**28A.85.010 Purpose—Discrimination prohibited.** Inequality in the educational opportunities afforded women and girls at all levels of the public schools in Washington state is a breach of Article XXXI, section 1, Amendment 61, of the Washington state Constitution, requiring equal treatment of all citizens regardless of sex. This violation of rights has had a deleterious effect on the individuals affected and on society. Recognizing the benefit to our state and nation of equal educational opportunities for all students, discrimination on the basis of sex for any student in grades K–12 of the Washington public schools is prohibited. [1975 1st ex.s. c 226 § 1.]

**Severability—1975 1st ex.s. c 226:** "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons

(d) Provide the same opportunities for advancement to males and females; and

(e) Make no difference in conditions of employment including, but not limited to, hiring practices, leaves of absence, hours of employment, and assignment of, or pay for, instructional and noninstructional duties, on the basis of sex.

Schools which provide the following shall do so with no disparities based on sex: Equipment and supplies; medical care; services and insurance; transportation and per diem allowances; opportunities to receive coaching and instruction; laundry services; assignment of game officials; opportunities for competition, publicity and awards; scheduling of games and practice times including use of courts, gyms, and pools: *Provided*, That such scheduling of games and practice times shall be determined by local administrative authorities after consideration of the public and student interest in attending and participating in various recreational and athletic activities. Each school which provides showers, toilets, or training room facilities for athletic purposes shall provide comparable facilities for both sexes. Such facilities may be provided either as separate facilities or shall be scheduled and used separately by each sex.

The superintendent of public instruction shall also be required to develop a student survey to distribute every three years to each local school district in the state to determine student interest for male/female participation in specific sports.

#### COMPACT FOR EDUCATION

##### ARTICLE I—PURPOSE AND POLICY

- A. It is the purpose of this compact to:
1. Establish and maintain close cooperation and understanding among executive, legislative, professional educational and lay leadership on a nationwide basis at the State and local levels.
  2. Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.
  3. Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the Nation, so that the executive and legislative branches of State Government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.
  4. Facilitate the improvement of State and local educational systems so that all of them will be

able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

- B. It is the policy of this compact to encourage and promote local and State initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and States.
- C. The party States recognize that each of them has an interest in the quality and quantity of education furnished in each of the other States, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the Nation, and because the products and services contributing to the health, welfare and economic advancement of each State are supplied in significant part by persons educated in other States.

#### ARTICLE II—STATE DEFINED

As used in this Compact, "State" means a State, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

#### ARTICLE III—THE COMMISSION

- A. The Education Commission of the States, hereinafter called "the Commission", is hereby established. The Commission shall consist of seven members representing each party State. One of such members shall be the Governor; two shall be members of the State legislature selected by its respective houses and serving in such manner as the legislature may determine; and four shall be appointed by and serve at the pleasure of the Governor, unless the laws of the State otherwise provide. If the laws of a State prevent legislators from serving on the Commission, six members shall be appointed and serve at the pleasure of the Governor, unless the laws of the State otherwise provide. In addition to any other principles or requirements which a State may establish for the appointment and service of its members of the Commission, the guiding principle for the composition of the membership on the Commission from each party State shall be that the members representing such State, shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the State Government, higher education, the state education system, local education, lay and professional, public and non-public educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the Governor, having responsibility for one or more programs of public education. In addition to the members of the Commission representing the party States, there may be not to exceed ten non-voting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.
- B. The members of the Commission shall be entitled to one vote each on the Commission. No action of the Commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the Commission are cast in favor thereof. Action of the Commission shall be only at a meeting at which a majority of the Commissioners are present. The Commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the Commission may delegate the exercise of any of its powers to the steering committee or the Executive Director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to Article IV and adoption of the annual report pursuant to Article III(J).
- C. The Commission shall have a seal.
- D. The Commission shall elect annually, from among its members, a chairman, who shall be a Governor, a vice chairman and a treasurer. The Commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the Commission, and together with the treasurer and such other personnel as the Commission may deem appropriate shall be bonded in such amount as the Commission shall determine. The executive director shall be secretary.
- E. Irrespective of the civil service, personnel or other merit system laws of any of the party States, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the Commission, and shall fix the duties and compensation of such personnel. The Commission in its bylaws shall provide for the personnel policies and programs of the Commission.
- F. The Commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.
- G. The Commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any State, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the Commission pursuant to this paragraph or services borrowed pursuant to paragraph (F) of this Article shall be reported in the annual report of the Commission. Such report shall include the nature, amount and conditions, if

- any, of the donation, grant, or services borrowed, and the identity of the donor or lender.
- H. The Commission may establish and maintain such facilities as may be necessary for the transacting of its business. The Commission may acquire, hold, and convey real and personal property and any interest therein.
- I. The Commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The Commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party States.
- J. The Commission annually shall make to the Governor and legislature of each party State a report covering the activities of the Commission for the preceding year. The Commission may make such additional reports as it may deem desirable.

#### ARTICLE IV—POWERS

In addition to authority conferred on the Commission by other provisions of the compact, the Commission shall have authority to:

1. Collect, correlate, analyze and interpret information and data concerning educational needs and resources.
2. Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.
3. Develop proposals for adequate financing of education as a whole and at each of its many levels.
4. Conduct or participate in research of the types referred to in this Article in any instance where the Commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.
5. Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.
6. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

#### ARTICLE V—COOPERATION WITH FEDERAL GOVERNMENT

- A. If the laws of the United States specifically so provide, or if administrative provision is made therefor within the Federal Government, the United States may be represented on the Commission by not to exceed ten representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to Federal law, and may be

drawn from any one or more branches of the Federal Government, but no such representative shall have a vote on the Commission.

- B. The Commission may provide information and make recommendations to any executive or legislative agency or officer of the Federal Government concerning the common educational policies of the States, and may advise with any such agencies or officers concerning any matter of mutual interest.

#### ARTICLE VI—COMMITTEES

- A. To assist in the expeditious conduct of its business when the full Commission is not meeting, the Commission shall elect a steering committee of thirty-two members which, subject to the provisions of this compact and consistent with the policies of the Commission, shall be constituted and function as provided in the bylaws of the Commission. One-fourth of the voting membership of the steering committee shall consist of Governors, one-fourth shall consist of Legislators, and the remainder shall consist of other members of the Commission. A Federal representative on the Commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the Commission shall be elected as follows: sixteen for one year and sixteen for two years. The chairman, vice chairman, and treasurer of the Commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the Commission at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two term limitation.
- B. The Commission may establish advisory and technical committees composed of State, local, and Federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the States concerned, be established to consider any matter of special concern to two or more of the party States. The Commission may establish such additional committees as its bylaws may provide.
- C. The Commission may establish such additional committees as its bylaws may provided.

#### ARTICLE VII—FINANCE

- A. The Commission shall advise the Governor or designated officer or officers of each party State of its budget and estimated expenditures for such period as may be required by the laws of that party State. Each of the Commission's budgets of estimated expenditures shall contain specific recommendations

of the amount or amounts to be appropriated by each of the party States.

- B. The total amount of appropriation requests under any budget shall be apportioned among the party States. In making such apportionment, the Commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party States.
- C. The Commission shall not pledge the credit of any party States. The Commission may meet any of its obligations in whole or in part with funds available to it pursuant to Article III(G) of this compact, provided that the Commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the Commission makes use of funds available to it pursuant to Article III(G) thereof, the Commission shall not incur any obligation prior to the allotment of funds by the party States adequate to meet the same.
- D. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the Commission.
- E. The accounts of the Commission shall be open at any reasonable time for inspection by duly constituted officers of the party States and by any persons authorized by the Commission.
- F. Nothing contained herein shall be construed to prevent Commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the Commission.

#### ARTICLE VIII—ELIGIBLE PARTIES; ENTRY INTO AND WITHDRAWAL

- A. This compact shall have as eligible parties all States, Territories, and Possessions of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. In respect of any such jurisdiction not having a Governor, the term "Governor", as used in this compact, shall mean the closest equivalent official of such jurisdiction.
- B. Any state or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same: provided that in order to enter into initial effect, adoption by at least ten eligible party jurisdictions shall be required.
- C. Adoption of the compact may be either by enactment thereof or by adherence thereto by the Governor; provided that in the absence of enactment, adherence by the Governor shall be sufficient to make his State a party only until December 31, 1967. During any period when a State is participating in this compact through gubernatorial action,

the Governor shall appoint those persons who, in addition to himself, shall serve as the members of the Commission from his State, and shall provide to the Commission an equitable share of the financial support of the Commission from any source available to him.

- D. Except for a withdrawal effective on December 31, 1967 in accordance with paragraph C of this Article, any party State may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the Governor of the withdrawing State has given notice in writing of the withdrawal to the Governors of all other party States. No withdrawal shall affect any liability already incurred by or chargeable to a party State prior to the time of such withdrawal.

#### ARTICLE IX—CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any State or of the United States, or the application thereof to any Government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any Government, agency, person or circumstance shall not be affected thereby. ## Chapter 28A.93

### INTERSTATE AGREEMENT ON QUALIFICATIONS OF EDUCATIONAL PERSONNEL

#### Sections

28A.93.010	Compact entered into—Terms.
28A.93.020	Superintendent as "designated state official", compact administrator—Board to approve text of contracts.
28A.93.030	True copies of contracts filed in office of superintendent—Publication.

**28A.93.010 Compact entered into—Terms.** The Interstate Agreement on Qualifications of Educational Personnel is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

The contracting states solemnly agree that:

#### Article I

1. The states party to this Agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this Agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2. The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states or origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

#### Article II

As used in this Agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

1. "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

2. "Designated state official" means the education official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this Agreement.

3. "Accept," or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

4. "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

5. "Originating State" means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article III.

6. "Receiving State" means a state (and the subdivisions thereof) which accept educational personnel in accordance with the terms of a contract made pursuant to Article III.

Article III

1. The designated state official of a party state may make one or more contracts on behalf of his state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this Agreement. A designated state official may enter into a contract pursuant to this Article only with states in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own state.

2. Any such contract shall provide for:

(a) Its duration.

(b) The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

(c) Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

(d) Any other necessary matters.

3. No contract made pursuant to this Agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

4. Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this Agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

5. The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

6. A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

Article IV

1. Nothing in this Agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

2. To the extent that contracts made pursuant to this Agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

Article V

The party states agree that:

1. They will, so far as practicable, prefer the making of multilateral contracts pursuant to Article III of this Agreement.

2. They will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

Article VI

The designated state officials of any party state may meet from time to time as a group to evaluate progress under the Agreement, and to formulate recommendations for changes.

Article VII

Nothing in this Agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

Article VIII

1. This Agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this Agreement.

2. Any party state may withdraw from this Agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the

governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

3. No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

#### Article IX

This Agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Agreement shall be severable and if any phrase, clause, sentence, or provision of this Agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Agreement shall be held contrary to the constitution of any state participating therein, the Agreement shall remain in full force and effect as to the state affected as to all severable matters. [1969 ex.s. c 283 § 4. Formerly RCW 28.93.010.]

**Severability—1969 ex.s. c 283:** See note following RCW 28A.02.061.

**28A.93.020 Superintendent as "designated state official", compact administrator—Board to approve text of contracts.** The "designated state official" for this state under Article II of RCW 28A.93.010 shall be the superintendent of public instruction, who shall be the compact administrator and who shall have power to promulgate rules to carry out the terms of this compact. The superintendent of public instruction shall enter into contracts pursuant to Article III of the Agreement only with the approval of the specific text thereof by the state board of education. [1969 ex.s. c 283 § 5. Formerly RCW 28.93.020.]

**Severability—1969 ex.s. c 283:** See note following RCW 28A.02.061.

The superintendent of public instruction shall publish all such contracts in convenient form. [1969 ex.s. c 283 § 6. Formerly RCW 28.93.030.]

**28A.97.110 Report to legislature by superintendent of public instruction—Contents—Update.** The superintendent of public instruction shall prepare a report on educational clinics that:

(1) Identifies a funding level that is adequate to fund the enrollment served by educational clinics during the previous fiscal year;

(2) Identifies locales in the state which are served by educational clinics but where demand for educational clinic services will support additional service, and recommends the funding level necessary to serve such demand;

(3) Identifies locales in the state which are not served by educational clinics but where demand will support operation of clinics, and recommends the funding level necessary to serve such demand; and

(4) Identifies locales in the state that are either underserved or not served by existing public school programs for drop-outs or for drop-out prevention, but where demand will support such services and recommends the funding level necessary to serve such demand.

The report shall be submitted to the legislature by January 1 in the year following June 27, 1985, and updates of the report shall be submitted with each biennial budget request until such time as funding levels reach the levels recommended in subsections (2) and (3) of this section. [1985 c 434 § 2.]

**Contingency—Effective date—1985 c 434 § 2:** "If specific funding for the purposes of section 2 of this act, referencing this act by bill number, is not provided by the legislature by July 1, 1987, section 2 of this act shall be null and void. Section 2 of this act shall be of no effect until such specific funding is provided. If such funding is so provided, section 2 of this act shall take effect when the legislation providing the funding takes effect." [1985 c 434 § 6.]

**Reviser's note:** (1) 1985 ex.s. c 6 § 501 provides specific funding for section 2 of this act [RCW 28A.97.110].

[1985 c 434 § 1.]

**28A.97.120 Allocation of funds—Criteria—Duties of superintendent.** In allocating funds appropriated for educational clinics, the superintendent of public instruction shall:

(1) Place priority upon stability and adequacy of funding for educational clinics that have demonstrated superior performance as defined in RCW 28A.97.040(2).

(2) Initiate and maintain a competitive review process to select new or expanded clinic programs in unserved or underserved areas. The criteria for review of competitive proposals for new or expanded education clinic services shall include but not be limited to:

(a) The proposing organization shall have obtained certification from the state board of education as provided in RCW 28A.97.010;

(b) The cost-effectiveness of the proposal as judged by the criteria established in \*RCW 28A.97.100(1) and (2); and

(c) The availability of committed nonstate funds to support, enrich, or otherwise enhance the basic program.

(3) In selecting areas for new or expanded educational clinics programs, the superintendent of public instruction shall consider factors including but not limited to:

(a) The proportion and total number of dropouts unserved by existing clinics programs, if any;

(b) The availability within the geographic area of programs other than educational clinics which address the basic educational needs of dropouts; and

(c) Waiting lists or other evidence of demand for expanded educational clinic programs.

(4) In the event of any curtailment of services resulting from lowered legislative appropriations, the superintendent of public instruction shall issue pro rata reductions to all clinics funded at the time of the lowered appropriation. Individual clinics may be exempted from such pro rata reductions if the superintendent finds that such reductions would impair the clinic's ability to operate at minimally acceptable levels of service. In the event of such exceptions, the superintendent shall determine an appropriate rate for reduction to permit the clinic to continue operation.

(5) In the event that an additional clinic or clinics become certified and apply to the superintendent for funds to be allocated from a legislative appropriation which does not increase from the immediately preceding biennium, or does not increase sufficiently to allow such additional clinic or clinics to operate at minimally acceptable levels of service without reducing the funds available to previously funded clinics, the superintendent shall not provide funding for such additional clinic or clinics from such appropriation. [1985 c 434 § 3.]

**\*Reviser's note:** RCW 28A.97.100 was repealed by 1986 c 158 § 25.

**28A.97.125 Legislative findings—Distribution of funds—Cooperation with school districts.** The legislature recognizes that educational clinics provide a necessary and effective service for students who have dropped out of common school programs. Educational clinics have demonstrated success in preparing such youth for

productive roles in society and are an integral part of the state's program to address the needs of students who have dropped out of school. The superintendent of public instruction shall distribute funds, consistent with legislative appropriations, allocated specifically for educational clinics in accord with chapter 28A.97 RCW. The legislature encourages school districts to explore cooperation with educational clinics. [1987 c 518 § 220.]

Contracts between the superintendent of public instruction and the educational clinics shall include quarterly plans which provide for relatively stable student enrollment but take into consideration anticipated seasonal variations in enrollment in the individual clinics. Funds which are not expended by a clinic during the quarter for which they were planned may be carried forward to subsequent quarters of the fiscal year. The superintendent shall make payments to the clinics on a monthly basis pursuant to RCW 28A.97.040. [1985 c 434 § 4.]

### LEARNING ASSISTANCE PROGRAM

**28A.120.010 Intent.** The legislature finds that an important and effective means of improving the educational performance of many students with special needs is to improve the general education program. The legislature also finds that there is a continuum of educational

program needs among students with learning problems or poor academic performance. The legislature wants to encourage school districts to serve students with special needs within the regular classroom. Therefore, the legislature intends to replace the remediation program with a broader range of program options, without reducing special instructional programs when those services are both necessary and appropriate. The legislature intends to enhance the ability of basic education teachers to identify and address learning problems within the regular classroom. The legislature further intends to stimulate development by local schools and school districts of innovative and effective means of serving students with special needs. The goal is to increase the achievement of students with special needs in a shorter period of time using processes that are more timely, appropriate and effective in producing better outcomes. [1989 c 233 § 1; 1987 c 478 § 1.]

**28A.120.012 Program created.** There is hereby created a state-wide program designed to enhance educational opportunities for public school students who are deficient in basic skills achievement. This program shall be known as the learning assistance program. [1987 c 478 § 2.]

**28A.120.014 Definitions.** Unless the context clearly indicates otherwise the definitions in this section apply throughout RCW 28A.120.010 through 28A.120.026.

(1) "Basic skills" means reading, mathematics, and language arts as well as readiness activities associated with such skills.

(2) "Placement testing" means the administration of objective measures by a school district for the purposes of diagnosing the basic skills achievement levels, determining the basic skills areas of greatest need, and establishing the learning assistance needs of individual students in conformance with instructions established by the superintendent of public instruction for such purposes.

(3) "Approved program" means a program conducted pursuant to a plan submitted by a district and approved by the superintendent of public instruction under RCW 28A.120.016.

(4) "Participating student" means a student in kindergarten through grade nine who scores below grade level in basic skills, as determined by placement testing, and who is identified under RCW 28A.120.018 to receive additional services or support under an approved program.

(5) "Basic skills tests" means state-wide tests at the fourth and eighth grade levels established pursuant to RCW 28A.03.360. [1987 c 478 § 3.]

**28A.120.016 Application for state funds—Needs assessment—Plan.** Each school district which applies for state funds distributed pursuant to RCW 28A.120.022 shall conduct a needs assessment and, on the basis of its findings, shall develop a plan for the use of these funds. The plan may incorporate plans developed by each eligible school. Districts are encouraged to place

special emphasis on addressing the needs of students in the early grades. The needs assessment and plan shall be updated at least biennially, and shall be determined in consultation with an advisory committee including but not limited to members of the following groups: Parents, including parents of students served by the program; teachers; principals; administrators; and school directors. The district shall submit a biennial application specifying this plan to the office of the superintendent of public instruction for approval. Plans shall include:

(1) The means which the district will use to identify participating students to receive additional services or support under the proposed program;

(2) The specific services or activities which the funds will be used to support, and their estimated costs;

(3) A plan for annual evaluation of the program by the district, based on performance objectives related to basic skills achievement of participating students, and a plan for reporting the results of this evaluation to the superintendent of public instruction;

(4) Procedures for recordkeeping or other program documentation as may be required by the superintendent of public instruction; and

(5) The approval of the local school district board of directors. [1989 c 233 § 2; 1987 c 478 § 4.]

**28A.120.018 Identification of students—Coordination of use of funds.** Identification of participating students for an approved program of learning assistance shall be determined in each district through the implementation of the findings of the district's needs assessment and through placement testing. School districts are encouraged to coordinate the use of funds from federal, state, and local sources in serving students who are below grade level in basic skills, and to make efficient use of these resources in meeting the needs of students with the greatest academic deficits. [1987 c 478 § 5.]

**28A.120.020 Services or activities under program.** Services or activities which may be supported under an approved program of learning assistance shall include but not be limited to:

(1) Consultant teachers to assist classroom teachers in meeting the needs of participating students;

(2) Instructional support staff and instructional assistants to assist classroom teachers in meeting the needs of participating students;

(3) In-service training for classroom teachers, instructional support staff, and instructional assistants in multicultural differences and the identification of learning problems or in instructional methods for teaching students with learning problems;

(4) Special instructional programs for participating students, of sufficient size, scope, and quality to address the needs of these students and to give reasonable promise of substantial progress toward meeting their educational objectives;

(5) Tutoring assistance during or after school or on Saturday provided by instructional support staff, a student tutor, teacher, or instructional assistant;

(6) In-service training for parents of participating students; and

(7) Counseling, with an emphasis on services for elementary students who are in need of learning assistance, provided by instructional support staff such as school counselors, school psychologists, school nurses, and school social workers. Pursuant to the provisions of \*section 4(2) of this act, learning assistance funds may be used to provide counseling for students who in the absence of counseling would likely become in need of such learning assistance. [1989 c 233 § 3; 1987 c 478 § 6.]

\*Reviser's note: Section 4(2) of this act was vetoed by the governor.

**28A.120.022 Eligibility for funds—Distribution of funds.** Each school district which has established an approved program shall be eligible, as determined by the superintendent of public instruction, for state funds made available for the purposes of such programs. The superintendent of public instruction shall make use of data derived from the basic skills tests in determining the amount of funds for which a district may be eligible. Funds shall be distributed according to the district's total full-time equivalent enrollment in kindergarten through grade nine and the percentage of the district's students taking the basic skills tests who scored in the lowest quartile as compared with national norms. In making this calculation, the superintendent of public instruction may use an average over the immediately preceding five or fewer years of the district's percentage scoring in the lowest quartile. The superintendent of public instruction shall also deduct the number of students at these age levels who are identified as specific learning disabled and are generating state funds for special education programs conducted pursuant to chapter 28A.13 RCW, in distributing state funds for learning assistance. The distribution formula in this section is for allocation purposes only. [1987 c 478 § 7.]

**28A.120.024 Monitoring.** In order to insure that school districts are meeting the requirements of an approved program, the superintendent of public instruction shall monitor such programs no less than once every three years. The results of the evaluations required by RCW 28A.120.016 shall be transmitted to the superintendent of public instruction annually. Individual student records shall be maintained at the school district. [1987 c 478 § 8.]

**28A.120.026 Rules.** The superintendent of public instruction shall promulgate rules pursuant to chapter 34-.05 RCW which he or she deems necessary to implement RCW 28A.120.010 through 28A.120.024. [1987 c 478 § 9.]

**28A.120.030 Program established—Goals.** The citizens of the state of Washington recognize the serious impact of alcohol and drug abuse on a student's self-concept and on the ability of students to learn. ## DROPOUT PREVENTION PROGRAMS

**28A.120.060 Intent.** To encourage youth who are considering dropping out of school to remain in school, or youth who have dropped out of school to return to school, it is the intent of the legislature to aid in the planning and implementation of educational programs for such youth. Furthermore, in recognition that effective assistance at the elementary school level will likely reduce the need for dropout intervention at the secondary level, the legislature intends to encourage early identification of and assistance to students not succeeding in school in the elementary grades. [1987 c 518 § 213.]

**Intent—Severability—1987 c 518:** See notes following RCW 28A.34A.060.

**28A.120.062 Grants for program development—Distribution of funds.** (1) The superintendent of public instruction is authorized and shall grant funds to selected school districts to assist in the development of student motivation, retention, and retrieval programs for youth who are at risk of dropping out of school or who have dropped out of school. The purpose of the state assistance for such school district programs is to provide districts the necessary money which will encourage the development by districts or cooperatives of districts of integrated programs for students who are at risk of dropping out of school or who have dropped out of school.

(2) Funds as may be appropriated for the purposes of this section and RCW 28A.120.064 through 28A.120.072 shall be distributed to qualifying school districts for initial planning, development, and implementation of educational programs designed to motivate, retain, and retrieve students.

(3) Funds shall be distributed among qualifying school districts on a per pupil basis in accordance with the following state funding formula: To determine the per pupil allocation, the appropriation for this purpose shall be divided by the total full-time equivalent student population of all qualifying districts as determined on October 1 of the first year of each biennium. The resulting dollar amount shall be multiplied by the current school year October 1 total full-time equivalent student population of each qualifying school district to determine the maximum grant that each qualifying school district is eligible to receive. No district may receive more than is necessary for planning and implementation activities outlined in the district's grant application.

(4) The eligibility of a school district or cooperative of school districts to receive program implementation funds shall be determined once every two years.

(5) Should one or more eligible school districts not request funds available under subsection (3) of this section, the funds may be expended or allocated to other

qualifying school districts on a nonformula grant basis by the superintendent of public instruction for the purpose of furthering student motivation, retention, and retrieval programs. [1989 c 209 § 1; 1987 c 518 § 214.]

**Intent—Severability—1987 c 518:** See notes following RCW 28A.34A.060.

**28A.120.064 Priorities in awarding grants—Grants to cooperatives—Limitation on total amount of grants.** (1) In distributing grant funds, the superintendent of public instruction shall first award funds to each school district with a dropout rate which, as determined by the superintendent of public instruction, is over time in the top twenty-five percent of all districts' dropout rates.

(2) The superintendent may grant funds to a cooperative of districts which may include one district, or more, whose dropout rate is not in the top twenty-five percent of all districts' dropout rates.

(3) The sum of all grants awarded pursuant to RCW 28A.120.062 through 28A.120.072 for a particular biennium shall not exceed the amount appropriated by the legislature for such purposes. [1989 c 209 § 2; 1987 c 518 § 215.]

**Intent—Severability—1987 c 518:** See notes following RCW 28A.34A.060.

**28A.120.068 Rules.** The superintendent of public instruction shall adopt rules to carry out the purposes of RCW 28A.120.062 through 28A.120.072. The rules adopted by the superintendent of public instruction shall include but not be limited to:

(1) Providing for an annual evaluation of the effectiveness of the program;

(2) Requiring that no less than twenty percent of the moneys from the program implementation grant be used for identification and intervention programs in elementary and middle schools;

(3) Establishing procedures allowing school districts to claim basic education allocation funds for students attending a program conducted under RCW 28A.120.062 through 28A.120.072 outside the regular school-year calendar, to the extent such attendance is in lieu of attendance within the regular school-year calendar; and

(4) Evaluating the number of children within an applicant district who fail to complete their elementary and secondary education with priority going to districts with dropout rates over time in the top twenty-five percent of all districts' dropout rates. [1987 c 518 § 217.]

**Intent—Severability—1987 c 518:** See notes following RCW 28A.34A.060.

**28A.120.070 Task force—Members—Purpose.** The governor and superintendent of public instruction shall jointly appoint the governor's school dropout prevention task force, cochaired by the governor and the superintendent. The purpose of the task force shall be to make the public aware of the high number of Washington youth who drop out of school, the lifelong

economic impact of the decision to drop out, and to encourage all segments of the community to devise new strategies to encourage youth to remain in school.

The task force shall be made up of respected representatives from business, sports, education, the media, students, the legislature, and other sectors of the community. The task force shall promote staying in school through public exposure of the problem and encouraging all sectors of the community to become involved in addressing this serious problem. [1987 c 518 § 218.]

**Intent—Severability—1987 c 518:** See notes following RCW 28A.34A.060.

**28A.120.072 Information about programs—Duties of superintendent through state clearinghouse for education information.** The superintendent of public instruction, through the state clearinghouse for education information, shall collect and disseminate to all school districts and other interested parties information about effective student motivation, retention, and retrieval programs. [1987 c 518 § 219.]

**Intent—Severability—1987 c 518:** See notes following RCW 28A.34A.060.

## SUBSTANCE ABUSE PREVENTION AND INTERVENTION

**28A.120.080 Findings—Intent.** (1) The legislature finds that the provision of drug and alcohol counseling and related prevention and intervention services in schools will enhance the classroom environment for students and teachers, and better enable students to realize their academic and personal potentials.

(2) The legislature finds that it is essential that resources be made available to school districts to provide early drug and alcohol prevention and intervention services to students and their families; to assist in referrals to treatment providers; and to strengthen the transition back to school for students who have had problems of drug and alcohol abuse.

(3) New and existing substance abuse awareness programs funded pursuant to RCW 28A.120.030 through 28A.120.050 do not fall within the definition of basic education for purposes of Article IX of the state Constitution and the state's funding duty thereunder.

(4) The legislature intends to provide grants for drug and alcohol abuse prevention and intervention in schools, targeted to those schools with the highest concentrations of students at risk. [1989 c 271 § 310.]

**Severability—1989 c 271:** See note following RCW 9.94A.310.

**28A.120.082 Grants—Substance abuse intervention.** (1) Grants provided under RCW 28A.120.084 may be used solely for services provided by a substance abuse intervention specialist or for dedicated staff time for counseling and intervention services provided by any school district certificated employee who has been trained by and has access to consultation with a substance abuse intervention specialist. Services shall be directed at assisting students in kindergarten through

twelfth grade in overcoming problems of drug and alcohol abuse, and in preventing abuse and addiction to such substances, including nicotine. The grants shall require local matching funds so that the grant amounts support a maximum of eighty percent of the costs of the services funded. The services of a substance abuse intervention specialist may be obtained by means of a contract with a state or community services agency or a drug treatment center. Services provided by a substance abuse intervention specialist may include:

- (a) Individual and family counseling, including preventive counseling;
- (b) Assessment and referral for treatment;
- (c) Referral to peer support groups;
- (d) Aftercare;
- (e) Development and supervision of student mentor programs;
- (f) Staff training, including training in the identification of high-risk children and effective interaction with those children in the classroom; and
- (g) Development and coordination of school drug and alcohol core teams, involving staff, students, parents, and community members.

(2) For the purposes of this section, "substance abuse intervention specialist" means any one of the following, except that diagnosis and assessment, counseling and aftercare specifically identified with treatment of chemical dependency shall be performed only by personnel who meet the same qualifications as are required of a qualified chemical dependency counselor employed by an alcoholism or drug treatment program approved by the department of social and health services.

(a) An educational staff associate employed by a school district or educational service district who holds certification as a school counselor, school psychologist, school nurse, or school social worker under state board of education rules adopted pursuant to RCW 28A.04.120;

(b) An individual who meets the definition of a qualified drug or alcohol counselor established by the bureau of alcohol and substance abuse;

(c) A counselor, social worker, or other qualified professional employed by the department of social and health services;

(d) A psychologist licensed under chapter 18.83 RCW; or

(e) A children's mental health specialist as defined in RCW 71.34.020. [1989 c 271 § 311.]

**Severability**—1989 c 271: See note following RCW 9.94A.310.

**28A.120.084 Selection of grant recipients—Program rules.** (1) The superintendent of public instruction shall select school districts and cooperatives of school districts to receive grants for drug and alcohol abuse prevention and intervention programs for students in kindergarten through twelfth grade, from funds appropriated by the legislature for this purpose. The minimum annual grant amount per district or cooperative of districts shall be twenty thousand dollars. Factors to be used in selecting proposals for funding and in determining grant awards shall be developed in consultation with

the substance abuse advisory committee appointed under RCW 28A.120.038, with the intent of targeting funding to districts with high-risk populations. These factors may include:

(a) Characteristics of the school attendance areas to be served, such as the number of students from low-income families, truancy rates, juvenile justice referrals, and social services caseloads;

(b) The total number of students who would have access to services; and

(c) Participation of community groups and law enforcement agencies in drug and alcohol abuse prevention and intervention activities.

(2) The application procedures for grants under this section shall be consistent with the application procedures for other grants for substance abuse awareness programs under RCW 28A.120.032, including provisions for comprehensive planning, establishment of a school and community substance abuse advisory committee, and documentation of the district's needs assessment. Planning and application for grants under this section may be integrated with the development of other substance abuse awareness programs by school districts, and other grants under RCW 28A.120.030 through 28A.120.036 shall not require a separate application. School districts shall, to the maximum extent feasible, coordinate the use of grants provided under this section with other funding available for substance abuse awareness programs. School districts should allocate resources giving emphasis to drug and alcohol abuse intervention services for students in grades five through nine. Grants may be used to provide services for students who are enrolled in approved private schools.

(3) School districts receiving grants under this section shall be required to establish a means of accessing formal assessment services for determining treatment needs of students with drug and alcohol problems. The grant applications submitted by districts shall identify the districts' plan for meeting this requirement.

(4) School districts receiving grants under this section shall be required to perform biennial evaluations of their drug and alcohol abuse prevention and intervention programs, and to report on the results of these evaluations to the superintendent of public instruction.

(5) The superintendent of public instruction may adopt rules to implement RCW 28A.120.082 through 28A.120.086. [1989 c 271 § 312.]

**Severability**—1989 c 271: See note following RCW 9.94A.310.

**28A.120.086 Promotion of parent and community involvement—Program review.** (1) School districts are encouraged to promote parent and community involvement in drug and alcohol abuse prevention and intervention programs, through parent visits under RCW 28A.58.053 and through any school involvement program established by the district under RCW 28A.58.640 through 28A.58.648.

(2) Districts are further encouraged to review drug and alcohol prevention and intervention programs as part of the self-study procedures required under RCW

28A.58.085 and as part of any annual goal-setting process the district may have established under RCW 28A.58.094. [1989 c 271 § 313.]

**Severability—1989 c 271:** See note following RCW 9.94A.310.

### AT-RISK STUDENTS

**28A.120.090 High school programs encouraged.** The legislature finds that high schools and high school programs designed to meet the diverse needs of students can be an important factor in decreasing the dropout rate. The development of alternative high schools, schools-within-schools, student-centered collaborative learning communities utilizing interdisciplinary strategies, and subject-matter-related schools is encouraged.

High schools are also encouraged to develop programs providing for flexibility in daily, weekly, monthly, and yearly schedules. High schools are further encouraged to develop flexible teaching arrangements, including tutor programs which may include the use of adults, high school students, or college students as tutors, with particular encouragement to consider seeking persons from ethnic and racial minority groups to serve as tutors.

High schools are also encouraged to use research that has been proven effective and has produced significant outcomes in working with both potential dropouts and dropouts. [1989 c 233 § 7.]

**28A.120.092 Attendance at nonresident high schools—Expiration of section.** (1) Beginning with the 1989-1990 school year and concluding at the end of the 1993-1994 school year, any student who has dropped out of high school for six weeks or longer, or has returned from participation in a substance abuse treatment program, or is about to become or is a teen parent, or has returned from hospitalization due to a mental health problem may choose to attend any other high school in the state regardless of residence. Students may attend high school in a nonresident school district only if they are accepted by the high school and pursuant to policies and procedures of the nonresident school district. Receiving school districts may not charge nonresident students tuition. Schools and districts are encouraged to accept students who choose to transfer if they meet these conditions. Basic education funding allocations from the state shall follow the students.

(2) The superintendent of public instruction shall report to the legislature and the governor by December 1, 1994, on the student enrollment patterns pursuant to the provisions of this section.

(3) This section shall expire December 31, 1994. [1989 c 233 § 8.]

**28A.120.094 Prevention of learning problems and academic delays—Pilot program—Expiration of section.** (1) The superintendent of public instruction may select up to five school districts to participate in a pilot program for prevention of learning problems and academic delays. The program shall begin with the 1989-90 school year and conclude at the end of the 1990-91 school year.

(2) If at the end of a pilot school year the number of specific learning disabled students served by a participating school district in handicapped education programs has decreased as a result of the pilot project, the district shall be reimbursed based upon the number of specific learning disabled students served in special education during the school year prior to commencement of the pilot project. These funds will be used to support the pilot project for prevention of learning problems and academic delays: *Provided*, That school districts participating in the pilot prevention program established under this section who have ongoing pilot projects previously approved by the superintendent of public instruction shall utilize the school year prior to initiation of such pilot project as the base for the reimbursement calculation under this subsection when the number of specific learning disabled students identified has decreased as a result of participation in the pilot program established under this section.

(3) School districts applying to participate in the pilot program established under this section shall submit to the superintendent of public instruction a proposed program budget for the 1989-90 school year and a preliminary budget plan for the 1990-91 school year. These proposed budgets or budget plans shall outline the resources to be used by the district in the identification and early prevention of learning problems. Districts selected to participate shall submit an updated budget proposal to the superintendent of public instruction prior to the 1990-91 school year.

(4) Applications submitted by school districts shall also include:

(a) Assurances that the school district will not deny access to special education programs for handicapped students entitled to services under chapter 28A.13 RCW;

(b) A description of methods to be used by the district to identify students for additional instruction or other services provided under the pilot project;

(c) A description of the types of instructional programs or services to be used in prevention of learning problems;

(d) A plan for evaluating the effectiveness of the district's project at the end of the 1990-91 school year, using student test scores and other indicators of academic progress and, as appropriate, vocational progress, as determined by the district; and

(e) Other information as may be required by the superintendent of public instruction.

(5) For the purposes of this section, "state allocation for handicapped students" includes state handicapped education moneys allocated for students served in special education programs provided under chapter 28A.13 RCW and basic education allocations generated by such students under the state funding formula adopted pursuant to RCW 28A.41.140.

(6) This section shall expire December 31, 1991. [1989 c 233 § 13.]

**28A.120.096 Prevention of learning problems and academic delays—Study—Expiration of section.** (1)

Prior to December 1, 1991, the superintendent of public instruction shall submit a report on the pilot program established under RCW 28A.120.094 to the legislature and the governor. The report shall include an analysis of the effectiveness of the program and recommendations on whether the program should be continued or expanded to other districts.

(2) This section shall expire December 31, 1991. [1989 c 233 § 14.]

**28A.120.800 Rules.** The superintendent of public instruction shall adopt rules as necessary under chapter 34.05 RCW to carry out the provisions of \*this act. [1989 c 233 § 17.]

**\*Reviser's note:** "This act" consists of the enactment of RCW 28A.31.170, 28A.41.172, 28A.120.090, 28A.120.092, 28A.120.094, 28A.120.096, and 28A.120.800, the 1989 c 233 amendments to RCW 28A.120.010, 28A.120.016, 28A.120.020, 28A.120.032, 28A.58.217, and 28A.02.061, and several uncodified and vetoed sections.

**28A.125.010 Legislative findings—Intent.** The legislature finds that the economy of the state of Washington more than that of any other state in the union is dependent on foreign trade, particularly with Pacific Rim countries. If Washington's status as a leading state in international trade is to be maintained and strengthened, students of this state need to be better prepared. The legislature also finds that parents and our public education system can work cooperatively to prepare children as they begin to face complex questions of world order and stability. It is, therefore, the intent of the legislature to provide students with enhanced opportunities to increase their awareness of and understanding about other nations and the relationships of those countries with Washington state. [1987 c 349 § 1.]

**28A.125.020 Advisory committee—Development of model curriculum or curriculum guidelines—Study about resource center.** (1) The superintendent of public instruction shall establish an advisory committee to advise the superintendent on international education issues as such issues relate to the development of model curriculum or curriculum guidelines for grades kindergarten through twelve. The advisory committee shall be of such size as determined by the superintendent of public instruction. The superintendent of public instruction is encouraged to include parents; teachers; administrators; multicultural curriculum specialists; representatives of private enterprise; representatives of foreign trade or

policy organizations, representatives of local and state ethnic minority groups, associations, or agencies; and representatives of cultural associations.

(2) The superintendent of public instruction shall establish a working committee to develop international education model curriculum or curriculum guidelines. The working committee shall follow the same procedures as those established by the superintendent of public instruction for the implementation of RCW 28A.03.425. Upon completion, the model curriculum or curriculum guidelines shall be made available for consideration and use by school districts.

(3) In cooperation with the advisory committee, the superintendent of public instruction shall conduct a study of the feasibility of establishing an international education curriculum resource center and submit a report to the legislature including findings and recommendations by January 1, 1988. [1987 c 349 § 2.]

**28A.125.030 Grant program—Application procedure.** (1) The superintendent of public instruction may grant funds to selected school districts for the purposes of developing and implementing international education programs. The grants shall be in such amounts as determined by the superintendent of public instruction. The sum of all grants awarded shall not exceed the amount appropriated by the legislature for such purposes.

(2) The grant program shall center on the use of the international education model curriculum or curriculum guidelines developed in RCW 28A.125.020. Districts may use the international education model curriculum or curriculum guidelines developed under RCW 28A.125.020 as a guideline for creating their own model curriculum for participation in the grant program.

(3) School districts may apply singularly or a group of school districts may apply together to participate in the program.

(4) School districts applying for the international education grant program shall submit a plan which includes:

(a) Participation by the school district in both the model curriculum or curriculum guidelines development activities and the grant program activities provided for by this chapter;

(b) The application or intent to conduct a foreign language program including either Japanese or Mandarin Chinese beginning in the ninth grade;

(c) A staff in-service training program addressing the implementation of international education curriculum;

(d) A goal to enlist participation where possible by private enterprise, cultural and ethnic associations, foreign trade or policy organizations, the local community, exchange students and students who have participated in exchange programs, and parents;

(e) Evaluation of the pilot program.

(5) To the extent possible, selected school districts shall represent the various geographical locations, school or school district sizes, and grade levels in the state.

(6) By January 1, 1988, the superintendent of public instruction shall select five school district grantees for

the program. The program shall be implemented beginning with the 1988–89 school year.

(7) The program in international education shall be considered a social studies offering for the purpose of RCW 28A.05.060(1). [1987 c 349 § 3.]

**28A.125.040 Rules.** The superintendent of public instruction shall adopt rules under chapter 34.05 RCW to carry out the purposes of RCW 28A.125.010 through 28A.125.030. [1987 c 349 § 4.]

**28A.125.100 Report to legislature.** The superintendent of public instruction shall submit a report to the legislature, including its findings and specific recommendations evaluating the progress of the grant program, by January 1, 1991. [1987 c 349 § 5.]

**28A.125.900 Severability—1987 c 349.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1987 c 349 § 7.]

(2) In addition to providing basic skills instruction to eligible parents, the program may include other program components which may include transportation, child care, and such other directly necessary activities as may be necessary to accomplish the purposes of RCW 28A.130.012 through 28A.130.020.

(3) Parents who elect to participate in training or work programs, as a condition of receiving public assistance, shall have the hours spent in parent participation programs, conducted as part of a federal head start program, or the state early childhood education and assistance program under chapter 28A.34A RCW, or parent literacy programs under RCW 28A.130.012 through 28A.130.020, counted toward the fulfillment of their work and training obligation for the receipt of public assistance.

**28B.04.010 Short title.** This chapter may be known and cited as the "displaced homemaker act." [1979 c 73 § 1.]

**28B.04.020 Legislative findings—Purpose.** The legislature finds that homemakers are an unrecognized part of the work force who make an invaluable contribution to the strength, durability, and purpose of our state.

The legislature further finds that there is an increasing number of persons in this state who, having fulfilled a role as homemaker, find themselves "displaced" in their middle years through divorce, death of spouse, disability of spouse, or other loss of family income of a spouse. As a consequence, displaced homemakers are very often left with little or no income; they are ineligible for categorical welfare assistance; they are subject to the highest rate of unemployment of any sector of the work force; they face continuing discrimination in employment because of their age and lack of recent paid work experience; they are ineligible for unemployment insurance because they have been engaged in unpaid labor in the home; they are ineligible for social security benefits because they are too young, and many never qualify because they have been divorced from the family wage earner; they may have lost beneficiaries' rights under employer's pension and health plans through divorce or death of spouse; and they are often unacceptable to private health insurance plans because of their age.

It is the purpose of this chapter to establish guidelines under which the higher education coordinating board shall contract to establish multipurpose service centers and programs to provide necessary training opportunities, counseling, and services for displaced homemakers so that they may enjoy the independence and economic security vital to a productive life. [1985 c 370 § 36; 1982 1st ex.s. c 15 § 1; 1979 c 73 § 2.]

**28B.07.010 Intent.** The legislature finds that the state has a vital interest in ensuring that higher education institutions are maintained in the state in sufficient numbers and located in such locations, as to be accessible to as many citizens as possible. Adequate educational opportunities are essential to the economic, intellectual, and social well-being of the state and its people. Washington's independently-governed private nonprofit higher education institutions are a necessary part of the state's higher educational resources. They provide educational diversity and choice for all residents of the communities in which they are located, communities which may not otherwise be served directly by a public baccalaureate-granting college or university.

The legislature further finds that some of the factors that contribute to educational costs are beyond the control of these higher education institutions and their governing boards. The factors include the need to modify facilities to render the facilities accessible to the handicapped or disabled, the necessity of modernizing structures to keep them safe and efficient, and the demands of energy conservation and resource utilization. Many of these needs are associated with the public functions these institutions perform and the requirements of the state and federal governments. Compounding the problem is the fact that the cost of these renovations are borne entirely by the institutions.

Because these institutions serve an important public purpose addressing both the needs of individuals and the needs of the state, and because the performance of that

public function can be facilitated at no expense or liability to the state, the legislature declares it to be the public policy of the state of Washington to enable the building, providing, and utilization of modern, well-equipped, efficient, and reasonably priced higher educational facilities, as well as the improvement, expansion, and modernization of such facilities, in a manner that will minimize the capital cost of construction, financing, and use of such facilities. The intention of this policy is to improve and ensure the quality and range of educational services available to the citizens of this state. The intent of the legislature is to accomplish these and related purposes, and this chapter shall be liberally construed in order to further these goals. [1983 c 169 § 1.]

**28B.07.020 Definitions.** As used in this chapter, the following words and terms shall have the following meanings, unless the context otherwise requires:

Except as specifically set forth in this definition, the term "project cost" does not include books, fuel, supplies, and similar items which are required to be treated as a current expense under generally accepted accounting principles.

(8) "Trust indenture" means any agreement, trust indenture, or other similar instrument by and between the authority and one or more corporate trustees. [1985 c 370 § 47; 1983 c 169 § 2.]

**Severability—Effective dates—1985 c 370:** See RCW 28B.80.911 and 28B.80.912.

**28B.07.030 Washington higher education facilities authority—Created—Members—Chairperson—Records—Quorum—Compensation and travel expenses.** (1) The Washington higher education facilities authority is hereby established as a public body corporate and politic, with perpetual corporate succession, constituting an agency of the state of Washington exercising essential governmental functions. The authority is a "public body" within the meaning of RCW 39.53.010.

(2) The authority shall consist of seven members as follows: The governor, lieutenant governor, executive director of the higher education coordinating board, and four public members, one of whom shall be the president of a higher education institution at the time of appointment. The public members shall be residents of the state and appointed by the governor, subject to confirmation by the senate, on the basis of their interest or expertise in the provision of higher education and the financing of higher education. The public members of the authority shall serve for terms of four years. The initial terms of the public members shall be staggered in a manner determined by the governor. In the event of a vacancy on the authority due to death, resignation, or removal of one of the public members, and upon the expiration of the term of any public member, the governor shall appoint a successor for a term expiring on the fourth anniversary of the successor's date of the appointment. If any of the state offices are abolished, the resulting vacancy on the authority shall be filled by the state officer who

shall succeed substantially to the power and duties of the abolished office. Any public member of the authority may be removed by the governor for misfeasance, malfeasance, wilful neglect of duty, or any other cause after notice and a public hearing, unless such notice and hearing shall be expressly waived in writing.

(3) The governor shall serve as chairperson of the authority. The authority shall elect annually one of its members as secretary. If the governor shall be absent from a meeting of the authority, the secretary shall preside. However, the governor may designate an employee of the governor's office to act on the governor's behalf in all other respects during the absence of the governor at any meeting of the authority. If the designation is in writing and is presented to the person presiding at the meetings of the authority who is included in the designation, the vote of the designee has the same effect as if cast by the governor.

(4) Any person designated by resolution of the authority shall keep a record of the proceedings of the authority and shall be the custodian of all books, documents, and papers filed with the authority, the minute book or a journal of the authority, and the authority's official seal, if any. The person may cause copies to be made of all minutes and other records and documents of the authority, and may give certificates to the effect that such copies are true copies. All persons dealing with the authority may rely upon the certificates.

(5) Four members of the authority constitute a quorum. The authority may act on the basis of a motion except when authorizing the issuance and sale of bonds, in which case the authority shall act by resolution. Bond resolutions and other resolutions shall be adopted upon the affirmative vote of four members of the authority, and shall be signed by those members voting yes. Motions shall be adopted upon the affirmative vote of a majority of a quorum of members present at any meeting of the authority. All actions taken by the authority shall take effect immediately without need for publication or other public notice. A vacancy in the membership of the authority does not impair the power of the authority to act under this chapter.

(6) The members of the authority shall be compensated in accordance with RCW 43.03.240 and shall be entitled to reimbursement, solely from the funds of the authority, for travel expenses as determined by the authority incurred in the discharge of their duties under this chapter. [1985 c 370 § 48; 1984 c 287 § 62; 1983 c 169 § 3.]

**Legislative findings—Severability—Effective date—1984 c 287:** See notes following RCW 43.03.220.

**28B.07.040 Powers and duties.** The authority is authorized and empowered to do the following, on such terms, with such security and undertakings, subject to such conditions, and in return for such consideration, as the authority shall determine in its discretion to be necessary, useful, or convenient in accomplishing the purposes of this chapter:

(1) To promulgate rules in accordance with chapter 34.05 RCW;

(2) To adopt an official seal and to alter the same at pleasure;

(3) To maintain an office at any place or places as the authority may designate;

(6) To provide long-term or short-term financing or refinancing to participants for project costs, by way of loan, lease, conditional sales contract, mortgage, option to purchase, or other financing or security device or any such combination;

(7) If, in order to provide to participants the financing or refinancing of project costs described in subsection (6) of this section, the authority deems it necessary or convenient for it to own a project or projects or any part of a project or projects, for any period of time, it may acquire, contract, improve, alter, rehabilitate, repair, manage, operate, mortgage, subject to a security interest, lease, sell, or convey the project;

(8) To fix, revise from time to time, and charge and collect from participants and others rates, rents, fees, charges, and repayments as necessary to fully and timely reimburse the authority for all expenses incurred by it in providing the financing and refinancing and other services under this section and for the repayment, when due, of all the principal of, redemption premium, if any, and interest on all bonds issued under this chapter to provide the financing, refinancing, and services;

(9) To accept and receive funds, grants, gifts, pledges, guarantees, mortgages, trust deeds, and other security instruments, and property from the federal government or the state or other public body, entity, or agency and from any public or private institution, association, corporation, or organization, including participants. It shall not accept or receive from the state or any taxing agency any money derived from taxes, except money to be devoted to the purposes of a project of the state or of a taxing agency;

(10) To open and maintain a bank account or accounts in one or more qualified public depositories in this state and to deposit all or any part of authority funds therein;

(12) To provide financing or refinancing to two or more participants for a single project or for several projects in such combinations as the authority deems necessary, useful, or convenient;

(13) To charge to and equitably apportion among participants the administrative costs and expenses incurred in the exercise of the powers and duties conferred by this chapter;

(14) To consult with the higher education coordinating board to determine project priorities under the purposes of this chapter; and

(15) To do all other things necessary, useful, or convenient to carry out the purposes of this chapter.

In the exercise of any of these powers, the authority shall incur no expense or liability which shall be an obligation, either general or special, of the state, or a general obligation of the authority, and shall pay no expense or liability from funds other than funds of the authority. Funds of the state shall not be used for such purpose. [1985 c 370 § 49; 1983 c 169 § 4.]

**Severability—Effective dates—1985 c 370:** See RCW 28B.80-911 and 28B.80.912.

**28B.07.050 Special obligation bonds—Issuance—Personal liability—Debt limit.** (1) The authority may, from time to time, issue its special obligation bonds in order to carry out the purposes of this chapter and to enable the authority to exercise any of the powers granted to it in this chapter. The bonds shall be issued pursuant to a bond resolution or trust indenture and shall be payable solely out of the special fund or funds created by the authority in the bond resolution or trust indenture. The special fund or funds shall be funded in whole or in part from moneys paid by one or more participants for whose benefit such bonds were issued and from the sources, if any, described in RCW 28B.07.040(9) or from the proceeds of bonds issued by the authority for the purpose of refunding any outstanding bonds of the authority.

(2) The bonds may be secured by:

(a) A first lien against any unexpended proceeds of the bonds;

(b) A first lien against moneys in the special fund or funds created by the authority for their payment;

(c) A first or subordinate lien against the revenue and receipts of the participant or participants which revenue is derived in whole or in part from the project financed by the authority;

(d) A first or subordinate security interest against any real or personal property, tangible or intangible, of the participant or participants, including, but not limited to, the project financed by the authority;

(e) Any other real or personal property, tangible or intangible; or

(f) Any combination of (a) through (e) of this subsection.

Any security interest created against the unexpended bond proceeds and against the special funds created by the authority shall be immediately valid and binding against the moneys and any securities in which the moneys may be invested without authority or trustee possession, and the security interest shall be prior to any party having any competing claim against the moneys or securities, without filing or recording under Article 9 of the Uniform Commercial Code, Title 62A RCW, and

regardless of whether the party has notice of the security interest.

(3) The bonds may be issued as serial bonds or as term bonds or any such combination. The bonds shall bear such date or dates; mature at such time or times; bear interest at such rate or rates, either fixed or variable; be payable at such time or times; be in such denominations; be in such form, either coupon or registered, or both; carry such registration privileges; be made transferable, exchangeable, and interchangeable; be payable in lawful money of the United States of America at such place or places; be subject to such terms of redemption; and be sold at public or private sale, in such manner, at such time, and at such price as the authority shall determine. The bonds shall be executed by the manual or facsimile signatures of the chairperson and the authority's duly-elected secretary or its executive director, and by the trustee if the authority determines to use a trustee. At least one signature shall be manually subscribed. Coupon bonds shall have attached interest coupons bearing the facsimile signatures of the chairperson and the secretary or the executive director.

(4) Any bond resolution, trust indenture, or agreement with a participant relating to bonds issued by the authority or the financing or refinancing made available by the authority may contain provisions, which may be made a part of the contract with the holders or owners of the bonds to be issued, pertaining to the following, among other matters: (a) The security interests granted by the participant to secure repayment of any amounts financed and the performance by the participant of its other obligations in the financing; (b) the security interests granted to the holders or owners of the bonds to secure repayment of the bonds; (c) rentals, fees, and other amounts to be charged, and the sums to be raised in each year through such charges, and the use, investment, and disposition of the sums; (d) the segregation of reserves or sinking funds, and the regulation, investment, and disposition thereof; (e) limitations on the uses of the project; (f) limitations on the purposes to which, or the investments in which, the proceeds of the sale of any issue of bonds may be applied; (g) terms pertaining to the issuance of additional parity bonds; (h) terms pertaining to the incurrence of parity debt; (i) the refunding of outstanding bonds; (j) procedures, if any, by which the terms of any contract with bondholders may be amended or abrogated; (k) acts or failures to act which constitute a default by the participant or the authority in their respective obligations and the rights and remedies in the event of a default; (l) the securing of bonds by a pooling of leases whereby the authority may assign its rights, as lessor, and pledge rents under two or more leases with two or more participants, as lessees; (m) terms governing performance by the trustee of its obligation; or (n) such other additional covenants, agreements, and provisions as are deemed necessary, useful, or convenient by the authority for the security of the holders of the bonds.

(5) Bonds may be issued by the authority to refund other outstanding authority bonds, at or prior to the

maturity thereof, and to pay any redemption premium with respect thereto. Bonds issued for such refunding purposes may be combined with bonds issued for the financing or refinancing of new projects. Pending the application of the proceeds of the refunding bonds to the redemption of the bonds to be redeemed, the authority may enter into an agreement or agreements with a corporate trustee under RCW 28B.07.080 with respect to the interim investment of the proceeds and the application of the proceeds and the earnings on the proceeds to the payment of the principal of and interest on, and the redemption of the bonds to be redeemed.

(6) All bonds and any interest coupons appertaining to the bonds shall be negotiable instruments under Title 62A RCW.

(7) Neither the members of the authority, nor its employees or agents, nor any person executing the bonds shall be liable personally on the bonds or be subject to any personal liability or accountability by reason of the issuance of the bonds.

(8) The authority may purchase its bonds with any of its funds available for the purchase. The authority may hold, pledge, cancel, or resell the bonds subject to and in accordance with agreements with bondholders.

(9) At no time shall the total outstanding bonded indebtedness of the authority exceed five hundred million dollars. [1983 c 169 § 5.]

**28B.07.060 Bonds—Special obligations—Payment—Funds—Segregation of proceeds and moneys.** Bonds issued under this chapter shall not be deemed to constitute obligations, either general or special, of the state or of any political subdivision of the state, or a pledge of the faith and credit of the state or of any political subdivision, or a general obligation of the authority. The bonds shall be special obligations of the authority and shall be payable solely from the special fund or funds created by the authority in the bond resolution or trust indenture pursuant to which the bonds were issued. The fund or funds shall be funded in whole or in part from moneys paid by one or more participants for whose benefit the bonds were issued, from the sources, if any, under RCW 28B.07.040(9), or from the proceeds of bonds issued by the authority for the purpose of refunding any outstanding bonds of the authority. The issuance of bonds under this chapter shall not obligate, directly, indirectly, or contingently, the state or any political subdivision of the state to levy any taxes or appropriate or expend any funds for the payment of the principal or the interest on the bonds.

Neither the proceeds of bonds issued under this chapter, any moneys used or to be used to pay the principal of or interest on the bonds, nor any moneys received by the authority to defray its administrative costs shall constitute public money or property. All of such moneys shall be kept segregated and set apart from funds of the state and any political subdivision of the state and shall not be subject to appropriation or allotment by the state or subject to the provisions of chapter 43.88 RCW. [1983 c 169 § 6.]

**28B.07.070 Agreements with participant—Participant's payment of certain costs and expenses.** In connection with any bonds issued by the authority, the authority shall enter into agreements with participants which shall provide for the payment by each participant of amounts which shall be sufficient, together with other revenues available to the authority, if any, to: (1) Pay the participant's share of the administrative costs and expenses of the authority; (2) pay the costs of maintaining, managing, and operating the project or projects financed by the authority, to the extent that the payment of the costs has not otherwise been adequately provided for; (3) pay the principal of, premium, if any, and interest on outstanding bonds of the authority issued in respect of such project or projects as the same shall become due and payable; and (4) create and maintain reserves required or provided for in any bond resolution or trust indenture authorizing the issuance of such bonds of the authority. The payments shall not be subject to supervision or regulation by any department, committee, board, body, bureau, or agency of the state other than the authority. [1983 c 169 § 7.]

**28B.07.080 Moneys deemed trust funds—Agreement or trust indenture with bank or trust company authorized.** All moneys received by or on behalf of the authority under this chapter, whether as proceeds from the sale of bonds or from participants or from other sources shall be deemed to be trust funds to be held and applied solely as provided in this chapter. The authority, in lieu of receiving and applying the moneys itself, may enter into an agreement or trust indenture with one or more banks or trust companies having the power and authority to conduct trust business in the state to:

(1) Perform all of any part of the obligations of the authority with respect to: (a) Bonds issued by it; (b) the receipt, investment, and application of the proceeds of the bonds and moneys paid by a participant or available from other sources for the payment of the bonds; (c) the enforcement of the obligations of a participant in connection with the financing or refinancing of any project; and (d) other matters relating to the exercise of the authority's powers under this chapter;

(2) Receive, hold, preserve, and enforce any security interest or evidence of security interest granted by a participant for purposes of securing the payment of the bonds; and

(3) Act on behalf of the authority or the holders or owners of bonds of the authority for purposes of assuring or enforcing the payment of the bonds, when due. [1983 c 169 § 8.]

**28B.07.090 Holders or owners of bonds—Trustees—Enforcement of rights—Purchase at foreclosure sale.** Any holder or owner of bonds of the authority issued under this chapter or any holder of the coupons appertaining to the bonds, and the trustee or trustees under any trust indenture, except to the extent the rights given are restricted by the authority in any bond resolution or trust indenture authorizing the bonds, may, either at law or in equity, by suit, action, mandamus, or

other proceedings, protect and enforce any of their respective rights, and may become the purchaser at any foreclosure sale if the person is the highest bidder. [1983 c 169 § 9.]

**28B.07.100 Bonds are securities—Legal investments.** The bonds of the authority are securities in which all public officers and bodies of this state and all counties, cities, municipal corporations, and political subdivisions, all banks, bankers, trust companies, savings banks and institutions, building and loan associations, savings and loan associations, investment companies, insurance companies and associations, and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, moneys, or other funds belonging to them or within their control. [1983 c 169 § 10.]

**28B.07.110 Projects or financing—Exemption from certain restrictions on procedures for awarding contracts.** A project or the financing or refinancing thereof pursuant to this chapter shall not be subject to the requirements of any law or rule relating to competitive bidding, lease performance bonds, or other restrictions imposed on the procedure for award of contracts. [1983 c 169 § 11.]

**28B.07.120 Bond counsel—Selection.** (1) The authority shall adopt written policies to provide for the selection of bond counsel. The policies shall provide for the creation and maintenance of a roster of attorneys whom the authority believes possess the requisite special expertise and professional standing to provide bond counsel opinions which would be accepted by the underwriters, bondholders and other members of the financial community, and which would be in furtherance of the public interest in obtaining the lowest possible interest rates on the bonds issued by the authority. Any attorney may apply to have his or her name placed on the roster, but may not be placed on the roster unless the attorney demonstrates to the authority's satisfaction that the attorney would issue the kind of opinions required by this section.

(2) Prior to selecting an attorney or attorneys to provide bond counsel services, the authority shall provide all attorneys on the roster with a notice of its intentions to select bond counsel and shall invite each of them to submit to the authority his or her fee schedule for providing bond counsel services. The authority shall have wide discretion in selecting the attorney or attorneys it considers to be most appropriate to provide the services, but in the exercise of this discretion the authority shall consider all submitted fee schedules and the public interest in achieving issuance of bonds on terms most favorable to the authority. At least once every two calendar years, the authority shall select anew an attorney or attorneys to serve as bond counsel. However, the authority may retain an attorney for longer than two years when necessary to complete work on a particular bond issue. An attorney previously retained may be selected again but only after the authority has provided other attorneys on

the roster with an opportunity to be selected and has made the fee schedule review required under this subsection. As an alternative to retaining counsel for a period of time, the authority may appoint an attorney to serve as counsel in respect to only a particular bond issue or issues. [1983 c 169 § 13.]

**28B.07.130 Underwriters—Selection.** (1) The authority shall adopt written policies to provide for the selection of underwriters. The policies shall provide for the creation of a roster of underwriters who the authority believes possess the requisite special expertise and professional standing to provide bond marketing services which would be accepted by bondholders and other members of the financial community, and which would be in furtherance of the public interest in marketing the authority's bonds at the lowest possible costs. Any underwriter may apply to have its name placed on the roster, but may not be placed on the roster unless it demonstrates to the authority's satisfaction that it meets the requirements of this section.

(2) Whenever the authority decides that it needs the services of an underwriter, it shall provide all underwriters on the roster with a notice of its intentions and shall invite each of them to submit to the authority an itemization of its fees and other charges for providing underwriting services on the issue. The itemization shall be by categories designed by the authority. The authority shall have wide discretion in selecting the underwriter it considers to be most appropriate to provide the services, but in the exercise of this discretion the authority shall consider the underwriter's fees and other charges and the public interest in achieving issuance of bonds on terms most favorable to the authority. The authority may adopt rules setting forth conditions under which an institution of higher education may be permitted to exercise the notice and selection procedures set forth in this subsection. These rules shall require the institution to comply with the provisions of this subsection as if it were the authority and to obtain the authority's prior approval of the selection of an underwriter. [1983 c 169 § 14.]

**28B.07.900 Chapter supplemental—Application of other laws.** This chapter provides a complete, additional, and alternative method for accomplishing the purposes of this chapter and shall be regarded as supplemental and additional to powers conferred by other laws. The issuance of bonds and refunding bonds under this chapter need not comply with the requirements of any other law applicable to the issuance of bonds. [1983 c 169 § 15.]

**28B.07.910 Construction—1983 c 169.** This chapter, being necessary for the welfare of the state and its inhabitants, shall be liberally construed to effect its purposes. Insofar as the provisions of this chapter are inconsistent with the provisions of any general or special law, or parts thereof, the provisions of this chapter shall be controlling. [1983 c 169 § 16.]

**28B.07.920 Severability—1983 c 169.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 c 169 § 17.]

**28B.10.804 State student financial aid program—Commission, guidelines in performance of duties.** The commission shall be cognizant of the following guidelines in the performance of its duties:

(1) The commission shall be research oriented, not only at its inception but continually through its existence.

(2) The commission shall coordinate all existing programs of financial aid except those specifically dedicated to a particular institution by the donor.

(3) The commission shall take the initiative and responsibility for coordinating all federal student financial aid programs to insure that the state recognizes the maximum potential effect of these programs, and shall design the state program which complements existing federal, state and institutional programs.

(4) Counseling is a paramount function of student financial aid, and in most cases could only be properly implemented at the institutional levels; therefore, state student financial aid programs shall be concerned with the attainment of those goals which, in the judgment of the commission, are the reasons for the existence of a student financial aid program, and not solely with administration of the program on an individual basis.

(5) In the development of any new program, the commission shall seek advice from and consultation with the institutions of higher learning, state agencies, industry, labor, and such other interested groups as may be able to contribute to the effectiveness of program development and implementation.

(6) The "package" approach of combining loans, grants and employment for student financial aid shall be the conceptual element of the state's involvement. [1969 ex.s. c 222 § 10. Formerly RCW 28.76.450.]

**28B.10.806 State student financial aid program—Commission, powers and duties generally.** The commission shall have the following powers and duties:

(1) Conduct a full analysis of student financial aid as a means of:

(a) Fulfilling educational aspirations of students of the state of Washington, and

(b) Improving the general, social, cultural, and economic character of the state.

Such an analysis will be a continuous one and will yield current information relevant to needed improvements in the state program of student financial aid. The commission will disseminate the information yielded by their analyses to all appropriate individuals and agents.

(c) This study should include information on the following:

(i) all programs and sources of available student financial aid,

(ii) distribution of Washington citizens by socio-economic class,

(iii) data from federal and state studies useful in identifying:

(A) demands of students for specific educational goals in colleges, and

(B) the discrepancy between high school students' preferences and the colleges they actually selected.

(2) Design a state program of student financial aid based on the data of the study referred to in this section. The state program will supplement available federal and local aid programs. The state program of student financial aid will not exceed the difference between the budgetary costs of attending an institution of higher learning and the student's total resources, including family support, personal savings, employment, and federal and local aid programs.

(3) Determine and establish criteria for financial need of the individual applicant based upon the consideration of that particular applicant. In making this determination the commission shall consider the following:

(a) Assets and income of the student.

(b) Assets and income of the parents, or the individuals legally responsible for the care and maintenance of the student.

(c) The cost of attending the institution the student is attending or planning to attend.

(d) Any other criteria deemed relevant to the commission.

(4) Set the amount of financial aid to be awarded to any individual needy or disadvantaged student in any school year.

(5) Award financial aid to needy or disadvantaged students for a school year based upon only that amount necessary to fill the financial gap between the budgetary cost of attending an institution of higher education and the family and student contribution.

(6) Review the need and eligibility of all applications on an annual basis and adjust financial aid to reflect changes in the financial need of the recipients and the cost of attending the institution of higher education. [1989 c 254 § 3; 1969 ex.s. c 222 § 11. Formerly RCW 28.76.460.]

**28B.10.808 State student financial aid program—Commission, procedure for awarding grants.** In awarding grants, the commission shall proceed substantially as follows: *Provided*, That nothing contained herein shall be construed to prevent the commission, in the exercise of its sound discretion, from following another procedure when the best interest of the program so dictates:

(1) The commission shall annually select the financial aid award winners from among Washington residents applying for student financial aid who have been ranked according to financial need as determined by the amount of the family contribution and other considerations brought to the commission's attention.

(2) The financial need of the highest ranked students shall be met by grants depending upon the evaluation of financial need until the total allocation has been disbursed. Funds from grants which are declined, forfeited or otherwise unused shall be reawarded until dispersed.

(3) A grant may be renewed until the course of study is completed, but not for more than an additional four academic years beyond the first year of the award. These shall not be required to be consecutive years. Qualifications for renewal will include maintaining satisfactory academic standing toward completion of the course of study, and continued eligibility as determined by the commission. Should the recipient terminate his enrollment for any reason during the academic year, the unused portion of the grant shall be returned to the state educational grant fund by the institution according to the institution's own policy for issuing refunds.

(4) In computing financial need the commission shall determine a maximum student expense budget allowance, not to exceed an amount equal to the total maximum student expense budget at the public institutions plus the current average state appropriation per student for operating expense in the public institutions. **28B.15.011 Classification as resident or nonresident student—Legislative intent.** It is the intent of the legislature that the state institutions of higher education shall apply uniform rules as prescribed in RCW 28B.15.012 through 28B.15.014, and not otherwise, in determining whether students shall be classified as resident students or nonresident students for all tuition and fee purposes. [1971 ex.s. c 273 § 1.]

**Severability—1971 ex.s. c 273:** "If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provisions to other persons or circumstances is not affected." [1971 ex.s. c 273 § 6.]

**28B.15.012 Classification as resident or nonresident student—Definitions.** Whenever used in chapter 28B.15 RCW:

(1) The term "institution" shall mean a public university, college, or community college within the state of Washington.

(2) The term "resident student" shall mean: (a) A financially independent student who has had a domicile in the state of Washington for the period of one year immediately prior to the time of commencement of the first day of the semester or quarter for which the student has registered at any institution and has in fact established a bona fide domicile in this state primarily for purposes other than educational; (b) a dependent student, if one or both of the student's parents or legal guardians have maintained a bona fide domicile in the state of Washington for at least one year immediately prior to commencement of the semester or quarter for which the

student has registered at any institution; (c) a student classified as a resident based upon domicile by an institution on or before May 31, 1982, who was enrolled at a state institution during any term of the 1982–1983 academic year, so long as such student's enrollment (excepting summer sessions) at an institution in this state is continuous; or (d) any student who has spent at least seventy-five percent of both his or her junior and senior years in high schools in this state, whose parents or legal guardians have been domiciled in the state for a period of at least one year within the five-year period before the student graduates from high school, and who enrolls in a public institution of higher education within six months of leaving high school, for as long as the student remains continuously enrolled for three quarters or two semesters in any calendar year: *Provided*, That a nonresident student enrolled for more than six hours per semester or quarter shall be considered as attending for primarily educational purposes, and for tuition and fee paying purposes only such period of enrollment shall not be counted toward the establishment of a bona fide domicile of one year in this state unless such student proves that the student has in fact established a bona fide domicile in this state primarily for purposes other than educational.

(3) The term "nonresident student" shall mean any student who does not qualify as a "resident student" under the provisions of RCW 28B.15.011 through 28B.15.014 and 28B.15.015, each as now or hereafter amended. A nonresident student shall include:

(a) A student attending an institution with the aid of financial assistance provided by another state or governmental unit or agency thereof, such nonresidency continuing for one year after the completion of such semester or quarter.

(b) A person who is not a citizen of the United States of America who does not have permanent or temporary resident status or does not hold "Refugee-Parolee" or "Conditional Entrant" status with the United States immigration and naturalization service or is not otherwise permanently residing in the United States under color of law and who does not also meet and comply with all the applicable requirements in RCW 28B.15.011 through 28B.15.014 and 28B.15.015, each as now or hereafter amended.

(4) The term "domicile" shall denote a person's true, fixed and permanent home and place of habitation. It is the place where the student intends to remain, and to which the student expects to return when the student leaves without intending to establish a new domicile elsewhere. The burden of proof that a student, parent or guardian has established a domicile in the state of Washington primarily for purposes other than educational lies with the student.

(5) The term "dependent" shall mean a person who is not financially independent. Factors to be considered in determining whether a person is financially independent shall be set forth in rules and regulations adopted by the higher education coordinating board and shall include, but not be limited to, the state and federal income tax

returns of the person and/or the student's parents or legal guardian filed for the calendar year prior to the year in which application is made and such other evidence as the board may require. (b) A person does not lose a domicile in the state of Washington by reason of residency in any state or country while a member of the civil or military service of this state or of the United States, nor while engaged in the navigation of the waters of this state or of the United States or of the high seas if that person returns to the state of Washington within one year of discharge from said service with the intent to be domiciled in the state of Washington; any resident dependent student who remains in this state when such student's parents, having theretofore been domiciled in this state for a period of one year immediately prior to the time of commencement of the first day of the semester or quarter for which the student has registered at any institution, remove from this state, shall be entitled to continued classification as a resident student so long as such student's attendance (except summer sessions) at an institution in this state is continuous.

(3) To aid the institution in deciding whether a student, parent, legally appointed guardian or the person

having legal custody of a student is domiciled in the state of Washington primarily for purposes other than educational, the rules and regulations adopted by the higher education coordinating board shall include but not be limited to the following:

(a) Registration or payment of Washington taxes or fees on a motor vehicle, mobile home, travel trailer, boat, or any other item of personal property owned or used by the person for which state registration or the payment of a state tax or fee is required will be a factor in considering evidence of the establishment of a Washington domicile.

(c) Registration to vote for state officials in Washington will be a factor in considering the establishment of a Washington domicile.

(4) After a student has registered at an institution such student's classification shall remain unchanged in the absence of satisfactory evidence to the contrary. A student wishing to apply for a change in classification shall reduce such evidence to writing and file it with the institution. In any case involving an application for a change from nonresident to resident status, the burden of proof shall rest with the applicant. Any change in classification, either nonresident to resident, or the reverse, shall be based upon written evidence maintained in the files of the institution and, if approved, shall take effect the semester or quarter such evidence was filed with the institution: *Provided*, That applications for a change in classification shall be accepted up to the thirtieth calendar day following the first day of instruction of the quarter or semester for which application is made. The chairperson of the services and activities fee committee shall be selected by the members of that committee. The governing board shall insure that the services and activities fee committee provides an opportunity for all viewpoints to be heard during its consideration of the funding of student programs and activities.

(2) The services and activities fee committee shall evaluate existing and proposed programs and submit budget recommendations for the expenditure of those services and activities fees with supporting documents to the college or university administration, and shall submit informational copies of such to the governing board.

A student representative of the services and activities fee committee shall be given the opportunity to reasonably address the governing board concerning any such differences.

**28B.15.065 Adjustment of state appropriations for needy student financial aid.** It is the intent of the legislature that needy students not be deprived of access to higher education due to increases in educational costs or consequent increases in tuition and fees. It is the sense of the legislature that state appropriations for student financial aid be adjusted in an amount which together with funds estimated to be available in the form of basic educational opportunity grants as authorized under Section 411 of the federal Higher Education Act of 1965 as now or hereafter amended will equal twenty-four percent of any change in revenue estimated to occur as a result of revisions in tuition and fee levels under the provisions of this 1977 amendatory act. [1977 ex.s. c 322 § 6.]

**Reviser's note:** Phrase "this 1977 amendatory act" refers to RCW 28B.15.060, 28B.15.065, 28B.15.070, 28B.15.075, 28B.15.100, 28B.15.201, 28B.15.380, 28B.15.401, 28B.15.500, 28B.15.620, 28B.15.710, 28B.15.800, 28B.35.361, 28B.40.361 and to the repeal of RCW 28B.15.200, 28B.15.300, 28B.15.400 and 28B.15.630.

Moneys in such fund shall be used to make guaranteed loans to eligible students except as provided for in subsection (10) of this section.

(2) An "eligible student" for the purposes of this section is a student registered for at least six credit hours or the equivalent, who is eligible for resident tuition and fee rates as defined in RCW 28B.15.012 through 28B.15.015, and who is a "needy student" as defined in RCW 28B.10.802.

(3) The amount of the loans made under subsection (1) of this section shall not exceed the demonstrated financial need of the student. Each institution shall establish loan terms and conditions which shall be consistent with the terms of the guaranteed loan program established by 20 U.S. Code Section 1071 et seq., as now or hereafter amended. All loans made shall be guaranteed by the Washington student loan guaranty association or its successor agency. Institutions are hereby granted full authority to operate as an eligible lender under the guaranteed loan program.

(4) Before approving a guaranteed loan, each institution shall analyze the ability of the student to repay the loan based on factors which include, but are not limited to, the student's accumulated total education loan burdens and the employment opportunities and average starting salary characteristics of the student's chosen fields of study. The institution shall counsel the student on the advisability of acquiring additional debt, and on the availability of other forms of financial aid.

(5) Each institution is responsible for collection of loans made under subsection (1) of this section and shall exercise due diligence in such collection, maintaining all necessary records to insure that maximum repayments are made. Institutions shall cooperate with other lenders and the Washington student loan guaranty association, or its successor agency, in the coordinated collection of guaranteed loans, and shall assure that the guarantability of the loans is not violated. Collection and servicing of loans under subsection (1) of this section shall be performed by entities approved for such servicing by the Washington student loan guaranty association or its successor agency: *Provided*, That institutions be permitted to perform such servicing if specifically recognized to do so by the Washington student loan guaranty association or its successor agency. (8) Lending activities under this section shall be directed toward students who would not normally have access to educational loans from private financial institutions in Washington state, and maximum use shall be made of secondary markets in the support of loan consolidation.

(9) Short-term interim loans, not to exceed one hundred twenty days, may be made from the institutional long-term loan fund to students eligible for guaranteed student loans and whose receipt of such loans is pending. Such short-term loans shall not be subject to the guarantee restrictions or the constraints of federal law imposed by subsection (3) of this section. No such loan shall be made to any student who is known by the institution to be in default or delinquent in the payment of any outstanding student loan.

(10) Any moneys deposited in the institutional long-term loan fund which are not used in making long or short term loans or transferred to institutional operating budgets may be used by the institution for locally-administered financial aid programs for needy students, such as need-based institutional employment programs or need-based tuition and fee waiver programs. These funds shall be used in addition to and not to replace institutional funds which would otherwise support these locally-administered financial aid programs. Priority in the use of these funds shall be given to needy students who have accumulated excessive educational loan burdens. **28B.16.010 Purpose.** The interests of state institutions of higher education and the employees of those institutions will be furthered by the enactment of a system of personnel administration designed specifically to meet particular needs in connection with employer-employee relations in the state institutions of higher education. The general purpose of this chapter is to establish a system of personnel administration for the institutions of higher education in the state which is based on merit principles and scientific methods, and which governs the appointment, promotion, transfer, layoff, recruitment, retention, classification and pay plans, removal, discipline, and welfare of employees covered under this chapter. [1969 ex.s. c 36 § 1. Formerly RCW 28.75.010.]

Thus RCW 28B.16.920, an effective date section, and RCW 28B.16.930, a severability section, are applicable to RCW 41.06.020, 41.06.040, 41.06.070, 41.06.200 and the repeal of RCW 41.06.050.

**28B.16.110 Rules—Salary schedules and compensation plans to reflect prevailing wages—Periodic wage surveys with recommended salary adjustments, report of with supporting data.** The salary schedules and compensation plans, adopted and revised as provided in RCW 28B.16.100 as now or hereafter amended, shall reflect prevailing rates in other public employment and in private employment in this state or in the locality in which the institution or related board is located. For this purpose comprehensive salary and fringe benefit surveys shall be undertaken by the board with the assistance of the various personnel officers of the institutions of higher education and on a joint basis with the department of personnel, with such surveys to be conducted in

the year prior to the convening of every other one hundred five day regular session of the state legislature. In the year prior to the convening of each one hundred five day regular session during which a comprehensive salary and fringe benefit survey is not conducted, the board with assistance of the various personnel officers of the institutions of higher education and on a joint basis with the department of personnel, shall conduct a trend salary and fringe benefit survey. This survey shall measure average salary and fringe benefit movement for broad occupational groups which has occurred since the last comprehensive salary and fringe benefit survey was conducted. The results of each comprehensive and trend salary and fringe benefit survey shall be completed and forwarded by September 30 with recommended salary adjustments, which recommendations shall be advisory only, to the governor and the director of financial management for their use in preparing budgets to be submitted to the succeeding legislature. A copy of the data and supporting documentation shall be furnished by the board to the standing committees for appropriations of the senate and house of representatives.

In the case of comprehensive salary and fringe benefit surveys, the board shall furnish the following supplementary data in support of its recommended salary schedule:

(1) A total dollar figure which reflects the recommended increase or decrease in state salaries as a direct result of the specific salary and fringe benefit survey that has been conducted and which is categorized to indicate what portion of the increase or decrease is represented by salary survey data and what portion is represented by fringe benefit survey data;

(2) An additional total dollar figure which reflects the impact of recommended increases or decreases to state salaries based on other factors rather than directly on prevailing rate data obtained through the survey process and which is categorized to indicate the sources of the requests for deviation from prevailing rates and the reasons for the changes;

(3) A list of class codes and titles indicating recommended monthly salary ranges for all state classes under the control of the higher education personnel board with:

(a) Those salary ranges which do not substantially conform to the prevailing rates developed from the salary and fringe benefit survey distinctly marked and an explanation of the reason for the deviation included; and

(b) Those higher education personnel board classes which are substantially the same as classes being used by the department of personnel clearly marked to show the commonality of the classes between the two jurisdictions;

(4) A supplemental salary schedule which indicates the additional salary to be paid state employees for hazardous duties or other considerations requiring extra compensation under specific circumstances. Additional compensation for these circumstances shall not be included in the basic salary schedule but shall be maintained as a separate pay schedule for purposes of full disclosure and visibility; and

(5) A supplemental salary schedule which indicates those cases where the board determines that prevailing rates do not provide similar salaries for positions that require or impose similar responsibilities, judgment, knowledge, skills, and working conditions. This supplementary salary schedule shall contain proposed salary adjustments necessary to eliminate any such dissimilarities in compensation. Additional compensation needed to eliminate such salary dissimilarities shall not be included in the basic salary schedule but shall be maintained as a separate salary schedule for purposes of full disclosure and visibility.

It is the intention of the legislature that requests for funds to support recommendations for salary deviations from the prevailing rate survey data shall be kept to a minimum, and that the requests be fully documented when forwarded by the board. Further, it is the intention of the legislature that the department of personnel and the higher education personnel board jointly determine job classes which are substantially common to both jurisdictions and that basic salaries for these job classes shall be equal based on salary and fringe benefit survey findings.

Salary and fringe benefit survey information collected from private employers which identifies a specific employer with the salary and fringe benefit rates which that employer pays to its employees shall not be subject to public disclosure under chapter 42.17 RCW.

The first comprehensive salary and fringe benefit survey required by this section shall be completed and forwarded to the governor and the director of financial management by September 30, 1986. The first trend salary and fringe benefit survey required by this section shall be completed and forwarded to the governor and the director of financial management by September 30, 1988. For this purpose, a comprehensive salary and fringe benefit survey plan shall be submitted to the director of financial management, employee organizations, and the standing committees for appropriations in the senate and house of representatives six months before the beginning of each periodic survey required before regular legislative sessions. This comprehensive plan shall include but not be limited to the following:

including the percentage of accuracy expected from the planned statistical sample chosen for the survey and a definition of the term "prevailing rates" which is to be used in the planned survey;

(b) A comprehensive salary and fringe benefit survey model based on scientific statistical principles which:

(i) Encompasses the interrelationships among the various elements of the survey sample including sources of salary and fringe benefit data by organization type, size, and regional location;

(ii) Is representative of private and public employment in this state;

(iii) Ensures that, wherever practical, data from smaller, private firms are included and proportionally weighted in the survey sample; and

(iv) Indicates the methodology to be used in application of survey data to job classes used by state government;

(c) A prediction of the increase or decrease in total funding requirements expected to result from the pending salary and fringe benefit survey based on consumer price index information and other available trend data pertaining to Washington state salaries and fringe benefits.

(2) Every comprehensive survey plan shall fully consider fringe benefits as an element of compensation in addition to basic salary data. The plans prepared under this section shall be developed jointly by the higher education personnel board in conjunction with the department of personnel established under chapter 41.06 RCW. All comprehensive salary and fringe benefit survey plans shall be submitted on a joint signature basis by the higher education personnel board and the department of personnel.

(3) Interim or special surveys conducted under RCW 28B.16.110 as now or hereafter amended shall conform when possible to the statistical techniques and principles developed for regular periodic surveys under this section.

(a) Leave time, including vacation, holiday, civil, and personal leave;

(2) Determination of state salary changes from prevailing rate data collected in salary surveys shall be based on occupational group averages containing related job classes where appropriate rather than on comparisons of survey data to individual state job classes. [1977 ex.s. c 152 § 12.]

The board shall furnish the institution or related board concerned with a copy of the appeal in advance of the hearing.

(3) Any employee who feels that any classification should or should not be exempt, or any employee in a nonexempt classification who feels that he should be exempt because of academic qualifications which would enable such employee to teach and thus be exempt, may

*Branch campuses—Higher education coordinating board responsibilities:* RCW 28B.80.500 through 28B.80.540.

**28B.45.010 Legislative findings.** The legislature finds that the benefits of higher education should be more widely available to the citizens of the state of Washington. The legislature also finds that a citizen's place of residence can restrict that citizen's access to educational opportunity at the upper division and graduate level.

Because most of the state-supported baccalaureate universities are located in areas removed from major metropolitan areas, the legislature finds that many of the state's citizens, especially those citizens residing in the central Puget Sound area, the Tri-Cities, Spokane, Vancouver, and Yakima, have insufficient and inequitable access to upper-division baccalaureate and graduate education.

This lack of sufficient educational opportunities in urban areas makes it difficult or impossible for place-bound individuals, who are unable to relocate, to complete a baccalaureate or graduate degree. It also exacerbates the difficulty financially needy students have in attending school, since many of those students need to work, and work is not always readily available in some communities where the baccalaureate institutions of higher education are located.

The lack of sufficient educational opportunities in metropolitan areas also affects the economy of the underserved communities. Businesses benefit from access to the research and teaching capabilities of institutions of higher education. The absence of these institutions from some of the state's major urban centers prevents beneficial interaction between businesses in these communities and the state's universities.

The Washington state master plan for higher education, adopted by the higher education coordinating board, recognizes the need to expand upper-division and graduate educational opportunities in the state's large urban centers. The board has also attempted to provide a means for helping to meet future educational demand through a system of branch campuses in the state's major urban areas.

The legislature endorses the assignment of responsibility to serve these urban centers that the board has made to various institutions of higher education. The legislature also endorses the creation of branch campuses for the University of Washington and Washington State University.

The legislature recognizes that, among their other responsibilities, the state's comprehensive community colleges share with the four-year universities and colleges the responsibility of providing the first two years of a baccalaureate education. It is the intent of the legislature that the four-year institutions and the community colleges work as cooperative partners to ensure the successful and efficient operation of the state's system of higher education. The legislature further intends that the

four-year institutions work cooperatively with the community colleges to ensure that branch campuses are operated as models of a two plus two educational system. [1989 1st ex.s. c 7 § 1.]

**28B.45.020 University of Washington—Central Puget Sound area.** The University of Washington is responsible for ensuring the expansion of upper-division and graduate educational programs in the central Puget Sound area under rules or guidelines adopted by the higher education coordinating board. The University of Washington shall meet that responsibility through the operation of at least two branch campuses. One branch campus shall be located in the Tacoma area. Another branch campus shall be located in the Bothell-Woodinville area. [1989 1st ex.s. c 7 § 3.]

**28B.45.030 Washington State University—Tri-Cities area.** Washington State University is responsible for providing upper-division and graduate level higher education programs to the citizens of the Tri-Cities area, under rules or guidelines adopted by the higher education coordinating board. The branch campus shall replace and supersede the Tri-Cities university center. All land, facilities, equipment, and personnel of the Tri-Cities university center shall be transferred from the University of Washington to Washington State University. [1989 1st ex.s. c 7 § 4.]

**28B.45.040 Washington State University—Southwest Washington area.** Washington State University is responsible for providing upper-division and graduate level higher education programs to the citizens of the southwest Washington area, under rules or guidelines adopted by the higher education coordinating board. Eastern Washington University shall meet its responsibility through the operation of colocated programs and facilities in Spokane. [1989 1st ex.s. c 7 § 6.]

**28B.45.060 Central Washington University—Yakima area.** Central Washington University is responsible for providing upper-division and graduate level higher education programs to the citizens of the Yakima area, under rules or guidelines adopted by the higher education coordinating board. **28B.45.070 Authorization subject to legislative appropriation.** Authorization for the programs, increases, and facilities described in \*this act is subject to legislative appropriation. [1989 1st ex.s. c 7 § 14.]

\*Reviser's note: "This act" consists of the enactment of RCW 28B-.10.060, 28B.45.010 through 28B.45.070, and 28B.80.500 through 28B.80.540, the 1989 1st ex.s. c 7 amendment to RCW 28B.25.020, and the repeal of RCW 28B.30.510.

**28B.50.010 Short title.** This chapter shall be known as and may be cited as the community college act of 1967. [1969 ex.s. c 223 § 28B.50.010. Prior: 1967 ex.s. c 8 § 1. Formerly RCW 28.85.010.]

**28B.50.020 Purpose.** The purpose of this chapter is to provide for the dramatically increasing number of students requiring high standards of education either as a part of the continuing higher education program or for occupational training, by creating a new, independent system of community colleges which will:

(1) Offer an open door to every citizen, regardless of his academic background or experience, at a cost normally within his economic means;

(2) Ensure that each community college district shall offer thoroughly comprehensive educational, training and service programs to meet the needs of both the communities and students served by combining, with equal emphasis, high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; community services of an educational, cultural, and recreational nature; and adult education;

(3) Provide administration by state and local boards which will avoid unnecessary duplication of facilities or programs; and which will encourage efficiency in operation and creativity and imagination in education, training and service to meet the needs of the community and students;

(4) Allow for the growth, improvement, flexibility and modification of the community colleges and their education, training and service programs as future needs occur; and

(5) Establish firmly that community colleges are, for purposes of academic training, two year institutions, and are an independent, unique, and vital section of our state's higher education system, separate from both the common school system and other institutions of higher learning, and never to be considered for conversion into four-year liberal arts colleges. [1969 ex.s. c 261 § 17; 1969 ex.s. c 223 § 28B.50.020. Prior: 1967 ex.s. c 8 § 2. Like section formerly RCW 28.85.020.]

The state treasurer shall thereupon deposit the amounts so certified in the community college bond retirement fund which fund as required, is hereby created in the state treasury. Such amounts of the funds deposited in the bond retirement fund as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) That portion of the building fees not required for or in excess of the amounts necessary to pay and secure the payment of any of the bonds as provided in subsection (1) above shall be deposited in the community college capital projects account which account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community college education in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, and for the payment of principal of and interest on any bonds issued for such purposes. All earnings of investments of balances in the community college capital projects account shall be credited to the general fund.

(3) Notwithstanding the provisions of subsections (1) and (2) above, at such time as all outstanding building bonds of the college board payable from the community college bond retirement fund have been paid, redeemed, and retired, or at such time as ample provision has been made by the state for full payment, from some source other than the community college bond retirement fund, of the principal of and the interest on and call premium, if applicable, of such bonds as they mature and/or upon their call prior to their maturity, through refunding or otherwise, that portion of all building fees of the community colleges equal to the amount required to pay yearly debt service on any general obligation bonds issued by the state in accordance with Article VIII, section 1, Washington state Constitution, for community college purposes, shall be paid into the general fund of the state treasury. The state finance committee shall determine whether ample provision has been made for payment of such bonds payable from the said bond retirement fund and shall determine the amount required to pay yearly debt service on such general obligation bonds of the state. Nothing in this subsection shall be construed as obligating the legislature or the state to provide for payment of such community college building bonds from some source other than the community college bond retirement fund or as pledging the general credit of the state to the payment of such bonds. [1977 ex.s. c 282 § 1.]

**Reviser's note:** Phrase "the effective date of this 1977 amendatory act": Except for RCW 28B.50.100 and 28B.50.101 which were effective January 1, 1978, (see note following RCW 28B.50.100) the effective date of 1977 ex.s. c 282 (RCW 28B.50.870, 28B.50.090, 28B.50.140, 28B.50.300, 28B.50.860 and the repeal of RCW 28B.50.570, 28B.50.590, 28B.50.750 and 28B.56.060) was September 21, 1977.

**28B.50.873 Reduction in force of tenured or probationary faculty members due to financial emergency—**Conditions—Procedure—Rights. The state board for community college education may declare a financial emergency under the following conditions: (1) Reduction of allotments by the governor pursuant to RCW 43.88.110(2), or (2) reduction by the legislature from one biennium to the next or within a biennium of appropriated funds based on constant dollars using the implicit price deflator. When a district board of trustees determines that a reduction in force of tenured or probationary faculty members may be necessary due to financial emergency as declared by the state board, written notice of the reduction in force and separation from employment shall be given the faculty members so affected by the president or district president as the case may be. Said notice shall clearly indicate that separation is not due to the job performance of the employee and hence is without prejudice to such employee and need only state in addition the basis for the reduction in force as one or more of the reasons enumerated in subsections (1) and (2) of this section.

Said tenured or probationary faculty members will have a right to request a formal hearing when being dismissed pursuant to subsections (1) and (2) of this section. The only issue to be determined shall be whether under the applicable policies, rules or collective bargaining agreement the particular faculty member or members advised of severance are the proper ones to be terminated. Said hearing shall be initiated by filing a written request therefor with the president or district president, as the case may be, within ten days after issuance of such notice. At such formal hearing the tenure review committee provided for in RCW 28B.50.863 may observe the formal hearing procedure and after the conclusion of such hearing offer its recommended decision for consideration by the hearing officer. Failure to timely request such a hearing shall cause separation from service of such faculty members so notified on the effective date as stated in the notice, regardless of the duration of any individual employment contract.

The hearing required by this section shall be an adjudicative proceeding pursuant to chapter 34.05 RCW, the Administrative Procedure Act, conducted by a hearing officer appointed by the board of trustees and shall be concluded by the hearing officer within sixty days after written notice of the reduction in force has been issued. Ten days written notice of the formal hearing will be given to faculty members who have requested such a hearing by the president or district president as the case may be. The hearing officer within ten days after conclusion of such formal hearing shall prepare findings, conclusions of law and a recommended decision which shall be forwarded to the board of trustees for its final action thereon. Any such determination by the hearing officer under this section shall not be subject to further

tenure review committee action as otherwise provided in this chapter.

Notwithstanding any other provision of this section, at the time of a faculty member or members request for formal hearing said faculty member or members may ask for participation in the choosing of the hearing officer in the manner provided in RCW 28A.58.455(4), said employee therein being a faculty member for the purposes hereof and said board of directors therein being the board of trustees for the purposes hereof: *Provided*, That where there is more than one faculty member affected by the board of trustees' reduction in force such faculty members requesting hearing must act collectively in making such request: *Provided further*, That costs incurred for the services and expenses of such hearing officer shall be shared equally by the community college and the faculty member or faculty members requesting hearing.

When more than one faculty member is notified of termination because of a reduction in force as provided in this section, hearings for all such faculty members requesting formal hearing shall be consolidated and only one such hearing for the affected faculty members shall be held, and such consolidated hearing shall be concluded within the time frame set forth herein.

Separation from service without prejudice after formal hearing under the provisions of this section shall become effective upon final action by the board of trustees.

It is the intent of the legislature by enactment of this section and in accordance with RCW 28B.52.035, to modify any collective bargaining agreements in effect, or any conflicting board policies or rules, so that any reductions in force which take place after December 21, 1981, whether in progress or to be initiated, will comply solely with the provisions of this section: *Provided*, That any applicable policies, rules, or provisions contained in a collective bargaining agreement related to lay-off units, seniority and re-employment rights shall not be affected by the provisions of this paragraph.

Nothing in this section shall be construed to affect the right of the board of trustees or its designated appointing authority not to renew a probationary faculty appointment pursuant to RCW 28B.50.857. [1989 c 175 § 81; 1981 2nd ex.s. c 13 § 1.]

**Effective date**—1989 c 175: See note following RCW 34.05.010.

**28B.50.875 Laboratory services for the analyzing of samples, public agencies may contract with college for.** Local law enforcement agencies or such other public agencies that shall be in need of such service may contract with any community college for laboratory services for the analyzing of samples that chemists associated with such community colleges may be able to perform under such terms and conditions as the individual community college may determine. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. **28B.52.010 Declaration of purpose.** It is the purpose of this chapter to strengthen methods of administering employer-employee relations through the establishment of orderly methods of communication between academic employees and the community college districts by which they are employed.

It is the purpose of this chapter to promote cooperative efforts by prescribing certain rights and obligations of the employees and employers and by establishing orderly procedures governing the relationship between the employees and their employers which procedures are designed to meet the special requirements and needs of public employment in higher education. It is the intent of this chapter to promote activity that includes the elements of open communication and access to information in a timely manner, with reasonable discussion and interpretation of that information. It is the further intent

that such activity shall be characterized by mutual respect, integrity, reasonableness, and a desire on the part of the parties to address and resolve the points of concern. [1987 c 314 § 1; 1971 ex.s. c 196 § 1.]

**28B.52.020 Definitions.** As used in this chapter:

(1) "Employee organization" means any organization which includes as members the academic employees of a community college district and which has as one of its purposes the representation of the employees in their employment relations with the community college district.

(2) "Academic employee" means any teacher, counselor, librarian, or department head, who is employed by any community college district, whether full or part time, with the exception of the chief administrative officer of, and any administrator in, each community college district.

(3) "Administrator" means any person employed either full or part time by the community college district and who performs administrative functions as at least fifty percent or more of his assignments, and has responsibilities to hire, dismiss, or discipline other employees. Administrators shall not be members of the bargaining unit unless a majority of such administrators and a majority of the bargaining unit elect by secret ballot for such inclusion pursuant to rules and regulations as adopted in accordance with RCW 28B.52.080.

(4) "Commission" means the public employment relations commission.

(5) "Unfair labor practice" means any unfair labor practice listed in RCW 28B.52.073.

(6) "Union security provision" means a provision in a collective bargaining agreement under which some or all employees in the bargaining unit may be required, as a condition of continued employment on or after the thirtieth day following the beginning of such employment or the effective date of the provision, whichever is later, to become a member of the exclusive bargaining representative or pay an agency fee equal to the periodic dues and initiation fees uniformly required as a condition of acquiring or retaining membership in the exclusive bargaining representative.

(7) "Exclusive bargaining representative" means any employee organization which has:

(a) Been certified or recognized under this chapter as the representative of the employees in an appropriate collective bargaining unit; or

(b) Before July 26, 1987, been certified or recognized under a predecessor statute as the representative of the employees in a bargaining unit which continues to be appropriate under this chapter.

(8) "Collective bargaining" and "bargaining" mean the performance of the mutual obligation of the representatives of the employer and the exclusive bargaining representative to meet at reasonable times to bargain in good faith in an effort to reach agreement with respect to wages, hours, and other terms and conditions of employment, such as procedures related to nonretention, dismissal, denial of tenure, and reduction in force. Prior

law, practice, or interpretation shall be neither restrictive, expansive, nor determinative with respect to the scope of bargaining. A written contract incorporating any agreements reached shall be executed if requested by either party. The obligation to bargain does not compel either party to agree to a proposal or to make a concession.

In the event of a dispute between an employer and an exclusive bargaining representative over the matters that are terms and conditions of employment, the commission shall decide which items are mandatory subjects for bargaining. [1987 c 314 § 2; 1975 1st ex.s. c 296 § 12; 1973 1st ex.s. c 205 § 1; 1971 ex.s. c 196 § 2.]

**Effective date—1975 1st ex.s. c 296 § 12:** See RCW 41.58.901.

**Severability—1973 1st ex.s. c 205:** "If any provision of this 1973 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1973 1st ex.s. c 205 § 7.]

*Public employment relations commission: Chapter 41.58 RCW.*

**28B.52.025 Right to organize or refrain from organizing.** Employees have the right to self-organization, to form, join, or assist employee organizations, to bargain collectively through representatives of their own choosing, and also have the right to refrain from any or all of these activities except to the extent that employees may be required to make payments to an exclusive bargaining representative or charitable organization under a union security provision authorized in this chapter. [1987 c 314 § 5.]

**28B.52.030 Representatives of employee organization—Right to collective bargaining.** Representatives of an employee organization, which organization shall by secret ballot have won a majority in an election to represent the academic employees within its community college district, shall have the right to bargain as defined in RCW 28B.52.020(8). [1987 c 314 § 3; 1973 1st ex.s. c 205 § 2; 1971 ex.s. c 196 § 3.]

**Severability—1973 1st ex.s. c 205:** See note following RCW 28B.52.020.

**28B.52.035 Negotiations reduced to written agreements—Provisions relating to salary increases—Restrictions.** At the conclusion of any negotiation processes as provided for in RCW 28B.52.030, any matter upon which the parties have reached agreement shall be reduced to writing and acted upon in a regular or special meeting of the boards of trustees, and become part of the official proceedings of said board meeting. Provisions of written contracts relating to salary increases shall not exceed the amount or percentage established by the legislature in the appropriations act and allocated to the board of trustees by the state board for community college education. The length of term of any such agreement shall be for not more than three fiscal years. Any provisions of these agreements pertaining to salary increases will not be binding upon future actions of the legislature. If any provision of a salary increase is

changed by subsequent modification of the appropriations act by the legislature, both parties shall immediately enter into collective bargaining for the sole purpose of arriving at a mutually agreed upon replacement for the modified provision. [1987 c 314 § 4; 1973 1st ex.s. c 205 § 4.]

**Severability**—1973 1st ex.s. c 205: See note following RCW 28B.52.020.

**28B.52.040 Negotiated agreements—Procedures for binding arbitration.** A board of trustees or an employee organization that enters into a negotiated agreement under RCW 28B.52.030 may include in the agreement procedures for binding arbitration of the disputes arising about the interpretation or application of the agreement including but not limited to nonretention, dismissal, denial of tenure, and reduction in force. [1987 c 314 § 6.]

**28B.52.045 Collective bargaining agreement—Exclusive bargaining representative—Union security provisions—Dues and fees.** (1) Upon filing with the employer the voluntary written authorization of a bargaining unit employee under this chapter, the employee organization which is the exclusive bargaining representative of the bargaining unit shall have the right to have deducted from the salary of the bargaining unit employee the periodic dues and initiation fees uniformly required as a condition of acquiring or retaining membership in the exclusive bargaining representative. Such employee authorization shall not be irrevocable for a period of more than one year. Such dues and fees shall be deducted from the pay of all employees who have given authorization for such deduction, and shall be transmitted by the employer to the employee organization or to the depository designated by the employee organization.

(2) A collective bargaining agreement may include union security provisions, but not a closed shop. If an agency shop or other union security provision is agreed to, the employer shall enforce any such provision by deductions from the salary of bargaining unit employees affected thereby and shall transmit such funds to the employee organization or to the depository designated by the employee organization.

(3) An employee who is covered by a union security provision and who asserts a right of nonassociation based on bona fide religious tenets or teachings of a church or religious body of which such employee is a member shall pay to a nonreligious charity or other charitable organization an amount of money equivalent to the periodic dues and initiation fees uniformly required as a condition of acquiring or retaining membership in the exclusive bargaining representative. The charity shall be agreed upon by the employee and the employee organization to which such employee would otherwise pay the dues and fees. The employee shall furnish written proof that such payments have been made. If the employee and the employee organization do not reach agreement on such matter, the commission shall designate the charitable organization. [1987 c 314 § 8.]

**28B.52.050 Academic employee may appear in own behalf.** Nothing in this chapter shall prohibit any academic employee from appearing in his own behalf on matters relating to his employment relations with the community college district. [1971 ex.s. c 196 § 4.]

**28B.52.060 Commission—Mediation activities—Other dispute resolution procedures authorized.** The commission shall conduct mediation activities upon the request of either party as a means of assisting in the settlement of unresolved matters considered under this chapter.

In the event that any matter being jointly considered by the employee organization and the board of trustees of the community college district is not settled by the means provided in this chapter, either party, twenty-four hours after serving written notice of its intended action to the other party, may, request the assistance and advice of the commission. Nothing in this section prohibits an employer and an employee organization from agreeing to substitute, at their own expense, some other impasse procedure or other means of resolving matters considered under this chapter. [1987 c 314 § 9; 1975 1st ex.s. c 296 § 13; 1973 1st ex.s. c 205 § 3; 1971 ex.s. c 196 § 5.]

**28B.52.070 Discrimination prohibited.** Boards of trustees of community college districts or any administrative officer thereof shall not discriminate against academic employees or applicants for such positions because of their membership or nonmembership in employee organizations or their exercise of other rights under this chapter. [1971 ex.s. c 196 § 6.]

**28B.52.073 Unfair labor practices.** (1) It shall be an unfair labor practice for an employer:

(a) To interfere with, restrain, or coerce employees in the exercise of the rights guaranteed by this chapter;

(b) To dominate or interfere with the formation or administration of any employee organization or contribute financial or other support to it: *Provided*, That subject to rules adopted by the commission, an employer shall not be prohibited from permitting employees to confer with it or its representatives or agents during working hours without loss of time or pay;

(c) To encourage or discourage membership in any employee organization by discrimination in regard to hire, tenure of employment, or any term or condition of employment;

(d) To discharge or discriminate otherwise against an employee because that employee has filed charges or given testimony under this chapter;

(e) To refuse to bargain collectively with the representatives of its employees.

(2) It shall be an unfair labor practice for an employee organization:

(a) To restrain or coerce an employee in the exercise of the rights guaranteed by this chapter: *Provided*, That this subsection shall not impair the right of an employee organization to prescribe its own rules with respect to the acquisition or retention of membership in the employee organization or to an employer in the selection of its representatives for the purpose of bargaining or the adjustment of grievances;

(b) To cause or attempt to cause an employer to discriminate against an employee in violation of subsection (1)(c) of this section;

[1987 c 314 § 11.]

**28B.52.078 Strikes and lockouts prohibited—Violations—Remedies.** The right of community college faculty to engage in any strike is prohibited. The right of a board of trustees to engage in any lockout is prohibited. Should either a strike or lockout occur, the representative of the faculty or board of trustees may invoke the jurisdiction of the superior court in the county in which the labor dispute exists and such court shall have jurisdiction to issue an appropriate order against either or both parties. In fashioning an order, the court shall take into consideration not only the elements necessary for injunctive relief but also the purpose and goals of this chapter and any mitigating factors such as the commission of an unfair labor practice by either party. [1987 c 314 § 13.]

**28B.52.080 Commission to adopt rules and regulations—Boards may request commission services.** The commission shall adopt reasonable rules and regulations for the administration of employer–employee relations under this chapter. These bonds shall be paid and discharged within twenty years of the date of issuance, or within thirty years, should Article VIII of the Constitution of the state of Washington be amended to permit such longer term. No bonds authorized by this chapter shall be offered for sale without prior legislative appropriation of the proceeds of such bonds to be sold. [1977 ex.s. c 242 § 5; 1972 ex.s. c 133 § 2.]

[1972 ex.s. c 133 § 7.]

**Reviser's note:** Chapter 28B.56 RCW was adopted and ratified by the people at the November 7, 1972 general election (Referendum Bill No. 31). Governor's proclamation declaring approval of measure is dated December 7, 1972.

**28B.56.080 Form, terms, conditions and manner of sale and issuance—Limitation.** The state finance committee is authorized to prescribe the form, terms, conditions and covenants of the bonds, the time or times of sale of all or any portion of them, and the conditions and manner of their sale and issuance. This fund shall be exclusively devoted to the payment of interest on and retirement of the bonds authorized by this chapter. The state finance committee shall, on or before June 30 of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet bond retirement and interest requirements, and on July 1 of each year, the state treasurer shall deposit such amount in the community college capital improvements bond redemption fund of 1972 from moneys transmitted to the state treasurer by the department of revenue and certified by the department of revenue to be retail sales tax collections. Such amount certified by the state finance committee to the state treasurer shall be a prior charge against all retail sales tax revenues of the state of Washington, except that portion thereof heretofore pledged for the payment of bond principal and interest.

28B.59.090	Prerequisite to bond issuance.

**28B.59.010 Purpose**—"Community college capital projects" defined. The legislature has approved by its appropriation of funds from time to time, capital projects for the state community colleges, which appropriations have been funded primarily by the issuance of building, limited obligation bonds by the state board for community college education (hereinafter in this chapter called the "college board"). In order that any future appropriations for such approved capital projects may be funded on terms most advantageous to the state, it is hereby determined to be in the public interest to provide for the issuance of state general obligation bonds, in lieu of building, limited obligation bonds.

For purposes of this chapter, "community college capital projects" means the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community college education in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto. [1985 c 390 § 67; 1975-'76 2nd ex.s. c 107 § 1.]

**28B.59.030 Bond anticipation notes, authorized, payment—Form, term, conditions, sale and covenants of bonds and notes.** When the state finance committee has determined to issue such general obligation bonds, or a portion thereof, it may, pending the issuance thereof, issue in the name of the state temporary notes in anticipation of the issuance of such bonds, which notes shall be designated as "bond anticipation notes". Such portion of the proceeds of the sale of such bonds as may be required for the payment of principal of and redemption premium, if any, and interest on such notes shall be applied thereto when such bonds are issued.

The state finance committee is authorized to prescribe the form, terms, conditions and covenants of the bonds and/or the bond anticipation notes, the time or times of sale of all or any portion of them, and the conditions and manner of their sale and issuance.

Each such bond and bond anticipation note shall pledge the full faith and credit of the state of Washington and shall contain an unconditional promise to pay the principal thereof and the interest thereon when due. [1975-'76 2nd ex.s. c 107 § 3.]

**28B.63.010 Intent.** The primary mission of institutions of higher education is the creation and dissemination of knowledge. Institutions of higher education must be mindful that in providing goods and services for fees, they may be competing with local private businesses.

It is the intent of the legislature to require institutions of higher education to define the legitimate purposes under which commercial activities may be approved, and to establish a mechanism for review of such activities. [1987 c 97 § 1.]

**28B.63.020 Definitions.** For the purposes of this chapter:

(1) "Institutions of higher education" or "institutions" mean those institutions as defined in RCW 28B.10.016(4).

(2) "Commercial activity" means an activity which provides a product or service for a fee which could be obtained from a commercial source.

(3) "Fees" means any fees or charges imposed for goods, services, or facilities. [1987 c 97 § 2.]

**28B.63.030 Development of policies and mechanisms for defining and reviewing commercial activities.** Institutions of higher education in consultation with local business organizations and representatives of the small business community are required to develop:

(1) Comprehensive policies that define the legitimate purposes under which the institutions shall provide goods, services, or facilities that are practically available from private businesses;

(2) A mechanism for reviewing current and proposed commercial activities to ensure that activities are consistent with institutional policies; and

(3) A mechanism for receiving, reviewing, and responding to enquiries from private businesses about commercial activities carried on by institutions of higher education. [1987 c 97 § 3.]

**28B.63.040 Criteria for developing policies.** (1) The following criteria shall be considered in developing policies in regard to providing goods, services, or facilities to persons other than students, faculty, staff, patients, and invited guests:

(a) The goods, services, or facilities represent a resource which is substantially and directly related to the institution's instructional, research, or public service mission, which is not practically available in the private marketplace and for which there is a demand from the external community.

(b) Fees charged for the goods, services, or facilities shall take into account the full direct and indirect costs, overhead, and the price of such items in the private marketplace.

(2) The following criteria shall be considered in developing policies in regard to providing goods, services, or facilities to students, faculty, staff, patients, and invited guests:

(a) The goods, services, or facilities are substantially and directly related to the institution's instructional, research, or public service mission.

(b) Provision of the goods, services, or facilities on campus represents a special convenience to and supports the campus community, or facilitates extracurricular, public service, or on-campus residential life.

(c) Fees charged for the goods, services, or facilities shall take into account the full direct and indirect costs, including overhead.

(d) The adequacy of security procedures to ensure that the goods, services, or facilities are provided only to persons who are students, faculty, staff, patients, or invited guests. [1987 c 97 § 4.]

**28B.63.050 Programs and activities exempt from chapter.** This chapter shall not apply to the initiation of or changes in academic or vocational programs of instruction in the institutions' regular, extension, evening, or continuing education programs, or the fees therefor, fees for services provided in the practicum aspects of instruction, or research programs, and in extracurricular or residential life programs, including residence halls, food services, athletic and recreational programs, and performing arts programs. **28B.85.010 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) "Board" means the higher education coordinating board.

(2) "Degree" means any designation, appellation, letters, or words including but not limited to "associate," "bachelor," "master," "doctor," or "fellow" which signify or purport to signify satisfactory completion of the requirements of an academic program of study beyond the secondary school level.

(3) "Degree-granting institution" means an entity that offers educational credentials, instruction, or services prerequisite to or indicative of an academic or professional degree beyond the secondary level. [1986 c 136 § 1.]

**28B.85.020 Board's duties—Rules—Investigations—Interagency agreements about nondegree programs.** The board:

(1) Shall adopt by rule minimum standards for degree-granting institutions concerning granting of degrees, quality of education, unfair business practices, financial stability, and other necessary measures to protect citizens of this state against substandard, fraudulent, or deceptive practices. The board shall adopt the rules in accordance with chapter 34.05 RCW;

(2) May investigate any entity the board reasonably believes to be subject to the jurisdiction of this chapter. In connection with the investigation, the board may administer oaths and affirmations, issue subpoenas and compel attendance, take evidence, and require the production of any books, papers, correspondence, memorandums, or other records which the board deems relevant or material to the investigation. The board, including its staff and any other authorized persons, may conduct site inspections and examine records of all institutions subject to this chapter;

(3) Shall develop an interagency agreement with the \*commission for vocational education or its successor agency to regulate degree-granting private vocational schools with respect to nondegree programs. [1986 c 136 § 2.]

**\*Reviser's note:** The commission on vocational education and its powers and duties, pursuant to the Sunset Act, chapter 43.131 RCW, were terminated June 30, 1986, and repealed June 30, 1987. See 1983 c 197 §§ 17 and 43.

**28B.85.030 Current authorization required to offer or grant degree.** A degree-granting institution shall not operate and shall not grant or offer to grant any degree unless the institution has obtained current authorization from the board. [1986 c 136 § 3.]

**28B.85.040 Completion of program of study prerequisite to degree—Application of chapter.** (1) An institution or person shall not advertise, offer, sell, or award a degree or any other type of educational credential unless the student has enrolled in and successfully completed a prescribed program of study, as outlined in the institution's publications. This prohibition shall not apply to honorary credentials clearly designated as such on the front side of the diploma or certificate and awarded by institutions offering other educational credentials in compliance with state law.

(2) Except as provided in subsection (1) of this section, this chapter shall not apply to:

(a) Any public college, university, or other entity operating as part of the public educational system of this state.

(b) Institutions that have been accredited by an accrediting association recognized by the agency for the purposes of this chapter, provided that an institution, branch, extension, or facility operating within the state of Washington which is affiliated with an institution operating in another state must be a separately accredited member institution of any such accrediting association to qualify for this exemption.

(c) Institutions of a religious character, but only as to those education programs devoted exclusively to religious or theological objectives if the programs are represented in an accurate manner in institutional catalogs and other official publications.

(d) Institutions not otherwise exempt which offer only workshops or seminars lasting no longer than three calendar days and for which academic credit is not awarded. [1986 c 136 § 4.]

**28B.85.045 Institutions offering teacher preparation programs—Exploration of methods to enhance awareness of teacher preparation programs.** See RCW 28B.10.032.

**28B.85.050 Board may require information.** All degree-granting institutions subject to this chapter shall file information with the board as the board may require. [1986 c 136 § 5.]

**28B.85.060 Fees.** The board shall impose fees on any degree-granting institution authorized to operate under this chapter. Fees shall be set and revised by the board by rule at the level necessary to approximately recover the staffing costs incurred in administering this chapter. Fees shall be deposited in the general fund. [1986 c 136 § 6.]

**28B.85.070 Surety bonds—Security in lieu of bond—Cancellation of bond—Notice—Claims.**

(1) The board may require any degree-granting institution to have on file with the board an approved surety bond or other security in lieu of a bond in an amount determined by the board.

(2) In lieu of a surety bond, an institution may deposit with the board a cash deposit or other negotiable security acceptable to the board. The security deposited with the board in lieu of the surety bond shall be returned to the institution one year after the institution's authorization has expired or been revoked if legal action has not been instituted against the institution or the security deposit at the expiration of the year. The obligations and remedies relating to surety bonds authorized by this section, including but not limited to the settlement of claims procedure in subsection (5) of this section, shall apply to deposits filed with the board, as applicable.

(3) Each bond shall:

(a) Be executed by the institution as principal and by a corporate surety licensed to do business in the state;

(b) Be payable to the state for the benefit and protection of any student or enrollee of an institution, or, in the case of a minor, his or her parents or guardian;

(c) Be conditioned on compliance with all provisions of this chapter and the board's rules adopted under this chapter;

(d) Require the surety to give written notice to the board at least thirty-five days before cancellation of the bond; and

(e) Remain in effect for one year following the effective date of its cancellation or termination as to any obligation occurring on or before the effective date of cancellation or termination.

(4) Upon receiving notice of a bond cancellation, the board shall notify the institution that the authorization will be suspended on the effective date of the bond cancellation unless the institution files with the board another approved surety bond or other security. The board may suspend or revoke the authorization at an earlier date if it has reason to believe that such action will prevent students from losing their tuition or fees.

(5) If a complaint is filed under RCW 28B.85.090(1) against an institution, the board may file a claim against the surety and settle claims against the surety by following the procedure in this subsection.

(a) The board shall attempt to notify all potential claimants. If the absence of records or other circumstances makes it impossible or unreasonable for the board to ascertain the names and addresses of all the claimants, the board after exerting due diligence and making reasonable inquiry to secure that information from all reasonable and available sources, may make a demand on a bond on the basis of information in the board's possession. The board is not liable or responsible for claims or the handling of claims that may subsequently appear or be discovered.

(b) Thirty days after notification, if a claimant fails, refuses, or neglects to file with the board a verified claim, the board shall be relieved of further duty or action under this chapter on behalf of the claimant.

(c) After reviewing the claims, the board may make demands upon the bond on behalf of those claimants whose claims have been filed. The board may settle or compromise the claims with the surety and may execute and deliver a release and discharge of the bond.

(d) If the surety refuses to pay the demand, the board may bring an action on the bond in behalf of the claimants. If an action is commenced on the bond, the board may require a new bond to be filed.

(e) Within ten days after a recovery on a bond or other posted security has occurred, the institution shall file a new bond or otherwise restore its security on file to the required amount.

(6) The liability of the surety shall not exceed the amount of the bond. [1986 c 136 § 7.]

**28B.85.080 Suspension or modification of requirements authorized.** The board may suspend or modify any of the requirements under this chapter in a particular case if the board finds that:

(1) The suspension or modification is consistent with the purposes of this chapter; and

(2) The education to be offered addresses a substantial, demonstrated need among residents of the state or that literal application of this chapter would cause a manifestly unreasonable hardship. [1986 c 136 § 8.]

**28B.85.090 Claims—Complaints—Investigations—Hearings—Orders.** (1) A person claiming loss of tuition or fees as a result of an unfair business

practice may file a complaint with the board. The complaint shall set forth the alleged violation and shall contain information required by the board. A complaint may also be filed with the board by an authorized staff member of the board or by the attorney general.

(2) The board shall investigate any complaint under this section and may attempt to bring about a settlement. The board may hold a hearing pursuant to the Administrative Procedure Act, chapter 34.05 RCW, in order to determine whether a violation has occurred. If the board prevails, the degree-granting institution shall pay the costs of the administrative hearing.

(3) If, after the hearing, the board finds that the institution or its agent engaged in or is engaging in any unfair business practice, the board shall issue and cause to be served upon the violator an order requiring the violator to cease and desist from the act or practice and may impose the penalties under RCW 28B.85.100. If the board finds that the complainant has suffered loss as a result of the act or practice, the board may order full or partial restitution for the loss. The complainant is not bound by the board's determination of restitution and may pursue any other legal remedy. [1989 c 175 § 82; 1986 c 136 § 9.]

**Effective date**—1989 c 175: See note following RCW 34.05.010.

**28B.85.100 Violations—Civil penalties.** Any person, group, or entity or any owner, officer, agent, or employee of such entity who wilfully violates any provision of this chapter or the rules adopted under this chapter shall be subject to a civil penalty of not more than one hundred dollars for each violation. Each day on which a violation occurs constitutes a separate violation. The fine may be imposed by the higher education coordinating board or by any court of competent jurisdiction. [1986 c 136 § 10.]

**28B.85.110 Violations—Criminal sanctions.** Any person, group, or entity or any owner, officer, agent, or employee of such entity who wilfully violates RCW 28B.85.030 shall be guilty of a gross misdemeanor and, upon conviction, shall be punished by a fine not to exceed one thousand dollars or by imprisonment in the county jail for a term not to exceed one year, or by both such fine and imprisonment. Each day on which a violation occurs constitutes a separate violation. The criminal sanctions may be imposed by a court of competent jurisdiction in an action brought by the attorney general of this state. [1986 c 136 § 11.]

**28B.85.120 Actions resulting in jurisdiction of courts.** A degree-granting institution, whether located in this state or outside of this state, that conducts business of any kind, makes any offers, advertises, solicits, or enters into any contracts in this state or with a resident of this state is subject to the jurisdiction of the courts of this state for any cause of action arising from the acts. [1986 c 136 § 12.]

**28B.85.130 Educational records—Permanent file—Protection.** If any degree-granting institution

discontinues its operation, the chief administrative officer of the institution shall file with the board the original or legible true copies of all educational records required by the board. If the board determines that any educational records are in danger of being made unavailable to the board, the board may seek a court order to protect and if necessary take possession of the records. The board shall cause to be maintained a permanent file of educational records coming into its possession. [1986 c 136 § 13.]

**28B.85.140 Contracts voidable—When.** If a student or prospective student is a resident of this state at the time any contract relating to payment for education or any note, instrument, or other evidence of indebtedness relating thereto is entered into, RCW 28B.85.150 shall govern the rights of the parties to the contract or evidence of indebtedness. If a contract or evidence of indebtedness contains any of the following agreements, the contract is voidable at the option of the student or prospective student:

- (1) That the law of another state shall apply;
- (2) That the maker or any person liable on the contract or evidence of indebtedness consents to the jurisdiction of another state;
- (3) That another person is authorized to confess judgment on the contract or evidence of indebtedness; or
- (4) That fixes venue. [1986 c 136 § 14.]

**28B.85.150 Enforceability of debts—Authority to offer degree required.** A note, instrument, or other evidence of indebtedness or contract relating to payment for education for a degree is not enforceable in the courts of this state by a degree-granting institution or holder of the instrument unless the institution was authorized to offer the degree under this chapter at the time the note, instrument, or other evidence of indebtedness or contract was entered into. [1986 c 136 § 15.]

**28B.85.160 Actions to enforce chapter—Who may bring—Relief.** The attorney general or the prosecuting attorney of any county in which a degree-granting institution or agent of the institution is found may bring an action in any court of competent jurisdiction for the enforcement of this chapter. The court may issue an injunction or grant any other appropriate form of relief. [1986 c 136 § 16.]

**28B.85.170 Injunctive relief—Board may seek.** The board may seek injunctive relief, after giving notice to the affected party, in a court of competent jurisdiction for a violation of this chapter or the rules adopted under this chapter. The board need not allege or prove that the board has no adequate remedy at law. The right of injunction provided in this section is in addition to any other legal remedy which the board has and is in addition to any right of criminal prosecution provided by law. The existence of board action with respect to alleged violations of this chapter and rules adopted under this chapter does not operate as a bar to an action for injunctive relief under this section. [1986 c 136 § 17.]

**28B.85.180 Violation of chapter unfair or deceptive practice under RCW 19.86.020.** A violation of this chapter or the rules adopted under this chapter affects the public interest and is an unfair or deceptive act or practice in violation of RCW 19.86.020 of the consumer protection act. The remedies and sanctions provided by this section shall not preclude application of other remedies and sanctions. [1986 c 136 § 18.]

**28B.85.190 Remedies and penalties in chapter non-exclusive and cumulative.** The remedies and penalties provided for in this chapter are nonexclusive and cumulative and do not affect any other actions or proceedings. [1986 c 136 § 19.]

**28B.85.900 Severability—1986 c 136.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1986 c 136 § 21.]

**28B.85.902 Effective date—1986 c 136.** This act shall take effect July 1, 1986. [1986 c 136 § 24.]

**28B.85.905 Validity of registration under prior laws.** A degree-granting institution registered under chapter 188, Laws of 1979, as amended, as of June 30, 1986, is not required to apply for authorization under chapter 28B.85 RCW until the expiration date of such registration. [1986 c 136 § 22.]

**28B.104.010 Legislative findings.** The legislature finds that significant changes occurring simultaneously in the health care delivery system and the demography of the national population are resulting in a shortage of qualified nursing personnel which has the potential of dramatically reducing the quality of health care in the state of Washington, particularly in long-term care and critical emergent care. One of the more important contributors to this shortage is the fall in enrollment of students wishing to pursue nursing as a career. In today's

complex health care environment, a more integrated approach to the delivery of nursing care may provide comprehensive answers to the problem. The legislature finds that encouraging qualified individuals to enter the nursing profession is of paramount importance to the state in reducing this shortage. The legislature urges the health professions, industry, and philanthropic community organizations to join with state government in assuring the success of this program. [1988 c 242 § 1.]

**28B.104.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(2) "Institution of higher education" or "institution" means a community college, vocational-technical school, college, or university in the state of Washington which is accredited by an accrediting association recognized as such by rule of the higher education coordinating board.

(4) "Eligible student" means a student who has been accepted into a program leading to eligibility for licensure as a licensed practical nurse, or to a program leading to an associate, baccalaureate, or higher degree in nursing or continues satisfactory progress within the program; and has a declared intention to serve in a nurse shortage area upon completion of the educational program.

(5) "Nurse shortage area" means those areas where nurses are in short supply as a result of geographic maldistribution; or specialty areas of nursing, such as geriatrics or critical care, where vacancies exist in serious numbers that jeopardize patient care and pose a threat to the public health and safety. The state department of health shall determine nurse shortage areas in the state guided by federal standards of "health manpower shortage areas."

(6) "Forgiven" or "to forgive" or "forgiveness" means to render nursing service in a nurse shortage area in the state of Washington in lieu of monetary repayment.

(7) "Satisfied" means paid-in-full.

(8) "Participant" means an eligible student who has received a conditional scholarship under this chapter. [1989 1st ex.s. c 9 § 206; 1989 c 115 § 1; 1988 c 242 § 2.]

**Reviser's note:** This section was amended by 1989 c 115 § 1 and by 1989 1st ex.s. c 9 § 206, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Effective date—Severability—1989 1st ex.s. c 9:** See RCW 43.70.910 and 43.70.920.

**28B.104.030 Program established—Powers and duties of board.** The nurses conditional scholarship program is established for students pursuing nursing programs in institutions of higher education. The program

(3) Publicize the program;

(4) Collect and manage repayments from students who do not meet their services obligations under this chapter;

(5) Solicit and accept grants and donations from public and private sources for the program; and

(6) Develop criteria for a contract for service in lieu of the five-year service in a nurse shortage area where appropriate, that may be a combination of service and payment. [1988 c 242 § 3.]

**\*Reviser's note:** The phrase "and the superintendent of public instruction for vocational education" was directed to be placed after "community college education" in the first paragraph of this section and inadvertently was placed in this subsection.

**28B.104.040 Planning committee—Development of criteria for selecting recipients.** The higher education coordinating board shall establish a planning committee to develop criteria for the screening and selection of recipients of the conditional scholarships. **28B.104.060 Repayment obligation.** (1) Participants in the conditional scholarship program incur an obligation to repay the conditional scholarship, with interest, unless they serve for five years in nurse shortage areas of the state of Washington. Nurse shortage areas may include geographical areas as a result of maldistribution, or specialty areas of nursing such as gerontology, critical care, or coronary care.

(2) The terms of the repayment, including deferral of the interest, shall be consistent with the terms of the federal guaranteed loan program.

(3) The period for repayment shall be five years, with payments accruing quarterly commencing nine months from the date the participant completes or discontinues the course of study.

(4) The entire principal and interest of each payment shall be forgiven for each payment period in which the participant serves in a nurse shortage area, as determined by the state health coordinating council, until the entire repayment obligation is satisfied or the borrower ceases to so serve. Should the participant cease to serve in this state before the participant's repayment obligation is completed, payments on the unsatisfied portion of the principal and interest shall begin the next payment period and continue until the remainder of the participant's repayment obligation is satisfied.

(5) The board is responsible for collection of repayments made under this section and shall exercise due diligence in such collection, maintaining all necessary records to ensure that maximum repayments are made. Collection and servicing of repayments under this section shall be pursued using the full extent of the law, including wage garnishment if necessary, and shall be performed by entities approved for such servicing by the Washington student loan guaranty association or its successor agency. The board is responsible to forgive all or parts of such repayments under the criteria established in this section and shall maintain all necessary records of forgiven payments.

[1988 c 242 § 6.]

**28B.104.900 Expiration of program.** No conditional scholarships may be granted after June 30, 1994. [1988 c 242 § 9.]

**\*Reviser's note:** The commission on vocational education and its powers and duties, pursuant to the Sunset Act, chapter 43.131 RCW, were terminated June 30, 1986, and repealed June 30, 1987. See 1983 c 197 §§ 17 and 43.

**28C.10.030 Application of chapter.** This chapter does not apply to:

(1) Bona fide trade, business, professional, or fraternal organizations sponsoring educational programs primarily for that organization's membership or offered by that organization on a no-fee basis;

(2) Entities offering education that is exclusively avocational or recreational;

(3) Education not requiring payment of money or other consideration if this education is not advertised or promoted as leading toward educational credentials;

(4) Entities that are established, operated, and governed by this state or its political subdivisions under Title 28A, 28B, or 28C RCW;

(5) Degree-granting programs in compliance with the rules of the higher education coordinating board;

(6) Any other entity to the extent that it has been exempted from some or all of the provisions of this chapter under RCW 28C.10.100;

(7) Entities not otherwise exempt that are of a religious character, but only as to those educational programs exclusively devoted to religious or theological objectives and represented accurately in institutional catalogs or other official publications;

(8) Entities certified by the federal aviation administration;

(9) Barber and cosmetology schools licensed under chapter 18.16 RCW;

(10) Entities which only offer courses approved to meet the continuing education requirements for licensure under chapters 18.04, 18.78, 18.88, or 48.17 RCW; and

(11) Entities not otherwise exempt offering only workshops or seminars lasting no longer than three calendar days. [1986 c 299 § 3.]

**28C.10.040 Agency's duties—Rules—Investigations—Interagency agreements about nondegree programs.** The agency:

(1) Shall maintain a list of private vocational schools licensed under this chapter;

(2) Shall adopt rules in accordance with chapter 34.05 RCW to carry out this chapter;

(3) May investigate any entity the agency reasonably believes to be subject to the jurisdiction of this chapter. In connection with the investigation, the agency may administer oaths and affirmations, issue subpoenas and compel attendance, take evidence, and require the production of any books, papers, correspondence, memorandums, or other records which the agency deems relevant or material to the investigation. The agency, including

its staff and any other authorized persons, may conduct site inspections and examine records of all schools subject to this chapter;

(4) Shall develop an interagency agreement with the higher education coordinating board to regulate degree-granting private vocational schools with respect to non-degree programs. [1986 c 299 § 4.]

**28C.10.050 Minimum standards—Denial, revocation, or suspension of licenses.** (1) The agency shall adopt by rule minimum standards for private vocational schools. The minimum standards shall include, but not be limited to, requirements for each school to:

(a) Disclose to the agency information about its ownership and financial position and to demonstrate that it has sufficient financial resources to fulfill its commitments to students. Financial disclosures provided to the agency shall not be subject to public disclosure under chapter 42.17 RCW.

(b) Follow a uniform state-wide cancellation and refund policy as specified by the agency.

(c) Disclose through use of a school catalog, brochure, or other written material, necessary information to students so that students may make informed enrollment decisions. The agency shall specify what information is required.

(d) Use an enrollment contract or agreement that includes: (i) The cancellation and refund policy, (ii) a brief statement that the school is licensed under this chapter and that inquiries may be made to the agency, and (iii) other necessary information as determined by the agency.

(e) Describe accurately and completely in writing to students before their enrollment prerequisites and requirements for (i) completing successfully the programs of study in which they are interested and (ii) qualifying for the fields of employment for which their education is designed.

(f) Comply with the requirements of RCW 28C.10.084.

(2) The agency shall deny, revoke, or suspend the license of any school that does not meet or maintain the minimum standards. [1987 c 459 § 3; 1986 c 299 § 5.]

**28C.10.060 Licenses—Requirements—Renewal.** Any entity desiring to operate a private vocational school shall apply for a license to the agency on a form provided by the agency. The agency shall issue a license if the school:

(1) Files a completed application with information satisfactory to the agency. Misrepresentation by an applicant shall be grounds for the agency, at its discretion, to deny or revoke a license.

(2) Complies with the requirements for the tuition recovery fund under RCW 28C.10.084.

(3) Pays the required fees.

(4) Meets the minimum standards adopted by the agency under RCW 28C.10.050.

Licenses shall be valid for one year from the date of issue unless revoked or suspended. If a school fails to file

a completed renewal application at least thirty days before the expiration date of its current license the school shall be subject to payment of a late filing fee fixed by the agency. [1987 c 459 § 4; 1986 c 299 § 6.]

**28C.10.070 Fees.** The agency shall establish fees by rule at a level necessary to approximately recover the staffing costs incurred in administering this chapter. All fees collected under this section shall be deposited in the state general fund. [1986 c 299 § 7.]

**28C.10.082 Tuition recovery fund—Created—State treasurer custodian.** The tuition recovery fund is hereby established in the custody of the state treasurer. The agency shall deposit in the fund all moneys received under RCW 28C.10.084. Moneys in the fund may be spent only for the purposes under RCW 28C.10.084. Disbursements from the fund shall be on authorization of the agency. The fund is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is required for disbursements. All earnings of investments of such balances shall be credited to the tuition recovery fund. [1987 c 459 § 2.]

**28C.10.084 Tuition recovery fund—Deposits required—Use—Claims—Notice—Disbursements.** (1) The agency shall establish, maintain, and administer a tuition recovery fund. All funds collected for the tuition recovery fund are payable to the state for the benefit and protection of any student or enrollee of a private vocational school licensed under this chapter, or, in the case of a minor, his or her parents or guardian, for purposes including but not limited to the settlement of claims procedures under subsection (9) of this section and RCW 28C.10.120. The fund shall be liable for settlement of claims and costs of administration but shall not be liable to pay out or recover penalties assessed under RCW 28C.10.130 or 28C.10.140. No liability accrues to the state of Washington from claims made against the fund.

(2) To be and remain licensed under this chapter each entity shall, in addition to other requirements under this chapter, make cash deposits into a tuition recovery fund as a means to assure payment of claims brought under this chapter. The fund shall be initially capitalized at two hundred thousand dollars and shall achieve an operating balance of at least one million dollars within five years after May 18, 1987, as required under subsection (5) of this section.

(3) The amount of liability that can be satisfied by this fund on behalf of each individual entity licensed under this chapter shall be established by the agency, based on an incremental scale that recognizes the average amount of unearned prepaid tuition in possession of the entity. However, the minimum amount of liability for any entity shall not be less than five thousand dollars and the maximum amount shall not exceed two hundred thousand dollars. Such limitation on each entity's liability remains unchanged by single or cumulative disbursements made on behalf of the entity. The upper limit of

liability is reestablished following the settlement of any claim.

(4) Within sixty days after any entity deposits its initial contribution into the fund, the agency shall release whatever surety such entity had previously filed. Thereupon, the tuition recovery fund shall be liable for a period of one year following the date such surety is released with respect to prior claims against the surety. However, the liability of the fund is limited to the amount of and subject to the defenses of that released surety as though it had remained on file with the agency. The fund's liability with respect to each entity that makes an initial deposit into the fund commences on that date and ceases one year from the date it is no longer licensed under this chapter.

(5) The agency shall adopt by rule a matrix for calculating the deposits into the fund required of each entity. Proration shall be determined by factoring the entity's share of liability in proportion to the aggregated liability of all participants under the fund by grouping such prorations under the incremental scale created in subsection (3) of this section. Expressed as a percentage of the total liability, that figure determines the amount to be contributed when factored into a fund containing one million dollars. The total amount of its prorated share, minus the amount paid for initial capitalization, shall be payable in ten equal increments over a five-year period, commencing with the sixth month after May 18, 1987. Additionally, the agency shall require deposits for initial capitalization, under which the amount each entity deposits is proportionate to its share of two hundred thousand dollars, employing the matrix developed under this subsection. The amount thus established shall be deposited by each licensee of record, within thirty days after May 18, 1987, and a like amount shall be deposited by each subsequent applicant for licensing before the issuance of such license.

(6) No vested right or interests in deposited funds is created or implied for the depositor, either at any time during the operation of the fund or at any such future time that the fund may be dissolved. All funds deposited are payable to the state for the purposes described under this section. The agency shall maintain the fund, collect deposits when due by serving appropriate notices to affected entities, and make disbursements to settle claims. When the deposits total five million dollars and the history of disbursements so warrants, the agency may at its own option reduce the schedule of deposits whether as to time, amount, or both. When such level is achieved, the agency may also entertain proposals from among the licensees with regard to disbursing surplus funds for such purposes as vocational scholarships.

(7) The agency shall make determinations based on annual financial data supplied by the entity whether the increment assigned to that entity on the incremental scale established under subsection (5) of this section has changed. If an increase or decrease has occurred, a corresponding change in its incremental position and contribution schedule shall be made before the date of its next scheduled deposit into the fund.

(8) If fifty-one percent or more of the ownership interest in an entity is conveyed through sale or other means into different ownership, the contribution schedule of the prior owner is canceled. All contributions made to the date of transfer accrue to the fund. The new owner commences contributions under provisions applying to a new applicant.

(9) To settle complaints adjudicated under RCW 28C.10.120 and claims resulting from closure of an entity, the agency may make disbursements from the fund. In addition to the processes described under RCW 28C.10.120 for handling complaints, the following additional procedures are established to deal with school closures:

(a) The agency shall attempt to notify all potential claimants. The absence of records and other circumstances may make it impossible or unreasonable for the agency to ascertain the names and whereabouts of each potential claimant but the agency shall make reasonable inquiries to secure that information from all likely sources. The agency shall then proceed to settle the claims on the basis of information in its possession. The agency is not responsible or liable for claims or for handling claims that may subsequently appear or be discovered.

(b) Thirty days after identified potential claimants have been notified, if a claimant refuses or neglects to file a claim verification as requested in such notice, the agency shall be relieved of further duty or action on behalf of the claimant under this chapter.

(c) After verification and review, the agency may disburse funds from the tuition recovery fund to settle or compromise the claims. However, the liability of the fund for claims against the closed entity shall not exceed that total amount of the contribution schedule assigned to that entity under subsection (5) of this section.

(d) The agency shall seek to recover such disbursed funds from the assets of the defaulted entity, including but not limited to asserting claims as a creditor in bankruptcy proceedings.

(10) When funds are disbursed to settle claims against a current licensee, the agency shall make demand upon the licensee for recovery. The agency shall adopt schedules of times and amounts acceptable for effecting recoveries. An entity's failure to perform subjects its license to suspension or revocation under RCW 28C.10.050 in addition to any other available remedies.

(11) A minimum operating balance of two hundred thousand dollars shall be maintained in the fund. If disbursements reduce the balance below two hundred thousand dollars, each participating entity shall be assessed a prorata share of the deficiency created, based upon the incremental scale created under subsection (5) of this section. The agency shall promptly adopt schedules of times and amounts acceptable for affecting payments of assessments. [1987 c 459 § 1.]

**28C.10.090 Actions prohibited without license.** A private vocational school, whether located in this state or outside of this state, shall not conduct business of any kind, make any offers, advertise or solicit, or enter into

any contracts unless the private vocational school is licensed under this chapter. [1986 c 299 § 9.]

**28C.10.100 Suspension or modification of requirements of chapter.** The executive director of the agency may suspend or modify any of the requirements under this chapter in a particular case if the agency finds that:

(1) The suspension or modification is consistent with the purposes of this chapter; and

(2) The education to be offered addresses a substantial, demonstrated need among residents of the state or that literal application of this chapter would cause a manifestly unreasonable hardship. [1986 c 299 § 10.]

**28C.10.110 Unfair business practices.** It is an unfair business practice for a private vocational school or agent to:

(1) Fail to comply with the terms of a student enrollment contract or agreement;

(2) Use an enrollment contract form, catalog, brochure, or similar written material affecting the terms and conditions of student enrollment other than that previously submitted to the agency and authorized for use;

(3) Represent falsely, directly or by implication, that the school is an employment agency, is making an offer of employment or otherwise is attempting to conceal the fact that what is being represented are course offerings of a school;

(4) Represent falsely, directly or by implication, that an educational program is approved by a particular industry or that successful completion of the program qualifies a student for admission to a labor union or similar organization or for the receipt of a state license in any business, occupation, or profession;

(5) Represent falsely, directly or by implication, that a student who successfully completes a course or program of instruction may transfer credit for the course or program to any institution of higher education;

(6) Represent falsely, directly or by implication, in advertising or in any other manner, the school's size, location, facilities, equipment, faculty qualifications, or the extent or nature of any approval received from an accrediting association;

(7) Represent that the school is approved, recommended, or endorsed by the state of Washington or by the agency, except the fact that the school is authorized to operate under this chapter may be stated;

(8) Provide prospective students with any testimonial, endorsement, or other information which has the tendency to mislead or deceive prospective students or the public regarding current practices of the school, current conditions for employment opportunities, or probable earnings in the occupation for which the education was designed;

(9) Designate or refer to sales representatives as "counselors," "advisors," or similar terms which have the tendency to mislead or deceive prospective students or the public regarding the authority or qualifications of the sales representatives;

(10) Make or cause to be made any statement or representation in connection with the offering of education if the school or agent knows or reasonably should have known the statement or representation to be false, substantially inaccurate, or misleading; or

(11) Engage in methods of advertising, sales, collection, credit, or other business practices which are false, deceptive, misleading, or unfair, as determined by the agency by rule.

It is a violation of this chapter for a private vocational school to engage in an unfair business practice. [1986 c 299 § 11.]

**28C.10.120 Complaints—Investigations—Hearings—Remedies.** (1) A person claiming loss of tuition or fees as a result of an unfair business practice may file a complaint with the agency. The complaint shall set forth the alleged violation and shall contain information required by the agency. A complaint may also be filed with the agency by an authorized staff member of the agency or by the attorney general.

(2) The agency shall investigate any complaint under this section and may attempt to bring about a settlement. The agency may hold a hearing pursuant to the Administrative Procedure Act, chapter 34.05 RCW, in order to determine whether a violation has occurred. If the agency prevails, the private vocational school shall pay the costs of the administrative hearing.

(3) If, after the hearing, the agency finds that the private vocational school or its agent engaged in or is engaging in any unfair business practice, the agency shall issue and cause to be served upon the violator an order requiring the violator to cease and desist from the act or practice and may impose the penalties under RCW 28C.10.130. If the agency finds that the complainant has suffered loss as a result of the act or practice, the agency may order full or partial restitution for the loss. The complainant is not bound by the agency's determination of restitution and may pursue any other legal remedy. [1989 c 175 § 83; 1986 c 299 § 12.]

**Effective date—1989 c 175:** See note following RCW 34.05.010.

**28C.10.130 Violations—Civil penalties.** Any private vocational school or agent violating RCW 28C.10.060, 28C.10.090, or 28C.10.110 or the applicable agency rules is subject to a civil penalty of not more than one hundred dollars for each separate violation. Each day on which a violation occurs constitutes a separate violation. Multiple violations on a single day may be considered separate violations. The fine may be imposed by the agency under RCW 28C.10.120, or in any court of competent jurisdiction. [1986 c 299 § 13.]

**28C.10.140 Violations—Criminal sanctions.** Any entity or any owner, officer, agent, or employee of such entity who wilfully violates RCW 28C.10.060 or 28C.10.090 is guilty of a gross misdemeanor and, upon conviction, shall be punished by a fine of not to exceed one thousand dollars or by imprisonment in the county jail for not to exceed one year, or by both such fine and imprisonment.

Each day on which a violation occurs constitutes a separate violation. The criminal sanctions may be imposed by a court of competent jurisdiction in an action brought by the attorney general of this state. [1986 c 299 § 14.]

**28C.10.150 Actions resulting in jurisdiction of courts.** A private vocational school, whether located in this state or outside of this state, that conducts business of any kind, makes any offers, advertises, solicits, or enters into any contracts in this state or with a resident of this state is subject to the jurisdiction of the courts of this state for any cause of action arising from the acts. [1986 c 299 § 15.]

**28C.10.160 Educational records—Permanent file—Protection.** If any private vocational school discontinues its operation, the chief administrative officer of the school shall file with the agency the original or legible true copies of all educational records required by the agency. If the agency determines that any educational records are in danger of being made unavailable to the agency, the agency may seek a court order to protect and if necessary take possession of the records. The agency shall cause to be maintained a permanent file of educational records coming into its possession. [1986 c 299 § 16.]

**28C.10.170 Contracts voidable—When.** If a student or prospective student is a resident of this state at the time any contract relating to payment for education or any note, instrument, or other evidence of indebtedness relating thereto is entered into, RCW 28C.10.180 shall govern the rights of the parties to the contract or evidence of indebtedness. If a contract or evidence of indebtedness contains any of the following agreements, the contract is voidable at the option of the student or prospective student:

- (1) That the law of another state shall apply;
- (2) That the maker or any person liable on the contract or evidence of indebtedness consents to the jurisdiction of another state;
- (3) That another person is authorized to confess judgment on the contract or evidence of indebtedness; or
- (4) That fixes venue. [1986 c 299 § 17.]

**28C.10.180 Enforceability of debts—Authority to offer degree required.** A note, instrument, or other evidence of indebtedness or contract relating to payment for education is not enforceable in the courts of this state by a private vocational school or holder of the instrument unless the private vocational school was licensed under this chapter at the time the note, instrument, or other evidence of indebtedness or contract was entered into. [1986 c 299 § 18.]

**28C.10.190 Actions to enforce chapter—Who may bring—Relief.** The attorney general or the prosecuting attorney of any county in which a private vocational

school or agent of the school is found may bring an action in any court of competent jurisdiction for the enforcement of this chapter. The court may issue an injunction or grant any other appropriate form of relief. [1986 c 299 § 19.]

**28C.10.200 Injunctive relief—Agency may seek.** The agency may seek injunctive relief, after giving notice to the affected party, in a court of competent jurisdiction for a violation of this chapter or the rules adopted under this chapter. The agency need not allege or prove that the agency has no adequate remedy at law. The right of injunction provided in this section is in addition to any other legal remedy which the agency has and is in addition to any right of criminal prosecution provided by law. The existence of agency action with respect to alleged violations of this chapter and rules adopted under this chapter does not operate as a bar to an action for injunctive relief under this section. [1986 c 299 § 20.]

**28C.10.210 Violation of chapter unfair or deceptive practice under RCW 19.86.020.** A violation of this chapter or the rules adopted under this chapter affects the public interest and is an unfair or deceptive act or practice in violation of RCW 19.86.020 of the consumer protection act. The remedies and sanctions provided by this section shall not preclude application of other remedies and sanctions. [1986 c 299 § 21.]

**28C.10.220 Remedies and penalties in chapter non-exclusive and cumulative.** The remedies and penalties provided for in this chapter are nonexclusive and cumulative and do not affect any other actions or proceedings. [1986 c 299 § 22.]

**28C.10.900 Severability—1986 c 299.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1986 c 299 § 27.]

**28C.10.902 Effective date—1986 c 299.** This act shall take effect July 1, 1986. [1986 c 299 § 31.]

**28C.10.910 Schools registered under prior laws.** A private vocational school registered under chapter 188, Laws of 1979, as amended, as of June 30, 1986, shall be considered to be licensed under chapter 28C.10 RCW until January 31, 1987. [1986 c 299 § 28.]
