2SSB 5836 Prime Sponsor, Committee on Ways & Means: Redefining the relationship between the state and its postsecondary institutions. As Reported by Committee Higher Education

MAJORITY Recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds a need to redefine the relationship between the state and its postsecondary education institutions through a compact based on trust, evidence, and a new alignment of responsibilities. As the proportion of the state budget dedicated to postsecondary education programs has continued to decrease and the opportunity for this state's citizens to participate in such programs also has declined, the state institutions of higher education have increasingly less flexibility to respond to emerging challenges through innovative management and programming. The legislature finds that this state has not provided its institutions of higher education with the ability to effectively achieve state-wide goals and objectives to increase access to, improve the quality of, and enhance the accountability for its postsecondary education system.

Therefore, the legislature declares that the policy of the state of Washington is to create an environment in which the state institutions of higher education have the authority and flexibility to enhance attainment of state-wide goals and objectives for the state's postsecondary education system through decisions and actions at the local level. The policy shall have the following attributes:

(1) The accomplishment of equitable and adequate enrollment by significantly raising enrollment lids, adequately funding those increases, and providing sufficient financial aid for needy students;

(2) The development and use of a new definition of quality measured by effective operations and clear results; the efficient use of funds to achieve well-educated students;

(3) The attainment of a new resource management relationship that removes the state from micromanagement, allows institutions greater management autonomy to focus resources on essential functions, and encourages innovation; and

(4) The development of a system of coordinated planning and sufficient feedback to assure policymakers and citizens that students are succeeding and resources are being prudently deployed.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.80 RCW to read as follows:

- (1) At the local level, the higher education institutional responsibilities include but are not limited to:
 - (a) Development and provision of strategic plans under the guidelines established by the higher education coordinating board. In developing their strategic plans, the research universities shall consider the feasibility of significantly increasing the number of evening graduate classes;
 - (b) For the four-year institutions of higher education, timely provision of information required by the higher education coordinating board to report to the governor, the legislature, and the citizens;
 - (c) Provision of local student financial aid delivery systems to achieve both state-wide goals and institutional objectives in concert with state-wide policy; and
 - (d) Operating as efficiently as feasible within institutional missions and goals.
- (2) At the state level, the higher education coordinating board shall be responsible for:
 - (a) Delineation and coordination of strategic plans to be prepared by the institutions;
 - (b) Preparation of reports to the governor, the legislature, and the citizens on program accomplishments and use of resources by the institutions;
 - (c) Administration and policy implementation for state-wide student financial aid programs; and
 - (d) Assistance to institutions in improving operational efficiency through measures that include periodic review of program efficiencies.
- (3) At the state level, on behalf of community colleges and technical colleges, the state board for community and technical colleges shall coordinate and report on the system's strategic plans and shall provide any information required of its colleges by the higher education coordinating board.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.80 RCW to read as follows:

In cooperation with institutions of higher education, the state board for community and technical colleges, and appropriate state and local agencies, the higher education coordinating board may identify methods to reduce administrative barriers to efficient institutional operations. These methods may include waivers of statutory requirements and administrative rules. The higher education coordinating board shall report to the governor and appropriate legislative committees its recommendations for any statutory changes necessary to enhance institutional efficiencies. In cooperation with affected institutions, the board shall work with appropriate agencies to reduce administrative barriers that do not require statutory changes.

NEW SECTION. Sec. 4. A new section is added to chapter 28B.80 RCW to read as follows:

The higher education coordinating board, in conjunction with the four-year institutions of higher education, shall conduct a study of higher education system operations to identify efficiencies to increase access to, improve the quality of, and reduce the cost of higher education. This study shall include but not be limited to:

- (1) Examining potential unnecessary duplicative and low-productivity programs for possible consolidation or termination;
- (2) Developing criteria for and conducting an evaluation of faculty productivity;
- (3) Reviewing and developing recommendations on appropriate institutional roles for providing remedial instruction;
- (4) Exploring the potential for greater use of the public higher education system physical plant and other resources through such means as expanded operations during summer terms, evenings, and weekends;
- (5) Initiating pilot projects to test the effectiveness of actions such as variable tuition rates and faculty salary incentives; and
- (6) Identifying ways for institutions to share resources, faculty, and curricula through collaboration with other public and private postsecondary institutions and common school districts in their service areas to increase student opportunities and reduce costs. Analyses shall include clear articulation of functions among institutions, means to reduce duplication, and policies to facilitate student movement among institutions.

NEW SECTION. Sec. 5. A new section is added to chapter 28B.80 RCW to read as follows:

The higher education coordinating board, in conjunction with the state board for community and technical colleges and the institutions of higher education, shall report regularly to the legislature and the citizens the accomplishments of, expenditures for, and requirements of the postsecondary educational system in the state of Washington. The state board for community and technical colleges and the state institutions of higher education shall report uniformly to the higher education coordinating board, on an annual basis, the information necessary to prepare the report. Independent colleges and universities are encouraged to cooperate with this effort and to provide to the

board information in a uniform format developed by the board, in cooperation with the institutions. Examples of performance measures that could be included are:

- (1) Retention and graduation rates;
- (2) Average time to a degree;
- (3) Credit hours per degree awarded;
- (4) Degrees awarded by discipline and by level;
- (5) Multiple degrees;
- (6) Measures taken to reduce duplicative courses, programs, and requirements;
- (7) Student-faculty contact hours;
- (8) Placement rates;
- (9) Success in recruiting and graduating underrepresented groups; and
- (10) Various fiscal and management measures.

Sec. 6. RCW 28B.80.330 and 1985 c 370 s 4 are each amended to read as follows:

The board shall perform the following planning duties in consultation with the four-year institutions, the community and technical college system, and when appropriate the ~~((commission for vocational education))~~ work force training and education coordinating board, the superintendent of public instruction for the vocational-technical institutes, and the independent higher educational institutions:

- (1) Develop and establish role and mission statements for each of the four-year institutions and for the community and technical college system;
- (2) Identify the state's higher education goals, objectives, and priorities;
- (3) Prepare a comprehensive master plan which includes but is not limited to:
 - (a) Assessments of the state's higher education needs. These assessments may include, but are not limited to: The basic and continuing needs of various age groups; business and industrial needs for a skilled workforce; analyses of demographic, social, and economic trends; consideration of the changing ethnic composition of the population and the special needs arising from such trends; college attendance, retention, and dropout rates, and the needs of recent high school graduates and placebound adults. The board should consider the needs of residents of all geographic regions, but its initial priorities should be applied to heavily populated areas underserved by public institutions;
 - (b) Recommendations on enrollment and other policies and actions to meet those needs;
 - (c) Guidelines for continuing education, adult education, public service, and other higher education programs.

The initial plan shall be submitted to the governor and the legislature by December 1, 1987. Comments on the plan from the board's advisory committees and the institutions shall be submitted with the plan.

The plan shall be updated ~~((biennially))~~ every four years, and presented to the governor and the appropriate legislative policy committees. Following public hearings, the legislature shall, by concurrent resolution, approve or recommend changes to the initial plan, and the ~~((biennial))~~ updates. The plan shall then become state higher education policy unless legislation is enacted to alter the policies set forth in the plan;

- (4) Review, evaluate, and make recommendations on operating and capital budget requests from four-year institutions and the community and technical college system, based on the elements outlined in subsections (1), (2), and (3) of this section, and on guidelines which outline the board's fiscal priorities. These guidelines shall be distributed to the institutions and the community college board by December of each odd-numbered year. The institutions and the community college board shall submit an outline of their proposed budgets, identifying major components, to the board no later than August 1 of each even-numbered year. The board shall submit recommendations on the proposed budgets and on the board's budget priorities to the office of financial management before October 15 of each even-numbered year, and to the legislature by January 1 of each odd-numbered year;

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. LEGISLATIVE FINDINGS AND DECLARATIONS. The legislature finds and declares that the issuance by state and local governments of bonds and other obligations, and the investment of moneys in connection with these obligations, involve exposure to changes in interest rates; that a number of financial instruments are available to lower the net cost of these borrowings, to increase the net return on these investments, or to reduce the exposure of state and local governments to changes in interest rates; that these reduced costs and increased returns for state and local governments will benefit taxpayers and ratepayers; and that the legislature desires to provide state and local governments with express statutory authority to take advantage of these instruments. In recognition of the complexity of these financial instruments, the legislature desires that this authority be subject to certain limitations, and be granted for an initial period of two years.

- (4) "Obligations" means bonds, notes, bond anticipation notes, commercial paper, or other obligations for borrowed money, or lease, installment purchase, or other similar financing agreements or certificates of participation in such agreements.

No governmental entity may carry on a business of acting as a dealer in payment agreements.

(2) No governmental entity may enter into a payment agreement under this chapter unless it first:

(a) Finds and determines, by ordinance or resolution, that the payment agreement, if fully performed by all parties thereto, will (i) reduce the amount or duration of its exposure to changes in interest rates; or (ii) result in a lower net cost of borrowing with respect to the related obligations, or a higher net rate of return on investments made in connection with, or incidental to, the issuance, incurring, or carrying of those obligations;

(b) Obtains, on or prior to the date of execution of the payment agreement, a written certification from a financial advisor that (i) the terms and conditions of the payment agreement and any ancillary agreements, including without limitation, the interest rate or rates and any other amounts payable thereunder, are commercially reasonable in light of then existing market conditions; and (ii) the finding and determination contained in the ordinance or resolution required by (a) of this subsection is reasonable.

(3) Prior to selecting the other party to a payment agreement, a governmental entity shall solicit and give due consideration to proposals from at least two entities that meet the criteria set forth in section 4(2) of this act. (ii) The payment obligations of the other party under the agreement are collateralized by direct obligations of, or obligations the principal and interest on which are guaranteed by, the United States of America, that (A) are deposited with the governmental entity or an agent of the governmental entity; and (B) maintain a market value of not less than one hundred two percent of the net market value of the payment agreement to the governmental entity, as such net market value may be defined and determined from time to time under the terms of the payment agreement.

(3) No governmental entity may enter into a payment agreement with a party who qualifies under subsection (2)(a) of this section unless the payment agreement provides that, in the event the credit rating of the other party or its guarantor falls below the level required by subsection (2)(a) of this section, such party will comply with the collateralization requirements contained in subsection (2)(b) of this section.

(4) No governmental entity may enter into a payment agreement unless:

(a) The notional amount of the payment agreement does not exceed the principal amount of the obligations with respect to which the payment agreement is made; and

NEW SECTION. Sec. 7. EXPIRATION DATE--VALIDITY OF CONTRACTS. (1) Except as provided in subsection (3) of this section, no governmental entity may enter a payment agreement under section 3 of this act after June 30, 1995.

WHEREAS, A great public health alarm has been caused in Washington state with over four hundred fifty people confirmed as having contracted Escherichia coli 0157:H7 since early December of 1992; and

MAJORITY recommendation: Do pass with the following amendment:

On page 3, strike lines 4 through 18 and insert:

(c) Investigate the origin and cause of all forest fires to determine whether either a criminal act or negligence by any person, firm, or corporation caused the starting, spreading, or existence of the fire. In conducting investigations, the department shall work cooperatively, to the extent possible, with utilities, property owners, and other interested parties to identify and preserve evidence. Except as provided otherwise in this subsection, the department in conducting investigations is authorized, without court order, to take possession or control of relevant evidence found in plain view and belonging to any person, firm, or corporation. To the extent possible, the department shall notify the person, firm, or corporation of its intent to take possession or control of the evidence. The person, firm, or corporation shall be afforded reasonable opportunity to view the evidence and, before the department takes possession or control of the evidence, also shall be afforded reasonable opportunity to examine, document, and photograph it. If the person, firm, or corporation objects in writing to the department's taking possession or control of the evidence, the department must either return the evidence within seven days after the day on which the department is provided with the written objections or obtain a court order authorizing the continued possession or control.

Absent a court order authorizing otherwise, the department may not take possession or control of evidence over the objection of the owner of the evidence if: (i) The evidence is used by the owner in conducting a business or in providing an electric utility service; and (ii) the department's taking possession or control of the evidence would substantially and materially interfere with the operation of the business or provision of electric utility service. Absent a court order authorizing otherwise, the department may not take possession or control of evidence over the objection

of an electric utility when the evidence is not owned by the utility but has caused damage to property owned by the utility. However, this paragraph does not apply if the department has notified the utility of its intent to take possession or control of the evidence and provided the utility with reasonable time to examine, document, and photograph the evidence.

Only personnel qualified to work on electrical equipment may take possession or control of evidence owned or controlled by an electric utility."

ESSB 5226 Prime Sponsor, Committee on Ways & Means: Providing for additional evaluation of state programs. Reported by Committee on State Government

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that many of the systems currently in place for assuring accountability in state government programs are not operated comprehensively, do not take advantage of modern management techniques, and do not contribute adequately to the optimum use of scarce resources. Critical variables that are not always taken into account include whether stated goals and objectives are being achieved, and whether desired results are being accomplished.

Agency executives need more accurate information for setting policy, determining whether new or existing programs are effective, and improving internal controls for agency management. These needs must be met at all levels of operation, and must be clearly communicated to the legislature and all interested parties.

Ensuring accountability in government involves a long-term commitment to policy planning, quality management, and results-oriented evaluation. It is the intent of this act to facilitate program evaluations and performance audits of selected state agencies and programs through the coordinated resources of the executive and legislative branches of state government.

NEW SECTION. Sec. 3. By July 1, 1994, each state agency shall define its mission or missions and establish measurable goals for achieving desirable results or outcomes for its customers. Agency customers shall include, but not be limited to, service recipients, regulated entities, and the public at large. This section shall not be construed to require an agency to develop a new mission or goals in place of existing identifiable missions or goals which meet the intent of this provision. Each state agency should involve affected stakeholders in planning its missions and goals. By January 1, 1995, each state agency shall submit its missions and goals to the appropriate standing committees of the legislature for review.

Sec. 4. RCW 43.88.090 and 1989 c 273 s 26 are each amended to read as follows:

(1) For purposes of developing budget proposals to the legislature, the governor shall have the power, and it shall be the governor's duty, to require from proper agency officials such detailed estimates and other information in such form and at such times as the governor shall direct. The estimates for the legislature and the judiciary shall be transmitted to the governor and shall be included in the budget without revision. The estimates for state pension contributions shall be based on the rates provided in chapter 41.45 RCW. Copies of all such estimates shall be transmitted to the standing committees on ways and means of the house and senate at the same time as they are filed with the governor and the office of financial management.

~~(2) ((Estimates from each agency shall include goals and objectives for each program administered by the agency. The goals and objectives shall, whenever possible, be stated in terms of objective measurable results.))~~ For the purpose of assessing program performance, each state agency shall establish program objectives for each major program in its budget. The objectives shall be consistent with the missions and goals developed under section 3 of this act. These objectives shall be established for the biennium and for a six-year planning cycle. Each agency shall express the objectives in an outcome based, objective, quantifiable, and measurable form unless permitted by the office of financial management to adopt a different standard.

The estimates shall include statements or tables which indicate, by agency, the state funds which are required for the receipt of federal matching revenues. The estimates shall be revised as necessary to reflect legislative enactments and adopted appropriations and shall be included with the initial biennial allotment submitted under RCW 43.88.110.

(3) In the year of the gubernatorial election, the governor shall invite the governor-elect or the governor-elect's designee to attend all hearings provided in RCW 43.88.100; and the governor shall furnish the governor-elect or the governor-elect's designee with such information as will enable the governor-elect or the governor-elect's designee to gain an understanding of the state's budget requirements. The governor-elect or the governor-elect's designee may ask such questions during the hearings and require such information as the governor-elect or the governor-elect's designee deems necessary and may make recommendations in connection with any item of the budget which, with the governor-elect's reasons therefor, shall be presented to the legislature in writing with the budget document. Copies of all such estimates and other required information shall also be submitted to the standing committees on ways and means of the house and senate.

Sec. 5. RCW 43.88.160 and 1992 c 118 s 8 are each amended to read as follows:

This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) The director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency which will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to prescribed managerial policies for accounting and financial controls. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.

Each agency head or authorized designee shall be assigned the responsibility and authority for establishing and maintaining internal audits following the standards of internal auditing of the institute of internal auditors;

(b) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

~~((b))~~ (c) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

~~((c))~~ (d) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter said plans, except that for the following agencies no amendment or alteration of said plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

~~((d))~~ (e) Fix the number and classes of positions or authorized man years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix said number or said classes for the following: Agencies headed by elective officials;

~~((e))~~ (f) Provide for transfers and repayments between the budget stabilization account and the general fund as directed by appropriation and RCW 43.88.525 through 43.88.540;

~~((f) Promulgate regulations))~~ (g) Adopt rules to effectuate provisions contained in (a) through ~~((g))~~ (f) of this subsection.

(5) The treasurer shall:

(a) Receive, keep, and disburse all public funds of the state not expressly required by law to be received, kept, and disbursed by some other persons: PROVIDED, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;

(b) Disburse public funds under the treasurer's supervision or custody by warrant or check;

(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;

(d) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to issue any warrant or check for public funds in the treasury except upon forms duly prescribed by the director of financial management. Said forms shall provide for authentication and certification by the agency head or the agency head's designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect and copies thereof are on file with the office of financial management; and the treasurer shall not be liable under the treasurer's surety bond for erroneous or improper payments so made: PROVIDED, That when services are lawfully paid for in advance of full performance by any private individual or business entity other than as provided for by RCW 42.24.035, such individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of general administration but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services: AND PROVIDED FURTHER, That no payments shall be made in advance for any equipment maintenance services to be performed more than three months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head's designee in accordance with regulations issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(6) The state auditor shall:

(a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor's discretion, examine the books and accounts of any agency, official or employee charged with the receipt, custody or safekeeping of public funds. Where feasible in conducting examinations, the auditor shall utilize data and findings from the internal control system prescribed by the office of financial management. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.

(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.

(c) Make the auditor's official report on or before the thirty-first of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal period and shall include ~~((at least the following:))~~ determinations as to whether agencies, in making expenditures, complied with the laws of this state ~~((: PROVIDED, That nothing in this section may be construed to grant))~~. The state auditor ((the right)) is authorized to perform or participate in performance audits only as expressly authorized by the legislature in the omnibus biennial appropriations acts. A performance audit for the purpose of this section is the examination of the effectiveness of the administration, its efficiency, and its adequacy in terms of the programs of departments or agencies as previously approved by the legislature. ~~((The authority and responsibility to conduct such an examination shall be vested in the legislative budget committee as prescribed in RCW 44.28.085.))~~ The state auditor, upon completing an audit for legal and financial compliance under chapter 43.09 RCW, may report to the legislative budget committee or other appropriate committees of the legislature, in a manner prescribed by the legislative budget committee, on facts relating to the management or performance of governmental programs where such facts are discovered incidental to the legal and financial audit: PROVIDED, That the auditor may make such a report to a legislative committee only if the auditor has determined that the agency has been given an opportunity and has failed to resolve the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection (6) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts.

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency's financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken promptly, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110.

(e) Promptly report any irregularities to the attorney general.

(f) Investigate improper governmental activity under chapter 42.40 RCW.

(7) The legislative budget committee may:

(a) Make post audits of the financial transactions of any agency and management surveys and program reviews as provided for in RCW 44.28.085 as well as performance audits and program evaluations. To this end the committee may in its discretion examine the books, accounts, and other records of any agency, official, or employee.

(b) Give information to the legislature or any legislative committee whenever required upon any subject relating to the performance and management of state agencies.

(c) Make a report to the legislature which shall include at least the following:

- (i) Determinations as to the extent to which agencies in making expenditures have complied with the will of the legislature and in this connection, may take exception to specific expenditures or financial practices of any agencies; and
- (ii) Such plans as it deems expedient for the support of the state's credit, for lessening expenditures, for promoting frugality and economy in agency affairs and generally for an improved level of fiscal management.

NEW SECTION. Sec. 6. A new section is added to chapter 44.28 RCW to read as follows:

(1) In conducting program evaluations as defined in RCW 43.88.020, the legislative budget committee shall establish a biennial work plan that identifies state agency programs for which formal evaluation appears necessary. Among the factors to be considered in preparing the work plan are:

(a) Whether a program newly created or significantly altered by the legislature warrants continued oversight because (i) the fiscal impact of the program is significant, or (ii) the program represents a relatively high degree of risk in terms of reaching the stated goals and objectives for that program;

(b) Whether implementation of an existing program has failed to meet its goals and objectives by any significant degree.

(2) The project description for each program evaluation shall include start and completion dates, the proposed research approach, and cost estimates.

(3) The overall plan may include proposals to employ contract evaluators. As conditions warrant, the program evaluation work plan may be amended from time to time. All biennial work plans shall be transmitted to the appropriate fiscal and policy committees of the senate and the house of representatives.

Sec. 7. RCW 44.28.085 and 1975 1st ex.s. c 293 s 15 are each amended to read as follows:

The legislative budget committee shall make management surveys and program reviews as to every public body, officer or employee subject to the provisions of RCW 43.09.290 through 43.09.340. The legislative budget committee may also make management surveys and program reviews of local school districts, intermediate school districts, and other units of local government receiving state funds as grants-in-aid or as shared revenues. Management surveys for the purposes of this section shall be an independent examination for the purpose of providing the legislature with an evaluation and report of the manner in which any public agency, officer, administrator, or employee has discharged the responsibility to faithfully, efficiently, and effectively administer any legislative purpose of the state. Program reviews for the purpose of this section shall be an examination of state or local government programs to ascertain whether or not such programs continue to serve their intended purposes, are conducted in an efficient and effective manner, or require modification or elimination: PROVIDED, That nothing in this section shall limit the power or duty of the state auditor to report to the legislature as directed by ~~((subsection (3) of))~~ RCW 43.88.160 ~~((as now or hereafter amended. The authority in this section conferred excludes a like authority in the state auditor)).~~

The legislative budget committee shall receive a copy of each report of examination issued by the state auditor under RCW 43.09.310, shall review all such reports, and shall make such recommendations to the legislature and to the state auditor as it deems appropriate.

PART II - GOVERNMENT ACCOUNTABILITY TASK FORCE

NEW SECTION. Sec. 8. There is created a government accountability task force to advise the legislature on establishing a comprehensive, integrated program accountability system for state government. The composition of the task force shall be as follows:

(1) Four members to be appointed by the governor, with at least one representative each from private sector business and industry, state employee labor unions, and public interest organizations;

(2) One representative from each of the four legislative caucuses, to be appointed by the president of the senate and the speaker of the house of representatives;

(3) The state auditor;

(4) The chair of the legislative budget committee;

(5) The director of the office of financial management;

(6) The superintendent of public instruction; and

(7) The chair of the higher education coordinating board.

The chair of the task force shall be selected by its members. Staffing for the task force shall be provided by the legislative budget committee.

This section shall expire December 31, 1995.

NEW SECTION. Sec. 9. The government accountability task force shall develop recommendations to improve the accountability of state government including recommendations that address compliance with the law in the use of resources, efficiency in the use of resources, effectiveness in meeting program goals and objectives, and

appropriateness of program activity in fulfilling the identified public need. The task force shall address the following issues:

(1) The development of a plan for performance audits of state agencies in the executive branch of state government. This plan shall include identification of the proper roles for state agencies, the state auditor, the legislative budget committee, and the commission for efficiency and accountability in government in conducting these performance audits. The plan shall designate the scope and type of audits to be performed.

(2) The development of a plan for a state-wide performance-based evaluations system that addresses:

(a) The development of standard program evaluation definitions and suggested guidelines for conducting program evaluations;

(b) The provision of technical assistance and training programs to agencies in conducting evaluations and using the results of evaluations to improve programs;

(c) The establishment of automated data systems for streamlining the program evaluation process and for tracking results;

(d) The establishment of a clearinghouse for program evaluation results and information from other states and the federal government; and

(e) How to develop indicators of performance for the measurable goals established under section 3 of this act.

(3) Recommendations regarding a plan for a state reporting process on program accountability that addresses to what extent agencies are meeting the goals established in section 3 of this act.

The task force shall present these recommendations to the legislature by December 31, 1995.

E2SSB 5306 Prime Sponsor, Committee on Ways & Means: Reforming education. As Reported by Committee on Education

MAJORITY Recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that the educational needs of our students have increased dramatically in the past several decades. If our young people, families, communities, and nation are to prosper, it is imperative that the achievement of our students in public K-12 schools be significantly increased.

To increase student achievement, the legislature finds that the state of Washington needs to develop a public school education system that focuses more on the educational performance of our students, and less on complying with state laws that dictate how instruction must be offered.

The legislature further finds that improving the state's public schools will require:

(1) Greater involvement of parents in the education of their children, and allowing parents to play a significantly greater role in local school decision making;

(2) Students being held more accountable for their performance and for meeting higher expectations;

(3) Additional time and resources for educators to collaboratively develop and implement strategies for improved student learning;

(4) Making instructional programs more relevant to students' future plans;

(5) All parties responsible for education focus more on what is best for students; and

(6) An educational environment that fosters mutually respectful interactions in an atmosphere of collaboration and cooperation, and in which students develop awareness, understanding, and sensitivity to differences among people, including but not limited to race, gender, color, national origin, and religion.

The legislature further finds that students will learn more when parents take more responsibility for their child's education, when businesses assume greater responsibility for supporting schools, when educators take

responsibility for meeting the diverse educational needs of all students, and when students take more responsibility for their own learning.

It is the intent of the legislature that any student who is having difficulty meeting the essential academic learning requirements in RCW 28A.630.885 be provided alternative or additional instructional opportunities to help him or her meet the requirements. It is also the intent of the legislature that highly capable students who have met or exceeded the essential academic learning requirements be provided with alternative or additional instructional opportunities to help advance their educational experience.

The provisions of this act shall not be construed to change current state requirements for students who receive home-based instruction pursuant to chapter 28A.200 RCW.

PART I STUDENT LEARNING GOALS

Sec. 101. RCW 28A.150.210 and 1992 c 141 s 501 are each amended to read as follows:

The goal of the Basic Education Act for the schools of the state of Washington set forth in this chapter shall be to ~~((provide students with the opportunity to master the essential academic learning requirements necessary for their roles as citizens and potential participants in the economic marketplace and in the marketplace of ideas identified by the commission established in RCW 28A.630.885))~~ enable people to be responsible citizens, to contribute to their own economic well-being and to that of their families and communities, and to enjoy productive and satisfying lives. To these ends, each school district, with the involvement of parents and community members, shall provide opportunities for all students to develop the knowledge and skills essential to:

(1) Read with comprehension, write with skill, and communicate effectively and responsibly in a variety of ways and settings;

(2) Know and apply the core concepts and principles of mathematics; social, physical, and life sciences; history; geography; arts; and health and fitness;

(3) Think analytically, logically, and creatively, and integrate experience and knowledge to form reasoned judgments and solve problems;

(4) Understand the importance of work and how performance and decisions directly affect future career and educational opportunities; and

(5) Function as responsible individuals and contributing members of families, work groups, and communities.

NEW SECTION. Sec. 102. Section 101 of this act shall take effect September 1, 1998. However, section 101 of this act shall not take effect if, by September 1, 1998, a law is enacted stating that a school accountability and academic assessment system is not in place.

PART II COMMISSION ON STUDENT LEARNING

NEW SECTION. Sec. 201. A new section is added to chapter 28A.630 RCW to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 28A.630.885.

(1) "Commission" means the commission on student learning created in RCW 28A.630.885.

(2) "Student learning goals" mean the goals established in RCW 28A.150.210.

(3) "Essential academic learning requirements" means more specific academic and technical skills and knowledge that must be learned by students. The essential academic learning requirements shall be determined in accordance with RCW 28A.630.885.

(4) "Performance standards" or "standards" means the criteria used to determine if a student has successfully learned the specific knowledge or skill being assessed. The performance standards shall be determined in accordance with RCW 28A.630.885.

(5) "Assessment system" or "student assessment system" means a series of assessments used to determine if students have successfully learned the essential academic learning requirements. The assessment system shall be developed in accordance with RCW 28A.630.885.

(6) "Performance-based education system" means an education system in which a significantly greater emphasis is placed on how well students are learning, and significantly less emphasis on the compliance by schools of state-level accountability laws and rules that dictate how instruction is to be provided. The performance-based education system does not require that schools use an outcome-based instructional model. Decisions regarding how instruction is provided are to be made, to the greatest extent possible, by schools and school districts, not by the state.

Sec. 202. RCW 28A.630.885 and 1992 c 141 s 202 are each amended to read as follows:

~~((2))~~ (1) The Washington commission on student learning is hereby established. The primary purposes of the commission are to identify ~~((what))~~ the knowledge and skills all public school students need to know and be able to do based on the student learning goals ((of the governor's council on education reform and funding)) in RCW 28A.150.210, to develop student assessment and school accountability systems, and to take other steps necessary to develop a performance-based education system. The commission shall include three members of the state board of education, three members appointed by the governor before July 1, 1992, and ~~((three))~~ five members appointed no later than ((February)) July 1, 1993, by the governor elected in the November 1992 election. The governor shall appoint a chair from the commission members, and fill any vacancies in gubernatorial appointments that may occur. The state board of education shall fill any vacancies in state board of education appointments that may occur. In making the appointments, educators, business leaders, and parents shall be represented, and nominations from state-wide education, business, and parent organizations shall be requested. Efforts shall be made to ensure that the commission reflects the cultural diversity of the state's K-12 student population and that the major geographic regions in the state are represented. Appointees shall be qualified individuals who are supportive of ~~((educational restructuring))~~ improving education for all children, who have a positive record of service, and who will devote sufficient time to the responsibilities of the commission to ensure that the objectives of the commission are achieved.

~~((3))~~ The commission shall begin its substantive work subject to subsection (1) of this section.

~~((4))~~ (2) The commission shall establish ~~((technical))~~ advisory committees. Membership of the ((technical)) advisory committees shall include, but not necessarily be limited to, professionals from the office of the superintendent of public instruction and the state board of education, and other state and local educational practitioners and student assessment specialists.

~~((5))~~ (3) The commission, with the assistance of the ~~((technical))~~ advisory committees, shall:

(a) ~~((Identify what all elementary and secondary students need to know and be able to do. At a minimum, these))~~ Develop essential academic learning requirements ((shall include reading, writing, speaking, science, history, geography, mathematics, and critical thinking. In developing these essential academic learning requirements, the commission shall incorporate)) based on the student learning goals ((identified by the council on education reform and funding)) in RCW 28A.150.210. The essential academic learning requirements are more specific skills and knowledge that students are expected to have learned at designated stages of their education. Essential academic learning requirements shall be developed, to the extent possible, for each of the student learning goals in RCW 28A.150.210. Proposed essential academic learning requirements for RCW 28A.150.210(1), goal one, and the mathematics component of RCW 28A.150.210(2), goal two, shall be completed no later than September 1, 1994. Proposed essential academic learning requirements that incorporate the remainder of RCW 28A.150.210 (2), (3), and (4), goals two, three, and four, shall be completed no later than September 1, 1995. Essential academic learning requirements for RCW 28A.150.210(5), goal five, shall be completed no later than September 1, 1996. To the maximum extent possible, the commission shall integrate goal four and the knowledge and skill areas in the other four goals in the development of the essential academic learning requirements;

(b) ~~((By December 1, 1995,))~~ Present to the state board of education and superintendent of public instruction a state-wide academic assessment system for use in the elementary ((grades)), middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in (a) of this subsection. The academic assessment system shall include a variety of ((methodologies)) assessment methods, including performance-based measures that are criterion-referenced, and shall include assessments developed, administered, or evaluated by both the commission and local school districts. Performance standards for determining if a student has successfully completed an assessment shall be determined by the commission in consultation with the advisory committees required in subsection (2) of this section. The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who do not master the essential academic learning requirements. ((Mastery of each component of the essential academic learning requirements)) After a determination by the state board of education that the assessment system has been implemented and that it is sufficiently reliable and valid, successful completion of the assessment by students shall be ((required before students progress in subsequent components of the essential academic learning requirements. The state board of education and superintendent of public instruction shall implement the elementary academic assessment system beginning in the 1996-97 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements)) reviewed by school districts for purposes of assessing the adequacy of its curriculum and teaching methods in educating students in the essential academic learning requirements. PART VII TECHNOLOGY

NEW SECTION. Sec. 701. The legislature recognizes the ongoing necessity for public schools to use up-to-date tools for learning to meet goals for education. To participate successfully in the contemporary workplace, students must be knowledgeable in the use of state of the art technologies and be able to access information electronically and efficiently. Workplace technology requirements will continue to change and schools must mirror these changes.

Furthermore, the legislature finds that the Washington systemic initiative is a broad-based effort to promote widespread public literacy in mathematics, science, and technology. A critical component of the systemic initiative is the universal electronic access to information by students. It is the intent of the legislature that components of sections 702 through 706 of this act will support the state-wide systemic reform effort in mathematics, science, and technology as envisioned by the Washington systemic initiative.

NEW SECTION. Sec. 702. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter and section 705 of this act.

(1) "Education technology" or "technology" means the effective use of electronic and optical tools, including telephones, and electronic and optical pathways in meeting the student learning goals established in RCW 28A.150.210.

(2) "Network" means integrated linking of education technology systems in schools for transmission of voice, data, video, or imaging, or a combination of these.

NEW SECTION. Sec. 703. (1) The superintendent of public instruction shall develop and implement a Washington state K-12 education technology plan. The technology plan, which shall be completed by December 15, 1993, and updated on at least an annual basis, shall be developed to coordinate and expand the use of education technology in the common schools of the state. The plan shall be consistent with applicable provisions of chapter 43.105 RCW. The plan, at a minimum, shall address:

(a) The provision of technical assistance to schools and school districts for the planning, implementation, and training of staff in the use of technology in curricular and administrative functions;

(b) The continued development of a network to connect school districts, institutions of higher learning, and other sources of on-line information; and

(c) Methods to equitably increase the use of education technology by students and school personnel throughout the state.

(2) The superintendent of public instruction shall appoint an educational technology advisory committee to assist in the development and implementation of the technology plan in subsection (1) of this section. The committee shall include, but is not limited to, persons representing: The state board of education, the commission on student learning, the department of information services, educational service districts, school directors, school administrators, school principals, teachers, classified staff, higher education faculty, parents, students, business, labor, scientists and mathematicians, the higher education coordinating board, the work force training and education coordinating board, and the state library.

NEW SECTION. Sec. 704. In conjunction with the plan required in section 703 of this act, the superintendent of public instruction shall prepare recommendations to the legislature regarding the development of a grant program for school districts for the purchase and installation of computers, computer software, telephones, and other types of education technology. The recommendations shall address methods to ensure equitable access to technology by students throughout the state, and methods to ensure that school districts have prepared technology implementation plans before applying for grant funds. The recommendations, with proposed legislation, shall be submitted to the appropriate committees of the legislature by December 15, 1993.

NEW SECTION. Sec. 705. A new section is added to chapter 28A.310 RCW to read as follows:

Each educational service district shall establish a representative advisory council to advise the educational service district in the expenditure of funds provided to the technology support centers.

NEW SECTION. Sec. 706. The superintendent of public instruction shall distribute appropriated funds to educational service districts on a grant basis for the regional educational technology support centers established in section 705 of this act.

NEW SECTION. Sec. 707. The superintendent of public instruction shall distribute funds to the Washington school information processing cooperative and to school districts on a grant basis, from moneys appropriated for the purposes of this section, for equipment, networking, and software to expand the current K-12 education state-wide network.

NEW SECTION. Sec. 708. (1) The superintendent of public instruction may receive such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of the superintendent of public instruction and expend the same or any income therefrom according to the terms of the gifts, grants, or endowments.

(2) The education technology fund is hereby established in the custody of the state treasurer. The superintendent of public instruction shall deposit in the fund all moneys received from gifts, grants, or endowments for education technology. Moneys in the fund may be spent only for education technology. Disbursements from the fund shall be on authorization of the superintendent of public instruction or the superintendent's designee. EDUCATOR PERFORMANCE ASSESSMENT

Sec. 801. RCW 28A.410.030 and 1991 c 116 s 21 are each amended to read as follows:

(1) ~~Effective August 31, 1995, the state board of education shall require ((a uniform state admission to practice examination for)) teacher certification candidates((-- Commencing August 31, 1993, teacher certification candidates completing a teacher preparation program shall be required)) to pass an ((admission to practice examination)) individual assessment before being granted an initial certificate. The ((examination)) assessment shall test knowledge and competence in subjects including, but not limited to, instructional skills, classroom management, ((and)) student behavior and development((-- The examination shall consist primarily of essay questions)), oral and written language skills, student performance-based assessment skills, and other knowledge, skills, and attributes needed to be successful in assisting all students, including students with diverse and unique needs, in achieving mastery of the essential academic learning requirements established pursuant to RCW 28A.630.885. In administering the assessment, the state board shall address the needs of certification candidates who have specific learning disabilities, such as dyslexia.~~

(2) ~~The state board of education shall adopt such rules as may be necessary to implement this section, including, but not limited to, rules establishing the fees assessed persons who apply to take the assessment and the circumstances, if any, under which such fees may be refunded in whole or part. Fee revenues received under this section shall be deposited in the teacher assessment revolving fund hereby established in the custody of the state treasurer. The fund is subject to the allotment procedures provided under chapter 43.88 RCW, but no appropriation is required for disbursement. The superintendent of public instruction shall be responsible for administering the assessment program consistent with state board of education rules, and may enter into contracts for six or fewer years with public and private contracts to establish, equip, maintain, and operate the program, in whole or part. The superintendent of public instruction shall expend moneys from the teacher assessment revolving fund exclusively for the direct and indirect costs of establishing, equipping, maintaining, and operating the assessment program.~~

NEW SECTION. **Sec. 802.** By August 31, 1997, the state board of education shall develop and implement a new system for approving educator preparation programs pursuant to RCW 28A.305.130(1). The new approval system shall be based primarily on how successful the graduates of each preparation program are in passing the individual performance-based assessment in RCW 28A.410.030.

PART IX COORDINATED SCHOOL AND HUMAN SERVICES

NEW SECTION. **Sec. 901.** A new section is added to chapter 28A.215 RCW to read as follows:

(1) The purpose of this section is to enhance the quantity, quality, efficiency, and effectiveness of services for children and families in order to enable all children to arrive at school ready to learn throughout their educational experience.

(2) From appropriated funds, the family policy council established in chapter 70.190 RCW shall provide grants for selected programs geographically distributed throughout the state to provide coordinated social, health, and educational services to children and families.

(3) Coordinated educational, health, and social services shall be delivered in a manner that recognizes the need for strong and self-sufficient families and has as the ultimate goal the empowerment of parents to become the self-sufficient providers of care to their children.

(4) In allocating funding under this section, the family policy council shall select and allocate funding to consortiums, as defined by RCW 70.190.010, for a service or services that are identified under a comprehensive plan that meets the requirements of chapter 70.190 RCW and that meets one or more of the following objectives:

(a) Support services that recognize that every parent is the first and most essential teacher and that provide parents of newborn children with assistance to prepare their children to achieve success in school;

(b) Strategies to ensure that children experience a safe and nurturing family environment;

(c) Delivery of services that are culturally relevant and sensitive to the diverse nature of the community's population;

(d) Strategies to ensure that all children have the skills, self-esteem, and support to make informed decisions about sex, drugs, alcohol, and other influences or activities that could obstruct their education and development.

(5) The council shall ensure each of the objectives in subsection (4) of this section is included in at least one of the funded projects.

Sec. 902. RCW 70.190.005 and 1992 c 198 s 1 are each amended to read as follows:

The legislature finds that a primary goal of public involvement in the lives of children has been to strengthen the family unit.

However, the legislature recognizes that traditional two-parent families with one parent routinely at home are now in the minority. In addition, extended family and natural community supports have eroded drastically. The legislature recognizes that public policy assumptions must be altered to account for this new social reality. Public effort must be redirected to expand, support, strengthen, and help refashion family and community associations to care for children.

The legislature finds that a broad variety of services for children and families has been independently designed over the years and that the coordination and cost-effectiveness of these services will be enhanced through the adoption of a common approach to their delivery. The legislature further finds that the most successful programs for reaching and working with at-risk families and children treat individuals' problems in the context of the family, offer a broad spectrum of services, are flexible in the use of program resources, and use staff who are trained in crossing traditional program categories in order to broker services necessary to fully meet a family's needs.

The legislature further finds that eligibility criteria, expenditure restrictions, and reporting requirements of state and federal categorical programs often create barriers toward the effective use of resources for addressing the multiple problems of at-risk families and children.

The purposes of this chapter are (1) to modify public policy and programs to empower communities to support and respond to the needs of individual families and children ~~((and))~~, (2) to improve the responsiveness of services for children and families at risk by facilitating greater coordination and flexibility in the use of funds by state and local service agencies, and (3) to improve support services for children and families to enable all students to arrive at school ready to learn.

Sec. 903. RCW 70.190.010 and 1992 c 198 s 3 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Comprehensive plan" means a two-year plan that examines available resources and unmet needs for a school district, municipal, county, or multicounty area or areas, barriers that limit the effective use of resources, and a plan to address these issues that is broadly supported.

(2) "Participating state agencies" means the office of the superintendent of public instruction, the department of social and health services, the department of health, the employment security department, the department of community development, and such other departments as may be specifically designated by the governor.

(3) "Family policy council" or "council" means the superintendent of public instruction, the secretary of social and health services, the secretary of health, the commissioner of the employment security department, and the director of the department of community development or their designees, one legislator from each caucus of the senate and house of representatives, and one representative of the governor.

(4) "~~((Outcome based))~~ Indicators" means defined and measurable ~~((outcomes and indicators that make it possible for communities to evaluate progress in meeting their goals and whether systems are fulfilling their responsibilities))~~ evaluative tools that assess the performance of the consortium in accomplishing the desired state and local outcomes.

(5) "Matching funds" means an amount no less than twenty-five percent of the amount budgeted for a consortium's project. Up to half of the consortium's matching funds may be in-kind goods and services. Funding sources allowable for match include appropriate federal or local levy funds, fair start funds, private charitable funding, and other charitable giving. Basic education funds shall not be used as a match.

(6) "Consortium" means a diverse group of individuals that includes at least representatives of local service providers, service recipients, local government administering or funding children or family service programs, participating state agencies, school districts, existing children's commissions, ethnic and racial minority populations, and other interested persons organized for the purpose of designing and providing collaborative and coordinated services under this chapter. Consortiums shall represent a county, multicounty, or municipal service area. In addition, consortiums may represent Indian tribes applying either individually or collectively.

Sec. 904. RCW 70.190.030 and 1992 c 198 s 5 are each amended to read as follows:

(1) The family policy council shall annually solicit from consortiums proposals to facilitate greater flexibility, coordination, and responsiveness of services at the community level. The council shall consider such proposals only if:

(a) A comprehensive plan has been prepared by the consortium; and

(b) The consortium has identified and agreed to contribute matching funds as specified in RCW 70.190.010;

and

(c) An interagency agreement has been prepared by the family policy council and the participating local service and support agencies that governs the use of funds, specifies the relationship of the project to the principles listed in RCW 74.14A.025, and identifies specific outcomes and indicators; and

(d) Funds are to be used to provide support or services needed to implement a family's or child's case plan that are not otherwise adequately available through existing categorical services or community programs; ~~((and))~~ and

(e) The consortium has provided written agreements that identify a lead agency that will assume fiscal and programmatic responsibility for the project, and ~~((identify))~~ has identified participants in a consortium council with broad participation and that shall have responsibility for ensuring effective coordination of resources; and

(f) The consortium has designed into its comprehensive plan standards for accountability. Accountability standards include, but are not limited to, the public hearing process eliciting public comment about the appropriateness of the proposed comprehensive plan. The consortium must submit reports to the family policy council outlining the public response regarding the appropriateness and effectiveness of the comprehensive plan.

(2) The family policy council may submit a prioritized list of projects recommended for funding in the governor's budget document.

(3) The participating state agencies shall identify funds to implement the proposed projects from budget requests or existing appropriations for services to children and their families.

(4) The family policy council shall propose broad state statutory goals for successful outcomes for children and families receiving services from consortiums. The family policy council shall report to the appropriate committees of the legislature on these recommendations before December 1, 1993. Upon adoption by the legislature of the broad state goals for successful children and family outcomes, the family policy council shall (a) develop methods to assist consortiums in establishing indicators of whether the desired outcomes are being accomplished, and (b) develop strategies to assist consortiums to achieve the state and community goals.

(5) To the extent not inconsistent with federal law the family policy council may waive regulatory provisions related to health, mental health, protective services, and other children and family services that present barriers to meeting consortiums' outcome goals, that limit entities' abilities to collaborate effectively, and that inhibit the delivery of services to children and families. The council shall recommend to the legislature statutory changes necessary to eliminate such barriers.

PART X DEREGULATION AND LEGISLATIVE OVERSIGHT

NEW SECTION. Sec. 1001. (1) There is hereby created a joint select committee on education restructuring composed of twelve members as follows:

(a) Six members of the senate, three from each of the major caucuses, to be appointed by the president of the senate; and

(b) Six members of the house of representatives, three from each of the major caucuses, to be appointed by the speaker of the house of representatives.

(2) The staff support shall be provided by the senate committee services and the office of program research as mutually agreed by the cochairs of the joint select committee. The cochairs shall be designated by the speaker of the house of representatives and the president of the senate.

(3) The expenses of the committee members shall be paid by the legislature.

(4) The committee shall seek input from educators, business and labor leaders, parents, and others during its deliberations.

NEW SECTION. Sec. 1002. The joint select committee on education restructuring shall monitor, review, and periodically report upon the enactment and implementation of education restructuring in Washington both at the state and local level, including the following:

(1) The progress of the commission on student learning in the completion of its tasks as designated in RCW 28A.630.885 and in any subsequent legislation relating to education restructuring;

(2) The success of the center for improvement of student learning established under section 501 of this act;

(3) The state board of education's implementation of new educator performance assessments required in RCW 28A.410.030, and whether such requirements as implemented are actually consistent with higher student achievement envisioned under a performance-based education system;

(4) The number of school districts seeking waivers from basic education act requirements under RCW 28A.305.140 or other legislation, and the success of alternative programs pursued by those school districts;

(5) The progress and success of the commission on student learning, the superintendent of public instruction, the state board of education, the higher education coordinating board, and the state board for community and technical colleges in carrying out RCW 28A.630.885(3)(g), and any subsequent legislation relating to education restructuring; and

(6) Such other areas as the committee may deem appropriate.

NEW SECTION. Sec. 1003. In addition to the duties in section 1002 of this act, the select committee on education restructuring shall:

(1) Review all laws pertaining to K-12 public education and to educator preparation and certification, except those that protect the health, safety, and civil rights of students and staff, with the intent of identifying laws that inhibit the achievement of the new system of performance-based education. As a result of the review, the select committee

shall, by November 15, 1994, present proposed legislation that repeals or modifies those laws that inhibit the new system of performance-based education to the appropriate committees of the legislature; and

(2) By October 31, 1995, develop recommendations and proposed legislation, as appropriate, to create a new student performance-based funding system to be implemented, if adopted by the legislature, beginning in the 1998-99 school year. The funding system shall be developed to enhance the performance-based education system as outlined in chapter . . . , Laws of 1993 (this act). It shall allow for local control and maximum flexibility, and it shall affirm the constitutional "paramount duty" of the state to provide an education for all of its children. It shall emphasize student mastery of the student learning goals rather than input formulas, and shall be ample, flexible, stable, equitable, simple, and accountable. The formula shall be structured to provide and encourage local flexibility, creativity, and decision making. The formula shall support every student with varying abilities and shall ensure that every student will have equitable opportunities to achieve the essential academic learning requirements. Special provisions shall be made for students who have more difficulty in mastering the essential academic learning requirements, and for highly capable students. The formula shall comply with the state Constitution and federal law and funding requirements. The formula shall reflect the state's responsibility to fully fund a basic education.

NEW SECTION. Sec. 1004. By September 1, 1994, and each September 1st thereafter, the commission on student learning, the superintendent of public instruction, the state board of education, the higher education coordinating board, and the state board for community and technical colleges shall each report to the joint select committee on education restructuring regarding their progress in completing tasks as designated in chapter . . . , Laws of 1993 (this act), and tasks in any subsequent legislation relating to education restructuring.

NEW SECTION. Sec. 1005. The joint select committee on education restructuring shall report its initial findings to the legislature by December 31, 1993, and shall annually report its findings thereafter until December 31, 1998, at which time the committee shall make its final report.

Sec. 1006. RCW 28A.225.220 and 1990 1st ex.s. c 9 s 201 are each amended to read as follows:

(1) Any board of directors may make agreements with adults choosing to attend school: PROVIDED, That unless such arrangements are approved by the state superintendent of public instruction, a reasonable tuition charge, fixed by the state superintendent of public instruction, shall be paid by such students as best may be accommodated therein.

(2) A district is strongly encouraged to honor the request of a parent or guardian for his or her child to attend a school in another district.

(3) A district shall release a student to a nonresident district that agrees to accept the student if:

(a) A financial, educational, safety, or health condition affecting the student would likely be reasonably improved as a result of the transfer; or

(b) Attendance at the school in the nonresident district is more accessible to the parent's place of work or to the location of child care; or

(c) There is a special hardship or detrimental condition.

(4) A district may deny the request of a resident student to transfer to a nonresident district if the release of the student would adversely affect the district's existing desegregation plan.

(5) For the purpose of helping a district assess the quality of its education program, a resident school district may request an optional exit interview or questionnaire with the parents or guardians of a child transferring to another district. No parent or guardian may be forced to attend such an interview or complete the questionnaire.

(6) ~~Beginning with the 1993-94 school year, school districts may ((establish annual)) not charge transfer fees or tuition for nonresident students enrolled under subsection (3) of this section and RCW 28A.225.225. ((Until rules are adopted under section 202, chapter 9, Laws of 1990 1st ex. sess. for the calculation of the transfer fee, the transfer fee shall be calculated by the same formula as the fees authorized under section 10, chapter 130, Laws of 1969. These fees, if applied, shall be applied uniformly for all such nonresident students except as provided in this section. The superintendent of public instruction, from available funds, shall pay any transfer fees for low income students assessed by districts under this section. All transfer fees must be paid over to the county treasurer within thirty days of its collection for the credit of the district in which such students attend.))~~ Reimbursement of a high school district for cost of educating high school pupils of a nonhigh school district shall not be deemed a transfer fee as affecting the apportionment of current state school funds.

NEW SECTION. Sec. 1007. Sections 1001 through 1005 of this act are each added to chapter 28A.630 RCW.

NEW SECTION. Sec. 1008. Sections 1001 through 1005 of this act shall expire January 1, 1999.

PART XI
PRIVATE SCHOOL AND HOME SCHOOL STUDENT EXEMPTIONS

Sec. 1101. RCW 28A.195.010 and 1992 c 141 s 505 are each amended to read as follows:

Principals of private schools or superintendents of private school districts shall file each year with the state superintendent of public instruction a statement certifying that the minimum requirements hereinafter set forth are being met, noting any deviations. After review of the statement, the state superintendent will notify schools or school districts of those deviations which must be corrected. In case of major deviations, the school or school district may request and the state board of education may grant provisional status for one year in order that the school or school district may take action to meet the requirements. Minimum requirements shall be as follows:

(1) The minimum school year for instructional purposes shall consist of no less than one hundred eighty school days or the equivalent in annual minimum instructional hour offerings as prescribed in RCW 28A.150.220.

(2) All classroom teachers shall hold appropriate Washington state certification except as follows:

(a) Teachers for religious courses or courses for which no counterpart exists in public schools shall not be required to obtain a state certificate to teach those courses.

(b) In exceptional cases, people of unusual competence but without certification may teach students so long as a certified person exercises general supervision. Annual written statements shall be submitted to the office of the superintendent of public instruction reporting and explaining such circumstances.

(3) An approved private school may operate an extension program for parents, guardians, or persons having legal custody of a child to teach children in their custody. The extension program shall require at a minimum that:

(a) The parent, guardian, or custodian be under the supervision of an employee of the approved private school who is certified under chapter 28A.410 RCW;

(b) The planning by the certified person and the parent, guardian, or person having legal custody include objectives consistent with this subsection and subsections (1), (4), (5), and (6) of this section;

(c) The certified person spend a minimum average each month of one contact hour per week with each student under his or her supervision who is enrolled in the approved private school extension program;

(d) Each student's progress be evaluated by the certified person; and

(e) The certified employee shall not supervise more than thirty students enrolled in the approved private school's extension program.

(4) Appropriate measures shall be taken to safeguard all permanent records against loss or damage.

(6) Private school curriculum shall include, but not be limited to, instruction in the basic skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of appreciation of art and music, all in sufficient units (~~so that students are able to master the essential academic learning requirements under RCW 28A.630.885 and meet~~) for meeting state board of education graduation requirements. However, the state board shall not require private school students to obtain a certificate of mastery to graduate from high school, to master the essential academic learning requirements, or to be assessed pursuant to RCW 28A.630.885. However, private schools may choose, on a voluntary basis, to have their students master these essential academic learning requirements, take these assessments, and obtain certificates of mastery.

(7) Each school or school district shall be required to maintain up-to-date policy statements related to the administration and operation of the school or school district.

All decisions of policy, philosophy, selection of books, teaching material, curriculum, except as provided in subsection (6) of this section, school rules and administration, or other matters not specifically referred to in this section, shall be the responsibility of the administration and administrators of the particular private school involved.

Sec. 1102. RCW 28A.200.010 and 1990 c 33 s 178 are each amended to read as follows:

Each parent whose child is receiving home-based instruction under RCW 28A.225.010(4) shall have the duty to:

(1) File annually a signed declaration of intent that he or she is planning to cause his or her child to receive home-based instruction. The statement shall include the name and age of the child, shall specify whether a certificated person will be supervising the instruction, and shall be written in a format prescribed by the superintendent of public instruction. Each parent shall file the statement by September 15 of the school year or within two weeks of the beginning of any public school quarter, trimester, or semester with the superintendent of the public school district within which the parent resides;

At the time of a transfer to a public school, the superintendent of the local school district in which the child enrolls may require a standardized achievement test to be

administered and shall have the authority to determine the appropriate grade and course level placement of the child after consultation with parents and review of the child's records; and

(3) Ensure that a standardized achievement test approved by the state board of education is administered annually to the child by a qualified individual or that an annual assessment of the student's academic progress is written by a certificated person who is currently working in the field of education. The board shall not require these children to master the essential academic learning requirements, to take the assessments, or to obtain a certificate of mastery pursuant to RCW 28A.630.885. The standardized test administered or the annual academic progress assessment written shall be made a part of the child's permanent records. MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert:

"NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) The ability of utilities to acquire cost effective conservation measures is instrumental in assuring that Washington citizens have reasonable energy rates and that utilities have adequate energy resources to meet future energy demands;

(b) Customers may be more willing to accept investments in energy efficiency and conservation if real and perceived impediments to property transactions are avoided;

(c) Potential purchasers of real property should be notified of any utility conservation charges at the earliest point possible in the sale.

(2) It is the intent of the legislature to encourage utilities to develop innovative approaches designed to promote energy efficiency and conservation that have limited rate impacts on utility customers. It is not the intent of the legislature to restrict the authority of the utilities and transportation commission to approve tariff schedules.

(3) It is also the intent of the legislature that utilities which establish conservation tariffs should undertake measures to assure that potential purchasers of property are aware of the existence of any conservation tariffs. Measures that may be considered include, but are not limited to:

(a) Recording notification of conservation tariff obligations with a legal description with the county property records;

(b) Annually notifying customers who have entered agreements of the conservation tariff obligation;

(c) Working with the real estate industry to provide for disclosure of conservation tariff obligations in standardized listing agreements and earnest money agreements; and

(d) Working with title insurance companies to provide recorded conservation tariff obligations as an informational note to the preliminary commitment for a policy of title insurance.

NEW SECTION. Sec. 2. A new section is added to chapter 80.28 RCW to read as follows:

(1) Upon request by an electrical or gas company, the commission may approve a tariff schedule that contains rates or charges for energy conservation measures, services, or payments provided to individual property owners or customers. The tariff schedule shall require the electrical or gas company to enter into an agreement with the property owner or customer receiving services at the time the conservation measures, services, or payments are initially provided. The tariff schedule may allow for the payment of the rates or charges over a period of time and for the application of the payment obligation to successive property owners or customers at the premises where the conservation measures or services were installed or performed or with respect to which the conservation payments were made.

(2) The electrical or gas company shall record a notice of a payment obligation with a legal description resulting from an agreement under this section with the county auditor or recording officer as provided in RCW 65.04.030.

(3) The commission may prescribe by rule other methods by which an electrical or gas company shall notify property owners or customers of any such payment obligation.

NEW SECTION. Sec. 3. A new section is added to chapter 64.04 RCW to read as follows:

Prior to closing, the seller of real property subject to a rate or charge for energy conservation measures, services, or payments provided under a tariff approved by the utilities and transportation commission pursuant to section 2 of this act shall disclose to the purchaser of the real property the existence of the obligation and the possibility that the purchaser may be responsible for the payment obligation.

NEW SECTION. Sec. 4. A new section is added to chapter 48.29 RCW to read as follows:

A title insurer may disclose as an informational note to a preliminary commitment for a policy of title insurance the existence of a notice of payment obligation provided for under section 2 of this act. Neither the inclusion nor the exclusion of such an informational note shall create any liability against the title insurer under a preliminary commitment for title insurance, policy or otherwise."

(c) Correcting examinations and issuing class 12 permits to those individuals who successfully complete the examination;

(d) Taking administrative actions against those class 12 permit holders who have violated the provisions of this title and taking appropriate actions against others who have been involved in violations of this title.

(2) The annual cost of a class A, B, C, D, H, I, and L retail liquor license, except a class C license held by a domestic winery, shall be increased in the amount of twenty dollars in order to provide funding for the alcohol server training program.

(3) The board shall review and update the curricula to maintain accuracy with existing statutes and rules adopted to administer the liquor laws of the state.

NEW SECTION. Sec. 7. This act shall take effect January 1, 1994, except for section 5 of this act which shall take effect July 1, 1995.

NEW SECTION. Sec. 8. The liquor control board may take such steps as are necessary to ensure that this act is implemented on its effective date, including issuing class 12 permits, beginning on January 1, 1994, which will be valid for five years or more, in order to facilitate a balanced and orderly transition. Any class 12 permit issued on July 1, 1995, or later, shall be valid for five years.

NEW SECTION. Sec. 9. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 10. The sum of one hundred thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1995, from the general fund to the liquor revolving fund for the purpose of funding the initial cost of implementing this act. SB 5667 Prime Sponsor, Talmadge: Creating a water trail recreation program. Reported by Committee on Natural Resources & Parks

MAJORITY recommendation: Do pass with the following amendment:

On page 1, strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes the increase in water-oriented recreation by users of human and wind-powered, beachable vessels such as kayaks, canoes, or day sailors on Washington's waters. These recreationists frequently require overnight camping facilities along the shores of public or private beaches. The legislature now creates a water trail recreation program, to be administered by the Washington state parks and recreation commission.

NEW SECTION. Sec. 2. In addition to its other powers, duties, and functions, the commission may:

(1) Plan, construct, and maintain suitable facilities for water trail activities on lands administered or acquired by the commission or as authorized on lands administered by tribes or other public agencies or private landowners by agreement.

(2) Provide and issue, upon payment of the proper fee, with the assistance of those authorized agents as may be necessary for the convenience of the public, water trail permits to utilize designated water trail facilities. The commission may, after consultation with the water trail advisory committee, adopt rules authorizing reciprocity of water trail permits provided by another state or Canadian province, but only to the extent that a similar exemption or provision for water trail permits is issued by that state or province.

(3) Compile, publish, distribute, and charge a fee for maps or other forms of public information indicating areas and facilities suitable for water trail activities.

(4) Contract with a public agency, private entity, or person for the actual conduct of these duties.

(5) Work with individuals or organizations who wish to volunteer their time to support the water trail recreation program.

NEW SECTION. Sec. 3. The commission may make water trail program grants to public agencies or tribal governments and may contract with any public agency, tribal government, entity, or person to develop and implement water trail programs.

NEW SECTION. Sec. 4. The commission is not liable for unintentional injuries to users of facilities administered for water trail purposes under this chapter, whether the facilities are administered by the commission or by any other entity or person. However, nothing in this section prevents the liability of the commission for injuries sustained by a user by reason of a known dangerous artificial latent condition for which warning signs have not been conspicuously posted.

NEW SECTION. Sec. 5. A person may not participate as a user of the water trail recreation program without first obtaining a water trail permit. A person must renew this permit on an annual basis in order to continue to participate as a user of the program. The fee for the issuance of the state-wide water trail permit for each year shall be determined by the commission after consultation with the water trail advisory committee. All state-wide water trail permits shall expire on the last day of December of the year for which the permit is issued.

NEW SECTION. Sec. 6. The water trail program account is created in the state treasury. All receipts from sales of materials pursuant to section 2 of this act and from state-wide water trail permit fees collected pursuant to section 5 of this act shall be deposited in the water trail program account. Any gifts, grants, donations, or moneys from any source received by the commission for the water trail program shall also be deposited in the water trail program account. Moneys in the account may be spent only after appropriation to the commission, and may be used

solely for water trail program purposes, including: (1) Administration, acquisition, development, operation, planning, and maintenance of water trail lands and facilities, and grants or contracts therefor; and (2) the development and implementation of water trail informational, safety, enforcement, and education programs, and grants or contracts therefor.

NEW SECTION. Sec. 7. The commission may, after consultation with the water trail advisory committee, adopt rules to administer the water trail program and facilities on areas owned or administered by the commission. Where water trail facilities administered by other public or private entities are incorporated into the water trail system, the rules adopted by those entities shall prevail. The commission is not responsible or liable for enforcement of these alternative rules.

NEW SECTION. Sec. 8. (1) There is created a water trail advisory committee to advise the parks and recreation commission in the administration of sections 1 through 7 of this act and to assist and advise the commission in the development of water trail facilities and programs.

(2) The advisory committee shall consist of twelve members, who shall be appointed as follows:

(a) Five public members representing recreational water trail users, to be appointed by the commission;

(b) Two public members representing commercial sectors with an interest in the water trail system, to be appointed by the commission;

(c) One representative each from the department of natural resources, the department of wildlife, the Washington state association of counties, and the association of Washington cities, to be appointed by the director of the agency or association. The director of the Washington state parks and recreation commission or the director's designee shall serve as secretary to the committee and shall be a nonvoting member.

(3) Except as provided in this section, the terms of the public members appointed by the commission shall begin on January 1st of the year of appointment and shall be for three years or until a successor is appointed, except in the case of appointments to fill vacancies for the remainder of an unexpired term. In making the initial appointments to the advisory committee, the commission shall appoint two public members to serve for one year, two public members to serve for two years, and three public members to serve for three years. Public members of the advisory committee may be reimbursed from the water trail program account for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(4) The committee shall select a chair and adopt rules necessary to govern its proceedings. The committee shall meet at the times and places it determines, not less than twice a year, and additionally as required by the committee chair or by majority vote of the committee.

SSB 5751 Prime Sponsor, Committee on Government Operations: Authorizing rural partial-county library districts.
Reported by Committee on Local Government

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 27.12 RCW to read as follows:

A rural partial-county library district may be created in a portion of the unincorporated area of a county as provided in this section if a rural county library district, intercounty rural library district, or island library district has not been created in the county and the area proposed to be included in a rural partial-county library district has an assessed valuation of at least fifty million dollars.

The procedure to create a rural partial-county library district is initiated by the filing of petitions with the county auditor proposing the creation of the district that have been signed by at least ten percent of the registered voters residing in the area proposed to be included in the rural partial-county library district. The county auditor shall review the petitions and certify the sufficiency or insufficiency of the signatures to the county legislative authority.

If the petitions are certified as having sufficient valid signatures, the county legislative authority shall hold a public hearing on the proposed rural partial-county library district, may adjust the boundaries of the proposed district, and may cause a ballot proposition to be submitted to the voters of the proposed rural partial-county library district authorizing its creation if the county legislative authority finds that the creation of the rural partial-county library district is in the public interest. A subsequent public hearing shall be held if additional territory is added to the proposed rural partial-county library district by action of the county legislative authority.

The rural partial-county library district shall be created if the ballot proposition authorizing the creation of the district is approved by a simple majority vote of the voters voting on the proposition. Immediately after creation of the rural partial-county library district the county legislative authority shall appoint a board of library trustees for the district as provided under RCW 27.12.190.

Except as provided in this section, a rural partial-county library district is subject to all the provisions of law applicable to a rural county library district and shall have all the powers, duties, and authorities of a rural county library district, including, but not limited to, the authority to impose property taxes, incur debt, and annex a city or town with a population of less than one hundred thousand at the time of the annexation that is located in the same county as the rural partial-county library district.

Adjacent unincorporated territory in the county may be annexed to a rural partial-county library district in the same manner as territory is annexed to a sewer district, except that an annexation is not subject to potential review by a boundary review board.

If a ballot proposition is approved creating a rural county library district in the county, every rural partial-county library district in that county shall be dissolved and its assets and liabilities transferred to the rural county library district. Where a rural partial-county library district has annexed a city or town, the voters of the city or town shall be allowed to vote on the proposed creation of a rural county library district and, if created, the rural county library district shall include each city and town that was annexed to the rural partial-county library district.

Nothing in this section authorizes the consolidation of a rural partial-county library district with any rural county library district; island library district; city, county, or regional library; intercounty library district; or other rural partial-county library district, unless, in addition to any other requirements imposed by statute, the boards of all library districts involved approve the consolidation.

Sec. 2. RCW 27.12.010 and 1982 c 123 s 1 are each amended to read as follows:

As used in this chapter (~~and chapter 27.08 RCW~~), unless the context requires a different meaning:

(1) "Governmental unit" means any county, city, town, rural county library district, intercounty rural library district, rural partial-county library district, or island library district;

(2) "Legislative body" means the body authorized to determine the amount of taxes to be levied in a governmental unit; in rural county library districts, in intercounty rural library districts, and in island library districts, the legislative body shall be the board of library trustees of the district;

(3) "Library" means a free public library supported in whole or in part with money derived from taxation;
~~((and))~~

(4) "Regional library" means a free public library maintained by two or more counties or other governmental units as provided in RCW 27.12.080; ~~((and))~~

(5) "Rural county library district" means a library serving all the area of a county not included within the area of incorporated cities and towns: PROVIDED, That any city or town with a population of one hundred thousand or less at the time of annexation may be included therein as provided in RCW 27.12.360 through 27.12.390; ~~((and))~~

(6) "Intercounty rural library district" means a municipal corporation organized to provide library service for all areas outside of incorporated cities and towns within two or more counties: PROVIDED, That any city or town with a population of one hundred thousand or less at the time of annexation may be included therein as provided in RCW 27.12.360 through 27.12.390; ~~((and))~~

(7) "Island library district" means a municipal corporation organized to provide library service for all areas outside of incorporated cities and towns on a single island only, and not all of the area of the county, in counties composed entirely of islands and having a population of less than twenty-five thousand at the time the island library district was created: PROVIDED, That any city or town with a population of one hundred thousand or less at the time of annexation may be included therein as provided in RCW 27.12.360 through 27.12.390; and

(8) "Rural partial-county library district" means a municipal corporation organized to provide library service for a portion of the unincorporated area of a county that has an assessed valuation of at least fifty million dollars. Any city or town located in the same county as a rural partial-county library district may annex to the district if the city or town has a population of one hundred thousand or less at the time of annexation.

Sec. 3. RCW 27.12.070 and 1984 c 186 s 7 are each amended to read as follows:

The county treasurer of the county in which any rural county library district or rural partial-county library district is created shall receive and disburse all district revenues and collect all taxes levied under this chapter.

Sec. 4. RCW 84.52.052 and 1991 c 138 s 1 are each amended to read as follows:

The limitations imposed by RCW 84.52.050 through 84.52.056, and RCW 84.52.043 shall not prevent the levy of additional taxes by any taxing district except school districts in which a larger levy is necessary in order to prevent the impairment of the obligation of contracts. As used in this section, the term "taxing district" means any county, metropolitan park district, park and recreation service area, park and recreation district, sewer district, water district, solid waste disposal district, public facilities district, flood control zone district, county rail district, service district, public hospital district, road district, rural county library district, island library district, rural partial-county library district, intercounty rural library district, fire protection district, cemetery district, city, town, transportation benefit district, emergency medical service district with a population density of less than one thousand per square mile, or cultural arts, stadium, and convention district.

Any such taxing district may levy taxes at a rate in excess of the rate specified in RCW 84.52.050 through 84.52.056 and 84.52.043, or RCW 84.55.010 through 84.55.050, when authorized so to do by the voters of such taxing district in the manner set forth in Article VII, section 2(a) of the Constitution of this state, as amended by Amendment 64 and as thereafter amended, at a special or general election to be held in the year in which the levy is made.

A special election may be called and the time therefor fixed by the county legislative authority, or council, board of commissioners, or other governing body of any such taxing district, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no."

2SSB 5781 Prime Sponsor, Committee on Ways & Means: Improving access to public institutions of higher education. As Reported by Committee on Higher Education

MAJORITY Recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there is increasing need for postsecondary educational opportunities for citizens of the state of Washington. The legislature also finds that in the past twelve years postsecondary educational opportunities have been severely restricted by state budget policy. The proportion of the state budget dedicated to postsecondary educational programs has continued to decrease and, subsequently, the opportunity for this state's citizens to participate in such programs has also declined. At the same time, major technological, economic, and demographic changes have exacerbated the need for improved training and education to maintain a high-quality, competitive work force, and a well-educated populace to meet the challenges of the twenty-first century. The legislature finds that this state has not fulfilled its responsibility to provide sufficient opportunity, commensurate with the dramatic growth in this state's population, for its citizens to engage in the postsecondary educational programs that are necessary for their personal and professional improvement and this state's economic vitality.

Therefore, the legislature declares that the policy of the state of Washington shall be to improve the access to, and quality of, this state's postsecondary educational system. The budgetary policy of the state of Washington

shall be to provide a level of protection and commitment to the state's postsecondary educational system commensurate with the responsibility of this state to the educational and professional improvement of its citizens and work force.

NEW SECTION. Sec. 2. It is the policy of the state of Washington that funding for the state institutions of higher education, provided in the governor's budget request, shall ensure adequate resources to maintain a state-funded full-time equivalent participation rate at a minimum of the participation rate funded in the last fiscal year of the previous biennium beginning with the 1993 fiscal year. The participation rate shall be based on the state's estimated population ages seventeen and above by appropriate age groups.

The governor's budget request shall include a funding level per full-time equivalent enrollment established for this minimum number of full-time equivalent students that shall, each biennium, be equal to the rate assumed in the omnibus appropriations act for the last fiscal year of the previous biennium plus an inflation factor for, at a minimum, the instructional program, primary support program, and library program that is equivalent to the inflation factor used to calculate basic education in the common school system budget request submitted by the governor.

NEW SECTION. Sec. 3. In addition to the minimum participation rate contained in section 2 of this act, it is the policy of the state of Washington that the governor's budget request provide for an enrollment increase to achieve the goal of reaching the ninetieth percentile in national participation rates system-wide, excepting work force training, by the year 2010. This shall be accomplished by increasing enrollments, in addition to any increases required by section 2 of this act, in regular increments each biennium in order to remain on target to achieve this goal by the end of the 2009-11 biennium.

NEW SECTION. Sec. 4. The participation rate used to calculate enrollment levels pursuant to sections 2 and 3 of this act shall be based on fall enrollment reported in the higher education enrollment report as maintained by the office of financial management, fall enrollment as reported in the management information system of the state board for community and technical colleges, and the corresponding fall population forecast by the office of financial management. Formal estimates of the state participation rates and enrollment levels necessary to fulfill the requirements of sections 2 and 3 of this act shall be determined by the office of financial management as part of its responsibility to develop and maintain student enrollment forecasts for colleges and universities under RCW 43.62.050. Formal estimates of the state participation rates and enrollment levels required by this section shall be based on procedures and standards established by a technical work group consisting of staff from the higher education coordinating board, the state board for community and technical colleges, the fiscal and higher education committees of the house of representatives and the senate, and the office of financial management. Formal estimates of the state participation rates and enrollment levels required by this section shall be submitted to the fiscal committees of the house of representatives and senate on or before the fifteenth day of November of each even-numbered year. The higher education coordinating board shall periodically review the enrollment goals set forth in sections 2 and 3 of this act and submit recommendations concerning modification of these goals to the governor and to the higher education committees of the house of representatives and the senate.

NEW SECTION. Sec. 5. It is the policy of the state of Washington that financial need not be a barrier to participation in the state higher education system. Funding for student financial aid in each governor's budget request shall, at a minimum, be equal to the amount provided in the previous biennium adjusted for increases in the state-funded full-time equivalent enrollment level pursuant to sections 2 and 3 of this act and increases in the cost of attendance as calculated by the higher education coordinating board. The higher education coordinating board shall provide these calculations to the office of financial management and the legislature by April 1st of each even-numbered year.

Sec. 6. RCW 28B.15.515 and 1991 c 353 s 1 are each amended to read as follows:

(1) The boards of trustees of the community college districts may operate summer schools on either a self-supporting or a state-funded basis.

If summer school is operated on a self-supporting basis, the fees charged shall be retained by the colleges, and shall be sufficient to cover the direct costs, which are instructional salaries and related benefits, supplies, publications, and records.

Community colleges that have self-supporting summer schools shall continue to receive general fund state support for vocational programs that require that students enroll in a four quarter sequence of courses that includes summer quarter due to clinical or laboratory requirements and for ungraded courses limited to adult basic education, vocational apprenticeship, aging and retirement, small business management, industrial first aid, and parent education.

(2) ~~((a))~~ The board of trustees of a community college district may permit the district's state-funded, full-time equivalent enrollment level, as provided in the operating budget appropriations act, to vary ~~((by plus or minus two percent each fiscal year unless otherwise authorized in the operating budget appropriations act))~~. If the variance is

above the state-funded level, the district may charge those students above the state-funded level a fee equivalent to the amount of tuition and fees that are charged students enrolled in state-funded courses. These fees shall be retained by the colleges.

~~((b) Any community college that in 1990-91 has an enrollment above the state-funded level but below the authorized variance may increase its excess enrollments to within the variance.~~

~~(c) Community colleges that currently have excess enrollments more than the authorized variance, by means of enrollments that would have otherwise been eligible for state funding, shall reduce those excess enrollments to within the authorized variance by September 1, 1995, in at least equal annual reductions, commencing with the 1991-92 fiscal year.~~

~~(d) Except as permitted by (c) of this subsection, should the number of student supported, full time equivalent enrollments in any fiscal year fall outside the authorized variance, the college shall return by September 1st to the state general fund, an amount equal to the college's full average state appropriations per full-time equivalent student for such student-funded full-time equivalent outside the variance, unless otherwise provided in the operating budget appropriations act.)~~

SSB 5391 Prime Sponsor, Committee on Health & Human Services: Providing a program to assess and monitor infants exposed to drugs. Reported by Committee on Human Services

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. LEGISLATIVE INTENT. The legislature finds that chemical drug exposure during pregnancy jeopardizes the long-term health and well-being of infants. The legislature declares that adequate medical care during and after pregnancy, chemical abuse treatment for pregnant women, and other support services for the child and mother are needed to minimize the adverse effects of chemical abuse. The legislature has demonstrated its commitment to providing these services through a significant expansion of maternity care and child health services. It has also expanded chemical abuse treatment and support services for pregnant women through the enhancement of inpatient and outpatient services, transitional housing, case management, and child care. The legislature further finds that early identification through medical assessment of chemically exposed infants can reduce long-term adverse medical, social, and economic consequences only when such identification results in the provision of needed medical and support services. It further declares that well integrated and coordinated delivery of services to mothers and infants is essential to promote the long-term health and well-being of chemically exposed infants.

NEW SECTION. Sec. 2. DEFINITIONS. As used in this chapter, the terms in this section have the meanings indicated unless the context clearly requires otherwise.

- (1) "Drug" means a controlled substance under chapter 69.50 RCW used for nonmedical purposes.
- (2) "Fetal alcohol syndrome assessment" means a procedure established by section 3 of this act and conducted by a health care facility for screening and assessing infants to identify those who have a cluster of congenital features associated with the syndrome.
- (3) "Health care facility" means a hospital as licensed in chapter 70.41 RCW.
- (4) "Infant drug exposure assessment" means a procedure established by section 3 of this act and conducted by a health care facility for screening and assessing newborn infants and mothers to identify those who have been exposed to drugs prior to birth.
- (5) "Nonmedical purpose" means use of a controlled substance as defined in chapter 69.50 RCW for purposes other than prescribed by an authorized health care practitioner as defined in RCW 69.50.101.

NEW SECTION. Sec. 3. ASSESSMENTS--UNIVERSITY OF WASHINGTON ACTIVITIES. The University of Washington shall, within existing resources, in consultation with the department of health, develop standards for conducting infant drug exposure assessments to determine possible drug exposure of infants prior to birth. The University of Washington shall also develop, within existing resources, in consultation with the department of health, standards for conducting fetal alcohol syndrome assessments to identify infants who may have the fetal alcohol syndrome. The standards may be updated from time to time. To the extent possible, the standards shall assure accurate, fair, and consistent medical assessments of newborn infants. The University of Washington shall, within existing resources, make the assessment standards available to every health care facility for the purposes of conducting the assessments.

NEW SECTION. Sec. 4. ASSESSMENTS--USE--CONFIDENTIALITY OF ASSESSMENTS. (1) Health care facilities may conduct infant drug exposure assessments of newborn infants delivered at the facility to determine the presence of drugs acquired through exposure from the mother. The health care facilities may also conduct fetal alcohol syndrome assessments on infants in their facility to determine the possible presence of the syndrome. The assessments should be initiated prior to the discharge of the infant. The purpose of the assessments shall be to determine the need for immediate and postdischarge medical care, drug treatment, and support services for the mother and child.

(2) The results of the infant drug exposure assessments and the fetal alcohol syndrome assessments shall not be used in any criminal proceeding as evidence of either guilt or innocence.

NEW SECTION. Sec. 5. INTERAGENCY COORDINATION OF SERVICE DELIVERY. The department of social and health services and the department of health shall, within existing resources, assure that the delivery of available services to chemically dependent pregnant women and chemically dependent mothers and infants are coordinated so that (1) all available medical and support services offered through or paid by the agencies are provided to the extent of available resources, (2) existing community-based services are identified and utilized, (3) to the extent feasible, services be offered jointly to the mother and infant in a manner that promotes and preserves positive bonding of the mother and infant, and (4) possible long-term developmental disabilities are identified early to minimize adverse health consequences.

NEW SECTION. Sec. 6. EDUCATION FOR HEALTH CARE PROFESSIONALS. The department of health may provide prenatal, obstetrical, and pediatric health care services providers with appropriate educational materials on the effects of substance abuse by pregnant women. The educational materials may include information on identifying signs of alcohol and drug usage, the effects of alcohol and drug exposure, conducting medical assessments as provided for by this chapter, and referring patients to appropriate treatment and services.

NEW SECTION. Sec. 7. CAPTIONS NOT LAW. Section captions as used in this act constitute no part of the law.

NEW SECTION. Sec. 8. Sections 1 through 6 of this act shall constitute a new chapter in Title 70 RCW. Signed by Representatives Leonard, Chair; Riley, Vice Chair; Cooke, Ranking Minority Member; Talcott, Assistant Ranking Minority Member; Brown; Karahalios; Lisk; Padden; Patterson; and Thibaudeau.

Excused: Representative Wolfe.

SSB 5392 Prime Sponsor, Committee on Health & Human Services: Revising provisions relating to abuse of children and incompetent persons. Reported by Committee on Human Services

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 13.34 RCW to read as follows:

(1) The provisions of this section shall apply when a court orders a party to undergo an alcohol or substance abuse diagnostic investigation and evaluation.

(2) The facility conducting the investigation and evaluation shall make a written report to the court stating its findings and recommendations including family-based services or treatment when appropriate. If its findings and recommendations support treatment, it shall also recommend a treatment plan setting out:

- (a) Type of treatment;
- (b) Nature of treatment;
- (c) Length of treatment;
- (d) A treatment time schedule; and
- (e) Approximate cost of the treatment.

The affected person shall be included in developing the appropriate plan of treatment. The plan of treatment must be signed by treatment provider and the affected person. The initial written report based on the treatment plan and response to treatment shall be sent to appropriate persons six weeks after initiation of treatment, and after three months, after six months, after twelve months, and thereafter every six months if treatment exceeds twelve months. Reports are to be filed in a timely manner. Close-out of the treatment record must include summary of pretreatment and posttreatment, with final outcome and disposition. The report shall also include recommendations for ongoing stability and decrease in destructive behavior.

The report with the treatment plan shall be filed with the court and a copy given to the person evaluated and the person's counsel. A copy of the treatment plan shall also be given to the department's caseworker and to the guardian ad litem. Any program for chemical dependency shall meet the program requirements contained in chapter 70.96A RCW.

(3) If the court has ordered treatment pursuant to a dependency proceeding it shall also require the treatment program to provide, in the reports required by subsection (2) of this section, status reports to the court, the department, the supervising child-placing agency if any, and the person or person's counsel regarding: (a) The person's cooperation with the treatment plan proposed; and (b) the person's progress in treatment.

(4) In addition, if the party fails or neglects to carry out and fulfill any term or condition of the treatment plan, the program or agency administering the treatment shall report such breach to the court, the department, the guardian ad litem, the supervising child-placing agency if any, and the person or person's counsel, within twenty-four hours, together with its recommendation. These reports shall be made as a declaration by the person who is personally responsible for providing the treatment.

(5) Nothing in this chapter may be construed as allowing the court to require the department to pay for the cost of any alcohol or substance abuse evaluation or treatment program.

NEW SECTION. Sec. 2. A new section is added to chapter 13.34 RCW to read as follows:

(1) The court or the department, upon receiving a report under section 1(4) of this act, may schedule a show cause hearing to determine whether the person is in violation of the treatment conditions. All parties shall be given

notice of the hearing. The court shall hold the hearing within ten days of the request for a hearing. At the hearing, testimony, declarations, reports, or other relevant information may be presented on the person's alleged failure to comply with the treatment plan and the person shall have the right to present similar information on his or her own behalf.

(2) If the court finds that there has been a violation of the treatment conditions it shall modify the dependency order, as necessary, to ensure the safety of the child. The modified order shall remain in effect until the party is in full compliance with the treatment requirements.

Sec. 3. RCW 13.34.110 and 1991 c 340 s 3 are each amended to read as follows:

The court shall hold a fact-finding hearing on the petition and, unless the court dismisses the petition, shall make written findings of fact, stating the reasons therefor, and after it has announced its findings of fact shall hold a hearing to consider disposition of the case immediately following the fact-finding hearing or at a continued hearing within fourteen days or longer for good cause shown. The parties need not appear at the fact-finding or dispositional hearing if ~~((a#))~~ the parties, their attorneys, the guardian ad litem, and court-appointed special advocates are all in agreement~~((; but))~~. The court shall receive and review a social study before entering an order based on agreement. No social file or social study may be considered by the court in connection with the fact-finding hearing or prior to factual determination, except as otherwise admissible under the rules of evidence. Notice of the time and place of the continued hearing may be given in open court. If notice in open court is not given to a party, that party shall be notified by mail of the time and place of any continued hearing.

All hearings may be conducted at any time or place within the limits of the county, and such cases may not be heard in conjunction with other business of any other division of the superior court. The general public shall be excluded, and only such persons may be admitted who are found by the judge to have a direct interest in the case or in the work of the court. If a child resides in foster care or in the home of a relative pursuant to a disposition order entered under RCW 13.34.130, the court may allow the child's foster parent or relative care provider to attend dependency review proceedings pertaining to the child for the sole purpose of providing information about the child to the court.

Stenographic notes or any device which accurately records the proceedings may be required as provided in other civil cases pursuant to RCW 2.32.200.

Sec. 4. RCW 13.34.120 and 1987 c 524 s 5 are each amended to read as follows:

(1) To aid the court in its decision on disposition, a social study, consisting of a written evaluation of matters relevant to the disposition of the case, shall be made by the person or agency filing the petition. The study shall include all social records and may also include facts relating to the child's cultural heritage, and shall be made available to the court. The court shall consider the social file ~~((and))~~, social study, guardian ad litem report, the court-appointed special advocates report and any reports filed by a party at the disposition hearing in addition to evidence produced at the fact-finding hearing. At least ten working days before the disposition hearing, the department shall mail to the parent and his or her attorney a copy of the agency's social study and proposed service plan, which shall be in writing or in a form understandable to the parents or custodians. In addition, the department shall provide an opportunity for parents to review and comment on the plan at the community service office. If the parents disagree with the agency's plan or any part thereof, the parents shall submit to the court at least twenty-four hours before the hearing, in writing, or signed oral statement, an alternative plan to correct the problems which led to the finding of dependency. This section shall not interfere with the right of the parents or custodians to submit oral arguments regarding the disposition plan at the hearing.

(2) In addition to the requirements set forth in subsection (1) of this section, a predisposition study to the court in cases of dependency alleged pursuant to RCW 13.34.030(2) (b) or (c) shall contain the following information:

(a) A statement of the specific harm or harms to the child that intervention is designed to alleviate;

(b) A description of the specific programs, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such programs are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the services will be delivered;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs which have been considered and rejected; and the parents' attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal. This section should include an exploration of the nature of the parent-child attachment and the meaning of separation and loss to both the parents and the child;

(e) A description of the steps that will be taken to minimize harm to the child that may result if separation occurs; and

(f) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.

Sec. 5. RCW 13.34.145 and 1989 1st ex.s. c 17 s 18 are each amended to read as follows:

(1) In all cases where a child has been placed in substitute care for at least fifteen months, a permanency planning hearing shall be held before the court no later than eighteen months following commencement of the placement episode.

(2) At the permanency planning hearing, the court shall enter findings as required by RCW ~~((13.34.130(4)))~~ 13.34.130(5). In addition the court shall: (a) Approve a permanent plan of care which can include one of the following: Adoption, guardianship, or placement of the child in the home of the child's parent; (b) require filing of a petition for termination of parental rights; or (c) dismiss the dependency, unless the court finds, based on clear, cogent, and convincing evidence, that it is in the best interest of the child to continue the dependency beyond eighteen months, based on a permanent plan of care. Extensions may only be granted in increments of twelve months or less.

Sec. 6. RCW 13.34.150 and 1990 c 246 s 6 are each amended to read as follows:

Any order made by the court in the case of a dependent child may be changed, modified, or set aside, only upon a showing of a change in circumstance or as provided in section 2 of this act.

Sec. 7. RCW 13.34.162 and 1988 c 275 s 15 are each amended to read as follows:

(3) No parent or guardian may be deemed abusive or neglectful solely by reason of the parent's or child's blindness, deafness, developmental disability, or other handicap.

Sec. 10. RCW 26.44.030 and 1991 c 111 s 1 are each amended to read as follows:

(1) When any practitioner, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, licensed or certified child care providers or their employees, employee of the department, or juvenile probation officer has reasonable cause to believe that a child or adult dependent or developmentally disabled person, has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040. The reporting requirement shall also apply to any adult who has previously reported or been the subject of a child abuse and neglect investigation involving a child or adult dependent or developmentally disabled person residing with them and has reasonable cause to believe that a child or adult dependent or developmentally disabled person, who resides with them, has suffered abuse or neglect. The report shall be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child or adult has suffered abuse or neglect. The report shall include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children, dependent adults, or developmentally disabled persons are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section shall apply.

(3) Any other person who has reasonable cause to believe that a child or adult dependent or developmentally disabled person has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the

department makes an oral report, a written report shall also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services or department case services for the developmentally disabled. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child or developmentally disabled person. Information considered privileged by statute and not directly related to reports required by this section shall not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving reports of abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview shall occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report of incidents, conditions, or circumstances of child abuse and neglect, the department shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(13) The department ~~((of social and health services))~~ shall ~~((, within funds appropriated for this purpose,))~~ use a risk assessment ~~((tool))~~ process when investigating child abuse and neglect referrals. ~~((The tool shall be used, on a pilot basis, in three local office service areas.))~~ The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

The department shall provide annual reports to the ~~((ways and means))~~ appropriate committees of the senate and house of representatives on the ~~((use))~~ effectiveness of the ~~((tool by December 1, 1989. The report shall include recommendations on the continued use and possible expanded use of the tool))~~ risk assessment process.

(14) Upon receipt of ~~((such))~~ a report of abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

Sec. 11. RCW 26.44.040 and 1987 c 206 s 4 are each amended to read as follows:

An immediate oral report shall be made by telephone or otherwise to the proper law enforcement agency or the department of social and health services and, upon request, shall be followed by a report in writing. Such reports shall contain the following information, if known:

- (1) The name, address, and age of the child or adult dependent or developmentally disabled person;
- (2) The name and address of the child's parents, stepparents, guardians, or other persons having custody of the child or the residence of the adult dependent or developmentally disabled person;
- (3) The nature and extent of the injury or injuries;
- (4) The nature and extent of the neglect;
- (5) The nature and extent of the sexual abuse;
- (6) Any evidence of previous injuries, including their nature and extent; and
- (7) Any other information which may be helpful in establishing the cause of the child's or adult dependent or developmentally disabled person's death, injury, or injuries and the identity of the alleged perpetrator or perpetrators.

Sec. 12. RCW 26.44.063 and 1988 c 190 s 3 are each amended to read as follows:

(1) It is the intent of the legislature to minimize trauma to a child involved in an allegation of sexual or physical abuse. The legislature declares that removing the child from the home often has the effect of further traumatizing the child. It is, therefore, the legislature's intent that the alleged offender, rather than the child, shall be removed from the home and that this should be done at the earliest possible point of intervention in accordance with RCW 10.31.100, 13.34.130, this section, and RCW 26.44.130.

(2) In any judicial proceeding in which it is alleged that a child has been subjected to sexual or physical abuse, if the court finds reasonable grounds to believe that an incident of sexual or physical abuse has occurred, the court may, on its own motion, or the motion of the guardian ad litem or other parties, issue a temporary restraining order or preliminary injunction restraining or enjoining the person accused of committing the abuse from:

- (a) Molesting or disturbing the peace of the alleged victim;
- (b) Entering the family home of the alleged victim except as specifically authorized by the court; or
- (c) Having any contact with the alleged victim, except as specifically authorized by the court.

(3) In issuing a temporary restraining order or preliminary injunction, the court may impose any additional restrictions that the court in its discretion determines are necessary to protect the child from further abuse or emotional trauma pending final resolution of the abuse allegations.

(4) The court shall issue a temporary restraining order prohibiting a person from entering the family home if the court finds that the order would eliminate the need for an out-of-home placement to protect the child's right to nurturance, health, and safety and is sufficient to protect the child from further sexual or physical abuse or coercion.

(5) The court may issue a temporary restraining order without requiring notice to the party to be restrained or other parties only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.

(6) A temporary restraining order or preliminary injunction:

(a) Does not prejudice the rights of a party or any child which are to be adjudicated at subsequent hearings in the proceeding; and

(b) May be revoked or modified.

(7) The person having physical custody of the child shall have an affirmative duty to assist in the enforcement of the restraining order including but not limited to a duty to notify the court as soon as practicable of any violation of the order, a duty to request the assistance of law enforcement officers to enforce the order, and a duty to notify the department of social and health services of any violation of the order as soon as practicable if the department is a party to the action. Failure by the custodial party to discharge these affirmative duties shall be subject to contempt proceedings.

(8) Willful violation of a court order entered under this section is a misdemeanor. A written order shall contain the court's directive and shall bear the legend: "Violation of this order with actual notice of its terms is a criminal offense under chapter 26.44 RCW, is also subject to contempt proceedings, and will subject a violator to arrest."

ESB 5522 Prime Sponsor, Wojahn: Providing a program to reduce alcohol and drug use during pregnancy. Reported by Committee on Human Services

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the use of alcohol and other drugs during pregnancy can cause medical, psychological, and social problems for women and infants. The legislature further recognizes that communities are increasingly concerned about this problem and the associated costs to the mothers, infants, and society as a whole. The legislature recognizes that the department of health and other agencies are focusing on primary prevention activities to reduce the use of alcohol or drugs during pregnancy but few efforts have focused on secondary prevention efforts aimed at intervening in the lives of women already involved in the use of alcohol or other drugs during pregnancy. The legislature recognizes that the best way to prevent problems for chemically dependent pregnant women and their resulting children is to engage the women in alcohol or drug treatment. The legislature acknowledges that treatment professionals find pretreatment services to clients to be important in engaging women in alcohol or drug treatment. The legislature further recognizes that pretreatment services should be provided at locations where chemically dependent women are likely to be found, including correctional facilities, public health clinics, and domestic violence or homeless shelters. Therefore the legislature

intends to prevent the detrimental effects of alcohol or other drug use to women and their resulting infants by promoting the establishment of local programs to help facilitate a woman's entry into alcohol or other drug treatment. These programs shall provide secondary prevention services and provision of opportunities for immediate treatment so that women who seek help are welcomed rather than ostracized.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Alcoholism" means a disease, characterized by a dependency on alcoholic beverages, loss of control over the amount and circumstances of alcohol use, symptoms of tolerance, physiological or psychological withdrawal, or both, if use is reduced or discontinued and impairment of health or disruption of social or economic functioning.

(12) "Primary prevention" means providing information about the effects of alcohol or drug use to individuals so they will avoid using these substances.

(13) "Secondary prevention" means identifying and obtaining an assessment on individuals using alcohol or other drugs for referral to treatment when indicated.

(14) "Secretary" means the secretary of the department of social and health services.

(15) "Treatment" means the broad range of emergency detoxification, residential, and outpatient services and care, including diagnostic evaluation, chemical dependency education and counseling, medical, psychiatric, psychological, and social service care, vocational rehabilitation, and career counseling, that may be extended to chemically dependent individuals and their families.

(16) "Treatment program" means an organization, institution, or corporation, public or private, engaged in the care, treatment, or rehabilitation of chemically dependent individuals.

NEW SECTION. Sec. 3. The secretary shall develop and promote state-wide secondary prevention strategies designed to increase the use of alcohol and drug treatment services by women of child-bearing age, before, during, and immediately after pregnancy. These efforts are conducted through the division of alcohol and substance abuse. The secretary shall:

(1) Promote development of four pilot demonstration projects in the state to be called pretreatment projects for women of child bearing age. Two of the pilot projects are in urban areas and two are in rural areas.

(2) Ensure that two of the projects are located in public health department clinics that provide maternity services, and one is located with a domestic violence program.

(3) Hire four certified chemical dependency counselors to work as substance abuse educators in each of the four demonstration projects. The counselors may rotate between more than one clinic or domestic violence program. The counselor for the domestic violence program shall also be trained in domestic violence issues.

Sec. 16. RCW 35.82.070 and 1991 c 167 s 1 are each amended to read as follows:

An authority shall constitute a public body corporate and politic, exercising public and essential governmental functions, and having all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter, including the following powers in addition to others herein granted:

(1) To sue and be sued; to have a seal and to alter the same at pleasure; to have perpetual succession; to make and execute contracts and other instruments, including but not limited to partnership agreements and joint venture agreements, necessary or convenient to the exercise of the powers of the authority; to participate in the organization or the operation of a nonprofit corporation which has as one of its purposes to provide or assist in the provision of housing for persons of low income; and to make and from time to time amend and repeal bylaws, rules and regulations, not inconsistent with this chapter, to carry into effect the powers and purposes of the authority.

(2) Within its area of operation: To prepare, carry out, acquire, lease and operate housing projects; to provide for the construction, reconstruction, improvement, alteration or repair of any housing project or any part thereof; to agree to rent or sell dwellings forming part of the projects to or for persons of low income. Where an agreement or option is made to sell a dwelling to a person of low income, the authority may convey the dwelling to the person upon fulfillment of the agreement irrespective of whether the person is at the time of the conveyance a person of low income. Leases, options, agreements, or conveyances may include such covenants as the authority deems appropriate to assure the achievement of the objectives of this chapter.

(3) To acquire, lease, rent, sell, or otherwise dispose of any commercial space located in buildings or structures containing a housing project or projects.

(4) To arrange or contract for the furnishing by any person or agency, public or private, of services, privileges, works, or facilities for, or in connection with, a housing project or the occupants thereof; and (notwithstanding anything to the contrary contained in this chapter or in any other provision of law) to include in any contract let in connection with a project, stipulations requiring that the contractor and any subcontractors comply with requirements as to minimum wages and maximum hours of labor, and comply with any conditions which the federal government may have attached to its financial aid of the project.

(5) To lease or rent any dwellings, houses, accommodations, lands, buildings, structures or facilities embraced in any housing project and (subject to the limitations contained in this chapter) to establish and revise the rents or charges therefor; to own or manage buildings containing a housing project or projects as well as commercial space or other dwelling units that do not constitute a housing project as that term is defined in this chapter: PROVIDED, That notwithstanding the provisions under subsection (1) of this section, dwelling units made available or sold to persons of low income, together with functionally related and subordinate facilities, shall occupy ~~((at least thirty percent of the interior space of any individual building other than a detached single-family or duplex residential building or mobile or manufactured home and))~~ at least fifty percent of the interior space in the total development owned by the authority or at least fifty percent of the total number of units in the development owned by the authority, whichever produces the greater number of units for persons of low income, and for mobile home parks, the mobile home lots made available to persons of low income shall be at least fifty percent of the total number of mobile home lots in the park owned by the authority; to own, hold, and improve real or personal property; to purchase, lease, obtain options upon, acquire by gift, grant, bequest, devise, or otherwise including financial assistance and other aid from the state or any public body, person or corporation, any real or personal property or any interest therein; to acquire by the exercise of the power of eminent domain any real property; to sell, lease, exchange, transfer, assign, pledge, or dispose of any real or personal property or any interest therein; to sell, lease, exchange, transfer, or dispose of any real or personal property or interest therein at less than fair market value to a governmental entity for any purpose when such action assists the housing authority in carrying out its powers and purposes under this chapter, to a low-income person or family for the purpose of providing housing for that person or family, or to a nonprofit corporation provided the nonprofit corporation agrees to sell the property to a low-income person or family or to use the property for the provision of housing for persons of low income for at least twenty years; to insure or provide for the insurance of any real or personal property or operations of the authority against any risks or hazards; to procure or agree to the procurement of insurance or guarantees from the federal government of the payment of any bonds or parts thereof issued by an authority, including the power to pay premiums on any such insurance.

(6) To invest any funds held in reserves or sinking funds, or any funds not required for immediate disbursement, in property or securities in which savings banks may legally invest funds subject to their control; to purchase its bonds at a price not more than the principal amount thereof and accrued interest, all bonds so purchased to be canceled.

(7) Within its area of operation: To investigate into living, dwelling and housing conditions and into the means and methods of improving such conditions; to determine where slum areas exist or where there is a shortage of decent, safe and sanitary dwelling accommodations for persons of low income; to make studies and recommendations relating to the problem of clearing, replanning and reconstructing of slum areas, and the problem of providing dwelling accommodations for persons of low income, and to cooperate with the city, the county, the state or

any political subdivision thereof in action taken in connection with such problems; and to engage in research, studies and experimentation on the subject of housing.

(8) Acting through one or more commissioners or other person or persons designated by the authority: To conduct examinations and investigations and to hear testimony and take proof under oath at public or private hearings on any matter material for its information; to administer oaths, issue subpoenas requiring the attendance of witnesses or the production of books and papers and to issue commissions for the examination of witnesses who are outside of the state or unable to attend before the authority, or excused from attendance; to make available to appropriate agencies (including those charged with the duty of abating or requiring the correction of nuisances or like conditions, or of demolishing unsafe or insanitary structures within its area of operation) its findings and recommendations with regard to any building or property where conditions exist which are dangerous to the public health, morals, safety or welfare.

(9) To initiate eviction proceedings against any tenant as provided by law. Activity occurring in any housing authority unit that constitutes a violation of chapter 69.41, 69.50 or 69.52 RCW shall constitute a nuisance for the purpose of RCW 59.12.030(5).

(10) To exercise all or any part or combination of powers herein granted.

No provisions of law with respect to the acquisition, operation or disposition of property by other public bodies shall be applicable to an authority unless the legislature shall specifically so state.

(11) To agree (notwithstanding the limitation contained in RCW 35.82.210) to make such payments in lieu of taxes as the authority finds consistent with the achievement of the purposes of this chapter.

(12) Upon the request of a county or city, to exercise any powers of an urban renewal agency under chapter 35.81 RCW or a public corporation, commission, or authority under chapter 35.21 RCW. However, in the exercise of any such powers the housing authority shall be subject to any express limitations contained in this chapter.

(13) To exercise the powers granted in this chapter within the boundaries of any city, town, or county not included in the area in which such housing authority is originally authorized to function: PROVIDED, HOWEVER, The governing or legislative body of such city, town, or county, as the case may be, adopts a resolution declaring that there is a need for the authority to function in such territory.

~~((13))~~ (14) To administer contracts for assistance payments to persons of low income in accordance with section 8 of the United States Housing Act of 1937, as amended by Title II, section 201 of the Housing and Community Development Act of 1974, P.L. 93-383.

~~((14))~~ (15) To sell at public or private sale, with or without public bidding, for fair market value, any mortgage or other obligation held by the authority.

~~((15))~~ (16) To the extent permitted under its contract with the holders of bonds, notes, and other obligations of the authority, to consent to any modification with respect to rate of interest, time and payment of any installment of principal or interest security, or any other term of any contract, mortgage, mortgage loan, mortgage loan commitment, contract or agreement of any kind to which the authority is a party.

~~((16))~~ (17) To make, purchase, participate in, invest in, take assignments of, or otherwise acquire loans to persons of low income to enable them to acquire, construct, reconstruct, rehabilitate, improve, lease, or refinance their dwellings, and to take such security therefor as is deemed necessary and prudent by the authority.

~~((17))~~ (18) To make, purchase, participate in, invest in, take assignments of, or otherwise acquire loans for the acquisition, construction, reconstruction, rehabilitation, improvement, leasing, or refinancing of land, buildings, or developments for housing for persons of low income. For purposes of this subsection, development shall include either land or buildings or both.

(a) Any development financed under this subsection shall be subject to an agreement that for at least twenty years the dwelling units made available to persons of low income together with functionally related and subordinate facilities shall occupy at least ~~((thirty percent of the interior space of any individual building other than a detached single family or duplex residential building or mobile or manufactured home and shall occupy at least))~~ fifty percent of the interior space in the total development or at least fifty percent of the total number of units in the development, whichever produces the greater number of units for persons of low income. For mobile home parks, the mobile home lots made available to persons of low income shall be at least fifty percent of the total number of mobile home lots in the park. During the term of the agreement, the owner shall use its best efforts in good faith to maintain the dwelling units or mobile home lots required to be made available to persons of low income at rents affordable to persons of low income. The twenty-year requirement under this subsection (18)(a) shall not apply when an authority finances the development by nonprofit corporations or governmental units of dwellings or mobile home lots intended for sale to persons of low and moderate income, and shall not apply to construction or other short-term financing provided to nonprofit corporations or governmental units when the financing has a repayment term of one year or less.

(b) In addition, if the development is owned by a for-profit entity, the dwelling units or mobile home lots required to be made available to persons of low income shall be rented to persons whose incomes do not exceed fifty percent of the area median income, adjusted for household size, and shall have unit or lot rents that do not exceed fifteen percent of area median income, adjusted for household size, unless rent subsidies are provided to make them affordable to persons of low income.

For purposes of this subsection ~~((17))~~(18)(b), if the development is owned directly or through a partnership by a governmental entity or a nonprofit organization, which nonprofit organization is itself not controlled by a for-profit

entity or affiliated with any for-profit entity that a nonprofit organization itself does not control, it shall not be treated as being owned by a for-profit entity when the governmental entity or nonprofit organization exercises legal control of the ownership entity and in addition, (i) the dwelling units or mobile home lots required to be made available to persons of low income are rented to persons whose incomes do not exceed sixty percent of the area median income, adjusted for household size, and (ii) the development is subject to an agreement that transfers ownership to the governmental entity or nonprofit organization or extends an irrevocable right of first refusal to purchase the development under a formula for setting the acquisition price that is specified in the agreement.

(c) Commercial space in any building financed under this subsection that exceeds four stories in height shall not constitute more than twenty percent of the interior area of the building. Before financing any development under this subsection the authority shall make a written finding that financing is important for project feasibility or necessary to enable the authority to carry out its powers and purposes under this chapter.

~~((18))~~ (19) To contract with a public authority or corporation, created by a county, city, or town under RCW 35.21.730 through 35.21.755, to act as the developer for new housing projects or improvement of existing housing projects.

SSB 5739 Prime Sponsor, Committee on Labor & Commerce: Concerning the regulation of small businesses. Reported by Committee on Trade, Economic Development & Housing

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 19.85.020 and 1989 c 374 s 1 are each amended to read as follows:

Unless the context clearly indicates otherwise, the definitions in this section apply through this chapter.

(1) "Small business" has the meaning given in RCW 43.31.025(4).

(2) "Small business economic impact statement" means a statement meeting the requirements of RCW 19.85.040 prepared by a state agency pursuant to RCW 19.85.030.

(3) "Industry" means all of the businesses in this state in any one (~~three-digit~~) four-digit standard industrial classification as published by the United States department of commerce.

Sec. 2. RCW 19.85.010 and 1982 c 6 s 1 are each amended to read as follows:

The legislature finds that small businesses in (~~the state of~~) Washington (~~have in the past been subjected~~) are subject to rules adopted by agencies, departments, and instrumentalities of the state government which (~~have placed~~) place a proportionately higher burden on (~~the small business community in Washington state~~) them. The legislature also finds that such proportionately higher burdens placed on small businesses have reduced competition, reduced employment, reduced new employment opportunities, reduced innovation, and threatened the very existence of some small businesses. Therefore, it is the intent of the legislature that rules affecting the business community shall not place proportionately higher burdens on small businesses. The legislature therefore enacts this Regulatory Fairness Act to minimize such proportionately higher impacts of rules on small businesses in the future.

Sec. 3. RCW 19.85.030 and 1989 c 374 s 2 and 1989 c 175 s 72 are each reenacted and amended to read as follows:

~~((In the adoption of any rule pursuant to RCW 34.05.320 that will have an economic impact on more than twenty percent of all industries, or more than ten percent of any one industry, the adopting agency:~~

~~(1) Shall reduce the economic impact of the rule on small business by doing one or more of the following when it is legal and feasible in meeting the stated objective of the statutes which are the basis of the proposed rule:~~

~~(a) Establish differing compliance or reporting requirements or timetables for small businesses;~~

~~(b) Clarify, consolidate, or simplify the compliance and reporting requirements under the rule for small businesses;~~

~~(c) Establish performance rather than design standards;~~

~~(d) Exempt small businesses from any or all requirements of the rule;~~

~~(2) Shall prepare a small business economic impact statement in accordance with RCW 19.85.040 and file such statement with the code reviser along with the notice required under RCW 34.05.320;~~

~~(3)) (1) In the adoption of a rule pursuant to RCW 34.05.320, an agency shall prepare a small business economic impact statement: (a) If the proposed rule will impose more than minor costs on small business; or (b) if requested to do so by a majority vote of the joint administrative rules review committee within fifteen days after notice of the proposed rule is published in the state register.~~

An agency shall prepare the small business economic impact statement in accordance with RCW 19.85.040, and file it with the code reviser along with the notice required under RCW 34.05.320. However, an agency shall file a statement prepared at the request of the joint administrative rules review committee with the code reviser upon its completion prior to the adoption of the rule. An agency shall notify each person who has requested a copy of the small business economic impact statement upon completion of the statement.

The agency may request assistance from the business assistance center in the preparation of the small business economic impact statement.

(2) A proposed rule will impose more than minor costs on small business if:

(a) In order to comply with the rule, a small business will be required to:

(i) Submit a new report or form to an agency;

(ii) Keep a new record, cease or change an industrial process or business practice, or prepare a plan;

(iii) Acquire additional equipment, supplies, or personnel; or

(iv) Obtain legal, consulting, or accounting services; or

(b) The proposed rule will be more stringent or substantially different than applicable federal statutes or regulations.

(3) Upon a finding by the agency that a proposed rule imposes a disproportionate negative impact on small businesses identified in the statement prepared under RCW 19.85.040, the agency shall, unless reasonable justification exists to do otherwise, reduce the costs on small businesses. Methods to reduce the costs on small businesses may include, but are not limited to:

(a) Reducing, modifying, or eliminating substantive regulatory requirements;

(b) Establishing performance rather than design standards;

(c) Simplifying, reducing, or eliminating recordkeeping and reporting requirements;

(d) Reducing the frequency of inspections;

(e) Delaying compliance time tables; or

(f) Reducing or modifying fine schedules for noncompliance.

Sec. 4. RCW 19.85.040 and 1989 c 374 s 3 and 1989 c 175 s 73 are each reenacted and amended to read as follows:

(1) A small business economic impact statement ((must include a brief description of the reporting, recordkeeping, and other compliance requirements of the rule, and the kinds of professional services that a small business is likely to need in order to comply with such requirements. ESSB 5794 Prime Sponsor, Committee on Labor & Commerce: Revising administrative law. Reported by Committee on State Government

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that overlapping, conflicting, and duplicating provisions of federal, state, and local laws, ordinances, and rules create tremendous burdens for the citizens and businesses of the state of Washington. The legislature therefore encourages agencies to address overlapping, conflicting, and duplicative provisions in the rule-making process, and to attempt to mitigate the adverse impact of overlapping, conflicting, and duplicating provisions whenever it is within the agency's authority to do so. However, agency use of the procedures in section 5 of this act is discretionary, and agencies are not required to use these procedures in any particular instance of rule making.

Sec. 2. RCW 34.05.620 and 1988 c 288 s 602 are each amended to read as follows:

Whenever a majority of the members of the rules review committee determines that a proposed rule is not within the intent of the legislature as expressed in the statute which the rule implements, or that an agency may not be adopting a proposed rule in accordance with all applicable provisions of law, including chapter 19.85 RCW, the committee shall give the affected agency and the governor written notice of its decision. The notice shall be given at least seven days prior to any hearing scheduled for consideration of or adoption of the proposed rule pursuant to RCW 34.05.320. The notice shall include a statement of the review committee's findings and the reasons therefor. When the agency holds a hearing on the proposed rule, the agency shall consider the review committee's decision.

Sec. 3. RCW 34.05.630 and 1988 c 288 s 603 are each amended to read as follows:

(1) All rules required to be filed pursuant to RCW 34.05.380, and emergency rules adopted pursuant to RCW 34.05.350, are subject to selective review by the legislature.

(2) The rules review committee may review an agency's use of policy statements, guidelines, and issuances that are of general applicability, or their equivalents to determine whether or not an agency has failed to adopt a rule.

(3) If the rules review committee finds by a majority vote of its members: (a) That an existing rule is not within the intent of the legislature as expressed by the statute which the rule implements, (b) that the rule has not been adopted in accordance with all applicable provisions of law, ~~((or))~~ including chapter 19.85 RCW, (c) that the statute that the rule purports to implement has been repealed or ruled invalid by the courts, or (d) that an agency is using a policy statement, guideline, or issuance in place of a rule, the agency affected shall be notified of such finding and the reasons therefor. Within thirty days of the receipt of the rules review committee's notice, the agency shall file notice of a hearing on the rules review committee's finding with the code reviser and mail notice to all persons who have made timely request of the agency for advance notice of its rule-making proceedings as provided in RCW 34.05.320. The agency's notice shall include the rules review committee's findings and reasons therefor, and shall be published in the Washington state register in accordance with the provisions of chapter 34.08 RCW.

(4) The agency shall consider fully all written and oral submissions regarding (a) whether the rule in question is within the intent of the legislature as expressed by the statute which the rule implements, (b) whether the rule was adopted in accordance with all applicable provisions of law, including chapter 19.85 RCW, or (c) whether the agency is using a policy statement, guideline, or issuance in place of a rule.

Sec. 4. RCW 34.05.640 and 1988 c 288 s 604 are each amended to read as follows:

(1) Within seven days of an agency hearing held after notification of the agency by the rules review committee pursuant to RCW 34.05.620 or 34.05.630, the affected agency shall notify the committee of its action on a proposed or existing rule to which the committee objected or on a committee finding of the agency's failure to adopt rules. If the rules review committee determines, by a majority vote of its members, that the agency has failed to provide for the required hearings or notice of its action to the committee, the committee may file notice of its objections, together with a concise statement of the reasons therefor, with the code reviser within thirty days of such determination.

(2) If the rules review committee finds, by a majority vote of its members: (a) That the proposed or existing rule in question has not been modified, amended, withdrawn, or repealed by the agency so as to conform with the intent of the legislature, or (b) that an existing rule was not adopted in accordance with all applicable provisions of law, including chapter 19.85 RCW, or (c) that the agency is using a policy statement, guideline, or issuance in place of a rule, the rules review committee may, within thirty days from notification by the agency of its action, file with the code reviser notice of its objections together with a concise statement of the reasons therefor. Such notice and statement shall also be provided to the agency by the rules review committee.

(3) If the rules review committee makes an adverse finding under subsection (2) of this section, the committee may, by a ~~((two-thirds))~~ majority vote of its members, recommend suspension of an existing rule. Within seven days of such vote the committee shall transmit to the appropriate standing committees of the legislature, the governor, the code reviser, and the agency written notice of its objection and recommended suspension and the concise reasons therefor. (5) The reference shall be removed from a rule published in the Washington Administrative Code if a subsequent adjudicatory proceeding determines that the rule is within the intent of the legislature or was adopted in accordance with all applicable laws, whichever was the objection of the rules review committee.

NEW SECTION. Sec. 5. A new section is added to chapter 34.05 RCW under the subchapter heading "rule-making procedures" to read as follows:

SSB 5876 Prime Sponsor, Committee on Transportation: Extending incentives for ride sharing and vanpools.
Reported by Committee on Transportation

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that ride sharing and vanpools are the fastest growing transportation choice because of their flexibility and cost-effectiveness. Ride sharing and vanpools represent an effective means for local jurisdictions, transit agencies, and the private sector to assist in addressing the requirements of the Commute Trip Reduction Act, the Growth Management Act, the Americans with Disabilities Act, and the Clean Air Act.

Sec. 2. RCW 82.08.0287 and 1980 c 166 s 1 are each amended to read as follows:

The tax imposed by this chapter shall not apply to sales of ~~((vans))~~ passenger motor vehicles which are to be used ~~((regularly))~~ as ride-sharing vehicles, as defined in RCW 46.74.010(3), by not less than ~~((seven))~~ five persons, including ~~((passengers and))~~ the driver, with a gross vehicle weight not to exceed 10,000 pounds where the primary usage is for commuter ride-sharing, as defined in RCW 46.74.010(1), or passenger motor vehicles where the primary usage is for ride-sharing for the elderly and the handicapped, as defined in RCW 46.74.010(2), if the ride-sharing vehicles are exempt under RCW 82.44.015 for thirty-six consecutive months beginning within thirty days of application for exemption under this section. If used as a ride-sharing vehicle for less than thirty-six consecutive months, the registered owner of one of these vehicles shall notify the department of revenue upon termination of primary use of the vehicle as a ride-sharing vehicle and is liable for the tax imposed by this chapter.

To qualify for the tax exemption, those passenger motor vehicles with five or six passengers, including the driver, used for commuter ride-sharing, must be operated either within the state's eight largest counties that are required to develop commute trip reduction plans as directed by chapter 70.94 RCW or in other counties, or cities and towns within those counties, that elect to adopt and implement a commute trip reduction plan. Additionally at least one of the following conditions must apply: (1) The vehicle must be operated by a public transportation agency for the general public; or (2) the vehicle must be used by a major employer, as defined in RCW 70.94.524 as an element of its commute trip reduction program for their employees; or (3) the vehicle must be owned and operated by individual employees and must be registered either with the employer as part of its commute trip reduction program or with a public transportation agency serving the area where the employees live or work. Individual employee owned and operated motor vehicles will require certification that the vehicle is registered with a major employer or a public transportation agency. Major employers who own and operate motor vehicles for their employees must certify that the commuter ride-sharing arrangement conforms to a carpool/vanpool element contained within their commute trip reduction program.

Sec. 3. RCW 82.44.015 and 1982 c 142 s 1 are each amended to read as follows:

For the purposes of this chapter, in addition to the exclusions under RCW 82.44.010, "motor vehicle" shall not include: (1) ~~((Vans))~~ Passenger motor vehicles used ~~((regularly))~~ primarily as ride-sharing vehicles, as defined in RCW 46.74.010(3), by not fewer than ~~((seven))~~ five persons, including ~~((passengers and))~~ the driver, or not fewer than ((five)) four persons including the driver, when at least ~~((three))~~ two of those persons are confined to wheelchairs when riding; or (2) vehicles with a seating capacity greater than fifteen persons which otherwise qualify as ride-sharing vehicles under RCW 46.74.010(3) used exclusively for ride sharing for the elderly or the handicapped by not

fewer than seven persons, including the driver. This exemption is restricted to passenger motor vehicles with a gross vehicle weight not to exceed 10,000 pounds where the primary usage is for commuter ride-sharing as defined in RCW 46.74.010(1). The registered owner of one of these vehicles shall notify the department of licensing upon termination of ~~((regular))~~ primary use of the vehicle as a ride-sharing vehicle and shall be liable for the tax imposed by this chapter, prorated on the remaining months for which the vehicle is licensed.

To qualify for the tax exemption, those passenger motor vehicles with five or six passengers, including the driver, used for commuter ride-sharing, must be operated either within the state's eight largest counties that are required to develop commute trip reduction plans as directed by chapter 70.94 RCW or in other counties, or cities and towns within those counties, that elect to adopt and implement a commute trip reduction plan. Additionally at least one of the following conditions must apply: (1) The vehicle must be operated by a public transportation agency for the general public; or (2) the vehicle must be used by a major employer, as defined in RCW 70.94.524 as an element of its commute trip reduction program for their employees; or (3) the vehicle must be owned and operated by individual employees and must be registered either with the employer as part of its commute trip reduction program or with a public transportation agency serving the area where the employees live or work. Individual employee owned and operated motor vehicles will require certification that the vehicle is registered with a major employer or a public transportation agency. Major employers who own and operate motor vehicles for their employees must certify that the commuter ride-sharing arrangement conforms to a carpool/vanpool element contained within their commute trip reduction program.

Sec. 4. RCW 82.12.0282 and 1980 c 166 s 2 are each amended to read as follows:

The tax imposed by this chapter shall not apply with respect to the use of ~~((vans))~~ passenger motor vehicles used ~~((regularly))~~ as ride-sharing vehicles, as defined in RCW 46.74.010(3), by not less than ~~((seven))~~ five persons, including ~~((passengers and))~~ the driver, with a gross vehicle weight not to exceed 10,000 pounds where the primary usage is for commuter ride-sharing, as defined in RCW 46.74.010(1), or passenger motor vehicles where the primary usage is for ride-sharing for the elderly and the handicapped, as defined in RCW 46.74.010(2), if the ~~((vans))~~ vehicles are exempt under RCW 82.44.015 for thirty-six consecutive months beginning within thirty days of application for exemption under this section. If used as a ride-sharing vehicle for less than thirty-six consecutive months, the registered owner of one of these vehicles shall notify the department of revenue upon termination of primary use of the vehicle as a ride-sharing vehicle and is liable for the tax imposed by this chapter.

To qualify for the tax exemption, those passenger motor vehicles with five or six passengers, including the driver, used for commuter ride-sharing, must be operated either within the state's eight largest counties that are required to develop commute trip reduction plans as directed by chapter 70.94 RCW or in other counties, or cities and towns within those counties, that elect to adopt and implement a commute trip reduction plan. Additionally at least one of the following conditions must apply: (1) The vehicle must be operated by a public transportation agency for the general public; or (2) the vehicle must be used by a major employer, as defined in RCW 70.94.524 as an element of its commute trip reduction program for their employees; or (3) the vehicle must be owned and operated by individual employees and must be registered either with the employer as part of its commute trip reduction program or with a public transportation agency serving the area where the employees live or work. Individual employee owned and operated motor vehicles will require certification that the vehicle is registered with a major employer or a public transportation agency. Major employers who own and operate motor vehicles for their employees must certify that the commuter ride-sharing arrangement conforms to a carpool/vanpool element contained within their commute trip reduction program.

Sec. 5. RCW 46.16.023 and 1987 c 175 s 2 are each amended to read as follows:

(1) Every owner or lessee of a vehicle seeking to apply for an excise tax exemption under RCW 82.08.0287, 82.12.0282, or 82.44.015 shall apply to the director for, and upon satisfactory showing of eligibility, receive in lieu of the regular motor vehicle license plates for that vehicle, special plates of a distinguishing separate numerical series or design, as the director shall prescribe. In addition to paying all other initial fees required by law, each applicant for the special license plates shall pay an additional license fee of twenty-five dollars upon the issuance of such plates. The special fee shall be deposited in the motor vehicle fund. Application for renewal of the license plates shall be as prescribed for the renewal of other vehicle licenses. No renewal is required for vehicles exempted under RCW 46.16.020.

(2) Whenever the ownership of a vehicle receiving special plates under subsection (1) of this section is transferred or assigned, the plates shall be removed from the motor vehicle, and if another vehicle qualifying for special plates is acquired, the plates shall be transferred to that vehicle for a fee of five dollars, and the director shall be immediately notified of the transfer of the plates. Otherwise the removed plates shall be immediately forwarded to the director to be canceled. Whenever the owner or lessee of a vehicle receiving special plates under subsection (1) of this section is for any reason relieved of the tax-exempt status, the special plates shall immediately be forwarded to the director along with an application for replacement plates and the required fee. Upon receipt the director shall issue the license plates that are otherwise provided by law.

(3) Any person who knowingly makes any false statement of a material fact in the application for a special plate under subsection (1) of this section is guilty of a gross misdemeanor.

ESSB 5910 Prime Sponsor, Committee on Energy & Utilities: Assisting public drinking water systems. Reported by Committee on Environmental Affairs

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert:

"NEW SECTION. Sec. 1. The legislature finds that a state-wide assessment of water systems has shown that public drinking water systems have a critical need for financial assistance to assure safe, reliable, and viable water supplies, meet the requirements of the federal safe drinking water act, provide for comprehensive planning and regional planning of public water systems, assess the status of the state's drinking water quality, develop least-cost solutions to public water systems through consolidation of small systems into larger and financially viable utilities, and implement demand management strategies to more effectively use the state's financial resources and water resources.

The federal government has indicated an intention to provide new funding for water system needs on a national basis within a program of federal investment in infrastructure intended to provide a significant number of jobs nation-wide this year. The state of Washington does not have the broad-based authority and ability to promptly receive and disburse federal assistance to eligible water systems.

It is the intent of the legislature to provide for a system of grants and/or loans, in addition to existing state financial assistance programs, that will: (1) Receive and utilize federal funding to provide assistance for planning, design, acquisition, construction, consolidation, and improvement of public water systems facilities and activities; (2) meet the short-term and long-term needs identified and prioritized in the state-wide assessment; and (3) encourage responsible and efficient water system management throughout the state.

It is the further intent of the legislature to use existing state funding programs for the administrative and financial mechanisms necessary to ensure prompt and coordinated delivery of the financial assistance to public water systems authorized under this chapter.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

- (1) "Board" means the public works board.
- (2) "Department" means the department of health.
- (3) "Private water purveyor" means a public water system not owned by a governmental body.
- (4) "Public water purveyor" means a governmental body, including a public or quasi-public organization, that owns and operates a public water system, or the authorized agent of such an entity.
- (5) "Public water system" means a water system with fifteen or more service connections, regardless of the number of people, or a system serving an average of twenty-five or more people per day for sixty or more days within a calendar year, regardless of the number of service connections.

NEW SECTION. Sec. 3. The drinking water assistance account is established in the state treasury. Money may be placed in the account from the proceeds of bonds when authorized by the legislature, transfers from other state funds or accounts, federal financial assistance, or any other lawful source. Moneys from the account may be spent only by the secretary of health or the public works board after appropriation. Expenditures from the account may be used only to meet the purposes of this chapter and to reimburse the department and the board for their reasonable administrative expenses in developing and implementing the programs authorized under this chapter.

NEW SECTION. Sec. 4. The department shall, by January 1, 1994, in consultation with the board, purveyors, local health departments, and other interested parties, establish guidelines and requirements for the provision of grants and/or loans to public water systems that are consistent with the findings and intent contained in section 1 of this act. The department shall ensure that guidelines and requirements:

- (1) Utilize, to the maximum extent, all available federal financial assistance;
- (2) Are consistent with existing water resource planning and management, including coordinated water supply plans, regional water resource plans, and comprehensive plans under the growth management act, chapter 36.70A RCW;

- (3) Prioritize least-cost solutions, including consolidation and restructuring of small systems into more economical units and the provision of regional facilities;
- (4) Assure implementation of water conservation and other demand management measures consistent with state guidelines for water utilities;
- (5) Provide assistance for the necessary planning and engineering to assure that consistency, coordination, and proper professional review are incorporated into projects or activities proposed for funding;
- (6) Include minimum standards for financial viability and water system planning;
- (7) Provide for testing and evaluation of the water quality of the state's public water systems to assure that priority for financial assistance is provided to systems and areas with threats to public health from contaminated supplies and reduce in appropriate cases the substantial increases in costs and rates that customers of small systems would otherwise incur under the monitoring and testing requirements of the federal safe drinking water act; and
- (8) Are coordinated, to the maximum extent possible, with other state programs that provide financial assistance to public water systems and state programs that address existing or potential water quality or drinking water contamination problems.

NEW SECTION. Sec. 5. The board shall develop a financial assistance program using appropriated funds from the drinking water assistance account to meet the purposes and implement the guidelines authorized in this chapter. The board shall consult with the department and water purveyors in developing the financial assistance program.

The board shall develop criteria for grants and/or loans to be made to public water systems. The criteria shall emphasize public water systems with the most critical public health needs; the capacity of the water system to effectively manage its resources; the ability to promptly commence the project; and the relative benefit to the community served. Priority shall be given to those systems that are ready to proceed, that will provide water system improvements to the greatest number of people, and any other criteria that the board shall develop in consultation with the department and water system purveyors.

NEW SECTION. Sec. 6. If the department, board, or any other agency of state government provides financial assistance, testing, planning, or consolidation or restructuring assistance under this chapter, the administering agency shall endeavor to provide these services in a cost-effective manner. The methods agencies may consider to provide cost-effective services include, but are not limited to:

- (1) The use of policy statements or guidelines instead of administrative rules when appropriate under chapter 34.05 RCW;
- (2) The use of existing management mechanisms rather than creating new administrative structures;
- (3) The use of service contracts, either with other governmental entities or with nongovernmental service providers;
- (4) The use of joint or combined financial assistance applications; and
- (5) Other methods or practices designed to streamline the delivery of services.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

NEW SECTION. Sec. 8. Sections 1 through 6 of this act shall constitute a new chapter in Title 70 RCW."

SSB 5048 Prime Sponsor, Committee on Government Operations: Revising bidding practices of municipalities.
Reported by Committee on Local Government

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 39.04.155 and 1991 c 363 s 109 are each amended to read as follows:

(1) This section provides a uniform process to award contracts for public works projects by those ~~((counties))~~ municipalities that are authorized to use a small works roster in lieu of the requirements for formal sealed bidding. The state statutes governing ~~((counties))~~ a specific type of municipality shall establish the maximum dollar thresholds of the contracts that can be awarded under this process, and may include other matters concerning the small works roster process, for the ~~((county))~~ municipality.

(2) ~~((Counties))~~ Such municipalities may create a single general small works roster, or may create a small works roster for different categories of anticipated work. The small works roster or rosters shall consist of all

responsible contractors who have requested to be on the list, and where required by law are properly licensed or registered to perform such work in this state. At least ~~((once))~~ twice a year, the ~~((county))~~ municipality shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of the roster or rosters and solicit the names of contractors for such roster or rosters.

The governing body of the ~~((county))~~ municipality shall establish a procedure for securing telephone or written quotations from the contractors on the general small works roster, or a specific small works roster for the appropriate category of work, to assure that a competitive price is established and to award contracts to the lowest responsible bidder, as defined in RCW 43.19.1911. Such invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. Whenever possible at least five contractors shall be invited to submit bids. Once a contractor has been afforded an opportunity to submit a proposal, that contractor shall not be offered another opportunity until all other appropriate contractors on the small works roster have been afforded an opportunity to submit a proposal on a contract. Proposals may be invited from all appropriate contractors on the small works roster.

A contract awarded from a small works roster under this section need not be advertised.

Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry.

Sec. 2. RCW 39.04.190 and 1991 c 363 s 110 are each amended to read as follows:

(1) This section provides a uniform process to award contracts for the purchase of any materials, equipment, supplies, or services by those ~~((counties))~~ municipalities that are authorized to use this process in lieu of the requirements for formal sealed bidding. The state statutes governing ~~((counties))~~ a specific type of municipality shall establish the maximum dollar thresholds of the contracts that can be awarded under this process, and may include other matters concerning the awarding of contracts for purchases, for the ~~((county))~~ municipality.

(2) At least ~~((once))~~ twice per year, the ~~((county))~~ municipality shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of vendor lists and solicit the names of vendors for the lists. ~~((Counties))~~ Municipalities shall by resolution establish a procedure for securing telephone or written quotations, or both, from at least three different vendors whenever possible to assure that a competitive price is established and for awarding the contracts for the purchase of any materials, equipment, supplies, or services to the lowest responsible bidder as defined in RCW 43.19.1911. Immediately after the award is made, the bid quotations obtained shall be recorded, open to public inspection, and shall be available by telephone inquiry. A contract awarded pursuant to this section need not be advertised.

Sec. 3. RCW 39.04.200 and 1991 c 363 s 111 are each amended to read as follows:

Any ~~((county))~~ municipality that utilizes the small works roster process established in RCW 39.04.155 to award contracts for public works projects, or the uniform process established in RCW 39.04.190 to award contracts for purchases, must post a list of the contracts awarded under RCW 39.04.155 and 39.04.190 at least once every two months. The list shall contain the name of the contractor or vendor awarded the contract, the amount of the contract, a brief description of the type of work performed or items purchased under the contract, and the date it was awarded. The list shall also state the location where the bid quotations for these contracts are available for public inspection.

Sec. 4. RCW 39.30.045 and 1991 c 363 s 112 are each amended to read as follows:

Any ~~((county))~~ municipality, as defined in RCW 39.04.010, may purchase any supplies, equipment, or materials at auctions conducted by the government of the United States or any agency thereof, any agency of the state of Washington, any municipality or other government agency, or any private party without being subject to public bidding requirements if the items can be obtained at a competitive price.

Sec. 5. RCW 36.32.240 and 1991 c 363 s 57 are each amended to read as follows:

In any county the county legislative authority may by resolution establish a county purchasing department. In each county which exercises this option, the purchasing department shall contract on a competitive basis for all public works, enter into leases of personal property on a competitive basis, and purchase all supplies, materials, and equipment, on a competitive basis, for all departments of the county, as provided in this chapter and chapter 39.04 RCW, except that the county purchasing department is not required to make purchases for the county hospital, or make purchases that are paid from the county road fund or equipment rental and revolving fund.

Sec. 6. RCW 36.32.253 and 1991 c 363 s 63 are each amended to read as follows:

No lease of personal property may be entered into by the county legislative authority or by any elected or appointed officer of the county ~~((until after bids have been submitted to the county. The county shall use the same))~~ except upon use of the procedures specified in ((RCW 36.32.245 and 39.04.190)) this chapter and chapter 39.04 RCW for awarding contracts for purchases when it leases personal property from the lowest responsible bidder.

Sec. 7. RCW 36.32.245 and 1991 c 363 s 62 are each amended to read as follows:

(1) No contract for the purchase of materials, equipment, or supplies~~((or services))~~ may be entered into by the county legislative authority or by any elected or appointed officer of the county until after bids have been submitted to the county. Bid specifications shall be in writing and shall be filed with the clerk of the county legislative authority for public inspection. An advertisement shall be published in the official newspaper of the county stating the time and place where bids will be opened, the time after which bids will not be received, the materials, equipment, supplies, or services to be purchased, and that the specifications may be seen at the office of the clerk of the county legislative authority. The advertisement shall be published at least once at least ~~((ten))~~ thirteen days prior to the last date upon which bids will be received.

(2) The bids shall be in writing and filed with the clerk. The bids shall be opened and read in public at the time and place named in the advertisement. Contracts requiring competitive bidding under this section may be awarded only to the lowest responsible bidder. Immediately after the award is made, the bid quotations shall be recorded and open to public inspection and shall be available by telephone inquiry. Any or all bids may be rejected for good cause.

(3) For advertisement and formal sealed bidding to be dispensed with as to purchases between two thousand five hundred and twenty-five thousand dollars, the county legislative authority must use the uniform process to award contracts as provided in RCW 39.04.190. Advertisement and formal sealed bidding may be dispensed with as to purchases of less than two thousand five hundred dollars upon the order of the county legislative authority.

(4) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW; or contracts and purchases for the printing of election ballots, voting machine labels, and all other election material containing the names of candidates and ballot titles.

(5) Nothing in this section shall prohibit the legislative authority of any county from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

Sec. 8. RCW 36.32.250 and 1991 c 363 s 58 are each amended to read as follows:

No contract for public works may be entered into by the county legislative authority or by any elected or appointed officer of the county until after bids have been submitted to the county upon specifications therefor. Such specifications shall be in writing and shall be filed with the clerk of the county legislative authority for public inspection. An advertisement shall be published in the county official newspaper stating the time and place where bids will be opened, the time after which bids will not be received, the character of the work to be done, the materials and equipment to be furnished, and that specifications therefor may be seen at the office of the clerk of the county legislative authority. An advertisement shall also be published in a legal newspaper of general circulation in or as near as possible to that part of the county in which such work is to be done. If the county official newspaper is a newspaper of general circulation covering at least forty percent of the residences in that part of the county in which such public works are to be done, then the publication of an advertisement of the applicable specifications in the county official newspaper shall be sufficient. Such advertisements shall be published at least once at least ~~((ten))~~ thirteen days prior to the last date upon which bids will be received. The bids shall be in writing, shall be filed with the clerk, shall be opened and read in public at the time and place named therefor in the advertisements, and after being opened, shall be filed for public inspection. No bid may be considered for public work unless it is accompanied by a bid deposit in the form of a surety bond, postal money order, cash, cashier's check, or certified check in an amount equal to five percent of the amount of the bid proposed. The contract for the public work shall be awarded to the lowest responsible bidder. Any or all bids may be rejected for good cause. The county legislative authority shall require from the successful bidder for such public work a contractor's bond in the amount and with the conditions imposed by law. If the bidder to whom the contract is awarded fails to enter into the contract and furnish the contractor's bond as required within ten days after notice of the award, exclusive of the day of notice, the amount of the bid deposit shall be forfeited to the county and the contract awarded to the next lowest and best bidder. The bid deposit of all unsuccessful bidders shall be returned after the contract is awarded and the required contractor's bond given by the successful bidder is accepted by the county legislative authority. In the letting of any contract for public works involving less than ten thousand dollars, advertisement and competitive bidding may be dispensed with on order of the county legislative authority. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry.

For advertisement and competitive bidding to be dispensed with as to public works projects with an estimated value of ten thousand dollars up to one hundred thousand dollars ~~((or less))~~, a county must use a small works roster process as provided in RCW 39.04.155.

This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW.

Sec. 9. RCW 35.22.620 and 1989 c 431 s 59 are each amended to read as follows:

(1) As used in this section, the term "public works" means as defined in RCW 39.04.010.

(2) A first class city may have public works performed by contract pursuant to public notice and call for competitive bids. As limited by subsection (3) of this section, a first class city may have public works performed by city employees in any annual or biennial budget period equal to a dollar value not exceeding ten percent of the public works construction budget, including any amount in a supplemental public works construction budget, over the

budget period. The amount of public works that a first class city has a county perform for it under RCW 35.77.020 shall be included within this ten percent limitation.

If a first class city has public works performed by public employees in any budget period that are in excess of this ten percent limitation, the amount in excess of the permitted amount shall be reduced from the otherwise permitted amount of public works that may be performed by public employees for that city in its next budget period. Twenty percent of the motor vehicle fuel tax distributions to that city shall be withheld if two years after the year in which the excess amount of work occurred, the city has failed to so reduce the amount of public works that it has performed by public employees. The amount so withheld shall be distributed to the city when it has demonstrated in its reports to the state auditor that the amount of public works it has performed by public employees has been so reduced.

Whenever a first class city has had public works performed in any budget period up to the maximum permitted amount for that budget period, all remaining public works within that budget period shall be done by contract pursuant to public notice and call for competitive bids.

The state auditor shall report to the state treasurer any first class city that exceeds this amount and the extent to which the city has or has not reduced the amount of public works it has performed by public employees in subsequent years.

(3) In addition to the percentage limitation provided in subsection (2) of this section, a first class city with a population in excess of one hundred fifty thousand shall not have public employees perform a public works project in excess of fifty thousand dollars if more than a single craft or trade is involved with the public works project, or a public works project in excess of twenty-five thousand dollars if only a single craft or trade is involved with the public works project or the public works project is street signalization or street lighting. In addition to the percentage limitation provided in subsection (2) of this section, a first class city with a population of one hundred fifty thousand or less shall not have public employees perform a public works project in excess of thirty-five thousand dollars if more than one craft or trade is involved with the public works project, or a public works project in excess of twenty thousand dollars if only a single craft or trade is involved with the public works project or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project.

(4) In addition to the accounting and record-keeping requirements contained in RCW 39.04.070, every first class city annually shall prepare a report for the state auditor indicating the total public works construction budget and supplemental public works construction budget for that year, the total construction costs of public works performed by public employees for that year, and the amount of public works that is performed by public employees above or below ten percent of the total construction budget. However, if a city budgets on a biennial basis, this annual report shall indicate the amount of public works that is performed by public employees within the current biennial period that is above or below ten percent of the total biennial construction budget.

After September 1, 1987, each first class city with a population of one hundred fifty thousand or less shall use the form required by RCW 43.09.205 to account and record costs of public works in excess of five thousand dollars that are not let by contract.

(5) The cost of a separate public works project shall be the costs of materials, supplies, equipment, and labor on the construction of that project. The value of the public works budget shall be the value of all the separate public works projects within the budget.

(6) When any emergency shall require the immediate execution of such public work, upon the finding of the existence of such emergency by the authority having power to direct such public work to be done and duly entered of record, publication of description and estimate may be made within seven days after the commencement of the work. Within two weeks of the finding that such an emergency existed, the city council shall adopt a resolution certifying the existence of this emergency situation.

(7) In lieu of the procedures of subsections (2) and (6) of this section, a first class city may use a small works roster process and award contracts ~~((under this subsection for contracts))~~ for public works projects with an estimated value of one hundred thousand dollars or less as provided in RCW 39.04.155.

~~((a) The city may maintain a small works roster comprised of all contractors who have requested to be on the roster and are, where required by law, properly licensed or registered to perform such work in this state.~~

~~(b) Whenever work is done by contract, the estimated cost of which is one hundred thousand dollars or less, and the city uses the small works roster, the city shall invite proposals from all appropriate contractors on the small works roster: PROVIDED, That not less than five separate appropriate contractors, if available, shall be invited to submit bids on any one contract: PROVIDED FURTHER, That)) Whenever possible, the city shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section. ((Once a bidder on the small works roster has been offered an opportunity to bid, that bidder shall not be offered another opportunity until all other appropriate contractors on the small works roster have been afforded an opportunity to submit a bid. Invitations shall include an estimate of the scope and nature of the work to be performed, and materials and equipment to be furnished.~~

~~(c) When awarding such a contract for work, the estimated cost of which is one hundred thousand dollars or less, the city shall award the contract to the contractor submitting the lowest responsible bid.)~~

(8) The allocation of public works projects to be performed by city employees shall not be subject to a collective bargaining agreement.

(9) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW.

(10) Nothing in this section shall prohibit any first class city from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

Sec. 10. RCW 35.23.352 and 1989 c 431 s 56 are each amended to read as follows:

(1) Any second or third class city or any town may construct any public works, as defined in RCW 39.04.010, by contract or day labor without calling for bids therefor whenever the estimated cost of the work or improvement, including cost of materials, supplies and equipment will not exceed the sum of thirty thousand dollars if more than one craft or trade is involved with the public works, or twenty thousand dollars if a single craft or trade is involved with the public works or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project.

Whenever the cost of the public work or improvement, including materials, supplies and equipment, will exceed these figures, the same shall be done by contract. All such contracts shall be let at public bidding upon ~~((posting))~~ publication of notice calling for sealed bids upon the work. The notice ~~((thereof shall be posted in a public place in the city or town and by publication))~~ shall be published in the official newspaper, or a newspaper of general circulation most likely to bring responsive bids, ~~((once each week for two consecutive weeks before))~~ at least thirteen days prior to the ~~((date fixed for opening the bids))~~ last date upon which bids will be received. The notice shall generally state the nature of the work to be done that plans and specifications therefor shall then be on file in the city or town hall for public inspections, and require that bids be sealed and filed with the council or commission within the time specified therein. Each bid shall be accompanied by a bid proposal deposit in the form of a cashier's check, postal money order, or surety bond to the council or commission for a sum of not less than five percent of the amount of the bid, and no bid shall be considered unless accompanied by such bid proposal deposit. The council or commission of the city or town shall let the contract to the lowest responsible bidder or shall have power by resolution to reject any or all bids and to make further calls for bids in the same manner as the original call.

When the contract is let then all bid proposal deposits shall be returned to the bidders except that of the successful bidder which shall be retained until a contract is entered into and a bond to perform the work furnished, with surety satisfactory to the council or commission, in ~~((the full amount of the contract price))~~ accordance with RCW 39.08.030. If the bidder fails to enter into the contract in accordance with his or her bid and furnish a bond within ten days from the date at which he or she is notified that he or she is the successful bidder, the check or postal money order and the amount thereof shall be forfeited to the council or commission or the council or commission shall recover the amount of the surety bond.

If no bid is received on the first call the council or commission may readvertise and make a second call, or may enter into a contract without any further call or may purchase the supplies, material or equipment and perform the work or improvement by day labor.

(2) The allocation of public works projects to be performed by city or town employees shall not be subject to a collective bargaining agreement.

(3) In lieu of the procedures of subsection (1) of this section, a second or third class city or a town may use a small works roster process and award public works contracts ~~((under this subsection for contracts))~~ with an estimated value of one hundred thousand dollars or less as provided in RCW 39.04.155.

~~((a) The city or town may maintain a small works roster comprised of all contractors who have requested to be on the roster and are, where required by law, properly licensed or registered to perform such work in this state.~~

~~((b) Whenever work is done by contract, the estimated cost of which is one hundred thousand dollars or less, and the city uses the small works roster, the city or town shall invite proposals from all appropriate contractors on the small works roster: PROVIDED, That) Whenever possible, the city or town shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section. ((The invitation shall include an estimate of the scope and nature of the work to be performed, and materials and equipment to be furnished.~~

~~((c) When awarding such a contract for work, the estimated cost of which is one hundred thousand dollars or less, the city or town shall award the contract to the contractor submitting the lowest responsible bid.))~~

(4) After September 1, 1987, each second class city, third class city, and town shall use the form required by RCW 43.09.205 to account and record costs of public works in excess of five thousand dollars that are not let by contract.

(5) The cost of a separate public works project shall be the costs of the materials, equipment, supplies, and labor on that construction project.

(6) Any purchase of supplies, material, equipment or services other than professional services, except for public work or improvement, where the cost thereof exceeds seven thousand five hundred dollars shall be made upon call for bids~~((: PROVIDED, That the limitations herein shall not apply to any purchases of materials at auctions conducted by the government of the United States, any agency thereof or by the state of Washington or a political subdivision thereof)).~~

(7) Bids shall be called annually and at a time and in the manner prescribed by ordinance for the publication in a newspaper (~~published or~~) of general circulation in the city or town of all notices or newspaper publications required by law. The contract shall be awarded to the lowest responsible bidder.

(8) For advertisement and (~~competitive~~) formal sealed bidding to be dispensed with as to purchases between seven thousand five hundred and fifteen thousand dollars, the city legislative authority must authorize by resolution ((a)), use of the uniform procedure (~~for securing telephone and/or written quotations from enough vendors to assure establishment of a competitive price and for awarding the contracts for purchase of materials, equipment, or services to the lowest responsible bidder. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry~~) provided in RCW 39.04.190.

(9) These requirements for purchasing may be waived by resolution of the city or town council which declared that the purchase is clearly and legitimately limited to a single source or supply within the near vicinity, or the materials, supplies, equipment, or services are subject to special market conditions, and recites why this situation exists. Such actions are subject to RCW 39.30.020.

(10) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW.

(11) Nothing in this section shall prohibit any second or third class city or any town from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

Sec. 11. RCW 52.14.110 and 1984 c 238 s 3 are each amended to read as follows:

Insofar as practicable, purchases and any public works by the district shall be based on competitive bids. A formal sealed bid procedure shall be used as standard procedure for purchases and contracts for purchases executed by the board of commissioners. Formal sealed bidding shall not be required for:

(1) Emergency purchases if the sealed bidding procedure would prevent or hinder the emergency from being addressed appropriately. The term emergency means an occurrence that creates an immediate threat to life or property;

(2) The purchase of any materials, supplies, or equipment if the cost will not exceed the sum of (~~ten~~) four thousand five hundred dollars (~~(- PROVIDED, That)~~). However, whenever the estimated cost is from ((forty-five hundred)) four thousand five hundred dollars up to ten thousand dollars, the commissioners ((shall require quotations from at least three different sources to be obtained in writing or by telephone, and recorded for public perusal to assure establishment of a competitive price for such purchase)) may by resolution use the process provided in RCW 39.04.190 to award contracts;

(3) Contracting for work to be done involving the construction or improvement of a fire station or other buildings where the estimated cost will not exceed the sum of two thousand five hundred dollars, which includes the costs of labor, material, and equipment. However, whenever the estimated cost is from two thousand five hundred dollars up to ten thousand dollars, the commissioner may by resolution use the small works roster process provided in RCW 39.04.155;

(4) Purchases which are clearly and legitimately limited to a single source of supply, or services, in which instances the purchase price may be best established by direct negotiation: PROVIDED, That this subsection shall not apply to purchases or contracts relating to public works as defined in chapter 39.04 RCW; and

(5) Purchases of insurance and bonds.

Sec. 12. RCW 52.14.120 and 1984 c 238 s 4 are each amended to read as follows:

(1) Notice of the call for bids shall be given by (~~posting notice in three public places in the district and by publication once each week for two consecutive weeks. The posting and first publication shall be at least two weeks before the date fixed for opening of the bids, and the publication shall be~~) publishing the notice in a newspaper of general circulation within the district at least thirteen days before the last date upon which bids will be received. If no bid is received on the first call, the commissioners may readvertise and make a second call, or may enter into a contract without a further call.

(2) A public work involving three or more specialty contractors requires that the district retain the services of a general contractor as defined in RCW 18.27.010.

Sec. 13. RCW 53.08.120 and 1988 c 235 s 1 are each amended to read as follows:

All material required by a port district may be procured in the open market or by contract and all work ordered may be done by contract or day labor. All such contracts for work, the estimated cost of which exceeds one hundred thousand dollars, shall be let at public bidding upon notice published in a newspaper of general circulation in the district at least (~~ten~~) thirteen days before the (~~letting~~) last date upon which bids will be received, calling for sealed bids upon the work, plans and specifications for which shall then be on file in the office of the commission for public inspection. The same notice may call for bids on such work or material based upon plans and specifications submitted by the bidder.

Each port district shall maintain a small works roster (~~which shall be comprised of all contractors who have requested to be on the roster and are, where required by law, properly licensed or registered to perform such work in the state of Washington.~~), as provided in RCW 39.04.155, and may use the small works roster process to award

contracts in lieu of calling for sealed bids whenever work is done by contract, the estimated cost of which is one hundred thousand dollars or less~~((the managing official of the port district may invite proposals from all appropriate contractors on the small works roster: PROVIDED, That not less than five separate appropriate contractors shall be invited to submit proposals on any individual contract: PROVIDED FURTHER, That)).~~ Whenever possible, the managing official shall invite at least one proposal from a minority contractor who shall otherwise qualify under this section. ~~((Such invitation shall include an estimate of the scope and nature of the work to be performed, and materials and equipment to be furnished.))~~

When awarding such a contract for work, when utilizing proposals from the small works roster, the managing official shall give weight to the contractor submitting the lowest and best proposal, and whenever it would not violate the public interest, such contracts shall be distributed equally among contractors, including minority contractors, on the small works roster.

Sec. 14. RCW 54.04.070 and 1990 c 251 s 1 are each amended to read as follows:

Any item, or items of the same kind of materials, equipment, or supplies purchased, the estimated cost of which is in excess of five thousand dollars, exclusive of sales tax shall be by contract: PROVIDED, That a district may make purchases of the same kind of items of materials, equipment and supplies not exceeding five thousand dollars in any calendar month without a contract, purchasing any excess thereof over five thousand dollars by contract. Any work ordered by a district commission, the estimated cost of which is in excess of ten thousand dollars exclusive of sales tax, shall be by contract, except that a district commission may have its own regularly employed personnel perform work which is an accepted industry practice under prudent utility management without a contract. Prudent utility management means performing work with regularly employed personnel utilizing material of a worth not exceeding fifty thousand dollars in value without a contract: PROVIDED, That such limit on the value of material being utilized in work being performed by regularly employed personnel shall not include the value of individual items of equipment purchased or acquired and used as one unit of a project. Before awarding such a contract, the commission shall publish a notice once or more in a newspaper of general circulation in the district at least ~~((twenty))~~ thirteen days before the ~~((letting of the contract))~~ last date upon which bids will be received, inviting sealed proposals for the work or materials; plans and specifications of which shall at the time of the publication be on file at the office of the district subject to public inspection~~((: PROVIDED, That any)).~~ Any published notice ordering work to be performed for the district shall be mailed at the time of publication to any established trade association which files a written request with the district to receive such notices. The commission may at the same time and as part of the same notice, invite tenders for the work or materials upon plans and specifications to be submitted by the bidders.

Notwithstanding any other provisions herein, all contract projects, the estimated cost of which is less than one hundred thousand dollars, may be awarded to a contractor ~~((an))~~ using the small works roster~~((The small works roster shall be comprised of all responsible contractors who have requested to be on the list. The commission shall authorize by resolution a procedure for securing telephone and/or written quotations from the contractors on the small works roster to assure establishment of a competitive price and for awarding contracts to the lowest responsible bidder. Such procedure shall require that a good faith effort be made to request quotations from all contractors on the small works roster. Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry. The small works roster shall be revised once a year))~~ process provided in RCW 39.04.155. All contract projects equal to or in excess of one hundred thousand dollars shall be let by competitive bidding.

Whenever equipment or materials required by a district are held by a governmental agency and are available for sale but such agency is unwilling to submit a proposal, the commission may ascertain the price of such items and file a statement of such price supported by the sworn affidavit of one member of the commission and may consider such price as a bid without a deposit or bond. In the event of an emergency when the public interest or property of the district would suffer material injury or damage by delay, upon resolution of the commission, or proclamation of an official designated by the board to act for the board during such emergencies, declaring the existence of such emergency and reciting the facts constituting the same, the board, or the official acting for the board, may waive the requirements of this chapter with reference to any purchase or contract, after having taken precautions to secure the lowest price practicable under the circumstances.

After determination by the commission during a public meeting that a particular purchase is available clearly and legitimately only from a single source of supply, the bidding requirements of this section may be waived by the commission.

Sec. 15. RCW 54.04.082 and 1977 ex.s. c 116 s 1 are each amended to read as follows:

For the awarding of a contract to purchase any item, or items of the same kind of materials, equipment, or supplies in an amount exceeding five thousand dollars, but less than fifteen thousand dollars, exclusive of sales tax, the commission may, in lieu of the procedure described in RCW 54.04.070 and 54.04.080 requiring public notice to invite sealed proposals for such materials, equipment, or supplies, ~~((authorize by))~~ pursuant to commission resolution ~~((a staff procedure for securing telephone and/or written quotations from enough vendors to assure establishment of a competitive price and for awarding such contracts for purchase of materials, equipment, or supplies to the lowest responsible bidder. Immediately after the award is made, the bid quotations obtained shall be recorded and shall be~~

~~posted or otherwise made available at the office of the commission or any other officially designated location)) use the process provided in RCW 39.04.190. Waiver of the deposit or bid bond required under RCW 54.04.080 may be authorized by the commission in securing such bid quotations.~~

Sec. 16. RCW 56.08.070 and 1989 c 105 s 1 are each amended to read as follows:

(1) All materials purchased and work ordered, the estimated cost of which is in excess of five thousand dollars shall be let by contract. All contract projects, the estimated cost of which is less than fifty thousand dollars, may be awarded to a contractor ~~((en))~~ using the small works roster ~~((The small works roster shall be comprised of all responsible contractors who have requested to be on the list))~~ process provided in RCW 39.04.155 or the process provided in RCW 39.04.190 for purchases. The board of sewer commissioners may set up uniform procedures to prequalify contractors for inclusion on the small works roster. ~~((The board of sewer commissioners shall authorize by resolution a procedure for securing telephone and/or written quotations from the contractors on the small works roster to assure establishment of a competitive price and for awarding contracts to the lowest responsible bidder. Such procedure shall require that a good faith effort be made to request quotations from all contractors on the small works roster. Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry. The small works roster shall be revised once a year.))~~ All contract projects equal to or in excess of fifty thousand dollars shall be let by competitive bidding. Before awarding any competitive contract the board of sewer commissioners shall ~~((cause))~~ publish a notice ~~((to be published))~~ in a newspaper ~~((in))~~ of general circulation where the district is located at least once, ~~((ten))~~ thirteen days before the ~~((letting of such contract))~~ last date upon which bids will be received, inviting sealed proposals for such work, plans and specifications which must at the time of publication of such notice be on file in the office of the board of sewer commissioners subject to public inspection. Such notice shall state generally the work to be done and shall call for proposals for doing the same to be sealed and filed with the board of sewer commissioners on or before the day and hour named therein.

(2) Each bid shall be accompanied by a bid proposal deposit in the form of a certified check, cashier's check, postal money order, or surety bond payable to the order of the county treasurer for a sum not less than five percent of the amount of the bid and no bid shall be considered unless accompanied by such bid proposal deposit. At the time and place named such bids shall be publicly opened and read and the board of sewer commissioners shall proceed to canvass the bids and may let such contract to the lowest responsible bidder upon plans and specifications: PROVIDED, That no contract shall be let in excess of the cost of ~~((said))~~ the materials or work, or if in the opinion of the board of sewer commissioners all bids are unsatisfactory they may reject all of them and readvertise and in such case all checks, cash or bid bonds shall be returned to the bidders. If such contract be let, then all checks, cash or bid bonds shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract shall be entered into for the purchase of such materials or doing such work, and a bond to perform such work furnished with sureties satisfactory to the board of sewer commissioners in the full amount of the contract price between the bidder and the commission in accordance with bid. If ~~((said))~~ the bidder fails to enter into ~~((said))~~ the contract in accordance with ~~((said))~~ the bid and furnish such bond within ten days from the date at which ~~((he))~~ the bidder is notified that he or she is the successful bidder, the ~~((said))~~ check, cash, or bid bonds and the amount thereof shall be forfeited to the sewer district.

(3) In the event of an emergency when the public interest or property of the sewer district would suffer material injury or damage by delay, upon resolution of the board of sewer commissioners, or proclamation of an official designated by the board to act for the board during such emergencies, declaring the existence of such emergency and reciting the facts constituting the same, the board, or the official acting for the board, may waive the requirements of this chapter with reference to any purchase or contract. In addition, these requirements may be waived for purchases which are clearly and legitimately limited to a single source of supply and purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation.

Sec. 17. RCW 56.08.080 and 1989 c 308 s 5 are each amended to read as follows:

(4) In the event of an emergency when the public interest or property of the water district would suffer material injury or damage by delay, upon resolution of the board of water commissioners, or proclamation of an official designated by the board to act for the board during such emergencies, declaring the existence of such emergency and reciting the facts constituting the same, the board, or official acting for the board, may waive the requirements of this chapter with reference to any purchase or contract. The school district board of directors may require any student participating in extracurricular interschool activities to, as a condition of participation, document evidence of insurance or purchase insurance that will provide adequate coverage, as determined by the school district board of directors, for medical expenses incurred as a result of injury sustained while participating in the extracurricular activity. In establishing such a requirement, the district shall adopt regulations for waiving or reducing the premiums of such coverage as may be offered through the school district to students participating in extracurricular activities, for those students whose families, by reason of their low income, would have difficulty paying the entire amount of such insurance premiums. Sec. 59. RCW 87.03.460 and 1990 c 38 s 1 are each amended to read as follows:

((~~In addition to their reasonable expenses in accordance with chapter 42.24 RCW,~~)) The directors shall each receive an amount for attending meetings and while performing other services for the district. The amount shall be fixed by resolution and entered in the minutes of the proceedings of the board. It shall not exceed fifty dollars for each day or portion thereof spent by a director for such attendance or performance. ((The total amount of such additional compensation received by a director may not exceed four thousand eight hundred dollars)) However, by resolution, a board of directors may increase the per day rate of compensation up to sixty-six dollars. A director may not receive compensation for more than ninety-six days in a calendar year. Any director may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the district as provided in this section. The waiver, to be effective, must be filed any time after the director's election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made. The board shall fix the compensation of the secretary and all other employees. In addition, directors are entitled to reimbursement for reasonable expenses actually incurred in connection with official business, including subsistence and lodging while away from each director's place of residence, and mileage for use of a privately owned vehicle, in accordance with chapter 42.24 RCW.

Successors shall be elected for three-year terms.

Vacancies in the office of appointed supervisors shall be filled by the state conservation commission. Vacancies in the office of elected supervisors shall be filled by appointment made by the remaining supervisors for the unexpired term.

A majority of the supervisors shall constitute a quorum and the concurrence of a majority is required for any official action or determination.

Supervisors shall serve without compensation, but ~~((they shall be entitled to expenses, including traveling expenses, necessarily incurred in discharge of their duties))~~ are entitled to reimbursement for reasonable expenses actually incurred in connection with official business, including subsistence and lodging while away from each supervisor's place of residence, and mileage for use of a privately owned vehicle, in accordance with chapter 42.24 RCW. A supervisor may be removed by the state conservation commission upon notice and hearing, for neglect of duty or malfeasance in office, but for no other reason.

The governing board shall designate a chairman from time to time.

Sec. 61. RCW 89.30.298 and 1927 c 254 s 100 are each amended to read as follows:

The members of the board of directors shall each receive an amount not to exceed ~~((five))~~ ten dollars per day ~~((in))~~ for attending the meetings ~~((, to be determined by said board, and such compensation, not exceeding five dollars per day,))~~ and for other services rendered the district as shall be fixed by resolution. The resolution shall be adopted by vote of the directors and entered in the minutes of their proceedings((, and)). Any director may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the district as provided in this section. The waiver shall specify the month or period of months for which it is made. In addition ((hereto, said)), the directors ((shall receive necessary expenses in attending meetings or when otherwise engaged in district business)) are entitled to reimbursement for reasonable expenses actually incurred in connection with official business, including subsistence and lodging while away from each director's place of residence, and mileage for use of a privately owned vehicle, in accordance with chapter 42.24 RCW. The board shall fix the compensation to be paid to the secretary and all other officers, agents and employees of the district."

ESSB 5230 Prime Sponsor, Committee on Government Operations: Clarifying and extending dates established under the growth management act. Reported by Committee on Local Government

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.040 and 1990 1st ex.s. c 17 s 4 are each amended to read as follows:

(1) Each county that has both a population of fifty thousand or more and has had its population increase by more than ten percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall ~~((adopt comprehensive land use plans and development regulations under))~~ conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section.

Once a county meets either of these sets of criteria, the requirement to conform with ~~((RCW 36.70A.040 through 36.70A.160))~~ all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet ~~((the requirements of))~~ either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall ~~((adopt a comprehensive land use plan in accordance with))~~ conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county ~~((cannot remove itself from))~~ and the cities located within the county remain subject to all of the requirements of this chapter.

(3) Any county or city that is initially required to ~~((adopt a comprehensive land use plan))~~ conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) the county and each city located within the county shall adopt ~~((the))~~ a comprehensive plan under this chapter on or before ~~((July 1, 1993))~~ a date from January 1, 1994, through August 1, 1994, as specified by the department under RCW 36.70A.045; and (e) the county and each city located within the county shall adopt development regulations that are consistent with and implement its comprehensive plan by the same date it is required to adopt its comprehensive plan, but a county or city may obtain an extension for this deadline by the shorter of an additional six months or until December 31, 1994, by submitting a letter to the department of community development prior to the deadline for adopting both a comprehensive plan and development regulations stating its need for the extension, detailing reasons for the needed extension, and proposing a schedule of actions that will be taken leading to the adoption of the development regulations.

(4) Any county or city that is required to ~~((adopt a comprehensive land use plan))~~ conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt ~~((the))~~ a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than ~~((three))~~ four years one month from the date the county legislative ~~((body takes action as required by subsection (2) of this section))~~ authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter to the department of community development prior to the deadline for adopting both a comprehensive plan and development regulations stating its need for the extension, detailing reasons for the needed extension, and proposing a schedule of actions that will be taken leading to the adoption of the development regulations.

~~((4))~~ (5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the ~~((requirements of))~~ sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall ~~((adopt))~~ take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; ~~((b))~~ (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan ~~((under this chapter))~~ and development regulations that are consistent with and implement the comprehensive plan within ~~((three))~~ four years one month of the certification by the office of financial management ~~((; and (e) development regulations pursuant to this chapter within one year of having adopted its comprehensive land use plan))~~, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter to the department of community development prior to the deadline for adopting both a comprehensive plan and development regulations stating its need for the extension, detailing reasons for the needed extension, and proposing a schedule of actions that will be taken leading to the adoption of the development regulations.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

Sec. 2. RCW 36.70A.045 and 1991 sp.s. c 32 s 15 are each amended to read as follows:

(1) By no later than June 1, 1993, the department ~~((may))~~ shall adopt a schedule ~~((to permit))~~ phasing ~~((of))~~ the dates, from January 1, 1994, through July 31, 1994, on or before which each county initially required to plan under all the requirements of this chapter by RCW 36.70A.040(1), and each city located within the county, must adopt a comprehensive plan ~~((submittal for counties and cities planning under RCW 36.70A.040. This schedule shall not permit a comprehensive plan to be submitted greater than one hundred eighty days past the date that the plan was required to be submitted and shall be used))~~ under this chapter.

To facilitate expeditious review and interjurisdictional coordination of comprehensive plans and development regulations, the date designated on or before which a county must adopt a comprehensive plan shall be the same date designated on or before which each city located in that county must adopt its comprehensive plan. Where a city

is located in more than one of such counties that have differing designated dates, the department shall designate which date applies to that city.

(2) The following criteria shall be used by the department in establishing this schedule: (a) How close the county and cities in the county are to adopting their comprehensive plans; (b) the extent of a consensus between the county and cities in the county over a date; (c) the relative financial burdens on the county and the cities in the county to prepare, consider, and adopt their comprehensive plans; and (d) the sufficiency of opportunities the public has had to provide input into the planning process in the county and the cities in the county. This schedule does not have to evenly spread the deadlines for counties over this period and may designate deadlines for all or most of these counties at the end of this period.

Sec. 3. RCW 36.70A.110 and 1991 sp.s. c 32 s 29 are each amended to read as follows:

(1) Each county that is required or chooses to ~~((adopt a comprehensive land use))~~ plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth or is adjacent to territory already characterized by urban growth.

(2) Based upon the population growth management planning population projection made for the county by the office of financial management, the urban growth areas in the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. Within one year of July 1, 1990, each county ~~((required to designate urban growth areas))~~ that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, every other county that is required or chooses to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have existing public facility and service capacities to serve such development, and second in areas already characterized by urban growth that will be served by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources. Further, it is appropriate that urban government services be provided by cities, and urban government services should not be provided in rural areas.

(4) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall designate interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, each other county that is required or chooses to plan under RCW 36.70A.040 shall designate interim urban growth areas under this chapter. A permit or other authorization allowing land use activities not already vested shall not be issued or approved by a county or city after the county designates its interim urban growth areas if the permit or other authorization is inconsistent with these designations. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(5) Each county shall include designations of urban growth areas in its comprehensive plan.

Sec. 4. RCW 36.70A.120 and 1990 1st ex.s. c 17 s 12 are each amended to read as follows:

~~((Within one year of the adoption of its comprehensive plan, each county and city that is required or chooses to plan under RCW 36.70A.040 shall enact development regulations that are consistent with and implement the comprehensive plan. These counties and cities))~~ Each county and city that is required or chooses to plan under RCW 36.70A.040 shall perform ~~((their))~~ its activities and make capital budget decisions in conformity with ~~((their))~~ its comprehensive plan~~((s))~~.

Sec. 5. RCW 36.70A.210 and 1991 sp.s. c 32 s 2 are each amended to read as follows:

(1) The legislature recognizes that counties are regional governments within their boundaries, and cities are primary providers of urban governmental services within urban growth areas. For the purposes of this section, a "county-wide planning policy" is a written policy statement or statements used solely for establishing a county-wide framework from which county and city comprehensive plans are developed and adopted pursuant to this chapter. This framework shall ensure that city and county comprehensive plans are consistent as required in RCW 36.70A.100. Nothing in this section shall be construed to alter the land-use powers of cities.

(2) The legislative authority of a county that plans under RCW 36.70A.040 shall adopt a county-wide planning policy in cooperation with the cities located in whole or in part within the county as follows:

(a) No later than sixty calendar days from July 16, 1991, the legislative authority of ~~(the)~~ each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040 shall convene a meeting with representatives of each city located within the county for the purpose of establishing a collaborative process that will provide a framework for the adoption of a county-wide planning policy~~(:)~~. In other counties that are required or choose to plan under RCW 36.70A.040, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management.

(b) The process and framework for adoption of a county-wide planning policy specified in (a) of this subsection shall determine the manner in which the county and the cities agree to all procedures and provisions including but not limited to desired planning policies, deadlines, ratification of final agreements and demonstration thereof, and financing, if any, of all activities associated therewith~~(:)~~.

(c) If a county fails for any reason to convene a meeting with representatives of cities as required in (a) of this subsection, the governor may immediately impose any appropriate sanction or sanctions on the county from those specified under RCW 36.70A.340~~(:)~~.

(d) If there is no agreement by October 1, 1991, in a county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or if there is no agreement within one hundred twenty days of the date the county adopted its resolution of intention or was certified by the office of financial management in any other county that is required or chooses to plan under RCW 36.70A.040, the governor shall first inquire of the jurisdictions as to the reason or reasons for failure to reach an agreement. If the governor deems it appropriate, the governor may immediately request the assistance of the department of community development to mediate any disputes that preclude agreement. If mediation is unsuccessful in resolving all disputes that will lead to agreement, the governor may impose appropriate sanctions from those specified under RCW 36.70A.340 on the county, city, or cities for failure to reach an agreement as provided in this section. The governor shall specify the reason or reasons for the imposition of any sanction~~(: and)~~.

(e) No later than July 1, 1992, the legislative authority of ~~(the)~~ each county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or no later than fourteen months after the date the county adopted its resolution of intention or was certified by the office of financial management the county legislative authority of any other county that is required or chooses to plan under RCW 36.70A.040, shall adopt a county-wide planning policy according to the process provided under this section and that is consistent with the agreement pursuant to (b) of this subsection, and after holding a public hearing or hearings on the proposed county-wide planning policy.

(3) A county-wide planning policy shall at a minimum, address the following:

(a) Policies to implement RCW 36.70A.110;

(b) Policies for promotion of contiguous and orderly development and provision of urban services to such development;

(c) Policies for siting public capital facilities of a county-wide or state-wide nature;

(d) Policies for county-wide transportation facilities and strategies;

(e) Policies that consider the need for affordable housing, such as housing for all economic segments of the population and parameters for its distribution;

(f) Policies for joint county and city planning within urban growth areas;

(g) Policies for county-wide economic development and employment; and

(h) An analysis of the fiscal impact.

(4) Federal agencies and Indian tribes may participate in and cooperate with the county-wide planning policy adoption process. Adopted county-wide planning policies shall be adhered to by state agencies.

(5) Failure to adopt a county-wide planning policy that meets the requirements of this section may result in the imposition of a sanction or sanctions on a county or city within the county, as specified in RCW 36.70A.340. In imposing a sanction or sanctions, the governor shall specify the reasons for failure to adopt a county-wide planning policy in order that any imposed sanction or sanctions are fairly and equitably related to the failure to adopt a county-wide planning policy.

(6) Cities and the governor may appeal an adopted county-wide planning policy to the growth planning hearings board within sixty days of the adoption of the county-wide planning policy.

(7) Multicounty planning policies shall be adopted by two or more counties, each with a population of four hundred fifty thousand or more, with contiguous urban areas and may be adopted by other counties, according to the process established under this section or other processes agreed to among the counties and cities within the affected counties throughout the multicounty region.

NEW SECTION. Sec. 6. A new section is added to chapter 36.70A RCW to read as follows:

The governor may impose a sanction or sanctions specified under RCW 36.70A.340 on: (1) A county or city that fails to designate critical areas, agricultural lands, forest lands, or mineral resource lands under RCW 36.70A.170 by the date such action was required to have been taken; (2) a county or city that fails to adopt development regulations under RCW 36.70A.060 protecting critical areas or conserving agricultural lands, forest lands, or mineral resource lands by the date such action was required to have been taken; (3) a county that fails to designate urban growth areas under RCW 36.70A.110 by the date such action was required to have been taken; and (4) a county or city that fails to adopt its comprehensive plan or development regulations when such actions are required to be taken.

Prior to imposing a sanction or sanctions on a county or city, the governor shall make a written finding that the county or city has not proceeded in good faith or has unreasonably delayed taking required action by the date such action was required to have been taken. A delay caused by an initiative or referendum on subjects covered in this act is not an unreasonable delay.

Sec. 7. RCW 82.02.050 and 1990 1st ex.s. c 17 s 43 are each amended to read as follows:

(1) It is the intent of the legislature:

(a) To ensure that adequate facilities are available to serve new growth and development;

(b) To promote orderly growth and development by establishing standards by which counties, cities, and towns may require, by ordinance, that new growth and development pay a proportionate share of the cost of new facilities needed to serve new growth and development; and

(c) To ensure that impact fees are imposed through established procedures and criteria so that specific developments do not pay arbitrary fees or duplicative fees for the same impact.

(2) Counties, cities, and towns that are required or choose to plan under RCW 36.70A.040 are authorized to impose impact fees on development activity as part of the financing for public facilities, provided that the financing for system improvements to serve new development must provide for a balance between impact fees and other sources of public funds and cannot rely solely on impact fees.

(3) The impact fees:

(a) Shall only be imposed for system improvements that are reasonably related to the new development;

(b) Shall not exceed a proportionate share of the costs of system improvements that are reasonably related to the new development; and

(c) Shall be used for system improvements that will reasonably benefit the new development.

(4) Impact fees may be collected and spent only for the public facilities defined in RCW 82.02.090 which are addressed by a capital facilities plan element of a comprehensive land use plan adopted pursuant to the provisions of RCW 36.70A.070 or the provisions for comprehensive plan adoption contained in chapter 36.70, 35.63, or 35A.63 RCW. After ~~((July 1, 1993))~~ the date a county, city, or town is required to adopt its comprehensive plan and development regulations under chapter 36.70A RCW, continued authorization to collect and expend impact fees shall be contingent on the county, city, or town adopting or revising a comprehensive plan in compliance with RCW 36.70A.070, and on the capital facilities plan identifying:

(a) Deficiencies in public facilities serving existing development and the means by which existing deficiencies will be eliminated within a reasonable period of time;

(b) Additional demands placed on existing public facilities by new development; and

(c) Additional public facility improvements required to serve new development.

If the capital facilities plan of the county, city, or town is complete other than for the inclusion of those elements which are the responsibility of a special district, the county, city, or town may impose impact fees to address those public facility needs for which the county, city, or town is responsible.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

NEW SECTION. Sec. 2. A new section is added to chapter 35.13 RCW to read as follows:

A city, town, county, or special district may not use its public facilities to promote or oppose a proposed or pending annexation to a city or town under the direct property owner petition method of annexation provided under RCW 35.13.125 through 35.13.160. However, this restriction does not apply to the following:

(1) Members of a governing body may take action at an open public meeting to express a collective decision, or to actually vote upon a motion, proposal, resolution, order, or ordinance, or to promote or oppose a proposed or pending annexation so long as members of the governing body or members of the public are afforded an approximately equal opportunity for the expression of an opposing view.

SSB 5329 Prime Sponsor, Committee on Government Operations: Changing provisions relating to port districts.
Reported by Committee on Local Government

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 53.12.010 and 1992 c 146 s 1 are each amended to read as follows:

The powers of the port district shall be exercised through a port commission consisting of three or, when permitted by this title, five members. Every port district that is not coextensive with a county having a population of five hundred thousand or more shall be divided into ~~((three))~~ the same number of commissioner districts as there are commissioner positions, each having approximately equal population. Where a port district with three commissioner positions is coextensive with the boundaries of a county that has a population of less than five hundred thousand and the county has three county legislative authority districts, the port ~~((district))~~ commissioner districts shall be the county legislative authority districts. In other instances where a port district is divided into commissioner districts, the ~~((petition proposing the formation of such a))~~ port commission shall divide the port district ((shall describe three)) into commissioner districts ((each having approximately the same population and)) unless the commissioner districts have

been described pursuant to section 4 of this act. The commissioner districts shall be altered as provided in chapter 53.16 RCW.

Commissioner districts shall be used as follows: (1) Only a registered voter who resides in a commissioner district may be a candidate for, or hold office as, a commissioner of the commissioner district; and (2) only the voters of a commissioner district may vote at a primary (~~election~~) to nominate candidates for a commissioner of the commissioner district. Voters of the entire port district may vote at a general election to elect a person as a commissioner of the commissioner district.

~~((In port districts having additional commissioners as authorized by RCW 53.12.120, 53.12.130, and 53.12.115, the powers of the port district shall be exercised through a port commission consisting of five members constituted as provided therein.))~~

NEW SECTION. Sec. 2. A new section is added to chapter 53.12 RCW to read as follows:

A ballot proposition authorizing the use of commissioner districts in a port district with a population of five hundred thousand or more shall be submitted to the voters of the port district if either the port commission adopts a resolution proposing the use of commissioner districts or a petition proposing the use of commissioner districts is submitted to the port commission that is signed by registered voters in the port district equal in number to at least ten percent of the number of voters who voted in the port district at the last district general election. The port commission shall transfer the petition immediately to the county auditor who shall review the signatures and certify the sufficiency of the petition. A ballot proposition shall be submitted to the voters of the port district at the next district general election occurring sixty or more days after a petition with sufficient valid signatures was submitted.

If the ballot proposition authorizing the use of commissioner districts is approved by a simple majority vote, the port commission shall divide the port district into either three or five commissioner districts, depending on the number of commissioners on the board of commissioners, each with approximately the same population. The creation of commissioner districts shall be completed by the first day of July in the year after the election at which the use of commissioner districts was approved. A single commissioner shall reside in each of the commissioner districts. Each of the current commissioners shall remain in office until his or her term expires and a successor shall be elected from the commissioner district in which the port commissioner resides.

NEW SECTION. Sec. 3. A new section is added to chapter 53.12 RCW to read as follows:

The commissioners of a port district may adopt a resolution authorizing a ballot proposition to be submitted to the voters of the port district that would eliminate the commissioner districts in the port district. A copy of the resolution shall be transmitted to the county auditor. The ballot proposition shall be submitted at the next district general election occurring sixty or more days after the adoption of the resolution by the port commissioners. If the ballot proposition authorizing the port district to cease using commissioner districts is approved by a simple majority vote, the port district shall cease using commissioner districts at all subsequent elections.

A ballot proposition authorizing the elimination of commissioner districts shall be submitted to the voters of a port district that is divided into commissioner districts if a petition is submitted to the port commission proposing that the port district cease using commissioner districts, that is signed by registered voters of the port district equal in number to at least ten percent of the number of voters who voted at the last district general election. The port commission shall transfer the petition immediately to the county auditor who shall review the signatures and certify its sufficiency. A ballot proposition authorizing the elimination of commissioner districts shall be submitted at the next district general election occurring sixty or more days after a petition with sufficient signatures was submitted. If the ballot proposition authorizing the port district to cease using commissioner districts is approved by a simple majority vote, the port district shall cease using commissioner districts at all subsequent elections. The port commission may adopt a resolution eliminating the use of commissioner districts in lieu of having the ballot proposition submitted to district voters.

NEW SECTION. Sec. 4. A new section is added to chapter 53.04 RCW to read as follows:

Three commissioner districts, each with approximately the same population, shall be described in the petition proposing the creation of a port district under RCW 53.04.020, if the process to create the port district was initiated by voter petition, or shall be described by the county legislative authority, if the process to initiate the creation of the port district was by action of the county legislative authority. However, commissioner districts shall not be described if the commissioner districts of the proposed port district shall be the same as the county legislative authority districts.

The initial port commissioners shall be elected as provided in RCW 53.12.172.

Sec. 5. RCW 53.04.023 and 1992 c 147 s 2 are each amended to read as follows:

A less than county-wide port district with an assessed valuation of at least seventy-five million dollars may be created in a county bordering on saltwater that already has a less than county-wide port district located within its boundaries. Except as provided in this section, such a port district shall be created in accordance with the procedure to create a county-wide port district.

The effort to create such a port district is initiated by the filing of a petition with the county auditor calling for the creation of such a port district, describing the boundaries of the proposed port district, designating either three or five commissioner positions, describing commissioner districts if the petitioners propose that the commissioners represent districts, and providing a name for the proposed port district. The petition must be signed by voters residing within the proposed port district equal in number to at least ten percent of such voters who voted at the last county general election.

A public hearing on creation of the proposed port district shall be held by the county legislative authority if the county auditor certifies that the petition contained sufficient valid signatures. Notice of the public hearing must be published in the county's official newspaper at least ten days prior to the date of the public hearing. After taking testimony, the county legislative authority may make changes in the boundaries of the proposed port district if it finds that such changes are in the public interest and shall determine if the creation of the port district is in the public interest. No area may be added to the boundaries unless a subsequent public hearing is held on the proposed port district.

The county legislative authority shall submit a ballot proposition authorizing the creation of the proposed port district to the voters of the proposed port district, at any special election date provided in RCW 29.13.020, if it finds the creation of the port district to be in the public interest.

The port district shall be created if a majority of the voters voting on the ballot proposition favor the creation of the port district. The initial port commissioners shall be elected at the same election, from districts or at large, as provided in the petition initiating the creation of the port district. The election shall be otherwise conducted as provided in RCW ((53.12.050)) 53.12.172, but the election of commissioners shall be null and void if the port district is not created. ~~((Commissioner districts shall not be used in the initial election of the port commissioners.))~~

(2) The initial port commissioners shall be elected at the same election as when the ballot proposition is submitted to voters authorizing the creation of the port district. If the port district is created the persons elected at this election shall serve as the initial port commission. No primary shall be held. The person receiving the greatest number of votes for commissioner from each commissioner district shall be elected as the commissioner of that district.

(3) The terms of office of the initial port commissioners shall be staggered as follows in a port district that is county-wide with a population of one hundred thousand or more: ~~((+))~~ (a) The two persons who are elected receiving the two greatest numbers of votes shall be elected to four-year terms of office if the election is held in an odd-numbered year, or three-year terms of office if the election is held in an even-numbered year, and shall hold office until successors are elected and qualified and assume office in accordance with RCW 29.04.170; and ~~((2))~~ (b) the other person who is elected shall be elected to a two-year term of office if the election is held in an odd-numbered year, or a one-year term of office if the election is held in an even-numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170.

Such taxes shall be levied and collected in the same manner as other taxes are levied and collected, and the proceeds thereof shall be forwarded ~~((quarterly))~~ monthly by the treasurer of each county, other than the county to which the joint district belongs, to the treasurer of the county to which such district belongs and shall be placed to the credit of said district. The copy of the summons shall be mailed within fifteen days after the first publication thereof, but the county treasurer's failure to do so shall not affect the jurisdiction of the court nor the priority of the tax sought to be foreclosed.))~~

If any property situated in a city or town, or if any property is situated in a city or town local improvement district that is located outside of a city's or town's borders, is offered for sale for general taxes by the county treasurer, the city or town shall have power to protect the lien or liens of any local improvement assessments outstanding against the whole or portion of such property by purchase thereof or otherwise.

To assist each assessor in obtaining adequate and well qualified assistants or deputies, the state department of personnel, after consultation with the Washington state association of county assessors, the Washington state association of counties, and the department of revenue, shall ~~((establish by July 1, 1967, and shall thereafter))~~ maintain~~((r))~~ a classification and salary plan for those employees of an assessor who act as appraisers. ~~((#))~~ An assessor who intends to put such plan into effect ~~((in his county, he))~~ shall inform the department of revenue and the ~~((board of))~~ county ~~((commissioners))~~ legislative authority of this intent in writing. The department of revenue and the ~~((board))~~ county legislative authority may thereupon each designate a representative, and such representative or representatives as may be designated by the department of revenue or the ~~((board))~~ legislative authority, or both, shall form with the assessor a committee. The committee so formed may, by unanimous vote only, determine the required number of certified appraiser positions and their salaries necessary to enable the county assessor to carry out the requirements relating to revaluation of property in chapter 84.41 RCW. The committee provided for herein may be formed only once in a period of four calendar years.

After such determination, the assessor may provide, in each of ~~((his))~~ the four next succeeding annual budget estimates, for as many positions as are established in such determination. Each ~~((board of))~~ county ~~((commissioners))~~ legislative authority to which such a budget estimate is submitted shall allow sufficient funds for such positions. In all appeals taken pursuant to RCW 84.08.130 the assessor and taxpayer shall submit evidence of comparable sales to be used in a hearing to the board and to all parties at least ten business days in advance of such hearing. Failure to comply with the requirements set forth in this section shall be grounds for the board, upon objection, to continue the hearing or refuse to consider evidence not timely submitted.

Sec. 7. RCW 84.08.130 and 1992 c 206 s 10 are each amended to read as follows:

(1) Any taxpayer or taxing unit feeling aggrieved by the action of any county board of equalization may appeal to the board of tax appeals by filing with the ~~((county auditor))~~ board of tax appeals a notice of appeal ~~((in duplicate))~~ within thirty days after the mailing of the decision of such board of equalization, which notice shall specify the actions complained of ~~((, and said auditor shall forthwith transmit one of said notices to the board of tax appeals));~~ and in like manner any county assessor may appeal to the board of tax appeals from any action of any county board of equalization. The board of tax appeals shall require the board appealed from to file a true and correct copy of its decision in such action and all evidence taken in connection therewith, and may receive further evidence, and shall make such order as in its judgment is just and proper. An appeal of an action by a county board of equalization shall be deemed to have been filed and served within the thirty-day period if it is postmarked on or before the thirtieth day after the mailing of the decision of the board of equalization.

(2) The board of tax appeals may enter an order, pursuant to subsection (1) of this section, that has effect up to the end of the assessment cycle used by the assessor, if there has been no intervening change in the assessed value during that time.

Any taxpayer feeling aggrieved by the levy or levies of any taxing district except levies authorized by a vote of the ~~((people))~~ voters of the district may appeal therefrom to the department of revenue as hereinafter provided. Such taxpayer, upon the execution of a bond, with two or more sufficient sureties to be approved by the county auditor, payable to the state of Washington, in the penal sum of two hundred dollars and conditioned that if the petitioner shall fail in his appeal for a reduction of said levy or levies ~~((he))~~ the taxpayer will pay the taxable costs of the hearings hereinafter provided, not exceeding the amount of such bond, may file a written complaint with the county auditor wherein such taxing district is located not later than ten days after the making and entering of such levy or levies, setting forth in such form and detail as the department of revenue shall by general rule prescribe, ~~((his))~~ the taxpayer's objections to such levy or levies. Upon the filing of such complaint, the county auditor shall immediately transmit a certified copy thereof, together with a copy of the budget or estimates of such taxing district as finally adopted, including estimated revenues and such other information as the department of revenue shall by rule require, to the department of revenue. The department of revenue shall fix a date for a hearing on said complaint at the earliest convenient time after receipt of said record, which hearing shall be held in the county in which said taxing district is located, and notice of such hearing shall be given to the officials of such taxing district, charged with determining the amount of its levies, and to the taxpayer on said complaint by registered mail at least five days prior to the date of said hearing. After such hearing, the department of revenue shall either affirm or decrease the levy or levies complained of, in accordance with the evidence, and shall thereupon certify its action with respect thereto to the county auditor, who, in turn, shall certify it to the taxing district or districts affected, and the action of the department of revenue with respect to such levy or levies shall be final and conclusive.

Sec. 9. RCW 84.12.270 and 1975 1st ex.s. c 278 s 165 are each amended to read as follows:

The department of revenue shall annually make an assessment of the operating property of all companies; and between the fifteenth day of March and the first day of July of each of said years shall prepare an assessment roll upon which it shall enter and assess the true ~~((cash))~~ and fair value of all the operating property of each of such companies as of the first day of January of the year in which the assessment is made. For the purpose of determining the true ~~((cash))~~ and fair value of such property the department of revenue may inspect the property belonging to said companies and may take into consideration any information or knowledge obtained by it from such examination and inspection of such property, or of the books, records and accounts of such companies, the statements filed as required by this chapter, the reports, statements or returns of such companies filed in the office of any board, office or commission of this state or any county thereof, the earnings and earning power of such companies, the franchises owned or used by such companies, the assessed valuation of any and all property of such companies, whether operating or nonoperating property, and whether situated within or outside the state, and any other facts, evidence or information that may be obtainable bearing upon the value of the operating property: PROVIDED, That in no event shall any statement or report required from any company by this chapter be conclusive upon the department of revenue in determining the amount, character and true ~~((cash))~~ and fair value of the operating property of such company.

Sec. 10. RCW 84.12.310 and 1975 1st ex.s. c 278 s 167 are each amended to read as follows:

For the purpose of determining the system value of the operating property of any such company, the department of revenue shall deduct from the actual cash value of the total assets of such company, the ~~((actual cash))~~ true and fair value of all nonoperating property owned by such company. For such purpose the department of revenue may require of the assessors of the various counties within this state a detailed list of such company's properties assessed by them, together with the assessable or assessed value thereof: PROVIDED, That such assessed or assessable value shall be advisory only and not conclusive on the department of revenue as to the value thereof.

Sec. 11. RCW 84.12.330 and 1975 1st ex.s. c 278 s 168 are each amended to read as follows:

Upon the assessment roll shall be placed after the name of each company a general description of the operating property of the company, which shall be considered sufficient if described in the language of subdivision (17) of RCW 84.12.200, as applied to said company, following which shall be entered the ~~((actual cash))~~ true and fair value of the operating property as determined by the department of revenue. No assessment shall be invalidated by reason of a mistake in the name of the company assessed, or the omission of the name of the owner or by the entry as owner of a name other than that of the true owner. When the department of revenue shall have prepared the assessment roll and entered thereon the ~~((actual cash))~~ true and fair value of the operating property of the company, as herein required, it shall notify the company by mail of the valuation determined by it and entered upon said roll.

Sec. 12. RCW 84.12.350 and 1967 ex.s. c 26 s 17 are each amended to read as follows:

Upon determination by the department of revenue of the true and ~~((correct actual cash))~~ fair value of the property appearing on such rolls it shall apportion such value to the respective counties entitled thereto, as hereinafter provided, and shall determine the equalized assessed valuation of such property in each such county and in the several taxing districts therein, by applying to such actual apportioned value the same ratio as the ratio of assessed to actual value of the general property in such county: PROVIDED, That, whenever the amount of the true and correct value of the operating property of any company otherwise apportionable to any county or other taxing district shall be less than two hundred fifty dollars, such amount need not be apportioned to such county or taxing district but may be added to the amount apportioned to an adjacent county or taxing district.

Sec. 13. RCW 84.12.360 and 1987 c 153 s 3 are each amended to read as follows:

The ~~((actual cash))~~ true and fair value of the operating property assessed to a company, as fixed and determined by the ~~((state board))~~ department of ~~((equalization))~~ revenue, shall be apportioned by the department of revenue to the respective counties and to the taxing districts thereof wherein such property is located in the following manner:

(1) Property of ~~((steam, suburban, and interurban))~~ all railroad companies other than street railway companies, telegraph companies and pipe line companies--upon the basis of that proportion of the value of the total operating property within the state which the mileage of track, as classified by the department of revenue (in case of railroads), mileage of wire (in the case of telegraph companies), and mileage of pipe line (in the case of pipe line

companies) within each county or taxing district bears to the total mileage thereof within the state, at the end of the calendar year last past. For the purpose of such apportionment the department may classify railroad track.

(2) Property of street railroad companies, telephone companies, electric light and power companies, gas companies, water companies, heating companies and toll bridge companies--upon the basis of relative value of the operating property within each county and taxing district to the value of the total operating property within the state to be determined by such factors as the department of revenue shall deem proper.

(3) Planes or other aircraft of airplane companies and watercraft of steamboat companies--upon the basis of such factor or factors of allocation, to be determined by the department of revenue, as will secure a substantially fair and equitable division between counties and other taxing districts.

All other property of airplane companies and steamboat companies--upon the basis set forth in ~~((subdivision))~~ subsection (2) (hereof) of this section.

The basis of apportionment with reference to all public utility companies above prescribed shall not be deemed exclusive and the department of revenue in apportioning values of such companies may also take into consideration such other information, facts, circumstances, or allocation factors as will enable it to make a substantially just and correct valuation of the operating property of such companies within the state and within each county thereof.

Sec. 14. RCW 84.12.370 and 1975 1st ex.s. c 278 s 171 are each amended to read as follows:

When the ~~((state board))~~ department of ~~((equalization))~~ revenue shall have determined the equalized assessed value of the operating property of each company in each of the respective counties and in the taxing districts thereof, as hereinabove provided, the department of revenue shall certify such equalized assessed value to the county assessor of the proper county. The county assessor shall enter the company's real operating property upon the real property tax rolls and the company's personal operating property upon the personal property tax rolls of ~~((his))~~ the county, together with the values so apportioned, and the same shall be and constitute the assessed valuation of the operating property of the company in such county and the taxing districts therein for that year, upon which taxes shall be levied and collected in the same manner as on the general property of such county.

Sec. 15. RCW 84.16.040 and 1975 1st ex.s. c 278 s 179 are each amended to read as follows:

The department of revenue shall annually make an assessment of the operating property of each private car company; and between the first day of May and the first day of July of each of said years shall prepare an assessment roll upon which it shall enter and assess the true ~~((cash))~~ and fair value of all the operating property of each of such companies as of the first day of January of the year in which the assessment is made. For the purpose of determining the true ~~((cash))~~ and fair value of such property the department of revenue may take into consideration any information or knowledge obtained by it from an examination and inspection of such property, or of the books, records and accounts of such companies, the statements filed as required by this chapter, the reports, statements or returns of such companies filed in the office of any board, office or commission of this state or any county thereof, the earnings and earning power of such companies, the franchises owned or used by such companies, the assessed valuation of any and all property of such companies, whether operating property or nonoperating property, and whether situated within or without the state, and any other facts, evidences or information that may be obtainable bearing upon the value of the operating property: PROVIDED, That in no event shall any statement or report required from any company by this chapter be conclusive upon the department of revenue in determining the amount, character and true ~~((cash))~~ and fair value of the operating property of such company.

Sec. 16. RCW 84.16.050 and 1975 1st ex.s. c 278 s 180 are each amended to read as follows:

The department of revenue may, in determining the ~~((actual cash))~~ true and fair value of the operating property to be placed on the assessment roll value the entire property as a unit. If the company owns, leases, operates or uses property partly within and partly without the state, the department of revenue may determine the value of the operating property within this state by the proportion that the value of such property bears to the value of the entire operating property of the company, both within and without this state. In determining the operating property which is located within this state the department of revenue may consider and base such determination on the proportion which the number of car miles of the various classes of cars made in this state bears to the total number of car miles made by the same cars within and without this state, or to the total number of car miles made by all cars of the various classes within and without this state. If the value of the operating property of the company cannot be fairly determined in such manner the department of revenue may use any other reasonable and fair method to determine the value of the operating property of the company within this state.

Sec. 17. RCW 84.16.090 and 1975 1st ex.s. c 278 s 181 are each amended to read as follows:

Upon the assessment roll shall be placed after the name of each company a general description of the operating property of the company, which shall be considered sufficient if described in the language of ~~((subdivision))~~ subsection (3) of RCW 84.16.010 or otherwise, following which shall be entered the ~~((actual cash))~~ true and fair value of the operating property as determined by the department of revenue. No assessment shall be invalid by a mistake

in the name of the company assessed, by omission of the name of the owner or by the entry of a name other than that of the true owner. When the department of revenue shall have prepared the assessment roll and entered thereon the ~~((actual-cash))~~ true and fair value of the operating property of the company, as herein required, it shall notify the company by mail of the valuation determined by it and entered upon said roll; and thereupon such valuation shall become the ~~((actual-cash))~~ true and fair value of the operating property of the company, subject to revision or correction by the ~~((state-board))~~ department of ((equalization)) revenue as hereinafter provided; and shall be the valuation upon which, after equalization by the ~~((state-board))~~ department of ((equalization)) revenue as hereinafter provided, the taxes of such company shall be based and computed.

Sec. 18. RCW 84.16.110 and 1967 ex.s. c 26 s 18 are each amended to read as follows:

Upon determination by the department of revenue of the true and ~~((correct-actual-cash))~~ fair value of the property appearing on such rolls the department shall apportion such value to the respective counties entitled thereto as hereinafter provided, and shall determine the equalized or assessed valuation of such property in such counties by applying to such actual apportioned value the same ratio as the ratio of assessed to actual value of the general property of the respective counties: PROVIDED, That, whenever the amount of the true and correct value of the operating property of any company otherwise apportionable to any county shall be less than two hundred fifty dollars, such amount need not be apportioned to such county but may be added to the amount apportioned to an adjacent county.

Sec. 19. RCW 84.16.120 and 1961 c 15 s 84.16.120 are each amended to read as follows:

The ~~((actual-cash))~~ true and fair value of the property of each company as fixed and determined by the ~~((state-board))~~ department of ((equalization)) revenue as herein provided shall be apportioned to the respective counties in the following manner:

(1) If all the operating property of the company is situated entirely within a county and none of such property is located within, extends into, or through or is operated into or through any other county, the entire value thereof shall be apportioned to the county within which such property is situate, located and operated.

(2) If the operating property of any company is situated or located within, extends into or is operated into or through more than one county, the value thereof shall be apportioned to the respective counties into or through which its cars are operated in the proportion that the length of main line track of the respective railroads moving such cars in such counties bears to the total length of main line track of such respective railroads in this state.

(3) If the property of any company is of such character that it will not be reasonable, feasible or fair to apportion the value as hereinabove provided, the value thereof shall be apportioned between the respective counties into or through which such property extends or is operated or in which the same is located in such manner as may be reasonable, feasible and fair.

Sec. 20. RCW 84.16.130 and 1975 1st ex.s. c 278 s 183 are each amended to read as follows:

When the ~~((state-board))~~ department of ((equalization)) revenue shall have determined the equalized or assessed value of the operating property of each company in the respective counties as hereinabove provided, the department of revenue shall certify such equalized or assessed value to the county assessor of the proper county; and the county assessor shall apportion and distribute such assessed or equalized valuation to and between the several taxing districts of ~~((his))~~ the county entitled to a proportionate value thereof in the manner prescribed in RCW 84.16.120 for apportionment of values between counties. The county assessor shall enter such assessment upon the personal property tax rolls of ~~((his))~~ the county, together with the values so apportioned, and the same shall be and constitute the assessed valuation of the operating company in such county for that year, upon which taxes shall be levied and collected the same as on general property of the county.

Sec. 21. RCW 84.33.130 and 1986 c 100 s 57 are each amended to read as follows:

(1) An owner of land desiring that it be designated as forest land and valued pursuant to RCW 84.33.120 as of January 1 of any year ~~((commencing with 1972))~~ shall make application to the county assessor before such January 1.

(2) The application shall be made upon forms prepared by the department of revenue and supplied by the county assessor, and shall include the following:

(a) A legal description of or assessor's tax lot numbers for all land the applicant desires to be designated as forest land;

(d) Whether there is a forest management plan for such land;

(e) If so, the nature and extent of implementation of such plan;

(f) Whether such land is used for grazing;

(g) Whether such land has been ~~((subdivided or a plat))~~ divided and a map filed with respect thereto;

(h) Whether such land and the applicant are in compliance with the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;

(i) Whether such land is subject to forest fire protection assessments pursuant to RCW 76.04.610;

(k) A summary of the past experience and activity of the applicant in growing and harvesting timber;

(l) A summary of current and continuing activity of the applicant in growing and harvesting timber;

(m) A statement that the applicant is aware of the potential tax liability involved when such land ceases to be designated as forest land;

(n) An affirmation that the statements contained in the application are true and that the land described in the application is, by itself or with other forest land not included in the application, in contiguous ownership of twenty or more acres which is primarily devoted to and used for growing and harvesting timber.

The assessor shall afford the applicant an opportunity to be heard if the application so requests.

(3) The assessor shall act upon the application with due regard to all relevant evidence and without any one or more items of evidence necessarily being determinative, except that the application may be denied for one of the following reasons, without regard to other items:

(a) The land does not contain either a "merchantable stand of timber" or an "adequate stocking" as defined ~~((in RCW 76.08.010, or any laws or regulations adopted to replace such minimum standards))~~ by rule adopted by the forest practices board, except this reason (a) shall not alone be sufficient for denial of the application (i) if such land has been recently harvested or supports a growth of brush or noncommercial type timber, and the application includes a plan for restocking within three years or such longer period necessitated by unavailability of seed or seedlings, or (ii) if only isolated areas within such land do not meet such minimum standards due to rock outcroppings, swamps, unproductive soil or other natural conditions;

(b) The applicant, with respect to such land, has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;

(c) The land abuts a body of salt water and lies between the line of ordinary high tide and a line paralleling such ordinary high tide line and two hundred feet horizontally landward therefrom, except that if the higher and better use determined by the assessor to exist for such land would not be permitted or economically feasible by virtue of any federal, state or local law or regulation such land shall be assessed and valued pursuant to the procedures set forth in RCW 84.33.110 and 84.33.120 without being designated. The application shall be deemed to have been approved unless, prior to May 1, of the year after such application was mailed or delivered to the assessor, ~~((he))~~ the assessor shall notify the applicant in writing of the extent to which the application is denied.

(4) An owner who receives notice pursuant to subsection (3) of this section that his or her application has been denied may appeal such denial to the county board of equalization.

Sec. 22. RCW 84.34.230 and 1973 1st ex.s. c 195 s 94 are each amended to read as follows:

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of eighteen thousand dollars or less but greater than fifteen thousand dollars shall be exempt from all regular property taxes on the greater of thirty thousand dollars or thirty percent of the valuation of his or her residence, but not to exceed fifty thousand dollars of the valuation of his or her residence; or

For purposes of this section it is immaterial whether an assessment roll lists each improvement separately: PROVIDED, That no such assessment shall be made in any case where a bona fide purchaser~~((encumbrancer,))~~ or contract buyer has acquired any interest in said property prior to the time such improvements are assessed. When such an omitted assessment is made, the taxes levied thereon may be paid within one year of the due date of the taxes for the year in which the assessment is made without penalty or interest: AND PROVIDED FURTHER, That in the assessment of personal property, the assessor shall assess the omitted value not reported by the taxpayer as evidenced by an inspection of either the property or the books and records of said taxpayer by the assessor.

When the survey, ~~((plat))~~ map, field notes and name of ~~((plat))~~ the division, shall have been approved by the ~~((board of))~~ county ~~((commissioners))~~ legislative

authority, the ~~((plat))~~ map and field notes shall be filed and recorded in the office of the county auditor, and the description of any tract or lot of land described in ~~((said plats))~~ the map by number (or letter), section, township and range, shall be a sufficient and legal description for revenue and all other purposes other than a division of land under chapter 58.17 RCW.

(2) Upon the request of eighty percent of the owners of the property to be surveyed and the approval of the county legislative authority, the county assessor may charge for actual costs and file a lien against the subject property if the costs are not repaid within ninety days of notice of completion, which may be collected as if such charges had been levied as a property tax.

No taxes~~((, except special taxes,))~~ shall be extended upon the tax rolls until the property valuations are equalized by the department of revenue for the purpose of raising the state revenue.

Unless a county legislative ~~((authorities as such))~~ authority sits as a board of equalization, a county legislative authority shall at no time have any authority to change the valuation of the property of any person or to release or commute in whole or in part the taxes due on the property of any person.

Sec. 34. RCW 84.48.050 and 1961 c 15 s 84.48.050 are each amended to read as follows:

The county assessor shall, on or before the fifteenth day of January in each year, make out and transmit to the state auditor, in such form as may be prescribed, a complete abstract of the tax rolls of the county, showing the number of acres ~~((of land))~~ that have been assessed~~((, the))~~ and the total value of ~~((such land))~~ the real property, including the structures ~~((thereon; the value of town and city lots, including structures))~~ on the real property; the total value of all taxable personal property in the county; the aggregate amount of all taxable property in the county; the total amount as equalized and the total amount of taxes levied in the county for state, county, city and other taxing district purposes, for that year. Should the assessor of any county fail to transmit to the ~~((state board))~~ department of ~~((equalization))~~ revenue the abstract provided for in RCW 84.48.010 by the ~~((time the state board of equalization convenes))~~ eighteenth of August, and if, by reason of such failure to transmit such abstract, any county shall fail to collect and pay to the state its due proportion of the state tax for any year, the ~~((state board))~~ department of ~~((equalization))~~ revenue shall, at its next annual session, ascertain what amount of state tax said county has failed to collect, and certify the same to the state auditor, who shall charge the amount to the proper county and notify the auditor of said county of the amount of said charge; said sum shall be due and payable immediately by warrant in favor of the state on the current expense fund of said county.

Sec. 35. RCW 84.48.080 and 1990 c 283 s 1 are each amended to read as follows:

Annually during the months of September and October, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and other companies assessed by the department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the valuation of the property in each county bears to the total valuation of all property in the state.

First. The department shall classify all property, real and personal, and shall raise and lower the valuation of any class of property in any county to a value that shall be equal, so far as possible, to the true and fair value of such class as of January 1st of the current year for the purpose of ascertaining the just amount of tax due from each county for state purposes. In equalizing personal property as of January 1st of the current year, the department shall use the assessment level of the preceding year. Such classification may be on the basis of types of property, geographical areas, or both. For purposes of this section, for each county that has not provided the department with an assessment return by December 1st, the department shall proceed, using facts and information and in a manner it deems appropriate, to estimate the value of each class of property in the county.

Second. The department shall keep a full record of its proceedings and the same shall be published annually by the department.

The department shall levy the state taxes authorized by law: PROVIDED, That the amount levied in any one year for general state purposes shall not exceed the lawful dollar rate on the dollar of the assessed value of the property of the entire state, which assessed value shall be one hundred percent of the true and fair value of such property in money. The department shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the valuation of the taxable property of the county for the year as equalized by the department: PROVIDED, That for purposes of this apportionment, the department shall recompute the previous year's levy and the apportionment thereof to correct for changes and errors in taxable values reported to the department after October 1 of the preceding year and shall adjust the apportioned amount of the current year's state levy for each county by the difference between the apportioned amounts established by the original and revised levy computations for the previous year. For purposes of this section, changes in taxable values mean a final adjustment made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction and shall include additions of omitted property, other additions or deletions from the assessment or tax

rolls, any assessment return provided by a county to the department subsequent to December 1st, or a change in the indicated ratio of a county. Errors in taxable values mean errors corrected by a final reviewing body.

The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

After the completion of the duties hereinabove prescribed, the director of the department shall certify the record of the proceedings of the department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, and the certification shall be available for public inspection.

Sec. 36. RCW 84.48.110 and 1987 c 168 s 1 are each amended to read as follows:

Within three days after the record of the proceedings of the ~~((state board))~~ department of ~~((equalization))~~ revenue is certified by the director of the department, the department shall transmit to each county assessor a copy of the record of the proceedings of the ~~((board))~~ department, specifying the amount to be levied and collected ~~((on said assessment books))~~ for state purposes for such year, and in addition thereto it shall certify to each county assessor the amount due to each state fund and unpaid from such county for the fifth preceding year, and such delinquent state taxes shall be added to the amount levied for the current year. The department shall close the account of each county for the fifth preceding year and charge the amount of such delinquency to the tax levy of the current year. These delinquent taxes shall not be subject to chapter 84.55 RCW. All taxes collected on and after the first day of July last preceding such certificate, on account of delinquent state taxes for the fifth preceding year shall belong to the county and by the county treasurer be credited to the current expense fund of the county in which collected.

Sec. 37. RCW 84.48.120 and 1987 c 168 s 2 are each amended to read as follows:

It shall be the duty of the county assessor of each county, when he shall have received from the state department of revenue the assessed valuation of the property of railroad and other companies assessed by the department of revenue and apportioned to the county, and placed the same on the tax rolls, and received the report of the department of revenue of the amount of taxes levied for state purposes, to compute the required percent on the assessed value of property in the county, and such state taxes shall be extended on the tax rolls in the proper column: PROVIDED, That the rates so computed shall not be such as to raise a surplus of more than five percent over the total amount required by the ~~((state board))~~ department of ~~((equalization))~~ revenue: PROVIDED FURTHER, That any surplus raised shall be remitted to the state in accordance with RCW 84.56.280.

Sec. 38. RCW 84.48.150 and 1973 1st ex.s. c 30 s 1 are each amended to read as follows:

The assessor shall, upon the request of any taxpayer who petitions the board of equalization for review of a tax claim or valuation dispute, make available to said taxpayer a compilation of comparable sales utilized by the assessor in establishing such taxpayer's property valuation. If valuation criteria other than comparable sales were used, the assessor shall furnish the taxpayer with such other factors and the addresses of such other property used in making the determination of value.

The assessor shall within ~~((thirty))~~ sixty days of such request but at least ~~((ten))~~ fifteen business days prior to such taxpayer's appearance before the board of equalization make available to the taxpayer the valuation criteria and/or comparable~~((s))~~ sales which shall not be subsequently changed ~~((or modified))~~ by the assessor ~~((during review or appeal proceedings))~~ unless the assessor has found new evidence supporting the assessor's valuation, in which situation the assessor shall provide such additional evidence to the taxpayer and the board of equalization at least ~~((ten))~~ fifteen business days prior to the hearing ~~((on appeal or review proceedings))~~ at the board of equalization. A taxpayer who lists comparable sales on ~~((his))~~ a notice of appeal ~~((shall not thereafter use other comparables during the review of appeal proceedings: PROVIDED, That the taxpayer may change the comparable sales he is using in proceedings subsequent to the county board of equalization only if he provides a listing of such different comparables to the assessor at least five business days prior to such subsequent proceedings: PROVIDED FURTHER, That the board of equalization may waive the requirements contained in the preceding proviso or allow the assessor a continuance of reasonable duration to check the comparables furnished by the taxpayer))~~ shall not subsequently change such sales unless the taxpayer has found new evidence supporting the taxpayer's proposed valuation in which case the taxpayer shall provide such additional evidence to the assessor and board of equalization at least ten business days prior to the hearing. If either the assessor or taxpayer does not meet the requirements of this section the board of equalization may continue the hearing to provide the parties an opportunity to review all evidence or, upon objection, refuse to consider sales not submitted in a timely manner.

NEW SECTION. Sec. 39. A new section is added to chapter 84.48 RCW to read as follows:

The board of equalization may enter an order that has effect up to the end of the assessment cycle used by the assessor, if there has been no intervening change in the assessed value during that time.

Sec. 40. RCW 84.52.043 and 1990 c 234 s 1 are each amended to read as follows:

No other taxing district may levy a tax under this section if another taxing district has levied a tax under this section within its boundaries: PROVIDED, That if a county levies less than fifty cents per thousand dollars of the assessed value of property, then any other taxing district may levy a tax under this section equal to the difference between the rate of the levy by the county and fifty cents: PROVIDED FURTHER, That if a taxing district within a county levies this tax, and the voters of the county subsequently approve a levying of this tax, then the amount of the taxing district levy within the county shall be reduced, when the combined levies exceed fifty cents. Whenever a tax is levied county-wide, the service shall, insofar as is feasible, be provided throughout the county: PROVIDED FURTHER, That no county-wide levy proposal may be placed on the ballot without the approval of the legislative authority of each city exceeding fifty thousand population within the county: AND PROVIDED FURTHER, That this section and RCW 36.32.480 shall not prohibit any city or town from levying an annual excess levy to fund emergency medical services: AND PROVIDED, FURTHER, That if a county proposes to impose tax levies under this section, no other ballot proposition authorizing tax levies under this section by another taxing district in the county may be placed before the voters at the same election at which the county ballot proposition is placed: AND PROVIDED FURTHER, That any taxing district emergency medical service levy that is authorized subsequent to a county emergency medical service levy, shall expire concurrently with the county emergency medical service levy.

(5) The tax levy authorized in this section is in addition to the tax levy authorized in RCW 84.52.043.

(6) The limitation in RCW 84.55.010 shall not apply to the first levy imposed pursuant to this section following the approval of such levy by the voters pursuant to subsection (2) of this section.

SSB 5736 Prime Sponsor, Committee on Labor & Commerce: Regulating chiropractic care for industrial insurance. As Reported by Committee on Commerce & Labor

MAJORITY recommendation: Do pass with the following amendment by Committee on Commerce & Labor:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 51.04.030 and 1989 c 189 s 1 are each amended to read as follows:

The director shall, through the division of industrial insurance, supervise the providing of prompt and efficient care and treatment, including care provided by physicians' assistants governed by the provisions of chapters 18.57A and 18.71A RCW, acting under a supervising physician, and including chiropractic care, to workers injured during the course of their employment at the least cost consistent with promptness and efficiency, without discrimination or favoritism, and with as great uniformity as the various and diverse surrounding circumstances and locations of industries will permit and to that end shall, from time to time, establish and promulgate and supervise the administration of printed forms, rules, regulations, and practices for the furnishing of such care and treatment: PROVIDED, That, the department may recommend to an injured worker particular health care services and providers where specialized treatment is indicated or where cost effective payment levels or rates are obtained by the

department: AND PROVIDED FURTHER, That the department may enter into contracts for goods and services including, but not limited to, durable medical equipment so long as state-wide access to quality service is maintained for injured workers.

The director shall make and, from time to time, change as may be, and promulgate a fee bill of the maximum charges to be made by any physician, surgeon, chiropractor, hospital, druggist, physicians' assistants as defined in chapters 18.57A and 18.71A RCW, acting under a supervising physician or other agency or person rendering services to injured workers. No service covered under this title shall be charged or paid at a rate or rates exceeding those specified in such fee bill, and no contract providing for greater fees shall be valid as to the excess.

The director or self-insurer, as the case may be, shall make a record of the commencement of every disability and the termination thereof and, when bills are rendered for the care and treatment of injured workers, shall approve and pay those which conform to the promulgated rules, regulations, and practices of the director and may reject any bill or item thereof incurred in violation of the principles laid down in this section or the rules and regulations promulgated under it.

NEW SECTION. Sec. 2. A new section is added to chapter 51.04 RCW to read as follows:

The director shall appoint an associate medical director for chiropractic. The associate medical director must be eligible to be licensed under chapter 18.25 RCW.

NEW SECTION. Sec. 3. A new section is added to chapter 51.36 RCW to read as follows:

(1) The health services that are available to an injured worker under RCW 51.36.010 include chiropractic treatment in appropriate cases within the scope of practice under chapter 18.25 RCW. As appropriate, and subject to the requirements for examinations of workers specified in this title, a worker may be required by the department to undergo chiropractic examination by a chiropractor licensed under chapter 18.25 RCW for the purpose of assisting the department in making determinations for the closure of a claim, in assessing the necessity and appropriateness of chiropractic care, or in making other determinations within the scope of chiropractic practice related to the worker's industrial injury.

(2) The department may establish treatment and utilization standards for chiropractic treatment in consultation with representatives of the chiropractic profession. The standards, if any, may be developed in conjunction with the department of health. The standards should include some or all of the following:

- (a) Standards designed to assure quality treatment and to maximize recovery from the industrial injury;
- (b) Standards designed to contain costs, consistent with assured access to medically necessary treatment;
- (c) Standards that permit review of an injured worker's progress toward recovery after a stated number of chiropractic treatments. The standards may require review of chiropractic treatment based on a specified number of treatments, but the standards may not require termination of treatment based solely on the number of treatments;
- (d) Standards for requesting consultation with chiropractors by the department or other health services providers on the necessity or appropriateness of chiropractic care or other subjects within the chiropractic scope of practice.

Sec. 4. RCW 51.32.112 and 1988 c 114 s 2 are each amended to read as follows:

(1) The department shall develop standards for the conduct of special medical examinations to determine permanent disabilities, including, but not limited to:

- (a) The qualifications of persons conducting the examinations;
- (b) The criteria for conducting the examinations, including guidelines for the appropriate treatment of injured workers during the examination; and
- (c) The content of examination reports.

(2) Within the appropriate scope of practice, chiropractors licensed under chapter 18.25 RCW may conduct special medical examinations to determine permanent disabilities in consultation with physicians licensed under chapter 18.57 or 18.71 RCW. The department, in its discretion, may request that a special medical examination be conducted by a single chiropractor if the department determines that the sole issues involved in the examination are within the scope of practice under chapter 18.25 RCW. However, nothing in this section authorizes the use as evidence before the board of a chiropractor's determination of the extent of a worker's permanent disability if the determination is not requested by the department.

(3) The department shall investigate the amount of examination fees received by persons conducting special medical examinations to determine permanent disabilities, including total compensation received for examinations of department and self-insured claimants, and establish compensation guidelines and compensation reporting criteria.

~~((3))~~ (4) The department shall investigate the level of compliance of self-insurers with the requirement of full reporting of claims information to the department, particularly with respect to medical examinations, and develop effective enforcement procedures or recommendations for legislation if needed.

Sec. 5. RCW 51.36.100 and 1986 c 200 s 1 are each amended to read as follows:

The legislature finds and declares it to be in the public interest of the residents of the state of Washington that a proper regulatory and inspection program be instituted in connection with the provision of medical, chiropractic, dental, vocational, and other health services to industrially injured workers pursuant to Title 51 RCW. In order to effectively accomplish such purpose and to assure that the industrially injured worker receives such services as are paid for by the state of Washington, the acceptance by the industrially injured worker of such services, and the request by a provider of services for reimbursement for providing such services, shall authorize the director of the department of labor and industries or the director's authorized representative to inspect and audit all records in connection with the provision of such services.

Sec. 6. RCW 51.36.110 and 1986 c 200 s 2 are each amended to read as follows:

The director of the department of labor and industries or the director's authorized representative shall have the authority to:

(1) Conduct audits and investigations of providers of medical, chiropractic, dental, vocational, and other health services furnished to industrially injured workers pursuant to Title 51 RCW. In the conduct of such audits or investigations, the director or the director's authorized representatives may examine all records, or portions thereof, including patient records, for which services were rendered by a health services provider and reimbursed by the department, notwithstanding the provisions of any other statute which may make or purport to make such records privileged or confidential: PROVIDED, That no original patient records shall be removed from the premises of the health services provider, and that the disclosure of any records or information obtained under authority of this section by the department of labor and industries is prohibited and constitutes a violation of RCW 42.22.040, unless such disclosure is directly connected to the official duties of the department: AND PROVIDED FURTHER, That the disclosure of patient information as required under this section shall not subject any physician or other health services provider to any liability for breach of any confidential relationships between the provider and the patient: AND PROVIDED FURTHER, That the director or the director's authorized representative shall destroy all copies of patient medical records in their possession upon completion of the audit, investigation, or proceedings;

(2) Approve or deny applications to participate as a provider of services furnished to industrially injured workers pursuant to Title 51 RCW; and

(3) Terminate or suspend eligibility to participate as a provider of services furnished to industrially injured workers pursuant to Title 51 RCW."

ESB 5843 Prime Sponsor, Moyer: Authorizing local governments to exceed statutory property tax limitations for the purpose of financing affordable housing for very low-income households. Reported by Committee on Local Government

MAJORITY recommendation: Do pass with the following amendment:

On page 1, after the enacting clause, strike the remainder of the bill and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that:

(1) Many very low-income residents of the state of Washington are unable to afford housing that is decent, safe, and appropriate to their living needs;

(2) Recent federal housing legislation conditions funding for affordable housing on the availability of local matching funds;

(3) Current statutory debt limitations may impair the ability of counties, cities, and towns to meet federal matching requirements and, as a consequence, may impair the ability of such counties, cities, and towns to develop appropriate and effective strategies to increase the availability of safe, decent, and appropriate housing that is affordable to very low-income households; and

(4) It is in the public interest to encourage counties, cities, and towns to develop locally based affordable housing financing plans designed to expand the availability of housing that is decent, safe, affordable, and appropriate to the living needs of very low-income households of the counties, cities, and towns.

NEW SECTION. Sec. 2. A new section is added to chapter 84.52 RCW to read as follows:

(1) A county, city, or town may impose additional regular property tax levies of up to fifty cents per thousand dollars of assessed value of property in each year for up to ten consecutive years to finance affordable housing for very low-income households when specifically authorized to do so by a majority of the voters of the taxing district voting on a ballot proposition authorizing the levies. If both a county, and a city or town within the county, impose levies authorized under this section, the levies of the last jurisdiction to receive voter approval for the levies shall be reduced or eliminated so that the combined rates of these levies may not exceed fifty cents per thousand dollars of assessed valuation in any area within the county. A ballot proposition authorizing a levy under this section must conform with RCW 84.52.054.

(2) The additional property tax levies may not be imposed until:

(a) The governing body of the county, city, or town declares the existence of an emergency with respect to the availability of housing that is affordable to very low-income households in the taxing district; and

(b) The governing body of the county, city, or town adopts an affordable housing financing plan to serve as the plan for expenditure of funds raised by a levy authorized under this section, and the governing body determines that the affordable housing financing plan is consistent with either the locally adopted or state-adopted comprehensive housing affordability strategy, required under the Cranston-Gonzalez national affordable housing act (42 U.S.C. Sec. 12701, et seq.), as amended.

(3) For purposes of this section, the term "very low-income household" means a single person, family, or unrelated persons living together whose income is at or below fifty percent of the median income, as determined by the United States department of housing and urban development, with adjustments for household size, for the county where the taxing district is located.

Sec. 3. RCW 84.52.043 and 1990 c 234 s 1 are each amended to read as follows:

Within and subject to the limitations imposed by RCW 84.52.050 as amended, the regular ad valorem tax levies upon real and personal property by the taxing districts hereafter named shall be as follows:

(1) Levies of the senior taxing districts shall be as follows: (a) The levy by the state shall not exceed three dollars and sixty cents per thousand dollars of assessed value adjusted to the state equalized value in accordance with the indicated ratio fixed by the state department of revenue to be used exclusively for the support of the common schools; (b) the levy by any county shall not exceed one dollar and eighty cents per thousand dollars of assessed value; (c) the levy by any road district shall not exceed two dollars and twenty-five cents per thousand dollars of assessed value; and (d) the levy by any city or town shall not exceed three dollars and thirty-seven and one-half cents per thousand dollars of assessed value. However any county is hereby authorized to increase its levy from one dollar and eighty cents to a rate not to exceed two dollars and forty-seven and one-half cents per thousand dollars of assessed value for general county purposes if the total levies for both the county and any road district within the county do not exceed four dollars and five cents per thousand dollars of assessed value, and no other taxing district has its levy reduced as a result of the increased county levy.

(2) ~~((Except as provided in RCW 84.52.100,))~~ The aggregate levies of junior taxing districts and senior taxing districts, other than the state, shall not exceed five dollars and ninety cents per thousand dollars of assessed valuation. The term "junior taxing districts" includes all taxing districts other than the state, counties, road districts, cities, towns, port districts, and public utility districts. The limitations provided in this subsection shall not apply to: (a) Levies at the rates provided by existing law by or for any port or public utility district; (b) excess property tax levies authorized in Article VII, section 2 of the state Constitution; (c) levies for acquiring conservation futures as authorized under RCW 84.34.230; ~~((and))~~ (d) levies for emergency medical care or emergency medical services imposed under RCW 84.52.069; and (e) levies to finance affordable housing for very low-income housing imposed under section 2 of this act.

Sec. 4. RCW 84.52.010 and 1990 c 234 s 4 are each amended to read as follows:

Except as is permitted under RCW 84.55.050, all taxes shall be levied or voted in specific amounts.

The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the

limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, as now or hereafter amended, exceeds the limitations provided in either of these sections, the assessor shall recompute and establish a consolidated levy in the following manner:

(1) The full certified rates of tax levy for state, county, county road district, and city or town purposes shall be extended on the tax rolls in amounts not exceeding the limitations established by law (~~(, subject to subsection (2)(e) of this section)~~); however any state levy shall take precedence over all other levies and shall not be reduced for any purpose other than that required by RCW 84.55.010; however, if as a result of the levies imposed under RCW 84.52.069, 84.34.230, and section 2 of this act, the combined rates of regular property tax levies exceed one percent of the true and fair value of any property, then these levies shall be reduced on a pro rata basis or eliminated until the combined rates of regular property tax levies no longer exceed one percent of the true and fair value of any property; and

(2) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(a) First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, and 67.38.130 shall be reduced on a pro rata basis or eliminated;

(b) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts shall be reduced on a pro rata basis or eliminated;

(c) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, shall be reduced on a pro rata basis or eliminated;

(d) Fourth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 shall be reduced on a pro rata basis or eliminated; and

(e) Fifth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, library districts, metropolitan park districts under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, shall be reduced on a pro rata basis or eliminated.

Sec. 5. RCW 84.52.069 and 1991 c 175 s 1 are each amended to read as follows:

(1) As used in this section, "taxing district" means a county, emergency medical service district, city or town, public hospital district, or fire protection district.

(2) A taxing district may impose additional regular property tax levies in an amount equal to fifty cents or less per thousand dollars of the assessed value of property in the taxing district in each year for six consecutive years when specifically authorized so to do by a majority of at least three-fifths of the registered voters thereof approving a proposition authorizing the levies submitted at a general or special election, at which election the number of persons voting "yes" on the proposition shall constitute three-fifths of a number equal to forty per centum of the total votes cast in such taxing district at the last preceding general election when the number of registered voters voting on the proposition does not exceed forty per centum of the total votes cast in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the registered voters thereof voting on the proposition when the number of registered voters voting on the proposition exceeds forty per centum of the total votes cast in such taxing district in the last preceding general election. Ballot propositions shall conform with RCW 29.30.111.

(3) Any tax imposed under this section shall be used only for the provision of emergency medical care or emergency medical services, including related personnel costs, training for such personnel, and related equipment, supplies, vehicles and structures needed for the provision of emergency medical care or emergency medical services.

(4) If a county levies a tax under this section, no taxing district within the county may levy a tax under this section. No other taxing district may levy a tax under this section if another taxing district has levied a tax under this section within its boundaries: PROVIDED, That if a county levies less than fifty cents per thousand dollars of the assessed value of property, then any other taxing district may levy a tax under this section equal to the difference between the rate of the levy by the county and fifty cents: PROVIDED FURTHER, That if a taxing district within a county levies this tax, and the voters of the county subsequently approve a levying of this tax, then the amount of the taxing district levy within the county shall be reduced, when the combined levies exceed fifty cents. Whenever a tax is levied county-wide, the service shall, insofar as is feasible, be provided throughout the county: PROVIDED FURTHER, That no county-wide levy proposal may be placed on the ballot without the approval of the legislative authority of each city exceeding fifty thousand population within the county: AND PROVIDED FURTHER, That this section and RCW 36.32.480 shall not prohibit any city or town from levying an annual excess levy to fund emergency

medical services: AND PROVIDED, FURTHER, That if a county proposes to impose tax levies under this section, no other ballot proposition authorizing tax levies under this section by another taxing district in the county may be placed before the voters at the same election at which the county ballot proposition is placed: AND PROVIDED FURTHER, That any taxing district emergency medical service levy that is authorized subsequent to a county emergency medical service levy, shall expire concurrently with the county emergency medical service levy.

(5) The tax levy authorized in this section is in addition to the tax levy authorized in RCW 84.52.043.

(6) The limitation in RCW 84.55.010 shall not apply to the first levy imposed pursuant to this section following the approval of such levy by the voters pursuant to subsection (2) of this section.

~~((7) No taxing district may levy under this section more than twenty-five cents per thousand dollars of assessed value of property if reductions under RCW 84.52.010(2) are made for the year within the boundaries of the taxing district.))~~

ESSB 5948 Prime Sponsor, Committee on Health & Human Services: Modifying process and procedures for disciplining of health care professionals. Reported by Committee on Health Care

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 18.130.090 and 1986 c 259 s 6 are each amended to read as follows:

(1) If the disciplining authority determines, upon investigation, that there is reason to believe a violation of RCW 18.130.180 has occurred, a statement of charge or charges shall be prepared and served upon the license holder or applicant at the earliest practical time. The statement of charge or charges shall be accompanied by a notice that the license holder or applicant may request a hearing to contest the charge or charges. The license holder or applicant must file a request for hearing with the disciplining authority within twenty days after being served the statement of charges. If the twenty-day limit results in a hardship upon the license holder or applicant, he or she may request for good cause an extension not to exceed sixty additional days. If the disciplining authority finds that there is good cause, it shall grant the extension. The failure to request a hearing constitutes a default, whereupon the disciplining authority may enter a decision on the basis of the facts available to it.

(2) If a hearing is requested, the time of the hearing shall be fixed by the disciplining authority as soon as convenient, but the hearing shall not be held earlier than thirty days after service of the charges upon the license holder or applicant. ~~((A notice of hearing shall be issued at least twenty days prior to the hearing, specifying the time, date, and place of the hearing. NEW SECTION. Sec. 2. A new section is added to chapter 18.130 RCW to read as follows:

REQUIRED UNIFORM PROCEDURES. (1) The secretary shall develop uniform procedural rules to respond to public inquiries concerning complaints and their disposition, active investigations, statement of charges, findings of fact, and final orders involving a licensee, applicant, or unlicensed person. The uniform procedural rules adopted under this subsection apply to all adjudicative proceedings conducted under this chapter and shall include provisions for the establishing time lines for discovery, settlement, and scheduling hearings.

(2) The uniform procedures for conducting investigations shall provide that prior to taking a written statement:

(a) For violation of this chapter, the investigator shall inform such person, in writing of: (i) The nature of the complaint; (ii) that the person may consult with legal counsel at his or her expense prior to making a statement; and (iii) that any statement that the person makes may be used in an adjudicative proceeding conducted under this chapter; and

(b) From a witness or potential witness in an investigation under this chapter, the investigator shall inform the person, in writing, that the statement may be released to the licensee, applicant, or unlicensed person under investigation if a statement of charges is issued.

(3) In order to assure the uniform application of the procedural rules developed by the secretary, the secretary or his or her designee shall serve as presiding officer for all proceedings under this chapter, including those conducted by disciplinary authorities identified in RCW 18.130.040(2)(b), other than the board of funeral directors and embalmers, and shall perform all functions of the presiding officer under chapter 34.05 RCW. In those areas where the disciplining authority is a board, the secretary or his or her designee, shall not vote on the final decision.

Sec. 3. RCW 18.130.175 and 1991 c 3 s 270 are each amended to read as follows:

(1) In lieu of disciplinary action under RCW 18.130.160 and if the disciplining authority determines that the unprofessional conduct may be the result of substance abuse, the disciplining authority may refer the license holder to a voluntary substance abuse monitoring program approved by the disciplining authority.

The cost of the treatment shall be the responsibility of the license holder, but the responsibility does not preclude payment by an employer, existing insurance coverage, or other sources. Primary alcoholism or drug treatment shall be provided by approved treatment ~~((facilities))~~ programs under RCW ~~((70.96A.020(2)))~~ 70.96A.020: PROVIDED, That nothing shall prohibit the disciplining authority from approving additional services and programs as an adjunct to primary alcoholism or drug treatment. The disciplining authority may also approve the use of out-of-state programs. Referral of the license holder to the program shall be done only with the consent of the license holder. Referral to the program may also include probationary conditions for a designated period of time. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160. The secretary shall adopt uniform rules for the evaluation by the disciplinary authority of a relapse or program violation on the part of a license holder in the substance abuse monitoring program. The evaluation shall encourage program participation with additional conditions, in lieu of disciplinary action, when the disciplinary authority determines that the license holder is able to continue to practice with reasonable skill and safety.

(2) In addition to approving substance abuse monitoring programs that may receive referrals from the disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not being investigated or monitored by the disciplining authority for substance abuse. License holders voluntarily participating in the approved programs without being referred by the disciplining authority shall not be subject to disciplinary action under RCW 18.130.160 for their substance abuse, and shall not have their participation made known to the disciplining authority, if they meet the requirements of this section and the program in which they are participating.

(3) The license holder shall sign a waiver allowing the program to release information to the disciplining authority if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety. The substance abuse program shall report to the disciplining authority any license holder who fails to comply with the requirements of this section or the program or who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program's requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) The treatment and pretreatment records of license holders referred to or voluntarily participating in approved programs shall be confidential, shall be exempt from RCW 42.17.250 through 42.17.450, and shall not be subject to discovery by subpoena or admissible as evidence except for monitoring records reported to the disciplining authority for cause as defined in subsection (3) of this section. Monitoring records relating to license holders referred to the program by the disciplining authority or relating to license holders reported to the disciplining authority by the program for cause, shall be released to the disciplining authority at the request of the disciplining authority. Records held by the disciplining authority under this section shall be exempt from RCW 42.17.250 through 42.17.450 and shall not be subject to discovery by subpoena except by the license holder.

(5) "Substance abuse," as used in this section, means the impairment, as determined by the disciplining authority, of a license holder's professional services by an addiction to, a dependency on, or the use of alcohol, legend drugs, or controlled substances.

(6) This section does not affect an employer's right or ability to make employment-related decisions regarding a license holder. This section does not restrict the authority of the disciplining authority to take disciplinary action for any other unprofessional conduct.

(7) A person who, in good faith, reports information or takes action in connection with this section is immune from civil liability for reporting information or taking the action.

(a) The immunity from civil liability provided by this section shall be liberally construed to accomplish the purposes of this section and the persons entitled to immunity shall include:

(b) The immunity provided in this section is in addition to any other immunity provided by law.

~~((8) In addition to health care professionals governed by this chapter, this section also applies to pharmacists under chapter 18.64 RCW and pharmacy assistants under chapter 18.64A RCW. For that purpose, the board of pharmacy shall be deemed to be the disciplining authority and the substance abuse monitoring program shall be in lieu of disciplinary action under RCW 18.64.160 or 18.64A.050. The board of pharmacy shall adjust license fees to offset the costs of this program.))~~

Violation of an assurance under this subsection is grounds for disciplinary action;~~
- ~~(15))~~ To designate individuals authorized to sign subpoenas and statements of charges.

Sec. 6. RCW 18.130.160 and 1986 c 259 s 8 are each amended to read as follows:

Upon a finding, after hearing, that a license holder or applicant has committed unprofessional conduct or is unable to practice with reasonable skill and safety due to a physical or mental condition, the disciplining authority may issue an order providing for one or any combination of the following:

- (11) Refund of fees billed to and collected from the consumer.

Any of the actions under this section may be totally or partly stayed by the disciplining authority. In determining what action is appropriate, the disciplining authority must first consider what sanctions are necessary to protect or compensate the public. Only after such provisions have been made may the disciplining authority consider and include in the order requirements designed to rehabilitate the license holder or applicant. All costs associated with compliance with orders issued under this section are the obligation of the license holder or applicant.

The licensee or applicant may enter into a stipulated disposition of charges that includes one or more of the sanctions of this section, but only after a statement of charges has been issued and the licensee has been afforded the opportunity for a hearing and has elected on the record to forego such a hearing. The stipulation shall either contain one or more specific findings of unprofessional conduct or inability to practice, or a statement by the licensee acknowledging that evidence is sufficient to justify one or more specified findings of unprofessional conduct or inability to practice. The stipulation entered into pursuant to this subsection shall be considered formal disciplinary action for all purposes.

NEW SECTION. Sec. 7. A new section is added to chapter 18.130 RCW to read as follows:

(1) Prior to serving a statement of charges under RCW 18.130.090 or 18.130.170, the disciplinary authority may furnish a statement of allegations to the licensee or applicant along with a detailed summary of the evidence relied upon to establish the allegations and a proposed stipulation for informal resolution of the allegations. These documents shall be exempt from public disclosure until such time as the allegations are resolved either by stipulation or otherwise.

(2) The disciplinary authority and the applicant or licensee may stipulate that the allegations may be disposed of informally in accordance with this subsection. The stipulation shall contain a statement of the facts leading to the filing of the complaint; the act or acts of unprofessional conduct alleged to have been committed or the alleged basis for determining that the applicant or licensee is unable to practice with reasonable skill and safety; a statement that the stipulation is not to be construed as a finding of either unprofessional conduct or inability to practice; an acknowledgement that a finding of unprofessional conduct or inability to practice, if proven, constitutes grounds for discipline under this chapter; and an agreement on the part of the licensee or applicant that the sanctions set forth in RCW 18.130.160, except RCW 18.130.160 (1), (2), (6), and (8), may be imposed as part of the stipulation, except that no fine may be imposed but the licensee or applicant may agree to reimburse the disciplinary authority the costs of investigation and processing the complaint up to an amount not exceeding one thousand dollars per allegation; and an agreement on the part of the disciplinary authority to forego further disciplinary proceedings concerning the allegations. A stipulation entered into pursuant to this subsection shall not be considered formal disciplinary action.

(3) If the licensee or applicant declines to agree to disposition of the charges by means of a stipulation pursuant to subsection (2) of this section, the disciplinary authority may proceed to formal disciplinary action pursuant to RCW 18.130.090 or 18.130.170.

(4) Upon execution of a stipulation under subsection (2) of this section by both the licensee or applicant and the disciplinary authority, the complaint is deemed disposed of and shall become subject to public disclosure on the same basis and to the same extent as other records of the disciplinary authority. Should the licensee or applicant fail to pay any agreed reimbursement within thirty days of the date specified in the stipulation for payment, the disciplinary authority may seek collection of the amount agreed to be paid in the same manner as enforcement of a fine under RCW 18.130.165.

Sec. 8. RCW 18.130.185 and 1987 c 150 s 8 are each amended to read as follows:

The injunction shall not relieve the offender from criminal prosecution, but the remedy by injunction shall be in addition to the liability of the offender to criminal prosecution and disciplinary action.

Sec. 9. RCW 18.130.186 and 1989 c 125 s 3 are each amended to read as follows:

Sec. 17. RCW 18.72.340 and 1986 c 300 s 6 are each amended to read as follows:

(1) Every institution or organization providing professional liability insurance to physicians shall send a complete report to the medical disciplinary board of all malpractice settlements, awards, or payments in excess of ~~((twenty))~~ one hundred thousand dollars as a result of a claim or action for damages alleged to have been caused by an insured physician's incompetency or negligence in the practice of medicine. The assessment levied pursuant to this ~~((subsection))~~ section is in addition to any license renewal fee established under RCW 43.70.250.

Sec. 19. RCW 18.130.190 and 1991 c 3 s 271 are each amended to read as follows:

(1) The secretary shall investigate complaints concerning practice by unlicensed persons of a profession or business for which a license is required by the chapters specified in RCW 18.130.040. (2) The secretary may issue a notice of intention to issue a cease and desist order to any person whom the secretary has reason to believe is engaged in the unlicensed practice of a profession or business for which a license is required by the chapters specified in RCW 18.130.040. The person to whom such notice is issued may request an adjudicative proceeding to contest the charges. The request for hearing must be filed within twenty days after service of the notice of intention to issue a cease and desist order. The failure to request a hearing constitutes a default, whereupon the secretary may enter a permanent cease and desist order, which may include a civil fine. All proceedings shall be conducted in accordance with chapter 34.05 RCW.

(3) If the secretary makes a final determination that a person has engaged or is engaging in unlicensed practice, the secretary may issue a cease and desist order. The person receiving a temporary cease and desist order shall be provided an opportunity for a prompt hearing. The temporary cease and desist order shall remain in effect until further order of the secretary. The failure to request a prompt or regularly scheduled hearing constitutes a default, whereupon the secretary may enter a permanent cease and desist order, which may include a civil fine.

However, the injunction shall not relieve the person so practicing or operating a business without a license from criminal prosecution therefor, but the remedy by injunction shall be in addition to any criminal liability.

~~((3))~~ (7) Unlicensed practice of a profession or operating a business for which a license is required by the chapters specified in RCW 18.130.040, unless otherwise exempted by law, constitutes a gross misdemeanor. This right of enforcement shall be in addition to any other rights the disciplining authority may have as to any licensee ordered to pay a fine but shall not be construed to limit a licensee's ability to seek judicial review under RCW 18.130.140.

In any action for enforcement of an order of payment of a fine, the disciplining authority's order is conclusive proof of the validity of the order of payment of a fine and the terms of payment.

Sec. 21. RCW 18.130.050 and 1987 c 150 s 2 are each amended to read as follows:

The disciplining authority has the following authority:

- (8) To use the office of administrative hearings as authorized in chapter 34.12 RCW to conduct hearings. However, the disciplining authority shall make the final decision regarding disposition of the license;
- (9) To use individual members of the boards to direct investigations. However, the member of the board shall not subsequently participate in the hearing of the case;
- (10) To enter into contracts for professional services determined to be necessary for adequate enforcement of this chapter;
- (11) To contract with licensees or other persons or organizations to provide services necessary for the monitoring and supervision of licensees who are placed on probation, whose professional activities are restricted, or who are for any authorized purpose subject to monitoring by the disciplining authority;

- (13) To grant or deny license applications, and in the event of a finding of unprofessional conduct by an applicant or license holder, to impose any sanction against a license applicant or license holder provided by this chapter;
- (14) To enter into an assurance of discontinuance in lieu of issuing a statement of charges or conducting a hearing. The assurance shall consist of a statement of the law in question and an agreement to not violate the stated provision. The applicant or license holder shall not be required to admit to any violation of the law, nor shall the assurance be construed as such an admission. Violation of an assurance under this subsection is grounds for disciplinary action;
- (15) To designate individuals authorized to sign subpoenas and statements of charges;
- (16) To establish panels consisting of three or more members of the board to perform any duty or authority within the board's jurisdiction under this chapter;

Sec. 22. RCW 18.130.180 and 1991 c 332 s 34 and 1991 c 215 c 3 are each reenacted and amended to read as follows:

The following conduct, acts, or conditions constitute unprofessional conduct for any license holder or applicant under the jurisdiction of this chapter:

(1) The commission of any act involving moral turpitude, dishonesty, or corruption relating to the practice of the person's profession, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(2) Misrepresentation or concealment of a material fact in obtaining a license or in reinstatement thereof;

(3) All advertising which is false, fraudulent, or misleading;

(4) Incompetence, negligence, or malpractice which results in injury to a patient or which creates an unreasonable risk that a patient may be harmed. The use of a nontraditional treatment by itself shall not constitute unprofessional conduct, provided that it does not result in injury to a patient or create an unreasonable risk that a patient may be harmed;

(5) Suspension, revocation, or restriction of the individual's license to practice the profession by competent authority in any state, federal, or foreign jurisdiction, a certified copy of the order, stipulation, or agreement being conclusive evidence of the revocation, suspension, or restriction;

(6) The possession, use, prescription for use, or distribution of controlled substances or legend drugs in any way other than for legitimate or therapeutic purposes, diversion of controlled substances or legend drugs, the violation of any drug law, or prescribing controlled substances for oneself;

(7) Violation of any state or federal statute or administrative rule regulating the profession in question, including any statute or rule defining or establishing standards of patient care or professional conduct or practice;

(8) Failure to cooperate with the disciplining authority by:

(a) Not furnishing any papers or documents;

(b) Not furnishing in writing a full and complete explanation covering the matter contained in the complaint filed with the disciplining authority; or

(c) Not responding to subpoenas issued by the disciplining authority, whether or not the recipient of the subpoena is the accused in the proceeding;

(9) Failure to comply with an order issued by the ~~((disciplining))~~ disciplinary authority or ~~((an assurance of discontinuance))~~ a stipulation for informal disposition entered into with the ~~((disciplining))~~ disciplinary authority;

(10) Aiding or abetting an unlicensed person to practice when a license is required;

(11) Violations of rules established by any health agency;

(12) Practice beyond the scope of practice as defined by law or rule;

(13) Misrepresentation or fraud in any aspect of the conduct of the business or profession;

(14) Failure to adequately supervise auxiliary staff to the extent that the consumer's health or safety is at risk;

(15) Engaging in a profession involving contact with the public while suffering from a contagious or infectious disease involving serious risk to public health;

(16) Promotion for personal gain of any unnecessary or inefficacious drug, device, treatment, procedure, or service;

(17) Conviction of any gross misdemeanor or felony relating to the practice of the person's profession. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(18) The procuring, or aiding or abetting in procuring, a criminal abortion;

(19) The offering, undertaking, or agreeing to cure or treat disease by a secret method, procedure, treatment, or medicine, or the treating, operating, or prescribing for any health condition by a method, means, or procedure which the licensee refuses to divulge upon demand of the disciplining authority;

(20) The willful betrayal of a practitioner-patient privilege as recognized by law;

(21) Violation of chapter 19.68 RCW;

(22) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the disciplining authority or its authorized representative, or by the use of threats or harassment against any patient or witness to prevent them from providing evidence in a disciplinary proceeding or any other legal action;

(23) Current misuse of:

(a) Alcohol;

(b) Controlled substances; or

(c) Legend drugs;

(24) Abuse of a client or patient or sexual contact with a client or patient;

(25) Acceptance of more than a nominal gratuity, hospitality, or subsidy offered by a representative or vendor of medical or health-related products or services intended for patients, in contemplation of a sale or for use in research publishable in professional journals, where a conflict of interest is presented, as defined by rules of the disciplining authority, in consultation with the department, based on recognized professional ethical standards.

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that, given the overlap of powers and products in the companies regulated, the consolidation of the agencies regulating financial institutions and securities into one department will better serve the public interest through more effective use of staff expertise. Therefore, for the convenience of administration and the centralization of control and the more effective use of state resources and expertise, the state desires to combine the regulation of financial institutions and securities into one department.

NEW SECTION. Sec. 2. A state department of financial institutions, headed by the director of financial institutions, is created. The department shall be organized and operated in a manner that to the fullest extent permissible under applicable law protects the public interest, protects the safety and soundness of depository institutions and entities under the jurisdiction of the department, ensures access to the regulatory process for all concerned parties, and protects the interests of investors. The department of financial institutions shall be structured to reflect the unique differences in the types of institutions and areas it regulates.

NEW SECTION. Sec. 3. The director of financial institutions shall be appointed by the governor and shall exercise all powers and perform all of the duties and functions transferred under section 6 of this act, and such other powers and duties as may be authorized by law. The director may deputize, appoint, and employ examiners and other such assistants and personnel as may be necessary to carry on the work of the department. The director of financial institutions shall receive a salary in an amount fixed by the governor.

NEW SECTION. Sec. 4. A person is not eligible for appointment as director of financial institutions unless he or she is, and for the last two years before his or her appointment has been, a citizen of the United States. A person is not eligible for appointment as director of financial institutions if he or she has an interest at the time of appointment, as a director, trustee, officer, or stockholder in any bank, savings bank, savings and loan association, credit union, consumer loan company, trust company, securities broker-dealer or investment advisor, or other institution regulated by the department.

NEW SECTION. Sec. 5. The director of financial institutions may adopt any rules, under chapter 34.05 RCW, necessary to implement the powers and duties of the director under this chapter.

NEW SECTION. Sec. 6. (1) All powers, duties, and functions of the department of general administration under Titles 30, 31, 32, 33, and 43 RCW and any other title pertaining to duties relating to banks, savings banks, foreign bank branches, savings and loan associations, credit unions, consumer loan companies, check cashers and sellers, trust companies and departments, and other similar institutions are transferred to the department of financial institutions. All references to the director of general administration, supervisor of banking, or the supervisor of savings and loan associations in the Revised Code of Washington are construed to mean the director of the

department of financial institutions when referring to the functions transferred in this section. All references to the department of general administration in the Revised Code of Washington are construed to mean the department of financial institutions when referring to the functions transferred in this subsection.

(2) All powers, duties, and functions of the department of licensing under chapters 19.100, 19.110, 21.20, 21.30, and 48.18A RCW and any other statute pertaining to the regulation of securities, franchises, business opportunities, commodities, and any other speculative investments are transferred to the department of financial institutions. All references to the director or department of licensing in the Revised Code of Washington are construed to mean the director or department of financial institutions when referring to the functions transferred in this subsection.

NEW SECTION. Sec. 7. All reports, documents, surveys, books, records, files, papers, or other written or electronically stored material in the possession of the department of general administration or the department of licensing and pertaining to the powers, functions, and duties transferred by section 6 of this act shall be delivered to the custody of the department of financial institutions. All cabinets, furniture, office equipment, motor vehicles, and other tangible property purchased by the division of banking and the division of savings and loan in carrying out the powers, functions, and duties transferred by section 6 of this act shall be transferred to the department of financial institutions. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the department of licensing in carrying out the powers, functions, and duties transferred by section 6 of this act shall be made available to the department of financial institutions. All funds, credits, or other assets held by the department of general administration or the department of licensing in connection with the powers, functions, and duties transferred by section 6 of this act shall be assigned to the department of financial institutions.

Any appropriations made to the department of general administration or the department of licensing for carrying out the powers, functions, and duties transferred by section 6 of this act shall, on the effective date of this act, be transferred and credited to the department of financial institutions.

If a dispute arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

PART I. FINDINGS, GOALS, AND INTENT

NEW SECTION. Sec. 101. FINDINGS. The legislature finds that our health and financial security are jeopardized by our ever increasing demand for medical care and by current medical insurance and medical system practices. Current medical system practices encourage public demand for unneeded, ineffective, and sometimes dangerous medical treatments. These practices often result in unaffordable cost increases that far exceed ordinary inflation for essential care. Current total medical and health care expenditure rates should be sufficient to provide access to essential health and medical care interventions to all within a reformed, efficient system.

The legislature finds that too many of our state's residents are without medical insurance, that each year many individuals and families are forced into poverty because of serious illness, and that many must leave gainful employment to be eligible for publicly funded medical services. Additionally, thousands of citizens are at risk of losing adequate medical insurance, have had insurance canceled recently, or cannot afford to renew existing coverage.

The legislature finds that businesses find it difficult to pay for medical insurance and remain competitive in a global economy, and that individuals, the poor, and small businesses bear an inequitable medical insurance burden.

The legislature finds that persons of color have significantly higher rates of mortality, poor health outcomes, and substantially lower numbers and percentages of persons covered by health insurance than general population. It is intended that chapter . . . , Laws of 1993 (this act) make provisions to address the special health care needs of these racial and ethnic populations in order to improve their health status.

The legislature finds that uncontrolled demand and expenditures for medical care are eroding the ability of families, businesses, communities, and governments to invest in other enterprises that promote health, maintain independence, and ensure continued economic welfare. Housing, nutrition, education, and the environment are all diminished as we invest ever increasing shares of wealth in medical treatments.

The legislature finds that while immediate steps must be taken, a long-term plan of reform is also needed.

NEW SECTION. Sec. 102. LEGISLATIVE INTENT AND GOALS. (1) The legislature intends that state government policy stabilize health services costs, assure access to essential services for all residents, actively address the health care needs of persons of color, improve the public's health, and reduce unwarranted health services costs to preserve the viability of nonmedical care businesses.

(2) The legislature intends that:

(a) Total health services costs be stabilized and kept within rates of increase similar to the rates of general economic inflation within a publicly regulated, private marketplace that preserves personal choice;

(b) State residents be enrolled in the certified health plan of their choice that meets state standards regarding affordability, accessibility, cost-effectiveness, and clinically efficacious;

(c) State residents be able to choose health services from the full range of health care providers, as defined in section 402(12) of this act, in a manner consistent with good health service management, quality assurance, and cost effectiveness;

(d) Individuals and businesses have the option to purchase any health or medical services they may choose in addition to those contained in the uniform benefits package;

(e) All state residents, businesses, employees, and government participate in payment for health services, with total costs to individuals on a sliding scale based on income to encourage efficient and appropriate utilization of services and to protect individuals from impoverishment because of health care costs;

(f) These goals be accomplished within a reformed system using private service providers and facilities in a way that allows consumers to choose among competing plans operating within budget limits and other regulations that promote the public good; and

(g) That a policy of facilitating communication and networking in the delivery, purchase, and provision of health services among the federal, state, local, and tribal governments be encouraged and accomplished by chapter . . . , Laws of 1993 (this act).

(3) Accordingly, the legislature intends that chapter . . . , Laws of 1993 (this act) provide both early implementation measures and a process for overall reform of the health services system.

PART II. EARLY IMPLEMENTATION MEASURES

A. BASIC HEALTH PLAN EXPANSION

NEW SECTION. Sec. 201. A new section is added to chapter 70.47 RCW to read as follows:
TRANSFER OF POWER AND DUTIES TO WASHINGTON STATE HEALTH CARE AUTHORITY. The powers, duties, and functions of the Washington basic health plan are hereby transferred to the Washington state health care authority. All references to the administrator of the Washington basic health plan in the Revised Code of Washington shall be construed to mean the administrator of the Washington state health care authority.

NEW SECTION. Sec. 202. TRANSFER OF RECORDS, EQUIPMENT, FUNDS. All reports, documents, surveys, books, records, files, papers, or written material in the possession of the Washington basic health plan shall be delivered to the custody of the Washington state health care authority. All cabinets, furniture, office equipment, motor vehicles, and other tangible property used by the Washington basic health plan shall be made available to the Washington state health care authority. All funds, credits, or other assets held by the Washington basic health plan shall be assigned to the Washington state health care authority.

Any appropriations made to the Washington basic health plan shall, on the effective date of this section, be transferred and credited to the Washington state health care authority. At no time may those funds in the basic health plan trust account, any funds appropriated for the subsidy of any enrollees, or any premium payments or other sums made or received on behalf of any enrollees in the basic health plan be commingled with any appropriated funds designated or intended for the purposes of providing health care coverage to any state or other public employees.

Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

NEW SECTION. Sec. 203. TRANSFER OF EMPLOYEES. All employees of the Washington basic health plan are transferred to the jurisdiction of the Washington state health care authority. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the Washington state health care authority to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

NEW SECTION. Sec. 204. RULES AND BUSINESS. All rules and all pending business before the Washington basic health plan shall be continued and acted upon by the Washington state health care authority. All existing contracts and obligations shall remain in full force and shall be performed by the Washington state health care authority.

NEW SECTION. Sec. 205. VALIDITY OF PRIOR ACTS. The transfer of the powers, duties, functions, and personnel of the Washington basic health plan shall not affect the validity of any act performed prior to the effective date of this section.

NEW SECTION. Sec. 206. APPORTIONMENT OF BUDGETED FUNDS. If apportionments of budgeted funds are required because of the transfers directed by sections 201 through 205 of this act, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer.

Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

NEW SECTION. Sec. 207. COLLECTIVE BARGAINING. Nothing contained in sections 201 through 206 of this act may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel board as provided by law.

Sec. 208. RCW 70.47.010 and 1987 1st ex.s. c 5 s 3 are each amended to read as follows:

BASIC HEALTH PLAN--FINDINGS. (1) The legislature finds that:

(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and

(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women (~~(who are an especially vulnerable population, along with their children)~~), and at-risk children and adolescents who need greater access to managed health care.

(2) The purpose of this chapter is to provide or make more readily available necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents (~~(under sixty five years of age)~~) not (~~(otherwise)~~) eligible for medicare (~~(with gross family income at or below two hundred percent of the federal poverty guidelines)~~) or medical assistance who share in a portion of the cost or who pay the full cost of receiving basic health care services from a managed health care system.

(3) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. However, the legislature recognizes that cost-effective and affordable health plans may not always be available to small business employers. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(4) (~~(The program authorized under this chapter is strictly limited in respect to the total number of individuals who may be allowed to participate and the specific areas within the state where it may be established. All such restrictions or limitations shall remain in full force and effect until quantifiable evidence based upon the actual operation of the program, including detailed cost benefit analysis, has been presented to the legislature and the legislature, by specific act at that time, may then modify such limitations.)~~)

(a) It is the purpose of this chapter to acknowledge the initial success of this program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income, uninsured families are willing to pay for their own health care coverage to the extent of their ability to pay; and (iii) proved that local health care providers are willing to enter into a public-private partnership as a managed care system.

(b) As a consequence, the legislature intends to extend an option to enroll to certain citizens above two hundred percent of the federal poverty guidelines within the state who reside in communities where the plan is operational and who collectively or individually wish to exercise the opportunity to purchase health care coverage through the basic health plan if the purchase is done at no cost to the state. It is also the intent of the legislature to allow employers and other financial sponsors to financially assist such individuals to purchase health care through the program. It is also the intent of the legislature to condition access to this plan for nonsubsidized enrollees upon the prior placement of subsidized enrollees, to the extent funding is available.

(c) The legislature directs that the basic health plan administrator identify enrollees who are likely to be eligible for medical assistance and assist these individuals in applying for and receiving medical assistance. The administrator and the department of social and health services shall implement a seamless system to coordinate eligibility determinations and benefit coverage for enrollees of the basic health plan and medical assistance recipients.

Sec. 209. RCW 70.47.020 and 1987 1st ex.s. c 5 s 4 are each amended to read as follows:

BASIC HEALTH PLAN--DEFINITIONS. As used in this chapter:

(1) "Washington basic health plan" or "plan" means the system of enrollment and payment on a prepaid capitated basis for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

(2) "Administrator" means the Washington basic health plan administrator, who also holds the position of administrator of the Washington state health care authority.

(3) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides

directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, on a prepaid capitated basis to a defined patient population enrolled in the plan and in the managed health care system. On and after July 1, 1995, "managed health care system" means a certified health plan, as defined in section 402 of this act.

(4) "Subsidized enrollee" means an individual, or an individual plus the individual's spouse ((and/or) or dependent children, ((all under the age of sixty-five and)) not ((otherwise)) eligible for medicare or medical assistance, who resides in an area of the state served by a managed health care system participating in the plan, whose gross family income at the time of enrollment does not exceed twice the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan.

(5) "Nonsubsidized enrollee" means an individual, or an individual plus the individual's spouse or dependent children, not eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, who chooses to obtain basic health care coverage from a particular managed health care system and who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

(6) "Subsidy" means the difference between the amount of periodic payment the administrator makes((, from funds appropriated from the basic health plan trust account,)) to a managed health care system on behalf of ((an)) a subsidized enrollee plus the administrative cost to the plan of providing the plan to that subsidized enrollee, and the amount determined to be the subsidized enrollee's responsibility under RCW 70.47.060(2).

~~((6))~~ (7) "Premium" means a periodic payment, based upon gross family income ((and determined under RCW 70.47.060(2),)) which an ((enrollee)) individual, their employer or another financial sponsor makes to the plan as consideration for enrollment in the plan as a subsidized enrollee or a nonsubsidized enrollee.

~~((7))~~ (8) "Rate" means the per capita amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of subsidized and nonsubsidized enrollees in the plan and in that system.

Sec. 210. RCW 70.47.030 and 1992 c 232 s 907 are each amended to read as follows:

ACCOUNTS. (1) The basic health plan trust account is hereby established in the state treasury. ((All)) Any nongeneral fund-state funds collected for this program shall be deposited in the basic health plan trust account and may be expended without further appropriation. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan. ((After July 1, 1993, the administrator shall not expend or encumber for an ensuing fiscal period amounts exceeding ninety-five percent of the amount anticipated to be spent for purchased services during the fiscal year.))

(2) The basic health plan subscription account is created in the custody of the state treasurer. All receipts from amounts due from or on behalf of nonsubsidized enrollees shall be deposited into the account. Funds in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of nonsubsidized enrollees in the plan and payment of costs of administering the plan. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(3) The administrator shall take every precaution to see that none of the funds in the separate accounts created in this section or that any premiums paid either by subsidized or nonsubsidized enrollees are commingled in any way, except that the administrator may combine funds designated for administration of the plan into a single administrative account.

Sec. 211. RCW 70.47.040 and 1987 1st ex. s. c 5 s 6 are each amended to read as follows:

BASIC HEALTH PLAN--PROGRAM WITHIN STATE HEALTH CARE AUTHORITY. (1) The Washington basic health plan is created as ((an independent agency of the state)) a program within the Washington state health care authority. The administrative head and appointing authority of the plan shall be the administrator ((who shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor. The salary for this office shall be set by the governor pursuant to RCW 43.03.040)) of the Washington state health care authority. The administrator shall appoint a medical director. The ((administrator,)) medical director((,)) and up to five other employees of the plan shall be exempt from the civil service law, chapter 41.06 RCW.

(2) The administrator shall employ such other staff as are necessary to fulfill the responsibilities and duties of the administrator, such staff to be subject to the civil service law, chapter 41.06 RCW. In addition, the administrator may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise. Any such contractor or consultant shall be prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility without specific permission of the plan. The administrator may call upon other agencies of the state to provide available information as necessary to assist the administrator in meeting its responsibilities under this chapter, which information shall be supplied as promptly as circumstances permit.

(3) The administrator may appoint such technical or advisory committees as he or she deems necessary. The administrator shall appoint a standing technical advisory committee that is representative of health care professionals, health care providers, and those directly involved in the purchase, provision, or delivery of health care services, as well as consumers and those knowledgeable of the ethical issues involved with health care public policy. Individuals appointed to any technical or other advisory committee shall serve without compensation for their services as members, but may be reimbursed for their travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(4) The administrator may apply for, receive, and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to health care costs and access to health care.

(5) ~~(In the design, organization, and administration of the plan under this chapter, the administrator shall consider the report of the Washington health care project commission established under chapter 303, Laws of 1986. Nothing in this chapter requires the administrator to follow any specific recommendation contained in that report except as it may also be included in this chapter or other law.)~~ Whenever feasible, the administrator shall reduce the administrative cost of operating the program by adopting joint policies or procedures applicable to both the basic health plan and employee health plans.

Sec. 212. RCW 70.47.060 and 1992 c 232 s 908 are each amended to read as follows:

ADMINISTRATOR'S POWERS AND DUTIES. The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care, which subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, ~~((for the period ending June 30, 1993,))~~ with respect to coverage for groups of subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for ~~((prenatal or postnatal))~~ such services ~~((that are provided under the medical assistance program under chapter 74.09 RCW))~~ except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider ~~((, or except to provide any such services associated with pregnancies diagnosed by the managed care provider before July 1, 1992))~~. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate. On and after July 1, 1995, the uniform benefits package adopted and from time to time revised by the Washington health services commission pursuant to section 448 of this act shall be implemented by the administrator as the schedule of covered basic health care services. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that the services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size ~~((as well as))~~ and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (10) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the appropriate premium tax as provided by law.

(c) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator, but in no case shall the payment made on behalf of the enrollee exceed ninety-five percent of the total premiums due from the enrollee.

(d) On and after July 1, 1995, the administrator shall comply with any schedule of premiums that may be adopted by the Washington health services commission.

(3) To design and implement a structure of ~~((nominal))~~ copayments due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary

health care services. On and after July 1, 1995, the administrator shall comply with schedules of enrollee point of service cost-sharing adopted by the Washington health services commission.

(4) ~~((To design and implement, in concert with a sufficient number of potential providers in a discrete area, an enrollee financial participation structure, separate from that otherwise established under this chapter, that has the following characteristics:~~

~~(a) Nominal premiums that are based upon ability to pay, but not set at a level that would discourage enrollment;~~

~~(b) A modified fee-for-services payment schedule for providers;~~

~~(c) Coinsurance rates that are established based on specific service and procedure costs and the enrollee's ability to pay for the care. However, coinsurance rates for families with incomes below one hundred twenty percent of the federal poverty level shall be nominal. No coinsurance shall be required for specific proven prevention programs, such as prenatal care. The coinsurance rate levels shall not have a measurable negative effect upon the enrollee's health status; and~~

~~(d) A case management system that fosters a provider-enrollee relationship whereby, in an effort to control cost, maintain or improve the health status of the enrollee, and maximize patient involvement in her or his health care decision-making process, every effort is made by the provider to inform the enrollee of the cost of the specific services and procedures and related health benefits.~~

~~The potential financial liability of the plan to any such providers shall not exceed in the aggregate an amount greater than that which might otherwise have been incurred by the plan on the basis of the number of enrollees multiplied by the average of the prepaid capitated rates negotiated with participating managed health care systems under RCW 70.47.100 and reduced by any sums charged enrollees on the basis of the coinsurance rates that are established under this subsection.~~

~~(5)) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.~~

~~(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020.~~

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

~~((In the selection of any area of the state for the initial operation of the plan, the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.~~

~~Before July 1, 1988, the administrator shall endeavor to secure participation contracts with managed health care systems in discrete geographic areas within at least five congressional districts.))~~

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and at least ~~((annually))~~ semiannually thereafter, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. ~~((An enrollee who remains current in payment of the sliding scale premium, as determined under subsection (2) of this section, and whose gross family income has risen above twice the federal poverty level, may continue enrollment unless and until the enrollee's gross family income has remained above twice the poverty level for six consecutive months, by making payment at the unsubsidized rate required for the managed health care system in which he or she may be enrolled.))~~ No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If, as a result of an eligibility review, the administrator determines that a subsidized enrollee's income exceeds twice the federal poverty level and that the enrollee knowingly failed to inform the plan of such increase in income, the

administrator may bill the enrollee for the subsidy paid on the enrollee's behalf during the period of time that the enrollee's income exceeded twice the federal poverty level. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to re-enroll in the plan.

(10) To accept applications from small business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. Prior to July 1, 1997, the administrator shall require that a small business owner pay at least fifty percent but not more than ninety-five percent of the nonsubsidized premium cost of the plan on behalf of each employee enrolled in the plan. Effective on and after July 1, 1997, the employer participation levels established by the health services commission pursuant to section 455 of this act shall govern employer participation levels under this section. For the purposes of this subsection, an employee means an individual who regularly works for the small business for at least twenty hours per week. The businesses may have no more than one hundred employees at the time of initial enrollment and enrollment is limited to those not eligible for medicare or medical assistance, who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

~~((14))~~ (12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the ~~((administrator))~~ plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

~~((12) To monitor the access that state residents have to adequate and necessary health care services, determine the extent of any unmet needs for such services or lack of access that may exist from time to time, and make such reports and recommendations to the legislature as the administrator deems appropriate.))~~

(13) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(14) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(15) ~~((To provide, consistent with available resources, technical assistance for rural health activities that endeavor to develop needed health care services in rural parts of the state))~~ To endeavor to expand enrollment as much as possible to correspond to the proportion of persons of color in the community served using the best available data that estimates representation of persons of color and describe these efforts in its annual report.

Sec. 213. RCW 70.47.080 and 1987 1st ex.s. c 5 s 10 are each amended to read as follows:

ENROLLMENT. On and after July 1, 1988, the administrator shall accept for enrollment applicants eligible to receive covered basic health care services from the respective managed health care systems which are then participating in the plan. ~~((The administrator shall not allow the total enrollment of those eligible for subsidies to exceed thirty thousand.))~~

Thereafter, total ~~((enrollment shall not exceed the number established by the legislature in any act appropriating funds to the plan.~~

~~Before July 1, 1988, the administrator shall endeavor to secure participation contracts from managed health care systems in discrete geographic areas within at least five congressional districts of the state and in such manner as to allow residents of both urban and rural areas access to enrollment in the plan. The administrator shall make a special effort to secure agreements with health care providers in one such area that meets the requirements set forth in RCW 70.47.060(4))~~ subsidized enrollment shall not result in expenditures that exceed the total amount that has been made available by the legislature in any act appropriating funds to the plan. To the extent that new funding is

appropriated for expansion, the administrator shall endeavor to secure participation contracts from managed health care systems in geographic areas of the state that are unserved by the plan at the time at which the new funding is appropriated. In the selection of any such areas the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.

The administrator shall at all times closely monitor growth patterns of enrollment so as not to exceed that consistent with the orderly development of the plan as a whole, in any area of the state or in any participating managed health care system. The annual or biennial enrollment limitations derived from operation of the plan under this section do not apply to nonsubsidized enrollees as defined in RCW 70.47.020(5).

(a) Standardizing the benefit package;

(b) Soliciting competitive bids for the benefit package;

Sec. 216. RCW 41.05.050 and 1988 c 107 s 18 are each amended to read as follows:

PUBLIC EMPLOYEES' INSURANCE RESERVE FUND. (1) The authority may self-fund or self-insure for public employees' benefits plans, but shall also enter into other methods of providing insurance coverage for insurance programs under its jurisdiction except property and casualty insurance. The authority shall contract for payment of claims or other administrative services for programs under its jurisdiction. If a program does not require the prepayment of reserves, the authority shall establish such reserves within a reasonable period of time for the payment of claims as are normally required for that type of insurance under an insured program. Reserves established by the authority shall be held in a separate trust fund by the state treasurer and shall be known as the ~~((state))~~ public employees' insurance reserve fund. The state investment board shall act as the investor for the funds and, except as provided in RCW 43.33A.160, one hundred percent of all earnings from these investments shall accrue directly to the ~~((state))~~ public employees' insurance reserve fund.

(2) Any savings realized as a result of a program created under this section shall not be used to increase benefits unless such use is authorized by statute.

(4) The authority shall keep full and adequate accounts and records of the assets, obligations, transactions, and affairs of any program created under this section.

(5) The authority shall file a quarterly statement of the financial condition, transactions, and affairs of any program created under this section in a form and manner prescribed by the insurance commissioner. The statement shall contain information as required by the commissioner for the type of insurance being offered under the program. A copy of the annual statement shall be filed with the speaker of the house of representatives and the president of the senate.

NEW SECTION. Sec. 221. A new section is added to chapter 41.05 RCW to read as follows:

MEDICARE SUPPLEMENTAL BENEFITS. (1) Notwithstanding any other provisions of this chapter, if a waiver of the medicare statute, as provided in section 464 of this act, is not obtained prior to June 30, 1995, the administrator shall develop at least two medical plans for retirees eligible for medicare. One of the packages shall include coverage for prescription drugs. The packages shall be offered beginning July 1, 1996, and until a medicare waiver is obtained, to any resident of the state eligible for medicare benefits.

(2) The administrator may:

(a) Offer a self-funded medical plan for retirees eligible for medicare that includes all services available in the uniform benefits package to the extent they are not covered by medicare; and

(b) Offer medical plans for retirees eligible for medicare that conform to the requirements of chapter 48.66 RCW.

(3) The medical plans for retirees eligible for medicare shall be administered and shall have rates calculated as a distinct experience pool.

(4) To the extent that funding is made available specifically for this purpose, the administrator shall establish subsidies for low-income residents' premium and cost-sharing payments.

Sec. 222. RCW 47.64.270 and 1988 c 107 s 21 are each amended to read as follows:

FERRY EMPLOYEES--ENROLLMENT IN CERTIFIED HEALTH PLANS. Until December 31, 1996, absent a collective bargaining agreement to the contrary, the department of transportation shall provide contributions to insurance and health care plans for ferry system employees and dependents, as determined by the state health care

authority, under chapter 41.05 RCW(~~(-)~~); and the ferry system management and employee organizations may collectively bargain for other insurance and health care plans, and employer contributions may exceed that of other state agencies as provided in RCW 41.05.050, subject to RCW 47.64.180. On January 1, 1997, ferry employees shall enroll in certified health plans under the provisions of chapter . . . , Laws of 1993 (this act). To the extent that ferry employees by bargaining unit have absorbed the required offset of wage increases by the amount that the employer's contribution for employees' and dependents' insurance and health care plans exceeds that of other state general government employees in the 1985-87 fiscal biennium, employees shall not be required to absorb a further offset except to the extent the differential between employer contributions for those employees and all other state general government employees increases during any subsequent fiscal biennium. If such differential increases in the 1987-89 fiscal biennium or the 1985-87 offset by bargaining unit is insufficient to meet the required deduction, the amount available for compensation shall be reduced by bargaining unit by the amount of such increase or the 1985-87 shortage in the required offset. Compensation shall include all wages and employee benefits.

Sec. 223. RCW 28A.400.200 and 1990 1st ex.s. c 11 s 2 and 1990 c 33 s 381 are each reenacted and amended to read as follows:

SCHOOL DISTRICT EMPLOYEES--EMPLOYER CONTRIBUTIONS. (1) Every school district board of directors shall fix, alter, allow, and order paid salaries and compensation for all district employees in conformance with this section.

(2)(a) Salaries for certificated instructional staff shall not be less than the salary provided in the appropriations act in the state-wide salary allocation schedule for an employee with a baccalaureate degree and zero years of service; and

(b) Salaries for certificated instructional staff with a masters degree shall not be less than the salary provided in the appropriations act in the state-wide salary allocation schedule for an employee with a masters degree and zero years of service;

(3)(a) The actual average salary paid to basic education certificated instructional staff shall not exceed the district's average basic education certificated instructional staff salary used for the state basic education allocations for that school year as determined pursuant to RCW 28A.150.410.

(c) Strive to integrate purchasing for all publicly sponsored health services in order to maximize the cost control potential and promote the most efficient methods of financing and coordinating services;

(d) Annually suggest changes in state and federal law and rules to bring all publicly funded health programs in compliance with the goals and intent of chapter . . . , Laws of 1993 (this act);

(e) Consult regularly with the governor, the legislature, and state agency directors whose operations are affected by the implementation of this section;

(f) Ensure that procedures and due process guarantees no less beneficial than those available under federal and state law to participants in the medical assistance, limited casualty, and medical care services programs are provided to all persons who, but for the federal waivers and state legislation procured under subsection (1) of this section, would be eligible for those programs.

In negotiating and contracting with insuring entities on behalf of employees and purchasing association members, distinct experience pools shall be maintained.

(b) Review and approve or deny applications from entities seeking membership in the purchasing association:

(i) The administrator may require all or the substantial majority of the employees of the organizations or entities listed in subsection (2) of this section to enroll in the purchasing association.

(ii) The administrator shall require, that as a condition of membership in the purchasing association, an entity or organization listed in subsection (2) of this section that employs individuals pay at least fifty percent but not more than ninety-five percent of the cost of the insurance coverage for each employee enrolled in the purchasing association.

NEW SECTION. **Sec. 255.** STUDY LOCAL GOVERNMENT HEALTH SERVICE DELIVERY. It is hereby requested that the governing authorities of the association of Washington cities, the Washington state association of counties, and the Washington association of county officials jointly initiate a study and develop consensus recommendations regarding implementation of the provisions of sections 231 through 254 of this act. The study and recommendations should at a minimum include consideration of the fiscal impact of these sections on counties, the desirability of maintaining a process whereby city officials can effectively communicate concerns regarding the delivery of public health services to both the counties and the state, the need for larger cities to be able to continue to provide supplemental health care services when needed, and other matters as the three associations agree are of

substance in the implementation of sections 231 through 254 of this act. The agreed upon recommendations shall be presented to the senate health and human services and house of representatives health care committees prior to December 31, 1993.

F. DATA COLLECTION

Sec. 256. RCW 70.170.100 and 1990 c 269 s 12 are each amended to read as follows:

STATE-WIDE DATA SYSTEM--HEALTH SERVICES COMMISSION. (1) To promote the public interest consistent with the purposes of chapter . . . , Laws of 1993 (this act), the department is responsible for the development, implementation, and custody of a state-wide ((hospital)) health care data system, with policy direction and oversight to be provided by the Washington health services commission. As part of the design stage for development of the system, the department shall undertake a needs assessment of the types of, and format for, ((hospital)) health care data needed by consumers, purchasers, health care payers, ((hospitals)) providers, and state government as consistent with the intent of chapter . . . , Laws of 1993 (this act) ((chapter)). The department shall identify a set of ((hospital)) health care data elements and report specifications which satisfy these needs. The ((council)) Washington health services commission, created by section 403 of this act, shall review the design of the data system and may ((direct the department to)) establish a technical advisory committee on health data and shall, if deemed cost-effective and efficient, recommend that the department contract with a private vendor for assistance in the design of the data system or for any part of the work to be performed under this section. The data elements, specifications, and other ((design)) distinguishing features of this data system shall be made available for public review and comment and shall be published, with comments, as the department's first data plan by ((January 1, 1990)) July 1, 1994.

(2) Subsequent to the initial development of the data system as published as the department's first data plan, revisions to the data system shall be considered ((through the department's development of a biennial data plan, as proposed to,)) with the oversight and policy guidance of the Washington health services commission or its technical advisory committee and funded by((-)) the legislature through the biennial appropriations process with funds appropriated to the health services account. ((Costs of data activities outside of these data plans except for special studies shall be funded through legislative appropriations.

(3)) In designing the state-wide ((hospital)) health care data system and any data plans, the department shall identify ((hospital)) health care data elements relating to ((both hospital finances)) health care costs, the quality of health care services, the outcomes of health care services, and ((the)) use of ((services by patients)) health care by consumers. Data elements ((relating to hospital finances)) shall be reported ((by hospitals)) as the Washington health services commission directs by reporters in conformance with a uniform ((system of)) reporting ((as specified by the department and shall)) system established by the department, which shall be adopted by reporters. "Reporter" means an individual or business entity, other than a hospital, required to be registered with the department of revenue for payment of taxes imposed under chapter 82.04 RCW or Title 48 RCW, that is primarily engaged in furnishing or insuring for medical, surgical, and other health services to persons. In the case of hospitals this includes data elements identifying each hospital's revenues, expenses, contractual allowances, charity care, bad debt, other income, total units of inpatient and outpatient services, and other financial information reasonably necessary to fulfill the purposes of chapter . . . , Laws of 1993 (this ((chapter)) act), for hospital activities as a whole and, as feasible and appropriate, for specified classes of hospital purchasers and payers. Data elements relating to use of hospital services by patients shall, at least initially, be the same as those currently compiled by hospitals through inpatient discharge abstracts ((and reported to the Washington state hospital commission)). The commission and the department shall encourage and permit reporting by electronic transmission or hard copy as is practical and economical to reporters.

((4)) (3) The state-wide ((hospital)) health care data system shall be uniform in its identification of reporting requirements for ((hospitals)) reporters across the state to the extent that such uniformity is ((necessary)) useful to fulfill the purposes of chapter . . . , Laws of 1993 (this ((chapter)) act). Data reporting requirements may reflect differences ((in hospital size; urban or rural location; scope, type, and method of providing service; financial structure; or other pertinent distinguishing factors)) that involve pertinent distinguishing features as determined by the Washington health services commission by rule. So far as ((possible)) is practical, the data system shall be coordinated with any requirements of the trauma care data registry as authorized in RCW 70.168.090, the federal department of health and human services in its administration of the medicare program, ((and)) the state in its role of gathering public health statistics, or any other payer program of consequence so as to minimize any unduly burdensome reporting requirements imposed on ((hospitals)) reporters.

((5)) (4) In identifying financial reporting requirements under the state-wide ((hospital)) health care data system, the department may require both annual reports and condensed quarterly reports from reporters, so as to achieve both accuracy and timeliness in reporting, but shall craft such requirements with due regard of the data reporting burdens of reporters.

((6) In designing the initial state-wide hospital data system as published in the department's first data plan, the department shall review all existing systems of hospital financial and utilization reporting used in this state to

determine their usefulness for the purposes of this chapter, including their potential usefulness as revised or simplified.

~~(7) Until such time as the state-wide hospital data system and first data plan are developed and implemented and hospitals are able to comply with reporting requirements, the department shall require hospitals to continue to submit the hospital financial and patient discharge information previously required to be submitted to the Washington state hospital commission. Upon publication of the first data plan, hospitals shall have a reasonable period of time to comply with any new reporting requirements and, even in the event that new reporting requirements differ greatly from past requirements, shall comply within two years of July 1, 1989.~~

~~(8))~~ (5) The ~~((hospital))~~ health care data collected ~~((and))~~, maintained, and studied by the department or the Washington health services commission shall only be available for retrieval in original or processed form to public and private requestors and shall be available within a reasonable period of time after the date of request. The cost of retrieving data for state officials and agencies shall be funded through the state general appropriation. The cost of retrieving data for individuals and organizations engaged in research or private use of data or studies shall be funded by a fee schedule developed by the department which reflects the direct cost of retrieving the data or study in the requested form.

(6) All persons subject to chapter . . . , Laws of 1993 (this act) shall comply with departmental or commission requirements established by rule in the acquisition of data.

Sec. 257. RCW 70.170.110 and 1989 1st ex.s. c 9 s 511 are each amended to read as follows:

HEALTH CARE DATA--STUDIES, ANALYSES, OR REPORTS. The department shall provide, or may contract with a private entity to provide, ~~((hospital))~~ analyses and reports or any studies it chooses to conduct consistent with the purposes of chapter . . . , Laws of 1993 (this ~~((chapter))~~ act). Subject to the availability of funds and any policy direction that may be given by the Washington health services commission. ~~((Prior to release, the department shall provide affected hospitals with an opportunity to review and comment on reports which identify individual hospital data with respect to accuracy and completeness, and otherwise shall focus on aggregate reports of hospital performance.))~~ These studies, analyses, or reports shall include:

(1) Consumer guides on purchasing ~~((hospital care services and))~~ or consuming health care and publications providing verifiable and useful aggregate comparative information to ~~((consumers on hospitals and hospital services))~~ the public on health care services, their cost, and the quality of health care providers who participate in certified health plans;

(2) Reports for use by classes of purchasers, who purchase from certified health plans, health care payers, and providers as specified for content and format in the state-wide data system and data plan; ~~((and))~~

(3) Reports on relevant ~~((hospital))~~ health care policy ~~((issues))~~ including the distribution of hospital charity care obligations among hospitals; absolute and relative rankings of Washington and other states, regions, and the nation with respect to expenses, net revenues, and other key indicators; ~~((hospital))~~ provider efficiencies; and the effect of medicare, medicaid, and other public health care programs on rates paid by other purchasers of ~~((hospital))~~ health care; and

(4) Any other reports the commission or department deems useful to assist the public or purchasers of certified health plans in understanding the prudent and cost-effective use of certified health plan services.

NEW SECTION. Sec. 258. A new section is added to chapter 70.170 RCW to read as follows:

CONFIDENTIALITY OF DATA. Notwithstanding the provisions of chapter 42.17 RCW, any material contained within the state-wide health care data system or in the files of either the department or the Washington health services commission shall be subject to the following limitations: (1) Records obtained, reviewed by, or on file that contain information concerning medical treatment of individuals shall be exempt from public inspection and copying; and (2) any actuarial formulas, statistics, and assumptions submitted by a certified health plan to the commission or department upon request shall be exempt from public inspection and copying in order to preserve trade secrets or prevent unfair competition.

All persons and any public or private agencies or entities whatsoever subject to this chapter shall comply with any requirements established by rule relating to the acquisition or use of health services data and maintain the confidentiality of any information which may, in any manner, identify individual persons.

NEW SECTION. Sec. 259. A new section is added to chapter 70.170 RCW to read as follows:

HEALTH SERVICES COMMISSION ACCESS TO DATA. The Washington health services commission shall have access to all health data presently available to the secretary of health. To the extent possible, the commission shall use existing data systems and coordinate among existing agencies. The department of health shall be the designated depository agency for all health data collected pursuant to chapter . . . , Laws of 1993 (this act). The following data sources shall be developed or made available:

(1) The commission shall coordinate with the secretary of health to utilize data collected by the state center for health statistics, including hospital charity care and related data, rural health data, epidemiological data, ethnicity data, social and economic status data, and other data relevant to the commission's responsibilities.

(2) The commission, in coordination with the department of health and the health science programs of the state universities shall develop procedures to analyze clinical and other health services outcome data, and conduct other research necessary for the specific purpose of assisting in the design of the uniform benefit package under chapter . . ., Laws of 1993 (this act).

(3) The commission shall establish cost data sources and shall require each certified health plan to provide the commission and the department of health with enrollee care and cost information, to include, but not be limited to: (a) Enrollee identifier, including date of birth, sex, and ethnicity; (b) provider identifier; (c) diagnosis; (d) health care services or procedures provided; (e) provider charges, if any; and (f) amount paid. The department shall establish by rule confidentiality standards to safeguard the information from inappropriate use or release.

(4) The commission shall coordinate with the area Indian health service, reservation Indian health service units, tribal clinics, and any urban Indian health service organizations the design, development, implementation, and maintenance of an American Indian-specific health data, statistics information system. The commission rules regarding the confidentiality to safeguard the information from inappropriate use or release shall apply.

NEW SECTION. Sec. 260. A new section is added to chapter 70.170 RCW to read as follows:

PERSONAL HEALTH SERVICES DATA AND INFORMATION SYSTEM. (1) The department is responsible for the implementation and custody of a state-wide personal health services data and information system. The data elements, specifications, and other design features of this data system shall be consistent with criteria adopted by the Washington health services commission. The department shall provide the commission with reasonable assistance in the development of these criteria, and shall provide the commission with periodic progress reports related to the implementation of the system or systems related to those criteria.

(2) The department shall coordinate the development and implementation of the personal health services data and information system with related private activities and with the implementation activities of the data sources identified by the commission. Data shall include: (a) Enrollee identifier, including date of birth, sex, and ethnicity; (b) provider identifier; (c) diagnosis; (d) health services or procedures provided; (e) provider charges, if any; and (f) amount paid. The commission shall establish by rule, confidentiality standards to safeguard the information from inappropriate use or release. The department shall assist the commission in establishing reasonable time frames for the completion of the system development and system implementation.

NEW SECTION. Sec. 261. **HEALTH CARE ENTITY REPORTING REQUIREMENTS.** The commission shall determine, by January 1, 1995, the necessity, if any, of reporting requirements by the following health care entities: Health care providers, health care facilities, insuring entities, and certified health plans. The reporting requirements, if any, shall be for the purposes of determining whether the health care system is operating as efficiently as possible. Information reported pursuant to this section shall be made available to interested parties upon request. The commission shall report its findings to the legislature by January 1, 1995.

G. DISCLOSURE OF HOSPITAL, NURSING HOME, AND PHARMACY CHARGES

NEW SECTION. Sec. 262. A new section is added to chapter 70.41 RCW to read as follows:

SPIRALING COSTS--HOSPITALS. (1) The legislature finds that the spiraling costs of health care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By making physicians and other health care providers with hospital admitting privileges more aware of the cost consequences of health care services for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial hospital services, with a potential for reducing the utilization of those services. The requirement of the hospital to inform physicians and other health care providers of the charges of the health care services that they order may have a positive effect on containing health costs. Further, the option of the physician or other health care provider to inform the patient of these charges may strengthen the necessary dialogue in the provider-patient relationship that tends to be diminished by intervening third-party payers.

(2) The chief executive officer of a hospital licensed under this chapter and the superintendent of a state hospital shall establish and maintain a procedure for disclosing to physicians and other health care providers with admitting privileges the charges of all health care services ordered for their patients. Copies of hospital charges shall be made available to any physician and/or other health care provider ordering care in hospital inpatient/outpatient services. The physician and/or other health care provider may inform the patient of these charges and may specifically review them. Hospitals are also directed to study methods for making daily charges available to prescribing physicians through the use of interactive software and/or computerized information thereby allowing physicians and other health care providers to review not only the costs of present and past services but also future contemplated costs for additional diagnostic studies and therapeutic medications.

NEW SECTION. Sec. 263. A new section is added to chapter 18.68 RCW to read as follows:

SPIRALING COSTS--PRESCRIPTION MEDICATIONS. The legislature finds that the spiraling costs of health care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. One of the fastest growing segments of the health care expenditure involves prescription medications. By making physicians and other health care providers with prescriptive authority more aware of the cost consequences of health care treatments for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial drug and medication treatments. The requirement of the pharmacy to inform physicians and other health care providers of the charges of prescription drugs and medications that they order may have a positive effect on containing health costs. Further, the option of the physician or other health care provider to inform the patient of these charges may strengthen the necessary dialogue in the provider-patient relationship that tends to be diminished by intervening third-party payers.

NEW SECTION. Sec. 264. A new section is added to chapter 18.68 RCW to read as follows:

COST OF PRESCRIPTIVE MEDICATIONS. The registered or licensed pharmacist of this chapter shall establish and maintain a procedure for disclosing to physicians and other health care providers with prescriptive authority information detailed by prescriber, of the cost and dispensation of all prescriptive medications prescribed by him or her for his or her patients on request. These charges should be made available on at least a quarterly basis for all requested patients and should include medication, dosage, number dispensed, and the cost of the prescription. Pharmacies may provide this information in a summary form for each prescribing physician for all patients rather than as individually itemized reports. All efforts should be made to utilize the existing computerized records and software to provide this information in the least costly format.

NEW SECTION. Sec. 265. A new section is added to chapter 18.51 RCW to read as follows:

SPIRALING COSTS--NURSING HOMES. (1) The legislature finds that the spiraling costs of nursing home care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By making nursing home facilities and care providers more aware of the cost consequences of care services for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial services and care, with a potential for reducing the utilization of those services. The requirement of the nursing home to inform physicians, consumers, and other care providers of the charges of the services that they order may have a positive effect on containing health costs.

(2) All nursing home administrators in facilities licensed under this chapter shall be required to develop and maintain a written procedure for disclosing patient charges to attending physicians with admitting privileges. The nursing home administrator shall have the capability to provide an itemized list of the charges for all health care services that may be ordered by a physician. The information shall be made available on request of consumers, or the physicians or other appropriate health care providers responsible for prescribing care.

NEW SECTION. Sec. 266. DEPARTMENT OF HEALTH--REPORT ON EFFORTS TO CONTAIN COSTS. The department of health shall report to the legislature by December 31, 1994, with recommendations on any necessary revisions to sections 262 through 265 of this act, including their continued necessity and the appropriateness of their repeal.

H. HEALTH PROFESSIONAL SHORTAGES

NEW SECTION. Sec. 267. LEGISLATIVE INTENT. The legislature finds that the successful implementation of health care reform will depend on a sufficient supply of primary health care providers throughout the state. Many rural and medically underserved urban areas lack primary health care providers and because of this, basic health care services are limited or unavailable to populations living in these areas. The legislature has in recent years initiated new programs to address these provider shortages but funding has been insufficient and additional specific provider shortages remain.

Sec. 268. RCW 28B.125.010 and 1991 c 332 s 5 are each amended to read as follows:

STATE-WIDE HEALTH PERSONNEL RESOURCE PLAN--PERSONS OF COLOR--INDIAN HEALTH. (1) The higher education coordinating board, the state board for community (~~college education~~) and technical colleges, the superintendent of public instruction, the state department of health, the Washington health services commission, and the state department of social and health services, to be known for the purposes of this section as the committee, shall establish a state-wide health personnel resource plan. The governor shall appoint a lead agency from one of the agencies on the committee.

In preparing the state-wide plan the committee shall consult with the training and education institutions affected by this chapter, health care providers, employers of health care providers, insurers, consumers of health care, and other appropriate entities.

Should a successor agency or agencies be authorized or created by the legislature with planning, coordination, or administrative authority over vocational-technical schools, community colleges, or four-year higher

Highest preference shall be given to students seeking admission who are recommended by sponsoring communities and who declare the intent of serving as a physician in a rural area. The board may require the sponsoring community located in a nonshortage rural area to financially contribute to the eligible expenses of a medical student if the student will serve in the nonshortage rural area;

(3) Establish the required service obligation for each credentialed health care profession, which shall be no less than three years or no more than five years. NEW SECTION. Sec. 270. A new section is added to chapter 43.70 RCW to read as follows:

The technical assistance provided shall include, but is not limited to: (a) Collaborative research and data analysis on health care outcomes that disproportionately affect persons of color; (b) design and development of model health education and promotion strategies aimed at modifying unhealthy health behaviors or enhancing the use of the health care delivery system by persons of color; (c) provision of technical information and assistance on program planning and financial management; (d) administration, public policy development, and analysis in health care issues affecting people of color; and (e) enhancement and promotion of health care career opportunities for persons of color.

Sec. 271. RCW 70.185.030 and 1991 c 332 s 9 are each amended to read as follows:

COMMUNITY-BASED RECRUITMENT AND RETENTION--UNDERSERVED URBAN AREAS. (1) The department ~~((shall))~~ may, subject to funding, establish ~~((up to three))~~ community-based recruitment and retention project sites to provide financial and technical assistance to participating communities. The goal of the project is to help assure the availability of health care providers in rural and underserved urban areas of Washington state.

(2) Administrative costs necessary to implement this project shall be kept at a minimum to insure the maximum availability of funds for participants.

(3) The secretary may contract with third parties for services necessary to carry out activities to implement this chapter where this will promote economy, avoid duplication of effort, and make the best use of available expertise.

(4) The secretary may apply for, receive, and accept gifts and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects related to the delivery of health care in rural areas.

(5) In designing and implementing the project the secretary shall coordinate the project with the Washington rural health system project as authorized under chapter 70.175 RCW to consolidate administrative duties and reduce costs.

Sec. 272. RCW 43.70.460 and 1992 c 113 s 2 are each amended to read as follows:

RETIRED PRIMARY CARE PROVIDERS--MALPRACTICE INSURANCE. (d) The department shall contract only with a liability insurer authorized to offer liability malpractice insurance in the state.

(2) This section and RCW 43.70.470 shall not be interpreted to require a liability insurer to provide coverage to a ~~((physician))~~ primary care provider should the insurer determine that coverage should not be offered to a physician because of past claims experience or for other appropriate reasons.

(3) The state and its employees who operate the program shall be immune from any civil or criminal action involving claims against clinics or physicians that provided health care services under this section and RCW 43.70.470. This protection of immunity shall not extend to any clinic or ~~((physician))~~ primary care provider participating in the program.

(4) The department may monitor the claims experience of retired physicians covered by liability insurers contracting with the department.

(5) The department may provide liability insurance under chapter 113, Laws of 1992 only to the extent funds are provided for this purpose by the legislature.

Sec. 273. RCW 43.70.470 and 1992 c 113 s 3 are each amended to read as follows:

RETIRED PRIMARY CARE PROVIDERS--CONDITIONS. The department may establish by rule the conditions of participation in the liability insurance program by retired ~~((physicians))~~ primary care providers at clinics utilizing retired physicians for the purposes of this section and RCW 43.70.460. These conditions shall include, but not be limited to, the following:

(1) The participating ~~((physician))~~ primary care provider associated with the clinic shall hold a valid license to practice ~~((medicine and surgery in this state and otherwise))~~ as a physician under chapter 18.71 or 18.57 RCW, a naturopath under chapter 18.36A RCW, a physician assistant under chapter 18.71A or 18.57A RCW, an advanced registered nurse practitioner under chapter 18.88 RCW, a dentist under chapter 18.32 RCW, or other health professionals as may be deemed in short supply in the health personnel resource plan under chapter 28B.125 RCW. All primary care providers must be in conformity with current requirements for licensure as a retired ~~((physician))~~ primary care health care provider, including continuing education requirements;

(2) The participating ~~((physician))~~ primary care health care provider shall limit the scope of practice in the clinic to primary care. Primary care shall be limited to noninvasive procedures and shall not include obstetrical care, or any specialized care and treatment. Noninvasive procedures include injections, suturing of minor lacerations, and incisions of boils or superficial abscesses. Primary dental care shall be limited to diagnosis, oral hygiene, restoration, and extractions and shall not include orthodontia, or other specialized care and treatment;

(3) The provision of liability insurance coverage shall not extend to acts outside the scope of rendering medical services pursuant to this section and RCW 43.70.460;

(4) The participating ~~((physician))~~ primary care health care provider shall limit the provision of health care services to primarily low-income persons provided that clinics may, but are not required to, provide means tests for eligibility as a condition for obtaining health care services;

(5) The participating ~~((physician))~~ primary care health care provider shall not accept compensation for providing health care services from patients served pursuant to this section and RCW 43.70.460, nor from clinics serving these patients. "Compensation" shall mean any remuneration of value to the participating ~~((physician))~~ primary care health care provider for services provided by the ~~((physician))~~ primary care health care provider, but shall not be construed to include any nominal copayments charged by the clinic, nor reimbursement of related expenses of a participating ~~((physician))~~ primary care health care provider authorized by the clinic in advance of being incurred; and

(6) The use of mediation or arbitration for resolving questions of potential liability may be used, however any mediation or arbitration agreement format shall be expressed in terms clear enough for a person with a sixth grade level of education to understand, and on a form no longer than one page in length.

NEW SECTION. Sec. 274. MEDICAL SCHOOL GRADUATES SERVING IN RURAL AND MEDICALLY UNDERSERVED AREAS OF THE STATE--LEGISLATIVE INTENT. The legislature finds that the shortage of primary care physicians practicing in rural and medically underserved areas of the state has created a severe public health and safety problem. If unaddressed, this problem is expected to worsen with health care reform since an increased demand for primary care services will only contribute further to these shortages.

The legislature further finds that the medical training program at the University of Washington is an important and well respected resource to the people of this state in the training of primary care physicians. Currently, only a small proportion of medical school graduates are Washington residents who serve as primary care practitioners in certain parts of this state.

NEW SECTION. Sec. 275. MEDICAL SCHOOL PRIMARY CARE PHYSICIAN SHORTAGE PLAN DEVELOPMENT. (1) The University of Washington shall prepare a primary care shortage plan that accomplishes the following:

(a) Identifies specific activities that the school of medicine shall pursue to increase the number of Washington residents serving as primary care physicians in rural and medically underserved areas of the state, including establishing a goal that assures that no less than forty-five percent of medical school graduates who are

Washington state residents at the time of matriculation will enter into primary care residencies in Washington state by the year 2000;

(b) Assures that the school of medicine shall establish among its highest training priorities the distribution of its primary care physician graduates from the school and associated postgraduate residency programs into rural and medically underserved areas;

(c) Establishes the goal of assuring that the annual number of graduates from the family practice residency network entering rural or medically underserved practice shall be increased by forty percent over a baseline period from 1985 through 1990 by 1995;

(d) Establishes a further goal to make operational at least two additional family practice residency programs within Washington state in geographic areas identified by the plan as underserved in family practice by 1997. The geographic areas identified by the plan as being underserved by family practice physicians shall be consistent with any such similar designations as may be made in the health personnel research plan as authorized under chapter 28B.125 RCW;

(e) Establishes, with the cooperation of existing community and migrant health clinics in rural or medically underserved areas of the state, three family practice residency training tracks. Furthermore, the primary care shortage plan shall provide that one of these training tracks shall be a joint American osteopathic association and American medical association approved training site coordinated with an accredited college of osteopathic medicine with extensive experience in training primary care physicians for the western United States. Such a proposed joint accredited training track will have at least fifty percent of its residency positions in osteopathic medicine; and

(f) Implements the plan, with the exception of the expansion of the family practice residency network, within current biennial appropriations for the University of Washington school of medicine.

(2) The plan shall be submitted to the appropriate committees of the legislature no later than December 1, 1993.

I. SHORT-TERM HEALTH INSURANCE REFORM

NEW SECTION. Sec. 276. INTENT--INCREASE ACCESS TO COVERAGE. The legislature intends that, during the transition to a fully reformed health services system, certain health insurance practices be modified to increase access to health insurance coverage for some individuals and groups. The legislature recognizes that health insurance reform will not remedy the significant lack of access to coverage in Washington state without the implementation of strong cost control measures. The authority granted to the commissioner in chapter . . . , Laws of 1993 (this act) is in addition to any authority the commissioner currently has under Title 48 RCW to regulate insurers, health care service contractors, and health maintenance organizations.

NEW SECTION. Sec. 277. A new section is added to chapter 48.18 RCW to read as follows:

CANCELLATIONS, DENIALS--WRITTEN COMMUNICATION. Every insurer upon canceling, denying, or refusing to renew any disability policy, shall, upon written request, directly notify in writing the applicant or insured, as the case may be, of the reasons for the action by the insurer and to any person covered under a group contract. Any benefits, terms, rates, or conditions of such a contract that are restricted, excluded, modified, increased, or reduced shall, upon written request, be set forth in writing and supplied to the insured and to any person covered under a group contract. The written communications required by this section shall be phrased in simple language that is readily understandable to a person of average intelligence, education, and reading ability.

Sec. 278. RCW 48.21.200 and 1983 c 202 s 16 and 1983 c 106 s 24 are each reenacted and amended to read as follows:

REDUCTIONS OR REFUSAL OF BENEFITS. (1) No individual or group disability insurance policy, health care service contract, or health maintenance agreement which provides benefits for hospital, medical, or surgical expenses shall be delivered or issued for delivery in this state (~~(after September 8, 1975)~~) which contains any provision whereby the insurer, contractor, or health maintenance organization may reduce or refuse to pay such benefits otherwise payable thereunder solely on account of the existence of similar benefits provided under any ~~((individual))~~ disability insurance policy, ((or under any individual)) health care service contract, or health maintenance agreement.

(2) No individual or group disability insurance policy, health care service contract, or health maintenance agreement providing hospital, medical or surgical expense benefits and which contains a provision for the reduction of benefits otherwise payable or available thereunder on the basis of other existing coverages, shall provide that such reduction will operate to reduce total benefits payable below an amount equal to one hundred percent of total allowable expenses exclusive of copayments, deductibles, and other similar cost-sharing arrangements.

(3) The commissioner shall by rule establish guidelines for the application of this section, including:

(a) The procedures by which persons ~~((insured))~~ covered under such policies, contracts, and agreements are to be made aware of the existence of such a provision;

(b) The benefits which may be subject to such a provision;

- (c) The effect of such a provision on the benefits provided;
 - (d) Establishment of the order of benefit determination; (~~and~~)
 - (e) Exceptions necessary to maintain the integrity of policies, contracts, and agreements that may require the use of particular health care facilities or providers; and
 - (f) Reasonable claim administration procedures to expedite claim payments and prevent duplication of payments or benefits under such a provision(~~(-PROVIDED, HOWEVER, That any group disability insurance policy which is issued as part of an employee insurance benefit program authorized by RCW 41.05.025(3) may exclude all or part of any deductible amounts from the definition of total allowable expenses for purposes of coordination of benefits within the plan and between such plan and other applicable group coverages: AND PROVIDED FURTHER, That any group disability insurance policy providing coverage for persons in this state may exclude all or part of any deductible amounts required by a group disability insurance policy from the definition of total allowable expenses for purposes of coordination of benefits between such policy and a group disability insurance policy issued as part of an employee insurance benefit program authorized by RCW 41.05.025(3)-~~
- (3) ~~The provisions of this section shall apply to health care service contractor contracts and health maintenance organization agreements)).~~

NEW SECTION. Sec. 279. A new section is added to chapter 48.20 RCW to read as follows:

DISABILITY INSURER--PREEXISTING CONDITIONS EXCLUSIONS AND LIMITATIONS. (1) After January 1, 1994, every disability insurer issuing coverage against loss arising from medical, surgical, hospital, or emergency care coverage shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new policy to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner may adopt rules establishing guidelines for determining when coverage is similar under new and preceding policies, contracts, and agreements and for determining when a preexisting condition waiting period has been satisfied.

(3) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall adopt rules restricting the use of such conditions and limitations by January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

NEW SECTION. Sec. 280. A new section is added to chapter 48.21 RCW to read as follows:

GROUP DISABILITY INSURERS--PREEXISTING CONDITIONS EXCLUSIONS AND LIMITATIONS. (1) After January 1, 1994, every disability insurer issuing coverage against loss arising from medical, surgical, hospital, or emergency care coverage shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new policy to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner may adopt rules establishing guidelines for determining when coverage is similar under new and preceding policies, contracts, and agreements and for determining when a preexisting condition waiting period has been satisfied.

(3) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall adopt rules restricting the use of such conditions and limitations by January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

NEW SECTION. Sec. 281. A new section is added to chapter 48.44 RCW to read as follows:

(1) After January 1, 1994, every health care service contractor, except limited health care service contractors as defined under RCW 48.44.035, shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new contract to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall

waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner may adopt rules establishing guidelines for determining when coverage is similar under new and preceding policies, contracts, and agreements and for determining when a preexisting condition waiting period has been satisfied.

(3) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall adopt rules restricting the use of such conditions and limitations by January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

NEW SECTION. Sec. 282. A new section is added to chapter 48.46 RCW to read as follows:

HEALTH MAINTENANCE ORGANIZATIONS--PREEXISTING CONDITIONS EXCLUSIONS AND LIMITATIONS. (1) After January 1, 1994, every health maintenance organization shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new agreement to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

Sec. 283. RCW 48.30.300 and 1975-'76 2nd ex.s. c 119 s 7 are each amended to read as follows:

UNFAIR PRACTICES. Notwithstanding any provision contained in Title 48 RCW to the contrary:

(1) No person or entity engaged in the business of insurance in this state shall refuse to issue any contract of insurance or cancel or decline to renew such contract because of the sex or marital status, or the presence of any sensory, mental, or physical handicap of the insured or prospective insured. The amount of benefits payable, or any term, rate, condition, or type of coverage shall not be restricted, modified, excluded, increased or reduced on the basis of the sex or marital status, or be restricted, modified, excluded or reduced on the basis of the presence of any sensory, mental, or physical handicap of the insured or prospective insured. Subject to the provisions of subsection (2) of this section these provisions shall not prohibit fair discrimination on the basis of sex, or marital status, or the presence of any sensory, mental, or physical handicap when bona fide statistical differences in risk or exposure have been substantiated.

(2) With respect to disability policies issued or renewed on and after July 1, 1994, that provide coverage against loss arising from medical, surgical, hospital, or emergency care services:

(a) Policies shall guarantee continuity of coverage. Such provision, which shall be included in every policy, shall provide that:

(i) The policy may be canceled or nonrenewed without the prior written approval of the commissioner only for nonpayment of premium or as permitted under RCW 48.18.090; and

(ii) The policy may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the insurer has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.

(b) It is an unfair practice for a disability insurer to modify the coverage provided or rates applying to an in-force disability insurance policy and to fail to make such modification in all such issued and outstanding policies.

(c) Subject to rules adopted by the commissioner, it is an unfair practice for a disability insurer to:

(i) Cease the sale of a policy form unless it has received prior written authorization from the commissioner and has offered all policyholders covered under such discontinued policy the opportunity to purchase comparable coverage without health screening; or

(ii) Engage in a practice that subjects policyholders to rate increases on discontinued policy forms unless such policyholders are offered the opportunity to purchase comparable coverage without health screening.

The insurer may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.

NEW SECTION. Sec. 284. A new section is added to chapter 48.44 RCW to read as follows:

(i) The contract may be canceled or nonrenewed without the prior written approval of the commissioner only for nonpayment of premiums, for violation of published policies of the contractor which have been approved by the commissioner, for persons who are entitled to become eligible for medicare benefits and fail to subscribe to a medicare supplement plan offered by the contractor, for failure of such subscriber to pay any deductible or copayment amount owed to the contractor and not the provider of health care services, for fraud, or for a material breach of the contract; and

(ii) The contract may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the organization has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.

(b) It is an unfair practice for an organization to modify the coverage provided or rates applying to an in-force agreement and to fail to make such modification in all such issued and outstanding agreements.

(c) Subject to rules adopted by the commissioner, it is an unfair practice for a health maintenance organization to:

(i) Cease the sale of an agreement form unless it has received prior written authorization from the commissioner and has offered all enrollees covered under such discontinued agreement the opportunity to purchase comparable coverage without health screening; or

(ii) Engage in a practice that subjects enrollees to rate increases on discontinued agreement forms unless such enrollees are offered the opportunity to purchase comparable coverage without health screening.

A. THE WASHINGTON HEALTH SERVICES COMMISSION

NEW SECTION. Sec. 403. CREATION OF COMMISSION--MEMBERSHIP--TERMS OF OFFICE--VACANCIES--SALARIES. (1) There is created an agency of state government to be known as the Washington health services commission. The commission shall consist of five members reflecting ethnic and racial diversity, appointed by the governor, with the consent of the senate. One member shall be designated by the governor as chair and shall serve at the pleasure of the governor. The insurance commissioner shall serve as a nonvoting member. Of the initial members, one shall be appointed to a term of three years, one shall be appointed to a term of four years, and one shall be appointed to a term of five years. Thereafter, members shall be appointed to five-year terms. Vacancies shall be filled by appointment for the remainder of the unexpired term of the position being vacated.

(2) Members of the commission shall have no pecuniary interest in any business subject to regulation by the commission and shall be subject to chapter 42.18 RCW, the executive branch conflict of interest act.

(3) Members of the commission shall occupy their positions on a full-time basis and are exempt from the provisions of chapter 41.06 RCW. Commission members and the professional commission staff are subject to the public disclosure provisions of chapter 42.17 RCW. Members shall be paid a salary to be fixed by the governor in accordance with RCW 43.03.040. A majority of the members of the commission constitutes a quorum for the conduct of business.

NEW SECTION. Sec. 404. ADVISORY COMMITTEES. (1)(a) The commission shall appoint a technical advisory committee with a balanced representation of members representing consumers, business, government, labor, insurers, health care providers, and health services researchers; the membership shall reflect ethnic and racial diversity. The chair may also appoint ad hoc and special committees for a specified time period.

(b) The commission shall also appoint health services effectiveness panels for specified periods of time to provide specific technical guidance related to appropriate and effective health services, use of technology and practice guidelines, and development of the uniform benefits package. Panels should include technical experts, such as general practitioners, specialty physicians or providers, health service researchers, health ethicists, epidemiologists, and public health experts who reflect the state's ethnic and cultural diversity.

(c) The commission shall also appoint a small business advisory committee composed of seven small business owners to assist the commission in development of the small business economic impact statement and the small business assistance program, as provided in sections 448(7) and 457 of this act.

(2) Members of committees and panels shall serve without compensation for their services but shall be reimbursed for their expenses while attending meetings on behalf of the commission in accordance with RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 405. POWERS AND DUTIES OF THE CHAIR. The chair shall be the chief administrative officer and the appointing authority of the commission and has the following powers and duties:

(1) Direct and supervise the commission's administrative and technical activities in accordance with the provisions of this chapter and rules and policies adopted by the commission;

(2) Employ personnel of the commission, representative of ethnic diversity, in accordance with chapter 41.06 RCW, and prescribe their duties. With the approval of a majority of the commission, the chair may appoint persons to administer any entity established pursuant to subsection (8) of this section, and up to seven additional employees all of whom shall be exempt from the provisions of chapter 41.06 RCW;

(3) Enter into contracts on behalf of the commission;

(4) Accept and expend gifts, donations, grants, and other funds received by the commission;

(5) Delegate administrative functions of the commission to employees of the commission as the chair deems necessary to ensure efficient administration;

(6) Subject to approval of the commission, appoint advisory committees and undertake studies, research, and analysis necessary to support activities of the commission;

(7) Preside at meetings of the commission;

(8) Consistent with policies and rules established by the commission, establish such administrative divisions, offices, or programs as are necessary to carry out the purposes of chapter . . . , Laws of 1993 (this act); and

(9) Perform such other administrative and technical duties as are consistent with chapter . . . , Laws of 1993 (this act) and the rules and policies of the commission.

NEW SECTION. Sec. 406. POWERS AND DUTIES OF THE COMMISSION. The commission has the following powers and duties:

(1) Ensure that all residents of Washington state are enrolled in a certified health plan to receive the uniform benefits package, regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment, or economic status.

(2) Endeavor to ensure that all residents of Washington state have access to appropriate, timely, confidential, and effective health services, and monitor the degree of access to such services. If the commission finds that individuals or populations lack access to certified health plan services, the commission shall:

(a) Authorize appropriate state agencies, local health departments, community or migrant health clinics, public hospital districts, or other nonprofit health service entities to take actions necessary to assure such access. This includes authority to contract for or directly deliver services described within the uniform benefits package to special populations; or

(b) Notify appropriate certified health plans and the insurance commissioner of such findings. The commission shall adopt by rule standards by which the insurance commissioner may, in such event, require certified health plans in closest proximity to such individuals and populations to extend their catchment areas to those individuals and populations and offer them enrollment.

(3) Adopt necessary rules in accordance with chapter 34.05 RCW to carry out the purposes of chapter . . . , Laws of 1993 (this act). An initial set of draft rules establishing at least the commission's organization structure, the uniform benefits package, enrollee and employer financial participation, levels of and standards for certified health plan certification, must be submitted in draft form to appropriate committees of the legislature by December 1, 1994.

(4) Establish and modify as necessary, in consultation with the state board of health and the department of health, and coordination with the planning process set forth in section 458 of this act a uniform set of health services based on the recommendations of the health care cost control and access commission.

(5) Establish and modify as necessary, the uniform benefits package and supplemental benefits packages, as provided in sections 448 and 449 of this act, which shall be offered to enrollees of a certified health plan. The benefit package shall be provided at no more than the maximum premium specified in subsection (6) of this section.

(6)(a) Establish for each year a community-rated maximum premium for the uniform benefits package. The premium cost of the uniform benefits package in 1995 shall be based upon an actuarial determination of the costs of providing the uniform benefits package, assuming cost impacts that may result from reductions in cost shifting, the use of managed care, identification of cost-effective and clinically efficacious services, and any other factors deemed relevant by the commission. Beginning in 1996, the growth rate of the uniform benefits package shall be allowed to increase by a rate no greater than the average growth rate in the cost of the package between 1990 and 1993 as actuarially determined, reduced by two percentage points per year until the growth rate is no greater than growth in Washington per capita personal income, as determined by the office of financial management.

(b) If the commission adds or deletes services or benefits to the uniform benefits package in subsequent years, it may increase or decrease the maximum premium to reflect the actual cost experience of a broad sample of providers of that service in the state, considering the factors enumerated in (a) of this subsection and adjusted actuarially. The addition of services or benefits shall not result in a redetermination of the entire cost of the uniform benefits package.

(7) In order to promote price competition, establish annual premium shares and amounts that shall be paid by employers, government sponsors, and enrollees defined in relation to the price of the lowest priced plan in the region providing the uniform benefits package in a manner that ensures adequate quality of services. Enrollee premium share levels shall be related to enrollee household income and shall not apply to enrollees with income less than the federal poverty level. The commission shall develop mechanisms through which enrollees whose premium share levels are reduced as a result of low household income can obtain subsidies necessary for enrollment in a certified health plan. The availability of subsidies shall be conditioned upon the appropriation of funds specifically for this purpose.

(8) Determine the need for medical risk adjustment mechanisms to minimize financial incentives for certified health plans to enroll individuals who present lower health risks and avoid enrolling individuals who present higher health risks, and to minimize financial incentives for employer hiring practices that discriminate against individuals who present higher health risks. In the design of medical risk distribution mechanisms under this subsection, the commission shall (a) balance the benefits of price competition with the need to protect certified health plans from any unsustainable negative effects of adverse selection and (b) consider the development of a system that creates a risk profile of each certified health plan's enrollee population that does not create disincentives for a plan to control benefit utilization, that requires contributions from plans that enjoy a low-risk enrollee population to plans that have a high-risk enrollee population, and that does not permit an adjustment of the premium charged for the uniform benefits package or supplemental coverage based upon either receipt or contribution of assessments. Proposed medical risk adjustment mechanisms shall be submitted to the legislature as provided in section 450 of this act.

(9) Design a mechanism to assure minors have access to confidential health care services as currently provided in RCW 70.24.110 and 71.34.030.

(10) Monitor the actual growth in total annual health services costs.

(11) Establish reporting requirements for certified health plans that own or manage health care facilities, health care facilities, and health care providers to periodically report to the commission regarding major capital expenditures of the plans. The commission shall review and monitor such reports from providers and shall report to the legislature regarding major capital expenditures by providers on at least an annual basis. The Washington health care facilities authority authorized in chapter 70.37 RCW may not approve financing for a major capital expenditure unless it has been approved by the commission under this subsection.

(12) Establish maximum enrollee financial participation levels. The levels shall be related to enrollee household income and shall not result in household income being reduced below the federal poverty level.

(13) For health services provided under the uniform benefits package, adopt standards for enrollment, and standardized billing and claims processing forms. The standards shall ensure that these procedures minimize administrative burdens on health care providers, certified health plans, and consumers. Subject to federal approval or phase-in schedules whenever necessary or appropriate, the standards also shall apply to state-purchased health services, as defined in RCW 41.05.011.

(14) Suggest that certified health plans adopt certain practice indicators or risk management protocols for quality assurance, utilization review, or provider payment. The commission may consider indicators or protocols recommended according to section 410 of this act for these purposes.

(15) Suggest other guidelines to certified health plans for utilization management, use of technology and methods of payment, such as diagnosis-related groups and a resource-based relative value scale. Such guidelines shall be voluntary and shall be designed to promote improved management of care, and provide incentives for improved efficiency and effectiveness within the delivery system.

(16) Adopt standards and oversee and develop policy for personal health data and information system as provided in chapter 70.170 RCW.

(17) Adopt standards that prevent conflict of interest by health care providers as provided in section 408 of this act.

(18) Consider the extent to which medical research activities should be included within the health service system set forth in this chapter . . . , Laws of 1993 (this act).

(19) Evaluate and monitor the extent to which racial and ethnic minorities have access and to receive health services within the state, and develop strategies to address barriers to access.

(20) Develop standards for the certification process to certify health plans to provide the uniform benefits package, according to the provisions for certified health plans under chapter . . . , Laws of 1993 (this act).

(21) Develop rules for implementation of individual and employer participation under sections 454 and 455 of this act specifically applicable to persons who work in this state but do not live in the state or persons who live in this state but work outside of the state. The rules shall be designed so that these persons receive coverage and financial requirements that are comparable to that received by persons who both live and work in the state.

(22) Establish a process for purchase of uniform benefits package services by enrollees when they are out-of-state.

(23) Develop recommendations to the legislature as to whether state and school district employees, on whose behalf health benefits are or will be purchased by the health care authority pursuant to chapter 41.05 RCW, should have the option to purchase health benefits through health insurance purchasing cooperatives on and after July 1, 1997. In developing its recommendations, the commission shall consider:

(a) The impact of state or school district employees purchasing through health insurance purchasing cooperatives on the ability of the state to control its health care costs; and

(b) Whether state or school district employees purchasing through health insurance purchasing cooperatives will result in inequities in health benefits between or within groups of state and school district employees.

(24) Establish guidelines for providers dealing with terminal or static conditions, taking into consideration the ethics of providers, patient and family wishes, costs, and survival possibilities.

(25) Evaluate the extent to which Taft-Hartley health care trusts provide benefits to certain individuals in the state; review the federal laws under which these joint employee-employer entities are organized; and make appropriate recommendations to the governor and the legislature about how these trusts can be brought under the provisions of chapter . . . , Laws of 1993 (this act) when it is fully implemented.

(26) Evaluate whether Washington is experiencing a higher percentage in in-migration of residents from other states and territories than would be expected by normal trends as a result of the availability of comprehensive subsidized health care benefits for all residents and report to the governor and the legislature their findings.

(27) In developing the uniform benefits package and other standards pursuant to this section, consider the likelihood of the establishment of a national health services plan adopted by the federal government and its implications.

(28) Evaluate the effect of reforms under chapter . . . , Laws of 1993 (this act) on access to care and economic development in rural areas.

To the extent that the exercise of any of the powers and duties specified in this section may be inconsistent with the powers and duties of other state agencies, offices, or commissions, the authority of the commission shall supersede that of such other state agency, office, or commission, except in matters of personal health data, where the commission shall have primary data system policymaking authority and the department of health shall have primary responsibility for the maintenance and routine operation of personal health data systems.

NEW SECTION. Sec. 407. MODIFICATION OF MAXIMUM PREMIUM. Upon the recommendation of the insurance commissioner, and on the basis of evidence established by independent actuarial analysis, if the commission finds that the economic viability of a significant number of the state's certified health plans is seriously threatened, the commission may increase the maximum premium to the extent mandated by the Constitution, and must immediately thereafter submit to the legislature a proposal for a new formula for adjusting the maximum premium that must be approved in law by each house of the legislature by a sixty percent vote.

NEW SECTION. Sec. 408. A new section is added to chapter 18.130 RCW to read as follows:

CONFLICT OF INTEREST STANDARDS. The Washington health services commission established by section 403 of this act, in consultation with the secretary of health, and the health care disciplinary authorities under RCW 18.130.040(2)(b), shall establish standards and monetary penalties in rule prohibiting provider investments and referrals that present a conflict of interest resulting from inappropriate financial gain for the provider or his or her immediate family. These standards are not intended to inhibit the efficient operation of managed health care systems or certified health plans. The commission shall report to the health policy committees of the senate and house of representatives by December 1, 1994, on the development of the standards and any recommended statutory changes necessary to implement the standards.

NEW SECTION. Sec. 409. CONTINUOUS QUALITY IMPROVEMENT AND TOTAL QUALITY MANAGEMENT. To ensure the highest quality health services at the lowest total cost, the commission shall establish a total quality management system of continuous quality improvement. Such endeavor shall be based upon the recognized quality science for continuous quality improvement. The commission shall impanel a committee composed of persons from the private sector and related sciences who have broad knowledge and successful experiences in continuous quality improvement and total quality management applications. It shall be the responsibility of the committee to develop standards for a Washington state health services supplier certification process and recommend such standards to the commission for review and adoption. Once adopted, the commission shall establish a schedule, with full compliance no later than July 1, 1996, whereby all health service providers and health service facilities shall be certified prior to providing uniform benefits package services.

B. PRACTICE INDICATORS

NEW SECTION. Sec. 410. A new section is added to chapter 43.70 RCW to read as follows:

PRACTICE INDICATORS. Fees collected for such purpose shall be deposited in the insurance commissioner's regulatory account in the state treasury.

(4) All funds representing premiums or return premiums received by a cooperative in its fiduciary capacity shall be accounted for and maintained in a separate account from all other funds. Each willful violation of this section constitutes a misdemeanor.

(1) Provide the benefits included in the uniform benefits package and offer supplemental benefits packages to enrolled Washington residents for a prepaid per capita community-rated premium not to exceed the maximum premium established by the commission and provide such benefits through managed care in accordance with rules adopted by the commission;

(2) Accept for enrollment any state resident within the plan's service area and provide or assure the provision of all services within the uniform benefits package and offer supplemental benefits packages regardless of factors referenced in RCW 49.60.020, including age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, or other condition or situation, however, the insurance commissioner may grant a temporary exemption from this subsection, if, upon application by a certified health plan, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a certified health plan is required to continue enrollment of additional eligible individuals;

(3) If the plan provides benefits through contracts with, ownership of, or management of health care facilities and contracts with or employs health care providers, demonstrate to the satisfaction of the insurance commissioner in consultation with the department of health and the commission that its facilities and personnel are adequate to provide the benefits prescribed in the uniform benefits package and offer supplemental benefits packages to enrolled Washington residents, and that it is financially capable of providing such residents with, or has made adequate contractual arrangements with health care providers and facilities to provide enrollees with such benefits;

(4) Comply with portability of benefits requirements prescribed by the commission;

(5) Comply with administrative rules prescribed by the commission, the insurance commissioner, and other state agencies governing certified health plans;

(6) Provide all enrollees with instruction and informational materials to increase individual and family awareness of injury and illness prevention; encourage assumption of personal responsibility for protecting personal health; and stimulate discussion about the use and limits of medical care in improving the health of individuals and communities;

(7) Discloses to enrollees the charity care requirements under chapter 70.170 RCW;

(8) Include in all of its contracts with health care providers and health care facilities a provision prohibiting such providers and facilities from billing enrollees for any amounts in excess of applicable enrollee point of service cost-sharing obligations for services included in the uniform benefits package and the supplemental benefits package;

(9) Include in all of its contracts issued for uniform benefits package and supplemental benefits package coverage a subrogation provision that allows the certified health plan to recover the costs of uniform benefits package and supplemental benefits package services incurred to care for an enrollee injured by a negligent third party. The costs recovered shall be limited to:

(a) If the certified health plan has not intervened in the action by an injured enrollee against a negligent third party, then the amount of costs the certified health plan can recover shall be limited to the excess remaining after the enrollee has been fully compensated for his or her loss minus a proportionate share of the enrollee's costs and fees in bringing the action. The proportionate share shall be determined by:

(i) The fees and costs approved by the court in which the action was initiated; or

(ii) The written agreement between the attorney and client that established fees and costs when fees and costs are not addressed by the court.

When fees and costs have been approved by a court, after notice to the certified health plan, the certified health plan shall have the right to be heard on the matter of attorneys' fees and costs or its proportionate share;

(b) If the certified health plan has intervened in the action by an injured enrollee against a negligent third party, then the amount of costs the certified health plan can recover shall be the excess remaining after the enrollee has been fully compensated for his or her loss or the amount of the plan's incurred costs, whichever is less;

(10) Establish and maintain a grievance procedure approved by the commissioner, to provide a reasonable and effective resolution of complaints initiated by enrollees concerning any matter relating to the provision of benefits under the uniform benefits package and supplemental benefits, access to health care services, and quality of services. Each certified health plan shall respond to complaints filed with the insurance commissioner within fifteen working days. The insurance commissioner in consultation with the commission shall establish standards for grievance procedures and resolution;

(11) Comply with the provisions of chapter 48.30 RCW prohibiting unfair and deceptive acts and practices to the extent such provisions are not modified or superseded by the provisions of chapter . . . , Laws of 1993 (this act) and be prohibited from offering or supplying incentives that would have the effect of avoiding the requirements of subsection (2) of this section;

- (12) Have culturally sensitive health promotion programs that include approaches that are specifically effective for persons of color and accommodating to different cultural value systems, gender, and age; and
- (13) Permit every class of health care providers to provide health services or care for conditions included in the uniform benefits package and in the supplemental benefits package to the extent that:
- (a) The provision of such health services or care is within the health care providers' permitted scope of practice; and
 - (b) The providers agree to abide by standards related to:
 - (i) Provision, utilization review, and cost containment of health services;
 - (ii) Management and administrative procedures; and
 - (iii) Provision of cost-effective and clinically efficacious health services.

NEW SECTION. Sec. 428. LIMITED CERTIFIED HEALTH PLAN FOR DENTAL SERVICES. (1) For the purposes of this section "limited certified dental plan" or "dental plan" means a certified health plan offering coverage for dental services only and that complies with all certified health plan requirements for managed care, community rating, portability, and nondiscrimination.

(2) A dental plan may provide coverage for dental services directly to individuals or to employers for the benefit of employees. If an individual or an employer purchases uniform dental services from a dental plan, the certified health plan covering the individual or the employees need not provide dental services required under the uniform benefits package. A certified health plan may subcontract with a dental plan to provide the dental benefits required under the uniform benefits package.

(3) The commission shall establish maximum premiums and maximum enrollee financial participation amounts that may be charged by dental plans and shall adopt rules defining the minimum, uniform dental services that must be offered by dental plans. The commission shall also establish maximum premiums and maximum enrollee financial participation amounts for certified health plans not providing dental benefits by virtue of the individual's or employee's coverage by a dental plan, and rules governing the percentage change in the premium charged by a dental plan subcontracting with a certified health plan when the maximum premiums are changed by the commission.

(4) Rules governing dental plan premiums and financial participation amounts, and rules defining minimum, uniform dental services shall be adopted and shall apply to dental plans in accordance with the implementation dates applicable to certified health plans with respect to similar requirements.

NEW SECTION. Sec. 429. CONTRACTS BETWEEN CERTIFIED HEALTH PLANS AND HEALTH SERVICE PROVIDERS. (1) The legislature finds that not all health service providers, individually or as a class, provide the most cost-effective, efficacious health services for every health need. A fundamental goal of health care reform is to contain the growth in health care costs and related costs in purchasing coverage for health services. In order to achieve this goal, health service providers must either adjust their practice to achieve necessary levels of quality and cost-effectiveness or risk exclusion from certified health plans.

Balancing the need for health care reform and the need to protect health service providers, as a class and as individual providers, from improper exclusion presents a problem that can be satisfied with the creation of a process to ensure fair consideration of the inclusion of health service providers in managed care systems operated by certified health plans. It is therefore the intent of the legislature that the insurance commissioner in developing rules in accordance with this section and the attorney general in monitoring the level of competition in the various geographic markets, balance the need for cost-effective and quality delivery of health services with the need for inclusion of both individual health service providers and classes of health service providers in managed care programs developed by certified health plans. All licensed health service providers, irrespective of the type or kind of practice licensed by the state, should be afforded the opportunity to compete for inclusion in certified health plans consistent with the goals of health care reform.

(2) The insurance commissioner shall adopt rules requiring certified health plans to publish general criteria for the plan's selection of health service providers. In adopting such rules, the commissioner shall not require the disclosure of criteria deemed by the plan to be of a proprietary or competitive nature that would hurt the plan's ability to compete or to manage health services. If the commissioner and the plan disagree as to whether criteria is proprietary or its disclosure is anticompetitive, the plan shall be entitled to a hearing and the hearing shall be conducted in a manner that affords the protection of such disputed information from public disclosure. In part, disclosure of criteria is proprietary or anticompetitive if revealing the criteria would have the tendency to cause health service providers to alter their practice pattern in a manner that would harm efforts to contain health care costs and is proprietary if revealing the criteria would cause the plan's competitors to obtain valuable business information.

(3) If a certified health plan uses unpublished criteria to judge the quality and cost-effectiveness of a health service provider's practice under any specific program within the plan, the plan may not terminate the provider participating in that program based upon such criteria until the provider has been informed that his or her practice fails to meet such criteria and is given a reasonable opportunity to conform to such criteria.

(4) In consultation with the attorney general's office, the insurance commissioner shall adopt rules:

(a) Prescribing the terms, conditions, and procedures for binding resolution of contractual disputes between providers and certified health plans to be included in all contracts between providers and plans; and

(b) Prescribing the terms, conditions, and procedures for provider appeal to the plan of a decision by the plan not to include the services of the provider.

(5) The attorney general with the assistance of the insurance commissioner shall analyze the market power of certified health plans and develop a standard for determining when the market share of any program of a certified health plan reaches a point where the plan's exclusion of health service providers from a program of the plan would result in the substantial inability of providers to continue their practice thereby unreasonably restricting consumer access to needed health services. Whenever, as a result of this analysis, the attorney general determines that a program's share of the market would have the tendency to substantially lessen competition for health services in the relevant market, the certified health plan must allow all providers within the affected market to participate in the program of the certified health plan subject to the following conditions:

(a) The provider must meet all published criteria of the program pertaining to the selection of providers;

(b) The provider must agree to abide by all published requirements of the program pertaining to utilization review, quality review, and cost containment; and

(c) The provider must agree to abide by all administrative and management procedures of the program.

Notwithstanding the provisions of this subsection, if the certified health plan demonstrates to the satisfaction of the attorney general that health service utilization data and similar information shows that the inclusion of additional health service providers would substantially lessen the plan's ability to control health care costs and that the plan's procedures for selection of providers are not improperly exclusive of providers, the plan need not include additional providers within the plan's program.

(6) Nothing contained in this section shall be construed to require a plan to allow or to continue the participation of a provider:

(a) Who violates the terms and conditions of a contract with the plan;

(b) Whose provision of health services is inefficient or of poor quality when compared to a provider's peer group which group is objectively determined;

(c) Whose health services violate any statute or regulation governing the provider's profession;

(d) Whose services are unnecessary because the uniform benefits package does not provide coverage for such services or with respect to a supplemental benefit program, because a supplemental benefit program does not provide coverage for such services; or

(e) If the plan is a federally qualified health maintenance organization and the participation of the provider or providers would prevent the health maintenance organization from operating as a health maintenance organization in accordance with 42 U.S.C Sec. 300e.

NEW SECTION. Sec. 430. CERTIFIED HEALTH PLANS--REGISTRATION REQUIRED--PENALTY. (1) No person or entity in this state may, by mail or otherwise, act or hold himself or herself out to be a certified health plan as defined by section 402 of this act without being registered as a certified health plan with the insurance commissioner.

(2) Anyone violating subsection (1) of this section is liable for a fine not to exceed ten thousand dollars and imprisonment not to exceed six months for each instance of such violation.

NEW SECTION. Sec. 431. ELIGIBILITY REQUIREMENTS FOR CERTIFICATE OF REGISTRATION--APPLICATION REQUIREMENTS. Any corporation, cooperative group, partnership, association, or groups of health professionals licensed by the state of Washington, public hospital district, or public institutions of higher education are entitled to a certificate from the insurance commissioner as a certified health plan if it:

(1) Submits an application for certification as a certified health plan, which shall be verified by an officer or authorized representative of the applicant, being in a form as the insurance commissioner prescribes in consultation with the health services commission;

(2) Meets the minimum net worth requirements set forth in section 437 of this act and the funding reserve requirements set forth in section 438 of this act;

(3) A certified health plan may establish the geographic boundaries in which they will obligate themselves to deliver the services required under the uniform benefits package and include such information in their application for certification, but the commissioner shall review such boundaries and may disapprove, in conformance to guidelines adopted by the commission, those which have been clearly drawn to be exclusionary within a health care catchment area.

NEW SECTION. Sec. 432. ISSUANCE OF CERTIFICATE--GROUNDS FOR REFUSAL. The commissioner shall issue a certificate as a certified health plan to an applicant within one hundred twenty days of such filing unless the commissioner notifies the applicant within such time that such application is not complete and the reasons therefor; or that the commissioner is not satisfied that:

(1) The basic organization document of the applicant permits the applicant to conduct business as a certified health plan;

(2) The applicant has demonstrated the intent and ability to assure that the health services will be provided in a manner to assure both their availability and accessibility;

(3) The organization is financially responsible and may be reasonably expected to meet its obligations to its enrolled participants. In making this determination, the commissioner shall consider among other relevant factors:

(a) Any agreements with a casualty insurer, a government agency, or any other organization paying or insuring payment for health care services;

(b) Any agreements with providers for the provision of health care services; and

(c) Any arrangements for liability and malpractice insurance coverage.

(4) The procedures for offering health care services are reasonable and equitable; and

(5) Procedures have been established to:

(a) Monitor the quality of care provided by the certified health plan including standards and guidelines provided by the health services commission and other appropriate state agencies;

(b) Operate internal peer review mechanisms; and

(c) Resolve complaints and grievances in accordance with section 442 of this act and rules established by the insurance commissioner in consultation with the commission.

NEW SECTION. Sec. 433. PREMIUMS AND ENROLLEE PAYMENT AMOUNTS--FILING OF PREMIUMS AND ENROLLEE PAYMENT AMOUNTS--ADDITIONAL CHARGES PROHIBITED. (1) The insurance commissioner shall verify that the certified health plan and its providers are charging no more than the maximum premiums and enrollee financial participation amounts during the course of financial and market conduct examinations or more frequently if justified in the opinion of the insurance commissioner or upon request by the health services commission.

(2) The certified health plans shall file the premium schedules including employer contributions, enrollee premium sharing, and enrollee point of service cost sharing amounts with the insurance commissioner, within thirty days of establishment by the health services commission.

(3) No certified health plan or its provider may charge any fees, assessments, or charges in addition to the premium amount or in excess of the maximum enrollee financial participation limits established by the health services commission. The certified health plan that directly provides health care services may charge and collect the enrollee point of service cost sharing fees as established in the uniform benefits package or other approved benefit plan.

NEW SECTION. Sec. 434. ANNUAL STATEMENT FILING--CONTENTS--PENALTY FOR FAILURE TO FILE--ACCURACY REQUIRED. (1) Every certified health plan shall annually not later than March 1 of the calendar year, file with the insurance commissioner a statement verified by at least two of its principal officers showing its financial condition as of December 31 of the preceding year.

(2) Such annual report shall be in such form as the insurance commissioner shall prescribe and shall include:

(a) A financial statement of the certified health plan, including its balance sheet and receipts and disbursements for the preceding year, which reflects at a minimum;

(i) All prepayments and other payments received for health care services rendered pursuant to certified health plan benefit packages;

(ii) Expenditures to all categories of health care facilities, providers, and organizations with which the plan has contracted to fulfill obligations to enrolled residents arising out of the uniform benefits package and other approved supplemental benefit agreements, together with all other direct expenses including depreciation, enrollment, and commission; and

(iii) Expenditures for capital improvements, or additions thereto, including but not limited to construction, renovation, or purchase of facilities and capital equipment;

(b) A report of the names and addresses of all officers, directors, or trustees of the certified health plan during the preceding year, and the amount of wages, expense reimbursements, or other payments to such individuals. For partnership and professional service corporations, a report shall be made for partners or shareholders as to any compensation or expense reimbursement received by them for services, other than for services and expenses relating directly for patient care;

(c) The number of residents enrolled and terminated during the report period. Additional information regarding the enrollment and termination pattern for a certified health plan may be required by the commissioner to demonstrate compliance with the open enrollment and free access requirements of chapter . . . , Laws of 1993 (this act). The insurance commissioner shall specify additional information to be reported, which may include but not be limited to age, sex, location, and health status information;

(d) Such other information relating to the performance of the certified health plan or the health care facilities or providers with which it has contracted as reasonably necessary to the proper and effective administration of this chapter in accordance with rules;

(e) Disclosure of any financial interests held by officers and directors in any providers associated with the certified health plan or provider of the certified health plan.

(3) The commissioner may require quarterly reporting of financial information, such information to be furnished in a format prescribed by the commissioner in consultation with the commission.

(4) The commissioner may for good reason allow a reasonable extension of time within which such annual statement shall be filed.

(5) The commissioner may suspend or revoke the certificate of a certified health plan for failing to file its annual statement when due or during any extension of time therefor that the commissioner, for good cause, may grant.

(6) The commissioner shall publish and make available to the health services commission and the major newspapers of the state an annual summary report of at least the information required in subsections (2) and (3) of this section.

(7) No person may knowingly file with any public official or knowingly make, publish, or disseminate any financial statement of a certified health plan that does not accurately state the certified health plan's financial condition.

NEW SECTION. Sec. 435. PENALTY FOR VIOLATIONS. A certified health plan that, or person who, violates any provision of this chapter is guilty of a gross misdemeanor, unless the penalty is otherwise specifically provided.

NEW SECTION. Sec. 436. PROVIDER CONTRACTS--ENROLLED RESIDENT'S LIABILITY, COMMISSIONER'S REVIEW. (1) Subject to subsection (2) of this section, every contract between a certified health plan and its providers of health care services shall be in writing and shall set forth that in the event the certified health plan fails to pay for health care services as set forth in the uniform benefits package, the enrollee is not liable to the provider for any sums owed by the certified health plan. Every such contract shall provide that this requirement shall survive termination of the contract.

(2) The provisions of subsection (1) of this section shall not apply to emergency care from a provider who is not a contracting provider with the certified health plan, or to emergent and urgently needed out-of-area services.

(3) The certified health plan shall file the contracts with the insurance commissioner for approval thirty days prior to use.

NEW SECTION. Sec. 437. MINIMUM NET WORTH--REQUIREMENTS TO MAINTAIN--DETERMINATION OF AMOUNT. (1) Every certified health plan must maintain a minimum net worth equal to the greater of:

(a) One million dollars; or

(b) Two percent of annual premium revenues as reported on the most recent annual financial statement filed with the insurance commissioner on the first one hundred fifty million dollars of premium and one percent of annual premium on the premium in excess of one hundred fifty million dollars; or

(c) An amount equal to the sum of three months' uncovered expenditures as reported on the most recent financial statement filed with the commissioner.

(2)(a) In determining net worth, no debt may be considered fully subordinated unless the subordination clause is in a form acceptable to the commissioner. An interest obligation relating to the repayment of a subordinated debt must be similarly subordinated.

(b) The interest expenses relating to the repayment of a fully subordinated debt may not be considered uncovered expenditures.

(c) A subordinated debt incurred by a note meeting the requirements of this section, and otherwise acceptable to the insurance commissioner, may not be considered a liability and shall be recorded as equity.

(3) Every certified health plan shall, in determining liabilities, include an amount estimated in the aggregate to provide for unearned premiums and for the payment of claims for health care expenditures that have been incurred, whether reported or unreported, that are unpaid and for which such organization is or may be liable and to provide for the expense of adjustment or settlement of such claims.

The claims shall be computed in accordance with rules adopted by the insurance commissioner in consultation with the health services commission.

NEW SECTION. Sec. 438. FUNDED RESERVE REQUIREMENTS. (1) Each certified health plan obtaining certification from the insurance commissioner under sections 426 through 443 of this act shall provide and maintain a funded reserve of one hundred fifty thousand dollars. The funded reserve shall be deposited with the insurance commissioner or with any organization acceptable to the commissioner in the form of cash, securities eligible for investment under chapter 48.13 RCW, approved surety bond, or any combination of these, and must be equal to or exceed one hundred fifty thousand dollars. The funded reserve shall be established as an assurance that the uncovered expenditures obligations of the certified health plan to the enrolled Washington residents shall be performed.

(2) All income from reserves on deposit with the commissioner shall belong to the depositing certified health plan and shall be paid to it as it becomes available.

(3) Funded reserves required by this section shall be considered an asset in determining the plan's net worth.

NEW SECTION. Sec. 439. EXAMINATION OF CERTIFIED HEALTH PLANS, POWERS OF COMMISSIONER, DUTIES OF PLANS, INDEPENDENT AUDIT REPORTS. (1) The insurance commissioner shall make an examination of the operations of a certified health plan as often as the commissioner deems it necessary in order to assure the financial security and health and safety of the enrolled residents. The insurance commissioner shall make an examination of a certified health plan not less than once every three calendar years.

(2) Every certified health plan shall submit its books and records relating to its operation for financial condition and market conduct examinations and in every way facilitate them. The quality or appropriateness of medical services and systems shall be examined by the department of health except that the insurance commissioner may review such areas to the extent that such items impact the financial condition or the market conduct of the certified health plan. For the purpose of the examinations the insurance commissioner may issue subpoenas, administer oaths, and examine the officers and principals of the certified health plans concerning their business.

(3) The insurance commissioner may elect to accept and rely on audit reports made by an independent certified public accountant for the certified health plan in the course of that part of the insurance commissioner's examination covering the same general subject matter as the audit. The commissioner may incorporate the audit report in his or her report of the examination.

(4) Certified health plans shall be equitably assessed to cover the cost of financial condition and market conduct examinations, the costs of adopting rules, and the costs of enforcing the provisions of this chapter. The assessments shall be levied not less frequently than once every twelve months and shall be in an amount expected to fund the examinations, adoption of rules, and enforcement of the provisions of this chapter including a reasonable margin for cost variations. The assessments shall be established by rules adopted by the commissioner in consultation with the health services commission but may not exceed five and one-half cents per month per resident enrolled in the certified health plan. The minimum assessment shall be one thousand dollars. Assessment receipts shall be deposited in the insurance commissioner's regulatory account in the state treasury and shall be used for the purpose of funding the examinations authorized in subsection (1) of this section. Assessments received shall be used to pay a pro rata share of the costs, including overhead of regulating certified health plans. Amounts remaining in the separate account at the end of a biennium shall be applied to reduce the assessments in succeeding biennia.

NEW SECTION. Sec. 440. INSOLVENCY--COMMISSIONER'S DUTIES, CONTINUATION OF BENEFITS, ALLOCATION OF COVERAGE. (1) In the event of insolvency of a certified health plan and upon order of the commissioner, all other certified health plans shall offer the enrolled Washington residents of the insolvent certified health plan the opportunity to enroll in a solvent certified health plan. Enrollment shall be without prejudice for any preexisting condition and shall be continuous provided the resident enrolls in the new certified health plan within thirty days of the date of insolvency and otherwise complies with the certified health plan's managed care procedures within the thirty-day open enrollment period.

(2) The insurance commissioner, in consultation with the health services commission, shall establish guidelines for the equitable distribution of the insolvent certified health plan's enrollees to the remaining certified health plans. The guidelines may include limitations to enrollment based on financial conditions, provider delivery network, administrative capabilities of the certified health plan, and other reasonable measures of the certified health plan's ability to provide benefits to the newly enrolled residents.

(3) Each certified health plan shall have a plan for handling insolvency that allows for continuation of benefits for the duration of the coverage period for which premiums have been paid and continuation of benefits to enrolled Washington residents who are confined on the date of insolvency in an inpatient facility until their discharge or transfer to a new certified health plan as provided in subsection (1) of this section. The plan shall be approved by the insurance commissioner at the time of certification and shall be submitted for review and approval on an annual basis. The commissioner shall approve such a plan if it includes:

- (a) Insurance to cover the expenses to be paid for continued benefits after insolvency;
- (b) Provisions in provider contracts that obligate the provider to provide services for the duration of the period after the certified health plan's insolvency for which premium payment has been made and until the enrolled participant is transferred to a new certified health plan in accordance with subsection (1) of this section. Such extension of coverage shall not obligate the provider of service beyond thirty days following the date of insolvency;
- (c) Use of the funded reserve requirements as provided under section 438 of this act;
- (d) Acceptable letters of credit or approved surety bonds; or
- (e) Other arrangements the insurance commissioner and certified health plan mutually agree are appropriate to assure that benefits are continued.

NEW SECTION. Sec. 441. FINANCIAL FAILURE, SUPERVISION OF COMMISSIONER--PRIORITY OF DISTRIBUTION OF ASSETS. (1) Any rehabilitation, liquidation, or conservation of a certified health plan shall be deemed to be the rehabilitation, liquidation, or conservation of an insurance company and shall be conducted under the supervision of the insurance commissioner under the law governing the rehabilitation, liquidation, or conservation of insurance companies. The insurance commissioner may apply for an order directing the insurance commissioner to rehabilitate, liquidate, or conserve a certified health plan upon one or more of the grounds set forth in RCW

48.31.030, 48.31.050, and 48.31.080. Enrolled residents shall have the same priority in the event of liquidation or rehabilitation as the law provides to policyholders of an insurer.

(2) For purposes of determining the priority of distribution of general assets, claims of enrolled residents and their dependents shall have the same priority as established by RCW 48.31.280 for policyholders and their dependents of insurance companies. If an enrolled resident is liable to a provider for services under and covered by a certified health plan, that liability shall have the status of an enrolled resident claim for distribution of general assets.

(3) A provider who is obligated by statute or agreement to hold enrolled residents harmless from liability for services provided under and covered by a certified health plan shall have a priority of distribution of the general assets immediately following that of enrolled residents and enrolled residents' dependents as described in this section, and immediately preceding the priority of distribution described in RCW 48.31.280(2)(e).

NEW SECTION. Sec. 442. GRIEVANCE PROCEDURE. A certified health plan shall establish and maintain a grievance procedure approved by the commissioner, to provide a reasonable and effective resolution of complaints initiated by enrolled Washington residents concerning any matter relating to the provision of benefits under the uniform benefits package, access to health care services, and quality of services. Each certified health plan shall respond to complaints filed with the insurance commissioner within twenty working days. The insurance commissioner in consultation with the health care commission shall establish standards for grievance procedures and resolution.

NEW SECTION. Sec. 443. EXEMPTION. The provisions of sections 431 through 442 of this act do not apply to any disability insurance company, health care service contractor, or health maintenance organization authorized to do business in Washington.

NEW SECTION. Sec. 444. ENFORCEMENT AUTHORITY OF COMMISSIONER. For the purposes of chapter . . . , Laws of 1993 (this act), the insurance commissioner shall have the same powers and duties of enforcement as are provided in Title 48 RCW.

NEW SECTION. Sec. 445. ANNUAL REPORT BY THE INSURANCE COMMISSIONER TO THE HEALTH SERVICES COMMISSION. Beginning January 1, 1997, the insurance commissioner shall report annually to the health services commission on the compliance of certified health plans and health insurance purchasing cooperatives with the provisions of chapter . . . , Laws of 1993 (this act). The report shall include information on (1) compliance with chapter . . . , Laws of 1993 (this act) open enrollment and antidiscrimination provisions, (2) financial solvency requirements, (3) the mix of enrollee characteristics within and among plans and groups including age, sex, ethnicity, and any easily obtainable information related to medical risk, (4) the geographic distribution of plans and groups, and (5) other information which the commission may request consistent with the goals of chapter . . . , Laws of 1993 (this act).

F. MANAGED COMPETITION AND LIMITED ANTI-TRUST IMMUNITY

NEW SECTION. Sec. 446. MANAGED COMPETITION FINDINGS AND INTENT. (1) The legislature recognizes that competition among health care providers, payers, and purchasers will yield the best allocation of health care resources, the lowest prices for health care, and the highest quality of health care when there exists a large number of buyers and sellers, easily comparable health care plans and services, minimal barriers to entry and exit into the health care market, and adequate information for buyers and sellers to base purchasing and production decisions. However, the legislature finds that purchasers of health care services and health care coverage do not have adequate information upon which to base purchasing decisions; that providers of health care services face legal and market disincentives to develop economies of scale or to provide the most cost-efficient and efficacious service; that providers of health care coverage face market disincentives in providing health care coverage to those Washington residents with the most need for health care coverage; and that potential competitors in the provision of health care coverage bear unequal burdens in entering the market for health care coverage.

(2) The legislature therefore intends to displace competition in the health care market to the extent necessary to contain the aggregate cost of health care services; to promote comparability of health care coverage; to improve the cost-effectiveness in providing health care coverage relative to health promotion, disease prevention, and the amelioration or cure of illness; to assure access to a publicly determined, uniform package of health care benefits; and to create reasonable equity in the distribution of funds, treatment, and medical risk among purchasers of health care coverage, payers of health care services, providers of health care services, and Washington residents. To these ends, any lawful action taken pursuant to chapter . . . , Laws of 1993 (this act) by any person or entity created or regulated by chapter . . . , Laws of 1993 (this act) are declared to be taken pursuant to state statute and in furtherance of the public purposes of the state of Washington.

(3) The legislature does not intend and unless explicitly permitted in accordance with section 447 of this act or under rules adopted pursuant to chapter . . . , Laws of 1993 (this act), does not authorize any person or entity to

engage in activities or to conspire to engage in activities that would constitute per se violations of state and federal anti-trust laws including but not limited to conspiracies to agree or agreements:

(a) Among competing health care providers not to grant discounts, not to provide services, or to fix the terms and conditions of their services;

(b) Among certified health plans as to the price or level of reimbursement for health care services;

(c) Among certified health plans to boycott a group or class of health care service providers;

(d) Among purchasers of certified health plan coverage to boycott a particular plan or class of plans;

(e) Among certified health plans to divide the market for health care coverage; or

(f) Among certified health plans and purchasers to attract or discourage enrollment of any Washington resident or groups of residents in a certified health plan based upon the perceived or actual risk of loss in including such resident or group of residents in a certified health plan or purchasing group.

NEW SECTION. Sec. 447. COMPETITIVE OVERSIGHT AND ANTI-TRUST IMMUNITY. (1) A certified health plan, health care facility, health care provider, or other person involved in the development or marketing of health care or certified health plans may request, in writing, that the attorney general issue an informal opinion as to whether particular conduct is authorized by chapter . . . , Laws of 1993 (this act). The attorney general shall issue such opinion within thirty days of receipt of a written request for an opinion or within thirty days of receipt of any additional information requested by the attorney general necessary for rendering an opinion. If the attorney general concludes that such conduct is not authorized by chapter . . . , Laws of 1993 (this act), the person or organization making the request may petition the commission for review and approval of such conduct in accordance with subsection (2) of this section.

(2) After consultation with and subject to the approval of the attorney general, the health services commission may authorize conduct requested by petition of a certified health plan, health care facility, health care provider, or any other person that could tend to lessen competition in the relevant market upon a clear and convincing showing that the conduct is necessary to achieve the policy goals of chapter . . . , Laws of 1993 (this act) and a more competitive alternative is unavailable or impractical. Such petition shall be filed in a form and manner prescribed by rule of the commission.

After a public hearing, the commission shall issue a written decision approving or denying a petition filed in accordance with this section. The decision shall set forth findings as to benefits and disadvantages and explaining whether the benefits clearly outweigh the disadvantages. Upon the advice of the attorney general, the commission shall consider whether one or more of the following benefits may result:

(a) Enhancement of the quality of health services to consumers;

(b) Gains in cost-efficiency of health services;

(c) Improvements in utilization of health services and equipment; or

(d) Avoidance of duplication of health services resources.

These benefits must outweigh disadvantages including and not limited to:

(i) Reduced competition among certified health plans, health care providers, or health care facilities;

(ii) Adverse impact on quality, availability or price of health care services to consumers; or

(iii) The availability of arrangements less restrictive to competition that achieve the same benefits.

(3) Conduct authorized by the commission shall be deemed taken pursuant to state statute and in the furtherance of the public purposes of the state of Washington.

(4) With the assistance of the attorney general's office, the commission shall actively supervise any conduct authorized under this section and shall periodically review such conduct to determine whether such conduct should be continued and whether a more competitive alternative is available or practical. If the commission determines that the likely benefits of conduct approved by the commission no longer outweigh the disadvantages attributable to potential reduction in competition, the commission shall order a modification or discontinuance of such conduct and such conduct shall no longer be deemed to be taken pursuant to state statute and in the furtherance of the public purposes of the state of Washington.

(5) The commission may adopt all rules necessary to implement this section.

(6) After consultation with and subject to the approval of the attorney general, the commission shall adopt rules:

(a) Governing conduct among providers, health care facilities, and certified health plans including but not limited to the use of "most favored nation" clauses and exclusive dealing clauses in provider contracts;

(b) Permitting health service providers within the service area of a plan to collectively negotiate terms and conditions of contracts with a certified health plan; and

(c) Governing the merger of health care facilities.

G. THE UNIFORM BENEFITS PACKAGE

NEW SECTION. Sec. 448. UNIFORM BENEFITS PACKAGE DESIGN. (1) The commission shall define the uniform benefits package, which shall include those health services that, consistent with the goals and intent of chapter . . . , Laws of 1993 (this act), are effective and necessary on a societal basis for the maintenance of the health

of citizens of the state, weighed against the need to control state health services expenditures. As the future rate of increase in health services expenditures is controlled, the commission shall consider whether the uniform benefits package should be revised to enhance the services or level of services included in the package.

(2) The schedule of covered health services shall emphasize proven preventive and primary health care and shall include primary and specialty health services; inpatient and outpatient hospital services; prescription drugs and medications; reproductive services; services necessary for maternity and well-child care, including preventive dental services for children; case managed mental health services; short-term skilled nursing facility, home health, and hospice services, subject to preapproval; and other services deemed necessary by the commission. The commission shall determine the specific schedule of health services within the uniform benefits package, including limitations on scope and duration of services. The commission shall consider the recommendations of health services effectiveness panels established pursuant to section 404 of this act in defining the uniform benefits package.

(3) The uniform benefits package shall not limit coverage for preexisting or prior conditions, except that the commission shall establish exclusions for preexisting or prior conditions to the extent necessary to prevent residents from waiting until health services are needed before enrolling in a certified health plan.

(4) The commission shall establish a schedule of enrollee point of service cost-sharing for nonpreventive health services, related to enrollee household income, such that financial considerations are not a barrier to access for low-income persons, but that, for those of means, the uniform benefits package provides for moderate point of service cost-sharing. All point of service cost-sharing and cost control requirements shall apply uniformly to all health care providers providing substantially similar uniform benefits package services. The schedule shall provide for an alternate and lower schedule of cost-sharing applicable to enrollees with household income below the federal poverty level.

(5) The commission shall adopt rules related to coordination of benefits where a resident has duplicate coverage. The rules shall not have the effect of eliminating enrollee premium sharing or point of service cost-sharing. The commission shall endeavor to assure an equitable distribution, among both employers and employees, of the costs of coverage for those households composed of more than one member in the work force.

(6) In determining the uniform benefits package, the commission shall endeavor to seek the opinions of and information from the public. The commission shall consider the results of official public health assessment and policy development activities including recommendations of the department of health in discharging its responsibilities under this section.

(7) The commission shall submit the following to the legislature by December 1, 1994, and annually thereafter: (a) The uniform benefits package and any changes it may wish to make; (b) an independent actuarial analysis of the cost of the proposed package giving consideration to the factors enumerated in section 406(6) of this act; (c) a small business economic impact statement, to be prepared in consultation with the small business advisory committee, describing the economic impact on small business of providing the uniform benefits package to employees and dependents; and (d) if the small business economic impact statement indicates a need for assistance to small businesses, recommended mechanisms to offer such assistance. In developing its recommendations, the commission shall evaluate the potential effectiveness of business and occupation tax credits, a small business assistance fund, and any other mechanism deemed appropriate by the commission.

NEW SECTION. Sec. 449. SUPPLEMENTAL BENEFIT PACKAGES DESIGN. The commission shall define several supplemental benefits packages, which shall include those health services that, consistent with the goals and intent of chapter . . . , Laws of 1993 (this act), are desirable to expand the available health services defined in the uniform benefits package. Such supplemental benefit packages must be offered only by certified health plans and must be designed in conformance with the procedures and requirements for the design of the uniform benefits package under section 448 of this act.

(1) Such packages may not combine medical and dental services together, but the commission may design complementary packages that include each kind of service and that may be offered together by a certified health plan. A certified health plan that offers a supplemental benefits package containing only dental services is subject to section 427 of this act only in the sale of such package to the Washington state health care authority.

(2) In designing such supplemental benefits packages, the commission shall consider the approach taken by congress and federal agencies in regulating the offering and design of medicare supplemental health insurance policies and the commission shall develop a regulatory method to ensure that pricing of such supplemental benefits packages is consistent with the maximum premium requirements for the uniform benefits package under section 406(6) of this act.

NEW SECTION. Sec. 450. The legislature may disapprove of the packages developed under sections 448 and 449 of this act and medical risk adjustment mechanisms developed under section 406(8) of this act by an act of law at any time prior to the thirtieth day of the following regular legislative session. If such disapproval action is taken, the commission shall resubmit modified packages to the legislature within fifteen days of the disapproval. If the legislature does not disapprove the packages or modify them by an act of law by the end of that regular session, they are deemed approved.

NEW SECTION. Sec. 451. LONG-TERM CARE INTEGRATION PLAN. (1) To meet the health needs of the residents of Washington state, it is critical to finance and provide long-term care and support services through an integrated, comprehensive system that promotes human dignity and recognizes the individuality of all functionally disabled persons. This system shall be available, accessible, and responsive to all residents based upon an assessment of their functional disabilities. The governor and the legislature recognize that families, volunteers, and community organizations are essential for the delivery of effective and efficient long-term care and support services, and that this private and public service infrastructure should be supported and strengthened. Further, it is important to provide benefits without requiring family or program beneficiary impoverishment for service eligibility.

(2) To realize the need for a strong long-term care system and to carry out the November 30, 1992, final recommendations of the Washington health care commission related to long-term care, the commission shall:

(a) Engage in a planning process, in conjunction with an advisory committee appointed for this purpose, for the inclusion of long-term care services in the uniform benefits package established under section 448 of this act as soon as practicable, but not later than July 1998;

(b) Include in its planning process consideration of the scope of services to be covered, the cost of and financing of such coverage, and the means through which existing long-term care programs and delivery systems can be coordinated and integrated.

(3) The commission shall submit recommendations concerning any necessary statutory changes or modifications of public policy to the governor and the legislature by January 1, 1995.

(4) The departments of health, retirement systems, revenue, social and health services, and veterans' affairs, the offices of financial management, insurance commissioner, and state actuary, along with the health care authority, shall participate in the review of the long-term care needs enumerated in this section and provide necessary supporting documentation and staff expertise as requested by the commission.

(5) The commission shall include in its planning process, the development of two social health maintenance organization long-term care pilot projects. The two pilot projects shall be referred to as the Washington life care pilot projects. Each life care pilot program shall be a single-entry system administered by an individual organization that is responsible for bringing together a full range of medical and long-term care services. The commission, in coordination with the appropriate agencies and departments, shall establish a Washington life care benefits package that shall include the uniform benefits package established in chapter . . . , Laws of 1993 (this act) and long-term care services. The Washington life care benefits package shall include, but not be limited to, the following long-term care services: Case management, intake and assessment, nursing home care, adult family home care, home health and home health aide care, hospice, chore services/homemaker/personal care, adult day care, respite care, and appropriate social services. The pilot project shall develop assessment and case management protocol that emphasize home and community-based care long-term care options.

(a) In designing the pilot projects, the commission shall address the following issues: Costs for the long-term care benefits, a projected case-mix based upon disability, the required federal waiver package, reimbursement, capitation methodology, marketing and enrollment, management information systems, identification of the most appropriate case management models, provider contracts, and the preferred organizational design that will serve as a functioning model for efficiently and effectively transitioning long-term care services into the uniform benefits package established in chapter . . . , Laws of 1993 (this act). The commission shall also be responsible for establishing the size of the two membership pools.

(b) Each program shall enroll applicants based on their level of functional disability and personal care needs. The distribution of these functional level categories and ethnicity within the enrolled program population shall be representative of their distribution within the community, using the best available data to estimate the community distributions.

(c) The two sites selected for the Washington life care pilot program shall be drawn from the largest urban areas and include one site in the eastern part of the state and one site in the western part of the state. The two organizations selected to manage and coordinate the life care services shall have the proven ability to provide ambulatory care, personal care/chore services, dental care, case management and referral services, must be accredited and licensed to provide long-term care for home health services, and may be licensed to provide nursing home care.

(d) The report on the development and establishment date of the two social health maintenance organizations shall be submitted to the governor and appropriate committees of the legislature by September 16, 1994. If the necessary federal waivers cannot be secured by January 1, 1995, the commission may elect to not establish the two pilot programs.

NEW SECTION. Sec. 452. SUPPLEMENTAL AND ADDITIONAL BENEFITS NEGOTIATION. (1) Nothing in chapter . . . , Laws of 1993 (this act) shall preclude insurers, health care service contractors, health maintenance organizations, or certified health plans from insuring, providing, or contracting for additional benefits not included in the uniform benefits package or in supplemental benefits packages designed by the commission.

(2) Nothing in chapter . . . , Laws of 1993 (this act) shall restrict the right of an employer to offer, an employee representative to negotiate for, or an individual to purchase supplemental or additional benefits not included in the uniform benefits package.

(3) Nothing in chapter . . . , Laws of 1993 (this act) shall restrict the right of an employer to offer or an employee representative to negotiate for payment of up to one hundred percent of the premium of the lowest priced uniform benefits package available in the geographic area where the employer is located.

(4) Pending receipt of necessary federal waivers, nothing in chapter . . . , Laws of 1993 (this act) shall be construed to limit the collective bargaining rights of employee organizations under state or federal law.

NEW SECTION. Sec. 453. CONSCIENCE OR RELIGION. (1) No certified health plan or health care provider may be required by law or contract in any circumstances to participate in the provision of any uniform benefit if they object to so doing for reason of conscience or religion. No person may be discriminated against in employment or professional privileges because of such objection.

(2) The provisions of this section are not intended to result in an enrollee being denied timely access to any service included in the uniform benefits package. Each certified health plan shall:

(a) Provide written notice to certified health plan enrollees, upon enrollment with the plan and upon enrollee request thereafter, listing, by provider, services that any provider refuses to perform for reason of conscience or religion;

(b) Develop written information describing how an enrollee may directly access, in an expeditious manner, services that a provider refuses to perform; and

(c) Ensure that enrollees refused services under this section have prompt access to the information developed pursuant to (b) of this subsection.

H. STATE RESIDENT AND EMPLOYER PARTICIPATION

NEW SECTION. Sec. 454. INDIVIDUAL PARTICIPATION. (1) All residents of the state of Washington are required to purchase a uniform benefits package from a certified health plan no later than July 1, 1998. This participation requirement may be waived if imposition of the requirement would constitute a violation of the freedom of religion provisions set forth in the First Amendment, United States Constitution and Article I, section 11 of the state Constitution. Residents of the state of Washington who work in another state for an out-of-state employer shall be deemed to have satisfied the requirements of this section if they receive health insurance coverage through such employer.

(2) The commission shall monitor the enrollment of individuals into certified health plans and shall make public periodic reports concerning the number of persons enrolled and not enrolled, the reasons why individuals are not enrolled, recommendations to reduce the number of persons not enrolled, and recommendations regarding enforcement of this provision.

NEW SECTION. Sec. 455. EMPLOYER PARTICIPATION. (1) The legislature recognizes that small businesses play an essential and increasingly important role in the state's economy. The legislature further recognizes that many of the state's small business owners provide health insurance to their employees through small group policies at a cost that directly affects their profitability. Other small business owners are prevented from providing health benefits to their employees by the lack of access to affordable health insurance coverage. The legislature intends that the provisions of chapter . . . , Laws of 1993 (this act) make health insurance more available and affordable to small businesses in Washington state through strong cost control mechanisms and the option to purchase health benefits through the basic health plan, the Washington state group purchasing association, and health insurance purchasing cooperatives.

(2) In defining the level of mandated employer participation under this section, the commission shall consider the impact of such participation on the financial well-being of the state's employers. In its deliberations, the commission shall evaluate the following:

(a) Whether employers' premium payments should be related to the number of qualified employees the business employs;

(b) Whether different levels of employer premium payments should be applied to employees and dependents;

(c) The profitability of small businesses in Washington state; and

(d) Any other factors deemed necessary by the commission.

(3) On July 1, 1995, every employer employing more than five hundred qualified employees shall:

(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, to all qualified employees. The employer shall be required to pay no less than fifty percent and no more than ninety-five percent of the premium cost of the lowest cost available package within their geographic region as determined by the commission. On July 1, 1996, all dependents of qualified employees of these firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent and no more than ninety-five percent of the premium of the lowest cost package within their geographic region as determined by the commission.

(b) For employees who work less than thirty hours during a week or one hundred twenty hours during a calendar month, and their dependents, pay the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.

(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

(4) By July 1, 1996, every employer employing more than one hundred qualified employees shall:

(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, to all qualified employees. The employer shall be required to pay no less than fifty percent and no more than ninety-five percent of the premium cost of the lowest cost available package as determined by the commission. On July 1, 1997, all dependents of qualified employees in these firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent and no more than ninety-five percent of the premium of the lowest cost package within their geographic area as determined by the commission.

(b) For employees who work less than thirty hours during a week or one hundred twenty hours during a calendar month, and their dependents, pay the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.

(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

(5) By July 1, 1997, every employer shall:

(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, to all qualified employees. The employer shall be required to pay no less than fifty percent and no more than ninety-five percent of the premium cost of the lowest cost available package as determined by the commission. On July 1, 1998, all dependents of qualified employees in all firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent and no more than ninety-five percent of the premium of the lowest cost package within their geographic area as determined by the commission.

(b) For employees who work less than thirty hours during a week or one hundred twenty hours during a calendar month, and their dependents, pay the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.

(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

(6) This employer participation requirement may be waived if imposition of the requirement would constitute a violation of the freedom of religion provisions of the First Amendment of the United States Constitution and Article I, section 11, of the state Constitution. In such case the employer shall, pursuant to commission rules, set aside an amount equal to the applicable employer contribution level in a manner that would permit his or her employee to fully comply with the requirements of this chapter.

(7) In lieu of offering the uniform benefits package to employees and their dependents through direct contracts with certified health plans, an employer may combine the employer contribution with that of the employee's contribution and enroll in the basic health plan as provided in chapter 70.47 RCW or a health insurance purchasing cooperative established under sections 426 and 427 of this act.

(8) The commission shall submit its employer contribution levels and any changes it may wish to make to the legislature by December 1, 1994, and annually thereafter.

NEW SECTION. Sec. 456. LEGISLATIVE DISAPPROVAL OF EMPLOYER PARTICIPATION LEVELS.

The legislature may disapprove of the levels under section 455 of this act by an act of law at any time prior to the thirtieth day of the following regular legislative session. If such disapproval action is taken, the commission shall resubmit regular modified employer contribution levels to the legislature within fifteen days of the disapproval. If the legislature does not disapprove the levels or modify them by an act of law by the end of that regular session they shall be deemed approved.

NEW SECTION. Sec. 457. SMALL FIRM FINANCIAL ASSISTANCE.

(1) Beginning July 1, 1997, firms with fewer than twenty-five workers that face barriers to providing health insurance for their employees may, upon application, be eligible to receive financial assistance with funds set aside from the health services account. Firms with the following characteristics shall be given preference in the distribution of funds: (1) New firms, (2) employers with low average wages, (3) employers with low profits, and (4) firms in economically distressed areas.

(2) All employers in existence on or before July 1, 1997, who meet the criteria set forth in this section, and rules adopted under this section, may apply to the health services commission for assistance. Such employers may not receive premium assistance beyond July 1, 2001. New employers, who come into existence after July 1, 1997, may apply for and receive premium assistance for a limited period of time, as determined by the commission.

(3) The total funds available for small business assistance shall not exceed one hundred million dollars for the biennium beginning July 1, 1997. Thereafter, the amount of total funds available for premium assistance shall be determined by the office of financial management, based on a forecast of inflation, employment, and the number of eligible firms.

(4) By July 1, 1997, the health services commission, with assistance from the small business advisory committee established in section 404 of this act, shall develop specific definitions, rules, and procedures governing all aspects of the small business assistance program, including application procedures, thresholds regarding firm size, wages, profits, and age of firm, and rules governing duration of assistance.

(5) Final determination of the amount of the premium assistance to be dispensed to an employer shall be made by the commission based on rules, definitions, and procedures developed under this section. If total claims for assistance are above the amount of total funds available for such purposes, the commission shall have the authority to prorate employer claims so that the amount of available funds is not exceeded.

(6) The office of financial management, in consultation with the commission, shall establish appropriate criteria for monitoring and evaluating the economic and labor market impacts of the premium assistance program and report its findings to the commission annually through July 1, 2001.

I. PUBLIC HEALTH SERVICES IMPROVEMENT PLAN

NEW SECTION. Sec. 458. A new section is added to chapter 43.70 RCW to read as follows:

PUBLIC HEALTH SERVICES IMPROVEMENT PLAN. (1) The legislature finds that the public health functions of community assessment, policy development, and assurance of service delivery are essential elements in achieving the objectives of health reform in Washington state. The legislature further finds that the population-based services provided by state and local health departments are cost-effective and are a critical strategy for the long-term containment of health care costs. The legislature further finds that the public health system in the state lacks the capacity to fulfill these functions consistent with the needs of a reformed health care system.

(2) The department of health shall develop, in consultation with local health departments and districts, the state board of health, the health services commission, area Indian health service, and other state agencies, health services providers, and citizens concerned about public health, a public health services improvement plan. The plan should provide a detailed accounting of deficits in the core functions of assessment, policy development, assurance of the current public health system, how additional public health funding would be used, and describe the benefits expected from expanded expenditures.

(3) The plan shall include:

(i) Enumeration of communities not meeting those standards;

(ii) A budget and staffing plan for bringing all communities up to minimum standards;

(iii) An analysis of the costs and benefits expected from adopting minimum public health standards for assessment, policy development, and assurances;

(b) Recommended strategies and a schedule for improving public health programs throughout the state, including:

(i) Strategies for transferring personal health care services from the public health system, into the uniform benefits package where feasible; and

(ii) Timing of increased funding for public health services linked to specific objectives for improving public health; and

(c) A recommended level of dedicated funding for public health services to be expressed in terms of a percentage of total health service expenditures in the state or a set per person amount; such recommendation shall also include methods to ensure that such funding does not supplant existing federal, state, and local funds received by local health departments, and methods of distributing funds among local health departments.

(4) The department shall coordinate this planning process with the study activities required in section 255 of this act.

(5) By March 1, 1994, the department shall provide initial recommendations of the public health services improvement plan to the legislature regarding minimum public health standards, and public health programs needed to address urgent needs, such as those cited in subsection (7) of this section.

(6) By December 1, 1994, the department shall present the public health services improvement plan to the legislature, with specific recommendations for each element of the plan to be implemented over the period from 1995 through 1997.

(7) Thereafter, the department shall update the public health services improvement plan for presentation to the legislature prior to the beginning of a new biennium.

(8) Among the specific population-based public health activities to be considered in the public health services improvement plan are: Health data assessment and chronic and infectious disease surveillance; rapid response to outbreaks of communicable disease; efforts to prevent and control specific communicable diseases, such as tuberculosis and acquired immune deficiency syndrome; health education to promote healthy behaviors and to reduce the prevalence of chronic disease, such as those linked to the use of tobacco; access to primary care in coordination with existing community and migrant health clinics and other not for profit health care organizations; programs to ensure children are born as healthy as possible and they receive immunizations and adequate nutrition; efforts to prevent intentional and unintentional injury; programs to ensure the safety of drinking water and food supplies; poison control; trauma services; and other activities that have the potential to improve the health of the population or special populations and reduce the need for or cost of health services.

NEW SECTION. Sec. 459. A new section is added to chapter 70.170 RCW to read as follows:

AMERICAN INDIAN HEALTH CARE DELIVERY ELEMENT. Consistent with funds appropriated specifically for this purpose, the department shall establish in conjunction with the area Indian health services system and providers an advisory group comprised of Indian and non-Indian health care facilities and providers to formulate an American Indian health care delivery element for the public health services improvement plan. The element shall include:

- (1) Recommendations to providers and facilities methods for coordinating and joint venturing with the Indian health services for service delivery;
- (2) Methods to improve American Indian-specific health programming; and
- (3) Creation of co-funding recommendations and opportunities for the unmet health services programming needs of American Indians.

(2) The legislative budget committee shall evaluate the implementation of the provisions of chapter . . . , Laws of 1993 (this act). The study shall determine to what extent chapter . . . , Laws of 1993 (this act) has been implemented consistent with the principles and elements set forth in chapter . . . , Laws of 1993 (this act) and shall report its findings to the governor and appropriate committees of the legislature by July 1, 2003.

NEW SECTION. Sec. 467. FINANCIAL AND ACCOUNTING STRUCTURE OF STATE PURCHASED HEALTH CARE. The commission, the office of financial management, and the legislative evaluation and accountability program committee shall jointly review the financial and accounting structure of all current state-purchased health care programs and any new programs established in chapter . . . , Laws of 1993 (this act). They

shall report to the legislature on or before December 1, 1994, with recommendations on how to structure a state-purchased health services budget that: (1) Meets federal and state audit requirements; (2) exercises adequate fiscal and programmatic control; (3) provides management and organizational accountability and control; and (4) provides continuity with historical health services expenditure data.

NEW SECTION. Sec. 468. EVALUATION OF REFORM EFFORT. The office of financial management may undertake or facilitate evaluations of health care reform, including analysis of fiscal and economic impacts, the effectiveness of managed care and managed competition, and effects of reform on access and quality of service.

NEW SECTION. Sec. 469. COORDINATION OF CERTIFIED HEALTH PLANS AND OTHER INSURANCE. (1) On or before December 1, 1994, the legislative budget committee, whether directly or by contract, shall conduct a study related to coordination of certified health plans and other property and casualty insurance products. The goal of the study shall be to determine methods for containing costs of health services paid for through coverage underwritten by property and casualty insurers.

(2) The study shall address methods to integrate coverage sold by property and casualty insurance companies that covers medical and hospital expenses with coverage provided through certified health plans. In conducting the study, the legislative budget committee shall evaluate at least the following options:

(a) Requiring all property and casualty insurance coverage of health services to be provided through managed care systems rather than through fee for service or indemnification plans;

(b) Prohibiting certified health plans from recovering from property and casualty insurance companies amounts that the plan has expended for health services even if coverage for such services is available under property and casualty insurance policies;

(c) Requiring persons injured as a result of an accident, however caused, to obtain health services through a certified health plan, even if coverage for health services is available under a property and casualty insurance policy;

(d) Requiring property and casualty insurance companies to reduce premium rates for all coverage duplicated by a certified health plan to the extent that a certified health plan is denied subrogation rights against the property and casualty insurer;

(e) Prohibiting litigation by any person to recover amounts paid for health services available under a certified health plan, except in limited circumstances such as product liability or other areas of negligence where the negligent party would benefit from such a system without contributing to the costs of providing coverage under certified health plans; and

(f) Limiting property and casualty insurance companies' sale of coverage that would duplicate coverage provided by certified health plans.

NEW SECTION. Sec. 470. A new section is added to chapter 70.170 RCW to read as follows:
HOSPITAL REGULATION STUDY. The department, through a competitive bidding process restricted to those with suitable expertise to conduct such a study, shall contract for an examination of local, state, and federal regulations that apply to hospitals and shall report to the health care policy committees of the legislature by July 1, 1994, on the following:

(1) An inventory of health and safety regulations that apply to hospitals;

(2) A description of the costs to local, state, and federal agencies for operating the regulatory programs;

(3) An estimate of the costs to hospitals to comply with the regulations;

(4) A description of whether regulatory functions are duplicated among different regulatory programs;

(5) An analysis of the effectiveness of regulatory programs in meeting their safety and health objectives;

(6) An analysis of hospital charity care requirements under RCW 70.170.060 and their relevance under the health care reforms created under chapter . . . , Laws of 1993 (this act);

(7) Recommendations on elimination or consolidation of unnecessary or duplicative regulatory activities that would not result in a reduction in the health and safety objectives.

NEW SECTION. Sec. 471. NURSING HOME DOCUMENTATION STUDY. The department of social and health services aging and adult services administration shall, to the extent that resources are available, review all federal and state laws, and departmental rules that require health care providers in nursing homes to submit documentation. The departmental review shall be conducted to determine what documentation or protocols are redundant and can be modified or eliminated without jeopardizing the health and safety of residents or violating federal regulations. The review shall result in an itemized evaluation of the number of forms requiring physician's review and signature together with a citation of their origin. In addition, the department shall review and suggest efficiencies that could be realized through the development of standardized physicians' protocols for repetitive but nonlifethreatening conditions, such as but not limited to, skin tears, early stage decubiti, bowel and bladder care, and other common and predictable nursing home patient conditions. Whenever possible, source documentation should be enabled to allow multiple attestations to be consolidated into a single document. The department shall conduct this review in coordination with different nursing home care constituent groups and professions, including but not

limited to, a gerontologist to be selected by the Washington state medical association and the Washington osteopathic medical association, a nurse to be selected by the Washington state nurses association, one representative from each of the two largest nursing home associations, and a representative of a nursing home residency advocacy group to be selected by the department. The department shall make appropriate regulatory changes, or recommend appropriate regulatory changes to the appropriate regulatory agency, resulting from this review and report its actions and any statutory changes needed to further the goal of regulatory simplification to the chair of the house of representatives health care committee and the chair of the senate health and human services committee by December 12, 1994.

NEW SECTION. Sec. 472. CERTIFIED HEALTH PLAN LICENSING STUDY. The insurance commissioner shall undertake a study of the feasibility and benefits of developing a single licensing category for certified health plans that would replace current statutes licensing disability insurers, health care service contractors, and health maintenance organizations. The commissioner shall report his or her findings and recommendations to the legislature by January 1, 1994. In conducting such study, the commissioner shall:

- (1) Consider standards for the regulation and inclusion of preferred provider organizations, independent practice associations, and independent physician organizations under such new certified health plan statute;
- (2) Review existing capital and reserve statutes governing insurers, contractors, and health maintenance organizations to determine the appropriate level of capital and reserve for licensing of certified health plans to protect consumers while encouraging competition in the certified health plan market from new entrants into the market;
- (3) Review existing rate regulation of disability insurance policies, health care service contracts, and health maintenance agreements and propose a uniform approach for regulation of rates that balances the need of certified health plans to freely compete and the need to protect consumers from inadequate, excessive, or unfairly discriminatory rates;
- (4) Consider regulatory methods to ensure the adequate provision of and contracting with health care facilities and providers by certified health plans to meet the health care needs of enrollees of certified health plans;
- (5) Consider the need to modify existing insurance statutes and regulations to govern the integration, development, and marketing of health care coverage that would supplement the uniform benefits package; and
- (6) Consult with health care service contractors, health maintenance organizations, disability insurance companies, and other health care service providers who would be affected by such changes.

NEW SECTION. Sec. 473. CRIME VICTIMS' COMPENSATION MEDICAL BENEFITS. (1) On or before January 1, 1995, the department of labor and industries in coordination with the commission, shall complete a study related to the medical services component of the crime victims' compensation program of the department of labor and industries. The goal of the study shall be to determine whether and how the medical services component of the crime victims' compensation program can be modified to provide appropriate medical services to crime victims in a more cost-effective manner. In conducting the study, consideration shall be given to at least the following factors: Required benefit design, necessary statutory changes, and the use of managed care to provide services to crime victims. The study shall evaluate at least the following options:

- (a) Whether the medical services component of the crime victims' compensation program should be maintained within the department of labor and industries, and its purchasing and other practices modified to control costs and increase efficacy of health services provided to crime victims;
 - (b) Whether the medical services component of the crime victims' compensation program should be administered by the health care authority as the state health care purchasing agent;
 - (c) Whether the medical services component of the crime victims' compensation program should be included in the services offered by certified health plans.
- (2) The department of labor and industries shall present the recommendations to the governor and the appropriate committees of the legislature by January 1, 1995.

L. WORKERS' COMPENSATION

NEW SECTION. Sec. 474. WORKERS' COMPENSATION MEDICAL BENEFITS. (1) An employer who self-insures for employee medical benefits or workers' compensation benefits and who meets the requirements for a certified health plan under section 427 of this act, may apply to the department of labor and industries for an exemption from the requirements of Title 51 RCW regarding the medical portion of the workers' compensation program.

- (2) The director of the department of labor and industries shall grant such an exemption if he or she finds that (a) the applicant employer has a record of no less than two years of compliance with the requirements to be a certified health plan, (b) the uniform benefit package provided by the certified health plan that would assume workers' compensation responsibilities include medically necessary services available under the workers' compensation program in 1992, including payments for disability determinations, (c) the state has achieved access by no less than ninety-seven percent of all state residents to coverage for the uniform benefit package, (d) there is no reasonable

expectation that granting such an exemption will result in a reduction in needed time loss awards or rehabilitative services, (e) the employees' share of workers' compensation medical aid fund contributions are returned to the employee as increased wages, and (f) a majority of employees in the employer's company do not object to the exemption.

(3) If, after periodic review of exemptions granted under this section, the director of labor and industries finds that the conditions in subsection (2) of this section are not present, he or she may withdraw the exemption and immediately require the employer to reestablish a separate workers' compensation medical aid fund program.

(4) In consultation with representatives of organized labor and the large and small business communities of the state, and consistent with chapter . . . , Laws of 1993 (this act), the statutory workers' compensation advisory committee and the department of labor and industries shall propose a plan and timeline for including the medical services of the workers' compensation program of the department of labor and industries in the services offered by certified health plans. No plan or timeline may take effect until at least ninety-seven percent of state residents have access to the uniform benefit package as required in chapter . . . , Laws of 1993 (this act). No plan or timeline may be proposed that does not assure that (a) the uniform benefit package provides benefits which are medically necessary under the workers' compensation program in 1993, including payment for medical determinations of disability under chapter RCW, (b) statutory assurances are provided that time loss benefits and rehabilitative services will not be reduced as a result of the transfer, (c) employers who self-fund for health insurance or workers' compensation and who do not choose to become certified health plans under chapter . . . , Laws of 1993 (this act), will continue to be required to provide workers' compensation benefits as required under 1993 law, (d) the employees' share of the workers' compensation medical aid fund contribution is returned to employees as increased wages, and (e) a majority of employees in the employer's company do not object to the change.

The medical aid fund portion of the workers' compensation program affected by this section shall not be less than the percentage of the medical aid portion of the workers' compensation program in 1992.

To help in developing this plan the department of labor and industries may immediately implement pilot projects to assess the effects of this consolidation on the cost, quality comparability, and employer/employee satisfaction with various consolidation proposals.

The plan and timeline required under this subsection shall be presented to the governor and the appropriate committees of the legislature by January 1, 1995. The timeline shall include full implementation of needed rules by July 1, 1998.

NEW SECTION. Sec. 475. MANAGED CARE PILOT PROJECTS. (1) The department of labor and industries, in consultation with the workers' compensation advisory committee, may implement pilot projects to purchase medical services for injured workers through managed care arrangements. The projects shall assess the effects of managed care on the cost and quality of, and employer and employee satisfaction with, medical services provided to injured workers.

(2) The pilot projects may be limited to specific employers. The implementation of a pilot project shall be conditioned upon a participating employer's and a majority of its employees, or the employees' representative, if a collective bargaining agreement exists, voluntarily agreeing to the terms of the pilot. Both the employer and employees are bound by the project agreements for the duration of the project.

(3) For participating employers and for the purpose of completing these pilot projects, the projects shall be exempt from the requirements of Title 51 RCW that would prohibit implementation of the pilot projects. Such exemption relates solely to the purpose and duration of the study. Managed care arrangements for the pilot projects may include the designation of doctors responsible for the care delivered to injured workers participating in the projects.

(4) The projects shall conclude no later than January 1, 1996. The department shall present the results of the pilot projects and any recommendations related to the projects to the governor and appropriate committees of the legislature on or before October 1, 1996.

POINT OF INQUIRY

Representative Pruitt yielded to a question by Representative Sheldon.

Representative Sheldon: Thank you Mr. Speaker. Major policy change in this bill provides DNR the administrative authority to disapprove forest practice permits for up to one year, if a person has failed to comply with the final order or final decision or has failed to pay civil penalties issued under statutes. Currently the authority to disapprove all subsequent forest practice applications requires court action. Why is this change necessary?

Representative Pruitt: The commissioner of Public Lands, Jennifer Belcher, and DNR officials testified in our committee that this administrative authority was necessary to fully enforce notices to comply with stop work orders and civil penalties issued by the Department. It is targeted at chronic violators, taking an offending party to court takes time, and without this disapproval authority DNR has no choice but to approve subsequent forest practices applications, even if previous violations have not been corrected or civil penalties paid.

Representative Sheldon: Thank you, so this section of Substitute Senate Bill No. 5688 along with increasing the maximum civil penalty from 500 dollars to 10,000 dollars per violation is intended to provide a strong deterrent and enforcement authority, not a separate punitive action against the land owner or operator after they have complied with the final order or final decision, paid the civil penalty or received relief on administrative or judicial appeal.

Representative Pruitt: The authority disapproves subsequent forest practice applications for up to one year, but ends immediately once the applicant is in compliance with the final order or the final decision or pays the civil penalty which was the basis of DNR written notice initiating the disapproval period.

POINT OF INQUIRY

Representative Dyer: Thank you Mr. Speaker. This is the first time, I've hadn't had a chance to review it much. I've to have been concerned about this issue and appreciate the Representative's attempt to fix it. However, I'm confused as to how this would work with relation to the community rated maximum premiums how the commissions direction is going to action of the employer under the employer mandate. Could you explain?

Representative Appelwick: This is going to make premium recommendation, and it's going to make recommendation as to the percentage that the employer will pay under the mandate under the current bill. Basically, we are asking the commission when they are looking at that to consider the differential between the employer premium, if it recommends a separate employee premium and a separate dependent premium or whether they recommend a combined employer-dependent premium, so that they are looking at what a differential might be in those circumstances and trying to be neutral in its effect in employment practices.

Representative Dellwo moved adoption of the following amendment to the committee amendment:

On page 129, line 30, strike Section 429 in its entirety and insert the following:

"NEW SECTION. Sec. 429. CONTRACTS BETWEEN CERTIFIED HEALTH PLANS AND HEALTH CARE PROVIDERS. (1) Balancing the need for health care reform and the need to protect health care providers, as a class and as individual providers, from improper exclusion presents a problem that can be satisfied with the creation of a process to ensure fair consideration of the inclusion of health care providers in managed care systems operated by certified health plans. It is therefore the intent of the legislature that the health services commission in developing rules in accordance with this section and the attorney general in monitoring the level of competition in the various geographic markets, balance the need for cost-effective and quality delivery of health services with the need for inclusion of both individual health care providers and classes of health care providers in managed care programs developed by certified health plans.

(2) All licensed health care providers licensed by the state, irrespective of the type or kind of practice, should be afforded the opportunity for inclusion in certified health plans consistent with the goals of health care reform.

The health services commission shall adopt rules requiring certified health plans to publish general criteria for the plan's selection or termination of health care providers. Such rules shall not require the disclosure of criteria deemed by the plan to be of a proprietary or competitive nature that would hurt the plan's ability to compete or to manage health services. Disclosure of criteria is proprietary or anticompetitive if revealing the criteria would have the tendency to cause health care providers to alter their practice pattern in a manner that would harm efforts to contain health care costs and is proprietary if revealing the criteria would cause the plan's competitors to obtain valuable business information.

If a certified health plan uses unpublished criteria to judge the quality and cost-effectiveness of a health care provider's practice under any specific program within the plan, the plan may not reject or terminate the provider participating in that program based upon such criteria until the provider has been informed of the criteria that his or her practice fails to meet and is given a reasonable opportunity to conform to such criteria.

(3)(a) Whenever a determination is made under subsection (b) that a plan's share of the market reaches a point where the plan's exclusion of health care providers from a program of the plan would result in the substantial inability of providers to continue their practice thereby unreasonably restricting consumer access to needed health services or whenever a certified health plan is the only plan within the relevant market, the certified health plan must allow all providers within the affected market to participate in the programs of the certified health plan. All such providers must meet the published criteria and requirements of the programs.

(b) The attorney general with the assistance of the insurance commissioner shall periodically analyze the market power of certified health plans to determine when the market share of any program of a certified health plan reaches a point where the plan's exclusion of health service providers from a program of the plan would result in the substantial inability of providers to continue their practice thereby unreasonably restricting consumer access to needed health services. In analyzing the market power of a certified health plan, the attorney general shall consider:

- (i) The ease with which providers may obtain contracts with other plans;
- (ii) The amount of the private pay and government employer business that is controlled by the certified health plan taking into account the selling of its provider network to self-insured employer plans;
- (iii) The difficulty in establishing new competing plans in the relevant geographic market; and
- (iv) The sufficiency of the number or type of providers under contract with the plan available to meet the needs of plan enrollees.

Notwithstanding the provisions of this subsection, if the certified health plan demonstrates to the satisfaction of the attorney general that health service utilization data and similar information shows that the inclusion of additional health service providers would substantially lessen the plan's ability to control health care costs and that the plan's

procedures for selection of providers are not improperly exclusive of providers, the plan need not include additional providers within the plan's program.

(4) The health services commission shall adopt rules for the resolution of disputes between providers and certified health plans including disputes regarding the decision of a plan not to include the services of a provider.

(5) Nothing contained in this section shall be construed to require a plan to allow or continue the participation of a provider if the plan is a federally qualified health maintenance organization and the participation of the provider or providers would prevent the health maintenance organization from operating as a health maintenance organization in accordance with 42 U.S.C Sec. 300e."

Representatives Dellwo and Dyer spoke in favor of adoption of the amendment and it was adopted.

Representative Dellwo moved adoption of the following amendment to the committee amendment:

Beginning on page 142, line 6, strike sections 446 and 447 in their entirety and insert the following:

"NEW SECTION. Sec. 446. MANAGED COMPETITION FINDINGS AND INTENT. (1) The legislature recognizes that competition among health care providers, facilities, payers, and purchasers will yield the best allocation of health care resources, the lowest prices for health care, and the highest quality of health care when there exists a large number of buyers and sellers, easily comparable health care plans and services, minimal barriers to entry and exit into the health care market, and adequate information for buyers and sellers to base purchasing and production decisions. However, the legislature finds that purchasers of health care services and health care coverage do not have adequate information upon which to base purchasing decisions; that health care facilities and providers of health care services face legal and market disincentives to develop economies of scale or to provide the most cost-efficient and efficacious service; that health insurers, contractors, and health maintenance organizations face market disincentives in providing health care coverage to those Washington residents with the most need for health care coverage; and that potential competitors in the provision of health care coverage bear unequal burdens in entering the market for health care coverage.

(2) The legislature therefore intends to exempt from state anti-trust laws, and to provide immunity from federal anti-trust laws through the state action doctrine for activities approved under this chapter which might otherwise be constrained by such laws and intends to displace competition in the health care market: to contain the aggregate cost of health care services; to promote the development of comprehensive, integrated, and cost-effective health care delivery systems through cooperative activities among health care providers and facilities; to promote comparability of health care coverage; to improve the cost-effectiveness in providing health care coverage relative to health promotion, disease prevention, and the amelioration or cure of illness; to assure universal access to a publicly determined, uniform package of health care benefits; and to create reasonable equity in the distribution of funds, treatment, and medical risk among purchasers of health care coverage, payers of health care services, providers of health care services, health care facilities, and Washington residents. To these ends, any lawful action taken pursuant to chapter . . . , Laws of 1993 (this act) by any person or entity created or regulated by chapter . . . , Laws of 1993 (this act) are declared to be taken pursuant to state statute and in furtherance of the public purposes of the state of Washington.

(3) The legislature does not intend and unless explicitly permitted in accordance section 447 of this act or under rules adopted pursuant to chapter . . . , Laws of 1993 (this act), does not authorize any person or entity to engage in activities or to conspire to engage in activities that would constitute per se violations of state and federal anti-trust laws including but not limited to conspiracies or agreements:

(a) Among competing health care providers not to grant discounts, not to provide services, or to fix the price of their services;

(b) Among certified health plans as to the price or level of reimbursement for health care services;

(c) Among certified health plans to boycott a group or class of health care service providers;

(d) Among purchasers of certified health plan coverage to boycott a particular plan or class of plans;

(e) Among certified health plans to divide the market for health care coverage; or

(f) Among certified health plans and purchasers to attract or discourage enrollment of any Washington resident or groups of residents in a certified health plan based upon the perceived or actual risk of loss in including such resident or group of residents in a certified health plan or purchasing group.

NEW SECTION. Sec. 447. COMPETITIVE OVERSIGHT AND ANTI-TRUST IMMUNITY. (1) A certified health plan, health care facility, health care provider, or other person involved in the development, delivery, or marketing of health care or certified health plans may request, in writing, that the attorney general issue an informal opinion as to whether particular conduct is authorized by chapter . . . , Laws of 1993 (this act). The attorney general shall issue such opinion within thirty days of receipt of a written request for an opinion or within thirty days of receipt of any additional information requested by the attorney general necessary for rendering an opinion. If the attorney general concludes that such conduct is not authorized by chapter . . . , Laws of 1993 (this act), the person or

organization making the request may petition the commission for review and approval of such conduct in accordance with subsection (3) of this section.

(2) With the approval of the attorney general, the health services commission:

(a) May authorize conduct by a certified health plan, health care facility, health care provider, or any other person that could tend to lessen competition in the relevant market upon a strong showing that the conduct is likely to achieve the policy goals of chapter . . . , Laws of 1993 (this act) and a more competitive alternative is impractical;

(b) Shall adopt rules governing conduct among providers, health care facilities, and certified health plans including rules governing provider and facility contracts with certified health plans, rules governing the use of "most favored nation" clauses and exclusive dealing clauses in such contracts, and rules providing that certified health plans in rural areas contract with a sufficient number and type of health care providers and facilities to ensure consumer access to local health care services;

(c) Shall adopt rules permitting health care providers within the service area of a plan to collectively negotiate the terms and conditions of contracts with a certified health plan including the ability of providers to meet and communicate for the purposes of these negotiations; and

(d) Shall adopt rules governing cooperative activities among health care facilities and providers.

(3) A certified health plan, health care facility, health care provider, or any other person involved in the development, delivery, and marketing of health services or certified health plans may file a written petition with the commission requesting approval of conduct that could tend to lessen competition in the relevant market. Such petition shall be filed in a form and manner prescribed by rule of the commission.

The commission shall issue a written decision approving or denying a petition filed under this section within ninety days of receipt of a properly completed written petition. The decision shall set forth findings as to benefits and disadvantages and conclusions as to whether the benefits outweigh the disadvantages.

(4) In authorizing conduct and adopting rules of conduct under this section, the commission with the advice of the attorney general, shall consider the benefits of such conduct in furthering the goals of health care reform including but not limited to:

(a) Enhancement of the quality of health services to consumers,

(b) Gains in cost efficiency of health services,

(c) Improvements in utilization of health services and equipment,

(d) Avoidance of duplication of health services resources; or

(e) And as to subsections (2)(b) and (c), (i) facilitates the exchange of information relating to performance expectations; (ii) simplifies the negotiation of delivery arrangements and relationships, and (iii) reduces the transactions costs on the part of certified health plans and providers in negotiating more cost effective delivery arrangements.

These benefits must outweigh disadvantages including and not limited to:

(i) Reduced competition among certified health plans, health care providers, or health care facilities,

(ii) Adverse impact on quality, availability or price of health care services to consumers, or

(iii) The availability of arrangements less restrictive to competition that achieve the same benefits.

(5) Conduct authorized by the commission shall be deemed taken pursuant to state statute and in the furtherance of the public purposes of the state of Washington.

(6) With the assistance of the attorney general's office, the commission shall actively supervise any conduct authorized under this section to determine whether such conduct or rules permitting certain conduct should be continued and whether a more competitive alternative is practical. The commission shall periodically review petitioned conduct through at least, annual progress reports from petitioners, annual or more frequent reviews by the commission which evaluate whether the conduct is consistent with the petition and whether the benefits continue to outweigh any disadvantages. If the commission determines that the likely benefits of any conduct approved through rule, petition, or otherwise by the commission no longer outweigh the disadvantages attributable to potential reduction in competition, the commission shall order a modification or discontinuance of such conduct. Conduct ordered discontinued by the commission shall no longer be deemed to be taken pursuant to state statute and in the furtherance of the public purposes of the state of Washington.

(7) Nothing contained in chapter . . . , Laws of 1993 (this act) is intended to in any way limit the ability of rural hospital districts to enter into cooperative agreements and contracts pursuant to RCW 70.44.450 and chapter 39.34 RCW."

On page 89 of the amendment, after line 18, insert:

"(4) Effective July 1, 1998, an additional tax is imposed upon the sale, use, consumption, handling, possession, or distribution of all cigarettes, in an amount equal to the rate of two and one-half mills per cigarette effective July 1, 1998. Twenty percent of the revenues collected from this additional tax shall be deposited in the general fund and used only for appropriations to the department of health for the purposes of tobacco use prevention and cessation programs. The balance of revenues collected from this additional tax shall be deposited in the health services account created under section 460 of this act."

Representatives Valle and Flemming spoke in favor of adoption of the amendment and Representative Miller spoke against it.

A division was called. The result of the division were 43-YEAS; 55-NAYS. The amendment was not adopted.

Representative Dyer moved adoption of the following amendment to the committee amendment:

Strike everything after the enacting clause and insert the following:

"PART I. FINDINGS, GOALS, AND INTENT

NEW SECTION. Sec. 101. FINDINGS. The legislature finds that our health and financial security are jeopardized by our ever increasing demand for medical care and by current medical insurance and medical system practices. Current medical system practices encourage public demand for unneeded, ineffective, and sometimes dangerous medical treatments. These practices often result in unaffordable cost increases that far exceed ordinary inflation for essential care. Current total medical and health care expenditure rates should be sufficient to provide access to essential health and medical care interventions to all within a reformed, efficient system.

The legislature finds that too many of our state's residents are without medical insurance, that each year many individuals and families are forced into poverty because of serious illness, and that many must leave gainful employment to be eligible for publicly funded medical services. Additionally, thousands of citizens are at risk of losing adequate medical insurance, have had insurance canceled recently, or cannot afford to renew existing coverage.

The legislature finds that businesses find it difficult to pay for medical insurance and remain competitive in a global economy, and that individuals, the poor, and small businesses bear an inequitable medical insurance burden.

The legislature finds that persons of color have significantly higher rates of mortality, poor health outcomes, and substantially lower numbers and percentages of persons covered by health insurance than general population. It is intended that chapter ..., Laws of 1993 (this act) make provisions to address the special health care needs of these racial and ethnic populations in order to improve their health status.

The legislature finds that uncontrolled demand and expenditures for medical care are eroding the ability of families, businesses, communities, and governments to invest in other enterprises that promote health, maintain independence, and ensure continued economic welfare. Housing, nutrition, education, and the environment are all diminished as we invest ever increasing shares of wealth in medical treatments.

The legislature finds that while immediate steps must be taken, a long-term plan of reform is also needed.

NEW SECTION. Sec. 102. LEGISLATIVE INTENT AND GOALS. (1) The legislature intends that state government policy stabilize health services costs, assure access to essential services for all residents, actively address the health care needs of persons of color, improve the public's health, and reduce unwarranted health services costs to preserve the viability of nonmedical care businesses.

(2) The legislature intends that:

- (a) Total health services costs be stabilized and controlled within a managed, competitive marketplace;
- (b) State residents be enrolled in the certified health plan of their choice that meets state standards regarding affordability, accessibility, cost-effectiveness, and comprehensiveness;
- (c) State residents be able to choose health services in a manner consistent with good health service management, quality assurance, and cost effectiveness;
- (d) Individuals and businesses have the option to purchase any health or medical services they may choose in addition to those contained in the uniform benefits package;
- (e) These goals be accomplished within a reformed system using private service providers and facilities in a way that allows consumers to choose among competing plans; and
- (f) That a policy of facilitating communication and networking in the delivery, purchase, and provision of health services among the federal, state, local, and tribal governments be encouraged and accomplished by chapter ..., Laws of 1993 (this act).

(3) Accordingly, the legislature intends that chapter ..., Laws of 1993 (this act) provide both early implementation measures and a process for overall reform of the health services system.

PART II. EARLY IMPLEMENTATION

A. BASIC HEALTH PLAN EXPANSION

Sec. 201. RCW 70.47.010 and 1987 1st ex.s. c 5 s 3 are each amended to read as follows:

BASIC HEALTH PLAN--FINDINGS. (1) The legislature finds that:

- (a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;
- (b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and
- (c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women (~~who are an especially vulnerable population, along with their children~~), and at-risk children and adolescents who need greater access to managed health care.

(2) The purpose of this chapter is to provide or make more readily available necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents (~~(under sixty-five years of age)~~) not (~~(otherwise)~~) eligible for medicare (~~(with gross family income at or below two hundred percent of the federal poverty guidelines)~~) or medical assistance who share in a portion of the cost or who pay the full cost of receiving basic health care services from a managed health care system.

(3) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(4) (~~The program authorized under this chapter is strictly limited in respect to the total number of individuals who may be allowed to participate and the specific areas within the state where it may be established. All such restrictions or limitations shall remain in full force and effect until quantifiable evidence based upon the actual operation of the program, including detailed cost-benefit analysis, has been presented to the legislature and the legislature, by specific act at that time, may then modify such limitations.~~)

(a) It is the purpose of this chapter to acknowledge the initial success of this program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income, uninsured families

are willing to pay for their own health care coverage to the extent of their ability to pay; and (iii) proved that local health care providers are willing to enter into a public-private partnership as a managed care system.

(b) As a consequence, the legislature intends to extend an option to enroll to certain citizens below three hundred percent of the federal poverty guidelines within the state who reside in communities where the plan is operational and who collectively or individually wish to exercise the opportunity to purchase health care coverage through the basic health plan if the purchase is done at no cost to the state. It is also the intent of the legislature to allow employers and other financial sponsors to financially assist such individuals to purchase health care through the program. It is also the intent of the legislature to condition access to this plan for nonsubsidized enrollees upon the prior placement of subsidized enrollees, to the extent funding is available.

(c) The legislature directs that the basic health plan administrator identify enrollees who are likely to be eligible for medical assistance and assist these individuals in applying for and receiving medical assistance. The administrator and the department of social and health services shall implement a seamless system to coordinate eligibility determinations and benefit coverage for enrollees of the basic health plan and medical assistance recipients.

Sec. 202. RCW 70.47.020 and 1987 1st ex.s. c 5 s 4 are each amended to read as follows:

BASIC HEALTH PLAN--DEFINITIONS. As used in this chapter:

(1) "Washington basic health plan" or "plan" means the system of enrollment and payment on a prepaid capitated basis for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

(2) "Administrator" means the Washington basic health plan administrator.

(3) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, on a prepaid capitated basis to a defined patient population enrolled in the plan and in the managed health care system. (4) "Subsidized enrollee" means an individual, or an individual plus the individual's spouse ~~((and/or))~~ or dependent children, ~~((all under the age of sixty-five and))~~ not ~~((otherwise))~~ eligible for medicare or medical assistance, who resides in an area of the state served by a managed health care system participating in the plan, whose gross family income at the time of enrollment does not exceed twice the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan.

(5) "Nonsubsidized enrollee" means an individual, or an individual plus the individual's spouse or dependent children, not eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, who chooses to obtain basic health care coverage from a particular managed health care system and who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

(6) "Subsidy" means the difference between the amount of periodic payment the administrator makes ~~((, from funds appropriated from the basic health plan trust account,))~~ to a managed health care system on behalf of ~~((an))~~ a subsidized enrollee plus the administrative cost to the plan of providing the plan to that subsidized enrollee, and the amount determined to be the subsidized enrollee's responsibility under RCW 70.47.060(2).

~~((6))~~ (7) "Premium" means a periodic payment, based upon gross family income ~~((and determined under RCW 70.47.060(2),))~~ which an ~~((enrollee))~~ individual, their employer or another financial sponsor makes to the plan as consideration for enrollment in the plan as a subsidized enrollee or a nonsubsidized enrollee.

~~((7))~~ (8) "Rate" means the per capita amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of subsidized and nonsubsidized enrollees in the plan and in that system.

Sec. 203. RCW 70.47.030 and 1992 c 232 s 907 are each amended to read as follows:

ACCOUNTS. (1) The basic health plan trust account is hereby established in the state treasury. ~~((All))~~ Any nongeneral fund-state funds collected for this program shall be deposited in the basic health plan trust account and may be expended without further appropriation. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan. ~~((After July 1, 1993, the administrator shall not expend or encumber for an ensuing fiscal period amounts exceeding ninety-five percent of the amount anticipated to be spent for purchased services during the fiscal year.))~~

(2) The basic health plan subscription account is created in the custody of the state treasurer. All receipts from amounts due from or on behalf of nonsubsidized enrollees shall be deposited into the account. Funds in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of nonsubsidized enrollees in the plan and payment of costs of administering the plan. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(3) The administrator shall take every precaution to see that none of the funds in the separate accounts created in this section or that any premiums paid either by subsidized or nonsubsidized enrollees are commingled in any way, except that the administrator may combine funds designated for administration of the plan into a single administrative account.

Sec. 204. RCW 70.47.040 and 1987 1st ex.s. c 5 s 6 are each amended to read as follows:

BASIC HEALTH PLAN--PROGRAM WITHIN STATE HEALTH CARE AUTHORITY. (1) The Washington basic health plan is created as an independent agency of the state. The administrative head and appointing authority of the plan shall be the administrator who shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor. The salary for this office shall be set by the governor pursuant to RCW 43.03.040. The administrator shall appoint a medical director. The ~~((administrator,))~~ medical director~~(;-))~~ and up to five other employees of the plan shall be exempt from the civil service law, chapter 41.06 RCW.

(2) The administrator shall employ such other staff as are necessary to fulfill the responsibilities and duties of the administrator, such staff to be subject to the civil service law, chapter 41.06 RCW. In addition, the administrator may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise. Any such contractor or consultant shall be prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility without specific permission of the plan. The administrator may call upon other agencies of the state to provide available information as necessary to assist the administrator in meeting its responsibilities under this chapter, which information shall be supplied as promptly as circumstances permit.

(3) The administrator may appoint such technical or advisory committees as he or she deems necessary. The administrator shall appoint a standing technical advisory committee that is representative of health care professionals, health care providers, and those directly involved in the purchase, provision, or delivery of health care services, as well as consumers and those knowledgeable of the ethical issues involved with health care public policy. Individuals appointed to any technical or other advisory committee shall serve without compensation for their services as members, but may be reimbursed for their travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(4) The administrator may apply for, receive, and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to health care costs and access to health care.

~~(5) ((In the design, organization, and administration of the plan under this chapter, the administrator shall consider the report of the Washington health care project commission established under chapter 303, Laws of 1986. Nothing in this chapter requires the administrator to follow any specific recommendation contained in that report except as it may also be included in this chapter or other law)) Whenever feasible, the administrator shall reduce the administrative cost of operating the program by adopting joint policies or procedures applicable to both the basic health plan and employee health plans.~~

Sec. 205. RCW 70.47.060 and 1992 c 232 s 908 are each amended to read as follows:

ADMINISTRATOR'S POWERS AND DUTIES. The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care, which subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, ~~((for the period ending June 30, 1993,))~~ with respect to coverage for groups of subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for ~~((prenatal or postnatal))~~ such services ~~((that are provided under the medical assistance program under chapter 74.09 RCW))~~ except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider~~((or except to provide any such services associated with pregnancies diagnosed by the managed care provider before July 1, 1992))~~. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size ~~((as well as))~~ and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the appropriate premium tax as provided by law.

(3) To design and implement a structure of ((nominal)) copayments due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) ((To design and implement, in concert with a sufficient number of potential providers in a discrete area, an enrollee financial participation structure, separate from that otherwise established under this chapter, that has the following characteristics:

(a) Nominal premiums that are based upon ability to pay, but not set at a level that would discourage enrollment;

(b) A modified fee-for-services payment schedule for providers;

(c) Coinsurance rates that are established based on specific service and procedure costs and the enrollee's ability to pay for the care. However, coinsurance rates for families with incomes below one hundred twenty percent of the federal poverty level shall be nominal. No coinsurance shall be required for specific proven prevention programs, such as prenatal care. The coinsurance rate levels shall not have a measurable negative effect upon the enrollee's health status; and

(d) A case management system that fosters a provider-enrollee relationship whereby, in an effort to control cost, maintain or improve the health status of the enrollee, and maximize patient involvement in her or his health care decision-making process, every effort is made by the provider to inform the enrollee of the cost of the specific services and procedures and related health benefits.

The potential financial liability of the plan to any such providers shall not exceed in the aggregate an amount greater than that which might otherwise have been incurred by the plan on the basis of the number of enrollees multiplied by the average of the prepaid capitated rates negotiated with participating managed health care systems under RCW 70.47.100 and reduced by any sums charged enrollees on the basis of the coinsurance rates that are established under this subsection.

(5)) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

((In the selection of any area of the state for the initial operation of the plan, the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.

Before July 1, 1988, the administrator shall endeavor to secure participation contracts with managed health care systems in discrete geographic areas within at least five congressional districts.))

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medicaid, may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and at least ((annually)) semiannually thereafter, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. ((An enrollee who remains current in payment of the sliding scale premium, as determined under subsection (2) of this section, and whose gross family income has risen above twice the federal poverty level, may continue enrollment unless and until the enrollee's gross

family income has remained above twice the poverty level for six consecutive months, by making payment at the unsubsidized rate required for the managed health care system in which he or she may be enrolled.) No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If, as a result of an eligibility review, the administrator determines that a subsidized enrollee's income exceeds twice the federal poverty level and that the enrollee knowingly failed to inform the plan of such increase in income, the administrator may bill the enrollee for the subsidy paid on the enrollee's behalf during the period of time that the enrollee's income exceeded twice the federal poverty level. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to re-enroll in the plan.

(10) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(11) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the ~~((administrator))~~ plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

~~((12))~~ ~~((To monitor the access that state residents have to adequate and necessary health care services, determine the extent of any unmet needs for such services or lack of access that may exist from time to time, and make such reports and recommendations to the legislature as the administrator deems appropriate.~~

~~((13))~~ To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

~~((14))~~ ~~((13))~~ To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

~~((15))~~ ~~To provide, consistent with available resources, technical assistance for rural health activities that endeavor to develop needed health care services in rural parts of the state)~~ (14) To endeavor to expand enrollment as much as possible to correspond to the proportion of persons of color in the community served using the best available data that estimates representation of persons of color and describe these efforts in its annual report.

Sec. 206. RCW 70.47.080 and 1987 1st ex.s. c 5 s 10 are each amended to read as follows:

ENROLLMENT. On and after July 1, 1988, the administrator shall accept for enrollment applicants eligible to receive covered basic health care services from the respective managed health care systems which are then participating in the plan. ~~((The administrator shall not allow the total enrollment of those eligible for subsidies to exceed thirty thousand.))~~

Thereafter, total ~~((enrollment shall not exceed the number established by the legislature in any act appropriating funds to the plan.~~

~~Before July 1, 1988, the administrator shall endeavor to secure participation contracts from managed health care systems in discrete geographic areas within at least five congressional districts of the state and in such manner as to allow residents of both urban and rural areas access to enrollment in the plan. The administrator shall make a special effort to secure agreements with health care providers in one such area that meets the requirements set forth in RCW 70.47.060(4))~~ subsidized enrollment shall not result in expenditures that exceed the total amount that has been made available by the legislature in any act appropriating funds to the plan. To the extent that new funding is appropriated for expansion, the administrator shall endeavor to secure participation contracts from managed health care systems in geographic areas of the state that are unserved by the plan at the time at which the new funding is appropriated.

The administrator shall at all times closely monitor growth patterns of enrollment so as not to exceed that consistent with the orderly development of the plan as a whole, in any area of the state or in any participating managed health care system. The annual or biennial enrollment limitations derived from operation of the plan under this section do not apply to nonsubsidized enrollees as defined in RCW 70.47.020(5).

B. EXPANDED MANAGED CARE FOR STATE EMPLOYEES

Sec. 207. RCW 41.05.011 and 1990 c 222 s 2 are each amended to read as follows:

D. DATA COLLECTION

Sec. 209. RCW 70.170.100 and 1990 c 269 s 12 are each amended to read as follows:

(1) To promote the public interest consistent with the purposes of chapter . . . Laws of 1993 (this act), the department is responsible for the development, implementation, and custody of a state-wide ((hospital)) health care data system, with policy direction and oversight to be provided by the Washington health services commission. As part of the design stage for development of the system, the department shall undertake a needs assessment of the types of, and format for, ((hospital)) health care data needed by consumers, purchasers, health care payers, ((hospitals)) providers, and state government as consistent with the intent of chapter . . . Laws of 1993 (this act) ((chapter)). The department shall identify a set of ((hospital)) health care data elements and report specifications which satisfy these needs. The ((council)) Washington health services commission, created by section 301 of this act, shall review the design of the data system and ((may direct the department to)) establish a technical advisory committee on health data. The department shall contract with a private vendor for assistance in the design of the data system or for any part of the work to be performed under this section. The data elements, specifications, and

other ~~((design))~~ distinguishing features of this data system shall be made available for public review and comment and shall be published, with comments, as the department's first data plan by ~~((January 1, 1990))~~ July 1, 1994.

~~(2) Subsequent to the initial development of the data system as published as the department's first data plan, revisions to the data system shall be considered ((through the department's development of a biennial data plan, as proposed to-)) with the oversight and policy guidance of the Washington health services commission or its technical advisory committee and funded by((;)) the legislature through the biennial appropriations process. ((Costs of data activities outside of these data plans except for special studies shall be funded through legislative appropriations.~~

~~(3))~~ In designing the state-wide ~~((hospital))~~ health care data system and any data plans, the department shall identify ~~((hospital))~~ health care data elements relating to ~~((both hospital finances))~~ health care costs, the quality of health care services, the outcomes of health care services, and ~~((the))~~ use of ~~((services by patients))~~ health care by consumers. Data elements ~~((relating to hospital finances))~~ shall be reported ~~((by hospitals))~~ as the Washington health services commission directs by reporters in conformance with a uniform ~~((system of))~~ reporting ~~((as specified by the department and shall))~~ system established by the department, which shall be adopted by reporters. "Reporter" means an individual or business entity, other than a hospital, required to be registered with the department of revenue for payment of taxes imposed under chapter 82.04 RCW or Title 48 RCW, that is primarily engaged in furnishing or insuring for medical, surgical, and other health services to persons. In the case of hospitals this includes data elements identifying each hospital's revenues, expenses, contractual allowances, charity care, bad debt, other income, total units of inpatient and outpatient services, and other financial information reasonably necessary to fulfill the purposes of chapter . . . , Laws of 1993 (this ((chapter)) act), for hospital activities as a whole and, as feasible and appropriate, for specified classes of hospital purchasers and payers. Data elements relating to use of hospital services by patients shall, at least initially, be the same as those currently compiled by hospitals through inpatient discharge abstracts ((and reported to the Washington state hospital commission)). The commission and the department shall encourage and permit reporting by electronic transmission or hard copy as is practical and economical to reporters.

~~((4))~~ ~~(3)~~ The state-wide ~~((hospital))~~ health care data system shall be uniform in its identification of reporting requirements for ~~((hospitals))~~ reporters across the state to the extent that such uniformity is ~~((necessary))~~ useful to fulfill the purposes of chapter . . . , Laws of 1993 (this ((chapter)) act). Data reporting requirements may reflect differences ~~((in hospital size; urban or rural location; scope, type, and method of providing service; financial structure; or other pertinent distinguishing factors))~~ that involve pertinent distinguishing features as determined by the Washington health services commission by rule. So far as ~~((possible))~~ is practical, the data system shall be coordinated with any requirements of the trauma care data registry as authorized in RCW 70.168.090, the federal department of health and human services in its administration of the medicare program, ~~((and))~~ the state in its role of gathering public health statistics, or any other payer program of consequence so as to minimize any unduly burdensome reporting requirements imposed on ~~((hospitals))~~ reporters.

~~((5))~~ ~~(4)~~ In identifying financial reporting requirements under the state-wide ~~((hospital))~~ health care data system, the department may require both annual reports and condensed quarterly reports from reporters, so as to achieve both accuracy and timeliness in reporting, but shall craft such requirements with due regard of the data reporting burdens of reporters.

~~((6))~~ ~~In designing the initial state-wide hospital data system as published in the department's first data plan, the department shall review all existing systems of hospital financial and utilization reporting used in this state to determine their usefulness for the purposes of this chapter, including their potential usefulness as revised or simplified.~~

~~(7) Until such time as the state-wide hospital data system and first data plan are developed and implemented and hospitals are able to comply with reporting requirements, the department shall require hospitals to continue to submit the hospital financial and patient discharge information previously required to be submitted to the Washington state hospital commission. Upon publication of the first data plan, hospitals shall have a reasonable period of time to comply with any new reporting requirements and, even in the event that new reporting requirements differ greatly from past requirements, shall comply within two years of July 1, 1989.~~

~~(8))~~ ~~(5)~~ The ~~((hospital))~~ health care data collected ~~((and)),~~ maintained, and studied by the department or the Washington health services commission shall only be available for retrieval in original or processed form to public and private requestors and shall be available within a reasonable period of time after the date of request. The cost of retrieving data for state officials and agencies shall be funded through the state general appropriation. The cost of retrieving data for individuals and organizations engaged in research or private use of data or studies shall be funded by a fee schedule developed by the department which reflects the direct cost of retrieving the data or study in the requested form.

(6) All persons subject to chapter . . . , Laws of 1993 (this act) shall comply with departmental or commission requirements established by rule in the acquisition of data.

Sec. 210. RCW 70.170.110 and 1989 1st ex.s. c 9 s 511 are each amended to read as follows:

The department shall provide, or may contract with a private entity to provide, ~~((hospital))~~ analyses and reports or any studies it chooses to conduct consistent with the purposes of chapter . . . , Laws of 1993 (this

~~((chapter)) act. Subject to the availability of funds and any policy direction that may be given by the Washington health services commission. ((Prior to release, the department shall provide affected hospitals with an opportunity to review and comment on reports which identify individual hospital data with respect to accuracy and completeness, and otherwise shall focus on aggregate reports of hospital performance.))~~ These studies, analyses, or reports shall include:

(1) Consumer guides on purchasing ~~((hospital care services and))~~ or consuming health care and publications providing verifiable and useful aggregate comparative information to ((consumers on hospitals and hospital services)) the public on health care services, their cost, and the quality of health care providers who participate in certified health plans;

(2) Reports for use by classes of purchasers, who purchase from certified health plans, health care payers, and providers as specified for content and format in the state-wide data system and data plan; ~~((and))~~

(3) Reports on relevant ~~((hospital))~~ health care policy ((issues)) including the distribution of hospital charity care obligations among hospitals; absolute and relative rankings of Washington and other states, regions, and the nation with respect to expenses, net revenues, and other key indicators; ~~((hospital))~~ provider efficiencies; and the effect of medicare, medicaid, and other public health care programs on rates paid by other purchasers of ((hospital)) health care; and

(4) Any other reports the commission or department deems useful to assist the public or purchasers of certified health plans in understanding the prudent and cost-effective use of all health services.

NEW SECTION. Sec. 211. A new section is added to chapter 70.170 RCW to read as follows:

Notwithstanding the provisions of chapter 42.17 RCW, any material contained within the state-wide health care data system or in the files of either the department or the Washington health services commission shall be subject to the following limitations: (1) Records obtained, reviewed by, or on file that contain information concerning medical treatment of individuals shall be exempt from public inspection and copying; and (2) any actuarial formulas, statistics, and assumptions submitted by a certified health plan to the commission or department upon request shall be exempt from public inspection and copying in order to preserve trade secrets or prevent unfair competition.

All persons and any public or private agencies or entities whatsoever subject to this chapter shall comply with any requirements established by rule relating to the acquisition or use of health services data and maintain the confidentiality of any information which may, in any manner, identify individual persons.

NEW SECTION. Sec. 212. A new section is added to chapter 70.170 RCW to read as follows:

The Washington health services commission shall have access to all health data presently available to the secretary of health. To the extent possible, the commission shall use existing data systems and coordinate among existing agencies. The department of health shall be the designated depository agency for all health data collected pursuant to chapter . . . , Laws of 1993 (this act). The following data sources shall be developed or made available:

(1) The commission shall coordinate with the secretary of health to utilize data collected by the state center for health statistics, including hospital charity care and related data, rural health data, epidemiological data, ethnicity data, social and economic status data, and other data relevant to the commission's responsibilities.

(2) The commission, in coordination with the department of health and the health science programs of the state universities shall develop procedures to analyze clinical and other health services outcome data, and conduct other research necessary for the specific purpose of assisting in the design of the uniform benefit package under chapter . . . , Laws of 1993 (this act).

(3) The commission shall establish cost data sources and shall require each certified health plan to provide the commission and the department of health with enrollee care and cost information, to include, but not be limited to: (a) Enrollee demographic data, including age, sex, and ethnicity; (b) provider identifier; (c) diagnosis; (d) health care services or procedures provided; (e) provider charges, if any; and (f) aggregated paid data. For the purposes of this subsection (3)(f), the commission shall assure that all data relating to amounts paid for health care services must be collected, compiled, and evaluated in a state-wide aggregated form. To protect a managed competitive health care market, the commission may not identify purchaser-specific or payer-specific information relating to amounts paid for health care services. The department shall establish by rule confidentiality standards to safeguard the information from inappropriate use or release.

NEW SECTION. Sec. 213. A new section is added to chapter 70.170 RCW to read as follows:

(1) The department is responsible for the implementation and custody of a state-wide personal health services data and information system. The data elements, specifications, and other design features of this data system shall be consistent with criteria adopted by the Washington health services commission. The department shall provide the commission with reasonable assistance in the development of these criteria, and shall provide the commission with periodic progress reports related to the implementation of the system or systems related to those criteria.

(2) The department shall coordinate the development and implementation of the personal health services data and information system with related private activities and with the implementation activities of the data sources identified by the commission. Data shall include, but not be limited to: (a) Enrollee demographic data, including age,

sex, and ethnicity; (b) provider identifier; (c) diagnosis; (d) health services or procedures provided; (e) provider charges, if any; and (f) aggregated paid data. For the purposes of this subsection (2)(f), the commission shall assure that all data relating to amounts paid for health care services must be collected, compiled, and evaluated in a state-wide aggregated form. To protect a managed competitive health care market, the commission may not identify purchaser-specific or payer-specific information relating to amounts paid for health care services. The commission shall establish by rule, confidentiality standards to safeguard the information from inappropriate use or release. The department shall assist the commission in establishing reasonable time frames for the completion of the system development and system implementation.

E. DISCLOSURE OF HOSPITAL, NURSING HOME, AND PHARMACY CHARGES

NEW SECTION. Sec. 214. A new section is added to chapter 70.41 RCW to read as follows:

(1) The legislature finds that the spiraling costs of health care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By making physicians and other health care providers with hospital admitting privileges more aware of the cost consequences of health care services for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial hospital services, with a potential for reducing the utilization of those services. The requirement of the hospital to inform physicians and other health care providers of the charges of the health care services that they order may have a positive effect on containing health costs. Further, the option of the physician or other health care provider to inform the patient of these charges may strengthen the necessary dialogue in the provider-patient relationship that tends to be diminished by intervening third-party payers.

(2) The chief executive officer of a hospital licensed under this chapter and the superintendent of a state hospital shall establish and maintain a procedure for disclosing to physicians and other health care providers with admitting privileges the charges of all health care services ordered for their patients. Copies of hospital charges shall be made available to any physician and/or other health care provider ordering care in hospital inpatient/outpatient services. The physician and/or other health care provider may inform the patient of these charges and may specifically review them. Hospitals are also directed to study methods for making daily charges available to prescribing physicians through the use of interactive software and/or computerized information thereby allowing physicians and other health care providers to review not only the costs of present and past services but also future contemplated costs for additional diagnostic studies and therapeutic medications.

NEW SECTION. Sec. 215. A new section is added to chapter 71.12 RCW to read as follows:

(1) The legislature finds that the spiraling costs of health care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By making physicians and other health care providers with hospital admitting privileges more aware of the cost consequences of health care services for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial hospital services, with a potential for reducing the utilization of those services. The requirement of the hospital to inform physicians and other health care providers of the charges of the health care services that they order may have a positive effect on containing health costs. Further, the option of the physician or other health care provider to inform the patient of these charges may strengthen the necessary dialogue in the provider-patient relationship that tends to be diminished by intervening third-party payers.

(2) The chief executive officer of a hospital licensed under this chapter and the superintendent of a state hospital shall establish and maintain a procedure for disclosing to physicians and other health care providers with admitting privileges the charges of all health care services ordered for their patients. Copies of hospital charges shall be made available to any physician and/or other health care provider ordering care in hospital inpatient/outpatient services. The physician and/or other health care provider may inform the patient of these charges and may specifically review them. Hospitals are also directed to study methods for making daily charges available to prescribing physicians through the use of interactive software and/or computerized information thereby allowing physicians and other health care providers to review not only the costs of present and past services but also future contemplated costs for additional diagnostic studies and therapeutic medications.

NEW SECTION. Sec. 216. A new section is added to chapter 18.68 RCW to read as follows:

The legislature finds that the spiraling costs of health care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. One of the fastest growing segments of the health care expenditure involves prescription medications. By making physicians and other health care providers with prescriptive authority more aware of the cost consequences of health care treatments for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial drug and medication treatments. The requirement of the pharmacy to inform physicians and other health care providers of the charges of prescription drugs and medications that they order may have a positive effect on containing health costs. Further, the option of the physician or other health care provider to inform the patient of these charges may strengthen the necessary dialogue in the provider-patient relationship that tends to be diminished by intervening third-party payers.

NEW SECTION. Sec. 217. A new section is added to chapter 18.68 RCW to read as follows:

The registered or licensed pharmacist of this chapter shall establish and maintain a procedure for disclosing to physicians and other health care providers with prescriptive authority information detailed by prescriber, of the cost and dispensation of all prescriptive medications prescribed by him or her for his or her patients on request. These charges should be made available on at least a quarterly basis for all requested patients and should include medication, dosage, number dispensed, and the cost of the prescription. Pharmacies may provide this information in a summary form for each prescribing physician for all patients rather than as individually itemized reports. All efforts should be made to utilize the existing computerized records and software to provide this information in the least costly format.

NEW SECTION. Sec. 218. A new section is added to chapter 18.51 RCW to read as follows:

(1) The legislature finds that the spiraling costs of nursing home care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By making nursing home facilities and care providers more aware of the cost consequences of care services for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial services and care, with a potential for reducing the utilization of those services. The requirement of the nursing home to inform physicians, consumers, and other care providers of the charges of the services that they order may have a positive effect on containing health costs.

(2) The chief executive officer of a nursing home licensed under this chapter shall establish and maintain a procedure for disclosing to physicians, consumers, and other care providers the charges of all services to be ordered for residents. These charges shall be posted on the resident's bill and shall include total charges to date and an itemization of charges for each month.

NEW SECTION. Sec. 219. The department of health shall report to the legislature by December 31, 1994, with recommendations on any necessary revisions to sections 214 through 218 of this act, including their continued necessity and the appropriateness of their repeal.

F. HEALTH PROFESSIONAL SHORTAGES

Sec. 220. RCW 43.70.460 and 1992 c 113 s 2 are each amended to read as follows:

RETIRED PRIMARY CARE PROVIDERS--MALPRACTICE INSURANCE. (1) The department may establish a program to purchase and maintain liability malpractice insurance for retired ~~((physicians))~~ primary care providers who provide primary health care services at community clinics. The following conditions apply to the program:

(a) Primary health care services shall be provided at community clinics that are public or private tax-exempt corporations;

(b) Primary health care services provided at the clinics shall be offered to low-income patients based on their ability to pay;

(c) Retired ~~((physicians))~~ primary care providers providing health care services shall not receive compensation for their services; and

(d) The department shall contract only with a liability insurer authorized to offer liability malpractice insurance in the state.

(2) This section and RCW 43.70.470 shall not be interpreted to require a liability insurer to provide coverage to a ~~((physician))~~ primary care provider should the insurer determine that coverage should not be offered to a physician because of past claims experience or for other appropriate reasons.

(3) The state and its employees who operate the program shall be immune from any civil or criminal action involving claims against clinics or physicians that provided health care services under this section and RCW 43.70.470. This protection of immunity shall not extend to any clinic or ~~((physician))~~ primary care provider participating in the program.

(4) The department may monitor the claims experience of retired physicians covered by liability insurers contracting with the department.

(5) The department may provide liability insurance under chapter 113, Laws of 1992 only to the extent funds are provided for this purpose by the legislature.

Sec. 221. RCW 43.70.470 and 1992 c 113 s 3 are each amended to read as follows:

RETIRED PRIMARY CARE PROVIDERS--CONDITIONS. The department may establish by rule the conditions of participation in the liability insurance program by retired physicians at clinics utilizing retired physicians for the purposes of this section and RCW 43.70.460. These conditions shall include, but not be limited to, the following:

(1) The participating physician associated with the clinic shall hold a valid license to practice medicine and surgery as a physician under chapter 18.71 or 18.57 RCW, a physician assistant under chapter 18.36A, 18.71A, or

18.57A RCW, or an advanced registered nurse practitioner under chapter 18.88 RCW in this state and otherwise be in conformity with current requirements for licensure as a retired physician, including continuing education requirements;

(2) The participating physician shall limit the scope of practice in the clinic to primary care. Primary care shall be limited to noninvasive procedures and shall not include obstetrical care, or any specialized care and treatment. Noninvasive procedures include injections, suturing of minor lacerations, and incisions of boils or superficial abscesses;

(3) The provision of liability insurance coverage shall not extend to acts outside the scope of rendering medical services pursuant to this section and RCW 43.70.460;

(4) The participating physician shall limit the provision of health care services to primarily low-income persons provided that clinics may, but are not required to, provide means tests for eligibility as a condition for obtaining health care services;

(5) The participating physician shall not accept compensation for providing health care services from patients served pursuant to this section and RCW 43.70.460, nor from clinics serving these patients. "Compensation" shall mean any remuneration of value to the participating physician for services provided by the physician, but shall not be construed to include any nominal copayments charged by the clinic, nor reimbursement of related expenses of a participating physician authorized by the clinic in advance of being incurred; and

(6) The use of mediation or arbitration for resolving questions of potential liability may be used, however any mediation or arbitration agreement format shall be expressed in terms clear enough for a person with a sixth grade level of education to understand, and on a form no longer than one page in length.

G. SHORT-TERM HEALTH INSURANCE REFORM

NEW SECTION. Sec. 222. The legislature intends that, during the transition to a fully reformed health services system, certain health insurance practices be modified to increase access to health insurance coverage for some individuals and groups. The legislature recognizes that health insurance reform will not remedy the significant lack of access to coverage in Washington state without the implementation of strong cost control measures. The authority granted to the commissioner in chapter . . . , Laws of 1993 (this act) is in addition to any authority the commissioner currently has under Title 48 RCW to regulate insurers, health care service contractors, and health maintenance organizations.

NEW SECTION. Sec. 223. A new section is added to chapter 48.18 RCW to read as follows:

Every insurer upon canceling, denying, or refusing to renew any disability policy, shall, upon written request, directly notify in writing the applicant or insured, as the case may be, of the reasons for the action by the insurer and to any person covered under a group contract. Any benefits, terms, rates, or conditions of such a contract that are restricted, excluded, modified, increased, or reduced shall, upon written request, be set forth in writing and supplied to the insured and to any person covered under a group contract. The written communications required by this section shall be phrased in simple language that is readily understandable to a person of average intelligence, education, and reading ability.

Sec. 224. RCW 48.21.200 and 1983 c 202 s 16 and 1983 c 106 s 24 are each reenacted and amended to read as follows:

(1) No individual or group disability insurance policy, health care service contract, or health maintenance agreement which provides benefits for hospital, medical, or surgical expenses shall be delivered or issued for delivery in this state (~~after September 8, 1975~~) which contains any provision whereby the insurer, contractor, or health maintenance organization may reduce or refuse to pay such benefits otherwise payable thereunder solely on account of the existence of similar benefits provided under any (~~individual~~) disability insurance policy, (~~or under any individual~~) health care service contract, or health maintenance agreement.

(2) No individual or group disability insurance policy, health care service contract, or health maintenance agreement providing hospital, medical or surgical expense benefits and which contains a provision for the reduction of benefits otherwise payable or available thereunder on the basis of other existing coverages, shall provide that such reduction will operate to reduce total benefits payable below an amount equal to one hundred percent of total allowable expenses exclusive of copayments, deductibles, and other similar cost-sharing arrangements.

(3) The commissioner shall by rule establish guidelines for the application of this section, including:

(a) The procedures by which persons (~~insured~~) covered under such policies, contracts, and agreements are to be made aware of the existence of such a provision;

(b) The benefits which may be subject to such a provision;

(c) The effect of such a provision on the benefits provided;

(d) Establishment of the order of benefit determination; (~~and~~)

(e) Exceptions necessary to maintain the integrity of policies, contracts, and agreements that may require the use of particular health care facilities or providers; and

(f) Reasonable claim administration procedures to expedite claim payments and prevent duplication of payments or benefits under such a provision~~((- PROVIDED, HOWEVER, That any group disability insurance policy which is issued as part of an employee insurance benefit program authorized by RCW 41.05.025(3) may exclude all or part of any deductible amounts from the definition of total allowable expenses for purposes of coordination of benefits within the plan and between such plan and other applicable group coverages: AND PROVIDED FURTHER, That any group disability insurance policy providing coverage for persons in this state may exclude all or part of any deductible amounts required by a group disability insurance policy from the definition of total allowable expenses for purposes of coordination of benefits between such policy and a group disability insurance policy issued as part of an employee insurance benefit program authorized by RCW 41.05.025(3)-~~

~~(3) The provisions of this section shall apply to health care service contractor contracts and health maintenance organization agreements)).~~

NEW SECTION. Sec. 225. A new section is added to chapter 48.20 RCW to read as follows:

(1) After January 1, 1994, every disability insurer issuing coverage against loss arising from medical, surgical, hospital, or emergency care coverage shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new policy to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall provide recommendations to the legislature on findings no later than January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

(3) No disability insurer may waive or exclude any preexisting condition from coverage for more than a twelve-month period.

NEW SECTION. Sec. 226. A new section is added to chapter 48.21 RCW to read as follows:

(1) After January 1, 1994, every disability insurer issuing coverage against loss arising from medical, surgical, hospital, or emergency care coverage shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new policy to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall provide recommendations to the legislature on findings no later than January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

(3) No disability insurer may waive or exclude any preexisting condition from coverage for more than a twelve-month period.

NEW SECTION. Sec. 227. A new section is added to chapter 48.44 RCW to read as follows:

(1) After January 1, 1994, every health care service contractor, except limited health care service contractors as defined under RCW 48.44.035, shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new contract to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall provide recommendations to the legislature on findings no later than January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

(3) No health care service contractor may waive or exclude any preexisting condition from coverage for more than a twelve-month period.

NEW SECTION. Sec. 228. A new section is added to chapter 48.46 RCW to read as follows:

(1) After January 1, 1994, every health maintenance organization shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the one-month period immediately preceding the effective date of coverage under the new agreement to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall provide recommendations to the legislature on findings no later than January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

(3) No health maintenance organization may waive or exclude any preexisting condition from coverage for more than a twelve-month period.

Sec. 229. RCW 48.30.300 and 1975-'76 2nd ex.s. c 119 s 7 are each amended to read as follows:

Notwithstanding any provision contained in Title 48 RCW to the contrary:

(1) No person or entity engaged in the business of insurance in this state shall refuse to issue any contract of insurance or cancel or decline to renew such contract because of the sex or marital status, or the presence of any sensory, mental, or physical handicap of the insured or prospective insured. The amount of benefits payable, or any term, rate, condition, or type of coverage shall not be restricted, modified, excluded, increased or reduced on the basis of the sex or marital status, or be restricted, modified, excluded or reduced on the basis of the presence of any sensory, mental, or physical handicap of the insured or prospective insured. Subject to the provisions of subsection (2) of this section these provisions shall not prohibit fair discrimination on the basis of sex, or marital status, or the presence of any sensory, mental, or physical handicap when bona fide statistical differences in risk or exposure have been substantiated.

(2) With respect to disability policies issued or renewed on or after July 1, 1994, that provide coverage against loss arising from medical, surgical, hospital, or emergency care services:

(a) Policies shall guarantee continuity of coverage. Such provision, which shall be included in every policy, shall provide that:

(i) The policy may be canceled or nonrenewed without the prior written approval of the commissioner only for nonpayment of premium or as permitted under RCW 48.18.090; and

(ii) The policy may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the insurer has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.

(b) It is an unfair practice for a disability insurer to modify the coverage provided or rates applying to an in-force disability insurance policy and to fail to make such modification in all such issued and outstanding policies.

(c) Subject to rules adopted by the commissioner, it is an unfair practice for a disability insurer to:

(i) Cease the sale of a policy form unless it has received prior written authorization from the commissioner and has offered all policyholders covered under such discontinued policy the opportunity to purchase comparable coverage without health screening; or

(ii) Engage in a practice that subjects policyholders to rate increases on discontinued policy forms unless such policyholders are offered the opportunity to purchase comparable coverage without health screening.

The insurer may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.

NEW SECTION. Sec. 230. A new section is added to chapter 48.44 RCW to read as follows:

(1) With respect to all health care service contracts issued or renewed on or after July 1, 1994, except limited health care service contracts as defined in RCW 48.44.035:

(a) Contracts shall guarantee continuity of coverage. Such provision, which shall be included in every contract, shall provide that:

(i) The contract may be canceled or nonrenewed without the prior written approval of the commissioner only for nonpayment of premiums, for violation of published policies of the contractor which have been approved by the commissioner, for persons who are entitled to become eligible for medicare benefits and fail to subscribe to a medicare supplement plan offered by the contractor, for failure of such subscriber to pay any deductible or

copayment amount owed to the contractor and not the provider of health care services, for fraud, or for a material breach of the contract; and

(ii) The contract may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the contractor has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.

(b) It is an unfair practice for a contractor to modify the coverage provided or rates applying to an in-force contract and to fail to make such modification in all such issued and outstanding contracts.

(c) Subject to rules adopted by the commissioner, it is an unfair practice for a health care service contractor to:

(i) Cease the sale of a contract form unless it has received prior written authorization from the commissioner and has offered all subscribers covered under such discontinued contract the opportunity to purchase comparable coverage without health screening; or

(ii) Engage in a practice that subjects subscribers to rate increases on discontinued contract forms unless such subscribers are offered the opportunity to purchase comparable coverage without health screening.

(2) The health care service contractor may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.

NEW SECTION. Sec. 231. A new section is added to chapter 48.46 RCW to read as follows:

(1) With respect to all health maintenance agreements issued or renewed on or after July 1, 1994, and in addition to the restrictions and limitations contained in RCW 48.46.060(4):

(a) Agreements shall guarantee continuity of coverage. Such provision, which shall be included in every agreement, shall provide that the agreement may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the organization has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.

(b) It is an unfair practice for an organization to modify the coverage provided or rates applying to an in-force agreement and to fail to make such modification in all such issued and outstanding agreements.

(c) Subject to rules adopted by the commissioner, it is an unfair practice for a health maintenance organization to:

(i) Cease the sale of an agreement form unless it has received prior written authorization from the commissioner and has offered all enrollees covered under such discontinued agreement the opportunity to purchase comparable coverage without health screening; or

(ii) Engage in a practice that subjects enrollees to rate increases on discontinued agreement forms unless such enrollees are offered the opportunity to purchase comparable coverage without health screening.

(2) The health maintenance organization may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.

H. LONG-TERM HEALTH CARE PARTNERSHIP

NEW SECTION. Sec. 240. The legislature recognizes that the elderly are the fastest-growing age group nation-wide and in Washington state, increasing in absolute terms and as a percentage of the total population. In addition, the older population itself is aging. The over eighty-five years of age group of elderly are growing faster than any other group. This is in large part due to the substantial advances in medical technology that have increased the elderly's life expectancy and have changed their prevalent causes of death. Living longer has meant that chronic conditions have become major causes of death, disability, and functional dependency. These conditions can effect the individual for years, impairing their ability to function and necessitating high use of long-term care and health care resources to manage, not cure, the conditions. On the average, the elderly's health care and long-term care utilization and expenditures are much greater than those of the nonelderly. While the elderly spend nearly three times the amount the population as a whole spends on health care, per capita, their largest source of out-of-pocket expenditures is for nursing home care. Currently, almost half of all the nursing home expenditures in the United States are financed by public tax dollars through the medicaid program. Almost all of the remaining expenditures nation-wide for nursing homes are financed privately and are primarily paid directly by individual out-of-pocket payments. Since private health insurance for long-term care has not been a major component of the financing for long-term care, the majority of the aged in our state face the risk of financial ruin from an extended nursing home stay.

The legislature finds that the aged in nursing homes often "spend down" their income and become dependent on tax-supported medicaid nursing home care. Approximately half of the people that medicaid pays for in nursing homes were not initially poor, but spent down their assets as a result of catastrophic nursing home bills. The current financing dilemma is likely to worsen. Additional demands are expected to be made on the long-term care system. At the same time, the public sector's ability to finance increased long-term care needs through tax-supported programs, will decline. The lack of elderly persons protected by private insurance further encourages them to seek medicaid eligibility, often by transferring their assets to family members. As a result, assets are lost that might be used advantageously to add to their income, for more appropriate housing, or for health and social services, to improve the quality of their lives, to prevent or delay institutional placement, and to prevent their becoming indigent.

The legislature further finds that the private long-term care insurance, as regulated and provided in this state, provides a proven and viable option for protecting many of our state's elderly from the devastating financial impact of a nursing home admission. If a sufficient quantity of long-term care policies were purchased, it could also reduce the state's large and growing burden for financing long-term care.

It is the purpose and intent of this chapter to provide a realistic approach to financing needed long-term care to the elderly by encouraging the private market to be an appealing and effective partner in long-term care financing and structuring linkages between private insurance options and access to an improved medicaid system. The approach will build upon the significant responsibilities and experience that we have developed in the finance and

delivery of long-term care to address the challenge of coordinating the role of the private sector with rapidly changing public programs.

NEW SECTION. Sec. 241. The office of insurance commissioner shall, from July 1, 1993, to July 1, 2000, coordinate a pilot program entitled the Washington long-term care partnership, whereby private insurance and medicaid funds shall be combined to finance long-term care. This program will allow an individual to purchase a precertified long-term care insurance policy in an amount commensurate with his or her assets. Notwithstanding any provision of law, the resources of such an individual, to the extent such resources are equal to the amount of long-term care insurance benefit payments as provided in this section, shall not be considered by the department of social and health services in a determination of: (1) His or her eligibility for medicaid, (2) the amount of any medicaid payment, or (3) in any subsequent recovery by the state of a payment for medical services.

NEW SECTION. Sec. 242. The department of social and health services shall seek appropriate amendments to its medicaid regulations or any other regulations to allow protection of resources and income pursuant to section 240 of this act. The protection assets shall be provided, to the extent approved by the federal health care financing administration, for any purchaser of a precertified long-term care policy delivered, issued for delivery, or renewed from January 1, 1994, to December 31, 1999, inclusive, or the termination of the program, whichever is sooner. The projections shall last for the life of the purchaser. The department of social and health services shall count insurance benefit payments toward resource exclusion to the extent such payments are for: (1) Services medicaid approves or covers for its recipients; (2) the lower of the actual charge and the amount paid by the insurance company; (3) nursing home care or formal services delivered to those insured in the community as part of a care plan approved by a coordination assessment and monitoring agency approved by the department of social and health services; and (4) services provided after the individual meets the coverage requirements for long-term care benefits established by the department of social and health services for this program. The secretary of social and health services shall adopt rules, in accordance with current law, to implement the provisions of this chapter relating to determining eligibility of applicants for medicaid and the coverage requirements for long-term care benefits.

NEW SECTION. Sec. 243. The insurance commissioner may precertify only those long-term care insurance policies that: (1) Alert the purchaser to the availability of consumer information and public education provided by the department on aging and adult services pursuant to section 244 of this act; (2) offer the option of home and community-based services in lieu of nursing home care; (3) in all home care plans, offer case management services delivered by a coordination, assessment, and monitoring agency, approved by the department of social and health services or by a home health care agency separately licensed as a coordination, assessment, and monitoring agency under this chapter; (4) offer automatic inflation protection or optional periodic per diem upgrades until the insured begins to receive long-term care benefits; (5) provide for the keeping of records and an explanation of benefit reports on insurance payments that count toward medicaid resource exclusion; and (6) provide the management information and reports necessary to document the extent of medicaid resource protection offered and to evaluate the Washington long-term care partnership. No policy may be precertified if it requires prior hospitalization or a prior stay in a nursing home as a condition of providing long-term care benefits. The insurance commissioner shall adopt rules to carry out the precertification provisions of this chapter.

NEW SECTION. Sec. 244. The insurance commissioner shall require its senior health insurance department advisors program to educate consumers as to: (1) The need for long-term care; (2) mechanisms for financing such care; (3) the availability of long-term care insurance; and (4) the asset protection provided under this chapter. In addition the department of social and health services shall provide to the extent possible public information to assist individuals in choosing appropriate insurance coverage.

NEW SECTION. Sec. 245. The department of social and health services and the insurance commissioner shall seek the federal approvals necessary to carry out the purposes of this chapter. Each year, on January 1st, the insurance commissioner shall report to the legislature on the progress of the program. The report shall include: (1) The success in implementing the public and private partnership; (2) the number of policies precertified; (3) the number, age, and financial circumstances of individuals purchasing precertified policies; (4) the number of individuals seeking consumer information services; (5) the extent and type of benefits paid under precertified policies that could count toward medicaid resource protection; (6) estimates of impact on present and future medicaid expenditures; (7) the cost-effectiveness of the program; and (8) a determination regarding the appropriateness of continuing the program.

NEW SECTION. Sec. 246. Sections 240 through 245 of this act shall constitute a new chapter in Title 48 RCW.

(3) Where a certificate is required under this section, and where there are multiple defendants, the certificate or certificates must state the attorney's conclusion that on the basis of review and expert consultation, there is reasonable and meritorious cause for the filing of such action as to each defendant.

(4) The provisions of this section are not applicable to a plaintiff who is not represented by an attorney.

(5) Violation of this section is grounds for either dismissal of the case or sanctions against the attorney, which may include an order to pay to the defendant or defendants the amount of reasonable expense incurred including a reasonable attorneys' fee, or both, as the court deems appropriate.

Sec. 311. RCW 43.70.320 and 1991 sp.s. c 13 s 18 are each amended to read as follows:

Any residue in the account shall be accumulated and shall not revert to the general fund at the end of the biennium.

(3) The secretary shall biennially prepare a budget request based on the anticipated costs of administering the health professions licensing activities of the department which shall include the estimated income from health professions fees.

Only after such provisions have been made may the disciplining authority consider and include in the order requirements designed to rehabilitate the license holder or applicant. All costs associated with compliance with orders issued under this section are the obligation of the license holder or applicant.

Sec. 313. RCW 18.130.190 and 1991 c 3 s 271 are each amended to read as follows:

The cease and desist order shall not relieve the person so practicing or operating a business without a license from criminal prosecution therefor, but the remedy of a cease and desist order shall be in addition to any criminal liability. The cease and desist order is conclusive proof of unlicensed practice and may be enforced under RCW 7.21.060. (3) Unlicensed practice of a profession or operating a business for which a license is required by the chapters specified in RCW 18.130.040, unless otherwise exempted by law, constitutes a gross misdemeanor. All fees, fines, forfeitures, and penalties collected or assessed by a court because of a violation of this section shall be remitted to the health professions account.

(4) In addition to the remedies provided in this section, the secretary is authorized to impose a civil penalty of up to five thousand dollars on a person engaged, without a license, in a profession or business for which a license is required by the chapters specified in RCW 18.130.040. The imposition of the civil penalty shall occur only upon a finding by the secretary, after affording an opportunity for a hearing, that there has been a failure or refusal to obtain a license as required in any of the chapters specified in RCW 18.130.040.
