Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 43.71.095 and 2021 c 246 s 7 are each amended to read as follows:

(1) The exchange, in consultation with the commissioner, the authority, an independent actuary, and other stakeholders, must establish up to three standardized health plans for each of the bronze, silver, and gold levels.

(a) The standardized health plans must be designed to reduce deductibles, make more services available before the deductible, provide predictable cost sharing, maximize subsidies, limit adverse premium impacts, reduce barriers to maintaining and improving health, and encourage choice based on value, while limiting increases in health plan premium rates.

(b) The exchange may update the standardized health plans annually.

(c) The exchange must provide a notice and public comment period before finalizing each year's standardized health plans.

(d) The exchange must provide written notice of the standardized health plans to licensed health carriers by January 31st before the year in which the health plans are to be offered on the exchange. The exchange may make modifications to the standardized plans after January 31st to comply with changes to state or federal law or regulations.

(2)(a) Beginning January 1, 2021, any health carrier offering a qualified health plan on the exchange must offer the silver and gold standardized health plans established under this section on the exchange in each county where the carrier offers a qualified health plan. If a health carrier offers a bronze health plan on the exchange, it must offer the bronze standardized health plans established under this section on the exchange in each county where the carrier offers a qualified health plan.

(b)(i) ~~Until December 31, ((2022, a health carrier offering a standardized health plan under this section may also offer nonstandardized health plans on the exchange. Beginning January 1, 2023,)) 2025,~~ a health carrier offering a standardized health plan under this section may also offer up to two nonstandardized gold health plans, two nonstandardized bronze health plans, one nonstandardized silver health plan, one nonstandardized platinum health plan, and one nonstandardized catastrophic health plan in each county where the carrier offers a qualified health plan.

(ii) ~~((The exchange, in consultation with the office of the insurance commissioner, shall analyze the impact to exchange consumers of offering only standard plans beginning in 2025 and submit a report to the appropriate committees of the legislature by December 1, 2023. The report must include an analysis of how plan choice and affordability will be impacted for exchange consumers across the state, including an analysis of offering a bronze standardized high deductible health plan compatible with a health savings account, and a gold standardized health plan closer in actuarial value to the silver standardized health plan.)) Beginning January 1, 2026:~~

(A) A health carrier offering a standardized health plan under this section may also offer one nonstandardized gold health plan, one nonstandardized bronze

health plan, one nonstandardized platinum health plan, and one nonstandardized catastrophic health plan in each county where the carrier offers a qualified health plan; and

(B) Nonstandardized silver plans may not be offered on the exchange.

(iii) The actuarial value of nonstandardized silver health plans offered on the exchange may not be less than the actuarial value of the standardized silver health plan with the lowest actuarial value.

(c) A health carrier offering a standardized health plan on the exchange under this section must continue to meet all requirements for qualified health plan certification under RCW 43.71.065 including, but not limited to, requirements relating to rate review and network adequacy.

(3) The exchange must annually review whether standardized health plans continue to maximize federal funding, ensure plan choice for individuals with health conditions, and respond to market conditions using the consultation process under subsection (1) of this section.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.71 RCW to read as follows:

(1) The exchange shall evaluate the effects on exchange consumers and health carriers of prohibiting nonstandardized silver plans on the exchange and reexamine whether moving toward a standardized market could provide a better customer experience with minimal market disruption. If the exchange finds that moving toward a standardized market remains advisable, it shall recommend a plan to the legislature on how to standardize the exchange market using a phased approach. The plan must include any additional authority the exchange requires to develop standardized plans at other actuarial value levels. The exchange shall report its findings and recommendations to the appropriate committees of the legislature no later than December 1, 2026.

(2) This section expires January 1, 2027."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds it unconscionable that health care providers or others may misrepresent the source of the human reproductive material provided to assisted reproduction patients. In such cases, false information leaves the children conceived through assisted reproduction without accurate information about their identity, family medical history, and true genetic parentage.

**Sec. 2.** RCW 9A.36.031 and 2013 c 256 s 1 are each amended to read as follows:

(1) A person is guilty of assault in the third degree if he or she, under circumstances not amounting to assault in the first or second degree:

(a) With intent to prevent or resist the execution of any lawful process or mandate of any court officer or the lawful apprehension or detention of himself, herself, or another person, assaults another; or

(b) Assaults a person employed as a transit operator or driver, the immediate supervisor of a transit operator or driver, a mechanic, or a security officer, by a public or private transit company or a contracted transit service provider, while that person is performing his or her official duties at the time of the assault; or

(c) Assaults a school bus driver, the immediate supervisor of a driver, a mechanic, or a security officer, employed by a school district transportation service or a private company under contract for transportation services with a school district, while the person is performing his or her official duties at the time of the assault; or

(d) With criminal negligence, causes bodily harm to another person by means of a weapon or other instrument or thing likely to produce bodily harm; or

(e) Assaults a firefighter or other employee of a fire department, county fire marshal's office, county fire prevention bureau, or fire protection district who was performing his or her official duties at the time of the assault; or

(f) With criminal negligence, causes bodily harm accompanied by substantial pain

that extends for a period sufficient to cause considerable suffering; or

(g) Assaults a law enforcement officer or other employee of a law enforcement agency who was performing his or her official duties at the time of the assault; or

(h) Assaults a peace officer with a projectile stun gun; or

(i) Assaults a nurse, physician, or health care provider who was performing his or her nursing or health care duties at the time of the assault. For purposes of this subsection: "Nurse" means a person licensed under chapter 18.79 RCW; "physician" means a person licensed under chapter 18.57 or 18.71 RCW; and "health care provider" means a person certified under chapter 18.71 or 18.73 RCW who performs emergency medical services or a person regulated under Title 18 RCW and employed by, or contracting with, a hospital licensed under chapter 70.41 RCW; or

(j) Assaults a judicial officer, court-related employee, county clerk, or county clerk's employee, while that person is performing his or her official duties at the time of the assault or as a result of that person's employment within the judicial system. For purposes of this subsection, "court-related employee" includes bailiffs, court reporters, judicial assistants, court managers, court managers' employees, and any other employee, regardless of title, who is engaged in equivalent functions; or

(k) Assaults a person located in a courtroom, jury room, judge's chamber, or any waiting area or corridor immediately adjacent to a courtroom, jury room, or judge's chamber. This section shall apply only: (i) During the times when a courtroom, jury room, or judge's chamber is being used for judicial purposes during court proceedings; and (ii) if signage was posted in compliance with RCW 2.28.200 at the time of the assault; or

(1) ~~Implants his or her gametes or reproductive material into a patient without the patient's written consent. For the purposes of this subsection, "gamete" means sperm, egg, or any part of a sperm or egg, and "reproductive material" means a human gamete or a human organism at any stage of development from fertilized ovum to embryo.~~

(2) Assault in the third degree is a class C felony.

**Sec. 3.** RCW 18.130.180 and 2023 c 192 s 2 and 2023 c 122 s 4 are each reenacted and amended to read as follows:

Except as provided in RCW 18.130.450, the following conduct, acts, or conditions constitute unprofessional conduct for any license holder under the jurisdiction of this chapter:

(1) The commission of any act involving moral turpitude, dishonesty, or corruption relating to the practice of the person's profession, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder of the crime

described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(2) Misrepresentation or concealment of a material fact in obtaining a license or in reinstatement thereof;

(3) All advertising which is false, fraudulent, or misleading;

(4) Incompetence, negligence, or malpractice which results in injury to a patient or which creates an unreasonable risk that a patient may be harmed. The use of a nontraditional treatment by itself shall not constitute unprofessional conduct, provided that it does not result in injury to a patient or create an unreasonable risk that a patient may be harmed;

(5) Suspension, revocation, or restriction of the individual's license to practice any health care profession by competent authority in any state, federal, or foreign jurisdiction, a certified copy of the order, stipulation, or agreement being conclusive evidence of the revocation, suspension, or restriction;

(6) The possession, use, prescription for use, or distribution of controlled substances or legend drugs in any way other than for legitimate or therapeutic purposes, diversion of controlled substances or legend drugs, the violation of any drug law, or prescribing controlled substances for oneself;

(7) Violation of any state or federal statute or administrative rule regulating the profession in question, including any statute or rule defining or establishing standards of patient care or professional conduct or practice;

(8) Failure to cooperate with the disciplining authority by:

(a) Not furnishing any papers, documents, records, or other items;

(b) Not furnishing in writing a full and complete explanation covering the matter contained in the complaint filed with the disciplining authority;

(c) Not responding to subpoenas issued by the disciplining authority, whether or not the recipient of the subpoena is the accused in the proceeding; or

(d) Not providing reasonable and timely access for authorized representatives of the disciplining authority seeking to perform practice reviews at facilities utilized by the license holder;

(9) Failure to comply with an order issued by the disciplining authority or a stipulation for informal disposition entered into with the disciplining authority;

(10) Aiding or abetting an unlicensed person to practice when a license is required;

(11) Violations of rules established by any health agency;

(12) Practice beyond the scope of practice as defined by law or rule;

(13) Misrepresentation or fraud in any aspect of the conduct of the business or profession;

(14) Failure to adequately supervise auxiliary staff to the extent that the consumer's health or safety is at risk;

(15) Engaging in a profession involving contact with the public while suffering from a contagious or infectious disease involving serious risk to public health;

(16) Promotion for personal gain of any unnecessary or inefficacious drug, device, treatment, procedure, or service;

(17) Conviction of any gross misdemeanor or felony relating to the practice of the person's profession. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(18) The offering, undertaking, or agreeing to cure or treat disease by a secret method, procedure, treatment, or medicine, or the treating, operating, or prescribing for any health condition by a method, means, or procedure which the licensee refuses to divulge upon demand of the disciplining authority;

(19) The willful betrayal of a practitioner-patient privilege as recognized by law;

(20) Violation of chapter 19.68 RCW or a pattern of violations of RCW 41.05.700(8), 48.43.735(8), 48.49.020, 48.49.030, 71.24.335(8), or 74.09.325(8);

(21) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the disciplining authority or its authorized representative, or by the use of threats or harassment against any patient or witness to prevent them from providing evidence in a disciplinary proceeding or any other legal action, or by the use of financial inducements to any patient or witness to prevent or attempt to prevent him or her from providing evidence in a disciplinary proceeding;

(22) Current misuse of:

(a) Alcohol;

(b) Controlled substances; or

(c) Legend drugs;

(23) Abuse of a client or patient or sexual contact with a client or patient;

(24) Acceptance of more than a nominal gratuity, hospitality, or subsidy offered by a representative or vendor of medical or health-related products or services intended for patients, in contemplation of a sale or for use in research publishable in professional journals, where a conflict of interest is presented, as defined by rules of the disciplining authority, in consultation with the department, based on recognized professional ethical standards;

(25) Violation of RCW 18.130.420;

(26) Performing conversion therapy on a patient under age eighteen;

(27) Violation of RCW 18.130.430;

(28) Violation of RCW 18.130.460; or

(29) Implanting the license holder's own gametes or reproductive material into a

patient without the patient's written consent.

**NEW SECTION. Sec. 4.** (1) By August 1, 2024, and within existing resources, the department of health must convene a work group of stakeholders to evaluate the issue of fraud in assisted reproduction in Washington and make recommendations to the governor and the appropriate committees of the legislature for addressing fraud in assisted reproduction.

(2) The work group must, at minimum, consist of stakeholders representing each of the following:

(a) The Washington association of prosecuting attorneys;

(b) Victims of crimes related to fraud in assisted reproduction;

(c) A statewide association representing physicians;

(d) A national organization focused on the advancement of the science and practice of reproductive medicine;

(e) Health care providers;

(f) Fertility clinics;

(g) Gamete banks; and

(h) Any other entities that the department of health determines should participate in the work group.

(3) After being convened, the work group must continue to meet at least once every two months to evaluate and make recommendations related to the following subjects:

(a) Conduct that may constitute fraud in assisted reproduction;

(b) Whether particular forms of fraud in assisted reproduction should be subject to increased regulation and enforcement, including consideration of whether to:

(i) Expand related professional disciplinary actions;

(ii) Expand related criminal penalties;

(iii) Provide additional civil causes of action or remedies to donors and patients who are harmed;

(iv) Extend related statutes of limitations; and

(v) Make any other relevant changes to support effective regulation and enforcement;

(c) Whether certain information about the identity and background of donors should be protected or shared, and with whom that information should be protected from or shared with;

(d) Whether to allow or prohibit anonymous donations;

(e) Whether there should be any limits on how frequently the same person may provide donations of reproductive material;

(f) Current regulations on assisted reproduction services offered by health care providers, fertility clinics, and gamete banks in Washington, including existing enforcement mechanisms;

(g) Approaches other jurisdictions have undertaken to address fraud in assisted reproduction, including any legislative efforts to address fraud in assisted reproduction in those jurisdictions;

(h) Resources for victims of fraud in assisted reproduction; and

(i) Any other relevant factors or considerations.

(4) The department of health must issue a final report containing the work group's findings and recommendations to the governor and the appropriate committees of the legislature by October 1, 2025.

(5) This section expires January 1, 2026."

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2000, having received the necessary constitutional majority, was declared passed.

**HOUSE BILL NO. 2266, by Representatives Stonier, Berry, Leavitt, Davis, Alvarado, Ramel, Peterson, Doglio, Ormsby, Fosse, Morgan, Simmons and Macri**

**Concerning sanitary conditions for construction workers who menstruate or express milk.**

The bill was read the second time.

Representative Schmidt moved the adoption of the striking amendment (896):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** In addition to the primary safety and health hazards faced by all construction workers, there are safety and health issues specific to construction workers who menstruate and/or express milk. As an ongoing effort to address labor shortages in the construction industry, as well as to continue recruiting and retaining underrepresented workers in the construction trades, the legislature intends to address some of the basic barriers faced by these construction workers.

**NEW SECTION. Sec. 2.** A new section is added to chapter 49.17 RCW to read as follows:

(1) The director shall adopt rules, pursuant to this section, to address safety and health issues specific to workers performing construction industry activities who menstruate or express milk, or both. The rules must be included in the rules governing construction safety standards.

(2) The rules adopted pursuant to this section must require employers in the construction industry to provide reasonable accommodations for workers performing construction activities who menstruate. Reasonable accommodations means providing:

(a) A minimum size bathroom that is equivalent to a standard sized portable chemical toilet, or access to a permanent structure with a bathroom. The bathroom must have an internal latch to be secured from inadvertent entry;

(b) Adequate time to accommodate for multiple layers of clothing while using the bathroom; and

(c) An adequate and convenient supply of menstrual hygiene products available at no cost to the workers. Menstrual hygiene products must either be located in all gender-neutral bathrooms and bathrooms designated for workers who menstruate, or provided in kits for each worker who needs such product.

(3) The rules adopted pursuant to this section must require employers in the construction industry to provide reasonable accommodations for workers performing construction activities to express milk. Reasonable accommodations means providing:

(a) Flexible work scheduling, including scheduling breaks and permitting work patterns that provide time for the expression of milk;

(b) A location, other than a bathroom, that is convenient and sanitary for the worker to express milk. The location must be private, free from intrusion, and lockable;

(c) Convenient hygienic refrigeration on the worksite for the storage of milk; and

(d) A convenient water source for the worker to clean and wash hands and milk expression equipment. The water source must be in a private location near the location where milk is expressed.

(4) On multi-employer worksites, each employer is responsible for ensuring that facilities for their own workers are provided."

Correct the title.

Representative Berry moved the adoption of amendment (917) to the striking amendment (896):

On page 1, line 15 of the striking amendment, after "construction" strike "industry"

On page 1, line 17 of the striking amendment, after "standards" insert "and must be applicable only to employers in the construction industry"

On page 1, line 22 of the striking amendment, after "bathroom" insert ", accessible on the jobsite,"

Representatives Berry and Schmidt spoke in favor of the adoption of the amendment to the striking amendment.

Amendment (917) to the striking amendment (896) was adopted.

Representative Schmidt moved the adoption of amendment (897) to the striking amendment (896):

On page 2, beginning on line 1 of the striking amendment, after "(3)" strike all material through "provided" on line 17 and insert "On multi-employer worksites, each employer is responsible for ensuring that facilities for their own workers are provided."

(4) The department and the office of the attorney general shall work together to educate employers on current state and federal laws regarding employers providing accommodations to employees expressing milk.

(5) The department shall create a workgroup consisting of construction employers and construction employees to review what has been successful and what challenges exist regarding accommodations for workers expressing milk on construction jobsites. The workgroup must compile its findings and submit a report to the appropriate committees of the legislature by December 1, 2024"

Representative Schmidt spoke in favor of the adoption of the amendment to the striking amendment.

Representative Berry spoke against the adoption of the amendment to the striking amendment.

Amendment (897) to the striking amendment (896) was not adopted.

Representative Reeves moved the adoption of amendment (921) to the striking amendment (896):

On page 2, line 17 of the striking amendment, after "provided." insert the following:

"(5)(a) Until thirty days after the date the department's adopted rule is filed with the code reviser, or July 1, 2025, whichever date is later, the department may not impose any monetary penalties for violations of this section. This subsection does not prohibit the department from receiving complaints, conducting inspections, issuing citations with no assessed penalty, and fixing reasonable time for abatement of the violation.

(b) When the department's final rules under this section are published by the code reviser in the state register, the department, in partnership with relevant labor organizations and the office of minority and women's business enterprises, shall conduct educational outreach to construction employers on the rights and responsibilities established in this section."

**"Sec. 5.** RCW 46.20.161 and 2021 c 158 s 7 are each amended to read as follows:

(1) The department, upon receipt of a fee of seventy-two dollars, unless the driver's license is issued for a period other than eight years, in which case the fee shall be

nine dollars for each year that the license is issued, which includes the fee for the required photograph, shall issue to every qualifying applicant a driver's license. A driver's license issued to a person under the age of eighteen is an intermediate license, subject to the restrictions imposed under RCW 46.20.075, until the person reaches the age of eighteen.

(2) The license must include:

(a) A distinguishing number assigned to the licensee;

(b) The name of record;

(c) Date of birth;

(d) Washington residence address;

(e) Photograph;

(f) A brief description of the licensee;

(g) Either a facsimile of the signature of the licensee or a space upon which the licensee shall write the licensee's usual signature with pen and ink immediately upon receipt of the license;

(h) If applicable, the person's status as a veteran as provided in subsection (4) of this section; and

(i) If applicable, a medical alert designation as provided in subsection (5) of this section.

(j) If applicable, a person's status as a sexually violent predator as provided in subsection (6) of this section.

(3) No license is valid until it has been signed by the licensee.

(4)(a) A veteran, as defined in RCW 41.04.007, or an individual who otherwise meets the criteria of RCW 41.04.007 but who has received a general discharge under honorable conditions, may apply to the department to obtain a veteran designation on a driver's license issued under this section by providing:

(i) A United States department of veterans affairs identification card or proof of service letter;

(ii) A United States department of defense discharge document, DD Form 214 or DD Form 215, as it exists on June 7, 2018, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, or equivalent or successor discharge paperwork, that shows a discharge status of "honorable" or "general under honorable conditions" that establishes the person's service in the armed forces of the United States;

(iii) A national guard state-issued report of separation and military service, NGB Form 22, as it exists on June 7, 2018, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, or equivalent or successor discharge paperwork, that shows a discharge status of "honorable" or "general under honorable conditions" that establishes the person's active duty or reserve service in the national guard; or

(iv) A United States uniformed services identification card, DD Form 2, that displays on its face that it has been issued to a retired member of any of the armed forces of the United States, including the national guard and armed forces reserves.

(b) The department may permit a veteran, as defined in RCW 41.04.007, or an individual who otherwise meets the criteria of RCW 41.04.007 but who has received a

general discharge under honorable conditions, to submit an alternate form of documentation to apply to obtain a veteran designation on a driver's license, as specified by rule, that requires a discharge status of "honorable" or "general under honorable conditions" and that establishes the person's service as required under RCW 41.04.007.

(5) Any person may apply to the department to obtain a medical alert designation, a developmental disability designation, or a deafness designation on a driver's license issued under this chapter by providing:

(a) Self-attestation that the individual:

(i) Has a medical condition that could affect communication or account for a driver health emergency;

(ii) Is deaf or hard of hearing; or

(iii) Has a developmental disability as defined in RCW 71A.10.020;

(b) A statement from the person that they have voluntarily provided the self-attestation and other information verifying the condition; and

(c) For persons under eighteen years of age or who have a developmental disability, the signature of a parent or legal guardian.

(6) A driver's license issued in accordance with section 1(6)(a)(iii) of this act must include a person's status as a sexually violent predator if the person has been found by a court to be a sexually violent predator under chapter 71.09 RCW.

~~((6))~~(7) A self-attestation or data contained in a self-attestation provided under this section:

(a) Shall not be disclosed;

(b) Is for the confidential use of the director, the chief of the Washington state patrol, and law enforcement and emergency medical service providers as designated by law; and

(c) Is subject to the privacy protections of the driver's privacy protection act, 18 U.S.C. Sec. 2725."

Voting Yea: Representatives Abbarno, Alvarado, Barkis, Barnard, Bateman, Berg, Bergquist, Berry, Bronoske, Caldier, Callan, Chambers, Chapman, Cheney, Chopp, Christian, Connors, Corry, Cortes, Couture, Davis, Dent, Doglio, Donaghy, Duerr, Dye, Entenman, Eslick, Farivar, Fey, Fitzgibbon, Fosse, Goehner, Goodman, Graham, Gregerson, Griffey, Hackney, Harris, Hutchins, Jacobsen, Klicker, Kloba, Kretz, Leavitt, Lekanoff, Low, Macri, Maycumber, McClintock, McEntire, Mena, Morgan, Mosbrucker, Nance, Orcutt, Ormsby, Ortiz-Self, Orwall, Paul, Peterson, Pollet, Ramel, Ramos, Reed, Reeves, Riccelli, Robertson, Rude, Rule, Ryu, Sandlin, Santos, Schmick, Schmidt, Senn, Shavers, Simmons, Slatter, Springer, Stearns, Steele, Stokesbary, Stonier, Street, Taylor, Thai, Tharinger, Timmons, Volz, Walen, Walsh, Waters, Wilcox, Wylie, Ybarra and Mme. Speaker

Excused: Representative Chandler

HOUSE BILL NO. 2433, having received the necessary constitutional majority, was declared passed.

The Speaker (Representative Bronoske presiding) called upon Representative Orwall to preside.

There being no objection, the House advanced to the eighth order of business.

#### MOTIONS

There being no objection, the Committee on Rules was relieved of the following bills and the bills were placed on the second reading calendar:

HOUSE BILL NO. 1239

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1479  
 HOUSE BILL NO. 1876  
 HOUSE BILL NO. 1942  
 HOUSE BILL NO. 1969  
 HOUSE BILL NO. 2012  
 HOUSE BILL NO. 2039  
 HOUSE BILL NO. 2049  
 HOUSE BILL NO. 2071  
 HOUSE BILL NO. 2084  
 HOUSE BILL NO. 2151  
 HOUSE BILL NO. 2160  
 HOUSE BILL NO. 2166  
 HOUSE BILL NO. 2180  
 HOUSE BILL NO. 2207  
 HOUSE BILL NO. 2236  
 HOUSE BILL NO. 2245  
 HOUSE BILL NO. 2246  
 HOUSE BILL NO. 2254  
 HOUSE BILL NO. 2256  
 HOUSE BILL NO. 2330  
 HOUSE BILL NO. 2354  
 HOUSE BILL NO. 2408  
 HOUSE BILL NO. 2458  
 HOUSE BILL NO. 2467  
 HOUSE BILL NO. 2494  
 HOUSE BILL NO. 1941  
 HOUSE BILL NO. 1970  
 HOUSE BILL NO. 2003  
 HOUSE BILL NO. 2117  
 HOUSE BILL NO. 2128  
 HOUSE BILL NO. 2210  
 HOUSE BILL NO. 2271  
 HOUSE BILL NO. 2293  
 HOUSE BILL NO. 2441  
 HOUSE BILL NO. 2454  
 HOUSE BILL NO. 2001

There being no objection, the Committee on Rules was relieved of the following bills and the bills were placed on the third reading calendar:

HOUSE BILL NO. 1052  
 SUBSTITUTE HOUSE BILL NO. 1104  
 SECOND SUBSTITUTE HOUSE BILL NO. 1205

There being no objection, the Committee on Agriculture & Natural Resources was relieved of ENGROSSED SENATE BILL NO. 6120, and the bill was referred to the Committee on Local Government.

There being no objection, the House reverted to the sixth order of business.

### SECOND READING

**HOUSE BILL NO. 1956, by Representatives Leavitt, Griffey, Ryu, Couture, Ramel, Slatter, Reed, Ormsby, Barnard, Callan, Timmons, Kloba, Cheney, Doglio, Paul, Berg, Lekanoff, Reeves, Riccelli, Wylie, Hackney, Pollet and Shavers**

**Addressing fentanyl and other substance use prevention education.**

The bill was read the second time.

There being no objection, Second Substitute House Bill No. 1956 was substituted for House Bill No. 1956 and the second substitute bill was placed on the second reading calendar.

SECOND SUBSTITUTE HOUSE BILL NO. 1956 was read the second time.

Representative Santos moved the adoption of amendment (936):

On page 3, beginning on line 32, after "(1)" strike all material through "section" on page 4, line 7 and insert "The office of the superintendent of public instruction shall collaborate with the department of health, the health care authority, other state agencies, and educational service districts to develop school and classroom materials on the lethality of fentanyl and other opioids in coordination with the public health campaign created in section 2 of this act. The office of the superintendent of public instruction must make these materials available to school districts and public schools.

(2) By December 1, 2025, the office of the superintendent of public instruction shall adjust the state health and physical education learning standards for middle and high school students to add opioids to the list of drugs included in drug-related education and update the school and classroom materials developed under subsection (1) of this section to reflect the adjusted standards required by this subsection (2). The office of the superintendent of public instruction must make these materials available to school districts and public schools"

Representatives Santos and Rude spoke in favor of the adoption of the amendment.

Amendment (936) was adopted.

Representative Leavitt moved the adoption of amendment (850):

On page 4, after line 16, insert the following:

"NEW SECTION. Sec. 7. This act may be known and cited as the Lucas Petty act."

Correct the title.

Representatives Leavitt and Rude spoke in favor of the adoption of the amendment.

Amendment (850) was adopted.

The bill was ordered engrossed.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives Leavitt, Rude and Griffey spoke in favor of the passage of the bill.

The Speaker (Representative Orwall presiding) stated the question before the House to be the final passage of Engrossed Second Substitute House Bill No. 1956.

### ROLL CALL

The Clerk called the roll on the final passage of Engrossed Second Substitute House Bill No. 1956, and the bill passed the House by the following vote: Yeas, 97; Nays, 0; Absent, 0; Excused, 1

Voting Yea: Representatives Abbarno, Alvarado, Barkis, Barnard, Bateman, Berg, Bergquist, Berry, Bronoske, Caldier, Callan, Chambers, Chapman, Cheney, Chopp, Christian, Connors, Corry, Cortes, Couture, Davis, Dent, Doglio, Donaghy, Duerr, Dye, Entenman, Eslick, Farivar, Fey, Fitzgibbon, Fosse, Goehner, Goodman, Graham, Gregerson, Griffey, Hackney, Harris, Hutchins, Jacobsen, Klicker, Kloba, Kretz, Leavitt, Lekanoff, Low,

Macri, Maycumber, McClintock, McEntire, Mena, Morgan, Mosbrucker, Nance, Orcutt, Ormsby, Ortiz-Self, Orwall, Paul, Peterson, Pollet, Ramel, Ramos, Reed, Reeves, Riccelli, Robertson, Rude, Rule, Ryu, Sandlin, Santos, Schmick, Schmidt, Senn, Shavers, Simmons, Slatter, Springer, Stearns, Steele, Stokesbary, Stonier, Street, Taylor, Thai, Tharinger, Timmons, Volz, Walen, Walsh, Waters, Wilcox, Wylie, Ybarra and Mme. Speaker

Excused: Representative Chandler

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1956, having received the necessary constitutional majority, was declared passed.

#### **SPEAKER'S PRIVILEGE**

The Speaker (Representative Orwall presiding) asked the Chamber to recognize the parents of Lucas Petty who were seated in the House Gallery.

#### **SECOND READING**

**HOUSE BILL NO. 1997, by Representatives Ryu, Leavitt, Reed, Kloba, Reeves, Pollet and Davis**

**Concerning gubernatorial appointments for the state parks and recreation commission.**

The bill was read the second time.

There being no objection, Substitute House Bill No. 1997 was substituted for House Bill No. 1997 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 1997 was read the second time.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives Ryu and Volz spoke in favor of the passage of the bill.

The Speaker (Representative Orwall presiding) stated the question before the House to be the final passage of Substitute House Bill No. 1997.

#### **ROLL CALL**

The Clerk called the roll on the final passage of Substitute House Bill No. 1997, and the bill passed the House by the following vote: Yeas, 95; Nays, 2; Absent, 0; Excused, 1

Voting Yea: Representatives Abbarno, Alvarado, Barkis, Barnard, Bateman, Berg, Bergquist, Berry, Bronoske, Calder, Callan, Chambers, Chapman, Cheney, Chopp, Christian, Connors, Corry, Cortes, Couture, Davis, Dent, Doglio, Donaghy, Duerr, Dye, Entenman, Eslick, Farivar, Fey, Fitzgibbon, Fosse, Goehner, Goodman, Graham, Gregerson, Griffey, Hackney, Harris, Hutchins, Jacobsen, Klicker, Kloba, Kretz, Leavitt, Lekanoff, Low, Macri, Maycumber, McClintock, Mena, Morgan, Mosbrucker, Nance, Orcutt, Ormsby, Ortiz-Self, Orwall, Paul, Peterson, Pollet, Ramel, Ramos, Reed, Reeves, Riccelli, Robertson, Rude, Rule, Ryu, Sandlin, Santos, Schmick, Schmidt, Senn, Shavers, Simmons, Slatter, Springer, Stearns, Steele, Stokesbary, Stonier, Street, Taylor, Thai, Tharinger, Timmons, Volz, Walen, Waters, Wilcox, Wylie, Ybarra and Mme. Speaker

Voting Nay: Representatives McEntire and Walsh

Excused: Representative Chandler

SUBSTITUTE HOUSE BILL NO. 1997, having received the necessary constitutional majority, was declared passed.

**HOUSE BILL NO. 2401, by Representatives Duerr, Doglio, Berry, Fitzgibbon, Ramel and Pollet**

**Providing for the responsible management of refrigerant gases with a higher global warming potential than carbon dioxide that are used in appliances or other infrastructure.**

The bill was read the second time.

There being no objection, Second Substitute House Bill No. 2401 was substituted for House Bill No. 2401 and the second substitute bill was placed on the second reading calendar.

SECOND SUBSTITUTE HOUSE BILL NO. 2401 was read the second time.

Representative Doglio moved the adoption of the striking amendment (905):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1. INTENT.** (1) The legislature finds that hydrofluorocarbons are climate pollutants that pose significant threats to our environment. Although hydrofluorocarbons currently represent a small portion of the state's greenhouse gas emissions, emissions of hydrofluorocarbons have been rapidly increasing in the United States and worldwide, and they are hundreds of times more potent at trapping heat than carbon dioxide. Preventing the release of hydrofluorocarbons is among the highest global impact measures to address the climate crisis.

(2) In 2019 and 2021, the legislature took significant steps towards reducing greenhouse gas emissions from hydrofluorocarbons by transitioning to the use of less damaging hydrofluorocarbons or other suitable substitutes in several new end-uses including their largest end-uses where they are used as refrigerants as well instituting a statewide refrigerant management program. However, significant sources of hydrofluorocarbons and refrigerant emissions in Washington remain unaddressed because vast quantities of refrigerants are contained inside the installed base of heating and cooling equipment beyond those covered by the statewide refrigerant management program. There is a dire need for improving life-cycle refrigerant management to prevent those refrigerants from being emitted into the atmosphere.

(3) On a national and global scale, the United States has begun implementing a phasedown of hydrofluorocarbons. The United States has ratified the global Kigali amendment to the Montreal protocol, an international agreement to phase down the production and consumption of hydrofluorocarbons by 85 percent by 2036. Domestically, in 2020, the United States congress enacted the American innovation and manufacturing act which closely matches the Kigali amendment's phase-down schedule. Any state actions that complement the phasedown by reducing demand of newly produced hydrofluorocarbons will help actualize the vast climate benefits expected from the American innovation and manufacturing act and the Kigali amendment.

(4) As in any circular economy, an important lever for reducing demand for new

or virgin material is to maximize the recovery, recycling, reclaiming, and reuse of existing material. The same principle can be successfully applied to refrigerants. However, the current state regulatory environment notably lacks a mechanism to ensure that refrigerants and greenhouse gases are recovered, reclaimed, and put back into the economy for reuse. Recognizing the benefits of minimizing refrigerant releases and maximizing reclamation, the United States environmental protection agency has recently proposed rules to require the use of reclaimed refrigerants in various sectors, including commercial and industrial refrigeration as well as air conditioners and heat pumps. Due to those pending federal regulations requiring the use of reclaimed refrigerants, it is in the state's interest to incentivize a refrigerant recovery, reclamation, and recycling program to ensure an adequate supply of refrigerant chemicals exists for Washington users as the transition to chemicals with lower climate-polluting risks takes place.

(5) Implementation of extended producer responsibility schemes in Washington and other leading states, including a financial incentive payment to be paid to service technicians and others for recovered gas, will incentivize a greater supply of used fluorinated refrigerants removed from equipment, which can then be reclaimed and reused. Increasing the supply of reclaimed refrigerants available to fulfill the demand for refrigerants in existing and new equipment will support smooth implementation of federal regulations under the American innovation and manufacturing act. It will also increase the supply of refrigerants for ramping new heat pump adoption to decarbonize the building stock. Overall, greater reclamation of hydrofluorocarbons will not only prevent direct greenhouse gas emissions but also support the state's building electrification and heat pump adoption goals.

(6) Once the need for reclaimed refrigerants has passed in the future, the most polluting refrigerant chemicals should be safely destroyed.

**NEW SECTION. Sec. 2. DEFINITIONS.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1)(a) "Bulk" means a covered refrigerant of any amount that is in a container for the transportation or storage of that substance such as cylinders, drums, ISO tanks, and small cans.

(b) A covered refrigerant that must first be transferred from a container to another container, vessel, or piece of equipment in order to realize its intended use is a bulk substance.

(c) A covered refrigerant contained in a manufactured product such as an appliance, an aerosol can, or a foam is not a bulk substance.

(2) "Covered refrigerant" means any fluorinated regulated refrigerant or substitute, as those terms are defined in chapter 70A.60 RCW, that are used for heat

transfer purposes to provide a cooling or heating effect.

(3) "Department" means the Washington state department of ecology.

(4)(a) "Destruction" means the expiration of a covered refrigerant to the destruction and removal efficiency actually achieved.

(b) Technologies used for destruction of covered refrigerants should be limited to the federally approved list of destruction technologies maintained under 40 C.F.R. Sec. 84.2 as it existed as of January 1, 2024.

(5) "Distributor" or "wholesaler" means any person or entity engaged in the distribution, wholesale sale, sale, or other commercial furnishing of any covered refrigerant or precharged equipment, except for service technicians transferring refrigerant to end-user consumers as part of a service call.

(6) "Partner participant" means an entity that is not a producer but is a part of the supply chain of covered refrigerants. "Partner participants" includes, but is not limited to, refrigerant distributors, wholesalers, reclaimers, and service technicians.

(7)(a) "Precharged equipment" means any appliance or refrigeration, air conditioning, or heat pump equipment or other equipment containing a quantity of covered refrigerant already added or charged into the equipment or appliance prior to installation in the field.

(b) "Precharged equipment" does not include equipment that does not contain any covered refrigerant already added or charged into the equipment prior to installation in the field, or that solely contains refrigerants other than covered refrigerants.

(c) "Precharged equipment" does not include equipment that contains only a covered refrigerant that is certified to be the responsibility of another producer under subsection (8)(b) or (c) of this section.

(8)(a) "Producer" includes:

(i) With respect to covered refrigerants, the person or entity who is the first point of sale for covered refrigerants that are sold, offered for sale, distributed, or otherwise entered into commerce in or into Washington;

(ii) With respect to precharged equipment:

(A) If the precharged equipment is sold under the brand of the precharged equipment manufacturer, the producer is the person that manufactures the precharged equipment;

(B) If the precharged equipment is sold under a retail brand or under a brand owned by a person other than the manufacturer, the producer is the brand owner;

(C) If there is no person to which (a)(ii)(A) or (B) of this subsection applies, the producer is the person that is the licensee of a brand or trademark under which the precharged equipment is used in a commercial enterprise, sold, offered for sale, or distributed in or into this state, whether or not the trademark is registered in this state;

(D) If there is no person described in (a)(ii)(A) through (C) of this subsection within the United States, the producer is the person who is the importer of record for

the precharged equipment into the United States for use in a commercial enterprise that sells, offers for sale, or distributes the precharged equipment in this state;

(E) If there is no person described in (a)(ii)(A) through (D) of this subsection with a commercial presence within the state, the producer is the person who first sells, offers for sale, or distributes the precharged equipment in or into this state.

(b) A person is the "producer" as defined in (a) of this subsection except where another person has mutually signed an agreement with a producer as defined in (a) of this subsection that contractually assigns responsibility to the producer, and the person has joined a registered refrigerant stewardship organization as the responsible producer for that covered refrigerant, precharged equipment, or refrigerant contained in the precharged equipment. In the event that another person is assigned responsibility as the producer under this subsection (8)(b), the producer under (a) of this subsection must provide written certification of that contractual agreement to the refrigerant stewardship organization and to the department.

(c) "Producer" does not include any person who only manufactures, sells, offers for sale, distributes, or imports into the state precharged equipment if the gas contained in the precharged equipment is supplied by a producer that has joined a registered refrigerant stewardship organization as the producer for that precharged equipment and the covered refrigerant contained in the precharged equipment under this chapter. Such a producer of gas that is included in precharged equipment must provide written certification of that membership to both the producer of the precharged equipment and the refrigerant stewardship organization of which the gas producer is a member.

(9) "Reclaimer" means any person undertaking reclamation of covered refrigerants in compliance with federal requirements, including recordkeeping and reporting and all other requirements stipulated under 40 C.F.R. Sec. 84, as it existed as of January 1, 2024.

(10) "Reclamation" or "reclaim" means the reprocessing of a recovered covered refrigerant or substitute to recover usable products or regenerate the material, including to at least the purity specified in the air conditioning, heating, and refrigeration institute (AHRI) standard 700-2016 and verifying this purity using the analytical methodology prescribed in the standard, and meets the reclamation standard of containing no greater than 15 percent virgin or new material by weight.

(11) "Recovery" means the process by which a regulated refrigerant is:

(a) Removed, in any condition, from equipment in a manner consistent with 40 C.F.R. 82.158, as it existed as of January 1, 2024, or in a manner consistent with federal regulations updated after January 1, 2024, and subsequently adopted by the department by rule; and

(b) Stored in an external container, with or without testing or processing of the regulated refrigerant.

(12) "Recovery rate" means the proportion of the total amount of recovered covered refrigerant that is collected and subsequently undergoes reclamation or destruction as a fraction of the estimated total amount of covered refrigerant that is available for recovery from equipment in a given year, as calculated by the refrigerant stewardship organization and approved by the department.

(13) "Refrigerant stewardship organization" means a producer that directly implements a stewardship plan under this chapter or a nonprofit entity formed to implement a stewardship plan under this chapter, including the collection and management of covered refrigerants, and the disbursement of funds to incentivize enhanced refrigerant recovery, reclamation, and destruction.

(14) "Retail establishment" means a person who sells precharged equipment containing covered refrigerants in or into this state or offers or otherwise makes available covered precharged equipment to a customer, including other businesses, for use in this state.

(15) "Service technician" means any person certified by the United States environmental protection agency under section 608 or 609, as appropriate, of the federal clean air act, as it existed as of January 1, 2024, or the federal American innovation and manufacturing act of 2020, as it existed as of January 1, 2024.

**NEW SECTION. Sec. 3. REQUIREMENT THAT PRODUCERS IMPLEMENT A PROGRAM.** (1) Beginning January 1, 2025, any producer who sells, or otherwise enters into commerce, bulk covered refrigerants or precharged equipment containing a covered refrigerant into the state of Washington must register with the department through a refrigerant stewardship organization. Beginning January 1, 2025, each producer must participate in a refrigerant stewardship organization and appropriately fund the operations of the refrigerant stewardship organization.

(2) Beginning July 1, 2025, a producer that does not participate in a registered refrigerant stewardship organization is prohibited from selling bulk covered refrigerants or precharged equipment in or into Washington.

(3) By December 1, 2027, in order to be eligible to receive an incentive payment from a refrigerant stewardship organization consistent with section 8 of this act, each entity that is not a producer but sells, resells, distributes, or otherwise enters into commerce bulk covered refrigerants after the first point of sale must register with a refrigerant stewardship organization as a partner participant in the refrigerant stewardship organization. A partner participant may include, but is not limited to, refrigerant distributors, wholesalers, reclaimers, and service technicians. Partner participants are not required to fund a refrigerant stewardship organization, but may be recipients of financial incentives aimed at enhancing refrigerant recovery. In order to be eligible to receive a financial incentive payment, partner participants must

keep records and report information to a refrigerant stewardship organization in the manner necessary to enable the refrigerant stewardship organization to fulfill its reporting requirements to the department under section 10 of this act.

(4) Beginning January 1, 2028, producers, through a refrigerant stewardship organization, shall implement the plan approved by the department as outlined in section 4 of this act.

**NEW SECTION. Sec. 4. STEWARDSHIP PLAN COMPONENTS.** (1) By May 1, 2027, a refrigerant stewardship organization or organizations must submit a plan to the department for review and approval. Within 120 days of submission, the department must review and may approve a plan provided it contains and adequately addresses the following components:

(a) Includes contact information for each producer in the plan;

(b) (i) Identifies the brands and equipment models of each producer of precharged equipment containing covered refrigerants participating in the plan; and

(ii) Identifies the producers for each type of bulk covered refrigerant manufactured, imported, or distributed into the state;

(c) Proposes the implementation mechanisms through which the program expects to meet the requirements of the performance assessment established in section 5 of this act and describes the methods used to calculate whether the program is achieving its performance targets, including a specific description of the data sources and calculations to be relied upon in calculating a recovery rate for department approval;

(d) Includes a detailed and comprehensive list of promotion activities to be undertaken as part of the educational and outreach program required in section 7 of this act;

(e) Describes the mechanisms used for the collection and consolidation of recovered covered refrigerants, as well as destruction of any recovered covered refrigerants collected by the program that are deemed too contaminated to be reclaimed by a reclaimer certified by the United States environmental protection agency, consistent with section 6 of this act, including the financial incentives described in section 8 of this act that are to be paid to persons that furnish covered refrigerants recovered from equipment in the state;

(f) Identifies proposed transporters, processors, and facilities to be used by the program for the reclamation, destruction, and final disposition of covered refrigerants that are deemed too contaminated to be reclaimed by a reclaimer certified by the United States environmental protection agency;

(g) Describes the financing methods to implement the plan, consistent with section 8 of this act, including how producer fees and fee modulation will incorporate incentives for the recovery and collection of covered refrigerants in a manner that prioritizes the reclamation and reuse of

those covered refrigerants and minimizes their emissions;

(h) The performance targets established consistent with section 5 of this act;

(i) A description of safety procedures or best management practices that must be used by collection sites;

(j) An analysis of how the program will achieve the required convenience standards; and

(k) Additional information determined by the department to be necessary to ensure effective implementation of the requirements of this chapter by the refrigerant stewardship organization and effective oversight of refrigerant stewardship organization activities by the department.

(2) The department may:

(a) Amend the plan submitted for approval under subsection (1) of this section if necessary to render the plan in compliance with a significant requirement of this chapter; and

(b) Require a refrigerant stewardship organization to implement the amended plan.

(3) A refrigerant stewardship organization must submit an updated plan to the department for approval no less frequently than every five years. In addition, if required by the department, a refrigerant stewardship organization must submit a new plan to the department for approval:

(a) When there is a change to the method of financing plan implementation under section 8 of this act; and

(b) If there are significant changes to the methods of collection or end-of-life management under section 6 of this act that are not covered by the plan.

**NEW SECTION. Sec. 5. PERFORMANCE MEASUREMENTS.** (1) In plans submitted under section 4 of this act, a refrigerant stewardship organization shall set, and the department must review and may approve, reasonable binding interim annual performance targets in addition to and in advance of the 2032 recovery rate target.

(2) A refrigerant stewardship organization must propose and achieve an annual recovery rate of at least 70 percent in calendar year 2032 of implementation and every subsequent year.

(3) The department may adjust the target annual recovery rates and other performance targets in subsequent years beyond 2032 with the goal of optimizing refrigerant recovery and end-of-life management outcomes.

(4) The department may specify any additional reporting requirements required for the calculation of recovery rates and other performance targets consistent with this section that are above and beyond the reporting requirements listed in section 10 of this act.

(5) By October 1st of each year following the submission of an annual report under section 10 of this act, and based on the data reported to the department by refrigerant stewardship organizations as outlined in section 10 of this act, the department shall publish an annual report assessing the performance of refrigerant stewardship organizations. The annual report

must include an evaluation of the recovery rates and other performance targets achieved by the program and any recommendations for continued improvement in the quantities of covered refrigerants collected, reclaimed, or destroyed.

**NEW SECTION. Sec. 6. COLLECTION AND MANAGEMENT.** (1) A refrigerant stewardship organization must provide for the collection of all covered refrigerants recovered by any person from within the state of Washington. A collection site may not charge a collection fee at the time when covered refrigerants are returned to the collection site and a financial incentive must be paid to a service technician who recovers the covered refrigerant, consistent with section 8 of this act.

(2) At a minimum, a refrigerant stewardship organization must provide statewide opportunities for the collection of bulk covered refrigerant through:

(a) At least one permanent collection site in each county unless granted an infeasibility waiver from this requirement by the department; and

(b) Existing commercial sites operated by distributors and wholesalers of covered refrigerants who participate in a refrigerant stewardship organization. Distributors and wholesalers must offer such sites as program collection sites for recovered bulk covered refrigerants.

(3) Other entities including, but not limited to, the following may serve as collection sites:

(a) A retail establishment that sells precharged equipment containing covered refrigerants may elect to serve as a collection site; and

(b) Local governments or nonprofit organizations that operate household hazardous waste facilities or other solid waste facilities may elect for these facilities to serve as collection sites under the program.

(4) A refrigerant stewardship organization and any person hired by the refrigerant stewardship organization to carry out services related to refrigerant recovery or collection must manage covered refrigerants in a manner consistent with best practices consistent with federal refrigerant management regulations under sections 608 and 609 of the clean air act (40 C.F.R. Part 82) and WAC 173-443-205, as they existed as of January 1, 2024, or as updated by the department by rule after that date in order to maintain consistency with updated federal regulations, that minimize the release into the environment and in compliance with all applicable state rules and federal regulations.

(5) A refrigerant stewardship organization may suspend or terminate a collection site that does not adhere to the collection site criteria in the approved plan or that poses an immediate health or safety concern. A refrigerant stewardship organization must notify the department upon suspending or terminating a collection site.

**NEW SECTION. Sec. 7. EDUCATION AND OUTREACH.** (1) A refrigerant stewardship

organization must carry out promotional activities in support of plan implementation including, but not limited to:

(a) The development and maintenance of a website;

(b) The development and placement of graphic advertisements for use on social media or other relevant media platforms;

(c) The development of promotional materials about the program to be used by the refrigerant stewardship organization, government agencies, and nonprofit organizations, businesses, and others;

(d) Educational promotional materials targeted towards service technicians made available at each collection site used by the refrigerant stewardship organization; and

(e) Educational materials to be used at the point of sale for precharged equipment.

(2) During the first year of program implementation and every five years thereafter, a refrigerant stewardship organization must carry out a survey of the program's partner participants awareness to determine the effectiveness of the requirements of the program and awareness of the program established under this chapter. A refrigerant stewardship organization must share the results of the awareness surveys with the department, who may choose to make the information public.

(3) If multiple refrigerant stewardship organizations are implementing plans approved by the department, the refrigerant stewardship organizations must coordinate in carrying out their education and outreach responsibilities under this section and must include in their annual reports to the department a summary of their coordinated education and outreach efforts.

**NEW SECTION. Sec. 8. FINANCIAL REQUIREMENTS.** (1) A refrigerant stewardship organization must ensure adequate funding is available to fully implement its stewardship plan, including the implementation of aspects of the plan addressing:

(a) The collection of recovered covered refrigerants;

(b) Education and outreach;

(c) Annual reporting to the department;

(d) The payments of a financial incentive to persons with a United States environmental protection agency refrigerant certification under section 608 or 609 of the federal clean air act or the American innovation and manufacturing act of 2020, as they existed as of January 1, 2024, that furnish recovered covered refrigerants to the program for collection;

(e) The payments for services rendered by distributors, wholesalers, or any persons providing collection sites for recovered covered refrigerants; and

(f) The payment of administrative fees to the department.

(2)(a) A refrigerant stewardship organization must develop and implement a system to collect charges from participating producers to cover the costs of plan implementation in an equitable, environmentally sound, and socially just manner. Except as provided in (f) of this subsection, a refrigerant stewardship

organization's system of charges must utilize a standard per-mass unit assessment applied based on the volume of covered refrigerants introduced into Washington.

(b) The system of charges must apply equally regardless of whether that refrigerant is contained in precharged equipment or manufactured, imported, distributed, or sold directly onto the market as bulk covered refrigerants. For precharged equipment, the system of charges may rely on reasonable estimations of refrigerant volumes contained in the precharged equipment.

(c) To allow a refrigerant stewardship organization to establish an equitable and reasonable system of charges for producers of precharged equipment and bulk covered refrigerants, and to allow the refrigerant stewardship organization to calculate recovery rates for purposes of section 5 of this act, a refrigerant stewardship organization may require a producer to provide product specifications and product sale and distribution volumes in or into Washington for precharged equipment and bulk covered refrigerants.

(d) In the plan proposed to the department, the refrigerant stewardship organization must propose an initial rate per pound of covered refrigerant to calculate the charges due from producers in the first year of the program, consistent with the requirements of this section. The department may approve the proposed rate of the refrigerant stewardship organization if it determines, based on consideration of the experiences of other jurisdictions that have implemented similar programs, that the proposed rate will be sufficient for the refrigerant stewardship organization to achieve the performance targets established in section 5 of this act and to carry out the other obligations of the refrigerant stewardship organization under this chapter.

(e) For each year beginning in 2029, the charges due from producers may be adjusted as follows:

(i) A refrigerant stewardship organization may propose to the department to adjust the initial per pound rate based on the performance assessment described in section 5 of this act, and the department may review and make a determination whether to approve the adjustment; or

(ii) The department may of its own volition adjust the rate based on the performance assessment described in section 5 of this act.

(f) Applicable no earlier than in calendar year 2031 of program operations, and using the process specified in (e) of this subsection, a refrigerant stewardship organization's system of charges may utilize an assessment that is weighted based on the global warming potential of each covered refrigerant, with a proportionally higher fee being assessed for gases with comparatively higher global warming potential.

(3) The system of charges must use ecomodulated fees to encourage the use of design attributes that reduce the environmental impacts of covered refrigerants. Examples of ecomodulated fees include, but are not limited to:

(a) Encouraging designs or business models intended to facilitate recovery, reclamation, and reuse of refrigerants;

(b) Encouraging the use of reclaimed refrigerants; and

(c) Encouraging a sliding scale of fees based upon refrigerant global warming potential.

(4) A refrigerant stewardship organization is responsible for all costs of recovered covered refrigerant collection, education, administration, and agency reimbursement in accordance with best environmental management practices.

(5) A refrigerant stewardship organization is not authorized to reduce or cease collection, education and outreach, or other activities implemented under an approved plan based on the achievement of program performance targets or achieving a level of programmatic efficacy that is higher than that required in section 5 of this act.

(6)(a) To encourage persons to manage recovered covered refrigerants through the program and to ensure that the program targets established in section 5 of this act are achieved, a refrigerant stewardship organization must propose in its plan, and carry out in its program, the payment of a financial incentive for each mass unit, such as pound of covered refrigerant, that a partner participant registered with the refrigerant stewardship organization furnishes to the program for management. Financial incentive payments must be made, where appropriate, to the employer of the person furnishing the covered refrigerant to the program for management, as long as the employer of the person furnishing the covered refrigerant provides a payment mechanism in which no less than 90 percent of the value of the financial incentive is received by the person furnishing the refrigerant to the program. Persons receiving financial incentives must possess a refrigerant certification under section 608 or 609 of the federal clean air act or the American innovation and manufacturing act of 2020, as they existed as of January 1, 2024. This financial incentive is not required to be consistent with the amount specified in subsection (2) of this section. A refrigerant stewardship organization must demonstrate to the department that the amount of the financial incentive for each unit of covered refrigerant will be sufficient to incentivize the use of the program by service technicians or other persons with unwanted recovered covered refrigerant, to discourage illegal dumping or venting of refrigerants or other pollutants, and must be in addition to any other incentive payments offered for the same covered refrigerants or precharged equipment through utility rebate, energy efficiency, or other programs.

(b) The financial incentives offered through the program may vary as appropriate to ensure the achievement of the performance targets established in section 5 of this act in an efficient manner. In developing the financial incentives, a refrigerant stewardship organization may consider any combination of the following:

(i) The volume of recovered covered refrigerant furnished by a partner participant;

(ii) The type and purity of recovered covered refrigerant; and

(iii) Whether the recovered covered refrigerant has been collected and furnished to the program in a manner that minimizes the costs and environmental impacts of managing that refrigerant and whether it has been collected and furnished in a manner that facilitates the reuse of the refrigerant rather than its destruction, where appropriate.

(c) If the department determines that a refrigerant stewardship organization has not met a performance target established in section 5 of this act, the department may require the refrigerant stewardship organization to increase the value of the financial incentive established under this subsection.

(d) The refrigerant stewardship organization may retain a cash reserve on a year-over-year basis in order to ensure the refrigerant stewardship organization's ability to pay financial incentives in future years for the covered refrigerant furnished to the program.

(7) A refrigerant stewardship organization must reimburse demonstrable costs incurred at a collection site as a result of a serving as a collection site for the program including, but not limited to, associated labor costs, transportation costs, and other costs associated with safety, accessibility, and operation of the collection site. A refrigerant stewardship organization may provide additional supports to facilitate the recovery of covered refrigerants including, but not limited to, assistance for service technicians in obtaining equipment to facilitate recovery of covered refrigerants.

(8) (a) It is the intent of the legislature to not incentivize refrigerant destruction under this chapter in the initial years of program implementation.

(b) As federal programs under the American innovation in manufacturing act, including those in 40 C.F.R. Part 84, and similar state programs phase down the use of hydrofluorocarbon refrigerants, the department may evaluate the benefits of incentivizing destruction, and on or after January 1, 2035, the department may by rule set an incentive for destruction of covered refrigerants that may not be used for any carbon credits or other greenhouse gas offset credits, including under chapter 70A.65 RCW.

(9) If more than one refrigerant stewardship organization is registered within the state, each refrigerant stewardship organization must coordinate with other refrigerant stewardship organizations to provide reimbursement, to ensure that covered refrigerants are not reported as supplied or managed by more than one refrigerant stewardship organization, and to ensure that one or more of the registered refrigerant stewardship organizations do not inequitably subsidize the operations of other registered refrigerant stewardship organizations through the overpayment of financial

incentives to service technicians and other persons relative to that refrigerant stewardship organization or refrigerant stewardship organization's share of covered refrigerants that it is responsible for in the state.

NEW SECTION. **Sec. 9.** ROLE OF RETAIL ESTABLISHMENTS SELLING PRECHARGED EQUIPMENT.

(1) Beginning July 1, 2028, retail establishments may not sell, offer for sale, otherwise make available for sale, install, or otherwise furnish to customers precharged equipment containing a covered refrigerant unless the producer responsible for the precharged equipment participates in a refrigerant stewardship organization.

(2) A retail establishment is in compliance with the requirements of subsection (1) of this section and is not subject to penalties as long as the website made available by the department under section 12 of this act lists, as of the date the precharged equipment is made available for retail sale, the producer responsible for the brand and appliance model of the precharged appliance, sold by the retail establishment as being a participant in an approved plan or the implementer of an approved plan.

(3) A retail establishment that sells precharged equipment containing covered refrigerant is not required to make retail locations available to serve as collection sites or services for a program operated by a refrigerant stewardship organization. However, a retail establishment that agrees to make a retail location available to serve as a collection site or otherwise offers refrigerant recovery services for a program must comply with the requirements for collection sites and service providers, consistent with section 6 of this act.

(4) A retail establishment selling or offering precharged equipment containing covered refrigerant for sale in Washington must provide information to customers, provided to the retail establishment by each refrigerant stewardship organization, regarding available end-of-life management options for covered refrigerants collected by the refrigerant stewardship organization. The information that a refrigerant stewardship organization must make available to retail establishments and refrigerant service providers must include, but is not limited to, in-store signage, written materials, and other promotional materials that retail establishments and refrigerant service providers must use to inform customers of the available end-of-life management options for covered refrigerants collected by the refrigerant stewardship organization. All materials developed by a refrigerant stewardship organization under this subsection must:

(a) Inform customers regarding the climate impacts of refrigerants;

(b) Encourage customers to choose a service technician participating in the program and encourage customers to confirm with their service technician that the customer's refrigerants will be reclaimed; and

(c) Identify the prohibitions under federal law and chapters 70A.15 and 70A.60 RCW on the willful release of refrigerants.

(5) Retail establishments, refrigerant service providers, producers, or refrigerant stewardship organizations may not charge a point-of-sale fee to consumers to cover the administrative or operational costs of the refrigerant stewardship organization or the program.

**NEW SECTION. Sec. 10. REPORTING AND RECORDKEEPING REQUIREMENTS FOR THE REFRIGERANT STEWARDSHIP ORGANIZATION, PRODUCERS, AND PARTICIPANTS.** (1) By June 1, 2029, and each June 1st thereafter, a refrigerant stewardship organization must submit an annual report to the department covering the preceding calendar year of program implementation. The report must include:

(a) An independent financial audit of a program implemented by the refrigerant stewardship organization, including a breakdown of the program's expenses, such as collection, storage, transportation, and other operational activities in support of the program;

(b) A summary financial statement documenting the financing of the refrigerant stewardship organization program and an analysis of program costs and expenditures, including an analysis of the program's expenses, such as collection, storage, transportation, and other activities in support of the program;

(c) On an annual basis, key quantitative data regarding program operations, including:

(i) The quantity of each type of covered refrigerant, whether in bulk or contained inside precharged equipment, sold into the state of Washington by each producer;

(ii) The quantity of each type of recovered covered refrigerant and the management outcomes of those recovered covered refrigerants as to reclamation, destruction, or transportation for those purposes, or any maintained stocks; and

(iii) A calculation of the recovery rate and other performance targets established under section 5 of this act, including the sources of data relied upon in the recovery rate calculation;

(d) For each facility used as a collection site, the name and address of the facility with links to appropriate websites where there are existing websites associated with a location;

(e) A summary of the activities carried out at the collection sites;

(f) A summary of the education and outreach activities supporting plan implementation, including a summary of coordinated education and outreach efforts with refrigerant stewardship organizations if multiple refrigerant stewardship organizations have formed, and the results of awareness surveys;

(g) Any changes to:

(i) The list of producers participating, including producers of precharged equipment;

(ii) Collection infrastructure, including the list of collection sites;

(iii) Recovery rates and progress towards performance targets; and

(iv) The program necessary to continue progress towards performance targets; and

(h) Any other information about program operations required to be included in the annual report in rules adopted by the department.

(2) On March 1st, June 1st, September 1st, and December 1st of each year in which a refrigerant stewardship organization implements a program, a refrigerant stewardship organization must submit to the department an updated list of participating producers of covered refrigerants and precharged equipment, and the brands and models for precharged equipment, to be posted on the department's website.

(3) The partner participants in a refrigerant stewardship organization, such as distributors and wholesalers of bulk covered refrigerants or precharged equipment, are required to keep records of information needed by the refrigerant stewardship organization to fulfill the refrigerant stewardship organization's reporting requirements listed in this section and to aid the performance assessment requirements listed in section 5 of this act. To the extent feasible, recordkeeping and reporting requirements applicable to partner participants must be harmonized with the recordkeeping and reporting requirements under chapter 70A.60 RCW and required by the United States environmental protection agency. Partner participants must report information to a refrigerant stewardship organization in a form and manner prescribed by the refrigerant stewardship organization, and consistent with the following:

(a) By March 31st of each year a refrigerant stewardship organization implements a program, distributors and wholesalers must report to each refrigerant stewardship organization quantities and types of covered refrigerants sold to them by each producer participating in that refrigerant stewardship organization and subsequently resold by them for use in the state of Washington, and not neighboring states, in the prior year;

(b) Distributors and wholesalers must keep the same records outlined in (a) of this subsection for a period of five years;

(c) Distributors and wholesalers must require attestation from any service technician or other individual returning recovered covered refrigerant that the refrigerant came from the state of Washington. At minimum, the attestation must include quantities and types of refrigerants recovered at each location inside of Washington, as well as the address of the recovery;

(d) The department may require a refrigerant stewardship organization to submit any of the records listed in (a) through (c) of this subsection at any time.

**NEW SECTION. Sec. 11. PROTECTION OF CONFIDENTIAL AND BUSINESS SENSITIVE INFORMATION.** A refrigerant stewardship organization may request that the information or records be made available

only for the confidential use of the department, the director of the department, or the appropriate division of the department. The director of the department must give consideration to the request and if this action is not detrimental to the public interest and is otherwise in accordance with the policies and purposes of chapter 43.21A RCW, the director must grant the request for the information to remain confidential as authorized in RCW 43.21A.160.

**NEW SECTION. Sec. 12. ROLES AND RESPONSIBILITIES OF DEPARTMENT OF ECOLOGY SECTION.** (1) The department must implement, administer, and enforce this chapter. By December 31, 2026, the department shall adopt rules as necessary to implement, administer, and enforce this chapter. If, after January 1, 2024, the United States environmental protection agency updates the federal standards referenced in section 2 of this act, including the provisions referenced in the definitions of "reclaimer," "service technician," "recovery," and "destruction" in section 2 of this act, the department must notify the appropriate committees of the legislature and recommend appropriate changes to the definitions in section 2 of this act in order to maintain consistency with federal law.

(2) (a) By April 1, 2027, and every April 1st thereafter, the department must:

(i) Identify the projected annual costs to implement, administer, and enforce this chapter;

(ii) Determine a total annual fee payment to be paid by each refrigerant stewardship organization that is adequate to cover, but not exceed, the costs identified in (a)(i) of this subsection;

(iii) By December 31, 2026, adopt rules to equitably determine the annual fee payment by a refrigerant stewardship organization; and

(iv) Send notice to a refrigerant stewardship organization of fee amounts due consistent with rules adopted under (a)(iii) of this subsection.

(b) The department must:

(i) Apply any remaining annual payment funds from the current year to the annual payment for the coming fiscal year, if the collected annual payment exceeds the costs identified under (a)(ii) of this subsection for a given year; and

(ii) Increase annual payments for the coming fiscal year to cover the costs identified under (a)(ii) of this subsection, if the collected annual payment was less than the amount required to cover those costs for a given year.

(3) (a) The department must review new, updated, and revised plans submitted by a refrigerant stewardship organization. The department must:

(i) Make new, updated, and revised plans available for public review and comment for at least 30 days prior to the department's approval decision;

(ii) Review new, updated, and revised refrigerant stewardship organization plans

within 120 days of receipt of a complete plan;

(iii) Make a determination as to whether or not to approve a plan, plan update, or plan revision and notify the refrigerant stewardship organization of the:

(A) Determination of approval if a plan provides for a program that meets the requirements of this chapter, taking into consideration comments received under (a)(i) of this subsection; or

(B) Reasons for not approving a plan. A refrigerant stewardship organization must submit a new or revised plan within 60 days after receipt of the letter of disapproval. In the event that a new or revised plan submitted by a refrigerant stewardship organization does not sufficiently meet the requirements of this chapter, including any deficiencies identified in the initial letter of disapproval, the department may:

(I) Use the enforcement powers specified in section 13 of this act; or

(II) Amend the contents of the insufficient new or revised plan in a manner that ensures that the plan meets the requirements of this chapter and the department may require the refrigerant stewardship organization to implement the plan as amended by the department.

(b) The approval of a plan by the department does not relieve producers participating in the plan from responsibility for fulfilling the requirements of this chapter.

(4) The department must review annual reports submitted by a refrigerant stewardship organization as required in section 10 of this act. The department must:

(a) Make annual reports available for public review and comment for at least 30 days upon the receipt of the annual report by the department;

(b) Review the annual report within 120 days of receipt of a complete annual report;

(c) Make a determination as to whether or not an annual report meets the requirements of section 10 of this act and notify a refrigerant stewardship organization of the:

(i) Determination of approval of the annual report; or

(ii) Reasons for not approving the annual report. The refrigerant stewardship organization must submit a revised annual report within 60 days after receipt of the letter of disapproval;

(d) Notify a refrigerant stewardship organization if the annual report demonstrates that the program and activities to implement the plan fail to achieve the performance targets approved by the department or otherwise fail to achieve significant requirements under this chapter.

(5) Consistent with section 6 of this act, the department may grant an infeasibility waiver temporarily exempting, for the duration of a plan, a refrigerant stewardship organization from the requirement to provide a permanent collection site in each county. The department may only grant an exemption if the refrigerant stewardship organization demonstrates that no refrigerant distributor, wholesaler, or service provider exists to service a collection site, no local government or retail establishment has

voluntarily elected to serve as a collection site, and that access to collection services by persons in possession of recovered covered refrigerants will not be substantially affected by the lack of a permanent collection site in a low population density county. The refrigerant stewardship organization, if granted an infeasibility waiver under this section must, at minimum, hold at least two collection events each year in any counties covered by the infeasibility waiver.

(6) The department must maintain a public website that:

(a) Lists details of each refrigerant stewardship organization along with its member producers, participants, and the covered refrigerants and brands and models precharged equipment that are included under the refrigerant stewardship organization's plan; and

(b) Makes available each plan and annual report received by the department under this chapter.

(7) If multiple refrigerant stewardship organizations form to implement plans, and if requested by the refrigerant stewardship organizations, the department may serve as a coordinating body or oversee coordination of refrigerant stewardship organization plans.

**NEW SECTION. Sec. 13. PENALTIES.**

(1) (a) The department may administratively impose a civil penalty of up to \$1,000 per violation per day on any person who violates this chapter and up to \$10,000 per violation per day for the second and each subsequent violation.

(b) Prior to imposing penalties under this subsection, the department must provide a person with a written warning for the first violation by the person of the requirements of this chapter. The written warning must inform the person that the person must participate in an approved plan or otherwise come into compliance with the requirements of this chapter within 30 days of the notice. A person that violates a provision of this chapter after the initial written warning may be assessed a penalty as provided in this subsection.

(2) Upon the department notifying a refrigerant stewardship organization that it has not met a significant requirement of this chapter, the department may, in addition to assessing the penalties provided in subsection (1) of this section, take any combination of the following actions:

(a)(i) Issue corrective action orders to a producer or a refrigerant stewardship organization;

(ii) Issue orders to a refrigerant stewardship organization to provide for the continued implementation of the program in the absence of an approved plan;

(b) Revoke the refrigerant stewardship organization's plan approval and require the refrigerant stewardship organization to implement its contingency plan;

(c) Require a refrigerant stewardship organization to revise or resubmit a plan within a specified time frame; or

(d) Require additional reporting related to compliance with the significant

requirement of this chapter that was not met.

(3) Prior to taking the actions described in subsection (2)(b) of this section, the department must provide a refrigerant stewardship organization with an opportunity to respond to or rebut the written finding upon which the action is predicated.

(4) Any person who incurs a penalty under subsection (1) of this section or an order under subsection (2) of this section may appeal the penalty or order to the pollution control hearings board established in chapter 43.21B RCW.

(5) Penalties levied under this section must be deposited in the model toxics control operating account created in RCW 70A.305.180.

**NEW SECTION. Sec. 14. ANTITRUST PROTECTIONS.** Producers and a refrigerant stewardship organization, acting on behalf of producers that prepare, submit, and implement a refrigerant stewardship organization plan pursuant to this chapter and who are thereby subject to regulation by the department, are hereby granted immunity from state laws relating to antitrust, restraint of trade, unfair trade practices, and other regulation of trade and commerce, for the limited purpose of planning, reporting, and operating the stewardship program, including:

(1) The creation, implementation, or management of the refrigerant stewardship organization and any plan regardless of whether it is submitted, denied, or approved;

(2) The cost and structure of a refrigerant stewardship organization plan; and

(3) The types or quantities of covered refrigerants being recycled or otherwise managed pursuant to this chapter.

**NEW SECTION. Sec. 15. RESPONSIBLE REFRIGERANT DISPOSAL ACCOUNT.**

The responsible refrigerant disposal account is created in the custody of the state treasurer. All receipts from section 12 of this act must be deposited into the account. Expenditures from the account may be used only for administering, implementing, and enforcing the requirements of this chapter. Moneys in the account may not be diverted for any purpose or activity other than those specified in this section. Only the director of ecology or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

**NEW SECTION. Sec. 16. PROHIBITION ON THE USES OF FUNDS.** A refrigerant stewardship organization may not use funds collected for purposes of implementing a plan required under this chapter associated with:

(1) The payment of an administrative penalty levied;

(2) Administrative appeals of orders or penalties;

(3) Litigation between the refrigerant stewardship organization and the state;

(4) Compensation of a person whose position is primarily representing the refrigerant stewardship organization relative to the passage, defeat, approval, or modification of legislation that is being considered by a government entity; or

(5) Paid advertisements related to encouraging the passage, defeat, approval, or modification of legislation that is being considered during an upcoming or current legislative session or was considered during the previous legislative session.

**NEW SECTION. Sec. 17. LIMITATION OF CHAPTER.** Nothing in this chapter changes or limits the applicability of the requirements of chapter 70A.15, 70A.60, or 70A.300 RCW to covered refrigerants.

**NEW SECTION. Sec. 18.** A new section is added to chapter 82.04 RCW to read as follows:

**BUSINESS AND OCCUPATION TAX EXEMPTION.**

(1) This chapter does not apply to:

(a) Receipts of a refrigerant stewardship organization formed under chapter 70A.--- RCW (the new chapter created in section 21 of this act) from charges to participating producers under a stewardship plan as provided in section 8 of this act;

(b) Charges to producers by a refrigerant stewardship organization formed under chapter 70A.--- RCW (the new chapter created in section 21 of this act) under a stewardship plan as provided in section 8 of this act; or

(c) Financial incentive payments received by partner participants under section 8 of this act.

(2) This section is not subject to the requirements of RCW 82.32.805 and 82.32.808 and is not subject to an expiration date.

(3) The definitions in section 2 of this act apply throughout this section unless the context clearly requires otherwise.

**Sec. 19.** RCW 43.21B.110 and 2023 c 455 s 5, 2023 c 434 s 20, 2023 c 344 s 5, and 2023 c 135 s 6 are each reenacted and amended to read as follows:

(1) The hearings board shall only have jurisdiction to hear and decide appeals from the following decisions of the department, the director, local conservation districts, the air pollution control boards or authorities as established pursuant to chapter 70A.15 RCW, local health departments, the department of natural resources, the department of fish and wildlife, the parks and recreation commission, and authorized public entities described in chapter 79.100 RCW:

(a) Civil penalties imposed pursuant to RCW 18.104.155, 70A.15.3160, 70A.300.090, 70A.20.050, 70A.530.040, 70A.350.070, 70A.515.060, 70A.245.040, 70A.245.050, 70A.245.070, 70A.245.080, 70A.245.130, 70A.245.140, 70A.65.200, 70A.455.090, 70A.550.030, 70A.555.110, 70A.560.020, section 13 of this act, 76.09.170, 77.55.440, 78.44.250, 88.46.090, 90.03.600,

90.46.270, 90.48.144, 90.56.310, 90.56.330, and 90.64.102.

(b) Orders issued pursuant to RCW 18.104.043, 18.104.060, 43.27A.190, 70A.15.2520, 70A.15.3010, 70A.300.120, 70A.350.070, 70A.245.020, 70A.65.200, 70A.555.110, 70A.560.020, section 13 of this act, 86.16.020, 88.46.070, 90.14.130, 90.46.250, 90.48.120, and 90.56.330.

(c) Except as provided in RCW 90.03.210(2), the issuance, modification, or termination of any permit, certificate, or license by the department or any air authority in the exercise of its jurisdiction, including the issuance or termination of a waste disposal permit, the denial of an application for a waste disposal permit, the modification of the conditions or the terms of a waste disposal permit, or a decision to approve or deny an application for a solid waste permit exemption under RCW 70A.205.260.

(d) Decisions of local health departments regarding the grant or denial of solid waste permits pursuant to chapter 70A.205 RCW.

(e) Decisions of local health departments regarding the issuance and enforcement of permits to use or dispose of biosolids under RCW 70A.226.090.

(f) Decisions of the department regarding waste-derived fertilizer or micronutrient fertilizer under RCW 15.54.820, and decisions of the department regarding waste-derived soil amendments under RCW 70A.205.145.

(g) Decisions of local conservation districts related to the denial of approval or denial of certification of a dairy nutrient management plan; conditions contained in a plan; application of any dairy nutrient management practices, standards, methods, and technologies to a particular dairy farm; and failure to adhere to the plan review and approval timelines in RCW 90.64.026.

(h) Any other decision by the department or an air authority which pursuant to law must be decided as an adjudicative proceeding under chapter 34.05 RCW.

(i) Decisions of the department of natural resources, the department of fish and wildlife, and the department that are reviewable under chapter 76.09 RCW, and the department of natural resources' appeals of county, city, or town objections under RCW 76.09.050(7).

(j) Forest health hazard orders issued by the commissioner of public lands under RCW 76.06.180.

(k) Decisions of the department of fish and wildlife to issue, deny, condition, or modify a hydraulic project approval permit under chapter 77.55 RCW, to issue a stop work order, to issue a notice to comply, to issue a civil penalty, or to issue a notice of intent to disapprove applications.

(l) Decisions of the department of natural resources that are reviewable under RCW 78.44.270.

(m) Decisions of an authorized public entity under RCW 79.100.010 to take temporary possession or custody of a vessel or to contest the amount of reimbursement owed that are reviewable by the hearings board under RCW 79.100.120.

(n) Decisions of the department of ecology that are appealable under RCW 70A.245.020 to set recycled minimum postconsumer content for covered products or to temporarily exclude types of covered products in plastic containers from minimum postconsumer recycled content requirements.

(o) Orders by the department of ecology under RCW 70A.455.080.

(2) The following hearings shall not be conducted by the hearings board:

(a) Hearings required by law to be conducted by the shorelines hearings board pursuant to chapter 90.58 RCW.

(b) Hearings conducted by the department pursuant to RCW 70A.15.3010, 70A.15.3070, 70A.15.3080, 70A.15.3090, 70A.15.3100, 70A.15.3110, and 90.44.180.

(c) Appeals of decisions by the department under RCW 90.03.110 and 90.44.220.

(d) Hearings conducted by the department to adopt, modify, or repeal rules.

(3) Review of rules and regulations adopted by the hearings board shall be subject to review in accordance with the provisions of the administrative procedure act, chapter 34.05 RCW.

**Sec. 20.** RCW 43.21B.300 and 2023 c 455 s 6, 2023 c 434 s 21, and 2023 c 135 s 7 are each reenacted and amended to read as follows:

(1) Any civil penalty provided in RCW 18.104.155, 70A.15.3160, 70A.205.280, 70A.300.090, 70A.20.050, 70A.245.040, 70A.245.050, 70A.245.070, 70A.245.080, 70A.245.130, 70A.245.140, 70A.65.200, 70A.455.090, 70A.555.110, 70A.560.020, section 13 of this act, 88.46.090, 90.03.600, 90.46.270, 90.48.144, 90.56.310, 90.56.330, and 90.64.102 and chapter 70A.355 RCW shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the penalty from the department or the local air authority, describing the violation with reasonable particularity. For penalties issued by local air authorities, within 30 days after the notice is received, the person incurring the penalty may apply in writing to the authority for the remission or mitigation of the penalty. Upon receipt of the application, the authority may remit or mitigate the penalty upon whatever terms the authority in its discretion deems proper. The authority may ascertain the facts regarding all such applications in such reasonable manner and under such rules as it may deem proper and shall remit or mitigate the penalty only upon a demonstration of extraordinary circumstances such as the presence of information or factors not considered in setting the original penalty.

(2) Any penalty imposed under this section may be appealed to the pollution control hearings board in accordance with this chapter if the appeal is filed with the hearings board and served on the department or authority 30 days after the date of receipt by the person penalized of the notice imposing the penalty or 30 days after the date of receipt of the notice of

disposition by a local air authority of the application for relief from penalty.

(3) A penalty shall become due and payable on the later of:

(a) 30 days after receipt of the notice imposing the penalty;

(b) 30 days after receipt of the notice of disposition by a local air authority on application for relief from penalty, if such an application is made; or

(c) 30 days after receipt of the notice of decision of the hearings board if the penalty is appealed.

(4) If the amount of any penalty is not paid to the department within 30 days after it becomes due and payable, the attorney general, upon request of the department, shall bring an action in the name of the state of Washington in the superior court of Thurston county, or of any county in which the violator does business, to recover the penalty. If the amount of the penalty is not paid to the authority within 30 days after it becomes due and payable, the authority may bring an action to recover the penalty in the superior court of the county of the authority's main office or of any county in which the violator does business. In these actions, the procedures and rules of evidence shall be the same as in an ordinary civil action.

(5) All penalties recovered shall be paid into the state treasury and credited to the general fund except those penalties imposed pursuant to RCW 18.104.155, which shall be credited to the reclamation account as provided in RCW 18.104.155(7), RCW 70A.15.3160, the disposition of which shall be governed by that provision, RCW 70A.245.040 and 70A.245.050, which shall be credited to the recycling enhancement account created in RCW 70A.245.100, RCW 70A.300.090, 70A.555.110, ~~((and)) 70A.560.020, and section 13 of this act,~~ which shall be credited to the model toxics control operating account created in RCW 70A.305.180, RCW 70A.65.200, which shall be credited to the climate investment account created in RCW 70A.65.250, RCW 90.56.330, which shall be credited to the coastal protection fund created by RCW 90.48.390, and RCW 70A.355.070, which shall be credited to the underground storage tank account created by RCW 70A.355.090.

NEW SECTION. **Sec. 21.** Sections 1 through 17 of this act constitute a new chapter in Title 70A RCW.

NEW SECTION. **Sec. 22.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

**HOUSE BILL NO. 1368, by Representatives Senn, Fey, Berry, Doglio, Peterson, Chapman, Fosse, Slatter, Gregerson, Callan, Lekanoff, Ramel, Stonier, Street, Santos, Fitzgibbon, Berg, Reed, Simmons, Bergquist, Goodman, Pollet, Cortes, Macri and Leavitt**

### Requiring and funding the purchase of zero emission school buses.

The bill was read the second time.

There being no objection, Second Substitute House Bill No. 1368 was substituted for House Bill No. 1368 and the second substitute bill was placed on the second reading calendar.

SECOND SUBSTITUTE HOUSE BILL NO. 1368 was read the second time.

Representative Senn moved the adoption of the striking amendment (903):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that zero emission vehicle technology is crucial to protecting Washington's children from the health impacts of fossil fuel emissions and to limiting the long-term impacts of climate change on our planet. Spurred by a supportive regulatory environment, the state has made great advances in recent years that have improved the performance and reduced the costs of such vehicles. With the recent deployment of financial incentives for clean transportation technology under the federal bipartisan infrastructure law of 2021, the inflation reduction act of 2022, and state funding for early adopters of zero emission buses that began being made available in the 2023 enacted budgets, the costs and performance of zero emission vehicles, including zero emission school buses, are forecast to continue to improve in coming years. Zero emission school buses on the market today feature reduced fuel, operations, and maintenance costs compared to their fossil-fueled counterparts.

(2) Zero emission school buses and the related reduction of diesel exhaust will also have significant public health benefits for children, school staff, bus drivers, and communities, and decrease inequities.

Residents in overburdened parts of Washington facing poor air quality are disproportionately communities of color, rural, and low-income and suffer from increased health risks, higher medical bills, are living sicker and dying younger, emphasizing the need for cleaner air and environmental justice.

(3) Further, the legislature finds that school districts need funding support to enable the transition to zero emission buses, including accurately reflecting the costs of zero emission buses in the state's reimbursement schedule for school buses. Zero emission buses are intended to include both battery electric technologies and hydrogen fuel cell technologies.

(4) Therefore, it is the intent of the legislature to help transition school districts, charter schools, and state-tribal education compact schools to using only zero emission school buses.

(5) During this transition, it is the intent of the legislature to prioritize grants to communities that are already bearing the most acute harms of air pollution, and to replace the oldest diesel vehicles that were manufactured under outdated and less protective federal emission standards. During the time leading up to an eventual phase out of fossil fuel powered school buses, electric utilities are encouraged to plan and take steps to ensure any service upgrades necessary to support the onboarding of zero emission fleets of school buses, including by making use of the grid modernization grant program administered by the department of commerce. Schools and school districts receiving zero emission school buses funded through the program created in this act are encouraged to coordinate with electric utilities to utilize the vehicles to support electric system reliability and capacity through vehicle-to-grid integration when the buses are not in service.

**NEW SECTION. Sec. 2.** A new section is added to chapter 70A.15 RCW to read as follows:

(1) The department must administer the zero emission school bus grant program within the clean diesel grant program for buses, infrastructure, and related costs.

(2)(a) Appropriations to this grant program are provided solely for grants to transition from fossil-fuel school buses to zero emission vehicles. Eligible uses of grant funds include the planning and acquisition of zero emission school bus vehicles for student transportation, planning, design, and construction of associated fueling and charging infrastructure, including infrastructure to allow the use of zero emission buses in cold weather and other challenging operational conditions, the scrapping of old diesel school buses, and training drivers, mechanics, and facility operations personnel to operate and maintain the zero emission buses and infrastructure.

(b) Grant recipients may combine grant funds awarded under this section with any other source of funding in order to secure all funds needed to fully purchase each zero

emission vehicle and any associated charging infrastructure.

(c) Grants issued under this section are in addition to payments made under the depreciation schedule adopted by the office of the superintendent of public instruction. Grants may only be issued until the school bus depreciation schedule established in RCW 28A.160.200 is adjusted to fund the cost of zero emission bus purchases at which time the department must transition the program established in this section to focus solely on electric vehicle charging infrastructure grants.

(3) When selecting grant recipients, the department must prioritize, in descending order of priority:

(a) School bus routes currently using school buses manufactured prior to 2007 and serving overburdened communities, including communities of color, rural, and low-income communities, highly impacted by air pollution identified by the department under RCW 70A.65.020(1);

(b) School bus routes serving overburdened communities, including communities of color, rural, and low-income communities, highly impacted by air pollution identified by the department under RCW 70A.65.020(1);

(c) If funds remain after reviewing grant applications meeting the criteria of (a) of this subsection, the replacement of school buses manufactured prior to 2007; and

(d) If funds remain after reviewing grant applications meeting the criteria of (a), (b), or (c) of this subsection, to applicants that demonstrate an unsuccessful application to receive federal funding for zero emission school bus purposes prior to January 1, 2024.

(4) The department must distribute no less than 90 percent of the funds appropriated under this section to grant recipients. Amounts retained by the department may only be used as follows:

(a) Up to three and one-half percent of funds appropriated under this section for administering the grant program; and

(b) Up to six and one-half percent of funds appropriated under this section to provide technical assistance to grant applicants including, but not limited to, assistance in evaluating charging infrastructure and equipment and in coordinating with electric utility service adequacy.

(5) By June 1, 2025, the department in consultation with the superintendent of public instruction must submit a report to the governor and the relevant policy and fiscal committees of the legislature providing an update on the status of implementation of the grant program under this section and a summary of recommendations and implementation considerations for transitioning the zero emission school bus grant program from competitive school bus vehicle depreciation schedule established in RCW 28A.160.200.

(6) For the purposes of this section, "zero emission vehicles" means a vehicle that produces zero exhaust emission of any air pollutant and any greenhouse gas other than water vapor.

**Sec. 3.** RCW 28A.160.140 and 1990 c 33 s 140 are each amended to read as follows:

(1) As a condition of entering into a pupil transportation services contract with a private nongovernmental entity, each school district shall engage in an open competitive process at least once every ~~((five))~~15 years. This requirement shall not be construed to prohibit a district from entering into a pupil transportation services contract of less than ~~((five))~~15 years in duration with a district option to renew, extend, or terminate the contract, if the district engages in an open competitive process at least once every ~~((five))~~15 years ~~((after July 26, 1987))~~.

(2)(a) Beginning September 1, 2030, 75 percent of newly-acquired school buses used for pupil transportation services contracts under this section must be school buses that are zero emission vehicles, as defined in section 2 of this act.

(b) Once zero emission school bus total cost of ownership as defined by rule making authorized in RCW 28A.160.195(7) is determined to be at or below the total cost of ownership as defined by rule making authorized in RCW 28A.160.195(7) of diesel school buses, newly-acquired school buses used for pupil transportation services contracts under this section must be school buses that are zero emission vehicles, as defined in section 2 of this act.

(c) If zero emission school bus total cost of ownership is determined to be at or below the total cost of ownership of diesel school buses under (b) of this subsection, prior to September 1, 2030, the provisions of (b) of this subsection take precedence over the provisions of (a) of this subsection.

(3) As used in this section:

~~((1))~~(a) "Open competitive process" means either one of the following, at the choice of the school district:

~~((a))~~(i) The solicitation of bids or quotations and the award of contracts under RCW 28A.335.190; or

~~((b))~~(ii) The competitive solicitation of proposals and their evaluation consistent with the process and criteria recommended or required, as the case may be, by the office of financial management for state agency acquisition of personal service contractors;

~~((2))~~(b) "Pupil transportation services contract" means a contract for the operation of privately owned or school district owned school buses, and the services of drivers or operators, management and supervisory personnel, and their support personnel such as secretaries, dispatchers, and mechanics, or any combination thereof, to provide students with transportation to and from school on a regular basis; and

~~((3))~~(c) "School bus" means a motor vehicle as defined in RCW 46.04.521 and under the rules of the superintendent of public instruction.

**Sec. 4.** RCW 28A.160.195 and 2005 c 492 s 1 are each amended to read as follows:

(1) The superintendent of public instruction, in consultation with the regional transportation coordinators of the educational service districts, shall

establish a minimum number of school bus categories considering the capacity and type of vehicles required by school districts in Washington. Once zero emission school bus total cost of ownership as defined by rule making authorized in subsection (7) of this section is determined to be at or below the total cost of ownership as defined by rule making authorized in subsection (7) of this section of diesel school buses, these school bus categories must solely include school buses that meet the definition of zero emission vehicle in section 2 of this act, except as necessary to reimburse diesel school buses purchased prior to the determination, and except for use cases where needs, including the mileage needs of bus routes, are not capable of being met by the technological capabilities of zero emission buses available to school districts for acquisition. The superintendent, in consultation with the regional transportation coordinators of the educational service districts, shall establish competitive specifications for each category of school bus. The categories shall be developed to produce minimum long-range operating costs, including costs of equipment and all costs in operating the vehicles. The competitive specifications shall meet federal motor vehicle safety standards, minimum state specifications as established by rule by the superintendent, and supported options as determined by the superintendent in consultation with the regional transportation coordinators of the educational service districts. The superintendent may solicit and accept price quotes for a rear-engine category school bus that shall be reimbursed at the price of the corresponding front engine category.

(2) After establishing school bus categories and competitive specifications, the superintendent of public instruction shall solicit competitive price quotes for base buses from school bus dealers, which must include the solicitation of competitive price quotes for zero emission buses that meet the definition of zero emission vehicle in section 2 of this act, to be in effect for one year and shall establish a list of all accepted price quotes in each category obtained under this subsection. The superintendent shall also solicit price quotes for optional features and equipment.

(3) The superintendent shall base the level of reimbursement to school districts and educational service districts for school buses on the lowest quote for the base bus in each category. School districts and educational service districts shall be reimbursed for buses purchased only through a lowest-price competitive bid process conducted under RCW 28A.335.190 or through the state bid process established by this section. Once school bus categories include only school buses that meet the definition of zero emission as required in subsection (1) of this section, reimbursements must reflect for the full cost of zero emission buses, excluding operating costs covered under this chapter and infrastructure eligible for grants under section 2 of this act.

(4) Notwithstanding RCW 28A.335.190, school districts and educational service

districts may purchase at the quoted price directly from any dealer who is on the list established under subsection (2) of this section. School districts and educational service districts may make their own selections for school buses, but shall be reimbursed at the rates determined under subsection (3) of this section and RCW 28A.160.200. District-selected options shall not be reimbursed by the state.

(5) This section does not prohibit school districts or educational service districts from conducting their own competitive bid process.

(6) Nothing in this section prohibits the use of externally vented fuel-operated passenger heaters from November 15th through March 15th annually until other viable alternatives become available.

(7)(a) The superintendent of public instruction ~~((may))~~ must adopt rules under chapter 34.05 RCW to implement this section.

(b) The department of ecology, in consultation with the superintendent of public instruction, must adopt rules to establish the formulas used to calculate the total cost of ownership for school buses. Prior to the establishment of total cost of ownership rules, the superintendent of public instruction must, in consultation with the department of ecology publish optional preliminary guidance that school districts, including those contracting for pupil transportation services, may follow.

**NEW SECTION. Sec. 5.** A new section is added to chapter 28A.300 RCW to read as follows:

(1) By November 15, 2024, the office of the superintendent of public instruction, in consultation with the department of ecology, must carry out a survey of school districts, charter schools, and state-tribal education compact schools focused on the uptake and total cost of ownership of zero emission school buses. The office of the superintendent of public instruction must submit a report to the legislature summarizing their findings by December 1, 2024.

(2) The survey required under this section must collect information from each school district and school on:

(a) Current zero emission vehicle charging and refueling capacity and infrastructure;

(b) Whether, assuming the availability of grant funds and depreciation schedule payments to cover the full cost of a vehicle, including the total cost of ownership of the vehicle, the school district or school would anticipate applying for funds to support zero emission school bus or bus infrastructure purchases in the next two years, and in the next five years;

(c) For any schools or school districts still using a school bus after the end of its applicable depreciation schedule, whether the bus was manufactured prior to 2007, and an explanation of why the school or school district has continued to use the bus past the end of its depreciation schedule;

(d) Responses to preliminary guidance from the office of the superintendent of

public instruction for calculating total cost of ownership and whether the school district or school utilizes the preliminary guidance or uses a different calculation methodology; and

(e) Any other survey information deemed helpful by the department of ecology or the office of the superintendent of public instruction to facilitating the transition to zero emission vehicles.

(3) For purposes of this section, "zero emission vehicle" has the same meaning as in section 2 of this act."

Correct the title.

Representative Connors moved the adoption of amendment (920) to the striking amendment (903):

On page 4, line 36 of the striking amendment, after "(3)" insert the following:

"(a) An extension to the deadline requirements under subsection (2) of this section may be requested by a school district with mileage needs for their bus routes that are unable to be met by the average daily mileage achieved under actual use conditions in Washington for zero emission school buses.

(b) The requirements of subsection (2) of this section do not prohibit the use of externally vented fuel-operated passenger heaters from November 15 through March 15 annually until other viable alternatives become available.

(4)"

Representatives Connors and Mena spoke in favor of the adoption of the amendment to the striking amendment.

Amendment (920) to the striking amendment (903) was adopted.

Representative Ybarra moved the adoption of amendment (911) to the striking amendment (903):

On page 7, line 9 of the striking amendment, after "buses." insert "Formulas for total cost of ownership must include the costs of bus garages if the bus manufacturer recommends overnight indoor bus storage during cold weather."

On page 3, after line 4, insert the following:

"NEW SECTION. Sec. 3. A new section is added to chapter 10.85 RCW to read as follows:

(1) The firearm bounty program is established to encourage persons to submit information to law enforcement to locate lost or stolen firearms that have been used in the commission of a crime. Any person who submits information to any peace officer, as defined in RCW 10.120.010, or to any agency with primary territorial jurisdiction, as defined in RCW 10.93.020, or to an entity that then forwards such information to a peace officer or such agency, that relates to the location of a lost or stolen firearm that has been used in the commission of a felony firearm offense is eligible to receive up to a \$500 cash reward if that firearm is recovered. If the felony firearm offense related to the located firearm resulted in a criminal conviction, the person that submitted information relating to the location of the firearm is eligible to receive up to a \$5,000 cash reward. A reward may not be paid to any law enforcement officer, any person that has an outstanding warrant, or to any federal, state, or local government or agency employee for information obtained by the individual in the normal course of their employment.

(2) The cash rewards authorized by this section shall be in accordance with RCW 10.85.050 and paid by the city or county

associated with the peace officer or agency with primary territorial jurisdiction that recovered the firearm. Cities and counties may pay the cash rewards authorized in this section from funds received from the county criminal justice assistance account created in RCW 82.14.310 and the municipal criminal justice assistance account created in RCW 82.14.320.

**Sec. 4.** RCW 82.14.310 and 2022 c 157 s 21 are each amended to read as follows:

(1) The county criminal justice assistance account is created in the state treasury. Beginning in fiscal year 2000, the state treasurer must transfer into the county criminal justice assistance account from the general fund the sum of \$23,200,000 divided into four equal deposits occurring on July 1, October 1, January 1, and April 1. For each fiscal year thereafter, the state treasurer must increase the total transfer by the fiscal growth factor, as defined in RCW 43.135.025, forecast for that fiscal year by the office of financial management in November of the preceding year.

(2) The moneys deposited in the county criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under subsections (4) and (5) of this section, must be distributed at such times as distributions are made under \*RCW 82.44.150 and on the relative basis of each county's funding factor as determined under this subsection.

(a) A county's funding factor is the sum of:

(i) The population of the county, divided by 1,000, and multiplied by two-tenths;

(ii) The crime rate of the county, multiplied by three-tenths; and

(iii) The annual number of criminal cases filed in the county superior court, for each 1,000 in population, multiplied by five-tenths.

(b) Under this section and RCW 82.14.320 and 82.14.330:

(i) The population of the county or city is as last determined by the office of financial management;

(ii) The crime rate of the county or city is the annual occurrence of specified criminal offenses, as calculated in the most recent annual report on crime in Washington state as published by the Washington association of sheriffs and police chiefs, for each 1,000 in population;

(iii) The annual number of criminal cases filed in the county superior court must be determined by the most recent annual report of the courts of Washington, as published by the administrative office of the courts;

(iv) Distributions and eligibility for distributions in the 1989-1991 biennium must be based on 1988 figures for both the crime rate as described under (b)(ii) of this subsection and the annual number of criminal cases that are filed as described under (b)(iii) of this subsection. Future distributions must be based on the most recent figures for both the crime rate as described under (b)(ii) of this subsection and the annual number of criminal cases that

are filed as described under (b)(iii) of this subsection.

(3) Moneys distributed under this section must be expended exclusively for criminal justice purposes. Except after May 13, 2021, through December 31, 2023, these funds may not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil or juvenile justice system occurs, and which includes (a) domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020, and (b) ~~((during the 2001-2003 fiscal biennium, juvenile dispositional hearings relating to petitions for at-risk youth, truancy, and children in need of services))~~ payments made pursuant to section 3 of this act. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.

(4) Not more than five percent of the funds deposited to the county criminal justice assistance account may be available for appropriations for enhancements to the state patrol crime laboratory system and the continuing costs related to these enhancements. Funds appropriated from this account for such enhancements may not supplant existing funds from the state general fund.

(5) Each fiscal biennium, the sum of \$510,000, may be appropriated for the Washington state patrol to provide investigative assistance and report services to assist local law enforcement agencies to prosecute criminals.

**Sec. 5.** RCW 82.14.320 and 2021 c 296 s 3 are each amended to read as follows:

(1) The municipal criminal justice assistance account is created in the state treasury. Beginning in fiscal year 2000, the state treasurer must transfer into the municipal criminal justice assistance account for distribution under this section from the general fund the sum of \$4,600,000 divided into four equal deposits occurring on July 1, October 1, January 1, and April 1. For each fiscal year thereafter, the state treasurer must increase the total transfer by the fiscal growth factor, as defined in RCW 43.135.025, forecast for that fiscal year by the office of financial management in November of the preceding year.

(2) No city may receive a distribution under this section from the municipal criminal justice assistance account unless:

(a) The city has a crime rate in excess of 125 percent of the statewide average as calculated in the most recent annual report on crime in Washington state as published by

the Washington association of sheriffs and police chiefs;

(b) The city has levied the tax authorized in RCW 82.14.030(2) at the maximum rate or the tax authorized in RCW 82.46.010(3) at the maximum rate; and

(c) The city has a per capita yield from the tax imposed under RCW 82.14.030(1) at the maximum rate of less than 150 percent of the statewide average per capita yield for all cities from such local sales and use tax.

(3) The moneys deposited in the municipal criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under subsection (7) of this section, must be distributed at such times as distributions are made under RCW 82.44.150. The distributions must be made as follows:

(a) Unless reduced by this subsection, 30 percent of the moneys must be distributed ratably based on population as last determined by the office of financial management to those cities eligible under subsection (2) of this section that have a crime rate determined under subsection (2)(a) of this section which is greater than 175 percent of the statewide average crime rate. No city may receive more than 50 percent of any moneys distributed under this subsection (~~((1)(3))~~) (3)(a) but, if a city distribution is reduced as a result of exceeding the 50 percent limitation, the amount not distributed must be distributed under (b) of this subsection.

(b) The remainder of the moneys, including any moneys not distributed in subsection (2)(a) of this section, must be distributed to all cities eligible under subsection (2) of this section ratably based on population as last determined by the office of financial management.

(4) No city may receive more than 30 percent of all moneys distributed under subsection (3) of this section.

(5) Notwithstanding other provisions of this section, the distributions to any city that substantially decriminalizes or repeals its criminal code after July 1, 1990, and that does not reimburse the county for costs associated with criminal cases under RCW 3.50.800 or 3.50.805(2), must be made to the county in which the city is located.

(6) Moneys distributed under this section must be expended exclusively for criminal justice purposes. Except after May 13, 2021, through December 31, 2023, these funds may not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes (~~(domestic)~~): (a) Domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020(, and); (b) payments made pursuant to section 3 of this act, and (c) publications and public educational efforts designed to provide information and assistance to parents in dealing with runaway or at-risk youth. Existing funding for purposes of this subsection is defined as calendar year 1989

actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.

(7) Not more than five percent of the funds deposited to the municipal criminal justice assistance account may be available for appropriations for enhancements to the state patrol crime laboratory system and the continuing costs related to these enhancements. Funds appropriated from this account for such enhancements may not supplant existing funds from the state general fund.

(8) During the 2011-2013 fiscal biennium, the amount that would otherwise be transferred into the municipal criminal justice assistance account from the general fund under subsection (1) of this section must be reduced by 3.4 percent.

**Sec. 6.** RCW 82.14.330 and 2021 c 296 s 4 are each amended to read as follows:

(1)(a) Beginning in fiscal year 2000, the state treasurer must transfer into the municipal criminal justice assistance account for distribution under this section from the general fund the sum of \$4,600,000 divided into four equal deposits occurring on July 1, October 1, January 1, and April 1. For each fiscal year thereafter, the state treasurer must increase the total transfer by the fiscal growth factor, as defined in RCW 43.135.025, forecast for that fiscal year by the office of financial management in November of the preceding year. The moneys deposited in the municipal criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under subsection (4) of this section, must be distributed to the cities of the state as follows:

(i) 20 percent appropriated for distribution must be distributed to cities with a three-year average violent crime rate for each 1,000 in population in excess of 150 percent of the statewide three-year average violent crime rate for each 1,000 in population. The three-year average violent crime rate must be calculated using the violent crime rates for each of the preceding three years from the annual reports on crime in Washington state as published by the Washington association of sheriffs and police chiefs. Moneys must be distributed under this subsection (1)(a) ratably based on population as last determined by the office of financial management, but no city may receive more than one dollar per capita. Moneys remaining undistributed under this subsection at the end of each calendar year must be distributed to the criminal justice training commission to reimburse participating city law enforcement agencies with 10 or fewer full-time commissioned patrol officers the cost of temporary replacement of each officer who is enrolled in basic law

enforcement training, as provided in RCW 43.101.200.

(ii) 16 percent must be distributed to cities ratably based on population as last determined by the office of financial management, but no city may receive less than \$1,000.

(b) The moneys deposited in the municipal criminal justice assistance account for distribution under this subsection (1) must be distributed at such times as distributions are made under \*RCW 82.44.150.

(c) Moneys distributed under this subsection (1) must be expended exclusively for criminal justice purposes. Except after May 13, 2021, through December 31, 2023, these funds may not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020; and payments made pursuant to section 3 of this act. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.

(2)(a) In addition to the distributions under subsection (1) of this section:

(i) 10 percent must be distributed on a per capita basis to cities that contract with another governmental agency for the majority of the city's law enforcement services. Cities that subsequently qualify for this distribution must notify the department of commerce by November 30th for the upcoming calendar year. The department of commerce must provide a list of eligible cities to the state treasurer by December 31st. The state treasurer must modify the distribution of these funds in the following year. Cities have the responsibility to notify the department of commerce of any changes regarding these contractual relationships. Adjustments in the distribution formula to add or delete cities may be made only for the upcoming calendar year; no adjustments may be made retroactively.

(ii) The remaining 54 percent must be distributed to cities and towns by the state treasurer on a per capita basis. These funds must be used for: (A) Innovative law enforcement strategies; (B) programs to help at-risk children or child abuse victim response programs; and (C) programs designed to reduce the level of domestic violence or to provide counseling for domestic violence victims.

(b) The moneys deposited in the municipal criminal justice assistance account for distribution under this subsection (2), less any moneys appropriated for purposes under

subsection (4) of this section, must be distributed at the times as distributions are made under \*RCW 82.44.150. Moneys remaining undistributed under this subsection at the end of each calendar year must be distributed to the criminal justice training commission to reimburse participating city law enforcement agencies with 10 or fewer full-time commissioned patrol officers the cost of temporary replacement of each officer who is enrolled in basic law enforcement training, as provided in RCW 43.101.200.

(c) If a city is found by the state auditor to have expended funds received under this subsection (2) in a manner that does not comply with the criteria under which the moneys were received, the city is ineligible to receive future distributions under this subsection (2) until the use of the moneys are justified to the satisfaction of the director or are repaid to the state general fund.

(3) Notwithstanding other provisions of this section, the distributions to any city that substantially decriminalizes or repeals its criminal code after July 1, 1990, and that does not reimburse the county for costs associated with criminal cases under RCW 3.50.800 or 3.50.805(2), must be made to the county in which the city is located.

(4) Not more than five percent of the funds deposited to the municipal criminal justice assistance account may be available for appropriations for enhancements to the state patrol crime laboratory system and the continuing costs related to these enhancements. Funds appropriated from this account for such enhancements may not supplant existing funds from the state general fund.

(5) During the 2011-2013 fiscal biennium, the amount that would otherwise be transferred into the municipal criminal justice assistance account from the general fund under subsection (1) of this section must be reduced by 3.4 percent."
