Select Committee on Pension Reform
Dear Chair Conway

In 1995 I retired from a full, productive, and satisfying career with the Department of Ecology.

I felt that I had adequately planned carefully for my retirement. My planning, of course, did not anticipate the level of inflation relating from the ongoing pandemic.

The one-time COLA has been helpful and is appreciated. It truly needs to be made permanent.

I ask you to please support the Retired Public Employees Council's proposal (and my request) that you move toward a permanent COLA for Plan 1 employees.

Thank You,
David Rodney Mack
