Actuary's Certification

This section summarizes additional disclosures for the actuarial fiscal note, as well as the actuary's certification of the analysis and conclusions found in the fiscal note. Among other items, this section states who the fiscal note was prepared for and why, our compliance with applicable Washington State laws and Actuarial Standards of Practice, and the credentials of the certifying actuary.

Appendices

The Appendices provide technical details and additional context in support of the analysis found in the body of the actuarial fiscal note. These Appendices are not a part of every fiscal note, but when they are included, they usually focus on more technical aspects of the assumptions, methods, and special data used for the analysis.
