Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that:

(a) The epidemic of homelessness apparent in communities throughout Washington is creating immense suffering. It is threatening the health of homeless families and individuals, sapping their human potential, eroding public confidence, and undermining the shared values that have driven our state's prosperity, including public safety and access to public streets, parks, and facilities;

(b) In seeking to identify the causes of this epidemic, a large proportion of those unsheltered also suffer from serious behavioral health or physical health conditions that will inevitably grow worse without timely and effective health care;

(c) Housing is an indispensable element of effective health care. Stable housing is a prerequisite to addressing behavioral health needs and lack of housing is a precursor to poor health outcomes;

(d) A home, health care, and wellness are fundamental for Washington residents;

(e) Reducing homelessness is a priority of the people of Washington state and that reducing homelessness through policy alignment and reform lessens fiscal impact to the state and improves the economic vitality of our businesses;

(f) The impact of this epidemic is falling most heavily on those communities that already suffer the most serious health disparities: Black, indigenous,

people of color, and historically marginalized and underserved communities. It is a moral imperative to shelter chronically homeless populations; and

(g) Washington state has many of the tools needed to address this challenge, including a network of safety net health and behavioral health care providers in both urban and rural areas, an effective system of health care coverage through apple health, and excellent public and nonprofit affordable housing providers. Yet far too many homeless families and individuals are going without the housing and health care resources they need because these tools have yet to be combined in an effective way across the state.

(2) It is the intent of the legislature to treat chronic homelessness as a medical condition and that the apple health and homes act address the needs of chronically homeless populations by pairing a health care problem with a health care solution.

NEW SECTION. **Sec. 2.** A new section is added to chapter 74.09 RCW to read as follows:

The definitions in this section apply throughout sections 3 and 4 of this act unless the context clearly requires otherwise.

(1) "Community support services" means active search and promotion of access to, and choice of, appropriate, safe, and affordable housing and ongoing supports to assure ongoing successful tenancy. The term includes, but is not limited to, services to medical assistance clients who are homeless or at risk of becoming homeless through outreach, engagement, and coordination of services with shelter and housing. The term includes benefits offered through the foundational community supports program established pursuant to the authority's federal waiver, entitled "medicaid transformation project," as amended and reauthorized.

(2) "Community support services provider" means a local entity that contracts with a coordinating entity to provide community support services. A community support services provider may also separately perform the functions of a housing provider.

(3) "Coordinating entity" means one or more organizations, including medicaid

managed care organizations, under contract with the authority to coordinate community support services as required under sections 3 and 4 of this act. There may only be one coordinating entity per regional service area.

(4) "Department" means the department of commerce.

(5) "Homeless person" has the same meaning as in RCW 43.185C.010.

(6) "Housing provider" means a public or private organization that supplies permanent supportive housing units consistent with RCW 36.70A.030 to meet the housing needs of homeless persons. A housing provider may supply permanent supportive housing in a site-based or scattered site arrangement using a variety of public, private, philanthropic, or tenant-based sources of funds to cover operating costs or rent. A housing provider may also perform the functions of a community support services provider.

(7) "Office" means the office of apple health and homes created in section 5 of this act.

(8) "Program" means the apple health and homes program established in section 3 of this act.

(9) "Permanent supportive housing" has the same meaning as in RCW 36.70A.030.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the COVID-19 public health emergency has pushed our health care system to its breaking point. Our nurses and health care workers who directly care for and support patients have continued to provide high-quality care despite the incredible challenges. But it has not been without significant cost. Nurses and health care workers are facing unprecedented levels of stress and job turnover. These concerns existed before the pandemic and have only worsened during this public health emergency. The legislature finds that improving nurse and health care worker safety and working conditions leads to better patient care. Specifically, establishing minimum nurse-to-patient staffing standards, expanding break and overtime laws for certain health care workers and to more health care facilities, and requiring hospitals to create staffing plans, all of which are subject to enforcement and penalties for violations, will better serve patients and our community.

care nursing assistant-certified may be assigned at all points during a shift.

(c) A hospital may not average the number of patients and the total number of direct care registered nurses and direct care nursing assistants-certified assigned to patients in a unit during any one shift or over any period of time, in order to meet the personnel assignment limits established in this section.

(6) Nothing in this section precludes a hospital from assigning fewer patients to a direct care registered nurse or direct care nursing assistant-certified than the limits established in this section.

(7) The personnel assignment limits established in this section do not decrease any nurse-to-patient staffing levels:

(a) In effect pursuant to a collective bargaining agreement; or

(b) Established under a hospital's staffing plan in effect as of January 1, 2022, except with majority vote of the staffing committee.

(8) A direct care registered nurse or direct care nursing assistant-certified may not be assigned to a nursing unit or clinical area unless that nurse has first received orientation in that clinical area sufficient to provide competent care to patients in that area and has demonstrated current competence in providing care in that area.

NEW SECTION. **Sec. 4.** (1)(a) The department may grant a variance from the minimum staffing standards in section 3 of this act for "good cause."

(b) "Good cause" means situations where a hospital can establish that compliance with the minimum staffing standards are infeasible, and that granting a variance does not have a significant harmful effect on the health, safety, and welfare of the involved employees and patients.

(2) A hospital, as defined in section 3 of this act, may seek a variance from the minimum staffing standards by submitting a written application to the department. The application must contain the following:

(a) A justification for the variance, which establishes good cause for not complying with minimum staffing standards;

(b) The alternative minimum staffing standards that will be imposed;

(c) The group of employees for whom the variance is sought;

(d) Evidence that infeasibility was discussed along with underlying data supporting the claim of infeasibility at least twice by the hospital staffing committee and a statement from the staffing committee where consensus exists or statements where there is dispute; and

(e) Evidence that the hospital provided to the involved employees and, if applicable, to their union representatives, the following:

(i) A copy of the written request for a variance;

(ii) Information about the right of the involved employees and, if applicable, their union representatives, to be heard by the department during the variance application review process;

(iii) Information about the process by which involved employees and, if applicable, their union representatives, may make a written request to the director for reconsideration, subject to

the provisions established in subsection (7) of this section; and

(iv) The department's address and phone number, or other contact information.

(3) The department must allow the hospital, any involved employees and, if applicable, their union representatives, the opportunity for oral or written presentation during the variance application review process whenever circumstances of the particular application warrant it.

(4) No later than 60 days after the date on which the department received the application for a variance, the department must issue a written decision either granting or denying the variance. The department may extend the 60-day time period by providing advance written notice to the hospital and, if applicable, the union representatives of any involved employees, setting forth a reasonable justification for an extension of the 60-day time period, and specifying the duration of the extension. The hospital must provide involved employees with notice about any such extension.

(5) Variances shall be granted if the department determines that there is good cause for allowing a hospital to not comply with the minimum staffing standards in section 3 of this act. The variance order shall state the following:

(a) The alternative minimum staffing standards approved in the variance;

(b) The basis for a finding of good cause;

(c) The group of employees impacted; and

(d) The period of time for which the variance will be valid, not to exceed five years from the date of issuance.

(6) Upon making a determination for issuance of a variance, the department must provide notification in writing to the hospital and, if applicable, the union representatives of any involved employees. If the variance is denied, the written notification must include a stated basis for the denial.

(7) A hospital, involved employee and, if applicable, their union representative, may file with the director a request for reconsideration within 15 days after receiving notice of

the variance determination. The request for reconsideration must set forth the grounds upon which the reconsideration is being made. If reasonable grounds exist, the director may grant such review and, to the extent deemed appropriate, afford all interested parties an opportunity to be heard. If the director grants such review, the written decision of the department will remain in place until the reconsideration process is complete.

(8) Unless subject to the reconsideration process, the director may revoke or terminate the variance order at any time after giving the hospital at least 30 days' notice before revoking or terminating the order.

(9) Where immediate action is necessary pending further review by the department, the department may issue a temporary variance. The temporary variance will remain valid until the department determines whether good cause exists for issuing a variance. A hospital need not meet the requirement in subsection (2)(d) of this section in order to be granted a temporary variance.

(10) If a hospital obtains a variance under this section, the hospital must provide the involved employees with information about the minimum staffing standards that apply within 15 days of receiving notification of such approval from the department. A hospital must make this information readily available to all employees.

(11) Variances under this section may be renewed.

(12) The director may adopt rules to establish additional variance eligibility criteria.

The hospital staffing committee shall use a uniform format or form, created by the department, in consultation with stakeholders from hospitals and labor organizations, for complying with the requirement to submit the annual staffing plan. The uniform format or form must provide space to include the factors considered under this section and allow patients and the public to clearly understand and compare staffing patterns and actual levels of staffing across facilities. Hospitals may include a description of additional resources available to support unit-level patient care and a description of the hospital,

including the size and type of facility. Factors to be considered in the development of the plan should include, but are not limited to:

(c) Review, assessment, and response to staffing variations or ~~((concerns))~~ complaints presented to the committee.

(4) In addition to the factors listed in subsection (3)(a) of this section, hospital finances and resources must be

taken into account in the development of the ~~((nurse))~~ staffing plan.

(5) The staffing plan must not diminish other standards contained in state or federal law and rules, or the terms of an applicable collective bargaining agreement ~~((, if any, between the hospital and a representative of the nursing staff))~~.

(6) (a) The committee ~~((will))~~ shall produce the hospital's annual ~~((nurse))~~ staffing plan. If this staffing plan is not adopted by consensus of the hospital ~~((, the))~~ staffing committee, the prior annual staffing plan remains in effect and the hospital is subject to daily fines of \$5,000 for hospitals licensed under chapter 70.41 RCW or daily fines of \$100 for: (i) Hospitals certified as critical access hospitals; (ii) hospitals with fewer than 25 acute care beds in operation; and (iii) hospitals certified by the centers for medicare and medicaid services as sole community hospitals as of January 1, 2013, that: Have had less than 150 acute care licensed beds in fiscal year 2011; have a level III adult trauma service designation from the department of health as of January 1, 2014; and are owned and operated by the state or a political subdivision until adoption of a new annual staffing plan by consensus of the committee.

(b) The chief executive officer shall provide ~~((a written explanation of the reasons why the plan was not adopted to the committee))~~ feedback to the hospital staffing committee on a semiannual basis, prior to the committee's semiannual review and adoption of an annual staffing plan. The ~~((chief executive officer))~~ feedback must ~~((then either))~~: ~~((a))~~ (i) Identify those elements of the ~~((proposed plan being changed prior to adoption of the plan by the hospital or (b) prepare an alternate annual staffing plan that must be adopted by the hospital))~~ staffing plan the chief executive officer requests changes to; or (ii) provide a status report on implementation of the staffing plan including nursing sensitive quality indicators collected by the hospital, patient surveys, and recruitment and retention efforts.

(c) Beginning ~~((January 1, 2019))~~ July 1, 2024, each hospital shall submit its staffing plan to the department and thereafter on an annual basis and at any time in between that the plan is updated.

(7) Beginning ~~((January 1, 2019))~~ July 1, 2024, each hospital shall implement the staffing plan and assign nursing personnel to each patient care unit in accordance with the plan.

(a) A registered nurse, ancillary health care personnel, collective bargaining representative, patient, or other individual may report to the staffing committee any variations where the ~~((nurse))~~ personnel assignment in a patient care unit is not in accordance with the adopted staffing plan and may make a complaint to the committee based on the variations.

(b) Shift-to-shift adjustments in staffing levels required by the plan may be made by the appropriate hospital personnel overseeing patient care operations. If a registered nurse or nursing assistant-certified on a patient care unit objects to a shift-to-shift adjustment, the registered nurse or nursing assistant-certified may submit the complaint to the staffing committee.

(c) Staffing committees shall develop a process to examine and respond to data submitted under (a) and (b) of this subsection, including the ability to determine if a specific complaint is resolved or dismissing a complaint based on unsubstantiated data. All complaints submitted to the hospital staffing committee must be reviewed, regardless of what format the complainant uses to submit the complaint.

(8) Each hospital shall post, in a public area on each patient care unit, the ~~((nurse))~~ staffing plan and the ~~((nurse))~~ staffing schedule for that shift on that unit, as well as the relevant clinical staffing for that shift. The staffing plan and current staffing levels must also be made available to patients and visitors upon request.

(9) A hospital may not retaliate against or engage in any form of intimidation of:

(a) An employee for performing any duties or responsibilities in connection with the ~~((nurse))~~ staffing committee; or

(b) An employee, patient, or other individual who notifies the ~~((nurse))~~ staffing committee or the hospital administration of his or her concerns on nurse or ancillary health care personnel staffing.

(10) This section is not intended to create unreasonable burdens on critical access hospitals under 42 U.S.C. Sec. 1395i-4. Critical access hospitals may develop flexible approaches to accomplish the requirements of this section that may include but are not limited to having ~~((nurse))~~ hospital staffing committees work by video conference, telephone, or email.

(11) The hospital staffing committee shall file with the department a charter that must include, but is not limited to:

(a) Roles, responsibilities, and processes by which the hospital staffing committee functions, including processes to ensure adequate quorum and ability of committee members to attend;

Sec. 6. RCW 70.41.425 and 2017 c 249 s 3 are each amended to read as follows:

(1) (a) The department shall investigate a complaint submitted under this section for violation of RCW

(i) Form or establish a hospital staffing committee;

(ii) Conduct a semiannual review of a ~~((nurse))~~ staffing plan;

(iii) Submit a ~~((nurse))~~ staffing plan on an annual basis and any updates; or

(iv) ~~((A))~~ Follow the ~~((nursing))~~ personnel assignments in a patient care unit in violation of section 3 of this act, RCW 70.41.420(7)(a) (as recodified by this act), or shift-to-shift adjustments in staffing levels in violation of RCW 70.41.420(7)(b) (as recodified by this act).

~~((B) The department may only investigate a complaint under this subsection (1)(a)(iv) after making an assessment that the submitted evidence indicates a continuing pattern of unresolved violations of RCW 70.41.420(7)(a) or (b), that were submitted to the nurse staffing committee excluding complaints determined by the nurse staffing committee to be resolved or dismissed. The submitted evidence must include the aggregate data contained in the complaints submitted to the hospital's nurse staffing committee that indicate a continuing pattern of unresolved violations for a minimum sixty-day continuous period leading up to receipt of the complaint by the department.~~

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 80.50.010 and 2001 c 214 s 1 are each amended to read as follows:

The legislature finds that the present and predicted growth in energy demands in the state of Washington requires ~~((the development of))~~ a procedure for the selection and ~~((utilization))~~ use of sites for energy facilities and the identification of a state position with respect to each proposed site. The legislature recognizes that the selection of sites will have a significant impact upon the welfare of the population, the location and growth of industry and the use of the natural resources of the state.

It is the policy of the state of Washington to reduce dependence on fossil fuels by recognizing the need for clean energy in order to strengthen the state's economy, meet the state's greenhouse gas reduction obligations, and mitigate the significant near-term and long-term impacts from climate change while conducting a public process that is transparent and inclusive to all with particular attention to overburdened communities.

The legislature finds that the in-state manufacture of industrial products that enable a clean energy economy is critical to advancing the state's objectives in providing affordable electricity, promoting renewable energy, strengthening the state's economy, and reducing greenhouse gas emissions. Therefore, the legislature intends to provide the council with additional authority regarding the siting of clean energy product manufacturing facilities.

It is the policy of the state of Washington to recognize the pressing need for increased energy facilities, and to ensure through available and reasonable methods~~((r))~~ that the location and operation of ~~((such))~~ all energy facilities and certain clean energy product manufacturing facilities will produce minimal adverse effects on the

environment, ecology of the land and its wildlife, and the ecology of state waters and their aquatic life.

It is the intent to seek courses of action that will balance the increasing demands for energy facility location and operation in conjunction with the broad interests of the public. In addition, it is the intent of the legislature to streamline application review for energy facilities to meet the state's energy goals and to authorize applications for review of certain clean energy product manufacturing facilities to be considered under the provisions of this chapter.

Such action will be based on these premises:

(1) To assure Washington state citizens that, where applicable, operational safeguards are at least as stringent as the criteria established by the federal government and are technically sufficient for their welfare and protection.

(2) To preserve and protect the quality of the environment; to enhance the public's opportunity to enjoy the esthetic and recreational benefits of the air, water and land resources; to promote air cleanliness; ~~((and))~~ to pursue beneficial changes in the environment; and to promote environmental justice for overburdened communities.

(3) To encourage the development and integration of clean energy sources.

(4) To provide abundant clean energy at reasonable cost.

~~((4))~~ (5) To avoid costs of complete site restoration and demolition of improvements and infrastructure at unfinished nuclear energy sites, and to use unfinished nuclear energy facilities for public uses, including economic development, under the regulatory and management control of local governments and port districts.

~~((5))~~ (6) To avoid costly duplication in the siting process and ensure that decisions are made timely and without unnecessary delay while also encouraging meaningful public comment and participation in energy facility decisions.

(8) The council must consult with all federally recognized tribes that possess resources, rights, or interests reserved or protected by federal treaty, statute, or executive order in the area where an energy facility is proposed to be located to provide early and meaningful participation and input during siting review and compliance monitoring. The chair and designated staff must offer to conduct government-to-government consultation to address issues of concern raised by such a tribe. The goal of the consultation process is to identify tribal resources or rights potentially affected by the proposed energy facility and to seek ways to avoid, minimize, or mitigate any adverse effects on tribal resources or rights. The chair must provide regular updates on the consultation to the council throughout the application review process. The report from the council to the governor required in RCW 80.50.100 must include a summary of the government-to-government consultation process that complies with RCW 42.56.300, including the issues and proposed resolutions.

(1) A person proposing to construct, reconstruct, or enlarge a clean energy product manufacturing facility may choose to receive certification under this chapter.

(2) All of the council's powers with regard to energy facilities apply to clean energy product manufacturing facilities, and such a facility is subject to all provisions of this chapter that apply to an energy facility.

Sec. 8. RCW 80.50.071 and 2016 sp.s. c 10 s 1 are each amended to read as follows:

(1) The council shall receive all applications for energy facility site certification. Each applicant shall pay actual costs incurred by the council ~~((and the utilities and transportation commission))~~ in processing an application.

(a) Each applicant shall, at the time of application submission, ~~((deposit with the utilities and transportation commission))~~ pay to the council for deposit into the energy facility site evaluation council account created in section 15 of this act an amount up to fifty thousand dollars, or such greater amount as specified by the council after consultation with the applicant. The council ~~((and the utilities and transportation commission))~~ shall charge costs against the deposit if the applicant withdraws its application and has not reimbursed ~~((the commission, on behalf of))~~ the council~~((r))~~ for all actual expenditures incurred in considering the application.

(b) The council may commission its own independent consultant study to measure the consequences of the proposed energy facility on the environment or any matter that it deems essential to an adequate appraisal of the site. The council~~((r after consultation with the utilities and transportation commission,r))~~ shall provide an estimate of the cost of the study to the applicant and consider applicant comments.

(c) In addition to the deposit required under (a) of this subsection, applicants must reimburse ~~((the utilities and transportation commission, on behalf of))~~ the council~~((r))~~ for actual expenditures that arise in considering the application, including the cost of any independent consultant study. The ~~((utilities and transportation commission, on behalf of the))~~ council~~((r))~~ shall submit to each applicant an invoice of actual expenditures made during the preceding calendar quarter in sufficient detail to explain the expenditures. The applicant

shall pay the ~~((utilities and transportation commission))~~ council the amount of the invoice by the due date.

(2) Each certificate holder shall pay ~~((to the utilities and transportation commission))~~ the actual costs incurred by the council for inspection and determination of compliance by the certificate holder with the terms of the certification relative to monitoring the effects of construction, operation, and site restoration of the facility.

(a) Each certificate holder shall, within thirty days of execution of the site certification agreement, ~~((deposit with the utilities and transportation commission))~~ pay to the council for deposit into the energy facility site evaluation council account created in section 15 of this act an amount up to fifty thousand dollars, or such greater amount as specified by the council after consultation with the certificate holder. The council ~~((and the utilities and transportation commission))~~ shall charge costs against the deposit if the certificate holder ceases operations and has not reimbursed ~~((the commission, on behalf of))~~ the council~~((r))~~ for all actual expenditures incurred in conducting inspections and determining compliance with the terms of the certification.

(b) In addition to the deposit required under (a) of this subsection, certificate holders must reimburse ~~((the utilities and transportation commission, on behalf of))~~ the council~~((r))~~ for actual expenditures that arise in administering this chapter and determining compliance. The council~~((r after consultation with the utilities and transportation commission,r))~~ shall submit to each certificate holder an invoice of the expenditures actually made during the preceding calendar quarter in sufficient detail to explain the expenditures. The certificate holder shall pay ~~((the utilities and transportation commission))~~ the amount of the invoice by the due date.

(3) If an applicant or certificate holder fails to provide the initial deposit, or if subsequently required payments are not received within thirty days following receipt of the invoice from the council, the council may (a) in the case of the applicant, suspend processing of the application until payment is received; or (b) in the case

of a certificate holder, suspend the certification.

(4) All payments required of the applicant or certificate holder under this section are to be made to the ~~((utilities and transportation commission who shall make payments as instructed by the council from the funds submitted))~~ council for deposit into the energy facility site evaluation council account created in section 15 of this act. All such funds shall be subject to state auditing procedures. Any unexpended portions of the deposit shall be returned to the applicant within sixty days following the conclusion of the application process or to the certificate holder within sixty days after a determination by the council that the certificate is no longer required and there is no continuing need for compliance with its terms. For purposes of this section, "conclusion of the application process" means after the governor's decision granting or denying a certificate and the expiration of any opportunities for judicial review.

(5) (a) Upon receipt of an application for an energy facility site certification proposing an energy plant or alternative electrical transmission facilities of a nominal voltage of at least one hundred fifteen thousand volts, the council shall notify in writing the United States department of defense. The notification shall include, but not be limited to, the following:

(i) A description of the proposed energy plant, clean energy product manufacturing facility, or alternative energy resource;

(ii) The location of the site;

(iii) The placement of the energy plant or alternative energy resource on the site;

(iv) The date and time by which comments must be received by the council; and

(v) Contact information of the council and the applicant.

(b) The purpose of the written notification is to provide an opportunity for the United States department of defense to comment upon the application, and to identify potential issues relating to the placement and operations of the energy plant or alternative energy

resource, before a site certification application is approved. The time period set forth by the council for receipt of such comments shall not extend the time period for the council's processing of the application.

(c) In order to assist local governments required to notify the United States department of defense under RCW 35.63.270, 35A.63.290, and 36.01.320, the council shall post on its website the appropriate information for contacting the United States department of defense.

(1) The council shall conduct an informational public hearing in the county of the proposed site as soon as practicable but not later than sixty days after receipt of an application for site certification. However, the place of such public hearing shall be as close as practical to the proposed site.

(2) Subsequent to the informational public hearing, the council shall conduct a public hearing to determine whether or not the proposed site is consistent and in compliance with city, county, or regional land use plans or zoning ordinances ~~((. If it is determined that the proposed site does conform with existing land use plans or zoning ordinances in effect as of the date of the application, the city, county, or regional planning authority shall not thereafter change such land use plans or zoning ordinances so as to affect the proposed site))~~ on the date of the application.

(3) (a) After the submission of an environmental checklist and prior to issuing a threshold determination that a facility is likely to cause a significant adverse environmental impact under chapter 43.21C RCW, the director must notify the project applicant and explain in writing the basis for its anticipated determination of significance. Prior to issuing the threshold determination of significance, the director must give the project applicant the option of withdrawing and revising its application and the associated environmental checklist to clarify or make changes to features of the proposal that are designed to mitigate the impacts that were the basis of the director's anticipated determination of significance. The director shall make the

threshold determination based upon the changed or clarified proposal following the applicant's submittal. The director must provide an opportunity for public comment on a project for which a project applicant has withdrawn and revised the application and environmental checklist and subsequently received a threshold determination of nonsignificance or mitigated determination of nonsignificance.

(b) The notification required under (a) of this subsection is not an official determination by the director and is not subject to appeal under chapter 43.21C RCW.

~~((3))~~ (4) Prior to the issuance of a council recommendation to the governor under RCW 80.50.100 a public hearing, conducted as an adjudicative proceeding under chapter 34.05 RCW, the administrative procedure act, shall be held.

(a) At such public hearing any person shall be entitled to be heard in support of or in opposition to the application for certification by raising one or more specific issues, provided that the person has raised the issue or issues in writing with specificity during the application review process or during the public comment period that will be held prior to the start of the adjudicative hearing.

(b) If the environmental impact of the proposed facility in an application for certification is not significant or will be mitigated to a nonsignificant level under RCW 43.21C.031, the council may limit the topic of the public hearing conducted as an adjudicative proceeding under this section to whether any land use plans or zoning ordinances with which the proposed site is determined to be inconsistent under subsection (2) of this section should be preempted.

(5) After expedited processing is granted under RCW 80.50.075, the council must hold a public meeting to take comments on the proposed application prior to issuing a council recommendation to the governor.

~~((4))~~ (6) Additional public hearings shall be held as deemed appropriate by the council in the exercise of its functions under this chapter.

Sec. 10. RCW 80.50.100 and 2011 c 180 s 109 are each amended to read as follows:

(1) (a) The council shall report to the governor its recommendations as to the approval or rejection of an application for certification within twelve months of receipt by the council of ~~((such))~~ an application deemed complete by the director, or such later time as is mutually agreed by the council and the applicant.

(b) The council shall review and consider comments received during the application process in making its recommendation.

(c) In the case of an application filed prior to December 31, 2025, for certification of an energy facility proposed for construction, modification, or expansion for the purpose of providing generating facilities that meet the requirements of RCW 80.80.040 and are located in a county with a coal-fired electric ~~((generating))~~ generation facility subject to RCW 80.80.040(3)(c), the council shall expedite the processing of the application pursuant to RCW 80.50.075 and shall report its recommendations to the governor within one hundred eighty days of receipt by the council of such an application, or a later time as is mutually agreed by the council and the applicant.

The council shall include conditions in the draft certification agreement to implement the provisions of this chapter ~~((7))~~ including, but not limited to, conditions to protect state or local governmental or community interests affected by the construction or operation of the ~~((energy))~~ facility, and conditions designed to recognize the purpose of laws or ordinances, or rules or regulations promulgated thereunder, that are preempted or superseded pursuant to RCW 80.50.110 as now or hereafter amended.

(3) (a) Within ~~((sixty))~~ 60 days of receipt of the council's report the governor shall take one of the following actions:

(i) Approve the application and execute the draft certification agreement; or

(ii) Reject the application; or

(iii) Direct the council to reconsider certain aspects of the draft certification agreement.

(b) The council shall reconsider such aspects of the draft certification agreement by reviewing the existing record of the application or, as necessary, by reopening the adjudicative proceeding for the purposes of receiving additional evidence. Such reconsideration shall be conducted expeditiously. The council shall resubmit the draft certification to the governor incorporating any amendments deemed necessary upon reconsideration. Within ~~((sixty))~~ 60 days of receipt of such draft certification agreement, the governor shall either approve the application and execute the certification agreement or reject the application. The certification agreement shall be binding upon execution by the governor and the applicant.

(4) The rejection of an application for certification by the governor shall be final as to that application but shall not preclude submission of a subsequent application for the same site on the basis of changed conditions or new information.

(1) In addition to all other powers conferred on the council under this chapter, the council shall have the powers set forth in this section.

(2) ~~((The council, upon request of any potential applicant, is authorized, as provided in this section, to conduct a preliminary study of any potential site prior to receipt of an application for site certification. ~~(3) After receiving a request to study a potential site, the council shall commission its own independent consultant to study matters relative to the potential site. The study shall include, but need not be limited to, the preparation and analysis of environmental impact information for the proposed potential site and any other matter the council and the potential applicant deem essential to an adequate appraisal of the potential site. In conducting the study, the council is authorized to cooperate and work jointly with the county or counties in which the~~

~~potential site is located, any federal, state, or local governmental agency that might be requested to comment upon the potential site, and any municipal or public corporation having an interest in the matter. ~~(7) Nothing in this section shall be construed as preventing a city or county from requiring any information it deems appropriate to make a decision approving a particular location.)) (a) The council, upon agreement with any potential applicant, is authorized as provided in this section to conduct a preliminary study of any potential project prior to receipt of an application for site certification. This preliminary study must be completed before any environmental review or process under RCW 43.21C.031 is initiated. In conducting the study, the council is authorized to cooperate and work jointly with the county or counties in which the potential project is located, any federal, state, local, or tribal governmental agency that might be requested to comment on the potential project, and any municipal or public corporation having an interest in the matter. The full cost of the study must be paid by the potential applicant. However, costs exceeding a total of \$10,000 are payable subject to the potential applicant giving prior approval to such an excess amount.

(3) All payments required of the potential applicant under this section must be deposited into the energy facility site evaluation council account created in section 15 of this act. All of these funds are subject to state auditing procedures. Any unexpended portions of the funds must be returned to the potential applicant.

(4) If a potential applicant subsequently submits a formal application for site certification to the council for a site where a preliminary study was conducted, payments made under this section for that study may be considered as payment towards the application fee provided in RCW 80.50.071.
