## PARLIAMENTARY INQUIRY

Senator Saling: "Mr. President, I have a point of parliamentary inquiry. Within the past five minutes, I've received on my desk a Free Conference Committee Report on 3310. The time listed on that report is 3:30 on the 27th. I'm not sure when the 3:30 was put on there, but it was put on my desk and I saw that this report was being put on other desks at the same time.

"Would you explain the twenty-four hour ruling to me when a report is put on my desk five minutes ago, but it says 3:30?"

## REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Goltz: "Rule 11 of the Joint Rules is the rule that applies and it says in the second paragraph, 'The report shall be read in full in each house before a vote is taken on the report. The Senate and House, within their own bodies, can suspend the reading of the report in full. Each house shall have twenty-four hours from the time of proper receipt by the Chief Clerk of the House and the Secretary of the Senate to consider Reports from the Free Conference Committee.'

"The time on your report is the time that it was received by the Secretary of the Senate. It is then processed and copied by the printing section and brought back as quickly as possible and put on your desks. The twenty-four hours is not the time that it necessarily is on your desk, but is the time that it is received. The rule is meant to provide the time for the processing, the printing and getting it on your desk in adequate time, so you may have an opportunity to study it before a vote is taken."

Senator Saling: "Thank you, Mr. President, then it does not mean that it will be on our desks for twenty-four hours? It will be in the hands of the clerk for twenty-four hours?"

President Pro Tempore Goltz: "It does not mean that it will be on your desk for twenty-four hours. It means that it will be received by the Secretary of the Senate twenty-four hours before it is considered."

Senator Saling: "Thank you."

## REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President and members of the Senate, Senator Saling's question brings up a good point. A period of time ago we had no rule and we were actually running around with one or two people having a copy, so we instituted a rule that conference committees must turn them into the Secretary of the Senate. The time starts and they are processed in the ordinary course of business. Now, they cannot take priority over amendments for bills on the floor, but we do try to get them out. I think when your party was in control, we had the same problem of falling behind a little bit, but we have instructed the Chief Clerk, as Senator Hayner did, to get them out as quickly as they can so that everybody has a chance to see them before they are forced to vote on them."

## PARLIAMENTARY INQUIRY

Senator Saling: "Then does that mean that any report received by the clerk after midnight tonight is dead?"

## REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Goltz: "Any report received less than twenty-four hours before the time of adjournment, which would be midnight tonight would not be under consideration except by a suspension of the rules, which requires a two-thirds vote."

Senator Saling: "In other words, what you are saying is any report received after midnight tonight will require a two-thirds vote to suspend the rules and still be alive."

President Pro Tempore Goltz: "Received by the Secretary of the Senate."

#### MOTION

On motion of Senator Rinehart, the following amendment by Senators Rinehart, Gaspard, McDermott, Patterson and Saling to the Committee on Ways and Means amendment was adopted:

On page 72, line 14, add the following:

"(8) The research and regional universities shall report to the Senate and House Ways and Means Committee, the Senate Education Committee and the House Higher Education Committee by July 1, 1985, regarding their existing summer session tuition and fee structure and their proposed summer session fee structure under a self-sustaining operation."

The President Pro Tempore declared the question before the Senate to be adoption of the Committee on Ways and Means amendment, as amended.

The motion by Senator McDermott carried and the Committee on Ways and Means amendment, as amended, was adopted.

#### MOTIONS

On motion of Senator McDermott, the following title amendment was adopted:

On page 1, beginning on line 1, after "budget;" strike the remainder of the title and insert "amending RCW 82.32.400: making appropriations and authorizing expenditures for the operations of state agencies for the fiscal biennium beginning July 1, 1985, and ending June 30, 1987; and declaring an emergency."

On motion of Senator McDermott, the rules were suspended, Reengrossed Substitute Senate Bill No. 3656 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

#### POINT OF INQUIRY

Senator Deccio: "Senator McDermott, the House struck all the off-campus funding and this budget reinstates that. Is that correct?"

Senator McDermott: "I never considered doing such a thing. I stayed with the Senate budget."

Senator Deccio: "What I'm saying is that the House took it out and we put it back in."

Senator McDermott: "We went back to the Senate budget which puts the money in for off-campus courses."

Senator Deccio: "The intent of this budget in the legislature then is that those off-campus courses as they are being funded would be contingent and that money would not be used somewhere else? Does that make sense?"

Senator McDermott: "Say that question again, please?"

Senator Deccio: "If we are funding off-campus courses, we would expect the universities to use that money for that purpose, isn't that right?"

Senator McDermott: "Essentially, Senator, we give the money to the universities and allow them the discretion to develop off-campus programs. What the House did was--they looked out there and said, 'Look at that off-campus program, that costs X millions of dollars, let's take that away from the universities.' There is no intention--they still will have the flexibility to run an off-campus program if they want to. There is no requirement that they continue any program that is out there, but there's certainly no prohibition against them having off-campus programs as they have in the past."

Senator Deccio: "But the money is in the budget for that purpose?"

Senator McDermott: "Yes, it is there."

#### MOTION

On motion of Senator Zimmerman, Senator von Reichbauer was excused.

The President Pro Tempore declared the question before the Senate to be the roll call on final passage of Reengrossed Substitute Senate Bill No. 3656.

## ROLL CALL

The Secretary called the roll on final passage of Reengrossed Substitute Senate Bill No. 3656, and the bill passed the Senate by the following vote: Yeas, 33; nays, 14; excused, 2.

Voting yea: Senators Bailey, Bauer, Bender, Bottiger, Conner, DeJarnatt, Fleming, Garrett, Gaspard, Goltz, Granlund, Halsan, Hansen, Johnson, Kreidler, McDermott, McManus, Metcalf, Moore, Newhouse, Owen, Patterson, Peterson, Rasmussen, Rinehart, Stratton, Talmadge, Thompson, Vognild, Warnke, Williams, Wojahn, Zimmerman - 33.

REENGROSSED SUBSTITUTE SENATE BILL NO. 3656, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

There being no objection, the President Pro Tempore returned the Senate to the fourth order of business.

## MESSAGE FROM THE HOUSE

Mr. President:

The House has adopted the Report of the Conference Committee on SUBSTITUTE SENATE BILL NO. 3310 and has granted the powers of Free Conference, and said report is herewith transmitted.

DENNIS L. HECK, Chief Clerk

## REPORT OF CONFERENCE COMMITTEE

April 27, 1985

Mr. President:

Mr. Speaker:

We, of your Conference Committee, to whom was referred SUBSTITUTE SENATE BILL NO. 3310, facilitating election administration, have had the same under consideration and we report that we are unable to agree and respectfully request the powers of Free Conference in order to amend the bill as follows:

Strike everything after the enacting clause and insert the following:

\*Sec. 1. Section 28A.57.322, chapter 223, Laws of 1969 ex. sess. and RCW 28A.57.322 are each amended to read as follows:

Every person elected or appointed to the office of school director, before entering upon the discharge of the duties thereof, shall take an oath or affirmation to support the Constitution of the United States and the state of Washington and to faithfully discharge the duties of his office according to the best of his ability. In case any official has a written appointment or commission, his oath or affirmation shall be endorsed thereon and sworn to before any officer authorized to administer oaths. School officials are hereby authorized to administer all oaths or affirmations pertaining to their respective offices without charge or fee. All oaths of office, when properly made, shall be filed with the ~~((officer with whom declarations of candidacy for such positions are filed))~~ county auditor.

Sec. 2. Section 3, chapter 107, Laws of 1980 and RCW 29.04.040 are each amended to read as follows:

(1) No paper ballot precinct ~~((shall))~~ may contain more than three hundred voters. The county legislative authority may divide, alter, or combine precincts so that, whenever practicable, over-populated precincts shall contain no more than two hundred fifty registered voters in anticipation of future growth.

(2) Precinct boundaries may be altered at any time as long as sufficient time exists prior to a given election for the necessary procedural steps to be honored ~~((- PROVIDED, HOWEVER, That))~~, Except as permitted under subsection (5) of this section, no precinct boundaries ((shall)) may be changed during the period starting ((as of)) on the thirtieth day prior to the first day for candidates to file for the primary election and ending with the day of the general election.

(3) Precincts in which voting machines or electronic voting devices are used may contain as many as nine hundred registered voters ~~((- PROVIDED, That))~~, but there shall be at least one voting machine or device for each three hundred registered voters or major fraction thereof when a state primary or general election is held in an even-numbered year.

(4) On petition of twenty-five or more voters resident more than ten miles from any place of election, the county legislative authority shall establish a separate voting precinct therefor.

(5) The county auditor shall temporarily adjust precinct boundaries when a city annexes county territory to the city. The adjustment shall be made as soon as possible after the approval

of the annexation. The temporary adjustment shall be limited to the minimum changes necessary to accommodate the addition of the territory to the city and shall remain in effect only until precinct boundary modifications reflecting the annexation are adopted by the county legislative authority.

The county legislative authority may establish by ordinance a limitation on the maximum number of registered voters in each precinct within its jurisdiction. The limitation may be different for precincts based upon the method of voting used for such precincts and the number may be less than the number established by law, but in no case may the number exceed that authorized by law.

If such a limitation is established by a county legislative authority, no precinct within the jurisdiction of the county may contain more registered voters than authorized in such an ordinance.

The county legislative authority of each county in the state hereafter formed shall, at their first session, divide their respective counties into election precincts with two hundred fifty voters or less and establish the boundaries of the ~~((same;))~~ precincts. The county auditor shall thereupon designate the voting place for each such precinct.

Sec. 3. Section 29.13.020, chapter 9, Laws of 1965 as last amended by section 2, chapter 3, Laws of 1980 and RCW 29.13.020 are each amended to read as follows:

All city, town, and district general elections shall be held throughout the state of Washington on the first Tuesday following the first Monday in November in the odd-numbered years.

This section shall not apply to:

- (1) Elections for the recall of any elective public officer~~(:);~~
- (2) Public utility districts~~(:)~~ or district elections ~~((whereat))~~ at which the ownership of property within ~~((said))~~ those districts is a prerequisite to voting, all of which elections shall be held at the times prescribed in the laws specifically applicable thereto~~(:);~~
- (3) Consolidation proposals as provided for in RCW 28A.57.180 and nonhigh capital fund aid proposals as provided for in chapter 28A.56 RCW.

The county auditor, as ex officio supervisor of elections, upon request in the form of a resolution of the governing body of a city, town, or district, presented to him at least forty-five days prior to the proposed election date, may, if he deems an emergency to exist, call a special election in such city, town, or district, and for the purpose of such special election he may combine, unite, or divide precincts. A special election called by such governing body shall be held on one of the following dates as decided by the governing body:

- (a) The first Tuesday after the first Monday in February;
- (b) The second Tuesday in March, except that if a state-wide political party caucus by a major political party is scheduled on the second Tuesday, then a special election may not be held on such date but may be held on the third Tuesday in March~~((PROVIDED HOWEVER, That in any county holding an election on the second Tuesday in March of 1980 pursuant to a home-rule charter adopted under Article XI, section 4 of the state Constitution, any city, town, or district where any portion of the registered voters of that city, town, or district reside within that charter county may hold special elections on the second Tuesday in March of 1980));~~
- (c) The first Tuesday after the first Monday in April;
- (d) The third Tuesday in May;
- (e) The day of the primary election as specified by RCW 29.13.070; or
- (f) The first Tuesday after the first Monday in November.

In addition to (a) through (f) above, a special election to validate an excess levy or bond issue may be called at any time to meet the needs resulting from failure of a school or junior taxing district to pass a special levy or bond issue for the first time or from fire, flood, earthquake, or other act of God, except that no special election may be held between the first day for candidates to file for public office and the last day to certify the returns of the general election other than as provided in (e) and (f). Such special election shall be conducted and notice thereof given in the manner provided by law.

This section shall supersede the provisions of any and all other statutes, whether general or special in nature, having different dates for such city, town, and district elections, the purpose of this section being to establish mandatory dates for holding elections.

**NEW SECTION.** Sec. 4. A new section is added to chapter 29.13 RCW to read as follows:

For any reimbursement of election costs under RCW 29.13.047, the secretary of state shall pay interest at an annual rate equal to two percentage points in excess of the discount rate on ninety-day commercial paper in effect at the Federal Reserve Bank in San Francisco on the fifteenth day of the month immediately preceding the payment for any period of time in excess of thirty days after the receipt of a properly executed and documented voucher for such expenses and the entry of an allotment from specifically appropriated funds for this purpose under RCW 43.88.111. The secretary of state shall promptly notify any county that submits an incomplete or inaccurate voucher for reimbursement under RCW 29.13.047.

Sec. 5. Section 2, chapter 142, Laws of 1984 and RCW 29.18.025 are each amended to read as follows:

Except where otherwise provided by state law, declarations of candidacy for the following offices shall be filed during regular business hours with the secretary of state or the county auditor no earlier than the ~~(the)~~ fourth Monday in July and no later than the following Friday in the year in which the office is scheduled to be voted upon:

(1) Offices that are scheduled to be voted upon for full terms or both full terms and short terms at, or in conjunction with, a state general election; and

(2) Offices where a vacancy, other than a short term, exists that has not been filled by election and for which an election to fill the vacancy is required in conjunction with the next state general election.

Sec. 6. Section 29.21.060, chapter 9, Laws of 1965 as last amended by section 31, chapter 361, Laws of 1977 ex. sess. and RCW 29.21.060 are each amended to read as follows:

All candidates for offices to be voted on at any election in first, second, and third class cities and fourth class municipalities (towns) shall file declarations of candidacy with the county auditor not earlier than the ~~(the)~~ fourth Monday of July nor later than the next succeeding Friday in the year such regular city elections are held.

All candidates for district offices subject to the provisions of RCW 29.21.010 ~~(as now or hereafter amended;)~~ shall file their declarations of candidacy with the county auditor of the county not earlier than the ~~(the)~~ fourth Monday of July nor later than the next succeeding Friday in the year such regular district elections are held: PROVIDED, That this chapter shall not change the method of nomination for first district officers at the formation of any district.

Any candidate for city, town, or district offices may withdraw his declaration at any time ~~(to and including the first Wednesday after)~~ before the Friday following the last day allowed for filing declarations of candidacy.

All candidates required to file declarations of candidacy shall pay the same fees and be governed by the same rules as contained in RCW 29.18.030 through 29.18.100 ~~(PROVIDED: That), but no filing fee (shall) may be charged (in the event that) if the office sought is without a fixed annual salary.~~

This section shall supersede the provisions of any and all other statutes, whether general or special in nature, having different dates for filing declarations of candidacy for such city, town, and district elections, the purpose of this section being to establish a uniform five-day period throughout the state of Washington for filing declarations of candidacy.

Sec. 7. Section 29.30.010, chapter 9, Laws of 1965 as amended by section 51, chapter 361, Laws of 1977 ex. sess. and RCW 29.30.010 are each amended to read as follows:

Every primary paper ballot shall be uniform in color and size, shall be white and printed in black ink. Each ballot shall be identified at the top with the words, "Primary Election Ballot," and below that, the county in which the ballot is to be used, the date of the primary, and the instruction: "To vote for a person mark a cross in the first square at the right of the name of the person for whom you desire to vote. To vote for a person not on the ballot, write in the name of the candidate, and the party affiliation if for a partisan office, in the space provided." Beginning at the top of the left hand column, at the left of the line shall appear the name of the position for which the names following are candidates, and to the extreme right of the same line the words, "Vote for," then the words "One," "Two," or a spelled number designating how many persons under that head are to be voted for. Below this shall come the names of all candidates for that position, each followed by the name of the political party, if any, with which the candidate desires to affiliate or the word "nonpartisan", with a square to the right. Each position with the names running for that office, shall be separated from the following one by a bold line. All primary paper ballots shall be sequentially numbered, but done in such a way to permit removal of such numbers ~~(by precinct election workers)~~ without revealing the identity of any individual voter. There shall be no printing upon the back of the ballots nor any mark thereon to distinguish them.

Sec. 8. Section 60, chapter 361, Laws of 1977 ex. sess. as amended by section 1, chapter 121, Laws of 1982 and RCW 29.30.081 are each amended to read as follows:

(1) On the top of each general election paper ballot there shall be printed instructions directing the voters how to mark the ballot, including write-in votes. Next after the instructions and before the offices shall be placed the questions of adopting constitutional amendments or any other state measure authorized by law to be submitted to the voters of such election.

(2) The candidate or candidates of the major political party which received the highest number of votes from the electors of this state for the office of president of the United States at the last presidential election shall appear first below the office heading, the candidate or candidates of the other major political parties shall follow according to the votes cast for their nominees for president at the last presidential election, and the candidate or candidates of all other parties shall follow in the order of their qualification with the secretary of state. The candidates for nonpartisan offices shall be listed in the manner otherwise provided by law. There shall be blank spaces for writing in the name of any candidate, if desired, on the ballot.

(3) There shall be a  at the right of the name of each nominee so that a voter may clearly indicate the candidate or the candidates for whom he wishes to cast his ballot.

(4) Under the designation of the office there shall be indicated the number of candidates to such office to be voted for at such election.

(5) If the election is in a year in which a president of the United States is to be elected, the names of candidates for president and vice president for each political party shall be grouped together, each group enclosed in brackets with a single square to the right in which the voter indicates his choice.

(6) All paper ballots for general elections shall be sequentially numbered, but done in such a way to permit removal of such numbers (~~by precinct election workers~~) without leaving any identifying marks on the ballot. There shall be no printing on the back of the paper ballots nor any mark thereon to distinguish them.

Sec. 9. Section 33, chapter 361, Laws of 1977 ex. sess. and RCW 29.30.310 are each amended to read as follows:

All ballot pages for primary, general, or special elections in counties using voting devices shall be uniform in color and size, shall be white, and shall be printed in black ink. The first page shall be identified at the top with the name of the election, the county in which the ballot page is to be used, and the date of the election. On the front of the first ballot page or prominently displayed on each voting device to be used at a primary, general, or special election, there shall be printed instructions directing the voters how to properly record a vote for any candidate and for or against any measure. Beginning at the top of the left hand column, at the left of the line shall appear the name of the position for which the names to the immediate right are candidates, and below the name of the office or position the words, "Vote for", then the words "One", "Two", or a spelled number designating how many persons under that head are to be voted for. Immediately to the right of the name of the office or position shall come the names of all candidates for that position, each followed by the name of the political party, if any, with which the candidate desires to affiliate or the word "nonpartisan", with an arrow or other notation at the right edge of the ballot page indicating where the voter is to punch or otherwise mark his ballot for that candidate. Each position with the names running for that office, shall be separated from the following one by a bold line. All ballot cards for primary elections shall be sequentially numbered, but done in such a way to permit removal of such numbers (~~by precinct election workers~~) without leaving any identifying marks on the ballot. There shall be no marks on the ballot cards which would distinguish an individual voter's ballot card from other ballot cards in the same precinct.

Sec. 10. Section 67, chapter 361, Laws of 1977 ex. sess. and RCW 29.34.125 are each amended to read as follows:

(1) On the front of the first ballot page or prominently displayed on each voting device to be used at a general election, there shall be printed instructions directing the voters how to properly record a vote for any candidate and for or against any measure, including write-in votes. After the instructions and before the offices shall be placed the questions of adopting constitutional amendments or any other state measure authorized by law to be submitted to the voters of such election.

(2) All nominations of any party or group of petitioners shall be indicated by the title of such party or petitioners as designated by them in their certificate of nomination or petition, following the name of such candidate, and the name of each nominee shall be placed beside the designation of the office for which he has been nominated.

(3) There shall be an arrow or other notation at the right edge of the ballot page opposite the name of each candidate indicating where the voter is to punch or otherwise mark his ballot card for that candidate.

(4) Under the designation of the office, if more than one candidate is to be voted for there shall be indicated the number of candidates to such office to be voted for at such election.

(5) If the election is in a year in which a president of the United States is to be elected, in spaces separated from the balance of the party tickets by a heavy black line, shall be the names and spaces for voting for candidates for president and vice president. The names of candidates for president and vice president for each political party shall be grouped together, each group enclosed in brackets with a single arrow or other notation to the right.

(6) All ballot cards for general elections shall be sequentially numbered, but done in such a way to permit removal of such numbers (~~by precinct election workers~~) without leaving any identifying marks on the ballot. There shall be no printing on the back of the ballot cards nor any mark thereon to distinguish an individual voter's ballot card from other ballot cards from the same precinct.

Sec. 11. Section 29.36.010, chapter 9, Laws of 1965 as last amended by section 1, chapter 27, Laws of 1984 and RCW 29.36.010 are each amended to read as follows:

Any duly registered voter may vote an absentee ballot for any primary or election in the manner provided in this chapter.

A voter desiring to cast an absentee ballot must apply in writing to his county auditor no earlier than forty-five days nor later than the day prior to any election or primary(~~(-PROVIDED: That)~~). An application honored for a primary ballot shall also be honored as an application for a ballot for the following election if the voter so indicates on his application(~~(-PROVIDED FURTHER: That)~~). A voter admitted to a hospital no earlier than five days before a primary or election and confined to the hospital on election day may apply by messenger for an absentee

ballot on the day of the primary or election if a signed statement from the hospital administrator, or designee, verifying the voter's date of admission and status as a patient in the hospital on the day of the primary or election is attached to the absentee ballot application.

Such applications must contain the voter's signature and may be made in person or by mail or messenger (~~(-PROVIDED, That)~~). Application made by mail must be sent directly to the county auditor or to the secretary of state, who shall promptly forward such applications to the appropriate county. No person, organization, or association within the state may distribute absentee ballot applications containing any return address other than that of the county auditor. No application for an absentee ballot (shall) may be approved unless the voter's signature upon the application compares favorably with the voter's signature upon his permanent registration record.

NEW SECTION. Sec. 12. A new section is added to chapter 29.04 RCW to read as follows:

(1) Every person who desires to be a write-in candidate and have such votes counted at a primary or election shall, if the jurisdiction of the office sought is entirely within one county, file a declaration of candidacy with the county auditor not later than the Tuesday immediately before the primary or election. If the jurisdiction of the office sought encompasses more than one county the declaration of candidacy must be filed with the secretary of state not later than the first Tuesday before the primary or election. No person may file as a write-in candidate where:

(a) At a general election, the person attempting to file either filed as a write-in candidate for the same office at the preceding primary or the person's name appeared on the ballot for the same office at the preceding primary;

(b) The person attempting to file as a write-in candidate has already filed a valid write-in declaration for that primary or election, unless one or the other of the two filings is for the office of precinct committeeperson;

(c) The name of the person attempting to file already appears on the ballot as a candidate for another office, unless one of the two offices for which he or she is a candidate is precinct committeeperson.

The declaration of candidacy shall be similar to that required by RCW 29.18.030 and shall be accompanied by either the appropriate filing fee or a supplemental nominating petition, as required by RCW 29.18.050.

(2) The provisions of subsection (1) of this section do not apply to any person who desires to be a write-in candidate for an office or nomination if a vacancy caused by the death or disqualification of a candidate or nominee for that office or nomination occurs: After the Tuesday before the primary or election; and before that primary or election.

NEW SECTION. Sec. 13. A new section is added to chapter 29.04 RCW to read as follows:

The secretary of state shall, not later than the Friday after the last day for filing of write-in declarations with his or her office, notify each county auditor of any such filings for offices appearing on the ballot in that county. The county auditor shall ensure that those persons charged with counting the ballots for a primary or election are notified of all valid write-in candidates before the tabulation of those ballots.

Sec. 14. Section 29.36.075, chapter 9, Laws of 1965 as amended by section 1, chapter 136, Laws of 1983 and RCW 29.36.075 are each amended to read as follows:

Canvassing boards of any primary or election, including a state primary or state general election, shall not tabulate or record votes cast by absentee ballots on any uncontested office except write-in votes for candidates for the office of precinct committeeperson (~~(s) Write-in votes for uncontested precinct committeepersons' races shall be canvassed and included with the official vote count)~~ who have filed valid declarations of candidacy under section 12 of this 1985 act. "Uncontested office" means an office where only one candidate has filed a valid declaration of candidacy either during the regular filing period or as a write-in candidate under section 12(1) of this 1985 act. "Uncontested office" does not mean an office or nomination for which a person may be a write-in candidate under section 12(2) of this 1985 act.

Each voter casting an absentee ballot not counted as provided in this section, nevertheless, shall be credited with voting on his permanent voting history record. Further, such uncounted absentee ballots shall be retained for the same length of time and in the same manner as paper ballots cast in person as provided by RCW 29.54.070.

Sec. 15. Section 29.51.100, chapter 9, Laws of 1965 as amended by section 15, chapter 101, Laws of 1965 ex. sess. and RCW 29.51.100 are each amended to read as follows:

On receipt of his or her ballot in ~~((an))~~ a primary or a general or special election the ((elector)) voter shall forthwith and without leaving the polling place retire alone to one of the places, booths, or ((apartments)) compartments provided to prepare ((his)) and mark the ballot. ((Each elector shall prepare his ballot by marking a cross "X" after the name of every person or candidate for whom he wishes to vote.) Ballots shall be voted in the manner appropriate for the type of system used.

((In case of a ballot containing a constitutional amendment or other question to be submitted to the vote of the people the voter shall mark a cross "X" after the question, for or against the amendment or proposition, as the case may be.)) Any ((elector)) voter may write ((in the blank spaces)) the name of any person for an office who has filed as a write-in candidate for

the office in the manner provided by section 12(1) of this 1985 act, or who is exempted from filing by section 12(2) of this 1985 act, for whom he or she may wish to vote((~~PROVIDED, That where a partisan office is concerned, the voter must not only write in the name of the candidate but also the party affiliation of such person pursuant to the provisions of RCW 29.51.170 as now or hereafter amended~~)).

Before leaving the booth or compartment the ~~((elector))~~ voter shall fold ~~((his))~~ the ballot or ballot card or place the ballot card in the envelope provided in such a manner that the number of the ballot ~~((shall))~~ appears on the outside ~~((thereof))~~ or projects beyond the covering page or envelope end, without displaying the marks on the face ~~((thereof, and deliver it))~~ of the ballot. The voter shall then return with the ballot to the inspector of election.

Sec. 16. Section 29.51.170, chapter 9, Laws of 1965 as last amended by section 1, chapter 121, Laws of 1973 1st ex. sess. and RCW 29.51.170 are each amended to read as follows:

For any office at any election or primary, any voter may write in on the ballot the name of any person ~~((for whom he desires to vote for any office))~~ who has filed as a write-in candidate for that office in the manner provided by section 12(1) of this 1985 act, or who is exempted from filing by section 12(2) of this 1985 act, and such vote shall be counted the same as if the name had been printed on the ballot and marked by the voter~~((PROVIDED, That no write-in vote for a partisan office at a general election shall be valid for any person who has offered himself as a candidate for such position for the nomination at the preceding primary. PROVIDED, FURTHER, That when voting machines or voting devices and ballot cards are used, no write-in vote for any candidate for a partisan office at either a state primary election or state general election shall be valid unless a political party affiliation is also written by the voter after the candidate's name. AND PROVIDED FURTHER, That in the instance of a write-in candidate for a partisan office only those write-in votes constituting the greatest number of a single political party designation shall be valid for counting purposes when the canvassing authority certifies the official election returns. The same procedure must be followed when paper ballots are used for partisan offices at a state primary election. For such write-in voting, it shall not be necessary for a voter to write the full name of the political party concerned. Any abbreviation including the first letter of the political party name shall be acceptable as long as the precinct election officers can determine to their satisfaction the person voted for and the political party intended.~~

Any person who is nominated at any primary election as a write-in candidate for any public office but who has not previously paid the regular filing fee shall not have his name printed on the official ballot for the general election unless, within five days after the official canvass of the primary vote, he executes a declaration of candidacy and pays the same fee required by law to be paid by candidates for filing for the office for which he has been nominated).

Sec. 17. Section 29.51.110, chapter 9, Laws of 1965 as amended by section 43, chapter 202, Laws of 1971 ex. sess. and RCW 29.51.110 are each amended to read as follows:

Upon delivery of each ballot after being marked and folded by a voter, the inspector ~~((in an audible tone shall repeat the name of the voter and the number of the ballot. The election clerks having in charge the registration cards and poll books or precinct lists of registered voters, if they find that the number marked opposite the voter's name thereon corresponds with the number of the ballot handed to the inspector, shall mark the word "voted" or check a spot so designated opposite the name of such voter and one of the clerks shall call back in an audible tone the name of the voter and the number of his ballot. A county legislative authority operating under the exemption in this section shall review the determination again by March 1, 1988, and at least every two years thereafter.

Sec. 40. Section 13, chapter 329, Laws of 1977 ex. sess. and RCW 29.18.160 are each amended to read as follows:

Votes cast for the person who has died or become disqualified during the period described in subsection (1) of this section shall not be tabulated or recorded by the canvassing board.

(4) When the secretary of state is the person with whom the appointment by the major or minor political party is filed, he shall, in certifying candidates or nominations to the various county officers insert the name of the person appointed to fill a vacancy.

In the event that the secretary of state has already sent forth his certificate when the appointment to fill a vacancy is filed with him, he shall forthwith certify to the county auditors of the proper counties the name and place of residence of the person appointed to fill a vacancy, the office for which he is a candidate or nominee, the party he represents and all other pertinent facts pertaining to the vacancy.

(2) An automated file of all registered voters shall be maintained pursuant to RCW 29.07.220, which shall be the source of the precinct lists of registered voters used at the polls on election day. Lists of registered voters produced from the automated file are public records and are thus available for inspection and copying. Information on any individual voter is exempt from public inspection and copying whenever, in the opinion of the county auditor, the release of such information would result in an unreasonable invasion of personal privacy. If a person is denied public inspection and copying of the automated file, the justification for the denial shall be explained fully in writing.

NEW SECTION. Sec. 43. Section 29.07.150, chapter 9, Laws of 1965, section 19, chapter 202, Laws of 1971 ex. sess. and RCW 29.07.150 are each repealed.

(3) There are jobs available in the state that can be filled by unemployed persons.

(4) A public labor exchange can appreciably expedite the employment of unemployed job seekers and filling employer vacancies thereby contributing to the overall health of the state and national economies.

(5) The Washington state job service of the employment security department has provided a proven service of assisting persons to find employment for the past fifty years.

(6) Expediting the reemployment of unemployment insurance claimants will reduce payment of claims drawn from the state unemployment insurance trust fund.

(7) Increased emphasis on assisting in the reemployment of claimants and monitoring claimants' work search efforts will positively impact employer tax rates resulting from the recently enacted experience rating legislation, chapter 205, Laws of 1984.

(8) Special employment service efforts are necessary to adequately serve agricultural employers who have unique needs in the type of workers, recruitment efforts, and the urgency of obtaining sufficient workers.

(9) Study and research of issues related to employment and unemployment provides economic information vital to the decision-making process.

The legislature finds it necessary and in the public interest to establish a program of job service to assist persons drawing unemployment insurance claims to find employment, to provide employment assistance to the agricultural industry, and to conduct research into issues related to employment and unemployment.

**NEW SECTION.** Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Job service" means the employment assistance program of the employment security department;

(2) "Employment assistance" means services to unemployed persons focused on and measured by the obtaining of employment;

(3) "Labor exchange" means those activities which match labor supply and labor demand, including recruitment, screening, and referral of qualified workers to employers;

(4) "Special account of the administrative contingency fund" means that fund under section 8 of this act established within the administrative contingency fund of the employment security department which provides revenue for the purposes of this chapter.

(5) "Continuous wage and benefit history" means an information and research system utilizing a longitudinal data base containing information on both employment and unemployment.

**NEW SECTION.** Sec. 3. Job service resources shall be used to assist with the reemployment of unemployed workers using the most efficient and effective means of service delivery. The job service program of the employment security department may undertake any program or activity for which funds are available and which furthers the goals of this chapter. These programs and activities may include, but are not limited to:

(1) Supplementing basic employment services, with special job search and claimant placement assistance designed to assist unemployment insurance claimants to obtain employment;

(2) Providing employment services, such as recruitment, screening, and referral of qualified workers, to agricultural areas where these services have in the past contributed to positive economic conditions for the agricultural industry;

(3) Providing otherwise unobtainable information and analysis to the legislature and program managers about issues related to employment and unemployment; and

(4) To research and consider the degree to which the employment security department can contract with private employment agencies, private for-profit and not-for-profit organizations in the fields of job placement, vocational counseling, career development, career change and employment preparation on a fee for service-performance basis.

Sec. 4. Section 8, chapter 35, Laws of 1945 as last amended by section 9, chapter 13, Laws of 1983 1st ex. sess. and RCW 50.04.070 are each amended to read as follows:

Sec. 6. Section 60, chapter 35, Laws of 1945 as last amended by section 5, chapter 13, Laws of 1983 1st ex. sess. and RCW 50.16.010 are each amended to read as follows:

There shall be maintained as special funds, separate and apart from all public moneys or funds of this state an unemployment compensation fund, an administrative contingency fund, and a federal interest payment fund, which shall be administered by the commissioner exclusively for the purposes of this title, and to which RCW 43.01.050 shall not be applicable. The division shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded. The fund balance ratio shall be expressed as a percentage.

**NEW SECTION.** Sec. 8. A new section is added to chapter 50.24 RCW to read as follows:

A separate and identifiable account to provide for the financing of special programs to assist the unemployed is established in the administrative contingency fund. Contributions to this account shall accrue and become payable by each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, at the rate of two one-hundredths of one percent. The amount of wages subject to tax shall be determined under RCW 50.24.010.

Contributions under this section shall become due and be paid by each employer under rules as the commissioner may prescribe, and shall not be deducted, in whole or in part, from the remuneration of individuals in the employ of the employer. Any deduction in violation of this section is unlawful.

In the payment of any contributions under this section, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

If the commissioner determines that federal funding has been increased to provide financing for the services specified in this act, the commissioner shall direct that collection of contributions under this section be terminated on the following January 1st.

Contributions under this section shall be payable only for calendar years 1985 and 1986.

NEW SECTION, Sec. 9. A new section is added to chapter 50.44 RCW to read as follows:

The term "reasonable assurance," as used in RCW 50.44.050, means a written, verbal, or implied agreement that the employee will perform services in the same capacity during the ensuing academic year or term as in the first academic year or term. A person shall not be deemed to be performing services "in the same capacity" unless those services are rendered under the same terms or conditions of employment in the ensuing year as in the first academic year or term.

Sec. 10. Section 2, chapter 1, Laws of 1971 as last amended by section 1, chapter 1, Laws of 1983 and RCW 50.22.010 are each amended to read as follows:

(a) Begins with the third week after a week for which there is an "on" indicator; and

(b) Ends with the third week after the first week for which there is an "off" indicator: PROVIDED, That no extended benefit period shall last for a period of less than thirteen consecutive weeks, and further that no extended benefit period may begin by reason of an "on" indicator before the fourteenth week after the close of a prior extended benefit period which was in effect with respect to this state.

(2) There is an "on" indicator for this state for a week if the commissioner determines, in accordance with the regulations of the United States secretary of labor, that for the period consisting of such week and the immediately preceding twelve weeks, the rate of insured unemployment (not seasonally adjusted) either:

(a) Equaled or exceeded one hundred twenty percent of the average of such rates for the corresponding thirteen-week period ending in each of the preceding two calendar years and equaled or exceeded five percent; or

(b) Equaled or exceeded six percent: PROVIDED, That the six percent trigger shall apply only until ~~((April 30, 1984))~~ December 31, 1985.

(3) There is an "off" indicator for this state for a week if the commissioner determines, in accordance with the regulations of the United States secretary of labor, that for the period consisting of such week and the immediately preceding twelve weeks, the rate of insured unemployment (not seasonally adjusted) was either:

(a) Less than five percent; or

(b) Five percent or more but less than six percent and the rate of insured unemployment was less than one hundred twenty percent of the average of the rates for the corresponding thirteen week period ending in each of the two preceding calendar years: PROVIDED, That the six percent trigger shall apply only until ~~((April 30, 1984))~~ December 31, 1985.

(4) "Regular benefits" means benefits payable to an individual under this title or under any state law (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) other than extended benefits or additional benefits.

(5) "Extended benefits" means benefits payable for weeks of unemployment beginning in an extended benefit period to an individual under this title or under any state law (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) other than regular or additional benefits.

~~(8) ((An "additional benefit period" means a period within an extended benefit period which:~~

~~(a) Begins with the third week after a week for which:~~

~~(i) The governor determines that adverse economic conditions and high unemployment among the state's workers necessitate payment of additional benefits; and~~

~~(ii) The commissioner determines that, for the fifty-two consecutive weeks ending with such week, the rate of insured unemployment as calculated under (d) of this subsection equals or exceeds six and one-half percent: PROVIDED, That six percent shall apply if the fifty-two week rate of insured unemployment has been less than four and one-half percent at any time within the preceding one hundred four weeks.~~

~~(b) Ends with the third week after a week for which the commissioner determines that, for the fifty-two consecutive weeks ending with such week, the rate of insured unemployment as calculated under (d) of this subsection is less than six and one-half percent: PROVIDED, That six percent shall apply if the additional benefit period began because of the proviso in (a)(ii) of this subsection, the fifty-two week rate of insured unemployment has not exceeded six and~~

one-half percent during the additional benefit period, and the additional benefit period has been in effect for fewer than thirty-six weeks:

~~(c) No additional benefit period may last for a period of less than thirteen weeks, and no additional benefit period may begin before the fourteenth week after the close of a prior additional benefit period.~~

~~(d) "Rate of insured unemployment," for the purposes of (a) and (b) of this subsection, means the percentage derived by dividing the average weekly number of individuals filing claims in this state for weeks of unemployment with respect to the most recent fifty-two consecutive-week period as determined by the commissioner on the basis of his reports to the United States Secretary of Labor by the average monthly employment covered under this title for the first four of the most recent six completed calendar quarters ending before the end of such fifty-two week period. The division shall be carried to the fourth decimal place with any remaining fraction disregarded.~~

~~(e) If a federally funded program of benefits is established which provides for benefits beyond thirty-nine weeks, any additional benefit period in effect shall terminate on the last day of the week preceding the effective week of the federal program. No additional benefit period may begin while such a federal program is in effect.~~

~~(9)) "Additional benefit eligibility period" of an individual means the period consisting of the weeks in his or her benefit year which begin in an additional benefit period that is in effect and, if his or her benefit year ends within such additional benefit period, any weeks thereafter which begin in such period.~~

~~((+)) (9) "Exhaustee" means an individual who, with respect to any week of unemployment in his or her eligibility period:~~

~~(a) Has received, prior to such week, all of the regular benefits that were payable to him or her under this title or any other state law (including dependents' allowances and regular benefits payable to federal civilian employees and ex-servicemen under 5 U.S.C. chapter 85) in his or her current benefit year that includes such week; or~~

~~(b) Has received, prior to such week, all of the regular benefits that were available to him or her under this title or any other state law (including dependents' allowances and regular benefits available to federal civilian employees and ex-servicemen under 5 U.S.C. chapter 85) in his or her current benefit year that includes such week, after the cancellation of some or all of his or her wage credits or the total or partial reduction of his or her rights to regular benefits: PROVIDED, That, for the purposes of (a) and (b), an individual shall be deemed to have received in his or her current benefit year all of the regular benefits that were payable to him or her, or available to him or her, as the case may be, even though:~~

~~(i) As a result of a pending appeal with respect to wages or employment, or both, that were not included in the original monetary determination with respect to his or her current benefit year, he or she may subsequently be determined to be entitled to more regular benefits; or~~

~~(ii) By reason of the seasonal provisions of another state law, he or she is not entitled to regular benefits with respect to such week of unemployment (although he or she may be entitled to regular benefits with respect to future weeks of unemployment in the next season, as the case may be, in his or her current benefit year), and he or she is otherwise an exhaustee within the meaning of this section with respect to his or her right to regular benefits under such state law seasonal provisions during the season or off season in which that week of unemployment occurs; or~~

~~(iii) Having established a benefit year, no regular benefits are payable to him or her during such year because his or her wage credits were canceled or his or her right to regular benefits was totally reduced as the result of the application of a disqualification; or~~

~~(c) His or her benefit year having ended prior to such week, he or she has insufficient wages or employment, or both, on the basis of which he or she could establish in any state a new benefit year that would include such week, or having established a new benefit year that includes such week, he or she is precluded from receiving regular benefits by reason of the provision in RCW 50.04.030 which meets the requirement of section 3304(a)(7) of the Federal Unemployment Tax Act, or the similar provision in any other state law; and~~

## REMARKS BY SENATOR VOGNILD

Senator Vognild: "Thank you, Mr. President. I somewhat agree with what Senator Newhouse said with one, I think, major exception and that is there is no increase in cost to any employer in the state of Washington, if the Free Conference Report does indeed pass. What you have is a situation where the federal government has changed the unemployment rules. They've changed them twice, in fact, in the past month. There's a number of things that we've been told that we don't know about the problems and that perhaps is true, but there are some things we do know and I think those things we do know should be discussed.

"What we do know is that the figure of unemployed workers who will be suddenly and totally cut off from benefits will be in excess of 10,000. Now, I said 10,000. The figure that has been used is 15,000 and then there's some debate, so I'm taking the safe side. The cost of this program, if it were to pass, would be at a maximum of twenty-three million dollars. Now, that's dollars that will go back into the economy. That's dollars that will help some people to save their homes and perhaps allow them to sell their homes without taking major losses. This is not asking, in fact, for a full extension as this body has voted on several times--the full thirteen weeks. The Conference Report asked for eight weeks. It asked that the program only be extended for nine months. It is nothing compared to what we have done in the past when we've had extremely high unemployment, as we have right now. I think anyone who looks around at the employment figures in this state and the high unemployment that is going to be impacted if this Conference Report does not pass, and then looks at the balance, that there are no extra costs. There is no extra charge against any employer at this time. I think if you add those two things together--you may come to the conclusion that this is the right thing to do and that this bill should, in fact, pass."

The President Pro Tempore declared the question before the Senate to be the motion by Senator Vognild that the Senate adopt the Report of the Conference Committee on Engrossed Substitute Senate Bill No. 4196 and to grant the committee the powers of Free Conference.

The motion by Senator Vognild carried and the Senate adopted the Report of the Conference Committee on Engrossed Substitute Senate Bill No. 4196 and the committee was granted the powers of Free Conference.

## MOTION

At 10:15 p.m., on motion of Senator Vognild, the Senate was declared to be at ease.

The Senate was called to order at 10:40 p.m. by President Pro Tempore Goltz.

## MESSAGE FROM THE HOUSE

April 27, 1985

Mr. President:

The House has passed THIRD SUBSTITUTE SENATE BILL NO. 3827 with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The long-range health and environmental goals for the state of Washington must include the protection of the state's critical water bodies and supplies for the health, safety, and enjoyment of its people, and the economic use of water by providing water pollution control facilities and activities. The purpose of this chapter is to provide financial assistance to the state and local governments in the achievement of federal and state water pollution control requirements for the protection of the state's critical water resources. It is further the purpose of this chapter to provide this financial assistance without further indebting the state. It is the policy of this state that the responsibility of paying for the costs of that portion of capacity of water pollution control facilities designed to deal with future growth is a local responsibility and that grants and loans made under this chapter shall not be used to finance such capacities.

**NEW SECTION.** Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Account" means the 1985 water pollution control account.

(2) "City" means a city or town.

(3) "Critical water resource" means those significant surface or subterranean water bodies in jeopardy of further degradation causing irreparable deterioration.

(4) "Department" means the department of ecology.

(5) "Eligible cost" means that portion of the cost of a water pollution control facility that can be financed in part by a grant or loan under this chapter. The term does not include any portion of a facility's cost attributable to capacity that is in excess of that reasonably required to address one hundred ten percent of the water pollution control facility needs existing at the time application is made for a loan or grant. The department shall adopt rules to further define "eligible cost" and these policies shall be designed to fairly finance water pollution control facilities and to assure that the taxpayers in some areas of the state are not disproportionately called upon to pay for costs of addressing future pollution control needs in other parts of the state attributable to projected growth occurring in such other parts of the state.

(6) "Public body" means the state of Washington or any agency, county, city, political subdivision, municipal corporation, or quasi-municipal corporation thereof, an agency of the federal government, and those Indian tribes now or hereafter recognized as such by the federal government.

(7) "Water pollution control activities" means: (a) Actions to remove pollutants from or prevent pollution of critical water resources; (b) actions to clean up hazardous waste spills that threaten critical water resources; (c) the development of plans to prevent pollution of critical water resources and to specify needs for water pollution control facilities and other water pollution control activities; (d) research into activities that prevent pollution of critical water resources; and (e) the development of plans and designs specific to particular water pollution control facilities.

(8) "Water pollution control facilities" means facilities owned or operated by a public body for: (a) Preventing pollution to, or mitigating the deterioration of, critical water resources used for drinking purposes, but not including individual hookups; (b) secondary treatment of sewage or greater than secondary treatment of sewage, and related interceptors and outfalls; (c) facilities for treating stormwater; and (d) facilities for storing sewage and stormwater until it can be treated.

**NEW SECTION.** Sec. 3. The 1985 water pollution control account is hereby created in the state treasury. The following moneys shall be placed in the account: (1) Tax receipts from the tax imposed in section 7 of this act; (2) moneys appropriated to this account; (3) principal and interest from the repayment of loans made pursuant to this chapter; and (4) investment income obtained from the investment of these moneys.

**NEW SECTION.** Sec. 4. Moneys in the account shall be administered by the department of ecology subject to legislative appropriation. The department may use or permit the use of any moneys in the account to make grants or loans to public bodies, including grants to public bodies as cost-sharing moneys in any case where federal, local, or other moneys are made available on a cost-sharing basis, for water pollution control facilities and activities within the purposes of this chapter, and for related administrative expenses. Moneys in the account may also be used by the department to finance water pollution control activities within the purposes of this chapter.

The department shall ensure that grants of moneys authorized under this chapter do not constitute more than fifty percent of the total eligible cost of any water pollution control facility, and that the grants and loans of moneys authorized under this chapter do not constitute more than seventy-five percent of the total eligible cost of any water pollution control facility. The department shall also ensure that the combination of grants and loans of moneys authorized under this chapter and federal grants do not exceed seventy-five percent of the eligible cost of any water pollution control facility. The department shall insure that grants and loans made to a public body for water pollution control activities do not constitute more than fifty percent of the costs of the water pollution control activity. The department shall not provide grants for planning or design of water pollution control facilities, but may provide loans for such purposes that constitute up to one hundred percent of such costs.

Not more than three percent of the moneys in the account may be used by the department of ecology to pay for the administration of the grant and loan program established under this chapter.

Loans shall not be for a term in excess of ten years and shall bear interest at rates determined by the department in consultation with the state treasurer.

The department shall present a progress report on use of moneys from the account to the legislature no later than November 30th of each year.

**NEW SECTION.** Sec. 5. The department shall distribute grants and loans over the period from the effective date of this act until December 31, 1995, in the following manner:

(1) Not more than fifty-three percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of Puget Sound, including Hood Canal;

(2) Not more than ten percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of the straits of Juan de Fuca, Georgia, and Rosario, and marine embayments immediately adjacent to these straits;

(3) Not more than three percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of other marine water in the state;

(4) Not more than eleven percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of freshwater lakes and rivers, including but not limited to Lake Chelan and the Yakima and Columbia rivers;

(5) Not more than sixteen percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of sole source aquifers, including but not limited to not more than fourteen percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of the Spokane Rathdrum Prairie aquifer; and

(6) Not more than twenty-one percent for water pollution control facilities or activities as prescribed by the department.

These distribution percentages shall not restrict distributions in any single year. Not more than two and one-half percent of the total amounts of these moneys from the effective date of this act until December 31, 1995, may be transferred by the department to the state conservation commission for such purposes, of which one-half percent shall be used for research.

NEW SECTION, Sec. 6. When making grants or loans for water pollution control facilities, the department shall take into consideration the following:

(1) The protection of water quality and public health;

(2) The cost to household ratepayers if they had to finance the water pollution control facilities without state assistance;

(3) Regulatory actions established in federal and state compliance orders;

(4) The recommendations of the Puget Sound water quality authority and any other board, council, commission, or group established by the legislature to study water pollution control issues around the state;

(5) Geographical distribution;

(6) The extent to which the recipient county or city, or if the recipient is another public body, the extent to which the county or city in which the recipient public body is located, has established programs to mitigate nonpoint pollution of the surface or subterranean body of water sought to be protected by the water pollution control facilities or activities that would be partially financed by the grant or loan; and

(7) The level of local fiscal effort by household ratepayers since 1972 in financing water pollution control facilities.

When allocating moneys in the account for water pollution control activities, the department shall take into consideration subsections (1), (3), (4), (5), (6), and (7) of this section.

Within two years after the Puget Sound water quality authority has made its recommendations on nonpoint pollution, no grant or loan, or distribution of grant or loan moneys, may be made to any public body located within a county from which nonpoint pollution enters Puget Sound unless the director of the department of ecology finds that the Puget Sound water quality authority's recommendations on nonpoint pollution have been implemented by each public entity within the county, to the extent that the entity has the implementing authority.

NEW SECTION, Sec. 7. A state-wide property tax is hereby annually imposed at a rate equal to twenty-five cents per thousand dollars of assessed valuation adjusted to the state equalized ratio fixed by the department of revenue to be used exclusively for purposes provided for in this chapter. Receipts from this tax shall be placed directly in the 1985 water pollution control account. This property tax shall be imposed in 1985 for collection in 1986, and thereafter through the 1994 taxes to be collected in 1995. This property tax shall be in addition to the state property tax imposed in RCW 84.52.043.

NEW SECTION, Sec. 8. Sections 1 through 7 of this act shall constitute a new chapter in Title 43 RCW.

NEW SECTION, Sec. 9. A new section is added to chapter 84.55 RCW to read as follows:

This chapter does not apply to the first levy under section 7 of this act.

NEW SECTION, Sec. 10. A new section is added to chapter 84.52 RCW to read as follows:

The tax imposed under section 7 of this act is not subject to the limitations imposed under RCW 84.52.043.

NEW SECTION, Sec. 11. There is appropriated from the 1985 water pollution control account to the department of ecology for the biennium ending June 30, 1987, the sum of sixty-three million three hundred thousand dollars, or so much thereof as may be necessary, to carry out the purposes of this act."

On page 1, line 2 of the title, after "systems;" strike the remainder of the title and insert "adding a new chapter to Title 43 RCW; adding a new section to chapter 84.52 RCW; adding a new section to chapter 84.55 RCW; creating a new section; and making an appropriation.",

and the same are herewith transmitted.

## PERSONAL PRIVILEGE

Senator Kiskaddon: "A point of personal privilege. Mr. President. I have on my desk a Report of a Conference Committee on House Bill No. 131 and I assume that the conference committee must have met sometime before 9:30 this evening. I am a member of that conference committee and I feel very frustrated that I was not asked to attend the meeting. To be able to go out with four out of six signatures or something like that is one thing, but to not even be invited to the committee meeting, I do not believe is an appropriate way to run this body and I would hope that in any time in the future when I am put on a conference committee that I'm invited to the meeting."

## REPLY BY THE VICE PRESIDENT PRO TEMPORE

Vice President Pro Tempore Rasmussen: "Your point is recorded, but I think possibly you were not around. I should say further, Senator Kiskaddon, that if they do have two from each house on there that they have complied with the rules."

Senator Kiskaddon: "You don't have to invite the whole conference committee together, that four out of six is all you have to have for a meeting?"

Vice President Pro Tempore Rasmussen: "They would be nice if they did, but it frequently happens that they don't invite people."

Senator Kiskaddon: "I still believe that that is not a good way of doing business."

Vice President Pro Tempore Rasmussen: "Thank you, Senator Kiskaddon. It would be courteous if they had let you know that they were going to meet. I agree."

#### MESSAGE FROM THE HOUSE

April 27, 1985

Mr. President:

The House has adopted the Third Report of the Conference Committee on SUBSTITUTE SENATE BILL NO. 3384 and has granted said committee the powers of Free Conference, and the Third Report of the Conference Committee is herewith transmitted.

DENNIS L. HECK, Chief Clerk

#### THIRD REPORT OF CONFERENCE COMMITTEE

April 27, 1985

Mr. President:

Mr. Speaker:

We, of your Conference Committee, to whom was referred SUBSTITUTE SENATE BILL NO. 3384, establishing a salmon and steelhead rehabilitation and enhancement policy board, have had the same under consideration and we report that we are unable to agree and respectfully request the powers of Free Conference for the purpose of amending the bill as follows:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. Currently, many of the salmon stocks of Washington state are critically reduced from their sustainable level. The best interests of all fishing groups and the citizens as a whole are served by a stable and productive salmon resource. Immediate action is needed to reverse the severe decline of the resource and to insure its very survival. The legislature finds a state of emergency exists and that immediate action is required to restore its fishery.

Disagreement and strife have dominated the salmon fisheries for many years. Conflicts among the various fishing interests have only served to erode the resource. It is time for the state of Washington to make a major commitment to increasing productivity of the resource and to move forward with an effective rehabilitation and enhancement program. The department of fisheries is directed to dedicate its efforts to make increasing the productivity of the salmon resource a first priority and to seek resolution to the many conflicts that involve the resource.

Success of the enhancement program can only occur if projects efficiently produce salmon or restore habitat. The expectation of the program is to optimize the efficient use of funding on projects that will increase artificially and naturally produced salmon, restore and improve habitat, or identify ways to increase the survival of salmon. The full utilization of state resources and cooperative efforts with interested groups are essential to the success of the program.

NEW SECTION. Sec. 2. (1) The director shall develop long-term regional policy statements regarding the salmon fishery resources before December 1, 1985. The director shall consider the following in formulating and updating regional policy statements:

- (a) Existing resource needs;
- (b) Potential for creation of new resources;
- (c) Successful existing programs, both within and outside the state;
- (d) Balanced utilization of natural and hatchery production;
- (e) Desires of the fishing interest;
- (f) Need for additional data or research;
- (g) Federal court orders; and
- (h) Salmon advisory council recommendations.

(2) The director shall review and update each policy statement at least once each year.

NEW SECTION. Sec. 3. (1) The director shall develop a detailed salmon enhancement plan with proposed enhancement projects. The plan and the regional policy statements shall be submitted to the secretary of the senate and chief clerk of the house of representatives for legislative distribution by June 30, 1986. The enhancement plan and regional policy statements shall be provided by June 30, 1986, to the natural resources committees of the house of representatives and the senate. The director shall provide a maximum opportunity for the public to participate in the development of the salmon enhancement plan. To insure full participation by all interested parties, the director shall solicit and consider enhancement project proposals from Indian tribes, sports fishermen, commercial fishermen, private aquaculturists, and other interested groups or individuals for potential inclusion in the salmon enhancement plan. Joint or cooperative enhancement projects shall be considered for funding.

(2) The following criteria shall be used by the director in formulating the project proposals:

- (a) Compatibility with the long-term policy statement;
- (b) Benefit/cost analysis;
- (c) Needs of all fishing interests;
- (d) Compatibility with regional plans, including harvest management plans;
- (e) Likely increase in resource productivity;
- (f) Direct applicability of any research;
- (g) Salmon advisory council recommendations;
- (h) Compatibility with federal court orders;
- (i) Coordination with the salmon and steelhead advisory commission program;
- (j) Economic impact to the state;
- (k) Technical feasibility; and
- (l) Preservation of native salmon runs.

(3) The director shall not approve projects that serve as replacement funding for projects that exist prior to the effective date of this act, unless no other sources of funds are available.

(4) The director shall prioritize various projects and establish a recommended implementation time schedule.

NEW SECTION. Sec. 4. Upon approval by the legislature of funds for its implementation, the director shall monitor the progress of projects detailed in the salmon enhancement plan.

The director shall be responsible for establishing criteria which shall be used to measure the success of each project in the salmon enhancement plan.

NEW SECTION. Sec. 5. The director shall report to the legislature on or before October 30th of each year on the progress and performance of each project. The report shall contain an analysis of the successes and failures of the program to enable optimum development of the program. The report shall include estimates of funding levels necessary to operate the projects in future years.

The director shall submit the reports and any additional recommendations to the committees on ways and means and the committees on natural resources of the senate and house of representatives.

NEW SECTION, Sec. 6. As used in this chapter, "enhancement project" means salmon propagation activities including, but not limited to, hatcheries, spawning channels, rearing ponds, egg boxes, fishways, fish screens, stream bed clearing, erosion control, habitat restoration, net pens, applied research projects, and any equipment, real property, or other interest necessary to the proper operation thereof.

Sec. 7. Section 75.16.070, chapter 12, Laws of 1955 as amended by section 13, chapter 46, Laws of 1983 1st ex. sess. and RCW 75.08.065 are each amended to read as follows:

(1) The director may enter into contracts and agreements with a person to secure food fish or shellfish or for the construction, operation, and maintenance of facilities for the propagation of food fish or shellfish.

(2) The director may enter into contracts and agreements to procure from private aquaculturists food fish or shellfish with which to stock state waters.

Sec. 8. Section 2, chapter 327, Laws of 1977 ex. sess. as last amended by section 173, chapter 46, Laws of 1983 1st ex. sess. and RCW 75.48.120 are each amended to read as follows:

(1) The department shall not acquire, construct, or substantially improve a salmon enhancement facility unless the requirements of this section are met.

(a) The productivity of a salmon propagation facility is very dependent on water quantity and quality. Due to the limited number of water sources which meet the critical needs of a facility, it is imperative that these sources are acquired. Therefore, site acquisitions and preliminary design shall be considered by the department as generally having priority over project development.

(b) Prior to expending moneys for the construction and development of a particular salmon propagation facility, except for site acquisition and preliminary design, the department shall, with the advice of the advisory council created in subsection (2) of this section, give consideration to the following factors with respect to that facility:

(i) The department's management authority over propagated salmon;

(ii) The level of expected Canadian interception on the propagated salmon and whether this would be acceptable;

(iii) Whether an acceptable agreement has been reached on the status of treaty Indian salmon harvest; ~~((and))~~

(iv) Whether there can be a maximum harvest of propagated salmon with a tolerable impact on other salmonid stocks, both natural and artificial, and on their environment. The department shall consult on this matter with the department of game; ~~and~~

(v) Compatibility with regional policy statements and the salmon enhancement plan under chapter 75.-- RCW (sections 1 through 6 of this 1985 act).

(c) All facilities funded in full or in part by the salmon enhancement account shall operate at full production capacity. Facilities which drop below full production capacity shall be made available for volunteer cooperative projects under chapter 75.52 RCW or on a contract basis for private salmon propagation solely to stock state waters. The salmon advisory council shall submit to the legislature by January 1, 1986, an evaluation of each facility funded by the 1977 salmon enhancement account, and a determination as to the full production capacity of each facility based on the objective of maximizing the number, pounds, quality, survival, and other pertinent factors affecting salmon smolt released.

(2) To aid and advise the department in the performance of its functions with regard to the salmon enhancement program, a salmon advisory council is created. The advisory council consists of ~~((thirteen)) six~~ members appointed by the governor; ~~four legislative ex officio non-voting members, one appointed by each caucus in both the state senate and the house of representatives; and the director or his or her specifically appointed designee, who shall be the nonvoting chairman~~~~((the director of the department of game, or the director's designee, one member of the senate to be appointed by the president of the senate, and one member of the house of representatives to be appointed by the speaker of the house of representatives. Of the members appointed by the governor, two shall represent troll fishermen; two shall represent gill net fishermen, of which one shall be from the Puget Sound area and one from the southwest Washington area; one shall represent purse seine fishermen; one shall represent owners of charter boats; three shall represent sportsmen; two shall be members of Indian tribes of this state who shall be appointed from a list submitted by the Northwest Indian Fisheries Commission; and two shall represent fish processors, of which one shall represent fresh or frozen fish processors and one shall represent canneries)). Of the members appointed by the governor, two shall represent non-Indian commercial fishermen, two shall represent sports fishermen, and two shall represent treaty Indian fishermen. Of the treaty Indian fishermen, one shall be selected from a list provided by the Washington state tribal coordinating body and one shall be selected from a list provided by the Columbia River tribal coordinating body defined in 16 U.S.C. 3302 (5) and (18).~~

All members appointed by the governor shall serve terms of two years. Vacancies shall be filled in the same manner as original appointments.

The advisory council shall be convened by the director prior to the decision to expend funds for construction and development of any salmon (~~(propagation facility)~~) enhancement project. The council shall advise the director with regard to the considerations listed in subsection (1)(b) of this section and other factors the council deems relevant with respect to the proposed facility. The council shall actively participate in the development of regional policy statements and the salmon enhancement plan.

~~((Except for the director of the department of game and legislative members.))~~ Members shall receive reimbursement through the department of fisheries for travel expenses incurred in the performance of their duties in accordance with RCW 43.03.050 and 43.03.060.

~~((The director of the department of game, or the director's designee, shall receive reimbursement through the department of game for travel expenses incurred in the performance of his or her duties in accordance with RCW 43.03.050 and 43.03.060. The legislative members shall be deemed engaged in legislative business while in attendance upon the business of the council and shall be limited to such allowances therefor as otherwise provided in RCW 44.04.120.))~~

The salmon advisory council shall cease to exist on December 31, 1989. This section expires on December 31, 1989.

Sec. 9. Section 77.12.420, chapter 36, Laws of 1955 as amended by section 59, chapter 78, Laws of 1980 and RCW 77.12.420 are each amended to read as follows:

The commission may spend moneys to improve natural growing conditions for fish by constructing fishways, installing screens, removing obstructions to migratory fish, and eradicating undesirable fish. Department hatcheries shall operate at full production capacity as determined by the commission in a formal policy statement based on maximizing the number, pounds, quality, survival, and other pertinent factors affecting fish released into state waters. Facilities which fall below full production capacity after January 1, 1986, shall be made available for volunteer cooperative projects under chapter 75.52 RCW, or for private fish propagation solely to stock state waters. The commission may enter into cooperative agreements with state, county, municipal, and federal agencies, and with private individuals for these purposes.

NEW SECTION. Sec. 10. Thirty-nine thousand dollars, or so much thereof as may be necessary, is appropriated from the state general fund for the biennium ending June 30, 1987, to the department of fisheries for the purposes of this act.

NEW SECTION. Sec. 11. Sections 1 through 6 of this act shall constitute a new chapter in Title 75 RCW.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 13. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

On page 1, line 1 of the title, after "enhancement;" strike the remainder of the title and insert "amending RCW 75.08.065, 75.48.120, and 77.12.420; adding a new chapter to Title 75 RCW; prescribing penalties; making an appropriation; and declaring an emergency."

## MOTION

Senator Kreidler moved the appointment of Philip W. Dufford as a member of the Pollution Control Hearings Board be confirmed.

## PARLIAMENTARY INQUIRY

Senator Barr: "A point of parliamentary inquiry. It may not be a parliamentary inquiry, it's probably just a question of what is the motion before us?"

## REPLY BY THE PRESIDENT

President Cherberg: "The motion before the body is the confirmation of the appointment of Philip W. Dufford, Member, Pollution Control Hearings Board."

Senator Barr: "I will make a motion and then talk on it and after I make the motion, Mr. President, if you would please maybe rule on my motion.

"I would move that this appointment be referred to the Governmental Operations Committee."

President Cherberg: "Senator Barr has moved that Gubernatorial Appointment No. 80, Philip W. Dufford, be referred to the Governmental Operations Committee."

Senator Barr: "Thank you. That motion being in order then, I would like to bring something to the body's attention that I have mentioned to some other people throughout this session and before. I would like to remind you that the Pollution Control Hearings Board is the oversight committee of the Department of Ecology, the quasi-judicial body that sets and hears the appeals from the Department of Ecology and they are the watchdog over the Department of Ecology.

"Now, Mr. Dufford, being one of the finest men I have ever met--I know him very well and I want it to be understood that there's no reference to Mr. Dufford, but he was a lawyer in the Department of Ecology for several years and this is just not proper to move someone from the Department of Ecology--who has handled the business and the permits of the many very important matters of the state of Washington, dealing with the environment--over to then a body that probably acts on those same complaints that are appealed to them.

"Now this is, if I'm describing it properly, not good government. This body was created in 1970 and its been functioning very well as this watchdog committee and I could go on and describe the many important matters of air pollution and the permitting systems of some of the largest industries in the state and on, and on, and on. I would also like to put this confirmation process to a little test. There has been considerable discussion in the last few years about our process here of confirming. Now, between you and I and the gate post, let's use this good reason before us right now on what's right and what's wrong to take somebody from one place to another and put it to a little test and simply refer it back there, so that we will let the people of the state of Washington know that we are responsible here in this confirmation process."

Debate ensued.

The President declared the question before the Senate to be the motion by Senator Barr to refer Gubernatorial Appointment No. 80 to the Committee on Governmental Operations.

The motion by Senator Barr failed and the Senate confirmed the appointment of Philip W. Dufford as a member of the Pollution Control Hearings Board.

## APPOINTMENT OF PHILIP W. DUFFORD

The Secretary called the roll. The appointment was confirmed by the Senate by the following vote: Yeas, 38; nays, 6; absent, 4; excused, 1.

Voting yeas: Senators Bailey, Bender, Bottiger, Cantu, Conner, Deccio, DeJarnatt, Fleming, Garrett, Gaspard, Goltz, Granlund, Guess, Halsan, Hansen, Hayner, Johnson, Kiskaddon, Kreidler, Lee, McDermott, McDonald, McManus, Metcalf, Moore, Owen, Patterson, Peterson, Rasmussen, Rinehart, Saling, Stratton, Talmadge, Thompson, Vogndild, Warnke, Williams, Wojahn - 38.

Voting nays: Senators Barr, Bauer, Benitz, Craswell, Pullen, von Reichbauer - 6.

Absent: Senators Bluechel, Newhouse, Sellar, Zimmerman - 4.

Excused: Senator McCaslin - 1.

There being no objection, the President returned the Senate to the fourth order of business.

## MESSAGE FROM THE HOUSE

April 22, 1985

Mr. President:

The House refuses to concur in the Senate amendments to ENGROSSED SUBSTITUTE HOUSE BILL NO. 863 and asks the Senate to recede therefrom, and the same are herewith transmitted.

DENNIS L. HECK, Chief Clerk

## MOTIONS

On motion of Senator Peterson, the rules were suspended, Engrossed Substitute House Bill No. 863 was returned to second reading and read the second time.

On motion of Senator Peterson, the following amendment was adopted:

Strike everything after the enacting clause and insert the following:

**\*NEW SECTION.** Sec. 1. A new section is added to chapter 43.160 RCW to read as follows:

The legislature recognizes that in order to attract new industry to the state of Washington, and to encourage significant expansion of industries already here, it is often necessary to construct or improve public works facilities. To that end, the legislature, in 1982, created the community economic revitalization board and subsequently established a program of loans and grants to political subdivisions to enable construction and improvement of such facilities. This program has made a significant contribution toward stimulating economic development within the state.

The legislature now finds that the state's economic development efforts can be further enhanced by, in certain instances, providing funds to improve state highways in the vicinity of new industries considering locating in this state or existing industries that are considering significant expansion.

The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

It is the intent of the legislature to create an economic development account within the motor vehicle fund from which expenditures can be made by the department of transportation for state highway improvements necessitated by planned economic development. All such improvements must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by sections 2 and 3 of this act. It is further the intent of the legislature that such improvements not jeopardize any other planned highway construction projects. The improvements are intended to be of limited size and cost, and to include such items as additional turn lanes, signalization, illumination, and safety improvements.

**NEW SECTION.** Sec. 2. A new section is added to chapter 43.160 RCW to read as follows:

(1) An application to the board from a political subdivision may also include a request for improvements to an existing state highway or highways. The application is subject to all of the applicable criteria relative to qualifying types of development set forth in this chapter, as well as procedures and criteria established by the board.

(2) Before board consideration of an application from a political subdivision that includes a request for improvements to an existing state highway or highways, the application shall be forwarded by the board to the transportation commission.

(3) The board may not make its final determination on any application made under subsection (1) of this section before receiving the findings of the transportation commission as specified in section 3 of this act. Notwithstanding its disposition of the remainder of any such application, the board may not approve a request for improvements to an existing state highway or highways without the approval of the improvements, as submitted or amended by the transportation commission as specified in section 3 of this act.

(4) The board shall notify the transportation commission of its final decision regarding any application made under this section.

**NEW SECTION.** Sec. 3. A new section is added to chapter 47.01 RCW to read as follows:

(1) Upon receiving an application for improvements to an existing state highway or highways pursuant to section 2 of this act from the community economic revitalization board, the transportation commission shall, in a timely manner, determine whether or not the proposed state highway improvements:

- (a) Meet the safety and design criteria of the department of transportation;
- (b) Will impair the operational integrity of the existing highway system;
- (c) Will affect any other improvements planned by the department; and
- (d) Will be consistent with its policies developed pursuant to RCW 47.01.071.

(2) Upon completion of its determination of the factors contained in subsection (1) of this section and any other factors it deems pertinent, the transportation commission shall forward its approval of the proposed improvements as submitted or amended or disapproval, to the board, along with any recommendation it may wish to make concerning the desirability and feasibility of the proposed development. If the transportation commission disapproves any proposed improvements, it shall specify its reasons for disapproval.

(3) Upon notification from the board of an application's approval pursuant to section 2 of this act, the transportation commission shall direct the department of transportation to carry out the improvements in coordination with the applicant.

(4) The transportation commission shall notify the legislative transportation committee of all state highway improvements to be carried out pursuant to sections 2 and 3 of this act.

(5) All state highway improvements that are approved pursuant to sections 2 and 3 of this act shall be charged to the economic development account of the motor vehicle fund created by RCW 47.10.803.

Sec. 4. Section 1, chapter 316, Laws of 1981 as amended by section 1, chapter 19, Laws of 1982 and RCW 47.10.801 are each amended to read as follows:

(1) In order to provide funds necessary for the location, design, right of way, and construction of selected interstate and other state highway improvements, there shall be issued and sold, subject to subsections (2) and (3) of this section, upon the request of the Washington state transportation commission a total of four hundred (~~fifty~~) sixty million dollars of general obligation bonds of the state of Washington for the following purposes and specified sums:

(a) Not to exceed two hundred twenty-five million dollars to pay the state's share of costs for federal-aid interstate highway improvements and until December 31, (~~(1985))~~ 1989, to temporarily pay the regular federal share of construction of federal-aid interstate highway improvements to complete state routes 82, 90, 182, and 705 in advance of federal-aid apportionments under the provisions of 23 U.S.C. Secs. 115 or 122: PROVIDED, That the total amount of bonds issued to temporarily pay the regular federal share of construction of federal-aid interstate highways in advance of federal-aid apportionments as authorized by this section and RCW 47.10.790 shall not exceed one hundred twenty million dollars: PROVIDED FURTHER, That the transportation commission shall consult with the legislative transportation committee prior to the adoption of plans for the obligation of federal-aid apportionments received in federal fiscal year 1985 and subsequent years to pay the regular federal share of federal-aid interstate highway construction projects or to convert such apportionments under the provisions of 23 U.S.C. Secs. 115 or 122:

(b) Two hundred twenty-five million dollars for major transportation improvements throughout the state that are identified as category C improvements and for selected major non-interstate construction and reconstruction projects that are included as Category A Improvements in RCW 47.05.030;

(c) Ten million dollars for state highway improvements necessitated by planned economic development, as determined through the procedures set forth in sections 2 and 3 of this act.

(2) The amount of bonds authorized in subsection (1)(a) of this section shall be reduced if the transportation commission, in consultation with the legislative transportation committee, determines that any of the bonds that have not been sold are no longer required.

(3) The amount of bonds authorized in subsection (1)(b) of this section shall be increased by an amount not to exceed, and concurrent with, any reduction of bonds authorized under subsection (1)(a) of this section in the manner prescribed in subsection (2) of this section.

Sec. 5. Section 3, chapter 316, Laws of 1981 and RCW 47.10.803 are each amended to read as follows:

The proceeds from the sale of the bonds authorized by RCW 47.10.801(1) (a) and (b) shall be deposited in the motor vehicle fund(~~(-and)~~). The proceeds from the sale of the bonds authorized by RCW 47.10.801(1)(c) shall be deposited in the economic development account of the motor vehicle fund, hereby created. All such proceeds shall be available only for the purposes enumerated in RCW 47.10.801, for the payment of bond anticipation notes, if any, and for the payment of the expense incurred in the drafting, printing, issuance, and sale of such bonds.

**NEW SECTION.** Sec. 6. The sum of ten million dollars, or so much thereof as may be necessary, is appropriated from the economic development account of the motor vehicle fund to the department of transportation for the biennium ending June 30, 1987, to carry out the provisions

of sections 2 and 3 of this act and RCW 47.10.801(1)(c). However, the money available for expenditure under this appropriation may not exceed the amount of money derived from the sale of bonds, and interest earned thereon, authorized by RCW 47.10.801(1)(c) and deposited to the credit of the economic development account of the motor vehicle fund.

**NEW SECTION.** Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the entire act and the application of the provision to other persons or circumstances is invalid and of no further force and effect.

**NEW SECTION.** Sec. 8. Section 11, chapter 316, Laws of 1981 and RCW 47.10.810 are each hereby repealed.

**NEW SECTION.** Sec. 9. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

On motion of Senator Peterson, the following title amendment was adopted:

On page 1, line 2 of the title, after "development;" strike the remainder of the title and insert "amending RCW 47.10.801 and 47.10.803; adding new sections to chapter 43.160 RCW; adding a new section to chapter 47.01 RCW; repealing RCW 47.10.810; making an appropriation; and declaring an emergency."

#### MESSAGE FROM THE HOUSE

April 18, 1985

Mr. President:

The House has passed ENGROSSED SENATE BILL NO. 3230 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 62, chapter 155, Laws of 1965 ex. sess. as last amended by section 328, chapter 258, Laws of 1984 and RCW 46.61.515 are each amended to read as follows:

(1) Every person who is convicted of a violation of RCW 46.61.502 or 46.61.504 shall be punished by imprisonment for not less than twenty-four consecutive hours nor more than one year, and by a fine of not less than two hundred fifty dollars and not more than (seven hundred fifty) one thousand dollars. Unless the judge finds the person to be indigent, two hundred fifty dollars of the fine shall not be suspended or deferred. Twenty-four consecutive hours of the jail sentence shall not be suspended or deferred unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being. Whenever the mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. The court may impose conditions of probation that may include nonpetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The convicted person shall, in addition, be required to complete a course in an alcohol information school approved by the department of social and health services or more intensive treatment in a program approved by the department of social and health services, as determined by the court. A diagnostic evaluation and treatment recommendation shall be prepared under the direction of the court by an alcoholism agency approved by the department of social and health services or a qualified probation department approved by the department of social and health services. A copy of the report shall be forwarded to the department of licensing. Based

on the diagnostic evaluation, the court shall determine whether the convicted person shall be required to complete a course in an alcohol information school approved by the department of social and health services or more intensive treatment in a program approved by the department of social and health services. Standards for approval for alcohol treatment programs shall be prescribed by rule under the administrative procedure act, chapter 34.04 RCW. The courts shall periodically review the costs of alcohol information schools and treatment programs within their jurisdictions.

(2) On a second or subsequent conviction for driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs within a five-year period a person shall be punished by imprisonment for not less than seven days nor more than one year and by a fine of not less than five hundred dollars and not more than ((one)) two thousand ((five hundred)) dollars. District courts and courts organized under chapter 35.20 RCW are authorized to impose such fine. Unless the judge finds the person to be indigent, five hundred dollars of the fine shall not be suspended or deferred. The jail sentence shall not be suspended or deferred unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being. Whenever the mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. If, at the time of a second or subsequent conviction, the driver is without a license or permit because of a previous suspension or revocation, the minimum mandatory sentence shall be ninety days in jail and a two hundred dollar fine. The penalty so imposed shall not be suspended or deferred. The person shall, in addition, be required to complete a diagnostic evaluation by an alcoholism agency approved by the department of social and health services or a qualified probation department approved by the department of social and health services. The report shall be forwarded to the department of licensing. If the person is found to have an alcohol or drug problem requiring treatment, the person shall complete treatment at an approved alcoholism treatment facility or approved drug treatment center.

In addition to any nonsuspendable and nondeferrable jail sentence required by this subsection, the court shall sentence a person to a term of imprisonment not exceeding one hundred eighty days and shall suspend but shall not defer the sentence for a period not exceeding two years. The suspension of the sentence may be conditioned upon nonrepetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of suspension during the suspension period.

(3) The license or permit to drive or any nonresident privilege of any person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs shall:

(a) On the first conviction under either offense, be suspended by the department until the person reaches age nineteen or for ninety days, whichever is longer. The department of licensing shall determine the person's eligibility for licensing based upon the reports provided by the designated alcoholism agency or probation department and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified;

(b) On a second conviction under either offense within a five-year period, be revoked by the department for one year. The department of licensing shall determine the person's eligibility for licensing based upon the reports provided by the designated alcoholism agency or probation department and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified;

(c) On a third or subsequent conviction of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs, vehicular homicide, or vehicular assault, or any combination thereof within a five-year period, be revoked by the department for two years.

(4) In any case provided for in this section, where a driver's license is to be revoked or suspended, the revocation or suspension shall be stayed and shall not take effect until after the determination of any appeal from the conviction which may lawfully be taken, but in case the conviction is sustained on appeal the revocation or suspension takes effect as of the date that the conviction becomes effective for other purposes.

Sec. 2. Section 2, chapter 219, Laws of 1984 and RCW 46.20.599 are each amended to read as follows:

(1) Whenever any person is arrested for a violation of RCW 46.61.502 or 46.61.504, the arresting officer shall, at the time of arrest, confiscate the person's Washington state license or permit to drive, if any, and issue a temporary license to replace any confiscated license or permit.

(2) Within twenty-four hours of the arrest, the arresting officer shall transmit any confiscated license or permit to the department with a report indicating the date and location of the arrest.

(3) Any temporary license issued under this section shall be dated with the same expiration date as the confiscated license or permit. A temporary license shall be valid only until the sooner of:

(a) Its expiration date; or

(b) The suspension, revocation, or denial by judicial or administrative action for any reason of the license, permit, or privilege to drive of the person holding the temporary license.

(4) The department shall return, replace, or authorize renewal of any confiscated license or permit that has not been suspended or revoked for any reason upon notification:

(a) By the law enforcement agency that made the arrest that a charge has not been filed for the offense for which the license or permit was confiscated;

(b) By the prosecuting authority of the jurisdiction in which the offense occurred that the charge has been dropped or changed to other than one for which confiscation is required under this section; or

(c) By the court in which the case has been or was to be heard that prosecution on the charge has been deferred, that the charge has been dismissed, or that the person charged has been found not guilty of the charge; or

(d) By a court that the person has been convicted of the offense for which the license or permit was confiscated, but the suspension or revocation of the license or permit has been stayed pending appeal of the conviction.

(5) If a temporary license issued under this section expires before the department receives notification under subsection (4) of this section, the department shall authorize the driver to seek renewal of the license. If the driver is qualified for renewal, the department shall issue a new temporary license with the same expiration date as the driver would have received had his or her license or permit not been confiscated.

(6) Upon receipt of a returned or replaced confiscated license from the department, the driver shall return any temporary license in his or her possession or shall sign an affidavit that the temporary license has been lost, stolen, or destroyed.

(7) No temporary license issued under this section is valid to any greater degree than the confiscated license or permit that it replaces.

(8) The department shall provide courts and law enforcement agencies with the appropriate temporary license and notice forms for use under this section.

~~((9) This section shall expire on December 31, 1985.))~~

NEW SECTION. Sec. 3.

The legislature finds that the deferred prosecution program is an alternative to punishment for persons who will benefit from a treatment program if the treatment program is provided under circumstances that do not unreasonably endanger public safety or the traditional goals of the criminal justice system. This alternative to punishment is dependent for success upon appropriate treatment and the willingness and ability of the person receiving treatment to cooperate fully with the treatment program. The legislature finds that some persons have sought deferred prosecution but have been unable or unwilling to cooperate with treatment requirements and escaped punishment because of the difficulties in resuming prosecution after significant delay due to the absence of witnesses at a later date and the congestion in courts at a later date. The legislature further finds that the deferred prosecution statutes require clarification. The purpose of sections 4 through 19 of this act is to provide specific standards and procedures for judges and prosecutors to use in carrying out the original intent of the deferred prosecution statutes.

Sec. 4. Section 1, chapter 244, Laws of 1975 1st ex. sess. as amended by section 26, chapter 47, Laws of 1982 1st ex. sess. and RCW 10.05.010 are each amended to read as follows:

((Upon arraignment)) In a court of limited jurisdiction a person charged with a misdemeanor or gross misdemeanor may petition the court to be considered for a deferred prosecution program. The petition shall be filed with the court at least seven days before the date set for trial but, upon a written motion and affidavit establishing good cause for the delay and failure to comply with this section, the court may waive this requirement subject to the defendant's reimbursement to the court of the witness fees and expenses due for subpoenaed witnesses who have appeared on the date set for trial.

A person charged with a traffic infraction, misdemeanor, or gross misdemeanor under Title 46 RCW shall not be eligible for a deferred prosecution program unless the court makes specific findings pursuant to RCW 10.05.020. Such person shall not be eligible for a deferred prosecution program more than once in any five-year period. Separate offenses committed more than seven days apart may not be consolidated in a single program.

NEW SECTION. Sec. 5. A new section is added to chapter 10.05 RCW to read as follows:

At the time of arraignment a person charged with a violation of RCW 46.61.502 or 46.61.504 may be given a statement by the court that explains the availability, operation, and effects of the deferred prosecution program.

Sec. 6. Section 2, chapter 244, Laws of 1975 1st ex. sess. and RCW 10.05.020 are each amended to read as follows:

(1) The ((petition)) petitioner shall allege under oath in the petition that the wrongful conduct charged is the result of or caused by ((alcohol problems)) alcoholism, drug ((problems)) addiction, or mental problems for which the person is in need of treatment and unless treated

the probability of future reoccurrence is great, along with a statement that the person agrees to pay the cost of a diagnosis and treatment of the alleged problem or problems if financially able to do so. The petition shall also contain a case history ~~((of the person supporting the allegations))~~ and written assessment prepared by an approved alcoholism treatment facility as designated in chapter 70.96A RCW if the petition alleges alcoholism, an approved drug program as designated in chapter 71.24 RCW if the petition alleges drug addiction, or by an approved mental health center if the petition alleges a mental problem.

(2) Before entry of an order deferring prosecution, a petitioner shall be advised of his rights as an accused and execute, as a condition of receiving treatment, a statement that contains: (a) An acknowledgement of his rights; (b) a stipulation to the admissibility of the facts contained in the written police report; and (c) an acknowledgement that the statement will be entered and used to support a finding of guilty if the court finds cause to revoke the order granting deferred prosecution. The petitioner shall also be advised that he may, if he proceeds to trial and is found guilty, be allowed to seek suspension of some or all of the fines and incarceration that may be ordered upon the condition that he seek treatment and, further, that he may seek treatment from public and private agencies at any time without regard to whether or not he is found guilty of the offense charged. He shall also be advised that the court will not accept a petition for deferred prosecution from a person who sincerely believes that he is innocent of the charges or sincerely believes that he does not, in fact, suffer from alcoholism, drug addiction, or mental problems.

(3) Before entering an order deferring prosecution, the court shall make specific findings that: (a) The petitioner has stipulated to the admissibility of the facts as contained in the written police report; (b) the petitioner has acknowledged the admissibility of the stipulated facts in any criminal hearing or trial on the underlying offense or offenses held subsequent to revocation of the order granting deferred prosecution; and (c) the petitioner's statements were made knowingly and voluntarily. Such findings shall be included in the order granting deferred prosecution.

- (5) Approximate cost of the treatment.

The report with the treatment plan shall be filed with the court and a copy given to the ~~((defendant))~~ petitioner and ~~((defendant's))~~ petitioner's counsel. A copy of the treatment plan shall be given to the prosecutor by petitioner's counsel at the request of the prosecutor. The facility shall agree to provide the court with a statement every three months for the first year and every six months for the second year regarding (a) the petitioner's cooperation with the treatment plan proposed and (b) the petitioner's progress or failure in treatment. These statements shall be made as a declaration by the person who is personally responsible for providing the treatment.

The court upon receiving such a report shall hold a hearing to determine whether the ((defendant)) petitioner should be removed from the deferred prosecution program. At the hearing, evidence shall be taken of the ((defendant's)) petitioner's alleged failure to comply with the treatment plan and the ((defendant)) petitioner shall have the right to present evidence on his or her own behalf. The court shall either order that the ((defendant)) petitioner continue on the treatment plan or be removed from deferred prosecution. As a condition of granting deferred prosecution, the court may order supervision of the petitioner during the period of deferral. In a jurisdiction without a probation department, the court may appoint an appropriate person or agency to supervise the petitioner. A supervisor appointed under this section shall be required to do at least the following:

(4) Financial assistance to an activity and acknowledgment of the source of the assistance, if the assistance, activity, and acknowledgment are each approved by the college or university administration.

Sec. 21, Section 11, chapter 260, Laws of 1981 as amended by section 1, chapter 165, Laws of 1983 and RCW 46.20.308 are each amended to read as follows:

(1) Any person who operates a motor vehicle upon the public highways of this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a ((chemical)) test or tests of his or her breath or blood for the purpose of determining the alcoholic content of his or her blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor.

The test or tests shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle upon the public highways of this state while under the influence of intoxicating liquor. The officer shall inform the person of his or her right to refuse the test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver that his or her privilege to drive will be revoked or denied if he or she refuses to submit to the test. The officer shall warn the driver that his refusal to take the test may be used against him in any subsequent criminal trial if the court determines that the fact of refusal is admissible.

Unless the person to be tested is unconscious, the ((chemical)) test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which another person has been injured and there is a reasonable likelihood that such other person may die as a result of injuries sustained in the accident, a breath or blood test may be administered without the consent of the individual so arrested. In such circumstances, the provisions of subsections (2) through (6) of this section shall not apply.

(2) Any person who is dead, unconscious, or who is otherwise in a condition rendering him incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506.

(3) If, following his or her arrest, the person arrested refuses upon the request of a law enforcement officer to submit to a ((chemical)) test of his or her breath, after being informed that his refusal will result in the revocation or denial of his privilege to drive, no test shall be given. The department of licensing, upon the receipt of a sworn report of the law enforcement officer that he had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle upon the public highways of this state while under the influence of intoxicating liquor and that the person had refused to submit to the test upon the request of the law enforcement officer after being informed that such refusal would result in the revocation or denial of his privilege to drive, shall revoke his license or permit to drive or any nonresident operating privilege. If the person is a resident without a license or permit to operate a motor vehicle in this state, the department shall deny to the person the issuance of a license or permit for a period of one year after the date of the alleged violation or for two years if it is the second such refusal in a five-year period, subject to review as hereinafter provided.

(4) Upon revoking the license or permit to drive or the nonresident operating privilege of any person, or upon determining that the issuance of a license or permit shall be denied to the person, as directed in this section, the department shall immediately notify the person involved in writing by personal service or by registered or certified mail of its decision and the grounds therefor, and of his right to a hearing, specifying the steps he must take to obtain a hearing. The person upon receiving the notice may, in writing and within ten days therefrom request a formal hearing. Upon receipt of such request, the department shall afford him an opportunity for a hearing as provided in RCW 46.20.329 and 46.20.332. The scope of the hearing for the purposes of this section shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle upon the public highways of this state while under the influence of intoxicating liquor, whether the person was placed under arrest, and whether he refused to submit to the test upon request of the officer after having been informed that such refusal would result in the revocation or denial of his privilege to drive. The department shall order that the revocation or determination that there should be a denial of issuance either be rescinded or sustained. Any decision by the department revoking a person's driving privilege shall be stayed and shall not take effect while a formal hearing is pending as provided in this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation during pendency of the hearing and appeal.

(5) If the revocation or determination that there should be a denial of issuance is sustained after such a hearing, the person whose license, privilege, or permit is so affected has the right to file a petition in the superior court of the county in which he or she resides, or, if a nonresident of this state, where the charge arose, to review the final order of revocation or denial by the department in the manner provided in RCW 46.20.334.

(6) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been revoked, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license.

Sec. 22. Section 11, chapter 260, Laws of 1981 as last amended by section 2, chapter 165, Laws of 1983 and by section 21 of this act and RCW 46.20.308 are each reenacted and amended to read as follows:

(1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcoholic content of his or her blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor.

(2) The test or tests shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor. The

officer shall inform the person of his or her right to refuse the test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver that (a) his or her privilege to drive will be revoked or denied if he or she refuses to submit to the test, (b) that his or her privilege to drive will be suspended, revoked, or denied if the test is administered and the test indicates a concentration of alcohol in his or her blood of 0.10 percent or more, or a concentration of the equivalent of 0.10 gram or more of alcohol per two hundred ten liters of his or her breath, and (c) that his or her refusal to take the test may be used against him or her in a subsequent criminal trial if the court determines that the fact of refusal is admissible.

(3) Except as provided in this subsection and subsection (4) of this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which another person has been injured and there is a reasonable likelihood that such other person may die as a result of injuries sustained in the accident, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test of his or her breath, no test shall be given except as authorized under subsection (3) or (4) of this section.

Sec. 23. Section 1, chapter 176, Laws of 1979 ex. sess. and RCW 46.61.502 are each amended to read as follows:

A person is guilty of driving while under the influence of intoxicating liquor or any drug if he drives a vehicle within this state while:

(1) He has 0.10 percent or more by weight of alcohol in his blood, or the equivalent of 0.10 gram or more of alcohol per two hundred ten liters of breath, as shown by ~~((chemical))~~ analysis of his breath, blood, or other bodily substance made under RCW 46.61.506 as now or hereafter amended; or

(2) He is under the influence of or affected by intoxicating liquor or any drug; or

(3) He is under the combined influence of or affected by intoxicating liquor and any drug.

The fact that any person charged with a violation of this section is or has been entitled to use such drug under the laws of this state shall not constitute a defense against any charge of violating this section.

Sec. 24. Section 2, chapter 176, Laws of 1979 ex. sess. and RCW 46.61.504 are each amended to read as follows:

A person is guilty of being in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug if he has actual physical control of a vehicle within this state while:

(1) He has a 0.10 percent or more by weight of alcohol in his blood, or the equivalent of 0.10 gram or more of alcohol per two hundred ten liters of breath, as shown by ~~((chemical))~~ analysis of his breath, blood, or other bodily substance made under RCW 46.61.506, as now or hereafter amended; or

(2) He is under the influence of or affected by intoxicating liquor or any drug; or

(3) He is under the combined influence of or affected by intoxicating liquor and any drug.

The fact that any person charged with a violation of this section is or has been entitled to use such drug under the laws of this state shall not constitute a defense against any charge of violating this section. No person may be convicted under this section if, prior to being pursued by a law enforcement officer, he has moved the vehicle safely off the roadway.

Sec. 25. Section 3, chapter 1, Laws of 1969 as last amended by section 5, chapter 176, Laws of 1979 ex. sess. and RCW 46.61.506 are each amended to read as follows:

(1) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or any drug, if the amount of alcohol in the person's blood or breath at the time alleged as shown by ~~((chemical))~~ analysis of his blood, breath, or other bodily substance is less than 0.10 percent by weight of alcohol in the person's blood, or the equivalent of 0.10 gram or more of alcohol per two hundred ten liters of breath, it is evidence that may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor or any drug.

(2) Percent by weight of alcohol in the blood shall be based upon milligrams of alcohol per one hundred cubic centimeters of blood. The breath analysis shall be based upon grams of alcohol per two hundred ten liters of breath. The foregoing provisions of this section shall not

be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person was under the influence of intoxicating liquor or any drug.

(3) ~~((Chemical))~~ Tests or analysis of the person's blood or breath to be considered valid under the provisions of this section or RCW 46.61.502 or 46.61.504 shall have been performed according to methods approved by the state toxicologist and by an individual possessing a valid permit issued by the state toxicologist for this purpose. The state toxicologist is directed to approve satisfactory techniques or methods, to supervise the examination of individuals to ascertain their qualifications and competence to conduct such analyses, and to issue permits which shall be subject to termination or revocation at the discretion of the state toxicologist.

(4) When a blood test is administered under the provisions of RCW 46.20.308, the withdrawal of blood for the purpose of determining its alcoholic content may be performed only by a physician, a registered nurse, or a qualified technician. This limitation shall not apply to the taking of breath specimens.

(5) The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of his own choosing administer a ~~((chemical))~~ test or tests in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

(6) Upon the request of the person who shall submit to a ~~((chemical))~~ test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to him or his attorney.

Sec. 26. Section 27, chapter 165, Laws of 1983 and RCW 46.61.517 are each amended to read as follows:

The refusal of a person to submit to a test of the alcoholic content of his blood under RCW 46.20.308 is admissible into evidence at a subsequent criminal trial without any comment ~~((and with a jury instruction, where applicable, that there shall be no speculation as to the reason for the refusal and that no inference is to be drawn from the refusal))~~.

NEW SECTION. Sec. 27. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 28. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately except for section 1 of this act, which shall take effect July 1, 1985, and section 22 of this act, which shall take effect January 1, 1986."

## MESSAGE FROM THE HOUSE

April 28, 1985

Mr. President:

Under suspension of the rules, the House adopted the Second Report of the Free Conference Committee on SENATE BILL NO. 3066 and passed the bill as amended by the Free Conference Committee, and said report together with the bill are herewith transmitted.

DENNIS L. HECK, Chief Clerk

## SECOND REPORT OF FREE CONFERENCE COMMITTEE

April 27, 1985

Mr. President:

Mr. Speaker:

We, of your Free Conference Committee, to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 3066, modifying provisions relating to gambling, have had the same under consideration and we recommend that the House amendment as amended by the Free Conference Committee as follows be adopted and the bill do pass as amended by the Free Conference Committee.

On page 3 of the House amendment, beginning on line 1 strike ~~"(which does not conduct or allow its premises to be used for conducting bingo on more than three occasions per week and)"~~ and insert "which does not conduct or allow its premises to be used for conducting bingo on more than three occasions per week and"

On page 6 of the House amendment, beginning on line 31, after "premises," strike everything down through and including "However, the" on page 7, line 3 and insert "The"

Signed by Senators Warnke and Moore; Representatives Wang, R. King and Patrick.

#### MOTION

Senator Warnke moved that the Second Report of the Free Conference Committee on Engrossed Substitute Senate Bill No. 3066 be adopted.

#### POINT OF INQUIRY

Senator Pullen: "This is a gambling bill and I'm always a little worried when a gambling bill was passed under the suspension of the rules. Perhaps Senator Warnke could explain why there is a suspension of the rules in the House and what the significance of that was and does it affect us here in the Senate in any way."

Senator Warnke: "Thank you, Mr. President. The first report that came over still had in it the bingo and commercial stimulant. After consideration with the committee again, the bingo was removed and sent back to the House. When the House had the report, they suspended the rules so they could amend their report for the second report to remove the stimulant and sent it back, so it was two actions, Senator Pullen, and so they had to suspend the rules for the second action."

#### POINT OF INQUIRY

Senator Wojahn: "Senator Warnke, you glossed over the trade stimulant and I really want to know what the wording is. Is it the same as on this pink copy where the gambling and card rooms can only be engaged in card rooms as a trade stimulant and not to make money?"

Senator Warnke: "That's right. When the bill went over, we had said commercial stimulant to determine businesses with a Class B or H liquor licenses--that they did not have to consider the trade stimulant in gambling. The language has been restored now that it is still the commercial stimulant--is incidental as a portion of the Class B and C licenses."

The President Pro Tempore declared the question before the Senate to be the motion by Senator Warnke that the Second Report of the Free Conference Committee on Engrossed Substitute Senate Bill No. 3066 be adopted.

The motion by Senator Warnke carried and the Second Report of the Free Conference Committee on Engrossed Substitute Senate Bill No. 3066 was adopted.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute Senate Bill No. 3066, as amended by the Free Conference Committee.

#### ROLL CALL

The Secretary called the roll on final passage of Engrossed Substitute Senate Bill No. 3066, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 28; nays, 18; absent, 2; excused, 1.

Excused: Senator McCaslin - 1.

## MESSAGE FROM THE HOUSE

April 28, 1985

Mr. President:

Under suspension of the rules, the House adopted the Third Report of the Free Conference Committee on SUBSTITUTE SENATE BILL NO. 3384 and passed the bill as amended by the Free Conference Committee, and said report together with the bill are herewith transmitted.

## THIRD REPORT OF FREE CONFERENCE COMMITTEE

April 27, 1985

Mr. President:

Mr. Speaker:

We, of your Free Conference Committee, to whom was referred SUBSTITUTE SENATE BILL NO. 3384, establishing a salmon and steelhead rehabilitation and enhancement policy board, have had the same under consideration and we recommend that Substitute Senate Bill No. 3384 be amended as follows and that the bill as amended by the Free Conference Committee do pass.

Strike everything after the enacting clause and insert the following:

**\*NEW SECTION.** Sec. 1. Currently, many of the salmon stocks of Washington state are critically reduced from their sustainable level. The best interests of all fishing groups and the citizens as a whole are served by a stable and productive salmon resource. Immediate action is needed to reverse the severe decline of the resource and to insure its very survival. The legislature finds a state of emergency exists and that immediate action is required to restore its fishery.

Disagreement and strife have dominated the salmon fisheries for many years. Conflicts among the various fishing interests have only served to erode the resource. It is time for the state of Washington to make a major commitment to increasing productivity of the resource and to move forward with an effective rehabilitation and enhancement program. The department of fisheries is directed to dedicate its efforts to make increasing the productivity of the salmon resource a first priority and to seek resolution to the many conflicts that involve the resource.

Success of the enhancement program can only occur if projects efficiently produce salmon or restore habitat. The expectation of the program is to optimize the efficient use of funding on projects that will increase artificially and naturally produced salmon, restore and improve habitat, or identify ways to increase the survival of salmon. The full utilization of state resources and cooperative efforts with interested groups are essential to the success of the program.

**NEW SECTION.** Sec. 2. (1) The director shall develop long-term regional policy statements regarding the salmon fishery resources before December 1, 1985. The director shall consider the following in formulating and updating regional policy statements:

- (a) Existing resource needs;
- (b) Potential for creation of new resources;
- (c) Successful existing programs, both within and outside the state;
- (d) Balanced utilization of natural and hatchery production;
- (e) Desires of the fishing interest;
- (f) Need for additional data or research;
- (g) Federal court orders; and
- (h) Salmon advisory council recommendations.

(2) The director shall review and update each policy statement at least once each year.

**NEW SECTION.** Sec. 3. (1) The director shall develop a detailed salmon enhancement plan with proposed enhancement projects. The plan and the regional policy statements shall be submitted to the secretary of the senate and chief clerk of the house of representatives for legislative distribution by June 30, 1986. The enhancement plan and regional policy statements shall be provided by June 30, 1986, to the natural resources committees of the house of representatives and the senate. The director shall provide a maximum opportunity for the public to participate in the development of the salmon enhancement plan. To insure full participation by all interested parties, the director shall solicit and consider enhancement project proposals from Indian tribes, sports fishermen, commercial fishermen, private aquaculturists, and other interested groups or individuals for potential inclusion in the salmon enhancement plan. Joint or cooperative enhancement projects shall be considered for funding.

(2) The following criteria shall be used by the director in formulating the project proposals:

- (a) Compatibility with the long-term policy statement;
- (b) Benefit/cost analysis;
- (c) Needs of all fishing interests;
- (d) Compatibility with regional plans, including harvest management plans;
- (e) Likely increase in resource productivity;

(f) Direct applicability of any research;

(g) Salmon advisory council recommendations;

(h) Compatibility with federal court orders;

(i) Coordination with the salmon and steelhead advisory commission program;

(j) Economic impact to the state;

(k) Technical feasibility; and

(l) Preservation of native salmon runs.

(3) The director shall not approve projects that serve as replacement funding for projects that exist prior to the effective date of this act, unless no other sources of funds are available.

(4) The director shall prioritize various projects and establish a recommended implementation time schedule.

NEW SECTION. Sec. 4. Upon approval by the legislature of funds for its implementation, the director shall monitor the progress of projects detailed in the salmon enhancement plan.

The director shall be responsible for establishing criteria which shall be used to measure the success of each project in the salmon enhancement plan.

NEW SECTION. Sec. 5. The director shall report to the legislature on or before October 30th of each year on the progress and performance of each project. The report shall contain an analysis of the successes and failures of the program to enable optimum development of the program. The report shall include estimates of funding levels necessary to operate the projects in future years.

The director shall submit the reports and any additional recommendations to the committees on ways and means and the committees on natural resources of the senate and house of representatives.

NEW SECTION. Sec. 6. As used in this chapter, "enhancement project" means salmon propagation activities including, but not limited to, hatcheries, spawning channels, rearing ponds, egg boxes, fishways, fish screens, stream bed clearing, erosion control, habitat restoration, net pens, applied research projects, and any equipment, real property, or other interest necessary to the proper operation thereof.

Sec. 7. Section 75.16.070, chapter 12, Laws of 1955 as amended by section 13, chapter 46, Laws of 1983 1st ex. sess. and RCW 75.08.065 are each amended to read as follows:

(1) The director may enter into contracts and agreements with a person to secure food fish or shellfish or for the construction, operation, and maintenance of facilities for the propagation of food fish or shellfish.

(2) The director may enter into contracts and agreements to procure from private aquaculturists food fish or shellfish with which to stock state waters.

Sec. 8. Section 2, chapter 327, Laws of 1977 ex. sess. as last amended by section 173, chapter 46, Laws of 1983 1st ex. sess. and RCW 75.48.120 are each amended to read as follows:

(1) The department shall not acquire, construct, or substantially improve a salmon enhancement facility unless the requirements of this section are met.

(a) The productivity of a salmon propagation facility is very dependent on water quantity and quality. Due to the limited number of water sources which meet the critical needs of a facility, it is imperative that these sources are acquired. Therefore, site acquisitions and preliminary design shall be considered by the department as generally having priority over project development.

(b) Prior to expending moneys for the construction and development of a particular salmon propagation facility, except for site acquisition and preliminary design, the department shall, with the advice of the advisory council created in subsection (2) of this section, give consideration to the following factors with respect to that facility:

(i) The department's management authority over propagated salmon;

(ii) The level of expected Canadian interception on the propagated salmon and whether this would be acceptable;

(iii) Whether an acceptable agreement has been reached on the status of treaty Indian salmon harvest; ~~((and))~~

(iv) Whether there can be a maximum harvest of propagated salmon with a tolerable impact on other salmonid stocks, both natural and artificial, and on their environment. The department shall consult on this matter with the department of game; and

(v) Compatibility with regional policy statements and the salmon enhancement plan under chapter 75.-- RCW (sections 1 through 6 of this 1985 act).

(c) All facilities funded in full or in part by the salmon enhancement account shall operate at full production capacity. Facilities which drop below full production capacity shall be made available for volunteer cooperative projects under chapter 75.52 RCW or on a contract basis for private salmon propagation solely to stock state waters. The salmon advisory council shall submit to the legislature by January 1, 1986, an evaluation of each facility funded by the 1977 salmon enhancement account, and a determination as to the full production capacity of each facility based on the objective of maximizing the number, pounds, quality, survival, and other pertinent factors affecting salmon smolt released.

(2) To aid and advise the department in the performance of its functions with regard to the salmon enhancement program, a salmon advisory council is created. The advisory council

consists of ((thirteen)) six members appointed by the governor; four legislative ex officio non-voting members, one appointed by each caucus in both the state senate and the house of representatives; and the director or his or her specifically appointed designee, who shall be the nonvoting chairman((; the director of the department of game, or the director's designee; one member of the senate to be appointed by the president of the senate; and one member of the house of representatives to be appointed by the speaker of the house of representatives. Of the members appointed by the governor, two shall represent troll fishermen; two shall represent gill net fishermen, of which one shall be from the Puget Sound area and one from the southwest Washington area; one shall represent purse seine fishermen; one shall represent owners of charter boats; three shall represent sportsmen; two shall be members of Indian tribes of this state who shall be appointed from a list submitted by the Northwest Indian Fisheries Commission; and two shall represent fish processors, of which one shall represent fresh or frozen fish processors and one shall represent canneries)). Of the members appointed by the governor, two shall represent non-Indian commercial fishermen, two shall represent sports fishermen, and two shall represent treaty Indian fishermen. Of the treaty Indian fishermen, one shall be selected from a list provided by the Washington state tribal coordinating body and one shall be selected from a list provided by the Columbia River tribal coordinating body defined in 16 U.S.C. 3302 (5) and (18).

All members appointed by the governor shall serve terms of two years. Vacancies shall be filled in the same manner as original appointments.

The advisory council shall be convened by the director prior to the decision to expend funds for construction and development of any salmon ((propagation facility)) enhancement project. The council shall advise the director with regard to the considerations listed in subsection (1)(b) of this section and other factors the council deems relevant with respect to the proposed facility. The council shall actively participate in the development of regional policy statements and the salmon enhancement plan.

((Except for the director of the department of game and legislative members.)) Members shall receive reimbursement through the department of fisheries for travel expenses incurred in the performance of their duties in accordance with RCW 43.03.050 and 43.03.060.

((The director of the department of game, or the director's designee, shall receive reimbursement through the department of game for travel expenses incurred in the performance of his or her duties in accordance with RCW 43.03.050 and 43.03.060. The legislative members shall be deemed engaged in legislative business while in attendance upon the business of the council and shall be limited to such allowances therefor as otherwise provided in RCW 44.04.120.))

Department hatcheries shall operate at full production capacity as determined by the commission in a formal policy statement based on maximizing the number, pounds, quality, survival, and other pertinent factors affecting fish released into state waters. Facilities which fall below full production capacity after January 1, 1986, shall be made available for volunteer cooperative projects under chapter 75.52 RCW, or for private fish propagation solely to stock state waters. The commission may enter into cooperative agreements with state, county, municipal, and federal agencies, and with private individuals for these purposes.

NEW SECTION. Sec. 10. Thirty-nine thousand dollars, or so much thereof as may be necessary, is appropriated from the state general fund for the biennium ending June 30, 1987, to the department of fisheries for the purposes of this act.

NEW SECTION. Sec. 11. Sections 1 through 6 of this act shall constitute a new chapter in Title 75 RCW.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 13. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

Mr. President:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 3927 with the following amendments:

Strike everything after the enacting clause and insert the following:

\*Sec. 1. Section 46.20.070, chapter 12, Laws of 1961 as last amended by section 4, chapter 61, Laws of 1979 and RCW 46.20.070 are each amended to read as follows:

Upon receiving a written application on a form provided by the director for permission for a person under the age of eighteen years to operate a motor vehicle over and upon the public highways of this state in connection with farm work, the director may issue a limited driving permit containing a photograph to be known as a juvenile agricultural driving permit, such issuance to be governed by the following procedure:

(1) The application must be signed by the applicant and by the applicant's father, mother, or legal guardian.

(2) Upon receipt of the application, the director shall cause an examination of the applicant to be made as by law provided for the issuance of a motor vehicle driver's license.

(3) The director shall cause an investigation to be made of the need for the issuance of such operation by the applicant.

Such permit authorizes the holder to operate a motor vehicle over and upon the public highways of this state within a restricted farming locality which shall be described upon the face thereof.

A permit issued under this section shall expire one year from date of issue, except that upon reaching the age of eighteen years such person holding a juvenile agricultural driving permit shall be required to make application for a motor vehicle driver's license.

The director shall charge a fee of ~~((one))~~ three dollars for each such permit and renewal thereof to be paid as by law provided for the payment of motor vehicle driver's licenses and deposited to the credit of the ~~((traffic))~~ highway safety ~~((education account in the general))~~ fund.

The director may transfer this permit from one farming locality to another, but this does not constitute a renewal of the permit.

The director may deny the issuance of a juvenile agricultural driving permit to any person whom the director determines to be incapable of operating a motor vehicle with safety to himself or herself and to persons and property.

The director may suspend, revoke, or cancel the juvenile agricultural driving permit of any person when in the director's sound discretion the director has cause to believe such person has committed any offense for which mandatory suspension or revocation of a motor vehicle driver's license is provided by law.

The director may suspend, cancel, or revoke a juvenile agricultural driving permit when in the director's sound discretion the director is satisfied the restricted character of the permit has been violated.

Sec. 2. Section 8, chapter 121, Laws of 1965 ex. sess. as amended by section 2, chapter 63, Laws of 1979 and RCW 46.20.091 are each amended to read as follows:

(1) Every application for an instruction permit or for an original driver's license shall be made upon a form prescribed and furnished by the department which shall be sworn to and signed by the applicant before a person authorized to administer oaths. Every application for an instruction permit containing a photograph shall be accompanied by a fee of ~~((two))~~ seven dollars ~~((and fifty cents))~~. The department shall forthwith transmit the fees collected for instruction permits and temporary drivers' permits to the state treasurer.

(2) Every ~~((said))~~ such application shall state the full name, date of birth, sex, and residence address of the applicant, and briefly describe the applicant, and shall state whether the applicant has theretofore been licensed as a driver or chauffeur, and, if so, when and by what state or country, and whether any such license has ever been suspended or revoked, or whether an application has ever been refused, and, if so, the date of and reason for such suspension, revocation, or refusal, and shall state such additional information as the department shall require.

(3) Whenever application is received from a person previously licensed in another jurisdiction, the department shall request a copy of such driver's record from such other jurisdiction. When received, the driving record shall become a part of the driver's record in this state.

(4) Whenever the department receives request for a driving record from another licensing jurisdiction, the record shall be forwarded without charge ~~((PROVIDED, HOWEVER, THAT))~~ if the other licensing jurisdiction extends the same privilege to the state of Washington ~~((;))~~. Otherwise there shall be a reasonable charge for transmittal of the record, the amount to be fixed by the director of the department.

Sec. 3. Section 4, chapter 155, Laws of 1969 ex. sess. as last amended by section 2, chapter 92, Laws of 1981 and RCW 46.20.117 are each amended to read as follows:

(1) The department shall issue "identicards ~~((;))~~", containing a picture, to nondrivers for a fee of ~~((three))~~ five dollars ~~((such fee shall be deposited in the highway safety fund; PROVIDED, THAT))~~. However, the fee shall be the actual cost of production to recipients of continuing public assistance grants under Title 74 RCW who are referred in writing to the department by the secretary of social and health services. The fee shall be deposited in the highway safety fund. To be eligible, each applicant shall produce evidence ~~((commensurate to))~~ as required by the ~~((regulations))~~ rules adopted by the director that positively proves identity. The "identocard" shall be distinctly designed so that it will not be confused with the official driver's license. The identocard shall be valid for five years.

(2) The department may cancel an "identocard" upon a showing by its records or other evidence that the holder of such "identocard" has committed a violation relating to "identicards" defined in RCW 46.20.336.

Sec. 4. Section 46.20.120, chapter 12, Laws of 1961 as last amended by section 6, chapter 61, Laws of 1979 and RCW 46.20.120 are each amended to read as follows:

No new driver's license may be issued and no previously issued license may be renewed until the applicant therefor has successfully passed a driver licensing examination: PROVIDED, That the department may waive all or any part of the examination of any person applying for the renewal of a driver's license except when the department determines that an applicant for a driver's license is not qualified to hold a driver's license under this title. For a new license examination a fee of ~~((three))~~ ten dollars shall be paid by each applicant, in addition to the fee charged for issuance of the license. A new license is one issued to a driver who has not been previously licensed in this state or to a driver whose last previous Washington license has expired.

Any person who is outside the state at the time his or her driver's license expires or who is unable to renew the license due to any incapacity may renew the license within sixty days after returning to this state or within sixty days after the termination of any such incapacity without the payment of a new license examination fee. In such case the department may waive all or any part of the examination as in the case of renewal of driver licenses.

The department shall provide for giving examinations at places and times reasonably available to the people of this state.

Sec. 5. Section 46.20.200, chapter 12, Laws of 1961 as last amended by section 5, chapter 191, Laws of 1975 1st ex. sess. and RCW 46.20.200 are each amended to read as follows:

~~((thereof))~~ of it upon furnishing proof of such fact satisfactory to the department ~~((without reexamination upon))~~ and payment of a fee of ~~((two))~~ six dollars ~~((and fifty cents))~~ to the department.

(2) A replacement permit, identicard, or driver's license may be obtained to change or correct material information upon payment of a fee of five dollars and surrender of the permit, identicard, or driver's license being replaced.

Sec. 6. Section 27, chapter 121, Laws of 1965 ex. sess. as last amended by section 325, chapter 258, Laws of 1984 and RCW 46.20.311 are each amended to read as follows:

(1) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as permitted under RCW 46.20.342 or 46.61.515. Whenever the license of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, or pursuant to RCW 46.20.291, the suspension shall remain in effect and the department shall not issue to the person any new, duplicate, or renewal license until the person pays a reinstatement fee of ~~((twenty))~~ thirty dollars and gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504 or was imposed under RCW 46.20.610(1) (a) or (b), the reinstatement fee shall be ~~((fifty))~~ sixty dollars.

(2) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (a) After the expiration of one year from the date on which the revoked license was surrendered to and received by the department; (b) after the expiration of the applicable revocation period provided by RCW 46.61.515(3) (b) or (c); (c) after the expiration of two years for persons convicted of vehicular homicide; (d) after the expiration of one year in cases of revocation for the first refusal within five years to submit to a chemical test under RCW 46.20.308; or (e) after the expiration of two years in cases of revocation for the second refusal within five years to submit to a chemical test under RCW 46.20.308. After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reinstatement fee in the amount of ~~((twenty))~~ thirty dollars, but if the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reinstatement fee shall be ~~((fifty))~~ sixty dollars. The department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. A resident without a license or permit whose license or permit was denied under RCW 46.20.610 shall give and thereafter maintain proof of financial responsibility for the future as provided in chapter 46.29 RCW.

(3) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020, the suspension shall remain in effect and the department shall not issue to the person any new or renewal license until the person pays a reinstatement fee of ~~((twenty))~~ thirty dollars. If the suspension is the result of a violation of the laws of another state, province, or other jurisdiction involving (a) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (b) the refusal to submit to a chemical test of the driver's blood alcohol content, the reinstatement fee shall be ~~((fifty))~~ sixty dollars.

Sec. 7. Section 46.20.380, chapter 12, Laws of 1961 as last amended by section 12, chapter 61, Laws of 1979 and RCW 46.20.380 are each amended to read as follows:

#### PERSONAL PRIVILEGE

Senator Peterson: "A point of personal privilege. Mr. President and members of the Senate. I hope everybody on this floor recognizes and realizes what we just did. We closed a number of drivers' license stations across the state as a result of the action we just took. I hope you will recognize this when we come back here in 1986, when you don't have a drivers' license station in the respective districts from which they are going to have to be closed. We have given the insurance companies another big break. They are going to be drawing abstracts at a dollar and fifty cents and the taxpayers are going to be paying a dollar and fifty cents subsidy for every abstract they ask for, and the result is going to be primarily in the drivers' license stations.

"You can rest assured that we are going to be back here, I am sure, next January and some of you that voted along with the great relief bill for the insurance companies will probably rue the day that you did it and next year we'll probably have to make up that difference."

#### PERSONAL PRIVILEGE

Senator Sellar: "I don't think the former speaker was really speaking on personal privilege, but I would ask the same courtesy.

"I guess you would have to go back and look at the 'aye' votes on that and the 'aye' votes were saying let's charge the insurance companies what it cost to produce that document to them and that's what the 'aye' votes say, and the 'no' votes say 'no' that we're not going to do that, so I just want to set the record straight that those who voted 'aye' on that vote were voting to raise the insurance companies' charges to what the cost would be. The Director of Licensing testified--I have

it in my office, a tape of that, saying that the cost of producing that document is three dollars and that's what the bill did."

#### PERSONAL PRIVILEGE

Senator Hansen: "A point of personal privilege. Thank you, Mr. President. Really and truly what we have done, the insurance companies are going to laugh all the way home. They're still going to get that abstract for a dollar and a half and we're going to close all the stations in eastern Washington, like I said once before. They can make it three-fold, now they can catch us for speeding coming to Seattle to get our license, we'll have to pay a motel tax when we get over here and a gasoline tax to get here and back. It just amazes me. At least I'd rather have taken the three dollars and got the absolute cost out, but I do deplore the amount we have to raise the poor people's portion of this to help run that Department and with the insurance companies just barely paying their costs."

#### MESSAGE FROM THE HOUSE

#### POINT OF INQUIRY

Senator Kiskaddon: "Senator McDermott, would you explain a little more what this innocuous little amendment does?"

Senator McDermott: "Senator Kiskaddon, we are talking about Senate Bill No. 3354, floor number 125. It is a bill that has to do with the medical aid fund—putting some limits on it. The amendment the House hung on this bill on page 3, line 26 says 'not later than December 1, 1986, the Director of Labor and Industries shall provide to the committee of Ways and Means of the Senate and House a progress report. The House thought that there also should be a report to the committees of Commerce and Labor of the Senate and House of Representatives. This is all the amendment is. It requires the report to be sent to another two committees.'"

Further debate ensued.

The President Pro Tempore declared the question before the Senate to be the motion by Senator McDermott that the Senate concur in the House amendment to Substitute Senate Bill No. 3354.

#### RULING BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Goltz: "In ruling upon the point of order raised by Senator Halsan, the President finds that Engrossed Senate Bill No. 3230 is a measure relating to alcohol abuse by increasing the fines for driving while intoxicated, strengthening the deferred prosecution program and prohibiting liquor promotions on college campuses.

"The amendments proposed by the House increase the fines for driving while intoxicated, strengthen the deferred prosecution program, limit liquor promotions on college campuses and revise the implied consent law by redefining the breath alcohol content required for a 'driving while intoxicated' violation.

"The President, therefore, finds that the proposed amendments do change the scope and object of the bill and that the point of order is well taken."

It is the desire of the legislature that the citizens of newly incorporated cities or towns receive uninterrupted and adequate services in the period prior to the city or town government attaining the ability to provide such service levels. In addition to the services provided under RCW \_\_\_\_ (section 1, chapter 143, Laws of 1985), it is the purpose of this section to permit the county or counties in which a newly incorporated city or town is located to contract with the newly incorporated city or town for the continuation of essential services until the newly

incorporated city or town has attained the ability to provide such services at least at the levels provided by the county before the incorporation. These essential services may include but are not limited to, law enforcement, road and street maintenance, drainage, and other utility services previously provided by the county before incorporation. The contract should be negotiated on the basis of the county's cost to provide services without consideration of capital assets which do not continue to be amortized for principal and interest or depreciated by the county. The exception for not considering capital assets which are no longer amortized for principal and interest or depreciated is recognition of the preexisting financial investment of citizens of the newly incorporated city or town have made in county capital assets.

Nothing in this section limits the ability of the county and the newly incorporated city or town to contract for higher service levels or for other time periods than those imposed by this section.

NEW SECTION, Sec. 707. FOR THE ARTS COMMISSION

Artwork allowance pooling: Up to one-half of one percent of moneys appropriated in this act shall be spent as provided in RCW 28A.58.055, 28B.10.027, and 43.17.200.

NEW SECTION, Sec. 708. To carry out effectively the provisions of this act, the governor may assign responsibility for planning, engineering, construction, and other related activities to any appropriate agency.

NEW SECTION, Sec. 709. Reappropriations shall be limited to the unexpended balances remaining June 30, 1985, in the current appropriation for each project.

NEW SECTION, Sec. 710. As part of the annual six year update to the State Facilities and Capital Plan, agencies shall, beginning with the January 1986 update, provide lease development projects to the office of financial management.

NEW SECTION, Sec. 711. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with any moneys available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the committees on ways and means of the senate and house of representatives.

NEW SECTION, Sec. 712. Notwithstanding any other provisions of law, for the 1985-87 biennium, state treasurer transfers of reimbursement to the general fund from the community college capital projects account for debt service payments made under the provisions of Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available in the account. Any unpaid reimbursements shall be a continuing obligation against the community college capital projects account until paid. The state board for community college education need not accumulate any specific balance in the community college capital projects account in anticipation of transfers to reimburse the general fund.

NEW SECTION, Sec. 713. Any capital improvements or capital project involving construction or major expansion of a state office facility, including district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the department of general administration for possible consolidation and compliance with state office standards prior to allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION, Sec. 714. The governor, through the director of financial management, may authorize a transfer of appropriation authority provided for a capital project which is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer shall be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects which are funded from the same fund or account.

A report of any transfer effected under this section shall be filed with the legislative auditor by the director of financial management within thirty days of the date the transfer is effected. The legislative auditor shall review and compile these filings and periodically report thereon to the legislative budget committee and the appropriate standing committees of the senate and house of representatives.

NEW SECTION, Sec. 715. To carry out effectively, efficiently, and economically the provisions of this act, each agency shall establish a start date and completion date on each project which has an estimated total cost which exceeds five hundred thousand dollars and for which a start or completion date is not specified in this act. This information shall be furnished to the office of financial management and the legislative auditor no later than the date the allotment request is filed with the office of financial management. If a project cannot start on or before the indicated start date or be completed by the indicated completion date, the director of the agency shall document and file with the office of financial management and the legislative budget committee the reason for the delay and indicate the new start and/or completion date(s). The legislative auditor shall review these filings and report thereon to the legislative budget committee and the appropriate standing committees of the senate and house of representatives.

As a result of these filings, agency directors may be required to appear before the legislative budget committee for further explanation of a project delay.

NEW SECTION, Sec. 716. (1) A maximum of \$121,800,000 of the appropriations and reappropriations provided in sections 301 through 309 of this act may be disbursed during the 1985-87 biennium.

(2) Reappropriations in sections 301 through 305 of this act are reauthorizations of appropriations from section 887, chapter 57, Laws of 1983 1st ex. sess. Proceeds of the sale of bonds authorized by chapter 266, Laws of 1984 may be used for the support of these projects.

NEW SECTION, Sec. 717. The appropriations of moneys and the designation of funds and accounts by this and other acts of the 1985 legislature shall be construed in a manner consistent with legislation enacted by the 1985 legislature to conform state funds and accounts with generally accepted accounting principles.

NEW SECTION, Sec. 718. (1) The legislature finds:

(a) Estimates of capital project costs are prepared in a manner to ensure sufficient funds are available for the completion of projects.

(b) Actual project costs are influenced by variations in cost factors, changing unit price levels, available inventories, inflation rates, gross construction volume at the time of project bid, and other factors that cannot be predicted at the time of estimating capital project costs.

(c) Due to funding limitations, necessary capital projects are deferred to ensuing biennia.

(d) The deferral of capital projects results in increased project costs due to the effects of inflation and increased deterioration of facilities.

(e) No statutory authority currently exists to allow project cost savings to be used to implement necessary capital projects that were deferred to ensuing biennia due to lack of funds.

(2) There is hereby authorized a capital projects cost control incentive program for the 1985-87 biennium.

(3) Appropriations not required by an agency to complete capital projects authorized in this act, may be expended to implement, in priority sequence, those capital renewal projects of the agency listed in the Governor's Six-Year Capital and Facility Plan for the 1987-89 Biennium, as that list exists in the Governor's final 1986 update of the six-year plan. Expenditures under this section are subject to the following conditions:

(a) No expenditure may be made without the prior allotment approval of the office of financial management.

(b) The office of financial management shall notify the senate and house ways and means committees prior to authorizing any project for implementation under this section.

(c) No project may be authorized under this section by the office of financial management unless sufficient funds are available to complete a project's design phase, construction phase, or both.

(d) Appropriations in this act for a capital project shall not be expended under this section unless:

(i) All contracts associated with the performance of the project have been completed and accepted by the state of Washington;

(ii) The statutory thirty-day lien period for each project has expired;

(iii) All claims of lien against project contracts have been satisfied;

(iv) There are no outstanding claims against the state of Washington by any contracted party to the project construction contract; and

(v) Any and all negotiated settlements or settlements arising from the findings of an arbitration board or court of jurisdiction have been satisfied.

NEW SECTION, Sec. 719. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION, Sec. 720. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1985.

and the same are herewith transmitted.

DENNIS L. HECK, Chief Clerk

#### MOTION

Senator McDermott moved that the Senate do concur in the House amendment to Engrossed Substitute Senate Bill No. 3654.

#### POINT OF INQUIRY

Senator Guess: "Senator McDermott, we're confused about the Ag Trade Center in Spokane. Does this contain 4.5 million dollar grant for the Ag Trade Center?"

Senator McDermott: "It is a grant of 4.5 million dollars."

#### POINT OF INQUIRY

Senator Gaspard: "Senator McDermott, a couple of years ago we passed Senate Bill No. 3155 which established the High Tech Coordinating Board, gave some

direction for high technology in the state of Washington community colleges and to try and encourage the growth of high tech industry in the state of Washington, gave authorization for the creation of a high tech center at the University of Washington and I note with disappointment that the House has taken out that construction money at the University of Washington for the High Tech Center. Can you give me any rationale as the House may have used to take, what I consider, this important project out?"

Senator McDermott: "Senator Gaspard, I wish I could give you a good rationale for that decision but also, Senator, it disappointed me but I believe we can continue to function in that project for the next year and a half and come back with it in the next budget. I think the needs of that center have already been demonstrated. They've gotten federal contracts as well as private industry contracts. It is a real going concern and I also believe we will build the building to give them the space they need."

#### POINT OF INQUIRY

Senator Zimmerman: "Senator McDermott, you mentioned in your list there of the Fire Training Center of some seven hundred and some thousand. There was some concern as to whether that was left out of the other part of the budget, or there was some confusion as to whether inadvertently that had been adversely affected. You are not aware of any other problem on that particular project?"

Senator McDermott: "No, Senator Zimmerman. This is the marine fire training rather than the Fire Training Center up near North Bend, up in King County."

Senator Zimmerman: "Excuse me, I was concerned about the other one."

#### POINT OF INQUIRY

Senator Barr: "Senator McDermott, you went down that list pretty fast and attracted my attention when you said 'Conconully.' What department was that in? Could you just hit that again just lightly, please?"

Senator McDermott: "In the Parks and Recreation budget, there was a project for \$102,000 at Swim Lagoon at Conconully. They deleted that. The Governor had it in and we kept it in and they took it out."

The President Pro Tempore declared the question before the Senate to be the motion by Senator McDermott that the Senate do concur in the House amendment to Engrossed Substitute Senate Bill No. 3654.

The motion by Senator McDermott carried and the Senate concurred in the House amendment to Engrossed Substitute Senate Bill No. 3654.

The President Pro Tempore declared the question before the Senate to be the roll call on final passage of Engrossed Substitute Senate Bill No. 3654, as amended by the House.

#### ROLL CALL

The Secretary called the roll on final passage of Engrossed Substitute Senate Bill No. 3654, as amended by the House, and the bill passed by the following vote: Yeas, 41; nays, 7; excused, 1.

#### MOTIONS

On motion of Senator Vognild, the Conference Committee was relieved of further consideration of Engrossed House Bill No. 1001.

On motion of Senator Vognild, the Senate insists on its position regarding the Senate amendments to Engrossed House Bill No. 1001 and once again asks the House to concur therein.

## MOTION

On motion of Senator Bottiger, the Senate reverted to the first order of business.

## REPORT OF STANDING COMMITTEE

April 27, 1985

ESH 32 Prime Sponsor, Committee on Ways and Means (originally sponsored by Representatives R. King, Fisch, Miller, Wang, Winsley, Allen, Fisher, O'Brien, P. King, Sayan, Basich, McMullen, Lux, Brekke and Rayburn): Providing collective bargaining for institutions of higher education. Reported by Committee on Committee on Ways and Means

MAJORITY recommendation: Do pass as amended. Signed by Senators Gaspard, Vice Chairman; Bottiger, Fleming, Goltz, Lee, Moore, Rinehart, Talmadge, Thompson, Warnke, Wojahn.

Hold.

## MOTION

Senator Bottiger moved that the rules be suspended and Engrossed Substitute House Bill No. 32 be advanced to second reading and placed on the second reading calendar.

Debate ensued.

Senator Bottiger demanded a roll call and the demand was sustained.

Further debate ensued.

## PARLIAMENTARY INQUIRY

Senator Metcalf: "If this motion passes, the bill will be before us, if it fails the bill will be back in the Rules Committee?"

## REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Goltz: "That is correct. We are considering a motion that follows the reporting of the standing committee and if this motions fails, the bill will be referred to the Rules Committee."

Further debate ensued.

## POINT OF ORDER

Senator Newhouse: "Mr. President, please rule on whether this bill is exempted from the cutoff."

## REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Goltz: "Senator Newhouse, would you restate your point of order?"

Senator Newhouse: "I was asking the President to rule as to whether or not House Bill 32 is exempt from our cutoff resolution whereby on a Friday night sometime ago all House bills not passed were dead."

President Pro Tempore Goltz: "Yes, I thought that was your motion and I will have a ruling on that in just a moment. I'm asking for a copy of the cutoff resolution to be brought to me."

## RULING BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Goltz: "Engrossed Substitute House Bill No. 32 is specified in Section 145 and Section 522 of Substitute Senate Bill No. 3656, the 1985-87 omnibus budget, as passed by the Senate. The appropriations provided in those sections are in part subject to the enactment of Engrossed Substitute House Bill No. 32. The President believes these provisions make Engrossed Substitute House Bill No. 32 necessary to implement the budget and, therefore, exempt from the cutoffs or alive.

"The President recognizes that the House version of Substitute Senate Bill No. 3656 does not include references, as far as he knows, to Engrossed Substitute House Bill No. 32; however, the President believes bills referenced in either version of the budget should be considered alive."

## PARLIAMENTARY INQUIRY

Senator McDonald: "Mr. President, a form of parliamentary inquiry. How many votes does it take to have this motion? I'm reading Rule 48, which says that 'The Senate may then make such orderly disposition of the bill as they may direct by a majority vote of the members of the senate.' My reading would be 25, since we would in effect be relieving the Rules Committee of this bill."

## REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Goltz: "Senator McDonald, are you suggesting that House Bill No. 32 is being recalled from the Ways and Means Committee?"

Senator McDonald: "No, I'm suggesting that the Rules Committee be relieved of the bill."

President Pro Tempore Goltz: "The bill would not be in the Rules Committee unless the motion before us fails at which point it would be returned to the Rules Committee, therefore, Rule 61 is the rule that applies."

The President Pro Tempore declared the question before the Senate to be the roll call on the motion by Senator Bottiger to suspend the rules and advance Engrossed Substitute House No. 32 to second reading.

## ROLL CALL

The Secretary called the roll and Engrossed Substitute House Bill No. 32 was advanced to second reading and placed on the second reading calendar by the following vote: Yeas, 25; nays, 23; excused, 1.

Excused: Senator McCaslin - 1.

Engrossed Substitute House Bill No. 32 was placed on the second reading calendar.

At 8:27 p.m., on motion of Senator Vognil, the Senate recessed until 8:45 p.m.

## SECOND EVENING SESSION

The Senate was called to order at 8:48 p.m. by President Pro Tempore Goltz.

There being no objection, the President Pro Tempore advanced the Senate to the fourth order of business.

## MESSAGE FROM THE HOUSE

April 28, 1985

Mr. President:

The House has adopted the Second Report of the Conference Committee on SUBSTITUTE HOUSE BILL NO. 956 and has granted said committee the powers of Free Conference.

DENNIS L. HECK, Chief Clerk

## REPORT OF FREE CONFERENCE COMMITTEE

April 27, 1985

Mr. President:

Mr. Speaker:

We, of your Free Conference Committee, to whom was referred SUBSTITUTE HOUSE BILL NO. 956, relating to the powers of local government in relation to federal grants and programs, have had the same under consideration and we recommend that the bill be amended as recommended by the Conference Committee.

(See Second Report of Conference Committee on Substitute House Bill No. 956, read in earlier today)

Signed by Senators Thompson and Fleming; Representatives Nutley, Haugen and Brough.

## MOTION

On motion of Senator Vognild, the Report of the Free Conference Committee on Substitute House Bill No. 956 was adopted.

The President Pro Tempore declared the question before the Senate to be the roll call on final passage of Substitute House Bill No. 956, as amended by the Free Conference Committee.

## POINT OF INQUIRY

Senator Kiskaddon: "Would you explain to me what the Free Conference Report is doing so I know what I'm voting on? And I'd like to know what the bill is, I can't find a copy on my desk with all this paper."

Senator Thompson: "The Conference Report includes matter which the Senate has previously passed. It is necessary, however, to re-pass it in order to incorporate the necessary technical changes. One-half of it deals with the powers of public corporations; the other deals with a measure that provides for a smooth process of transition from incorporation to corporations, that will be put into effect rather soon in the Federal Way area. These bills, you will recall, passed the Senate not too far back and they now include the necessary technical changes."

## POINT OF ORDER

Senator Rasmussen: "I'd like to raise scope and object on House Bill No. 956."

## REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Goltz: "I believe, Senator Rasmussen, that we have adopted the report of the free conference committee and the bill is now on final passage and the challenge of the bill on scope and object is not a timely point of order."

Senator Rasmussen: "Mr. President, our rules provide that until our report is adopted we didn't have a challenge of the scope and object, but the title relates to the administration, authorizing federal grants and programs, and the amended part of it relates to incorporation of cities, and they have no relationship to them, so that's why I was raising scope and object, Mr. President."

President Pro Tempore: "Senator Rasmussen, your point of order may or may not have been well taken if it had been presented at the proper time, but given the fact that the conference committee report has been adopted, your point of order is not presented at a proper time."

## ROLL CALL

The Secretary called the roll on final passage of Substitute House Bill No. 956, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 39; nays, 8; absent, 1; excused, 1.

Voting yea: Senators Bailey, Barr, Bauer, Bender, Bluechel, Bottiger, Conner, DeJarnatt, Fleming, Garrett, Gaspard, Goltz, Granlund, Halsan, Hansen, Hayner, Johnson, Kiskaddon, Kreidler, Lee, McDonald, McManus, Moore, Newhouse, Owen, Patterson, Peterson, Rinehart, Saling, Sellar, Stratton, Talmadge, Thompson, Vognild, von Reichbauer, Warnke, Williams, Wojahn, Zimmerman - 39.

Voting nay: Senators Benitz, Cantu, Craswell, Deccio, Guess, Metcalf, Pullen, Rasmussen - 8.

Absent: Senator McDermott - 1.

Excused: Senator McCaslin - 1.

SUBSTITUTE HOUSE BILL NO. 956, as amended by the Free Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

## MOTION

On motion of Senator Bender, Senator McDermott was excused.

## MESSAGE FROM THE HOUSE

April 28, 1985

Mr. President:

The House has adopted the Report of the Free Conference Committee on SUBSTITUTION SENATE BILL NO. 3310 and has passed the bill as amended by the Free

Conference Committee and said report together with the bill are herewith transmitted.

DENNIS L. HECK, Chief Clerk

REPORT OF FREE CONFERENCE COMMITTEE

April 27, 1985

Mr. President:

Mr. Speaker:

We, of your Free Conference Committee, to whom was referred SUBSTITUTE SENATE BILL NO. 3310, facilitating election administration, have had the same under consideration and we recommend that the bill be amended as recommended by the Conference Committee.

(See Second Report of Conference Committee on Substitute Senate Bill No. 3310, read in on April 27, 1985)

Signed by Senators Talmadge and Thompson; Representatives Fisher, Miller and Leonard.

MOTION

Senator Talmadge moved that the the Report of the Free Conference Committee on Substitute Senate Bill No. 3310 be adopted.

POINT OF INQUIRY

Senator Guess: "Will Senator Talmadge describe to us what the free conference does to it?"

Senator Talmadge: "Thank you, Mr. President and members of the Senate. Senate Bill No. 3310 is a small bill relating to election administration. It was requested by the auditors. In the process of the Conference Committee, the following bills or issues were addressed in the process of dealing with that issue. The first was with respect to write-in candidates and voting, the circumstances under which a write-in candidate must, in fact, file or provide some indication to the local election officials with respect to that candidate's intention.

"Second was the issue of declaration of the printing of names on absentee ballots. The process that was adopted was the suggestion by Senator Thompson which was essentially a determination of order on the ballot by lot rather than having people line up forever in a rather unseemly way to get that first spot on the ballot. The decision was made to permit the allocation of those spots by lot.

"The third was the precinct size. The county legislative authority may establish limitations on the maximum number of voters allowed in a precinct in any particular county.

"The fourth was the deletion of the issue of county auditors' abilities to combine or unite boards of election officials. There was some indication of a requirement of proof of age, with respect to registration for election, concern raised about altering election material which included an indication you can't use official voter election materials to mislead the public with respect to the official position of an auditor or any elected official with respect to the vote. Some concern about election materials and registration records being accessible--limiting the circumstances under which that could occur so that an auditor could prohibit access to certain kinds of records where there was the intent of harassment on the part of the individual seeking the record, dealing with the issue of vacancies caused by death or disqualification, where a person has died or otherwise become disqualified. Rather than counting that person's votes in with the votes of the official party, the nominee or person suggested by the party, the votes of that person who had died, the strange anomaly in the law would not be counted with the other candidates.

"And lastly, the issue of voter registration preference, and this is perhaps the most controversial portion of that portion of Engrossed House Bill 173 which permitted people on an optional basis to register by party preference and also to provide that that optional party preference registration was something that could be deleted if the local government--counties decided that they did not want that to occur. In all, it's something of an anomalous bill relating to election administration.

"I think I have detailed all of the things that are in the conference committee report."

Further debate ensued.

#### POINT OF INQUIRY

Senator Rasmussen: "Senator Talmadge, do you recall what the population of a precinct is in this new proposal?"

Senator Talmadge: "This would allow the county legislative authority to be able to establish limitations on the maximum size of the precincts. I know in Pierce County there are some as large as 1200 registered voters whereas we average around three to four hundred in King County."

Further debate ensued.

Senators Vognild, Bottiger and Talmadge demanded the previous question and the demand was sustained on a rising vote.

Senator Talmadge demanded a roll call and the demand was sustained.

The President Pro Tempore declared the question before the Senate to be the roll call on the motion by Senator Talmadge that the Senate adopt the Report of the Free Conference Committee on Substitute Senate Bill No. 3310.

#### ROLL CALL

The Secretary called the roll and the motion by Senator Talmadge failed and the Senate did not adopt the Report of the Free Conference Committee on Substitute Senate Bill No. 3310 by the following vote: Yeas, 18; nays, 29; excused, 2.

Voting yea: Senators Bender, Bottiger, Conner, DeJarnatt, Fleming, Gaspard, Goltz, Hansen, Kreidler, Moore, Peterson, Pullen, Rinehart, Talmadge, Thompson, Vognild, Williams, Wojahn - 18.

Voting nay: Senators Bailey, Barr, Bauer, Benitz, Bluechel, Cantu, Craswell, Deccio, Garrett, Granlund, Guess, Halsan, Hayner, Johnson, Kiskaddon, Lee, McDonald, McManus, Metcalf, Newhouse, Owen, Patterson, Rasmussen, Saling, Sellar, Stratton, von Reichbauer, Warnke, Zimmerman - 29.

Excused: Senators McCaslin, McDermott - 2.

#### MOTION

On motion of Senator Vognild, further consideration of Substitute Senate Bill No. 3310 was deferred.

There being no objection, the President Pro Tempore advanced the Senate to the sixth order of business.

#### SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 32, by Committee on Ways and Means (originally sponsored by Representatives R. King, Fisch, Miller, Wang, Winsley, Allen, Fisher, O'Brien, P. King, Sayan, Basich, McMullen, Lux, Brekke and Rayburn)

Providing collective bargaining for institutions of higher education.

The bill was read the second time.

#### MOTION

On motion of Senator Warnke, the following Committee on Ways and Means amendment was adopted:

On page 2, line 29, after "RCW 28B.15.041" insert the following: "and that portion of funds specifically designated for research grants, or endowments, fellowships, scholarships, or bequests whether from public or private agencies or donors"

#### MOTION

Senator McDonald moved that the following amendment by Senators McDonald and Cantu be adopted:

On page 1, line 18, after "chapter" strike everything through and including "size." on line 20 and insert:

"Provided, that nothing in this chapter authorizes collective bargaining over class size or the distribution of salary increases based on merit evaluations or intended to address critical market disparities."

Debate ensued.

## PARLIAMENTARY INQUIRY

Senator Warnke: "A parliamentary inquiry, Mr. President. We have two floor amendments on page 1, line 18. We are addressing the one of McDonald and Cantu, and there's one by McManus. Is it your intention to take the one by McManus later?"

## REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Goltz: "Thank you, Senator Warnke. I believe the appropriate way to handle the difference between the McManus amendment to the McDonald and Cantu amendment would be for Senator McManus to offer an amendment to the amendment which would add his words to the McDonald and Cantu amendment. Is that clear?"

Senator Warnke: "Thank you, Mr. President."

## MOTION

Senator McManus moved the following amendment to the amendment be adopted:

On line 4 of the amendment, after "disparities" insert ", as they apply to the state's research universities"

Debate ensued.

## PARLIAMENTARY INQUIRY

Senator Saling: "Thank you, Mr. President. I think it would be appropriate if your ruling would allow Senator McManus's amendment to follow because it changes drastically the amendment that is before us and really should be a divided question. I would ask that you allow that amendment following that amendment that we're working on."

## REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Goltz: "I believe, Senator Saling, if you pass the amendment which is offered by Senators McDonald and Cantu that the amendment by Senator McManus is duplicative and, therefore, would not be in order. The only language which we have under consideration is the amendment to the amendment which has been offered by Senator McManus as a part of his amendment, and I believe it is the most expeditious way to resolve the difference between the two amendments."

Senator Saling: "Mr. President, may I request then--if Senator McManus's amendment were to be adopted to this amendment, where does that put the community colleges as far as the total amendment is concerned?"

President Pro Tempore Goltz: "If Senator McManus's amendment to the amendment or if his amendment--"

Senator Saling: "If his amendment were to be adopted, how does that affect the community colleges?"

President Pro Tempore Goltz: "It would have the same affect, I believe, as adopting the amendment to the amendment. If you adopt the amendment to the amendment or you adopt the McManus amendment as a striking amendment, you would have exactly the same affect."

Senator Saling: "Mr. President, using the last part of Senator McDonald's amendment where it says, 'Merit evaluation or intended to address critical market disparities as they apply to the state's research universities,' would then eliminate the community colleges, as it applies to market disparities."

Further debate ensued.

## PARLIAMENTARY INQUIRY

Senator Fleming: "Mr. President, as I see this amendment, isn't Senator McManus in essence making an oral amendment by adding those last few words to the McDonald amendment?"

## REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore: "Senator Fleming, what is before us now is the oral amendment by Senator McManus to add the last words, starting with 'as' to the McDonald/Cantu amendment.

"Senator Saling, do you want to proceed? I think it would be possible if Senator McManus withdrew his amendment and if the McDonald and Cantu amendment passed for Senator McManus to offer a striking amendment but it would have exactly the same affect as considering the amendment to the amendment now, therefore, I think the proper motion before us is the motion by Senator McManus to amend the amendment with his language."

## REMARKS BY SENATOR SALING

Senator Saling: "Mr. President, my point is, there are critical market disparities in the community colleges and if we were to adopt Senator McManus's amendment, we would only be referring to critical market disparities in the research universities."

President Pro Tempore Goltz: "That is correct and the way to resolve that is to defeat the McManus amendment so that the broader amendment applies."

Senator Saling: "Wouldn't it be better to have a separate motion?"

President Pro Tempore Goltz: "No."

Senator Saling: "Thank you, sir."

Further debate ensued.

Senator Warnke demanded a roll call and the demand was sustained.

The President Pro Tempore declared the question before the Senate to be the roll call on adoption of the amendment by Senator McManus to the amendment by Senators McDonald and Cantu.

## ROLL CALL

The Secretary called the roll and the motion by Senator McManus carried and the amendment to the amendment was adopted by the following vote: Yeas, 26; nays, 21; absent, 1; excused, 1.

Voting yea: Senators Bauer, Bender, Bolliger, Conner, DeJarnatt, Fleming, Garrett, Gaspard, Goltz, Halsan, Hansen, Kreidler, McManus, Moore, Owen, Peterson, Pullen, Rasmussen, Rinehart, Stratton, Talmadge, Thompson, Vogtild, Warnke, Williams, Wojahn - 26.

Voting nay: Senators Bailey, Barr, Benitz, Bluechel, Cantu, Craswell, Deccio, Guess, Hayner, Johnson, Kiskaddon, Lee, McCaslin, McDonald, Metcalf, Newhouse, Patterson, Saling, Sellar, von Reichbauer, Zimmerman - 21.

Absent: Senator Granlund - 1.

Excused: Senator McDermott - 1.

The President Pro Tempore declared the question before the Senate to be adoption of the amendment by Senators McDonald and Cantu, as amended.

Debate ensued.

Senator McDonald demanded a roll call and the demand was sustained.

## POINT OF INQUIRY

Senator Saling: "Senator McManus, as I understand the amendment now it says that only research universities could address critical market disparities or have a distribution of salaries based on merit, and the other four-year universities and the community colleges could bargain for money without any regard to critical market disparities or merit evaluations. Is that the intention of your original motion?"

Senator McManus: "Senator Saling, to attempt to respond to your question--my original motion which has now been amended on to Senator McDonald's amendment had as its intent, that at research universities there be no bargaining on class-size matters or merit-pay matters and that these areas of critical market disparities would be given flexibility so that the research universities could, in fact, pay more money to their qualified professors, particularly in the area of high tech education and applied high technology."

Senator Saling: "In other words, in the research universities there is a problem in attracting the appropriate professors, but in the other institutions there is not that problem?"

Senator McManus: "I don't know about it being a problem in the community colleges and the other universities. I am sure it is a problem, Senator Saling, but

there is a definitely serious problem for attracting and maintaining these qualified professors at the research universities which are very intimately tied in with the applied technology system."

Senator Saling: "Thank you, Mr. President, there is a very serious problem in other four-year institutions in attracting and retaining."

#### PARLIAMENTARY INQUIRY

Senator Bottiger: "Mr. President, the rule provides three minutes and by yielding the time in question and answer, I think Senator Saling has exhausted his three minutes."

#### REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Goltz: "His three minutes--there are about twenty seconds left. We'll move the clock back five."

Senator Saling: "Thank you, Mr. President. There is a problem in other institutions and although I strongly believe in treating all of them alike, I will vote for this measure even though it is a discriminatory measure at the present time."

Further debate ensued.

The President Pro Tempore declared the question before the Senate to be the roll call on adoption of the amendment by Senators McDonald and Cantu, as amended.

#### ROLL CALL

The Secretary called the roll and the motion by Senator McDonald failed and the amendment, as amended, was not adopted by the following vote: Yeas, 23; nays, 24; absent, 1; excused, 1.

Voting yea: Senators Bauer, Bender, Bottiger, Conner, DeJarnatt, Fleming, Garrett, Gaspard, Goltz, Halsan, Kreidler, McManus, Moore, Owen, Peterson, Pullen, Rinehart, Stratton, Talmadge, Thompson, Vognild, Warnke, Williams - 23.

Voting nay: Senators Bailey, Barr, Benitz, Bluechel, Cantu, Craswell, Deccio, Granlund, Guess, Hansen, Hayner, Johnson, Kiskaddon, Lee, McCaslin, McDonald, Metcalf, Newhouse, Patterson, Rasmussen, Saling, Sellar, von Reichbauer, Zimmerman - 24.

Absent: Senator Wojahn - 1.

Excused: Senator McDermott - 1.

#### PARLIAMENTARY INQUIRY

Senator Bottiger: "Mr. President, would the Secretary of the Senate give me an estimate as to how many amendments have been laid up on the table on this bill in the last half hour?"

#### REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Goltz: "I'm advised that approximately twenty-six amendments have been received at the desk within the last half hour."

Senator Bottiger: "Mr. President, I would call the President's attention to Rule 225 of Reeds pertaining to dilatory parliamentary practices. We have spent over a half an hour on an amendment and an amendment to an amendment. At some point in time I would raise Rule 225, that the intent of the amendments are to delay the action of the body."

#### REMARKS BY SENATOR GUESS

Senator Guess: "I would like for the body to look at Rule 225 and I would particularly ask the chair to, because it says that the presiding officer has very great power over debate and decorum. Now, I would offer to you, Senator Bottiger, that there is great decorum on the floor. Nobody has any tempers--no tempers have flown at all, Senator--not yet at least.

"Now what it means by delaying the action of the body did occur on this floor in the closing hours of the last session in 1981 when the Republicans were in power. We had on one day, we had fifty amendments to adjourn. You don't remember that, Senator? Now, we have been extremely courteous to you. We have let the body proceed without interruption. I can't remember, time does not give me the opportunity to go back to the journal to recall how many times Senator Rasmussen moved to adjourn. At an hour certain, he'd say 'It is now ten o'clock, we ought to go home; it is now 10:10, we ought to go home,' and each time he would demand

a roll call. We are not dilatory. We are not in any way impeding the body at this time. All we are doing is--we are offering amendments over which we have grave concern. I tell you, the action of the floor tonight will go down through history. It will make a mark upon the higher education institutions of the state like no other single offered amendment or bill, ever since we've been in the legislature.

"I'm not being dilatory, Senator. I'm just pointing out that the question is necessarily such a course should be taken very rarely. We've not offered an alternative between adjournment and a motion. We are not doing that. We are saying to you that in all fairness in the parliamentary and to the name of the man who wrote the book, Mr. Reed, he certainly would not tolerate that."

#### REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Goltz: "Senator Bottiger has not demanded that the President impose or respond to this rule, but I would call to your attention that the rule requires that the President, himself, should always be in order and act with the same evenness of temper that he requires of others, and I'm still smiling."

#### MOTION

Senator Bottiger moved that Engrossed Substitute House Bill No. 32 be made a special order of business at 11:55 p.m.

Debate ensued.

The President Pro Tempore declared the question before the Senate to be the motion by Senator Bottiger that Engrossed Substitute House Bill No. 32 be made a special order of business at 11:55 p.m.

The motion by Senator Bottiger carried and Engrossed Substitute House Bill No. 32 was made a special order of business at 11:55 p.m.

#### MOTION

At 10:03 p.m., on motion of Senator Bottiger, the Senate was declared to be at ease.

The Senate was called to order at 10:22 p.m. by President Pro Tempore Goltz.

#### SIGNED BY THE PRESIDENT

The President signed:

SUBSTITUTE SENATE BILL NO. 3066,

SENATE BILL NO. 3120,

SUBSTITUTE SENATE BILL NO. 3184,

SUBSTITUTE SENATE BILL NO. 3235,

SUBSTITUTE SENATE BILL NO. 3354,

There being no objection, the President Pro Tempore returned the Senate to the fourth order of business.

NEW SECTION. Sec. 702. FOR THE GOVERNOR—COMPARABLE WORTH IMPLEMENTATION AND LAWSUIT

		FY 1986	FY 1987
General Fund Appropriation .....	\$	26,790,000	
Special Fund Salary Increase			
Revolving Fund Appropriation .....	\$	19,120,000	
Total Appropriation .....	\$	45,910,000	

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,578,000 of the general fund appropriation and \$1,305,000 of the special fund salary increase revolving fund appropriation are provided solely for a salary increase for those job classifications tied to salary survey benchmarks falling 8 ranges or more below the January 1, 1985, actual average comparable worth line as calculated under the formula of \$983.72 + (\$3.28 x points) and rounded to the nearest Step G or equivalent step for shortened ranges. However, a job classification shall receive an increase only if its salary range as of January 1, 1985, is also 8 or more ranges less than the salary range of that classification as calculated under the aforementioned formula using the evaluation points of that classification as adopted by the respective personnel board. The adjustments shall take place July 1, 1985, and July 1, 1986, and shall equal \$75 a year for all affected classes and employees.

(2) \$350,000 of the general fund—state appropriation shall be used solely by the office of the governor to hire an independent consultant with expertise in developing and evaluating public employee job classification systems and implementing comparable worth. The selection of the independent consultant shall be made after consulting with the state government committee of the house of representatives and the governmental operations committee of the senate. The consultant shall:

- (b) Update job class specifications for all job classes with incumbents that have not been reviewed for the past five years and eliminate any potential gender bias;

(3) The department of personnel and the higher education personnel board shall provide any assistance needed by the consultant to perform the activities in subsection (2) of this section. Both the state personnel board and higher education personnel board must submit joint reports to the legislature on the progress to date in implementing the consultant's recommendations no later than January 1, 1986, and July 1, 1986. On January 1, 1987, both boards shall submit a final report to the legislature.

(4) \$150,000 of the general fund—state appropriation shall be used solely for the office of the governor to allocate to agencies that provide technical assistance to the consultant hired under subsection (2) of this section.

C82-4657, 84-3569, and 84-3590 of any nature whatsoever of all plaintiffs and class members. It is the intent of the legislature that salary adjustments for affected class members not exceed the adjustment calculated using the average actual comparable worth salary line as applied to the Willis evaluation points of the affected job classification and adopted by the state personnel board and the higher education personnel board. The governor as the chief executive officer of the

state, with the assistance of the attorney general, is authorized to seek a proposed settlement. No funds shall be released before January 1, 1987, and until such time as stipulated final judgment is entered under the terms of the tentative settlement ratified by the legislature. The appropriation provided for settlement in this subsection shall lapse if no proposal is brought before the legislature before January 1, 1986, if the tentative settlement brought before the legislature is not ratified by the legislature during the 1986 legislative session, or if stipulated final judgment is not entered before June 30, 1986.

(6) The settlement, if ratified by the legislature, shall not be construed as compliance with RCW 41.06.155 and 28B.16.116.

(7) The department of personnel and the higher education personnel board shall report to the legislature by January 1, 1987, with a report identifying those job classifications not covered by the lawsuit that would be entitled to receive adjustments under the average actual comparable worth line. The report shall include recommendations regarding implementation of comparable worth adjustments for these affected job classes.

#### SECOND REPORT OF CONFERENCE COMMITTEE

April 27, 1985

Mr. President:

Mr. Speaker:

We, of your Conference Committee, to whom was referred SUBSTITUTE HOUSE BILL NO. 131, revising the regulation of health-related professions, have had the same under consideration and we report that we are unable to agree and respectfully request the powers of Free Conference in order to amend the bill as follows:

Signed by Senators Thompson and Kreidler; Representatives Brekke, Tanner and Lewis.

#### MOTION

Senator Granlund moved that the Second Report of the Conference Committee on Substitute House Bill No. 131 be adopted and the committee be granted the powers of Free Conference.

#### POINT OF ORDER

Senator Kiskaddon: "A point of order, Mr. President. I do not believe this Second Report of the Conference Committee is really effectively in front of us. In Joint Rule 9, it says, 'Upon request for free conference, the powers of free conference may be granted by the two houses to the same committee to whom only the proposed Free Conference Report may be committed or the committee may be discharged and a new committee appointed with the powers of conference as defined in Joint Rule 6.' That process was not followed in this particular case. In Reed's 243, it also indicates that 'in case of a disagreement, the House first asking for a conference retains the papers and asks for another conference.'"

## REMARKS BY SENATOR McDONALD

Senator McDonald: "Just to expand on that a bit, Mr. President--Rule 243 in Reeds. It says, 'In case of a disagreement, the House first asking for a conference retains the papers and asks for another conference. It often happens that several conferences are had before an agreement is reached.' My understanding is that another conference was not asked for and so, consequently, Senator Kiskaddon's point is that this bill is not properly before us."

## REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Goltz: "First of all, in response to your reference to Reeds, Senator McDonald, the Reed's Rule would apply only if the Senate Rules or Joint Rules do not apply, so we will now look at the Senate Rules and Joint Rules to see if we have a solution to the point of order raised by Senator Kiskaddon."

## RULING BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Goltz: "In response to the point of order raised by Senator Kiskaddon, the situation is that the conference committee withdrew its first report; the Senate did not discharge the conference committee, so the conference committee proceeded, under the charge of the Senate, and provided a Second Conference Report. Therefore, the Second Conference Report is properly before us."

Further debate ensued.

Senators Bottiger, Vognilid and Talmadge demanded the previous question and the demand was sustained on a rising vote.

Senator Kiskaddon demanded a roll call and the demand was sustained.

The President Pro Tempore declared the question before the Senate to be the roll call on the motion by Senator Granlund that the Senate adopt the Second Report of the Conference Committee on Substitute House Bill No. 131 and to grant the committee the powers of Free Conference.

## ROLL CALL

The Secretary called the roll and the motion by Senator Granlund carried and the Senate adopted the Second Report of the Conference Committee on Substitute House Bill No. 131 and granted the committee the powers of Free Conference by the following vote: Yeas, 30; nays, 17; absent, 1; excused, 1.

Senator von Reichbauer: "Thank you, Mr. President."

President Cherberg: "Now, it's one minute and fourteen."

#### REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. Chairman and members of the Senate, I can't remember a session where any group of people worked any harder, any longer hours and tried to stay on a schedule, unfortunately, the one big item that always ties the session up--the budget--we were not able to reach agreement on. Not necessarily the level of spending, that has never been a particular issue. It's been the priorities between the House and Senate within the spending level.

"It's unfortunate that we could not have classified this as the first session of a 105 days that got done on time. I want to assure you that I think we all tried and with some very rare exceptions, there was cooperation that ruled today. A couple of times I thought there were a number of inordinate amendments on a bill, but I understand that because I have done that same thing myself.

"I do urge you to not go very far. Anybody that was planning on going to Hawaii or anything like that I would recommend that you cancel any kind of a trip like that. The Governor will be telling you when very shortly, but we do have that business. The people expect it of us. We've got to sit down and find the compromise between the two positions.

"There are a couple of items while we're waiting for the closing resolutions that the Secretary is preparing, in the way of floor resolutions and I will now move that the Senate consider Floor Resolution No. 92. This is not subject to the cutoff since it involves business of the Senate."

#### MOTIONS

Senator Bottiger moved that the Senate advance to the eighth order of business.

Senator Bottiger moved that the Senate now consider Senate Resolution 1985-92.

#### PARLIAMENTARY INQUIRY

Senator Hayner: "A parliamentary inquiry, I'm under the impression that at 12 midnight we completed our business which we can transact. I'm not at all sure that we should be able to even consider resolutions at this time. Would you please rule on that?"

#### REPLY BY THE PRESIDENT

President Cherberg: "Senator Hayner, the President was reminded that at one time he stated that the session was a hundred and five working days and we are still working on this particular day. Now, I'm not trying to be funny, I'm just trying to

point out that the precedent in history will show that on numerous occasions the Senate has had to adopt resolutions in order to properly prepare to adjourn sine die.

"For instance, I indicated a few minutes ago a number of bills that I must sign and I will have to do that here, not in the office. Then we have to report to the House; we have to report to the Governor and all of that is going to take some time, but we do not and will not pass any final passage of any legislation."

#### REMARKS BY SENATOR McDONALD

Senator McDonald: "Mr. President, my understanding of resolutions is that they are in order before us. Ones that would be for winding down the session, for completing the business of the session itself and this is a resolution talking about a study on gasoline service stations, the so-called divorcement resolution. It is far beyond that, Mr. President, and it seems to me a terrible precedent, if indeed, you rule that this is in order because there is no end then to a 105 day session if resolutions such as this are in order and before us."

Further debate ensued.

#### MOTION

Senator Bottiger moved that the following resolution be adopted:

#### SENATE RESOLUTION 1985-92

by Senators Peterson, Bottiger, Stratton, Barr, Patterson, Conner, Halsan, Granlund, Metcalf, Johnson, Bender and Bauer

WHEREAS, The number of gasoline service stations has continued to decline in a manner that will reduce competition and the availability of gasoline at a reasonable price; and

WHEREAS, The Bureau of Industrial Economics of the United States Department of Commerce reports that there were 132,080 retail gas stations operating in the United States in 1984, compared to 226,459 existing in 1972; and

WHEREAS, A disproportionate share of closures in the industry are independent dealers; and

WHEREAS, There is a great concern among citizens that some refiners have engaged in predatory pricing designed to increase the market for oil companies using refiner owned and operated retail outlets;

NOW, THEREFORE, BE IT RESOLVED, By the Senate of the State of Washington, That there is hereby created a Senate select committee to study and investigate those measures that will protect independent gasoline dealers and prevent unfair practices engaged in by refinery owned or operated stations; and

BE IT FURTHER RESOLVED, That the select committee shall be composed of eight members appointed by the President of the Senate; and

BE IT FURTHER RESOLVED, That the select committee shall submit to the Legislature no later than December 1, 1985, a full and detailed report on its findings, including recommendations for amending existing law in a manner that will best serve the public interest.

#### PARLIAMENTARY INQUIRY

Senator McDonald: "A point of parliamentary inquiry? Did we get a ruling as to whether this is in order or not?"

#### REPLY BY THE PRESIDENT

President Cherberg: "The President stated that the precedent in history will show that the resolution and other measures necessary to properly adjourn sine die have been accomplished following the cutoff of power."

Senator McDonald: "Mr. President, then would all of the Senate floor resolutions that are before us on our tables then be in order?"

President Cherberg: "The President believes so, but is also aware that a reasonable amount of common sense will indicate that we will not consider all of them."

Senator McDonald: "I understand that, but if there are some that are favorites of people, maybe we can move them."

President Cherberg: "The President believes that he has been fair in recognizing both sides of the aisle."

The President declared the question before the Senate to be the motion by Senator Bottiger to adopt Senate Resolution 1985-92.

The motion by Senator Bottiger carried and Senate Resolution 1985-92 was adopted.

## PARLIAMENTARY INQUIRY

Senator McDonald: "Mr. President, a point of parliamentary inquiry. Senate Concurrent Resolution No. 121 says 'that all the legislation retains its status as shown on sine die.' Now, my understanding is once sine die comes all legislation reverts to its house of origin and that we would have to repass them--hence all the votes that we take when in new session, if I read this correctly, we are attempting to do that in a different way by concurrent resolution. Am I correct or not?"

## REPLY BY THE PRESIDENT

President Cherberg: "Senate Concurrent Resolution No. 121 reintroduces all bills, joint resolutions, joint memorials, concurrent resolutions and these measures will hold the same status they had at adjournment."

Senator McDonald: "Well, Mr. President, if the bill has passed the House and was in the Senate on sine die, is that House Bill now before the Senate or is it reverted back to the House."

President Cherberg: "All House Bills were returned to the House and all Senate Bills in the House were returned to the Senate."

Senator McDonald: "Thank you, Mr. President."

#### MOTION

On motion of Senator McDermott, the rules were suspended. Second Substitute Senate Bill No. 3656 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

## POINT OF INQUIRY

Senator Lee: "Mr. President and ladies and gentlemen. The first thing I have to do is ask Senator McDermott a question as he's wandering through the back aisles. Senator McDermott, I wonder if you would yield to a question?"

"Senator McDermott, in the Ways and Means Committee this morning, I did offer one amendment that you assured me for the Primary Intervention Project. I offered that amendment because I've had school principals come and ask me and said they didn't see it in the budget any place. Would you tell me whether or not the Primary Intervention Project will be continued?"

Senator McDermott: "Yes, Senator Lee, when we wrote the budget we decided that current levels by definition were those programs that had run for the full two years of the last biennium. Anything that only ran for one year, we took out. The Primary Intervention Program that you're talking about in the schools was one that was there for two years and is contained within current levels, so it will continue to be operational."

Further debate ensued.

## POINT OF INQUIRY

Senator Saling: "Senator McDermott, I believe when the bill was on second reading you indicated that it was currently neutral as to whether or not the increments could be negotiated by the local community college districts. Is that correct?"

Senator McDermott: "Yes, it's silent. We gave the money to the State Board of Community Colleges to fund 83,300 students and we did not say it had to be spent for this or for that."

Senator Saling: "So, it is possible for the local community colleges to negotiate?"

Senator McDermott: "It is possible."

Senator Saling: "The next question deals with page 75 of the budget and it's section 601, subparagraph (3), dealing with the support of intercollegiate athletics. I just wanted to clarify the meaning of this language that says, 'No state funds may be used for the direct support of intercollegiate athletics, unless specifically allowed for in this act.' Does that include such things as equipment, travel, coaches salaries that are paid out of the General Fund Budget now?"

Senator McDermott: "This is broad language, Senator Saling. It says what it means, 'No state funds may be used for the direct support.' I'm not sure the categories under which those kinds of expenditures are carried, but it is my understanding and intention here that they not to be using other funds beyond what we have allowed."

Senator Saling: "In other words, the universities or colleges that have specific allocations for athletics, may use those funds in this budget for any of those purposes. If they're not specifically allocated funds for intercollegiate athletics, then this language would prevail and they would have to go to alumni funds or student athletic funds for funding those items?"

Senator McDermott: "That was our intention, yes."

Further debate ensued.

## POINT OF INQUIRY

Senator Talmadge: "Senator McDermott, with respect to Section 121, sub (4) relating to funding for the prosecution and adjudication of DWI. When the bill refers to adjudication, it is intended, I presume, that the money in the budget can be allocated for prosecution of DWI related offenses, also?"

Senator McDermott: "Yes."

Senator Talmadge: "One further question, Senator. Section 121, sub (4) of the bill provides for a grant process for the allocation of the monies to combat drinking drivers. While the local governments now receiving the grants would have to re-apply, is it intended that local governments not now receiving grants would be eligible for such grants?"

Senator McDermott: "No."

Further debate ensued.

The President Pro Tempore declared the question before the Senate to be the roll call on final passage of Second Substitute Senate Bill No. 3656.

#### ROLL CALL

The Secretary called the roll on final passage of Second Substitute Senate Bill No. 3656 and the bill passed the Senate by the following vote: Yeas, 27; nays, 21; excused, 1.

Voting yea: Senators Bauer, Bender, Bottiger, Conner, DeJarnatt, Fleming, Garrett, Gaspard, Goltz, Granlund, Halsan, Hansen, Kreidler, McDermott, McManus, Moore, Owen, Peterson, Rasmussen, Rinehart, Stratton, Talmadge, Thompson, Vognild, Warnke, Williams, Wojahn - 27.

Voting nay: Senators Bailey, Barr, Benitz, Bluechel, Cantu, Craswell, Deccio, Guess, Hayner, Johnson, Kiskaddon, Lee, McCaslin, McDonald, Metcalf, Newhouse, Patterson, Pullen, Saling, Sellar, Zimmerman - 21.

Excused: Senator von Reichbauer - 1.

SECOND SUBSTITUTE SENATE BILL NO. 3656, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

#### MOTION

On motion of Senator Bottiger, Second Substitute Senate Bill No. 3656 was ordered immediately transmitted to the House.

#### PERSONAL PRIVILEGE

Senator McDermott: "Mr. President, I would like to speak on a point of personal privilege. Mr. President and members of the Senate, I want to express my thanks to everybody who sat on the Ways and Means Committee. We had interminable meetings, both majority and minority. Senator McDonald, Senator Lee and Senator Gaspard, my Vice Chairman, and all the ones who went through that whole process. I'm appreciative of the way in which it was done. The attempts to clarify the majority by the minority were always fair and I can only remember one occasion when I was a little bit unfair, otherwise I hope that you'll forgive me that one transgression.

"I would also like to say something publicly and that is that the conference committee was not just Senators--Representatives Grimm, Tilly and King did a very good job. The compromise proposals proposed by the House, I thought, were very positive and were working towards solving the problems and I think everybody needs a word of thanks, at least from me.

"Thank you."

#### MOTION

#### MOTION

On motion of Senator Peterson, the following amendment was adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 46.20.070, chapter 12, Laws of 1961 as last amended by section 4, chapter 61, Laws of 1979 and RCW 46.20.070 are each amended to read as follows:

Upon receiving a written application on a form provided by the director for permission for a person under the age of eighteen years to operate a motor vehicle over and upon the public highways of this state in connection with farm work, the director may issue a limited driving permit containing a photograph to be known as a juvenile agricultural driving permit, such issuance to be governed by the following procedure:

(1) The application must be signed by the applicant and by the applicant's father, mother, or legal guardian.

(2) Upon receipt of the application, the director shall cause an examination of the applicant to be made as by law provided for the issuance of a motor vehicle driver's license.

(3) The director shall cause an investigation to be made of the need for the issuance of such operation by the applicant.

Such permit authorizes the holder to operate a motor vehicle over and upon the public highways of this state within a restricted farming locality which shall be described upon the face thereof.

A permit issued under this section shall expire one year from date of issue, except that upon reaching the age of eighteen years such person holding a juvenile agricultural driving permit shall be required to make application for a motor vehicle driver's license.

The director shall charge a fee of ~~((one))~~ three dollars for each such permit and renewal thereof to be paid as by law provided for the payment of motor vehicle driver's licenses and deposited to the credit of the ~~((traffic))~~ highway safety ~~((education account in the general))~~ fund.

The director may transfer this permit from one farming locality to another, but this does not constitute a renewal of the permit.

The director may deny the issuance of a juvenile agricultural driving permit to any person whom the director determines to be incapable of operating a motor vehicle with safety to himself or herself and to persons and property.

The director may suspend, revoke, or cancel the juvenile agricultural driving permit of any person when in the director's sound discretion the director has cause to believe such person has committed any offense for which mandatory suspension or revocation of a motor vehicle driver's license is provided by law.

The director may suspend, cancel, or revoke a juvenile agricultural driving permit when in the director's sound discretion the director is satisfied the restricted character of the permit has been violated.

Sec. 2. Section 8, chapter 121, Laws of 1965 ex. sess. as amended by section 2, chapter 63, Laws of 1979 and RCW 46.20.091 are each amended to read as follows:

(1) Every application for an instruction permit or for an original driver's license shall be made upon a form prescribed and furnished by the department which shall be sworn to and signed by the applicant before a person authorized to administer oaths. Every application for an instruction permit containing a photograph shall be accompanied by a fee of ~~((two))~~ five dollars ~~((and fifty cents))~~. The department shall forthwith transmit the fees collected for instruction permits and temporary drivers' permits to the state treasurer.

(2) Every ~~((said))~~ such application shall state the full name, date of birth, sex, and residence address of the applicant, and briefly describe the applicant, and shall state whether the applicant has theretofore been licensed as a driver or chauffeur, and, if so, when and by what state or country, and whether any such license has ever been suspended or revoked, or whether an application has ever been refused, and, if so, the date of and reason for such suspension, revocation, or refusal, and shall state such additional information as the department shall require.

(3) Whenever application is received from a person previously licensed in another jurisdiction, the department shall request a copy of such driver's record from such other jurisdiction. When received, the driving record shall become a part of the driver's record in this state.

(4) Whenever the department receives request for a driving record from another licensing jurisdiction, the record shall be forwarded without charge ~~((PROVIDED, HOWEVER, THAT))~~ if the other licensing jurisdiction extends the same privilege to the state of Washington ~~((;))~~. Otherwise there shall be a reasonable charge for transmittal of the record, the amount to be fixed by the director of the department.

Sec. 3. Section 4, chapter 155, Laws of 1969 ex. sess. as last amended by section 1, chapter 212, Laws of 1985 and RCW 46.20.117 are each amended to read as follows:

(1) The department shall issue "identicards," containing a picture, to individuals for a fee of ~~((three))~~ four dollars. ~~((Such fee shall be deposited in the highway safety fund.))~~ However, the fee shall be the actual cost of production to recipients of continuing public assistance grants under Title 74 RCW who are referred in writing to the department by the secretary of social and health services. The fee shall be deposited in the highway safety fund. To be eligible, each applicant shall produce evidence ~~((commensurate to))~~ as required by the ~~((regulations))~~ rules adopted by the director that positively proves identity. The "identocard" shall be distinctly designed so that it will not be confused with the official driver's license. The identocard shall be valid for five years.

(2) The department may cancel an "identocard" upon a showing by its records or other evidence that the holder of such "identocard" has committed a violation relating to "identicards" defined in RCW 46.20.336.

Sec. 4. Section 46.20.120, chapter 12, Laws of 1961 as last amended by section 6, chapter 61, Laws of 1979 and RCW 46.20.120 are each amended to read as follows:

No new driver's license may be issued and no previously issued license may be renewed until the applicant therof has successfully passed a driver licensing examination: PROVIDED, That the department may waive all or any part of the examination of any person applying for the renewal of a driver's license except when the department determines that an applicant for a driver's license is not qualified to hold a driver's license under this title. For a new license

examination a fee of ~~((three)) seven~~ dollars shall be paid by each applicant, in addition to the fee charged for issuance of the license. A new license is one issued to a driver who has not been previously licensed in this state or to a driver whose last previous Washington license has expired.

Any person who is outside the state at the time his or her driver's license expires or who is unable to renew the license due to any incapacity may renew the license within sixty days after returning to this state or within sixty days after the termination of any such incapacity without the payment of a new license examination fee. In such case the department may waive all or any part of the examination as in the case of renewal of driver licenses.

The department shall provide for giving examinations at places and times reasonably available to the people of this state.

Sec. 5. Section 46.20.200, chapter 12, Laws of 1961 as last amended by section 5, chapter 191, Laws of 1975 1st ex. sess. and RCW 46.20.200 are each amended to read as follows:

(2) A replacement permit, identocard, or driver's license may be obtained to change or correct material information upon payment of a fee of two dollars and surrender of the permit, identocard, or driver's license being replaced.

Strike everything after the enacting clause and insert the following:

NEW SECTION, Sec. 1. The legislature finds and declares that:

(1) The number of persons unemployed in the state is significantly above the national average.

(2) Persons who are unemployed represent a skilled resource to the economy and the quality of life for all persons in the state.

(3) There are jobs available in the state that can be filled by unemployed persons.

(4) A public labor exchange can appreciably expedite the employment of unemployed job seekers and filling employer vacancies thereby contributing to the overall health of the state and national economies.

(5) The Washington state job service of the employment security department has provided a proven service of assisting persons to find employment for the past fifty years.

(6) Expediting the reemployment of unemployment insurance claimants will reduce payment of claims drawn from the state unemployment insurance trust fund.

(7) Increased emphasis on assisting in the reemployment of claimants and monitoring claimants' work search efforts will positively impact employer tax rates resulting from the recently enacted experience rating legislation, chapter 205, Laws of 1984.

(8) Special employment service efforts are necessary to adequately serve agricultural employers who have unique needs in the type of workers, recruitment efforts, and the urgency of obtaining sufficient workers.

(9) Study and research of issues related to employment and unemployment provides economic information vital to the decision-making process.

The legislature finds it necessary and in the public interest to establish a program of job service to assist persons drawing unemployment insurance claims to find employment, to provide employment assistance to the agricultural industry, and to conduct research into issues related to employment and unemployment.

NEW SECTION, Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Job service" means the employment assistance program of the employment security department;

(2) "Employment assistance" means services to unemployed persons focused on and measured by the obtaining of employment;

(3) "Labor exchange" means those activities which match labor supply and labor demand, including recruitment, screening, and referral of qualified workers to employers;

(4) "Special account of the administrative contingency fund" means that fund under section 8 of this act established within the administrative contingency fund of the employment security department which provides revenue for the purposes of this chapter.

(5) "Continuous wage and benefit history" means an information and research system utilizing a longitudinal data base containing information on both employment and unemployment.

NEW SECTION, Sec. 3. Job service resources shall be used to assist with the reemployment of unemployed workers using the most efficient and effective means of service delivery. The job service program of the employment security department may undertake any program or activity for which funds are available and which furthers the goals of this chapter. These programs and activities may include, but are not limited to:

(1) Supplementing basic employment services, with special job search and claimant placement assistance designed to assist unemployment insurance claimants to obtain employment;

(2) Providing employment services, such as recruitment, screening, and referral of qualified workers, to agricultural areas where these services have in the past contributed to positive economic conditions for the agricultural industry;

(3) Providing otherwise unobtainable information and analysis to the legislature and program managers about issues related to employment and unemployment; and

(4) To research and consider the degree to which the employment security department can contract with private employment agencies, private for-profit and not-for-profit organizations in the fields of job placement, vocational counseling, career development, career change and employment preparation on a fee for service-performance basis.

Sec. 4. Section 8, chapter 35, Laws of 1945 as last amended by section 9, chapter 13, Laws of 1983 1st ex. sess. and RCW 50.04.070 are each amended to read as follows:

Sec. 6. Section 60, chapter 35, Laws of 1945 as last amended by section 5, chapter 13, Laws of 1983 1st ex. sess. and RCW 50.16.010 are each amended to read as follows:

There shall be maintained as special funds, separate and apart from all public moneys or funds of this state an unemployment compensation fund, an administrative contingency fund, and a federal interest payment fund, which shall be administered by the commissioner exclusively for the purposes of this title, and to which RCW 43.01.050 shall not be applicable. The contribution rate for each employer not qualified to be in the array shall be a rate equal to the average industry tax rate as determined by the commissioner; however, the rate may not be less than one percent: PROVIDED, That employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned the contribution rate of five and four-tenths percent. Assignment of employers by the commissioner to industrial classification, for purposes of this subsection, shall be in accordance with established classification practices found in the "Standard Industrial Classification Manual" issued by the federal office of management and budget to the third digit provided in the Standard Industrial Classification code.

**NEW SECTION.** Sec. 8. A new section is added to chapter 50.24 RCW to read as follows:

A separate and identifiable account to provide for the financing of special programs to assist the unemployed is established in the administrative contingency fund. Contributions to this account shall accrue and become payable by each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, at the rate of two one-hundredths of one percent. The amount of wages subject to tax shall be determined under RCW 50.24.010.

Contributions under this section shall become due and be paid by each employer under rules as the commissioner may prescribe, and shall not be deducted, in whole or in part, from the remuneration of individuals in the employ of the employer. Any deduction in violation of this section is unlawful.

In the payment of any contributions under this section, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

If the commissioner determines that federal funding has been increased to provide financing for the services specified in this act, the commissioner shall direct that collection of contributions under this section be terminated on the following January 1st.

Contributions under this section shall be payable only for calendar years 1986 and 1987.

**NEW SECTION.** Sec. 9. A new section is added to chapter 50.44 RCW to read as follows:

The term "reasonable assurance," as used in RCW 50.44.050, means a written, verbal, or implied agreement that the employee will perform services in the same capacity during the ensuing academic year or term as in the first academic year or term. A person shall not be deemed to be performing services "in the same capacity" unless those services are rendered under the same terms or conditions of employment in the ensuing year as in the first academic year or term.

Sec. 10. Section 2, chapter 1, Laws of 1971 as last amended by section 1, chapter 1, Laws of 1983 and RCW 50.22.010 are each amended to read as follows:

As used in this chapter, unless the context clearly indicates otherwise:

(1) "Extended benefit period" means a period which:

(a) Begins with the third week after a week for which there is an "on" indicator; and

(b) Ends with the third week after the first week for which there is an "off" indicator: PROVIDED, That no extended benefit period shall last for a period of less than thirteen consecutive weeks, and further that no extended benefit period may begin by reason of an "on" indicator before the fourteenth week after the close of a prior extended benefit period which was in effect with respect to this state.

(2) There is an "on" indicator for this state for a week if the commissioner determines, in accordance with the regulations of the United States secretary of labor, that for the period consisting of such week and the immediately preceding twelve weeks, the rate of insured unemployment (not seasonally adjusted) either:

(a) Equaled or exceeded one hundred twenty percent of the average of such rates for the corresponding thirteen-week period ending in each of the preceding two calendar years and equaled or exceeded five percent; or

(b) Equaled or exceeded six percent: PROVIDED, That the six percent trigger shall apply only until ((April 30, 1984)) December 31, 1985.

(3) There is an "off" indicator for this state for a week if the commissioner determines, in accordance with the regulations of the United States secretary of labor, that for the period

consisting of such week and the immediately preceding twelve weeks, the rate of insured unemployment (not seasonally adjusted) was either:

(a) Less than five percent; or  
 (b) Five percent or more but less than six percent and the rate of insured unemployment was less than one hundred twenty percent of the average of the rates for the corresponding thirteen week period ending in each of the two preceding calendar years: PROVIDED, That the six percent trigger shall apply only until ~~((April 30, 1984))~~ December 31, 1985.

(4) "Regular benefits" means benefits payable to an individual under this title or under any state law (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) other than extended benefits or additional benefits.

(5) "Extended benefits" means benefits payable for weeks of unemployment beginning in an extended benefit period to an individual under this title or under any state law (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) other than regular or additional benefits.

(6) "Additional benefits" are benefits totally financed by the state and payable under this title to exhaustees by reason of conditions of high unemployment or by reason of other special factors.

(7) "Eligibility period" of an individual means the period consisting of the weeks in his or her benefit year which begin in an extended benefit period that is in effect in this state and, if his or her benefit year ends within such extended benefit period, any weeks thereafter which begin in such period.

(8) ~~((An "additional benefit period" means a period within an extended benefit period which:~~

~~(a) Begins with the third week after a week for which:~~

~~(i) The governor determines that adverse economic conditions and high unemployment among the state's workers necessitate payment of additional benefits; and~~

~~(ii) The commissioner determines that, for the fifty-two consecutive weeks ending with such week, the rate of insured unemployment as calculated under (d) of this subsection equals or exceeds six and one-half percent: PROVIDED, That six percent shall apply if the fifty-two week rate of insured unemployment has been less than four and one-half percent at any time within the preceding one hundred four weeks.~~

~~(b) Ends with the third week after a week for which the commissioner determines that, for the fifty-two consecutive weeks ending with such week, the rate of insured unemployment as calculated under (d) of this subsection is less than six and one-half percent: PROVIDED, That six percent shall apply if the additional benefit period began because of the proviso in (a)(ii) of this subsection, the fifty-two week rate of insured unemployment has not exceeded six and one-half percent during the additional benefit period, and the additional benefit period has been in effect for fewer than thirty-six weeks.~~

~~(c) No additional benefit period may last for a period of less than thirteen weeks, and no additional benefit period may begin before the fourteenth week after the close of a prior additional benefit period.~~

~~(d) "Rate of insured unemployment," for the purposes of (a) and (b) of this subsection, means the percentage derived by dividing the average weekly number of individuals filing claims in this state for weeks of unemployment with respect to the most recent fifty-two consecutive week period as determined by the commissioner on the basis of his reports to the United States Secretary of Labor by the average monthly employment covered under this title for the first four of the most recent six completed calendar quarters ending before the end of such fifty-two week period. The division shall be carried to the fourth decimal place with any remaining fraction disregarded.~~

~~(e) If a federally funded program of benefits is established which provides for benefits beyond thirty-nine weeks, any additional benefit period in effect shall terminate on the last day of the week preceding the effective week of the federal program. No additional benefit period may begin while such a federal program is in effect.~~

~~(9)) "Additional benefit eligibility period" of an individual means the period consisting of the weeks in his or her benefit year which begin in an additional benefit period that is in effect and, if his or her benefit year ends within such additional benefit period, any weeks thereafter which begin in such period.~~

~~((10)) (9) "Exhaustee" means an individual who, with respect to any week of unemployment in his or her eligibility period:~~

~~(a) Has received, prior to such week, all of the regular benefits that were payable to him or her under this title or any other state law (including dependents' allowances and regular benefits payable to federal civilian employees and ex-servicemen under 5 U.S.C. chapter 85) in his or her current benefit year that includes such week; or~~

~~(b) Has received, prior to such week, all of the regular benefits that were available to him or her under this title or any other state law (including dependents' allowances and regular benefits available to federal civilian employees and ex-servicemen under 5 U.S.C. chapter 85) in his or her current benefit year that includes such week, after the cancellation of some or all of his or her wage credits or the total or partial reduction of his or her rights to regular benefits:~~

PROVIDED, That, for the purposes of (a) and (b), an individual shall be deemed to have received in his or her current benefit year all of the regular benefits that were payable to him or her, or available to him or her, as the case may be, even though:

(i) As a result of a pending appeal with respect to wages or employment, or both, that were not included in the original monetary determination with respect to his or her current benefit year, he or she may subsequently be determined to be entitled to more regular benefits; or

(ii) By reason of the seasonal provisions of another state law, he or she is not entitled to regular benefits with respect to such week of unemployment (although he or she may be entitled to regular benefits with respect to future weeks of unemployment in the next season, as the case may be, in his or her current benefit year), and he or she is otherwise an exhaustee within the meaning of this section with respect to his or her right to regular benefits under such state law seasonal provisions during the season or off season in which that week of unemployment occurs; or

(iii) Having established a benefit year, no regular benefits are payable to him or her during such year because his or her wage credits were canceled or his or her right to regular benefits was totally reduced as the result of the application of a disqualification; or

(c) His or her benefit year having ended prior to such week, he or she has insufficient wages or employment, or both, on the basis of which he or she could establish in any state a new benefit year that would include such week, or having established a new benefit year that includes such week, he or she is precluded from receiving regular benefits by reason of the provision in RCW 50.04.030 which meets the requirement of section 3304(a)(7) of the Federal Unemployment Tax Act, or the similar provision in any other state law; and

(d) (i) Has no right for such week to unemployment benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act, the Trade Expansion Act of 1962, and such other federal laws as are specified in regulations issued by the United States secretary of labor; and

(ii) Has not received and is not seeking for such week unemployment benefits under the unemployment compensation law of Canada, unless the appropriate agency finally determines that he or she is not entitled to unemployment benefits under such law for such week.

((++)) (10) "State law" means the unemployment insurance law of any state, approved by the United States secretary of labor under section 3304 of the internal revenue code of 1954.

NEW SECTION, Sec. 11. A new section is added to chapter 50.22 RCW to read as follows:

(1) An additional benefit period is established beginning on the first Sunday after the effective date of this act. No new claims for additional benefits will be accepted for weeks beginning after December 31, 1985. This additional benefit period shall end with the start of an extended benefit period or with the start of any totally federally funded benefit program for exhaustees.

(2) The weekly benefit amount shall be calculated as specified in RCW 50.22.040.

(3) The total additional benefit amount shall be the lesser of one-third of regular benefits or eight times the individual's weekly benefit amount.

(4) Additional benefits shall not be payable for weeks more than one year beyond the end of the benefit year of the regular claim.

(5) The maximum amount of additional benefits for an individual shall be reduced, but not below zero, by any federal supplemental compensation paid based on the individual's most recent benefit year.

However, if federal funding is increased to provide for the financing of the services specified in this

act, this appropriation shall be reduced by the amount that federal funding is increased specifically for such services. This portion of the state appropriation shall be deposited in the unemployment compensation fund.

#### POINT OF INQUIRY

Senator Newhouse: "Senator Bottiger, what you are attempting to do here with Referendums 38 and 39, as you stated--were measures approved by the people some years ago, you are changing the purposes by this for which those bonds are authorized."

Senator Bottiger: "I don't believe I'm changing the purposes. I'm directing within the purposes stated within the ballot title and on the ballot--redirecting funds within those purposes and kind of earmarking them for irrigation projects."

Senator Newhouse: "That's kind of a cute maneuver but the Department of Ecology already has authority to expend and if you're giving the same purposes then, is this bill really necessary?"

Senator Bottiger: "I'll defer to Senator Hansen. My agriculture experiences are limited to twelve and a half acres."

Senator Newhouse: "I'm asking for legal. I'm not asking for a farmer's horse-back estimate."

#### REMARKS BY SENATOR HANSEN

Senator Hansen: "Thank you, Mr. President. Irv, this is part of the agreement I had with the Governor when we agreed on the 40 million dollars for the irrigation bonds and to keep us from running over the bond limit--was to dedicate 18 million dollars out of Referendum 38, which was already voted by the people for this purpose. All it's doing is dedicating this 18 million dollars for this purpose until the 40 million dollars that will be in the bond issue that won't be sold until after the 1991-

93 biennium. At that time, if everything's positive on the EIC's the repayment capabilities to the project by the landowners, then the 40 million dollars would be there at that time to carry out the construction part of the project."

Senator Newhouse: "My concern is that as I recall, Referendum 39, I believe, and you're getting into both 38 and 39, a large portion of it was dedicated solely to energy related activities and would not be available for this purpose, and I think that amendment was put on by Senator Bottiger himself. Now, if we change that purpose I am concerned that we're changing the purpose of the bond issue which the people have approved and we're not submitting to the people that bond issue for their approval of the change."

Senator Hansen: "You are talking about Referendum 39 money and we are just now redirecting the 50 million dollars for water quality instead of energy related water quality."

#### POINT OF INQUIRY

Senator Newhouse: "Senator Bottiger, we're talking 3679 and I see on the same flash calendar Senate Bill No. 3827. What is the order that you intend to consider these?"

Senator Bottiger: "One of these issues is the water quality issue that we are all aware is under heavy negotiation for some kind of settlement. It is our intent to make every effort to reach a compromise between--I'm not sure the problem is between the two caucuses in the Senate--but every effort to reach a compromise with the House. The willingness to give and to compromise is necessary if we are going to get a water quality bill through here. One of these measures deals with that water quality and I'm candid in saying that I candidly don't know which of these two."

Senator Newhouse: "To refresh your memory a bit--my concern is that the bond issue thing which you have listed first takes a sixty percent vote and I want to make sure that the one that is listed second passes first, so before the bond issue passes, we can be aware of what is happening on the water quality issue."

Senator Bottiger: "Senator, I understand what you are saying and I hope everybody else does. There will be no supporting votes for any of these bond issues until the water quality issue is out of the way--a legitimate use of political votes. I have no quarrel with that. At the same time, we may very well be going home shortly and at least some of us who are interested in irrigation--whether it be on the Enitat or the Yakima--would like to see this irrigation issue addressed, up or down or sideways. It's a very minor part of the entire water quality issue, but irrigation is an essential part of the agricultural community of eastern Washington of which I am belatedly a member. I would like to see that we do something about irrigation."

Further debate ensued.

#### INTRODUCTION AND FIRST READING OF HOUSE BILLS

EHB 1256 by Representative Grimm

Relating to increases in revenue.

Hold.

HB 1326 by Representatives Peery, P. King and R. King (by Governor Gardner request)

Authorizing sales and use tax deferrals on certain investment projects for persons not currently engaged in manufacturing or research and development in Washington State.

Hold.

#### MOTION

On motion of Senator Vognild, the rules were suspended. Engrossed House Bill No. 1256 and House Bill No. 1326 were advanced to second reading and placed on the second reading calendar.

#### MOTION

At 9:10 a.m., on motion of Senator Vognild, the Senate recessed until 9:40 a.m.

#### SECOND MORNING SESSION

The Senate was called to order at 10:32 a.m. by President Cherberg.

There being no objection, the President advanced the Senate to the sixth order of business.

#### SECOND READING

HOUSE BILL NO. 1326, by Representatives Perry, P. King and R. King (by Governor Gardner request)

Authorizing sales and use tax deferrals on certain investment projects for persons not currently engaged in manufacturing or research and development in Washington State.

The bill was read the second time.

#### MOTION

Senator McCaslin moved that the following amendment by Senators McCaslin, Lee and Cantu be adopted:

On page 3, strike new section 3.

Renumber remaining sections consecutively.

#### POINT OF INQUIRY

Senator Bottiger: "Senator McCaslin, with your amendment adopted, as I read the bill, Denny's Restaurant would qualify for a sales tax deferral. Do you agree with that interpretation?"

Senator McCaslin: "No, I would not. I would say that if Dennys expanded, then they would be within that amendment."

Senator Bottiger: "Senator, do you have any idea then what the fiscal note on this tax deferral would be?"

Senator McCaslin: "No. No more than you have the idea of the fiscal note on what this might do, if we would just adopt this."

Senator Bottiger: "There is a fiscal note, Senator, on the loss of revenue for existing projects under the bill as it came over from the House. It's about \$480,000. Now, when we got into problems before with the sales tax deferral there was a list of horrors under the old bill and if you expand this bill then you will have a serious problem with the revenue estimates of this state. That's why the bill is very narrowly and carefully drafted."

Senator McCaslin: "This is just a deferral, Senator. We're not forgiving taxes."

Senator Bottiger: "You're deferring it for three years which puts us halfway into the next biennium, so in this biennium you have a huge revenue loss."

Senator McCaslin: "I know, but what we're going to have is a huge revenue increase if we adopt this and I think you and I both want that."

Further debate ensued.

#### POINT OF ORDER

Senator McDermott: "Mr. President, a point of order. I would raise the question of scope and object on this amendment. The title of the act is an act relating to sales and use tax deferrals for manufacturing or research and development investment projects for persons not currently engaged in manufacturing or research and development in Washington state. The effect of this amendment would be to broaden it to those companies which are presently within the state although that may be a good project for us to consider in the future, it is beyond the scope and object of the title of the bill."

#### REMARKS BY SENATOR McDONALD

Senator McDonald: "Mr. President, in arguing against the scope and object ruling, I think it would be an incredible precedent if indeed we could not strike sections of a bill—that any bill out here had to be intact or it would no longer fit within the title of the act. I suspect that you'll look at other bodies that have ruled in this, but I also think that it is extremely important for precedent that this amendment, which is simply a striking amendment, would be ruled within the scope and object of the bill."

#### REMARKS BY SENATOR PULLEN

Senator Pullen: "Mr. President, I too, would like to echo the remarks of Senator McDonald. I can't in any way see that you expand the scope and object of the bill or expand the title by merely deleting some language from the bill. All that does is to leave you with a relatively broader title with respect to the language that remains in the bill."

#### REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President, speaking to the point of order, the questions that I asked of Senator McCaslin were designed to demonstrate the fact that the purpose of the amendment is to expand the scope of the bill to include many more manufacturers that would not be eligible under the title for substantial tax deferral. It would impact our budget. It would impact the revenue of the state and it clearly expands the title of the bill. That's what the amendment was offered to do. That's what Senator McCaslin very candidly admitted that it did, so it clearly expands the scope and the title of the bill."

## REMARKS BY SENATOR NEWHOUSE

Senator Newhouse: "Mr. President, I wasn't going to address this, but I would point out to Senator Bottiger that if the bill were passed as is without the amendment, the Governor would have the right to strike that and accomplish the very same purpose."

## REMARKS BY SENATOR McCASLIN

Senator McCaslin: "Thank you, Mr. President. I think with the striking of part of the title, I think I've corrected what you're bringing up Senator Bottiger. But, I do wish to point out, Senator Bottiger, that we're not talking about Dennys and hamburgers and McDonalds and Safeways and I think that if you look at sub (5) Section 1, 'Manufacturing means all activities of a commercial industrial nature, etc., etc. or useful substance or article that the producing of tangible personal property to produce the sale for commercial or industrial use.' So, we're not talking about Dennys; we're not talking about McDonalds or Safeways or Albertsons, so I don't think we're expanding it, we're improving it actually and we're taking out that part of the title which you're saying I am expanding."

## FURTHER REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President, I don't want to belabor it, but to reply to Senator Newhouse, there is another judge that determines whether we expand the scope and object and that's the court system. It isn't just the ruling of the Lieutenant Governor that is in question here, it's whether a challenge would be supported in court. Senator McCaslin, you're reading from the definition section and you're absolutely correct but a definition section isn't operative. The only place that language appears is in Section 3 as to who can apply. If you take out Section 3, you've opened this up to quote Section 4--'any applicant.'"

## REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Senator Bottiger's remarks have indicated we are passing unconstitutional legislation which is a special privilege and only related to one company and I think that the constitutional question is very grave that if it can be proven that we are aiming at one company, we're not making fair legislation for all the people of the state. So, the judges have looked at that many, many times and say that you cannot have special legislation and have it stand up under the Constitution."

At 10:50 a.m., there being no objection, the President declared the Senate to be at ease.

The Senate was called to order at 11:26 a.m. by President Pro Tempore Goltz.

There being no objection, the President Pro Tempore advanced the Senate to the eighth order of business.

## MOTION

Senator Vognild moved that Senate Floor Resolutions No. 24, 32, 40, 65, 69, 70, 82, 83, 111, 112, 118, 119 and 120 be adopted.

## POINT OF INQUIRY

Senator Deccio: "Senator Vognild, how are some of the other resolutions to be handled? I have one my caucus has authorized me to put together and I am just wondering how it would be handled?"

Senator Vognild: "Senator, any resolution that deals with any type of actual legislature study or any direction of the legislature will be referred to the Executive Rules Committee which has the authority to act on it. Any other resolution that has been submitted honoring someone will be a situation if we have time, we will try to handle it."

The President Pro Tempore declared the question before the Senate to be the motion by Senator Vognild to adopt Senate Resolutions No. 24, 32, 40, 65, 69, 70, 82, 83, 111, 112, 118, 119 and 120.

At 11:30 a.m., the President Pro Tempore declared the Senate to be at ease.

The Senate was called to order at 11:31 a.m. by President Cherberg.

There being no objection, the Senate resumed consideration of House Bill No. 1326 and the pending amendment on page 3 by Senators McCaslin, Lee and Cantu, deferred earlier today.

#### RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator McDermott, the President finds that House Bill No. 1326 is a very tightly drafted bill affecting one area of economic development.

"The President believes the amendment proposed by Senator McCaslin and others may change the scope and object of the bill in the strictest sense of that term. However, the President is convinced that such a tight ruling would set an extremely confining precedent with regard to future scope and object rulings and their effect on legislation and would adversely interfere with the legislative process and the decision making prerogatives of the members.

"The President, therefore, finds that the proposed amendment does not change the scope and object of the bill and that the point of order is not well taken."

The amendment by Senators McCaslin, Lee and Cantu was ruled in order. Debate ensued.

#### POINT OF INQUIRY

Senator Deccio: "Senator Bottiger, in the event that the RCA/ Sharp venture does not prevail, would the narrowness of this bill preclude going after any other firm that may be interested in coming in down the road?"

Senator Bottiger: "Senator Deccio, my understanding is that there are five or six firms that have expressed an interest in coming to the state of Washington that would fit under the language of this bill and that all of them are being pursued. The one that is closest at hand to making a decision in which we are in competition with three other states is RCA, but the others are not being abandoned and I believe there is one firm that either has or is about to make a decision that would fall in that classification that would be in eastern Washington."

Further debate ensued.

Senator McCaslin demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on adoption of the amendment by Senators McCaslin, Lee and Cantu.

#### ROLL CALL

On motion of Senator McDermott, the rules were suspended, House Bill No. 1326 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

Senators Peterson, Wojahn, McDermott demanded the previous question and the demand was not sustained.

Further debate ensued.

The President declared the question before the Senate to be the roll call on final passage of House Bill No. 1326.

Senator Kreidler moved that the following amendment by Senators Kreidler, Talmadge and Hansen be adopted:

Strike everything after the enacting clause and insert the following:

**NEW SECTION.** Sec. 1. The long-range health and environmental goals for the state of Washington must include the protection of the state's critical water bodies and supplies for the health, safety, and enjoyment of its people, and the economic use of water by providing water pollution control facilities and activities. The purpose of this chapter is to provide financial assistance to the state and local governments in the achievement of federal and state water pollution control requirements for the protection of the state's critical water resources. It is the policy of this state that the responsibility of paying for the costs of that portion of capacity of water pollution control facilities designed to deal with future growth is a local responsibility and that grants and loans made under this chapter shall not be used to finance such capacities.

**NEW SECTION.** Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Account" means the water quality account in the state treasury.

(2) "Department" means the department of ecology.

(3) "Eligible cost" means that portion of the cost of a water pollution control facility that can be financed in part by a grant or loan under this chapter. "Eligible cost" does not include any portion of a water pollution control facility's cost attributable to capacity that is in excess of that reasonably required to address one hundred ten percent of the applicant's needs for water pollution control facilities existing at the time the application for a loan or grant under this chapter is submitted.

(4) "Public body" means the state of Washington or any agency, county, city, political subdivision, municipal corporation, or quasi-municipal corporation thereof, an agency of the federal government, and those Indian tribes now or hereafter recognized as such by the federal government.

(5) "Water pollution control facility" means any facility owned or operated by a public body for the control, collection, storage, treatment, disposal, or recycling of wastewater, including but not limited to sanitary sewage, storm water, residential, industrial, commercial, and agricultural wastes, which are causing water quality degradation. "Water pollution control facility" may include all equipment, utilities, structures, real property, and interest in and improvements on real property necessary for or incidental to such purpose.

(6) "Water pollution control activity" means: (a) Actions to remove pollutants from or prevent pollution of critical water resources; (b) the development of plans to prevent pollution of water resources and to specify needs for water pollution control facilities and other water pollution control activities; (c) research into activities that prevent pollution of critical water resources; and (d) the development of plans and designs specific to particular water pollution control facilities.

**NEW SECTION.** Sec. 3. (1) Moneys deposited in the water quality account shall be administered by the department of ecology, subject to legislative appropriation. The department may use or permit the use of any moneys in the account to make grants or loans to public bodies, including grants to public bodies as cost-sharing moneys in any case where federal, local, or other funds are made available on a cost-sharing basis, for water pollution control facilities and activities within the purposes of this chapter, and for related administrative expenses.

(2) The department shall ensure that grants of funds available under this chapter do not constitute more than fifty percent of the total eligible cost of any water pollution control facilities and that any combination of grants, loans, and federal funds do not constitute more than seventy-five percent of the eligible cost of any water pollution control facility.

(3) The department shall ensure that grants or loans made to a public body for a water pollution control activity do not constitute more than fifty percent of the total cost of such activity.

(4) No more than two percent of the moneys deposited in the account may be used by the department to pay for the administration of the grant and loan program authorized by this chapter.

(5) Loans shall be for a term not to exceed ten years and shall bear interest at rates determined by the department in consultation with the state treasurer.

(6) The department shall present a progress report on the use of moneys from the account to the legislature no later than November 30th of each year.

(7) One-half of one percent of the total authorized by the legislature each biennium may be used by the department to provide funds to public bodies to prepare feasibility studies on joint development and other alternative methods of financing water pollution control facilities.

**NEW SECTION.** Sec. 4. The department shall distribute grants and loans over the period from the effective date of this act until December 31, 1995, in the following manner:

(1) Not more than fifty-three percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of Puget Sound, including Hood Canal;

(2) Not more than ten percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of the straits of Juan de Fuca, Georgia, and Rosario, and marine embayments immediately adjacent to these straits;

(3) Not more than three percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of other marine water in the state;

(4) Not more than eleven percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of freshwater lakes and rivers, including but not limited to Lake Chelan and the Yakima and Columbia rivers;

(5) Not more than twenty percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of significant subterranean water bodies as designated by the department, including, but not limited to, sole source aquifers designated under the federal safe drinking water act, including but not limited to not more than fourteen percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of the Spokane Rathdrum Prairie aquifer; and

(6) Not more than seventeen percent for water pollution control facilities or activities as prescribed by the department.

These distribution percentages shall not restrict distributions in any single year. Not more than two and one-half percent of the total amounts of these moneys from the effective date of this act until December 31, 1995, may be transferred by the department to the state conservation commission for such purposes, of which one-half percent shall be used for research.

**NEW SECTION.** Sec. 5. When making grants or loans for water pollution control facilities, the department shall take into consideration the following:

(1) The protection of water quality and public health;

(2) The cost to household ratepayers if they had to finance the water pollution control facilities without state assistance;

(3) Regulatory actions established in federal and state compliance orders;

(4) The recommendations of the Puget Sound water quality authority and any other board, council, commission, or group established by the legislature or a state agency to study water pollution control issues around the state;

(5) Geographical distribution;

(6) The extent to which the recipient county or city, or if the recipient is another public body, the extent to which the county or city in which the recipient public body is located, has established programs to mitigate nonpoint pollution of the surface or subterranean body of water sought to be protected by the water pollution control facilities or activities that would be partially financed by the grant or loan; and

(7) The level of local fiscal effort by household ratepayers since 1972 in financing water pollution control facilities.

When allocating moneys in the account for water pollution control activities, the department shall take into consideration subsections (1), (3), (4), (5), (6), and (7) of this section.

Within two years after the Puget Sound water quality authority has made its recommendations on nonpoint pollution, no grant or loan, or distribution of grant or loan moneys, may be made to any public body located within a county from which nonpoint pollution enters Puget Sound unless the director of ecology finds that the Puget Sound water quality authority's recommendations on nonpoint pollution have been implemented by each public entity within the county, to the extent that the entity has the implementing authority.

**NEW SECTION.** Sec. 6. Any public body with ownership rights in a project authorized by this chapter may sell, lease, or otherwise transfer for value part or all of such ownership rights pursuant to the restrictions, covenants, and conditions described in this section.

The purchasers or lessees, their successors, and assignees shall be obligated to devote such real property only to the uses specified in such agreement and may be obligated to comply with such other requirements as the governing public body may determine to be in the public interest. Any agreement affecting such sale, lease, or other transfer of such property shall require that the property be leased back to the governing public body for operation by such body. Any instrument purporting to allow the sale, lease, or other transfer of such property by the governing body shall be in conformance with all restrictions, covenants, and agreements contained in bonds issued by such body which pledge to their payment properties of, or revenues from, the project.

**NEW SECTION.** Sec. 7. The state treasurer shall withdraw from any general state revenues received in the state treasury and deposit into the water quality account, hereby created in the state treasury, on a quarterly basis in each of the following fiscal years the following annual amounts:

Fiscal Year	Amount
1987	\$1,000,000
1988	\$20,000,000
1989	\$20,000,000
1990 and thereafter	\$50,000,000

Sec. 8. Section 4, chapter 159, Laws of 1980 and RCW 43.99F.040 are each amended to read as follows:

The proceeds from the sale of the bonds deposited in the state and local improvements revolving account, Waste Disposal Facilities, 1980 (~~of the general fund~~) under the terms of this chapter shall be administered by the state department of ecology subject to legislative appropriation. The department may use or permit the use of any funds derived from the sale of bonds authorized under this chapter to accomplish the purpose for which the bonds are issued by direct expenditures and by grants or loans to public bodies, including grants to public bodies as cost-sharing funds in any case where federal, local, or other funds are made available on a cost-sharing basis for improvements within the purposes of this chapter. The department shall ensure that funds derived from the sale of bonds authorized under this chapter do not constitute more than seventy-five percent of the total cost of any waste disposal or management facility. Not more than two percent of the proceeds of the bond issue may be used by the department of ecology in relation to the administration of the expenditures, grants, and loans.

At least ~~((one hundred fifty))~~ eighty-five million dollars of the proceeds of the bonds authorized by this chapter shall be used exclusively for solid waste management systems capable of producing renewable energy or energy savings as a result of the management of the wastes. "Renewable energy" means, but is not limited to, the production of steam, hot water for steam heat, electricity, cogeneration, gas, or fuel through the use of wastes by incineration, refuse-derived fuel processes, pyrolysis, hydrolysis, or bioconversion, and energy savings through material recovery from waste source separation and/or recycling. At least fifty million dollars of the unobligated proceeds of the bonds authorized by this chapter remaining as of June 30, 1985, shall be used exclusively for municipal water pollution control facilities and activities in this state. Proceeds from the sale of such bonds used for municipal water pollution control facilities and activities shall be deposited in the water quality account in the state treasury. Any remaining unobligated funds shall be available for the general purposes authorized by this chapter. Any wastewater funding allocation program under this chapter which is underway on the effective date of this 1985 act and which is proposed for implementation in 1985 by the department of ecology shall remain intact. Funds from this chapter shall be used to implement the program.

The department of ecology shall present a progress report of actual projects committed by the department to the senate committee on ways and means and the house of representatives committee on appropriations no later than November 30th of each year.

Integration of the management and operation of systems for solid waste disposal with systems of liquid waste disposal holds promise of improved waste disposal efficiency and greater environmental protection and restoration. To encourage the planning for and development of such integration, the department may provide for special grant incentives to public bodies which plan for or operate integrated waste disposal management systems.

**NEW SECTION, Sec. 9.** A new section is added to chapter 43.99E RCW to read as follows:

There is hereby set aside eighteen million dollars of unobligated proceeds provided in RCW 43.99E.025(2) as state matching funds for the Yakima river basin enhancement project and the expansion of the Columbia basin project. Such proceeds shall be used for the purpose of providing funds for capital improvements consisting of the planning, acquisition, construction, rehabilitation and improvement of agricultural water supply facilities as defined in this chapter. Such proceeds shall be available in advance of and in addition to any other bond proceeds authorized for such agricultural water supply facilities.

**NEW SECTION, Sec. 10.** As soon as practicable after the effective date of this act, the director of financial management shall establish and chair a study group to evaluate funding mechanisms for implementing a continuing state commitment to providing financial assistance for water pollution control facilities and activities.

Members of the study group shall include the director of ecology, two members of the senate, one from each caucus, appointed by the president of the senate, two members of the house of representatives, one from each caucus, appointed by the speaker of the house, and three individuals appointed by the director of financial management at least one of whom shall have expertise in the field of public finance. The funds derived shall be used by the state and by public bodies in a continuing cost-sharing program to finance water pollution control facilities and activities necessary to protect the state's water resources; and (2) state agency allocation and distribution procedures for capital improvement projects. A report of its findings and recommendations shall be submitted to the governor and the legislature no later than December 1, 1986.

**NEW SECTION, Sec. 11.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

#### PARLIAMENTARY INQUIRY

Senator McDonald: "Mr. President, a point of parliamentary inquiry. In reviewing the bill, I'm wondering if this is sixty percent required to pass, as I would read it, or a fifty percent? I wish you would rule on that. In looking at it, Section 8 deals with Referendum 39 and the redirection of 85 million dollars worth of that money. It redirects it in a number of ways on page 7, lines 1 through 13, and in Section 9; on page 7, we are directing Referendum 38 monies, 18 million dollars of which would be spent in a way that was different than the referendums that were passed by the people. It would be my opinion that it would be sixty percent. I ask for a ruling from the chair."

#### REPLY BY THE PRESIDENT

President Cherberg: "Senator McDonald and other members, Referendum 39, the President believes, was passed sometime in the mid 70's. The President believes the Senate is empowered by a majority vote to redirect existing funds authorized by a referendum two years after passage, or more. It would simply require a majority vote of the members elected."

#### PERSONAL PRIVILEGE

Senator Lee: "Mr. President, a point of personal privilege. Ladies and gentlemen, I would like to make an announcement that persistence does indeed pay off. Within the last two or three weeks, the state of Washington, through the Interagency in Outdoor Recreation finally has a Washington state recreation guide that has all of the publicly-owned--at taxpayer paid recreation sites in one particular booklet. Before I was elected to the legislature in 1974 I thought, 'well gee, I don't know why the state doesn't have something like this--Idaho, Montana, neighboring states do.' At that point in time and up until this was published, you had to have at least a dozen pieces of publication for the same stretch of road to find out where the public parks were. In many cases, there were parks that were full and if you knew where there were a few more down the road you could find another one, but no one ever told you at the first place that there was something else because of the jealousy and the sovereignty between the different agencies and so it was my very first bill introduced as a freshman legislator to have a comprehensive recreation guide, but it has taken this long to finally get it to come about and we now have--believe it or not--six federal agencies and six state agencies who all cooperated information and it doesn't cost the taxpayers any money because this is a publication that is a for sale publication done with the cooperation between the private sector and the interagency committee.

"It contains everything from the Forest Service, the Bureau of Reclamation, Wild Life, Corps of Engineers, National Parks, Bureau of Land Management, Parks, Game, and the Utilities and Transportation Commission actually had recreational sites--if you didn't know it before--the Department of Natural Resources and the Department of Fisheries. These are for sale in most state agencies and I have some available in my office and it's one I think we can all be proud of. In fact it would make a good gift and something that is ready for the NCSL Convention that will be here in August. It costs \$3.00 plus 24 cents tax."

#### MOTIONS

On motion of Senator Vognild, the Senate advanced to the eighth order of business.

Senator McDermott moved that the following resolution be adopted:

#### SENATE RESOLUTION 1985-121

by Senators McDermott, Hayner, Lee, McDonald, Rasmussen and McCaslin

WHEREAS, The Washington State Lottery Commission was created by the State Legislature and its duties, responsibilities, and powers are defined by legislation; and

WHEREAS, Among the many activities engaged in by the Commission is the promotion of sales of lottery tickets; and

WHEREAS, The Commission has recently joined forces with a single business entity to the extent that this particular business exchanges a portion of its products to unsuccessful lottery participants in exchange for a designated number of losing lottery tickets; and

WHEREAS, The Legislature, and many state citizens seriously question the legal and ethical propriety of such an arrangement which lends the credibility of the state; and

WHEREAS, Such treatment of a particular enterprise raises serious and substantial questions of favoritism and, moreover, the mere appearance of a state agency lending its vast publicity potential, especially in an area such as gambling, to a particular company's business is a serious policy matter best left to the citizens's elected representatives working through the legislative process;

NOW, THEREFORE BE IT RESOLVED, That the Washington State Senate forward a copy of this resolution to the appropriate officials of the Washington State Lottery Commission, request that it refrain from such activities as detailed herein, and urge the Commission to utilize the legislative process if it desires to enter into similar promotional activities.

## **APPENDIX A**

**CORPORATION ACT REVISION COMMITTEE  
COMMENTARY TO SENATE BILL NO. 3580**

CORPORATION ACT REVISION COMMITTEE  
COMMENTARY TO SENATE BILL NO. 3580PREFACE

The following Commentary has been prepared by the Corporate Act Revision Committee ("Committee") of the Corporation, Business & Banking Section of the Washington State Bar Association in connection with their drafting of the amendments to RCW 23A as contained in Senate Bill 3580. The Commentary has been revised and supplemented with responses to specific questions directed to the Committee by members of the Legislature.

COMMENTARY TO SECTIONS 1, 3, 10, 11, 12, 13, 14, 16 AND 19  
(Amending RCW 23A.08.120 et al.)

The amendment made by section 1, along with sections 3, 10, 11, 12, 13, 14, 16 and 19 of S.B. 3580 removes numerous references in the title to a required par value for shares (or a required value statement for no par shares). As a result of the 1984 amendments to RCW title 23A, the only use for such required values under current law is to serve as the basis for incorporation (or qualification) and annual license fees paid by domestic and foreign corporation to the secretary of state. Sections 17, 18, 20, 21 and 22 of S.B. 3580 replace such a fee system with a flat fee system thus making any such requirements for statements of par value (or a required value statement for no par shares) unnecessary and irrelevant.

COMMENTARY TO SECTION 2  
(Replacement of existing RCW 23A.08.160--  
"Consideration for shares")

This section replaces existing RCW 23A.08.160 with Section 6.21 of the proposed Revised Model Business Corporation Act ("Revised Model Act"). RCW 23A.08.210 is also being revised to conform to these changes (section 4 of S.B. 3580). The major change from present Washington law is that this would permit shares to be issued for promissory notes and future services in addition to presently permitted forms of consideration.

The only change in section 2 of S.B. 3580 (the proposed revised RCW 23A.08.160) from Section 6.21 of the proposed Revised Model Act is the deletion of the words "received as of the time the shares are issued" from the end of the last sentence of subsection (3). This change eliminates possible ambiguities as to the date as of which consideration is determined.

This revised section eliminates the rule that certain kinds of property are ineligible to serve as consideration for shares. The caption of the section, "Issuance of Shares," reflects the

change in emphasis from imposing restrictions on the issuance of shares to establishing general principles for their issuance.

Subsection (2) permits the price for shares to be determined by the board of directors as a fixed price, as a minimum price, or as a price based upon a formula or other method for its determination. In making this determination, the board of directors will be governed by the standards of RCW 23A.08.343. The provision for a minimum price, a formula, or other method for determining the price is designed to give greater flexibility in issuing the shares in accordance with limitations set forth by the board, and to allow such variations in the price as may be necessary or appropriate to reflect changing market conditions. Formula pricing methods are frequently used in connection with the issuance of additional shares of a class for which an active trading market already exists, and in competitive bidding transactions like those used by many public utilities, where the exact price is fixed just before an offering after various regulatory clearances are secured.

Subsection (3) specifically validates contracts for future services (including promoters' services) and promissory notes as consideration for the present issue of shares. In the realities of commercial life, there is sometimes a need for the issuance of shares for this type of consideration. And, as a matter of simple business economics, contracts for future services, promissory notes, and intangible property have value that is as real as the value of tangible property or past services, the types of property that many older statutes permit as consideration for shares. Thus, only business judgment should determine what kind of property should be obtained for shares, and a determination in good faith by the directors to accept a specific kind of valuable property should be accepted and not circumscribed by artificial or arbitrary rules.

While accounting principles are not specified in the Model Business Corporation Act, the last sentence of subsection (3) requires the directors to value the consideration received by the corporation. In the case of contracts for future services or promissory notes, the directors must value them, making due discount for lack of security, uncertainty of payment, below-market rates of interest, or the discounted value of the future services or payment. The directors may also restrict the transfer of shares under subsection (6) until after the services are rendered or payments are made; the valuation of the consideration received may take into account the effect of these restrictions.

Subsection (4) states that shares issued after receipt of the consideration established by the board are fully paid, validly issued, and nonassessable. This provides the basic test for an attorney called upon to give an opinion as to the status of a

proposed issue of shares. But this test is not exclusive: shares that are issued improperly may be enforceable against the corporation under section 8-202 of the Uniform Commercial Code if they are acquired by a purchaser for value. Subsection (4) does not alter the effect of other laws and the Washington State Constitution which make the shares of certain corporations, such as banks and insurance companies, assessable.

Subsection (5) provides that a "good faith" decision by the board as to the value of the consideration received is conclusive as to questions whether the shares are validly issued, fully paid and non-assessable. "Good Faith" replaces the phrase "in the absence of fraud in the transaction" in the former RCW 23A.08.160 and more accurately describes the nature of the standard. This section does not affect potential liability of directors for failure to satisfy their duties under RCW 23A.08.343.

Subsection (6) permits the board to determine that shares issued for promissory notes or for contracts for future services should be placed in escrow or their transfer otherwise restricted until the services are performed or the notes are paid. These shares are viewed as validly issued and outstanding (and therefore fully paid and nonassessable), but may be cancelled in whole or in part if the services are not performed or the notes not paid. The board may also direct that distributions in respect of escrowed or restricted shares be credited against their purchase price; if the shares are thereafter cancelled, as described in the preceding sentence, the credited distributions may also be cancelled.

The issuance of some shares for cash and other shares for promissory notes, contracts for past or future services, or for tangible or intangible property opens the possibility of dilution of the interests of some shareholders. For example, persons acquiring shares for cash may be unfairly treated if optimistic values are placed on past or future services or property being contributed by other persons. The problem is particularly acute if the persons providing services, promissory notes, or property of debatable value are themselves connected with the promoters of the corporation or with its directors. Protection of shareholders against abuse of the power granted to the board to set the price and consideration for shares is provided by the requirement that the directors must act in "good faith."

COMMENTARY TO SECTION 4  
(Replacement of existing RCW 23A.08.210--  
"Liability for subscriptions")

Along with section 2 of S.B. 3580, this section replaces existing RCW 23A.08.210. Section 4 of S.B. 3580 adds the language Section 6.22 of the proposed Revised Model Act to RCW 23A.08. The

only change from Section 6.22 of the proposed Revised Model Act is a minor change in subsection (1) to make it consistent with other provisions.

With the elimination of the concepts of par value and watered stock, the sole obligation of a holder or subscriber for shares as set forth in subsection (1) is to pay the full subscription price or consideration established by the board of directors. The consideration established by the board may consist of promissory notes or contracts for future services, and, if the directors so decide, the delivery of the notes or contracts will constitute full payment for the shares. See the Commentary to Section 2 of S.B. 3580.

Subsection (2) recognizes the possibility that shares may be issued before they are fully paid for, or the full subscription price is paid, and provides that transferees of the shares are not liable for the unpaid part of the subscription price or consideration. The transferors, however, remain fully liable. The corporation may, of course prevent these transfers by placing in escrow, or otherwise restricting the transfer of, issued shares that have not been fully paid for under subsection (2)(6) of S.B. subsection 3580 and cancelling them if the unpaid balance is not paid.

#### COMMENTARY TO SECTION 5

(New section regarding "Conflict of interest transactions")

Historically, the scope of a director's or an officer's duty of loyalty to a corporation has been defined by judicial decision rather than by statute. State courts have developed and refined this duty based on increasing sophistication and experience with the corporate form, and the need to encourage honest decisions by directors and officers and to discourage direct or indirect devices by which directors or officers may benefit personally at shareholders' expense.

Nevertheless, a number of states have recently adopted statutes designed to provide participants with relatively certain legal consequences if specified steps are undertaken in connection with corporate transactions involving a director or an officer. The committee believes that such a statute will serve a useful purpose in Washington as counsel frequently have difficulty in rendering advice on common business transactions because of ambiguous or conflicting case-precedents. Most often such difficulty arises in transactions involving small corporations which can ill-afford either engaging in expensive litigation or foregoing the transaction.

Subsection (1) deals with the rules to be applied to transactions in which a director or an officer is directly or indirectly on one side of the transactions and the corporation is on the other. Subsection (1) rejects the common law view that such transactions are automatically voidable at the corporation's option and provides that a transaction that is fair is not voidable merely because a director or an officer is a party to it. Similarly, the fact that a director or an officer had a direct or indirect interest in a fair transactions with the corporation is not in itself grounds for imposing liability on such person. Subsection (1), however, does not mean that any such transaction may not be subject to attack on grounds other than conflict of interest, as, for example, where the transaction was not authorized by the appropriate corporate body.

The fairness of a transaction for purposes of the new section should be evaluated on the basis of the facts and circumstances as they were known or should have been known at the time the transaction was entered into. Generally, the terms of a conflict of interest transaction should normally be deemed "fair" if they were within the range that might have been entered into at arms-length by disinterested persons.

Subsection (2), when read with subsections (4) and (5), which define when the votes of directors or shares may be counted for such purposes, provides that the person asserting the validity of a conflict of interest transaction has the burden of proving the fairness of the transaction unless it was authorized, approved or ratified by a majority of disinterested directors or the vote of a majority of disinterested shares. It should be noted that even if such approval is obtained, the burden of proving fairness remains with the party asserting the validity of the transaction if the material facts of the transaction or the director's (or officer's) interest were not disclosed to the approving directors or shareholders. In every case, the burden of proving disclosure or knowledge of the material facts of the transaction and the director's or officer's interest rests on the party asserting validity of the transaction. The new section is thus consistent with the emphasis placed by the court in State ex rel. Hayes Oyster Co. v. Keyport Oyster Co., 64 Wn.2d 375 (1964) upon full disclosure in such transactions.

In the event that a conflict of interest transaction is authorized, approved or ratified, upon full disclosure, by disinterested directors in accordance with subsections (2) and (4), the party challenging such transaction bears the burden of proving that disinterested directors could not reasonably have believed the transaction to be fair to the corporation. In the event that a conflict of interest transaction is authorized, approved or ratified, upon full disclosure, by the vote of disinterested shares in accordance with subsections (2) and (5), the party

challenging such transaction bears the burden of proving such transaction constituted a waste of corporation assets.

The new section is applicable to "indirect" as well as direct conflicts; "indirect" is defined in subsection (3) to cover transactions between the corporation and an entity in which the director or officer has a material financial interest or is a general partner. Further, subsection (3) covers indirect conflicts where the director or officer is an officer, director, or trustee of another entity (but does not have a material financial interest in the transaction) and the transaction is of sufficient importance that it is or should be considered by the board of directors of the corporation. The purpose of this last clause is to permit normal business transactions between large business entities that may have a common director to go forward without concern about the technical rules relating to conflict about the technical rules relating to conflict of interest unless the transaction is of such importance that it is or should be considered by the board of directors or the director may be deemed to have a material financial interest in the transaction. Thus, the new section covers transactions between corporations with interlocking or common directors as well as the direct "interested director" transactions.

Subsections (4) and (5) provide special rules for determining whether the board of directors (or a committee thereof) or the shareholders have authorized, approved or ratified a conflict of interest transaction for purposes of subsection (2). Basically, these subsections require the transaction in question to be approved either by a majority of disinterested directors, or by a majority of votes cast by shareholders not interested in the transaction, in order to avoid placement of the burden of proving fairness on the party asserting the validity of the transaction.

Subsection (4) provides that if a conflict of interest transaction is to be considered by the board of directors or a committee of the board, only the votes of directors "who have no direct or indirect interest in the transaction" may be counted in determining whether to authorize, approve or ratify the transaction. A vote mistakenly cast by an interested director, however, does not affect the validity of the authorization, approval, or ratification by a committee or by the board of directors under the new section if it otherwise meets the requirements of this subsection. Thus, the new section overrules what appears to be the Washington position as to the effect of an interested director's having voted upon the transaction. Compare Sanders v. E-Z Park, Inc., 57 Wn.2d 474 (1960); Tefft v. Schaefer, 136 Wn. 302 (1925). The mere presence of the interested director at the meeting similarly does not affect the validity of the action by the disinterested directors. Because of the voting disqualification of interested directors, subsection (4) provides that a majority

of the disinterested directors on the committee or on the board of directors, as the case may be, constitute a quorum for purposes of authorizing, approving or ratifying a conflict of interest transaction.

The section does not attempt to define precisely when a director should be viewed as "interested" for purposes of participating in the decision to adopt, approve, or ratify a conflict of interest transaction. Subsection (3) does, however, define one aspect of this concept -- the "indirect" interest. For purposes of the section a director should normally be viewed as interested in a transaction if such person or the immediate members of such person's family have a financial interest in the transaction or an indirect business or financial relationship with the parties to the transaction such that the relationship might reasonably be expected to affect the director's judgment in the particular matter in a manner adverse to the corporation.

When a conflict of interest transaction is considered by the shareholders, subsection (5) applies a similar but somewhat more complex prohibition: votes by shares "owned by or voted under the control of a director or an officer who has a direct or indirect interest in the transaction" and votes by shares "owned by or voted under the control of an entity described in subsection (3)(a)" -- that is an entity in which the director or officer has a material financial interest or is a general partner -- may not be counted in deciding whether the transaction was approved under subsection (2)(b). This prohibition is based on the belief that the same considerations that prevent votes cast by interested directors from being counted in favor of a conflict of interest transaction also compel the conclusion that votes cast by shares owned or controlled by a director or an officer, or by entities involved in the transaction in which they have a material financial interest, should also not be counted when the issue is the authorization, approval or ratification of a conflict of interest transaction. Proxies solicited by a director officer or entity described in subsection (3)(a) after disclosure of the material facts of the transaction and the director's or officer's interest are not considered to be shares voted under the control of such person and are entitled to be counted.

In some situations, the prohibition of subsection (5) will result in the conflict of interest issue being resolved by a majority of a minority of the shares. This will occur, for example, whenever a director who is the majority shareholder of the corporation is interested in a transaction. The vote on the conflict of interest issue under the new section, however, must be distinguished from the vote on the approval of the transaction itself under other sections of the Washington Business Corporation Act, in which there is no prohibition against the voting of shares owned or controlled by an interested director. For example, if a

parent corporation wishes to merge its 70% owned subsidiary into itself, and the majority shareholder of the parent is a director of the subsidiary, the votes of the shares owned by the parent corporation may not be counted under subsection (5) (since the shares are owned by an entity which is a party to the transaction and which the director controls). The shares nevertheless may be voted on the merger proposal itself under RCW 23A.20.030, and the merger will, of course, normally be approved solely by the vote of the shares owned by the parent corporation. On the other hand, if such a merger is effected, and less than a majority of the votes cast by the holders of the 30% of the shares not owned by the corporation approve, then the corporation will have the burden of proving fairness of the transaction in the event of challenge.

COMMENTARY TO SECTION 6

(New section regarding

"Certain interested shareholder transactions")

This section requires special approvals of certain transactions with interested shareholders. Specifically, transactions such as mergers, sales of substantially all of the assets and liquidations involving a person or group of affiliated persons who own 20% or more of the voting stock of a corporation must be approved either by disinterested directors or by two-thirds of the shares owned by disinterested shareholders exclusive of the votes of interested shareholders.

Section 6 does not apply to corporations with less than 300 shareholders (unless the corporation's articles of incorporation provide otherwise). For this purpose, the number of shareholders should be computed prior to any steps taken by an interested shareholder in furtherance of an interested shareholder transaction (including the steps by which a person becomes an interested shareholder), presumably limited by a twenty-four month cutoff. For example, in a tender offer, the number of shareholders would be computed prior to the commencement of the tender offer, and prior to any related earlier purchase. Approval by disinterested shareholders would not be required under Section 6 if the fair market value of the consideration paid for the shares in the second step is not less than the highest fair market value of the consideration paid by the interested shareholder in acquiring any shares during the prior twenty-four months. The fair market values of the considerations must be determined by a majority of disinterested directors. This determination might be supported by valuations by investment bankers or others. Such expert valuation may be necessary where the types of consideration involve securities without an active trading market. If the determination by the disinterested directors is unreasonable, the determination might be challenged in a judicial proceeding. The time value of money arising from the different acquisition dates of securities need not be taken into consideration in determining

the relative fair market values although the time value of money arising from payments in the future on particular securities may be taken into account.

This section is directed particularly at the abuses seen in two-tier or front-loaded tender offers. In these offers, the acquiring entity offers to buy less than all of the outstanding shares of a company at a specified price and states that it may in the future through merger, sale of assets or other corporate reorganization, cause the remaining minority shareholders to receive consideration in cash or securities worth less than the initial tender offer price. The concern of such two-tier pricing is the coercion or pressure that is created on shareholders to tender into the first step of the tender offer. The alternative of not accepting the tender offer is virtual assurance that, if the offer is successful, the shareholder will receive less in the second step. Given that pressure, there is no realistic means for shareholders to reject a two-tier bid, even where they believe the combined, or blended, first and second step price for the target is too low.

These two-tier offers have become popular during the last several years. In response, a number of companies are adoption amendments to their articles of incorporation which provide for special voting requirements. In addition, several states, including Pennsylvania and Maryland, have adopted statutes requiring special votes in these types of transactions.

Although the shares and votes of interested shareholders is not taken into account for purposes of the special votes required by this section, the shares and votes of interested shareholders would be taken into account for quorum and voting requirements under other sections of RCW 23A. Proxies solicited by an interested shareholder after disclosure of material facts of the transaction and the interest of the interested shareholder are not considered to be shares voted under the control of such person for purposes of subsections (2) and (3)(d) and are entitled to be counted. It should be noted that one effect of this section may be to require a shareholder vote where RCW 32A.20.050, involving the merger of a 95% owned subsidiary, would otherwise make a shareholder vote unnecessary.

The concept of interested shareholders includes a shareholder who is or controls a party to a proposed transaction, such as a shareholder who controls a shell corporation with which the corporation requesting approval of its shareholders will merger. Interested shareholders also include a shareholder who, directly or indirectly, receives the assets of a corporation upon liquidation, while the other shareholders simply receive cash, or who is or controls the transferee of substantially all of the assets of the corporation in a sale or exchange.

In addition, an interested shareholder does not include a person who is acting in good faith and not for the purpose of circumventing the section as an agent, bank, broker, nominee or trustee for one or more other persons, to the extent that such other person or persons are not interested shareholders. In other words, if a broker or trustee is acting on behalf of a large number of shareholders one of whom may be an interested shareholder, the shares voted by the broker on behalf of the shareholders who are not interested shareholders, will be counted as shares voted by disinterested shareholders.

## COMMENTARY TO SECTION 7

(Replacement of RCW 23A.08.390 "Quorum of directors")

Subsection (1) substantially restates existing RCW 23A.08.390. The amendment made to existing RCW 23A.08.390 by subsection (2) is necessary to coordinate the rules for determining the number of directors required for a quorum and for action with the provisions added to the title by sections 5 and 6 of S.B. 3580 relating to conflict of interest transactions. Both sets of rules in subsections (7)(2) were designed to resolve uncertainties existing in the current law regarding procedures necessary to authorize such transactions. The Committee believes that current common law regarding quorum and action standards in interested director transactions is consistent with subsection (2). As with the Commentary to section 5, the Committee believes this amendment will serve a useful purpose by removing any ambiguity and setting forth clear standards for quorum and action requirements in transactions where an officer or director has an interest. It should be noted that with respect to standards for review and burden of proof in such transactions, reference must be made to section 5 and the Commentary thereto.

## COMMENTARY TO SECTIONS 8 and 9

(Replacement of existing RCW 23A.08.440 "Loans";  
Revision of RCW 23A.08.450  
"Liability of Directors in Certain Cases")

Section 8 replaces existing RCW 23A.08.440 with proposed Section 8.32 of the proposed Revised Model Act. This amendment removes present limitations on loans to officers and loans secured by a corporation's shares and changes present restrictions on loans by the corporation to directors (including loans obtained by directors from third persons on the basis of the corporation's credit through a guarantee).

The basic test for validity of loans to directors under subsection (1) is that either (a) the particular loan is approved by a majority of the shareholders or by the board of directors after a specific finding that the loan benefits the corporation, or (b) the loan is pursuant to a general plan approved by the

board as being of benefit to the corporation. This type of plan will normally cover at least directors, officers, and high-level employees, and possibly lower-level employees as well. Examples of these plans are employee benefit plans, stock purchase plans and advanced for expenses reasonably anticipated to be incurred in the performance of the duties of the director, officer, or employee.

Subsection (2) makes clear that an irregular or improper loan is nevertheless legally enforceable by the corporation against the borrower.

Subsection (3) provides for an exception for loans by banks, savings and loans, and other lending institutions that are authorized by law to make loans to directors in the ordinary course of business. The protections provided by the statutes applicable to these entities render unnecessary the protections provided by this section.

Section 9 makes corresponding changes to RCW 23A.08.450 "Liability of Directors in Certain Cases" by removing references to loans to officers and by deleting a limiting reference to shareholder approval.

COMMENTARY TO SECTION 15  
(Amendment to RCW 23A.28.135--

"Reinstatement following expiration of corporate duration")

There are 790 pre-1933 corporations on the list of active corporations in this state. Of the 790, many may have previously extended their duration beyond the 50 years the law then allowed. Many other pre-1933 corporations, however, are functioning unaware that some question may exist as to their status.

In 1933 the Business Corporations Act was amended to permit corporations to have perpetual duration. Thereafter, however, unaware of the change in the law, an unknown number of newly formed corporations continued to elect durations of 50 years or less.

This amendment to RCW 23A.28.135(1) would provide a window period during which by amendment of articles of incorporation corporations can resolve any question as to their period of duration, even though the present statute's two year grace period may have expired. After the expiration of the window period, on December 31, 1985, the law reverts back to its present state with the two year grace period providing the only opportunity to elect perpetual duration by any corporation whose more limited duration has expired.

COMMENTARY TO SECTIONS 17, 18, 20, 21 AND 22  
(Amendments modifying fee structure)

The Commentary to Section 1 notes that Sections 1, 3, 10, 11, 12, 13, 14, 16 and 19 remove numerous references to a required par value for shares (or a required value statement for no par shares). As a result of the 1984 amendments to RCW title 23A, the only use for such required values under the current law is to serve as the basis for incorporation (or qualification) and annual license fees paid by domestic and foreign corporations to the secretary of state. Such fees are graduated depending on the amount of authorized capital stock, despite the fact that services provided by the secretary of state in connection with initial or continuing qualifications are similar for all corporations. Calculation of the fees in any case other than minimal capitalization is a difficult, time-consuming activity, both for practitioners and the secretary of state's office. It was the view of the Committee that significant benefits would result from the adoption of a flat fee to be paid by any size of corporation for incorporation or qualification (\$175) or for annual license (\$50). The Committee was informed that such amounts will produce essentially the same amount of revenue as the previous, inordinately complex system and will substantially reduce the processing burden on the secretary of state's office and the filing corporations.

**GOVERNOR'S MESSAGES ON SENATE BILLS  
VETOED AND PARTIALLY VETOED**

1985 REGULAR SESSION  
FIRST SPECIAL SESSION

May 20, 1985

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith without my approval as to Section 5, Substitute Senate Bill No. 3007, entitled:

"AN ACT Relating to motor vehicles;"

Section 5 provides that the value of a motor vehicle for the purpose of paying a use tax will be determined by a bill of sale signed by both parties. Such a proviso would require the acceptance of an unverified document as proof of sales price.

It is my belief that this is an improper way to administer the laws relating to tax collection on vehicles. The Departments of Revenue and Licensing have indicated that they will administratively provide instructions to Licensing's agents to insure the best collection method for use tax on motor vehicles.

With the exception of Section 5, which I have vetoed, Substitute Senate Bill No. 3007 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith, without my approval as to several portions, Engrossed Senate Bill No. 3067, entitled:

"AN ACT Relating to aquatic farming."

Section 6 would create an aquaculture advisory council appointed by the Governor. I wholeheartedly support the purpose of the council, which will bring together private interests with the state agencies responsible for aquaculture promotion and regulation. This cooperation is essential to a successful program. However, the council should more appropriately be appointed by and report to the Director of the Department of Agriculture, who has the prime responsibility for promotion under the Act. The Director has authority under existing statute to appoint such an advisory body. The Director should consult the Departments of Fisheries and Natural Resources in making appointments.

Section 8(7) would provide treble damages in civil actions by aquatic farmers in cases where Department of Fisheries' orders for the destruction of aquatic products are held to be unreasonable. Treble damages against the state are without precedent and are, I believe, excessive and unnecessary. However, removing this provision in no way suggests that the Department should not be accountable for its actions. When the Department has committed an unreasonable act, the courts should continue, as under current law, to award actual and consequential damages.

Section 26(2) would require the Department of Fisheries to survey the boundaries of the state's Puget Sound oyster reserves, assess their ability to support aquaculture, and report to the legislature regarding their optimum use. The Department of Fisheries reports that the surveys required by this subsection would cost more than \$500,000, for which no funding has been provided. In recognition of the need to enhance Puget Sound oyster reserves, I have signed into law Substitute Senate Bill No. 4041. This requires that Fisheries categorize the reserves according to their best uses. It further requires that Fisheries undertake a pilot Olympia oyster cultivation project.

With the exception of Sections 6, 8(7) and 26(2), which I have vetoed, Engrossed Senate Bill No. 3067 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith without my approval as to Section 1, Substitute Senate Bill No. 3069, entitled:

"AN ACT Relating to professional service corporations;"

Section 1 of Substitute Senate Bill No. 3069 permits non-profit corporations practicing in one of the professions otherwise regulated by Title 18 of the Revised Code of Washington to employ individuals or groups incorporated under Title 18. This provision is unnecessary to the central purpose of this measure which is to permit organizations currently organized under Title 18 to organize under the non-profit corporation provisions of Title 24.

The inclusion of this provision raises significant questions about the relationships of for-profit enterprise with non-profit corporations. There is no current bar to a non-profit corporation contracting with a Title 18 professional services corporation as long as an arms length relationship is maintained. Section 1 of Substitute Senate Bill No. 3069 is therefore unnecessary unless some change in existing policy is intended. I believe that any provision which implies less stringent standards than those in the current law governing the relationship of non-profit entities to for-profit enterprise is unwise. I have therefore vetoed Section 1.

With the exception of Section 1, which I have vetoed, Substitute Senate Bill No. 3069 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith without my approval Substitute Senate Bill No. 3090, entitled:

"AN ACT Relating to defense of persons."

The legislature in trying to strengthen the self-defense statute appears to have significantly broadened the areas of coverage. The current statute protects citizens who defend themselves or aid others in defense of heinous crimes from the added burden of paying legal fees when they are charged with criminal conduct. When the citizen's actions are found to be justified, the state will pay the legal costs. The current statute is a positive approach by state government to help its citizens.

However, Substitute Senate Bill No. 3090 includes an exemption for civil liability, as well as criminal, and could be construed to require the state to pay legal fees, loss-wages, and all expenses in civil cases. Normally, the losing party in a civil suit pays at least the court costs of the prevailing party. It would not be appropriate to expand the use of state funds to pay legal fees, loss-wages and other expenses in civil cases where the state is not a party to the litigation.

The bill also greatly expands the offense categories which are covered under self-defense actions. The United States Supreme Court recently handed down a decision concerning the use of force by law enforcement to stop a fleeing criminal. The Court ruled that the crime committed should be considered a "dangerous felony" for the police to shoot the criminal. The offense categories in this bill are expanded beyond what could be considered a dangerous felony and should be the subject of further review before changes are made, including a review of the state law on use of deadly force.

The bill would also expand coverage for legal fees to include law enforcement officers who are required to defend themselves in a coroner's inquest or other

similar proceeding. According to RCW 30.24.020, coroner's inquests are a local decision and proceeding with cost borne at the local level. It would seem reasonable that additional costs for law enforcement officers are also clearly a local responsibility, which should not be transferred to the state.

For the above reasons, I have vetoed Substitute Senate Bill No. 3090.

Respectfully submitted,  
BOOTH GARDNER

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith, without my approval as to three portions of Substitute Senate Bill No. 3184, entitled:

"AN ACT Relating to state-owned housing."

This bill would establish that no rent could be charged to state employees who are required to live in state-owned or leased living facilities as a condition of their employment. I have been advised this portion of the bill is mandated by a existing court order and the old rent structure varied from zero to \$100 per month. I have left this portion of the bill intact, but noting the free rent may count as income for retirement and other tax purposes.

However, Section 3(1) in part, requires that housing be made available rent free to employees who work at the site but are not required to live there. These employees should pay rent since it is their option to live at the facilities. I have left intact the portion of the bill which allows employees the first option and non-employees the second option to occupy the housing if the agency chooses to rent the facility for its fair market rental value.

I have also vetoed Sections 3(2) and 3(3) which limited to \$78 per month or less, the discretion of the state to charge employees the actual cost of utilities and placed the rent determination at the agency level rather than at a centralized level as it had been in the past.

In all these situations, the state is acting as a landlord and should fulfill its obligations beyond just maintaining the facilities in a safe and healthful condition. The facilities should also be made reasonably energy efficient given their age and design and given regular maintenance. I feel requiring these measures makes more business sense than setting an arbitrary average maximum rate and house size on utility rates by statute. Other legislation passed this session takes a major step in requiring energy standards for new housing. I feel the state also should work to make all of its buildings as energy efficient as financially practical.

The Department of Personnel, General Administration and effected agencies will be asked to work together to resolve the above issues reference rental rates and improving the energy efficiency and maintenance of housing involved. If necessary, I will ask the Department of Personnel and General Administration to adopt regulations or draft an Executive Order to implement a uniform progressive policy in this area.

With the exceptions of Sections 3(1) in part, 3(2) and 3(3), Substitute Senate Bill No. 3184 is approved.

Respectfully submitted,  
BOOTH GARDNER, Gardner

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith without my approval Substitute Senate Bill No. 3249, entitled:

"AN ACT Relating to group life insurance;"

This bill would have established a separate statute governing group life insurance policies for members of an association composed of Washington National

Guard members. The original intent for the bill was to allow the proceeds of members' group life insurance coverage to endow a scholarship fund. However, the final bill goes much further than that and contains provisions that should not be in statute.

I would be happy to consider legislation that would properly accomplish the original intent of this bill. In the meantime, I am pleased that an existing group policy is providing for the personal needs of Association members.

For the above reasons, I have vetoed Substitute Senate Bill No. 3249.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith without my approval as to four sections Engrossed Substitute Senate Bill No. 3261, entitled:

"AN ACT Relating to building codes;"

This Act would establish the State Building Code Council. The Council would be responsible for the administration of the State Building Code. Counties, cities and towns would have the responsibility for its strict enforcement.

Substitute House Bill No. 1114, which I have signed, would also amend the State Building Code to provide a process and guidelines for the establishment and maintenance of up to date energy building codes.

I agree with the purpose of both bills. However, there are four double amendments that must be corrected.

Section 7 of Engrossed Substitute Senate Bill No. 3261 would conflict with the language of Section 1 of Substitute House Bill No. 1114. Therefore, I have vetoed Section 7 of Engrossed Substitute Senate Bill No. 3261 to avoid any possible confusion among the users of the State Energy Code.

Section 12 of Engrossed Substitute Senate Bill No. 3261 would make a minor amendment to a section of the State Building Code and makes reference to an obsolete federal code. Section 2 of Substitute House Bill No. 1114 extensively amends the same section of the State Building Code. Therefore, I have vetoed Section 12 of Engrossed Substitute Senate Bill No. 3261 as no longer being required.

Section 14 of Engrossed Substitute Senate Bill No. 3261 amends an obsolete provision of the State Building Code that would be repealed by Section 5 of Substitute House Bill No. 1114. Therefore, I have vetoed Section 14 of Engrossed Substitute Senate Bill No. 3261 to avoid any possible confusion.

Section 18 of Engrossed Substitute Senate Bill No. 3261 recodifies several obsolete sections of the State Building Code. Section 5 of Substitute House Bill No. 1114 repeals the same sections. Therefore, I have vetoed Section 18 of Engrossed Substitute Senate Bill No. 3261 as the recodification will not be necessary.

With the exceptions of Section 7, 12, 14, and 18, which are vetoed, Engrossed Substitute Senate Bill No. 3261 is approved.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Senate Bill No. 3282, entitled:

"AN ACT Relating to historic preservation;"

I support the intent of Engrossed Senate Bill No. 3282 which would require the Director of General Administration to assert a preference for historic properties when the state has a requirement to purchase, lease or rent space for state agency purposes. This preference is to be asserted when it would be feasible and prudent compared with available alternatives.

Nevertheless, I am vetoing Engrossed Senate Bill No. 3282 because it would impose a costly procedure on the State Historic Preservation Officer (SHPO) to prepare a detailed list of qualifying properties in each instance that the Department of General Administration has a space requirement to fill. The SHPO does not currently maintain the type of information about historic properties which is mandated by Engrossed Senate Bill No. 3282, and this legislation does not provide an appropriation.

While I am vetoing Engrossed Senate Bill No. 3282, I will establish by executive order a procedure for building and maintaining an inventory of suitable historic properties and a policy that establishes a preference for the state to use historic properties under certain circumstances.

For these reasons I have vetoed Engrossed Senate Bill No. 3282.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON  
Ladies and Gentlemen:

I am returning herewith, without approval as to certain sections, Substitute Senate Bill No. 3333, entitled:

"AN ACT Relating to motorcycle franchises."

This bill would establish a very detailed regulatory system for the business relationship between manufacturers and the dealers of motorcycles, all terrain vehicles, snowmobiles, and any motor vehicle weighing less than 1,500 pounds. The activities of both the manufacturer and dealer would continue to be regulated under RCW 46.70. The bill is held by its proponents as being necessary to end certain practices on the part of motorcycle manufacturers.

I believe that motorcycle manufacturers have been, at times, heavy-handed in their relationships with dealers. Nonetheless, government should be extremely careful about substituting statutory regulation for matters normally decided between the parties of a commercial transaction.

In general, government should not interfere with business transactions except to protect the consuming public from dangerous, anti-competitive, or fraudulent activities. The alleged actions leading to the measure at hand do not directly affect the consuming public but rather the practices of one business with respect to another. It appears that many of these practices result from vigorous competition within the motorcycle industry.

Some of the provisions of Engrossed Substitute Senate Bill No. 3333 are reasonable standards for any business transaction. Other provisions place unreasonable restrictions on the ability of one party to engage in normal business activity. Others are clearly anti-competitive and would deny the public the benefits of a full, competitive market. For example, entry of new dealers in major urban markets would be virtually prohibited by this bill due to language giving dealers a ten mile radius marketing area. It also restricts warranty work to dealerships and prohibits manufacturers from owning or operating dealerships. All of these provisions, and others like them, restrict competition and would lead to higher prices for the consumers.

The bill also prohibits a manufacturer from reducing a dealer's allocations of motorcycles for poor sales performances, from denying a transfer or succession of dealership to another person except under extremely restricted conditions, and from initiating certain sales promotions which require dealer participation.

In summary, the bill places extraordinary restrictions on one type of business entity for the benefit of another. The public does not benefit from these restrictions and may, in fact, be adversely affected by reduced competition, higher prices and poor service.

The bill also would require manufacturers to purchase back all of a dealer's new or prior year "new" motorcycle inventory which had not been driven over fifty miles, all new, used and rebuilt parts, etc., at a price not less than current prices

charged. This section would apply even where the dealer voluntarily chose to go out of business. This language puts the business risk almost totally on the manufacturer.

While this bill contains many provisions such as those described above which are not in the interests of the public, there are also desirable provisions which provide reasonable standards for any business relationship. To preserve these positive provisions, I have decided to approve this measure with the exception of a number of sections.

In making these vetoes, I have attempted to establish a balance between the interest of the dealers, manufacturers and the consumers. The consumer is best served by leaving room for competition between dealers and bargaining power on both sides between dealers and manufacturers in establishing franchise agreements.

For the above reasons, I have vetoed the following Sections: 3(2) in part, 3(8) in part, 3(16), 4(1)(a) in part, 4(1)(b), 4(1)(c), 4(1)(g), 4(7), 4(11), 4(17), 4(18), 4(20), 4(21), 4(22), 4(24), 5(4), 5(5), 6, 7, 8(1) in part, 8(2) in part, 10 in part, 11 and 12.

With the exception of the above vetoes, Substitute Senate Bill No. 3333 is approved.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith without my approval as to Section 1 subsection (5), Sections 3, 4, 5, and a portion of Section 7, Substitute Senate Bill No. 3354, entitled:

"AN ACT Relating to the medical aid fund;"

These sections of the bill would require expenditures from the Medical Aid Fund to be subject to appropriation. While this has been a very troubled program in the past, I have appointed new management which is actively undertaking management improvements. The need for control of health care costs is to run the workers' compensation program like the insurance business that it is. To do this, management needs the flexibility to adequately direct the program. For these reasons, I have vetoed Section 1 subsection (5), Sections 3, 4, 5, and a portion of Section 7.

With the exception of Section 1 subsection (5), Sections 3, 4, 5, and a portion of Section 7, Substitute Senate Bill No. 3354 is approved.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith without my approval as to Section 1, Substitute Senate Bill No. 3367:

"AN ACT Relating to the public disclosure law."

Section 1 amends the definition of "election campaign." While there may need to be more clarity in this definition, I do not believe the proposed change is appropriate. Under the proposed new definitions an "election campaign" would begin when the initial campaign committee organization form is filed. It would not end until a final report showing a \$0 balance in the campaign fund is filed. In my opinion, this would mean an unacceptably long "election campaign" since most campaign committees do not file final reports after each November election.

With the exception of Section 1, Substitute Senate Bill No. 3367 is approved.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith without my approval as to one section Engrossed Substitute Senate Bill No. 3376, entitled:

"AN ACT Relating to governance in higher education."

Senate Bill 3630 transfers the High Technology Coordinating Board's administrative support responsibility from the existing Council for Postsecondary Education to the Department of Commerce and Economic Development. Engrossed Substitute Senate Bill No. 3376 replaces CPE with a new Higher Education Coordinating Board and changes existing statutes accordingly. Therefore, Section 3 of Senate Bill No. 3630 and Section 88 of Engrossed Substitute Senate Bill No. 3376 are in conflict as they relate to staff for the High Technology Coordinating Board. To carry out legislative intent, I, therefore, have vetoed Section 88 of Engrossed Substitute Senate Bill No. 3376.

With the exception of Section 88, Engrossed Substitute Senate Bill No. 3376 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith, without my approval of two portions of Substitute Senate Bill No. 3384, entitled:

"AN ACT Relating to salmon enhancement."

The first two sentences of Section 8(1)(c) would require all facilities funded by the Salmon Enhancement Account to operate at full production capacity or be made available for volunteer cooperative projects to produce salmon for stocking state waters. This provision is apparently based on the idea that any hatchery not operated at full capacity is surplus. This is not the case. There are many good reasons for operating at less than full capacity, including disease control, water quantity and quality, and compliance with federal court orders.

The remainder of Section 8(1)(c) requires that the Salmon Advisory Council evaluate the operation of certain salmon hatcheries and report to the Legislature. I will request that the Council comply with this language.

Section 9 contains similar language relating to the Game Department. I am vetoing it for the same reasons.

With the exception of Sections 8(1)(c) and 9, Substitute Senate Bill No. 3384 is approved.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith, without my approval as to one section, Engrossed Senate Bill No. 3400, entitled:

"AN ACT Relating to the exploration and extraction of nonrenewable resources."

Section 5 of this bill would change the fees for surface mining permits. The current fee structure was instituted only a year ago and has been very positively received. In addition, the change proposed in this section would result in the need for a higher general fund subsidy of this activity in a time of severe revenue

shortfalls. I believe that the current fee structure should receive a longer trial and a thorough evaluation before we consider changing it again.

With the exception of Section 5, Engrossed Senate Bill No. 3400 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith without my approval as to two sections, Senate Bill No. 3569, entitled:

"AN ACT Relating to risk management."

Sections 6 and 7 of this bill would require claims against the state for damages arising out of tortious conduct to be filed with the Risk Management Office in addition to the currently required filing with the Office of Financial Management. This dual claim filing could be unnecessarily burdensome and confusing to the public. However, notice to the Risk Management Office is necessary to the improvement of our risk management program, which I support.

Therefore, I have directed the Office of Financial Management to provide the Risk Management Office with a copy of all filings. This will accomplish the purpose of these sections at no inconvenience to the public. State government should avoid requiring duplicate filings by the public when possible.

With the exceptions of Sections 6 and 7, Senate Bill No. 3569 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

May 20, 1985

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith without my approval as to two sections Engrossed Senate Bill 3612 entitled:

"AN ACT Relating to excess school levies;"

The primary purpose of Engrossed Senate Bill 3612 is to extend the levels of local school support levy options for three years. Section 2 of that legislation also establishes a legislative committee to undertake a review of the means to adequately fund the state's basic education responsibilities.

I support both the need for such a study and the issues identified within Section 2. However, I believe that there are additional far-reaching issues that must also be considered. These issues include state and local revenues; the relationship of educational funding to other state responsibilities; and structured relationships between the state and local schools which result from state funding.

For this reason I am vetoing Section 2. In lieu of allowing that section to become law, I will, by executive order, establish a broadly based study committee including legislators, educators and interested citizens.

Section 4 of the bill declares an emergency and provides for the act to take effect immediately. The emergency clause section is not necessary in order to continue the administrative provisions for the collection of the levels of school levies that would be based upon this legislation. The 1985 levies have already been certified. The 1986 levies are to be certified in October, well after the normal effective date of this legislation.

The emergency clause should be restricted to those instances where its use is clearly warranted due to the urgency of the situation. For these reasons I have vetoed Section 4.

With the exception of Sections 2 and 4, which I have vetoed, the remainder of Engrossed Senate Bill No. 3612 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON  
Ladies and Gentlemen:

I am returning herewith, without my approval as to several sections, Second Substitute Senate Bill No. 3656, entitled:

"AN ACT Relating to the budget; making appropriations and authorizing expenditures for the operations of state agencies for the fiscal biennium beginning July 1, 1985 and ending June 30, 1987."

Section 1, Subsection (3), Page 2, Biennial budget.

The effect of this section is to place an absolute prohibition on transferring appropriations between fiscal years 1986 and 1987. Based on the language of Subsection (4) of this section, I do not believe the Legislature intended this absolute prohibition and the consequent restrictions on management actions. In removing this language, I do not intend to transfer appropriations between programs. Rather, I want to ensure the ability to allot monies as needed over the entire biennium. I have therefore vetoed this section.

As further explanation of my veto of Subsection (3), I am offering the following comment on the language in Subsection (5) which states the Legislature's intent that the dollars appropriated are to sustain state government through the biennium without any supplemental appropriations. I endorse this statement and will manage within the scope of this policy. However, if the assumptions underlying the appropriations in this document as to enrollments, caseloads, prison population, and other critical factors vary significantly, it could result in a supplemental budget request.

Section 2, Page 2, OFM review of publications.

This section prohibits production or publication of any magazine or brochure unless it has been expressly authorized by the director of Financial Management. I believe agency directors and elected officials should be responsible for the content of their publications and whether or not to publish them. I also believe that sufficient oversight authority already exists under RCW 40.07. However, we will advise agencies of the Legislature's concern. Agencies will be required to review their policies on publications and expected to use restraint.

Section 119, The Proviso, Page 7, Excess appropriations by OFM for State Auditor.

I have vetoed the proviso to this section which places certain conditions and limitations upon the director of Financial Management in relationship to the State Auditor. RCW 43.09.418 currently allows the director of the office of Financial Management the discretion to approve payments to the State Auditor in excess of the legislative appropriation in cases of necessity. This proviso in the budget would require OFM to approve any additional payments as determined by the State Auditor. This language appears to limit the discretion of OFM rather than broaden it.

Section 121, Subsection (4) in part, Page 8, DWI grants.

I have vetoed the following sentence from Subsection (4) of Section 121: "No city or county is eligible for grants under this subsection unless the city or county has levied or proposed all optional excise taxes authorized by the Legislature." This language appears to disqualify most, if not all, of the fifty jurisdictions presently receiving grants. Few have "levied or proposed all optional excise taxes" which probably means the half-cent sales tax, the quarter percent real estate excise tax, the gambling excise taxes, and other miscellaneous excise taxes.

However, the message from the Legislature to cities and counties is clear - don't ask for more money until you have exhausted or tried to exhaust all avenues to raise local taxes for funding this activity. The funds provided in this budget are to

allow local governments time to assume full responsibility for support of this program.

Section 214, Subparagraph (2), Page 36, Work Incentive Demonstration Project

The Work Incentive Demonstration Project (WIN Demo) is a federal program which would require the consolidation of WIN Work Programs under DSHS administration. At the current time, responsibility for the program is divided between DSHS and the Employment Security Department. Implementation of WIN Demo would result in a reduction of federal funds. It is possible, however, that this reduction would be offset by operating efficiencies.

I am vetoing the requirement that a WIN Demo application be submitted to the federal Department of Health and Human Services. I have the matter of WIN Demo and other means to increase the effectiveness of these programs under consideration. My intention is to initiate program changes in this area within the near future.

Section 214, Subparagraphs (3) and (4), Page 36 and 37, Community Work Training Programs.

I am vetoing the sections requiring increases in these programs because no money was appropriated for the staff needed to carry them out.

Section 311, Subsection (2), Page 55, Plans for Salmon fishery management.

I have vetoed Subsection (2) of Section 311 because Subsections (1) and (2) appear redundant in part. I have chosen to retain Subsection (1), which appears to more accurately conform with the description of the activities intended for these funds.

Section 601, Subsection (3) in part, Page 75 and Section 602, Subparagraph (4), Page 77, Community College intercollegiate sports.

I have vetoed the first sentence of Subsection (3) of Section 601 and Subsection (4) of Section 602 which would have placed a \$648,000 maximum on what could have been spent for intercollegiate sports purposes by the State Board for Community College Education. This amount was based upon inaccurate data provided to the Legislature. While I do not condone providing less than accurate figures, either through oversight, inadvertence or neglect, it would be inappropriate to create unintended consequences by imposing the extent of this reduction. I have left intact the portion of Subsection (3) which expresses the Legislature's intent for intercollegiate sports becoming self-supporting to the greatest extent feasible by June 30, 1989. The Board has agreed to restrict spending to 90 percent of the actual current funding level for this activity, which is consistent with the approach for most four year institutions.

Section 603, Subsection (4) in part, Page 78 and Section 604, Subsection (5) in part, Page 80, University of Washington and Washington State University faculty salary increases.

I have vetoed the language "other than normal increments" from the first sentence in Subsection (4) of Section 603 and Subsection (5) of Section 604. I have done so because this language appears to have been included inadvertently and only serves to confuse the meaning of this section. The University of Washington and Washington State University do not have "normal increments" for faculty salaries. The vetoed language is standard in salary provisions in a number of other areas of state government where normal increments do occur.

Section 604, Subsection (6), Page 80, W.S.U. Southwest Joint Center for Education.

I have vetoed this section which places a maximum of \$7,500 per academic year for full-time equivalent enrollment average for the biennium to be spent at the Southwest Joint Center for Education for Washington State University. The Southwest Joint Center is intended to provide students in Southwest Washington access to first rate scientific and technical instruction provided by Washington State University. This is a worthwhile objective, but the current costs of this program are more than four times higher on a per student basis than any other similar program. The Legislature found the difference unacceptable and I agree. Reducing costs to a yearly average of \$7,500, however, is simply not practical. It would very likely

result in the total failure of this program. While vetoing this provision, I expect the administrators of the Southwest Joint Center program to take effective action beginning immediately to reduce per student costs to a level which is comparable to other similar programs.

Section 609, Subsection (1) in part, Page 84, Funding for Council for Postsecondary Education.

I have vetoed the first sentence in Subsection (1) of Section 609 which reads "16,824,000 from the fiscal year 1986 general fund - State Appropriation and \$16,824,000 from fiscal year 1987 general fund - State Appropriation are provided solely for student financial aid, including administrative costs." A technical error in this subsection resulted in \$300,000 of general operating funds for the agency being earmarked for financial aid. The result is an inadvertent \$300,000 reduction for other council programs which would severely impact this agency.

With the exception of Sections 1 (3), 2, 119 - The proviso, 121 (4) in part, 214 (2), (3) and (4), 311 (2), 601 (3) in part, 602 (4), 603 (4) in part, 604(5) in part, 604 (6), and 609 (1) in part, Second Substitute Senate Bill No. 3656 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith without my approval as to several sections, Engrossed Substitute Senate Bill No. 3678, entitled:

"AN ACT Relating to revenue and taxation."

The following sections of Engrossed Substitute Senate Bill No. 3678 are hereby vetoed: Sections 2, 3, 4, 5, 6, 7, and the part of Section 9 which refers to Sections 3 through 6.

This bill was a very narrow one which is a response to the recent U. S. Supreme Court decision in *Armco* relating to taxation. Due to the narrowness of my request and the need for passage of this legislation, I requested that no other measures regardless of merit be attached as amendments.

Although the sections I am vetoing may be meritorious, I believe it is important to maintain the legislation as a narrow bill as requested.

With the exceptions of those sections vetoed, Engrossed Substitute Senate Bill No. 3678 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith without my approval as to two portions Substitute Senate Bill No. 3684, entitled:

"AN ACT Relating to lotteries;"

Section 2(6) of this bill would require the lottery to competitively bid all contracts exceeding \$2,500 in value. The Lottery now competitively bids all contracts for goods. Contracts for services, however, are done on a negotiated basis when appropriate. The option of negotiating contracts in appropriate circumstance is available to all other departments, and should continue to be available to the Lottery.

Section 3 of the bill would forbid former lottery employees, (managers and rank and file alike), within two years of termination, to work for an employer that supplies or promotes lottery related goods or services. This section was apparently designed to prevent state employees from providing favored treatment to suppliers in hopes of receiving employment after termination. This concern is not without foundation, nor without countervailing concerns for the rights of individuals to use their skills and knowledge for their own benefit. Because the same potential for

wrongdoing exists in several other areas of state government I believe that this situation should be treated in a comprehensive manner and more practical in scope as an amendment to the conflict of interest statutes, RCW 42.18.

With the exception of Sections 2(6) and 3, Substitute Senate Bill No. 3684 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith without my approval as to Section 1(e), Substitute Senate Bill No. 3799, entitled:

"AN ACT Relating to nuclear energy and materials;"

Section 1(e) is identical to Section 1(c) of Engrossed Second Substitute House Bill No. 3. Since I have previously signed ESSHB No. 3, Section 1(e) of this bill is unnecessary.

With the exception of Section 1(e), Substitute Senate Bill No. 3799 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 14, 65, 66, 70, 71, 74, 77, 79, 81, 82 and 85, Senate Bill No. 3800, entitled:

"AN ACT Relating to publications."

Sections 14, 65, 66, 70, 71, 74, 77, 79, 81, 82 and 85 conflict with provisions contained in Substitute House Bill No. 150 and House Bill No. 331. While the proposed amendatory language contained in these sections is consistent with the intent of Senate Bill No. 3800, they would no longer be applicable since Substitute House Bill No. 150 and House Bill No. 331 are approved. I have, therefore, determined to veto these sections in order to avoid difficulties in codification and future interpretation of these sections.

With the exception of Sections 14, 65, 66, 70, 71, 74, 77, 79, 81, 82 and 85, which I have vetoed, Senate Bill No. 3800 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 8(18), Engrossed Second Substitute Senate Bill No. 3828, entitled:

"AN ACT Relating to Puget Sound water quality."

This is a significant bill which establishes a planning mechanism for improving and maintaining the water quality of Puget Sound. The Puget Sound Water Quality Authority is reestablished as a seven-member body and required to develop, with the participation of all interested citizens, a comprehensive Puget Sound water quality management plan by January 1, 1987.

Section 8 requires the plan to be a "positive document prescribing the needed actions for the maintenance and enhancement of Puget Sound water quality." This section also specifies twenty subjects which are to be studied by the Authority and included in the plan. With the exception of Subsection 18, these subjects are all positive actions that are likely to result in improved water quality for Puget Sound.

Subsection 18 of Section 8 calls for the Authority to make recommendations for "implementation of waivers from the uniform national requirements of secondary treatment." This language was added by amendment late in the legislative process and is not, in my opinion, consistent with the purposes of the act. Moreover, our

Congressional delegation has indicated that the prospect for secondary treatment waivers under federal law appears remote and that "political and practical reality calls for secondary treatment compliance." The issue has the potential to consume too much of the limited time for the Authority to develop the plan. For these reasons, I am vetoing Section 8(18).

With the exception of Section 8(18), which is vetoed, Engrossed Second Substitute Senate Bill No. 3828 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

May 21, 1985

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 3, 5, 9 and Section 40 in part, Engrossed Substitute Senate Bill No. 3856, entitled:

"AN ACT Relating to fire protection."

This bill would create a ten-member Fire Protection Board to administer the fire protection services that are now under the Insurance Commissioner and the fire training services that are now under the Commission for Vocational Education.

I agree that the fire protection functions which are brought together in this measure ought to be located within a single agency. I do not believe that it is wise to create a separate, single-purpose state agency-governed by a new board for this purpose. The functions should properly be located within the executive branch in an agency responsible to the Governor.

Since I believe the purposes of this measure are worthwhile, I am approving it with several exceptions. I am vetoing the following:

Section 3: establishes the terms of the Board.

Section 5: says the Governor selects one member to serve as chairperson.

Section 9: authorizes the Board to employ an Executive Director.

Section 40: as to the portion requiring the Board and Director to be appointed by October 1, 1985.

By vetoing these sections, a board will be established which may later act in an advisory capacity to the fire protection unit. The board will not, however, be able to proceed to implement the substantive provisions of this act until the legislature passes new legislation.

I intend to ask the next regular session of the legislature to perfect this measure by placing the functions of the board in an existing executive agency and making the board advisory to that agency.

For these reasons, I have vetoed Sections 3, 5, 9 and a part of Section 40 of Engrossed Substitute Senate Bill No. 3856.

Respectfully submitted,  
BOOTH GARDNER, Governor

May 21, 1985

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith, without my approval as to several portions, Engrossed Substitute Senate Bill 3920, entitled:

"AN ACT Relating to transportation."

The provisions I have vetoed and the reasons therefore are as follows:

1. County Road Administration Board

The proviso language in Section 4 requires the County Road Administration Board to hire, contract or project personnel for the Implementation of the Pavement Management System and the completion of the road jurisdiction and revenue distribution study. While such an approach is probably desirable, the proviso places restrictive conditions on the Board's hiring procedures before the implementation planning has begun. The new positions require persons who have specific expertise in road engineering; the Board's ability to recruit qualified personnel is limited

by the necessity to hire only those applicants who would be willing to take a temporary position.

The proviso also requires the Board to provide a detailed report to the Legislative Transportation Committee on the cost effectiveness of utilizing consultants or other non-agency personnel to undertake the implementation of the projects. My veto eliminates this requirement; however, I strongly urge the Board to undertake this evaluation and to keep the legislature fully informed of its implementation plans.

## 2. Department of Licensing

Language in Section 9 requires that no more than \$6,270,100 be spent for the County Auditor and Subagent Automation project. Although this figure represents the additional appropriation authority necessary to support the project, the total cost is \$7.8 million, offset by \$1.5 million in savings. Because of the misleading project cost reflected in the proviso amount, and the accounting problems which would result from keeping track of both expenditures and savings, I am vetoing the proviso. It is expected that the Department of Licensing will nevertheless comply with legislative intent by keeping net expenditures to the amount stipulated and by complying with all other requirements of the original proviso.

With the exception of the provisos in the aforementioned sections, which I have vetoed, Engrossed Substitute Senate Bill No. 3920 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 3981, entitled:

"AN ACT Relating to exemption from industrial insurance premiums for taxicab operators."

This bill would remove taxicab operators who work as independent contractors from mandatory coverage under the state's industrial insurance program. As a group, these operators appear to be treated like many other employees although technically they may be independent contractors. This bill would deprive them of the security provided by the worker's compensation system without establishing any workable system to insure they would pick up the cost on their own as self-employers.

It is likely that many drivers will not pay for their own insurance coverage, either because they view their work as temporary, feel the coverage is too expensive, believe they will never need coverage, and realize enforcement and collection will be difficult and expensive. The result of injuries without coverage will only serve to shift the cost to the State General Fund under social programs when the cost of adequate coverage should be borne by the business activity.

I realize the rates in this occupation are high. This is a problem to address along with other Labor and Industry issues. Other businesses have to bear the cost of this insurance, and it would not be fair to shift this cost to taxicab drivers when it is likely that a high percentage will not participate and will not be covered for their injuries.

For these reasons, I have vetoed Substitute Senate Bill No. 3981.

Respectfully submitted,  
BOOTH GARDNER, Governor

May 21, 1985

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 2 through 4 and Sections 13 through 15, Engrossed Substitute Senate Bill 4228, entitled:

"AN ACT Relating to revenue and taxation;"

This measure contains several changes to business taxes. It includes important new revenue sources to meet the infrastructure financing needs of local government. It also includes adjustments in taxes for several industries which have clearly demonstrated that present taxes place them at a significant competitive disadvantage to similar businesses in other states. In each of these cases, Washington industries made convincing cases that continuing the current taxes would result in actual loss of existing business within the state with a resulting loss of jobs.

While approving the provisions of Sections 1, 5, 6, 7 and 16, I want to express once again my extreme distaste for piecemeal tax reform. I have approved these provisions only because I believe actual and irreparable losses of business and jobs would result before any general reform can occur. Substantial inequity continues to exist for many other industries in this state which must be addressed in a comprehensive manner in the very near future.

Sections 2 and 3 are essentially identical to Sections 1 and 2 of Engrossed House Bill 99, which I have already signed into law. They are vetoed to avoid double amendments. Section 4 is identical to Section 5 of Engrossed House Bill 99, which I have vetoed and which I am again vetoing.

Sections 13 through 15 create a fifty percent exemption from the B&O tax for new businesses which locate in distressed areas. These sections have an extremely laudable intent. I am firmly committed to bringing new jobs and industry to areas in which there is persistent unemployment resulting from long-term changes in the local economy. Given the state's limited resources, however, it is essential that such efforts are carefully targeted to reach areas with the greatest need. Unfortunately, I do not believe the exemption created in Section 13 through 15 meets this test.

These sections, taken as a whole, are likely to result in substantial loss of revenue to the state without necessarily benefitting truly distressed areas. For example, an existing business could dissolve and reincorporate under a new name or create a wholly owned subsidiary and become eligible for the exemption. Also, Section 15 does not specify how much of a qualifying business is eligible for the exemption. It is, therefore, possible that a new business would qualify for the entire exemption by locating an insignificant operation in a distressed area while the vast majority of its business was located elsewhere in the state in a non-distressed area.

In addition, the fact that a county is considered distressed at any time its unemployment rate exceeds the average, will result in benefits going to businesses in areas with temporary problems instead of being restricted to areas with persistent high joblessness.

For these reasons, I have vetoed Sections 2 through 4 and Sections 13 through 15 of Engrossed Substitute Senate Bill No. 4228.

With the exceptions of Sections 2 through 4 and Sections 13 through 15, which I have vetoed, Engrossed Substitute Senate Bill No. 4228 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON  
Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 10 and 11, Substitute Senate Bill No. 4267, entitled:

"AN ACT Relating to abandoned rail rights of way."

Sections 10 and 11 of this bill seek to terminate and repeal, in 1991 and 1992, the rail right of way acquisition program and the rail right of way acquisition act, which are not defined. Signing these sections into law would raise difficult technical questions about the intent of Sections 10 and 11. I have, therefore, vetoed Sections 10 and 11 of Substitute Senate Bill No. 4267.

With the exception of Sections 10 and 11, which I have vetoed, Substitute Senate Bill No. 4267 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

May 20, 1985

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON  
Ladies and Gentlemen:

I am returning herewith without my approval as to portions of Section 3(1)(a) through (h) of Engrossed Substitute Senate Bill No. 4399 entitled:

"AN ACT Relating to creating a local governance study commission."

I fully support the purpose of this legislation. I believe that it is now timely for the State, in cooperation with local government representatives, to undertake a comprehensive review of the State's assignment of various public service responsibilities, authorities and funding sources among counties, cities and special districts. Much of the rationale for the current allocation of responsibilities and authorities may now be outmoded due to the changes that have occurred over time in population growth and settlement patterns. The proposed Local Governance Study Commission represents a useful opportunity to recommend needed changes to State policies, statutes, and the constitution, which better serve current public service requirements, and which more appropriately define the roles and activities of cities, counties and special districts, as well as their interrelationship to one another.

However, language contained in Section 3(1)(a) through (h) of this bill directs the Governor to appoint to the Commission twenty-one persons who are nominated by certain specified organizations related to local governance. While I concur with the appropriateness of placing representatives of the named organizations on the Commission, I believe this language precludes gubernatorial discretion and negates the Governor's appointment authority.

Therefore, in order to preserve the Governor's appointment prerogatives, I have vetoed the language that requires the Governor to appoint the nominees of specified organizations. I will, of course, honor the spirit of the vetoed language when making my appointments.

With the exception of portions of Section 3(1)(a) through (h), Engrossed Substitute Senate Bill No. 4399 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON  
Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Substitute Senate Bill No. 4424, entitled:

"AN ACT Relating to water rights."

This bill reopens the filing of water claims for water rights based on water use up to 1917 for surface water and up to 1945 for groundwater. All claims must be filed by September 1, 1985.

Section 3 of the bill is an emergency clause that would make the bill effective immediately. I believe it is in the best interest of all claimants to keep this period for filing claims as short as possible. By vetoing Section 3, this bill will become effective on July 28, 1985.

With the exception of Section 3, Substitute Senate Bill No. 4424 is approved.

Respectfully submitted,  
BOOTH GARDNER, Governor
