Mr. Sims moved the adoption of the resolution.

Mr. Murphine moved the adoption of the following amendment to the resolution:

Amend Rule No. 3 by adding to paragraph F of said rule 3 as follows:

"*Provided, however,* The House reserves the right to remove, replace or add members to any or all committees."

Mr. Heighton seconded the motion.

During the course of the debate on the consideration of the amendment the following occurred:

Mr. Guie: Mr. Speaker, I arise to make a parliamentary inquiry.

The Speaker: State your inquiry.

Mr. Guie: I make the inquiry as to the interpretation placed upon Rule 60, which is as follows: "A bill may be advanced or placed on the calendar by an affirmative vote of a majority of all members present voting in the affirmative," the inquiry being as to whether or not the Speaker construes that to mean that the House may take a bill from the Rules committee by a majority vote and place it upon the calendar.

The Speaker: In answer to the inquiry, I quote Rule 10, which provides that the Committee shall make up the calendar, but it is my construction of these rules that Rule 10 and Rule 60 should be construed together. Rule 60 is a limitation on Rule 10, and the speaker would rule that a majority of this House at all times has control of any bill in the Rules committee. (Applause.)

Mr. Murphine: Mr. Speaker, I arise to a parliamentary inquiry.

The Speaker: Make your inquiry.

Mr. Murphine: I understand thoroughly the speaker's ruling in response to the inquiry of Mr. Guie. Will the speaker also rule that under Rule 77 a majority of the House after ten days may take a bill from any committee?

The Speaker: Rule 77 provides that a bill shall go to a committee and the committee shall have ten days in which to consider it. If this question were presented as an issue, the speaker would rule that during the ten-day period a two-thirds vote of the House would be necessary to take that bill away from the committee; that at the expiration of the ten-day period a majority vote of the House can take the bill away from the committee. (Applause.)

Mr. Murphine: In view of those constructions, and with the consent of my second and the House, I will withdraw the amendment.

Consent was granted and the amendment was withdrawn.

The resolution was adopted.

RESOLUTION.

By Mr. Goldsworthy:

Resolved, That the Speaker appoint a committee of three to notify the Senate that the House is organized and ready to business.

On motion of Mr. Goldsworthy, the resolution was adopted, and the Speaker appointed as members of a committee provided in the resolution Messrs. Goldsworthy, Anderson (Nils) and Brockman.

RESOLUTION.

By Mr. Dunn:

Resolved, That the Sergeant-at-Arms be and is hereby instructed to purchase postage stamps to the amount of five dollars (\$5.00) worth for each member of the House and the chief clerk, from the Olympia postoffice, and deliver same to the members and chief clerk as soon as possible.

On motion of Mr. Dunn, the resolution was adopted.

RESOLUTION.

By Mr. Mount:

Resolved, That the State Auditor be, and is hereby directed to draw his warrant for the payment of the members and employes of the House every seventh day of the session, upon pay rolls, which shall be signed by the members and employes, and certified to by the Speaker and Chief Clerk of the House, and he is hereby authorized and directed to deliver the warrants, so issued, to the chief clerk of the House, taking his signature therefor.

Resolution by Representatives Heighton, Totten, Rude, Moran, Murphine, Sweetman, Knapp, Case, Sisson, McKinnon, Baldwin, Knutzen, Willhite, Beeler and Jones, J. R.:

WHEREAS, Tax Reduction is universally recognized as the paramount issue before this 18th Session of the Legislature; and

WHEREAS, Tax Reduction is almost universally recognized and advocated by the members of this House in their individual capacities; and

WHEREAS, we can not expect other tax spending bodies to reduce taxes without a proper example by this Legislature; now therefore:

And be it further resolved, that we favor a law making a maximum levy for all taxing bodies and districts (except school districts), at least 25% lower than the present levy in such bodies and districts, unless and except same shall be increased by the vote of the people of the districts affected.

RESOLUTION.

By Messrs. Heighton, Cohen, Totten, Rude, Moran, Murphine, Sweetman, Knapp, Case, Sisson, Baldwin, Knutzen, Willhite, Beeler and Jones, J. R.:

WHEREAS, Tax Reduction is universally recognized as the paramount issue before this 18th Session of the Legislature; and

WHEREAS, Tax Reduction is almost universally recognized and advocated by the members of this House in their individual capacities; and

WHEREAS, we can not expect other tax spending bodies to reduce taxes without a proper example of this Legislature; now therefore:

Be it resolved, that the House of Representatives favors at least a 25% reduction in the present state millage tax (which is now approximately 15 mills), and to that end we hereby serve notice on all tax spending committees of both Houses of this

Legislature that we will not vote to appropriate funds to exceed 11% mills for state purposes.

And be it further resolved, that we favor a law making a maximum levy for all taxing bodies and districts (except school districts), at least 25% lower than the present levy in such bodies and districts, unless and except same shall be increased by the vote of the people of the districts affected.

Mr. Heighton moved the adoption of the resolution.

Mr. Hanks moved the adoption of the following amendment:

Strike all after the preamble and insert in lieu thereof the following:

Resolved, by the House of Representatives of the Eighteenth Legislature of the State of Washington that we hereby place ourselves on record as favoring the utmost possible reduction in the budget and State expenditures consistent with proper functioning of State government.

SPECIAL ORDER.

The hour having arrived, the House took up the consideration of the Governor's vetoes as follows:

DEPARTMENT OF STATE,
OLYMPIA, WASHINGTON, January 8, 1923.

To the Honorable Speaker of the House of Representatives, House Chamber, Olympia, Washington:

SIR: Pursuant to Section 12, of Article 3, of the Constitution of the State of Washington, I have the honor to transmit herewith for the consideration of the House of Representatives, the following House bills passed by the House and Senate and vetoed by the Governor, together with his veto message attached thereto:

Substitute Bill No. 15.

House Bill No. 68.

House Bill No. 80.

House Bill No. 104.

House Bill No. 130.

House Bill No. 235.

House Bill No. 263.

Respectfully submitted,

J. GRANT HINKLE,
Secretary of State.

[SEAL]

STATE OF WASHINGTON, OFFICE OF GOVERNOR,
OLYMPIA, WASHINGTON, March 21, 1921.

To the Honorable, the House of Representatives of the State of Washington:

GENTLEMEN: I am filing herewith, to be transmitted to you at the next regular Session of the Legislature of Washington, Substitute Bill No. 15, entitled:

"An act providing for the regulation, sale, disposal and use of narcotic drugs, for the detention and treatment of narcotic drug addicts and the promulgation of rules and regulations governing the same, and providing penalties for violations thereof, and repealing Sections 2509 and 2510 of Remington & Ballinger's Annotated Codes and Statutes of Washington (Sections 8850 and 8851 of Pierce's Washington Code)," without my approval.

I can imagine no good to be accomplished by making more easy for drug addicts to obtain morphine and similar drugs. Under existing law these drugs may be sold on the prescription of a regularly licensed and practicing physician. This bill provides that they may also be sold on prescription of a dentist or veterinarian. Just why these two professions should be added to assist in selling these drugs I am unable to learn.

Under present law a druggist may sell "patent or proprietary medicine containing opium or morphine * * * * wherein the dose of opium is less than one-fourth, or the dose of morphine is less than one-twentieth grain." This bill provides in that respect "not to prevent the manufacture, sale and dispensing of preparations and remedies containing not more than two grains of opium, or more than one-fourth grain of morphine * * * * in one fluid ounce, or solid * * * * in one avoirdupois ounce."

Being unable to see any public good in increasing the sale of these drugs or making the purchase of them more convenient, Substitute House Bill No. 15 is vetoed.

Yours respectfully,

LOUIS F. HART, *Governor.*

On motion of Mr. Beeler, the bill was laid on the table and the message referred to the Committee on Rules and Order.

STATE OF WASHINGTON, OFFICE OF GOVERNOR,
OLYMPIA, WASHINGTON, March 19, 1921.

To the Honorable, the House of Representatives of the State of Washington:

GENTLEMEN: I am filing herewith, to be transmitted to you at the next regular Session of the Legislature of Washington, House Bill No. 68:

An act relating to the relief of Arthur M. Larson and authorizing the Industrial Insurance Committee to place him on the permanent disability roll of Class Ten, under the Workmen's Compensation Act and providing for the issuance of warrants upon the Accident Fund and the Medical Aid Fund, without my approval.

I am of the opinion as stated in a veto message accompanying House Bill No. 315, that the Legislature has no moral right to direct the payment out of the Medical Aid Fund or the Accident Fund of the Industrial Insurance Department.

If this party were not working in an industry that came legally under the provision of the Industrial Insurance Department, he is not entitled to benefits from the Industries' fund and the Legislature has not the right to take from these industries the money and give it to some one else. For these reasons, House Bill No. 68 is vetoed.

Very respectfully,

LOUIS F. HART, *Governor.*

On motion of Mr. Remann, the bill was laid on the table and the message referred to the Committee on Rules and Order.

STATE OF WASHINGTON, OFFICE OF GOVERNOR,
OLYMPIA, WASHINGTON, March 19, 1921.

To the Honorable, the House of Representatives of the State of Washington:

GENTLEMEN: I am filing herewith, to be transmitted to you at the next regular Session of the Legislature of Washington, House Bill No. 80, entitled:

"An act relating to the redemption of lands sold for taxes belonging to minors and insane persons, and amending Section 6997, Pierce's Code," without my approval. While in some isolated instance this might be a good measure, the thought of depriving one of his property while laboring under legal disability is so repugnant to public conscience as to be impossible.

House Bill No. 80 is therefore vetoed.

Yours respectfully,

LOUIS F. HART, *Governor.*

On motion of Mr. Guie, the bill was laid on the table and the message referred to the Committee on Rules and Order.

STATE OF WASHINGTON, OFFICE OF GOVERNOR,
OLYMPIA, WASHINGTON, March 19, 1921.

To the Honorable, the House of Representatives of the State of Washington:

GENTLEMEN: I am filing herewith, to be transmitted to you at the next regular Session of the Legislature of Washington, House Bill No. 104, entitled:

"An act prohibiting the maintenance of games for hire in the vicinity of the University of Washington, and providing penalties for violations thereof," without my approval.

I can see no good reason for limiting the provisions of such a bill as this to the vicinity of the State University. Amendments offered in good faith in the House to extend the provisions to the State College and Normal Schools were strenuously and successfully objected to by the friends of this measure, and the charge made on the floor that this was intended to cover one particular pool room was not denied.

I cannot believe the Seattle police less capable of keeping pure the moral atmosphere around an institution of learning than are those of Pullman, Bellingham, Cheney and Ellensburg.

Fully relying upon the city authorities to act promptly and effectually whenever complaint shall be made by the Regents or President of the University, House Bill No. 104 is vetoed.

Yours respectfully,
LOUIS F. HART, *Governor*.

On motion of Mr. Murphine, the bill was laid on the table and the message referred to the Committee on Rules and Order.

STATE OF WASHINGTON, OFFICE OF GOVERNOR,
OLYMPIA, WASHINGTON, March 19, 1921.

To the Honorable, the House of Representatives of the State of Washington:

GENTLEMEN: I am filing herewith, to be transmitted to you at the next regular Session of the Legislature of Washington, House Bill No. 130, entitled:

"An act relating to certificates of delinquent local improvement assessments, and amending Sections 7581 and 1015, Pierce's Code," without my approval.

From time immemorial the people have been taught to look to the records in the office of the County Auditor for notice to the public of condition of title to real estate.

Filing and recording certificates of delinquencies in the County Auditor's office is not much of a burden upon the people who deal in this class of securities and I know of no good reason for maintaining a portion of the chain of title to real estate in the office of the City Treasurer.

The only effect of this bill would be to cloud titles and increase litigation and it is therefore vetoed.

Very respectfully,
LOUIS F. HART, *Governor*.

On motion of Mr. Guie, the bill was laid on the table and the message referred to the Committee on Rules and Order.

STATE OF WASHINGTON, OFFICE OF GOVERNOR,
OLYMPIA, WASHINGTON, March 16, 1921.

To the Honorable, the House of Representatives of the State of Washington:

GENTLEMEN: I am filing herewith, to be delivered to you at the convening of the Legislature in 1923, House Bill No. 235, entitled:

"An act authorizing and directing the Commissioner of Public Lands to re-plat a certain portion of the Plat of Kennewick Shore Lands and granting certain shore lands to the City of Kennewick for public purposes," without my approval.

It will be observed from reading the title of the bill that these lands are to be granted to the City of Kennewick "for public purposes."

A careful reading of the act will disclose that the Governor is directed to execute "a deed conveying to the City of Kennewick all of said shore lands." I doubt very much whether the Legislature would have passed this bill if it had not been for the fact that the words "for public purposes" were incorporated in the title. And inasmuch as the act itself provides for the conveying of the fee title to the City of Kennewick without reservation or restriction, I am constrained to believe that the act does not carry the real intent of the Legislators.

For the foregoing reasons, House Bill No. 235 is vetoed.

Very truly yours,
LOUIS F. HART, *Governor*.

On motion of Mr. Guie, the bill was laid on the table and the message referred to the Committee on Rules and Order.

STATE OF WASHINGTON, OFFICE OF GOVERNOR,
OLYMPIA, WASHINGTON, March 21, 1921.

To the Honorable, the House of Representatives of the State of Washington:

GENTLEMEN: I am filing herewith, to be transmitted to you at the convening of the next regular session of the Legislature of Washington, House Bill No. 263, entitled:

"An act providing for the payment of equalized compensation to the surviving dependents of veterans of the war with the Central Allied Powers, and making an appropriation," without my approval.

I can see no possible excuse for this bill except that it adds \$20,000.00 to the \$11,000,000.00 already appropriated for the returned service men, their widows and orphans.

Believing that this additional sum is unnecessary, House Bill No. 263 is vetoed.

Yours respectfully,

LOUIS F. HART, *Governor.*

On motion of Mr. Guie, the bill was laid on the table and the message referred to the Committee on Rules and Order.

DEPARTMENT OF STATE,
OLYMPIA, WASHINGTON, January 8, 1923.

STATE OF WASHINGTON, OFFICE OF GOVERNOR,
OLYMPIA, WASHINGTON, March 21, 1921.

To the Honorable, the House of Representatives of the State of Washington.

GENTLEMEN: I am filing herewith, to be transmitted to you at the next regular Session of the Legislature of Washington, House Bill No. 315, entitled:

"An act making an appropriation for the purchase of land for, construction of buildings at, for maintenance of, and sundry expenses at the various State Institutions, schools and State offices, and for the sundry civil expenses of the State government, and for miscellaneous purposes for the fiscal term beginning April 1st, 1921, and ending March 31st, 1923, except as otherwise provided, and making appropriations for certain deficiencies, and declaring that this act shall take effect immediately," with certain items vetoed and the remainder of the act approved.

On page one of the enrolled bill, under the sub-title "For the Attorney General's Office" the following item:

"Legal and other expenses in special rate or public utility litigation. . \$25,000.00."

I am advised by the Attorney General that the regular appropriation made for his office is sufficient to take care of the same.

Under the Constitution the Attorney General is made legal advisor of the State, its officials and the several departments thereof and believing that the people have acted wisely in the selection of the person officiating in that position, I think he can handle all litigation necessary and when he finds that he is unable to do so, he will

not hesitate to ask for any needed help. For this reason this item of \$25,000.00 is vetoed.

On page 6 of the enrolled bill, under the sub-title "For the Women's Industrial Home and Clinic":

"Salaries and wages.....\$41,000.00"
 "Supplies, material and service.....\$80,000.00"

Total Women's Industrial Home and Clinic, \$121,000.00; each of the above items is vetoed.

Since the adjournment of the Legislature my attention has been directed to the wording of Chapter 186, Laws of 1919, by which the so-called Women's Industrial Home and Clinic was established. Heretofore I had believed, and I think the general public was of the same opinion, that this institution was what its name implied, a "Women's Industrial Home and Clinic," and not a penitentiary. I believe that it was established for the rehabilitation of fallen women and the treatment of loathsome disease. I am advised by the Board of Directors that there are at the present time some twelve women, inmates of this institution, under sentence of the courts for violation of the penal statutes of this state. I am further advised that a number of other women are under sentence, at least two for five years, to this institution for the violation of the penal statutes of this state and are awaiting room to be taken care of before traveling guards can go for them to take them to this institution.

There is no pretense that these women, convicted on criminal charges, are other than in a healthy physical condition.

I cannot conceive how an institution, erected and maintained as is the Women's Industrial Home and Clinic, can be used for incarcerating women convicted of ordinary crimes.

I am advised by the Attorney General that when the institution is full to capacity that preference should be given under the law to women sentenced by the courts to serve time. Therefore this becomes primarily a penitentiary and defeats the work it was supposed to accomplish.

If this was to be a penitentiary it would necessitate building a wall around the premises and employing guards, for which purpose there is no appropriation.

The state having just completed last year quite commodious quarters and a very beautiful building just outside the main walls of the penitentiary at Walla Walla, in which to house the women convicts, I cannot believe either the Legislature intended or the people desired the establishment of a penitentiary at Medical Lake.

Believing that no good could be accomplished during the next biennium with \$41,000.00 in salaries and \$80,000.00 in supplies, material and service at the Women's Industrial Home and Clinic at Medical Lake, using it as a penitentiary, and believing that the Legislature ought to be fully advised before establishing an institution of that kind, the items on page six of the enrolled bill, under "for the Women's Industrial Home and Clinic" for

"Salaries and wages.....\$41,000.00"
 "Supplies, material and service.....\$80,000.00"

are hereby vetoed.

On page six of the enrolled bill, under the title "Charitable Institutions," the items:

"Pacific Coast Rescue and Protective Society, Everett.\$3,000.00"
 "Children's Home, Tacoma..... 3,000.00"
 "White Shield Home, Tacoma..... 3,000.00"
 "Lebabon Home; Ballard..... 3,000.00"
 "Theodora Home, Seattle..... 3,000.00"
 "Florence Crittenden Home, Seattle..... 3,000.00"
 "Florence Crittenden Home, Spokane..... 3,000.00"
 "Salvation Army Home, Spokane..... 3,000.00"
 "Ladies G. A. R., Puyallup..... 3,000.00"
 "Kitsap County Children's Relief Association..... 3,000.00"

making a total of \$30,000.00, are vetoed.

While each of these institutions is doing a splendid work, a humane work, a self-sacrificing work and a charitable work, yet they are in no sense state institutions or any branch of state government.

Appreciating the fact that property tax has become a burden to property and many thousands of dollars of taxes will go delinquent and the property lost to its owners, and being firmly convinced that no person's property should be taken from

them under the guise of taxation except for the support of the state government and its institutions, that these items cannot be properly charged to the general funds of the state which are raised for the specific purpose of supporting the state.

I know that it has become the practice and that for the last twelve or fourteen years appropriations have been made for this class of institutions, and that for several sessions of the Legislature at least one of such institutions has been added at each session, but tax conditions have become intolerable and it is necessary that we restrict appropriations to constitutional needs.

The appropriation for these ten items, for charitable institutions, above enumerated, aggregating \$30,000.00, are vetoed.

On page seven of the enrolled bill the item

"For the Children's Orthopedic Hospital of Seattle...\$50,000.00"

also is vetoed. Like the ten charitable institutions above enumerated this is also a most meritorious institution and it is unfortunate that we haven't the personal funds to contribute liberally to its support, and much as we would like to help, the money in the State Treasury is not ours to give. For that reason this item for the Children's Orthopedic Hospital is vetoed.

On page fourteen of the enrolled bill, for the University of Washington "From the General Fund," the item

"For amount required for reconstructions and repairs
of campus service lines and extraordinary recon-
structions and repairs of buildings.....\$90,250.00"

is vetoed.

I know something of the needs of the State University and realize how it has been handicapped during the last ten or twelve years in its building and improvement program by reason of the so-called improvements made for the A. Y. P. Exposition. And I know something of the needs of the institution to have new steam pipes and water pipes for its distributing system to replace the old temporary wooden pipes laid throughout the campus for the exposition, but I cannot lose sight of the fact that many of our people are strongly inclined to the opinion that a million and one-half dollars a year is rather a large sum to pay even for the splendid work that is being done by our State University. I know that an appropriation of \$271,100.00 is made for capital outlays for this institution and it does seem to me that with some sacrifice, such as we all have to make now, enough can be saved from this item to take care of the necessary work on the campus. For these reasons this item from the General Fund for the university, amounting to \$90,250.00, is vetoed.

On page fourteen under the heading "For the State College of Washington," and under the sub-heading "From the General Fund," the item second from the last on the page

"For Completion and Equipment of Dairy Building..\$250,000.00"

is vetoed.

By the provisions of Chapter 82, item on page 189, Session Laws of 1919, there was appropriated from the General Fund for the State College "Dairy Building and Equipment at State College, \$175,000.00."

This item of \$250,000.00 is to complete a building which was started under an appropriation of \$175,000.00 for the building and equipment.

I can scarcely imagine a student at the State College, majoring in dairy husbandry and taken from any of the farms or dairies of this state, fully appreciating his surroundings in a \$425,000.00 barn.

It appears to me that if the Legislature two years ago had omitted the "one" and made the appropriation for "dairy barns \$75,000.00" and the Board of Regents entering into the spirit of the work at the college had constructed ten or twelve dairy barns ranging in cost from \$2,000.00 to \$10,000.00 each, building the practical model barn such as a dairyman according to his financial ability might be expected to erect for his needs on his farm, that they might have proved of some practical benefit in the way of education to the boys who are taking this course at college. I cannot imagine any dairyman in this state appreciating a \$425,000.00 dairy barn.

It might make a very ornamental structure among the group of buildings on the College Farm, but it indicates such a profligate waste of public funds as to cease to be humorous or even ridiculous.

Surely the State College can find better use for money than to spend it in such a manner, and if it can't be spent more advantageously at the College, it better remain with the tax payers.

For these reasons the item for the completion and equipment of the dairy building \$250,000.00 is vetoed.

On page 15 of the enrolled bill under the heading "From the Centralia Normal School Fund" the items

"Salaries and Wages.....\$172,110.00" and
 "Supplies, Material and Service..... 33,290.00"

are vetoed.

This appropriation for the Centralia Normal School was made based upon a one-tenth of one mill tax levy as provided by the Act of 1919; but in drafting the bill it was overlooked that the tax levy was not made until 1921. In fact, there will only be \$119,300 available in this fund during the coming biennium, whereas the appropriation was made based on two years revenue.

If the Capital Outlay is expended for Campus, which I think it should be, this would only leave \$86,100.00 available for the school for two years, a sum wholly insufficient to maintain any kind of a Normal School.

Believing it is best to allow this fund to accumulate for the further consideration of the Legislature at its next Session, the items for "Salaries and Wages, \$172,110.00" and "Supplies, Material and Service, \$33,290.00" for the Centralia Normal School are vetoed.

On page 15 of the enrolled bill, under the sub-title "Cheney State Normal School" from the General Fund, the item of

"Completion of Dormitory.....\$22,000.00"

is vetoed.

Two years ago the Legislature made ample provisions for the building of a necessary dormitory at the State Normal School at Cheney and with the increased appropriation this year containing an item for Capital Outlays of \$30,000.00, this item for the completion of dormitory, \$22,000.00 is unnecessary and the same is vetoed.

On page 16 of the enrolled bill, from the General Fund, the item

"For the Western Royal Live Stock Show....\$20,000.00"

is vetoed.

As stated in my veto message accompanying the item of \$10,000.00 for the Show at Portland, I can see no justification in appropriating \$10,000.00 annually to the Western Royal Live Stock Show when we at our own State Fair are only able to use about \$7,000.00 for premiums for cattle exhibited there inasmuch as this is in no sense a State Institution I can find no reasonable excuse for allowing State funds to be used thereat.

For these reasons the item for "Western Royal Live Stock Show \$20,000.00" is vetoed.

On page 16 of the enrolled bill, "From the Accident Fund" the item

"For Relief of Hilda Rasi:"

"Loss of four fingers while in employ of Howard Mfg. Co...\$800.00"

is vetoed.

The Accident Fund is created by funds contributed directly by the industries of the State, employing people engaged in hazardous occupations.

The rules and regulations for paying out of these funds is well fixed by legislation. The Industrial Insurance Commission is the agency acknowledged by the State, and the employers as well as the employees, as the trustee of this fund to be distributed in accordance with the rules and regulations above mentioned. This being so I am very strongly of the opinion that the Legislature has no moral right to pay out any part of these funds for any purpose. If this claim did not come within the law the Legislature might amend the law and perhaps make it retroactive to cover this case, but I do not believe it is right for the Legislature to usurp the functions of the trustees of this fund and for that reason the item "for relief of Hilda Rasi: Loss of four fingers while in employ of Howard Mfg. Co., \$800.00" is vetoed.

On page 16 of the enrolled bill "From the General Fund" the item

"For the Pacific-Northwest Tourist Association....\$50,000.00" is vetoed.

It is barely possible that this may be a State function, although the same has been questioned by others.

I am of the opinion that the time is not opportune nor conditions such as to justify the expenditure of this sum of money in advertising our State and soliciting tourist travel. Perhaps in a few years when our roads are in better condition and

really fitted to be enjoyed by tourists, such publicity as could be given with the aid of a fund of this character might be profitable but not now.

For these reasons the item for the Pacific-Northwest Tourist Association, \$50,000.00, is vetoed.

The remainder of House Bill 315 is approved.

Yours respectfully,
 LOUIS F. HART,
Governor.

On motion of Mr. Guie, the vetoed sections of the bill were laid on the table and the message referred to the Committee on Rules and Order.

 OLYMPIA, WASHINGTON, March 19, 1921.

To the Honorable, the House of Representatives, of the State of Washington.

GENTLEMEN: I am filing herewith, to be transmitted to you at the next regular session of the Legislature of Washington, Substitute House Bill No. 135, entitled:

"An Act relating to injurious rodents and providing an appropriation for their extermination," which I have approved with the exception of Section 14, which is vetoed.

I have no doubt this is a meritorious measure upon a subject of which I have slight knowledge, but I do know that with the other provisions for funds and the liberality with which the Legislature has provided the State College with money for its field and extension work, the further appropriation herein provided is unnecessary, and Section 14 of Substitute House Bill No. 135 is vetoed. The remainder of the Bill is approved.

Yours respectfully,
 LOUIS F. HART,
Governor.

On motion of Mr. Guie, the vetoed section of the bill was laid on the table and the message referred to the Committee on Rules and Order.

STATE OF WASHINGTON, OFFICE OF GOVERNOR,
OLYMPIA, WASHINGTON, March 19, 1921.

To the Honorable, the House of Representatives, of the State of Washington.

GENTLEMEN: I am filing herewith, to be transmitted to you at the next regular session of the Legislature of Washington, Substitute House Bill No. 178, entitled:

"An Act relating to the compensation and medical and surgical care of workmen injured in extra hazardous employment, and amending Sections 6604-2, 6604-3, 6604-8, 6604-10, 6604-12, 6604-17, 6604-24, 6604-33, 6604-35, 6604-45, 6604-107, 6604-108, and 6604-109 of and adding Sections 6604-4A, 6604-4B and 6604-95A to and repealing Sections 6604-96, 6604-98, 6604-99 and 6604-100 of Remington & Ballinger's Annotated Codes and Statutes of Washington,"

which I have approved with the exception of Section 5, which is vetoed for the following reasons:

That in line 8 of Section 5 of the enrolled bill, after the word "year" and before the word "together," there has been omitted from the provisions of the existing law the following words: "Conditioned for the prompt and punctual making of all payments into said fund required during said year."

The words so omitted constitute the condition of the bond and are a vital part of the bond so required by that section. Their commission therefrom weakens rather than strengthens the provisions of that section.

It is true that the words quoted and omitted, as above stated, have been included in another portion of that same section, but the apparent result of the transfer, no doubt inadvertently made in drafting the bill, is to render the words so attempted to be used, meaningless.

I am informed that the purpose of the amendments to this section was to strengthen the provision thereof, and it is my opinion that that result has not been attained by the inadvertent transfer of the quoted words.

Section 5 of Substitute House Bill No. 178 is therefore vetoed.

Very respectfully,

LOUIS F. HART,

Governor.

On motion of Mr. Guie, the vetoed section of the bill was laid on the table and the message referred to the Committee on Rules and Order.

STATE OF WASHINGTON, OFFICE OF GOVERNOR,
OLYMPIA, WASHINGTON, March 21, 1921.

To the Honorable, the House of Representatives, of the State of Washington.

GENTLEMEN: I am filing herewith, to be transmitted to you at the convening of the next regular session of the Legislature of Washington, House Bill No. 253, entitled:

"An act relating to highway improvements, and amending sections 6092, 6094, 6100, 6105, 6106, and 6108, Pierce's Code, and adding thereto new sections numbered 6110A, 6110B, 6110C, 6110D and 6110E," sections 3 and 7 of which are vetoed and the remainder of bill approved.

Section 3 of this bill changes the method of doing the work under the so-called Donahue Act and makes its cost thereof uncertain.

Considerable trouble was had in marketing the bonds of the Donahue road projects following the Legislative session of 1919 owing to changes in the law and at that time and until the act was adjudicated by the supreme court road construction under this act was held in abeyance. The only way of paying bonds issued under this procedure is from the collection of assessments against adjacent lands and these assessments are fixed to cover the estimated cost. The County Commissioners know the amount of this estimate and can govern themselves accordingly when letting a contract. If the work is done by day labor or on force account, its cost can only be known when the work is completed. This will materially reduce the value of the bonds, if not entirely stop work by reason of inability to sell bonds thus jeopardized.

With the law well settled in this matter and the bonds finding a ready market and with more work done under this act in the last two years than in any other biennium since it was originally enacted, I think it would be a very serious mistake to make these changes, therefore section 3 of the act is vetoed.

Section 7 of the bill adds a new section numbered 6110A.

There is already a section 6110A of Pierce's Code which this does not purport to repeal.

Section 7 is open to the further objection that it seriously incumbers state lands including all lands held in trust by the state either for public schools, university, college or otherwise and does not in any way protect the state against the leasehold or contractual interest of others in the land. In other words, this section does not make definite and certain the lien of the assessments against the leasehold or contractual interest of others in state lands and is not a good amendment to our present law, for if they cannot be so assessed, assessments cannot be collected except by appropriation from the Legislature to clear the title of state lands for the benefit of some individual who happens to have a leasehold interest or some contractual right therein.

For these reasons section 7 of House Bill 253 is vetoed. The remainder of the bill is approved.

Yours respectfully,

LOUIS F. HART,
Governor.

On motion of Mr. Guie, the vetoed sections of the bill were laid on the table and the message referred to the Committee on Rules and Order.

The House resumed consideration of the amendment offered by Mr. Hanks to the resolution.

Mr. Ryan (C. W.), moved that the amendment be laid on the table.

The Speaker rules, in response to a parliamentary inquiry by Mr. Guie, that if the amendment were laid on the table it would take the resolution with it.

Mr. Murphine demanded a roll call on the motion to lay the amendment on the table.

A sufficient number arising, the clerk called the roll, and the amendment was laid on the table by the following vote: Yeas, 56; nays, 32; absent or not voting, 9.

Those voting yea were: Representatives Allen, Appel, Aspinwall, Banker, Barlow, Behrens, Brockman, Brooker, Canfield, Capron, Case, Dale, Danskin, Davis, Deselle, Dunn, Glasgow, Guie, Hanks, Hubbard, Hufford, Jacobs, Josefsky, Kenoyer, Kirkman, Long, McKinney, McKinnon, Meserve, Mess, Miller, Morck, O'Brien, Ohlson (A), Olson (A. E.), Phillips, Reeves, Remann, Reynolds, Roth, Ryan (C. W.), Rychard, Saunders, Schwartze, Shattuck, Siler, Sims, Spencer, Somerville, Sorensen, Stewart, Stratton, Thompson, True, Voss, Mr. Speaker—56.

Mr. Allen moved that the message of the Governor to the Legislature be referred to the Committee on Rules and Order with instructions to segregate the message and refer the various subject matters therein contained to the proper committees.

The motion was carried.

We concur in this report: John R. Jones, Fred Brooker, J. McPherson, John Hanks.

On motion of Mr. Moran the report was adopted.

The Clerk read the following:

STATE OF WASHINGTON, STATE PARKS COMMITTEE,
OLYMPIA, WASHINGTON, January 8, 1923.

To the Honorable Members of the Legislature of the State of Washington.

GENTLEMEN: Having been authorized by House Joint Resolution No. 3, passed by the House of Representatives March 3, 1921, and by the Senate March 10, 1921, to investigate and determine the advisability of establishing a state park in Mount Stickney district in Township 28 North, Range 9 East of the Willamette Meridian, in the County of Snohomish, State of Washington, and to report back to the 1923 Legislature, we beg leave to report that while the location of the tract desired for state park purposes is somewhat uncertain, it is apparently situated in a portion of the Snoqualmie National Forest and hence outside the jurisdiction of the state.

We therefore recommend that no action be taken to establish a state park in this region.

Respectfully submitted,

GEO. W. O'BRIEN,

Passed to second reading.

House Bill No. 20: Do pass as amended.

House Bill No. 3: Do pass as amended.

HOUSE OF REPRESENTATIVES,
OLYMPIA, WASHINGTON, January 18, 1923.

MR. SPEAKER:

We, a majority of your Committee on Elections and Privileges, to whom was referred the matter of the election contest between George H. Dodd, contestant, and Arthur L. True and Grant E. Hunt, contestees, as representatives of the Second Legislative District of the State of Washington, beg leave to make the following report:

First: Your committee met in committee room No. 5 on Thursday, the 18th day of January, 1923, at 2:30 p. m., all members being present, with the exception of Representative John M. Klemgard, who was excused. There was also present contestant, George H. Dodd, and contestees, Arthur L. True and Grant E. Hunt. The contestant was represented by his attorneys, Frank P. Christensen and R. L. Edmiston. The contestees were represented by their attorneys, Senators Westfall and Phipps. The committee immediately proceeded with the matters involved in the contest.

Second: The committee examined all papers filed in the contest, including affidavits, depositions and exhibits and further permitted oral testimony to be taken in relation to said contest. Argument was presented by attorneys for both parties to the contest and, upon request of the committee, Attorney General L. L. Thompson was heard upon the election laws and precedents involved in such cases.

Third: The majority of your committee finds that at the last general election in said Second Legislative District on the Republican ticket as candidates for state representative appeared the names of Arthur L. True and Grant E. Hunt in the order named and that on the Democratic ticket for state representative appeared the names of Chas. D. Curry and George H. Dodd in the order named; that the names were so placed on said ballot that the name of Grant E. Hunt appeared on the Republican ticket opposite the name of George H. Dodd on the Democratic ticket. There was showing made that certain ballots were marked with a cross in the circle at the head of the Republican ticket and a cross after the name of George H. Dodd on the Democratic ticket and that the election officials on such ballots in a few instances credited George H. Dodd with one vote and also credited Arthur L. True with one vote. The witnesses were very vague as to the number of such instances, but all such witnesses admitted that ballots marked with a cross in the circle at the top of the Democratic ticket and then a cross after the name of Arthur L. True or Grant E. Hunt were credited also as a vote for George H. Dodd.

The majority of your committee further finds that Arthur L. True, contestee, was credited with 5,357 votes, or a majority of 620 votes over George H. Dodd, contestant, who was credited with 4,737 votes; that Grant E. Hunt, contestee, was credited with 5,065 votes, or a majority of 327 votes over George H. Dodd, contestant; that said Second Legislative District consists of 56 voting precincts. It was expressly stated in the record by contestant that no fraud or collusion by elections officials was charged; that the only showing made by contestant was to mistakes committed in but few of such precincts and that Arthur L. True on the Republican ticket received the benefit of such mistakes and that either George H. Dodd, contestant, or Chas. D. Curry, his running mate, received the benefit of like mistakes made on the Democratic ticket; that the number of mistakes on both tickets would in all probability be in the proportion to the votes cast for the Republican and Democratic ticket, or approximately as five to four; that owing to the large majority received by Arthur L. True of 620 votes over George H. Dodd that there is no probability that a recount would materially change the result of said election and that said George H. Dodd, contestant, has not

made a prima facie case entitling him to have a recount of the ballots cast in said Second Legislative District at the last general election.

Wherefore a majority of your Committee on Elections and Privileges recommends that said contest be dismissed.

THOS. F. MURPHINE, *Chairman*.

We concur in this report: C. C. Aspinwall, John Anderson, F. B. Danskin, O. R. McKinney, J. H. Davis, Herman F. Josefsky.

HOUSE OF REPRESENTATIVES,

OLYMPIA, WASHINGTON, January 22, 1923.

MR. SPEAKER:

We, a minority of the members of your Committee on Elections and Privileges, to whom was referred the matter of the election contest between George H. Dodd, contestant, and Grant E. Hunt and Arthur L. True, contestees, as representatives of the Second Legislative District of the State of Washington, beg leave to make the following report:

First: Your committee met in committee room on Thursday, the 18th day of January, 1923, at 3:00 o'clock p. m., all members being present, together with the contestant and contestees, all of whom were represented by counsel, and the committee immediately proceeded with the matters involved in the contest.

Second: The committee examined the papers filed in the contest and find the same in all respects regular and in conformity with the law.

Third: Your committee finds that your contestant has made a prima facie case entitling him to have a recount of the ballots cast in the Second Legislative District at the last general election.

Fourth: Your committee finds, and it was conceded, that generally throughout the Second Legislative District concerning which contest is being had, that the election officials counted illegal votes, and that a recount of all the ballots in said district should be had.

Wherefore, your Committee on Elections and Privileges recommends that the Speaker appoint a special committee of seven members to recount the ballots cast affecting the elections of Grant E. Hunt and Arthur L. True in the aforesaid Second Legislative District of the State of Washington, and we further recommend that said special committee shall have the power to issue subpoenas and compel the attendance of witnesses and the production of documentary and other evidence, and upon the conclusion of their proceedings report back to the House their findings of fact and conclusions of law in the premises.

REPORT OF STATE HIGHWAY COMMITTEE.

To the Senate and House of Representatives:

At the seventeenth biennial session of the Legislature there was passed the following:

SENATE JOINT RESOLUTION NO. 4.

WHEREAS, The present state primary and secondary highways were largely designated by the 1913 session of the Legislature; and

WHEREAS, New agriculture sections have been developed, cities and towns of varying size have been built since the present system was adopted; and

WHEREAS, Petitions for new state roads are being presented from many sections of the state;

Therefore, Be it resolved by the Senate and the House of Representatives of the Legislature of the State of Washington:

"That the state highway board (or their successors in office) be authorized and directed to make a complete survey or study of the state as to any necessary revisions of existing highways to ascertain if any eliminations, corrections or additions should be made to the present state system and report their findings to the 1923 session of the Legislature, and that until such survey and report is complete, no new highways be added to the present system."

Complying with said Joint Resolution, the State Highway Committee has made a complete survey and study of the State and of its existing highways and beg to submit the following recommendations:

Eliminations.

1. That the State Highway System conform to the Federal Aid System in this State.

2. That the Kettle River extension of State Road No. 4 be stricken from the State Highway System.

3. That that part of State Road No. 4 between Tonasket and the town of Loomis in Okanogan County be stricken from the State Highway System.

4. That State Roads Nos. 11 and 12, known as the Roosevelt Highway, be stricken from the State Highway System.

5. That State Highway No. 5, Naches Pass Highway, and the National Park Highway be consolidated and established and known as the "National Park Highway System."

6. That State Road No. 22 be stricken from the State Highway System.

7. That the Cascade Highway be stricken from the State Highway System.

8. That that portion of the eastern route of the Inland-Empire Highway between the towns of Rosalia and Pullman in Whitman County be stricken from the State Highway System.

Additions.

1. That the eastern route of the Inland-Empire Highway be established leading from the town of Colfax to the town of Pullman and continuing in a southerly direction as at present established.

2. That the Navy Yard Highway be extended to Gig Harbor and that the construction of said extension follow the completion of the work now under construction between Union City and Holyoke Creek, as funds are made available by the Legislature.

3. That the Pend Oreille Highway be extended from Newport to the British Columbia line.

Recommendations.

1. We recommend that an appropriation be made for construction work on State Road No. 22 between Detellion Bridge and Chalk Grade.

2. We recommend that an appropriation be made for grading the present eastern division of the Inland-Empire Highway from Palouse to Pullman.

3. We recommend that an appropriation be made for construction work on the Roosevelt Highway between Pateros and Twisp.

4. Owing to the insufficiency of the Pacific Highway to care for the rapidly increasing volume of traffic in the congested districts, we recommend the establishment of a new highway between Tacoma and Seattle and between Seattle and Everett, the same to be located by the State Highway Committee along the most direct, feasible and practical route.

Respectfully submitted,

LOUIS F. HART,

C. W. CLAUSEN,

C. L. BABCOCK,

Approved:

NINETEENTH DAY.

AFTERNOON SESSION.

HOUSE OF REPRESENTATIVES,
OLYMPIA, WASH., Friday, January 26, 1923.

The Speaker called the House to order at 1:00 p. m.

Roll call showed all members present except Messrs. Canfield, Olson (A. E.), and Willhite.

Prayer was offered by Rev. Joe B. Montague, of the Christian Church, of Olympia.

The reading clerk proceeded to read the journal of the proceedings of the previous day, when he was interrupted by Mr. Anderson (John), who moved that further reading be dispensed with and that the journal be approved.

Mrs. Kastner arose to a question of personal privilege, stating that the journal recorded her as being absent during the vote on House Bill No. 8; that she was present when the roll was called on the final passage of the bill and voted in the affirmative; that she desired the journal to so show.

There being no objection, the journal was made to conform to Mrs. Kastner's request.

The motion to dispense with further reading and to approve the journal was carried.

The Speaker announced that he desired to change a ruling which he had made on the previous day in declaring that the point of order raised by Mr. Halsey that a motion to resolve the House into a committee of the whole House was not debatable was not well taken; that *Hind's Precedents*, Vol. 4, P. 146, Sec. 3062, holds that a motion to go into a committee of the whole House is not debatable; that, therefore, should the question again arise the Speaker would hold such a motion not debatable.

Mr. Roth inquired if that ruling would apply to a motion to commit generally.

The Speaker replied that the motion to resolve the House into a committee of the whole House is a change of procedure, and on that basis was not debatable.

The President announced the appointment of Senators Hurn and Phipps, and Representatives Deselle and Kastner as a committee to escort the Governor to a seat upon the rostrum.

The President announced that the joint session was called for the purpose of holding memorial services as a mark of respect to the memories of former state officials and legislators who had departed this life.

On behalf of the artist, Mrs. Irene McHugh, of Tacoma, Washington, the President presented to the State of Washington an oil painting of former President of the United States Theodore Roosevelt. Governor Louis F. Hart, on behalf of the state, accepted the gift and returned thanks to the donor.

Senator Myers delivered an eulogy on the lives of departed members, which is as follows:

Following the honored custom, we are assembled in joint session in this chamber for the purpose of honoring the memory of the deceased members of these bodies who within the last biennial period have been removed from the stage of life and are now sleeping with their fathers. They have passed out of our presence and some of you have been chosen by the electorate of your districts to occupy their places.

We meet here with a deep sense of our mutability and are conscious of the brevity and frailty of life. We meet to pay tribute to them, to cherish their virtues and forget their faults. They have yielded to the same inexorable law of dissolution that will overtake us, for someone has said, "Time knows not the weight of sleep or weariness, and night's sleep darkness has no chain to bind his rushing pinion." Time is the great leveler and Father Time swings his deadly bludgeon upon the rich and poor, high and low, great and small, humble and imperious. These men whom we honor today have answered the last roll call as you and I must do.

While our words of eulogy can not benefit them, their good example and good deeds may live to be a guide to us to a more splendid citizenship. By mathematics we may be able to measure volume and space and find unknown quantities, but who can measure the value of example.

Some of these men came from the lowly walks of life and hewed their way aloft through the labyrinth of ignorance and poverty and bore with honor and patience the load that true citizenship imposes. They may not have impressed their fellows in these halls nor the onlookers in the galleries with their eloquence, but with plain and unstudied diction expressed their honest convictions and at roll call invariably announced the single and only vote that they sought to absolutely control in a manner that won for them our highest admiration. That is the type of legislator that I commend to you. It has not been the one who spoke often and much that challenges the admiration of the members of these bodies, but the one who stood steadfastly for what in his judgment is honest, fair and equitable.

He may have been on the losing side but bowed to the will of the majority. The whole world loves a good loser and despises a poor one. We don't judge men by how they behave when they have won a victory, but rather gauge them by their conduct

when defeated. Roosevelt said, "A man who can not stand defeat is not fit for victory." This type of legislator I am speaking about may not be acquainted with the finesse of parliamentary practice and at times is painfully confused as to the status of a motion, but a summary of the roll calls as recorded in the journals of these Houses will show that he was generally able to align himself upon the side that ought to win.

Love of justice, devotion to the public welfare, indifference to the insidious, eloquent pleadings of special interests and resistance to the appeals of sectional sentiment, is the creed of the ideal legislator.

Mr. Guie delivered the following eulogy on the life of Judge Wallace Mount:

It is befitting that this legislature meet today to celebrate our last formal testimonies of respect to the lives and memories of former members who have passed away during the last biennium.

Wallace Mount was a true product of the West. Born in Oregon City in 1859, he came to Washington in 1886. He was a member of the House of Representatives in 1889, the sixth legislature. Shortly before his coming to Olympia he had finished a term of service as Superior Court Judge in a district comprising a group of counties in Eastern Washington. His travels from one county seat to the other, by boat, on horseback, by stage, through desert land and sand dunes to hold court entitled him to be classed among the judicial circuit riders that our early legal history has made famous. With his wealth of experience as a judge and lawyer of extensive practice and a ready debater, he was a most valuable legislator.

That session of the legislature had scarcely convened when we were engaged in about the fiercest and most bitter three-cornered U. S. Senatorial contest that has ever occurred in the State of Washington. We were supporting different candidates. We were opposed to one another, negotiating for our principals up to the last minute of that contest, up to the time when the houses of our respective candidates began to topple up to the time when the break was made to the candidate from Pierce County. I remember with a sense of pleasure and satisfaction, while other partisans indulged in vituperative language of one to the other that Judge Mount, endowed by nature with those qualities of steadiness and firmness in action, was the embodiment of courtesy and consideration towards those with whom that contest brought him in contact.

It was his ambition, I learned, in that session, that sometime he might be on the Supreme Court Bench. But because of the fierce factional party strife then existing, there seemed little likelihood of that ambition being soon realized. The same senatorial contest for the next vacancy continued to be waged. The National Convention of the Republican party for presidential nominations in 1900 was to be held in Philadelphia. Washington would send her quota of delegates. Political prestige and position must be maintained by the senatorial contestants by controlling the State Convention at Ellensburg. The night preceding the convention was spent in eliminating and contriving and agreeing on delegates so that when day dawned the opposition of which Judge Mount was a part, was completely routed.

The naming of delegates went through according to schedule.

The delegates to the National Convention were named—salt was being rubbed into the evening's wounds; when, immediately before adjournment, Judge Mount asked for recognition and it was accorded. He arose from among his discouraged delegation with a sincerity that could not be questioned, he addressed that convention from the point of view of a defeated delegation, on the necessity of party loyalty and adherence to party principles and he assured the convention that the defeated delegates were still an integral part of the Republican party and would continue to function, yielding only to a majority vote, that they would rise up from their defeat.

He immediately captured the good will of the convention, which could not but appreciate his sterling character and sportsman-like conduct. I believe that was the first time Judge Mount was generally recognized throughout the state as a coming man. For at the next fall State Convention he was nominated without opposition for the Supreme Bench and took his seat as a Supreme Judge in January, 1901, and held this office until his death.

Judge Mount came to the Supreme Court in the prime of life, with a vigorous constitution, trained in the ways of the law, and the courts by his practice and service as a Superior Court Judge. The results of his labors are seen in the volumes of reports covering a period of over 20 years. His style was eminently judicial, terse, vigorous and clear. No one who reads his decisions ever doubts what is meant or what the court decided. By his urbanity and kindness of heart he won the affections of those with whom he came in contact. He was "rich in saving common sense, and as the greatest only are, in his simplicity sublime."

Senator Wilmer delivered the eulogy on the life of Robert C. McCroskey as follows:

That man was placed on earth for a purpose; that he best fulfills the destiny of his race by the activity called work; that the fullness of life can be best realized by useful application; that when work itself becomes the objective rather than the fruits of it, then the spiritual in men dominates the physical and the nearest approach to human happiness has been reached.

This, I believe, was the philosophy of life of Robert C. McCroskey. Born March 10, 1845, in Monroe County, Tennessee, he enlisted as a private in the Confederate Army in 1862. He was under fire in the battles of Nashville and Bentonville, rose from the ranks and at 19 years of age commanded two regiments and a battalion leading the center in the Confederate charge in the bloody battle of Franklin. At the close of the war he resumed his collegiate work and graduated from Croton College, Tennessee, in 1868.

Attracted by the lure of the west, he moved to Monterey County, California, in 1870, where he taught school until 1874, when he was elected Superintendent of Schools of that county.

In 1882, he married Blanche Houston of Madisonville, Tennessee, and returned with his bride to California to the farm he had purchased adjoining the San Juan Mission, near Hollister, California.

Learning of the fame of the fertile Palouse Hills in Whitman County, he visited Eastern Washington in 1887, and the following year moved with his family to Garfield, Washington, where he had purchased a section of land.

He was extraordinarily successful in his farming operations, and his land holdings soon reached several thousand acres of the choicest land of the Palouse. In 1907 he raised a crop of wheat of which a single field of 1,000 acres averaged in yield 46½ bushels per acre, the largest authenticated yield for 1,000 acres of wheat ever recorded in the Department of Agriculture at Washington, D. C.

In 1913 he retired from active farming, renting his land to two of his sons. But his immense model wheat farm almost surrounding the town of Garfield was the pride of his life and he spent most of his time not otherwise engaged in riding over his land in a light buggy, assisting and counseling his sons in their farming.

Besides his farming interests he had acquired important bank holdings. He was president of the State Bank of Pullman, the National Bank of Palouse and a director of the Olympian National Bank at the time of his death.

Of the South, in the Civil War, and in the stormy days of reconstruction, he was naturally Democratic in politics, but he was too broad of mind for partisanship. He served in the State Senate of Washington from the 9th district in the sessions of 1891 and 1893. The title "Senator" which he honored rather than was honored by the title, always clung to him during the remaining 30 years of his life.

He subsequently held no elective office, but was constantly in the public service, receiving appointment from Republican and Democratic Governors alike.

In 1895 he was appointed member of the State Grain Commission by Governor McGraw. He was appointed to the Board of Regents of the State College of Washington, of which he was a member at the time of his death, first by Governor Rogers and reappointed in succession by Governors Hay, Lister and Governor Hart.

The State College of Washington was an object of almost paternal solicitude to him. At all times he gave to it unreservedly of his time and thought. This was his greatest service and required on his part devoted courage and many sacrifices. In his latter years scarcely a week passed that he did not visit the college. He made a generous endowment to the "R. C. McCroskey Permanent Fellowship Fund," the interest of which each year is to be awarded to some State College graduate of

superior ability who desires to undertake important scientific investigation, and also a handsome gift to the "Student Loan Fund" of the College, to help worthy young men and women to continue their education. In many ways the State College of Washington stands today as a monument to his useful and splendid life.

His social interests were most pronounced and gripped him to the lives of other men. His friendly attitude was ever manifest to all, and was a dominant trait in his everyday life. Some one has said that the high art of life is to be friendly. This disposition inclined him to the association of fraternal orders. He was a Mason, and Knight of Pythias, and was Past Grand Chancellor and Past Supreme Representative of the latter order.

His keen intelligence and broad public spirit was attracted to all lines of public endeavor and he was conspicuous and influential at all public gatherings in Eastern Washington.

He was a fluent speaker and most entertaining conversationalist, drawing freely from his ample store of knowledge and experience, seasoned by a rich fund of mildly ironic humor.

He had the innate breeding of the Southern gentleman, always courteous, he met graciousness with grace and effrontery with biting courtesy. The true test of character is adversity. In 1916 he became totally blind. To a man of his active habits this was a staggering affliction. But he did not sit down with folded hands to commiserate with his misfortunes. He bravely adjusted his life to the changed condition, gently repulsed all offers of sympathy and pursued all his former activities so far as possible. Two days before his death he attended a meeting of the Board of Regents of the State College at Pullman.

Virginia Keating MacCraig penned the following beautiful lines dedicated to "the Blind Senator."

To the late widely beloved Senator Robert C. McCroskey—"The Blind Senator." In appreciation of his valued friendship, his great personality, and his unflinching interest in humanity:

They say he was blind
But he saw:
The dew on the rose, and the dawn on the hill:
The tint of the dove's iris breast in the spring:
And the velvet-soft dusk,
When the twilight fell still.

He knew when the sunlight dropped out of a face:
When sadness came quivering into an eye:
And never the tear of a child fell, but he
Saw it, and lovingly soothed it, 'til dry.

Yet they say he was blind—
And he was:
In his eyes, but his soul,
Lit by full lamps of Christ's tenderest flame
Searching deep to the heart of Humanity's All,
Saw so clearly, that blindness was merely a name.

He died at Garfield, April 10, 1922, 77 years old, measured by years, but had long passed the century mark in service and achievement.

At his obsequies were gathered Governors and high dignitaries of State, of learning and the professions, of representatives and leaders in all walks of life.

The ceremonies were most impressive, but the occasion did not seem *all* of sorrow and mourning. One rather felt that it was a gathering of his multitude of friends and admirers to felicitate with him upon the glorious completion of a difficult and important task exceedingly well performed.

If his philosophy of life was correct, if man gets the most out of life by the utmost of his usefulness, then indeed Robert C. McCroskey lived his life to the fullest measure.

Senator Grass delivered the following eulogy on the life of Frank H. Renick:

I arise to say a few words in memory of my good and true friend, the late Senator Frank H. Renick, who passed from this life a few months after the adjournment of our last session.

To the older members of the Legislature, especially those who have been members for the past fifteen years, Frank Renick was so well known, little need be said in his praise, for all who knew Frank loved him as a loyal, sincere enthusiastic friend.

Frank Renick was born in Connecticut about fifty-two years ago. He passed his young manhood period in the state of Michigan, and from there went to Kansas, where he pioneered for several years. Later he came to the city of Seattle, and to the time of his death considered that his home and residence.

During the Klondike days, Frank joined the gold rush and came out from Alaska with a considerable competence. Since that time he engaged in the general real estate, insurance and loan business. He was very successful in his work, and at one time was rated as worth three-quarters of a million.

He was a sincere, conservative man in all matters of legislation, and represented the biggest business district of the city of Seattle. His predominating quality was his enthusiasm upon any matter of legislation in which he was interested.

He served five terms in the House and one term in the Senate. In his passing this Legislature lost a valuable, sincere, enthusiastic worker in all matters pertaining to the general welfare of the state. We who knew Frank intimately lost a good and true friend.

Mr. Mahoney delivered the following eulogy on the life of David F. Trimble:

I am indeed grateful for this opportunity to pay homage to the sacred memory of my distinguished fellow citizen of Whitman County and former member of this august body.

David Frank Trimble was born in the state of Ohio in the year 1853, in which state he grew to manhood. He came west to the state of Washington in the year 1888, locating in Whitman County. He engaged in farming near the city of Palouse in that county, and as in all things that he applied himself to was very successful in his undertaking. Some ten years previous to his death he retired to private life and devoted all his energy and time to community affairs and furthering the development of the community in which he lived. He was an active member of the Palouse Chamber of Commerce, the Baptist Church and Odd Fellows Lodge. No man rendered a greater service to his community than he.

The four outstanding qualities of the man were his love for his home, his devotion to his church, his loyalty to his friends, and his simplicity and frugality. The loss of his valuable service and counsel is a distinct loss not only to the county in which he lived but to the entire state. He was elected to the State Legislature, from the 8th Legislative District of Whitman County, in 1917. Re-elected in 1919, during which session he was taken ill, the cause which later caused his death.

Oh, for the need of men of his sterling character and sober judgment to meet the great problems that are facing the State of Washington today.

"God give us men! A time like this demands
 Strong minds, great hearts, true faith and ready hands,
 Men whom the lust of lucre does not kill;
 Men whom the spoils of office cannot buy;
 Men who possess opinions and a will;
 Men who have honor; men who will not lie;
 Men who can stand before a demagogue
 And dam his treacherous flatteries without winking,
 Tall men, sun-crowned, who live above the fog
 In public duty and in private thinking;
 For while the rabble with their thumb-worn creeds,
 Mingle in selfish strife, lo! freedom weeps,
 Wrong rules the land, and waiting justice sleeps."

My friends and colleagues, would it not be fitting, that on this occasion dedicated to the sacred memories of the distinguished men we have met here to honor, that we again reaffirm our faith and allegiance to our Flag, our Country and our State, "that from these honored dead we will take increased devotion to that cause for which they gave their last full measure of devotion, that we here highly resolve that these dead shall not have died in vain;" that this Legislature under God, will have a new birth of freedom; that we, its members, firmly resolve that we pledge our all to the duties and work that is before us; that at the close of this Legislative Session we will leave behind us achievements of constructive legislation that will bring to the people of this State the relief they are praying for, and holding close to our hearts the ideals of the distinguished men whose memories we are honoring. We can in justice do no other.

Mr. Bassett delivered the following eulogy on the life of Thomas Brown:

I never come to an occasion like this without thinking how kind providence has been to all of us members here assembled. As the years pass by, more and more of our friends pass away to that other life, which reason and instinct lead us to feel must be awaiting us all, until now those of us who sit here with whitening heads feel that we are surrounded by the few, while the majority of our friends have already gone to the mysterious realm of the other world.

It becomes my duty to say a word for one lately passed away, known to nearly all old members of the Legislature, dear old Tom Brown of Whatcom County.

Mr. Brown was born October 10th, 1846, in Cumberland, England. His parents were so poor that he was obliged with a very little preliminary education, to help support the family when fourteen years old, by working in a coal mine. He seemed determined to get more education and acquired it by hard work in night schools after working hours. To his great pleasure, soon after reaching his maturity, he was found competent to teach others. He divided his time between teacher and iron worker in England and Scotland until in 1885 he was induced to immigrate to North Bend, in this state, to work in an iron foundry, which never commenced business. This left him in a serious financial condition. He taught school in Issaquah, Blaine and Sumas and worked at his trade for some years. In 1908 he discontinued teaching and thereafter lived in Sumas, developing various lime propositions.

He died with hardly a moment's warning on May 27th, 1921, leaving a wife to whom he was married in Lanark, Scotland, and three children. He was a Mason and faithful member of the Episcopal Church.

In his business life Mr. Brown was reasonably successful. He was always more concerned to do his duty than to be famous, to serve the state and its friends than himself, to be rich in the coin of the other world rather than of this. He was a kind neighbor and a good friend. He brought up his family well. In his early years as a teacher he imparted knowledge thoroughly, but cared more to turn the lives of the young people into better channels. He was often chosen by his fellow citizens for various lines of duty which he always performed faithfully. He acted for some time as school director in his district and was Mayor of Sumas and served in the Legislature four times, from 1915 to 1921, being re-elected with less and less opposition each time.

Mr. Brown was a very efficient legislator. He was especially interested in appropriations, tax reform and education. He knew the institutions of the state as very few did, always wanted them properly cared for and caught with an eagle eye every undesirable request for money. He was much interested in the improvement of the state system of taxation and would have been of great usefulness in the tax discussions of the present session.

Perhaps his greatest service was in the educational field. He was a very useful member of the special commission to study higher education, in 1915 and 1917. He watched, with especial care, the interests of the normal school in his own county. He was a pioneer fighter for the county unit in schools and in plans for a better preparation for entrance into higher institutions. His clear, bright mind, large experience and conscientious habits made him a most valuable member of committees.

I would like to say a personal word in closing. During the last session Mr. Brown was the closest friend I had. It happened that the three committees to which each of us devoted the most attention were the same. We sat together whenever

we could. We served on several sub-committees together. Difficult problems were lightened by the pleasure we felt in solving them together. Hardly a day passed without a visit at the desk of one or the other. Plainly I remember our last parting in the small hours of the final night of the session when our families were shaking hands at his desk, and he said, "Let's both come back next year. School support and tax adjustment will very likely be settled then." It was not so to be. The young man of seventy-five, more youthful than I by almost every standard except years, in apparently perfect health, and full of longing for added usefulness, was to be suddenly called higher in but a few short weeks.

I believe in immortality. I do not know where, or in what form, but I am sure that somewhere, and in some form, the immortal part of Tom Brown lives today. I think he has the same aspirations and thoughts as when with us, only quickened and made more effective. I cannot think he has lost his old interest in the State of Washington. Some times when the goal I aim at here seems hard to reach, and again when new thoughts need inspiration to the struggle, I close my eyes and almost feel as though there is about me the moving of the spirits of old friends like him, heard almost as plainly as the rustle of the wings of birds in the summer time. Good influence, good deeds, good thoughts never die. Like the sound of the sunset angelus in the old world in olden times, taken up from one church tower to another, may you and I, and those after us, so live as to carry on the work of friends as they drop out, one after another, that our communities and our state may be better for our living.

Mr. Deselle delivered the following eulogy on the life of Hyrcanus Blackman:

I have been asked to say something in memory of Hyrcanus Blackman, one of our deceased members, and while my duty is naturally intermingled with sadness, nevertheless, on account of the influence left on the community by the life and service of this man, I feel that we are justified in eliminating from our minds the feeling of loss or sadness, and hold in mind the character, influence and ideals that this loyal and honored citizen left as an inheritance to the people of his community and the state.

I knew Mr. Blackman, personally, and basing my judgment on my knowledge of this man in his community, I unhesitatingly say, that he was a citizen of ability, honesty and integrity, and entitled, under our rules of citizenship, to be called "A MAN."

The Snohomish County Tribune of June 3rd, 1921, gives briefly but quite accurately, the community's estimate of the value of this esteemed citizen. As an expression of the citizens of the community where Mr. Blackman resided, I wish to read this brief article:

A Noted Man Passes Away.

All classes and conditions of people are sincere in their expression of sorrow at the great loss our city has sustained in the death of Hyrcanus Blackman, aged 74, a pioneer of this city since the early seventies and was the first mayor of Snohomish.

What a splendid type of manhood he presented. I doubt if anyone ever heard him speak unkindly of his neighbor. He was a manly man, a man of deep conviction, and a man who did not care for self-praise, for him the important question was righteousness. He did not care simply for majorities, but could stand in the minority of one, if need be. He stood ready at any moment to help. These are a few of the elements of the goodness that made him loved by old and young.

Then there was that other trait; he was a man of faith in men; faith in himself and faith in his community. "I never saw him other than optimistic," said a friend who had known him for 40 years.

Was his life lived in vain? Go along the streets of Snohomish, and you will know that it was not, for on street corners wherever a few gathered together you will find them discussing the genial Hyrcanus Blackman. There moved among us a *man*.

Mr. Blackman was born January 4, 1847, and died at his palatial home on Avenue B, at 4:15 Wednesday afternoon. He is survived by his wife, Mrs. H. Blackman, three

brothers, Alanson A. Blackman and Elhanan Blackman of Everett, and William Blackman of Seattle, and one sister, Mrs. E. Lenfest of this city, and one daughter, Mrs. W. S. Ford, also of Snohomish.

His fatherly love for his son, Clifford, carried such strength that when the son died about 18 months ago the shock was too great and Mr. Blackman has been gradually faltering until about five weeks ago, when he was taken to his bed, but up to the very last, was in his right mind, and knew all that was going on. Truly he has gone from among us, but his kindly face will never be forgotten.

These words of honor and esteem are justly and fittingly given to Hyrcanus Blackman, who for a half century has stood by his neighbors, community and state as a friend and citizen.

Senator Conner delivered the following eulogy on the life of Thomas Dewit Rockwell:

Thomas Dewit Rockwell came to the State of Washington not quite thirty years ago. He was born on September 27, 1859, in Milledyeville, Georgia. He attended school at Griffin, Georgia, and was admitted to the bar at the age of 21 years. He arrived in the State of Washington holding a commission in the service of his government under President Cleveland. In 1896 the election of President McKinley resulted in the loss of Senator Rockwell's position, he being, of course, a Democrat. He then entered the practice of his profession, law, in Spokane, and was assistant corporation counsel of that city, where he made an enviable record for services. Later on, in keeping with many others who were of the old-fashioned gold standard kind of Democrats, he became a Republican and took part in building up the Tax and Division Department of the State of Washington. His services in that department were characterized by both zeal for the State's interests and an earnest and continuous endeavor to see that the citizens received fair treatment from the State.

After leaving this office he entered into the practice of law in Olympia, later removing to the city of Seattle, where he was practising his profession at the time of his death.

He was elected to the State Senate from the 34th Senatorial District in King County and served in the legislatures of 1919 and 1921.

Senator Rockwell left surviving him two children, a young man and a young woman—their mother having predeceased him some years.

Senator Rockwell, or rather "T. D." as his friends called him, was a man of most lovable character. He was fair to his political opponents and firm in the defense of what he deemed to be right. His outstanding traits were his hospitality and generosity. He was a typical Southern gentleman. His untimely death left a vacancy in State political affairs, and especially in the Legislature, which will never be filled. May his soul rest in peace.

Mr. Anderson (Nils) delivered the following eulogy on the life of Francis A. LeSourd:

It is with deep respect and sense of privilege for me to be permitted for a few moments to relate a few salient points on the life and career of that respected and beloved citizen and public servant, Francis A. LeSourd, a member of our Legislature during the sessions of 1911 and 1913.

Francis A. LeSourd was born in Kokomo, Indiana, on July 8, 1843. His early life was spent in that state where, at the age of nineteen, he joined the Union forces in the Civil War, being identified with the 12th Indiana Cavalry, in which capacity he served during the duration of the war.

In 1884 he joined the pioneer forces that came to this great state and located on Ebey's Prairie, Whidby Island, where, true to the spirit of the pioneers, he settled on a farm and became one of the most beloved and respected citizens. He continued his public service as a commissioner of Island County for six years and was elected to our Legislature in 1911 and 1913, respectively.

He was a member of the Grand Army of the Republic. He passed away at his farm at Coupeville, Whidby Island, on September 28, 1921, leaving a wife, one daughter and three sons to mourn his loss. To many it will be difficult to realize that he is gone. So long had he held to the course of life in his serene and stately manner that

his going on the long journey hardly seems real. He stood before us like a patriarch, yet humble as the humblest, in our human brotherhood. When a smile lit up his face it made radiant the features of one whose soul was spotless and glowed within. When a word was spoken it came as gently, yet so strong, that we felt its power was from a hidden source, deeper than most of us mortals enjoy. His mastery of every situation in life without cunning or guile led us to believe he was one "on whom even God did set his seal to give the world assurance of a man." Through diligence, and with honor cautiously guarded, he gathered his maintenance in storehouse and home. Never once could the world challenge what he gained or the system by which he wrought in the business forum with his fellow man. So tolerant of all and generous to hear he found the circle of his friendship widening through each successive year.

The most interesting study in this wonderful world is the study of a human character. And when you meet a character like that of Mr. LeSourd you are in the presence of that sublime opportunity. Many times have I watched him to gather some fresh hint as to the uncommon riches of his life. Slowly it grew upon you that you were dealing with more than an ordinary man. His wearing qualities were of the best. "None knew him but to love him; none named him but to praise." Gentle and firm, cautious and faithful, generous and just, tolerant and strict, courageous and reserved, every act a worthy pattern, every word like that of a prophet, every motive above question, and you have found our noble friend a princely chieftain of the human clans.

He has left the beautiful home where he gave full measure of loving devotion, he has departed from our sanctuary where he worshipped with Christian dignity; broken has he left the noble circle of friendship. But with leaving all these behind he had no regrets. His hold on the eternal realities was of such a nature that the most fascinating of earthly endearments and rewards could not persuade him to linger. His life was an interpretation of the Christ; his whole unaffected personality showed his communion with God. Truly it could have been his motto to live in such a faith that:

"The stars shall shine for a thousand years,
A thousand years and a day;
But God and I will love and live
When the stars are passed away."

Mr. Brislaw delivered the following eulogy on the lives of Fred B. Teeter and John Raymer:

I stand before you this afternoon to represent Lincoln County and speaking on behalf of the citizens of that great county, which bears his name, I feel that as a preface to my remarks, nothing else I could say would be as fitting and appropriate to this occasion as those simple and significant words of the "Great Emancipator," when he stood on the historic field of Gettysburg nearly sixty years ago. With a modesty characteristic of this great man he referred to his part in those memorable exercises in these words: "The world will little note nor long remember what we say here, but it can never forget what they did here." The same statement may well be applied to the men in whose memory we are holding these exercises today.

Dr. Fred B. Teeter and Mr. John Raymer both occupied seats in this House at different times and each so acquitted himself as to merit the general satisfaction of his constituents and reflect credit upon the community which he represented.

Further than this I have little to say about their public careers, but will confine my remarks to what I have been able to learn of their everyday lives. If you want to know the real facts about a man's life, go among his neighbors and if you should go over there in Lincoln County, where they lived and labored, you would hear only good things about those two men who have but lately gone to take their places among Washington's illustrious dead.

Dr. Teeter was born in Indiana, but, animated by that same adventurous spirit which, for more than three-quarters of a century, has sent thousands of the best citizens of the eastern states to assist in the upbuilding of this great empire, he came to Washington as a young man and cast his lot in this land of promises.

His struggle for an education is one of the interesting chapters of his life and carries a useful lesson to every ambitious man or woman who finds himself beset with difficulties in that direction.

It is interesting to note that he grew to manhood without completing the grades, but Dr. Teeter was a man who recognized no obstacle in the path of the thing which he set out to attain. After winning out in the struggle for an education he was making good in business when the greatest cross of his life was laid upon him and he was stricken blind. Still undaunted, "the blind optimist" of Lincoln County set out once more to find a place in which a man without eyes could earn a livelihood and be of service to his community.

Then it was that, in spite of this great handicap, he took up the study of osteopathy, assisted by his faithful wife, and after three years of unremitting toil and sacrifices, he was ready to return to Davenport and enter upon the practice of his new profession. In professional life he was very successful and his reputation for fair dealing, together with a never-failing spirit of optimism, made his name a household word throughout the community in which he lived.

But it seemed that his life was still destined to be one of struggle and disappointment for, during his second term in the Legislature, about two years ago, Mrs. Teeter died and once more "the blind optimist of Lincoln County" was robbed of his eyesight. Dr. Teeter died about a year later.

Turning now to the other man, Mr. John Raymer, we are once more called upon to pay tribute to the memory of one of the builders of our great inland empire. Mr. Raymer was born in Michigan and started out as a boy to carve for himself a fortune in the big, unsettled west.

He came to Washington in 1884 and after residing for a short time in several different places in this state, finally settled at Reardan, Lincoln County, in 1890. During that same year he was sent to the Legislature. Mr. Raymer was a man beloved by his family and friends and respected by all who knew him. He was identified with every movement for the upbuilding of his community and state. He was just the type of citizen which alone could have made possible the unprecedented development we have achieved in this glorious young state.

Within the last biennium, Lincoln County has buried two of its faithful servants and the State of Washington has lost two of its highly respected citizens. It is a most beautiful custom we have established, of pausing here for one hour in the midst of our labors, to pay this tribute of love and respect to the memories of all those who have gone before.

Once again, quoting the immortal Lincoln: "It is altogether fitting and proper that we should do this." But let us not overlook the practical lesson to be learned from this biennial event. It should serve to remind us all that our relationships here are only temporary. They quickly pass and are forgotten.

Then let us try to keep this thought in mind and scatter a few roses by the way-side as we go about our daily duties. Let us not hold back all those kind words and beautiful sentiments until ears are deaf and lips are dumb.

Rather, let us, in the words of one of our living poets, try to remember that:

A rose to the living is more
Than sumptuous wreaths to the dead;
In filling love's infinite store
A rose to the living is more
If graciously given before
The hungering spirit is fled.
A rose to the living is more
Then sumptuous wreaths to the dead.

Senator Phipps delivered the following eulogy on the life of Richard A. Hutchinson:

Among many friends and some enemies, for almost a half century, Senator Richard A. Hutchinson lived, worked, fought and ended the battle of life, and left an appreciable impression on the State of Washington.

He was a hardy type of pioneer; a type that fitted into the early life of this great West. He was born in Mississippi in 1853 and came to Washington in 1872. Senator Hutchinson did not ask for the easy side of life when he came here to become a citizen, neither did he waste his time in non-productive occupations. He accepted and demanded the harder things of life, and from his young manhood until his death he was a worker and a producer. In the early 70's, in Western Washington, he was a logger, coal miner and railroader. In 1879 he went to the open prairies of eastern Washington and took up a homestead near Mondovia, which was then Stevens County but which was later divided into Spokane County and still later divided into Lincoln County. He had the unusual distinction of being a citizen of three counties without changing his residence.

He was a successful pioneer in the grain and stock business in eastern Washington, and in the early days was a terror to the cattle and horse thieves of the Inland Empire. Under the direction of General Miles he had charge of Chief Joseph and his band of warriors, and not only kept them safely, but served in a general way as a peace maker between the Nes Perce Indians and their pale face conquerors.

The mining interests of the west are further advanced by the expenditures of his money, time and energy, and thousands of acres of orchard and garden lands have come to fruition and are now dotted with happy homes because of his vision of reclamation.

His heart always reached out in the interest of the blind, deaf and dumb, feeble-minded, insane and helpless, and his work as chairman of the Committee on Charitable Institutions in the State Senate will remain as one of the chief monuments to his many years of service to the State of Washington. He leaves an honored and respected family.

These few reasons, among many others of which we have not the time to mention, amply justify us in saying that the State of Washington is a better state because Senator Hutchinson lived.

Mrs. Reeves delivered the following eulogy on the life of William H. Kennedy:

William H. Kennedy was born in Ohio in 1851, was of Scotch-Irish extraction, was educated in Chicago and was married in Iowa in 1872. He cast his first vote for U. S. Grant for President, moved west from Iowa and settled near Tirzville in Adams County as a homesteader in 1885. Like most early settlers in Adams County, his capital was very limited. He farmed intelligently, worked hard, added to his holdings and became a very successful wheat farmer. He gave special attention to scientific farming and greatly aided in bringing better methods into the county. He represented Adams County in the State Legislature in 1889-1891. As a legislator he represented especially well the interests of the new county from which he was elected. He was a strong Republican, active church member and Sunday school worker and was much respected. In 1908 he sold his holdings in Adams County and moved to Wenatchee, in Chelan County. There he grew apples with the same intelligence and industry as he farmed in Adams County. He also entered into the life and activities of this county.

His wife passed on from this life three years previous to his death in the spring of 1922. He left three sons and a daughter, all married and living in Washington and California. It was my privilege to have known this kind father during his residence in our valley and from his daughter-in-law, Mrs. Robert Kennedy, with whom he lived for the last three years of his life, I quote: "He is the grandest old man I have ever known. Bob and I could not keep house without Father Kennedy," and she never kept house without him, for Mrs. Robert Kennedy passed away the same day with the same dread disease—that of cancer.

He gave a touch of truth to all with whom he came in contact, and was an inspiration for good to innumerable boys and young men. In his demise humanity lost a friend and the state a most worthy and intelligent servant. His reward at the throne of Divinity is a consoling thought to all who knew him.

Mr. Dale delivered the following eulogy on the life of Hon. L. M. Sims:

The Hon. L. M. Sims was an honored and respected citizen of Kalama, Cowlitz County, where he lived over thirty years. Dr. Sims was elected Representative to the

Legislature from the 24th District in 1899, in 1901 and in 1917. He was a loyal and faithful member. Dr. Sims, as he was known in Kalama, was a life-time member of the Congregational church until his death, April 1, 1921; he was a Past Master of the Masonic lodge, Past Patron of the Eastern Star, a member of the White Shrine, a member of the Knights of Pythias; he was also an active member of the Kalama Business Men's Club. Dr. Sims' kindly public-spirited soul enriched the community by his unselfish, sympathetic and loving ministrations in his profession for many years, and by his exemplary home life, his true Americanism, his loyalty to the cause of righteousness, and his progressiveness in the interest of the community, state and nation's welfare. Dr. Sims leaves to mourn his death his wife, Mrs. Charlotte Sims, his daughter, Miss Dorothy Sims. The remains of the Hon. L. M. Sims was laid to rest in Kalama, under a mound of flowers, on the hilltop overlooking valleys on all sides, open to all sunshine that falls, and swept by every wind that blows.

Mr. Davis delivered the following eulogy on the life of Hon. Wm. J. Hughes:

I have been assigned the privilege of recalling to memory the service of a very worthy and honorable member of this House, session of 1913. I do not know of his early life, but I do know of his work in this House.

We all regarded it a privilege to know Hon. Wm. J. Hughes, of Whatcom County. He was a man of high ideals, unimpeachable character, and had an earnest desire to make the world a better place in which to live.

He was not of my political faith, he was a Democrat, and was the Minority House Leader, but no one ever suspicioned him of attempting to use his position for personal or party advantage. He was a staunch friend of our public schools, a Christian gentleman, and believer in the Fatherhood of God and the brotherhood of men. His memory and friendship will ever be cherished by all who knew him.

On the shores of Bellingham Bay, as the sun sank beneath the western horizon, as twilight let its curtain down and pinned it with a star, he past to rest, and our State of Washington gave back to God a noble soul who had fought a good fight and had kept the faith, and his work was done.

God's finger touched him and he slept.

Mr. Hufford delivered the following eulogy on the life of E. M. Rands:

On this occasion it is well we pause and give a few minutes of our time as a tribute to the memory of those former members who have passed beyond. It is with deepest respect that I am at this time impelled to say a few words to the memory of former Senator E. M. Rands, one whom I had learned from years of association to admire and respect.

E. M. Rands was born in Marshalltown, Iowa, in 1857, where he grew to manhood, later teaching school in the town where he received his education. Coming west, he located in Oregon City, Oregon, where he was postmaster for two years. He then moved to Vancouver, Washington, where he edited the "Vancouver Columbian," and during this time he was made Secretary of the State Republican Club. Afterwards being admitted to the bar, he began the practice of law and in the election of 1900 he was elected to the Senate from Clarke County, serving in the 1901-03-05 and 07 sessions of that body, and it was during the latter session that he requested that his remarks on his vote be recorded in the Senate Journal on his opposition to the direct primary law.

"I am opposed," said he, "to the bill for the following reasons:

1. A direct primary election law, no matter how well guarded, favors the rich man at the expense of his poor neighbor. No poor man, no matter how efficient and capable, can afford the expense of a campaign for a state office.

2. The ultimate result of a direct primary election law will be to give all state offices to the big cities, and the majority of the county offices to the most populous centers of the county. No small county or sparsely settled rural community in a county can hope to secure an office under that act.

3. This law tends to break up and destroy party lines, and in my judgment will ultimately wipe out not only the Republican, but every other party in this state. I believe in party organization. This government and its affairs have been dominated

by party politics since the organization of our government. I believe that a responsible party will give better government than any chaotic conglomeration of individuals elected in a free-for-all squabble, where every candidate and office-holder represents only himself.

4. I am opposed to this bill because it is vouched for and has been forced upon the state by political hacks, who have been repudiated o'er and o'er.

The only commendable features of this bill to my mind, is that those same political hacks will ultimately find that they will be repudiated under a law, which they have advocated in hopes only of personal exaltation."

Senator Rands made it a custom to attend every session of the Legislature after he had ceased to be a member, to renew acquaintances, and his counsel was often sought by his former associates from both Houses.

He spent the last ten years of his life in Skamania County, where he lived in a home surrounded by lakes and standing virgin timber in the heart of the Cascades. Here he lived in the great, big outdoors, where he loved to spend his time hunting and fishing, and it was my personal pleasure to share his company in his pastime for a number of years. In the late winter 'of 1922 he contracted the cold that caused his death a few weeks later. His body lies in Vancouver, Washington, and in his passing the State of Washington has lost one of its foremost citizens.

Mr. Phillips delivered the following eulogy on the lives of Francis Albert Bartlett and J. M. Lockheart:

Francis Albert Bartlett was born in Kennybuck, Me., March 9, 1851. He was a direct descendant of Joshua Bartlett, signer of the Declaration of Independence.

At the age of sixteen years he became a seaman and in 1868 signed for the Pacific Coast, where he joined his brother, C. C. Bartlett, at Port Townsend.

Later he operated a general store at Coupeville. From 1875 to 1880 he was manager of his brother's store at New Dungeness and while residing there he married Imogene Whitacre. From 1880 to 1888, Mr. Bartlett was in business with his brother under the firm name of Bartlett and Co.

Retiring from the mercantile business, he engaged in shipping and brokerage in Port Townsend. In 1910 he moved to Seattle and engaged in the shipping and brokerage in the firms of Bartlett and Co. and Rothchilds & Co.

He was elected a member of the Legislature from Jefferson County in 1905 and served one term. He died September 21, 1921.

At the time of his death he was a member of the Masonic Order, and the Benevolent and Protective Order of Elks.

Coming from New England stock, he was an ideal type of American. He loved his country and its glorious history to which we all are inseparably linked.

Kind nature was generous to our deceased brother. She gave him a heart and mind in proportion to the athletic development of his body, and she gave him opportunity and a vast amount of saving common sense. He was a product of those forces which we designate, in their composite character, as American and worthy of the honor we now do to his memory.

As was said of the noblest Roman of them all, we too can say of him, "His life was gentle and the elements so mixed in him that all the world might rise up and say, 'This was a man!'"

J. M. Lockheart was born seventy years ago in Nova Scotia. He settled in Port Townsend in 1888, where he resided until the time of his death.

He was a devoted Christian and a member of the M. E. Church. For many years he served as a member of the city council of Port Townsend and at the time of his death was active in the work of the Woodmen of the World, the American Yeomen and the Order of Redmen.

He was elected a member of the special session of the Legislature in March, 1920.

Mr. Roth delivered the following eulogy on the life of Captain C. D. Allen:

Precedent limits these memorial services to the memory of deceased members. Some of the older members who have served in previous sessions are not unmind-

ful of the services of one who served the state in a very important and responsible capacity in this Legislature for many years.

Captain C. D. Allen had charge of the enrolling and engrossing of all of our work of the House, beginning with the sessions of 1911 and ending with the session of 1921. The responsibilities of this position are not fully recognized. As we grow in service we learn to appreciate the importance of this position—mindful of the fact that it is the enrolled bill that becomes the law. His honesty and integrity were never questioned and his ability was recognized by all.

Not only did he serve his state well, but in the hour of need he served his nation. In the Spanish-American war as a captain, he saw active service and he did his full duty well.

"Cap" Allen, as he was familiarly called, passed away at Bellingham last spring and I was with him during his last illness. He leaves a loving and devoted wife, children and grandchildren, who miss him—as do we all. He was a lovable man.

Captain Allen's memory will always be cherished by his friends. Therefore, I deem it fitting that we at this time pay our respects to his memory.

The committee appointed to escort the Governor to the Joint Session was instructed to escort the Governor to his chambers.

The Governor retired, escorted by the committee.

The President, on behalf of the Joint Session, thanked Mrs. E. J. Calloway, of Tacoma, soloist, and Mrs. A. C. Baker, of Olympia, accompanist, for music rendered during the Joint Session.

At 4:00 p. m., on motion of Mr. Davis, the Joint Session dissolved, and the Senate retired to the Senate Chamber.

On motion of Mr. Sims, the House adjourned.

*To the Honorable Senate and House of Representatives

OFFICE OF THE SECRETARY OF STATE

I, Sam A. Kozer, Secretary of State of the State of Oregon, and custodian of the seal of said State, do hereby certify:

In Testimony Whereof, I have hereunto set my hand and affixed hereto the seal of the State of Oregon. Done at the Capitol at Salem, Oregon, this second day of February, A. D. 1923.

(Signed) SAM A. KOZER,

The documents were referred to the Committee on Memorials.

On motion of Mr. Ryan (C. W.), permission was granted the Committee on Roads and Bridges to use the House chamber between the hours of 1:00 and 2:00 p. m., Thursday, February 8, 1923, for the purpose of holding a public hearing.

THE SPEAKER: The speaker desires to call attention to the fact that for the first time in the history of the state the general budget and appropriation bill has been passed by the Committee on Appropriations and is ready for introduction in the House at this early day. According to figures submitted to me by the chairman of the committee, the saving in appropriations in the 1923 bill as compared with the 1921 appropriation bill is \$1,526,000. The bill as written calls for \$1,361,000 less than as recommended by the finance committee. I want to congratulate and commend the members of the Committee on Appropriations for their arduous labors and close attention to this work. They have worked Sundays, holidays and almost every evening since this session of the legislature convened. I am in hopes that the results as shown by this work will be continued throughout the session, and that the bills that may go through that committee following this general budget will receive the same close attention and scrutiny which has characterized the preparation of the general budget. I am sure that such consideration will be given, and I want to say, Mr. Chairman, that your committee will have the thanks and appreciation of the people of this state for your splendid work, I believe. (Applause).

PROPOSITIONS AND MOTIONS.

On motion of Mr. Moulton, Senate Bill No. 51 was re-referred to the Committee on Judiciary.

THE SPEAKER: The Speaker desires to say that a very regrettable incident occurred yesterday afternoon in the proceedings, and that he feels that it was very largely, if not entirely, his fault. We were hurrying along to close the business of the House. There was considerable confusion in the House. The gentleman from Okanogan, Mr. Banker, attempted to get the attention of the Speaker, but did not succeed in making himself heard until the roll call had started on Senate Joint Memorial No. 2, relating

to the ship subsidy. I want to suggest now to those who sit under the balcony, and those on the side of the House to the right of the Speaker, particularly, that the accoustics are so bad that unless you speak up promptly and above normal voice it is very difficult for the Speaker to hear you. It was a regrettable incident that I assure you was not intentional on the part of the Speaker, and I will try to see that it does not happen again.

MR. BANKER: Mr. Speaker, I wish to say that I hope the entire incident will be forgotten.

When the reading clerk had concluded the reading of Sections 2 and 3, Mr. Bone moved to strike Sections 3, 4, 5 and 6 of the bill.

Mr. Guie raised the point of order that the motion was out of order; that the bill should be first read in full by sections.

The Speaker held the motion in order, adding that action on the motion would be deferred until the second reading of the bill had been completed in order that the friends of the sections now in the bill might have an opportunity to amend them, should they so desire.

The reading clerk proceeded with the second reading of the bill by sections.

Mr. Jacobs moved the adoption of the following amendments:

Amend Section No. 3, as follows: After the word "energy" in line 4 of said section insert the words "Sold for use outside the corporate limits of such city or town."

The amendment was lost.

Mr. Jacobs moved the adoption of the following amendment:

Amend Section No. 3, as follows: Add to the end of section 3 the following words: "Provided however that electric energy sold by any city or town shall be liable for but one tax of 5% and may be resold by the purchaser without the payment of any additional tax."

Mr. Sims moved the adoption of the following amendment to the amendment:

Amend the amendment by adding thereto the following: "Except; when such electric energy is resold at cost to the consumer."

The Speaker called Mr. Allen to preside.

The amendment was lost.

Amend Section No. 3 as follows: After line 16 insert the following: "Provided however, that the 5% tax does not apply to any city or town having purchased its electric energy from some other city or town upon which the 5% tax has been paid."

Mr. Sims raised the point of order that the amendment covered a subject matter already voted upon.

The Speaker held the point of order well taken and ruled the amendment out of order.

Amend Section No. 3, line 5, by striking words and figures "five (5)" and insert in lieu thereof the words and figure "two (2)."

Mr. Bone withdrew the portion of his motion striking Section 6.

Mr. Sims raised the point of order that Section 3 had also been acted upon negatively, and that, therefore, the portion of the motion of Mr. Bone to strike with reference to sections had also been acted upon negatively.

The Speaker declared that Section 3 had been acted upon in an immaterial way only, merely to elucidate and make clear the section, and not in any way affecting the general terms or effect of the section, and that he would, therefore, hold the point of order not well taken.

The Speaker declared that the question now before the House was the motion of Mr. Bone to strike Sections 3, 4 and 5.

Mr. Sims moved to amend the motion to strike as follows:

Add after the last word the following: "Also strike section 1."

Mr. Roth raised the point of order that the motion to amend, if carried, would render inoperative Section 2.

The Speaker declared the motion out of order.

Mr. Sims inquired if the question now before the House was the motion to strike Sections 3, 4 and 5.

The Speaker answered in the affirmative.

Mr. Sims raised the question of consideration.

PROPOSITIONS AND MOTIONS.

The Speaker declared that he desired to inform the House that in further proceedings during the session he would hold that the question of consideration can only be raised on the main question, which does not include amendments; that this would apply to the bill before the reading is commenced, or on conference reports or similar proceedings; that he did not feel that any injustice had been done on the previous day during the consideration of House Bill No. 126 by reason of the fact that previous to the question of consideration being raised the House had voted down a motion to grant Mr. Bone additional time for argument on the bill, and that subsequently the Speaker had taken it upon himself during consideration of House Bill No. 5 to allow Mr. Bone twenty-five minutes for argument. The Speaker further declared that in connection with this ruling on the question of consideration he desired to call attention of the House to Section 275 of Reed's Rules which he would construe as follows: When a question of consideration is raised, as many as are in favor of consideration will say yea; those opposed will say nay; the yeas have it, and the assembly will proceed to consider the question; that this would be the procedure he would hereafter follow.

SECOND READING OF BILLS.

The clerk read the reports.

Mr. Murphine moved as follows:

That the recommendations of the minority report be adopted in so far as it relates to the matter of policy and that the House go on record as opposed to the income tax feature of H. B. 29.

MR. GUIE: Mr. Speaker, I arise to a point of order.

THE SPEAKER: State the point of order.

MR. GUIE: That the bill is on second reading, and that the House therefore cannot consider a motion of this character. The motion is not germane to the bill on second reading, and only motions relating to the amendment can be entertained, or such subsidiary motions as are provided by the rules.

THE SPEAKER: The chair is inclined to think that this motion is an advisory motion, and does not go to the real constructive consideration of the bill at this time, and will therefore sustain the point of order. The bill is on second reading.

The reading clerk proceeded to read the bill section by section, and concluded the reading of Section 1.

Mr. Murphine moved to strike Section 1.

Mr. Roth raised the point of order that under Rule 26 the motion was not in order until the bill had been read section by section.

The Speaker declared that the motion to strike was in order.

The motion to strike Section 1 was lost.

The clerk continued to read the bill by sections.

Mr. Totten moved the adoption of the following amendment:

Amend section 2 as follows: In line 1 strike "40" and substitute in lieu thereof "52".

Mr. Murphine raised the point of order that substitute House Bill No. 29 was not, and never had been, before the House; that the journal of the proceedings of the House on February 9 under "Reports of Standing Committees" would show that the substitute bill was not before the House.

The Speaker declared that the substitute bill had been ordered printed; that under the House rules when a bill came into the House on a divided report it went directly to second reading, which amounted to an acceptance of the bill by the House; that the motion made when the substitution bill was received by the House, and after it had gone to second reading by order of the Speaker was that 500 extra copies of the substitute bill be printed, and that he would hold that the bill was properly before the House.

The House discussed at length the amendment proposed by Mr. Totten.

On motion of Mr. Totten, the previous question was ordered.

Mr. Totten demanded a roll call on the amendment, and, the required number arising, the Speaker directed the clerk to call the roll.

The reading clerk called the first name on the roll when Mr. Roth demanded a call of the House.

The Speaker declared the motion out of order, declaring that the calling of the roll could not be interrupted.

The Speaker declared the motion out of order.

Mr. Sims moved that Section 6 be stricken from the bill.

Mr. Guie raised the point of order that the section had not yet been read by the reading clerk.

Mr. Long raised the point of order that the Speaker had heretofore ruled that the motion to strike a section would be held in abeyance until the friends of the section had had an opportunity to amend or perfect the section.

The Speaker held the point of order well taken and that the motion to strike would be held in abeyance until the section had been read and opportunity given for amendment.

The reading clerk completed the reading of Section 6.

The Speaker declared that the motion to strike was now in order.

On motion of Mr. Sims, the House was declared at recess until 1:45 p. m., this date.

From \$25,000 to \$50,000—20%.

All in excess of \$50,000—30%."

The Speaker declared that as ample opportunity had been granted for amendment of Section 6 before the noon recess; that before he had stated that the motion to strike was in order he had asked if there were any amendments to the Section 6; that none had been offered, and that therefore the amendment proposed by Mr. Beeler was out of order.

MESSAGE FROM THE GOVERNOR.

STATE OF WASHINGTON, OFFICE OF GOVERNOR,
OLYMPIA, WASH., February 19, 1923.

To the Honorable, the House of Representatives of the State of Washington.

GENTLEMEN: I have the honor to advise you that the Governor has approved House Bill No. 37, entitled, "An act relating to townships and amending sections 11369, 11375, 11376, 11378, 11404, 11433, 11441, 11445 and 11456 of Remington's Compiled Statutes."

Very respectfully,

HOLLIS B. FULTZ,
Secretary to the Governor.

Mr. Murphine asked unanimous consent of the House to return to the fourth order of business for the purpose of making a motion to be acted upon the next working day.

Unanimous consent was granted.

MOTION.

By Messrs. Murphine, Heighton, Rude and Totten: Move that the committee on Revenue and Taxation be instructed to prepare and introduce a bill providing for a maximum millage levy for all taxing bodies of fifty (50) mills and an income tax based on a percentage (not more than one-fifth) of the amounts collected by the national income tax law.

On motion of Mr. Ryan (C. W.), further proceedings under the call of the House were dispensed with.

On motion of Mr. Davis, the House adjourned.

MARK E. REED, *Speaker.*

C. R. MAYBURY, *Chief Clerk.*

FORTY-FOURTH DAY.

MORNING SESSION.

HOUSE OF REPRESENTATIVES,
OLYMPIA, WASH., Tuesday, February 20, 1923.

The Speaker called the House to order at 10:00 a. m.

Roll call showed all members present except Messrs. Brislaw, Shattuck and Totten, Messrs. Shattuck and Totten being excused.

Prayer was offered by Rev. L. W. Steele, of the Free Methodist Church, of Olympia.

The reading clerk proceeded to read the journal of the proceedings of the previous day, when, on motion of Mr. Voss, further reading was dispensed with and the journal was approved.

PROPOSITIONS AND MOTIONS.

Pursuant to notice on the previous day, Mr. Murphine submitted the following motion:

Motion by Messrs. Murphine, Heighton, Rude and Totten:

Move that the committee on Revenue and Taxation be instructed to prepare and introduce a bill providing for a maximum millage levy for all taxing bodies of fifty (50) mills and an income tax based on a percentage (not more than one-fifth) of the amounts collected by the national income tax law.

Mr. Guie raised the point of order that the House could not instruct a committee to bring in a particular bill or to prepare a bill.

THE SPEAKER: The chair is inclined to rule that while a strict interpretation of the rule does not make it incumbent upon a committee to initiate a bill under order of the House, they undoubtedly have authority to initiate a measure of their own motion, and it would appear that, having the authority to initiate a bill of their own motion, if this House so desires it may instruct them to bring in such a bill covering the subject matter as the committee in its judgment may deem wise and proper. I am inclined to hold that the point of order is not well taken.

Mr. Sims moved that the motion be referred to the Committee on Revenue and Taxation.

Mr. Murphine raised the point of order that the Speaker had already ruled that the motion to instruct the Revenue and Taxation Committee was in order; that it would defeat the very purpose of the motion, and that it was not germane.

The Speaker held the point of order well taken.

On motion of Mr. Guie, the motion was laid on the table.

MESSAGE FROM THE GOVERNOR.

STATE OF WASHINGTON, OFFICE OF GOVERNOR,
OLYMPIA, February 20, 1923.

To the Honorable, the House of Representatives of the State of Washington.

GENTLEMEN: I am herewith returning, without my approval, House Bill No. 23, entitled, "An act relating to the Colony of the State Soldiers' Home, and amending section 10730 of Remington's Compiled Statutes."

Under existing law, the provisions sought to be amended are applicable alike to the Soldiers' Home at Orting and to the Veterans' Home at Retsil. For some reason which I am unable to understand, in the amendment proposed by House Bill No. 23, the same conditions and rules will not prevail at the Veterans' Home as proposed under this bill at the Soldiers' Home at Orting. I do not believe it is wise to make this discrimination.

I also call your attention to the fact that in line 4 of subdivision 1 of the enrolled bill will be found the following: "widows of soldiers who are members of a soldiers' home or colony".

In Remington's Code and in the printed bill, this reads: "widows of soldiers who were members of a soldiers' home or colony".

There is nothing in the original bill, or in the printed bill, or in the House Journal, to indicate any intention to change the word "were" to "are". By this change a number of old soldiers are made ineligible, and the language of the act is without sense or meaning.

I am satisfied that there is not a member of a soldiers' home or colony who has a widow.

In line 5 of subdivision 1 of the enrolled bill will be found the following: "colony in the state".

In the present statute this expression reads: "colony in this state".

There is nothing to indicate in either the bill or the Journal any intention to change the word "this" to "the".

In line 7 of subdivision 1 of the enrolled bill we find this expression: "members of the colony".

In the present law this expression reads: "Members of said colony."

I find nothing to indicate any intention to change this language.

For the reasons above given, House Bill No. 23, entitled, "An act relating to the colony of the State Soldiers' Home, and amending section 10730 of Remington's Compiled Statutes," is vetoed.

Very truly yours,

LOUIS F. HART, *Governor.*

On motion of Mr. Sims, the message, together with the vetoed bill, were re-referred to the Committee on Rules and Order.

Mr. Aspinwall moved that the use of the House chamber be granted the Glee Club of the Washington State College at 11:15 a. m., the following working day, and that the Senate be invited to attend the entertainment to be provided by the club.

The motion was carried.

On motion of Mr. Sims, the House adjourned until 1:00 p. m., Wednesday, February 21, 1923.

OLYMPIA, WASH., February 21, 1923.

To the Honorable, the House of Representatives of the State of Washington, Olympia.

GENTLEMEN: I have the honor to advise you that the Governor has approved House Bill No. 7, entitled, "An act relating to the investment of school district sinking funds, and amending section 5116 of Pierce's Code, the same being section 4947 of Remington's Compiled Statutes."

Very respectfully,

HOLLIS B. FULTZ,

Secretary to the Governor.

OLYMPIA, WASH., February 21, 1923.

To the Honorable, the House of Representatives of the State of Washington, Olympia.

GENTLEMEN: This is to advise you that the Governor has transmitted to the Secretary of State, House Bill No. 19, entitled, "An act prohibiting the maintenance of games for hire in the vicinity of the University of Washington, and providing penalties for violations thereof," without attaching his signature thereto.

To the Honorable, the House of Representatives of the State of Washington, Olympia.

GENTLEMEN: This is to advise you that the Governor has transmitted to the Secretary of State, House Bill No. 38, entitled, "An act relating to milk products, to prevent fraud therein and the adulteration thereof, regulating the manufacture and sale thereof, and providing penalties for violation thereof," without attaching his signature thereto.

HOLLIS B. FULTZ,

Secretary to the Governor.

OLYMPIA, WASH., February 21, 1923.

To the Honorable, the House of Representatives of the State of Washington, Olympia.

GENTLEMEN: I am returning you herewith without my approval House Bill No. 34, entitled, "An act relating to unplatted tide and shore lands and amending section 8005 of Remington's Compiled Statutes."

In line 7 of the enrolled bill, the word "of" is interpolated. There does not appear anything in the original bill, the printed bill, or the record to indicate any intention to add this word to the statute.

In line 8 of the enrolled bill is found the term "boom purposes". In the present law, this provision reads "booming purposes". There is no indication in the original bill, printed bill, or the record to indicate any intention to change the word "boom" to "booming".

While in some instances the words "boom" and "booming" may be used interchangeably, I am of the opinion that in the present instance the word "booming" has a well defined meaning and clearly expresses the act of gathering, confining and booming into rafts, logs and other timber products, and holding them together with the aid of boom sticks for towing to market. On the other hand, the word "boom" as here used might be construed to mean merely a place where boom sticks are anchored or stored, and this would no doubt be the construction placed upon it by the courts by reason of the fact that the Legislature had changed the word "boom" to "booming".

Believing that the Legislature had no intention of any such change, this bill is vetoed.

Very truly yours,

LOUIS F. HART, *Governor.*

On motion of Mr. Spencer, the message, together with the vetoed bill, was referred to the Committee on Rules and Order.

On motion of Mr. Sims, the House adjourned until 11 a. m., Friday, February 23, 1923.

MARK E. REED, *Speaker.*

C. R. MAYBURY, *Chief Clerk.*

STATE OF WASHINGTON, OFFICE OF GOVERNOR,
OLYMPIA, WASH., February 23, 1923.

To the Honorable, the House of Representatives of the State of Washington, Olympia.

GENTLEMEN: On the 21st instant I returned to you without my approval House Bill No. 34, entitled, "An act relating to unplatted tide and shore lands and amending section 8005 of Remington's Compiled Statutes."

The reason for vetoing this bill was the changes made without amendment, or intended amendment, to the law as contained in section 8005 of Remington's Compiled Statutes.

Since delivering the bill with my veto message to the Chief Clerk of the House, I have ascertained that the author of this bill, Mr. Spencer, had properly drawn the bill to amend section 2 of chapter 118 of the Laws of 1921, but that an amendment was adopted by the House of Representatives changing it to amend section 8005 of Remington's Compiled Statutes.

If the enrolled bill had contained the proposed amendment to the Session Laws of 1921, that act would have been compared with the enrolled bill, instead of comparison being made with Remington's compilation.

Relying upon the compilation by Mr. Remington as approved by this session of the Legislature, which ought never to be done, I vetoed this measure.

I sincerely trust that the Legislature will promptly pass this bill over my veto, as the veto was clearly erroneous and based upon Remington's Compiled Statutes.

Very truly yours,

LOUIS F. HART, *Governor.*

STATE OF WASHINGTON, OFFICE OF GOVERNOR,
OLYMPIA, WASH., February 21, 1923.

To the Honorable, the House of Representatives of the State of Washington, Olympia.

GENTLEMEN: I am returning you herewith without my approval House Bill No. 34, entitled, "An act relating to unplatted tide and shore lands, and amending section 8005 of Remington's Compiled Statutes."

In line 7 of the enrolled bill, the word "of" is interpolated. There does not appear anything in the original bill, the printed bill, or the record to indicate any intention to add this word to the statute.

In line 8 of the enrolled bill is found the term "boom purposes". In the present law, this provision reads "booming purposes". There is no indication in the original bill, printed bill, or the record to indicate any intention to change the word "boom" to "booming".

While in some instances the words "boom" and "booming" may be used interchangeably, I am of the opinion that in the present instance the word "booming" has a well defined meaning and clearly expresses the act of gathering, confining and booming into rafts, logs and other timber products, and holding them together with the aid of boom sticks for towing to market. On the other hand, the word "boom" as here used might be construed to mean merely a place where boom sticks are anchored or stored, and this would no doubt be the construction placed upon it by the courts by reason of the fact that the Legislature has changed the word "boom" to "booming".

Believing that the Legislature had no intention of any such change, this bill is vetoed.

Very truly yours,

LOUIS F. HART, *Governor.*

HOUSE BILL NO. 34.

An act relating to unplatted tide and shore lands, and amending section 8005 of Remington's Compiled Statutes.

Be it enacted by the Legislature of the State of Washington:

Section 1. That section 8005 of Remington's Compiled Statutes be amended to read as follows:

Section 8005. Any lease under this act shall not be granted for a longer term than ten (10) years from the date thereof and shall be subject to termination upon a ninety (90) day notice in the event that the commissioner of public lands shall decide that

said tide or shore lands are to be surveyed and platted. The commissioner of public lands shall, prior to the issuance of any such lease, fix an annual rental for the lands so leased and prescribe the terms and conditions of said lease. Failure to use any of such lands leased for booming purposes under the provisions of this act, for boom purposes, for a period of more than one (1) year shall work a forfeiture of such lease and such land shall revert to the state without any notice or declaration of forfeiture.

At the expiration of any lease issued under the provisions of this section the lessee, his successor or assignee, shall have a preference right to re-lease the lands covered by the original lease (or such portions thereof as the commissioner of public lands shall determine, if he deems it for the best interest of the state to re-lease said lands for a further term) same may be re-leased for succeeding periods not to exceed five (5) years each at such rental and upon such terms and conditions as may be prescribed by said state commissioner of public lands.

GOVERNOR'S VETO ON HOUSE BILL NO. 23.

STATE OF WASHINGTON, OFFICE OF GOVERNOR,
OLYMPIA, WASH., February 20, 1923.

To the Honorable, the House of Representatives of the State of Washington, Olympia.

GENTLEMEN: I am herewith returning, without my approval, House Bill No. 23, entitled, "An act relating to the Colony of the State Soldiers' Home, and amending section 10730 of Remington's Compiled Statutes."

Under existing law, the provisions sought to be amended are applicable alike to the Soldiers' Home at Orting and to the Veterans' Home at Retsil. For some reason which I am unable to understand, in the amendment proposed by House Bill No. 23, the same conditions and rules will not prevail at the Veterans' Home as proposed under this bill at the Soldiers' Home at Orting. I do not believe it is wise to make this discrimination.

I also call your attention to the fact that in line 4 of subdivision 1 of the enrolled bill will be found the following: "widows of soldiers who are members of a soldiers' home or colony".

In Remington's Code and in the printed bill this reads: "widows of soldiers who were members of a soldiers' home or colony".

There is nothing in the original bill, or in the printed bill, or in the House Journal to indicate any intention to change the word "were" to "are". By this change a number of old soldiers are made ineligible, and the language of the act is without sense or meaning.

I am satisfied that there is not a member of a soldiers' home or colony who has a widow.

In line 5 of subdivision 1 of the enrolled bill will be found the following: "colony in the state".

In the present statute this expression reads: "colony in this state".

There is nothing to indicate in either the bill or the Journal any intention to change the word "this" to "the".

In line 7 of subdivision 1 of the enrolled bill, we find this expression: "members of the colony".

In the present law this expression reads: "members of said colony".

I find nothing to indicate any intention to change this language.

For the reasons above given, House Bill No. 23, entitled, "An act relating to the Colony of the State Soldiers' Home, and amending section 10730 of Remington's Compiled Statutes," is vetoed.

Very truly yours,

LOUIS F. HART, *Governor.*

HOUSE BILL NO. 23.

Section 10730. There is hereby established what shall be known as the "Colony of the State Soldiers' Home." All of the following persons who reside within the limits of Orting precinct and have been actual bona fide citizens of this state for a period of three years at the time of their application and are indigent and unable to earn a support for themselves and families, may be admitted to membership in said colony under such rules and regulations as may be adopted by the state department of business control.

(1) All honorably discharged soldiers, sailors and marines, who have served the United States government in any of its wars, and members of the state militia disabled while in the line of duty, who were married and living with their wives on January 1, 1923, or who, since said date have married widows of soldiers who are members of a soldiers' home or colony in the state or entitled to admission thereto at the time of death: *Provided*, That such soldiers, sailors and marines and members of the state militia shall, while they are members of the colony, be living with their said wives.

(2) The widows of all such soldiers who were members of a soldiers' home or colony in this state or entitled to admission thereto at the time of death, and the widows of all soldiers who would have been entitled to admission to a soldiers' home or colony in this state at the time of death but for the fact that they were not indigent and unable to support themselves and families, which widows have since the death of their said husbands become indigent and unable to earn a support for themselves: *Provided*, That such widows are not less than fifty years of age and have not married since the decease of their said husbands to any person not a member of a soldiers' home or colony in this state or entitled to admission thereto.

MESSAGE FROM THE SENATE.

SENATE CHAMBER,
OLYMPIA, WASH., February 23, 1923.

MR. SPEAKER:

The President has signed
House Bill No. 8; also
House Bill No. 22; also
House Bill No. 65; also
Substitute House Bill No. 43; also
House Concurrent Resolution No. 9; also
Senate Bill No. 97, and the same are herewith transmitted.

VICTOR ZEDNICK, *Secretary.*

OBJECTIONS TO THE INTRODUCTION OF HOUSE BILL NO. 213.

We, a minority of your Committee on Industrial Insurance, object to the introduction of House Bill No. 213 by a majority of the Committee on Industrial Insurance, for the following reasons:

1. House Bill No. 213 contains no provisions that could not have been secured by amending House Bill No. 61. House Bill No. 61 was read for the first time on January 25th, 1923, and ordered printed and referred to this committee.

It was not until approximately one month later, to wit, on February 23rd, 1923, that House Bill No. 213 was prepared and endorsed by the majority of this committee. The minority of this committee signing this report fear that this long, and what seems to them entirely uncalled for delay, will have the effect of preventing a full, fair and impartial consideration of this, one of the most important subjects of legislation before this session.

The minority are of the opinion that this delay will cause confusion in the probable conference between the two Houses over the question of Industrial Insurance, which may result in no relief to injured workmen in this State.

2. House Bill No. 213 reduces the allowance to be made to minor orphan children from twenty-five dollars (\$25.00) per month to sixteen dollars and twenty-five cents (\$16.25).

The savings to the employers of this State based on allowances for such children in the year 1922 would amount to one cent (.01) per month for each month for each employer.

Experience has shown that these unfortunate victims of industrial fatalities are invariably poverty stricken, and without friends.

In the judgment of the minority of your committee, this reduction is extremely unfair, and if adopted would be a reflection upon the sense of fair play of this Legislature.

3. The awards to dependant children allowed in Section 2, lines 22, 23 and 24, are misleading, in that they appear to impose no limitations upon the number of children in one family who might share in such awards.

The truth is, however, that the average number of dependant or orphan children has been found by departmental experience to be one and nine-tenths (1.9) children per family. It would take six dependant or orphan children to exceed the maximum allowance under the same provision in House Bill No. 61.

The experience of the department indicates that in the year 1922 there were only two cases in the entire state of Washington where there were six dependant children in one family. In no case was there more than six children in one family. The average number of dependants or orphans is invariably less than six.

HOMER T. BONE,
CHARLES H. VOSS,
JOHN HANKS.

On motion of Mr. Allen, the House proceeded to the consideration of the report of the Sub-Committee on Industrial Insurance on House Concurrent Resolutions Nos. 11 and 12.

HOUSE OF REPRESENTATIVES,
OLYMPIA, WASH., February 28, 1923.

MR. SPEAKER:

We, your Committee on Industrial Insurance, to whom was referred House Concurrent Resolution No. 12, have had the same under consideration, and we respectfully report the same back to the House as follows:

The entire committee called before it Mr. Edward Clifford, director of labor and industries, as well as the author of the resolution, and discussed, at length, the matters contained in the resolution.

A sub-committee was appointed, which committee conferred with the state treasurer, the governor, the director of efficiency and made a personal visit to the department of labor and industries, as well as to the state insurance department.

As a result of the conferences named above the committee finds that the figures quoted in House Concurrent Resolution No. 12 are in error and that the amounts reported to have been in the hands of the department of labor and industries and which should have been in the hands of the state treasurer were, in fact, in the hands of the state treasurer and invested in bonds; except the sum of \$708,430.62, same being a part of the amount referred to in Resolution No. 12 under date of February 1, 1923, which said sum we find to have been in the banks to the credit of the department of labor and industries and in process of collection.

The committee also finds that the system under which the department is operating was installed with the full knowledge of the governor of the state.

The committee also finds that the department of efficiency, is, at the present time, conducting a regular examination of the accounts and operations of the department of labor and industries and expects to present its report not later than April 1, 1923.

The committee is advised that the practice of having checks for industrial insurance premiums made payable to the department has been in effect for many years, but in view of the provisions of existing law, requiring all monies due the state to be paid to the state treasurer, we recommend that the governor cooperate with the director of labor and industries in inaugurating a system to replace the present method of remittance with one that will comply with the above mentioned statutes.

In view of the above findings, the committee believes there is no necessity for a separate legislative committee of investigation and respectfully recommends that House Concurrent Resolution No. 12 be laid on the table.

H. B. DOLLAR, *Chairman*

We concur in this report: Pliny L. Allen, E. S. Appel, Adolph Behrens, V. J. Capron, John Hanks, Walter G. Hufford, Homer T. Bone, W. H. Kenoyer, Daniel Morgan, C. W. Ryan, J. T. Stratton, Charles H. Voss, J. C. Wixson, David F. Trunkey.

We, the undersigned members of the committee, also feel that the wide publicity given the reports regarding this department requires that we say that so far as the investigations are concerned there has not been shown any misappropriation, personal use or benefits of any of the funds of the department.

HOUSE OF REPRESENTATIVES,
OLYMPIA, WASH., February 19, 1923.

MR. SPEAKER:

We, your Committee on Judiciary, to whom was referred Senate Bill No. 51, entitled "An Act relating to corporations and amending Section 3805 of Remington's Compiled Statutes of Washington, the same being Section 4505 of Pierce's Code," have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass with the following amendments:

Amend Section 1, strike everything after and including line 4 of the original bill, and insert in lieu thereof the following:

"Section 3805. Any two or more persons, who may desire to form a company for one or more of the purposes specified in * * * either of the two next preceding sections, shall make and subscribe written articles of incorporation in triplicate, and acknowledge the same before any officer authorized to take the acknowledgement of deeds, and file one of such articles in the office of the Secretary of State, and another in the office of the county auditor of the county in which the principal place of business of the company is intended to be located, and retain the third in the possession of the corporation. Said articles shall state the corporate name of the company, the objects for which the same shall be formed, the amount of its capital stock, the time of its existence, not to exceed fifty years: *Provided*, That this limit of existence shall not apply to any life, accident and health insurance company, the number of shares of which the capital stock shall consist, the number of trustees and their names, who shall manage the concerns of the company for such length of time (not less than two nor more than six months) as may be designated in such certificate, and the name of the city, town, or locality and county in which the principal place of

business of the company is to be located: *Provided further*, That any corporation other than one organized for banking, savings and loan, trust company, insurance, guaranty or surety purposes, may have and issue shares of either common or preferred stock without any nominal or par value, subject to the provisions of this act. The articles of incorporation may provide that the stock of the corporation (except in the case of the corporation excepted in the last preceding proviso) shall consist wholly of stock having a par value or wholly of stock without nominal or par value, or partly of one class of stock and partly of the other class, and, in the case of non-par-value stock, they shall state the total number of shares of such stock. Non-par-value stock, where authorized, may be issued by the corporation from time to time for such consideration, in labor, services, money or property, as may be fixed by the board of trustees pursuant to the articles of incorporation, or, if such articles shall not so provide, then by the consent of the holders of two-thirds of every class of stock then outstanding and entitled to vote. In case the articles of incorporation provide, in whole or in part, for non-par-value stock, the articles shall state the amount of capital (herein called 'initial Non-Par-Capital'), with which the corporation will begin to carry on business, which amount shall not be less than five hundred dollars and shall be in addition to any amount of capital which may be designated for stock having par value, if any. Subscription of the amount of designated 'Initial Non-Par-Capital' together with the subscription of the full amount of stock having par value, if any, shall be sufficient to authorize the corporation to commence business and, in the case of corporations having the power of eminent domain, to condemn land for corporate purposes. The liability of each subscriber to non-par-value stock, prior to the receipt by the corporation of the consideration to be received therefor as aforesaid, shall be his proportion (according to the number of shares) of the said designated 'Initial Non-Par-Capital,' and no more, unless a greater liability is stated in the subscription contract. After the 'Initial Non-Par-Capital' shall have been paid up, the liability of a subscriber to non-par-value stock shall be such as shall be, or shall have been, mutually agreed upon between the corporation and the subscriber of the stock. The number of shares of non-par-value stock may be increased or diminished by the corporation from time to time by complying with the provisions of law relating to increases and reductions in capital stock, so far as the same may be applicable. Amendments may be made to the articles of incorporation by a majority vote of its trustees and the vote or written assent of two-thirds of the capital stock of such corporation. If the written assent of two-thirds of the capital stock has not been obtained then the vote of said stock may be taken at any regular meeting of the stockholders, or at any special meeting of the stockholders called for that purpose in the manner provided in the by-laws of such corporation for special meetings of the stockholders. The president and secretary of said corporation shall certify said amendments in triplicate under the seal of said corporation to be correct and file and keep the same as in the case of original articles and from the time of filing said amendments such corporation shall have the same powers and it and the stockholders thereof shall be subject to the same liabilities as if such amendments had been embraced in the original articles of incorporation. Nothing contained in this section shall be construed to cure or amend any defect existing in any original articles of incorporation in that such articles did not set forth the matters required to make the same valid at the time of filing, nor to cure or amend any defect in the execution thereof. * * * If the articles of incorporation of any corporation state a time of existence less than fifty years, its time of existence may be extended by amendment but not beyond a period of fifty years from the date of its incorporation.

Provided, That when valid articles of incorporation have heretofore been duly filed with the Secretary of State and errors have been made in the duplicate filed with the county auditor, such defects may be cured by filing with said county auditor, a certified copy of the original articles filed with the Secretary of State, and when said certified copy is filed, it shall have the same force and effect as though the duplicate had been filed with the county auditor at the same time the original was filed with the Secretary of State. Under the provisions of this section relating to amendments any corporation already existing at the time of making such amendment may avail itself of the provisions of this act relating to non-par-value stock, having due regard to the provisions of laws limiting the reduction of capital stock. In the case of a

corporation whose stock is wholly or partly without par value, there shall be filed with the articles of incorporation the affidavit of one of the incorporators, or other representative of the corporation, stating that, to the best of his knowledge and belief, the value of the assets received and to be received by such corporation in return for the issuance of its non-par-value stock does not exceed a certain sum therein named, and the sum so named in such affidavit shall be assumed prima facie as the amount of capitalization represented by such non-par-value stock for the purpose of fixing the filing fees and annual license fees to be paid by such corporation under the laws of this state; *provided*, that at any time within two years after the filing of such articles of incorporation, the Secretary of State may investigate and make a finding as to the value of such assets, and if the value of the assets received in consideration of the issuance of such non-par-value stock is found by him to exceed the amount stated in such affidavit, such corporation shall pay to the secretary of state the additional filing and license fees payable under the laws of this state, based on the excess of the true valuation, as so found, over the value stated in such affidavit, together with interest on such additional sum at the rate of eight (8) per cent per annum from the date when the same become due, such payment to be made within sixty (60) days after notice mailed by the Secretary of State addressed to such corporation at its last known address; and provided further that such finding of the Secretary of State shall be subject to review on such evidence as the parties may submit to the court, if an action for such review be begun by such corporation in the superior court of Thurston county within said sixty (60) days. If such action be begun, such corporation shall be allowed sixty (60) days, after judgment of the court finally adjudging the matter in which to pay additional fees that may be payable."

Amend Senate Bill No. 51 by adding thereto a new section to be known as Section 2, as follows:

"Section 2. That Section 3823 of Remington's Compiled Statutes, being Section 4524 of Pierce's Code, be amended to read as follows:

"Section 3823. It shall not be lawful for the trustees to make any dividend except from the net profits arising from the business of the corporation, nor divide, withdraw, or in any way pay to the stockholders, or any of them, any part of the capital stock of the company, nor to reduce the capital stock of the company unless in the manner prescribed in this chapter, or the articles of incorporation or by-laws; and in case of any violation of the provisions of this section, the trustees, under whose administration the same may have happened, except those who may have caused their dissent therefrom to be entered at large on the minutes of the board of trustees at the time, or were not present when the same did happen, shall, in their individual or private capacities, be jointly or severally liable to the corporation and the creditors thereof in the event of its dissolution, to the full amount so divided, or reduced, or paid out: *Provided*, That this section shall not be construed to prevent a division and distribution of the capital stock of the company which shall remain after the payment of all its debts upon the dissolution of the corporation or the expiration of its charter: *Provided, Further*, That in the case of corporations whose stock is wholly or partly without any nominal or par value, the provisions of this section shall not apply to so much of the capital stock as is represented by such non-par-value stock, except in the amount of the designated 'Initial Non-Par-Capital.' The rights of creditors shall not be limited by the provisions of this section."

Amend the title, strike the period after the word "Code" and insert in lieu thereof a comma and the words and figures "and Section 3823 of Remington's Compiled Statutes, being Section 4524 of Pierce's Code."

SECOND READING OF BILLS.

HOUSE OF REPRESENTATIVES,
OLYMPIA, WASH., February 28, 1923.

MR. SPEAKER:

We, a minority of your Committee on Industrial Insurance, object to the introduction of House Bill No. 213 by a majority of the Committee on Industrial Insurance, for the following reasons:

1. House Bill No. 213 contains no provisions that could not have been secured by amending House Bill No. 61. House Bill No. 61 was read the first time on January 25th, 1923, and ordered printed and referred to this committee.

It was not until approximately one month later, to wit, on February 23rd, 1923, that House Bill No. 213 was prepared and endorsed by the majority of this committee. The minority of this committee signing this report fear that this long, and what seems

to them, entirely uncalled for delay, will have the effect of preventing a full, fair, and impartial consideration of this, one of the most important subjects of legislation before this session.

The minority are of the opinion that this delay will cause confusion in the probable conference between the two Houses over the question of industrial insurance, which may result in no relief to injured workmen in this State.

2. House Bill No. 213 reduces the allowance to be made to minor orphan children from twenty-five dollars (\$25.00) per month to sixteen dollars and twenty-five cents (\$16.25).

The savings to the employers of this State based on allowances for such children in the year 1922 would amount to one cent (.01) per month for each month for each employer.

Experience has shown that these unfortunate victims of industrial fatalities are invariably poverty stricken, and without friends.

In the judgment of the minority of your committee, this reduction is extremely unfair, and if adopted, would be a reflection upon the sense of fair play of this Legislature.

3. The awards to dependant children allowed in Section 2, lines 22, 23 and 24, are misleading, in that they appear to impose no limitations upon the number of children in one family who might share in such awards.

The truth is, however, that the average number of dependant or orphan children has been found by departmental experience to be one and nine-tenths (1.9) children per family. It would take six dependant or orphan children to exceed the maximum allowance under the same provision in House Bill No. 61.

The experience of the department indicates that in the year 1922 there were only two cases in the entire State of Washington where there were six dependant children in one family. In no case was there more than six children in one family. The average number of dependants or orphans is invariably less than six.

HOMER T. BONE,
J. HANKS,
CHARLES H. VOSS.

On motion of Mr. Long, further proceedings under the call of the House were dispensed with.

The bill was read the second time by sections.

Mr. Trunkey moved the adoption of the following amendment:

Amend the title of the bill by striking all of said title and insert in lieu thereof the following:

In relation to and providing for the transmission, furnishing, sale and delivery of electricity by cities and towns; the granting to them of licenses therefor; the payment by them into the State Treasury of license fees therefor; the distribution of the same, and prescribing penalties in certain cases, and referring this act to the people for their ratification.

Amend Section 1 of the bill by striking all of said section and inserting in lieu thereof the following:

Section 1. Any city or town in this State now or hereafter owning or operating its own electric generating plant, upon obtaining the license hereinafter required, may hereafter lawfully sell, furnish and deliver any surplus electricity so generated, either within or without its corporate limits for transmission or use within or without its corporate limits, upon complying, and only so long as it shall continue to comply with this act. It shall be unlawful for any city or town in this State to begin or continue to sell, furnish, transmit or deliver electricity for transmission or use, outside its corporate limits, until such license be obtained and unless such city or town shall at all times comply with the provisions of this act.

Amend Section 2 of the bill by striking all of said section and inserting in lieu thereof the following:

Section 2. The Department of Public Works of the State is hereby authorized and directed to grant to such cities and towns licenses authorizing such furnishing, sale, delivery and transmission of electricity under Section 1 of this act. The Department of Public Works shall grant such license to any city or town upon being furnished with a certified copy of an ordinance of such city or town authorizing the Mayor and Clerk to file with the Department of Public Works an application for such license, together with such application signed by such Mayor and Clerk pursuant to such ordinance. Such ordinance shall obligate the city or town, in case such license be granted, to thereafter comply with all the provisions of this act and to cause selling, furnishing, delivering and transmitting, or either thereof, electricity without its corporate limits or for use without its corporate limits, upon failure to comply with any of the provisions of this act.

Amend Section 3 of the bill by striking all of said section and inserting in lieu thereof the following:

Section 3. Every such city or town granted any such license shall annually pay into the State Treasury on the second day of January, or between such day and the 15th day of January following the granting of such license, an annual license fee equal to five per cent (5%) upon the entire annual gross receipts received by such city or town during the year immediately preceding, derived from any disposition of electricity by such city or town whether within or without the corporate limits of such city or town: *Provided, however,* That in case any city or town shall purchase electric light, power, current or energy from another city or town and shall sell the whole or any portion of such electric light, power, current or energy so purchased outside the corporate limits of such city or town, such city or town shall remit and pay to the State Treasurer five per cent (5%) of the total receipts of all sales after deducting

therefrom the purchase price of such light, power, current or energy so sold. Every such city or town at the time of making such payment shall file with the State Treasurer a sworn return by the Treasurer of such city or town, stating such annual gross receipts.

Amend Section 4 of the bill by striking all of said section and inserting in lieu thereof the following:

Amend Section 6 of the bill by striking all of said section and inserting in lieu thereof the following:

Section 6. Such city or town shall, whenever so required by the Director of Public Works, file with the Department of Public Works a statement showing its annual gross receipts from the disposition of electricity and the cost of its plant and transmission line in all of the counties in which the same shall be located, and the cost of the portion of such plant and transmission line located in each county. The Director of Public Works shall each year furnish to the State Treasurer a certified copy of such statement, so as to enable the State Treasurer to properly pay out and distribute from the State Treasury to each county, the portion of such one-half of such license fees which such county shall be entitled to receive.

Add a new section to the bill which shall be known as Section 7, and shall read as follows:

Section 7. On motion of Mr. Sims, the following statements made by Mr. Sims on the floor of the House on a question of personal privilege were ordered spread upon the journal of the House:

Mr. Sims: Mr. Speaker, I arise to a question of personal privilege.

Speaker: State the question.

Mr. Sims: On February 28th, in consideration of House Bill No. 98 the integrity of House members was challenged by two members of the House, Mr. Roth and Mr. Heighton, I refer to the Tacoma Ledger of March 1st, 1923. Headlines as follows:

"ANGRY LEGISLATOR THREATENS TO QUIT. FRAUD IN MEASURE CHARGE.

"Charles I. Roth of Whatcom Incensed Over Passage of Oil Land Probe Bill, Leaves House in Anger. Asserts Resignation will be With Governor Today."

Upon passage of House Bill 98 being declared by Speaker Reed, Mr. Roth leaped to his feet on a question of personal privilege and made this statement:

"This is the straw that breaks the camel's back. I want to announce now that I am through, that I shall tender my resignation as a member of this House to the governor tomorrow. I now ask permission of the House to withdraw, for I will not be a member of a body that stands for such corruption," moving towards the door.

Mr. Heighton made the following statement:

"I believe Mr. Roth has spoken hastily, but I want to say that he is not alone in his feeling. It finds echo in the hearts of the people all over the state"

At this stage of the proceedings the Speaker's gavel banged the desk.

"The motives of the membership of this House on any vote must not be impugned by any member of the floor." Mr. Heighton took his seat.

In answer to the charges made by the gentleman from Whatcom, Mr. Sims read to the House a letter dated February 10th, 1923, Olympia, as follows:

OLYMPIA, WASH., February 10, 1923.

MR. PAUL VALERIUS,

Bellingham, Washington,

Dear Sir: Replying to your letter, signed by yourself and many other friends of Bellingham, relative to House Bill No. 98, will say that I am heartily in favor of this bill, have been for years past. On more than one occasion I have tried to do the very thing that House Bill No. 98 is doing. Just why the "powers that be" have switched, I do not know, and I don't care. They are right at last.

You can buy anything that the State owns today except coal. The coal barons in the State in the past have been powerful enough to bring about this situation. Seemingly they have lost their hold, and I believe the bill is slated to go over, and with its passage, I will rejoice with you.

Very truly yours,

CHAS. I. ROTH.

Mr. Sims: Mr. Speaker and members: The vote on this bill was close, just receiving the constitutional majority required, which in my judgment was not a fair expression of the sentiment of the House, caused by the charges of fraud made by Mr. Roth to this bill which was contrary to the letter to Mr. Valerius over his own signature.

House Bill No. 208, by Mr. Behrens: Relating to deficiency bonds.

On motion of Mr. Behrens, the rules were suspended, the third reading dispensed with, the bill was placed on final passage, and it passed the House by the following vote: Yeas, 78; nays, 0; absent or not voting, 19.

Those voting yea were: Representatives Allen, Aspinwall, Baldwin, Banker, Bassett, Beeler, Behrens, Brislawn, Brockman, Brooker, Bruhl, Canfield, Capron, Case, Collin, Dale, Danielson, Davis, Deselle, Dungan, Dunn, Glasgow, Goldsworthy, Guie, Halsey, Hubbard, Hunt, Jacobs, Jones, Josefsky, Kastner, Kennedy, Kenoyer, Kirkman, Klemgard, Knapp, Knutzen, Mahoney, McKinney, McKinnon, McPherson, Meserve, Mess, Miller, Moran, Morck, Moulton, Mount, Murphine, O'Brien, Ohlson (A.), Olson (A. E.), Peterson, Reeves, Remann, Reynolds, Roth, Rude, Ryan (C. W.), Ryan (J. H.), Rychard, Saunders, Schwartz, Shattuck, Siler, Sims, Sisson, Somerville, Sorensen, Spencer, Stewart, Stratton, Sweetman, Trunkey, Voss, Willhite, Wixson, Mr. Speaker—78.

Those absent or not voting were: Representatives Anderson (John), Anderson (Nils), Appel, Barlow, Bone, Cohen, Danskin, Dollar, Hanks, Heighton, Hufford, Long, Meacham, Morgan, Olsen (Olaf L.), Phillips, Thompson, Totten, True—19.

The bill, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

On motion of Mr. Canfield, the House was declared at recess until 1:30 p.m., this date.

AFTERNOON SESSION.

The Speaker called the House to order at 1:30 p.m.

Roll call showed all members present, except Mrs. Kastner, Mr. Meacham, Mrs. Miller and Mr. Totten. Mr. Meacham being excused.

Mr. Morck moved that the rules be suspended; that all bills which had passed the House at the morning session be considered engrossed and that they be immediately transmitted to the Senate.

The motion was carried.

STATE OF WASHINGTON, OFFICE OF GOVERNOR,
OLYMPIA, WASH., March 3, 1923.

Honorable Wm. J. Coyle, Lieutenant Governor, Ex-Officio, President of the Senate, Olympia, Washington.

Honorable Mark E. Reed, Speaker of the House of Representatives, Olympia, Washington.

GENTLEMEN: At the opening of the present session of the Legislature, in my message I directed the attention of the Legislature to the fact that there was on the 31st day of December, 1922, a balance in the General Fund of \$3,984,325.81.

On the 28th of February, 1923, there was a balance in the General Fund of the State Treasury of \$3,808,276.56.

If House Bill No. 215 passed both Houses of the Legislature and the payments therein provided for are made; when all the payments authorized under Senate Bill No. 143 are made, and all the appropriations contemplated under Senate Bill No. 292, together with all other expenditures authorized and that will probably be authorized by this Legislature, are made, and the revenues for the first half of the coming biennium already provided for are collected, there should be in the General Fund, under a continuation of the present efficient management of the State departments and institutions, a sum in excess of \$2,000,000.00, on March 31, 1924.

Representatives of many of the good women of the State have presented to members of the Legislature and especially to the members of the Appropriations Committees of the two Houses what they deemed the necessity of establishing a custodial school in Western Washington.

The Department of Business Control has likewise directed the attention of the members of the Appropriations Committees to the condition of the Custodial School at Medical Lake.

I feel that I would be remiss in my duty if I allowed you to take up for consideration the supplemental budget without personally directing your attention to the

financial condition of the State, as well as to the overcrowded population in the Custodial School.

During the last two years with the erection of a new building, the population of the Custodial School at Medical Lake has increased more than 200, or about 35 per cent. The present population of the school is 801 and it is filled to its utmost capacity. There are at the present time under commitment from constituted authorities in this State and applications for 121 mentally deficient children who cannot be accepted or admitted to the Custodial School for the simple reason that we have no room for them.

For many years it has been the policy of this State to care for these unfortunate wards of the State and, while I fully appreciate the demands for economy, I cannot believe that those demands justify us in ignoring the humane duty of taking care of these unfortunate children.

Very respectfully yours,

LOUIS F. HART, *Governor.*

The Speaker referred the message to the Committee on Appropriations.

Mr. Allen moved that the House consider the message as a recommendation that this legislature establish a new custodial school.

On motion of Mr. Guie, the motion was laid on the table.

VICTOR ZEDNICK, *Secretary*.**REPORT OF MINORITY OF CONFERENCE COMMITTEE.**

OLYMPIA, WASH., March 8, 1923.

MR. SPEAKER:

I, a minority of your Committee on Conference, to whom was referred House Bill No. 143, entitled "An act making an appropriation for the director of agriculture for supplies, materials and service in the division of agriculture for the inspection of hay, grain and other commodities," have had the same under consideration, and I advise that your committee is unable to agree and we recommend that your committee be given powers of free conference for the purpose of introducing and for the consideration of the House and Senate the following amendments:

MESSAGE FROM THE SENATE.

SENATE CHAMBER.

OLYMPIA, WASH., March 8, 1923.

MR. SPEAKER:

The Senate has received the report of the Joint Oregon and Washington Committee on Fisheries, and a copy of said report is herewith transmitted.

VICTOR ZEDNICK, *Secretary*.

On motion of Mr. Sims, the report was received and ordered spread on the Journal of the House.

REPORT OF SPECIAL COMMITTEE.**REPORT OF JOINT OREGON AND WASHINGTON COMMITTEE ON FISHERIES.**

To the Senate and House of Representatives of the States of Washington and Oregon:

We, your Joint Committee, heretofore appointed to confer, concerning legislation with reference to the fishing industry in the waters and streams over which said states have concurrent rights and jurisdiction, beg leave to submit the following report:

Your Joint Committee met in Seattle, Saturday, February 3, 1923, and after due deliberation we recommend:

That all laws appertaining to commercial fishing in the waters and streams over which said states have concurrent jurisdiction shall remain unchanged except in the following particulars, to-wit:

It is recommended that every purchaser or receiver of fish be required to take out a license, the fee of which shall be two dollars (\$2.00) per year; and that each buyer, purchaser or receiver of fish shall be required to pay a poundage fee of $\frac{3}{8}$ of a cent per pound on all species of fish except smelts, and that each buyer, purchaser or receiver of said fish shall keep a record in a form to be prescribed by the fish commissions of each state of the names and license number and kind of gear operated, of the persons from whom said fish are purchased, bought or received, and that any buyer, purchaser or receiver who falsifies or fails to keep such record or make such report shall have his license suspended or revoked, in addition to such other penalties that may be provided by law.

It is recommended that the mouth of the Columbia River be established by legislative enactment as follows:

Beginning at the present inshore end of the north jetty of the Columbia River to the knuckle of the south jetty on such river, which knuckle is approximately four miles westerly from the government dock at Fort Stevens. The said line will pass approximately $\frac{3}{8}$ of a mile westerly from buoy No. 10, as shown on Geodetic Survey No. 6151, dated Jan. 5, 1917.

It is recommended that the Washington legislature enact an alien law in conformity with the Oregon law.

It is recommended that the Oregon legislature amend the law relating to the length of sturgeon which may be taken so that the minimum length will be four feet instead of three feet.

It is recommended that the Washington legislature prohibit at all times fishing for salmon except with hook and line for sport fishing in the Columbia River or any of its tributaries east of its confluence with the Des Chutes River.

It is recommended that no trap or other fixed appliance shall be located within one mile below the mouth of the Cowlitz River nor shall any gill net be permitted to operate within a quarter of a mile from the mouth thereof.

It is recommended that the State of Washington fix a uniform gill net license fee of \$7.50.

It is recommended that the legislature of both Oregon and Washington enact a law prohibiting the use of whip seines and trammel nets within the waters of the Columbia River.

It is recommended that the present laws of the State of Oregon prohibiting purse seining, trolling and other ocean fishing shall be continued and that the regulation or order of the fisheries board of the State of Washington prohibiting fishing in the waters within the three mile limit off the shores of Washington be continued and we further recommend that the legislature of the State of Washington grant to the fisheries board of the state the further right, power and authority to prohibit the importation into any given districts of said state fish caught outside the jurisdiction of said state by gear prohibited in the waters of said districts.

It is recommended that the legislature of the States of Oregon and Washington enact laws permitting bass to be taken at any time in the Columbia River with any and all appliances licensed by law.

It is recommended that the legislatures of Oregon and Washington memorialize the legislature of the State of California to co-operate with the other Pacific Coast

states in the conservation of the salmon fishing industry by prohibiting salmon fishing in the Pacific Ocean.

In conclusion, we suggest and recommend that a suitable bill, or suitable bills, be drawn immediately to present to the legislatures of the states hereinbefore made, and that said bill, or bills, carry an emergency clause so that the same shall be immediately effective as the fishing industry of the states mentioned will be hindered and injured unless such laws as we have suggested shall go into immediate effect, and that this report be immediately adopted, by resolution of both houses of each legislature.

Respectfully submitted,

E. A. SIMS, *Chairman.*

**GOVERNOR'S MESSAGES ON BILLS VETOED SINCE CLOSE OF THE
LEGISLATURE, AND THE BLUE SKY MEASURE, SUB. S. B.
26, WHICH WAS FILED WITHOUT HIS SIGNATURE.**

March 19, 1923.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Gentlemen:

I am filing with the Secretary of State, to be presented to the House of Representatives at the next regular session of the Legislature, House Bill No. 64, which bill is disapproved.

The only change of any consequence in this bill from the present law is to limit the personal property exempt from taxes.

If there is any one thing upon which the Constitution of this State has insisted, it is in uniformity of taxation. Classes and Classifications of property and class interests are absolutely prohibited.

The fifth paragraph of this bill attempts to limit the personal property exemptions to certain classes or classifications of property and is therefore unconstitutional.

If it were not for the unconstitutional feature of this bill, which is intended to compel the laboring man to pay further taxes upon the "flivver" which he uses to carry him to and from his work, I would say that he is as much entitled to exemption on his \$200.00 "flivver" as a man who sits back and lives on an exempt income is upon his \$1,000.00 piano.

By reason of its unconstitutionality, House Bill No. 64 is vetoed.

Very truly yours,

LOUIS F. HART,
Governor.

March 14, 1923.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Gentlemen:

I am filing with the Secretary of State, to be presented to the House of Representatives at the next convening of the Legislature, House Bill No. 98, which bill is disapproved.

This purports to be an act to authorize the Department of Conservation and Development to prospect for oil and gas on state lands.

The last section in the bill, namely, Section 5, clearly shows that this is not the object of the act, whatever may have been the intent of the individual members of the Legislature.

Section 5 makes an appropriation of \$15,000.00 to make investigations, surveys, and explorations by drilling wells for the purpose of determining whether or not there are deposits of oils or gases in commercial quantities in or under lands belonging to the State of Washington.

I am advised, and I think reliably so, that the average cost of drilling oil wells on the Pacific Coast is in excess of \$100,000.00 per well. This being

so, it seems ridiculous to assume that any benefit could be derived by the State from the expenditure of \$15,000.00.

A careful study of the provisions of Section 3 of this bill brings out more clearly the real object of this proposed legislation.

Authorizing the Director to enter into contracts and share the expense of such operations not only with the owner of lease hold interest in public lands, but with **any other person or corporation**, irrespective of their interest in any state lands, throws open the doors for fraud, by which such **other persons or corporations** may take advantage of the declaration required to be filed concerning the possibility of oil and gas deposits being discovered in the neighborhood.

This would undoubtedly result in all kinds of literature and advertising under the name of the State of Washington and the activities of its officers and employes in prospecting for oil, and throw open the doors for fraudulent sales of wildcat oil stocks to a greater degree than any other legislation that I can imagine.

As soon as times and conditions are opportune, the state ought, by every legitimate means, to induce and encourage the discovery and development of our oil fields, but until that time, the fair name of this state should not be besmirched by having it heralded in the advertising and literature of wildcat oil stock vendors.

For the foregoing reasons, House Bill No. 98, is vetoed.

Very truly yours,

LOUIS F. HART,
Governor.

March 17, 1923.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Gentlemen:

I am filing with the Secretary of State, to be transmitted to the House of Representatives at the next regular session of the Legislature, House Bill No. 107, which is disapproved.

As stated in my veto message of Senate Bill No. 87, of which this appears, to be a companion measure, for a number of the last years under territorial government and the first six or seven years under State government, nearly all of our counties, cities, towns and school districts, were allowing their warrants to run for several months and in some instances for years, by reason of their inability to collect current revenues to take care of current expenditures.

These bills (there were three in the series, two of which were consolidated in free conference at the closing hours of the Session) are all directed to one end, namely, the delay in collecting taxes and thus giving opportunity for long time outstanding warrants issued for current expenses.

It is argued that the 3% discount is taken advantage of prior to the 15th of March by the large concerns, as they can control ready money.

This is true and is equivalent to about 6½% interest per annum on the money thus advanced over what it would be if one-half of the taxes were paid the 31st of May and the other half the 30th of November.

It may be that money is not worth 6½% interest per annum, but it will cost the counties and school districts and the cities and towns a great deal more than 6½% interest if they go on a so-called warrant basis.

This discount induces the payment of taxes by the heavy taxpayers at a time when our county and city treasuries are generally quite low in funds.

The interest and penalty on taxes and the discount for prompt payment was absolutely necessary in order to get our counties, cities, towns and school districts in a condition where their current expenses could be paid from their current revenues.

This effort, as shown by these measures, to return to the depleted treasuries and outstanding warrants, is not to the best interests of the people of this State.

For the foregoing reasons, House Bill No. 107 is vetoed.

Very truly yours,

LOUIS F. HART,
Governor.

March 17, 1923.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Gentlemen:

I am filing with the Secretary of State, to be presented to the House of Representatives at the next regular Session of the Legislature, House Bill No. 112, which is disapproved.

This is practically the same bill I vetoed two years ago and its provisions could only result in litigation over questionable real estate titles.

I believe that any legislation weakening or tending to cloud the title of real estate is not in the interest of the public.

I appreciate the strength of the argument in favor of this measure, namely, that it will save the city treasuries the expense incident to recording their evidence of title, but even if there was no objection as above noted, still this argument would lose much of its weight by reason of the fact that it is merely the transferring of one public fund to another public fund.

I can see no possible gain in allowing this bill to become a law and the same is therefore vetoed.

Very truly yours,

LOUIS F. HART,
Governor.

March 17, 1923.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Gentlemen:

I am filing with the Secretary of State, to be presented to the House of Representatives at the next regular session of the Legislature, House Bill No. 143.

Section 2 of this bill is vetoed and the remainder of the bill is approved.

This is another one of those unfortunate jumbles that came out of the multiplicity of free conferences in the later hours of the last session.

The constitutional prohibition against two or more subjects in the same bill could hardly be more strongly emphasized than attempting to appropriate money to carry on the work of inspection of hay and grain by the Department of Agriculture on the one hand and transferring the supervision of the adult blind from the Department of Labor and Industries to the Department of Business Control.

This act is clearly unconstitutional.

For this reason, Section 2 of House Bill No. 143 is vetoed. The remainder of the act is approved.

Very truly yours,

LOUIS F. HART,
Governor.

March 16, 1923.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Gentlemen:

I am filing with the Secretary of State, to be presented to the House of Representatives at the next regular Session of the Legislature, House Bill No. 154.

Sections 3, 4, and 5 of this bill are vetoed and the remainder of the bill, namely, Sections 1, 2, and 6, are approved.

Sections 1 and 2 of this bill accept the terms of the Sheppard-Towner Act of Congress, known as the "Maternity Act," and create a division of child hygiene in the Department of Health, and authorize the administration of the provisions of said act.

Section 4 of the Sheppard-Towner Act provides that the Legislature of the State shall designate, or authorize the creation of "a state agency with which the Children's Bureau shall have all necessary powers to cooperate as herein provided in the administration of the provisions of this Act." It further provides that the State agency of health shall administrate the provisions of the act through the Division of Child Hygiene.

Section 2 of House Bill No. 154 establishes the Division of Child Hygiene and authorizes the administration of the act under the provisions of the act of Congress.

It appears to me that the limitations placed upon the Department of Health, or Director of Health, and also the Division of Child Hygiene is not

only superfluous, but is of doubtful legality when construed in connection with the act of Congress. Furthermore, a principle of grave and doubtful propriety is established in limiting the selection of appointees to offices of voluntary organizations. While possible injury might not arise in this case, and it probably would not, yet the establishment of such a principle by legislation is fraught with much danger as a precedent for future legislative enactment.

Everything authorized or required to be done under Section 3, which is not in conflict with the Federal act, may be done under the broad powers granted in Section 2.

Some of the added powers and duties enumerated in Section 4 are in direct conflict with the Federal Act and might render void the entire bill.

Section 5 was undoubtedly copied from the act of the Legislature of some other State that has not the same safeguard of public funds as our Constitution throws around the funds of this State.

Section 4 of Article 8 of the Constitution reads as follows:

"No moneys shall ever be paid out of the treasury of this state, or any of its funds, or any of the funds under its management, except in pursuance of an appropriation by law; * * * and every such law making a new appropriation, or continuing or reviving an appropriation, shall distinctly specify the sum appropriated, and the object to which it is to be applied, and it shall not be sufficient for such law to refer to any other law to fix such sum."

I cannot approve a provision authorizing an appointee to receive and disburse public funds.

The State Treasurer is the one authorized by our Constitution to receive, receipt for, and expend public monies.

For the reasons above given, Sections 3, 4, and 5 of House Bill No. 154 are vetoed.

I feel that I ought not to approve this bill without calling attention to Section 6, which appropriates \$10,000.00 to carry out the provisions of the bill.

Under the appropriation made by Congress, there is available in Federal Funds, if matched by similar appropriation by the State, \$3,060.58 for the Federal fiscal year ending June 30, 1923. And a further sum of \$14,149.55 for the Federal year ending June 30, 1924, with the expectation that a similar amount will be available for the following year, making a total sum to be matched in the next biennium of \$31,359.68.

Just how much work we may be able to do, and what results we may be able to accomplish with the appropriation of \$10,000.00, I do not know, but I trust that in our report to the Legislature two years hence, we will be able to show results satisfactory for the amount at our disposal.

Excepting Sections 3, 4, and 5, which are vetoed, House Bill No. 154 is approved.

Very truly yours,

LOUIS F. HART,
Governor.

March 17, 1923.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Gentlemen:

I am filing with the Secretary of State, to be presented to the House of Representatives at the next regular session of the Legislature, House Bill No. 218, which is disapproved.

This bill provides for the creation of a State Printing Committee consisting of the Secretary of State, State Auditor and Director of Efficiency, and requires each of them to pass on and approve or reject and personally sign every requisition for state printing, and gives them authority to dictate the quantity and quality and form of all printed matter required by the State, any of its departments, institutions, or offices.

Existing statutes direct the Auditor and the Department of Efficiency and the Bureau of Municipal Corporations to provide certain forms for the different departments and institutions and I believe that the existing statute is far superior in this respect to the proposed bill.

This bill also provides for the editing, revising and preparation for the printer of all reports required to be made by State officers and employes, not later than the first day of November preceding the meeting of the Legislature.

Different statutes require the several officers and departments to make printed report to the Legislature of the business in their office or department for the two years, some ending the first of September, some the 30th of September, some the 30th of November, and others at various dates. There is no attempt in this bill to amend any of these several statutes and provide for the ordinary working of the various departments of the State.

In other words, the bill is not workable and is in direct conflict with numerous sections of existing law.

This bill also provides that this Committee, and especially a majority thereof, shall audit every voucher for State printing, taking this duty away from the State Printing Expert, and placing in the same hands the approval of a requisition and the auditing of the claim.

I am of the opinion that this bill is neither workable, desirable, or beneficial, and therefore House Bill No. 218 is vetoed.

Very truly yours,

LOUIS F. HART,
Governor.

March 17, 1923.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Gentlemen:

I am filing with the Secretary of State, to be presented to the House of Representatives at the next regular session of the Legislature, House Bill No. 231, which is disapproved.

This is amending the statute concerning official examinations and audit of the affairs of certain associations within this State and attempts to pro-

vide by such amendment, among other things, that the officers of the corporation or association may employ any certified public accountant to make such examination and that the same shall be official.

I am of the opinion that any official examination authorized and directed by this State for the benefit of the public or the stockholders of a corporation should be done under official authority and by officials authorized by law for such purpose.

Therefore House Bill No. 231 is vetoed.

Very truly yours,

LOUIS F. HART,
Governor.

March 10, 1923.

Honorable J. Grant Hinkle, Secretary of State,
Olympia, Washington.

Dear Sir:

I am filing herewith Substitute Senate Bill No. 26.

This bill is subject to practically all of the criticism made to Substitute Senate Bill No. 3 passed by the Seventeenth Legislature of the State and which was vetoed by me in my veto message on that measure under date of March 17, 1921.

I have not changed my opinion concerning the objectionable features contained in both of these bills, and, while the recent Legislature did not pass Substitute Senate Bill No. 3 of the Seventeenth Session over my veto, it has passed Substitute Senate Bill No. 26, with practically the same matter, by a vote sufficient to have passed the original measure over the veto.

Substitute Senate Bill No. 26 passed the House by a vote of 75 to 1, and it passed the Senate by a vote of 28 to 12.

Still retaining my original opinion of certain provisions of this bill, I yield to the judgment of more than two-thirds of the members elected to the Legislature, and file the bill with the Secretary of State without my signature.

Very truly yours,

LOUIS F. HART,
Governor of Washington.

March 19, 1923.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

Gentlemen:

I am filing with the Secretary of State, to be presented to the Senate at the next regular session of the Legislature, Senate Bill No. 63.

Sections 1 and 4 of this bill are vetoed and the remainder of the bill is approved.

Section 1 of this bill is an amendment to the existing statute by providing that the authority of the Division of Forestry, in protection of the forests against fires, shall not extend to logging camps and other industrial operations.

While I fully appreciate the magnitude of the logging industry and the necessity of nurturing it and always protecting it in its operation, I do not believe that it is above the law. In exceedingly dry weather I know of no greater hazard to our forests than a carelessly and indifferently managed logging camp and logging works.

I believe that the Division of Forestry and the Department of Conservation and Development will, at all times, be manned by men of sufficient intelligence to impartially determine the steps necessary to take to protect our forests from conflagration and, while it may be a little inconvenient to some concerns to have to close down for a few weeks when the price of logs is high, at the same time, I believe that they ought to be just as much subject to the law and the law's authority as anyone else, and for this reason, Section 1 of Senate Bill No. 63 is vetoed.

The only change in Section 4 from the present section 5788 of Remington's Compiled Statutes is that it authorizes the Director of the Department of Conservation and Development to issue proclamations, a function heretofore exclusively exercised by the Governor.

I can see no reason for this change, and realizing that its legality might very properly be questioned, Section 4 of Senate Bill No. 63 is vetoed.

Excepting Sections 1 and 4, Senate Bill No. 63 is approved.

Very truly yours,

LOUIS F. HART,

Governor.

March 17, 1923.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

Gentlemen:

I am filing with the Secretary of State, to be transmitted to the Senate at the next regular session of the Legislature, Senate Bill No. 87, which is returned without my approval.

During the latter years of territorial government and the early days of statehood, it was a common practice for the Legislature to pass such bills as this relieving delinquent taxpayers of interest and penalty which resulted in the large property owners paying the taxes about once in four years, while the counties, cities and school districts were on a warrant basis, and warrants were being peddled around and sold at large discounts.

I know that while this measure was going through the Legislature it was argued that it would relieve the farmer and small home owner of the accumulated interest on their delinquent taxes, but the numerous requests that have come to this office since the bill passed have not come from the farmer or the small property owner, indicating that they are particularly interested in this legislation. A large number of inquiries concerning the possibility of my action on this bill have come by long distance 'phone and otherwise, but invariably they have been from large financial institutions.

It is barely possible that some individual might be benefited by the striking off of the penalty and interest on the delinquent taxes against his property, but this measure, whatever may have been the intention of its authors,

judging its intent by its language and by the experience of the past, is simply to throw the counties, municipalities and school districts back on to a warrant basis where school teachers and people furnishing materials and supplies to the counties, towns and districts will be selling their warrants at sixty-five to eighty-five cents on the dollar.

I might say in passing that this bill is in fact two bills, thrown together in free conference and enrolled without any regard to legislative formality.

Section 4 is quite different from the other sections of the bill and merely provides that if the county took over property for delinquent taxes three or four years ago and has thereby kept it off the tax rolls for those years, the former owner can come in and redeem the property by paying the taxes that had accrued against it at the time the county took title, thus avoiding three or four years' taxes on his property.

I cannot believe that the State wants to encourage any such business as this.

For the reasons above stated, Senate Bill No. 87 is vetoed.

Very truly yours,

LOUIS F. HART,
Governor.

March 17, 1923.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

Gentlemen:

I am filing with the Secretary of State, to be presented to the Senate at the next regular session of the Legislature, Senate Bill No. 195, which is disapproved.

Some time ago, early in the session, I approved Senate Bill No. 75, which provides for certain elections in Class A counties and counties of the first class. I believed then and still believe that was a meritorious measure. That bill, as well as this one, purports to have come from the Joint Committee on Elections and Privileges.

I have no doubt that after Senate Bill No. 75 was introduced, and possibly after it was passed, members of the Legislature concluded that the provisions of Senate Bill No. 75 ought to be made applicable to the entire State and that that is the reason for the introduction and passage of Senate Bill No. 195.

As above stated, Senate Bill No. 75 was a very meritorious bill. It passed with an emergency clause, was approved by the Governor and some election districts have already taken action under it.

Senate Bill No. 195, instead of extending the privileges of Senate Bill No. 75 to the entire State by making it applicable to all the counties, has restricted Senate Bill No. 195 to counties other than Class A counties and counties of the first class and by such restriction has repealed, or would repeal if Senate Bill No. 195 was permitted to become a law, the provisions of Senate Bill No. 75.

By error in numbering sections of the statutes to be amended, this bill, if allowed to become a law, would hardly be workable, even in counties other than those of the first class and Class A counties.

Believing that Senate Bill No. 75 ought not to be repealed, but that its provisions ought to be made applicable to the entire State at the next session of the Legislature, Senate Bill No. 495 is vetoed.

Very truly yours,

LOUIS F. HART,
Governor.

March 13, 1923.

To the Honorable

The Senate of the State of Washington, Olympia.

Gentlemen:

I am filing herewith, to be transmitted to you at the next regular Session of the Legislature of Washington, Senate Bill No. 199, except that Section 1 of the bill is vetoed.

The recent Legislature in Senate Bill No. 284, in amending Section 5731 of Remington's Compiled Statutes, the subject matter of which relates to dams affecting the migration of food fish, made necessary and proper amendments to the law as it formerly existed.

In Section 1 of Senate Bill No. 199, which relates to game fish, a similar amendment was added to Section 5986, which relates to dams that might interfere with the migration of game fish.

I believe that the amendment to the law as contained in Senate Bill No. 284 is ample and that the requirement as provided in Section 1 of Senate Bill No. 199, requiring the operation and maintaining of a hatchery in perpetuity by anyone building a dam or other obstruction across a stream for the migration of game fish, is unreasonable and a burden which the State has no right to impose. Section 1 of Senate Bill No. 199 makes no exceptions in cases where dams have been constructed, or right to construct dams has become vested. Neither is any provision made for a review by the courts of any decision of the Director of Fisheries and Game.

Both of these are carefully provided for in Section 6 of Senate Bill No. 284, which is this day approved, and believing that Section 1 of Senate Bill No. 199 can accomplish no good purpose and that its conflicting provisions would render questionable and doubtful the provisions of Section 6 of Senate Bill No. 284, said Section 1 of Senate Bill No. 199 is vetoed.

The remainder of the act is approved.

Very truly yours,

LOUIS F. HART,
Governor.

March 17, 1923.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

Gentlemen:

I am filing with the Secretary of State, to be presented to the Senate at the next regular session of the Legislature, Senate Bill No. 236, which is disapproved.

In the language of my legal advisers, this bill is about as near nothing as could be placed upon the statutes. At best, it is merely a declaration of the opinion of the Legislature upon a question of the negotiable instrument law.

Courts are constituted to construe the law and it is not a legislative province to place such judicial construction upon the statutes.

The only reason that I have heard for the enactment of this bill is that it might have an influence in the determination of pending litigation.

It has no place in the statutes and therefore Senate Bill No. 236 is vetoed.

Very truly yours,

LOUIS F. HART,
Governor.

March 19, 1923.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

Gentlemen:

I am filing with the Secretary of State, to be presented to the Senate at the next regular session of the Legislature, Senate Bill No. 266.

Section 9 of this bill is vetoed and the remainder of the bill is approved.

In Section 6 of this bill, it is declared to be unlawful to drive a motor vehicle at a rate of speed faster than thirty miles. This fixes the limit of speed for automobiling.

Section 9 of this bill amends Section 6358 of Remington's Compiled Statutes, providing for signs along the highways at the city limits and provides that on the side of the sign nearest to the city, to be read by people driving out of the municipality, the words "speed limit 35 miles per hour."

This is misleading and false and would only be the means of unlimited controversy.

The present law complies with the terms of Section 6 of this bill.

For the foregoing reasons, Section 9 of Senate Bill No. 266 is vetoed. The remainder of the bill is approved.

Very truly yours,

LOUIS F. HART,
Governor.

March 13, 1923.

To the Honorable

The Senate of the State of Washington, Olympia.

Gentlemen:

I am filing herewith, to be transmitted to you at the next regular session of the Legislature of Washington, Senate Bill No. 284, which is approved, except Section 2 thereof, which is vetoed.

Section 2 is an amendment to Section 5693 of Remington's Compiled Statutes and the first line of the proposed Section 5693 reads: "It shall be unlawful to catch, take or fish for food with any appliance * * *"

The law proposed to be amended makes it unlawful to catch, take or fish for food fish, and such is the language of the printed bill.

I am of the opinion that the word "food" without the qualifying word "fish" following it is entirely too broad and does not convey the meaning intended by the Legislature.

For the reason herein set out, Section 2 of Senate Bill No. 284 is vetoed. The remainder of the bill is approved.

Very truly yours,

LOUIS F. HART,
Governor.

March 15, 1923.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

Gentlemen:

I am filing with the Secretary of State, to be presented to the Senate at the next convening of the Legislature, Senate Bill No. 292, with certain items vetoed and the remainder of the bill approved.

In Section 2 the following items are vetoed:

From the General Fund.

For Relief of S. G. Morin:

Account of war tax paid on freight during construction of Custodial School, which tax was deducted by the state in error at time of making final payment on contract.....	\$300.00
---	----------

The records show that this contract was entered into after the war tax was in force and that the full contract price was paid to the contractor.

For this reason said item is vetoed.

From the Public Highway Fund.

For Treasurer of Lincoln County:

Highway No. 1.....	\$330.36
Highway No. 2.....	591.79
Highway No. 3.....	210.10

Total.....	\$1,132.25
------------	------------

For Clarke County, total.....	\$3,037.68
-------------------------------	------------

For Grant County, total.....	502.86
------------------------------	--------

For Lewis County.....	83.37
-----------------------	-------

For Whatcom County, total appropriation.....	2,826.92
--	----------

Donahue Road Act Assessments, King County.....	3,202.74
--	----------

The Public Highway Fund, like other special funds, is raised for a specific purpose. The Public Highway Fund for the construction and maintenance of State Highways.

Assessments and other charges and expenses incident to State lands are paid for from the General Fund. This fact was called to the attention of members of the Appropriations Committee before this bill was passed.

Believing this to be an improper diversion of funds, these items are vetoed.

From the General Fund.

For Relief of Northern Pacific Railway Company:

Account of ice and refrigeration furnished the state in refrigerator car at time of shipping fresh fish during war 1918 . . . \$180.00

In 1918 the Northern Pacific Railway was being operated by the United States Government and not by the Northern Pacific Railway Company. Anyone having authority to ship fish and pay freight thereon for the State of Washington also had authority to pay any other necessary expense.

Five years is too long to permit a legitimate claim to run. For these reasons this item is vetoed.

For Relief of Edward H. Miller:

Account improvements on property bought at tax sale which had been escheated to State of Washington \$300.00

The state does not guarantee titles at tax sales. Purchasers buy at their peril.

It does not appear that the State received \$300.00 for this improvement. For these reasons this item is vetoed.

From Permanent State School Fund.

For Relief of Weyerhaeuser Timber Company:

Overpayment on timber land, Sale No. 616 \$672.30

For Relief of W. J. Hutsinpiller:

Excess money paid under contract, Sale No. 3723 94.05

The Permanent School Fund is an irreducible fund and the Legislature has no power to reduce it either by appropriation or otherwise. If these people have claims they should be paid, but out of some fund available for such purpose.

For these reasons, these items are vetoed.

From the General Fund.

For City of Pullman:

Account Local Improvement Assessment against State College of Washington \$9,246.67

The millage tax for the Washington State College is ample to pay the expense of the institution and this item is not different from other current expense. The increase of the appropriation for the Washington State College by paying this assessment out of the General Fund is not necessary.

For these reasons this item is vetoed.

For City of Bellingham:

Sewer for Bellingham Normal School.....	\$1,764.23
Paving Trunk Road, Bellingham Normal School.....	19.14
Total for City of Bellingham.....	\$1,783.37

The millage tax for the Bellingham State Normal School is ample to pay the expense of the institution and this item is not different from other current expense. The increase of the appropriation for the Bellingham State Normal School by paying this assessment out of the General Fund is not necessary.

For these reasons this item is vetoed.

Each of the foregoing items is vetoed and the remainder of the bill is approved.

Very truly yours,

LOUIS F. HART,
Governor.
