SENATE RESOLUTION 8689

By Senators Mullet and Wellman

WHEREAS, The students of the Tahoma High School enrolled in the We the People: The Citizen and Constitution program have exhibited significant knowledge of the Constitution of the United States and the lessons taught by our forefathers; and

WHEREAS, On Saturday, January 11, 2020, the Tahoma High School team won the state We the People competition, the

school's eleventh consecutive state championship and its twenty-fourth state championship in the last twenty-six years; and

WHEREAS, These students will represent their state this spring at the thirty-third annual We the People finals in Washington, D.C., where they will aspire to uphold the standards of excellence for which Tahoma High School is known; and

WHEREAS, The Tahoma team is coached by Gretchen Wulffing, who was named Washington's Civic Educator of the Year in 2011 and was honored as one of Washington's Civic Educators of 2016, and who, having coached Tahoma's team for twelve years, has significantly deepened her students' knowledge of the U.S. Constitution and Bill of Rights, helping them build important twenty-first century workplace skills, such as time management, reaching consensus, public speaking, conflict management, and working cooperatively as a team; and

WHEREAS, Studies have shown that students who participate in the We the People program excel in their knowledge of civics and the history of the United States constitutional democratic republic, including scoring higher than their peers on tests of civic dispositions, with respect for civic duty, commitment to government service, community involvement, political attentiveness, respect for the rule of law, and the norms of political efficacy and political tolerance; and

WHEREAS, In 2019, the Tahoma team took ninth place at the We the People National Finals in Washington, D.C., marking the sixth time in the last eight years that the school has advanced to the top ten at the finals;

NOW, THEREFORE, BE IT RESOLVED, That the Senate honor Riley Barlett, Dane Bowman-Weston, Katerina Bruhl, Matthew Bruneel, Neena Chana, Claire Cunningham, Grace Denison, Shelby Ellis, Djanaya Esiong, Issabella Huser, Sarah Kropelnicki, Preston Lievano, Jaden Mason, Aidan Mercado, Emma Nickel, Gage Nickel, Calvin O'Connell, Luke Oriolt, Daniela Perezchica-Trancoso, Claire Riordan, Elizabeth St. John, Jasmine Tran, and Janey Yee as "Warriors of the Constitution"; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted by the Secretary of the Senate to the members of Tahoma High School's We the People team, team advisor Gretchen Wulffing, and Tahoma High School Principal Terry Duty to convey the respect of this body for a phenomenal job and continued success in their future endeavors.

order of business.

WHEREAS, Even before statehood, farmers played an important role in the Oregon Territory providing the food and fiber early residents relied upon; and

WHEREAS, Today the state's 37,500 farms together make up the second largest business sector, with more than ninety percent of these farms being family-owned; and

WHEREAS, Washington agriculture represents thirteen percent of the Washington economy, amounting to fifty-one billion dollars in revenue and 164,400 jobs; and

WHEREAS, The Washington Farm Bureau was formed in 1920, one year after the creation of the American Farm Bureau Federation, to ensure that rural citizens enjoyed the same benefits as those living in the cities, including rural electrification and telephone access; and

WHEREAS, The first county Farm Bureaus in Washington were established in Columbia, Kittitas, Skagit, Spokane, Yakima, and Walla Walla counties; and

WHEREAS, Today the Washington Farm Bureau has over 46,000 member families and consists of twenty-five county Farm Bureau organizations representing the interests of farmers at the local, state, and national level; and

WHEREAS, The Washington Farm Bureau is the largest all-encompassing agricultural organization in the state, and is commonly referred to as the "Voice of Washington Agriculture"; and

WHEREAS, 2020 is the Centennial Year for the Washington Farm Bureau;

NOW, THEREFORE, BE IT RESOLVED, That the Senate recognize the Washington Farm Bureau's centennial year and the work it does on behalf of the state's farmers and ranchers; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted by the Secretary of the Senate to John Stuhlmiller, Washington Farm Bureau Chief Executive Officer, and Mike LaPlant, President of Washington Farm Bureau.

PART 1

GENERAL GOVERNMENT

Sec. 1001. 2019 c 413 s 1009 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

Building Communities Fund Program (30000803)

The reappropriation in this section is subject to the following conditions and limitations:

(1) \$1,455,000 of the amount reappropriated in this section is provided solely for the Byrd Barr place, formerly known as Centerstone, building renovation project.

(2) \$220,000 of the amount reappropriated in this section is provided solely for El Centro de la Raza boiler fan and master plan for rehabilitation. This amount is not subject to the match requirements, pursuant to RCW 43.63A.125.

Reappropriation:

State Building Construction Account—State	\$1,675,000
Prior Biennia (Expenditures).....	(\$19,184,000)
.....	<u>\$17,990,000</u>

TOTAL.....	<u>\$20,859,000</u>
.....	<u>\$19,665,000</u>

Sec. 1002. 2019 c 413 s 1029 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

2019-21 Housing Trust Fund Program (40000036)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$129,050,000 of the state taxable building construction account—state appropriation and ~~(\$45,950,000)~~ \$42,950,000 of the state building construction account—state appropriation are provided solely for production and preservation of affordable housing. Of the amounts in this subsection:

(a) \$35,000,000 of the appropriation is provided solely for housing projects that provide supportive housing and case-management services to persons with ~~(behavioral or)~~ chronic

mental illness. When evaluating applications for this population, the department must prioritize low-income supportive housing unit proposals that show:

(i) Evidence that the application was developed in collaboration with one or more health care entities that provide behavioral health care services to individuals eligible for the housing provided under this subsection;

(ii) A commitment by the applicant to provide, directly or through a formal partnership, necessary treatment and supportive services to the tenants and maintain the beds or housing units for at least a forty-year period;

(iii) Readiness to begin structural modifications or construction resulting in a fast project completion;

(iv) Program requirements that adhere to the key elements of permanent supportive housing programs including choice in housing and living arrangements, functional separation of housing and services, community integration, rights of tenancy, and voluntary recovery-focused services; and

(v) To achieve geographic distribution, the department must prioritize projects in rural areas as defined by the department per RCW 43.185.050 and unserved communities with the goal of maximizing the investment and increasing the number of supportive housing units in rural, unserved communities.

(b) \$10,000,000 of the appropriation in this section is provided solely for competitive grant awards for modular housing which includes high quality affordable housing projects that will quickly move people from homelessness into secure housing and are significantly less expensive to construct than traditional housing. These funds must be awarded to projects with a total project development cost per housing unit of less than \$125,000, excluding the value of land, off-site infrastructure costs, and any capitalized reserves, compliant with the Americans with disabilities act, and with a commitment by the applicant to maintain the housing units for at least a fifty year period.

(c) \$10,000,000 of the appropriation in this section is provided solely for a state match or state matches on private contributions that fund the production and preservation of affordable housing. Awards must be made using a competitive process. If any funding remains unallocated after the first fiscal year during the 2019-2021 fiscal biennium, the department may allocate the remaining funding through its annual competitive process for affordable housing projects that serve and benefit low-income and special needs populations in need of housing.

(d)(i) \$10,000,000 of the appropriation in this section is provided solely for housing preservation grants or loans to be awarded competitively.

(ii) The funds may be provided for major building improvements, preservation, and system replacements, necessary for the existing housing trust fund portfolio to maintain long-term viability. The department must require a capital needs assessment to be provided prior to contract execution. Funds may not be used to add or expand the capacity of the property.

(iii) To allocate preservation funds, the department must review applications and evaluate projects based on the following criteria:

(A) The age of the property, with priority given to buildings that are more than fifteen years old;

(B) The population served, with priority given to projects with at least 50 percent of the housing units being occupied by families and individuals at or below 50 percent area median income;

(C) The degree to which the applicant demonstrates that the improvements will result in a reduction of operating or utilities costs, or both;

(D) The potential for additional years added to the affordability period of the property; and

(E) Other criteria that the department considers necessary to

achieve the purpose of this program.

(e)(i) \$7,000,000 of the appropriation in this section is provided solely for loans or grants to design and construct ultra-high energy efficient affordable housing projects.

(ii) To receive funding, a project must provide a life-cycle cost analysis report to the department and must demonstrate energy-saving and renewable energy systems either designed to reach net-zero energy use after housing is fully occupied or designed to achieve the most recent building standard of the passive house institute US as of the effective date of this section.

(iii) The department must consider, at a minimum and in any order, the following factors in assigning a numerical ranking to a project:

(A) Whether the proposed design has demonstrated that the project will achieve either net-zero energy use when fully occupied or will achieve the most recent building standard of the passive house institute US as of the effective date of this section;

(B) The life-cycle cost of the project;

(C) That the project demonstrates a design, use of materials, and construction process that can be replicated by the Washington building industry;

(D) The extent to which the project leverages nonstate funds;

(E) The extent to which the project is ready to proceed to construction;

(F) Whether the project promotes sustainable use of resources and environmental quality;

(G) Whether the project is being well managed to fund maintenance and capital depreciation;

(H) Reduction of housing and utilities carbon footprint; and

(I) Other criteria that the department considers necessary to achieve the purpose of this program.

(iv) The department must monitor and track the results of the housing projects that receive ultra-high energy efficiency funding under this section.

(f) (~~(\$45,950,000)~~) \$42,950,000 of the appropriation in this section is provided solely for the following list of housing projects:

Bellwether Housing (Seattle)	\$6,000,000
Capitol Hill Housing Broadway (Seattle).....	\$6,000,000
Crosswalk Teen Shelter and Transitional Housing Project (Spokane)	\$1,000,000

Tenny Creek Assisted Living (Vancouver)	\$1,750,000
THA Arlington Drive (Tacoma).....	\$800,000

(g) \$6,000,000 of the appropriation for Capitol Hill Housing Broadway (Seattle) in (f) of this subsection is provided solely for the purchase of the three south annex properties. The state board for community and technical colleges must transfer the three south annex properties located at 1530 Broadway, 1534 Broadway, and 909 East Pine street in Seattle to Capitol Hill Housing to provide services and housing for homeless youth or young adults for a minimum of fifty years. The transfer agreement

FORTY FIFTH DAY, FEBRUARY 26, 2020

2020 REGULAR SESSION

between the state board for community and technical colleges and Capitol Hill Housing must specify a mutually agreed transfer date and require Capitol Hill Housing to cover any closing costs with a total purchase price of nine million dollars for all three properties. The contract between the department and Capitol Hill Housing must provide that Capitol Hill Housing will be responsible for maintaining and securing the property until it is developed. The contract must also specify that, if Capitol Hill Housing does not construct at least seventy affordable housing units on the site by 2028, this funding must be fully repaid to the state or the land must revert back to the state.

(h) \$57,050,000 of the appropriation in this section is provided solely for affordable housing projects that serve and benefit low-income and special needs populations in need of housing. Of the amounts appropriated in this subsection, the department must allocate the funds as follows:

(i) \$5,000,000 of the appropriation in this section is provided solely for housing for veterans;

(ii) \$5,000,000 of the appropriation in this section is provided solely for housing that serves people with developmental disabilities;

(iii) \$5,000,000 of the appropriation in this section is provided solely for housing that serves people who are employed as farmworkers; and

(iv)(A) \$5,000,000 of the appropriation in this section is provided solely for housing projects that benefit homeownership.

(B) During the 2019-2021 fiscal biennium, the department must use a separate application form for applications to provide homeownership opportunities and evaluate homeownership project applications as allowed under chapter 43.185A RCW.

(C) In addition to the definition of "first-time home buyer" in RCW 43.185A.010, for the purposes of awarding homeownership projects during the 2019-2021 fiscal biennium "first time home buyer" also includes:

(I) A single parent who has only owned a home with a former spouse while married;

(II) An individual who is a displaced homemaker as defined in 24 C.F.R. Sec. 93.2 as it existed on the effective date of this section, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, and has only owned a home with a spouse;

(III) An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations; or

(IV) An individual who has only owned a property that is discerned by a licensed building inspector as being uninhabitable.

(2) In evaluating projects in this section, the department must give preference for applications based on some or all of the criteria in RCW 43.185.070(5).

(3)(a) The department must strive to allocate all of the amounts appropriated in this section within the 2019-2021 fiscal biennium in the manner prescribed in subsection (1) of this section. However, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may allocate funds to projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

(b) By June 30, 2021, the department must report on its web site the following for every previous funding cycle: The number of homeownership and multifamily rental projects funded by housing trust fund moneys; the percentage of housing trust fund investments made to homeownership and multifamily rental projects; and the total number of households being served at up to eighty percent of the area median income, up to fifty percent of

the area median income, and up to thirty percent of the area median income, for both homeownership and multifamily rental projects.

(4)(a) The department, in cooperation with the housing finance commission, must develop and implement a process for the collection of certified final development cost data from each grant or loan recipient under this section. The department must use this data as part of its cost containment policy.

(b) Beginning December 1, 2019, and continuing annually, the department must provide the legislature with a report of its final cost data for each project under this section. Such cost data must, at a minimum, include total development cost per unit for each project completed within the past year, descriptive statistics such as average and median per unit costs, regional cost variation, and other costs that the department deems necessary to improve cost controls and enhance understanding of development costs. The department must coordinate with the housing finance commission to identify relevant development costs data and ensure that the measures are consistent across relevant agencies.

(5) \$10,000,000 of the state building construction account—state appropriation is provided solely for the preservation of affordable multifamily housing at risk of losing affordability due to expiration of use restrictions that otherwise require affordability, including, but not limited to, United States department of agriculture funded multifamily housing.

(a) Within the amount provided in this subsection (5), the department must implement necessary procedures no later than July 1, 2020, to enable rapid commitment of funds on a first-come, first-served basis to qualifying project proposals that satisfy the goal of long-term preservation of Washington's affordable multifamily housing stock, particularly in rural areas of the state.

(b) The department must adhere to the following award terms and procedures for the rapid response program created with this appropriation:

(i) The department shall evaluate applications for funding based on some or all of the criteria in RCW 43.185.070(5).

(ii) The funding is not subject to the ninety-day application periods in RCW 43.185.070 or 43.185A.050.

(iii) Awards must be in the form of a recoverable grant with a forty-year low income housing covenant on the land.

(iv) If a capital needs assessment is required, the department must work with the applicant to ensure that this does not create an unnecessary impediment to rapidly accessing these funds.

(v) Awards may be used for acquisition, or for acquisition and rehabilitation of, properties to preserve the affordable housing units beyond existing use restrictions and keep them in Washington's housing portfolio.

(vi) No single award may exceed \$2,500,000, although the department must consider waivers of this award cap if an applicant demonstrates sufficient need. If the department receives simultaneous applications for funding under this program, proposals that reach the greatest public benefit, as defined by the department, must be prioritized. For purposes of this subsection (5), "greatest public benefit" includes, but is not limited to:

(A) The greatest number of units that will be preserved;

(B) Whether the project has federally funded rental assistance tied to it;

(C) The scarcity of the affordable housing applied for compared to the number of available affordable housing units in the same geographic location; and

(D) The program's established funding priorities under RCW 43.185.070(5).

(vii) The award limit in (vi) of this subsection (5) may only be applied to the awards provided under this subsection (5). The

amount awarded from this subsection (5) may not be calculated in award limitations for other housing trust fund awards.

Sec. 1004. 2019 c 413 s 1035 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

Clean Energy Transition 4 (40000042)
The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations are provided solely for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state. Priority must be given to projects that benefit vulnerable populations, including tribes and communities with high environmental or energy burden.

(2) In soliciting and evaluating proposals, awarding contracts, and monitoring projects under this section, the department must:

(a) Ensure that competitive processes, rather than sole source contracting processes, are used to select all projects, except as otherwise noted in this section; and

(b) Conduct due diligence activities associated with the use of public funds including, but not limited to, oversight of the project selection process, project monitoring, and ensuring that all applications and contracts fully comply with all applicable laws including disclosure and conflict of interest statutes.

(3)(a) Pursuant to chapter 42.52 RCW, the ethics in public service act, the department must require a project applicant to identify in application materials any state of Washington employees or former state employees employed by the firm or on the firm's governing board during the past twenty-four months. Application materials must identify the individual by name, the agency previously or currently employing the individual, job title or position held, and separation date. If it is determined by the department that a conflict of interest exists, the applicant may be disqualified from further consideration for award of funding.

(b) If the department finds, after due notice and examination, that there is a violation of chapter 42.52 RCW, or any similar statute involving a grantee who received funding under this section, either in procuring or performing under the grant, the department in its sole discretion may terminate the funding grant by written notice. If the grant is terminated, the department must reserve its right to pursue all available remedies under law to

address the violation.

(4) The requirements in subsections (2) and (3) of this section must be specified in funding agreements issued by the department.

(5) \$6,107,000 of the state building construction account—state appropriation is provided solely for grid modernization grants for projects that: Advance clean and renewable energy technologies and transmission and distribution control systems; support integration of renewable energy sources, deployment of distributed energy resources, and sustainable microgrids; and increase utility customer options for energy sources, energy efficiency, energy equipment, and utility services.

(a) Projects must be implemented by public and private electrical utilities that serve retail customers in the state. Priority must be given to: (i) Projects that benefit vulnerable populations, including tribes and communities with high environmental or energy burden; and (ii) projects that have a partner that is a tribe or nonprofit organization that serves community eligible entities. Utilities may partner with other public and private sector research organizations, businesses, tribes, and nonprofit organizations in applying for funding.

(b) The department shall develop a grant application process to competitively select projects for grant awards, to include scoring conducted by a group of qualified experts with application of criteria specified by the department. In development of the application criteria, the department shall, to the extent possible, allow smaller utilities or consortia of small utilities to apply for funding.

(c) Applications for grants must disclose all sources of public funds invested in a project.

(d) \$4,400,000 of the state building construction account—state appropriation is provided solely for providing shore power electrification at terminal five for the northwest seaport alliance. In order to receive this grant, the northwest seaport alliance must demonstrate that they applied to the VW settlement for this project and were denied.

(6)(a) \$8,100,000 of the state building construction account—state appropriation is provided solely for competitive grants for strategic research and development for new and emerging clean energy technologies. These grants will be used to match federal or other nonstate funds to research, develop, and demonstrate clean energy technologies.

(b) The department shall consult and coordinate with the University of Washington, Washington State University, the Pacific Northwest national laboratory and other clean energy organizations to design the grant program. Clean energy organizations who compete for grants from the program may not participate in the design of the grant program. Criteria for the grant program must include life cycle cost analysis for projects that are part of the competitive process.

(c) The program may include, but is not limited to: Solar technologies, advanced bioenergy and biofuels, development of new earth abundant materials or lightweight materials, advanced energy storage, battery components recycling, and new renewable energy and energy efficiency technologies.

(d) \$1,000,000 of the state building construction account—state appropriation is provided solely for grants that enhance the viability of dairy digester bioenergy projects, energy efficiency, and resource recovery to demonstrate advanced nutrient recovery systems that produce value added biofertilizers, reduce trucking of lagoon water, and improve soil health and air and water quality. Grants shall include at least one project east of the Cascades and one project west of the Cascades. State agencies must promote and demonstrate the use of such recovered biofertilizers through state procurement and contracts.

account—state appropriation is provided solely as grants to nonprofit lenders to create a revolving loan fund to support the widespread use of proven energy efficiency and renewable energy technologies by households with high energy burden or environmental health risk now inhibited by lack of access to capital.

(b) The department shall provide grant funds to one or more competitively selected nonprofit lenders that will provide matching private capital and will administer the loan fund. The department must select the loan fund administrator or administrators through a competitive process, with scoring conducted by a group of qualified experts, applying criteria specified by the department.

(c) The department must establish guidelines that specify applicant eligibility, the screening process, and evaluation and selection criteria. The guidelines must be used by the nonprofit lenders.

(8) \$5,000,000 of the state building construction account—state appropriation is provided solely for the Washington Maritime Innovation Center. The center must be used to support technology acceleration and incubation, and act as a focal point for maritime sustainability, including, but not limited to, supporting technology development for maritime decarbonization and electrification.

(9) \$8,300,000 of the state taxable construction account—state appropriation is provided solely for scientific instruments to help accelerate research in grid-scale energy storage at the proposed grid-scale energy storage research, development, and testing facility at the Pacific Northwest national laboratory. The state funds are contingent on securing federal funds for the new facility, and are provided as a match to the federal funding. The instruments will support collaborations with the University of Washington and the Washington State University.

(10) \$593,000 of the state building construction account—state appropriation is provided solely to the port of Grays Harbor for an offshore ocean wave renewable energy demonstration project.

(11) \$1,500,000 of the state building construction account—state appropriation is provided solely to the ~~(Port of)~~ Skagit county public works department for the Guemes ferry dock shore power charging infrastructure.

FOR THE DEPARTMENT OF COMMERCE

2019-21 Behavioral Health Capacity Grants (40000114)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the department of commerce to issue grants to community hospitals or other community providers to expand and establish new capacity for behavioral health services in communities. The department of commerce must consult an advisory group consisting of representatives from the department of social and health services, the health care authority, one representative from a managed care organization, one representative from an accountable care organization, and one representative from the association of county human services. Amounts provided in this section may be used for construction and equipment costs

associated with establishment of the facilities. The department of commerce may approve funding for the acquisition of a facility or land if the project results in increased capacity. Amounts provided in this section may not be used for operating costs associated with the treatment of patients using these services.

(2) The department must establish criteria for the issuance of the grants, which must include:

(a) Evidence that the application was developed in collaboration with one or more regional behavioral health entities that administer the purchasing of services;

(b) Evidence that the applicant has assessed and would meet gaps in geographical behavioral health services needs in their region;

(c) Evidence that the applicant is able to meet applicable licensing and certification requirements in the facility that will be used to provide services;

(d) A commitment by applicants to serve persons who are publicly funded and persons detained under the involuntary treatment act under chapter 71.05 RCW;

(e) A commitment by the applicant to maintain and operate the beds or facility for a time period commensurate to the state investment, but for at least a fifteen-year period;

(f) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project;

(g) A detailed estimate of the costs associated with opening the beds;

(h) A financial plan demonstrating the ability to maintain and operate the facility; and

(i) The applicant's commitment to work with local courts and prosecutors to ensure that prosecutors and courts in the area served by the hospital or facility will be available to conduct involuntary commitment hearings and proceedings under chapter 71.05 RCW.

(3) In awarding funding for projects in subsection (5) of this section, the department, in consultation with the advisory group established in subsection (1) of this section, must strive for geographic distribution and allocate funding based on population and service needs of an area. The department must consider current services available, anticipated services available based on projects underway, and the service delivery needs of an area.

(4) The department must prioritize projects that increase capacity in unserved and underserved areas of the state.

(5) \$47,000,000 is provided solely for a competitive process for each category listed and is subject to the criteria in subsections (1), (2), (3), and (4) of this section:

(a) \$4,000,000 is provided solely for at least two enhanced service facilities for long-term placement of patients discharged or diverted from the state psychiatric hospitals and that are not subject to federal funding restrictions that apply to institutions of mental diseases;

(b) \$10,000,000 is provided solely for enhanced adult residential care facilities for long-term placements of dementia discharged or diverted from the state psychiatric hospitals and are not subject to federal funding restrictions that apply to institutions of mental diseases;

(c) \$4,000,000 is provided solely for at least two facilities with secure withdrawal management and stabilization treatment beds that are not subject to federal funding restrictions that apply to institutions of mental diseases;

(d) \$2,000,000 is provided solely for one or more crisis diversion or stabilization facilities to add sixteen beds in the Spokane region that will address both urban and rural needs, consistent with the settlement agreement in *A.B. by and through Trueblood, et al., v. DSHS, et al.* and that are not subject to federal

funding restrictions that apply to institutions of mental diseases;

(e) \$5,000,000 is provided solely for at least four mental health peer respite centers that are not subject to federal funding restrictions that apply to institutions of mental diseases. No more than one mental health peer respite center should be funded in each of the nine regions;

(f) \$8,000,000 is provided solely for the department to provide grants to community hospitals, freestanding evaluation and treatment providers, or freestanding psychiatric hospitals to develop capacity for beds to serve individuals on ninety-day or one hundred eighty-day civil commitments as an alternative to treatment in the state hospitals. In awarding this funding, the department must coordinate with the department of social and health services, the health care authority, and the department of health and must only select facilities that meet the following conditions:

(i) The funding must be used to increase capacity related to serving individuals who will be transitioned from or diverted from the state hospitals;

(ii) The facility is not subject to federal funding restrictions that apply to institutions of mental diseases;

(iii) The provider has submitted a proposal for operating the facility to the health care authority;

(iv) The provider has demonstrated to the department of health and the health care authority that it is able to meet the applicable licensing and certification requirements for the facility that will be used to provide services; and

(v) The health care authority has confirmed that it intends to contract with the facility for operating costs within funds provided in the omnibus operating appropriations act for these purposes.

(g) \$4,000,000 is provided solely for competitive community behavioral health grants to address regional needs;

(h) \$8,000,000 is provided solely for at least four intensive behavioral health treatment facilities for long-term placement of behavioral health patients with complex needs and that are not subject to federal funding restrictions that apply to institutions of mental diseases; and

(i) \$2,000,000 is provided solely for grants to community providers to increase behavioral health services and capacity for children and minor youth including, but not limited to, services for substance use disorder treatment, sexual assault and traumatic stress, anxiety, or depression, and interventions for children exhibiting aggressive or depressive behaviors in facilities that are not subject to federal funding restrictions. Consideration must be given to programs that incorporate outreach and treatment for youth dealing with mental health or social isolation issues.

(6) \$1,000,000 of the state taxable building construction account—state is provided solely for deposit into the revolving fund established in Second Substitute House Bill No. 1528 (recovery support services) for capital improvements. ~~((If the bill is not enacted by June 30, 2019, the amount provided in this subsection shall lapse.))~~

(7) ~~(\$49,543,000)~~ (a) \$47,935,000 is provided solely for the following list of projects and is subject to the criteria in subsection (1) of this section:

FOR THE DEPARTMENT OF COMMERCE

2020 Local and Community Projects (40000116)

The appropriation in this section is subject to the following conditions and limitations:

(1) The department shall not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

(5) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(8) \$400,000 of the appropriation in this section is provided solely to the city of Oak Harbor to enhance the fiscal sustainability and revenue generation of the city-owned marina through feasibility work, planning, development, and acquisition.

(9) \$200,000 of the appropriation in this section is provided solely for the department to contract for a study regarding both available and needed affordable housing for farmworkers and Native Americans in Washington state. The study must include data to inform policies related to affordable housing for

farmworkers and Native Americans and supplement the housing assessment conducted by the affordable housing advisory board created in chapter 43.185B RCW.

(10) \$200,000 of the appropriation in this section is provided solely for a grant to the Tacoma buffalo soldiers' museum to conduct a feasibility study for the rehabilitation of building 734, the band barracks at Fort Lawton in Discovery park. The study will provide an assessment of general conditions of building 734 and cost estimates for a comprehensive rehabilitation of the building to meet current building codes including, but not limited to heating, ventilation, air conditioning, and mechanical systems, seismic retrofits, and compliance with the Americans with disabilities act.

(11) \$1,300,000 of the appropriation in this section is provided solely for a grant to the Skagit public utility district for the Little Mountain Road pipeline and booster station. \$1,000,000 of these funds are provided solely for the design phase of the project; \$150,000 of these funds are provided solely for land acquisition; and \$150,000 of these funds are provided solely to the district for a public outreach effort to solicit input on the project from residents and rate payers.

(12) \$2,000,000 of the appropriation in this section for Roslyn Housing Project is provided solely for a grant to enable Forterra NW, or a wholly-owned subsidiary of Forterra NW, to begin work on a community development project in the city of Roslyn that includes housing, commercial, retail, or governmental uses. The work must include phased preacquisition due diligence, land acquisition or predevelopment engineering, design, testing, and permitting activities, including work done by both the appropriation recipient and third parties retained by the recipient.

Washington Broadband Program (40000117)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for implementation of Second Substitute Senate Bill No. 5511 (broadband service). ~~((If the bill is not enacted by June 30, 2019, the amounts provided in this section shall lapse.))~~

(2) The funding in this section is provided solely for grants, loans, and administrative expenses related to implementation of the broadband program. Of the total funds:

(a) ~~(((\$14,440,000))~~ \$10,775,000 is provided solely for loans. Moneys attributable to appropriations of state bond proceeds may not be expended for loans to nongovernmental entities.

(b) ~~(((\$7,110,000))~~ \$10,775,000 is provided solely for grants.

~~((4))~~ (3) By January 1, 2021, in the first report to the legislature required under section 6 of Second Substitute Senate Bill No. 5511 (broadband service), the governor's statewide broadband office must include a list of potential regional projects that will accelerate broadband access by providing connections to local jurisdictions, with recommendations for how to fund such larger scale projects. This list must be developed within existing resources.

NEW SECTION. Sec. 1008. A new section is added to 2019 c 413 (uncodified) to read as follows:
FOR THE DEPARTMENT OF COMMERCE

2021 Local and Community Projects (40000130)
The appropriation in this section is subject to the following conditions and limitations:

(1) The department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department must include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The appropriation is provided solely for the following list of projects:

Enhanced Shelter Capacity Grants (92000939)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for grants to eligible organizations under RCW 43.185.060 to rapidly shelter individuals experiencing homelessness through the construction of enhanced homeless shelter facilities and the conversion of existing homeless shelters to enhanced shelters. The department must allocate funding to eligible organizations based on the proportional share of chronically homeless individuals, based on the most recent homeless census, in the county primarily served by the eligible organization.

(2) Of the amount appropriated in this section, for the proportional share of funding allocated to a county with a population over one million five hundred thousand, an amount proportional to the share of chronically homeless individuals in the largest city in the county must be provided to eligible organizations primarily serving homeless individuals in the largest city in the county to construct enhanced homeless shelter facilities or convert existing homeless shelters to enhanced shelters.

(3) For purposes of this section, "enhanced shelters" means shelters that offer extended service hours and provide common areas necessary to the intended population.

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

2019-21 School Seismic Safety Retrofit Program (92000148)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$13,200,000 of the appropriation is provided solely for school seismic safety retrofit grants to school districts for seismic retrofits and seismic safety related improvements of school buildings used for the instruction of students in kindergarten through twelfth grade.

(a) The superintendent of public instruction must appoint an advisory committee, which must include at least one representative from the department of natural resources, whose members have experience in seismic engineering and

construction to assist the office in designing the grant application process, developing the prioritization criteria, and evaluating the grant applications. Advisory committee members may not be involved in developing projects or applying for grants funded in this section.

(b) In addition to prioritization criteria developed by the office of the superintendent of public instruction and the advisory committee pursuant to (a) of this subsection, the superintendent of public instruction and the advisory committee must also prioritize projects that: (i) Are located in areas of high seismic risk; (ii) have ten or more years of remaining useful life; and (iii) meet the criteria to participate in the school construction assistance program except in cases where low property values prevent a school district from generating sufficient local revenue.

(c) The superintendent of public instruction must submit a list of school seismic safety retrofit projects, as prioritized by the advisory committee, to the legislature by January 15, 2021. The list must include: (i) A description of the project; (ii) the proposed state funding level, not to exceed \$4,000,000; (iii) estimated total project costs; and (iv) local funding resources. The appropriated funds in this subsection may be awarded only after the legislature approves the list.

(2) For projects in this section that are also eligible for funding through the school construction assistance program, the office of the superintendent of public instruction must expedite and streamline the administrative requirements, timelines, and matching requirements for the funds provided in this section to be used promptly. Funds provided in this section plus state funds provided in the school construction assistance program grant may not exceed total project costs minus available local resources.

(3) \$1,800,000 of the appropriation is provided solely for grants to school districts to perform rapid visual screening assessments of school buildings constructed prior to January 1, 1997, and used for the instruction of students in kindergarten through twelfth grade. The office of the superintendent of public instruction must enter the collected assessment data into its information and condition of schools data system.

(4) During the 2019-2021 fiscal biennium, if upon review of applications the superintendent of public instruction determines there are not adequate suitable projects under subsection (3) of this section, the superintendent of public instruction may use any remaining funds from subsection (3) of this section for seismic safety retrofit grants in subsection (1) of this section.

(5) The superintendent of public instruction must, by December 31, 2020, submit recommendations to the appropriate committees of the legislature, in the form of draft legislation, that specifies the eligibility criteria for awards.

Appropriation:
 State Building Construction Account—State \$15,000,000

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

2019-21 Small District Modernization Grants (92000139)

The appropriation in this section is subject to the following conditions and limitations:

(1) The legislature finds that small school districts with total enrollments of one thousand students or less may have school facilities with significant building systems deficiencies and low property values, and that raising enough funds to participate in the school construction assistance program to replace or modernize their school facilities would present an extraordinary tax burden on property owners or would exceed allowable debt.

FORTY FIFTH DAY, FEBRUARY 26, 2020

2020 REGULAR SESSION

(2) \$200,000 of the appropriation is provided solely for the office of the superintendent of public instruction to administer the grant program and provide technical assistance to small school districts seeking grants funded in this section.

(3) ~~(\$1,000,000)~~ \$957,000 of the appropriation is provided solely for planning grants for small school districts interested in seeking modernization grants in subsection (4) of this section. The superintendent may prioritize planning grants for school districts with the most serious building deficiencies and the most limited financial capacity. Planning grants may not exceed \$50,000 per district.

(4) The remaining portion of the appropriation is provided solely for modernization grants for small school districts with significant building system deficiencies and limited financial capacity with the following conditions:

(a) The superintendent of public instruction must appoint an advisory committee whose members have experience in financing and managing school facilities in small school districts to assist the office in designing the grant application process, developing the prioritization criteria, and evaluating the grant applications. Advisory committee members may not be involved in developing projects or applying for grants funded in this section.

(b) In addition to prioritization criteria developed by the office of the superintendent of public instruction and the advisory committee pursuant to (4)(a) of this section, the office and the advisory committee must also prioritize projects that: (i) Improve student health, safety, and academic performance for the largest number of students; (ii) provide the most available school district resources, including in-kind resources; and (iii) make use of mass-timber products, including cross-laminated timber, or aggregates and concretes materials.

(c) The superintendent must submit a list of small school district modernization projects, as prioritized by the advisory committee, to the legislature by January 15, 2020. The list must include: (i) A description of the project; (ii) the proposed state funding level, not to exceed \$5,000,000; (iii) estimated total project costs; and (iv) local funding resources. The appropriated funds in this subsection may be awarded ~~((only after the legislature approves the list))~~ to projects approved by the legislature, as identified in LEAP capital document No. 2020-51, developed February 12, 2020.

(5) For projects in this section that are also eligible for funding through the school construction assistance program, the office of the superintendent of public instruction must expedite and streamline the administrative requirements, timelines, and matching requirements for the funds provided in this section to be used promptly. Funds provided in this section plus state funds provided in the school construction assistance program grant must not exceed total project costs minus available local resources.

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

2019-21 Distressed Schools (92000142)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$4,400,000 of the appropriation in this section is provided solely for classroom additions and other modernizations at Leschi

elementary school in Seattle public schools.

(2) \$10,500,000 of the appropriation in this section is provided solely for classroom additions at Madison middle school in Seattle public schools.

(3) \$3,100,000 of the appropriation in this section is provided solely for heating and ventilation upgrades at North Beach elementary school in Seattle public schools.

(4) \$700,000 of the appropriation in this section is provided solely for a two-classroom preschool addition at John Muir Elementary School in Seattle.

(5) \$300,000 of the appropriation in this section is provided solely for conversion of two classrooms to a new health clinic at Lowell Elementary School in Seattle.

(6) \$328,000 of the appropriation in this section is provided solely for an agricultural resource center in Tacoma.

(7) \$200,000 of the appropriation in this section is provided solely for a schoolyard park in Tacoma.

(8) \$309,000 of the appropriation in this section is provided solely for a school-based health center in Port Orchard.

(9) The remaining portion of the appropriation is provided solely for competitive grants for modular classrooms made with mass timber products, including cross-laminated timber, for the purpose of replacing portables in school districts with space challenges due to unavailable land for new school facilities to accommodate enrollment growth or with an overdependent use of portables to provide classroom space. The grants are subject to the following conditions and limitations:

(a) School districts are responsible for the costs of site preparation; required permits; delivery and installation of the modular classrooms; furnishings, fixtures, and equipment; utility connections; and any other infrastructure costs related to the modular classrooms;

(b) The office of the superintendent of public instruction must prioritize projects based on the following criteria in the following order:

(i) School districts with high ratios of portable classrooms to permanent classrooms;

(ii) School districts with low acreage of land available for new construction;

(iii) Projects that achieve lowest cost per classroom with highest percentage of mass timber products in the overall construction of the project; and

(iv) Projects that demonstrate multistory application of mass timber products.

PART 6

2017-2019 BIENNIUM PROVISIONS

Sec. 6001. 2019 c 413 s 6003 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

2018 Local and Community Projects (40000005)

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall not expend the appropriations in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

(5) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The appropriation is provided solely for the following list

(8) \$26,000 of the appropriation in this section is provided solely for implementation of the Spanaway lake management plan.

(9) \$1,250,000 of the appropriation in this section is provided solely for the planning, development, acquisition, and other activities pursuing open space conservation strategies for the historic Federal Way Weyerhaeuser campus. The grant recipient must be a regional nonprofit nature conservancy that works to conserve keystone properties selected by the city of Federal Way.

(10)(a) \$900,000 of the appropriation in this section is provided solely for an Interbay public development advisory committee. It is the intent of the legislature to examine current and future needs of a state entity that performs an essential public function on state-owned property located in one of the state's designated manufacturing industrial centers. The legislature further intends to explore the potential future uses of this state-owned property in the event that the state entity determines that it must relocate in order to protect its ability to perform its essential public function.

(b) The Interbay public development advisory committee is created to make recommendations regarding the highest public benefit and future economic development uses for the Washington army national guard armory facility in the city of Seattle, pier 91 property, located at the descriptions referred to in the quit claim deeds for two parcels of land, 24.75 acres total, dated January 8, 1971, and December 22, 2009.

(c) The Interbay advisory committee consists of seven persons appointed as follows:

(i) One person appointed by the speaker of the house of representatives;

(ii) One person appointed by the president of the senate; and

(iii) Five persons appointed by the governor, who must collectively have experience in forming public-private partnerships to develop workforce housing or affordable housing; knowledge of project financing options for public-private partnerships related to housing; architectural design and development experience related to industrial lands and mixed-use zoning to include housing; and experience leading public processes to engage communities and other stakeholders in public discussions regarding economic development decisions.

(d) The Interbay public development advisory committee must:

(i) Work in collaboration with the military department to determine the needs of the military department if it is relocated from the land described in subsection (1) of this section, including identifying:

- (A) Current uses;
- (B) Future needs of the units currently at this location;
- (C) Potential suitable publicly owned sites in Washington for relocation of current units; and

(D) The costs associated with acquisition, construction, and relocation to another site or sites for these units;

(ii) Explore the future economic development opportunities if the land described in subsection (1) of this section is vacated by the military department, and make recommendations, including identifying:

- (A) Suitable and unsuitable future uses for the land;
- (B) Environmental issues and associated costs;
- (C) Current public infrastructure availability, future public infrastructure plans by local or regional entities, and potential public infrastructure needs;

(D) Transportation corridors in the immediate area and any potential right-of-way needs; and

(E) Existing zoning regulations for the land and potential future zoning needs to evaluate workforce housing, affordable housing, and other commercial and industrial development compatible with the Ballard-Interbay manufacturing industrial center designation;

(iii) Explore the potential funding sources and partners as well as any needed transactions, and make recommendations, including:

- (A) Any potential private partners or investors;
- (B) Necessary real estate transactions;
- (C) Federal funding opportunities; and
- (D) State and local funding sources, including any tax-related programs; and

(iv) Conduct at least three public meetings at a location within the Ballard-Interbay manufacturing industrial center, where a quorum of the Interbay public development advisory committee members are present, at which members of the public are invited to present to the Interbay advisory committee regarding the future uses of the site and potential issues such as industrial land use, commercial development, residential zoning, and public infrastructure needs.

(e) Nothing in this section authorizes the solicitation of interest or bids for work related to the purposes of this section.

(f) The department of commerce shall provide staff support to the Interbay advisory committee. The department may contract with outside consultants to provide any needed expertise.

(g) Legislative members of the Interbay advisory committee are reimbursed for travel in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(11) \$2,000,000 of the appropriation in this section is provided solely to the city of Lakewood for the purchase of property within the federally designated north clear zone at joint base Lewis-McChord. Once acquired, the property must be zoned for use compatible with the mission and activity of McChord airfield. The city may lease or resell the acquired property for fair market value, but any such lease or sale must include restrictions or covenants ensuring that the use of the property is safely compatible with the mission and activity of McChord airfield. If the city subsequently resells, rezones, develops, or leases the property for commercial or industrial uses contrary to the allowed uses in the north clear zone, the city must repay to the state the amount spent on the purchase of the property in its entirety within ten years.

(12) \$250,000 of the appropriation in this section is provided solely for a grant to the Federal Way chamber of commerce for two economic development projects focused in the south Puget Sound area. The amounts in this section must be used for a business retention and expansion program to conduct economic research in collaboration with stakeholders, develop data-driven economic strategies, and produce a written evaluation; and a tourism enhancement program to develop and inventory the Federal Way area tourism sector, analyze data regarding visitation, and produce a written evaluation.

(13) \$400,000 of the appropriation in this section is provided solely for the Northshore athletic field which shall be named "Andy Hill Sports Complex."

(14) \$1,177,000 of the appropriation in this section is provided solely for the Harmony sports complex infrastructure and safety improvements in Vancouver and is contingent upon the facility being open to the public.

(15) \$250,000 of the appropriation in this section is provided solely for the Asia Pacific cultural center in Tacoma. It is the intent of the legislature that beyond the 2017-2019 fiscal biennium no state funding is provided to the Asia Pacific cultural center in Tacoma.

Sec. 6002. 2019 c 413 s 6005 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

2017-19 Housing Trust Fund Program (30000872)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$83,500,000 of the state taxable building construction account—state appropriation, \$19,631,000 of the state building construction account—state appropriation, and \$8,658,000 of the Washington housing trust account—state appropriation are provided solely for affordable housing and preservation of affordable housing. Of the amounts in this subsection:

(a) \$24,370,000 is provided solely for housing projects that provide supportive housing and case-management services to persons with chronic mental illness. The department must prioritize low-income supportive housing unit proposals that provide services or include a partner community behavioral health treatment provider;

(b) \$10,000,000 is provided solely for housing preservation grants or loans to be awarded competitively. The grants may be provided for major building improvements, preservation, and system replacements, necessary for the existing housing trust fund portfolio to maintain long-term viability. The department must require that a capital needs assessment is performed to estimate the cost of the preservation project at contract execution. Funds may not be used to add or expand the capacity of the property. To receive grants, housing projects must meet the following requirements:

- (i) The property is more than fifteen years old;
- (ii) At least 50 percent of the housing units are occupied by families and individuals at or below 30 percent area median income.
- (iii) The improvements will result in reduction of operating or utilities costs, or both; and
- (iv) Other criteria that the department considers necessary to achieve the purpose of this program.

(c) \$5,000,000 is provided solely for housing projects that benefit people at or below 80 percent of the area median income who have been displaced by a natural disaster declared by the governor, including people who have been displaced within the last two biennia.

(d) \$1,000,000 of the Washington housing trust account—state appropriation is provided solely for the department to work with the communities of concern commission to focus on creating capital assets that will help reduce poverty and build stronger and more sustainable communities using the communities' cultural understanding and vision. The funding must be used for predevelopment costs for capital projects identified by the commission and for other activities to assist communities in developing capacity to create community-owned capital assets.

(e) \$1,000,000 of the Washington housing trust account—state appropriation and \$1,500,000 of the state taxable building construction account—state appropriation are provided solely for the purchase of the three south annex properties. The state board

FORTY FIFTH DAY, FEBRUARY 26, 2020

2020 REGULAR SESSION

for community and technical colleges must transfer the three south annex properties located at 1530 Broadway, 1534 Broadway, and 909 East Pine street to ~~((one or more nonprofits or public development authorities selected by the department, if the selected entities agree to use the properties))~~ Capitol Hill Housing to provide services and housing for homeless youth or young adults for a minimum of ~~((twenty five))~~ fifty years. The transfer agreement between the state board for community and technical colleges and ~~((the selected entities))~~ Capitol Hill Housing must specify a mutually agreed transfer date and require ~~((the selected entities))~~ Capitol Hill Housing to cover any closing costs with a total purchase price of nine million dollars for all three properties. The contract between the department and Capitol Hill Housing must provide that Capitol Hill Housing will be responsible for maintaining and securing the property until it is developed. The contract must also specify that, if Capitol Hill Housing does not construct at least seventy affordable housing units on the site by 2028, this funding must be fully repaid to the state or the land must revert back to the state.

(f) \$25,506,000 is provided solely for the following list of housing projects:

- (i) Spokane Housing Predesign..... \$500,000
- (ii) El Centro de la Raza \$737,000
- (iii) Highland Village Preservation \$1,500,000
- (iv) King County Modular Housing Project..... \$1,500,000
- (v) Nisqually Tribal Housing \$1,250,000
- (vi) Othello Homesight Community Center..... \$3,000,000
- (vii) Parkview Apartments Affordable Housing \$100,000
- (viii) Supported Housing and Employment (Longview) \$129,000

(ix) \$2,000,000 is provided solely for homeownership assistance for low-income households displaced from their manufactured/mobile homes due the closure or conversion of a mobile home park or manufactured housing community in south King County. \$1,500,000 of this amount in this subsection is provided solely for low-income residents displaced from the Firs Mobile Home Park located in SeaTac.

(x) \$6,000,000 is provided solely for grants for high quality low-income housing projects that will quickly move people from homelessness into secure housing, and are significantly less expensive to construct than traditional housing. It is the intent of the legislature that these grants serve projects with a total project development cost per housing unit of less than ~~((\$125,000))~~ \$135,000, excluding the value of land, and with a commitment by the applicant to maintain the housing units for at least a twenty-five year period. Amounts provided that are subject to this subsection must be used to plan, predesign, design, provide technical assistance and financial services, purchase land for, and build innovative low-income housing units. \$3,000,000 of the appropriation that is subject to this subsection is provided solely for innovative affordable housing in Shelton and \$3,000,000 of the appropriation that is subject to this subsection is provided solely for innovative affordable housing for veterans in Orting. Mental health and substance abuse counseling services must be offered to residents of housing projects supported by appropriations in this subsection. \$500,000 of the appropriation for housing units in Shelton can be released for purchase of land, planning, or predesign services before the project is fully funded. \$500,000 of the appropriation for housing units in Orting can be released for purchase of land, planning, or predesign services before the project is fully funded.

(xi) \$7,290,000 is provided solely for grants to the following organizations using innovative methods to address homelessness: \$4,290,000 for THA Arlington drive youth campus in Tacoma and \$3,000,000 for a King county housing project.

(xii) \$1,500,000 is provided solely for Valley Cities modular housing project in Auburn.

(g) Of the amounts appropriated remaining after (a) through (f) of this subsection, the department must allocate the funds as follows:

- (i) 10 percent is provided solely for housing projects that benefit veterans;
- (ii) 10 percent is provided solely for housing projects that benefit homeownership;
- (iii) 5 percent is provided solely for housing projects that benefit people with developmental disabilities;
- (iv) The remaining amount is provided solely for projects that serve low-income and special needs populations in need of housing, including, but not limited to, homeless families with children, homeless youth, farmworkers, and seniors.

(2) In evaluating projects in this section, the department must give preference for applications based on some or all of the criteria in RCW 43.185.070(5).

(3) The department must strive to allocate all of the amounts appropriated in this section within the 2017-2019 fiscal biennium in the manner prescribed in subsection (1) of this section. However, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may allocate funds to projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

MISCELLANEOUS PROVISIONS

Sec. 7001. 2019 c 413 s 7001 (uncodified) is amended to read as follows:

RCW 43.88.031 requires the disclosure of the estimated debt service costs associated with new capital bond appropriations. The estimated debt service costs for the appropriations contained in this act are ~~((forty-eight million six hundred eighteen thousand two hundred eighteen dollars for the 2019-2021 biennium, three hundred six million nine hundred two thousand nine hundred ninety-six dollars for the 2021-2023 biennium, and four hundred thirty-three million two hundred fifty-nine thousand five hundred seventy-three dollars for the 2023-2025 biennium))~~ forty-three million three hundred fourteen thousand six hundred forty-two dollars for the 2019-2021 biennium, three hundred million four hundred twenty-two thousand three hundred forty-three dollars for the 2021-2023 biennium, and four hundred seventeen million four hundred fifty-five thousand six hundred sixty dollars for the 2023-2025 biennium.

Sec. 7002. 2019 c 413 s 7002 (uncodified) is amended to read as follows:

ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS.

(1) The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

(2) Those noninstructional facilities of higher education institutions authorized in this section to enter into financial contracts are not eligible for state funded maintenance and operations. Instructional space that is available for regularly scheduled classes for academic transfer, basic skills, and workforce training programs may be eligible for state funded maintenance and operations.

(3) Secretary of state: Enter into a financing contract for up to \$103,143,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a new library-archives building.

(4) Washington state patrol: Enter into a financing contract for up to \$7,450,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a burn building for live fire training.

(5) Department of social and health services: Enter into a financing contract for up to \$3,600,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase the King county secure community transition center.

(6) Department of social and health services: Enter into a financing contract for up to \$118,000,000 plus costs and financing expenses and required reserves pursuant to chapter 39.94 RCW to design and construct a nursing facility on the Fircrest Residential Habilitation Center campus on the existing adult training program site. The department may contract to lease develop or lease purchase the facility. Before entering into a contract, the department must consult with the office of financial management and the office of the state treasurer. Should the department of social and health services choose to use a financing contract that does not provide for the issuance of certificates of participation, the financing contract shall be subject to approval

by the state finance committee as required by RCW 39.94.010. In approving a financing contract not providing for the use of certificates of participation, the state finance committee should be reasonably certain that the contract is excluded from the computation of indebtedness, particularly that the contract is not backed by the full faith and credit of the state and the legislature is expressly not obligated to appropriate funds to make payments. For purposes of this subsection, "financing contract" includes but is not limited to a certificate of participation and tax exempt financing similar to that authorized in RCW 47.79.140.

~~((7))~~ (7) Department of fish and wildlife: Enter into a financing contract for up to \$3,099,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase automated salmon marking trailers.

~~((8))~~ (8) Department of natural resources: Enter into a financing contract for up to \$1,800,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to remodel spaces within agency-owned commercial buildings that will benefit the common school trust.

~~((9))~~ (9) Western Washington University: Enter into a financing contract for up to \$9,950,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a consolidated academic support services facility. Debt service for this facility may not be paid from additional student fees.

~~((10))~~ (10) Community and technical colleges:

(a) Enter into a financing contract on behalf of Columbia Basin Community College for up to \$27,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a student recreation center.

(b) Enter into a financing contract on behalf of Pierce College Puyallup for up to \$2,831,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase land and construct parking.

(c) Enter into a financing contract on behalf of Walla Walla Community College for up to \$1,500,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to build a student activity center on the Clarkston campus.

(d) Enter into a financing contract on behalf of Walla Walla Community College for up to \$6,500,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to build a student recreation center.

(e) Enter into a financing contract on behalf of Wenatchee Valley College for up to \$4,500,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for the Wells Hall replacement project.

(f) Enter into a financing contract on behalf of Yakima Valley Community College for up to \$22,700,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to build additional instructional and lab classroom space.

(g) Enter into a financing contract on behalf of Everett Community College for up to \$10,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase one or more properties adjacent to the campus.

(h) Enter into a financing contract on behalf of South Seattle College for up to \$10,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to build a student wellness and fitness center.

(11) Eastern Washington University: Enter into a financing contract for up to \$3,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for roof replacement projects.

Sec. 7003. RCW 43.19.501 and 2018 c 2 s 7027 are each amended to read as follows:

The Thurston county capital facilities account is created in the state treasury. The account is subject to the appropriation and allotment procedures under chapter 43.88 RCW. Moneys in the

FORTY FIFTH DAY, FEBRUARY 26, 2020

2020 REGULAR SESSION

account may be expended for capital projects in facilities owned and managed by the department in Thurston county. ~~((For the 2015-2017 biennium, moneys in the account may be used for studies related to real estate.))~~

During the ~~((2017-2019))~~ 2019-2021 fiscal biennium, the Thurston county capital facilities account may be appropriated for costs associated with staffing to support capital budget and project activities and lease and facility oversight activities.

NEW SECTION. Sec. 7004. A new section is added to 2019 c 413 (uncodified) to read as follows:

The department of natural resources, in coordination with the department of social and health services, may enter into long-term, revenue generating opportunities for underutilized portions of the Fircrest Residential Habilitation Center bounded by 15th Ave NE and NE 150th Street to benefit the charitable, educational, penal, and reformatory trust. Long-term, revenue generating opportunities may include, but are not limited to, land leases, land sales, and land swaps. It is the intent of the legislature that any revenue obtained from these opportunities be utilized by the department of social and health services for community services benefiting those with developmental disabilities. The department of social and health services and the department of natural resources must amend their lease if necessary to conform with this section.

NEW SECTION. Sec. 7005. A new section is added to 2019 c 413 (uncodified) to read as follows:

In order to accelerate the reduction of embodied carbon and improve the environmental performance of construction materials, agencies shall, whenever possible, review and consider embodied carbon reported in environmental product declarations when evaluating proposed structural materials for construction projects.

Sec. 7006. 2019 c 413 s 7021 (uncodified) is amended to read as follows:

(1) The department of enterprise services, in consultation with the office of financial management, is granted the authority to sell the real property known as the Tacoma Rhodes complex. The property consists of the Broadway building, Market building, and parking garage.

(2) The department may negotiate a sale with the city of Tacoma for less than fair market value, but the purchase price must cover appraisal costs, all debt service, all closing costs, all financing contracts, and the cost of outstanding liabilities necessary to keep the department whole.

(3) If the department and the city of Tacoma are unable to negotiate agreed upon terms and execute a purchase and sale agreement by December 31, 2019, the department may sell the property to any purchaser for no less than fair market value.

(4) The terms and conditions of the sale must meet the business needs of the state tenants.

(5) Any sale proceeds remaining after the department has satisfied all of the obligations, including appraisal costs, all debt service, all closing costs, all financing contracts, and the cost of outstanding liabilities, must be deposited into the Thurston county capital facilities account. It is the intent of the legislature to use the sale proceeds for projects on the Capitol Campus.

NEW SECTION. Sec. 7007. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 7008. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."
