smoking areas—Entire facility or area may be designated as nonsmoking. (1) A smoking area may be designated in a public place by the owner or, in the case of a leased or rented space, by the lessee or other person in charge except in:

(a) Elevators; buses, except for private hire; streetcars; taxis, except those clearly and visibly designated by the owner to permit smoking; public areas of retail stores and lobbies of financial institutions; office reception areas and waiting rooms of any building owned or leased by the state of Washington or by any city, county, or other municipality in the state of Washington; museums; public meetings or hearings; classrooms and lecture halls of schools, colleges, and universities; and the seating areas and aisle ways which are contiguous to seating areas of concert halls, theaters, auditoriums, exhibition halls, and indoor sports arenas; and

(b) Hallways of health care facilities, with the exception of nursing homes, and lobbies of concert halls, theaters, auditoriums, exhibition halls, and indoor sports arenas, if the area is not physically separated. Owners or other persons in charge are not required to incur any expense to make structural or other physical modifications in providing these areas.

Except as provided in other provisions of this chapter, no public place, other than a bar, tavern, bowling alley, tobacco shop, or restaurant, may be designated as a smoking area in its entirety. If a bar, tobacco shop, or restaurant is designated as a smoking area in its entirety, this designation shall be posted conspicuously on all entrances normally used by the public.

(2) Where smoking areas are designated, existing physical barriers and ventilation systems shall be used to minimize the toxic effect of smoke in adjacent nonsmoking areas.

(3) Managers of restaurants who choose to provide smoking areas shall designate an adequate amount of seating to meet the demands of restaurant patrons who wish to smoke. Owners of restaurants are not required to incur any expense to make structural or other physical modifications in providing these areas. Restaurant patrons shall be informed that separate smoking and nonsmoking sections are available.

(4) Except as otherwise provided in this chapter, a facility or area may be designated in its entirety as a nonsmoking area by the owner or other person in charge. [1985 c 236 § 4.]

70.160.050 Owners, lessees to post signs prohibiting or permitting smoking—Boundaries to be clearly designated. Owners, or in the case of a leased or rented space the lessee or other person in charge, of a place regulated under this chapter shall make every reasonable effort to prohibit smoking in public places by posting signs prohibiting or permitting smoking as appropriate under this chapter. Signs shall be posted conspicuously at each building entrance. In the case of retail stores and retail service establishments, signs shall be posted conspicuously at each entrance and in prominent locations throughout the place. The boundary between a nonsmoking area and a smoking permitted area shall be clearly designated so that persons may differentiate between the two areas. [1985 c 236 § 5.]

70.160.060 Intent of chapter as applied to certain private workplaces. This chapter is not intended to regulate smoking in a private enclosed workplace, within a public place, even though such workplace may be visited by nonsmokers, excepting places in which smoking is prohibited by the director of community development, through the director of fire protection, or by other law, ordinance, or regulation. [1986 c 266 § 121; 1985 c 236 § 6.]

Severability—1986 c 266: See note following RCW 38.52.005.

70.160.070 Intentional violation of chapter—Removing, defacing, or destroying required sign—Fine—Notice of infraction—Exceptions—Violations of RCW 70.160.040 or 70.160.050—Subsequent violations—Fine—Enforcement by fire officials. (1) Any person intentionally violating this chapter by smoking in a public place not designated as a smoking area or any person removing, defacing, or destroying a sign required by this chapter is subject to a civil fine of up to one hundred dollars. Local law enforcement agencies shall enforce this section by issuing a notice of infraction to be assessed in the same manner as traffic infractions. The provisions contained in chapter 46.63 RCW for the disposition of traffic infractions apply to the disposition of infractions for violation of this subsection except as follows:

(a) The provisions in chapter 46.63 RCW relating to the provision of records to the department of licensing in accordance with RCW 46.20.270 are not applicable to this chapter; and

(b) The provisions in chapter 46.63 RCW relating to the imposition of sanctions against a person's driver's license or vehicle license are not applicable to this chapter.

The form for the notice of infraction for a violation of this subsection shall be prescribed by rule of the supreme court.

(2) When violations of RCW 70.160.040 or 70.160.050 occur, a warning shall first be given to the owner or other person in charge. Any subsequent violation is subject to a civil fine of up to one hundred dollars. Each day upon which a violation occurs or is permitted to continue constitutes a separate violation.

(3) Local fire departments or fire districts shall enforce RCW 70.160.040 or 70.160.050 regarding the duties of owners or persons in control of public places, and local health departments shall enforce RCW 70.160.040 or 70.160.050 regarding the duties of owners of restaurants by either of the following actions:

(a) Serving notice requiring the correction of any violation; or

(b) Calling upon the city or town attorney or county prosecutor to maintain an action for an injunction to enforce RCW 70.160.040 and 70.160.050, to correct a violation, and to assess and recover a civil penalty for the violation. [1985 c 236 § 7.]

70.160.080 Local regulations authorized. Local fire departments or fire districts and local health departments may adopt regulations as required to implement this chapter. [1985 c 236 § 9.]

70.160.100 Penalty assessed under this chapter paid to jurisdiction bringing action. Any penalty assessed and recovered in an action brought under this chapter shall be paid to the city or county bringing the action. [1985 c 236 § 8.]

70.160.900 Short title—1985 c 236. This chapter shall be known as the Washington clean indoor air act. [1985 c 236 § 10.]

70.162.005 Finding—Intent. The legislature finds that many Washington residents spend a significant amount of their time working indoors and that exposure to indoor air pollutants may occur in public buildings, schools, work places, and other indoor environments. Scientific studies indicate that pollutants common in the indoor air may include radon, asbestos, volatile organic chemicals including formaldehyde and benzene, combustion byproducts including

carbon monoxide, nitrogen oxides, and carbon dioxide, metals and gases including lead, chlorine, and ozone, respirable particles, tobacco smoke, biological contaminants, micro-organisms, and other contaminants. In some circumstances, exposure to these substances may cause adverse health effects, including respiratory illnesses, multiple chemical sensitivities, skin and eye irritations, headaches, and other related symptoms. There is inadequate information about indoor air quality within the state of Washington, including the sources and nature of indoor air pollution.

The intent of the legislature is to develop a control strategy that will improve indoor air quality, provide for the evaluation of indoor air quality in public buildings, and encourage voluntary measures to improve indoor air quality. [1989 c 315 § 1.]

70.164.010 Legislative findings. The legislature finds and declares that weatherization of the residences of low-income households will help conserve energy resources in this state and can reduce the need to obtain energy from more costly conventional energy resources. The legislature also finds that rising energy costs have made it difficult for low-income citizens of the state to afford adequate fuel for residential space heat. Weatherization of residences will lower energy consumption, making space heat more affordable for persons in low-income households. It will also reduce the uncollectible accounts of fuel suppliers resulting from low-income customers not being able to pay fuel bills.

The program implementing the policy of this chapter is necessary to support the poor and infirm and also to benefit the health, safety, and general welfare of all citizens of the state. [1987 c 36 § 1.]

70.164.030 Low-income weatherization assistance account The low-income weatherization assistance account (1992 Ed.)

is created in the state treasury. All moneys from the money distributed to the state pursuant to *Exxon v. United States*, 561 F.Supp. 816 (1983), affirmed 773 F.2d 1240 (1985), or any other oil overcharge settlements or judgments distributed by the federal government, that are allocated to the low-income weatherization assistance account shall be deposited in the account. The department may accept such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, and shall deposit such funds in the account. Any moneys received from sponsor match payments shall be deposited in the account. The legislature may also appropriate moneys to the account. Moneys in the account shall be spent pursuant to appropriation and only for the purposes and in the manner provided in RCW 70.164.040. Any moneys appropriated that are not spent by the department shall return to the account. [1991 sp.s. c 13 § 62; 1987 c 36 § 3.]

70.164.040 Proposals for low-income weatherization programs—Matching funds. (1) The department shall solicit proposals for low-income weatherization programs from potential sponsors. A proposal shall state the amount of the sponsor match, the amount requested from the low-income weatherization assistance account, the name of the weatherizing agency, and any other information required by the department.

(2)(a) A sponsor may use its own moneys, including corporate or ratepayer moneys, or moneys provided by landlords, charitable groups, government programs, the Bonneville Power Administration, or other sources to pay the sponsor match.

(b) Moneys provided by a sponsor pursuant to requirements in this section shall be in addition to and shall not supplant any funding for low-income weatherization that would otherwise have been provided by the sponsor or any other entity enumerated in (a) of this subsection.

(c) No proposal may require any contribution as a condition of weatherization from any household whose residence is weatherized under the proposal.

(d) Proposals shall provide that full levels of all cost-effective structurally feasible measures, as determined by the department, shall be installed when a low-income residence is weatherized.

(3) The department may in its discretion accept, accept in part, or reject proposals submitted. The department shall allocate funds appropriated from the low-income weatherization assistance account among proposals accepted or accepted in part so as to achieve the greatest possible expected monetary and energy savings by low-income households and other energy consumers and shall, to the extent feasible, ensure a balance of participation in proportion to population among low-income households for: (a) Geographic regions in the state; (b) types of fuel used for heating; (c) owner-occupied and rental residences; and (d) single-family and multifamily dwellings. The department may allocate funds to a nonutility sponsor without requiring a sponsor match if the department determines that such an allocation is necessary to provide the greatest benefits to low-income residents of the state.

(4)(a) A sponsor may elect to: (i) Pay a sponsor match as a lump sum at the time of weatherization, or (ii) make yearly payments to the low-income weatherization assistance account over a period not to exceed ten years. If a sponsor elects to make yearly payments, the value of the payments shall not be less than the value of the lump sum payment that would have been made under (i) of this subsection.

(b) The department may permit a sponsor to meet its match requirement in whole or in part through providing labor, materials, or other in-kind expenditures.

(5) The department shall adopt rules to carry out this section. [1987 c 36 § 4.]

70.164.050 Program compliance with laws and rules—Energy assessment required. (1) The department is responsible for ensuring that sponsors and weatherizing agencies comply with the state laws, the department's rules, and the sponsor's proposal in carrying out proposals.

(2) Before a residence is weatherized, the department shall require that an energy assessment be conducted. [1987 c 36 § 5.]

70.164.060 Weatherization of leased or rented residences—Limitations. Before a leased or rented residence is weatherized, written permission shall be obtained from the owner of the residence for the weatherization. The department shall adopt rules to ensure that: (1) The benefits of weatherization assistance in connection with a leased or rented residence accrue primarily to low-income tenants; (2) as a result of weatherization provided under this chapter, the rent on the residence is not increased and the tenant is not evicted; and (3) as a result of weatherization provided under this chapter, no undue or excessive enhancement occurs in the value of the residence. This section is in the public interest and any violation by a landlord of the rules adopted under this section shall be an act in trade or commerce violating chapter 19.86 RCW, the consumer protection act. [1987 c 36 § 6.]

70.164.070 Payments to low-income weatherization assistance account. Payments to the low-income weatherization assistance account shall be treated, for purposes of state law, as payments for energy conservation and shall be eligible for any tax credits or deductions, equity returns, or other benefits for which conservation investments are eligible. [1987 c 36 § 7.]

70.168.010 Legislative finding. The legislature finds and declares that:

(1) Trauma is a severe health problem in the state of Washington and a major cause of death;

(2) Presently, trauma care is very limited in many parts of the state, and health care in rural areas is in transition with the danger that some communities will be without emergency medical care;

(3) It is in the best interest of the citizens of Washington state to establish an efficient and well-coordinated state-wide emergency medical services and trauma care system to reduce costs and incidence of inappropriate and inadequate trauma care and emergency medical service and minimize the human suffering and costs associated with preventable mortality and morbidity;

(4) The goals and objectives of an emergency medical services and trauma care system are to: (a) Pursue trauma prevention activities to decrease the incidence of trauma; (b) provide optimal care for the trauma victim; (c) prevent unnecessary death and disability from trauma and emergency illness; and (d) contain costs of trauma care and trauma system implementation; and

(5) In other parts of the United States where trauma care systems have failed and trauma care centers have closed, there is a direct relationship between such failures and closures and a lack of commitment to fair and equitable reimbursement for trauma care participating providers and system overhead costs. [1990 c 269 § 1; 1988 c 183 § 1.]

Nothing in this chapter requires the department to follow any specific recommendation in that report except as it may also be included in this chapter.

(3) The department may apply for, receive, and accept gifts and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including any activities related to the design, maintenance, or enhancements of the emergency medical services and trauma care system in the state. 70.168.070 Provision of trauma care service—

Designation. Any hospital or health care facility that desires to be authorized to provide a designated trauma care service shall request designation from the department. Designation involves a contractual relationship between the state and a hospital or health care facility whereby each agrees to

maintain a level of commitment and resources sufficient to meet responsibilities and standards required by the state-wide emergency medical services and trauma care system plan. By January 1992, the department shall determine by rule the manner and form of such requests. Upon receiving a request, the department shall review the request to determine whether the hospital or health care facility is in compliance with standards for the trauma care service or services for which designation is desired. If requests are received from more than one hospital or health care facility within the same emergency medical planning and trauma care planning and service region, the department shall select the most qualified applicant or applicants to be selected through a competitive process. Any applicant not designated may request a hearing to review the decision.

Designations are valid for a period of three years and are renewable upon receipt of a request for renewal prior to expiration from the hospital or health care facility. When an authorization for designation is due for renewal other hospitals and health care facilities in the area may also apply and compete for designation. Regional emergency medical and trauma care councils shall be notified promptly of designated hospitals and health care facilities in their region so they may incorporate them into the regional plan as required by this chapter. The department may revoke or suspend the designation should it determine that the hospital or health care facility is substantially out of compliance with the standards and has refused or been unable to comply after a reasonable period of time has elapsed. The department shall promptly notify the regional emergency medical and trauma care planning and service region of suspensions or revocations. Any facility whose designation has been revoked or suspended may request a hearing to review the action by the department as provided for in chapter 34.05 RCW.

As a part of the process to designate and renew the designation of hospitals authorized to provide level I, II, or III trauma care services or level I, II, and III pediatric trauma care services, the department shall contract for on-site reviews of such hospitals to determine compliance with required standards. The department may contract for on-site reviews of hospitals and health care facilities authorized to provide level IV or V trauma care services or level I, I-pediatric, II, or III trauma-related rehabilitative services to determine compliance with required standards. Members of on-site review teams and staff included in site visits are exempt from RCW 42.17.250 through 42.17.450. They may not divulge and cannot be subpoenaed to divulge information obtained or reports written pursuant to this section in any civil action, except, after in camera review, pursuant to a court order which provides for the protection of sensitive information of interested parties including the department:

(1) In actions arising out of the department's designation of a hospital or health care facility pursuant to this section; (2) in actions arising out of the department's revocation or suspension of designation status of a hospital or health care facility under this section; or (3) in actions arising out of the restriction or revocation of the clinical or staff privileges of a health care provider as defined in *RCW 70.70.020 (1) and (2), subject to any further restrictions on disclosure in RCW 4.24.250 that may apply. Information that identifies individual patients shall not be publicly disclosed without the

patient's consent. When a facility requests designation for more than one service, the department may coordinate the joint consideration of such requests.

The department may establish fees to help defray the costs of this section, though such fees shall not be assessed to health care facilities authorized to provide level IV and V trauma care services.

This section shall not restrict the authority of a hospital or a health care provider licensed under Title 18 RCW to provide services which it has been authorized to provide by state law. [1990 c 269 § 9.]

***Reviser's note:** The reference to RCW 70.70.020 appears to be erroneous. RCW 7.70.020 was apparently intended.

70.168.080 Prehospital trauma care service—Verification—Compliance—Variance. (1) Any provider desiring to provide a verified prehospital trauma care service shall indicate on the licensing application how they meet the standards required for verification as a provider of this service. The department shall notify the regional emergency medical services and trauma care councils of the providers of verified trauma care services in their regions. The department may conduct on-site reviews of prehospital providers to assess compliance with the applicable standards.

(2) Should the department determine that a prehospital provider is substantially out of compliance with the standards, the department shall notify the regional emergency medical services and trauma care council. If the failure of a prehospital provider to comply with the applicable standards results in the region being out of compliance with its regional plan, the council shall take such steps necessary to assure the region is brought into compliance within a reasonable period of time. The council may seek assistance and funding from the department and others to provide training or grants necessary to bring a prehospital provider into compliance. The council may appeal to the department for modification of the regional plan if it is unable to assure continued compliance with the regional plan. The department may authorize modification of the plan if such modifications meet the requirements of this chapter. The department may suspend or revoke the authorization of a prehospital provider to provide a verified prehospital service if the provider has refused or been unable to comply after a reasonable period of time has elapsed. The council shall be notified promptly of any revocations or suspensions. Any prehospital provider whose verification has been suspended or revoked may request a hearing to review the action by the department as provided for in chapter 34.05 RCW.

(3) The department may grant a variance from provisions of this section if the department determines: (a) That no detriment to public health and safety will result from the variance, and (b) compliance with provisions of this section will cause a reduction or loss of existing prehospital services. Variances may be granted for a period not to exceed one year. A variance may be renewed by the department. If a renewal is granted, a plan of compliance shall be prepared specifying steps necessary to bring a provider or region into compliance and expected date of compliance.

(4) This section shall not restrict the authority of a provider licensed under Title 18 RCW to provide services which it has been authorized to provide by state law. [1990 c 269 § 10.]

70.168.090 State-wide data registry—Quality assurance program—Confidentiality. (1) By July 1991, the department shall establish a state-wide data registry to collect and analyze data on the incidence, severity, and causes of trauma, including traumatic brain injury. The department shall collect additional data on traumatic brain injury should additional data requirements be enacted by the legislature. The registry shall be used to improve the availability and delivery of prehospital and hospital trauma care services. Specific data elements of the registry shall be defined by rule by the department. To the extent possible, the department shall coordinate data collection from hospitals for the trauma registry with the state-wide hospital data system authorized in chapter 70.170 RCW. Every hospital, facility, or health care provider authorized to provide level I, II, III, IV, or V trauma care services, level I, II, or III pediatric trauma care services, level I, level I-pediatric, II, or III trauma-related rehabilitative services, and prehospital trauma-related services in the state shall furnish data to the registry. All other hospitals and prehospital providers shall furnish trauma data as required by the department by rule.

The department may respond to requests for data and other information from the registry for special studies and analysis consistent with requirements for confidentiality of patient and quality assurance records. The department may require requestors to pay any or all of the reasonable costs associated with such requests that might be approved.

(2) By January 1994, in each emergency medical services and trauma care planning and service region, a regional emergency medical services and trauma care systems quality assurance program shall be established by those facilities authorized to provide levels I, II, and III trauma care services. The systems quality assurance program shall evaluate trauma care delivery, patient care outcomes, and compliance with the requirements of this chapter. The emergency medical services medical program director and all other health care providers and facilities who provide trauma care services within the region shall be invited to participate in the regional emergency medical services and trauma care quality assurance program.

(3) Data elements related to the identification of individual patient's, provider's and facility's care outcomes shall be confidential, shall be exempt from RCW 42.17.250 through 42.17.450, and shall not be subject to discovery by subpoena or admissible as evidence.

(4) Patient care quality assurance proceedings, records, and reports developed pursuant to this section are confidential, exempt from RCW 42.17.250 through 42.17.450, and are not subject to discovery by subpoena or admissible as evidence. In any civil action, except, after in camera review, pursuant to a court order which provides for the protection of sensitive information of interested parties including the department: (a) In actions arising out of the department's designation of a hospital or health care facility pursuant to RCW 70.168.070; (b) in actions arising out of the department's revocation or suspension of designation status of a hospital or health care facility under RCW 70.168.070; or (c) in actions arising out of the restriction or revocation of the clinical or staff privileges of a health care provider as defined in RCW 7.70.020 (1) and (2), subject to any further restrictions on disclosure in RCW 4.24.250 that may apply. Information that identifies individual patients shall not be

publicly disclosed without the patient's consent. [1990 c 269 § 11.]

70.168.100 Regional emergency medical services and trauma care councils. Regional emergency medical services and trauma care councils are established. The councils shall:

(1) By June 1990, begin the development of regional emergency medical services and trauma care plans to:

(a) Assess and analyze regional emergency medical services and trauma care needs;

(b) Identify personnel, agencies, facilities, equipment, training, and education to meet regional and local needs;

(c) Identify specific activities necessary to meet statewide standards and patient care outcomes and develop a plan of implementation for regional compliance;

(d) Establish and review agreements with regional providers necessary to meet state standards;

(e) Establish agreements with providers outside the region to facilitate patient transfer;

(f) Include a regional budget;

(g) Establish the number and level of facilities to be designated which are consistent with state standards and based upon availability of resources and the distribution of trauma within the region;

(h) Identify the need for and recommend distribution and level of care of prehospital services to assure adequate availability and avoid inefficient duplication and lack of coordination of prehospital services within the region; and

(i) Include other specific elements defined by the department;

(2) By June 1991, begin the submission of the regional emergency services and trauma care plan to the department;

(3) Advise the department on matters relating to the delivery of emergency medical services and trauma care within the region;

(4) Provide data required by the department to assess the effectiveness of the emergency medical services and trauma care system;

(5) May apply for, receive, and accept gifts and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including any activities related to the design, maintenance, or enhancements of the emergency medical services and trauma care system in the region. The councils shall report in the regional budget the amount, source, and purpose of all gifts and payments. [1990 c 269 § 13.]

70.168.110 Planning and service regions. The department shall designate at least eight emergency medical services and trauma care planning and service regions so that all parts of the state are within such an area. These regional designations are to be made on the basis of efficiency of delivery of needed emergency medical services and trauma care. [1990 c 269 § 14; 1987 c 214 § 4; 1973 1st ex.s. c 208 § 6. Formerly RCW 18.73.060.]

70.168.120 Local and regional emergency medical services and trauma care councils—Power and duties.

(1) A county or group of counties may create a local

emergency medical services and trauma care council composed of representatives of hospital and prehospital trauma care and emergency medical services providers, local elected officials, consumers, local law enforcement officials, and local government agencies involved in the delivery of emergency medical services and trauma care.

(2) The department shall establish regional emergency medical services and trauma care councils and shall appoint members to be comprised of a balance of hospital and prehospital trauma care and emergency medical services providers, local elected officials, consumers, local law enforcement representatives, and local government agencies involved in the delivery of trauma care and emergency medical services recommended by the local emergency medical services and trauma care councils within the region.

(3) Local emergency medical services and trauma care councils shall review, evaluate, and provide recommendations to the regional emergency medical services and trauma care council regarding the provision of emergency medical services and trauma care in the region, and provide recommendations to the regional emergency medical services and trauma care councils on the plan for emergency medical services and trauma care. [1990 c 269 § 15; 1987 c 214 § 6; 1983 c 112 § 8. Formerly RCW 18.73.073.]

70.168.130 Disbursement of funds to regional emergency medical services and trauma care councils—

Grants to nonprofit agencies—Purposes. (1) The department, with the assistance of the emergency medical services and trauma care steering committee, shall adopt a program for the disbursement of funds for the development, implementation, and enhancement of the emergency medical services and trauma care system. Under the program, the department shall disburse funds to each emergency medical services and trauma care regional council, or their chosen fiscal agent or agents, which shall be city or county governments, stipulating the purpose for which the funds shall be expended. The regional emergency medical services and trauma care council shall use such funds to make available matching grants in an amount not to exceed fifty percent of the cost of the proposal for which the grant is made; provided, the department may waive or modify the matching requirement if it determines insufficient local funding exists and the public health and safety would be jeopardized if the proposal were not funded. Grants shall be made to any public or private nonprofit agency which, in the judgment of the regional emergency medical services and trauma care council, will best fulfill the purpose of the grant.

(2) Grants may be awarded for any of the following purposes:

(a) Establishment and initial development of an emergency medical services and trauma care system;

(b) Expansion and improvement of an emergency medical services and trauma care system;

(c) Purchase of equipment for the operation of an emergency medical services and trauma care system;

(d) Training and continuing education of emergency medical and trauma care personnel; and

(e) Department approved research and development activities pertaining to emergency medical services and trauma care.

(3) Any emergency medical services agency or trauma care provider which receives a grant shall stipulate that it will:

(a) Operate in accordance with applicable provisions and standards required under this chapter;

(b) Provide, without prior inquiry as to ability to pay, emergency medical and trauma care to all patients requiring such care; and

(c) Be consistent with applicable provisions of the regional emergency medical services and trauma care plan and the state-wide emergency medical services and trauma care system plan. [1990 c 269 § 16; 1987 c 214 § 8; 1979 ex.s. c 261 § 8. Formerly RCW 18.73.085.]

70.168.140 Prehospital provider liability. (1) No act or omission of any prehospital provider done or omitted in good faith while rendering emergency medical services in accordance with the approved regional plan shall impose any liability upon that provider.

(2) This section does not apply to the commission or omission of an act which is not within the field of the medical expertise of the provider.

(3) This section does not relieve a provider of any duty otherwise imposed by law.

(4) This section does not apply to any act or omission which constitutes gross negligence or willful or wanton misconduct.

70.170.010 Intent. (1) The legislature finds and declares that there is a need for health care information that helps the general public understand health care issues and how they can be better consumers and that is useful to purchasers, payers, and providers in making health care choices and negotiating payments. It is the purpose and intent of this chapter to establish a hospital data collection, storage, and retrieval system which supports these data needs and which also provides public officials and others engaged in the development of state health policy the information necessary for the analysis of health care issues.

(2) The legislature finds that rising health care costs and access to health care services are of vital concern to the people of this state. It is, therefore, essential that strategies be explored that moderate health care costs and promote access to health care services.

(3) The legislature further finds that access to health care is among the state's goals and the provision of such care should be among the purposes of health care providers and facilities. Therefore, the legislature intends that charity care requirements and related enforcement provisions for hospitals be explicitly established.

(4) The lack of reliable statistical information about the delivery of charity care is a particular concern that should be addressed. It is the purpose and intent of this chapter to require hospitals to provide, and report to the state, charity care to persons with acute care needs, and to have a state agency both monitor and report on the relative commitment of hospitals to the delivery of charity care services, as well as the relative commitment of public and private purchasers or payers to charity care funding. [1989 1st ex.s. c 9 § 501.]

(1) There is created the health care access and cost control council within the department of health consisting of the following: The director of the department of labor and industries; the administrator of the health care authority; the secretary of social and health services; the administrator of the basic health plan; a person representing the governor

on matters of health policy; the secretary of health; and one member from the public-at-large to be selected by the governor who shall represent individual consumers of health care. Meetings of the council shall be held as frequently as its duties require. The council shall keep minutes of its meetings and adopt procedures for the governing of its meetings, minutes, and transactions.

(3) Four members shall constitute a quorum, but a vacancy on the council shall not impair its power to act. No action of the council shall be effective unless four members concur therein. [1989 1st ex.s. c 9 § 503.]

70.170.040 Council—Reports—Advisory function—Studies. (1) In order to advise the department and the board of health in preparing executive request legislation and the state health report according to RCW 43.20.050, and, in order to represent the public interest, the council shall monitor and evaluate hospital and related health care services consistent with RCW 70.170.010. In fulfilling its responsibilities, the council shall have complete access to all the department's data and information systems.

(2) The council shall advise the department on the hospital data collection system required by this chapter.

(3) The council, in addition to participation in the development of the state health report, shall, from time to time, report to the governor and the appropriate committees of the legislature with proposed changes in hospital and related health care services, consistent with the findings in RCW 70.170.010.

(4) The department may undertake, with advice from the council and within available funds, the following studies:

(a) Recommendations regarding health care cost containment, and the assurance of access and maintenance of adequate standards of care;

(b) Analysis of the effects of various payment methods on health care access and costs;

(c) The utility of the certificate of need program and related health planning process;

(d) Methods of permitting the inclusion of advance medical technology on the health care system, while controlling inappropriate use;

(e) The appropriateness of allocation of health care services;

(f) Professional liabilities on health care access and costs, to include:

(i) Quantification of the financial effects of professional liability on health care reimbursement;

(ii) Determination of the effects, if any, of nonmonetary factors upon the availability of, and access to, appropriate

and necessary basic health services such as, but not limited to, prenatal and obstetrical care; and

(iii) Recommendation of proposals that would mitigate cost and access impacts associated with professional liability.

The department shall report its findings and recommendations to the governor and the appropriate committees of the legislature not later than July 1, 1991. [1989 1st ex.s. c 9 § 504.]

70.170.050 Requested studies—Costs. The department shall have the authority to respond to requests of others for special studies or analysis. The department may require such sponsors to pay any or all of the reasonable costs associated with such requests that might be approved, but in no event may costs directly associated with any such special study be charged against the funds generated by the assessment authorized under RCW 70.170.080. [1989 1st ex.s. c 9 § 505.]

70.170.060 Charity care—Prohibited and required hospital practices and policies—Rules—Department to monitor and report. (1) No hospital or its medical staff shall adopt or maintain admission practices or policies which result in:

(a) A significant reduction in the proportion of patients who have no third-party coverage and who are unable to pay for hospital services;

(b) A significant reduction in the proportion of individuals admitted for inpatient hospital services for which payment is, or is likely to be, less than the anticipated charges for or costs of such services; or

(c) The refusal to admit patients who would be expected to require unusually costly or prolonged treatment for reasons other than those related to the appropriateness of the care available at the hospital.

(2) No hospital shall adopt or maintain practices or policies which would deny access to emergency care based on ability to pay. No hospital which maintains an emergency medical condition or who is in active labor unless the transfer is performed at the request of the patient or is due to the limited medical resources of the transferring hospital. Hospitals must follow reasonable procedures in making transfers to other hospitals including confirmation of acceptance of the transfer by the receiving hospital.

(3) The department shall develop definitions by rule, as appropriate, for subsection (1) of this section and, with reference to federal requirements, subsection (2) of this section. The department shall monitor hospital compliance with subsections (1) and (2) of this section. The department shall report to the legislature and the governor on hospital compliance with these requirements and shall report individual instances of possible noncompliance to the state attorney general or the appropriate federal agency.

(4) The department shall establish and maintain by rule, consistent with the definition of charity care in RCW 70.170.020, the following:

(a) Uniform procedures, data requirements, and criteria for identifying patients receiving charity care;

(b) A definition of residual bad debt including reasonable and uniform standards for collection procedures to be

used in efforts to collect the unpaid portions of hospital charges that are the patient's responsibility.

(5) For the purpose of providing charity care, each hospital shall develop, implement, and maintain a charity care policy which, consistent with subsection (1) of this section, shall enable people below the federal poverty level access to appropriate hospital-based medical services, and a sliding fee schedule for determination of discounts from charges for persons who qualify for such discounts by January 1, 1990. The department shall develop specific guidelines to assist hospitals in setting sliding fee schedules required by this section. All persons with family income below one hundred percent of the federal poverty standard shall be deemed charity care patients for the full amount of hospital charges, provided that such persons are not eligible for other private or public health coverage sponsorship. Persons who may be eligible for charity care shall be notified by the hospital.

(6) Each hospital shall make every reasonable effort to determine the existence or nonexistence of private or public sponsorship which might cover in full or part the charges for care rendered by the hospital to a patient; the family income of the patient as classified under federal poverty income guidelines; and the eligibility of the patient for charity care as defined in this chapter and in accordance with hospital policy. An initial determination of sponsorship status shall precede collection efforts directed at the patient.

(7) The department shall monitor the distribution of charity care among hospitals, with reference to factors such as relative need for charity care in hospital service areas and trends in private and public health coverage. The department shall report to the legislature and executive any problems in distribution which are in contradiction of the intent of this chapter. The report shall include an assessment of the effects of the provisions of this chapter on access to hospital and health care services, as well as an evaluation of the contribution of all purchasers of care to hospital charity care.

(8) The department shall issue a report on the subjects addressed in this section at least annually, with the first report due on July 1, 1990. [1989 1st ex.s. c 9 § 506.]

70.170.070 Penalties. (1) Every person who shall violate or knowingly aid and abet the violation of RCW 70.170.060 (5) or (6), 70.170.080, or 70.170.100, or any valid orders or rules adopted pursuant to these sections, or who fails to perform any act which it is herein made his or her duty to perform, shall be guilty of a misdemeanor. Following official notice to the accused by the department of the existence of an alleged violation, each day of noncompliance upon which a violation occurs shall constitute a separate violation. Any person violating the provisions of this chapter may be enjoined from continuing such violation. The department has authority to levy civil penalties not exceeding one thousand dollars for violations of this chapter and determined pursuant to this section.

(2) Every person who shall violate or knowingly aid and abet the violation of RCW 70.170.060 (1) or (2), or any valid orders or rules adopted pursuant to such section, or who fails to perform any act which it is herein made his or her duty to perform, shall be subject to the following criminal and civil penalties:

(a) For any initial violations: The violating person shall be guilty of a misdemeanor, and the department may impose a civil penalty not to exceed one thousand dollars as determined pursuant to this section.

(b) For a subsequent violation of RCW 70.170.060 (1) or (2) within five years following a conviction: The violating person shall be guilty of a misdemeanor, and the department may impose a penalty not to exceed three thousand dollars as determined pursuant to this section.

(c) For a subsequent violation with intent to violate RCW 70.170.060 (1) or (2) within five years following a conviction: The criminal and civil penalties enumerated in (a) of this subsection; plus up to a three-year prohibition against the issuance of tax exempt bonds under the authority of the Washington health care facilities authority; and up to a three-year prohibition from applying for and receiving a certificate of need.

(d) For a violation of RCW 70.170.060 (1) or (2) within five years of a conviction under (c) of this subsection: The criminal and civil penalties and prohibition enumerated in (a) and (b) of this subsection; plus up to a one-year prohibition from participation in the state medical assistance or medical care services authorized under chapter 74.09 RCW.

(3) The provisions of chapter 34.05 RCW shall apply to all noncriminal actions undertaken by the department of health, the department of social and health services, and the Washington health care facilities authority pursuant to *this act. [1989 1st ex.s. c 9 § 507.]

*Reviser's note: For codification of "this act" [1989 1st ex.s. c 9], see Codification Tables, Volume 0.

70.170.080 Assessments—Costs. The basic expenses for the hospital data collection and reporting activities of this chapter shall be financed by an assessment against hospitals of no more than four one-hundredths of one percent of each hospital's gross operating costs, to be levied and collected from and after that date, upon which the similar assessment levied under *chapter 70.39 RCW is terminated, for the provision of hospital services for its last fiscal year ending on or before June 30th of the preceding calendar year. Budgetary requirements in excess of that limit must be financed by a general fund appropriation by the legislature. All moneys collected under this section shall be deposited by the state treasurer in the hospital data collection account which is hereby created in the state treasury. The department may also charge, receive, and dispense funds or authorize any contractor or outside sponsor to charge for and reimburse the costs associated with special studies as specified in RCW 70.170.050.

Any amounts raised by the collection of assessments from hospitals provided for in this section which are not required to meet appropriations in the budget act for the current fiscal year shall be available to the department in succeeding years. [1991 sp.s. c 13 § 71; 1989 1st ex.s. c 9 § 508.]

*Reviser's note: Chapter 70.39 RCW was repealed by 1982 c 223 § 10, effective June 30, 1990.

Effective dates—Severability—1991 sp.s. c 13: See notes following RCW 18.08.240.

70.170.090 Confidentiality. The department and any of its contractors or agents shall maintain the confidentiality

of any information which may, in any manner, identify individual patients. [1989 1st ex.s. c 9 § 509.]

70.170.100 State-wide hospital data system—Design requirements—Reporting requirements—Data available upon request. (1) The department is responsible for the development, implementation, and custody of a state-wide hospital data system. As part of the design stage for development of the system, the department shall undertake a needs assessment of the types of, and format for, hospital data needed by consumers, purchasers, payers, hospitals, and state government as consistent with the intent of this chapter. The department shall identify a set of hospital data elements and report specifications which satisfy these needs. The council shall review the design of the data system and may direct the department to contract with a private vendor for assistance in the design of the data system. The data elements, specifications, and other design features of this data system shall be made available for public review and comment and shall be published, with comments, as the department's first data plan by January 1, 1990.

(2) Subsequent to the initial development of the data system as published as the department's first data plan, revisions to the data system shall be considered through the department's development of a biennial data plan, as proposed to, and funded by, the legislature through the biennial appropriations process. Costs of data activities outside of these data plans except for special studies shall be funded through legislative appropriations.

(3) In designing the state-wide hospital data system and any data plans, the department shall identify hospital data elements relating to both hospital finances and the use of services by patients. Data elements relating to hospital finances shall be reported by hospitals in conformance with a uniform system of reporting as specified by the department and shall include data elements identifying each hospital's revenues, expenses, contractual allowances, charity care, bad debt, other income, total units of inpatient and outpatient services, and other financial information reasonably necessary to fulfill the purposes of this chapter, for hospital activities as a whole and, as feasible and appropriate, for specified classes of hospital purchasers and payers. Data elements relating to use of hospital services by patients shall, at least initially, be the same as those currently compiled by hospitals through inpatient discharge abstracts and reported to the Washington state hospital commission.

(4) The state-wide hospital data system shall be uniform in its identification of reporting requirements for hospitals across the state to the extent that such uniformity is necessary to fulfill the purposes of this chapter. Data reporting requirements may reflect differences in hospital size; urban or rural location; scope, type, and method of providing service; financial structure; or other pertinent distinguishing factors. So far as possible, the data system shall be coordinated with any requirements of the trauma care data registry as authorized in RCW 70.168.090, the federal department of health and human services in its administration of the medicare program, and the state in its role of gathering public health statistics, so as to minimize any unduly burdensome reporting requirements imposed on hospitals.

(5) In identifying financial reporting requirements under the state-wide hospital data system, the department may require both annual reports and condensed quarterly reports, so as to achieve both accuracy and timeliness in reporting.

(6) In designing the initial state-wide hospital data system as published in the department's first data plan, the department shall review all existing systems of hospital financial and utilization reporting used in this state to determine their usefulness for the purposes of this chapter, including their potential usefulness as revised or simplified.

(7) Until such time as the state-wide hospital data system and first data plan are developed and implemented and hospitals are able to comply with reporting requirements, the department shall require hospitals to continue to submit the hospital financial and patient discharge information previously required to be submitted to the Washington state hospital commission. Upon publication of the first data plan, hospitals shall have a reasonable period of time to comply with any new reporting requirements and, even in the event that new reporting requirements differ greatly from past requirements, shall comply within two years of July 1, 1989.

(8) The hospital data collected and maintained by the department shall be available for retrieval in original or processed form to public and private requestors within a reasonable period of time after the date of request. The cost of retrieving data for state officials and agencies shall be funded through the state general appropriation. The cost of retrieving data for individuals and organizations engaged in research or private use of data shall be funded by a fee schedule developed by the department which reflects the direct cost of retrieving the data in the requested form. [1990 c 269 § 12; 1989 1st ex.s. c 9 § 510.]

Severability—1990 c 269: See RCW 70.168.901.

70.170.110 Department to provide hospital analyses and reports—Contents. The department shall provide, or may contract with a private entity to provide, hospital analyses and reports consistent with the purposes of this chapter. Prior to release, the department shall provide affected hospitals with an opportunity to review and comment on reports which identify individual hospital data with respect to accuracy and completeness, and otherwise shall focus on aggregate reports of hospital performance. These reports shall include:

(1) Consumer guides on purchasing hospital care services and publications providing verifiable and useful comparative information to consumers on hospitals and hospital services;

(2) Reports for use by classes of purchasers, payers, and providers as specified for content and format in the state-wide data system and data plan; and

(3) Reports on relevant hospital policy issues including the distribution of hospital charity care obligations among hospitals; absolute and relative rankings of Washington and other states, regions, and the nation with respect to expenses, net revenues, and other key indicators; hospital efficiencies; and the effect of medicare, medicaid, and other public health care programs on rates paid by other purchasers of hospital care. [1989 1st ex.s. c 9 § 511.]

70.175.010 Legislative findings. (1) The legislature declares that availability of health services to rural citizens is an issue on which a state policy is needed.

The legislature finds that changes in the demand for health care, in reimbursement policies of public and private purchasers, [and] in the economic and demographic conditions in rural areas threaten the availability of care services.

In addition, many factors inhibit needed changes in the delivery of health care services to rural areas which include inappropriate and outdated regulatory laws, aging and inefficient health care facilities, the absence of local planning and coordination of rural health care services, the lack of community understanding of the real costs and benefits of supporting rural hospitals, the lack of regional systems to assure access to care that cannot be provided in every community, and the absence of state health care policy objectives.

The legislature further finds that the creation of effective health care delivery systems that assure access to health care services provided in an affordable manner will depend on active local community involvement. It further finds that it is the duty of the state to create a regulatory environment and health care payment policy that promotes innovation at the local level to provide such care.

It further declares that it is the responsibility of the state to develop policy that provides direction to local communities with regard to such factors as a definition of health care services, identification of state-wide health status outcomes, clarification of state, regional, [and] community responsibilities and interrelationships for assuring access to affordable health care and continued assurances that quality health care services are provided.

(2) The legislature further finds that many rural communities do not operate hospitals in a cost-efficient manner. The cost of operating the rural hospital often exceeds the revenues generated. Some of these hospitals face closure, which may result in the loss of health care services for the community. Many communities are struggling to retain health care services by operating a cost-efficient facility located in the community. Current regulatory laws do not provide for the facilities licensure option that is appropriate for rural areas. A major barrier to the development of an appropriate rural licensure model is federal medicare approval to guarantee reimbursement for the costs of providing care and operating the facility. Medicare certification typically elaborates upon state licensure requirements. Medicare approval of reimbursement is more likely if the state has developed legal criteria for a rural-appropriate health facility. Medicare has begun negotiations with other states facing similar problems to develop exceptions with the goal of allowing reimbursement of rural alternative health care facilities. It is in the best interests of rural citizens for Washington state to begin negotiations with the federal government with the objective of designing a medicare eligible rural health care facility structured to meet the health care needs of rural Washington and be eligible for federal and state financial support for its development and operation. [1989 1st ex.s. c 9 § 701.]

70.175.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Administrative structure" means a system of contracts or formal agreements between organizations and persons providing health services in an area that establishes the roles and responsibilities each will assume in providing the services of the rural health care facility.

(12) "Secretary" means the secretary of health. [1989 1st ex.s. c 9 § 702.]

70.175.030 Project established—Implementation.

(1) The department shall establish the Washington rural health system project to provide financial and technical assistance to participants. The goal of the project is to help assure access to affordable health care services to citizens in the rural areas of Washington state.

(2) Administrative costs necessary to implement this project shall be kept at a minimum to insure the maximum availability of funds for participants.

(3) The secretary may appoint such technical or advisory committees as he or she deems necessary consistent with the provisions of RCW 43.70.040. In appointing an advisory committee the secretary should assure representation by health care professionals, health care providers, and those directly involved in the purchase, provision, or delivery of health care services as well as consumers, rural community leaders, and those knowledgeable of the issues involved with health care public policy. Individuals appointed to any technical advisory committee shall serve without compensation for their services as members, but may be reimbursed for their travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(4) The secretary may contract with third parties for services necessary to carry out activities to implement this chapter where this will promote economy, avoid duplication of effort, and make the best use of available expertise.

(5) The secretary may apply for, receive, and accept gifts and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects related to the delivery of health care in rural areas.

(6) In designing and implementing the project the secretary shall consider the report of the Washington rural health care commission established under chapter 207, Laws of 1988. Nothing in this chapter requires the secretary to follow any specific recommendation contained in that report except as it may also be included in this chapter. [1989 1st ex.s. c 9 § 703.]

70.175.040 Rules. The department shall adopt rules consistent with this chapter to carry out the purpose of this chapter. All rules shall be adopted in accordance with chapter 34.05 RCW. All rules and procedures adopted by the department shall minimize paperwork and compliance requirements for participants and should not be complex in nature so as to serve as a barrier or disincentive for prospective participants applying for the project. [1989 1st ex.s. c 9 § 704.]

70.175.050 Secretary's powers and duties. The secretary shall have the following powers and duties:

(1) To design the project application and selection process, including a program to advertise the project to rural communities and encourage prospective applicants to apply. Project sites that receive seed grant funding may hire consultants and shall perform other activities necessary to meet participant requirements defined in this chapter. In considering selection of participants eligible for seed grant funding, the secretary should consider project sites where (a) existing access to health care is severely inadequate, (b) where a financially vulnerable health care facility is present, (c) where a financially vulnerable health care facility is present and an adjoining community in the same catchment area has a competing facility, or (d) where improvements in the delivery of primary care services, including preventive care services, is needed.

The department may obtain technical assistance support for project sites that are not selected to be funded sites. The secretary shall select these assisted project sites based upon merit and to the extent possible, based upon the desire to address specific health status outcomes;

(2) To design acceptable outcome measures which are based upon health status outcomes and are to be part of the community plan, to work with communities to set acceptable local outcome targets in the health care delivery system strategic plan, and to serve as a general resource to participants in the planning, administration, and evaluation of project sites;

(3) To assess and approve community strategic plans developed by participants, including an assessment of the technical and financial feasibility of implementing the plan and whether adequate local support for the plan is demonstrated;

(4) To define health care catchment areas, identify financially vulnerable health care facilities, and to identify rural populations which are not receiving adequate health care services;

(5) To identify existing private and public resources which may serve as eligible consultants, identify technical assistance resources for communities in the project, create a register of public and private technical resource services available and provide the register to participants. The secretary shall screen consultants to determine their qualifications prior to including them on the register;

(6) To work with other state agencies, institutions of higher education, and other public and private organizations to coordinate technical assistance services for participants;

(7) To administer available funds for community use while participating in the project and establish procedures to

assure accountability in the use of seed grant funds by participants;

(8) To define data and other minimum requirements for adequate evaluation of projects and to develop and implement an overall monitoring and evaluation mechanism for the projects;

(9) To act as facilitator for multiple applicants and entrants to the project;

(10) To report to the appropriate legislative committees and others from time to time on the progress of the projects including the identification of statutory and regulatory barriers to successful completion of rural health care delivery goals and an ongoing evaluation of the project. [1991 c 224 § 1; 1989 1st ex.s. c 9 § 705.]

70.175.060 Duties and responsibilities of participating communities. The duties and responsibilities of participating communities shall include:

(1) To involve major health care providers, businesses, public officials, and other community leaders in project design, administration, and oversight;

(2) To identify an individual or organization to serve as the local administrator of the project. The secretary may require the local administrator to maintain acceptable accountability of seed grant funding;

(3) To coordinate and avoid duplication of public health and other health care services;

(4) To assess and analyze community health care needs;

(5) To identify services and providers necessary to meet needs;

(6) To develop outcome measures to assess the long-term effectiveness of modifications initiated through the project;

(7) To write a health care delivery system strategic plan including to the extent possible, identification of outcome measures needed to achieve health status outcomes identified in the plan. New organizational structures created should integrate existing programs and activities of local health providers so as to maximize the efficient planning and delivery of health care by local providers and promote more accessible and affordable health care services to rural citizens. Participants should create health care delivery system strategic plans which promote health care services which the participant can financially sustain;

(8) To screen and contract with consultants for technical assistance if the project site was selected to receive funding and assistance is needed;

(9) To monitor and evaluate the project in an ongoing manner;

(10) To implement necessary changes as defined in the plans such as converting existing facilities, developing or modifying services, recruiting providers, or obtaining agreements with other communities to provide some or all health care services; and

(11) To provide data and comply with other requirements of the administrator that are intended to evaluate the effectiveness of the projects. [1989 1st ex.s. c 9 § 706.]

70.175.070 Cooperation of state agencies. (1) The secretary may call upon other agencies of the state to provide available information to assist the secretary in

meeting the responsibilities under this chapter. This information shall be supplied as promptly as circumstances permit.

(2) The secretary may call upon other state agencies including institutions of higher education as authorized under Title 28B RCW to identify and coordinate the delivery of technical assistance services to participants in meeting the responsibilities of this chapter. The state agencies and institutions of higher education shall cooperate and provide technical assistance to the secretary to the extent that current funding for these agencies and institutions of higher education permits. [1989 1st ex.s. c 9 § 707.]

70.175.080 Powers and duties of secretary—Contracting. In addition to the powers and duties specified in RCW 70.175.050 the secretary has the power to enter into contracts for the following functions and services:

(1) With public or private agencies, to assist the secretary in the secretary's duties to design or revise the health status outcomes, or to monitor or evaluate the performance of participants.

(2) With public or private agencies, to provide technical or professional assistance to project participants. [1989 1st ex.s. c 9 § 708.]

70.175.090 Participants authorized to contract—Penalty—Secretary and state exempt from liability. (1) Participants are authorized to use funding granted to them by the secretary for the purpose of contracting for technical assistance services. Participants shall use only consultants identified by the secretary for consulting services unless the participant can show that an alternative consultant is qualified to provide technical assistance and is approved by the secretary. Adequate records shall be kept by the participant showing project site expenditures from grant moneys. Inappropriate use of grant funding shall be a gross misdemeanor.

(2) In providing a list of qualified consultants the secretary and the state shall not be held responsible for assuring qualifications of consultants and shall be held harmless for the actions of consultants. Furthermore, the secretary and the state shall not be held liable for the failure of participants to meet contractual obligations established in connection with project participation. [1989 1st ex.s. c 9 § 709.]

70.175.100 Licensure—Rules—Report. (1) The department shall establish and adopt such standards and regulations pertaining to the construction, maintenance, and operation of a rural health care facility and the scope of health care services, and rescind, amend, or modify such regulations from time to time as necessary in the public interest. In developing the regulations, the department shall consult with representatives of rural hospitals, community mental health centers, public health departments, community and migrant health clinics, and other providers of health care in rural communities. The department shall also consult with third-party payers, consumers, local officials, and others to insure broad participation in defining regulatory standards and requirements that are appropriate for a rural health care facility.

(2) When developing the rural health care facility licensure rules, the department shall consider the report of the Washington rural health care commission established under chapter 207, Laws of 1988. Nothing in this chapter requires the department to follow any specific recommendation contained in that report except as it may also be included in this chapter.

(3) Upon developing rules, the department shall enter into negotiations with appropriate federal officials to seek medicare approval of the facility and financial participation of medicare and other federal programs in developing and operating the rural health care facility.

(4) The department shall report periodically to the appropriate committees of the legislature on the progress of rule development and negotiations with the federal government. [1989 1st ex.s. c 9 § 710.]

70.175.110 Licensure—Rules—Duties of department. In developing the rural health care facility licensure regulations, the department shall:

(1) Minimize regulatory requirements to permit local flexibility and innovation in providing services;

(2) Promote the cost-efficient delivery of health care and other social services as is appropriate for the particular local community;

(3) Promote the delivery of services in a coordinated and nonduplicative manner;

(4) Maximize the use of existing health care facilities in the community;

(5) Permit regionalization of health care services when appropriate;

(6) Provide for linkages with hospitals, tertiary care centers, and other health care facilities to provide services not available in the facility; and

(7) Achieve health care outcomes defined by the community through a community planning process. [1989 1st ex.s. c 9 § 711.]

70.175.120 Rural health care facility not a hospital. The rural health care facility is not considered a hospital for building occupancy purposes. [1989 1st ex.s. c 9 § 712.]

70.175.130 Rural health care plan. The department may develop and implement a rural health care plan and may approve hospital and rural health care facility requests to be designated as essential access community hospitals or rural primary care hospitals so that such facilities may form rural health networks to preserve health care services in rural areas and thereby be eligible for federal program funding and enhanced medicare reimbursement. The department may monitor any rural health care plan and designated facilities to assure continued compliance with the rural health care plan. [1992 c 27 § 4; 1990 c 271 § 18.]

70.175.140 Consultative advice for licensees or applicants. Any licensee or applicant desiring to make alterations or additions to its facilities or to construct new facilities may contact the department for consultative advice before commencing such alteration, addition, or new construction. [1992 c 27 § 5.]

70.175.900 Effective date—1989 1st ex.s. c 9. See RCW 43.70.910.

Rural health access account: RCW 43.70.325.

Rural public hospital districts: RCW 70.44.450.

70.180.005 Finding—Health care professionals. The legislature finds that a health care access problem exists in rural areas of the state because rural health care providers are unable to leave the community for short-term periods of time to attend required continuing education training or for personal matters because their absence would leave the community without adequate medical care coverage. The lack of adequate medical coverage in geographically remote rural communities constitutes a threat to the health and safety of the people in those communities.

The legislature declares that it is in the public interest to recruit and maintain a pool of physicians, physician assistants, pharmacists, and advanced registered nurse practitioners willing and able on short notice to practice in rural communities on a short-term basis to meet the medical needs of the community. [1991 c 332 § 27; 1990 c 271 § 1.]

Application to scope of practice—Captions not law—1991 c 332: See notes following RCW 18.130.010.

70.180.009 Finding—Rural training opportunities. The legislature finds that a shortage of physicians, nurses, pharmacists, and physician assistants exists in rural areas of the state. In addition, many education programs to train these health care providers do not include options for practical training experience in rural settings. As a result, many health care providers find their current training does not prepare them for the unique demands of rural practice.

The legislature declares that the availability of rural training opportunities as a part of professional medical, nursing, pharmacist, and physician assistant education would provide needed practical experience, serve to attract providers to rural areas, and help address the current shortage of these providers in rural Washington. [1990 c 271 § 14.]

70.180.011 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of health.

(2) "Rural areas" means a rural area in the state of Washington as identified by the department. [1991 c 332 § 29.]

Application to scope of practice—Captions not law—1991 c 332: See notes following RCW 18.130.010.

70.180.020 Health professional temporary substitute resource pool. The department shall establish the health professional temporary substitute resource pool. The purpose of the pool is to provide short-term physician, physician assistant, pharmacist, and advanced registered nurse practitioner personnel to rural communities where these health care providers:

(1) Are unavailable due to provider shortages;

(2) Need time off from practice to attend continuing education and other training programs; and

(3) Need time off from practice to attend to personal matters or recover from illness.

The health professional temporary substitute resource pool is intended to provide short-term assistance and should complement active health provider recruitment efforts by rural communities where shortages exist. [1990 c 271 § 2.]

70.180.030 Registry of health care professionals—Conditions of participation. (1) The department, in cooperation with [the] University of Washington school of medicine, the state's registered nursing programs, the state's pharmacy programs, and other appropriate public and private agencies and associations, shall develop and keep current a register of physicians, physician assistants, pharmacists, and advanced registered nurse practitioners who are available to practice on a short-term basis in rural communities of the state. The department shall periodically screen individuals on the registry for violations of the uniform disciplinary act as authorized in chapter 18.130 RCW. If a finding of unprofessional conduct has been made by the appropriate disciplinary authority against any individual on the registry, the name of that individual shall be removed from the registry and that person shall be made ineligible for the program. The department shall include a list of back-up physicians and hospitals who can provide support to health care providers in the pool. The register shall be compiled, published, and made available to all rural hospitals, public health departments and districts, rural pharmacies, and other appropriate public and private agencies and associations. The department shall coordinate with existing entities involved in health professional recruitment when developing the registry for the health professional temporary substitute resource pool.

(2) Eligible health care professionals are those licensed under chapters 18.57, 18.57A, 18.64, 18.71, and 18.71A RCW and advanced registered nurse practitioners licensed under chapter 18.88 RCW.

(3) Participating health care professionals shall receive:

FAMILY POLICY COUNCIL

Sections

70.190.005	Purpose.
70.190.010	Definitions.
70.190.020	Consolidate efforts of existing entities.
70.190.030	Proposals to facilitate services at the community level.

70.190.910	Severability—1992 c 198.
70.190.920	Effective date—1992 c 198.

70.190.005 Purpose. The legislature finds that a primary goal of public involvement in the lives of children has been to strengthen the family unit.

However, the legislature recognizes that traditional two-parent families with one parent routinely at home are now in the minority. In addition, extended family and natural community supports have eroded drastically. The legislature recognizes that public policy assumptions must be altered to account for this new social reality. Public effort must be redirected to expand, support, strengthen, and help refashion family and community associations to care for children.

The legislature finds that a broad variety of services for children and families has been independently designed over the years and that the coordination and cost-effectiveness of these services will be enhanced through the adoption of a common approach to their delivery. The legislature further finds that the most successful programs for reaching and working with at-risk families and children treat individuals' problems in the context of the family, offer a broad spectrum of services, are flexible in the use of program resources, and use staff who are trained in crossing traditional program categories in order to broker services necessary to fully meet a family's needs.

The legislature further finds that eligibility criteria, expenditure restrictions, and reporting requirements of state and federal categorical programs often create barriers toward the effective use of resources for addressing the multiple problems of at-risk families and children.

The purposes of this chapter are (1) to modify public policy and programs to empower communities to support and respond to the needs of individual families and children and (2) to improve the responsiveness of services for children and families at risk by facilitating greater coordination and flexibility in the use of funds by state and local service agencies. [1992 c 198 § 1.]

70.190.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Comprehensive plan" means a two-year plan that examines available resources and unmet needs for a county or multicounty area, barriers that limit the effective use of resources, and a plan to address these issues that is broadly supported.

(2) "Participating state agencies" means the office of the superintendent of public instruction, the department of social

and health services, the department of health, the employment security department, the department of community development, and such other departments as may be specifically designated by the governor.

(3) "Family policy council" or "council" means the superintendent of public instruction, the secretary of social and health services, the secretary of health, the commissioner of the employment security department, and the director of the department of community development or their designees, one legislator from each caucus of the senate and house of representatives, and one representative of the governor.

(4) "Outcome based" means defined and measurable outcomes and indicators that make it possible for communities to evaluate progress in meeting their goals and whether systems are fulfilling their responsibilities.

(5) "Matching funds" means an amount no less than twenty-five percent of the amount budgeted for a consortium's project. Up to half of the consortium's matching funds may be in-kind goods and services. Funding sources allowable for match include appropriate federal or local levy funds, private charitable funding, and other charitable giving. Basic education funds shall not be used as a match.

(6) "Consortium" means a diverse group of individuals that includes at least representatives of local service providers, service recipients, local government administering or funding children or family service programs, participating state agencies, school districts, existing children's commissions, ethnic and racial minority populations, and other interested persons organized for the purpose of designing and providing collaborative and coordinated services under this chapter. Consortiums shall represent a county, multicounty, or municipal service area. In addition, consortiums may represent Indian tribes applying either individually or collectively. [1992 c 198 § 3.]

70.190.020 Consolidate efforts of existing entities. To the extent that any power or duty of the council created according to chapter 198, Laws of 1992 may duplicate efforts of existing councils, commissions, advisory committees, or other entities, the governor is authorized to take necessary actions to eliminate such duplication. This shall include authority to consolidate similar councils or activities in a manner consistent with the goals of chapter 198, Laws of 1992. [1992 c 198 § 4.]

70.190.030 Proposals to facilitate services at the community level. (1) The family policy council shall annually solicit from consortiums proposals to facilitate greater flexibility, coordination, and responsiveness of services at the community level. The council shall consider such proposals only if:

(a) A comprehensive plan has been prepared by the consortium; and

(b) The consortium has identified and agreed to contribute matching funds as specified in RCW 70.190.010; and

(c) An interagency agreement has been prepared by the family policy council and the participating local service and support agencies that governs the use of funds, specifies the relationship of the project to the principles listed in RCW

74.14A.025, and identifies specific outcomes and indicators; and

(d) Funds are to be used to provide support or services needed to implement a family's or child's case plan that are not otherwise adequately available through existing categorical services or community programs; [and]

(e) The consortium has provided written agreements that identify a lead agency that will assume fiscal and programmatic responsibility for the project, and identify participants in a consortium council with broad participation and that shall have responsibility for ensuring effective coordination of resources; and

(f) The consortium has designed into its comprehensive plan standards for accountability. Accountability standards include, but are not limited to, the public hearing process eliciting public comment about the appropriateness of the proposed comprehensive plan. The consortium must submit reports to the family policy council outlining the public response regarding the appropriateness and effectiveness of the comprehensive plan.

(2) The family policy council may submit a prioritized list of projects recommended for funding in the governor's budget document.

(3) The participating state agencies shall identify funds to implement the proposed projects from budget requests or existing appropriations for services to children and their families. [1992 c 198 § 5.]

70.190.900 Report to legislature. By June 30, 1995, the family policy council shall report to the appropriate committees of the legislature on the expenditures made, outcomes attained, and other pertinent aspects of its experience in the implementation of RCW 70.190.030. [1992 c 198 § 11.]

70.190.910 Severability—1992 c 198. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1992 c 198 § 20.]

70.190.920 Effective date—1992 c 198. Sections 1 through 13 of this act shall take effect July 1, 1992. [1992 c 198 § 21.]

70.195.900	Severability—1992 c 198.

70.195.005 Findings. The legislature finds that there is an urgent and substantial need to:

(1) Enhance the development of infants and toddlers with disabilities in the state of Washington in order to minimize developmental delay and maximize individual potential and enhance the capability of families to meet the needs of their infants and toddlers with disabilities and maintain family integrity;

(2) Coordinate and enhance the state's existing early intervention services to ensure a state-wide, community-based, coordinated, interagency program of early intervention services for infants and toddlers with disabilities and their families; and

(3) Facilitate the coordination of payment for early intervention services from federal, state, local, and private sources including public and private insurance coverage. [1992 c 198 § 14.]

70.195.010 Birth-to-six interagency coordinating council—Early intervention services—Conditions and limitations. For the purposes of implementing this chapter, the governor shall appoint a state birth-to-six interagency coordinating council and ensure that state agencies involved in the provision of, or payment for, early intervention services to infants and toddlers with disabilities and their families shall coordinate and collaborate in the planning and delivery of such services. The coordinating council shall report to the appropriate committees of the legislature on the implementation of this chapter by January 15, 1993.

No state or local agency currently providing early intervention services to infants and toddlers with disabilities may use funds appropriated for early intervention services for infants and toddlers with disabilities to supplant funds from other sources.

All state and local agencies shall ensure that the implementation of this chapter will not cause any interruption in existing early intervention services for infants and toddlers with disabilities.

Nothing in this chapter shall be construed to permit the restriction or reduction of eligibility under Title V of the Social Security Act, P.L. 90-248, relating to maternal and child health or Title XIX of the Social Security Act, P.L. 89-97, relating to medicaid for infants and toddlers with disabilities. The state birth-to-six interagency coordinating council shall identify and work with county early childhood interagency coordinating councils to coordinate and enhance existing early intervention services and assist each community to meet the needs of infants and toddlers with disabilities and their families. [1992 c 198 § 17.]

70.195.030 Early intervention services—Interagency agreements. State agencies providing or paying for early intervention services shall enter into formal interagency agreements with each other and where appropriate, with school districts, counties, and other providers, to define their relationships and financial and service responsibilities. Local agencies or entities, including local school districts, counties, and service providers receiving public money for providing or paying for early intervention services shall enter into

formal interagency agreements with each other that define their relationships and financial responsibilities to provide services within each county. In establishing priorities, school districts, counties, and other service providers shall give due regard to the needs of children birth to three years of age and shall ensure that they continue to participate in providing services and collaborate with each other. The interagency agreements shall include procedures for resolving disputes, provisions for establishing maintenance requirements, and all additional components necessary to ensure collaboration and coordination. 71.05.025 Integration with chapter 71.24 RCW—Regional support networks. The legislature intends that the procedures and services authorized in this chapter be integrated with those in chapter 71.24 RCW to the maximum extent necessary to assure a continuum of care to persons who are mentally ill or who have mental disorders, as defined in either or both this chapter and chapter 71.24 RCW. To this end, regional support networks established in accordance with chapter 71.24 RCW shall institute procedures which require timely consultation with resource management services by county-designated mental health professionals and evaluation and treatment facilities to assure that determinations to detain, commit, treat, or release persons with mental disorders under this chapter are made only after appropriate information regarding such person's treatment history and current treatment plan has been sought from resource management services. [1989 c 205 § 9.]

Evaluation of transition to regional systems—1989 c 205: See note following RCW 71.24.015.

71.05.030 Commitment laws applicable. [1985 c 354 § 31; 1983 c 3 § 179; 1974 ex.s. c 145 § 4; 1973 2nd ex.s. c 24 § 2; 1973 1st ex.s. c 142 § 8.]

Severability—Effective date—1985 c 354: See RCW 71.34.900 and 71.34.901.

71.05.035 Findings—Developmentally disabled. With respect to *this act, the legislature finds that among those persons who endanger the safety of others by committing felony crimes are a small number of persons with developmental disabilities. While their conduct is not typical of the vast majority of persons with developmental disabilities who are responsible citizens, for their own welfare and for the safety of others the state may need to exercise control over those few dangerous individuals who are developmentally disabled, have been charged with felony crimes, and have been found either incompetent to stand trial or not guilty by reason of insanity. The legislature finds, however, that the use of civil commitment procedures under chapter 71.05 RCW to effect state control over dangerous developmentally disabled persons has resulted in their commitment to institutions for the mentally ill. The legislature finds that existing programs in mental institutions may be inappropriate for persons who are developmentally disabled because the services provided in mental institutions are oriented to persons with mental illness, a condition not necessarily associated with developmental disabilities. Therefore, the legislature believes that, where appropriate, and subject to available funds, persons with developmental disabilities who

have been charged with felony crimes and have been found incompetent to stand trial or not guilty by reason of insanity should receive state services addressing their needs, that such services must be provided in conformance with an individual habilitation plan, and that their initial treatment should be separate and discrete from treatment for persons involved in any other treatment or habilitation program in a manner consistent with the needs of public safety. [1989 c 420 § 2.]

***Reviser's note:** For codification of "this act" [1989 c 420], see Codification Tables, Volume 0.

71.05.040 Developmentally disabled, senile, chronic alcoholic, or drug abuse impaired persons not to be detained or judicially committed—When. Persons who are developmentally disabled, impaired by chronic alcoholism or drug abuse, or senile shall not be detained for evaluation and treatment or judicially committed solely by reason of that condition unless such condition causes a person to be gravely disabled or as a result of a mental disorder such condition exists that constitutes a likelihood of serious harm to self or others. [1987 c 439 § 1; 1977 ex.s. c 80 § 41; 1975 1st ex.s. c 199 § 1; 1974 ex.s. c 145 § 5; 1973 1st ex.s. c 142 § 9.]

Any person voluntarily admitted for inpatient treatment to any public or private agency shall orally be advised of the right to immediate release and further advised of such rights in writing as are secured to them pursuant to this chapter and their rights of access to attorneys, courts, and other legal redress. Their condition and status shall be reviewed at least once each one hundred eighty days for evaluation as to the need for further treatment and/or possible release, at which time they shall again be advised of their right to release upon request: PROVIDED HOWEVER, That if the professional staff of any public or private agency or hospital regards a person voluntarily admitted who requests release as presenting, as a result of a mental disorder, an imminent likelihood of serious harm to himself or others, or is gravely disabled, they may detain such person for sufficient time to notify the designated county mental health professional of such person's condition to enable such mental health professional to authorize such person being further held in custody or transported to an evaluation and treatment center pursuant to the provisions of this chapter, which shall in ordinary circumstances be no later than the next judicial day: PROVIDED FURTHER, That if a person is brought to the emergency room of a public or private agency or hospital for observation or treatment, said person refuses voluntary admission, and the professional staff of the public or private agency or hospital

regards such person as presenting as a result of a mental disorder an imminent likelihood of serious harm to himself or others or as presenting an imminent danger because of grave disability, they may detain such person for sufficient time to notify the designated county mental health professional of such person's condition to enable such mental health professional to authorize such person being further held in custody or transported to an evaluation treatment center pursuant to the conditions in this chapter, but which time shall be no more than six hours. [1979 ex.s. c 215 § 6; 1975 1st ex.s. c 199 § 2; 1974 ex.s. c 145 § 6; 1973 1st ex.s. c 142 § 10.]

71.05.080 Effect on pending proceedings and on persons previously committed. Except as herein provided, the provisions of this chapter shall not in themselves impair any action taken in any proceeding pending under statutes in effect prior to January 1, 1974, nor shall they apply retroactively to terminate the detention of any person previously committed pursuant to statutes in effect prior to January 1, 1974. One hundred twenty days after January 1, 1974, the provisions of RCW 71.05.320(2) shall apply to all persons previously committed pursuant to chapter 71.02 RCW. [1973 1st ex.s. c 142 § 13.]

71.05.090 Choice of physicians. Persons receiving evaluation or treatment under this chapter shall be given a reasonable choice of an available physician or other professional person qualified to provide such services. [1973 2nd ex.s. c 24 § 3; 1973 1st ex.s. c 142 § 14.]

71.05.100 Financial responsibility. In addition to the responsibility provided for by RCW 43.20B.330, any person, or his estate, or his spouse, or the parents of a minor person who is involuntarily detained pursuant to this chapter for the purpose of treatment and evaluation outside of a facility maintained and operated by the department shall be responsible for the cost of such care and treatment. In the event that an individual is unable to pay for such treatment or in the event payment would result in a substantial hardship upon the individual or his family, then the county of residence of such person shall be responsible for such costs. If it is not possible to determine the county of residence of the person, the cost shall be borne by the county where the person was originally detained. The department shall, pursuant to chapter 34.05 RCW, adopt standards as to (1) inability to pay in whole or in part, (2) a definition of substantial

(1992 Ed.)

Financial responsibility with respect to department services and facilities shall continue to be as provided in RCW 43.20B.320 through 43.20B.360 and 43.20B.370. [1973 1st ex.s. c 142 § 16.]

71.05.120 Exemptions from liability. (1) No officer of a public or private agency, nor the superintendent, professional person in charge, his or her professional designee, or attending staff of any such agency, nor any public official performing functions necessary to the administration of this chapter, nor peace officer responsible for detaining a person pursuant to this chapter, nor any county designated mental health professional, nor the state, a unit of local government, or an evaluation and treatment facility shall be civilly or criminally liable for performing duties pursuant to this chapter with regard to the decision of whether to admit, release, administer antipsychotic medications, or detain a person for evaluation and treatment: PROVIDED, That such duties were performed in good faith and without gross negligence.

(2) This section does not relieve a person from giving the required notices under RCW 71.05.330(2) or 71.05.340(1)(b), or the duty to warn or to take reasonable precautions to provide protection from violent behavior where the patient has communicated an actual threat of physical violence against a reasonably identifiable victim or victims. 71.05.140 Records maintained. A record of all applications, petitions, and proceedings under this chapter shall be maintained by the county clerk in which the application, petition, or proceeding was initiated. [1973 1st ex.s. c 142 § 19.]

71.05.150 Detention of mentally disordered persons for evaluation and treatment—Procedure. (1)(a) When a mental health professional designated by the county receives information alleging that a person, as a result of a mental disorder, presents a likelihood of serious harm to others or himself, or is gravely disabled, such mental health professional, after investigation and evaluation of the specific facts alleged, and of the reliability and credibility of the person or persons, if any, providing information to initiate detention, may, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention. Before filing the petition, the county designated mental health professional must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at an evaluation and treatment facility.

(b) Whenever it appears, by petition for initial detention, to the satisfaction of a judge of the superior court that a person presents, as a result of a mental disorder, a likelihood of serious harm to others or himself, or is gravely disabled, and that the person has refused or failed to accept appropriate evaluation and treatment voluntarily, the judge may issue an order requiring the person to appear not less than twenty-four hours after service of the order at a designated evaluation and treatment facility for not more than a seventy-two hour evaluation and treatment period. The order shall state the address of the evaluation and treatment facility to which the person is to report and whether the required seventy-two hour evaluation and treatment services may be delivered on an outpatient or inpatient basis and that if the person named in the order fails to appear at the evaluation and treatment facility at or before the date and time stated in the order, such person may be involuntarily taken into custody for evaluation and treatment. The order shall also designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(c) The mental health professional shall then serve or cause to be served on such person, his guardian, and conservator, if any, a copy of the order to appear together with a notice of rights and a petition for initial detention. After service on such person the mental health professional shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility and the designated attorney. The mental health professional shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evalua-

tion or admission to the evaluation and treatment facility. The person shall be permitted to remain in his home or other place of his choosing prior to the time of evaluation and shall be permitted to be accompanied by one or more of his relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other individual accompanying the person may be present during the admission evaluation. The facility may exclude the individual if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(d) If the person ordered to appear does appear on or before the date and time specified, the evaluation and treatment facility may admit such person as required by RCW 71.05.170 or may provide treatment on an outpatient basis. If the person ordered to appear fails to appear on or before the date and time specified, the evaluation and treatment facility shall immediately notify the mental health professional designated by the county who may notify a peace officer to take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility. Should the mental health professional notify a peace officer authorizing him to take a person into custody under the provisions of this subsection, he shall file with the court a copy of such authorization and a notice of detention. At the time such person is taken into custody there shall commence to be served on such person, his guardian, and conservator, if any, a copy of the original order together with a notice of detention, a notice of rights, and a petition for initial detention.

(2) When a mental health professional designated by the county receives information alleging that a person, as the result of a mental disorder, presents an imminent likelihood of serious harm to himself or others, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the mental health professional may take such person, or cause by oral or written order such person to be taken into emergency custody in an evaluation and treatment facility for not more than seventy-two hours as described in RCW 71.05.180.

(3) A peace officer may take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility pursuant to subsection (1)(d) of this section.

(4) A peace officer may, without prior notice of the proceedings provided for in subsection (1) of this section, take or cause such person to be taken into custody and immediately delivered to an evaluation and treatment facility:

(a) Only pursuant to subsections (1)(d) and (2) of this section; or

(b) When he has reasonable cause to believe that such person is suffering from a mental disorder and presents an imminent likelihood of serious harm to others or himself or is in imminent danger because of being gravely disabled.

(5) Persons delivered to evaluation and treatment facilities by peace officers pursuant to subsection (4)(b) of this section may be held by the facility for a period of up to twelve hours: PROVIDED, That they are examined by a

mental health professional within three hours of their arrival. Within twelve hours of their arrival, the designated county mental health professional must file a supplemental petition for detention, and commence service on the designated attorney for the detained person. [1984 c 233 § 1; 1979 ex.s. c 215 § 9; 1975 1st ex.s. c 199 § 3; 1974 ex.s. c 145 § 8; 1973 1st ex.s. c 142 § 20.]

71.05.155 Request to mental health professional by law enforcement agency for investigation under RCW 71.05.150—Advisory report of results. When a mental health professional is requested by a representative of a law enforcement agency, including a police officer, sheriff, a municipal attorney, or prosecuting attorney to undertake an investigation under RCW 71.05.150, as now or hereafter amended, the mental health professional shall, if requested to do so, advise said representative in writing of the results of the investigation including a statement of reasons for the decision to detain or release the person investigated. Such written report shall be submitted within seventy-two hours of the completion of the investigation or the request from the law enforcement representative, whichever occurs later. [1979 ex.s. c 215 § 10.]

71.05.160 Petition for initial detention. Any facility receiving a person pursuant to RCW 71.05.150 shall require a petition for initial detention stating the circumstances under which the person's condition was made known and stating that such officer or person has evidence, as a result of his personal observation or investigation, that the actions of the person for which application is made constitute a likelihood of serious harm to himself or others, or that he is gravely disabled, and stating the specific facts known to him as a result of his personal observation or investigation, upon which he bases the belief that such person should be detained for the purposes and under the authority of this chapter.

If a person is involuntarily placed in an evaluation and treatment facility pursuant to RCW 71.05.150, on the next judicial day following the initial detention, the mental health professional designated by the county shall file with the court and serve the designated attorney of the detained person the petition or supplemental petition for initial detention, proof of service of notice, and a copy of a notice of emergency detention. [1974 ex.s. c 145 § 9; 1973 1st ex.s. c 142 § 21.]

71.05.170 Acceptance of petition—Notice—Duty of state hospital. Whenever the designated county mental health professional petitions for detention of a person whose actions constitute a likelihood of serious harm to himself or others, or who is gravely disabled, the facility providing seventy-two hour evaluation and treatment must immediately accept on a provisional basis the petition and the person. The facility shall then evaluate the person's condition and admit or release such person in accordance with RCW 71.05.210. The facility shall notify in writing the court and the designated county mental health professional of the date and time of the initial detention of each person involuntarily detained in order that a probable cause hearing shall be held no later than seventy-two hours after detention.

The duty of a state hospital to accept persons for evaluation and treatment under this section shall be limited by chapter 71.24 RCW. [1989 c 205 § 10; 1974 ex.s. c 145 § 10; 1973 1st ex.s. c 142 § 22.]

71.05.180 Detention period for evaluation and treatment. If the evaluation and treatment facility admits the person, it may detain him for evaluation and treatment for a period not to exceed seventy-two hours from the time of acceptance as set forth in RCW 71.05.170. The computation of such seventy-two hour period shall exclude Saturdays, Sundays and holidays. [1979 ex.s. c 215 § 11; 1974 ex.s. c 145 § 11; 1973 1st ex.s. c 142 § 23.]

71.05.190 Persons not admitted—Transportation—Detention of arrested person pending return to custody. If the person is not approved for admission by a facility providing seventy-two hour evaluation and treatment, and the individual has not been arrested, the facility shall furnish transportation, if not otherwise available, for the person to his place of residence or other appropriate place. If the individual has been arrested, the evaluation and treatment facility shall detain the individual for not more than eight hours at the request of the peace officer in order to enable a peace officer to return to the facility and take the individual back into custody. [1979 ex.s. c 215 § 12; 1974 ex.s. c 145 § 12; 1973 1st ex.s. c 142 § 24.]

71.05.200 Notice and statement of rights—Probable cause hearing. (1) Whenever any person is detained for evaluation and treatment pursuant to this chapter, both the person and, if possible, a responsible member of his or her immediate family, guardian, or conservator, if any, shall be advised as soon as possible in writing or orally, by the officer or person taking him or her into custody or by personnel of the evaluation and treatment facility where the person is detained that unless the person is released or voluntarily admits himself or herself for treatment within seventy-two hours of the initial detention:

(a) That a judicial hearing in a superior court, either by a judge or court commissioner thereof, shall be held not more than seventy-two hours after the initial detention to determine whether there is probable cause to detain the person after the seventy-two hours have expired for up to an additional fourteen days without further automatic hearing for the reason that the person is a mentally ill person whose mental disorder presents a likelihood of serious harm to others or himself or herself or that the person is gravely disabled;

(b) That the person has a right to communicate immediately with an attorney; has a right to have an attorney appointed to represent him or her before and at the probable cause hearing if he or she is indigent; and has the right to be told the name and address of the attorney the mental health professional has designated pursuant to this chapter;

(c) That the person has the right to remain silent and that any statement he or she makes may be used against him or her;

(d) That the person has the right to present evidence and to cross-examine witnesses who testify against him or her at the probable cause hearing; and

(e) That the person has the right to refuse medications, including antipsychotic medication beginning twenty-four hours prior to the probable cause hearing.

(2) When proceedings are initiated under RCW 71.05.150 (2), (3), or (4)(b), no later than twelve hours after such person is admitted to the evaluation and treatment facility the personnel of the evaluation and treatment facility or the designated mental health professional shall serve on such person a copy of the petition for initial detention and the name, business address, and phone number of the designated attorney and shall forthwith commence service of a copy of the petition for initial detention on said designated attorney.

(3) The judicial hearing described in subsection (1) of this section is hereby authorized, and shall be held according to the provisions of subsection (1) of this section and rules promulgated by the supreme court. [1989 c 120 § 5; 1974 ex.s. c 145 § 13; 1973 1st ex.s. c 142 § 25.]

71.05.210 Evaluation—Treatment and care—Release or other disposition. Each person involuntarily admitted to an evaluation and treatment facility shall, within twenty-four hours of his or her admission, be examined and evaluated by a licensed physician who may be assisted by a physician assistant according to chapter 18.71A RCW or a nurse practitioner according to chapter 18.88 RCW and a mental health professional as defined in this chapter, and shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a court proceeding, the individual may refuse all but emergency life-saving treatment, and the individual shall be informed at an appropriate time of his or her right to such refusal of treatment. Such person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm to himself or herself or others, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

If, after examination and evaluation, the licensed physician and mental health professional determine that the initial needs of the person would be better served by placement in a chemical dependency treatment facility, then the person shall be referred to an approved treatment program defined under RCW 70.96A.020.

An evaluation and treatment center admitting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated county mental health professional and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days. [1991 c 364 § 11; 1991 c 105 § 4; 1989 c 120 § 6; 1987 c 439 § 2; 1975 1st ex.s. c 199 § 4; 1974 ex.s. c 145 § 14; 1973 1st ex.s. c 142 § 26.]

Reviser's note: This section was amended by 1991 c 105 § 4 and by 1991 c 364 § 11, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Findings—Construction—Conflict with federal requirements—1991 c 364: See notes following RCW 70.96A.020.

Severability—1991 c 105: See note following RCW 71.05.215.

71.05.215 Right to refuse antipsychotic medicine—

Rules. (1) A person found to be gravely disabled or presents a likelihood of serious harm as a result of a mental disorder has a right to refuse antipsychotic medication unless it is determined that the failure to medicate may result in a likelihood of serious harm or substantial deterioration or substantially prolong the length of involuntary commitment and there is no less intrusive course of treatment than medication in the best interest of that person.

(2) The department shall adopt rules to carry out the purposes of this chapter. These rules shall include:

(a) An attempt to obtain the informed consent of the person prior to administration of antipsychotic medication.

(b) For short-term treatment up to thirty days, the right to refuse antipsychotic medications unless there is an additional concurring medical opinion approving medication.

(c) For continued treatment beyond thirty days through the hearing on any petition filed under RCW 71.05.370(7), the right to periodic review of the decision to medicate by the medical director or designee.

(d) Administration of antipsychotic medication in an emergency and review of this decision within twenty-four hours. An emergency exists if the person presents an imminent likelihood of serious harm to self or others, and medically acceptable alternatives to administration of antipsychotic medications are not available or are unlikely to be successful; and in the opinion of the physician, the person's condition constitutes an emergency requiring the treatment be instituted prior to obtaining a second medical opinion.

(e) Documentation in the medical record of the physician's attempt to obtain informed consent and the reasons why antipsychotic medication is being administered over the person's objection or lack of consent. [1991 c 105 § 1.]

Severability—1991 c 105: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1991 c 105 § 6.]

71.05.220 Property of committed person. At the time a person is involuntarily admitted to an evaluation and treatment facility, the professional person in charge or his designee shall take reasonable precautions to inventory and safeguard the personal property of the person detained. A copy of the inventory, signed by the staff member making it, shall be given to the person detained and shall, in addition, be open to inspection to any responsible relative, subject to limitations, if any, specifically imposed by the detained person. For purposes of this section, "responsible relative" includes the guardian, conservator, attorney, spouse, parent, adult child, or adult brother or sister of the person. The facility shall not disclose the contents of the inventory to any other person without the consent of the patient or order of the court. [1973 1st ex.s. c 142 § 27.]

(1992 Ed.)

71.05.230 Procedures for additional treatment. A person detained for seventy-two hour evaluation and treatment may be detained for not more than fourteen additional days of involuntary intensive treatment or ninety additional days of a less restrictive alternative to involuntary intensive treatment if the following conditions are met:

(1) The professional staff of the agency or facility providing evaluation services has analyzed the person's condition and finds that said condition is caused by mental disorder and either results in a likelihood of serious harm to the person detained or to others, or results in the detained person being gravely disabled and are prepared to testify those conditions are met; and

(2) The person has been advised of the need for voluntary treatment and the professional staff of the facility has evidence that he or she has not in good faith volunteered; and

(3) The facility providing intensive treatment is certified to provide such treatment by the department of social and health services; and

(4) The professional staff of the agency or facility or the mental health professional designated by the county has filed a petition for fourteen day involuntary detention or a ninety day less restrictive alternative with the court. The petition must be signed either by two physicians or by one physician and a mental health professional who have examined the person. If involuntary detention is sought the petition shall state facts that support the finding that such person, as a result of mental disorder, presents a likelihood of serious harm to others or himself or herself, or is gravely disabled and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition shall state facts that support the finding that such person, as a result of mental disorder, presents a likelihood of serious harm to others or himself or herself, or is gravely disabled and shall set forth the less restrictive alternative proposed by the facility; and

(5) A copy of the petition has been served on the detained person, his or her attorney and his or her guardian or conservator, if any, prior to the probable cause hearing; and

(6) The court at the time the petition was filed and before the probable cause hearing has appointed counsel to represent such person if no other counsel has appeared; and

(7) The court has ordered a fourteen day involuntary intensive treatment or a ninety day less restrictive alternative treatment after a probable cause hearing has been held pursuant to RCW 71.05.240; and

(8) At the conclusion of the initial commitment period, the professional staff of the agency or facility or the mental health professional designated by the county may petition for an additional period of either ninety days of less restrictive alternative treatment or ninety days of involuntary intensive treatment as provided in RCW 71.05.290; and

(9) If the hospital or facility designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated has agreed to assume such responsibility. [1987 c 439 § 3;

1975 1st ex.s. c 199 § 5; 1974 ex.s. c 145 § 15; 1973 1st ex.s. c 142 § 28.]

71.05.240 Petition for involuntary treatment or alternative treatment—Probable cause hearing. If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within seventy-two hours of the initial detention of such person as determined in RCW 71.05.180, as now or hereafter amended. If requested by the detained person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.

At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of mental disorder, presents a likelihood of serious harm to others or himself or herself, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility certified to provide treatment by the department of social and health services. If the court finds that such person, as the result of a mental disorder, presents a likelihood of serious harm to others or himself or herself, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive course of treatment for not to exceed ninety days.

The court shall specifically state to such person and give such person notice in writing that if involuntary treatment beyond the fourteen day period or beyond the ninety days of less restrictive treatment is to be sought, such person will have the right to a full hearing or jury trial as required by RCW 71.05.310. The court shall also provide written notice that the person is barred from the possession of firearms. [1992 c 168 § 3; 1987 c 439 § 5; 1979 ex.s. c 215 § 13; 1974 ex.s. c 145 § 16; 1973 1st ex.s. c 142 § 29.]

Severability—1992 c 168: See note following RCW 9.41.070.

71.05.250 Probable cause hearing—Detained person's rights—Waiver of privilege—Limitation—Records as evidence. At the probable cause hearing the detained person shall have the following rights in addition to the rights previously specified:

- (1) To present evidence on his or her behalf;
- (2) To cross-examine witnesses who testify against him or her;
- (3) To be proceeded against by the rules of evidence;
- (4) To remain silent;
- (5) To view and copy all petitions and reports in the court file.

The physician-patient privilege or the psychologist-client privilege shall be deemed waived in proceedings under this chapter relating to the administration of antipsychotic medications. As to other proceedings under this chapter, the privileges shall be waived when a court of competent

jurisdiction in its discretion determines that such waiver is necessary to protect either the detained person or the public.

The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical or psychological records of the detained person so long as the requirements of RCW 5.45.020 are met except that portions of the record which contains opinions as to the detained person's mental state must be deleted from such records unless the person making such conclusions is available for cross-examination. [1989 c 120 § 7; 1987 c 439 § 6; 1974 ex.s. c 145 § 17; 1973 1st ex.s. c 142 § 30.]

71.05.260 Release from involuntary intensive treatment—Exception. (1) Involuntary intensive treatment ordered at the time of the probable cause hearing shall be for no more than fourteen days, and shall terminate sooner when, in the opinion of the professional person in charge of the facility or his or her professional designee, (a) the person no longer constitutes a likelihood of serious harm to himself or herself or others, or (b) no longer is gravely disabled, or (c) is prepared to accept voluntary treatment upon referral, or (d) is to remain in the facility providing intensive treatment on a voluntary basis.

(2) A person who has been detained for fourteen days of intensive treatment shall be released at the end of the fourteen days unless one of the following applies: (a) Such person agrees to receive further treatment on a voluntary basis; or (b) such person is a patient to whom RCW 71.05.280 is applicable. [1987 c 439 § 7; 1974 ex.s. c 145 § 18; 1973 1st ex.s. c 142 § 31.]

71.05.270 Temporary release. Nothing in this chapter shall prohibit the professional person in charge of a treatment facility, or his professional designee, from permitting a person detained for intensive treatment to leave the facility for prescribed periods during the term of the person's detention, under such conditions as may be appropriate. [1973 1st ex.s. c 142 § 32.]

71.05.280 Additional confinement—Grounds—Duration. At the expiration of the fourteen day period of intensive treatment, a person may be confined for further treatment pursuant to RCW 71.05.320 if:

(1) Such person after having been taken into custody for evaluation and treatment has threatened, attempted, or inflicted: (a) Physical harm upon the person of another or himself, or substantial damage upon the property of another, and (b) as a result of mental disorder presents a likelihood of serious harm to others or himself; or

(2) Such person was taken into custody as a result of conduct in which he attempted or inflicted physical harm upon the person of another or himself, and continues to present, as a result of mental disorder, a likelihood of serious harm to others or himself; or

(3) Such person has been determined to be incompetent and criminal charges have been dismissed pursuant to RCW 10.77.090(3), as now or hereafter amended, and has committed acts constituting a felony, and as a result of a mental disorder, presents a substantial likelihood of repeating similar acts. In any proceeding pursuant to this subsection it shall not be necessary to show intent, wilfulness, or state of mind as an element of the felony; or

(4) Such person is gravely disabled.

For the purposes of this chapter "custody" shall mean involuntary detention under the provisions of this chapter or chapter 10.77 RCW, uninterrupted by any period of unconditional release from a facility providing involuntary care and treatment. [1986 c 67 § 3; 1979 ex.s. c 215 § 14; 1974 ex.s. c 145 § 19; 1973 1st ex.s. c 142 § 33.]

71.05.290 Petition for additional confinement—Affidavit. (1) At any time during a person's fourteen day intensive treatment period, the professional person in charge of a treatment facility or his professional designee or the designated county mental health professional may petition the superior court for an order requiring such person to undergo an additional period of treatment. Such petition must be based on one or more of the grounds set forth in RCW 71.05.280.

(2) The petition shall summarize the facts which support the need for further confinement and shall be supported by affidavits signed by two examining physicians, or by one examining physician and examining mental health professional. The affidavits shall describe in detail the behavior of the detained person which supports the petition and shall explain what, if any, less restrictive treatments which are alternatives to detention are available to such person, and shall state the willingness of the affiant to testify to such facts in subsequent judicial proceedings under this chapter.

(3) If a person has been determined to be incompetent pursuant to RCW 10.77.090(3) as now existing or hereafter amended, then the professional person in charge of the treatment facility or his professional designee or the county designated mental health professional may directly file a petition for one hundred eighty day treatment under RCW 71.05.280(3). No petition for initial detention or fourteen day detention is required before such a petition may be filed. [1986 c 67 § 4; 1975 1st ex.s. c 199 § 6; 1974 ex.s. c 145 § 20; 1973 1st ex.s. c 142 § 34.]

71.05.300 Filing of petition—Appearance—Notice—Advice as to rights—Appointment of representative. The petition for ninety day treatment shall be filed with the clerk of the superior court at least three days before expiration of the fourteen-day period of intensive treatment. At the time of filing such petition, the clerk shall set a time for the person to come before the court on the next judicial day after the day of filing unless such appearance is waived by the person's attorney, and the clerk shall notify the designated county mental health professional. The designated county mental health professional shall immediately notify the person detained, his or her attorney, if any, and his or her guardian or conservator, if any, and the prosecuting attorney, and provide a copy of the petition to such persons as soon as possible.

At the time set for appearance the detained person shall be brought before the court, unless such appearance has been waived and the court shall advise him or her of his or her right to be represented by an attorney and of his or her right to a jury trial. If the detained person is not represented by an attorney, or is indigent or is unwilling to retain an attorney, the court shall immediately appoint an attorney to represent him or her. The court shall, if requested, appoint a reasonably available licensed physician, psychologist, or psychiatrist, designated by the detained person to examine and testify on behalf of the detained person.

The court may, if requested, also appoint a professional person as defined in *RCW 71.05.020(12) to seek less restrictive alternative courses of treatment and to testify on behalf of the detained person. In the case of a developmentally disabled person who has been determined to be incompetent pursuant to RCW 10.77.090(3), then the appointed professional person under this section shall be a developmental disabilities professional.

The court shall also set a date for a full hearing on the petition as provided in RCW 71.05.310. [1989 c 420 § 14; 1987 c 439 § 8; 1975 1st ex.s. c 199 § 7; 1974 ex.s. c 145 § 21; 1973 1st ex.s. c 142 § 35.]

*Reviser's note: RCW 71.05.020 was amended three times during the 1989 legislative session. Due to the merge of those amendments, subsection (12) was renumbered as subsection (13).

71.05.310 Time for hearing—Due process—Jury trial—Continuation of treatment. The court shall conduct a hearing on the petition for ninety day treatment within five judicial days of the first court appearance after the probable cause hearing. The court may continue the hearing upon the written request of the person named in the petition or the person's attorney, for good cause shown, which continuance shall not exceed five additional judicial days. If the person named in the petition requests a jury trial, the trial shall commence within ten judicial days of the first court appearance after the probable cause hearing. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW 71.05.250.

During the proceeding, the person named in the petition shall continue to be treated until released by order of the superior court. If no order has been made within thirty days after the filing of the petition, not including extensions of time requested by the detained person or his or her attorney, the detained person shall be released. [1987 c 439 § 9; 1975 1st ex.s. c 199 § 8; 1974 ex.s. c 145 § 22; 1973 1st ex.s. c 142 § 36.]

71.05.320 Remand for additional treatment—Duration—Developmentally disabled—Grounds—Hearing. (1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department of social and health services for a further period of intensive treatment not

to exceed ninety days from the date of judgment: PROVIDED, That if the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department. If the committed person is developmentally disabled and has been determined incompetent pursuant to RCW 10.77.090(3), and the best interests of the person or others will not be served by a less-restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department of social and health services or to a facility certified for one hundred eighty-day treatment by the department. When appropriate and subject to available funds, treatment and training of such persons must be provided in a program specifically reserved for the treatment and training of developmentally disabled persons. A person so committed shall receive habilitation services pursuant to an individualized service plan specifically developed to treat the behavior which was the subject of the criminal proceedings. Said treatment program shall be administered by developmental disabilities professionals and others trained specifically in the needs of developmentally disabled persons. The department may limit admissions to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services. The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department. An order for treatment less restrictive than involuntary detention may include conditions, and if such conditions are not adhered to, the designated mental health professional or developmental disabilities professional may order the person apprehended under the terms and conditions of RCW 71.05.340 as now or hereafter amended.

If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department of social and health services or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment: PROVIDED, That if the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment.

(2) Said person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) of this section unless the superintendent or professional person in charge of the facility in which he is confined, or in the event of a less restrictive alternative, the designated mental health professional or developmental disabilities professional, files a new petition for involuntary treatment on the grounds that the committed person;

(a) During the current period of court ordered treatment:
 (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of mental disorder or

developmental disability presents a likelihood of serious harm to others; or

(b) Was taken into custody as a result of conduct in which he attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder or developmental disability a likelihood of serious harm to others; or

(c) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder or developmental disability presents a substantial likelihood of repeating similar acts considering the charged criminal behavior, life history, progress in treatment, and the public safety; or

(d) Continues to be gravely disabled.

If the conduct required to be proven in subsections (b) and (c) of this section was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to reprove that element. Such new petition for involuntary treatment shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this subsection are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment. At the end of the one hundred eighty day period of commitment, the committed person shall be released unless a petition for another one hundred eighty day period of continued treatment is filed and heard in the same manner as provided herein above. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment. No person committed as herein provided may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length. [1989 c 420 § 15; 1986 c 67 § 5; 1979 ex.s. c 215 § 15; 1975 1st ex.s. c 199 § 9; 1974 ex.s. c 145 § 23; 1973 1st ex.s. c 142 § 37.]

71.05.325 Release from involuntary treatment—Notice to prosecuting attorney. (1) Before a person committed under grounds set forth in RCW 71.05.280(3) is released from involuntary treatment because a new petition for involuntary treatment has not been filed under RCW 71.05.320(2), the superintendent, professional person, or designated mental health professional responsible for the decision whether to file a new petition shall in writing notify the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision not to file a new petition for involuntary treatment. Notice shall be provided at least thirty days before the period of commitment expires.

(2)(a) Before a person committed under grounds set forth in RCW 71.05.280(3) is permitted temporarily to leave a treatment facility pursuant to RCW 71.05.270 for any period of time without constant accompaniment by facility staff, the superintendent, professional person in charge of a treatment facility, or his or her professional designee shall in

writing notify the prosecuting attorney of any county to which the person is to be released and the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision conditionally to release the person. The notice shall be provided at least thirty days before the anticipated release and shall describe the conditions under which the release is to occur.

(b) The provisions of RCW 71.05.330(2) apply to proposed temporary releases, and either or both prosecuting attorneys receiving notice under this subsection may petition the court under RCW 71.05.330(2).

(3) Nothing in this section shall be construed to authorize detention of a person unless a valid order of commitment is in effect.

(4) The notice provisions of this section are in addition to those provided in RCW 71.05.425. [1990 c 3 § 111; 1989 c 401 § 1; 1986 c 67 § 2.]

Index, part headings not law—Severability—Effective dates—Application—1990 c 3: See RCW 18.155.900 through 18.155.902.

71.05.330 Early release—Notice to court and prosecuting attorney—Petition for hearing. (1) Nothing in this chapter shall prohibit the superintendent or professional person in charge of the hospital or facility in which the person is being involuntarily treated from releasing him prior to the expiration of the commitment period when, in the opinion of the superintendent or professional person in charge, the person being involuntarily treated no longer presents a likelihood of serious harm to others.

Whenever the superintendent or professional person in charge of a hospital or facility providing involuntary treatment pursuant to this chapter releases a person prior to the expiration of the period of commitment, the superintendent or professional person in charge shall in writing notify the court which committed the person for treatment.

(2) Before a person committed under grounds set forth in RCW 71.05.280(3) or 71.05.320(2)(c) is released under this section, the superintendent or professional person in charge shall in writing notify the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the release date. Notice shall be provided at least thirty days before the release date. Within twenty days after receiving notice, the prosecuting attorney may petition the court in the county in which the person is being involuntarily treated for a hearing to determine whether the person is to be released. The prosecuting attorney shall provide a copy of the petition to the superintendent or professional person in charge of the hospital or facility providing involuntary treatment, the attorney, if any, and the guardian or conservator of the committed person. The court shall conduct a hearing on the petition within ten days of filing the petition. The committed person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as set forth in this subsection and except that there shall be no right to jury trial. The issue to be determined at the hearing is whether or not the person may be released without substantial danger to other persons, or substantial likelihood of committing felonious acts jeopardizing public safety or security. If the court disapproves of the release, it may do so only on the basis of substantial evidence. Pursuant to the

determination of the court upon the hearing, the committed person shall be released or shall be returned for involuntary treatment subject to release at the end of the period for which he or she was committed, or otherwise in accordance with the provisions of this chapter. [1986 c 67 § 1; 1973 1st ex.s. c 142 § 38.]

71.05.335 Modification of order for inpatient treatment—Intervention by prosecuting attorney. In any proceeding under this chapter to modify a commitment order of a person committed to inpatient treatment under grounds set forth in RCW 71.05.280(3) or 71.05.320(2)(c) in which the requested relief includes treatment less restrictive than detention, the prosecuting attorney shall be entitled to intervene. The party initiating the motion to modify the commitment order shall serve the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed with written notice and copies of the initiating papers. [1986 c 67 § 7.]

71.05.340 Outpatient treatment or care—Conditional release—Procedures for revocation. (1)(a) When, in the opinion of the superintendent or the professional person in charge of the hospital or facility providing involuntary treatment, the committed person can be appropriately served by outpatient treatment prior to or at the expiration of the period of commitment, then such outpatient care may be required as a condition for early release for a period which, when added to the inpatient treatment period, shall not exceed the period of commitment. If the hospital or facility designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated county mental health professional in the county in which the patient is to receive outpatient treatment, and to the court of original commitment.

(b) Before a person committed under grounds set forth in RCW 71.05.280(3) or 71.05.320(2)(c) is conditionally released under (a) of this subsection, the superintendent or professional person in charge of the hospital or facility providing involuntary treatment shall in writing notify the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision to conditionally release the person. Notice and a copy of the conditions for early release shall be provided at least thirty days before the person is released from inpatient care. Within twenty days after receiving notice, the prosecuting attorney may petition the court in the county that issued the commitment order to hold a hearing to determine whether the person may be conditionally released and the terms of the conditional release. The prosecuting attorney shall provide a copy of the petition to the superintendent or professional person in charge of the hospital or facility providing involuntary treatment, the attorney, if any, and guardian or conservator of the committed person, and the court of original commitment. If the county in which the committed person is to receive outpatient treatment is the same county in which the criminal charges against the committed person were dismissed, then the court shall, upon

the motion of the prosecuting attorney, transfer the proceeding to the court in that county. The court shall conduct a hearing on the petition within ten days of the filing of the petition. The committed person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as set forth in this subsection and except that there shall be no right to jury trial. The issue to be determined at the hearing is whether or not the person may be conditionally released without substantial danger to other persons, or substantial likelihood of committing felonious acts jeopardizing public safety or security. If the court disapproves of the conditional release, it may do so only on the basis of substantial evidence. Pursuant to the determination of the court upon the hearing, the conditional release of the person shall be approved by the court on the same or modified conditions or the person shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he or she was committed, or otherwise in accordance with the provisions of this chapter.

(2) The hospital or facility designated to provide outpatient care or the secretary may modify the conditions for continued release when such modification is in the best interest of the person. Notification of such changes shall be sent to all persons receiving a copy of the original conditions.

(3) If the hospital or facility designated to provide outpatient care, the designated county mental health professional or the secretary determines that a conditionally released person is failing to adhere to the terms and conditions of his or her release, or that substantial deterioration in the person's functioning has occurred, then, upon notification by the hospital or facility designated to provide outpatient care, or on his or her own motion, the designated county mental health professional or the secretary may order that the conditionally released person be apprehended and taken into custody and temporarily detained in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been conditionally released. The designated county mental health professional or the secretary may modify or rescind such order at any time prior to commencement of the court hearing. The court that originally ordered commitment shall be notified within two judicial days of a person's detention under the provisions of this section, and the designated county mental health professional or the secretary shall file his or her petition and order of apprehension and detention with the court and serve them upon the person detained. His or her attorney, if any, and his or her guardian or conservator, if any, shall receive a copy of such papers as soon as possible. Such person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as specifically set forth in this section and except that there shall be no right to jury trial. The issues to be determined shall be whether the conditionally released person did or did not adhere to the terms and conditions of his or her release or that substantial deterioration in the person's functioning has occurred; and, if he or she failed to adhere to such terms and conditions, or that substantial

deterioration in the person's functioning has occurred, whether the conditions of release should be modified or the person should be returned to the facility. Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he or she was committed for involuntary treatment, or otherwise in accordance with the provisions of this chapter. Such hearing may be waived by the person and his or her counsel and his or her guardian or conservator, if any, but shall not be waivable unless all such persons agree to waive, and upon such waiver the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions.

(4) The proceedings set forth in subsection (3) of this section may be initiated by the designated county mental health professional or the secretary on the same basis set forth therein without requiring or ordering the apprehension and detention of the conditionally released person, in which case the court hearing shall take place in not less than five days from the date of service of the petition upon the conditionally released person.

Upon expiration of the period of commitment, or when the person is released from outpatient care, notice in writing to the court which committed the person for treatment shall be provided.

(5) The grounds and procedures for revocation of less restrictive alternative treatment shall be the same as those set forth in this section for conditional releases.

(6) In the event of a revocation of a conditional release, the subsequent treatment period may be for no longer than the actual period authorized in the original court order. [1987 c 439 § 10; 1986 c 67 § 6; 1979 ex.s. c 215 § 16; 1974 ex.s. c 145 § 24; 1973 1st ex.s. c 142 § 39.]

71.05.350 Assistance to released persons. No indigent patient shall be conditionally released or discharged from involuntary treatment without suitable clothing, and the superintendent of a state hospital shall furnish the same, together with such sum of money as he shall deem necessary for the immediate welfare of the patient. Such sum of money shall be the same as the amount required by RCW 72.02.100 to be provided to persons in need being released from correctional institutions. As funds are available, the secretary may provide payment to indigent persons conditionally released pursuant to this chapter consistent with the optional provisions of RCW 72.02.100 and 72.02.110, and may adopt rules and regulations to do so. [1973 1st ex.s. c 142 § 40.]

71.05.360 Rights of involuntarily detained persons.
(1) Every person involuntarily detained or committed under the provisions of this chapter shall be entitled to all the rights set forth in this chapter and shall retain all rights not denied him under this chapter.

(2) Each person involuntarily detained or committed pursuant to this chapter shall have the right to adequate care and individualized treatment. [1974 ex.s. c 145 § 25; 1973 1st ex.s. c 142 § 41.]

71.05.370 Rights—Posting of list. Insofar as danger to the individual or others is not created, each person involuntarily detained, treated in a less restrictive alternative course of treatment, or committed for treatment and evaluation pursuant to this chapter shall have, in addition to other rights not specifically withheld by law, the following rights, a list of which shall be prominently posted in all facilities, institutions, and hospitals providing such services:

(1) To wear his or her own clothes and to keep and use his or her own personal possessions, except when deprivation of same is essential to protect the safety of the resident or other persons;

(2) To keep and be allowed to spend a reasonable sum of his or her own money for canteen expenses and small purchases;

(3) To have access to individual storage space for his or her private use;

(4) To have visitors at reasonable times;

(5) To have reasonable access to a telephone, both to make and receive confidential calls;

(6) To have ready access to letter writing materials, including stamps, and to send and receive uncensored correspondence through the mails;

(7) Not to consent to the administration of antipsychotic medications beyond the hearing conducted pursuant to RCW 71.05.320(2) or the performance of electroconvulsant therapy or surgery, except emergency life-saving surgery, unless ordered by a court of competent jurisdiction pursuant to the following standards and procedures:

(a) The administration of antipsychotic medication or electroconvulsant therapy shall not be ordered unless the petitioning party proves by clear, cogent, and convincing evidence that there exists a compelling state interest that justifies overriding the patient's lack of consent to the administration of antipsychotic medications or electroconvulsant therapy, that the proposed treatment is necessary and effective, and that medically acceptable alternative forms of treatment are not available, have not been successful, or are not likely to be effective.

(b) The court shall make specific findings of fact concerning: (i) The existence of one or more compelling state interests; (ii) the necessity and effectiveness of the treatment; and (iii) the person's desires regarding the proposed treatment. If the patient is unable to make a rational and informed decision about consenting to or refusing the proposed treatment, the court shall make a substituted judgment for the patient as if he or she were competent to make such a determination.

(c) The person shall be present at any hearing on a request to administer antipsychotic medication or electroconvulsant therapy filed pursuant to this subsection. The person has the right: (i) To be represented by an attorney; (ii) to present evidence; (iii) to cross-examine witnesses; (iv) to have the rules of evidence enforced; (v) to remain silent; (vi) to view and copy all petitions and reports in the court file; and (vii) to be given reasonable notice and an opportunity to prepare for the hearing. The court may appoint a psychiatrist, psychologist within their scope of practice, or physician to examine and testify on behalf of such person. The court shall appoint a psychiatrist, psychologist within their scope of practice, or physician designated by such person or the person's counsel to testify on behalf

of the person in cases where an order for electroconvulsant therapy is sought.

(d) An order for the administration of antipsychotic medications entered following a hearing conducted pursuant to this section shall be effective for the period of the current involuntary treatment order, and any interim period during which the person is awaiting trial or hearing on a new petition for involuntary treatment or involuntary medication.

(e) Any person detained pursuant to RCW 71.05.320(2), who subsequently refuses antipsychotic medication, shall be entitled to the procedures set forth in RCW 71.05.370(7).

(f) Antipsychotic medication may be administered to a nonconsenting person detained or committed pursuant to this chapter without a court order pursuant to RCW 71.05.215(2) or under the following circumstances:

(i) A person presents an imminent likelihood of serious harm to self or others;

(ii) Medically acceptable alternatives to administration of antipsychotic medications are not available, have not been successful, or are not likely to be effective; and

(iii) In the opinion of the physician with responsibility for treatment of the person, or his or her designee, the person's condition constitutes an emergency requiring the treatment be instituted before a judicial hearing as authorized pursuant to this section can be held.

If antipsychotic medications are administered over a person's lack of consent pursuant to this subsection, a petition for an order authorizing the administration of antipsychotic medications shall be filed on the next judicial day. The hearing shall be held within two judicial days. If deemed necessary by the physician with responsibility for the treatment of the person, administration of antipsychotic medications may continue until the hearing is held;

(8) To dispose of property and sign contracts unless such person has been adjudicated an incompetent in a court proceeding directed to that particular issue;

(9) Not to have psychosurgery performed on him or her under any circumstances. [1991 c 105 § 5; 1989 c 120 § 8; 1974 ex.s. c 145 § 26; 1973 1st ex.s. c 142 § 42.]

Severability—1991 c 105: See note following RCW 71.05.215.

71.05.380 Rights of voluntarily committed persons.

All persons voluntarily entering or remaining in any facility, institution, or hospital providing evaluation and treatment for mental disorder shall have no less than all rights secured to involuntarily detained persons by RCW 71.05.360 and 71.05.370. [1973 1st ex.s. c 142 § 43.]

71.05.390 Confidential information and records—Disclosure. The fact of admission and all information and records compiled, obtained, or maintained in the course of providing services to either voluntary or involuntary recipients of services at public or private agencies shall be confidential.

Information and records may be disclosed only:

(1) In communications between qualified professional persons to meet the requirements of this chapter, in the provision of services or appropriate referrals, or in the course of guardianship proceedings. The consent of the patient, or his guardian, must be obtained before information or records may be disclosed by a professional person employed by a

facility to a professional person, not employed by the facility, who does not have the medical responsibility for the patient's care or who is not a designated county mental health professional or who is not involved in providing services under the community mental health services act, chapter 71.24 RCW.

(2) When the communications regard the special needs of a patient and the necessary circumstances giving rise to such needs and the disclosure is made by a facility providing outpatient services to the operator of a care facility in which the patient resides.

(3) When the person receiving services, or his guardian, designates persons to whom information or records may be released, or if the person is a minor, when his parents make such designation.

(4) To the extent necessary for a recipient to make a claim, or for a claim to be made on behalf of a recipient for aid, insurance, or medical assistance to which he may be entitled.

(5) For program evaluation and/or research: PROVIDED, That the secretary of social and health services adopts rules for the conduct of such evaluation and/or research. Such rules shall include, but need not be limited to, the requirement that all evaluators and researchers must sign an oath of confidentiality substantially as follows:

"As a condition of conducting evaluation or research concerning persons who have received services from (fill in the facility, agency, or person) I,, agree not to divulge, publish, or otherwise make known to unauthorized persons or the public any information obtained in the course of such evaluation or research regarding persons who have received services such that the person who received such services is identifiable.

I recognize that unauthorized release of confidential information may subject me to civil liability under the provisions of state law.

/s/ "

(6) To the courts as necessary to the administration of this chapter.

(7) To law enforcement officers, public health officers, or personnel of the department of corrections or the indeterminate sentence review board for persons who are the subject of the records and who are committed to the custody of the department of corrections or indeterminate sentence review board which information or records are necessary to carry out the responsibilities of their office. Except for dissemination of information released pursuant to RCW 71.05.425 and 4.24.550, regarding persons committed under this chapter under RCW 71.05.280(3) and 71.05.320(2)(c) after dismissal of a sex offense as defined in RCW 9.94A.030, the extent of information that may be released is limited as follows:

(a) Only the fact, place, and date of involuntary admission, the fact and date of discharge, and the last known address shall be disclosed upon request; and

(b) The law enforcement and public health officers or personnel of the department of corrections or indeterminate sentence review board shall be obligated to keep such information confidential in accordance with this chapter; and

(c) Additional information shall be disclosed only after giving notice to said person and his counsel and upon a showing of clear, cogent and convincing evidence that such information is necessary and that appropriate safeguards for strict confidentiality are and will be maintained: PROVIDED HOWEVER, That in the event the said person has escaped from custody, said notice prior to disclosure is not necessary and that the facility from which the person escaped shall include an evaluation as to whether the person is of danger to persons or property and has a propensity toward violence.

(8) To the attorney of the detained person.

(9) To the prosecuting attorney as necessary to carry out the responsibilities of the office under RCW 71.05.330(2) and 71.05.340(1)(b) and 71.05.335. The prosecutor shall be provided access to records regarding the committed person's treatment and prognosis, medication, behavior problems, and other records relevant to the issue of whether treatment less restrictive than inpatient treatment is in the best interest of the committed person or others. Information shall be disclosed only after giving notice to the committed person and the person's counsel.

(10) To appropriate law enforcement agencies and to a person, when the identity of the person is known to the public or private agency, whose health and safety has been threatened, or who is known to have been repeatedly harassed, by the patient. The person may designate a representative to receive the disclosure. The disclosure shall be made by the professional person in charge of the public or private agency or his or her designee and shall include the dates of admission, discharge, authorized or unauthorized absence from the agency's facility, and only such other information that is pertinent to the threat or harassment. The decision to disclose or not shall not result in civil liability for the agency or its employees so long as the decision was reached in good faith and without gross negligence.

(11) To the persons designated in RCW 71.05.425 for the purposes described in that section.

(12) Civil liability and immunity for the release of information about a particular person who is committed to the department under RCW 71.05.280(3) and 71.05.320(2)(c) after dismissal of a sex offense as defined in RCW 9.94A.030, is governed by RCW 4.24.550.

The fact of admission, as well as all records, files, evidence, findings, or orders made, prepared, collected, or maintained pursuant to this chapter shall not be admissible as evidence in any legal proceeding outside this chapter without the written consent of the person who was the subject of the proceeding except in a subsequent criminal prosecution of a person committed pursuant to RCW 71.05.280(3) or 71.05.320(2)(c) on charges that were dismissed pursuant to chapter 10.77 RCW due to incompetency to stand trial or in a civil commitment proceeding pursuant to chapter 71.09 RCW. The records and files maintained in any court proceeding pursuant to this chapter shall be confidential and available subsequent to such proceedings only to the person who was the subject of the proceeding or his attorney. In addition, the court may order the subsequent release or use of such records or files only upon good cause shown if the court finds that appropriate safeguards for strict confidentiality are and will be maintained. 1983 c 196 § 4; 1979 ex.s. c 215 § 17; 1975 1st ex.s. c 199 § 10; 1974 ex.s. c 145 § 27; 1973 1st ex.s. c 142 § 44.]

71.05.400 Release of information to patient's next of kin, attorney, guardian, etc.—Notification of patient's death. (1) A public or private agency shall release to a patient's next of kin, attorney, guardian, or conservator, if any,

(a) The information that the person is presently a patient in the facility or that the person is seriously physically ill;

(b) A statement evaluating the mental and physical condition of the patient, and a statement of the probable duration of the patient's confinement, if such information is requested by the next of kin, attorney, guardian, or conservator; and such other information requested by the next of kin or attorney as may be necessary to decide whether or not proceedings should be instituted to appoint a guardian or conservator.

(2) Upon the death of a patient, his next of kin, guardian, or conservator, if any, shall be notified.

Next of kin who are of legal age and competent shall be notified under this section in the following order: Spouse, parents, children, brothers and sisters, and other relatives according to the degree of relation. [1974 ex.s. c 115 § 1; 1973 2nd ex.s. c 24 § 6; 1973 1st ex.s. c 142 § 45.]

71.05.410 Notice of disappearance of patient. When a patient would otherwise be subject to the provisions of RCW 71.05.390 and disclosure is necessary for the protection of the patient or others due to his unauthorized disappearance from the facility, and his whereabouts is unknown, notice of such disappearance, along with relevant information, may be made to relatives and governmental law enforcement agencies designated by the physician in charge of the patient or the professional person in charge of the facility, or his professional designee. 71.06.020 Sexual psychopaths—Petition. Where any person is charged in the superior court in this state with a sex offense and it appears that such person is a sexual psychopath, the prosecuting attorney may file a petition in the criminal proceeding, alleging that the defendant is a sexual psychopath and stating sufficient facts to support such allegation. Such petition must be filed and served on the defendant or his attorney at least ten days prior to hearing on the criminal charge. [1959 c 25 § 71.06.020. Prior: 1951 c 223 § 3; 1949 c 198 § 26; Rem. Such observation shall be for a period of not to exceed ninety days. The defendant shall be detained in the county jail or other county facilities

[1959 c 25 § 71.06.050. Prior: 1951 c 223 § 6.]

71.06.060 Preliminary hearing—Commitment, or other disposition of charge. If the defendant is found not to be a sexual psychopath, the court shall order the sentence to be executed, or may discharge the defendant as the case may merit. [1979 c 141 § 129; 1967 c 104 § 2; 1959 c 25 § 71.06.060. Prior: 1951 c 223 § 7.]

Nothing in this chapter shall be construed as affecting the laws relating to the criminally insane or the insane criminal, nor shall this chapter be construed as preventing the defendant from raising the defense of insanity as in other criminal cases. Thereupon, the superintendent of the institution involved shall so inform whatever court committed the sexual psychopath. The court

then may order such further examination and investigation of such person as seems necessary, and may at its discretion, summon such person before it for further hearing, together with any witnesses whose testimony may be pertinent, and together with any relevant documents and other evidence. On the basis of such reports, investigation, and possible hearing, the court shall determine whether the person before it shall be released unconditionally from custody as a sexual psychopath, released conditionally, returned to the custody of the institution as a sexual psychopath, or transferred to the department of corrections to serve the original sentence imposed upon him. The power of the court to grant conditional release for any such person before it shall be the same as its power to grant, amend and revoke probation as provided by chapter 9.95 RCW. When the sexual psychopath has entered upon the conditional release, the state *board of prison terms and paroles shall supervise such person pursuant to the terms and conditions of the conditional release, as set by the court: PROVIDED, That the superintendent of the institution involved shall never release the sexual psychopath from custody without a court release as herein set forth. A committed sexual psychopath who has been transferred to a correctional institution shall be observed and treated at the psychiatric facilities provided by the correctional institution. A complete psychiatric examination shall be given to each sexual psychopath so transferred at least twice annually. The examinations may be conducted at the correctional institution or at one of the mental hospitals. The examiners shall report in writing the results of said examinations, including recommendations as to future treatment and custody, to the superintendent of the mental hospital from which the sexual psychopath was transferred, and to the committing court, with copies of such reports and recommendations to the superintendent of the correctional institution. 71.06.260 Hospitalization costs—Sexual psychopaths—Financial responsibility. At any time any person is committed as a sexual psychopath the court shall, after reasonable notice of the time, place and purpose of the hearing has been given to persons subject to liability under this section, inquire into and determine the financial ability of said person, or his parents if he is a minor, or other relatives to pay the cost of care, meals and lodging during his period of hospitalization. Such cost shall be determined by the department of social and health services. Findings of fact shall be made relative to the ability to pay such cost and a judgment entered against the person or persons found to be financially responsible and directing the payment of said cost or such part thereof as the court may direct. The person committed, or his parents or relatives, may apply for modification of said judgment, or the order last entered by the court, if a proper showing of equitable grounds is made therefor. [1985 c 354 § 33; 1979 c 141 § 132; 1959 c 25 § 71.06.260. Prior: 1957 c 26 § 1; 1951 c 223 § 27.]

71.09.010 Findings. The legislature finds that a small but extremely dangerous group of sexually violent predators exist who do not have a mental disease or defect that renders them appropriate for the existing involuntary treatment act, chapter 71.05 RCW, which is intended to be a short-term civil commitment system that is primarily designed to provide short-term treatment to individuals with serious mental disorders and then return them to the community. In contrast to persons appropriate for civil commitment under chapter 71.05 RCW, sexually violent predators generally have antisocial personality features which are unamenable to existing mental illness treatment modalities and those features render them likely to engage in sexually violent behavior. The legislature further finds that sex offenders' likelihood of engaging in repeat acts of predatory sexual violence is high. The existing involuntary commitment act, chapter 71.05 RCW, is inadequate to address the risk to reoffend because during confinement these offenders do not have access to potential victims and therefore they will not engage in an overt act during confinement as required by the involuntary treatment act for continued confinement. The legislature further finds that the prognosis for curing sexually violent offenders is poor, the treatment needs of this population are very long term, and the treatment modalities for this population are very different than the traditional treatment modalities for people appropriate for commitment under the involuntary treatment act. [1990 c 3 § 1001.]

71.09.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

71.09.030 Sexually violent predator petition—Filing.

When it appears that: (1) The term of total confinement of a person who has been convicted of a sexually violent offense is about to expire, or has expired on, before, or after July 1, 1990; (2) the term of total confinement of a person found to have committed a sexually violent offense as a juvenile is about to expire, or has expired on, before, or after July 1, 1990; (3) a person who has been charged with a sexually violent offense and who has been determined to be incompetent to stand trial is about to be released, or has been released on, before, or after July 1, 1990, pursuant to RCW 10.77.090(3); or (4) a person who has been found not guilty by reason of insanity of a sexually violent offense is about to be released, or has been released on, before, or after July 1, 1990, pursuant to RCW 10.77.020(3); and it appears that the person may be a sexually violent predator, the prosecuting attorney of the county where the person was convicted or charged or the attorney general if requested by the prosecuting attorney may file a petition alleging that the person is a "sexually violent predator" and stating sufficient facts to support such allegation. [1992 c 45 § 4; 1990 1st ex.s. c 12 § 3; 1990 c 3 § 1003.]

Severability—Application—1992 c 45: See notes following RCW 9.94A.151.

Effective date—1990 1st ex.s. c 12: See note following RCW 13.40.020.

71.09.040 Sexually violent predator petition—

Judicial determination—Transfer for evaluation. Upon the filing of a petition under RCW 71.09.030, the judge shall determine whether probable cause exists to believe that the person named in the petition is a sexually violent predator. If such determination is made the judge shall direct that the person be taken into custody and the person shall be transferred to an appropriate facility for an evaluation as to whether the person is a sexually violent predator. The evaluation shall be conducted by a person deemed to be professionally qualified to conduct such an examination pursuant to rules developed by the department of social and

health services. In adopting such rules, the department of social and health services shall consult with the department of health and the department of corrections. [1990 c 3 § 1004.]

71.09.050 Trial—Rights of parties. Within forty-five days after the filing of a petition pursuant to RCW 71.09.030, the court shall conduct a trial to determine whether the person is a sexually violent predator. At all stages of the proceedings under this chapter, any person subject to this chapter shall be entitled to the assistance of counsel, and if the person is indigent, the court shall appoint counsel to assist him or her. Whenever any person is subjected to an examination under this chapter, he or she may retain experts or professional persons to perform an examination on their behalf. When the person wishes to be examined by a qualified expert or professional person of his or her own choice, such examiner shall be permitted to have reasonable access to the person for the purpose of such examination, as well as to all relevant medical and psychological records and reports. In the case of a person who is indigent, the court shall, upon the person's request, assist the person in obtaining an expert or professional person to perform an examination or participate in the trial on the person's behalf. The person, the prosecuting attorney or attorney general, or the judge shall have the right to demand that the trial be before a jury. If no demand is made, the trial shall be before the court. [1990 c 3 § 1005.]

71.09.060 Trial—Determination—Commitment procedures. (1) The court or jury shall determine whether, beyond a reasonable doubt, the person is a sexually violent predator. If the state alleges that the prior sexually violent offense that forms the basis for the petition for commitment was an act that was sexually motivated as provided in RCW 71.09.020(4)(c), the state must prove beyond a reasonable doubt that the alleged sexually violent act was sexually motivated as defined in RCW 9.94A.030. If the court or jury determines that the person is a sexually violent predator, the person shall be committed to the custody of the department of social and health services in a secure facility for control, care, and treatment until such time as the person's mental abnormality or personality disorder has so changed that the person is safe to be at large. Such control, care, and treatment shall be provided at a facility operated by the department of social and health services. If the court or jury is not satisfied beyond a reasonable doubt that the person is a sexually violent predator, the court shall direct the person's release.

(2) If the person charged with a sexually violent offense has been found incompetent to stand trial, and is about to or has been released pursuant to RCW 10.77.090(3), and his or her commitment is sought pursuant to subsection (1) of this section, the court shall first hear evidence and determine whether the person did commit the act or acts charged if the court did not enter a finding prior to dismissal under RCW 10.77.090(3) that the person committed the act or acts charged. The hearing on this issue must comply with all the procedures specified in this section. In addition, the rules of evidence applicable in criminal cases shall apply, and all constitutional rights available to defendants at criminal trials,

other than the right not to be tried while incompetent, shall apply. After hearing evidence on this issue, the court shall make specific findings on whether the person did commit the act or acts charged, the extent to which the person's incompetence or developmental disability affected the outcome of the hearing, including its effect on the person's ability to consult with and assist counsel and to testify on his or her own behalf, the extent to which the evidence could be reconstructed without the assistance of the person, and the strength of the prosecution's case. If, after the conclusion of the hearing on this issue, the court finds, beyond a reasonable doubt, that the person did commit the act or acts charged, it shall enter a final order, appealable by the person, on that issue, and may proceed to consider whether the person should be committed pursuant to this section.

(3) The state shall comply with RCW 10.77.220 while confining the person pursuant to this chapter. The facility shall not be located on the grounds of any state mental facility or regional habilitation center because these institutions are insufficiently secure for this population. [1990 1st ex.s. c 12 § 4; 1990 c 3 § 1006.]

Effective date—1990 1st ex.s. c 12: See note following RCW 13.40.020.

71.09.070 Annual examinations of persons committed under chapter. Each person committed under this chapter shall have a current examination of his or her mental condition made at least once every year. The person may retain, or if he or she is indigent and so requests, the court may appoint a qualified expert or a professional person to examine him or her, and such expert or professional person shall have access to all records concerning the person. The periodic report shall be provided to the court that committed the person under this chapter. [1990 c 3 § 1007.]

71.09.080 Detention and commitment to conform to constitutional requirements. The involuntary detention or commitment of persons under this chapter shall conform to constitutional requirements for care and treatment. [1990 c 3 § 1008.]

71.09.090 Petition for release—Procedures. (1) If the secretary of the department of social and health services determines that the person's mental abnormality or personality disorder has so changed that the person is not likely to engage in predatory acts of sexual violence if released, the secretary shall authorize the person to petition the court for release. The petition shall be served upon the court and the prosecuting attorney. The court, upon receipt of the petition for release, shall within forty-five days order a hearing. The prosecuting attorney or the attorney general, if requested by the county, shall represent the state, and shall have the right to have the petitioner examined by an expert or professional person of his or her choice. The hearing shall be before a jury if demanded by either the petitioner or the prosecuting attorney or attorney general. The burden of proof shall be upon the prosecuting attorney or attorney general to show beyond a reasonable doubt that the petitioner's mental abnormality or personality disorder remains such that the petitioner is not safe to be at large and that if discharged is likely to engage in predatory acts of sexual violence.

(2) Nothing contained in this chapter shall prohibit the person from otherwise petitioning the court for discharge without the secretary's approval. The secretary shall provide the committed person with an annual written notice of the person's right to petition the court for release over the secretary's objection. The notice shall contain a waiver of rights. The secretary shall forward the notice and waiver form to the court with the annual report. If the person does not affirmatively waive the right to petition, the court shall set a show cause hearing to determine whether facts exist that warrant a hearing on whether the person's condition has so changed that he or she is safe to be at large. The committed person shall have a right to have an attorney represent him or her at the show cause hearing but the person is not entitled to be present at the show cause hearing. If the court at the show cause hearing determines that probable cause exists to believe that the person's mental abnormality or personality disorder has so changed that the person is safe to be at large and is not likely to engage in predatory acts of sexual violence if discharged, then the court shall set a hearing on the issue. At the hearing, the committed person shall be entitled to be present and to the benefit of all constitutional protections that were afforded to the person at the initial commitment proceeding. The prosecuting attorney or the attorney general if requested by the county shall represent the state and shall have a right to a jury trial and to have the committed person evaluated by experts chosen by the state. The committed person shall also have the right to have experts evaluate him or her on his or her behalf and the court shall appoint an expert if the person is indigent and requests an appointment. The burden of proof at the hearing shall be upon the state to prove beyond a reasonable doubt that the committed person's mental abnormality or personality disorder remains such that the person is not safe to be at large and if released is likely to engage in predatory acts of sexual violence. 71.09.100 Subsequent discharge petitions. Nothing in this chapter shall prohibit a person from filing a petition for discharge pursuant to this chapter. However, if a person has previously filed a petition for discharge without the secretary's approval and the court determined, either upon review of the petition or following a hearing, that the petitioner's petition was frivolous or that the petitioner's condition had not so changed that he or she was safe to be at large, then the court shall deny the subsequent petition unless the petition contains facts upon which a court could find that the condition of the petitioner had so changed that a hearing was warranted. Upon receipt of a first or subsequent petition from committed persons without the secretary's approval, the court shall endeavor whenever possible to review the petition and determine if the petition is based upon frivolous grounds and if so shall deny the petition without a hearing. [1990 c 3 § 1010.]

71.24.011 Short title. This chapter may be known and cited as the community mental health services act. [1982 c 204 § 1.]

71.24.015 Legislative intent and policy. It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs which provide for:

(1) Access to mental health services for adults of the state who are acutely mentally ill, chronically mentally ill, or seriously disturbed and children of the state who are acutely mentally ill, severely emotionally disturbed, or seriously disturbed, which services recognize the special needs of underserved populations, including minorities, children, the elderly, disabled, and low-income persons. It is also the purpose of this chapter to promote the early identification of mentally ill children and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) Accountability of services through state-wide standards for monitoring and reporting of information;

(3) Minimum service delivery standards;

(4) Priorities for the use of available resources for the care of the mentally ill;

(5) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of the mentally ill, and other service providers; and

(6) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders. The legislature intends to encourage the development of county-based and county-managed mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties are encouraged to enter into joint operating agreements with other counties to form regional systems of care which integrate planning, administration, and service delivery duties assigned to

counties under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end the legislature intends to promote active engagement with mentally ill persons and collaboration between families and service providers. [1991 c 306 § 1; 1989 c 205 § 1; 1986 c 274 § 1; 1982 c 204 § 2.]

Conflict with federal requirements—1991 c 306: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

However, if any part of this act conflicts with such federal requirements, the state appropriation for mental health services provided to children whose mental disorders are discovered under screening through the federal Title XIX early and periodic screening, diagnosis, and treatment program shall be provided through the division of medical assistance and no state funds appropriated to the division of mental health shall be expended or transferred for this purpose." [1991 c 306 § 7.]

Evaluation of transition to regional systems—1989 c 205: "(1) In order to determine the effectiveness of this act, it is necessary to have an independent evaluation of the transition to regional systems of care. The legislative budget committee shall prepare a plan to conduct a study of the effectiveness of the change in the mental health system initiated by this act. The primary goal of the study is to evaluate the progress of the regional support networks in meeting the statutory requirement of this act to serve at least eighty-five percent of the short-term commitments within their boundaries by July 1, 1993. A plan for study shall include, but is not limited to, the following considerations:

(a) Progress in implementing and complying with the intention of this act to create regional support networks;

(b) Effect on short-term commitments to the state hospitals;

(c) Effect on residential options in the community;

(d) Effect on delivery of services, both residential and nonresidential, in the community; and

(e) Effect on continuity of services to the mentally ill.

(2) The plan for conducting a study, including start and completion dates, general research approaches, potential research problems, data requirements, necessary implementation authority, and cost estimates is to be provided to the appropriate policy and fiscal committees of the house of representatives and the senate by December 1, 1990. The plan may include proposals to use contract evaluators or other options for determining the most appropriate entity to complete the study, and shall identify ways to measure program progress and outcomes. The plan shall take into consideration a study completion date of December 1, 1992.

(3) In order to establish a beginning point for any future study of the effectiveness of the system changes initiated in this act, when the biennial contract is signed by the department of social and health services and a regional support network, the department shall forward a copy of the contract to the legislative budget committee." [1989 c 205 § 23.]

networks by October 30, 1989, along with preliminary plans. Counties wishing to be recognized as a regional support network by January 1 of any year thereafter shall submit their intentions by October 30 of the previous year along with preliminary plans. The secretary shall assume all duties assigned to the nonparticipating counties under chapters 71.05 and 71.24 RCW on July 1, 1995. Such responsibilities shall include those which would have been assigned to the nonparticipating counties under regional support networks.

The implementation of regional support networks, or the secretary's assumption of all responsibilities under chapters 71.05 and 71.24 RCW, shall be included in all state and federal plans affecting the state mental health program including at least those required by this chapter, the medicaid program, and P.L. 99-660. Nothing in these plans shall be inconsistent with the intent and requirements of this chapter.

(16) By January 1, 1992, the secretary shall provide available resources to regional support networks to operate freestanding evaluation and treatment facilities or for regional support networks to contract with local hospitals to assure access for regional support network patients.

(b) Enter into biennial contracts with regional support networks to begin implementation between January 1, 1990, and March 1, 1990, and complete implementation by June 1995. The contracts shall be consistent with available resources. No contract shall be approved that does not include progress toward meeting the goals of this chapter by taking responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.

(c) By July 1, 1993, allocate one hundred percent of available resources to regional support networks created by January 1, 1990, in a single grant. The grants shall include funds currently provided for all residential services, all services pursuant to chapter 71.05 RCW, and all community support services and shall be distributed in accordance with a formula submitted to the legislature by January 1, 1993, in accordance with subsection (14) of this section.

(d) By January 1, 1990, allocate available resources to regional support networks for community support services, resource management services, and residential services excluding evaluation and treatment facilities provided pursuant to chapter 71.05 RCW in a single grant using the distribution formula established in subsection (14) of this section.

(e) By March 1, 1990, or within sixty days of approval of the contract continuing through July 1, 1993, provide grants as specifically appropriated by the legislature to regional support networks for evaluation and treatment facilities for persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. (f) Notify regional support networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

(g) Deny funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.

(h) Identify in its departmental biennial operating and capital budget requests the funds requested by regional support networks to implement their responsibilities under this chapter.

(i) Contract to provide or, if requested, make grants to counties to provide technical assistance to county authorities or groups of county authorities to develop regional support networks.

(18) The department of social and health services, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the health care and corrections committee of the senate and the human services committee of the house of representatives.

(19) The secretary shall establish a task force to examine the recruitment, training, and compensation of qualified mental health professionals in the community, which shall include the advantages and disadvantages of establishing a training academy, loan forgiveness program, or educational stipends offered in exchange for commitments of employment in mental health. The task force shall report back to the appropriate committees of the legislature by January 1, 1990. 71.24.045 County authority powers and duties. (Effective until July 1, 1995.) The county authority shall:

(1) Submit biennial needs assessments beginning January 1, 1983, and mental health service plans which incorporate all services provided for by the county authority

consistent with state minimum standards and which provide access to treatment for the county's residents including children and other underserved populations who are acutely mentally ill, chronically mentally ill, severely emotionally disturbed, or seriously disturbed. The county program shall provide:

(a) Outpatient services;

(b) Emergency care services for twenty-four hours per day;

(c) Day treatment for mentally ill persons which includes training in basic living and social skills, supported work, vocational rehabilitation, and day activities. Such services may include therapeutic treatment. In the case of a child, day treatment includes age-appropriate basic living and social skills, educational and prevocational services, day activities, and therapeutic treatment;

(d) Screening for patients being considered for admission to state mental health facilities to determine appropriateness of admission;

(e) Employment services, which may include supported employment, transitional work, placement in competitive employment, and other work-related services, that result in mentally ill persons becoming engaged in meaningful and gainful full or part-time work;

(f) Consultation and education services;

(g) Residential and inpatient services, if the county chooses to provide such optional services; and

(h) Community support services.

The county shall develop the biennial needs assessment based on clients to be served, services to be provided, and the cost of those services, and may include input from the public, clients, and licensed service providers. Each county authority may appoint a county mental health advisory board which shall review and provide comments on plans and policies developed by the county authority under this chapter. The composition of the board shall be broadly representative of the demographic character of the county and the mentally ill persons served therein. Length of terms of board members shall be determined by the county authority;

(2) Contract as needed with licensed service providers. The county authority may, in the absence of a licensed service provider entity, become a licensed service provider entity pursuant to minimum standards required for licensing by the department for the purpose of providing services not available from licensed service providers;

(3) Operate as a licensed service provider if it deems that doing so is more efficient and cost effective than contracting for services. When doing so, the county authority shall comply with rules promulgated by the secretary that shall provide measurements to determine when a county provided service is more efficient and cost effective;

(4) Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the county to provide services required by this chapter. The monitoring and audits shall be performed by means of a formal process which insures that the licensed service providers and professionals designated in this subsection meet the terms of their contracts, including the minimum standards of service delivery as established by the department;

(5) Assure that the special needs of minorities, the elderly, disabled, children, and low-income persons are met within the priorities established in this chapter;

(6) Maintain patient tracking information in a central location as required for resource management services;

71.24.045 County authority powers and duties. (Effective July 1, 1995.) The county authority shall:

(1) Contract as needed with licensed service providers. The county authority may, in the absence of a licensed service provider entity, become a licensed service provider entity pursuant to minimum standards required for licensing by the department for the purpose of providing services not available from licensed service providers;

(2) Operate as a licensed service provider if it deems that doing so is more efficient and cost effective than contracting for services. When doing so, the county authority shall comply with rules promulgated by the secretary that shall provide measurements to determine when a county provided service is more efficient and cost effective;

(3) Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the county to provide services required by this chapter. The monitoring and audits shall be performed by means of a formal process which insures that the licensed service providers and professionals designated in this subsection meet the terms of their contracts, including the minimum standards of service delivery as established by the department;

(4) Assure that the special needs of minorities, the elderly, disabled, children, and low-income persons are met within the priorities established in this chapter;

(5) Maintain patient tracking information in a central location as required for resource management services;

(6) Use not more than two percent of state-appropriated community mental health funds, which shall not include federal funds, to administer community mental health programs under RCW 71.24.155: PROVIDED, That county authorities serving a county or combination of counties whose population is one hundred twenty-five thousand or more may be entitled to sufficient state-appropriated community mental health funds to employ up to one full-time employee or the equivalent thereof in addition to the two percent limit established in this subsection when such employee is providing staff services to a county mental health advisory board;

71.24.049 Identification by county authority—Children's mental health services. By January 1, 1987, and each odd-numbered year thereafter, the county authority shall identify: (1) The number of children in each priority group, as defined by this chapter, who are receiving mental health services funded in part or in whole under this chapter, (2) the amount of funds under this chapter used for children's mental health services, (3) an estimate of the number of unserved children in each priority group, and (4) the estimated cost of serving these additional children and their families. [1986 c 274 § 6.]

(1) That each county shall bear a share of the cost of mental health services; and

(2) That the treasurer of one participating county shall be the custodian of funds made available for the purposes of such mental health services, and that the treasurer may make payments from such funds upon audit by the appropriate auditing officer of the county for which he is treasurer. [1982 c 204 § 7; 1967 ex.s. c 111 § 10.]

71.24.110 Joint agreements of county authorities—Permissive provisions. Such agreement for the establishment of a community mental health program may also provide:

(1) For the joint supervision or operation of services and facilities or for the supervision or operation of service and facilities by one participating county under contract for the other participating counties; and

(2) For such other matters as are necessary or proper to effectuate the purposes of this chapter. [1982 c 204 § 8; 1967 ex.s. c 111 § 11.]

71.24.155 Grants to counties—Accounting. Grants shall be made by the department to counties for community mental health programs totaling not less than ninety-five percent of available resources. The department may use up to forty percent of the remaining five percent to provide community demonstration projects, including early intervention or primary prevention programs for children, and the remainder shall be for emergency needs and technical assistance under this chapter. [1989 c 205 § 7; 1982 c 204 § 10; 1967 ex.s. c 111 § 16.]

71.24.200 Expenditures of county funds subject to county fiscal laws. Expenditures of county funds under this chapter shall be subject to the provisions of chapter 36.40 RCW and other statutes relating to expenditures by counties. [1967 ex.s. c 111 § 20.]

71.24.215 Clients to be charged for services. Clients receiving mental health services funded by available resources shall be charged a fee under sliding-scale fee schedules, based on ability to pay, approved by the department. Fees shall not exceed the actual cost of care. [1982 c 204 § 11.]

71.24.220 Reimbursement may be withheld for noncompliance with chapter or regulations. The secretary may withhold state grants in whole or in part for any community mental health program in the event of a failure to comply with this chapter or regulations made by the department pursuant thereto relating to the community mental health program or the administration thereof. [1982 c 204 § 12; 1967 ex.s. c 111 § 22.]

71.24.240 County program plans to be approved by secretary prior to submittal to federal agency. In order to establish eligibility for funding under this chapter, any county or counties seeking to obtain federal funds for the support of any aspect of a community mental health program as defined in this chapter shall submit program plans to the secretary for prior review and approval before such plans are submitted to any federal agency. [1982 c 204 § 13; 1967 ex.s. c 111 § 24.]

71.24.250 County authority may accept and expend gifts and grants. The county authority may accept and expend gifts and grants received from private, county, state, and federal sources. [1982 c 204 § 14; 1967 ex.s. c 111 § 25.]

71.24.260 Waiver of postgraduate educational requirements. The department shall waive postgraduate educational requirements applicable to mental health professionals under this chapter for those persons who have a bachelor's degree and on June 11, 1986:

- (1) Are employed by an agency subject to licensure under this chapter, the community mental health services act, in a capacity involving the treatment of mental illness; and
- (2) Have at least ten years of full-time experience in the treatment of mental illness. [1986 c 274 § 10.]

71.24.300 Regional support networks—Generally. A county authority or a group of county authorities whose combined population is no less than forty thousand may enter into a joint operating agreement to form a regional support network. The roles and responsibilities of county authorities shall be determined by the terms of that agreement and the provisions of law. The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under regional support networks by rule, except to assure that all duties required of regional support networks are assigned and that a single authority has final responsibility for all available resources and performance under the regional support network's contract with the secretary.

(1) Regional support networks shall within three months of recognition submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties by July 1, 1995, instead of those presently assigned to counties under RCW 71.24.045(1):

(a) Administer and provide for the availability of all resource management services, residential services, and community support services.

(b) Administer and provide for the availability of all investigation, transportation, court-related, and other services provided by the state or counties pursuant to chapter 71.05 RCW.

(c) By July 1, 1993, provide within the boundaries of each regional support network evaluation and treatment services for at least eighty-five percent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. Regional support networks with populations of less than one hundred fifty thousand may contract to purchase evaluation and treatment services from other networks. Insofar as the original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide evaluation and treatment services within the boundaries of each regional support network. Such exceptions are limited to contracts with neighboring or contiguous regions. For regional support networks that are created after June 30, 1991, the requirements of (c) of this subsection must be met by July 1, 1995.

(d) By July 1, 1993, administer a portion of funds appropriated by the legislature to house mentally ill persons in state institutions from counties within the boundaries of any regional support network, with the exception of mentally ill offenders, and provide for the care of all persons needing evaluation and treatment services for periods up to seventeen

days according to chapter 71.05 RCW in appropriate residential services, which may include state institutions. The regional support networks shall reimburse the state for use of state institutions at a rate equal to that assumed by the legislature when appropriating funds for such care at state institutions during the biennium when reimbursement occurs. The duty of a state hospital to accept persons for evaluation and treatment under chapter 71.05 RCW is limited by the responsibilities assigned to regional support networks under this section. For regional support networks that are created after June 30, 1991, the requirements of (d) of this subsection must be met by July 1, 1995.

(e) Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, employment services as defined in RCW 71.24.035, and mental health services to children as provided in this chapter.

(f) Establish standards and procedures for reviewing individual service plans and determining when that person may be discharged from resource management services.

(2) Regional support networks shall assume all duties assigned to county authorities by this chapter and chapter 71.05 RCW.

(3) A regional support network may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the mentally ill and which is within the boundaries of a regional support network be made available to support the operations of the regional support network. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

(4) Each regional support network shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter. The composition of the board shall be broadly representative of the demographic character of the region and the mentally ill persons served therein. Length of terms of board members shall be determined by the regional support network.

(5) Regional support networks shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary. Such contracts may include agreements to provide periods of stable community living and work or other day activities for specific chronically mentally ill persons who have completed commitments at state hospitals on ninety-day or one hundred eighty-day civil commitments or who have been residents at state hospitals for no less than one hundred eighty days within the previous year. Periods of stable community living may involve acute care in local evaluation and treatment facilities but may not involve use of state hospitals.

(6) Counties or groups of counties participating in a regional support network are not subject to *RCW 71.24.045(7). The office of financial management shall consider information gathered in studies required in this chapter and information about the experience of other states to propose a mental health services administrative cost lid to the 1993 legislature which shall include administrative costs of licensed service providers, the state psychiatric hospitals and the department.

(7) By November 1, 1991, and as part of each biennial plan thereafter, each regional support network shall establish

and submit to the state, procedures and agreements to assure access to sufficient local evaluation and treatment facilities to meet the requirements of this chapter while reducing short-term admissions to state hospitals. These shall be commitments to construct and operate, or contract for the operation of, freestanding evaluation and treatment facilities or agreements with local evaluation and treatment facilities which shall include (a) required admission and treatment for short-term inpatient care for any person enrolled in community support or residential services, (b) discharge planning procedures, (c) limitations on admissions or transfers to state hospitals, (d) adequate psychiatric supervision, (e) prospective payment methods, and (f) contractual assurances regarding referrals to local evaluation and treatment facilities from regional support networks.

(8) Regional support networks may receive technical assistance from the housing trust fund and may identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the regional support network six-year operating and capital plan, timeline, and budget required by subsection (1) of this section. [1992 c 230 § 6. Prior: 1991 c 295 § 3; 1991 c 262 § 2; 1991 c 29 § 3; 1989 c 205 § 5.]

Intent—1992 c 230: See note following RCW 72.23.025.

71.24.310 Implementation of chapters 71.05 and 71.24 RCW through regional support networks. The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the regional support network defined in RCW 71.24.025. For this reason, the legislature intends that any enhanced program funding for implementation of chapter 71.05 RCW or this chapter, except for funds allocated for implementation of mandatory state-wide programs as required by federal statute, be made available primarily to those counties participating in regional support networks. [1989 c 205 § 6.]

Evaluation of transition to regional systems—1989 c 205: See note following RCW 71.24.015.

71.24.900 Effective date—1967 ex.s. c 111. This act shall take effect on July 1, 1967. [1967 ex.s. c 111 § 26.]

71.24.901 Severability—1982 c 204. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1982 c 204 § 28.]

71.24.902 Construction. Nothing in this chapter shall be construed as prohibiting the secretary from consolidating within the department children's mental health services with other departmental services related to children. [1986 c 274 § 7.]

71.34.010 Purpose—Parental participation in treatment decisions. It is the purpose of this chapter to ensure that minors in need of mental health care and treatment receive an appropriate continuum of culturally relevant care and treatment, from prevention and early intervention to involuntary treatment. To facilitate the continuum of care and treatment to minors in out-of-home placements, all divisions of the department that provide mental health services to minors shall jointly plan and deliver those services.

It is also the purpose of this chapter to protect the rights of minors against needless hospitalization and deprivations of liberty and to enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment. The mental health care and treatment providers shall encourage the use of voluntary services and, whenever clinically appropriate, the providers shall offer less restrictive alternatives to inpatient treatment. Additionally, all mental health care and treatment providers shall ensure that minors' parents are given an opportunity to participate in the treatment decisions for their minor children. The mental health care and treatment providers shall, to the extent possible, offer services that involve minors' parents or family. [1992 c 205 § 302; 1985 c 354 § 1.]

Part headings not law—Severability—1992 c 205: See notes following RCW 13.40.010.

71.34.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Child psychiatrist" means a person having a license as a physician and surgeon in this state, who has had graduate training in child psychiatry in a program approved by the American Medical Association or the American Osteopathic Association, and who is board eligible or board certified in child psychiatry.

(2) "Children's mental health specialist" means:

(a) A mental health professional who has completed a minimum of one hundred actual hours, not quarter or semester hours, of specialized training devoted to the study of child development and the treatment of children; and

(b) A mental health professional who has the equivalent of one year of full-time experience in the treatment of children under the supervision of a children's mental health specialist.

(3) "Commitment" means a determination by a judge or court commissioner, made after a commitment hearing, that the minor is in need of inpatient diagnosis, evaluation, or treatment or that the minor is in need of less restrictive alternative treatment.

(4) "County-designated mental health professional" means a mental health professional designated by one or more counties to perform the functions of a county-designated mental health professional described in this chapter.

(5) "Department" means the department of social and health services.

(6) "Evaluation and treatment facility" means a public or private facility or unit that is certified by the department to provide emergency, inpatient, residential, or outpatient mental health evaluation and treatment services for minors. A physically separate and separately-operated portion of a state hospital may be designated as an evaluation and treatment facility for minors. A facility which is part of or operated by the department or federal agency does not require certification. No correctional institution or facility, juvenile court detention facility, or jail may be an evaluation and treatment facility within the meaning of this chapter.

(7) "Evaluation and treatment program" means the total system of services and facilities coordinated and approved by a county or combination of counties for the evaluation and treatment of minors under this chapter.

(8) "Gravely disabled minor" means a minor who, as a result of a mental disorder, is in danger of serious physical harm resulting from a failure to provide for his or her essential human needs of health or safety, or manifests severe deterioration in routine functioning evidenced by repeated and escalating loss of cognitive or volitional control over his or her actions and is not receiving such care as is essential for his or her health or safety.

(9) "Inpatient treatment" means twenty-four-hour-per-day mental health care provided within a general hospital, psychiatric hospital, or residential treatment facility certified by the department as an evaluation and treatment facility for minors.

(10) "Less restrictive alternative" or "less restrictive setting" means outpatient treatment provided to a minor who is not residing in a facility providing inpatient treatment as defined in this chapter.

(11) "Likelihood of serious harm" means either: (a) A substantial risk that physical harm will be inflicted by an individual upon his or her own person, as evidenced by threats or attempts to commit suicide or inflict physical harm on oneself; (b) a substantial risk that physical harm will be inflicted by an individual upon another, as evidenced by behavior which has caused such harm or which places another person or persons in reasonable fear of sustaining such harm; or (c) a substantial risk that physical harm will be inflicted by an individual upon the property of others, as evidenced by behavior which has caused substantial loss or damage to the property of others.

(12) "Mental disorder" means any organic, mental, or emotional impairment that has substantial adverse effects on an individual's cognitive or volitional functions. The

presence of alcohol abuse, drug abuse, juvenile criminal history, antisocial behavior, or mental retardation alone is insufficient to justify a finding of "mental disorder" within the meaning of this section.

(13) "Mental health professional" means a psychiatrist, psychologist, psychiatric nurse, or social worker, and such other mental health professionals as may be defined by rules adopted by the secretary under this chapter.

(14) "Minor" means any person under the age of eighteen years.

(15) "Outpatient treatment" means any of the nonresidential services mandated under chapter 71.24 RCW and provided by licensed services providers as identified by RCW 71.24.025(3).

(16) "Parent" means:

(a) A biological or adoptive parent who has legal custody of the child, including either parent if custody is shared under a joint custody agreement; or

(b) A person or agency judicially appointed as legal guardian or custodian of the child.

(17) "Professional person in charge" means a physician or other mental health professional empowered by an evaluation and treatment facility with authority to make admission and discharge decisions on behalf of that facility.

(18) "Psychiatric nurse" means a registered nurse who has a bachelor's degree from an accredited college or university, and who has had, in addition, at least two years' experience in the direct treatment of mentally ill or emotionally disturbed persons, such experience gained under the supervision of a mental health professional. "Psychiatric nurse" shall also mean any other registered nurse who has three years of such experience.

(19) "Psychiatrist" means a person having a license as a physician in this state who has completed residency training in psychiatry in a program approved by the American Medical Association or the American Osteopathic Association, and is board eligible or board certified in psychiatry.

(20) "Psychologist" means a person licensed as a psychologist under chapter 18.83 RCW.

(21) "Responsible other" means the minor, the minor's parent or estate, or any other person legally responsible for support of the minor.

(22) "Secretary" means the secretary of the department or secretary's designee.

(23) "Start of initial detention" means the time of arrival of the minor at the first evaluation and treatment facility offering inpatient treatment if the minor is being involuntarily detained at the time. With regard to voluntary patients, "start of initial detention" means the time at which the minor gives notice of intent to leave under the provisions of this chapter. [1985 c 354 § 2.]

71.34.030 Outpatient, inpatient treatment of minors—Voluntary admission—Procedures—Release, exception—Renewal of consent—Review of need for treatment—Discharge, exception. (1) Any minor thirteen years or older may request and receive outpatient treatment without the consent of the minor's parent. Parental authorization is required for outpatient treatment of a minor under the age of thirteen.

(2) When in the judgment of the professional person in charge of an evaluation and treatment facility there is reason to believe that a minor is in need of inpatient treatment because of a mental disorder, and the facility provides the type of evaluation and treatment needed by the minor, and it is not feasible to treat the minor in any less restrictive setting or the minor's home, the minor may be admitted to an evaluation and treatment facility in accordance with the following requirements:

(a) A minor under thirteen years of age may only be admitted on the application of the minor's parent.

(b) A minor thirteen years or older may be voluntarily admitted by application of the parent. Such application must be accompanied by the written consent, knowingly and voluntarily given, of the minor.

(c) A minor thirteen years or older may, with the concurrence of the professional person in charge of an evaluation and treatment facility, admit himself or herself without parental consent to the evaluation and treatment facility, provided that notice is given by the facility to the minor's parent in accordance with the following requirements:

(i) Notice of the minor's admission shall be in the form most likely to reach the parent within twenty-four hours of the minor's voluntary admission and shall advise the parent that the minor has been admitted to inpatient treatment; the location and telephone number of the facility providing such treatment; and the name of a professional person on the staff of the facility providing treatment who is designated to discuss the minor's need for inpatient treatment with the parent.

(ii) The minor shall be released to the parent at the parent's request for release unless the facility files a petition with the superior court of the county in which treatment is being provided setting forth the basis for the facility's belief that the minor is in need of inpatient treatment and that release would constitute a threat to the minor's health or safety.

(iii) The petition shall be signed by the professional person in charge of the facility or that person's designee.

(iv) The parent may apply to the court for separate counsel to represent the parent if the parent cannot afford counsel.

(v) There shall be a hearing on the petition, which shall be held within three judicial days from the filing of the petition.

(vi) The hearing shall be conducted by a judge, court commissioner, or licensed attorney designated by the superior court as a hearing officer for such hearing. The hearing may be held at the treatment facility.

(vii) At such hearing, the facility must demonstrate by a preponderance of the evidence presented at the hearing that the minor is in need of inpatient treatment and that release would constitute a threat to the minor's health or safety. The hearing shall not be conducted using the rules of evidence, and the admission or exclusion of evidence sought to be presented shall be within the exercise of sound discretion by the judicial officer conducting the hearing.

(d) Written renewal of voluntary consent must be obtained from the applicant and the minor thirteen years or older no less than once every twelve months.

(e) The minor's need for continued inpatient treatments shall be reviewed and documented no less than every one hundred eighty days.

(3) A notice of intent to leave shall result in the following:

(a) Any minor under the age of thirteen must be discharged immediately upon written request of the parent.

(b) Any minor thirteen years or older voluntarily admitted may give notice of intent to leave at any time. The notice need not follow any specific form so long as it is written and the intent of the minor can be discerned.

(c) The staff member receiving the notice shall date it immediately, record its existence in the minor's clinical record, and send copies of it to the minor's attorney, if any, the county-designated mental health professional, and the parent.

(d) The professional person in charge of the evaluation and treatment facility shall discharge the minor, thirteen years or older, from the facility within twenty-four hours after receipt of the minor's notice of intent to leave, unless the county-designated mental health professional files a petition for initial detention within the time prescribed by this chapter. [1985 c 354 § 3.]

71.34.040 Evaluation of minor thirteen or older brought for immediate mental health services—Temporary detention.

If a minor, thirteen years or older, is brought to an evaluation and treatment facility or hospital emergency room for immediate mental health services, the professional person in charge of the facility shall evaluate the minor's mental condition, determine whether the minor suffers from a mental disorder, and whether the minor is in need of immediate inpatient treatment. If it is determined that the minor suffers from a mental disorder, inpatient treatment is required, the minor is unwilling to consent to voluntary admission, and the professional person believes that the minor meets the criteria for initial detention set forth herein, the facility may detain or arrange for the detention of the minor for up to twelve hours in order to enable a county-designated mental health professional to evaluate the minor and commence initial detention proceedings under the provisions of this chapter. [1985 c 354 § 4.]

71.34.050 Minor thirteen or older who presents likelihood of serious harm or is gravely disabled—Transport to inpatient facility—Petition for initial detention—Notice of commitment hearing—Facility to evaluate and admit or release minor.

(1) When a county-designated mental health professional receives information that a minor, thirteen years or older, as a result of a mental disorder presents a likelihood of serious harm or is gravely disabled, has investigated the specific facts alleged and of the credibility of the person or persons providing the information, and has determined that voluntary admission for inpatient treatment is not possible, the county-designated mental health professional may take the minor, or cause the minor to be taken, into custody and transported to an evaluation and treatment facility providing inpatient treatment.

(2) Within twelve hours of the minor's arrival at the evaluation and treatment facility, the county-designated

mental health professional shall serve on the minor a copy of the petition for initial detention, notice of initial detention, and statement of rights. The county-designated mental health professional shall file with the court on the next judicial day following the initial detention the original petition for initial detention, notice of initial detention, and statement of rights along with an affidavit of service. The county-designated mental health professional shall commence service of the petition for initial detention and notice of the initial detention on the minor's parent and the minor's attorney as soon as possible following the initial detention.

(3) At the time of initial detention, the county-designated mental health professional shall advise the minor both orally and in writing that if admitted to the evaluation and treatment facility for inpatient treatment, a commitment hearing shall be held within seventy-two hours of the minor's provisional acceptance to determine whether probable cause exists to commit the minor for further mental health treatment.

The minor shall be advised that he or she has a right to communicate immediately with an attorney and that he or she has a right to have an attorney appointed to represent him or her before and at the hearing if the minor is indigent.

(4) Whenever the county designated mental health professional petitions for detention of a minor under this chapter, an evaluation and treatment facility providing seventy-two hour evaluation and treatment must immediately accept on a provisional basis the petition and the person. Within twenty-four hours of the minor's arrival, the facility must evaluate the minor's condition and either admit or release the minor in accordance with this chapter.

(5) If a minor is not approved for admission by the inpatient evaluation and treatment facility, the facility shall make such recommendations and referrals for further care and treatment of the minor as necessary. [1985 c 354 § 5.]

71.34.060 Examination and evaluation of minor approved for inpatient admission—Referral to chemical dependency treatment program—Right to communication, exception—Evaluation and treatment period. (1) Each minor approved by the facility for inpatient admission shall be examined and evaluated by a children's mental health specialist as to the child's mental condition and by a physician as to the child's physical condition within twenty-four hours of admission. Reasonable measures shall be taken to ensure medical treatment is provided for any condition requiring immediate medical attention.

(2) If, after examination and evaluation, the children's mental health specialist and the physician determine that the initial needs of the minor would be better served by placement in a chemical dependency treatment facility, then the minor shall be referred to an approved treatment program defined under RCW 70.96A.020.

(3) The admitting facility shall take reasonable steps to notify immediately the minor's parent of the admission.

(4) During the initial seventy-two hour treatment period, the minor has a right to associate or receive communications from parents or others unless the professional person in charge determines that such communication would be seriously detrimental to the minor's condition or treatment and so indicates in the minor's clinical record, and notifies

the minor's parents of this determination. In no event may the minor be denied the opportunity to consult an attorney.

(5) If the evaluation and treatment facility admits the minor, it may detain the minor for evaluation and treatment for a period not to exceed seventy-two hours from the time of provisional acceptance. The computation of such seventy-two hour period shall exclude Saturdays, Sundays, and holidays. This initial treatment period shall not exceed seventy-two hours except when an application for voluntary inpatient treatment is received or a petition for fourteen-day commitment is filed.

(6) Within twelve hours of the admission, the facility shall advise the minor of his or her rights as set forth in this chapter. [1991 c 364 § 12; 1985 c 354 § 6.]

Findings—Construction—Conflict with federal requirements—1991 c 364: See notes following RCW 70.96A.020.

71.34.070 Petition for fourteen-day commitment—Requirements. (1) The professional person in charge of an evaluation and treatment facility where a minor has been admitted involuntarily for the initial seventy-two hour treatment period under this chapter may petition to have a minor committed to an evaluation and treatment facility for fourteen-day diagnosis, evaluation, and treatment.

(2) A petition for commitment of a minor under this section shall be filed with the superior court in the county where the minor is residing or being detained.

(a) A petition for a fourteen-day commitment shall be signed either by two physicians or by one physician and a mental health professional who have examined the minor and shall contain the following:

(i) The name and address of the petitioner;

(ii) The name of the minor alleged to meet the criteria for fourteen-day commitment;

(iii) The name, telephone number, and address if known of every person believed by the petitioner to be legally responsible for the minor;

(iv) A statement that the petitioner has examined the minor and finds that the minor's condition meets required criteria for fourteen-day commitment and the supporting facts therefor;

(v) A statement that the minor has been advised of the need for voluntary treatment but has been unwilling or unable to consent to necessary treatment;

(vi) A statement recommending the appropriate facility or facilities to provide the necessary treatment; and

(vii) A statement concerning whether a less restrictive alternative to inpatient treatment is in the best interests of the minor.

(b) A copy of the petition shall be personally delivered to the minor by the petitioner or petitioner's designee. A copy of the petition shall be sent to the minor's attorney and the minor's parent. [1985 c 354 § 7.]

71.34.080 Commitment hearing—Requirements—Findings by court—Commitment—Release. (1) A commitment hearing shall be held within seventy-two hours of the minor's admission, excluding Saturday, Sunday, and holidays, unless a continuance is requested by the minor or the minor's attorney.

(2) The commitment hearing shall be conducted at the superior court or an appropriate place at the facility in which the minor is being detained.

(3) At the commitment hearing, the evidence in support of the petition shall be presented by the county prosecutor.

(4) The minor shall be present at the commitment hearing unless the minor, with the assistance of the minor's attorney, waives the right to be present at the hearing.

(5) If the parents are opposed to the petition, they may be represented at the hearing and shall be entitled to court-appointed counsel if they are indigent.

(6) At the commitment hearing, the minor shall have the following rights:

- (a) To be represented by an attorney;
- (b) To present evidence on his or her own behalf;
- (c) To question persons testifying in support of the petition.

(7) If the minor has received medication within twenty-four hours of the hearing, the court shall be informed of that fact and of the probable effects of the medication.

(8) Rules of evidence shall not apply in fourteen-day commitment hearings.

(9) For a fourteen-day commitment, the court must find by a preponderance of the evidence that:

- (a) The minor has a mental disorder and presents a "likelihood of serious harm" or is "gravely disabled";
- (b) The minor is in need of evaluation and treatment of the type provided by the inpatient evaluation and treatment facility to which continued inpatient care is sought or is in need of less restrictive alternative treatment found to be in the best interests of the minor; and
- (c) The minor is unwilling or unable in good faith to consent to voluntary treatment.

(10) If the court finds that the minor meets the criteria for a fourteen-day commitment, the court shall either authorize commitment of the minor for inpatient treatment or for less restrictive alternative treatment upon such conditions as are necessary. If the court determines that the minor does not meet the criteria for a fourteen-day commitment, the minor shall be released.

(11) Nothing in this section prohibits the professional person in charge of the evaluation and treatment facility from releasing the minor at any time, when, in the opinion of the professional person in charge of the facility, further inpatient treatment is no longer necessary. The release may be subject to reasonable conditions if appropriate.

Whenever a minor is released under this section, the professional person in charge shall within three days, notify the court in writing of the release.

(12) A minor who has been committed for fourteen days shall be released at the end of that period unless a petition for one hundred eighty-day commitment is pending before the court. [1985 c 354 § 8.]

71.34.090 Petition for one hundred eighty-day commitment—Hearing—Requirements—Findings by court—Commitment order—Release—Successive commitments. (1) At any time during the minor's period of fourteen-day commitment, the professional person in charge may petition the court for an order requiring the minor to undergo an additional one hundred eighty-day period of

treatment. The evidence in support of the petition shall be presented by the county prosecutor unless the petition is filed by the professional person in charge of a state-operated facility in which case the evidence shall be presented by the attorney general.

(2) The petition for one hundred eighty-day commitment shall contain the following:

- (a) The name and address of the petitioner or petitioners;
- (b) The name of the minor alleged to meet the criteria for one hundred eighty-day commitment;
- (c) A statement that the petitioner is the professional person in charge of the evaluation and treatment facility responsible for the treatment of the minor;
- (d) The date of the fourteen-day commitment order; and
- (e) A summary of the facts supporting the petition.

(3) The petition shall be supported by accompanying affidavits signed by two examining physicians, one of whom shall be a child psychiatrist, or by one examining physician and one children's mental health specialist. The affidavits shall describe in detail the behavior of the detained minor which supports the petition and shall state whether a less restrictive alternative to inpatient treatment is in the best interests of the minor.

(4) The petition for one hundred eighty-day commitment shall be filed with the clerk of the court at least three days before the expiration of the fourteen-day commitment period. The petitioner or the petitioner's designee shall within twenty-four hours of filing serve a copy of the petition on the minor and notify the minor's attorney and the minor's parent. A copy of the petition shall be provided to such persons at least twenty-four hours prior to the hearing.

(5) At the time of filing, the court shall set a date within seven days for the hearing on the petition. The court may continue the hearing upon the written request of the minor or the minor's attorney for not more than ten days. The minor or the parents shall be afforded the same rights as in a fourteen-day commitment hearing. Treatment of the minor shall continue pending the proceeding.

(6) For one hundred eighty-day commitment, the court must find by clear, cogent, and convincing evidence that the minor:

- (a) Is suffering from a mental disorder;
- (b) Presents a likelihood of serious harm or is gravely disabled; and
- (c) Is in need of further treatment that only can be provided in a one hundred eighty-day commitment.

(7) If the court finds that the criteria for commitment are met and that less restrictive treatment in a community setting is not appropriate or available, the court shall order the minor committed for further inpatient treatment to the custody of the secretary or to a private treatment and evaluation facility if the minor's parents have assumed responsibility for payment for the treatment. If the court finds that a less restrictive alternative is in the best interest of the minor, the court shall order less restrictive alternative treatment upon such conditions as necessary.

If the court determines that the minor does not meet the criteria for one hundred eighty-day commitment, the minor shall be released.

(8) Successive one hundred eighty-day commitments are permissible on the same grounds and under the same

procedures as the original one hundred eighty-day commitment. Such petitions shall be filed at least five days prior to the expiration of the previous one hundred eighty-day commitment order. [1985 c 354 § 9.]

71.34.100 Placement of minor in state evaluation and treatment facility—Placement committee—Facility to report to committee. (1) If a minor is committed for one hundred eighty-day inpatient treatment and is to be placed in a state-supported program, the secretary shall accept immediately and place the minor in a state-funded long-term evaluation and treatment facility.

(2) The secretary's placement authority shall be exercised through a designated placement committee appointed by the secretary and composed of children's mental health specialists, including at least one child psychiatrist who represents the state-funded, long-term, evaluation and treatment facility for minors. The responsibility of the placement committee will be to:

(a) Make the long-term placement of the minor in the most appropriate, available state-funded evaluation and treatment facility, having carefully considered factors including the treatment needs of the minor, the most appropriate facility able to respond to the minor's identified treatment needs, the geographic proximity of the facility to the minor's family, the immediate availability of bed space, and the probable impact of the placement on other residents of the facility;

(b) Approve or deny requests from treatment facilities for transfer of a minor to another facility;

(c) Receive and monitor reports required under this section;

(d) Receive and monitor reports of all discharges.

(3) The secretary may authorize transfer of minors among treatment facilities if the transfer is in the best interests of the minor or due to treatment priorities.

(4) The responsible state-funded evaluation and treatment facility shall submit a report to the department's designated placement committee within ninety days of admission and no less than every one hundred eighty days thereafter, setting forth such facts as the department requires, including the minor's individual treatment plan and progress, recommendations for future treatment, and possible less restrictive treatment. [1985 c 354 § 10.]

71.34.110 Minor's failure to adhere to outpatient conditions—Deterioration of minor's functioning—Transport to inpatient facility—Order of apprehension and detention—Revocation of alternative treatment or conditional release—Hearings. (1) If the professional person in charge of an outpatient treatment program, a county-designated mental health professional, or the secretary determines that a minor is failing to adhere to the conditions of the court order for less restrictive alternative treatment or the conditions for the conditional release, or that substantial deterioration in the minor's functioning has occurred, the county-designated mental health professional, or the secretary may order that the minor be taken into custody and transported to an inpatient evaluation and treatment facility.

(2) The county-designated mental health professional or the secretary shall file the order of apprehension and

detention and serve it upon the minor and notify the minor's parent and the minor's attorney, if any, of the detention within two days of return. At the time of service the minor shall be informed of the right to a hearing and to representation by an attorney. The county-designated mental health professional or the secretary may modify or rescind the order of apprehension and detention at any time prior to the hearing.

(3) A petition for revocation of less restrictive alternative treatment shall be filed by the county-designated mental health professional or the secretary with the court in the county ordering the less restrictive alternative treatment. The court shall conduct the hearing in that county. A petition for revocation of conditional release may be filed with the court in the county ordering inpatient treatment or the county where the minor on conditional release is residing. A petition shall describe the behavior of the minor indicating violation of the conditions or deterioration of routine functioning and a dispositional recommendation. Upon motion for good cause, the hearing may be transferred to the county of the minor's residence or to the county in which the alleged violations occurred. The hearing shall be held within seven days of the minor's return. The issues to be determined are whether the minor did or did not adhere to the conditions of the less restrictive alternative treatment or conditional release, or whether the minor's routine functioning has substantially deteriorated, and, if so, whether the conditions of less restrictive alternative treatment or conditional release should be modified or whether the minor should be returned to inpatient treatment. Pursuant to the determination of the court, the minor shall be returned to less restrictive alternative treatment or conditional release on the same or modified conditions or shall be returned to inpatient treatment. If the minor is returned to inpatient treatment, RCW 71.34.100 regarding the secretary's placement responsibility shall apply. The hearing may be waived by the minor and the minor returned to inpatient treatment or to less restrictive alternative treatment or conditional release on the same or modified conditions. [1985 c 354 § 11.]

71.34.120 Release of minor—Conditional release—Discharge. (1) The professional person in charge of the inpatient treatment facility may authorize release for the minor under such conditions as appropriate. Conditional release may be revoked pursuant to RCW 71.34.110 if leave conditions are not met or the minor's functioning substantially deteriorates.

(2) Minors may be discharged prior to expiration of the commitment period if the treating physician or professional person in charge concludes that the minor no longer meets commitment criteria. [1985 c 354 § 12.]

71.34.130 Liability for costs of minor's treatment and care—Rules. (1) A minor receiving treatment under the provisions of this chapter and responsible others shall be liable for the costs of treatment, care, and transportation to the extent of available resources and ability to pay.

(2) The secretary shall establish rules to implement this section and to define income, resources, and exemptions to

determine the responsible person's or persons' ability to pay. [1985 c 354 § 13.]

71.34.140 Responsibility of counties for evaluation and treatment services for minors. (1) The county or combination of counties is responsible for development and coordination of the evaluation and treatment program for minors, for incorporating the program into the county mental health plan, and for coordination of evaluation and treatment services and resources with the community mental health program required under chapter 71.24 RCW.

(2) The county shall be responsible for maintaining its support of involuntary treatment services for minors at its 1984 level, adjusted for inflation, with the department responsible for additional costs to the county resulting from this chapter. [1985 c 354 § 14.]

71.34.150 Transportation for minors committed to state facility for one hundred eighty-day treatment. Necessary transportation for minors committed to the secretary under this chapter for one hundred eighty-day treatment shall be provided by the department in the most appropriate and cost-effective means. [1985 c 354 § 15.]

71.34.160 Rights of minors undergoing treatment—Posting. Absent a risk to self or others, minors treated under this chapter have the following rights, which shall be prominently posted in the evaluation and treatment facility:

(3) To have individual storage space for private use;

(4) To have visitors at reasonable times;

(8) To have the right to adequate care and individualized treatment;

(9) Not to consent to the performance of electroconvulsive treatment or surgery, except emergency life-saving surgery, upon him or her, and not to have electroconvulsive treatment or nonemergency surgery in such circumstance unless ordered by a court pursuant to a judicial hearing in which the minor is present and represented by counsel, and the court shall appoint a psychiatrist, psychologist, or physician designated by the minor or the minor's counsel to testify on behalf of the minor. The minor's parent may exercise this right on the minor's behalf, and must be informed of any impending treatment;

(10) Not to have psychosurgery performed on him or her under any circumstances. [1985 c 354 § 16.]

71.34.170 Release of minor—Requirements. (1) If a minor is not accepted for admission or is released by an inpatient evaluation and treatment facility, the facility shall

release the minor to the custody of the minor's parent or other responsible person. If not otherwise available, the facility shall furnish transportation for the minor to the minor's residence or other appropriate place.

(2) If the minor is released to someone other than the minor's parent, the facility shall make every effort to notify the minor's parent of the release as soon as possible.

(3) No indigent minor may be released to less restrictive alternative treatment or setting or discharged from inpatient treatment without suitable clothing, and the department shall furnish this clothing. As funds are available, the secretary may provide necessary funds for the immediate welfare of indigent minors upon discharge or release to less restrictive alternative treatment. [1985 c 354 § 17.]

71.34.180 Transferring or moving persons from juvenile correctional institutions or facilities to evaluation and treatment facilities. When in the judgment of the department the welfare of any person committed to or confined in any state juvenile correctional institution or facility necessitates that the person be transferred or moved for observation, diagnosis, or treatment to an evaluation and treatment facility, the secretary or the secretary's designee is authorized to order and effect such move or transfer for a period of up to fourteen days, provided that the secretary notifies the original committing court of the transfer and the evaluation and treatment facility is in agreement with the transfer. No person committed to or confined in any state juvenile correctional institution or facility may be transferred to an evaluation and treatment facility for more than fourteen days unless that person has been admitted as a voluntary patient or committed for one hundred eighty-day treatment under this chapter or ninety-day treatment under chapter 71.05 RCW if eighteen years of age or older. Underlying jurisdiction of minors transferred or committed under this section remains with the state correctional institution. A voluntary admitted minor or minors committed under this section and no longer meeting the criteria for one hundred eighty-day commitment shall be returned to the state correctional institution to serve the remaining time of the underlying dispositional order or sentence. The time spent by the minor at the evaluation and treatment facility shall be credited towards the minor's juvenile court sentence. [1985 c 354 § 19.]

71.34.190 No detention of minors after eighteenth birthday—Exceptions. No minor received as a voluntary patient or committed under this chapter may be detained after his or her eighteenth birthday unless the person, upon reaching eighteen years of age, has applied for admission to an appropriate evaluation and treatment facility or unless involuntary commitment proceedings under chapter 71.05 RCW have been initiated: PROVIDED, That a minor may be detained after his or her eighteenth birthday for purposes of completing the fourteen-day diagnosis, evaluation, and treatment. [1985 c 354 § 20.]

The officers are obligated to keep the information confidential in accordance with this chapter;

(10) To the secretary for assistance in data collection and program evaluation or research, provided that the secretary adopts rules for the conduct of such evaluation and research. The rules shall include, but need not be limited to, the requirement that all evaluators and researchers sign an oath of confidentiality substantially as follows:

be made by the professional person in charge of the public or private agency or his or her designee and shall include the dates of admission, discharge, authorized or unauthorized absence from the agency's facility, and only such other information that is pertinent to the threat or harassment. 71A.10.010 Legislative finding—Intent—1988 c 176.

The legislature finds that the statutory authority for the programs, policies, and services of the department of social and health services for persons with developmental disabilities often lack[s] clarity and contain[s] internal inconsistencies. In addition, existing authority is in several chapters of the code and frequently contains obsolete language not reflecting current use. The legislature declares that it is in the public interest to unify and update statutes for programs, policies, and services provided to persons with developmental disabilities.

The legislature intends to recodify the authority for the programs, policies, and services for persons with developmental disabilities. This recodification is not intended to affect existing programs, policies, and services, nor to establish any new program, policies, or services not otherwise authorized before June 9, 1988. The legislature intends to provide only those services authorized under state law before June 9, 1988, and only to the extent funds are provided by the legislature. [1988 c 176 § 1.]

71A.10.015 Declaration of policy. The legislature recognizes the capacity of all persons, including those with

developmental disabilities, to be personally and socially productive. The legislature further recognizes the state's obligation to provide aid to persons with developmental disabilities through a uniform, coordinated system of services to enable them to achieve a greater measure of independence and fulfillment and to enjoy all rights and privileges under the Constitution and laws of the United States and the state of Washington. [1988 c 176 § 101.]

71A.10.020 Definitions. As used in this title, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Department" means the department of social and health services.

(2) "Developmental disability" means a disability attributable to mental retardation, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to mental retardation or to require treatment similar to that required for individuals with mental retardation, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial handicap to the individual. By January 1, 1989, the department shall promulgate rules which define neurological or other conditions in a way that is not limited to intelligence quotient scores as the sole determinate [determinant] of these conditions, and notify the legislature of this action.

(3) "Eligible person" means a person who has been found by the secretary under RCW 71A.16.040 to be eligible for services.

(4) "Habilitative services" means those services provided by program personnel to assist persons in acquiring and maintaining life skills and to raise their levels of physical, mental, social, and vocational functioning. Habilitative services include education, training for employment, and therapy.

(5) "Legal representative" means a parent of a person who is under eighteen years of age, a person's legal guardian, a person's limited guardian when the subject matter is within the scope of the limited guardianship, a person's attorney at law, a person's attorney in fact, or any other person who is authorized by law to act for another person.

(6) "Notice" or "notification" of an action of the secretary means notice in compliance with RCW 71A.10.060.

(7) "Residential habilitation center" means a state-operated facility for persons with developmental disabilities governed by chapter 71A.20 RCW.

(8) "Secretary" means the secretary of social and health services or the secretary's designee.

(9) "Service" or "services" means services provided by state or local government to carry out this title. [1988 c 176 § 102.]

71A.10.030 Civil and parental rights not affected.

(1) The existence of developmental disabilities does not affect the civil rights of the person with the developmental disability except as otherwise provided by law.

(2) The secretary's determination under RCW 71A.16.040 that a person is eligible for services under this title shall not deprive the person of any civil rights or privileges. The secretary's determination alone shall not constitute cause to declare the person to be legally incompetent.

(3) This title shall not be construed to deprive the parent or parents of any parental rights with relation to a child residing in a residential habilitation center, except as provided in this title for the orderly operation of such residential habilitation centers. [1988 c 176 § 103.]

71A.10.040 Protection from discrimination. Persons are protected from discrimination because of a developmental disability as well as other mental or physical handicaps by the law against discrimination, chapter 49.60 RCW, by other state and federal statutes, rules, and regulations, and by local ordinances, when the persons qualify as handicapped under those statutes, rules, regulations, and ordinances. [1988 c 176 § 104.]

71A.10.050 Appeals—Right to. (1) An applicant or recipient or former recipient of a developmental disabilities service under this title from the department of social and health services has the right to appeal the following department actions:

- (a) A denial of an application for eligibility under RCW 71A.16.040;
- (b) An unreasonable delay in acting on an application for eligibility, for a service, or for an alternative service under RCW 71A.18.040;
- (c) A denial, reduction, or termination of a service;
- (d) A claim that the person owes a debt to the state for an overpayment;
- (e) A disagreement with an action of the secretary under RCW 71A.10.060 or 71A.10.070;
- (f) A decision to return a resident of an [a] habilitation center to the community; and
- (g) A decision to change a person's placement from one category of residential services to a different category of residential services.

The adjudicative proceeding is governed by the Administrative Procedure Act, chapter 34.05 RCW.

(2) This subsection applies only to an adjudicative proceeding in which the department action appealed is a decision to return a resident of a habilitation center to the community. The resident or his or her representative may appeal on the basis of whether the specific placement decision is in the best interests of the resident. When the resident or his or her representative files an application for an adjudicative proceeding under this section the department has the burden of proving that the specific placement decision is in the best interests of the resident.

(3) When the department takes any action described in subsection (1) of this section it shall give notice as provided by RCW 71A.10.060. The notice must include a statement advising the recipient of the right to an adjudicative proceeding and the time limits for filing an application for an adjudicative proceeding. Notice of a decision to return a resident of a habilitation center to the community under RCW 71A.20.080 must also include a statement advising the recipient of the right to file a petition for judicial review of an adverse adjudicative order as provided in chapter 34.05 RCW. [1989 c 175 § 138; 1988 c 176 § 105.]

Effective date—1989 c 175: See note following RCW 34.05.010.

71A.10.060 Notice by secretary. - (e) A person who is not an employee of the department or of a person who contracts with the department under this title who, in the opinion of the secretary, will be concerned with the welfare of the person.

(2) Notice to a person with a developmental disability shall be given in a way that the person is best able to understand. This can include reading or explaining the materials to the person.

(3) A person with a developmental disability may in writing request the secretary to give notice only to that person. The secretary shall comply with that direction unless the secretary denies the request because the person may be at risk of losing rights if the secretary complies with the request. The secretary shall give notice as provided in subsections (1) and (2) of this section. On filing an application with the secretary within thirty days of receipt of the notice, the person who made the request has the right to an adjudicative proceeding under RCW 71A.10.050 on the secretary's decision.

(4) The giving of notice to a person under this title does not empower the person who is given notice to take any action or give any consent. [1989 c 175 § 139; 1988 c 176 § 106.]

Effective date—1989 c 175: See note following RCW 34.05.010.

(e) Any other person who is not an employee of the department or of a person who contracts with the department under this title who, in the opinion of the secretary, will be concerned with the welfare of the person.

(2) A person with a developmental disability may in writing request the secretary to consult only with that person. The secretary shall comply with that direction unless the secretary denies the request because the person may be at risk of losing rights if the secretary complies with the request. The secretary shall give notice as provided in RCW 71A.10.060 when a request is denied. On filing an application with the secretary within thirty days of receipt of the notice, the person who made the request has the right to an adjudicative proceeding under RCW 71A.10.050 on the secretary's decision.

(3) Consultation with a person under this section does not authorize the person who is consulted to take any action or give any consent. [1989 c 175 § 140; 1988 c 176 § 107.]

Effective date—1989 c 175: See note following RCW 34.05.010.

Secs. 6000-6083 (1975), (as amended). The designated agency shall have the authority to pursue legal, administrative, and other appropriate remedies to protect the rights of the developmentally disabled and to investigate allegations of abuse and neglect. The designated agency shall be independent of any state agency that provides treatment or services other than advocacy services to persons with developmental disabilities.

(2) The agency designated under subsection (1) of this section shall implement a program for the protection and advocacy of the rights of mentally ill persons pursuant to the protection and advocacy for mentally ill individuals act of 1986, 100 Stat. 478; 42 U.S.C. Secs. 10801-10851 (1986), (as amended). The designated agency shall have the authority to pursue legal, administrative, and other appropriate remedies to protect the rights of mentally ill persons and to investigate allegations of abuse or neglect of mentally ill persons. The designated agency shall be independent of any state agency that provides treatment or services other than advocacy services to mentally ill persons.

(3) The governor shall designate an appropriate state official to serve as liaison between the agency designated to

71A.10.901 Saving—1988 c 176. The repeals made by sections 1005 through 1007, chapter 176, Laws of 1988, shall not be construed as affecting any existing right, status, or eligibility for services acquired under the provisions of the statutes repealed, nor as affecting the validity of any rule or order promulgated under the prior statutes, nor as affecting the status of any person appointed or employed under the prior statutes. 71A.12.150 Contracts with United States and other states for developmental disability services.

71A.12.010 State and local program—Coordination—Continuum. It is declared to be the policy of the state to authorize the secretary to develop and coordinate state services for persons with developmental disabilities; to encourage research and staff training for state and local personnel working with persons with developmental disabilities; and to cooperate with communities to encourage the establishment and development of services to persons with developmental disabilities through locally administered and locally controlled programs.

The complexities of developmental disabilities require the services of many state departments as well as those of the community. Services should be planned and provided as a part of a continuum. A pattern of facilities and services should be established, within appropriations designated for this purpose, which is sufficiently complete to meet the needs of each person with a developmental disability regardless of age or degree of handicap, and at each stage of the person's development. [1988 c 176 § 201.]

71A.12.020 Objectives of program. (1) To the extent that state, federal, or other funds designated for services to persons with developmental disabilities are available, the secretary shall provide every eligible person with habilitative services suited to the person's needs, regardless of age or degree of developmental disability.

(2) The secretary shall provide persons who receive services with the opportunity for integration with nonhandicapped and less handicapped persons to the greatest extent possible.

(3) The secretary shall establish minimum standards for habilitative services. Consumers, advocates, service providers, appropriate professionals, and local government agencies shall be involved in the development of the standards. [1988 c 176 § 202.]

71A.12.030 General authority of secretary. The secretary is authorized to provide, or arrange with others to provide, all services and facilities that are necessary or appropriate to accomplish the purposes of this title, and to take all actions that are necessary or appropriate to accomplish the purposes of this title. 71A.12.050 Payments for nonresidential services. The secretary may make payments for nonresidential services which exceed the cost of caring for an average individual at home, and which are reasonably necessary for the care, treatment, maintenance, support, and training of persons with developmental disabilities, upon application pursuant to RCW 71A.18.050. The secretary shall adopt rules determining the extent and type of care and training for which the department will pay all or a portion of the costs. [1988 c 176 § 205.]

71A.12.060 Payment authorized for residents in community residential programs. The secretary is authorized to pay for all or a portion of the costs of care, support, and training of residents of a residential habilitation center who are placed in community residential programs under this section and RCW 71A.12.070 and 71A.12.080. [1988 c 176 § 206.]

71A.12.070 Payments under RCW 71A.12.060 supplemental to payments from other resources—Direct payments. All payments made by the secretary under RCW 71A.12.060 shall, insofar as reasonably possible, be supplementary to payments to be made for the costs of care, support, and training in a community residential program by the estate of such resident of the residential habilitation center, or from any resource which such resident may have, or become entitled to, from any public, federal, or state agency. Payments by the secretary under this title may, in the secretary's discretion, be paid directly to community residential programs, or to counties having created developmental disability boards under chapter 71A.14 RCW. [1988 c 176 § 207.]

71A.12.080 Rules. (1) The secretary shall adopt rules concerning the eligibility of residents of residential habilitation centers for placement in community residential programs under this title; determination of ability of such persons or their estates to pay all or a portion of the cost of care, support, and training; the manner and method of licensing or certification and inspection and approval of such community residential programs for placement under this title; and procedures for the payment of costs of care, maintenance, and training in community residential programs. (2) Designated state agencies may apply for and accept and disburse federal grants, matching funds, or other funds or gifts or donations from any source available for use by the state or by local government to provide more adequate services for and habilitation of persons with developmental disabilities. [1988 c 176 § 212.]

71A.12.130 Gifts—Acceptance, use, record. In the absence of a specified pur-

pose, the secretary shall use such money or personal property for the general benefit of persons with developmental disabilities. The secretary shall keep an accurate record of the amount or kind of gift, the date received, manner expended, and the name and address of the donor. Any increase resulting from such gift may be used for the same purpose as the original gift. [1988 c 176 § 213.]

71A.12.140 Duties of state agencies generally. Each state agency that administers federal or state funds for services to persons with developmental disabilities, or for research or staff training in the field of developmental disabilities, shall:

(1) Investigate and determine the nature and extent of services within its legal authority that are presently available to persons with developmental disabilities in this state;

(2) Develop and prepare any state plan or application which may be necessary to establish the eligibility of the state or any community to participate in any program established by the federal government relating to persons with developmental disabilities;

[1988 c 176 § 501.]

71A.18.020 When services delivered. The secretary may provide a service to a person eligible under this title if funds are available. If there is an individual service plan, the secretary shall consider the need for services as provided in that plan. [1988 c 176 § 601.]

71A.18.030 Rejection of service. An eligible person or the person's legal representative may reject an authorized service. (b) The alternative service is appropriate under the goals and objectives of the person's individual service plan;

(c) The alternative service is not in violation of applicable state and federal law; and

(d) The service can reasonably be made available.

(3) If the requested alternative service meets all of the criteria of subsection (2) of this section, the service shall be authorized as soon as reasonable, but not later than one hundred twenty days after completion of the determination process, unless the secretary determines that:

(c) Providing alternative service would take precedence over other priorities for delivery of service.

(4) The secretary shall give notice as provided in RCW 71A.10.060 of the grant of a request for a change of service. The secretary shall give notice as provided in RCW 71A.10.060 of denial of a request for change of service and of the right to an adjudicative proceeding.

(6) If the secretary determines that current appropriations are sufficient to deliver additional services without reducing services to persons who are presently receiving services, the secretary is authorized to give persons notice under RCW 71A.10.060 that they may request the services as new services or as changes of services under this section. [1989 c 175 § 142; 1988 c 176 § 603.]

(2) The discontinuance of a service under this section does not affect the person's eligibility for services. Other services may be provided or the same service may be restored when it is again available or when it is again needed.

(3) Except when the service is discontinued at the request of the person receiving the service or that person's

legal representative, the secretary shall give notice as required in RCW 71A.10.060. [1988 c 176 § 604.]

The department of social and health services shall periodically evaluate at reasonable intervals the adjustment of the resident to the specific placement to determine whether the resident should be continued in the placement or returned to the institution or given a different placement. [1989 c 175 § 143; 1988 c 176 § 708.]

Effective date—1989 c 175: See note following RCW 34.05.010.

71A.20.090 Secretary to determine capacity of residential quarters. The secretary shall determine by the application of proper criteria the maximum number of persons to reside in the residential quarters of each residential habilitation center. The secretary in authorizing service at a residential habilitation center shall not exceed the maximum population for the residential habilitation center unless the secretary makes a written finding of reasons for exceeding the rated capacity. [1988 c 176 § 709.]

71A.20.100 Personal property of resident—Secretary as custodian—Limitations—Judicial proceedings to recover. The secretary shall serve as custodian without compensation of personal property of a resident of a residential habilitation center that is located at the residential habilitation center, including moneys deposited with the secretary for the benefit of the resident. As custodian, the secretary shall have authority to disburse moneys from the resident's fund for the following purposes and subject to the following limitations:

(1) Subject to specific instructions by a donor of money to the secretary for the benefit of a resident, the secretary may disburse any of the funds belonging to a resident for such personal needs of the resident as the secretary may deem proper and necessary.

(2) The secretary may pay to the department as reimbursement for the costs of care, support, maintenance,

treatment, hospitalization, medical care, and habilitation of a resident from the resident's fund when such fund exceeds a sum as established by rule of the department, to the extent of any notice and finding of financial responsibility served upon the secretary after such findings shall have become final. If the resident does not have a guardian, parent, spouse, or other person acting in a representative capacity, upon whom notice and findings of financial responsibility have been served, then the secretary shall not make payments to the department as provided in this subsection, until a guardian has been appointed by the court, and the time for the appeal of findings of financial responsibility as provided in RCW 43.20B.430 shall not commence to run until the appointment of such guardian and the service upon the guardian of notice and findings of financial responsibility.

(3) When services to a person are changed from a residential center to another setting, the secretary shall deliver to the person, or to the parent, guardian, or agency legally responsible for the person, all or such portion of the funds of which the secretary is custodian as defined in this section, or other property belonging to the person, as the secretary may deem necessary to the person's welfare, and the secretary may deliver to the person such additional property or funds belonging to the person as the secretary may from time to time deem proper, so long as the person continues to receive service under this title. When the resident no longer receives any services under this title, the secretary shall deliver to the person, or to the parent, person, or agency legally responsible for the person, all funds or other property belonging to the person remaining in the secretary's possession as custodian.

(4) All funds held by the secretary as custodian may be deposited in a single fund, the receipts and expenditures from the fund to be accurately accounted for by the secretary. All interest accruing from, or as a result of the deposit of such moneys in a single fund shall be credited to the personal accounts of the residents. All expenditures under this section shall be subject to the duty of accounting provided for in this section.

(5) The appointment of a guardian for the estate of a resident shall terminate the secretary's authority as custodian of any funds of the resident which may be subject to the control of the guardianship, upon receipt by the secretary of a certified copy of letters of guardianship. Upon the guardian's request, the secretary shall immediately forward to the guardian any funds subject to the control of the guardianship or other property of the resident remaining in the secretary's possession, together with a full and final accounting of all receipts and expenditures made.

(6) Upon receipt of a written request from the secretary stating that a designated individual is a resident of the residential habilitation center and that such resident has no legally appointed guardian of his or her estate, any person, bank, corporation, or agency having possession of any money, bank accounts, or choses in action owned by such resident, shall, if the amount does not exceed two hundred dollars, deliver the same to the secretary as custodian and mail written notice of the delivery to such resident at the residential habilitation center. The receipt by the secretary shall constitute full and complete acquittance for such payment and the person, bank, corporation, or agency making such payment shall not be liable to the resident or

his or her legal representative. All funds so received by the secretary shall be duly deposited by the secretary as custodian in the resident's fund to the personal account of the resident. If any proceeding is brought in any court to recover property so delivered, the attorney general shall defend the lawsuit without cost to the person, bank, corporation, or agency that delivered the property to the secretary, and the state shall indemnify such person, bank, corporation, or agency against any judgment rendered as a result of such proceeding. [1988 c 176 § 710.]

71A.20.110 Clothing for residents—Cost. When clothing for a resident of a residential habilitation center is not otherwise provided, the secretary shall provide a resident with suitable clothing, the actual cost of which shall be a charge against the parents, guardian, or estate of the resident. If such parent or guardian is unable to provide or pay for the clothing, or the estate of the resident is insufficient to provide or pay for the clothing, the clothing shall be provided by the state. [1988 c 176 § 711.]

71A.20.120 Financial responsibility. The subject of financial responsibility for the provision of services to persons in residential habilitation centers is covered by RCW 43.20B.410 through 43.20B.455. [1988 c 176 § 712.]

71A.20.130 Death of resident, payment of funeral expenses—Limitation. Upon the death of a resident of a residential habilitation center, the secretary may supplement such funds as were in the resident's account at the time of the person's death to provide funeral and burial expense for the deceased resident. These expenses shall not exceed funeral and burial expenses allowed under RCW 74.08.120. [1988 c 176 § 713.]

71A.20.140 Resident desiring to leave center—Authority to hold resident limited. (1) If a resident of a residential habilitation center desires to leave the center and the secretary believes that departures may be harmful to the resident, the secretary may hold the resident at the residential habilitation center for a period not to exceed forty-eight hours in order to consult with the person's legal representative as provided in RCW 71A.10.070 as to the best interests of the resident.

(2) The secretary shall adopt rules to provide for the application of subsection (1) of this section in a manner that protects the constitutional rights of the resident.

(3) Neither the secretary nor any person taking action under this section shall be civilly or criminally liable for performing duties under this section if such duties were performed in good faith and without gross negligence. [1988 c 176 § 714.]

71A.20.150 Admission to residential habilitation center for observation. Without committing the department to continued provision of service, the secretary may admit a person eligible for services under this chapter to a residential habilitation center for a period not to exceed thirty days for observation prior to determination of needed services, where such observation is necessary to determine the extent and necessity of services to be provided. [1988 c 176 § 715.]

71A.20.800 Chapter to be liberally construed. The provisions of this chapter shall be liberally construed to accomplish its purposes. [1988 c 176 § 716.]

72.02.045 Superintendent's authority. The superintendent of each institution has the powers, duties, and responsibilities specified in this section.

(1) Subject to the rules of the department, the superintendent is responsible for the supervision and management of the institution, the grounds and buildings, the subordinate officers and employees, and the prisoners committed, admitted, or transferred to the institution.

(2) Subject to the rules of the department and the director of the division of prisons or his or her designee and the state personnel board, the superintendent shall appoint all subordinate officers and employees.

(3) The superintendent shall be the custodian of all funds and valuable personal property of convicted persons as may be in their possession upon admission to the institution, or which may be sent or brought in to such persons, or earned by them while in custody, or which shall be forwarded to the superintendent on behalf of convicted persons. All such funds shall be deposited in the personal account of the convicted person and the superintendent shall have authority to disburse moneys from such person's personal account for the personal and incidental needs of the convicted person as may be deemed reasonably necessary. When convicted persons are released from the confines of the institution either on parole, transfer, or discharge, all funds and valuable personal property in the possession of the superintendent belonging to such convicted persons shall be delivered to them. In no case shall the state of Washington, or any state officer, including state elected officials, employees, or volunteers, be liable for the loss of such personal property, except upon a showing that the loss was occasioned by the intentional act, gross negligence, or negligence of the officer, official, employee, or volunteer, and that the actions or omissions occurred while the person was performing, or in

Recovery of damages for loss of personal property while in the custody of the superintendent under this subsection shall be limited to the lesser of the market value of the item lost at the time of the loss, or the original purchase price of the item or, in the case of hand-made goods, the materials used in fabricating the item.

72.02.055 Appointment of associate superintendents.

The superintendent, subject to the approval of the director of the division of prisons and the secretary, shall appoint such associate superintendents as shall be deemed necessary, who shall have such qualifications as shall be determined by the secretary. In the event the superintendent is absent from the institution, or during periods of illness or other situations incapacitating the superintendent from properly performing his or her duties, one of the associate superintendents of such institution as may be designated by the director of the division of prisons and the secretary shall act as superintendent. 72.02.100 Earnings, clothing, transportation and subsistence payments upon release of certain prisoners.

If in the opinion of the superintendent suitable arrangements have been made to provide the person to be released with suitable clothing and/or the expenses of transportation, the superintendent may consent to such arrangement. If the superintendent has reasonable cause to believe that the person to be released has ample funds, with the exception of earnings from labor or employment while

in confinement, to assume the expenses of clothing, transportation, or the expenses for which payments made pursuant to RCW 72.02.100 or 72.02.110 or any one or more of such expenses, the person released shall be required to assume such expenses. [1988 c 143 § 5; 1971 ex.s. c 171 § 1.]

***Reviser's note:** The "indeterminate sentencing review board" should be referred to as the "indeterminate sentence review board." See RCW 9.95.001.

72.02.110 Weekly payments to certain released prisoners. As state, federal or other funds are available, the secretary of corrections or his designee is authorized, in his discretion, not to provide the forty dollars subsistence money or the optional sixty dollars to a person or persons released as described in RCW 72.02.100, and instead to utilize the authorization and procedure contained in this section relative to such person or persons.

Any person designated by the secretary serving a sentence for a term of confinement in a state correctional facility for convicted felons, pursuant to court commitment, who is thereafter released upon an order of parole of the *indeterminate sentencing review board, or is discharged from custody upon expiration of sentence, or is ordered discharged from custody by a court of appropriate jurisdiction, shall receive the sum of fifty-five dollars per week for a period of up to six weeks. The initial weekly payment shall be made to such person upon his release or parole by the superintendent of the institution. Subsequent weekly payments shall be made to such person by the community corrections officer at the office of such officer. In addition to the initial six weekly payments provided for in this section, a community corrections officer and his supervisor may, at their discretion, continue such payments up to a maximum of twenty additional weeks when they are satisfied that such person is actively seeking employment and that such payments are necessary to continue the efforts of such person to gain employment: **PROVIDED**, That if, at the time of release or parole, in the opinion of the superintendent funds are otherwise available to such person, with the exception of earnings from labor or employment while in confinement, such weekly sums of money or part thereof shall not be provided to such person.

When a person receiving such payments provided for in this section becomes employed, he may continue to receive payments for two weeks after the date he becomes employed but payments made after he becomes employed shall be discontinued as of the date he is first paid for such employment: **PROVIDED**, That no person shall receive payments for a period exceeding the twenty-six week maximum as established in this section.

The secretary of corrections may annually adjust the amount of weekly payment provided for in this section to reflect changes in the cost of living and the purchasing power of the sum set for the previous year. [1988 c 143 § 6; 1981 c 136 § 80; 1971 ex.s. c 171 § 2.]

These law enforcement agencies may provide such assistance as expressed in the contingency plan or plans, or as is deemed necessary by the secretary, or the secretary's designee, to restore order at the facility, consistent with the resources available to the law enforcement agencies and the law enforcement agencies' other statutory obligations. While on the grounds of a penal facility and acting under this section, all law enforcement officials shall be under the immediate control of their respective supervisors who shall be responsive to the secretary, or the secretary's designee, which designee need not be an employee of the department of corrections. 72.09.010 Legislative intent. It is the intent of the legislature to establish a comprehensive system of corrections for convicted law violators within the state of Washington to accomplish the following objectives.

(1) The system should ensure the public safety. The system should be designed and managed to provide the maximum feasible safety for the persons and property of the general public, the staff, and the inmates.

(2) The system should punish the offender for violating the laws of the state of Washington. This punishment should generally be limited to the denial of liberty of the offender.

(3) The system should treat all offenders fairly and equitably without regard to race, religion, sex, national origin, residence, or social condition.

(4) The system, as much as possible, should reflect the values of the community including:

(a) Avoiding idleness. Idleness is not only wasteful but destructive to the individual and to the community.

(b) Adoption of the work ethic. It is the community expectation that all citizens should work and through their efforts benefit both themselves and the community.

(c) Providing opportunities for self improvement. All individuals should have opportunities to grow and expand their skills and abilities so as to fulfill their role in the community.

(d) Providing tangible rewards for accomplishment. The individual who works to improve himself or herself and the community should be rewarded for these efforts. As a corollary, there should be no rewards for no effort.

(e) Sharing in the obligations of the community. All citizens, the public and inmates alike, have a personal and fiscal obligation in the corrections system. All communities must share in the responsibility of the corrections system.

(5) The system should provide for prudent management of resources. The human and fiscal resources of the community are limited. The management and use of these resources can be enhanced by wise investment, productive programs, the reduction of duplication and waste, and the joining together of all involved parties in a common endeavor. Since virtually all offenders return to the community, it is wise for the state and the communities to make an investment in effective rehabilitation programs for offenders and the wise use of resources.

(6) The system should provide for restitution. Those who have damaged others, persons or property, have a responsibility to make restitution for these damages.

(7) The system should be accountable to the citizens of the state. In return, the individual citizens and local units of government must meet their responsibilities to make the corrections system effective.

(8) The system should meet those national standards which the state determines to be appropriate. [1981 c 136 § 2.]

72.09.015 Definitions. The definitions in this section apply throughout this chapter.

(1) "Department" means the department of corrections.

(2) "Secretary" means the secretary of corrections.

(3) "County" refers to a county or combination of counties.

72.09.040 Transfer of functions from department of social and health services. All powers, duties, and functions assigned to the secretary of social and health services and to the department of social and health services relating to adult correctional programs and institutions are hereby transferred to the secretary of corrections and to the department of corrections. Except as may be specifically provided, all functions of the department of social and health services relating to juvenile rehabilitation and the juvenile justice system shall remain in the department of social and health services. Where functions of the department of social and health services and the department of corrections overlap in the juvenile rehabilitation and/or juvenile justice area, the governor may allocate such functions between these departments.

The secretaries of the department of social and health services and the department of corrections shall submit to the 1983 session of the Washington state legislature a joint report which addresses the question of in which agency juvenile rehabilitation and state level juvenile justice programs should be located. [1981 c 136 § 4.]

72.09.050 Powers and duties of secretary. The secretary shall manage the department of corrections and shall be responsible for the administration of adult correctional programs, including but not limited to the operation of all state correctional institutions or facilities used for the confinement of convicted felons. In addition, the secretary shall have broad powers to enter into agreements with any federal agency, or any other state, or any Washington state agency or local government providing for the operation of any correctional facility or program for persons convicted of

felonies or misdemeanors or for juvenile offenders. Such agreements for counties with local law and justice councils shall be required in the local law and justice plan pursuant to RCW 72.09.300. The agreements may provide for joint operation or operation by the department of corrections, alone, or by any of the other governmental entities, alone. The secretary may employ persons to aid in performing the functions and duties of the department. The secretary may delegate any of his functions or duties to department employees. The secretary is authorized to promulgate standards for the department of corrections within appropriation levels authorized by the legislature.

Pursuant to the authority granted in chapter 34.05 RCW, the secretary shall adopt rules providing for inmate restitution when restitution is determined appropriate as a result of a disciplinary action. [1991 c 363 § 149; 1987 c 312 § 4; 1986 c 19 § 1; 1981 c 136 § 5.]

The customer model industries in this class shall be operated and managed by the department to provide Washington state manufacturers or businesses with products or services currently produced or provided by out-of-state or foreign suppliers. The correctional industries board of directors shall review these proposed industries before the department contracts to provide such products or services. The review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community and labor market.

The department of corrections shall supply appropriate security and custody services without charge to the participating firms.

Inmates who work in free venture industries shall do so at their own choice. They shall be paid a wage comparable to the wage paid for work of a similar nature in the locality in which the industry is located, as determined by the director of correctional industries. If the director cannot reasonably determine the comparable wage, then the pay shall not be less than the federal minimum wage.

(2) **CLASS II: TAX REDUCTION INDUSTRIES.** Industries in this class shall be state-owned and operated enterprises designed to reduce the costs for goods and services for tax-supported agencies and for nonprofit organizations. The industries selected for development within this class shall, as much as possible, match the available pool of inmate work skills and aptitudes with the work opportunities in the free community. The industries shall be closely patterned after private sector industries but with the objective of reducing public support costs rather than making a profit. The products and services of this industry, including purchased products and services neces-

sary for a complete product line, may be sold to public agencies, to nonprofit organizations, and to private contractors when the goods purchased will be ultimately used by a public agency or a nonprofit organization. Clothing manufactured by an industry in this class may be donated to nonprofit organizations that provide clothing free of charge to low-income persons. Correctional industries products and services shall be reviewed by the correctional industries board of directors before offering such products and services for sale to private contractors. The board of directors shall conduct a yearly marketing review of the products and services offered under this subsection. Such review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community. To avoid waste or spoilage and consequent loss to the state, when there is no public sector market for such goods, byproducts and surpluses of timber, agricultural, and animal husbandry enterprises may be sold to private persons, at private sale. Surplus byproducts and surpluses of timber, agricultural and animal husbandry enterprises that cannot be sold to public agencies or to private persons may be donated to nonprofit organizations. All sales of surplus products shall be carried out in accordance with rules prescribed by the secretary.

Security and custody services shall be provided without charge by the department of corrections.

Inmates working in this class of industries shall do so at their own choice and shall be paid for their work on a gratuity scale which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located and which is approved by the director of correctional industries.

(3) **CLASS III: INSTITUTIONAL SUPPORT INDUSTRIES.** Industries in this class shall be operated by the department of corrections. They shall be designed and managed to accomplish the following objectives:

(a) Whenever possible, to provide basic work training and experience so that the inmate will be able to qualify for better work both within correctional industries and the free community. It is not intended that an inmate's work within this class of industries should be his or her final and total work experience as an inmate.

(b) Whenever possible, to provide forty hours of work or work training per week.

(c) Whenever possible, to offset tax and other public support costs.

Supervising, management, and custody staff shall be employees of the department.

All able and eligible inmates who are assigned work and who are not working in other classes of industries shall work in this class.

Except for inmates who work in work training programs, inmates in this class shall be paid for their work in accordance with an inmate gratuity scale. The scale shall be adopted by the secretary of corrections.

(4) **CLASS IV: COMMUNITY WORK INDUSTRIES.** Industries in this class shall be operated by the department of corrections. They shall be designed and managed to provide services in the inmate's resident community at a reduced cost. The services shall be provided to public agencies, to persons who are poor or infirm, or to nonprofit organizations.

Inmates in this program shall reside in facilities owned by, contracted for, or licensed by the department of corrections. A unit of local government shall provide work supervision services without charge to the state and shall pay the inmate's wage.

The department of corrections shall reimburse participating units of local government for liability and workers compensation insurance costs.

Inmates who work in this class of industries shall do so at their own choice and shall receive a gratuity which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located.

(5) **CLASS V: COMMUNITY SERVICE PROGRAMS.** Programs in this class shall be subject to supervision by the department of corrections. The purpose of this class of industries is to enable an offender, placed on community supervision, to work off all or part of a community service order as ordered by the sentencing court.

Employment shall be in a community service program operated by the state, local units of government, or a nonprofit agency.

To the extent that funds are specifically made available for such purposes, the department of corrections shall reimburse nonprofit agencies for workers compensation insurance costs. [1992 c 123 § 1; 1990 c 22 § 1; 1989 c 185 § 7; 1986 c 193 § 2; 1985 c 151 § 1; 1983 c 255 § 5; 1981 c 136 § 11.]

72.09.102 Use and purchase of commodities produced by correctional systems—Plans—Legislative review. The department of corrections and department of general administration shall develop the following for legislative review: (1) A plan for production within the department of corrections of one or more commodities not currently being produced within the department for use within all state institutions and which may be sold to state correctional systems in other states; (2) a plan for purchasing commodities produced by correctional systems located in other states to the degree the plan would be cost-effective and would involve reciprocal marketing agreements between the several states represented; and (3) a plan to purchase, where cost-effective, materials used in the production of prison-made goods jointly with prison industry programs in other states. The plans shall be submitted to the legislature by March, 1987. [1986 c 94 § 1.]

72.09.104 Prison work programs to operate automated data input and retrieval systems. The department of general administration and the department of corrections shall implement prison work programs to operate automated data input and retrieval systems for appropriate departments of state government. [1983 c 296 § 3.]

Findings—1983 c 296: "The legislature finds and declares that the costs of state government automated data input and retrieval are escalating. The legislature further finds and declares that new record conversion technologies offer a promising means for coping with current records management problems." [1983 c 296 § 1.]

Policy—1983 c 296: "It is the policy of the state of Washington that state prisons shall provide prisoners with a work environment in order that,

upon their release, inmates may have the skills necessary for the successful reentry into society. It is also the policy of the state to promote the establishment and growth of prison industries whose work shall benefit the state." [1983 c 296 § 2.]

72.09.106 Subcontracting of data input and microfilm capacities. Class II correctional industries may subcontract its data input and microfilm capacities to firms from the private sector. Inmates employed under these subcontracts will be paid in accordance with the Class I free venture industries procedures and wage scale. [1989 c 185 § 8; 1983 c 296 § 4.]

Findings—Policy—1983 c 296: See notes following RCW 72.09.104.

72.09.110 Inmates' wages—Supporting cost of corrections—Crime victims' compensation, restitution, family support. All inmates working in prison industries shall participate in the cost of corrections, including costs to develop and implement correctional industries programs. The secretary shall develop a formula which can be used to determine the extent to which the wages of these inmates will be deducted for this purpose. The amount so deducted shall be placed in the general fund and shall be a reasonable amount which will not unduly discourage the incentive to work. The secretary may direct the state treasurer to deposit a portion of these moneys in the crime victims compensation account. Except the secretary shall direct all moneys received by an inmate, for testifying in any judicial proceeding, go into the crime victims compensation account.

When the secretary finds it appropriate and not unduly destructive of the work incentive, the secretary shall also provide deductions for restitution, savings, and family support. [1991 c 133 § 1; 1989 c 185 § 9; 1986 c 162 § 1; 1981 c 136 § 12.]

72.09.120 Distribution of list of inmate job opportunities. In order to assist inmates in finding work within prison industries, the department shall periodically prepare and distribute a list of prison industries' job opportunities, which shall include job descriptions and the educational and skill requirements for each job. [1981 c 136 § 16.]

72.09.130 Incentive system for good conduct—Dissemination. The department shall adopt a system providing incentives for good conduct and disincentives for poor conduct. The system may include increases or decreases in the degree of liberty granted the inmate within the programs operated by the department and recommended increases or decreases in the number of earned early release days that an inmate can earn for good conduct and good performance. Earned early release days shall be recommended by the department as a form of tangible reward for accomplishment. The system shall be fair, measurable, and understandable to offenders, staff, and the public. At least once in each twelve-month period, the department shall inform the offender in writing as to his or her conduct and performance. This written evaluation shall include reasons for awarding or not awarding recommended earned early release days for good conduct and good performance. The term "good performance" as used in this section means successfully performing a work, work training, or education-

al task to levels of expectation as specified in writing by the department. The term "good conduct" as used in this section refers to compliance with department rules.

Within one year after July 1, 1981, the department shall adopt, and provide a written description of, the system. The department shall provide a copy of this description to each offender in its custody. [1981 c 136 § 17.]

72.09.135 Adoption of standards for correctional facilities. The department of corrections shall, no later than July 1, 1987, adopt standards for the operation of state adult correctional facilities. These standards shall be the minimums necessary to meet federal and state constitutional requirements relating to health, safety, and welfare of inmates and staff, and specific state and federal statutory requirements, and to provide for the public's health, safety, and welfare. The need for each standard shall be documented. [1987 c 462 § 15.]

Effective dates—1987 c 462: See note following RCW 13.04.116.

72.09.160 Corrections standards board—Responsibilities, powers, support.

Effective dates—1987 c 462: See note following RCW 13.04.116.

72.09.190 Legal services for inmates. (1) It is the intent of the legislature that reasonable legal services be provided to persons committed to the custody of the department of corrections. The department shall contract with persons or organizations to provide legal services. The secretary shall adopt procedures designed to minimize any conflict of interest, or appearance thereof, in respect to the provision of legal services and the department's administration of such contracts.

(2) Persons who contract to provide legal services are expressly forbidden to solicit plaintiffs or promote litigation which has not been pursued initially by a person entitled to such services under this section.

(3) Persons who contract to provide legal services shall exhaust all informal means of resolving a legal complaint or dispute prior to the filing of any court proceeding.

(4) Nothing in this section forbids the secretary to supplement contracted legal services with any of the following: (a) Law libraries, (b) law student interns, and (c) volunteer attorneys.

(5) The total due a contractor as compensation, fees, or reimbursement under the terms of the contract shall be reduced by the total of any other compensation, fees, or reimbursement received by or due the contractor for the performance of any legal service to inmates during the contract period. Any amount received by a contractor under contract which is not due under this section shall be immediately returned by the contractor. [1981 c 136 § 23.]

72.09.200 Transfer of files, property, and appropriations. All reports, documents, surveys, books, records, files, papers, and other writings in the possession of the department of social and health services pertaining to the functions transferred by RCW 72.09.040 shall be delivered to the custody of the department of corrections. All funds, credits, or other assets held in connection with the functions transferred by RCW 72.09.040 shall be assigned to the department of corrections.

Any appropriations made to the department of social and health services for the purpose of carrying out the powers, duties, and functions transferred by RCW 72.09.040 shall on July 1, 1981, be transferred and credited to the department of corrections for the purpose of carrying out the transferred powers, duties, and functions.

Whenever any question arises as to the transfer of any funds including unexpended balances within any accounts, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred under RCW 72.09.040, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

If apportionments of budgeted funds are required because of the transfers authorized in this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification. [1981 c 136 § 31.]

72.09.210 Transfer of employees. All employees of the department of social and health services who are directly employed in connection with the exercise of the powers and performance of the duties and functions transferred to the department of corrections by RCW 72.09.040 shall be transferred on July 1, 1981, to the jurisdiction of the department of corrections.

All such employees classified under chapter 41.06 RCW, the state civil service law, shall be assigned to the department of corrections. Except as otherwise provided, such employees shall be assigned without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing the state civil service law. [1981 c 136 § 32.]

72.09.220 Employee rights under collective bargaining. Nothing contained in *sections 1 through 13 and 16 through 23 of this act may be construed to downgrade any rights of any employee under any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel board as provided by law. [1981 c 136 § 33.]

***Reviser's note:** Sections 1 through 12 and 16 through 23 are RCW 72.09.010 through 72.09.190 and 72.09.901. Section 13 [1981 c 136 § 13] is a temporary, uncodified section.

72.09.230 Duties continued during transition. All state officials required to maintain contact with or provide services to the department or secretary of social and health services relating to adult corrections shall continue to perform the services for the department of corrections.

In order to ease the transition of adult corrections to the department of corrections, the governor may require an interagency agreement between the department and the department of social and health services under which the department of social and health services would, on a temporary basis, continue to perform all or part of any specified function of the department of corrections. [1981 c 136 § 34.]

72.09.240 Reimbursement of employees for offender assaults. (1) In recognition of prison overcrowding and the hazardous nature of employment in state correctional institutions and offices, the legislature hereby provides a supplementary program to reimburse employees of the department of corrections for some of their costs attributable to their being the victims of offender assaults. This program shall be limited to the reimbursement provided in this section.

(2) An employee is only entitled to receive the reimbursement provided in this section if the secretary of corrections, or the secretary's designee, finds that each of the following has occurred:

(a) An offender has assaulted the employee while the employee is performing the employee's official duties and as a result thereof the employee has sustained injuries which have required the employee to miss days of work; and

(b) The assault cannot be attributable to any extent to the employee's negligence, misconduct, or failure to comply with any rules or conditions of employment.

(3) The reimbursement authorized under this section shall be as follows:

(a) The employee's accumulated sick leave days shall not be reduced for the workdays missed;

(b) For each workday missed for which the employee is not eligible to receive compensation under chapter 51.32 RCW, the employee shall receive full pay; and

(c) In respect to workdays missed for which the employee will receive or has received compensation under chapter 51.32 RCW, the employee shall be reimbursed in an amount which, when added to that compensation, will result in the employee receiving full pay for the workdays missed.

(4) Reimbursement under this section may not last longer than three hundred sixty-five consecutive days after the date of the injury.

(5) The employee shall not be entitled to the reimbursement provided in subsection (3) of this section for any workday for which the secretary, or the secretary's designee, finds that the employee has not diligently pursued his or her compensation remedies under chapter 51.32 RCW.

(6) The reimbursement shall only be made for absences which the secretary, or the secretary's designee, believes are justified.

(7) While the employee is receiving reimbursement under this section, he or she shall continue to be classified as a state employee and the reimbursement amount shall be considered as salary or wages.

(8) All reimbursement payments required to be made to employees under this section shall be made by the department of corrections. The payments shall be considered as a salary or wage expense and shall be paid by the department in the same manner and from the same appropriations as other salary and wage expenses of the department.

(9) Should the legislature revoke the reimbursement authorized under this section or repeal this section, no affected employee is entitled thereafter to receive the reimbursement as a matter of contractual right.

(10) For the purposes of this section, "offender" means: (a) Inmate as defined in RCW 72.09.020, (b) offender as defined in RCW 9.94A.030, and (c) any other person in the custody of or subject to the jurisdiction of the department of corrections. [1988 c 149 § 1; 1984 c 246 § 9.]

72.09.260 Community service litter cleanup programs—Requirements. (1) The department shall assist local units of government in establishing community service programs for litter cleanup. Community service litter cleanup programs must include the following: (a) Procedures for documenting the number of community service hours worked in litter cleanup by each offender; (b) plans to coordinate litter cleanup activities with local governmental entities responsible for roadside and park maintenance; (c) insurance coverage for offenders during litter cleanup activities pursuant to RCW 51.12.045; (d) provision of adequate safety equipment and, if needed, weather protection gear; and (e) provision for including felons and misdemeanants in the program.

(2) Community service programs established under this section shall involve, but not be limited to, persons convicted of nonviolent, drug-related offenses.

(3) Nothing in this section shall diminish the department's authority to place offenders in community service programs or to determine the suitability of offenders for specific programs.

(4) As used in this section, "litter cleanup" includes cleanup and removal of solid waste that is illegally dumped. [1990 c 66 § 2.]

Findings—Intent—1990 c 66: "The legislature finds that the amount of litter along the state's roadways is increasing at an alarming rate and that local governments often lack the human and fiscal resources to remove litter from public roads. The legislature also finds that persons committing nonviolent, drug-related offenses can often be productively engaged through programs to remove litter from county and municipal roads. It is therefore the intent of the legislature to assist local units of government in establishing community service programs for litter cleanup and to establish a funding source for such programs." [1990 c 66 § 1.]

The council shall design the elements and scope of the plan, subject to final approval by the county legislative authority. The general intent of the plan shall include seeking means to maximize local resources, reduce duplication of services, and share resources between local and state government. The plan shall also include a section on jail management. This section may include the following elements:

(a) A description of current jail conditions, including whether the jail is overcrowded;

(b) A description of potential alternatives to incarceration;

(h) A proposed plan to collect, synthesize, and disseminate technical information concerning local criminal justice activities, facilities, and procedures;

(i) A description of existing and potential services for offenders including employment services, substance abuse treatment, mental health services, and housing referral services.

(4) The council may propose other elements of the plan, which shall be subject to review and approval by the county legislative authority, prior to their inclusion into the plan.

The secretary may contract with other state and local

agencies and provide funding in order to provide the assistance requested by counties.

(8) The department shall establish a base level of state correctional services, which shall be determined and distributed in a consistent manner state-wide. The department's contributions to any local government, approved pursuant to this section, shall not operate to reduce this base level of services. [1991 c 363 § 148; 1987 c 312 § 3.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

Purpose—1987 c 312 § 3: "It is the purpose of RCW 72.09.300 to encourage local and state government to join in partnerships for the sharing of resources regarding the management of offenders in the correctional system. The formation of partnerships between local and state government is intended to reduce duplication while assuring better accountability and offender management through the most efficient use of resources at both the local and state level." [1987 c 312 § 1.]

For purposes of this section, "volunteers" is defined according to RCW 51.12.035. [1988 c 153 § 10.]

Effective date—Implementation—Application of increased sanctions—1988 c 153: See notes following RCW 9.94A.030.

72.09.330 Sex offenders—Registration—Notice to persons convicted of sex offenses. (1) The department shall provide written notification to an inmate convicted of a sex offense of the registration requirements of RCW 9A.44.130 at the time of the inmate's release from confinement and shall receive and retain a signed acknowledgement of receipt.

(2) The department shall provide written notification to an individual convicted of a sex offense from another state of the registration requirements of RCW 9A.44.130 at the time the department accepts supervision and has legal authority of the individual under the terms and conditions of the interstate compact agreement under RCW 9.95.270. 72.27.010 Compact enacted. The Interstate Compact on Mental Health is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

The contracting states solemnly agree that:

ARTICLE I

The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

ARTICLE II

As used in this compact:

(a) "Sending state" shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

(b) "Receiving state" shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

(c) "Institution" shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

(d) "Patient" shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

(e) "After-care" shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

(f) "Mental illness" shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

(g) "Mental deficiency" shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

(h) "State" shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

ARTICLE III

(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

ARTICLE IV

(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive after-care or supervision in the receiving state.

(c) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

ARTICLE V

Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

ARTICLE VI

The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

ARTICLE VII

(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a nonparty state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

ARTICLE VIII

(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances: PROVIDED, HOWEVER, That in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

(b) The term "guardian" as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

ARTICLE IX

(a) No provision of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to incarceration in a penal or correctional institution.

(b) To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

ARTICLE X

(a) Each party state shall appoint a "compact administrator" who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XI

The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

ARTICLE XII

This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

ARTICLE XIII

(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

(b) Withdrawal from any agreement permitted by Article VII(b) as to costs or from any supplementary agreement

made pursuant to Article XI shall be in accordance with the terms of such agreement.

ARTICLE XIV

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. [1965 ex.s. c 26 § 1.]

Chapter added: "The foregoing provisions of this act are added to chapter 28, Laws of 1959 and to Title 72 RCW, and shall constitute a new chapter therein." [1965 ex.s. c 26 § 8.]

72.27.020 Secretary is compact administrator—Rules and regulations—Cooperation with other agencies. Pursuant to said compact provided in RCW 72.27.010, the secretary of social and health services shall be the compact administrator and who, acting jointly with like officers of other party states, shall have power to promulgate rules and regulations to carry out more effectively the terms of the compact. The compact administrator is hereby authorized, empowered and directed to cooperate with all departments, agencies and officers of and in the government of this state and its subdivisions in facilitating the proper administration of the compact or any supplementary agreement or agreements entered into by this state thereunder. [1979 c 141 § 233; 1965 ex.s. c 26 § 2.]

72.27.030 Supplementary agreements. The compact administrator is hereby authorized and empowered to enter into supplementary agreements with appropriate officials of other states pursuant to Articles VII and XI of the compact. In the event that such supplementary agreements shall require or contemplate the use of any institution or facility of this state or require or contemplate the provision of any service by this state, no such agreement shall have force or effect until approved by the head of the department or agency under whose jurisdiction said institution or facility is operated or whose department or agency will be charged with the rendering of such service. [1965 ex.s. c 26 § 3.]

72.27.040 Financial arrangements. The compact administrator, subject to the moneys available therefor, may make or arrange for any payments necessary to discharge any financial obligations imposed upon this state by the compact or by any supplementary agreement entered into thereunder. [1965 ex.s. c 26 § 4.]

72.27.050 Prerequisites for transfer of person to another party state—Release or return of residents,

jurisdiction, laws applicable. No person shall be transferred to another party state pursuant to this chapter unless the compact administrator first shall have obtained either:

(a) The written consent to such transfer by the proposed transferee or by others on his behalf, which consent shall be executed in accordance with the requirements of *RCW 72.23.070, and if such person was originally committed involuntarily, such consent also shall be approved by the committing court; or

(b) An order of the superior court approving such transfer, which order shall be obtained from the committing court, if such person was committed involuntarily, otherwise from the superior court of the county where such person resided at the time of such commitment; and such order shall be issued only after notice and hearing in the manner provided for the involuntary commitment of mentally ill or mentally deficient persons as the case may be.

The courts of this state shall have concurrent jurisdiction with the appropriate courts of other party states to hear and determine petitions seeking the release or return of residents of this state who have been transferred from this state under this chapter to the same extent as if such persons were hospitalized in this state; and the laws of this state relating to the release of such persons shall govern the disposition of any such proceeding. [1965 ex.s. c 26 § 5.]

***Reviser's note:** RCW 72.23.070 was repealed by 1985 c 354 § 34, effective January 1, 1986. Later enactment, see chapter 71.34 RCW.

The implementation plan shall also include educational opportunities and employment, wage, and other incentives. The department shall include in the implementation plans an incentive program based on wages, and the opportunity to contribute all or a portion of their wages towards an array of incentives. The funds recovered from the sale, lease, or rental of incentives should be considered as a possible source of revenue to cover the capitalized cost of the additional space necessary to accommodate the increased class I and class II industries programs.

Only those inmates employed in class I and class II jobs may participate in the incentive program. The department shall develop special program criteria for inmates with physical or mental handicaps so that they can participate in the incentive program.

(4) The department shall propose rules specifying that inmate wages, other than the amount an inmate owes for taxes, legal financial obligations, and to the victim restitution fund, shall be returned to the department to pay for the cost of prison operations, including room and board.

(5) The plan shall identify actual or potential legal or operational obstacles, or both, in implementing the components of the plan as specified in this section, and recommend strategies to remove the obstacles.

(6) The department shall submit the plan to the appropriate committees of the legislature and to the governor by October 1, 1991. [1991 c 256 § 2.]

Finding—1991 c 256: "The legislature finds that the rehabilitation process may be enhanced by participation in training, education, and employment-related incentive programs and may be a consideration in reducing time in confinement." [1991 c 256 § 1.]

Application to prison construction—1991 c 256: "The overall prison design plans for new construction at Clallam Bay corrections center, McNeil Island corrections center, and the one thousand twenty-four bed medium security prison as appropriated for and authorized by the legislature shall not be inconsistent with the implementation plan outlined in this act. Severability—1991 c 256: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1991 c 256 § 4.]

WESTERN INTERSTATE CORRECTIONS
COMPACT

ARTICLE I—Purpose and Policy

The party states, desiring by common action to improve their institutional facilities and provide programs of sufficiently high quality for the confinement, treatment and rehabilitation of various types of offenders, declare that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, thereby serving the best interests of such offenders and of society.  (b) "Sending state" means a state party to this compact in which conviction was had.
 (c) "Receiving state" means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction was had.
 (d) "Inmate" means a male or female offender who is under sentence to or confined in a prison or other correctional institution.

ARTICLE III—Contracts

- (a) Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in

institutions situated within receiving states. Any such contract shall provide for:

1. Its duration.
2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs or treatment not reasonably included as part of normal maintenance.
3. Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom.
4. Delivery and retaking of inmates.
5. Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving states.

(b) Prior to the construction or completion of construction of any institution or addition thereto by a party state, any other party state or states may contract therewith for the enlargement of the planned capacity of the institution or addition thereto, or for the inclusion therein of particular equipment or structures, and for the reservation of a specific percentum of the capacity of the institution to be kept available for use by inmates of the sending state or states so contracting. Any sending state so contracting may, to the extent that monies are legally available therefor, pay to the receiving state, a reasonable sum as consideration for such enlargement of capacity, or provision of equipment or structures, and reservation of capacity. Such payment may be in a lump sum or in installments as provided in the contract.

(c) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE IV—Procedures and Rights

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(c) Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or

parole, for discharge, or for any other purpose permitted by the laws of the sending state; provided that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of Article III.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact including a conduct record of each inmate and certify said record to the official designated by the sending state, in order that each inmate may have the benefit of his or her record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be cared for and treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. Said record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this subdivision, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state. Costs of records made pursuant to this subdivision shall be borne by the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate, and the sending and receiving states, shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(h) Any inmate confined pursuant to the terms of this compact shall have any and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his status changed on account of any action or proceeding in which he could have participated if confined in any appropriate institution of the sending state located within such state.

The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

Guam may become party to this compact by taking action similar to that provided for joinder by any other eligible party state and upon the consent of Congress to such joinder. For the purposes of this article, Guam shall be deemed contiguous to Alaska, Hawaii, California, Oregon and Washington.

An actual withdrawal shall not take effect until two years after the notices provided in said statute have been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE IX—Other Arrangements Unaffected

Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a party state may have with a non-party state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

ARTICLE X—Construction and Severability

The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. 72.74.010 **Short title.** This chapter shall be known and may be cited as the Interstate Corrections Compact. [1983 c 255 § 12.]

72.74.020 **Authority to execute, terms of compact.** The secretary of the department of corrections is hereby

authorized and requested to execute, on behalf of the state of Washington, with any other state or states legally joining therein a compact which shall be in form substantially as follows:

The contracting states solemnly agree that:

(1) The party states, desiring by common action to fully utilize and improve their institutional facilities and provide adequate programs for the confinement, treatment, and rehabilitation of various types of offenders, declare that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, and with the federal government, thereby serving the best interest of such offenders and of society and effecting economies in capital expenditures and operational costs. The purpose of this compact is to provide for the mutual development and execution of such programs of cooperation for the confinement, treatment, and rehabilitation of offenders with the most economical use of human and material resources.

(2) As used in this compact, unless the context clearly requires otherwise:

(a) "State" means a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; and the Commonwealth of Puerto Rico.

(b) "Sending state" means a state party to this compact in which conviction or court commitment was had.

(c) "Receiving state" means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction or court commitment was had.

(d) "Inmate" means a male or female offender who is committed, under sentence to, or confined in a penal or correctional institution.

(e) "Institution" means any penal or correctional facility, including but not limited to a facility for the mentally ill or mentally defective, in which inmates as defined in subsection (2)(d) of this section may lawfully be confined.

(3)(a) Each party state may make one or more contracts with any one or more of the other party states, or with the federal government, for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

(i) Its duration;

(ii) Payments to be made to the receiving state or to the federal government, by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs or treatment not reasonably included as part of normal maintenance;

(iii) Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom;

(iv) Delivery and retaking of inmates;

(v) Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving states.

(b) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto and nothing in any such contract shall be inconsistent therewith.

(4)(a) Whenever the duly constituted authorities in a state party to this compact, and which has entered into a contract pursuant to subsection (3)(a) of this section, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary or desirable in order to provide adequate quarters and care or an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, the receiving state to act in that regard solely as agent for the sending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(c) Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state, provided that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of subsection (3)(a) of this section.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact, including a conduct record of each inmate, and certify said record to the official designated by the sending state, in order that each inmate may have official review of his or her record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearings as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. Said record, together with any recommendations of the hearing officials, shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the

provisions of this subdivision, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate, and the sending and receiving states, shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(h) Any inmate confined pursuant to the terms of this compact shall have any and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his status changed on account of any action or proceeding in which he could have participated if confined in any appropriate institution of the sending state located within such state.

(i) The parents, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise or otherwise function with respect to any inmate shall not be deprived of or restricted in his exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

(5)(a) Any decision of the sending state in respect to any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is formally accused of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharge from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition or rendition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

(6) Any state party to this compact may accept federal aid for use in connection with any institution or program, the use of which is or may be affected by this compact or any contract pursuant hereto; and any inmate in a receiving state pursuant to this compact may participate in any such federally-aided program or activity for which the sending and receiving states have made contractual provision, provided that if such program or activity is not part of the customary correctional regimen, the express consent of the appropriate official of the sending state shall be required therefor.

(7) This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two states. Thereafter, this compact shall enter into force and become effective and

binding as to any other of said states upon similar action by such state.

(8) This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate official of all other party states. An actual withdrawal shall not take effect until one year after the notice provided in said statute has been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

(9) Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a party state may have with a nonparty state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

(10) The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. [1983 c 255 § 13.]

72.74.030 Authority to receive or transfer inmates.

The secretary of corrections is authorized to receive or transfer an inmate as defined in the Interstate Corrections Compact to any institution as defined in the Interstate Corrections Compact within this state or without this state, if this state has entered into a contract or contracts for the confinement of inmates in such institutions pursuant to subsection (3) of the Interstate Corrections Compact. [1983 c 255 § 14.]

72.74.040 Enforcement. The courts, departments, agencies, and officers of this state and its subdivisions shall enforce this compact and shall do all things appropriate to the effectuation of its purposes and intent which may be within their respective jurisdictions including but not limited to the making and submission of such reports as are required by the compact. [1983 c 255 § 15.]

72.74.050 Hearings. The secretary is authorized and directed to hold such hearings as may be requested by any other party state pursuant to subsection (4)(f) of the Interstate Corrections Compact. Additionally, the secretary may hold out-of-state hearings in connection with the case of any inmate of this state confined in an institution of another state party to the Interstate Corrections Compact. [1983 c 255 § 16.]

72.74.060 Contracts for implementation. The secretary of corrections is empowered to enter into such contracts on behalf of this state as may be appropriate to implement the participation of this state in the Interstate Corrections Compact pursuant to subsection (3) of the compact. No such contract shall be of any force or effect until approved by the attorney general. [1983 c 255 § 17.]

72.74.070 Clothing, transportation, and funds for state inmates released in other states. If any agreement between this state and any other state party to the Interstate Corrections Compact enables an inmate of this state confined in an institution of another state to be released in such other state in accordance with subsection (4)(g) of this compact, then the secretary is authorized to provide clothing, transportation, and funds to such inmate in accordance with RCW 72.02.100. [1983 c 255 § 18.]

72.74.900 Severability—1983 c 255. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 c 255 § 20.]

72.76.010 Compact enacted—Provisions. The Washington intrastate corrections compact is enacted and entered into on behalf of this state by the department with any and all counties of this state legally joining in a form substantially as follows:

WASHINGTON INTRASTATE CORRECTIONS COMPACT

A compact is entered into by and among the contracting counties and the department of corrections, signatories hereto, for the purpose of maximizing the use of existing resources and to provide adequate facilities and programs for the confinement, care, treatment, and employment of offenders.

The contracting counties and the department do solemnly agree that:

(1) As used in this compact, unless the context clearly requires otherwise:

(b) "Secretary" means the secretary of the department of corrections or designee.

(c) "Compact jurisdiction" means the department of corrections or any county of the state of Washington which has executed this compact.

(e) "Receiving jurisdiction" means the department of corrections or a county party to this agreement to which an offender is sent for confinement.

(f) "Offender" means a person who has been charged with and/or convicted of an offense established by applicable statute or ordinance.

(g) "Convicted felony offender" means a person who has been convicted of a felony established by state law and is eighteen years of age or older, or who is less than eighteen years of age, but whose case has been transferred by the appropriate juvenile court to a criminal court pursuant to RCW 13.40.110.

(i) "Facility" means any state correctional institution, camp, or other unit established or authorized by law under the jurisdiction of the department of corrections; any jail, holding, detention, special detention, or correctional facility operated by the county for the housing of adult offenders; or any contract facility, operated on behalf of either the county or the state for the housing of adult offenders.

(j) "Extraordinary medical expense" means any medical expense beyond that which is normally provided by contract or other health care providers at the facility of the receiving jurisdiction.

(k) "Compact" means the Washington intrastate corrections compact.

(2)(a) Any county may make one or more contracts with one or more counties, the department, or both for the exchange or transfer of offenders pursuant to this compact. Appropriate action by ordinance, resolution, or otherwise in accordance with the law of the governing bodies of the participating counties shall be necessary before the contract may take effect. The secretary is authorized and requested to execute the contracts on behalf of the department. Any such contract shall provide for:

(i) Its duration;

(ii) Payments to be made to the receiving jurisdiction by the sending jurisdiction for offender maintenance, extraordinary medical and dental expenses, and any participation in or receipt by offenders of rehabilitative or correctional services, facilities, programs, or treatment not reasonably included as part of normal maintenance;

(iii) Participation in programs of offender employment, if any; the disposition or crediting of any payments received by offenders on their accounts; and the crediting of proceeds

from or the disposal of any products resulting from the employment;

(iv) Delivery and retaking of offenders;

(v) Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving jurisdictions.

(b) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant to the contract. Nothing in any contract may be inconsistent with the compact.

(3)(a) Whenever the duly constituted authorities of any compact jurisdiction decide that confinement in, or transfer of an offender to a facility of another compact jurisdiction is necessary or desirable in order to provide adequate housing and care or an appropriate program of rehabilitation or treatment, the officials may direct that the confinement be within a facility of the other compact jurisdiction, the receiving jurisdiction to act in that regard solely as agent for the sending jurisdiction.

(b) The receiving jurisdiction shall be responsible for the supervision of all offenders which it accepts into its custody.

(c) The receiving jurisdiction shall be responsible to establish screening criteria for offenders it will accept for transfer. The sending jurisdiction shall be responsible for ensuring that all transferred offenders meet the screening criteria of the receiving jurisdiction.

(d) The sending jurisdiction shall notify the sentencing courts of the name, charges, cause numbers, date, and place of transfer of any offender, prior to the transfer, on a form to be provided by the department. A copy of this form shall accompany the offender at the time of transfer.

(e) The receiving jurisdiction shall be responsible for providing an orientation to each offender who is transferred. The orientation shall be provided to offenders upon arrival and shall address the following conditions at the facility of the receiving jurisdiction:

(i) Requirements to work;

(ii) Facility rules and disciplinary procedures;

(iii) Medical care availability; and

(iv) Visiting.

(f) Delivery and retaking of inmates shall be the responsibility of the sending jurisdiction. The sending jurisdiction shall deliver offenders to the facility of the receiving jurisdiction where the offender will be housed, at the dates and times specified by the receiving jurisdiction. The receiving jurisdiction retains the right to refuse or return any offender. The sending jurisdiction shall be responsible to retake any transferred offender who does not meet the screening criteria of the receiving jurisdiction, or who is refused by the receiving jurisdiction. If the receiving jurisdiction has notified the sending jurisdiction to retake an offender, but the sending jurisdiction does not do so within a seven-day period, the receiving jurisdiction may return the offender to the sending jurisdiction at the expense of the sending jurisdiction.

(g) Offenders confined in a facility under the terms of this compact shall at all times be subject to the jurisdiction of the sending jurisdiction and may at any time be removed from the facility for transfer to another facility within the sending jurisdiction, for transfer to another facility in which the sending jurisdiction may have a contractual or other right

to confine offenders, for release or discharge, or for any other purpose permitted by the laws of the state of Washington.

(h) Unless otherwise agreed, the sending jurisdiction shall provide at least one set of the offender's personal clothing at the time of transfer. The sending jurisdiction shall be responsible for searching the clothing to ensure that it is free of contraband. The receiving jurisdiction shall be responsible for providing work clothing and equipment appropriate to the offender's assignment.

(i) The sending jurisdiction shall remain responsible for the storage of the offender's personal property, unless prior arrangements are made with the receiving jurisdiction. The receiving jurisdiction shall provide a list of allowable items which may be transferred with the offender.

(j) Copies or summaries of records relating to medical needs, behavior, and classification of the offender shall be transferred by the sending jurisdiction to the receiving jurisdiction at the time of transfer. At a minimum, such records shall include:

(i) A copy of the commitment order or orders legally authorizing the confinement of the offender;

(ii) A copy of the form for the notification of the sentencing courts required by subsection (3)(d) of this section;

(iii) A brief summary of any known criminal history, medical needs, behavioral problems, and other information which may be relevant to the classification of the offender; and

(iv) A standard identification card which includes the fingerprints and at least one photograph of the offender. Disclosure of public records shall be the responsibility of the sending jurisdiction, except for those documents generated by the receiving jurisdiction.

(k) The receiving jurisdiction shall be responsible for providing regular medical care, including prescription medication, but extraordinary medical expenses shall be the responsibility of the sending jurisdiction. The costs of extraordinary medical care incurred by the receiving jurisdiction for transferred offenders shall be reimbursed by the sending jurisdiction. The receiving jurisdiction shall notify the sending jurisdiction as far in advance as practicable prior to incurring such costs. In the event emergency medical care is needed, the sending jurisdiction shall be advised as soon as practicable after the offender is treated. Offenders who are required by the medical authority of the sending jurisdiction to take prescription medication at the time of the transfer shall have at least a three-day supply of the medication transferred to the receiving jurisdiction with the offender, and at the expense of the sending jurisdiction. Costs of prescription medication incurred after the use of the supply shall be borne by the receiving jurisdiction.

(l) Convicted offenders transferred under this agreement may be required by the receiving jurisdiction to work. Transferred offenders participating in programs of offender employment shall receive the same reimbursement, if any, as other offenders performing similar work. The receiving jurisdiction shall be responsible for the disposition or crediting of any payments received by offenders, and for crediting the proceeds from or disposal of any products resulting from the employment. Other programs normally provided to offenders by the receiving jurisdiction such as

education, mental health, or substance abuse treatment shall also be available to transferred offenders, provided that usual program screening criteria are met. No special or additional programs will be provided except by mutual agreement of the sending and receiving jurisdiction, with additional expenses, if any, to be borne by the sending jurisdiction.

(m) The receiving jurisdiction shall notify offenders upon arrival of the rules of the jurisdiction and the specific rules of the facility. Offenders will be required to follow all rules of the receiving jurisdiction. Disciplinary detention, if necessary, shall be provided at the discretion of the receiving jurisdiction. The receiving jurisdiction may require the sending jurisdiction to retake any offender found guilty of a serious infraction; similarly, the receiving jurisdiction may require the sending jurisdiction to retake any offender whose behavior requires segregated or protective housing.

(n) Good-time calculations and notification of each offender's release date shall be the responsibility of the sending jurisdiction. The sending jurisdiction shall provide the receiving jurisdiction with a formal notice of the date upon which each offender is to be released from custody. If the receiving jurisdiction finds an offender guilty of a violation of its disciplinary rules, it shall notify the sending jurisdiction of the date and nature of the violation. If the sending jurisdiction resets the release date according to its good-time policies, it shall provide the receiving jurisdiction with notice of the new release date.

(o) The sending jurisdiction shall retake the offender at the receiving jurisdiction's facility on or before his or her release date, unless the sending and receiving jurisdictions shall agree upon release in some other place. The sending jurisdiction shall bear the transportation costs of the return.

(p) Each receiving jurisdiction shall provide monthly reports to each sending jurisdiction on the number of offenders of that sending jurisdiction in its facilities pursuant to this compact.

(q) Each party jurisdiction shall notify the others of its coordinator who is responsible for administrating the jurisdiction's responsibilities under the compact. The coordinators shall arrange for alternate contact persons in the event of an extended absence of the coordinator.

(r) Upon reasonable notice, representatives of any party to this compact shall be allowed to visit any facility in which another party has agreed to house its offenders, for the purpose of inspecting the facilities and visiting its offenders that may be confined in the institution.

(4) This compact shall enter into force and become effective and binding upon the participating parties when it has been executed by two or more parties. Upon request, each party county shall provide any other compact jurisdiction with a copy of a duly enacted resolution or ordinance authorizing entry into this compact.

(5) A party participating may withdraw from the compact by formal resolution and by written notice to all other parties then participating. The withdrawal shall become effective, as it pertains to the party wishing to withdraw, thirty days after written notice to the other parties. However, such withdrawal shall not relieve the withdrawing party from its obligations assumed prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing participant shall notify the other parties to retake the offenders it has housed in its facilities and shall

remove to its facilities, at its own expense, offenders it has confined under the provisions of this compact.

(6) Legal costs relating to defending actions brought by an offender challenging his or her transfer to another jurisdiction under this compact shall be borne by the sending jurisdiction. Legal costs relating to defending actions arising from events which occur while the offender is in the custody of a receiving jurisdiction shall be borne by the receiving jurisdiction.

(7) The receiving jurisdiction shall not be responsible to provide legal services to offenders placed under this agreement. Requests for legal services shall be referred to the sending jurisdiction.

(8) The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence, or provision of this compact is declared to be contrary to the Constitution or laws of the state of Washington or is held invalid, the validity of the remainder of this compact and its applicability to any county or the department shall not be affected.

(9) Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a county or the department may have with each other or with a nonparty county for the confinement, rehabilitation, or treatment of offenders. [1989 c 177 § 3.]

72.76.020 Costs and accounting of offender days.

(1) The costs per offender day to the sending jurisdiction for the custody of offenders transferred according to the terms of this agreement shall be at the rate set by the state of Washington, office of financial management under RCW 70.48.440, unless the parties agree to another rate in a particular transfer. The costs may not include extraordinary medical costs, which shall be billed separately. Except in the case of prisoner exchanges, as described in subsection (2) of this section, the sending jurisdiction shall be billed on a monthly basis by the receiving jurisdiction. Payment shall be made within thirty days of receipt of the invoice.

(2) When two parties to this agreement transfer offenders to each other, there shall be an accounting of the number of "offender days." If the number is exactly equal, no payment is necessary for the affected period. The payment by the jurisdiction with the higher net number of offender days may be reduced by the amount otherwise due for the number of offender days its offenders were held by the receiving jurisdiction. Billing and reimbursement shall remain on the monthly schedule, and shall be supported by the forms and procedures provided by applicable regulations. The accounting of offender days exchanged may be reconciled on a monthly basis, but shall be at least quarterly. [1989 c 177 § 4.]

72.76.030 Contracts authorized for implementation of participation—Application of chapter. The secretary is empowered to enter into contracts on behalf of this state on the terms and conditions as may be appropriate to implement the participation of the department in the Washington intrastate corrections compact under RCW 72.76.010(2). Nothing in this chapter is intended to create any right or entitlement in any offender transferred or housed under the authority granted in this chapter. The failure of the depart-

ment or the county to comply with any provision of this chapter as to any particular offender or transfer shall not invalidate the transfer nor give rise to any right for such offender. [1989 c 177 § 5.]

72.76.040 Fiscal management. Notwithstanding any other provisions of law, payments received by the department pursuant to contracts entered into under the authority of this chapter shall be treated as nonappropriated funds and shall be exempt from the allotment controls established under chapter 43.88 RCW. The secretary may use such funds, in addition to appropriated funds, to provide institutional and community corrections programs. The secretary may, in his or her discretion and in lieu of direct fiscal payment, offset the obligation of any sending jurisdiction against any obligation the department may have to the sending jurisdiction. Outstanding obligations of the sending jurisdiction may be carried forward across state fiscal periods by the department as a credit against future obligations of the department to the sending jurisdiction. [1989 c 177 § 6.]

72.76.900 Short title. This chapter shall be known and may be cited as the Washington Intrastate Corrections Compact. [1989 c 177 § 1.]

If such person is still qualified to perform the duties of his former position, he shall be restored to that position or to a position of like seniority, status and pay. If he is not so qualified as a result of disability sustained during his service, or during the determination of his fitness for service, but is nevertheless qualified to perform the duties of another position, under the control of the same employer, he shall be reemployed in such other position: PROVIDED, That such position shall provide him with like seniority, status, and pay, or the nearest approximation thereto consistent with the circumstances of the case. [1953 c 212 § 2.]

(4) He must return and reenter the office or position within three months after serving four years or less: PROVIDED, That any period of additional service imposed by law, from which one is unable to obtain orders relieving him from active duty, will not affect his reemployment rights. [1969 c 16 § 1; 1953 c 212 § 3.]

73.16.041 Leaves of absence of elective and judicial officers. When any elective officer of this state or any political subdivision thereof, including any judicial officer, shall enter upon active service or training as provided in RCW 73.16.031, 73.16.033 and 73.16.035, the proper officer, board or other agency, which would ordinarily be authorized to grant leave of absence or fill a vacancy created by the death or resignation of the elective official so ordered to such service, shall grant an extended leave of absence to cover the period of such active service or training and may appoint a temporary successor to the position so vacated.

He shall further be entitled to participate in insurance, vacations, retirement pay and other benefits offered by the employer pursuant to established rules and practices relating to employees on furlough or leave of absence in effect with the employer at the time such person was ordered into the service; and he shall not be discharged from such position without cause within one year after restoration: PROVIDED, That no employer shall be required to make any payment to keep insurance or retirement rights current during such period of military service. [1953 c 212 § 5.]

73.16.061 Enforcement of provisions. In case any employer, his successor or successors fails or refuses to comply with the provisions of RCW 73.16.031 through 73.16.061, the prosecuting attorney of the county in which the employer is located shall bring action in the superior court to obtain an order to specifically require such employer to comply with the provisions hereof, and, as an incident thereto, to compensate such person for any loss of wages or benefits suffered by reason of such employer's unlawful act. Any such person who does not desire the services of the prosecuting attorney may, by private counsel, bring such action. [1953 c 212 § 6.]

73.20.010 Acknowledgments. In addition to the acknowledgment of instruments and the performance of other notarial acts in the manner and form and as otherwise authorized by law, instruments may be acknowledged, documents attested, oaths and affirmations administered, depositions and affidavits executed, and other notarial acts

performed, before or by any commissioned officer in active service of the armed forces of the United States with the rank of second lieutenant or higher in the army or marine corps, or with the rank of ensign or higher in the navy or coast guard, or with equivalent rank in any other component part of the armed forces of the United States, by any person who either

Such acknowledgment of instruments, attestation of documents, administration of oaths and affirmations, execution of depositions and affidavits, and performance of other notarial acts, heretofore or hereafter made or taken, are hereby declared legal, valid and binding, and instruments and documents so acknowledged, authenticated, or sworn to shall be admissible in evidence and eligible to record in this state under the same circumstances, and with the same force and effect as if such acknowledgment, attestation, oath, affirmation, deposition, affidavit, or other notarial act, had been made or taken within this state before or by a duly qualified officer or official as otherwise provided by law.

In the taking of acknowledgments and the performing of other notarial acts requiring certification, a certificate endorsed upon or attached to the instrument or documents, which shows the date of the notarial act and which states, in substance, that the person appearing before the officer acknowledged the instrument as his act or made or signed the instrument or document under oath, shall be sufficient for all intents and purposes. 73.20.050 Agency created by power of attorney not revoked by unverified report of death. No agency created by a power of attorney in writing given by a principal who is at the time of execution, or who, after executing such power of attorney, becomes either (1) a member of the armed forces of the United States, or (2) a person serving as a merchant seaman outside the limits of the United States, included within the forty-eight states and the District of Columbia; or (3) a person outside said limits by permission, assignment or direction of any department or official of the United States government, in connection with any activity

pertaining to or connected with the prosecution of any war in which the United States is then engaged, shall be revoked or terminated by the death of the principal, as to the agent or other person who, without actual knowledge or actual notice of the death of the principal, shall have acted or shall act, in good faith, under or in reliance upon such power of attorney or agency, and any action so taken, unless otherwise invalid or unenforceable, shall be binding on the heirs, devisees, legatees, or personal representatives of the principal. [1945 c 139 § 1; Rem. Supp. 1945 § 10758-70.]

Severability—1945 c 139: "If any provision of this act or the application thereof to any person or circumstance be held invalid, such invalidity shall not affect any other provision or application of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable." [1945 c 139 § 5.] This applies to RCW 73.20.050 through 73.20.080.

An affidavit, executed by the attorney in fact or agent, setting forth that the maker of the power of attorney is a member of the armed forces of the United States or within the class of persons described in RCW 73.20.050, and that he has not or had not, at the time of doing any act pursuant to the power of attorney, received actual knowledge or actual notice of the revocation or termination of the power of attorney, by death or otherwise, or notice of any facts indicating the same, shall, in the absence of fraud, be conclusive proof of the nonrevocation or nontermination of the power at such time. If the exercise of the power requires execution and delivery of any instrument which is recordable under the laws of this state, such affidavit shall likewise be recordable. [1945 c 139 § 2; Rem. Supp. 1945 § 10758-71.]

73.20.070 "Missing in action" report not construed as actual knowledge. "Income" means moneys received from the veterans administration and revenue or profit from any property wholly or partially acquired therewith.

"Estate" means income on hand and assets acquired partially or wholly with "income".

The administrator shall be a party in interest in any proceeding for the appointment or removal of a guardian or for the removal of the disability of minority or mental incapacity of a ward, and in any suit or other proceeding affecting in any manner the administration by the guardian of the estate of any present or former ward whose estate includes assets derived in whole or in part from benefits heretofore or hereafter paid by the veterans administration. Not less than fifteen days prior to hearing in such matter notice in writing of the time and place thereof shall be given by mail (unless waived in writing) to the office of the veterans administration having jurisdiction over the area in which any such suit or any such proceeding is pending. [1951 c 53 § 2.]

73.36.030 Appointment of guardian—Necessary when. Whenever, pursuant to any law of the United States or regulation of the veterans administration, it is necessary, prior to payment of benefits, that a guardian be appointed, the appointment may be made in the manner hereinafter provided. [1951 c 53 § 3.]

73.36.040 Guardian—Number of wards permitted. No person other than a bank or trust company shall be guardian of more than five wards at one time, unless all the wards are members of one family. Upon presentation of a petition by an attorney of the veterans administration or other interested person, alleging that a guardian is acting in a fiduciary capacity for more than five wards as herein provided and requesting his discharge for that reason, the court, upon proof substantiating the petition, shall require a final accounting forthwith from such guardian and shall discharge him from guardianships in excess of five and forthwith appoint a successor. [1951 c 53 § 4.]

73.36.050 Guardian—Appointment—Contents of petition. (1) A petition for the appointment of a guardian may be filed by any relative or friend of the ward or by any person who is authorized by law to file such a petition. If there is no person so authorized or if the person so authorized refuses or fails to file such a petition within thirty days after mailing of notice by the veterans administration to the last known address of the person, if any, indicating the necessity for the same, a petition for appointment may be filed by any resident of this state.

(2) The petition for appointment shall set forth the name, age, place of residence of the ward, the name and place of residence of the nearest relative, if known, and the fact that the ward is entitled to receive benefits payable by or through the veterans administration and shall set forth the

amount of moneys then due and the amount of probable future payments.

(3) The petition shall also set forth the name and address of the person or institution, if any, having actual custody of the ward and the name, age, relationship, if any, occupation and address of the proposed guardian and if the nominee is a natural person, the number of wards for whom the nominee is presently acting as guardian. Notwithstanding any law as to priority of persons entitled to appointment, or the nomination in the petition, the court may appoint some other individual or a bank or trust company as guardian, if the court determines it is for the best interest of the ward.

(4) In the case of a mentally incompetent ward the petition shall show that such ward has been rated incompetent by the veterans administration on examination in accordance with the laws and regulations governing the veterans administration. [1951 c 53 § 5.]

73.36.060 Guardian for minor—Appointment—Prima facie evidence. Where a petition is filed for the appointment of a guardian for a minor, a certificate of the administrator or his authorized representative, setting forth the age of such minor as shown by the records of the veterans administration and the fact that the appointment of a guardian is a condition precedent to the payment of any moneys due the minor by the veterans administration shall be prima facie evidence of the necessity for such appointment. [1951 c 53 § 6.]

73.36.070 Guardian for incompetent—Appointment—Prima facie evidence. Where a petition is filed for the appointment of a guardian for a mentally incompetent ward, a certificate of the administrator or his duly authorized representative, that such person has been rated incompetent by the veterans administration on examination in accordance with the laws and regulations governing such veterans administration and that the appointment of a guardian is a condition precedent to the payment of any moneys due such ward by the veterans administration, shall be prima facie evidence of the necessity for such appointment. [1951 c 53 § 7.]

73.36.080 Notice of petition. Upon the filing of a petition for the appointment of a guardian under this chapter, notice shall be given to the ward, to such other persons, and in such manner as is provided by the general law of this state, and also to the veterans administration as provided by this chapter. [1951 c 53 § 8.]

73.36.090 Guardian's bond. (1) Upon the appointment of a guardian, he shall execute and file a bond to be approved by the court in an amount not less than the estimated value of the personal estate and anticipated income of the ward during the ensuing two years, except in cases where banks or trust companies are appointed as guardian and no bond is required by the general state law. The bond shall be in the form and be conditioned as required of guardians appointed under the general guardianship laws of this state. The court may from time to time require the guardian to file an additional bond.

(2) Where a bond is tendered by a guardian with personal sureties, there shall be at least two such sureties and they shall file with the court a certificate under oath which shall describe the property owned, both real and personal, and shall state that each is worth the sum named in the bond as the penalty thereof over and above all his debts and liabilities and the aggregate of other bonds in which he is principal or surety and exclusive of property exempt from execution. The court may require additional security or may require a corporate surety bond, the premium thereon to be paid from the ward's estate. [1951 c 53 § 9.]

Guardianship, generally: Chapters 11.88 and 11.92 RCW.

73.36.100 Accounting by guardian—Copies of all proceedings to be furnished administration—Hearings.

(1) Every guardian, who has received or shall receive on account of his ward any money or other thing of value from the veterans administration, at the expiration of two years from date of his appointment, and every two years thereafter on the anniversary date of his appointment, or as much oftener as the court may require, shall file with the court a full, true and accurate account under oath of all moneys or other things of value received by him, all earnings, interest or profits derived therefrom, and all property acquired therewith and of all disbursements therefrom, and showing the balance thereof in his hands at the date of the account and how invested. Each year when not required to file an account with the court, the guardian shall file an account with the proper office of the veterans administration. If the interim account be not filed with the veterans administration, or, if filed, shall be unsatisfactory, the court shall upon receipt of notice thereof from the veterans administration require the guardian forthwith to file an account which shall be subject in all respects to the next succeeding paragraphs. Any account filed with the veterans administration and approved by the chief attorney thereof may be filed with the court and be approved by the court without hearing, unless a hearing thereon be requested by some party in interest.

(2) The guardian, at the time of filing any account with the court or veterans administration shall exhibit all securities or investments held by him to an officer of the bank or other depository wherein said securities or investments are held for safekeeping or to an authorized representative of the corporation which is surety on his bond, or to the judge or clerk of a court of record in this state, or upon request of the guardian or other interested party, to any other reputable person designated by the court, who shall certify in writing that he has examined the securities or investments and identified them with those described in the account and shall note any omissions or discrepancies. If the depository is the guardian, the certifying officer shall not be the officer verifying the account. The guardian may exhibit the securities or investments to the judge of the court, who shall endorse on the account and copy thereof, a certificate that the securities or investments shown therein as held by the guardian were each in fact exhibited to him and that those exhibited to him were the same as those in the account and noting any omission or discrepancy. The certificate, and the certificate of an official of the bank in which are deposited any funds for which the guardian is accountable, showing the amount on deposit, shall be prepared and signed in duplicate

and one of each shall be filed by the guardian with his account.

(3) At the time of filing in the court any account, a certified copy thereof and a signed duplicate of each certificate filed with the court shall be sent by the guardian to the office of the veterans administration having jurisdiction over the area in which such court is located. A duplicate signed copy or a certified copy of any petition, motion or other pleading pertaining to an account, or to any matter other than an account, and which is filed in the guardianship proceedings or in any proceedings for the purpose of removing the disability of minority or mental incapacity, shall be furnished by the persons filing the same to the proper office of the veterans administration. Unless hearing be waived in writing by the attorney of the veterans administration and by all other persons, if any, entitled to notice, the court shall fix a time and place for the hearing on the account, petition, motion or other pleading, not less than fifteen days nor more than sixty days from the date same is filed, unless a different available date be stipulated in writing. Unless waived in writing, written notice of the time and place of hearing shall be given the veterans administration office concerned and to the guardian and any others entitled to notice, not less than fifteen days prior to the date fixed for the hearing. The notice may be given by mail, in which event it shall be deposited in the mails not less than fifteen days prior to said date. The court or clerk thereof, shall mail to said veterans administration office a copy of each order entered in any guardianship proceeding wherein the administrator is an interested party.

(4) If the guardian is accountable for property derived from sources other than the veterans administration, he shall be accountable as is or may be required under the applicable law of this state pertaining to the property of minors or persons of unsound mind who are not beneficiaries of the veterans administration, and as to such other property shall be entitled to the compensation provided by such law. The account for other property may be combined with the account filed in accordance with this section. [1951 c 53 § 10.]

73.36.110 Failure to account—Penalties. If any guardian shall fail to file with the court any account as required by this chapter, or by an order of the court, when any account is due or within thirty days after citation issues and provided by law, or shall fail to furnish the veterans administration a true copy of any account, petition or pleading as required by this chapter, such failure may in the discretion of the court be ground for his removal, in addition to other penalties provided by law. [1951 c 53 § 11.]

73.36.120 Compensation of guardian. Compensation payable to guardians shall be based upon services rendered and shall not exceed five percent of the amount of moneys received during the period covered by the account, except that the court may allow a fee of not exceeding twenty-five dollars per year, as a minimum fee, upon the approval of the chief attorney for the veterans administration. In the event of extraordinary services by any guardian, the court, upon petition and hearing thereon may authorize reasonable additional compensation therefor. A copy of the petition and

notice of hearing thereon shall be given the proper office of the veterans administration in the manner provided in the case of hearing on a guardian's account or other pleading. No commission or compensation shall be allowed on the moneys or other assets received from a prior guardian nor upon the amount received from liquidation of loans or other investments. [1951 c 53 § 12.]

73.36.130 Investment of funds—Procedure. Every guardian shall invest the surplus funds of his ward's estate in such securities or property as authorized under the laws of this state but only upon prior order of the court; except that the funds may be invested, without prior court authorization, in direct unconditional interest-bearing obligations of this state or of the United States and in obligations the interest and principal of which are unconditionally guaranteed by the United States. A signed duplicate or certified copy of the petition for authority to invest shall be furnished the proper office of the veterans administration, and notice of hearing thereon shall be given said office as provided in the case of hearing on a guardian's account. [1951 c 53 § 13.]

73.36.140 Use of funds—Procedure. A guardian shall not apply any portion of the income or the estate for the support or maintenance of any person including the ward, the spouse and the minor children of the ward, except upon petition to and prior order of the court after a hearing. A signed duplicate or certified copy of said petition shall be furnished the proper office of the veterans administration and notice of hearing thereon shall be given said office as provided in the case of hearing on a guardian's account or other pleading. [1951 c 53 § 14.]

73.36.150 Purchase of real estate—Procedure. (1) The court may authorize the purchase of the entire fee simple title to real estate in this state in which the guardian has no interest, but only as a home for the ward, or to protect his interest, or (if he is not a minor) as a home for his dependent family. Such purchase of real estate shall not be made except upon the entry of an order of the court after hearing upon verified petition. A copy of the petition shall be furnished the proper office of the veterans administration and notice of hearing thereon shall be given said office as provided in the case of hearing on a guardian's account.

(2) Before authorizing such investment the court shall require written evidence of value and of title and of the advisability of acquiring such real estate. Title shall be taken in the ward's name. This section does not limit the right of the guardian on behalf of his ward to bid and to become the purchaser of real estate at a sale thereof pursuant to decree of foreclosure of lien held by or for the ward, or at a trustee's sale, to protect the ward's right in the property so foreclosed or sold; nor does it limit the right of the guardian, if such be necessary to protect the ward's interest and upon prior order of the court in which the guardianship is pending, to agree with cotenants of the ward for a partition in kind, or to purchase from cotenants the entire undivided interests held by them, or to bid and purchase the same at a sale under a partition decree, or to compromise adverse claims of title to the ward's realty. [1951 c 53 § 15.]

73.36.155 Public records—Free copies. When a copy of any public record is required by the veterans administration to be used in determining the eligibility of any person to participate in benefits made available by the veterans administration, the official custodian of such public record shall without charge provide the applicant for such benefits or any person acting on his behalf or the authorized representative of the veterans administration with a certified copy of such record. [1951 c 53 § 16. Formerly RCW 73.04.025.]

73.36.160 Discharge of guardian—Final account. In addition to any other provisions of law relating to judicial restoration and discharge of guardian, a certificate by the veterans administration showing that a minor ward has attained majority, or that an incompetent ward has been rated competent by the veterans administration upon examination in accordance with law shall be prima facie evidence that the ward has attained majority, or has recovered his competency. Upon hearing after notice as provided by this chapter and the determination by the court that the ward has attained majority or has recovered his competency, an order shall be entered to that effect, and the guardian shall file a final account. Upon hearing after notice to the former ward and to the veterans administration as in case of other accounts, upon approval of the final account, and upon delivery to the ward of the assets due him from the guardian, the guardian shall be discharged and his sureties released. [1951 c 53 § 17.]

73.36.165 Commitment to veterans administration or other federal agency. (1) Whenever, in any proceeding under the laws of this state for the commitment of a person alleged to be of unsound mind or otherwise in need of confinement in a hospital or other institution for his proper care, it is determined after such adjudication of the status of such person as may be required by law that commitment to a hospital for mental disease or other institution is necessary for safekeeping or treatment and it appears that such person is eligible for care or treatment by the veterans administration or other agency of the United States government, the court, upon receipt of a certificate from the veterans administration or such other agency showing that facilities are available and that such person is eligible for care or treatment therein, may commit such person to said veterans administration or other agency. The person whose commitment is sought shall be personally served with notice of the pending commitment proceeding in the manner as provided by the law of this state; and nothing in this chapter shall affect his right to appear and be heard in the proceedings. Upon commitment, such person, when admitted to any hospital operated by any such agency within or without this state shall be subject to the rules and regulations of the veterans administration or other agency. The chief officer of any hospital of the veterans administration or institution operated by any other agency of the United States to which the person is so committed shall with respect to such person be vested with the same powers as superintendents of state hospitals for mental diseases within this state with respect to retention of custody, transfer, parole or discharge. Jurisdiction is retained in the committing or other appropriate court

of this state at any time to inquire into the mental condition of the person so committed, and to determine the necessity for continuance of his restraint, and all commitments pursuant to this chapter are so conditioned.

(2) The judgment or order of commitment by a court of competent jurisdiction of another state or of the District of Columbia, committing a person to the veterans administration, or other agency of the United States government for care or treatment shall have the same force and effect as to the committed person while in this state as in the jurisdiction in which is situated the court entering the judgment or making the order; and the courts of the committing state, or of the District of Columbia, shall be deemed to have retained jurisdiction of the person so committed for the purpose of inquiring into the mental condition of such person, and of determining the necessity for continuance of his restraint; as is provided in subsection (1) of this section with respect to persons committed by the courts of this state. Consent is hereby given to the application of the law of the committing state or district in respect to the authority of the chief officer of any hospital of the veterans administration, or of any institution operated in this state by any other agency of the United States to retain custody, or transfer, parole or discharge the committed person.

(3) Upon receipt of a certificate of the veterans administration or such other agency of the United States that facilities are available for the care or treatment of any person heretofore committed to any hospital for the insane or other institution for the care or treatment of persons similarly afflicted and that such person is eligible for care or treatment, the superintendent of the institution may cause the transfer of such person to the veterans administration or other agency of the United States for care or treatment. Upon effecting any such transfer, the committing court or proper officer thereof shall be notified thereof by the transferring agency. No person shall be transferred to the veterans administration or other agency of the United States if he be confined pursuant to conviction of any felony or misdemeanor or if he has been acquitted of the charge solely on the ground of insanity, unless prior to transfer the court or other authority originally committing such person shall enter an order for such transfer after appropriate motion and hearing.

Any person transferred as provided in this section shall be deemed to be committed to the veterans administration or other agency of the United States pursuant to the original commitment. [1951 c 53 § 18. Formerly RCW 71.02.700 through 71.02.720.]

73.36.170 Application of chapter to other guardianships of veterans. The provisions of this chapter relating to surety bonds and the administration of estates of wards shall apply to all "income" and "estate" as defined in RCW 73.36.010 whether the guardian shall have been appointed under this chapter or under any other law of this state, special or general, prior or subsequent to the enactment hereof. [1951 c 53 § 21.]

73.36.180 Construction of chapter—Uniformity. This chapter shall be so construed to make uniform the law of those states which enact it. [1951 c 53 § 19.]

73.36.190 Short title. This chapter may be cited as the "uniform veterans' guardianship act". [1951 c 53 § 20.]

74.04.005 Definitions—Eligibility for assistance. For the purposes of this title, unless the context indicates otherwise, the following definitions shall apply:

(1) "Public assistance" or "assistance"—Public aid to persons in need thereof for any cause, including services, medical care, assistance grants, disbursing orders, work relief, general assistance and federal-aid assistance.

(2) "Department"—The department of social and health services.

(3) "County or local office"—The administrative office for one or more counties or designated service areas.

(4) "Director" or "secretary" means the secretary of social and health services.

(5) "Federal-aid assistance"—The specific categories of assistance for which provision is made in any federal law existing or hereafter passed by which payments are made from the federal government to the state in aid or in respect to payment by the state for public assistance rendered to any category of needy persons for which provision for federal funds or aid may from time to time be made, or a federally administered needs-based program.

(6)(a) "General assistance"—Aid to persons in need who:

(i) Are not eligible to receive federal-aid assistance, other than food stamps and medical assistance; however, an individual who refuses or fails to cooperate in obtaining federal-aid assistance, without good cause, is not eligible for general assistance;

(ii) Meet one of the following conditions:

(A) Pregnant: PROVIDED, That need is based on the current income and resource requirements of the federal aid to families with dependent children program: PROVIDED FURTHER, That during any period in which an aid for dependent children employable program is not in operation, only those pregnant women who are categorically eligible for medicaid are eligible for general assistance; or

(B) Subject to chapter 165, Laws of 1992, incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ninety days as determined by the department.

(C) Persons who are unemployable due to alcohol or drug addiction are not eligible for general assistance. Persons receiving general assistance on July 26, 1987, or becoming eligible for such assistance thereafter, due to an alcohol or drug-related incapacity, shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter

74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. Alcoholic and drug addicted clients who are receiving general assistance on July 26, 1987, may remain on general assistance if they otherwise retain their eligibility until they are assessed for services under chapter 74.50 RCW. Subsection (6)(a)(ii)(B) of this section shall not be construed to prohibit the department from granting general assistance benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the general assistance program;

(iii) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law; and

(iv) Have furnished the department their social security account number. If the social security account number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of assistance, and the social security number shall be provided to the department upon receipt.

(b) Notwithstanding the provisions of subsection (6)(a)(i), (ii), and (c) of this section, general assistance shall be provided to the following recipients of federal-aid assistance:

(i) Recipients of supplemental security income whose need, as defined in this section, is not met by such supplemental security income grant because of separation from a spouse; or

(ii) To the extent authorized by the legislature in the biennial appropriations act, to recipients of aid to families with dependent children whose needs are not being met because of a temporary reduction in monthly income below the entitled benefit payment level caused by loss or reduction of wages or unemployment compensation benefits or some other unforeseen circumstances. The amount of general assistance authorized shall not exceed the difference between the entitled benefit payment level and the amount of income actually received.

(c) General assistance shall be provided only to persons who are not members of assistance units receiving federal aid assistance, except as provided in subsection (6)(a)(ii)(A) and (b) of this section, and will accept available services which can reasonably be expected to enable the person to work or reduce the need for assistance unless there is good cause to refuse. Failure to accept such services shall result in termination until the person agrees to cooperate in accepting such services and subject to the following maximum periods of ineligibility after reapplication:

(i) First failure: One week;

(ii) Second failure within six months: One month;

(iii) Third and subsequent failure within one year: Two months.

(d) Persons found eligible for general assistance based on incapacity from gainful employment may, if otherwise eligible, receive general assistance pending application for federal supplemental security income benefits. Any general assistance that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(e) The department shall adopt by rule medical criteria for general assistance eligibility to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information.

(f) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(g) Recipients of general assistance based upon a finding of incapacity from gainful employment who remain otherwise eligible shall not have their benefits terminated absent a clear showing of material improvement in their medical or mental condition or specific error in the prior determination that found the recipient eligible by reason of incapacitation. Recipients of general assistance based upon pregnancy who relinquish their child for adoption, remain otherwise eligible, and are not eligible to receive benefits under the federal aid to families with dependent children program shall not have their benefits terminated until the end of the month in which the period of six weeks following the birth of the recipient's child falls. Recipients of the federal aid to families with dependent children program who lose their eligibility solely because of the birth and relinquishment of the qualifying child may receive general assistance through the end of the month in which the period of six weeks following the birth of the child falls.

(7) "Applicant"—Any person who has made a request, or on behalf of whom a request has been made, to any county or local office for assistance.

(8) "Recipient"—Any person receiving assistance and in addition those dependents whose needs are included in the recipient's assistance.

(9) "Standards of assistance"—The level of income required by an applicant or recipient to maintain a level of living specified by the department.

(10) "Resource"—Any asset, tangible or intangible, owned by or available to the applicant at the time of application, which can be applied toward meeting the applicant's need, either directly or by conversion into money or its equivalent: PROVIDED, That an applicant may retain the following described resources and not be ineligible for public assistance because of such resources.

(a) A home, which is defined as real property owned and used by an applicant or recipient as a place of residence, together with a reasonable amount of property surrounding and contiguous thereto, which is used by and useful to the applicant. Whenever a recipient shall cease to use such property for residential purposes, either for himself or his dependents, the property shall be considered as a resource which can be made available to meet need, and if the recipient or his dependents absent themselves from the home for a period of ninety consecutive days such absence, unless due to hospitalization or health reasons or a natural disaster, shall raise a rebuttable presumption of abandonment: PROVIDED, That if in the opinion of three physicians the recipient will be unable to return to the home during his lifetime, and the home is not occupied by a spouse or dependent children or disabled sons or daughters, such property shall be considered as a resource which can be made available to meet need.

(b) Household furnishings and personal effects and other personal property having great sentimental value to the applicant or recipient, as limited by the department consistent with limitations on resources and exemptions for federal aid assistance.

(c) A motor vehicle, other than a motor home, used and useful having an equity value not to exceed one thousand five hundred dollars.

(d) All other resources, including any excess of values exempted, not to exceed one thousand dollars or other limit as set by the department, to be consistent with limitations on resources and exemptions necessary for federal aid assistance.

(e) Applicants for or recipients of general assistance shall have their eligibility based on resource limitations consistent with the aid to families with dependent children program rules adopted by the department.

(f) If an applicant for or recipient of public assistance possesses property and belongings in excess of the ceiling value, such value shall be used in determining the need of the applicant or recipient, except that: (i) The department may exempt resources or income when the income and resources are determined necessary to the applicant's or recipient's restoration to independence, to decrease the need for public assistance, or to aid in rehabilitating the applicant or recipient or a dependent of the applicant or recipient; and (ii) the department may provide grant assistance for a period not to exceed nine months from the date the agreement is signed pursuant to this section to persons who are otherwise ineligible because of excess real property owned by such persons when they are making a good faith effort to dispose of that property: PROVIDED, That:

(A) The applicant or recipient signs an agreement to repay the lesser of the amount of aid received or the net proceeds of such sale;

(B) If the owner of the excess property ceases to make good faith efforts to sell the property, the entire amount of assistance may become an overpayment and a debt due the state and may be recovered pursuant to RCW 43.20B.630;

(C) Applicants and recipients are advised of their right to a fair hearing and afforded the opportunity to challenge a decision that good faith efforts to sell have ceased, prior to assessment of an overpayment under this section; and

(D) At the time assistance is authorized, the department files a lien without a sum certain on the specific property.

(11) "Income"—(a) All appreciable gains in real or personal property (cash or kind) or other assets, which are received by or become available for use and enjoyment by an applicant or recipient during the month of application or after applying for or receiving public assistance. The department may by rule and regulation exempt income received by an applicant for or recipient of public assistance which can be used by him to decrease his need for public assistance or to aid in rehabilitating him or his dependents, but such exemption shall not, unless otherwise provided in this title, exceed the exemptions of resources granted under this chapter to an applicant for public assistance. In determining the amount of assistance to which an applicant or recipient of aid to families with dependent children is entitled, the department is hereby authorized to disregard as a resource or income the earned income exemptions consistent with federal requirements. The department may permit

the above exemption of earnings of a child to be retained by such child to cover the cost of special future identifiable needs even though the total exceeds the exemptions or resources granted to applicants and recipients of public assistance, but consistent with federal requirements. In formulating rules and regulations pursuant to this chapter, the department shall define income and resources and the availability thereof, consistent with federal requirements. All resources and income not specifically exempted, and any income or other economic benefit derived from the use of, or appreciation in value of, exempt resources, shall be considered in determining the need of an applicant or recipient of public assistance.

(b) If, under applicable federal requirements, the state has the option of considering property in the form of lump sum compensatory awards or related settlements received by an applicant or recipient as income or as a resource, the department shall consider such property to be a resource.

(12) "Need"—The difference between the applicant's or recipient's standards of assistance for himself and the dependent members of his family, as measured by the standards of the department, and value of all nonexempt resources and nonexempt income received by or available to the applicant or recipient and the dependent members of his family.

A current or former recipient who is aggrieved by a department claim that he or she owes a debt for an overpayment of assistance or food stamps, or both, has the right to an adjudicative proceeding.

(b) An applicant or recipient has no right to an adjudicative proceeding when the sole basis for the department's decision is a state or federal law that requires an assistance adjustment for a class of recipients.

(2) The adjudicative proceeding is governed by the Administrative Procedure Act, chapter 34.05 RCW, and this subsection.

(a) The applicant or recipient must file the application for an adjudicative proceeding with the secretary within ninety days after receiving notice of the aggrieving decision.

(b) The hearing shall be conducted at the local community services office or other location in Washington convenient to the appellant.

(c) The appellant or his or her representative has the right to inspect his or her department file and, upon request, to receive copies of department documents relevant to the proceedings free of charge.

(d) The appellant has the right to a copy of the tape recording of the hearing free of charge.

(e) The department is limited to recovering an overpayment arising from assistance being continued pending the adjudicative proceeding to the amount recoverable up to the sixtieth day after the secretary's receipt of the application for an adjudicative proceeding.

(f) If the final adjudicative order is made in favor of the appellant, assistance shall be paid from the date of denial of the application for assistance or thirty days following the date of application for aid to families with dependent children or forty-five days after date of application for all other programs, whichever is sooner; or in the case of a recipient, from the effective date of the local community services office decision.

(g) This subsection applies only to an adjudicative proceeding in which the appellant is an applicant for or recipient of medical assistance or the limited casualty program for the medically needy and the issue is his or her eligibility or ineligibility due to the assignment or transfer of a resource. The burden is on the department to prove by a preponderance of the evidence that the person knowingly and willingly assigned or transferred the resource at less than market value for the purpose of qualifying or continuing to qualify for medical assistance or the limited casualty program for the medically needy. If the prevailing party in the adjudicative proceeding is the applicant or recipient, he or she is entitled to reasonable attorney's fees.

(3)(a) When a person files a petition for judicial review as provided in RCW 34.05.514 of an adjudicative order entered in a public assistance program, no filing fee shall be collected from the person and no bond shall be required on any appeal. In the event that the superior court, the court of appeals, or the supreme court renders a decision in favor of the appellant, said appellant shall be entitled to reasonable attorney's fees and costs. If a decision of the court is made in favor of the appellant, assistance shall be paid from date of the denial of the application for assistance or thirty days after the application for aid to families with dependent children or forty-five days following the date of application, whichever is sooner; or in the case of a recipient, from the effective date of the local community services office decision. shall be administered uniformly throughout the state, and that the spirit and purpose of this title may be complied with. The department shall have the power to compel compliance with the rules and regulations established by it. Such rules and regulations shall be filed in accordance with the Administrative Procedure Act, as it is now or hereafter amended, and copies shall be available for public inspection in the office of the department and in each county office. Proof of age and length of residence in the state of any applicant may be established as provided by the rules and regulations of the department: PROVIDED, That if an applicant is unable to establish proof of age or length of residence in the state by any other method he may make a statement under oath of his age on the date of application or the length of his residence in the state, before any judge of the superior court, any judge of the court of appeals, or any justice of the supreme court of the state of Washington, and such statement shall constitute sufficient proof of age of applicant or of length of residence in the state: PROVIDED HOWEVER, That any applicant who wilfully makes a false statement as to his age or length of residence in the state under oath before a judge of the superior court, a judge of the court of appeals, or a justice of the supreme court, as provided above, shall be guilty of a felony. [1971 c 81 § 137; 1959 c 26 § 74.08.100. Prior: 1949 c 6 § 11; Rem. Supp. 1949 § 9998-33k.]

74.08.105 Out-of-state recipients. No assistance payments shall be made to recipients living outside the state of Washington unless in the discretion of the secretary there is sound social reason for such out-of-state payments: PROVIDED, That the period for making such payments when authorized shall not exceed the length of time required to satisfy the residence requirements in the other state in order to be eligible for a grant in the same category of assistance as the recipient was eligible to receive in Washington. [1979 c 141 § 325; 1959 c 26 § 74.08.105. Prior: 1953 c 174 § 39.]

and if the assets are resources permitted to be owned by or available to an eligible applicant or recipient under RCW 74.04.005, and the department shall thereby have a lien against said assets as provided in RCW 43.20B.120. If the deceased person is survived by a spouse or is a minor child survived by his parent or parents, the department may take into consideration the assets of such surviving spouse, parent, or parents in determining whether or not the department will assume responsibility for the funeral, or disposition costs.

The department shall not pay more than cost for a minimum standard service rendered by each vendor. Payments to the funeral director and to the cemetery or crematorium will be made by separate vouchers. The standard of such services and the uniform amounts to be paid shall be determined by the department after giving due consideration to such advice and counsel as it shall obtain from the trade associations of the various vendors and related state departments, agencies, and commissions. Payment made for any funeral, transportation, or burial service by relatives, friends, or any other third party above a donation level established by the department shall be subtracted from the payment made by the department. title. [1959 c 26 § 74.08.260. Prior: 1949 c 6 § 17; Rem. Supp. 1949 § 9998-33q.]

74.08.278 Central operating fund established. In order to comply with federal statutes and regulations pertaining to federal matching funds and to provide for the prompt payment of initial grants and adjusting payments of grants the secretary is authorized to make provisions for the cash payment of assistance by the secretary or county administrators by the establishment of a central operating fund. The secretary may establish such a fund with the approval of the state auditor from moneys appropriated to the department for the payment of general assistance in a sum not to exceed one million dollars. Such funds shall be deposited as agreed upon by the secretary and the state auditor in accordance with the laws regulating the deposits of public funds. Such security shall be required of the depository in connection with the fund as the state treasurer may prescribe. Moneys remaining in the fund shall be returned to the general fund at the end of the biennium, or an accounting of proper expenditures from the fund shall be made to the state auditor. All expenditures from such central operating fund shall be reimbursed out of and charged to the proper program appropriated by the use of such forms and vouchers as are approved by the secretary of the department and the state auditor. Expenditures from such fund shall be audited by the director of financial management and the state auditor from time to time and a report shall be made by the state auditor and the secretary as are required by law. [1979 c 141 § 327; 1959 c 26 § 74.08.278. Prior: 1953 c 174 § 42; 1951 c 261 § 1.]

74.08.280 Payments to persons incapable of self-care—Protective payee services. If any person receiving public assistance has demonstrated an inability to care for oneself or for money, the department may direct the payment of the installments of public assistance to any responsible person, social service agency, or corporation or to a legally appointed guardian for his benefit. The state may contract with persons, social service agencies, or corporations approved by the department to provide protective payee services for a fixed amount per recipient receiving protective payee services to cover administrative costs. The department may by rule specify a fee to cover administrative costs. Such fee shall not be withheld from a recipient's grant.

If the state requires the appointment of a guardian for this purpose, the department shall pay all costs and reasonable fees as fixed by the court. [1987 c 406 § 10; 1979 c 141 § 328; 1959 c 26 § 74.08.280. Prior: 1953 c 174 § 40; 1937 c 156 § 7; 1935 c 182 § 10; RRS § 9998-10.]

74.08.283 Services provided to attain self-care. The department is authorized to provide such social and related services as are reasonably necessary to the end that applicants for or recipients of public assistance are helped to attain self-care. [1963 c 228 § 16; 1959 c 26 § 74.08.283. Prior: 1957 c 63 § 6.]

74.08.290 Suspension of payments. The department is hereby authorized to suspend temporarily the public

assistance granted to any person for any period during which such person is not in need thereof.

If a recipient is convicted of any crime or offense, and punished by imprisonment, no payment shall be made during the period of imprisonment. [1959 c 26 § 74.08.290. Prior: 1953 c 174 § 38; 1935 c 182 § 12; RRS § 9998-12.]

74.08.331 Unlawful practices—Obtaining assistance—Disposal of realty—Penalties. Any person who by means of a willfully false statement, or representation, or impersonation, or a willful failure to reveal any material fact, condition or circumstance affecting eligibility of need for assistance, including medical care, surplus commodities and food stamps, as required by law, or a willful failure to promptly notify the county office in writing as required by law or any change in status in respect to resources, or income, or need, or family composition, money contribution and other support, from whatever source derived, or any other change in circumstances affecting the person's eligibility or need for assistance, or other fraudulent device, obtains, or attempts to obtain, or aids or abets any person to obtain any public assistance to which the person is not entitled or greater public assistance than that to which he or she is justly entitled shall be guilty of grand larceny and upon conviction thereof shall be punished by imprisonment in a state correctional facility for not more than fifteen years.

Any person who by means of a willfully false statement or representation or by impersonation or other fraudulent device aids or abets in buying, selling, or in any other way disposing of the real property of a recipient of public assistance without the consent of the secretary shall be guilty of a gross misdemeanor and upon conviction thereof shall be punished by imprisonment for not more than one year in the county jail or a fine of not to exceed one thousand dollars or by both. [1992 c 7 § 59; 1979 c 141 § 329; 1965 ex.s. c 34 § 1.]

74.08.335 Transfers of property to qualify for assistance. Aid to families with dependent children and general assistance shall not be granted to any person who has made an assignment or transfer of property for the purpose of rendering himself eligible for the assistance. There is a rebuttable presumption that a person who has transferred or transfers any real or personal property or any interest in property within two years of the date of application for the assistance without receiving adequate monetary consideration therefor, did so for the purpose of rendering himself eligible for the assistance. Any person who transfers property for the purpose of rendering himself eligible for assistance, or any person who after becoming a recipient transfers any property or any interest in property without the consent of the secretary, shall be ineligible for assistance for a period of time during which the reasonable value of the property so transferred would have been adequate to meet the person's needs under normal conditions of living: PROVIDED, That the secretary is hereby authorized to allow exceptions in cases where undue hardship would result from a denial of assistance. [1980 c 79 § 2; 1979 c 141 § 330; 1959 c 26 § 74.08.335. Prior: 1953 c 174 § 33.]

74.08.338 Real property transfers for inadequate consideration. When the consideration for a deed executed and delivered by a recipient is not paid, or when the consideration does not approximate the fair cash market value of the property, such deed shall be prima facie fraudulent as to the state and the department may proceed under RCW 43.20B.660. [1987 c 75 § 40; 1979 c 141 § 331; 1959 c 26 § 74.08.338. Prior: 1953 c 174 § 37.]

Savings—Severability—1987 c 75: See RCW 43.20B.900 and 43.20B.901.

74.08.340 No vested rights conferred. All assistance granted under this title shall be deemed to be granted and to be held subject to the provisions of any amending or repealing act that may hereafter be enacted, and no recipient shall have any claim for compensation, or otherwise, by reason of his assistance being affected in any way by such amending or repealing act. [1959 c 26 § 74.08.340. Prior: 1935 c 182 § 21; RRS § 9998-21.]

74.08.370 Old age assistance grants charged against general fund. All old age assistance grants under this title shall be a charge against and payable out of the general fund of the state. Payment thereof shall be by warrant drawn upon vouchers duly prepared and verified by the secretary of the department of social and health services or his official representative. [1973 c 106 § 33; 1959 c 26 § 74.08.370. Prior: 1935 c 182 § 24; RRS § 9998-24. FORMER PART OF SECTION: 1935 c 182 § 25; RRS § 9998-25, now codified as RCW 74.08.375.]

74.08.380 Acceptance of federal act. The state hereby accepts the provisions of that certain act of the congress of the United States entitled, An Act to provide for the general welfare by establishing a system of federal old age benefits, and by enabling the several states to make more adequate provisions for aged persons, blind persons, dependent and crippled children, maternal and child welfare, public health, and the administration of their unemployment compensation laws; to establish a social security board; to raise revenue; and for other purposes, and such other act with like or similar objects as may be enacted. [1959 c 26 § 74.08.380. Prior: 1937 c 156 § 12; 1935 c 182 § 26; RRS § 9998-26.]

74.08.390 Research, projects, to effect savings by restoring self-support—Waiver of public assistance requirements. The department of social and health services may conduct research studies, pilot projects, demonstration projects, surveys and investigations for the purpose of determining methods to achieve savings in public assistance programs by means of restoring individuals to maximum self-support and personal independence and preventing social and physical disablement, and for the accomplishment of any of such purposes may employ consultants or enter into contracts with any agency of the federal, state or local governments, nonprofit corporations, universities or foundations.

Pursuant to this authority the department may waive the enforcement of specific statutory requirements, regulations, and standards in one or more counties or on a state-wide

basis by formal order of the secretary. The order establishing the waiver shall provide alternative methods and procedures of administration, shall not be in conflict with the basic purposes, coverage, or benefits provided by law, shall not be general in scope but shall apply only for the duration of such a project and shall not take effect unless the secretary of health, education and welfare of the United States has agreed, for the same project, to waive the public assistance plan requirements relative to state-wide uniformity. [1979 c 141 § 332; 1969 ex.s. c 173 § 7; 1963 c 228 § 17.]

74.08.530 Homemaker-home health, chore, and personal and household services—Legislative finding, intent. The legislature finds that it is desirable to provide a coordinated and comprehensive program of in-home services for certain citizens in order that such persons may remain in their own homes, obtain employment if possible, and maintain a closer contact with the community. Such a program will seek to prevent mental and psychological deterioration which our citizens might otherwise experience. The legislature intends that the services will be provided in a fashion which promotes independent living. [1980 c 137 § 1; 1973 1st ex.s. c 51 § 1.]

74.08.541 Definitions—Chore services—Generally. (1) "Department" as used in this chapter, means the department of social and health services.

(2) "Long-term care facility" as used in this chapter, means a nursing home licensed under chapter 18.51 RCW or a residential habilitation center licensed under chapter 71A.20 RCW.

(3) "Chore services," as used in this chapter, means services in performing personal care and related tasks as provided in the department's medical assistance state plan provision addressing personal care.

(4) Persons eligible for chore services are adult persons having resources less than a level determined by the department, whose need for chore services and risk of being placed in a long-term care facility have been determined by the department, and who are not eligible to receive medical assistance personal care benefits under RCW 74.09.520.

(a) Persons are eligible for the level of services determined by the department under RCW 74.08.545 if the persons have an income at or below thirty percent of the state median income.

(b) For other persons, the department shall develop a scale which progressively reduces the level of chore services provided by the department based on the ability of applicants and clients to purchase the chore services. The department shall not consider income below thirty percent of the state median income.

(c) Effort shall be made to obtain chore services from volunteer chore service providers under the senior citizens services act, chapter 74.38 RCW, for those individuals at risk of being placed in a residential care facility and who are age sixty or over but eligible for five hours of chore services per month or less, rather than have those services provided by paid providers. Any individual at risk of being placed in a residential care facility and who is age sixty or over but not eligible for chore services or eligible for a reduced amount of service shall be referred to a volunteer chore

service program under the senior citizens services act, chapter 74.38 RCW, where available for needed services not authorized by the department.

(d) Persons determined by the department to be eligible for adult protective services are eligible to receive emergency chore services without regard to income if the services are essential to, and a subordinate part of, the adult protective services plan. Emergency chore services under adult protective services shall be provided only until the situation necessitating the services has stabilized, not to exceed ninety days.

(5) The department shall establish a monthly dollar lid on chore services expenditures as necessary to maintain such expenditures within the legislative appropriation. To maintain expenditures for chore services within the limits of funds appropriated for this purpose, the department may reduce the level of services authorized below the level of need assessed pursuant to RCW 74.08.545 for some or all clients. The reductions shall be done in a manner which maintains state-wide uniformity of eligibility and service authorization standards and which considers the level of need for services and the degree of risk of being placed in a long-term care facility of all applicants for, and recipients of, chore services: PROVIDED, That the department may implement a ratable reduction of hours or payment for some or all clients receiving chore services.

(6) The department may continue providing chore services for those clients who were receiving assistance only with household tasks prior to December 14, 1987, provided that those clients are receiving this same service as of June 1989.

(7) The department may continue providing chore services to clients who were receiving attendant care services prior to April 1, 1988, provided that those clients are receiving the same services as of June 1989. [1989 c 427 § 4; 1986 c 222 § 1; 1983 1st ex.s. c 41 § 39; 1981 1st ex.s. c 6 § 17.]

Severability—1989 c 427: See RCW 74.39.900.

74.08.545 Chore services—Legislative policy and intent regarding available funds—Levels of service. It is the intent of the legislature that chore services be provided to eligible persons within the limits of funds appropriated for that purpose. Therefore, the department shall provide services only to those persons identified as at risk of being placed in a long-term care facility in the absence of such services. Chore services shall be provided to the extent necessary to maintain a safe and healthful living environment. It is the policy of the state to encourage the development of volunteer chore services in local communities as a means of meeting chore care service needs and directing financial resources. In determining eligibility for chore services, the department shall consider the following:

(1) The kind of services needed;

(2) The degree of service need, and the extent to which an individual is dependent upon such services to remain in his or her home or return to his or her home;

(3) The availability of personal or community resources which may be utilized to meet the individual's need; and

(4) Such other factors as the department considers necessary to insure service is provided only to those persons whose chore service needs cannot be met by relatives, friends, nonprofit organizations, or other persons.

In determining the level of services to be provided under this chapter, [the] client shall be assessed using an instrument designed by the department to determine the level of functional disability, the need for service and the person's risk of long-term care facility placement. [1989 c 427 § 5; 1981 1st ex.s. c 6 § 16.]

Severability—1989 c 427: See RCW 74.39.900.

Effective date—Severability—1981 1st ex.s. c 6: See notes following RCW 74.04.005.

74.08.550 Chore services—Department to develop program. (1) The department is authorized to develop a program to provide for those services enumerated in RCW 74.08.541.

(2) The department may provide assistance in the recruiting of providers of the services enumerated in RCW 74.08.541 and seek to assure the timely provision of services in emergency situations.

(3) The department shall assure that all providers of the services enumerated in RCW 74.08.541 are compensated for the delivery of the services on a prompt and regular basis. [1989 c 427 § 6; 1983 c 3 § 189; 1980 c 137 § 2; 1973 1st ex.s. c 51 § 3.]

Severability—1989 c 427: See RCW 74.39.900.

74.08.560 Chore services—Employment of public assistance recipients. In developing the program set forth in RCW 74.08.550, the department shall, to the extent possible, and consistent with federal law, enlist the services of persons receiving grants under the provisions of chapter 74.08 RCW and chapter 74.12 RCW to carry out the services enumerated under RCW 74.08.541. To this end, the department shall establish appropriate rules and regulations designed to determine eligibility for employment under this section, as well as regulations designed to notify persons receiving such grants of eligibility for such employment. The department shall further establish a system of compensation to persons employed under the provisions of this section which provides that any grants they receive under chapter 74.08 RCW or chapter 74.12 RCW shall be diminished by such percentage of the compensation received under this section as the department shall establish by rules and regulations. [1983 c 3 § 190; 1973 1st ex.s. c 51 § 4.]

74.08.570 Chore services for disabled persons—Eligibility. (1) An otherwise eligible disabled person shall not be deemed ineligible for chore services under this chapter if the person's gross income from employment, adjusted downward by the cost of the chore services to be provided and the disabled person's work expenses, does not exceed the maximum eligibility standard established by the department for such chore services. The department shall establish a sliding scale fee schedule for such disabled persons, taking into consideration the person's ability to pay and work expenses.

(2) If a disabled person arranges for chore services through an individual provider arrangement, the client's contribution shall be counted as first dollar toward the total amount owed to the provider for chore services rendered.

(3) As used in this section:

(a) "Gross income" means total earned wages, commissions, salary, and any bonus;

(b) "Work expenses" includes:

(i) Payroll deductions required by law or as a condition of employment, in amounts actually withheld;

(ii) The necessary cost of transportation to and from the place of employment by the most economical means, except rental cars; and

(iii) Expenses of employment necessary for continued employment, such as tools, materials, union dues, transportation to service customers if not furnished by the employer, and uniforms and clothing needed on the job and not suitable for wear away from the job;

(c) "Employment" means any work activity for which a recipient receives monetary compensation;

(d) "Disabled" means:

(i) Permanently and totally disabled as defined by the department and as such definition is approved by the federal social security administration for federal matching funds;

(ii) Eighteen years of age or older;

(iii) A resident of the state of Washington; and

74.08.900 Limited application. Nothing in this chapter except RCW 74.08.070 and 74.08.080 applies to chapter 74.50 RCW. [1989 c 3 § 3.]

[1979 ex.s. c 152 § 11.]

74.09.405 Children's health program—Purpose. It is the purpose of RCW 74.09.405 through 74.09.435 and 74.09.010 to provide, consistent with appropriated funds, health care access and services to children in poverty in this state. To this end, a children's health program is established based on the following principles:

(1) Access to preventive and other health care services should be made more readily available for children in poverty.

(2) Unnecessary barriers to health care for children in poverty should be removed.

(3) The status of children's health and their access to health care providers should be evaluated at appropriate intervals to determine program effectiveness and need for modification.

(4) Health care services should be delivered in a cost-effective manner.

(5) The program should be sensitive to cultural and ethnic differences among children in poverty. [1990 c 296 § 1.]

Effective date—1990 c 296: "This act shall take effect July 1, 1990." [1990 c 296 § 9.]

74.09.415 Children's health program established.

(1) There is hereby established a program to be known as the children's health program.

To the extent of available funds:

(a) Health care services may be provided to persons who are under eighteen years of age with household incomes at or below the federal poverty level and not otherwise eligible for medical assistance or the limited casualty program for the medically needy.

(b) The determination of eligibility of recipients for health care services shall be the responsibility of the department. The application process shall be easy to understand and, to the extent possible, applications shall be made available at local schools and other appropriate locations. The department shall make eligibility determinations within the timeframes for establishing eligibility for children on medical assistance, as defined by RCW 74.09.510.

(c) The amount, scope, and duration of health care services provided to eligible children under the children's health program shall be the same as that provided to children under medical assistance, as defined in RCW 74.09.520.

(2) The legislature is interested in assessing the effectiveness of the prenatal care program. However, the legislature recognizes the cost and complexity associated with such assessment.

The legislature accepts the effectiveness of prenatal and maternity care at improving birth outcomes when these services are received by eligible persons. Therefore, the legislature intends to focus scarce assessment resources to determine the extent to which support services such as child care, psychosocial and nutritional assessment and counseling, case management, transportation, and other support services authorized by *this act result in receipt of prenatal and maternity care by eligible persons.

The University of Washington shall conduct a study, based on a statistically significant state-wide sampling of data, to evaluate the effectiveness of the maternity care access program set forth in RCW 74.09.760 through 74.09.820 based on the principles set forth in RCW 74.09.770.

The University of Washington shall develop a plan and budget for the study in consultation with the legislative budget committee. The legislative budget committee shall also monitor the progress of the study.

The department of social and health services shall make data and other information available as needed to the University of Washington as required to conduct this study.

The study shall determine:

(a) The characteristics of women receiving services, including health risk factors;

(b) The extent to which access to maternity care and support services have improved in this state as a result of this program;

(c) The utilization of services and birth outcomes for women and infants served by this program by type of practitioner;

(d) The extent to which birth outcomes for women receiving services under this program have improved in comparison to birth outcomes of nonmedicaid mothers;

(e) The impact of increased medicaid reimbursement to physicians on provider participation;

(f) The difference between costs for services provided under this program and medicaid reimbursement for the services;

(g) The gaps in services, if any, that may still exist for women and their infants as defined by RCW 74.09.790 (1) and (4) served by this program, excluding pregnant substance abusers, and women covered by private health insurance; and

(h) The number and mix of services provided to eligible women as defined by subsection (2)(g) of this section and the effect on birth outcomes as compared to nonmedicaid birth outcomes.

Results of the study shall be submitted to the legislative budget committee and appropriate committees of the legislature, by December 1 of each year through December 1, 1994, beginning with December 1, 1991. [1990 c 296 § 2.]

74.09.522 Medical assistance—Agreements with managed health care systems required for services to recipients of aid to families with dependent children. (1) For the purposes of this section, "managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insuring organizations, or any combination thereof, that provides directly or by contract health care services covered under RCW 74.09.520 and rendered by licensed providers, on a prepaid capitated case management basis and that meets the requirements of section 1903(m)(1)(A) of Title XIX of the federal social security act.

(2) No later than July 1, 1991, the department of social and health services shall enter into agreements with managed health care systems to provide health care services to recipients of aid to families with dependent children under the following conditions:

(a) Agreements shall be made for at least thirty thousand recipients state-wide;

(b) Agreements in at least one county shall include enrollment of all recipients of aid to families with dependent children;

(c) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, recipients shall have a choice of systems in which to enroll and shall have the right to terminate their enrollment in a system: PROVIDED, That the department may limit recipient termination of enrollment without cause to the first month of a period of enrollment, which period shall not exceed six months: AND PROVIDED FURTHER, That the department shall not restrict a recipient's right to terminate enrollment in a system for cause;

(d) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except that this subsection (d) shall not apply to entities described in subparagraph (B) of section 1903(m) of Title XIX of the federal social security act;

(e) Prior to negotiating with any managed health care system, the department shall estimate, on an actuarially sound basis, the expected cost of providing the health care services expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different project areas. In negotiating with managed health care systems the department shall adopt a uniform procedure to negotiate and enter into contractual arrangements, including standards regarding the quality of services to be provided; and financial integrity of the responding system;

(f) The department shall seek waivers from federal requirements as necessary to implement this chapter;

(g) The department shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the department

may enter into prepaid capitation contracts that do not include inpatient care;

(h) The department shall define those circumstances under which a managed health care system is responsible for out-of-system services and assure that recipients shall not be charged for such services; and

(i) Nothing in this section prevents the department from entering into similar agreements for other groups of people eligible to receive services under chapter 74.09 RCW.

(3) The department shall seek to obtain a large number of contracts with providers of health services to medicaid recipients. The department shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate in the project as managed health care systems are seriously considered as providers in the project. The department shall coordinate these projects with the plans developed under chapter 70.47 RCW.

(4) The department shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs. MATERNITY CARE ACCESS PROGRAM

74.09.760 Short title—1989 1st ex.s. c 10. *This act may be known and cited as the "maternity care access act of 1989." [1989 1st ex.s. c 10 § 1.]

***Reviser's note:** "This act" consists of the enactment of RCW 74.09.760 through 74.09.820, the 1989 1st ex.s. c 10 amendment to RCW 74.09.510, and several uncodified sections.

74.09.770 Maternity care access system established. (1) The legislature finds that Washington state and the nation as a whole have a high rate of infant illness and death compared with other industrialized nations. This is especial-

ly true for minority and low-income populations. Premature and low weight births have been directly linked to infant illness and death. The availability of adequate maternity care throughout the course of pregnancy has been identified as a major factor in reducing infant illness and death. Further, the investment in preventive health care programs, such as maternity care, contributes to the growth of a healthy and productive society and is a sound approach to health care cost containment. The legislature further finds that access to maternity care for low-income women in the state of Washington has declined significantly in recent years and has reached a crisis level.

(2) It is the purpose of this chapter [subchapter] to provide, consistent with appropriated funds, maternity care necessary to ensure healthy birth outcomes for low-income families. To this end, a maternity care access system is established based on the following principles:

(a) The family is the fundamental unit in our society and should be supported through public policy.

(b) Access to maternity care for eligible persons to ensure healthy birth outcomes should be made readily available in an expeditious manner through a single service entry point.

(c) Unnecessary barriers to maternity care for eligible persons should be removed.

(d) Access to preventive and other health care services should be available for low-income children.

(e) Each woman should be encouraged to and assisted in making her own informed decisions about her maternity care.

(f) Unnecessary barriers to the provision of maternity care by qualified health professionals should be removed.

(g) The system should be sensitive to cultural differences among eligible persons.

(h) To the extent possible, decisions about the scope, content, and delivery of services should be made at the local level involving a broad representation of community interests.

(i) The maternity care access system should be evaluated at appropriate intervals to determine effectiveness and need for modification.

(j) Maternity care services should be delivered in a cost-effective manner. [1989 1st ex.s. c 10 § 2.]

74.09.780 Reservation of legislative power. The legislature reserves the right to amend or repeal all or any part of this chapter [subchapter] at any time and there shall be no vested private right of any kind against such amendment or repeal. All rights, privileges, or immunities conferred by this chapter [subchapter] or any acts done pursuant thereto shall exist subject to the power of the legislature to amend or repeal this chapter [subchapter] at any time. [1989 1st ex.s. c 10 § 3.]

74.09.790 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 74.09.760 through 74.09.820 and 74.09.510:

(1) "At-risk eligible person" means an eligible person determined by the department to need special assistance in applying for and obtaining maternity care, including pregnant

women who are substance abusers, pregnant and parenting adolescents, pregnant minority women, and other eligible persons who need special assistance in gaining access to the maternity care system.

(2) "County authority" means the board of county commissioners, county council, or county executive having the authority to participate in the maternity care access program or its designee. Two or more county authorities may enter into joint agreements to fulfill the requirements of this chapter.

(3) "Department" means the department of social and health services.

(4) "Eligible person" means a woman in need of maternity care or a child, who is eligible for medical assistance pursuant to this chapter or the prenatal care program administered by the department.

(5) "Maternity care services" means inpatient and outpatient medical care, case management, and support services necessary during prenatal, delivery, and postpartum periods.

(6) "Support services" means, at least, public health nursing assessment and follow-up, health and childbirth education, psychological assessment and counseling, outreach services, nutritional assessment and counseling, needed vitamin and nonprescriptive drugs, transportation, and child care. Support services may include alcohol and substance abuse treatment for pregnant women who are addicted or at risk of being addicted to alcohol or drugs to the extent funds are made available for that purpose. [1990 c 151 § 4; 1989 1st ex.s. c 10 § 4.]

74.09.800 Maternity care access program established. The department shall, consistent with the state budget act, develop a maternity care access program designed to ensure healthy birth outcomes as follows:

(1) Provide maternity care services to low-income pregnant women and health care services to children in poverty to the maximum extent allowable under the medical assistance program, Title XIX of the federal social security act;

(2) Provide maternity care services to low-income women who are not eligible to receive such services under the medical assistance program, Title XIX of the federal social security act;

(3) By January 1, 1990, have the following procedures in place to improve access to maternity care services and eligibility determinations for pregnant women applying for maternity care services under the medical assistance program, Title XIX of the federal social security act:

(a) Use of a shortened and simplified application form;

(b) Outstationing department staff to make eligibility determinations;

(c) Establishing local plans at the county and regional level, coordinated by the department; and

(d) Conducting an interview for the purpose of determining medical assistance eligibility within five working days of the date of an application by a pregnant woman and making an eligibility determination within fifteen working days of the date of application by a pregnant woman;

(4) Establish a maternity care case management system that shall assist at-risk eligible persons with obtaining

medical assistance benefits and receiving maternity care services, including transportation and child care services;

(5) Within available resources, establish appropriate reimbursement levels for maternity care providers;

(6) Implement a broad-based public education program that stresses the importance of obtaining maternity care early during pregnancy;

(7) Study the desirability and feasibility of implementing the presumptive eligibility provisions set forth in section 9407 of the federal omnibus budget reconciliation act of 1986 and report to the appropriate committees of the legislature by December 1, 1989; and

(8) Refer persons eligible for maternity care services under the program established by this section to persons, agencies, or organizations with maternity care service practices that primarily emphasize healthy birth outcomes. [1989 1st ex.s. c 10 § 5.]

74.09.810 Alternative maternity care service delivery system established—Development and use of report. (1) The department shall establish an alternative maternity care service delivery system, if it determines that a county or a group of counties is a maternity care distressed area. A maternity care distressed area shall be defined by the department, in rule, as a county or a group of counties where eligible women are unable to obtain adequate maternity care. The department shall include the following factors in its determination:

(a) Higher than average percentage of eligible persons in the distressed area who receive late or no prenatal care;

(b) Higher than average percentage of eligible persons in the distressed area who go out of the area to receive maternity care;

(c) Lower than average percentage of obstetrical care providers in the distressed area who provide care to eligible persons;

(d) Higher than average percentage of infants born to eligible persons per obstetrical care provider in the distressed area; and

(e) Higher than average percentage of infants that are of low birth weight, five and one-half pounds or two thousand five hundred grams, born to eligible persons in the distressed area.

(2) If the department determines that a maternity care distressed area exists, it shall notify the relevant county authority. The county authority shall, within one hundred twenty days, submit a brief report to the department recommending remedial action. The report shall be prepared in consultation with the department and its local community service offices, the local public health officer, community health clinics, health care providers, hospitals, the business community, labor representatives, and low-income advocates in the distressed area. A county authority may contract with a local nonprofit entity to develop the report. If the county authority is unwilling or unable to develop the report, it shall notify the department within thirty days, and the department shall develop the report for the distressed area.

(3) The department shall review the report and use it, to the extent possible, in developing strategies to improve maternity care access in the distressed area. The department may contract with or directly employ qualified maternity

care health providers to provide maternity care services, if access to such providers in the distressed area is not possible by other means. In such cases, the department is authorized to pay that portion of the health care providers' malpractice liability insurance that represents the percentage of maternity care provided to eligible persons by that provider through increased medical assistance payments. [1989 1st ex.s. c 10 § 6.]

74.09.820 Loan repayment program. To the extent that federal matching funds are available, the department or the *department of health if one is created shall establish, in consultation with the health science programs of the state's colleges and universities, and community health clinics, a loan repayment program that will encourage maternity care providers to practice in medically underserved areas in exchange for repayment of part or all of their health education loans. [1989 1st ex.s. c 10 § 7.]

*Reviser's note: The department of health was created by 1989 1st ex.s. c 9.

74.09.850 Conflict with federal requirements. If any part of this chapter is found to conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this chapter is hereby declared to be inoperative solely to the extent of the conflict, and such finding or determination shall not affect the operation of the remainder of this chapter. [1981 2nd ex.s. c 3 § 7.]

Severability—1981 2nd ex.s. c 3: See note following RCW 74.09.510.

74.09.900 Other laws applicable. All the provisions of Title 74 RCW, not otherwise inconsistent herewith, shall apply to the provisions of this chapter. [1959 c 26 § 74.09.900. Prior: 1955 c 273 § 22.]

74.09.910 Severability—1979 ex.s. c 152. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1979 ex.s. c 152 § 12.]

74.12.010 Definitions. For the purposes of the administration of aid to families with dependent children assistance, the term "dependent child" means any child in need under the age of eighteen years who has been deprived of parental support or care by reason of the death, continued absence from the home, or physical or mental incapacity of the parent, and who is living with a relative as specified under federal aid to families with dependent children program requirements, in a place of residence maintained by one or more of such relatives as his or their homes. The term a "dependent child" shall, notwithstanding the foregoing, also include a child who would meet such requirements except for his removal from the home of a relative specified above as a result of a judicial determination that continuation therein would be contrary to the welfare of such child, for whose placement and care the state department of social and health services or the county office is responsible, and who has been placed in a licensed or approved child care institution or foster home as a result of such determination and who: (1) Was receiving an aid to families with dependent children grant for the month in which court proceedings leading to such determination were initiated; or (2) would have received aid to families with dependent children for such month if application had been made therefor; or (3) in the case of a child who had been living with a specified relative within six months prior to the month in which such proceedings were initiated, would have received aid to families with dependent children for such month if in such month he had been living with such a relative and application had been made therefor, as authorized by the Social Security Act: PROVIDED, That to the extent authorized by the legislature in the biennial appropriations act and to the extent that matching funds are available from the federal government, aid to families with dependent children assistance shall be available to any child in need who has been deprived of parental support or care by reason of the unemployment of a parent or stepparent liable under this chapter for support of the child.

"Aid to families with dependent children" means money payments, services, and remedial care with respect to a dependent child or dependent children and the needy parent or relative with whom the child lives and may include another parent or stepparent of the dependent child if living with the parent and if the child is a dependent child by reason of the physical or mental incapacity or unemployment of a parent or stepparent liable under this chapter for the support of such child. [1992 c 136 § 2; 1983 1st ex.s. c 41 § 40; 1981 1st ex.s. c 6 § 23; 1981 c 8 § 21; 1979 c 141 § 350; 1973 2nd ex.s. c 31 § 1; 1969 ex.s. c 173 § 13; 1965

Effective date—Severability—1981 1st ex.s. c 6: See notes following RCW 74.04.005.

74.12.030 Eligibility. In addition to meeting the eligibility requirements of RCW 74.08.025, as now or hereafter amended, an applicant for aid to families with dependent children must be a needy child who is a resident of the state of Washington. [1971 ex.s. c 169 § 6; 1963 c 228 § 19; 1959 c 26 § 74.12.030. Prior: 1953 c 174 § 23; 1941 c 242 § 2; 1937 c 114 § 4; Rem. Supp. 1941 § 9992-104.]

74.12.035 Additional eligibility requirements—Maximum monthly income—Participating in strike—Students. (1) A family or assistance unit is not eligible for aid for any month if for that month the total income of the family or assistance unit, without application of income disregards, exceeds one hundred eighty-five percent of the state standard of need for a family of the same composition: PROVIDED, That for the purposes of determining the total income of the family or assistance unit, the earned income of a dependent child who is a full-time student for whom aid to families with dependent children is being provided shall be disregarded for six months per calendar year.

(2) Participation in a strike does not constitute good cause to leave or to refuse to seek or accept employment. Assistance is not payable to a family for any month in which any caretaker relative with whom the child is living is, on the last day of the month, participating in a strike. An individual's need shall not be included in determining the amount of aid payable for any month to a family or assistance unit if, on the last day of the month, the individual is participating in a strike.

(3) Children over eighteen years of age and under nineteen years of age who are full-time students reasonably expected to complete a program of secondary school, or the equivalent level of vocational or technical training, before reaching nineteen years of age are eligible to receive aid to families with dependent children: PROVIDED HOWEVER, That if such students do not successfully complete such program before reaching nineteen years of age, the assistance rendered under this subsection during such period shall not be a debt due the state. [1985 c 335 § 1; 1981 2nd ex.s. c 10 § 3.]

State consolidated standards of need: RCW 74.04.770.

74.12.240 Services provided to help attain maximum self-support and independence of parents and relatives. The department is authorized to provide such social and related services as are reasonably necessary to encourage the care of dependent children in their own homes or in the homes of relatives, to help maintain and strengthen family life and to help such parents or relatives to attain maximum self-support and personal independence consistent with the maintenance of continuing parental care and protection. In the provision of such services, maximum

utilization of other agencies providing similar or related services shall be effected. [1959 c 26 § 74.12.240. Prior: 1957 c 63 § 8.]

74.12.250 Payment of grant to another—Limited guardianship. If the department, after investigation, finds that any recipient of funds under an aid to families with dependent children grant is not utilizing the grant adequately for the needs of the child or children or is otherwise dissipating such grant, or is unable to manage adequately the funds paid on behalf of said child and that to continue said payments to him would be contrary to the welfare of the child, the department may make such payments to another individual who is interested in or concerned with the welfare of such child and relative: PROVIDED, That the department shall provide such counseling and other services as are available and necessary to develop greater ability on the part of the relative to manage funds in such manner as to protect the welfare of the family. Periodic review of each case shall be made by the department to determine if said relative is able to resume management of the assistance grant. If after a reasonable period of time the payments to the relative cannot be resumed, the department may request the attorney general to file a petition in the superior court for the appointment of a guardian for the child or children. Such petition shall set forth the facts warranting such appointment. Notice of the hearing on such petition shall be served upon the recipient and the department not less than ten days before the date set for such hearing. Such petition may be filed with the clerk of superior court and all process issued and served without payment of costs. If upon the hearing of such petition the court is satisfied that it is for the best interest of the child or children, and all parties concerned, that a guardian be appointed, he shall order the appointment, and may require the guardian to render to the court a detailed itemized account of expenditures of such assistance payments at such time as the court may deem advisable.

It is the intention of this section that the guardianship herein provided for shall be a special and limited guardianship solely for the purpose of safeguarding the assistance grants made to dependent children. Such guardianship shall terminate upon the termination of such assistance grant, or sooner on order of the court, upon good cause shown. [1963 c 228 § 21; 1961 c 206 § 1.]

74.12.260 Persons to whom grants shall be made—Proof of use for benefit of children. Aid to families with dependent children grants shall be made to persons specified in RCW 74.12.010 as amended or such others as the federal department of health, education and welfare shall recognize for the sole purposes of giving benefits to the children whose needs are included in the grant paid to such persons. The recipient of each aid to families with dependent children's grant shall be and hereby is required to present reasonable proof to the department of social and health services as often as may be required by the department that all funds received in the form of an aid to families with dependent children grant for the children represented in the grant are being spent for the benefit of the children. [1979 c 141 § 351; 1963 c 228 § 22.]

74.12.280 Rules and regulations for coordination of services. The department is hereby authorized to promulgate rules and regulations which will provide for coordination between the services provided pursuant to chapter 74.13 RCW and the services provided under the aid to families with dependent children program in order to provide welfare and related services which will best promote the welfare of such children and their families and conform with the provisions of Public Law 87-543 (HR 10606). [1983 c 3 § 191; 1963 c 228 § 24.]

74.12.290 Evaluation of suitability of home. The department of social and health services shall, during the initial and any subsequent determination of eligibility, evaluate the suitability of the home in which the dependent child lives, consideration to be given to physical care and supervision provided in the home; social, educational, and the moral atmosphere of the home as compared with the standards of the community; the child's physical and mental health and emotional security, special needs occasioned by the child's physical handicaps or illnesses, if any; the extent to which desirable factors outweigh the undesirable in the home; and the apparent possibility for improving undesirable conditions in the home. [1979 c 141 § 352; 1963 c 228 § 25.]

74.12.300 Grant during period required to eliminate undesirable conditions. If the home in which the child lives is found to be unsuitable, but there is reason to believe that elimination of the undesirable conditions can be effected, and the child is otherwise eligible for aid, a grant shall be initiated or continued for such time as the state department of social and health services and the family require to remedy the conditions. [1979 c 141 § 353; 1963 c 228 § 26.]

74.12.310 Placement of child with other relatives. When intensive efforts over a reasonable period have failed to improve the home conditions, the department shall determine if any other relatives specified by the social security act are maintaining a suitable home and are willing to take the care and custody of the child in their home. Upon an affirmative finding the department shall, if the parents or relatives with whom the child is living consent, take the necessary steps for placement of the child with such other relatives, but if the parents or relatives with whom the child lives refuse their consent to the placement then the department shall file a petition in the juvenile court for a decree adjudging the home unsuitable and placing the dependent child with such other relatives. [1963 c 228 § 27.]

74.12.320 Placement of child pursuant to chapter 13.04 RCW. If a diligent search reveals no other relatives as specified in the social security act maintaining a suitable home and willing to take custody of the child, then the department may file a petition in the appropriate juvenile court for placement of the child pursuant to the provisions of chapter 13.04 RCW. [1963 c 228 § 28.]

74.12.330 Assistance not to be denied for want of relative or court order. Notwithstanding the provisions of this chapter a child otherwise eligible for aid shall not be denied such assistance where a relative as specified in the social security act is unavailable or refuses to accept custody and the juvenile court fails to enter an order removing the child from the custody of the parent, relative or guardian then having custody. [1963 c 228 § 29.]

74.12.340 Day care. The department is authorized to promulgate rules and regulations governing the provision of day care as a part of child welfare services when the secretary determines that a need exists for such day care and that it is in the best interests of the child, the parents, or the custodial parent and in determining the need for such day care priority shall be given to geographical areas having the greatest need for such care and to members of low income groups in the population: PROVIDED, That where the family is financially able to pay part or all of the costs of such care, fees shall be imposed and paid according to the financial ability of the family. [1973 1st ex.s. c 154 § 111; 1963 c 228 § 30.]

Severability—1973 1st ex.s. c 154: See note following RCW 2.12.030.

74.12.350 Department may promulgate rules to allow child's income to be set aside for future needs. The department of social and health services is hereby authorized to promulgate rules and regulations in conformity with the provisions of Public Law 87-543 to allow all or any portion of a dependent child's earned or other income to be set aside for the identifiable future needs of the dependent child which will make possible the realization of the child's maximum potential as an independent and useful citizen. [1979 c 141 § 354; 1963 c 226 § 1.]

Placement in both centers shall not exceed five consecutive days from the point of intake as provided in RCW 13.32A.130.

(2) A child taken into custody and taken to a crisis residential center established by this chapter may be placed physically by the department or the department's designee and, at departmental expense and approval, in a secure juvenile detention facility operated by the county in which the center is located for a maximum of forty-eight hours, including Saturdays, Sundays, and holidays, if the child has taken unauthorized leave from the center and the person in charge of the center determines that the center cannot provide supervision and structure adequate to ensure that the child will not again take unauthorized leave. (3) Any child placed in secure detention pursuant to this section shall, during the period of confinement, be provided with appropriate treatment by the department or the department's designee, which shall include the services defined in RCW 74.13.033(2). If the child placed in secure detention is not returned home or if an alternative living arrangement agreeable to the parent and the child is not made within twenty-four hours after the child's admission, the child shall be taken at the department's expense to a crisis residential center. Placement in the crisis residential center or centers plus placement in juvenile detention shall not exceed five consecutive days from the point of intake as provided in RCW 13.32A.130.

(4) Juvenile detention facilities used pursuant to this section shall first be certified by the department to ensure that juveniles placed in the facility pursuant to this section are provided with living conditions suitable to the well-being of the child. 74.13.085 Child care services—Declaration of policy. It shall be the policy of the state of Washington to:

- (1) Recognize the family as the most important social and economic unit of society and support the central role parents play in child rearing. All parents are encouraged to care for and nurture their children through the traditional methods of parental care at home. However, there has been a dramatic increase in participation of women in the workforce which has made the availability of quality, affordable child care a critical concern for the state and its citizens. There are not enough child care services and facilities to meet the needs of working parents, the costs of care are often beyond the resources of working parents, and child care facilities are not located conveniently to work

places and neighborhoods. Parents are encouraged to participate fully in the effort to improve the quality of child care services.

(2) Promote a variety of culturally and developmentally appropriate child care settings and services of the highest possible quality in accordance with the basic principle of continuity of care. These settings shall include, but not be limited to, family day care homes, mini-centers, centers and schools.

(3) Promote the growth, development and safety of children by working with community groups including providers and parents to establish standards for quality service, training of child care providers, fair and equitable monitoring, and salary levels commensurate with provider responsibilities and support services.

(4) Promote equal access to quality, affordable, socio-economically integrated child care for all children and families.

(5) Facilitate broad community and private sector involvement in the provision of quality child care services to foster economic development and assist industry. [1989 c 381 § 2; 1988 c 213 § 1.]

Findings—1989 c 381: "The legislature finds that the increasing difficulty of balancing work life and family needs for parents in the workforce has made the availability of quality, affordable child care a critical concern for the state and its citizens. The prospect for labor shortages resulting from the aging of the population and the importance of the quality of the workforce to the competitiveness of Washington businesses make the availability of quality child care an important concern for the state and its businesses.

The legislature further finds that making information on child care options available to businesses can help the market for child care adjust to the needs of businesses and working families. The legislature further finds that investments are necessary to promote partnerships between the public and private sectors, educational institutions, and local governments to increase the supply, affordability, and quality of child care in the state." [1989 c 381 § 1.]

Severability—1989 c 381: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 381 § 7.]

Severability—1988 c 213: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1988 c 213 § 5.]

Severability—1988 c 213: See note following RCW 74.13.085.

Findings—Severability—1989 c 381: See notes following RCW 74.13.085.

74.13.095 Child care expansion grant fund. (1) The legislature recognizes that a severe shortage of child care exists to the detriment of all families and employers throughout the state. Many workers are unable to enter or remain in the work force due to a shortage of child care resources. The high costs of starting a child care business create a barrier to the creation of new slots, especially for children with special needs.

(2) A child care expansion grant fund is created in the custody of the secretary of the department of social and health services. Grants shall be awarded on a one-time only basis to persons, organizations, or schools needing assistance to start a child care center or mini-center as defined by the department by rule, or to existing licensed child care

providers, including family home providers, for the purpose of making capital improvements in order to accommodate handicapped children as defined under chapter 72.40 RCW, sick children, or infant care, or children needing night time care. ADOPTION SUPPORT DEMONSTRATION ACT OF 1971

74.13.100 State policy enunciated. It is the policy of this state to enable the secretary to charge fees for certain services to adoptive parents who are able to pay for such services.

It is, however, also the policy of this state that the secretary of the department of social and health services shall be liberal in waiving, reducing, or deferring payment of any such fee to the end that adoptions shall be encouraged in cases where prospective adoptive parents lack means.

It is the policy of this state to encourage, within the limits of available funds, the adoption of certain hard to place children in order to make it possible for children living in, or likely to be placed in, foster homes or institutions to benefit from the stability and security of permanent homes in which such children can receive continuous parental care, guidance, protection, and love and to reduce the number of such children who must be placed or remain in foster homes or institutions until they become adults.

It is also the policy of this state to try, by means of the program of adoption support authorized in RCW 26.33.320 and 74.13.100 through 74.13.145, to reduce the total cost to the state of foster home and institutional care. [1985 c 7 § 133; 1971 ex.s. c 63 § 1.]

74.13.103 Prospective adoptive parent's fee for cost of adoption services. When a child proposed for adoption is placed with a prospective adoptive parent the department may charge such parent a fee in payment or part payment of such adoptive parent's part of the cost of the adoption services rendered and to be rendered by the department.

In charging such fees the department shall treat a husband and wife as a single prospective adoptive parent.

Each such fee shall be fixed according to a sliding scale based on the ability to pay of the prospective adoptive parent or parents.

Such fee scale shall be annually fixed by the secretary after considering the recommendations of the committee designated by the secretary to advise him on child welfare and pursuant to the regulations to be issued by the secretary in accordance with the provisions of Title 34 RCW.

The secretary may waive, defer, or provide for payment in installments without interest of, any such fee whenever in

his judgment payment or immediate payment would cause economic hardship to such adoptive parent or parents.

Nothing in this section shall require the payment of a fee to the state of Washington in a case in which an adoption results from independent placement or placement by a licensed child-placing agency. [1971 ex.s. c 63 § 2.]

74.13.106 Disposition of Fees—Use—Federal funds—Gifts and grants. All fees paid for adoption services pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145 shall be credited to the general fund. Expenses incurred in connection with supporting the adoption of hard to place children shall be paid by warrants drawn against such appropriations as may be available. The secretary may for such purposes, contract with any public agency or licensed child placing agency and/or adoptive parent and is authorized to accept funds from other sources including federal, private, and other public funding sources to carry out such purposes.

The secretary shall actively seek, where consistent with the policies and programs of the department, and shall make maximum use of, such federal funds as are or may be made available to the department for the purpose of supporting the adoption of hard to place children. The secretary may, if permitted by federal law, deposit federal funds for adoption support, aid to adoptions, or subsidized adoption in the general fund and may use such funds, subject to such limitations as may be imposed by federal or state law, to carry out the program of adoption support authorized by RCW 26.33.320 and 74.13.100 through 74.13.145. [1985 c 7 § 134; 1979 ex.s. c 67 § 7; 1975 c 53 § 1; 1973 c 61 § 1; 1971 ex.s. c 63 § 3.]

Severability—1979 ex.s. c 67: See note following RCW 19.28.330.

74.13.109 Rules and regulations—Agreements for disbursements from appropriations available from the general fund, criteria. The secretary shall issue rules and regulations to assist in the administration of the program of adoption support authorized by RCW 26.33.320 and 74.13.100 through 74.13.145.

Disbursements from the appropriations available from the general fund shall be made pursuant to such rules and regulations and pursuant to agreements conforming thereto to be made by the secretary with parents for the purpose of supporting the adoption of children in, or likely to be placed in, foster homes or child caring institutions who are found by the secretary to be difficult to place in adoption because of physical or other reasons; including, but not limited to, physical or mental handicap, emotional disturbance, ethnic background, language, race, color, age, or sibling grouping.

Such agreements shall meet the following criteria:

(1) The child whose adoption is to be supported pursuant to such agreement shall be or have been a child hard to place in adoption.

(2) Such agreement must relate to a child who was or is residing in a foster home or child-caring institution or a child who, in the judgment of the secretary, is both eligible for, and likely to be placed in, either a foster home or a child-caring institution.

(3) Such agreement shall provide that adoption support shall not continue beyond the time that the adopted child

reaches eighteen years of age, becomes emancipated, dies, or otherwise ceases to need support, provided that if the secretary shall find that continuing dependency of such child after such child reaches eighteen years of age warrants the continuation of support pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145 the secretary may do so, subject to all the provisions of RCW 26.33.320 and 74.13.100 through 74.13.145, including annual review of the amount of such support.

(4) Any prospective parent who is to be a party to such agreement shall be a person who has the character, judgment, sense of responsibility, and disposition which make him or her suitable as an adoptive parent of such child. [1990 c 285 § 7; 1985 c 7 § 135; 1982 c 118 § 4; 1979 ex.s. c 67 § 8; 1971 ex.s. c 63 § 4.]

~~Findings—Purpose—Severability—1990 c 285:~~ See notes following RCW 74.04.005.

~~Severability—1979 ex.s. c 67:~~ See note following RCW 19.28.330.

74.13.112 Factors determining payments or adjustment in standards. The factors to be considered by the secretary in setting the amount of any payment or payments to be made pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145 and in adjusting standards hereunder shall include: The size of the family including the adoptive child, the usual living expenses of the family, the special needs of any family member including education needs, the family income, the family resources and plan for savings, the medical and hospitalization needs of the family, the family's means of purchasing or otherwise receiving such care, and any other expenses likely to be needed by the child to be adopted.

The amounts paid for the support of a child pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145 may vary from family to family and from year to year. Due to changes in economic circumstances or the needs of the child such payments may be discontinued and later resumed.

Payments under RCW 26.33.320 and 74.13.100 through 74.13.145 may be continued by the secretary subject to review as provided for herein, if such parent or parents having such child in their custody establish their residence in another state or a foreign jurisdiction.

In fixing the standards to govern the amount and character of payments to be made for the support of adopted children pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145 and before issuing rules and regulations to carry out the provisions of RCW 26.33.320 and 74.13.100 through 74.13.145, the secretary shall consider the comments and recommendations of the committee designated by the secretary to advise him with respect to child welfare. [1985 c 7 § 136; 1971 ex.s. c 63 § 5.]

74.13.115 Both continuing payments and lump sum payments authorized. To carry out the program authorized by RCW 26.33.320 and 74.13.100 through 74.13.145, the secretary may make continuing payments or lump sum payments of adoption support. In lieu of continuing payments, or in addition to them, the secretary may make one or more specific lump sum payments for or on behalf of a hard to place child either to the adoptive parents or directly

to other persons to assist in correcting any condition causing such child to be hard to place for adoption.

After determination by the secretary of the amount of a payment or the initial amount of continuing payments, the prospective parent or parents who desire such support shall sign an agreement with the secretary providing for the payment, in the manner and at the time or times prescribed in regulations to be issued by him subject to the provisions of RCW 26.33.320 and 74.13.100 through 74.13.145, of the amount or amounts of support so determined.

Payments shall be subject to review as provided in RCW 26.33.320 and 74.13.100 through 74.13.145. [1985 c 7 § 137; 1971 ex.s. c 63 § 6.]

74.13.118 Review of support payments. At least annually the secretary shall review the need of any adoptive parent or parents receiving continuing support pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145, or the need of any parent who is to receive more than one lump sum payment where such payments are to be spaced more than one year apart. Such review shall be made not later than the anniversary date of the adoption support agreement.

At the time of such annual review and at other times during the year when changed conditions, including variations in medical opinions, prognosis and costs, are deemed by the secretary to warrant such action, appropriate adjustments in payments shall be made based upon changes in the needs of the child, in the adoptive parents' income, resources, and expenses for the care of such child or other members of the family, including medical and/or hospitalization expense not otherwise covered by or subject to reimbursement from insurance or other sources of financial assistance.

Any parent who is a party to such an agreement may at any time in writing request, for reasons set forth in such request, a review of the amount of any payment or the level of continuing payments. Such review shall be begun not later than thirty days from the receipt of such request. Any adjustment may be made retroactive to the date such request was received by the secretary. If such request is not acted on within thirty days after it has been received by the secretary, such parent may invoke his rights under the hearing provisions set forth in RCW 74.13.127. [1985 c 7 § 138; 1971 ex.s. c 63 § 7.]

74.13.121 Copy of adoptive parent's federal income tax return to be filed—Additional financial information. So long as any adoptive parent is receiving support pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145 he shall, not later than two weeks after it is filed with the United States government, file with the secretary a copy of his federal income tax return. Such return and any information thereon shall be marked by the secretary "confidential", shall be used by the secretary solely for the purposes of RCW 26.33.320 and 74.13.100 through 74.13.145, and shall not be revealed to any other person, institution or agency, public or private, including agencies of the United States government, other than a superior court, judge or commissioner before whom a petition for adoption of a child being supported or to be supported pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145 is then pending.

In carrying on the review process authorized by RCW 26.33.320 and 74.13.100 through 74.13.145 the secretary may require the adoptive parent or parents to disclose such additional financial information, not privileged, as may enable him to make determinations and adjustments in support to the end that the purposes and policies of this state expressed in RCW 74.13.100 may be carried out, provided that no adoptive parent or parents shall be obliged, by virtue of this section, to sign any agreement or other writing waiving any constitutional right or privilege nor to admit to his or her home any agent, employee, or official of any department of this state, or of the United States government.

Such information shall be marked "confidential" by the secretary, shall be used by him solely for the purposes of RCW 26.33.320 and 74.13.100 through 74.13.145, and shall not be revealed to any other person, institution, or agency, public or private, including agencies of the United States government other than a superior court judge or commission before whom a petition for adoption of a child being supported or to be supported pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145 is then pending. [1985 c 7 § 139; 1971 ex.s. c 63 § 8.]

74.13.124 Agreements as contracts within state and federal Constitutions—State's continuing obligation. An agreement for adoption support made pursuant to *RCW 26.32.115 before January 1, 1985, or RCW 26.33.320 and 74.13.100 through 74.13.145, although subject to review and adjustment as provided for herein, shall, as to the standard used by the secretary in making such review or reviews and any such adjustment, constitute a contract within the meaning of section 10, Article I of the United States Constitution and section 23, Article I of the state Constitution. For that reason once such an agreement has been made any review of and adjustment under such agreement shall as to the standards used by the secretary, be made only subject to the provisions of RCW 26.33.320 and 74.13.100 through 74.13.145 and such rules and regulations relating thereto as they exist on the date of the initial determination in connection with such agreement or such more generous standard or parts of such standard as may hereafter be provided for by law or regulation. Once made such an agreement shall constitute a solemn undertaking by the state of Washington with such adoptive parent or parents. The termination of the effective period of RCW 26.33.320 and 74.13.100 through 74.13.145 or a decision by the state or federal government to discontinue or reduce general appropriations made available for the purposes to be served by RCW 26.33.320 and 74.13.100 through 74.13.145, shall not affect the state's specific continuing obligations to support such adoptions, subject to such annual review and adjustment for all such agreements as have theretofore been entered into by the state.

The purpose of this section is to assure any such parent that, upon his consenting to assume the burdens of adopting a hard to place child, the state will not in future so act by way of general reduction of appropriations for the program authorized by RCW 26.33.320 and 74.13.100 through 74.13.145 or ratable reductions, to impair the trust and confidence necessarily reposed by such parent in the state as

a condition of such parent taking upon himself the obligations of parenthood of a difficult to place child.

Should the secretary and any such adoptive parent differ as to whether any standard or part of a standard adopted by the secretary after the date of an initial agreement, which standard or part is used by the secretary in making any review and adjustment, is more generous than the standard in effect as of the date of the initial determination with respect to such agreement such adoptive parent may invoke his rights, including all rights of appeal under the fair hearing provisions, available to him under RCW 74.13.127. [1985 c 7 § 140; 1971 ex.s. c 63 § 9.]

***Reviser's note:** RCW 26.32.115 was repealed by 1984 c 155 § 38, effective January 1, 1985.

74.13.127 Voluntary amendments to agreements—Procedure when adoptive parties disagree. Voluntary amendments of any support agreement entered into pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145 may be made at any time. In proposing any such amending action which relates to the amount or level of a payment or payments, the secretary shall, as provided in RCW 74.13.124, use either the standard which existed as of the date of the initial determination with respect to such agreement or any subsequent standard or parts of such standard which both parties to such agreement agree is more generous than those in effect as of the date of such initial agreement. If the parties do not agree to the level of support, the secretary shall set the level. The secretary shall give the adoptive parent or parents written notice of the determination. The adoptive parent or parents aggrieved by the secretary's determination have the right to an adjudicative proceeding. The proceeding is governed by RCW 74.08.080 and chapter 34.05 RCW, the Administrative Procedure Act. [1989 c 175 § 148; 1985 c 7 § 141; 1971 ex.s. c 63 § 10.]

Effective date—1989 c 175: See note following RCW 34.05.010.

74.13.130 Nonrecurring adoption expenses. The secretary may authorize the payment, from the appropriations available from the general fund, of all or part of the nonrecurring adoption expenses incurred by a prospective parent. "Nonrecurring adoption expenses" means those expenses incurred by a prospective parent in connection with the adoption of a difficult to place child including, but not limited to, attorneys' fees, court costs, and agency fees. Payment shall be made in accordance with rules adopted by the department.

This section shall have retroactive application to January 1, 1987. For purposes of retroactive application, the secretary may provide reimbursement to any parent who adopted a difficult to place child between January 1, 1987, and one year following June 7, 1990, regardless of whether the parent had previously entered into an adoption support agreement with the department. [1990 c 285 § 8; 1985 c 7 § 142; 1979 ex.s. c 67 § 9; 1971 ex.s. c 63 § 11.]

Severability—1979 ex.s. c 67: See note following RCW 19.28.330.

74.13.133 Records—Confidentiality. The secretary shall keep such general records as are needed to evaluate the

effectiveness of the program of adoption support authorized by RCW 26.33.320 and 74.13.100 through 74.13.145 in encouraging and effectuating the adoption of hard to place children. In so doing the secretary shall, however, maintain the confidentiality required by law with respect to particular adoptions. [1985 c 7 § 143; 1971 ex.s. c 63 § 13.]

74.13.136 Recommendations for support of the adoption of certain children. Any child-caring agency or person having a child in foster care or institutional care and wishing to recommend to the secretary support of the adoption of such child as provided for in RCW 26.33.320 and 74.13.100 through 74.13.145 may do so, and may include in its or his recommendation advice as to the appropriate level of support and any other information likely to assist the secretary in carrying out the functions vested in the secretary by RCW 26.33.320 and 74.13.100 through 74.13.145. Such agency may, but is not required to, be retained by the secretary to make the required preplacement study of the prospective adoptive parent or parents. [1985 c 7 § 144; 1971 ex.s. c 63 § 14.]

74.13.139 "Secretary" and "department" defined. As used in RCW 26.33.320 and 74.13.100 through 74.13.145 the following definitions shall apply:

- (1) "Secretary" means the secretary of the department of social and health services or his designee.
- (2) "Department" means the department of social and health services. [1985 c 7 § 145; 1971 ex.s. c 63 § 15.]

74.13.145 Short title—1971 act. RCW 26.33.320 and 74.13.100 through 74.13.145 may be known and cited as the "Adoption Support Demonstration Act of 1971". [1985 c 7 § 146; 1971 ex.s. c 63 § 17.]

74.13.150 Adoption support reconsideration program. (1) The department of social and health services shall establish, within funds appropriated for the purpose, a reconsideration program to provide medical and counseling services through the adoption support program for children of families who apply for services after the adoption is final. Families requesting services through the program shall provide any information requested by the department for the purpose of processing the family's application for services.

(2) A child meeting the eligibility criteria for registration with the program is one who:

- (a) Was residing in foster care funded by the department immediately prior to the adoptive placement;
- (b) Had a physical or mental handicap or emotional disturbance that existed and was documented prior to the adoption; and
- (c) Resides in the state of Washington with an adoptive parent who lacks the necessary financial means to care for the child's special need.

(3) If a family is accepted for registration and meets the criteria in subsection (2) of this section, the department may enter into an agreement for services. Prior to entering into an agreement for services through the program, the medical needs of the child must be reviewed and approved by the department's office of personal health services.

(4) Any services provided pursuant to an agreement between a family and the department shall be met from the department's medical program. Such services shall be limited to:

(a) Services provided after finalization of an agreement between a family and the department pursuant to this section;

(b) Services not covered by the family's insurance or other available assistance; and

(c) Services related to the eligible child's identified physical or mental handicap or emotional disturbance that existed prior to the adoption.

(5) Any payment by the department for services provided pursuant to an agreement shall be made directly to the physician or provider of services according to the department's established procedures.

(6) The total costs payable by the department for services provided pursuant to an agreement shall not exceed twenty thousand dollars per child. [1990 c 285 § 5.]

74.13.170 Therapeutic family home program for youth in custody under chapter 13.34 RCW. The department of social and health services may implement a therapeutic family home program for up to fifteen youth in the custody of the department under chapter 13.34 RCW. The program shall strive to develop and maintain a mutually reinforcing relationship between the youth and the therapeutic staff associated with the program. [1991 c 326 § 2.]

74.13.200 Demonstration project for protection, care, and treatment of children who risk abuse or neglect. The department of social and health services shall conduct a two-year demonstration project for the purpose of contracting with an existing day care center to provide for the protection, care, and treatment of children who are at risk of being abused or neglected. The children who shall be served by this project shall range in age from birth to twenty-four months. The client population served shall not exceed thirty children at any one time. [1979 ex.s. c 248 § 1.]

74.13.210 Project day care center—Definition. For the purposes of RCW 74.13.200 through 74.13.230 "day care center" means an agency, other than a residence, which regularly provides care for children for any part of the twenty-four hour day. No day care center shall be located in a private family residence unless that portion of the residence to which the children have access is used exclusively for the children during the hours the center is in operation or is separate from the usual living quarters of the family. [1979 ex.s. c 248 § 2.]

74.13.220 Project services. The services provided through this project shall include:

- (1) Transportation to and from the child's home;
- (2) Daily monitoring of the child's physical and emotional condition;

(3) Developmentally oriented programs designed to meet the unique needs of each child in order to overcome the effects of parental abuse or neglect;

(4) Family counseling and treatment; and

(5) Evaluation by the department of social and health services assessing the efficiency and effectiveness of day care centers operated under the project. [1979 ex.s. c 248 § 3.]

74.13.230 Project shall utilize community services.

The department of social and health services shall utilize existing community services and promote cooperation between the services in implementing the intent of RCW 74.13.200 through 74.13.230. [1979 ex.s. c 248 § 4.]

FOSTER CARE

74.13.250 Preservice training. (1) Preservice training

is recognized as a valuable tool to reduce placement disruptions, the length of time children are in care, and foster parent turnover rates. Preservice training also assists potential foster parents in making their final decisions about foster parenting and assists social service agencies in obtaining information about whether to approve potential foster parents.

(2) Foster parent preservice training shall include information about the potential impact of placement on foster children; social service agency administrative processes; the requirements, responsibilities, expectations, and skills needed to be a foster parent; attachment, separation, and loss issues faced by birth parents, foster children, and foster parents; child management and discipline; birth family relationships; and helping children leave foster care. Preservice training shall assist applicants in making informed decisions about whether they want to be foster parents. Preservice training shall be designed to enable the agency to assess the ability, readiness, and appropriateness of families to be foster parents. As a decision tool, effective preservice training provides potential foster parents with enough information to make an appropriate decision, affords potential foster parents an opportunity to discuss their decision with others and consider its implications for their family, clarifies foster family expectations, presents a realistic picture of what foster parenting involves, and allows potential foster parents to consider and explore the different types of children they might serve.

(3) Preservice training shall be completed prior to the issuance of a foster care license, except that the department may, on a case by case basis, issue a written waiver that allows the foster parent to complete the training after licensure, so long as the training is completed within ninety days following licensure. [1990 c 284 § 2.]

Finding—1990 c 284: "The legislature finds that the foster care system plays an important role in preserving families and giving consistent and nurturing care to children placed in its care. The legislature further finds that foster parents play an integral and important role in the system and particularly in the child's chances for the earliest possible reunification with his or her family." [1990 c 284 § 1.]

Effective date—1990 c 284: "This act shall take effect July 1, 1990, however the secretary may immediately take any steps necessary to ensure implementation of section 17 of this act on July 1, 1990." [1990 c 284 § 27.] Section 17 of this act is an uncodified temporary section.

74.13.260 On-site monitoring program. Regular on-site monitoring of foster homes to assure quality care improves care provided to children in family foster care. An on-site monitoring program shall be established by the department to assure quality care and regularly identify problem areas. The department shall report to the legislature by June 1 of each year, beginning with June 1, 1991, the results of the monitoring, including identified problem areas, and make policy recommendations to improve the quality of foster care based on the results of the monitoring. Monitoring shall be done by the department on a random sample basis of no less than ten percent of the total licensed family foster homes licensed by the department on July 1 of each year. [1990 c 284 § 4.]

Finding—Effective date—1990 c 284: See notes following RCW 74.13.250.

74.13.270 Respite care. The legislature recognizes the need for temporary short-term relief for foster parents who care for children with emotional, mental, or physical handicaps. For purposes of this section, respite care means appropriate, temporary, short-term care for these foster children placed with licensed foster parents. The purpose of this care is to give the foster parents temporary relief from the stresses associated with the care of these foster children. The department shall design a program of respite care that will minimize disruptions to the child and will serve foster parents within these priorities, based on input from foster parents, foster parent associations, and reliable research if available. [1990 c 284 § 8.]

Finding—Effective date—1990 c 284: See notes following RCW 74.13.250.

74.13.280 Client information. (1) Except as provided in RCW 70.24.105, whenever a child is placed in out-of-home care by the department or a child-placing agency, the department or agency may share information about the child and the child's family with the care provider and may consult with the care provider regarding the child's case plan. If the child is dependent pursuant to a proceeding under chapter 13.34 RCW, the department or agency shall keep the care provider informed regarding the dates and location of dependency review hearings pertaining to the child.

(2) Any person who receives information about a child or a child's family pursuant to this section shall keep the information confidential and shall not further disclose or disseminate the information except as authorized by law.

(3) Nothing in this section shall be construed to limit the authority of the department or child-placing agencies to disclose client information or to maintain client confidentiality as provided by law. [1991 c 340 § 4; 1990 c 284 § 10.]

Finding—Effective date—1990 c 284: See notes following RCW 74.13.250.

74.13.290 Fewest possible placements for children. To provide stability to children in out-of-home care, place-

ment selection shall be made with a view toward the fewest possible placements for each child. If possible, the initial placement shall be viewed as the only placement for the child. The use of short-term interim placements of thirty days or less to protect the child's health or safety while the placement of choice is being arranged is not a violation of this principle. [1990 c 284 § 11.]

Finding—Effective date—1990 c 284: See notes following RCW 74.13.250.

74.13.300 Notification of proposed placement changes. (1) Whenever a child has been placed in a foster family home by the department or a child-placing agency and the child has thereafter resided in the home for at least ninety consecutive days, the department or child-placing agency shall notify the foster family at least five days prior to moving the child to another placement, unless:

- (a) A court order has been entered requiring an immediate change in placement;
- (b) The child is being returned home;
- (c) The child's safety is in jeopardy; or
- (d) The child is residing in a receiving home or a group home.

(2) If the child has resided in a foster family home for less than ninety days or if, due to one or more of the circumstances in subsection (1) of this section, it is not possible to give five days' notification, the department or child-placing agency shall notify the foster family of proposed placement changes as soon as reasonably possible.

(3) This section is intended solely to assist in minimizing disruption to the child in changing foster care placements. Nothing in this section shall be construed to require that a court hearing be held prior to changing a child's foster care placement nor to create any substantive custody rights in the foster parents. [1990 c 284 § 12.]

Finding—Effective date—1990 c 284: See notes following RCW 74.13.250.

74.13.310 Foster parent training. Adequate foster parent training has been identified as directly associated with increasing the length of time foster parents are willing to provide foster care and reducing the number of placement disruptions for children. Placement disruptions can be harmful to children by denying them consistent and nurturing support. Foster parents have expressed the desire to receive training in addition to the foster parent SCOPE training currently offered. Foster parents who care for more demanding children, such as children with severe emotional, mental, or physical handicaps, would especially benefit from additional training. The department shall develop additional training for foster parents that focuses on skills to assist foster parents in caring for emotionally, mentally, or physically handicapped children. [1990 c 284 § 13.]

Finding—Effective date—1990 c 284: See notes following RCW 74.13.250.

74.13.320 Recruitment of foster homes and adoptive homes for special needs children. The legislature finds that during the fiscal years 1987 to 1989 the number of children in foster care has risen by 14.3 percent. At the same time there has been a 31 percent turnover rate in foster

homes because many foster parents have declined to continue to care for foster children. This situation has caused a dangerously critical shortage of foster homes:

The department of social and health services shall develop and implement a project to recruit more foster homes and adoptive homes for special needs children by developing a request for proposal to licensed private foster care, licensed adoption agencies, and other organizations qualified to provide this service.

The project shall consist of one state-wide administrator of recruitment programs, and one or more licensed foster care or adoption agency contracts in each of the six departmental regions. These contracts shall enhance currently provided services and may not replace services currently funded by the agencies. No more than sixty thousand dollars may be spent annually to fund the administrator position.

The agencies shall recruit foster care homes and adoptive homes for children classified as special needs children under chapter 74.08 RCW. The agencies shall utilize their own network of contacts and shall also develop programs similar to those used effectively in other states. The department shall expand the foster-adopt program state-wide to encourage stable placements for foster children for whom permanent out-of-home placement is a likelihood. The department shall carefully consider existing programs to eliminate duplication of services.

The department shall assist the private contractors by providing printing services for informational brochures and other necessary recruitment materials. No more than fifty thousand dollars of the funds provided for this section may be expended annually for recruitment materials. [1990 c 284 § 15.]

Finding—Effective date—1990 c 284: See notes following RCW 74.13.250.

74.13.330 Responsibilities of foster parents. Foster parents are responsible for the protection, care, supervision, and nurturing of the child in placement. As an integral part of the foster care team, foster parents shall, if appropriate and they desire to: Participate in the development of the service plan for the child and the child's family; assist in family visitation, including monitoring; and model effective parenting behavior for the natural family. [1990 c 284 § 23.]

Finding—Effective date—1990 c 284: See notes following RCW 74.13.250.

74.13.900 Severability—1965 c 30. If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1965 c 30 § 6.]

74.14A.010 Legislative declaration. The legislature reaffirms its declarations under RCW 13.34.020 that the family unit is the fundamental resource of American life which should be nurtured and that the family unit should remain intact in the absence of compelling evidence to the contrary. The legislature declares that the goal of serving emotionally disturbed and mentally ill children, potentially dependent children, and families-in-conflict in their own homes to avoid out-of-home placement of the child, when that form of care is premature, unnecessary, or inappropriate, is a high priority of this state. [1983 c 192 § 1.]

74.14A.020 Services for emotionally disturbed and mentally ill children, potentially dependent children, and families-in-conflict. The department of social and health services shall address the needs of emotionally disturbed and mentally ill children, potentially dependent children, and families-in-conflict by:

- (1) Serving children and families as a unit in the least restrictive setting available and in close proximity to the family home, consistent with the best interests and special needs of the child;
- (2) Ensuring that appropriate social and health services are provided to the family unit both prior to the removal of a child from the home and after family reunification;
- (3) Developing and implementing comprehensive, preventive, and early intervention social and health services which have demonstrated the ability to delay or reduce the need for out-of-home placements and ameliorate problems before they become chronic or severe;
- (4) Developing coordinated social and health services which:
 - (a) Identify problems experienced by children and their families early and provide services which are adequate in availability, appropriate to the situation, and effective;
 - (b) Seek to bring about meaningful change before family situations become irreversibly destructive and before disturbed psychological behavioral patterns and health problems become severe or permanent;
 - (c) Serve children and families in their own homes thus preventing unnecessary out-of-home placement or institutionalization;
 - (d) Focus resources on social and health problems as they begin to manifest themselves rather than waiting for chronic and severe patterns of illness, criminality, and dependency to develop which require long-term treatment, maintenance, or custody;
 - (e) Reduce duplication of and gaps in service delivery;
 - (f) Improve planning, budgeting, and communication among all units of the department serving children and families; and

(g) Develop outcome standards for measuring the effectiveness of social and health services for children and families. [1983 c 192 § 2.]

Effective date—1983 c 192: "Sections 2 through 4 of this act shall take effect January 1, 1984." [1983 c 192 § 8.]

74.14A.030 Treatment of juvenile offenders—Nonresidential community-based programs. [1983 c 192 § 3.]

Effective date—1983 c 192: See note following RCW 74.14A.020.

74.14A.040 Treatment of juvenile offenders—Involvement of family unit. The department shall involve a juvenile offender's family as a unit in the treatment process. 74.14B.080 Liability insurance for foster parents.

(1) Subject to subsection (2) of this section, the secretary of social and health services shall provide liability insurance to foster parents licensed under chapter 74.15 RCW. The coverage shall be for personal injury and property damage caused by foster parents or foster children that occurred while the children were in foster care. Such insurance shall cover acts of ordinary negligence but shall not cover illegal conduct or bad faith acts taken by foster parents in providing foster care. Moneys paid from liability insurance for any claim are limited to the amount by which the claim exceeds the amount available to the claimant from any valid and collectible liability insurance.

(2) The secretary of social and health services may purchase the insurance required in subsection (1) of this section or may choose a self-insurance method. The total moneys expended pursuant to this authorization shall not exceed five hundred thousand dollars per biennium. If the secretary elects a method of self-insurance, the expenditure shall include all administrative and staff costs. If the secretary elects a method of self-insurance, he or she may, by rule, place a limit on the maximum amount to be paid on each claim.

(3) Nothing in this section or RCW 4.24.590 is intended to modify the foster parent reimbursement plan in place on July 1, 1991.

(4) The liability insurance program shall be available by July 1, 1991. [1991 c 283 § 2.]

Findings—1991 c 283: "The legislature recognizes the unique legal risks that foster parents face in taking children into their care. Third parties have filed claims against foster parents for losses and damage caused by foster children. Additionally, foster children and their parents have sued foster parents for actions occurring while the children were in foster care. The legislature finds that some potential foster parents are unwilling to subject themselves to potential liability without insurance protection. The legislature further finds that to encourage those people to serve as foster parents, it is necessary to assure that such insurance is available to them." [1991 c 283 § 1.]

Effective date—1991 c 283: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991." [1991 c 283 § 5.]

74.14C.005 Intent—Prevention of foster care placement. (1) It is the intent of the legislature to make available, within available funds, intensive services to children and families that are designed to prevent the unnecessary imminent placement of children in foster care, and designed to facilitate the reunification of the children with their families. These services are known as family preservation services and are characterized by the following values, beliefs, and goals:

- (a) Safety of the child is always the first concern;
- (b) Children need their families and should be raised by their own families whenever possible;
- (c) Interventions should focus on family strengths and be responsive to individual family needs; and

(d) Improvement of family functioning is essential in order to promote the child's health, safety, and welfare and thereby allow the family to remain intact and allow children to remain at home.

(2) Subject to the availability of funds for such purposes, the legislature intends for family preservation services to be made available to all eligible families on a state-wide basis through a phased-in process. Except as otherwise specified by statute, the department of social and health services shall have the authority and discretion to implement and expand family preservation services according to a plan and time frame determined by the department.

(3) Nothing in this chapter shall be construed to create an entitlement to services nor to create judicial authority to order the provision of family preservation services to any person or family where the department has determined that such services are unavailable or unsuitable or that the child or family are not eligible for such services. [1992 c 214 § 1.]

74.14C.010 Definitions Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of social and health services.

(2) "Family preservation services" means services that are delivered primarily in the home, that follow intensive service models with demonstrated effectiveness in reducing or avoiding the need for unnecessary imminent foster care placement, and that have all of the characteristics delineated in RCW 74.14C.020.

(3) "Foster care" means placement of a child by the department or a licensed child placing agency in a home or facility licensed pursuant to chapter 74.15 RCW, or in a home or facility that is not required to be licensed pursuant to chapter 74.15 RCW.

(4) "Imminent" means a decision has been made by the department that, without family preservation services, a petition requesting the removal of a child from the family home will be immediately filed under chapter 13.32A or 13.34 RCW, or that a voluntary placement agreement will be immediately initiated. [1992 c 214 § 2.]

74.14C.020 Services generally. Family preservation services shall have all of the following characteristics:

(1) Services are provided by specially trained caseworkers who have received at least forty hours of training from recognized family preservation services experts. Caseworkers provide the services in the family's home, and may provide some of the services in other natural environments of the family, such as their neighborhood or schools;

(2) Caseload size averages two families per caseworker;

(3) The services to the family are provided by a single caseworker, with backup caseworkers identified to provide assistance as necessary;

(4) Caseworkers have the authority and discretion to spend funds, up to a maximum amount specified by the department, to help families obtain necessary food, shelter, or clothing, or to purchase other goods or services that will enhance the effectiveness of intervention;

(5) Services are available to the family within twenty-four hours following receipt of a referral to the program;

(6) Services are available to the family twenty-four hours a day and seven days a week;

(7) Duration of service is limited to a maximum of forty days, unless the department authorizes an additional provision of service through an exception to policy;

(8) Services assist the family to improve parental and household management competence and to solve practical problems that contribute to family stress so as to effect improved parental performance and enhanced functioning of the family unit; and

(9) Services help families locate and utilize additional assistance, including, but not limited to, counseling and treatment services, housing, child care, education, job training, emergency cash grants, state and federally funded public assistance, and other basic support services. [1992 c 214 § 3.]

74.14C.030 Department duties. (1) The department shall be the lead administrative agency for family preservation services and may receive funding from any source for the implementation or expansion of such services. The department shall:

(a) Provide coordination and planning for the implementation and expansion of family preservation services; and

(b) Monitor and evaluate such services to determine whether the programs meet measurable standards specified by this chapter and the department.

(2) In carrying out the requirements of subsection (1)(a) of this section, the department shall consult and coordinate with at least one qualified private, nonprofit agency that has demonstrated expertise and experience in family preservation services.

(3) The department may provide family preservation services directly and shall, within available funds, contract with private, nonprofit social service agencies to provide services, provided that such agencies meet measurable standards specified by this chapter and by the department.

(4) The department shall not continue direct provision of family preservation services unless it is demonstrated that provision of such services prevents foster care placement in at least seventy percent of the cases served for a period of at least six months following termination of services.

The department shall not renew a contract with a service provider unless the provider can demonstrate that provision of services prevents foster care placement in at least seventy percent of the cases served for a period of at least six months following termination of service. [1992 c 214 § 4.]

74.14C.035 Department efforts not to replace private contracts. The department's provision of family preservation services under RCW 74.14C.030(3) is not intended to replace existing contracts with private nonprofit social service agencies that provide family preservation services. [1992 c 214 § 8.]

74.14C.040 Eligibility criteria. (1) Family preservation services may be provided to children and their families only when the department has determined that:

(a) The child has been placed in foster care or is at actual, imminent risk of foster care placement due to:

- (i) Child abuse or neglect;
- (ii) A serious threat of substantial harm to the child's health, safety, or welfare; or
- (iii) Family conflict; and

(b) There are no other available services that will prevent foster care placement of the child or make it possible to immediately return the child home.

(2) The department shall refer eligible families to family preservation services on a twenty-four hour intake basis. The department need not refer otherwise eligible families, and family preservation services need not be provided, if:

(a) The services are not available in the community in which the family resides;

(b) The services cannot be provided because the program is filled to capacity and there are no current service openings;

(c) The family refuses the services;

(d) The department, or the agency that is supervising the foster care placement, has developed a case plan that does not include reunification of the child and family; or

(e) The department or the contracted service provider determines that the safety of a child, a family member, or persons providing the service would be unduly threatened.

(3) Nothing in this chapter shall prevent provision of family preservation services to nonfamily members when the department or the service provider deems it necessary or appropriate to do so in order to assist the family or child. [1992 c 214 § 5.]

74.14C.050 Family preservation services study. (1) The department shall, within available funds, conduct a family preservation services study in at least one region within the state. In developing and conducting the project, the department shall consult and coordinate with at least one qualified private, nonprofit agency that has demonstrated expertise and experience in family preservation services. The purpose of the study is to:

(a) Develop a valid and reliable process for accurately identifying clients who are eligible for family preservation services;

(b) Collect data on which to base projections of service needs, budget requests, and long-range planning;

(c) Develop regional and state-wide projections of service needs;

(d) Develop a cost estimate for implementation and expansion of family preservation services on a state-wide basis;

(e) Develop a long-range plan and time frame for expanding the availability of family preservation services and ultimately making such services available to all eligible families on a state-wide basis; and

(f) Collect data regarding the number of children in foster care, group care, and institutional placements due to medical needs, mental health needs, developmental disabilities, and juvenile offenses, and assess the feasibility of expanding family preservation service eligibility to include all of these children.

(2) The department shall prepare a report to the legislature that addresses the objectives set forth in subsection (1)

of this section. The report shall address the feasibility of expanding and implementing family preservation services on a state-wide basis. The report is due January 1, 1993. [1992 c 214 § 6.]

74.14C.060 Funds, volunteer services. For the purpose of providing family preservation services to children who would otherwise be removed from their homes, the department may:

(1) Solicit and use any available federal or private resources, which may include funds, in-kind resources, or volunteer services; and

(2) Use any available state resources, which may include in-kind resources or volunteer services. [1992 c 214 § 7.]

74.14C.065 Federal funds. Any federal funds made available under RCW 74.14C.060 shall be used to supplement and shall not supplant state funds to carry out the purposes of this chapter. [1992 c 214 § 11.]

74.14C.070 Appropriations—Transfer of funds from foster care services to family preservation services. After July 1, 1993, the secretary of social and health services may transfer funds appropriated for foster care services to purchase family preservation services for children at imminent risk of foster care placement. The secretary shall notify the appropriate committees of the senate and house of representatives of any transfers under this section. The secretary shall include caseload, expenditure, cost avoidance, identified improvements to the foster care system, and outcome data related to the transfer in the notification. [1992 c 214 § 9.]

Funds transfer review: "The juvenile issues task force established under chapter 234, Laws of 1991, shall review the advisability of transferring appropriated funds from foster care to purchase family preservation services for children at imminent risk of foster care placement and include findings and recommendations on the transfer of funds to the appropriate committees of the senate and house of representatives by December 15, 1992. The task force shall identify ways to improve the foster care system and expand family preservation services with the savings generated by avoiding the placement of children at imminent risk of foster care placement through the provision of family preservation services." [1992 c 214 § 10.]

74.14C.900 Severability—1992 c 214. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1992 c 214 § 13.]

(1) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the

agencies to be licensed hereunder, or because of any other factor relevant thereto;

(2) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed.

The minimum requirements shall be limited to:

(a) The size and suitability of a facility and the plan of operation for carrying out the purpose for which an applicant seeks a license;

(b) The character, suitability and competence of an agency and other persons associated with an agency directly responsible for the care and treatment of children, expectant mothers or developmentally disabled persons. In consultation with law enforcement personnel, the secretary shall investigate the conviction record or pending charges and dependency record information under chapter 43.43 RCW of each agency and its staff seeking licensure or relicensure. The secretary shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children, expectant mothers, and developmentally disabled persons. The department shall maintain a list of applicants through which placement may be undertaken. However, agencies and the department shall not place a child, developmentally disabled person, or expectant mother in a home until the home is licensed. Foster-family homes shall be inspected prior to licensure, except that inspection by the department is not required if the foster-family home is under the supervision of a licensed agency upon certification to the department by the licensed agency that such homes meet the requirements for foster homes as adopted pursuant to chapter 74.15 RCW and RCW 74.13.031. Aid to dependent children: Chapter 74.12 RCW.

Child support registry: Chapter 26.23 RCW.

74.20.010 Purpose—Legislative intent—Chapter to be liberally construed. It is the responsibility of the state of Washington through the state department of social and health services to conserve the expenditure of public assistance funds, whenever possible, in order that such funds shall not be expended if there are private funds available or which can be made available by judicial process or otherwise to partially or completely meet the financial needs of the children of this state. The failure of parents to provide adequate financial support and care for their children is a major cause of financial dependency and a contributing cause of social delinquency.

The purpose of this chapter is to provide the state of Washington, through the department of social and health services, a more effective and efficient way to effect the support of dependent children by the person or persons who, under the law, are primarily responsible for such support and to lighten the heavy burden of the taxpayer, who in many instances is paying toward the support of dependent children while those persons primarily responsible are avoiding their obligations. It is the intention of the legislature that the powers delegated to the said department in this chapter be liberally construed to the end that persons legally responsible for the care and support of children within the state be required to assume their legal obligations in order to reduce the financial cost to the state of Washington in providing public assistance funds for the care of children. It is the intention of the legislature that the department provide sufficient staff to carry out the purposes of this chapter, chapter 74.20A RCW, the abandonment and nonsupport statutes, and any applicable federal support enforcement statute administered by the department. It is also the intent of the legislature that the staff responsible for support enforcement be encouraged to conduct their support enforcement duties with fairness, courtesy, and the highest professional standards. [1979 ex.s. c 171 § 24; 1979 c 141 § 364; 1963 c 206 § 1; 1959 c 322 § 2.]

Severability—1979 ex.s. c 171: See note following RCW 74.20.300.

74.20.021 Definitions. See RCW 74.20A.020.

74.20.040 Duty of department to enforce child support—Requests for support enforcement services—Schedule of fees—Waiver. (1) Whenever the department of social and health services receives an application for public assistance on behalf of a child, the department shall take appropriate action under the provisions of this chapter, chapter 74.20A RCW, or other appropriate statutes of this state to establish or enforce support obligations against the parent or other persons owing a duty to pay support moneys.

(2) The secretary may accept a request for support enforcement services on behalf of persons who are not recipients of public assistance and may take appropriate action to establish or enforce support obligations against the parent or other persons owing a duty to pay moneys. Requests accepted under this subsection may be conditioned upon the payment of a fee as required through regulation issued by the secretary. Action may be taken under the provisions of chapter 74.20 RCW, the abandonment or nonsupport statutes, or other appropriate statutes of this state,

including but not limited to remedies established in chapter 74.20A RCW, to establish and enforce said support obligations. The secretary may establish by regulation, reasonable standards and qualifications for support enforcement services under this subsection.

(3) The secretary may accept requests for support enforcement services from child support enforcement agencies in other states operating child support programs under Title IV-D of the social security act or from foreign countries, and may take appropriate action to establish and enforce support obligations against the parent or other person owing a duty to pay support moneys. The request shall contain and be accompanied by such information and documentation as the secretary may by rule require, and be signed by an authorized representative of the agency.

(4) The department may take action to establish, enforce, and collect a support obligation, including performing related services, under this chapter and chapter 74.20A RCW, or through the attorney general or prosecuting attorney for action under chapter 26.09, 26.18, 26.20, 26.21, or 26.26 RCW or other appropriate statutes or the common law of this state.

(5) Whenever a support order is filed with the Washington state support registry under chapter 26.23 RCW, the department may take appropriate action under the provisions of this chapter, chapter 26.23 or 74.20A RCW, or other appropriate law of this state to establish or enforce the support obligations contained in that order against the responsible parent or other persons owing a duty to pay support moneys.

(6) The secretary may charge and collect a fee from the person obligated to pay support to compensate the department for services rendered in establishment of or enforcement of support obligations. This fee shall be limited to not more than ten percent of any support money collected as a result of action taken by the secretary. The fee charged shall be in addition to the support obligation. In no event may any moneys collected by the department of social and health services from the person obligated to pay support be retained as satisfaction of fees charged until all current support obligations have been satisfied. The secretary shall by regulation establish reasonable fees for support enforcement services and said schedule of fees shall be made available to any person obligated to pay support. The secretary may, on showing of necessity, waive or defer any such fee.

(7) Fees, due and owing, may be collected as delinquent support moneys utilizing any of the remedies in chapter 74.20 RCW, chapter 74.20A RCW, chapter 26.21 RCW, or any other remedy at law or equity available to the department or any agencies with whom it has a cooperative or contractual arrangement to establish, enforce, or collect support moneys or support obligations.

(8) The secretary may waive the fee, or any portion thereof, as a part of a compromise of disputed claims or may grant partial or total charge off of said fee if the secretary finds there are no available, practical, or lawful means by which said fee may be collected or to facilitate payment of the amount of delinquent support moneys owed. [1989 c 360 § 12; 1985 c 276 § 1; 1984 c 260 § 29; 1982 c 201 § 20; 1973 1st ex.s. c 183 § 1; 1971 ex.s. c 213 § 1; 1963 c 206 § 3; 1959 c 322 § 5.]

Severability—1984 c 260: See RCW 26.18.900.

74.20.055 Designated agency under federal law—Role of prosecuting attorneys. The department of social and health services office of support enforcement is the designated agency in Washington state to administer the child support program under Title IV-D of the federal social security act and is responsible for providing necessary and mandated support enforcement services and ensuring that such services are available state-wide. It is the intent of the legislature to enhance the total child support program in this state by granting the office of support enforcement administrative powers and flexibility. If the exercise of this authority is used to supplant or replace the role of the prosecuting attorneys for reasons other than economy or federal compliance, the Washington association of prosecuting attorneys shall report to the committees on judiciary of the senate and house of representatives. [1985 c 276 § 17.]

74.20.060 Cooperation by person having custody of child—Penalty. Any person having the care, custody or control of any dependent child or children who shall fail or refuse to cooperate with the department of social and health services, any prosecuting attorney or the attorney general in the course of administration of provisions of this chapter shall be guilty of a misdemeanor. [1979 c 141 § 365; 1959 c 322 § 7.]

74.20.065 Wrongful deprivation of custody—Legal custodian excused from support payments. If the legal custodian has been wrongfully deprived of physical custody, the department is authorized to excuse the custodian from support payments for a child or children receiving or on whose behalf public assistance was provided under chapter 74.12 RCW. [1983 1st ex.s. c 41 § 31.]

Severability—1983 1st ex.s. c 41: See note following RCW 26.09.060.

74.20.101 Payment of support moneys to state support registry—Notice—Effects of noncompliance. (1) A responsible parent shall make all support payments through the office of support enforcement or the Washington state support registry if:

(a) The parent's support order contains a provision directing the parent to make support payments through the office of support enforcement or the Washington state support registry; or

(b) If the parent has received written notice from the office of support enforcement under RCW 26.23.110, 74.20A.040, or 74.20A.055 that all future support payments must be made through the office of support enforcement or the Washington state support registry.

(2) A responsible parent who has been ordered or notified to make support payments to the office of support enforcement or the Washington state support registry shall not receive credit for payments which are not paid to the office of support enforcement or the Washington state support registry unless:

(a) The department determines that the granting of credit would not prejudice the rights of the residential parent or other person or agency entitled to receive the support payments and circumstances of an equitable nature exist; or

(b) A court, after a hearing at which all interested parties were given an opportunity to be heard, on equitable principles, orders that credit be given.

(3) The rights of the payee under an order for support shall not be prejudiced if the department grants credit under subsection (2)(a) of this section. If the department determines that credit should be granted pursuant to subsection (2) of this section, the department shall mail notice of its decision to the last known address of the payee, together with information about the procedure to contest the determination. [1989 c 360 § 7; 1987 c 435 § 30; 1979 ex.s. c 171 § 13; 1973 1st ex.s. c 183 § 2; 1969 ex.s. c 173 § 16.]

Severability—1979 ex.s. c 171: See note following RCW 74.20.300.

74.20.160 Department may disclose information to internal revenue department. Notwithstanding the provisions of RCW 74.04.060, upon approval of the department of health, education and welfare of the federal government, the department of social and health services may disclose to and keep the internal revenue department of the treasury of the United States advised of the names of all persons who are under legal obligation to support any dependent child or children and who are not doing so, to the end that the internal revenue department may have available to it the names of such persons for review in connection with income tax returns and claims of dependencies made by persons filing income tax returns. [1979 c 141 § 366; 1963 c 206 § 5; 1959 c 322 § 17.]

74.20.210 Attorney general may act under Uniform Reciprocal Enforcement of Support Act pursuant to agreement with prosecuting attorney. The prosecuting attorney of any county except a county with a population of one million or more may enter into an agreement with the attorney general whereby the duty to initiate petitions for support authorized under the provisions of chapter 26.21 RCW as it is now or hereafter amended (Uniform Reciprocal Enforcement of Support Act) in cases where the petitioner has applied for or is receiving public assistance on behalf of a dependent child or children shall become the duty of the attorney general. Any such agreement may also provide that the attorney general has the duty to represent the petitioner in intercounty proceedings within the state initiated by the attorney general which involve a petition received from another county. Upon the execution of such agreement, the attorney general shall be empowered to exercise any and all powers of the prosecuting attorney in connection with said petitions. [1991 c 363 § 150; 1969 ex.s. c 173 § 14; 1963 c 206 § 6.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

74.20.220 Powers of department through the attorney general or prosecuting attorney. In order to carry out its responsibilities imposed under this chapter and as required by federal law, the state department of social and health services, through the attorney general or prosecuting attorney, is hereby authorized to:

(1) Initiate an action in superior court to obtain a support order or obtain other relief related to support for a

dependent child on whose behalf the department is providing public assistance or support enforcement services under RCW 74.20.040, or to enforce a superior court order.

(2) Appear as a party in dissolution, child support, parentage, maintenance suits, or other proceedings, for the purpose of representing the financial interest and actions of the state of Washington therein.

(3) Petition the court for modification of a superior court order when the office of support enforcement is providing support enforcement services under RCW 74.20.040.

(4) When the attorney general or prosecuting attorney appears in, defends, or initiates actions to establish, modify, or enforce child support obligations he or she represents the state, the best interests of the child relating to parentage, and the best interests of the children of the state, but does not represent the interests of any other individual.

(5) If public assistance has been applied for or granted on behalf of a child of parents who are divorced or legally separated, the attorney general or prosecuting attorney may apply to the superior court in such action for an order directing either parent or both to show cause:

(a) Why an order of support for the child should not be entered, or

(b) Why the amount of support previously ordered should not be increased, or

(c) Why the parent should not be held in contempt for his or her failure to comply with any order of support previously entered.

(6) Initiate any civil proceedings deemed necessary by the department to secure reimbursement from the parent or parents of minor dependent children for all moneys expended by the state in providing assistance or services to said children.

(7) Nothing in this section limits the authority of the attorney general or prosecuting attorney to use any and all civil and criminal remedies to enforce, establish, or modify child support obligations whether or not the custodial parent receives public assistance. [1991 c 367 § 44; 1979 c 141 § 367; 1973 1st ex.s. c 154 § 112; 1969 ex.s. c 173 § 15; 1963 c 206 § 7.]

Severability—1973 1st ex.s. c 154: See note following RCW 2.12.030.

74.20.230 Petition for support order by married parent with minor or legally adopted children who are receiving public assistance. Any married parent with minor children, natural or legally adopted children who is receiving public assistance may apply to the superior court of the county in which such parent resides or in which the spouse may be found for an order upon such spouse, if such spouse is the natural or adoptive mother or father of such children, to provide for such spouse's support and the support of such spouse's minor children by filing in such county a petition setting forth the facts and circumstances upon which such spouse relies for such order. If it appears to the satisfaction of the court that such parent is without funds to employ counsel, the state department of social and health services through the attorney general may file such petition on behalf of such parent. If satisfied that a just cause exists, the court

shall direct that a citation issue to the other spouse requiring such spouse to appear at a time set by the court to show cause why an order of support should not be entered in the matter. [1973 1st ex.s. c 154 § 113; 1963 c 206 § 8.]

Severability—1973 1st ex.s. c 154: See note following RCW 2.12.030.

74.20.240 Petition for support order by married parent with minor or legally adopted children who are receiving public assistance—Order—Powers of court. (1) After the hearing of the petition for an order of support the court shall make an order granting or denying it and fixing, if allowed, the terms and amount of the support. (2) The court has the same power to compel the attendance of witnesses and the production of testimony as in actions and suits, to make such decree or orders as are equitable in view of the circumstances of both parties and to punish violations thereof as other contempts are punished. [1963 c 206 § 9.]

74.20.250 Petition for support order by married parent with minor or legally adopted children who are receiving public assistance—Waiver of filing fees. The court may, upon satisfactory showing that the petitioner is without funds to pay the filing fee, order that the petition and other papers be filed without payment of the fee. [1963 c 206 § 10.]

74.20.260 Financial statements by parent whose absence is basis of application for public assistance. Any parent in the state whose absence is the basis upon which an application is filed for public assistance on behalf of a child shall be required to complete a statement, under oath, of his current monthly income, his total income over the past twelve months, the number of dependents for whom he is providing support, the amount he is contributing regularly toward the support of all children for whom application for such assistance is made, his current monthly living expenses and such other information as is pertinent to determining his ability to support his children. Such statement shall be provided upon demand made by the state department of social and health services or attorney general, and if assistance based upon such application is granted on behalf of such child, additional statements shall be filed annually thereafter with the state department of social and health services until such time as the child is no longer receiving such assistance. Failure to comply with this section shall constitute a misdemeanor. [1979 c 141 § 368; 1963 c 206 § 11.]

74.20.280 Central unit for information and administration—Cooperation enjoined—Availability of records. The department is authorized and directed to establish a central unit to serve as a registry for the receipt of information, for answering interstate inquiries concerning the parents of dependent children, to coordinate and supervise departmental activities in relation to such parents, to assure effective cooperation with law enforcement agencies, and to perform other functions authorized by state and federal support enforcement and child custody statutes and regulations.

To effectuate the purposes of this section, the secretary may request from state, county and local agencies all information and assistance as authorized by this chapter. Upon the request of the department of social and health services, all state, county and city agencies, officers and employees shall cooperate in the location of the parents of a dependent child and shall supply the department with all information relative to the location, income and property of such parents, notwithstanding any provision of law making such information confidential.

Any records established pursuant to the provisions of this section shall be available only to the attorney general, prosecuting attorneys, courts having jurisdiction in support and/or abandonment proceedings or actions, or other authorized agencies or persons for use consistent with the intent of state and federal support enforcement and child custody statutes and regulations. [1983 1st ex.s. c 41 § 15; 1979 c 141 § 370; 1963 c 206 § 13.]

Severability—1983 1st ex.s. c 41: See note following RCW 26.09.060.

74.20.300 Department exempt from fees relating to paternity or support. No filing or recording fees, court fees, or fees for making copies of documents shall be required from the state department of social and health services by any county clerk, county auditor, or other county officer for the filing of any actions or documents necessary to establish paternity or enforce or collect support moneys.

Filing fees shall also not be required of any prosecuting attorney or the attorney general for action to establish paternity or enforce or collect support moneys. [1979 ex.s. c 171 § 1; 1973 1st ex.s. c 183 § 3; 1963 c 206 § 15.]

74.20.310 Guardian ad litem in actions brought to determine parent and child relationship—Notice. (1) The provisions of RCW 26.26.090 requiring appointment of a general guardian or guardian ad litem to represent the child in an action brought to determine the parent and child relationship do not apply to actions brought under chapter 26.26 RCW if:

(a) The action is brought by the attorney general on behalf of the department of social and health services and the child; or

(b) The action is brought by any prosecuting attorney on behalf of the state and the child when referral has been made to the prosecuting attorney by the department of social and health services requesting such action.

(2) On the issue of parentage, the attorney general or prosecuting attorney functions as the child's guardian ad litem provided the interests of the state and the child are not in conflict.

(3) The court, on its own motion or on motion of a party, may appoint a guardian ad litem when necessary.

(4) The summons shall contain a notice to the parents that the parents have a right to move the court for a guardian ad litem for the child other than the prosecuting attorney or the attorney general subject to subsection (2) of this section. [1991 c 367 § 45; 1979 ex.s. c 171 § 15.]

74.20.320 Custodian to remit support moneys when department has support obligation—Noncompliance, effect of, action authorized. Whenever a custodian of children, or other person, receives support moneys paid to them which moneys are paid in whole or in part in satisfaction of a support obligation which has been assigned to the department pursuant to 42 U.S.C. Sec. 602(A)(26)(a) or RCW 74.20.330 or to which the department is owed a debt pursuant to RCW 74.20A.030, the moneys shall be remitted to the department within eight days of receipt by the custodian or other person. If not so remitted the custodian or other person shall be indebted to the department as a support debt in an amount equal to the amount of the support money received and not remitted.

By not paying over the moneys to the department, a custodial parent or other person is deemed, without the necessity of signing any document, to have made an irrevocable assignment to the department of any support delinquency owed which is not already assigned to the department or to any support delinquency which may accrue in the future in an amount equal to the amount of support money retained. The department may utilize the collection procedures in chapter 74.20A RCW to collect the assigned delinquency to effect recoupment and satisfaction of the debt incurred by reason of the failure of the custodial parent or other person to remit. The department is also authorized to make a set-off to effect satisfaction of the debt by deduction from support moneys in its possession or in the possession of any clerk of the court or other forwarding agent which are paid to the custodial parent or other person for the satisfaction of any support delinquency. Nothing in this section authorizes the department to make set-off as to current support paid during the month for which the payment is due and owing. [1979 ex.s. c 171 § 17.]

Severability—1979 ex.s. c 171: See note following RCW 74.20.300.

74.20.330 Payment of public assistance as assignment of rights to support—Department authorized to provide services. (2) Payment of public assistance under this title shall:

(a) Operate as an assignment by operation of law; and

(b) Constitute an authorization to the department to provide the assistance recipient with support enforcement services. [1989 c 360 § 13; 1988 c 275 § 19; 1985 c 276 § 3; 1979 ex.s. c 171 § 22.]

74.20.340 Employees' case workload standards—Reports to legislative committees. The department shall develop workload standards for each employee classification involved in support enforcement activities for each category of support enforcement cases. The department shall submit the workload standards and a preliminary forecast of the level of staffing required to meet the workload standards to the senate ways and means committee and the house of representatives revenue and appropriations committees six months before the regular legislative sessions and whenever this information is requested by the senate ways and means committee and the house of representatives revenue and appropriations committees. [1979 ex.s. c 171 § 25.]

Severability—1979 ex.s. c 171: See note following RCW 74.20.300.

74.20.350 Costs and attorneys' fees. In order to facilitate and ensure compliance with Title IV-D of the federal social security act, now existing or hereafter amended, wherein the state is required to undertake to establish paternity of such children as are born out of wedlock, the secretary of social and health services may pay the reasonable and proper fees of attorneys admitted to practice before the courts of this state, who are engaged in private practice for the purpose of maintaining actions under chapter 26.26 RCW on behalf of such children, to the end that parent and child relationships be determined and financial support obligations be established by superior court order. The secretary or the secretary's designee shall make the determination in each case as to which cases shall be referred for representation by such private attorneys. The secretary may advance, pay, or reimburse for payment of, such reasonable costs as may be attendant to an action under chapter 26.26 RCW. The representation by a private attorney shall be only on behalf of the subject child, the custodial natural parent, and the child's personal representative or guardian ad litem, and shall not in any manner be, or be construed to be, in representation of the department of social and health services or the state of Washington, such representation being restricted to that provided pursuant to chapters 43.10 and 36.27 RCW. 74.20A.010 Purpose—Remedies additional. Common law and statutory procedures governing the remedies for enforcement of support for financially dependent minor children by responsible parents have not proven sufficiently effective or efficient to cope with the increasing incidence of financial dependency. The increasing workload of courts, prosecuting attorneys, and the attorney general has made such remedies uncertain, slow and inadequate, thereby resulting in a growing burden on the financial resources of the state, which is constrained to provide public assistance grants for basic maintenance requirements when parents fail to meet their primary obligations. The state of Washington, therefore, exercising its police and sovereign power, declares that the common law and statutory remedies pertaining to family desertion and nonsupport of minor dependent children shall be augmented by additional remedies directed to the real and personal property resources of the responsible parents. In order to render resources more immediately

available to meet the needs of minor children, it is the legislative intent that the remedies herein provided are in addition to, and not in lieu of, existing law. It is declared to be the public policy of this state that this chapter be construed and administered to the end that children shall be maintained from the resources of responsible parents, thereby relieving, at least in part, the burden presently borne by the general citizenry through welfare programs. [1971 ex.s. c 164 § 1.]

74.20A.020 Definitions. Unless a different meaning is plainly required by the context, the following words and phrases as hereinafter used in this chapter and chapter 74.20 RCW shall have the following meanings:

(1) "Department" means the state department of social and health services.

(2) "Secretary" means the secretary of the department of social and health services, his designee or authorized representative.

(3) "Dependent child" means any person:

For purposes of RCW 74.20A.055, orders for support which were entered under the uniform reciprocal enforcement of support act by a state where the responsible parent no longer resides shall not preclude the department from establishing an amount to be paid as current and future support.

(6) "Administrative order" means any determination, finding, decree, or order for support pursuant to RCW 74.20A.055, or by an agency of another state pursuant to a substantially similar administrative process, establishing the existence of a support obligation and ordering the payment of a set or determinable amount of support moneys to satisfy the support obligation.

whole or in part of arrears or delinquency on such an obligation.

(10) "Support debt" means any delinquent amount of support moneys which is due, owing, and unpaid under a superior court order or an administrative order, a debt for the payment of expenses for the reasonable or necessary care, support, and maintenance, including medical expenses, of a dependent child or other person for whom a support obligation is owed; or a debt under RCW 74.20A.100 or 74.20A.270. 74.20A.030 Department subrogated to rights for support—Enforcement actions—Certain parents exempt.

(1) The department shall be subrogated to the right of any dependent child or children or person having the care, custody, and control of said child or children, if public assistance money is paid to or for the benefit of the child, to prosecute or maintain any support action or execute any administrative remedy existing under the laws of the state of Washington to obtain reimbursement of moneys expended, based on the support obligation of the responsible parent established by a superior court order or RCW 74.20A.055. Distribution of any support moneys shall be made in accordance with 42 U.S.C. Sec. 657.

(2) The department may initiate, continue, maintain, or execute an action to establish, enforce, and collect a support obligation, including establishing paternity and performing related services, under this chapter and chapter 74.20 RCW, or through the attorney general or prosecuting attorney under chapter 26.09, 26.18, 26.20, 26.21, 26.23, or 26.26 RCW or other appropriate statutes or the common law of this state, for so long as and under such conditions as the department may establish by regulation.

(3) Public assistance moneys shall be exempt from collection action under this chapter except as provided in RCW 74.20A.270.

(4) No collection action shall be taken against parents of children eligible for admission to, or children who have been discharged from a residential habilitation center as defined by RCW 71A.10.020(7). 74.20A.035 Augmentation of paternity establishment services. The department of social and health services shall augment its present paternity establishment services through the hiring of additional assistant attorneys general, or contracting with prosecutors or private attorneys licensed in the state of Washington in those judicial districts experiencing delay or an accumulation of unserved paternity cases. The employment of private attorneys shall be limited in scope to renewable six-month periods in judicial districts where the prosecutor or the attorney general cannot provide adequate, cost-effective service. The department of social and health services shall provide a written report of the circumstances requiring employment of private attorneys to the judiciary committees of the senate and house of representatives and provide copies of such reports to the office of the attorney general and to the Washington association of prosecuting attorneys. [1987 c 441 § 3.]

Legislative findings—1987 c 441: "The state of Washington through the department of social and health services is required by state and federal statutes to provide paternity establishment services. These statutes require that reasonable efforts to establish paternity be made, if paternity of the child is in question, in all public assistance cases and whenever such services are requested in nonassistance cases.

The increasing number of children being born out of wedlock together with improved awareness of the benefits to the child and society of having paternity established have resulted in a greater demand on the existing judicial paternity establishment system." [1987 c 441 § 1.]

74.20A.040 Notice of support debt—Service or mailing—Contents—Action on, when. (1) The secretary may issue a notice of a support debt accrued and/or accruing based upon RCW 74.20A.030, assignment of a support debt or a request for support enforcement services under RCW 74.20.040 (2) or (3), to enforce and collect a support debt created by a superior court order or administrative order. The payee under the order shall be informed when a notice of support debt is issued under this section.

(2) The notice may be served upon the debtor in the manner prescribed for the service of a summons in a civil action or be mailed to the debtor at his last known address by certified mail, return receipt requested, demanding payment within twenty days of the date of receipt.

(3) The notice of debt shall include:

(a) A statement of the support debt accrued and/or accruing, computable on the amount required to be paid under any superior court order to which the department is subrogated or is authorized to enforce and collect under RCW 74.20A.030, has an assigned interest, or has been authorized to enforce pursuant to RCW 74.20.040 (2) or (3);

(b) A statement that the property of the debtor is subject to collection action;

(c) A statement that the property is subject to lien and foreclosure, distraint, seizure and sale, or order to withhold and deliver; and

(d) A statement that the net proceeds will be applied to the satisfaction of the support debt.

(4) Action to collect a support debt by lien and foreclosure, or distraint, seizure and sale, or order to withhold and deliver shall be lawful after twenty days from the date of service upon the debtor or twenty days from the receipt or refusal by the debtor of said notice of debt.

(5) The secretary shall not be required to issue or serve such notice of support debt prior to taking collection action under this chapter when a responsible parent's support order:

(a) Contains language directing the parent to make support payments to the Washington state support registry; and

(b) Includes a statement that income-withholding action under this chapter may be taken without further notice to the responsible parent, as provided in RCW 26.23.050(1). [1989 c 360 § 8; 1985 c 276 § 2; 1973 1st ex.s. c 183 § 5; 1971 ex.s. c 164 § 4.]

74.20A.055 Notice and finding of financial responsibility of responsible parent—Service—Hearing—Decisions. (1) The secretary may, in the absence of a superior court order, serve on the responsible parent or parents a notice and finding of financial responsibility requiring a responsible parent or parents to appear and show cause in an adjudicative proceeding why the finding of responsibility and/or the amount thereof is incorrect, should not be finally ordered, but should be rescinded or modified. This notice and finding shall relate to the support debt accrued and/or accruing under this chapter and/or RCW 26.16.205, including periodic payments to be made in the future. The hearing shall be held pursuant to this section, chapter 34.05 RCW, the Administrative Procedure Act, and the rules of the department.

(2) The notice and finding of financial responsibility shall be served in the same manner prescribed for the service of a summons in a civil action or may be served on the responsible parent by certified mail, return receipt requested. The receipt shall be prima facie evidence of service. The notice shall be served upon the debtor within sixty days from the date the state assumes responsibility for the support of the dependent child or children on whose behalf support is sought. If the notice is not served within sixty days from such date, the department shall lose the right to reimbursement of payments made after the sixty-day period and before the date of notification: PROVIDED, That if the department exercises reasonable efforts to locate the debtor and is unable to do so the entire sixty-day period is tolled until such time as the debtor can be located.

(3) The notice and finding of financial responsibility shall set forth the amount the department has determined the responsible parent owes, the support debt accrued and/or accruing, and periodic payments to be made in the future. The notice and finding shall also include:

(a) A statement of the name of the recipient or custodian and the name of the child or children for whom support is sought;

(b) A statement of the amount of periodic future support payments as to which financial responsibility is alleged;

(c) A statement that the responsible parent may object to all or any part of the notice and finding, and file an application for an adjudicative proceeding to show cause why said responsible parent should not be determined to be liable for any or all of the debt, past and future;

(d) A statement that, if the responsible parent fails in timely fashion to file an application for an adjudicative proceeding, the support debt and payments stated in the notice and finding, including periodic support payments in

the future, shall be assessed and determined and ordered by the department and that this debt and amounts due under the notice shall be subject to collection action;

(e) A statement that the property of the debtor, without further advance notice or hearing, will be subject to lien and foreclosure, distraint, seizure and sale, order to withhold and deliver, notice of payroll deduction or other collection action to satisfy the debt and enforce the support obligation established under the notice.

(4) A responsible parent who objects to the notice and finding of financial responsibility may file an application for an adjudicative proceeding within twenty days of the date of service of the notice or thereafter as provided under this subsection. An adjudicative proceeding shall be held in the county of residence or other place convenient to the responsible parent.

(a) If the responsible parent files the application within twenty days, the department shall schedule an adjudicative proceeding to hear the parent's objection and determine the parents' support obligation for the entire period covered by the notice and finding of financial responsibility. The filing of the application stays collection action pending the entry of a final administrative order;

(b) If the responsible parent fails to file an application within twenty days, the notice and finding shall become a final administrative order. The amounts for current and future support and the support debt stated in the notice are final and subject to collection, except as provided under (c) and (d) of this subsection;

(c) If the responsible parent files the application more than twenty days after, but within one year of the date of service, the department shall schedule an adjudicative proceeding to hear the parents' objection and determine the parent's support obligation for the entire period covered by the notice and finding of financial responsibility. The filing of the application does not stay further collection action, pending the entry of a final administrative order, and does not affect any prior collection action;

(d) If the responsible parent files the application more than one year after the date of service, the department shall schedule an adjudicative proceeding at which the responsible parent must show good cause for failure to file a timely application. The filing of the application does not stay future collection action and does not affect prior collection action;

(i) If the presiding officer finds that good cause exists, the presiding officer shall proceed to hear the parent's objection to the notice and determine the parent's support obligation;

(ii) If the presiding officer finds that good cause does not exist, the presiding officer shall treat the application as a petition for prospective modification of the amount for current and future support established under the notice and finding. In the modification proceeding, the presiding officer shall set current and future support under chapter 26.19 RCW. The responsible parent need show neither good cause nor a substantial change of circumstances to justify modification of current and future support;

(e) The department shall retain and/or shall not refund support money collected more than twenty days after the date of service of the notice. Money withheld as the result of collection action shall be delivered to the department.

The department shall distribute such money, as provided in published rules.

(5) If an application for an adjudicative proceeding is filed, the presiding or reviewing officer shall determine the past liability and responsibility, if any, of the alleged responsible parent and shall also determine the amount of periodic payments to be made in the future, which amount is not limited by the amount of any public assistance payment made to or for the benefit of the child. If deviating from the child support schedule in making these determinations, the presiding or reviewing officer shall apply the standards contained in the child support schedule and enter written findings of fact supporting the deviation.

(6) If the responsible parent fails to attend or participate in the hearing or other stage of an adjudicative proceeding, upon a showing of valid service, the presiding officer shall enter an administrative order declaring the support debt and payment provisions stated in the notice and finding of financial responsibility to be assessed and determined and subject to collection action.

(7) The final administrative order establishing liability and/or future periodic support payments shall be superseded upon entry of a superior court order for support to the extent the superior court order is inconsistent with the administrative order.

(8) Debts determined pursuant to this section, accrued and not paid, are subject to collection action under this chapter without further necessity of action by a presiding or reviewing officer. 74.20A.056 Notice and finding of financial responsibility pursuant to an affidavit of paternity—Procedure for contesting. (1) If an alleged father has signed an affidavit acknowledging paternity which has been filed with the state office of vital statistics, the office of support enforcement may serve a notice and finding of parental responsibility on him. Service of the notice shall be in the same manner as a summons in a civil action or by certified mail, return receipt requested. The notice shall have attached to it a copy of the affidavit and shall state that:

(a) The alleged father may file an application for an adjudicative proceeding at which he will be required to appear and show cause why the amount stated in the finding of financial responsibility as to support is incorrect and should not be ordered;

(b) An alleged father may request that a blood test be administered to determine whether such test would exclude him from being a natural parent and, if not excluded, may subsequently request that the office of support enforcement

initiate an action in superior court to determine the existence of the parent-child relationship; and

(c) If the alleged father does not request that a blood test be administered or file an application for an adjudicative proceeding, the amount of support stated in the notice and finding of parental responsibility shall become final, subject only to a subsequent determination under RCW 26.26.060 that the parent-child relationship does not exist.

(2) An alleged father who objects to the amount of support requested in the notice may file an application for an adjudicative proceeding up to twenty days after the date the notice was served. An application for an adjudicative proceeding may be filed within one year of service of the notice and finding of parental responsibility without the necessity for a showing of good cause or upon a showing of good cause thereafter. An adjudicative proceeding under this section shall be pursuant to RCW 74.20A.055. The only issues shall be the amount of the accrued debt, the amount of the current and future support obligation, and the reimbursement of the costs of blood tests if advanced by the department.

(3) If the application for an adjudicative proceeding is filed within twenty days of service of the notice, collection action shall be stayed pending a final decision by the department. If no application is filed within twenty days:

(a) The amounts in the notice shall become final and the debt created therein shall be subject to collection action; and

(b) Any amounts so collected shall neither be refunded nor returned if the parent is later found not to be the father.

(4) An alleged father who denies being a responsible parent may request that a blood test be administered at any time. The request for testing shall be in writing and served on the office of support enforcement personally or by registered or certified mail. If a request for testing is made, the department shall arrange for the test and, pursuant to rules adopted by the department, may advance the cost of such testing. The department shall mail a copy of the test results by certified mail, return receipt requested, to the alleged father's last known address.

(5) If the test excludes the alleged father from being a natural parent, the office of support enforcement shall file a copy of the results with the state office of vital statistics and shall dismiss any pending administrative collection proceedings based upon the affidavit in issue. The state office of vital statistics shall remove the alleged father's name from the birth certificate.

(6) The alleged father may, within twenty days after the date of receipt of the test results, request the office of support enforcement to initiate an action under RCW 26.26.060 to determine the existence of the parent-child relationship. If the office of support enforcement initiates a superior court action at the request of the alleged father and the decision of the court is that the alleged father is a natural parent, the alleged father shall be liable for court costs incurred.

(7) If the alleged father does not request the office of support enforcement to initiate a superior court action, or if the alleged father fails to appear and cooperate with blood testing, the notice of parental responsibility shall become final for all intents and purposes and may be overturned only by a subsequent superior court order entered under RCW 26.26.060. [1989 c 55 § 3.]

Birth certificate—Establishing paternity: RCW 70.58.080.

74.20A.057 Jurisdiction over responsible parent. A support obligation arising under the statutes or common law of this state binds the responsible parent, present in this state, regardless of the presence or residence of the custodian or children. The obligor is presumed to have been present in the state of Washington during the period for which support is sought until otherwise shown. The department may establish an administrative order pursuant to RCW 74.20A.055 that is based upon any support obligation imposed or imposable under the statutes or common law of any state in which the obligor was present during the period for which support is sought. [1985 c 276 § 15.]

74.20A.058 Adjudicative proceeding contesting parental responsibility—Notice to mother. If an adjudicative proceeding is requested by an alleged father under RCW 74.20A.056, the department shall mail a copy of the notice of hearing to the mother at her last known address. If the mother appears for the proceeding, she shall be allowed to participate in it. Participation includes giving testimony, and being present for or listening to other testimony offered in the proceeding. Nothing in this section shall preclude the administrative law judge from limiting participation to preserve the confidentiality of information protected by law. [1989 c 55 § 5.]

74.20A.059 Modification of administrative orders establishing child support—Petition—Grounds—Procedure. (1) The department, the physical custodian, or the responsible parent may petition for a prospective modification of a final administrative order if:

(a) The administrative order has not been superseded by a superior court order; and

(b) There has been a substantial change of circumstances, except as provided under RCW 74.20A.055(4)(d).

(2) An order of child support may be modified one year or more after it has been entered without showing a substantial change of circumstances:

(a) If the order in practice works a severe economic hardship on either party or the child; or

(b) If a party requests an adjustment in an order for child support that was based on guidelines which determined the amount of support according to the child's age, and the child is no longer in the age category on which the current support amount was based; or

(c) If a child is a full-time student and reasonably expected to complete secondary school or the equivalent level of vocational or technical training before the child becomes nineteen years of age upon a finding that there is a need to extend support beyond the eighteenth birthday.

(3) An order may be modified without showing a substantial change of circumstances if the requested modification is to:

(a) Require health insurance coverage for a child covered by the order; or

(b) Modify an existing order for health insurance coverage.

(4) Support orders may be adjusted once every twenty-four months based upon changes in the income of the

parents without a showing of substantially changed circumstances.

(5)(a) All administrative orders entered on, before, or after September 1, 1991, may be modified based upon changes in the child support schedule established in chapter 26.19 RCW without a substantial change of circumstances. The petition may be filed based on changes in the child support schedule after twelve months has expired from the entry of the administrative order or the most recent modification order setting child support, whichever is later. However, if a party is granted relief under this provision, twenty-four months must pass before another petition for modification may be filed pursuant to subsection (4) of this section.

(b) If, pursuant to subsection (4) of this section or (a) of this subsection, the order modifies a child support obligation by more than thirty percent and the change would cause significant hardship, the change may be implemented in two equal increments, one at the time of the entry of the order and the second six months from the entry of the order. Twenty-four months must pass following the second change before a petition for modification under subsection (4) of this section may be filed.

(6) An increase in the wage or salary of the parent or custodian who is receiving the support transfer payments as defined in *section 24 of this act is not a substantial change in circumstances for purposes of modification under subsection (1)(b) of this section. An obligor's voluntary unemployment or voluntary underemployment, by itself, is not a substantial change of circumstances.

(7) The department shall file the petition and a supporting affidavit with the secretary or the secretary's designee when the department petitions for modification.

(8) The responsible parent or the physical custodian shall follow the procedures in this chapter for filing an application for an adjudicative proceeding to petition for modification.

(9) Upon the filing of a proper petition or application, the secretary or the secretary's designee shall issue an order directing each party to appear and show cause why the order should not be modified.

(10) If the presiding or reviewing officer finds a modification is appropriate, the officer shall modify the order and set current and future support under chapter 26.19 RCW. [1991 c 367 § 47.]

*Reviser's note: "Section 24 of this act" was vetoed by the governor.

Severability—Effective date—Captions not law—1991 c 367: See notes following RCW 26.09.015.

74.20A.060 Assertion of lien—Effect. (1) The secretary may assert a lien upon the real or personal property of a responsible parent:

(a) When a support payment is past due, if the parent's support order was entered in accordance with RCW 26.23.050(1);

(b) Twenty-one days after service of a notice of support debt under RCW 74.20A.040;

(c) Twenty-one days after service of a notice and finding of financial responsibility under RCW 74.20A.055;

(d) Twenty-one days after service of a notice and finding of parental responsibility;

(e) Twenty-one days after service of a notice of support owed under RCW 26.23.110; or

(f) When appropriate under RCW 74.20A.270.

(2) The claim of the department for a support debt, not paid when due, shall be a lien against all property of the debtor with priority of a secured creditor. This lien shall be separate and apart from, and in addition to, any other lien created by, or provided for, in this title. The lien shall attach to all real and personal property of the debtor on the date of filing of such statement with the county auditor of the county in which such property is located.

(3) Whenever a support lien has been filed and there is in the possession of any person, firm, corporation, association, political subdivision or department of the state having notice of said lien any property which may be subject to the support lien, such property shall not be paid over, released, sold, transferred, encumbered or conveyed, except as provided for by the exemptions contained in RCW 74.20A.090 and 74.20A.130, unless:

(a) A written release or waiver signed by the secretary has been delivered to said person, firm, corporation, association, political subdivision or department of the state; or

(b) A determination has been made in an adjudicative proceeding pursuant to RCW 74.20A.055 or by a superior court ordering release of said support lien on the basis that no debt exists or that the debt has been satisfied. [1989 c 360 § 9; 1989 c 175 § 153; 1979 ex.s. c 171 § 5; 1973 1st ex.s. c 183 § 7; 1971 ex.s. c 164 § 6.]

Reviser's note: This section was amended by 1989 c 175 § 153 and by 1989 c 360 § 9, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

No lien filed under RCW 74.20A.060 shall have any effect against earnings or bank deposits or balances unless it states the amount of the support debt accrued and unless service upon said person, firm, corporation, association, political subdivision or department of the state in possession of earnings or bank accounts, deposits or balances is accomplished pursuant to this section. [1973 1st ex.s. c 183 § 8; 1971 ex.s. c 164 § 7.]

(i) Contains language directing the parent to make support payments to the Washington state support registry; and

(ii) Includes a statement that other income-withholding action under this chapter may be taken without further notice to the responsible parent, as provided for in RCW 26.23.050(1);

(f) When appropriate under RCW 74.20A.270.

(2) The order to withhold and deliver shall:

(a) State the amount of the support debt accrued;

(b) State in summary the terms of RCW 74.20A.090 and 74.20A.100;

(c) Be served in the manner prescribed for the service of a summons in a civil action or by certified mail, return receipt requested.

(3) Any person, firm, corporation, association, political subdivision, or department of the state upon whom service has been made is hereby required to:

(a) Answer said order to withhold and deliver within twenty days, exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of therein; and

(b) Provide further and additional answers when requested by the secretary.

(4) Any such person, firm, corporation, association, political subdivision, or department of the state in possession of any property which may be subject to the claim of the department of social and health services shall:

(a)(i) Immediately withhold such property upon receipt of the order to withhold and deliver; and

(ii) Deliver the property to the secretary as soon as the twenty-day answer period expires;

(iv) Inform the secretary of the date the amounts were withheld as requested under this section; or

(b) Furnish to the secretary a good and sufficient bond, satisfactory to the secretary, conditioned upon final determination of liability.

(5) Where money is due and owing under any contract of employment, express or implied, or is held by any person, firm, corporation, or association, political subdivision, or department of the state subject to withdrawal by the debtor, such money shall be delivered by remittance payable to the order of the secretary.

(7) The state warrants and represents that:

(a) It shall defend and hold harmless for such actions persons delivering money or property to the secretary pursuant to this chapter; and

(b) It shall defend and hold harmless for such actions persons withholding money or property pursuant to this chapter.

(8) The secretary may hold the money or property delivered under this section in trust for application on the indebtedness involved or for return, without interest, in accordance with final determination of liability or nonliability.

(9) Exemptions contained in RCW 74.20A.090 apply to orders to withhold and deliver issued under this section.

(10) The secretary shall also, on or before the date of service of the order to withhold and deliver, mail or cause to be mailed by certified mail a copy of the order to withhold and deliver to the debtor at the debtor's last known post office address, or, in the alternative, a copy of the order to withhold and deliver shall be served on the debtor in the same manner as a summons in a civil action on or before the date of service of the order or within two days thereafter. The copy of the order shall be mailed or served together with a concise explanation of the right to petition for judicial review. This requirement is not jurisdictional, but, if the copy is not mailed or served as in this section provided, or if any irregularity appears with respect to the mailing or service, the superior court, in its discretion on motion of the debtor promptly made and supported by affidavit showing that the debtor has suffered substantial injury due to the failure to mail the copy, may set aside the order to withhold and deliver and award to the debtor an amount equal to the damages resulting from the secretary's failure to serve on or mail to the debtor the copy.

(11) An order to withhold and deliver issued in accordance with this section has priority over any other wage assignment or garnishment.

(12) The office of support enforcement shall notify any person, firm, corporation, association, or political subdivision, or department of the state required to withhold and deliver the earnings of a debtor under this action that they may deduct a processing fee from the remainder of the debtor's earnings, even if the remainder would otherwise be exempt under RCW 74.20A.090. 74.20A.090 Certain amount of earnings exempt from lien or order—"Earnings" and "disposable earnings" defined. Whenever a support lien or order to withhold and deliver is served upon any person, firm, corporation, association, political subdivision, or department of the state asserting a support debt against earnings and there is in the possession of such person, firm, corporation, association, political subdivision, or department of the state, any such earnings, RCW 6.27.150 shall not apply, but fifty percent of the disposable earnings shall be exempt and may be disbursed to the debtor whether such earnings are paid, or to be paid weekly, monthly, or at other intervals and whether there be due the debtor earnings for one week or for a longer period. The lien or order to withhold and deliver shall continue to operate and require said person, firm, corporation, association, political subdivision, or department of the state to withhold the nonexempt portion of earnings at each succeeding earnings disbursement interval until the entire amount of the support debt stated in the lien or order to withhold and deliver has been withheld. As used in this chapter, the term "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonus, or otherwise, and, notwithstanding any other provision of law making such payments exempt from garnishment, attachment, or other process to satisfy support obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050 or Title 74 RCW. Earnings shall specifically include all gain derived from capital, from labor, or from both combined, not including profit gained through sale or conversion of capital assets. The term "disposable earnings" means that part of the earnings of any individual remaining after the deduction from those earnings of any amount required by law to be withheld. When providing support enforcement services, the office of support enforcement may take action, under this chapter and chapter 26.23 RCW, against a responsible parent's earnings, located in, or subject to the jurisdiction of, the state of Washington regardless of the presence or residence of the responsible parent. Severability—Effective date—Captions not law—1991 c 367: See notes following RCW 26.09.015.

74.20A.100 Civil liability upon failure to comply with order or lien—Collection. (1) Any person, firm, corporation, association, political subdivision or department of the state shall be liable to the department in an amount equal to one hundred percent of the value of the debt which is the basis of the lien, order to withhold and deliver, distraint, or assignment of earnings, or the amount that should have been withheld, whichever amount is less, together with costs, interest, and reasonable attorney fees if that person or entity:

(a) Fails to answer an order to withhold and deliver within the time prescribed herein;

(b) Fails or refuses to deliver property pursuant to said order;

Whenever any person, firm, corporation, association, political subdivision or department of the state has in its possession earnings, deposits, accounts, or balances in excess of the amount of the debt claimed by the department, such person, firm, corporation, association, political subdivision or department of the state may, without liability under this chapter, release said excess to the debtor. Severability—1979 ex.s. c 171: See note following RCW 74.20.300.

74.20A.120 Banks, savings and loan associations, credit unions—Service on main office or branch, effect—Collection actions against community bank account, right to adjudicative proceeding. A lien, order to withhold and deliver, or any other notice or document authorized by this chapter or chapter 26.23 RCW may be served on the main office of a bank, savings and loan association, or credit union or on a branch office of such financial institution. Service on the main office shall be effective to attach the deposits of a responsible parent in the financial institution and compensation payable for personal services due the responsible parent from the financial institution. Service on

a branch office shall be effective to attach the deposits, accounts, credits, or other personal property of the responsible parent, excluding compensation payable for personal services, in the possession or control of the particular branch served.

If the department initiates collection action under this chapter against a community bank account, the debtor or the debtor's spouse, upon service on the department of a timely application, has a right to an adjudicative proceeding governed by chapter 34.05 RCW, the Administrative Procedure Act, to establish that the funds in the account, or a portion of those funds, were the earnings of the nonobligated spouse, and are exempt from the satisfaction of the child support obligation of the debtor pursuant to RCW 26.16.200. [1989 c 360 § 30; 1989 c 175 § 155; 1983 1st ex.s. c 41 § 3; 1971 ex.s. c 164 § 12.]

74.20A.130 Distraint, seizure and sale of property subject to liens under RCW 74.20A.060—Procedure. Whenever a support lien has been filed pursuant to RCW 74.20A.060, the secretary may collect the support debt stated in said lien by the distraint, seizure, and sale of the property subject to said lien. Not less than ten days prior to the date of sale, the secretary shall cause a copy of the notice of sale to be transmitted by regular mail and by any form of mailing requiring a return receipt to the debtor and any person known to have or claim an interest in the property. Said notice shall contain a general description of the property to be sold and the time, date, and place of the sale. The notice of sale shall be posted in at least two public places in the county wherein the distraint has been made. The time of sale shall not be less than ten nor more than twenty days from the date of posting of such notices. Said sale shall be conducted by the secretary, who shall proceed to sell such property by parcel or by lot at a public auction, and who may set a minimum reasonable price to include the expenses of making a levy and of advertising the sale, and if the amount bid for such property at the sale is not equal to the price so fixed, the secretary may declare such property to be purchased by the department for such price, or may conduct another sale of such property pursuant to the provisions of this section. In the event of sale, the debtor's account shall be credited with the amount for which the property has been sold. Property acquired by the department as herein prescribed may be sold by the secretary at public or private sale, and the amount realized shall be placed in the state general fund to the credit of the department of social and health services. In all cases of sale, as aforesaid, the secretary shall issue a bill of sale or a deed to the purchaser and said bill of sale or deed shall be prima facie evidence of the right of the secretary to make such sale and conclusive evidence of the regularity of his proceeding in making the sale, and shall transfer to the purchaser all right, title, and interest of the debtor in said property. The proceeds of any such sale, except in those cases wherein the property has

been acquired by the department, shall be first applied by the secretary to reimbursement of the costs of distraint and sale, and thereafter in satisfaction of the delinquent account. Any excess which shall thereafter remain in the hands of the secretary shall be refunded to the debtor. Sums so refundable to a debtor may be subject to seizure or distraint by any taxing authority of the state or its political subdivisions or by the secretary for new sums due and owing subsequent to the subject proceeding. Except as specifically provided in this chapter, there shall be exempt from distraint, seizure, and sale under this chapter such property as is exempt therefrom under the laws of this state. [1987 c 435 § 32; 1973 1st ex.s. c 183 § 12; 1971 ex.s. c 164 § 13.]

Effective date—1987 c 435: See RCW 26.23.900.

74.20A.140 Action for foreclosure of support lien—Satisfaction. Whenever a support lien has been filed, an action in foreclosure of lien upon real or personal property may be brought in the superior court of the county where real or personal property is or was located and the lien was filed and judgment shall be rendered in favor of the department for the amount due, with costs, and the court shall allow, as part of the costs, the moneys paid for making and filing the claim of lien, and a reasonable attorney's fee, and the court shall order any property upon which any lien provided for by this chapter is established, to be sold by the sheriff of the proper county to satisfy the lien and costs. The payment of the lien debt, costs and reasonable attorney fees, at any time before sale, shall satisfy the judgment of foreclosure. Where the net proceeds of sale upon application to the debt claimed do not satisfy the debt in full, the department shall have judgment over for any deficiency remaining unsatisfied and further levy and sales upon other property of the judgment debtor may be made under the same execution. In all sales contemplated under this section, advertising of notice shall only be necessary for two weeks in a newspaper published in the county where said property is located, and if there be no newspaper therein, then in the most convenient newspaper having a circulation in such county. Remedies provided for herein are alternatives to remedies provided for in other sections of this chapter. [1973 1st ex.s. c 183 § 13; 1971 ex.s. c 164 § 14.]

74.20A.150 Satisfaction of lien after foreclosure proceedings instituted—Redemption. Any person owning real property, or any interest in real property, against which a support lien has been filed and foreclosure instituted, shall have the right to pay the amount due, together with expenses of the proceedings and reasonable attorney fees to the secretary and upon such payment the secretary shall restore said property to him and all further proceedings in the said foreclosure action shall cease. Said person shall also have the right within two hundred forty days after sale of property foreclosed under RCW 74.20A.140 to redeem said property by making payment to the purchaser in the amount paid by the purchaser plus interest thereon at the rate of six percent per annum. [1973 1st ex.s. c 183 § 14; 1971 ex.s. c 164 § 15.]

74.20A.160 Secretary may set debt payment schedule, release funds in certain hardship cases. With

respect to any arrearages on a support debt assessed under this chapter, the secretary may at any time consistent with the income, earning capacity and resources of the debtor, set or reset a level and schedule of payments to be paid upon a support debt. The secretary may, upon petition of the debtor providing sufficient evidence of hardship, after consideration of the child support schedule adopted under *RCW 26.19.040, release or refund moneys taken pursuant to RCW 74.20A.080 to provide for the reasonable necessities of the responsible parent or parents and minor children in the home of the responsible parent. Nothing in this section shall be construed to require the secretary to take any action which would require collection of less than the obligation for current support required under a superior court order or an administrative order or to take any action which would result in a bar of collection of arrearages from the debtor by reason of the statute of limitations. [1988 c 275 § 11; 1985 c 276 § 8; 1979 ex.s. c 171 § 8; 1971 ex.s. c 164 § 16.]

*Reviser's note: RCW 26.19.040 was repealed by 1991 sp.s. c 28 § 8, effective September 1, 1991.

Effective dates—Severability—1988 c 275: See notes following RCW 26.19.001.

Severability—1979 ex.s. c 171: See note following RCW 74.20.300.

74.20A.170 Secretary may release lien or order or return seized property—Effect. The secretary may at any time release a support lien, or order to withhold and deliver, on all or part of the property of the debtor, or return seized property without liability, if assurance of payment is deemed adequate by the secretary, or if said action will facilitate the collection of the debt, but said release or return shall not operate to prevent future action to collect from the same or other property. [1973 1st ex.s. c 183 § 15; 1971 ex.s. c 164 § 17.]

74.20A.180 Secretary may make demand, file and serve liens, when payments appear in jeopardy. If the secretary finds that the collection of any support debt, accrued under a superior court order, based upon subrogation or an authorization to enforce and collect under RCW 74.20A.030, or assignment of, or a request for support enforcement services to enforce and collect the amount of support ordered by any superior court order is in jeopardy, the secretary may make a written demand under RCW 74.20A.040 for immediate payment of the support debt and, upon failure or refusal immediately to pay said support debt, may file and serve liens pursuant to RCW 74.20A.060 and 74.20A.070, without regard to the twenty day period provided for in RCW 74.20A.040: PROVIDED, That no further action under RCW 74.20A.080, 74.20A.130 and 74.20A.140 may be taken until the notice requirements of RCW 74.20A.040 are met. [1985 c 276 § 9; 1973 1st ex.s. c 183 § 16; 1971 ex.s. c 164 § 18.]

74.20A.200 Judicial relief after administrative remedies exhausted. Any person against whose property a support lien has been filed or an order to withhold and deliver has been served pursuant to this chapter may apply for relief to the superior court of the county wherein the property is located. It is the intent of this chapter that jurisdictional and constitutional issues, if any, shall be

subject to review, but that administrative remedies be exhausted prior to judicial review. [1985 c 276 § 10; 1979 ex.s. c 171 § 9; 1973 1st ex.s. c 183 § 18; 1971 ex.s. c 164 § 20.]

Severability—1979 ex.s. c 171: See note following RCW 74.20.300.

74.20A.220 Charging off child support debts as uncollectible—Compromise—Waiver of any bar to collection. Any support debt due the department from a responsible parent may be written off and cease to be accounted as an asset if the secretary finds there are no cost-effective means of collecting the debt.

The department may accept offers of compromise of disputed claims or may grant partial or total charge-off of support arrears owed to the department up to the total amount of public assistance paid to or for the benefit of the persons for whom the support obligation was incurred. The department shall adopt rules as to the considerations to be made in the granting or denial of partial or total charge-off and offers of compromise of disputed claims of debt for support arrears. The rights of the payee under an order for support shall not be prejudiced if the department accepts an offer of compromise, or grants a partial or total charge-off under this section.

The responsible parent owing a support debt may execute a written extension or waiver of any statute which may bar or impair the collection of the debt and the extension or waiver shall be effective according to its terms. [1989 c 360 § 4; 1989 c 78 § 2; 1979 ex.s. c 171 § 16; 1973 1st ex.s. c 183 § 20; 1971 ex.s. c 164 § 22.]

Reviser's note: This section was amended by 1989 c 78 § 2 and by 1989 c 360 § 4, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Severability—1979 ex.s. c 171: See note following RCW 74.20.300.

74.20A.230 Employee debtor rights protected—Remedies. No employer shall discharge or discipline an employee or refuse to hire a person for reason that an assignment of earnings has been presented in settlement of a support debt or that a support lien or order to withhold and deliver has been served against said employee's earnings. If an employer discharges or disciplines an employee or refuses to hire a person in violation of this section, the employee or person shall have a cause of action against the employer. The employer shall be liable for double the amount of lost wages and any other damages suffered as a result of the violation and for costs and reasonable attorney fees, and shall be subject to a civil penalty of not more than two thousand five hundred dollars for each violation. The employer may also be ordered to hire, rehire, or reinstate the aggrieved individual. [1985 c 276 § 11; 1973 1st ex.s. c 183 § 21; 1971 ex.s. c 164 § 23.]

74.20A.240 Assignment of earnings to be honored—Effect—Processing fee. Any person, firm, corporation, association, political subdivision or department of the state employing a person owing a support debt or obligation, shall honor, according to its terms, a duly executed assignment of earnings presented by the secretary as a plan to satisfy or retire a support debt or obligation. This requirement to

honor the assignment of earnings and the assignment of earnings itself shall be applicable whether said earnings are to be paid presently or in the future and shall continue in force and effect until released in writing by the secretary. Payment of moneys pursuant to an assignment of earnings presented by the secretary shall serve as full acquittance under any contract of employment, and the state warrants and represents it shall defend and hold harmless such action taken pursuant to said assignment of earnings. The secretary shall be released from liability for improper receipt of moneys under an assignment of earnings upon return of any moneys so received.

An assignment of earnings presented by the secretary in accordance with this section has priority over any other wage assignment or garnishment, except for another wage assignment or garnishment for support moneys.

The employer may deduct a processing fee from the remainder of the debtor's earnings, even if the remainder would be exempt under RCW 74.20A.090. The processing fee shall not exceed ten dollars from the first disbursement to the department and one dollar for each subsequent disbursement under the assignment of earnings. Disability payments made pursuant to Title 51 RCW shall be classified as earnings and shall be subject to collection action by the office for support enforcement under this chapter and all other applicable state statutes. [1987 c 435 § 34; 1973 1st ex.s. c 183 § 24.]

Effective date—1987 c 435: See RCW 26.23.900.

74.20A.270 Department claim for support moneys—Service—Answer—Adjudicative proceeding—Judicial review—Moneys not subject to claim. The secretary may issue a notice of noncompliance to any person, firm, corporation, association, or political subdivision of the state of Washington or any officer or agent thereof who has violated chapter 26.18 RCW, RCW 74.20A.100, or 26.23.040, who is in possession of support moneys, or who has had support moneys in his or her possession at some time in the past, which support moneys were or are claimed by the department as the property of the department by assignment,

subrogation, or by operation of law or legal process under chapter 74.20A RCW, if the support moneys have not been remitted to the department as required by law.

The notice shall describe the claim of the department, stating the legal basis for the claim and shall provide sufficient detail to enable the person, firm, corporation, association, or political subdivision or officer or agent thereof upon whom service is made to identify the support moneys in issue or the specific violation of RCW 74.20A.100 that has occurred. The notice may also make inquiry as to relevant facts necessary to the resolution of the issue.

The notice may be served by certified mail, return receipt requested, or in the manner of a summons in a civil action. Upon service of the notice all moneys not yet disbursed or spent or like moneys to be received in the future are deemed to be impounded and shall be held in trust pending answer to the notice and any adjudicative proceeding.

The notice shall be answered under oath and in writing within twenty days of the date of service, which answer shall include true answers to the matters inquired of in the notice. The answer shall also either acknowledge the department's right to the moneys or application for an adjudicative proceeding to contest the allegation that chapter 26.18 RCW, RCW 74.20A.100, or 26.23.040, has been violated, or determine the rights to ownership of the support moneys in issue. The hearing shall be held pursuant to this section, chapter 34.05 RCW, the Administrative Procedure Act, and the rules of the department. The burden of proof to establish ownership of the support moneys claimed, including but not limited to moneys not yet disbursed or spent, is on the department.

If no answer is made within the twenty days, the department's claim shall be assessed and determined and subject to collection action as a support debt pursuant to chapter 26.18 or 74.20A RCW, or RCW 26.23.040. Any such debtor may, at any time within one year from the date of service of the notice of support debt, petition the secretary or the secretary's designee for an adjudicative proceeding upon a showing of any of the grounds enumerated in RCW 4.72.010 or superior court civil rule 60. A copy of the petition shall also be served on the department. The filing of the petition shall not stay any collection action being taken, but the debtor may petition the secretary or the secretary's designee for an order staying collection action pending the final administrative order. Any moneys held and/or taken by collection action prior to the date of any such stay and any support moneys claimed by the department, including moneys to be received in the future to which the department may have a claim, shall be held in trust pending the final order, to be disbursed in accordance with the final order. The secretary or the secretary's designee shall condition the stay to provide for the trust.

If the petition is granted the issue in the proceeding is limited to the determination of the ownership of the moneys claimed in the notice of debt. The right to an adjudicative proceeding is conditioned upon holding of any funds not yet disbursed or expended or to be received in the future in trust pending the final order in these proceedings. The presiding or reviewing officer shall enter an appropriate order providing for the terms of the trust.

If the debtor fails to attend or participate in the hearing or other stage of an adjudicative proceeding, the presiding officer shall, upon showing of valid service, enter an order declaring the amount of support moneys, as claimed in the notice, to be assessed and determined and subject to collection action.

If, at any time, the superior court enters judgment for an amount of debt at variance with the amount determined by the final order in an adjudicative proceeding, the judgment shall supersede the final administrative order. Any debt determined by the superior court in excess of the amount determined by the final administrative order shall be the property of the department as assigned under 42 U.S.C. 602(A)(26)(a), RCW 74.20.040, 74.20A.250, 74.20.320, or 74.20.330. The department may, despite any final administrative order, take action pursuant to chapter 74.20 or 74.20A RCW to obtain such a judgment or to collect moneys determined by such a judgment to be due and owing.

If public assistance moneys have been paid to a parent for the benefit of that parent's minor dependent children, debt under this chapter shall not be incurred by nor at any time be collected from that parent because of that payment of assistance. Nothing in this section prohibits or limits the department from acting pursuant to RCW 74.20.320 and this section to assess a debt against a recipient or ex-recipient for receipt of support moneys paid in satisfaction of the debt assigned under RCW 74.20.330 which have been assigned to the department but were received by a recipient or ex-recipient from another responsible parent and not remitted to the department. To collect these wrongfully retained funds from the recipient, the department may not take collection action in excess of ten percent of the grant payment standard during any month the public assistance recipient remains in that status unless required by federal law. Payments not credited against the department's debt pursuant to RCW 74.20.101 may not be assessed or collected under this section. Reviser's note: This section was amended by 1989 c 175 § 156 and by 1989 c 360 § 35, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

74.20A.280 Department to respect privacy of recipients. While discharging its responsibilities to enforce the support obligations of responsible parents, the department shall respect the right of privacy of recipients of public assistance and of other persons. Any inquiry about sexual activity shall be limited to that necessary to identify and locate possible fathers and to gather facts needed in the adjudication of parentage. Severability—1979 ex.s. c 171: See note following RCW 74.20.300.

74.20A.290 Applicant for adjudicative proceeding must advise department of current address. Whenever any person files an application for an adjudicative proceeding under RCW 74.20A.055 or 74.20A.270, after the

department has notified the person of the requirements of this section, it shall be the responsibility of the person to notify the department of the person's mailing address at the time the application for an adjudicative proceeding is made and also to notify the department of any subsequent change of mailing address during the pendency of the administrative proceeding and any judicial review. Whenever the person has a duty under this section to advise the department of the person's mailing address, mailing by the department by certified mail to the person's last known address constitutes service as required by chapters 74.20A and 34.05 RCW. (2) "Health insurance coverage" as used in this section does not include medical assistance provided under chapter 74.09 RCW.

(3) A parent ordered to provide health insurance coverage shall provide proof of such coverage to the department within twenty days of the entry of the order, or within fifteen days of the date such coverage becomes available.

(4) Every order requiring a parent to provide health insurance coverage shall be entered in compliance with *RCW 26.23.050 and be subject to direct enforcement as provided under chapter 26.18 RCW. [1989 c 416 § 6.]

***Reviser's note:** The reference to RCW 26.23.050 appears to refer to the amendments made by 1989 c 416 § 8 that were subsequently vetoed by the governor.

74.20A.310 Federal and state cooperation—Rules—Construction. In furtherance of the policy of the state to cooperate with the federal government in the administration of the child support enforcement program, the department may adopt such rules and regulations as may become necessary to entitle the state to participate in federal funds, unless such rules would be expressly prohibited by law. Any section or provision of law dealing with the child support program which may be susceptible to more than one construction shall be interpreted in favor of the construction most likely to comply with federal laws entitling the state to receive federal funds. If any law dealing with the child support enforcement program is ruled to be in conflict with federal requirements which are a prescribed condition of the allocation of federal funds, such conflicting law is declared to be inoperative solely to the extent of the conflict. [1989 c 416 § 7.]

74.20A.900 Severability—Alternative when method of notification held invalid. If any provision of this chapter or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

If any method of notification provided for in this chapter is held invalid, service as provided for by the laws of the state of Washington for service of process in a civil action shall be substituted for the method held invalid. [1971 ex.s. c 164 § 27.]

The repeal and amendments are not intended to revive any law heretofore repealed. [1979 ex.s. c 171 § 27.]

74.21.010 Short title. This chapter may be cited as the family independence program. [1987 c 434 § 1.]

74.21.020 Intent. The legislature hereby establishes as state policy the goal of economic independence for employable adults receiving public assistance, through employment, training, and education. The legislature finds that children living in families with incomes below the needs standard have reduced opportunities for physical and intellectual development. A family's economic future is frequently not improved by the current program.

Therefore, in order to break the cycle of poverty and dependence, a family independence program is established. Participating families are to receive benefits under this

program at no less than they would otherwise have been entitled to receive.

The legislature intends that the family independence program is operated as a demonstration, which shall be periodically reviewed and modified by the executive committee to further state policy and to manage the program within resources.

The legislature finds that the state has a vital interest in ensuring that citizens who are in economic need are provided appropriate financial assistance. It is the intent of the legislature to maintain the existing partnership between state and federal government and that this program remain part of the federal welfare entitlement program. The legislature seeks federal authority for a five-year demonstration project and recognizes that waivers and congressional action may be required to achieve our purpose. The legislature does not seek a block grant approach to welfare.

The legislature recognizes that any program intended to assist new and current public assistance recipients will be more likely to succeed when the state, private sector, and recipients work together.

The legislature also recognizes the value of building on successful programs that utilize the development of networking and mentoring strategies to assist public assistance recipients to gain self-sufficiency. The legislature further encourages public-private cooperation in the areas of job readiness training, education, job training, and work opportunities, including community-based organizations as service providers in these areas through contractual relationships.

The legislature finds that the goal of economic independence requires increased efforts to assist parents in exercising their children's right to economic support from absent parents.

The legislature recognizes the substantial participation in the workforce of women with preschool children, and the difficulty in reentering employment after long absences.

The legislature further recognizes that public assistance recipients can play a major role in setting their own goals.

The objectives of this chapter are to assure that: The maximum number of recipients of public assistance become independent and self-sufficient through employment, training, and education; caseloads be correspondingly reduced on a long-term basis; financial incentives be available to recipients participating in job readiness, education, training, and work programs; the number of children growing up in poverty be substantially reduced; and unemployable recipients be afforded a basic level of financial and medical assistance consistent with the state's financial capabilities. [1990 1st ex.s. c 6 § 1; 1988 c 43 § 2; 1987 c 434 § 2.]

Severability—1990 1st ex.s. c 6: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1990 1st ex.s. c 6 § 7.]

Application—1990 1st ex.s. c 6: "The modifications to the family independence program contained in this act shall be implemented only to the extent permitted by federal law or agreements with the federal government made prior or subsequent to the effective date of this act [April 2, 1990]." [1990 1st ex.s. c 6 § 8.]

74.21.030 Definitions. Unless the context requires to the contrary, the definitions in this section apply throughout this chapter.

(1) "Benchmark standard" is the basic monthly level of cash benefits, established according to family size, which equals the state's payment standard under the aid to families with dependent children program, plus an amount not less than the full cash equivalent of food stamps for which any family of such size would otherwise be eligible.

(2) "Department" means the department of social and health services.

(3) "Enrollee" means the head(s) of household of a family eligible to receive financial assistance or other services under the family independence program.

(4) "Executive committee" or "committee" means the family independence program executive committee, authorized by and subject to the provisions of this chapter, to make policy recommendations to the legislature and develop procedure, program standards, data collection and information systems for family independence programs, including making budget allocations, setting incentive rates within appropriated funds, setting cost-sharing requirements for child care and medical services, and making related financial reports under chapter 43.88 RCW.

(5) "Family independence program services" include but are not limited to job readiness programs, job creation, employment, work programs, training, education, family planning services, development of a mentor program, income and medical support, parent education, child care, and training in family responsibility and family management skills, including appropriate financial counseling and training on management of finances and use of credit.

(6) "Food stamps" means the food purchase benefit available through the United States department of agriculture.

(7) "Gross income" means the total income of an enrollee from earnings, cash assistance, and incentive benefit payments.

(8) "Incentive benefit payments" means those additional benefits payable to enrollees due to their participation in education, training, or work programs.

(9) "Job-ready" is the status of an enrollee who is assessed as ready to enter job search activities on the basis of the enrollee's skills, experience, or participation in job and education activities in accordance with RCW 74.21.080.

(10) "Job readiness training" means that training necessary to enable enrollees to participate in job search or job training classes. It may include any or all of the following: Budgeting and financial counseling, time management, self-esteem building, expectations of the workplace (including appropriate dress and behavior on the job), goal setting, transportation logistics, and other preemployment skills.

(11) "Maximum income levels" are those levels of income and cash benefits, both benchmark and incentive, which the state establishes as the maximum level of total gross cash income for persons to continue to receive cash benefits.

(12) "Medical benefits" or "medicaid" are categorically or medically needy medical benefits provided in accordance with Title XIX of the federal social security act. Eligibility and scope of medical benefits under this chapter shall incorporate any hereinafter enacted changes in the medicaid program under Title XIX of the federal social security act.

of a cash payment related to the purposes of the family independence program.

(14) "Payment standard" is equal to the standard of need or a lesser amount if rateable reductions or grant maximums are established by the legislature. Standard of need shall be based on periodic studies of actual living costs and generally recognized inflation indices and shall include reasonable allowances for shelter, fuel, food, transportation, clothing, household maintenance, and necessary incidentals. The standard of need may take into account the economies of joint living arrangements, but there shall not be proration of any portion of assistance grants unless the amount of the payment standard is equal to the standard of need.

(17) "Treatment site" means the five sites chosen in accordance with federal standards for data collection by the independent evaluator contracted for under this chapter. [1990 1st ex.s. c 6 § 2; 1989 c 11 § 27; 1987 c 434 § 3.]

Severability—Application—1990 1st ex.s. c 6: See notes following RCW 74.21.020.

Severability—1989 c 11: See note following RCW 9A.56.220.

74.21.040 Eligibility for benefits. (1) Upon implementation of the family independence program, all applicants for public assistance, except persons eligible for assistance under the general assistance—unemployable program and except for families in which the children residing with caretakers other than the children's parents are the only individuals eligible for benefits, under chapter 74.04 RCW, shall be enrolled in the family independence program and shall be eligible to receive financial and medical benefits under the following criteria:

(a) A person who is a "dependent child" as defined in 42 U.S.C. Sec. 606(a) or 42 U.S.C. Sec. 607(a), the caretaker relative(s) with whom the dependent child resides, or a pregnant woman as defined in 42 U.S.C. Sec. 606(b); and

(b) A person whose resources do not exceed those established by the United States department of health and human services at 45 C.F.R. Sec. 233.20(a)(3)(i)(B); and

(c) A person whose income does not exceed the benchmark standard plus appropriate incentive benefit payments established in accordance with this chapter. However, subject to subsection (2) of this section and RCW 74.21.180, the department may limit family independence program eligibility to exclude those new applicants whose monthly income would render them ineligible for aid to families with dependent children benefits under the payment level in effect at the time of the application. For the purposes of this subsection, a new applicant is a person who has not been a recipient of aid to families with dependent children or an enrollee for ninety days prior to application.

(2) Subject to the availability of funds for family independence program benefits, the department may expand eligibility to authorize family independence program benefits

for additional categories of persons, but the department shall ensure that no person who would be eligible for benefits under the program requirements in place in this state as of January 1, 1988, pursuant to Titles IV-A and XIX of the federal social security act shall be denied financial or medical benefits under this chapter.

(3) The executive committee is authorized to transfer cases from the family independence program to the aid for families with dependent children program in circumstances where the dependent children residing with caretakers other than the children's parents are the only individuals eligible for benefits under chapter 74.04 RCW. [1990 1st ex.s. c 6 § 3; 1987 c 434 § 4.]

Severability—Application—1990 1st ex.s. c 6: See notes following RCW 74.21.020.

74.21.050 Family independence program—Executive committee—Advisory committee—Records—Quorum. (1) The family independence program executive committee is hereby established.

(2) The executive committee shall consist of seven members as follows: The secretary of social and health services, the commissioner of the employment security department, the senior official from each of those agencies who is responsible for the family independence program, an official of the office of financial management, and two nonvoting individuals who have received public assistance in the past but have subsequently achieved economic independence. The former recipient members of the executive committee shall be selected by the advisory committee. The former recipient representatives on the committee shall hold a term of two years. Terms may be renewed for one additional two-year term. The former recipient representatives shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(3) The executive committee shall appoint and consult with an advisory committee of not less than ten or more than twenty members broadly representative of business, labor, education, community, enrollee, civic groups, and the public at large. The membership shall be geographically balanced with one-third of the membership composed of enrollees or community members in accordance with RCW 74.21.060. The advisory committee members shall serve terms of two years. In addition, the speaker of the house of representatives and the president of the senate shall appoint a member of each caucus of the legislature to the advisory committee.

The initial terms of the advisory committee members shall be staggered in a manner determined by the executive committee. In the event of a vacancy on the advisory committee due to death, resignation, or removal of one of the advisory committee members, and upon the expiration of the term of any member, the executive committee shall appoint a successor from a list supplied by the family opportunity councils for a term expiring on the second anniversary of the successor's date of the appointment, except that vacancies in a position appointed by a legislative officer shall be filled by that officer. Advisory committee members may be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(4) If any one of the state offices on the executive committee is abolished, the resulting vacancy on the executive committee shall be filled by the state officer who shall

succeed substantially to the power and duties of the abolished office.

(5) The secretary of social and health services shall serve as chairperson of the executive committee and shall supervise all staff and program functions not under the direct supervision of the employment security department. The commissioner of the employment security department shall serve as vice-chairperson. The executive committee shall appoint a secretary who need not be a member of the executive committee.

(6) The secretary of the executive committee shall keep a record of the proceedings of the committee meetings.

(7) Three members of the executive committee constitute a quorum. The executive committee may act on the basis of motions. Motions shall be adopted upon the affirmative vote of a majority of a quorum of members present at any meeting of the executive committee. A vacancy in the membership of the committee does not impair the power of the committee to act under this chapter. However, in the case of a vacancy in one of the offices which constitutes the membership of the committee, the individual acting in the capacity of that officer shall also act as a member of the committee.

(8) The executive committee shall consult with the advisory committee on significant matters before taking action on such matters. Matters of significance include but are not limited to the nature and extent of contracts with private or nonprofit entities, decisions to modify incentive payments, and a right to review and comment upon the employment and child care plans and all reports submitted to the legislature, prior to their submission. The meetings of the executive committee are subject to chapter 42.30 RCW, the open public meetings act. The advisory committee shall study approaches to allow children in poverty to grow up healthy with self-confidence and the ability to break the cycle of dependence that can result from inadequate nutrition, housing, and other basic needs. [1990 1st ex.s. c 6 § 4; 1987 c 434 § 5.]

Severability—Application—1990 1st ex.s. c 6: See notes following RCW 74.21.020.

74.21.060 Family opportunity advisory councils. (1) The executive committee shall establish a family opportunity advisory council in each of the department's regions to make recommendations on the social services, procedures, and income maintenance operations used in the family independence program. The councils shall also assist in providing mentors, mutual self-help, and information on alternatives to welfare dependency. The councils shall include: (a) Individuals currently receiving assistance; (b) individuals who have received public assistance in the past but have subsequently achieved economic independence; and (c) persons who are board members or employees of nonprofit organizations providing services of the types offered to family independence program recipients, including those with experience in developing self-esteem and individual motivation. A regional advisory council may establish panels representing specific geographic areas within the region.

(2) Each advisory council shall nominate three persons from which the executive committee shall elect one person from each region to be a member of the advisory committee authorized by RCW 74.21.050. Appointments shall be for

a term of two years. Terms may be renewed for one additional two-year term. Three regional appointments shall initially be for a term of one year. The regional representatives shall constitute the consumer and enrollee representatives required by 74.21.050.

(3) Recipients and former recipients may be paid a per diem rate established by the executive committee. Members may be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. Recipients and former recipients may also be reimbursed for dependent care expenses required to permit their participation in the family opportunity advisory councils, the executive committee, and the family independence program advisory committee.

(4) The department may, within available funds, provide grants to each family opportunity council to assist and support their activities and to assist in the recruitment and training of volunteer mentors. [1988 c 43 § 3; 1987 c 434 § 6.]

74.21.070 Executive committee—Powers and duties.

(1) The executive committee shall direct the employment security department and the department of social and health services, or the appropriate successor agencies, subject to the provisions of this chapter and consistent with available funds, to do the following in order to accomplish the purposes of this chapter:

(a) To carry out and ensure the development of job readiness training, job development activities, subsidize employment in or through public, private, volunteer, and nonprofit agencies, and provide training funds for enrollees prior to and during employment;

(e) To receive federal and state funds for the family independence program and to otherwise manage the program so as to operate within legislatively determined funding limitations. However, the executive committee has no authority to alter the benchmark standard established by the legislature;

(f) To periodically review administration data and evaluation reports and to modify program operations in accordance with state and federal law. Such modifications shall not conflict with waiver agreements between the state and federal agencies and shall be made only after consultation with the legislative budget committee;

(g) To determine the level and types of program benefits and incentive benefit payments in accordance with this chapter, together with specific administrative requirements to be met by program enrollees;

(h) To authorize other individuals served under aid to families with dependent children—regular and employable to voluntarily seek enrollee status;

(i) To establish rules for the treatment of earnings and unearned income by enrollees as set forth in RCW 74.21.180;

(j) To establish administrative sanctions consistent with the criteria set forth in RCW 74.21.150(3) which may be applied to enrollees and the conditions under which program benefits may be reduced or terminated;

(k) To establish due process procedures as set forth in RCW 74.21.110;

(l) To establish the conditions under which child care and other related social services, including parent education and counseling, will be provided, subject to the following: Any child care provided under this chapter shall be in accordance with statutory child day care licensure requirements;

(m) To provide child care without cost to enrollees whose income is below the maximum authorized income level;

(n) To establish copayment requirements for noncash benefits as set forth in RCW 74.21.100;

(o) To establish the conditions and terms under which the department may enter into contracts with the public, private, and not-for-profit sectors to provide:

(i) Parenting education for parents;

(ii) Job readiness training;

(iii) Training of state agency employees to work with enrollees in developing plans for self-sufficiency, which include but are not limited to the employability, training, and education plans;

(iv) The development of mentoring programs to provide assistance to current recipients through the use of former recipients; and

(v) Facilitation of family opportunity councils in the geographical areas sited for implementation of the program;

(p) To establish the conditions and terms, and to enter into contracts, under which public, private, and not-for-profit sector jobs will be created and financed by the executive committee and the circumstances under which training for employees or potential employees of public, private, and for-profit employers will be subsidized through the family independence program;

(q) To establish the terms and provisions under which training and job development services may be extended to the absent parent(s) of the children of enrollees;

(r) To establish the frequency and method for redetermining eligibility;

(s) To undertake the acquisition of all such services authorized in this chapter on an exempt basis, as provided in RCW 43.19.1901, from the public bid requirements of RCW 43.19.190 through 43.19.200;

(t) To establish a proposed schedule by geographic area for implementation of the family independence program, which shall be submitted to the legislature by January 1, 1988. The executive committee is authorized to periodically stop enrollments in family independence program sites, except for the five treatment sites, for the purpose of managing resources, until such time as sufficient funds become available to reopen enrollments. Until the family independence program is implemented in a particular geographic area, applicants in that area shall continue to be eligible for benefits under the aid to families with dependent children program and shall have a right to convert to the

family independence program when it is available in that area in accordance with rules adopted by the executive committee;

(u) To determine methods of administration and do all other things necessary to carry out the purposes of this chapter.

(2) The executive committee with assistance from the appropriate agencies shall promulgate rules in accordance with chapter 34.05 RCW in order to accomplish the purposes of this chapter. Policy decisions of the executive committee that require rule-making shall not be final until the adoption of the necessary rules. [1990 1st ex.s. c 6 § 5; 1987 c 434 § 7.]

Severability—Application—1990 1st ex.s. c 6: See notes following RCW 74.21.020.

74.21.080 Mandatory enrollee participation. (1) The executive committee may mandate the participation of enrollees in registration and assessment activities unless persons meet the exemption criteria set forth in subsection (2)(d) (ii) through (vi) of this section;

(2) The executive committee may mandate the participation of enrollees in education, training, or work activities, subject to the following:

(a) There shall be no mandatory participation of enrollees in education, training, or work activities during the first two years after implementation of this chapter;

(b) The executive committee shall collect and maintain records regarding the number of enrollees awaiting placement in job preparation activities; the number of enrollees who are participating in an education, job training, or other job preparation program; the number of enrollees who are job-ready as defined in this chapter; and the number of enrollees who have obtained placement as defined in this chapter. After the first two years, participation in training, education, or work activities may become mandatory in regions in which the family independence program has been implemented in accordance with this chapter, in which more than fifty percent of the job-ready enrollees obtained placements within three months of the time they became assessed as job-ready, and in which incentive benefit payment levels are set as initially required under RCW 74.21.150;

(c) If mandatory participation is suspended, it may be suspended by rule on a county or regional basis, but may be retained for a discrete group of enrollees;

(d) When participation in work and training requirements becomes mandatory, the following persons are exempt from the mandatory participation requirement:

(i) One parent with a child under three years of age in the home unless the family has been receiving public assistance for more than three years, in which case the caretaking parent must participate after the child is six months of age;

(ii) New enrollees who are on public assistance for the first time shall not be required to participate in employment, training, or work activities until they have been on public assistance for six months;

(iii) Persons under sixteen years of age or over sixty-four years of age;

(iv) Persons over sixteen years of age who are in high school;

(v) Persons who are incapacitated, temporarily ill, or are needed at home to care for an impaired person;

(vi) A person who is in the third trimester of pregnancy; and

(vii) A person who has not yet been individually notified in writing of the requirement to participate in registration, assessment, work, or training requirements or the expiration of his or her exempt status.

(3) The executive committee may suspend and reinstate, based upon periodic review, the mandatory requirement as affected by the availability of training and job resources. [1987 c 434 § 8.]

74.21.090 Training and education activities. (1) The department of social and health services and the employment security department shall provide education and training opportunities to enrollees when appropriate, pursuant to the employability plan required in RCW 74.21.190, and shall emphasize efforts which prepare enrollees for long-term unsubsidized employment and economic independence. This shall include opportunities for: (a) Enrollees who seek to pursue basic remedial education, such as completion of general equivalency diploma, adult basic education, and English proficiency training; (b) enrollees who seek vocational or skills training through on-the-job training or enrollment in a skills training or vocational training program, including those programs at a vocational training institute or community college; and (c) enrollees seeking higher education, including community college and four-year college degrees.

(2) The state agencies shall assure that those enrollees who seek to pursue work, training, and education activities, and those enrollees who are required in accordance with this chapter to so participate, receive a realistic assessment of work, training, and education opportunities and the opportunity to mutually participate in developing an individual self-sufficiency plan. The self-sufficiency plan shall take into account the local labor market and wage levels, as well as the individual's skills, work history, abilities, limitations, financial needs, desires, and interests, and shall specify the activities and services required for completion. The self-sufficiency plan is subject to approval by the state agencies. An enrollee may seek a modification of the self-sufficiency plan, or an administrative review if mutual agreement cannot be achieved.

(3) Within available funds, the department shall provide for payment of support services including child care and family independence program benefits at the benefit incentive level for education and training as set forth in RCW 74.21.150 to support appropriate training and education programs of enrollees. When the department has approved the funding of such payments for individual's appropriate training or education plan, such funding shall continue, subject to an annual review, for the duration of the individual's participation in the approved training or education program. The executive committee shall establish by rule criteria for funding of appropriate training and education programs.

(4) When support services are unavailable through existing day-care resources, the department shall make

efforts to gain services through private and public agencies. [1987 c 434 § 9.]

74.21.100 Due process procedures. The executive committee shall direct the department of social and health services and the employment security department to adopt rules providing due process of law protections to applicants for and recipients of family independence program benefits. The requirements shall confer protections no less than those which the federal statutes and regulations confer on participants in the food stamp, aid to families with dependent children, and work incentive programs. The protections shall include, but are not limited to, the following:

(1) The departments shall provide adequate advance written notice to applicants or enrollees of any agency action to deny, award, reduce, terminate, increase, or suspend benefits or to change the manner or form of payment or of any agency action requiring the enrollee to take any action. Adequate notice includes a statement of what action the agency intends to take, the reasons for the intended agency action, the specific rules supporting the action, an explanation of the individual's right to file an application for an adjudicative proceeding, how to file an application, and the circumstances under which assistance is continued pending the adjudicative proceeding if an application for one is filed.

(2) Advance notice must be mailed to enrollees at least ten days prior to the date on which the proposed action would become effective.

(3) An applicant or enrollee aggrieved by an action or decision of the departments, including requiring or denying participation in a work, training, or education activity, has the right to file an application for an adjudicative proceeding under RCW 74.08.080 and chapters 34.05 and 34.12 RCW. The aggrieved person is entitled to all fair hearing rights and to the right of judicial review therefrom as provided in RCW 74.08.080.

(4) When an enrollee files an application for an adjudicative proceeding during the advance notice period, the departments shall not implement the challenged action until a written adjudicative order is rendered after a hearing. The advance notice period is the period prior to the effective date of the proposed action or ten days from the date of adequate written notice, whichever is later. Any assistance received pending a hearing or adjudicative order may be considered to be an overpayment if the adjudicative order is against the enrollee.

(5) Financial, food stamp, and medical assistance shall be furnished to eligible individuals in a timely manner and shall be continued regularly to all eligible individuals until they are found to be ineligible. Applications should be disposed of as soon as possible in accordance with 7 C.F.R. Sec. 273.2 (g) and (i) and 45 C.F.R. Sec. 206.10 and no later than thirty days from the date of application unless good cause applies. Prior to denial or termination of family independence program cash or noncash benefits, each family's eligibility for financial assistance, medical assistance, and food stamp benefits shall be determined. [1989 c 175 § 158; 1987 c 434 § 10.]

Effective date—1989 c 175: See note following RCW 34.05.010.

74.21.110 Noncash benefits and required financial participation. (1) When an enrollee ceases to receive family independence program cash benefits as a result of increased earnings, the enrollee shall be eligible to receive family independence program noncash child care and medical benefits for a period of one year following the cessation of family independence program cash eligibility.

(2) The executive committee may authorize the department to require financial participation based on income of the enrollee in the cost of the family independence program noncash benefits, but such financial participation requirement shall not exceed twenty-five percent of the cost of the noncash benefit or twenty-five percent of the amount by which the family's income exceeds the maximum income level, whichever is less.

(3) No person may be required to participate in the cost of medical benefits if the person would have been eligible for medicaid benefits at no additional cost under the medically needy income levels or the program requirements in effect as of January 1, 1988. [1987 c 434 § 11.]

74.21.120 Limitations on subsidized and unsubsidized employment positions. (1) Enrollees referred to subsidized and unsubsidized employment positions established pursuant to this chapter shall not be considered employees of the executive committee or the state solely because of their status as enrollees in the family independence program. Enrollees in subsidized and unsubsidized employment positions established pursuant to this chapter shall be considered employees of the agency or employer sponsoring their employment. Enrollees in such subsidized and unsubsidized positions shall receive and enjoy the following protections and benefits of the sponsoring employer including, but not limited to, worker's compensation, old age and survivors health insurance, protections of a collective bargaining agreement, sick leave, retirement, medical benefits, vacation leave, and hours of work, provided that these protections and benefits shall not be created by this subsection if such protections and benefits do not already exist. Enrollees in such subsidized and unsubsidized positions shall also be covered for purpose of unemployment compensation, notwithstanding RCW 50.44.040(5) to the contrary.

(2) Subsidized and unsubsidized positions under this chapter to which enrollees are referred shall not be created as a result of, nor result in, any of the following:

(a) Displacement of currently employed workers or authorized positions, for the purpose of employing enrollees, including partial displacement such as reduction in hours of nonovertime work, wages, or other employment benefits;

(b) The filling of subsidized and unsubsidized positions that would otherwise be a promotional opportunity;

(c) The filling of a subsidized or unsubsidized position before compliance with applicable personnel procedures and collective bargaining agreements, including in the instance of subsidized jobs the written concurrence from any affected union representative organization;

(d) The filling of a subsidized or unsubsidized position created by a reduction in work force or change of employers;

(e) A strike, lockout, or other bona fide labor dispute, or a violation of any existing collective bargaining agreement between employees and employers;

(f) Decertification of any bargaining unit;

(g) Creation of a new classification that has the intent or effect of subverting the intent of this section.

(3) Enrollees in subsidized and unsubsidized employment shall not continue participation at a place of employment that is involved in a strike, lockout, or other bona fide labor dispute.

(4) The employment security department shall establish a dispute-resolution process for resolving disagreements arising from this section or other employment-related sections of this chapter. [1987 c 434 § 12.]

74.21.130 Compensation for enrollees. The executive committee shall direct that no enrollee shall be referred to subsidized or unsubsidized employment in which the enrollee would be paid at a rate less than the highest of the following:

(1) The minimum wage set out in section 6 (a)(1) of the fair labor standards act of 1938, as amended, or as established by state law;

(2) The prevailing rate of pay for persons employed in similar occupations by the same employer;

(3) The minimum entrance rate for inexperienced workers in the same occupation with the employer or, if the occupation is new to the employer, the prevailing entrance rate for the occupation among other employers in the area or community, or the applicable minimum rate required by an applicable bargaining agreement; or

(4) The prevailing rate established in accordance with the Davis-Bacon act, as amended, or the service contract act, as amended, for enrollees working in occupations covered by the applicable acts. [1987 c 434 § 13.]

74.21.140 Reports and evaluation. (1) By January 1, 1988, the executive committee shall submit to the legislature:

(a) A child-care plan, which may include creative solutions to assist enrollees in making child-care arrangements;

(b) In consultation with the superintendent of public instruction, a plan for assisting high school students who are parents or pregnant to remain in school or complete their high school education;

(c) A plan for motivating those who are discouraged to seek self-sufficiency through work, education, or training;

(d) An employment plan for enrollees; and

(e) A plan for phased-in implementation of the family independence program.

(2) By January 1, 1988, the legislative budget committee, after consultation with the executive committee, shall submit to the legislature:

(a) An evaluation plan satisfactory to the federal government, including a plan for analysis, within available funds, of:

(i) The costs and effectiveness of the family independence program;

(ii) The extent to which education and training opportunities have led to employment and economic independence;

(iii) The extent to which support services have been provided for such education and training opportunities;

(iv) The impact of support services, training opportunities, and employment on the well-being of the children and families of enrollees;

(v) The impact of the family independence program on the early childhood education assistance program;

(vi) A comparison of the family independence program enrollees with a sample of aid to families with dependent children recipients entering assistance between July 1, 1987, through June 30, 1988, to determine the characteristics of the caseloads of the family independence program and the aid to families with dependent children program, including demographic characteristics, employment, training, and educational histories, spells on assistance, and reasons for entry onto and exit from assistance;

(vii) Such administrative and operational factors as may be requested by the executive committee;

(viii) A longitudinal study over time of a sample of public assistance recipients or persons at risk of becoming eligible for assistance, to determine the causes of public dependency and the impact of changes in the economy or of public programs on dependency, work, or other relevant behaviors of the sample population.

(3) The legislative budget committee shall cause the evaluation plan to be implemented as approved by the legislative budget committee in a manner that will insure the independence of the evaluation through appropriate arrangements, which may include contracts, with objective evaluators. The evaluation plan and all evaluation products shall receive the review and comment of evaluation advisory groups to be convened by the Washington institute of public policy and which include representatives of the executive committee, appropriate legislative committee staffs, persons from the state's higher education institutions, staff members of the department and the employment security department, recipients, and former recipients. The reviews shall consider relevance to state policy and budget concerns, methodological procedure, implementation, and results.

(4) The first report of this evaluation shall be submitted to the legislature no later than December 1, 1989, and annually thereafter, with a final report due no later than November 15, 1993. [1988 c 43 § 4; 1987 c 434 § 14.]

74.21.150 Benchmark standard and incentive benefit payments. (1) The legislature shall determine the benchmark standard for enrollees. The legislature may adjust the benchmark standard periodically. However, the department shall promptly pass on to enrollees any increases in federal food stamp program benefits. The executive committee shall designate what portion of the benchmark standard constitutes a cash payment for food stamp benefits and shall ensure that this designation information is regularly provided to recipients. The portion of the benchmark standard and incentive benefit levels that is designated as the cash payment for food stamp benefits shall be excluded as income to the full extent that food stamps are so excluded by current and subsequently enacted state and federal law.

(2) Enrollees shall receive cash assistance which, when added to other income, provides total income not less than the benchmark standard set by the legislature. Enrollees

participating in work, education, or training programs shall receive incentive benefit payments which, when added to other income, provides gross income not less than the levels which shall be initially set as follows:

(a) One hundred five percent of the benchmark standard for enrollees participating in training or education programs;

(b) One hundred five percent of the benchmark standard for teenage parents if they stay in school and progress toward graduation and successfully participate in parenting education approved by the office of the superintendent of public instruction or the department;

(c) One hundred fifteen percent of the benchmark standard for enrollees working half time, but the department may authorize a higher incentive benefit payment level for enrollees working part time; and

(d) One hundred thirty-five percent of the benchmark standard for enrollees working full time.

(3) Family independence program cash benefits shall not be available to meet the needs of enrollees for whom participation in the work and training components of the family independence program is mandatory and who refuse without good cause to participate in such programs. However, medical benefits for such sanctioned individuals and payments on behalf of the other members of the family shall be provided. In such cases, payments to the remaining family members may be in the form of protective payee payments unless, after reasonable efforts, the state is unable to locate an appropriate protective payee, in which case the sanctioned individual can be the payee for the remaining family members. A participant under such sanction is eligible for the full benchmark plus appropriate incentive benefit level once he or she participates.

(4) The department, at the direction of the executive committee, may increase or decrease the incentive benefit payment levels based on the availability of funds. [1987 c 434 § 15.]

74.21.160 Current program benefits assured. No applicant for or recipient of family independence program benefits shall receive less financial assistance in family independence program benefits than the sum of the aid for families with dependent children cash benefits and the cash equivalent of food stamp benefits the applicant would have received under the program requirements of the federal law and under the benefit levels in place as of January 1, 1988, as adjusted to reflect all increases in the federal food stamp allotments and deductions and in the Washington state payment standard for aid to families with dependent children. Funds provided to the state under Title IV-A of the federal social security act and under the federal food stamp program shall be used first to make payments at one hundred percent of the benchmark level to all enrollees of the family independence program in accordance with the state plan, as well as to all recipients of aid to families with dependent children. Any remaining funds provided by the federal government may be used at the state's discretion for incentive payments and services to either enrollees or recipients of aid to families with dependent children in accordance with the purposes of this chapter. [1987 c 434 § 16.]

74.21.170 Nonassistance food stamps. The department shall continue to operate a federal food stamp program for persons who are not receiving family independence program benefits, including applicants awaiting determinations of eligibility for the family independence program.

No group of persons constituting a food stamp household under current food stamp law may receive less in any combination of food stamps and the portion of family independence program benefits designated as the food stamp cash equivalent pursuant to RCW 74.21.130 than the amount for which they would have been eligible in food stamps if the family independence program did not include a cash-out of food stamp benefits. [1987 c 434 § 17.]

74.21.180 Determining financial need and treatment of income. The department shall establish rules for the determination of financial need and the treatment of income of enrollees consistent with this section.

(1) Income and resources shall be reasonably evaluated and cannot be considered available to an applicant or recipient unless actually available.

(2) The following shall be excluded as income in family independence program eligibility and need determinations: The value of medical benefits, child care, higher education benefits, earned income tax credit, income tax refunds, any housing subsidy, energy assistance, the earnings of a child, retroactive family independence program benefits, the child support exempted by 42 U.S.C. Sec. 657(b) or 42 U.S.C. Sec. 602(a)(8)(vi), and any benefit or moneys that any provision of federal law in effect on January 1, 1988, excludes from being considered income for eligibility for aid to families with dependent children or food stamps or other exclusions which Congress may hereafter enact.

(3) The executive committee may direct the department to establish methods for evaluating what portion of income is considered gross income for persons whose income is earned over a longer period of time than the period in which it is received and for measuring the gross income of self-employed persons. [1987 c 434 § 18.]

74.21.190 Enrollee participation in work, training, and education activities—Criteria. (1) All enrollees shall register for assessment to evaluate the appropriateness of work, education, or training options for that individual.

(2) For those enrollees who seek to pursue work, training, and education activities, and for those enrollees who are required in accordance with this chapter to so participate, the state agencies and the enrollee shall jointly develop an employability plan which sets forth the participation activity or sequence of activities and the available supportive services. In some instances, the plan may require additional assessment. The plan is subject to the approval of the state agencies. An enrollee may seek a modification of the employability plan, or an administrative review if mutual agreement cannot be achieved.

(3) All enrollees who are employed full time whose earnings are less than one hundred thirty-five percent of the benchmark standard shall be identified at their next annual eligibility review. Enrollees so identified shall participate in an employability reassessment to determine if the employment is reasonably likely to move the enrollee into noncash

benefit status within a year. Plan approval shall be suspended under rules adopted in accordance with this chapter if a determination is made jointly by the family independence program case coordinator and the job service specialist that the employment is not reasonably likely to move the enrollee into noncash benefit status within one year. Plan suspension shall not affect the enrollee's right to program benefits or incentive benefits except in accordance with this section. Periodic services shall be offered to enrollees with suspended self-sufficiency plans to assist them to obtain employment reasonably likely to assist them in attaining self-sufficiency. Enrollees who continue employment under a suspended plan for one year shall receive notice within thirty days that they will lose their right to receive family independence program benefits and incentive payments, unless their plan is approved within six months: PROVIDED, That a termination of program benefits and incentive payments shall not result in an enrollee's receiving less assistance than the enrollee would be eligible for under the aid to families with dependent children program.

(4) Appropriate child care and other social services shall be available to enable an enrollee to participate in work, training, or education activities.

(5) Prior to the determination that a mandatory enrollee has refused to cooperate, efforts must be made at conciliation of the dispute consistent with 45 C.F.R. Sec. 224.63.

(6) The agencies shall adopt rules setting forth criteria that provide good cause for an enrollee's refusal to participate in or accept a specific assignment of proposed work, education, or training activities. The criteria shall include, but need not be limited to, the following:

(a) No suitable child care is available without cost to the enrollee;

(b) The assignment is not within the scope of the enrollee's employability plan;

(c) The assignment would have an adverse effect on the physical or mental health of the enrollee;

(d) The distance of the assignment from the enrollee's home makes participation impracticable;

(e) The assignment would result in a loss of income to the enrollee's family;

(f) Exigent personal or family circumstances would interfere with successful participation in the assignment;

(g) The assignment involves conditions which are in violation of applicable health and safety regulations;

(h) The assignment would interrupt a program in process at the undergraduate or vocational level which is reasonably expected to result in economic self-sufficiency; or

(i) The best interests of a child or children in the family would be served by the parent providing full or part-time care in the home due to the particular personal or family circumstances of the enrollee's family. [1990 1st ex.s. c 6 § 6; 1987 c 434 § 19.]

Severability—Application—1990 1st ex.s. c 6: See notes following RCW 74.21.020.

74.21.200 Implementation of program. (1) The family independence program shall not be implemented before February 28, 1988, and shall not be implemented until specifically authorized by the legislature. However, upon July 26, 1987, the executive committee shall be appointed

and shall carry out those functions necessary to plan for the implementation of the family independence program, including securing federal approval.

(2) The governor shall report to the legislature at least once each quarter of 1987 on the progress of the executive committee's efforts to secure federal approval of the family independence program.

(3)(a) The governor shall seek congressional action on any federal legislation necessary to implement this chapter. The governor shall seek legislation that provides that any program under this chapter shall be a demonstration project which remains within the federal aid to families with dependent children system under Title IV of the federal social security act.

(b) Any agreements with the federal government necessary to implement the family independence program shall provide that any program under this chapter shall be a demonstration project which remains within the federal aid to families with dependent children system under Title IV of the federal social security act. Such agreements shall provide for waivers from the federal aid to families with dependent children system only to the extent necessary to implement this chapter.

(4) If all proposed agreements between the state and federal governments which are necessary to implement the family independence program have been completed before February 1, 1988, a plan outlining such proposed agreements shall be submitted to the legislature no later than February 7, 1988. If all agreements between the state and federal governments necessary to implement the family independence program have not been completed by February 1, 1988, an implementation plan with the proposed agreements shall be submitted to the senate committee on human services and corrections, the house of representatives committee on human services, and the senate and house of representatives committees on ways and means for consideration. Copies of all such proposed agreements and any proposed changes to state statute shall be submitted to the legislature with the plan. The family independence program shall be implemented only after the legislature has approved the implementation plan and authorized the signing and completion of all federal-state agreements.

(5) Any agreements with the federal government pursuant to this chapter shall provide that such agreements may be canceled by the state or federal government upon six months' notice or immediately upon mutual agreement. If the agreements are canceled, those enrollees in the family independence program who are eligible for the aid to families with dependent children, medicaid, and the food stamp programs shall be converted to those programs.

(6) Subject to the approval of the executive committee, the department of social and health services and the employment security department shall enter into an interagency agreement for carrying out appropriate administrative functions and purposes as required with respect to the family independence program to be undertaken in this state. [1987 c 434 § 20.]

74.21.201 Approval of implementation plan. The family independence program implementation plan submitted to the legislature pursuant to RCW 74.21.140 and 74.21.200

is approved. The governor or the governor's designee is authorized to sign and complete all necessary agreements with the federal government, provided that nothing in the agreements is inconsistent with chapter 74.21 RCW. [1988 c 43 § 1.]

74.21.900 Reference to other laws. Unless the language specifically states to the contrary, any reference in this chapter to a provision or requirement of federal law or regulations refers to that provision as of January 1, 1988. [1987 c 434 § 21.]

74.21.902 Captions. Section captions as used in this chapter do not constitute any part of the law. [1987 c 434 § 22.]

74.21.904 Expiration of chapter. This chapter shall expire on June 30, 1993, unless extended by law. [1988 c 43 § 5; 1987 c 434 § 25.]

74.21.906 Severability—1987 c 434. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1987 c 434 § 26.]

JOB OPPORTUNITIES AND BASIC SKILLS TRAINING PROGRAM

74.25.010 State policy—Legislative findings. The legislature establishes as state policy the goal of economic self-sufficiency for employable recipients of public assistance, through employment, training, and education. In furtherance of this policy, the legislature intends to comply with the requirements of the federal social security act, as amended, by creating a job opportunities and basic skills training program for applicants and recipients of aid to families with dependent children. The purpose of this program is to provide recipients of aid to families with dependent children the opportunity to obtain a full range of necessary education, training, skills, and supportive services, including child care, consistent with their needs, that will help them enter or reenter gainful employment, thereby avoiding long-term welfare dependence and achieving economic self-sufficiency. The program shall be operated by the department of social and health services in conformance with federal law and consistent with the following legislative findings:

(1) The legislature finds that the well-being of children depends not only on meeting their material needs, but also on the ability of parents to become economically self-

sufficient. The job opportunities and basic skills training program is specifically directed at increasing the household earnings of aid to families with dependent children recipients, through the removal of barriers preventing them from achieving self-sufficiency. These barriers include, but are not limited to, the lack of supportive services such as affordable and reliable child care, adequate transportation, appropriate counseling, and necessary job-related tools, equipment, books, clothing, and supplies, the absence of basic literacy skills, the lack of educational attainment sufficient to meet labor market demands for career employees, and the nonavailability of useful labor market assessments.

(2) The legislature also recognizes that aid to families with dependent children recipients must be acknowledged as active participants in self-sufficiency planning under the program. The legislature finds that the department of social and health services should communicate concepts of personal empowerment, self-motivation, and self-esteem to program participants. The legislature further recognizes that informed choice is consistent with individual responsibility, and that parents should be given a range of options for available child care while participating in the program.

(3) The legislature finds that education, including, but not limited to, literacy, high school equivalency, vocational, secondary, and postsecondary, is one of the most important tools an individual needs to achieve full independence, and that this should be an important component of the program.

(4) The legislature further finds that the objectives of this program are to assure that aid to families with dependent children recipients achieve financial stability and an adequate standard of living at wages that will meet family needs. [1991 c 126 § 5.]

74.25.020 Authority and responsibility of department—Nonexempt parents must participate—Good cause for failure to participate—Rules. (1) The department of social and health services is authorized to contract with public and private employment and training agencies and other public service entities to provide services prescribed or allowed under the federal social security act, as amended, to carry out the purposes of the jobs training program. The department of social and health services has sole authority and responsibility to carry out the job opportunities and basic skills training program. No contracting entity shall have the authority to review, change, or disapprove any administrative decision, or otherwise substitute its judgment for that of the department of social and health services as to the application of policies and rules adopted by the department of social and health services.

(2) To the extent feasible under federal law, the department of social and health services and all entities contracting with it shall give first priority of service to individuals volunteering for program participation: PROVIDED, That the department shall require nonexempt parents under age twenty-four to actively participate in orientation, assessment, and either education, vocational training, or employment programs. At least one nonexempt parent in the aid to families with dependent children-employable program shall actively participate in orientation, assessment, and either job search, education, training, or

employment. Social services shall be offered to participants in accordance with federal law. The department shall adopt appropriate sanctions to ensure compliance with the requirements and policies of this chapter.

(3) The department of social and health services shall adopt rules under chapter 34.05 RCW establishing criteria constituting circumstances of good cause for an individual failing or refusing to participate in an assigned program component, or failing or refusing to accept or retain employment. These criteria shall include, but not be limited to, the following circumstances: (a) If the individual is a parent or other relative personally providing care for a child under age six years, and the employment would require the individual to work more than twenty hours per week; (b) if child care, or day care for an incapacitated individual living in the same home as a dependent child, is necessary for an individual to participate or continue participation in the program or accept employment, and such care is not available, and the department of social and health services fails to provide such care; (c) the employment would result in the family of the participant experiencing a net loss of cash income; or (d) circumstances that are beyond the control of the individual's household, either on a short-term or on an ongoing basis.

(4) The department of social and health services shall adopt rules under chapter 34.05 RCW as necessary to effectuate the intent and purpose of this chapter. [1992 c 165 § 3; 1991 c 126 § 6.]

74.25.030 Interpretation of laws. Any section or provision of law dealing with the job opportunities and basic skills training program that may be susceptible to more than one construction shall be interpreted in favor of the construction most likely to comply with federal laws entitling the state to receive federal funds. [1991 c 126 § 7.]

74.25.900 Conflict with federal requirements. If any part of this chapter shall be found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, such conflicting part of this chapter is hereby declared to be inoperative solely to the extent of such conflict and with respect to the agency directly affected, and such finding or determination shall not affect the operation of the remainder of this chapter and its application to the agency concerned. [1991 c 126 § 8.]

74.25.901 Severability. If any provision of this chapter or its application to any person or circumstance is held invalid, the remainder of the chapter or the application of the provision to other persons or circumstances is not affected. [1991 c 126 § 9.]

SERVICES FOR CHILDREN WITH MULTIPLE HANDICAPS

Sections

74.26.010	Legislative intent.
74.26.020	Eligibility criteria.
74.26.030	Program plan for services—Local agency support.
74.26.040	Administrative responsibility—Regulations.

74.26.050	Contracts for services—Supervision.
74.26.060	Program costs—Liability of insurers.

74.26.010 Legislative intent. In recognition of the fact that there is a small population of children with multiple disabilities and specific and continuing medical needs now being served in high-daily-cost hospitals that could be more appropriately and cost-efficiently served in alternative residential alternatives, it is the intent of the legislature to establish a controlled program to develop and review an alternative service delivery system for certain multiply handicapped children who have continuing intensive medical needs but who are not required to continue in residence in a hospital setting. [1980 c 106 § 1.]

74.26.020 Eligibility criteria. (1) To be eligible for services under this alternative program, a person must meet all the following criteria:

(a) The individual must be under twenty-two years of age;

(b) The individual must be under the care of a physician and such physician must diagnose the child's condition as sufficiently serious to warrant eligibility;

(c) The individual must be presently residing in, or in immediate jeopardy of residing in, a hospital or other residential medical facility for the purpose of receiving intensive support medical services; and

(d) The individual must fall within one of the four functional/medical definitional categories listed in subsection (2) of this section.

(2) Functional/medical definitional categories:

(a) Respiratory impaired; with an acquired or congenital defect of the oropharynx, trachea, bronchial tree, or lung requiring continuing dependency on a respiratory assistive device in order to allow the disease process to heal or the individual to grow to a sufficient size to live as a normal person;

(b) Respiratory with multiple physical impairments; with acquired or congenital defects of the central nervous system or multiple organ systems requiring continued dependency on a respiratory assistive device and/or other medical, surgical, and physical therapy treatments in order to allow the disease process to heal or the individual to gain sufficient size to permit surgical correction of the defect or the individual to grow large and strong enough and acquire sufficient skills in self-care to allow survival in a nonmedical/therapy intensive environment;

(c) Multiply physically impaired; with congenital or acquired defects of multiple systems and at least some central nervous system impairment that causes loss of urine and stool sphincter control as well as paralysis or loss or reduction of two or more extremities, forcing the individual to be dependent on a wheelchair or other total body mobility device, also requiring medical, surgical, and physical therapy intervention in order to allow the individual to grow to a size that permits surgical correction of the defects or allows the individual to grow large and strong enough and acquire sufficient skills in self-care to allow survival in a nonmedical/therapy intensive environment;

(d) Static encephalopathies; with severe brain insults of acquired or congenital origin causing the individual to be medically diagnosed as totally dependent for all bodily and

social functions except cardiorespiratory so that the individual requires continuous long-term daily medical/nursing care. [1980 c 106 § 2.]

74.26.030 Program plan for services—Local agency support. (1) A written individual program plan shall be developed for each child served under this controlled program by the division of developmental disabilities in cooperation with the child's parents or if available, legal guardians, and under the supervision of the child's primary health care provider.

(2) The plan shall provide for the systematic provision of all required services. The services to be available as required by the child's individual needs shall include: (a) Nursing care, including registered and licensed practical nurses, and properly trained nurse's aides; (b) physicians, including surgeons, general and family practitioners, and specialists in the child's particular diagnosis on either a referral, consultive, or on-going treatment basis; (c) respiratory therapists and devices; (d) dental care of both routine and emergent nature; (e) on-going nutritional consultation from a trained professional; (f) communication disorder therapy; (g) physical and occupational habilitation and rehabilitation therapy and devices; (h) special and regular education; (i) recreation therapy; (j) psychological counseling; and (k) transportation.

(3) A portion of these required services can be provided from state and local agencies having primary responsibility for such services, but the ultimate responsibility for ensuring and coordinating the delivery of all necessary services shall rest with the division of developmental disabilities. [1980 c 106 § 3.]

74.26.040 Administrative responsibility—Regulations. The department of social and health services, division of developmental disabilities, shall bear all administrative responsibility for the effective and rapid implementation of this controlled program. The division shall promulgate regulations within sixty days after June 12, 1980, to provide minimum standards and qualifications for the following program elements:

- (1) Residential services;
- (2) Medical services;
- (3) Day program;
- (4) Facility requirements and accessibility for all buildings in which the program is to be conducted;
- (5) Staff qualifications;
- (6) Staff training;
- (7) Program evaluation; and
- (8) Protection of client's rights, confidentiality, and informed consent. [1980 c 106 § 4.]

74.26.050 Contracts for services—Supervision. The division of developmental disabilities shall implement this controlled program through a "request-for-proposal" method and subsequent contracts for services with any local, county, or state agency demonstrating a probable ability to meet the program's goals. The proposals must demonstrate an ability to provide or insure the provision of all services set forth in RCW 74.26.030 if necessary for the children covered by the proposals.

The division of developmental disabilities shall thoroughly supervise, review, and audit fiscal and program performance for the individuals served under this control program. A comparison of all costs incurred by all public agencies for each individual prior to the implementation of this program and all costs incurred after one year under this program shall be made and reported back to the legislature in the 1982 session. [1980 c 106 § 5.]

74.26.060 Program costs—Liability of insurers. This program or any components necessary to the child shall be available to eligible children at no cost to their parents provided that any medical insurance benefits available to the child for his/her medical condition shall remain liable for payment for his/her cost of care. [1980 c 106 § 6.]

[1969 ex.s. c 223 § 28A.10.055. Prior: 1967 c 118 § 10. Formerly RCW 28A.10.055, 28.10.055.]

(2) Notwithstanding any other provision of RCW 74.29.080, 74.29.100, 74.29.105 and 74.29.110, when the state agency determines that a mentally retarded, severely handicapped, or disadvantaged person can reasonably be expected to benefit from, or in his best interests reasonably requires extended sheltered employment or supervised work furnished by an approved nonprofit organization, the state agency is authorized to contract with such organization for the furnishing of such sheltered employment or supervised work to such mentally retarded, severely handicapped, or disadvantaged person.

Severability—1970 ex.s. c 15: See note following RCW 28A.230.160.

74.29.100 Sheltered employment and supervised work programs—Purpose. The purpose of RCW 74.29.080, 74.29.100, 74.29.105 and 74.29.110 is to encourage the development, improvement, and expansion of sheltered employment and supervised work programs for mentally retarded, severely handicapped and disadvantaged individuals to enable them to become contributing and self-supporting members of society as an alternative to dependency.

The condition of the mentally retarded, severely handicapped and disadvantaged is such that after laborious training in the schools and otherwise, they reach the point in their lives where they can and should, under proper and continued guidance, engage in sheltered employment and/or supervised work to help them become contributing members of society instead of being dependent. For such persons,

retention in sheltered employment or supervised work may constitute satisfactory placement. Such training and placement is often a suitable alternative to institutionalization or idleness and its consequences. By keeping these individuals within their communities and in touch with their families, a worthwhile dimension is added to their lives and they are thus spared the anxieties naturally attached to separation. All of these factors have also been shown to reflect tangible benefits upon the mentally retarded, severely handicapped or disadvantaged person by improving his overall well-being. [1970 ex.s. c 15 § 24; 1969 c 105 § 1. Formerly RCW 28A.10.100, 28.10.100.]

Severability—1970 ex.s. c 15: See note following RCW 28A.230.160.

74.29.105 Sheltered employment and supervised work programs—"A disadvantaged person" defined for chapter purposes. "A disadvantaged person" as used in chapter 74.29 RCW shall mean a person who is disadvantaged in his ability to secure or maintain appropriate employment by reason of physical or mental disability, youth, advanced age, low educational attainment, ethnic or cultural factors, prison or delinquency records or any other condition, especially in association with poverty and deprivation which constitutes a barrier to such employment. [1969 c 105 § 3. Formerly RCW 28A.10.105, 28.10.105.]

74.29.110 Sheltered employment and supervised work programs—Federal funds. It is further provided that any federal funds available may be used to supplement RCW 74.29.080, 74.29.100, 74.29.105 and 74.29.110. [1970 ex.s. c 15 § 25; 1969 c 105 § 4. Formerly RCW 28A.10.110, 28.10.110.]

Severability—1970 ex.s. c 15: See note following RCW 28A.230.160.

Adult dependent or developmentally disabled persons, abuse: Chapter 26.44 RCW.

Patients in nursing homes and hospitals, abuse: Chapter 70.124 RCW.

74.34.010 Legislative findings—Intent. The legislature finds that there are a number of adults sixty years of age or older who lack the ability to perform or obtain those services necessary to maintain or establish their well-being. It is the intent of the legislature to prevent or remedy the abuse, neglect, exploitation, or abandonment of persons sixty years of age or older who have a functional, mental, or physical inability to care for or protect themselves by providing these persons with the least-restrictive services such as home care and preventing or reducing inappropriate institutional care. The legislature finds that it is in the interests of the public health, safety, and welfare of the people of the state to provide a procedure for identifying these persons and providing the services necessary for their well-being. [1984 c 97 § 7.]

(3) "Consent" means express written consent granted after the person has been fully informed of the nature of the services to be offered and that the receipt of services is voluntary.

(4) "Department" means the department of social and health services.

74.34.030 Reports—Duty to make. Any person, including but not limited to, financial institutions or attorneys, having reasonable cause to believe that a vulnerable adult has suffered abuse, exploitation, neglect, or abandonment, or is otherwise in need of protective services may report such information to the department. Any police officer, social worker, employee of the department, a social service, welfare, mental health, or health agency, congregate long-term care facility, or health care provider licensed under Title 18 RCW, including but not limited to doctors, nurses, psychologists, and pharmacists, having reasonable cause to believe that a vulnerable adult has suffered abuse, exploitation, neglect, or abandonment, shall make an immediate oral report of such information to the department and shall report such information in writing to the department within ten calendar days of receiving the information. [1986 c 187 § 1; 1984 c 97 § 9.]

Effective date—1984 c 97 § 9: "Section 9 of this act shall take effect on July 1, 1985." [1984 c 97 § 16.] Section 9 is codified as RCW 74.34.030.

74.34.040 Reports—Contents—Identity confidential. The reports made under RCW 74.34.030 shall contain the following information if known:

Unless there is a judicial proceeding or the person consents, the identity of the person making the report is confidential. [1986 c 187 § 2; 1984 c 97 § 10.]

74.34.050 Immunity from liability. (1) A person participating in good faith in making a report under this chapter or testifying about the abuse, neglect, abandonment, or exploitation of a vulnerable adult in a judicial proceeding under this chapter is immune from liability resulting from the report or testimony. The making of permissive reports as allowed in RCW 74.34.030 does not create any duty to report and no civil liability shall attach for any failure to make a permissive report under RCW 74.34.030.

(2) Conduct conforming with the reporting and testifying provisions of this chapter shall not be deemed a violation of any confidential communication privilege. Nothing in this chapter shall be construed as superseding or abridging remedies provided in chapter 4.92 RCW. [1986 c 187 § 3; 1984 c 97 § 11.]

74.34.060 Response to reports—Services—Consent.

If the department finds that an incident of abuse, neglect, exploitation, or abandonment has occurred, the department shall insure that appropriate protective services are provided to the vulnerable adult with the consent of the vulnerable adult. The services shall not be provided if the vulnerable adult withdraws or refuses consent. If the department determines that the vulnerable adult lacks the ability or capacity to consent, the department may bring an action under chapter 11.88 RCW as an interested person. [1984 c 97 § 12.]

74.34.070 Response to reports—Information required—Cooperative agreements for services.

The department shall develop cooperative agreements with community-based agencies servicing the abused elderly. The agreements shall cover such subjects as the appropriate roles and responsibilities of the department and community-based agencies in identifying and responding to reports of elderly abuse, the provision of case-management services, standardized data collection procedures, and related coordination activities. [1984 c 97 § 13.]

74.34.080 Injunctions. If access is denied to an employee of the department seeking to investigate an allegation of abuse, neglect, exploitation, or abandonment of a vulnerable adult by an individual, the department may seek an injunction to prevent interference with the investigation. The court shall issue the injunction if the department shows that:

- (1) There is reasonable cause to believe that the person is a vulnerable adult and is or has been abused, neglected, exploited, or abandoned; and
- (2) The employee of the department seeking to investigate the report has been denied access. [1984 c 97 § 14.]

74.34.090 Data collection system—Confidentiality.

The department shall maintain a system for statistical data collection, accessible for bona fide research only as the department by rule prescribes. The identity of any person is strictly confidential. [1984 c 97 § 15.]

74.34.100 Protection of vulnerable adults—Legislative findings.

The legislature finds that vulnerable adults, who are physically or emotionally abused or financially exploited may need the protection of the courts. The legislature further finds that many of these elderly persons may be homebound or otherwise may be unable to represent themselves in court or to retain legal counsel in order to obtain the relief available to them under this chapter. [1986 c 187 § 4.]

(6) An action under this section shall be filed in the county where the petitioner resides; except that if the petitioner has left the residence as a result of abuse or exploitation, or in order to avoid abuse or exploitation, the petitioner may bring an action in the county of either the previous or new residence. [1986 c 187 § 5.]

74.34.120 Protection of vulnerable adults—Hearing.

The court shall order a hearing on a petition under RCW 74.34.110 not later than fourteen days from the date of filing the petition. Personal service shall be made upon the respondent not less than five court days before the hearing. If timely service cannot be made, the court may set a new hearing date. A petitioner may move for temporary relief under chapter 7.40 RCW. [1986 c 187 § 6.]

These alternative services and forms of care should be designed to both complement the present forms of institutional care and create a system whereby appropriate services can be rendered according to the care needs of an individual. The provision of service should continue until the client is able to function independently, moves to an institution, moves from the state, dies, or withdraws from the program.

Therefore, it shall be the policy of this state to develop, expand, or maintain those programs which provide an alternative to institutional care when that form of care is premature, unnecessary, or inappropriate. [1977 ex.s. c 321 § 1; 1975-'76 2nd ex.s. c 131 § 1.]

LONG-TERM CARE SERVICE OPTIONS

Sections

74.39.001	Finding.
74.39.005	Purpose.
74.39.010	Option—Flexibility—Title XIX of the federal social security act.
74.39.020	Opportunities—Increase of federal funds—Title XIX of the federal social security act.

74.39.040	Long-term care commission—Generally.
74.39.900	Severability—1989 c 427.

74.39.001 Finding. The legislature finds that: Washington's chronically functionally disabled population is growing at a rapid pace. This growth, along with economic and social changes and the coming age wave, presents opportunities for the development of long-term care community services networks and enhanced volunteer participation in those networks, and creates a need for different approaches to currently fragmented long-term care programs. The legislature further recognizes that persons with functional disabilities should receive long-term care services that encourage individual dignity, autonomy, and development of their fullest human potential. [1989 c 427 § 1.]

74.39.005 Purpose. The purpose of this chapter is to:

- (1) Establish a balanced range of community-based health, social, and supportive services that deliver long-term care services to chronically, functionally disabled persons of all ages;
- (2) Ensure that functional disability shall be the determining factor in defining long-term care service needs and that these needs will be determined by a uniform system for comprehensively assessing functional disability;
- (3) Ensure that services are provided in the most independent living situation consistent with individual needs;
- (4) Ensure that long-term care service options shall be developed and made available that enable functionally disabled persons to continue to live in their homes or other community residential facilities while in the care of their families or other volunteer support persons;

(5) Ensure that long-term care services are coordinated in a way that minimizes administrative cost, eliminates unnecessarily complex organization, minimizes program and service duplication, and maximizes the use of financial resources in directly meeting the needs of persons with functional limitations;

(6) Develop a systematic plan for the coordination, planning, budgeting, and administration of long-term care services now fragmented between the division of developmental disabilities, division of mental health, aging and adult services administration, division of children and family services, division of vocational rehabilitation, office on AIDS, division of health, and bureau of alcohol and substance abuse;

(7) Encourage the development of a state-wide long-term care case management system that effectively coordinates the plan of care and services provided to eligible clients;

(8) Ensure that individuals and organizations affected by or interested in long-term care programs have an opportunity to participate in identification of needs and priorities, policy development, planning, and development, implementation, and monitoring of state supported long-term care programs;

(9) Support educational institutions in Washington state to assist in the procurement of federal support for expanded research and training in long-term care; and

(10) Facilitate the development of a coordinated system of long-term care education that is clearly articulated between all levels of higher education and reflective of both in-home care needs and institutional care needs of functionally disabled persons. [1989 c 427 § 2.]

74.39.010 Option—Flexibility—Title XIX of the federal social security act. A valuable option available to Washington state to achieve the goals of RCW 74.39.001 and 74.39.005 is the flexibility in personal care and other long-term care services encouraged by the federal government under Title XIX of the federal social security act. These services include options to expand community-based long-term care services, such as adult family homes, congregate care facilities, respite, chore services, hospice, and case management. [1989 c 427 § 3.]

74.39.020 Opportunities—Increase of federal funds—Title XIX of the federal social security act. Title XIX of the federal social security act offers valuable opportunities to increase federal funds available to provide community-based long-term care services to functionally disabled persons in their homes, and in noninstitutional residential facilities, such as adult family homes and congregate care facilities. [1989 c 427 § 9.]

74.39.030 Community options program entry system—Waiver—Respite services. The department shall request an amendment to its community options program entry system waiver under section 1905(c) of the federal social security act to include respite services as a service available under the waiver. [1989 c 427 § 11.]

74.39.040 Long-term care commission—Generally.

(1) A long-term care commission is created. It shall consist of:

(a) Four legislators who shall serve on the executive committee, one from each of the two largest caucuses in the house of representatives and the senate who shall be selected by the president of the senate and the speaker of the house of representatives;

(b) Six members, to be selected by the executive committee, who shall be authorities in gerontology, developmental disabilities, neurological impairments, physical disabilities, mental illness, nursing, long-term care service delivery, long-term care service financing, systems development, or systems analysis;

(c) Three members, to be selected by the executive committee, who represent long-term care consumers, services providers, or advocates;

(d) Two members, to be selected by the executive committee, who represent county government;

(e) One member, to be selected by the secretary of social and health services, to represent the department of social and health services long-term care programs, including at least developmental disabilities, mental health, aging and adult services, AIDS, children's services, alcohol and substance abuse, and vocational rehabilitation; and

(f) Two members, to represent the governor, who shall serve on the executive committee.

The legislative members shall select a chair from the membership of the commission.

The commission shall be staffed, to the extent possible, by staff from the appropriate senate and house of representatives committees.

The commission may form technical advisory committees to assist it with any particular matters deemed necessary by the commission.

The commission and technical advisory committee members shall receive no compensation, but except for publicly funded agency staff, shall, to the extent funds are available, be reimbursed for their expenses while attending any meetings in the same manner as legislators engaged in interim committee business as specified in RCW 44.04.120.

The commission may receive appropriations, grants, gifts, and other payments from any governmental or other public or private entity or person which it may use to defray the cost of its operations or to contract for technical assistance, with the approval of the senate committee on facilities and operations and the house of representatives executive rules committee.

(2) The long-term care commission shall develop legislation and recommend administrative actions necessary to achieve the following long-term care reforms:

(a) The systematic coordination, planning, budgeting, and administration of long-term care services currently administered by the department of social and health services, division of developmental disabilities, aging and adult services administration, division of vocational rehabilitation, office on AIDS, division of health, and the bureau of alcohol and substance abuse;

(b) Provision of long-term care services to persons based on their functional disabilities noncategorically and in the most independent living situation consistent with the person's needs;

(c) A consistent definition of appropriate roles and responsibilities for state and local government, regional organizations, and private organizations in the planning, administration, financing, and delivery of long-term care services;

(d) Technical assistance to enable local communities to have greater participation and control in the planning, administration, and provision of long-term care services;

(e) A case management system that coordinates an appropriate and cost-effective plan of care and services for eligible functionally disabled persons based on their individual needs and preferences;

(f) A sufficient supply of quality noninstitutional residential alternatives for functionally disabled persons, and supports for the providers of such services;

(g) Public and private alternative funding for long-term care services, such as federal Title XIX funding of personal care services through the limited casualty program for the medically needy and other optional services, a uniform fee scale for client participation in state-funded, long-term care programs, and private, long-term care insurance;

(h) A systematic and balanced long-term care services payment and reimbursement system, including nursing home reimbursement, that will provide access to needed services while controlling the rate of cost increases for such services;

(i) Active involvement of volunteers and advocacy groups;

(j) An integrated data base that provides long-term care client tracking;

(k) A coordinated education system for long-term care; and

(l) Other issues deemed appropriate by the implementation team.

The commission shall report to the legislature with its findings, recommendations, and proposed legislation by December 1, 1990. [1989 c 427 § 13.]

74.39.900 Severability—1989 c 427. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1989 c 427 § 43.]

74.41.010 Legislative findings. The legislature recognizes that:

(1) Most care provided for functionally disabled adults is delivered by family members or friends who are not

compensated for their services. Family involvement is a crucial element for avoiding or postponing institutionalization of the disabled adult.

(2) Family or other caregivers who provide continuous care in the home are frequently under substantial stress, physical, psychological, and financial. The stress, if unrelied by family or community support to the caregiver, may lead to premature or unnecessary nursing home placement.

(3) Respite care and other community-based supportive services for the caregiver and for the disabled adult could relieve some of the stresses, maintain and strengthen the family structure, and postpone or prevent institutionalization.

(4) With family and friends providing the primary care for the disabled adult, supplemented by community health and social services, long-term care may be less costly than if the individual were institutionalized. [1984 c 158 § 1.]

74.41.020 Intent. It is the intent of the legislature to provide for both in-home and out-of-home respite care services which are provided by a range of service providers. The respite care services shall:

(1) Provide relief and support to family or other unpaid caregivers of disabled adults;

(2) Encourage individuals to provide care for disabled adults at home, and thus offer a viable alternative to institutionalization;

(3) Ensure that respite care is made generally available on a sliding-fee basis to eligible participants in the program according to priorities established by the department;

(4) Be provided in the least restrictive setting available consistent with the individually assessed needs of the functionally disabled adult; and

(5) Include services appropriate to the needs of persons caring for individuals with dementing illnesses. [1987 c 409 § 1; 1984 c 158 § 2.]

74.41.030 Definitions. Unless the context clearly indicates otherwise, the definitions in this section apply throughout this chapter.

(1) "Respite care services" means relief care for families or other caregivers of disabled adults, eligibility for which shall be determined by the department by rule. The services provide temporary care or supervision of disabled adults in substitution for the caregiver. The term includes social day care.

(2) "Eligible participant" means an adult (a) who needs substantially continuous care or supervision by reason of his or her functional disability, and (b) who is assessed as requiring institutionalization in the absence of a caregiver assisted by home and community support services, including respite care.

(3) "Caregiver" means a spouse, relative, or friend who has primary responsibility for the care of a functionally disabled adult, who does not receive financial compensation for the care, and who is assessed as being at risk of placing the eligible participant in a long-term care facility if respite care is not available.

(4) "Institutionalization" means placement in a long-term care facility.

(5) "Social day care" means nonmedical services to persons who live with their families, cannot be left unsu-

pervised, and are at risk of being placed in a twenty-four-hour care facility if their families do not receive some relief from constant care.

(6) "Department" means the department of social and health services. [1987 c 409 § 2; 1984 c 158 § 3.]

74.41.040 Administration—Rules—Program standards. The department shall administer this chapter and shall establish such rules and standards as the department deems necessary in carrying out this chapter. The department shall not require the development of plans of care or discharge plans by nursing homes providing respite care service under this chapter.

The department shall develop standards for the respite program in conjunction with the selected area agencies on aging. The program standards shall serve as the basis for soliciting bids, entering into subcontracts, and developing sliding fee scales to be used in determining the ability of eligible participants to participate in paying for respite care. [1987 c 409 § 3; 1984 c 158 § 4.]

74.41.050 Respite care projects—Respite services, evaluation of need, caregiver abilities. The department shall contract with area agencies on aging or other appropriate agencies to conduct respite care projects to the extent of available funding. The responsibilities of the agencies shall include but not be limited to: Negotiating rates of payment, administering sliding-fee scales to enable eligible participants to participate in paying for respite care, and arranging for respite care services. Rates of payment to respite care service providers shall not exceed, and may be less than, rates paid by the department to providers for the same level of service. In evaluating the need for respite services, consideration shall be given to the mental and physical ability of the caregiver to perform necessary caregiver functions. [1989 c 427 § 8; 1987 c 409 § 4; 1984 c 158 § 5.]

Severability—1989 c 427: See RCW 74.39.900.

74.41.060 Respite care program—Criteria. The department shall insure that the respite care program is designed to meet the following criteria:

(1) Make maximum use of services which provide care to the greatest number of eligible participants with the fewest number of staff consistent with adequate care;

(2) Provide for use of one-on-one care when necessary;

(3) Provide for both day care and overnight care;

(4) Provide personal care to continue at the same level which the caregiver ordinarily provides to the eligible participant; and

(5) Provide for the utilization of family home settings. [1984 c 158 § 6.]

74.41.070 Respite care program—Data—Report to legislature. (1) The area agencies administering respite care programs shall maintain data which indicates demand for respite care, and which includes information on in-home and out-of-home day care and in-home and out-of-home overnight care demand.

(2) The department shall provide a progress report to the legislature on the respite care programs authorized in this

chapter. The report shall at least include a comparison of the relative cost-effectiveness of the services provided under this chapter with all other programs and services which are intended to forestall institutionalization. In addition, the report shall include a similar comparison between in-home and out-of-home respite care services. The department shall make recommendations on the inclusion of respite care services under the senior citizens act for delivery and funding of respite care services described in this chapter. The report shall be provided to the legislature not later than thirty days prior to the 1989 legislative session. [1987 c 409 § 5; 1984 c 158 § 7.]

74.41.080 Health care practitioners and facilities not impaired. Nothing in this chapter shall impair the practice of any licensed health care practitioner or licensed health care facility. [1984 c 158 § 8.]

74.41.090 Entitlement not created. Nothing in this chapter creates or provides any individual with an entitlement to services or benefits. It is the intent of the legislature that services under this chapter shall be made available only to the extent of the availability and level of appropriation made by the legislature. [1987 c 409 § 6.]

74.42.030 Resident to receive statement of rights, rules, services, and charges. Each resident or guardian, if any, shall be fully informed and receive in writing the following:

(1) The resident's rights and responsibilities in the facility;

(2) Rules governing resident conduct;

(3) Services available in the facility; and

(4) Charges for services not included in the facility's basic daily rate or not paid by medicaid.

The facility shall provide this information before or at the time of admission and as changes occur during the resident's stay. The resident or legal guardian shall acknowledge in writing receipt of this information and any changes in the information. [1979 ex.s. c 211 § 3.]

74.42.040 Resident's rights regarding medical condition, care, and treatment. The facility shall insure that each resident and guardian, if any:

(1) Is fully informed by a physician about his or her health and medical condition unless the physician decides that informing the resident is medically contraindicated and the physician documents this decision in the resident's record;

(2) Has the opportunity to participate in his or her total care and treatment;

74.42.100 Personal mail. The facility shall not open the personal mail that residents send or receive. [1979 ex.s. c 211 § 10.]

74.42.110 Freedom of association—Limits. Residents shall be allowed to communicate, associate, meet privately with individuals of their choice, and participate in social, religious, and community group activities unless this infringes on the rights of other residents. [1979 ex.s. c 211 § 11.]

The record shall include written receipts for all personal possessions and funds received by or deposited with the facility and for all disbursements made to or for the resident. The resident or guardian and the resident's family

shall have access to the financial record. [1979 ex.s. c 211 § 13.]

74.42.140 Prescribed plan of care—Treatment, medication, diet services. The facility shall care for residents by providing residents with authorized medical services which shall include treatment, medication, and diet services, and any other services contained in the comprehensive plan of care or otherwise prescribed by the attending physician. [1979 ex.s. c 211 § 14.]

74.42.150 Plan of care—Goals—Program—Responsibilities—Review. (1) Under the attending physician's instructions, qualified facility staff will establish and maintain a comprehensive plan of care for each resident which shall be kept on file by the facility and be evaluated through review and assessment by the department. The comprehensive plan contains:

- (a) Goals for each resident to accomplish;
 - (b) An integrated program of treatment, therapies and activities to help each resident achieve those goals; and
 - (c) The persons responsible for carrying out the programs in the plan.
- (2) Qualified facility staff shall review the comprehensive plan of care at least quarterly. [1980 c 184 § 7; 1979 ex.s. c 211 § 15.]

(3) To ascertain, through department audit that compliance with the accounting and auditing provisions of this chapter and the rules and regulations of the department as they pertain to these accounting and auditing provisions is proper and consistent; and

(4) To ascertain, through department audits, that the responsibility of the contractor has been met in the maintenance

of patient trust funds. [1985 c 361 § 9; 1983 1st ex.s. c 67 § 4; 1980 c 177 § 10.]

74.46.105 Departmental audits—Procedure. Cost reports and patient trust accounts of contractors shall be field audited by the department, either by department staff or by auditors under contract to the department, in accordance with the provisions of this chapter. The department when it deems necessary to assure the accuracy of cost reports may review any underlying financial statements or other records upon which the cost reports are based. The department shall have the authority to accept or reject audits which fail to satisfy the requirements of this section or which are performed by auditors who violate any of the rules of this section. Department audits of the cost reports and patient trust accounts shall be conducted as follows:

(1) Each year the department will provide for field audit of the cost report, statistical reports, and patient trust funds, as established by RCW 74.46.700, of all or a sample of reporting facilities selected by profiles of costs, exceptions, contract terminations, upon special requests or other factors determined by the department.

(2) Beginning with audits for calendar year 1983, up to one hundred percent of contractors cost reports and patient care trust fund accounts shall be audited: PROVIDED, That each contractor shall be audited at least once in every three-year period.

(3) Facilities shall be selected for sample audits within one hundred twenty days of submission of a correct and complete cost report, and shall be so informed of the department's intent to audit. Audits so scheduled shall be completed within one year of selection.

(4) Where an audit for a recent reporting or trust fund period discloses material discrepancies, undocumented costs or mishandling of patient trust funds, auditors may examine prior unaudited periods, for indication of similar material discrepancies, undocumented costs or mishandling of patient trust funds for not more than two reporting periods preceding the facility reporting period selected in the sample.

(5) The audit will result in a schedule summarizing appropriate adjustments to the contractor's cost report. These adjustments will include an explanation for the adjustment, the general ledger account or account group, and the dollar amount. Patient trust fund audits shall be reported separately and in accordance with RCW 74.46.700.

(6) Audits shall meet generally accepted auditing standards as promulgated by the American institute of certified public accountants and the standards for audit of governmental organizations, programs, activities and functions as published by the comptroller general of the United States. Audits shall be supervised or reviewed by a certified public accountant.

(7) No auditor under contract with or employed by the department to perform audits in accordance with the provisions of this chapter shall:

(a) Have had direct or indirect financial interest in the ownership, financing or operation of a nursing home in this state during the period covered by the audits;

(b) Acquire or commit to acquire any direct or indirect financial interest in the ownership, financing or operation of

a nursing home in this state during said auditor's employment or contract with the department;

(c) Accept as a client any nursing home in this state during or within two years of termination of said auditor's contract or employment with the department.

(8) Audits shall be conducted by auditors who are otherwise independent as determined by the standards of independence established by the American institute of certified public accountants.

(9) All audit rules adopted after March 31, 1984, shall be published before the beginning of the cost report year to which they apply. [1985 c 361 § 10; 1983 1st ex.s. c 67 § 5.]

Savings—1985 c 361: See note following RCW 74.46.020.

74.46.115 Departmental audits—Review by state auditor. The office of the state auditor shall annually review the performance of the department to ensure that departmental audits are conducted in accordance with generally accepted accounting principles and auditing standards. [1983 1st ex.s. c 67 § 6.]

74.46.130 Preparation for audit by the contractor.

(1) For the requirements of RCW 74.46.105, the contractor shall be notified by the department at least ten working days in advance of the engagement. Upon such notification, the contractor shall:

(a) Provide access to the facility, all records, and all working papers which are in support of the cost report and patient trust funds; and

(b) Prepare reconciliation of the cost report with (i) applicable federal income and federal and state payroll tax returns and (ii) the records for the period covered by the cost report.

(2) To facilitate department audit, the owner or administrator of a facility shall designate and make available an individual or individuals to respond to questions and requests for information from auditors. The designated individual or individuals shall have sufficient knowledge of the issue or function to provide accurate information. [1985 c 361 § 11; 1983 1st ex.s. c 67 § 7; 1980 c 177 § 13.]

Savings—1985 c 361: See note following RCW 74.46.020.

(2) The settlement process shall consist of:

(a) The evaluation of the proposed preliminary settlement by cost center contained within the cost report and preparation of the preliminary settlement report;

(b) The evaluation of the audit results, if an audit is conducted, including disallowed costs and preparation of the final settlement report; and

(c) The process of scheduling payment of underpayments or overpayments determined by preliminary or final settlement. [1983 1st ex.s. c 67 § 8; 1980 c 177 § 15.]

74.46.160 Preliminary and final settlement reports.

(1) Within one hundred twenty days after receipt of the proposed preliminary settlement, the department shall verify the accuracy of the proposal and shall issue a preliminary settlement report by cost center to the contractor which fully substantiates disallowed costs, refunds, underpayments, or adjustments to the proposed preliminary settlement.

(2) After completion of the audit process, including exhaustion or mutual termination of reviews and appeals of audit findings or determinations, the department will submit a final settlement report by cost center to the contractor which fully substantiates disallowed costs, refunds, underpayments, or adjustments to the contractor's cost report. Where the contractor is pursuing judicial or administrative review or appeal in good faith regarding audit findings or determinations, the department may issue a partial final settlement to recover overpayments based on audit adjustments not in dispute. [1985 c 361 § 12; 1983 1st ex.s. c 67 § 9; 1980 c 177 § 16.]

Savings—1985 c 361: See note following RCW 74.46.020.

74.46.170 Settlement—Contractor may contest—

Date settlement becomes final. (1) A contractor shall have thirty days after the date the preliminary or final settlement report is submitted to the contractor to contest a settlement determination under RCW 74.46.780. After the thirty-day period has expired, a preliminary or final settlement will not be subject to review.

(2) A preliminary settlement report as issued by the department will become the final settlement report if no audit has been scheduled within twelve calendar months following the department's issuance of a preliminary settlement report to the contractor.

(3) A settlement will be reopened if necessary to make adjustments for findings resulting from an audit performed pursuant to RCW 74.46.105(4). [1983 1st ex.s. c 67 § 10; 1980 c 177 § 17.]

74.46.180 Payment of underpayments—Refund of overpayments, erroneous payments—Allocation of savings. (1) The state shall make payment of any underpayments within thirty days after the date the preliminary or final settlement report is submitted to the contractor.

(2) A contractor found to have received either overpayments or erroneous payments under a preliminary or final settlement shall refund such payments to the state within thirty days after the date the preliminary or final settlement report is submitted to the contractor, subject to the provisions of subsections (3), (4), and (7) of this section.

(3) Within the cost centers of nursing services and food, all savings resulting from the respective allowable costs being lower than the respective reimbursement rate paid to the contractor during the report period shall be refunded. In computing a preliminary or final settlement, savings in a cost center may be shifted to cover a deficit in another cost center up to the amount of any savings: PROVIDED, That not more than twenty percent of the rate in a cost center may be shifted into that cost center and no shifting may be made into the property cost center: PROVIDED FURTHER, That there shall be no shifting out of nursing services, and savings

in food shall be shifted only to cover deficits in the nursing services cost center.

(4) Within the cost centers of administration and operations and property, the contractor shall retain at least fifty percent, but not more than seventy-five percent, of any savings resulting from the respective audited allowable costs being lower than the respective reimbursement rates paid to the contractor during the report period multiplied by the number of authorized medical care client days in which said rates were in effect, except that no savings may be retained if reported costs in the property cost center and the administration and operations cost center exceed audited allowable costs by ten cents or more per patient day. The secretary, by rule and regulation, shall establish the basis for the specific percentages of savings to the contractors. Such rules and regulations may provide for differences in the percentages allowed for each cost center to individual facilities based on performance measures related to administrative efficiency.

(5) All allowances provided by RCW 74.46.530 shall be retained by the contractor. Any industrial insurance dividend or premium discount under RCW 51.16.035 shall be retained by the contractor to the extent that such dividend or premium discount is attributable to the contractor's private patients.

(6) In the event the contractor fails to make repayment in the time provided in subsection (2) of this section, the department shall either:

(a) Deduct the amount of refund due, plus any interest accrued under RCW 43.20B.695, from payment amounts due the contractor; or

(b) In the instance the contract has been terminated, (i) deduct the amount of refund due, plus interest assessed at the rate and in the manner provided in RCW 43.20B.695, from any payments due; or (ii) recover the amount due, plus any interest assessed under RCW 43.20B.695, from security posted with the department or by any other lawful means.

(7) Where the facility is pursuing timely-filed judicial or administrative remedies in good faith regarding settlement issues, the contractor need not refund nor shall the department withhold from the facility current payment amounts the department claims to be due from the facility but which are specifically disputed by the contractor. If the judicial or administrative remedy sought by the facility is not granted after all appeals are exhausted or mutually terminated, the facility shall make payment of such amounts due plus interest accrued from the date of filing of the appeal, as payable on judgments, within sixty days of the date such decision is made. [1987 c 476 § 1; 1987 c 283 § 9; 1985 c 361 § 1; 1985 c 7 § 147; 1983 1st ex.s. c 67 § 11; 1980 c 177 § 18.]

PART D ALLOWABLE COSTS

74.46.190 Principles of allowable costs. (1) The substance of a transaction will prevail over its form.

(2) All documented costs which are ordinary, necessary, related to care of medical care recipients, and not expressly unallowable, are to be allowable.

(3) Costs applicable to services, facilities, and supplies furnished to the provider by related organizations are allowable but at the cost to the related organization, provided they do not exceed the price of comparable services, facilities, or supplies that could be purchased elsewhere.

(4) Beginning January 1, 1985, the payment for property usage is to be independent of ownership structure and financing arrangements. [1983 1st ex.s. c 67 § 12; 1980 c 177 § 19.]

74.46.200 Offset of miscellaneous revenues. (1) Allowable costs shall be reduced by the contractor whenever the item, service, or activity covered by such costs generates revenue or financial benefits other than through the contractor's normal billing for care services; except that, unrestricted grants, gifts, and endowments, and interest therefrom, will not be deducted from the allowable costs of a nonprofit facility.

(2) Where goods or services are sold, the amount of the reduction shall be the actual cost relating to the item, service, or activity. In the absence of adequate documentation of cost, it shall be the full amount of the revenue received. Where financial benefits such as purchase discounts or rebates are received, the amount of the reduction shall be the amount of the discount or rebate. [1980 c 177 § 20.]

74.46.210 Costs of meeting standards. All documented costs that are ordinary, necessary, and related to the care of medical care recipients and are not expressly unallowable will be allowable costs. These expenses include:

(1) Meeting licensing and certification standards;

(2) Meeting standards of providing regular room, nursing, ancillary, and dietary services, as established by department rule and regulation pursuant to chapter 211, Laws of 1979 ex. sess.; and

(3) Fulfilling accounting and reporting requirements imposed by this chapter. [1991 sp.s. c 8 § 14; 1980 c 177 § 21.]

Effective date—1991 sp.s. c 8: See note following RCW 18.51.050.

74.46.220 Payments to related organizations—Limits—Documentation. (1) Costs applicable to services, facilities, and supplies furnished by a related organization to the contractor shall be allowable only to the extent they do not exceed the lower of the cost to the related organization or the price of comparable services, facilities, or supplies purchased elsewhere.

(2) Documentation of costs to the related organization shall be made available to the auditor at the time and place the records relating to the entity are audited. Payments to or for the benefit of the related organization will be disallowed

where the cost to the related organization cannot be documented. [1980 c 177 § 22.]

74.46.230 Initial cost of operation. (1) The necessary and ordinary one-time expenses directly incident to the preparation of a newly constructed or purchased building by a contractor for operation as a licensed facility shall be allowable costs. These expenses shall be limited to start-up and organizational costs incurred prior to the admission of the first patient.

(2) Start-up costs shall include, but not be limited to, administrative and nursing salaries, utility costs, taxes, insurance, repairs and maintenance, and training; except, that they shall exclude expenditures for capital assets. These costs will be allowable in the administration and operations cost center if they are amortized over a period of not less than sixty months beginning with the month in which the first patient is admitted for care.

(3) Organizational costs are those necessary, ordinary, and directly incident to the creation of a corporation or other form of business of the contractor including, but not limited to, legal fees incurred in establishing the corporation or other organization and fees paid to states for incorporation; except, that they do not include costs relating to the issuance and sale of shares of capital stock or other securities. Such organizational costs will be allowable in the administration and operations cost center if they are amortized over a period of not less than sixty months beginning with the month in which the first patient is admitted for care. [1980 c 177 § 23.]

74.46.240 Education and training. (1) Necessary and ordinary expenses of on-the-job training and in-service training required for employee orientation and certification training directly related to the performance of duties assigned will be allowable costs.

(2) Necessary and ordinary expenses of recreational and social activity training conducted by the contractor for volunteers will be allowable costs. [1980 c 177 § 24.]

74.46.250 Owner or relative—Compensation. (1) Total compensation of an owner or relative of an owner shall be limited to ordinary compensation for necessary services actually performed.

(a) Compensation is ordinary if it is the amount usually paid for comparable services in a comparable facility to an unrelated employee, and does not exceed limits set out in this chapter.

(b) A service is necessary if it is related to patient care and would have had to be performed by another person if the owner or relative had not done it.

(2) The contractor, in maintaining customary time records adequate for audit, shall include such records for owners and relatives who receive compensation. [1980 c 177 § 25.]

74.46.260 Compensation for administrative personnel. (1) Compensation for full-time administrative personnel, as defined in the contract between the contractor and such personnel, shall be an allowable cost, limited as follows:

(a) For calendar year 1981, the compensation of a licensed administrator of a facility having one hundred sixty or more beds shall not exceed thirty-two thousand dollars. The compensation of licensed administrators having beds not exceeding:

(i) Seventy-nine; and

(ii) One hundred fifty-nine;

shall be established by the department on a calendar year basis. The maximum compensation of these three categories of facilities may be adjusted in subsequent calendar years by the department through rule and regulation.

(b) The compensation of a licensed assistant administrator for a facility having eighty or more beds shall not exceed seventy-five percent of the compensation received by the licensed administrator of the facility.

(c) The compensation of a registered administrator-in-training shall not exceed sixty percent of the compensation received by the licensed administrator of the facility.

(2) If the licensed administrator, licensed assistant administrator, or registered administrator-in-training regularly work fewer than forty hours per week, the allowable compensation will be the product of the full-time compensation multiplied by the percentage derived from the division of the actual hours worked by forty hours.

(3) The contractor shall maintain customary time records for the licensed administrator, assistant administrator, and/or administrator-in-training. [1980 c 177 § 26.]

74.46.270 Disclosure and approval of cost allocation. (1) The contractor shall disclose to the department:

(a) The nature and purpose of all costs which represent allocations of joint facility costs; and

(b) The methodology of the allocation utilized.

(2) Such disclosure shall demonstrate that:

(a) The services involved are necessary and nonduplicative; and

(b) Costs are allocated in accordance with benefits received from the resources represented by those costs.

(3) Such disclosure shall be made not later than September 30, 1980, for the following year and not later than September 30th for each year thereafter; except that a new contractor shall submit the first year's disclosure together with the submissions required by RCW 74.46.670. Where a contractor will make neither a change in the joint costs to be incurred nor in the allocation methodology, the contractor may certify that no change will be made in lieu of the disclosure required in subsection (1) of this section.

(4) The department shall approve such methodology not later than December 31, 1980, and not later than December 31st for each year thereafter.

(5) An approved methodology may be revised or amended subject to approval as provided in rules and regulations adopted by the department. [1983 1st ex.s. c 67 § 13; 1980 c 177 § 27.]

74.46.280 Management fees, agreements. (1) Management fees will be allowed only if:

(a) A written management agreement both creates a principal/agent relationship between the contractor and the manager, and sets forth the items, services, and activities to be provided by the manager; and

(b) Documentation demonstrates that the services contracted for were actually delivered.

(2) To be allowable, fees must be for necessary, non-duplicative services. Allowable fees for general management services, including the portion of a management fee which is not allocated to specific services such as accounting, are limited to

(a) the maximum allowable compensation under RCW 74.46.260 of the licensed administrator and, if the facility has at least eighty beds, of an assistant administrator, less

(b) actual compensation received by the licensed administrator and by the assistant administrator and administrator-in-training, if any.

In computing maximum allowable compensation under RCW 74.46.260 for a facility with at least eighty beds, include the maximum compensation of an assistant administrator even if an assistant administrator is not employed.

(3) A management fee paid to or for the benefit of a related organization will be allowable to the extent it does not exceed the lower of:

(a) The limits set out in subsection (2) of this section; or

(b) The lower of the actual cost to the related organization of providing necessary services related to patient care under the agreement, or the cost of comparable services purchased elsewhere. Where costs to the related organization represent joint facility costs, the measurement of such costs shall comply with RCW 74.46.270.

(4) A copy of the agreement must be received by the department at least sixty days before it is to become effective. A copy of any amendment to a management agreement must also be received by the department at least thirty days in advance of the date it is to become effective.

(5) Central office costs for general management services, including the portion of a management expense which is not allocated to specific services, such as accounting, shall be subject to the management fee limits determined in subsections (2) and (3) of this section. [1980 c 177 § 28.]

74.46.290 Expense for construction interest. (1) Interest expense and loan origination fees relating to construction of a facility incurred during the period of construction shall be capitalized and amortized over the life of the facility pursuant to RCW 74.46.360. The period of construction shall extend from the date of the construction loan to the date the facility is put into service for patient care.

(2) For the purposes of this chapter, the period provided for in subsection (1) of this section shall not exceed the project certificate of need time period pursuant to RCW 70.38.125. [1980 c 177 § 29.]

74.46.300 Operating leases of office equipment. Rental or lease costs under arm's-length operating leases of office equipment shall be allowable to the extent the cost is necessary and ordinary. [1980 c 177 § 30.]

Effective dates—1980 c 177: See RCW 74.46.901.

74.46.310 Capitalization. The following costs shall be capitalized:

(1) Expenses for facilities or equipment with historical cost in excess of seven hundred fifty dollars per unit and a useful life of more than one year from the date of purchase; and

(2) Expenses for equipment with historical cost of seven hundred fifty dollars or less per unit if either:

(a) The item was acquired in a group purchase where the total cost exceeded seven hundred fifty dollars; or

(b) The item was part of the initial stock of the facility.

(3) Dollar limits in this section may be adjusted for economic trends and conditions by the department as established by rule and regulation. [1983 1st ex.s. c 67 § 16; 1980 c 177 § 31.]

74.46.320 Depreciation expense. Depreciation expense on depreciable assets which are required in the regular course of providing patient care will be an allowable cost. It shall be computed using the depreciation base, lives, and methods specified in this chapter. [1980 c 177 § 32.]

74.46.330 Depreciable assets. Tangible assets of the following types in which a contractor has an interest through ownership or leasing are subject to depreciation:

(1) Building - the basic structure or shell and additions thereto;

(2) Building fixed equipment - attachments to buildings, including, but not limited to, wiring, electrical fixtures, plumbing, elevators, heating system, and air conditioning system. The general characteristics of this equipment are:

(a) Affixed to the building and not subject to transfer; and

(b) A fairly long life, but shorter than the life of the building to which affixed;

(3) Major movable equipment including, but not limited to, beds, wheelchairs, desks, and x-ray machines. The general characteristics of this equipment are:

(a) A relatively fixed location in the building;

(b) Capable of being moved as distinguished from building equipment;

(c) A unit cost sufficient to justify ledger control;

(d) Sufficient size and identity to make control feasible by means of identification tags; and

(e) A minimum life greater than one year;

(4) Minor equipment including, but not limited to, waste baskets, bed pans, syringes, catheters, silverware, mops, and buckets which are properly capitalized. No depreciation shall be taken on items which are not properly capitalized as directed in RCW 74.46.310. The general characteristics of minor equipment are:

(a) In general, no fixed location and subject to use by various departments;

(b) Small in size and unit cost;

(c) Subject to inventory control;

(d) Large number in use; and

(e) Generally, a useful life of one to three years;

(5) Land improvements including, but not limited to, paving, tunnels, underpasses, on-site sewer and water lines, parking lots, shrubbery, fences, and walls where replacement is the responsibility of the contractor; and

(6) Leasehold improvements - betterments and additions made by the lessee to the leased property, which become the

property of the lessor after the expiration of the lease. [1980 c 177 § 33.]

74.46.340 Land, improvements—Depreciation. Land is not depreciable. The cost of land includes but is not limited to, off-site sewer and water lines, public utility charges necessary to service the land, governmental assessments for street paving and sewers, the cost of permanent roadways and grading of a nondepreciable nature, and the cost of curbs and sidewalks, replacement of which is not the responsibility of the contractor. [1980 c 177 § 34.]

74.46.350 Methods of depreciation. (1) Buildings, land improvements, and fixed equipment shall be depreciated using the straight-line method of depreciation. Major-minor equipment shall be depreciated using either the straight-line method, the sum-of-the-years' digits method, or declining balance method not to exceed one hundred fifty percent of the straight line rate. Contractors who have elected to take either the sum-of-the-years' digits method or the declining balance method of depreciation on major-minor equipment may change to the straight-line method without permission of the department.

(2) The annual provision for depreciation shall be reduced by the portion allocable to use of the asset for purposes which are neither necessary nor related to patient care.

(3) No further depreciation shall be claimed after an asset has been fully depreciated unless a new depreciation base is established pursuant to RCW 74.46.360. [1980 c 177 § 35.]

74.46.360 Cost basis of land and depreciation base of depreciable assets. (1) For all partial or whole rate periods after December 31, 1984, the cost basis of land and depreciation base of depreciable assets shall be the historical cost of the contractor or lessor, when the assets are leased by the contractor, in acquiring the asset in an arm's-length transaction and preparing it for use, less goodwill, and less accumulated depreciation, if applicable, which has been incurred during periods that the assets have been used in or as a facility by any contractor, such accumulated depreciation to be measured in accordance with subsections (2), (3), and (4) of this section and RCW 74.46.350 and 74.46.370. If the department challenges the historical cost of an asset, or if the contractor cannot or will not provide the historical costs, the department will have the department of general administration, through an appraisal procedure, determine the fair market value of the assets at the time of purchase. The cost basis of land and depreciation base of depreciable assets will not exceed such fair market value.

(2) The historical cost of depreciable and nondepreciable donated assets, or of depreciable and nondepreciable assets received through testate or intestate distribution, shall be the lesser of:

(a) Fair market value at the date of donation or death; or

(b) The historical cost base of the owner last contracting with the department, if any.

(3) Estimated salvage value of acquired, donated, or inherited assets shall be deducted from historical cost where

the straight-line or sum-of-the-years' digits method of depreciation is used.

(4)(a) Where land or depreciable assets are acquired that were used in the medical care program subsequent to January 1, 1980, the cost basis or depreciation base of the assets will not exceed the net book value which did exist or would have existed had the assets continued in use under the previous contract with the department; except that depreciation shall not be assumed to accumulate during periods when the assets were not in use in or as a facility.

(b) The provisions of (a) of this subsection shall not apply to the most recent arm's-length acquisition if it occurs at least ten years after the ownership of the assets has been previously transferred in an arm's-length transaction nor to the first arm's-length acquisition that occurs after January 1, 1980, for facilities participating in the medical care program prior to January 1, 1980. The new cost basis or depreciation base for such acquisitions shall not exceed the fair market value of the assets as determined by the department of general administration through an appraisal procedure. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such determination is shown to be arbitrary and capricious. For all partial or whole rate periods after July 17, 1984, this subsection is inoperative for any transfer of ownership of any asset, depreciable or nondepreciable, occurring on or after July 18, 1984, leaving (a) of this subsection to apply alone to such transfers: PROVIDED, HOWEVER, That this subsection shall apply to transfers of ownership of assets occurring prior to January 1, 1985, if the costs of such assets have never been reimbursed under medicaid cost reimbursement on an owner-operated basis or as a related-party lease: PROVIDED FURTHER, That for any contractor that can document in writing an enforceable agreement for the purchase of a nursing home dated prior to July 18, 1984, and submitted to the department prior to January 1, 1988, the cost basis of allowable land and the depreciation base of the nursing home, for rates established after July 18, 1984, shall not exceed the fair market value of the assets at the date of purchase as determined by the department of general administration through an appraisal procedure. For medicaid cost reimbursement purposes, an agreement to purchase a nursing home dated prior to July 18, 1984, is enforceable, even though such agreement contains no legal description of the real property involved, notwithstanding the statute of frauds or any other provision of law.

(c) In the case of land or depreciable assets leased by the same contractor since January 1, 1980, in an arm's-length lease, and purchased by the lessee/contractor, the lessee/contractor shall have the option:

(i) To have the provisions of subsection (b) of this section apply to the purchase; or

(ii) To have the reimbursement for property and return on investment continue to be calculated pursuant to the provisions contained in RCW 74.46.530(1) (e) and (f) based upon the provisions of the lease in existence on the date of the purchase, but only if the purchase date meets one of the following criteria:

(A) The purchase date is after the lessor has declared bankruptcy or has defaulted in any loan or mortgage held against the leased property;

(B) The purchase date is within one year of the lease expiration or renewal date contained in the lease;

(C) The purchase date is after a rate setting for the facility in which the reimbursement rate set pursuant to this chapter no longer is equal to or greater than the actual cost of the lease; or

(D) The purchase date is within one year of any purchase option in existence on January 1, 1988.

(d) For all rate periods past or future where land or depreciable assets are acquired from a related organization, the contractor's cost basis and depreciation base shall not exceed the base the related organization had or would have had under a contract with the department.

(e) Where the land or depreciable asset is a donation or distribution between related organizations, the cost basis or depreciation base shall be the lesser of (i) fair market value, less salvage value, or (ii) the cost basis or depreciation base the related organization had or would have had for the asset under a contract with the department. [1991 sp.s. c 8 § 18; 1989 c 372 § 14. Prior: 1988 c 221 § 1; 1988 c 208 § 1; 1986 c 175 § 1; 1980 c 177 § 36.]

Effective date—1991 sp.s. c 8: See note following RCW 18.51.050.

Effective dates—1980 c 177: See RCW 74.46.901.

74.46.370 Lives of assets. (1) Except for new buildings, the contractor shall use lives which reflect the estimated actual useful life of the asset and which shall be no shorter than guideline lives as established by the department. The shortest life which may be used for new buildings is thirty years. Lives shall be measured from the date on which the assets were first used in the medical care program or from the date of the most recent arm's-length acquisition of the asset, whichever is more recent. In cases where RCW 74.46.360(4)(a) does apply, the shortest life that may be used for buildings is the remaining useful life under the prior contract. In all cases, lives shall be extended to reflect periods, if any, when assets were not used in or as a facility.

(2) Building improvements shall be depreciated over the remaining useful life of the building, as modified by the improvement.

(3) Improvements to leased property which are the responsibility of the contractor under the terms of the lease shall be depreciated over the useful life of the improvement.

(4) A contractor may change the estimate of an asset's useful life to a longer life for purposes of depreciation. [1980 c 177 § 37.]

74.46.380 Disposal of depreciable assets—Inactive status—Gain on sale—Recovery of reimbursement for depreciation. (1) Where depreciable assets are disposed of through sale, trade-in, scrapping, exchange, theft, wrecking, or fire or other casualty, depreciation shall no longer be taken on the assets. No further depreciation shall be taken on permanently abandoned assets.

(2) Where an asset has been retired from active use but is being held for stand-by or emergency service, and the department has determined that it is needed and can be effectively used in the future, depreciation may be taken.

(3) If there is a sale of a nursing facility on or after July 1, 1991, that results in a gain on sale, the actual reimburse-

ment for depreciation paid to the selling contractor through the medicaid reimbursement program shall be recovered by the department to the extent of any gain on sale. The purchaser is obligated to reimburse the department, whether or not the purchaser is a medicaid contractor. If the department is unable to collect from the purchaser, then the seller is responsible for reimbursing the department. The department may establish an appropriate repayment schedule to recover depreciation. If the purchaser is a medicaid contractor and the contractor does not comply with the repayment schedule established by the department, the department may deduct the recovery from the contractor's monthly medicaid payments. The department may adopt rules, as appropriate, to insure that the principles of this section are implemented with respect to leased assets, or with respect to sales of intangibles or specific assets only. [1991 sp.s. c 8 § 12; 1980 c 177 § 38.]

Effective date—1991 sp.s. c 8: See note following RCW 18.51.050.

74.46.390 Gains and losses upon replacement of depreciable assets. If the retired asset is replaced, the gain or loss shall be applied against or added to the cost of the replacement asset, provided that a loss will only be so applied if the contractor has made a reasonable effort to recover at least the outstanding book value of the asset. [1980 c 177 § 39.]

74.46.410 Unallowable costs. (1) Costs will be unallowable if they are not documented, necessary, ordinary, and related to the provision of care services to authorized patients.

(2) Unallowable costs include, but are not limited to, the following:

(a) Costs of items or services not covered by the medical care program. Costs of such items or services will be unallowable even if they are indirectly reimbursed by the department as the result of an authorized reduction in patient contribution;

(b) Costs of services and items provided to recipients which are covered by the department's medical care program but not included in care services established by the department under this chapter;

(c) Costs associated with a capital expenditure subject to section 1122 approval (part 100, Title 42 C.F.R.) if the department found it was not consistent with applicable standards, criteria, or plans. If the department was not given timely notice of a proposed capital expenditure, all associated costs will be unallowable up to the date they are determined to be reimbursable under applicable federal regulations;

(d) Costs associated with a construction or acquisition project requiring certificate of need approval pursuant to chapter 70.38 RCW if such approval was not obtained;

(e) Interest costs other than those provided by RCW 74.46.290 on and after the effective date of RCW 74.46.530;

(f) Salaries or other compensation of owners, officers, directors, stockholders, and others associated with the contractor or home office, except compensation paid for service related to patient care;

(g) Costs in excess of limits or in violation of principles set forth in this chapter;

(h) Costs resulting from transactions or the application of accounting methods which circumvent the principles of the cost-related reimbursement system set forth in this chapter;

(i) Costs applicable to services, facilities, and supplies furnished by a related organization in excess of the lower of the cost to the related organization or the price of comparable services, facilities, or supplies purchased elsewhere;

(j) Bad debts of non-Title XIX recipients. Bad debts of Title XIX recipients are allowable if the debt is related to covered services, it arises from the recipient's required contribution toward the cost of care, the provider can establish that reasonable collection efforts were made, the debt was actually uncollectible when claimed as worthless, and sound business judgment established that there was no likelihood of recovery at any time in the future;

(k) Charity and courtesy allowances;

(l) Cash, assessments, or other contributions, excluding dues, to charitable organizations, professional organizations, trade associations, or political parties, and costs incurred to improve community or public relations;

(m) Vending machine expenses;

(n) Expenses for barber or beautician services not included in routine care;

(o) Funeral and burial expenses;

(p) Costs of gift shop operations and inventory;

(q) Personal items such as cosmetics, smoking materials, newspapers and magazines, and clothing, except those used in patient activity programs;

(r) Fund-raising expenses, except those directly related to the patient activity program;

(s) Penalties and fines;

(t) Expenses related to telephones, televisions, radios, and similar appliances in patients' private accommodations;

(u) Federal, state, and other income taxes;

(v) Costs of special care services except where authorized by the department;

(w) Expenses of key-man insurance and other insurance or retirement plans not made available to all employees;

(x) Expenses of profit-sharing plans;

(y) Expenses related to the purchase and/or use of private or commercial airplanes which are in excess of what a prudent contractor would expend for the ordinary and economic provision of such a transportation need related to patient care;

(z) Personal expenses and allowances of owners or relatives;

(aa) All expenses of maintaining professional licenses or membership in professional organizations;

(bb) Costs related to agreements not to compete;

(cc) Amortization of goodwill;

(dd) Expenses related to vehicles which are in excess of what a prudent contractor would expend for the ordinary and economic provision of transportation needs related to patient care;

(ee) Legal and consultant fees in connection with a fair hearing against the department where a decision is rendered in favor of the department or where otherwise the determination of the department stands;

(ff) Legal and consultant fees of a contractor or contractors in connection with a lawsuit against the department;

(gg) Lease acquisition costs and other intangibles not related to patient care;

(hh) All rental or lease costs other than those provided in RCW 74.46.300 on and after the effective date of RCW 74.46.510 and 74.46.530;

(ii) Postsurvey charges incurred by the facility as a result of subsequent inspections under RCW 18.51.050 which occur beyond the first postsurvey visit during the certification survey calendar year;

(jj) Costs and fees otherwise allowable for legal services, whether purchased, allocated by a home office, regional office or management company, or performed by the contractor or employees of the contractor, in excess of the eighty-fifth percentile of such costs reported by all contractors for the most recent cost report period: PROVIDED, That this limit shall not apply if a contractor has not exceeded this percentile in any of the preceding three annual cost report periods;

(kk) Costs and fees otherwise allowable for accounting and bookkeeping services, whether purchased, allocated by a home office, regional office or management company, or performed by the contractor or employees of the contractor, in excess of the eighty-fifth percentile of such costs reported by all contractors for the most recent cost report period: PROVIDED, That this limit shall not apply if a contractor has not exceeded this percentile in any of the preceding three annual cost report periods;

(ll) Compensation paid for any purchased nursing care services, including registered nurse, licensed practical nurse, and nurse assistant services, obtained through service contract arrangement in excess of the amount of compensation paid for such hours of nursing care service had they been paid at the average hourly wage, including related taxes and benefits, for in-house nursing care staff of like classification at the same nursing facility, as reported in the most recent cost report period;

(mm) For all partial or whole rate periods after July 17, 1984, costs of land and depreciable assets that cannot be reimbursed under the Deficit Reduction Act of 1984 and implementing state statutory and regulatory provisions. [1991 sp.s. c 8 § 15; 1989 c 372 § 2; 1986 c 175 § 3; 1983 1st ex.s. c 67 § 17; 1980 c 177 § 41.]

Effective date—1991 sp.s. c 8: See note following RCW 18.51.050.

Effective date—1989 c 372 § 2: "Section 2 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1989." [1989 c 372 § 19.] This note refers to the 1989 c 372 amendment to RCW 74.46.410.

PART E RATE SETTING

74.46.420 Principles of rate setting. The following principles are inherent in RCW 74.46.430 through 74.46.590:

(1) Reimbursement rates will be set prospectively on a per patient day basis; and

(2) The rates so established will be adjusted for economic conditions and trends in accordance with appropriations made by the legislature as consistent with federal requirements for the period to be covered by such rates. [1985 c 361 § 18; 1983 1st ex.s. c 67 § 18; 1980 c 177 § 42.]

Savings—1985 c 361: See note following RCW 74.46.020.

74.46.430 Prospective reimbursement rates—Minimum hourly wages. (1) The department, as provided by this chapter, will determine prospective cost-related reimbursement rates for services provided to medical care recipients. Each rate so determined shall represent the contractor's maximum compensation within each cost center for each patient day for such medical care recipient.

(2) As required, the department may modify such maximum per patient day rates pursuant to the administrative review provisions of RCW 74.46.780.

(3) Until the effective date of RCW 74.46.510 and 74.46.530, the maximum prospective reimbursement rates for the administration and operations and the property cost centers shall be established based upon a minimum facility occupancy level of eighty-five percent.

(4) On and after the effective date of RCW 74.46.510 and 74.46.530, the maximum prospective reimbursement rates for the administration and operations and the property cost centers and the return on investment allowance shall be established based upon a minimum facility occupancy level of eighty-five percent.

(5) All contractors shall be required to adjust and maintain wages for all employees to a minimum hourly wage established by the legislature in the biennial appropriations act, if the legislature appropriates moneys to fund prospectively the portion of the minimum wage attributable to services to medicaid patients. Prospective rate revisions to fund any minimum wage increases shall be made only on the dates authorized in the appropriation act. The department shall by regulation limit reimbursement to the amount appropriated for legislatively authorized enhancement for nonadministrative wages and benefits above the moneys necessary to fund minimum wages specified in this section. The department in considering reimbursement for legislatively authorized wage enhancements will take into consideration facility wage history over the past three cost report periods. [1987 2nd ex.s. c 1 § 2; 1987 c 476 § 2; 1983 1st ex.s. c 67 § 19; 1980 c 177 § 43.]

74.46.440 Limitation of services subject to cost reimbursement—Exception. Only those services which are authorized for a facility pursuant to the medical care program shall be reimbursed under this chapter. Services provided by institutions for mental diseases shall not be reimbursed under this chapter. [1989 c 372 § 16; 1980 c 177 § 44.]

74.46.450 Reimbursement rate for new contractor. (1) Prospective reimbursement rates for a new contractor will be established within sixty days following receipt by the department of the properly completed projected budget required by RCW 74.46.670. Such reimbursement rates will become effective as of the effective date of the contract and shall remain in effect until rates can be established under RCW 74.46.460 based on a contractor's cost report including at least six months of cost data.

(2) Such reimbursement rates will be based on the contractor's projected cost of operations and on costs and

payment rates of the prior contractor, if any, or of other contractors in comparable circumstances.

(3) If a properly completed budget is not received at least sixty days prior to the effective date of the contract, the department will establish preliminary rates based on the other factors specified in subsection (2) of this section. These preliminary rates will remain in effect until a determination is made pursuant to RCW 74.46.460. [1983 1st ex.s. c 67 § 20; 1980 c 177 § 45.]

74.46.460 Rate determination or adjustment—When—Basis. (1) Each contractor's reimbursement rates will be determined prospectively at least once each calendar year, to be effective July 1st.

(2) Rates may be adjusted as determined by the department to take into account variations in the distribution of patient classifications or changes in patient characteristics from the prior reporting year, program changes required by the department, or changes in staffing levels at a facility required by the department. Rates shall be adjusted by the amount of legislatively authorized enhancements in accordance with RCW 74.46.430(5) and 74.46.470(2). Rates may also be adjusted to cover costs associated with placing a nursing home in receivership which costs are not covered by the rate of the former contractor, including: Compensation of the receiver, reasonable expenses of receivership and transition of control, and costs incurred by the receiver in carrying out court instructions or rectifying deficiencies found. Rates shall be adjusted for any capitalized additions or replacements made as a condition for licensure or certification. Rates shall be adjusted for capitalized improvements done under RCW 74.46.465.

(3) Where the contractor participated in the provisions of prospective cost-related reimbursement in effect prior to July 1, 1983, such contractor's prospective rate effective July 1, 1983, will be determined utilizing the contractor's desk-reviewed allowable costs for calendar year 1982.

(4) All prospective reimbursement rates for 1984 and thereafter shall be determined utilizing the prior year's desk-reviewed cost reports. [1987 c 476 § 3; 1985 c 361 § 15; 1983 1st ex.s. c 67 § 21; 1981 1st ex.s. c 2 § 5; 1980 c 177 § 46.]

Severability—Effective dates—1981 1st ex.s. c 2: See notes following RCW 18.51.010.

74.46.465 Rate adjustment for physical plant capital improvements. (1) The department, in consultation with interested parties, shall adopt rules to establish criteria the department will use in reviewing any request by a contractor for a prospective rate adjustment for a physical plant capital improvement. The rules shall also specify the time periods for submission and review of proposed physical plant capital improvements. In establishing the criteria, the department may consider, but is not limited to, the following:

(a) The remaining functional life of the facility and the length of time since the facility's last significant improvement;

(b) The amount and scope of renovation or remodel to the facility and whether the facility will be able to serve better the needs of its residents;

(c) Whether the proposed improvement improves the quality of the living conditions of the residents;

(d) Whether the proposed improvement might eliminate life safety, building code, or construction standard waivers;

(e) The percentage of public-pay residents in the facility.

(2) Rate adjustments under this section may be provided only if funds are appropriated for this purpose. [1987 c 476 § 8.]

74.46.470 Cost centers. (1) A contractor's reimbursement rates for medical care recipients will be determined utilizing desk-reviewed cost report data within the following cost centers:

(a) Nursing services;

(b) Food;

(c) Administration and operations; and

(d) Property.

(2) There shall be an enhancement cost center established to reimburse contractors for specific legislatively authorized enhancements for nonadministrative wages and benefits to ensure that such enhancements are used exclusively for the legislatively authorized purposes. For purposes of settlement, funds appropriated to this cost center shall only be used for expenditures for which the legislative authorization is granted. Such funds may be used only in the following circumstances:

(a) The contractor has increased expenditures for which legislative authorization is granted to at least the highest level paid in any of the last three cost years, plus, beginning July 1, 1987, any percentage inflation adjustment granted each year under RCW 74.46.495; and

(b) All funds shifted from the enhancement cost center are shown to have been expended for legislatively authorized enhancements.

(3) If the contractor does not spend the amount appropriated to this cost center in the legislatively authorized manner, then the amounts not appropriately spent shall be recouped at preliminary or final settlement pursuant to RCW 74.46.160.

(4) For purposes of this section, "nonadministrative wages and benefits" means wages and payroll taxes paid with respect to, and the employer share of the cost of benefits provided to, employees in job classes specified in an appropriation, which may not include administrators, assistant administrators, or administrators in training.

(5) Amounts expended in the enhancement cost center in excess of the minimum wage established under RCW 74.46.430 are subject to all provisions contained in this chapter. [1987 c 476 § 4; 1983 1st ex.s. c 67 § 22; 1980 c 177 § 47.]

74.46.475 Submitted cost report—Analysis and adjustment by department. (1) The department shall analyze the submitted cost report of each contractor to determine if the information is correct, complete, and reported in conformance with generally accepted accounting principles, the requirements of this chapter and such rules and regulations as the secretary may adopt. If the analysis finds that the cost report is incorrect or incomplete, the department may make adjustments to the reported information for purposes of establishing reimbursement rates. A

schedule of such adjustments shall be provided to contractors and shall include an explanation for the adjustment and the dollar amount of the adjustment. Adjustments shall be subject to review and appeal as provided in this chapter.

(2) The department shall accumulate data from properly completed cost reports for use in:

(a) Exception profiling; and

(b) Establishing rates.

(3) The department may further utilize such accumulated data for analytical, statistical, or informational purposes as necessary. [1985 c 361 § 13; 1983 1st ex.s. c 67 § 23.]

Savings—1985 c 361: See note following RCW 74.46.020.

74.46.481 Nursing services cost center reimbursement rate. (1) The nursing services cost center shall include all costs related to the direct provision of nursing and related care, including fringe benefits and payroll taxes for the nursing and related care personnel. For rates effective for state fiscal year 1984, the department shall adopt by administrative rule a definition of "related care" which shall incorporate, but not exceed services reimbursable as of June 30, 1983. For rates effective for state fiscal year 1985, the definition of related care shall include ancillary care. For rates effective after June 30, 1991, nursing services costs, as reimbursed within this chapter and as tested for reasonableness within this section, shall not include costs of any purchased nursing care services, including registered nurse, licensed practical nurse, and nurse assistant services, obtained through service contract arrangement in excess of the amount of compensation paid for such hours of nursing care service had they been paid at the average hourly wage, including related taxes and benefits, for in-house nursing care staff of like classification at the same nursing facility, as reported in the most recent cost report period.

(2) The department shall adopt by administrative rules a method for establishing a nursing services cost center rate consistent with the principles stated in this section.

(3) Utilizing regression or other statistical technique, the department shall determine a reasonable limit on facility nursing staff taking into account facility patient characteristics. For purposes of this section, facility nursing staff refers to registered nurses, licensed practical nurses and nursing assistants employed by the facility or obtained through temporary labor contract arrangements. Effective January 1, 1988, the hours associated with the training of nursing assistants and the supervision of that training for nursing assistants shall not be included in the calculation of facility nursing staff. In selecting a measure of patient characteristics, the department shall take into account:

(a) The correlation between alternative measures and facility nursing staff; and

(b) The cost of collecting information for and computation of a measure.

If regression is used, the limit shall be set at predicted nursing staff plus 1.75 regression standard errors. If another statistical method is utilized, the limit shall be set at a level corresponding to 1.75 standard errors above predicted staffing computed according to a regression procedure.

(4) No facility shall receive reimbursement for nursing staff levels in excess of the limit, except that, if a facility

was reimbursed for a nursing staff level in excess of the limit as of June 30, 1983, the facility may choose [choose] to continue to receive its June, 1983 nursing services rate plus any adjustments in rates, such as adjustments for economic trends, made available to all facilities. However, nursing staff levels established under subsection (3) of this section shall not apply to the nursing services cost center reimbursement rate for the pilot facility especially designed to meet the needs of persons living with AIDS as defined by RCW 70.24.017 and specifically authorized for this purpose under the 1989 amendment to the Washington state health plan. The reasonableness limit established pursuant to this subsection shall remain in effect for the period July 1, 1983 through June 30, 1985. At that time the department may revise the measure of patient characteristics or method used to establish the limit.

(5) The department shall select an index of cost increase relevant to the nursing and related services cost area. In the absence of a more representative index, the department shall use the medical care component index as maintained by the United States bureau of labor statistics.

(6) If a facility's nursing staff level is below the limit specified in subsection (3) of this section, the department shall determine the percentage increase for all items included in the nursing services cost center between the facility's most recent cost reporting period and the next prior cost reporting period.

(a) If the percentage cost increase for a facility is below the increase in the selected index for the same time period, the facility's reimbursement rate in the nursing services cost center shall equal the facility's cost from the most recent cost reporting period plus any allowance for inflation provided by legislative appropriation.

(b) If the percentage cost increase for a facility exceeds the increase in the selected index, the department shall limit the cost used for setting the facility's rate in the nursing services cost area to a level reflecting the increase in the selected index.

(7) If the facility's nursing staff level exceeds the reasonableness limit established in subsection (3) of this section, the department shall determine the increase for all items included in the nursing services cost center between the facility's most recent cost reporting period and the next prior cost reporting period.

(a) If the percentage cost increase for a facility is below the increase in the index selected pursuant to subsection (5) of this section, the facility's reimbursement rate in the nursing cost center shall equal the facility's cost from the most recent cost reporting period adjusted downward to reflect the limit on nursing staff, plus any allowance for inflation provided by legislative appropriation subject to the provisions of subsection (4) of this section.

(b) If the percentage cost increase for a facility exceeds the increase in the selected index, the department shall limit the cost used for setting the facility's rate in the nursing services cost center to a level reflecting the nursing staff limit and the cost increase limit, subject to the provisions of subsection (4) of this section, plus any allowance for inflation provided by legislative appropriation.

(8) Prospective rates for the nursing services cost center, for state fiscal year 1992 only, shall not be subject to the cost growth index lid in subsections (5), (6), and (7) of this

section. The lid shall apply for state fiscal year 1991 rate setting and all state fiscal years subsequent to fiscal year 1992.

(9) The department is authorized to determine on a systematic basis facilities with unmet patient care service needs. The department may increase the nursing services cost center prospective rate for a facility beyond the level determined in accordance with subsection (6) of this section if the facility's actual and reported nursing staffing is one standard error or more below predicted staffing as determined according to the method selected pursuant to subsection (3) of this section and the facility has unmet patient care service needs: PROVIDED, That prospective rate increases authorized by this subsection shall be funded only from legislative appropriations made for this purpose and the increases shall be conditioned on specified improvements in patient care at such facilities.

(10) The department shall establish a method for identifying patients with exceptional care requirements and a method for establishing or negotiating on a consistent basis rates for such patients.

(11) The department, in consultation with interested parties, shall adopt rules to establish the criteria the department will use in reviewing any requests by a contractor for a prospective rate adjustment to be used to increase the number of nursing staff. These rules shall also specify the time period for submission and review of staffing requests: PROVIDED, That a decision on a staffing request shall not take longer than sixty days from the date the department receives such a complete request. In establishing the criteria, the department may consider, but is not limited to, the following:

- (a) Increases in acuity levels of contractors' residents;
- (b) Staffing patterns for similar facilities;
- (c) Physical plant of contractor; and
- (d) Survey, inspection of care, and department consultation results. [1991 sp.s. c 8 § 16; 1990 c 207 § 1; 1987 c 476 § 5; 1983 1st ex.s. c 67 § 24.]

Effective date—1991 sp.s. c 8: See note following RCW 18.51.050.

74.46.490 Food cost center reimbursement rate. (1) The food cost center shall include all costs for bulk and raw food and beverages purchased for the dietary needs of medical care recipients.

(2) Reimbursement for the food cost center shall be at the January 1, 1983, reimbursement rate, adjusted annually for inflation. [1983 1st ex.s. c 67 § 25; 1981 1st ex.s. c 2 § 6; 1980 c 177 § 49.]

Severability—Effective dates—1981 1st ex.s. c 2: See notes following RCW 18.51.010.

74.46.495 Inflation adjustments. (1) References in RCW 74.46.490 and 74.46.481 to adjustments for inflation mean percentages determined by the legislature in the biennial budget act.

(2) Inflation adjustments shall be applied as follows:

(a) Where a prior period rate forms the basis for the next period rate, the adjustment in subsection (1) of this section shall be applied to that prior period rate.

(b) In the nursing services cost center rates beginning July 1, 1984, and the administration and operations cost

center rate, the adjustments in subsection (1) of this section shall be applied to prior period annual costs in establishing July rates. Where a July rate is based upon a cost report covering less than twelve months, the department shall reduce the inflation adjustment factor in subsection (1) of this section proportionately. [1983 1st ex.s. c 67 § 26.]

74.46.500 Administration and operations cost center reimbursement rate—AIDS pilot facility. (1) The administration and operations cost center shall include all items not included in the cost centers of nursing services, food, and property.

(2) Subject to subsection (4) of this section, the administration and operations cost center reimbursement rate for each facility shall be based on the computation in this subsection and shall not exceed the eighty-fifth percentile of (a) the rates of all reporting facilities derived from the computation below, or (b) reporting facilities grouped in accordance with subsection (3) of this section:

AR = TAC/TPD, where

AR = the administration and operations cost center reimbursement rate for a facility;

TAC = the total costs of the administration and operations cost center plus the retained savings from such cost center as provided in RCW 74.46.180 of a facility; and

TPD = the total patient days for a facility for the prior year.

(3) The secretary may group facilities based on factors which could reasonably influence cost requirements of this cost center, other than ownership or legal organization characteristics.

(4) In applying the eighty-fifth percentile reimbursement limit authorized by subsection (2) of this section to the pilot facility specially designed to meet the needs of persons living with AIDS as defined by RCW 70.24.017, and specifically authorized for this purpose under the 1989 amendment to the Washington state health plan, the department shall exempt the cost of nursing supplies reported by the pilot facility in excess of the average of nursing supplies cost for medicaid nursing facilities state-wide. [1992 c 182 § 1; 1980 c 177 § 50.]

74.46.510 Property cost center. The property cost center rate for each facility shall be determined by dividing the sum of the reported allowable prior period actual depreciation costs, subject to RCW 74.46.310 through 74.46.380, adjusted for any capitalized additions or replacements approved by the department, and the retained savings from such cost center, as provided in RCW 74.46.180, by the total patient days for the facility in the prior period. If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total patient days used in computing the property cost center rate shall be adjusted to anticipated patient day level.

When a certificate of need for a new facility is requested, the department, in reaching its decision, shall take into consideration per-bed land and building construction

costs for the facility which shall not exceed a maximum to be established by the secretary. [1980 c 177 § 51.]

Effective dates—1980 c 177: See RCW 74.46.901.

74.46.530 Return on investment allowance—Review.

(1) The department shall establish for individual facilities return on investment allowances composed of two parts: A financing allowance and a variable return allowance.

(a) The financing allowance shall be determined by multiplying the net invested funds of each facility by .10, and dividing by the contractor's total patient days. If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total patient days used in computing the financing and variable return allowances shall be adjusted to the anticipated patient day level.

(b) In computing the portion of net invested funds representing the net book value of tangible fixed assets, the same assets, depreciation bases, lives, and methods referred to in RCW 74.46.330, 74.46.350, 74.46.360, 74.46.370, and 74.46.380, including owned and leased assets, shall be utilized, except that the capitalized cost of land upon which the facility is located and such other contiguous land which is reasonable and necessary for use in the regular course of providing patient care shall also be included. Subject to provisions and limitations contained in this chapter, for land purchased by owners or lessors before July 18, 1984, capitalized cost of land shall be the buyer's capitalized cost. For all partial or whole rate periods after July 17, 1984, if the land is purchased after July 17, 1984, capitalized cost shall be that of the owner of record on July 17, 1984, or buyer's capitalized cost, whichever is lower. In the case of leased facilities where the net invested funds are unknown or the contractor is unable to provide necessary information to determine net invested funds, the secretary shall have the authority to determine an amount for net invested funds based on an appraisal conducted according to RCW 74.46.360(1).

(c) In determining the variable return allowance:

(i) The department will first rank all facilities in numerical order from highest to lowest according to their average per diem allowable costs for the sum of the administration and operations and property cost centers for the previous cost report period.

(ii) The department shall then compute the variable return allowance by multiplying the appropriate percentage amounts, which shall not be less than one percent and not greater than four percent, by the total prospective rate for each facility, as determined in RCW 74.46.450 through 74.46.510. The percentage amounts will be based on groupings of facilities according to the rankings as established in (i) of this subsection (1)(c). Those groups of facilities with lower per diem costs shall receive higher percentage amounts than those with higher per diem costs.

(d) The sum of the financing allowance and the variable return allowance shall be the return on investment for each facility, and shall be added to the prospective rates of each contractor as determined in RCW 74.46.450 through 74.46.510.

(e) In the case of a facility which was leased by the contractor as of January 1, 1980, in an arm's-length agree-

ment, which continues to be leased under the same lease agreement, and for which the annualized lease payment, plus any interest and depreciation expenses associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total patient days, minus the property cost center determined according to RCW 74.46.510, is more than the return on investment allowance determined according to subsection (1)(d) of this section, the following shall apply:

(i) The financing allowance shall be recomputed substituting the fair market value of the assets as of January 1, 1982, as determined by the department of general administration through an appraisal procedure, less accumulated depreciation on the lessor's assets since January 1, 1982, for the net book value of the assets in determining net invested funds for the facility. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such determination is shown to be arbitrary and capricious.

(ii) The sum of the financing allowance computed under subsection (1)(e)(i) of this section and the variable allowance shall be compared to the annualized lease payment, plus any interest and depreciation expenses associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total patient days, minus the property cost center rate determined according to RCW 74.46.510. The lesser of the two amounts shall be called the alternate return on investment allowance.

(iii) The return on investment allowance determined according to subsection (1)(d) of this section or the alternate return on investment allowance, whichever is greater, shall be the return on investment allowance for the facility and shall be added to the prospective rates of the contractor as determined in RCW 74.46.450 through 74.46.510.

(f) In the case of a facility which was leased by the contractor as of January 1, 1980, in an arm's-length agreement, if the lease is renewed or extended pursuant to a provision of the lease, the treatment provided in subsection (1)(e) of this section shall be applied except that in the case of renewals or extensions made subsequent to April 1, 1985, reimbursement for the annualized lease payment shall be no greater than the reimbursement for the annualized lease payment for the last year prior to the renewal or extension of the lease.

(2) In the event that the department of health and human services disallows the application of the return on investment allowances to nonprofit facilities, the department shall modify the measurements of net invested funds used for computing individual facility return on investment allowances as follows: Net invested funds for each nonprofit facility shall be multiplied by one minus the ratio of equity funds to the net invested funds of all nonprofit facilities.

(3) Each biennium, beginning in 1985, the secretary shall review the adequacy of return on investment allowances in relation to anticipated requirements for maintaining, reducing, or expanding nursing care capacity. The secretary shall report the results of such review to the legislature and make recommendations for adjustments in the return on investment rates utilized in this section, if appropriate. [1991 sp.s. c 8 § 17; 1985 c 361 § 17; 1983 1st ex.s. c 67 § 28; 1981 1st ex.s. c 2 § 7; 1980 c 177 § 53.]

Effective date—1991 sp.s. c 8: See note following RCW 18.51.050.

Savings—1985 c 361: See note following RCW 74.46.020.

Effective dates—1983 1st ex.s. c 67; 1980 c 177: See RCW 74.46.901.

Severability—Effective dates—1981 1st ex.s. c 2: See notes following RCW 18.51.010.

74.46.540 Effect of legislative revision. If the legislature changes the methodology of property reimbursement established in *this 1980 act, no affected contractor shall be entitled thereafter to receive such benefits as a matter of contractual right. [1980 c 177 § 54.]

***Reviser's note:** For codification of sections of "this 1980 act" [1980 c 177], see Codification Tables, Volume 0.

74.46.550 Reimbursement rates not to exceed customary charges. The reimbursement rates shall not exceed the contractor's customary charges to the general public for comparable services. [1983 1st ex.s. c 67 § 29; 1980 c 177 § 55.]

74.46.560 Notification of rates. The department will notify each contractor in writing of its prospective reimbursement rates by the effective date of the rates. Unless otherwise specified at the time it is issued, the rate will be effective from the first day of the month in which it is issued until a new rate becomes effective. If a rate is changed as the result of an appeal in accordance with RCW 74.46.780, it will be effective as of the date the appealed rate became effective. [1983 1st ex.s. c 67 § 30; 1980 c 177 § 56.]

74.46.570 Adjustments required due to errors or omissions. (1) Prospective rates are subject to adjustment by the department as a result of errors or omissions by the department or by the contractor. The department will notify the contractor in writing of each adjustment and of the effective date of the adjustment, and of any amount due to the department or to the contractor as a result of the rate adjustment.

(2) If a contractor claims an error or omission based upon incorrect cost reporting, amended cost report pages shall be prepared and submitted by the contractor. Amended pages shall be accompanied by a certification signed by the licensed administrator of the nursing facility and a written justification explaining why the amendment is necessary. The certification and justification shall meet such criteria as are adopted by the department. Such amendments may be used to revise a prospective rate but shall not be used to revise a settlement if submitted after commencement of the field audit. All changes determined to be material by the department shall be subject to field audit. If changes are found to be incorrect or otherwise unacceptable, any rate adjustment based thereon shall be null and void and resulting payments or payment increases shall be subject to refund.

(3) The contractor shall pay an amount owed the department resulting from an error or omission, or commence repayment in accordance with a schedule determined by the department, within sixty days after receipt of notification of the rate adjustment, unless the contractor contests the department's determination in accordance with the procedures set forth in RCW 74.46.780. If the determination is contested, the contractor shall pay or commence repayment

within sixty days after completion of these proceedings. If a refund is not paid when due, the amount thereof may be deducted from current payments by the department.

(4) The department shall pay any amount owed the contractor as a result of a rate adjustment within thirty days after the contractor is notified of the rate adjustment.

(5) No adjustments will be made to a rate more than one hundred twenty days after the final audit narrative and summary for the period the rate was effective is sent to the contractor or, if no audit is held, more than one hundred twenty days after the preliminary settlement becomes the final settlement, except when a settlement is reopened as provided in RCW 74.46.170(3). [1983 1st ex.s. c 67 § 31; 1980 c 177 § 57.]

74.46.580 Public review of rate setting. The department shall provide all interested members of the public with an opportunity to review and comment on the proposed rate-setting factors, indices, measures, and guidelines, consistent with federal requirements. [1983 1st ex.s. c 67 § 32; 1980 c 177 § 58.]

74.46.590 Public disclosure of rate-setting methodology. In accordance with the provisions of RCW 74.46.820, the department will make available to the public full information regarding its factors, indices, measures, and guidelines. [1980 c 177 § 59.]

PART F BILLING/PAYMENT

74.46.600 Billing period. A contractor shall bill the department for care provided to medical care recipients from the first through the last day of each calendar month. [1980 c 177 § 60.]

74.46.610 Billing procedure. (1) A contractor shall bill the department each month by completing and returning a facility billing statement as provided by the department which shall include, but not be limited to:

- (a) Billing by cost center;
- (b) Total patient days; and
- (c) Patient days for medical care recipients.

The statement shall be completed and filed in accordance with rules and regulations established by the secretary.

(2) A facility shall not bill the department for service provided to a recipient until an award letter of eligibility of such recipient under rules established under chapter 74.09 RCW has been received by the facility. However a facility may bill and shall be reimbursed for all medical care recipients referred to the facility by the department prior to the receipt of the award letter of eligibility or the denial of such eligibility.

(3) Billing shall cover the patient days of care. [1983 1st ex.s. c 67 § 33; 1980 c 177 § 61.]

74.46.620 Payment. (1) The department will reimburse a contractor for service rendered under the facility contract and billed in accordance with RCW 74.46.610.

(2) The amount paid will be computed using the appropriate rates assigned to the contractor.

(3) For each recipient, the department will pay an amount equal to the appropriate rates, multiplied by the number of patient days each rate was in effect, less the amount the recipient is required to pay for his or her care as set forth by RCW 74.46.630. [1980 c 177 § 62.]

74.46.630 Charges to patients. (1) The department will notify a contractor of the amount each medical care recipient is required to pay for care provided under the contract and the effective date of such required contribution. It is the contractor's responsibility to collect that portion of the cost of care from the patient, and to account for any authorized reduction from his or her contribution in accordance with rules and regulations established by the secretary.

(2) If a contractor receives documentation showing a change in the income or resources of a recipient which will mean a change in his or her contribution toward the cost of care, this shall be reported in writing to the department within seventy-two hours and in a manner specified by rules and regulations established by the secretary. If necessary, appropriate corrections will be made in the next facility statement, and a copy of documentation supporting the change will be attached. If increased funds for a recipient are received by a contractor, an amount determined by the department shall be allowed for clothing and personal and incidental expense, and the balance applied to the cost of care.

(3) The contractor shall accept the reimbursement rates established by the department as full compensation for all services provided under the contract, certification as specified by Title XIX, and licensure under chapter 18.51 RCW. The contractor shall not seek or accept additional compensation from or on behalf of a recipient for any or all such services. [1980 c 177 § 63.]

74.46.640 Suspension of payments. (1) Payments to a contractor may be withheld by the department in each of the following circumstances:

(a) A required report is not properly completed and filed by the contractor within the appropriate time period, including any approved extension. Payments will be released as soon as a properly completed report is received;

(b) State auditors, department auditors, or authorized personnel in the course of their duties are refused access to a nursing home or are not provided with existing appropriate records. Payments will be released as soon as such access or records are provided;

(c) A refund in connection with a settlement or rate adjustment is not paid by the contractor when due. The amount withheld will be limited to the unpaid amount of the refund; and

(d) Payment for the final thirty days of service under a contract will be held pending final settlement when the contract is terminated.

(2) No payment will be withheld until written notification of the suspension is provided to the contractor, stating the reason therefor. [1983 1st ex.s. c 67 § 34; 1980 c 177 § 64.]

74.46.650 Termination of payments. All payments to a contractor will end no later than sixty days after any of the following occurs:

- (1) A contract expires, is terminated or is not renewed;
- (2) A facility license is revoked; or
- (3) A facility is decertified as a Title XIX facility; except that, in situations where the secretary determines that residents must remain in such facility for a longer period because of the resident's health or safety, payments for such residents shall continue. [1980 c 177 § 65.]

PART G
ADMINISTRATION

74.46.660 Conditions of participation. In order to participate in the prospective cost-related reimbursement system established by this chapter, the person or legal organization responsible for operation of a facility shall:

(1) Obtain a state certificate of need and/or federal capital expenditure review (section 1122) approval pursuant to chapter 70.38 RCW and Part 100, Title 42 CFR where required;

- (2) Hold the appropriate current license;
- (3) Hold current Title XIX certification;
- (4) Hold a current contract to provide services under this chapter;

(5) Comply with all provisions of the contract and all application regulations, including but not limited to the provisions of this chapter; and

(6) Obtain and maintain medicare certification, under Title XVIII of the social security act, 42 U.S.C. Sec. 1395, as amended, for a portion of the facility's licensed beds. Until June 1, 1993, the department may grant exemptions from the medicare certification requirements of this subsection to nursing facilities that are making good faith efforts to obtain medicare certification. [1992 c 215 § 1; 1991 sp.s. c 8 § 13; 1980 c 177 § 66.]

Effective date—1991 sp.s. c 8: See note following RCW 18.51.050.

74.46.670 Projected budget for new contractors. (1) Each new contractor shall submit a projected budget to the department at least sixty days before its contract will become effective.

(2) The projected budget shall cover the contractor's first twelve months of operation from the date the contractor will enter the program. It shall be prepared on forms and in accordance with rules and regulations established by the secretary. [1983 1st ex.s. c 67 § 35; 1980 c 177 § 67.]

74.46.680 Change of ownership. (1) On the effective date of a change of ownership the department's contract with the old owner shall be terminated. The old owner shall give the department sixty days' written notice of such termination. When certificate of need and/or section 1122 approval is required pursuant to chapter 70.38 RCW and Part 100, Title 42 CFR, for the new owner to acquire the facility, and the new owner wishes to continue to provide service to recipients without interruption, certificate of need and/or section 1122 approval shall be obtained before the old owner submits a notice of termination.

(2) If the new owner desires to participate in the cost-related reimbursement system, it shall meet the conditions specified in RCW 74.46.660 and shall submit a projected budget in accordance with RCW 74.46.670 no later than sixty days before the date of the change of ownership. The facility contract with the new owner shall be effective as of the date of the change of ownership. [1985 c 361 § 2; 1980 c 177 § 68.]

Savings—1985 c 361: See note following RCW 74.46.020.

74.46.690 Termination of contract—Settlement. (1) When a facility contract is terminated for any reason, the old contractor shall submit final reports as required by RCW 74.46.040.

(2) Upon notification of a contract termination, the department shall determine by preliminary or final settlement calculations the amount of any overpayments made to the contractor, including overpayments disputed by the contractor. If preliminary or final settlements are unavailable for any period up to the date of contract termination, the department shall make a reasonable estimate of any overpayment or underpayments for such periods. The reasonable estimate shall be based upon prior period settlements, available audit findings, the projected impact of prospective rates, and other information available to the department.

(3) The old contractor shall provide security, in a form deemed adequate by the department, in the amount of determined and estimated overpayments, whether or not the overpayments are the subject of good faith dispute. Security shall consist of:

- (a) Withheld payments due the contractor; or
- (b) A surety bond issued by a bonding company acceptable to the department; or
- (c) An assignment of funds to the department; or
- (d) Collateral acceptable to the department; or
- (e) A purchaser's assumption of liability for the prior contractor's overpayment; or
- (f) Any combination of (a), (b), (c), (d), or (e) of this subsection.

(4) A surety bond or assignment of funds shall:

(a) Be at least equal in amount to determined or estimated overpayments, whether or not the subject of good faith dispute, minus withheld payments;

(b) Be issued or accepted by a bonding company or financial institution licensed to transact business in Washington state;

(c) Be for a term sufficient to ensure effectiveness after final settlement and the exhaustion of administrative and judicial remedies: PROVIDED, That the bond or assignment shall initially be for a term of five years, and shall be forfeited if not renewed thereafter in an amount equal to any remaining overpayment in dispute;

(d) Provide that the full amount of the bond or assignment, or both, shall be paid to the department if a properly completed final cost report is not filed in accordance with this chapter, or if financial records supporting this report are not preserved and made available to the auditor; and

(e) Provide that an amount equal to any recovery the department determines is due from the contractor at settlement, but not exceeding the amount of the bond and assignment, shall be paid to the department if the contractor

does not pay the refund within sixty days following receipt of written demand or the conclusion of administrative or judicial proceedings to contest settlement issues.

(5) The department shall release any payment withheld as security if alternate security is provided under subsection (3) of this section in an amount equivalent to determined and estimated overpayments.

(6) If the total of withheld payments, bonds, and assignments is less than the total of determined and estimated overpayments, the unsecured amount of such overpayments shall be a debt due the state and shall become a lien against the real and personal property of the contractor from the time of filing by the department with the county auditor of the county where the contractor resides or owns property, and the lien claim has preference over the claims of all unsecured creditors.

(7) The contractor shall file a properly completed final cost report in accordance with the requirements of this chapter, which shall be audited by the department. A final settlement shall be determined within ninety days following completion of the audit process, including any administrative review of the audit requested by the contractor.

(8) Following determination of settlement for all periods, security held pursuant to this section shall be released to the contractor after overpayments determined in connection with final settlement have been paid by the contractor. If the contractor contests the settlement determination in accordance with RCW 74.46.170, the department shall hold the security, not to exceed the amount of estimated unrecovered overpayments being contested, pending completion of the administrative appeal process.

(9) If, after calculation of settlements for any periods, it is determined that overpayments exist in excess of the value of security held by the state, the department may seek recovery of these additional overpayments as provided by law.

(10) If a contract is terminated solely in order for the same owner to contract with the department to deliver services to another classification of medical care recipients at the same facility, the contractor is not required to submit final cost reports, and security shall not be required. [1985 c 361 § 3; 1983 1st ex.s. c 67 § 36; 1980 c 177 § 69.]

Savings—1985 c 361: See note following RCW 74.46.020.

PART H PATIENT TRUST FUNDS

74.46.700 Resident personal funds—Records—

Rules. Each nursing home shall establish and maintain, as a service to the resident, a bookkeeping system incorporated into the business records for all resident moneys entrusted to the contractor and received by the facility for the resident.

The department shall adopt rules to ensure that resident personal funds handled by the facility are maintained by each nursing home in a manner that is, at a minimum, consistent with federal requirements. [1991 sp.s. c 8 § 19; 1980 c 177 § 70.]

Effective date—1991 sp.s. c 8: See note following RCW 18.51.050.

PART I MISCELLANEOUS

74.46.770 Contractor challenges—Laws, department decisions, etc. (1) If a contractor wishes to contest the way in which a rule or contract provision relating to the prospective cost-related reimbursement system was applied to the contractor by the department, it shall first pursue the administrative review process set forth in RCW 74.46.780.

(2) The administrative review and fair hearing process in RCW 74.46.780 need not be exhausted if a contractor wishes to challenge the legal validity of a statute, rule, or contract provision. [1983 1st ex.s. c 67 § 39; 1980 c 177 § 77.]

74.46.780 Administrative review process. (1) Within twenty-eight days after a contractor is notified of an action or determination it wishes to challenge, the contractor shall request in writing that the secretary review such determination. The request shall be signed by the contractor or the licensed administrator of the facility, shall identify the challenged determination and the date thereof, and shall state as specifically as practicable the grounds for its contention that the determination was erroneous. Copies of any documentation on which the contractor intends to rely to support its position shall be included with the request.

(2) After receiving a request meeting the above criteria, the secretary or his designee will contact the contractor to schedule a conference for the earliest mutually convenient time. The conference shall be scheduled for no later than ninety days after a properly completed request is received unless both parties agree in writing to a specified later date.

(3) The contractor and appropriate representatives of the department shall attend the conference. In addition, representatives selected by the contractor may attend and participate. The contractor shall provide to the department in advance of the conference any documentation on which it intends to rely to support its contentions. The parties shall clarify and attempt to resolve the issues at the conference. If additional documentation is needed to resolve the issues, a second session of the conference shall be scheduled for not later than twenty-eight days after the initial session unless both parties agree in writing to a specific later date.

(4) A written decision by the secretary will be furnished to the contractor within sixty days after the conclusion of the conference.

(5) If the contractor desires review of an adverse decision of the secretary, it shall within twenty-eight days following receipt of such decision file a written application for an adjudicative proceeding. The proceeding is governed by chapter 34.05 RCW, the Administrative Procedure Act. [1989 c 175 § 159; 1983 1st ex.s. c 67 § 40; 1980 c 177 § 78.]

Effective date—1989 c 175: See note following RCW 34.05.010.

74.46.790 Denial, suspension, or revocation of license or provisional license—Penalties. The department is authorized to deny, suspend, or revoke a license or provisional license or, in lieu thereof or in addition thereto, assess monetary penalties of a civil nature not to exceed one thousand dollars per violation in any case in which it finds

that the licensee, or any partner, officer, director, owner of five percent or more of the assets of the nursing home, or managing employee:

(1) Failed or refused to comply with the requirements of this chapter or the rules and regulations established hereunder; or

(2) Has knowingly or with reason to know made a false statement of a material fact in any record required by this chapter; or

(3) Refused to allow representatives or agents of the department to inspect all books, records, and files required by this chapter to be maintained or any portion of the premises of the nursing home; or

(4) Wilfully prevented, interfered with, or attempted to impede in any way the work of any duly authorized representative of the department and the lawful enforcement of any provision of this chapter; or

(5) Wilfully prevented or interfered with any representative of the department in the preservation of evidence of any violation of any of the provisions of this chapter or the rules and regulations promulgated hereunder. [1980 c 177 § 79.]

74.46.800 Rule-making authority—Review of standards. The department shall adopt, promulgate, amend, and rescind such administrative rules as are necessary to carry out the policies and purposes of this chapter. In addition, at least annually the department shall review changes to generally accepted accounting principles and generally accepted auditing standards as approved by the financial accounting standards board, and the American institute of certified public accountants, respectively. The department shall adopt by administrative rule those approved changes which it finds to be consistent with the policies and purposes of this chapter. [1980 c 177 § 80.]

74.46.820 Public disclosure. (1) Cost reports and their final audit reports shall be subject to public disclosure pursuant to the requirements of chapter 42.17 RCW. Notwithstanding any other provision of law, cost report schedules showing information on rental or lease of assets, the facility or corporate balance sheet, schedule of changes in financial position, statement of changes in equity-fund balances, notes to financial statements, and any accompanying schedules summarizing the adjustments to a contractor's financial records, reports on review of internal control and accounting procedures, and letters of comments or recommendations relating to suggested improvements in internal control or accounting procedures which are prepared pursuant to the requirements of this chapter shall be exempt from public disclosure.

This subsection does not prevent a contractor from having access to its own records or from authorizing an agent or designee to have access to the contractor's records.

(2) Regardless of whether any document or report submitted to the secretary pursuant to this chapter is subject to public disclosure, copies of such documents or reports shall be provided by the secretary, upon written request, to the legislature and to state agencies or state or local law enforcement officials who have an official interest in the

contents thereof. [1985 c 361 § 14; 1983 1st ex.s. c 67 § 41; 1980 c 177 § 82.]

Savings—1985 c 361: See note following RCW 74.46.020.

74.46.840 Conflict with federal requirements. If any part of this chapter and RCW 18.51.145 and 74.09.120 is found by an agency of the federal government to be in conflict with federal requirements which are a prescribed condition to the receipts of federal funds to the state, the conflicting part of this chapter and RCW 18.51.145 and 74.09.120 is hereby declared inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and such finding or determination shall not affect the operation of the remainder of this chapter and RCW 18.51.145 and 74.09.120 in its application to the agencies concerned. In the event that any portion of this chapter and RCW 18.51.145 and 74.09.120 is found to be in conflict with federal requirements which are a prescribed condition to the receipt of federal funds, the secretary, to the extent that the secretary finds it to be consistent with the general policies and intent of chapters 18.51, 74.09, and 74.46 RCW, may adopt such rules as to resolve a specific conflict and which do meet minimum federal requirements. In addition, the secretary shall submit to the next regular session of the legislature a summary of the specific rule changes made and recommendations for statutory resolution of the conflict. [1983 1st ex.s. c 67 § 42; 1980 c 177 § 92.]

Alcoholism, intoxication, and drug addiction treatment: Chapters 70.96 and 70.96A RCW.

Applicability of chapter 74.08 RCW: RCW 74.08.900.

74.50.010 Legislative findings. The legislature finds:

- (1) There is a need for reevaluation of state policies and programs regarding indigent alcoholics and drug addicts;
- (2) The practice of providing a cash grant may be causing rapid caseload growth and attracting transients to the state;
- (3) Many chronic public inebriates have been recycled through county detoxification centers repeatedly without apparent improvement;
- (4) The assumption that all individuals will recover through treatment has not been substantiated;
- (5) The state must modify its policies and programs for alcoholics and drug addicts and redirect its resources in the interests of these individuals, the community, and the taxpayers; and
- (6) Treatment resources should be focused on persons willing to commit to rehabilitation; and
- (7) It is the intent of the legislature that, to the extent possible, shelter services be developed under this chapter that do not result in the displacement of existing emergency shelter beds. To the extent that shelter operators do not object, it is the intent of the legislature that any vacant shelter beds contracted for under this chapter be made available to provide emergency temporary shelter to homeless individuals. [1988 c 163 § 1; 1987 c 406 § 2.]

74.50.011 Additional legislative findings. The legislature recognizes that alcoholism and drug addiction are treatable diseases and that most persons with this illness can recover. For this reason, this chapter provides a range of

substance abuse treatment services. In addition, the legislature recognizes that when these diseases have progressed to the stage where a person's alcoholism or drug addiction has resulted in physiological or organic damage or cognitive impairment, shelter services may be appropriate. The legislature further recognizes that distinguishing alcoholics and drug addicts from persons incapacitated due to physical disability or mental illness is necessary in order to provide an incentive for alcoholics and drug addicts to seek appropriate treatment and in order to avoid use of programs that are not oriented toward their conditions. [1989 1st ex.s. c 18 § 1.]

Study and report—1989 1st ex.s. c 18: "The department of social and health services shall:

- (1) Collect and maintain relevant demographic data regarding persons receiving or awaiting treatment services under this chapter;
- (2) Collect and maintain utilization data on inpatient treatment, outpatient treatment, shelter services, and medical services;
- (3) Monitor contracted service providers to ensure conformance with the omnibus appropriations act and the treatment priorities established in this chapter;
- (4) Report the results of the data collection and monitoring provided for in this section to appropriate committees of the legislature on or before December 1, 1989, and December 1, 1990." [1989 1st ex.s. c 18 § 7.]

Severability—1989 1st ex.s. c 18: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 1st ex.s. c 18 § 9.]

Effective date—1989 1st ex.s. c 18: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1989." [1989 1st ex.s. c 18 § 10.]

74.50.035 Shelter services—Eligibility. A person is eligible for shelter services under this chapter only if he or she:

- (1) Meets the financial eligibility requirements contained in RCW 74.04.005;
- (2) Is incapacitated from gainful employment due to a condition contained in subsection (3) of this section, which incapacity will likely continue for a minimum of sixty days; and
- (3)(a) Suffers from active addiction to alcohol or drugs manifested by physiological or organic damage resulting in functional limitation, based on documented evidence from a physician, psychologist, or alcohol or drug treatment professional who is determined by the department to be qualified to make this finding; or
- (b) Suffers from active addiction to alcohol or drugs to the extent that impairment of the applicant's cognitive ability will not dissipate with sobriety or detoxification, based on documented evidence from a physician, psychologist, or alcohol or drug treatment professional who is determined by the department to be qualified to make this finding. [1989 1st ex.s. c 18 § 2.]

Study and report—Severability—Effective date—1989 1st ex.s. c 18: See notes following RCW 74.50.011.

74.50.040 Client assessment, treatment, and support services. (1) The department shall provide client assessment, treatment, and support services. The assessment services shall include diagnostic evaluation and arranging for admission into treatment or supported living programs.

(2) The department shall assist clients in making application for supplemental security benefits and in obtaining the necessary documentation required by the federal social security administration for such benefits. [1987 c 406 § 5.]

74.50.050 Treatment services. (1) The department shall establish a treatment program to provide, within available funds, alcohol and drug treatment services for indigent persons eligible under this chapter. The treatment services may include but are not limited to:

(a) Intensive inpatient treatment services;
 (b) Recovery house treatment;
 (c) Outpatient treatment and counseling, including assistance in obtaining employment, and including a living allowance while undergoing outpatient treatment. The living allowance may not be used to provide shelter to clients in a dormitory setting that does not require sobriety as a condition of residence. The living allowance shall be administered on the clients' behalf by the outpatient treatment facility or other social service agency designated by the department. The department is authorized to pay the facility a fee for administering this allowance.

(2) No individual may receive treatment services under this section for more than six months in any two-year period: PROVIDED, That the department may approve additional treatment and/or living allowance as an exception.

(3) The department may require an applicant or recipient selecting treatment to complete inpatient and recovery house treatment when, in the judgment of a designated assessment center, such treatment is necessary prior to providing the outpatient program. [1989 1st ex.s. c 18 § 5; 1988 c 163 § 3; 1987 c 406 § 6.]

Study and report—Severability—Effective date—1989 1st ex.s. c 18: See notes following RCW 74.50.011.

74.50.055 Treatment services—Eligibility. (1) A person shall not be eligible for treatment services under this chapter unless he or she:

(a) Meets the financial eligibility requirements contained in RCW 74.04.005; and

(b) Is incapacitated from gainful employment, which incapacity will likely continue for a minimum of sixty days.

(2) First priority for receipt of treatment services shall be given to pregnant women and parents of young children.

(3) In order to rationally allocate treatment services, the department may establish by rule caseload ceilings and additional eligibility criteria, including the setting of priorities among classes of persons for the receipt of treatment services. Any such rules shall be consistent with any conditions or limitations contained in any appropriations for treatment services. [1989 1st ex.s. c 18 § 4.]

Study and report—Severability—Effective date—1989 1st ex.s. c 18: See notes following RCW 74.50.011.

74.50.060 Shelter assistance program. (1) The department shall establish a shelter assistance program to provide, within available funds, shelter for persons eligible under this chapter. "Shelter," "shelter support," or "shelter assistance" means a facility under contract to the department providing room and board in a supervised living arrange-

ment, normally in a group or dormitory setting, to eligible recipients under this chapter. This may include supervised domiciliary facilities operated under the auspices of public or private agencies. No facility under contract to the department shall allow the consumption of alcoholic beverages on the premises. The department may contract with counties and cities for such shelter services. To the extent possible, the department shall not displace existing emergency shelter beds for use as shelter under this chapter. In areas of the state in which it is not feasible to develop shelters, due to low numbers of people needing shelter services, or in which sufficient numbers of shelter beds are not available, the department may provide shelter through an intensive protective payee program, unless the department grants an exception on an individual basis for less intense supervision.

(2) Persons continuously eligible for the general assistance—unemployable program since July 25, 1987, who transfer to the program established by this chapter, have the option to continue their present living situation, but only through a protective payee. [1989 1st ex.s. c 18 § 3; 1988 c 163 § 4; 1987 c 406 § 7.]

Study and report—Severability—Effective date—1989 1st ex.s. c 18: See notes following RCW 74.50.011.
