(4) Information and documents, including complaints and incident reports, created specifically for, and collected, and maintained by a quality improvement committee are not subject to discovery or introduction into evidence in any civil action, and no person who was in attendance at a meeting of such committee or who participated in the creation, collection, or maintenance of information or documents specifically for the committee shall be permitted or required to testify in any civil action as to the content of such proceedings or the documents and information prepared specifically for the committee. This subsection does not preclude: (a) In any civil action, the discovery of the identity of persons involved in the medical care that is the basis of the civil action whose involvement was independent of any quality improvement activity; (b) in any civil action, the testimony of any person concerning the facts that form the basis for the institution of such proceedings of which the person had personal knowledge acquired independently of such proceedings; (c) in any civil action by a health care provider regarding the restriction or revocation of that individual's clinical or staff privileges, introduction into evidence information collected and maintained by quality improvement committees regarding such health care provider; (d) in any civil action, disclosure of the fact that staff privileges were terminated or restricted, including the specific restrictions imposed, if any and the reasons for the restrictions; or (e) in any civil action, discovery and introduction into evidence of the patient's medical records required by rule of the department of health to be made regarding the care and treatment received.

(5) The department of health shall adopt rules as are necessary to implement this section.

NEW SECTION. Sec. 320. MEDICAL MALPRACTICE REVIEW. (1) The administrator for the courts shall coordinate a collaborative effort to develop a voluntary system for review of medical malpractice claims by health services experts prior to the filing of a cause of action under chapter 7.70 RCW.

(2) The system shall have at least the following components:

(b) By agreement of the parties, an expert would be chosen from a pool of health services experts who have agreed to review claims on a voluntary basis.

(c) The mutually agreed upon expert would conduct an impartial review of the claim and provide his or her opinion to the parties.

(d) A pool of available experts would be established and maintained for each category of health care practitioner by the corresponding practitioner association, such as the Washington state medical association and the Washington state nurses association.

(3) The administrator for the courts shall seek to involve at least the following organizations in a collaborative effort to develop the informal review system described in subsection (2) of this section:

(a) The Washington defense trial lawyers association;

(b) The Washington state trial lawyers association;

(c) The Washington state medical association;

(d) The Washington state nurses association;

NEW SECTION. Sec. 321. A new section is added to chapter 7.70 RCW to read as follows:

MANDATORY MEDIATION OF HEALTH CARE MALPRACTICE CLAIMS. (1) All causes of action, whether based in tort, contract, or otherwise, for damages arising from injury occurring as a result of health care provided after the effective date of this section shall be subject to mandatory mediation prior to trial.

(2) The supreme court shall by rule adopt procedures to implement mandatory mediation of actions under this chapter. The rules shall address, at a minimum:

(a) Procedures for the appointment of, and qualifications of, mediators. A mediator shall have experience or expertise related to actions arising from injury occurring as a result of health care, and be a member of the state bar association who has been admitted to the bar for a minimum of five years or who is a retired judge. The parties may stipulate to a nonlawyer mediator. The court may prescribe additional qualifications of mediators. Mediators shall be compensated in the same amount and manner as judges pro tempore of the superior court unless the parties agree to a different amount or manner of compensation;

(b) The number of days following the filing of a claim under this chapter within which a mediator must be selected;

(c) The method by which a mediator is selected. The rule shall provide for designation of a mediator by the superior court if the parties are unable to agree upon a mediator;

(d) The number of days following the selection of a mediator within which a mediation conference must be held;

(e) A means by which mediation of an action under this chapter may be waived by a mediator who has determined that the claim is not appropriate for mediation; and

(f) Any other matters deemed necessary by the court.

(3) Mediators shall not impose discovery schedules upon the parties.

NEW SECTION. Sec. 322. A new section is added to chapter 7.70 RCW to read as follows:

MANDATORY MEDIATION OF HEALTH CARE MALPRACTICE. The making of a written, good faith request for mediation of a dispute related to damages for injury occurring as a result of health care provided prior to filing a cause of action under this chapter shall toll the statute of limitations provided in RCW 4.16.350.

NEW SECTION. Sec. 323. A new section is added to chapter 7.70 RCW to read as follows:

MANDATORY MEDIATION OF HEALTH CARE MALPRACTICE CLAIMS. Section 321 of this act may not be construed to abridge the right to trial by jury following an unsuccessful attempt at mediation.

Sec. 324. RCW 5.60.070 and 1991 c 321 s 1 are each amended to read as follows:

(1) If there is a court order to mediate ~~((or))~~, a written agreement between the parties to mediate, or if mediation is mandated under section 321 of this act, then any communication made or materials submitted in, or in connection with, the mediation proceeding, whether made or submitted to or by the mediator, a mediation organization, a party, or any person present, are privileged and confidential and are not subject to disclosure in any judicial or administrative proceeding except:

(a) When all parties to the mediation agree, in writing, to disclosure;

(b) When the written materials or tangible evidence are otherwise subject to discovery, and were not prepared specifically for use in and actually used in the mediation proceeding;

(c) When a written agreement to mediate permits disclosure;

(d) When disclosure is mandated by statute;

(e) When the written materials consist of a written settlement agreement or other agreement signed by the parties resulting from a mediation proceeding;

(f) When those communications or written materials pertain solely to administrative matters incidental to the mediation proceeding, including the agreement to mediate; or

(g) In a subsequent action between the mediator and a party to the mediation arising out of the mediation.

(2) When there is a court order ~~((or))~~, a written agreement to mediate, or when mediation is mandated under section 321 of this act, as described in subsection (1) of this section, the mediator or a representative of a mediation organization shall not testify in any judicial or administrative proceeding unless:

- (a) All parties to the mediation and the mediator agree in writing; or
- (b) In an action described in subsection (1)(g) of this section.

NEW SECTION. Sec. 325. The legislature finds that in *Sofie v. Fibreboard Corp.*, 112 Wn.2d 636 (1989), the Washington state supreme court struck down the limit on noneconomic damages enacted by the legislature in 1986, because the court found that the statutory limitation on noneconomic damages interfered with the jury's province to determine damages, and thus violated a plaintiff's constitutionally protected right to trial by jury.

The legislature further finds that reforms in existing law for actions involving fault are necessary and proper to avoid catastrophic economic consequences for state and local governmental entities as well as private individuals and businesses.

Therefore, the legislature declares that to remedy the economic inequities which may arise from *Sofie*, defendants in actions involving fault should be held financially liable in closer proportion to their respective degree of fault. To treat them differently is unfair and inequitable.

It is further the intent of the legislature to partially eliminate causes of action based on joint and several liability as provided by this act for the purpose of reducing costs associated with the civil justice system.

Sec. 326. RCW 4.22.070 and 1986 c 305 s 401 are each amended to read as follows:

(1) For the purposes of this section, the term "economic damages" means objectively verifiable monetary losses, including medical expenses, loss of earnings, burial costs, loss of use of property, cost of replacement or repair, cost of obtaining substitute domestic services, loss of employment, and loss of business or employment opportunities. "Economic damages" does not include subjective, nonmonetary losses such as pain and suffering, mental anguish, emotional distress, disability and disfigurement, inconvenience, injury to reputation, humiliation, destruction of the parent-child relationship, the nature and extent of an injury, loss of consortium, society, companionship, support, love, affection, care, services, guidance, training, instruction, and protection.

(2) In all actions involving fault of more than one entity, the trier of fact shall determine the percentage of the total fault which is attributable to every entity which caused the claimant's damages, including the claimant or person suffering personal injury or incurring property damage, defendants, third-party defendants, entities released by the claimant, entities immune from liability to the claimant and entities with any other individual defense against the claimant. Judgment shall be entered against each defendant except those who have been released by the claimant or are immune from liability to the claimant or have prevailed on any other individual defense against the claimant in an amount which represents that party's proportionate share of the claimant's total damages. The liability of each defendant shall be several only and shall not be joint except:

(a) A party shall be responsible for the fault of another person or for payment of the proportionate share of another party where both were acting in concert or when a person was acting as an agent or servant of the party.

(b) If the trier of fact determines that the claimant or party suffering bodily injury or incurring property damages was not at fault, the defendants against whom judgment is entered shall be jointly and severally liable for the sum of their proportionate shares of the claimant's ~~((total))~~ economic damages.

~~((2))~~ (3) If a defendant is jointly and severally liable under one of the exceptions listed in subsections (1)(a) or (1)(b) of this section, such defendant's rights to contribution against another jointly and severally liable defendant, and the effect of settlement by either such defendant, shall be determined under RCW 4.22.040, 4.22.050, and 4.22.060.

~~((3))~~ (4)(a) Nothing in this section affects any cause of action relating to hazardous wastes or substances or solid waste disposal sites.

(b) Nothing in this section shall affect a cause of action arising from the tortious interference with contracts or business relations.

(c) Nothing in this section shall affect any cause of action arising from the manufacture or marketing of a fungible product in a generic form which contains no clearly identifiable shape, color, or marking.

NEW SECTION. Sec. 327. A new section is added to chapter 4.24 RCW to read as follows:

No person may maintain a cause of action or receive an award of damages or imposition of a penalty based on the claim that, but for the intentional or negligent conduct of another, he or she or a child would have been aborted or otherwise not born.

The failure or refusal of a person to perform or have an abortion shall not be a defense in an action. The failure or refusal of a person to perform or have an abortion shall not be considered in awarding damages or imposing a penalty.

Nothing in this section shall preclude a cause of action for a claim based on the failure of a contraceptive method or sterilization procedure. Nothing in this section shall preclude a cause of action based on a claim that, but for the negligent conduct of another, tests or treatment would have been provided or would have been provided properly which would have made possible the prevention, cure, or amelioration of a disease, defect, deficiency, or

handicap. Nothing in this section shall preclude a medical malpractice cause of action otherwise based on the intentional, reckless, or negligent conduct of another. Abortion shall not be considered a contraceptive method or a means of preventing, curing, or ameliorating a disease, defect, deficiency, or handicap.

D. HEALTH INSURANCE PURCHASING COOPERATIVES

NEW SECTION. Sec. 328. HEALTH INSURANCE PURCHASING COOPERATIVES--DESIGNATION OF REGIONS BY COMMISSION, INFORMATION SYSTEMS, MINIMUM STANDARDS, AND RULES. (1) The health service commission shall designate regions within the state in which competing health insurance purchasing cooperatives shall operate, based upon population, assuming that each cooperative must serve no less than one hundred thousand persons; geographic factors; market conditions; and other factors deemed appropriate by the commission. The commission may designate certain regions of the state as areas where only one cooperative may operate upon a determination that an insufficient population base exists within such region to efficiently support more than one cooperative.

(2) Every health insurance purchasing cooperative shall:

(a) Admit all individuals, public or private employers, or other groups wishing to participate in the cooperative consistent with the charter and bylaws of the cooperative as approved by the insurance commissioner;

(b) Make available for purchase by cooperative members health care programs offered by certified health plans operating within the cooperative's region;

(c) Be operated as a member-governed and owned, nonprofit cooperative;

(d) Provide for centralized enrollment and premium collection and distribution among certified health plans;

(e) Serve as an ombudsman for its members to resolve inquiries, complaints, or other concerns with certified health plans; and

(f) Consider ways in which they can develop, encourage, and provide incentives for employee wellness programs.

(3) Every health insurance purchasing cooperative may assist members in selecting certified health plans and for this purpose may devise a rating system or similar system to judge the quality and cost-effectiveness of certified health plans.

(4) Every health insurance purchasing cooperative shall bear the full cost of its operations, including the costs of participating in the information clearinghouse, through assessments upon its members. Such assessments shall be billed and accounted for separately from premiums collected and distributed for the purchase of the uniform benefits package or any other supplemental insurance or health services program.

(5) No health insurance purchasing cooperative may bear any financial risk for the delivery of uniform benefits package services, or for any other supplemental insurance or health services program.

(6) The commission may adopt rules necessary for the implementation of this section.

NEW SECTION. Sec. 329. LICENSING AND REGULATION OF HEALTH INSURANCE PURCHASING COOPERATIVES BY THE INSURANCE COMMISSIONER. (1) No person may operate a health insurance purchasing cooperative without having first obtained a certificate of authority from the insurance commissioner.

(2) Every proposed cooperative shall furnish notice to the insurance commissioner that shall:

(a) Identify the principal name and address of the cooperative;

(b) Furnish the names and addresses of the initial officers of the cooperative;

(c) Include copies of letters of agreement for participation in the cooperative including minimum term of participation;

(d) Furnish copies of its proposed articles and bylaws; and

(e) Provide other information as prescribed by the insurance commissioner in consultation with the health services commission to verify that the cooperative is qualified and is managed by competent and trustworthy individuals.

(3) The commissioner shall approve applications for certificates in accordance with the order received. Once the maximum number of cooperatives have been issued certificates of authority in each region in accordance with the rules adopted by the health services commission, the insurance commissioner may not issue any new certificate until or unless a previously authorized cooperative surrenders or loses its certificate of authority.

(4) All funds representing premiums or return premiums received by a cooperative in its fiduciary capacity shall be accounted for and maintained in a separate account from all other funds. Each willful violation of this section constitutes a misdemeanor.

(5) Every cooperative shall keep at its principal address, a record of all transactions it has consummated on behalf of its members with certified health plans. All such records shall be kept available and open to the inspection of the insurance commissioner at any business time during a five-year period immediately after the date of completion of the transaction.

E. CERTIFIED HEALTH PLANS

NEW SECTION. Sec. 330. CERTIFIED HEALTH PLANS--REGISTRATION REQUIRED--PENALTY. (1)

On or after July 1, 1997, no person or entity in this state shall, by mail or otherwise, sell the uniform benefits package as defined by the commission without being certified as a certified health plan by the insurance commissioner.

(2) On or after July 1, 1997, the uniform benefits package shall be purchased only from entities certified as certified health plans.

(3) On or after July 1, 1997, the uniform benefits package shall be the minimum benefits package of any certified health plan.

NEW SECTION. Sec. 331. HEALTH PLAN CERTIFICATION STANDARDS. A certified health plan shall:

(1) Provide the benefits included in the uniform benefits package to enrolled Washington residents for a premium not to exceed the maximum established by the commission, or provider charges that exceed the maximum charges established by the commission. Certified health plans shall utilize community-rating principles in determining rates and premiums for the uniform benefits package. The community-rating principles required by this section shall allow adjustments for age, geography, and gender. Certified health plans may also allow favorable premium adjustments attributable to wellness and preventive programs, nonsmoking, and other factors approved by the commission;

(2) Accept for enrollment any state resident within the plan's service area and provide or assure the provision of all services within the uniform benefits package regardless of factors referenced in RCW 49.60.020, including age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, or other condition or situation;

(3) If the plan provides benefits through contracts with, ownership of, or management of health care facilities and contracts with or employs health care providers, demonstrate to the satisfaction of the insurance commissioner in consultation with the department of health and the commission that its facilities and personnel are adequate to provide the benefits prescribed in the uniform benefits package to enrolled Washington residents, and that it is financially capable of providing such residents with, or has made adequate contractual arrangements with health care providers and facilities to provide enrollees with such benefits. Nothing in this chapter prohibits a certified health plan from offering the uniform benefits package where such obligations are protected by the Washington life and disability insurance guaranty association in place of the provider contracts otherwise required under section 338 of this act;

(4) Comply with portability of benefits requirements prescribed by the insurance commissioner;

(5) Provide all enrollees with instruction and informational materials to increase individual and family awareness of injury and illness prevention; encourage assumption of personal responsibility for protecting personal health; and stimulate discussion about the use and limits of medical care in improving the health of individuals and communities;

(6) Include in all of its contracts issued for uniform benefits package coverage a subrogation provision that allows the certified health plan to recover the costs of uniform benefits package services incurred to care for an enrollee injured by a negligent third party. The costs recovered shall be limited to:

(a) If the certified health plan has not intervened in the action by an injured enrollee against a negligent third party, then the amount of costs the certified health plan can recover shall be limited to the excess remaining after the enrollee has been fully compensated for his or her loss minus a proportionate share of the enrollee's costs and fees in bringing the action. The proportionate share shall be determined by:

(i) The fees and costs approved by the court in which the action was initiated; or

(ii) The written agreement between the attorney and client that established fees and costs when fees and costs are not addressed by the court.

When fees and costs have been approved by a court, after notice to the certified health plan, the certified health plan shall have the right to be heard on the matter of attorneys' fees and costs or its proportionate share;

(b) If the certified health plan has intervened in the action by an injured enrollee against a negligent third party, then the amount of costs the certified health plan can recover shall be the excess remaining after the enrollee has been fully compensated for his or her loss or the amount of the plan's incurred costs, whichever is less;

(7) Establish and maintain a grievance procedure approved by the commissioner, to provide a reasonable and effective resolution of complaints initiated by enrollees concerning any matter relating to the provision of benefits under the uniform benefits package, access to health care services, and quality of services. Each certified health plan shall respond to complaints filed with the insurance commissioner within fifteen working days. The insurance commissioner in consultation with the commission shall establish standards for grievance procedures and resolution; and

(8) Comply with the provisions of chapter 48.30 RCW prohibiting unfair and deceptive acts and practices to the extent such provisions are not modified or superseded by the provisions of chapter . . . , Laws of 1993 (this act) and be prohibited from offering or supplying incentives that would have the effect of avoiding the requirements of subsection (2) of this section.

NEW SECTION. Sec. 332. CERTIFIED HEALTH PLANS--REGISTRATION REQUIRED--PENALTY. (1)

No person or entity in this state may, by mail or otherwise, act or hold himself or herself out to be a certified health plan as defined by the commission without being registered with the insurance commissioner.

(2) Anyone violating subsection (1) of this section is liable for a fine not to exceed ten thousand dollars and imprisonment not to exceed six months for each instance of such violation.

NEW SECTION. Sec. 333. ELIGIBILITY REQUIREMENTS FOR CERTIFICATE OF REGISTRATION--APPLICATION REQUIREMENTS. Any corporation, cooperative group, partnership, association, or groups of health professionals licensed by the state of Washington, public hospital district, or public institutions of higher education are entitled to a certificate from the insurance commissioner as a certified health plan if it:

(1) Submits an application for certification as a certified health plan, which shall be verified by an officer or authorized representative of the applicant, being in a form as the insurance commissioner prescribes in consultation with the health services commission;

(2) Meets the minimum net worth requirements set forth in section 339 of this act and the funding reserve requirements set forth in section 340 of this act;

(3) A certified health plan may establish the geographic boundaries in which they will obligate themselves to deliver the services required under the uniform benefits package and include such information in their application for certification, but the commissioner shall review such boundaries and may disapprove, in conformance to guidelines adopted by the commission, those which have been clearly drawn to be exclusionary within a health care catchment area.

NEW SECTION. Sec. 334. ISSUANCE OF CERTIFICATE--GROUNDS FOR REFUSAL. The commissioner shall issue a certificate as a certified health plan to an applicant within one hundred twenty days of such filing unless the commissioner notifies the applicant within such time that such application is not complete and the reasons therefor; or that the commissioner is not satisfied that:

(1) The basic organization document of the applicant permits the applicant to conduct business as a certified health plan;

(2) The applicant has demonstrated the intent and ability to assure that the health services will be provided in a manner to assure both their availability and accessibility;

(3) The organization is financially responsible and may be reasonably expected to meet its obligations to its enrolled participants.

NEW SECTION. Sec. 335. PREMIUMS AND ENROLLEE PAYMENT AMOUNTS--FILING OF PREMIUMS AND ENROLLEE PAYMENT AMOUNTS--ADDITIONAL CHARGES PROHIBITED. (1) The insurance commissioner shall verify that the certified health plans charge no more than the maximum premium during the course of financial and market conduct examinations or more frequently if justified in the opinion of the insurance commissioner or upon request by the health services commission.

(2) The certified health plans shall file the premium schedules with the insurance commissioner, within thirty days of establishment by the health services commission.

NEW SECTION. Sec. 336. ANNUAL STATEMENT FILING--CONTENTS--PENALTY FOR FAILURE TO FILE--ACCURACY REQUIRED. (1) Every certified health plan shall annually not later than March 1 of the calendar year, file with the insurance commissioner a statement verified by at least two of its principal officers showing its financial condition as of December 31 of the preceding year.

(2) Such annual report shall be in such form as the insurance commissioner shall prescribe and shall include:

(a) A financial statement of the certified health plan, including its balance sheet and receipts and disbursements for the preceding year;

(b) A report of the names and addresses of all officers, directors, or trustees of the certified health plan during the preceding year, and the amount of wages, expense reimbursements, or other payments to such individuals. For partnership and professional service corporations, a report shall be made for partners or shareholders as to any compensation or expense reimbursement received by them for services, other than for services and expenses relating directly for patient care;

(c) The number of residents enrolled and terminated during the report period. Additional information regarding the enrollment and termination pattern for a certified health plan may be required by the commissioner to demonstrate compliance with the open enrollment and free access requirements of chapter . . . , Laws of 1993 (this act). The insurance commissioner shall specify additional information to be reported, which may include but not be limited to age, sex, location, and health status information;

(d) Such other information relating to the performance of the certified health plan or the health care facilities or providers with which it has contracted as reasonably necessary to the proper and effective administration of this chapter in accordance with rules;

(e) Disclosure of any financial interests held by officers and directors in any providers associated with the certified health plan or provider of the certified health plan.

(3) The commissioner may require quarterly reporting of financial information, such information to be furnished in a format prescribed by the commissioner in consultation with the commission.

(4) The commissioner may for good reason allow a reasonable extension of time within which such annual statement shall be filed.

(5) The commissioner may suspend or revoke the certificate of a certified health plan for failing to file its annual statement when due or during any extension of time therefor that the commissioner, for good cause, may grant.

(6) The commissioner shall publish and make available to the health services commission an annual summary report of at least the information required in subsections (2) and (3) of this section.

(7) No person may knowingly file with any public official or knowingly make, publish, or disseminate any financial statement of a certified health plan that does not accurately state the certified health plan's financial condition.

NEW SECTION. Sec. 337. PENALTY FOR VIOLATIONS. A certified health plan that, or person who, violates any provision of this chapter is guilty of a gross misdemeanor, unless the penalty is otherwise specifically provided.

NEW SECTION. Sec. 338. PROVIDER CONTRACTS--ENROLLED RESIDENT'S LIABILITY, COMMISSIONER'S REVIEW. (1) Subject to subsection (2) of this section, every contract between a certified health plan and its providers of health care services shall be in writing and shall set forth that in the event the certified health plan fails to pay for health care services as set forth in the uniform benefits package, the enrollee is not liable to the provider for any sums owed by the certified health plan. Every such contract shall provide that this requirement shall survive termination of the contract.

(2) The provisions of subsection (1) of this section shall not apply to emergency care from a provider who is not a contracting provider with the certified health plan, or to emergent and urgently needed out-of-area services.

(3) The certified health plan shall file the contracts with the insurance commissioner for approval thirty days prior to use.

NEW SECTION. Sec. 339. MINIMUM NET WORTH--REQUIREMENTS TO MAINTAIN--DETERMINATION OF AMOUNT. (1) Every certified health plan must maintain a minimum net worth equal to the greater of:

(a) One million dollars; or

(b) Two percent of annual premium revenues as reported on the most recent annual financial statement filed with the insurance commissioner on the first one hundred fifty million dollars of premium and one percent of annual premium on the premium in excess of one hundred fifty million dollars; or

(c) An amount equal to the sum of three months' uncovered expenditures as reported on the most recent financial statement filed with the commissioner.

(2)(a) In determining net worth, no debt may be considered fully subordinated unless the subordination clause is in a form acceptable to the commissioner. An interest obligation relating to the repayment of a subordinated debt must be similarly subordinated.

(b) The interest expenses relating to the repayment of a fully subordinated debt may not be considered uncovered expenditures.

(c) A subordinated debt incurred by a note meeting the requirements of this section, and otherwise acceptable to the insurance commissioner, may not be considered a liability and shall be recorded as equity.

(3) Every certified health plan shall, in determining liabilities, include an amount estimated in the aggregate to provide for unearned premiums and for the payment of claims for health care expenditures that have been incurred, whether reported or unreported, that are unpaid and for which such organization is or may be liable and to provide for the expense of adjustment or settlement of such claims.

The claims shall be computed in accordance with rules adopted by the insurance commissioner in consultation with the health services commission.

NEW SECTION. Sec. 340. FUNDED RESERVE REQUIREMENTS. (1) Each certified health plan obtaining certification from the insurance commissioner under sections 330 through 345 of this act shall provide and maintain a funded reserve of one hundred fifty thousand dollars. The funded reserve shall be deposited with the insurance commissioner or with any organization acceptable to the commissioner in the form of cash, securities eligible for investment under chapter 48.13 RCW, approved surety bond, or any combination of these, and must be equal to or exceed one hundred fifty thousand dollars. The funded reserve shall be established as an assurance that the uncovered expenditures obligations of the certified health plan to the enrolled Washington residents shall be performed.

(2) All income from reserves on deposit with the commissioner shall belong to the depositing certified health plan and shall be paid to it as it becomes available.

(3) Funded reserves required by this section shall be considered an asset in determining the plan's net worth.

NEW SECTION. Sec. 341. EXAMINATION OF CERTIFIED HEALTH PLANS, POWERS OF COMMISSIONER, DUTIES OF PLANS, INDEPENDENT AUDIT REPORTS. (1) The insurance commissioner shall make an examination of the operations of a certified health plan as often as the commissioner deems it necessary in order to assure the financial security and health and safety of the enrolled residents. The insurance commissioner shall make an examination of a certified health plan not less than once every three calendar years.

(2) Every certified health plan shall submit its books and records relating to its operation for financial condition and market conduct examinations and in every way facilitate them. The quality or appropriateness of medical services and systems shall be examined by the department of health except that the insurance commissioner may review such areas to the extent that such items impact the financial condition or the market conduct of the certified health plan. For the purpose of the examinations the insurance commissioner may issue subpoenas, administer oaths, and examine the officers and principals of the certified health plans concerning their business.

(3) The insurance commissioner may elect to accept and rely on audit reports made by an independent certified public accountant for the certified health plan in the course of that part of the insurance commissioner's examination covering the same general subject matter as the audit. The commissioner may incorporate the audit report in his or her report of the examination.

(4) Certified health plans shall be equitably assessed to cover the cost of financial condition and market conduct examinations, the costs of adopting rules, and the costs of enforcing the provisions of this chapter. The assessments shall be levied not less frequently than once every twelve months and shall be in an amount expected to fund the examinations, adoption of rules, and enforcement of the provisions of this chapter including a reasonable margin for cost variations. The assessments shall be established by rules adopted by the commissioner in consultation with the health services commission but may not exceed five and one-half cents per month per resident enrolled in the certified health plan. The minimum assessment shall be one thousand dollars. Assessment receipts shall be deposited in the insurance commissioner's regulatory account in the state treasury and shall be used for the purpose of funding the examinations authorized in subsection (1) of this section. Assessments received shall be used to pay a pro rata share of the costs, including overhead of regulating certified health plans. Amounts remaining in the separate account at the end of a biennium shall be applied to reduce the assessments in succeeding biennia.

NEW SECTION. Sec. 342. INSOLVENCY--COMMISSIONER'S DUTIES, CONTINUATION OF BENEFITS, ALLOCATION OF COVERAGE. (1) In the event of insolvency of a certified health plan and upon order of the commissioner, all other certified health plans shall offer the enrolled Washington residents of the insolvent certified health plan the opportunity to enroll in a solvent certified health plan. Enrollment shall be without prejudice for any preexisting condition and shall be continuous provided the resident enrolls in the new certified health plan within thirty days of the date of insolvency and otherwise complies with the certified health plan's managed care procedures within the thirty-day open enrollment period.

(2) The insurance commissioner, in consultation with the health services commission, shall establish guidelines for the equitable distribution of the insolvent certified health plan's enrollees to the remaining certified health plans. The guidelines may include limitations to enrollment based on financial conditions, provider delivery network, administrative capabilities of the certified health plan, and other reasonable measures of the certified health plan's ability to provide benefits to the newly enrolled residents.

(3) Each certified health plan shall have a plan for handling insolvency that allows for continuation of benefits for the duration of the coverage period for which premiums have been paid and continuation of benefits to enrolled Washington residents who are confined on the date of insolvency in an inpatient facility until their discharge or transfer to a new certified health plan as provided in subsection (1) of this section. The plan shall be approved by the insurance commissioner at the time of certification and shall be submitted for review and approval on an annual basis. The commissioner shall approve such a plan if it includes:

(a) Insurance to cover the expenses to be paid for continued benefits after insolvency;

(b) Provisions in provider contracts that obligate the provider to provide services for the duration of the period after the certified health plan's insolvency for which premium payment has been made and until the enrolled participant is transferred to a new certified health plan in accordance with subsection (1) of this section. Such extension of coverage shall not obligate the provider of service beyond thirty days following the date of insolvency;

(c) Use of the funded reserve requirements as provided under section 340 of this act;

(d) Acceptable letters of credit or approved surety bonds; or

(e) Other arrangements the insurance commissioner and certified health plan mutually agree are appropriate to assure that benefits are continued.

NEW SECTION. Sec. 343. FINANCIAL FAILURE, SUPERVISION OF COMMISSIONER--PRIORITY OF DISTRIBUTION OF ASSETS. (1) Any rehabilitation, liquidation, or conservation of a certified health plan shall be deemed to be the rehabilitation, liquidation, or conservation of an insurance company and shall be conducted under the supervision of the insurance commissioner under the law governing the rehabilitation, liquidation, or conservation

of insurance companies. The insurance commissioner may apply for an order directing the insurance commissioner to rehabilitate, liquidate, or conserve a certified health plan upon one or more of the grounds set forth in RCW 48.31.030, 48.31.050, and 48.31.080. Sec. 2. RCW 9.94A.120 and 1992 c 145 s 7, 1992 c 75 s 2, and 1992 c 45 s 5 are each reenacted and amended to read as follows:

When a person is convicted of a felony, the court shall impose punishment as provided in this section.

(1) Except as authorized in subsections (2), ~~(4)~~, (5), ~~((and))~~ (6), (7), and (9) of this section, the court shall impose a sentence within the sentence range for the offense.

(2) The court may impose a sentence outside the standard sentence range for that offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(3) Whenever a sentence outside the standard range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard range shall be a determinate sentence.

(4) A persistent offender shall be sentenced to a term of total confinement for the statutory maximum for the offense, but if the statutory maximum for the offense is life imprisonment, then to a term of ninety-nine years. An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years. An offender convicted of the crime of assault in the first degree or assault of a child in the first degree where the offender used force or means likely to result in death or intended to kill the victim shall be sentenced to a term of total confinement not less than five years. An offender convicted of the crime of rape in the first degree shall be sentenced to a term of total confinement not less than five years, and shall not be eligible for furlough, work release or other authorized leave of absence from the correctional facility during such minimum five-year term except for the purpose of commitment to an inpatient treatment facility. The foregoing minimum terms of total confinement are mandatory and shall not be varied or modified as provided in subsection (2) of this section.

(5) In sentencing a first-time offender with a sentence range of more than ninety days the court may waive the imposition of a sentence within the sentence range and impose a sentence which may include up to ninety days of confinement in a facility operated or utilized under contract by the county and a requirement that the offender refrain from committing new offenses. The sentence may also include up to ~~((two))~~ one year~~((s))~~ of community supervision, which, in addition to crime-related prohibitions, may include requirements that the offender perform any one or more of the following:

(a) Devote time to a specific employment or occupation;

(b) Undergo available outpatient treatment for up to ~~((two))~~ one year~~((s))~~, or inpatient treatment not to exceed the standard range of confinement for that offense;

(c) Pursue a prescribed, secular course of study or vocational training;

(d) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;

(e) Report as directed to the court and a community corrections officer; or

(f) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030 and/or perform community service work.

(6)(a) When sentencing an offender who is not a violent offender or a sex offender and whose presumptive sentence is twelve months or less, the court shall first determine if it is appropriate that such sentence be served primarily or exclusively under one or more of the sentencing options set forth in (c) of this subsection. If the court determines that a period of total confinement is appropriate in order to adequately punish the offender and to serve the best interest of society, the court shall order total confinement for the minimum time necessary to carry out the goals of this chapter.

(b) To impose a sentence consisting of sentencing options, the court shall determine the standard range for the offender and then convert that amount of total confinement as is necessary into the sentencing options the court finds appropriate for the offender. Sentencing options that are imposed under this section may be used in any combination and may also be combined with total confinement. Conversions of total confinement to sentencing options shall be clearly indicated on the judgment and sentence.

(c) Sentencing options available to a court include:

(i) Approved adult education;

(ii) Approved vocational-technical training;

(iii) Community service;

(iv) Day fines;

(v) Day reporting;

(vi) Drug or alcohol monitoring;

(vii) Home detention;

(viii) Inpatient treatment;

(ix) Outpatient treatment;

(x) Partial confinement;

(xi) Work crews;

(xii) Work release; and

(xiii) Any other nonincarcerative option that is consistent with the purposes of this chapter.

(d) An offender may also be placed on a term of community supervision not to exceed one year. At any time after the successful completion of sentencing options and other conditions imposed, the offender or the department may petition the court to terminate community supervision.

(7)(a) An offender is eligible for the special drug offender sentencing alternative if:

(i) The offender is convicted of the manufacture, delivery, or possession with intent to manufacture or deliver a controlled substance classified in schedule I or II that is a narcotic drug and the violation does not involve a sentence enhancement under RCW 9.94A.310(3);

(ii) The offender has no prior convictions for a felony in this state, another state, or the United States;

(iii) The offense involved only a small quantity of the particular controlled substance as determined by the judge upon consideration of such factors as the weight, purity, packaging, sale price, and street value of the controlled substance.

(b) If the sentencing judge determines that the offender is eligible for this option and that the offender and the community will benefit from the use of the special drug offender sentencing alternative, the judge may waive imposition of a sentence within the standard range and impose a sentence that must include a period of total confinement in a state facility for one-half of the midpoint of the standard range. During incarceration in the state facility, the offender must be involved in substance abuse treatment provided by the department. No more than three months of the sentence may be served in a work release status. The court shall also impose one year of community custody that must include crime-related prohibitions, a condition to not use illegal controlled substances, and to submit to urinalysis or other testing to monitor that status. The department may require the offender to pay thirty dollars per month while on community custody to offset the cost of monitoring. In addition, the court may impose any of the following conditions:

(i) Devote time to a specific employment or training;

(ii) Participate in outpatient substance abuse treatment;

(iii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer before any change in the offender's address or employment;

(iv) Report as directed to a community corrections officer;

(v) Pay all court-ordered legal financial obligations;

(vi) Perform community service work;

(vii) Pay a day fine;

(viii) Stay out of areas designated by the sentencing judge;

(ix) Undergo day supervision.

(c) If the offender violates any of the sentence conditions in (b) of this subsection, the department shall impose sanctions administratively, with notice to the prosecuting attorney and the sentencing court. Upon motion of the court or the prosecuting attorney, a violation hearing shall be held by the court. If the court finds that conditions have been willfully violated, the court may impose confinement consisting of the remaining one-half of the midpoint of the standard range. All total confinement served during the period of community custody shall be credited to the offender, regardless of whether the total confinement is served as a result of the original sentence, as a result of a sanction imposed by the department of corrections, or as a result of a violation found by the court.

(8) If a sentence range has not been established for the defendant's crime, the court shall impose a determinate sentence which may include not more than one year of confinement, community service work, a term of community supervision not to exceed one year, and/or other legal financial obligations. All or any part of the confinement may be converted to community service, work crew, work release, home detention, day reporting, day fine, or education or training, at the rates provided in RCW 9.94A.380. The court may impose a sentence which provides more than one year of confinement if the court finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

((7)) (9)(a)(i) When an offender is convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense and has no prior convictions for a sex offense or any other felony

sex offenses in this or any other state, the sentencing court, on its own motion or the motion of the state or the defendant, may order an examination to determine whether the defendant is amenable to treatment.

The report of the examination shall include at a minimum the following: The defendant's version of the facts and the official version of the facts, the defendant's offense history, an assessment of problems in addition to alleged deviant behaviors, the offender's social and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator's information.

The examiner shall assess and report regarding the defendant's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

- (A) Frequency and type of contact between offender and therapist;
- (B) Specific issues to be addressed in the treatment and description of planned treatment modalities;
- (C) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;
- (D) Anticipated length of treatment; and
- (E) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(ii) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this special sexual offender sentencing alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this subsection. If the court determines that this special sex offender sentencing alternative is appropriate, the court shall then impose a sentence within the sentence range. If this sentence is less than eight years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:

(A) The court shall place the defendant on community supervision for the length of the suspended sentence or three years, whichever is greater; and

(B) The court shall order treatment for any period up to three years in duration. The court in its discretion shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court, and shall not change providers without court approval after a hearing if the prosecutor or community corrections officer object to the change. In addition, as conditions of the suspended sentence, the court may impose other sentence conditions including up to six months of confinement, not to exceed the sentence range of confinement for that offense, crime-related prohibitions, and requirements that the offender perform any one or more of the following:

- (I) Devote time to a specific employment or occupation;
- (II) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
- (III) Report as directed to the court and a community corrections officer;
- (IV) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030, perform community service work, or any combination thereof; or
- (V) Make recoupment to the victim for the cost of any counseling required as a result of the offender's crime.

(iii) The sex offender therapist shall submit quarterly reports on the defendant's progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, defendant's compliance with requirements, treatment activities, the defendant's relative progress in treatment, and any other material as specified by the court at sentencing.

(iv) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment. Prior to the treatment termination hearing, the treatment professional and community corrections officer shall submit written reports to the court and parties regarding the defendant's compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community supervision conditions. Either party may request and the court may order another evaluation regarding the advisability of termination from treatment. The defendant shall pay the cost of any additional evaluation ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost. At the treatment termination hearing the court may: (A) Modify conditions of community supervision, and either (B) terminate treatment, or (C) extend treatment for up to the remaining period of community supervision.

(v) The court may revoke the suspended sentence at any time during the period of community supervision and order execution of the sentence if: (A) The defendant violates the conditions of the suspended sentence, or (B) the court finds that the defendant is failing to make satisfactory progress in treatment. All confinement time served during the period of community supervision shall be credited to the offender if the suspended sentence is revoked.

(vi) Except as provided in (a)(vii) of this subsection, after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW.

(vii) A sex offender therapist who examines or treats a sex offender pursuant to this subsection ~~((7))~~ (9) does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender's home; and (C) the evaluation and treatment plan comply with this subsection ~~((7))~~ (9) and the rules adopted by the department of health.

For purposes of this subsection, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(b) When an offender is convicted of any felony sex offense committed before July 1, 1987, and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, order the offender committed for up to thirty days to the custody of the secretary of social and health services for evaluation and report to the court on the offender's amenability to treatment at these facilities. If the secretary of social and health services cannot begin the evaluation within thirty days of the court's order of commitment, the offender shall be transferred to the state for confinement pending an opportunity to be evaluated at the appropriate facility. The court shall review the reports and may order that the term of confinement imposed be served in the sexual offender treatment program at the location determined by the secretary of social and health services or the secretary's designee, only if the report indicates that the offender is amenable to the treatment program provided at these facilities. The offender shall be transferred to the state pending placement in the treatment program. Any offender who has escaped from the treatment program shall be referred back to the sentencing court.

If the offender does not comply with the conditions of the treatment program, the secretary of social and health services may refer the matter to the sentencing court. The sentencing court shall commit the offender to the department of corrections to serve the balance of the term of confinement.

If the offender successfully completes the treatment program before the expiration of the term of confinement, the court may convert the balance of confinement to community supervision and may place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

- (i) Devote time to a specific employment or occupation;
- (ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
- (iii) Report as directed to the court and a community corrections officer;
- (iv) Undergo available outpatient treatment.

If the offender violates any of the terms of community supervision, the court may order the offender to serve out the balance of the community supervision term in confinement in the custody of the department of corrections.

After June 30, 1993, this subsection (b) shall cease to have effect.

(c) When an offender commits any felony sex offense on or after July 1, 1987, and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, request the department of corrections to evaluate whether the offender is amenable to treatment and the department may place the offender in a treatment program within a correctional facility operated by the department.

Except for an offender who has been convicted of a violation of RCW 9A.44.040 or 9A.44.050, if the offender completes the treatment program before the expiration of his or her term of confinement, the department of corrections may request the court to convert the balance of confinement to community supervision and to place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

- (i) Devote time to a specific employment or occupation;
- (ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
- (iii) Report as directed to the court and a community corrections officer;
- (iv) Undergo available outpatient treatment.

If the offender violates any of the terms of his or her community supervision, the court may order the offender to serve out the balance of his or her community supervision term in confinement in the custody of the department of corrections.

Nothing in (c) of this subsection shall confer eligibility for such programs for offenders convicted and sentenced for a sex offense committed prior to July 1, 1987. This subsection (c) does not apply to any crime committed after July 1, 1990.

(d) Offenders convicted and sentenced for a sex offense committed prior to July 1, 1987, may, subject to available funds, request an evaluation by the department of corrections to determine whether they are amenable to treatment. If the offender is determined to be amenable to treatment, the offender may request placement in a treatment program within a correctional facility operated by the department. Placement in such treatment program is subject to available funds.

~~((9))~~ (10)(a) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or a serious violent offense committed after July 1, 1988, but before July 1, 1990, assault in the second degree, assault of a child in the second degree, any crime against a person where it is determined in accordance with RCW 9.94A.125 that the defendant or an accomplice was armed with a deadly weapon at the time of commission, or any felony offense under chapter 69.50 or 69.52 RCW not sentenced under subsection (6) or (7) of this section, committed on or after July 1, 1988, the court shall in addition to the other terms of the sentence, sentence the offender to a one-year term of community placement beginning either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of such community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence.

(b) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or serious violent offense committed on or after July 1, 1990, the court shall in addition to other terms of the sentence, sentence the offender to community placement for two years or up to the period of earned early release awarded pursuant to RCW 9.94A.150 (1) and (2), whichever is longer. The community placement shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of the community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence. Unless a condition is waived by the court, the terms of community placement for offenders sentenced pursuant to this section shall include the following conditions:

(i) The offender shall report to and be available for contact with the assigned community corrections officer as directed;

(ii) The offender shall work at department of corrections-approved education, employment, and/or community service;

(iii) The offender shall not consume controlled substances except pursuant to lawfully issued prescriptions;

(iv) An offender in community custody shall not unlawfully possess controlled substances;

(v) The offender shall pay supervision fees as determined by the department of corrections; and

(vi) The residence location and living arrangements are subject to the prior approval of the department of corrections during the period of community placement.

(c) The court may also order any of the following special conditions:

(i) The offender shall remain within, or outside of, a specified geographical boundary;

(ii) The offender shall not have direct or indirect contact with the victim of the crime or a specified class of individuals;

(iii) The offender shall participate in crime-related treatment or counseling services;

(iv) The offender shall not consume alcohol; or

(v) The offender shall comply with any crime-related prohibitions.

(d) Prior to transfer to, or during, community placement, any conditions of community placement may be removed or modified so as not to be more restrictive by the sentencing court, upon recommendation of the department of corrections.

~~((9))~~ (11) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

~~((40))~~ (12) If a sentence imposed includes payment of a legal financial obligation, the sentence shall specify the total amount of the legal financial obligation owed, and shall require the offender to pay a specified monthly sum toward that legal financial obligation. Restitution to victims shall be paid prior to any other payments of monetary obligations. Any legal financial obligation that is imposed by the court may be collected by the department, which shall deliver the amount paid to the county clerk for credit. The offender's compliance with payment of legal financial obligations shall be supervised by the department. All monetary payments ordered shall be paid no later than ten years after the last date of release from confinement pursuant to a felony conviction or the date the sentence was entered. Independent of the department, the party or entity to whom the legal financial obligation is owed shall have the authority to utilize any other remedies available to the party or entity to collect the legal financial obligation. Nothing in this section makes the department, the state, or any of its employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations. If an order includes restitution as one of the monetary assessments, the county clerk shall make disbursements to victims named in the order.

~~((14))~~ (13) Except as provided under RCW 9.94A.140(1) and 9.94A.142(1), a court may not impose a sentence providing for a term of confinement or community supervision or community placement which exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

~~((12))~~ (14) All offenders sentenced to terms involving community supervision, community service, community placement, or legal financial obligation shall be under the supervision of the secretary of the department of corrections or such person as the secretary may designate and shall follow explicitly the instructions of the secretary including reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, notifying the community corrections officer of any change in the offender's address or employment, and paying the supervision fee assessment.

~~((13))~~ (15) All offenders sentenced to terms involving community supervision, community service, or community placement under the supervision of the department of corrections shall not own, use, or possess firearms or ammunition. Offenders who own, use, or are found to be in actual or constructive possession of firearms or ammunition shall be subject to the appropriate violation process and sanctions. "Constructive possession" as used in this subsection means the power and intent to control the firearm or ammunition. "Firearm" as used in this subsection means a weapon or device from which a projectile may be fired by an explosive such as gunpowder.

~~((14))~~ (16) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

~~((15))~~ (17) A departure from the standards in RCW 9.94A.400 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in subsections (2) and (3) of this section, and may be appealed by the defendant or the state as set forth in RCW 9.94A.210 (2) through (6).

~~((16))~~ (18) The court shall order restitution whenever the offender is convicted of a felony that results in injury to any person or damage to or loss of property, whether the offender is sentenced to confinement or placed under community supervision, unless extraordinary circumstances exist that make restitution inappropriate in the court's judgment. The court shall set forth the extraordinary circumstances in the record if it does not order restitution.

~~((17))~~ (19) As a part of any sentence, the court may impose and enforce an order that relates directly to the circumstances of the crime for which the offender has been convicted, prohibiting the offender from having any contact with other specified individuals or a specific class of individuals for a period not to exceed the maximum allowable sentence for the crime, regardless of the expiration of the offender's term of community supervision or community placement.

~~((18))~~ (20) In any sentence of partial confinement, the court may require the defendant to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

~~((19))~~ (21) All court-ordered legal financial obligations collected by the department and remitted to the county clerk shall be credited and paid where restitution is ordered. Restitution shall be paid prior to any other payments of monetary obligations.

Sec. 3. RCW 9.94A.040 and 1986 c 257 s 18 are each amended to read as follows:

(1) A sentencing guidelines commission is established as an agency of state government.

(2) The commission shall, following a public hearing or hearings:

(a) Devise a series of recommended standard sentence ranges for all felony offenses and a system for determining which range of punishment applies to each offender based on the extent and nature of the offender's criminal history, if any;

(b) Devise recommended prosecuting standards in respect to charging of offenses and plea agreements;
and

(c) Devise recommended standards to govern whether sentences are to be served consecutively or concurrently.

(3) Each of the commission's recommended standard sentence ranges shall include one or more of the following: Total confinement, partial confinement, community supervision, community service, and a fine.

(4) In devising the standard sentence ranges of total and partial confinement under this section, the commission is subject to the following limitations:

(a) If the maximum term in the range is one year or less, the minimum term in the range shall be no less than one-third of the maximum term in the range, except that if the maximum term in the range is ninety days or less, the minimum term may be less than one-third of the maximum;

(b) If the maximum term in the range is greater than one year, the minimum term in the range shall be no less than seventy-five percent of the maximum term in the range; and

(c) The maximum term of confinement in a range may not exceed the statutory maximum for the crime as provided in RCW 9A.20.020.

(5) ~~(In carrying out its duties under subsection (2) of this section, the commission shall give consideration to the existing guidelines adopted by the association of superior court judges and the Washington association of prosecuting attorneys and the experience gained through use of those guidelines.)~~ The commission shall emphasize confinement for the violent offender and alternatives to total confinement for the nonviolent offender.

(6) ~~((This))~~ The commission shall biennially conduct a study to determine the capacity of correctional facilities and programs which are or will be available. ~~((While the commission need not consider such capacity in arriving at its recommendations,))~~ The commission shall project whether the implementation of ~~((its recommendations))~~ the standard sentence ranges would result in exceeding such capacity. If the commission finds that this result would probably occur, then the commission shall prepare an additional list of standard sentence~~((s))~~ ranges which shall be consistent with such capacity.

(7) The commission may recommend to the legislature revisions or modifications to the standard sentence ranges and other standards. ~~((If implementation of the revisions or modifications would result in exceeding the capacity of correctional facilities, then the commission shall accompany its recommendation with an additional list of standard sentence ranges which are consistent with correction capacity))~~ The commission shall prepare a report that updates the most recent capacity study of correctional facilities and programs, and includes projections on whether the implementation of the standard sentence ranges will exceed this capacity. This report shall be submitted to the legislature by December 1, 1993.

(8) The sentencing reform act has been in effect since July 1, 1984, and several modifications to sentences have occurred. The sentencing guidelines commission shall reevaluate the proportionality and fairness of sentences contained in RCW 9.94A.120, as well as practical workability of sentences and ranges. The commission shall evaluate the impact of revisions to RCW 9.94A.120 (6) and (7). The commission shall submit preliminary findings to the legislature by December 1, 1994, and shall submit the final report to the legislature by December 1, 1995. The report shall describe the changes in sentencing practices related to the use of alternatives to total confinement for nonviolent offenders and include the impact of sentencing alternatives on state prisons and county jail population, the savings in state and local resources, and the impact on recidivism rates. The commission shall establish a baseline for evaluating recidivism of all felony offenders whether under the jurisdiction of the department or counties.

(9) The commission shall study the existing criminal code and from time to time make recommendations to the legislature for modification.

~~((4))~~ (10) The commission shall exercise its duties under this section in conformity with chapter 34.05 RCW, as now existing or hereafter amended.

Sec. 4. RCW 9.94A.190 and 1991 c 181 s 5 are each amended to read as follows:

(1) A sentence that includes a term or terms of confinement totaling more than one year shall be served in a facility or institution operated, or utilized under contract, by the state. Except as provided for in subsection (3) or (4) of this section, a sentence of not more than one year of confinement shall be served in a facility operated, licensed, or utilized under contract, by the county, or if home detention or work crew has been ordered by the court, in the residence of either the defendant or a member of the defendant's immediate family.

(2) If a county uses a state partial confinement facility for the partial confinement of a person sentenced to confinement for not more than one year, the county shall reimburse the state for the use of the facility as provided for in this subsection. The office of financial management shall set the rate of reimbursement based upon the average per diem cost per offender in the facility. The office of financial management shall determine to what extent, if any, reimbursement shall be reduced or eliminated because of funds provided by the legislature to the department of corrections for the purpose of covering the cost of county use of state partial confinement facilities. The office of financial management shall reestablish reimbursement rates each even-numbered year.

(3) A person who is sentenced for a felony to a term of not more than one year, and who is committed or returned to incarceration in a state facility on another felony conviction, either under the indeterminate sentencing laws, chapter 9.95 RCW, or under this chapter shall serve all terms of confinement, including a sentence of not more than one year, in a facility or institution operated, or utilized under contract, by the state, consistent with the provisions of RCW 9.94A.400.

(4) For sentences imposed pursuant to RCW 9.94A.120(7) which are over one year before converting all or part of the sentence to authorized sentencing options, notwithstanding any other provision of this section, all such sentences regardless of length shall be served in a facility or institution operated, or utilized under contract, by the state.

Sec. 5. RCW 9.94A.200 and 1989 c 252 s 7 are each amended to read as follows:

(1) If an offender violates any condition or requirement of a sentence, the court may modify its order of judgment and sentence and impose further punishment in accordance with this section.

(2) If an offender fails to comply with any of the requirements or conditions of a sentence the following provisions apply:

(a) The court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(b) The state has the burden of showing noncompliance by a preponderance of the evidence. If the court finds that the violation has occurred, it may order the offender to be confined for a period not to exceed sixty days for each violation~~((, and))~~. The total amount of confinement time the court may order for all violations that occur during a term of community supervision shall not exceed the high end of the sentence range for the offense. The court may (i)

convert a term of partial confinement to total confinement, (ii) convert community service obligation to total or partial confinement, ((~~or~~)) (iii) convert monetary obligations, except restitution and the crime victim penalty assessment, to community service hours at the rate of the state minimum wage as established in RCW 49.46.020 for each hour of community service, or (iv) convert to other sentencing alternatives as authorized in RCW 9.94A.380. Any time served in confinement awaiting a hearing on noncompliance shall be credited against any confinement order by the court; and

(c) If the court finds that the violation was not willful, the court may modify its previous order regarding payment of legal financial obligations and regarding community service obligations.

(3) Nothing in this section prohibits the filing of escape charges if appropriate.

Sec. 6. RCW 9.94A.320 and 1992 c 145 s 4 and 1992 c 75 s 3 are each reenacted and amended to read as follows:

Sec. 7. RCW 9.94A.360 and 1992 c 145 s 10 and 1992 c 75 s 4 are each reenacted and amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.400.

(2) Except as provided in subsection (4) of this section, class A and sex prior felony convictions shall always be included in the offender score. Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without being convicted of any felonies. Class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without being convicted of any felonies. Serious traffic convictions

shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without being convicted of any serious traffic or felony traffic offenses. This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law.

(4) Always include juvenile convictions for sex offenses. Include other class A juvenile felonies only if the offender was 15 or older at the time the juvenile offense was committed. Include other class B and C juvenile felony convictions only if the offender was 15 or older at the time the juvenile offense was committed and the offender was less than 23 at the time the offense for which he or she is being sentenced was committed.

(5) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(6) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(a) Prior adult offenses which were found, under RCW 9.94A.400(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently whether those offenses shall be counted as one offense or as separate offenses, and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used;

(b) Juvenile prior convictions entered or sentenced on the same date shall count as one offense, the offense that yields the highest offender score, except for juvenile prior convictions for violent offenses with separate victims, which shall count as separate offenses; and

(c) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(7) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense.

(8) If the present conviction is for a nonviolent offense and not covered by subsection (12) or (13) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(9) If the present conviction is for a violent offense and not covered in subsection (10), (11), (12), or (13) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Murder 1 or 2, Assault 1, Assault of a Child 1, Kidnaping 1, Homicide by Abuse, or Rape 1, count three points for prior adult and juvenile convictions for crimes in these categories, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(11) If the present conviction is for Burglary 1, count prior convictions as in subsection (9) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(12) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense or serious traffic offense, count one point for each adult and 1/2 point for each juvenile prior conviction.

(13) If the present conviction is for a drug offense count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (9) of this section if the current drug offense is violent, or as in subsection (8) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Willful Failure to Return from Furlough, RCW 72.66.060, Willful Failure to Return from Work Release, RCW 72.65.070, or Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (8) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(17) If the present conviction is for a sex offense, count priors as in subsections (8) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(18) If the present conviction is for an offense committed while the offender was under community placement, add one point.

(19) If the present conviction is for motor vehicle theft, count two points for each prior adult conviction for motor vehicle theft, and one point for each juvenile prior conviction for motor vehicle theft.

(4) Options under subsection (2) of this section may also be imposed by the court as sanctions resulting from violations of sentence requirements.

(5) The department shall determine the rules for calculating the value of a day fine based on the offender's income and reasonable obligations which the offender has for the support of the offender and any dependents.

The chief law enforcement officer or department of corrections shall make all necessary arrangements if possible. The court may authorize the person to seek suitable employment and may authorize the chief law enforcement officer or department of corrections to make reasonable efforts to find suitable employment for the person. A person participating in the work release program may not work in an establishment where there is a labor dispute.

(c) The work release prisoner shall be confined in a work release facility or jail unless authorized to be absent from the facility for program-related purposes, unless the court directs otherwise.

(d) Each work release prisoner's earnings may be collected by the chief law enforcement officer or a designee. The chief law enforcement officer or a designee may deduct from the earnings moneys for the payments for the prisoner's board, personal expenses inside and outside the jail, a share of the administrative expenses of this section, court-ordered victim compensation, and court-ordered restitution. Support payments for the prisoner's dependents, if any, shall be made as directed by the court. With the prisoner's consent, the remaining funds may be used to pay the prisoner's preexisting debts. Any remaining balance shall be returned to the prisoner.

(e) The prisoner's sentence may be reduced by earned early release time in accordance with procedures that shall be developed and promulgated by the work release facility. The earned early release time shall be for good behavior and good performance as determined by the facility. The facility shall not credit the offender with earned early release credits in advance of the offender actually earning the credits. In the case of an offender convicted of a serious violent offense or a sex offense that is a class A felony committed on or after July 1, 1990, the aggregate earned early release time may not exceed fifteen percent of the sentence.

(i) In the case of an offender convicted of a violent offense committed on or after July 1, 1993, or an offender sentenced pursuant to RCW 9.94A.120(7), the aggregate earned early release time may not exceed one-third of the sentence. In no other case may the aggregate earned early release time exceed ~~((one-third))~~ forty-five percent of the total sentence. This subsection (3)(e)(i) applies to an offender convicted of an offense before July 1, 1996:

(ii) In the case of an offender convicted of an offense on or after July 1, 1996, the aggregate earned early release time may not exceed one-third of the total sentence.

(f) If the work release prisoner violates the conditions of custody or employment, the prisoner shall be returned to the sentencing court. The sentencing court may require the prisoner to spend the remainder of the sentence in actual confinement and may cancel any earned reduction of the sentence.

(4) A special detention facility may be operated by a noncorrectional agency or by noncorrectional personnel by contract with the governing unit. The employees shall meet the standards of training and education established by the criminal justice training commission as authorized by RCW 43.101.080. The special detention facility may use combinations of features including, but not limited to, low-security or honor prisoner status, work farm, work release, community review, prisoner facility maintenance and food preparation, training programs, or alcohol or drug rehabilitation programs. Special detention facilities may establish a reasonable fee schedule to cover the cost of facility housing and programs. The schedule shall be on a sliding basis that reflects the person's ability to pay.

NEW SECTION. Sec. 18. The legislature finds that high crime rates and a heightened sense of vulnerability have led to increased public pressure on criminal justice officials to increase offender punishment and remove the most dangerous criminals from the streets. As a result, there is unprecedented growth in the corrections populations and overcrowding of prisons and local jails. Skyrocketing costs and high rates of recidivism have become issues of major public concern. Attention must be directed towards implementing a long-range corrections strategy that focuses on inmate responsibility through intensive work ethic training.

The legislature finds that many offenders lack basic life skills and have been largely unaffected by traditional correctional philosophies and programs. In addition, many first-time offenders who enter the prison system learn more about how to be criminals than the important qualities, values, and skills needed to successfully adapt to a life without crime.

The legislature finds that opportunities for offenders to improve themselves are extremely limited and there has not been adequate emphasis on alternatives to total confinement for nonviolent offenders.

The legislature finds that the explosion of drug crimes since the inception of the sentencing reform act and the response of the criminal justice system have resulted in a much higher proportion of substance abuse-affected offenders in the state's prisons and jails. The needs of this population differ from those of other offenders and present a great challenge to the system. The problems are exacerbated by the shortage of drug treatment and counseling programs both in and outside of prisons.

The legislature finds that the concept of a work ethic camp that requires the offender to complete an appropriate and balanced combination of highly structured and goal-oriented work programs such as correctional industries based work camps and/or class I and class II work projects, drug rehabilitation, and intensive life management work ethic training, can successfully reduce offender recidivism and lower the overall cost of incarceration.

It is the purpose and intent of sections 18 through 23 of this act to implement a regimented work ethic camp that is designed to directly address the high rate of recidivism, reduce upwardly spiraling prison costs, preserve

scarce and high cost prison space for the most dangerous offenders, and provide judges with a tough and sound alternative to traditional incarceration without compromising public safety.

NEW SECTION. Sec. 19. Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 18 through 23 of this act.

(1) "Department" means the department of corrections.

(2) "Secretary" means the secretary of corrections.

(3) "Transition training" means written and verbal instructions and assistance provided by the department to the offender during the two weeks prior to the offender's successful completion of the work ethic camp program. The transition training shall include instructions in the offender's requirements and obligations during the offender's period of postrelease supervision.

(4) "First-time drug offender" means any person who is convicted of a felony for the first time in violation of chapter 69.50 RCW, or of any offense defined as a felony under federal law that relates to the possession, manufacture, or delivery of a controlled substance, or any out-of-state conviction for an offense that under the laws of this state would be a felony classified as a drug offense under current statute.

(5) "Work ethic camp" means an alternative incarceration program designed to reduce recidivism and lower the cost of corrections by requiring offenders to complete a comprehensive array of real-world job and vocational experiences, character-building work ethics training, life management skills development, substance abuse rehabilitation, counseling, literacy training, and basic adult education.

(6) "Incarceration program" means the work ethic camp.

NEW SECTION. Sec. 20. The department of corrections shall establish one work ethic camp. The secretary shall locate the incarceration program within an already existing department compound or facility, or in a facility that is scheduled to come on line within the initial implementation date outlined in this section. The facility selected for an incarceration program shall appropriately accommodate the logistical and cost-effective objectives contained in sections 18 through 23 of this act. The department shall be ready to assign inmates to the incarceration program one hundred twenty days after the effective date of this act. The department shall establish the work ethic program cycle to last from one hundred twenty to one hundred eighty days. The department shall develop all aspects of the incarceration program including, but not limited to, program standards, conduct standards, educational components including general education development test achievement, offender incentives, drug rehabilitation program parameters, individual and team work goals, techniques for improving the offender's self-esteem, citizenship skills for successful living in the community, measures to hold the offender accountable for his or her behavior, and the successful completion of the incarceration program granted to the offender based on successful attendance, participation, and performance as defined by the secretary. The work ethic camp shall be designed and implemented so that offenders are continually engaged in meaningful activities and unstructured time is kept to a minimum. In addition, the department is encouraged to explore the integration and overlay of a military style approach to the work ethic camp.

NEW SECTION. Sec. 21. (1) Offenders shall be recommended for consideration to participate in the incarceration program at the time of their sentencing by the sentencing judge. Upon sentencing an offender to work ethic camp, the sentencing judge shall convert the period of work ethic camp confinement at a rate of one day of work ethic camp confinement to three days of total standard confinement. Only those offenders who successfully complete their sentence in work ethic camp, as defined by the department, shall be eligible to convert their sentence at this ratio. The court shall, as a component of any sentence regarding work ethic camp, also impose a term of community placement. The total time spent in the work ethic program and community placement shall not exceed the initial sentence imposed. During the last two weeks prior to release from work ethic camp the department shall provide the offender with comprehensive transition training. The court shall send a copy of the offender's sentence to the department within five working days of sentencing. The department shall arrange to take custody of the offender within its established customary time frame after the documents have been provided to the department by the court. The department shall then be responsible for determining if the offender is eligible for the incarceration program based on the following criteria:

(a) The offender is between the ages of eighteen and twenty-eight years.

(b) The offender has no known physical or mental impairments that would prevent his or her ability to perform the challenging physical and mental activities associated with this program.

(c) The offender is a first-time drug offender or an offender who is sentenced for not more than thirty-six months or less than twenty-two months.

(d) The offender has not been convicted of any sex offenses or violent offenses.

(e) The offender agrees to and signs the terms and conditions of the program designated by the secretary.

The department shall develop written incarceration program offender eligibility criteria and make the information available to the appropriate sentencing courts.

(2) The secretary shall prescribe the form and content of the agreement to be signed by the eligible offender before entering the incarceration program.

(3) The department may place inmates eligible for the work ethic camp incarceration program in program beds that have not been utilized by the court. The secretary shall ensure that court-referred inmates receive priority placement in the program.

(4) An inmate who fails to complete the incarceration program, who is administratively terminated from the incarceration program, or who otherwise violates any conditions of community placement, as defined by the department, shall be reclassified to serve the unexpired term of his or her sentence as ordered by the sentencing court and subject to all rules relating to earned early release time.

(5) An inmate who is sentenced or transferred to the incarceration program shall serve no less than one hundred twenty or more than one hundred eighty days as defined by the department to be considered a successful graduate of the incarceration program. Because of the conversion ratio, earned early release time shall not accrue to offenders sentenced to the work ethic camp.

NEW SECTION. Sec. 22. The department work ethic program facility shall employ one hundred percent of all inmates. The employment options available for inmates shall include meaningful work opportunities that provide the offender with real-world skills that help the offender find employment when he or she successfully completes the incarceration program. The department shall include in the incarceration program, without limitation, class I, class II, and class IV correctional programs. No more than thirty-five percent of the total inmate population in the facility shall be employed in class III correctional industries programs in the first year and thereafter ten percent less per year until a maximum of ten percent of the inmates are working in this employment class. In addition, work options shall also include department-supervised work crews as defined by the department. These work crews shall have the ability to work on public roads conducting litter control, minor emergency repair or other minor tasks that do not negatively impact employment opportunities for people with developmental disabilities contracted through the operation of sheltered workshops as defined in RCW 82.04.385, or have a negative impact on the local labor market or local business community as assessed by the department correctional industries advisory board of directors. The department shall establish, to the extent possible, programs that will positively impact our natural environment such as, but not limited to, recycling programs and minor environmental cleanup programs. If the department is directed by the legislature to increase the percentage of inmates employed in correctional industries programs, inmates employed through work ethic camps shall not be counted towards this total percentage.

NEW SECTION. Sec. 23. The incarceration program established in sections 18 through 23 of this act shall be considered a pilot alternative incarceration program and remain in effect until July 1, 1998. The department and the office of financial management shall monitor and analyze the effectiveness of the incarceration program and complete a final outcome evaluation study by January 15, 1998. Based on the findings of this final outcome evaluation study, the legislature may extend the program. The study shall include: The recidivism rates of successful program graduates, analysis of the overall program costs, the ability to maintain public safety, and any other pertinent data established by the department. The department may encourage interested universities to participate in studies that will enhance the effectiveness of the program.

The department of corrections shall seek the availability of federal funds for the planning, implementation, evaluation, and training of staff for work ethic camp programs, substance abuse programs, and offender education programs.

NEW SECTION. Sec. 24. Sections 18 through 23 of this act are each added to chapter 72.09 RCW.

NEW SECTION. Sec. 25. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 26. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993.

NEW SECTION. Sec. 27. The sum of two million dollars, or as much thereof as may be necessary, is appropriated for the biennium ending July 1, 1995, from the state general fund to the department of corrections for the purposes of RCW 72.09.300. Expenditure of each three dollars from this appropriation shall be matched by at least one dollar from other funding sources available to counties."

On motion of Representative Sheldon, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Representative Pruitt yielded to a question by Representative Morton.

Representative Morton: Thank you, Mr. Speaker. Does this bill remove the liability of this state acting through the Department of Natural Resources as a land owner and a fire fighter.

Representative Pruitt: No. The Department of Natural Resources would continue that responsibility as the land owner to prevent the spread of a fire from its land on to lands of another. As a fire fighter D&R would be liable for damages caused by negligent fighting a fire in fire suppressant effort to the same extent of all other fire departments. The intent of this bill is to direct the departments efforts to fighting a fire for the common good of the resources and citizens in general rather than determined who is paying for the fire protection assessments. The bill establishes that the assessments do not establish a special relationship to a particular forest land owner amongst specific promise that has been made for that individual.

Representative Morton: Does the department now intend to take major pieces of equipment that could impact the livelihood of its owners?

Representative Pruitt: No. This bill would not change the way the department collects evidence related to large equipment, such as trains or farm equipment. The Department of Natural Resources has never confiscated such equipment and does not plan to. However, the Department needs to be able to take parts of equipment that may be related to the cause of the fire such as a faulty spark arrestor from a tractor.

The Speaker called upon Representative R. Meyers to preside.

The Speaker (Representative R. Meyers presiding) stated the question before the House to be final passage of Substitute Senate Bill No. 5025.

The fisheries patrol officer must have successfully completed the basic law enforcement academy course sponsored by the criminal justice training commission, or a supplemental course in criminal law enforcement as approved by the department and the criminal justice training commission and provided by the department or the criminal justice training commission, prior to enforcing the criminal laws of the state.

(3) Any liability or claim of liability which arises out of the exercise or alleged exercise of authority by a fisheries patrol officer rests with the department of fisheries unless the fisheries patrol officer acts under the direction and control of another agency or unless the liability is otherwise assumed under a written agreement between the department of fisheries and another agency.

(4) Fisheries patrol officers may serve and execute warrants and processes issued by the courts.

(5) Fisheries patrol officers may enforce the provisions of sections 3 and 4 of this act.

(2) "Survivor" or "survivors" of a victim of crime means a spouse, child, parent, legal guardian, sibling, or grandparent. If there is more than one survivor of a victim of crime, one survivor shall be designated by the prosecutor to represent all survivors for purposes of providing the notice to survivors required by this chapter.

(3) "Victim" means a person against whom a crime has been committed or the representative of a person against whom a crime has been committed.

(4) "Victim impact statement" means a statement submitted to the court by the victim or a survivor, individually or with the assistance of the prosecuting attorney if assistance is requested by the victim or survivor, which may include but is not limited to information assessing the financial, medical, social, and psychological impact of the offense upon the victim or survivors.

(5) "Witness" means a person who has been or is expected to be summoned to testify for the prosecution in a criminal action, or who by reason of having relevant information is subject to call or likely to be called as a witness for the prosecution, whether or not an action or proceeding has been commenced.

(6) "Crime victim/witness program" means any crime victim and witness program of a county or local law enforcement agency or prosecutor's office, any rape crisis center's sexual assault victim advocacy program as provided in chapter 70.125 RCW, any domestic violence program's legal and community advocate program for domestic violence victims as provided in chapter 70.123 RCW, or any other crime victim advocacy program which provides trained advocates to assist crime victims during the investigation and prosecution of the crime.

Sec. 5. RCW 7.69.030 and 1985 c 443 s 3 are each amended to read as follows:

There shall be a reasonable effort made to ensure that victims, survivors of victims, and witnesses of crimes have the following rights:

(1) With respect to victims of violent or sex crimes, to receive, at the time of reporting the crime to law enforcement officials, a written statement of the rights of crime victims as provided in this chapter. However, an employee of the law enforcement agency may, if necessary, accompany the person to a medical facility to question the person about the criminal incident if the questioning does not hinder the administration of medical assistance;

~~((9))~~ (10) With respect to victims of violent and sex crimes, to have a crime victim advocate from a crime victim/witness program present at any prosecutorial or defense interviews with the victim. This subsection applies if practical and if the presence of the crime victim advocate does not cause any unnecessary delay in the investigation or prosecution of the case. POINT OF PARLIAMENTARY INQUIRY

Representative Vance: Mr. Speaker, rule 20 of the House states that notice of reconsideration on final passage may be given and then deferred, however, it does not have specific language on an amendment and seems to imply, and I believe that its always been the custom of this house, that a motion to reconsider an amendment must be immediate. Is that not the understanding of the Speaker?

SPEAKER'S RULING

Representative Vance: The operative rule here, which is rule number 20, says a motion to reconsider an amendment may be made at anytime the bill remains on second reading. It also says a member who voted on the prevailing side may move for reconsideration or give notice thereof.

The Clerk called the oral roll call on adoption of amendment number 427 to Engrossed Substitute Senate Bill No. 5702 and the amendment passed the House by the following vote: 46-YEAS; 52-NAYS.

On page 30, beginning on line 26, strike all of subsection (9)

However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9 RCW, or a certificate of title shall be made by service upon the secured party to the secured party's assignee at the address shown on the financing statement or the certificate of title. The notice of seizure in other cases may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure.

(d) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession ~~((of items specified in subsection (a)(4), (a)(7), or (a)(8) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property))~~ within ninety days, the item seized shall be deemed forfeited. The community property interest in real property of a person whose spouse committed a violation giving rise to seizure of the real property may not be forfeited if the person did not participate in the violation. A perfected security interest of a secured party may be extinguished only after a contested hearing or agreement by the secured party.

(e) If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession ~~((of items specified in subsection (a)(2), (a)(3), (a)(4), (a)(5), (a)(6), (a)(7), or (a)(8) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property))~~ within ninety days, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. ~~((The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction if the aggregate value of the article or articles involved is more than five hundred dollars.))~~ The prosecuting attorney shall file the case into a court of competent jurisdiction. The court to which the matter is ~~((to be removed))~~ filed shall be the district court when the aggregate value of personal property is within the jurisdictional limit set forth in RCW 3.66.020. ~~((A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW.))~~ In a court hearing between two or more claimants to the article or articles involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorney's fees. In cases involving personal property, the burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the property. In cases involving real property, the burden of producing evidence shall be upon the law enforcement agency. The burden of proof that the seized real property is subject to forfeiture shall be upon the law enforcement agency. The seizing law enforcement agency shall promptly return the article or articles to the claimant upon a determination by the ~~((administrative law judge or))~~ court that the claimant is the present lawful owner or is lawfully entitled to possession thereof of items specified in subsection (a)(2), (a)(3), (a)(4), (a)(5), (a)(6), (a)(7), or (a)(8) of this section.

(f) When property is forfeited under this chapter the board or seizing law enforcement agency may:

(1) Retain it for official use or upon application by any law enforcement agency of this state release such property to such agency for the exclusive use of enforcing the provisions of this chapter;

(2) Sell that which is not required to be destroyed by law and which is not harmful to the public;

(3) Request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law; or

(4) Forward it to the drug enforcement administration for disposition.

(g)(1) When property is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the property, the disposition of the property, the value of the property at the time of seizure, and the amount of proceeds realized from disposition of the property.

(2) Each seizing agency shall retain records of forfeited property for at least seven years.

(3) Each seizing agency shall file a report including a copy of the records of forfeited property with the state treasurer each calendar quarter.

(4) The quarterly report need not include a record of forfeited property that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(h)(1) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the drug enforcement and education account under RCW 69.50.520.

(2) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents, and the cost of any valid landlord's claim for damages under subsection (n) of this section.

(3) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing for valuation of motor vehicles. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.

(i) Forfeited property and net proceeds not required to be paid to the state treasurer shall be retained by the seizing law enforcement agency exclusively for the expansion and improvement of controlled substances related law enforcement activity. Money retained under this section may not be used to supplant preexisting funding sources.

(j) Controlled substances listed in Schedule I, II, III, IV, and V that are possessed, transferred, sold, or offered for sale in violation of this chapter are contraband and shall be seized and summarily forfeited to the state. Controlled substances listed in Schedule I, II, III, IV, and V, which are seized or come into the possession of the board, the owners of which are unknown, are contraband and shall be summarily forfeited to the board.

(k) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this chapter, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the board.

(l) The failure, upon demand by a board inspector or law enforcement officer, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored to produce an appropriate registration or proof that he is the holder thereof constitutes authority for the seizure and forfeiture of the plants.

(m) Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the assessor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules. Such an order shall be filed by the seizing agency in the county auditor's records in the county in which the real property is located.

(n) A landlord may assert a claim against proceeds from the sale of assets seized and forfeited under subsection (f)(2) of this section, only if:

(1) A law enforcement officer, while acting in his or her official capacity, directly caused damage to the complaining landlord's property while executing a search of a tenant's residence; and

(2) The landlord has applied any funds remaining in the tenant's deposit, to which the landlord has a right under chapter 59.18 RCW, to cover the damage directly caused by a law enforcement officer prior to asserting a claim under the provisions of this section;

(i) Only if the funds applied under (2) of this subsection are insufficient to satisfy the damage directly caused by a law enforcement officer, may the landlord seek compensation for the damage by filing a claim against the governmental entity under whose authority the law enforcement agency operates within thirty days after the search;

(ii) Only if the governmental entity denies or fails to respond to the landlord's claim within sixty days of the date of filing, may the landlord collect damages under this subsection by filing within thirty days of denial or the expiration of the sixty-day period, whichever occurs first, a claim with the seizing law enforcement agency. The seizing law enforcement agency must notify the landlord of the status of the claim by the end of the thirty-day period. Nothing in this section requires the claim to be paid by the end of the sixty-day or thirty-day period.

(3) For any claim filed under (2) of this subsection, the law enforcement agency shall pay the claim unless the agency provides substantial proof that the landlord either:

(i) Knew or consented to actions of the tenant in violation of this chapter or chapter 69.41 or 69.52 RCW; or

(ii) Failed to respond to a notification of the illegal activity, provided by a law enforcement agency under RCW 59.18.075, within seven days of receipt of notification of the illegal activity.

(o) The landlord's claim for damages under subsection (n) of this section may not include a claim for loss of business and is limited to:

(1) Damage to tangible property and clean-up costs;

(2) The lesser of the cost of repair or fair market value of the damage directly caused by a law enforcement officer;

(3) The proceeds from the sale of the specific tenant's property seized and forfeited under subsection (f)(2) of this section; and

(4) The proceeds available after the seizing law enforcement agency satisfies any bona fide security interest in the tenant's property and costs related to sale of the tenant's property as provided by subsection (h)(2) of this section.

(p) Subsections (n) and (o) of this section do not limit any other rights a landlord may have against a tenant to collect for damages. However, if a law enforcement agency satisfies a landlord's claim under subsection (n) of this section, the rights the landlord has against the tenant for damages directly caused by a law enforcement officer under the terms of the landlord and tenant's contract are subrogated to the law enforcement agency."

"NEW SECTION. Sec. 2. A new section is added to chapter 46.61 RCW to read as follows:

(1) A vehicle driven by or under the actual physical control of the owner of the vehicle in violation of RCW 46.61.502 or 46.61.504 is, upon the conviction of the owner when that conviction is the second or subsequent conviction for a violation of RCW 46.61.502 or 46.61.504 within a five-year period, subject to seizure and forfeiture and no property right exists in that vehicle.

A forfeiture of a vehicle encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the violation of RCW 46.61.502 or 46.61.504.

(2) A vehicle subject to forfeiture under this chapter may be seized by a law enforcement officer of this state upon process issued by a court of competent jurisdiction. Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.

(3) A seizure under subsection (2) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9 RCW, or a certificate of title shall be made by service upon the secured party to the secured party's assignee at the address shown on the financing statement or the certificate of title.

(4) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within ninety days of the seizure, the vehicle is deemed forfeited. A perfected security interest of a secured party may be extinguished only after a contested hearing or agreement by the secured party.

(5) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within ninety days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The prosecuting attorney shall file the case into a court of competent jurisdiction. The court to which the matter is file shall be the district court when the value of the vehicle is within the jurisdictional limit of the district court. In a court hearing between two or more claimants to the vehicle involved, the prevailing party is entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence is upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the chief law enforcement officer, of the seizing agency, the chief law enforcement officer's designee, or the court that the claimant neither knew of nor consented to the violation leading to seizure and is the present lawful owner or is lawfully entitled to possession of the vehicle.

(6) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title.

(7) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(8) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(9) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(10) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(11) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the public safety and education account.

(12) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(13) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal.

NEW SECTION. Sec. 3. A new section is added to chapter 46.61 RCW to read as follows:

(1) Whenever a person is charged with a violation of RCW 46.61.502 or 46.61.504 and that person has been previously convicted for a violation of RCW 46.61.502 or 46.61.504 within a five-year period, the court shall instruct the person charged of the provisions of section 5 of this act and shall immediately forward notice of the charge to the director.

Upon receiving notice of a charge under section 3 of this act, the director shall withhold the issuance of a certificate of ownership on a vehicle subject to section 5 of this act unless the applicant is included in the exceptions listed in that section or until receiving notice of acquittal or other termination of the charge under section 3 of this act.

NEW SECTION. Sec. 5. A new section is added to chapter 46.12 RCW to read as follows:

It is unlawful to convey, sell, or transfer the ownership of a motor vehicle that was driven by or was under the actual physical control of the owner of the vehicle who has previously been convicted for a violation of RCW 46.61.502 or 46.61.504 within a five-year period and is currently charged with a violation of RCW 46.61.502 or 46.61.504, except that:

(1) A vehicle encumbered by a bona fide security interest may be transferred to the secured party or to a person designated by the secured party; and

(2) A leased vehicle may be transferred to the lessor or to a person designated by the lessor.

Sec. 6. RCW 46.12.270 and 1969 ex.s. c 125 s 3 are each amended to read as follows:

Sec. 4. RCW 26.19.035 and 1992 c 229 s 6 are each amended to read as follows:

(1) **Application of the child support schedule.** The child support schedule shall be applied:

- (a) In each county of the state;
- (b) In judicial and administrative proceedings under this title or Title 13 or 74 RCW;
- (c) In all proceedings in which child support is determined or modified;
- (d) In setting temporary and permanent support;
- (e) In automatic modification provisions or decrees entered pursuant to RCW 26.09.100; and
- (f) In addition to proceedings in which child support is determined for minors, to adult children who are dependent on their parents and for whom support is ordered pursuant to RCW 26.09.100. However, child support shall not be made mandatory for postsecondary education of a child over eighteen years of age.

The provisions of this chapter for determining child support and reasons for deviation from the standard calculation shall be applied in the same manner by the court, presiding officers, and reviewing officers.

(2) **Written findings of fact supported by the evidence.** An order for child support shall be supported by written findings of fact upon which the support determination is based and shall include reasons for any deviation from the standard calculation and reasons for denial of a party's request for deviation from the standard calculation. The court shall enter written findings of fact in all cases whether or not the court: (a) Sets the support at the presumptive amount, for combined monthly net incomes below five thousand dollars; (b) sets the support at an advisory amount, for combined monthly net incomes between five thousand and seven thousand dollars; or (c) deviates from the presumptive or advisory amounts.

(3) **Completion of worksheets.** Worksheets in the form developed by the office of the administrator for the courts shall be completed under penalty of perjury and filed in every proceeding in which child support is determined. The court shall not accept incomplete worksheets or worksheets that vary from the worksheets developed by the office of the administrator for the courts.

(4) **Court review of the worksheets and order.** The court shall review the worksheets and the order setting support for the adequacy of the reasons set forth for any deviation or denial of any request for deviation and for the adequacy of the amount of support ordered. Each order shall state the amount of child support calculated using the standard calculation and the amount of child support actually ordered. Worksheets shall be attached to the decree or order or if filed separately shall be initialed or signed by the judge and filed with the order.

Sec. 5. RCW 26.19.075 and 1991 sp.s. c 28 s 6 are each amended to read as follows:

(1) Reasons for deviation from the standard calculation include but are not limited to the following:

(a) **Sources of income and tax planning.** The court may deviate from the standard calculation after consideration of the following:

(i) Income of a new spouse if the parent who is married to the new spouse is asking for a deviation based on any other reason. Income of a new spouse is not, by itself, a sufficient reason for deviation;

(ii) Income of other adults in the household if the parent who is living with the other adult is asking for a deviation based on any other reason. Income of the other adults in the household is not, by itself, a sufficient reason for deviation;

(iii) Child support actually received from other relationships;

(iv) Gifts;

(v) Prizes;

(vi) Possession of wealth, including but not limited to savings, investments, real estate holdings and business interests, vehicles, boats, pensions, bank accounts, insurance plans, or other assets;

(vii) Extraordinary income of a child; or

(viii) Tax planning considerations. A deviation for tax planning may be granted only if the child would not receive a lesser economic benefit due to the tax planning.

(b) **Nonrecurring income.** The court may deviate from the standard calculation based on a finding that a particular source of income included in the calculation of the basic support obligation is not a recurring source of income. Depending on the circumstances, nonrecurring income may include overtime, contract-related benefits, bonuses, or income from second jobs. Deviations for nonrecurring income shall be based on a review of the nonrecurring income received in the previous two calendar years.

(c) **Debt and high expenses.** The court may deviate from the standard calculation after consideration of the following expenses:

(i) Extraordinary debt not voluntarily incurred;

(ii) A significant disparity in the living costs of the parents due to conditions beyond their control;

(iii) Special needs of disabled children; or

(iv) Special medical, educational, or psychological needs of the children. Special educational needs do not include postsecondary education of a child over eighteen years of age.

(d) **Residential schedule.** The court may deviate from the standard calculation if the child spends a significant amount of time with the parent who is obligated to make a support transfer payment. The court may not deviate on that basis if the deviation will result in insufficient funds in the household receiving the support to meet the basic needs of the child or if the child is receiving aid to families with dependent children. When determining the amount of the deviation, the court shall consider evidence concerning the increased expenses to a parent making support transfer payments resulting from the significant amount of time spent with that parent and shall consider the decreased expenses, if any, to the party receiving the support resulting from the significant amount of time the child spends with the parent making the support transfer payment.

(e) **Children from other relationships.** The court may deviate from the standard calculation when either or both of the parents before the court have children from other relationships to whom the parent owes a duty of support.

(i) The child support schedule shall be applied to the mother, father, and children of the family before the court to determine the presumptive amount of support.

(ii) Children from other relationships shall not be counted in the number of children for purposes of determining the basic support obligation and the standard calculation.

(iii) When considering a deviation from the standard calculation for children from other relationships, the court may consider only other children to whom the parent owes a duty of support. The court may consider court-ordered payments of child support for children from other relationships only to the extent that the support is actually paid.

(iv) When the court has determined that either or both parents have children from other relationships, deviations under this section shall be based on consideration of the total circumstances of both households. All child support obligations paid, received, and owed for all children shall be disclosed and considered.

(2) All income and resources of the parties before the court, new spouses, and other adults in the households shall be disclosed and considered as provided in this section. The presumptive amount of support shall be determined according to the child support schedule. Unless specific reasons for deviation are set forth in the written findings of fact and are supported by the evidence, the court shall order each parent to pay the amount of support determined by using the standard calculation.

(3) The court shall enter findings that specify reasons for any deviation or any denial of a party's request for any deviation from the standard calculation made by the court. The court shall not consider reasons for deviation until the court determines the standard calculation for each parent.

(4) When reasons exist for deviation, the court shall exercise discretion in considering the extent to which the factors would affect the support obligation.

(5) Agreement of the parties is not by itself adequate reason for any deviations from the standard calculation.

Sec. 6. RCW 26.19.090 and 1991 sp.s. c 28 s 7 are each amended to read as follows:

~~((1))~~ The child support schedule shall ~~((be advisory and not mandatory))~~ not be used for postsecondary educational support of a child over eighteen years of age.

~~((2) When considering whether to order support for postsecondary educational expenses, the court shall determine whether the child is in fact dependent and is relying upon the parents for the reasonable necessities of life. The court shall exercise its discretion when determining whether and for how long to award postsecondary educational support based upon consideration of factors that include but are not limited to the following: Age of the child; the child's needs; the expectations of the parties for their children when the parents were together; the child's prospects, desires, aptitudes, abilities or disabilities; the nature of the postsecondary education sought; and the parents' level of education, standard of living, and current and future resources. Also to be considered are the amount and type of support that the child would have been afforded if the parents had stayed together.~~

~~(3) The child must enroll in an accredited academic or vocational school, must be actively pursuing a course of study commensurate with the child's vocational goals, and must be in good academic standing as defined by the institution. The court ordered postsecondary educational support shall be automatically suspended during the period or periods the child fails to comply with these conditions.~~

~~(4) The child shall also make available all academic records and grades to both parents as a condition of receiving postsecondary educational support. Each parent shall have full and equal access to the postsecondary education records as provided in RCW 26.09.225.~~

~~(5) The court shall not order the payment of postsecondary educational expenses beyond the child's twenty-third birthday, except for exceptional circumstances, such as mental, physical, or emotional disabilities.~~

~~(6) The court shall direct that either or both parents' payments for postsecondary educational expenses be made directly to the educational institution if feasible. If direct payments are not feasible, then the court in its discretion may order that either or both parents' payments be made directly to the child if the child does not reside with either parent. If the child resides with one of the parents the court may direct that the parent making the support transfer payments make the payments to the child or to the parent who has been receiving the support transfer payments.))"~~

NEW SECTION. Sec. 1006. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts.

NEW SECTION. Sec. 1007. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining June 30, 1993, in the 1991-93 biennial appropriations for each project.

NEW SECTION. Sec. 1008. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 1009. As part of the annual update to the state facilities and capital plan, agencies shall provide information on lease-development and lease-purchase projects to the office of financial management.

NEW SECTION. Sec. 1010. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with moneys available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate committee on ways and means and the house of representatives committee on capital budget.

NEW SECTION. Sec. 1011. Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

NEW SECTION. Sec. 1012. Notwithstanding any other provisions of law, for the 1993-95 biennium, transfers of reimbursement by the state treasurer to the general fund from the community college capital projects account for debt service payments made under Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available to the account. community and technical colleges need not accumulate any specific balance in the community college capital projects account in anticipation of transfers to reimburse the general fund.

NEW SECTION. Sec. 1013. Any capital improvements or capital project involving construction or major expansion of a state office facility, including district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the office of financial management and the department of general administration for possible consolidation, collocation, and compliance with state office standards before allotment of funds. NEW SECTION. Sec. 1014. The governor, through the director of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account.

For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if (1) the project as defined in the notes to the budget document is substantially complete and there are funds remaining or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

A report of any transfer effected under this section except emergency projects or any transfer under \$250,000 shall be filed with the legislative fiscal committees of the senate and house of representatives by the director of financial management at least thirty days before the date the transfer is effected, and shall report all transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 1015. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act referencing this section shall not be expended until the office of financial management has reviewed the agency's predesign and other documents and approved the project. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management.

The office of financial management shall provide to the house of representatives capital budget committee and the senate ways and means committee a list of the program documents the office has reviewed and approved, changes made to the documents resulting from the review, and the estimated cost changes resulting from the review.

Allotments for appropriations shall be provided in accordance with the capital project review requirements adopted by the office of financial management.

(b) Reappropriations which reference this subsection (2)(b) shall lapse on June 30, 1994. In developing the 1995-97 capital budget, the office of financial management shall consider all project requests which have been an element of an appropriation which references this section as a request for a new appropriation.

(3) The office of financial management shall report the following to the appropriate fiscal committees of the legislature by January 30, 1995:

(a) A listing of reappropriations in the governor's 1995-97 capital budget recommendation that have been reappropriated one or more times and have ten percent or more of the original appropriation unexpended; and

(b) An explanation of why the appropriation remains unexpended.

As lead agency, the department shall develop standards and common specifications for leased and purchased telecommunications equipment and assist state agencies in developing a video telecommunications expenditure plan. No agency may spend any portion of any appropriation in this act for new video telecommunications equipment, new video telecommunications transmission, or new video telecommunications systems without first complying with chapter 43.105 RCW, including but not limited to RCW 43.105.041(2), and without first submitting a video telecommunications equipment expenditure plan, in accordance with the policies of the department of information services, for review and assessment by the department of information services under RCW 43.105.052. Before any such expenditure by a public school, a video telecommunications expenditure plan shall be approved by the superintendent of public instruction. The office of the superintendent of public instruction shall coordinate the use of the video telecommunications in public schools by providing educational information to local school districts and shall assist local school districts and educational service districts in telecommunications planning and curriculum development. SSB 5963 Prime Sponsor, Committee on Transportation: Providing for priority programming of multimodal solutions to address state highway deficiencies. Reported by Committee on Transportation

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 47.05.010 and 1969 ex.s. c 39 s 1 are each amended to read as follows:

The legislature finds that ~~((anticipated revenues available for state highways for the foreseeable future will fall substantially short of the amount required to satisfy all of the state highway needs. It is the purpose of this chapter to establish a policy of priority programming for highway development having as its basis the rational selection of projects according to factual need, systematically scheduled to carry out defined objectives within limits of money and manpower, and fixed in advance with reasonable flexibility to meet changed conditions)) solutions to state highway deficiencies have become increasingly complex and diverse and that anticipated transportation revenues will fall substantially short of the amount required to satisfy all transportation needs. Difficult investment trade-offs will be required.~~

It is the intent of the legislature that investment of state transportation funds to address deficiencies on the state highway system be based on a policy of priority programming having as its basis the rational selection of

projects and services according to factual need and an evaluation of life cycle costs and benefits and which are systematically scheduled to carry out defined objectives within available revenue.

The priority programming system shall ensure preservation of the existing state highway system, provide mobility for people and goods, support the state's economy, and promote environmental protection and energy conservation.

The priority programming system shall implement the state-owned highway component of the state-wide multimodal transportation plan, consistent with local and regional transportation plans, by targeting state transportation investment to appropriate multimodal solutions which address identified state highway system deficiencies.

The priority programming system for improvements shall incorporate a broad range of solutions that are identified in the state-wide multimodal transportation plan as appropriate to address state highway system deficiencies including but not limited to highway expansion, efficiency improvements, nonmotorized transportation facilities, high occupancy vehicle facilities, transit facilities and services, rail facilities and services, and transportation demand management programs.

Sec. 2. RCW 47.05.021 and 1987 c 505 s 50 are each amended to read as follows:

Sec. 106. RCW 82.04.460 and 1985 c 7 s 154 are each amended to read as follows:

BUSINESS WITHIN AND WITHOUT STATE--APPORTIONMENT. (1) Any person rendering services taxable under RCW 82.04.290 or services defined as a retail sale under RCW 82.04.050(4) and maintaining places of business both within and without this state which contribute to the rendition of such services shall, for the purpose of computing tax liability under RCW 82.04.290, apportion to this state that portion of his gross income which is derived from services rendered within this state. Where such apportionment cannot be accurately made by separate accounting methods, the taxpayer shall apportion to this state that proportion of his total income which the cost of doing business within the state bears to the total cost of doing business both within and without the state.

(2) Notwithstanding the provision of subsection (1) of this section, persons doing business both within and without the state who receive gross income from service charges, as defined in RCW 63.14.010 (relating to amounts charged for granting the right or privilege to make deferred or installment payments) or who receive gross income from engaging in business as financial institutions within the scope of chapter 82.14A RCW (relating to city taxes on financial institutions) shall apportion or allocate gross income taxable under RCW 82.04.290 to this state pursuant to rules promulgated by the department consistent with uniform rules for apportionment or allocation developed by the states.

(3) The department shall by rule provide a method or methods of apportioning or allocating gross income derived from sales of telephone services taxed under this chapter, if the gross proceeds of sales subject to tax under

this chapter do not fairly represent the extent of the taxpayer's income attributable to this state. The rules shall be, so far as feasible, consistent with the methods of apportionment contained in this section and shall require the consideration of those facts, circumstances, and apportionment factors as will result in an equitable and constitutionally permissible division of the services.

Sec. 107. RCW 82.04.060 and 1983 2nd ex.s. c 3 s 26 are each amended to read as follows:

SALE AT WHOLESALE DEFINED. Sec. 108. RCW 82.08.010 and 1985 c 38 s 3 are each amended to read as follows:

RETAIL SALES TAX--DEFINITIONS. For the purposes of this chapter:

(1) "Selling price" means the consideration, whether money, credits, rights, or other property except trade-in property of like kind, expressed in the terms of money paid or delivered by a buyer to a seller without any deduction on account of the cost of tangible property sold, the cost of materials used, labor costs, interest, discount, delivery costs, taxes other than taxes imposed under this chapter if the seller advertises the price as including the tax or that the seller is paying the tax, or any other expenses whatsoever paid or accrued and without any deduction on account of losses; but shall not include the amount of cash discount actually taken by a buyer; and shall be subject to modification to the extent modification is provided for in RCW 82.08.080.

When tangible personal property is rented or leased under circumstances that the consideration paid does not represent a reasonable rental for the use of the articles so rented or leased, the "selling price" shall be determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules as the department of revenue may prescribe;

(2) "Seller" means every person, including the state and its departments and institutions, making sales at retail or retail sales to a buyer or consumer, whether as agent, broker, or principal, except "seller" does not mean the state and its departments and institutions when making sales to the state and its departments and institutions;

(3) "Buyer" and "consumer" include, without limiting the scope hereof, every individual, receiver, assignee, trustee in bankruptcy, trust, estate, firm, copartnership, joint venture, club, company, joint stock company, business trust, corporation, association, society, or any group of individuals acting as a unit, whether mutual, cooperative, fraternal, nonprofit, or otherwise, municipal corporation, quasi municipal corporation, and also the state, its departments and institutions and all political subdivisions thereof, irrespective of the nature of the activities engaged in or functions performed, and also the United States or any instrumentality thereof;

Sec. 109. RCW 82.08.020 and 1992 c 194 s 9 are each amended to read as follows:

RETAIL SALES TAX RATE. (1) There is levied and there shall be collected a tax on each retail sale in this state equal to six and (~~(five-tenths))~~ twenty-five one-hundredths percent of the selling price.

(2) There is levied and there shall be collected an additional tax on each retail car rental, regardless of whether the vehicle is licensed in this state, equal to five and nine-tenths percent of the selling price. Ninety-one percent of the revenue collected under this subsection shall be deposited and distributed in the same manner as motor vehicle excise tax revenue collected under RCW 82.44.020(1). Nine percent of the revenue collected under this subsection shall be deposited in the transportation fund and distributed in the same manner as motor vehicle excise tax revenue collected under RCW 82.44.020(2).

(3) If authorized under section 132 of this act, an additional tax shall be imposed on each retail sale in this state of a service defined as a retail sale under RCW 82.04.050(4), equal to one percent of the selling price. The revenue collected under this subsection shall be deposited in the local sales tax on services account under section 132 of this act.

(4) The taxes imposed under this chapter shall apply to successive retail sales of the same property.

~~((4))~~ (5) The rates provided in this section apply to taxes imposed under chapter 82.12 RCW as provided in RCW 82.12.020.

NEW SECTION. Sec. 110. The legislature finds that prevention is a significant element in the reduction of health care costs. The legislature further finds that taxing some physician prescriptions and not others is unfair to patients. It is, therefore, the intent of the legislature to remove the taxes from prescriptions issued for family planning purposes.

Sec. 111. RCW 82.08.0281 and 1980 c 37 s 46 are each amended to read as follows:

The tax levied by RCW 82.08.020 shall not apply to sales of prescription drugs, including sales to the state or a political subdivision or municipal corporation thereof of drugs to be dispensed to patients by prescription without charge. The term "prescription drugs" shall include any medicine, drug, prescription lens, or other substance other than food for use in the diagnosis, cure, mitigation, treatment, or prevention of disease or other ailment in humans, or for family planning purposes including the prevention of conception, ordered by (1) the written prescription to a pharmacist by a practitioner authorized by law of this state or laws of another jurisdiction to issue prescriptions, or (2) upon an oral prescription of such practitioner which is reduced promptly to writing and filed by a duly licensed pharmacist, or (3) by refilling any such written or oral prescription if such refilling is authorized by the prescriber either in the original prescription or by oral order which is reduced promptly to writing and filed by the pharmacist, or (4) physicians or optometrists by way of written directions and specifications for the preparation, grinding, and fabrication of lenses intended to aid or correct visual defects or anomalies of humans.

Sec. 112. RCW 82.12.0275 and 1980 c 37 s 73 are each amended to read as follows:

The provisions of this chapter shall not apply in respect to the use of prescription drugs, including the use by the state or a political subdivision or municipal corporation thereof of drugs to be dispensed to patients by prescription without charge. The term "prescription drugs" shall include any medicine, drug, prescription lens, or other substance other than food for use in the diagnosis, cure, mitigation, treatment, or prevention of disease or other ailment in humans, or for family planning purposes including the prevention of conception, ordered by (1) the written prescription to a pharmacist by a practitioner authorized by law of this state or laws of another jurisdiction to issue prescriptions, or (2) upon an oral prescription of such practitioner which is reduced promptly to writing and filed by a duly licensed pharmacist, or (3) by refilling any such written or oral prescription if such refilling is authorized by the prescriber either in the original prescription or by oral order which is reduced promptly to writing and filed by the pharmacist, or (4) physicians or optometrists by way of written directions and specifications for the preparation, grinding, and fabrication of lenses intended to aid or correct visual defects or anomalies of humans.

NEW SECTION. Sec. 113. A new section is added to chapter 82.08 RCW to read as follows:

RETAIL SALES TAX ON SERVICES--COLLECTION. (1) A seller shall collect the retail sales tax on all sales of services defined as retail sales, except sales of services defined as a retail sale under RCW 82.04.050(4) that are not made in this state. A sale is made in this state for purposes of this chapter if the benefit of the service is received in this state. The benefit of a service shall be presumed to be received in this state:

(a) If the service relates only to real property located in this state;

(b) If the service relates only to tangible personal property located in this state at the time the service is performed;

(c) If the service relates only to an individual residing in this state;

(d) If the service relates to any person doing business only in this state; or

(e) Any combination of the criteria in (a) through (d) of this subsection.

(2) If none of the provisions of subsection (1) of this section apply, the buyer may elect to remit the sales tax due on the receipt of the benefit of the service in this state after apportioning the tax in the manner provided under section 116 of this act. If the buyer makes this election, the buyer must provide the seller with a certificate stating that the buyer has made this election and remit the tax due with the buyer's next regularly scheduled return. The department shall adopt rules providing the form and information required to be on the certificates.

(3) Notwithstanding the provisions of subsection (1) or (2) of this section, the department may establish by rule the criteria by which a buyer may demonstrate that the benefit of a service is not received in this state.

(4) If a transaction involves both the sale of a service taxable under this chapter and the provision of a service not taxable under this chapter, the charges shall be separately identified and stated with respect to the

taxable and nontaxable portions of the transaction. Failure to separately state the charges shall create a presumption that the entire transaction is subject to the retail sales tax.

Sec. 114. RCW 82.12.010 and 1985 c 222 s 1 and 1985 c 132 s 1 are each reenacted and amended to read as follows:

USE TAX--DEFINITIONS. For the purposes of this chapter:

(1)(a) "Value of the article used" shall mean the consideration, whether money, credit, rights, or other property except trade-in property of like kind, expressed in terms of money, paid or given or contracted to be paid or given by the purchaser to the seller for the article of tangible personal property, the use of which is taxable under this chapter. The term includes, in addition to the consideration paid or given or contracted to be paid or given, the amount of any tariff or duty paid with respect to the importation of the article used. In case the article used is acquired by lease or by gift or is extracted, produced, or manufactured by the person using the same or is sold under conditions wherein the purchase price does not represent the true value thereof, the value of the article used shall be determined as nearly as possible according to the retail selling price at place of use of similar products of like quality and character under such rules ~~((and regulations))~~ as the department of revenue may prescribe.

(b) In case the articles used are acquired by bailment, the value of the use of the articles so used shall be in an amount representing a reasonable rental for the use of the articles so bailed, determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules ~~((and regulations))~~ as the department of revenue may prescribe ~~((: PROVIDED, That))~~. In case any such articles of tangible personal property are used in respect to the construction, repairing, decorating, or improving of, and which become or are to become an ingredient or component of, new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing or attaching of any such articles therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation, then the value of the use of such articles so used shall be determined according to the retail selling price of such articles, or in the absence of such a selling price, as nearly as possible according to the retail selling price at place of use of similar products of like quality and character or, in the absence of either of these selling price measures, such value may be determined upon a cost basis, in any event under such rules ~~((and regulations))~~ as the department of revenue may prescribe.

(c) In the case of articles owned by a user engaged in business outside the state which are brought into the state for no more than ninety days in any period of three hundred sixty-five consecutive days and which are temporarily used for business purposes by the person in this state, the value of the article used shall be an amount representing a reasonable rental for the use of the articles, unless the person has paid tax under this chapter or chapter 82.08 RCW upon the full value of the article used, as defined in ~~((the first paragraph))~~ (a) of this subsection.

(d) In the case of articles manufactured or produced by the user and used in the manufacture or production of products sold or to be sold to the department of defense of the United States, the value of the articles used shall be determined according to the value of the ingredients of such articles.

(e) In the case of an article manufactured or produced for purposes of serving as a prototype for the development of a new or improved product, the value of the article used shall be determined by: ~~((a))~~ (i) The retail selling price of such new or improved product when first offered for sale; or ~~((b))~~ (ii) the value of materials incorporated into the prototype in cases in which the new or improved product is not offered for sale.

(2) "Value of the service used" shall mean the consideration, whether money, credit, rights, or other property, expressed in terms of money, paid or given or contracted to be paid or given by the purchaser to the seller for the service, the use of which is taxable under this chapter. If the service is received by gift or under conditions wherein the purchase price does not represent the true value of the service, the value of the service used shall be determined as nearly as possible according to the selling price at the place of use of similar services under rules prescribed by the department of revenue;

(3) "Use," "used," "using," or "put to use" shall have their ordinary meaning, and shall mean:

(a) With respect to tangible personal property, the first act within this state by which the taxpayer takes or assumes dominion or control over the article of tangible personal property (as a consumer), and include installation, storage, withdrawal from storage, or any other act preparatory to subsequent actual use or consumption within this state; and

(b) With respect to a service defined as a retail sale, the receipt in this state by the taxpayer of any part of the benefit afforded the service;

~~((3))~~ (4) "Taxpayer" and "purchaser" include all persons included within the meaning of the word "buyer" and the word "consumer" as defined in chapters 82.04 and 82.08 RCW;

~~((4))~~ (5) "Retailer" means every seller as defined in RCW 82.08.010 and every person engaged in the business of selling tangible personal property at retail and every person required to collect from purchasers the tax imposed under this chapter;

~~((5))~~ (6) The meaning ascribed to words and phrases in chapters 82.04 and 82.08 RCW, insofar as applicable, shall have full force and effect with respect to taxes imposed under the provisions of this chapter. "Consumer," in addition to the meaning ascribed to it in chapters 82.04 and 82.08 RCW insofar as applicable, shall also mean any person who distributes or displays, or causes to be distributed or displayed, any article of tangible personal property, except newspapers, the primary purpose of which is to promote the sale of products or services.

Sec. 115. RCW 82.12.020 and 1983 c 7 s 7 are each amended to read as follows:

USE TAX. (1) There is hereby levied and there shall be collected from every person in this state a tax or excise for the privilege of receiving the benefit of any service defined as a retail sale or of using within this state as a consumer any article of tangible personal property purchased at retail, or acquired by lease, gift, repossession, or bailment, or extracted or produced or manufactured by the person so using the same, or otherwise furnished to a person engaged in any business taxable under RCW 82.04.280~~((, subsections))~~ (2) or (7). ~~((This tax will not apply with respect to the use of any article of tangible personal property purchased, extracted, produced or manufactured outside this state until the transportation of such article has finally ended or until such article has become commingled with the general mass of property in this state.))~~

(2) This tax shall apply to the receipt of any service defined as a retail sale or the use of every article of tangible personal property, including property acquired at a casual or isolated sale, and including byproducts used by the manufacturer thereof, except as hereinafter provided, irrespective of whether the article or similar articles are manufactured or are available for purchase within this state.

(3) Except as provided in RCW 82.12.0252, payment by one purchaser or user of tangible personal property or service defined as a retail sale of the tax imposed by chapter 82.08 or 82.12 RCW shall not have the effect of exempting any other purchaser or user of the same property or service defined as a retail sale from the taxes imposed by such chapters.

(4) The tax shall be levied and collected in an amount equal to the value of the article or service used by the taxpayer multiplied by the rate in effect for the retail sales tax under RCW 82.08.020~~((, as now or hereafter amended, in the county in which the article is used)).~~

NEW SECTION. Sec. 116. A new section is added to chapter 82.12 RCW to read as follows:

USE TAX--WHERE BENEFIT OF SERVICE OCCURS. (1) The receipt of the benefit of a service in this state occurs:

- (a) If the service relates only to real property in this state; or
- (b) If the service relates only to tangible personal property in this state at the time of the service; or
- (c) If the service relates only to an individual residing in this state; or
- (d) If the service relates to any person doing business only in this state; or
- (e) Any combination of the criteria in (a) through (d) of this subsection.

(2) If the service relates to any person required to be registered to do business in this state, and the value of the service required to be apportioned to this state under subsection (3) of this section is less than the lesser of five percent of the total value of the service or twenty-five thousand dollars, the buyer shall not be required to calculate and remit the tax on that service.

(3) If subsection (1) or (2) of this section are not applicable, and the buyer of the service is doing business both inside and outside of this state, the service shall be presumed to be received in this state to the extent that the buyer is doing business in this state. The amount of the service that is taxable in this state shall be determined by multiplying the price of the service by a percentage that represents the extent of the buyer's business in this state. For purposes of determining the extent of the buyer's business in this state, the following apportionment formula shall be used:

(a) The value of the service shall be apportioned by an apportionment fraction composed of a sales factor representing fifty percent of the fraction, a property factor representing twenty-five percent of the fraction, and a payroll factor representing twenty-five percent of the fraction. If the denominator for any one of the factors is zero or are insignificant, the weighted percentage for the other denominators shall be increased proportionately; if the

denominators for any two of the factors are zero or are insignificant, the weighted percentage for the other denominator shall be one hundred percent;

(b) The property factor is a fraction the numerator of which is the average value of the buyer's real and tangible personal property owned or rented and used in this state during the taxable year or period and the denominator of which is the average value of such property owned or rented and used everywhere;

(i) Real and tangible personal property owned by the buyer shall be valued at original cost. Real and tangible personal property rented by the taxpayer shall be valued at eight times the net annual rental rate paid by the taxpayer less any annual rental rate received from subrentals;

(ii) The average value of real and tangible personal property shall be determined by averaging the value at the beginning and the end of the taxable year or period, unless the department determines that an averaging of monthly values during the taxable year or period is reasonably required to properly reflect the average value of the taxpayer's real and tangible personal property;

(c) The payroll factor is a fraction the numerator of which is the total amount paid in this state during the taxable year or period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the taxable year or period;

(i) As used in this subsection, the term "compensation" means wages, salaries, commissions, and any other form of remuneration paid to employees for personal services;

(ii) Compensation is paid in this state if:

(A) The employee's service is performed entirely within this state; or

(B) The employee's service is performed both within and without the state, but the service performed without the state is incidental to the employee's service within the state; or

(C) Some of the employee's service is performed in the state and the base of operations or the place from which the service is directed or controlled is within this state, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed and the employee's residence is in any state;

(d) The sales factor is a fraction the numerator of which is the total sales of the taxpayer in this state during the taxable year or period and the denominator of which is the total sales of the taxpayer everywhere during the taxable year or period.

(4) The department may, by rule, alter the components of the apportionment factors in subsection (3) of this section to be consistent with uniform rules for apportionment or allocation developed by the states for particular industries.

NEW SECTION. Sec. 117. A new section is added to chapter 82.32 RCW to read as follows:

SALES BEFORE EFFECTIVE DATE. If a service is initially taxable as of the effective date of this section, and the service is received prior to that date, it is not subject to tax under chapter 82.08, 82.12, or 82.14 RCW, notwithstanding that compensation for the service is paid or payable on or after that date. If the service is received on or after the effective date of this section, the service shall be taxed unless it was paid in full before March 1, 1993. If the service is received over a period of time beginning prior to the effective date of this section and ending after that date, and full payment for the service has not been made before March 1, 1993, the service shall be taxed only upon that portion of the service received on or after the effective date of this section. If the service is performed under a contract signed prior to March 1, 1993, and such contract does not allow the seller to add the retail sales taxes imposed under chapter 82.08, 82.12, or 82.14 RCW to the contract price, the taxes imposed under those chapters on services may not be imposed on that contract. If the contract is signed between March 1, 1993, and July 1, 1993, and does not allow the seller to add retail sales taxes to the price or increase the price for use taxes due, and the seller can show by clear, cogent, and convincing evidence that the contract was not signed to avoid the sales and use taxes imposed by chapter . . . , Laws of 1993 (this act), no such taxes shall be imposed.

Every consignee, bailee, factor, or auctioneer having either actual or constructive possession of tangible personal property, or having possession of the documents of title thereto, with power to sell such tangible personal property in his or its own name and actually so selling, and every agent with power to sell a service defined as a retail sale in the agent's own name and actually so selling, shall be deemed the seller of such tangible personal

property or service within the meaning of this chapter; and further, the consignor, bailor, principal, or owner shall be deemed a seller of such property or service to the consignee, bailee, factor, ~~((or))~~ auctioneer, or agent.

The burden shall be upon the taxpayer in every case to establish the fact that he or she is not engaged in the business of selling tangible personal property or service but is acting merely as broker or agent in promoting sales for a principal. Such claim will be allowed only when the taxpayer's accounting records are kept in such manner as the department of revenue shall by general ~~((regulation))~~ rule provide.

Sec. 121. RCW 82.12.0255 and 1980 c 37 s 55 are each amended to read as follows:

EXEMPTIONS--NONTAXABLE SERVICE. The provisions of this chapter shall not apply in respect to the use of any article of tangible personal property or any service defined as a retail sale which the state is prohibited from taxing under the Constitution of the state or under the Constitution or laws of the United States.

Sec. 124. RCW 82.12.060 and 1975 1st ex.s. c 278 s 54 are each amended to read as follows:

INSTALLMENT SALES AND LEASES. (2) In the case of property acquired by bailment, the department, by ~~((regulation))~~ rule, may provide for payment of the tax due in installments based on the reasonable rental for the property as determined under RCW 82.12.010(1).

A taxpayer filing returns on a cash receipts basis is not required to pay such tax on debts which are deductible as worthless for federal income tax purposes. Absent regular books and records to substantiate the accounting method chosen, returns shall be reported in the same manner as reported for federal income tax purposes.

(2) The accounting method for taxes administered under this section shall be uniform for all excise taxes unless a combined method is first approved by the department.

(3) A taxpayer may convert its reporting method to a different method that has prior approval by the department if the conversion satisfies the requirement in the rules adopted by the department pertaining to adjustments necessary to account for all income. The department may not withhold its approval unless the taxpayer cannot, for whatever reason, make the necessary adjustments to account for all income. The department may permit adjustments that cause an increase in the income to be amortized over a period not to exceed twelve consecutive months.

(2) Each taxpayer shall pay a tax on or before the first day of March of each year to the state treasurer through the insurance commissioner's office. The tax shall be equal to the total amount of all premiums and prepayments for health care services received by the taxpayer during the preceding calendar year multiplied by the rate of two percent.

(3) Taxpayers shall prepay their tax obligations under this section. The minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation for the preceding calendar year recomputed using the rate in effect for the current year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation that would have been due had the tax been in effect during the previous calendar year. The tax prepayments shall be paid to the state treasurer through the commissioner's office by the due dates and in the following amounts:

(a) On or before June 15, forty-five percent;

(b) On or before September 15, twenty-five percent;

(c) On or before December 15, twenty-five percent.

(4) For good cause demonstrated in writing, the commissioner may approve an amount smaller than the preceding calendar year's tax obligation as recomputed for calculating the health maintenance organization's prepayment obligations for the current tax year.

(5) Moneys collected under this section shall be deposited in the general fund.

(6) The taxes imposed in this section do not apply to:

(a) Amounts received by any taxpayer from the United States or any instrumentality thereof as prepayments for health care services provided under Title XVIII (medicare) of the federal social security act. This exemption shall expire July 1, 1997.

(b) Amounts received by any health care service contractor, as defined in RCW 48.44.010, as prepayments for health care services included within the definition of practice of dentistry under RCW 18.32.020. This exemption

does not apply to amounts received under a certified health plan certified under section 432 of chapter . . . (E2SSB 5304), Laws of 1993.

(7) A credit is allowed against the tax imposed in this section equal to the amount of any tax paid under section 301 of chapter . . . (E2SSB 5304), Laws of 1993 during the same calendar year.

NEW SECTION. Sec. 402. A new section is added to chapter 82.04 RCW to read as follows:

PART V RESALE CERTIFICATES ABUSE CURTAILED

Sec. 501. RCW 82.04.470 and 1983 2nd ex.s. c 3 s 29 are each amended to read as follows:

RESALE CERTIFICATES. (1) Unless a seller has taken from the purchaser a resale certificate ((signed by, and bearing the name and address and registration number of the purchaser to the effect that the property or service was purchased for resale, or unless the nature of the transaction is clearly shown as a sale at wholesale by the books and records of the taxpayer in such other manner as the department of revenue shall by regulation provide)), the burden of proving that a sale of tangible personal property, or of ((telephone)) services ((as defined in RCW 82.04.065)), was not a sale at retail shall be upon the person who made it.

(2) If a seller does not receive a resale certificate at the time of the sale, have a resale certificate on file at the time of the sale, or obtain a resale certificate from the buyer within a reasonable time after the sale, the seller shall remain liable for the tax as provided in RCW 82.08.050, unless the seller can demonstrate according to rules adopted by the department of revenue that the sale was properly made without payment of sales tax.

(3) Resale certificates shall be valid for a period of four years from the date the certificate is provided to the seller.

(4) The department may provide by rule for suggested forms for resale certificates and the other documents containing the information that will be accepted as resale certificates. The department shall provide by rule the categories of items or services that must be specified on resale certificates and the business classifications that may use a blanket resale certificate.

(5) As used in this section, "resale certificate" means a document provided by a buyer to a seller at the time of sale stating that the purchase is for resale in the regular course of business, or that the buyer is exempt from retail sales tax, and containing the following information:

(a) The name and address of the buyer;

(b) The uniform business identifier or revenue registration number of the buyer, if the buyer is required to registered;

(c) The type of business engaged in;

(d) The categories of items or services to be purchased for resale or that are exempt, unless the buyer is in a business classification that may present a blanket resale certificate as provided by the department by rule;

(e) The date on which the certificate was provided;

(f) A statement that the items or services purchased either: (i) Are purchased for resale in the regular course of business; or (ii) are exempt from tax pursuant to statute;

(g) A statement that the buyer acknowledges that the buyer is solely responsible for purchasing within the categories specified on the certificate and that misuse of the resale or exemption privilege claimed on the certificate subjects the buyer to a penalty of fifty percent of the tax due, in addition to the tax, interest, and any other penalties imposed by law;

(h) The name of the individual authorized to sign the certificate, printed in a legible fashion;

(i) The signature of the authorized individual; and

(j) The name of the seller.

NEW SECTION. Sec. 502. A new section is added to chapter 82.08 RCW to read as follows:

RESALE CERTIFICATE--PURCHASE AND RESALE. If a buyer normally is engaged in both consuming and reselling certain types of articles of tangible personal property and is not able to determine at the time of purchase whether the particular property acquired will be consumed or resold, the buyer may use a resale certificate

for the entire purchase if the buyer principally resells the articles according to the general nature of the buyer's business. The buyer shall account for the value of any articles purchased with a resale certificate that are used by the buyer and remit the sales tax on the articles to the department.

A buyer who pays a tax on all purchases and subsequently resells an article at retail, without intervening use by the buyer, shall collect the tax from the purchaser as otherwise provided by law and is entitled to a deduction on the buyer's tax return equal to the cost to the buyer of the property resold. The deduction is allowed only if the taxpayer keeps and preserves records that show the names of the persons from whom the articles were purchased, the date of the purchase, the type of articles, the amount of the purchase, and the tax that was paid. The department shall provide by rule for the refund or credit of retail sales tax paid by a buyer for purchases that are later sold at wholesale without intervening use by the buyer.

NEW SECTION. Sec. 503. A new section is added to chapter 82.32 RCW to read as follows:

PENALTY. Any person who uses a resale certificate to purchase items without payment of sales tax and who is not entitled to use the certificate for the purchase shall be assessed a penalty of fifty percent of the tax due, in addition to all other taxes, penalties, and interest due, on the improperly purchased item. The department may waive the penalty imposed under this section if it finds that the use of the certificate was due to circumstances beyond the taxpayer's control or if the certificate was used for purchases for dual purposes. The department shall define by rule what circumstances are considered to be beyond the taxpayer's control.

Sec. 504. RCW 82.08.050 and 1992 c 206 s 2 are each amended to read as follows:

SELLER TO COLLECT TAX. The tax hereby imposed shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the tax payable in respect to each taxable sale in accordance with the schedule of collections adopted by the department pursuant to the provisions of RCW 82.08.060. The tax required by this chapter, to be collected by the seller, shall be deemed to be held in trust by the seller until paid to the department, and any seller who appropriates or converts the tax collected to his or her own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter shall be guilty of a gross misdemeanor.

In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay it to the department in the manner prescribed by this chapter, whether such failure is the result of his or her own acts or the result of acts or conditions beyond his or her control, he or she shall, nevertheless, be personally liable to the state for the amount of the tax, unless the seller has taken from the buyer in good faith a properly executed resale certificate as provided in RCW 82.04.470.

The amount of tax, until paid by the buyer to the seller or to the department, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the tax as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any tax due under this chapter shall be guilty of a misdemeanor. The tax required by this chapter to be collected by the seller shall be stated separately from the selling price in any sales invoice or other instrument of sale. On all retail sales through vending machines, the tax need not be stated separately from the selling price or collected separately from the buyer. For purposes of determining the tax due from the buyer to the seller and from the seller to the department it shall be conclusively presumed that the selling price quoted in any price list, sales document, contract or other agreement between the parties does not include the tax imposed by this chapter, but if the seller advertises the price as including the tax or that the seller is paying the tax, the advertised price shall not be considered the selling price.

Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the buyer for collection of the tax, in which case a penalty of ten percent may be added to the amount of the tax for failure of the buyer to pay the same to the seller, regardless of when the tax may be collected by the department; and all of the provisions of chapter 82.32 RCW, including those relative to interest and penalties, shall apply in addition; and, for the sole purpose of applying the various provisions of chapter 82.32 RCW, the twenty-fifth day of the month following the tax period in which the purchase was made shall be considered as the due date of the tax.

(2) An outstanding certificate of contribution issued prior to April 1, 1993, shall be shown by the insurer in its financial statements as an admitted asset for such amount and period of time as the commissioner may approve (~~(- PROVIDED, That)~~). - 40% for the third calendar year after the year of issuance;

- 0% for the fifth and subsequent calendar years after the year of issuance.

Notwithstanding the foregoing, if the value of a certificate of contribution is or becomes less than one thousand dollars, the entire amount may be written off by the insurer in that year.

(3) The insurer shall offset the amount written off by it in a calendar year under subsection (2) of this section against its premium tax liability to this state accrued with respect to business transacted in such year.

(4) Any sums recovered by the association representing sums which have theretofore been written off by contributing insurers and offset against premium taxes as provided in subsection (3) of this section, shall be paid by the association to the commissioner and (~~(by him)~~) then deposited with the state treasurer for credit to the general fund of the state of Washington.

(5) No distribution to stockholders, if any, of a liquidating insurer shall be made unless and until the total amount of assessments levied by the association with respect to such insurer have been fully recovered by the association.

In making this calculation, the superintendent of public instruction may use an average over the immediately preceding five or fewer years of the district's percentage scoring in the lowest quartile. The superintendent of public instruction shall also deduct the number of students at these age levels who are identified as specific learning disabled and are generating state funds for special education programs conducted pursuant to RCW 28A.155.010 through 28A.155.100, in distributing state funds for learning assistance.

Prior to making any such changes, the state board shall hold at least one public hearing on such proposed action and shall consider any recommendations on such proposed action.

The state board in making any change in boundaries shall give consideration to, but not be limited by, the following factors: (1) Size, population, topography, and climate of the proposed district; and (2) costs associated with the governance, administration, and operation of the educational service district system in whole or part.

As soon as practicable, the superintendent of public instruction shall

develop a reorganization proposal and submit the proposal to the state board of education, together with a request under RCW 28A.310.020, that the number of western Washington educational service districts be reduced to four.

Sec. 524. RCW 84.52.0531 and 1992 c 49 s 1 are each amended to read as follows:

The maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be determined as follows:

(1) For excess levies for collection in calendar year 1992, the maximum dollar amount shall be calculated pursuant to the laws and rules in effect in November 1991.

(3) For excess levies for collection in calendar year 1993 and thereafter, the maximum dollar amount shall be the sum of (a) and (b) of this subsection minus (c) of this subsection:

(a) The district's levy base as defined in subsection (4) of this section multiplied by the district's maximum levy percentage as defined in subsection (5) of this section;

(b) In the case of nonhigh school districts only, an amount equal to the total estimated amount due by the nonhigh school district to high school districts pursuant to chapter 28A.545 RCW for the school year during which collection of the levy is to commence, less the increase in the nonhigh school district's basic education allocation as computed pursuant to subsection (1) of this section due to the inclusion of pupils participating in a program provided for in chapter 28A.545 RCW in such computation;

(c) The maximum amount of state matching funds under RCW 28A.500.010 for which the district is eligible in that tax collection year.

(4) For excess levies for collection in calendar year 1993 and thereafter, a district's levy base shall be the sum of allocations in (a) through (c) of this subsection received by the district for the prior school year, including allocations for compensation increases, plus the sum of such allocations multiplied by the percent increase per full time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year and divided by fifty-five percent. A district's levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (c) of this subsection.

(a) Multiply the district's maximum levy percentage for the prior year by the district's levy base as determined in subsection (4) of this section;

(b) Reduce the amount in (a) of this subsection by the total estimated amount of any levy reduction funds as defined in subsection (6) of this section which are to be allocated to the district for the current school year;

(c) Divide the amount in (b) of this subsection by the district's levy base to compute a new percentage; ((and))

(d) The percentage in (c) of this subsection or twenty percent, whichever is greater, shall be the district's maximum levy percentage for levies collected in that calendar year; and

(e) For levies to be collected in calendar years 1994 and 1995, the maximum levy rate shall be the district's maximum levy percentage for 1993 plus four percent reduced by any levy reduction funds. For levies collected in 1996, the prior year shall mean 1993.

PART VI HIGHER EDUCATION

NEW SECTION. Sec. 601. HIGHER EDUCATION. The appropriations in sections 602 through 610 of this act are subject to the following conditions and limitations:

(1) "Institutions of higher education" means the institutions receiving appropriations under sections 602 through 608 of this act.

(2) The general fund--state appropriations in sections 602 through 608 of this act represent significant reductions in current funding levels. In order to provide each institution of higher education with the capability of effectively managing within their unique requirements, some flexibility in implementing these reductions is permitted. This will assure the continuation of the highest quality higher education system possible within available resources. In establishing spending plans for the next biennium, each institution shall address the needs of its students in keeping with the following directives: (a) Establishing reductions of a permanent nature by avoiding short term solutions; (b) not reducing enrollments more than two percent below budgeted levels; (c) maintaining the current resident to nonresident student proportions; (d) protecting undergraduate programs and support services; (e) protecting assessment activities; (f) protecting minority recruitment and retention efforts; (g) protecting the state's investment in facilities; (h) using institutional strategic plans as a guide for reshaping institutional expenditures; and (i) increasing efficiencies through administrative staff reductions, program consolidation, the elimination of duplication, the use of other resources, and productivity improvements. At the four-year institutions of higher education, productivity improvements shall include increased teaching loads for faculty. Each institution of higher education and the state board for community and technical colleges shall submit a report to the legislative fiscal committees by July 1, 1993, on their spending plans for the 1993-95 biennium. The report should address the approach taken with respect to each of the directives in this subsection. A second report responding to the same directives shall be submitted by November 1, 1993, which describes the implementation of the spending plan and its effects. The July 1, 1993, report submitted by each four-year institution shall include information on faculty teaching loads for the 1992-93 academic year, and the institution's plan to increase teaching loads during the 1993-95 biennium. The November 1, 1993, report submitted by each four-year institution shall include information on the implementation of its increased faculty teaching load plan.

(3) The appropriations in sections 602 through 608 of this act provide state general fund support for student full time equivalent enrollments at each institution of higher education. The state general fund budget is further premised on a level of specific student tuition revenue collected into and expended from the institutions of higher education--general local accounts. Each institution shall enroll no less than two percent below its budgeted biennial average full time equivalent enrollments. If the estimated 1993-95 average biennial full time equivalent student enrollment of an institution as estimated on April 30, 1995, by the office of financial management using spring enrollment reports submitted by the institutions, is more than two percent below the biennial budgeted amount, then an amount equal to the student quality standard, as defined in the legislative budget notes, multiplied by the number of full time equivalent students below the two percent variance shall revert to the state general fund. Listed below are the annual full time equivalent student enrollments by institution assumed in this act.

**"Part VIII
Limiting State Revenue**

NEW SECTION. Sec. 801. FINDINGS AND DECLARATIONS. The legislature of the state of Washington finds and declares that:

(1) The continued growth in the burden of tax levies and other revenue generating assessments imposed on the citizens and businesses of the state of Washington and the corresponding growth in state government is contrary to the interests of the people of the state of Washington.

(2) It is necessary to reaffirm the people's will to limit the rate of growth of state government while assuring adequate funding of essential services, including basic education as required by Article IX, section 1 of the state Constitution.

(3) During periods of severe economic downturns or fiscal emergencies, receipts of state revenue collections may decline below the state revenue collection limit established in this chapter and, therefore, it is necessary and vital for the state of Washington to maintain an adequate reserve of state revenue collections to provide a resource for the stable financing of essential state services during such periods.

(4) A state tax limitation was passed by a vote of the people at the November 6, 1979, state general election. However, because of a high base calculation, that state tax limitation has not been effective in carrying out the intent of the people to limit revenues and the growth of state government.

NEW SECTION. Sec. 802. INTENT. It is the intent of the legislature of the state of Washington to:

(1) Establish a limitation that will assure that the growth rate of state revenue collections does not exceed an established percentage of the economy as represented by total state personal income;

(2) Reaffirm that the state shall not impose upon any political subdivision of the state the responsibility for new programs, programs previously offered by the state, or increased levels of service unless the costs of these programs or services are paid or reimbursed by the state;

(3) Provide for adjustment of the state revenue collection limit when the costs of a federal, state, or political subdivision program, service, project, facility, or activity are transferred in such a manner that the result is an increase or decrease in state revenue collections;

(4) Establish a responsible and fiscally sound revenue reserve fund for use in severe economic downturns or fiscal emergencies;

(5) Establish procedures for the disposition of amounts collected in excess of this limit;

(6) Establish procedures for use when estimated state revenues collections fall below the state revenue collection limit; and

(7) Establish procedures for exceeding this limit in emergency situations.

NEW SECTION. Sec. 803. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

funds maintained or deposited outside the state treasury. Unless otherwise stated to the contrary, the following shall not be included in this definition:

(a) Moneys received as a gift, grant, donation, aid, or assistance from any person, firm, or corporation, public or private, when the terms and conditions of such gift, grant, donation, aid, or assistance require the application and disbursement of such moneys otherwise than for the general purposes of the state of Washington;

(b) Moneys received as a gift, grant, donation, aid, or assistance from the United States or any department, agency, bureau, or corporation of the United States;

(11) "Undesignated fund balance" means any unreserved and undesignated current assets or other resources available for expenditure over and above any current liabilities that are expected to be incurred by the close of a fiscal year.

Upon computing the limitation factor, the economic and revenue forecast supervisor shall make and file with the secretary of state, a certificate containing the results of the computation and any amendment or adjustment thereof. Copies of the certificate shall be sent to each elected official of the state and each member of the legislature.

NEW SECTION. Sec. 805. STATE REVENUE COLLECTION LIMIT--CALCULATION. (1) Unless otherwise provided for in this chapter, the state revenue collection limit for the fiscal year beginning July 1, 1993, and for each fiscal year thereafter, shall be the limitation factor multiplied by the total state personal income for the fiscal year for which the limit is being calculated.

(2) To establish the revenue collection limit for the fiscal year beginning July 1, 1993, the economic and revenue forecast supervisor shall use total state personal income as published by the United States department of commerce, bureau of economic analysis, or its successor, and as reported in the November 1992 official economic and revenue forecast prepared under RCW 82.33.020. For each fiscal year thereafter, the state revenue collection limit shall be established by the economic and revenue forecast supervisor on November 20 of the year immediately preceding the fiscal year for which the limit is being calculated.

NEW SECTION. Sec. 806. REVENUE MEASURES--ESTIMATED STATE REVENUE COLLECTIONS TO BE WITHIN LIMIT. Except as otherwise provided for in this chapter, all state revenue measures from which state revenue collections are derived shall be imposed, levied, or set by law or rule in such a manner that estimated state revenue collections for each fiscal year will not exceed the state revenue collection limit established for the corresponding fiscal year.

NEW SECTION. Sec. 807. EXPENDITURE REQUIREMENTS. (1) The state shall not expend funds derived from state revenue collections for any fiscal year in excess of the state revenue collection limit established for the corresponding fiscal year.

(2) Except pursuant to an appropriation provided for a declaration of emergency under section 810 of this act, the state treasurer shall not issue or redeem any check, warrant, or voucher from funds derived from state revenue collections that would result in an expenditure for any fiscal year in excess of the state revenue collection limit for the corresponding fiscal year. A violation of this subsection constitutes a violation of RCW 43.88.290.

(3) In addition to the penalties provided in RCW 43.88.300 for a judgment against the state treasurer for violating RCW 43.88.290, the attorney general may take civil action for such violations.

NEW SECTION. Sec. 808. REVENUE RESERVE FUND. (1) A revenue reserve fund is created in the custody of the state treasurer. Only the state treasurer may transfer moneys to or from the fund as provided in this chapter. On the effective date of sections 801 through 816 and section 819 of this section, all funds currently contained, or on deposit, in the budget stabilization account created under RCW 43.88.525 shall be transferred into the revenue reserve fund.

(2) The state treasurer is authorized to and shall transfer to the revenue reserve fund a sum equal to the amount of any state revenue collections in excess of the state revenue collection limit. Deposits authorized under this subsection shall be made on the last day of each fiscal year based on estimated state revenue collections for that fiscal year.

(3) Upon the completion of any fiscal year for which there is an undesignated fund balance, the state treasurer is hereby authorized to and shall transfer to the revenue reserve fund a sum equal to the amount of any undesignated fund balance.

(4) The state treasurer is authorized to and shall transfer to the revenue reserve fund any other amounts the legislature may from time to time direct to be deposited or transferred into the fund.

(5) The balance of the revenue reserve fund at the end of a fiscal year shall not exceed two and one-half percent of the immediately preceding fiscal year's state revenue collection limit. Any amount in excess of this two and one-half percent limit shall be transferred by the state treasurer to the general obligation debt reduction account.

NEW SECTION. Sec. 809. ESTIMATED STATE REVENUE COLLECTIONS BELOW LIMIT--PROCEDURES FOR IMPOSITION OF REVENUE MEASURES. (1) If, at the time the state revenue collection limit is established as required by section 805(2) of this act, the estimated state revenue collections for the corresponding fiscal year are projected to be below the state revenue collection limit, the state treasurer shall immediately transfer to the state general fund from amounts available in the revenue reserve fund a sum equal to the difference between estimated state revenue collections and the state revenue collection limit for use during such fiscal year.

(2) If the procedure required under subsection (1) of this section has been implemented and there remains a difference between the state revenue collection limit and estimated revenue collections, the legislature may, by an affirmative vote of sixty percent of each house, enact revenue measures necessary to generate any sum that is equal to or below the state revenue collection limit less the state revenue collections.

(3) Any revenue measure enacted pursuant to subsection (2) of this section may be imposed, levied, or set by law or rule for a period not to exceed twenty-four months from the effective date of such revenue measure.

NEW SECTION. Sec. 810. WHEN STATE REVENUE COLLECTION LIMIT MAY BE EXCEEDED--CONDITIONS. (2) A declaration of emergency for the purposes of exceeding the state revenue collection limit shall not exceed twenty-four months.

(3) The state revenue collection limit may be exceeded by an amount no greater than that indicated by the governor in his or her emergency declaration.

(4) The amount of state revenue collections authorized under this section in excess of the state revenue collection limit is not subject to the provisions of section 808(2) of this act.

(5) Revenue measures enacted to meet the costs of an emergency under this section may be imposed, levied, or set by law or rule for a period not to exceed twenty-four months from the effective date of the revenue measures. However, all revenue measures enacted to meet the cost of an emergency under this section shall expire immediately upon the expiration of the declaration of emergency.

NEW SECTION. Sec. 811. STATE REVENUE COLLECTION LIMIT--ADJUSTMENTS. (1) If by order of any court, the costs of a federal, state, or political subdivision program, service, project, facility, or activity are transferred in such a manner that the result is an increase or decrease in state revenue collections, the limitation factor shall be adjusted and the state revenue collection limit recalculated as provided in this section. The office of financial management shall determine the total dollar amount of any increase or decrease in state revenue collections caused by such a transfer.

(2) For the purpose of this section, "adjusted limitation factor" means the total dollar amount of any such increase or decrease in state revenue collections for the fiscal year in which the increase or decrease is effective divided by the corresponding fiscal year's total state personal income plus or minus the limitation factor or the most recent adjusted limitation factor.

(3) For the fiscal year in which any such increase or decrease is effective and for each fiscal year thereafter, the state revenue collection limit shall be the adjusted limitation factor multiplied by total state personal income for the fiscal year for which the limit is being recalculated or calculated.

(4) For the fiscal year in which any state revenue collections increase or decrease required by subsection (1) of this section become effective, the state revenue collection limit as adjusted in this section shall be recalculated by the economic and revenue forecast supervisor prior to the beginning of that fiscal year. Representative Reams again spoke in favor of the amendment.

POINT OF ORDER

Representative Locke: Thank you, Mr. Speaker. I ask that you remind the gentleman to speak to this particular amendment which is talking about a roll back where limitation on revenue and not about collectability of a sales tax on professional services.

SPEAKER'S RULING

I would remind all members to make their remarks germane to the amendment before us.

POINT OF INQUIRY

Representative Mielke yielded to a question by Representative Heavey.

Representative Heavey: Thank you, Mr. Speaker. Representative Mielke stated that this is a rather straightforward proposal. Referring to page 9, line 18, with the Speaker's permission, it says for the purpose of this section, "adjusted limitation factor" means the total dollar amount in any such increase or decrease in state revenue collection for the fiscal year which the increase or decrease is in effect divided by the corresponding fiscal year total personal income plus or minus the limitation factor or the most recent adjusted limitation factor. It's all one sentence. Could you in a rather straightforward manner explain to me what that means.

Representative Mielke: Absolutely, Mr. Heavey. It's really quite straightforward, in fact if you look at the history of the State of Washington we actually did a really good job of tracking the growth in gross personal income in the state for a long time. The problem is about four years ago we decided not to track it any longer, we decided to raise revenue and spend far in excess of what was going on with gross personal income. This simply goes back and ties the amount of money that this state can collect through all its revenues to gross personal income. I hope that's clear enough.

Representative Fuhrman demanded an electronic roll call vote and the demand was sustained.

ROLL CALL

The Clerk called the roll on adoption of the amendment on page 61, after line 34 of the committee amendment to Second Engrossed Substitute Senate Bill No. 5967 and the amendment was not adopted by the following vote: Yeas - 35, Nays - 63, Absent - 0, Excused - 0.

POINT OF INQUIRY

Representative G. Fisher yielded to a question by Representative Jones.

Representative Jones: Thank you, Representative G. Fisher. On page 6, line 26 subsection (M) of the Revenue committee amendment, it states that rental equipment with an operator will be subject to a sales tax on services. Is it the intent of this language to apply the sales tax when the person hires a commercial freight hauling truck to haul the freight?

Representative G. Fisher: No, it is not.

Representative Jones: Representative Fisher, is it the intent of the amendment to apply sales tax to the circumstance when the person has freight delivered to the person by commercial freight hauling truck.?

Representative G. Fisher: No.

Representative Jones: Thank you, Representative G. Fisher.

POINT OF INQUIRY

Representative Dorn yielded to a question by Representative G. Fisher.

Representative G. Fisher: Representative Dorn. The learned Representative from the 12th District in his speech mentioned that this was not the right tax package and for us to come in with a better one. When you talk to him, would you ask him which one it is that he would find more acceptable.

Representative Dorn: I would surely do that, if he would allow me to ask the question.

Representative G. Fisher: And will you also ask the gentleman from the 49th District who said that this tax isn't collectable so we won't bring in enough revenue to fund the budget. How much he believes we need to actually increase revenue to fund the budget.

Representative Dorn: Thank you, Representative G. Fisher for these questions.

POINT OF INQUIRY

Representative Foreman yielded to a question by Representative Dorn.

Representative Dorn: The minority leader has suggested that you write the package. I wonder what tax would be in that package.

Representative Foreman: We need predictability in the tax system, we need a fair tax system and right now we need lower taxes, cut spending, less government, we do not have a deficit, we do not need any tax increase.

SIGNED BY THE SPEAKER

April 17, 1993

The Speaker announced he was signing:

HOUSE BILL NO. 1076,
HOUSE BILL NO. 1218,
SUBSTITUTE HOUSE BILL NO. 1343,
SUBSTITUTE HOUSE BILL NO. 1454,
SUBSTITUTE HOUSE BILL NO. 1543,
SUBSTITUTE HOUSE BILL NO. 1587,
SUBSTITUTE HOUSE BILL NO. 1595,
HOUSE BILL NO. 1618,
HOUSE BILL NO. 1637,
SUBSTITUTE HOUSE BILL NO. 1678,
HOUSE BILL NO. 1832,
HOUSE BILL NO. 1865,
SUBSTITUTE HOUSE BILL NO. 1893,
HOUSE BILL NO. 2001,
SENATE BILL NO. 5060,
SECOND SUBSTITUTE SENATE BILL NO. 5288,
SUBSTITUTE SENATE BILL NO. 5337,
SENATE BILL NO. 5455,
SUBSTITUTE SENATE BILL NO. 5471,
SUBSTITUTE SENATE BILL NO. 5479,
SENATE BILL NO. 5494,
SUBSTITUTE SENATE BILL NO. 5520,
ENGROSSED SUBSTITUTE SENATE BILL NO. 5615,
SENATE BILL NO. 5689,
SUBSTITUTE SENATE BILL NO. 5878,

With the consent of the House, the House considered the Speaker's ruling on the point of order to Engrossed Senate Bill No. 5508.

SPEAKER'S RULING

In ruling on the point of order raised by Representative Appelwick to the scope and object of amendment 327 offered by Representative Vance and others the Speaker finds that:

Engrossed Senate Bill No. 5508 is an act "relating to child dependency cases" which specifies the criteria for determining when child support may be ordered for children placed in foster care.

Amendment 327 changes provisions governing when child support may be ordered in cases of marriage dissolution.

The Speaker finds that the proposed amendment does change the scope and object of the bill and that the point of order is well taken.

With the consent of the House, the House considered the Speaker's ruling on the point of order to Engrossed Senate Bill No. 5280.

SPEAKER'S RULING

Representative Vance has raised a point of order to the scope and object of amendment 439, an amendment offered by Representative Dorn and others to the proposed Commerce & Labor committee amendment to Engrossed Senate Bill No. 5280.

The Speaker finds that Engrossed Senate Bill No. 5280 is a measure relating to certificates of competency for registered contractors. It establishes a voluntary certification program for general and specialty contractors, provides for fees, and establishes an advisory committee to assist the Department of Labor & Industries in development, implementation and administration of the program.

Amendment 439 broadens the underlying bill by creating a mandatory certification program for paint and coating applicators, establishing monetary penalties for violation, providing for an appeal process under the administrative procedures act and creating a new account in the custody of the state treasurer.

The Speaker therefore finds that the proposed amendment does change the scope and object of the bill and that the point of order is well taken.

With the consent of the House, the House considered the Speaker's ruling on the point of order to Senate Bill No. 5791.

SPEAKER'S RULING

In ruling on the point of order raised by Representative Appelwick to the scope and object of amendment 417 offered by Representative Vance and others, the Speaker finds that:

Senate Bill No. 5791 is an act relating to "mandatory provisions in child support orders." It is limited to specifying additional provisions that a court must include in every child support order to comply with federal law.

Amendment 417 relates to postsecondary educational support for children over the age of eighteen. Postsecondary educational support is not a mandatory provision in child support orders. In addition, the amendment is broader than the underlying bill because it brings in issues that federal law does not require to be included in child support orders.

The Speaker therefore finds that the proposed amendment does change the scope and object of the underlying bill and that the point of order is well taken.

MOTION

Representative Peery moved the House immediately consider Senate Bill No. 5352 on the second reading calendar. The motion was carried.

POINT OF PARLIAMENTARY INQUIRY

Representative Miller: Mr. Speaker and members of the House, House rule 19 D, which is based on the requirements of Article II Section 30 of our state constitution, requires any member who has a private interest in a bill before the House to disclose that interest and to be excused from voting on the measure.

Mr. Speaker and members of the House, should Senate Bill No. 5352 as amended by the House become law, a member of my immediate family would be one of what I believe to be between 30 and 100 retirees who would benefit from the act.

Mr. Speaker, under the circumstances, that I have just described, should I be excused from voting on Senate Bill No. 5352?

SPEAKER'S RULING

No, Representative Miller, you should not be excused from voting on Senate Bill No. 5352.

House Rule 19 (d) and Article II, Section 30 of the state constitution prohibits members from voting on legislation which affects them individually and uniquely, not as members of a group.

Since the bill in question applies to a category of Washington citizens, and not uniquely to a member of your family, you do not have a private interest within the meaning of our state constitution which would disqualify you from voting.

Representatives Sommers and Silver spoke in favor of passage of the bill.

The Speaker stated the question before the House to be final passage of Senate Bill No. 5352 as amended by the House.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the proportion of the state budget dedicated to postsecondary educational programs has decreased for two decades. At the same time, major technological, economic, and demographic changes have exacerbated the need for improved training and education to maintain a high-quality, competitive work force, and a well-educated populace to meet the challenges of the twenty-first century. Therefore, the legislature finds that there is increasing need for postsecondary educational opportunities for citizens of the state of Washington.

The legislature declares that the policy of the state of Washington shall be to improve the access to, and the quality of, this state's postsecondary educational system. The budgetary policy of the state of Washington shall be to provide a level of protection and commitment to the state's postsecondary educational system commensurate with the responsibility of this state to the educational and professional improvement of its citizens and work force.

NEW SECTION. Sec. 2. It is the policy of the state of Washington that the essential requirements level budget calculation for institutions of higher education include enrollment levels necessary to maintain, by educational sector, the participation rate funded in the 1993 fiscal year. The participation rate shall be based on the state's estimated population ages seventeen and above by appropriate age groups.

NEW SECTION. Sec. 3. It is the policy of the state of Washington that the governor and legislature, in their budget deliberations, consider adding sufficient incremental enrollment increases to achieve, by the year 2010, the goals, by educational sector, adopted by the higher education coordinating board in its enrollment plan entitled "Design for the 21st Century: Expanding Higher Education Opportunities in Washington." In the biennial operating budget documents submitted to the legislature, the governor shall display information on the number of additional students necessary and the amount of money needed to fund these incremental enrollment increases.

NEW SECTION. Sec. 4. The participation rate used to calculate enrollment levels under sections 2 and 3 of this act shall be based on fall enrollment reported in the higher education enrollment report as maintained by the office of financial management, fall enrollment as reported in the management information system of the state board for community and technical colleges, and the corresponding fall population forecast by the office of financial management. Formal estimates of the state participation rates and enrollment levels necessary to fulfill the requirements of sections 2 and 3 of this act shall be determined by the office of financial management as part of its

responsibility to develop and maintain student enrollment forecasts for colleges and universities under RCW 43.62.050. Formal estimates of the state participation rates and enrollment levels required by this section shall be based on procedures and standards established by a technical work group consisting of staff from the higher education coordinating board, the state board for community and technical colleges, the fiscal and higher education committees of the house of representatives and the senate, and the office of financial management. Formal estimates of the state participation rates and enrollment levels required by this section shall be submitted to the fiscal committees of the house of representatives and senate on or before November 15th of each even-numbered year. The higher education coordinating board shall periodically review the enrollment goals set forth in sections 2 and 3 of this act and submit recommendations concerning modification of these goals to the governor and to the higher education committees of the house of representatives and the senate.

NEW SECTION. **Sec. 5.** It is the policy of the state of Washington that financial need not be a barrier to participation in the state higher education system. In order to implement that policy, the higher education coordinating board shall restructure the state's financial aid programs into a comprehensive program known as college promise. In restructuring the programs, the board shall follow these goals:

(1) For all need-based financial aid programs under RCW 28B.10.790 through 28B.10.824 and chapters 28B.12 and 28B.101 RCW:

(a) Through a mix of federal, state, and other resources:

(i) Limit the debt of an undergraduate student to no more than one-half of a student's cost of attendance; and

(ii) Provide more self-help opportunities than grant aid to middle-income students, and approximately equal amounts of self-help opportunities and grant aid to low-income and lower middle-income students. Self-help opportunities include work study and loans;

(b) In determining eligibility for state financial aid programs, shelter home equity on a family's principal place of residence, and shelter a reasonable portion of savings and farm or business net worth, each insofar as is permissible under state and federal law;

(c) Consistent with federal law, simplify the financial aid application process;

(d) Strive to preserve a range of educational options for needy students, including choice of institutions and programs;

(e) Recognize otherwise unfunded equipment and assistance needed to accommodate students with disabilities reasonably;

(f) Deliver clear and timely information to current and future postsecondary students about the costs of attending college and available financial aid; and

(g) Classify needy students by family income levels based on the state's median income for a family of four, adjusted annually for family size and changes in the state's median income. The classification system shall be as follows:

(i) Low income means zero to fifty percent of the state's median income;

(ii) Lower middle income means fifty-one to seventy-five percent of the state's median income; and

(iii) Middle income means seventy-six to one hundred twenty-five percent of the state's median income.

(2) For the state need grant program under RCW 28B.10.790 through 28B.10.824: As funds are available, expand the program to include new populations of resident students in the following priority order, ensuring that undergraduate students with the most demonstrated financial need receive full grants before less needy students receive any grant:

(a) Low-income undergraduates;

(b) Lower middle-income undergraduates;

(c) Middle-income undergraduates; and

(d) Resident graduate and professional students, following the income priorities established for undergraduate students.

(3) For the state work study program under chapter 28B.12 RCW: Increase employment opportunities including off-campus job opportunities with off-campus community service employers.

(4) For students whose parents did not complete a higher education degree or certificate: Determine the feasibility of providing grants to needy first generation scholars.

Sec. 6. RCW 28B.15.515 and 1991 c 353 s 1 are each amended to read as follows:

(1) The boards of trustees of the community college districts may operate summer schools on either a self-supporting or a state-funded basis.

If summer school is operated on a self-supporting basis, the fees charged shall be retained by the colleges, and shall be sufficient to cover the direct costs, which are instructional salaries and related benefits, supplies, publications, and records.

Community colleges that have self-supporting summer schools shall continue to receive general fund state support for vocational programs that require that students enroll in a four quarter sequence of courses that includes summer quarter due to clinical or laboratory requirements and for ungraded courses limited to adult basic education,

vocational apprenticeship, aging and retirement, small business management, industrial first aid, and parent education.

~~(2)((a))~~ The board of trustees of a community college district may permit the district's state-funded, full-time equivalent enrollment level, as provided in the operating budget appropriations act, to vary ~~((by plus or minus two percent each fiscal year unless otherwise authorized in the operating budget appropriations act))~~. If the variance is above the state-funded level, the district may charge those students above the state-funded level a fee equivalent to the amount of tuition and fees that are charged students enrolled in state-funded courses. These fees shall be retained by the colleges.

~~((b) Any community college that in 1990-91 has an enrollment above the state-funded level but below the authorized variance may increase its excess enrollments to within the variance.~~

~~(c) Community colleges that currently have excess enrollments more than the authorized variance, by means of enrollments that would have otherwise been eligible for state funding, shall reduce those excess enrollments to within the authorized variance by September 1, 1995, in at least equal annual reductions, commencing with the 1991-92 fiscal year.~~

~~(d) Except as permitted by (c) of this subsection, should the number of student supported, full-time equivalent enrollments in any fiscal year fall outside the authorized variance, the college shall return by September 1st to the state general fund, an amount equal to the college's full average state appropriations per full-time equivalent student for such student-funded full-time equivalent outside the variance, unless otherwise provided in the operating budget appropriations act.)~~

(3) The state board for community and technical colleges ~~((education))~~ shall ensure compliance with this section.

NEW SECTION. Sec. 7. Sections 2 through 5 of this act are each added to chapter 28B.10 RCW.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993."

POINT OF PERSONAL PRIVILEGE

Representative Anderson: Thank you Mr. Speaker, I would like to make some personal remarks: My remarks are inspired by the Ecclesiastes, a book of the Bible which deals with reflection and reasoning about life. The mood of the Ecclesiastes is generally one of sadness, the phrase, "vexation of spirit" appears nine times, and the words "oppression", grief and "mourning" are prominent too. And I have much to mourn today, I believe we all do. I think back to the hearing before the committee on State Government and to the stories of discrimination we heard. The story of the school principal chased out of his job, not because of anything he did, but simply because he is gay. The story of the lesbian couple, denied an apartment, not because they couldn't pay the rent, but simply because they are lesbian. Ad the stories, youth suicides, children whose self esteem has been so damaged by bigotry, bias and discrimination based solely on their sexual orientation that they see no way out of the pain but to take there own lives. I grieve for this loss. I also grieve because I must now go around this state and tell lesbians and gay men that they still can't enjoy equal rights or equal justice under the laws of our state simply because they are lesbian or gay. For sixteen years House Bill No. 1443 or similar civil rights bills have been before this legislature and twice this wonderful House of Representatives has passed this civil rights legislation, and I want to acknowledge and thank you Mr. Speaker and my colleagues here in the House on both sides of the aisle for the moral courage you all have exhibited for this legislation, But as it is written in the Ecclesiastes to everything there is a season. I'm saddened that once again this does not seem to be the season for this legislation despite the strong leadership shown by this House. Sadly a fiscal note has clouded the real issues of the bill, and despite support in the Senate Law & Justice Committee and support by the Chair and many members of the Senate Ways & Means Committee we couldn't get the bill moving again. It hurts, it hurts deeply. We could amend this Senate Bill but I'm afraid it would jeopardize the effort to bring our states law in compliance with the Americans with Disabilities Act and I don't want to do that. A brief final thought. Martin Luther King had a dream. He dreamed that his four children would one day live in a nation where they would be judged, not by the color of their skin, but by the content of their character. I too have a dream, that one day gay men and lesbians will be judged not by their sexual orientation but by their ability to do the job, and pay the rent and contribute to our society. I believe Mr. Speaker, that it should always be the season to do justice but sadly it does not seem to be the season for my dream. Thank you.

POINT OF PERSONAL PRIVILEGE

Representative Fuhrman: Thank you Mr. Speaker, I would like to make some remarks on the gay rights issue on House Bill No. 1443. Probably the best thing I could do and the best thing for all of us would be for me to give Cal's speech and for Cal to give my speech. If each of us in the nation and in the State of Washington on the extreme sides of this issue could do that we'd probably be better off, but in this case I'm going to give my one page of thoughts, I'm going to stick to it as best as I can so I don't get off track and on the extreme issues. It is nice to be able to do that when no TV cameras here. I've wanted to talk on three main points. One was that gay rights does not show compassion itself, they do create a dangerous precedent and they are not necessary. Homosexuals should be treated with respect and are definitively deserving of compassion on a personal basis. The compassion is not shown by pretending that the behavior is normal or is healthy; compassion is shown by treating them as responsible moral people who can change their behavior. Now I don't mean change their being, or change who they are, but change the sexual act that they carry out. I'm not trying to talk about who or what they are but the act itself. Recent studies under substantial clinical evidence have shown that homosexuality is not a permanent condition, homosexuals can change what they do, not who they are, but what they do, and it's not others in this room or across this state or nation to judge them, but the widespread acceptance of homosexuality is the worst thing that could happen since this ignores something that homosexuals themselves know-that it's not normal anymore than adultery is normal. It is not compassionate to encourage people to take pride in either adultery or homosexuality; to teach children that adultery or homosexuality is healthy and normal is not compassionate nor is it responsible. Homosexual rights, laws, create a dangerous precedent. That's my second point. It protects a class of people on a basis of their conduct, what they do and not who they are, that's what House Bill No. 1443 would do. Other civil rights laws are based on what people believe or who they are, not what they do. If House Bill No. 1443 would have passed it would have amounted to special rights. I must mention that the act of homosexuality was illegal in every state in the union until 1961 and that wasn't that long ago and I must mention also the U. S. Supreme Court has specially ruled there is no constitutional right for homosexuals to engage in the sex act in homosexuality. Special homosexual rights are not necessary, House Bill No. 1443 was something that was not needed, homosexuals have identical rights and protection under the American Constitutional system that are afforded to all Americans. I thank you for allowing me to say this.

For the purposes of this subsection, "residential construction" means the construction of a building intended for use as a separate single-family dwelling.

On page 3, after line 2, insert the following:

"(4) Whenever implementation by the state or any of its political subdivisions of a policy or practice directly or indirectly regulating the use of land operates to reduce the value of a parcel of real property immediately prior to such implementation, the parcel is deemed to be taken for public use."

POINT OF ORDER

Representative G. Fisher: I would ask the Speaker to make a ruling on the scope and object of the amendment.

SPEAKER'S RULING

In ruling on the point of order raised by Representative G. Fisher to the scope and object of amendment 420 offered by Representative Sheldon, the Speaker finds that:

Senate Bill No. 5638 is a measure specifying criteria to be used in appraisals of real property for taxation purposes.

Amendment 420 would change the circumstances under which the constitution requires compensation for the taking of property.

The Speaker therefore finds that the proposed amendment does change the scope and object of the bill and that the point of order is well taken.

Representative Stevens moved adoption of the following amendment by Representative Stevens:

On page 3, after line 2, insert the following:

"NEW SECTION. Sec. 2. Local governments shall provide prior notice to private property owners, in clear language that is understandable to the average reader, of proposed land use actions by local governments that will affect the existing use of property and operate to reduce the value of the property. The notice shall describe the potential impact on specific property taxes and overall tax revenues of local governments, and the potential impact on the affordability of local housing. The notice shall also include a clear statement of "standing," an explanation of the effect on the property owner of having and of not having standing, what the property owner must do to ensure that he or she has standing, including the procedure for obtaining standing, and the address and deadline for submitting written statements to the local government concerning any proposed land use action.

A person has standing to contest a land use action if the person submits a written statement to a city or county legislative body that concerns the action being considered or taken by the legislative body or expresses a desire or demand for standing with respect to the action.

Land use actions subject to the requirements of this section include, but are not limited to, adoption or amendment of comprehensive land use plans, development regulations, building codes, zoning actions, designations

of open space or wetlands, environmental determinations, and any other governmental policies or practices regarding land use that affect the use of property and operate to reduce the value of the property."

POINT OF ORDER

Representative G. Fisher: I would ask the Speaker to make a ruling on the scope and object of the amendment.

SPEAKER'S RULING

Amendment 428 adds a new section requiring detailed notice from local governments to property owners of any proposed land use action affecting the use of property and changes the circumstances under which persons have standing to legally contest such actions.

MOTION

POINT OF PERSONAL PRIVILEGE

Representative Miller: Thank you Mr. Speaker, members of the House. Not speaking directly on this particular bill, but talking about all of these bills that came over from the Senate. About eighteen to twenty of them, that came here, arrived on the floor, never had a chance to go through committee. We have tried our very best. This has been a very frustrating two days. And I know there was frustration on the other side of the aisle too. Because it was extremely difficult to understand exactly what these bills were, how many different issues were in the bills, and what we needed to understand so that we could vote on these and realize what we were voting on. My suggestion would be that in the future we try very hard to ask the Senate to send us these kinds of bills early enough so that at least the staff people in our committee can research the bills so that when we go into caucus to try and go through the materials in the bills we have a better understanding. I think we've lost a lot of time because of this and it may be that all of these bills may be something we want to support. But it has not been a very productive two days and I more or less hold the Senate responsible for that. Thank you.

On motion of Representative J. Kohl, Representative Leonard was excused.

On motion of Representative Wood, Representatives Ballasiotes and Mielke was excused.

POINT OF PERSONAL PRIVILEGE

Representative Dyer: Thank you, Mr. Speaker. Being a freshman, I've only been here three months, I thought that in the rules we're not supposed to be talking about the other side of the rotunda as justification for legislation in this separate free-standing body. And I just wanted to comment that the justification for this bill being passed on this side as a result of the action of the other side appears to be in conflict with our own rules and I've been cautioned on that before and I just wanted to see if we were being consistent.

The Speaker assumed the chair.

POINT OF PARLIAMENTARY INQUIRY

Representative Vance: Mr. Speaker, Rule 10, reading of bills under third reading, states that on third reading bills may be referred or recommitted for purpose of amendment. The gentleman from Spokane made such a motion on this bill and it was ruled out of order by the Speaker Pro Tempore. I believe a mistake was made.

Earlier in the debate, Mr. Speaker, the gentleman from Spokane moved to recommit the bill to committee. He was ruled out of order by the Speaker Pro Tempore. Rule 10, paragraph D, specifically says such a motion is in order.

SPEAKER'S RULING

Representative Vance: It is my understanding that the gentleman from Spokane, in making his earlier motion, did not move to refer the bill for the purpose of amendment as provided in House Rule 10. If he would care to make such a motion now, the House will consider it.

Representative Padden moved that Senate Bill No. 5723 be referred to the Committee on Revenue for the purpose of amendment.

Representative Peery spoke against the motion and Representatives Padden, Silver and Morton spoke in favor of the motion.

SPEAKER'S RULING

Representative Conway has raised a point of order to the scope and object of amendment 442 offered by Representative Morris and others. Amendment 442 is an amendment to the proposed Trade, Economic Development & Housing committee amendment to Senate Bill No. 5584.

The Speaker finds that Senate Bill No. 5584 is limited to defining terms and setting general goals for state housing policy, and adds a new chapter to title 43 RCW.

Amendment 442 includes changes to health and safety standards for residential construction. It amends chapter 49.17 RCW, the Washington Industrial Safety and Health Act, to require the Department of Labor and Industries to adopt new rules and regulations residential construction and to establish an advisory committee to assist in the rule-making process.

The Speaker therefore finds that the proposed amendment does change the scope and object of the underlying bill and that the point of order is well taken.

Representative Reams moved adoption of the following amendment to the committee amendment:

On page 15, after line 9 of the amendment, insert the following:

"NEW SECTION. Sec. 17. A new section is added to chapter 43.63A RCW to read as follows:

(1) The legislature finds that:

(a) The trend toward smaller household sizes will continue into the foreseeable future;

(b) Many of these households are in housing units that contain more bedrooms than occupants;

(c) There are older homeowners on relatively low, fixed income who are experiencing difficulties maintaining their homes; and

(d) There are single parents, recently widowed persons, people in the midst of divorce or separation, and handicapped that are faced with displacement due to the high cost of housing.

(2) The legislature declares that the purpose of section 18 of this act is to develop a pilot program designed

to:

- (a) Provide home-matching services that can enable people to continue living in their homes while promoting continuity of home ownership and community stability; and
- (b) Counter the problem of displacement among people on relatively low, fixed incomes by linking people offering living space with people seeking housing.

NEW SECTION. Sec. 18. A new section is added to chapter 43.63A RCW to read as follows:

(1) The department may develop and administer a home-matching program for the purpose of providing grants and technical assistance to eligible organizations to operate local home-matching programs. For purposes of this section, "eligible organizations" are those organizations eligible to receive assistance through the Washington housing trust fund, chapter 43.185 RCW.

(2) The department may select up to five eligible organizations for the purpose of implementing a local home-matching program. The local home-matching programs are designed to facilitate: (a) Intergenerational homesharing involving older homeowners sharing homes with younger persons; (b) homesharing arrangements that involve an exchange of services such as cooking, housework, gardening, or babysitting for room and board or some financial consideration such as rent; and (c) the more efficient use of available housing.

(3) In selecting local pilot programs under this section, the department shall consider:

(a) The eligible organization's ability, stability, and resources to implement the local home-matching program;

(b) The eligible organization's efforts to coordinate other support services needed by the individual or family participating in the local home-matching program; and

(c) Other factors the department deems appropriate.

(4) The eligible organizations shall establish criteria for participation in the local home-matching program. The eligible organization shall make a determination of eligibility regarding the individuals' or families' participation in the local home-matching program. The determination shall include, but is not limited to a verification of the individual's or family's history of making rent payments in a consistent and timely manner."

Representatives Reams and Wineberry spoke in favor of adoption of the amendment and it was adopted.

Representative Wineberry moved adoption of the committee amendment as amended.

Representatives Wineberry, Forner, and Carlson spoke in favor of adoption of the amendment as amended and it was adopted.

Financing state and local government.

SPEAKER'S RULING

Representative Zellinsky has raised a point of order to the scope and object of amendment 584 offered by Representative Ogden to Substitute Senate Bill No. 5837.

The Speaker finds that Substitute Senate Bill No. 5837 is an act relating to "state and local government finance." Although the measure has a broad title, the bill is limited to authorizing payment agreements involving swaps of interest.

Amendment 584 authorizes local governments to use a portion of the real estate excise tax for housing projects.

The Speaker therefore finds that the proposed amendment does change the scope and object of the underlying bill and that the point of order is well taken.

With the consent of the House, the House considered Engrossed Second Substitute Senate Bill No. 5502 on the second reading calendar.

ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5502, by Senate Committee on Ways & Means (originally sponsored by Senators Sutherland and Prentice)

Revising mining reclamation laws.

The bill was read the second time.

Representative Pruitt moved adoption of the following amendment by Representative Pruitt and others:

On page 1, strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the extraction of minerals through surface mining has historically included regulatory involvement by both state and local governments.

It is the intent of the legislature to clarify that surface mining is an appropriate land use, subject to reclamation authority exercised by the department of natural resources and land use and operation regulatory authority by counties, cities, and towns.

Sec. 2. RCW 78.44.010 and 1970 ex.s. c 64 s 2 are each amended to read as follows:

The legislature recognizes that the extraction of minerals by surface mining is ~~((a basic and))~~ an essential activity making an important contribution to the economic well-being of the state and nation. ((At the same time, proper reclamation of surface)) It is not possible to extract minerals without producing some environmental impacts. At the same time, comprehensive regulation of mining and thorough reclamation of mined lands is necessary to prevent ((undesirable land and water)) or mitigate conditions that would be detrimental to the environment and to protect the general welfare, health, safety, and property rights of the citizens of the state. Surface mining takes place in diverse areas where the geologic, topographic, climatic, biologic, and social conditions are significantly different, and reclamation specifications must vary accordingly. ((It is not practical to extract minerals required by our society without disturbing the surface of the earth and producing waste materials, and the very character of many types of surface mining operations precludes complete restoration of the land to its original condition. However, the legislature finds that reclamation of surface mined lands as provided in this chapter will allow the mining of valuable minerals and will provide for the protection and subsequent beneficial use of the mined and reclaimed land.)) Therefore, the legislature finds that a balance between appropriate environmental regulation and the production and conservation of minerals is in the best interests of the citizens of the state.

Sec. 3. RCW 78.44.020 and 1970 ex.s. c 64 s 3 are each amended to read as follows:

The purposes of this chapter ~~((is))~~ are to:

(1) Provide that the usefulness, productivity, and scenic values of all lands and waters involved in surface mining within the state will receive the greatest practical degree of protection and ((restoration. It is a further purpose of this chapter to provide a means of cooperation between private and governmental entities in carrying this chapter into effect)) reclamation at the earliest opportunity following completion of surface mining;

(2) Provide for the greatest practical degree of state-wide consistency in the regulation of surface mines;

(3) Apportion regulatory authority between state and local governments in order to minimize redundant regulation of mining;

(4) Ensure that reclamation is consistent with local land use plans; and

(5) Ensure the power of local government to regulate land use and operations pursuant to section 16 of this act.

NEW SECTION. Sec. 4. DEFINITIONS. Unless the context clearly indicates otherwise, the definitions in this section apply throughout this chapter.

(1) "Approved subsequent use" means the post surface-mining land use contained in an approved reclamation plan and approved by the local land use authority.

(2) "Completion of surface mining" means the cessation of mining and directly related activities in any segment of a surface mine that occurs when essentially all minerals that can be taken under the terms of the reclamation permit have been depleted except minerals required to accomplish reclamation according to the approved reclamation plan.

(3) "Department" means the department of natural resources.

(4) "Determination" means any action by the department including permit issuance, reporting, reclamation plan approval or modification, permit transfers, orders, fines, or refusal to issue permits.

(5) "Disturbed area" means any place where activities clearly in preparation for, or during, surface mining have physically disrupted, covered, compacted, moved, or otherwise altered the characteristics of soil, bedrock, vegetation, or topography that existed prior to such activity. Disturbed areas may include but are not limited to: Working faces, water bodies created by mine-related excavation, pit floors, the land beneath processing plant and stock pile sites, spoil pile sites, and equipment staging areas.

Disturbed areas do not include:

(a) Surface mine access roads unless these have characteristics of topography, drainage, slope stability, or ownership that, in the opinion of the department, make reclamation necessary; and

(b) Lands that have been reclaimed to all standards outlined in this chapter, rules of the department, any applicable SEPA document, and the approved reclamation plan.

(6) "Miner" means any person or persons, any partnership, limited partnership, or corporation, or any association of persons, including every public or governmental agency engaged in mining from the surface.

(7) "Minerals" means clay, coal, gravel, industrial minerals, metallic substances, peat, sand, stone, topsoil, and any other similar solid material or substance to be excavated from natural deposits on or in the earth for commercial, industrial, or construction use.

(8) "Operations" means all mine-related activities, exclusive of reclamation, that include, but are not limited to activities that affect noise generation, air quality, surface and ground water quality, quantity, and flow, glare,

pollution, traffic safety, ground vibrations, and/or significant or substantial impacts commonly regulated under provisions of land use or other permits of local government and local ordinances, or other state laws.

Operations specifically include:

- (a) The mining or extraction of rock, stone, gravel, sand, earth, and other minerals;
- (b) Blasting, equipment maintenance, sorting, crushing, and loading;
- (c) On-site mineral processing including asphalt or concrete batching, concrete recycling, and other aggregate recycling;
- (d) Transporting minerals to and from the mine, on site road maintenance, road maintenance for roads used extensively for surface mining activities, traffic safety, and traffic control.

(9) "Overburden" means the earth, rock, soil, and topsoil that lie above mineral deposits.

(10) "Permit holder" means any person or persons, any partnership, limited partnership, or corporation, or any association of persons, either natural or artificial, including every public or governmental agency engaged in surface mining and/or the operation of surface mines, whether individually, jointly, or through subsidiaries, agents, employees, operators, or contractors who holds a state reclamation permit.

(11) "Reclamation" means rehabilitation for the appropriate future use of disturbed areas resulting from surface mining including areas under associated mineral processing equipment and areas under stockpiled materials. Although both the need for and the practicability of reclamation will control the type and degree of reclamation in any specific surface mine, the basic objective shall be to reestablish on a perpetual basis the vegetative cover, soil stability, and water conditions appropriate to the approved subsequent use of the surface mine and to prevent or mitigate future environmental degradation.

(12) "Reclamation setbacks" include those lands along the margins of surface mines wherein minerals and overburden shall be preserved in sufficient volumes to accomplish reclamation according to the approved plan and the minimum reclamation standards. Maintenance of reclamation setbacks may not preclude other mine-related activities within the reclamation setback.

(13) "Recycling" means the reuse of minerals or rock products.

(14) "Screening" consists of vegetation, berms or other topography, fencing, and/or other screens that may be required to mitigate impacts of surface mining on adjacent properties and/or the environment.

(15) "Segment" means any portion of the surface mine that, in the opinion of the department:

- (a) Has characteristics of topography, drainage, slope stability, ownership, mining development, or mineral distribution, that make reclamation necessary;
- (b) Is not in use as part of surface mining and/or related activities; and
- (c) Is larger than seven acres and has more than five hundred linear feet of working face except as provided in a segmental reclamation agreement approved by the department.

(16) "SEPA" means the state environmental policy act, chapter 43.21C RCW and rules adopted thereunder.

(17)(a) "Surface mine" means any area or areas in close proximity to each other, as determined by the department, where extraction of minerals from the surface results in:

- (i) More than three acres of disturbed area;
- (ii) Mined slopes greater than thirty feet high and steeper than 1.0 foot horizontal to 1.0 foot vertical; or
- (iii) More than one acre of disturbed area within an eight acre area, when the disturbed area results from mineral prospecting or exploration activities.

(b) Surface mines include areas where mineral extraction from the surface occurs by the auger method or by reworking mine refuse or tailings, when these activities exceed the size or height thresholds listed in (a) of this subsection.

(c) Surface mining shall exclude excavations or grading used:

- (i) Primarily for on-site construction, on-site road maintenance, or on-site landfill construction;
- (ii) For the purpose of public safety or restoring the land following a natural disaster;
- (iii) For the purpose of removing stockpiles;
- (iv) For forest or farm road construction or maintenance on-site or on contiguous lands;
- (v) For sand authorized by RCW 43.51.685; and
- (vi) For underground mines.

(18) "Topsoil" means the naturally occurring upper part of a soil profile, including the soil horizon that is rich in humus and capable of supporting vegetation together with other sediments within four vertical feet of the ground surface.

NEW SECTION. Sec. 5. SEGMENTAL RECLAMATION. The permit holder shall reclaim each segment of the mine within two years of completion of surface mining on that segment except as provided in a segmental reclamation agreement approved in writing by the department. The primary objective of a segmental reclamation agreement should be to enhance final reclamation.

Sec. 6. RCW 78.44.040 and 1984 c 215 s 2 are each amended to read as follows:

The department of natural resources is charged with the administration of reclamation under this chapter. In order to implement ~~((the chapter's terms and provisions))~~ and enforce this chapter, the department, under the

~~((provisions of the))~~ administrative procedure act (chapter 34.05 RCW), ~~((as now or hereafter amended,))~~ may from time to time ~~((promulgate))~~ adopt those rules ~~((and regulations))~~ necessary to carry out the purposes of this chapter.

Sec. 7. RCW 78.44.050 and 1970 ex.s. c 64 s 6 are each amended to read as follows:

The department shall have the exclusive authority to regulate surface mine reclamation except that, by contractual agreement, the department may delegate some or all of its enforcement authority to a county, city, or town. All counties, cities, or towns shall have the authority to zone surface mines and adopt ordinances regulating operations pursuant to section 16 of this act, except that county, city, or town operations ordinances may be preempted by the department during the emergencies outlined in section 27 of this act and related rules.

This chapter shall not ~~((affect))~~ alter or preempt any ~~((of the))~~ provisions of the state fisheries laws (Title 75 RCW), the state water allocation and use laws (chapters 90.03 and 90.44 RCW), the state water pollution control laws ~~((Title 90))~~ chapter 90.48 RCW, the state ~~((game))~~ wildlife laws (Title 77 RCW), ~~((or any other state laws, and shall be cumulative and nonexclusive))~~ state noise laws or air quality laws (Title 70 RCW), shoreline management (chapter 90.58 RCW), the state environmental policy act (chapter 43.21C RCW), state growth management (chapter 36.70A RCW), state drinking water laws (chapters 43.20 and 70.119A RCW), or any other state statutes.

Sec. 8. RCW 78.44.060 and 1970 ex.s. c 64 s 7 are each amended to read as follows:

The department shall have the authority to conduct ~~((or)),~~ authorize, and/or participate in investigations, research, experiments, and demonstrations, and to collect and disseminate information relating to surface mining and reclamation of surface mined lands.

Sec. 9. RCW 78.44.070 and 1970 ex.s. c 64 s 8 are each amended to read as follows:

The department may cooperate with other governmental and private agencies ~~((in this state and other states))~~ and agencies of the federal government, and may reasonably reimburse them for any services the department requests that they provide. The department may also receive any federal funds, state funds and any other funds and expend them for reclamation of land affected by surface mining and for purposes enumerated in RCW 78.44.060.

NEW SECTION. Sec. 10. SURFACE MINING RECLAMATION ACCOUNT. The surface mining reclamation account is created in the state treasury. Annual mining fees, funds received by the department from state, local, or federal agencies for research purposes, as well as other mine-related funds and fines received by the department shall be deposited into this account. The surface mine reclamation account may be used by the department only to:

(1) Administer its regulatory program pursuant to this chapter;

(2) Undertake research relating to surface mine regulation, reclamation of surface mine lands, and related issues; and

(3) Cover costs arising from appeals from determinations made under this chapter.

Fines, interest, and other penalties collected by the department under the provisions of this chapter shall be used to reclaim surface mines abandoned prior to 1971.

NEW SECTION. Sec. 11. RECLAMATION PERMITS REQUIRED--APPLICATIONS. After July 1, 1993, no miner or permit holder may engage in surface mining without having first obtained a reclamation permit from the department. Operating permits issued by the department between January 1, 1971, and June 30, 1993, shall be considered reclamation permits provided such permits substantially meet the protections, mitigations, and reclamation goals of sections 12 and 20 of this act within five years after the effective date of this section. State agencies and local government shall be exempt from this time limit for inactive sites. Prior to the use of an inactive site, the reclamation plan must be brought up to current standards. A separate permit shall be required for each noncontiguous surface mine. The reclamation permit shall consist of the permit forms and any exhibits attached thereto. The permit holder shall comply with the provisions of the reclamation permit unless waived and explained in writing by the department.

Prior to receiving a reclamation permit, an applicant must submit an application on forms provided by the department that shall contain the following information and shall be considered part of the reclamation permit:

(1) Name and address of the legal landowner, or purchaser of the land under a real estate contract;

(2) The name of the applicant and, if the applicants are corporations or other business entities, the names and addresses of their principal officers and resident agent for service of process;

(3) A reasonably accurate description of the minerals to be surface mined;

(4) Type of surface mining to be performed;

(5) Estimated starting date, date of completion, and date of completed reclamation of surface mining;

(6) Size and legal description of the permit area and maximum lateral and vertical extent of the disturbed area;

(7) Expected area to be disturbed by surface mining during (a) the next twelve months, and (b) the following twenty-four months;

(8) Any applicable SEPA documents; and

(9) Other pertinent data as required by the department.

The reclamation permit shall be granted for the period required to deplete essentially all minerals identified in the reclamation permit on the land covered by the reclamation plan. The reclamation permit shall be valid until the reclamation is complete unless the permit is canceled by the department.

NEW SECTION. Sec. 12. RECLAMATION PLANS. An applicant shall provide a reclamation plan and copies acceptable to the department prior to obtaining a reclamation permit. The department shall have the sole authority to approve reclamation plans. Reclamation plans or modified reclamation plans submitted to the department after June 30, 1993, shall meet or exceed the minimum reclamation standards set forth in this chapter and by the department in rule. Each applicant shall also supply copies of the proposed plans and final reclamation plan approved by the department to the county, city, or town in which the mine will be located. The department shall solicit comment from local government prior to approving a reclamation plan. The reclamation plan shall include:

(1) A written narrative describing the proposed mining and reclamation scheme with:

(a) A statement of a proposed subsequent use of the land after reclamation that is consistent with the local land use designation. Approval of the reclamation plan shall not vest the proposed subsequent use of the land;

(b) If the permit holder is not the sole landowner, a copy of the conveyance or a written statement that expressly grants or reserves the right to extract minerals by surface mining methods;

(c) A simple and accurate legal description of the permit area and disturbed areas;

(d) The maximum depth of mining;

(e) A reasonably accurate description of the minerals to be mined;

(f) A description of the method of mining;

(g) A description of the sequence of mining that will provide, within limits of normal procedures of the industry, for completion of surface mining and associated disturbance on each portion of the permit area so that reclamation can be initiated at the earliest possible time on each segment of the mine;

(h) A schedule for progressive reclamation of each segment of the mine;

(i) Where mining on flood plains or in river or stream channels is contemplated, a thoroughly documented hydrogeologic evaluation that will outline measures that would protect against or would mitigate avulsion and erosion as determined by the department;

(j) Where mining is contemplated within critical aquifer recharge areas, special protection areas as defined by chapter 90.48 RCW and implementing rules, public water supply watersheds, sole source aquifers, wellhead protection areas, and designated aquifer protection areas as set forth in chapter 36.36 RCW, a thoroughly documented hydrogeologic analysis of the reclamation plan may be required; and

(k) Additional information as required by the department including but not limited to: The positions of reclamation setbacks and screening, conservation of topsoil, interim reclamation, revegetation, postmining erosion control, drainage control, slope stability, disposal of mine wastes, control of fill material, development of wetlands, ponds, lakes, and impoundments, and rehabilitation of topography.

(2) Maps of the surface mine showing:

(a) All applicable data required in the narrative portion of the reclamation plan;

(b) Existing topographic contours;

(c) Contours depicting specifications for surface gradient restoration appropriate to the proposed subsequent use of the land and meeting the minimum reclamation standards;

(d) Locations and names of all roads, railroads, and utility lines on or adjacent to the area;

(e) Locations and types of proposed access roads to be built in conjunction with the surface mining;

(f) Detailed and accurate boundaries of the permit area, screening, reclamation setbacks, and maximum extent of the disturbed area; and

(g) Estimated depth to ground water and the locations of surface water bodies and wetlands both prior to and after mining.

(3) At least two cross sections of the mine including all applicable data required in the narrative and map portions of the reclamation plan.

(4) Evidence that the proposed surface mine has been approved under local zoning and land use regulations.

(5) Written approval of the reclamation plan by the landowner for mines permitted after June 30, 1993.

(6) Other supporting data and documents regarding the surface mine as reasonably required by the department.

If the department refuses to approve a reclamation plan in the form submitted by an applicant or permit holder, it shall notify the applicant or permit holder stating the reasons for its determination and describe such additional requirements to the applicant or permit holder's reclamation plan as are necessary for the approval of the plan by the department. If the department refuses to approve a complete reclamation plan within one hundred twenty days, the miner or permit holder may appeal this determination under the provisions of this chapter.

Only insignificant deviations may occur from the approved reclamation plan without prior written approval by the department for the proposed change.

The department retains the authority to require that the reclamation plan be updated to the satisfaction of the department at least every ten years.

NEW SECTION. Sec. 13. JOINT RECLAMATION PLANS. Where two or more surface mines join along a common boundary, the department may require submission of a joint reclamation plan in order to provide for optimum reclamation or to avoid waste of mineral resources. Such joint reclamation plans may be in the form of a single collaborative plan submitted by all affected permit holders or as individual reclamation plans in which the schedule of reclamation, finished contours, and revegetation match reclamation plans of adjacent permit holders.

NEW SECTION. Sec. 14. FEES. (1) An applicant for a public or private reclamation permit shall pay an application fee to the department before being granted a surface mining permit. The amount of the application fee shall be six hundred fifty dollars.

(2) After June 30, 1993, each public or private permit holder shall pay an annual permit fee of six hundred fifty dollars. The annual permit fee shall be payable to the department on the first anniversary of the permit date and each year thereafter. Annual fees paid by a county for small mines used exclusively for public works projects shall be paid on those small mines from which the county elects to extract minerals in the next calendar year and shall not exceed one thousand dollars.

(3) After July 1, 1995, the department may modify annual permit fees by rule if:

(a) The total annual permit fees are reasonably related to the approximate costs of administering the department's surface mining regulatory program;

(b) The annual fee does not exceed five thousand dollars; and

(c) The mines are small mines in remote areas that are used primarily for public service, then lower annual permit fees may be established.

(4) Appeals from any determination of the department shall not stay the requirement to pay any annual permit fee. Failure to pay the annual fee may constitute grounds for an order to suspend surface mining or cancellation of the reclamation permit as provided in this chapter.

(5) All fees collected by the department shall be deposited into the surface mining reclamation account.

(6) If the department delegates enforcement responsibilities to a county, city, or town, the department may allocate funds collected under this section to such county, city, or town.

NEW SECTION. Sec. 15. PERFORMANCE SECURITY. The department shall not issue a reclamation permit until the applicant has deposited with the department an acceptable performance security on forms prescribed and furnished by the department. A public or governmental agency shall not be required to post performance security nor shall a permit holder be required to post surface mining performance security with more than one state, local, or federal agency.

This performance security may be:

(1) Bank letters of credit acceptable to the department;

(2) A cash deposit;

(3) Negotiable securities acceptable to the department;

(4) An assignment of a savings account;

(5) A savings certificate in a Washington bank on an assignment form prescribed by the department;

(6) Assignments of interests in real property within the state of Washington; or

(7) A corporate surety bond executed in favor of the department by a corporation authorized to do business in the state of Washington under Title 48 RCW and authorized by the department.

The performance security shall be conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules adopted under it.

The department shall have the authority to determine the amount of the performance security using a standardized performance security formula developed by the department. The amount of the security shall be determined by the department and based on the estimated costs of completing reclamation according to the approved reclamation plan or minimum standards and related administrative overhead for the area to be surface mined during (a) the next twelve-month period, (b) the following twenty-four months, and (c) any previously disturbed areas on which the reclamation has not been satisfactorily completed and approved.

The department may increase or decrease the amount of the performance security at any time to compensate for a change in the disturbed area, the depth of excavation, a modification of the reclamation plan, or any other alteration in the conditions of the mine that affects the cost of reclamation. The department may, for any reason, refuse any performance security not deemed adequate.

Liability under the performance security shall be maintained until reclamation is completed according to the approved reclamation plan to the satisfaction of the department unless released as hereinafter provided. Liability under the performance security may be released only upon written notification by the department. Notification shall be given upon completion of compliance or acceptance by the department of a substitute performance security. The

liability of the surety shall not exceed the amount of security required by this section and the department's reasonable legal fees to recover the security.

Any interest or appreciation on the performance security shall be held by the department until reclamation is completed to its satisfaction. At such time, the interest shall be remitted to the permit holder; except that such interest or appreciation may be used by the department to effect reclamation in the event that the permit holder fails to comply with the provisions of this chapter and the costs of reclamation exceed the face value of the performance security.

No other state agency or local government shall require performance security for the purposes of surface mine reclamation and only one agency of government shall require and hold the performance security. The department may enter into written agreements with federal agencies in order to avoid redundant bonding of surface mines straddling boundaries between federally controlled and other lands within Washington state.

Notwithstanding any other provision of this section, nothing shall preclude the department of ecology from requiring a separate performance security for metallic minerals or uranium surface mines under any authority if any that may be presently vested in the department of ecology relating to such mines.

NEW SECTION. Sec. 16. A new section is added to chapter 36.70A RCW to read as follows:

(1) Where the county has classified mineral lands pursuant to RCW 36.70A.050 and mineral resource lands of long-term commercial significance exist, a county, city, or town shall designate sufficient mineral resource lands in the comprehensive plans to meet the projected twenty-year, county-wide need. Once designated, mineral resource uses, including operations as defined in section 4 of this act, shall be established as an allowed use in local development regulations subject to the permit process described in this section.

The county, city, or town shall designate mineral resource deposits, both active and inactive, in economically viable proximity to locations where the deposits are likely to be used.

Through its comprehensive plan and development regulations, as defined in RCW 36.70A.030, the county, city, or town shall discourage the siting of incompatible uses adjacent to mineral resource industries, deposits, and holdings.

For purposes of this section, "long-term commercial significance" includes the mineral composition of the land for long-term economically viable commercial production, in consideration with the mineral resource land's proximity to population areas, product markets, and the possibility of more intense uses of the land.

(2)(a) Counties, cities, and towns may only regulate surface mining operations by ordinance and only in accordance with the requirements and limitations of this subsection.

(b) Local surface mining operating standards shall:

(i) Address only:

(A) Traffic;

(B) Light emission;

(C) Visual screening;

(D) Noise emission; and

(E) Other significant or substantial mining impacts that are not covered by a subject area of regulation embodied in any other state or federal law, including among others the subject areas pertaining to water allocation, use, and control and fisheries and wildlife habitat set forth in section 19 of this act.

(ii) Be performance-based, objective standards that:

(A) Are directly and proportionately related to limiting surface mining impacts;

(B) Are reasonable and generally capable of being achieved;

(C) Take into account existing and available technologies; and

(D) May be met by any lawful means selected by the applicant or operator that, in the judgment of the county, city, or town, achieve compliance with the standard.

(iii) Limit application and monitoring fees to the amount necessary to pay the costs of administering, processing, monitoring, and enforcing the regulation of surface mining in accordance with this section.

(iv) Except as otherwise provided in this section, implement the ordinance through an operating plan review and approval process. Such approval process shall:

(A) Require submittal of sufficient, complete, and accurate information, as specified by the local ordinance, to allow the decision maker to review the plan for compliance with local standards;

(B) At the option of the county, city, or town, provide for administrative approval subject to appeal or for initial consideration through a public hearing process; and

(C) Require that project-specific conditions or restrictions be based upon written findings of facts demonstrating their need to achieve compliance with local standards.

(v) Subject to subsection (3) of this section, provide that approvals issued will be valid for fifty years.

(3) Operating regulations and amendments thereto adopted pursuant to this section may be applied to lawfully preexisting mining operations only if the local ordinance:

(a) Limits application of subsection (2)(b)(i)(A) of this section relating to traffic to the designation of approved haul routes;

(b) Exempts such preexisting operations from any operating plan review and approval process;

(c) Provides reasonable time periods for compliance with new or amended local operating standards that in no event may be less than one year; and

(d) Includes a variance procedure to allow continuation of existing operations for a nonconforming surface mining operation where strict adherence to a local operating standard would be economically or operationally impractical due to conditions relating to site configuration, topography, or the nature of historic operations.

(4) Nothing in this section precludes a county, city, or town from exercising the express authority delegated to it by a state agency under state law, or from complying with state law when required as a regulated entity.

NEW SECTION. Sec. 17. A surface mining model ordinance advisory committee is hereby created. The committee shall be composed of representatives of local government, state agencies, surface mining interests, and the environmental community. The department of natural resources shall appoint the members of the committee and the department shall staff the committee. This temporary advisory committee shall draft model ordinances for different surface-mining settings and shall assist counties, cities, and towns in developing ordinances. The committee shall complete its work and shall expire by December 31, 1994. Participants on the committee shall pay their own expenses, and the department of natural resources shall fund the department's involvement.

NEW SECTION. Sec. 18. RECLAMATION SETBACKS. Reclamation setbacks shall be as follows unless waived by the department:

(1) The reclamation setback for unconsolidated deposits within mines permitted after June 30, 1993, shall be equal to the maximum anticipated height of the adjacent working face or as determined by the department. Setbacks and buffers may be destroyed as part of final reclamation of each segment if approved by the department.

(2) The minimum reclamation setback for consolidated materials within mines permitted after June 30, 1993, shall be thirty feet or as determined by the department.

(3) An exemption from this section may be granted by the department following a written request. The department may consider submission of a plan for backfilling acceptable to the department, a geotechnical slope-stability study, proof of a dedicated source of fill materials, written approval of contiguous landowners, and other information before granting an exemption.

NEW SECTION. Sec. 19. WATER CONTROL. (1) Water control as regulated by the department shall be limited to those provisions necessary to effect surface mine reclamation and to protect ground and surface water resources after reclamation is complete and shall be consistent with existing water control laws. The department shall solicit recommendations from all agencies with expertise in relevant water control laws when evaluating reclamation plans for surface mines in or near water.

(2) As to surface mining projects, control of surface mine water shall be pursuant to chapter 90.48 RCW; water availability, hydraulic continuity, allocation, and use shall be pursuant to chapters 90.03, 90.44, and 90.54 RCW; regulation of drinking water shall be pursuant to Titles 43 and 70 RCW; and protection of fisheries and wildlife shall be regulated pursuant to Title 75 RCW (fisheries laws) and Title 77 RCW (wildlife laws) as well as chapters 90.03, 90.44, 90.48, and 90.54 RCW, federal storm water regulations, and/or national pollutant discharge elimination system regulations. The department of ecology upon request by a county, city, or town, may consult with the affected parties and incorporate additional site-specific requirements into individual surface mine national pollutant discharge elimination system permits where such requirements are appropriate.

A county, city, or town may regulate the impacts on water through local ordinances and regulations that:

(a) Cover significant or substantial impacts that are not covered by a subject area of regulation embodied in any other state or federal law; or

(b) Implement regulatory and/or enforcement authority that has been expressly authorized to it by a state agency.

NEW SECTION. Sec. 20. RECLAMATION. The need for, and the practicability of, reclamation shall control the type and degree of reclamation in any specific instance. However, the basic objective of reclamation is to reestablish on a continuing basis the vegetative cover, slope stability, water conditions, and safety conditions suitable to the proposed subsequent use consistent with local land use plans for the surface mine site.

Each permit holder shall comply with the minimum reclamation standards in effect on the date the permit was issued and any additional reclamation standards set forth in the approved reclamation plan.

Reclamation activities, particularly those relating to control of erosion and mitigation of impacts of mining to adjacent areas, shall, to the extent feasible, be conducted simultaneously with surface mining, and in any case shall be initiated at the earliest possible time after completion of surface mining on any segment of the permit area.

All reclamation activities shall be completed not more than two years after completion or abandonment of surface mining on each segment of the area for which a reclamation permit is in force.

The department may by contract delegate enforcement of provisions of reclamation plans to counties, cities, and towns. A county, city, or town performing enforcement functions may not impose any additional fees on permit holders.

NEW SECTION. Sec. 21. MINIMUM RECLAMATION STANDARDS. Reclamation of surface mines permitted after June 30, 1993, and reclamation of surface mine segments addressed by reclamation plans modified after June 30, 1994, shall meet the following minimum standards except as waived in writing by the department.

(1) Prior to surface mining, permit holders shall carefully stockpile all topsoil on the site for use in reclamation, or immediately move topsoil to reclaim adjacent segments, except when the approved subsequent use does not require replacing the topsoil. Topsoil needed for reclamation shall not be sold as a mineral nor mixed with sterile soils. Stockpiled materials used as screening shall not be used for reclamation until such time as the appropriate county or municipal government has given its approval.

(2) The department may require that clearly visible, permanent monuments delineating the permit boundaries and maximum extent of the disturbed area be set at appropriate places around the mine site. The permit holder shall maintain the monuments until termination of the reclamation permit.

(3) All minimum reclamation standards may be waived in writing by the department in order to accommodate unique and beneficial reclamation schemes such as parks, swimming facilities, buildings, and wildlife reserves. Such waivers shall be granted only after written approval by the department of a reclamation plan describing the variances to the minimum reclamation standards, receipt of documentation of SEPA compliance, and written approvals from the landowner and by the local land use authority.

(4) All surface-mined slopes shall be reclaimed to the following minimum standards:

(a) In surface mines in soil, sand, gravel, and other unconsolidated materials, all reclaimed slopes shall:

(i) Have varied steepness;

(ii) Have a sinuous appearance in both profile and plan view;

(iii) Have no large rectilinear topographic elements;

(iv) Generally have slopes of between 2.0 and 3.0 feet horizontal to 1.0 foot vertical or flatter except in limited areas where steeper slopes are necessary in order to create sinuous topography and to control drainage;

(v) Not exceed 1.5 feet horizontal to 1.0 foot vertical except as necessary to blend with adjacent natural slopes;

(vi) Be compacted if significant backfilling is required to produce the final reclaimed slopes and if the department determines that compaction is necessary.

(b) Slopes in consolidated materials shall have no prescribed slope angle or height, but where a severely hazardous condition is created by mining and that is not indigenous to the immediate area, the slopes shall not exceed 2.0 feet horizontal to 1.0 foot vertical. Steeper slopes shall be acceptable in areas where evidence is submitted that demonstrates that the geologic or topographic characteristics of the site preclude reclamation of slopes to such angle or height or that such slopes constitute an acceptable subsequent use under local land use regulations.

(c) Surface mines in which the seasonal or permanent water tables have been penetrated, thereby creating swamps, ponds, or lakes useful for recreational, wildlife habitat, water quality control, or other beneficial wetland purposes shall be reclaimed in the following manner:

(i) For slopes that are below the permanent water table in soil, sand, gravel, and other unconsolidated materials, the slope angle shall be no steeper than 1.5 feet horizontal to 1.0 foot vertical;

(ii) Generally, solid rock banks shall be shaped so that a person can escape from the water, however steeper slopes and lack of water egress shall be acceptable in rural, forest, or mountainous areas or where evidence is provided that such slopes would constitute an acceptable subsequent use under local land use regulations;

(iii) Both standpipes and armored spillways or other measures to prevent undesirable overflow or seepage shall be provided to stabilize all such water bodies within the disturbed area; and

(iv) Where lakes, ponds, or swamps are created, the permit holder shall provide measures to establish a beneficial wetland by developing natural wildlife habitat and incorporating such measures as irregular shoreline configurations, sinuous bathymetry and shorelines, varied water depths, peninsulas, islands, and subaqueous areas less than 1.5 foot deep during summer low-water levels. Clay-bearing material placed below water level may be required to avoid creating sterile wetlands.

(d) Final topography shall generally comprise sinuous contours, chutes and buttresses, spurs, and rolling mounds and hills, all of which shall blend with adjacent topography to a reasonable extent. Straight planar slopes and right angles should be avoided.

(e) The floors of mines shall generally grade gently into postmining drainages to preclude sheet-wash erosion during intense precipitation, except where backgrading is appropriate for drainage control, to establish wetlands, or to trap sediment.

(f) Topsoil shall be restored as necessary to promote effective revegetation and to stabilize slopes and mine floors. Where limited topsoil is available, topsoil shall be placed and revegetated in such a way as to ensure that little topsoil is lost to erosion.

(g) Where surface mining has exposed natural materials that may create polluting conditions, including but not limited to acid-forming coals and metalliferous rock or soil, such conditions shall be addressed according to a method approved by the department. The final ground surface shall be graded so that surface water drains away from these materials.

(h) All grading and backfilling shall be made with nonnoxious, noncombustible, and relatively incompactible solids unless the permit holder provides:

(i) Written approval from all appropriate solid waste regulatory agencies; and

(ii) Any and all revisions to such written approval during the entire time the reclamation permit is in force.

(i) Final reclaimed slopes should be left roughly graded, preserving equipment tracks, depressions, and small mounds to trap clay-bearing soil and promote natural revegetation. Where reasonable, final equipment tracks should be oriented in order to trap soil and seeds and to inhibit erosion.

(j) Pit floors should be bulldozed or ripped to foster revegetation.

(5) Drainages shall be graded and contain adequate energy dissipation devices so that essentially natural conditions of water velocity, volume, and turbidity are reestablished within six months of reclamation of each segment of the mine. Ditches and other artificial drainages shall be constructed on each reclaimed segment to control surface water, erosion, and siltation and to direct runoff to a safe outlet. Diversion ditches including but not limited to channels, flumes, tightlines and retention ponds shall be capable of carrying the peak flow at the mine site that has the probable recurrence frequency of once in twenty-five years as determined from data for the twenty-five year, twenty-four hour precipitation event published by the national oceanic and atmospheric administration. The grade of such ditches and channels shall be constructed to limit erosion and siltation. Natural and other drainage channels shall be kept free of equipment, wastes, stockpiles, and overburden.

(6) Impoundment of water shall be an acceptable reclamation technique provided that approvals of other agencies with jurisdiction are obtained and:

(a) Proper measures are taken to prevent undesirable seepage that could cause flooding outside the permitted area or adversely affect the stability of impoundment dikes or adjacent slopes;

(b) Both standpipes and armored spillways or other measures necessary to control overflow are provided.

(7) Revegetation shall be required as appropriate to stabilize slopes, generate new topsoil, reduce erosion and turbidity, mask rectilinear contours, and restore the scenic value of the land to the extent feasible as appropriate to the approved subsequent use. Although the scope of and necessity for revegetation will vary according to the geography, precipitation, and approved subsequent use of the site, the objective of segmental revegetation is to reestablish self-sustaining vegetation and conditions of slope stability, surface water quality, and appearance before release of the reclamation permit. Revegetation shall normally meet the following standards:

(a) Revegetation shall commence during the first proper growing season following restoration of slopes on each segment unless the department has granted the permit holder a written time extension.

(b) In eastern Washington, the permit holder may not be able to achieve continuous ground cover owing to arid conditions or sparse topsoil. However, revegetation shall be as continuous as reasonably possible as determined by the department.

(c) Revegetation generally shall include but not be limited to diverse evergreen and deciduous trees, shrubs, grasses, and deep-rooted ground cover.

(i) For western Washington, nitrogen-fixing species including but not limited to alder, white clover, and lupine should be included in dry areas. In wet areas, tubers, sedges, wetland grasses, willow, cottonwood, cedar, and alder are appropriate.

(ii) In eastern Washington, lupine, white clover, Russian olive, black locust, junipers, and pines are among appropriate plants. In wet areas, cottonwood, tubers, and sedges are appropriate.

(d) The requirements for revegetation may be reduced or waived by the department where erosion will not be a problem in rural areas where precipitation exceeds thirty inches per annum, or where revegetation is inappropriate for the approved subsequent use of the surface mine.

(e) In areas where revegetation is critical and conditions are harsh, the department may require irrigation, fertilization, and importation of clay or humus-bearing soils to establish effective vegetation.

(f) The department may refuse to release a reclamation permit or performance security until it deems that effective revegetation has commenced.

NEW SECTION. Sec. 22. PERMIT TRANSFERS. Reclamation permits shall be transferred to a subsequent permit holder and the department shall release the former permit holder from the duties imposed by this chapter if:

(1) Both permit holders comply with all rules of the department addressing requirements for transferring a permit; and

(2) Unless waived by the department, the mine and all others operated by both the former and subsequent permit holders and their principal officers or owners are in compliance with this chapter and rules.

NEW SECTION. Sec. 23. MODIFICATION OF RECLAMATION PLANS. The department and the permit holder may modify the reclamation plan at any time during the term of the permit for any of the following reasons:

(1) To modify the requirements so that they do not conflict with existing or new laws;

(2) If the department determines that the previously adopted reclamation plan is impossible or impracticable to implement and maintain; or

(3) The previously approved reclamation plan is not accomplishing the intent of this chapter as determined by the department.

Modified reclamation plans shall be reviewed by the department as lead agency under SEPA. Such SEPA analyses shall consider only those impacts relating directly to the proposed modifications. Copies of proposed and approved modifications shall be sent to the appropriate county, city, or town.

NEW SECTION. Sec. 24. REPORTS. On the anniversary date of the reclamation permit and each year thereafter until reclamation is completed and approved, the permit holder shall file a report of activities completed during the preceding year. The report shall be on a form prescribed by the department.

NEW SECTION. Sec. 25. INSPECTION OF PERMIT AREA. The department may order at any time an inspection of the disturbed area to determine if the miner or permit holder has complied with the reclamation permit, rules, and this chapter.

NEW SECTION. Sec. 26. ORDER TO RECTIFY DEFICIENCIES. The department may issue an order to rectify deficiencies when a miner or permit holder is conducting surface mining in any manner not authorized by:

- (1) This chapter;
- (2) The rules adopted by the department;
- (3) The authorized reclamation plan; or
- (4) The reclamation permit.

The order shall describe the deficiencies and shall require that the miner or permit holder correct all deficiencies no later than sixty days from issuance of the order. The department may extend the period for correction for delays clearly beyond the miner or permit holder's control, but only when the miner or permit holder is, in the opinion of the department, making every reasonable effort to comply.

NEW SECTION. Sec. 27. EMERGENCY NOTICE AND ORDER TO RECTIFY DEFICIENCIES--EMERGENCY ORDER TO SUSPEND SURFACE MINING. When the department finds that a permit holder is conducting surface mining in any manner not authorized by:

- (1) This chapter;
- (2) The rules adopted by the department;
- (3) The approved reclamation plan; or
- (4) The reclamation permit;

and that activity has created a situation involving an immediate danger to the public health, safety, welfare, or environment requiring immediate action, the department may issue an emergency notice and order to rectify deficiencies, and/or an emergency order to suspend surface mining. These orders shall be effective when entered. The department may take such action as is necessary to prevent or avoid the danger to the public health, safety, welfare, or environment that justifies use of emergency adjudication. The department shall give such notice as is practicable to the permit holder or miner who is required to comply with the order. The order shall comply with the requirements of the administrative procedure act.

Regulations of surface mining operations administered by other state and local agencies shall be preempted by this section to the extent that the time schedule and procedures necessary to rectify the emergency situation, as determined by the department, conflict with such local regulation.

NEW SECTION. Sec. 28. ORDER TO SUSPEND SURFACE MINING. Upon the failure of a miner or permit holder to comply with a department order to rectify deficiencies, the department may issue an order to suspend surface mining when a miner or permit holder is conducting surface mining in any manner not authorized by:

- (1) This chapter;
- (2) The rules adopted by the department;
- (3) The approved reclamation plan;
- (4) The reclamation permit; or
- (5) If the miner or permit holder fails to comply with any final order of the department.

The order to suspend surface mining shall require the miner or permit holder to suspend part or all of the miner's or permit holder's mining operations until the conditions resulting in the issuance of the order have been mitigated to the satisfaction of the department.

The attorney general may take the necessary legal action to enjoin, or otherwise cause to be stopped, surface mining in violation of an order to suspend surface mining.

NEW SECTION. Sec. 29. DECLARATION OF ABANDONMENT. The department may issue a declaration of abandonment when it determines that all surface mining has ceased for a period of one hundred eighty consecutive days not set forth in the permit holder's reclamation plan or when, by reason of inspection of the permit area, or by any other means, the department determines that the mine has in fact been abandoned by the permit

holder except that abandonment shall not include normal interruptions of surface mining resulting from labor disputes, economic conditions associated with lack of smelting capacity or availability of appropriate transportation, war, social unrest, demand for minerals, maintenance and repairs, and acts of God.

Following a declaration of abandonment, the department shall require the permit holder to complete reclamation in accordance with this chapter. If the permit holder fails to do so, the department shall proceed to do the necessary reclamation work pursuant to section 31 of this act.

If another miner applies for a permit on a site that has been declared abandoned, the department may, in its discretion, cancel the reclamation permit of the permit holder and issue a new reclamation permit to the applicant. The department shall not issue a new permit unless it determines that such issuance will be an effective means of assuring that the site will ultimately be reclaimed. The applicant must agree to assume the reclamation responsibilities left unfinished by the first miner, in addition to meeting all requirements for issuance of a new permit.

NEW SECTION. Sec. 30. CANCELLATION OF THE RECLAMATION PERMIT. When the department determines that a surface mine has been abandoned, it may cancel the reclamation permit. The permit holder shall be informed of such actions by a department notification of illegal abandonment and cancellation of the reclamation permit.

NEW SECTION. Sec. 31. ORDER TO SUBMIT PERFORMANCE SECURITY--RECLAMATION BY THE DEPARTMENT. The department may, with the staff, equipment, and material under its control, or by contract with others, reclaim the disturbed areas when it finds that reclamation has not occurred in any segment of a surface mine within two years of completion of mining or of declaration of abandonment and the permit holder is not actively pursuing reclamation.

If the department intends to undertake the reclamation, the department shall issue an order to submit performance security requiring the permit holder or surety to submit to the department the amount of moneys posted pursuant to section 15 of this act. If the amount specified in the order to submit performance security is not paid within twenty days after issuance of the notice, the attorney general upon request of the department shall bring an action on behalf of the state in a superior court to recover the amount specified and associated legal fees.

The department may proceed at any time after issuing the order to submit performance security with reclamation of the site according to the approved reclamation plan or according to a plan developed by the department that meets the minimum reclamation standards.

The department shall keep a record of all expenses incurred in carrying out any reclamation project or activity authorized under this section, including:

- (1) Reclamation;
- (2) A reasonable charge for the services performed by the state's personnel and the state's equipment and materials utilized; and
- (3) Administrative and legal expenses related to reclamation of the surface mine.

The department shall refund to the surety or permit holder all amounts received in excess of the amount of expenses incurred. If the amount received is less than the expenses incurred, the attorney general, upon request of the department, may bring an action against the permit holder on behalf of the state in the superior court to recover the remaining costs listed in this section.

NEW SECTION. Sec. 32. FINES. Each order of the department may impose a fine or fines in the event that a miner or permit holder fails to obey the order of the department. When a miner or permit holder fails to comply with an order of the department, the miner or permit holder shall be subject to a civil penalty in an amount not more than ten thousand dollars for each violation plus interest based upon a schedule of fines set forth by the department in rule. Procedures for imposing a penalty and setting the amount of the penalty shall be as provided in RCW 90.48.144. Each day on which a miner or permit holder continues to disobey any order of the department shall constitute a separate violation. If the penalty and interest is not paid to the department after it becomes due and payable, the attorney general, upon the request of the department, may bring an action in the name of the state of Washington to recover the penalty, interest, mitigation for environmental damages, and associated legal fees. Decisions of the department are subject to review by the pollution control hearings board.

All fines, interest, penalties, and other damage recovery costs from mines regulated by the department shall be credited to the surface mining reclamation account.

NEW SECTION. Sec. 33. REFUSAL TO ISSUE PERMITS. The department shall refuse to issue a reclamation permit if it is determined during the SEPA process that the impacts of a proposed surface mine cannot be adequately mitigated.

The department or county, city, or town may refuse to issue any other permit at any other location to any miner or permit holder who fails to rectify deficiencies set forth in an order of the department within the requisite time schedule. However, the department or county, city, or town shall issue all appropriate permits when all deficiencies are corrected at each surface mining site.

Sec. 34. RCW 78.44.150 and 1970 ex.s. c 64 s 16 are each amended to read as follows:

Any ~~((operator))~~ miner or permit holder conducting surface mining within the state of Washington without a valid ~~((operating))~~ reclamation permit shall be guilty of a gross misdemeanor. Surface mining outside of the permitted area shall constitute illegal mining without a valid reclamation permit. Each day of ~~((operation))~~ mining without a valid reclamation permit shall constitute a separate offense.

Sec. 35. RCW 78.44.170 and 1989 c 175 s 166 are each amended to read as follows:

Appeals from department determinations under this chapter shall be made as follows:

Appeals from department determinations made under this chapter shall be made under the provisions of the Administrative Procedure Act (chapter 34.05 RCW), and shall be considered an adjudicative proceeding within the meaning of the Administrative Procedure Act, chapter 34.05 RCW. Only a person aggrieved within the meaning of RCW 34.05.530 has standing and can file an appeal.

Sec. 36. RCW 78.44.910 and 1970 ex.s. c 64 s 22 are each amended to read as follows:

~~((This act shall not direct itself to the reclamation of land mined))~~ Miners and permit holders shall not be required to reclaim any segment where all surface mining was completed prior to January 1, 1971. However, the department shall make an effort to reclaim previously abandoned or completed surface mining segments.

NEW SECTION. **Sec. 37.** RECLAMATION AWARDS ESTABLISHED. The department shall create reclamation awards in recognition of excellence in reclamation or reclamation research. Such awards shall be presented to individuals, miners, operators, companies, or government agencies performing exemplary surface mining reclamation in the state of Washington. The department shall designate a percent of the state annual fees as funding of the awards.

NEW SECTION. **Sec. 38.** RECLAMATION SERVICE ESTABLISHED. The department may establish a no-cost consulting service within the department to assist miners, permit holders, local government, and the public in technical matters related to mine regulation, mine operations, and reclamation. The department may prepare concise, printed information for the public explaining surface mining activities, timelines for permits and reviews, laws, and the role of governmental agencies involved in surface mining, including how to contact all regulators. The department shall not be held liable for any negligent advice.

POINT OF PERSONAL PRIVILEGE

Representative Morton: Thank you, Mr. Speaker. I'd like to display to the House, some photographs that pertain to our wildlife and I would like to explain that. Mr. Speaker and ladies and gentlemen of the House, the other evening we had a little discussion concerning our deer migration up in the Okanagan country and the need to train those deer. So we have put together a little display that I'd like permission to circulate throughout the floor so that you may see the process of the deer training. You'll see in the top photograph here on the Dean and Albania Bote Ranch that the deer are pretty well scattered, this was in the early part of the season, then you'll see one little towheaded deer here in the middle that was really a rascal and got into even the shed itself. In the lower left hand corner you'll note that they are beginning to conform and become a little better behaved and finally in the right hand corner you'll see that they are properly lined up for their breakfast.

The Speaker assumed the chair.

With the consent of the House, the House considered Engrossed Substitute Senate Bill No. 5966.

ENGROSSED SUBSTITUTE SENATE BILL NO. 5966, by Senate Committee on Ways & Means (originally sponsored by Senators Rinehart, Haugen and M. Rasmussen; by request of Department of Veterans Affairs)

Concerning the state veterans' homes.

The bill was read the second time.

Representative R. Meyers moved adoption of the following amendment by Representative R. Meyers, Sommers and Pruitt:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that continued operation of state veterans' homes is necessary to meet the needs of eligible veterans for shelter, personal and nursing care, and related services; that certain residents of veterans' homes or services provided to them may be eligible for participation in the state's medicaid reimbursement system; and that authorizing medicaid participation is appropriate to address the homes' long-term funding needs. The legislature also finds that it is important to maintain the dignity and self-respect of residents of veterans' homes, by providing for continued resident involvement in the homes' operation, and through retention of current law guaranteeing a minimum amount of allowable personal income necessary to meet the greater costs for these residents of transportation, communication, and participation in family and community activities that are vitally important to their maintenance and rehabilitation.

NEW SECTION. Sec. 2. A new section is added to chapter 72.36 RCW to read as follows:

Qualifying operations at state veterans' homes operated by the department of veterans affairs, may be provided under the state's medicaid reimbursement system as administered by the department of social and health services.

The department of veterans affairs may contract with the department of social and health services under the authority of RCW 74.09.120 but the provisions of RCW 74.46.420 through 74.46.590 shall not apply to the medicaid rate-setting and reimbursement systems. The nursing care operations at the state veterans' homes shall be subject to inspection by the department of social and health services. This includes every part of the state veterans' home's premises, an examination of all records, including financial records, methods of administration, general and special dietary programs, the disbursement of drugs, methods of supply, and any other records the department deems relevant.

NEW SECTION. Sec. 3. A new section is added to chapter 72.36 RCW to read as follows:

The department of veterans affairs shall provide by rule for the annual election of a resident council for each state veterans' home. The council shall annually elect a chair from among its members, who shall call and preside at council meetings. The resident council shall serve in an advisory capacity to the director of the department of veterans affairs and to the superintendent in all matters related to policy and operational decisions affecting resident care and life in the home.

By October 31, 1993, the department shall adopt rules that provide for specific duties and procedures of the resident council which create an appropriate and effective relationship between residents and the administration. These rules shall be adopted after consultation with the resident councils and the state long-term care ombuds, and shall include, but not be limited to the following:

- (1) Provision of staff technical assistance to the councils;
- (2) Provision of an active role for residents in developing choices regarding activities, foods, living arrangements, personal care, and other aspects of resident life;
- (3) A procedure for resolving resident grievances; and
- (4) The role of the councils in assuring that resident rights are observed.

The development of these rules should include consultation with all residents through the use of both questionnaires and group discussions.

The resident council for each state veterans' home shall annually review the proposed expenditures from the benefit fund that shall contain all private donations to the home, all bequeaths, and gifts. Disbursements from each benefit fund shall be for the benefit and welfare of the residents of the state veteran's homes. Disbursements from the benefits funds shall be on the authorization of the superintendent or his or her authorized representative after approval has been received from the home's resident council.

The superintendent or his or her designated representative shall meet with the resident council at least monthly. The director of the department of veterans affairs shall meet with each resident council at least three times each year.

Sec. 4. RCW 72.36.020 and 1977 c 31 s 2 are each amended to read as follows:

The director of the department of veterans affairs shall appoint a superintendent for ~~((the state soldiers' home and colony, and a superintendent for the Washington veterans' home, who, with the consent of the director, may be styled, respectively, "commandant of the home"))~~ each state veterans' home. The superintendent shall exercise management and control of the institution in accordance with either policies ~~((and/or))~~ or procedures promulgated by the director of the department of veterans affairs, or both, and rules and regulations of the department. In accordance with chapter 18.52 RCW, the individual appointed as superintendent for either state veterans' home shall be a licensed nursing home administrator. The department may request a waiver to, or seek an alternate method of compliance with, the federal requirement for a licensed on-site administrator during a transition phase from July 1, 1993, to June 30, 1994.

Sec. 5. RCW 72.36.030 and 1977 ex.s. c 186 s 1 are each amended to read as follows:

(e) In any case provided for in this section, where a Washington state vehicle registration or vehicle license is to be confiscated, the confiscation shall be stayed and shall not take effect until after the determination of any appeal from the conviction which may lawfully be taken, but in case the conviction is sustained on appeal the confiscation takes effect as of the date that the conviction becomes effective for other purposes.

The notice of seizure may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen-day period following the seizure.

(c) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the vehicle within forty-five days of the seizure, the vehicle seized shall be deemed forfeited.

(d) If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the vehicle within forty-five days of the seizure, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The court to which the matter is to be removed shall be the district court when the value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon

a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession thereof.

(ii) Sell the vehicle; or

SENATE AMENDMENTS TO HOUSE BILL

April 12, 1993

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1761 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.040 and 1990 1st ex.s. c 17 s 4 are each amended to read as follows:

(1) Each county that has both a population of fifty thousand or more and has had its population increase by more than ten percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall ~~((adopt comprehensive land use plans and development regulations under))~~ conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section.

Once a county meets either of these sets of criteria, the requirement to conform with ~~((RCW 36.70A.040 through 36.70A.160))~~ all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet ~~((the requirements of))~~ either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall ~~((adopt a comprehensive land use plan in accordance with))~~ conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county ~~((cannot remove itself from))~~ and the cities located within the county remain subject to all of the requirements of this chapter.

(3) Any county or city that is initially required to ~~((adopt a comprehensive land use plan))~~ conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county legislative authority and governing body of each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county legislative authority shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) the county legislative authority and governing body of each city located within the county shall adopt ~~((the))~~ a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, ((1993)) 1994, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(4) Any county or city that is required to ~~((adopt a comprehensive land use plan))~~ conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county legislative authority and governing body of each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county legislative authority shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county legislative authority and governing body of each city that is located within the county shall adopt ~~((the))~~ a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than ((three)) four years from the date the county legislative ~~((body takes action as required by subsection (2) of this section))~~ authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

~~((4))~~ (5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the ~~((requirements of))~~ sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall ~~((adopt))~~ take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county legislative authority and each city governing body shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; ~~((b))~~ (c) the county legislative authority shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county legislative authority and each city governing body shall adopt a comprehensive land use plan ~~((under this chapter))~~ and development regulations that are consistent with and implement the comprehensive plan within ~~((three))~~ four years of the certification by the office of financial management ~~((; and (c) development regulations pursuant to this chapter within one year of having adopted its comprehensive land use plan))~~, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

Sec. 2. RCW 36.70A.110 and 1991 sp.s. c 32 s 29 are each amended to read as follows:

(1) Each county that is required or chooses to (~~adopt a comprehensive land use~~) plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth or is adjacent to territory already characterized by urban growth.

(2) Based upon the population growth management planning population projection made for the county by the office of financial management, the urban growth areas in the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. Within one year of July 1, 1990, each county (~~required to designate urban growth areas~~) that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have existing public facility and service capacities to serve such development, and second in areas already characterized by urban growth that will be served by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources. Further, it is appropriate that urban government services be provided by cities, and urban government services should not be provided in rural areas.

(4) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall designate urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall designate urban growth areas under this chapter. A permit or other authorization allowing land use activities not already vested shall not be issued or approved by a county or city after the county designates its urban growth areas if the permit or other authorization is inconsistent with these designations.

(5) Each county shall include designations of urban growth areas in its comprehensive plan.

Sec. 3. RCW 36.70A.120 and 1990 1st ex.s. c 17 s 12 are each amended to read as follows:

~~(Within one year of the adoption of its comprehensive plan, each county and city that is required or chooses to plan under RCW 36.70A.040 shall enact development regulations that are consistent with and implement the comprehensive plan. These counties and cities)~~ Each county and city that is required or chooses to plan under RCW 36.70A.040 shall perform ~~(their)~~ its activities and make capital budget decisions in conformity with ~~(their)~~ its comprehensive plan~~(s)~~.

Sec. 4. RCW 36.70A.210 and 1991 sp.s. c 32 s 2 are each amended to read as follows:

(1) The legislature recognizes that counties are regional governments within their boundaries, and cities are primary providers of urban governmental services within urban growth areas. For the purposes of this section, a "county-wide planning policy" is a written policy statement or statements used solely for establishing a county-wide framework from which county and city comprehensive plans are developed and adopted pursuant to this chapter. This framework shall ensure that city and county comprehensive plans are consistent as required in RCW 36.70A.100. Nothing in this section shall be construed to alter the land-use powers of cities. The exercise of the right of the people to petition for referendum is protected under RCW 4.24.500 through 4.24.520.

(2) The legislative authority of a county that plans under RCW 36.70A.040 shall adopt a county-wide planning policy in cooperation with the cities located in whole or in part within the county as follows:

(a) No later than sixty calendar days from July 16, 1991, the legislative authority of ~~(the)~~ each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040 shall convene a meeting with representatives of each city located within the county for the purpose of establishing a collaborative process that will

provide a framework for the adoption of a county-wide planning policy~~((;))~~. In other counties that are required or choose to plan under RCW 36.70A.040, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management.

(b) The process and framework for adoption of a county-wide planning policy specified in (a) of this subsection shall determine the manner in which the county and the cities agree to all procedures and provisions including but not limited to desired planning policies, deadlines, ratification of final agreements and demonstration thereof, and financing, if any, of all activities associated therewith~~((;))~~.

(c) If a county fails for any reason to convene a meeting with representatives of cities as required in (a) of this subsection, the governor may immediately impose any appropriate sanction or sanctions on the county from those specified under RCW 36.70A.340~~((;))~~.

(d) If there is no agreement by October 1, 1991, in a county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or if there is no agreement within one hundred twenty days of the date the county adopted its resolution of intention or was certified by the office of financial management in any other county that is required or chooses to plan under RCW 36.70A.040, the governor shall first inquire of the jurisdictions as to the reason or reasons for failure to reach an agreement. If the governor deems it appropriate, the governor may immediately request the assistance of the department of community development to mediate any disputes that preclude agreement. If mediation is unsuccessful in resolving all disputes that will lead to agreement, the governor may impose appropriate sanctions from those specified under RCW 36.70A.340 on the county, city, or cities for failure to reach an agreement as provided in this section. The governor shall specify the reason or reasons for the imposition of any sanction~~((; and))~~.

(e) No later than July 1, 1992, the legislative authority of ~~((the))~~ each county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or no later than fourteen months after the date the county adopted its resolution of intention or was certified by the office of financial management the county legislative authority of any other county that is required or chooses to plan under RCW 36.70A.040, shall adopt a county-wide planning policy according to the process provided under this section and that is consistent with the agreement pursuant to (b) of this subsection, and after holding a public hearing or hearings on the proposed county-wide planning policy.

(3) A county-wide planning policy shall at a minimum, address the following:

(a) Policies to implement RCW 36.70A.110;

(b) Policies for promotion of contiguous and orderly development and provision of urban services to such development;

(c) Policies for siting public capital facilities of a county-wide or state-wide nature;

(d) Policies for county-wide transportation facilities and strategies;

(e) Policies that consider the need for affordable housing, such as housing for all economic segments of the population and parameters for its distribution;

(f) Policies for joint county and city planning within urban growth areas;

(g) Policies for county-wide economic development and employment; and

(h) An analysis of the fiscal impact.

(4) Federal agencies and Indian tribes may participate in and cooperate with the county-wide planning policy adoption process. Adopted county-wide planning policies shall be adhered to by state agencies.

(5) Failure to adopt a county-wide planning policy that meets the requirements of this section may result in the imposition of a sanction or sanctions on a county or city within the county, as specified in RCW 36.70A.340. In imposing a sanction or sanctions, the governor shall specify the reasons for failure to adopt a county-wide planning policy in order that any imposed sanction or sanctions are fairly and equitably related to the failure to adopt a county-wide planning policy.

(6) Cities and the governor may appeal an adopted county-wide planning policy to the growth planning hearings board within sixty days of the adoption of the county-wide planning policy.

(7) Multicounty planning policies shall be adopted by two or more counties, each with a population of four hundred fifty thousand or more, with contiguous urban areas and may be adopted by other counties, according to the process established under this section or other processes agreed to among the counties and cities within the affected counties throughout the multicounty region.

NEW SECTION. Sec. 5. A new section is added to chapter 36.70A RCW to read as follows:

The governor may impose upon any county or city that is required or that chooses to plan under RCW 36.70A.040 a sanction or sanctions specified under RCW 36.70A.340 on: (1) A county or city that fails to designate

critical areas, agricultural lands, forest lands, or mineral resource lands under RCW 36.70A.170 by the date such action was required to have been taken; (2) a county or city that fails to adopt development regulations under RCW 36.70A.060 protecting critical areas or conserving agricultural lands, forest lands, or mineral resource lands by the date such action was required to have been taken; (3) a county that fails to designate urban growth areas under RCW 36.70A.110 by the date such action was required to have been taken; and (4) a county or city that fails to adopt its comprehensive plan or development regulations when such actions are required to be taken.

Imposition of sanctions under this section shall be preceded by written findings by the governor that the county or city is not proceeding in good faith to meet the requirements of the act and that adequate state funding has been provided to the county or city to accomplish the goals of the act. A delay caused by an initiative or referendum on subjects covered in chapter ..., Laws of 1993 (this act) is not an unreasonable delay.

Sec. 6. RCW 82.02.050 and 1990 1st ex.s. c 17 s 43 are each amended to read as follows:

(1) It is the intent of the legislature:

(a) To ensure that adequate facilities are available to serve new growth and development;

(b) To promote orderly growth and development by establishing standards by which counties, cities, and towns may require, by ordinance, that new growth and development pay a proportionate share of the cost of new facilities needed to serve new growth and development; and

(c) To ensure that impact fees are imposed through established procedures and criteria so that specific developments do not pay arbitrary fees or duplicative fees for the same impact.

(2) Counties, cities, and towns that are required or choose to plan under RCW 36.70A.040 are authorized to impose impact fees on development activity as part of the financing for public facilities, provided that the financing for system improvements to serve new development must provide for a balance between impact fees and other sources of public funds and cannot rely solely on impact fees.

(3) The impact fees:

(a) Shall only be imposed for system improvements that are reasonably related to the new development;

(b) Shall not exceed a proportionate share of the costs of system improvements that are reasonably related to the new development; and

(c) Shall be used for system improvements that will reasonably benefit the new development.

(4) Impact fees may be collected and spent only for the public facilities defined in RCW 82.02.090 which are addressed by a capital facilities plan element of a comprehensive land use plan adopted pursuant to the provisions of RCW 36.70A.070 or the provisions for comprehensive plan adoption contained in chapter 36.70, 35.63, or 35A.63 RCW. After ~~((July 1, 1993))~~ the date a county, city, or town is required to adopt its comprehensive plan and development regulations under chapter 36.70A RCW, continued authorization to collect and expend impact fees shall be contingent on the county, city, or town adopting or revising a comprehensive plan in compliance with RCW 36.70A.070, and on the capital facilities plan identifying:

(a) Deficiencies in public facilities serving existing development and the means by which existing deficiencies will be eliminated within a reasonable period of time;

(b) Additional demands placed on existing public facilities by new development; and

(c) Additional public facility improvements required to serve new development.

If the capital facilities plan of the county, city, or town is complete other than for the inclusion of those elements which are the responsibility of a special district, the county, city, or town may impose impact fees to address those public facility needs for which the county, city, or town is responsible.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect June 1, 1993."

SENATE AMENDMENTS TO HOUSE BILL

April 13, 1993

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1818, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that military base expansions, closures, and defense procurement contract cancellations may have extreme economic impacts on communities and firms. The legislature began to address this concern in 1990 by establishing the community diversification program in the department of community development. While this program has helped military dependent communities begin the long road to diversification, base expansions or closures or major procurement contract reductions in the near future will find these communities unable to respond adequately, endangering the health, safety, and welfare of the community. The legislature intends to target emergency state assistance to military dependent communities significantly impacted by defense spending. The emergency state assistance and the long-term strategy should be driven by the impacted community and consistent with the state plan for diversification required under RCW 43.63A.450(4).

NEW SECTION. Sec. 2. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor may, by executive order, after consultation with the executive-legislative committee on economic development created by chapter ... (Senate Bill No. 5300), Laws of 1993, declare a community to be a "military impacted area." A "military impacted area" means a community or communities, as identified in the executive order, that experience serious social and economic hardships because of a change in defense spending by the federal government in that community or communities.

(2) If the governor executes an order under subsection (1) of this section, the governor shall establish a response team to coordinate state efforts to assist the military impacted community. The response team may include, but not be limited to, one member from each of the following agencies: (a) The department of community development; (b) the department of trade and economic development; (c) the department of social and health services; (d) the employment security department; (e) the state board for community and technical colleges; (f) the higher education coordinating board; (g) the department of transportation; and (h) the Washington energy office. The governor may appoint a response team coordinator. The governor shall seek to actively involve the impacted community or communities in planning and implementing a response to the crisis. The governor may seek input or assistance from the community diversification advisory committee, and the governor may establish task forces in the community or communities to assist in the coordination and delivery of services to the local community. The state and community response shall consider economic development, human service, and training needs of the community or communities impacted.

(3) The governor shall report at the beginning of the next legislative session to the legislature and the executive-legislative committee on economic development created by chapter ... (Senate Bill No. 5300), Laws of 1993, as to the designation of a military impacted area. The report shall include recommendations regarding whether a military impacted area should become eligible for (a) funding provided by the community economic revitalization board, public facilities construction loan revolving account, Washington state development loan fund, basic health plan, the public works assistance account, department of trade and economic development, employment security department, and department of transportation; (b) training for dislocated defense workers; or (c) services for dislocated defense workers."

On page 1, line 1 of the title, after "communities;" strike the remainder of the title and insert "adding a new section to chapter 43.06 RCW; and creating a new section." and the same are herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 13, 1993

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2067, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1.The legislature finds that reducing the number of commute trips to work is an effective way of reducing automobile-related air pollution, traffic congestion, and energy use. The legislature intends that state agencies shall assume a leadership role in implementing programs to reduce vehicle miles traveled and single-occupant vehicle commuting, under RCW 70.94.521 through 70.94.551.

The legislature has established and directed an interagency task force to consider mechanisms for funding state agency commute trip reduction programs; and to consider and recommend policies for employee incentives for commuting by other than single-occupant vehicles, and policies for the use of state-owned vehicles.

It is the purpose of this act to provide state agencies with the authority to provide employee incentives, including subsidies for use of high occupancy vehicles to meet commute trip reduction goals, and to remove existing statutory barriers for state agencies to use public funds, including parking revenue, to operate, maintain, lease, or construct parking facilities at state-owned and leased facilities, to reduce parking subsidies, and to support commute trip reduction programs.

It is also the purpose of this act to revise other portions of state law that will assist state agencies in meeting their commute trip reduction requirements. A revision to the requirement for motor vehicle tax exemptions for owners of ride-sharing vehicles is one cost-effective and practical incentive that encourages state employees to commute by carpool and vanpool.

NEW SECTION. Sec. 2. A new section is added to chapter 43.01 RCW to read as follows:

The definitions in this section apply throughout this chapter.

(1) "Guaranteed ride home" means an assured ride home for commuters participating in a commute trip reduction program who are not able to use their normal commute mode because of personal emergencies.

(2) "Pledged" means parking revenue designated through any means, including moneys received from the natural resource building, which is used for the debt service payment of bonds issued for parking facilities.

Sec. 3. RCW 43.41.140 and 1979 c 151 s 119 are each amended to read as follows:

Pursuant to policies and regulations promulgated by the office of financial management (~~(after consultation with and approval by the automotive policy board)~~), an elected state officer or ((his)) delegate or a state agency director or ((his)) delegate may permit an employee (~~(commuting)~~) to commute in a state-owned or leased vehicle (~~(only)~~) if such travel is on official business, as determined in accordance with RCW 43.41.130, and is determined to be economical and advantageous to the state, or as part of a commute trip reduction program as required by RCW 70.94.551.

Sec. 4. RCW 46.08.172 and 1991 sp.s. c 31 s 12 and 1991 sp.s. c 13 s 41 are each reenacted and amended to read as follows:

~~((There is hereby established an account in the state treasury to be known as the "state capitol vehicle parking account".))~~ The director of the department of general administration shall establish equitable and consistent parking rental fees for state-owned or leased property, to be charged to employees, visitors, clients, service providers, and others, that reflect the legislature's intent to reduce state subsidization of parking. The department shall solicit representatives from affected state agencies, employees, and state employee bargaining units to meet as regional committees. These regional committees will advise the director on parking rental fees, taking into account the market rate of comparable, privately owned rental parking in each region. In the event that such fees become part of a collective bargaining agreement and there is a conflict between the agency and the collective bargaining unit, the terms of the collective bargaining agreement shall prevail. All fees shall take into account the market rate of comparable privately owned rental parking, as determined by the director. ~~((All unpledged parking rental income collected by the department of general administration from rental of parking space on the capitol grounds and the east capitol site shall be deposited in the "state capitol vehicle parking account".))~~ However, parking rental fees are not to exceed the local market rate of comparable privately owned rental parking.

The director may delegate the responsibility for the collection of parking fees to other agencies of state government when cost-effective.

~~((The "state capitol vehicle parking account" shall be used to pay costs incurred in the operation, maintenance, regulation and enforcement of vehicle parking and parking facilities.))~~

NEW SECTION. Sec. 5. A new section is added to chapter 43.01 RCW to read as follows:

There is hereby established an account in the state treasury to be known as the "state capitol vehicle parking account." All parking rental income collected from rental of parking space at state-owned or leased property shall be deposited in the "state capitol vehicle parking account." Revenue deposited in the "state capitol vehicle parking account" shall be first applied to pledged purposes. Unpledged parking revenues deposited in the "state capitol vehicle parking account" may be used to:

(1) Pay costs incurred in the operation, maintenance, regulation, and enforcement of vehicle parking and parking facilities on state-owned or leased properties;

(2) Support the lease costs and/or capital investment costs of vehicle parking and parking facilities at agency-owned and leased facilities off the capitol campus; and

(3) Support commute trip reduction programs under RCW 70.94.521 through 70.94.551.

Distribution of funds from the "state capitol vehicle parking account" are subject to appropriation by the legislature and will be made by the office of financial management after considering recommendations from the director of general administration and the interagency task force for commute trip reduction, under RCW 70.94.551.

NEW SECTION. Sec. 6. A new section is added to chapter 43.01 RCW to read as follows:

State agencies may, subject to appropriation and under the internal revenue code rules, use public funds to financially assist agency-approved incentives for alternative commute modes, including but not limited to carpools, vanpools, purchase of transit and ferry passes, and guaranteed ride home programs, if the financial assistance is an element of the agency's commute trip reduction program as required under RCW 70.94.521 through 70.94.551. This section does not permit any payment for the use of state-owned vehicles for commuter ride sharing.

NEW SECTION. Sec. 7. A new section is added to chapter 43.01 RCW to read as follows:

All state higher education institutions are exempt from section 5 of this act.

Sec. 8. RCW 82.44.015 and 1982 c 142 s 1 are each amended to read as follows:

For the purposes of this chapter, in addition to the exclusions under RCW 82.44.010, "motor vehicle" shall not include: (1) ~~((Vans)) Passenger motor vehicles~~ used ~~((regularly)) primarily~~ as ride-sharing vehicles, as defined in RCW 46.74.010(3), by not fewer than ~~((seven)) four~~ persons, including passengers and driver ~~((, or not fewer than five persons including the driver, when at least three of those persons are confined to wheelchairs when riding))~~; or (2) vehicles with a seating capacity greater than fifteen persons which otherwise qualify as ride-sharing vehicles under RCW 46.74.010(3) used exclusively for ride sharing for the elderly or the handicapped by not fewer than seven persons, including driver. The registered owner of one of these vehicles shall notify the department of licensing upon termination of ~~((regular)) primary~~ use of the vehicle as a ride-sharing vehicle and shall be liable for the tax imposed by this chapter, prorated on the remaining months for which the vehicle is licensed.

Sec. 9. RCW 46.16.023 and 1987 c 175 s 2 are each amended to read as follows:

(1) Every owner or lessee of a vehicle seeking to apply for an excise tax exemption under RCW 82.08.0287, 82.12.0282, or 82.44.015 shall apply to the director for, and upon satisfactory showing of eligibility, receive in lieu of the regular motor vehicle license plates for that vehicle, special plates of a distinguishing separate numerical series or design, as the director shall prescribe. In addition to paying all other initial fees required by law, each applicant for the special license plates shall pay an additional license fee of twenty-five dollars upon the issuance of such plates. The special fee shall be deposited in the motor vehicle fund. Application for renewal of the license plates shall be as prescribed for the renewal of other vehicle licenses. No renewal is required for vehicles exempted under RCW 46.16.020.

(2) Whenever the ownership of a vehicle receiving special plates under subsection (1) of this section is transferred or assigned, the plates shall be removed from the motor vehicle, and if another vehicle qualifying for special plates is acquired, the plates shall be transferred to that vehicle for a fee of five dollars, and the director shall be immediately notified of the transfer of the plates. Otherwise the removed plates shall be immediately forwarded to the director to be canceled. Whenever the owner or lessee of a vehicle receiving special plates under subsection (1) of this section is for any reason relieved of the tax-exempt status, the special plates shall immediately be forwarded to the director along with an application for replacement plates and the required fee. Upon receipt the director shall issue the license plates that are otherwise provided by law.

(3) Any person who shall knowingly make any false statement of a material fact in the application for a special plate under subsection (1) of this section shall be guilty of a gross misdemeanor."

On page 1, line 1 of the title, after "programs;" strike the remainder of the title and insert "amending RCW 43.41.140, 82.44.015, and 46.16.023; reenacting and amending RCW 46.08.172; adding new sections to chapter 43.01 RCW; creating a new section; and prescribing penalties." and the same are herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 13, 1993

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1209 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** This act may be known and cited as the performance-based education act.

NEW SECTION. **Sec. 2.** (1)(a) The mission of Washington's K-12 education system is to enable people to be responsible citizens, to contribute to their own economic well-being and to that of their families and communities, and to enjoy productive lives. To these ends, schools, together with parents and communities, shall strive to help all students develop the knowledge, skills, and attributes essential to function effectively and lead successful lives. Although schools, parents, and communities shall strive together in this mission, the legislature still believes that the primary functions of school and home differ: Ideally, school is where children learn to learn; home is where they learn to live.

(b) This mission is based on the recognition that our education system needs to keep pace with societal changes, changes in workplace environments, and an ever-changing international community. Finally, the mission recognizes that the education must be improved to prepare students better to meet the challenges of their future, including acquisition of certain skills and knowledge and the ability to act on information and conclusions once they have assimilated and analyzed information.

(c) This mission can be accomplished through a restructured system of world-class, performance-based education requiring all the elements in chapter . . . , Laws of 1993 (this act).

(2) For all parents, greater involvement in their child's education is critical to their child's success. It is the intent of chapter . . . , Laws of 1993 (this act) that parents be primary partners in the education of their children. Parents should also play a significant role in local school decision making affecting instruction at the school level.

(3) Creating a performance-based education system will require different ways of making decisions and completing work. Additional improvements envisioned will be brought about through different practices at the local level. Collaboration among parents, students, educators, community members, and elected officials will become a strong part of everyday effort. All systems and programs will be focused on what is best for increasing student achievement. In addition to a focused mission, other areas of paramount concern in school shall be the maintenance of order; the spending of time on the tasks; and maintenance of high expectations for all students. The purpose is to strive to help all students master the essential learning requirements.

(4) It is the intent of the legislature that all children will have the opportunity to achieve at significantly higher levels. This will require setting high expectations for all students. For all students, learning shall be the constant. Time spent on learning and gaining competence shall be the variable. The education system, from the schoolhouse to the state house, must be responsible and accountable to citizens for meeting specific goals and outcomes.

(5) Students will learn more when:

(a) Each student exercises fully his or her share of the responsibility for his or her educational experience and performance, given positive support from parents and community, and instructional guidance from the schools;

(b) Parents take more responsibility for their child's education;

(c) Businesses assume greater responsibility for supporting schools; and

(d) Educators take responsibility for meeting the diverse educational needs of all students.

(6) It is the intent of the legislature to provide students the opportunity for an ample educational experience and an educational environment that fosters mutually respectful interactions in an atmosphere of collaboration and cooperation, and in which students develop awareness, understanding, and sensitivity to differences among people, including but not limited to gender, race, color, national origin, and religion.

(7)(a) It is the intent of the legislature that any student, from those at-risk to students who may be developmentally delayed or disabled, who is having difficulty meeting the student learning goals under section 202 of this act be provided with instructional opportunities to help him or her meet the goals.

(b) Similarly, in support of subsection (6) of this section, it is the intent of the legislature that any highly capable student who has met or exceeded the student learning goals under section 202 of this act be provided with instructional opportunities to help him or her advance his or her educational experience.

PART I COMMUNITY SELECTION OF LOCAL EDUCATION PROGRAM

NEW SECTION. Sec. 101. (1) Each school district in the state shall develop educational programs designed to provide each student in the district with the opportunity to achieve the student learning goals under section 202 of this act.

(2) Each school district board of directors may authorize a school or schools in the district to participate in the performance-based education system developed under RCW 28A.630.885, following a public hearing by the school board and adoption of a motion stating the intent and scope of participation. The adopted motion shall require that schools authorized and choosing to participate in the performance-based education system shall administer the tests required under RCW 28A.230.190, 28A.230.230, and 28A.230.240 for at least five school years following the date of first participation in the performance-based system. A copy of the adopted motion shall be transmitted to the superintendent of public instruction by the district board of directors. After a public hearing, the school board may repeal the motion stating the intent and scope of participation and shall transmit a copy of the motion repealing the intent and scope of participation to the superintendent of public instruction.

(3) The state schools for the deaf and blind, pursuant to subsection (2) of this section, may participate in the performance-based education system developed under RCW 28A.630.885 and may apply for grants under section 401 of this act.

(4) Each school district board of directors may adopt procedures to permit parents to remove their children from courses of instruction offered primarily to meet student learning goal number four listed under section 201 of this act.

(5) Nothing under chapter . . . , Laws of 1993 (this act) shall affect the provisions of RCW 28A.230.070(4) that allow students not to participate in AIDS prevention education, and state board of education rules that allow students an excusal from planned instruction in sex education or human sexuality.

(6) For schools not authorized or choosing to participate in the performance-based education system developed under RCW 28A.630.885, sections 501 through 507, chapter 141, Laws of 1992 shall not apply.

PART II STUDENT LEARNING GOALS

NEW SECTION. Sec. 201. The following student learning goals for Washington's primary and secondary students, as recommended by the governor's council on education reform and funding, are supported by the legislature:

The ultimate goal of Washington's K-12 education system is to enable people to be responsible citizens, to contribute to their own economic well-being and to that of their families and communities, and to enjoy productive and satisfying lives. To these ends, schools, together with parents and communities, shall help all students develop the knowledge, skills, and attributes essential to:

(1) Communicate effectively and responsibly in a variety of ways and settings;

(2) Know and apply the core concepts and principles of mathematics; social, physical, and life sciences; arts; humanities; and health and fitness;

(3) Think critically and creatively and integrate experience and knowledge to form reasoned judgments, solve problems, and resolve conflicts;

(4) Function as caring and responsible individuals and contributing members of families, work groups, and communities.

NEW SECTION. Sec. 202. (5) Funds provided for the purposes of subsections (3) and (4) of this section shall be used only for those plans approved by the family policy council. The council shall review local plans by November 1, 1993, and the beginning of every school year thereafter.

(6) The family policy council shall coordinate the provision of technical assistance to local communities for the development of coordinated services for students.

PART XI TECHNOLOGY

NEW SECTION. Sec. 1101. The legislature recognizes the ongoing necessity for public schools to use up-to-date tools for learning to meet goals for education. To participate successfully in the contemporary workplace, students should be able to use technology and be able to get information electronically. Workplace technology requirements will continue to change and students should learn the new requirements.

Furthermore, the legislature finds that the Washington systemic initiative is a broad-based effort to promote widespread public literacy in mathematics, science, and technology. A critical component of the systemic initiative is the electronic access to information by students. It is the intent of the legislature that components of sections 1102 through 1105 of this act will support the state-wide systemic reform effort in mathematics, science, and technology as planned through the Washington systemic initiative.

NEW SECTION. Sec. 1102. Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 1101 through 1105 of this act.

(1) "Education technology" means the effective use of electronic tools and electronic pathways in meeting goals established for education.

(2) "Network" means integrated linking of education technology systems in schools for transmission of voice, data, video, or imaging, or a combination of these.

NEW SECTION. Sec. 1103. (1) The superintendent of public instruction may establish an educational technology section, and through that section develop and implement a Washington state technology program, the coordination and development of which shall be consistent with the applicable provisions of chapter 43.105 RCW. The program shall include:

(a) State-wide support to help school districts plan, implement, and educate staff in the use of technology for educational and administrative purposes;

(b) Grants to school districts to help districts integrate technology into the learning process and to connect to the state-wide and national networks for educational purposes;

(c) Development of on-line information services for Washington state, with links to other services. These links shall provide avenues of communication between all levels of education;

(d) Staff support for on-line educational projects involving students throughout the state and nation; and

(e) Expansion of state-wide networks, including educational video teleconferences.

(2) The superintendent of public instruction shall distribute grants, from moneys appropriated for this purpose, to educational service districts for:

(a) Establishing regional educational technology support centers to provide ongoing educator training, school district cost-benefit analysis, long-range planning, network planning, distance learning access support, and

other technical and program support. Each educational service district shall establish an advisory council to advise the educational service district about spending the grant moneys; and

(b) Establishing each educational service district as a site for video conferences on the network.

(3) The superintendent of public instruction shall distribute grants, from moneys appropriated for this purpose, to school districts for:

(a) Support for school district personnel to become trainers on state-wide and national networks;

(b) Incentives to encourage school districts to plan for, implement, and evaluate the effective use of technology in the school curriculum; and

(c) Helping schools connect into the state-wide network for curricular purposes. The criteria for selection of schools to receive grants shall be based on schools' readiness to use network services and economic need.

(4) The superintendent of public instruction shall adopt rules requiring local districts to provide a twenty-five percent match of grant funds from other sources. However, the superintendent of public instruction shall adopt rules to waive all or part of the match requirement for districts that can demonstrate, based on the district's relative property tax wealth, that they would not be able to apply for the grant unless all or part of the match requirement was waived. A district capital levy for technology will satisfy the local match requirement under this section.

(5) The superintendent of public instruction shall distribute grants, from moneys appropriated for this purpose, to the Washington school information processing cooperative, for equipment to expand the current state-wide network and to establish a system for video conferences.

NEW SECTION. Sec. 1104. The superintendent of public instruction shall appoint an educational technology advisory committee. The committee shall include, but is not limited to, persons representing: The state board of education, the commission on student learning, educational service districts, school directors, school administrators, school principals, teachers, higher education faculty, parents, students, business, labor, scientists and mathematicians, the higher education coordinating board, the work force training and education coordinating board, the state library, and the department of information services.

The committee shall advise the superintendent of public instruction on the implementation of sections 1101 through 1103 of this act.

NEW SECTION. Sec. 1105. (1) The superintendent of public instruction may receive such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of education technology and expend the same or any income therefrom according to the terms of the gifts, grants, or endowments.

(2) The education technology fund is hereby established in the custody of the state treasurer. The superintendent of public instruction shall deposit in the fund all moneys received from gifts, grants, or endowments for education technology. Moneys in the fund may be spent only for education technology. Disbursements from the fund shall be on authorization of the superintendent of public instruction or the superintendent's designee. The fund is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is required for disbursements.

PART XII DEREGULATION

NEW SECTION. Sec. 1201. (1) The superintendent of public instruction and the state board of education shall review all laws pertaining to K-12 public education. Except those laws that protect the health, safety, and civil rights of students and staff, the intent of the review is to justify, modify, and maintain only those laws that support the new performance-based education system for all students.

(2) The superintendent and the state board shall conduct the review in a manner that includes a broad representation of citizens, including parents, students, educators, and others, to assist in the review process.

(3) The superintendent shall determine a specific timetable for the review. (2) A district is strongly encouraged to honor the request of a parent or guardian for his or her child to attend a school in another district.

(b) Attendance at the school in the nonresident district is more accessible to the parent's place of work or to the location of child care; or

(c) There is a special hardship or detrimental condition.

(4) A district may deny the request of a resident student to transfer to a nonresident district if the release of the student would adversely affect the district's existing desegregation plan.

(5) For the purpose of helping a district assess the quality of its education program, a resident school district may request an optional exit interview or questionnaire with the parents or guardians of a child transferring to another district. No parent or guardian may be forced to attend such an interview or complete the questionnaire.

(6) ~~Beginning with the 1993-94 school year, school districts may not establish annual transfer fees or tuition for nonresident students enrolled under subsection (3) of this section and RCW 28A.225.225. ((Until rules are adopted under section 202, chapter 9, Laws of 1990 1st ex. sess. for the calculation of the transfer fee, the transfer fee shall be calculated by the same formula as the fees authorized under section 10, chapter 130, Laws of 1969. These fees, if applied, shall be applied uniformly for all such nonresident students except as provided in this section. The superintendent of public instruction, from available funds, shall pay any transfer fees for low-income students assessed by districts under this section. All transfer fees must be paid over to the county treasurer within thirty days of its collection for the credit of the district in which such students attend.))~~ Reimbursement of a high school district for cost of educating high school pupils of a nonhigh school district shall not be deemed a transfer fee as affecting the apportionment of current state school funds.

The annual report shall be published in a format that can be easily understood and be the basis of informed educational decisions by parents, guardians, and other members of the community who are not professional educators.

(2) Data and descriptive material included in the annual report should enable parents, educators, and school board members to determine whether students in the district's schools are attaining mastery of the student learning goals under section 202 of this act, and other important facts about the schools' performance in assisting students to learn. The annual report shall make comparisons to a school's performance in preceding years and shall project goals in performance categories. As data becomes available it shall include:

(a) The change in the percentage of students, including special education and gifted students, attaining mastery of the student learning goals;

(4) Each school shall have the annual school performance report delivered to the parents or guardians with whom children in attendance at the school reside. In addition to any periodic report concerning an individual student's progress, there shall be included with the annual school performance report an individual student report enabling a parent or guardian to determine whether his or her child is attaining mastery of the essential learning requirements.

PART XIV SCHOOL-TO-WORK TRANSITIONS

NEW SECTION. Sec. 1401. (1) The legislature finds that demonstrated relevancy and practical application of school work is essential to improving student learning and to increasing the ability of students to transition successfully to the world of work. Employers have an increasing need for highly skilled people whether they are graduating from high school, a community college, a four-year university, or a technical college.

(2) The legislature further finds that the school experience must prepare students to make informed career direction decisions at appropriate intervals in their educational progress. The elimination of rigid tracking into educational programs will increase students' posthigh school options and will expose students to a broad range of interrelated career and educational opportunities.

(3) The legislature further finds that student motivation and performance can be greatly increased by the demonstration of practical application of course work content and its relevancy to potential career directions.

(4) The legislature further finds that secondary schools should provide students with multiple, flexible educational pathways. Each educational pathway should:

(a) Prepare students to demonstrate both core competencies common for all students and competencies in a career or interest area;

(b) Integrate academic and vocational education into a single curriculum; and

(c) Provide both classroom and workplace experience.

(5) The purpose of RCW 28A.630.862 through 28A.630.880 and section 1411 of this act is to equip students with improved school-to-work transition opportunities through the establishment of school-to-work transition model projects throughout the state.

Yearly percentages may vary during the program. Goals of the projects within the program shall include at a minimum:

(1) Integration of vocational and academic instructional curriculum into a single curriculum;

(2) Providing each student with a choice of multiple, flexible educational pathways based on the student's career or interest area;

(3) "Work-based learning" means a competency-based educational experience that coordinates and integrates classroom instruction with structured, work site employment in which the student receives occupational training that advances student knowledge and skills in essential academic learning requirements.

SENATE AMENDMENTS TO HOUSE BILL

April 1, 1993

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1260 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 81.04.130 and 1984 c 143 s 1 are each amended to read as follows:

Whenever any public service company, other than a railroad company, files with the commission any schedule, classification, rule, or regulation, the effect of which is to change any rate, fare, charge, rental, or toll previously charged, the commission has power, either upon its own motion or upon complaint, upon notice, to hold a hearing concerning the proposed change and the reasonableness and justness of it. Pending the hearing and the decision the commission may suspend the operation of the rate, fare, charge, rental, or toll, if the change is proposed by a common carrier subject to the jurisdiction of the commission, other than a solid waste collection company, for a period not exceeding seven months, and, if proposed by a ~~((public service company other than such a common carrier))~~ solid waste collection company, for a period not exceeding ten months from the time the change would otherwise go into effect. After a full hearing the commission may make such order in reference to the change as would be provided in a hearing initiated after the change had become effective.

At any hearing involving any change in any schedule, classification, rule, or regulation the effect of which is to increase any rate, fare, charge, rental, or toll theretofore charged, the burden of proof to show that such increase is just and reasonable is upon the public service company. When any common carrier subject to the jurisdiction of the commission files any tariff, classification, rule, or regulation the effect of which is to decrease any rate, fare, or charge, the burden of proof to show that such decrease is just and reasonable is upon the common carrier.

Sec. 2. RCW 81.28.050 and 1984 c 143 s 5 are each amended to read as follows:

Unless the commission otherwise orders, no change may be made in any classification, rate, fare, charge, rule, or regulation filed and published by a common carrier other than a rail carrier, except after thirty days' notice to the commission and to the public. In the case of a solid waste collection company, no such change may be made except after forty-five days' notice to the commission and to the public. The notice shall be published as provided in RCW 81.28.040 and shall plainly state the changes proposed to be made in the schedule then in force and the time when the changed rate, classification, fare, or charge will go into effect. All proposed changes shall be shown by printing, filing, and publishing new schedules or shall be plainly indicated upon the schedules in force at the time and kept open to public inspection. In the case of a change proposed by a rail carrier, except for changes to rail contracts between a rail carrier and a shipper authorized under RCW 81.34.070, which changes become effective in accordance with that section, a proposal resulting in a rate increase or a new rate shall not become effective for twenty days after the notice is published, and a proposal resulting in a rate decrease shall not become effective for ten days after the notice is published. The commission, for good cause shown, may by order allow changes in rates without requiring the notice and the publication time periods specified in this section. When any change is made in any rate, fare, charge, classification, rule, or regulation, attention shall be directed to the change by some character on the schedule. The character and its placement shall be designated by the commission. The commission may, by order, for good cause shown, allow changes in any rate, fare, charge, classification, rule, or regulation without requiring any character to indicate each and every change to be made.

NEW SECTION. Sec. 3. A new section is added to chapter 70.95 RCW to read as follows:

To provide solid waste collection companies with sufficient time to prepare and submit tariffs and rate filings for public comment and commission approval, the owner or operator of a transfer station, landfill, or facility used to burn solid waste shall provide seventy-five days' notice to solid waste collection companies of any change in tipping fees and disposal rate schedules. The notice period shall begin on the date individual notice to a collection company is delivered to the company or is postmarked.

A collection company may agree to a shorter notice period: PROVIDED, That such agreement by a company shall not affect the notice requirements for rate filings under RCW 81.28.050.

The owner of a transfer station, landfill or facility used to burn solid waste may agree to provide companies with a longer notice period.

"Solid waste collection companies" as used in this section means the companies regulated by the commission pursuant to chapter 81.77 RCW."

On page 1, line 2 of the title, after "commission;" strike the remainder of the title and insert "amending RCW 81.04.130 and 81.28.050; and adding a new section to chapter 70.95 RCW." and the same are herewith transmitted.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28B.15.820 and 1985 c 390 s 35 are each amended to read as follows:

(1) Each institution of higher education shall deposit two and one-half percent of revenues collected from tuition and services and activities fees in an institutional long-term loan fund which is hereby created and which shall be held locally. Moneys in such fund shall be used to make guaranteed loans to eligible students except as provided for in subsections (9) and (10) of this section.

(2) With the exception of subsection (9) of this section, an "eligible student" for the purposes of this section is a student registered for at least six credit hours or the equivalent, who is eligible for resident tuition and fee rates as defined in RCW 28B.15.012 through 28B.15.015, and who is a "needy student" as defined in RCW 28B.10.802.

(3) The amount of the loans made under subsection (1) of this section shall not exceed the demonstrated financial need of the student. Each institution shall establish loan terms and conditions which shall be consistent with the terms of the guaranteed loan program established by 20 U.S. Code Section 1071 et seq., as now or hereafter amended. All loans made shall be guaranteed by the Washington student loan guaranty association or its successor agency. Institutions are hereby granted full authority to operate as an eligible lender under the guaranteed loan program. Twenty percent of the total institutional long-term loan fund shall be used for the sole purpose of long-term loans repayable by the borrower and twenty percent of the institutional long-term loan fund shall be used for the sole purpose of short-term loans repayable by the borrower.

(4) Before approving a guaranteed loan, each institution shall analyze the ability of the student to repay the loan based on factors which include, but are not limited to, the student's accumulated total education loan burdens and the employment opportunities and average starting salary characteristics of the student's chosen fields of study. The institution shall counsel the student on the advisability of acquiring additional debt, and on the availability of other forms of financial aid.

(5) Each institution is responsible for collection of loans made under subsection (1) of this section and shall exercise due diligence in such collection, maintaining all necessary records to insure that maximum repayments are made. Institutions shall cooperate with other lenders and the Washington student loan guaranty association, or its successor agency, in the coordinated collection of guaranteed loans, and shall assure that the guarantability of the loans is not violated. Collection and servicing of loans under subsection (1) of this section shall be performed by entities approved for such servicing by the Washington student loan guaranty association or its successor agency: PROVIDED, That institutions be permitted to perform such servicing if specifically recognized to do so by the Washington student loan guaranty association or its successor agency. Collection and servicing of loans made by community colleges under subsection (1) of this section shall be coordinated by the state board for community and technical colleges ~~((education))~~ and shall be conducted under procedures adopted by such state board.

(6) Receipts from payment of interest or principal or any other subsidies to which institutions as lenders are entitled, which are paid by or on behalf of borrowers of funds under subsection (1) of this section, shall be deposited in each institution's general local fund and shall be used to cover the costs of making the loans under subsection (1) of this section and maintaining necessary records and making collections under subsection (5) of this section: PROVIDED, That such costs shall not exceed five percent of aggregate outstanding loan principle. Institutions shall maintain accurate records of such costs, and all receipts beyond those necessary to pay such costs, shall be used for the support of the institution's operating budget.

(7) The boards of regents of the state universities, the boards of trustees of the regional universities and The Evergreen State College, and the state board for community and technical colleges ~~((education))~~, on behalf of the community colleges, shall each adopt necessary rules and regulations to implement this section.

(8) Lending activities under this section shall be directed toward students who would not normally have access to educational loans from private financial institutions in Washington state, and maximum use shall be made of secondary markets in the support of loan consolidation.

(9) Short-term ~~((interim))~~ loans, not to exceed one ~~((hundred twenty days))~~ year, may be made from the institutional long-term loan fund to students ~~((eligible for guaranteed student loans and whose receipt of such loans is pending. Such short-term loans shall not be subject to the guarantee restrictions or the constraints of federal law imposed by subsection (3) of this section))~~ enrolled in the institution. No such loan shall be made to any student who is known by the institution to be in default or delinquent in the payment of any outstanding student loan. A short-term

loan may be made only if the institution has ample evidence that the student has the capability of repaying the loan within the time frame specified by the institution for repayment.

(10) Any moneys deposited in the institutional long-term loan fund which are not used in making long or short term loans or transferred to institutional operating budgets may be used by the institution for locally-administered financial aid programs for needy students, such as need-based institutional employment programs or need-based tuition and fee waiver programs. These funds shall be used in addition to and not to replace institutional funds which would otherwise support these locally-administered financial aid programs. Priority in the use of these funds shall be given to needy students who have accumulated excessive educational loan burdens. An excessive educational loan burden is a burden that will be difficult to repay given employment opportunities and average starting salaries in the student's chosen fields of study."

SENATE AMENDMENTS TO HOUSE BILL

April 14, 1993

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1128, with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.61.515 and 1985 c 352 s 1 are each amended to read as follows:

(1) Every person who is convicted of a violation of RCW 46.61.502 or 46.61.504 shall be punished by imprisonment for not less than twenty-four consecutive hours nor more than one year, and by a fine of not less than two hundred fifty dollars and not more than one thousand dollars. Unless the judge finds the person to be indigent, two hundred fifty dollars of the fine shall not be suspended or deferred. Twenty-four consecutive hours of the jail sentence shall not be suspended or deferred unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being. Whenever the mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. The court may impose conditions of probation that may include nonrepetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The convicted person shall, in addition, be required to complete a course in an alcohol information school approved by the department of social and health services or more intensive treatment in a program approved by the department of social and health services, as determined by the court. A diagnostic evaluation and treatment recommendation shall be prepared under the direction of the court by an alcoholism agency approved by the department of social and health services or a qualified probation department approved by the department of social and health services. A copy of the report shall be forwarded to the department of licensing. Based on the diagnostic evaluation, the court shall determine whether the convicted person shall be required to complete a course in an alcohol information school approved by the department of social and health services or more intensive treatment in a program approved by the department of social and health services. Standards for approval for alcohol treatment programs shall be prescribed by rule under the administrative procedure act, chapter 34.05 RCW. The courts shall periodically review the costs of alcohol information schools and treatment programs within their jurisdictions.

(2) On a second or subsequent conviction for driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs within a five-year period a person shall be punished by imprisonment for not less than seven days nor more than one year and by a fine of not less than five hundred dollars and not more than two thousand dollars. District courts and courts organized under chapter 35.20 RCW are authorized to impose such fine. Unless the judge finds the person to be indigent, five hundred dollars of the fine shall not be suspended or deferred. The jail sentence shall not be suspended or deferred unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being. Whenever the

mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. If, at the time of a second or subsequent conviction, the driver is without a license or permit because of a previous suspension or revocation, the minimum mandatory sentence shall be ninety days in jail and a two hundred dollar fine. The penalty so imposed shall not be suspended or deferred. The person shall, in addition, be required to complete a diagnostic evaluation by an alcoholism agency approved by the department of social and health services or a qualified probation department approved by the department of social and health services. The report shall be forwarded to the department of licensing. If the person is found to have an alcohol or drug problem requiring treatment, the person shall complete treatment at an approved alcoholism treatment ((facility)) program or approved drug treatment center.

In addition to any nonsuspendable and nondeferrable jail sentence required by this subsection, the court shall sentence a person to a term of imprisonment not exceeding one hundred eighty days and shall suspend but shall not defer the sentence for a period not exceeding two years. The suspension of the sentence may be conditioned upon nonrepetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of suspension during the suspension period.

(3) The license or permit to drive or any nonresident privilege of any person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs shall:

(a) On the first conviction under either offense, be suspended by the department until the person reaches age nineteen or for ninety days, whichever is longer. The department of licensing shall determine the person's eligibility for licensing based upon the reports provided by the designated alcoholism agency or probation department and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified;

(b) On a second conviction under either offense within a five-year period, be revoked by the department for one year. The department of licensing shall determine the person's eligibility for licensing based upon the reports provided by the designated alcoholism agency or probation department and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified;

(c) On a third or subsequent conviction of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs, vehicular homicide, or vehicular assault, or any combination thereof within a five-year period, be revoked by the department for two years.

(4) In any case provided for in this section, where a driver's license is to be revoked or suspended, the revocation or suspension shall be stayed and shall not take effect until after the determination of any appeal from the conviction which may lawfully be taken, but in case the conviction is sustained on appeal the revocation or suspension takes effect as of the date that the conviction becomes effective for other purposes.

(5)(a) In addition to penalties set forth in this section, a one hundred twenty-five dollar fee shall be assessed to a person who is either convicted, sentenced to a lesser charge, or given deferred prosecution, as a result of an arrest for violating RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522. This fee is for the purpose of funding the Washington state toxicology laboratory and the Washington state patrol breath test program.

(b) Upon a verified petition by the person assessed the fee, the court may suspend payment of all or part of the fee if it finds that the person does not have the ability to pay.

(c) When a minor has been adjudicated a juvenile offender for an offense which, if committed by an adult, would constitute a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, the court shall assess the one hundred twenty-five dollar fee under (a) of this subsection. Upon a verified petition by a minor assessed the fee, the court may suspend payment of all or part of the fee if it finds that the minor does not have the ability to pay the fee.

(6) The fee assessed under subsection (5) of this section shall be collected by the clerk of the court and distributed as follows:

(a) Forty percent shall be subject to distribution under RCW 3.62.020, 3.62.040, or 10.82.040.

(b) If the case involves a blood test by the state toxicology laboratory, the remainder of the fee shall be forwarded to the state treasurer for deposit in the death investigations account to be used solely for funding the state toxicology laboratory blood testing program.

(c) Otherwise, the remainder of the fee shall be forwarded to the state treasurer for deposit in the state patrol highway account to be used solely for funding the Washington state patrol breath test program.

NEW SECTION. Sec. 2. The Washington state patrol in conjunction with the traffic safety commission shall use a small percentage of the revenues generated under the 1993 amendments to RCW 46.61.515 contained in

section 1, chapter ..., Laws of 1993 (section 1 of this act), to perform a study to determine a mechanism for evaluating the best practice for increasing the conviction rate for persons driving under the influence of alcohol or drugs. The study must be completed and a report made to the appropriate committees of the legislature by June 30, 1995.

NEW SECTION. **Sec. 3.** The 1993 amendments to section 1 of this act expire June 30, 1995.

NEW SECTION. **Sec. 4.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993."

On page 1, line 2 of the title, after "testing;" strike the remainder of the title and insert "amending RCW 46.61.515; creating a new section; prescribing penalties; providing an effective date; providing an expiration date; and declaring an emergency."

- (2) The discussion regarding advance directives including anatomical gifts is most appropriate with the primary care provider during an office visit.
- (3) Federal law requires hospitals, skilled nursing facilities, home health agencies, and hospice programs to provide information regarding advance directives.
- (4) Discretion and sensitivity must be used in discussion and requests for anatomical gifts.

The legislature declares that it is in the best interest of the citizens of Washington to provide a program that will increase the number of anatomical gifts available for donation, and the legislature further declares that wherever possible policies and procedures required in this chapter shall be consistent with the federal requirements.

NEW SECTION. Sec. 3. (1) An individual who is at least eighteen years of age may (a) make an anatomical gift for any of the purposes stated in section 6(1) of this act, (b) limit an anatomical gift to one or more of those purposes, or (c) refuse to make an anatomical gift.

(2) An anatomical gift may be made by a document of gift signed by the donor. If the donor cannot sign, the document of gift must be signed by another individual and by two witnesses, all of whom have signed at the direction and in the presence of the donor and of each other and state that it has been so signed.

(3) If a document of gift is attached to or imprinted on a donor's motor vehicle operator's license, the document of gift must comply with subsection (2) of this section. Revocation, suspension, expiration, or cancellation of the license does not invalidate the anatomical gift.

(4) The donee or other person authorized to accept the anatomical gift may employ or authorize a physician, surgeon, technician, or enucleator to carry out the appropriate procedures.

(5) An anatomical gift by will takes effect upon death of the testator, whether or not the will is probated. If, after death, the will is declared invalid for testamentary purposes, the validity of the anatomical gift is unaffected.

(6) A donor may amend or revoke an anatomical gift, not made by will, by:

- (a) A signed statement;
- (b) An oral statement made in the presence of two individuals;
- (c) Any form of communication during a terminal illness or injury; or

(d) The delivery of a signed statement to a specified donee to whom a document of gift had been delivered.

(7) The donor of an anatomical gift made by will may amend or revoke the gift in the manner provided for amendment or revocation of wills, or as provided in subsection (6) of this section.

(8) An anatomical gift that is not revoked by the donor before death is irrevocable and does not require the consent or concurrence of a person after the donor's death.

(9) An individual may refuse to make an anatomical gift of the individual's body or part by (a) a writing signed in the same manner as a document of gift, (b) a statement attached to or imprinted on a donor's motor vehicle operator's license, or (c) another writing used to identify the individual as refusing to make an anatomical gift. During a terminal illness or injury, the refusal may be an oral statement or other form of communication.

(10) In the absence of contrary indications by the donor, an anatomical gift of a part is neither a refusal to give other parts nor a limitation on an anatomical gift under section 4 of this act.

(11) In the absence of contrary indications by the donor, a revocation or amendment of an anatomical gift is not a refusal to make another anatomical gift. If the donor intends a revocation to be a refusal to make an anatomical gift, the donor shall make the refusal pursuant to subsection (9) of this section.

NEW SECTION. Sec. 4. (1) A member of the following classes of persons, in the order of priority listed, absent contrary instructions by the decedent, may make an anatomical gift of all or a part of the decedent's body for an authorized purpose, unless the decedent, at the time of death, had made an unrevoked refusal to make that anatomical gift:

(a) The appointed guardian of the person of the decedent at the time of death;

(b) The individual, if any, to whom the decedent had given a durable power of attorney that encompassed the authority to make health care decisions;

(c) The spouse of the decedent;

(d) A son or daughter of the decedent who is at least eighteen years of age;

(e) Either parent of the decedent;

(f) A brother or sister of the decedent who is at least eighteen years of age;

(g) A grandparent of the decedent.

(2) An anatomical gift may not be made by a person listed in subsection (1) of this section if:

(a) A person in a prior class is available at the time of death to make an anatomical gift;

(b) The person proposing to make an anatomical gift knows of a refusal or contrary indications by the decedent; or

(c) The person proposing to make an anatomical gift knows of an objection to making an anatomical gift by a member of the person's class or a prior class.

(3) An anatomical gift by a person authorized under subsection (1) of this section must be made by (a) a document of gift signed by the person or (b) the person's telegraphic, recorded telephonic, or other recorded message, or other form of communication from the person that is contemporaneously reduced to writing and signed by the recipient of the communication.

(4) An anatomical gift by a person authorized under subsection (1) of this section may be revoked by a member of the same or a prior class if, before procedures have begun for the removal of a part from the body of the decedent, the physician, surgeon, technician, or enucleator removing the part knows of the revocation.

(5) A failure to make an anatomical gift under subsection (1) of this section is not an objection to the making of an anatomical gift.

NEW SECTION. Sec. 5. (1) On or before admission to a hospital, or as soon as possible thereafter, a person designated by the hospital shall ask each patient who is at least eighteen years of age: "Are you an organ or tissue donor?" If the answer is affirmative the person shall request a copy of the document of gift. If the answer is negative or there is no answer, the person designated shall provide the patient information about the right to make a gift and shall ask the patient if he or she wishes to become an anatomical parts donor. If the answer is affirmative, the person designated shall provide a document of gift to the patient. The answer to the questions, an available copy of any document of gift or refusal to make an anatomical gift, and any other relevant information shall be placed in the patient's medical record.

(2) If, at or near the time of death of a patient, there is no medical record that the patient has made or refused to make an anatomical gift, the hospital administrator or a representative designated by the administrator shall discuss the option to make or refuse to make an anatomical gift and request the making of an anatomical gift

under section 4(1) of this act. The request shall be made with reasonable discretion and sensitivity to the circumstances of the family. A request is not required if the gift is not suitable, based upon accepted medical standards, for a purpose specified in section 6 of this act. An entry shall be made in the medical record of the patient, stating the name and affiliation of the individual making the request, and of the name, response, and relationship to the patient of the person to whom the request was made. The secretary of the department of health shall adopt rules to implement this subsection.

(3) The following persons shall make a reasonable search of the individual and his or her personal effects for a document of gift or other information identifying the bearer as a donor or as an individual who has refused to make an anatomical gift:

(a) The agency assuming jurisdiction over the decedent, such as the coroner or medical examiner; or

(b) A hospital, upon the admission of an individual at or near the time of death, if there is not immediately available another source of that information.

(4) If a document of gift or evidence of refusal to make an anatomical gift is located by the search required by subsection (3)(a) of this section, and the individual or body to whom it relates is taken to a hospital, the hospital shall be notified of the contents and the document or other evidence shall be sent to the hospital.

(5) If, at or near the time of death of a patient, a hospital knows that an anatomical gift has been made under section 4(1) of this act, or that a patient or an individual identified as in transit to the hospital is a donor, the hospital shall notify the donee if one is named and known to the hospital; if not, it shall notify an appropriate procurement organization. The hospital shall cooperate in the procurement of the anatomical gift or release and removal of a part.

(6) A person who fails to discharge the duties imposed by this section is not subject to criminal or civil liability.

(7) Hospitals shall develop policies and procedures to implement this section.

NEW SECTION. Sec. 6. (1) The following persons may become donees of anatomical gifts for the purposes stated:

(a) A hospital, physician, surgeon, or procurement organization for transplantation, therapy, medical or dental education, research, or advancement of medical or dental science;

(b) An accredited medical or dental school, college, or university for education, research, or advancement of medical or dental science; or

(c) A designated individual for transplantation or therapy needed by that individual.

(2) An anatomical gift may be made to a designated donee or without designating a donee. If a donee is not designated or if the donee is not available or rejects the anatomical gift, the anatomical gift may be accepted by any hospital.

(3) If the donee knows of the decedent's refusal or contrary indications to make an anatomical gift or that an anatomical gift made by a member of a class having priority to act is opposed by a member of the same class or a prior class under section 4(1) of this act, the donee may not accept the anatomical gift.

NEW SECTION. Sec. 7. (1) Delivery of a document of gift during the donor's lifetime is not required for the validity of an anatomical gift.

(2) If an anatomical gift is made to a designated donee, the document of gift, or a copy, may be delivered to the donee to expedite the appropriate procedures after death. The document of gift, or a copy, may be deposited in a hospital, procurement organization, or registry office that accepts it for safekeeping or for facilitation of procedures after death. On request of an interested person, upon or after the donor's death, the person in possession shall allow the interested person to examine or copy the document of gift.

NEW SECTION. Sec. 8. (1) Rights of a donee created by an anatomical gift are superior to rights of others except when under the jurisdiction of the coroner or medical examiner. A donee may accept or reject an anatomical gift. If a donee accepts an anatomical gift of an entire body, the donee, subject to the terms of the gift, may allow embalming and use of the body in funeral services. If the gift is of a part of a body, the donee, upon the death of the donor and before embalming, shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the person under obligation to dispose of the body.

(2) The time of death must be determined by a physician or surgeon who attends the donor at death or, if none, the physician or surgeon who certifies the death. Neither the physician or surgeon who attends the donor at

death nor the physician or surgeon who determines the time of death may participate in the procedures for removing or transplanting a part.

(3) If there has been an anatomical gift, a technician may remove any donated parts and an enucleator may remove any donated eyes or parts of eyes, after determination of death by a physician or surgeon.

NEW SECTION. Sec. 9. Each hospital in this state, after consultation with other hospitals and procurement organizations, shall establish agreements or affiliations for coordination of procurement and use of human bodies and parts.

NEW SECTION. Sec. 10. (1) A person may not knowingly, for valuable consideration, purchase or sell a part for transplantation or therapy, if removal of the part is intended to occur after the death of the decedent.

(2) Valuable consideration does not include reasonable payment for the removal, processing, disposal, preservation, quality control, storage, transportation, or implantation of a part.

(3) A person who violates this section is guilty of a felony and upon conviction is subject to a fine not exceeding fifty thousand dollars or imprisonment not exceeding five years, or both.

NEW SECTION. Sec. 11. (1) An anatomical gift authorizes reasonable examination necessary to assure medical acceptability of the gift for the purposes intended.

(2) The provisions of sections 1 through 16 of this act are subject to the laws of this state governing the jurisdiction of the coroner or medical examiner.

(3) A hospital, physician, surgeon, coroner, medical examiner, local public health officer, enucleator, technician, or other person, who acts in accordance with sections 1 through 16 of this act or with the applicable anatomical gift law of another state or a foreign country or attempts in good faith to do so, is not liable for that act in a civil action or criminal proceeding.

(4) An individual who makes an anatomical gift under section 3 or 4 of this act and the individual's estate are not liable for injury or damage that may result from the making or the use of the anatomical gift.

NEW SECTION. Sec. 12. Sections 1 through 16 of this act apply to a document of gift, revocation, or refusal to make an anatomical gift signed by the donor or a person authorized to make or object to making an anatomical gift before, on, or after the effective date of this section.

NEW SECTION. Sec. 13. This act shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this act among states enacting it.

NEW SECTION. Sec. 14. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 15. In any case where a patient is in need of corneal tissue for a transplantation, corneal tissue may be provided by eye banks licensed by the secretary of health under rules promulgated by the department of health.

NEW SECTION. Sec. 16. Sections 1 through 15 of this act may be cited as the "uniform anatomical gift act."

NEW SECTION. Sec. 17. Sections 1 through 16 of this act are each added to chapter 68.50 RCW.

The department shall provide the statement in at least one of the following ways:

- (1) On each driver's license; or

SENATE AMENDMENTS TO HOUSE BILL

April 6, 1993

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1033 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Cities and counties have a significant interest in ensuring that inmates in their jails are productive citizens after their release in the community. The legislature finds that there is an expressed need for cities and counties to uniformly develop and coordinate jail industries technical information and program and public safety standards state-wide. It further finds that meaningful jail work industries programs that are linked to formal education and adult literacy training can significantly reduce recidivism, the rising costs of corrections, and criminal activities. It is the purpose and intent of the legislature, through this chapter, to establish a state-wide jail industries program designed to promote inmate rehabilitation through meaningful work experience and reduce the costs of incarceration. The legislature recognizes that inmates should have the responsibility for contributing to the cost of their crime through the wages earned while working in jail industries programs and that such income shall be used to offset the costs of implementing and maintaining local jail industries programs and the costs of incarceration.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

- (1) "Board" means the state-wide jail industries board of directors.
- (2) "City" means any city, town, or code city.
- (3) "Cost accounting center" means a specific industry program operated under the private sector prison industry enhancement certification program as specified in 18 U.S.C. Sec. 1761.
- (4) "Court-ordered legal financial obligation" means a sum of money that is ordered by a superior, district, or municipal court of the state of Washington for payment of restitution to a victim, a statutorily imposed crime victims compensation fee, court costs, a county or interlocal drug fund, court appointed attorneys' fees and costs of defense, fines, and other legal financial obligations that are assessed as a result of a felony or misdemeanor conviction.
- (5) "Free venture industries" means types of industries which produce products, goods, or services through two modalities: (a) Employer model: An agreement between city or county and a private sector business or industry or nonprofit organization to produce goods or services to both public and private sectors; (b) customer model: An industry operated and managed to provide Washington state manufacturers or businesses with products or services currently produced, provided, and assembled by out-of-state or foreign suppliers.
- (6) "Jail inmate" means a preconviction or postconviction resident of a city or county jail who is determined to be eligible to participate in jail inmate work programs according to the eligibility criteria of the work program.

(7) "Private sector prison industry enhancement certification program" means that program authorized by the United States justice assistance act of 1984, 18 U.S.C. Sec. 1761.

NEW SECTION. Sec. 3. A state-wide jail industries board of directors is established. The board shall consist of the following members:

- (1) One sheriff and one police chief, to be selected by the Washington association of sheriffs and police chiefs;
- (2) One county commissioner or one county councilmember to be selected by the Washington state association of counties;
- (3) One city official to be selected by the association of Washington cities;
- (4) Two jail administrators to be selected by the Washington state jail association, one of whom shall be from a county or a city with an established jail industries program;
- (5) One prosecuting attorney to be selected by the Washington association of prosecuting attorneys;
- (6) One administrator from a city or county corrections department to be selected by the Washington correctional association;
- (7) One county clerk to be selected by the Washington association of county clerks;
- (8) Three representatives from labor to be selected by the governor. The representatives may be chosen from a list of nominations provided by state-wide labor organizations representing a cross-section of trade organizations;
- (9) Three representatives from business to be selected by the governor. The representatives may be chosen from a list of nominations provided by state-wide business organizations representing a cross-section of businesses, industries, and all sizes of employers;
- (10) The governor's representative from the employment security department;
- (11) One member representing crime victims, to be selected by the governor;
- (12) One member representing on-line law enforcement officers, to be selected by the governor;
- (13) One member from the department of trade and economic development to be selected by the governor;
- (14) One member representing higher education, vocational education, or adult basic education to be selected by the governor; and
- (15) The governor's representative from the correctional industries division of the state department of corrections shall be an ex officio member for the purpose of coordination and cooperation between prison and jail industries and to further a positive relationship between state and local government offender programs.

NEW SECTION. Sec. 4. The board shall, at the request of a city or county, offer advice in developing, promoting, and implementing consistent, safe, and efficient offender work programs.

The board may also develop guidelines and provide technical assistance for the coordination of jail industries programs with basic educational programs.

NEW SECTION. Sec. 5. The board shall require a city or a county that establishes a jail industries program to develop a local advisory group, or to use an existing advisory group of the appropriate composition, to advise and guide jail industries program operations. Such an advisory group shall include an equal number of representatives from labor and business. Representation from a sheltered workshop, as defined in RCW 82.04.385, and a crime victim advocacy group, if existing in the local area, should also be included.

A local advisory group shall have among its tasks the responsibility of ensuring that a jail industry has minimal negative impact on existing private industries or the labor force in the locale where the industry operates and that a jail industry does not negatively affect employment opportunities for people with developmental disabilities contracted through the operation of sheltered workshops as defined in RCW 82.04.385. In the event a conflict arises between the local business community or labor organizations concerning new jail industries programs, products, services, or wages, the city or county must use the arbitration process established pursuant to section 6 of this act.

NEW SECTION. Sec. 6. The board, in accordance with chapter 34.05 RCW, shall:

- (1) Establish an arbitration process for resolving conflicts arising among the local business community and labor organizations concerning new industries programs, products, services, or wages;
- (2) Encourage the development of the collection and analysis of jail industries program data, including long-term tracking information on offender recidivism;

(3) Determine, by applying established federal guidelines and criteria, whether a city or a county jail free venture industries program complies with the private sector prison industry enhancement certification program. In so doing, also determine if that industry should be designated as a cost accounting center for the purposes of the federal certification program; and

(4) Provide technical assistance with product marketing.

NEW SECTION. Sec. 7. The board may receive funds from local, county, state, or federal sources and may receive grants to support its activities. The board may establish a reasonable schedule of suggested fees that will support state-wide efforts to promote and facilitate jail industries that would be presented to cities and counties that have established jail industries programs.

NEW SECTION. Sec. 8. The board shall initially convene at the call of the representative of the correctional industries division of the state department of corrections, together with the jail administrator selected from a city or a county with an established jail industries program, no later than six months after the effective date of this act. Subsequent meetings of the board shall be at the call of the board chairperson. The board shall meet at least twice a year.

The board shall elect a chairperson and other such officers as it deems appropriate. However, the chairperson may not be the representative of the correctional industries division of the state department of corrections nor any representative from a state executive branch agency.

Members of the board shall serve terms of three years each on a staggered schedule to be established by the first board. For purposes of initiating a staggered schedule of terms, some members of the first board may initially serve two years and some members may initially serve four years.

The members of the board shall serve without compensation but may be reimbursed for travel expenses from funds acquired under this chapter.

NEW SECTION. Sec. 9. A city or a county that implements a jail industries program may establish a separate fund for the operation of the program. This fund shall be a special revenue fund with continuing authority to receive income and pay expenses associated with the jail industries program.

NEW SECTION. Sec. 10. Cities and counties participating in jail industries are authorized to provide for comprehensive work programs using jail inmate workers at worksites within jail facilities or at such places within the city or county as may be directed by the legislative authority of the city or county, as similarly provided under RCW 36.28.100.

NEW SECTION. Sec. 11. When an offender is employed in a jail industries program for which pay is allowed, deductions may be made from these earnings for court-ordered legal financial obligations as directed by the court in reasonable amounts that do not unduly discourage the incentive to work. These deductions shall be disbursed as directed in RCW 9.94A.145.

In addition, inmates working in jail industries programs shall contribute toward costs to develop, implement, and operate jail industries programs. This amount shall be a reasonable amount that does not unduly discourage the incentive to work. The amount so deducted shall be deposited in the jail industries special revenue fund.

Upon request of the offender, family support may also be deducted and disbursed to a designated family member.

NEW SECTION. Sec. 12. A jail inmate who works in a free venture industry shall be considered an employee of that industry only for the purpose of the Washington industrial safety and health act, chapter 49.17 RCW, as long as the public safety is not compromised, and for eligibility for industrial insurance benefits under Title 51 RCW. However, eligibility for benefits for either the inmate or the inmate's dependents or beneficiaries for temporary total disability or permanent total disability under RCW 51.32.090 or 51.32.060, respectively, shall not take effect until the inmate is discharged from custody by order of a court of appropriate jurisdiction. Nothing in this section shall be construed to confer eligibility for any industrial insurance benefits to any jail inmate who is employed in a nonfree venture industry.

NEW SECTION. **Sec. 13.** In the event of failure or discontinuance of a free venture industry agreement, responsibility for obligations under Title 51 RCW shall be borne by the city or county responsible for establishment of such free venture industry, as if the city or county had been the employing agency.

NEW SECTION. **Sec. 14.** To the extent possible, jail industries programs shall be augmented by education and training to improve worker literacy and employability skills. Such education and training may include, but is not limited to, basic adult education, work towards a certificate of educational competence following successful completion of the general educational development test, vocational and preemployment work maturity skills training, and apprenticeship classes.

NEW SECTION. **Sec. 15.** Until sufficient funding is secured by the board to adequately provide staffing, basic staff assistance shall be provided, to the extent possible, by the department of corrections.

NEW SECTION. **Sec. 16.** Sections 1 through 15 of this act shall constitute a new chapter in Title 36 RCW.

NEW SECTION. **Sec. 17.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 1 of the title, after "industries;" strike the remainder of the title and insert "and adding a new chapter to Title 36 RCW."
and the same are herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 12, 1993

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1051, with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that a public agency incurs expenses in an emergency response. It is the intent of the legislature to allow a public agency to recover the expenses of an emergency response to an incident involving persons who operate a motor vehicle, boat or vessel, or a civil aircraft while under the influence of an alcoholic beverage or a drug, or the combined influence of an alcoholic beverage and a drug. It is the intent of the legislature that the recovery of expenses of an emergency response under this act shall supplement and shall not supplant other provisions of law relating to the recovery of those expenses.

NEW SECTION. Sec. 2. A new section is added to chapter 38.52 RCW to read as follows:

A person whose intoxication causes an incident resulting in an appropriate emergency response, and who, in connection with the incident, has been found guilty of or has had their prosecution deferred for (1) driving while under the influence of intoxicating liquor or any drug, RCW 46.61.502; (2) operating an aircraft under the influence of intoxicants or drugs, RCW 47.68.220; (3) use of a vessel while under the influence of alcohol or drugs, RCW 88.12.100; (4) vehicular homicide while under the influence of intoxicating liquor or any drug, RCW 46.61.520(1)(a); or (5) vehicular assault while under the influence of intoxicating liquor or any drug, RCW 46.61.522(1)(b), is liable for the expense of an emergency response by a public agency to the incident.

The expense of an emergency response is a charge against the person liable for expenses under this section. The charge constitutes a debt of that person and is collectible by the public agency incurring those costs in the same manner as in the case of an obligation under a contract, expressed or implied.

In no event shall a person's liability under this section for the expense of an emergency response exceed one thousand dollars for a particular incident.

If more than one public agency makes a claim for payment from an individual for an emergency response to a single incident under the provisions of this section, and the sum of the claims exceeds the amount recovered, the division of the amount recovered shall be determined by an interlocal agreement consistent with the requirements of chapter 39.34 RCW.

Sec. 3. RCW 9.95.210 and 1992 c 86 s 1 are each amended to read as follows:

In granting probation, the court may suspend the imposition or the execution of the sentence and may direct that the suspension may continue upon such conditions and for such time as it shall designate, not exceeding the maximum term of sentence or two years, whichever is longer.

In the order granting probation and as a condition thereof, the court may in its discretion imprison the defendant in the county jail for a period not exceeding one year and may fine the defendant any sum not exceeding the statutory limit for the offense committed, and court costs. As a condition of probation, the court shall require the payment of the penalty assessment required by RCW 7.68.035. The court may also require the defendant to make such monetary payments, on such terms as it deems appropriate under the circumstances, as are necessary (1) to comply with any order of the court for the payment of family support, (2) to make restitution to any person or persons who may have suffered loss or damage by reason of the commission of the crime in question or when the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement, (3) to pay such fine as may be imposed and court costs, including reimbursement of the state for costs of extradition if return to this state by extradition was required, (4) following consideration of the financial condition of the person subject to possible electronic monitoring, to pay for the costs of electronic monitoring if that monitoring was required by the court as a condition of release from custody or as a condition of probation, ~~((and))~~ (5) to contribute to a county or interlocal drug fund, and (6) to make restitution to a public agency for the costs of an emergency response under section 2 of this act, and may require bonds for the faithful observance of any and all conditions imposed in the probation. The secretary of corrections will promulgate rules and regulations for the conduct of the person during the term of probation. Sec. 4. RCW 9.94A.030 and 1992 c 145 s 6 and 1992 c 75 s 1 are each reenacted and amended to read as follows:

(1) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department of corrections, means that the department is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(2) "Commission" means the sentencing guidelines commission.

(3) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(4) "Community custody" means that portion of an inmate's sentence of confinement in lieu of earned early release time served in the community subject to controls placed on the inmate's movement and activities by the department of corrections.

(5) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned early release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(6) "Community service" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(7) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 46.61.524. For first-time offenders, the supervision may include crime-related prohibitions and other conditions imposed pursuant to RCW 9.94A.120(5). For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(8) "Confinement" means total or partial confinement as defined in this section.

(9) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

Upon conviction for vehicular assault while under the influence of intoxicating liquor or any drug, RCW 46.61.522(1)(b), or vehicular homicide while under the influence of intoxicating liquor or any drug, RCW 46.61.520(1)(a), legal financial obligations may also include payment to a public agency of the expense of an emergency response to the incident resulting in the conviction, subject to the provisions in section 2 of this act.

(11) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct.

(12)(a) "Criminal history" means the list of a defendant's prior convictions, whether in this state, in federal court, or elsewhere. The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) "Criminal history" shall always include juvenile convictions for sex offenses and shall also include a defendant's other prior convictions in juvenile court if: (i) The conviction was for an offense which is a felony or a serious traffic offense and is criminal history as defined in RCW 13.40.020(6)(a); (ii) the defendant was fifteen years of age or older at the time the offense was committed; and (iii) with respect to prior juvenile class B and C felonies or serious traffic offenses, the defendant was less than twenty-three years of age at the time the offense for which he or she is being sentenced was committed.

(15) "Disposable earnings" means that part of the earnings of an individual remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1068, with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Beneficiary form" means a registration of a security that indicates the present owner of the security and the intention of the owner regarding the person who will become the owner of the security upon the death of the owner, referred to as a "beneficiary."

(2) "Devisee" means any person designated in a will to receive a disposition of real or personal property.

(3) "Heirs" means those persons, including the surviving spouse, who are entitled under the statutes of intestate succession to the property of a decedent.

(4) "Person" means an individual, a corporation, an organization, or other legal entity.

(5) "Personal representative" includes executor, administrator, successor personal representative, special administrator, and persons who perform substantially the same function under the law governing their status.

(6) "Property" includes both real and personal property or any interest therein and means anything that may be the subject of ownership.

(7) "Register," including its derivatives, means to issue a certificate showing the ownership of a certificated security or, in the case of an uncertificated security, to initiate or transfer an account showing ownership of securities.

(8) "Registering entity" means a person who originates or transfers a security title by registration, and includes a broker maintaining security accounts for customers and a transfer agent or other person acting for or as an issuer of securities.

(9) "Security" means a share, participation, or other interest in property, in a business, or in an obligation of an enterprise or other issuer, and includes a certificated security, an uncertificated security, and a security account.

(10) "Security account" means (a) a reinvestment account associated with a security; a securities account with a broker; a cash balance in a brokerage account; or cash, interest, earnings, or dividends earned or declared on a security in an account, a reinvestment account, or a brokerage account, whether or not credited to the account before the owner's death; or (b) a cash balance or other property held for or due to the owner of a security as a replacement for or product of an account security, whether or not credited to the account before the owner's death.

(11) "State" includes any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and any territory or possession subject to the legislative authority of the United States.

NEW SECTION. Sec. 2. Only individuals whose registration of a security shows sole ownership by one individual or multiple ownership by two or more with right of survivorship, rather than as tenants in common, may obtain registration in beneficiary form. Multiple owners of a security registered in beneficiary form shall hold the security as joint tenants with right of survivorship either as separate property or as community property, and not as tenants in common.

NEW SECTION. Sec. 3. A registering entity may register a security in beneficiary form if the form is authorized by this chapter or a substantially identical statute of another state if the state is: (1) The state of organization of the issuer or registering entity, (2) the location of the registering entity's principal office, (3) the location of the office of its transfer agent or its office making the registration, or (4) the location of the owner's listed address at the time of registration. A registration governed by the law of a jurisdiction in which this or substantially identical legislation is not in force or was not in force when a registration in beneficiary form was made is nevertheless presumed to be valid and authorized as a matter of contract law.

NEW SECTION. Sec. 4. A security, whether evidenced by certificate or account, is registered in beneficiary form when the registration includes a designation of a beneficiary to take the ownership at the death of a sole owner or at the death of the last to die of multiple owners.

NEW SECTION. Sec. 5. Registration in beneficiary form may be shown by the words "transfer on death" or the abbreviation "TOD," or by the words "pay on death" or the abbreviation "POD," after the name of the registered owner or owners and before the name of a beneficiary.

NEW SECTION. Sec. 6. The designation of a TOD or POD beneficiary on a registration in beneficiary form has no effect on ownership of the security until the owner's death, or on community property rights and obligations of owners. A registration of a security in beneficiary form may be canceled or changed at any time by the sole owner or all then surviving owners, without the consent of the beneficiary.

NEW SECTION. Sec. 7. On death of a sole owner or the last to die of all multiple owners, ownership of securities registered in beneficiary form passes to the beneficiary or beneficiaries who survive all owners. On proof of death of all owners and compliance with any applicable requirements of the registering entity, a security registered in beneficiary form may be reregistered in the name of the beneficiary or beneficiaries who survived the death of all owners. Until division of the security after the death of all owners, multiple beneficiaries surviving the death of all owners hold their interests as tenants in common. If no beneficiary survives the death of all owners, the security belongs to the estate of the deceased sole owner or the estate of the last to die of all multiple owners.

NEW SECTION. Sec. 8. (1) A registering entity is not required to offer or to accept a request for security registration in beneficiary form. If a registration in beneficiary form is offered by a registering entity, the owner requesting registration in beneficiary form assents to the protections given to the registering entity by this chapter.

(2) By accepting a request for registration of a security in beneficiary form, the registering entity agrees that the registration will be implemented on death of the deceased owner as provided in this chapter.

(3) A registering entity is discharged from all claims to a security by the estate, creditors, heirs, or devisees of a deceased owner if it registers a transfer of a security in accordance with section 7 of this act and does so in good faith reliance (a) on the registration, (b) on this chapter, and (c) on information provided to it by affidavit of the personal representative of the deceased owner, or by the surviving beneficiary or by the surviving beneficiary's representatives, or other information available to the registering entity. The protections of this chapter do not extend to a reregistration or payment made after a registering entity has received written notice from any claimant to any interest in the security objecting to implementation of a registration in beneficiary form. No other notice or other information available to the registering entity affects its right to protection under this chapter.

(4) The protection provided by this chapter to a registering entity does not affect the rights of beneficiaries in disputes between themselves and other claimants to ownership of the security transferred or its value or proceeds.

NEW SECTION. Sec. 9. (1) A transfer on death resulting from a registration in beneficiary form is effective by reason of the contract regarding the registration between the owner and the registering entity and this chapter and is not testamentary.

(2) This chapter does not limit the rights of creditors of security owners against beneficiaries and other transferees under other laws of this state.

NEW SECTION. Sec. 10. (1) A registering entity offering to accept registrations in beneficiary form may establish the terms and conditions under which it will receive requests (a) for registrations in beneficiary form, and (b) for implementation of registrations in beneficiary form, including requests for cancellation of previously registered TOD beneficiary designations and requests for reregistration to effect a change of beneficiary. The terms and conditions so established may provide for proving death, avoiding or resolving any problems concerning fractional shares, and designating beneficiaries. Other rules for providing proofs and assurances needed to satisfy reasonable concerns by registering entities regarding conditions and identities relevant to accurate implementation of registrations in beneficiary form may be contained in a registering entity's terms and conditions.

(2) The following are illustrations of registrations in beneficiary form that a registering entity may authorize:

(a) Sole owner-sole beneficiary: John S. Brown TOD (or POD) John S. Brown Jr.

(b) Multiple owners-sole beneficiary: John S. Brown Mary B. Brown JT TEN TOD John S. Brown Jr.

(c) Multiple owners-multiple beneficiaries: John S. Brown Mary B. Brown JT TEN TOD John S. Brown Jr.

Peter Q. Brown.

NEW SECTION. **Sec. 11.** (1) This chapter shall be known as and may be cited as the uniform TOD security registration act.

(2) This chapter shall be liberally construed and applied to promote its underlying purposes and policy and to make uniform the laws with respect to the subject of this chapter among states enacting it.

(3) Unless displaced by the particular provisions of this chapter, the principles of law and equity supplement the provisions of this chapter.

NEW SECTION. **Sec. 12.** This chapter applies to registrations of securities in beneficiary form made before or after the effective date of this act, by decedents dying on or after the effective date of this act.

NEW SECTION. **Sec. 13.** Sections 1 through 12 of this act shall constitute a new chapter in Title 21 RCW." On page 1, line 1 of the title, after "securities;" strike the remainder of the title and insert "and adding a new chapter to Title 21 RCW." and the same are herewith transmitted.
