10	Creating a fisheries interim committee.
11	Authorizing legislative council to study problems relating to public lands.
12	Relating to Hawaii statehood, legislative congratulations.

GOVERNOR'S MESSAGES ON SENATE BILLS VETOED OR PARTIALLY VETOED

March 24, 1959.

To The Honorable,
The Senate of the
State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the legislature without my approval as to a certain unnumbered item of subsection (3) of section 2, **Senate Bill No. 76** entitled:

"AN ACT Relating to motor vehicles; amending section 55, chapter 188, Laws of 1937 as amended by section 2, chapter 221, Laws of 1953, and RCW 46.20.120; amending section 57, chapter 188, Laws of 1937 as amended by section 1, chapter 151, Laws of 1943 and RCW 46.20.130; and amending section 1, chapter 26, Laws of 1943 as amended by section 1, chapter 23, Laws of 1953 and RCW 46.20.150."

Senate Bill No. 76 is an enactment clarifying the power of the Director of Licenses with reference to the issuance of vehicle operators licenses.

The Director is required to examine applicants for licenses as to their eyesight, their knowledge of traffic laws and as to their ability to operate a motor vehicle. I am in sympathy with the provisions of this bill. The unnumbered item of section 2, subsection (3) of this act reads as follows:

"* * * PROVIDED, Bail forfeitures or warning tickets shall not be considered."

The Washington State Patrol, the Department of Licenses and the Attorney General have requested me to veto the unnumbered item because bail forfeiture and warning tickets on many occasions may relate to serious moving violations and the number of such violations may be so numerous as to warrant the Director of Licenses not to issue a driver's license to the offending party.

I am in agreement with these views. By striking the item, it is left to the discretion of the Director whether or not bail forfeitures and warning tickets are so serious or so numerous as to warrant denial of license.

For the foregoing reasons, the unnumbered item is vetoed and the remainder of the bill is approved.

Respectfully submitted,
ALBERT D. ROSELLINI,
Governor.

March 24, 1959.

To The Honorable Victor A. Meyers,
Secretary of State,
Olympia, Washington

Dear Sir:

I am transmitting herewith without my signature **Senate Bill No. 127** entitled:

"AN ACT Relating to the practice of engineering and land surveying; granting powers and immunities to the state board for registration of professional engineers and land surveyors; defining terms; providing for procedures; establishing the professional engineers' account of the general fund; providing exemptions and qualifications therefor; adding three new sections to chapter 283, Laws of 1947 and to chapter 18.43 RCW; and amending sections 10, 11, 13 and 16, chapter 283, Laws of 1947 and RCW 18.43.070, 18.43.080, 18.43.100 and 18-.43.130."

My inclination is to oppose any move on the part of the legislature to permit a profession to be practiced by a corporate organization.

Senate Bill 127 is a comprehensive statute relating to the practice of engineering and land surveying. Section 1 authorizes the State Board of Registration for Professional Engineers and Land Surveyors to establish a code of ethics for the engineering and surveying professions. Section 2 defines numerous categories of illegal engineering practices. Section 3 authorizes the State Board to apply for injunctions against unethical practices. Section 4 contains numerous housekeeping amendments. Section 5 and 6 increase fees for annual professional licenses and certificates for engineers and surveyors. Section 7, subsection (8) and (9) allow the practice of engineering by a corporate and by a partnership, all the members of which need not be duly certificated engineers, architects or land surveyors. The provisions allowing the corporate practice of engineering automatically expires on December 31, 1961.

I have received numerous telegrams and letters from responsible organizations and individuals who either favor this bill or who are opposed to it. I have granted the opponents of this bill a hearing.

On the other hand, I am aware that the construction of certain large scale engineering projects such as atomic reactors can be accomplished only through organizations who practice engineering in corporate form. It is known to me that as a matter of fact during the past several years, corporate engineering firms have in fact operated in the state.

The bill passed unanimously in the Senate. In the House it passed by a majority of 23 votes.

The provisions of this act expire automatically by December, 1961. I have full confidence that the State Board of Registeration for Professional Engineers and Land Surveyors through the powers granted to it in this bill will closely supervise the practices of corporations engaging in engineering. Therefore, I am reluctantly allowing this bill to become law without my signature.

Sincerely yours,
ALBERT D. ROSELLINI,
Governor.

March 24, 1959.

To The Honorable,
The Senate of the State of Wasihngton
(Through the Secretary of State)

Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the legislature without my approval as to the item entitled (3) of section 4 of **Senate Bill No. 331** entitled:

"AN ACT Relating to governmental agencies and officers, employees, and agents thereof; and providing penalties."

Senate Bill No. 331 enacts a code of ethics for the guidance of public officers and employees to eliminate conflicts of interest, to improve the standards of public service and to strengthen the faith and confidence of the people of this state in their government. Subsection (3) of section 4 reads as follows:

"(3) No officer or employee of any department or agency of the state of Washington shall act as an agent or attorney for the prosecution of any claim against the state of Washington, nor shall he aid or assist in the prosecution or support of any such claim otherwise than in the proper discharge of his official duties, nor receive any gratuity or any share of or interest in any such claim."

I am fully aware that a sizeable number of members of commissions, advisory boards and of other state agencies are attorneys and certified public accountants. These public servants have unselfishly rendered many hours of gratuitous service to the State of Washington and to its citizens through their membership on these commissions and boards.

It has been called to my attention by the Washington State Bar Association and other agencies that the item quoted might be misinterpreted so that these public servants and benefactors as well as other members of their business firms might be prevented from presenting to the State Tax Commission and other state agencies, claims which are entirely proper and in the usual course of business and which are not conflicting in any manner whatsoever with the honorary positions occupied by these public servants. To avoid the possibility of such a misinterpretation of this subsection, and in order not to deprive this state of the services of these members at the present time and in the future, I have decided to veto this item.

I am aware that subsection (9) of section 4 as amended by a hastily considered floor amendment is unintelligible. Its validity is questionable. However, in view of the laudable purpose of this bill, I deem it inadvisable to veto this subsection.

For the reasons indicated I have vetoed subsection (3) of section 4. The remainder of the bill is approved.

Respectfully submitted,

ALBERT D. ROSELLINI,
Governor.

March 24, 1959

To the Honorable,
The Senate of the State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the legislature without my approval **Senate Bill No. 361** entitled:

"AN ACT Relating to state government and the director, board, and department of health; and repealing section 56, chapter 7, Laws of 1921 and RCW 43.20.020 and 43.20-.030."

Senate Bill No. 361 provides that the Director of Health shall be a qualified physician and surgeon licensed to practice medicine and surgery in the state; that in addition, he shall have successfully completed one academic year of graduate study leading to the Decree of Master of Public Health and that he shall have had at least two years practical experience in public health administration.

The bill further expands the State Board of Health from five to eleven members and provides that members of the Board of Health shall be allowed traveling expenses and $25.00 per diem for services rendered.

The qualifications established by this bill for the Director of Health are so restrictive that in my judgment it would be extremely difficult if not impossible for a Governor to find a qualified director who would take the position at the presently established salary. It is my considered judgment that the qualifications for this position as now established by statute are entirely sufficient.

It is my firm conviction that a body of eleven members for the State Board of Health is too large and too unyielding for proper administrative purposes. In addition, the enlarged board would cause increased expenditures which the state cannot afford at this time.

Because of the reasons indicated above, Senate Bill No. 361 is vetoed.

Respectfully submitted,

ALBERT D. ROSELLINI,
Governor.

March 24, 1959

To the Honorable,
The Senate of the State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the legislature without my approval **Senate Bill No. 418** entitled:

"AN ACT Providing for a criminal corrections advisory committee to study criminal corrections and make recommendations."

Senate Bill No. 418 creates an advisory committee of fifteen members to be appointed by the chairman of a subcommittee of the legislative

council to make a comprehensive study and survey of correctional institutions and rehabilitation programs for inmates of such institutions.

I fully concur in the laudable purposes sought to be accomplished by this bill. However, it is my considered judgment that the legislative council now has the power to accomplish the objectives of this bill. To permit this bill to become law under these circumstances, would merely clutter up our statutes and involve the additional expense of printing.

I trust that the legislative council using its statutory power will appoint a subcommittee to study and investigate the subject matter of this bill.

For the reasons indicated Senate Bill 418 is vetoed.

Respectfully submitted,
ALBERT D. ROSELLINI,
Governor.

March 24, 1959.

To The Honorable,
The Senate of the
State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the legislature without my approval as to section 3 of **Senate Bill No. 434** entitled:

"AN ACT Relating to employment practices of the department of institutions and the state board of prison terms and paroles; providing for the placement of certain employees thereof under the juridsiction of the state personnel board; providing for the classification, recruitment, and fixing of salaries of such employees; and repealing sections 72.05.050 through 72.05.120, chapter 28, Laws of 1959 and RCW 72.05.050 through 72.05.120."

Senate Bill No. 434 for the first time in the history of this state establishes by law, a merit system for all of the employees of the Department of Institutions and the Board of Prison Terms and Paroles and places these employees under the jurisdiction of the State Personnel Board. The several thousand employees of the Department of Institutions deserves this protection and I regret that the legislature did not see fit to enact a comprehensive merit system for all state employees.

Section 3 of Senate Bill 434 gives the State Personnel Board the right to designate the classification of various employees of the Department of Institutions and of the Board of Prison Terms and Paroles. This section further gives the State Personnel Board also the right to fix the number of positions in each classification and it provides that separate examinations shall be conducted by the State Personnel Board for each classification.

The State Personnel Board at the present time already has the power to give examinations for each classification of employment for all employees under its jurisdiction. It is my considered judgment that the matter of classification of employees and the number of positions to be filled have a fiscal impact upon the state government. Authority to establish classifications and numbers of positions must necessarily rest with the Governor and the Budget Director who is directly responsible to the Governor. The subject of classification is not a proper part of a well functioning merit system.

For the reasons indicated, section 3 of this bill is vetoed and the remainder of the bill is approved.

Respectfully submitted,
ALBERT D. ROSELLINI,
Governor.

HOUSE BILLS

Nos. 1 to 744

Initiative Measure No. 25—An Act to conserve the state's fishery resources by limiting the powers of any person authorized to construct or operate dams or to appropriate water; defining "person"; and providing a saving clause to preserve the validity of the remainder of this act if other parts are held invalid.

Read first time February 27, referred to Committee on Fisheries.
Reported back March 9, majority, do pass; minority, do not pass.
Passed to second reading.
By resolution March 12, indefinitely postponed.

13	Creating interim committee on fish and game.
14	Relating to final dates for consideration of bills by thirty-sixth legislature.
15	Relating to sine die adjournment of the legislature.

GOVERNOR'S MESSAGES ON HOUSE BILLS VETOED OR PARTIALLY VETOED

March 24, 1959.

To The Honorable,
The House of Representatives of the
State of Washington
(Through the Secretary of State)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives of the State of Washington at the next session of the legislature, **House Bill No. 18** without my approval as to a certain unnumbered item contained in subsection (5), **House Bill No. 18**; entitled:

"AN ACT Relating to parks and recreation; and amending section 2, chapter 149, Laws of 1921 as last amended by section 1, chapter 391, Laws of 1955 and RCW 43.51-.040."

This amendatory act gives the State Park Commission, acting by majority vote, additional authority to utilize approximately $300,000.00 appropriated to the commission for the purpose of obtaining options to purchase shore and tidelands for park and parkway purposes.

I am in complete agreement with this major purpose of the bill.

The unnumbered item in section 1, subsection (5) reads as follows:

"* * * PROVIDED FURTHER That such concessions shall be granted only after the calling of public bids thereon and shall be granted to the lowest qualified bidder."

Obviously concessions to be granted by the State Park and Recreation Commission should be granted to the highest rather than the lowest qualified bidder.

I am firmly convinced that the item quoted, which was added as an amendment on the floor, was adopted only through the operation of a mistake of fact. For this reason, the unnumbered item contained in subsection (5) of section 1 of the bill is vetoed and the remainder of the bill is approved.

Respectfully submitted,

ALBERT D. ROSELLINI,
Governor.

March 24, 1959.

To The Honorable,
The House of Representatives of the
State of Washington
(Through the Secretary of State)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the legislateure without my approval as to section 9 of **House Bill 44** entitled:

"AN ACT Relating to industrial insurance; amending section 4, chapter 70, Laws of 1957 and RCW 51.04.070; amending section 5, chapter 70, Laws of 1957 and RCW 51-.04.080; amending section 12, chapter 70, Laws of 1957 and RCW 51.08.100; amending section 16, chapter 70, Laws of 1957 and RCW 51.08.140; amending section 37, chapter 70, Laws of 1957 and RCW 51.32.150; amending section 40, chapter 70, Laws of 1957 and RCW 51.44.050; amending section 41, chapter 70, Laws of 1957 and RCW 51.44.060; amending section 42, chapter 70, Laws of 1957 and RCW 51.44.070; amending section 2, chapter 74, Laws of 1955 and RCW 51.12.010; amending section 3, chapter 67, Laws of 1919 and RCW 51.12.090; amending section 5, chapter 132, Laws of 1929 and RCW 51.12.110; amending section 2, chapter 235, Laws of 1941 and RCW 51.16.040; amending section 53, chapter 70, Laws of 1957 and RCW 51.16.010; amending section 47, chapter 70, Laws of 1957 and RCW 51.16.060; amending section 50, chapter 70, Laws of 1957 and RCW 51.16.110; amending section 1, chapter 219, Laws of 1945 and RCW 51.16.120; amending section 1, chapter 183, Laws of 1947 and RCW 51-.44.040; adding a new section to chapter 74, Laws of 1911 and to chapter 51.28 RCW; adding a new section to chapter 74, Laws of 1911 and to chapter 51.32 RCW; and repealing section 1, chapter 360, Laws of 1955 and RCW 51.16.061; and amending section 4, chapter 132, Laws of 1929, section 1, chapter 214, Laws of 1951, and RCW 51.16-.150, 51.16.160 and 51.16.170, adding a new section to chapter 51.08 RCW; and declaring an emergency."

Section 9 amends section 2, chapter 74 of the Laws of 1955 and RCW 51.12.010. This section was also amended by House Bill 139 which has passed the legislature and which has received my approval.

House Bill No. 139 extends the coverage of industrial insurance to janitors, chambermaids, porters, bellmen, pin-setters, elevator operators and maintenance men. Section 9 of this act does not extend the benefits of industrial insurance to these named categories. Section 9 merely makes a technical amendment in the present law by striking a comma and inserting a semicolon.

In order to preserve the full force and effect of House Bill No. 139, I deem it advisable to veto section 9 of this bill. The remainder of the bill is approved.

Respectfully submitted,

ALBERT D. ROSELLINI,
Governor.

March 24, 1959

To the Honorable,
The House of Representatives of the
State of Washington
(Through the Secretary of State)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the legislature without my approval, **House Bill No. 127** entitled:

"AN ACT Relating to motor vehicles; and amending section 4, chapter 273, Laws of 1957 and RCW 46.16.137."

This amendatory statute enacts permanently the provisions whereby gross weight licenses by truckers may be purchased on a monthly basis. It provides that persons operating on a monthly basis must display special tabs on their license plates. It increases the fee for monthly licenses from $1.00 to $1.50.

The legislature during this session also enacted House Bill No. 640, the omnibus highway bill. Section 23 of House Bill No. 640 contains the same general provisions found in House Bill No. 127, except that the definitions contained in House Bill No. 640 cover a larger number of vehicles to which the provisions pertaining to monthly licenses are made applicable.

For the reasons indicated House Bill No. 127 is vetoed.

Respectfully submitted,
ALBERT D. ROSELLINI,
Governor.

March 24, 1959

To the Honorable,
The House of Representatives of the
State of Washington
(Through the Secretary of State)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives of the State of Washington at the next session of the legislature without my approval **House Bill No. 375** entitled:

"AN ACT Relating to hotels and tourist accommodations; transferring to the state board of health the duty to prescribe health and sanitation standards; amending section 80, chapter 7, Laws of 1921, as amended by section 1, chapter 173, Laws of 1955, and RCW 43.22.050; repealing sections 1 and 2, chapter 48, Laws of 1905, sections 1 through 10, chapter 29, Laws of 1909, sections 1 through 6, chapter 169, Laws of 1915, and chapter 70.62 RCW; repealing sections 17, 18, and 19, chapter 29, Laws of 1909, and RCW 43.22.070, 43.22.080, and 43.22.100; repealing sections 1 and 2, chapter 105, Laws of 1953, and RCW 43.22.060 and 43.22.110; and repealing section 17, chapter 29, Laws of 1909, section 1, chapter 77, Laws of 1927, and RCW 43.22.090."

Section 1 of this bill gives the State Board of Health general powers to establish rules and regulations to prevent the spread of contagious or infectious diseases. Section 2 takes from the Department of Labor and Industries, the duty of hotel inspection. Section 3 repeals certain statutes pertaining to functions of the Department of Labor and Industries with reference to hotel inspections relative to safety and sanitation in hotels.

It is my considered judgment that the Department of Labor and Industries for many years has performed its duties with reference to hotel inspection in a satisfactory manner and I see no need to transfer its well established functions in this respect to the Department of Health.

Respectfully submitted,
ALBERT D. ROSELLINI,
Governor.

March 24, 1959.

To The Honorable,
The House of Representatives of the
State of Washington
(Through the Secretary of State)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the legislature without my approval as to section 13, **House Bill No. 642** entitled:

"AN ACT Relating to highways; making appropriations, reappropriations, and supplemental appropriations for the operation of the state highway commission and the Washington toll bridge authority; and declaring an emergency."

This bill is approved with the exception of section 13 which is vetoed. Section 13 appropriates from the motor vehicle fund to the Department of Institutions the sum of $18,000 to compensate the Department of Institutions for land and improvements taken from the Washington State Reformatory at Monroe upon the construction of Primary State Highway No. 15.

The title of House Bill No. 642 relates solely to appropriations for the operation of the State Highway Commission and the Washington Toll Bridge Authority. For this reason, the appropriation sought to be made by the legislature in section 13 of this bill to the Department of Institutions violates article 2, section 19 of the Constitution of the State of Washington.

For this reason I deem it advisable to veto section 13. The remainder of the bill is approved.

Respectfully submitted,
ALBERT D. ROSELLINI,
Governor.

March 24, 1959.

To The Honorable,
The House of Representatives of the
State of Washington
(Through the Secretary of State)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of

the Legislature without my approval as to the first unnumbered item of section 1, **House Bill No. 698** entitled:

"AN ACT Relating to state government; fixing salaries of elective state officers; and amending section 1, chapter 48, Laws of 1949 and RCW 43.03.010."

House Bill No. 698 increases the salary of the Lieutenant Governor from $6,000 to $7,000 per annum. The salaries of the Secretary of State, the State Treasurer, the State Auditor, the State Insurance Commissioner and the Commissioner of Public Lands from $8,500 to $12,000. The salary of the Attorney General is increased from $10,000 to $14,500, and that of the Superintendent of Public Instruction from $8,500 to $14,000.

The first unnumbered item of section 1 reading as follows: "Governor, twenty-two thousand five hundred dollars;" is vetoed.

As Chief Executive of this state it is my responsibility to recommend to the legislature a program calling for appropriations for the proper functioning of the different agencies of government in order that proper provision be made for needed services. At the same time it is my responsibility to submit to the legislature a revenue program to balance appropriations made. In view of the staggering amount of revenue needed during the coming biennium, I have insisted on effecting every possible economy which could be made, and have limited my request to the legislature for appropriations to those items which I feel are absolutely necessary and essential in the administration of a forward looking and progressive state. I am firmly convinced that adequate salaries for state public elected officials and for state employees are essential. I have, therefore, acquiesced in the legislative determination of increases in salaries for elected public officials. This bill provides only moderate increases and brings their salary in line with many county elected officials.

On the other hand, I have time and time again stated publicly and have advised the legislature that I did not advocate, did not ask for and do not want a raise in salary for the office of the Governor. It is my firm conviction that the Governor's salary should not be raised at this time. It is my considered judgment that economy begins at home.

For these reasons I have eliminated from this bill the provision increasing the salary of Governor.

The remainder of the bill is approved.

Respectfully submitted,
ALBERT D. ROSELLINI,
Governor.

TOPICAL INDEX

Indexed to March 12

ACCIDENTS:
Aircraft, guest liability, H. B. 397.
Automobiles, service of summons outside of state, effect, H. B. 58.
Motorboat, guest liability, S. B. 395.
