**47.29.010 Finding—Intent.** (1) The legislature finds that the public-private [transportation] initiatives act created under chapter 47.46 RCW has not met the needs and expectations of the public or private sectors for the development of transportation projects. The legislature intends to phase out chapter 47.46 RCW coincident with the completion of the Tacoma Narrows Bridge - SR 16 public-private partnership. From July 24, 2005, this chapter will provide a more desirable and effective approach to developing transportation projects in partnership with the private sector by applying lessons learned from other states and from this state's ten-year experience with chapter 47.46 RCW.

(2) It is the legislature's intent to achieve the following goals through the creation of this new approach to public-private partnerships:

(a) To provide a well-defined mechanism to facilitate the collaboration between public and private entities in transportation;

(b) To bring innovative thinking from the private sector and other states to bear on public projects within the state;

(c) To provide greater flexibility in achieving the transportation projects; and

(d) To allow for creative cost and risk sharing between the public and private partners.

(3) The legislature intends that the powers granted in this chapter to the commission or department are in addition to any powers granted under chapter 47.56 RCW.

(4) It is further the intent of the legislature that the commission shall be responsible for receiving, reviewing, and approving proposals with technical support of the department; rule making; and for oversight of contract execution. The department shall be responsible for evaluating proposals and negotiating contracts. [2005 c 317 § 1.]

[2005 RCW Supp—page 626]

**47.29.230 Transportation innovative partnership account.** (1) The transportation innovative partnership account is established in the custody of the state treasurer separate and distinct from the state general fund. Except as provided in subsection (5) of this section, the state may pledge moneys in the transportation innovative partnership account to secure revenue bonds or any other debt obligations relating to the project for which the account is established. [2005 c 317 § 23.]

**47.29.240 Use of account.** (1) The state may use moneys in the transportation innovative partnership subaccount to ensure the repayment of loan guarantees or extensions of credit made to or on behalf of private entities engaged in the planning, acquisition, financing, development, design, construction, reconstruction, replacement, improvement, maintenance, preservation, management, repair, or operation of any eligible project that is related to a subaccount established under this chapter.

**47.29.250 Issuing bonds and other obligations.** (1) In addition to any authority the commission or department has to issue and sell bonds and other similar obligations, this section establishes continuing authority for the issuance and sale of bonds and other similar obligations in a manner consistent with this section. To finance a project in whole or in part, the

commission may request that the state treasurer issue revenue bonds on behalf of the public sector partner. The bonds must be secured by a pledge of, and a lien on, and be payable only from moneys in the transportation innovative partnership account established in RCW 47.29.230, and any other revenues specifically pledged to repayment of the bonds. Such a pledge by the public partner creates a lien that is valid and binding from the time the pledge is made. Revenue bonds issued under this section are not general obligations of the state or local government and are not secured by or payable from any funds or assets of the state other than the moneys and revenues specifically pledged to the repayment of such revenue bonds.

(2) Moneys received from the issuance of revenue bonds or other debt obligations, including any investment earnings thereon, may be spent:

- (a) For the purpose of financing the costs of the project for which the bonds are issued;
- (b) To pay the costs and other administrative expenses of the bonds;

**47.36.030 Traffic control devices—Specifications to counties and cities—Signs, banners over highways.** (1) The secretary of transportation shall have the power and it shall be its duty to adopt and designate a uniform state standard for the manufacture, display, erection, and location of all signs, signals, signboards, guideposts, and other traffic devices erected or to be erected upon the state highways of the state of Washington for the purpose of furnishing information to persons traveling upon such state highways regarding traffic regulations, directions, distances, points of danger, and conditions requiring caution, and for the purpose of imposing restrictions upon persons operating vehicles thereon. Such signs shall conform as nearly as practicable to the manual of specifications for the manufacture, display, and erection of uniform traffic control devices for streets and highways and all amendments, corrections, and additions thereto.

(2) The department of transportation shall prepare plans and specifications of the uniform state standard of traffic devices so adopted and designated, showing the materials, colors, and designs thereof, and shall upon the issuance of any such plans and specifications or revisions thereof and upon request, furnish to the boards of county commissioners and the governing body of any incorporated city or town, a copy thereof. Signs, signals, signboards, guideposts, and other traffic devices erected on county roads shall conform in all respects to the specifications of color, design, and location approved by the secretary. Traffic devices hereafter erected within incorporated cities and towns shall conform to such uniform state standard of traffic devices so far as is practicable. The uniform system must allow local transit authority bus shelters located within the right of way of the state highway system to display and maintain commercial advertisements subject to applicable federal regulations, if any.

(3) The uniform system adopted by the secretary under this section may allow signs, banners, or decorations over a highway that:

- (a) Are in unincorporated areas;
- (b) Are at least twenty vertical feet above a highway; and
- (c) Do not interfere with or obstruct the view of any traffic control device.

The department shall adopt rules regulating signs, banners, or decorations installed under this subsection (3). [2005 c 398 § 1; 2003 c 198 § 3; 1977 ex.s. c 151 § 61; 1961 c 13 § 47.36.030. Prior: 1945 c 178 § 1, part; 1937 c 53 § 48, part; Rem. Supp. 1945 § 6400-48, part; prior: 1931 c 118 § 1, part; RRS § 6308-1, part; 1923 c 102 § 1, part; 1917 c 78 § 1, part; RRS § 6303, part.]

**47.36.310 Motorist information signs—Interstate highways—Contents, placement, fees.** The department is authorized to erect and maintain motorist information sign panels within the right of way of the interstate highway system to give the traveling public specific information as to gas, food, lodging, camping, or tourist-oriented business available on a crossroad at or near an interchange. Motorist information sign panels shall include the words "GAS," "FOOD," "LODGING," "CAMPING," or "TOURIST ACTIVITIES" and the letters "RV" next to a gas, food, lodging, camping, or tourist activity sign if the business or destination accommodates recreational vehicles, and directional information. Directional information may contain one or more individual business signs maintained on the panel. The "RV" logo for businesses or destinations that accommodate recreational vehicles shall be placed in the lower right corner of the gas, food, lodging, camping, or tourist activity sign and shall be in the form of a small yellow circle with the letters "RV" in black. In managing the number of individual business signs to be displayed, the department must ensure the use of available space on a panel is maximized. Motorist information sign panels are authorized within the corporate limits of cities and towns and areas zoned for commercial or industrial uses at locations where there is adequate distance between interchanges to ensure compliance with the Manual on Uniform Traffic Control Devices. The erection and maintenance of motorist information sign panels shall also conform to the Manual on Uniform Traffic Control Devices and rules adopted by the state department of transportation. A motorist service or tourist-oriented business located within one mile of an interstate highway shall not be permitted to display its name, brand, or trademark on a motorist information sign panel unless its owner has first entered into an agreement with the department limiting the height of its on-premise signs at the site of its service installation to not more than fifteen feet higher than the roof of its main building measured to the bottom of the on-premise sign. The restriction for on-premise signs does not apply if the sign is not visible from the highway. The department may, on a case-by-case basis, waive the height restriction when an on-premise sign is visible from the rural interstate system. The department shall charge sufficient fees for the display of individual business signs to recover the costs of their installation and maintenance, and shall charge sufficient fees to recover costs for the erection and maintenance of the motorist information sign panels. [2005 c 407 § 1; 1999 c 201 § 3; 1987 c 469 § 3; 1986 c 114 § 1; 1985 c 142 § 1; 1984 c 7 § 223; 1974 ex.s. c 80 § 2. Formerly RCW 47.42.046.]

**47.36.320 Motorist information signs, tourist-oriented directional signs—Primary and scenic roads—Contents, placement, fees.** The department is authorized to erect and maintain motorist information sign panels within the right of way of noninterstate highways to give the traveling public specific information as to gas, food, lodging, recreation, or tourist-oriented businesses accessible by way of highways intersecting the noninterstate highway. The motorist information sign panels are permitted only at locations within the corporate limits of cities and towns and areas zoned for commercial or industrial uses where there is ade-

quate distance between interchanges to ensure compliance with the Manual on Uniform Traffic Control Devices. Motorist information sign panels shall include the words "GAS," "FOOD," "LODGING," "RECREATION," or "TOURIST ACTIVITIES" and the letters "RV" next to a gas, food, lodging, camping, or tourist activity sign if the business or destination accommodates recreational vehicles, and directional information. Directional information may contain one or more individual business signs maintained on the panel. The "RV" logo for businesses or destinations that accommodate recreational vehicles shall be placed in the lower right corner of the gas, food, lodging, camping, or tourist activity sign and shall be in the form of a small yellow circle with the letters "RV" in black. In managing the number of individual business signs to be displayed, the department must ensure the use of available space on a panel is maximized. The erection and maintenance of motorist information sign panels along noninterstate highways shall also conform to the Manual on Uniform Traffic Control Devices and rules adopted by the state department of transportation. A motorist service or tourist-oriented business located within one mile of a noninterstate highway shall not be permitted to display its name, brand, or trademark on a motorist information sign panel unless its owner has first entered into an agreement with the department limiting the height of its on-premise signs at the site of its service installation to not more than fifteen feet higher than the roof of its main building measured to the bottom of the on-premise sign.

The department shall adopt rules for the erection and maintenance of tourist-oriented directional signs with the following restrictions:

(1) Where installed, they shall be placed in advance of the "GAS," "FOOD," "LODGING," "RECREATION," or "RV" motorist information sign panels previously described in this section;

(2) Signs shall not be placed to direct a motorist to an activity visible from the main traveled roadway;

(3) Premises on which the qualified tourist-oriented business is located must be within fifteen miles of the state highway except as provided in RCW 47.36.330(3) (b) and (c), and necessary supplemental signing on local roads must be provided before the installation of the signs on the state highway.

The department shall charge sufficient fees for the display of individual business signs to recover the costs of their installation and maintenance, and shall charge sufficient fees to recover the costs for the erection and maintenance of the motorist information sign panels. **47.36.330 Motorist information signs—Maximum number and distance.** (1) Not more than six business signs

may be permitted on motorist information sign panels authorized by RCW 47.36.310 and 47.36.320.

(2) The maximum distance that eligible service facilities may be located on either side of an interchange or intersection to qualify for a business sign are as follows:

(a) On interstate highways, gas, food, or lodging activities shall be located within three miles. Camping or tourist-oriented activities shall be within five miles.

(b) On noninterstate highways, gas, food, lodging, recreation, or tourist-oriented activities shall be located within five miles.

(3)(a) If no eligible services are located within the distance limits prescribed in subsection (2) of this section, the distance limits shall be increased until an eligible service of a type being considered is reached, up to a maximum of fifteen miles.

(b) The department may erect and maintain signs on an alternate route that is longer than fifteen miles if it is safer and still provides reasonable and convenient travel to an eligible service.

(c) The department may erect and maintain signs on a route up to a maximum of twenty miles if it qualifies as an eligible service and is within a distressed area as defined in RCW 43.168.020. [2005 c 136 § 16; 1999 c 213 § 2; 1999 c 201 § 5; 1985 c 142 § 3. Formerly RCW 47.42.0475.]

**Reviser's note:** This section was amended by 1999 c 201 § 5 and by 1999 c 213 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

#### **47.36.360 Motorist information signs—"RV" logo.**

(1) The department of transportation shall not include the logo "RV" under RCW 47.36.310 and 47.36.320 unless a business or destination requests an "RV" logo and the department determines that the gas, food, or lodging business or the camping or tourist activity destination provides parking spaces, overhang clearances, and entrances and exits designed to accommodate recreational or other large vehicles.

(2) The department may charge a reasonable fee in accordance with RCW 47.36.310 or 47.36.320 to defray the costs associated with the installation and maintenance of signs with "RV" logos.

(3) The department may adopt rules necessary to administer this section. [2005 c 407 § 3.]

**47.46.030 Demonstration projects—Selection—Public involvement.** (1) The secretary or a designee shall solicit proposals from, and negotiate and enter into agreements with, private entities to undertake as appropriate, together with the department and other public entities, all or a portion of the study, planning, design, construction, operation, and maintenance of transportation systems and facilities, using in whole or in part public or private sources of financing.

The public-private initiatives program may develop up to six demonstration projects. Each proposal shall be weighed on its own merits, and each of the six agreements shall be negotiated individually, and as a stand-alone project.

(2) If project proposals selected prior to September 1, 1994, are terminated by the public or private sectors, the department shall not select any new projects, including project proposals submitted to the department prior to September 1, 1994, and designated by the transportation commission as placeholder projects, after June 16, 1995, until June 30, 1997.

The department, in consultation with the legislative transportation committee, shall conduct a program and fiscal

audit of the public-private initiatives program for the biennium ending June 30, 1997. The department shall submit a progress report to the legislative transportation committee on the program and fiscal audit by June 30, 1996, with preliminary and final audit reports due December 1, 1996, and June 30, 1997, respectively.

The department shall develop and submit a proposed public involvement plan to the 1997 legislature to identify the process for selecting new potential projects and the associated costs of implementing the plan. The legislature must adopt the public involvement plan before the department may proceed with any activity related to project identification and selection. Following legislative adoption of the public involvement plan, the department is authorized to implement the plan and to identify potential new projects.

The public involvement plan for projects selected after June 30, 1997, shall, at a minimum, identify projects that: (a) Have the potential of achieving overall public support among users of the projects, residents of communities in the vicinity of the projects, and residents of communities impacted by the projects; (b) meet a state transportation need; (c) provide a significant state benefit; and (d) provide competition among proposers and maximum cost benefits to users. Prospective projects may include projects identified by the department or submitted by the private sector.

Projects that meet the minimum criteria established under this section and the requirements of the public involvement plan developed by the department and approved by the legislature shall be submitted to the Washington state transportation commission for its review. Forty-five days after the submission to the commission of the list of eligible projects, the secretary is authorized to solicit proposals for the eligible project.

(3) Prior to entering into agreements with private entities under the requirements of RCW 47.46.040 for any project proposal selected before September 1, 1994, or after June 30, 1997, except as provided for in subsections (11) and (12) of this section, the department shall require an advisory vote as provided under subsections (5) through (9) of this section.

(4) The advisory vote shall apply to project proposals selected prior to September 1, 1994, or after June 30, 1997, that receive public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project collected and submitted in accordance with the dates established in subsections (11) and (12) of this section. The advisory vote shall be on the preferred alternative identified under the requirements of chapter 43.21C RCW and, if applicable, the national environmental policy act, 42 U.S.C. 4321 et seq. The execution by the department of the advisory vote process established in this section is subject to the prior appropriation of funds by the legislature for the purpose of conducting environmental impact studies, a public involvement program, local involvement committee activities, traffic and economic impact analyses, engineering and technical studies, and the advisory vote.

(5) In preparing for the advisory vote, the department shall conduct a comprehensive analysis of traffic patterns and economic impact to define the geographical boundary of the project area that is affected by the imposition of tolls or user fees authorized under this chapter. The area so defined is

referred to in this section as the affected project area. In defining the affected project area, the department shall, at a minimum, undertake: (a) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (b) an analysis of the anticipated traffic diversion patterns; (c) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (d) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (e) an analysis of the relationship of the project to state transportation needs and benefits.

(6)(a) After determining the definition of the affected project area, the department shall establish a committee comprised of individuals who represent cities and counties in the affected project area; organizations formed to support or oppose the project; and users of the project. The committee shall be named the public-private local involvement committee, and be known as the local involvement committee.

(b) The members of the local involvement committee shall be: (i) An elected official from each city within the affected project area; (ii) an elected official from each county within the affected project area; (iii) two persons from each county within the affected project area who represent an organization formed in support of the project, if the organization exists; (iv) two persons from each county within the affected project area who represent an organization formed to oppose the project, if the organization exists; and (v) four public members active in a statewide transportation organization. If the committee makeup results in an even number of committee members, there shall be an additional appointment of an elected official from the county in which all, or the greatest portion of the project is located.

(c) City and county elected officials shall be appointed by a majority of the members of the city or county legislative authorities of each city or county within the affected project area, respectively. The county legislative authority of each county within the affected project area shall identify and validate organizations officially formed in support of or in opposition to the project and shall make the appointments required under this section from a list submitted by the chair of the organizations. Public members shall be appointed by the governor. All appointments to the local involvement committee shall be made and submitted to the department of transportation no later than January 1, 1996, for projects selected prior to September 1, 1994, and no later than thirty days after the affected project area is defined for projects selected after June 30, 1997. Vacancies in the membership of the local involvement committee shall be filled by the appointing authority under (b)(i) through (v) of this subsection for each position on the committee.

(d) The local involvement committee shall serve in an advisory capacity to the department on all matters related to the execution of the advisory vote.

(e) Members of the local involvement committee serve without compensation and may not receive subsistence, lodging expenses, or travel expenses.

(7) The department shall conduct a minimum thirty-day public comment period on the definition of the geographical boundary of the project area. The department, in consultation with the local involvement committee, shall make adjustments, if required, to the definition of the geographical boundary of the affected project area, based on comments received from the public. Within fourteen calendar days after the public comment period, the department shall set the boundaries of the affected project area in units no smaller than a precinct as defined in RCW 29A.04.121.

(8) The department, in consultation with the local involvement committee, shall develop a description for selected project proposals. After developing the description of the project proposal, the department shall publish the project proposal description in newspapers of general circulation for seven calendar days in the affected project area. Within fourteen calendar days after the last day of the publication of the project proposal description, the department shall transmit a copy of the map depicting the affected project area and the description of the project proposal to the county auditor of the county in which any portion of the affected project area is located.

(9) Upon receipt of the map and the description of the project proposal, the county auditor shall, within thirty days, verify the precincts that are located within the affected project area. The county auditor shall prepare the text identifying and describing the affected project area and the project proposal using the definition of the geographical boundary of the affected project area and the project description submitted by the department and shall set an election date for the submission of a ballot proposition authorizing the imposition of tolls or user fees to implement the proposed project within the affected project area, which date may be the next succeeding general election to be held in the state, or at a special election, if requested by the department. The text of the project proposal must appear in a voter's pamphlet for the affected project area. The department shall pay the costs of publication and distribution. The special election date must be the next date for a special election provided under RCW 29A.04.330 that is at least sixty days but, if authorized under RCW 29A.04.330, no more than ninety days after the receipt of the final map and project description by the auditor. The department shall pay the cost of an election held under this section.

(10) Notwithstanding any other provision of law, the department may contract with a private developer of a selected project proposal to conduct environmental impact studies, a public involvement program, and engineering and technical studies funded by the legislature. For projects subject to this subsection, the department shall not enter into an agreement under RCW 47.46.040 prior to the advisory vote on the preferred alternative.

(11) Subsections (5) through (9) of this section shall not apply to project proposals selected prior to September 1, 1994, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted after September 1, 1994, and by thirty calendar days after June 16, 1995.

(12) Subsections (5) through (9) of this section shall not apply to project proposals selected after June 30, 1997, that

have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted by ninety calendar days after project selection. [2005 c 319 § 132; 2002 c 114 § 3; 1996 c 280 § 1; 1995 2nd sp.s. c 19 § 2; 1993 c 370 § 3.]

**Findings—Intent—Part headings—Effective dates—2005 c 319:** See notes following RCW 43.17.020.

**Finding—Intent—2002 c 114:** See RCW 47.46.011.

**Effective date—1996 c 280:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 29, 1996]." [1996 c 280 § 2.]

**Effective date—1995 2nd sp.s. c 19:** See note following RCW 47.46.010.

**47.46.040 Demonstration projects—Terms of agreements—Public participation.** (1) The secretary or a designee shall consult with legal, financial, and other experts within and outside state government in the negotiation and development of the agreements.

(2) Agreements may provide for private ownership of the projects during the construction period. After completion and final acceptance of each project or discrete segment thereof, the agreement may provide for state ownership of the transportation systems and facilities and lease to the private entity unless the state elects to provide for ownership of the facility by the private entity during the term of the agreement.

The state may lease each of the demonstration projects, or applicable project segments, to the private entities for operating purposes for up to fifty years.

(3) The department may exercise any power possessed by it to facilitate the development, construction, financing operation, and maintenance of transportation projects under this section. Agreements for maintenance services entered into under this section shall provide for full reimbursement for services rendered by the department or other state agencies. Agreements for police services for projects, involving state highway routes, developed under agreements shall be entered into with the Washington state patrol. The agreement for police services shall provide that the state patrol will be reimbursed for costs on a comparable basis with the costs incurred for comparable service on other state highway routes. The department may provide services for which it is reimbursed, including but not limited to preliminary planning, environmental certification, and preliminary design of the demonstration projects.

(4) The plans and specifications for each project constructed under this section shall comply with the department's standards for state projects. A facility constructed by and leased to a private entity is deemed to be a part of the state highway system for purposes of identification, maintenance, and enforcement of traffic laws and for the purposes of applicable sections of this title. Upon reversion of the facility to the state, the project must meet all applicable state standards. Agreements shall address responsibility for reconstruction or renovations that are required in order for a facility to meet all applicable state standards upon reversion of the facility to the state.

(5) For the purpose of facilitating these projects and to assist the private entity in the financing, development, construction, and operation of the transportation systems and facilities, the agreements may include provisions for the department to exercise its authority, including the lease of facilities, rights of way, and airspace, exercise of the power of eminent domain, granting of development rights and opportunities, granting of necessary easements and rights of access, issuance of permits and other authorizations, protection from competition, remedies in the event of default of either of the parties, granting of contractual and real property rights, liability during construction and the term of the lease, authority to negotiate acquisition of rights of way in excess of appraised value, and any other provision deemed necessary by the secretary.

(6) The agreements entered into under this section may include provisions authorizing the state to grant necessary easements and lease to a private entity existing rights of way or rights of way subsequently acquired with public or private financing. The agreements may also include provisions to lease to the entity airspace above or below the right of way associated or to be associated with the private entity's transportation facility. In consideration for the reversion rights in these privately constructed facilities, the department may negotiate a charge for the lease of airspace rights during the term of the agreement for a period not to exceed fifty years. If, after the expiration of this period, the department continues to lease these airspace rights to the private entity, it shall do so only at fair market value. The agreement may also provide the private entity the right of first refusal to undertake projects utilizing airspace owned by the state in the vicinity of the public-private project.

(7) Agreements under this section may include any contractual provision that is necessary to protect the project revenues required to repay the costs incurred to study, plan, design, finance, acquire, build, install, operate, enforce laws, and maintain toll highways, bridges, and tunnels and which will not unreasonably inhibit or prohibit the development of additional public transportation systems and facilities. Agreements under this section must secure and maintain liability insurance coverage in amounts appropriate to protect the project's viability and may address state indemnification of the private entity for design and construction liability where the state has approved relevant design and construction plans.

(8) Agreements entered into under this section shall include a process that provides for public involvement in decision making with respect to the development of the projects.

(9)(a) In carrying out the public involvement process required in subsection (8) of this section, the private entity shall proactively seek public participation through a process appropriate to the characteristics of the project that assesses and demonstrates public support among: Users of the project, residents of communities in the vicinity of the project, and residents of communities impacted by the project.

(b) The private entity shall conduct a comprehensive public involvement process that provides, periodically throughout the development and implementation of the project, users and residents of communities in the affected

project area an opportunity to comment upon key issues regarding the project including, but not limited to: (i) Alternative sizes and scopes; (ii) design; (iii) environmental assessment; (iv) right of way and access plans; (v) traffic impacts; (vi) tolling or user fee strategies and tolling or user fee ranges; (vii) project cost; (viii) construction impacts; (ix) facility operation; and (x) any other salient characteristics.

(c) If the affected project area has not been defined, the private entity shall define the affected project area by conducting, at a minimum: (i) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (ii) an analysis of the anticipated traffic diversion patterns; (iii) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (iv) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (v) an analysis of the relationship of the project to state transportation needs and benefits.

The agreement may require an advisory vote by users of and residents in the affected project area.

(d) In seeking public participation, the private entity shall establish a local involvement committee or committees comprised of residents of the affected project area, individuals who represent cities and counties in the affected project area, organizations formed to support or oppose the project, if such organizations exist, and users of the project. The private entity shall, at a minimum, establish a committee as required under the specifications of RCW 47.46.030(6)(b) (ii) and (iii) and appointments to such committee shall be made no later than thirty days after the project area is defined.

(e) Local involvement committees shall act in an advisory capacity to the department and the private entity on all issues related to the development and implementation of the public involvement process established under this section.

(f) The department and the private entity shall provide the local involvement committees with progress reports on the status of the public involvement process including the results of an advisory vote, if any occurs.

(10) Nothing in this chapter limits the right of the secretary and his or her agents to render such advice and to make such recommendations as they deem to be in the best interests of the state and the public. [2005 c 319 § 133; 2002 c 114 § 16; 2001 c 64 § 14; 1995 2nd sp.s. c 19 § 3; 1993 c 370 § 4.]

**47.46.090 Citizen advisory committee—Tolls.** (1) A citizen advisory committee must be created for any project developed under this chapter that imposes toll charges for use of a transportation facility. The governor shall appoint nine members to the committee, all of whom must be permanent residents of the affected project area as defined for each

project. Members of the committee shall serve without compensation.

(2) The citizen advisory committee shall serve in an advisory capacity to the commission on all matters related to the imposition of tolls including, but not limited to, (a) the feasibility of providing discounts to frequent users, electronic transponder users, senior citizens, or students; (b) the tradeoff of lower tolls versus the early retirement of debt; and (c) a consideration of variable, or time of day pricing.

(3) No toll charge may be imposed or modified unless the citizen advisory committee has been given at least twenty days to review and comment on any proposed toll charge schedule. In setting toll rates, the commission shall give consideration to any recommendations of the citizen advisory committee. [2005 c 329 § 1; 2002 c 114 § 6.]

**47.56.031 Approval of tolls.** No tolls may be imposed on new or existing highways or bridges without specific legislative authorization, or upon a majority vote of the people within the boundaries of the unit of government empowered to impose tolls. This section applies to chapter 47.56 RCW and to any tolls authorized under chapter 47.29 RCW, the transportation innovative partnership act of 2005. [2005 c 335 § 2.]

**47.56.076 Regional transportation investment district—Tolls—Approval by the voters.** Upon approval of a majority of the voters within its boundaries voting on the ballot proposition, and only for the purposes authorized in RCW 36.120.050(1)(g), a regional transportation investment district may authorize vehicle tolls on state routes where improvements financed in whole or in part by a regional transportation investment district add additional lanes to, or reconstruct lanes on, a highway of statewide significance.

The department shall administer the collection of vehicle tolls authorized on designated facilities unless otherwise specified in law, and the state transportation commission, or its successor, shall be the tolling authority. [2005 c 335 § 3; 2002 c 56 § 403.]

**Captions and subheadings not law—Severability—2002 c 56:** See RCW 36.120.900 and 36.120.901.

**47.56.078 Transportation benefit district—Tolls authorized.** Subject to the provisions under chapter 36.73 RCW, a transportation benefit district may authorize vehicle tolls on state routes or federal highways, city streets, or county roads, within the boundaries of the district, unless otherwise prohibited by law. The department of transportation shall administer the collection of vehicle tolls authorized on state routes or federal highways, unless otherwise specified in law or by contract, and the state transportation commission, or its successor, may approve, set, and impose the tolls in amounts sufficient to implement the district's transportation improvement finance plan. The district shall administer the collection of vehicle tolls authorized on city streets or county roads, and shall set and impose the tolls, only with approval of the transportation commission, in amounts sufficient to implement the district's transportation improvement plan. Tolls may vary for type of vehicle, for time of day, for traffic conditions, and/or other factors designed to improve performance of the facility or the transportation network. [2005 c 336 § 25.]

**Effective date—2005 c 336:** See note following RCW 36.73.015.

**47.56.270 1950 Tacoma Narrows bridge part of primary highways.** The 1950 Tacoma Narrows bridge in chapter 47.17 RCW made a part of the primary state highways of the state of Washington shall, upon completion, be operated, maintained, kept up, and repaired by the department in the manner provided in this chapter, and the cost of such operation, maintenance, upkeep, and repair shall be paid from funds appropriated for the use of the department for the construction and maintenance of the primary state highways of the state of Washington. This section does not apply to that portion of the Tacoma Narrows bridge facility first opened to traffic after June 13, 2002. [2005 c 335 § 4; 2002 c 114 § 20; 1983 c 3 § 129; 1961 c 13 § 47.56.270. **47.56.401 High-occupancy toll lanes defined.** For the purposes of RCW 46.61.165, 47.56.403, and 47.66.090, "high-occupancy toll lanes" means one or more lanes of a highway that charges tolls as a means of regulating access to or the use of the facility, to maintain travel speed and reliability.

[2005 RCW Supp—page 634]

ity. Supporting facilities include, but are not limited to, approaches, enforcement areas, improvements, buildings, and equipment. [2005 c 312 § 2.]

**Intent—2005 c 312:** "The legislature recognizes that the Puget Sound region is faced with growing traffic congestion and has limited ability to expand freeway capacity due to financial, environmental, and physical constraints. Freeway high-occupancy vehicle lanes have been an effective means of providing transit, vanpools, and carpools with a fast trip on congested freeway corridors, but in many cases, these lanes are themselves getting crowded during the peak commute times, while some are being underused at off-peak times.

It is the intent of the legislature to maximize the effectiveness and efficiency of the freeway system. To evaluate methods to accomplish this, it is beneficial to evaluate alternative approaches to managing the use of freeway high-occupancy vehicle lanes, including pilot projects to determine and demonstrate the effectiveness and benefits of implementing high-occupancy toll lanes. The legislature acknowledges that state route 167 provides an ideal test of the high-occupancy toll lane concept because it is a congested corridor, it has underused capacity in the high-occupancy vehicle lane, and it has adequate right of way for improvements needed to test the concept. Therefore, it is the intent of this act to direct that the department of transportation, as a pilot project, develop and operate a high-occupancy toll lane on state route 167 in King county and to conduct an evaluation of that project to determine impacts on freeway efficiency, effectiveness for transit, feasibility of financing improvements through tolls, and the impacts on freeway users." [2005 c 312 § 1.]

**Captions—2005 c 312:** "Section captions used in this act are not any part of the law." [2005 c 312 § 9.]

**47.56.403 High-occupancy toll lane pilot project. (1)** The department may provide for the establishment, construction, and operation of a pilot project of high-occupancy toll lanes on state route 167 high-occupancy vehicle lanes within King county. The department may issue, buy, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction of high-occupancy toll lanes, carry insurance, and handle any other matters pertaining to the high-occupancy toll lane pilot project.

(2) Tolls for high-occupancy toll lanes will be established as follows:

(a) The schedule of toll charges for high-occupancy toll lanes must be established by the transportation commission and collected in a manner determined by the commission.

(b) Toll charges shall not be assessed on transit buses and vanpool vehicles owned or operated by any public agency.

(c) The department shall establish performance standards for the state route 167 high-occupancy toll lane pilot project. The department must automatically adjust the toll charge, using dynamic tolling, to ensure that toll-paying single-occupant vehicle users are only permitted to enter the lane to the extent that average vehicle speeds in the lane remain above forty-five miles per hour at least ninety percent of the time during peak hours. The toll charge may vary in amount by time of day, level of traffic congestion within the highway facility, vehicle occupancy, or other criteria, as the commission may deem appropriate. The commission may also vary toll charges for single-occupant inherently low-emission vehicles such as those powered by electric batteries, natural gas, propane, or other clean burning fuels.

(d) The commission shall periodically review the toll charges to determine if the toll charges are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department shall monitor the state route 167 high-occupancy toll lane pilot project and shall annually report to the transportation commission and the legislature on operations and findings. At a minimum, the department shall provide facility use data and review the impacts on:

- (a) Freeway efficiency and safety;
- (b) Effectiveness for transit;
- (c) Person and vehicle movements by mode;
- (d) Ability to finance improvements and transportation services through tolls; and

(e) The impacts on all highway users. The department shall analyze aggregate use data and conduct, as needed, separate surveys to assess usage of the facility in relation to geographic, socioeconomic, and demographic information within the corridor in order to ascertain actual and perceived questions of equitable use of the facility.

(4) The department shall modify the pilot project to address identified safety issues and mitigate negative impacts to high-occupancy vehicle lane users.

(5) Authorization to impose high-occupancy vehicle tolls for the state route 167 high-occupancy toll pilot project expires if either of the following two conditions apply:

(a) If no contracts have been let by the department to begin construction of the toll facilities associated with this pilot project within four years of July 24, 2005; or

(b) Four years after toll collection begins under this section.

(6) The department of transportation shall adopt rules that allow automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits.

(7) The conversion of a single existing high-occupancy vehicle lane to a high-occupancy toll lane as proposed for SR-167 must be taken as the exception for this pilot project.

(8) A violation of the lane restrictions applicable to the high-occupancy toll lanes established under this section is a traffic infraction.

(9) Procurement activity associated with this pilot project shall be open and competitive in accordance with chapter 39.29 RCW. [2005 c 312 § 3.]

**47.60.326 Schedule of charges for state ferries—Review by department, factors considered—Rule making by commission.** (1) In order to maintain an adequate, fair, and economically sound schedule of charges for the transportation of passengers, vehicles, and commodities on the Washington state ferries, the department of transportation each year shall conduct a full review of such charges.

(2) Prior to February 1st of each odd-numbered year the department shall transmit to the transportation commission a report of its review together with its recommendations for the revision of a schedule of charges for the ensuing biennium. The commission on or before July 1st of that year shall adopt as a rule, in the manner provided by the Washington administrative procedure act, a schedule of charges for the Washington state ferries for the ensuing biennium commencing July 1st. The schedule may initially be adopted as an emergency rule if necessary to take effect on, or as near as possible to, July 1st.

(3) The department in making its review and formulating recommendations and the commission in adopting a schedule of charges may consider any of the following factors:

- (a) The amount of subsidy available to the ferry system for maintenance and operation;
- (b) The time and distance of ferry runs;
- (c) The maintenance and operation costs for ferry runs with a proper adjustment for higher costs of operating outmoded or less efficient equipment;
- (d) The efficient distribution of traffic between cross-sound routes;
- (e) The desirability of reasonable rates for persons using the ferry system to commute daily to work and other frequent users who live in ferry-dependent communities;
- (f) The effect of proposed fares in increasing walk-on and vehicular passenger use;
- (g) The effect of proposed fares in promoting all types of ferry use during nonpeak periods;
- (h) The estimated revenues that are projected to be earned by the ferry system from commercial advertisements, parking, contracts, leases, and other sources;
- (i) The repurchase of multiple fares, whether for a single rider or multiple riders;

(j) Such other factors as prudent managers of a major ferry system would consider.

(4) If at any time during the biennium it appears that projected revenues from the Puget Sound ferry operations account and any other operating subsidy available to the Washington state ferries will be less than the projected total cost of maintenance and operation of the Washington state ferries for the biennium, the department shall forthwith undertake a review of its schedule of charges to ascertain whether or not the schedule of charges should be revised. The department shall, upon completion of its review report, submit its recommendation to the transportation commission which may in its sound discretion revise the schedule of charges as required to meet necessary maintenance and operation expenditures of the ferry system for the biennium or may defer action until the regular annual review and revision of ferry charges as provided in subsection (2) of this section.

(5) The provisions of RCW 47.60.330 relating to public participation shall apply to the process of revising ferry tolls under this section.

(6) Under RCW 43.135.055, the transportation commission may increase ferry tolls included in the schedule of charges adopted under this section by a percentage that exceeds the fiscal growth factor.

(7) Notwithstanding the provisions of this section and chapter 81.28 RCW, and using sound business judgment, the chief executive officer of the ferry system may authorize the use of promotional, discounted, and special event fares to the general public and commercial enterprises for the purpose of maximizing capacity use and the revenues collected by the ferry system. The department shall report to the transportation commission a summary of the promotional, discounted, and special event fares offered during each fiscal year and the financial results from these activities. **47.64.220 Salary survey, fact-finding. (*Effective July 1, 2006.*)** (1) Prior to collective bargaining, the marine employees' commission shall conduct a salary survey. The results of the survey shall be published in a report which shall be a public document comparing wages, hours, employee benefits, and conditions of employment of involved ferry employees with those of public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia doing directly comparable but not necessarily identical work, giving consideration to factors peculiar to the area and the classifications involved. Such survey report shall be for the purpose of disclosing generally prevailing levels of compensation, benefits, and conditions of employment. It shall be used to guide generally but not to define or limit collective bargaining between the parties. The commission shall make such other findings of fact as the parties may request during bargaining or impasse.

(2) Except as provided in subsection (3) of this section, salary and employee benefit information collected from private employers that identifies a specific employer with the salary and employee benefit rates which that employer pays to its employees is not subject to public disclosure under chapter 42.56 RCW.

(3) A person or entity, having reason to believe that the salary survey results are inaccurate, may submit a petition to the state auditor requesting an audit of the data upon which the salary survey results are based. The assessment must at a minimum address the following issues:

(b) Existing air and airport capacity, including the number of annual passengers and air cargo operations;

(c) Existing airport services, including fixed based operator services, fuel services, and ground services; and

(d) Existing airspace capacity.

(2) The department shall consider existing information, technical analyses, and other research the department deems appropriate. The department may contract and consult with private independent professional and technical experts regarding the assessment.

(3) The department shall submit the assessment to the appropriate standing committees of the legislature, the governor, the transportation commission, and regional transportation planning organizations by July 1, 2006. [2005 c 316 § 1.]

The analysis must include a statewide needs analysis of airport facilities, passenger and air cargo transportation capacity, and demand and forecast market needs over the next twenty-five years with a more detailed analysis of the Puget Sound, southwest Washington, Spokane, and Tri-Cities regions. The analysis must address the forecasted needs of both commercial aviation and general aviation; however, the primary focus of the analysis must be on commercial aviation. The analysis must at a minimum address the following issues:

(a) A forecast of future airport facility needs based on passenger and air cargo operations and demand, airline planning, and a determination of aviation trends, demographic, geographic, and market factors that may affect future air travel demand;

(b) A determination of when the state's existing commercial service airports will reach their capacity;

(c) The factors that may affect future air travel and when capacity may be reached and in which location;

(d) The role of the state, metropolitan planning organizations, regional transportation planning organizations, the federal aviation administration, and airport sponsors in addressing statewide airport facilities and capacity needs; and

(e) Whether the state, metropolitan planning organizations, regional transportation planning organizations, the federal aviation administration, or airport sponsors have identified options for addressing long-range capacity needs at airports, or in regions, that will reach capacity before the year 2030.

private independent professional and technical experts regarding the analysis.

(3) The department shall submit the analysis to the appropriate standing committees of the legislature, the governor, the transportation commission, and regional transportation planning organizations by July 1, 2007. [2005 c 316 § 2.]

**47.68.410 Aviation planning council. (Expires July 1, 2009.)** (1) Upon completion of both the statewide assessment and analysis required under RCW 47.68.390 and 47.68.400, and to the extent funds are appropriated to the department for this purpose, the governor shall appoint an aviation planning council to consist of the following members: (a) The director of the aviation division of the department of transportation, or a designee; (b) the director of the department of community, trade, and economic development, or a designee; (c) a member of the transportation commission, who shall be the chair of the council; (d) two members of the general public familiar with airport issues, including the impacts of airports on communities, one of whom must be from western Washington and one of whom must be from eastern Washington; (e) a technical expert familiar with federal aviation administration airspace and control issues; (f) a commercial airport operator; (g) a member of a growth management hearings board; (h) a representative of the Washington airport management association; and (i) an airline representative. The chair of the council may designate another councilmember to serve as the acting chair in the absence of the chair. (2) The purpose of the council is to make recommendations, based on the findings of the assessment and analysis completed under RCW 47.68.390 and 47.68.400, regarding how best to meet the statewide commercial and general aviation capacity needs, as determined by the council. The council shall determine which regions of the state are in need of improvement regarding the matching of existing, or projected, airport facilities, and the long-range capacity needs at airports within the region expected to reach capacity before the year 2030. After determining these areas, the council shall make recommendations regarding the placement of future commercial and general aviation airport facilities designed to meet the need for improved aviation planning in the region. The council shall include public input in making final recommendations.

(3) The council shall submit its recommendations to the appropriate standing committees of the legislature, the governor, the transportation commission, and applicable regional transportation planning organizations.

(g) Where appropriate, sets forth the relationship of high capacity transportation providers and other public transit providers with regard to responsibility for, and the coordination between, services and facilities.

(2) The organization shall review the regional transportation plan biennially for currency and forward the adopted plan along with documentation of the biennial review to the state department of transportation.

(3) All transportation projects, programs, and transportation demand management measures within the region that have an impact upon regional facilities or services must be consistent with the plan and with the adopted regional growth and transportation strategies. **Findings—Intent—Severability—2005 c 6:** See notes following RCW 41.05.600.

**48.02.065 Confidentiality of documents, materials, or other information—Public disclosure. (Effective until July 1, 2006.)** (1) Documents, materials, or other information as described in either subsection (5) or (6), or both, of this section are confidential by law and privileged, are not subject to public disclosure under chapter 42.17 RCW, and are not subject to subpoena directed to the commissioner or any person who received documents, materials, or other information while acting under the authority of the commissioner. The commissioner is authorized to use such documents, materials, or other information in the furtherance of any regulatory or legal action brought as a part of the commissioner's official duties. The confidentiality and privilege created by this section and \*RCW 42.17.31916 applies only to the commissioner, any person acting under the authority of the commissioner, the national association of insurance commissioners and its affiliates and subsidiaries, regulatory and law enforcement officials of other states and nations, the federal government, and international authorities.

(2) Neither the commissioner nor any person who received documents, materials, or other information while acting under the authority of the commissioner is permitted or required to testify in any private civil action concerning any confidential and privileged documents, materials, or information subject to subsection (1) of this section.

(3) The commissioner:

(a) May share documents, materials, or other information, including the confidential and privileged documents, materials, or information subject to subsection (1) of this section, with (i) the national association of insurance commissioners and its affiliates and subsidiaries, and (ii) regulatory and law enforcement officials of other states and nations, the federal government, and international authorities, if the recipient agrees to maintain the confidentiality and privileged status of the document, material, or other information;

(b) May receive documents, materials, or information, including otherwise either confidential or privileged, or both, documents, materials, or information, from (i) the national association of insurance commissioners and its affiliates and subsidiaries, and (ii) regulatory and law enforcement officials of other states and nations, the federal government, and international authorities and shall maintain as confidential and privileged any document, material, or information received that is either confidential or privileged, or both, under the laws of the jurisdiction that is the source of the document, material, or information; and

(c) May enter into agreements governing the sharing and use of information consistent with this subsection.

(4) No waiver of an existing privilege or claim of confidentiality in the documents, materials, or information may occur as a result of disclosure to the commissioner under this section or as a result of sharing as authorized in subsection (3) of this section.

(5) Documents, materials, or information, which is either confidential or privileged, or both, which has been provided to the commissioner by (a) the national association of insurance commissioners and its affiliates and subsidiaries, (b) regulatory or law enforcement officials of other states and

nations, the federal government, or international authorities, or (c) agencies of this state, is confidential and privileged only if the documents, materials, or information is protected from disclosure by the applicable laws of the jurisdiction that is the source of the document, material, or information.

(6) Working papers, documents, materials, or information produced by, obtained by, or disclosed to the commissioner or any other person in the course of a financial or market conduct examination are not required to be disclosed by the commissioner unless cited by the commissioner in connection with an agency action as defined in RCW 34.05.010(3). The commissioner shall notify a party that produced the documents, materials, or information five business days before disclosure in connection with an agency action. The notified party may seek injunctive relief in any Washington state superior court to prevent disclosure of any documents, materials, or information it believes is confidential or privileged. (8) Any person may petition a Washington state superior court to allow inspection of information exempt from public disclosure under subsection (6) of this section when the information is connected to allegations of negligence or malfeasance by the commissioner related to a financial or market conduct examination. The court shall conduct an in-camera review after notifying the commissioner and every party that produced the information. The court may order the commissioner to allow the petitioner to have access to the information provided the petitioner maintains the confidentiality of the information. The petitioner must not disclose the information to any other person, except upon further order of the court. After conducting a regular hearing, the court may order that the information can be disclosed publicly if the court finds that there is a public interest in the disclosure of the information and the exemption of the information from public disclosure is clearly unnecessary to protect any individual's right of privacy or any vital governmental function. Supp. 1947 § 45.14.01.]

Severability—Implementation—1993 c 462: See RCW 48.31B.901 and 48.31B.902.

**Effective date, implementation—1979 ex.s. c 269:** "This act shall take effect on April 1, 1980. The insurance commissioner is authorized to immediately take such steps as are necessary to insure that this 1979 act is implemented on its effective date." [1979 ex.s. c 269 § 10.]

**48.14.0201 Premiums and prepayments tax—Health care services—Exemptions—State preemption.** (1) As used in this section, "taxpayer" means a health maintenance organization as defined in RCW 48.46.020, a health care service contractor as defined in RCW 48.44.010, or a self-funded multiple employer welfare arrangement as defined in RCW 48.125.010.

(2) Each taxpayer shall pay a tax on or before the first day of March of each year to the state treasurer through the insurance commissioner's office. The tax shall be equal to the total amount of all premiums and prepayments for health care services received by the taxpayer during the preceding calendar year multiplied by the rate of two percent.

(3) Taxpayers shall prepay their tax obligations under this section. The minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation for the preceding calendar year recomputed using the rate in effect for the current year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation that would have been due had the tax been in effect during the previous calendar year. The tax prepayments shall be paid to the state treasurer through the commissioner's office by the due dates and in the following amounts:

- (a) On or before June 15, forty-five percent;
- (b) On or before September 15, twenty-five percent;
- (c) On or before December 15, twenty-five percent.

(4) For good cause demonstrated in writing, the commissioner may approve an amount smaller than the preceding calendar year's tax obligation as recomputed for calculating the health maintenance organization's, health care service contractor's, self-funded multiple employer welfare arrangement's, or certified health plan's prepayment obligations for the current tax year.

(5) Moneys collected under this section shall be deposited in the general fund through March 31, 1996, and in the health services account under RCW 43.72.900 after March 31, 1996.

(6) The taxes imposed in this section do not apply to:

(a) Amounts received by any taxpayer from the United States or any instrumentality thereof as prepayments for health care services provided under Title XVIII (medicare) of the federal social security act.

(b) Amounts received by any taxpayer from the state of Washington as prepayments for health care services provided under:

(i) The medical care services program as provided in RCW 74.09.035;

(ii) The Washington basic health plan on behalf of subsidized enrollees as provided in chapter 70.47 RCW; or

(iii) The medicaid program on behalf of elderly or disabled clients as provided in chapter 74.09 RCW when these prepayments are received prior to July 1, 2009, and are associated with a managed care contract program that has been implemented on a voluntary demonstration or pilot project basis.

(c) Amounts received by any health care service contractor, as defined in RCW 48.44.010, as prepayments for health care services included within the definition of practice of dentistry under RCW 18.32.020.

(d) Participant contributions to self-funded multiple employer welfare arrangements that are not taxable in this state.

(7) Beginning January 1, 2000, the state does hereby preempt the field of imposing excise or privilege taxes upon taxpayers and no county, city, town, or other municipal subdivision shall have the right to impose any such taxes upon such taxpayers. This subsection shall be limited to premiums and payments for health benefit plans offered by health care service contractors under chapter 48.44 RCW, health maintenance organizations under chapter 48.46 RCW, and self-funded multiple employer welfare arrangements as defined in RCW 48.125.010. The preemption authorized by this subsection shall not impair the ability of a county, city, town, or other municipal subdivision to impose excise or privilege taxes upon the health care services directly delivered by the employees of a health maintenance organization under chapter 48.46 RCW.

(8)(a) The taxes imposed by this section apply to a self-funded multiple employer welfare arrangement only in the event that they are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner shall initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing state premium taxes on these arrangements. Once the legality of the taxes has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these taxes.

(b) If there has not been a final determination of the legality of these taxes, then beginning on the earlier of (i) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (ii) April 1, 2006, the arrangement shall deposit the taxes imposed by this section into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the taxes are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account shall be transferred to the state treasurer.

(9) The effect of transferring contracts for health care services from one taxpayer to another taxpayer is to transfer the tax prepayment obligation with respect to the contracts.

(10) On or before June 1st of each year, the commissioner shall notify each taxpayer required to make prepayments in that year of the amount of each prepayment and shall provide remittance forms to be used by the taxpayer. However, a taxpayer's responsibility to make prepayments is not affected by failure of the commissioner to send, or the taxpayer to receive, the notice or forms. **Finding—Intent—2005 c 337:** See note following RCW 48.18.030.

**48.18.030 Insurable interest—Personal insurances—Nonprofit organizations—Rules.** (1) Any individual of competent legal capacity may insure his or her own life or body for the benefit of any person. A person may not insure the life or body of another individual unless the benefits under the contract are payable to the individual insured or the individual's personal representative, or to a person having, at the time when the contract was made, an insurable interest in the individual insured.

(2) If the beneficiary, assignee or other payee under any contract made in violation of this section receives from the

insurer any benefits accruing upon the death, disability, or injury of the individual insured, the individual insured or the individual's executor or administrator may maintain an action to recover any benefits from the person receiving them.

(3)(a) "Insurable interest" as used in this section and in RCW 48.18.060 includes only the following interests:

(i) In the case of individuals related closely by blood or by law, a substantial interest engendered by love and affection; and

(ii) In the case of other persons, a lawful and substantial economic interest in having the life, health, or bodily safety of the individual insured continue, as distinguished from an interest that would arise only by, or would be enhanced in value by, the death, disability, or injury of the individual insured.

(b) An individual who is party to a contract or option for the purchase or sale of an interest in a business partnership or firm, or of shares of stock of a close corporation or of an interest in those shares, has an insurable interest in the life of each individual party to the contract and for the purposes of that contract only, in addition to any insurable interest that may otherwise exist as to the life of such individual.

(c) A guardian, trustee, or other fiduciary has an insurable interest in the life of any person for whose benefit the fiduciary holds property, and in the life of any other individual in whose life the person has an insurable interest.

(d) Subject to rules adopted under subsection (4) of this section, upon joint application with a nonprofit organization for, or transfer to a nonprofit organization of, an insurance policy on the life of a person naming the organization as owner and beneficiary, a nonprofit organization's interest in the life of a person if:

(i) The nonprofit organization was established exclusively for religious, charitable, scientific, literary, or educational purposes, or to promote amateur athletic competition, to conduct testing for public safety, or to prevent cruelty to children or animals; and

(ii) The nonprofit organization:

(A) Has existed for a minimum of five years; or

(B) Has been issued a certificate of exemption to conduct a charitable gift annuity business under RCW 48.38.010, or is authorized to conduct a charitable gift annuity business under RCW 28B.10.485; or

(C) Has been organized, and at all times has been operated, exclusively for benefit of, to perform the functions of, or to carry out the purposes of one or more nonprofit organizations described in (d)(ii)(A) or (B) of this subsection and is operated, supervised, or controlled by or in connection with one or more of those nonprofit organizations; and

(iii) For a joint application, the person is not an employee, officer, or director of the organization who receives significant compensation from the organization and who became affiliated with the organization in that capacity less than one year before the joint application.

(4) The commissioner may adopt rules governing joint applications for, and transfers of, life insurance under subsection (3)(d) of this section. The rules may include:

(a) Standards for full and fair disclosure that set forth the manner, content, and required disclosure for the sale of life insurance issued under subsection (3)(d) of this section; and

(b) For joint applications, a grace period of thirty days during which the insured person may direct the nonprofit organization to return the policy and the insurer to refund any premium paid to the party that, directly or indirectly, paid the premium; and

(c) Standards for granting an exemption from the five-year existence requirement of subsection (3)(d)(ii)(A) of this section to a private foundation that files with the insurance commissioner documents, stipulations, and information as the insurance commissioner may require to carry out the purpose of subsection (3)(d) of this section.

(5) Nothing in this section permits the personal representative of the insured's estate to recover the proceeds of a policy on the life of a deceased insured person that was applied for jointly by, or transferred to, an organization covered by subsection (3)(d) of this section, where the organization was named owner and beneficiary of the policy.

This subsection applies to all life insurance policies applied for by, or transferred to, an organization covered by subsection (3)(d) of this section, regardless of the time of application or transfer and regardless of whether the organization would have been covered at the time of application or transfer. [2005 c 337 § 3; 1992 c 51 § 1; 1973 1st ex.s. c 89 § 3; 1947 c 79 § .18.03; Rem. Supp. 1947 § 45.18.03.]

**Finding—Intent—2005 c 337:** "The legislature finds that there is a long-standing principle that corporations have an insurable interest in the lives of key personnel. Nationally, some corporations have begun to insure the lives of personnel that have not met the insurable interest standard of Washington. Entry-level workers have been insured by their corporate employer for the benefit of the corporate employer. The legislature intends to clarify this subject and preclude corporations from insuring the lives of employees when the employees are not key personnel and the corporations have no insurable interest in the lives of those employees." [2005 c 337 § 1.]

*Use of trust funds by fiduciaries for life insurance: RCW 11.110.120.*

#### **48.18.060 Application—Consent—When required.**

A life or disability insurance contract upon an individual may not be made or take effect unless at the time the contract is made the individual insured applies for or consents to the contract in writing, except in the following cases:

(1) A spouse may insure the life of the other spouse.

(2) Any person having an insurable interest in the life of a minor, or any person upon whom a minor is dependent for support and maintenance, may insure the life of the minor.

(3) A contract of group or blanket disability insurance may be effectuated upon an individual.

(4) A contract of group life insurance may be effectuated upon an individual, except as otherwise provided in RCW 48.18.580. [2005 c 337 § 5; 1947 c 79 § .18.06; Rem. Supp. 1947 § 45.18.06.]

**Finding—Intent—2005 c 337:** See note following RCW 48.18.030.

#### **48.18.100 Forms of policies—Filing, certification, and approval—Exceptions.**

(1) No insurance policy form or application form where written application is required and is to be attached to the policy, or printed life or disability rider or endorsement form may be issued, delivered, or used unless it has been filed with and approved by the commissioner. This section does not apply to:

(a) Surety bond forms;

(b) Forms filed under RCW 48.18.103;

(c) Forms exempted from filing requirements by the commissioner under RCW 48.18.103;

(d) Manuscript policies, riders, or endorsements of unique character designed for and used with relation to insurance upon a particular subject; or

(e) Contracts of insurance procured under the provisions of chapter 48.15 RCW.

(2) Every such filing containing a certification, in a form approved by the commissioner, by either the chief executive officer of the insurer or by an actuary who is a member of the American academy of actuaries, attesting that the filing complies with Title 48 RCW and Title 284 of the Washington Administrative Code, may be used by the insurer immediately after filing with the commissioner. The commissioner may order an insurer to cease using a certified form upon the grounds set forth in RCW 48.18.110. This subsection does not apply to certain types of policy forms designated by the commissioner by rule.

(3) Except as provided in RCW 48.18.103, every filing that does not contain a certification pursuant to subsection (2) of this section must be made not less than thirty days in advance of issuance, delivery, or use. At the expiration of the thirty days, the filed form shall be deemed approved unless prior thereto it has been affirmatively approved or disapproved by order of the commissioner. The commissioner may extend by not more than an additional fifteen days the period within which he or she may affirmatively approve or disapprove any form, by giving notice of the extension before expiration of the initial thirty-day period. At the expiration of the period that has been extended, and in the absence of prior affirmative approval or disapproval, the form shall be deemed approved. The commissioner may withdraw any approval at any time for cause. By approval of any form for immediate use, the commissioner may waive any unexpired portion of the initial thirty-day waiting period.

(4) The commissioner's order disapproving any form or withdrawing a previous approval must state the grounds for disapproval.

(5) No form may knowingly be issued or delivered as to which the commissioner's approval does not then exist.

(6) The commissioner may, by rule, exempt from the requirements of this section any class or type of insurance policy forms if filing and approval is not desirable or necessary for the protection of the public.

(7) Every member or subscriber to a rating organization must adhere to the form filings made on its behalf by the organization. Deviations from the organization are permitted only when filed with the commissioner in accordance with this chapter. [2005 c 223 § 8; 1997 c 428 § 3; 1989 c 25 § 1; 1982 c 181 § 16; 1947 c 79 § .18.10; Rem. Supp. 1947 § 45.18.10.]

**Severability—1982 c 181:** See note following RCW 48.03.010.

*Format of disability policies: RCW 48.20.012.*

**48.18.103 Forms of commercial property casualty policies—Legislative intent—Issuance prior to filing—Disapproval by commissioner—Definition.** (1) It is the intent of the legislature to assist the purchasers of commercial property casualty insurance by allowing policies to be issued

more expeditiously and provide a more competitive market for forms.

(2) Commercial property casualty policies may be issued prior to filing the forms.

(3) All commercial property casualty forms must be filed with the commissioner within thirty days after an insurer issues any policy using them. This subsection does not apply to:

(a) Types or classes of forms that the commissioner exempts from filing by rule; and

(b) Manuscript policies, riders, or endorsements of unique character designed for and used with relation to insurance upon a particular subject.

(4) If, within thirty days after a commercial property casualty form has been filed, the commissioner finds that the form does not meet the requirements of this chapter, the commissioner shall disapprove the form and give notice to the insurer or rating organization that made the filing, specifying how the form fails to meet the requirements and stating when, within a reasonable period thereafter, the form shall be deemed no longer effective. The commissioner may extend the time for review an additional fifteen days by giving notice to the insurer prior to the expiration of the original thirty-day period.

(5) Upon a final determination of a disapproval of a policy form under subsection (4) of this section, the insurer must amend any previously issued disapproved form by endorsement to comply with the commissioner's disapproval.

(6) For purposes of this section, "commercial property casualty" means insurance pertaining to a business, profession, occupation, nonprofit organization, or public entity for the lines of property and casualty insurance defined in RCW 48.11.040, 48.11.050, 48.11.060, or 48.11.070.

(7) Except as provided in subsection (5) of this section, the disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in the notice of disapproval.

(8) Every member or subscriber to a rating organization must adhere to the form filings made on its behalf by the organization. An insurer may deviate from forms filed on its behalf by an organization only if the insurer files the forms with the commissioner in accordance with this chapter.

(9) In the event a hearing is held on the actions of the commissioner under subsection (4) of this section, the burden of proof shall be on the commissioner. [2005 c 223 § 9; 2003 c 248 § 4; 1997 c 428 § 1.]

**48.18.430 Exemption of proceeds, commutation—Annuities.** (1) The benefits, rights, privileges, and options under any annuity contract that are due the annuitant who paid the consideration for the annuity contract are not subject to execution and the annuitant may not be compelled to exercise those rights, powers, or options, and creditors are not allowed to interfere with or terminate the contract, except:

(a) As to amounts paid for or as premium on an annuity with intent to defraud creditors, with interest thereon, and of which the creditor has given the insurer written notice at its home office prior to making the payments to the annuitant out of which the creditor seeks to recover. The notice must specify the amount claimed or the facts that will enable the insurer to determine the amount, and must set forth the facts that will

enable the insurer to determine the insurance or annuity contract, the person insured or annuitant and the payments sought to be avoided on the basis of fraud.

(b) The total exemption of benefits presently due and payable to an annuitant periodically or at stated times under all annuity contracts may not at any time exceed two thousand five hundred dollars per month for the length of time represented by the installments, and a periodic payment in excess of two thousand five hundred dollars per month is subject to garnishee execution to the same extent as are wages and salaries.

(c) If the total benefits presently due and payable to an annuitant under all annuity contracts at any time exceeds payment at the rate of two thousand five hundred dollars per month, then the court may order the annuitant to pay to a judgment creditor or apply on the judgment, in installments, the portion of the excess benefits that the court determines to be just and proper, after due regard for the reasonable requirements of the judgment debtor and the judgment debtor's dependent family, as well as any payments required to be made by the annuitant to other creditors under prior court orders.

(2) The benefits, rights, privileges, or options accruing under an annuity contract to a beneficiary or assignee are not transferable or subject to commutation, and if the benefits are payable periodically or at stated times, the same exemptions and exceptions contained in this section for the annuitant apply to the beneficiary or assignee.

(3) An annuity contract within the meaning of this section is any obligation to pay certain sums at stated times, during life or lives, or for a specified term or terms, issued for a valuable consideration, regardless of whether or not the sums are payable to one or more persons, jointly or otherwise, but does not include payments under life insurance contracts at stated times during life or lives, or for a specified term or terms. **48.18.570 Life insurance—Lawful travel destinations.** (1) No life insurer may deny or refuse to accept an application for insurance, or refuse to insure, refuse to renew, cancel, restrict, or otherwise terminate a policy of insurance, or charge a different rate for the same coverage, based upon the applicant's or insured person's past or future lawful travel destinations.

(2) Nothing in this section prohibits a life insurer from excluding or limiting coverage of specific lawful travel, or charging a differential rate for such coverage, when bona fide statistical differences in risk or exposure have been substantiated. [2005 c 441 § 1.]

**48.18.580 Employer-owned life insurance—Requirements.** (1) "Employer-owned life insurance policy" as used in this section and RCW 48.18.583 means an insurance policy purchased by an employer on the life of an employee, for the benefit of a person other than the employee or the employee's personal representative.

(2) An employer-owned life insurance policy may not be made or take effect unless at the time the contract is made the individual insured consents to the contract in writing.

(3) An employer may not retaliate in any manner against an employee for providing written notice that he or she does not want to be insured under an employer-owned life insurance policy.

(4) No later than thirty days after the date on which an employer purchases an employer-owned life insurance policy on the life of an employee, the employer must provide to the employee a written notice that contains the following information:

(a) A statement that the employer carries an employer-owned life insurance policy on the life of the employee;

(b) The identity of the insurance carrier of the policy;

(c) The maximum face amount of the policy at issue; and

(d) The identity of the beneficiary of the policy. [2005 c 337 § 4.]

**48.20.530 Nonresident pharmacies. (*Effective July 1, 2006.*)** For the purposes of this chapter, a nonresident pharmacy is defined as any pharmacy located outside this state that ships, mails, or delivers, in any manner, except when delivered in person to an enrolled participant or his/her representative, controlled substances, legend drugs, or devices into this state.

After October 1, 1991, an insurer providing coverage of prescription drugs from nonresident pharmacies may only provide coverage from licensed nonresident pharmacies. The insurers shall obtain proof of current licensure in conformity with this section and RCW 18.64.350 through 18.64.400 from the nonresident pharmacy and keep that proof of licensure on file.

The department of health may request from the insurer the proof of current licensure for all nonresident pharmacies through which the insurer is providing coverage for prescription drugs to residents of the state of Washington. This information, which may constitute a full or partial customer list, shall be confidential and exempt from public disclosure, and from the requirements of chapter 42.56 RCW. The board or the department shall not be restricted in the disclosure of the name of a nonresident pharmacy that is or has been licensed under RCW 18.64.360 or 18.64.370 or of the identity of a

(2) Employers purchasing health plans provided through associations or through member-governed groups formed specifically for the purpose of purchasing health care are not small employers and the plans are not subject to RCW 48.21.045(3).

(3) For purposes of this section, "health benefit plan," "health plan," and "small employer" mean the same as defined in RCW 48.43.005. [2005 c 223 § 11; 1995 c 265 § 22.]

(4) This section shall not apply to a group disability insurance contract that has been entered into in accordance with a collective bargaining agreement between management and labor representatives prior to March 1, 1987. [2005 c 6 § 7; 1987 c 283 § 3; 1986 c 184 § 2; 1983 c 35 § 1.]

(2) All group disability insurance contracts and blanket disability insurance contracts providing health benefit plans that provide coverage for medical and surgical services shall provide:

(a) For all health benefit plans established or renewed on or after January 1, 2006, for groups of more than fifty employees coverage for:

(i) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the health benefit plan. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(b) For all health benefit plans established or renewed on or after January 1, 2008, for groups of more than fifty employees coverage for:

If the health benefit plan imposes a maximum out-of-pocket limit or stop loss, it shall be a single limit or stop loss for medical, surgical, and mental health services; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(c) For all health benefit plans established or renewed on or after July 1, 2010, for groups of more than fifty employees coverage for:

(i) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the health benefit plan. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison. If the health benefit plan imposes a maximum out-of-pocket limit or stop loss, it shall be a single limit or stop loss for medical, surgical, and mental health services. If the health benefit plan imposes any deductible, mental health services shall be included with medical and surgical services for the purpose of meeting the deductible requirement. Treatment limitations or any other financial requirements on coverage for mental health services are only allowed if the same limitations or requirements are imposed on coverage for medical and surgical services; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(3) In meeting the requirements of subsection (2)(a) and (b) of this section, health benefit plans may not reduce the number of mental health outpatient visits or mental health inpatient days below the level in effect on July 1, 2002.

(4) This section does not prohibit a requirement that mental health services be medically necessary as determined by the medical director or designee, if a comparable requirement is applicable to medical and surgical services.

(5) Nothing in this section shall be construed to prevent the management of mental health services. [2005 c 6 § 3.]

**48.24.020 Employee groups.** The lives of a group of individuals may be insured under a policy issued to an employer, or to the trustees of a fund established by an employer, which employer or trustee is deemed the policyholder, insuring employees of the employer for the benefit of persons other than the employer, subject to the following requirements:

(1) The employees eligible for insurance under the policy shall be all of the employees of the employer, or all of any class or classes thereof determined by conditions pertaining to their employment. The policy may provide that the term "employees" shall include the employees of one or more subsidiary corporations, and the employees, individual proprietors, and partners of one or more affiliated corporations, proprietors or partnerships if the business of the employer and of such affiliated corporations, proprietors or partnerships is under common control through stock ownership, contract or otherwise. The policy may provide that the term "employees" shall include the individual proprietor or partners if the employer is an individual proprietor or a partnership. The policy may provide that the term "employees" shall include retired employees.

(2) The premium for the policy shall be paid by the policyholder, either wholly from the employer's funds or funds contributed by him or her, or partly from such funds and partly from funds contributed by the insured employees, or from funds contributed entirely by the insured employees. (3) The policy must cover at least two employees at date of issue.

(4) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the employees or by the employer or trustees. [2005 c 222 § 1; 1955 c 303 § 29; 1947 c 79 § .24.02; Rem. Supp. 1947 § 45.24.02.]

(2) This code does not apply to persons engaged in the business of preparing and issuing abstracts of title to property and certifying to their correctness so long as the persons do not guarantee or insure the titles.

(3) For purposes of this chapter, unless the context clearly requires otherwise:

(a) "Title policy" means any written instrument, contract, or guarantee by means of which title insurance liability is assumed.

(b) "Abstract of title" means a written representation, provided under contract, whether written or oral, intended to be relied upon by the person who has contracted for the receipt of this representation, listing all recorded convey-

ances, instruments, or documents that, under the laws of the state of Washington, impart constructive notice with respect to the chain of title to the real property described. An abstract of title is not a title policy as defined in this subsection.

(c) "Preliminary report," "commitment," or "binder" means reports furnished in connection with an application for title insurance and are offers to issue a title policy subject to the stated exceptions in the reports, the conditions and stipulations of the report and the issued policy, and other matters as may be incorporated by reference. The reports are not abstracts of title, nor are any of the rights, duties, or responsibilities applicable to the preparation and issuance of an abstract of title applicable to the issuance of any report. The report is not a representation as to the condition of the title to real property, but is a statement of terms and conditions upon which the issuer is willing to issue its title policy, if the offer is accepted. [2005 c 223 § 14; 1997 c 14 § 1; 1947 c 79 § .29.01; Rem. Supp. 1947 § 45.29.01.]

- (1) A known claim reserve in an amount estimated to be sufficient to cover all unpaid losses, claims, and allocated

loss adjustment expenses arising under title insurance policies, guaranteed certificates of title, guaranteed searches, and guaranteed abstracts of title, and all unpaid losses, claims, and allocated loss adjustment expenses for which the title insurer may be liable, and for which the insurer has received notice by or on behalf of the insured, holder of a guarantee or escrow, or security depositor;

(2)(a) A statutory or unearned premium reserve consisting of:

(i) The amount of the special reserve fund that was required prior to July 24, 2005, which balance must be released in accordance with (b) of this subsection; and

(ii) Additions to the reserve after July 24, 2005, must be made out of total charges for title insurance policies and guarantees written, as set forth in the title insurer's most recent annual statement on file with the commissioner, equal to the sum of the following:

(A) For each title insurance policy on a single risk written or assumed after July 24, 2005, fifteen cents per one thousand dollars of net retained liability for policies under five hundred thousand dollars; and

(B) For each title insurance policy on a single risk written or assumed after July 24, 2005, ten cents per one thousand dollars of net retained liability for policies of five hundred thousand or greater.

(b) The aggregate of the amounts set aside in this reserve in any calendar year pursuant to (a) of this subsection must be released from the reserve and restored to net profits over a period of twenty years under the following formula:

(i) Thirty-five percent of the aggregate sum on July 1st of the year next succeeding the year of addition;

(ii) Fifteen percent of the aggregate sum on July 1st of each of the succeeding two years;

(iii) Ten percent of the aggregate sum on July 1st of the next succeeding year;

(iv) Three percent of the aggregate sum on July 1st of each of the next three succeeding years;

(v) Two percent of the aggregate sum on July 1st of each of the next three succeeding years; and

(vi) One percent of the aggregate sum on July 1st of each of the next succeeding ten years.

(c) The insurer shall calculate an adjusted statutory unearned premium reserve as of July 24, 2005. The adjusted reserve is calculated as if (a)(ii) and (b) of this subsection had been in effect for all years beginning twenty years prior to July 24, 2005. For purposes of this calculation, the balance of the reserve as of that date is deemed to be zero. If the adjusted reserve so calculated exceeds the aggregate amount set aside for statutory or unearned premiums in the insurer's annual statement on file with the commissioner on July 24, 2005, the insurer shall, out of total charges for policies of title insurance, increase its statutory or unearned premium reserve by an amount equal to one-sixth of that excess in each of the succeeding six years, commencing with the calendar year that includes July 24, 2005, until the entire excess has been added.

(d) The aggregate of the amounts set aside in this reserve in any calendar year as adjustments to the insurer's statutory or unearned premium reserve under (c) of this subsection shall be released from the reserve and restored to net profits, or equity if the additions required by (c) of this subsection

reduced equity directly, over a period not exceeding ten years under to the [under the] following table:

Year of Addition	Release
Year 1 <sup>1</sup>	Equally over 10 years
Year 2	Equally over 9 years
Year 3	Equally over 8 years
Year 4	Equally over 7 years
Year 5	Equally over 6 years
Year 6	Equally over 5 years

<sup>1</sup>(The calendar year following July 24, 2005).

(3) A supplemental reserve shall be established consisting of any other reserves necessary, when taken in combination with the reserves required by subsections (1) and (2) of this section, to cover the company's liabilities with respect to all losses, claims, and loss adjustment expenses.

(4) The supplemental reserve required under subsection (3) of this section shall be phased in as follows: Twenty-five percent of the otherwise applicable supplemental reserve is required until December 31, 2006; fifty percent of the otherwise applicable supplemental reserve is required until December 31, 2007; and seventy-five percent of the otherwise applicable supplemental reserve is required until December 31, 2008. [2005 c 223 § 16; 1947 c 79 § .29.12; Rem. Supp. 1947 § 45.29.12.]

**48.29.130 Investments.** A domestic title insurer shall invest its funds as follows:

(1) Funds in an amount not less than its reserve required by RCW 48.29.120 must be kept invested in investments eligible for domestic life insurers.

(2) Other funds may be invested in:

(a) The insurer's plant and equipment, up to a maximum of fifty percent of capital plus surplus.

(b) Stocks and bonds of abstract companies when approved by the commissioner.

(c) Investments eligible for the investment of funds of any domestic insurer. [2005 c 223 § 17; 1967 c 150 § 30; 1947 c 79 § .29.13; Rem. Supp. 1947 § 45.29.13.]

**48.29.155 Agent license—Financial responsibility—Definitions.** (1) At the time of filing an application for a title insurance agent license, or any renewal or reinstatement of a title insurance agent license, the applicant shall provide satisfactory evidence to the commissioner of having obtained the following as evidence of financial responsibility:

(a) A fidelity bond or fidelity insurance providing coverage in the aggregate amount of two hundred thousand dollars with a deductible no greater than ten thousand dollars covering the applicant and each corporate officer, partner, escrow officer, and employee of the applicant conducting the business of an escrow agent as defined in RCW 18.44.011 and exempt from licensing under RCW 18.44.021(6), or a guarantee from a licensed title insurance company as authorized by subsection (5) of this section; and

(b) A surety bond in the amount of ten thousand dollars executed by the applicant as obligor and by a surety company authorized, or eligible under chapter 48.15 RCW, to do a surety business in this state as surety, or some other security

approved by the commissioner, unless the fidelity bond or fidelity insurance obtained by the licensee to satisfy the requirement in (a) of this subsection does not have a deductible. The bond shall run to the state of Washington as obligee, and shall run to the benefit of the state and any person or persons who suffer loss by reason of the applicant's or its employee's violation of this chapter. The bond shall be conditioned that the obligor as licensee will faithfully conform to and abide by this chapter and all rules adopted under this chapter, and shall reimburse all persons who suffer loss by reason of a violation of this chapter or rules adopted under this chapter. The bond shall be continuous and may be canceled by the surety upon the surety giving written notice to the commissioner of its intent to cancel the bond. The cancellation shall be effective thirty days after the notice is received by the commissioner. Whether or not the bond is renewed, continued, reinstated, reissued, or otherwise extended, replaced, or modified, including increases or decreases in the penal sum, it shall be considered one continuous obligation, and the surety upon the bond shall not be liable in an aggregate amount exceeding the penal sum set forth on the face of the bond. In no event shall the penal sum, or any portion thereof, at two or more points in time be added together in determining the surety's liability. The bond is not liable for any penalties imposed on the licensee, including but not limited to any increased damages or attorneys' fees, or both, awarded under RCW 19.86.090.

(2) For the purposes of this section, a "fidelity bond" means a primary commercial blanket bond or its equivalent satisfactory to the commissioner and written by an insurer authorized, or eligible under chapter 48.15 RCW, to transact this line of business in the state of Washington. The bond shall provide fidelity coverage for any fraudulent or dishonest acts committed by any one or more of the employees, officers, or owners as defined in the bond, acting alone or in collusion with others. The bond shall be for the sole benefit of the title insurance agent and under no circumstances whatsoever shall the bonding company be liable under the bond to any other party. The bond shall name the title insurance agent as obligee and shall protect the obligee against the loss of money or other real or personal property belonging to the obligee, or in which the obligee has a pecuniary interest, or for which the obligee is legally liable or held by the obligee in any capacity, whether the obligee is legally liable therefor or not. The bond may be canceled by the insurer upon delivery of thirty days' written notice to the commissioner and to the title insurance agent.

(3) For the purposes of this section, "fidelity insurance" means employee dishonesty insurance or its equivalent satisfactory to the commissioner and written by an insurer authorized, or eligible under chapter 48.15 RCW, to transact this line of business in the state of Washington. The insurance shall provide coverage for any fraudulent or dishonest acts committed by any one or more of the employees, officers, or owners as defined in the policy of insurance, acting alone or in collusion with others. The insurance shall be for the sole benefit of the title insurance agent and under no circumstances whatsoever shall the insurance company be liable under the insurance to any other party. The insurance shall name the title insurance agent as the named insured and shall protect the named insured against the loss of money or other

real or personal property belonging to the named insured, or in which the named insured has a pecuniary interest, or for which the named insured is legally liable or held by the named insured in any capacity, whether the named insured is legally liable therefor or not. The insurance coverage may be canceled by the insurer upon delivery of thirty days' written notice to the commissioner and to the title insurance agent.

(4) The fidelity bond or fidelity insurance, and the surety bond or other form of security approved by the commissioner, shall be kept in full force and effect as a condition precedent to the title insurance agent's authority to transact business in this state, and the title insurance agent shall supply the commissioner with satisfactory evidence thereof upon request.

(5) A title insurance company authorized to do business in Washington under RCW 48.05.030 may provide a guarantee in a form satisfactory to the commissioner accepting financial responsibility, up to the aggregate amount of two hundred thousand dollars, for any fraudulent or dishonest acts committed by any one or more of the employees, officers, or owners of a title insurance agent that is appointed as the title insurance company's agent. A title insurance company providing a guarantee as permitted under this subsection may only do so on behalf of its properly appointed title insurance agents. If the title insurance agent is an agent for two or more title insurance companies, any liability under the guarantee shall be borne by the title insurance company for those escrows for which a title insurance commitment or policy was issued on behalf of that title insurance company. If no commitment or policy was issued regarding the escrow for which moneys were lost, including but not limited to collection escrows, each title insurance company, for which the agent was appointed at the time of the fraudulent or dishonest act, shares in the liability. The liability will be shared proportionally, as follows: The premium the agent remitted to the title insurance company in the year prior to the fraudulent or dishonest act will be compared to the total premium the agent remitted to all title insurance companies, for whom the title insurance agent was appointed, during the same period.

(6) All title insurance agents licensed on or before July 24, 2005, shall comply with this section within thirty days following July 24, 2005. [2005 c 115 § 1; 2003 c 202 § 1.]

**48.29.170 Agents—Separate licenses for individuals not required.** Title insurance agents are exempt from the provisions of RCW 48.17.180(1) that require that each individual empowered to exercise the authority of a licensed firm or corporation must be separately licensed. [2005 c 223 § 18; 1981 c 223 § 2.]

(2) No such officer or employee or any person, acting or purporting to act on behalf of such officer or employee shall negotiate, make application for, obtain or procure any of such surety bonds or contracts of insurance, except contracts of insurance for builder's risk or owner's protective liability, which can be obtained or procured by the bidder, contractor or subcontractor.

(3) This section shall not be construed to prevent the exercise by such officer or employee on behalf of the state or such public agency, public authority, or public corporation of its right to approve the form, sufficiency or manner or execution of the surety bonds or contracts of insurance furnished by the insurer selected by the bidder to underwrite such bonds, or contracts of insurance.

(4) Any provisions in any invitation for bids, or in any of the contract documents, in conflict with this section are declared to be contrary to the public policy of this state.

The amount of benefits payable, or any term, rate, condition, or type of coverage may not be restricted, modified, excluded, increased, or reduced on the basis of the sex or marital status, or be restricted, modified, excluded, or reduced on the basis

**48.31.020 Definitions—Insurer, exceeded its powers, consent.** (1) For the purposes of this chapter, other than as to RCW 48.31.010, and in addition to persons included under RCW 48.99.010, the term "insurer" shall be deemed to include an insurer authorized under chapter 48.05 RCW, an insurer or institution holding a certificate of exemption under RCW 48.38.010, a health care service contractor registered under chapter 48.44 RCW, and a health maintenance organization registered under chapter 48.46 RCW, as well as all persons engaged as, or purporting to be engaged as insurers, institutions issuing charitable gift annuities, health care service contractors, or health maintenance organizations in this state, and to persons in process of organization to become insurers, institutions issuing charitable gift annuities, health care service contractors, or health maintenance organizations.

(2) The definitions in this subsection apply throughout this chapter unless the context clearly requires otherwise.

(a) "Exceeded its powers" means the following conditions:

(i) The insurer has refused to permit examination of its books, papers, accounts, records, or affairs by the commissioner, his or her deputies, employees, or duly commissioned examiners as required by this title or any rules adopted by the commissioner;

(ii) A domestic insurer has unlawfully removed from this state books, papers, accounts, or records necessary for an examination of the insurer;

(iii) The insurer has failed to promptly comply with the filing of any applicable financial reports as required by this title or any rules adopted by the commissioner;

(iv) The insurer has neglected or refused to observe a lawful order of the commissioner to comply, within the time prescribed by law, with any prohibited deficiency in its applicable capital, capital stock, or surplus;

(v) The insurer is continuing to transact insurance or write business after its license has been revoked or suspended by the commissioner;

(vi) The insurer, by contract or otherwise, has unlawfully or has in violation of an order of the commissioner or with respect to a transaction to which the insurer has without first having obtained written approval of the commissioner if approval is required by law:

(A) Totally reinsured its entire outstanding business; or

(B) Merged or consolidated substantially its entire property or business with another insurer; or

(vii) The insurer engaged in any transaction in which it is not authorized to engage under this title or any rules adopted by the commissioner.

(b) "Consent" means agreement to administrative supervision by the insurer. [2005 c 432 § 1; 1998 c 284 § 8; 1989 c 151 § 1; 1947 c 79 § .31.02; Rem. Supp. 1947 § 45.31.02.]

**48.31.100 Foreign or alien insurers—Conservation, ancillary proceedings.** (1) An order to conserve the assets of a foreign or alien insurer must direct the commissioner immediately to take possession of the property of the insurer within this state and to conserve it, subject to the further direction of the court.

(2) Whenever a domiciliary receiver is appointed for a foreign or alien insurer in its domiciliary state that is also a reciprocal state, as defined in RCW 48.99.010, the court shall on application of the commissioner appoint the commissioner as the ancillary receiver in this state, subject to the provisions of the uniform insurers liquidation act. [2005 c 223 § 23; 1947 c 79 § .31.10; Rem. Supp. 1947 § 45.31.10.]

**48.31.115 Immunity from suit and liability—Persons entitled to protection.** (1) The persons entitled to protection under this section are:

(a) The commissioner and any other receiver or administrative supervisor responsible for conducting a delinquency proceeding under this chapter, including present and former commissioners, administrative supervisors, and receivers; and

(b) The commissioner's employees, meaning all present and former special deputies and assistant special deputies and special receivers and special administrative supervisors appointed by the commissioner and all persons whom the commissioner, special deputies, or assistant special deputies have employed to assist in a delinquency proceeding under this chapter. Attorneys, accountants, auditors, and other professional persons or firms who are retained as independent contractors, and their employees, are not considered employees of the commissioner for purposes of this section.

(2) The commissioner and the commissioner's employees are immune from suit and liability, both personally and in their official capacities, for a claim for damage to or loss of property or personal injury or other civil liability caused by or resulting from an alleged act or omission of the commissioner or an employee arising out of or by reason of his or her duties or employment. However, nothing in this subsection may be construed to hold the commissioner or an employee immune from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of the commissioner or an employee.

(3) If a legal action is commenced against the commissioner or an employee, whether against him or her personally or in his or her official capacity, alleging property damage, property loss, personal injury, or other civil liability caused by or resulting from an alleged act or omission of the commissioner or an employee arising out of or by reason of his or her duties or employment, the commissioner and any employee shall be indemnified from the assets of the insurer for all expenses, attorneys' fees, judgments, settlements, decrees, or amounts due and owing or paid in satisfaction of or incurred in the defense of the legal action unless it is determined upon a final adjudication on the merits that the alleged act or omission of the commissioner or employee giving rise to the claim did not arise out of or by reason of his or her duties or employment, or was caused by intentional or willful and wanton misconduct.

(a) Attorneys' fees and related expenses incurred in defending a legal action for which immunity or indemnity is available under this section shall be paid from the assets of the insurer, as they are incurred, in advance of the final disposition of such action upon receipt of an undertaking by or on behalf of the commissioner or employee to repay the attorneys' fees and expenses if it is ultimately determined upon a final adjudication on the merits and that the commissioner or

employee is not entitled to immunity or indemnity under this section.

(b) Any indemnification under this section is an administrative expense of the insurer.

(c) In the event of an actual or threatened litigation against the commissioner or an employee for which immunity or indemnity may be available under this section, a reasonable amount of funds that in the judgment of the commissioner may be needed to provide immunity or indemnity shall be segregated and reserved from the assets of the insurer as security for the payment of indemnity until all applicable statutes of limitation have run or all actual or threatened actions against the commissioner or an employee have been completely and finally resolved, and all obligations of the insurer and the commissioner under this section have been satisfied.

(d) In lieu of segregation and reserving of funds, the commissioner may obtain a surety bond or make other arrangements that will enable the commissioner to secure fully the payment of all obligations under this section.

(4) If a legal action against an employee for which indemnity may be available under this section is settled before final adjudication on the merits, the insurer shall pay the settlement amount on behalf of the employee, or indemnify the employee for the settlement amount, unless the commissioner determines:

(a) That the claim did not arise out of or by reason of the employee's duties or employment; or

(b) That the claim was caused by the intentional or willful and wanton misconduct of the employee.

(5) In a legal action in which the commissioner is a defendant, that portion of a settlement relating to the alleged act or omission of the commissioner is subject to the approval of the court before which the delinquency proceeding is pending. The court may not approve that portion of the settlement if it determines:

(a) That the claim did not arise out of or by reason of the commissioner's duties or employment; or

(b) That the claim was caused by the intentional or willful and wanton misconduct of the commissioner.

(6) Nothing in this section removes or limits an immunity, indemnity, benefit of law, right, or defense otherwise available to the commissioner, an employee, or any other person, not an employee under subsection (1)(b) of this section, who is employed by or in the office of the commissioner or otherwise employed by the state.

(7)(a) Subsection (2) of this section applies to any suit based in whole or in part on an alleged act or omission that takes place on or after July 25, 1993.

(b) No legal action lies against the commissioner or an employee based in whole or in part on an alleged act or omission that took place before July 25, 1993, unless suit is filed and valid service of process is obtained within twelve months after July 25, 1993.

(c) Subsections (3), (4), and (5) of this section apply to a suit that is pending on or filed after July 25, 1993, without regard to when the alleged act or omission took place. [2005 c 432 § 2; 1993 c 462 § 60.]

**Severability—Implementation—1993 c 462:** See RCW 48.31B.901 and 48.31B.902.

**48.31.400 Administrative supervision—Conditions—Notice and hearing.** (1) An insurer may be subject to administrative supervision by the commissioner if upon examination or at any other time the commissioner makes a finding that:

(a) The insurer's condition renders the continuance of its business financially hazardous to the public or to its insureds consistent with this title or any rules adopted by the commissioner;

(b) The insurer has or appears to have exceeded its powers granted under its certificate of authority and this title or any rules adopted by the commissioner;

(c) The insurer has failed to comply with the applicable provisions of Title 48 RCW or rules adopted by the commissioner such that its condition has or will render the continuance of its business financially hazardous to the public or to its insureds;

(d) The business of the insurer is being conducted fraudulently; or

(e) The insurer gives its consent.

(2) If the commissioner determines that the conditions set forth in subsection (1) of this section exist, the commissioner shall:

(a) Notify the insurer of his or her determination;

(b) Furnish to the insurer a written list of the requirements to abate this determination; and

(c) Notify the insurer that it is under the supervision of the commissioner and that the commissioner is applying and effectuating the provisions of this chapter. Action by the commissioner shall be subject to review pursuant to chapters 48.04 and 34.05 RCW.

(3) If placed under administrative supervision, the insurer has sixty days, or another period of time as designated by the commissioner, to comply with the requirements of the commissioner subject to the provisions of this chapter.

(4) If it is determined after notice and hearing that the conditions giving rise to the administrative supervision still exist at the end of the supervision period under subsection (3) of this section, the commissioner may extend the period.

(5) If it is determined that none of the conditions giving rise to the administrative supervision exist, or that the insurer has remedied the conditions that gave rise to the supervision, the commissioner shall release the insurer from supervision. [2005 c 432 § 3.]

**48.31.405 Administrative supervision—Confidentiality.** (1) Except as set forth in this section, proceedings, hearings, notices, correspondence, reports, records, and other information in the possession of the commissioner relating to the supervision of any insurer under this chapter are confidential and are not subject to chapter 42.17 RCW, are not subject to subpoena, and are not subject to discovery or admissible in evidence in any private civil action, except as provided by this section. However, the commissioner is authorized to use the documents, materials, or other information in the furtherance of any regulatory or legal action brought as part of the commissioner's official duties.

(2) The employees of the commissioner have access to these proceedings, hearings, notices, correspondence, reports, records, or information as permitted by the commissioner. Neither the commissioner nor any person who

received documents, materials, or other information while acting under the authority of the commissioner is permitted or required to testify in any private civil action concerning any confidential documents, materials, or information subject to subsection (1) of this section.

(3) The commissioner may share the notices, correspondence, reports, records, or information with other state, federal, and international regulatory agencies, with the national association of insurance commissioners and its affiliates and subsidiaries, and with state, federal, and international law enforcement authorities, if the commissioner determines that the disclosure is necessary or proper for the enforcement of the laws of this or another state of the United States, and provided that the recipient agrees to maintain the confidentiality of the documents, material, or other information. No waiver of any applicable privilege or claim of confidentiality may occur as a result of the sharing of documents, materials, or other information under this subsection.

(4) The commissioner may open the proceedings or hearings or make public the notices, correspondence, reports, records, or other information if the commissioner deems that it is in the best interest of the public or in the best interest of the insurer or its insureds, creditors, or the general public. However, the determination of whether to disclose any confidential information at the public proceedings or hearings is subject to applicable law.

(5) This section does not apply to hearings, notices, correspondence, reports, records, or other information obtained upon the appointment of a receiver for the insurer by a court of competent jurisdiction. [2005 c 432 § 4.]

**48.31.410 Administrative supervision—Standards and procedures—Limitations on insurer.** During the period of administrative supervision, the commissioner or the commissioner's designated appointee shall serve as the administrative supervisor. The commissioner shall establish standards and procedures that maintain reasonable and customary claims practices and otherwise provide for the orderly continuation of the insurer's operations and business. Considering these standards and procedures, the commissioner may provide that the insurer may not do any of the following things during the period of supervision, without the prior approval of the commissioner or the appointed administrative supervisor:

- (1) Dispose of, convey, or encumber any of its assets or its business in force;
- (2) Withdraw any of its bank accounts;
- (3) Lend any of its funds;
- (4) Invest any of its funds;
- (5) Transfer any of its property;
- (6) Incur any debt, obligation, or liability;
- (7) Merge or consolidate with another company;
- (8) Approve new premiums or renew any policies;
- (9) Enter into any new reinsurance contract or treaty;
- (10) Terminate, surrender, forfeit, convert, or lapse any insurance policy, certificate, or contract, except for nonpayment of premiums due;
- (11) Release, pay, or refund premium deposits; accrued cash or loan values; unearned premiums; or other reserves on any insurance policy, certificate, or contract;
- (12) Make any material change in management; or

(13) Increase salaries and benefits of officers or directors or the preferential payment of bonuses, dividends, or other payments deemed preferential. [2005 c 432 § 5.]

**48.31.415 Administrative supervision—Insurer may contest.** During the period of administrative supervision the insurer may contest an action taken, proposed to be taken, or failed to be taken by the administrative supervisor specifying the manner wherein the action being complained of would not result in improving the condition of the insurer. Denial of the insurer's request upon reconsideration entitles the insurer to request a proceeding under chapters 48.04 and 34.05 RCW. [2005 c 432 § 6.]

**48.31.420 Administrative supervision—No limitation on judicial proceedings.** RCW 48.31.020, 48.31.115, 48.31.400 through 48.31.415, 48.31.425, and 48.31.435 do not preclude the commissioner from initiating judicial proceedings to place an insurer in rehabilitation or liquidation proceedings or other delinquency proceedings, however designated under the laws of this state, regardless of whether the commissioner has previously initiated administrative supervision proceedings under this chapter against the insurer. [2005 c 432 § 7.]

**48.31.425 Administrative supervision—Commissioner contacts.** The commissioner may meet with the administrative supervisor appointed under this chapter and with the attorney or other representative of the administrative supervisor, without the presence of any other person, at the time of any proceeding or during the pendency of any proceeding held under authority of this chapter to carry out the commissioner's duties under this chapter or for the supervisor to carry out his or her duties under this chapter. [2005 c 432 § 8.]

**48.31.430 Administrative supervision—Chapters 48.04 and 34.05 RCW.** An action or the failure to act by the commissioner is subject to chapters 48.04 and 34.05 RCW. [2005 c 432 § 9.]

**48.31.435 Administrative supervision—Rules.** The commissioner may adopt rules to implement and administer RCW 48.31.020, 48.31.115, and 48.31.400 through 48.31.425. [2005 c 432 § 10.]

**48.31.900 Severability—2005 c 432.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2005 c 432 § 11.]

48.32.901	Effective date—2005 c 100.

**48.32.010 Purpose.** The purpose of this chapter is to provide a mechanism for the payment of covered claims to avoid excessive delay in payment and to avoid financial loss to claimants or policyholders under certain policies of insurance covered by the scope of this chapter because of the insolvency of an insurer, to assist in the detection and prevention of insurer insolvencies, and to provide an association to assess the cost of such protection among insurers. [2005 c 100 § 1; 1971 ex.s. c 265 § 1.]

**48.32.020 Scope.** This chapter applies to all kinds of direct insurance, except life, title, surety, disability, credit, mortgage guaranty, workers' compensation, and ocean marine. Workers' compensation as used in this section does not include longshore and harbor workers' compensation act insurance. [2005 c 100 § 2; 1987 c 185 § 29; 1975-'76 2nd ex.s. c 109 § 2; 1971 ex.s. c 265 § 2.]

**Intent—Severability—1987 c 185:** See notes following RCW 51.12.130.

**48.32.030 Definitions.** As used in this chapter:

(1) "Account" means one of the three accounts created in RCW 48.32.040.

(2) "Association" means the Washington insurance guaranty association created in RCW 48.32.040.

(3) "Commissioner" means the insurance commissioner of this state.

(4) "Covered claim" means:

(a) Except for longshore and harbor workers' compensation act insurance, an unpaid claim, including one for unearned premiums, that arises out of and is within the coverage of an insurance policy to which this chapter applies issued by an insurer, if such insurer becomes an insolvent insurer after the first day of April, 1971 and (i) the claimant or insured is a resident of this state at the time of the insured event; or (ii) the property from which the claim arises is permanently located in this state. "Covered claim" does not include any amount due any reinsurer, insurer, insurance pool, or underwriting association, as subrogation recoveries or otherwise. However, a claim for any such amount asserted against a person insured under a policy issued by an insurer which has become an insolvent insurer, which, if it were not a claim by or for the benefit of a reinsurer, insurer, insurance pool, or underwriting association, would be a "covered claim" may be filed directly with the receiver of the insolvent insurer, but in no event may any such claim be asserted in any legal action against the insured of such insolvent insurer. In addition, "covered claim" does not include any claim filed with the association subsequent to the final date set by the court for the filing of claims against the liquidator or receiver of an insolvent insurer; and

(b) For longshore and harbor workers' compensation act insurance, an unpaid claim, excluding one for unearned premiums, for benefits due an injured worker under the longshore and harbor workers' compensation act that is within the coverage of an insurance policy to which this chapter applies issued by an insurer, if that insurer becomes an insolvent

insurer after April 20, 2005, and (i) the worksite from which the injury occurred is within this state or on the navigable waters within or immediately offshore of this state, or (ii) the worksite from which the injury occurred is outside this state, the injured worker is a permanent resident of this state, the injured worker is temporarily working at the worksite from which the injury occurred, and the injured worker is not covered under a policy of longshore and harbor workers' compensation insurance issued in another state. "Covered claim" does not include any amount due any insurer, reinsurer, insurance pool, or underwriting association, as subrogation recoveries or otherwise.

(5) "Insolvent insurer" means:

(a) An insurer (i) authorized to transact insurance in this state either at the time the policy was issued or when the insured event occurred and (ii) determined to be insolvent and ordered liquidated by a court of competent jurisdiction, and which adjudication was subsequent to the first day of April, 1971; and

(b) In the case of an insurer writing longshore and harbor workers' compensation act insurance, an insurer (i) authorized to write this class of insurance at the time the policy was written and (ii) determined to be insolvent and ordered liquidated by a court of competent jurisdiction subsequent to April 20, 2005.

(6) "Longshore and harbor workers' compensation act" means the longshore and harbor workers' compensation act as defined in U.S.C. Title 33, Chapter 18, 901 et seq. and its extensions commonly known as the defense base act, outer continental shelf lands act, nonappropriated funds instrumentalities act, District of Columbia workers' compensation act, and the war hazards act.

(7) "Member insurer" means any person who (a) writes any kind of insurance to which this chapter applies under RCW 48.32.020, including the exchange of reciprocal or interinsurance contracts, and (b) holds a certificate of authority to transact insurance in this state.

(8) "Net direct written premiums" means direct gross premiums written in this state on insurance policies to which this chapter applies, less return premiums thereon and dividends paid or credited to policyholders on such direct business. "Net direct written premiums" does not include premiums on contracts between insurers or reinsurers.

(9) "Person" means any individual, corporation, partnership, association, or voluntary organization. [2005 c 100 § 3; 1975-'76 2nd ex.s. c 109 § 3; 1971 ex.s. c 265 § 3.]

**48.32.040 Creation of the association—Required accounts.** There is hereby created a nonprofit unincorporated legal entity to be known as the Washington insurance guaranty association. All insurers defined as member insurers in RCW 48.32.030 shall be and remain members of the association as a condition of their authority to transact insurance in this state. The association shall perform its functions under a plan of operation established and approved under RCW 48.32.070 and shall exercise its powers through a board of directors established under RCW 48.32.050. For purposes of administration and assessment, the association shall be divided into three separate accounts: (1) The automobile insurance account; (2) the account for longshore and harbor workers' compensation act insurance; and (3) the

account for all other insurance to which this chapter applies. [2005 c 100 § 4; 1975-'76 2nd ex.s. c 109 § 4; 1971 ex.s. c 265 § 4.]

**48.32.050 Board of directors.** (1) The board of directors of the association shall consist of not less than five nor more than nine persons serving terms as established in the plan of operation. The members of the board shall be selected by member insurers subject to the approval of the commissioner. Vacancies on the board shall be filled for the remaining period of the term by a majority vote of the remaining board members, subject to the approval of the commissioner.

(2) In approving selections to the board, the commissioner shall consider among other things whether all member insurers are fairly represented. In the event of the insolvency of a member insurer who writes longshore and harbor workers' compensation act insurance, at least one member of the board must represent the interests of this class of insurer, and this member shall be added to the board at the next annual meeting following the insolvency.

(3) Members of the board may be reimbursed from the assets of the association for expenses incurred by them as members of the board of directors. [2005 c 100 § 5; 1975-'76 2nd ex.s. c 109 § 5; 1971 ex.s. c 265 § 5.]

**48.32.060 Powers and duties of the association.** (1) The association shall:

(a)(i) For other than covered claims involving the longshore and harbor workers' compensation act, be obligated to the extent of the covered claims existing prior to the order of liquidation and arising within thirty days after the order of liquidation, or before the policy expiration date if less than thirty days after the order of liquidation, or before the insured replaces the policy or on request effects cancellation, if he or she does so within thirty days of the order of liquidation, but such an obligation includes only that amount of each covered claim which is in excess of one hundred dollars and is less than three hundred thousand dollars. In no event shall the association be obligated to a policyholder or claimant in an amount in excess of the face amount of the policy from which the claim arises.

(ii) For covered claims involving longshore and harbor workers' compensation act insurance, be obligated to the extent of covered claims for insolvencies occurring after April 20, 2005. This obligation is for the statutory obligations established under the longshore and harbor workers' compensation act. However, the insured employer shall reimburse the association for any deductibles that are owed as part of the insured's obligations.

(b) Be deemed the insurer to the extent of its obligation on the covered claims and to such extent shall have all rights, duties, and obligations of the insolvent insurer as if the insurer had not become insolvent.

(c)(i) Allocate claims paid and expenses incurred among the three accounts enumerated in RCW 48.32.040 separately, and assess member insurers separately for each account amounts necessary to pay the obligations of the association under (a) of this subsection subsequent to an insolvency, the expenses of handling covered claims subsequent to an insol-

veny, the cost of examinations under RCW 48.32.110, and other expenses authorized by this chapter. Except as provided for in this subsection for member insurers who write longshore and harbor workers' compensation act insurance, the assessments of each member insurer shall be in the proportion that the net direct written premiums of the member insurer for the calendar year preceding the assessment on the kinds of insurance in the account bears to the net direct written premiums of all member insurers for the calendar year preceding the assessment on the kinds of insurance in the account. Each member insurer shall be notified of the assessment not later than thirty days before it is due. No member insurer may be assessed in any year on any account an amount greater than two percent of that member insurer's net direct written premiums for the calendar year preceding the assessment on the kinds of insurance in the account. If the maximum assessment, together with the other assets of the association in any account, does not provide in any one year in any account an amount sufficient to make all necessary payments from that account, the funds available may be prorated and the unpaid portion shall be paid as soon thereafter as funds become available. The association shall pay claims in any order which it may deem reasonable, including the payment of claims in the order such claims are received from claimants or in groups or categories of claims, or otherwise. The association may exempt or defer, in whole or in part, the assessment of any member insurer, if the assessment would cause the member insurer's financial statement to reflect amounts of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance. Each member insurer serving as a servicing facility may set off against any assessment, authorized payments made on covered claims and expenses incurred in the payment of such claims by such member insurer if they are chargeable to the account for which the assessment is made.

(ii) For member insurers who write longshore and harbor workers' compensation act insurance, (c)(i) of this subsection applies except as modified by the following:

(A) Beginning July 1, 2005, and prior to an insolvency, each member insurer who writes longshore and harbor workers' compensation act insurance in this state, whether on a primary or excess coverage basis, shall be assessed at a rate to be determined by the association, but not more than an annual rate of three percent of the net direct written premium for the calendar year preceding the assessment on this kind of insurance. Insurer assessments prior to an insolvency shall continue until a fund is established that equals four percent of the aggregate net direct premium for the calendar year preceding the assessment on all insurers authorized to write this kind of insurance;

(B) Subsequent to an insolvency, each member insurer who writes longshore and harbor workers' compensation act insurance in this state, whether on a primary or excess coverage basis, shall be assessed at a rate to be determined by the association, but not more than an annual rate of three percent of the net direct written premium for the calendar year preceding the assessment on this kind of insurance. Insurer assessments subsequent to an insolvency shall continue until a fund is established that the association deems sufficient to meet all claim and loan obligations of the fund, provided that

the net fund balance may not at any time exceed four percent of the aggregate net direct premium for the calendar year preceding the assessment on all insurers authorized to write this kind of insurance; and

(C) If any insurer fails to provide its net direct written premium data in an accurate and timely manner upon request by the association, the association may, at its discretion, substitute that insurer's direct written premiums for workers' compensation reported or reportable in its statutory annual statement page fourteen data for the state of Washington.

(d) Investigate claims brought against the association and adjust, compromise, settle, and pay covered claims to the extent of the association's obligation and deny all other claims.

(e) Notify such persons as the commissioner directs under RCW 48.32.080(2)(a).

(f) Handle claims through its employees or through one or more insurers or other persons designated as servicing facilities. Designation of a servicing facility is subject to the approval of the commissioner, but such designation may be declined by a member insurer.

(g) Reimburse each servicing facility for obligations of the association paid by the facility and for expenses incurred by the facility while handling claims on behalf of the association and shall pay the other expenses of the association authorized by this chapter.

(2) The association may:

(a) Appear in, defend, and appeal any action on a claim brought against the association.

(b) Employ or retain such persons as are necessary to handle claims and perform other duties of the association.

(c) Borrow funds necessary to effect the purposes of this chapter in accord with the plan of operation. If such a loan is related to the account for longshore and harbor workers' compensation act insurance, the association may seek such a loan from the Washington longshore and harbor workers' compensation act insurance assigned risk plan under RCW 48.22.070 or from other interested parties.

(d) Sue or be sued.

(e) Negotiate and become a party to such contracts as are necessary to carry out the purpose of this chapter.

(f) Perform such other acts as are necessary or proper to effectuate the purpose of this chapter.

(g) Refund to the member insurers in proportion to the contribution of each member insurer to that account that amount by which the assets of the account exceed the liabilities, if, at the end of any calendar year, the board of directors finds that the assets of the association in any account exceed the liabilities of that account as estimated by the board of directors for the coming year.

(3) The association shall not access any funds from the automobile insurance account or the account for all other insurance to which this chapter applies to cover the cost of claims or administration arising under the account for longshore and harbor workers' compensation act insurance. [2005 c 100 § 6; 1975-'76 2nd ex.s. c 109 § 6; 1971 ex.s. c 265 § 6.]

**48.32.100 Nonduplication of recovery.** (1) Any person having a claim against his or her insurer under any provision in his or her insurance policy which is also a covered

claim shall be required to exhaust first any right under that policy. Any amount payable on a covered claim under this chapter shall be reduced by the amount of a recovery under the claimant's insurance policy.

(2) Any person having a claim that may be recovered under more than one insurance guaranty association or its equivalent shall seek recovery first from the association of the place of residence of the insured except that if it is a first party claim for damage to property with a permanent location, from the association of the location of the property, and if it is a workers' compensation claim or a longshore and harbor workers' compensation act claim, from the association of the permanent residence of the claimant. Any recovery under this chapter shall be reduced by the amount of the recovery from any other insurance guaranty association or its equivalent. [2005 c 100 § 7; 1987 c 185 § 30; 1971 ex.s. c 265 § 10.]

**Intent—Severability—1987 c 185:** See notes following RCW 51.12.130.

**48.32.901 Effective date—2005 c 100.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 20, 2005]. [2005 c 100 § 8.]

#### HEALTH INSURANCE COVERAGE ACCESS ACT

Sections

48.41.060 Board powers and duties.

48.41.090 Financial participation in pool—Computation, deficit assessments.

**48.41.060 Board powers and duties.** (1) The board shall have the general powers and authority granted under the laws of this state to insurance companies, health care service contractors, and health maintenance organizations, licensed or registered to offer or provide the kinds of health coverage defined under this title. In addition thereto, the board shall:

(a) Designate or establish the standard health questionnaire to be used under RCW 48.41.100 and 48.43.018, including the form and content of the standard health questionnaire and the method of its application. The questionnaire must provide for an objective evaluation of an individual's health status by assigning a discreet measure, such as a system of point scoring to each individual. The questionnaire must not contain any questions related to pregnancy, and pregnancy shall not be a basis for coverage by the pool. The questionnaire shall be designed such that it is reasonably expected to identify the eight percent of persons who are the most costly to treat who are under individual coverage in health benefit plans, as defined in RCW 48.43.005, in Washington state or are covered by the pool, if applied to all such persons;

(b) Obtain from a member of the American academy of actuaries, who is independent of the board, a certification that the standard health questionnaire meets the requirements of (a) of this subsection;

(c) Approve the standard health questionnaire and any modifications needed to comply with this chapter. The standard health questionnaire shall be submitted to an actuary for certification, modified as necessary, and approved at least every eighteen months. The designation and approval of the standard health questionnaire by the board shall not be subject to review and approval by the commissioner. The standard health questionnaire or any modification thereto shall not be used until ninety days after public notice of the approval of the questionnaire or any modification thereto, except that the initial standard health questionnaire approved for use by the board after March 23, 2000, may be used immediately following public notice of such approval;

(d) Establish appropriate rates, rate schedules, rate adjustments, expense allowances, claim reserve formulas and any other actuarial functions appropriate to the operation of the pool. Rates shall not be unreasonable in relation to the coverage provided, the risk experience, and expenses of providing the coverage. Rates and rate schedules may be adjusted for appropriate risk factors such as age and area variation in claim costs and shall take into consideration appropriate risk factors in accordance with established actuarial underwriting practices consistent with Washington state individual plan rating requirements under RCW 48.44.022 and 48.46.064;

(e)(i) Assess members of the pool in accordance with the provisions of this chapter, and make advance interim assessments as may be reasonable and necessary for the organizational or interim operating expenses. Any interim assessments will be credited as offsets against any regular assessments due following the close of the year.

(ii) Self-funded multiple employer welfare arrangements are subject to assessment under this subsection only in the event that assessments are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner shall initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing assessments on these arrangements before imposing the assessment. Once the legality of the assessments has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these assessments.

(iii) If there has not been a final determination of the legality of these assessments, then beginning on the earlier of (A) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (B) April 1, 2006, the arrangement shall deposit the assessments imposed by this subsection into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the assessments are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account shall be transferred to the board;

(f) Issue policies of health coverage in accordance with the requirements of this chapter;

(g) Establish procedures for the administration of the premium discount provided under RCW 48.41.200(3)(a)(iii);

(h) Contract with the Washington state health care authority for the administration of the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii);

(i) Set a reasonable fee to be paid to an insurance agent licensed in Washington state for submitting an acceptable application for enrollment in the pool; and

(j) Provide certification to the commissioner when assessments will exceed the threshold level established in RCW 48.41.037.

(2) In addition thereto, the board may:

(a) Enter into contracts as are necessary or proper to carry out the provisions and purposes of this chapter including the authority, with the approval of the commissioner, to enter into contracts with similar pools of other states for the joint performance of common administrative functions, or

with persons or other organizations for the performance of administrative functions;

(b) Sue or be sued, including taking any legal action as necessary to avoid the payment of improper claims against the pool or the coverage provided by or through the pool;

(c) Appoint appropriate legal, actuarial, and other committees as necessary to provide technical assistance in the operation of the pool, policy, and other contract design, and any other function within the authority of the pool; and

(d) Conduct periodic audits to assure the general accuracy of the financial data submitted to the pool, and the board shall cause the pool to have an annual audit of its operations by an independent certified public accountant.

(3) Nothing in this section shall be construed to require or authorize the adoption of rules under chapter 34.05 RCW. [2005 c 7 § 2; 2004 c 260 § 26; 2000 c 79 § 9; 1997 c 337 § 5; 1997 c 231 § 211; 1989 c 121 § 3; 1987 c 431 § 6.]

**Report on implementation of 1987 c 431:** "The board shall report to the commissioner and the appropriate committees of the legislature by April 1, 1990, on the implementation of this act. The report shall include information regarding enrollment, coverage utilization, cost, and any problems with the program and suggest remedies." [1987 c 431 § 26.]

**48.41.090 Financial participation in pool—Computation, deficit assessments.** (1) Following the close of each accounting year, the pool administrator shall determine the net premium (premiums less administrative expense allowances), the pool expenses of administration, and incurred losses for the year, taking into account investment income and other appropriate gains and losses.

(2)(a) Each member's proportion of participation in the pool shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the member with the commissioner; and shall be determined by multiplying the total cost of pool operation by a fraction. The numerator of the fraction equals that member's total number of resident insured persons, including spouse and dependents, covered under all health plans in the state by that member during the preceding calendar year. The denominator of the fraction equals the total number of resident insured persons, including spouses and dependents, covered under all health plans in the state by all pool members during the preceding calendar year.

(b) For purposes of calculating the numerator and the denominator under (a) of this subsection:

(i) All health plans in the state by the state health care authority include only the uniform medical plan;

(ii) Each ten resident insured persons, including spouse and dependents, under a stop loss plan or the uniform medical plan shall count as one resident insured person;

(iii) Health plans serving medical care services program clients under RCW 74.09.035 are exempted from the calculation; and

(iv) Health plans established to serve elderly or disabled medicaid clients under chapter 74.09 RCW when the plan has

been implemented on a demonstration or pilot project basis are exempted from the calculation until July 1, 2009.

(c) Except as provided in RCW 48.41.037, any deficit incurred by the pool shall be recouped by assessments among members apportioned under this subsection pursuant to the formula set forth by the board among members.

(3) The board may abate or defer, in whole or in part, the assessment of a member if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. If an assessment against a member is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessments set forth in subsection (2) of this section. The member receiving such abatement or deferment shall remain liable to the pool for the deficiency.

(4) If assessments exceed actual losses and administrative expenses of the pool, the excess shall be held at interest and used by the board to offset future losses or to reduce pool premiums. As used in this subsection, "future losses" includes reserves for incurred but not reported claims. [2005 c 405 § 2; 2000 c 79 § 11; 1989 c 121 § 6; 1987 c 431 § 9.]

48.43.605	Overpayment recovery—Health care provider.

**48.43.055 Procedures for review and adjudication of health care provider complaints—Requirements.** (*Effective January 1, 2006.*) Each health carrier as defined under RCW 48.43.005 shall file with the commissioner its procedures for review and adjudication of complaints initiated by health care providers. Procedures filed under this section shall provide a fair review for consideration of complaints. Every health carrier shall provide reasonable means allowing any health care provider aggrieved by actions of the health carrier to be heard after submitting a written request for review. If the health carrier fails to grant or reject a request within thirty days after it is made, the complaining health care provider may proceed as if the complaint had been rejected. A complaint that has been rejected by the health carrier may be submitted to nonbinding mediation. Mediation shall be conducted under chapter 7.07 RCW, or any other rules of mediation agreed to by the parties. This section is solely for resolution of provider complaints. Complaints by, or on behalf of, a covered person are subject to the grievance processes in RCW 48.43.530. [2005 c 172 § 19; 2002 c 300 § 6; 1995 c 265 § 20.]

**Short title—Captions not law—Severability—Effective date—2005 c 172:** See RCW 7.07.900 through 7.07.902 and 7.07.904.

**Captions not law—Effective dates—Savings—Severability—1995 c 265:** See notes following RCW 70.47.015.

**48.43.600 Overpayment recovery—Carrier.** (1) Except in the case of fraud, or as provided in subsections (2) and (3) of this section, a carrier may not: (a) Request a refund from a health care provider of a payment previously made to satisfy a claim unless it does so in writing to the provider within twenty-four months after the date that the payment was made; or (b) request that a contested refund be paid any sooner than six months after receipt of the request. Any such request must specify why the carrier believes the provider owes the refund. If a provider fails to contest the request in writing to the carrier within thirty days of its receipt, the request is deemed accepted and the refund must be paid.

(2) A carrier may not, if doing so for reasons related to coordination of benefits with another carrier or entity responsible for payment of a claim: (a) Request a refund from a health care provider of a payment previously made to satisfy a claim unless it does so in writing to the provider within thirty months after the date that the payment was made; or (b) request that a contested refund be paid any sooner than six months after receipt of the request. Any such request must specify why the carrier believes the provider owes the refund, and include the name and mailing address of the entity that has primary responsibility for payment of the claim. If a provider fails to contest the request in writing to the carrier within thirty days of its receipt, the request is deemed accepted and the refund must be paid.

(3) A carrier may at any time request a refund from a health care provider of a payment previously made to satisfy a claim if: (a) A third party, including a government entity, is found responsible for satisfaction of the claim as a consequence of liability imposed by law, such as tort liability; and (b) the carrier is unable to recover directly from the third party because the third party has either already paid or will pay the provider for the health services covered by the claim.

(4) If a contract between a carrier and a health care provider conflicts with this section, this section shall prevail. However, nothing in this section prohibits a health care provider from choosing at any time to refund to a carrier any payment previously made to satisfy a claim.

(5) For purposes of this section, "refund" means the return, either directly or through an offset to a future claim, of some or all of a payment already received by a health care provider.

(6) This section neither permits nor precludes a carrier from recovering from a subscriber, enrollee, or beneficiary any amounts paid to a health care provider for benefits to which the subscriber, enrollee, or beneficiary was not entitled under the terms and conditions of the health plan, insurance policy, or other benefit agreement.

(7) This section does not apply to claims for health care services provided through dental-only health carriers, health care services provided under Title XVIII (medicare) of the social security act, or medicare supplemental plans regulated under chapter 48.66 RCW. [2005 c 278 § 1.]

**Application—2005 c 278:** "This act applies to contracts issued or renewed on or after January 1, 2006." [2005 c 278 § 3.]

**48.43.605 Overpayment recovery—Health care provider.** (1) Except in the case of fraud, or as provided in subsection (2) of this section, a health care provider may not: (a) Request additional payment from a carrier to satisfy a claim

unless he or she does so in writing to the carrier within twenty-four months after the date that the claim was denied or payment intended to satisfy the claim was made; or (b) request that the additional payment be made any sooner than six months after receipt of the request. Any such request must specify why the provider believes the carrier owes the additional payment.

(2) A health care provider may not, if doing so for reasons related to coordination of benefits with another carrier or entity responsible for payment of a claim: (a) Request additional payment from a carrier to satisfy a claim unless he or she does so in writing to the carrier within thirty months after the date the claim was denied or payment intended to satisfy the claim was made; or (b) request that the additional payment be made any sooner than six months after receipt of the request. Any such request must specify why the provider believes the carrier owes the additional payment, and include the name and mailing address of any entity that has disclaimed responsibility for payment of the claim.

(3) If a contract between a carrier and a health care provider conflicts with this section, this section shall prevail. However, nothing in this section prohibits a carrier from choosing at any time to make additional payments to a provider to satisfy a claim.

(4) This section does not apply to claims for health care services provided through dental-only health carriers, health care services provided under Title XVIII (medicare) of the social security act, or medicare supplemental plans regulated under chapter 48.66 RCW. [2005 c 278 § 2.]

RCW 48.44.341, each health care service contractor providing hospital or medical services or benefits in this state under group contracts for health care services under this chapter which are issued, delivered, or renewed in this state shall offer optional supplemental coverage for mental health treatment for the insured and the insured's covered dependents.

(2) Benefits shall be provided under the optional supplemental coverage for mental health treatment whether treatment is rendered by: (a) A licensed mental health provider regulated under chapter 18.57, 18.71, 18.79, 18.83, or 18.225 RCW; (b) a community mental health agency licensed by the department of social and health services pursuant to chapter 71.24 RCW; or (c) a state hospital as defined in RCW 72.23.010. The treatment shall be covered at the usual and customary rates for such treatment. The health care service contractor providing optional coverage under the provisions of this section for mental health services may establish separate usual and customary rates for services rendered by the different categories of providers listed in (a) through (c) of this subsection. However, the treatment may be subject to contract provisions with respect to reasonable deductible amounts or copayments. In order to qualify for coverage under this section, a licensed community mental health agency shall have in effect a plan for quality assurance and peer review, and the treatment shall be supervised by one of the categories of providers listed in (a) of this subsection.

(3) For groups not covered by RCW 48.44.341, the group contract for health care services may provide that all the coverage for mental health treatment is waived for all covered members if the contract holder so states in advance in writing to the health care service contractor.

(4) This section shall not apply to a group health care service contract that has been entered into in accordance with a collective bargaining agreement between management and labor representatives prior to March 1, 1987. [2005 c 6 § 8; 1987 c 283 § 4; 1986 c 184 § 3; 1983 c 35 § 2.]

(a) For all health benefit plans established or renewed on or after January 1, 2006, for groups of more than fifty employees coverage for:

(i) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the health benefit plan. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(b) For all health benefit plans established or renewed on or after January 1, 2008, for groups of more than fifty employees coverage for:

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(c) For all health benefit plans established or renewed on or after July 1, 2010, for groups of more than fifty employees coverage for:

If the health benefit plan imposes a maximum out-of-pocket limit or stop loss, it shall be a single limit or stop loss for medical, surgical, and mental health services. If the health benefit plan imposes any deductible, mental health services shall be included with medical and surgical services for the purpose of meeting the deductible requirement. Treatment limitations or any other financial requirements on coverage for mental health services are only allowed if the same limitations or requirements are imposed on coverage for medical and surgical services; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(3) In meeting the requirements of subsection (2)(a) and (b) of this section, health benefit plans may not reduce the number of mental health outpatient visits or mental health inpatient days below the level in effect on July 1, 2002.

(4) This section does not prohibit a requirement that mental health services be medically necessary as determined by the medical director or designee, if a comparable requirement is applicable to medical and surgical services.

(5) Nothing in this section shall be construed to prevent the management of mental health services. [2005 c 6 § 4.]

other more comprehensive coverage than the replacing policy;

(2) Unless otherwise provided for in RCW 48.66.055, issue coverage under its standardized plans A, H, I, and J without evidence of insurability to any resident of this state who is eligible for both medicare hospital and physician services by reason of age or by reason of disability or end-stage renal disease, if the medicare supplement policy replaces another medicare supplement policy or certificate which is the same standardized plan as the replaced policy. After December 31, 2005, plans H, I, and J may be replaced only by the same plan if that plan has been modified to remove outpatient prescription drug coverage; and

(3) Set rates only on a community-rated basis. Premiums shall be equal for all policyholders and certificate holders under a standardized medicare supplement benefit plan form, except that an issuer may vary premiums based on spousal discounts, frequency of payment, and method of payment including automatic deposit of premiums and may develop no more than two rating pools that distinguish between an insured's eligibility for medicare by reason of:

(f) The individual, upon first becoming eligible for benefits under part A of medicare at age sixty-five, enrolls in a medicare advantage plan under part C of medicare, or in a PACE program under section 1894, and disenrolls from the plan or program by not later than twelve months after the effective date of enrollment; or

(4) No exclusion or limitation of preexisting conditions may be applied to policies or certificates replaced in accordance with the provisions of RCW 48.66.045 if the policy or certificate replaced had been in effect for at least three months.

(5) If a medicare supplement policy or certificate replaces another medicare supplement policy or certificate, the replacing issuer shall waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, and probationary periods in the new medicare supplement policy or certificate for similar benefits to the extent such time was spent under the original policy.

(6) If a medicare supplement policy or certificate replaces another medicare supplement policy or certificate which has been in effect for at least three months, the replacing policy shall not provide any time period applicable to preexisting conditions, waiting periods, elimination periods, and probationary periods for benefits similar to those contained in the original policy or certificate. **48.94.010 Acting as a reinsurance intermediary-broker or reinsurance intermediary-manager—Commissioner's powers—Licenses—Attorney exemption.** *(Effective July 1, 2006.)* (1) No person, firm, association, or corporation may act as a reinsurance intermediary-broker in this state if the person, firm, association, or corporation maintains an office either directly or as a member or employee of a firm or association, or an officer, director, or employee of a corporation:

(a) In this state, unless the person, firm, association, or corporation is a licensed reinsurance intermediary-broker in this state; or

(b) In another state, unless the person, firm, association, or corporation is a licensed reinsurance intermediary-broker in this state or another state having a regulatory scheme substantially similar to this chapter.

(2) No person, firm, association, or corporation may act as a reinsurance intermediary-manager:

(a) For a reinsurer domiciled in this state, unless the person, firm, association, or corporation is a licensed reinsurance intermediary-manager in this state;

(b) In this state, if the person, firm, association, or corporation maintains an office either directly or as a member or employee of a firm or association, or an officer, director, or employee of a corporation in this state, unless the person, firm, association, or corporation is a licensed reinsurance intermediary-manager in this state;

(c) In another state for a nondomestic reinsurer, unless the person, firm, association, or corporation is a licensed rein-

insurance intermediary-manager in this state or another state having a substantially similar regulatory scheme.

(3) The commissioner may require a reinsurance intermediary-manager subject to subsection (2) of this section to:

(a) File a bond in an amount and from an insurer acceptable to the commissioner for the protection of the reinsurer; and

(b) Maintain an errors and omissions policy in an amount acceptable to the commissioner.

(4)(a) The commissioner may issue a reinsurance intermediary license to a person, firm, association, or corporation who has complied with the requirements of this chapter. Any such license issued to a firm or association authorizes all the members of the firm or association and any designated employees to act as reinsurance intermediaries under the license, and all such persons may be named in the application and any supplements to it. Any such license issued to a corporation authorizes all of the officers, and any designated employees and directors of it, to act as reinsurance intermediaries on behalf of the corporation, and all such persons must be named in the application and any supplements to it.

(b) If the applicant for a reinsurance intermediary license is a nonresident, the applicant, as a condition precedent to receiving or holding a license, shall designate the commissioner as agent for service of process in the manner, and with the same legal effect, provided for by this title for designation of service of process upon unauthorized insurers, and also shall furnish the commissioner with the name and address of a resident of this state upon whom notices or orders of the commissioner or process affecting the nonresident reinsurance intermediary may be served. The licensee shall promptly notify the commissioner in writing of every change in its designated agent for service of process, but the change does not become effective until acknowledged by the commissioner.

(5) The commissioner may refuse to issue a reinsurance intermediary license if, in his or her judgment, the applicant, anyone named on the application, or a member, principal, officer, or director of the applicant, is not trustworthy, or that a controlling person of the applicant is not trustworthy to act as a reinsurance intermediary, or that any of the foregoing has given cause for revocation or suspension of the license, or has failed to comply with a prerequisite for the issuance of such license. Upon written request, the commissioner will furnish a summary of the basis for refusal to issue a license, which document is privileged and not subject to chapter 42.56 RCW.

48.98.015 Contract required between a managing general agent and an insurer—Minimum provisions.

[2005 RCW Supp—page 676]

**48.98.015 Contract required between a managing general agent and an insurer—Minimum provisions.** A managing general agent may not place business with an insurer unless there is in force a written contract between the managing general agent and the insurer that sets forth the responsibilities of each party and, where both parties share responsibility for a particular function, that specifies the division of the responsibilities, and that contains the following minimum provisions:

(1) The insurer may terminate the contract for cause upon written notice to the managing general agent. The insurer may suspend the underwriting authority of the managing general agent during the pendency of a dispute regarding the cause for termination.

(2) The managing general agent shall render accounts to the insurer detailing all transactions and remit all funds due under the contract to the insurer on not less than a monthly basis.

(3) The managing general agent shall hold funds collected for the account of an insurer in a fiduciary capacity in an FDIC insured financial institution. This account must be used for all payments on behalf of the insurer. The managing general agent may retain no more than three months' estimated claims payments and allocated loss adjustment expenses.

(4) The managing general agent shall maintain separate records of business written for each insurer. The insurer has access to and the right to copy all accounts and records related to its business in a form usable by the insurer, and the commissioner has access to all books, bank accounts, and records of the managing general agent in a form usable to the commissioner. Those records must be retained according to the requirements of this title and rules adopted under it.

(5) The managing general agent may not assign the contract in whole or part.

(6)(a) Appropriate underwriting guidelines must include at least the following: The maximum annual premium volume; the basis of the rates to be charged; the types of risks that may be written; maximum limits of liability; applicable exclusions; territorial limitations; policy cancellation provisions; and the maximum policy period.

(b) The insurer has the right to cancel or not renew any policy of insurance, subject to the applicable laws and rules, including those in chapter 48.18 RCW.

(7) If the contract permits the managing general agent to settle claims on behalf of the insurer:

(a) All claims must be reported to the insurer in a timely manner;

(b) A copy of the claim file must be sent to the insurer at its request or as soon as it becomes known that the claim:

(i) Has the potential to exceed an amount determined by the commissioner, or exceeds the limit set by the insurer, whichever is less;

(ii) Involves a coverage dispute;

(iii) May exceed the managing general agent's claims settlement authority;

(iv) Is open for more than six months; or

(v) Is closed by payment in excess of an amount set by the commissioner or an amount set by the insurer, whichever is less;

(c) All claim files are the joint property of the insurer and the managing general agent. However, upon an order of liquidation of the insurer, those files become the sole property of the insurer or its liquidator or successor. The managing general agent has reasonable access to and the right to copy the files on a timely basis; and

(d) Settlement authority granted to the managing general agent may be terminated for cause upon the insurer's written notice to the managing general agent or upon the termination of the contract. The insurer may suspend the managing general agent's settlement authority during the pendency of a dispute regarding the cause for termination.

(8) When electronic claims files are in existence, the contract must address the timely transmission of the data.

(9) If the contract provides for a sharing of interim profits by the managing general agent, and the managing general agent has the authority to determine the amount of the interim profits by establishing loss reserves or controlling claim payments or in any other manner, interim profits may not be paid to the managing general agent until one year after they are earned for property insurance business and five years after they are earned on casualty business and not until the profits have been verified under RCW 48.98.020.

(10) The managing general agent may not:

(a) Bind reinsurance or retrocessions on behalf of the insurer, except that the managing general agent may bind automatic reinsurance contracts under obligatory automatic agreements if the contract with the insurer contains reinsurance underwriting guidelines including, for both reinsurance assumed and ceded, a list of reinsurers with which the automatic agreements are in effect, the coverages and amounts or percentages that may be reinsured, and commission schedules;

(b) Commit the insurer to participate in insurance or reinsurance syndicates;

(c) Use an agent that is not appointed to represent the insurer in accordance with the requirements of chapter 48.17 RCW;

(d) Without prior approval of the insurer, pay or commit the insurer to pay a claim over a specified amount, net of reinsurance, that may not exceed one percent of the insurer's policyholder surplus as of December 31st of the last-completed calendar year;

(e) Collect a payment from a reinsurer or commit the insurer to a claim settlement with a reinsurer, without prior approval of the insurer. If prior approval is given, a report must be promptly forwarded to the insurer;

(f) Permit an agent appointed by it to serve on the insurer's board of directors;

(g) Jointly employ an individual who is employed by the insurer; or

(h) Appoint a submanaging general agent. [2005 c 223 § 32; 1993 c 462 § 37.]

**48.104.050 Holocaust insurance company registry—Authority—Availability of information.** (*Effective July 1, 2006, until December 31, 2010.*) (1) To facilitate the work of the Holocaust survivor assistance office, the insurance commissioner may establish and maintain a central registry containing records and information relating to insurance policies, as described in RCW 48.104.060, of victims, living and deceased, of the Holocaust. The registry shall be known as the Holocaust insurance company registry. The insurance commissioner shall establish standards and procedures to make the information in the registry available to the public to the extent necessary and appropriate to determine the existence of insurance policies and to identify beneficiaries, successors in interest, or other persons entitled to the proceeds of such policies, and to enable such persons to claim proceeds to which they may be entitled, while protecting the privacy of policyholders, their survivors, and their family members. All information received by the Holocaust insurance company registry or Holocaust survivor assistance office from any insurer, related company, or foreign government or regulator shall be considered and deemed to be matters and information relating to an examination and part of an examination report that the insurance commissioner may treat as confidential and withhold from public inspection under RCW 48.03.040(6)(c) and 48.03.050. To the extent necessary and appropriate to secure access to documents and information located in or subject to the jurisdiction of other states and countries, the insurance commissioner is authorized to enter into agreements or to provide assurances that any or all documents and information received from an entity regulated by or subject to the laws of such other state or country, or received from any agency of the government of any such state or country, will be treated as confidential by the insurance commissioner and will not be disclosed to any person except with the approval of the appropriate authority of such state or country or except as permitted or authorized by the laws of such state or country, and any such agreement shall be binding and enforceable notwithstanding chapter 42.56 RCW. To the extent necessary and appropriate to secure access to documents and information from or in the possession of the international commission as to which the international commission has given assurances of confidentiality or privacy, the insurance commissioner is authorized to enter into agreements or to provide assurances that any or all such documents and information will be treated as confidential by the insurance commissioner and will not be disclosed to any person except with the approval of the international commission or as permitted by any agreement or assurances given by the international commission, and any such agreement shall be binding and enforceable notwithstanding chapter 42.56 RCW.

(2) The insurance commissioner may cooperate and exchange information with other states establishing similar registries and with the international commission, and may enter into agreements whereby a single registry may be established on behalf of, and to provide services to the citizens and residents of, several states. **48.110.030 Registration required—Application—Required information—Grounds for refusal—Annual renewal.** (1) A person may not act as, or offer to act as, or hold himself or herself out to be a service contract provider in this state, nor may a service contract be sold to a consumer in this state, unless the service contract provider has a valid registration as a service contract provider issued by the commissioner.

(2) Applicants to be a service contract provider must make an application to the commissioner upon a form to be furnished by the commissioner. The application must include or be accompanied by the following information and documents:

(a) All basic organizational documents of the service contract provider, including any articles of incorporation, articles of association, partnership agreement, trade name certificate, trust agreement, shareholder agreement, bylaws, and other applicable documents, and all amendments to those documents;

(b) The identities of the service contract provider's executive officer or officers directly responsible for the service contract provider's service contract business, and, if more than fifty percent of the service contract provider's gross revenue is derived from the sale of service contracts, the identities of the service contract provider's directors and stockholders having beneficial ownership of ten percent or more of any class of securities;

(c) Audited annual financial statements or other financial reports acceptable to the commissioner for the two most recent years which prove that the applicant is solvent and any information the commissioner may require in order to review the current financial condition of the applicant. If the service contract provider is relying on RCW 48.110.050(2) (a) or (c) to assure the faithful performance of its obligations to service contract holders, then the audited financial statements of the service contract provider's parent company may be substituted for the audited financial statements of the service contract provider;

(d) An application fee of two hundred fifty dollars, which shall be deposited into the general fund; and

(e) Any other pertinent information required by the commissioner.

(3) The applicant shall appoint the commissioner as its attorney to receive service of legal process in any action, suit, or proceeding in any court. This appointment is irrevocable and shall bind the service contract provider or any successor in interest, shall remain in effect as long as there is in force in this state any contract or any obligation arising therefrom related to residents of this state, and shall be processed in accordance with RCW 48.05.210.

(4) The commissioner may refuse to issue a registration if the commissioner determines that the service contract provider, or any individual responsible for the conduct of the

affairs of the service contract provider under subsection (2)(b) of this section, is not competent, trustworthy, financially responsible, or has had a license as a service contract provider or similar license denied or revoked for cause by any state.

(5) A registration issued under this section is valid, unless surrendered, suspended, or revoked by the commissioner, or not renewed for so long as the service contract provider continues in business in this state and remains in compliance with this chapter. A registration is subject to renewal annually on the first day of July upon application of the service contract provider and payment of a fee of two hundred dollars, which shall be deposited into the general fund. If not so renewed, the registration expires on the June 30th next preceding.

(6) A service contract provider shall keep current the information required to be disclosed in its registration under this section by reporting all material changes or additions within thirty days after the end of the month in which the change or addition occurs. [2005 c 223 § 33; 1999 c 112 § 4.]

**48.110.040 Filing of annual report—Fee—Investigations—Confidentiality.** (1) Every registered service contract provider that is assuring its faithful performance of its obligations to its service contract holders by complying with RCW 48.110.050(2)(b) must file an annual report for the preceding calendar year with the commissioner on or before March 1st of each year, or within any extension of time the commissioner for good cause may grant. The report must be in the form and contain those matters as the commissioner prescribes and shall be verified by at least two officers of the service contract provider.

(2) At the time of filing the report, the service contract provider must pay a filing fee of twenty dollars which shall be deposited into the general fund.

(3) As part of any investigation by the commissioner, the commissioner may require a service contract provider to file monthly financial reports whenever, in the commissioner's discretion, there is a need to more closely monitor the financial activities of the service contract provider. Monthly financial statements must be filed in the commissioner's office no later than the twenty-fifth day of the month following the month for which the financial report is being filed. These monthly financial reports are the internal financial statements of the service contract provider. The monthly financial reports that are filed with the commissioner constitute information that might be damaging to the service contract provider if made available to its competitors, and therefore shall be kept confidential by the commissioner. This information may not be made public or be subject to subpoena, other than by the commissioner and then only for the purpose of enforcement actions taken by the commissioner. **48.130.005 Purposes—Insurance commissioner represents state.** Under the terms and conditions of this chapter, the state of Washington seeks to join with other states and establish the interstate insurance product regulation compact and thus become a member of the interstate insurance product regulation commission. The insurance commissioner is hereby designated to serve as the representative of this state to the commission. The purposes of the compact under this chapter are, through means of joint and cooperative action among the compacting states:

- (1) To promote and protect the interest of consumers of individual and group annuity, life insurance, disability income, and long-term care insurance products;
- (2) To develop uniform standards for insurance products covered under the compact;
- (3) To establish a central clearinghouse to receive and provide prompt review of insurance products covered under the compact and, in certain cases, advertisements related thereto, submitted by insurers authorized to do business in one or more compacting states;
- (4) To give appropriate regulatory approval to those product filings and advertisements satisfying the applicable uniform standard;
- (5) To improve coordination of regulatory resources and expertise between state insurance departments regarding the setting of uniform standards and review of insurance products covered under the compact;
- (6) To create the interstate insurance product regulation commission; and
- (7) To perform these and such other related functions as may be consistent with the state regulation of the business of insurance. [2005 c 92 § 1.]

**48.130.010 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

- (1) "Advertisement" means any material designed to create public interest in a product, or induce the public to purchase, increase, modify, reinstate, borrow on, surrender, replace, or retain a policy, as more specifically defined in the rules and operating procedures of the commission.
- (2) "Bylaws" means those bylaws established by the commission for its governance, or for directing or controlling the commission's actions or conduct.

(3) "Compact" means the compact set forth in this chapter.

(4) "Compacting state" means any state which has enacted the compact and which has not withdrawn under RCW 48.130.130(1) or been terminated under RCW 48.130.130(2).

(5) "Commission" means the interstate insurance product regulation commission established in RCW 48.130.020.

(6) "Commissioner" means the insurance commissioner or the chief insurance regulatory official of a state including but not limited to commissioner, superintendent, director, or administrator.

(7) "Domiciliary state" means the state in which an insurer is incorporated or organized; or, in the case of an alien insurer, its state of entry.

(8) "Insurer" means any entity licensed by a state to issue contracts of insurance for any of the lines of insurance covered by the compact.

(9) "Member" means the person chosen by a compacting state as its representative to the commission, or his or her designee.

(10) "Noncompacting state" means any state which is not at the time a compacting state.

(11) "Operating procedures" mean procedures adopted by the commission implementing a rule, uniform standard, or a provision of the compact.

(12) "Product" means the form of a policy or contract, including any application, endorsement, or related form which is attached to and made a part of the policy or contract, and any evidence of coverage or certificate, for an individual or group annuity, life insurance, disability income, or long-term care insurance product that an insurer is authorized to issue.

(13) "Rule" means a statement of general or particular applicability and future effect adopted by the commission, including a uniform standard developed under RCW 48.130.060, designed to implement, interpret, or prescribe law or policy or describing the organization, procedure, or practice requirements of the commission, which shall have the force and effect of law in the compacting states.

(14) "State" means any state, district, or territory of the United States of America.

(15) "Third-party filer" means an entity that submits a product filing to the commission on behalf of an insurer.

(16) "Uniform standard" means a standard adopted by the commission for a product line, under RCW 48.130.060, and includes all of the product requirements in aggregate. However, each uniform standard shall be construed, whether express or implied, to prohibit the use of any inconsistent, misleading, or ambiguous provisions in a product and the form of the product made available to the public shall not be unfair, inequitable, or against public policy as determined by the commission. [2005 c 92 § 2.]

**48.130.020 Commission created.** (1) The compacting states hereby create and establish a joint public agency known as the interstate insurance product regulation commission. Under RCW 48.130.030, the commission will have the power to develop uniform standards for product lines, receive and provide prompt review of products filed therewith, and give approval to those product filings satisfying applicable

uniform standards. However, it is not intended for the commission to be the exclusive entity for receipt and review of insurance product filings. This section does not prohibit any insurer from filing its product in any state wherein the insurer is licensed to conduct the business of insurance; and any such filing shall be subject to the laws of the state where filed.

(2) The commission is a body corporate and politic, and an instrumentality of the compacting states.

(3) The commission is solely responsible for its liabilities except as otherwise specifically provided in the compact.

(4) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. [2005 c 92 § 3.]

**48.130.030 Commission's powers.** The commission shall have the following powers:

(1) To adopt rules, under RCW 48.130.060, which shall have the force and effect of law and shall be binding in the compacting states to the extent and in the manner provided in the compact;

(2) To exercise its rule-making authority and establish reasonable uniform standards for products covered under the compact, and advertisement related thereto, which shall have the force and effect of law and shall be binding in the compacting states, but only for those products filed with the commission. However, a compacting state shall have the right to opt out of such uniform standard under RCW 48.130.060, to the extent and in the manner provided in this compact. Any uniform standard established by the commission for long-term care insurance products may provide the same or greater protections for consumers as, but shall not provide less than, those protections set forth in the national association of insurance commissioners' long-term care insurance model act and long-term care insurance model regulation, respectively, adopted as of 2001. The commission shall consider whether any subsequent amendments to the long-term care insurance model act or long-term care insurance model regulation adopted by the national association of insurance commissioners require amending of the uniform standards established by the commission for long-term care insurance products;

(3) To receive and review in an expeditious manner products filed with the commission, and rate filings for disability income and long-term care insurance products, and give approval of those products and rate filings that satisfy the applicable uniform standard, where such approval shall have the force and effect of law and be binding on the compacting states to the extent and in the manner provided in the compact;

(4) To receive and review in an expeditious manner advertisement relating to long-term care insurance products for which uniform standards have been adopted by the commission, and give approval to all advertisement that satisfies the applicable uniform standard. For any product covered under this compact, other than long-term care insurance products, the commission shall have the authority to require an insurer to submit all or any part of its advertisement with respect to that product for review or approval prior to use, if the commission determines that the nature of the product is such that an advertisement of the product could have the capacity or tendency to mislead the public. The actions of the

commission as provided in this section shall have the force and effect of law and shall be binding in the compacting states to the extent and in the manner provided in the compact;

(5) To exercise its rule-making authority and designate products and advertisement that may be subject to a self-certification process without the need for prior approval by the commission;

(6) To adopt operating procedures, under RCW 48.130.060, which shall be binding in the compacting states to the extent and in the manner provided in the compact;

(7) To bring and prosecute legal proceedings or actions in its name as the commission. However, the standing of any state insurance department to sue or be sued under applicable law shall not be affected;

(8) To issue subpoenas requiring the attendance and testimony of witnesses and the production of evidence;

(9) To establish and maintain offices;

(10) To purchase and maintain insurance and bonds;

(11) To borrow, accept, or contract for services of personnel, including, but not limited to, employees of a compacting state;

(12) To hire employees, professionals, or specialists, and elect or appoint officers, and to fix their compensation, define their duties, and give them appropriate authority to carry out the purposes of the compact, and determine their qualifications; and to establish the commission's personnel policies and programs relating to, among other things, conflicts of interest, rates of compensation, and qualifications of personnel;

(13) To accept any and all appropriate donations and grants of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same. However, the commission shall strive to avoid any appearance of impropriety;

(14) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use, any property, real, personal, or mixed. However, the commission shall strive to avoid any appearance of impropriety;

(15) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;

(16) To remit filing fees to compacting states as may be set forth in the bylaws, rules, or operating procedures;

(17) To enforce compliance by compacting states with rules, uniform standards, operating procedures, and bylaws;

(18) To provide for dispute resolution among compacting states;

(19) To advise compacting states on issues relating to insurers domiciled or doing business in noncompacting jurisdictions, consistent with the purposes of the compact;

(20) To provide advice and training to those personnel in state insurance departments responsible for product review, and to be a resource for state insurance departments;

(21) To establish a budget and make expenditures;

(22) To borrow money;

(23) To appoint committees, including advisory committees comprising members, state insurance regulators, state legislators or their representatives, insurance industry and consumer representatives, and such other interested persons as may be designated in the bylaws;

(24) To provide and receive information from, and to cooperate with, law enforcement agencies;

(25) To adopt and use a corporate seal; and

(26) To perform such other functions as may be necessary or appropriate to achieve the purposes of the compact consistent with the state regulation of the business of insurance. [2005 c 92 § 4.]

**48.130.040 Commission membership—Management and legislative committees—Liability.** (1)(a) Each compacting state shall have and be limited to one member. Each member shall be qualified to serve in that capacity pursuant to applicable law of the compacting state. Any member may be removed or suspended from office as provided by the law of the state from which he or she shall be appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the compacting state wherein the vacancy exists. This section does not affect the manner in which a compacting state determines the election or appointment and qualification of its own commissioner.

(b) Each member shall be entitled to one vote and shall have an opportunity to participate in the governance of the commission in accordance with the bylaws. Notwithstanding any provision in this chapter to the contrary, no action of the commission with respect to the adoption of a uniform standard shall be effective unless two-thirds of the members vote in favor thereof.

(c) The commission shall, by a majority of the members, prescribe bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes, and exercise the powers, of the compact, including, but not limited to:

(i) Establishing the fiscal year of the commission;

(ii) Providing reasonable procedures for appointing and electing members, as well as holding meetings, of the management committee;

(iii) Providing reasonable standards and procedures for:  
(A) The establishment and meetings of other committees; and  
(B) governing any general or specific delegation of any authority or function of the commission;

(iv) Providing reasonable procedures for calling and conducting meetings of the commission that consists [consist] of a majority of commission members, ensuring reasonable advance notice of each such meeting and providing for the right of citizens to attend each such meeting with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and insurers' proprietary information, including trade secrets. The commission may meet in camera only after a majority of the entire membership votes to close a meeting. As soon as practicable, the commission must make public: (A) A copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed; and (B) votes taken during such meeting;

(v) Establishing the titles, duties, and authority and reasonable procedures for the election of the officers of the commission;

(vi) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any compacting state, the bylaws shall exclusively govern the personnel policies and programs of the commission;

(vii) Adopting a code of ethics to address permissible and prohibited activities of commission members and employees; and

(viii) Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact and after the payment or reserving of all of its debts and obligations.

(d) The commission shall publish its bylaws in a convenient form and file a copy thereof and a copy of any amendment thereto with the appropriate agency or officer in each of the compacting states.

(2)(a) A management committee comprising no more than fourteen members shall be established as follows:

(i) One member from each of the six compacting states with the largest premium volume for individual and group annuities, life, disability income, and long-term care insurance products, determined from the records of the national association of insurance commissioners for the prior year;

(ii) Four members from those compacting states with at least two percent of the market based on the premium volume described under (a)(i) of this subsection, other than the six compacting states with the largest premium volume, selected on a rotating basis as provided in the bylaws; and

(iii) Four members from those compacting states with less than two percent of the market, based on the premium volume described under (a)(i) of this subsection, with one selected from each of the four zone regions of the national association of insurance commissioners as provided in the bylaws.

(b) The management committee shall have such authority and duties as may be set forth in the bylaws, including but not limited to:

(i) Managing the affairs of the commission in a manner consistent with the bylaws and purposes of the commission;

(ii) Establishing and overseeing an organizational structure within, and appropriate procedures for, the commission to provide for the creation of uniform standards and other rules, receipt and review of product filings, administrative and technical support functions, review of decisions regarding the disapproval of a product filing, and the review of elections made by a compacting state to opt out of a uniform standard. However, a uniform standard shall not be submitted to the compacting states for adoption unless approved by two-thirds of the members of the management committee;

(iii) Overseeing the offices of the commission; and

(iv) Planning, implementing, and coordinating communications and activities with other state, federal, and local government organizations in order to advance the goals of the commission.

(c) The commission shall elect annually officers from the management committee, with each having such authority and duties, as may be specified in the bylaws.

(d) The management committee may, subject to the approval of the commission, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation as the commission may deem appropriate. The executive director shall serve as secretary to the commission, but shall not be a member of the commission. The executive director shall hire and supervise such other staff as may be authorized by the commission.

(3)(a) A legislative committee comprising state legislators or their designees shall be established to monitor the operations of, and make recommendations to, the commission, including the management committee. However, the manner of selection and term of any legislative committee member shall be as set forth in the bylaws. Prior to the adoption by the commission of any uniform standard, revision to the bylaws, annual budget, or other significant matter as may be provided in the bylaws, the management committee shall consult with and report to the legislative committee.

(b) The commission shall establish two advisory committees, one of which shall comprise consumer representatives independent of the insurance industry, and the other comprising insurance industry representatives.

(c) The commission may establish additional advisory committees as its bylaws may provide for the carrying out of its functions.

(4) The commission shall maintain its corporate books and records in accordance with the bylaws.

(5)(a) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities. However, this subsection (5)(a) does not protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional or willful and wanton misconduct of that person.

(b) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities. However, this subsection (5)(b) does not prohibit that person from retaining his or her own counsel. Also, the actual or alleged act, error, or omission may not have resulted from that person's intentional or willful and wanton misconduct.

(c) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities. However, the actual or alleged act, error, or omission may not have resulted from the intentional or willful and wanton misconduct of that person. [2005 c 92 § 5.]

**48.130.050 Commission actions—Voting.** (1) The commission shall meet and take such actions as are consistent with the provisions of the compact and the bylaws.

(2) Each member of the commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the commission. A member shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for members' participation in meetings by telephone or other means of communication.

(3) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws. [2005 c 92 § 6.]

**48.130.060 Commission rule making—Uniform standards and operating procedures—States may opt out.** (1)

The commission shall adopt reasonable rules, including uniform standards, and operating procedures in order to effectively and efficiently achieve the purposes of the compact. In the event the commission exercises its rule-making authority in a manner that is beyond the scope of the purposes of this chapter, then such an action by the commission shall be invalid and have no force and effect.

(2) Rules and operating procedures shall be made pursuant to a rule-making process that conforms to the model state administrative procedure act of 1981 as amended, as may be appropriate to the operations of the commission. Before the commission adopts a uniform standard, the commission shall give written notice to the relevant state legislative committees in each compacting state responsible for insurance issues of its intention to adopt the uniform standard. The commission in adopting a uniform standard shall consider fully all submitted materials and issue a concise explanation of its decision.

(3) A uniform standard shall become effective ninety days after its adoption by the commission or such later date as the commission may determine. However, a compacting state may opt out of a uniform standard as provided in this section. "Opt out" means any action by a compacting state to decline to adopt or participate in an adopted uniform standard. All other rules and operating procedures, and amendments thereto, shall become effective as of the date specified in each rule, operating procedure, or amendment.

(4)(a) A compacting state may opt out of a uniform standard, either by legislation or regulation adopted by the insurance department under the compacting state's administrative procedure act. If a compacting state elects to opt out of a uniform standard by rule, it must: (i) Give written notice to the commission no later than ten business days after the uniform standard is adopted, or at the time the state becomes a compacting state; and (ii) find that the uniform standard does not provide reasonable protections to the citizens of the state, given the conditions in the state.

(b) The commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the state which warrant a departure from the uniform standard and determining that the uniform standard would not reasonably protect the citizens of the state. The commissioner must consider and balance the following factors and find that the conditions in the state and needs of the citizens of the state outweigh: (i) The intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the products subject to this chapter; and

(ii) the presumption that a uniform standard adopted by the commission provides reasonable protections to consumers of the relevant product.

(c) A compacting state may, at the time of its enactment of the compact, prospectively opt out of all uniform standards involving long-term care insurance products by expressly providing for such opt out in the enacted compact, and such an opt out shall not be treated as a material variance in the offer or acceptance of any state to participate in the compact. Such an opt out shall be effective at the time of enactment of the compact by the compacting state and shall apply to all existing uniform standards involving long-term care insurance products and those subsequently promulgated.

(5) If a compacting state elects to opt out of a uniform standard, the uniform standard shall remain applicable in the compacting state electing to opt out until such time the opt out legislation is enacted into law or the regulation opting out becomes effective. Once the opt out of a uniform standard by a compacting state becomes effective as provided under the laws of that state, the uniform standard shall have no further force and effect in that state unless and until the legislation or regulation implementing the opt out is repealed or otherwise becomes ineffective under the laws of the state. If a compacting state opts out of a uniform standard after the uniform standard has been made effective in that state, the opt out shall have the same prospective effect as provided under RCW 48.130.130 for withdrawals.

(6) If a compacting state has formally initiated the process of opting out of a uniform standard by regulation, and while the regulatory opt out is pending, the compacting state may petition the commission, at least fifteen days before the effective date of the uniform standard, to stay the effectiveness of the uniform standard in that state. The commission may grant a stay if it determines the regulatory opt out is being pursued in a reasonable manner and there is a likelihood of success. If a stay is granted or extended by the commission, the stay or extension thereof may postpone the effective date by up to ninety days, unless affirmatively extended by the commission. However, a stay may not be permitted to remain in effect for more than one year unless the compacting state can show extraordinary circumstances which warrant a continuance of the stay, including, but not limited to, the existence of a legal challenge which prevents the compacting state from opting out. A stay may be terminated by the commission upon notice that the rule-making process has been terminated.

(7) Not later than thirty days after a rule or operating procedure is adopted, any person may file a petition for judicial review of the rule or operating procedure. However, the filing of such a petition shall not stay or otherwise prevent the rule or operating procedure from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the commission consistent with applicable law and shall not find the rule or operating procedure to be unlawful if the rule or operating procedure represents a reasonable exercise of the commission's authority. [2005 c 92 § 7.]

**48.130.070 Commission rule making—Confidentiality of information and records—Compliance with compact.** (1) The commission shall adopt rules establishing con-

ditions and procedures for public inspection and copying of its information and official records, except such information and records involving the privacy of individuals and insurers' trade secrets. The commission may adopt additional rules under which it may make available to federal and state agencies, including law enforcement agencies, records and information otherwise exempt from disclosure, and may enter into agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

(2) Except as to privileged records, data, and information, the laws of any compacting state pertaining to confidentiality or nondisclosure shall not relieve any compacting state commissioner of the duty to disclose any relevant records, data or information to the commission. However, disclosure to the commission does not waive or otherwise affect any confidentiality requirement. Also, except as otherwise expressly provided in this chapter, the commission shall not be subject to the compacting state's laws pertaining to confidentiality and nondisclosure with respect to records, data, and information in its possession. Confidential information of the commission shall remain confidential after such information is provided to any commissioner.

(3) The commission shall monitor compacting states for compliance with duly adopted bylaws, rules, including uniform standards, and operating procedures. The commission shall notify any noncomplying compacting state in writing of its noncompliance with commission bylaws, rules or operating procedures. If a noncomplying compacting state fails to remedy its noncompliance within the time specified in the notice of noncompliance, the compacting state shall be deemed to be in default as set forth in RCW 48.130.130.

(4) The commissioner of any state in which an insurer is authorized to do business, or is conducting the business of insurance, shall continue to exercise his or her authority to oversee the market regulation of the activities of the insurer in accordance with the provisions of the state's law. The commissioner's enforcement of compliance with the compact is governed by the following provisions:

(a) With respect to the commissioner's market regulation of a product or advertisement that is approved or certified to the commission, the content of the product or advertisement shall not constitute a violation of the provisions, standards, or requirements of the compact except upon a final order of the commission, issued at the request of a commissioner after prior notice to the insurer and an opportunity for hearing before the commission.

(b) Before a commissioner may bring an action for violation of any provision, standard, or requirement of the compact relating to the content of an advertisement not approved or certified to the commission, the commission, or an authorized commission officer or employee, must authorize the action. However, authorization under this subsection (4)(b) does not require notice to the insurer, opportunity for hearing, or disclosure of requests for authorization or records of the commission's action on such requests. [2005 c 92 § 8.]

**48.130.080 Dispute resolution.** The commission shall attempt, upon the request of a member, to resolve any disputes or other issues that are subject to this compact and which may arise between two or more compacting states, or

between compacting states and noncompacting states, and the commission shall adopt an operating procedure providing for resolution of such disputes. [2005 c 92 § 9.]

**48.130.090 Commission approval of product—Filing—Rule making.** (1) Insurers and third-party filers seeking to have a product approved by the commission shall file the product with, and pay applicable filing fees to, the commission. This chapter does not restrict or otherwise prevent an insurer from filing its product with the insurance department in any state wherein the insurer is licensed to conduct the business of insurance, and such filing shall be subject to the laws of the states where filed.

(2) The commission shall establish appropriate filing and review processes and procedures pursuant to commission rules and operating procedures. The commission shall adopt rules to establish conditions and procedures under which the commission will provide public access to product filing information. In establishing such rules, the commission shall consider the interests of the public in having access to such information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a product filing or supporting information.

(3) Any product approved by the commission may be sold or otherwise issued in those compacting states for which the insurer is legally authorized to do business. [2005 c 92 § 10.]

**48.130.100 Commission disapproval of product—Appeal.** (1) Not later than thirty days after the commission has given notice of a disapproved product or advertisement filed with the commission, the insurer or third-party filer whose filing was disapproved may appeal the determination to a review panel appointed by the commission. The commission shall adopt rules to establish procedures for appointing such review panels and provide for notice and hearing. An allegation that the commission, in disapproving a product or advertisement filed with the commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with RCW 48.130.020(4).

(2) The commission shall have authority to monitor, review, and reconsider products and advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant uniform standard. Where appropriate, the commission may withdraw or modify its approval after proper notice and hearing, subject to the appeal process in subsection (1) of this section. [2005 c 92 § 11.]

**48.130.110 Commission expenses—Budget—Tax exempt—Accounting.** (1) The commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the commission may accept contributions and other forms of funding from the national association of insurance commissioners, compacting states, and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the commission concerning the performance of its duties shall not be compromised.

(2) The commission shall collect a filing fee from each insurer and third-party filer filing a product with the commission to cover the cost of the operations and activities of the commission and its staff in a total amount sufficient to cover the commission's annual budget.

(3) The commission's budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in RCW 48.130.060.

(4) The commission shall be exempt from all taxation in and by the compacting states.

(5) The commission shall not pledge the credit of any compacting state, except by and with the appropriate legal authority of that compacting state.

(6) The commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the commission shall be subject to the accounting procedures established under its bylaws. The financial accounts and reports including the system of internal controls and procedures of the commission shall be audited annually by an independent certified public accountant. Upon the determination of the commission, but no less frequently than every three years, the review of the independent auditor shall include a management and performance audit of the commission. The commission shall make an annual report to the governor and legislature of the compacting states, which shall include a report of the independent audit. The commission's internal accounts shall not be confidential and such materials may be shared with the commissioner of any compacting state upon request. However, any work papers related to any internal or independent audit and any information regarding the privacy of individuals and insurers' proprietary information, including trade secrets, shall remain confidential.

(7) A compacting state does not have any claim to or ownership of any property held by or vested in the commission or to any commission funds held under this chapter. [2005 c 92 § 12.]

**48.130.120 Compact, commission, compact amendments—When effective.** (1) Any state is eligible to become a compacting state.

(2) The compact shall become effective and binding upon legislative enactment of the compact into law by two compacting states. However, the commission shall become effective for purposes of adopting uniform standards for, reviewing, and giving approval or disapproval of products filed with the commission that satisfy applicable uniform standards only after twenty-six states are compacting states or, alternatively, by states representing greater than forty percent of the premium volume for life insurance, annuity, disability income, and long-term care insurance products, based on records of the national association of insurance commissioners for the prior year. Thereafter, it shall become effective and binding as to any other compacting state upon enactment of the compact into law by that state.

(3) Amendments to the compact may be proposed by the commission for enactment by the compacting states. An amendment does not become effective and binding upon the commission and the compacting states unless and until all

compacting states enact the amendment into law. [2005 c 92 § 13.]

**48.130.130 Withdrawal from compact, how—Default by state—Dissolution of compact.** (1)(a) Once effective, the compact shall continue in force and remain binding upon each and every compacting state. However, a compacting state may withdraw from the compact by enacting a statute specifically repealing the statute which enacted the compact into law.

(b) The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal shall not apply to any product filings approved or self-certified, or any advertisement of such products, on the date the repealing statute becomes effective, except by mutual agreement of the commission and the withdrawing state unless the approval is rescinded by the withdrawing state as provided in (e) of this subsection.

(c) The commissioner of the withdrawing state shall immediately notify the management committee in writing upon the introduction of legislation repealing the compact in the withdrawing state.

(d) The commission shall notify the other compacting states of the introduction of such legislation within ten days after its receipt of notice thereof.

(e) The withdrawing state is responsible for all obligations, duties, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the commission and the withdrawing state. The commission's approval of products and advertisement prior to the effective date of withdrawal shall continue to be effective and be given full force and effect in the withdrawing state, unless formally rescinded by the withdrawing state in the same manner as provided by the laws of the withdrawing state for the prospective disapproval of products or advertisement previously approved under state law.

(f) Reinstatement following withdrawal of any compacting state shall occur upon the effective date of the withdrawing state reenacting the compact.

(2)(a) If the commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under the compact, the bylaws, or adopted rules or operating procedures, then, after notice and hearing as set forth in the bylaws, all rights, privileges, and benefits conferred by the compact on the defaulting state shall be suspended from the effective date of default as fixed by the commission. The grounds for default include, but are not limited to, failure of a compacting state to perform its obligations or responsibilities, and any other grounds designated in commission rules. The commission shall immediately notify the defaulting state in writing of the defaulting state's suspension pending a cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be terminated from the compact and all rights, privileges, and ben-

efits conferred by the compact shall be terminated from the effective date of termination.

(b) Product approvals by the commission or product self-certifications, or any advertisement in connection with such product, that are in force on the effective date of termination shall remain in force in the defaulting state in the same manner as if the defaulting state had withdrawn voluntarily under subsection (1) of this section.

(c) Reinstatement following termination of any compacting state requires a reenactment of the compact.

(3)(a) The compact dissolves effective upon the date of the withdrawal or default of the compacting state which reduces membership in the compact to one compacting state.

(b) Upon the dissolution of the compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the commission shall be wound up and any surplus funds shall be distributed in accordance with the bylaws. [2005 c 92 § 14.]

**48.130.140 Effect of compact—Other state laws—Binding on compacting states, when.** (1)(a) The compact does not prevent the enforcement of any other law of a compacting state, except as provided in (b) of this subsection.

(b) For any product approved or certified to the commission, the rules, uniform standards, and any other requirements of the commission shall constitute the exclusive provisions applicable to the content, approval, and certification of such products. For advertisement that is subject to the commission's authority, any rule, uniform standard, or other requirement of the commission which governs the content of the advertisement shall constitute the exclusive provision that a commissioner may apply to the content of the advertisement. However, no action taken by the commission shall abrogate or restrict: (i) The access of any person to state courts; (ii) remedies available under state law related to breach of contract, tort, or other laws not specifically directed to the content of the product; (iii) state law relating to the construction of insurance contracts; or (iv) the authority of the attorney general of the state, including but not limited to maintaining any actions or proceedings, as authorized by law.

(c) All insurance products filed with individual states shall be subject to the laws of those states.

(2)(a) All lawful actions of the commission, including all rules and operating procedures adopted by the commission, are binding upon the compacting states.

(b) All agreements between the commission and the compacting states are binding in accordance with their terms.

(c) Upon the request of a party to a conflict over the meaning or interpretation of commission actions, and upon a majority vote of the compacting states, the commission may issue advisory opinions regarding the meaning or interpretation in dispute.

(d) In the event any provision of the compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by that provision upon the commission shall be ineffective as to that compacting state, and those obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which those obligations, duties, powers, or jurisdiction are

delegated by law in effect at the time the compact becomes effective. [2005 c 92 § 15.]

**48.130.900 Severability—2005 c 92.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2005 c 92 § 16.]

**48.130.901 Construction—2005 c 92.** This chapter shall be liberally construed. [2005 c 92 § 17.]

**50.01.010 Preamble.** (*Expires June 30, 2007.*) Whereas, economic insecurity due to unemployment is a serious menace to the health, morals and welfare of the people of this state; involuntary unemployment is, therefore, a subject of general interest and concern which requires appropriate action by the legislature to prevent its spread and to lighten its burden which now so often falls with crushing force upon the unemployed worker and his family. Social security requires protection against this greatest hazard of our economic life. This can be provided only by application of the insurance principle of sharing the risks, and by the systematic accumulation of funds during periods of employment to provide benefits for periods of unemployment, thus maintaining purchasing powers and limiting the serious social consequences of relief assistance. The state of Washington, therefore, exercising herein its police and sovereign power endeavors by this title to remedy any widespread unemployment situation which may occur and to set up safeguards to prevent its recurrence in the years to come. The legislature, therefore, declares that in its considered judgment the public good, and the general welfare of the citizens of this state require the enactment of this measure, under the police powers of the state, for the compulsory setting aside of unemployment reserves to be used for the benefit of persons unemployed through no fault of their own, and that this title shall be liberally construed for the purpose of reducing involuntary unemployment and the suffering caused thereby to the minimum. [2005 c 133 § 2; 2003 2nd sp.s. c 4 § 1; 1945 c 35 § 2; Rem. Supp. 1945 § 9998-141. Prior: 1937 c 162 § 2.]

**Expiration date—Intent—2005 c 133:** "(1) Section 2 of this act expires June 30, 2007.

(2) It is the intent of the legislature that the expiration of sections or subsections of this act results in those sections of law being returned to the law in effect immediately before April 22, 2005." [2005 c 133 § 10.]

Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state." [2003 2nd sp.s. c 4 § 36.]

**Severability—2003 2nd sp.s. c 4:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2003 2nd sp.s. c 4 § 37.]

**50.01.020 Report on chapter 133, Laws of 2005. (Expires January 1, 2008.)** (1) By October 1, 2006, and October 1, 2007, the employment security department must report to the appropriate committees of the legislature on the impact, or projected impact, of sections 2 and 3, chapter 133, Laws of 2005 on the unemployment trust fund in the three consecutive fiscal years beginning with the year before the report date.

(2) This section expires January 1, 2008. [2005 c 133 § 7.]

(b) The director, commissioner, chief executive, or other official of the agency has verified the need for the specific information in writing either on the application or on a separate document; and

(c) The agency requesting access has served a copy of the application for records or information on the individual or employing unit whose records or information are sought and has provided the department with proof of service. Service shall be made in a manner which conforms to the civil rules

for superior court. The requesting agency shall include with the copy of the application a statement to the effect that the individual or employing unit may contact the public records officer of the employment security department to state any objections to the release of the records or information. The employment security department shall not act upon the application of the requesting agency until at least five days after service on the concerned individual or employing unit. The employment security department shall consider any objections raised by the concerned individual or employing unit in deciding whether the requesting agency needs the information or records for official purposes.

(2) The requirements of subsections (1) and (9) of this section shall not apply to the state legislative branch. The state legislature shall have access to information or records deemed private and confidential under this chapter, if the legislature or a legislative committee finds that the information or records are necessary and for official purposes. If the employment security department does not make information or records available as provided in this subsection, the legislature may exercise its authority granted by chapter 44.16 RCW.

(3) In cases of emergency the governmental agency requesting access shall not be required to formally comply with the provisions of subsection (1) of this section at the time of the request if the procedures required by subsection (1) of this section are complied with by the requesting agency following the receipt of any records or information deemed private and confidential under this chapter. An emergency is defined as a situation in which irreparable harm or damage could occur if records or information are not released immediately.

(4) The requirements of subsection (1)(c) of this section shall not apply to governmental agencies where the procedures would frustrate the investigation of possible violations of criminal laws or to the release of employing unit names, addresses, number of employees, and aggregate employer wage data for the purpose of state governmental agencies preparing small business economic impact statements under chapter 19.85 RCW or preparing cost-benefit analyses under RCW 34.05.328(1) (c) and (d). Information provided by the department and held to be private and confidential under state or federal laws must not be misused or released to unauthorized parties. A person who misuses such information or releases such information to unauthorized parties is subject to the sanctions in RCW 50.13.080.

(5) Governmental agencies shall have access to certain records or information, limited to such items as names, addresses, social security numbers, and general information about benefit entitlement or employer information possessed by the department, for comparison purposes with records or information possessed by the requesting agency to detect improper or fraudulent claims, or to determine potential tax liability or employer compliance with registration and licensing requirements. In those cases the governmental agency shall not be required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) of this section must be satisfied.

(6) Governmental agencies may have access to certain records and information, limited to employer information possessed by the department for purposes authorized in chap-

ter 50.38 RCW. Access to these records and information is limited to only those individuals conducting authorized statistical analysis, research, and evaluation studies. Only in cases consistent with the purposes of chapter 50.38 RCW are government agencies not required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) of this section must be satisfied. Information provided by the department and held to be private and confidential under state or federal laws shall not be misused or released to unauthorized parties subject to the sanctions in RCW 50.13.080.

(7) Disclosure to governmental agencies of information or records obtained by the employment security department from the federal government shall be governed by any applicable federal law or any agreement between the federal government and the employment security department where so required by federal law. When federal law does not apply to the records or information state law shall control.

(8) The department may provide information for purposes of statistical analysis and evaluation of the WorkFirst program or any successor state welfare program to the department of social and health services, the office of financial management, and other governmental entities with oversight or evaluation responsibilities for the program in accordance with RCW 43.20A.080. The confidential information provided by the department shall remain the property of the department and may be used by the authorized requesting agencies only for statistical analysis, research, and evaluation purposes as provided in RCW 74.08A.410 and 74.08A.420. The department of social and health services, the office of financial management, or other governmental entities with oversight or evaluation responsibilities for the program are not required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) of this section and applicable federal laws and regulations must be satisfied. The confidential information used for evaluation and analysis of welfare reform supplied to the authorized requesting entities with regard to the WorkFirst program or any successor state welfare program are exempt from public inspection and copying under chapter 42.56 RCW.

(9) The disclosure of any records or information by a governmental agency which has obtained the records or information under this section is prohibited unless the disclosure is directly connected to the official purpose for which the records or information were obtained.

(10) In conducting periodic salary or fringe benefit studies pursuant to law, the department of personnel shall have access to records of the employment security department as may be required for such studies. For such purposes, the requirements of subsection (1)(c) of this section need not apply.

(11)(a) To promote the reemployment of job seekers, the commissioner may enter into data-sharing contracts with partners of the one-stop career development system. The contracts shall provide for the transfer of data only to the extent that the transfer is necessary for the efficient provisions of work force programs, including but not limited to public labor exchange, unemployment insurance, worker training and retraining, vocational rehabilitation, vocational education, adult education, transition from public assistance, and support services. The transfer of information under con-

tracts with one-stop partners is exempt from subsection (1)(c) of this section.

(b) An individual who applies for services from the department and whose information will be shared under (a) of this subsection (11) must be notified that his or her private and confidential information in the department's records will be shared among the one-stop partners to facilitate the delivery of one-stop services to the individual. The notice must advise the individual that he or she may request that private and confidential information not be shared among the one-stop partners and the department must honor the request. In addition, the notice must:

(i) Advise the individual that if he or she requests that private and confidential information not be shared among one-stop partners, the request will in no way affect eligibility for services;

(ii) Describe the nature of the information to be shared, the general use of the information by one-stop partner representatives, and among whom the information will be shared;

(iii) Inform the individual that shared information will be used only for the purpose of delivering one-stop services and that further disclosure of the information is prohibited under contract and is not subject to disclosure under chapter 42.56 RCW; and

(iv) Be provided in English and an alternative language selected by the one-stop center or job service center as appropriate for the community where the center is located.

If the notice is provided in-person, the individual who does not want private and confidential information shared among the one-stop partners must immediately advise the one-stop partner representative of that decision. The notice must be provided to an individual who applies for services telephonically, electronically, or by mail, in a suitable format and within a reasonable time after applying for services, which shall be no later than ten working days from the department's receipt of the application for services. A one-stop representative must be available to answer specific questions regarding the nature, extent, and purpose for which the information may be shared.

(12) To facilitate improved operation and evaluation of state programs, the commissioner may enter into data-sharing contracts with other state agencies only to the extent that such transfer is necessary for the efficient operation or evaluation of outcomes for those programs. The transfer of information by contract under this subsection is exempt from subsection (1)(c) of this section.

(13) The misuse or unauthorized release of records or information by any person or organization to which access is permitted by this chapter subjects the person or organization to a civil penalty of five thousand dollars and other applicable sanctions under state and federal law. Suit to enforce this section shall be brought by the attorney general and the amount of any penalties collected shall be paid into the employment security department administrative contingency fund. The attorney general may recover reasonable attorneys' fees for any action brought to enforce this section. [2005 c 274 § 322; 2003 c 165 § 3; 2000 c 134 § 2. The private persons or organizations shall use the information or records solely for the purpose for which the information was disclosed and shall be bound by the same rules of privacy and confidentiality as employment security department employees.

(2) Nothing in this section shall be construed as limiting or restricting the effect of RCW 42.56.070(9).

(3) The misuse or unauthorized release of records or information deemed private and confidential under this chapter by any private person or organization to which access is permitted by this section shall subject the person or organization to a civil penalty of five thousand dollars and other applicable sanctions under state and federal law. **50.16.030 Withdrawals from federal unemployment trust fund.** (1)(a) Except as provided in (b) and (c) of this subsection, moneys shall be requisitioned from this state's account in the unemployment trust fund solely for the payment of benefits and repayment of loans from the federal government to guarantee solvency of the unemployment compensation fund in accordance with regulations prescribed by the commissioner, except that money credited to this state's account pursuant to section 903 of the social security act, as amended, shall be used exclusively as provided in RCW 50.16.030(5). The commissioner shall from time to time requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to its account therein, as he or she deems necessary for the payment of benefits for a reasonable future period. Upon receipt thereof the treasurer shall deposit such moneys in the benefit account and shall issue his or her warrants for the payment of benefits solely from such benefits account.

(b) Moneys for the payment of regular benefits as defined in RCW 50.22.010 shall be requisitioned during fiscal years 2006 and 2007 in the following order:

(i) First, from the moneys credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended in section 209 of the temporary extended unemployment compensation act of 2002 (42 U.S.C. Sec. 1103(d)), the amount equal to the amount of benefits charged that exceed the contributions paid in the four consecutive calendar quarters ending on June 30, 2006, for

the fiscal year 2006 calculation, and ending on June 30, 2007, for the fiscal year 2007 calculation, because the social cost factor contributions that employers are subject to under RCW 50.29.025(2)(b)(ii)(B) are less than the social cost factor contributions that these employers would have been subject to if RCW 50.29.025(2)(b)(ii)(A) had applied to these employers; and

(ii) Second, after the requisitioning required under (b)(i) of this subsection in the respective fiscal year, from all other moneys credited to this state's account in the unemployment trust fund.

(c) After the requisitioning required under (b) of this subsection, if applicable, moneys for the payment of regular benefits as defined in RCW 50.22.010 shall be requisitioned during calendar year 2007 in the following order:

(i) First, from the moneys credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended in section 209 of the temporary extended unemployment compensation act of 2002 (42 U.S.C. Sec. 1103(d)), the amount equal to the amount of benefits paid under RCW 50.20.120(2)(c)(ii) beginning on the first Sunday following April 22, 2005, and ending on June 30, 2007, that exceed the amount of benefits that would have been paid if the weekly benefit amount had been determined as one percent of the total wages paid in the individual's base year; and

(ii) Second, after the requisitioning required under (c)(i) of this subsection in the respective calendar year, from all other moneys credited to this state's account in the unemployment trust fund.

(2) Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release by state officers of money in their custody, and RCW 43.01.050, as amended, shall not apply. All warrants issued by the treasurer for the payment of benefits and refunds shall bear the signature of the treasurer and the countersignature of the commissioner, or his or her duly authorized agent for that purpose.

(3) Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or in the discretion of the commissioner, shall be redeposited with the secretary of the treasury of the United States of America to the credit of this state's account in the unemployment trust fund.

(4) Money credited to the account of this state in the unemployment trust fund by the secretary of the treasury of the United States of America pursuant to section 903 of the social security act, as amended, may be requisitioned and used for the payment of expenses incurred for the administration of this title pursuant to a specific appropriation by the legislature, provided that the expenses are incurred and the money is requisitioned after the enactment of an appropriation law which:

(a) Specifies the purposes for which such money is appropriated and the amounts appropriated therefor;

(b) Limits the period within which such money may be obligated to a period ending not more than two years after the date of the enactment of the appropriation law; and

(c) Limits the amount which may be obligated during a twelve-month period beginning on July 1st and ending on the next June 30th to an amount which does not exceed the amount by which (i) the aggregate of the amounts credited to the account of this state pursuant to section 903 of the social security act, as amended, during the same twelve-month period and the thirty-four preceding twelve-month periods, exceeds (ii) the aggregate of the amounts obligated pursuant to RCW 50.16.030 (4), (5) and (6) and charged against the amounts credited to the account of this state during any of such thirty-five twelve-month periods. For the purposes of RCW 50.16.030 (4), (5) and (6), amounts obligated during any such twelve-month period shall be charged against equivalent amounts which were first credited and which are not already so charged; except that no amount obligated for administration during any such twelve-month period may be charged against any amount credited during such a twelve-month period earlier than the thirty-fourth twelve-month period preceding such period: PROVIDED, That any amount credited to this state's account under section 903 of the social security act, as amended, which has been appropriated for expenses of administration, whether or not withdrawn from the trust fund shall be excluded from the unemployment compensation fund balance for the purpose of experience rating credit determination.

(5) Money credited to the account of this state pursuant to section 903 of the social security act, as amended, may not be withdrawn or used except for the payment of benefits and for the payment of expenses of administration and of public employment offices pursuant to RCW 50.16.030 (4), (5) and (6). However, moneys credited because of excess amounts in federal accounts in federal fiscal years 1999, 2000, and 2001 shall be used solely for the administration of the unemployment compensation program and are not subject to appropriation by the legislature for any other purpose.

(6) Money requisitioned as provided in RCW 50.16.030 (4), (5) and (6) for the payment of expenses of administration shall be deposited in the unemployment compensation fund, but until expended, shall remain a part of the unemployment compensation fund. The commissioner shall maintain a separate record of the deposit, obligation, expenditure and return of funds so deposited. Any money so deposited which either will not be obligated within the period specified by the appropriation law or remains unobligated at the end of the period, and any money which has been obligated within the period but will not be expended, shall be returned promptly to the account of this state in the unemployment trust fund. ## Chapter 50.20 RCW BENEFITS AND CLAIMS

### Sections

50.20.120	Amount of benefits.
50.20.190	Recovery of benefit payments.

**50.20.120 Amount of benefits.** (1)(a) Subject to the other provisions of this title, benefits shall be payable to any eligible individual during the individual's benefit year in a maximum amount equal to the lesser of thirty times the weekly benefit amount, as determined in subsection (2) of this section, or one-third of the individual's base year wages under this title: PROVIDED, That as to any week which falls in an extended benefit period as defined in RCW 50.22.010(1), an individual's eligibility for maximum benefits in excess of twenty-six times his or her weekly benefit amount will be subject to the terms and conditions set forth in RCW 50.22.020.

(b) With respect to claims that have an effective date on or after the first Sunday of the calendar month immediately following the month in which the commissioner finds that the state unemployment rate is six and eight-tenths percent or less, benefits shall be payable to any eligible individual during the individual's benefit year in a maximum amount equal to the lesser of twenty-six times the weekly benefit amount, as determined in subsection (2) of this section, or one-third of the individual's base year wages under this title.

(2)(a) For claims with an effective date before January 4, 2004, an individual's weekly benefit amount shall be an amount equal to one twenty-fifth of the average quarterly wages of the individual's total wages during the two quarters of the individual's base year in which such total wages were highest.

(b) With respect to claims with an effective date on or after January 4, 2004, and before January 2, 2005, an individual's weekly benefit amount shall be an amount equal to one twenty-fifth of the average quarterly wages of the individual's total wages during the three quarters of the individual's base year in which such total wages were highest.

(c)(i) With respect to claims with an effective date on or after January 2, 2005, except as provided in (c)(ii) of this subsection, an individual's weekly benefit amount shall be an amount equal to one percent of the total wages paid in the individual's base year.

(ii) With respect to claims with an effective date on or after the first Sunday following April 22, 2005, and before July 1, 2007, an individual's weekly benefit amount shall be an amount equal to three and eighty-five one-hundredths percent of the average quarterly wages of the individual's total

wages during the two quarters of the individual's base year in which such total wages were highest.

(3) The maximum and minimum amounts payable weekly shall be determined as of each June 30th to apply to benefit years beginning in the twelve-month period immediately following such June 30th.

(a)(i) With respect to claims that have an effective date before January 4, 2004, the maximum amount payable weekly shall be seventy percent of the "average weekly wage" for the calendar year preceding such June 30th.

(ii) With respect to claims that have an effective date on or after January 4, 2004, the maximum amount payable weekly shall be either four hundred ninety-six dollars or sixty-three percent of the "average weekly wage" for the calendar year preceding such June 30th, whichever is greater.

(b) The minimum amount payable weekly shall be fifteen percent of the "average weekly wage" for the calendar year preceding such June 30th.

(4) If any weekly benefit, maximum benefit, or minimum benefit amount computed herein is not a multiple of one dollar, it shall be reduced to the next lower multiple of one dollar. **Findings—Intent—2005 c 133:** "The legislature finds that the unemployment insurance system was created to set aside unemployment reserves to be used for the benefit of persons who are unemployed through no fault of their own and to maintain purchasing power and limit the social consequences of unemployment. The legislature further finds that the system is falling short of these goals by failing to recognize the importance of applying liberal construction for the purpose of reducing involuntary unemployment, and the suffering caused by it, to the minimum, and by failing to provide equitable benefits to unemployed workers. The legislature also recognizes the desirability of managing the system to take into account the goal of reducing costs to foster a competitive business climate. The legislature intends to adjust the balance between these goals by reinstating the requirement for liberal construction and making other adjustments in the system that will allow reasonable improvements in benefit equity, including reinstating a weekly benefit calculation based on the wages in the two quarters of the claimant's base year in which wages were the highest. The legislature finds that these adjustments are critical to the health and welfare of unemployed workers, and to the purchasing power essential to the economic health and welfare of communities and the state, and should be implemented as soon as feasible." [2005 c 133 § 1.]

**Conflict with federal requirements—2005 c 133:** "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is inoperative solely to the extent of the conflict, and the finding or determination does not affect the operation of the remainder of this act. **50.20.190 Recovery of benefit payments.** (1) An individual who is paid any amount as benefits under this title to which he or she is not entitled shall, unless otherwise relieved pursuant to this section, be liable for repayment of the amount overpaid. The department shall issue an overpayment assessment setting forth the reasons for and the amount of the overpayment. The amount assessed, to the extent not collected, may be deducted from any future benefits payable to the individual: PROVIDED, That in the absence of a back pay award, a settlement affecting the allowance of benefits, fraud, misrepresentation, or willful nondisclosure, every determination of liability shall be mailed or personally served not later than two years after the close of or final payment made on the individual's applicable benefit year for which the purported overpayment was made, whichever is later, unless the merits of the claim are subjected to administrative or judicial review in which event the period for serving the determination of liability shall be extended to allow service of the determination of liability during the six-month period following the final decision affecting the claim.

(2) The commissioner may waive an overpayment if the commissioner finds that the overpayment was not the result of fraud, misrepresentation, willful nondisclosure, or fault attributable to the individual and that the recovery thereof

would be against equity and good conscience: PROVIDED, HOWEVER, That the overpayment so waived shall be charged against the individual's applicable entitlement for the eligibility period containing the weeks to which the overpayment was attributed as though such benefits had been properly paid.

(3) Any assessment herein provided shall constitute a determination of liability from which an appeal may be had in the same manner and to the same extent as provided for appeals relating to determinations in respect to claims for benefits: PROVIDED, That an appeal from any determination covering overpayment only shall be deemed to be an appeal from the determination which was the basis for establishing the overpayment unless the merits involved in the issue set forth in such determination have already been heard and passed upon by the appeal tribunal. If no such appeal is taken to the appeal tribunal by the individual within thirty days of the delivery of the notice of determination of liability, or within thirty days of the mailing of the notice of determination, whichever is the earlier, the determination of liability shall be deemed conclusive and final. Whenever any such notice of determination of liability becomes conclusive and final, the commissioner, upon giving at least twenty days notice by certified mail return receipt requested to the individual's last known address of the intended action, may file with the superior court clerk of any county within the state a warrant in the amount of the notice of determination of liability plus a filing fee under RCW 36.18.012(10). The clerk of the county where the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the person(s) mentioned in the warrant, the amount of the notice of determination of liability, and the date when the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to, and any interest in, all real and personal property of the person(s) against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of such clerk. A warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law for a civil judgment. A copy of the warrant shall be mailed to the person(s) mentioned in the warrant by certified mail to the person's last known address within five days of its filing with the clerk.

(4) On request of any agency which administers an employment security law of another state, the United States, or a foreign government and which has found in accordance with the provisions of such law that a claimant is liable to repay benefits received under such law, the commissioner may collect the amount of such benefits from the claimant to be refunded to the agency. In any case in which under this section a claimant is liable to repay any amount to the agency of another state, the United States, or a foreign government, such amounts may be collected without interest by civil action in the name of the commissioner acting as agent for such agency if the other state, the United States, or the foreign government extends such collection rights to the employment security department of the state of Washington, and provided that the court costs be paid by the governmental agency benefiting from such collection.

(5) Any employer who is a party to a back pay award or settlement due to loss of wages shall, within thirty days of the award or settlement, report to the department the amount of the award or settlement, the name and social security number of the recipient of the award or settlement, and the period for which it is awarded. When an individual has been awarded or receives back pay, for benefit purposes the amount of the back pay shall constitute wages paid in the period for which it was awarded. For contribution purposes, the back pay award or settlement shall constitute wages paid in the period in which it was actually paid. The following requirements shall also apply:

(a) The employer shall reduce the amount of the back pay award or settlement by an amount determined by the department based upon the amount of unemployment benefits received by the recipient of the award or settlement during the period for which the back pay award or settlement was awarded;

(b) The employer shall pay to the unemployment compensation fund, in a manner specified by the commissioner, an amount equal to the amount of such reduction;

(c) The employer shall also pay to the department any taxes due for unemployment insurance purposes on the entire amount of the back pay award or settlement notwithstanding any reduction made pursuant to (a) of this subsection;

(d) If the employer fails to reduce the amount of the back pay award or settlement as required in (a) of this subsection, the department shall issue an overpayment assessment against the recipient of the award or settlement in the amount that the back pay award or settlement should have been reduced; and

(e) If the employer fails to pay to the department an amount equal to the reduction as required in (b) of this subsection, the department shall issue an assessment of liability against the employer which shall be collected pursuant to the procedures for collection of assessments provided herein and in RCW 50.24.110.

(6) When an individual fails to repay an overpayment assessment that is due and fails to arrange for satisfactory repayment terms, the commissioner shall impose an interest penalty of one percent per month of the outstanding balance. Interest shall accrue immediately on overpayments assessed pursuant to RCW 50.20.070 and shall be imposed when the assessment becomes final. For any other overpayment, interest shall accrue when the individual has missed two or more of the individual's monthly payments either partially or in full. The interest penalty shall be used, first, to fully fund either social security number cross-match audits or other more effective activities that ensure that individuals are entitled to all amounts of benefits that they are paid, second, to fund other detection and recovery of overpayment and collection activities, and third, during the 2005-07 fiscal biennium, the cost of the job skills program at community and technical colleges as appropriated by the legislature. 50.29.025 Contribution rate.

**50.29.021 Experience rating accounts—Benefits not charged—Claims with an effective date on or after January 4, 2004.** (1) This section applies to benefits charged to the experience rating accounts of employers for claims that have an effective date on or after January 4, 2004.

(2)(a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department.

(b) Benefits paid to an eligible individual shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(c) When the eligible individual's separating employer is a covered contribution paying base year employer, benefits paid to the eligible individual shall be charged to the experience rating account of only the individual's separating employer if the individual qualifies for benefits under:

(i) RCW 50.20.050(2)(b)(i), as applicable, and became unemployed after having worked and earned wages in the bona fide work; or

(ii) RCW 50.20.050(2)(b)(v) through (x).

(3) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(a) Benefits paid to any individual later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer.

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:

(i) The individual files under RCW 50.06.020(1) after receiving crime victims' compensation for a disability resulting from a nonwork-related occurrence; or

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state's share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Individuals who qualify for benefits under RCW 50.20.050(2)(b)(iv), as applicable, shall not have their benefits charged to the experience rating account of any contribution paying employer.

(f) With respect to claims with an effective date on or after the first Sunday following April 22, 2005, and before July 1, 2007, benefits paid that exceed the benefits that would have been paid if the weekly benefit amount for the claim had been determined as one percent of the total wages paid in the individual's base year shall not be charged to the experience rating account of any contribution paying employer.

(4)(a) A contribution paying base year employer, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;

(ii) Was discharged for misconduct or gross misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, worksite, or other facility. This closure must be for reasons

directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster; or

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW.

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted. [2005 c 133 § 4; 2003 2nd sp.s. c 4 § 21.]

**Expiration date—Intent—2005 c 133:** See note following RCW 50.01.010.

**Findings—Intent—Conflict with federal requirements—Effective date—2005 c 133:** See notes following RCW 50.20.120.

**Conflict with federal requirements—Severability—Effective date—2003 2nd sp.s. c 4:** See notes following RCW 50.01.010.

**50.29.025 Contribution rate.** (1) Except as provided in subsection (2) of this section, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be determined under this subsection.

(a) A fund balance ratio shall be determined by dividing the balance in the unemployment compensation fund as of the September 30th immediately preceding the rate year by the total remuneration paid by all employers subject to contributions during the second calendar year preceding the rate year and reported to the department by the following March 31st. The division shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded. The fund balance ratio shall be expressed as a percentage.

(b) The interval of the fund balance ratio, expressed as a percentage, shall determine which tax schedule in (e) of this subsection shall be in effect for assigning tax rates for the rate year. The intervals for determining the effective tax schedule shall be:

Interval of the Fund Balance Ratio Expressed as a Percentage	Effective Tax Schedule
2.90 and above	AA
2.10 to 2.89	A
1.70 to 2.09	B
1.40 to 1.69	C
1.00 to 1.39	D
0.70 to 0.99	E
Less than 0.70	F

(c) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (i) Identifica-

tion number; (ii) benefit ratio; (iii) taxable payrolls for the four calendar quarters immediately preceding the computation date and reported to the department by the cut-off date; (iv) a cumulative total of taxable payrolls consisting of the employer's taxable payroll plus the taxable payrolls of all other employers preceding him or her in the array; and (v) the percentage equivalent of the cumulative total of taxable payrolls.

(d) Each employer in the array shall be assigned to one of twenty rate classes according to the percentage intervals of cumulative taxable payrolls set forth in (e) of this subsection: PROVIDED, That if an employer's taxable payroll falls within two or more rate classes, the employer and any other employer with the same benefit ratio shall be assigned to the lowest rate class which includes any portion of the employer's taxable payroll.

(e) Except as provided in RCW 50.29.026, the contribution rate for each employer in the array shall be the rate specified in the following tables for the rate class to which he or she has been assigned, as determined under (d) of this subsection, within the tax schedule which is to be in effect during the rate year:

(f) The contribution rate for each employer not qualified to be in the array shall be as follows:

(i) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned a contribution rate two-tenths higher than that in rate class 20 for the applicable rate year, except employers who have an approved agency-deferred payment contract by September 30 of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and pay-

ment in a timely manner, the employer's tax rate shall immediately revert to a contribution rate two-tenths higher than that in rate class 20 for the applicable rate year; and

(ii) For all other employers not qualified to be in the array, the contribution rate shall be a rate equal to the average industry rate as determined by the commissioner; however, the rate may not be less than one percent.

(2) Beginning with contributions assessed for rate year 2005, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be the sum of the array calculation factor rate and the graduated social cost factor rate determined under this subsection, and the solvency surcharge determined under RCW 50.29.041, if any.

(a) The array calculation factor rate shall be determined as follows:

(i) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (A) Identification number; (B) benefit ratio; and (C) taxable payrolls for the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(ii) Each employer in the array shall be assigned to one of forty rate classes according to his or her benefit ratio as follows, and, except as provided in RCW 50.29.026, the array calculation factor rate for each employer in the array shall be the rate specified in the rate class to which the employer has been assigned:

(b) The graduated social cost factor rate shall be determined as follows:

(i)(A) Except as provided in (b)(i)(B), (C), and (D) of this subsection, the commissioner shall calculate the flat social cost factor for a rate year by dividing the total social cost by the total taxable payroll. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The flat social cost factor shall be expressed as a percentage.

(B) If, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide more than ten months of unemployment benefits, the commissioner shall calculate the flat social cost factor for the rate year immediately following the cut-off date by reducing the total social cost by the dollar amount that represents the number of months for which the balance in the unemployment compensation fund on the cut-off date will provide benefits above ten months and dividing the result by the total taxable payroll. However, the calculation under this subsection (2)(b)(i)(B) for a rate year may not result in a flat social cost factor that is more than two-tenths lower than the calculation under (b)(i)(A) of this subsection for that rate year. For the purposes of this subsection, the commissioner shall determine the number of months of unemployment benefits in the unemployment compensation fund using the benefit cost rate for the average of the three highest calendar benefit cost rates in the twenty consecutive completed calendar years immediately preceding the cut-off date or a period of consecutive calendar years immediately preceding the cut-off date that includes three recessions, if longer.

(C) The minimum flat social cost factor calculated under this subsection (2)(b) shall be six-tenths of one percent.

(D) With respect to rate year 2007, the flat social cost factor shall be the lesser of:

(I) The flat social cost factor determined under (b)(i)(A) through (C) of this subsection; or

(II) The flat social cost factor that would be determined under (b)(i)(A) through (C) of this subsection if RCW 50.20.120(2)(c)(i) had been in effect during the immediately preceding rate year.

(ii)(A) Except as provided in (b)(ii)(B) of this subsection, the graduated social cost factor rate for each employer in the array is the flat social cost factor multiplied by the percentage specified as follows for the rate class to which the employer has been assigned in (a)(ii) of this subsection, except that the sum of an employer's array calculation factor rate and the graduated social cost factor rate may not exceed six and five-tenths percent or, for employers whose North American industry classification system code is within "111," "112," "1141," "115," "3114," "3117," or "42448," may not exceed six percent:

- (I) Rate class 1 - 78 percent;
- (II) Rate class 2 - 82 percent;
- (III) Rate class 3 - 86 percent;
- (IV) Rate class 4 - 90 percent;
- (V) Rate class 5 - 94 percent;
- (VI) Rate class 6 - 98 percent;
- (VII) Rate class 7 - 102 percent;
- (VIII) Rate class 8 - 106 percent;
- (IX) Rate class 9 - 110 percent;
- (X) Rate class 10 - 114 percent;
- (XI) Rate class 11 - 118 percent; and
- (XII) Rate classes 12 through 40 - 120 percent.

(B) For contributions assessed beginning July 1, 2005, through June 30, 2007, for employers whose North American industry classification system code is "111," "112," "1141," "115," "3114," "3117," "42448," or "49312," the graduated social cost factor rate is zero.

(iii) For the purposes of this section:

(A) "Total social cost" means:

(I) Except as provided in (b)(iii)(A)(II) of this subsection, the amount calculated by subtracting the array calculation factor contributions paid by all employers with respect to the four consecutive calendar quarters immediately preceding the computation date and paid to the employment security department by the cut-off date from the total unemployment benefits paid to claimants in the same four consecutive calendar quarters. To calculate the flat social cost factor for rate year 2005, the commissioner shall calculate the total social cost using the array calculation factor contributions that would have been required to be paid by all employers in the calculation period if (a) of this subsection had been in effect for the relevant period.

(II) For rate year 2007, the amount calculated under (b)(iii)(A)(I) of this subsection reduced by the amount of benefits charged that exceed the contributions paid in the four consecutive calendar quarters immediately preceding the applicable computation date because, as applicable, specified employers are subject to the social cost contributions under (b)(ii)(B) of this subsection, and/or because the social cost factor contributions are paid under (b)(i)(D)(II) of this subsection.

(B) "Total taxable payroll" means the total amount of wages subject to tax, as determined under RCW 50.24.010, for all employers in the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(c) The array calculation factor rate for each employer not qualified to be in the array shall be as follows:

(i) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned an array calculation factor rate two-tenths higher than that in rate class 40, except employers who have an approved agency-deferred payment contract by September 30th of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to an array calculation factor rate two-tenths higher than that in rate class 40; and

(ii) For all other employers not qualified to be in the array, the array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, plus fifteen percent of that amount; however, the rate may not be less than one percent or more than the array calculation factor rate in rate class 40.

(d) The graduated social cost factor rate for each employer not qualified to be in the array shall be as follows:

(i) For employers whose array calculation factor rate is determined under (c)(i) of this subsection, the social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(ii) For employers whose array calculation factor rate is determined under (c)(ii) of this subsection, the social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, plus fifteen percent of that amount, but not more than the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(3) Assignment of employers by the commissioner to industrial classification, for purposes of this section, shall be in accordance with established classification practices found in the "Standard Industrial Classification Manual" issued by the federal office of management and budget to the third digit provided in the standard industrial classification code, or in the North American industry classification system code. (b) Designed to attempt to limit fluctuations in premium rates.

APPLICATION FOR COMPENSATION**

- 51.28.015 Injury reporting—Findings—Department educational initiative—Alternative reporting system—Study and report.

- 51.28.020 Worker's application for compensation—Physician to aid in. (*Effective June 30, 2007.*)
- 51.28.080 Determination of compensation for temporary total disability—Notification of employer.

**51.28.015 Injury reporting—Findings—Department educational initiative—Alternative reporting system—Study and report.** (1) The legislature finds that:

(a) In 1998, the joint legislative audit and review committee, in its performance audit of the Washington industrial insurance system, reported that one of the most significant causes for delayed benefit payments to workers and lack of employer involvement in claims was the manner in which claims were reported. Under this system of reporting, the worker generally reports the injury to a physician who, in turn, reports the injury to the department.

(b) The performance audit further reported that adopting a system in which the employee reports to the employer and the employer reports to the department would speed the first payment of benefits to the worker and involve the employer, from the beginning of the claim, in assisting in the management of the claim, including returning the worker to work.

(c) The performance audit also recognized that there would be instances in which workers would be reluctant to report injuries to employers and that, therefore, the system of physician reporting should be retained as an alternative, and employer reporting should be tested on a widespread basis.

(2)(a) The department of labor and industries shall develop and implement an initiative to encourage the reporting of industrial injuries by the worker to his or her employer and by the employer to the department. Under this initiative, the department must take steps to educate workers and employers about the benefits and importance of prompt reporting of injuries.

(b) By December 1, 2006, the department of labor and industries shall develop and make statutory recommendations for an alternative system of reporting injuries under which the worker would report to the employer and the employer would report to the department. Upon passage of such legislation, the department shall immediately begin an educational effort to promote this method of reporting.

(3)(a) The department must conduct a study of:

(i) Claims that are not reported promptly, including but not limited to a review of the circumstances of such claims, the type of injuries involved in such claims, and the reasons for the failure to report such claims promptly;

(ii) The effect of the educational initiative required under subsection (2)(a) of this section on whether the number of claims reported to employers increased, whether there was a reduction in delays in benefit payments, and whether there was an improvement in employer involvement in assisting with claims management and an increase in appropriate return-to-work and better outcomes for injured workers and employers; and

(iii) The results of the efforts of the centers of occupational health education in early reporting and early notification of employers, and the general lessons that can be drawn from these results for the larger workers' compensation program.

(b) By December 1, 2006, the department must report on the results of the study to the appropriate committees of the legislature. [2005 c 108 § 1.]

**51.28.020 Worker's application for compensation—Physician or licensed advanced registered nurse practitioner to aid in. (Expires June 30, 2007.)** (1)(a) Where a worker is entitled to compensation under this title he or she shall file with the department or his or her self-insured employer, as the case may be, his or her application for such, together with the certificate of the physician or licensed advanced registered nurse practitioner who attended him or her. (a) Filed on behalf of the worker by the physician or licensed advanced registered nurse practitioner who attended the worker, the physician or licensed advanced registered nurse practitioner may transmit the application to the department electronically using facsimile mail;

An application form developed by the department shall include a notice specifying the worker's right to receive health services from a physician of the worker's choice under RCW 51.36.010, including chiropractic services under RCW 51.36.015, and listing the types of providers authorized to provide these services.

(b) The physician who attended the injured worker shall inform the injured worker of his or her rights under this title and lend all necessary assistance in making this application for compensation and such proof of other matters as required by the rules of the department without charge to the worker. **51.32.220 Reduction in total disability compensation—Limitations—Notice—Waiver—Adjustment for retroactive reduction in federal social security disability benefit—Restrictions—Report.** (1) For persons receiving compensation for temporary or permanent total disability pursuant to the provisions of this chapter, such compensation shall be reduced by an amount equal to the benefits payable under the federal old-age, survivors, and disability insurance act as now or hereafter amended not to exceed the amount of the reduction established pursuant to 42 U.S.C. However, such reduction shall not apply when the combined compensation provided pursuant to this chapter and the federal old-age, survivors, and disability insurance act is less than the total benefits to which the federal reduction would apply, pursuant to 42 U.S.C. 424a. Where any person described in this section refuses to authorize the release of information concerning the amount of benefits payable under said federal act the department's estimate of said amount shall be deemed to be correct unless and until the actual amount is established and no adjustment shall be made for any period of time covered by any such refusal.

(2) Any reduction under subsection (1) of this section shall be effective the month following the month in which the department or self-insurer is notified by the federal social security administration that the person is receiving disability benefits under the federal old-age, survivors, and disability insurance act: PROVIDED, That in the event of an overpayment of benefits the department or self-insurer may not recover more than the overpayments for the six months immediately preceding the date the department or self-insurer notifies the worker that an overpayment has occurred: PROVIDED FURTHER, That upon determining that there has been an overpayment, the department or self-insurer shall immediately notify the person who received the overpayment that he or she shall be required to make repayment pursuant to this section and RCW 51.32.230.

(3) Recovery of any overpayment must be taken from future temporary or permanent total disability benefits or permanent partial disability benefits provided by this title. In the case of temporary or permanent total disability benefits, the recovery shall not exceed twenty-five percent of the monthly amount due from the department or self-insurer or one-sixth of the total overpayment, whichever is the lesser.

(4) No reduction may be made unless the worker receives notice of the reduction prior to the month in which the reduction is made.

(5) In no event shall the reduction reduce total benefits to less than the greater amount the worker may be entitled to under this title or the federal old-age, survivors, and disability insurance act.

(6) The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise his or her discretion to waive, in whole or in part, the amount of any overpayment where the recovery would be against equity and good conscience.

(7) Subsection (1) of this section applies to:

(a) Workers under the age of sixty-two whose effective entitlement to total disability compensation begins before January 2, 1983;

(b) Workers under the age of sixty-five whose effective entitlement to total disability compensation begins after January 1, 1983; and

(c) Workers who will become sixty-five years of age on or after June 10, 2004.

(8)(a) If the federal social security administration makes a retroactive reduction in the federal social security disability benefit entitlement of a worker for periods of temporary total, temporary partial, or total permanent disability for which the department or self-insurer also reduced the worker's benefit amounts under this section, the department or self-insurer, as the case may be, shall make adjustments in the calculation of benefits and pay the additional benefits to the worker as appropriate. However, the department or self-insurer shall not make changes in the calculation or pay additional benefits unless the worker submits a written request, along with documentation satisfactory to the director of an overpayment assessment by the social security administration, to the department or self-insurer, as the case may be.

(b) Additional benefits paid under this subsection:

(i) Are paid without interest and without regard to whether the worker's claim under this title is closed; and

(ii) Do not affect the status or the date of the claim's closure.

(c) This subsection applies only to requests for adjustments that are submitted before July 1, 2007, and does not apply to requests on claims for which a determination on the request has been made and is not subject to further appeal.

(d) By December 1, 2006, the department must report to the appropriate committees of the legislature concerning the benefit adjustments authorized in this subsection and must include information about similar benefit adjustments, if any, authorized in other states with social security disability benefit offset requirements. The report must include recommendations on whether additional statutory changes might be warranted in light of the actions of the federal social security administration. 51.36.120 Confidential information. (*Effective July 1, 2006.*)

**51.36.022 Residence modification assistance—Rules—Report to legislature.** (1) The legislature finds that there is a need to clarify the process and standards under which the department provides residence modification assistance to workers who have sustained catastrophic injury.

(2) The director shall adopt rules that take effect no later than nine months after July 24, 2005, to establish guidelines and processes for residence modification pursuant to RCW 51.36.020(7).

(3) In developing rules under this section, the director shall consult with interested persons, including persons with expertise in the rehabilitation of catastrophically disabled individuals and modifications for adaptive housing.

(4) These rules must address at least the following:

(a) The process for a catastrophically injured worker to access the residence modification benefits provided by RCW 51.36.020; and

(b) How the department may address the needs and preferences of the individual worker on a case-by-case basis taking into account information provided by the injured worker. For purposes of determining the needs and requirements of the worker under RCW 51.36.020, including whether a modification is medically necessary, the department must consider all available information regarding the medical condition and physical restrictions of the injured worker, including the opinion of the worker's attending health services provider.

(5) The rules should be based upon nationally accepted guidelines and publications addressing adaptive residential housing. The department must consider the guidelines established by the United States department of veterans affairs in their publication entitled "Handbook for Design: Specially Adapted Housing," and the recommendations published in "The Accessible Housing Design File" by Barrier Free Environments, Inc.

(6) In developing rules under this section, the director shall consult with other persons with an interest in improving standards for adaptive housing.

[2005 RCW Supp—page 706]

(7) The director shall report by December 2007 to the appropriate committees of the legislature on the rules adopted under this section. [2005 c 411 § 1.]

**51.36.120 Confidential information. (*Effective July 1, 2006.*)** When contracting for health care services and equipment, the department, upon request of a contractor, shall keep confidential financial and valuable trade information, which shall be exempt from public inspection and copying under chapter 42.56 RCW. - 51.44.040 Second injury fund. (*Contingent expiration date.*)  
51.44.115 Financial statements and information—Annual audit and report.

**51.44.040 Second injury fund. (*Contingent expiration date.*)** (1) There shall be in the office of the state treasurer, a fund to be known and designated as the "second injury fund", which shall be used only for the purpose of defraying charges against it as provided in RCW 51.16.120 and 51.32.250. The fund shall be administered by the director. The state treasurer shall be the custodian of the second injury fund and shall be authorized to disburse moneys from it only upon written order of the director.

(2) Payments to the second injury fund from the accident fund shall be made pursuant to rules adopted by the director.

(3)(a) Assessments for the second injury fund shall be imposed on self-insurers pursuant to rules adopted by the director. Such rules shall provide for at least the following:

(i) Except as provided in (a)(ii) of this subsection, the amount assessed each self-insurer must be in the proportion that the payments made from the fund on account of claims made against self-insurers bears to the total sum of payments from the fund.

(ii) Except as provided in section 2, chapter 475, Laws of 2005, beginning with assessments imposed on or after July 1, 2009, the department shall experience rate the amount assessed each self-insurer as long as the aggregate amount assessed is in the proportion that the payments made from the fund on account of claims made against self-insurers bears to the total sum of payments from the fund. The experience rating factor must provide equal weight to the ratio between expenditures made by the second injury fund for claims of the self-insurer to the total expenditures made by the second injury fund for claims of all self-insurers for the prior three fiscal years and the ratio of workers' compensation claim payments under this title made by the self-insurer to the total worker's compensation claim payments made by all self-insurers under this title for the prior three fiscal years. The weighted average of these two ratios must be divided by the latter ratio to arrive at the experience factor.

(b) For purposes of this subsection, "expenditures made by the second injury fund" mean the costs and charges described under RCW 51.32.250 and 51.16.120 (3) and (4),

and the amounts assessed to the second injury fund as described under RCW 51.16.120(1). Under no circumstances does "expenditures made by the second injury fund" include any subsequent payments, assessments, or adjustments for pensions, where the applicable second injury fund entitlement was established outside of the three fiscal years. **Contingent expiration date—Outcome study—Report—2005 c 475:**

"(1) If the outcome study conducted by the department of labor and industries under subsection (2)(a)(i) or (ii) of this section shows a negative impact of fifteen percent or more to workers following claim closure among non-pension self-insured claimants, section 1, chapter 475, Laws of 2005 expires June 30, 2013.

(2) The department shall conduct an outcome study of the experience rating system established in section 1, chapter 475, Laws of 2005. In conducting the study, the department must:

(a) Compare the outcomes for workers of self-insured employers whose industrial insurance claims with temporary total disability benefits for more than thirty days are closed between July 1, 2002, and June 30, 2004, with similar claims of workers of self-insured employers closed between July 1, 2009, and June 30, 2011. For the purposes of subsection (1) of this section, the department must provide two separate comparisons of such workers as follows: (i) The first comparison includes the aggregate preinjury wages for all nonpension injured workers compared with their aggregate wages at claim closure in each of the two study groups; and (ii) the second comparison includes the proportion of all nonpension injured workers who are found able to work but have not returned to work, as reported by self-insurers in the eligibility assessment reports submitted to the department on the claims in the first study group, compared with the proportion of such workers who are found able to work but have not returned to work, as reported in the eligibility assessment reports submitted on claims in the second study group;

(b) Study whether the workers potentially impacted by the experience rating program have improved return-to-work outcomes, whether the number of impacted workers found to be employable increases, whether there is a change in long-term disability outcomes among the impacted workers, and whether the number of permanent total disability pensions among impacted workers is affected and, if so, the nature of the impact; and

(c) Develop, in consultation with representatives of the impacted workers and the self-insured community, a study methodology that must be provided to the workers' compensation advisory committee for review and comment. The study methodology must include appropriate controls to account for economic fluctuation, wage inflation, and other independent variables.

(3) The department must report to the appropriate committees of the legislature by December 1, 2012, on the results of the study." [2005 c 475 § 2.]

**Effective dates—Implementation—1982 c 63:** See note following RCW 51.32.095.

**Severability—Effective date—1977 ex.s. c 323:** See notes following RCW 51.04.040.

**51.44.115 Financial statements and information—Annual audit and report.** (1) The department shall:

(a) Prepare financial statements on the state fund in accordance with generally accepted accounting principles, including but not limited to financial statements on the accident fund, the medical aid fund, the supplemental pension fund, and the second injury fund. Statements must be presented separately by fund and in the aggregate; and

(b) Prepare financial information for the accident fund, medical aid fund, and pension reserve fund based on statutory accounting practices and principles promulgated by the national association of insurance commissioners for the purpose of maintaining actuarial solvency of these funds.

(2) Beginning in 2006, and, to avoid duplication, coordinated with any audit that may be conducted under RCW 43.09.310, the state auditor shall conduct annual audits of the state fund. As part of the audits required under this section, the state auditor may contract with firms qualified to perform all or part of the financial audit, as necessary.

(a) The firm or firms conducting the reviews shall be familiar with the accounting standards applicable to the accounts under review and shall have experience in workers' compensation reserving, discounting, and rate making.

(b) The scope of the financial audit shall include, but is not limited to:

(i) An opinion on whether the financial statements were prepared in accordance with generally accepted accounting principles;

(ii) An assessment of the financial impact of the proposed rate level on the actuarial solvency of the accident, medical aid, and pension reserve funds, taking into consideration the risks inherent with insurance and the effects of the actuarial assumptions, discount rates, reserving, retrospective rating program, refunds, and individual employer rate classes, as well as the standard accounting principles used for insurance underwriting purposes; and

(iii) A statement of actuarial opinion on whether the loss and loss adjustment expense reserves for the accident, medical aid, and pension reserve funds were prepared in accordance with generally accepted actuarial principles.

(c) The department shall cooperate with the state auditor in all respects and shall permit the state auditor full access to all information deemed necessary for a true and complete review.

(d) The cost of the audit shall be paid by the state fund under separate contract.

(3) The state auditor shall issue an annual report to the governor, the leaders of the majority and minority caucuses in the senate and the house of representatives, the director of the office of financial management, and the director of the department, on the results of the financial audit and reviews, within six months of the end of the fiscal year. The report may include recommendations.

(4) The audit report shall be available for public inspection.

(5) Within ninety days after the state auditor completes and delivers to the appropriate authority an audit under subsection (2) of this section, the director of the department shall notify the state auditor in writing of the measures taken and proposed to be taken, if any, to respond to the recommendations of the audit report. The state auditor may extend the ninety-day period for good cause. [2005 c 387 § 1.]

52.33.040 Annual evaluations—Annual report.  
52.33.900 Part headings not law—2005 c 376.

**52.33.010 Intent.** The legislature intends for fire protection districts and regional fire [protection] service authorities to set standards for addressing the reporting and accountability of substantially career fire departments, and to specify performance measures applicable to response time objectives for certain major services. The legislature acknowledges the efforts of the international city/county management association, the international association of fire chiefs, and the national fire protection association for the organization and deployment of resources for fire departments. The arrival of first responders with automatic external defibrillator capability before the onset of brain death, and the arrival of adequate fire suppression resources before flash-over is a critical event during the mitigation of an emergency, and is in the public's best interest. For these reasons, this chapter contains performance measures, comparable to that research, relating to the organization and deployment of fire suppression operations, emergency medical operations, and special operations by substantially career fire departments. This chapter does not, and is not intended to, in any way modify or limit the authority of fire protection districts and regional fire protection service authorities to set levels of service. [2005 c 376 § 301.]

**52.33.020 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Advanced life support" means functional provision of advanced airway management, including intubation, advanced cardiac monitoring, manual defibrillation, establishment and maintenance of intravenous access, and drug therapy.

(2) "Aircraft rescue and fire fighting" means the fire fighting actions taken to rescue persons and to control or extinguish fire involving or adjacent to aircraft on the ground.

(3) "Brain death" as defined by the American heart association means the irreversible death of brain cells that begins four to six minutes after cardiac arrest.

(4) "Fire department" means a fire protection district or a regional fire protection service authority responsible for fire fighting actions, emergency medical services, and other special operations in a specified geographic area. The department must be a substantially career fire department, and not a substantially volunteer fire department.

(5) "Fire suppression" means the activities involved in controlling and extinguishing fires.

(6) "First responder" means provision of initial assessment and basic first-aid intervention, including cardiac pulmonary resuscitation and automatic external defibrillator capability.

(7) "Flash-over" as defined by national institute of standards and technology means when all combustibles in a room burst into flame and the fire spreads rapidly.

(8) "Marine rescue and fire fighting" means the fire fighting actions taken to prevent, control, or extinguish fire involved in or adjacent to a marine vessel and the rescue actions for occupants using normal and emergency routes for egress.

(9) "Response time" means the time immediately following the turnout time that begins when units are en route to the emergency incident and ends when units arrive at the scene.

(10) "Special operations" means those emergency incidents to which the fire department responds that require specific and advanced training and specialized tools and equipment.

(11) "Turnout time" means the time beginning when units receive notification of the emergency to the beginning point of response time. [2005 c 376 § 302.]

**52.33.030 Policy statement—Service delivery objectives.** (1) Every fire protection district and regional fire protection service authority shall maintain a written statement or policy that establishes the following:

- (a) The existence of a fire department;
- (b) Services that the fire department is required to provide;
- (c) The basic organizational structure of the fire department;
- (d) The expected number of fire department employees; and
- (e) Functions that fire department employees are expected to perform.

(2) Every fire protection district and regional fire protection service authority shall include service delivery objectives in the written statement or policy required under subsection (1) of this section. These objectives shall include specific response time objectives for the following major service components, if appropriate:

- (a) Fire suppression;
- (b) Emergency medical services;
- (c) Special operations;
- (d) Aircraft rescue and fire fighting;
- (e) Marine rescue and fire fighting; and
- (f) Wild land fire fighting.

(3) Every fire protection district and regional fire protection service authority, in order to measure the ability to arrive and begin mitigation operations before the critical events of brain death or flash-over, shall establish time objectives for the following measurements:

- (a) Turnout time;
- (b) Response time for the arrival of the first arriving engine company at a fire suppression incident and response time for the deployment of a full first alarm assignment at a fire suppression incident;

(c) Response time for the arrival of a unit with first responder or higher level capability at an emergency medical incident; and

(d) Response time for the arrival of an advanced life support unit at an emergency medical incident, where this service is provided by the fire department.

(4) Every fire protection district and regional fire protection service authority shall also establish a performance objective of not less than ninety percent for the achievement of each response time objective established under subsection (3) of this section. [2005 c 376 § 303.]

**52.33.040 Annual evaluations—Annual report.** (1) Every fire protection district and regional fire protection service authority shall evaluate its level of service and deployment delivery and response time objectives on an annual basis. The evaluations shall be based on data relating to level of service, deployment, and the achievement of each response time objective in each geographic area within the jurisdiction of the fire protection district and regional fire protection service authority.

(2) Beginning in 2007, every fire protection district and regional fire protection service authority shall issue an annual written report which shall be based on the annual evaluations required by subsection (1) of this section.

(a) The annual report shall define the geographic areas and circumstances in which the requirements of this standard are not being met.

(b) The annual report shall explain the predictable consequences of any deficiencies and address the steps that are necessary to achieve compliance. [2005 c 376 § 304.]

**54.16.380 Appliance repair service—Operation by district.** Any public utility district that has operated an electrical appliance repair service for at least ten years prior to July 24, 2005, may continue to operate an electrical appliance repair service within its service territory. [2005 c 175 § 2.]

**Intent—2005 c 175:** "It is the intent of the legislature to avoid unnecessary hardships on the citizens of a community by recognizing the traditional appliance repair services that have been offered for many years by any public utility district described in section 2 of this act.

The legislature understands that some of these services improve the energy efficiency of the appliance repaired, which helps citizens save money and energy as well as extending the life of the appliance.

The legislature recognizes these historic services coexist with the private sector without creating aggressive competition between public and private enterprises.

It is the intent of the legislature to have these services be financially self-supporting and not be subsidized by any other customer rate structures.

Public utility districts affected by this act are encouraged to continue to work collaboratively with the private sector in providing these services." [2005 c 175 § 1.]

59.18.085 Rental of condemned or unlawful dwelling—Tenant's remedies—Relocation assistance—Penalties.

**59.18.060 Landlord—Duties.** The landlord will at all times during the tenancy keep the premises fit for human habitation, and shall in particular:

(1) Maintain the premises to substantially comply with any applicable code, statute, ordinance, or regulation governing their maintenance or operation, which the legislative body enacting the applicable code, statute, ordinance or regulation could enforce as to the premises rented if such condition substantially endangers or impairs the health or safety of the tenant;

(2) Maintain the roofs, floors, walls, chimneys, fireplaces, foundations, and all other structural components in reasonably good repair so as to be usable and capable of resisting any and all normal forces and loads to which they may be subjected;

(3) Keep any shared or common areas reasonably clean, sanitary, and safe from defects increasing the hazards of fire or accident;

(4) Provide a reasonable program for the control of infestation by insects, rodents, and other pests at the initiation of the tenancy and, except in the case of a single family residence, control infestation during tenancy except where such infestation is caused by the tenant;

(5) Except where the condition is attributable to normal wear and tear, make repairs and arrangements necessary to put and keep the premises in as good condition as it by law or rental agreement should have been, at the commencement of the tenancy;

(6) Provide reasonably adequate locks and furnish keys to the tenant;

(7) Maintain all electrical, plumbing, heating, and other facilities and appliances supplied by him in reasonably good working order;

(8) Maintain the dwelling unit in reasonably weather-tight condition;

(9) Except in the case of a single family residence, provide and maintain appropriate receptacles in common areas for the removal of ashes, rubbish, and garbage, incidental to the occupancy and arrange for the reasonable and regular removal of such waste;

(10) Except where the building is not equipped for the purpose, provide facilities adequate to supply heat and water and hot water as reasonably required by the tenant;

(11)(a) Provide a written notice to all tenants disclosing fire safety and protection information. The landlord or his or her authorized agent must provide a written notice to the tenant that the dwelling unit is equipped with a smoke detection device as required in RCW 48.48.140. The notice shall inform the tenant of the tenant's responsibility to maintain the smoke detection device in proper operating condition and of penalties for failure to comply with the provisions of RCW 48.48.140(3). The notice must be signed by the landlord or the landlord's authorized agent and tenant with copies provided to both parties. Further, except with respect to a single-family residence, the written notice must also disclose the following:

(i) Whether the smoke detection device is hard-wired or battery operated;

(ii) Whether the building has a fire sprinkler system;

(iii) Whether the building has a fire alarm system;

(iv) Whether the building has a smoking policy, and what that policy is;

(v) Whether the building has an emergency notification plan for the occupants and, if so, provide a copy to the occupants;

(vi) Whether the building has an emergency relocation plan for the occupants and, if so, provide a copy to the occupants; and

(vii) Whether the building has an emergency evacuation plan for the occupants and, if so, provide a copy to the occupants.

(b) The information required under this subsection may be provided to a tenant in a multifamily residential building either as a written notice or as a checklist that discloses whether the building has fire safety and protection devices and systems. The checklist shall include a diagram showing the emergency evacuation routes for the occupants.

(c) The written notice or checklist must be provided to new tenants at the time the lease or rental agreement is signed, and must be provided to current tenants as soon as possible, but not later than January 1, 2004;

(12) Provide tenants with information provided or approved by the department of health about the health hazards associated with exposure to indoor mold. Information may be provided in written format individually to each tenant, or may be posted in a visible, public location at the dwelling unit property. The information must detail how tenants can control mold growth in their dwelling units to minimize the health risks associated with indoor mold. Landlords may obtain the information from the department's web site or, if requested by the landlord, the department must mail the information to the landlord in a printed format. When developing or changing the information, the department of health must include representatives of landlords in the development process. The information must be provided by the landlord to new tenants at the time the lease or rental agreement is signed, and must be provided to current tenants no later than January 1, 2006, or must be posted in a visible, public location at the dwelling unit property beginning July 24, 2005;

(13) The landlord and his or her agents and employees are immune from civil liability for failure to comply with subsection (12) of this section except where the landlord and his or her agents and employees knowingly and intentionally do not comply with subsection (12) of this section; and

(14) Designate to the tenant the name and address of the person who is the landlord by a statement on the rental agreement or by a notice conspicuously posted on the premises. The tenant shall be notified immediately of any changes by certified mail or by an updated posting. If the person designated in this section does not reside in the state where the premises are located, there shall also be designated a person who resides in the county who is authorized to act as an agent for the purposes of service of notices and process, and if no designation is made of a person to act as agent, then the person to whom rental payments are to be made shall be considered such agent;

No duty shall devolve upon the landlord to repair a defective condition under this section, nor shall any defense or remedy be available to the tenant under this chapter, where the defective condition complained of was caused by the conduct of such tenant, his family, invitee, or other person acting under his control, or where a tenant unreasonably fails to allow the landlord access to the property for purposes of repair. When the duty imposed by subsection (1) of this section is incompatible with and greater than the duty imposed by any other provisions of this section, the landlord's duty shall be determined pursuant to subsection (1) of this section. [2005 c 465 § 2; 2002 c 259 § 1; 1991 c 154 § 2; 1973 1st ex.s. c 207 § 6.]

**Finding—2005 c 465:** "The legislature finds that residents of the state face preventable exposures to mold in their homes, apartments, and schools. Exposure to mold, and the toxins they produce, have been found to have adverse health effects, including loss of memory and impairment of the ability to think coherently and function in a job, and may cause fatigue, nausea, and headaches.

As steps can be taken by landlords and tenants to minimize exposure to indoor mold, and as the reduction of exposure to mold in buildings could reduce the rising number of mold-related claims submitted to insurance companies and increase the availability of coverage, the legislature supports providing tenants and landlords with information designed to minimize the public's exposure to mold." [2005 c 465 § 1.]

**59.18.085 Rental of condemned or unlawful dwelling—Tenant's remedies—Relocation assistance—Penalties.** (1) If a governmental agency responsible for the enforcement of a building, housing, or other appropriate code has notified the landlord that a dwelling is condemned or unlawful to occupy due to the existence of conditions that violate applicable codes, statutes, ordinances, or regulations, a landlord shall not enter into a rental agreement for the dwelling unit until the conditions are corrected.

(2) If a landlord knowingly violates subsection (1) of this section, the tenant shall recover either three months' periodic rent or up to treble the actual damages sustained as a result of the violation, whichever is greater, costs of suit, or arbitration and reasonable attorneys' fees. If the tenant elects to terminate the tenancy as a result of the conditions leading to the posting, or if the appropriate governmental agency requires that the tenant vacate the premises, the tenant also shall recover:

(a) The entire amount of any deposit prepaid by the tenant; and

(b) All prepaid rent.

(3)(a) If a governmental agency responsible for the enforcement of a building, housing, or other appropriate code has notified the landlord that a dwelling will be condemned or will be unlawful to occupy due to the existence of conditions that violate applicable codes, statutes, ordinances, or regulations, a landlord, who knew or should have known of the existence of these conditions, shall be required to pay relocation assistance to the displaced tenants except that:

(i) A landlord shall not be required to pay relocation assistance to any displaced tenant in a case in which the condemnation or no occupancy order affects one or more dwelling units and directly results from conditions caused by a tenant's or any third party's illegal conduct without the landlord's prior knowledge;

(ii) A landlord shall not be required to pay relocation assistance to any displaced tenant in a case in which the con-

demnation or no occupancy order affects one or more dwelling units and results from conditions arising from a natural disaster such as, but not exclusively, an earthquake, tsunami, wind storm, or hurricane; and

(iii) A landlord shall not be required to pay relocation assistance to any displaced tenant in a case in which a condemnation affects one or more dwelling units and the tenant's displacement is a direct result of the acquisition of the property by eminent domain.

(b) Relocation assistance provided to displaced tenants under this subsection shall be the greater amount of two thousand dollars per dwelling unit or three times the monthly rent. In addition to relocation assistance, the landlord shall be required to pay to the displaced tenants the entire amount of any deposit prepaid by the tenant and all prepaid rent.

(c) The landlord shall pay relocation assistance and any prepaid deposit and prepaid rent to displaced tenants within seven days of the governmental agency sending notice of the condemnation, eviction, or displacement order to the landlord. The landlord shall pay relocation assistance and any prepaid deposit and prepaid rent either by making individual payments by certified check to displaced tenants or by providing a certified check to the governmental agency ordering condemnation, eviction, or displacement, for distribution to the displaced tenants. If the landlord fails to complete payment of relocation assistance within the period required under this subsection, the city, town, county, or municipal corporation may advance the cost of the relocation assistance payments to the displaced tenants.

(d) During the period from the date that a governmental agency responsible for the enforcement of a building, housing, or other appropriate code first notifies the landlord of conditions that violate applicable codes, statutes, ordinances, or regulations to the time that relocation assistance payments are paid to eligible tenants, or the conditions leading to the notification are corrected, the landlord may not:

(i) Evict, harass, or intimidate tenants into vacating their units for the purpose of avoiding or diminishing application of this section;

(ii) Reduce services to any tenant; or

(iii) Materially increase or change the obligations of any tenant, including but not limited to any rent increase.

(e) Displaced tenants shall be entitled to recover any relocation assistance, prepaid deposits, and prepaid rent required by (b) of this subsection. In addition, displaced tenants shall be entitled to recover any actual damages sustained by them as a result of the condemnation, eviction, or displacement that exceed the amount of relocation assistance that is payable. In any action brought by displaced tenants to recover any payments or damages required or authorized by this subsection (3)(e) or (c) of this subsection that are not paid by the landlord or advanced by the city, town, county, or municipal corporation, the displaced tenants shall also be entitled to recover their costs of suit or arbitration and reasonable attorneys' fees.

(f) If, after sixty days from the date that the city, town, county, or municipal corporation first advanced relocation assistance funds to the displaced tenants, a landlord has failed to repay the amount of relocation assistance advanced by the city, town, county, or municipal corporation under (c) of this subsection, then the city, town, county, or municipal corpora-

tion shall assess civil penalties in the amount of fifty dollars per day for each tenant to whom the city, town, county, or municipal corporation has advanced a relocation assistance payment.

(g) In addition to the penalties set forth in (f) of this subsection, interest will accrue on the amount of relocation assistance paid by the city, town, county, or municipal corporation for which the property owner has not reimbursed the city, town, county, or municipal corporation. The rate of interest shall be the maximum legal rate of interest permitted under RCW 19.52.020, commencing thirty days after the date that the city first advanced relocation assistance funds to the displaced tenants.

(h) If the city, town, county, or municipal corporation must initiate legal action in order to recover the amount of relocation assistance payments that it has advanced to low-income tenants, including any interest and penalties under (f) and (g) of this subsection, the city, town, county, or municipal corporation shall be entitled to attorneys' fees and costs arising from its legal action.

(4) The government agency that has notified the landlord that a dwelling will be condemned or will be unlawful to occupy shall notify the displaced tenants that they may be entitled to relocation assistance under this section.

(5) No payment received by a displaced tenant under this section may be considered as income for the purpose of determining the eligibility or extent of eligibility of any person for assistance under any state law or for the purposes of any tax imposed under Title 82 RCW, and the payments shall not be deducted from any amount to which any recipient would otherwise be entitled under Title 74 RCW. [2005 c 364 § 2; 1989 c 342 § 13.]

**Purpose—2005 c 364:** "The people of the state of Washington deserve decent, safe, and sanitary housing. Certain tenants in the state of Washington have remained in rental housing that does not meet the state's minimum standards for health and safety because they cannot afford to pay the costs of relocation in advance of occupying new, safe, and habitable housing. In egregious cases, authorities have been forced to condemn property when landlords have failed to remedy building code or health code violations after repeated notice, and, as a result, families with limited financial resources have been displaced and left with nowhere to go.

The purpose of this act is to establish a process by which displaced tenants would receive funds for relocation from landlords who fail to provide safe and sanitary housing after due notice of building code or health code violations. It is also the purpose of this act to provide enforcement mechanisms to cities, towns, counties, or municipal corporations including the ability to advance relocation funds to tenants who are displaced as a result of a landlord's failure to remedy building code or health code violations and later to collect the full amounts of these relocation funds, along with interest and penalties, from landlords." [2005 c 364 § 1.]

**Construction—2005 c 364:** "The powers and authority conferred by this act are in addition and supplemental to powers or authority conferred by any other law or authority, and nothing contained herein shall be construed to preempt any local ordinance requiring relocation assistance to tenants displaced by a landlord's failure to remedy building code or health code violations." [2005 c 364 § 4.]

**59.18.320 Arbitration—Authorized—Exceptions—Notice—Procedure. (Effective January 1, 2006.)** (1) The landlord and tenant may agree, in writing, except as provided in RCW 59.18.230(2)(e), to submit to arbitration, in conformity with the provisions of this section, any controversy arising under the provisions of this chapter, except the following:

VIDED, That this exception shall apply only before the implementation of any remedy by the tenant;

(b) Any situation where court action has been started by either landlord or tenant to enforce rights under this chapter; when the court action substantially affects the controversy, including but not limited to:

(i) Court action pursuant to subsections (2) and (3) of RCW 59.18.090 and subsections (1) and (2) of RCW 59.18.160; and

(ii) Any unlawful detainer action filed by the landlord pursuant to chapter 59.12 RCW.

(2) The party initiating arbitration under subsection (1) of this section shall give reasonable notice to the other party or parties.

(3) Except as otherwise provided in this section, the arbitration process shall be administered by any arbitrator agreed upon by the parties at the time the dispute arises: PROVIDED, That the procedures shall comply with the requirements of chapter 7.04A RCW (relating to arbitration) and of this chapter. (2) The arbitrator so designated shall schedule a hearing to be held no later than ten days following receipt of notice of the controversy, except as provided in RCW 59.18.350.

(3) The arbitrator shall conduct public or private hearings. Reasonable notice of such hearings shall be given to the parties, who shall appear and be heard either in person or by counsel or other representative. Hearings shall be informal and the rules of evidence prevailing in judicial proceedings shall not be binding. A recording of the proceedings may be taken. Any oral or documentary evidence and other data deemed relevant by the arbitrator may be received in evidence. The arbitrator shall have the power to administer oaths, to issue subpoenas, to require the attendance of witnesses and the production of such books, papers, contracts, agreements, and documents as may be deemed by the arbitrator material to a just determination of the issues in dispute. If any person refuses to obey such subpoena or refuses to be sworn to testify, or any witness, party, or attorney is guilty of any contempt while in attendance at any hearing held hereunder, the arbitrator may invoke the jurisdiction of any superior court, and such court shall have jurisdiction to issue an appropriate order. A failure to obey such order may be punished by the court as a contempt thereof.

(4) Within five days after conclusion of the hearing, the arbitrator shall make a written decision upon the issues presented, a copy of which shall be mailed by certified mail or otherwise delivered to the parties or their designated representatives. The determination of the dispute made by the arbitrator shall be final and binding upon both parties.

(5) If a defective condition exists which affects more than one dwelling unit in a similar manner, the arbitrator may

consolidate the issues of fact common to those dwelling units in a single proceeding.

(6) Decisions of the arbitrator shall be enforced or appealed according to the provisions of chapter 7.04A RCW. [2005 c 433 § 46; 1973 1st ex.s. c 207 § 33.]

**63.29.220 Public sale of abandoned property.** (1) Except as provided in subsections (2) and (3) of this section the department, within five years after the receipt of abandoned property, shall sell it to the highest bidder at public sale in whatever city in the state affords in the judgment of the department the most favorable market for the property involved. The department may decline the highest bid and

reoffer the property for sale if in the judgment of the department the bid is insufficient. If in the judgment of the department the probable cost of sale exceeds the value of the property, it need not be offered for sale. (4) Unless the department considers it to be in the best interest of the state to do otherwise, all securities presumed abandoned under RCW 63.29.100 and delivered to the department must be held for at least three years before being sold. If the department sells any securities delivered pursuant to RCW 63.29.100 before the expiration of the three-year period, any person making a claim pursuant to this chapter before the end of the three-year period is entitled to either the proceeds of the sale of the securities or the market value of the securities at the time the claim is made, whichever amount is greater, less any deduction for fees pursuant to RCW 63.29.230(2). A person making a claim under this chapter after the expiration of this period is entitled to receive either the securities delivered to the department by the holder, if they still remain in the hands of the department, or the proceeds received from sale, less any amounts deducted pursuant to RCW 63.29.230(2), but no person has any claim under this chapter against the state, the holder, any transfer agent, registrar, or other person acting for or on behalf of a holder for any appreciation in the value of the property occurring after delivery by the holder to the department.

(5) The purchaser of property at any sale conducted by the department pursuant to this chapter takes the property free of all claims of the owner or previous holder thereof and of all persons claiming through or under them. (b) RCW 64.55.010 through 64.55.090 apply to conversion condominiums as defined in RCW 64.34.020, provided that RCW 64.55.090 shall not apply to a condominium conversion for which a public offering statement had been delivered pursuant to chapter 64.34 RCW prior to August 1, 2005.

(2) RCW 64.55.010 and 64.55.100 through 64.55.170 apply to any action that alleges breach of an implied or express warranty under chapter 64.34 RCW or that seeks relief that could be awarded for such breach, regardless of the legal theory pled, except that RCW 64.55.100 through 64.55.170 shall not apply to:

- (b) Actions for which a notice of claim was served pursuant to chapter 64.50 RCW prior to August 1, 2005;
- (c) Actions asserting any claim regarding a building that is not a multiunit residential building;
- (d) Actions asserting any claim regarding a multiunit residential building that was permitted on or after August 1, 2005, unless the letter required by RCW 64.55.060 has been submitted to the appropriate building department or the requirements of RCW 64.55.090 have been satisfied.

(3) Other than the requirements imposed by RCW 64.55.010 through 64.55.090, nothing in this chapter amends or modifies the provisions of RCW 64.34.050. [2005 c 456 § 1.]

**64.55.010 Definitions.** Unless the context clearly requires otherwise, the definitions in RCW 64.34.020 and in this section apply throughout this chapter.

(1) "Attached dwelling unit" means any dwelling unit that is attached to another dwelling unit by a wall, floor, or ceiling that separates heated living spaces. A garage is not a heated living space.

(2) "Building enclosure" means that part of any building, above or below grade, that physically separates the outside or exterior environment from interior environments and which weatherproofs, waterproofs, or otherwise protects the building or its components from water or moisture intrusion. Interior environments consist of both heated and unheated enclosed spaces. The building enclosure includes, but is not limited to, that portion of roofs, walls, balcony support columns, decks, windows, doors, vents, and other penetrations through exterior walls, which waterproof, weatherproof, or otherwise protect the building or its components from water or moisture intrusion.

(3) "Building enclosure design documents" means plans, details, and specifications for the building enclosure that have been stamped by a licensed engineer or architect. The building enclosure design documents shall include details and specifications that are appropriate for the building in the professional judgment of the architect or engineer which prepared the same to waterproof, weatherproof, and otherwise protect the building or its components from water or moisture intrusion, including details of flashing, intersections at roof, eaves or parapets, means of drainage, water-resistive membrane, and details around openings.

(4) "Developer" means:

- (a) With respect to a condominium or a conversion condominium, the declarant; and
- (b) With respect to all other buildings, an individual, group of individuals, partnership, corporation, association, municipal corporation, state agency, or other entity or person that obtains a building permit for the construction or rehabilitative reconstruction of a multiunit residential building. If a permit is obtained by service providers such as architects, contractors, and consultants who obtain permits for others as

part of services rendered for a fee, the person for whom the permit is obtained shall be the developer, not the service provider.

(5) "Dwelling unit" has the meaning given to that phrase or similar phrases in the ordinances of the jurisdiction issuing the permit for construction of the building enclosure but if such ordinances do not provide a definition, then "dwelling unit" means a residence containing living, cooking, sleeping, and sanitary facilities.

(6) "Multiunit residential building" means:

(a) A building containing more than two attached dwelling units, including a building containing nonresidential units if the building also contains more than two attached dwelling units, but excluding the following classes of buildings:

- (i) Hotels and motels;
- (ii) Dormitories;
- (iii) Care facilities;
- (iv) Floating homes;

(v) A building that contains attached dwelling units that are each located on a single platted lot, except as provided in (b) of this subsection;

(vi) A building in which all of the dwelling units are held under one ownership and is subject to a recorded irrevocable sale prohibition covenant.

(b) If the developer submits to the appropriate building department when applying for the building permit described in RCW 64.55.020 a statement that the developer elects to treat the improvement for which a permit is sought as a multiunit residential building for all purposes under this chapter, then "multiunit residential building" also means the following buildings for which such election has been made:

- (i) A building containing only two attached dwelling units;
- (ii) A building that does not contain attached dwelling units; and
- (iii) Any building that contains attached dwelling units each of which is located on a single platted lot.

(7) "Party unit owner" means a unit owner who is a named party to an action subject to this chapter and does not include any unit owners whose involvement with the action stems solely from their membership in the association.

(8) "Qualified building inspector" means a person satisfying the requirements of RCW 64.55.040.

(9) "Rehabilitative construction" means construction work on the building enclosure of a multiunit residential building if the cost of such construction work is more than five percent of the assessed value of the building.

(10) "Sale prohibition covenant" means a recorded covenant that prohibits the sale or other disposition of individual dwelling units as or as part of a condominium for five years or more from the date of first occupancy except as otherwise provided in RCW 64.55.090, a certified copy of which the developer shall submit to the appropriate building department; provided such covenant shall not apply to sales or dispositions listed in RCW 64.34.400(2). The covenant must be recorded in the county in which the building is located and must be in substantially the following form:

This covenant has been recorded in the real property records of . . . . County, Washington, in satisfaction of the requirements of RCW 64.55.010 through

64.55.090. The undersigned is the owner of the property described on Exhibit A (the "Property"). Until termination of this covenant, no dwelling unit in or on the Property may be sold as a condominium unit except for sales listed in RCW 64.34.400(2).

This covenant terminates on the earlier of either: (a) Compliance with the requirements of RCW 64.55.090, as certified by the owner of the Property in a recorded supplement hereto; or (b) the fifth anniversary of the date of first occupancy of a dwelling unit as certified by the Owner in a recorded supplement hereto.

All title insurance companies and persons acquiring an interest in the Property may rely on the forgoing certifications without further inquiry in issuing any policy of title insurance or in acquiring an interest in the Property.

(11) "Stamped" means bearing the stamp and signature of the responsible licensed architect or engineer on the title page, and on every sheet of the documents, drawings, or specifications, including modifications to the documents, drawings, and specifications that become part of change orders or addenda to alter those documents, drawings, or specifications. [2005 c 456 § 2.]

**64.55.020 Building permit application—Submission of design documents.** (1) Any person applying for a building permit for construction of a multiunit residential building or rehabilitative construction shall submit building enclosure design documents to the appropriate building department prior to the start of construction or rehabilitative construction of the building enclosure. If construction work on a building enclosure is not rehabilitative construction because the cost thereof is not more than five percent of the assessed value of the building, then the person applying for a building permit shall submit to the building department a letter so certifying. Any changes to the building enclosure design documents that alter the manner in which the building or its components is waterproofed, weatherproofed, and otherwise protected from water or moisture intrusion shall be stamped by the architect or engineer and shall be provided to the building department and to the person conducting the course of construction inspection in a timely manner to permit such person to inspect for compliance therewith, and may be provided through individual updates, cumulative updates, or as-built updates.

(2) The building department shall not issue a building permit for construction of the building enclosure of a multiunit residential building or for rehabilitative construction unless the building enclosure design documents contain a stamped statement by the person stamping the building enclosure design documents in substantially the following form: "The undersigned has provided building enclosure documents that in my professional judgment are appropriate to satisfy the requirements of RCW 64.55.005 through 64.55.090."

(3) The building department is not charged with determining whether the building enclosure design documents are adequate or appropriate to satisfy the requirements of RCW 64.55.005 through 64.55.090. Nothing in RCW 64.55.005

through 64.55.090 requires a building department to review, approve, or disapprove enclosure design documents. [2005 c 456 § 3.]

**64.55.030 Inspection required.** All multiunit residential buildings shall have the building enclosure inspected by a qualified inspector during the course of initial construction and during rehabilitative construction. [2005 c 456 § 4.]

**64.55.040 Inspectors—Qualifications.** (1) A qualified building enclosure inspector:

(a) Must be a person with substantial and verifiable training and experience in building enclosure design and construction;

(b) Shall be free from improper interference or influence relating to the inspections; and

(c) May not be an employee, officer, or director of, nor have any pecuniary interest in, the declarant, developer, association, or any party providing services or materials for the project, or any of their respective affiliates, except that the qualified inspector may be the architect or engineer who approved the building enclosure design documents or the architect or engineer of record. The qualified inspector may, but is not required to, assist with the preparation of such design documents.

(2) Nothing in this section alters requirements for licensure of any architect, engineer, or other professional, or alters the jurisdiction, authority, or scope of practice of architects, engineers, other professionals, or general contractors. [2005 c 456 § 5.]

**64.55.050 Scope of inspection—Definition.** (1) Any inspection required by this chapter shall include, at a minimum, the following:

(a) Water penetration resistance testing of a representative sample of windows and window installations. Such tests shall be conducted according to industry standards. Where appropriate, tests shall be conducted with an induced air pressure difference across the window and window installation. Additional testing is not required if the same assembly has previously been tested in situ within the previous two years in the project under construction by the builder, by another member of the construction team such as an architect or engineer, or by an independent testing laboratory; and

(b) An independent periodic review of the building enclosure during the course of construction or rehabilitative construction to ascertain whether the multiunit residential building has been constructed, or the rehabilitative construction has been performed, in substantial compliance with the building enclosure design documents.

(2) Subsection (1)(a) of this section shall not apply to rehabilitative construction if the windows and adjacent cladding are not altered in the rehabilitative construction.

(3) "Project" means one or more parcels of land in a single ownership, which are under development pursuant to a single land use approval or building permit, where window installation is performed by the owner with its own forces, or by the same general contractor, or, if the owner is contracting directly with trade contractors, is performed by the same trade contractor. [2005 c 456 § 6.]

**64.55.060 Certification—Certificate of occupancy.**

Upon completion of an inspection required by this chapter, the qualified inspector shall prepare and submit to the appropriate building department a signed letter certifying that the building enclosure has been inspected during the course of construction or rehabilitative construction and that it has been constructed or reconstructed in substantial compliance with the building enclosure design documents, as updated pursuant to RCW 64.55.020. The building department shall not issue a final certificate of occupancy or other equivalent final acceptance until the letter required by this section has been submitted. The building department is not charged with and has no responsibility for determining whether the building enclosure inspection is adequate or appropriate to satisfy the requirements of this chapter. [2005 c 456 § 7.]

**64.55.070 Inspector, architect, and engineer—No private right of action or basis for liability against.** (1) Nothing in this chapter and RCW 64.34.073, 64.34.100(2), 64.34.410 (1)(nn) and (2), and 64.34.415(1)(b) is intended to, or does:

(a) Create a private right of action against any inspector, architect, or engineer based upon compliance or noncompliance with its provisions; or

(b) Create any independent basis for liability against an inspector, architect, or engineer.

(2) The qualified inspector, architect, or engineer and the developer that retained the inspector, architect, or engineer may contractually agree to the amount of their liability to the developer. [2005 c 456 § 8.]

**64.55.080 Inspector's report or testimony—No evidentiary presumption—Admissibility.** A qualified inspector's report or testimony regarding an inspection conducted pursuant to this chapter is not entitled to any evidentiary presumption in any arbitration or court proceeding. Nothing in this chapter restricts the admissibility of such a report or testimony, and questions of the admissibility of such a report or testimony shall be determined under the rules of evidence. [2005 c 456 § 9.]

**64.55.090 Sale of condominium unit subject to compliance—Inspection alternative.** (1) Except for sales or other dispositions listed in RCW 64.34.400(2), no declarant may convey a condominium unit that may be occupied for residential use in a multiunit residential building without first complying with the requirements of RCW 64.55.005 through 64.55.080 unless the building enclosure of the building in which such unit is included is inspected by a qualified building enclosure inspector, and:

(a) The inspection includes such intrusive or other testing, such as the removal of siding or other building enclosure materials, that the inspector believes, in his or her professional judgment, is necessary to ascertain the manner in which the building enclosure was constructed;

(b) The inspection evaluates, to the extent reasonably ascertainable and in the professional judgment of the inspector, the present condition of the building enclosure including whether such condition has adversely affected or will adversely affect the performance of the building enclosure to waterproof, weatherproof, or otherwise protect the building

or its components from water or moisture intrusion. "Adversely affect" has the same meaning as provided in RCW 64.34.445(7);

(c) The inspection report includes recommendations for repairs to the building enclosure that, in the professional judgment of the qualified building inspector, are necessary to: (i) Repair a design or construction defect in the building enclosure that results in the failure of the building enclosure to perform its intended function and allows unintended water penetration not caused by flooding; and (ii) repair damage caused by such a defect that has an adverse effect as provided in RCW 64.34.445(7);

(d) With respect to a building that would be a multiunit residential building but for the recording of a sale prohibition covenant and unless more than five years have elapsed since the date such covenant was recorded, all repairs to the building enclosure recommended pursuant to (c) of this subsection have been made; and

(e) The declarant provides as part of the public offering statement, consistent with RCW 64.34.410 (1)(nn) and (2) and 64.34.415(1)(b), an inspection and repair report signed by the qualified building enclosure inspector that identifies:

(i) The extent of the inspection performed pursuant to this section;

(ii) The information obtained as a result of that inspection; and

(iii) The manner in which any repairs required by this section were performed, the scope of those repairs, and the names of the persons performing those repairs.

(2) Failure to deliver the inspection and repair report in violation of this section constitutes a failure to deliver a public offering statement for purposes of chapter 64.34 RCW. [2005 c 456 § 10.]

**64.55.100 Arbitration—Election—Number of arbitrators—Qualifications—Trial de novo.** (1) If the declarant, an association, or a party unit owner demands an arbitration by filing such demand with the court not less than thirty and not more than ninety days after filing or service of the complaint, whichever is later, the parties shall participate in a private arbitration hearing. The declarant, the association, and the party unit owner do not have the right to compel arbitration without giving timely notice in compliance with this subsection. Unless otherwise agreed by the parties, the arbitration hearing shall commence no more than fourteen months from the later of the filing or service of the complaint.

(2) Unless otherwise agreed by the parties, claims that in aggregate are for less than one million dollars shall be heard by a single arbitrator and all other claims shall be heard by three arbitrators. As used in this chapter, arbitrator also means arbitrators where applicable.

(3) Unless otherwise agreed by the parties, the court shall appoint the arbitrator, who shall be a current or former attorney with experience as an attorney, judge, arbitrator, or mediator in construction defect disputes involving the application of Washington law.

(4) Upon conclusion of the arbitration hearing, the arbitrator shall file the decision and award with the clerk of the superior court, together with proof of service thereof on the parties. Within twenty days after the filing of the decision and award, any aggrieved party may file with the clerk a writ-

ten notice of appeal and demand for a trial de novo in the superior court on all claims between the appealing party and an adverse party. As used in this section, "adverse party" means the party who either directly asserted or defended claims against the appealing party. The demand shall identify the adverse party or parties and all claims between those parties shall be included in the trial de novo. The right to a trial de novo includes the right to a jury, if demanded. The court shall give priority to the trial date for the trial de novo.

(5) If the judgment for damages, not including awards of fees and costs, in the trial de novo is not more favorable to the appealing party than the damages awarded by the arbitrator, not including awards of fees and costs, the appealing party shall pay the nonappealing adverse party's costs and fees incurred after the filing of the appeal, including reasonable attorneys' fees so incurred.

(6) If the judgment for damages, not including awards of fees and costs, in the trial de novo is more favorable to the appealing party than the damages awarded by the arbitrator, not including awards of fees and costs, then the court may award costs and fees, including reasonable attorneys' fees, incurred after the filing of the request for trial de novo in accordance with applicable law; provided if such a judgment is not more favorable to the appealing party than the most recent offer of judgment, if any, made pursuant to RCW 64.55.160, the court shall not make an award of fees and costs to the appealing party.

(7) If a party is entitled to an award with respect to the same fees and costs pursuant to this section and RCW 64.55.160, then the party shall only receive an award of fees and costs as provided in and limited by RCW 64.55.160. Any award of fees and costs pursuant to subsections (5) or (6) of this section is subject to review in the event of any appeal thereof otherwise permitted by applicable law or court rule. [2005 c 456 § 11.]

**64.55.110 Case schedule plan—Deadlines.** (1) Not less than sixty days after the later of filing or service of the complaint, the parties shall confer to create a proposed case schedule plan for submission to the court that includes the following deadlines:

- (a) Selection of a mediator;
- (b) Commencement of the mandatory mediation and submission of mediation materials required by this chapter;
- (c) Selection of the arbitrator by the parties, where applicable;
- (d) Joinder of additional parties in the action;
- (e) Completion of each party's investigation;
- (f) Disclosure of each party's proposed repair plan;
- (g) Disclosure of each party's estimated costs of repair;
- (h) Meeting of parties and experts to confer in accordance with RCW 64.55.120; and
- (i) Disclosure of each party's settlement demand or response.

(2) If the parties agree upon a proposed case schedule plan, they shall move the court for the entry of the proposed case schedule plan. If the parties cannot agree, either party may move the court for entry of a case schedule plan that includes the above deadlines. [2005 c 456 § 12.]

**64.55.120 Mandatory mediation.** (1) The parties to an action subject to this chapter and RCW 64.34.073, 64.34.100(2), 64.34.410 (1)(nn) and (2), and 64.34.415(1)(b) shall engage in mediation. Unless the parties agree otherwise, the mediation required by this section shall commence within seven months of the later of the filing or service of the complaint. If the parties cannot agree upon a mediator, the court shall appoint a mediator.

(2) Prior to the mediation required by this section, the parties and their experts shall meet and confer in good faith to attempt to resolve or narrow the scope of the disputed issues, including issues related to the parties' repair plans.

(3) Prior to the mandatory mediation, the parties or their attorneys shall file and serve a declaration that:

(a) A decision maker with authority to settle will be available for the duration of the mandatory mediation; and

(b) The decision maker has been provided with and has reviewed the mediation materials provided by the party to which the decision maker is affiliated as well as the materials submitted by the opposing parties.

(4) Completion of the mediation required by this section occurs upon written notice of termination by any party. The provisions of RCW 64.55.160 shall not apply to any later mediation conducted following such notice. [2005 c 456 § 13.]

**64.55.130 Appointment of neutral expert—Qualifications—Duties—Admissibility of report or testimony.**

(1) If, after meeting and conferring as required by RCW 64.55.120(2), disputed issues remain, a party may file a motion with the court, or arbitrator if an arbitrator has been appointed, requesting the appointment of a neutral expert to address any or all of the disputed issues. Unless otherwise agreed to by the parties or upon a showing of exceptional circumstances, including a material adverse change in a party's litigation risks due to a change in allegations, claims, or defenses by an adverse party following the appointment of the neutral expert, any such motion shall be filed no later than sixty days after the first day of the meeting required by RCW 64.55.120(2). Upon such a request, the court or arbitrator shall decide whether or not to appoint a neutral expert or experts. A party may only request more than one neutral expert if the particular expertise of the additional neutral expert or experts is necessary to address disputed issues.

(2) The neutral expert shall be a licensed architect or engineer, or any other person, with substantial experience relevant to the issue or issues in dispute. The neutral expert shall not have been employed as an expert by a party to the present action within three years before the commencement of the present action, unless the parties agree otherwise.

(3) All parties shall be given an opportunity to recommend neutral experts to the court or arbitrator and shall have input regarding the appointment of a neutral expert.

(4) Unless the parties agree otherwise on the following matters, the court, or arbitrator if then appointed, shall determine:

- (a) Who shall serve as the neutral expert;
- (b) Subject to the requirements of this section, the scope of the neutral expert's duties;
- (c) The number and timing of inspections of the property;

(d) Coordination of inspection activities with the parties' experts;

(e) The neutral expert's access to the work product of the parties' experts;

(f) The product to be prepared by the neutral expert;

(g) Whether the neutral expert may participate personally in the mediation required by RCW 64.55.120; and

(h) Other matters relevant to the neutral expert's assignment.

(5) Unless the parties agree otherwise, the neutral expert shall not make findings or render opinions regarding the amount of damages to be awarded, or the cost of repairs, or absent exceptional circumstances any matters that are not in dispute as determined in the meeting described in RCW 64.55.120(2) or otherwise.

(6) A party may, by motion to the court, or to the arbitrator if then appointed, object to the individual appointed to serve as the neutral expert and to determinations regarding the neutral expert's assignment.

(7) The neutral expert shall have no liability to the parties for the performance of his or her duties as the neutral expert.

(8) Except as otherwise agreed by the parties, the parties have a right to review and comment on the neutral expert's report before it is made final.

(9) A neutral expert's report or testimony is not entitled to any evidentiary presumption in any arbitration or court proceeding. Nothing in this chapter and RCW 64.34.073, 64.34.100(2), 64.34.410 (1)(nn) and (2), and 64.34.415(1)(b) restricts the admissibility of such a report or testimony, provided it is within the scope of the neutral expert's assigned duties, and questions of the admissibility of such a report or testimony shall be determined under the rules of evidence.

(10) The court, or arbitrator if then appointed, shall determine the significance of the neutral expert's report and testimony with respect to parties joined after the neutral expert's appointment and shall determine whether additional neutral experts should be appointed or other measures should be taken to protect such joined parties from undue prejudice. [2005 c 456 § 14.]

**64.55.140 Payment of arbitrators, mediators, and neutral experts.** (1) Where the building permit that authorized commencement of construction of a building was issued on or after August 1, 2005:

(a)(i) If the action is referred to arbitration under RCW 64.55.100, the party who demands arbitration shall advance the fees of any arbitrator and any mediator appointed under RCW 64.55.120; and

(ii) A party who requests the appointment of a neutral expert pursuant to RCW 64.55.130 shall advance any appointed neutral expert's fees incurred up to the issuance of a final report.

(b) If the action has not been referred to arbitration, the court shall determine liability for the fees of any mediator appointed under RCW 64.55.120, unless the parties agree otherwise.

(c) Ultimate liability for any fees or costs advanced pursuant to this subsection (1) is subject to the fee- and cost-shifting provisions of RCW 64.55.160.

(2) Where the building permit that authorized commencement of construction of a building was issued before August 1, 2005:

(a)(i) If the action is referred to arbitration under RCW 64.55.100, the party who demands arbitration is liable for and shall pay the fees of any appointed arbitrator and any mediator appointed under RCW 64.55.120; and

(ii) A party who requests the appointment of a neutral expert pursuant to RCW 64.55.130 is liable for and shall pay any appointed neutral expert's fees incurred up to the issuance of a final report.

(b) If the action has not been referred to arbitration, the court shall determine liability for the fees of any mediator appointed under RCW 64.55.120, unless the parties agree otherwise.

(c) Fees and costs paid under this subsection (2) are not subject to the fee- and cost-shifting provisions of RCW 64.55.160. [2005 c 456 § 15.]

**64.55.150 Subcontractors and suppliers—When party to arbitration.** Upon the demand of a party to an arbitration demanded under RCW 64.55.100, any subcontractor or supplier against whom such party has a legal claim and whose work or performance on the building in question becomes an issue in the arbitration may be joined in and become a party to the arbitration. However, joinder of such parties shall not be allowed if such joinder would require the arbitration hearing date to be continued beyond the date established pursuant to RCW 64.55.100, unless the existing parties to the arbitration agree otherwise. Nothing in RCW 64.55.010 through 64.55.090 shall be construed to release, modify, or otherwise alleviate the liabilities or responsibilities that any party may have towards any other party, contractor, or subcontractor. [2005 c 456 § 16.]

**64.55.160 Offers of judgment—Costs and fees.** (1) On or before the sixtieth day following completion of the mediation pursuant to RCW 64.55.120(4), the declarant, association, or party unit owner may serve on an adverse party an offer to allow judgment to be entered. The offer of judgment shall specify the amount of damages, not including costs or fees, that the declarant, association, or party unit owner is offering to pay or receive. A declarant's offer shall also include its commitment to pay costs and fees that may be awarded as provided in this section. The declarant, association, or party unit owner may make more than one offer of judgment so long as each offer is timely made. Each subsequent offer supersedes and replaces the previous offer. Any offer not accepted within twenty-one days of the service of that offer is deemed rejected and withdrawn and evidence thereof is not admissible and may not be provided to the court or arbitrator except in a proceeding to determine costs and fees or as part of the motion identified in subsection (2) of this section.

(2) A declarant's offer must include a demonstration of ability to pay damages, costs, and fees, including reasonable attorneys' fees, within thirty days of acceptance of the offer of judgment. The demonstration of ability to pay shall include a sworn statement signed by the declarant, the attorney representing the declarant, and, if any insurance proceeds will be

used to fund any portion of the offer, an authorized representative of the insurance company. If the association or party unit owner disputes the adequacy of the declarant's demonstration of ability to pay, the association or party unit owner may file a motion with the court requesting a ruling on the adequacy of the declarant's demonstration of ability to pay. Upon filing of such motion, the deadline for a response to the offer shall be tolled from the date the motion is filed until the court has ruled.

(3) An association or party unit owner that accepts the declarant's offer of judgment shall be deemed the prevailing party and, in addition to recovery of the amount of the offer, shall be entitled to a costs and fees award, including reasonable attorneys' fees, in an amount to be determined by the court in accordance with applicable law.

(4) If the amount of the final nonappealable or nonappealed judgment, exclusive of costs or fees, is not more favorable to the offeree than the offer of judgment, then the offeror is deemed the prevailing party for purposes of this section only and is entitled to an award of costs and fees, including reasonable attorneys' fees, incurred after the date the last offer of judgment was rejected and through the date of entry of a final nonappealable or nonappealed judgment, in an amount to be determined by the court in accordance with applicable law. The nonprevailing party shall not be entitled to receive any award of costs and fees.

(5) If the final nonappealable or nonappealed judgment on damages, not including costs or fees, is more favorable to the offeree than the last offer of judgment, then the court shall determine which party is the prevailing party and shall determine the amount of the costs and fees award, including reasonable attorneys' fees, in accordance with applicable law.

(6) Notwithstanding any other provision in this section, with respect to claims brought by an association or unit owner, the liability for declarant's costs and fees, including reasonable attorneys' fees, shall:

(a) With respect to claims brought by an association, not exceed five percent of the assessed value of the condominium as a whole, which is determined by the aggregate tax-assessed value of all units at the time of the award; and

(b) With respect to claims brought by a party unit owner, not exceed five percent of the assessed value of the unit at the time of the award. [2005 c 456 § 17.]

**64.55.900 Captions not law—2005 c 456.** Captions used in this act are not any part of the law. [2005 c 456 § 22.]

**64.55.901 Effective date—2005 c 456.** This act takes effect August 1, 2005. [2005 c 456 § 24.]

**65.04.050 Index of instruments, how made and kept—Recording of plat names.** Every auditor or recording officer must keep a general index, direct and inverted. The index may be either printed on paper or produced on microfilm or microfiche, or it can be created from a computerized data base and displayed on a video display terminal. Any reference to a prior \*record location number may be entered in the remarks column. Any property legal description contained in the instrument must be entered in the description of property column of the general index. The direct index shall be divided into eight columns, and with heads to the respective columns, as follows: Date of reception, grantor, grantee, nature of instrument, volume and page where recorded and/or the auditor's file number, remarks, description of property, assessor's property tax parcel or account number. The auditor or recording officer shall correctly enter in such index every instrument concerning or affecting real estate which by law is required to be recorded, the names of grantors being in alphabetical order. The inverted index shall also be divided into eight columns, precisely similar, except that "grantee" shall occupy the second column and "grantor" the third, the names of grantees being in alphabetical order. The auditor or recording officer may combine the direct and indirect indexes into a single index if it contains all the information required to be contained in the separate direct and indirect indexes and the names of all grantors and grantees can be found by a person searching the combined index. For the purposes of this chapter, the term "grantor" means any person conveying or encumbering the title to any property, or any person against whom any lis pendens, judgment, notice of lien, order of sale, execution, writ of attachment, claims of separate or community property, or notice for request of transfer or encumbrance under RCW 43.20B.750 shall be placed on record. The auditor or recording officer shall also enter in the general index, the name of the party or parties platting a town, village, or addition in the column prescribed for "grantors,"

describing the grantee in such case as "the public." However, the auditor or recording officer shall not receive or record any such plat or map until it has been approved by the mayor and common council of the municipality in which the property so platted is situated, or if the property be not situated within any municipal corporation, then the plat must be first approved by the county legislative authority. The auditor or recording officer shall not receive for record any plat, map, or subdivision of land bearing a name the same or similar to the name of any map or plat already on record in the office. The auditor or recording officer may establish a name reservation system to preclude the possibility of duplication of names. [2005 c 292 § 3; 1996 c 143 § 4; 1991 c 26 § 6; 1893 c 119 § 12; Code 1881 § 2728; 1869 p 314 § 24; RRS § 10603.]

\*Reviser's note: The definition "record location number" was changed to "recording number" by 1999 c 233 § 10.

Effective date—1996 c 143: See note following RCW 36.18.010.

**65.04.080 Entries when instruments offered for record—Content restrictions.** (1) When any instrument, paper, or notice, authorized or required by law to be filed or recorded, is deposited in or electronically transmitted to the county auditor's office for filing or record, that officer must indorse upon the same the time when it was received, noting the year, month, day, hour and minute of its reception, and note that the document was received by electronic transmission, and must file, or file and record the same without delay, together with the acknowledgments, proofs, and certificates written or printed upon or annexed to the same, with the plats, surveys, schedules and other papers thereto annexed, in the order and as of the time when the same was received for filing or record, and must note on the instrument filed, or at the foot of the record the exact time of its reception, and the name of the person at whose request it was filed or filed and recorded. However, the county auditor shall not be required to accept for filing, or filing and recording, any instrument unless there appear upon the face thereof, the name and nature of the instrument offered for filing, or filing and recording, as the case may be.

(2) When any instrument, except those generated by governmental agencies, is presented to a county auditor or recording officer for recording, the document may not contain the following information: (a) A social security number; (b) a date of birth identified with a particular person; or (c) the maiden name of a person's parent so as to be identified with a particular person. (1) "Alcohol" is that substance known as ethyl alcohol, hydrated oxide of ethyl, or spirit of wine, which is commonly produced by the fermentation or distillation of grain, starch, molasses, or sugar, or other substances including all dilutions and mixtures of this substance. The term "alcohol" does not include alcohol in the possession of a manufacturer or distiller of alcohol fuel, as described in RCW 66.12.130, which is intended to be denatured and used as a fuel for use in motor vehicles, farm implements, and machines or implements of husbandry.

### MISCELLANEOUS REGULATORY PROVISIONS

#### Sections

66.28.180 Price modification by certain persons, firms, or corporations—Board notification and approval—Intent—Price posting—Price filing, contracts, memoranda. (*Effective July 1, 2006.*)

**66.28.180 Price modification by certain persons, firms, or corporations—Board notification and approval—Intent—Price posting—Price filing, contracts, memoranda. (*Effective July 1, 2006.*)** It is unlawful for a person, firm, or corporation holding a certificate of approval issued under RCW 66.24.270 or 66.24.206, a beer distributor's license, a domestic brewery license, a microbrewery license, a beer importer's license, a beer distributor's license, a domestic winery license, a wine importer's license, or a wine distributor's license within the state of Washington to modify any prices without prior notification to and approval of the board.

(1) Intent. This section is enacted, pursuant to the authority of this state under the twenty-first amendment to the United States Constitution, to promote the public's interest in fostering the orderly and responsible distribution of malt beverages and wine towards effective control of consumption; to promote the fair and efficient three-tier system of distribution of such beverages; and to confirm existing board rules as the clear expression of state policy to regulate the manner of selling and pricing of wine and malt beverages by licensed suppliers and distributors.

(2) Beer and wine distributor price posting.

(a) Every beer or wine distributor shall file with the board at its office in Olympia a price posting showing the wholesale prices at which any and all brands of beer and wine sold by such beer and/or wine distributor shall be sold to retailers within the state.

(b) Each price posting shall be made on a form prepared and furnished by the board, or a reasonable facsimile thereof, and shall set forth:

(i) All brands, types, packages, and containers of beer offered for sale by such beer and/or wine distributor;

(ii) The wholesale prices thereof to retail licensees, including allowances, if any, for returned empty containers.

(c) No beer and/or wine distributor may sell or offer to sell any package or container of beer or wine to any retail licensee at a price differing from the price for such package or container as shown in the price posting filed by the beer and/or wine distributor and then in effect, according to rules adopted by the board.

(d) Quantity discounts are prohibited. No price may be posted that is below acquisition cost plus ten percent of acquisition cost. However, the board is empowered to review periodically, as it may deem appropriate, the amount of the percentage of acquisition cost as a minimum mark-up over cost and to modify such percentage by rule of the board, except such percentage shall be not less than ten percent.

(e) Distributor prices on a "close-out" item shall be accepted by the board if the item to be discontinued has been listed on the state market for a period of at least six months, and upon the further condition that the distributor who posts such a close-out price shall not restock the item for a period of one year following the first effective date of such close-out price.

(f) The board may reject any price posting that it deems to be in violation of this section or any rule, or portion thereof, or that would tend to disrupt the orderly sale and distribution of beer and wine. Whenever the board rejects any posting, the licensee submitting the posting may be heard by the board and shall have the burden of showing that the posting is not in violation of this section or a rule or does not tend to disrupt the orderly sale and distribution of beer and wine. If the posting is accepted, it shall become effective at the time fixed by the board. If the posting is rejected, the last effective posting shall remain in effect until such time as an amended posting is filed and approved, in accordance with the provisions of this section.

(g) Prior to the effective date of the posted prices, all price postings filed as required by this section constitute investigative information and shall not be subject to disclosure, pursuant to RCW 42.56.240(1).

(h) Any beer and/or wine distributor or employee authorized by the distributor-employer may sell beer and/or wine at the distributor's posted prices to any annual or special occasion retail licensee upon presentation to the distributor or employee at the time of purchase of a special permit issued by the board to such licensee.

(i) Every annual or special occasion retail licensee, upon purchasing any beer and/or wine from a distributor, shall immediately cause such beer or wine to be delivered to the licensed premises, and the licensee shall not thereafter permit such beer to be disposed of in any manner except as authorized by the license.

(ii) Beer and wine sold as provided in this section shall be delivered by the distributor or an authorized employee either to the retailer's licensed premises or directly to the retailer at the distributor's licensed premises. A distributor's prices to retail licensees shall be the same at both such places of delivery.

(3) Beer and wine suppliers' price filings, contracts, and memoranda.

(a) Every domestic brewery, microbrewery, and domestic winery offering beer and/or wine for sale within the state shall file with the board at its office in Olympia a copy of every written contract and a memorandum of every oral

agreement which such brewery or winery may have with any beer or wine distributor, which contracts or memoranda shall contain a schedule of prices charged to distributors for all items and all terms of sale, including all regular and special discounts; all advertising, sales and trade allowances, and incentive programs; and all commissions, bonuses or gifts, and any and all other discounts or allowances. Whenever changed or modified, such revised contracts or memoranda shall forthwith be filed with the board as provided for by rule. The provisions of this section also apply to certificate of approval holders, beer and/or wine importers, and beer and/or wine distributors who sell to other beer and/or wine distributors.

Each price schedule shall be made on a form prepared and furnished by the board, or a reasonable facsimile thereof, and shall set forth all brands, types, packages, and containers of beer or wine offered for sale by such licensed brewery or winery; all additional information required may be filed as a supplement to the price schedule forms.

(b) Prices filed by a domestic brewery, microbrewery, domestic winery, or certificate of approval holder shall be uniform prices to all distributors on a statewide basis less bona fide allowances for freight differentials. Quantity discounts are prohibited. No price shall be filed that is below acquisition/production cost plus ten percent of that cost, except that acquisition cost plus ten percent of acquisition cost does not apply to sales of beer or wine between a beer or wine importer who sells beer or wine to another beer or wine importer or to a beer or wine distributor, or to a beer or wine distributor who sells beer or wine to another beer or wine distributor. However, the board is empowered to review periodically, as it may deem appropriate, the amount of the percentage of acquisition/production cost as a minimum mark-up over cost and to modify such percentage by rule of the board, except such percentage shall be not less than ten percent.

(c) No domestic brewery, microbrewery, domestic winery, certificate of approval holder, beer or wine importer, or beer or wine distributor may sell or offer to sell any beer or wine to any persons whatsoever in this state until copies of such written contracts or memoranda of such oral agreements are on file with the board.

(d) No domestic brewery, microbrewery, domestic winery, or certificate of approval holder may sell or offer to sell any package or container of beer or wine to any distributor at a price differing from the price for such package or container as shown in the schedule of prices filed by the domestic brewery, microbrewery, domestic winery, or certificate of approval holder and then in effect, according to rules adopted by the board.

(e) The board may reject any supplier's price filing, contract, or memorandum of oral agreement, or portion thereof that it deems to be in violation of this section or any rule or that would tend to disrupt the orderly sale and distribution of beer or wine. Whenever the board rejects any such price filing, contract, or memorandum, the licensee submitting the price filing, contract, or memorandum may be heard by the board and shall have the burden of showing that the price filing, contract, or memorandum is not in violation of this section or a rule or does not tend to disrupt the orderly sale and distribution of beer or wine. If the price filing, contract, or memorandum is accepted, it shall become effective at a time

fixed by the board. If the price filing, contract, or memorandum, or portion thereof, is rejected, the last effective price filing, contract, or memorandum shall remain in effect until such time as an amended price filing, contract, or memorandum is filed and approved, in accordance with the provisions of this section.

(f) Prior to the effective date of the posted prices, all prices, contracts, and memoranda filed as required by this section constitute investigative information and shall not be subject to disclosure, pursuant to RCW 42.56.240(1). [2005 c 274 § 327. Prior: 2004 c 269 § 1; 2004 c 160 § 18; 1997 c 321 § 51; 1995 c 232 § 10; 1985 c 226 § 4.]

On each date on which any interest or principal and interest is due, the state treasurer shall cause an identical amount to be paid out of the state convention and

## Chapter 67.70 RCW STATE LOTTERY

### Sections

67.70.190	Unclaimed prizes.
67.70.340	Transfer of shared game lottery proceeds.

**67.70.190 Unclaimed prizes.** Unclaimed prizes shall be retained in the state lottery account for the person entitled thereto for one hundred eighty days after the drawing in which the prize is won, or after the official end of the game for instant prizes. If no claim is made for the prize within this time, all rights to the prize shall be extinguished, and the prize shall be retained in the state lottery fund for further use as prizes, except that one-third of all unclaimed prize money shall be deposited in the economic development strategic reserve account created in RCW 43.330.250. [2005 c 427 § 2; 1994 c 218 § 5; 1988 c 289 § 802; 1987 c 511 § 8; 1982 2nd ex.s. c 7 § 19.]

**Effective date—1994 c 218:** See note following RCW 9.46.010.

**Severability—1988 c 289:** See note following RCW 50.16.070.

### **67.70.340 Transfer of shared game lottery proceeds.**

(1) The legislature recognizes that creating a shared game lottery could result in less revenue being raised by the existing state lottery ticket sales. The legislature further recognizes that the two funds most impacted by this potential event are the student achievement fund and the education construction account. Therefore, it is the intent of the legislature to use some of the proceeds from the shared game lottery to make up the difference that the potential state lottery revenue loss would have on the student achievement fund and the educa-

tion construction account. The legislature further intends to use some of the proceeds from the shared game lottery to fund programs and services related to problem and pathological gambling.

(2) The student achievement fund and the education construction account are expected to collectively receive one hundred two million dollars annually from state lottery games other than the shared game lottery. For fiscal year 2003 and thereafter, if the amount of lottery revenues earmarked for the student achievement fund and the education construction account is less than one hundred two million dollars, the commission, after making the transfer required under subsection (3) of this section, must transfer sufficient moneys from revenues derived from the shared game lottery into the student achievement fund and the education construction account to bring the total revenue up to one hundred two million dollars. The funds transferred from the shared game lottery account under this subsection must be divided between the student achievement fund and the education construction account in a manner consistent with RCW 67.70.240(3).

(3)(a) The commission shall transfer, from revenue derived from the shared game lottery, to the problem gambling account created in RCW 43.20A.892, an amount equal to the percentage specified in (b) of this subsection of net receipts. For purposes of this subsection, "net receipts" means the difference between (i) revenue received from the sale of lottery tickets or shares and revenue received from the sale of shared game lottery tickets or shares; and (ii) the sum of payments made to winners.

(b) In fiscal year 2006, the percentage to be transferred to the problem gambling account is one-tenth of one percent. In fiscal year 2007 and subsequent fiscal years, the percentage to be transferred to the problem gambling account is thirteen one-hundredths of one percent.

(4) The remaining net revenues, if any, in the shared game lottery account after the transfers pursuant to this section shall be deposited into the general fund. [2005 c 369 § 4; 2002 c 349 § 3.]

**68.32.010 Presumption as to title.** All plots or rights of interment conveyed to individuals are presumed to be the sole and separate property rights of the owner named in the instrument of conveyance. [2005 c 365 § 91; 1943 c 247 § 88; Rem. Supp. 1943 § 3778-88.]

**68.32.020 Vested right of spouse.** The spouse of an owner of any plot or right of interment containing more than one placement space has a vested right of placement in the plot and any person thereafter becoming the spouse of the owner has a vested right of placement in the plot if more than one space is unoccupied at the time the person becomes the spouse of the owner. [2005 c 365 § 92; 1943 c 247 § 89; Rem. Supp. 1943 § 3778-89.]

**68.32.030 Vested right—Termination.** No conveyance or other action of the owner without the written consent of the spouse of the owner divests the spouse of a vested right of placement. A final decree of divorce between them terminates the vested right of placement unless otherwise provided in the decree. [2005 c 365 § 93; 1943 c 247 § 90; Rem. Supp. 1943 § 3778-90.]

**68.32.040 Descent of title to plot or right of interment.** If no placement is made in a plot or right of interment, which has been transferred by deed or certificate of ownership to an individual owner, the title descends to the surviving spouse. If there is no surviving spouse, the title descends to the heirs at law of the owner. Following death of the owner, if all remains previously placed are lawfully removed and the owner did not dispose of the plot or right of interment by specific devise or by a written declaration filed and recorded in the office of the cemetery authority, the title descends to the surviving spouse. If there is no surviving spouse, the title descends to the heirs at law of the owner. [2005 c 365 § 94; 1979 c 21 § 15; 1943 c 247 § 91; Rem. Supp. 1943 § 3778-91.]

**68.32.050 Affidavit as authorization.** An affidavit by a person having knowledge of the facts setting forth the fact of the death of the owner and the name of the person or persons entitled to the use of the plot or right of interment pursuant to RCW 68.32.010 through 68.32.040, is complete authorization to the cemetery authority to permit the use of the unoccupied portions of the plot or interment right by the person entitled to the use of it. [2005 c 365 § 95; 1943 c 247 § 93; Rem. Supp. 1943 § 3778-93.]

**68.32.060 Family plot—Sale.** Whenever an interment of the human remains of a member or of a relative of a member of the family of the record owner or of the remains of the record owner is made in a plot transferred by deed or certificate of ownership to an individual owner and both the owner and the surviving spouse, if any, die with children then living without making disposition of the plot either by a specific devise, or by a written declaration filed and recorded in the office of the cemetery authority, the plot shall thereafter be held as a family plot and shall be subject to sale only upon agreement of the children of the owner living at the time of sale. [2005 c 365 § 96; 1979 c 21 § 16; 1943 c 247 § 98; Rem. Supp. 1943 § 3778-98.]

**68.32.070 Joint tenants—Vested rights.** In a conveyance to two or more persons as joint tenants each joint tenant has a vested right of placement in the plot or right of interment conveyed. [2005 c 365 § 97; 1943 c 247 § 94; Rem. Supp. 1943 § 3778-94.]

**68.32.080 Joint tenants—Survivorship.** Upon the death of a joint tenant, the title to the plot or right of interment held in joint tenancy immediately vests in the survivors, subject to the vested right of interment of the deceased joint tenant. [2005 c 365 § 98; 1943 c 247 § 95; Rem. Supp. 1943 § 3778-95.]

*Joint tenants, simultaneous death: RCW 11.05.030.*

**68.32.090 Joint tenants—Identification.** An affidavit by any person having knowledge of the fact of the death of one joint tenant and establishing the identity of the surviving joint tenants named in the deed to any plot or right of interment, when filed with the cemetery authority, is complete authorization to the cemetery authority to permit the use of the unoccupied portion of the plot or right of interment in

accordance with the directions of the surviving joint tenants. [2005 c 365 § 99; 1943 c 247 § 96; Rem. Supp. 1943 § 3778-96.]

**68.32.100 Co-owners may designate representative.**

When there are several owners of a plot or right of interment, they may designate one or more persons to represent the plot or interment right and file written notice of designation with the cemetery authority. In the absence of such notice or of written objection to its so doing, the cemetery authority is not liable to any owner for permitting the placement in the plot or right of interment upon the request or direction of any co-owner of the plot or right of interment. [2005 c 365 § 100; 1943 c 247 § 97; Rem. Supp. 1943 § 3778-97.]

**68.32.110 Order of interment—General.** In a family plot one right of interment may be used for the owner's interment and one for the owner's surviving spouse, if any. Any unoccupied spaces may then be used by the remaining parents and children of the deceased owner, if any, then to the spouse of any child of the owner, then to the heirs at law of the owner, in the order of death. [2005 c 365 § 101; 1943 c 247 § 99; Rem. Supp. 1943 § 3778-99.]

**68.32.120 Repealed.** See Supplementary Table of Disposition of Former RCW Sections, this volume.

**68.32.130 Waiver of right of placement.** Any surviving spouse, parent, child, or heir having a right of placement in a family plot may waive such right in favor of any other relative or spouse of a relative of the deceased owner. Upon such a waiver, the remains of the person in whose favor the waiver is made may be placed in the plot. [2005 c 365 § 102; 1943 c 247 § 101; Rem. Supp. 1943 § 3778-101.]

**68.32.140 Termination of vested right by waiver.** A vested right of placement may be waived and is terminated upon the placement elsewhere of the remains of the person in whom vested. [2005 c 365 § 103; 1943 c 247 § 102; Rem. Supp. 1943 § 3778-102.]

**68.32.150 Limitations on vested rights.** No vested right of interment gives any person the right to have his or her remains interred in any interment space in which the remains of any deceased person having a prior vested right of interment have been interred. No vested right of interment gives any person the right to have the remains of more than one deceased person placed in a single space in violation of the rules and regulations of the cemetery in which the space is located. [2005 c 365 § 104; 1943 c 247 § 103; Rem. Supp. 1943 § 3778-103.]

**68.32.160 Conveyance of plot or right of interment to cemetery authority, effect.** A cemetery authority may take and hold any plot or right of interment conveyed to it by the plot owner so that it will be nontransferable. Placements shall be restricted to the persons designated in the conveyance. [2005 c 365 § 105; 1943 c 247 § 104; Rem. Supp. 1943 § 3778-104.]

**68.36.010 Sale of abandoned space—Presumption of abandonment.** The ownership or right to unoccupied cemetery space in this state shall, upon abandonment, be subject to forfeiture and sale by the person or entity having ownership or management of the cemetery. Unoccupied cemetery space is presumed to be abandoned if it has been neglected and in a state of disrepair for a period of five years. [2005 c 365 § 106; 1943 c 247 § 78; Rem. Supp. 1943 § 3778-78.]

**68.36.020 Notice—Requirements—Limitation on placing.** Cemetery management shall place a suitable notice on each unoccupied space, setting forth the date the notice is placed and that the unoccupied space is subject to forfeiture and sale by the cemetery. If the owner of the unoccupied space fails during the next three years following the date of the notice to maintain or care for the unoccupied space, the cemetery may reclaim the unoccupied space. However, such a notice cannot be placed on the unoccupied space in any cemetery lot until twenty years have elapsed since the last interment in any such lot of a member of the immediate family of the record owner. [2005 c 365 § 107; 1943 c 247 § 79; Rem. Supp. 1943 § 3778-79.]

**68.36.030 Petition for order of abandonment—Notice and hearing.** After a three-year period, the owner or manager of the cemetery may file a verified petition in the office of the county clerk, setting forth the facts relating to the abandonment. The petition may ask for an order of the superior court for abandonment.

At the time of filing the petition, the cemetery authority shall request a hearing of the petition. The superior court will fix the time for the hearing. Not less than sixty days before the time fixed for the hearing of the petition, notice and nature of the hearing shall be given to the owner of such unoccupied space. [2005 c 365 § 108; 1943 c 247 § 80; Rem. Supp. 1943 § 3778-80.]

**68.36.040 Service of notice.** The notice may be served personally upon the owner, or may be given by the mailing of the notice by registered mail to the owner to his or her last known address and by publishing the notice three times in a legal newspaper published in the county in which the cemetery is located. In the event that the whereabouts of the owner is unknown, then the notice may be given by publishing the notice three times in a legal newspaper as required by this section. The cemetery authority may file an affidavit in the proceeding to the effect that the owner is unknown and that the cemetery exercised diligence in attempting to locate the unknown parties. The affidavit shall be conclusive to that effect. [2005 c 365 § 109; 1943 c 247 § 81; Rem. Supp. 1943 § 3778-81.]

**68.36.050 Hearing—Order—Attorneys' fees.** An owner or claimant may appear and answer the allegations of the petition. If an owner fails to do so prior to the day fixed for hearing, a default shall be entered and it shall then be the duty of the superior court to immediately enter an order adjudging the unoccupied space to have been abandoned and subject to sale. In the event the owner or claimant shall appear and file his or her answer prior to the day fixed for the hearing, the presumption of abandonment shall no longer exist, and on the day fixed for the hearing of the petition or on any subsequent day to which the hearing of the cause is adjourned, the allegations and proof of the parties shall be presented to the court and if the court shall determine that there has been a continued failure to maintain or care for the unoccupied space for a period of three consecutive years preceding the filing of the petition, an order shall be entered accordingly adjudging the unoccupied space to have been abandoned and subject to sale at the expiration of one year by the person, association, corporation, or municipality having ownership of the cemetery containing the same. Upon any adjudication of abandonment, the court shall fix such sum as it shall deem reasonable as attorneys' fees for petitioner's attorney for rights of interment adjudged to have been abandoned in such proceedings. [2005 c 365 § 110; 1943 c 247 § 82; Rem. Supp. 1943 § 3778-82.]

#### **68.46.020 Prearrangement trust funds—Required.**

#### **68.46.030 Prearrangement trust funds—Deposits—**

**Bond requirements.** (1) For each prearrangement contract, a cemetery authority shall deposit the greater of the following amounts in its prearrangement trust fund:

(a) For merchandise:

- (i) Fifty percent of the contract price; or
- (ii) The wholesale cost of the item.

(b) For services:

- (i) Fifty percent of the contract price; or
- (ii) The direct cost of providing the service.

(2) Any cemetery authority which does not file and maintain with the board a bond as provided in subsection (4) of this section shall deposit in its prearrangement trust fund an amount as determined under subsection (1) of this section, excluding sales tax and endowment care if such charge is made.

(3) Any cemetery authority which files and maintains with the board a bond as provided in subsection (4) of this section may retain the nontrustable portion of the contract before depositing the balance of payments into its prearrangement trust fund, as determined under subsection (1) of this section, excluding sales tax and endowment care, if such charge is made.

(4) Each cemetery authority electing to make payments to its prearrangement trust fund pursuant to subsection (3) of this section shall file and maintain with the board a bond, issued by a surety company authorized to do business in the state, in the amount by which the cemetery authority's contingent liability for refunds pursuant to RCW 68.46.060 exceeds the amount deposited in its prearrangement trust fund. In addition to any other remedy, every person not promptly receiving the refund due pursuant to RCW 68.46.060 may sue the surety for the refund. (5) Deposits to the prearrangement trust fund shall be made not later than the twentieth day of each month following receipt of each payment required to be deposited. If a prearrangement contract is sold, pledged, or otherwise encumbered as security for a loan by the cemetery authority, the cemetery authority shall pay into the prearrangement trust fund fifty percent of the total sale price of the prearrangement contract within twenty days of receipt of payment of the proceeds from the sale or loan.

(6) Any failure to fund a prearrangement contract as required by this section shall be grounds for disciplinary action against the cemetery authority and the cemetery authority's prearrangement sales license. [2005 c 365 § 127; 1984 c 53 § 3; 1979 c 21 § 24; 1973 1st ex.s. c 68 § 3.]

#### **68.46.040 Prearrangement trust funds—Deposit of**

**funds.** All prearrangement trust funds shall be deposited in a public depository as defined by RCW 39.58.010, in a state or federally chartered credit union, or in instruments issued or insured by any agency of the federal government. (2) The department of social and health services shall notify the cemetery authority maintaining a prearrangement trust fund regulated by this chapter that the department has a claim on the estate of a beneficiary for long-term care services. Such notice shall be renewed at least every three years. The cemetery authority, upon becoming aware of the death of a beneficiary, shall give notice to the department of social and health services, office of financial recovery, who shall file any claim there may be within thirty days of the notice. These claims shall be paid for from the endowment fund income on a contract by contract basis. [2005 c 365 § 133; 1979 c 21 § 27.]

**68.46.080 Other use of trust funds prohibited.** Prearrangement trust funds shall not be used in any way for the benefit of the cemetery authority or any director, officer, agent, or employee of any cemetery authority, including, but not limited to any encumbrance, pledge, or other utilization or prearrangement trust funds as collateral or other security. (5) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner may sell any product containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, to a person that is not at least eighteen years old.

(6) The board of pharmacy, by rule, may exempt products containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, in combination with another active ingredient from the requirements of this section if they are found not to be used in the illegal manufacture of methamphetamine or other controlled dangerous substances. A manufacturer of a drug product may apply for removal of the product from the requirements of this section if the product is determined by the board to have been formulated in such a way as to effectively prevent the conversion of the active ingredient into methamphetamine. The burden of proof for exemption is upon the person requesting the exemption. The petitioner shall provide the board with evidence that the product has been formulated in such a way as to serve as an effective general deterrent to the conversion of pseudoephedrine into methamphetamine. The evidence must include the furnishing of a valid scientific study, conducted by an independent, professional laboratory and evincing professional quality chemical analysis. Factors to be considered in whether a product should be excluded from this section include but are not limited to:

(a) Ease with which the product can be converted to methamphetamine;

(b) Ease with which ephedrine, pseudoephedrine, or phenylpropanolamine is extracted from the substance and whether it forms an emulsion, salt, or other form;

(c) Whether the product contains a "molecular lock" that renders it incapable of being converted into methamphetamine;

(d) Presence of other ingredients that render the product less likely to be used in the manufacture of methamphetamine; and

(e) Any pertinent data that can be used to determine the risk of the substance being used in the illegal manufacture of methamphetamine or any other controlled substance.

(7) Nothing in this section applies:

(a) To any product containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers that is not the only active ingredient and that is in liquid, liquid capsule, or gel capsule form;

(b) To the sale of a product that may only be sold upon the presentation of a prescription;

(c) To the sale of a product by a traditional Chinese herbal practitioner to a patient; or

(d) When the details of the transaction are recorded in a pharmacy profile individually identified with the recipient and maintained by a licensed pharmacy.

(8)(a) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner may retaliate against any employee that has made a good faith attempt to comply with the requirements of this section by requesting that a customer present photo identification, making a reasonable effort to determine the customer's age.

(b) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner is subject to prosecution under subsection (9) of this section if they made a good faith attempt to comply with the requirements of this section by requesting that a customer present photo identification, making a reasonable effort to determine the customer's age.

(9) A violation of this section is a gross misdemeanor. [2005 c 388 § 2.]

**Finding—2005 c 388:** "Restricting access to certain precursor drugs used to manufacture methamphetamine to ensure that they are only sold at retail to individuals who will use them for legitimate purposes upon production of proper identification is an essential step to controlling the manufacture of methamphetamine." (c) One representative appointed by the Washington association of prosecuting attorneys;

(d) One representative appointed by the office of the attorney general;

(e) One representative appointed by the state board of pharmacy; and

(f) Two representatives from the retail industry.

(5) Any orders and rules adopted under this section not in conflict with state law continue in effect until modified, superseded, or repealed. The board may implement rule changes based upon the results of the pilot project and recommendations of the work group.

The petition shall establish that:

(a) Ephedrine, pseudoephedrine, or phenylpropanolamine can be effectively extracted from the product and converted into methamphetamine or another controlled dangerous substance; and

(b) Law enforcement, the Washington state patrol, or the department of ecology are finding substantial evidence that the product is being used for the illegal manufacture of methamphetamine or another controlled dangerous substance.

(2) The board of pharmacy shall adopt rules when a petition establishes that requiring the application of the log requirements in RCW 69.43.170 to the sale of the product at retail is warranted based upon the effectiveness and extent of use of the product for the illegal manufacture of methamphetamine or other controlled dangerous substances and the extent of the burden of any restrictions upon consumers. The

board of pharmacy may adopt emergency rules to apply the log requirements to the sale of a product when the petition establishes that the immediate restriction of the product is necessary in order to protect public health and safety. [2005 c 388 § 3.]

Each hospital shall produce and make accessible to the commission or board the appropriate records and otherwise facilitate the review and audit. Information so gained shall not be subject to the discovery process and confidentiality shall be respected as required by subsection (3) of this section. Failure of a hospital to comply with this subsection is punishable by a civil penalty not to exceed two hundred fifty dollars.

(9) A hospital that operates a nursing home as defined in RCW 18.51.010 may conduct quality improvement activities for both the hospital and the nursing home through a quality improvement committee under this section, and such activities shall be subject to the provisions of subsections (2) through (8) of this section.

**Findings—2005 c 188:** "The legislature finds that the basic health plan is a valuable means of providing access to affordable health insurance coverage for low-income families and individuals in Washington state. The legislature further finds that persons studying in the United States as full-time students under temporary visas must show, as a condition of receiving their temporary visa, that they have sufficient funds available for self-support during their entire proposed course of study. For this reason, the legislature finds that it is not appropriate to provide subsidized basic health plan coverage to this group of students." [2005 c 188 § 1.]

### **70.58.082 Vital records—Rules—Release of copies.**

No person may prepare or issue any vital record that purports to be an original, certified copy, or copy of a vital record except as authorized in this chapter.

The department shall adopt rules providing for the release of paper or electronic copies of vital records that include adequate standards for security and confidentiality, ensure the proper record is identified, and prevent fraudulent use of records. All certified copies of vital records in the state must be on paper and in a format provided and approved by the department and must include security features to deter the alteration, counterfeiting, duplication, or simulation without ready detection.

Federal, state, and local governmental agencies may, upon request and with submission of the appropriate fee, be furnished copies of vital records if the vital record will be used for the agencies' official duties. The department may enter into agreements with offices of vital statistics outside the state for the transmission of copies of vital records to those offices when the vital records relate to residents of those jurisdictions and receipt of copies of vital records from those offices. The agreement must specify the statistical and administrative purposes for which the vital records may be used and must provide instructions for the proper retention and disposition of the copies. Copies of vital records that are received by the department from other offices of vital statistics outside the state must be handled as provided under the agreements.

The department may disclose information that may identify any person named in any birth certificate [vital] record for research purposes as provided under chapter 42.48 RCW. [2005 c 365 § 152; 1997 c 108 § 1.]

**70.58.160 Certificate of death or fetal death required.** A certificate of every death or fetal death shall be filed with the local registrar of the district in which the death or fetal death occurred within three business days after the occurrence is known, or if the place of death or fetal death is not known, then with the local registrar of the district in which the human remains are found within one business day thereafter. In every instance a certificate shall be filed prior to the interment or other disposition of the human remains. However, a certificate of fetal death shall not be required if the period of gestation is less than twenty weeks. [2005 c 365 § 153; 1961 ex.s. c 5 § 12; 1945 c 159 § 1; Rem. Supp. 1945 § 6024-1. Prior: 1915 c 180 § 4; 1907 c 83 § 5.]

**70.58.170 Certificate of death or fetal death—By whom filed.** The funeral director or person having the right to control the disposition of the human remains under RCW 68.50.160 shall file the certificate of death or fetal death. In

preparing such certificate, the funeral director or person having the right to control the disposition of the human remains under RCW 68.50.160 shall obtain and enter on the certificate such personal data as the certificate requires from the person or persons best qualified to supply them. He or she shall present the certificate of death to the physician, physician's assistant, or advanced registered nurse practitioner last in attendance upon the deceased, or, if the deceased died without medical attendance, to the health officer, coroner, or prosecuting attorney having jurisdiction, who shall thereupon certify the cause of death according to his or her best knowledge and belief and shall sign the certificate of death or fetal death within two business days after being presented with the certificate unless good cause for not signing the certificate within the two business days can be established. He or she shall present the certificate of fetal death to the physician, physician's assistant, advanced registered nurse practitioner, midwife, or other person in attendance at the fetal death, who shall certify the fetal death and such medical data pertaining thereto as he or she can furnish. [2005 c 365 § 154; 2000 c 133 § 1; 1979 ex.s. c 162 § 1; 1961 ex.s. c 5 § 13; 1945 c 159 § 2; Rem. Supp. 1945 § 6024-2.]

**70.58.180 Certificate when no physician, physician's assistant, or advanced registered nurse practitioner in attendance—Legally accepted cause of death.** If the death occurred without medical attendance, the funeral director or person having the right to control the disposition of the human remains under RCW 68.50.160 shall notify the coroner, or prosecuting attorney if there is no coroner in the county. If the circumstances suggest that the death or fetal death was caused by unlawful or unnatural causes or if there is no local health officer with jurisdiction, the coroner, or if none, the prosecuting attorney shall complete and sign the certification, noting upon the certificate that no physician, physician's assistant, or advanced registered nurse practitioner was in attendance at the time of death. In case of any death without medical attendance in which there is no suspicion of death from unlawful or unnatural causes, the local health officer or his or her deputy, the coroner and if none, the prosecuting attorney, shall complete and sign the certification, noting upon the certificate that no physician, physician's assistant, or advanced registered nurse practitioner was in attendance at the time of death, and noting the cause of death without the holding of an inquest or performing of an autopsy or post mortem, but from statements of relatives, persons in attendance during the last sickness, persons present at the time of death or other persons having adequate knowledge of the facts.

The cause of death, the manner and mode in which death occurred, as noted by the coroner or if none, the prosecuting attorney or the health officer and incorporated in the death certificate filed with the bureau of vital statistics of the board of health shall be the legally accepted manner and mode by which the deceased came to his or her death and shall be the legally accepted cause of death. [2005 c 365 § 155; 2000 c 133 § 2; 1961 ex.s. c 5 § 14; 1953 c 188 § 5; 1945 c 159 § 3; Rem. Supp. 1945 § 6024-3. Prior: 1915 c 180 § 5; 1907 c 83 § 7.]

[2005 RCW Supp—page 776]

**70.58.190 Permit to dispose of human remains when cause of death undetermined.** If the cause of death cannot be determined within three business days, the certification of its cause may be filed after the prescribed period, but the attending physician, coroner, or prosecuting attorney shall give the local registrar of the district in which the death occurred written notice of the reason for the delay, in order that a permit for the disposition of the human remains may be issued if required. [2005 c 365 § 156; 1945 c 159 § 4; Rem. Supp. 1945 § 6024-4.]

**70.58.230 Permits for burial, removal, etc., required—Removal to another district without permit, notice to registrar, fee.** It shall be unlawful for any person to inter, deposit in a vault, grave, or tomb, cremate, or otherwise dispose of, or disinter or remove from one registration district to another, or hold for more than three business days after death, the human remains of any person whose death occurred in this state or any human remains which shall be found in this state, without obtaining, from the local registrar of the district in which the death occurred or in which the human remains were found, a permit for the burial, disinterment, or removal of the human remains. However, a licensed funeral director or embalmer of this state or a funeral establishment licensed in another state contiguous to Washington, with a current certificate of removal registration issued by the director of the department of licensing, may remove human remains from the district where the death occurred to another registration district or Oregon or Idaho without having obtained a permit but in such cases the funeral director or embalmer shall at the time of removing human remains file with or mail to the local registrar of the district where the death occurred a notice of removal upon a blank to be furnished by the state registrar. The notice of removal shall be signed by the funeral director or embalmer and shall contain the name and address of the local registrar with whom the certificate of death will be filed and the burial-transit permit secured. Every local registrar, accepting a death certificate and issuing a burial-transit permit for a death that occurred outside his or her district, shall be entitled to a fee of one dollar to be paid by the funeral director or embalmer at the time the death certificate is accepted and the permit is secured. It shall be unlawful for any person to bring into or transport within the state or inter, deposit in a vault, grave, or tomb, or cremate or otherwise dispose of human remains of any person whose death occurred outside this state unless the human remains are accompanied by a removal or transit permit issued in accordance with the law and health regulations in force where the death occurred, or unless a special permit for bringing the human remains into this state shall be obtained from the state registrar. [2005 c 365 § 157; 1961 ex.s. c 5 § 16; 1915 c 180 § 3; 1907 c 83 § 4; RRS § 6021.]

*Cemeteries and human remains: Title 68 RCW.*

**70.58.240 Duties of funeral directors.** Each funeral director or person having the right to control the disposition of the human remains under RCW 68.50.160 shall obtain a certificate of death, sign and file the certificate with the local registrar, and secure a burial-transit permit, prior to any permanent disposition of the human remains. He or she shall obtain the personal and statistical particulars required, from

the person best qualified to supply them. He or she shall present the certificate to the attending physician or in case the death occurred without any medical attendance, to the proper official for certification for the medical certificate of the cause of death and other particulars necessary to complete the record. He or she shall supply the information required relative to the date and place of disposition and he or she shall sign and present the completed certificate to the local registrar, for the issuance of a burial-transit permit. He or she shall deliver the burial permit to the sexton, or person in charge of the place of burial, before interring the human remains; or shall attach the transit permit to the box containing the corpse, when shipped by any transportation company, and the permit shall accompany the corpse to its destination. [2005 c 365 § 158; 1961 ex.s. c 5 § 17; 1915 c 180 § 6; 1907 c 83 § 8; RRS § 6025.]

**70.58.260 Burial grounds—Duties of sexton.** It shall be unlawful for any person in charge of any premises in which bodies of deceased persons are interred, cremated, or otherwise permanently disposed of, to permit the interment, cremation, or other disposition of any body upon such premises unless it is accompanied by a burial, removal, or transit permit as provided in this chapter. It shall be the duty of the person in charge of any such premises to, in case of the interment, cremation, or other disposition of human remains therein, endorse upon the permit the date and character of such disposition, over his or her signature, to return all permits so endorsed to the local registrar of the district in which the death occurred within ten days from the date of such disposition, and to keep a record of all human remains disposed of on the premises under his or her charge, stating, in each case, the name of the deceased person, if known, the place of death, the date of burial or other disposition, and the name and address of the undertaker, which record shall at all times be open to public inspection, and it shall be the duty of every undertaker, or person acting as such, when burying human remains in a cemetery or burial grounds having no person in charge, to sign the burial, removal, or transit permit, giving the date of burial, write across the face of the permit the words "no person in charge", and file the burial, removal, or transit permit within ten days with the registrar of the district in which the death occurred. [2005 c 365 § 159; 1915 c 180 § 7; 1907 c 83 § 10; RRS § 6027.]

**70.58.390 Certificates of presumed death.** A county coroner, medical examiner, or the prosecuting attorney having jurisdiction may file a certificate of presumed death when the official filing the certificate determines to the best of the official's knowledge and belief that there is sufficient circumstantial evidence to indicate that a person has in fact died in the county or in waters contiguous to the county and that it is unlikely that the body will be recovered. The certificate shall recite, to the extent possible, the date, circumstances, and place of the death, and shall be the legally accepted fact of death.

In the event that the county in which the death occurred cannot be determined with certainty, the county coroner, medical examiner, or prosecuting attorney in the county in which the events occurred and in which the decedent was last

known to be alive may file a certificate of presumed death under this section.

The official filing the certificate of presumed death shall file the certificate with the local registrar of the county where the death was presumed to have occurred, and thereafter all persons and parties acting in good faith may rely thereon with acquittance. [2005 c 365 § 160; 1981 c 176 § 1.]

(3) Not less than five percent and no more than ten percent of the amount appropriated into the waste reduction, recycling, and litter control account every biennium shall be reserved for capital needs, including the purchase of vehicles for transporting crews and for collecting litter and solid waste. Capital funds shall be distributed among state agencies and local governments according to the same criteria provided in RCW 70.93.220 for the remainder of the funds, so that the most effective waste reduction, litter control, and recycling programs receive the most funding. The intent of this subsection is to provide funds for the purchase of equipment that will enable the department to account for the greatest return on investment in terms of reaching a zero litter goal.

(4) During the 2005-2007 fiscal biennium, the legislature may transfer from the waste reduction, recycling, and litter control account to the state general fund such amounts as reflect the excess fund balance of the account. **70.94.017 Air pollution control account—Subaccount distribution. (*Expires July 1, 2020.*)** (1) Money deposited in the segregated subaccount of the air pollution control account under RCW 46.68.020(2) shall be distributed as follows:

(a) Eighty-five percent shall be distributed to air pollution control authorities created under this chapter. The money must be distributed in direct proportion with the amount of fees imposed under RCW 46.12.080, 46.12.170, and 46.12.181 that are collected within the boundaries of each authority. However, an amount in direct proportion with those fees collected in counties for which no air pollution control authority exists must be distributed to the department.

(b) The remaining fifteen percent shall be distributed to the department.

(2) Money distributed to air pollution control authorities and the department under subsection (1) of this section must be used as follows:

(a) Eighty-five percent of the money received by an air pollution control authority or the department is available on a priority basis to retrofit school buses with exhaust emission control devices or to provide funding for fueling infrastructure necessary to allow school bus fleets to use alternative, cleaner fuels. In addition, the director of ecology or the air pollution control officer may direct funding under this section for other publicly owned diesel equipment if the director of ecology or the air pollution control officer finds that funding for other publicly owned diesel equipment will provide public health benefits and further the purposes of this chapter.

(b) The remaining fifteen percent may be used by the air pollution control authority or department to reduce transportation-related air contaminant emissions and clean up air pollution, or reduce and monitor toxic air contaminants.

(3) Money in the air pollution control account may be spent by the department only after appropriation.

(4) This section expires July 1, 2020. [2005 c 295 § 5; 2003 c 264 § 1.]

**Effective date—2005 c 295 §§ 5, 6, and 10:** "Sections 5, 6, and 10 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 2005." [2005 c 295 § 14.]

**Findings—2005 c 295:** See note following RCW 70.120A.010.

**70.94.030 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Air contaminant" means dust, fumes, mist, smoke, other particulate matter, vapor, gas, odorous substance, or any combination thereof.

(2) "Air pollution" is presence in the outdoor atmosphere of one or more air contaminants in sufficient quantities and of such characteristics and duration as is, or is likely to be, injurious to human health, plant or animal life, or property, or which unreasonably interfere with enjoyment of life and property. For the purpose of this chapter, air pollution shall not include air contaminants emitted in compliance with chapter 17.21 RCW.

(3) "Air quality standard" means an established concentration, exposure time, and frequency of occurrence of an air contaminant or multiple contaminants in the ambient air which shall not be exceeded.

(4) "Ambient air" means the surrounding outside air.

(5) "Authority" means any air pollution control agency whose jurisdictional boundaries are coextensive with the boundaries of one or more counties.

(6) "Best available control technology" (BACT) means an emission limitation based on the maximum degree of reduction for each air pollutant subject to regulation under this chapter emitted from or that results from any new or modified stationary source, that the permitting authority, on a case-by-case basis, taking into account energy, environmental, and economic impacts and other costs, determines is achievable for such a source or modification through application of production processes and available methods, systems, and techniques, including fuel cleaning, clean fuels, or treatment or innovative fuel combustion techniques for control of each such a pollutant. In no event shall application of "best available control technology" result in emissions of any pollutants that will exceed the emissions allowed by any applicable standard under 40 C.F.R. Part 60 and Part 61, as they exist on July 25, 1993, or their later enactments as adopted by reference by the director by rule. Emissions from any source utilizing clean fuels, or any other means, to comply with this subsection shall not be allowed to increase above levels that would have been required under the definition of BACT as it existed prior to enactment of the federal clean air act amendments of 1990.

(7) "Best available retrofit technology" (BART) means an emission limitation based on the degree of reduction achievable through the application of the best system of continuous emission reduction for each pollutant that is emitted by an existing stationary facility. The emission limitation must be established, on a case-by-case basis, taking into consideration the technology available, the costs of compliance, the energy and nonair quality environmental impacts of compliance, any pollution control equipment in use or in existence at the source, the remaining useful life of the source, and the degree of improvement in visibility that might reasonably be anticipated to result from the use of the technology.

(8) "Board" means the board of directors of an authority.

(9) "Control officer" means the air pollution control officer of any authority.

(10) "Department" or "ecology" means the department of ecology.

(11) "Emission" means a release of air contaminants into the ambient air.

(12) "Emission standard" and "emission limitation" mean a requirement established under the federal clean air act or this chapter that limits the quantity, rate, or concentration of emissions of air contaminants on a continuous basis, including any requirement relating to the operation or maintenance of a source to assure continuous emission reduction, and any design, equipment, work practice, or operational standard adopted under the federal clean air act or this chapter.

(13) "Fine particulate" means particulates with a diameter of two and one-half microns and smaller.

(14) "Lowest achievable emission rate" (LAER) means for any source that rate of emissions that reflects:

(a) The most stringent emission limitation that is contained in the implementation plan of any state for such class or category of source, unless the owner or operator of the proposed source demonstrates that such limitations are not achievable; or

(b) The most stringent emission limitation that is achieved in practice by such class or category of source, whichever is more stringent.

In no event shall the application of this term permit a proposed new or modified source to emit any pollutant in excess of the amount allowable under applicable new source performance standards.

(15) "Modification" means any physical change in, or change in the method of operation of, a stationary source that increases the amount of any air contaminant emitted by such source or that results in the emission of any air contaminant not previously emitted. The term modification shall be construed consistent with the definition of modification in Section 7411, Title 42, United States Code, and with rules implementing that section.

(16) "Multicounty authority" means an authority which consists of two or more counties.

(17) "New source" means (a) the construction or modification of a stationary source that increases the amount of any air contaminant emitted by such source or that results in the emission of any air contaminant not previously emitted, and (b) any other project that constitutes a new source under the federal clean air act.

(18) "Permit program source" means a source required to apply for or to maintain an operating permit under RCW 70.94.161.

(19) "Person" means an individual, firm, public or private corporation, association, partnership, political subdivision of the state, municipality, or governmental agency.

(20) "Reasonably available control technology" (RACT) means the lowest emission limit that a particular source or source category is capable of meeting by the application of control technology that is reasonably available considering technological and economic feasibility. RACT is determined on a case-by-case basis for an individual source or source category taking into account the impact of the source upon air quality, the availability of additional controls, the emission reduction to be achieved by additional controls, the impact of additional controls on air quality, and the capital and operating costs of the additional controls. RACT requirements for a source or source category shall be adopted only after notice and opportunity for comment are afforded.

(21) "Silvicultural burning" means burning of wood fiber on forest land consistent with the provisions of RCW 70.94.660.

(22) "Source" means all of the emissions units including quantifiable fugitive emissions, that are located on one or more contiguous or adjacent properties, and are under the control of the same person, or persons under common control, whose activities are ancillary to the production of a single product or functionally related group of products.

(23) "Stationary source" means any building, structure, facility, or installation that emits or may emit any air contaminant.

(24) "Trigger level" means the ambient level of fine particulates, measured in micrograms per cubic meter, that must be detected prior to initiating a first or second stage of impaired air quality under RCW 70.94.473. [2005 c 197 § 2; 1993 c 252 § 2; 1991 c 199 § 103; 1987 c 109 § 33; 1979 c 141 § 119; 1969 ex.s. c 168 § 2; 1967 ex.s. c 61 § 1; 1967 c 238 § 2; 1957 c 232 § 3.]

**Finding—1991 c 199:** See note following RCW 70.94.011.

**Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109:** See notes following RCW 43.21B.001.

**70.94.151 Classification of air contaminant sources—Registration—Fee—Registration program defined.** (1) The board of any activated authority or the department, may classify air contaminant sources, by ordinance, resolution, rule or regulation, which in its judgment may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which cause or contribute to air pollution, and may require registration or reporting or both for any such class or classes. Classifications made pursuant to this section may be for application to the area of jurisdiction of such authority, or the state as a whole or to any designated area within the jurisdiction, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

(2) Except as provided in subsection (3) of this section, any person operating or responsible for the operation of air contaminant sources of any class for which the ordinances, resolutions, rules or regulations of the department or board of the authority, require registration and reporting shall register therewith and make reports containing information as may be required by such department or board concerning location, size and height of contaminant outlets, processes employed, nature of the contaminant emission and such other information as is relevant to air pollution and available or reasonably capable of being assembled. The department or board may require that such registration be accompanied by a fee and may determine the amount of such fee for such class or classes: PROVIDED, That the amount of the fee shall only be to compensate for the costs of administering such registration program which shall be defined as initial registration and annual or other periodic reports from the source owner providing information directly related to air pollution registration, on-site inspections necessary to verify compliance with registration requirements, data storage and retrieval systems necessary for support of the registration program, emission inventory reports and emission reduction credits computed from information provided by sources pursuant to registration program requirements, staff review, including engineer-

ing analysis for accuracy and currentness, of information provided by sources pursuant to registration program requirements, clerical and other office support provided in direct furtherance of the registration program, and administrative support provided in directly carrying out the registration program: PROVIDED FURTHER, That any such registration made with either the board or the department shall preclude a further registration with any other board or the department.

All registration program fees collected by the department shall be deposited in the air pollution control account. All registration program fees collected by the local air authorities shall be deposited in their respective treasuries.

(3) If a registration or report has been filed for a grain warehouse or grain elevator as required under this section, registration, reporting, or a registration program fee shall not, after January 1, 1997, again be required under this section for the warehouse or elevator unless the capacity of the warehouse or elevator as listed as part of the license issued for the facility has been increased since the date the registration or reporting was last made. If the capacity of the warehouse or elevator listed as part of the license is increased, any registration or reporting required for the warehouse or elevator under this section must be made by the date the warehouse or elevator receives grain from the first harvest season that occurs after the increase in its capacity is listed in the license.

This subsection does not apply to a grain warehouse or grain elevator if the warehouse or elevator handles more than ten million bushels of grain annually.

(4) For the purposes of subsection (3) of this section:

(a) A "grain warehouse" or "grain elevator" is an establishment classified in standard industrial classification (SIC) code 5153 for wholesale trade for which a license is required and includes, but is not limited to, such a licensed facility that also conducts cleaning operations for grain;

(b) A "license" is a license issued by the department of agriculture licensing a facility as a grain warehouse or grain elevator under chapter 22.09 RCW or a license issued by the federal government licensing a facility as a grain warehouse or grain elevator for purposes similar to those of licensure for the facility under chapter 22.09 RCW; and

(c) "Grain" means a grain or a pulse. [2005 c 138 § 1; 1997 c 410 § 1; 1993 c 252 § 3; 1987 c 109 § 37; 1984 c 88 § 2; 1969 ex.s. c 168 § 19; 1967 c 238 § 28.]

**Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109:** See notes following RCW 43.21B.001.

**70.94.473 Limitations on burning wood for heat.** (1) Any person in a residence or commercial establishment which has an adequate source of heat without burning wood shall:

(a) Not burn wood in any solid fuel burning device whenever the department has determined under RCW 70.94.715 that any air pollution episode exists in that area;

(b) Not burn wood in any solid fuel burning device except those which are either Oregon department of environmental quality phase II or United States environmental protection agency certified or certified by the department under RCW 70.94.457(1) or a pellet stove either certified or issued an exemption by the United States environmental protection agency in accordance with Title 40, Part 60 of the code of federal regulations, in the geographical area and for the

period of time that a first stage of impaired air quality has been determined, by the department or any authority, for that area. A first stage of impaired air quality is reached when:

(i) Fine particulates are at an ambient level of thirty-five micrograms per cubic meter measured on a twenty-four hour average; and

(ii) Forecasted meteorological conditions are not expected to allow levels of fine particulates to decline below thirty-five micrograms per cubic meter for a period of forty-eight hours or more from the time that the fine particulates are measured at the trigger level; and

(c) Not burn wood in any solid fuel burning device in a geographical area and for the period of time that a second stage of impaired air quality has been determined by the department or any authority, for that area. A second stage of impaired air quality is reached when:

(i) A first stage of impaired air quality has been in force and not been sufficient to reduce the increasing fine particle [particulate] pollution trend;

(ii) Fine particulates are at an ambient level of sixty micrograms per cubic meter measured on a twenty-four hour average; and

(iii) Forecasted meteorological conditions are not expected to allow levels of fine particulates to decline below sixty micrograms per cubic meter for a period of forty-eight hours or more from the time that the fine particulates are measured at the trigger level.

(2) Actions of the department and local air pollution control authorities under this section shall preempt actions of other state agencies and local governments for the purposes of controlling air pollution from solid fuel burning devices, except where authorized by chapter 199, Laws of 1991. [2005 c 197 § 1; 1998 c 342 § 8; 1995 c 205 § 1; 1991 c 199 § 504; 1990 c 128 § 2; 1987 c 405 § 6.]

**Finding—1991 c 199:** See note following RCW 70.94.011.

**Severability—1987 c 405:** See note following RCW 70.94.450.

**70.94.640 Odors or fugitive dust caused by agricultural activities consistent with good agricultural practices exempt from chapter.** (1) Odors or fugitive dust caused by agricultural activity consistent with good agricultural practices on agricultural land are exempt from the requirements of this chapter unless they have a substantial adverse effect on public health. In determining whether agricultural activity is consistent with good agricultural practices, the department of ecology or board of any authority shall consult with a recognized third-party expert in the activity prior to issuing any notice of violation.

(2) Any notice of violation issued under this chapter pertaining to odors or fugitive dust caused by agricultural activity shall include a statement as to why the activity is inconsistent with good agricultural practices, or a statement that the odors or fugitive dust have substantial adverse effect on public health.

(3) In any appeal to the pollution control hearings board or any judicial appeal, the agency issuing a final order pertaining to odors or fugitive dust caused by agricultural activity shall prove the activity is inconsistent with good agricultural practices or that the odors or fugitive dust have a substantial adverse impact on public health.

(4) If a person engaged in agricultural activity on a contiguous piece of agricultural land sells or has sold a portion of that land for residential purposes, the exemption of this section shall not apply.

(5) As used in this section:

(a) "Agricultural activity" means the growing, raising, or production of horticultural or viticultural crops, berries, poultry, livestock, shellfish, grain, mint, hay, and dairy products.

(b) "Good agricultural practices" means economically feasible practices which are customary among or appropriate to farms and ranches of a similar nature in the local area.

(c) "Agricultural land" means at least five acres of land devoted primarily to the commercial production of livestock, agricultural commodities, or cultured aquatic products.

(d) "Fugitive dust" means a particulate emission made airborne by human activity, forces of wind, or both, and which do not pass through a stack, chimney, vent, or other functionally equivalent opening.

(6) The exemption for fugitive dust provided in subsection (1) of this section does not apply to facilities subject to RCW 70.94.151 as specified in WAC 173-400-100 as of July 24, 2005, 70.94.152, or 70.94.161. [2005 c 511 § 4; 1981 c 297 § 30.]

**Legislative finding, intent—1981 c 297:** "The legislature finds that agricultural land is essential to providing citizens with food and fiber and to insuring aesthetic values through the preservation of open spaces in our state. The legislature further finds that government regulations can cause agricultural land to be converted to nonagricultural uses. The legislature intends that agricultural activity consistent with good practices be protected from government over-regulation." [1981 c 297 § 29.]

**Reviser's note:** The above legislative finding and intent section apparently applies to sections 30 and 31 of chapter 297, Laws of 1981, which sections have been codified pursuant to legislative direction as RCW 70.94.640 and 90.48.450, respectively.

**Severability—1981 c 297:** See note following RCW 15.36.201.

**70.95.020 Purpose.** The purpose of this chapter is to establish a comprehensive statewide program for solid waste handling, and solid waste recovery and/or recycling which will prevent land, air, and water pollution and conserve the

natural, economic, and energy resources of this state. To this end it is the purpose of this chapter:

(1) To assign primary responsibility for adequate solid waste handling to local government, reserving to the state, however, those functions necessary to assure effective programs throughout the state;

(2) To provide for adequate planning for solid waste handling by local government;

(3) To provide for the adoption and enforcement of basic minimum performance standards for solid waste handling, including that all sites where recyclable materials are generated and transported from shall provide a separate container for solid waste;

(4) To encourage the development and operation of waste recycling facilities needed to accomplish the management priority of waste recycling, to promote consistency in the requirements for such facilities throughout the state, and to ensure that recyclable materials diverted from the waste stream for recycling are routed to facilities in which recycling occurs;

(5) To provide technical and financial assistance to local governments in the planning, development, and conduct of solid waste handling programs;

(6) To encourage storage, proper disposal, and recycling of discarded vehicle tires and to stimulate private recycling programs throughout the state; and

(7) To encourage the development and operation of waste recycling facilities and activities needed to accomplish the management priority of waste recycling and to promote consistency in the permitting requirements for such facilities and activities throughout the state.

It is the intent of the legislature that local governments be encouraged to use the expertise of private industry and to contract with private industry to the fullest extent possible to carry out solid waste recovery and/or recycling programs. [2005 c 394 § 2. Prior: 1998 c 156 § 1; 1998 c 90 § 1; 1985 c 345 § 2; 1975-'76 2nd ex.s. c 41 § 2; 1969 ex.s. c 134 § 2.]

**Intent—Severability—2005 c 394:** See notes following RCW 70.95.400.

**70.95.305 Solid waste handling permit—Exemption from requirements—Application of section—Rules.** (1) Notwithstanding any other provision of this chapter, the department may by rule exempt from the requirements to obtain a solid waste handling permit any category of solid waste handling facility that it determines to:

(a) Present little or no environmental risk; and

(b) Meet the environmental protection and performance requirements required for other similar solid waste facilities.

(2) This section does not apply to any facility or category of facilities that:

(a) Receives municipal solid waste destined for final disposal, including but not limited to transfer stations, landfills, and incinerators;

(b) Applies putrescible solid waste on land for final disposal purposes;

(c) Handles mixed solid wastes that have not been processed to segregate solid waste materials destined for disposal from other solid waste materials destined for a beneficial use or recycling;

(d) Receives or processes organic waste materials into compost in volumes that generally far exceed those handled by municipal park departments, master gardening programs, and households; or

(e) Receives solid waste destined for recycling or reuse, the operation of which is determined by the department to present risks to human health and the environment.

(3) Rules adopted under this section shall contain such terms and conditions as the department deems necessary to ensure compliance with applicable statutes and rules. If a facility does not operate in compliance with the terms and conditions established for an exemption under subsection (1) of this section, the facility is subject to the permitting requirements for solid waste handling under this chapter.

(4) This section shall not be deemed to invalidate the exemptions or determinations of nonapplicability in the department's solid waste rules as they exist on June 11, 1998, which exemptions and determinations are recognized and confirmed subject to the department's continuing authority to modify or revoke those exemptions or determinations by rule. [2005 c 394 § 3; 1998 c 156 § 5.]

**Intent—Severability—2005 c 394:** See notes following RCW 70.95.400.

**70.95.306 Composting of bovine and equine carcasses—Guidelines—Exemption from solid waste handling rules.** (1) By July 1, 2005, the department of ecology and the department of agriculture, in consultation with the department of health, shall make available to livestock producers clearly written guidelines for the composting of bovine and equine carcasses for routine animal disposal.

(2) Composters of bovine and equine carcasses are exempt from the metals testing and permit requirements under the solid waste handling rules for compost that is distributed off-site if the following conditions are met:

(a) The carcasses to be composted are not known or suspected to be affected with a prion-protein disease such as bovine spongiform encephalopathy, a spore-forming disease such as anthrax or other diseases designated by the state veterinarian;

(b) The composter follows the written guidelines provided for in subsection (1) of this section;

(c) The composter does not accept for composting animal mortalities from other sources not directly affiliated with the composter's operation;

(d) The composter provides information to the end-user that includes the source of the material; the quality of the compost as to its nutrient content, pathogens, and stability; and the restrictions on use of the compost as stated in (f) of this subsection;

(e) The composter reports annually to the department the number of bovines and equines and the amounts of other material composted, including the composter's best estimate of the tonnage or yardage involved; and

(f) The end-user applies the compost only to agricultural lands that are not used for the production of root crops except as prescribed in the guidelines and ensures no compost comes into contact with the crops harvested from the lands where the compost is applied.

(3) If a compost production facility does not operate in compliance with the terms and conditions established for an

exemption in this section, the facility shall be subject to the permitting requirements for solid waste handling under this chapter. [2005 c 510 § 6.]

**70.95.315 Penalty.** The department may assess a civil penalty in an amount not to exceed one thousand dollars per day per violation to any person exempt from solid waste permitting in accordance with RCW 70.95.300, 70.95.305, or 70.95.306 who fails to comply with the terms and conditions of the exemption. Each such violation shall be a separate and distinct offense, and in the case of a continuing violation, each day's continuance shall be a separate and distinct violation. [2005 c 510 § 7; 1998 c 156 § 7.]

**70.95.400 Transporters—Definition—Registration required—Penalties.** (1) For the purposes of this section and RCW 70.95.410, "transporter" means any person or entity that transports recyclable materials from commercial or industrial generators over the public highways of the state of Washington for compensation, and who are required to possess a permit to operate from the Washington utilities and transportation commission under chapter 81.80 RCW. "Transporter" includes commercial recycling operations of certificated solid waste collection companies as provided in chapter 81.77 RCW. "Transporter" does not include:

(a) Carriers of commercial recyclable materials, when such materials are owned or being bought or sold by the entity or person, and being carried in their own vehicle, when such activity is incidental to the conduct of an entity or person's primary business;

(b) Entities or persons hauling their own recyclables or hauling recyclables they generated or purchased and transported in their own vehicles;

(c) Nonprofit or charitable organizations collecting and transporting recyclable materials from a buyback center, drop box, or from a commercial or industrial generator of recyclable materials;

(d) City municipal solid waste departments or city solid waste contractors; or

(e) Common carriers under chapter 81.80 RCW whose primary business is not the transportation of recyclable materials.

(2) All transporters shall register with the department prior to the transportation of recyclable materials. The department shall supply forms for registration.

(3) A transporter who transports recyclable materials within the state without a transporter registration required by this section is subject to a civil penalty in an amount up to one thousand dollars per violation. [2005 c 394 § 4.]

**Intent—2005 c 394:** "It is the intent of the legislature to improve recycling, eliminate illegal disposal of recyclable materials, protect consumers from sham recycling, and to further the purposes of RCW 70.95.020 and the goal of consistency in jurisdictional treatment of the statewide solid waste management plan adopted by the department of ecology." [2005 c 394 § 1.]

**Severability—2005 c 394:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2005 c 394 § 9.]

**70.95.410 Transporters—Delivery of recyclable materials to transfer station or landfill prohibited—Records—Penalty.** (1) A transporter may not deliver any

recyclable materials for disposal to a transfer station or landfill.

(2) A transporter shall keep records of locations and quantities specifically identified in relation to a generator's name, service date, address, and invoice, documenting where recyclables have been sold, delivered for processing, or otherwise marketed. These records must be retained for two years from the date of collection, and must be made accessible for inspection by the department and the local health department.

(3) A transporter who violates the provisions of this section is subject to a civil penalty of up to one thousand dollars per violation. [2005 c 394 § 5.]

**Intent—Severability—2005 c 394:** See notes following RCW 70.95.400.

The financial assurance requirements must take into consideration the amounts and types of recyclable materials recycled at the facility, and the potential closure and postclosure costs associated with the recycling facility; which assurance may consist of posting of a surety bond in an amount sufficient to meet these requirements or other financial instrument, but in no case less than ten thousand dollars.

(2) A recycling facility is required to meet financial assurance requirements adopted by the department by rule, unless the facility is already required to provide financial assurance under other provisions of this chapter.

[2005 RCW Supp—page 786]

**Finding—Intent—2005 c 354:** "The legislature finds that discarded tires in unauthorized dump sites pose a health and safety risk to the public. Many of these tire piles have been in existence for a significant amount of time and are a continuing challenge to state and local officials responsible for cleaning up unauthorized dump sites and preventing further accumulation of waste tires. Therefore it is the intent of the legislature to document the extent of the problem, create and fund an effective program to eliminate unauthorized tire piles, and minimize potential future problems and costs." [2005 c 354 § 1.]

**Severability—2005 c 354:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2005 c 354 § 11.]

(2) In case any seller fails to collect the fee imposed in this chapter or, having collected the fee, fails to pay it to the department of revenue in the manner prescribed by this chapter, whether such failure is the result of his or her own acts or the result of acts or conditions beyond his or her control, he or she shall, nevertheless, be personally liable to the state for the amount of the fee.

(3) The amount of the fee, until paid by the buyer to the seller or to the department of revenue, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the fee as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any fee due under this chapter is guilty of a misdemeanor. [2005 c 354 § 4.]

**Finding—Intent—Severability—Effective date—2005 c 354:** See notes following RCW 70.95.510.

Moneys in the account may be spent only after appropriation. Expenditures from the account may be used for the cleanup of unauthorized waste tire piles and measures that prevent future accumulation of unauthorized waste tire piles. [2005 c 354 § 3.]

**Finding—Intent—Severability—Effective date—2005 c 354:** See notes following RCW 70.95.510.

(b) To accomplish the other purposes of RCW 70.95.020 as they relate to waste tire cleanup under this chapter; and

(c) To conduct a study of existing tire cleanup sites. The office of financial management shall oversee the study process and approve the completed study. The completed study shall be delivered to the house of representatives and senate transportation committees by November 15, 2005. In conducting the study, the department shall consult on a regular basis with interested parties. The following identified elements at a minimum shall be included in the completed study:

The plan shall include the estimated time frame to begin each of the tire cleanup sites and the estimated completion date for each one of the sites. In addition, the plan must include a process to be followed in selecting entities to perform the tire site cleanups. The 2006 legislature shall determine the final distribution of the tire cleanup fee and the appropriations for this statewide tire cleanup plan.

(2) In spending funds in the account under this section, the department of ecology shall identify communities with the most severe problems with waste tires and provide funds first to those communities to remove accumulations of waste tires.

(3) Immediately after July 1, 2005, the department of ecology shall initiate a pilot project in a city with a population between three and four thousand within a county with a population less than twenty thousand to contract to clean up a formerly licensed tire pile in existence for ten or more years. To begin the project, the department shall seek to use financial assurance funds set aside for clean up of the tire pile. For purposes of this subsection, population figures are the official 2004 population as estimated by the office of financial management for purposes of state revenue allocation. [2005 c 354 § 5; 1988 c 250 § 1; 1985 c 345 § 7.]

## Chapter 70.95C RCW WASTE REDUCTION

### Sections

70.95C.220 Voluntary reduction plan, executive summary, or progress report—Department review. (*Effective July 1, 2006.*)

**70.95C.220 Voluntary reduction plan, executive summary, or progress report—Department review. (*Effective July 1, 2006.*)** (1) The department may review a plan, executive summary, or an annual progress report to determine whether the plan, executive summary, or annual progress report is adequate pursuant to the rules developed under this section and with the provisions of RCW 70.95C.200. In determining the adequacy of any plan, executive summary, or annual progress report, the department shall base its determination solely on whether the plan, executive summary, or annual progress report is complete and prepared in accordance with the provisions of RCW 70.95C.200.

(2) Plans developed under RCW 70.95C.200 shall be retained at the facility of the hazardous substance user or hazardous waste generator preparing a plan. The plan is not a public record under the public records act, chapter 42.56 RCW. A user or generator required to prepare a plan shall permit the director or a representative of the director to review the plan to determine its adequacy. No visit made by the director or a representative of the director to a facility for the purposes of this subsection may be regarded as an inspection or investigation, and no notices or citations may be issued, nor any civil penalty assessed, upon such a visit.

(3) If a hazardous substance user or hazardous waste generator fails to complete an adequate plan, executive summary, or annual progress report, the department shall notify the user or generator of the inadequacy, identifying specific deficiencies. For the purposes of this section, a deficiency may include failure to develop a plan, failure to submit an executive summary pursuant to the schedule provided in RCW 70.95C.200(5), and failure to submit an annual progress report pursuant to the rules developed under RCW 70.95C.200(6). The department shall specify a reasonable time frame, of not less than ninety days, within which the user or generator shall complete a modified plan, executive summary, or annual progress report addressing the specified deficiencies.

(4) If the department determines that a modified plan, executive summary, or annual progress report is inadequate, the department may, within its discretion, either require further modification or enter an order pursuant to subsection (5)(a) of this section.

(5)(a) If, after having received a list of specified deficiencies from the department, a hazardous substance user or hazardous waste generator required to prepare a plan fails to complete modification of a plan, executive summary, or annual progress report within the time period specified by the department, the department may enter an order pursuant to chapter 34.05 RCW finding the user or generator not in compliance with the requirements of RCW 70.95C.200. When

the order is final, the department shall notify the department of revenue to charge a penalty fee. The penalty fee shall be the greater of one thousand dollars or three times the amount of the user's or generator's previous year's fee, in addition to the current year's fee. If no fee was assessed the previous year, the penalty shall be the greater of one thousand dollars or three times the amount of the current year's fee. The penalty assessed under this subsection shall be collected each year after the year for which the penalty was assessed until an adequate plan or executive summary is completed.

(b) If a hazardous substance user or hazardous waste generator required to prepare a plan fails to complete an adequate plan, executive summary, or annual progress report after the department has levied against the user or generator the penalty provided in (a) of this subsection, the user or generator shall be required to pay a surcharge to the department whenever the user or generator disposes of a hazardous waste at any hazardous waste incinerator or hazardous waste landfill facility located in Washington state, until a plan, executive summary, or annual progress report is completed and determined to be adequate by the department. The surcharge shall be equal to three times the fee charged for disposal. The department shall furnish the incinerator and landfill facilities in this state with a list of environmental protection agency/state identification numbers of the hazardous waste generators that are not in compliance with the requirements of RCW 70.95C.200. [2005 c 274 § 338; 1990 c 114 § 8.]

to contractual penalties established under RCW 70.96C.010. [2005 c 504 § 302.]

**70.96A.090 Standards for treatment programs—Enforcement procedures—Penalties—Evaluation of treatment of children—Treatment during pregnancy.** (1) The department shall adopt rules establishing standards for approved treatment programs, the process for the review and inspection program applying to the department for certification as an approved treatment program, and fixing the fees to be charged by the department for the required inspections. The standards may concern the health standards to be met and standards of services and treatment to be afforded patients.

(2) The department may suspend, revoke, limit, restrict, or modify an approval, or refuse to grant approval, for failure to meet the provisions of this chapter, or the standards adopted under this chapter. RCW 43.20A.205 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(3) No treatment program may advertise or represent itself as an approved treatment program if approval has not been granted, has been denied, suspended, revoked, or canceled.

(4) Certification as an approved treatment program is effective for one calendar year from the date of issuance of the certificate. The certification shall specify the types of services provided by the approved treatment program that meet the standards adopted under this chapter. Renewal of certification shall be made in accordance with this section for initial

approval and in accordance with the standards set forth in rules adopted by the secretary.

(5) Approved treatment programs shall not provide alcoholism or other drug addiction treatment services for which the approved treatment program has not been certified. Approved treatment programs may provide services for which approval has been sought and is pending, if approval for the services has not been previously revoked or denied.

(6) The department periodically shall inspect approved public and private treatment programs at reasonable times and in a reasonable manner.

(7) The department shall maintain and periodically publish a current list of approved treatment programs.

(8) Each approved treatment program shall file with the department on request, data, statistics, schedules, and information the department reasonably requires. An approved treatment program that without good cause fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent returns thereof, may be removed from the list of approved treatment programs, and its certification revoked or suspended.

(9) The department shall use the data provided in subsection (8) of this section to evaluate each program that admits children to inpatient treatment upon application of their parents. The evaluation shall be done at least once every twelve months. In addition, the department shall randomly select and review the information on individual children who are admitted on application of the child's parent for the purpose of determining whether the child was appropriately placed into treatment based on an objective evaluation of the child's condition and the outcome of the child's treatment.

(10) Upon petition of the department and after a hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer or employee of the department authorizing him or her to enter and inspect at reasonable times, and examine the books and accounts of, any approved public or private treatment program refusing to consent to inspection or examination by the department or which the department has reasonable cause to believe is operating in violation of this chapter.

(11)(a) All approved opiate substitution treatment programs that provide services to women who are pregnant are required to disseminate up-to-date and accurate health education information to all their pregnant clients concerning the possible addiction and health risks that their opiate substitution treatment may have on their baby. All pregnant clients must also be advised of the risks to both them and their baby associated with not remaining on the opiate substitute program. The information must be provided to these clients both verbally and in writing. The health education information provided to the pregnant clients must include referral options for the addicted baby.

(b) The department shall adopt rules that require all opiate treatment programs to educate all pregnant women in their program on the benefits and risks of methadone treatment to their fetus before they are provided these medications, as part of their addiction treatment. The department shall meet the requirements under this subsection within the appropriations provided for opiate treatment programs. The department, working with treatment providers and medical experts, shall develop and disseminate the educational mate-

rials to all certified opiate treatment programs. [2005 c 70 § 2; 1995 c 312 § 46; 1990 c 151 § 5. Prior: 1989 c 270 § 19; 1989 c 175 § 131; 1972 ex.s. c 122 § 9.]

**Findings—Intent—2005 c 70:** "The legislature finds that drug use among pregnant women is a significant and growing concern statewide. The legislature further finds that methadone, although an effective alternative to other substance use treatments, can result in babies who are exposed to methadone while in utero being born addicted and facing the painful effects of withdrawal.

It is the intent of the legislature to notify all pregnant mothers who are receiving methadone treatment of the risks and benefits methadone could have on their baby during pregnancy through birth and to inform them of the potential need for the newborn baby to be taken care of in a hospital setting or in a specialized supportive environment designed specifically to address newborn addiction problems." [2005 c 70 § 1.]

**Short title—1995 c 312:** See note following RCW 13.32A.010.

**Effective date—1989 c 175:** See note following RCW 34.05.010.

**70.96A.141 Joinder of petitions for commitment.** A petition for commitment under this chapter may be joined with a petition for commitment under chapter 71.05 RCW. [2005 c 504 § 304.]

**70.96A.157 Persons subject to court-ordered treatment or supervision—Documentation.** (1) Treatment providers shall inquire of each person seeking treatment, at intake, whether the person is subject to court ordered mental health or chemical dependency treatment, whether civil or criminal, and document the person's response in his or her record. If the person is in treatment on July 1, 2005, and the treatment provider has not inquired whether the person is subject to court ordered mental health or chemical dependency treatment, the treatment provider shall inquire on the person's next treatment session and document the person's response in his or her record.

(2) Treatment providers shall inquire of each person seeking treatment, at intake, whether the person is subject to supervision of any kind by the department of corrections and document the person's response in his or her record. If the person is in treatment on July 1, 2005, and the treatment provider has not inquired whether the person is subject to supervision of any kind by the department of corrections, the treatment provider shall inquire on the person's next treatment session and document the person's response in his or her record.

(3) For all persons who are subject to both court ordered mental health or chemical dependency treatment and supervision by the department of corrections, the treatment provider shall request an authorization to release records and notify the person that, unless expressly excluded by the court order the law requires treatment providers to share information with the department of corrections and the person's mental health treatment provider.

(4) If the treatment provider has reason to believe that a person is subject to supervision by the department of corrections but the person's record does not indicate that he or she is, the treatment provider may call any department of corrections office and provide the person's name and birth date. If

the person is subject to supervision, the treatment provider shall request, and the department of corrections shall provide, the name and contact information for the person's community corrections officer. [2005 c 504 § 508.]

(Expires June 30, 2008.)** (1) The secretary shall select and contract with counties to provide intensive case management for chemically dependent persons with histories of high utilization of crisis services at two sites. In selecting the two sites, the secretary shall endeavor to site one in an urban county, and one in a rural county; and to site them in counties other than those selected pursuant to RCW 70.96B.020, to the extent necessary to facilitate evaluation of pilot project results.

(2) The contracted sites shall implement the pilot programs by providing intensive case management to persons with a primary chemical dependency diagnosis or dual primary chemical dependency and mental health diagnoses, through the employment of chemical dependency case managers. The chemical dependency case managers shall:

(a) Be trained in and use the integrated, comprehensive screening and assessment process adopted under RCW 70.96C.010;

**70.96B.050 Petition for initial detention—Evaluation and treatment period—Procedure. (Expires July 1, 2008.)**

(1)(a) When a designated crisis responder receives information alleging that a person, as a result of a mental disorder, chemical dependency disorder, or both, presents a likelihood of serious harm or is gravely disabled, the designated crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention. Before filing the petition, the designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at either an evaluation and treatment facility, a detoxification facility, or other certified chemical dependency provider.

(b)(i)(A) Whenever it appears, by petition for initial detention, to the satisfaction of a judge of the superior court that a person presents as a result of a mental disorder, a likelihood of serious harm, or is gravely disabled, and that the

person has refused or failed to accept appropriate evaluation and treatment voluntarily, the judge may issue an order requiring the person to appear within twenty-four hours after service of the order at a designated evaluation and treatment facility for not more than a seventy-two hour evaluation and treatment period; or

(B) Whenever it appears, by petition for initial detention, to the satisfaction of a judge of the superior court, district court, or other court permitted by court rule, that a person presents as a result of a chemical dependency, a likelihood of serious harm, or is gravely disabled, and that the person has refused or failed to accept appropriate evaluation and treatment voluntarily, the judge may issue an order requiring the person to appear within twenty-four hours after service of the order at a secure detoxification facility or other certified chemical dependency provider for not more than a seventy-two hour evaluation and treatment period.

(ii) The order issued under this subsection (1)(b) shall state the address of the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider to which the person is to report; whether the required seventy-two hour evaluation and treatment services may be delivered on an outpatient or inpatient basis; and that if the person named in the order fails to appear at the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider at or before the date and time stated in the order, the person may be involuntarily taken into custody for evaluation and treatment. The order shall also designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(c) The designated crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order to appear, together with a notice of rights and a petition for initial detention. After service on the person, the designated crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility or secure detoxification facility and the designated attorney. The designated crisis responder shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider. The person shall be permitted to remain in his or her home or other place of his or her choosing before the time of evaluation and shall be permitted to be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other person accompanying the person may be present during the admission evaluation. The facility may exclude the person if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(d) If the person ordered to appear does appear on or before the date and time specified, the evaluation and treatment facility, secure detoxification facility, or other certified

chemical dependency provider may admit the person as required by subsection (3) of this section or may provide treatment on an outpatient basis. If the person ordered to appear fails to appear on or before the date and time specified, the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider shall immediately notify the designated crisis responder who may notify a peace officer to take the person or cause the person to be taken into custody and placed in an evaluation and treatment facility, a secure detoxification facility, or other certified chemical dependency provider. Should the designated crisis responder notify a peace officer authorizing the officer to take a person into custody under this subsection, the designated crisis responder shall file with the court a copy of the authorization and a notice of detention. At the time the person is taken into custody there shall commence to be served on the person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of detention, a notice of rights, and a petition for initial detention.

(2) If a designated crisis responder receives information alleging that a person, as the result of:

(a) A mental disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take the person, or cause by oral or written order the person to be taken into emergency custody in an evaluation and treatment facility for not more than seventy-two hours as described in this chapter; or

(b) Chemical dependency, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take the person, or cause by oral or written order the person to be taken into emergency custody in a secure detoxification facility for not more than seventy-two hours as described in this chapter.

(3) If the designated crisis responder petitions for detention of a person whose actions constitute a likelihood of serious harm, or who is gravely disabled, the evaluation and treatment facility, the secure detoxification facility, or other certified chemical dependency provider providing seventy-two hour evaluation and treatment must immediately accept on a provisional basis the petition and the person. The evaluation and treatment facility, the secure detoxification facility, or other certified chemical dependency provider shall then evaluate the person's condition and admit, detain, transfer, or discharge such person in accordance with this chapter. The facility shall notify in writing the court and the designated crisis responder of the date and time of the initial detention of each person involuntarily detained so that a probable cause hearing will be held no later than seventy-two hours after detention.

(4) A peace officer may, without prior notice of the proceedings provided for in subsection (1) of this section, take or cause the person to be taken into custody and immediately delivered to an evaluation and treatment facility, secure detoxification facility, other certified chemical dependency

treatment provider only pursuant to subsections (1)(d) and (2) of this section.

(5) Nothing in this chapter limits the power of a peace officer to take a person into custody and immediately deliver the person to the emergency department of a local hospital or to a detoxification facility. [2005 c 504 § 206.]

**70.96B.060 Exemption from liability. (Expires July 1, 2008.)** (1) A person or public or private entity employing a person is not civilly or criminally liable for performing duties under this chapter if the duties were performed in good faith and without gross negligence.

(2) This section does not relieve a person from giving the required notices under RCW 71.05.330(2) or 71.05.340(1)(b), or the duty to warn or to take reasonable precautions to provide protection from violent behavior where the patient has communicated an actual threat of physical violence against a reasonably identifiable victim or victims. **70.96B.070 Detention period for evaluation and treatment. (Expires July 1, 2008.)** If the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider admits the person, it may detain the person for evaluation and treatment for a period not to exceed seventy-two hours from the time of acceptance. The computation of the seventy-two hour period excludes Saturdays, Sundays, and holidays. [2005 c 504 § 208.]

**70.96B.080 Detention for evaluation and treatment of mental disorder—Chapter 71.05 RCW applies. (Expires July 1, 2008.)** Whenever any person is detained for evaluation and treatment for a mental disorder under RCW 70.96B.050, chapter 71.05 RCW applies. [2005 c 504 § 209.]

**70.96B.090 Procedures for additional chemical dependency treatment. (Expires July 1, 2008.)** (1) A person detained for seventy-two hour evaluation and treatment under RCW 70.96B.050 or 70.96A.120 may be detained for not more than fourteen additional days of involuntary chemical dependency treatment if there are beds available at the

secure detoxification facility and the following conditions are met:

(a) The professional person in charge of the agency or facility or the person's designee providing evaluation and treatment services in a secure detoxification facility has assessed the person's condition and finds that the condition is caused by chemical dependency and either results in a likelihood of serious harm or in the detained person being gravely disabled, and the professional person or his or her designee is prepared to testify those conditions are met;

(b) The person has been advised of the need for voluntary treatment and the professional person in charge of the agency or facility or his or her designee has evidence that he or she has not in good faith volunteered for treatment; and

(c) The professional person in charge of the agency or facility or the person's designee has filed a petition for fourteen-day involuntary detention with the superior court, district court, or other court permitted by court rule. The petition must be signed by the chemical dependency professional who has examined the person.

(2) The petition under subsection (1)(c) of this section shall be accompanied by a certificate of a licensed physician who has examined the person, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the licensed physician's findings in support of the allegations of the petition. A physician employed by the petitioning program or the department is eligible to be the certifying physician.

(3) The petition shall state facts that support the finding that the person, as a result of chemical dependency, presents a likelihood of serious harm or is gravely disabled, and that there are no less restrictive alternatives to detention in the best interest of the person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate.

(4) A copy of the petition shall be served on the detained person, his or her attorney, and his or her guardian or conservator, if any, before the probable cause hearing.

(5)(a) The court shall inform the person whose commitment is sought of his or her right to contest the petition, be represented by counsel at every stage of any proceedings relating to his or her commitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment is sought shall be informed of his or her right to be examined by a licensed physician of his or her choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall appoint a reasonably available licensed physician designated by the person.

(b) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that the person, as the result of chemical dependency, presents a likelihood of serious harm or is gravely disabled and, after con-

sidering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interest of such person or others, the court shall order that the person be detained for involuntary chemical dependency treatment not to exceed fourteen days in a secure detoxification facility. (f) Failed to pay any civil monetary penalty assessed by the department under this chapter within ten days after the assessment becomes final.

(3)(a) Civil penalties collected under this chapter shall be deposited into a special fund administered by the department.

(b) Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day the facility is or was out of compliance. Civil monetary penalties shall not exceed three thousand dollars per day. Each day upon which the same or a substantially similar action occurs is a separate violation subject to the assessment of a separate penalty.

(4) The department may use the civil penalty monetary fund for the protection of the health or property of residents of facilities found to be deficient including:

(a) Payment for the cost of relocation of residents to other facilities;

(b) Payment to maintain operation of a facility pending correction of deficiencies or closure; and

(c) Reimbursement of a resident for personal funds or property loss.

(6) If the department determines that an emergency exists and resident health and safety is immediately jeopardized as a result of a facility's failure or refusal to comply with this chapter, the department may summarily suspend the

facility's license and order the immediate closure of the facility, or the immediate transfer of residents, or both.

Operation of an enhanced services facility without a license in violation of this chapter is not reasonable in relation to the development and preservation of business. **70.105D.020 Definitions.** (1) "Agreed order" means an order issued by the department under this chapter with which the potentially liable person receiving the order agrees to comply. An agreed order may be used to require or approve any cleanup or other remedial actions but it is not a settlement under RCW 70.105D.040(4) and shall not contain a covenant not to sue, or provide protection from claims for contribution, or provide eligibility for public funding of remedial actions under RCW 70.105D.070(2)(d)(xi).

(2) "Department" means the department of ecology.

(3) "Director" means the director of ecology or the director's designee.

(4) "Facility" means (a) any building, structure, installation, equipment, pipe or pipeline (including any pipe into a sewer or publicly owned treatment works), well, pit, pond, lagoon, impoundment, ditch, landfill, storage container, motor vehicle, rolling stock, vessel, or aircraft, or (b) any site or area where a hazardous substance, other than a consumer product in consumer use, has been deposited, stored, disposed of, or placed, or otherwise come to be located.

(5) "Federal cleanup law" means the federal comprehensive environmental response, compensation, and liability act of 1980, 42 U.S.C. Sec. 9601 et seq., as amended by Public Law 99-499.

(6) "Foreclosure and its equivalents" means purchase at a foreclosure sale, acquisition, or assignment of title in lieu of foreclosure, termination of a lease, or other repossession, acquisition of a right to title or possession, an agreement in satisfaction of the obligation, or any other comparable formal or informal manner, whether pursuant to law or under warranties, covenants, conditions, representations, or promises from the borrower, by which the holder acquires title to or possession of a facility securing a loan or other obligation.

(7) "Hazardous substance" means:

(a) Any dangerous or extremely hazardous waste as defined in RCW 70.105.010 (5) and (6), or any dangerous or extremely dangerous waste designated by rule pursuant to chapter 70.105 RCW;

(d) Petroleum or petroleum products; and

(e) Any substance or category of substances, including solid waste decomposition products, determined by the director by rule to present a threat to human health or the environment if released into the environment.

The term hazardous substance does not include any of the following when contained in an underground storage tank

from which there is not a release: Crude oil or any fraction thereof or petroleum, if the tank is in compliance with all applicable federal, state, and local law.

(8) "Independent remedial actions" means remedial actions conducted without department oversight or approval, and not under an order, agreed order, or consent decree.

(9) "Holder" means a person who holds indicia of ownership primarily to protect a security interest. A holder includes the initial holder such as the loan originator, any subsequent holder such as a successor-in-interest or subsequent purchaser of the security interest on the secondary market, a guarantor of an obligation, surety, or any other person who holds indicia of ownership primarily to protect a security interest, or a receiver, court-appointed trustee, or other person who acts on behalf or for the benefit of a holder. A holder can be a public or privately owned financial institution, receiver, conservator, loan guarantor, or other similar persons that loan money or guarantee repayment of a loan. Holders typically are banks or savings and loan institutions but may also include others such as insurance companies, pension funds, or private individuals that engage in loaning of money or credit.

(10) "Indicia of ownership" means evidence of a security interest, evidence of an interest in a security interest, or evidence of an interest in a facility securing a loan or other obligation, including any legal or equitable title to a facility acquired incident to foreclosure and its equivalents. Evidence of such interests includes, mortgages, deeds of trust, sellers interest in a real estate contract, liens, surety bonds, and guarantees of obligations, title held pursuant to a lease financing transaction in which the lessor does not select initially the leased facility, or legal or equitable title obtained pursuant to foreclosure and their equivalents. Evidence of such interests also includes assignments, pledges, or other rights to or other forms of encumbrance against the facility that are held primarily to protect a security interest.

(11) "Operating a facility primarily to protect a security interest" occurs when all of the following are met: (a) Operating the facility where the borrower has defaulted on the loan or otherwise breached the security agreement; (b) operating the facility to preserve the value of the facility as an ongoing business; (c) the operation is being done in anticipation of a sale, transfer, or assignment of the facility; and (d) the operation is being done primarily to protect a security interest. Operating a facility for longer than one year prior to foreclosure or its equivalents shall be presumed to be operating the facility for other than to protect a security interest.

(12) "Owner or operator" means:

(a) Any person with any ownership interest in the facility or who exercises any control over the facility; or

(b) In the case of an abandoned facility, any person who had owned, or operated, or exercised control over the facility any time before its abandonment;

The term does not include:

(i) An agency of the state or unit of local government which acquired ownership or control through a drug forfeiture action under RCW 69.50.505, or involuntarily through bankruptcy, tax delinquency, abandonment, or other circumstances in which the government involuntarily acquires title. This exclusion does not apply to an agency of the state or unit of local government which has caused or contributed to the

release or threatened release of a hazardous substance from the facility;

(ii) A person who, without participating in the management of a facility, holds indicia of ownership primarily to protect the person's security interest in the facility. Holders after foreclosure and its equivalent and holders who engage in any of the activities identified in subsection (13)(e) through (g) of this section shall not lose this exemption provided the holder complies with all of the following:

(A) The holder properly maintains the environmental compliance measures already in place at the facility;

(B) The holder complies with the reporting requirements in the rules adopted under this chapter;

(C) The holder complies with any order issued to the holder by the department to abate an imminent or substantial endangerment;

(D) The holder allows the department or potentially liable persons under an order, agreed order, or settlement agreement under this chapter access to the facility to conduct remedial actions and does not impede the conduct of such remedial actions;

(E) Any remedial actions conducted by the holder are in compliance with any preexisting requirements identified by the department, or, if the department has not identified such requirements for the facility, the remedial actions are conducted consistent with the rules adopted under this chapter; and

(F) The holder does not exacerbate an existing release. The exemption in this subsection (12)(b)(ii) does not apply to holders who cause or contribute to a new release or threatened release or who are otherwise liable under RCW 70.105D.040(1) (b), (c), (d), and (e); provided, however, that a holder shall not lose this exemption if it establishes that any such new release has been remediated according to the requirements of this chapter and that any hazardous substances remaining at the facility after remediation of the new release are divisible from such new release;

(iii) A fiduciary in his, her, or its personal or individual capacity. This exemption does not preclude a claim against the assets of the estate or trust administered by the fiduciary or against a nonemployee agent or independent contractor retained by a fiduciary. This exemption also does not apply to the extent that a person is liable under this chapter independently of the person's ownership as a fiduciary or for actions taken in a fiduciary capacity which cause or contribute to a new release or exacerbate an existing release of hazardous substances. This exemption applies provided that, to the extent of the fiduciary's powers granted by law or by the applicable governing instrument granting fiduciary powers, the fiduciary complies with all of the following:

(A) The fiduciary properly maintains the environmental compliance measures already in place at the facility;

(B) The fiduciary complies with the reporting requirements in the rules adopted under this chapter;

(C) The fiduciary complies with any order issued to the fiduciary by the department to abate an imminent or substantial endangerment;

(D) The fiduciary allows the department or potentially liable persons under an order, agreed order, or settlement agreement under this chapter access to the facility to conduct

remedial actions and does not impede the conduct of such remedial actions;

(E) Any remedial actions conducted by the fiduciary are in compliance with any preexisting requirements identified by the department, or, if the department has not identified such requirements for the facility, the remedial actions are conducted consistent with the rules adopted under this chapter; and

(F) The fiduciary does not exacerbate an existing release.

The exemption in this subsection (12)(b)(iii) does not apply to fiduciaries who cause or contribute to a new release or threatened release or who are otherwise liable under RCW 70.105D.040(1) (b), (c), (d), and (e); provided however, that a fiduciary shall not lose this exemption if it establishes that any such new release has been remediated according to the requirements of this chapter and that any hazardous substances remaining at the facility after remediation of the new release are divisible from such new release. The exemption in this subsection (12)(b)(iii) also does not apply where the fiduciary's powers to comply with this subsection (12)(b)(iii) are limited by a governing instrument created with the objective purpose of avoiding liability under this chapter or of avoiding compliance with this chapter; or

(iv) Any person who has any ownership interest in, operates, or exercises control over real property where a hazardous substance has come to be located solely as a result of migration of the hazardous substance to the real property through the ground water from a source off the property, if:

(A) The person can demonstrate that the hazardous substance has not been used, placed, managed, or otherwise handled on the property in a manner likely to cause or contribute to a release of the hazardous substance that has migrated onto the property;

(B) The person has not caused or contributed to the release of the hazardous substance;

(C) The person does not engage in activities that damage or interfere with the operation of remedial actions installed on the person's property or engage in activities that result in exposure of humans or the environment to the contaminated ground water that has migrated onto the property;

(D) If requested, the person allows the department, potentially liable persons who are subject to an order, agreed order, or consent decree, and the authorized employees, agents, or contractors of each, access to the property to conduct remedial actions required by the department. The person may attempt to negotiate an access agreement before allowing access; and

(E) Legal withdrawal of ground water does not disqualify a person from the exemption in this subsection (12)(b)(iv).

(13) "Participation in management" means exercising decision-making control over the borrower's operation of the facility, environmental compliance, or assuming or manifesting responsibility for the overall management of the enterprise encompassing the day-to-day decision making of the enterprise.

The term does not include any of the following: (a) A holder with the mere capacity or ability to influence, or the unexercised right to control facility operations; (b) a holder who conducts or requires a borrower to conduct an environmental audit or an environmental site assessment at the facil-

ity for which indicia of ownership is held; (c) a holder who requires a borrower to come into compliance with any applicable laws or regulations at the facility for which indicia of ownership is held; (d) a holder who requires a borrower to conduct remedial actions including setting minimum requirements, but does not otherwise control or manage the borrower's remedial actions or the scope of the borrower's remedial actions except to prepare a facility for sale, transfer, or assignment; (e) a holder who engages in workout or policing activities primarily to protect the holder's security interest in the facility; (f) a holder who prepares a facility for sale, transfer, or assignment or requires a borrower to prepare a facility for sale, transfer, or assignment; (g) a holder who operates a facility primarily to protect a security interest, or requires a borrower to continue to operate, a facility primarily to protect a security interest; and (h) a prospective holder who, as a condition of becoming a holder, requires an owner or operator to conduct an environmental audit, conduct an environmental site assessment, come into compliance with any applicable laws or regulations, or conduct remedial actions prior to holding a security interest is not participating in the management of the facility.

(14) "Person" means an individual, firm, corporation, association, partnership, consortium, joint venture, commercial entity, state government agency, unit of local government, federal government agency, or Indian tribe.

(15) "Policing activities" means actions the holder takes to insure that the borrower complies with the terms of the loan or security interest or actions the holder takes or requires the borrower to take to maintain the value of the security. Policing activities include: Requiring the borrower to conduct remedial actions at the facility during the term of the security interest; requiring the borrower to comply or come into compliance with applicable federal, state, and local environmental and other laws, regulations, and permits during the term of the security interest; securing or exercising authority to monitor or inspect the facility including on-site inspections, or to monitor or inspect the borrower's business or financial condition during the term of the security interest; or taking other actions necessary to adequately police the loan or security interest such as requiring a borrower to comply with any warranties, covenants, conditions, representations, or promises from the borrower.

(16) "Potentially liable person" means any person whom the department finds, based on credible evidence, to be liable under RCW 70.105D.040. The department shall give notice to any such person and allow an opportunity for comment before making the finding, unless an emergency requires otherwise.

(17) "Prepare a facility for sale, transfer, or assignment" means to secure access to the facility; perform routine maintenance on the facility; remove inventory, equipment, or structures; properly maintain environmental compliance measures already in place at the facility; conduct remedial actions to clean up releases at the facility; or to perform other similar activities intended to preserve the value of the facility where the borrower has defaulted on the loan or otherwise breached the security agreement or after foreclosure and its equivalents and in anticipation of a pending sale, transfer, or assignment, primarily to protect the holder's security interest in the facility. A holder can prepare a facility for sale, trans-

fer, or assignment for up to one year prior to foreclosure and its equivalents and still stay within the security interest exemption in subsection (12)(b)(ii) of this section.

(18) "Primarily to protect a security interest" means the indicia of ownership is held primarily for the purpose of securing payment or performance of an obligation. The term does not include indicia of ownership held primarily for investment purposes nor indicia of ownership held primarily for purposes other than as protection for a security interest. A holder may have other, secondary reasons, for maintaining indicia of ownership, but the primary reason must be for protection of a security interest. Holding indicia of ownership after foreclosure or its equivalents for longer than five years shall be considered to be holding the indicia of ownership for purposes other than primarily to protect a security interest. For facilities that have been acquired through foreclosure or its equivalents prior to July 23, 1995, this five-year period shall begin as of July 23, 1995.

(19) "Public notice" means, at a minimum, adequate notice mailed to all persons who have made timely request of the department and to persons residing in the potentially affected vicinity of the proposed action; mailed to appropriate news media; published in the newspaper of largest circulation in the city or county of the proposed action; and opportunity for interested persons to comment.

(20) "Release" means any intentional or unintentional entry of any hazardous substance into the environment, including but not limited to the abandonment or disposal of containers of hazardous substances.

(21) "Remedy" or "remedial action" means any action or expenditure consistent with the purposes of this chapter to identify, eliminate, or minimize any threat or potential threat posed by hazardous substances to human health or the environment including any investigative and monitoring activities with respect to any release or threatened release of a hazardous substance and any health assessments or health effects studies conducted in order to determine the risk or potential risk to human health.

(22) "Security interest" means an interest in a facility created or established for the purpose of securing a loan or other obligation. Security interests include deeds of trusts, sellers interest in a real estate contract, liens, legal, or equitable title to a facility acquired incident to foreclosure and its equivalents, and title pursuant to lease financing transactions. Security interests may also arise from transactions such as sale and leasebacks, conditional sales, installment sales, trust receipt transactions, certain assignments, factoring agreements, accounts receivable financing arrangements, easements, and consignments, if the transaction creates or establishes an interest in a facility for the purpose of securing a loan or other obligation.

(23) "Industrial properties" means properties that are or have been characterized by, or are to be committed to, traditional industrial uses such as processing or manufacturing of materials, marine terminal and transportation areas and facilities, fabrication, assembly, treatment, or distribution of manufactured products, or storage of bulk materials, that are either:

(a) Zoned for industrial use by a city or county conducting land use planning under chapter 36.70A RCW; or

(b) For counties not planning under chapter 36.70A RCW and the cities within them, zoned for industrial use and adjacent to properties currently used or designated for industrial purposes.

(24) "Workout activities" means those actions by which a holder, at any time prior to foreclosure and its equivalents, seeks to prevent, cure, or mitigate a default by the borrower or obligor; or to preserve, or prevent the diminution of, the value of the security. Workout activities include: Restructuring or renegotiating the terms of the security interest; requiring payment of additional rent or interest; exercising forbearance; requiring or exercising rights pursuant to an assignment of accounts or other amounts owed to an obligor; requiring or exercising rights pursuant to an escrow agreement pertaining to amounts owed to an obligor; providing specific or general financial or other advice, suggestions, counseling, or guidance; and exercising any right or remedy the holder is entitled to by law or under any warranties, covenants, conditions, representations, or promises from the borrower.

(25)(a) "Fiduciary" means a person acting for the benefit of another party as a bona fide trustee; executor; administrator; custodian; guardian of estates or guardian ad litem; receiver; conservator; committee of estates of incapacitated persons; trustee in bankruptcy; trustee, under an indenture agreement, trust agreement, lease, or similar financing agreement, for debt securities, certificates of interest or certificates of participation in debt securities, or other forms of indebtedness as to which the trustee is not, in the capacity of trustee, the lender. Except as provided in subsection (12)(b)(iii) of this section, the liability of a fiduciary under this chapter shall not exceed the assets held in the fiduciary capacity.

(b) "Fiduciary" does not mean:

(i) A person acting as a fiduciary with respect to a trust or other fiduciary estate that was organized for the primary purpose of, or is engaged in, actively carrying on a trade or business for profit, unless the trust or other fiduciary estate was created as part of, or to facilitate, one or more estate plans or because of the incapacity of a natural person;

(ii) A person who acquires ownership or control of a facility with the objective purpose of avoiding liability of the person or any other person. It is prima facie evidence that the fiduciary acquired ownership or control of the facility to avoid liability if the facility is the only substantial asset in the fiduciary estate at the time the facility became subject to the fiduciary estate;

(iii) A person who acts in a capacity other than that of a fiduciary or in a beneficiary capacity and in that capacity directly or indirectly benefits from a trust or fiduciary relationship;

(iv) A person who is a beneficiary and fiduciary with respect to the same fiduciary estate, and who while acting as a fiduciary receives benefits that exceed customary or reasonable compensation, and incidental benefits permitted under applicable law;

(v) A person who is a fiduciary and receives benefits that substantially exceed customary or reasonable compensation, and incidental benefits permitted under applicable law; or

(vi) A person who acts in the capacity of trustee of state or federal lands or resources.

(26) "Fiduciary capacity" means the capacity of a person holding title to a facility, or otherwise having control of an

interest in the facility pursuant to the exercise of the responsibilities of the person as a fiduciary. [2005 c 191 § 1; 1998 c 6 § 1; 1997 c 406 § 2; 1995 c 70 § 1; 1994 c 254 § 2; 1989 c 2 § 2 (Initiative Measure No. 97, approved November 8, 1988).]

**Findings—Intent—1997 c 406:** "The legislature finds that:

(1) Engrossed Substitute House Bill No. 1810 enacted during the 1995 legislative session [1995 c 359] authorized establishment of the model toxics control act policy advisory committee, a twenty-two member committee representing a broad range of interests including the legislature, agriculture, large and small business, environmental organizations, and local and state government. The committee was charged with the task of providing advice to the legislature and the department of ecology to more effectively implement the model toxics control act, chapter 70.105D RCW.

(2) The committee members committed considerable time and effort to their charge, meeting twenty-six times during 1995 and 1996 to discuss and decide issues. In addition, the committee created four subcommittees that met over sixty times during this same period. There were also numerous working subgroups and drafting committees formed on an ad hoc basis to support the committee's work. Many members of the public also attended these meetings and were provided opportunities to contribute to the committee deliberations.

(3) The policy advisory committee completed its work and submitted a final report to the department of ecology and the legislature on December 15, 1996. That report contains numerous recommendations for statutory changes that were agreed to by consensus of the committee members or obtained broad support of most of the committee members. Chapter 406, Laws of 1997 is intended to implement those recommended statutory changes." [1997 c 406 § 1.]

**70.105D.050 Enforcement.** (1) With respect to any release, or threatened release, for which the department does not conduct or contract for conducting remedial action and for which the department believes remedial action is in the public interest, the director shall issue orders or agreed orders requiring potentially liable persons to provide the remedial action. Any liable person who refuses, without sufficient cause, to comply with an order or agreed order of the director is liable in an action brought by the attorney general for:

(a) Up to three times the amount of any costs incurred by the state as a result of the party's refusal to comply; and

(b) A civil penalty of up to twenty-five thousand dollars for each day the party refuses to comply.

The treble damages and civil penalty under this subsection apply to all recovery actions filed on or after March 1, 1989.

(2) Any person who incurs costs complying with an order issued under subsection (1) of this section may petition the department for reimbursement of those costs. If the department refuses to grant reimbursement, the person may within thirty days thereafter file suit and recover costs by proving that he or she was not a liable person under RCW 70.105D.040 and that the costs incurred were reasonable.

(3) The attorney general shall seek, by filing an action if necessary, to recover the amounts spent by the department for investigative and remedial actions and orders, and agreed orders, including amounts spent prior to March 1, 1989.

(4) The attorney general may bring an action to secure such relief as is necessary to protect human health and the environment under this chapter.

(5)(a) Any person may commence a civil action to compel the department to perform any nondiscretionary duty under this chapter. At least thirty days before commencing the action, the person must give notice of intent to sue, unless a substantial endangerment exists. The court may award

attorneys' fees and other costs to the prevailing party in the action.

(b) Civil actions under this section and RCW 70.105D.060 may be brought in the superior court of Thurston county or of the county in which the release or threatened release exists.

(6) Any person who fails to provide notification of releases consistent with RCW 70.105D.110 or who submits false information is liable in an action brought by the attorney general for a civil penalty of up to five thousand dollars per day for each day the party refuses to comply.

(7) Any person who owns real property or lender holding a mortgage on real property that is subject to a lien filed under RCW 70.105D.055 may petition the department to have the lien removed or the amount of the lien reduced. If, after consideration of the petition and the information supporting the petition, the department decides to deny the request, the person may, within ninety days after receipt of the department's denial, file suit for removal or reduction of the lien. The person is entitled to removal of a lien filed under RCW 70.105D.055(2)(a) if they can prove by a preponderance of the evidence that the person is not a liable party under RCW 70.105D.040. The person is entitled to a reduction of the amount of the lien if they can prove by a preponderance of the evidence:

(a) For liens filed under RCW 70.105D.055(2)(a), the amount of the lien exceeds the remedial action costs the department incurred related to cleanup of the real property; and

(b) For liens filed under RCW 70.105D.055(2)(c), the amount of the lien exceeds the remedial action costs the department incurred related to cleanup of the real property or exceeds the increase of the fair market value of the real property solely attributable to the remedial action conducted by the department. [2005 c 211 § 2; 2002 c 288 § 4; 1994 c 257 § 12; 1989 c 2 § 5 (Initiative Measure No. 97, approved November 8, 1988).]

**Effective date—2002 c 288 §§ 2-4:** See note following RCW 70.105D.110.

**Severability—2002 c 288:** See note following RCW 70.105D.010.

**Severability—1994 c 257:** See note following RCW 36.70A.270.

**70.105D.055 Lien authority.** (1) It is in the public interest for the department to recover remedial action costs incurred in discharging its responsibility under this chapter, as these recovered funds can then be applied to the cleanup of other facilities. Thus, in addition to other cost-recovery mechanisms provided under this chapter, this section is intended to facilitate the recovery of state funds spent on remedial actions by providing the department with lien authority. This will also prevent a facility owner or mortgagee from gaining a financial windfall from increased land value resulting from department-conducted remedial actions at the expense of the state taxpayers.

(2) If the state of Washington incurs remedial action costs relating to a remedial action of real property, and those remedial action costs are unrecovered by the state of Washington, the department may file a lien against that real property.

(a) Except as provided in (c) of this subsection, liens filed under this section shall have priority in rank over all

other privileges, liens, monetary encumbrances, or other security interests affecting the real property, whenever incurred, filed, or recorded, except for the following liens:

(i) Local and special district property tax assessments; and

(ii) Mortgage liens recorded before liens or notices of intent to conduct remedial actions are recorded under this section.

(b) Liens filed pursuant to (a) and (c) of this subsection shall not exceed the remedial action costs incurred by the state.

(c)(i) If the real property for which the department has incurred remedial action costs is abandoned, the department may choose to limit the amount of the lien to the increase in the fair market value of the real property that is attributable to a remedial action conducted by the department. The increase in fair market value shall be determined by subtracting the county assessor's value of the real property for the most recent year prior to remedial action being initiated from the value of the real property after remedial action. The value of the real property after remedial action shall be determined by the bona fide purchase price of the real property or by a real estate appraiser retained by the department. Liens limited in this way have priority in rank over all other privileges, liens, monetary encumbrances, or other security interests affecting the real property, whenever incurred, filed, or recorded.

(ii) For the purposes of this subsection, "abandoned" means there has not been significant business activity on the real property for three years or property taxes owed on the real property are three years in arrears prior to the department incurring costs attributable to this lien.

(d) The department shall, when notifying potentially liable persons of their potential liability under RCW 70.105D.040, include a notice stating that if the department incurs remedial action costs relating to the remediation of real property and the costs are not recovered by the department, the department may file a lien against that real property under this section.

(e) Except for emergency remedial actions, the department must provide notice to the following persons before initiating remedial actions conducted by persons under contract to the department on real property on which a lien may be filed under this section:

(i) The real property owner;

(ii) Mortgagees;

(iii) Lienholders of record;

(iv) Persons known to the department to be conducting remedial actions at the facility at the time of such notice; and

(v) Persons known to the department to be under contract to conduct remedial actions at the facility at the time of such notice.

For emergency remedial actions, this notice shall be provided within thirty days after initiation of the emergency remedial actions.

(f) The department may record a copy of the notice in (e) of this subsection, along with a legal description of the property on which the remedial action will take place, with the county auditor in the county where the real property is located. If the department subsequently files a lien, the effective date of the lien will be the date this notice was recorded.

(3) Before filing a lien under this section, the department shall give the owner of real property on which the lien is to be filed and mortgagees and lienholders of record a notice of its intent to file a lien:

(a) The notice required under this subsection (3) must be sent by certified mail to the real property owner and mortgagees of record at the addresses listed in the recorded documents. If the real property owner is unknown or if a mailed notice is returned as undeliverable, the department shall provide notice by posting a legal notice in the newspaper of largest circulation in the county [in which] the site is located. The notice shall provide:

- (i) A statement of the purpose of the lien;
- (ii) A brief description of the real property to be affected by the lien;
- (iii) A statement of the remedial action costs incurred by the state related to the real property affected by the lien;
- (iv) A brief statement of facts showing probable cause that the real property is the subject of the remedial action costs incurred by the department; and
- (v) The time period following service or other notice during which any recipient of the notice whose legal rights may be affected by the lien may comment on the notice.

(b) Any comments on the notice must be received by the department on or before thirty days following service or other provision of the notice of intent to file a lien.

(c) If no comments are received by the department, the lien may be filed on the real property immediately.

(d) If the department receives any comments on the lien, the department shall determine if there is probable cause for filing the certificate of lien. If the department determines there is probable cause, the department may file the lien. Any further challenge to the lien may only occur at the times specified under RCW 70.105D.060.

(e) If the department has reason to believe that exigent circumstances require the filing of a lien prior to giving notice under this subsection (3), or prior to the expiration of the time period for comments, the department may file the lien immediately. For the purposes of this subsection (3), exigent circumstances include, but are not limited to, an imminent bankruptcy filing by the real property owner, or the imminent transfer or sale of the real property subject to lien by the real property owner, or both.

(4) A lien filed under this section is effective when a statement of lien is filed with the county auditor in the county where the real property is located. The statement of lien must include a description of the real property subject to lien and the amount of the lien.

(5) Unless the department determines it is in the public interest to remove the lien, the lien continues until the liability for the remedial action costs have been satisfied through sale of the real property, foreclosure, or other means agreed to by the department. Any action for foreclosure of the lien shall be brought by the attorney general in a civil action in the court having jurisdiction and in the manner prescribed for the judicial foreclosure of a mortgage.

(6)(a) This section does not apply to real property owned by a local government or special purpose district or real property used solely for residential purposes and consisting of four residential units or less at the time the lien is recorded.

This limitation does not apply to illegal drug manufacturing and storage sites under chapter 64.44 RCW.

(b) If the real property owner has consented to the department filing a lien on the real property, then only subsection (3)(a)(i) through (iii) of this section requiring notice to mortgagees and lienholders of record apply. [2005 c 211 § 1.]

**70.105D.060 Timing of review.** The department's investigative and remedial decisions under RCW 70.105D.030 and 70.105D.050, its decisions regarding filing a lien under RCW 70.105D.055, and its decisions regarding liable persons under RCW 70.105D.020(16), 70.105D.040, 70.105D.050, and 70.105D.055 shall be reviewable exclusively in superior court and only at the following times: (1) In a cost recovery suit under RCW 70.105D.050(3); (2) in a suit by the department to enforce an order or an agreed order, or seek a civil penalty under this chapter; (3) in a suit for reimbursement under RCW 70.105D.050(2); (4) in a suit by the department to compel investigative or remedial action; (5) in a citizen's suit under RCW 70.105D.050(5); and (6) in a suit for removal or reduction of a lien under RCW 70.105D.050(7). Except in suits for reduction or removal of a lien under RCW 70.105D.050(7), the court shall uphold the department's actions unless they were arbitrary and capricious. In suits for reduction or removal of a lien under RCW 70.105D.050(7), the court shall review such suits pursuant to the standards set forth in RCW 70.105D.050(7). [2005 c 211 § 3; 1994 c 257 § 13; 1989 c 2 § 6 (Initiative Measure No. 97, approved November 8, 1988).]

**Severability—1994 c 257:** See note following RCW 36.70A.270.

**70.105D.070 Toxics control accounts.** (1) The state toxics control account and the local toxics control account are hereby created in the state treasury.

(2) The following moneys shall be deposited into the state toxics control account: (a) Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-three one-hundredths of one percent; (b) the costs of remedial actions recovered under this chapter or chapter 70.105A RCW; (c) penalties collected or recovered under this chapter; and (d) any other money appropriated or transferred to the account by the legislature. Moneys in the account may be used only to carry out the purposes of this chapter, including but not limited to the following activities:

(i) The state's responsibility for hazardous waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.105 RCW;

(ii) The state's responsibility for solid waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.95 RCW;

(iii) The hazardous waste cleanup program required under this chapter;

(iv) State matching funds required under the federal cleanup law;

(v) Financial assistance for local programs in accordance with chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(vi) State government programs for the safe reduction, recycling, or disposal of hazardous wastes from households, small businesses, and agriculture;

(vii) Hazardous materials emergency response training;

(viii) Water and environmental health protection and monitoring programs;

(ix) Programs authorized under chapter 70.146 RCW;

(x) A public participation program, including regional citizen advisory committees;

(xi) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with cleanup standards under RCW 70.105D.030(2)(e) but only when the amount and terms of such funding are established under a settlement agreement under RCW 70.105D.040(4) and when the director has found that the funding will achieve both (A) a substantially more expeditious or enhanced cleanup than would otherwise occur, and (B) the prevention or mitigation of unfair economic hardship; and

(xii) Development and demonstration of alternative management technologies designed to carry out the top two hazardous waste management priorities of RCW 70.105.150.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent.

(a) Moneys deposited in the local toxics control account shall be used by the department for grants or loans to local governments for the following purposes in descending order of priority: (i) Remedial actions; (ii) hazardous waste plans and programs under chapter 70.105 RCW; (iii) solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW; (iv) funds for a program to assist in the assessment and cleanup of sites of methamphetamine production, but not to be used for the initial containment of such sites, consistent with the responsibilities and intent of RCW 69.50.511; and (v) cleanup and disposal of hazardous substances from abandoned or derelict vessels that pose a threat to human health or the environment. For purposes of this subsection (3)(a)(v), "abandoned or derelict vessels" means vessels that have little or no value and either have no identified owner or have an identified owner lacking financial resources to clean up and dispose of the vessel. Funds for plans and programs shall be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW. During the 1999-2001 fiscal biennium, moneys in the account may also be used for the following activities: Conducting a study of whether dioxins occur in fertilizers, soil amendments, and soils; reviewing applications for registration of fertilizers; and conducting a study of plant uptake of metals. During the 2005-2007 fiscal biennium, the legislature may transfer from the local toxics control account to the state toxics control account such amounts as specified in the omnibus capital budget bill. During the 2005-2007 fiscal biennium, moneys in the account may also be used for grants to local governments to retrofit public sector diesel equipment and for storm water planning and implementation activities.

(b) Funds may also be appropriated to the department of health to implement programs to reduce testing requirements under the federal safe drinking water act for public water sys-

tems. The department of health shall reimburse the account from fees assessed under RCW 70.119A.115 by June 30, 1995.

(4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(5) One percent of the moneys deposited into the state and local toxics control accounts shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. However, during the 1999-2001 fiscal biennium, funding may not be granted to entities engaged in lobbying activities, and applicants may not be awarded grants if their cumulative grant awards under this section exceed two hundred thousand dollars. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation from either account which are not expended at the close of any biennium shall revert to the state toxics control account.

(6) No moneys deposited into either the state or local toxics control account may be used for solid waste incinerator feasibility studies, construction, maintenance, or operation.

(7) The department shall adopt rules for grant or loan issuance and performance.

(8) During the 2005-2007 fiscal biennium, the legislature may transfer from the state toxics control account to the water quality account such amounts as reflect the excess fund balance of the fund. **70.105E.010 Purpose.** The purpose of chapter 1, Laws of 2005 is to prohibit sites at which mixed radioactive and hazardous wastes have contaminated or threaten to contaminate the environment, such as at the Hanford nuclear reservation, from adding more waste that is not generated from the cleanup of the site until such waste on-site has been cleaned up and is stored, treated, or disposed of in compliance with all state and federal environment laws. [2005 c 1 § 1 (Initiative Measure No. 297, approved November 2, 2004).]

**70.105E.020 Policy.** (1) The Hanford nuclear reservation, through which the Columbia river flows for fifty miles, is the most contaminated area in North America. Use of Hanford as a national waste dump for radioactive and/or hazardous or toxic wastes will increase contamination and risks.

(2) Cleanup is the state of Washington's top priority at sites with hazardous waste contamination that threatens our rivers, ground water, environment, and health. Adding more waste to contaminated sites undermines the cleanup of those sites. Cleanup is delayed and funds and resources diverted if facilities needed to treat or clean up existing waste are used for imported waste, and if larger facilities must be built to accommodate off-site wastes.

(3) The fundamental and inalienable right of each person residing in Washington state to a healthy environment has been jeopardized by pollution of air and water spreading from Hanford.

(4) The economy of Washington state, from agriculture to tourism, to fisheries, could be irreparably harmed from any accident releasing radiation or mixed radioactive and hazardous wastes.

(5) It is Washington state policy to prohibit adding more waste to a site where mixed radioactive and hazardous wastes (a) are not stored or monitored in compliance with state and federal hazardous waste laws and (b) have been dumped in unlined soil trenches which threaten to contaminate our state's resources.

(6) It is state policy to protect Washington's current and future residents, particularly children and other sensitive individuals, from the cumulative risks of cancer caused by all cancer-causing hazardous substances, including radionuclides, by ensuring that hazardous substance release and disposal sites meet the standards established pursuant to chapter 70.105D RCW.

(7) Effective public and tribal involvement is necessary for government agencies to make sound decisions that will protect human health and the environment for thousands of years. It is Washington state policy to encourage and enhance effective public and tribal involvement in the complex decisions relating to cleanup, closure, permitting, and transportation of mixed waste; and to provide effective assistance to the public and local governments in reviewing and commenting upon complex decision documents. It is appropriate that the polluter pay for necessary public participation for decisions relating to waste releases and risks from mixed waste sites.

(8) The transport of mixed radioactive and hazardous wastes is inherently dangerous, and should be minimized. Decisions involving transportation of these wastes must be made with full involvement of the potentially affected public through whose communities these wastes will pass. [2005 c 1 § 2 (Initiative Measure No. 297, approved November 2, 2004).]

**70.105E.030 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Dangerous waste" has the same meaning as the term is defined in RCW 70.105.010.

(8) "Local government" means a city, town, or county.

(9) "Mixed waste" or "mixed radioactive and hazardous waste" means any hazardous substance or dangerous or extremely hazardous waste that contains both a nonradioactive hazardous component and a radioactive component, including any such substances that have been released to the environment, or pose a threat of future release, in a manner that may expose persons or the environment to either the non-radioactive or radioactive hazardous substances.

(10) "Mixed waste surcharge" means an additional charge for the purposes of local government and public participation in decisions relating to mixed waste facilities: Added to the service charge assessed under RCW 70.105.280 against those facilities that store, treat, incinerate, or dispose of mixed wastes; or against facilities at which mixed wastes

have been released, or which are undergoing closure pursuant to chapter 70.105 RCW or remedial action pursuant to chapter 70.105D RCW.

(14) "Site" means the contiguous geographic area under the same ownership, lease, or operation where a facility is located, or where there has been a release of hazardous substances. In the event of a release of hazardous substances, "site" includes any area, or body of surface or ground water, where a hazardous substance has been deposited, stored, disposed of, placed, migrated to, or otherwise come to be located.

(15) Unless otherwise defined, or the context indicates otherwise, terms not defined in this section have the same meaning as defined in chapter 70.105 RCW, when used in this chapter. [2005 c 1 § 3 (Initiative Measure No. 297, approved November 2, 2004).]

**70.105E.040 Duties of the department of ecology to regulate mixed wastes.** (1) The department of ecology shall regulate mixed wastes to the fullest extent it is not preempted by federal law, pursuant to chapter 70.105 RCW and the further provisions of this chapter.

(2) Any facility owner or operator of a site storing, managing, processing, transferring, treating, or disposing of mixed wastes shall apply for and obtain a final facility permit under chapter 70.105 RCW, this chapter, and the federal resource, conservation, and recovery act (RCRA), 42 U.S.C. Sec. 6901 et seq., as amended, before transporting to, storing or disposing at, the facility any additional mixed wastes not generated at the facility. At any facility granted a sitewide permit, under which permits for individual units are appended or become individual chapters, final facility permits must be applied for and obtained, for each unit or facility within the site where mixed wastes are, or will be, stored or disposed, prior to transporting to, storing or disposing at, the facility any additional mixed wastes not generated at the facility.

(3) The department shall not issue any permit requested under subsection (2) of this section unless the facility owner or operator is in compliance with the requirements of chapter 70.105 RCW, this chapter, and RCRA, 42 U.S.C. Sec. 6901 et seq., as amended, for obtaining and maintaining a final facility permit for existing mixed wastes stored, treated, or disposed of at the facility.

(4) If any sites, units, or facilities have interim status or an interim status permit, but fail to meet requirements for maintaining interim status under chapter 70.105 RCW, this chapter, or RCRA, 42 U.S.C. Sec. 6901 et seq., as amended, including but not limited to ground water monitoring and compliance requirements, the department shall find that the applicant for a final facility permit for mixed wastes under this section has failed to demonstrate compliance for purposes of obtaining such a permit pursuant to subsection (2) or (3) of this section.

(5) The addition of new trenches or cells, or widening or deepening of trenches, at a site with existing trenches containing mixed wastes shall be considered an expansion of the existing facilities for purposes of compliance with chapter 70.105 RCW or this chapter, and any permit or permit modification for such expansion shall be subject to the requirements of this section.

(6)(a) The department shall not issue a permit, or modify any existing permit, allowing for the treatment, storage, or disposal of any additional mixed wastes not generated at the site or facility as part of a remedial or corrective action, until:

(i) The site or facility is in full compliance with the requirements of chapter 70.105 RCW, this chapter, and RCRA, 42 U.S.C. Sec. 6901 et seq., as amended, for obtaining and maintaining a closure permit for any facility or unit from which a release of hazardous substances has occurred or is threatened to occur, after characterization and corrective action; or

(ii) The department has issued a formal determination that no further remedial action is necessary to remedy such a release pursuant to chapter 70.105D RCW.

(b) The prohibitions of this subsection (6) against granting or modifying a permit apply whenever a release of a hazardous substance, including but not limited to releases of radionuclides and any other carcinogenic substances, has occurred at a site or facility, and such release, or the cumulative impact of all releases at the site, are projected by the department to have the potential to exceed the following standards:

(i) Surface or ground water standards established pursuant to federal or state laws, including but not limited to maximum concentration limits, drinking water, or other standards; or

(ii) Cleanup or other standards adopted to protect human health or the environment pursuant to RCW 70.105D.030.

(7) Until all the requirements of subsection (6) [of this section] have been met, the department shall, by permit condition, limit any new construction of, expansion of, or final facility permit for, a facility for treating, storing or disposing of mixed waste to the capacity or size necessary for investigation, characterization, remediation, or corrective action of facilities or units undergoing closure, or remedial or corrective action at the site.

(8) The department may grant or modify permits pursuant to chapter 70.105 RCW solely for the purpose of remediation or closing existing facilities or units where there has been a release or threatened release of mixed wastes, if the permit expressly bars the storage or disposal of wastes that are not generated on-site pursuant to a remedial action, closure or corrective action approved by the department pursuant to this chapter or chapter 70.105D RCW.

(9) The department may permit specific treatment capacity at sites subject to the limitations of this section to be utilized for remediation or clean-up wastes from other sites, consistent with a site treatment plan approved by the department pursuant to RCRA, 42 U.S.C. [Sec.] 6901 et seq., as amended; provided that the department determines, after public notice and comment and consideration of impacts and alternatives in an environmental impact statement prepared pursuant to chapter 43.21C RCW, that use of such capacity will not: (i) Significantly increase any emissions, discharges,

risks or consequences of potential accidents; (ii) result in permanent disposal of imported off-site wastes in the soil at the site; (iii) be stored in excess of any applicable time limits, or any applicable requirement; or, (iv) impact funding for cleanup and corrective actions at the site or, result in delay of treatment or remediation of wastes at the site. [2005 c 1 § 4 (Initiative Measure No. 297, approved November 2, 2004).]

**70.105E.050 Releases of radioactive substances—Clean-up standards.** (1) The department shall consider releases, or potential releases, of radioactive substances or radionuclides as hazardous substances if the radioactive substance poses a risk of a carcinogenic, toxic, or any other adverse health or environmental effect. The department shall require corrective action for, or remediation of, such releases to meet the same health risk based minimum clean-up standards as adopted for other carcinogenic, toxic, or other hazardous substances posing similar health risks pursuant to RCW 70.105D.030.

(2) The department shall include all known or suspected human carcinogens, including radionuclides and radioactive substances, in calculating the applicable clean-up standard, corrective action level, or maximum allowable projected release from a landfill or other facility or unit at which mixed wastes are stored, disposed, or are reasonably believed by the department to be present, for purposes of chapter 70.105 RCW, this chapter, or chapter 70.105D RCW. In making any permit decision pursuant to chapter 70.105 RCW or this chapter, or in reviewing the adequacy of any environmental document prepared by another state, local, or federal agency, relating to mixed waste sites or facilities, the department shall ensure that the cumulative risk from all such carcinogens does not exceed the maximum acceptable carcinogen risk established by the department for purposes of determining clean-up standards pursuant to RCW 70.105D.030, or one additional cancer caused from exposure to all potential releases of hazardous substances at the site per one hundred thousand exposed individuals, whichever is more protective. [2005 c 1 § 5 (Initiative Measure No. 297, approved November 2, 2004).]

**70.105E.060 Disposal of waste in unlined trenches—Investigation and cleanup of unlined trenches—Closure of mixed waste tank systems.** (1)(a) The department, within sixty days after December 2, 2004, shall order any site owner or operator utilizing landfills or burial grounds containing unlined soil trenches in which mixed wastes are reasonably believed by the department to have been disposed to:

(i) Cease disposal of all further wastes in unlined soil trenches or facilities within thirty days of the order;

(ii) Initiate an investigation to provide the department with an inventory based on actual characterization of all hazardous substances potentially disposed in unlined trenches;

(iii) Initiate an investigation of releases or potential releases of any hazardous substances that were potentially disposed in unlined trenches;

(iv) Prepare, or pay the costs of the department to prepare, pursuant to the provisions of chapters 70.105 and 70.105D RCW, a plan for waste retrieval, treatment, closure, and monitoring for the unlined soil trenches, which may

include temporary caps pending full characterization and remediation, the schedule for which shall be based upon determination of requirements to prevent migration of wastes; and

(v) Install and maintain a ground water and soil column monitoring system, within two years, which is in compliance with all requirements of chapter 70.105 RCW, this chapter, and RCRA, 42 U.S.C. Sec. 6901 et seq., as amended.

(b) The department shall provide, by rule, for public notice, hearings, and comment on the scope of investigations and all actions necessary to fulfill the purposes of this section. Notice to the public for purposes of this section shall include a description of potential impacts to health or the environment from the facilities, and the potential for any state resources, or land areas, to be restricted from future use due to potential releases of hazardous substances from the site or facility.

(2) At any site with one or more land disposal facilities or units containing unlined trenches or pits, at which mixed wastes are stored or were disposed, any proposed expansion of such land disposal facility or unit, or application to permit new land disposal facilities at the same site, shall be considered to be an impermissible expansion of the existing units or facilities where:

(a) There is a reasonable basis to believe mixed or hazardous wastes are buried or stored that have not been fully characterized to conclusively determine that no mixed or hazardous wastes are present;

(b) A release of a hazardous substance has occurred, including but not limited to releases of radioactive or mixed wastes; or

(c) The department has information to indicate that there is a significant potential for a release of hazardous substances.

(3) Determinations and permit actions, pursuant to chapter 70.105 RCW or this chapter, relating to the closure of tank systems consisting of one or more interconnected tanks in which mixed wastes are currently, or were, stored, shall be made by the department only after consideration of the cumulative impacts of all tank residuals and leaks from such systems at the site pursuant to chapter 43.21C RCW. Actions may not be taken to close individual tanks, or which may prevent the retrieval of residual mixed wastes remaining in a tank, in any element of the tank system, or in the soil due to leaks from the tank system, prior to compliance with this section and determination of the quantity, nature, and potential impacts from such residuals or releases. In no event may the department allow the use of a landfill closure for mixed waste tank systems prior to all potentially effective and practicable actions having been taken to characterize, and remediate, releases and potential releases. The department may require research and development of technologies for characterization or retrieval pursuant to this section. [2005 c 1 § 6 (Initiative Measure No. 297, approved November 2, 2004).]

**70.105E.070 Disclosure of costs and clean-up budgets.** The department shall require, as a condition for any permit issued pursuant to the provisions of chapter 70.105 RCW or this chapter for facilities storing, treating, or disposing of mixed wastes, and at which hazardous substance releases to the environment have occurred, and remedial or

corrective action has not been completed, that the site owner or operator disclose annually to the department the projected total and annual cost of each project or action required to meet the provisions of each applicable federal or state law governing investigation, cleanup, corrective action, closure, or health and safety of facilities at the site; and, if the owner or operator is a state or federal agency, the budgets or budget requests for such purposes for the owner's current fiscal year and each of the upcoming three fiscal years. Where the owner of the site is a federal agency, the annual disclosure shall be provided to the department within fourteen days of: Submission of the agency's budget request to congress; final appropriation of funds; and at the time any field request is submitted to the agency's headquarters for funding in fiscal years beyond the current fiscal year. The disclosures to the department required by this section shall include, at a minimum, a comparison of the cost estimate for all activity required by compliance orders, decrees, schedules, or agreements, with the funds requested and with the funds appropriated. The owner or operator shall provide additional detail on projected costs and budgets, at the request of the department. Every year, the department shall hold public hearings, and seek advice from the site advisory board, on the disclosures required by this section and funding priorities. [2005 c 1 § 7 (Initiative Measure No. 297, approved November 2, 2004).]

**70.105E.080 Exemptions: Naval reactor disposal at Hanford—Low-level waste compact.** (1) Intent. The state of Washington has previously permitted, and committed to assist in the national need for, disposal of sealed nuclear reactor vessels and compartments from submarines and other vessels of the United States navy; and to operate a regional disposal site for low-level waste with no hazardous waste pursuant to an interstate compact. The United States navy reactor vessels or compartments are sealed in a manner estimated to prevent release of hazardous or radioactive wastes for hundreds of years, exceeding the performance of a liner system while disposal trenches are operating. Therefore, the state of Washington accepts the burden and risks of continued disposal of retired United States navy reactor vessels and low-level waste pursuant to the compact, recognizing that this disposal will cause future impacts to the soil, environment, and ground water.

(2) Nothing in chapter 1, Laws of 2005 shall affect existing permits for, or in any manner prohibit, the storage or disposal of sealed nuclear reactor vessels or compartments from retired United States navy submarines or surface ships at the existing disposal facility at Hanford, or affect existing permits for the operation of any facility by the federal government at which United States navy reactors are decommissioned or refueled.

(3) Obligations of the state pursuant to the Northwest interstate compact on low-level radioactive waste management and agreements made by the compact shall not be interfered with or affected by any provision of chapter 1, Laws of 2005. If hazardous or mixed wastes have been disposed or released at any facility operated pursuant to the compact, the relevant provisions of this chapter apply. [2005 c 1 § 8 (Initiative Measure No. 297, approved November 2, 2004).]

**70.105E.090 Advisory board—Public involvement—Funding.** (1) At any site or facility at which there has been a release of mixed wastes, permits issued under chapter 70.105 RCW for mixed waste facilities shall provide for the operation and funding of a broadly representative advisory board. The board shall be composed of representatives chosen by: Potentially affected tribes; regional and statewide citizen groups with an established record of concern regarding human health or the environment impacted or potentially impacted by releases from the site; local groups concerned with health and resource impacts; local governments; and the state of Oregon if that state may be, or has been, impacted by the release or threatened release of waste. Such permits shall specify that the advisory board be continued with adequate funding, provided by the owner or operator of the site, to perform its chartered functions until final closure or certification of the completion of remedial or corrective action.

(2) The department shall request the advisory board created or maintained at a facility pursuant to this section to advise it on procedural and substantive matters necessary for informed public comment. The department shall formally consider and respond to any comments from the advisory board regarding exposure scenarios prior to issuing any decision on a remedial, corrective, or closure action.

(3) The department shall base planning for its own oversight and permitting functions utilizing an assumption that mixed waste facility service charges established pursuant to RCW 70.105.280 should not be less than one percent of the first two hundred million dollars of the estimated annual site clean-up budget for the coming year, and one-half of one percent of the estimated annual site clean-up budget above that level. If the department determines that a lower or higher level of service charges is necessary to support its oversight and public involvement functions, then it shall seek comment from any advisory committee established for the site, and from the public, regarding the appropriate level of support.

(4)(a) Due to the complexity of issues involving mixed waste storage, treatment and disposal facilities, at such facilities, the department shall make available annual local government and public participation grants for both: (i) Assistance in public review of mixed waste permit, closure, and clean-up decisions; and, (ii) review of, and public comment on, site budgets, compliance costs and funding priorities. Public participation grants pursuant to this section shall be provided as determined by the criteria adopted by the department pursuant to RCW 70.105D.070(5). Local government grants pursuant to this section shall be made available to either a local government or a coalition of local governments. Grants under this section may be renewed annually at a level two times that permitted under RCW 70.105D.070(5), and shall not be subject to annual appropriation by the legislature.

(b) Local government and public participation grants established under this chapter shall be funded through the state toxics control account, by charging an applicant or permit holder a mixed waste surcharge added to the service charge established by RCW 70.105.280. This surcharge shall be collected and administered consistent with the procedures and requirements established in this section and RCW 70.105.280 to ensure adequate public and local government involvement. This mixed waste surcharge shall be no less than fifteen one-hundredths of one percent of the first two

hundred million dollars of annual site budget for all related clean-up activities, of which five one-hundredths of one percent shall be available for grants to local government. The mixed waste surcharge for public and local government participation grants shall be five one-hundredths of one percent of the portion of any estimated annual site clean-up budget exceeding two hundred million dollars. Any unused mixed waste surcharges assessed under this section shall remain in the state toxics control account established pursuant to chapter 70.105D RCW, and shall be utilized to reduce the mixed waste surcharge assessed the owner or operator of the facility in future years.

(5) For federal facilities with releases of mixed wastes or hazardous substances owned or operated [by] a federal agency, such as Hanford, the annual site clean-up budget shall be determined by the department, for purposes of this section, based upon the greater of the congressional budget request or appropriations of the federal government for activities at the site related to cleanup or waste management. If the appropriation amount for a fiscal year exceeds the congressional budget request, the department shall adjust the assessment of the mixed waste surcharge within thirty days of final enactment of the appropriation. [2005 c 1 § 9 (Initiative Measure No. 297, approved November 2, 2004).]

**70.105E.100 Enforcement and appeals.** (1) Any person may bring a civil action to compel the owner or operator of a mixed waste facility to comply with the requirements of this chapter or any permit or order issued by the department pursuant to this chapter; or to compel the department to perform any nondiscretionary duty under this chapter. At least thirty days before commencing the action, the person must give written notice to the department of intent to sue, unless a substantial endangerment exists. The court may award attorney fees and other costs to a prevailing plaintiff in the action.

(2) Orders of the department relating to mixed waste facilities under this chapter may be appealed to the pollution control hearings board, by any person whose interests in natural resources or health may be adversely affected by the action or inaction of the department.

(3) Civil actions under this section may be brought in superior court of Thurston county or of the county in which the release or threatened release of a hazardous substance occurs, or where mixed wastes that are the subject of the action may be transported, stored, treated, or disposed.

(4) Any violation of this chapter shall be considered a violation of chapter 70.105 RCW, and subject to all enforcement actions by the department or attorney general for violations of that chapter, including imposition of civil or criminal penalties. [2005 c 1 § 10 (Initiative Measure No. 297, approved November 2, 2004).]

**70.105E.900 Construction—2005 c 1 (Initiative Measure No. 297).** The provisions of this act are to be liberally construed to effectuate the policies and purposes of this act. In the event of conflict between the provisions of this act and any other act, the provisions of this act shall govern. [2005 c 1 § 11 (Initiative Measure No. 297, approved November 2, 2004).]

**70.105E.901 Short title—2005 c 1 (Initiative Measure No. 297).** This act shall be known as the Cleanup Priority Act. [2005 c 1 § 12 (Initiative Measure No. 297, approved November 2, 2004).]

**70.105E.902 Captions not law—2005 c 1 (Initiative Measure No. 297).** Captions used in this act are not any part of the law. [2005 c 1 § 13 (Initiative Measure No. 297, approved November 2, 2004).]

**70.120.100 Vehicle inspections—Complaints.** (*Effective July 1, 2006.*) The department shall investigate complaints received regarding the operation of emission testing stations and shall require corrections or modifications in those operations when deemed necessary.

The department shall also review complaints received regarding the maintenance or repairs secured by owners of motor vehicles for the purpose of complying with the requirements of this chapter. When possible, the department shall assist such owners in determining the merits of the complaints.

The department shall keep a copy of all complaints received, and on request, make copies available to the public. This is not intended to require disclosure of any information that is exempt from public disclosure under chapter 42.56 RCW. [2005 c 274 § 340; 1998 c 342 § 3; 1979 ex.s. c 163 § 10.]

**Part headings not law—Effective date—2005 c 274:** See RCW 42.56.901 and 42.56.902.

**Severability—1979 ex.s. c 163:** See note following RCW 70.120.010.

**70.120.170 Motor vehicle emission inspections—Fees—Certificate of compliance—State and local agency vehicles.** (*Expires January 1, 2020.*) (1) The department shall administer a system for emission inspections of all motor vehicles, except those described in RCW 46.16.015(2), that are registered within the boundaries of each emission contributing area. Under such system a motor vehicle shall be inspected biennially except where an annual program would be required to meet federal law and prevent federal sanctions. In addition, motor vehicles shall be inspected at each change of registered owner of a licensed vehicle as provided under RCW 46.16.015.

(2) The director shall:

(a) Adopt procedures for conducting emission inspections of motor vehicles. The inspections may include idle and high revolution per minute emission tests. The emission test for diesel vehicles shall consist solely of a smoke opacity test.

(b) Adopt criteria for calibrating emission testing equipment. Electronic equipment used to test for emissions stan-

dards provided for in this chapter shall be properly calibrated. The department shall examine frequently the calibration of the emission testing equipment used at the stations.

(c) Authorize, through contracts, the establishment and operation of inspection stations for conducting vehicle emission inspections authorized in this chapter. No person contracted to inspect motor vehicles may perform for compensation repairs on any vehicles. No public body may establish or operate contracted inspection stations. Any contracts [must] comply with the procedures established for competitive bids in chapter 43.19 RCW.

(d) Beginning in 2012, authorize businesses other than those contracted to operate inspection stations under (c) of this subsection to conduct vehicle emission inspections. Businesses authorized under this subsection may also inspect and perform, for compensation, repairs on vehicles. The fee limitations under subsection (4) of this section do not apply to the fee charged for a vehicle emissions inspection by a business authorized to conduct vehicle emission inspections under this subsection. The director may establish by rule a fee to be paid to the department for the oversight costs for each vehicle emission inspection performed by a business authorized under this subsection (2)(d).

(3) Subsection (2)(c) of this section does not apply to volunteer motor vehicle inspections under RCW 70.120.020(1) if the inspections are conducted for the following purposes:

- (a) Auditing;
- (b) Contractor evaluation;
- (c) Collection of data for establishing calibration and performance standards; or
- (d) Public information and education.

(4)(a) The director shall establish by rule the fee to be charged for emission inspections. The inspection fee shall be a standard fee applicable statewide or throughout an emission contributing area and shall be no greater than fifteen dollars. Surplus moneys collected from fees over the amount due the contractor shall be paid to the state and deposited in the general fund. Fees shall be set at the minimum whole dollar amount required to (i) compensate the contractor or inspection facility owner, and (ii) offset the general fund appropriation to the department to cover the administrative costs of the motor vehicle emission inspection program.

(b) Before each inspection, a person whose motor vehicle is to be inspected shall pay to the inspection station the fee established under this section. The person whose motor vehicle is inspected shall receive the results of the inspection. If the inspected vehicle complies with the standards established by the director, the person shall receive a dated certificate of compliance. If the inspected vehicle does not comply with those standards, one reinspection of the vehicle shall be afforded without charge.

(5) All units of local government and agencies of the state with motor vehicles garaged or regularly operated in an emissions contributing area shall test the emissions of those vehicles annually to ensure that the vehicle's emissions comply with the emission standards established by the director. All state agencies outside of emission contributing areas with more than twenty motor vehicles housed at a single facility or contiguous facilities shall test the emissions of those vehicles annually to ensure that the vehicles' emissions comply with

standards established by the director. A report of the results of the tests shall be submitted to the department.

**70.120A.010 Department of ecology to adopt rules to implement California motor vehicle emission standards—Limitations—Advisory group—Exemptions.** (1) Pursuant to the federal clean air act, the legislature adopts the California motor vehicle emission standards in Title 13 of the California Code of Regulations, effective January 1, 2005, except as provided in this chapter. The department of ecology shall adopt rules to implement the emission standards of the state of California for passenger cars, light duty trucks, and medium duty passenger vehicles, and shall amend the rules from time to time, to maintain consistency with the California motor vehicle emission standards and 42 U.S.C. Sec. 7507 (section 177 of the federal clean air act). Notwithstanding other provisions of this chapter, the department of ecology shall not adopt the zero emission vehicle program regulations contained in Title 13 section 1962 of the California Code of Regulations effective January 1, 2005. During rule development, the department of ecology shall convene an advisory group composed of industry and consumer group representatives. Any proposed rules or changes to rules shall be subject to review and comment by the advisory group, prior to rule adoption. The order of adoption for the rules required in this section shall include the signature of the governor. The rules shall be effective only for those model years for which the state of Oregon has adopted the California motor vehicle emission standards. This section does not limit the department of ecology's authority to regulate motor vehicle emissions for any other class of vehicle.

(2) Motor vehicles with a model year equal to or later than the first model year for which new vehicles sold to Washington state residents are required to comply with California motor vehicle emission standards are exempt from emission inspections under chapter 70.120 RCW. [2005 c 295 § 2.]

**Findings—2005 c 295:** "The legislature finds that:

- (1) Motor vehicles are the largest source of air pollution in the state of

Washington, and motor vehicles contribute approximately fifty-seven percent of criteria air pollutant emissions, eighty percent of air toxics emissions, and fifty-five percent of greenhouse gas emissions;

(2) Air pollution levels routinely measured in the state of Washington continue to harm public health, the environment, and the economy. Air pollution causes or contributes to premature death, cancer, asthma, and heart and lung disease. Over half of the state's population suffers from one or more medical conditions that make them very vulnerable to air pollution. Air pollution increases pain and suffering for vulnerable individuals. Air pollution imposes several hundred million dollars annually in added health care costs for air pollution-associated death and illness, reducing the quality of life and economic security of the citizens of Washington;

(3) Reductions of greenhouse gas emissions from transportation sources are necessary, and it is equitable to seek such reductions because reductions in greenhouse gas emissions have already been initiated in other sectors such as power generation;

(4) Reductions in greenhouse gas emissions made under this act should be credited toward any future federal, state, or regional comprehensive regulatory structure enacted to address reducing greenhouse gas emissions;

(5) Under the federal clean air act, the state of Washington has the option to implement either federal motor vehicle emission standards or California motor vehicle emission standards for passenger cars, light duty trucks, and medium duty passenger vehicles;

(6) Opting into the California motor vehicle standards will provide significant and necessary air quality benefits to residents of the state of Washington; and

(7) Adoption of the California motor vehicle standards will increase consumer choices of cleaner vehicles, provide better warranties to consumers, and provide sufficient air quality benefit to allow additional business and economic growth in the key airsheds of the state while maintaining conformance with federal air quality standards." [2005 c 295 § 1.]

**Effective date—2005 c 295 §§ 1, 2, 7, and 11-13:** "Sections 1, 2, 7, and 11 through 13 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately [May 6, 2005]." [2005 c 295 § 15.]

**70.120A.020 Early credits and banking—Alternative means of compliance.** (1) In recognition of the provisions of the federal clean air act which require a minimum phase-in period of three model years for adoption of California motor vehicle emission standards, the implementing rules shall include a system of early credits and banking for manufacturers for zero emission vehicles produced and sold earlier than the implementation date for the standards in Washington. Beginning with the model year in which the new standards become effective, each manufacturer's fleet of passenger cars and light duty trucks delivered for sale in the state of Washington shall proportionately conform to the zero emission vehicle requirements of Title 13 of the California Code of Regulations, including early credit and banking provisions set forth in Title 13 of the Code of California Regulations using Washington specific vehicle numbers. A manufacturer shall be given early Washington zero emission vehicle credits proportionally equivalent to the zero emission vehicle credits possessed by the requesting manufacturer for use in the state of California on January 1st of the model year the California standards become effective in Washington.

(2) In addition, an alternative means of compliance with the requirements of subsection (1) of this section shall be created in the implementing rules provided for in RCW 70.120A.010. The alternative means of compliance shall allow a manufacturer to earn Washington zero emission vehicle credits beginning with the 2005 model year. The alternative means of compliance shall be developed to be consistent in concept with the alternative compliance systems developed for the states of Connecticut, New York, and Maine as

[2005 RCW Supp—page 818]

they adopted the zero emission vehicle provisions of the California motor vehicle standards and shall contain a Washington multiplier consistent with the multipliers in those systems. The implementing rules shall require timely notification by the manufacturer to the department of ecology of an election to use the alternative means of compliance. [2005 c 295 § 3.]

**Findings—2005 c 295:** See note following RCW 70.120A.010.

**70.120A.030 Warranty repair service—Manufacturers, repair shops.** Individual automobile manufacturers may certify independent automobile repair shops to perform warranty service on the manufacturers' vehicles. Upon certification of the independent automobile repair shops, the manufacturers shall compensate the repair shops at the same rate as franchised dealers for covered warranty repair services. [2005 c 295 § 4.]

**Findings—2005 c 295:** See note following RCW 70.120A.010.

**70.120A.040 Reports.** The office of financial management shall provide an annual progress report to the appropriate committees of the legislature. The office of financial management, in conjunction with the departments of licensing, revenue, and ecology, shall report on the availability of vehicles meeting the standards, the progress of automobile industries in meeting the requirements of the standards, and any other matters relevant to the success of auto-related industries in implementing these requirements. [2005 c 295 § 9.]

nity-based services receiving funds administered by the department. Preventive, nonshelter community-based services include services for victims of domestic violence from communities that have been traditionally underserved or unserved and services for children who have witnessed domestic violence. ADULT FAMILY HOMES**

Sections

70.128.250 Required training and continuing education—Food safety training and testing.

**70.128.250 Required training and continuing education—Food safety training and testing.** The department shall implement, as part of the required training and continuing education, food safety training and testing integrated into the curriculum that meets the standards established by the state board of health pursuant to chapter 69.06 RCW. Individual food handler permits are not required for persons who begin working in an adult family home after June 30, 2005, and successfully complete the basic and modified-basic caregiver training, provided they receive information or training regarding safe food handling practices from the employer prior to providing food handling or service for the clients. Documentation that the information or training has been provided to the individual must be kept on file by the employer.

Licensed adult family home providers or employees who hold individual food handler permits prior to June 30, 2005, will be required to maintain continuing education of .5 hours per year in order to maintain food handling and safety training. Licensed adult family home providers or employees who hold individual food handler permits prior to June 30, 2005, will not be required to renew the permit provided the continuing education requirement as stated above is met. (2) "Child care facility" means a child day-care center or a family day-care provider as those terms are defined under RCW 74.15.020.

(3) "Department" means the department of ecology.

(4) "Director" means the director of the department of ecology.

(5) "Low to moderate soil contamination" means low level arsenic or lead concentrations where a child's exposure to soil contamination at a school or a child care facility may be reduced through best management practices.

**70.148.120 Financial assistance for corrective actions in small communities—Intent. (Expires June 1, 2007.)**

The legislature recognizes as a fundamental government purpose the need to protect the environment and human health and safety. To that end the state has enacted laws designed to limit and prevent environmental damage and risk to public health and safety caused by underground petroleum storage tank leaks. Because of the costs associated with compliance with such laws and the high costs associated with correcting past environmental damage, many owners and operators of underground petroleum storage tanks have discontinued the use of or have planned to discontinue the use of such tanks. As a consequence, isolated communities face the loss of their source of motor vehicle fuel and face the risk that the owner

or operator will have insufficient funds to take corrective action for pollution caused by past leaks from the tanks. In particular, rural communities face the risk that essential emergency, medical, fire and police services may be disrupted through the diminution or elimination of local sellers of petroleum products and by the closure of underground storage tanks owned by local government entities serving these communities.

The legislature also recognizes as a fundamental government purpose the need to preserve a minimum level of economic viability in rural communities so that public revenues generated from economic activity are sufficient to sustain necessary governmental functions. The closing of local service stations adversely affects local economies by reducing or eliminating reasonable access to fuel for agricultural, commercial, recreational, and transportation needs.

The legislature intends to assist small communities within this state by authorizing:

(1) Cities, towns, and counties to certify that a local private owner or operator of an underground petroleum storage tank meets a vital local government, public health or safety need thereby qualifying the owner or operator for state financial assistance in complying with environmental regulations and assistance in taking needed corrective action for existing tank leaks; and

(2) Local government entities to obtain state financial assistance to bring local government underground petroleum storage tanks into compliance with environmental regulations and to take needed corrective action for existing tank leaks. [2005 c 428 § 1; 1991 c 4 § 1.]

**Expiration date—2005 c 428 §§ 1 and 2:** "Sections 1 and 2 of this act expire June 1, 2007." [2005 c 428 § 4.]

**Severability—1991 c 4:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1991 c 4 § 10.]

**70.148.130 Financial assistance—Criteria. (Expires June 1, 2007.)**

(1) Subject to the conditions and limitations of RCW 70.148.120 through 70.148.170, the director shall establish and manage a program for providing financial assistance to public and private owners and operators of underground storage tanks who have been certified by the governing body of the county, city, or town in which the tanks are located as meeting a vital local government, public health or safety need. In providing such financial assistance the director shall:

(a) Require owners and operators, including local government owners and operators, to demonstrate serious financial hardship;

(b) Limit assistance to only that amount necessary to supplement applicant financial resources;

(c) Limit assistance to no more than two hundred thousand dollars in value for any one underground storage tank site of which amount no more than seventy-five thousand dollars in value may be provided for corrective action; and

(d) Whenever practicable, provide assistance through the direct payment of contractors and other professionals for labor, materials, and other services.

(2)(a) Except as otherwise provided in RCW 70.148.120 through 70.148.170, no grant of financial assistance may be

used for any purpose other than for corrective action and repair, replacement, reconstruction, and improvement of underground storage tanks and tank sites. If at any time prior to providing financial assistance or in the course of providing such assistance, it appears to the director that corrective action costs may exceed seventy-five thousand dollars, the director may not provide further financial assistance until the owner or operator has developed and implemented a corrective action plan with the department of ecology.

(b) A grant of financial assistance may also be made to an owner or operator that has discontinued using underground petroleum storage tanks due to economic hardship. An owner or operator may receive a grant up to two hundred thousand dollars per retailing location if:

- (i) The property is located in an underserved rural area;
- (ii) The property was previously used by a private owner or operator to provide motor vehicle fuel; and
- (iii) The property is at least ten miles from the nearest motor vehicle fuel service station.

(3) When requests for financial assistance exceed available funds, the director shall give preference to providing assistance first to those underground storage tank sites which constitute the sole source of petroleum products in remote rural communities.

(4) The director shall consult with the department of ecology in approving financial assistance for corrective action to ensure compliance with regulations governing underground petroleum storage tanks and corrective action.

(5) The director shall approve or disapprove applications for financial assistance within sixty days of receipt of a completed application meeting the requirements of RCW 70.148.120 through 70.148.170. The certification by local government of an owner or operator shall not preclude the director from disapproving an application for financial assistance if the director finds that such assistance would not meet the purposes of RCW 70.148.120 through 70.148.170.

(6) The director may adopt all rules necessary to implement the financial assistance program and shall consult with the technical advisory committee established under RCW 70.148.030 in developing such rules and in reviewing applications for financial assistance. [2005 c 428 § 2; 1991 c 4 § 2.]

70.150.040 Service agreements and related agreements—Procedural requirements.

70.150.070 RCW 70.150.030 through 70.150.060 to be additional method of providing services.

**70.150.040 Service agreements and related agreements—Procedural requirements.** The legislative authority of a public body may secure services by means of an agreement with a service provider. Such an agreement may obligate a service provider to perform one or more of the following services: Design, finance, construct, own, operate, or maintain water pollution control facilities by which services are provided to the public body. Service agreements and related agreements under this chapter shall be entered into in accordance with the following procedure:

(1) The legislative authority of the public body shall publish notice that it is seeking to secure certain specified services by means of entering into an agreement with a service provider. The notice shall be published in the official newspaper of the public body, or if there is no official newspaper then in a newspaper in general circulation within the boundaries of the public body, at least once each week for two consecutive weeks. The final notice shall appear not less than thirty days before the date for submission of proposals. The notice shall state (a) the nature of the services needed, (b) the location in the public body's offices where the requirements and standards for construction, operation, or maintenance of projects needed as part of the services are available for inspection, and (c) the final date for the submission of proposals. The legislative authority may undertake a prequalification process by the same procedure set forth in this subsection.

(2) The request for proposals shall (a) indicate the time and place responses are due, (b) include evaluation criteria to be considered in selecting a service provider, (c) specify minimum requirements or other limitations applying to selection,

(d) insofar as practicable, set forth terms and provisions to be included in the service agreement, and (e) require the service provider to demonstrate in its proposal to the public body's satisfaction that it is in the public interest to enter into the service agreement and that the service agreement is financially sound and advantageous to the public body from the standpoint of annual costs, quality of services, experience of the provider, reduction of risk, and other factors.

(3) The criteria set forth in the request for proposals shall be those determined to be relevant by the legislative authority of the public body, which may include but shall not be limited to: The respondent's prior experience, including design, construction, or operation of other similar facilities; respondent's management capability, schedule availability, and financial resources; cost of the service; nature of facility design proposed by respondents; system reliability; performance standards required for the facilities; compatibility with existing service facilities operated by the public body or other providers of service to the public body; project performance warranties; penalty and other enforcement provisions; environmental protection measures to be used; and allocation of project risks. The legislative authority may designate persons or entities within or outside the public body (a) to assist it in issuing the request for proposals to ensure that proposals will be responsive to its needs, and (b) to assist it in evaluating the proposals received.

(4) After proposals under subsections (1) through (3) of this section have been received, the legislative authority or its designee shall determine, on the basis of its review of the proposals, whether one or more proposals have been received from respondents which are (a) determined to be qualified to provide the requested services, and (b) responsive to the notice and evaluation criteria, which shall include, but not be limited to, cost of services. These chosen respondents may, at the discretion of the public body, be aggregated into a short list of qualified respondents, who shall be referred to as the selected respondents in this section. The legislative authority or its designee shall conduct a bidder's conference to include all these selected respondents to assure a full understanding of the proposals. The bidder's conference shall make these selected respondents aware of any changes in the request for proposal. Any information related to revisions in the request for proposal shall be made available to all these selected respondents. Any selected respondent shall be accorded a reasonable opportunity for revision of its proposal prior to commencement of the negotiation provided in subsection (5) of this section, for the purpose of obtaining best and final proposals.

(5) After such conference is held, the legislative authority or its designee may negotiate with the selected respondent whose proposal it determines to be the most advantageous to the public body, considering the criteria set forth in the request for proposals. If negotiations are conducted by the designee, the legislative authority shall continue to oversee the negotiations and provide direction to its designee. If the negotiation is unsuccessful, the legislative authority may commence negotiations with any other selected respondent. On completion of this process, and after the department of ecology review and comments as provided for in subsection (9) of this section, and after public hearing as provided for in

subsection (10) of this section, the legislative authority may approve a contract with its chosen respondent.

(6) Any person aggrieved by the legislative authority's approval of a contract may appeal the determination to an appeals board selected by the public body, which shall consist of not less than three persons determined by the legislative authority to be qualified for such purposes. Such board shall promptly hear and determine whether the public body entered into the agreement in accordance with this chapter and other applicable law. The board shall have the power only to affirm or void the agreement.

(7) Notwithstanding the foregoing, where contracting for design services by the public body is done separately from contracting for other services permitted under this chapter, the contracting for design services shall be done in accordance with chapter 39.80 RCW.

(8) If a public body elects to enter into an agreement whereby the service provider will own all or a portion of the water pollution control facilities it constructs, the service agreement shall include provision for an option by which a public body may acquire at fair market value facilities dedicated to such service.

(9) Before any service agreement is entered into by the public body, it shall be reviewed by the department of ecology to ensure consistency with the purposes of chapters 90.46 and 90.48 RCW.

The department of ecology has thirty days from receipt of the proposed service agreement to complete its review and provide the public body with comments. A review under this section is not intended to replace any additional permitting or regulatory reviews and approvals that may be required under other applicable laws.

(10) Prior to entering into any service agreement under this chapter, the public body must have made written findings, after holding a public hearing on the proposal, that it is in the public interest to enter into the service agreement and that the service agreement is financially sound and advantageous compared to other methods.

(11) Each service agreement shall include project performance bonds or other security by the service provider which in the judgment of the public body is sufficient to secure adequate performance by the service provider. [2005 c 469 § 1; 1989 c 175 § 136; 1986 c 244 § 4.]

A public body that is also eligible to enter into agreements with service providers under the alternative public works contracting procedures in chapter 39.10 RCW may elect to use either RCW 39.10.051 and 39.10.061 or this chapter as its method of procurement for such services. 70.168.070 Provision of trauma care service—Designation. (*Effective July 1, 2006.*)70.168.090 Statewide data registry—Quality assurance program—Confidentiality. (*Effective July 1, 2006.*)

**70.168.070 Provision of trauma care service—Designation.** (*Effective July 1, 2006.*) Any hospital or health care facility that desires to be authorized to provide a designated trauma care service shall request designation from the department. Designation involves a contractual relationship between the state and a hospital or health care facility whereby each agrees to maintain a level of commitment and resources sufficient to meet responsibilities and standards required by the statewide emergency medical services and trauma care system plan. By January 1992, the department shall determine by rule the manner and form of such requests. Upon receiving a request, the department shall review the request to determine whether the hospital or health care facility is in compliance with standards for the trauma care service or services for which designation is desired. If requests are

received from more than one hospital or health care facility within the same emergency medical planning and trauma care planning and service region, the department shall select the most qualified applicant or applicants to be selected through a competitive process. Any applicant not designated may request a hearing to review the decision.

Designations are valid for a period of three years and are renewable upon receipt of a request for renewal prior to expiration from the hospital or health care facility. When an authorization for designation is due for renewal other hospitals and health care facilities in the area may also apply and compete for designation. Regional emergency medical and trauma care councils shall be notified promptly of designated hospitals and health care facilities in their region so they may incorporate them into the regional plan as required by this chapter. The department may revoke or suspend the designation should it determine that the hospital or health care facility is substantially out of compliance with the standards and has refused or been unable to comply after a reasonable period of time has elapsed. The department shall promptly notify the regional emergency medical and trauma care planning and service region of suspensions or revocations. Any facility whose designation has been revoked or suspended may request a hearing to review the action by the department as provided for in chapter 34.05 RCW.

As a part of the process to designate and renew the designation of hospitals authorized to provide level I, II, or III trauma care services or level I, II, and III pediatric trauma care services, the department shall contract for on-site reviews of such hospitals to determine compliance with required standards. The department may contract for on-site reviews of hospitals and health care facilities authorized to provide level IV or V trauma care services or level I, I-pediatric, II, or III trauma-related rehabilitative services to determine compliance with required standards. Members of on-site review teams and staff included in site visits are exempt from chapter 42.56 RCW. They may not divulge and cannot be subpoenaed to divulge information obtained or reports written pursuant to this section in any civil action, except, after in camera review, pursuant to a court order which provides for the protection of sensitive information of interested parties including the department: (1) In actions arising out of the department's designation of a hospital or health care facility pursuant to this section; (2) in actions arising out of the department's revocation or suspension of designation status of a hospital or health care facility under this section; or (3) in actions arising out of the restriction or revocation of the clinical or staff privileges of a health care provider as defined in RCW 7.70.020 (1) and (2), subject to any further restrictions on disclosure in RCW 4.24.250 that may apply. Information that identifies individual patients shall not be publicly disclosed without the patient's consent. When a facility requests designation for more than one service, the department may coordinate the joint consideration of such requests.

The department may establish fees to help defray the costs of this section, though such fees shall not be assessed to health care facilities authorized to provide level IV and V trauma care services.

This section shall not restrict the authority of a hospital or a health care provider licensed under Title 18 RCW to pro-

vide services which it has been authorized to provide by state law. [2005 c 274 § 343; 1990 c 269 § 9.]

**70.168.090 Statewide data registry—Quality assurance program—Confidentiality. (Effective July 1, 2006.)** (1) By July 1991, the department shall establish a statewide data registry to collect and analyze data on the incidence, severity, and causes of trauma, including traumatic brain injury. The department shall collect additional data on traumatic brain injury should additional data requirements be enacted by the legislature. The registry shall be used to improve the availability and delivery of prehospital and hospital trauma care services. Specific data elements of the registry shall be defined by rule by the department. To the extent possible, the department shall coordinate data collection from hospitals for the trauma registry with the health care data system authorized in chapter 70.170 RCW. Every hospital, facility, or health care provider authorized to provide level I, II, III, IV, or V trauma care services, level I, II, or III pediatric trauma care services, level I, level I-pediatric, II, or III trauma-related rehabilitative services, and prehospital trauma-related services in the state shall furnish data to the registry. All other hospitals and prehospital providers shall furnish trauma data as required by the department by rule.

The department may respond to requests for data and other information from the registry for special studies and analysis consistent with requirements for confidentiality of patient and quality assurance records. The department may require requestors to pay any or all of the reasonable costs associated with such requests that might be approved.

(2) By January 1994, in each emergency medical services and trauma care planning and service region, a regional emergency medical services and trauma care systems quality assurance program shall be established by those facilities authorized to provide levels I, II, and III trauma care services. The systems quality assurance program shall evaluate trauma care delivery, patient care outcomes, and compliance with the requirements of this chapter. The emergency medical services medical program director and all other health care providers and facilities who provide trauma care services within the region shall be invited to participate in the regional emergency medical services and trauma care quality assurance program.

(3) Data elements related to the identification of individual patient's, provider's and facility's care outcomes shall be confidential, shall be exempt from RCW 42.56.030 through 42.56.570 and 42.17.350 through 42.17.450, and shall not be subject to discovery by subpoena or admissible as evidence.

(4) Patient care quality assurance proceedings, records, and reports developed pursuant to this section are confidential, exempt from chapter 42.56 RCW, and are not subject to discovery by subpoena or admissible as evidence. In any civil action, except, after in camera review, pursuant to a court order which provides for the protection of sensitive information of interested parties including the department: (a) In actions arising out of the department's designation of a hospital or health care facility pursuant to RCW 70.168.070; (b) in actions arising out of the department's revocation or suspension of designation status of a hospital or health care

facility under RCW 70.168.070; or (c) in actions arising out of the restriction or revocation of the clinical or staff privileges of a health care provider as defined in RCW 7.70.020 (1) and (2), subject to any further restrictions on disclosure in RCW 4.24.250 that may apply. Information that identifies individual patients shall not be publicly disclosed without the patient's consent. [2005 c 274 § 344; 1990 c 269 § 11.]

70.190.060 Community networks—Legislative intent—Membership—Open meetings. (*Effective July 1, 2006.*)

**70.190.060 Community networks—Legislative intent—Membership—Open meetings. (Effective July 1, 2006.)** (1) The legislature authorizes community public health and safety networks to reconnect parents and other citizens with children, youth, families, and community institutions which support health and safety. The networks have only those powers and duties expressly authorized under this chapter. The networks should empower parents and other citizens by being a means of expressing their attitudes, spirit, and perspectives regarding safe and healthy family and community life. The legislature intends that parent and other citizen perspectives exercise a controlling influence over policy and program operations of professional organizations concerned with children and family issues within networks in a manner consistent with the Constitution and state law. It is not the intent of the legislature that health, social service, or educational professionals dominate community public health and safety network processes or programs, but rather that these professionals use their skills to lend support to parents and other citizens in expressing their values as parents and other citizens identify community needs and establish community priorities. To this end, the legislature intends full participation of parents and other citizens in community public health and safety networks. The intent is that local community values are reflected in the operations of the network.

(2) A group of persons described in subsection (3) of this section may apply to be a community public health and safety network.

(3) Each community public health and safety network shall be composed of twenty-three people, thirteen of whom shall be citizens who live within the network boundary with no fiduciary interest. In selecting these members, first priority shall be given to members of community mobilization advisory boards, city or county children's services commissions, human services advisory boards, or other such organizations. The thirteen persons shall be selected as follows: Three by chambers of commerce, three by school board members, three by county legislative authorities, three by city legislative authorities, and one high school student, selected by student organizations. The remaining ten members shall live or work within the network boundary and shall include local representation selected by the following groups and entities: Cities; counties; federally recognized Indian tribes; parks and recreation programs; law enforcement agencies;

state children's service workers; employment assistance workers; private social service providers, broad-based non-secular organizations, or health service providers; and public education.

(4) Each of the twenty-three people who are members of each community public health and safety network must sign an annual declaration under penalty of perjury or a notarized statement that clearly, in plain and understandable language, states whether or not he or she has a fiduciary interest. If a member has a fiduciary interest, the nature of that interest must be made clear, in plain understandable language, on the signed statement.

(5) Members of the network shall serve terms of three years.

The terms of the initial members of each network shall be as follows: (a) One-third shall serve for one year; (b) one-third shall serve for two years; and (c) one-third shall serve for three years. Initial members may agree which shall serve fewer than three years or the decision may be made by lot. Any vacancy occurring during the term may be filled by the chair for the balance of the unexpired term.

(6) Not less than sixty days before the expiration of a network member's term, the chair shall submit the name of a nominee to the network for its approval. The network shall comply with subsection (3) of this section.

(7) Networks are subject to the open public meetings act under chapter 42.30 RCW and the public records provisions of chapter 42.56 RCW. [2005 c 274 § 345; 1998 c 314 § 12; 1996 c 132 § 3; 1994 sp.s. c 7 § 303.]

70.220.060	Funding report required by April 30, 2007.

**70.220.010 Finding—Purpose.** The legislature finds that public policies and programs will be improved when informed by independent scientific analysis and communication with state and local policymakers. Throughout the state there are highly qualified persons in a wide range of scientific disciplines who are willing to contribute their time and expertise in such reviews, but that presently there is lacking an organizational structure in which the entire scientific community may most effectively respond to requests for assessments

of complex public policy questions. Therefore it is the purpose of chapter 305, Laws of 2005 to authorize the creation of the Washington academy of sciences as a nonprofit entity independent of government, whose principal mission will be the provision of scientific analysis and recommendations on questions referred to the academy by the governor, the governor's designee, or the legislature. [2005 c 305 § 1.]

**70.220.020 Washington academy of sciences to assist governor, legislature—Duty of state scientists not diminished.** The Washington academy of sciences authorized to be formed under RCW 70.220.030 shall serve as a principal source of scientific investigation, examination, and reporting on scientific questions referred to the academy by the governor or the legislature under the provisions of RCW 70.220.040. Nothing in this section or this chapter supercedes or diminishes the responsibilities performed by scientists employed by the state or its political subdivisions. [2005 c 305 § 2.]

**70.220.030 Organizing committee, staff support—Organizational structure.** (1) The presidents of the University of Washington and Washington State University shall jointly form and serve as the cochairs of an organizing committee for the purpose of creating the Washington academy of sciences as an independent entity to carry out the purposes of this chapter. The committee should be representative of appropriate disciplines from the academic, private, governmental, and research sectors.

(2) Staff from the University of Washington and Washington State University, and from other available entities, shall provide support to the organizing committee under the direction of the cochairs.

(3)(a) The committee shall investigate organizational structures that will ensure the participation or membership in the academy of scientists and experts with distinction in their fields, and that will ensure broad participation among the several disciplines that may be called upon in the investigation, examination, and reporting upon questions referred to the academy by the governor or the legislature.

(b) The organizational structure shall include a process by which the academy responds to inquiries from the governor or the legislature, including but not limited to the identification of research projects, past or present, at Washington or other research institutions and the findings of such research projects.

(4) The committee cochairs shall use their best efforts to form the committee by January 1, 2006, and to complete the committee's review by April 30, 2007. (2) The governor shall provide funding to the academy for the actual expense of such investigation, examination, and reports. Such funding shall be in addition to state funding assistance to the academy in its initial years of operation as described in RCW 70.220.060. [2005 c 305 § 4.]

**70.220.050 Additional services permitted.** The academy may carry out functions or provide services to its members and the public in addition to the services provided under RCW 70.220.040, such as public education programs, newsletters, web sites, science fairs, and research assistance. [2005 c 305 § 5.]

**70.220.060 Funding report required by April 30, 2007.** The organizational committee shall recommend procedures and funding requirements for receiving and disbursing funding in support of the academy's programs and services in a report to the governor and the appropriate committees of the senate and house of representatives no later than April 30, 2007. **Findings—Intent—Severability—Application—Construction—Captions, part headings, subheadings not law—Adoption of rules—Effective dates—2005 c 504:** See notes following RCW 71.05.027.

**Purpose—Construction—1999 c 13:** See note following RCW 10.77.010.

**Effective dates—Severability—Intent—1998 c 297:** See notes following RCW 71.05.010.

**71.05.027 Integrated comprehensive screening and assessment for chemical dependency and mental disorders.** (1) Not later than January 1, 2007, all persons providing treatment under this chapter shall also implement the integrated comprehensive screening and assessment process for chemical dependency and mental disorders adopted pursuant to RCW 70.96C.010 and shall document the numbers of clients with co-occurring mental and substance abuse disorders based on a quadrant system of low and high needs.

(2) Treatment providers and regional support networks who fail to implement the integrated comprehensive screen-

ing and assessment process for chemical dependency and mental disorders by July 1, 2007, shall be subject to contractual penalties established under RCW 70.96C.010. [2005 c 504 § 103.]

**Findings—Intent—2005 c 504:** "The legislature finds that persons with mental disorders, chemical dependency disorders, or co-occurring mental and substance abuse disorders are disproportionately more likely to be confined in a correctional institution, become homeless, become involved with child protective services or involved in a dependency proceeding, or lose those state and federal benefits to which they may be entitled as a result of their disorders. The legislature finds that prior state policy of addressing mental health and chemical dependency in isolation from each other has not been cost-effective and has often resulted in longer-term, more costly treatment that may be less effective over time. The legislature finds that a substantial number of persons have co-occurring mental and substance abuse disorders and that identification and integrated treatment of co-occurring disorders is critical to successful outcomes and recovery. Consequently, the legislature intends, to the extent of available funding, to:

(1) Establish a process for determining which persons with mental disorders and substance abuse disorders have co-occurring disorders;

(2) Reduce the gap between available chemical dependency treatment and the documented need for treatment;

(3) Improve treatment outcomes by shifting treatment, where possible, to evidence-based, research-based, and consensus-based treatment practices and by removing barriers to the use of those practices;

(4) Expand the authority for and use of therapeutic courts including drug courts, mental health courts, and therapeutic courts for dependency proceedings;

(5) Improve access to treatment for persons who are not enrolled in medicaid by improving and creating consistency in the application processes, and by minimizing the numbers of eligible confined persons who leave confinement without medical assistance;

(6) Improve access to inpatient treatment by creating expanded services facilities for persons needing intensive treatment in a secure setting who do not need inpatient care, but are unable to access treatment under current licensing restrictions in other settings;

(7) Establish secure detoxification centers for persons involuntarily detained as gravely disabled or presenting a likelihood of serious harm due to chemical dependency and authorize combined crisis responders for both mental disorders and chemical dependency disorders on a pilot basis and study the outcomes;

(8) Slow or stop the loss of inpatient and intensive residential beds and children's long-term inpatient placements and refine the balance of state hospital and community inpatient and residential beds;

(9) Improve cross-system collaboration including collaboration with first responders and hospital emergency rooms, schools, primary care, developmental disabilities, law enforcement and corrections, and federally funded and licensed programs;

(10) Following the receipt of outcomes from the pilot programs in Part II of this act, if directed by future legislative enactment, implement a single, comprehensive, involuntary treatment act with a unified set of standards, rights, obligations, and procedures for adults and children with mental disorders, chemical dependency disorders, and co-occurring disorders; and

(11) Amend existing state law to address organizational and structural barriers to effective use of state funds for treating persons with mental and substance abuse disorders, minimize internal inconsistencies, clarify policy and requirements, and maximize the opportunity for effective and cost-effective outcomes." [2005 c 504 § 101.]

**Severability—2005 c 504:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2005 c 504 § 807.]

**Application—Construction—2005 c 504:** "This act shall be so applied and construed as to effectuate its general purpose to make uniform the law with respect to the subject of this act among those states which enact it." [2005 c 504 § 808.]

**Captions, part headings, subheadings not law—2005 c 504:** "Captions, part headings, and subheadings used in this act are not part of the law." [2005 c 504 § 809.]

**Adoption of rules—2005 c 504:** "(1) The secretary of the department of social and health services may adopt rules as necessary to implement the provisions of this act.

(2) The secretary of corrections may adopt rules as necessary to implement the provisions of this act." [2005 c 504 § 812.]

**Effective dates—2005 c 504:** "(1) Except for section 503 of this act, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005.

(2) Section 503 of this act takes effect July 1, 2006." [2005 c 504 § 813.]

**Alphabetization—Correction of references—2005 c 504:** See note following RCW 71.05.020.

**71.05.032 Joinder of petitions for commitment.** A petition for commitment under this chapter may be joined with a petition for commitment under chapter 70.96A RCW. [2005 c 504 § 115.]

(1) When a designated mental health professional is notified by a jail that a defendant or offender who was subject to a discharge review under RCW 71.05.232 is to be released to the community, the designated mental health professional shall evaluate the person within seventy-two hours of release.

(2) When an offender is under court-ordered treatment in the community and the supervision of the department of corrections, and the treatment provider becomes aware that the person is in violation of the terms of the court order, the treatment provider shall notify the designated mental health professional and the department of corrections of the violation and request an evaluation for purposes of revocation of the less restrictive alternative.

(3) When a designated mental health professional becomes aware that an offender who is under court-ordered treatment in the community and the supervision of the department of corrections is in violation of a treatment order or a condition of supervision that relates to public safety, or the designated mental health professional detains a person under this chapter, the designated mental health professional shall notify the person's treatment provider and the department of corrections.

(4) When an offender who is confined in a state correctional facility or is under supervision of the department of corrections in the community is subject to a petition for involuntary treatment under this chapter, the petitioner shall notify the department of corrections and the department of corrections shall provide documentation of its risk assessment or other concerns to the petitioner and the court if the department of corrections classified the offender as a high risk or high needs offender.

(5) Nothing in this section creates a duty on any treatment provider or designated mental health professional to provide offender supervision. [2005 c 504 § 507; 2004 c 166 § 16.]

**71.05.200 Repealed.** See Supplementary Table of Disposition of Former RCW Sections, this volume.

**71.05.217 Rights—Posting of list.** Insofar as danger to the individual or others is not created, each person involuntarily detained, treated in a less restrictive alternative course of treatment, or committed for treatment and evaluation pursuant to this chapter shall have, in addition to other rights not specifically withheld by law, the following rights, a list of which shall be prominently posted in all facilities, institutions, and hospitals providing such services:

(1) To wear his or her own clothes and to keep and use his or her own personal possessions, except when deprivation of same is essential to protect the safety of the resident or other persons;

(3) To have access to individual storage space for his or her private use;

(4) To have visitors at reasonable times;

(6) To have ready access to letter writing materials, including stamps, and to send and receive uncensored correspondence through the mails;

(7) Not to consent to the administration of antipsychotic medications beyond the hearing conducted pursuant to RCW 71.05.320(2) or the performance of electroconvulsant therapy or surgery, except emergency life-saving surgery, unless ordered by a court of competent jurisdiction pursuant to the following standards and procedures:

(a) The administration of antipsychotic medication or electroconvulsant therapy shall not be ordered unless the petitioning party proves by clear, cogent, and convincing evidence that there exists a compelling state interest that justifies overriding the patient's lack of consent to the administration of antipsychotic medications or electroconvulsant therapy, that the proposed treatment is necessary and effective, and that medically acceptable alternative forms of treatment are

not available, have not been successful, or are not likely to be effective.

(b) The court shall make specific findings of fact concerning: (i) The existence of one or more compelling state interests; (ii) the necessity and effectiveness of the treatment; and (iii) the person's desires regarding the proposed treatment. If the patient is unable to make a rational and informed decision about consenting to or refusing the proposed treatment, the court shall make a substituted judgment for the patient as if he or she were competent to make such a determination.

(c) The person shall be present at any hearing on a request to administer antipsychotic medication or electroconvulsant therapy filed pursuant to this subsection. The person has the right: (i) To be represented by an attorney; (ii) to present evidence; (iii) to cross-examine witnesses; (iv) to have the rules of evidence enforced; (v) to remain silent; (vi) to view and copy all petitions and reports in the court file; and (vii) to be given reasonable notice and an opportunity to prepare for the hearing. The court may appoint a psychiatrist, psychologist within their scope of practice, or physician to examine and testify on behalf of such person. The court shall appoint a psychiatrist, psychologist within their scope of practice, or physician designated by such person or the person's counsel to testify on behalf of the person in cases where an order for electroconvulsant therapy is sought.

(d) An order for the administration of antipsychotic medications entered following a hearing conducted pursuant to this section shall be effective for the period of the current involuntary treatment order, and any interim period during which the person is awaiting trial or hearing on a new petition for involuntary treatment or involuntary medication.

(e) Any person detained pursuant to RCW 71.05.320(2), who subsequently refuses antipsychotic medication, shall be entitled to the procedures set forth in RCW 71.05.217(7).

(f) Antipsychotic medication may be administered to a nonconsenting person detained or committed pursuant to this chapter without a court order pursuant to RCW 71.05.215(2) or under the following circumstances:

(i) A person presents an imminent likelihood of serious harm;

(ii) Medically acceptable alternatives to administration of antipsychotic medications are not available, have not been successful, or are not likely to be effective; and

(iii) In the opinion of the physician with responsibility for treatment of the person, or his or her designee, the person's condition constitutes an emergency requiring the treatment be instituted before a judicial hearing as authorized pursuant to this section can be held.

If antipsychotic medications are administered over a person's lack of consent pursuant to this subsection, a petition for an order authorizing the administration of antipsychotic medications shall be filed on the next judicial day. The hearing shall be held within two judicial days. If deemed necessary by the physician with responsibility for the treatment of the person, administration of antipsychotic medications may continue until the hearing is held;

(8) To dispose of property and sign contracts unless such person has been adjudicated an incompetent in a court proceeding directed to that particular issue;

(9) Not to have psychosurgery performed on him or her under any circumstances. [1997 c 112 § 31; 1991 c 105 § 5; 1989 c 120 § 8; 1974 ex.s. c 145 § 26; 1973 1st ex.s. c 142 § 42. Formerly RCW 71.05.370.]

**Severability—1991 c 105:** See note following RCW 71.05.215.

**71.05.235 Examination, evaluation of criminal defendant—Hearing.** (1) If an individual is referred to a designated mental health professional under RCW 10.77.090(1)(d)(iii)(A), the designated mental health professional shall examine the individual within forty-eight hours. If the designated mental health professional determines it is not appropriate to detain the individual or petition for a ninety-day less restrictive alternative under RCW 71.05.230(4), that decision shall be immediately presented to the superior court for hearing. The court shall hold a hearing to consider the decision of the designated mental health professional not later than the next judicial day. At the hearing the superior court shall review the determination of the designated mental health professional and determine whether an order should be entered requiring the person to be evaluated at an evaluation and treatment facility. No person referred to an evaluation and treatment facility may be held at the facility longer than seventy-two hours.

(2) If an individual is placed in an evaluation and treatment facility under RCW 10.77.090(1)(d)(iii)(B), a professional person shall evaluate the individual for purposes of determining whether to file a ninety-day inpatient or outpatient petition under chapter 71.05 RCW. Before expiration of the seventy-two hour evaluation period authorized under RCW 10.77.090(1)(d)(iii)(B), the professional person shall file a petition or, if the recommendation of the professional person is to release the individual, present his or her recommendation to the superior court of the county in which the criminal charge was dismissed. The superior court shall review the recommendation not later than forty-eight hours, excluding Saturdays, Sundays, and holidays, after the recommendation is presented. If the court rejects the recommendation to unconditionally release the individual, the court may order the individual detained at a designated evaluation and treatment facility for not more than a seventy-two hour evaluation and treatment period and direct the individual to appear at a surety hearing before that court within seventy-two hours, or the court may release the individual but direct the individual to appear at a surety hearing set before that court within eleven days, at which time the prosecutor may file a petition under this chapter for ninety-day inpatient or outpatient treatment. If a petition is filed by the prosecutor, the court may order that the person named in the petition be detained at the evaluation and treatment facility that performed the evaluation under this subsection or order the respondent to be in outpatient treatment. If a petition is filed but the individual fails to appear in court for the surety hearing, the court shall order that a mental health professional or peace officer shall take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility to be brought before the court the next judicial day after detention. Upon the individual's first appearance in court after a petition has been filed, proceedings under RCW 71.05.310 and 71.05.320 shall commence. For an individual

During the proceeding the person named in the petition shall continue to be detained and treated until released by order of the court. If no order has been made within thirty days after the filing of the petition, not including any extensions of time requested by the detained person or his or her attorney, the detained person shall be released.

(3) If a designated mental health professional or the professional person and prosecuting attorney for the county in which the criminal charge was dismissed or attorney general, as appropriate, stipulate that the individual does not present a likelihood of serious harm or is not gravely disabled, the hearing under this section is not required and the individual, if in custody, shall be released.

### **71.05.360 Rights of involuntarily detained persons.**

(1)(a) Every person involuntarily detained or committed under the provisions of this chapter shall be entitled to all the rights set forth in this chapter, which shall be prominently posted in the facility, and shall retain all rights not denied him or her under this chapter except as chapter 9.41 RCW may limit the right of a person to purchase or possess a firearm or to qualify for a concealed pistol license.

(b) No person shall be presumed incompetent as a consequence of receiving an evaluation or voluntary or involuntary treatment for a mental disorder, under this chapter or any prior laws of this state dealing with mental illness. Competency shall not be determined or withdrawn except under the provisions of chapter 10.97 or 11.88 RCW.

(c) Any person who leaves a public or private agency following evaluation or treatment for mental disorder shall be given a written statement setting forth the substance of this section.

(2) Each person involuntarily detained or committed pursuant to this chapter shall have the right to adequate care and individualized treatment.

(3) The provisions of this chapter shall not be construed to deny to any person treatment by spiritual means through prayer in accordance with the tenets and practices of a church or religious denomination.

(4) Persons receiving evaluation or treatment under this chapter shall be given a reasonable choice of an available physician or other professional person qualified to provide such services.

(5) Whenever any person is detained for evaluation and treatment pursuant to this chapter, both the person and, if possible, a responsible member of his or her immediate family, personal representative, guardian, or conservator, if any, shall be advised as soon as possible in writing or orally, by the officer or person taking him or her into custody or by personnel of the evaluation and treatment facility where the person is detained that unless the person is released or voluntarily admits himself or herself for treatment within seventy-two hours of the initial detention:

(a) A judicial hearing in a superior court, either by a judge or court commissioner thereof, shall be held not more

than seventy-two hours after the initial detention to determine whether there is probable cause to detain the person after the seventy-two hours have expired for up to an additional fourteen days without further automatic hearing for the reason that the person is a person whose mental disorder presents a likelihood of serious harm or that the person is gravely disabled;

(b) The person has a right to communicate immediately with an attorney; has a right to have an attorney appointed to represent him or her before and at the probable cause hearing if he or she is indigent; and has the right to be told the name and address of the attorney that the mental health professional has designated pursuant to this chapter;

(c) The person has the right to remain silent and that any statement he or she makes may be used against him or her;

(d) The person has the right to present evidence and to cross-examine witnesses who testify against him or her at the probable cause hearing; and

(e) The person has the right to refuse psychiatric medications, including antipsychotic medication beginning twenty-four hours prior to the probable cause hearing.

(6) When proceedings are initiated under RCW 71.05.150 (2), (3), or (4)(b), no later than twelve hours after such person is admitted to the evaluation and treatment facility the personnel of the evaluation and treatment facility or the designated mental health professional shall serve on such person a copy of the petition for initial detention and the name, business address, and phone number of the designated attorney and shall forthwith commence service of a copy of the petition for initial detention on the designated attorney.

(7) The judicial hearing described in subsection (5) of this section is hereby authorized, and shall be held according to the provisions of subsection (5) of this section and rules promulgated by the supreme court.

(8) At the probable cause hearing the detained person shall have the following rights in addition to the rights previously specified:

(a) To present evidence on his or her behalf;

(b) To cross-examine witnesses who testify against him or her;

(c) To be proceeded against by the rules of evidence;

(d) To remain silent;

(9) The physician-patient privilege or the psychologist-client privilege shall be deemed waived in proceedings under this chapter relating to the administration of antipsychotic medications. As to other proceedings under this chapter, the privileges shall be waived when a court of competent jurisdiction in its discretion determines that such waiver is necessary to protect either the detained person or the public.

The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical or psychological records of the detained person so long as the requirements of RCW 5.45.020 are met except that portions of the record which contain opinions as

to the detained person's mental state must be deleted from such records unless the person making such conclusions is available for cross-examination.

(10) Insofar as danger to the person or others is not created, each person involuntarily detained, treated in a less restrictive alternative course of treatment, or committed for treatment and evaluation pursuant to this chapter shall have, in addition to other rights not specifically withheld by law, the following rights:

(a) To wear his or her own clothes and to keep and use his or her own personal possessions, except when deprivation of same is essential to protect the safety of the resident or other persons;

(b) To keep and be allowed to spend a reasonable sum of his or her own money for canteen expenses and small purchases;

(c) To have access to individual storage space for his or her private use;

(d) To have visitors at reasonable times;

(g) To discuss treatment plans and decisions with professional persons;

(h) Not to consent to the administration of antipsychotic medications and not to thereafter be administered antipsychotic medications unless ordered by a court under RCW 71.05.217 or pursuant to an administrative hearing under RCW 71.05.215;

(j) Not to have psychosurgery performed on him or her under any circumstances;

(k) To dispose of property and sign contracts unless such person has been adjudicated an incompetent in a court proceeding directed to that particular issue.

(11) Every person involuntarily detained shall immediately be informed of his or her right to a hearing to review the legality of his or her detention and of his or her right to counsel, by the professional person in charge of the facility providing evaluation and treatment, or his or her designee, and, when appropriate, by the court. If the person so elects, the court shall immediately appoint an attorney to assist him or her.

(12) A person challenging his or her detention or his or her attorney, shall have the right to designate and have the court appoint a reasonably available independent physician or licensed mental health professional to examine the person detained, the results of which examination may be used in the proceeding. The person shall, if he or she is financially able, bear the cost of such expert information [examination], otherwise such expert examination shall be at public expense.

(13) Nothing contained in this chapter shall prohibit the patient from petitioning by writ of habeas corpus for release.

(14) Nothing in this chapter shall prohibit a person committed on or prior to January 1, 1974, from exercising a right

available to him or her at or prior to January 1, 1974, for obtaining release from confinement.

(15) Nothing in this section permits any person to knowingly violate a no-contact order or a condition of an active judgment and sentence or an active condition of supervision by the department of corrections. [2005 c 504 § 107; 1997 c 112 § 30; 1974 ex.s. c 145 § 25; 1973 1st ex.s. c 142 § 41.]

**71.05.445 Mental health services information—Release to department of corrections—Initial assessment inquiry—Required notifications—Rules.** (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Information related to mental health services" means all information and records compiled, obtained, or maintained in the course of providing services to either voluntary or involuntary recipients of services by a mental health service provider. This may include documents of legal proceedings under this chapter or chapter 71.34 or 10.77 RCW, or somatic health care information.

(b) "Mental health service provider" means a public or private agency that provides services to persons with mental disorders as defined under RCW 71.05.020 and receives funding from public sources. This includes evaluation and treatment facilities as defined in RCW 71.05.020, community mental health service delivery systems, or community mental health programs as defined in RCW 71.24.025, and facilities

conducting competency evaluations and restoration under chapter 10.77 RCW.

(2)(a) Information related to mental health services delivered to a person subject to chapter 9.94A or 9.95 RCW shall be released, upon request, by a mental health service provider to department of corrections personnel for whom the information is necessary to carry out the responsibilities of their office. The information must be provided only for the purposes of completing presentence investigations or risk assessment reports, supervision of an incarcerated offender or offender under supervision in the community, planning for and provision of supervision of an offender, or assessment of an offender's risk to the community. The request shall be in writing and shall not require the consent of the subject of the records.

(b) If an offender subject to chapter 9.94A or 9.95 RCW has failed to report for department of corrections supervision or in the event of an emergent situation that poses a significant risk to the public or the offender, information related to mental health services delivered to the offender and, if known, information regarding where the offender is likely to be found shall be released by the mental health services provider to the department of corrections upon request. The initial request may be written or oral. All oral requests must be subsequently confirmed in writing. Information released in response to an oral request is limited to a statement as to whether the offender is or is not being treated by the mental health services provider and the address or information about the location or whereabouts of the offender. Information released in response to a written request may include information identified by rule as provided in subsections (4) and (5) of this section. For purposes of this subsection a written request includes requests made by e-mail or facsimile so long as the requesting person at the department of corrections is clearly identified. The request must specify the information being requested. Disclosure of the information requested does not require the consent of the subject of the records unless the offender has received relief from disclosure under RCW 9.94A.562, 70.96A.155, or 71.05.132.

(3)(a) When a mental health service provider conducts its initial assessment for a person receiving court-ordered treatment, the service provider shall inquire and shall be told by the offender whether he or she is subject to supervision by the department of corrections.

(b) When a person receiving court-ordered treatment or treatment ordered by the department of corrections discloses to his or her mental health service provider that he or she is subject to supervision by the department of corrections, the mental health services provider shall notify the department of corrections that he or she is treating the offender and shall notify the offender that his or her community corrections officer will be notified of the treatment, provided that if the offender has received relief from disclosure pursuant to RCW 9.94A.562, 70.96A.155, or 71.05.132 and the offender has provided the mental health services provider with a copy of the order granting relief from disclosure pursuant to RCW 9.94A.562, 70.96A.155, or 71.05.132, the mental health services provider is not required to notify the department of corrections that the mental health services provider is treating the offender. The notification may be written or oral and shall not require the consent of the offender. If an oral notifi-

cation is made, it must be confirmed by a written notification. For purposes of this section, a written notification includes notification by e-mail or facsimile, so long as the notifying mental health service provider is clearly identified.

(4) The information to be released to the department of corrections shall include all relevant records and reports, as defined by rule, necessary for the department of corrections to carry out its duties, including those records and reports identified in subsection (2) of this section.

(5) The department and the department of corrections, in consultation with regional support networks, mental health service providers as defined in subsection (1) of this section, mental health consumers, and advocates for persons with mental illness, shall adopt rules to implement the provisions of this section related to the type and scope of information to be released. These rules shall:

(a) Enhance and facilitate the ability of the department of corrections to carry out its responsibility of planning and ensuring community protection with respect to persons subject to sentencing under chapter 9.94A or 9.95 RCW, including accessing and releasing or disclosing information of persons who received mental health services as a minor; and

(b) Establish requirements for the notification of persons under the supervision of the department of corrections regarding the provisions of this section.

(6) The information received by the department of corrections under this section shall remain confidential and subject to the limitations on disclosure outlined in chapter 71.05 RCW, except as provided in RCW 72.09.585.

(7) No mental health service provider or individual employed by a mental health service provider shall be held responsible for information released to or used by the department of corrections under the provisions of this section or rules adopted under this section except under RCW 71.05.440.

(8) Whenever federal law or federal regulations restrict the release of information contained in the treatment records of any patient who receives treatment for alcoholism or drug dependency, the release of the information may be restricted as necessary to comply with federal law and regulations.

(9) This section does not modify the terms and conditions of disclosure of information related to sexually transmitted diseases under chapter 70.24 RCW.

(10) The department shall, subject to available resources, electronically, or by the most cost-effective means available, provide the department of corrections with the names, last dates of services, and addresses of specific regional support networks and mental health service providers that delivered mental health services to a person subject to chapter 9.94A or 9.95 RCW pursuant to an agreement between the departments. sons subject to sentencing under chapter 9.94A RCW by authorizing access to, and release or disclosure of, necessary information related to mental health services. This includes accessing and releasing or disclosing information of persons who received mental health services as a minor. The legislature does not intend this act to readdress access to information and records regarding continuity of care.

The legislature recognizes that persons with mental illness have a right to the confidentiality of information related to mental health services, including the fact of their receiving such services, unless there is a state interest that supersedes this right. It is the intent of the legislature to balance that right of the individual with the state interest to enhance public safety." [2000 c 75 § 1.]

The state shall provide financial assistance to the counties to enable the counties to meet all increased costs, if any, to the counties resulting from their administration of the provisions of chapter 142, Laws of 1973 1st ex. sess. (l) To staff members of the protection and advocacy agency or to staff members of a private, nonprofit corporation for the purpose of protecting and advocating the rights of persons with mental disorders or developmental disabilities. Resource management services may limit the release of information to the name, birthdate, and county of residence of the patient, information regarding whether the patient was voluntarily admitted, or involuntarily committed, the date and place of admission, placement, or commitment, the name and address of a guardian of the patient, and the date and place of the guardian's appointment. Any staff member who wishes to obtain additional information shall notify the patient's resource management services in writing of the request and of the resource management services' right to object. The staff member shall send the notice by mail to the guardian's address. If the guardian does not object in writing within fifteen days after the notice is mailed, the staff member may obtain the additional information. If the guardian objects in writing within fifteen days after the notice is mailed, the staff member may not obtain the additional information.

(3) Whenever federal law or federal regulations restrict the release of information contained in the treatment records of any patient who receives treatment for chemical dependency, the department may restrict the release of the information as necessary to comply with federal law and regulations. ## Chapter 71.09 RCW

### SEXUALLY VIOLENT PREDATORS

#### Sections

71.09.090 Petition for conditional release to less restrictive alternative or unconditional discharge—Procedures.

**71.09.090 Petition for conditional release to less restrictive alternative or unconditional discharge—Procedures.** (1) If the secretary determines that the person's condition has so changed that either: (a) The person no longer meets the definition of a sexually violent predator; or (b) conditional release to a less restrictive alternative is in the best interest of the person and conditions can be imposed that adequately protect the community, the secretary shall authorize the person to petition the court for conditional release to a less restrictive alternative or unconditional discharge. The petition shall be filed with the court and served upon the prosecuting agency responsible for the initial commitment. The court, upon receipt of the petition for conditional release to a less restrictive alternative or unconditional discharge, shall within forty-five days order a hearing.

(2)(a) Nothing contained in this chapter shall prohibit the person from otherwise petitioning the court for conditional release to a less restrictive alternative or unconditional discharge without the secretary's approval. The secretary shall provide the committed person with an annual written notice of the person's right to petition the court for conditional release to a less restrictive alternative or unconditional discharge over the secretary's objection. The notice shall contain a waiver of rights. The secretary shall file the notice and waiver form and the annual report with the court. If the person does not affirmatively waive the right to petition, the court shall set a show cause hearing to determine whether probable cause exists to warrant a hearing on whether the person's condition has so changed that: (i) He or she no longer meets the definition of a sexually violent predator; or (ii) conditional release to a proposed less restrictive alternative would be in the best interest of the person and conditions can be imposed that would adequately protect the community.

(b) The committed person shall have a right to have an attorney represent him or her at the show cause hearing, which may be conducted solely on the basis of affidavits or declarations, but the person is not entitled to be present at the show cause hearing. At the show cause hearing, the prosecuting attorney or attorney general shall present prima facie evidence establishing that the committed person continues to meet the definition of a sexually violent predator and that a less restrictive alternative is not in the best interest of the per-

son and conditions cannot be imposed that adequately protect the community. In making this showing, the state may rely exclusively upon the annual report prepared pursuant to RCW 71.09.070. The committed person may present responsive affidavits or declarations to which the state may reply.

(c) If the court at the show cause hearing determines that either: (i) The state has failed to present prima facie evidence that the committed person continues to meet the definition of a sexually violent predator and that no proposed less restrictive alternative is in the best interest of the person and conditions cannot be imposed that would adequately protect the community; or (ii) probable cause exists to believe that the person's condition has so changed that: (A) The person no longer meets the definition of a sexually violent predator; or (B) release to a proposed less restrictive alternative would be in the best interest of the person and conditions can be imposed that would adequately protect the community, then the court shall set a hearing on either or both issues.

(d) If the court has not previously considered the issue of release to a less restrictive alternative, either through a trial on the merits or through the procedures set forth in RCW 71.09.094(1), the court shall consider whether release to a less restrictive alternative would be in the best interests of the person and conditions can be imposed that would adequately protect the community, without considering whether the person's condition has changed.

(3)(a) At the hearing resulting from subsection (1) or (2) of this section, the committed person shall be entitled to be present and to the benefit of all constitutional protections that were afforded to the person at the initial commitment proceeding. The prosecuting agency or the attorney general if requested by the county shall represent the state and shall have a right to a jury trial and to have the committed person evaluated by experts chosen by the state. The committed person shall also have the right to a jury trial and the right to have experts evaluate him or her on his or her behalf and the court shall appoint an expert if the person is indigent and requests an appointment.

(b) If the issue at the hearing is whether the person should be unconditionally discharged, the burden of proof shall be upon the state to prove beyond a reasonable doubt that the committed person's condition remains such that the person continues to meet the definition of a sexually violent predator. Evidence of the prior commitment trial and disposition is admissible.

(c) If the issue at the hearing is whether the person should be conditionally released to a less restrictive alternative, the burden of proof at the hearing shall be upon the state to prove beyond a reasonable doubt that conditional release to any proposed less restrictive alternative either: (i) Is not in the best interest of the committed person; or (ii) does not include conditions that would adequately protect the community. Evidence of the prior commitment trial and disposition is admissible.

(4)(a) Probable cause exists to believe that a person's condition has "so changed," under subsection (2) of this section, only when evidence exists, since the person's last commitment trial proceeding, of a substantial change in the person's physical or mental condition such that the person either no longer meets the definition of a sexually violent predator or that a conditional release to a less restrictive alternative is

in the person's best interest and conditions can be imposed to adequately protect the community.

(b) A new trial proceeding under subsection (3) of this section may be ordered, or held, only when there is current evidence from a licensed professional of one of the following and the evidence presents a change in condition since the person's last commitment trial proceeding:

(i) An identified physiological change to the person, such as paralysis, stroke, or dementia, that renders the committed person unable to commit a sexually violent act and this change is permanent; or

(ii) A change in the person's mental condition brought about through positive response to continuing participation in treatment which indicates that the person meets the standard for conditional release to a less restrictive alternative or that the person would be safe to be at large if unconditionally released from commitment.

(c) For purposes of this section, a change in a single demographic factor, without more, does not establish probable cause for a new trial proceeding under subsection (3) of this section. As used in this section, a single demographic factor includes, but is not limited to, a change in the chronological age, marital status, or gender of the committed person.

(5) The jurisdiction of the court over a person civilly committed pursuant to this chapter continues until such time as the person is unconditionally discharged. [2005 c 344 § 2; 2001 c 286 § 9; 1995 c 216 § 9; 1992 c 45 § 7; 1990 c 3 § 1009.]

**Findings—Intent—2005 c 344:** "The legislature finds that the decisions in *In re Young*, 120 Wn. App. 753, review denied, \_\_\_ Wn.2d \_\_\_ (2004) and *In re Ward*, \_\_\_ Wn. App. \_\_\_ (2005) illustrate an unintended consequence of language in chapter 71.09 RCW.

The *Young* and *Ward* decisions are contrary to the legislature's intent set forth in RCW 71.09.010 that civil commitment pursuant to chapter 71.09 RCW address the "very long-term" needs of the sexually violent predator population for treatment and the equally long-term needs of the community for protection from these offenders. The legislature finds that the mental abnormalities and personality disorders that make a person subject to commitment under chapter 71.09 RCW are severe and chronic and do not remit due solely to advancing age or changes in other demographic factors.

The legislature finds, although severe medical conditions like stroke, paralysis, and some types of dementia can leave a person unable to commit further sexually violent acts, that a mere advance in age or a change in gender or some other demographic factor after the time of commitment does not merit a new trial proceeding under RCW 71.09.090. To the contrary, the legislature finds that a new trial ordered under the circumstances set forth in *Young* and *Ward* subverts the statutory focus on treatment and reduces community safety by removing all incentive for successful treatment participation in favor of passive aging and distracting committed persons from fully engaging in sex offender treatment.

The *Young* and *Ward* decisions are contrary to the legislature's intent that the risk posed by persons committed under chapter 71.09 RCW will generally require prolonged treatment in a secure facility followed by intensive community supervision in the cases where positive treatment gains are sufficient for community safety. The legislature has, under the guidance of the federal court, provided avenues through which committed persons who successfully progress in treatment will be supported by the state in a conditional release to a less restrictive alternative that is in the best interest of the committed person and provides adequate safeguards to the community and is the appropriate next step in the person's treatment.

The legislature also finds that, in some cases, a committed person may appropriately challenge whether he or she continues to meet the criteria for commitment. Because of this, the legislature enacted RCW 71.09.070 and 71.09.090, requiring a regular review of a committed person's status and permitting the person the opportunity to present evidence of a relevant change in condition from the time of the last commitment trial proceeding. These provisions are intended only to provide a method of revisiting the indefinite commitment due to a relevant change in the person's condition, not an alternate method of collaterally attacking a person's indefinite commitment for

reasons unrelated to a change in condition. Where necessary, other existing statutes and court rules provide ample opportunity to resolve any concerns about prior commitment trials. Therefore, the legislature intends to clarify the "so changed" standard." [2005 c 344 § 1.]

**Severability—2005 c 344:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2005 c 344 § 3.]

**Effective date—2005 c 344:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 9, 2005]." [2005 c 344 § 4.]

**Recommendations—Application—Effective date—2001 c 286:** See notes following RCW 71.09.015.

**71.24.015 Legislative intent and policy.** It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs that focus on resilience and recovery, and practices that are evidence-based, research-based, consensus-based, or, where these do not exist, promising or emerging best practices, which provide for:

(1) Access to mental health services for adults of the state who are acutely mentally ill, chronically mentally ill, or seriously disturbed and children of the state who are acutely mentally ill, severely emotionally disturbed, or seriously disturbed, which services recognize the special needs of underserved populations, including minorities, children, the elderly, disabled, and low-income persons. Access to mental health services shall not be limited by a person's history of confinement in a state, federal, or local correctional facility. It is also the purpose of this chapter to promote the early identification of mentally ill children and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve

home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) The involvement of persons with mental illness, their family members, and advocates in designing and implementing mental health services that reduce unnecessary hospitalization and incarceration and promote the recovery and employment of persons with mental illness. To improve the quality of services available and promote the rehabilitation, recovery, and reintegration of persons with mental illness, consumer and advocate participation in mental health services is an integral part of the community mental health system and shall be supported;

(3) Accountability of efficient and effective services through state of the art outcome and performance measures and statewide standards for monitoring client and system outcomes, performance, and reporting of client and system outcome information. These processes shall be designed so as to maximize the use of available resources for direct care of people with a mental illness and to assure uniform data collection across the state;

(4) Minimum service delivery standards;

(5) Priorities for the use of available resources for the care of the mentally ill consistent with the priorities defined in the statute;

(6) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, regional support networks, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of the mentally ill, and other service providers; and

(7) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders including services operated by consumers and advocates. The legislature intends to encourage the development of regional mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties are encouraged to enter into joint operating agreements with other counties to form regional systems of care. Regional systems of care, whether operated by a county, group of counties, or another entity shall integrate planning, administration, and service delivery duties under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs. The legislature hereby finds and declares that sound fiscal management requires vigilance to ensure that funds appropriated by the legislature for the provision of needed community mental health programs and services are ultimately expended solely

for the purpose for which they were appropriated, and not for any other purpose.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end the legislature intends to promote active engagement with mentally ill persons and collaboration between families and service providers. [2005 c 503 § 1. Prior: 2001 c 334 § 6; 2001 c 323 § 1; 1999 c 214 § 7; 1991 c 306 § 1; 1989 c 205 § 1; 1986 c 274 § 1; 1982 c 204 § 2.]

**Correction of references—2005 c 503:** "The code reviser shall replace all references to "county designated mental health professional" with "designated mental health professional" in the Revised Code of Washington." [2005 c 503 § 16.]

**Savings—2005 c 503:** "This act does not affect any existing right acquired or liability or obligation incurred under the sections amended or repealed in this act or under any rule or order adopted under those sections, nor does it affect any proceeding instituted under those sections." [2005 c 503 § 17.]

**Severability—2005 c 503:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2005 c 503 § 18.]

**Intent—Effective date—1999 c 214:** See notes following RCW 72.09.370.

**Conflict with federal requirements—1991 c 306:** "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

However, if any part of this act conflicts with such federal requirements, the state appropriation for mental health services provided to children whose mental disorders are discovered under screening through the federal Title XIX early and periodic screening, diagnosis, and treatment program shall be provided through the division of medical assistance and no state funds appropriated to the division of mental health shall be expended or transferred for this purpose." [1991 c 306 § 7.]

**Effective date—1986 c 274 §§ 1, 2, 3, 5, and 9:** "Sections 1, 2, 3, 5, and 9 of this act shall take effect on July 1, 1987." [1986 c 274 § 11.]

(5) The secretary shall:

(a) Develop a biennial state mental health program that incorporates regional biennial needs assessments and regional mental health service plans and state services for mentally ill adults and children. The secretary shall also develop a six-year state mental health plan;

(b) Assure that any regional or county community mental health program provides access to treatment for the region's residents in the following order of priority: (i) The acutely mentally ill; (ii) chronically mentally ill adults and severely emotionally disturbed children; and (iii) the seriously disturbed. Such programs shall provide:

(A) Outpatient services;

(B) Emergency care services for twenty-four hours per day;

(C) Day treatment for mentally ill persons which includes training in basic living and social skills, supported work, vocational rehabilitation, and day activities. Such services may include therapeutic treatment. (E) Employment services, which may include supported employment, transitional work, placement in competitive employment, and other work-related services, that result in mentally ill persons becoming engaged in meaningful and gainful full or part-time work. Other sources of funding such as the division of vocational rehabilitation may be utilized by the secretary to maximize federal funding and provide for integration of services;

(F) Consultation and education services; and

(G) Community support services;

(c) Develop and adopt rules establishing state minimum standards for the delivery of mental health services pursuant to RCW 71.24.037 including, but not limited to:

The secretary shall provide for deeming of compliance with state minimum standards for those entities accredited by recognized behavioral health accrediting bodies recognized and having a current agreement with the department;

(ii) Regional support networks; and

(e) Establish a standard contract or contracts, consistent with state minimum standards and RCW 71.24.320 and 71.24.330, which shall be used in contracting with regional support networks. The standard contract shall include a maximum fund balance, which shall be consistent with that required by federal regulations or waiver stipulations;

(f) Establish, to the extent possible, a standardized auditing procedure which minimizes paperwork requirements of regional support networks and licensed service providers. The audit procedure shall focus on the outcomes of service and not the processes for accomplishing them;

(g) Develop and maintain an information system to be used by the state and regional support networks that includes a tracking method which allows the department and regional support networks to identify mental health clients' participation in any mental health service or public program on an immediate basis. The information system shall not include individual patient's case history files. Confidentiality of client information and records shall be maintained as provided in this chapter and in RCW 71.05.390, 71.05.420, and 71.05.440;

(n) Assure the availability of an appropriate amount, as determined by the legislature in the operating budget by amounts appropriated for this specific purpose, of community-based, geographically distributed residential services.

(6) The secretary shall use available resources only for regional support networks, except to the extent authorized, and in accordance with any priorities or conditions specified, in the biennial appropriations act.

(7) Each certified regional support network and licensed service provider shall file with the secretary, on request, such data, statistics, schedules, and information as the secretary reasonably requires. A certified regional support network or licensed service provider which, without good cause, fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent reports thereof, may have its certification or license revoked or suspended.

(8) The secretary may suspend, revoke, limit, or restrict a certification or license, or refuse to grant a certification or license for failure to conform to: (a) The law; (b) applicable rules and regulations; (c) applicable standards; or (d) state minimum standards.

(9) The superior court may restrain any regional support network or service provider from operating without certification or a license or any other violation of this section. (10) Upon petition by the secretary, and after hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer or employee of the secretary authorizing him or her to enter at reasonable times, and examine the records, books, and accounts of any regional support network or service provider refusing to consent to inspection or examination by the authority.

(11) Notwithstanding the existence or pursuit of any other remedy, the secretary may file an action for an injunction or other process against any person or governmental unit to restrain or prevent the establishment, conduct, or operation of a regional support network or service provider without certification or a license under this chapter.

(13)(a) The department, in consultation with affected parties, shall establish a distribution formula that reflects regional needs assessments based on the number of persons who are acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed. The formula shall take into consideration the impact on regions of demographic factors which result in concentrations of priority populations as set forth in subsection (5)(b) of this section. These factors shall include the population concentrations resulting from commitments under chapters 71.05 and 71.34 RCW to state psychiatric hospitals, as well as concentration in urban areas, at border crossings at state boundaries, and other significant demographic and workload factors.

(b) The formula shall also include a projection of the funding allocations that will result for each region, which specifies allocations according to priority populations,

including the allocation for services to children and other underserved populations.

(c) After July 1, 2003, the department may allocate up to two percent of total funds to be distributed to the regional support networks for incentive payments to reward the achievement of superior outcomes, or significantly improved outcomes, as measured by a statewide performance measurement system consistent with the framework recommended in the joint legislative audit and review committee's performance audit of the mental health system. The department shall annually report to the legislature on its criteria and allocation of the incentives provided under this subsection.

(14) The secretary shall assume all duties assigned to the nonparticipating regional support networks under chapters 71.05, 71.34, and 71.24 RCW. Such responsibilities shall include those which would have been assigned to the nonparticipating counties in regions where there are not participating regional support networks.

The regional support networks, or the secretary's assumption of all responsibilities under chapters 71.05, 71.34, and 71.24 RCW, shall be included in all state and federal plans affecting the state mental health program including at least those required by this chapter, the medicaid program, and P.L. 99-660. Nothing in these plans shall be inconsistent with the intent and requirements of this chapter.

(15) The secretary shall:

(a) Disburse funds for the regional support networks within sixty days of approval of the biennial contract. The department must either approve or reject the biennial contract within sixty days of receipt.

(b) Enter into biennial contracts with regional support networks. The contracts shall be consistent with available resources. No contract shall be approved that does not include progress toward meeting the goals of this chapter by taking responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.

(c) Notify regional support networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

(d) Deny funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.

(16) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the appropriate committees of the senate and the house of representatives. [2005 c 504 § 715; 2005 c 503 § 7. The regional support network may, in the absence of a licensed service provider entity, become a licensed service provider entity pursuant to minimum standards required for licensing by the department for the purpose of providing services not available from licensed service providers;

(2) Operate as a licensed service provider if it deems that doing so is more efficient and cost effective than contracting for services. When doing so, the regional support network shall comply with rules promulgated by the secretary that shall provide measurements to determine when a regional support network provided service is more efficient and cost effective;

(3) Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the regional support network to provide services required by this chapter. The monitoring and audits shall be performed by means of a formal process which insures that the licensed service providers and professionals designated in this subsection meet the terms of their contracts;

(4) Assure that the special needs of minorities, the elderly, disabled, children, and low-income persons are met within the priorities established in this chapter;

(5) Maintain patient tracking information in a central location as required for resource management services and the department's information system;

(6) Use not more than two percent of state-appropriated community mental health funds, which shall not include federal funds, to administer community mental health programs under RCW 71.24.155: PROVIDED, That county authorities serving a county or combination of counties whose population is one hundred twenty-five thousand or more may be entitled to sufficient state-appropriated community mental health funds to employ up to one full-time employee or the equivalent thereof in addition to the two percent limit established in this subsection when such employee is providing staff services to a county mental health advisory board;

(7) Collaborate to ensure that policies do not result in an adverse shift of mentally ill persons into state and local correctional facilities;

(8) Work with the department to expedite the enrollment or re-enrollment of eligible persons leaving state or local correctional facilities and institutions for mental diseases;

(9) If a regional support network is not operated by the county, work closely with the county designated mental health professional or county designated crisis responder to maximize appropriate placement of persons into community services; and

(10) Coordinate services for individuals who have received services through the community mental health system and who become patients at a state mental hospital. **71.24.100 Joint agreements of county authorities—Required provisions.** A county authority or a group of county authorities may enter into a joint operating agreement to form a regional support network. Any agreement between two or more county authorities for the establishment of a regional support network shall provide:

(1) That each county shall bear a share of the cost of mental health services; and

(2) That the treasurer of one participating county shall be the custodian of funds made available for the purposes of such mental health services, and that the treasurer may make payments from such funds upon audit by the appropriate auditing officer of the county for which he is treasurer. **Correction of references—Savings—Severability—2005 c 503:** See notes following RCW 71.24.015.

**71.24.240 County program plans to be approved by secretary prior to submittal to federal agency.** In order to establish eligibility for funding under this chapter, any regional support network seeking to obtain federal funds for the support of any aspect of a community mental health program as defined in this chapter shall submit program plans to the secretary for prior review and approval before such plans are submitted to any federal agency. [2005 c 503 § 10; 1982 c 204 § 13; 1967 ex.s. c 111 § 24.]

**Correction of references—Savings—Severability—2005 c 503:** See notes following RCW 71.24.015.

**71.24.300 Regional support networks—Inclusion of tribal authorities—Roles and responsibilities.** Upon the request of a tribal authority or authorities within a regional support network the joint operating agreement or the county authority shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network.

The roles and responsibilities of the county and tribal authorities shall be determined by the terms of that agreement including a determination of membership on the governing board and advisory committees, the number of tribal representatives to be party to the agreement, and the provisions of law and shall assure the provision of culturally competent services to the tribes served. The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under regional support networks by rule, except to assure that all duties required of regional support networks are assigned and that counties and the regional support network do not duplicate functions and that a single authority has final responsibility for all available resources and performance under the regional support network's contract with the secretary. If a regional support network is a private entity, the department shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network. The roles and responsibilities of the private entity and the tribal authorities shall be determined by the department, through negotiation with the tribal authority.

(1) Regional support networks shall submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties:

(a) Administer and provide for the availability of all resource management services, residential services, and community support services.

(b) Administer and provide for the availability of all investigation, transportation, court-related, and other services provided by the state or counties pursuant to chapter 71.05 RCW.

(c) Provide within the boundaries of each regional support network evaluation and treatment services for at least eighty-five percent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. Regional support networks with populations of less than one hundred fifty thousand may contract to purchase evaluation and treatment services from other networks. Insofar as the original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide evaluation and treatment services within the boundaries of each regional support network. Such exceptions are limited to contracts with neighboring or contiguous regions.

(d) Administer a portion of funds appropriated by the legislature to house mentally ill persons in state institutions from counties within the boundaries of any regional support network, with the exception of persons currently confined at, or under the supervision of, a state mental hospital pursuant to chapter 10.77 RCW, and provide for the care of all persons needing evaluation and treatment services for periods up to seventeen days according to chapter 71.05 RCW in appropriate residential services, which may include state institutions. The regional support networks shall reimburse the state for use of state institutions at a rate equal to that assumed by the legislature when appropriating funds for such care at state institutions during the biennium when reimbursement occurs. The secretary shall submit a report to the appropriate committees of the senate and house of representatives on the

efforts to implement this section by October 1, 2002. The duty of a state hospital to accept persons for evaluation and treatment under chapter 71.05 RCW is limited by the responsibilities assigned to regional support networks under this section.

(e) Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, employment services as defined in RCW 71.24.035, and mental health services to children.

(f) Establish standards and procedures for reviewing individual service plans and determining when that person may be discharged from resource management services.

(2) A regional support network may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the mentally ill and which is within the boundaries of a regional support network be made available to support the operations of the regional support network. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

(3) Each regional support network shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter, provide local oversight regarding the activities of the regional support network, and work with the regional support network to resolve significant concerns regarding service delivery and outcomes. The department shall establish statewide procedures for the operation of regional advisory committees including mechanisms for advisory board feedback to the department regarding regional support network performance. The composition of the board shall be broadly representative of the demographic character of the region and shall include, but not be limited to, representatives of consumers and families, law enforcement, and where the county is not the regional support network, county elected officials. Composition and length of terms of board members may differ between regional support networks but shall be included in each regional support network's contract and approved by the secretary.

(4) Regional support networks shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary.

(5) Regional support networks may receive technical assistance from the housing trust fund and may identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the regional support network six-year operating and capital plan, timeline, and budget required by subsection (1) of this section. **71.24.320 Regional support networks—Procurement process—Request for qualifications.** (1) The secretary shall initiate a procurement process for regional support networks in 2005. In the first step of the procurement process, existing regional support networks may respond to a request for qualifications developed by the department. The secretary shall issue the request for qualifications not later than October 1, 2005. The request for qualifications shall be based on cost-effectiveness, adequate residential and service capabilities, effective collaboration with criminal justice agencies and the chemical dependency treatment system, and the ability to provide the full array of services as stated in the mental health state plan, and shall meet all applicable federal and state regulations and standards. An existing regional support network shall be awarded the contract with the department if it substantially meets the requirements of the request for qualifications developed by the department.

(2) If an existing regional support network chooses not to respond to the request for qualifications, or is unable to substantially meet the requirements of the request for qualifications, the department shall utilize a procurement process in which other entities recognized by the secretary may bid to serve as the regional support network in that region. The procurement process shall begin with a request for proposals issued March 1, 2006. [2005 c 503 § 4.]

**Effective date—2005 c 503 § 4:** "Section 4 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 17, 2005]." [2005 c 503 § 19.]

The department shall issue a request for proposal to the extent required by RCW 71.24.320 and the contract shall be effective September 1, 2006.

(2) This section expires June 30, 2007. [2005 c 503 § 15.]

**Correction of references—Savings—Severability—2005 c 503:** See notes following RCW 71.24.015.

**71.24.330 Regional support networks—Contracts with department—Requirements.** (1) Contracts between a regional support network and the department shall include mechanisms for monitoring performance under the contract and remedies for failure to substantially comply with the requirements of the contract including, but not limited to, financial penalties, termination of the contract, and reprocurement of the contract.

(2) The procurement process shall encourage the preservation of infrastructure previously purchased by the community mental health service delivery system, the maintenance of linkages between other services and delivery systems, and maximization of the use of available funds for services versus profits. The procurement process shall provide that public funds appropriated by the legislature shall not be used to pro-

mote or deter, encourage, or discourage employees from exercising their rights under Title 29, chapter 7, subchapter II, United States Code or chapter 41.56 RCW.

(3) In addition to the requirements of RCW 71.24.035, contracts shall:

(a) Define administrative costs and ensure that the regional support network does not exceed an administrative cost of ten percent of available funds;

(b) Require effective collaboration with law enforcement, criminal justice agencies, and the chemical dependency treatment system;

(c) Require substantial implementation of department adopted integrated screening and assessment process and matrix of best practices; and

(d) Maintain the decision-making independence of designated mental health professionals. [2005 c 503 § 6.]

To this end, the regional support networks shall accept referrals for enrollment on behalf of a confined person, prior to the person's release. [2005 c 503 § 13.]

(4) No provider is obligated to provide treatment to a minor under the provisions of this section except that no provider may refuse to treat a minor under the provisions of this section solely on the basis that the minor has not consented to the treatment. No provider may admit a minor to treatment under this section unless it is medically necessary.

(5) No minor receiving inpatient treatment under this section may be discharged from the facility based solely on his or her request.

(6) Prior to the review conducted under RCW 71.34.610, the professional person shall notify the minor of his or her right to petition superior court for release from the facility.

(7) For the purposes of this section "professional person" means "professional person" as defined in RCW 71.05.020. [2005 c 371 § 4; 1998 c 296 § 17. Formerly RCW 71.34.052.]

**\*Reviser's note:** RCW 71.05.020 was amended by 2005 c 504 § 104, changing subsection (24) to subsection (26).

**Finding—Intent—2005 c 371:** "The legislature finds that, despite explicit statements in statute that the consent of a minor child is not required for a parent-initiated admission to inpatient or outpatient mental health treatment, treatment providers consistently refuse to accept a minor aged thirteen or over if the minor does not also consent to treatment. The legislature intends that the parent-initiated treatment provisions, with their accompanying due process provisions for the minor, be made fully available to parents." [2005 c 371 § 1.]

**Severability—2005 c 371:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or

the application of the provision to other persons or circumstances is not affected." [2005 c 371 § 7.]

**Findings—Intent—Part headings not law—Short title—1998 c 296:** See notes following RCW 74.13.025.

**71.34.610 Review of admission and inpatient treatment of minors—Determination of medical necessity—Department review—Minor declines necessary treatment—At-risk youth petition—Costs—Public funds.** (1) The department shall assure that, for any minor admitted to inpatient treatment under RCW 71.34.600, a review is conducted by a physician or other mental health professional who is employed by the department, or an agency under contract with the department, and who neither has a financial interest in continued inpatient treatment of the minor nor is affiliated with the facility providing the treatment. The physician or other mental health professional shall conduct the review not less than seven nor more than fourteen days following the date the minor was brought to the facility under RCW 71.34.600 to determine whether it is a medical necessity to continue the minor's treatment on an inpatient basis.

(2) In making a determination under subsection (1) of this section, the department shall consider the opinion of the treatment provider, the safety of the minor, and the likelihood the minor's mental health will deteriorate if released from inpatient treatment. The department shall consult with the parent in advance of making its determination.

(3) If, after any review conducted by the department under this section, the department determines it is no longer a medical necessity for a minor to receive inpatient treatment, the department shall immediately notify the parents and the facility. The facility shall release the minor to the parents within twenty-four hours of receiving notice. If the professional person in charge and the parent believe that it is a medical necessity for the minor to remain in inpatient treatment, the minor shall be released to the parent on the second judicial day following the department's determination in order to allow the parent time to file an at-risk youth petition under chapter 13.32A RCW. If the department determines it is a medical necessity for the minor to receive outpatient treatment and the minor declines to obtain such treatment, such refusal shall be grounds for the parent to file an at-risk youth petition.

(4) If the evaluation conducted under RCW 71.34.600 is done by the department, the reviews required by subsection (1) of this section shall be done by contract with an independent agency.

(5) The department may, subject to available funds, contract with other governmental agencies to conduct the reviews under this section. The department may seek reimbursement from the parents, their insurance, or medicaid for the expense of any review conducted by an agency under contract.

(6) In addition to the review required under this section, the department may periodically determine and redetermine the medical necessity of treatment for purposes of payment with public funds. [1998 c 296 § 9; 1995 c 312 § 56. Formerly RCW 71.34.025.]

**Short title—1995 c 312:** See note following RCW 13.32A.010.

**71.34.620 Minor may petition court for release from facility.** Following the review conducted under RCW 71.34.610, a minor child may petition the superior court for his or her release from the facility. The petition may be filed not sooner than five days following the review. The court shall release the minor unless it finds, upon a preponderance of the evidence, that it is a medical necessity for the minor to remain at the facility. [1998 c 296 § 19. Formerly RCW 71.34.162.]

**Findings—Intent—Part headings not law—Short title—1998 c 296:** See notes following RCW 74.13.025.

**71.34.630 Minor not released by petition under RCW 71.34.620—Release within thirty days—Professional may initiate proceedings to stop release.** If the minor is not released as a result of the petition filed under RCW 71.34.620, he or she shall be released not later than thirty days following the later of: (1) The date of the department's determination under RCW 71.34.610(2); or (2) the filing of a petition for judicial review under RCW 71.34.620, unless a professional person or the county designated mental health professional initiates proceedings under this chapter. [1998 c 296 § 20. Formerly RCW 71.34.164.]

**Findings—Intent—Part headings not law—Short title—1998 c 296:** See notes following RCW 74.13.025.

**71.34.640 Evaluation of treatment of minors.** The department shall randomly select and review the information on children who are admitted to inpatient treatment on application of the child's parent regardless of the source of payment, if any. The review shall determine whether the children reviewed were appropriately admitted into treatment based on an objective evaluation of the child's condition and the outcome of the child's treatment. [1996 c 133 § 36; 1995 c 312 § 58. Formerly RCW 71.34.035.]

**Short title—1995 c 312:** See note following RCW 13.32A.010.

**71.34.650 Parent may request determination whether minor has mental disorder requiring outpatient treatment—Consent of minor not required—Discharge of minor.** (1) A parent may bring, or authorize the bringing of, his or her minor child to a provider of outpatient mental health treatment and request that an appropriately trained professional person examine the minor to determine whether the minor has a mental disorder and is in need of outpatient treatment.

(2) The consent of the minor is not required for evaluation if the parent brings the minor to the provider.

(3) The professional person may evaluate whether the minor has a mental disorder and is in need of outpatient treatment.

(4) Any minor admitted to inpatient treatment under RCW 71.34.500 or 71.34.600 shall be discharged immediately from inpatient treatment upon written request of the parent. [1998 c 296 § 18. Formerly RCW 71.34.054.]

**Findings—Intent—Part headings not law—Short title—1998 c 296:** See notes following RCW 74.13.025.

**71.34.660 Limitation on liability for admitting or accepting minor child.** A minor child shall have no cause of action against an evaluation and treatment facility, inpatient facility, or provider of outpatient mental health treatment for admitting or accepting the minor in good faith for evaluation or treatment under RCW 71.34.600 or 71.34.650 based solely upon the fact that the minor did not consent to evaluation or treatment if the minor's parent has consented to the evaluation or treatment. [2005 c 371 § 3.]

**Finding—Intent—Severability—2005 c 371:** See notes following RCW 71.34.600.

## INVOLUNTARY COMMITMENT

**71.34.700 Evaluation of minor thirteen or older brought for immediate mental health services—Temporary detention.** If a minor, thirteen years or older, is brought to an evaluation and treatment facility or hospital emergency room for immediate mental health services, the professional person in charge of the facility shall evaluate the minor's mental condition, determine whether the minor suffers from a mental disorder, and whether the minor is in need of immediate inpatient treatment. If it is determined that the minor suffers from a mental disorder, inpatient treatment is required, the minor is unwilling to consent to voluntary admission, and the professional person believes that the minor meets the criteria for initial detention set forth herein, the facility may detain or arrange for the detention of the minor for up to twelve hours in order to enable a county-designated mental health professional to evaluate the minor and commence initial detention proceedings under the provisions of this chapter. [1985 c 354 § 4. Formerly RCW 71.34.040.]

**71.34.710 Minor thirteen or older who presents likelihood of serious harm or is gravely disabled—Transport to inpatient facility—Petition for initial detention—Notice of commitment hearing—Facility to evaluate and admit or release minor.** (1) When a county-designated mental health professional receives information that a minor, thirteen years or older, as a result of a mental disorder presents a likelihood of serious harm or is gravely disabled, has investigated the specific facts alleged and of the credibility of the person or persons providing the information, and has determined that voluntary admission for inpatient treatment is not possible, the county-designated mental health professional may take the minor, or cause the minor to be taken, into custody and transported to an evaluation and treatment facility providing inpatient treatment.

If the minor is not taken into custody for evaluation and treatment, the parent who has custody of the minor may seek review of that decision made by the county designated mental health professional in court. The parent shall file notice with the court and provide a copy of the county designated mental health professional's report or notes.

(2) Within twelve hours of the minor's arrival at the evaluation and treatment facility, the county-designated mental health professional shall serve on the minor a copy of the petition for initial detention, notice of initial detention, and statement of rights. The county-designated mental health professional shall file with the court on the next judicial day following the initial detention the original petition for initial

detention, notice of initial detention, and statement of rights along with an affidavit of service. The county-designated mental health professional shall commence service of the petition for initial detention and notice of the initial detention on the minor's parent and the minor's attorney as soon as possible following the initial detention.

(3) At the time of initial detention, the county-designated mental health professional shall advise the minor both orally and in writing that if admitted to the evaluation and treatment facility for inpatient treatment, a commitment hearing shall be held within seventy-two hours of the minor's provisional acceptance to determine whether probable cause exists to commit the minor for further mental health treatment.

The minor shall be advised that he or she has a right to communicate immediately with an attorney and that he or she has a right to have an attorney appointed to represent him or her before and at the hearing if the minor is indigent.

(4) Whenever the county designated mental health professional petitions for detention of a minor under this chapter, an evaluation and treatment facility providing seventy-two hour evaluation and treatment must immediately accept on a provisional basis the petition and the person. Within twenty-four hours of the minor's arrival, the facility must evaluate the minor's condition and either admit or release the minor in accordance with this chapter.

(5) If a minor is not approved for admission by the inpatient evaluation and treatment facility, the facility shall make such recommendations and referrals for further care and treatment of the minor as necessary. [1995 c 312 § 53; 1985 c 354 § 5. Formerly RCW 71.34.050.]

**Short title—1995 c 312:** See note following RCW 13.32A.010.

**71.34.720 Examination and evaluation of minor approved for inpatient admission—Referral to chemical dependency treatment program—Right to communication, exception—Evaluation and treatment period.** (1) Each minor approved by the facility for inpatient admission shall be examined and evaluated by a children's mental health specialist as to the child's mental condition and by a physician as to the child's physical condition within twenty-four hours of admission. Reasonable measures shall be taken to ensure medical treatment is provided for any condition requiring immediate medical attention.

(2) If, after examination and evaluation, the children's mental health specialist and the physician determine that the initial needs of the minor would be better served by placement in a chemical dependency treatment facility, then the minor shall be referred to an approved treatment program defined under RCW 70.96A.020.

(3) The admitting facility shall take reasonable steps to notify immediately the minor's parent of the admission.

(4) During the initial seventy-two hour treatment period, the minor has a right to associate or receive communications from parents or others unless the professional person in charge determines that such communication would be seriously detrimental to the minor's condition or treatment and so indicates in the minor's clinical record, and notifies the minor's parents of this determination. In no event may the minor be denied the opportunity to consult an attorney.

(5) If the evaluation and treatment facility admits the minor, it may detain the minor for evaluation and treatment for a period not to exceed seventy-two hours from the time of provisional acceptance. The computation of such seventy-two hour period shall exclude Saturdays, Sundays, and holidays. This initial treatment period shall not exceed seventy-two hours except when an application for voluntary inpatient treatment is received or a petition for fourteen-day commitment is filed.

(6) Within twelve hours of the admission, the facility shall advise the minor of his or her rights as set forth in this chapter. [1991 c 364 § 12; 1985 c 354 § 6. Formerly RCW 71.34.060.]

**Findings—Construction—Conflict with federal requirements—1991 c 364:** See notes following RCW 70.96A.020.

**71.34.730 Petition for fourteen-day commitment—Requirements.** (1) The professional person in charge of an evaluation and treatment facility where a minor has been admitted involuntarily for the initial seventy-two hour treatment period under this chapter may petition to have a minor committed to an evaluation and treatment facility for fourteen-day diagnosis, evaluation, and treatment.

If the professional person in charge of the treatment and evaluation facility does not petition to have the minor committed, the parent who has custody of the minor may seek review of that decision in court. The parent shall file notice with the court and provide a copy of the treatment and evaluation facility's report.

(2) A petition for commitment of a minor under this section shall be filed with the superior court in the county where the minor is residing or being detained.

(a) A petition for a fourteen-day commitment shall be signed either by two physicians or by one physician and a mental health professional who have examined the minor and shall contain the following:

- (i) The name and address of the petitioner;
- (ii) The name of the minor alleged to meet the criteria for fourteen-day commitment;
- (iii) The name, telephone number, and address if known of every person believed by the petitioner to be legally responsible for the minor;
- (iv) A statement that the petitioner has examined the minor and finds that the minor's condition meets required criteria for fourteen-day commitment and the supporting facts therefor;
- (v) A statement that the minor has been advised of the need for voluntary treatment but has been unwilling or unable to consent to necessary treatment;
- (vi) A statement recommending the appropriate facility or facilities to provide the necessary treatment; and
- (vii) A statement concerning whether a less restrictive alternative to inpatient treatment is in the best interests of the minor.

(b) A copy of the petition shall be personally delivered to the minor by the petitioner or petitioner's designee. A copy of the petition shall be sent to the minor's attorney and the minor's parent. [1995 c 312 § 54; 1985 c 354 § 7. Formerly RCW 71.34.070.]

**Short title—1995 c 312:** See note following RCW 13.32A.010.

**71.34.740 Commitment hearing—Requirements—Findings by court—Commitment—Release.** (1) A commitment hearing shall be held within seventy-two hours of the minor's admission, excluding Saturday, Sunday, and holidays, unless a continuance is requested by the minor or the minor's attorney.

(2) The commitment hearing shall be conducted at the superior court or an appropriate place at the facility in which the minor is being detained.

(3) At the commitment hearing, the evidence in support of the petition shall be presented by the county prosecutor.

(4) The minor shall be present at the commitment hearing unless the minor, with the assistance of the minor's attorney, waives the right to be present at the hearing.

(5) If the parents are opposed to the petition, they may be represented at the hearing and shall be entitled to court-appointed counsel if they are indigent.

(6) At the commitment hearing, the minor shall have the following rights:

- (a) To be represented by an attorney;
- (b) To present evidence on his or her own behalf;
- (c) To question persons testifying in support of the petition.

(7) If the minor has received medication within twenty-four hours of the hearing, the court shall be informed of that fact and of the probable effects of the medication.

(8) Rules of evidence shall not apply in fourteen-day commitment hearings.

(9) For a fourteen-day commitment, the court must find by a preponderance of the evidence that:

- (a) The minor has a mental disorder and presents a "likelihood of serious harm" or is "gravely disabled";
- (b) The minor is in need of evaluation and treatment of the type provided by the inpatient evaluation and treatment facility to which continued inpatient care is sought or is in need of less restrictive alternative treatment found to be in the best interests of the minor; and
- (c) The minor is unwilling or unable in good faith to consent to voluntary treatment.

(10) If the court finds that the minor meets the criteria for a fourteen-day commitment, the court shall either authorize commitment of the minor for inpatient treatment or for less restrictive alternative treatment upon such conditions as are necessary. If the court determines that the minor does not meet the criteria for a fourteen-day commitment, the minor shall be released.

(11) Nothing in this section prohibits the professional person in charge of the evaluation and treatment facility from releasing the minor at any time, when, in the opinion of the professional person in charge of the facility, further inpatient treatment is no longer necessary. The release may be subject to reasonable conditions if appropriate.

Whenever a minor is released under this section, the professional person in charge shall within three days, notify the court in writing of the release.

(12) A minor who has been committed for fourteen days shall be released at the end of that period unless a petition for one hundred eighty-day commitment is pending before the court. [1985 c 354 § 8. Formerly RCW 71.34.080.]

**71.34.750 Petition for one hundred eighty-day commitment—Hearing—Requirements—Findings by court—Commitment order—Release—Successive commitments.** (1) At any time during the minor's period of fourteen-day commitment, the professional person in charge may petition the court for an order requiring the minor to undergo an additional one hundred eighty-day period of treatment. The evidence in support of the petition shall be presented by the county prosecutor unless the petition is filed by the professional person in charge of a state-operated facility in which case the evidence shall be presented by the attorney general.

(2) The petition for one hundred eighty-day commitment shall contain the following:

- (a) The name and address of the petitioner or petitioners;
- (b) The name of the minor alleged to meet the criteria for one hundred eighty-day commitment;
- (c) A statement that the petitioner is the professional person in charge of the evaluation and treatment facility responsible for the treatment of the minor;
- (d) The date of the fourteen-day commitment order; and
- (e) A summary of the facts supporting the petition.

(3) The petition shall be supported by accompanying affidavits signed by two examining physicians, one of whom shall be a child psychiatrist, or by one examining physician and one children's mental health specialist. The affidavits shall describe in detail the behavior of the detained minor which supports the petition and shall state whether a less restrictive alternative to inpatient treatment is in the best interests of the minor.

(4) The petition for one hundred eighty-day commitment shall be filed with the clerk of the court at least three days before the expiration of the fourteen-day commitment period. The petitioner or the petitioner's designee shall within twenty-four hours of filing serve a copy of the petition on the minor and notify the minor's attorney and the minor's parent. A copy of the petition shall be provided to such persons at least twenty-four hours prior to the hearing.

(5) At the time of filing, the court shall set a date within seven days for the hearing on the petition. The court may continue the hearing upon the written request of the minor or the minor's attorney for not more than ten days. The minor or the parents shall be afforded the same rights as in a fourteen-day commitment hearing. Treatment of the minor shall continue pending the proceeding.

(6) For one hundred eighty-day commitment, the court must find by clear, cogent, and convincing evidence that the minor:

- (a) Is suffering from a mental disorder;
- (b) Presents a likelihood of serious harm or is gravely disabled; and
- (c) Is in need of further treatment that only can be provided in a one hundred eighty-day commitment.

(7) If the court finds that the criteria for commitment are met and that less restrictive treatment in a community setting is not appropriate or available, the court shall order the minor committed for further inpatient treatment to the custody of the secretary or to a private treatment and evaluation facility if the minor's parents have assumed responsibility for payment for the treatment. If the court finds that a less restrictive alternative is in the best interest of the minor, the court shall

order less restrictive alternative treatment upon such conditions as necessary.

If the court determines that the minor does not meet the criteria for one hundred eighty-day commitment, the minor shall be released.

(8) Successive one hundred eighty-day commitments are permissible on the same grounds and under the same procedures as the original one hundred eighty-day commitment. Such petitions shall be filed at least five days prior to the expiration of the previous one hundred eighty-day commitment order. [1985 c 354 § 9. Formerly RCW 71.34.090.]

**71.34.760 Placement of minor in state evaluation and treatment facility—Placement committee—Facility to report to committee.** (1) If a minor is committed for one hundred eighty-day inpatient treatment and is to be placed in a state-supported program, the secretary shall accept immediately and place the minor in a state-funded long-term evaluation and treatment facility.

(2) The secretary's placement authority shall be exercised through a designated placement committee appointed by the secretary and composed of children's mental health specialists, including at least one child psychiatrist who represents the state-funded, long-term, evaluation and treatment facility for minors. The responsibility of the placement committee will be to:

(a) Make the long-term placement of the minor in the most appropriate, available state-funded evaluation and treatment facility, having carefully considered factors including the treatment needs of the minor, the most appropriate facility able to respond to the minor's identified treatment needs, the geographic proximity of the facility to the minor's family, the immediate availability of bed space, and the probable impact of the placement on other residents of the facility;

(b) Approve or deny requests from treatment facilities for transfer of a minor to another facility;

(c) Receive and monitor reports required under this section;

(d) Receive and monitor reports of all discharges.

(3) The secretary may authorize transfer of minors among treatment facilities if the transfer is in the best interests of the minor or due to treatment priorities.

(4) The responsible state-funded evaluation and treatment facility shall submit a report to the department's designated placement committee within ninety days of admission and no less than every one hundred eighty days thereafter, setting forth such facts as the department requires, including the minor's individual treatment plan and progress, recommendations for future treatment, and possible less restrictive treatment. [1985 c 354 § 10. Formerly RCW 71.34.100.]

**71.34.770 Release of minor—Conditional release—Discharge.** (1) The professional person in charge of the inpatient treatment facility may authorize release for the minor under such conditions as appropriate. Conditional release may be revoked pursuant to RCW 71.34.780 if leave conditions are not met or the minor's functioning substantially deteriorates.

(2) Minors may be discharged prior to expiration of the commitment period if the treating physician or professional

person in charge concludes that the minor no longer meets commitment criteria. [1985 c 354 § 12. Formerly RCW 71.34.120.]

**71.34.780 Minor's failure to adhere to outpatient conditions—Deterioration of minor's functioning—Transport to inpatient facility—Order of apprehension and detention—Revocation of alternative treatment or conditional release—Hearings.** (1) If the professional person in charge of an outpatient treatment program, a county-designated mental health professional, or the secretary determines that a minor is failing to adhere to the conditions of the court order for less restrictive alternative treatment or the conditions for the conditional release, or that substantial deterioration in the minor's functioning has occurred, the county-designated mental health professional, or the secretary may order that the minor be taken into custody and transported to an inpatient evaluation and treatment facility.

(2) The county-designated mental health professional or the secretary shall file the order of apprehension and detention and serve it upon the minor and notify the minor's parent and the minor's attorney, if any, of the detention within two days of return. At the time of service the minor shall be informed of the right to a hearing and to representation by an attorney. The county-designated mental health professional or the secretary may modify or rescind the order of apprehension and detention at any time prior to the hearing.

(3) A petition for revocation of less restrictive alternative treatment shall be filed by the county-designated mental health professional or the secretary with the court in the county ordering the less restrictive alternative treatment. The court shall conduct the hearing in that county. A petition for revocation of conditional release may be filed with the court in the county ordering inpatient treatment or the county where the minor on conditional release is residing. A petition shall describe the behavior of the minor indicating violation of the conditions or deterioration of routine functioning and a dispositional recommendation. Upon motion for good cause, the hearing may be transferred to the county of the minor's residence or to the county in which the alleged violations occurred. The hearing shall be held within seven days of the minor's return. The issues to be determined are whether the minor did or did not adhere to the conditions of the less restrictive alternative treatment or conditional release, or whether the minor's routine functioning has substantially deteriorated, and, if so, whether the conditions of less restrictive alternative treatment or conditional release should be modified or whether the minor should be returned to inpatient treatment. Pursuant to the determination of the court, the minor shall be returned to less restrictive alternative treatment or conditional release on the same or modified conditions or shall be returned to inpatient treatment. If the minor is returned to inpatient treatment, RCW 71.34.760 regarding the secretary's placement responsibility shall apply. The hearing may be waived by the minor and the minor returned to inpatient treatment or to less restrictive alternative treatment or conditional release on the same or modified conditions. [1985 c 354 § 11. Formerly RCW 71.34.110.]

[2005 RCW Supp—page 866]

**71.34.790 Transportation for minors committed to state facility for one hundred eighty-day treatment.** Necessary transportation for minors committed to the secretary under this chapter for one hundred eighty-day treatment shall be provided by the department in the most appropriate and cost-effective means. [1985 c 354 § 15. Formerly RCW 71.34.150.]

**71.34.795 Transferring or moving persons from juvenile correctional institutions or facilities to evaluation and treatment facilities.** When in the judgment of the department the welfare of any person committed to or confined in any state juvenile correctional institution or facility necessitates that the person be transferred or moved for observation, diagnosis, or treatment to an evaluation and treatment facility, the secretary or the secretary's designee is authorized to order and effect such move or transfer for a period of up to fourteen days, provided that the secretary notifies the original committing court of the transfer and the evaluation and treatment facility is in agreement with the transfer. No person committed to or confined in any state juvenile correctional institution or facility may be transferred to an evaluation and treatment facility for more than fourteen days unless that person has been admitted as a voluntary patient or committed for one hundred eighty-day treatment under this chapter or ninety-day treatment under chapter 71.05 RCW if eighteen years of age or older. Underlying jurisdiction of minors transferred or committed under this section remains with the state correctional institution. A voluntary admitted minor or minors committed under this section and no longer meeting the criteria for one hundred eighty-day commitment shall be returned to the state correctional institution to serve the remaining time of the underlying dispositional order or sentence. The time spent by the minor at the evaluation and treatment facility shall be credited towards the minor's juvenile court sentence. [1985 c 354 § 19. Formerly RCW 71.34.180.]

**71A.12.025 Persons with developmental disabilities who commit crimes—Findings.** The legislature finds that among those persons who endanger the safety of others by committing crimes are a small number of persons with developmental disabilities. While their conduct is not typical of the vast majority of persons with developmental disabilities who are responsible citizens, for their own welfare and for the safety of others the state may need to exercise control over those few dangerous individuals who are developmentally disabled, have been charged with crimes that involve a threat to public safety or security, and have been found either incompetent to stand trial or not guilty by reason of insanity.

The legislature finds, however, that the use of civil commitment procedures under chapter 71.05 RCW to effect state control over dangerous developmentally disabled persons has resulted in their commitment to institutions for the mentally ill. The legislature finds that existing programs in mental institutions may be inappropriate for persons who are developmentally disabled because the services provided in mental institutions are oriented to persons with mental illness, a condition not necessarily associated with developmental disabilities.

Therefore, the legislature believes that, where appropriate, and subject to available funds, persons with developmental disabilities who have been charged with crimes that involve a threat to public safety or security and have been found incompetent to stand trial or not guilty by reason of insanity should receive state services addressing their needs, that such services must be provided in conformance with an individual habilitation plan, and that their initial treatment should be separate and discrete from treatment for persons involved in any other treatment or habilitation program in a manner consistent with the needs of public safety. All proceeds from the use of excess property identified in the 2002 joint legislative audit and review committee capital study of the division of developmental disabilities residential habilitation centers at Lakeland Village and Rainier school that would not impact current residential habilitation center operations must be deposited into the account. Income may come from the lease of the land, conservation easements, sale

"Excess property" includes that portion of the property at Rainier school previously under the cognizance and control of Washington State University for use as a dairy/forage research facility. "Proceeds" include the net receipts from the use of all or a portion of the properties. Expenditures from the account shall be used exclusively to provide family support and/or employment/day services to eligible persons with developmental disabilities who can be served by community-based developmental disability services. It is the intent of the legislature that the account should not be used to replace, supplant, or reduce existing appropriations.

(2) The department shall report on its efforts and strategies to provide income to the developmental disabilities community trust account from the excess property identified in subsection (1) of this section from the lease of the property, sale of timber, or other activity short of sale of the property. The department shall report by June 30, 2006.

72.02.045 Superintendent's authority.

**72.02.045 Superintendent's authority.** The superintendent of each institution has the powers, duties, and responsibilities specified in this section.

(1) Subject to the rules of the department, the superintendent is responsible for the supervision and management of the institution, the grounds and buildings, the subordinate officers and employees, and the prisoners committed, admitted, or transferred to the institution.

(2) Subject to the rules of the department and the director of the division of prisons or his or her designee and the Washington personnel resources board, the superintendent shall appoint all subordinate officers and employees.

(3) The superintendent, subject to approval by the secretary, has the authority to determine the types and amounts of property that convicted persons may possess in department facilities. This authority includes the authority to determine the types and amounts that the department will transport at the department's expense whenever a convicted person is transferred between department institutions or to other jurisdictions. Convicted persons are responsible for the costs of transporting their excess property. The superintendent shall be the custodian of all funds and valuable personal property of convicted persons as may be in their possession upon admission to the institution, or which may be sent or brought in to such persons, or earned by them while in custody, or which shall be forwarded to the superintendent on behalf of convicted persons. When convicted persons are released from the custody of the department either on parole, community placement, community custody, community supervision, or discharge, all funds and valuable personal property in the possession of the superintendent belonging to such convicted persons shall be delivered to them. Recovery of damages for loss of personal property while in the custody of the superintendent under this subsection shall be limited to the lesser of the market value of the item lost at the time of the loss, or the original purchase price of the item or, in the case of hand-made goods, the materials used in fabricating the item.

**72.09.100 Inmate work program—Classes of work programs—Participation—Benefits.** It is the intent of the legislature to vest in the department the power to provide for a comprehensive inmate work program and to remove statutory and other restrictions which have limited work programs in the past. It is also the intent of the legislature to ensure that the correctional industries board of directors, in developing and selecting correctional industries work programs, does not encourage the development of, or provide for selection of or contracting for, or the significant expansion of, any new or existing class I correctional industries work programs that unfairly compete with Washington businesses. The legislature intends that the requirements relating to fair competition in the correctional industries work programs be liberally construed by the correctional industries board of directors to protect Washington businesses from unfair competition. For purposes of establishing such a comprehensive program, the legislature recommends that the department consider adopting any or all, or any variation of, the following classes of work programs:

(1) CLASS I: FREE VENTURE INDUSTRIES.

(a) The employer model industries in this class shall be operated and managed in total or in part by any profit or non-profit organization pursuant to an agreement between the organization and the department. The organization shall produce goods or services for sale to both the public and private sector.

(b) The customer model industries in this class shall be operated and managed by the department to provide Washington state manufacturers or businesses with products or services currently produced or provided by out-of-state or foreign suppliers.

(c) The correctional industries board of directors shall review these proposed industries, including any potential new class I industries work program or the significant expansion of an existing class I industries work program, before the department contracts to provide such products or services. The review shall include the analysis required under RCW 72.09.115 to determine if the proposed correctional industries work program will compete with any Washington business. An agreement for a new class I correctional industries work program, or an agreement for a significant expansion of an existing class I correctional industries work program, that unfairly competes with any Washington business is prohibited.

(d) The department of corrections shall supply appropriate security and custody services without charge to the participating firms.

(e) Inmates who work in free venture industries shall do so at their own choice. They shall be paid a wage comparable to the wage paid for work of a similar nature in the locality in which the industry is located, as determined by the director of correctional industries. If the director cannot reasonably determine the comparable wage, then the pay shall not be less than the federal minimum wage.

(f) An inmate who is employed in the class I program of correctional industries shall not be eligible for unemployment compensation benefits pursuant to any of the provisions of Title 50 RCW until released on parole or discharged.

(2) CLASS II: TAX REDUCTION INDUSTRIES.

(a) Industries in this class shall be state-owned and operated enterprises designed primarily to reduce the costs for goods and services for tax-supported agencies and for non-profit organizations.

(b)(i) The industries selected for development within this class shall, as much as possible, match the available pool of inmate work skills and aptitudes with the work opportunities in the free community. The industries shall be closely patterned after private sector industries but with the objective of reducing public support costs rather than making a profit.

(ii) The products and services of this industry, including purchased products and services necessary for a complete product line, may be sold to the following:

(A) Public agencies;

(B) Nonprofit organizations;

(C) Private contractors when the goods purchased will be ultimately used by a public agency or a nonprofit organization;

(D) An employee and immediate family members of an employee of the department of corrections; and

(E) A person under the supervision of the department of corrections and his or her immediate family members.

(iii) The correctional industries board of directors shall authorize the type and quantity of items that may be purchased and sold under (b)(ii)(D) and (E) of this subsection.

(iv) It is prohibited to purchase any item purchased under (b)(ii)(D) and (E) of this subsection for the purpose of resale.

(v) Clothing manufactured by an industry in this class may be donated to nonprofit organizations that provide clothing free of charge to low-income persons.

(c)(i) Class II correctional industries products and services shall be reviewed by the correctional industries board of directors before offering such products and services for sale to private contractors.

(ii) The board of directors shall conduct a yearly marketing review of the products and services offered under this subsection. Such review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community. To avoid waste or spoilage and consequent loss to the state, when there is no public sector market for such goods, byproducts and surpluses of timber, agricultural, and animal husbandry enterprises may be sold to private persons, at private sale. Surplus byproducts and surpluses of timber, agricultural and animal husbandry enterprises that cannot be sold to public agencies or to private persons may be donated to nonprofit organizations. All sales of surplus products shall be carried out in accordance with rules prescribed by the secretary.

(d) Security and custody services shall be provided without charge by the department of corrections.

(e) Inmates working in this class of industries shall do so at their own choice and shall be paid for their work on a gratuity scale which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located and which is approved by the director of correctional industries.

(f) Subject to approval of the correctional industries board, provisions of RCW 41.06.142 shall not apply to contracts with Washington state businesses entered into by the department of corrections through class II industries.

**(3) CLASS III: INSTITUTIONAL SUPPORT INDUSTRIES.**

(a) Industries in this class shall be operated by the department of corrections. They shall be designed and managed to accomplish the following objectives:

(i) Whenever possible, to provide basic work training and experience so that the inmate will be able to qualify for better work both within correctional industries and the free community. It is not intended that an inmate's work within this class of industries should be his or her final and total work experience as an inmate.

(ii) Whenever possible, to provide forty hours of work or work training per week.

(iii) Whenever possible, to offset tax and other public support costs.

(b) Class III correctional industries shall be reviewed by the correctional industries board of directors to set policy for work crews. The department shall present to the board of directors quarterly detail statements showing where work crews worked, what correctional industry class, and the hours worked. The board of directors may review any class III program at its discretion.

(c) Supervising, management, and custody staff shall be employees of the department.

(d) All able and eligible inmates who are assigned work and who are not working in other classes of industries shall work in this class.

(e) Except for inmates who work in work training programs, inmates in this class shall be paid for their work in accordance with an inmate gratuity scale. The scale shall be adopted by the secretary of corrections.

**(4) CLASS IV: COMMUNITY WORK INDUSTRIES.**

(a) Industries in this class shall be operated by the department of corrections. They shall be designed and managed to provide services in the inmate's resident community at a reduced cost. The services shall be provided to public agencies, to persons who are poor or infirm, or to nonprofit organizations.

(b) Class IV correctional industries shall be reviewed by the correctional industries board of directors to set policy for work crews. The department shall present to the board of directors quarterly detail statements showing where work crews worked, what correctional industry class, and the hours worked. The board of directors may review any class IV program at its discretion. Class IV correctional industries operated in work camps established pursuant to RCW 72.64.050 are exempt from the requirements of this subsection (4)(b).

(c) Inmates in this program shall reside in facilities owned by, contracted for, or licensed by the department of corrections. A unit of local government shall provide work supervision services without charge to the state and shall pay the inmate's wage.

(d) The department of corrections shall reimburse participating units of local government for liability and workers compensation insurance costs.

(e) Inmates who work in this class of industries shall do so at their own choice and shall receive a gratuity which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located.

**(5) CLASS V: COMMUNITY RESTITUTION PROGRAMS.**

(a) Programs in this class shall be subject to supervision by the department of corrections. The purpose of this class of industries is to enable an inmate, placed on community supervision, to work off all or part of a community restitution order as ordered by the sentencing court.

(b) Employment shall be in a community restitution program operated by the state, local units of government, or a nonprofit agency.

(c) To the extent that funds are specifically made available for such purposes, the department of corrections shall reimburse nonprofit agencies for workers compensation insurance costs. **72.09.225 Sexual misconduct by state employees, contractors. (Effective July 1, 2006.)** (1) When the secretary has reasonable cause to believe that sexual intercourse or sexual contact between an employee and an inmate has occurred, notwithstanding any rule adopted under chapter 41.06 RCW the secretary shall immediately suspend the employee.

(2) The secretary shall immediately institute proceedings to terminate the employment of any person:

(a) Who is found by the department, based on a preponderance of the evidence, to have had sexual intercourse or sexual contact with the inmate; or

(b) Upon a guilty plea or conviction for any crime specified in chapter 9A.44 RCW when the victim was an inmate.

(3) When the secretary has reasonable cause to believe that sexual intercourse or sexual contact between the employee of a contractor and an inmate has occurred, the secretary shall require the employee of a contractor to be immediately removed from any employment position which would permit the employee to have any access to any inmate.

(4) The secretary shall disqualify for employment with a contractor in any position with access to an inmate, any person:

(a) Who is found by the department, based on a preponderance of the evidence, to have had sexual intercourse or sexual contact with the inmate; or

(b) Upon a guilty plea or conviction for any crime specified in chapter 9A.44 RCW when the victim was an inmate.

(5) The secretary, when considering the renewal of a contract with a contractor who has taken action under subsection (3) or (4) of this section, shall require the contractor to demonstrate that there has been significant progress made in reducing the likelihood that any of its employees will have sexual intercourse or sexual contact with an inmate. The secretary shall examine whether the contractor has taken steps to improve hiring, training, and monitoring practices and whether the employee remains with the contractor. The secretary shall not renew a contract unless he or she determines that significant progress has been made.

(6)(a) For the purposes of RCW 50.20.060, a person terminated under this section shall be considered discharged for misconduct.

(b)(i) The department may, within its discretion or upon request of any member of the public, release information to an individual or to the public regarding any person or contract terminated under this section.

(ii) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for damages for any discretionary release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the public.

(iii) Except as provided in chapter 42.56 RCW, or elsewhere, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section. Nothing in this section implies that information regarding persons designated in subsection (2) of this section is confidential except as may otherwise be provided by law.

(7) The department shall adopt rules to implement this section. The rules shall reflect the legislative intent that this section prohibits individuals who are employed by the department or a contractor of the department from having sexual intercourse or sexual contact with inmates. The rules shall also reflect the legislative intent that when a person is employed by the department or a contractor of the department, and has sexual intercourse or sexual contact with an inmate against the employed person's will, the termination provisions of this section shall not be invoked.

(8) As used in this section:

(a) "Contractor" includes all subcontractors of a contractor;

(b) "Inmate" means an inmate as defined in RCW 72.09.015 or a person under the supervision of the department; and

(c) "Sexual intercourse" and "sexual contact" have the meanings provided in RCW 9A.44.010. [2005 c 274 § 348; 1999 c 72 § 2.]

**72.09.340 Supervision of sex offenders—Public safety—Policy for release plan evaluation and approval—Implementation, publicizing, notice—Rejection of residence locations of felony sex offenders of minor victims—Supervised visitation considerations. (Expires July 1, 2006.)** (1) In making all discretionary decisions regarding release plans for and supervision of sex offenders, the department shall set priorities and make decisions based on an assessment of public safety risks.

(2) The department shall, no later than September 1, 1996, implement a policy governing the department's evaluation and approval of release plans for sex offenders. The policy shall include, at a minimum, a formal process by which victims, witnesses, and other interested people may provide information and comments to the department on potential safety risks to specific individuals or classes of individuals posed by a specific sex offender. The department shall make all reasonable efforts to publicize the availability of this process through currently existing mechanisms and shall seek the assistance of courts, prosecutors, law enforcement, and victims' advocacy groups in doing so. Notice of an offender's proposed residence shall be provided to all people registered to receive notice of an offender's release under RCW 9.94A.612(2), except that in no case may this notification requirement be construed to require an extension of an offender's release date.

(3)(a) For any offender convicted of a felony sex offense against a minor victim after June 6, 1996, the department shall not approve a residence location if the proposed residence: (i) Includes a minor victim or child of similar age or circumstance as a previous victim who the department determines may be put at substantial risk of harm by the offender's residence in the household; or (ii) is within close proximity of the current residence of a minor victim, unless the whereabouts of the minor victim cannot be determined or unless such a restriction would impede family reunification efforts ordered by the court or directed by the department of social and health services. The department is further authorized to reject a residence location if the proposed residence is within close proximity to schools, child care centers, playgrounds, or other grounds or facilities where children of similar age or circumstance as a previous victim are present who the department determines may be put at substantial risk of harm by the sex offender's residence at that location.

(b) In addition, for any offender prohibited from living in a community protection zone under RCW 9.94A.712(6)(a)(ii), the department may not approve a residence location if the proposed residence is in a community protection zone.

(4) When the department requires supervised visitation as a term or condition of a sex offender's community placement under RCW 9.94A.700(6), the department shall, prior to approving a supervisor, consider the following:

(a) The relationships between the proposed supervisor, the offender, and the minor; (b) the proposed supervisor's acknowledgment and understanding of the offender's prior criminal conduct, general knowledge of the dynamics of

child sexual abuse, and willingness and ability to protect the minor from the potential risks posed by contact with the offender; and (c) recommendations made by the department of social and health services about the best interests of the child. [2005 c 436 § 3; 1996 c 215 § 3; 1990 c 3 § 708.]

**73.08.005 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Direct costs" includes those allowable costs that can be readily assigned to the statutory objectives of this chapter, consistent with the cost principles promulgated by the federal office of management and budget in circular No. A-87, dated May 10, 2004.

(2) "Family" means the spouse, widow, widower, and dependent children of a living or deceased veteran.

(3) "Indigent" means a person who is defined as such by the county legislative authority using one or more of the following definitions:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, general assistance, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income;

(b) Receiving an annual income, after taxes, of up to one hundred fifty percent or less of the current federally established poverty level, or receiving an annual income not exceeding a higher qualifying income established by the county legislative authority; or

(c) Unable to pay reasonable costs for shelter, food, utilities, and transportation because his or her available funds are insufficient.

(4) "Indirect costs" includes those allowable costs that are generally associated with carrying out the statutory objectives of this chapter, but the identification and tracking of those costs cannot be readily assigned to a specific statutory objective without an accounting effort that is disproportionate to the benefit received. A county legislative authority may allocate allowable indirect costs to its veterans' assistance fund if it is accomplished in a manner consistent with the cost principles promulgated by the federal office of management and budget in circular No. A-87, dated May 10, 2004.

(5) "Veteran" has the same meaning as defined in RCW 41.04.005 and 41.04.007.

(6) "Veterans' advisory board" means a board established by a county legislative authority under the authority of RCW 73.08.035.

(7) "Veterans' assistance fund" means an account in the custody of the county auditor, or the chief financial officer in a county operating under a charter, that is funded by taxes levied under the authority of RCW 73.08.080.

(8) "Veterans' assistance program" means a program approved by the county legislative authority under the authority of RCW 73.08.010 that is fully or partially funded by the veterans' assistance fund authorized by RCW 73.08.080. [2005 c 250 § 2.]

**Intent—2005 c 250:** "(1) It is the intent of the legislature that each county establish a veterans' assistance program to benefit indigent veterans and their families. These programs must be funded, at least in part, by veterans' assistance funds. The legislature intends also for each county to establish a veterans' advisory board responsible for advising the county legislative authority on needed and appropriate assistance programs for local indigent veterans and their families. Recognizing the valuable insight and perspec-

tives that veterans offer, it is the intent of the legislature that each board be comprised entirely of veterans.

(2) The legislature recognizes that ongoing veterans' relief or assistance programs in some areas of the state have provided meaningful assistance to indigent veterans and family members. The legislature further recognizes that veterans' service organizations have traditionally been the initial point of contact for indigent veterans and family members seeking assistance. In recognition of these factors, the legislature intends to authorize, upon the satisfaction of certain administrative requirements, existing veterans' relief or assistance programs to continue providing needed and effective assistance to indigent veterans and their families.

(3) The legislature recognizes that counties respond to the needs of indigent veterans and family members in the manner most appropriate to the needs and resources of the county. The legislature intends for the provisions of this act to facilitate the effective use of assistance funds through efficient model programs that benefit veterans and family members experiencing financial hardships.

(4) It is the policy of the state of Washington that bias shall not play a role in the distribution of the veterans' assistance fund." [2005 c 250 § 1.]

**73.08.010 County veterans' assistance programs for indigent veterans and families—Requirements.**

(1) For the relief of indigent veterans, their families, and the families of deceased indigent veterans, the legislative authority of each county shall establish a veterans' assistance program to address the needs of local indigent veterans and their families. The county legislative authority shall consult with and solicit recommendations from the veterans' advisory board established under RCW 73.08.035 to determine the appropriate services needed for local indigent veterans. Veterans' assistance programs shall be funded, at least in part, by the veterans' assistance fund created under the authority of RCW 73.08.080.

(2) The county legislative authority may authorize other entities to administer a veterans' assistance program or programs through grants, contracts, or interlocal agreements. If the county legislative authority authorizes another entity to administer a veterans' assistance program or programs, the terms of the grant, contract, or interlocal agreement must, for each program, specify:

- (a) The details of the program;
- (b) The responsibilities of all parties;
- (c) The duration of the program;
- (d) The costs and sources of funding;
- (e) Any insurance or bond requirements;
- (f) The format and frequency of progress and final reports; and
- (g) Any other information deemed necessary or appropriate by either party.

(3) If the county legislative authority authorizes another entity to administer a veterans' assistance program or programs, the authorized entity should, to the extent feasible and consistent with this chapter, ensure that a local branch of a nationally recognized veterans' service organization is the initial point of contact for a veteran or family member seeking assistance.

(4) Nothing in this section shall prohibit or be construed as prohibiting a county from authorizing the continued operation of a veterans' relief or assistance program or programs existing on January 1, 2005, if the authorizing legislative authority:

- (a) Solicits advice from the veterans' advisory board established in RCW 73.08.035; and

(b) Satisfies the grant, contractual, or interlocal agreement requirements of subsection (2) of this section. [2005 c 250 § 3; 2002 c 292 § 7; 1983 c 295 § 1; 1947 c 180 § 1; 1945 c 144 § 1; 1921 c 41 § 1; 1919 c 83 § 1; 1907 c 64 § 1; 1893 c 37 § 1; 1888 p 208 § 1; Rem. Supp. 1947 § 10737. **73.08.030 Repealed.** See Supplementary Table of Disposition of Former RCW Sections, this volume.

**73.08.035 Veterans' advisory boards.** (1) The legislative authority for each county must establish a veterans' advisory board. Upon its establishment, the board shall advise the county legislative authority on the needs of local indigent veterans, the resources available to local indigent veterans, and programs that could benefit the needs of local indigent veterans and their families.

(2) The county legislative authority must solicit representatives from either local branches of nationally recognized veterans' service organizations or the veterans' community at large, or both, to serve on the board. No fewer than a majority of the board members shall be members from nationally recognized veterans' service organizations and only veterans are eligible to serve as board members.

(3) Service on the board is voluntary. The county legislative authority may provide for reimbursement to board members for expenses incurred. [2005 c 250 § 4.]

**73.08.040 Repealed.** See Supplementary Table of Disposition of Former RCW Sections, this volume.

**73.08.050 Repealed.** See Supplementary Table of Disposition of Former RCW Sections, this volume.

**73.08.070 County burial of indigent deceased veterans.** (1) The legislative authority for each county must designate a proper authority to be responsible, at the expense of the county, for the burial or cremation of any deceased indigent veteran or deceased family member of an indigent veteran who died without leaving means sufficient to defray funeral expenses. The costs of such a burial or cremation may not exceed the limit established by the county legislative authority nor be less than three hundred dollars.

(2) If the deceased has relatives or friends who desire to conduct the burial or cremation of such deceased person, then a sum not to exceed the limit established by the county legislative authority nor less than three hundred dollars shall be paid to the relatives or friends by the county auditor, or by the chief financial officer in a county operating under a charter. Payment shall be made to the relatives or friends upon presenting to the auditor or chief financial officer due proof of the death, burial or cremation, and expenses incurred.

(3) Expenses incurred for the burial or cremation of a deceased indigent veteran or the deceased family member of an indigent veteran as provided by this section shall be paid from the veterans' assistance fund authorized by RCW

73.08.080. [2005 c 250 § 5; 2002 c 292 § 9; 1997 c 286 § 1; 1983 c 295 § 5; 1949 c 15 § 1; 1947 c 180 § 6; 1945 c 144 § 6; 1921 c 41 § 6; 1919 c 83 § 6; 1917 c 42 § 1; 1907 c 64 § 6; 1899 c 99 § 1; 1888 p 209 § 6; Rem. Supp. 1949 § 10757. Formerly RCW 73.24.010.]

*Counties, disposal of remains of indigent persons:* RCW 36.39.030.

**73.08.080 Tax levy authorized.** (1) The legislative authority in each county shall levy, in addition to the taxes now levied by law, a tax in a sum equal to the amount which would be raised by not less than one and one-eighth cents per thousand dollars of assessed value, and not greater than twenty-seven cents per thousand dollars of assessed value against the taxable property of their respective counties, to be levied and collected as now prescribed by law for the assessment and collection of taxes, for the purpose of creating a veterans' assistance fund. Expenditures from the veterans' assistance fund, and interest earned on balances from the fund, may be used only for:

(a) The veterans' assistance programs authorized by RCW 73.08.010;

(b) The burial or cremation of a deceased indigent veteran or deceased family member of an indigent veteran as authorized by RCW 73.08.070; and

(c) The direct and indirect costs incurred in the administration of the fund as authorized by subsection (2) of this section.

(2) If the funds on deposit in the veterans' assistance fund, less outstanding warrants, on the first Tuesday in September exceed the expected yield of one and one-eighth cents per thousand dollars of assessed value against the taxable property of the county, the county legislative authority may levy a lesser amount. The direct and indirect costs incurred in the administration of the veterans' assistance fund shall be computed by the county auditor, or the chief financial officer in a county operating under a charter, not less than annually. Following the computation of these direct and indirect costs, an amount equal to these costs may then be transferred from the veterans' assistance fund to the county current expense fund.

(3) The amount of a levy allocated to the purposes specified in this section may be reduced in the same proportion as the regular property tax levy of the county is reduced by chapter 84.55 RCW. ##### ELIGIBILITY GENERALLY—STANDARDS OF ASSISTANCE

#### Sections

- 74.08.025 Eligibility for public assistance—Temporary assistance for needy families—Limitations for new residents, drug or alcohol-dependent persons.

**74.08.025 Eligibility for public assistance—Temporary assistance for needy families—Limitations for new residents, drug or alcohol-dependent persons.** (1) Public assistance may be awarded to any applicant:

- (a) Who is in need and otherwise meets the eligibility requirements of department assistance programs; and
- (b) Who has not made a voluntary assignment of property or cash for the purpose of qualifying for an assistance grant; and

(c) Who is not an inmate of a public institution except as a patient in a medical institution or except as an inmate in a public institution who could qualify for federal aid assistance: PROVIDED, That the assistance paid by the department to recipients in nursing homes, or receiving nursing home care, may cover the cost of clothing and incidentals and general maintenance exclusive of medical care and health services. The department may pay a grant to cover the cost of clothing and personal incidentals in public or private medical institutions and institutions for tuberculosis. The department shall allow recipients in nursing homes to retain, in addition to the grant to cover the cost of clothing and incidentals, wages received for work as a part of a training or rehabilitative program designed to prepare the recipient for less restrictive placement to the extent permitted under Title XIX of the federal social security act.

(2) Any person otherwise qualified for temporary assistance for needy families under this title who has resided in the state of Washington for fewer than twelve consecutive months immediately preceding application for assistance is limited to the benefit level in the state in which the person

[2005 RCW Supp—page 876]

resided immediately before Washington, using the eligibility rules and other definitions established under this chapter, that was obtainable on the date of application in Washington state, if the benefit level of the prior state is lower than the level provided to similarly situated applicants in Washington state. The benefit level under this subsection shall be in effect for the first twelve months a recipient is on temporary assistance for needy families in Washington state.

(3) Any person otherwise qualified for temporary assistance for needy families who is assessed through the state alcohol and substance abuse program as drug or alcohol-dependent and requiring treatment to become employable shall be required by the department to participate in a drug or alcohol treatment program as a condition of benefit receipt.

(4) Pursuant to 21 U.S.C. 862a(d)(1), the department shall exempt individuals from the eligibility restrictions of 21 U.S.C. 862a(a)(1) and (2) to ensure eligibility for temporary assistance for needy families benefits and federal food assistance. **Findings—2005 c 174:** "The legislature finds that:

(1) Too many families with children in Washington are unable to afford shelter, clothing, and other necessities of life; basic necessities that are at the core of economic security and family stability.

(2) Parents who lack resources for shelter, clothing, and transportation are less likely to obtain employment or have the ability to adequately provide for their children's physical and emotional well-being and educational success.

(3) Washington's temporary assistance for needy families helps financially struggling families find jobs, keep their jobs, get better jobs, and build a better life for their children through the WorkFirst program.

(4) Participation in the WorkFirst program through temporary assistance for needy families is an important step towards self-sufficiency and decreased long-term reliance on governmental assistance.

(5) Removing this barrier to participation in temporary assistance for needy families and WorkFirst will serve to strengthen families and communities throughout the state.

(6) Preventing even one percent of these individuals from reoffending by extending economic and employment opportunities will result in law enforcement and correctional savings that substantially exceed the cost of temporary assistance for needy families and WorkFirst services." [2005 c 174 § 1.]

- 74.09.085 Contracts—Performance measures—Financial incentives.
- 74.09.402 Children's health care—Findings—Intent.
- 74.09.415 Children's health program established.
- 74.09.5225 Medical assistance—Payments for services provided by rural hospitals.
- 74.09.555 Medical assistance—Reinstatement upon release from confinement—Expedited eligibility determinations.

**74.09.085 Contracts—Performance measures—Financial incentives.** The secretary shall, in collaboration with other state agencies that administer state purchased health care programs, private health care purchasers, health care facilities, providers, and carriers, use evidence-based medicine principles to develop common performance measures and implement financial incentives in contracts with insuring entities, health care facilities, and providers that:

(1) Reward improvements in health outcomes for individuals with chronic diseases, increased utilization of appropriate preventive health services, and reductions in medical errors; and

(2) Increase, through appropriate incentives to insuring entities, health care facilities, and providers, the adoption and use of information technology that contributes to improved health outcomes, better coordination of care, and decreased medical errors. [2005 c 446 § 3.]

**74.09.402 Children's health care—Findings—Intent.**

(1) The legislature finds that:

(a) The health of the children of Washington state is critical to their success in school and throughout their lives. Children with health insurance coverage have better health outcomes than those who lack coverage. Children without health insurance coverage are more likely to be in poor health and more likely to delay receiving, or go without, needed health care services;

(b) Access to preventive and well-child health services for children is a cost-effective investment of both public and private dollars that improves the health of children and of our communities at large; and

(c) Health care coverage for children in Washington state is the product of critical efforts in both the private and public sectors to help children succeed. Private health insurance coverage is complemented by public programs that meet needs of low-income children whose parents are not offered health insurance coverage through their employer or who cannot otherwise afford the costs of coverage. In 2004, thirty-five percent of children in Washington state had some form of public health coverage. Yet, even with the efforts of both the private and public sectors, too many children in Washington state lack health insurance coverage. In 2004, almost one hundred thousand children were uninsured. Two-thirds of these children are low income.

(2) It is therefore the intent of the legislature that all children in the state of Washington have health care coverage by 2010. This should be accomplished by building upon and strengthening the successes of private health insurance coverage and publicly supported children's health insurance programs in Washington state. Access to coverage should be streamlined and efficient, with reductions in unnecessary administrative costs and mechanisms to expeditiously link children with a medical home. [2005 c 279 § 1.]

**74.09.415 Children's health program established.**

(1) There is hereby established a program to be known as the children's health program. The legislature finds that the children's health program is a more appropriate mechanism for providing health services to poor children who are not otherwise eligible for medical assistance than grants to community

clinics to offset uncompensated care or coverage through the Washington basic health plan.

To the extent of available funds:

(a) Health care services may be provided to persons who are under eighteen years of age with household incomes at or below the federal poverty level and not otherwise eligible for medical assistance or the limited casualty program for the medically needy.

(b) The determination of eligibility of recipients for health care services shall be the responsibility of the department. The department shall make eligibility determinations within the time frames for establishing eligibility for children on medical assistance, as defined by RCW 74.09.510.

(c) The amount, scope, and duration of health care services provided to eligible children under the children's health program shall be the same as that provided to children under medical assistance, as defined in RCW 74.09.520.

(2) Enrollment in the children's health program shall not result in expenditures that exceed the amount that has been appropriated for the program in the operating budget. If it appears that continued enrollment will result in expenditures exceeding the appropriated level for a particular fiscal year, the department may freeze new enrollment in the program for that year. [2005 c 279 § 2; 2002 c 366 § 2; 1998 c 245 § 144; 1990 c 296 § 2.]

**Effective date—2002 c 366:** See note following RCW 74.08A.100.

**Effective date—1990 c 296:** See note following RCW 74.09.405.

**74.09.5225 Medical assistance—Payments for services provided by rural hospitals.** (1) Payments for recipients eligible for medical assistance programs under this chapter for services provided by hospitals, regardless of the beneficiary's managed care enrollment status, shall be made based on allowable costs incurred during the year, when services are provided by a rural hospital certified by the centers for medicare and medicaid services as a critical access hospital. Any additional payments made by the medical assistance administration for the healthy options program shall be no more than the additional amounts per service paid under this section for other medical assistance programs.

(2) Beginning on July 24, 2005, a moratorium shall be placed on additional hospital participation in critical access hospital payments under this section. However, rural hospitals that applied for certification to the centers for medicare and medicaid services prior to January 1, 2005, but have not yet completed the process or have not yet been approved for certification, remain eligible for medical assistance payments under this section. [2005 c 383 § 1; 2001 2nd sp.s. c 2 § 2.]

**Findings—2001 2nd sp.s. c 2:** "The legislature finds that promoting a financially viable health care system in all parts of the state is a paramount interest. The health care financing administration has recognized the crucial role that hospitals play in providing care in rural areas by creating the critical access hospital program to allow small, rural hospitals that qualify to receive reasonable cost-based reimbursement for medicare services. The legislature further finds that creating a similar reimbursement system for the state's medical assistance programs in small, rural hospitals that qualify will help assure the long-term financial viability of the rural health system in those communities." [2001 2nd sp.s. c 2 § 1.]

**74.09.555 Medical assistance—Reinstatement upon release from confinement—Expedited eligibility determinations.** (1) The department shall adopt rules and policies

providing that when persons with a mental disorder, who were enrolled in medical assistance immediately prior to confinement, are released from confinement, their medical assistance coverage will be fully reinstated on the day of their release, subject to any expedited review of their continued eligibility for medical assistance coverage that is required under federal or state law.

(2) The department, in collaboration with the Washington association of sheriffs and police chiefs, the department of corrections, and the regional support networks, shall establish procedures for coordination between department field offices, institutions for mental disease, and correctional institutions, as defined in RCW 9.94.049, that result in prompt reinstatement of eligibility and speedy eligibility determinations for persons who are likely to be eligible for medical assistance services upon release from confinement. Procedures developed under this subsection must address:

(a) Mechanisms for receiving medical assistance services applications on behalf of confined persons in anticipation of their release from confinement;

(b) Expedient review of applications filed by or on behalf of confined persons and, to the extent practicable, completion of the review before the person is released;

(c) Mechanisms for providing medical assistance services identity cards to persons eligible for medical assistance services immediately upon their release from confinement; and

(d) Coordination with the federal social security administration, through interagency agreements or otherwise, to expedite processing of applications for federal supplemental security income or social security disability benefits, including federal acceptance of applications on behalf of confined persons.

(3) Where medical or psychiatric examinations during a person's confinement indicate that the person is disabled, the correctional institution or institution for mental diseases shall provide the department with that information for purposes of making medical assistance eligibility and enrollment determinations prior to the person's release from confinement. The department shall, to the maximum extent permitted by federal law, use the examination in making its determination whether the person is disabled and eligible for medical assistance.

(4) For purposes of this section, "confined" or "confinement" means incarcerated in a correctional institution, as defined in RCW 9.94.049, or admitted to an institute for mental disease, as defined in 42 C.F.R. part 435, Sec. 1009 on July 24, 2005.

(5) For purposes of this section, "likely to be eligible" means that a person:

(a) Was enrolled in medicaid or supplemental security income or general assistance immediately before he or she was confined and his or her enrollment was terminated during his or her confinement; or

(b) Was enrolled in medicaid or supplemental security income or general assistance at any time during the five years before his or her confinement, and medical or psychiatric examinations during the person's confinement indicate that the person continues to be disabled and the disability is likely to last at least twelve months following release.

(6) The economic services administration shall adopt standardized statewide screening and application practices and forms designed to facilitate the application of a confined person who is likely to be eligible for medicaid. [2005 c 503 § 12.]

74.09A.020 Computerized information—Provision to private insurers.  
(Effective July 1, 2006.)

**74.09A.020 Computerized information—Provision to private insurers. (Effective July 1, 2006.)** (1) The medical assistance administration shall provide routine and periodic computerized information to private insurers regarding client eligibility and coverage information. Private insurers shall use this information to identify joint beneficiaries. Identification of joint beneficiaries shall be transmitted to the medical assistance administration. The medical assistance administration shall use this information to improve accuracy and currency of health insurance coverage and promote improved coordination of benefits.

(2) To the maximum extent possible, necessary data elements and a compatible data base shall be developed by affected health insurers and the medical assistance administration. The medical assistance administration shall establish a representative group of insurers and state agency representatives to develop necessary technical and file specifications to promote a standardized data base. The data base shall include elements essential to the medical assistance administration and its population's insurance coverage information.

(3) If the state and private insurers enter into other agreements regarding the use of common computer standards, the data base identified in this section shall be replaced by the new common computer standards.

(4) The information provided will be of sufficient detail to promote reliable and accurate benefit coordination and identification of individuals who are also eligible for medical assistance administration programs.

(5) The frequency of updates will be mutually agreed to by each insurer and the medical assistance administration based on frequency of change and operational limitations. In no event shall the computerized data be provided less than semiannually.

(6) The insurers and the medical assistance administration shall safeguard and properly use the information to protect records as provided by law, including but not limited to chapters 42.48, 74.09, 74.04, 70.02, and 42.56 RCW, and 42 U.S.C. Sec. 1396a and 42 C.F.R. Sec. 43 et seq. The purpose of this exchange of information is to improve coordination and administration of benefits and ensure that medical insurance benefits are properly utilized.

(7) The medical assistance administration shall target implementation of this chapter to those private insurers with

the highest probability of joint beneficiaries. [2005 c 274 § 350; 1993 c 10 § 3.]

**74.13.0903 Office of child care policy.** The office of child care policy is established to operate under the authority of the department of social and health services. The duties and responsibilities of the office include, but are not limited to, the following, within appropriated funds:

(1) Work in conjunction with the statewide child care resource and referral network as well as local governments, nonprofit organizations, businesses, and community child care advocates to create local child care resource and referral organizations. These organizations may carry out needs assessments, resource development, provider training, technical assistance, and parent information and training;

(2) Actively seek public and private money for distribution as grants to the statewide child care resource and referral network and to existing or potential local child care resource and referral organizations;

(3) Adopt rules regarding the application for and distribution of grants to local child care resource and referral organizations. The rules shall, at a minimum, require an applicant to submit a plan for achieving the following objectives:

(a) Provide parents with information about child care resources, including location of services and subsidies;

(b) Carry out child care provider recruitment and training programs, including training under RCW 74.25.040;

(c) Offer support services, such as parent and provider seminars, toy-lending libraries, and substitute banks;

(d) Provide information for businesses regarding child care supply and demand;

(e) Advocate for increased public and private sector resources devoted to child care;

(f) Provide technical assistance to employers regarding employee child care services; and

(g) Serve recipients of temporary assistance for needy families and working parents with incomes at or below

household incomes of one hundred seventy-five percent of the federal poverty line;

(4) Provide staff support and technical assistance to the statewide child care resource and referral network and local child care resource and referral organizations;

(5) Maintain a statewide child care licensing data bank and work with department of social and health services licensors to provide information to local child care resource and referral organizations about licensed child care providers in the state;

(6) Through the statewide child care resource and referral network and local resource and referral organizations, compile data about local child care needs and availability for future planning and development;

(7) Coordinate with the statewide child care resource and referral network and local child care resource and referral organizations for the provision of training and technical assistance to child care providers; and

(8) Collect and assemble information regarding the availability of insurance and of federal and other child care funding to assist state and local agencies, businesses, and other child care providers in offering child care services. [2005 c 490 § 10; 1997 c 58 § 404; 1993 c 453 § 2; 1991 sp.s. c 16 § 924; 1989 c 381 § 5.]

**Effective date—2005 c 490:** See note following RCW 74.15.350.

**Finding—1997 c 58:** "The legislature finds that informed choice is consistent with individual responsibility and that parents should be given a range of options for available child care while participating in the program." [1997 c 58 § 401.]

**Short title—Part headings, captions, table of contents not law—Exemptions and waivers from federal law—Conflict with federal requirements—Severability—1997 c 58:** See RCW 74.08A.900 through 74.08A.904.

**Finding—1993 c 453:** "The legislature finds that building a system of quality, affordable child care requires coordinated efforts toward constructing partnerships at state and community levels. Through the office of child care policy, the department of social and health services is responsible for facilitating the coordination of child care efforts and establishing working partnerships among the affected entities within the public and private sectors. Through these collaborative efforts, the office of child care policy encouraged the coalition of locally based child care resource and referral agencies into a statewide network. The statewide network, in existence since 1989, supports the development and operation of community-based resource and referral programs, improves the quality and quantity of child care available in Washington by fostering statewide strategies, and generates then nurtures effective public-private partnerships. The statewide network provides important training, standards of service, and general technical assistance to its locally based child care resource and referral programs. The locally based programs enrich the availability, affordability, and quality of child care in their communities." [1993 c 453 § 1.]

**Effective date—1993 c 453:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 17, 1993]." [1993 c 453 § 3.]

**Severability—Effective date—1991 sp.s. c 16:** See notes following RCW 9.46.100.

**Findings—Severability—1989 c 381:** See notes following RCW 74.13.085.

**74.13.097 Findings—Intent.** The legislature finds that as of 2000, child care workers in the state earned an average hourly wage of eight dollars and twenty-two cents, only fifty-eight percent received medical insurance through employers, only sixty-six percent received paid sick leave, and only seventy-three percent received paid vacation. The legislature

further finds that low wages for child care workers create a barrier for individuals entering the profession, result in child care workers leaving the profession in order to earn a living wage in another profession, and make it difficult for child care workers to afford professional education and training. As a result, the availability of quality child care in the state suffers.

The legislature intends to increase wages to child care workers through establishing a child care career and wage ladder that provides increased wages for child care workers based on their work experience, level of responsibility, and education. To the extent practicable within available funds, this child care career and wage ladder shall mirror the successful child care career and wage ladder pilot project operated by the state between 2000 and 2003. While it is the intent of the legislature to establish the vision of a statewide child care career and wage ladder that will enhance employment quality and stability for child care workers, the legislature also recognizes that funding allocations will determine the extent of statewide implementation of a child care career and wage ladder. [2005 c 507 § 1.]

**74.13.098 Child care career and wage ladder.** (1) Subject to the availability of funds appropriated for this specific purpose, the division of child care and early learning in the department of social and health services shall establish a child care career and wage ladder in licensed child care centers that meet the following criteria: (a) At least ten percent of child care slots are dedicated to children whose care is subsidized by the state or any political subdivision thereof or any local government; (b) the center agrees to adopt the child care career and wage ladder, which, at a minimum, shall be at the same pay schedule as existed in the previous child care career and wage ladder pilot project; and (c) the center meets further program standards as established by rule pursuant to \*section 4 of this act.

The child care career and wage ladder shall include wage increments for levels of education, years of relevant experience, levels of work responsibility, relevant early childhood education credits, and relevant requirements in the state training and registry system.

(2) The division shall establish procedures for the allocation of funds to implement the child care career and wage ladder among child care centers meeting the criteria identified in subsection (1) of this section. In developing these procedures, the division shall:

(a) Review past efforts or administration of the child care career and wage ladder pilot project in order to take advantage of any findings, recommendations, or administrative practices that contributed to that pilot project's success;

(b) Consult with stakeholders, including organizations representing child care teachers and providers, in developing an allocation formula that incorporates consideration of geographic and demographic distribution of child care centers adopting the child care career and wage ladder; and

(c) Develop a system for prioritizing child care centers interested in adopting the child care career and wage ladder that is based on the criteria identified in subsection (1) of this section.

(3) Notwithstanding the requirements of subsection (2) of this section, child care centers meeting the criteria in sub-

section (1) of this section located in urban areas of the department of social and health services region one shall receive a minimum of fifteen percent of the funds allocated through the child care career and wage ladder, and of these centers, child care centers meeting the criteria in subsection (1) of this section participating in the department of social and health services Spokane tiered reimbursement pilot project shall have first priority for child care career and wage ladder funding. [2005 c 507 § 2.]

\*Reviser's note: Section 4 of this act was vetoed by the governor.

**74.13.099 Wage increases under the child care career and wage ladder.** Child care centers adopting the child care career and wage ladder established pursuant to RCW 74.13.098 shall increase wages for child care workers who have earned a high school diploma or GED certificate, gain additional years of experience, or accept increasing levels of responsibility in providing child care, in accordance with the child care career and wage ladder. The adoption of a child care career and wage ladder shall not prohibit the provision of wage increases based upon merit. The department of social and health services shall pay wage increments for child care workers employed by child care centers adopting the child care career and wage ladder established pursuant to RCW 74.13.098 who earn early childhood education credits or meet relevant requirements in the state training and registry system, in accordance with the child care career and wage ladder. [2005 c 507 § 3.]

**74.13.500 Disclosure of child welfare records—Factors—Exception.** (*Effective July 1, 2006.*) (1) Consistent with the provisions of chapter 42.56 RCW and applicable federal law, the secretary, or the secretary's designee, shall disclose information regarding the abuse or neglect of a child, the investigation of the abuse, neglect, or near fatality of a child, and any services related to the abuse or neglect of a child if any one of the following factors is present:

(a) The subject of the report has been charged in an accusatory instrument with committing a crime related to a report maintained by the department in its case and management information system;

(b) The investigation of the abuse or neglect of the child by the department or the provision of services by the department has been publicly disclosed in a report required to be disclosed in the course of their official duties, by a law enforcement agency or official, a prosecuting attorney, any other state or local investigative agency or official, or by a judge of the superior court;

(c) There has been a prior knowing, voluntary public disclosure by an individual concerning a report of child abuse or neglect in which such individual is named as the subject of the report; or

(d) The child named in the report has died and the child's death resulted from abuse or neglect or the child was in the care of, or receiving services from the department at the time of death or within twelve months before death.

(2) The secretary is not required to disclose information if the factors in subsection (1) of this section are present if he or she specifically determines the disclosure is contrary to the

best interests of the child, the child's siblings, or other children in the household.

(3) Except for cases in subsection (1)(d) of this section, requests for information under this section shall specifically identify the case about which information is sought and the facts that support a determination that one of the factors specified in subsection (1) of this section is present.

(4) For the purposes of this section, "near fatality" means an act that, as certified by a physician, places the child in serious or critical condition. The secretary is under no obligation to have an act certified by a physician in order to comply with this section. [2005 c 274 § 351; 1999 c 339 § 1; 1997 c 305 § 2.]

**Part headings not law—Effective date—2005 c 274:** See RCW 42.56.901 and 42.56.902.

**Effective date—1999 c 339:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 14, 1999]." [1999 c 339 § 2.]

**Conflict with federal requirements—1997 c 305:** "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state." [1997 c 305 § 8.]

**74.13.515 Disclosure of child welfare records—Fatalities. (Effective July 1, 2006.)** For purposes of RCW 74.13.500(1)(d), the secretary must make the fullest possible disclosure consistent with chapter 42.56 RCW and applicable federal law in cases of all fatalities of children who were in the care of, or receiving services from, the department at the time of their death or within the twelve months previous to their death.

If the secretary specifically determines that disclosure of the name of the deceased child is contrary to the best interests of the child's siblings or other children in the household, the secretary may remove personally identifying information.

For the purposes of this section, "personally identifying information" means the name, street address, social security number, and day of birth of the child who died and of private persons who are relatives of the child named in child welfare records. "Personally identifying information" shall not include the month or year of birth of the child who has died. Once this personally identifying information is removed, the remainder of the records pertaining to a child who has died must be released regardless of whether the remaining facts in the records are embarrassing to the unidentifiable other private parties or to identifiable public workers who handled the case. [2005 c 274 § 352; 1997 c 305 § 5.]

**Part headings not law—Effective date—2005 c 274:** See RCW 42.56.901 and 42.56.902.

**Conflict with federal requirements—1997 c 305:** See note following RCW 74.13.500.

**74.13.525 Disclosure of child welfare records—Immunity from liability. (Effective July 1, 2006.)** The department, when acting in good faith, is immune from any criminal or civil liability, except as provided under RCW

42.56.550, for any action taken under RCW 74.13.500 through 74.13.520. [2005 c 274 § 353; 1997 c 305 § 7.]

**Part headings not law—Effective date—2005 c 274:** See RCW 42.56.901 and 42.56.902.

**Conflict with federal requirements—1997 c 305:** See note following RCW 74.13.500.

**74.13.570 Oversight committee—Duties.** (1) The department shall establish an oversight committee composed of staff from the children's administration of the department, the office of the superintendent of public instruction, the higher education coordinating board, foster youth, former foster youth, foster parents, and advocacy agencies to develop strategies for maintaining foster children in the schools they were attending at the time they entered foster care and to promote opportunities for foster youth to participate in postsecondary education or training.

(2) The duties of the oversight committee shall include, but are not limited to:

(a) Developing strategies for school-based recruitment of foster homes;

(b) Monitoring the progress of current pilot projects that assist foster children to continue attending the schools they were attending at the time they entered foster care;

(c) Overseeing the expansion of the number of pilot projects;

(d) Promoting the use of best practices, throughout the state, demonstrated by the pilot projects and other programs relating to maintaining foster children in the schools they were attending at the time they entered foster care;

(e) Informing the legislature of the status of efforts to maintain foster children in the schools they were attending at the time they entered foster care;

(f) Assessing the scope and nature of statewide need among current and former foster youth for assistance to pursue and participate in postsecondary education or training opportunities;

(g) Identifying available sources of funding available in the state for services to former foster youth to pursue and participate in postsecondary education or training opportunities;

(h) Reviewing the effectiveness of activities in the state to support former foster youth to pursue and participate in postsecondary education or training opportunities;

(i) Identifying new activities, or existing activities that should be modified or expanded, to best meet statewide needs; and

(j) Reviewing on an ongoing basis the progress toward improving educational and vocational outcomes for foster youth. [2005 c 93 § 2; 2003 c 112 § 4.]

**Findings—Intent—2005 c 93:** "(1) The legislature finds that:

(a) The majority of foster youth fail to thrive in our educational system and, relative to nonfoster youth, disproportionately few enroll in college or other postsecondary training programs. As a result, former foster youth generally have poor employment and life satisfaction outcomes; and

(b) Low expectations, lack of information, fragmented support services, and financial hardship are the most frequently cited reasons for failure of foster youth to pursue postsecondary education or training. Initiatives have been undertaken at both the state and community levels in Washington to improve outcomes for foster youth in transition to independence; however, these initiatives are often not coordinated to complement one another.

(2) The legislature intends to encourage and support foster youth to pursue postsecondary education or training opportunities. A coordination committee that provides statewide planning and oversight of related efforts will improve the effectiveness of both current and future initiatives to

improve postsecondary educational outcomes for foster youth. In addition, the state can provide financial support to former foster youth pursuing higher education or training by setting aside portions of the state need grant and the state work study programs specifically for foster youth." [2005 c 93 § 1.]

**Findings—Intent—2003 c 112:** See note following RCW 74.13.550.

**74.13.621 Kinship care oversight committee.** (*Expires January 1, 2010.*) (1) Within existing resources, the department shall establish an oversight committee to monitor, guide, and report on kinship care recommendations and implementation activities. The committee shall:

(a) Draft a kinship care definition that is restricted to persons related by blood, marriage, or adoption, including marriages that have been dissolved, or for a minor defined as an "Indian child" under the federal Indian child welfare act (25 U.S.C. Sec. 1901 et seq.), the definition of "extended family member" under the federal Indian child welfare act, and a set of principles. If the committee concludes that one or more programs or services would be more efficiently and effectively delivered under a different definition of kin, it shall state what definition is needed, and identify the program or service in the report. It shall also provide evidence of how the program or service will be more efficiently and effectively delivered under the different definition. The department shall not adopt rules or policies changing the definition of kin without authorizing legislation;

(b) Monitor and provide consultation on the implementation of recommendations contained in the 2002 kinship care report, including but not limited to the recommendations relating to legal and respite care services and resources;

(c) Partner with nonprofit organizations and private sector businesses to guide a public education awareness campaign; and

(d) Assist with developing future recommendations on kinship care issues.

(2) The department shall consult with the oversight committee on its efforts to better collaborate and coordinate services to benefit kinship care families.

(3) The oversight committee must consist of a minimum of thirty percent kinship caregivers, who shall represent a diversity of kinship families. Statewide representation with geographic, ethnic, and gender diversity is required. Other members shall include representatives of the department, representatives of relevant state agencies, representatives of the private nonprofit and business sectors, child advocates, representatives of Washington state Indian tribes as defined under the federal Indian welfare act (25 U.S.C. Sec. 1901 et seq.), and representatives of the legal or judicial field. Birth parents, foster parents, and others who have an interest in these issues may also be included.

(4) To the extent funding is available, the department may reimburse nondepartmental members of the oversight committee for costs incurred in participating in the meetings of the oversight committee.

(5) The kinship care oversight committee shall update the legislature and governor annually on committee activities, with the first update due by January 1, 2006.

(6) This section expires January 1, 2010. [2005 c 439 § 1.]

74.15.350 Child care providers—Tiered-reimbursement system—Pilot sites.

**74.15.030 Powers and duties of secretary.** The secretary shall have the power and it shall be the secretary's duty:

(1) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the agencies to be licensed hereunder, or because of any other factor relevant thereto;

(2) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed.

The minimum requirements shall be limited to:

(a) The size and suitability of a facility and the plan of operation for carrying out the purpose for which an applicant seeks a license;

(b) The character, suitability and competence of an agency and other persons associated with an agency directly responsible for the care and treatment of children, expectant mothers or developmentally disabled persons. In consultation with law enforcement personnel, the secretary shall investigate the conviction record or pending charges and dependency record information under chapter 43.43 RCW of each agency and its staff seeking licensure or relicensure. No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under this chapter. In order to determine the suitability of applicants for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care, and who have not resided in the state of Washington during the three-year period before being authorized to care for children shall be fingerprinted. The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history records check. The fingerprint criminal history records checks will be at the expense of the licensee except that in the case of a foster family home, if this expense would work a hardship on the licensee, the department shall pay the expense. The licensee may not pass this cost on to the employee or prospective employee, unless the employee is determined to be unsuitable due to his or her criminal history record. The secretary shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children, expectant mothers, and developmentally disabled persons. Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose;

(c) The number of qualified persons required to render the type of care and treatment for which an agency seeks a license;

(d) The safety, cleanliness, and general adequacy of the premises to provide for the comfort, care and well-being of children, expectant mothers or developmentally disabled persons;

(e) The provision of necessary care, including food, clothing, supervision and discipline; physical, mental and social well-being; and educational, recreational and spiritual opportunities for those served;

(f) The financial ability of an agency to comply with minimum requirements established pursuant to chapter 74.15 RCW and RCW 74.13.031; and

(g) The maintenance of records pertaining to the admission, progress, health and discharge of persons served;

(3) To investigate any person, including relatives by blood or marriage except for parents, for character, suitability, and competence in the care and treatment of children, expectant mothers, and developmentally disabled persons prior to authorizing that person to care for children, expectant mothers, and developmentally disabled persons. However, if a child is placed with a relative under RCW 13.34.065 or 13.34.130, and if such relative appears otherwise suitable and competent to provide care and treatment the criminal history background check required by this section need not be completed before placement, but shall be completed as soon as possible after placement;

(4) On reports of alleged child abuse and neglect, to investigate agencies in accordance with chapter 26.44 RCW, including child day-care centers and family day-care homes, to determine whether the alleged abuse or neglect has occurred, and whether child protective services or referral to a law enforcement agency is appropriate;

(5) To issue, revoke, or deny licenses to agencies pursuant to chapter 74.15 RCW and RCW 74.13.031. Licenses shall specify the category of care which an agency is authorized to render and the ages, sex and number of persons to be served;

(6) To prescribe the procedures and the form and contents of reports necessary for the administration of chapter 74.15 RCW and RCW 74.13.031 and to require regular reports from each licensee;

(7) To inspect agencies periodically to determine whether or not there is compliance with chapter 74.15 RCW and RCW 74.13.031 and the requirements adopted hereunder;

(8) To review requirements adopted hereunder at least every two years and to adopt appropriate changes after consultation with affected groups for child day-care requirements and with the children's services advisory committee for requirements for other agencies; and

(9) To consult with public and private agencies in order to help them improve their methods and facilities for the care of children, expectant mothers and developmentally disabled persons. **74.15.130 Licenses—Denial, suspension, revocation, modification—Procedures—Adjudicative proceedings—Penalties.** (1) An agency may be denied a license, or any license issued pursuant to chapter 74.15 RCW and RCW 74.13.031 may be suspended, revoked, modified, or not renewed by the secretary upon proof (a) that the agency has failed or refused to comply with the provisions of chapter 74.15 RCW and RCW 74.13.031 or the requirements promulgated pursuant to the provisions of chapter 74.15 RCW and RCW 74.13.031; or (b) that the conditions required for the issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses. RCW 43.20A.205 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of a foster family home license, the department's decision shall be upheld if there is reasonable cause to believe that:

(a) The applicant or licensee lacks the character, suitability, or competence to care for children placed in out-of-home care, however, no unfounded report of child abuse or neglect may be used to deny employment or a license;

(b) The applicant or licensee has failed or refused to comply with any provision of chapter 74.15 RCW, RCW 74.13.031, or the requirements adopted pursuant to such provisions; or

(c) The conditions required for issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses.

(3) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, other than a foster family home license, the department's decision shall be upheld if it is supported by a preponderance of the evidence.

(4) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under the provisions of this chapter and RCW 74.13.031 or that an agency subject to licensing under this chapter and RCW 74.13.031 is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home. Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance. Civil monetary penalties shall not exceed seventy-five dollars per violation for a family day-care home and two hundred fifty dollars per violation for group homes, child day-care centers, and child-placing agencies. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty. The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period. The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to this chapter within ten days after such assessment becomes final. Chapter 43.20A RCW gov-

erns notice of a civil monetary penalty and provides the right of an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

(5)(a) In addition to or in lieu of an enforcement action being taken, the department may place a child day-care center or family day-care provider on nonreferral status if the center or provider has failed or refused to comply with this chapter or rules adopted under this chapter or an enforcement action has been taken. The nonreferral status may continue until the department determines that: (i) No enforcement action is appropriate; or (ii) a corrective action plan has been successfully concluded.

(b) Whenever a child day-care center or family day-care provider is placed on nonreferral status, the department shall provide written notification to the child day-care center or family day-care provider.

(6) The department shall notify appropriate public and private child care resource and referral agencies of the department's decision to: (a) Take an enforcement action against a child day-care center or family day-care provider; or (b) place or remove a child day-care center or family day-care provider on nonreferral status. - (b) A physician designated by the facility; and
- (c) Three other members from the staff of the facility.

(2) When established, the quality assurance committee shall meet at least quarterly to identify issues that may

adversely affect quality of care and services to residents and to develop and implement plans of action to correct identified quality concerns or deficiencies in the quality of care provided to residents.

(3) To promote quality of care through self-review without the fear of reprisal, and to enhance the objectivity of the review process, the department shall not require, and the long-term care ombudsman program shall not request, disclosure of any quality assurance committee records or reports, unless the disclosure is related to the committee's compliance with this section, if:

(a) The records or reports are not maintained pursuant to statutory or regulatory mandate; and

(b) The records or reports are created for and collected and maintained by the committee.

(4) The department may request only information related to the quality assurance committee that may be necessary to determine whether a facility has a quality assurance committee and that it is operating in compliance with this section.

(5) Good faith attempts by the committee to identify and correct quality deficiencies shall not be used as a basis for imposing sanctions.

(6) If the facility offers the department documents generated by, or for, the quality assurance committee as evidence of compliance with nursing facility requirements, the documents are protected as quality assurance committee documents under subsections (7) and (9) of this section when in the possession of the department. The department is not liable for an inadvertent disclosure, a disclosure related to a required federal or state audit, or disclosure of documents incorrectly marked as quality assurance committee documents by the facility.

(7) Information and documents, including the analysis of complaints and incident reports, created specifically for, and collected and maintained by, a quality assurance committee are not subject to discovery or introduction into evidence in any civil action, and no person who was in attendance at a meeting of such committee or who participated in the creation, collection, or maintenance of information or documents specifically for the committee shall be permitted or required to testify in any civil action as to the content of such proceedings or the documents and information prepared specifically for the committee. This subsection does not preclude: (a) In any civil action, the discovery of the identity of persons involved in the care that is the basis of the civil action whose involvement was independent of any quality improvement committee activity; and (b) in any civil action, the testimony of any person concerning the facts which form the basis for the institution of such proceedings of which the person had personal knowledge acquired independently of their participation in the quality assurance committee activities.

(8) A quality assurance committee under subsection (1) of this section, RCW 18.20.390, 70.41.200, 4.24.250, or 43.70.510 may share information and documents, including the analysis of complaints and incident reports, created specifically for, and collected and maintained by, the committee, with one or more other quality assurance committees created under subsection (1) of this section, RCW 18.20.390, 70.41.200, 4.24.250, or 43.70.510 for the improvement of the quality of care and services rendered to nursing facility residents. The privacy protections of chapter 70.02 RCW and the federal health insurance portability and accountability act of 1996 and its implementing regulations apply to the sharing of individually identifiable patient information held by a coordinated quality improvement program. Any rules necessary to implement this section shall meet the requirements of applicable federal and state privacy laws.

**74.46.431 Nursing facility medicaid payment rate allocations—Components—Minimum wage—Rules.** (1) Effective July 1, 1999, nursing facility medicaid payment rate allocations shall be facility-specific and shall have seven components: Direct care, therapy care, support services, operations, property, financing allowance, and variable return. The department shall establish and adjust each of these components, as provided in this section and elsewhere in this chapter, for each medicaid nursing facility in this state.

(2) All component rate allocations for essential community providers as defined in this chapter shall be based upon a minimum facility occupancy of eighty-five percent of licensed beds, regardless of how many beds are set up or in use. For all facilities other than essential community providers, effective July 1, 2001, component rate allocations in direct care, therapy care, support services, variable return,

operations, property, and financing allowance shall continue to be based upon a minimum facility occupancy of eighty-five percent of licensed beds. For all facilities other than essential community providers, effective July 1, 2002, the component rate allocations in operations, property, and financing allowance shall be based upon a minimum facility occupancy of ninety percent of licensed beds, regardless of how many beds are set up or in use.

(3) Information and data sources used in determining medicaid payment rate allocations, including formulas, procedures, cost report periods, resident assessment instrument formats, resident assessment methodologies, and resident classification and case mix weighting methodologies, may be substituted or altered from time to time as determined by the department.

(4)(a) Direct care component rate allocations shall be established using adjusted cost report data covering at least six months. Adjusted cost report data from 1996 will be used for October 1, 1998, through June 30, 2001, direct care component rate allocations; adjusted cost report data from 1999 will be used for July 1, 2001, through June 30, 2005, direct care component rate allocations. (b) Direct care component rate allocations based on 1996 cost report data shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. A different economic trends and conditions adjustment factor or factors may be defined in the biennial appropriations act for facilities whose direct care component rate is set equal to their adjusted June 30, 1998, rate, as provided in RCW 74.46.506(5)(i).

(c) Direct care component rate allocations based on 1999 cost report data shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. A different economic trends and conditions adjustment factor or factors may be defined in the biennial appropriations act for facilities whose direct care component rate is set equal to their adjusted June 30, 1998, rate, as provided in RCW 74.46.506(5)(i).

(5)(a) Therapy care component rate allocations shall be established using adjusted cost report data covering at least six months. Adjusted cost report data from 1996 will be used for October 1, 1998, through June 30, 2001, therapy care component rate allocations; adjusted cost report data from 1999 will be used for July 1, 2001, through June 30, 2005, therapy care component rate allocations. Adjusted cost report data from 1999 will continue to be used for July 1, 2005, and later therapy care component rate allocations.

(b) Therapy care component rate allocations shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act.

(6)(a) Support services component rate allocations shall be established using adjusted cost report data covering at least six months. Adjusted cost report data from 1996 shall be used for October 1, 1998, through June 30, 2001, support services component rate allocations; adjusted cost report data from 1999 shall be used for July 1, 2001, through June 30, 2005, support services component rate allocations. Adjusted cost report data from 1999 will continue to be used for July 1, 2005, and later support services component rate allocations.

(b) Support services component rate allocations shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act.

(7)(a) Operations component rate allocations shall be established using adjusted cost report data covering at least six months. Adjusted cost report data from 1996 shall be used for October 1, 1998, through June 30, 2001, operations component rate allocations; adjusted cost report data from 1999 shall be used for July 1, 2001, through June 30, 2005, operations component rate allocations. Adjusted cost report data from 1999 will continue to be used for July 1, 2005, and later operations component rate allocations.

(b) Operations component rate allocations shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act.

(8) For July 1, 1998, through September 30, 1998, a facility's property and return on investment component rates shall be the facility's June 30, 1998, property and return on investment component rates, without increase. For October 1, 1998, through June 30, 1999, a facility's property and return on investment component rates shall be rebased utilizing 1997 adjusted cost report data covering at least six months of data.

(9) Total payment rates under the nursing facility medicaid payment system shall not exceed facility rates charged to the general public for comparable services.

(10) Medicaid contractors shall pay to all facility staff a minimum wage of the greater of the state minimum wage or the federal minimum wage.

(11) The department shall establish in rule procedures, principles, and conditions for determining component rate allocations for facilities in circumstances not directly addressed by this chapter, including but not limited to: The need to prorate inflation for partial-period cost report data, newly constructed facilities, existing facilities entering the medicaid program for the first time or after a period of absence from the program, existing facilities with expanded new bed capacity, existing medicaid facilities following a change of ownership of the nursing facility business, facilities banking beds or converting beds back into service, facilities temporarily reducing the number of set-up beds during a remodel, facilities having less than six months of either resident assessment, cost report data, or both, under the current contractor prior to rate setting, and other circumstances.

(12) The department shall establish in rule procedures, principles, and conditions, including necessary threshold costs, for adjusting rates to reflect capital improvements or new requirements imposed by the department or the federal government. Any such rate adjustments are subject to the provisions of RCW 74.46.421.

(13) Effective July 1, 2001, medicaid rates shall continue to be revised downward in all components, in accordance with department rules, for facilities converting banked beds to active service under chapter 70.38 RCW, by using the facility's increased licensed bed capacity to recalculate minimum occupancy for rate setting. However, for facilities other than essential community providers which bank beds under chapter 70.38 RCW, after May 25, 2001, medicaid rates shall be revised upward, in accordance with department rules, in direct care, therapy care, support services, and variable return components only, by using the facility's decreased licensed

bed capacity to recalculate minimum occupancy for rate setting, but no upward revision shall be made to operations, property, or financing allowance component rates.

(14) Facilities obtaining a certificate of need or a certificate of need exemption under chapter 70.38 RCW after June 30, 2001, must have a certificate of capital authorization in order for (a) the depreciation resulting from the capitalized addition to be included in calculation of the facility's property component rate allocation; and (b) the net invested funds associated with the capitalized addition to be included in calculation of the facility's financing allowance rate allocation. (1) Cost reports and their final audit reports filed by the contractor shall be subject to public disclosure pursuant to the requirements of chapter 42.56 RCW.

(2) Subsection (1) of this section does not prevent a contractor from having access to its own records or from authorizing an agent or designee to have access to the contractor's records.

(3) Regardless of whether any document or report submitted to the secretary pursuant to this chapter is subject to public disclosure, copies of such documents or reports shall be provided by the secretary, upon written request, to the legislature and to state agencies or state or local law enforcement officials who have an official interest in the contents thereof. **76.09.050 Rules establishing classes of forest practices—Applications for classes of forest practices—Approval or disapproval—Notifications—Procedures—Appeals—Waiver.** (1) The board shall establish by rule which forest practices shall be included within each of the following classes:

Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource and that may be conducted without submitting an application or a notification except that when the regulating authority is transferred to a local governmental entity, those Class I forest practices that involve timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, are processed as Class IV forest practices, but are not subject to environmental review under chapter 43.21C RCW;

Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. However, the work may not begin until all forest practice fees required under RCW 76.09.065 have been received by the department. Class II shall not include forest practices:

(a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW or on lands that have or are being converted to another use;

(b) Which require approvals under the provisions of the hydraulics act, RCW 77.55.021;

(c) Within "shorelines of the state" as defined in RCW 90.58.030;

(d) Excluded from Class II by the board; or

(e) Including timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, which are Class IV;

Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department;

Class IV: Forest practices other than those contained in Class I or II: (a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW, (b) on lands that have or are being converted to another use, (c) on lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development, (d) involving timber harvesting or road construction on lands that are contained within "urban growth areas," designated pursuant to chapter 36.70A RCW, except where the forest landowner provides: (i) A written statement of intent signed by the forest landowner not to convert to a use other than commercial forest product operations for ten years, accompanied by either a written forest management plan acceptable to the department or documentation that the land is enrolled under the provisions of chapter 84.33 RCW; or (ii) a conversion option harvest plan approved by the local governmental entity and submitted to the department as part of the application, and/or (e) which have a potential for a sub-

stantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application: PROVIDED, That nothing herein shall be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department.

Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, no Class II, Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended. However, in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, if a notification or application is delivered in person to the department by the operator or the operator's agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, forest practices shall be conducted in accordance with the forest practices regulations, orders and directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, the department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific manner in which the application fails to comply with the provisions of

this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, the application shall be deemed approved and the operation may be commenced: PROVIDED, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: PROVIDED, FURTHER, That if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days: PROVIDED, FURTHER, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section. Upon receipt of any notification or any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the departments of ecology and fish and wildlife, and to the county, city, or town in whose jurisdiction the forest practice is to be commenced. Any comments by such agencies shall be directed to the department of natural resources.

(6) For those forest practices regulated by the board and the department, if the county, city, or town believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may so notify the department and the applicant, specifying its objections.

(7) For those forest practices regulated by the board and the department, the department shall not approve portions of applications to which a county, city, or town objects if:

(a) The department receives written notice from the county, city, or town of such objections within fourteen business days from the time of transmittal of the application to the county, city, or town, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to lands either:

(i) Platted after January 1, 1960, as provided in chapter 58.17 RCW; or

(ii) On lands that have or are being converted to another use.

The department shall either disapprove those portions of such application or appeal the county, city, or town objections to the appeals board. If the objections related to subparagraphs (b)(i) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county, city, or town consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county, city, or town objections. Unless the county, city, or town either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county, city, or town objections has expired.

(8) For those forest practices regulated by the board and the department, in addition to any rights under the above paragraph, the county, city, or town may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the

department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) For those forest practices regulated by the board and the department, appeals under this section shall be made to the appeals board in the manner and time provided in RCW 76.09.220(8). In such appeals there shall be no presumption of correctness of either the county, city, or town or the department position.

(10) For those forest practices regulated by the board and the department, the department shall, within four business days notify the county, city, or town of all notifications, approvals, and disapprovals of an application affecting lands within the county, city, or town, except to the extent the county, city, or town has waived its right to such notice.

(11) For those forest practices regulated by the board and the department, a county, city, or town may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department.

(12) Notwithstanding subsections (2) through (5) of this section, forest practices applications or notifications are not required for exotic insect and disease control operations conducted in accordance with RCW 76.09.060(8) where eradication can reasonably be expected. **76.09.060 Applications for forest practices—Form—Contents—Conversion of forest land to other use—Six-year moratorium—New applications—Approval—Emergencies. (Effective July 1, 2006.)** The following shall apply to those forest practices administered and enforced by the department and for which the board shall promulgate regulations as provided in this chapter:

(1) The department shall prescribe the form and contents of the notification and application. The forest practices rules shall specify by whom and under what conditions the notification and application shall be signed or otherwise certified as acceptable. The application or notification shall be delivered in person to the department, sent by first class mail to the department or electronically filed in a form defined by the department. The form for electronic filing shall be readily convertible to a paper copy, which shall be available to the public pursuant to chapter 42.56 RCW. The information required may include, but is not limited to:

(a) Name and address of the forest landowner, timber owner, and operator;

(b) Description of the proposed forest practice or practices to be conducted;

(c) Legal description and tax parcel identification numbers of the land on which the forest practices are to be conducted;

(d) Planimetric and topographic maps showing location and size of all lakes and streams and other public waters in and immediately adjacent to the operating area and showing all existing and proposed roads and major tractor roads;

(e) Description of the silvicultural, harvesting, or other forest practice methods to be used, including the type of equipment to be used and materials to be applied;

(f) Proposed plan for reforestation and for any revegetation necessary to reduce erosion potential from roadsides and yarding roads, as required by the forest practices rules;

(g) Soil, geological, and hydrological data with respect to forest practices;

(h) The expected dates of commencement and completion of all forest practices specified in the application;

(i) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources;

(j) An affirmation that the statements contained in the notification or application are true; and

(k) All necessary application or notification fees.

(2) Long range plans may be submitted to the department for review and consultation.

(3) The application for a forest practice or the notification of a Class II forest practice is subject to the three-year reforestation requirement.

(a) If the application states that any such land will be or is intended to be so converted:

(i) The reforestation requirements of this chapter and of the forest practices rules shall not apply if the land is in fact so converted unless applicable alternatives or limitations are provided in forest practices rules issued under RCW 76.09.070 as now or hereafter amended;

(ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters 84.33 and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;

(iii) The forest practices described in the application are subject to applicable county, city, town, and regional governmental authority permitted under RCW 76.09.240 as now or hereafter amended as well as the forest practices rules.

(b) Except as provided elsewhere in this section, if the application or notification does not state that any land covered by the application or notification will be or is intended to be so converted:

(i) For six years after the date of the application the county, city, town, and regional governmental entities shall deny any or all applications for permits or approvals, including building permits and subdivision approvals, relating to nonforestry uses of land subject to the application;

(A) The department shall submit to the local governmental entity a copy of the statement of a forest landowner's intention not to convert which shall represent a recognition by the landowner that the six-year moratorium shall be imposed and shall preclude the landowner's ability to obtain development permits while the moratorium is in place. This statement shall be filed by the local governmental entity with the county recording officer, who shall record the documents as provided in chapter 65.04 RCW, except that lands designated as forest lands of long-term commercial significance under chapter 36.70A RCW shall not be recorded due to the

low likelihood of conversion. Not recording the statement of a forest landowner's conversion intention shall not be construed to mean the moratorium is not in effect.

(B) The department shall collect the recording fee and reimburse the local governmental entity for the cost of recording the application.

(C) When harvesting takes place without an application, the local governmental entity shall impose the six-year moratorium provided in (b)(i) of this subsection from the date the unpermitted harvesting was discovered by the department or the local governmental entity.

(D) The local governmental entity shall develop a process for lifting the six-year moratorium, which shall include public notification, and procedures for appeals and public hearings.

(E) The local governmental entity may develop an administrative process for lifting or waiving the six-year moratorium for the purposes of constructing a single-family residence or outbuildings, or both, on a legal lot and building site. Lifting or waiving of the six-year moratorium is subject to compliance with all local ordinances.

(F) The six-year moratorium shall not be imposed on a forest practices application that contains a conversion option harvest plan approved by the local governmental entity unless the forest practice was not in compliance with the approved forest practice permit. Where not in compliance with the conversion option harvest plan, the six-year moratorium shall be imposed from the date the application was approved by the department or the local governmental entity;

(ii) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or changes; and

(iii) Conversion to a use other than commercial forest product operations within six years after approval of the forest practices without the consent of the county, city, or town shall constitute a violation of each of the county, municipal city, town, and regional authorities to which the forest practice operations would have been subject if the application had so stated.

(c) The application or notification shall be signed by the forest landowner and accompanied by a statement signed by the forest landowner indicating his or her intent with respect to conversion and acknowledging that he or she is familiar with the effects of this subsection.

(4) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department two days before the commencement of actual operations.

(5) Before the operator commences any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, there shall be submitted to the department a new application or notification form in the manner set forth in this section.

(6) Except as provided in RCW 76.09.350(4), the notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of two years from the date of approval or notification and shall not be renewed unless a new application is filed and approved or a new notification has been filed. At the option of the applicant, an application or notification may be submitted to cover a single forest practice or a number of forest practices within reasonable geographic or political boundaries as specified by the department. An application or notification that covers more than one forest practice may have an effective term of more than two years. The board shall adopt rules that establish standards and procedures for approving an application or notification that has an effective term of more than two years. Such rules shall include extended time periods for application or notification approval or disapproval. On an approved application with a term of more than two years, the applicant shall inform the department before commencing operations.

(7) Notwithstanding any other provision of this section, no prior application or notification shall be required for any emergency forest practice necessitated by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable, to the department within forty-eight hours after commencement of such practice or as required by local regulations.

(8) Forest practices applications or notifications are not required for forest practices conducted to control exotic forest insect or disease outbreaks, when conducted by or under the direction of the department of agriculture in carrying out an order of the governor or director of the department of agriculture to implement pest control measures as authorized under chapter 17.24 RCW, and are not required when conducted by or under the direction of the department in carrying out emergency measures under a forest health emergency declaration by the commissioner of public lands as provided in RCW 76.06.130.

(a) For the purposes of this subsection, exotic forest insect or disease has the same meaning as defined in RCW 76.06.020.

(b) In order to minimize adverse impacts to public resources, control measures must be based on integrated pest management, as defined in RCW 17.15.010, and must follow forest practices rules relating to road construction and maintenance, timber harvest, and forest chemicals, to the extent possible without compromising control objectives.

(c) Agencies conducting or directing control efforts must provide advance notice to the appropriate regulatory staff of the department of the operations that would be subject to exemption from forest practices application or notification requirements.

(d) When the appropriate regulatory staff of the department are notified under (c) of this subsection, they must consult with the landowner, interested agencies, and affected tribes, and assist the notifying agencies in the development of integrated pest management plans that comply with forest practices rules as required under (b) of this subsection.

(e) Nothing under this subsection relieves agencies conducting or directing control efforts from requirements of the

federal clean water act as administered by the department of ecology under RCW 90.48.260.

(f) Forest lands where trees have been cut as part of an exotic forest insect or disease control effort under this subsection are subject to reforestation requirements under RCW 76.09.070.

(g) The exemption from obtaining approved forest practices applications or notifications does not apply to forest practices conducted after the governor, the director of the department of agriculture, or the commissioner of public lands have declared that an emergency no longer exists because control objectives have been met, that there is no longer an imminent threat, or that there is no longer a good likelihood of control. Neither the commission nor the director have the authority to adopt a rule providing that a violation punishable as an infraction shall be a crime. [2005 c 321 § 2; 1998 c 190 § 3.]

**77.15.070 Civil forfeiture of property used for violation of chapter.** (1) Fish and wildlife officers and ex officio fish and wildlife officers may seize without warrant boats, airplanes, vehicles, motorized implements, conveyances, gear, appliances, or other articles they have probable cause to believe have been held with intent to violate or used in violation of this title or rule of the commission or director. However, fish and wildlife officers or ex officio fish and wildlife officers may not seize any item or article, other than for evidence, if under the circumstances, it is reasonable to conclude that the violation was inadvertent. The property seized is subject to forfeiture to the state under this section regardless of ownership. Property seized may be recovered by its owner by depositing with the department or into court a cash bond or equivalent security equal to the value of the seized property but not more than one hundred thousand dollars. Such cash bond or security is subject to forfeiture in lieu of the property. Forfeiture of property seized under this section is a civil forfeiture against property and is intended to be a remedial civil sanction.

(2) In the event of a seizure of property under this section, jurisdiction to begin the forfeiture proceedings shall commence upon seizure. Within fifteen days following the seizure, the seizing authority shall serve a written notice of intent to forfeit property on the owner of the property seized and on any person having any known right or interest in the property seized. Notice may be served by any method authorized by law or court rule, including service by certified mail with return receipt requested. Service by mail is deemed

(3) Persons claiming a right of ownership or right to possession of property are entitled to a hearing to contest forfeiture. Such a claim shall specify the claim of ownership or possession and shall be made in writing and served on the director within forty-five days of the seizure. If the seizing authority has complied with notice requirements and there is no claim made within forty-five days, then the property shall be forfeited to the state.

(4) If any person timely serves the director with a claim to property, the person shall be afforded an opportunity to be heard as to the person's claim or right. The hearing shall be before the director or director's designee, or before an administrative law judge appointed under chapter 34.12 RCW, except that a person asserting a claim or right may remove the matter to a court of competent jurisdiction if the aggregate value of the property seized is more than five thousand dollars. The department may settle a person's claim of ownership prior to the administrative hearing.

(5) The hearing to contest forfeiture and any subsequent appeal shall be as provided for in chapter 34.05 RCW, the administrative procedure act. The seizing authority has the burden to demonstrate that it had reason to believe the property was held with intent to violate or was used in violation of this title or rule of the commission or director. The person contesting forfeiture has the burden of production and proof by a preponderance of evidence that the person owns or has a right to possess the property and:

(a) That the property was not held with intent to violate or used in violation of this title; or

(b) If the property is a boat, airplane, or vehicle, that the illegal use or planned illegal use of the boat, airplane, or vehicle occurred without the owner's knowledge or consent, and that the owner acted reasonably to prevent illegal uses of such boat, airplane, or vehicle.

(6) A forfeiture of a conveyance encumbered by a perfected security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the act or omission. No security interest in seized property may be perfected after seizure.

(7) If seized property is forfeited under this section the department may retain it for official use unless the property is required to be destroyed, or upon application by any law enforcement agency of the state, release such property to the agency for the use of enforcing this title, or sell such property, and deposit the proceeds to the fish and wildlife enforcement reward account created in RCW 77.15.425. [2005 c 406 § 2; 2000 c 107 § 231; 1998 c 190 § 69.]

This authority may only be exercised after the commission has determined that no other practical alternative to the use of dogs exists, and after the commission has adopted rules describing the conditions in which dogs may be used. Conditions that may warrant the use of dogs within a game management unit include, but are not limited to, confirmed cougar/human safety incidents, confirmed cougar/livestock and cougar/pet depredations, and the number of cougar capture attempts and relocations.

**77.15.410 Unlawful hunting of big game—Penalty.** (1) A person is guilty of unlawful hunting of big game in the second degree if the person:

Upon conviction of an offense involving killing or possession of big game taken during a period of time when hunting for the particular species is not permitted, or in excess of the bag or possession limit, the department shall revoke all hunting licenses and tags and order a suspension of hunting privileges for two years.
- (b) Unlawful hunting of big game in the first degree is a class C felony. Upon conviction, the department shall revoke all hunting licenses or tags and the department shall order the person's hunting privileges suspended for ten years. [2005 c 406 § 4; 1999 c 258 § 3; 1998 c 190 § 10.]

**77.15.420 Illegally taken or possessed wildlife—Criminal wildlife penalty assessed.** (1) If a person is convicted of violating RCW 77.15.410 and that violation results in the death of wildlife listed in this section, the court shall require payment of the following amounts for each animal killed or possessed. This shall be a criminal wildlife penalty assessment that shall be paid to the clerk of the court and distributed each month to the state treasurer for deposit in the fish and wildlife enforcement reward account created in RCW 77.15.425.

(a)	Moose, mountain sheep, mountain goat, and all wildlife species classified as endangered by rule of the commission, except for mountain caribou and grizzly bear as listed under (d) of this subsection . . . . .	\$4,000
(b)	Elk, deer, black bear, and cougar . . . . .	\$2,000
(c)	Trophy animal elk and deer . . . . .	\$6,000
(d)	Mountain caribou, grizzly bear, and trophy animal mountain sheep . . . . .	\$12,000

(2) No forfeiture of bail may be less than the amount of the bail established for hunting during closed season plus the amount of the criminal wildlife penalty assessment in subsection (1) of this section.

(3) For the purpose of this section a "trophy animal" is:

(a) A buck deer with four or more antler points on both sides, not including eyeguards;

(b) A bull elk with five or more antler points on both sides, not including eyeguards; or

(c) A mountain sheep with a horn curl of three-quarter curl or greater.

For purposes of this subsection, "eyeguard" means an antler protrusion on the main beam of the antler closest to the eye of the animal.

(4) If two or more persons are convicted of illegally possessing wildlife in subsection (1) of this section, the criminal wildlife penalty assessment shall be imposed on them jointly and separately.

(5) The criminal wildlife penalty assessment shall be imposed regardless of and in addition to any sentence, fines, or costs otherwise provided for violating any provision of this title. The criminal wildlife penalty assessment shall be included by the court in any pronouncement of sentence and may not be suspended, waived, modified, or deferred in any respect. This section may not be construed to abridge or alter alternative rights of action or remedies in equity or under common law or statutory law, criminal or civil.

(6) A defaulted criminal wildlife penalty assessment may be collected by any means authorized by law for the enforcement of orders of the court or collection of a fine or costs, including but not limited to vacation of a deferral of sentencing or vacation of a suspension of sentence.

(7) A person assessed a criminal wildlife penalty assessment under this section shall have his or her hunting license revoked and all hunting privileges suspended until the penalty assessment is paid through the registry of the court in which the penalty assessment was assessed.

(8) The criminal wildlife penalty assessments provided in subsection (1) of this section shall be doubled in the following instances:

(a) When a person is convicted of spotlighting big game under RCW 77.15.450;

(b) When a person commits a violation that requires payment of a wildlife penalty assessment within five years of a prior gross misdemeanor or felony conviction under this title;

(c) When the person killed the animal in question with the intent of bartering, selling, or otherwise deriving economic profit from the animal or the animal's parts; or

(d) When a person kills the animal under the supervision of a licensed guide. [2005 c 406 § 5; 1998 c 190 § 62.]

**77.15.425 Fish and wildlife enforcement reward account.** The fish and wildlife enforcement reward account is created in the custody of the state treasurer. All receipts from criminal wildlife penalty assessments under RCW 77.15.420 must be deposited into the account. The department may accept money or personal property from persons under conditions requiring the property or money to be used consistent with the intent of expenditures from the fish and wildlife enforcement reward account. Expenditures from the account may be used only for investigation and prosecution of fish and wildlife offenses, to provide rewards to persons informing the department about violations of this title and rules adopted under this title, and for other valid enforcement uses as determined by the commission. Only the director or

the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2005 c 406 § 1.]

**77.15.450 Spotlighting big game—Penalty.** (1) A person is guilty of spotlighting big game in the second degree if the person hunts big game with the aid of a spotlight, other artificial light, or night vision equipment while in possession or control of a firearm, bow and arrow, or cross bow. For purposes of this section, "night vision equipment" includes electronic light amplification devices, thermal imaging devices, and other comparable equipment used to enhance night vision.

(2) A person is guilty of spotlighting big game in the first degree if:

(a) The person has any prior conviction for gross misdemeanor or felony for a crime under this title involving big game including but not limited to subsection (1) of this section or RCW 77.15.410; and

(b) Within ten years of the date that such prior conviction was entered the person commits the act described by subsection (1) of this section.

(3)(a) Spotlighting big game in the second degree is a gross misdemeanor. Upon conviction, the department shall revoke all hunting licenses and tags and order a suspension of the person's hunting privileges for two years.

(b) Spotlighting big game in the first degree is a class C felony. Upon conviction, the department shall order suspension of all privileges to hunt wildlife for a period of ten years.

(4) A person convicted under this section shall be assessed a criminal wildlife penalty assessment as provided in RCW 77.15.420. [2005 c 406 § 6; 1998 c 190 § 27.]

**77.15.700 Grounds for department revocation and suspension of privileges.** The department shall impose revocation and suspension of privileges in the following circumstances:

(1) Upon conviction, if directed by statute for an offense;

(2) Upon conviction, if the department finds that actions of the defendant demonstrated a willful or wanton disregard for conservation of fish or wildlife. Such suspension of privileges may be permanent. This subsection (2) does not apply to violations involving commercial fishing;

(3) If a person is convicted twice within ten years for a violation involving unlawful hunting, killing, or possessing big game, the department shall order revocation and suspension of all hunting privileges for two years. RCW 77.12.722 or \*77.16.050 as it existed before June 11, 1998, may comprise one of the convictions constituting the basis for revocation and suspension under this subsection;

(4)(a) If a person is convicted of an offense, has an uncontested notice of infraction, fails to appear at a hearing to contest an infraction, or is found to have committed an infraction three times in ten years involving any violation of recreational hunting or fishing laws or rules, the department shall order a revocation and suspension of all recreational hunting and fishing privileges for two years.

(b) A violation punishable as an infraction counts towards the revocation and suspension of recreational hunting and fishing privileges only where that violation is:

(i) Punishable as a crime on July 24, 2005, and is subsequently decriminalized; or

(ii) One of the following violations, as they exist on July 24, 2005: RCW 77.15.160 (1) or (2); WAC 220-56-116; WAC 220-56-315(11); or WAC 220-56-355 (1) through (4).

(c) The commission may, by rule, designate additional infractions that do not count towards the revocation and suspension of recreational hunting and fishing privileges. [2005 c 321 § 1; 2003 c 386 § 2; 2001 c 253 § 46; 1998 c 190 § 66.]

\*Reviser's note: RCW 77.16.050 was repealed by 1998 c 190 § 124.

**Findings—Intent—2003 c 386:** "(1)(a) The legislature finds that existing law as it relates to the suspension of commercial fishing licenses does not take into account the real-life circumstances faced by the state's commercial fishing fleets. The nature of the commercial fishing industry, together with the complexity of fisheries regulations, is such that honest mistakes can be made by well-meaning and otherwise law-abiding fishers. Commercial fishing violations that occur within an acceptable margin of error should not result in the suspension of fishing privileges. Likewise, fishers facing the possibility of license suspension or revocation deserve the opportunity to explain any extenuating circumstances prior to having his or her professional privileges suspended.

(b) The legislature intends, by creating the license suspension review committee, to provide a fisher with the opportunity to explain any extenuating circumstances that led to a commercial fishing violation. The legislature intends for the license suspension review committee to give serious considerations to the case-specific facts and scenarios leading up to a violation, and for license suspensions to issue only when the facts indicate a willful act that undermines the conservation of fish stocks. Frivolous violations should not result in the suspension of privileges, and should be punished only by the criminal sanctions attached to the underlying crime.

(2)(a) The legislature further finds that gross abuses of fish stocks should not be tolerated. Individuals convicted of even one violation that is egregious in nature, causing serious detriment to a fishery or the competitive disposition of other fishers, should have his or her license suspended and revoked.

(b) The legislature intends for the license suspension review committee to take egregious fisheries' violations seriously. When dealing with individuals convicted of only one violation, the license suspension review committee should only consider suspension for individuals that are convicted of violations that are of a severe magnitude and show a wanton disregard for the public's resource." **77.18.060 Determination of appropriate waters.** The fish and wildlife commission in consultation with the department is authorized to determine which waters of the state are appropriate for this use. In making this determination, the commission shall seek geographic distribution to assure opportunity to fishers statewide.

The commission in consultation with the department will determine the maximum number of fish that may be planted into state waters so as not to compete with the wild populations of fish species in the water body. [2005 c 87 § 1; 1999 c 363 § 2.]

**77.32.070 Information required from license applicants—Reports on taking/effort to harvest fish, shellfish, and wildlife—Administrative penalty.** (1) Applicants for a license, permit, tag, or stamp shall furnish the information required by the director. However, the director may not require the purchaser of a razor clam license under RCW 77.32.520 to provide any personal information except for proof of residency. The commission may adopt rules requiring licensees or permittees to keep records and make reports concerning the taking of or effort to harvest fish, shellfish, and wildlife. The reporting requirement may be waived where, for any reason, the department is not able to receive the report. The department must provide reasonable options for a licensee to submit information to a live operator prior to the reporting deadline.

(2) The commission may, by rule, set an administrative penalty for failure to comply with rules requiring the reporting of taking or effort to harvest wildlife. The commission may also adopt rules requiring hunters who have not reported for the previous license year to complete a report and pay the assessed administrative penalty before a new hunting license is issued.

(a) The total administrative penalty per hunter set by the commission must not exceed ten dollars.

(b) By December 31st of each year, the department shall report the rate of hunter compliance with the harvest reporting requirement, the administrative penalty imposed for failing to report, and the amount of administrative penalties collected during that year to the appropriate fiscal and policy committees of the senate and house of representatives. **Effective date—Intent, construction—Savings—Severability—1980 c 78:** See notes following RCW 77.04.010.

**77.32.430 Catch record card—Disposition of funds.** (1) Catch record card information is necessary for proper management of the state's food fish and game fish species and shellfish resources. Catch record card administration shall be under rules adopted by the commission. There is no charge

for an initial catch record card. Each subsequent or duplicate catch record card costs ten dollars.

(2) A license to take and possess Dungeness crab is only valid in Puget Sound waters east of the Bonilla-Tatoosh line if the fisher has in possession a valid catch record card officially endorsed for Dungeness crab. The endorsement shall cost no more than three dollars, including any or all fees authorized under RCW 77.32.050, when purchased for a personal use saltwater, combination, or shellfish and seaweed license. The endorsement shall cost no more than one dollar, including any or all fees authorized under RCW 77.32.050, when purchased for a temporary combination fishing license authorized under RCW 77.32.470(3)(a).

(3) Catch record cards issued with affixed temporary short-term charter stamp licenses are not subject to the ten-dollar charge nor to the Dungeness crab endorsement fee provided for in this section. Charter boat or guide operators issuing temporary short-term charter stamp licenses shall affix the stamp to each catch record card issued before fishing commences. Catch record cards issued with a temporary short-term charter stamp are valid for one day.

(4) The department shall include provisions for recording marked and unmarked salmon in catch record cards issued after March 31, 2004.

(5) The funds received from the sale of catch record cards and the Dungeness crab endorsement must be deposited into the wildlife fund. The funds received from the Dungeness crab endorsement may be used only for the sampling, monitoring, and management of catch associated with the Dungeness crab recreational fisheries. Moneys allocated under this section shall supplement and not supplant other federal, state, and local funds used for Dungeness crab recreational fisheries management. [2005 c 192 § 2; 2004 c 107 § 2; 2003 c 318 § 1; 1998 c 191 § 5; 1989 c 305 § 10. Formerly RCW 75.25.190.]

**Intent—2004 c 107:** "It is the intent of the legislature to optimize the management of the recreational allocation of Dungeness crab in Washington state. To accomplish this task, it is necessary to accurately and efficiently quantify the total catch by recreational fishers for Dungeness crab using data from catch record cards. Therefore, an endorsement fee on the catch record card paid at the time of purchasing a recreational fishing license will be required for Dungeness crab to specifically identify the recreational crab harvesting population. The endorsement fee will significantly improve the precision of the catch estimates by eliminating the current practice of sampling fishers who do not participate in the recreational crab fishery." [2004 c 107 § 1.]

**Report—2004 c 107:** "After the completion of one season using the Dungeness crab endorsement fee for Puget Sound recreational Dungeness crab fisheries, the department of fish and wildlife shall evaluate the effectiveness of the endorsement fee as a method for improving the accuracy of catch estimates for the Puget Sound recreational Dungeness crab fishery. The department's report shall include how the method has affected their ability to more accurately estimate the preseason allocation of the Puget Sound recreational Dungeness crab fishery and monitor in-season catch. The department shall report their findings to the appropriate committees of the legislature by May 15, 2006." [2004 c 107 § 3.]

**Effective date—2004 c 107:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect May 15, 2004." [2004 c 107 § 4.]

**Effective date—2003 c 318:** "This act takes effect April 1, 2004." [2003 c 318 § 3.]

**Effective date—1998 c 191:** See note following RCW 77.32.400.

**77.32.450 Big game hunting license—Fees.** (1) A big game hunting license is required to hunt for big game. A big game license allows the holder to hunt for forest grouse, unclassified wildlife, and the individual species identified within a specific big game combination license package. Each big game license includes one transport tag for each species purchased in that package. A hunter may not purchase more than one license for each big game species except as authorized by rule of the commission. The fees for annual big game combination packages are as follows:

Only one deer or elk may be harvested annually under a multiple season big game permit. The fee is one hundred fifty dollars for residents and one thousand five hundred dollars for nonresidents.

(5) Authorization to hunt the species set out under subsection (3)(a) through (c) of this section or in multiple sea-

sons as set out in subsection (4) of this section is by special permit issued under RCW 77.32.370.

(6) The commission may adopt rules to reduce the price of a license or eliminate the transportation tag requirements concerning bear or cougar when necessary to meet harvest objectives. [2005 c 140 § 1; 2000 c 109 § 1; 1998 c 191 § 14.]

**Effective date—1998 c 191:** See note following RCW 77.32.400.

**77.32.470 Personal use fishing licenses—Fees—Temporary fishing license—Family fishing weekend license—**

**Rules.** (1) A personal use saltwater, freshwater, combination, temporary, or family fishing weekend license is required for all persons fifteen years of age or older to fish for or possess fish taken for personal use from state waters or offshore waters.

(2) The fees for annual personal use saltwater, freshwater, or combination licenses are as follows:

(b) The fee for a charter stamp is seven dollars for a one-day temporary combination fishing license for residents and nonresidents for use on a charter boat as defined in RCW 77.65.150.

(c) A transaction fee to support the automated licensing system will be taken from the amounts set forth in this subsection for temporary licenses.

(d) Except for active duty military personnel serving in any branch of the United States armed forces, the temporary combination fishing license is not valid on game fish species for an eight-consecutive-day period beginning on the opening day of the lowland lake fishing season.

(4) A family fishing weekend license allows for a maximum of six anglers: One resident and five youth; two resi-

dents and four youth; or one resident, one nonresident, and four youth. This license allows the holders to fish for or possess fish taken from state waters or offshore waters. The fee for this license is twenty dollars. This license is only valid during periods as specified by rule of the department.

(5) The commission may adopt rules to create and sell combination licenses for all hunting and fishing activities at or below a fee equal to the total cost of the individual license contained within any combination. [2005 c 192 § 1; 2003 c 181 § 1; 1998 c 191 § 16.]

**Effective date—2003 c 181:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 9, 2003]." [2003 c 181 § 2.]

**Effective date—1998 c 191:** See note following RCW 77.32.400.

**77.32.555 Surcharge to fund biotoxin testing and monitoring.**

In addition to the fees authorized in this chapter, the department shall include a surcharge to fund biotoxin testing and monitoring by the department of health of beaches used for recreational shellfishing, and to fund monitoring by the Olympic region harmful algal bloom program of the Olympic natural resources center at the University of Washington. A surcharge of three dollars applies to resident and nonresident shellfish and seaweed licenses as authorized by RCW 77.32.520(3) (a) and (b); a surcharge of two dollars applies to resident and nonresident adult combination licenses as authorized by RCW 77.32.470(2)(a); a surcharge of two dollars applies to annual resident and nonresident razor clam licenses as authorized by RCW 77.32.520(4); and a surcharge of one dollar applies to the three-day razor clam license authorized by RCW 77.32.520(5). Amounts collected from these surcharges must be deposited in the general fund—local account managed by the department of health, except that one hundred fifty thousand dollars per year shall be deposited in the general fund—local account managed by the University of Washington.

Unspent amounts from the surcharges deposited in the general fund—local accounts managed by the department of health and the University of Washington shall carry over to ensuing biennia to pay for the ongoing costs of the programs. The department of health and the University of Washington shall, by December 1st of each year, provide a letter to the relevant legislative policy and fiscal committees on the status of expenditures. This letter shall include, but is not limited to, the annual appropriation amount, the amount not expended, account appropriation balance, and reasons for not spending the full annual appropriation. [2005 c 416 § 1; 2004 c 248 § 2; 2003 c 263 § 2.]

**Effective date—2005 c 416:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 11, 2005]." [2005 c 416 § 2.]

**Findings—2003 c 263:** "The legislature finds that testing and monitoring of beaches used for recreational shellfishing is essential to ensure the health of recreational shellfishers. The legislature also finds that it is essential to have a stable and reliable source of funding for such biotoxin testing and monitoring. The legislature also finds that the cost of the resident and nonresident personal use shellfish and seaweed licenses is undervalued and not properly aligned with neighboring states and provinces." [2003 c 263 § 1.]

**Effective date—2003 c 263:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state gov-

ernment and its existing public institutions, and takes effect July 1, 2003." [2003 c 263 § 4.]

**77.55.010 Recodified as RCW 77.55.211.** See Supplementary Table of Disposition of Former RCW Sections, this volume.

**77.55.011 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water runoff devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

(2) "Board" means the hydraulic appeals board created in RCW 77.55.301.

(3) "Commission" means the state fish and wildlife commission.

(4) "Department" means the department of fish and wildlife.

(5) "Director" means the director of the department of fish and wildlife.

(6) "Emergency" means an immediate threat to life, the public, property, or of environmental degradation.

(7) "Hydraulic project" means the construction or performance of work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or freshwaters of the state.

(8) "Imminent danger" means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.

(9) "Marina" means a public or private facility providing boat moorage space, fuel, or commercial services. Commercial services include but are not limited to overnight or live-aboard boating accommodations.

(10) "Marine terminal" means a public or private commercial wharf located in the navigable water of the state and used, or intended to be used, as a port or facility for the storing, handling, transferring, or transporting of goods to and from vessels.

(11) "Ordinary high water line" means the mark on the shores of all water that will be found by examining the bed and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in ordinary years as to mark upon the soil or vegetation a character distinct from the abutting upland. Provided, that in any area where the ordinary high water line cannot be found, the ordinary high water line adjoining saltwater is the line of mean higher high water and the ordinary high water line adjoining fresh water is the elevation of the mean annual flood.

(12) "Permit" means a hydraulic project approval permit issued under this chapter.

(13) "Sandbars" includes, but is not limited to, sand, gravel, rock, silt, and sediments.

(14) "Small scale prospecting and mining" means the use of only the following methods: Pans; nonmotorized sluice

boxes; concentrators; and minirocker boxes for the discovery and recovery of minerals.

(15) "Spartina," "purple loosestrife," and "aquatic noxious weeds" have the same meanings as defined in RCW 17.26.020.

(16) "Streambank stabilization" means those projects that prevent or limit erosion, slippage, and mass wasting. These projects include, but are not limited to, bank resloping, log and debris relocation or removal, planting of woody vegetation, bank protection using rock or woody material or placement of jetties or groins, gravel removal, or erosion control.

(17) "Tide gate" means a one-way check valve that prevents the backflow of tidal water.

(18) "Waters of the state" and "state waters" means all salt and fresh waters waterward of the ordinary high water line and within the territorial boundary of the state. [2005 c 146 § 101.]

**Part headings not law—2005 c 146:** "Part headings used in this act are not any part of the law." [2005 c 146 § 1007.]

**77.55.020 Recodified as RCW 77.55.101.** See Supplementary Table of Disposition of Former RCW Sections, this volume.

**77.55.021 Permit.** (1) Except as provided in RCW 77.55.031, 77.55.051, and 77.55.041, in the event that any person or government agency desires to undertake a hydraulic project, the person or government agency shall, before commencing work thereon, secure the approval of the department in the form of a permit as to the adequacy of the means proposed for the protection of fish life.

(2) A complete written application for a permit may be submitted in person or by registered mail and must contain the following:

(a) General plans for the overall project;

(b) Complete plans and specifications of the proposed construction or work within the mean higher high water line in saltwater or within the ordinary high water line in freshwater;

(c) Complete plans and specifications for the proper protection of fish life; and

(d) Notice of compliance with any applicable requirements of the state environmental policy act, unless otherwise provided for in this chapter.

(3)(a) Protection of fish life is the only ground upon which approval of a permit may be denied or conditioned. Approval of a permit may not be unreasonably withheld or unreasonably conditioned. Except as provided in this subsection and subsections (8), (10), and (11) of this section, the department has forty-five calendar days upon receipt of a complete application to grant or deny approval of a permit. The forty-five day requirement is suspended if:

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;

(ii) The site is physically inaccessible for inspection;

(iii) The applicant requests a delay; or

(iv) The department is issuing a permit for a storm water discharge and is complying with the requirements of RCW 77.55.161(3)(b).

(b) Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(c) The period of forty-five calendar days may be extended if the permit is part of a multiagency permit streamlining effort and all participating permitting agencies and the permit applicant agree to an extended timeline longer than forty-five calendar days.

(4) If the department denies approval of a permit, the department shall provide the applicant a written statement of the specific reasons why and how the proposed project would adversely affect fish life. Issuance, denial, conditioning, or modification of a permit shall be appealable to the department or the board as specified in RCW 77.55.301 within thirty days of the notice of decision.

(5)(a) The permittee must demonstrate substantial progress on construction of that portion of the project relating to the permit within two years of the date of issuance.

(b) Approval of a permit is valid for a period of up to five years from the date of issuance, except as provided in (c) of this subsection and in RCW 77.55.151.

(c) A permit remains in effect without need for periodic renewal for hydraulic projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. A permit for streambank stabilization projects to protect farm and agricultural land as defined in RCW 84.34.020 remains in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the permit.

(6) The department may, after consultation with the permittee, modify a permit due to changed conditions. The modification becomes effective unless appealed to the department or the board as specified in RCW 77.55.301 within thirty days from the notice of the proposed modification. For hydraulic projects that divert water for agricultural irrigation or stock watering purposes, or when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

(7) A permittee may request modification of a permit due to changed conditions. The request must be processed within forty-five calendar days of receipt of the written request. A decision by the department may be appealed to the board within thirty days of the notice of the decision. For hydraulic projects that divert water for agricultural irrigation or stock watering purposes, or when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the permittee to show that changed conditions warrant the requested modification and that such a modification will not impair fish life.

(8) The department or the county legislative authority may declare and continue an emergency. The county legislative authority shall immediately notify the department if it declares an emergency under this subsection. The department, through its authorized representatives, shall issue immediately, upon request, oral approval for a stream cross-

ing, or work to remove any obstructions, repair existing structures, restore streambanks, protect fish life, or protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written permit prior to commencing work. Conditions of the emergency oral permit must be established by the department and reduced to writing within thirty days and complied with as provided for in this chapter. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(9) All state and local agencies with authority under this chapter to issue permits or other authorizations in connection with emergency water withdrawals and facilities authorized under RCW 43.83B.410 shall expedite the processing of such permits or authorizations in keeping with the emergency nature of such requests and shall provide a decision to the applicant within fifteen calendar days of the date of application.

(10) The department or the county legislative authority may determine an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to remove any obstructions, repair existing structures, restore banks, protect fish resources, or protect property. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(11) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection. [2005 c 146 § 201.]

(Expires June 30, 2009.)** An emergency has been caused by the need to expeditiously site facilities to house sexually violent predators who have been committed under chapter 71.09 RCW. To meet this emergency, secure community transition facilities sited pur-

suant to the preemption provisions of RCW 71.09.342 and secure facilities sited pursuant to the preemption provisions of RCW 71.09.250 are not subject to the provisions of this chapter.

**77.55.081 Removal or control of aquatic noxious weeds—Rules—Pamphlet.** (1) By June 30, 1997, the department shall develop rules for projects conducted solely for the removal or control of various aquatic noxious weeds other than spartina and purple loosestrife and for activities or hydraulic projects for controlling purple loosestrife not covered by RCW 77.55.051(2). Following the adoption of the rules, the department shall produce and distribute a pamphlet describing the methods of removing or controlling the aquatic noxious weeds that are approved under the rules. The pamphlet serves as the permit for any project that is conducted solely for the removal or control of such aquatic noxious weeds and that is conducted as described in the pamphlet. No further permit is required for such a project.

(2) From time to time as information becomes available, the department shall adopt similar rules for additional aquatic noxious weeds or additional activities for removing or controlling aquatic noxious weeds not governed by RCW 77.55.051 (1) and (2) and shall produce and distribute one or more pamphlets describing these methods of removal or control. Such a pamphlet serves as the permit for any project that is conducted solely for the removal or control of such aquatic noxious weeds and that is conducted as described in the pamphlet. No further permit is required for such a project.

(3) Nothing in this section shall prohibit the department from requiring a permit for those parts of hydraulic projects that are not specifically for the control or removal of spartina, purple loosestrife, or other aquatic noxious weeds. **77.55.091 Small scale prospecting and mining—Rules.** (1) Small scale prospecting and mining shall not require a permit under this chapter if the prospecting is conducted in accordance with rules established by the department.

(2) By December 31, 1998, the department shall adopt rules applicable to small scale prospecting and mining activities subject to this section. The department shall develop the

rules in cooperation with the recreational mining community and other interested parties.

(3) Within two months of adoption of the rules, the department shall distribute an updated gold and fish pamphlet that describes methods of mineral prospecting that are consistent with the department's rule. The pamphlet shall be written to clearly indicate the prospecting methods that require a permit under this chapter and the prospecting methods that require compliance with the pamphlet. To the extent possible, the department shall use the provisions of the gold and fish pamphlet to minimize the number of specific provisions of a written permit issued under this chapter. [2005 c 146 § 403; 2001 c 253 § 54; 1997 c 425 § 4. Formerly RCW 77.55.280, 75.20.340.]

**77.55.121 Habitat incentives program—Goal—Requirements of agreement—Application evaluation factors.** (1) Beginning in January 1998, the department and the department of natural resources shall implement a habitat incentives program based on the recommendations of feder-

ally recognized Indian tribes, landowners, the regional fisheries enhancement groups, the timber, fish, and wildlife cooperators, and other interested parties. The program shall allow a private landowner to enter into an agreement with the departments to enhance habitat on the landowner's property for food fish, game fish, or other wildlife species. In exchange, the landowner shall receive state regulatory certainty with regard to future applications for a permit or a forest practices permit on the property covered by the agreement. The overall goal of the program is to provide a mechanism that facilitates habitat development on private property while avoiding an adverse state regulatory impact to the landowner at some future date. A single agreement between the departments and a landowner may encompass up to one thousand acres. A landowner may enter into multiple agreements with the departments, provided that the total acreage covered by such agreements with a single landowner does not exceed ten thousand acres. The departments are not obligated to enter into an agreement unless the departments find that the agreement is in the best interest of protecting fish or wildlife species or their habitat.

(2) A habitat incentives agreement shall be in writing and shall contain at least the following: (a) A description of the property covered by the agreement; (b) an expiration date; (c) a description of the condition of the property prior to the implementation of the agreement; and (d) other information needed by the landowner and the departments for future reference and decisions.

(3) As part of the agreement, the department may stipulate the factors that will be considered when the department evaluates a landowner's application for a permit on property covered by the agreement. The department's identification of these evaluation factors shall be in concurrence with the department of natural resources and affected federally recognized Indian tribes. In general, future decisions related to the issuance, conditioning, or denial of a permit must be based on the conditions present on the landowner's property at the time of the agreement, unless all parties agree otherwise.

(4) As part of the agreement, the department of natural resources may stipulate the factors that will be considered when the department of natural resources evaluates a landowner's application for a forest practices permit under chapter 76.09 RCW on property covered by the agreement. The department of natural resources' identification of these evaluation factors shall be in concurrence with the department and affected federally recognized Indian tribes. In general, future decisions related to the issuance, conditioning, or denial of forest practices permits shall be based on the conditions present on the landowner's property at the time of the agreement, unless all parties agree otherwise.

(5) The agreement is binding on and may be used by only the landowner who entered into the agreement with the department. The agreement shall not be appurtenant with the land. However, if a new landowner chooses to maintain the habitat enhancement efforts on the property, the new landowner and the department and the department of natural resources may jointly choose to retain the agreement on the property.

(6) If the department and the department of natural resources receive multiple requests for agreements with private landowners under the habitat incentives program, the

departments shall prioritize these requests and shall enter into as many agreements as possible within available budgetary resources. [2005 c 146 § 404; 2000 c 107 § 229; 1997 c 425 § 3. Formerly RCW 77.55.300, 77.12.830.]

**Part headings not law—2005 c 146:** See note following RCW 77.55.011.

**Finding—Intent—1997 c 425:** "In an effort to increase the amount of habitat available for fish and wildlife, the legislature finds that it is desirable for the department of fish and wildlife, the department of natural resources, and other interested parties to work closely with private landowners to achieve habitat enhancements. In some instances, private landowners avoid enhancing habitat because of a concern that the presence of fish or wildlife may make future land management more difficult. It is the intent of this act to provide a mechanism that facilitates habitat development while avoiding an adverse impact on the landowner at a later date. The habitat incentives program is not intended to supercede any federal laws." [1997 c 425 § 1.]

**77.55.141 Marine beach front protective bulkheads or rockwalls.** (1) In order to protect the property of marine waterfront shoreline owners it is necessary to facilitate issuance of permits for bulkheads or rockwalls under certain conditions.

(2) The department shall issue a permit with or without conditions within forty-five days of receipt of a complete and accurate application which authorizes commencement of construction, replacement, or repair of a marine beach front protective bulkhead or rockwall for single-family type residences or property under the following conditions:

(a) The waterward face of a new bulkhead or rockwall shall be located only as far waterward as is necessary to excavate for footings or place base rock for the structure and under no conditions shall be located more than six feet waterward of the ordinary high water line;

(b) Any bulkhead or rockwall to replace or repair an existing bulkhead or rockwall shall be placed along the same alignment as the bulkhead or rockwall it is replacing. However, the replaced or repaired bulkhead or rockwall may be

placed waterward of and directly abutting the existing structure only in cases where removal of the existing bulkhead or rockwall would result in environmental degradation or removal problems related to geological, engineering, or safety considerations; and

(c) Construction of a new bulkhead or rockwall, or replacement or repair of an existing bulkhead or rockwall waterward of the existing structure shall not result in the permanent loss of critical food fish or shellfish habitats; and

(d) Timing constraints shall be applied on a case-by-case basis for the protection of critical habitats, including but not limited to migration corridors, rearing and feeding areas, and spawning habitats, for the proper protection of fish life.

(3) Any bulkhead or rockwall construction, replacement, or repair not meeting the conditions in this section shall be processed under this chapter in the same manner as any other application.

(4) Any person aggrieved by the approval, denial, conditioning, or modification of a permit under this section may formally appeal the decision to the board pursuant to this chapter. [2005 c 146 § 501; 1991 c 279 § 1. Formerly RCW 77.55.200, 75.20.160.]

**77.55.151 Marina or marine terminal.** (1) For a marina or marine terminal in existence on June 6, 1996, or a marina or marine terminal that has received a permit for its initial construction, a renewable, five-year permit shall be issued, upon request, for regular maintenance activities of the marina or marine terminal.

(2) Upon construction of a new marina or marine terminal that has received a permit, a renewable, five-year permit shall be issued, upon request, for regular maintenance activities of the marina or marine terminal.

(3) For the purposes of this section, regular maintenance activities are only those activities necessary to restore the marina or marine terminal to the conditions approved in the initial permit. These activities may include, but are not limited to, dredging, piling replacement, and float replacement.

(4) The five-year permit must include a requirement that a fourteen-day notice be given to the department before regular maintenance activities begin. [2005 c 146 § 502; 2002 c 368 § 7; 1996 c 192 § 2. Formerly RCW 77.55.220, 75.20.180.]

**Finding—Intent—2002 c 368:** See note following RCW 77.55.100.

**Finding—Intent—1996 c 192:** "The legislature finds that initial construction of a marina and some maintenance activities change the natural flow or bed of the salt or fresh water body in which the marina is constructed. Because of this disturbance, it is appropriate that plans for initial marina construction as well as some maintenance activities undergo the hydraulic project review and approval process established in chapter 75.20 RCW.

It is the intent of the legislature that after a marina has received a hydraulic project approval and been constructed, a renewable, five-year hydraulic project approval be issued, upon request, for regular maintenance activities within the marina." [1996 c 192 § 1.]

**77.55.161 Storm water discharges.** (1) Notwithstanding any other provision of this chapter, all permits related to storm water discharges must follow the provisions established in this section.

(2) Permits issued in locations covered by a national pollution discharge elimination system municipal storm water general permit may not be conditioned or denied for water quality or quantity impacts arising from storm water discharges. A permit is required only for the actual construction of any storm water outfall or associated structures pursuant to this chapter.

(3)(a) In locations not covered by a national pollution discharge elimination system municipal storm water general permit, the department may issue permits that contain provisions that protect fish life from adverse effects, such as scouring or erosion of the bed of the water body, resulting from the direct hydraulic impacts of the discharge.

(b) Prior to the issuance of a permit issued under this subsection (3), the department must:

(i) Make a finding that the discharge from the outfall will cause harmful effects to fish life;

(ii) Transmit the findings to the applicant and to the city or county where the project is being proposed; and

(iii) Allow the applicant an opportunity to use local ordinances or other mechanisms to avoid the adverse effects resulting from the direct hydraulic discharge. The forty-five day requirement for permit issuance under RCW 77.55.021 is suspended during the time period the department is meeting the requirements of this subsection (3)(b).

(c) After following the procedures set forth in (b) of this subsection, the department may issue a permit that prescribes the discharge rates from an outfall structure that will prevent adverse effects to the bed or flow of the waterway. The department may recommend, but not specify, the measures required to meet these discharge rates. The department may not require changes to the project design above the mean higher high water mark of marine waters, or the ordinary high water mark of freshwaters of the state. Nothing in this section alters any authority the department may have to regulate other types of projects under this chapter. [2005 c 146 § 503; 2002 c 368 § 4. Formerly RCW 77.55.340.]

**77.55.171 Watershed restoration projects—Permit processing.** A permit required by the department for a watershed restoration project as defined in RCW 89.08.460 shall be processed in compliance with RCW 89.08.450 through 89.08.510. **77.55.181 Fish habitat enhancement project—Permit review and approval process.** (1) In order to receive the permit review and approval process created in this section, a fish habitat enhancement project must meet the criteria under (a) and (b) of this subsection:

(a) A fish habitat enhancement project must be a project to accomplish one or more of the following tasks:

(i) Elimination of human-made fish passage barriers, including culvert repair and replacement;

(ii) Restoration of an eroded or unstable streambank employing the principle of bioengineering, including limited use of rock as a stabilization only at the toe of the bank, and with primary emphasis on using native vegetation to control the erosive forces of flowing water; or

(iii) Placement of woody debris or other instream structures that benefit naturally reproducing fish stocks.

The department shall develop size or scale threshold tests to determine if projects accomplishing any of these tasks should be evaluated under the process created in this section or under other project review and approval processes. A project proposal shall not be reviewed under the process created in this section if the department determines that the scale of the project raises concerns regarding public health and safety; and

(b) A fish habitat enhancement project must be approved in one of the following ways:

(i) By the department pursuant to chapter 77.95 or 77.100 RCW;

(ii) By the sponsor of a watershed restoration plan as provided in chapter 89.08 RCW;

(iii) By the department as a department-sponsored fish habitat enhancement or restoration project;

(iv) Through the review and approval process for the jobs for the environment program;

(v) Through the review and approval process for conservation district-sponsored projects, where the project complies with design standards established by the conservation commission through interagency agreement with the United States fish and wildlife service and the natural resource conservation service;

(vi) Through a formal grant program established by the legislature or the department for fish habitat enhancement or restoration; and

(vii) Through other formal review and approval processes established by the legislature.

(2) Fish habitat enhancement projects meeting the criteria of subsection (1) of this section are expected to result in beneficial impacts to the environment. Decisions pertaining to fish habitat enhancement projects meeting the criteria of subsection (1) of this section and being reviewed and approved according to the provisions of this section are not subject to the requirements of RCW 43.21C.030(2)(c).

(3)(a) A permit is required for projects that meet the criteria of subsection (1) of this section and are being reviewed and approved under this section. An applicant shall use a joint aquatic resource permit application form developed by the office of regulatory assistance to apply for approval under

this chapter. On the same day, the applicant shall provide copies of the completed application form to the department and to each appropriate local government. Local governments shall accept the application as notice of the proposed project. The department shall provide a fifteen-day comment period during which it will receive comments regarding environmental impacts. Within forty-five days, the department shall either issue a permit, with or without conditions, deny approval, or make a determination that the review and approval process created by this section is not appropriate for the proposed project. The department shall base this determination on identification during the comment period of adverse impacts that cannot be mitigated by the conditioning of a permit. If the department determines that the review and approval process created by this section is not appropriate for the proposed project, the department shall notify the applicant and the appropriate local governments of its determination. The applicant may reapply for approval of the project under other review and approval processes.

(b) Any person aggrieved by the approval, denial, conditioning, or modification of a permit under this section may formally appeal the decision to the board pursuant to the provisions of this chapter.

(4) No local government may require permits or charge fees for fish habitat enhancement projects that meet the criteria of subsection (1) of this section and that are reviewed and approved according to the provisions of this section. [2005 c 146 § 505; 2001 c 253 § 55; 1998 c 249 § 3. Formerly RCW 77.55.290, 75.20.350.]

**Part headings not law—2005 c 146:** See note following RCW 77.55.011.

**Findings—Purpose—1998 c 249:** "The legislature finds that fish habitat enhancement projects play a key role in the state's salmon and steelhead recovery efforts. The legislature finds that there are over two thousand barriers to fish passage at road crossings throughout the state, blocking fish access to as much as three thousand miles of freshwater spawning and rearing habitat. The legislature further finds that removal of these barriers and completion of other fish habitat enhancement projects should be done in a cost-effective manner, which includes providing technical assistance and training to people who will undertake projects such as removal of barriers to salmon passage and minimizing the expense and delays of various permitting processes. The purpose of this act is to take immediate action to facilitate the review and approval of fish habitat enhancement projects, to encourage efforts that will continue to improve the process in the future, to address known fish passage barriers immediately, and to develop over time a comprehensive system to inventory and prioritize barriers on a statewide basis." [1998 c 249 § 1.]

**Joint aquatic resource permit application form—Modification—1998 c 249:** "The department of ecology permit assistant [assistance] center shall immediately modify the joint aquatic resource permit application form to incorporate the permit process established in section 3 of this act." [1998 c 249 § 2.]

**Finding—Report—1998 c 249:** "The legislature finds that, while the process created in this act can improve the speed with which fish habitat enhancement projects are put into place, additional efforts can improve the review and approval process for the future. The legislature directs the department of fish and wildlife, the conservation commission, local governments, fish habitat enhancement project applicants, and other interested parties to work together to continue to improve the permitting review and approval process. Specific efforts shall include the following:

(1) Development of common acceptable design standards, best management practices, and standardized hydraulic project approval conditions for each type of fish habitat enhancement project;

(2) An evaluation of the potential for using technical evaluation teams in evaluating specific project proposals or stream reaches;

(3) An evaluation of techniques appropriate for restoration and enhancement of pasture and crop land adjacent to riparian areas;

(4) A review of local government shoreline master plans to identify and correct instances where the local plan does not acknowledge potentially beneficial instream work;

(5) An evaluation of the potential for local governments to incorporate fish habitat enhancement projects into their comprehensive planning process; and

(6) Continued work with the federal government agencies on federal permitting for fish habitat enhancement projects.

The department of fish and wildlife shall coordinate this joint effort and shall report back to the legislature on the group's progress by December 1, 1998." [1998 c 249 § 15.]

**Effective date—1998 c 249:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 1, 1998]." [1998 c 249 § 18.]

**77.55.191 Columbia river anadromous fish sanctuary—Restrictions.** (1) Except for the north fork of the Lewis river and the White Salmon river, all streams and rivers tributary to the Columbia river downstream from McNary dam are established as an anadromous fish sanctuary. This sanctuary is created to preserve and develop the food fish and game fish resources in these streams and rivers and to protect them against undue industrial encroachment.

(2) Within the sanctuary area:

(a) The department shall not issue a permit to construct a dam greater than twenty-five feet high within the migration range of anadromous fish as determined by the department.

(b) A person shall not divert water from rivers and streams in quantities that will reduce the respective stream flow below the annual average low flow, based upon data published in United States geological survey reports.

(3) The commission may acquire and abate a dam or other obstruction, or acquire any water right vested on a sanctuary stream or river, which is in conflict with the provisions of subsection (2) of this section.

(4) Subsection (2)(a) of this section does not apply to the sediment retention structure to be built on the North Fork Toutle river by the United States army corps of engineers. **77.55.231 Conditions imposed upon a permit—Reasonably related to project.** (1) Conditions imposed upon a permit must be reasonably related to the project. The permit conditions must ensure that the project provides proper pro-

tection for fish life, but the department may not impose conditions that attempt to optimize conditions for fish life that are out of proportion to the impact of the proposed project.

(2) The permit must contain provisions allowing for minor modifications to the plans and specifications without requiring reissuance of the permit. [2005 c 146 § 601; 2002 c 368 § 5. Formerly RCW 77.55.350.]

**77.55.241 Off-site mitigation.** (1) The legislature finds that the construction of hydraulic projects may require mitigation for the protection of fish life, and that the mitigation may be most cost-effective and provide the most benefit to the fish resource if the mitigation is allowed to be applied in locations that are off-site of the hydraulic project location. The department may approve off-site mitigation plans that are submitted by permit applicants.

(2) If a permit applicant proposes off-site mitigation and the department does not approve the permit or conditions the permit in such a manner as to render off-site mitigation unpracticable, the project proponent must be given the opportunity to submit the permit application to the board for approval. (2) Any person incurring any penalty under this chapter may appeal the same under chapter 34.05 RCW to the director. Appeals shall be filed within thirty days of receipt of notice imposing any penalty.

(3) The penalty imposed shall become due and payable thirty days after receipt of a notice imposing the penalty unless an appeal is filed. Whenever an appeal of any penalty incurred under this chapter is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

(4) If the amount of any penalty is not paid within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. (2) The board consists of three members: The director of the department of ecology or the director's designee, the director of the department of agriculture or the director's designee, and the director or the director's designee of the department. A decision must be agreed to by at least two members of the board to be final.

(3) The board may adopt rules necessary for the conduct of its powers and duties or for transacting other official business.

(4) The board shall make findings of fact and prepare a written decision in each case decided by it. The finding and decision shall be effective upon being signed by two or more board members and upon being filed at the board's principal office, and shall be open to public inspection at all reasonable times.

(5) The board has exclusive jurisdiction to hear appeals arising from the approval, denial, conditioning, or modification of a permit issued by the department: (a) Under the authority granted in RCW 77.55.021 for the diversion of water for agricultural irrigation or stock watering purposes or when associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020; (b) under the authority granted in RCW 77.55.241 for off-site mitigation proposals; (c) under the authority granted in RCW 77.55.141; or (d) under the authority granted in RCW 77.55.181.

77.57.080	Operation and maintenance of fish collection facility on Toutle river.

**77.57.010 Fish guards required on diversion devices—Penalties, remedies for failure.** (1) A diversion device used for conducting water from a lake, river, or stream for any purpose shall be equipped with a fish guard approved by the director to prevent the passage of fish into the diversion device. The fish guard shall be maintained at all times when water is taken into the diversion device. The fish guards shall be installed at places and times prescribed by the director upon thirty days' notice to the owner of the diversion device.

(2) Each day the diversion device is not equipped with an approved fish guard is a separate offense. If within thirty days after notice to equip a diversion device the owner fails to do so, the director may take possession of the diversion device and close the device until it is properly equipped. Expenses incurred by the department constitute the value of a lien upon the diversion device and upon the real and personal property of the owner. Notice of the lien shall be filed and recorded in the office of the county auditor of the county in which the action is taken. [2005 c 146 § 901; 1998 c 190 § 85; 1983 1st ex.s. c 46 § 70; 1955 c 12 § 75.20.040. Prior: 1949 c 112 § 45; Rem. Supp. 1949 § 5780-319. Formerly RCW 77.55.040, 75.20.040.]

**Part headings not law—2005 c 146:** See note following RCW 77.55.011.

**77.57.020 Review of permit applications to divert or store water—Water flow policy.** It is the policy of this state that a flow of water sufficient to support game fish and food fish populations be maintained at all times in the streams of this state.

The director of ecology shall give the director notice of each application for a permit to divert or store water. The director has thirty days after receiving the notice to state his or her objections to the application. The permit shall not be issued until the thirty-day period has elapsed.

The director of ecology may refuse to issue a permit if, in the opinion of the director of ecology, issuing the permit might result in lowering the flow of water in a stream below the flow necessary to adequately support food fish and game fish populations in the stream.

The provisions of this section shall in no way affect existing water rights. [2005 c 146 § 902; 1993 sp.s. c 2 § 29; 1988 c 36 § 32; 1986 c 173 § 7; 1983 1st ex.s. c 46 § 71; 1955 c 12 § 75.20.050. Prior: 1949 c 112 § 46; Rem. Supp. 1949 § 5780-320. Formerly RCW 77.55.050, 75.20.050.]

**Severability—1993 sp.s. c 2:** See RCW 43.300.901.

**77.57.030 Fishways required in dams, obstructions—Penalties, remedies for failure.** (1) Subject to subsection (3) of this section, a dam or other obstruction across or in a stream shall be provided with a durable and efficient fishway approved by the director. Plans and specifications shall be provided to the department prior to the director's approval. The fishway shall be maintained in an effective condition and continuously supplied with sufficient water to freely pass fish.

(2)(a) If a person fails to construct and maintain a fishway or to remove the dam or obstruction in a manner satisfactory to the director, then within thirty days after written notice to comply has been served upon the owner, his or her agent, or the person in charge, the director may construct a fishway or remove the dam or obstruction. Expenses incurred by the department constitute the value of a lien upon the dam and upon the personal property of the person owning the dam. Notice of the lien shall be filed and recorded in the office of the county auditor of the county in which the dam or obstruction is situated. The lien may be foreclosed in an action brought in the name of the state.

(b) If, within thirty days after notice to construct a fishway or remove a dam or obstruction, the owner, his or her agent, or the person in charge fails to do so, the dam or obstruction is a public nuisance and the director may take possession of the dam or obstruction and destroy it. No liability shall attach for the destruction.

(3) For the purposes of this section, "other obstruction" does not include tide gates, flood gates, and associated man-made agricultural drainage facilities that were originally installed as part of an agricultural drainage system on or before May 20, 2003, or the repair, replacement, or improvement of such tide gates or flood gates. [2005 c 146 § 903; 2003 c 391 § 1; 1998 c 190 § 86; 1983 1st ex.s. c 46 § 72; 1955 c 12 § 75.20.060. Prior: 1949 c 112 § 47; Rem. Supp. 1949 § 5780-321. Formerly RCW 77.55.060, 75.20.060.]

**Effective date—2003 c 391:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 20, 2003]." [2003 c 391 § 9.]

**77.57.040 Director may modify inadequate fishways and fish guards.** If the director determines that a fishway or fish guard described in \*RCW 77.55.040 and 77.55.060 and in existence on September 1, 1963, is inadequate, in addition to other authority granted in this chapter, the director may remove, relocate, reconstruct, or modify the device, without cost to the owner. The director shall not materially modify the amount of flow of water through the device. After the department has completed the improvements, the fishways

and fish guards shall be operated and maintained at the expense of the owner in accordance with \*RCW 77.55.040 and 77.55.060. [2000 c 107 § 14; 1983 1st ex.s. c 46 § 73; 1963 c 153 § 1. Formerly RCW 77.55.070, 75.20.061.]

*Director of fish and wildlife may modify, etc., inadequate fishways and protective devices: RCW 77.57.060.*

**77.57.050 If fishway is impractical, fish hatchery or cultural facility may be provided in lieu.** Before a person commences construction on a dam or other hydraulic project for which the director determines that a fishway is impractical, the person shall at the option of the director:

(1) Convey to the state a fish cultural facility on a site satisfactory to the director and constructed according to plans and specifications approved by the director, and enter into an agreement with the director secured by sufficient bond, to furnish water and electricity, without expense, and funds necessary to operate and maintain the facilities; or

(2) Enter into an agreement with the director secured by sufficient bond to make payments to the state as the director determines are necessary to expand, maintain, and operate additional facilities at existing hatcheries within a reasonable distance of the dam or other hydraulic work to compensate for the damages caused by the dam or other hydraulic work.

(3) A decision of the director under this section is subject to review in the superior court of the state for Thurston county. Each day that a person carries on construction work or operates a dam or hydraulic project without complying with this section is a separate offense. [1983 1st ex.s. c 46 § 74; 1955 c 12 § 75.20.090. Prior: 1949 c 112 § 48; Rem. Supp. 1949 § 5780-322. Formerly RCW 77.55.080, 75.20.090.]

**77.57.060 Director may modify inadequate fishways and protective devices.** The director may authorize removal, relocation, reconstruction, or other modification of an inadequate fishway or fish protective device required by \*RCW 77.55.320 which device was in existence on September 1, 1963, without cost to the owner for materials and labor. The modification may not materially alter the amount of water flowing through the fishway or fish protective device. Following modification, the fishway or fish protective device shall be maintained at the expense of the person or governmental agency owning the obstruction or water diversion device. [2001 c 253 § 21; 1980 c 78 § 90; 1963 c 152 § 1. Formerly RCW 77.55.310, 77.12.425, 77.16.221.]

*Director of fish and wildlife may modify inadequate fishways and fish guards: RCW 77.57.040.*

**77.57.070 Diversion of water—Screen, bypass required.** (1) A person shall not divert water from a lake, river, or stream containing game fish unless the water diversion device is equipped at or near its intake with a fish guard or screen to prevent the passage of game fish into the device and, if necessary, with a means of returning game fish from

immediately in front of the fish guard or screen to the waters of origin. A person who was, on June 11, 1947, otherwise lawfully diverting water from a lake, river, or stream shall not be deemed guilty of a violation of this section.

(2) Plans for the fish guard, screen, and bypass shall be approved by the director prior to construction. The installation shall be approved by the director prior to the diversion of water.

(3) The director or the director's designee may close a water diversion device operated in violation of this section and keep it closed until it is properly equipped with a fish guard, screen, or bypass. **77.57.080 Operation and maintenance of fish collection facility on Toutle river.** The legislature recognizes the need to mitigate the effects of sedimentary build-up and resultant damage to fish population in the Toutle river resulting from the Mt. St. Helens eruption. The state has entered into a contractual agreement with the United States army corps of engineers designed to minimize fish habitat disruption created by the sediment retention structure on the Toutle river, under which the corps has agreed to construct a fish collection facility at the sediment retention structure site conditional upon the state assuming the maintenance and operation costs of the facility. #### Sections

77.65.010	Commercial licenses and permits required—Exemption.
77.65.100	Vessel designation.
77.65.130	Vessel operation—License designation—Alternate operator license required.
77.65.170	Salmon delivery license—Fee—Restrictions—Revocation.
77.65.190	Emergency salmon delivery license—Fee—Nontransferable, nonrenewable.

77.65.390	Ocean pink shrimp—Delivery license—Fee.

**77.65.010 Commercial licenses and permits required—Exemption.** (1) Except as otherwise provided by this title, a person may not engage in any of the following activities without a license or permit issued by the director:

(a) Commercially fish for or take food fish or shellfish;

(b) Deliver from a commercial fishing vessel food fish or shellfish taken for commercial purposes in offshore waters. As used in this subsection, "deliver" means arrival at a place or port, and includes arrivals from offshore waters to waters within the state and arrivals from state or offshore waters;

(c) Operate a charter boat or commercial fishing vessel engaged in a fishery;

(d) Engage in processing or wholesaling food fish or shellfish; or

(e) Act as a guide for salmon for personal use in freshwater rivers and streams, other than that part of the Columbia river below the bridge at Longview.

(2) No person may engage in the activities described in subsection (1) of this section unless the licenses or permits required by this title are in the person's possession, and the person is the named license holder or an alternate operator designated on the license and the person's license is not suspended.

(3) A valid Oregon license that is equivalent to a license under this title is valid in the concurrent waters of the Columbia river if the state of Oregon recognizes as valid the equivalent Washington license. The director may identify by rule what Oregon licenses are equivalent.

(4) No license or permit is required for the production or harvesting of private sector cultured aquatic products as defined in RCW 15.85.020 or for the delivery, processing, or wholesaling of such aquatic products. However, if a means of identifying such products is required by rules adopted under RCW 15.85.060, the exemption from licensing or permit requirements established by this subsection applies only if the aquatic products are identified in conformance with those rules. [2005 c 20 § 1; 1998 c 190 § 93; 1997 c 58 § 883; 1993 c 340 § 2; 1991 c 362 § 1; 1985 c 457 § 18; 1983 1st ex.s. c 46 § 101; 1959 c 309 § 2; 1955 c 12 § 75.28.010. Prior: 1949 c 112 § 73; Rem. **Effective dates—Intent—1997 c 58:** See notes following RCW 74.20A.320.

**Finding—Intent—1993 c 340:** "The legislature finds that the laws governing commercial fishing licensing in this state are highly complex and increasingly difficult to administer and enforce. The current laws governing commercial fishing licenses have evolved slowly, one section at a time, over decades of contention and changing technology, without general consideration for how the totality fits together. The result has been confusion and litigation among commercial fishers. Much of the confusion has arisen because the license holder in most cases is a vessel, not a person. The legislature intends by this act to standardize licensing criteria, clarify licensing requirements, reduce complexity, and remove inequities in commercial fishing licensing. The legislature intends that the license fees stated in this act shall be equivalent to those in effect on January 1, 1993, as adjusted under section 19, chapter 316, Laws of 1989." [1993 c 340 § 1.]

**Captions not law—1993 c 340:** "Section headings as used in this act do not constitute any part of the law." [1993 c 340 § 57.]

**Effective date—1993 c 340:** "This act shall take effect January 1, 1994." [1993 c 340 § 58.]

**Severability—1993 c 340:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1993 c 340 § 59.]

[2005 RCW Supp—page 920]

**77.65.100 Vessel designation.** This section applies to all commercial fishery licenses, delivery licenses, and charter licenses.

(1) An applicant for a license subject to this section may designate a vessel to be used with the license. Except for emergency salmon delivery licenses, the director may issue a license regardless of whether the applicant designates a vessel. An applicant may designate no more than one vessel on a license subject to this section.

(2) A license for a fishery that requires a vessel authorizes no taking or delivery of food fish or shellfish unless a vessel is designated on the license. A delivery license authorizes no delivery of food fish or shellfish unless a vessel is designated on the license.

(3) No vessel may be designated on more than one commercial fishery license unless the licenses are for different fisheries, except:

(a) The same vessel may be designated on two of the following licenses, provided the licenses are owned by the same licensee:

- (i) Shrimp pot-Puget Sound fishery license;
- (ii) Sea cucumber dive fishery license; and
- (iii) Sea urchin dive fishery license.

(b) The same vessel may be designated on two Puget Sound Dungeness crab fishery licenses, subject to the provision of RCW 77.65.130.

(4) No vessel may be designated on more than one delivery license, on more than one salmon charter license, or on more than one nonsalmon charter license. [2005 c 82 § 1; 2001 c 105 § 3; 1998 c 190 § 94; 1993 c 340 § 7. Formerly RCW 75.28.045.]

**Finding, intent—Captions not law—Effective date—Severability—1993 c 340:** See notes following RCW 77.65.010.

**77.65.130 Vessel operation—License designation—Alternate operator license required.** (1) A person who holds a commercial fishery license or a delivery license may operate the vessel designated on the license. A person who is not the license holder may operate the vessel designated on the license only if:

(a) The person holds an alternate operator license issued by the director; and

(b) The person is designated as an alternate operator on the underlying commercial fishery license or delivery license under RCW 77.65.110.

(2) Only an individual at least sixteen years of age may hold an alternate operator license.

(3) No individual may hold more than one alternate operator license. An individual who holds an alternate operator license may be designated as an alternate operator on an unlimited number of commercial fishery licenses or delivery licenses under RCW 77.65.110.

(4) An individual who holds two Dungeness crab—Puget Sound fishery licenses may operate the licenses on one vessel if the license holder or alternate operator is on the vessel. The department shall allow a license holder to operate up to one hundred crab pots for each license.

(5) Two persons owning separate Dungeness crab—Puget Sound fishery licenses may operate both licenses on one vessel if the license holders or their alternate operators are on the vessel.

(6) As used in this section, to "operate" means to control the deployment or removal of fishing gear from state waters while aboard a vessel or to operate a vessel delivering food fish or shellfish taken in offshore waters to a port within the state. [2005 c 82 § 2; 2000 c 107 § 34; 1998 c 267 § 4; 1997 c 233 § 2; 1993 c 340 § 25. Formerly RCW 75.28.048.]

**77.65.170 Salmon delivery license—Fee—Restrictions—Revocation.** (1) A salmon delivery license is required for a commercial fishing vessel to deliver salmon taken for commercial purposes in offshore waters to a place or port in the state. As used in this section, "deliver" and "delivery" mean arrival at a place or port, and include arrivals from offshore waters to waters within the state and arrivals ashore from offshore waters. The annual fee for a salmon delivery license is three hundred eighty dollars for residents and six hundred eighty-five dollars for nonresidents. The annual surcharge under RCW 77.95.090 is one hundred dollars for each license. Holders of nonlimited entry delivery licenses issued under RCW 77.65.210 may apply the nonlimited entry delivery license fee against the salmon delivery license fee.

(2) Only a person who meets the qualifications established in RCW 77.70.090 may hold a salmon delivery license issued under this section.

(3) A salmon delivery license authorizes no taking of salmon or other food fish or shellfish from the waters of the state.

(4) If the director determines that the operation of a vessel under a salmon delivery license results in the depletion or destruction of the state's salmon resource or the delivery into this state of salmon products prohibited by law, the director may revoke the license under the procedures of chapter 34.05 RCW. *Limitations on issuance of salmon delivery licenses: RCW 77.70.090.*

**77.65.190 Emergency salmon delivery license—Fee—Nontransferable, nonrenewable.** A person who does not qualify for a license under RCW 77.70.090 shall obtain a nontransferable emergency salmon delivery license to make one delivery from a commercial fishing vessel of salmon taken for commercial purposes in offshore waters. As used in this section, "delivery" means arrival at a place or port, and include arrivals from offshore waters to waters within the state and arrivals ashore from offshore waters. The director shall not issue an emergency salmon delivery license unless, as determined by the director, a bona fide emergency exists. The license fee is two hundred twenty-five dollars for residents and four hundred seventy-five dollars for nonresidents. An applicant for an emergency salmon delivery license shall designate no more than one vessel that will be used with the license. Alternate operator licenses are not required of persons delivering salmon under an emergency salmon delivery license. Emergency salmon delivery licenses are not renewable. ### 77.70.150 Sea urchin dive fishery license—Limitation on issuance—Surcharge—Sea urchin dive fishery account—Transfer of license—Issuance of new licenses.

(1) A sea urchin dive fishery license is required to take sea urchins for commercial purposes. A sea urchin dive fishery license authorizes the use of only one diver in the water at any time during sea urchin harvest operations. If the same vessel has been designated on two sea urchin dive fishery licenses, two divers may be in the water. A natural person may not hold more than two sea urchin dive fishery licenses.

(2) Except as provided in subsection (6) of this section, the director shall issue no new sea urchin dive fishery licenses. For licenses issued for the year 2000 and thereafter, the director shall renew existing licenses only to a natural person who held the license at the end of the previous year. If a sea urchin dive fishery license is not held by a natural person as of December 31, 1999, it is not renewable. However, if the license is not held because of revocation or suspension of licensing privileges, the director shall renew the license in the name of a natural person at the end of the revocation or suspension if the license holder applies for renewal of the license before the end of the year in which the revocation or suspension ends.

(3) Where a licensee failed to obtain the license during the previous year because of a license suspension or revocation by the director or the court, the licensee may qualify for a license by establishing that the person held such a license during the last year in which the person was eligible.

(4) Surcharges as provided for in this section shall be collected and deposited into the sea urchin dive fishery account hereby created in the custody of the state treasurer. Only the director or the director's designee may authorize expenditures from the account. The sea urchin dive fishery account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures. Expenditures from the account shall only be used to retire sea urchin licenses until the number of licenses is reduced to twenty-five, and thereafter shall only be used for sea urchin management and enforcement.

(a) A surcharge of one hundred dollars shall be charged with each sea urchin dive fishery license renewal for licenses issued in 2000 through 2010.

(b) For licenses issued for the year 2000 and thereafter, a surcharge shall be charged on the sea urchin dive fishery license for designating an alternate operator. The surcharge shall be as follows: Five hundred dollars for the first year or each of the first two consecutive years after 1999 that any alternate operator is designated and two thousand five hundred dollars each year thereafter that any alternate operator is designated.

(5) Sea urchin dive fishery licenses are transferable. After December 31, 1999, there is a surcharge to transfer a sea urchin dive fishery license. The surcharge is five hundred dollars for the first transfer of a license valid for calendar year 2000, and two thousand five hundred dollars for any subsequent transfer, whether occurring in the year 2000 or thereafter. Notwithstanding this subsection, a one-time transfer

exempt from surcharge applies for a transfer from the natural person licensed on January 1, 2000, to that person's spouse or child.

(6) If fewer than twenty-five natural persons are eligible for sea urchin dive fishery licenses, the director may accept applications for new licenses. The additional licenses may not cause more than twenty-five natural persons to be eligible for a sea urchin dive fishery license. New licenses issued under this section shall be distributed according to rules of the department that recover the value of such licensed privilege. [2005 c 110 § 1; 2001 c 253 § 58; 1999 c 126 § 1; 1998 c 190 § 104; 1993 c 340 § 41; 1990 c 62 § 2; 1989 c 37 § 2. Formerly RCW 75.30.210.]

**Finding, intent—Captions not law—Effective date—Severability—1993 c 340:** See notes following RCW 77.65.010.

**Legislative finding—1990 c 62; 1989 c 37:** "The legislature finds that a significant commercial sea urchin fishery is developing within state waters. The potential for depletion of the sea urchin stocks in these waters is increasing, particularly as the sea urchin fishery becomes an attractive alternative to fishermen facing increasing restrictions on other types of commercial fishery activities.

The legislature finds that the number of vessels engaged in commercial sea urchin fishing has steadily increased. This factor, combined with advances in marketing techniques, has resulted in strong pressures on the supply of sea urchins. The legislature desires to maintain the livelihood of those vessel owners who have historically and continuously participated in the sea urchin fishery. The legislature desires that the director have the authority to consider extenuating circumstances concerning failure to meet landing requirements for both initial endorsement issuance and endorsement renewal.

The legislature finds that increased regulation of commercial sea urchin fishing is necessary to preserve and efficiently manage the commercial sea urchin fishery in the waters of the state. The legislature is aware that the continuing license provisions of the administrative procedure act, RCW 34.05.422(3) provide procedural safeguards, but finds that the pressure on the sea urchin resource endangers both the resource and the economic well-being of the sea urchin fishery, and desires, therefore, to exempt sea urchin endorsements from the continuing license provision." [1990 c 62 § 1; 1989 c 37 § 1.]

**77.70.190 Sea cucumber dive fishery license—Limitation on issuance—Surcharge—Sea cucumber dive fishery account—Transfer of license—Issuance of new licenses.** (1) A sea cucumber dive fishery license is required to take sea cucumbers for commercial purposes. A sea cucumber dive fishery license authorizes the use of only one diver in the water at any time during sea cucumber harvest operations. If the same vessel has been designated on two sea cucumber dive fishery licenses, two divers may be in the water. A natural person may not hold more than two sea cucumber dive fishery licenses.

(2) Except as provided in subsection (6) of this section, the director shall issue no new sea cucumber dive fishery licenses. For licenses issued for the year 2000 and thereafter, the director shall renew existing licenses only to a natural person who held the license at the end of the previous year. If a sea cucumber dive fishery license is not held by a natural person as of December 31, 1999, it is not renewable. However, if the license is not held because of revocation or suspension of licensing privileges, the director shall renew the license in the name of a natural person at the end of the revocation or suspension if the license holder applies for renewal of the license before the end of the year in which the revocation or suspension ends.

(3) Where a licensee failed to obtain the license during either of the previous two years because of a license suspension by the director or the court, the licensee may qualify for a license by establishing that the person held such a license during the last year in which the person was eligible.

(4) Surcharges as provided for in this section shall be collected and deposited into the sea cucumber dive fishery account hereby created in the custody of the state treasurer. Only the director or the director's designee may authorize expenditures from the account. The sea cucumber dive fishery account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures. Expenditures from the account shall only be used to retire sea cucumber licenses until the number of licenses is reduced to twenty-five, and thereafter shall only be used for sea cucumber management and enforcement.

(a) A surcharge of one hundred dollars shall be charged with each sea cucumber dive fishery license renewal for licenses issued in 2000 through 2010.

(b) For licenses issued for the year 2000 and thereafter, a surcharge shall be charged on the sea cucumber dive fishery license for designating an alternate operator. The surcharge shall be as follows: Five hundred dollars for the first year or each of the first two consecutive years after 1999 that any alternate operator is designated and two thousand five hundred dollars each year thereafter that any alternate operator is designated.

(5) Sea cucumber dive fishery licenses are transferable. After December 31, 1999, there is a surcharge to transfer a sea cucumber dive fishery license. The surcharge is five hundred dollars for the first transfer of a license valid for calendar year 2000 and two thousand five hundred dollars for any subsequent transfer whether occurring in the year 2000 or thereafter. Notwithstanding this subsection, a one-time transfer exempt from surcharge applies for a transfer from the natural person licensed on January 1, 2000, to that person's spouse or child.

(6) If fewer than twenty-five persons are eligible for sea cucumber dive fishery licenses, the director may accept applications for new licenses. The additional licenses may not cause more than twenty-five natural persons to be eligible for a sea cucumber dive fishery license. **Finding, intent—Captions not law—Effective date—Severability—1993 c 340:** See notes following RCW 77.65.010.

**Legislative findings—1990 c 61:** "The legislature finds that a significant commercial sea cucumber fishery is developing within state waters. The potential for depletion of the sea cucumber stocks in these waters is increasing, particularly as the sea cucumber fishery becomes an attractive alternative to commercial fishers who face increasing restrictions on other types of commercial fishery activities.

The legislature finds that the number of commercial fishers engaged in commercially harvesting sea cucumbers has rapidly increased. This factor, combined with increases in market demand, has resulted in strong pressures on the supply of sea cucumbers.

The legislature finds that increased regulation of commercial sea cucumber fishing is necessary to preserve and efficiently manage the commercial sea cucumber fishery in the waters of the state.

The legislature finds that it is desirable in the long term to reduce the number of vessels participating in the commercial sea cucumber fishery to

fifty vessels to preserve the sea cucumber resource, efficiently manage the commercial sea cucumber fishery in the waters of the state, and reduce conflict with upland owners.

The legislature finds that it is important to preserve the livelihood of those who have historically participated in the commercial sea cucumber fishery that began about 1970 and that the 1988 and 1989 seasons should be used to document historical participation." [1990 c 61 § 1.]

**77.70.430 Puget Sound crab pot buoy tag program—Fee—Coastal crab pot buoy tag program—Fee—Review.**

(1) In order to administer a Puget Sound crab pot buoy tag program, the department may charge a fee to holders of a Dungeness crab—Puget Sound fishery license to reimburse the department for the production of Puget Sound crab pot buoy tags and the administration of a Puget Sound crab pot buoy tag program.

(2) In order to administer a Washington coastal Dungeness crab pot buoy tag program, the department may charge a fee to holders of a Dungeness crab—coastal or a Dungeness crab coastal class B fishery license to reimburse the department for the production of Washington coastal crab pot buoy tags and the administration of a Washington coastal crab pot buoy tag program.

(3) The department shall annually review the costs of crab pot buoy tag production under this section with the goal of minimizing the per tag production costs. Any savings in production costs shall be passed on to the fishers required to purchase crab pot buoy tags under this section in the form of a lower tag fee. [2005 c 395 § 1; 2001 c 234 § 1.]

**Effective date—2001 c 234:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 9, 2001]." [2001 c 234 § 3.]

**77.70.440 Puget Sound crab pot buoy tag account.**

The Puget Sound crab pot buoy tag account is created in the custody of the state treasurer. All revenues from fees from RCW 77.70.430(1) must be deposited into the account. Expenditures from this account may be used for the production of crab pot buoy tags and the administration of a Puget Sound crab pot buoy tag program. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW but no appropriation is required for expenditures. [2005 c 395 § 2; 2001 c 234 § 2.]

**77.85.005 Findings—Intent.** The legislature finds that repeated attempts to improve salmonid fish runs throughout the state of Washington have failed to avert listings of salmon and steelhead runs as threatened or endangered under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.). These listings threaten the sport, commercial, and tribal fishing industries as well as the economic well-being and vitality of vast areas of the state. It is the intent of the legislature to begin activities required for the recovery of salmon stocks as soon as possible, although the legislature understands that successful recovery efforts may not be realized for many years because of the life cycle of salmon and the complex array of natural and human-caused problems they face.

The legislature finds that it is in the interest of the citizens of the state of Washington for the state to retain primary responsibility for managing the natural resources of the state, rather than abdicate those responsibilities to the federal government, and that the state may best accomplish this objective by integrating local and regional recovery activities into a statewide strategy that can make the most effective use of provisions of federal laws allowing for a state lead in salmon recovery, delivered through implementation activities consistent with regional and watershed recovery plans. The legislature also finds that a statewide salmon recovery strategy must be developed and implemented through an active public involvement process in order to ensure public participation in, and support for, salmon recovery. The legislature also finds that there is a substantial link between the provisions of the federal endangered species act and the federal clean water act (33 U.S.C. Sec. 1251 et seq.). The legislature further finds that habitat restoration is a vital component of salmon recovery efforts. Therefore, it is the intent of the legislature to specifically address salmon habitat restoration in a coordinated manner and to develop a structure that allows for the coordinated delivery of federal, state, and local assistance to communities for habitat projects that will assist in the recovery and enhancement of salmon stocks. A strong watershed-based locally implemented plan is essential for local, regional, and statewide salmon recovery.

The legislature also finds that credible scientific review and oversight is essential for any salmon recovery effort to be successful.

The legislature further finds that it is important to monitor the overall health of the salmon resource to determine if recovery efforts are providing expected returns. It is impor-

tant to monitor salmon habitat projects and salmon recovery activities to determine their effectiveness in order to secure federal acceptance of the state's approach to salmon recovery. Adaptive management cannot exist without monitoring. For these reasons, the legislature believes that a coordinated and integrated monitoring system should be developed and implemented.

The legislature therefore finds that a coordinated framework for responding to the salmon crisis is needed immediately. To that end, the salmon recovery office should be created within the governor's office to provide overall coordination of the state's response; an independent science panel is needed to provide scientific review and oversight; a coordinated state funding process should be established through a salmon recovery funding board; the appropriate local or tribal government should provide local leadership in identifying and sequencing habitat projects to be funded by state agencies; habitat projects should be implemented without delay; and a strong locally based effort to restore salmon habitat should be established by providing a framework to allow citizen volunteers to work effectively. [2005 c 309 § 1; 1999 sp.s. c 13 § 1; 1998 c 246 § 1. Formerly RCW 75.46.005.]

**Severability—1999 sp.s. c 13:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1999 sp.s. c 13 § 24.]

**Effective date—1999 sp.s. c 13:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 1999." [1999 sp.s. c 13 § 25.]

**77.85.010 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adaptive management" means reliance on scientific methods to test the results of actions taken so that the management and related policy can be changed promptly and appropriately.

(2) "Critical pathways methodology" means a project scheduling and management process for examining interactions between habitat projects and salmonid species, prioritizing habitat projects, and assuring positive benefits from habitat projects.

(3) "Habitat project list" is the list of projects resulting from the critical pathways methodology under RCW 77.85.060(2). Each project on the list must have a written agreement from the landowner on whose land the project will be implemented. Projects include habitat restoration projects, habitat protection projects, habitat projects that improve water quality, habitat projects that protect water quality, habitat-related mitigation projects, and habitat project maintenance and monitoring activities.

(4) "Habitat work schedule" means those projects from the habitat project list that will be implemented during the current funding cycle. The schedule shall also include a list of the entities and individuals implementing projects, the start date, duration, estimated date of completion, estimated cost, and funding sources for the projects.

(5) "Limiting factors" means conditions that limit the ability of habitat to fully sustain populations of salmon. These factors are primarily fish passage barriers and

degraded estuarine areas, riparian corridors, stream channels, and wetlands.

(6) "Project sponsor" is a county, city, special district, tribal government, state agency, a combination of such governments through interlocal or interagency agreements, a nonprofit organization, regional fisheries enhancement group, or one or more private citizens. A project sponsored by a state agency may be funded by the board only if it is included on the habitat project list submitted by the lead entity for that area and the state agency has a local partner that would otherwise qualify as a project sponsor.

(7) "Regional recovery organization" or "regional salmon recovery organization" means an entity formed under RCW 77.85.090 for the purpose of recovering salmon, which is recognized in statute or by the salmon recovery office.

(8) "Salmon" includes all species of the family Salmonidae which are capable of self-sustaining, natural production.

(9) "Salmon recovery plan" means a state or regional plan developed in response to a proposed or actual listing under the federal endangered species act that addresses limiting factors including, but not limited to harvest, hatchery, hydropower, habitat, and other factors of decline.

(10) "Salmon recovery region" means geographic areas of the state identified or formed under RCW 77.85.090 that encompass groups of watersheds in the state with common stocks of salmon identified for recovery activities, and that generally are consistent with the geographic areas within the state identified by the national oceanic and atmospheric administration or the United States fish and wildlife service for activities under the federal endangered species act.

(11) "Salmon recovery strategy" means the strategy adopted under RCW 77.85.150 and includes the compilation of all subbasin and regional salmon recovery plans developed in response to a proposed or actual listing under the federal endangered species act with state hatchery, harvest, and hydropower plans compiled in accordance with RCW 77.85.150.

(12) "Tribe" or "tribes" means federally recognized Indian tribes.

(13) "WRIA" means a water resource inventory area established in chapter 173-500 WAC as it existed on January 1, 1997.

(14) "Owner" means the person holding title to the land or the person under contract with the owner to lease or manage the legal owner's property. [2005 c 309 § 2; 2002 c 210 § 1; 2000 c 107 § 92; 1998 c 246 § 2. Formerly RCW 75.46.010.]

**77.85.020 Report to the legislature.** (1) By December 1, 2006, the governor shall submit a report to the legislature regarding the implementation of the state's salmon recovery strategy. The report may include the following:

(a) A description of the amount of in-kind and financial contributions, including volunteer, private, and state, federal, tribal as available, and local government money directly spent on salmon recovery in response to actual, proposed, or expected endangered species act listings;

(b) A summary of habitat projects including but not limited to:

- (i) A summary of accomplishments in removing barriers to salmon passage and an identification of existing barriers;
  - (ii) A summary of salmon restoration efforts undertaken in the past two years;
  - (iii) A summary of the role which private volunteer initiatives contribute in salmon habitat restoration efforts; and
  - (iv) A summary of efforts taken to protect salmon habitat;

**77.85.040 Independent science panel—Selection—Terms—Purpose.** (1) The governor shall request the national academy of sciences, the American fisheries society, or a comparable institution to screen candidates to serve as members on the independent science panel. The institution that conducts the screening of the candidates shall submit a list of the nine most qualified candidates to the governor, the speaker of the house of representatives, and the majority leader of the senate. The candidates shall reflect expertise in habitat requirements of salmon, protection and restoration of salmon populations, artificial propagation of salmon, hydrology, or geomorphology.

(2) The speaker of the house of representatives and the majority leader in the senate may each remove one name from the nomination list. The governor shall consult with tribal representatives and the governor shall appoint five scientists from the remaining names on the nomination list.

(3) The members of the independent science panel shall serve four-year terms. Vacant positions on the panel shall be filled in the same manner as the original appointments. Members shall serve no more than two full terms. The independent science panel members shall elect the chair of the panel among themselves every two years. Based upon available funding, the governor's salmon recovery office may contract for services with members of the independent science panel for compensation under chapter 39.29 RCW.

(4) The independent science panel shall be governed by generally accepted guidelines and practices governing the activities of independent science boards such as the national academy of sciences. The purpose of the independent science panel is to help ensure that sound science is used in salmon recovery efforts. The governor's salmon recovery office may request review of regional salmon recovery plans by the science review panel. The science panel does not have the authority to review individual projects or habitat project lists developed under RCW 77.85.050 or 77.85.060 or to make policy decisions. The panel shall periodically submit its findings and recommendations under this subsection to the legislature and the governor. [2005 c 309 § 5; 2000 c 107 § 94; 1999 sp.s. c 13 § 10; 1998 c 246 § 6. **Severability—Effective date—1999 sp.s. c 13:** See notes following RCW 77.85.005.

**77.85.050 Habitat project lists.** (1)(a) Counties, cities, and tribal governments must jointly designate, by resolution or by letters of support, the area for which a habitat project list is to be developed and the lead entity that is to be responsible for submitting the habitat project list. No project included on a habitat project list shall be considered mandatory in nature and no private landowner may be forced or coerced into participation in any respect. The lead entity may

be a county, city, conservation district, special district, tribal government, regional recovery organization, or other entity.

(b) The lead entity shall establish a committee that consists of representative interests of counties, cities, conservation districts, tribes, environmental groups, business interests, landowners, citizens, volunteer groups, regional fish enhancement groups, and other habitat interests. The purpose of the committee is to provide a citizen-based evaluation of the projects proposed to promote salmon habitat.

(c) The committee shall compile a list of habitat projects, establish priorities for individual projects, define the sequence for project implementation, and submit these activities as the habitat project list. The committee shall also identify potential federal, state, local, and private funding sources.

(2) The area covered by the habitat project list must be based, at a minimum, on a WRIA, combination of WRIs, or any other area as agreed to by the counties, cities, and tribes in resolutions or in letters of support meeting the requirements of this subsection. Preference will be given to projects in an area that contain a salmon species that is listed or proposed for listing under the federal endangered species act.

(3) The lead entity shall submit the habitat project list to the [salmon recovery funding] board in accordance with procedures adopted by the board. [2005 c 309 § 6; 1999 sp.s. c 13 § 11; 1998 c 246 § 7. Formerly RCW 75.46.060.]

**77.85.090 Southwest Washington salmon recovery region—Created—Recognition as a regional recovery organization.** (1) The southwest Washington salmon recovery region, whose boundaries are provided in chapter 60, Laws of 1998, is created.

(2) Lead entities within a salmon recovery region that agree to form a regional salmon recovery organization may be recognized by the salmon recovery office as a regional recovery organization. The regional recovery organization may plan, coordinate, and monitor the implementation of a regional recovery plan in accordance with RCW 77.85.150. Regional recovery organizations existing as of July 24, 2005, that have developed draft recovery plans approved by the governor's salmon recovery office by July 1, 2005, may continue to plan, coordinate, and monitor the implementation of regional recovery plans. [2005 c 309 § 7; 2000 c 107 § 99; 1998 c 246 § 12. Formerly RCW 75.46.110.]

**77.85.130 Allocation of funds—Procedures and criteria.** (1) The salmon recovery funding board shall develop procedures and criteria for allocation of funds for salmon habitat projects and salmon recovery activities on a statewide basis to address the highest priorities for salmon habitat protection and restoration. To the extent practicable the board shall adopt an annual allocation of funding. The allocation should address both protection and restoration of habitat, and should recognize the varying needs in each area of the state on an equitable basis. The board has the discretion to par-

tially fund, or to fund in phases, salmon habitat projects. The board may annually establish a maximum amount of funding available for any individual project, subject to available funding. No projects required solely as a mitigation or a condition of permitting are eligible for funding.

(2)(a) In evaluating, ranking, and awarding funds for projects and activities the board shall give preference to projects that:

(i) Are based upon the limiting factors analysis identified under RCW 77.85.060;

(ii) Provide a greater benefit to salmon recovery based upon the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSHAP), and any comparable science-based assessment when available;

(iii) Will benefit listed species and other fish species;

(iv) Will preserve high quality salmonid habitat; and

(v) Are included in a regional or watershed-based salmon recovery plan that accords the project, action, or area a high priority for funding.

(b) In evaluating, ranking, and awarding funds for projects and activities the board shall also give consideration to projects that:

(i) Are the most cost-effective;

(ii) Have the greatest matched or in-kind funding;

(iii) Will be implemented by a sponsor with a successful record of project implementation; and

(iv) Involve members of the veterans conservation corps established in RCW 43.60A.150; and

(v) Are part of a regionwide list developed by lead entities.

(3) The board may reject, but not add, projects from a habitat project list submitted by a lead entity for funding.

(4) The board shall establish criteria for determining when block grants may be made to a lead entity. The board may provide block grants to the lead entity to implement habitat project lists developed under RCW 77.85.050, subject to available funding. The board shall determine an equitable minimum amount of project funds for each recovery region, and shall distribute the remainder of funds on a competitive basis. The board may also provide block grants to the lead entity or regional recovery organization to assist in carrying out functions described under this chapter. Block grants must be expended consistent with the priorities established for the board in subsection (2) of this section. Lead entities or regional recovery organizations receiving block grants under this subsection shall provide an annual report to the board summarizing how funds were expended for activities consistent with this chapter, including the types of projects funded, project outcomes, monitoring results, and administrative costs.

(5) The board may waive or modify portions of the allocation procedures and standards adopted under this section in the award of grants or loans to conform to legislative appropriations directing an alternative award procedure or when the funds to be awarded are from federal or other sources requiring other allocation procedures or standards as a condition of the board's receipt of the funds. The board shall develop an integrated process to manage the allocation of funding from federal and state sources to minimize delays in

the award of funding while recognizing the differences in state and legislative appropriation timing.

(6) The board may award a grant or loan for a salmon recovery project on private or public land when the landowner has a legal obligation under local, state, or federal law to perform the project, when expedited action provides a clear benefit to salmon recovery, and there will be harm to salmon recovery if the project is delayed. For purposes of this subsection, a legal obligation does not include a project required solely as a mitigation or a condition of permitting.

(7) Property acquired or improved by a project sponsor may be conveyed to a federal agency if: (a) The agency agrees to comply with all terms of the grant or loan to which the project sponsor was obligated; or (b) the board approves: (i) Changes in the terms of the grant or loan, and the revision or removal of binding deed of right instruments; and (ii) a memorandum of understanding or similar document ensuring that the facility or property will retain, to the extent feasible, adequate habitat protections; and (c) the appropriate legislative authority of the county or city with jurisdiction over the project area approves the transfer and provides notification to the board. [2005 c 309 § 8; 2005 c 271 § 1; 2005 c 257 § 3. Prior: 2000 c 107 § 102; 2000 c 15 § 1; 1999 sp.s. c 13 § 5. Formerly RCW 75.46.170.]

**Reviser's note:** This section was amended by 2005 c 257 § 3, 2005 c 271 § 1, and by 2005 c 309 § 8, each without reference to the other. All amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Findings—Purpose—2005 c 257:** See note following RCW 43.60A.150.

**Severability—Effective date—1999 sp.s. c 13:** See notes following RCW 77.85.005.

**77.85.150 Statewide salmon recovery strategy—Prospective application.** (1) The governor, with the assistance of the salmon recovery office, shall maintain and revise a statewide salmon recovery strategy.

(2) The governor and the salmon recovery office shall be guided by the following considerations in maintaining and revising the strategy:

(a) The strategy should identify statewide initiatives and responsibilities with regional recovery plans and local watershed initiatives as the principal means for implementing the strategy;

(b) The strategy should emphasize collaborative, incentive-based approaches;

(c) The strategy should address all factors limiting the recovery of Washington's listed salmon stocks, including habitat and water quality degradation, harvest and hatchery management, inadequate streamflows, and other barriers to fish passage. Where other limiting factors are beyond the state's jurisdictional authorities to respond to, such as some natural predators and high seas fishing, the strategy shall include the state's requests for federal action to effectively address these factors;

(d) The strategy should identify immediate actions necessary to prevent extinction of a listed salmon stock, establish performance measures to determine if restoration efforts are working, recommend effective monitoring and data management, and recommend to the legislature clear and certain

measures to be implemented if performance goals are not met;

(e) The strategy shall rely on the best scientific information available and provide for incorporation of new information as it is obtained;

(f) The strategy should seek a fair allocation of the burdens and costs upon economic and social sectors of the state whose activities may contribute to limiting the recovery of salmon; and

(g) The strategy should seek clear measures and procedures from the appropriate federal agencies for removing Washington's salmon stocks from listing under the federal act.

(3) Beginning on September 1, 2000, the strategy shall be updated through an active public involvement process, including early and meaningful opportunity for public comment. In obtaining public comment, the salmon recovery office shall hold public meetings throughout the state and shall encourage regional and local recovery planning efforts to similarly ensure an active public involvement process.

(4) This section shall apply prospectively only and not retroactively. Nothing in this section shall be construed to invalidate actions taken in recovery planning at the local, regional, or state level prior to July 1, 1999. [2005 c 309 § 9; 1999 sp.s. c 13 § 9. Formerly RCW 75.46.190.]

**Severability—Effective date—1999 sp.s. c 13:** See notes following RCW 77.85.005.

**77.85.200 Salmon and steelhead recovery program—Management board—Duties—Termination of program.**

(1) A program for salmon and steelhead recovery is established in Clark, Cowlitz, Lewis, Skamania, and Wahkiakum counties within the habitat areas classified as the lower Columbia evolutionarily significant units by the federal national marine fisheries service. The management board created under subsection (2) of this section is responsible for developing and overseeing the implementation of the habitat portion of the salmon and steelhead recovery plan and is empowered to receive and disburse funds for the salmon and steelhead recovery initiatives. The management board created pursuant to this section shall constitute the lead entity and the committee established under RCW 77.85.050 responsible for fulfilling the requirements and exercising powers under this chapter.

(2) A management board consisting of fifteen voting members is created within the lower Columbia evolutionarily significant units. The members shall consist of one county commissioner or designee from each of the five participating counties selected by each county legislative authority; one member representing the cities contained within the lower Columbia evolutionarily significant units as a voting member selected by the cities in the lower Columbia evolutionarily significant units; a representative of the Cowlitz Tribe appointed by the tribe; one state legislator elected from one of the legislative districts contained within the lower Columbia evolutionarily significant units selected by that group of state legislators representing the area; five representatives to include at least one member who represents private property interests appointed by the five county commissioners or designees; one hydro utility representative nominated by hydro utilities and appointed by the five county commissioners or

designees; and one representative nominated from the environmental community who resides in the lower Columbia evolutionarily significant units appointed by the five county commissioners or designees. The board shall appoint and consult a technical advisory committee, which shall include four representatives of state agencies one each appointed by the directors of the departments of ecology, fish and wildlife, and transportation, and the commissioner of public lands. The board may also appoint additional persons to the technical advisory committee as needed. The chair of the board shall be selected from among the members of the management board by the five county commissioners or designees and the legislator on the board. In making appointments under this subsection, the county commissioners shall consider recommendations of interested parties. Vacancies shall be filled in the same manner as the original appointments were selected. No action may be brought or maintained against any management board member, the management board, or any of its agents, officers, or employees for any noncontractual acts or omissions in carrying out the purposes of this section.

(3)(a) The management board shall participate in the development of a habitat recovery plan to implement its responsibilities under (b) of this subsection. The management board shall consider local watershed efforts and activities as well as habitat conservation plans in the development and implementation of the recovery plan. Any of the participating counties may continue its own efforts for restoring steelhead habitat. Nothing in this section limits the authority of units of local government to enter into interlocal agreements under chapter 39.34 RCW or any other provision of law.

(b) The management board is responsible for the development of a lower Columbia salmon and steelhead habitat recovery plan and for coordinating and monitoring the implementation of the plan. The management board will submit all future plans and amendments to plans to the governor's salmon recovery office for the incorporation of hatchery, harvest, and hydropower components of the statewide salmon recovery strategy for all submissions to the national marine fisheries service. In developing and implementing the habitat recovery plan, the management board will work with appropriate federal and state agencies, tribal governments, local governments, and the public to make sure hatchery, harvest, and hydropower components receive consideration in context with the habitat component. The management board may work in cooperation with the state and the national marine fisheries service to modify the plan, or to address habitat for other aquatic species that may be subsequently listed under the federal endangered species act. The management board may not exercise authority over land or water within the individual counties or otherwise preempt the authority of any units of local government.

(c) The management board shall prioritize as appropriate and approve projects and programs related to the recovery of lower Columbia river salmon and steelhead runs, including the funding of those projects and programs, and coordinate local government efforts as prescribed in the recovery plan. The management board shall establish criteria for funding projects and programs based upon their likely value in salmon and steelhead recovery. The management board may

consider local economic impact among the criteria, but jurisdictional boundaries and factors related to jurisdictional population may not be considered as part of the criteria.

(d) The management board shall assess the factors for decline along each tributary basin in the lower Columbia. The management board is encouraged to take a stream-by-stream approach in conducting the assessment which utilizes state and local expertise, including volunteer groups, interest groups, and affected units of local government.

(4) The management board has the authority to hire and fire staff, including an executive director, enter into contracts, accept grants and other moneys, disburse funds, make recommendations to cities and counties about potential code changes and the development of programs and incentives upon request, pay all necessary expenses, and may choose a fiduciary agent. The management board shall report on its progress on a biennial basis to the legislative bodies of the five participating counties and the state natural resource-related agencies. The management board shall prepare a final report at the conclusion of the program describing its efforts and successes in developing and implementing the lower Columbia salmon and steelhead recovery plan. The final report shall be transmitted to the appropriate committees of the legislature, the legislative bodies of the participating counties, and the state natural resource-related agencies.

(5) The program terminates on July 1, 2010.

(6) For purposes of this section, "evolutionarily significant unit" means the habitat area identified for an evolutionarily significant unit of an aquatic species listed or proposed for listing as a threatened or endangered species under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.). [2005 c 308 § 1; 2001 c 135 § 1; 2000 c 107 § 121; 1998 c 60 § 2. Formerly RCW 75.56.050.]

**Effective date—2001 c 135:** "This act takes effect August 1, 2001." [2001 c 135 § 3.]

**Finding—Intent—1998 c 60:** "The legislature recognizes the need to address listings that are made under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.) in a way that will make the most efficient use of existing efforts. The legislature finds that the principle of adaptive management requires that different models should be tried so that the lessons learned from these models can be put to use throughout the state. It is the intent of the legislature to create a program for southwestern Washington to address the recent steelhead listings and which takes full advantage of all state and local efforts at habitat restoration in that area to date." [2001 c 135 § 2; 1998 c 60 § 1.]

**Effective date—1998 c 60:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 19, 1998]." [1998 c 60 § 3.]

Available revenues in this account shall first be pledged to state capitol public and historic facilities as defined under RCW 79.24.710. [2005 c 330 § 7; 1923 c 12 § 1; RRS § 7921-1. Formerly RCW 43.34.060.]

##### STATE CAPITOL PUBLIC AND HISTORIC FACILITIES

**79.24.700 Findings.** The legislature finds that the historic facilities of the Washington state capitol are the most important public facilities in the state. They are a source of beauty and pride, a resource for celebrating our heritage and democratic ideals, and an exceptional educational resource. The public and historic facilities of the state capitol campus should be managed and maintained to the highest standards of excellence, model the best of historic preservation practice, and maximize opportunities for public access and enjoyment. The purpose of chapter 330, Laws of 2005 is to provide authority and direction for the care and stewardship of the public and historic facilities of the state capitol, to facilitate public access, use, and enjoyment of these assets, and to carefully preserve them for the benefit of future generations. [2005 c 330 § 1.]

[2005 RCW Supp—page 930]

**79.24.710 Properties identified as "state capitol public and historic facilities."** For the purposes of RCW 79.24.720, 79.24.730, 43.01.090, 43.19.500, and 79.24.087, "state capitol public and historic facilities" includes:

(1) The east, west and north capitol campus grounds, Sylvester park, Heritage park, Marathon park, Centennial park, the Deschutes river basin commonly known as Capitol lake, the interpretive center, Deschutes parkway, and the landscape, memorials, artwork, fountains, streets, sidewalks, lighting, and infrastructure in each of these areas not including state-owned aquatic lands in these areas managed by the department of natural resources under \*RCW 79.90.450;

(2) The public spaces and the historic interior and exterior elements of the following buildings: The visitor center, the Governor's mansion, the legislative building, the John L. O'Brien building, the Cherberg building, the Newhouse building, the Pritchard building, the temple of justice, the insurance building, the Dolliver building, capitol court, and the old capitol buildings, including the historic state-owned furnishings and works of art commissioned for or original to these buildings; and

(3) Other facilities or elements of facilities as determined by the state capitol committee, in consultation with the department of general administration. [2005 c 330 § 2.]

\*Reviser's note: RCW 79.90.450 was recodified as RCW 79.105.010 pursuant to 2005 c 155 § 1003.

**79.24.720 Department of general administration's responsibilities.** The department of general administration is responsible for the stewardship, preservation, operation, and maintenance of the public and historic facilities of the state capitol, subject to the policy direction of the state capitol committee and the legislative buildings committee as created in chapter . . . (\*House Bill No. 1301), Laws of 2005, and the guidance of the capitol campus design advisory committee. In administering this responsibility, the department shall:

(1) Apply the United States secretary of the interior's standards for the treatment of historic properties;

(2) Seek to balance the functional requirements of state government operations with public access and the long-term preservation needs of the properties themselves; and

(3) Consult with the capitol furnishings preservation committee, the state historic preservation officer, the state arts commission, and the state facilities accessibility advisory committee in fulfilling the responsibilities provided for in this section. [2005 c 330 § 3.]

\*Reviser's note: House Bill No. 1301 failed to become law.

**79.24.730 Funding/grants for stewardship of state capitol public and historic facilities.** (1) To provide for responsible stewardship of the state capitol public and historic facilities, funding for:

(a) Maintenance and operational needs shall be authorized in the state's omnibus appropriations act and funded by the general administration services account as provided under RCW 43.19.500;

(b) Development and preservation needs shall be authorized in the state's capital budget. To the extent revenue is available, the capitol building construction account under RCW 79.24.087 shall fund capital budget needs. If capitol building construction account funds are not available, the

state building construction account funds may be authorized for this purpose.

(2) The department of general administration may seek grants, gifts, or donations to support the stewardship of state capitol public and historic facilities. The department may: (a) Purchase historic state capitol furnishings or artifacts; or (b) sell historic state capitol furnishings and artifacts that have been designated as state surplus by the capitol furnishings preservation committee under RCW 27.48.040(6). Funds generated from grants, gifts, donations, or sales for omnibus appropriations act needs shall be deposited into the general administration services account. Funds generated for capital budget needs shall be deposited into the capitol building construction account. [2005 c 330 § 4.]

**79.64.040 Deductions from proceeds of all transactions authorized—Limitations.** (1) The board shall determine the amount deemed necessary in order to achieve the purposes of this chapter and shall provide by rule for the deduction of this amount from the moneys received from all leases, sales, contracts, licenses, permits, easements, and rights of way issued by the department and affecting state lands and aquatic lands, provided that no deduction shall be made from the proceeds from agricultural college lands.

(2) Moneys received as deposits from successful bidders, advance payments, and security under RCW 79.15.100, 79.15.080, and 79.11.150 prior to December 1, 1981, which have not been subjected to deduction under this section are not subject to deduction under this section.

(3) Except as otherwise provided in subsection (5) of this section, the deductions authorized under this section shall not exceed twenty-five percent of the moneys received by the department in connection with any one transaction pertaining to state lands and aquatic lands other than second class tide and shore lands and the beds of navigable waters, and fifty percent of the moneys received by the department pertaining to second class tide and shore lands and the beds of navigable waters.

(4) In the event that the department sells logs using the contract harvesting process described in RCW 79.15.500 through 79.15.530, the moneys received subject to this section are the net proceeds from the contract harvesting sale.

(5) During the 2005-2007 fiscal biennium, the twenty-five percent limitation on deductions set in subsection (3) of this section may be increased to thirty percent by the board. If so increased, the department must provide a report by January 9, 2006, to the appropriate committees of the legislature on the use of the increased amount. [2005 c 518 § 945; 2004 c 199 § 227. The increased deductions shall continue until the additional amounts received from the increased rate equal the amounts of the deductions that were discontinued or transferred under subsection (2) of this section. Thereafter the deductions shall be as otherwise provided for in RCW 79.64.040.

(2) If the discontinued deductions will not result in a transfer of four million dollars or so much thereof as may be necessary to maintain a positive balance in the common school construction fund in the biennium ending June 30, 1983, the state treasurer shall transfer the difference from the resource management cost account to the common school construction fund." **79.70.130 Distribution of amount in lieu of real property taxes, weed control assessment. (*Effective July 1, 2007.*)** The state treasurer, on behalf of the department, must distribute to counties for all lands acquired for the purposes of this chapter an amount in lieu of real property taxes equal to the amount of tax that would be due if the land were taxable as open space land under chapter 84.34 RCW except taxes levied for any state purpose, plus an additional amount equal to the amount of weed control assessment that would be due if such lands were privately owned. The county assessor and county legislative authority shall assist in determining the appropriate calculation of the amount of tax that would be due. The county shall distribute the amount received under this section in lieu of real property taxes to all property taxing districts except the state in appropriate tax code areas the same way it would distribute local property taxes from private property. The county shall distribute the amount received under this section for weed control to the appropriate weed district. [2005 c 303 § 11.]

## GENERAL PROVISIONS

**79.105.010 Aquatic lands—Findings.** The legislature finds that state-owned aquatic lands are a finite natural resource of great value and an irreplaceable public heritage. The legislature recognizes that the state owns these aquatic lands in fee and has delegated to the department the responsibility to manage these lands for the benefit of the public. The legislature finds that water-dependent industries and activities have played a major role in the history of the state and will continue to be important in the future. The legislature finds that revenues derived from leases of state-owned aquatic lands should be used to enhance opportunities for public recreation, shoreline access, environmental protection, and other public benefits associated with the aquatic lands of the state. The legislature further finds that aquatic lands are faced with conflicting use demands. [2005 c 155 § 139; 1984 c 221 § 1. Formerly RCW 79.90.450.]

**79.105.020 Purpose—Articulation of management philosophy.** The purpose of RCW 79.105.060, 79.105.230, 79.105.280, and 79.105.010 through 79.105.040 is to articulate a management philosophy to guide the exercise of the state's ownership interest and the exercise of the department's management authority, and to establish standards for determining equitable and predictable lease rates for users of state-owned aquatic lands. [2005 c 155 § 101. FORMERLY PART OF RCW 79.90.450.]

**79.105.030 Aquatic lands—Management guidelines.** The management of state-owned aquatic lands shall be in conformance with constitutional and statutory requirements. The manager of state-owned aquatic lands shall strive to provide a balance of public benefits for all citizens of the state. The public benefits provided by state-owned aquatic lands are varied and include:

- (1) Encouraging direct public use and access;
- (2) Fostering water-dependent uses;
- (3) Ensuring environmental protection;
- (4) Utilizing renewable resources.

Generating revenue in a manner consistent with subsections (1) through (4) of this section is a public benefit. [2005 c 155 § 140; 1984 c 221 § 2. Formerly RCW 79.90.455.]

**79.105.040 Application to existing property rights—Application of shoreline management act.** Nothing in \*this chapter or RCW 79.120.040 or 79.120.060 shall modify or affect any existing legal rights involving the boundaries of, title to, or vested property rights in aquatic lands or waterways. Nothing in \*this chapter shall modify, alter, or otherwise affect the applicability of chapter 90.58 RCW. [2005 c 155 § 157; 1984 c 221 § 20. Formerly RCW 79.90.545.]

Examples include, but are not limited to, wood products manufacturing, watercraft sales, fish processing, petroleum refining, sand and gravel processing, log storage, and house boats. For the purposes of determining rent under this chapter, water-oriented uses shall be classified as water-dependent uses if the activity either is conducted on state-owned aquatic lands leased on October 1, 1984, or was actually conducted on the state-owned aquatic lands for at least three years before October 1, 1984. If, after October 1, 1984, the activity is changed to a use other than a water-dependent use, the activity shall be classified as a nonwater-dependent use. If continuation of the existing use requires leasing additional state-owned aquatic lands and is permitted under the shoreline management act of 1971, chapter 90.58 RCW, the department may allow reasonable expansion of the water-oriented use.
