This approval shall not be unreasonably withheld. Except as provided in RCW 75.20.1001 and 75.20.1002, the department ~~((of fisheries or the department of wildlife))~~ shall grant or deny approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life. Immediately upon determination that the forty-five day period is suspended, the department ~~((of fisheries or the department of wildlife))~~ shall notify the applicant in writing of the reasons for the delay. Approval is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If ~~((either))~~ the department ~~((of fisheries or the department of wildlife))~~ denies approval, ~~((that))~~ the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent. If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department ~~((of fisheries or the department of wildlife))~~ as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

This definition shall not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

The phrase "to construct any form of hydraulic project or perform other work" shall not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

~~((For each application, the department of fisheries and the department of wildlife shall mutually agree on whether the department of fisheries or the department of wildlife shall administer the provisions of this section, in order to avoid duplication of effort. The department designated to act shall cooperate with the other department in order to protect all species of fish life found at the project site. If the department of fisheries or the department of wildlife receives an application concerning a site not in its jurisdiction, it shall transmit the application to the other department within three days and notify the applicant.))~~

In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department ~~((of fisheries or department of wildlife))~~, through ~~((their))~~ its authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately upon request, for a stream crossing during an emergency situation.

This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 75.20.103.

Sec. 31. RCW 75.20.1001 and 1991 c 322 s 12 are each amended to read as follows:

The department ~~((of fisheries and the department of wildlife))~~ shall process hydraulic project applications submitted under RCW 75.20.100 or 75.20.103 within thirty days of receipt of the application. This requirement is only applicable for the repair and reconstruction of legally constructed dikes, seawalls, and other flood control structures damaged as a result of flooding or windstorms that occurred in November and December 1990.

Sec. 32. RCW 75.20.103 and 1991 c 322 s 31 are each amended to read as follows:

In the event that any person or government agency desires to construct any form of hydraulic project or other work that diverts water for agricultural irrigation or stock watering purposes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, and when such diversion or streambank stabilization will use, divert, obstruct, or change the natural flow or bed of any river or stream or will utilize any waters of the state or materials from the stream beds, the person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure a written approval from the department ~~((of fisheries or the department of wildlife))~~ as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld. Except as provided in RCW 75.20.1001 and 75.20.1002, the department ~~((of fisheries or the department of wildlife))~~ shall grant or deny the approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail. A complete application for an approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within ordinary high water line, and complete plans and specifications for the proper protection of fish life. The forty-five day requirement shall be suspended if (1) after ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; (2) the site is physically inaccessible for inspection; or (3) the applicant requests delay.

Immediately upon determination that the forty-five day period is suspended, the department ~~((of fisheries or the department of wildlife))~~ shall notify the applicant in writing of the reasons for the delay.

An approval shall remain in effect without need for periodic renewal for projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. Approval for streambank stabilization projects shall remain in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the approval.

The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If ~~((either))~~ the department ~~((of fisheries or the department of wildlife))~~ denies approval, ~~((that))~~ the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Issuance, denial, conditioning, or modification shall be appealable to the hydraulic appeals board established in RCW 43.21B.005 within thirty days of the notice of decision. The burden shall be upon the department ~~((of fisheries or the department of wildlife))~~ to show that the denial or conditioning of an approval is solely aimed at the protection of fish life.

The department ~~((granting approval))~~ may, after consultation with the permittee, modify an approval due to changed conditions. The modifications shall become effective unless appealed to the hydraulic appeals board within thirty days from the notice of the proposed modification. The burden is on the department ~~((issuing the approval))~~ to show that changed conditions warrant the modification in order to protect fish life.

A permittee may request modification of an approval due to changed conditions. The request shall be processed within forty-five calendar days of receipt of the written request. A decision by the department ~~((that issued the approval))~~ may be appealed to the hydraulic appeals board within thirty days of the notice of the decision. The burden is on the permittee to show that changed conditions warrant the requested modification and that such modification will not impair fish life.

If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department ~~((of fisheries or the department of wildlife))~~ as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

~~((For each application, the department of fisheries and the department of wildlife shall mutually agree on whether the department of fisheries or the department of wildlife shall administer the provisions of this section, in order to avoid duplication of effort. The department designated to act shall cooperate with the other department in order to protect all species of fish life found at the project site. If the department of fisheries or the department of wildlife receives an application concerning a site not in its jurisdiction, it shall transmit the application to the other department within three days and notify the applicant.))~~

In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department ~~((of fisheries or department of wildlife))~~, through ~~((their))~~ its authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section.

For purposes of this chapter, "streambank stabilization" shall include but not be limited to log and debris removal, bank protection (including riprap, jetties, and groins), gravel removal and erosion control.

Sec. 33. RCW 75.20.104 and 1991 c 322 s 18 are each amended to read as follows:

Whenever the placement of woody debris is required as a condition of a hydraulic permit approval issued pursuant to RCW 75.20.100 or 75.20.103, the department ~~((of fisheries and the department of wildlife))~~, upon request, shall invite comment regarding that placement from the local governmental authority, affected tribes, affected federal and state agencies, and the project applicant.

Sec. 34. RCW 75.20.1041 and 1991 c 322 s 19 are each amended to read as follows:

The department ~~((of fisheries, the department of wildlife,))~~ and the department of ecology will work cooperatively with the United States army corps of engineers to develop a memorandum of agreement outlining dike vegetation management guidelines so that dike owners are eligible for coverage under P.L. 84-99, and state requirements established pursuant to RCW 75.20.100 and 75.20.103 are met.

Sec. 35. RCW 75.20.106 and 1988 c 36 s 35 are each amended to read as follows:

The department ~~((of fisheries and the department of wildlife))~~ may ~~((each))~~ levy civil penalties of up to one hundred dollars per day for violation of any provisions of RCW 75.20.100 or 75.20.103. The penalty provided shall be imposed by notice in writing, either by certified mail or personal service to the person incurring the penalty, from the director ~~((of the appropriate department))~~ or ~~((that))~~ the director's designee describing the violation. Any person incurring any penalty under this chapter may appeal the same under chapter 34.05 RCW to the director ~~((of the department levying the penalty))~~. Appeals shall be filed within thirty days of receipt of notice imposing any penalty. The penalty imposed shall become due and payable thirty days after receipt of a notice imposing the penalty unless an appeal is filed. Whenever an appeal of any penalty incurred under this chapter is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

If the amount of any penalty is not paid within thirty days after it becomes due and payable the attorney general, upon the request of the director ~~((of the department of fisheries or the department of wildlife))~~ shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action. All penalties recovered under this section shall be paid into the state's general fund.

Sec. 36. RCW 75.20.110 and 1988 c 36 s 36 are each amended to read as follows:

(1) Except for the north fork of the Lewis river and the White Salmon river, all streams and rivers tributary to the Columbia river downstream from McNary dam are established as an anadromous fish sanctuary. This sanctuary is created to preserve and develop the food fish and game fish resources in these streams and rivers and to protect them against undue industrial encroachment.

(2) Within the sanctuary area:

(a) It is unlawful to construct a dam greater than twenty-five feet high within the migration range of anadromous fish as ~~((jointly))~~ determined by the director ~~((of fisheries and the director of wildlife))~~.

(b) Except by ~~((concurrent))~~ order of the director ~~((of fisheries and director of wildlife))~~, it is unlawful to divert water from rivers and streams in quantities that will reduce the respective stream flow below the annual average low flow, based upon data published in United States geological survey reports.

(3) The director ~~((of fisheries and the director of wildlife))~~ may acquire and abate a dam or other obstruction, or acquire any water right vested on a sanctuary stream or river, which is in conflict with the provisions of subsection (2) of this section.

(4) Subsection (2)(a) of this section does not apply to the sediment retention structure to be built on the North Fork Toutle river by the United States army corps of engineers.

Sec. 37. RCW 75.20.130 and 1989 c 175 s 160 are each amended to read as follows:

(1) There is hereby created within the environmental hearings office under RCW 43.21B.005 the hydraulic appeals board of the state of Washington.

(2) The hydraulic appeals board shall consist of three members: The director of the department of ecology or the director's designee, the director of the department of agriculture or the director's designee, and the director or the director's designee of the department whose action is appealed under subsection (6) of this section. A decision must be agreed to by at least two members of the board to be final.

(3) The board may adopt rules necessary for the conduct of its powers and duties or for transacting other official business.

(4) The board shall make findings of fact and prepare a written decision in each case decided by it, and that finding and decision shall be effective upon being signed by two or more board members and upon being filed at the hydraulic appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The board has exclusive jurisdiction to hear appeals arising from the approval, denial, conditioning, or modification of a hydraulic approval issued by ~~((either))~~ the department ~~((of fisheries or the department of wildlife))~~ under the authority granted in RCW 75.20.103 for the diversion of water for agricultural irrigation or stock watering purposes or when associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020.

(6)(a) Any person aggrieved by the approval, denial, conditioning, or modification of a hydraulic approval pursuant to RCW 75.20.103 may seek review from the board by filing a request for the same within thirty days of notice of the approval, denial, conditioning, or modification of such approval.

(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

Sec. 38. RCW 75.20.300 and 1989 c 213 s 3 are each amended to read as follows:

(1) The legislature intends to expedite flood-control, acquisition of sites for sediment retention, and dredging operations in those rivers affected by the May 1980 eruption of Mt. St. Helens, while continuing to protect the fish resources of these rivers.

(2) The director ~~((of fisheries and director of wildlife))~~ shall process hydraulic project applications submitted under RCW 75.20.100 within fifteen working days of receipt of the application. This requirement is only applicable to flood control and dredging projects located in the Cowlitz river from mile 22 to the confluence with the Columbia, and in the Toutle river from the mouth to the North Fork Toutle sediment dam site at North Fork mile 12, and to river mile 3 on the South Fork Toutle river, and volcano-affected areas of the Columbia river.

(3) For the purposes of this section, the emergency provisions of RCW 75.20.100 may be initiated by the county legislative authority if the project is necessary to protect human life or property from flood hazards, including:

(a) Flood fight measures necessary to provide protection during a flood event; or

(b) Measures necessary to reduce or eliminate a potential flood threat when other alternative measures are not available or cannot be completed prior to the expected flood threat season; or

(c) Measures which must be initiated and completed within an immediate period of time and for which processing of the request through normal methods would cause a delay to the project and such delay would significantly increase the potential for damages from a flood event.

(4) This section does not apply to the sediment retention structure to be built on the North Fork Toutle river by the United States army corps of engineers.

(5) This section expires on June 30, 1995.

Sec. 39. RCW 75.20.310 and 1988 c 36 s 39 are each amended to read as follows:

The legislature recognizes the need to mitigate the effects of sedimentary build-up and resultant damage to fish population in the Toutle river resulting from the Mt. St. Helens eruption. The state has entered into a contractual agreement with the United States army corps of engineers designed to minimize fish habitat disruption created by the sediment retention structure on the Toutle river, under which the corps has agreed to construct a fish collection facility at the sediment retention structure site conditional upon the state assuming the maintenance and operation costs of the facility. The department ~~((of wildlife and the department of fisheries))~~ shall ~~((cooperatively))~~ operate and maintain a fish collection facility on the Toutle river. ~~((Each agency shall share in the cost of operating and maintaining the facility.))~~

Sec. 40. RCW 75.24.065 and 1985 c 256 s 2 are each amended to read as follows:

The legislature finds that current environmental and economic conditions warrant a renewal of the state's historical practice of actively cultivating and managing its oyster reserves in Puget Sound to produce the state's native oyster, the Olympia oyster. The department ~~((of fisheries))~~ shall reestablish dike cultivated production of Olympia oysters on such reserves on a trial basis as a tool for planning more comprehensive cultivation by the state.

Sec. 41. RCW 75.25.005 and 1989 c 305 s 1 are each amended to read as follows:

The following recreational fishing licenses are administered and issued by the department ~~((of fisheries))~~ under authority of the director ~~((of fisheries))~~:

(1) Hood Canal shrimp license;

(2) Razor clam license;

(3) Personal use fishing license;

(4) Salmon license; and

(5) Sturgeon license.

Sec. 42. RCW 75.25.080 and 1989 c 305 s 4 are each amended to read as follows:

(1) It is lawful to dig the personal-use daily bag limit of razor clams for another person if that person has in possession a physical disability permit issued by the director.

(2) An application for a physical disability permit must be submitted on a department ((of fisheries)) official form and must be accompanied by a licensed medical doctor's certification of disability.

Sec. 43. RCW 75.25.170 and 1989 c 305 s 16 are each amended to read as follows:

Fees received for recreational licenses required under this chapter shall be deposited in the general fund and shall be appropriated for management, enhancement, research, and enforcement purposes of the shellfish, salmon, and marine fish programs of the department ((of fisheries)).

Sec. 44. RCW 75.25.180 and 1989 c 305 s 14 are each amended to read as follows:

Recreational licenses issued by the department ((of fisheries)) under this chapter are valid for the following periods:

(1) Recreational licenses issued without charge to persons designated by this chapter are valid:

(a) For life for blind persons;

(b) For the period of continued state residency for qualified disabled veterans;

(c) For the period of continued state residency for persons sixty-five years of age or more;

(d) For the period of the disability for persons with a developmental disability;

(e) For life for handicapped persons confined to a wheelchair who have been issued a permanent disability card; and

(f) Until a child reaches fifteen years of age.

(2) Two-consecutive-day personal use licenses expire at midnight on the day following the validation date written on the license by the license dealer, except two-consecutive-day personal use licenses validated for December 31 expire at midnight on that date.

(3) An annual salmon license is valid for a maximum catch of fifteen salmon, after which another salmon license may be purchased. A salmon license is valid only for the calendar year for which it is issued.

(4) An annual sturgeon license is valid for a maximum catch of fifteen sturgeon. A sturgeon license is valid only for the calendar year for which it is issued.

(5) All other recreational licenses are valid for the calendar year for which they are issued.

Sec. 45. RCW 75.50.010 and 1985 c 458 s 1 are each amended to read as follows:

Currently, many of the salmon stocks of Washington state are critically reduced from their sustainable level. The best interests of all fishing groups and the citizens as a whole are served by a stable and productive salmon resource. Immediate action is needed to reverse the severe decline of the resource and to insure its very survival. The legislature finds a state of emergency exists and that immediate action is required to restore its fishery.

Disagreement and strife have dominated the salmon fisheries for many years. Conflicts among the various fishing interests have only served to erode the resource. It is time for the state of Washington to make a major commitment to increasing productivity of the resource and to move forward with an effective rehabilitation and enhancement program. The department ((of fisheries)) is directed to dedicate its efforts ((to make increasing the productivity of the salmon resource a first priority and)) to seek resolution to the many conflicts that involve the resource.

Success of the enhancement program can only occur if projects efficiently produce salmon or restore habitat. The expectation of the program is to optimize the efficient use of funding on projects that will increase artificially and naturally produced salmon, restore and improve habitat, or identify ways to increase the survival of salmon. The full utilization of state resources and cooperative efforts with interested groups are essential to the success of the program.

Sec. 46. RCW 75.50.070 and 1989 c 426 s 1 are each amended to read as follows:

The legislature finds that it is in the best interest of the salmon resource of the state to encourage the development of regional fisheries enhancement groups. The accomplishments of one existing group, the Grays Harbor fisheries enhancement task force, have been widely recognized as being exemplary. The legislature recognizes the potential benefits to the state that would occur if each region of the state had a similar group of dedicated citizens working to enhance the salmon resource.

The legislature authorizes the formation of regional fisheries enhancement groups. These groups shall be eligible for state financial support and shall be actively supported by the department ((of fisheries)). The regional groups shall be operated on a strictly nonprofit basis, and shall seek to maximize the efforts of volunteer and private donations to improve the salmon resource for all citizens of the state.

Sec. 47. RCW 75.50.080 and 1989 c 426 s 4 are each amended to read as follows:

Regional fisheries enhancement groups, consistent with the long-term regional policy statements developed under RCW 75.50.020, shall seek to:

- (1) Enhance the salmon resource of the state;
- (2) Maximize volunteer efforts and private donations to improve the salmon resource for all citizens;
- (3) Assist the department in achieving the goal to double the state-wide salmon catch by the year 2000 under chapter 214, Laws of 1988; and
- (4) Develop projects designed to supplement the fishery enhancement capability of the department ((of fisheries)).

Sec. 48. RCW 75.50.130 and 1992 c 88 s 1 are each amended to read as follows:

The director ((of fisheries)) shall prepare a salmon recovery plan for the Skagit river. The plan shall include strategies for employing displaced timber workers to conduct salmon restoration and other tasks identified in the plan. The plan shall incorporate the best available technology in order to achieve maximum restoration of depressed salmon stocks. The plan must encourage the restoration of natural spawning areas and natural rearing of salmon but must not preclude the development of an active hatchery program.

Sec. 49. RCW 75.52.010 and 1988 c 36 s 41 are each amended to read as follows:

The fish and ((game)) wildlife resources of the state benefit by the contribution of volunteer recreational and commercial fishing organizations, schools, and other volunteer groups in cooperative projects under agreement with the department ((of fisheries or the department of wildlife)). These projects provide educational opportunities, improve the communication between the natural resources agencies and the public, and increase the fish and game resources of the state. In an effort to increase these benefits and realize the full potential of cooperative projects, the department ((of fisheries and the department of wildlife each)) shall administer a cooperative fish and wildlife enhancement program and enter agreements with volunteer groups relating to the operation of cooperative projects.

Sec. 50. RCW 75.52.020 and 1988 c 36 s 42 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Volunteer group" means any person or group of persons interested in or party to an agreement with the department ((of fisheries or the department of wildlife)) relating to a cooperative fish or ((game)) wildlife project.

(2) "Cooperative project" means a project conducted by a volunteer group that will benefit the fish, shellfish, game bird, nongame wildlife, or game animal resources of the state and for which the benefits of the project, including fish and ((game)) wildlife reared and released, are available to all citizens of the state. Indian tribes may elect to participate in cooperative fish and wildlife projects with the department.

(3) "Department" means ((either)) the department of ((fisheries or the department of)) fish and wildlife((, whichever is responsible for managing the species of fish or game most affected by the cooperative project)).

Sec. 51. RCW 75.52.035 and 1987 c 48 s 1 are each amended to read as follows:

The department ((of fisheries)) may authorize the sale of surplus salmon eggs and carcasses by permitted cooperative projects for the purposes of defraying the expenses of the cooperative project. In no instance shall the department allow a profit to be realized through such sales. The department shall adopt rules to implement this section pursuant to chapter 34.05 RCW.

Sec. 52. RCW 75.52.100 and 1989 c 85 s 3 are each amended to read as follows:

A salmon spawning channel shall be constructed on the Cedar river with the assistance and cooperation of the ((state)) department ((of fisheries)). The department shall use existing personnel and the volunteer fisheries enhancement program outlined under chapter 75.52 RCW to assist in the planning, construction, and operation of the spawning channel.

Sec. 53. RCW 75.52.110 and 1989 c 85 s 4 are each amended to read as follows:

The department ((of fisheries)) shall chair a technical committee, which shall review the preparation of enhancement plans and construction designs for a Cedar river sockeye spawning channel. The technical committee shall consist of not more than eight members: One representative each from the department ((of fisheries)), national marine fisheries service, United States fish and wildlife service, and Muckleshoot Indian tribe; and four representatives from the public utility described in RCW 75.52.130. The technical committee will be guided by a policy committee, also to be chaired by the department ((of fisheries)), which shall consist of not more than six members: One representative from the department ((of fisheries)), one from the Muckleshoot Indian tribe, and one from either the national marine fisheries service or the United States fish and wildlife service; and three representatives from the public utility described in RCW 75.52.130. The policy committee shall present a progress report to the senate and house of representatives natural resources and environment committees by January 1, 1990, and shall oversee the operation and evaluation of the spawning channel. The policy committee will continue its oversight until the policy committee concludes that the channel is meeting the production goals specified in RCW 75.52.120.

Sec. 54. RCW 75.52.160 and 1989 c 85 s 10 are each amended to read as follows:

Should the requirements of RCW 75.52.100 through 75.52.160 not be met, the department ((of fisheries)) shall seek immediate legal clarification of the steps which must be taken to fully mitigate water diversion projects on the Cedar river.

Sec. 55. RCW 75.58.010 and 1988 c 36 s 43 are each amended to read as follows:

(1) The director of agriculture and the director ((of fisheries)) shall jointly develop a program of disease inspection and control for aquatic farmers as defined in RCW 15.85.020. The program shall be administered by the department ((of fisheries)) under rules established under this section. The purpose of the program is to protect the aquaculture industry and wildstock fisheries from a loss of productivity due to aquatic diseases or maladies. As used in this section "diseases" means, in addition to its ordinary meaning, infestations of parasites or pests. The disease program may include, but is not limited to, the following elements:

- (a) Disease diagnosis;
- (b) Import and transfer requirements;
- (c) Provision for certification of stocks;
- (d) Classification of diseases by severity;
- (e) Provision for treatment of selected high-risk diseases;
- (f) Provision for containment and eradication of high-risk diseases;
- (g) Provision for destruction of diseased cultured aquatic products;
- (h) Provision for quarantine of diseased cultured aquatic products;
- (i) Provision for coordination with state and federal agencies;
- (j) Provision for development of preventative or control measures;
- (k) Provision for cooperative consultation service to aquatic farmers; and
- (l) Provision for disease history records.

(2) The director ((of fisheries)) shall adopt rules implementing this section. However, such rules shall have the prior approval of the director of agriculture and shall provide therein that the director of agriculture has provided such approval. The director of agriculture or the director's designee shall attend the rule-making hearings conducted under chapter 34.05 RCW and shall assist in conducting those hearings. The authorities granted the department ((of fisheries)) by these rules and by RCW 75.08.080(1)(g), 75.24.080, 75.24.110, 75.28.125, 75.58.020, 75.58.030, and 75.58.040 constitute the only authorities of the department ((of fisheries)) to regulate private sector cultured aquatic products and aquatic farmers as defined in RCW 15.85.020. Except as provided in subsection (3) of this section, no action may be taken against any person to enforce these rules unless the department has first provided the person an opportunity for a hearing. In such a case, if the hearing is requested, no enforcement action may be taken before the conclusion of that hearing.

(3) The rules adopted under this section shall specify the emergency enforcement actions that may be taken by the department ((of fisheries)), and the circumstances under which they may be taken, without first providing the affected party with an opportunity for a hearing. Neither the provisions of this subsection nor the provisions of subsection (2) of this section shall preclude the department ((of fisheries)) from requesting the initiation of criminal proceedings for violations of the disease inspection and control rules.

(4) It is unlawful for any person to violate the rules adopted under subsection (2) or (3) of this section or to violate RCW 75.58.040.

(5) In administering the program established under this section, the department ((of fisheries)) shall use the services of a pathologist licensed to practice veterinary medicine.

(6) The director in administering the program shall not place constraints on or take enforcement actions in respect to the aquaculture industry that are more rigorous than those placed on the department ((of fisheries, the department of wildlife,)) or other fish-rearing entities.

Sec. 56. RCW 75.58.020 and 1985 c 457 s 9 are each amended to read as follows:

The directors of agriculture and ((fisheries)) fish and wildlife shall jointly adopt by rule, in the manner prescribed in RCW 75.58.010(2), a schedule of user fees for the disease inspection and control program established under RCW 75.58.010. The fees shall be established such that the program shall be entirely funded by revenues derived from the user fees by the beginning of the 1987-89 biennium.

There is established in the state treasury an account known as the aquaculture disease control account which is subject to appropriation. Proceeds of fees charged under this section shall be deposited in the account. Moneys from the account shall be used solely for administering the disease inspection and control program established under RCW 75.58.010.

Sec. 57. RCW 75.58.030 and 1988 c 36 s 44 are each amended to read as follows:

(1) The director ((of fisheries)) shall consult regarding the disease inspection and control program established under RCW 75.58.010 with ((the department of wildlife,)) federal agencies((,)) and Indian tribes to assure protection of state, federal, and tribal aquatic resources and to protect private sector cultured aquatic products from disease that could originate from waters or facilities managed by those agencies.

(2) With regard to the program, the director (~~(of fisheries)~~) may enter into contracts or interagency agreements for diagnostic field services with government agencies and institutions of higher education and private industry.

(3) The director (~~(of fisheries)~~) shall provide for the creation and distribution of a roster of biologists having a specialty in the diagnosis or treatment of diseases of fish or shellfish. The director shall adopt rules specifying the qualifications which a person must have in order to be placed on the roster.

Sec. 58. RCW 75.58.040 and 1988 c 36 s 45 are each amended to read as follows:

All aquatic farmers as defined in RCW 15.85.020 shall register with the department (~~(of fisheries)~~). The director shall develop and maintain a registration list of all aquaculture farms. Registered aquaculture farms shall provide the department production statistical data. The state veterinarian (~~(and the department of wildlife)~~) shall be provided with registration and statistical data by the department.

Sec. 59. RCW 77.04.020 and 1987 c 506 s 4 are each amended to read as follows:

The department (~~(of wildlife)~~) consists of the state fish and wildlife commission and the director (~~(of wildlife)~~). The director is responsible for the administration and operation of the department, subject to the provisions of this title. The commission may delegate to the director additional duties and powers necessary and appropriate to carry out this title. The director shall perform the duties prescribed by law and shall carry out the basic goals and objectives prescribed pursuant to RCW 77.04.055.

expertise of the University of Washington college of fisheries and the sea grant program to develop research and enhancement programs.

In calendar year 1994, at least one freshwater pond chinook salmon rearing site shall be developed and begin production in each of the following areas: South Puget Sound, central Puget Sound, north Puget Sound, and Hood Canal. Natural or artificial pond sites shall be preferred to net pens due to higher survival rates experienced from pond rearing. Rigorous predatory bird control measures shall be implemented. The goal of the program is to increase the production and planting of delayed release chinook salmon to a level of three million fish annually by the year 2000.

NEW SECTION. Sec. 87. The department shall conduct research, develop methods, and implement programs for the artificial rearing and release of marine bottomfish species. Lingcod, halibut, rockfish, and Pacific cod shall be the species of primary emphasis due to their importance in the recreational fishery.

Every opportunity shall be explored to convince the federal government to amend the marine mammal protection act to allow for balanced management of predators, as well as to work with the United States fish and wildlife service to achieve workable control measures for predatory birds.

NEW SECTION. Sec. 92. Indian tribal fishing interests and non-Indian commercial fishing groups shall be invited to participate in development of plans for selective fisheries that target hatchery-produced fish and minimize catch of naturally spawned fish. In addition, talks shall be initiated on the feasibility of altering the rearing programs of department hatcheries to achieve higher survival and greater production of chinook and coho salmon.

NEW SECTION. Sec. 93. The department shall coordinate the sport fishing program with the wild stock initiative to assure that the two programs are compatible and potential conflicts are avoided.

NEW SECTION. Sec. 94. The department shall develop plans for increased recreational access to salmon and marine fish resources. Proposals for new boat launching ramps and pier fishing access shall be developed.

Nothing in this chapter shall be construed to authorize the department to advocate or to improve recreational fishing at the expense of commercial fishing or to increase recreational enhancement to the detriment of commercial enhancement.

NEW SECTION. Sec. 97. Beginning January 1, 1994, persons who recreationally fish for salmon or marine bottomfish in marine area codes 5 through 13 and Lake Washington shall be assessed an annual recreational surcharge of ten dollars, in addition to other licensing requirements.  - (C) Any district maintaining a ratio equal to or greater than 54.3 certificated instructional staff per thousand full time equivalent students in grades K-3 may use allocations generated under this subsection (2)(a)(iii) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 4-6. Funds allocated under this subsection (2)(a)(iii) shall only be expended to reduce class size in grades K-6. No more than 1.3 of the certificated instructional funding ratio amount may be expended for provision of classified instructional assistants; and

(c) On the basis of full time equivalent enrollment in vocational education programs and skill center programs approved by the superintendent of public instruction, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 16.67 full time equivalent vocational students;

(d) For districts enrolling not more than twenty-five average annual full time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the state board of education and enroll not more than twenty-five average annual full time equivalent students in grades K-8:

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational and handicapped full time equivalent students.

(g) For each nonhigh school district having an enrollment of more than seventy annual average full time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit;

(5) Insurance benefit allocations shall be calculated at the rates specified in section 504 of this act, based on:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2) (a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$7,251 per certificated staff unit in the 1993-94 school year and a maximum of \$7,468 per certificated staff unit in the 1994-95 school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of \$4,945,000 outside the basic education formula during fiscal years 1994 and 1995 as follows:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2) (a) through (h) of this section shall be reduced in increments of twenty percent per year.

Funds shall be distributed according to the district's total full-time equivalent enrollment in kindergarten through grade nine and the percentage of the district's students taking the basic skills tests who scored in the lowest quartile as compared with national norms. In making this calculation, the

superintendent of public instruction may use an average over the immediately preceding five or fewer years of the district's percentage scoring in the lowest quartile. The superintendent of public instruction shall also deduct the number of students at these age levels who are identified as specific learning disabled and are generating state funds for special education programs conducted pursuant to RCW 28A.155.010 through 28A.155.100, in distributing state funds for learning assistance.

(3) The distribution formula in this section is for allocation purposes only.

The state board in making any change in boundaries shall give consideration to, but not be limited by, the following factors: (1) Size, population, topography, and climate of the proposed district; and (2) costs associated with the governance, administration, and operation of the educational service district system in whole or part.

NEW SECTION. Sec. 523. A new section is added to chapter 28A.310 RCW to read as follows:

It is the intent of the legislature that the number of educational service districts in western Washington be reduced from five to four, and that the superintendent of public instruction study the desirability of reducing the number of eastern Washington districts. As soon as practicable, the superintendent of public instruction shall develop a reorganization proposal and submit the proposal to the state board of education, together with a request under RCW 28A.310.020, that the number of western Washington educational service districts be reduced to four.

Sec. 524. RCW 84.52.0531 and 1992 c 49 s 1 are each amended to read as follows:

The maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be determined as follows:

(1) For excess levies for collection in calendar year 1992, the maximum dollar amount shall be calculated pursuant to the laws and rules in effect in November 1991.

(2) For the purpose of this section, the basic education allocation shall be determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350: PROVIDED, That when determining the basic education allocation under subsection (4) of this section, nonresident full time equivalent pupils who are participating in a program provided for in chapter 28A.545 RCW or in any other program pursuant to an interdistrict agreement shall be included in the enrollment of the resident district and excluded from the enrollment of the serving district.

(3) For excess levies for collection in calendar year 1993 and thereafter, the maximum dollar amount shall be the sum of (a) and (b) of this subsection minus (c) of this subsection:

(a) The district's levy base as defined in subsection (4) of this section multiplied by the district's maximum levy percentage as defined in subsection (5) of this section;

(b) In the case of nonhigh school districts only, an amount equal to the total estimated amount due by the nonhigh school district to high school districts pursuant to chapter 28A.545 RCW for the school year during which collection of the levy is to commence, less the increase in the nonhigh school district's basic education allocation as computed pursuant to subsection (1) of this section due to the inclusion of pupils participating in a program provided for in chapter 28A.545 RCW in such computation;

(c) The maximum amount of state matching funds under RCW 28A.500.010 for which the district is eligible in that tax collection year.

(4) For excess levies for collection in calendar year 1993 and thereafter, a district's levy base shall be the sum of allocations in (a) through (c) of this subsection received by the district for the prior school year, including allocations for compensation increases, plus the sum of such allocations multiplied by the percent increase per full time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year and divided by fifty-five percent. A district's levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (c) of this subsection.

(a) The district's basic education allocation as determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350;

(c) Any other federal allocations for elementary and secondary school programs, including direct grants, other than federal impact aid funds and allocations in lieu of taxes.

(5) For excess levies for collection in calendar year 1993 and thereafter, a district's maximum levy percentage shall be determined as follows:

(a) Multiply the district's maximum levy percentage for the prior year by the district's levy base as determined in subsection (4) of this section;

(b) Reduce the amount in (a) of this subsection by the total estimated amount of any levy reduction funds as defined in subsection (6) of this section which are to be allocated to the district for the current school year;

(c) Divide the amount in (b) of this subsection by the district's levy base to compute a new percentage;
(and)

(d) The percentage in (c) of this subsection or twenty percent, whichever is greater, shall be the district's maximum levy percentage for levies collected in that calendar year; and

(e) For levies to be collected in calendar years 1994 and 1995, the maximum levy rate shall be the district's maximum levy percentage for 1993 plus four percent reduced by any levy reduction funds. For levies collected in 1996, the prior year shall mean 1993.

PART VI HIGHER EDUCATION

NEW SECTION. **Sec. 601. HIGHER EDUCATION.** The appropriations in sections 602 through 610 of this act are subject to the following conditions and limitations:

(1) "Institutions of higher education" means the institutions receiving appropriations under sections 602 through 608 of this act.

(2) The general fund--state appropriations in sections 602 through 608 of this act represent significant reductions in current funding levels. In order to provide each institution of higher education with the capability of effectively managing within their unique requirements, some flexibility in implementing these reductions is permitted. This will assure the continuation of the highest quality higher education system possible within available resources. In establishing spending plans for the next biennium, each institution shall address the needs of its students in keeping with the following directives: (a) Establishing reductions of a permanent nature by avoiding short term solutions; (b) not reducing enrollments more than two percent below budgeted levels; (c) maintaining the current resident to nonresident student proportions; (d) protecting undergraduate programs and support services; (e) protecting assessment activities; (f) protecting minority recruitment and retention efforts; (g) protecting the state's investment in facilities; (h) using institutional strategic plans as a guide for reshaping institutional expenditures; and (i) increasing efficiencies through administrative staff reductions, program consolidation, the elimination of duplication, the use of other resources, and productivity improvements. At the four-year institutions of higher education, productivity improvements shall include increased teaching loads for faculty. Each institution of higher education and the state board for community and technical colleges shall submit a report to the legislative fiscal committees by July 1, 1993, on their spending plans for the 1993-95 biennium. The report should address the approach taken with respect to each of the directives in this subsection. A second report responding to the same directives shall be submitted by November 1, 1993, which describes the implementation of the spending plan and its effects. The July 1, 1993, report submitted by each four-year institution shall include information on faculty teaching loads for the 1992-93 academic year, and the institution's plan to increase teaching loads during the 1993-95 biennium. The November 1, 1993, report submitted by each four-year institution shall include information on the implementation of its increased faculty teaching load plan.

(3) The appropriations in sections 602 through 608 of this act provide state general fund support for student full time equivalent enrollments at each institution of higher education. The state general fund budget is further premised on a level of specific student tuition revenue collected into and expended from the institutions of higher education--general local accounts. Each institution shall enroll no less than two percent below its budgeted biennial average full time equivalent enrollments. If the estimated 1993-95 average biennial full time equivalent student enrollment of an institution as estimated on April 30, 1995, by the office of financial management using spring enrollment reports submitted by the institutions, is more than two percent below the biennial budgeted amount, then an amount equal to the student quality standard, as defined in the legislative budget notes, multiplied by the number of full time equivalent students below the two percent variance shall revert to the state general fund. Listed below are the annual full time equivalent student enrollments by institution assumed in this act.

NEW SECTION. Sec. 1006. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts.

NEW SECTION. Sec. 1007. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining June 30, 1993, in the 1991-93 biennial appropriations for each project.

NEW SECTION. Sec. 1008. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 1009. As part of the annual update to the state facilities and capital plan, agencies shall provide information on lease-development and lease-purchase projects to the office of financial management.

NEW SECTION. Sec. 1010. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with moneys available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate committee on ways and means and the house of representatives committee on capital budget.

NEW SECTION. Sec. 1011. Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

NEW SECTION. Sec. 1012. Notwithstanding any other provisions of law, for the 1993-95 biennium, transfers of reimbursement by the state treasurer to the general fund from the community college capital projects account for debt service payments made under Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available to the account. Any unpaid reimbursements shall be a continuing obligation against the community college capital projects account until paid. The state board for community and technical colleges need not accumulate any specific balance in the community college capital projects account in anticipation of transfers to reimburse the general fund.

NEW SECTION. Sec. 1013. Any capital improvements or capital project involving construction or major expansion of a state office facility, including district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the office of financial management and the department of general administration for possible consolidation, collocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 1014. The governor, through the director of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account.

For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if (1) the project as defined in the notes to the budget document is substantially complete and there are funds remaining or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

A report of any transfer effected under this section except emergency projects or any transfer under \$250,000 shall be filed with the legislative fiscal committees of the senate and house of representatives by the director of financial management at least thirty days before the date the transfer is effected, and shall report all transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 1015. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act referencing this section shall not be expended until the office of financial management has reviewed the agency's predesign and other documents and approved the project. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management.

The office of financial management shall provide to the house of representatives capital budget committee and the senate ways and means committee a list of the program documents the office has reviewed and approved, changes made to the documents resulting from the review, and the estimated cost changes resulting from the review.

Allotments for appropriations shall be provided in accordance with the capital project review requirements adopted by the office of financial management.

(2) In order to meet the goals of this section, the following conditions apply to appropriations which reference this section:

(a) To the extent feasible, agencies are directed to manage accelerated expenditure rates at the current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

(b) Reappropriations which reference this subsection (2)(b) shall lapse on June 30, 1994. In developing the 1995-97 capital budget, the office of financial management shall consider all project requests which have been an element of an appropriation which references this section as a request for a new appropriation.

(3) The office of financial management shall report the following to the appropriate fiscal committees of the legislature by January 30, 1995:

(a) A listing of reappropriations in the governor's 1995-97 capital budget recommendation that have been reappropriated one or more times and have ten percent or more of the original appropriation unexpended; and

(b) An explanation of why the appropriation remains unexpended.

NEW SECTION. Sec. 1017. The higher education coordinating board shall develop and maintain an inventory system to account for all space in the state's higher education system. The institutions of higher education shall provide to the higher education coordinating board a complete inventory of space in the form determined by the higher education coordinating board.

NEW SECTION. Sec. 1019. \$1,200,000 of the state and local improvement revolving account--waste disposal facilities and \$6,300,000 of the state and local improvement revolving account--waste disposal facilities 1980 are transferred to the water quality account, and shall be used for extended grant payments for public waste disposal facilities that discharge directly into marine waters. The funds shall be subject to the conditions and limitations set forth in section 408 of this act.

NEW SECTION. Sec. 1020. The department of information services shall act as lead agency in coordinating video telecommunications services for state agencies. As lead agency, the department shall develop standards and common specifications for leased and purchased telecommunications equipment and assist state

agencies in developing a video telecommunications expenditure plan. No agency may spend any portion of any appropriation in this act for new video telecommunications equipment, new video telecommunications transmission, or new video telecommunications systems without first complying with chapter 43.105 RCW, including but not limited to RCW 43.105.041(2), and without first submitting a video telecommunications equipment expenditure plan, in accordance with the policies of the department of information services, for review and assessment by the department of information services under RCW 43.105.052. Before any such expenditure by a public school, a video telecommunications expenditure plan shall be approved by the superintendent of public instruction. The office of the superintendent of public instruction shall submit the plans to the department of information services in a form prescribed by the department. The office of the superintendent of public instruction shall coordinate the use of the video telecommunications in public schools by providing educational information to local school districts and shall assist local school districts and educational service districts in telecommunications planning and curriculum development. Before any such expenditure by a public institution of postsecondary education, a telecommunications expenditure plan shall be approved by the higher education coordinating board. The higher education coordinating board shall coordinate the use of video telecommunications for instruction and instructional support in postsecondary education, including the review and approval of instructional telecommunications course offerings.

NEW SECTION. Sec. 1021. As of the effective date of this act, each state agency is prohibited from using any state funds, regardless of the source, for the construction, remodel, repair, maintenance, or equipping of any recreational facilities such as gymnasiums, weight rooms, exercise rooms, swimming pools, spas, saunas, basketball courts, running tracks, or any similar type facilities, unless a specific detailed request is made in a funding request to the legislature and is specifically and expressly granted in a legislative appropriation that clearly describes and limits the authorized use.

NEW SECTION. Sec. 1022. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 1023. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

SENATE AMENDMENTS TO HOUSE BILL

April 30, 1993

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1761 with the following amendment:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 36.70A.040 and 1990 1st ex.s. c 17 s 4 are each amended to read as follows:

(1) Each county that has both a population of fifty thousand or more and has had its population increase by more than ten percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall ~~((adopt comprehensive land use plans and development regulations under))~~ conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section.

Once a county meets either of these sets of criteria, the requirement to conform with ~~((RCW 36.70A.040 through 36.70A.460))~~ all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet ~~((the requirements of))~~ either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall ~~((adopt a comprehensive land use plan in accordance with))~~ conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county ~~((cannot remove itself from))~~ and the cities located within the county remain subject to all of the requirements of this chapter.

(3) Any county or city that is initially required to ~~((adopt a comprehensive land use plan))~~ conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt ~~((the))~~ a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, ~~((1993))~~ 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(4) Any county or city that is required to ~~((adopt a comprehensive land use plan))~~ conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under

subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt ~~((the))~~ a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than ~~((three))~~ four years from the date the county legislative ~~((body takes action as required by subsection (2) of this section))~~ authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

~~((4))~~ (5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the ~~((requirements of))~~ sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall ~~((adopt))~~ take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; ~~((b))~~ (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan ~~((under this chapter))~~ and development regulations that are consistent with and implement the comprehensive plan within ~~((three))~~ four years of the certification by the office of financial management ~~((; and (c) development regulations pursuant to this chapter within one year of having adopted its comprehensive land use plan))~~, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

Sec. 2. RCW 36.70A.110 and 1991 sp.s. c 32 s 29 are each amended to read as follows:

(1) Each county that is required or chooses to ~~((adopt a comprehensive land use))~~ plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth or is adjacent to territory already characterized by urban growth.

(2) Based upon the population growth management planning population projection made for the county by the office of financial management, the urban growth areas in the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. Within one year of July 1, 1990, each county ~~((required to designate urban growth areas))~~ that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have existing public facility and service capacities to serve such development, and second in areas already characterized by urban growth that will be served by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources. Further, it is appropriate that urban government services be provided by cities, and urban government services should not be provided in rural areas.

(4) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter.

Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth planning hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(5) Each county shall include designations of urban growth areas in its comprehensive plan.

Sec. 3. RCW 36.70A.120 and 1990 1st ex.s. c 17 s 12 are each amended to read as follows:

~~(Within one year of the adoption of its comprehensive plan, each county and city that is required or chooses to plan under RCW 36.70A.040 shall enact development regulations that are consistent with and implement the comprehensive plan. These counties and cities)~~ Each county and city that is required or chooses to plan under RCW 36.70A.040 shall perform ((their)) its activities and make capital budget decisions in conformity with ((their)) its comprehensive plan((s)).

Sec. 4. RCW 36.70A.210 and 1991 sp.s. c 32 s 2 are each amended to read as follows:

(1) The legislature recognizes that counties are regional governments within their boundaries, and cities are primary providers of urban governmental services within urban growth areas. For the purposes of this section, a "county-wide planning policy" is a written policy statement or statements used solely for establishing a county-wide framework from which county and city comprehensive plans are developed and adopted pursuant to this chapter. This framework shall ensure that city and county comprehensive plans are consistent as required in RCW 36.70A.100. Nothing in this section shall be construed to alter the land-use powers of cities.

(2) The legislative authority of a county that plans under RCW 36.70A.040 shall adopt a county-wide planning policy in cooperation with the cities located in whole or in part within the county as follows:

(a) No later than sixty calendar days from July 16, 1991, the legislative authority of ((the)) each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040 shall convene a meeting with representatives of each city located within the county for the purpose of establishing a collaborative process that will provide a framework for the adoption of a county-wide planning policy((:)). In other counties that are required or choose to plan under RCW 36.70A.040, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management.

(b) The process and framework for adoption of a county-wide planning policy specified in (a) of this subsection shall determine the manner in which the county and the cities agree to all procedures and provisions including but not limited to desired planning policies, deadlines, ratification of final agreements and demonstration thereof, and financing, if any, of all activities associated therewith((:)).

(c) If a county fails for any reason to convene a meeting with representatives of cities as required in (a) of this subsection, the governor may immediately impose any appropriate sanction or sanctions on the county from those specified under RCW 36.70A.340((:)).

(d) If there is no agreement by October 1, 1991, in a county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or if there is no agreement within one hundred twenty days of the date the county adopted its resolution of intention or was certified by the office of financial management in any other county that is required or chooses to plan under RCW 36.70A.040, the governor shall first inquire of the jurisdictions as to the reason or reasons for failure to reach an agreement. If the governor deems it appropriate, the governor may immediately request the assistance of the department of community development to mediate any disputes that preclude agreement. If mediation is unsuccessful in resolving all disputes that will lead to agreement, the governor may impose appropriate sanctions from those specified under RCW 36.70A.340 on the county, city, or cities for failure to reach an agreement as provided in this section. The governor shall specify the reason or reasons for the imposition of any sanction((:and)).

(e) No later than July 1, 1992, the legislative authority of ((the)) each county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or no later than fourteen months after the date the county adopted its resolution of intention or was certified by the office of financial management the county legislative authority of any other county that is required or chooses to plan under RCW 36.70A.040, shall adopt a county-wide planning policy according to the process provided under this section and that is consistent with the agreement pursuant to (b) of this subsection, and after holding a public hearing or hearings on the proposed county-wide planning policy.

(3) A county-wide planning policy shall at a minimum, address the following:

- (a) Policies to implement RCW 36.70A.110;
- (b) Policies for promotion of contiguous and orderly development and provision of urban services to such development;
- (c) Policies for siting public capital facilities of a county-wide or state-wide nature;
- (d) Policies for county-wide transportation facilities and strategies;
- (e) Policies that consider the need for affordable housing, such as housing for all economic segments of the population and parameters for its distribution;
- (f) Policies for joint county and city planning within urban growth areas;
- (g) Policies for county-wide economic development and employment; and
- (h) An analysis of the fiscal impact.

(4) Federal agencies and Indian tribes may participate in and cooperate with the county-wide planning policy adoption process. Adopted county-wide planning policies shall be adhered to by state agencies.

(5) Failure to adopt a county-wide planning policy that meets the requirements of this section may result in the imposition of a sanction or sanctions on a county or city within the county, as specified in RCW 36.70A.340. In imposing a sanction or sanctions, the governor shall specify the reasons for failure to adopt a county-wide planning policy in order that any imposed sanction or sanctions are fairly and equitably related to the failure to adopt a county-wide planning policy.

(6) Cities and the governor may appeal an adopted county-wide planning policy to the growth planning hearings board within sixty days of the adoption of the county-wide planning policy.

(7) Multicounty planning policies shall be adopted by two or more counties, each with a population of four hundred fifty thousand or more, with contiguous urban areas and may be adopted by other counties, according to the process established under this section or other processes agreed to among the counties and cities within the affected counties throughout the multicounty region.

NEW SECTION. Sec. 5. A new section is added to chapter 36.70A RCW to read as follows:

The governor may impose a sanction or sanctions specified under RCW 36.70A.340 on: (1) A county or city that fails to designate critical areas, agricultural lands, forest lands, or mineral resource lands under RCW 36.70A.170 by the date such action was required to have been taken; (2) a county or city that fails to adopt development regulations under RCW 36.70A.060 protecting critical areas or conserving agricultural lands, forest lands, or mineral resource lands by the date such action was required to have been taken; (3) a county that fails to designate urban growth areas under RCW 36.70A.110 by the date such action was required to have been taken; and (4) a county or city that fails to adopt its comprehensive plan or development regulations when such actions are required to be taken.

Imposition of a sanction or sanctions under this section shall be preceded by written findings by the governor, that either the county or city is not proceeding in good faith to meet the requirements of the act; or that the county or city has unreasonably delayed taking the required action. The governor shall consult with and communicate his or her findings to the appropriate growth planning hearings board prior to imposing the sanction or sanctions. For those counties or cities that are not required to plan or have not opted in, the governor in imposing sanctions shall consider the size of the jurisdiction relative to the requirements of this chapter and the degree of technical and financial assistance provided.

Sec. 6. RCW 82.02.050 and 1990 1st ex.s. c 17 s 43 are each amended to read as follows:

(1) It is the intent of the legislature:

(a) To ensure that adequate facilities are available to serve new growth and development;

(b) To promote orderly growth and development by establishing standards by which counties, cities, and towns may require, by ordinance, that new growth and development pay a proportionate share of the cost of new facilities needed to serve new growth and development; and

(c) To ensure that impact fees are imposed through established procedures and criteria so that specific developments do not pay arbitrary fees or duplicative fees for the same impact.

(2) Counties, cities, and towns that are required or choose to plan under RCW 36.70A.040 are authorized to impose impact fees on development activity as part of the financing for public facilities, provided that the financing for system improvements to serve new development must provide for a balance between impact fees and other sources of public funds and cannot rely solely on impact fees.

(3) The impact fees:

(a) Shall only be imposed for system improvements that are reasonably related to the new development;

(b) Shall not exceed a proportionate share of the costs of system improvements that are reasonably related to the new development; and

(c) Shall be used for system improvements that will reasonably benefit the new development.

(4) Impact fees may be collected and spent only for the public facilities defined in RCW 82.02.090 which are addressed by a capital facilities plan element of a comprehensive land use plan adopted pursuant to the provisions of RCW 36.70A.070 or the provisions for comprehensive plan adoption contained in chapter 36.70, 35.63, or 35A.63 RCW. After ~~((July 1, 1993))~~ the date a county, city, or town is required to adopt its comprehensive plan and development regulations under chapter 36.70A RCW, continued authorization to collect and expend impact fees shall be contingent on the county, city, or town adopting or revising a comprehensive plan in compliance with RCW 36.70A.070, and on the capital facilities plan identifying:

(a) Deficiencies in public facilities serving existing development and the means by which existing deficiencies will be eliminated within a reasonable period of time;

(b) Additional demands placed on existing public facilities by new development; and

(c) Additional public facility improvements required to serve new development.

If the capital facilities plan of the county, city, or town is complete other than for the inclusion of those elements which are the responsibility of a special district, the county, city, or town may impose impact fees to address those public facility needs for which the county, city, or town is responsible.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect June 1, 1993.

On page 1, line 2 of the title, after "years;" strike the remainder of the title and insert "amending RCW 36.70A.040, 36.70A.110, 36.70A.120, 36.70A.210, and 82.02.050; adding a new section to chapter 36.70A RCW; providing an effective date; and declaring an emergency." and the same are herewith transmitted.

The Speaker stated the question before the House to be final passage of Engrossed Substitute House Bill No. 1761 as amended by the Senate.

POINT OF INQUIRY

Representative H. Myers yielded to a question by Representative Edmondson.

Representative Edmondson: Are the goals of the growth management act that are codified in RCW 36.70A.020 applicable to interim urban growth areas?

Representative H. Myers: Yes, they are. The goals that codified in RCW 36.70A.020 guide the development and adoption of comprehensive plans and development regulation adopted under the growth management act. These goals are applicable since the counties adopted all the regulations designated urban growth areas.

Representative Edmondson: Do the amendments to the RCW 36.78.110 alter the planning and zoning powers of the city?

Representative H. Myers: No, these amendments do not alter the planning and zoning powers of the city.

Representatives H. Myers and Edmondson spoke in favor of passage of the bill.

On motion of Representative J. Kohl, Representative Wang was excused.

POINT OF INQUIRY

Representative H. Myers yielded to a question by Representative R. Fisher.

Representative R. Fisher: Does the use of the term "interim urban growth area" in section 2 require counties to adopt in growth mark orem.

Representative H. Myers: No. Interim means temporarily, counties will adopt development regulations designated "interim urban growth areas" and later adopt full urban growth areas as part of the comprehensive plan. As under existing laws county has flexibility to craft its own development regulations. The final urban growth areas that the county adopts could be the same as the interim growth area or could differ from its interim growth areas.

NEW SECTION. Sec. 49. In addition to compliance with the requirements of RCW 43.105.190, titled "Major information technology projects standards and policies," agencies shall comply with the following requirements: For projects funded through the transportation budget, the agency and the department of information services shall provide the office of financial management, the legislative transportation committee, and the information services board with a written bi-monthly project oversight and risk assessment report for designated projects. The report shall include, but not be limited to, the following: Project name, agency undertaking the project, a description of the project, key project activities or accomplishments during the next sixty to ninety days, baseline cost data, costs to date, baseline schedule, schedule to date, risk assessments, risk management, any deviations from the project feasibility study, and recommendations.

NEW SECTION. Sec. 50. The legislature supports the proposed reduction by the governor of state agency, middle management level employees and recognizes that such reduction is essential to achieve more efficient and effective delivery of state services. Further, the legislature finds that employee reductions in agencies providing state transportation programs and services are necessary to the extent such reductions do not jeopardize transportation program and service delivery.

NEW SECTION. Sec. 51. To maximize the use of transportation revenues, it is the intent of the legislature to encourage sharing of technology, information, and systems where appropriate between transportation agencies. To facilitate this exchange, the Washington state department of transportation assistant secretary for finance and budget management; Washington state department of transportation chief for management information systems; the Washington state patrol deputy chief, chief of staff; Washington state patrol manager of the computer services division; the department of licensing deputy director and department of licensing assistant director for information systems will meet quarterly to share plans, discuss progress of key projects, and to coordinate activities for the common good. Minutes of these meetings will be distributed to the respective agency heads and the legislative transportation committee. Washington state department of transportation will provide staff support and meeting coordination.

NEW SECTION. Sec. 52. The appropriations of moneys and the designation of funds and accounts by this and other acts of the 1993 legislature shall be construed in a manner consistent with legislation enacted by the 1985,

1987, 1989, and 1991 legislatures to conform state funds and accounts with generally accepted accounting principles. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 53. The commission for efficiency and accountability in Washington state government shall conduct a study, in conjunction with the department of transportation, the department of licensing, and the Washington state patrol, of the methods used by the revolving fund agencies to determine the cost allocation for actual services provided to the transportation agencies. The study shall determine whether or not allocation methodologies used to assign these costs to transportation agencies are consistent with accepted accounting principles and represent a pro rata share in relation to all other agencies.

NEW SECTION. Sec. 54. Beginning July 1, 1993, and until June 30, 1995, no state agency may provide the following to employees whose monthly salary on or after July 1, 1993, exceeds \$3,750:

- (1) Scheduled increment increases to any employee classified under chapter 41.06 RCW;
- (2) Salary increases to any employee who is exempt from chapter 41.06 RCW, except exempt employees whose salaries are determined by an elected state official or the judicial branch;
- (3) Salary increases to the agency officials listed in RCW 43.03.028 and 47.01.041.

The office of financial management shall reduce allotments to all transportation agencies to reflect the elimination of these salary increases.

NEW SECTION. Sec. 55. The department of licensing shall review the pricing of fees related to the licensing and operation of motor vehicles to determine whether any such fees should be eliminated to reduce costs, whether the pricing of any fees should be adjusted to cover costs of administration or to be more equitable, and whether any other related modifications may be justified, and make recommendations to the governor and the legislative transportation committee by October 15, 1993, as to any price-setting policies or guidelines, pricing changes, or other statutory modifications pertaining to such fees.

Every motor truck, truck tractor, and tractor exceeding 6,000 pounds empty scale weight registered under chapter 46.16, 46.87, or 46.88 RCW shall be licensed for not less than one hundred fifty percent of its empty weight unless the amount would be in excess of the legal limits prescribed for such a vehicle in RCW 46.44.041 or 46.44.042, in which event the vehicle shall be licensed for the maximum weight authorized for such a vehicle.

The following provisions apply when increasing gross or combined gross weight for a vehicle licensed under this section:

(a) The new license fee will be one-twelfth of the fee listed above for the new gross weight, multiplied by the number of months remaining in the period for which licensing fees have been paid, including the month in which the new gross weight is effective.

(b) Upon surrender of the current certificate of registration or cab card, the new licensing fees due shall be reduced by the amount of the licensing fees previously paid for the same period for which new fees are being charged.

(2) The proceeds from the fees collected under subsection (1) of this section shall be distributed in accordance with RCW 46.68.035.

Sec. 61. RCW 82.44.020 and 1993 c ... (Substitute Senate Bill No. 5535) s 2 are each amended to read as follows:

(1) An excise tax is imposed for the privilege of using in the state any motor vehicle, except those operated under reciprocal agreements, the provisions of RCW 46.16.160 as now or hereafter amended, or dealer's licenses. The annual amount of such excise tax shall be two percent of the value of such vehicle.

(2) An additional excise tax is imposed, in addition to any other tax imposed by this section, for the privilege of using in the state any such motor vehicle, and the annual amount of such additional excise shall be two-tenths of one percent of the value of such vehicle.

(3) Effective with October 1992 motor vehicle registration expirations, a clean air excise tax is imposed in addition to any other tax imposed by this section for the privilege of using in the state any motor vehicle as defined in RCW 82.44.010, except that farm vehicles as defined in RCW 46.04.181 shall not be subject to the tax imposed by this subsection. The annual amount of the additional excise tax shall be two dollars and twenty-five cents. Effective with July 1994 motor vehicle registration expirations, the annual amount of additional excise tax shall be two dollars.

(4) An additional excise tax is imposed on truck-type power units that are used in combination with a trailer to transport loads in excess of forty thousand pounds combined gross weight. The ~~((rate))~~ annual amount of such additional excise tax shall be fifty-eight one-hundredths of one percent of the value of the vehicle.

The department shall distribute the additional tax collected under this subsection as follows:

(a) For each trailing unit subject to subsection (5) of this section, an amount equal to the clean air excise tax prescribed in subsection (3) of this section shall be distributed in the manner prescribed in RCW 82.44.110(3);

(b) Of the remainder of the additional excise tax collected under this subsection, ten percent ~~((of the additional tax collected under this subsection))~~ shall be distributed in the manner prescribed in RCW 82.44.110(2) ~~((The remainder of the excise tax collected under this subsection))~~ and ninety percent shall be distributed in the manner prescribed in RCW 82.44.110(1). This tax shall not apply to power units used exclusively for hauling logs.

(5) The excise taxes imposed by subsections (1) through (3) of this section shall not apply to trailing units which are used in combination with a power unit subject to the additional excise tax imposed by subsection (4) of this section. This subsection shall not apply to trailing units used for hauling logs. ~~((The department of licensing is authorized to adopt rules to implement subsection (4) of this section and this subsection to assure that total motor vehicle excise tax revenue is not affected.))~~

(6) In no case shall the total tax be less than two dollars except for proportionally registered vehicles.

(7) Washington residents, as defined in RCW 46.16.028, who license motor vehicles in another state or foreign country and avoid Washington motor vehicle excise taxes are liable for such unpaid excise taxes. The department of revenue may assess and collect the unpaid excise taxes under chapter 82.32 RCW, including the penalties and interest provided therein.

Sec. 62. RCW 81.112.030 and 1992 c 101 s 3 are each amended to read as follows:

Two or more contiguous counties each having a population of four hundred thousand persons or more may establish a regional transit authority to develop and operate a high capacity transportation system as defined in chapter 81.104 RCW.

The authority shall be formed in the following manner:

(1) The joint regional policy committee created pursuant to RCW 81.104.040 shall adopt a system and financing plan, including the definition of the service area. This action shall be completed by September 1, 1992, contingent upon satisfactory completion of the planning process defined in RCW 81.104.100. The final system plan

shall be adopted no later than June 30, 1993. In addition to the requirements of RCW 81.104.100, the plan for the proposed system shall provide explicitly for a minimum portion of new tax revenues to be allocated to local transit agencies for interim express services. Upon adoption the joint regional policy committee shall immediately transmit the plan to the county legislative authorities within the adopted service area.

(2) The legislative authorities of the counties within the service area shall decide by resolution whether to participate in the authority. This action shall be completed within forty-five days following receipt of the adopted plan or by August 13, 1993, whichever comes first.

~~((3))~~ ~~((If any of the counties does not opt to participate in the authority, the joint regional policy committee shall, within forty-five days, redefine the system and financing plan and resubmit the adopted redefined plan to the remaining county legislative authorities for their decision as to whether to participate. This action shall be completed within forty-five days following receipt of the redefined plan.~~

~~((4))~~ Each county that chooses to participate in the authority shall appoint its board members as set forth in RCW 81.112.040 and shall submit its list of members to the secretary of the Washington state department of transportation. These actions must be completed within thirty days following each county's decision to participate in the authority.

~~((5))~~ (4) The secretary shall call the first meeting of the authority, to be held within thirty days following receipt of the appointments. At its first meeting, the authority shall elect officers and provide for the adoption of rules and other operating procedures.

~~((6))~~ (5) The authority is formally constituted at its first meeting and the board shall begin taking steps toward implementation of the system and financing plan adopted by the joint regional policy committee. If the joint regional policy committee fails to adopt a plan by June 30, 1993, the authority shall proceed to do so based on the work completed by that date by the joint regional policy committee. Upon formation of the authority, the joint regional policy committee shall cease to exist. The authority may make minor modifications to the plan as deemed necessary and shall at a minimum review local transit agencies' plans to ensure feeder service/high capacity transit service integration, ensure fare integration, and ensure avoidance of parallel competitive services. The authority shall also conduct a minimum thirty-day public comment period.

~~((7))~~ (6) If the authority determines that major modifications to the plan are necessary before being submitted to the voters, the authority may make those modifications with a favorable vote of two-thirds of the entire membership. Any such modification shall be subject to the review process set forth in RCW 81.104.110. The modified plan shall be transmitted to the legislative authorities of the participating counties. The legislative authorities shall have forty-five days following receipt to confirm or rescind their continued participation in the authority.

(7) If any county opts to not participate in the authority, but two or more contiguous counties do choose to continue to participate, the authority's board shall be revised accordingly. The authority shall, within forty-five days, redefine the system and financing plan to reflect elimination of one or more counties, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to participate. This action shall be completed within forty-five days following receipt of the redefined plan.

(8) The authority shall place on the ballot within two years of the authority's formation, a single ballot proposition to ~~((ratify formation of the authority,))~~ approve the system and finance plan~~((;-))~~ and authorize the imposition of the taxes to support the plan within its service area. In addition to the system plan requirements contained in RCW 81.104.100(2)(d), the system plan submitted to voters shall contain an equity element which:

(a) Identifies revenues anticipated to be generated by corridor and by county within the authority's boundaries;

(b) Identifies the phasing of construction and operation of high capacity system facilities, services, and benefits in each corridor. Phasing decisions should give priority to jurisdictions which have adopted transit-supportive land use plans; and

(c) Identifies the degree to which revenues generated within each county will benefit the residents of that county, and identifies when such benefits will accrue.

A simple majority of those voting within the boundaries of the authority is required for approval. If the vote is affirmative, the authority shall begin implementation of the plan. However, the authority may not submit any authorizing proposition for voter-approved taxes prior to July 1, 1993; nor may the authority issue bonds or form any local improvement district prior to July 1, 1993.

~~((9))~~ (9) If the vote fails, the board may redefine the system and financing plan, make changes to the authority boundaries, and make corresponding changes to the composition of the board. If the composition of the board is changed, the participating counties shall revise the membership of the board accordingly. The board may then submit the revised plan to voters. No single system and financing plan may be submitted to the voters more than twice.

If the authority is unable to achieve a positive vote within two years from the date of the first election on a system plan, the board may, by resolution, reconstitute the authority as a single-county body. With a two-thirds vote of the entire membership of the voting members, the board may also dissolve the authority.

Sec. 63. RCW 43.89.010 and 1965 ex.s. c 60 s 2 are each amended to read as follows:

Moneys in the fund may be spent only after appropriation. (2) There is hereby created the central Puget Sound public transportation account within the transportation fund. Moneys deposited into the account under RCW 82.44.150(2)(b) shall be expended within the three county region from which the funds are derived, solely for:

The striking amendment was adopted.

With the consent of the House, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

The Speaker stated the question before the House to be final passage of Second Engrossed Substitute Senate Bill No. 5972 as amended by the House.

Representative R. Fisher spoke in favor of passage of the bill and Representatives Schmidt, Brough and Morton spoke against it.

Representative R. Fisher again spoke in favor of passage of the bill.

POINT OF INQUIRY

Representative R. Fisher yielded to a question by Representative Heavey.

Representative Heavey: In section 62, the sentence beginning on page 32, line 32, requires that a High Capacity Transit system and finance plan and the taxes to fund the plan be presented to the voters as a single ballot proposition. Is this language intended to prohibit the proposed plan and taxes from being presented to the voters in phases or stages?

Representative R. Fisher: No, the statutory language is intended to insure that approval of the system and finance plan authorization to impose the taxes to support the plan be drafted as a single ballot proposition each time a proposition is submitted to the voters within the Regional Transit Authority. The system plan and plan funding could certainly be submitted to the voters in phases.

On motion of Representative J. Kohl, Representatives H. Myers, Peery and Chappell were excused.

On motion of Representative Wood, Representative Thomas was excused.

POINT OF PARLIAMENTARY INQUIRY

Representative Foreman: Mr. Speaker, House Rule 19D and Article II Section 30 of our state constitution requires a member to disclose any private interest in a bill and to refrain from voting on the bill. Mr. Speaker, I am currently a named plaintiff in a suit filed as a class action that may be adversely impacted by the retroactive nature of this legislation. Mr. Speaker, should I be excused from voting on Substitute House Bill No. 1458?

Speaker Ebersole: No, Representative Foreman, you should not be excused from voting on Substitute House Bill No. 1458. House Rule 19 D and Article II, Section 30 of the state constitution prohibits members from voting on legislation which affects them individually and uniquely, not as members of a group. Because the bill in question will affect the legal remedies available to a large number of Washington citizens, and not uniquely to you, you do not have a private interest within the meaning of our state constitution which would disqualify you from voting.

On motion of Representative J. Kohl, Representative Dorn was excused.

through grade six shall generate funding under (a) of this subsection, and shall not generate allocations under (d) and (e) of this subsection, if the staffing allocations generated under (a) of this subsection exceed those generated under (d) and (e) of this subsection. The certificated staffing allocations shall be as follows:

(a) On the basis of average annual full time equivalent enrollments, excluding full time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:

(i) Four certificated administrative staff units for each one thousand full time equivalent kindergarten through twelfth grade students excluding full time equivalent handicapped enrollment as recognized for funding purposes under section 509 of this act;

(iii) Forty-six certificated instructional staff units for each one thousand full time equivalent students, excluding full time equivalent handicapped students ages nine and above;

(b) For school districts with a minimum enrollment of 250 full time equivalent students, whose full time equivalent student enrollment count in a given month exceeds the first of the month full time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full time equivalent students been included in the normal enrollment count for that particular month;

(c) On the basis of full time equivalent enrollment in vocational education programs and skill center programs approved by the superintendent of public instruction, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 16.67 full time equivalent vocational students;

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full time equivalent students in kindergarten through grade eight, and for small school plants within any school district which enroll more than twenty-five average annual full time equivalent kindergarten through eighth grade students and have been judged to be remote and necessary by the state board of education:

(i) For enrollment of up to sixty annual average full time equivalent students in kindergarten through grade six, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full time equivalent students in grades seven and eight, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units.

(i) For remote and necessary schools enrolling students in any grades nine through twelve but no more than twenty-five average annual full time equivalent kindergarten through twelfth grade students, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational and handicapped full time equivalent students.

(g) For each nonhigh school district having an enrollment of more than seventy annual average full time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit;

(a) For enrollments generating certificated staff unit allocations under subsection (2) (d) through (h) of this section, one classified staff unit for each three certificated staff units allocated under such subsections.

(b) For all other enrollment in grades kindergarten through twelve, including vocational but excluding handicapped full time equivalent enrollments, one classified staff unit for each sixty average annual full time equivalent students.

(5) Insurance benefit allocations shall be calculated at the rates specified in section 505 of this act, based on:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2) (a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$6,848 per certificated staff unit in the 1991-92 school year and a maximum of \$7,060 per certificated staff unit in the 1992-93 school year.

(b) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(c) of this section, there shall be provided a maximum of \$13,049 per certificated staff unit in the 1991-92 school year and a maximum of \$13,454 per certificated staff unit in the 1992-93 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maximum rate of \$318 for the 1991-92 school year and \$318 per year for the 1992-93 school year for allocated classroom teachers. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1990-91 school year.

(8) The superintendent may distribute a maximum of \$4,690,000 outside the basic education formula during fiscal years 1992 and 1993 as follows:

(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of \$386,000 may be expended in fiscal year 1992 and a maximum of \$398,000 may be expended in fiscal year 1993.

(b) For summer vocational programs at skills centers, a maximum of \$1,766,000 may be expended in fiscal year 1992 and a maximum of \$1,856,000 may be expended in fiscal year 1993.

(c) A maximum of \$284,000 may be expended for school district emergencies.

(9) For the purposes of RCW 84.52.0531, the increase per full time equivalent student in state basic education appropriations provided under this act, including appropriations for salary and benefits increases, is 5.6 percent from the 1990-91 school year to the 1991-92 school year, and 5.0 percent from the 1991-92 school year to the 1992-93 school year.

(10) A maximum of \$2,450,000 may be expended in the 1991-92 fiscal year and a maximum of \$2,450,000 may be expended in the 1992-93 fiscal year for high technology vocational equipment for secondary vocational education programs and skill centers.

(11)(a) Funds provided under subsection (2)(a)(ii) of this section in excess of the amount required to maintain the statutory minimum ratio established under RCW 28A.150.260(2)(c), shall be allocated only if the district documents an actual ratio equal to or greater than 54.3 certificated instructional staff per thousand full time equivalent students in grades K-3. For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district's actual K-3 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(c), if greater.

(b) Districts at or above 51.0 certificated instructional staff per one thousand full time equivalent students in grades K-3 may dedicate up to 1.3 of the 54.3 funding ratio to employ additional classified instructional assistants assigned to basic education classrooms in grades K-3. For purposes of documenting a district's staff ratio under subsection (11)(a) and (c) of this section, funds used by the district to employ additional classified instructional assistants shall be converted to a certificated staff equivalent and added to the district's actual certificated instructional staff ratio. Additional classified instructional assistants, for the purposes of this subsection, shall be determined using the 1989-90 school year as the base year.

(c) Any district maintaining a ratio equal to or greater than 54.3 certificated instructional staff per thousand full time equivalent students in grades K-3 may use allocations generated under subsection (2)(a)(ii) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(c) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 4-6. Funds allocated under this section shall only be expended to reduce class size in grades K-6. No more than 1.3 of the certificated instructional funding ratio amount may be expended for provision of classified instructional assistants.

(12) The superintendent of public instruction shall study the rate of staff per student if current levels of certificated instructional staffing and paraprofessionals are counted together as "classroom resources." A report identifying "classroom resource" per pupil rates shall be provided to the appropriate fiscal and policy committees of the house of representatives and senate by January 10, 1992.

Sec. 502. 1992 c 232 s 503 is amended to read as follows:

(b) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 12A.

(2) For the purposes of this section:

(6) Increases for certificated instructional staff units provided under section 502 of this act shall be the difference between the salary allocation specified in subsection (1)(a) of this section and the salary allocation specified as follows:

(a) For the 1991-92 school year, the allocation for each certificated instructional staff unit shall be the 1991-92 derived base salary, as shown on LEAP Document 12A, multiplied by the district's average staff mix factor for actual 1991-92 full time equivalent basic education certificated instructional staff using LEAP Document 1A.

(b) For the 1992-93 school year, the allocation for each certificated instructional staff unit shall be the 1992-93 derived base salary, as shown on LEAP Document 12A, multiplied by the district's average staff mix factor for actual 1992-93 full time equivalent basic education certificated instructional staff using LEAP Document 1A.

Temporary services and fees may be negotiated by the small business export finance assistance center's president subject to approval of the board of directors. The president of the small business export finance assistance center may enter into negotiations with neighboring states to contract for delivery of the project's services. Final contracts for providing the project's counseling and services outside of the state of Washington on a permanent basis shall be subject to approval of the governor, appropriate legislative oversight committees, and the small business export finance assistance center's board of directors.

(6) The small business export finance assistance center may receive such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the

(7) The president of the small business export finance assistance center, in consultation with the board of directors, may use the following formula in determining the number of clients that can be reasonably served by the Pacific Northwest export assistance project relative to its appropriation. Divide the amount appropriated for administration of the Pacific Northwest export assistance project by the marginal cost of adding each additional Pacific Northwest export assistance project client. For the purposes of this calculation, and only for the first biennium of operation, the biennial marginal cost of adding each additional Pacific Northwest export assistance project client shall be fifty-seven thousand ninety-five dollars. The biennial marginal cost of adding each additional client after the first biennium of operation shall be established from the actual operating experience of the Pacific Northwest export assistance project.

(8) All receipts from the Pacific Northwest export assistance project shall be deposited into the general fund. However, during the 1993-95 fiscal biennium, the receipts of the project shall be deposited into the small business export finance assistance center fund under RCW 43.210.070.

NEIGHBORHOOD REINVESTMENT AREA--APPLICATION. (1) The department, in cooperation with the department of revenue, the employment security department, and the office of financial management, shall approve applications submitted by local governments for designation as a neighborhood reinvestment area under this section. The application shall be in the form and manner and contain such information as the department may prescribe, provided that the application for designation shall:

(a) Contain information sufficient for the director to determine if the criteria established in section 402 of this act have been met.

(b) Be submitted on behalf of the local government by its chief elected official, or, if none, by the governing body of the local government.

(c) Contain a five-year neighborhood reinvestment plan that describes the proposed designated neighborhood reinvestment area's community development needs and present a strategy for meeting those needs. The plan shall address the following categories: Housing needs; public infrastructure needs, such as transportation, water, sanitation, energy, and drainage/flood control; other public facilities needs, such as neighborhood facilities or facilities for provision of health, education, recreation, public safety, or other services; community economic development needs, such as commercial/industrial revitalization, job creation and retention considering the unemployment and underemployment of area residents, accessibility to financial resources by area residents and businesses, investment within the area, or other related components of community economic development; and social service needs.

The local government is required to provide a description of its strategy for meeting the needs identified in this subsection (1)(c). As part of the strategy, the local government is required to identify the needs for which specific plans are currently in place and the source of funds expected to be used. For the balance of the area's needs, the local government must identify the source of funds expected to become available during the next two-year period and actions the local government will take to acquire those funds.

(d) Certify that neighborhood residents were given the opportunity to participate in the development of the five-year neighborhood reinvestment strategy required under (c) of this subsection.

(2) No local government shall submit more than two neighborhoods to the department for possible designation as a designated neighborhood reinvestment area under this section.

(3)(a) Within ninety days after January 1, 1994, the director may designate up to six designated neighborhood reinvestment areas from among the applications eligible for designation as a designated neighborhood reinvestment area under this section. The director shall make determinations of designated neighborhood reinvestment areas on the basis of the following factors:

(i) The strength and quality of the local government commitments to meet the needs identified in the five-year neighborhood reinvestment plan required under this section.

(ii) The level of private commitments by private entities of additional resources and contribution to the designated neighborhood reinvestment area.

(iii) The potential for reinvestment in the area as a result of designation as a designated neighborhood reinvestment area.

(iv) Other factors the director of the department of community development deems necessary.

(b) The determination of the director as to the areas designated as neighborhood reinvestment areas shall be final.

NEW SECTION. Sec. 402. A new section is added to chapter 43.63A RCW to read as follows:

NEIGHBORHOOD REINVESTMENT AREA--REQUIREMENTS. (1) The director may not designate an area as a designated neighborhood reinvestment area unless that area meets the following requirements:

(b) The area must have at least fifty-one percent of the households in the area with incomes at or below eighty percent of the county's median income, adjusted for household size;

(c) The average unemployment rate for the area, for the most recent twelve-month period for which data is available must be at least one hundred twenty percent of the average unemployment rate of the county; and

(d) A five-year neighborhood reinvestment plan for the area that meets the requirements of section 401(1)(c) of this act and as further defined by the director must be adopted.

(2) The director may establish, by rule, such other requirements as the director may reasonably determine necessary and appropriate to assure that the purposes of this section are satisfied.

(3) In determining if an area meets the requirements of this section, the director may consider data provided by the United States bureau of the census from the most recent census or any other reliable data that the director determines to be acceptable for the purposes for which the data is used.

PART V REAL ESTATE EXCISE TAX

NEW SECTION. Sec. 501. FINDINGS--INTENT. (1) The legislature finds that transfers of ownership of entities may be essentially equivalent to the sale of real property held by the entity. The legislature further finds that all transfers of possession or use of real property should be subject to the same excise tax burdens.

(2) The legislature intends to apply the real estate excise tax of chapter 82.45 RCW to transfers of entity ownership when the transfer of entity ownership is comparable to the sale of real property. The legislature intends to equate the excise tax burdens on all sales of real property and transfers of entity ownership essentially equivalent to a sale of real property under chapter 82.45 RCW.

Sec. 502. RCW 82.45.010 and 1981 c 93 s 1 are each amended to read as follows:

SALE--DEFINED. (1) As used in this chapter, the term "sale" shall have its ordinary meaning and shall include any conveyance, grant, assignment, quitclaim, or transfer of the ownership of or title to real property, including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including standing timber, or any estate or interest therein or other contract under which possession of the property is given to the purchaser, or any other person ~~((by his))~~ at the purchaser's direction, ~~((which))~~ and title to the property is retained by the vendor as security for the payment of the purchase price. The term also includes the grant, assignment, quitclaim, sale, or transfer of improvements constructed upon leased land.

(2) The term "sale" also includes the transfer or acquisition within any twelve-month period of a controlling interest in any entity with an interest in real property located in this state for a valuable consideration. For purposes of this subsection, all acquisitions of persons acting in concert shall be aggregated for purposes of determining whether a transfer or acquisition of a controlling interest has taken place. The department of revenue shall adopt standards by rule to determine when persons are acting in concert. In adopting a rule for this purpose, the department shall consider the following:

(a) Persons shall be treated as acting in concert when they have a relationship with each other such that one person influences or controls the actions of another through common ownership; and

(b) When persons are not commonly owned or controlled, they shall be treated as acting in concert only when the unity with which the purchasers have negotiated and will consummate the transfer of ownership interests supports a finding that they are acting as a single entity. If the acquisitions are completely independent, with each purchaser buying without regard to the identity of the other purchasers, then the acquisitions shall be considered separate acquisitions.

(3) The term "sale" shall not include:

(a) A transfer by gift, devise, or inheritance~~((;))~~.

(b) A transfer of any leasehold interest other than of the type mentioned above~~((;))~~.

(c) A cancellation or forfeiture of a vendee's interest in a contract for the sale of real property, whether or not such contract contains a forfeiture clause, or deed in lieu of foreclosure of a mortgage ~~((or the assumption by a grantee of the balance owing on an obligation which is secured by a mortgage or deed in lieu of forfeiture of the vendee's interest in a contract of sale where no consideration passes otherwise or))~~.

(d) The partition of property by tenants in common by agreement or as the result of a court decree~~((, any transfer, conveyance, or))~~.

(e) The assignment of property or interest in property from one spouse to the other in accordance with the terms of a decree of divorce or in fulfillment of a property settlement agreement ~~((incident thereto))~~.

(f) The assignment or other transfer of a vendor's interest in a contract for the sale of real property, even though accompanied by a conveyance of the vendor's interest in the real property involved~~((;))~~.

(g) Transfers by appropriation or decree in condemnation proceedings brought by the United States, the state or any political subdivision thereof, or a municipal corporation~~((;))~~.

(h) A mortgage or other transfer of an interest in real property merely to secure a debt, or the assignment thereof~~((;))~~.

(i) Any transfer or conveyance made pursuant to a deed of trust or an order of sale by the court in any mortgage, deed of trust, or lien foreclosure proceeding or upon execution of a judgment, or deed in lieu of foreclosure to satisfy a mortgage~~((;))~~ or deed of trust.

(j) A conveyance to the federal housing administration or veterans administration by an authorized mortgagee made pursuant to a contract of insurance or guaranty with the federal housing administration or veterans administration~~((, nor))~~.

(k) A transfer in compliance with the terms of any lease or contract upon which the tax as imposed by this chapter has been paid or where the lease or contract was entered into prior to the date this tax was first imposed~~((; nor))~~.

(l) The sale of any grave or lot in an established cemetery~~((, nor))~~.

(m) A sale by ~~((or to))~~ the United States, this state or any political subdivision thereof, or a municipal corporation of this state.

~~((The term sale shall further not include)) (n) A transfer of real property, however effected, if it consists of a mere change in identity or form of ownership of an entity where there is no change in the beneficial ownership. These include transfers to a corporation or partnership which is wholly owned by the transferor and/or the transferor's spouse or children: PROVIDED, That if thereafter such transferee corporation or partnership voluntarily transfers such real property, or such transferor, spouse, or children voluntarily transfer stock in the transferee corporation or interest in the transferee partnership capital, as the case may be, to other than (1) the transferor and/or the transferor's spouse or children, (2) a trust having the transferor and/or the transferor's spouse or children as the only beneficiaries at the time of the transfer to the trust, or (3) a corporation or partnership wholly owned by the original transferor and/or the transferor's spouse or children, within ~~((five))~~ three years of the original transfer to which this exemption applies, and the tax on the subsequent transfer has not been paid within sixty days of becoming due, excise taxes shall become due and payable on the original transfer as otherwise provided by law.~~

(o) A transfer that for federal income tax purposes does not involve the recognition of gain or loss for entity formation, liquidation or dissolution, and reorganization, including but not limited to nonrecognition of gain or loss because of application of section 332, 337, 351, 368(a)(1), 721, or 731 of the Internal Revenue Code of 1986, as amended.

SELLING PRICE--DEFINED. (1) As used in this chapter, the term "selling price" means the ~~((consideration, including))~~ true and fair value of the property conveyed. If property has been conveyed in an arm's length transaction between unrelated persons for a valuable consideration, a rebuttable presumption exists that the selling price is equal to the total consideration paid or contracted to be paid to the transferor, or to another for the transferor's benefit.

(2) If the sale is a transfer of a controlling interest in an entity with an interest in real property located in this state, the selling price shall be the true and fair value of the real property owned by the entity and located in this state. If the true and fair value of the real property located in this state cannot reasonably be determined, the selling price shall be determined according to subsection (4) of this section.

(3) As used in this section, "total consideration paid or contracted to be paid" includes money or anything of value, paid or delivered or contracted to be paid or delivered in return for the ~~((transfer of the real property or estate or interest in real property))~~ sale, and shall include the amount of any lien, mortgage, contract indebtedness, or other incumbrance, either given to secure the purchase price, or any part thereof, or remaining unpaid on such property at the time of sale.

~~((The term))~~ Total consideration shall not include the amount of any outstanding lien or incumbrance in favor of the United States, the state, or a municipal corporation for ~~((the))~~ taxes, special benefits, or improvements.

(4) If the total consideration for the sale cannot be ascertained or the true and fair value of the property to be valued at the time of the sale cannot reasonably be determined, the market value assessment for the property maintained on the county property tax rolls at the time of the sale shall be used as the selling price.

Sec. 504. RCW 82.45.032 and 1986 c 211 s 1 are each amended to read as follows:

REAL ESTATE--REAL PROPERTY--DEFINED. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

The term includes used mobile homes ~~((and)),~~ used floating homes, and improvements constructed upon leased land.

(2) "Used mobile home" means a mobile home which has been previously sold at retail and has been subjected to tax under chapter 82.08 RCW, or which has been previously used and has been subjected to tax under chapter 82.12 RCW, and which has substantially lost its identity as a mobile unit at the time of sale by virtue of its being fixed in location upon land owned or leased by the owner of the mobile home and placed on a foundation (posts or blocks) with fixed pipe connections with sewer, water, and other utilities.

(3) "Mobile home" means a mobile home as defined by RCW 46.04.302, as now or hereafter amended.

(2) In the case of a partnership, association, trust, or other entity, fifty percent or more of the capital, profits, or beneficial interest in such partnership, association, trust, or other entity.

Sec. 506. RCW 82.45.090 and 1991 c 327 s 6 are each amended to read as follows:

SALE OF BENEFICIAL INTEREST IN REAL PROPERTY--NO RECORDED INSTRUMENT. (1) Except for a sale of a beneficial interest in real property where no instrument evidencing the sale is recorded in the official real property records of the county in which the property is located, the tax imposed by this chapter shall be paid to and collected by the treasurer of the county within which is located the real property which was sold~~((said))~~. In collecting the tax the treasurer ~~((acting))~~ shall act as agent for the state. The county treasurer shall cause a stamp evidencing satisfaction of the lien to be affixed to the instrument of sale or conveyance prior to its recording or to the real estate excise tax affidavit in the case of used mobile home sales and used floating home sales. RESALE CERTIFICATES. (1) Unless a seller has taken from the ~~((purchaser))~~ buyer a resale certificate ~~((signed by, and bearing the name and address and registration number of the purchaser to the effect that the property or service was purchased for resale, or unless the nature of the transaction is clearly shown as a sale at wholesale by the books and records of the taxpayer in such other manner as the department of revenue shall by regulation provide)),~~ the burden of proving that a sale of tangible personal property, or of ~~((telephone))~~ services ~~((as defined in RCW 82.04.065)),~~ was not a sale at retail shall be upon the person who made it.

(2) If a seller does not receive a resale certificate at the time of the sale, have a resale certificate on file at the time of the sale, or obtain a resale certificate from the buyer within a reasonable time after the sale, the seller shall remain liable for the tax as provided in RCW 82.08.050, unless the seller can demonstrate facts and circumstances according to rules adopted by the department of revenue that show the sale was properly made without payment of sales tax.

(3) Resale certificates shall be valid for a period of four years from the date the certificate is provided to the seller.

(4) The department may provide by rule for suggested forms for resale certificates or equivalent documents containing the information that will be accepted as resale certificates. The department shall provide by rule the categories of items or services that must be specified on resale certificates and the business classifications that may use a blanket resale certificate.

(5) As used in this section, "resale certificate" means documentation provided by a buyer to a seller stating that the purchase is for resale in the regular course of business, or that the buyer is exempt from retail sales tax, and containing the following information:

(a) The name and address of the buyer;

(b) The uniform business identifier or revenue registration number of the buyer, if the buyer is required to registered;

(c) The type of business engaged in;

(d) The categories of items or services to be purchased for resale or that are exempt, unless the buyer is in a business classification that may present a blanket resale certificate as provided by the department by rule;

(e) The date on which the certificate was provided;

(f) A statement that the items or services purchased either: (i) Are purchased for resale in the regular course of business; or (ii) are exempt from tax pursuant to statute;

(g) A statement that the buyer acknowledges that the buyer is solely responsible for purchasing within the categories specified on the certificate and that misuse of the resale or exemption privilege claimed on the certificate subjects the buyer to a penalty of fifty percent of the tax due, in addition to the tax, interest, and any other penalties imposed by law;

(h) The name of the individual authorized to sign the certificate, printed in a legible fashion;

(i) The signature of the authorized individual; and

(j) The name of the seller.

NEW SECTION. Sec. 702. A new section is added to chapter 82.08 RCW to read as follows:

RESALE CERTIFICATE--PURCHASE AND RESALE. If a buyer normally is engaged in both consuming and reselling certain types of articles of tangible personal property and is not able to determine at the time of purchase whether the particular property acquired will be consumed or resold, the buyer may use a resale certificate for the entire purchase if the buyer principally resells the articles according to the general nature of the buyer's business. The buyer shall account for the value of any articles purchased with a resale certificate that are used by the buyer and remit the sales tax on the articles to the department.

A buyer who pays a tax on all purchases and subsequently resells an article at retail, without intervening use by the buyer, shall collect the tax from the purchaser as otherwise provided by law and is entitled to a deduction on

the buyer's tax return equal to the cost to the buyer of the property resold upon which retail sales tax has been paid. The deduction is allowed only if the taxpayer keeps and preserves records that show the names of the persons from whom the articles were purchased, the date of the purchase, the type of articles, the amount of the purchase, and the tax that was paid. The department shall provide by rule for the refund or credit of retail sales tax paid by a buyer for purchases that are later sold at wholesale without intervening use by the buyer.

NEW SECTION. Sec. 703. A new section is added to chapter 82.32 RCW to read as follows:

PENALTY. Any person who uses a resale certificate to purchase items or services without payment of sales tax and who is not entitled to use the certificate for the purchase shall be assessed a penalty of fifty percent of the tax due, in addition to all other taxes, penalties, and interest due, on the improperly purchased item or service. The department may waive the penalty imposed under this section if it finds that the use of the certificate was due to circumstances beyond the taxpayer's control or if the certificate was properly used for purchases for dual purposes. The department shall define by rule what circumstances are considered to be beyond the taxpayer's control.

Sec. 704. RCW 82.08.050 and 1992 c 206 s 2 are each amended to read as follows:

SELLER TO COLLECT TAX. The tax hereby imposed shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the tax payable in respect to each taxable sale in accordance with the schedule of collections adopted by the department pursuant to the provisions of RCW 82.08.060. The tax required by this chapter, to be collected by the seller, shall be deemed to be held in trust by the seller until paid to the department, and any seller who appropriates or converts the tax collected to his or her own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter shall be guilty of a gross misdemeanor.

In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay it to the department in the manner prescribed by this chapter, whether such failure is the result of his or her own acts or the result of acts or conditions beyond his or her control, he or she shall, nevertheless, be personally liable to the state for the amount of the tax, unless the seller has taken from the buyer in good faith a properly executed resale certificate under RCW 82.04.470.

The amount of tax, until paid by the buyer to the seller or to the department, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the tax as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any tax due under this chapter shall be guilty of a misdemeanor. The tax required by this chapter to be collected by the seller shall be stated separately from the selling price in any sales invoice or other instrument of sale. On all retail sales through vending machines, the tax need not be stated separately from the selling price or collected separately from the buyer. For purposes of determining the tax due from the buyer to the seller and from the seller to the department it shall be conclusively presumed that the selling price quoted in any price list, sales document, contract or other agreement between the parties does not include the tax imposed by this chapter, but if the seller advertises the price as including the tax or that the seller is paying the tax, the advertised price shall not be considered the selling price.

Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the buyer for collection of the tax, in which case a penalty of ten percent may be added to the amount of the tax for failure of the buyer to pay the same to the seller, regardless of when the tax may be collected by the department; and all of the provisions of chapter 82.32 RCW, including those relative to interest and penalties, shall apply in addition; and, for the sole purpose of applying the various provisions of chapter 82.32 RCW, the twenty-fifth day of the month following the tax period in which the purchase was made shall be considered as the due date of the tax.

PART VIII
BUSINESS & OCCUPATION AND PUBLIC UTILITY TAX
DEDUCTIONS FOR CAPITAL CONTRIBUTIONS REPEALED

PART IX
REPEAL OF INSURANCE PREMIUMS TAX CREDIT FOR
PAYMENTS TO GUARANTY ASSOCIATIONS

Sec. 901. RCW 48.32.145 and 1977 ex.s. c 183 s 1 are each amended to read as follows:

CREDIT AGAINST PREMIUM TAX. Every member insurer (~~which during any calendar year~~) that prior to April 1, 1993, shall have paid one or more assessments levied pursuant to RCW 48.32.060(1)(c) ((as now or hereafter amended)) shall be entitled to take, as a credit against any premium tax falling due under RCW 48.14.020, one-fifth of the aggregate amount of such aggregate assessments during such calendar year for each of the five

consecutive calendar years beginning with the calendar year following the calendar year in which such assessments are paid(~~(- PROVIDED, That)~~). Whenever an assessment or uncredited portion ((~~thereof~~) of an assessment is or becomes less than one thousand dollars, the entire amount may be credited against the premium tax at the next time the premium tax is paid.

This section shall expire January 1, 1999.

Sec. 902. RCW 48.32A.090 and 1990 c 51 s 6 are each amended to read as follows:

CERTIFICATES OF CONTRIBUTION. (1) The association shall issue to each insurer paying an assessment under this chapter certificates of contribution, in appropriate form and terms as prescribed or approved by the commissioner, for the amounts so paid into the respective funds. All outstanding certificates against a particular fund shall be of equal dignity and priority without reference to amounts or dates of issue.

(2) An outstanding certificate of contribution issued prior to April 1, 1993, shall be shown by the insurer in its financial statements as an admitted asset for such amount and period of time as the commissioner may approve(~~(- PROVIDED, That)~~). Unless a longer period has been allowed by the commissioner the insurer shall in any event at its option have the right to so show a certificate of contribution as an admitted asset at percentages of original face amount for calendar years as follows:

- 100% for the calendar year of issuance;
- 80% for the first calendar year after the year of issuance;
- 60% for the second calendar year after the year of issuance;
- 40% for the third calendar year after the year of issuance;
- 20% for the fourth calendar year after the year of issuance; and
- 0% for the fifth and subsequent calendar years after the year of issuance.

Notwithstanding the foregoing, if the value of a certificate of contribution is or becomes less than one thousand dollars, the entire amount may be written off by the insurer in that year.

(3) The insurer shall offset the amount written off by it in a calendar year under subsection (2) of this section against its premium tax liability to this state accrued with respect to business transacted in such year.

(4) Any sums recovered by the association representing sums which have theretofore been written off by contributing insurers and offset against premium taxes as provided in subsection (3) of this section, shall be paid by the association to the commissioner and (~~by him~~) then deposited with the state treasurer for credit to the general fund of the state of Washington.

(5) No distribution to stockholders, if any, of a liquidating insurer shall be made unless and until the total amount of assessments levied by the association with respect to such insurer have been fully recovered by the association.

FINAL PASSAGE OF SENATE BILL AS RECOMMENDED BY CONFERENCE COMMITTEE

The Speaker stated the question before the House to be final passage of Second Engrossed Substitute Senate Bill No. 5967 as recommended by the Conference Committee.

Representatives G. Fisher, Sommers, Wineberry, Appelwick, Locke, Cothorn, Dorn and J. Kohl spoke in favor of passage of the bill and Representatives Foreman, Reams, Ballard, Thomas, Edmondson, Dyer, Forner, Silver and Brough spoke against it.

Representative Reams again spoke against the bill.

Representative Miller demanded an oral roll call vote and the demand was sustained.

POINT OF INQUIRY

Representative Silver yielded to a question by Representative Locke.

Representative Locke: Representative Silver, You indicated earlier that through your scrubbing of the budget you could find 900 million dollars of savings and that therefore the 668 million tax package is unnecessary. My question to you is, how much were you proposing to cut from the Department of Agriculture.

Representative Silver: Representative from the 37th District, you know you could have asked me this question in Conference Committee and I would have been delighted to answer it for you. We could have asked a lot of other questions and you and I could of had a really good response along with Nita, and I think we probably would have been a big help to Nita. Senator McDonald and I might have been a big help with Nita in the negotiations with you. We would have had many questions we could probably have resolved. Well, you just think of that for next time and we'll all be in the conference, not just omitting two people.

Representative Locke: Representative Silver, how much were you proposing to cut from the Department of Trade and Economic Development? Representative Silver, how much were you proposing to cut from the State Patrol? Representative Silver, how much were you proposing to cut from higher education and our colleges and universities.

POINT OF INQUIRY

Representative G. Fisher yielded to a question by Representative King

Representative King: Is it your understanding that the cost of the business and occupation tax increase that is collected on payments made by the state on behalf of medicaid patients in nursing homes will be current funded?

Representative G. Fisher: Yes, this increase as it relates to medicaid patients will be "current funded". This will insure that the federal government will pay their component of the increased cost.

NEW SECTION. Sec. 1007. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining June 30, 1993, in the 1991-93 biennial appropriations for each project.

NEW SECTION. Sec. 1008. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 1009. As part of the annual update to the state facilities and capital plan, agencies shall provide information on lease-development and lease-purchase projects to the office of financial management.

NEW SECTION. Sec. 1010. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with moneys available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate committee on ways and means and the house of representatives committee on capital budget.

NEW SECTION. Sec. 1011. Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

NEW SECTION. Sec. 1012. Notwithstanding any other provisions of law, for the 1993-95 biennium, transfers of reimbursement by the state treasurer to the general fund from the community college capital projects account for debt service payments made under Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available to the account. Any unpaid reimbursements shall be a continuing obligation against the community college capital projects account until paid. The state board for community and technical colleges need not accumulate any specific balance in the community college capital projects account in anticipation of transfers to reimburse the general fund.

NEW SECTION. Sec. 1013. Any capital improvements or capital project involving construction or major expansion of a state office facility, including, but not limited to, district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the office of financial management and the department of general administration for possible consolidation, collocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 1014. The governor, through the director of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account.

For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if (1) the project as defined in the notes to the budget document is substantially complete and there are funds remaining or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

A report of any transfer effected under this section except emergency projects or any transfer under \$250,000 shall be filed with the legislative fiscal committees of the senate and house of representatives by the director of financial management at least thirty days before the date the transfer is effected, and shall report all transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 1015. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act referencing this section shall not be expended until the office of financial management has reviewed the agency's predesign and other documents and approved the project. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management.

The office of financial management shall provide to the house of representatives capital budget committee and the senate ways and means committee a list of the program documents the office has reviewed and approved, changes made to the documents resulting from the review, and the estimated cost changes resulting from the review.

Allotments for appropriations shall be provided in accordance with the capital project review requirements adopted by the office of financial management.

NEW SECTION. Sec. 1016. Appropriations for design and construction of facilities on higher education branch campuses shall be allotted to institutions of higher education on the basis of: (1) Comparable unit cost standards, as determined by the office of financial management in consultation with the higher education coordinating board; (2) costs consistent with other higher education teaching facilities in the state; and (3) student full-time

equivalent enrollment levels as established by the office of financial management in consultation with the higher education coordinating board.

NEW SECTION. Sec. 1017. (1) Agencies shall expedite the expenditure of reappropriations and appropriations in order to: (a) Rehabilitate infrastructure in a timely manner and prevent further deterioration of public facilities and resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(2) In order to meet the goals of this section, the following conditions apply to appropriations which reference this section:

(a) To the extent feasible, agencies are directed to manage accelerated expenditure rates at the current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

(b) Reappropriations which reference this subsection (2)(b) shall lapse on June 30, 1994. In developing the 1995-97 capital budget, the office of financial management shall consider all project requests which have been an element of an appropriation which references this section as a request for a new appropriation.

(3) The office of financial management shall report the following to the appropriate fiscal committees of the legislature by January 30, 1995:

(a) A listing of reappropriations in the governor's 1995-97 capital budget recommendation that have been reappropriated one or more times and have ten percent or more of the original appropriation unexpended; and

(b) An explanation of why the appropriation remains unexpended.

NEW SECTION. Sec. 1018. The higher education coordinating board shall develop and maintain an inventory system to account for all space in the state's higher education system. The institutions of higher education shall provide to the higher education coordinating board a complete inventory of space in the form determined by the higher education coordinating board.

NEW SECTION. Sec. 1019. DEPARTMENT OF FISH AND WILDLIFE. On July 1, 1994, all appropriations and all conditions and limitations in this act for the department of fisheries and the department of wildlife shall be provided for the department of fish and wildlife. If Substitute House Bill No. 2055 or substantially similar legislation creating a department of fish and wildlife is not enacted by July 1, 1994, this section shall have no effect.

NEW SECTION. Sec. 1020. \$1,200,000 of the state and local improvement revolving account--waste disposal facilities and \$6,300,000 of the state and local improvement revolving account--waste disposal facilities 1980 are transferred to the water quality account, and shall be used for extended grant payments for public waste disposal facilities that discharge directly into marine waters. The funds shall be subject to the conditions and limitations set forth in section 406 of this act. These funds shall qualify as tax receipts in any calculation under RCW 70.146.080.

NEW SECTION. Sec. 1021. The department of information services shall act as lead agency in coordinating video telecommunications services for state agencies. As lead agency, the department shall develop standards and common specifications for leased and purchased telecommunications equipment and assist state agencies in developing a video telecommunications expenditure plan. No agency may spend any portion of any appropriation in this act for new video telecommunications equipment, new video telecommunications transmission, or new video telecommunications systems without first complying with chapter 43.105 RCW, including but not limited to RCW 43.105.041(2), and without first submitting a video telecommunications equipment expenditure plan, in accordance with the policies of the department of information services, for review and assessment by the department of information services under RCW 43.105.052. Before any such expenditure by a public school, a video telecommunications expenditure plan shall be approved by the superintendent of public instruction. The office of the superintendent of public instruction shall submit the plans to the department of information services in a form prescribed by the department. The office of the superintendent of public instruction shall coordinate the use of the video telecommunications in public schools by providing educational information to local school districts and shall assist local school districts and educational service districts in telecommunications planning and curriculum development. Before any such expenditure by a public institution of postsecondary education, a telecommunications expenditure plan shall be approved by the higher education coordinating board. The higher education coordinating

board shall coordinate the use of video telecommunications for instruction and instructional support in postsecondary education, including the review and approval of instructional telecommunications course offerings.

NEW SECTION. Sec. 1022. The state investment board shall evaluate the feasibility of investing in office buildings expressly built for use by state agencies. The evaluation shall be performed in cooperation with the office of financial management, the department of general administration, and other appropriate state agencies and shall consider financing and construction alternatives to ensure cost-effective facilities for the state and an acceptable return on the investment for the state investment board. The evaluation shall also consider opportunities for collocating and consolidating state agencies under section 1013 of this act. Upon completion of the evaluation, the state investment board shall report its findings to the senate ways and means and house capital budget committees.

Sec. 1023. RCW 90.70.011 and 1990 c 115 s 2 are each amended to read as follows:

(1) There is established the Puget Sound water quality authority composed of eleven members. Nine members shall be appointed by the governor and confirmed by the senate. In addition, the commissioner of public lands or the commissioner's designee and the director of ecology or the director's designee shall serve as ex officio members. Three of the members shall include a representative from the counties, a representative from the cities, and a tribal representative. The director of ecology shall be chair of the authority. In making these appointments, the governor shall seek to include representation of the variety of interested parties concerned about Puget Sound water quality. Of the appointed members, at least one shall be selected from each of the six congressional districts surrounding Puget Sound. Members shall serve four-year terms. Of the initial members appointed to the authority, two shall serve for two years, two shall serve for three years, and two shall serve for four years. (3) The executive director of the authority shall be a full-time employee responsible for the administration of all functions of the authority, including hiring and terminating staff, contracting, coordinating with the governor, the legislature, and other state and local entities, and the delegation of responsibilities as deemed appropriate. The salary of the executive director shall be fixed by the governor, subject to RCW 43.03.040.

(4) The authority shall prepare a budget and a work plan.

(5) Not more than four employees of the authority may be exempt from the provisions of chapter 41.06 RCW.

(6) The executive director and staff of the authority shall be located in the Olympia area ~~(, as space becomes available. The department of general administration shall house the authority within the department of ecology).~~

NEW SECTION. Sec. 1024. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 1025. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

On page 1, line 1 of the title, after "budget;" strike the remainder of the title and insert "making appropriations and authorizing expenditures for the capital improvements; amending RCW 90.70.011; creating new sections; and declaring an emergency."
