The appropriations in this section are subject to the following conditions and limitations:

(1) \$18,000 of the general fund--state appropriation for fiscal year 2004, \$18,000 of the general fund--state appropriation for fiscal year 2005, and \$1,006,950 of the aquatic lands enhancement account appropriation are provided solely for the implementation of the Puget Sound work plan and agency action items DNR-01, DNR-02, and DNR-04.

(2) \$908,000 of the general fund--state appropriation for fiscal year 2004 and \$910,000 of the general fund--state appropriation for fiscal year 2005 are provided solely for deposit into the agricultural college trust management account and are provided solely to manage approximately 70,700 acres of Washington State University's agricultural college trust lands.

These funds shall not be allocated to cover any portion of agency indirect and administrative expenses. The legislature finds that general fund and disaster response account support for emergency fire suppression is a significant and direct subsidy of the costs to administer and manage various trust lands. It would be an unintended additional subsidy if a portion of the general fund and disaster response account amounts provided in this subsection were used to fund agency indirect and administrative expenses. To avoid this unintended additional subsidy, agency indirect and administrative costs shall be allocated among the agency's remaining accounts and appropriations.

(4) \$582,000 of the aquatic lands enhancement account appropriation is provided solely for spartina control.

(5) Fees approved by the board of natural resources in the 2003-05 biennium are authorized to exceed the fiscal growth factor under RCW 43.135.055.

The report shall be submitted to the director of financial management and the legislative fiscal committees by August 31, 2003.

(7) Authority to expend funding for acquisition of technology equipment and software associated with development of a new revenue management system is conditioned on compliance with section 902 of this act.

(8) \$1,000,000 of the aquatic lands enhancement account--state appropriation is provided solely for the department to meet its obligations with the U.S. environmental protection agency for the clean-up of Commencement Bay.

~~(9) ((For the 2003-05 fiscal biennium, the department has revised the methodology by which administrative costs of the department are allocated among the state general fund and the various dedicated funds and accounts from which the department receives appropriations. The legislature recognizes that the revised methodology represents a fair and equitable allocation of costs under state law and accounting rules. The legislature further finds that retroactive application of the revised methodology is neither practical nor desirable.~~

~~(10))~~ (10) The department of natural resources shall provide a report to the appropriate committees of the legislature, the office of financial management, and the board of natural resources concerning the costs and effectiveness of the contract harvesting program as authorized by Second Substitute Senate Bill No. 5074 (contract harvesting), chapter 313, Laws of 2003. The report shall be submitted by December 31, 2006, and shall include the following information:

(a) Number of sales conducted through contract harvesting;

(b) For each sale conducted, the (i) number of board feet sold; (ii) stumpage and pond prices; (iii) difference in revenues received compared to revenues that would have accrued through noncontract harvest sales, and the distribution of revenues to the contract harvesting revolving account, and to applicable management and trust accounts; and (iv) total cost to conduct the contract harvest, by fund and object of expenditure; and

(c) Other costs and benefits attributable to contract harvesting.

~~((11))~~ (11) \$208,000 of the general fund--state appropriation of fiscal year 2004 and \$70,000 of the general fund--state appropriation for fiscal year 2005 are provided solely to implement Second Substitute House Bill No. 1095 (small forest landowners), chapter 311, Laws of 2003.

~~((12))~~ (12) The department of natural resources shall not close Sahara Creek facility, campground, or trailhead. The appropriations in this section are deemed sufficient to provide service for these recreational opportunities.

~~((13))~~ (13) \$4,000 of the general fund--state appropriation for fiscal year 2004 and \$4,000 of the general fund--state appropriation for fiscal year 2005 are provided solely to compensate the forest board trust for a portion of the lease to the Crescent television improvement district consistent with RCW 79.12.055.

~~((14))~~ (14) \$2,700,000 of the general fund--state appropriation for fiscal year 2004 is provided solely to the department of natural resources to acquire approximately 232 acres of land and timber in Klickitat county from the SDS lumber company. Expenditure of the moneys provided in this subsection shall not be made until the SDS lumber company accepts the land and timber acquisition as full and complete settlement of the current litigation brought by the SDS lumber company against the state and the litigation is dismissed, with prejudice. The land and timber acquired with the funding in this subsection shall be managed for the benefit of the common schools. By June 30, 2004, if the department has not recovered through trust asset management the state's capital investment from the land acquisition provided in this subsection, the department shall seek reimbursement from the federal government.

~~((45))~~ (14) \$265,000 of the aquatic lands enhancement account appropriation is provided solely for developing a pilot project to study the feasibility of geoduck aquaculture on both intertidal and subtidal lands in the state of Washington.

(16) \$200,000 of the general fund--state appropriation for fiscal year 2005 is provided solely for providing public access to camp sites and trails maintained by the department. This additional funding, along with existing funding from the off road vehicle account is intended to fully fund current access to camp sites and trails. If additional funding is required to avoid closures to camp sites and trails during the 2003-05 biennium, the department shall reduce expenditures for agency administration by five percent and redeploy those general fund resources to the recreation program prior to closing any camp sites or trails.

(17) \$40,000 of the aquatic lands enhancement account appropriation is provided solely for the department to (a) calculate the rent for DNR-leased marinas based on a percentage of a marina's income and (b) recommend an appropriate formula to the 2005 legislature.

(18)(a) \$2,000,000 of the general fund--state appropriation for fiscal year 2005, \$750,000 of the state toxics control account--state appropriation, and \$2,000,000 of the aquatic lands enhancement account--state appropriation are provided solely for the purpose of settling *Pacific Sound Resources v. Burlington Northern Santa Fe Railroad, et al.* In the event: (i) A final settlement agreement is not signed by the port of Seattle, Pacific Sound Resources, and the department of natural resources by March 25, 2004; or (ii) the U.S. environmental protection agency, or the department of justice if necessary, fail to settle with the state and the department and provide a covenant not to sue and contribution protection with no additional consideration required, then \$550,000 of the general fund--state appropriation for fiscal year 2005 shall be available to use to fund the existing PSR litigation and the remainder of the amounts provided in this subsection (a) shall lapse.

(b) \$300,000 of the general fund--state appropriation for fiscal year 2004 is provided solely for legal defense costs in *Pacific Sound Resources v. Burlington Northern Santa Fe Railroad et al.*

(a) Salary allocations for certificated instructional staff units shall be determined for each district by multiplying the district's certificated instructional total base salary shown on LEAP Document 12E by the district's average staff mix factor for certificated instructional staff in that school year, computed using LEAP Document 1Sa for the 2003-04 school year and LEAP Document 1SB for the 2004-05 school year; and

(b) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 12E.

(2) For the purposes of this section:

(a) "LEAP Document 1Sa" means the computerized tabulation establishing staff mix factors for certificated instructional staff for the 2003-04 school year according to education and years of experience, as developed by the legislative evaluation and accountability program committee on March 31, 2003, at 09:06 hours;

(b) "LEAP Document 1Sb" means the computerized tabulation establishing staff mix factors for certificated instructional staff for the 2004-05 school year according to education and years of experience, as developed by the legislative evaluation and accountability program committee on March 31, 2003, at 09:06 hours; and

(c) "LEAP Document 12E" means the computerized tabulation of 2003-04 and 2004-05 school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on March 31, 2003, at 09:06 hours.

(b) As used in this subsection, the column headings "BA+ (N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+ (N)" refer to the total of:

- (i) Credits earned since receiving the masters degree; and
- (ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

(a) "BA" means a baccalaureate degree.

(b) "MA" means a masters degree.

(c) "PHD" means a doctorate degree.

(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

(a) The employee has a masters degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The certificated instructional staff base salary specified for each district in LEAP Document 12E and the salary schedules in subsection (4)(a) of this section include two learning improvement days. A school district is eligible for the learning improvement day funds only if the learning improvement days have been added to the 180-day contract year. If fewer days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional days shall be for activities related to improving student learning consistent with education reform implementation, and shall not be considered part of basic education. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2), subsection (7) of this section, and section 504(1) of this act.

Sec. 504. 2003 1st sp.s. c 25 s 504 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

General Fund--State Appropriation (FY 2004) ((\$28,511,000))	<u>\$28,604,000</u>
General Fund--State Appropriation (FY 2005) ((\$116,670,000))	<u>\$132,202,000</u>
General Fund--Federal Appropriation ((\$559,000))	<u>\$663,000</u>
TOTAL APPROPRIATION ((\$145,740,000))	<u>\$161,469,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) (~~(\$8,913,000)~~) \$8,944,000 of the general fund--state appropriation for fiscal year 2004 and (~~(\$20,238,000)~~) \$20,339,000 of the general fund--state appropriation for fiscal year 2005 are provided solely to provide a salary adjustment for state formula certificated instructional staff units in their first seven years of service. Consistent with the statewide certificated instructional staff salary allocation schedule in section 503 of this act, sufficient funding is provided to increase the salary of certificated instructional staff units in the 2003-04 school year and the 2004-05 school year by the following percentages: Three percent for certificated instructional staff in their first and second years of service; two and one-half percent for certificated instructional staff in their third year of service; one and one-half percent for certificated instructional staff in their fourth year of service; one percent for certificated instructional staff in their fifth year of service; and one-half of a percent for certificated instructional staff in their sixth and seventh years of service. These increases will take effect September 1, 2003 and September 1, 2004.

(a) In order to receive funding provided in this subsection, school districts shall certify to the office of superintendent of public instruction that they will provide the percentage increases in the amounts specified in this subsection. In cases where a school district providing the increases in the amounts specified in this subsection would cause that school district to be out of compliance with RCW 28A.400.200, they may provide salary increases in different amounts but only to the extent necessary to come into compliance with RCW 28A.400.200. Funds provided in this subsection shall be used exclusively for providing the percentage increases specified in this subsection to the certificated staff units in their first seven years of service and shall not be used to supplant any other state or local funding for compensation for these staff.

(b) The appropriations include associated incremental fringe benefit allocations at rates of 9.04 percent for school year 2003-04 and (~~(9.04)~~) 9.05 percent for school year 2004-05 for certificated staff. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district's basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(2) \$5,452,000 of the general fund--state appropriation is provided solely to provide a salary adjustment for state formula classified units of one percent effective September 1, 2004, and \$126,598,000 is provided solely for adjustments to insurance benefit allocations.

(a)(i) In order to receive funding provided in this subsection for salary adjustments for state formula classified units, school districts shall certify to the office of superintendent of public instruction that they will provide the percentage increases in the amounts specified in this subsection. Funds provided in this subsection for this purpose shall be used exclusively for

providing the percentage increases specified in this subsection to classified staff units and shall not be used to supplant any other state or local funding for compensation for these staff.

(ii) The appropriations include associated incremental fringe benefit allocations at rates of 8.75 percent for the 2004-05 school year for classified staff. The appropriations in this section include the increased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in this part V of this act. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district's basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(b) The maintenance rate for insurance benefit allocations is \$457.07 per month for the 2003-04 and 2004-05 school years. The appropriations in this section provide for a rate increase to \$481.31 per month for the 2003-04 school year and \$582.47 per month for the 2004-05 school year.

(3) The appropriations in this section provide salary adjustments and incremental fringe benefit allocations based on formula adjustments as follows:

	School Year	
	2003-04	2004-05
Pupil Transportation (per weighted pupil mile)	<u>\$0.00</u>	<u>\$0.22</u>

~~((3))~~ \$116,483,000 is provided for adjustments to insurance benefit allocations. The maintenance rate for insurance benefit allocations is \$457.07 per month for the 2003-04 and 2004-05 school years. The appropriations in this section provide for a rate increase to \$481.31 per month for the 2003-04 school year and \$570.74 per month for the 2004-05 school year at the following rates:))

(4) The adjustments to insurance benefit allocations are at the following rates:

The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district.

(3) \$5,000 of the fiscal year 2004 appropriation and \$5,000 of the fiscal year 2005 appropriation are provided solely for the transportation of students enrolled in "choice" programs. TOTAL APPROPRIATION ((\$278,269,000))	\$258,328,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$3,000,000 of the general fund--state appropriation for fiscal year 2004 and \$3,000,000 of the general fund--state appropriation for fiscal year 2005 are provided for state matching money for federal child nutrition programs.

Sec. 507. 2003 1st sp.s. c 25 s 507 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS

General Fund--State Appropriation (FY 2004) ((\$433,984,000))	\$435,061,000
General Fund--State Appropriation (FY 2005) ((\$427,214,000))	\$426,802,000
General Fund--Federal Appropriation ((\$409,637,000))	\$426,450,000
TOTAL APPROPRIATION ((\$1,270,835,000))	\$1,288,313,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:

(i) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supercede any prior excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state and federal funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2003-04 and 2004-05 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent. Increases in enrollment percent from 12.7 percent to 13.0 percent shall be funded from the general fund--federal appropriation.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, \$25,746,000 of the general fund--federal appropriation is provided for safety net awards for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

The categories shall be developed to produce minimum long-range operating costs, including costs of equipment and all costs in operating the vehicles. The categories, for purposes of comparative studies, will be at a minimum the same as those in the beginning of the 1994-95 school year. In fiscal year 2005, the superintendent may solicit and accept price quotes for a rear-engine category school bus that shall be reimbursed at the price of the corresponding front engine category.

(2) After establishing school bus categories and competitive specifications, the superintendent of public instruction shall solicit competitive price quotes from school bus dealers to be in effect for one year and shall (a) except in fiscal year 2005, establish a list of the lowest competitive price quotes obtained under this subsection, and (b) in fiscal year 2005, establish a list of all accepted price quotes in each category obtained under this subsection.

(3) The superintendent shall base the level of reimbursement to school districts and educational service districts for school buses on the lowest quote in each category.

(4) Notwithstanding RCW 28A.335.190, school districts and educational service districts may purchase at the quoted price directly from the dealer who is providing the lowest competitive price quote on the list established under subsection (2) of this section and in fiscal year 2005 from any dealer on the list established under subsection (2)(b) of this section. School districts and educational service districts may make their own selections for school buses, but shall be reimbursed at the rates determined under ((this section)) subsection (3) of this section and RCW 28A.160.200. District-selected options shall not be reimbursed by the state. For the 2003-05 fiscal biennium, school districts and educational service districts shall be reimbursed for buses purchased only through a lowest-price competitive bid process conducted pursuant to RCW 28A.335.190 or through the state bid process established by this section.

(11) The department shall establish in rule procedures, principles, and conditions for determining component rate allocations for facilities in circumstances not directly addressed by this chapter, including but not limited to: The need to prorate inflation for partial-period cost report data, newly constructed facilities, existing facilities entering the medicaid program for the first time or after a period of absence from the program, existing facilities with expanded new bed capacity, existing medicaid facilities following a change of ownership of the nursing facility business, facilities banking beds or converting beds back into service, facilities temporarily reducing the number of set-up beds during a remodel, facilities having less than six months of either resident assessment, cost report data, or both, under the current contractor prior to rate setting, and other circumstances.

(12) The department shall establish in rule procedures, principles, and conditions, including necessary threshold costs, for adjusting rates to reflect capital improvements or new requirements imposed by the department or the federal government. Any such rate adjustments are subject to the provisions of RCW 74.46.421.

(13) Effective July 1, 2001, medicaid rates shall continue to be revised downward in all components, in accordance with department rules, for facilities converting banked beds to active service under chapter 70.38 RCW, by using the facility's increased licensed bed capacity to recalculate minimum occupancy for rate setting. However, for facilities other than essential community providers which bank beds under chapter 70.38 RCW, after May 25, 2001, medicaid rates shall be revised upward, in accordance with department rules, in direct care, therapy care, support services, and variable return components only, by using the facility's decreased licensed bed capacity to recalculate minimum occupancy for rate setting, but no upward revision shall be made to operations, property, or financing allowance component rates.

(14) Facilities obtaining a certificate of need or a certificate of need exemption under chapter 70.38 RCW after June 30, 2001, must have a certificate of capital authorization in order for (a) the depreciation resulting from the capitalized addition to be included in calculation of the facility's property component rate allocation; and (b) the net invested funds associated with the capitalized addition to be included in calculation of the facility's financing allowance rate allocation.

The department shall also develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the grants. To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270. The department shall consult with affected interest groups in implementing this section.

During the fiscal biennium ending June 30, ((2003)) 2005, the funds may be appropriated for boating safety, settlement costs for aquatic lands cleanup, and shellfish management, enforcement, and enhancement.

MESSAGE FROM THE HOUSE

March 10, 2004

MR. PRESIDENT:

Under suspension of the rules SECOND ENGROSSED SUBSTITUTE SENATE BILL NO. 5536, was returned to second reading for purpose of an amendment{s}.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 64.34 RCW to read as follows:

(1) The legislature finds, declares, and determines that:

(a) Washington's cities and counties under the growth management act are required to encourage urban growth in urban growth areas at densities that accommodate twenty-year growth projections;

(b) The growth management act's planning goals include encouraging the availability of affordable housing for all residents of the state and promoting a variety of housing types;

(c) Quality condominium construction needs to be encouraged to achieve growth management act mandated urban densities and to ensure that residents of the state, particularly in urban growth areas, have a broad range of ownership choices.

(2) It is the intent of the legislature that limited changes be made to the condominium act to ensure that a broad range of affordable homeownership opportunities continue to be available to the residents of the state, and to assist cities' and counties' efforts to achieve the density mandates of the growth management act.

Sec. 2. RCW 64.34.100 and 1989 c 43 s 1-113 are each amended to read as follows:

(1) The remedies provided by this chapter shall be liberally administered to the end that the aggrieved party is put in as good a position as if the other party had fully performed. However, consequential, special, or punitive damages may not be awarded except as specifically provided in this chapter or by other rule of law.

(2) Except as otherwise provided in chapter 64.-- RCW (sections 101 through 2002 of this act), any right or obligation declared by this chapter is enforceable by judicial proceeding.

Sec. 3. RCW 64.34.324 and 1992 c 220 s 16 are each amended to read as follows:

(1) Unless provided for in the declaration, the bylaws of the association shall provide for:

(a) The number, qualifications, powers and duties, terms of office, and manner of electing and removing the board of directors and officers and filling vacancies;

(b) Election by the board of directors of such officers of the association as the bylaws specify;

(c) Which, if any, of its powers the board of directors or officers may delegate to other persons or to a managing agent;

(d) Which of its officers may prepare, execute, certify, and record amendments to the declaration on behalf of the association; ~~((and))~~

(e) The method of amending the bylaws; and

(f) A statement of the standard of care for officers and members of the board of directors imposed by RCW 64.34.308(1).

(2) Subject to the provisions of the declaration, the bylaws may provide for any other matters the association deems necessary and appropriate.

(3) In determining the qualifications of any officer or director of the association, notwithstanding the provision of RCW 64.34.020(32) the term "unit owner" in such context shall, unless the declaration or bylaws otherwise provide, be deemed to include any director, officer, partner in, or trustee of any person, who is, either alone or in conjunction with another person or persons, a unit owner. Any officer or director of the association who would not be eligible to serve as such if he or she were not a director, officer, partner in, or trustee of such a person shall be disqualified from continuing in office if he or she ceases to have any such affiliation with that person, or if that person would have been disqualified from continuing in such office as a natural person.

Sec. 4. RCW 64.34.425 and 1992 c 220 s 23 are each amended to read as follows:

(1) Except in the case of a sale where delivery of a public offering statement is required, or unless exempt under RCW 64.34.400(2), a unit owner shall furnish to a purchaser before execution of any contract for sale of a unit, or otherwise before conveyance, a resale certificate, signed by an officer or authorized agent of the association and based on the books and records of the association and the actual knowledge of the person signing the certificate, containing:

(a) A statement disclosing any right of first refusal or other restraint on the free alienability of the unit contained in the declaration;

(b) A statement setting forth the amount of the monthly common expense assessment and any unpaid common expense or special assessment currently due and payable from the selling unit owner and a statement of any special assessments that have been levied against the unit which have not been paid even though not yet due;

(c) A statement, which shall be current to within forty-five days, of any common expenses or special assessments against any unit in the condominium that are past due over thirty days;

(d) A statement, which shall be current to within forty-five days, of any obligation of the association which is past due over thirty days;

(e) A statement of any other fees payable by unit owners;

(f) A statement of any anticipated repair or replacement cost in excess of five percent of the annual budget of the association that has been approved by the board of directors;

(g) A statement of the amount of any reserves for repair or replacement and of any portions of those reserves currently designated by the association for any specified projects;

(h) The annual financial statement of the association, including the audit report if it has been prepared, for the year immediately preceding the current year.

(i) A balance sheet and a revenue and expense statement of the association prepared on an accrual basis, which shall be current to within one hundred twenty days;

(j) The current operating budget of the association;

(k) A statement of any unsatisfied judgments against the association and the status of any pending suits or legal proceedings in which the association is a plaintiff or defendant;

(l) A statement describing any insurance coverage provided for the benefit of unit owners;

(m) A statement as to whether there are any alterations or improvements to the unit or to the limited common elements assigned thereto that violate any provision of the declaration;

(n) A statement of the number of units, if any, still owned by the declarant, whether the declarant has transferred control of the association to the unit owners, and the date of such transfer;

(o) A statement as to whether there are any violations of the health or building codes with respect to the unit, the limited common elements assigned thereto, or any other portion of the condominium;

(p) A statement of the remaining term of any leasehold estate affecting the condominium and the provisions governing any extension or renewal thereof; ~~((and))~~

(q) A copy of the declaration, the bylaws, the rules or regulations of the association, and any other information reasonably requested by mortgagees of prospective purchasers of units. Information requested generally by the federal national mortgage association, the federal home loan bank board, the government national mortgage association, the veterans administration and the department of housing and urban development shall be deemed reasonable, provided such information is reasonably available to the association; and

(r) A statement, as required by section 301 of this act, as to whether the units or common elements of the condominium are covered by a qualified warranty, and a history of claims under any such warranty.

(2) The association, within ten days after a request by a unit owner, and subject to payment of any fee imposed pursuant to RCW 64.34.304(1)(1), shall furnish a resale certificate signed by an officer or authorized agent of the association

and containing the information necessary to enable the unit owner to comply with this section. For the purposes of this chapter, a reasonable charge for the preparation of a resale certificate may not exceed one hundred fifty dollars. The association may charge a unit owner a nominal fee for updating a resale certificate within six months of the unit owner's request. The unit owner shall also sign the certificate but the unit owner is not liable to the purchaser for any erroneous information provided by the association and included in the certificate unless and to the extent the unit owner had actual knowledge thereof.

(3) A purchaser is not liable for any unpaid assessment or fee against the unit as of the date of the certificate greater than the amount set forth in the certificate prepared by the association unless and to the extent such purchaser had actual knowledge thereof. A unit owner is not liable to a purchaser for the failure or delay of the association to provide the certificate in a timely manner, but the purchaser's contract is voidable by the purchaser until the certificate has been provided and for five days thereafter or until conveyance, whichever occurs first.

Sec. 5. RCW 64.34.445 and 1992 c 220 s 26 are each amended to read as follows:

(1) A declarant and any dealer warrants that a unit will be in at least as good condition at the earlier of the time of the conveyance or delivery of possession as it was at the time of contracting, reasonable wear and tear and damage by casualty or condemnation excepted.

(2) A declarant and any dealer impliedly warrants that a unit and the common elements in the condominium are suitable for the ordinary uses of real estate of its type and that any improvements made or contracted for by such declarant or dealer will be:

(a) Free from defective materials; ~~(and)~~

(b) Constructed in accordance with sound engineering and construction standards ~~(, and)~~;

(c) Constructed in a workmanlike manner; and

(d) Constructed in compliance with all laws then applicable to such improvements.

(3) A declarant and any dealer warrants to a purchaser of a unit that may be used for residential use that an existing use, continuation of which is contemplated by the parties, does not violate applicable law at the earlier of the time of conveyance or delivery of possession.

(4) Warranties imposed by this section may be excluded or modified as specified in RCW 64.34.450.

(5) For purposes of this section, improvements made or contracted for by an affiliate of a declarant, as defined in RCW 64.34.020(1), are made or contracted for by the declarant.

(6) Any conveyance of a unit transfers to the purchaser all of the declarant's implied warranties of quality.

(7) In a judicial proceeding for breach of any of the obligations arising under this section, the plaintiff must show that the alleged breach has adversely affected or will adversely affect the performance of that portion of the unit or common elements alleged to be in breach. As used in this subsection, an "adverse effect" must be more than technical and must be significant to a reasonable person. To establish an adverse effect, the person alleging the breach is not required to prove that the breach renders the unit or common element uninhabitable or unfit for its intended purpose.

(8) Proof of breach of any obligation arising under this section is not proof of damages. Damages awarded for a breach of an obligation arising under this section are the cost of repairs. However, if it is established that the cost of such repairs is clearly disproportionate to the loss in market value caused by the breach, then damages shall be limited to the loss in market value.

Sec. 6. RCW 64.34.450 and 1989 c 43 s 4-113 are each amended to read as follows:

(1) ~~((Except as limited by subsection (2) of this section))~~ For units intended for nonresidential use, implied warranties of quality:

(a) May be excluded or modified by written agreement of the parties; and

(b) Are excluded by written expression of disclaimer, such as "as is," "with all faults," or other language which in common understanding calls the buyer's attention to the exclusion of warranties.

(2) ~~((With respect to a purchaser of a unit that may be occupied))~~ For units intended for residential use, no ((general)) disclaimer of implied warranties of quality is effective, ((but)) except that a declarant ((and any)) or dealer may disclaim liability in ((an instrument)) writing, in type that is bold faced, capitalized, underlined, or otherwise set out from surrounding material so as to be conspicuous, and separately signed by the purchaser, for a specified defect or specified failure to comply with applicable law, if: (a) The declarant or dealer knows or has reason to know that the specific defect or failure ((entered into and became a part of the basis of the bargain)) exists at the time of disclosure; (b) the disclaimer specifically describes the defect or failure; and (c) the disclaimer includes a statement as to the effect of the defect or failure.

(3) A declarant or dealer may offer an express written warranty of quality only if the express written warranty does not reduce protections provided to the purchaser by the implied warranty set forth in RCW 64.34.445.

Sec. 7. RCW 64.34.452 and 2002 c 323 s 11 are each amended to read as follows:

(1) A judicial proceeding for breach of any obligations arising under RCW 64.34.443 ~~((and)), 64.34.445, and 64.34.450~~ must be commenced within four years after the cause of action accrues: PROVIDED, That the period for commencing an action for a breach accruing pursuant to subsection (2)(b) of this section shall not expire prior to one year after termination of the period of declarant control, if any, under RCW 64.34.308(4). Such periods may not be reduced by either oral or written agreement, or through the use of contractual claims or notice procedures that require the filing or service of any claim or notice prior to the expiration of the period specified in this section.

(2) Subject to subsection (3) of this section, a cause of action or breach of warranty of quality, regardless of the purchaser's lack of knowledge of the breach, accrues:

(a) As to a unit, the date the purchaser to whom the warranty is first made enters into possession if a possessory interest was conveyed or the date of acceptance of the instrument of conveyance if a nonpossessory interest was conveyed; and

(b) As to each common element, at the latest of (i) the date the first unit in the condominium was conveyed to a bona fide purchaser, (ii) the date the common element was completed, or (iii) the date the common element was added to the condominium.

(3) If a warranty of quality explicitly extends to future performance or duration of any improvement or component of the condominium, the cause of action accrues at the time the breach is discovered or at the end of the period for which the warranty explicitly extends, whichever is earlier.

(4) If a written notice of claim is served under RCW 64.50.020 within the time prescribed for the filing of an action under this chapter, the statutes of limitation in this chapter and any applicable statutes of repose for construction-related claims are tolled until sixty days after the period of time during which the filing of an action is barred under RCW 64.50.020.

(5) Nothing in this section affects the time for filing a claim under chapter 64.-- RCW (sections 101 through 2002 of this act).

NEW SECTION. Sec. 8. (1) A committee is established to study:

(a) The required use of independent third-party inspections of residential condominiums as a way to reduce the problem of water penetration in residential condominiums; and

(b) The use of arbitration or other forms of alternative dispute resolution to resolve disputes involving alleged breaches of implied or express warranties under chapter 64.34 RCW.

(2) The committee consists of the following members who shall be persons with experience and expertise in condominium law or condominium construction:

(a) A member, who shall be the chair of the committee, to be appointed by the governor;

(b) Three members to be appointed by the majority leader of the senate; and

(c) Three members to be appointed by the speaker of the house of representatives.

(3) The committee shall:

(a) Examine the problem of water penetration of condominiums and the efficacy of requiring independent third-party inspections of condominiums, including plan inspection and inspection during construction, as a way to reduce the problem of water penetration;

(b) Examine issues relating to alternative dispute resolution, including but not limited to:

(i) When and how the decision to use alternative dispute resolution is made;

(ii) The procedures to be used in an alternative dispute resolution;

(iii) The nature of the right of appeal from an alternative dispute resolution decision; and

(iv) The allocation of costs and fees associated with an alternative dispute resolution proceeding or appeal;

(c) Deliver to the judiciary committees of the senate and house of representatives, not later than December 31, 2004, a report of the findings and conclusions of the committee, and any proposed legislation implementing third-party water penetration inspections or providing for alternative dispute resolution for warranty issues.

Sec. 9. RCW 64.34.020 and 1992 c 220 s 2 are each amended to read as follows:

In the declaration and bylaws, unless specifically provided otherwise or the context requires otherwise, and in this chapter:

(1) "Affiliate (~~of a declarant~~)" means any person who controls, is controlled by, or is under common control with (~~a declarant~~) the referenced person. A person "controls" (~~a declarant~~) another person if the person: (a) Is a general partner, officer, director, or employer of the (~~declarant~~) referenced person; (b) directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than twenty percent of the voting interest in the (~~declarant~~) referenced person; (c) controls in any manner the election of a majority of the directors of the (~~declarant~~) referenced person; or (d) has contributed more than twenty percent of the capital of the (~~declarant~~) referenced person. A person "is controlled by" (~~a declarant~~) another person if the (~~declarant~~) other person: (i) Is a general partner, officer, director, or employer of the person; (ii) directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than twenty percent of the voting interest in the person; (iii) controls in any manner the election of a majority of the directors of the person; or (iv) has contributed more than twenty percent of the capital of the person. Real property is not a condominium unless the undivided interests in the common elements are vested in the unit owners, and unless a declaration and a survey map and plans have been recorded pursuant to this chapter.

(10) "Conversion condominium" means a condominium (a) that at any time before creation of the condominium was lawfully occupied wholly or partially by a tenant or subtenant for residential purposes pursuant to a rental agreement, oral or written, express or implied, for which the tenant or subtenant had not received the notice described in (b) of this subsection; or (b) that, at any time within twelve months before the conveyance of, or acceptance of an agreement to convey, any unit therein other than to a declarant or any affiliate of a declarant, was lawfully occupied wholly or partially by a residential tenant of a declarant or an affiliate of a declarant and such tenant was not notified in writing, prior to lawfully occupying a unit or executing a rental agreement, whichever event first occurs, that the unit was part of a condominium and subject to sale. "Conversion condominium" shall not include a condominium in which, before July 1, 1990, any unit therein had been

conveyed or been made subject to an agreement to convey to any transferee other than a declarant or an affiliate of a declarant.

(11) "Conveyance" means any transfer of the ownership of a unit, including a transfer by deed or by real estate contract and, with respect to a unit in a leasehold condominium, a transfer by lease or assignment thereof, but shall not include a transfer solely for security.

(c) Any person who exercises special declarant rights or to whom special declarant rights are transferred; or

(d) Any person who is the owner of a fee interest in the real property which is subjected to the declaration at the time of the recording of an instrument pursuant to RCW 64.34.316 and who directly or through one or more affiliates is materially involved in the construction, marketing, or sale of units in the condominium created by the recording of the instrument.

(14) "Declarant control" means the right of the declarant or persons designated by the declarant to appoint and remove officers and members of the board of directors, or to veto or approve a proposed action of the board or association, pursuant to RCW 64.34.308 (4) or (5).

(15) "Declaration" means the document, however denominated, that creates a condominium by setting forth the information required by RCW 64.34.216 and any amendments to that document.

(16) "Development rights" means any right or combination of rights reserved by a declarant in the declaration to:

(a) Add real property or improvements to a condominium; (b) create units, common elements, or limited common elements within real property included or added to a condominium; (c) subdivide units or convert units into common elements; (d) withdraw real property from a condominium; or (e) reallocate limited common elements with respect to units that have not been conveyed by the declarant.

(18) "Eligible mortgagee" means the holder of a mortgage on a unit that has filed with the secretary of the association a written request that it be given copies of notices of any action by the association that requires the consent of mortgagees.

(19) "Foreclosure" means a forfeiture or judicial or nonjudicial foreclosure of a mortgage or a deed in lieu thereof.

(20) "Identifying number" means the designation of each unit in a condominium.

(21) "Leasehold condominium" means a condominium in which all or a portion of the real property is subject to a lease, the expiration or termination of which will terminate the condominium or reduce its size.

(22) "Limited common element" means a portion of the common elements allocated by the declaration or by operation of RCW 64.34.204 (2) or (4) for the exclusive use of one or more but fewer than all of the units.

(23) "Master association" means an organization described in RCW 64.34.276, whether or not it is also an association described in RCW 64.34.300.

(24) "Mortgage" means a mortgage, deed of trust or real estate contract.

(25) "Person" means a natural person, corporation, partnership, limited partnership, trust, governmental subdivision or agency, or other legal entity.

(26) "Purchaser" means any person, other than a declarant or a dealer, who by means of a disposition acquires a legal or equitable interest in a unit other than (a) a leasehold interest, including renewal options, of less than twenty years at the time of creation of the unit, or (b) as security for an obligation.

(27) "Real property" means any fee, leasehold or other estate or interest in, over, or under land, including structures, fixtures, and other improvements thereon and easements, rights and interests appurtenant thereto which by custom, usage, or law pass with a conveyance of land although not described in the contract of sale or instrument of conveyance. "Real property" includes parcels, with or without upper or lower boundaries, and spaces that may be filled with air or water.

(28) "Residential purposes" means use for dwelling or recreational purposes, or both.

(29) "Special declarant rights" means rights reserved for the benefit of a declarant to: (a) Complete improvements indicated on survey maps and plans filed with the declaration under RCW 64.34.232; (b) exercise any development right under RCW 64.34.236; (c) maintain sales offices, management offices, signs advertising the condominium, and models under RCW 64.34.256; (d) use easements through the common elements for the purpose of making improvements within the condominium or within real property which may be added to the condominium under RCW 64.34.260; (e) make the condominium part of a larger condominium or a development under RCW 64.34.280; (f) make the condominium subject to a master association under RCW 64.34.276; or (g) appoint or remove any officer of the association or any master association or any member of the board of directors, or to veto or approve a proposed action of the board or association, during any period of declarant control under RCW 64.34.308(4).

(30) "Timeshare" shall have the meaning specified in the timeshare act, RCW 64.36.010(11).

(31) "Unit" means a physical portion of the condominium designated for separate ownership, the boundaries of which are described pursuant to RCW 64.34.216(1)(d). (32) "Unit owner" means a declarant or other person who owns a unit or leases a unit in a leasehold condominium under a lease that expires simultaneously with any lease, the expiration or termination of which will remove the unit from the condominium, but does not include a person who has an interest in a unit solely as security for an obligation. "Unit owner" means the vendee, not the vendor, of a unit under a real estate contract.

Sec. 10. RCW 64.34.312 and 1989 c 43 s 3-104 are each amended to read as follows:

(1) Within sixty days after the termination of the period of declarant control provided in RCW 64.34.308(4) or, in the absence of such period, within sixty days after the first conveyance of a unit in the condominium, the declarant shall deliver to the association all property of the unit owners and of the association held or controlled by the declarant including, but not limited to:

- (d) The minute books, including all minutes, and other books and records of the association;
- (e) Any rules and regulations that have been adopted;
- (f) Resignations of officers and members of the board who are required to resign because the declarant is required to relinquish control of the association;
- (g) The financial records, including canceled checks, bank statements, and financial statements of the association, and source documents from the time of incorporation of the association through the date of transfer of control to the unit owners;
- (h) Association funds or the control of the funds of the association;
- (i) All tangible personal property of the association, represented by the declarant to be the property of the association or ostensibly the property of the association, and an inventory of the property;
- (j) Except for alterations to a unit done by a unit owner other than the declarant, a copy of the declarant's plans and specifications utilized in the construction or remodeling of the condominium, with a certificate of the declarant or a licensed architect or engineer that the plans and specifications represent, to the best of their knowledge and belief, the actual plans and specifications utilized by the declarant in the construction or remodeling of the condominium;
- (k) Insurance policies or copies thereof for the condominium and association;
- (l) Copies of any certificates of occupancy that may have been issued for the condominium;

- (p) Any leases of the common elements or areas and other leases to which the association is a party;
- (q) Any employment contracts or service contracts in which the association is one of the contracting parties or service contracts in which the association or the unit owners have an obligation or a responsibility, directly or indirectly, to pay some or all of the fee or charge of the person performing the service; ~~((and))~~

- (s) All other contracts to which the association is a party.

(2) Upon the transfer of control to the unit owners, the records of the association shall be audited as of the date of transfer by an independent certified public accountant in accordance with generally accepted auditing standards unless the unit owners, other than the declarant, by two-thirds vote elect to waive the audit. The cost of the audit shall be a common expense unless otherwise provided in the declaration. The accountant performing the audit shall examine supporting documents and records, including the cash disbursements and related paid invoices, to determine if expenditures were for association purposes and the billings, cash receipts, and related records to determine if the declarant was charged for and paid the proper amount of assessments.

Sec. 11. RCW 64.34.410 and 2002 c 323 s 10 are each amended to read as follows:

- (1) A public offering statement shall contain the following information:
 - (a) The name and address of the condominium;
 - (b) The name and address of the declarant;
 - (c) The name and address of the management company, if any;
 - (d) The relationship of the management company to the declarant, if any;
 - (e) A list of up to the five most recent condominium projects completed by the declarant or an affiliate of the declarant within the past five years, including the names of the condominiums, their addresses, and the number of existing units in each. For the purpose of this section, a condominium is "completed" when any one unit therein has been rented or sold;

ARTICLE 16 ARBITRATION

NEW SECTION. Sec. 1601. A qualified warranty may include mandatory binding arbitration of all disputes arising out of or in connection with a qualified warranty. The provision may provide that all claims for a single condominium be heard by the same arbitrator, but shall not permit the joinder or consolidation of any other person or entity. The arbitration shall comply with the following minimum procedural standards:

- (1) Any demand for arbitration shall be delivered by certified mail return receipt requested, and by ordinary first class mail. The party initiating the arbitration shall address the notice to the address last known to the initiating party in the exercise of reasonable diligence, and also, for any entity which is required to have a registered agent in the state of Washington, to the address of the registered agent. Demand for arbitration is deemed effective three days after the date deposited in the mail;
- (2) All disputes shall be heard by one qualified arbitrator, unless the parties agree to use three arbitrators. If three arbitrators are used, one shall be appointed by each of the disputing parties and the first two arbitrators shall appoint the third, who will chair the panel. The parties shall select the identity and number of the arbitrator or arbitrators after the demand for arbitration is made. If, within thirty days after the effective date of the demand for arbitration, the parties fail to agree on an

arbitrator or the agreed number of arbitrators fail to be appointed, then an arbitrator or arbitrators shall be appointed under RCW 7.04.050 by the presiding judge of the superior court of the county in which the condominium is located;

(3) In any arbitration, at least one arbitrator must be a lawyer or retired judge. Any additional arbitrator must be either a lawyer or retired judge or a person who has experience with construction and engineering standards and practices, written construction warranties, or construction dispute resolution. No person may serve as an arbitrator in any arbitration in which that person has any past or present financial or personal interest;

(4) The arbitration hearing must be conducted in a manner that permits full, fair, and expeditious presentation of the case by both parties. The arbitrator is bound by the law of Washington state. Parties may be, but are not required to be, represented by attorneys. The arbitrator may permit discovery to ensure a fair hearing, but may limit the scope or manner of discovery for good cause to avoid excessive delay and costs to the parties. The parties and the arbitrator shall use all reasonable efforts to complete the arbitration within six months of the effective date of the demand for arbitration or, when applicable, the service of the list of defects in accordance with RCW 64.50.030;

(5) Except as otherwise set forth in this section, arbitration shall be conducted under chapter 7.04 RCW, unless the parties elect to use the construction industry arbitration rules of the American arbitration association, which are permitted to the extent not inconsistent with this section. The expenses of witnesses including expert witnesses shall be paid by the party producing the witnesses. All other expenses of arbitration shall be borne equally by the parties, unless all parties agree otherwise or unless the arbitrator awards expenses or any part thereof to any specified party or parties. The parties shall pay the fees of the arbitrator as and when specified by the arbitrator;

(6) Demand for arbitration given pursuant to subsection (1) of this section commences a judicial proceeding for purposes of RCW 64.34.452;

(7) The arbitration decision shall be in writing and must set forth findings of fact and conclusions of law that support the decision.

ARTICLE 17 ATTORNEYS' FEES

NEW SECTION. Sec. 1701. In no event may such fees exceed the reasonable hourly value of the attorney's work.

ARTICLE 18 TRANSFER

NEW SECTION. Sec. 1801. (1) A qualified warranty pertains solely to the unit and common elements for which it provides coverage and no notice to the qualified insurer is required on a change of ownership.

ARTICLE 19 ACCEPTANCE OF DECLARANT FOR QUALIFIED WARRANTY

NEW SECTION. Sec. 1901. (1) No insurer is bound to offer a qualified warranty to any person. MESSAGE FROM THE HOUSE

March 10, 2004

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 6144, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 76.06 RCW to read as follows:

(1) The legislature finds that Washington faces serious forest health problems where forests are overcrowded or trees are infested with or susceptible to insects, diseases, wind, ice storms, and fire. The causes and contributions to these susceptible conditions include fire suppression, past timber harvesting and silvicultural practices, and the amplified risks that occur when the urban interface penetrates forest land.

(2) The legislature further finds that forest health problems may exist on forest land regardless of ownership, and the state should explore all possible avenues for working in collaboration with the federal government to address common health deficiencies.

(3) The legislature further finds that healthy forests benefit not only the economic interests that rely on forest products but also provide environmental benefits, such as improved water quality and habitat for fish and wildlife.

NEW SECTION. Sec. 2. A new section is added to chapter 76.06 RCW to read as follows:

(1) The commissioner of public lands is designated as the state of Washington's lead for all forest health issues.

(2) The commissioner of public lands shall strive to promote communications between the state and the federal government regarding forest land management decisions that potentially affect the health of forests in Washington and will allow the state to have an influence on the management of federally owned land in Washington. Such government-to-government cooperation is vital if the condition of the state's public and private forest lands are to be protected. These activities may include, when deemed by the commissioner to be in the best interest of the state:

(a) Representing the state's interest before all appropriate local, state, and federal agencies;

(b) Assuming the lead state role for developing formal comments on federal forest management plans that may have an impact on the health of forests in Washington; and

(c) Pursuing in an expedited manner any available and appropriate cooperative agreements, including cooperating agency status designation, with the United States forest service and the United States bureau of land management that allow for meaningful participation in any federal land management plans that could affect the department's strategic plan for healthy forests and effective fire prevention and suppression, including the pursuit of any options available for giving effect to the cooperative philosophy contained within the national environmental policy act of 1969 (42 U.S.C. Sec. 4331).

(3) The commissioner of public lands shall report to the chairs of the appropriate standing committees of the legislature every year on progress under this section, including the identification, if deemed appropriate by the commissioner, of any needed statutory changes, policy issues, or funding needs.

NEW SECTION. Sec. 3. The commissioner of public lands shall develop a statewide plan for increasing forest resistance and resilience to forest insects, disease, wind, and fire in Washington by December 30, 2004. In developing the statewide plan, the commissioner shall work with and consult the work group created in section 4 of this act.

NEW SECTION. Sec. 4. (1) A work group is created to study opportunities to improve the forest health issues enumerated in section 1 of this act that are facing forest land in Washington and to help the commissioner of public lands develop a strategic plan under section 3 of this act. The work group may, if deemed necessary, identify and focus on regions of the state where forest health issues enumerated in section 1 of this act are the most critical.

(2)(a) The work group is comprised of individuals selected on the basis of their knowledge of forests, forest ecology, or forest health issues and, if determined by the commissioner of public lands to be necessary, should represent a mix of individuals with knowledge regarding specific regions of the state. Members of the work group shall be appointed by the commissioner of public lands, unless otherwise specified, and shall include:

(i) The commissioner of public lands or the commissioner's designee, who shall serve as chair;

(ii) A representative of a statewide industrial timber landowner's group;

(iii) A landowner representative from the small forest landowner advisory committee established in RCW 76.13.110;

(iv) A representative of a college within a state university that specializes in forestry or natural resources science;

(v) A representative of an environmental organization;

(vi) A representative of a county that has within its borders state-owned forest lands that are known to suffer from the forest health deficiencies enumerated in section 1 of this act;

(vii) A representative of the Washington state department of fish and wildlife;

(viii) A forest hydrologist, an entomologist, and a fire ecologist, if available;

(ix) A representative of the governor appointed by the governor; and

(x) A representative of a professional forestry organization.

(b) In addition to the membership of the work group outlined in this section, the commissioner of public lands shall also invite the full and equal participation of:

(i) A representative of a tribal government located in a region of the state where the forest health issues enumerated in section 1 of this act are present; and

(ii) A representative of both the United States forest service and the United States fish and wildlife service stationed to work primarily in Washington.

(3) The work group shall:

(a) Determine whether the goals and requirements of chapter 76.06 RCW are being met with regard to the identification, designation, and reduction of significant forest insect and disease threats to public and private forest resources, and whether the provisions of chapter 76.06 RCW are the most effective and appropriate way to address forest health issues;

(b) Study what incentives could be used to assist landowners with the costs of creating and maintaining forest health;

(c) Identify opportunities and barriers for improved prevention of losses of public and private resources to forest insects, diseases, wind, and fire;

(d) Assist the commissioner in developing a strategic plan under section 3 of this act for increasing forest resistance and resilience to forest insects, disease, wind, and fire in Washington;

(e) Develop funding alternatives for consideration by the legislature;

(f) Explore possible opportunities for the state to enter into cooperative agreements with the federal government, or other avenues for the state to provide input on the management of federally owned land in Washington;

(g) Develop recommendations for the proper treatment of infested and fire and wind damaged forests on public and private lands within the context of working with interdisciplinary teams under the forest practices act to ensure that forest health is achieved with the protection of fish, wildlife, and other public resources;

(h) Analyze the state noxious weed control statutes and procedures (chapter 17.10 RCW) and the extreme hazard regulations adopted under the forest protection laws, to determine if the policies and procedures of these laws are applicable, or could serve as a model to support improved forest health; and

(i) Recommend whether the work group should be extended beyond the time that the required report has been submitted.

(4) The work group shall submit to the department of natural resources and the appropriate standing committees of the legislature, no later than December 30, 2004, its findings and recommendations for legislation that is necessary to implement the findings.

(5) The department of natural resources shall provide technical and staff support from existing staff for the work group created by this section.

(6) This section expires June 30, 2005.

NEW SECTION. Sec. 5. A new section is added to chapter 79.15 RCW to read as follows:

(1) The legislature intends to ensure, to the extent feasible given all applicable trust responsibilities, that trust beneficiaries receive long-term income from timber lands through improved forest conditions and by reducing the threat of forest fire to state trust forest lands.

(2) In order to implement the intent of subsection (1) of this section, the department may initiate contract harvesting timber sales, or other silvicultural treatments when appropriate, in specific areas of state trust forest land where the department has identified forest health deficiencies as enumerated in section 1 of this act. All harvesting or silvicultural treatments applied under this section must be tailored to improve the health of the specific stand, must be consistent with any applicable state forest plans and other management agreements, and must comply with all applicable state and federal laws and regulations regarding the harvest of timber by the department of natural resources.

(3) In utilizing contract harvesting to address forest health issues as outlined in this section, the department shall give priority to silvicultural treatments that assist the department in meeting forest health strategies included in any management or landscape plans that exist for state forests.

Sec. 6. RCW 79.15.510 and 2003 c 313 s 3 are each amended to read as follows:

(1) The department may establish a contract harvesting program ~~((by))~~ for directly contracting for the removal of timber and other valuable materials from state lands and for conducting silvicultural treatments consistent with section 5 of this act.

(2) The contract requirements must be compatible with the office of financial management's guide to public service contracts.

(3) The department may not use contract harvesting for more than ten percent of the total annual volume of timber offered for sale. However, volume removed primarily to address an identified forest health issue under section 5 of this act may not be included in calculating the ten percent annual limit of contract harvesting sales.

Sec. 7. RCW 79.15.520 and 2003 c 313 s 4 are each amended to read as follows:

(1) The contract harvesting revolving account is created in the custody of the state treasurer. All receipts from the gross proceeds of the sale of logs from a contract harvesting sale must be deposited into the account. Expenditures from the account may be used only for the payment of harvesting costs incurred on contract harvesting sales and for payment of costs incurred from silvicultural treatments necessary to improve forest health conducted under section 5 of this act. Only the commissioner or the commissioner's designee may authorize expenditures from the account. The board of natural resources has oversight of the account, and the commissioner must periodically report to the board of natural resources as to the status of the account, its disbursement, and receipts. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) When the logs from a contract harvesting sale are sold, the gross proceeds must be deposited into the contract harvesting revolving account. Moneys equal to the harvesting costs must be retained in the account and be deducted from the gross proceeds to determine the net proceeds. The net proceeds from the sale of the logs must be distributed in accordance with RCW ~~((43.85-130))~~ 43.30.325(1)(b). The final receipt of gross proceeds on a contract harvesting sale must be retained in the contract harvesting revolving account until all required costs for that sale have been paid. The contract harvesting revolving account is an interest-bearing account and the interest must be credited to the account. The account balance may not exceed one million dollars at the end of each fiscal year. Moneys in excess of one million dollars must be disbursed according to RCW ~~((76.12.030, 76.12.120))~~ 79.22.040, 79.22.050, and 79.64.040. If the department permanently discontinues the use of contract harvesting sales, any sums remaining in the contract harvesting revolving account must be returned to the resource management cost account and the forest development account in proportion to each account's contribution to the initial balance of the contract harvesting revolving account.

Sec. 8. RCW 79.15.500 and 2003 c 313 s 2 are each amended to read as follows:

The definitions in this section apply throughout ~~((this chapter))~~ RCW 79.15.500 through 79.15.530 and section 5 of this act unless the context clearly requires otherwise.

(1) "Commissioner" means the commissioner of public lands.

(2) "Contract harvesting" means a timber operation occurring on state forest lands, in which the department contracts with a firm or individual to perform all the necessary harvesting work to process trees into logs sorted by department specifications. The department then sells the individual log sorts.

(3) "Department" means the department of natural resources.

(4) "Harvesting costs" are those expenses related to the production of log sorts from a stand of timber. These expenses typically involve road building, labor for felling, bucking, and yarding, as well as the transporting of sorted logs to the forest product purchasers.

(5) "Net proceeds" means gross proceeds from a contract harvesting sale less harvesting costs.

(6) "Silvicultural treatment" means any vegetative or other treatment applied to a managed forest to improve the conditions of the stand, and may include harvesting, thinning, prescribed burning, and pruning.

Sec. 9. 2003 c 313 s 13 (uncodified) is amended to read as follows:
By December 31, 2006, the department of natural resources must provide a report to the appropriate committees of the legislature (~~(concerning)~~) that provides:

(1) An accounting of the costs and effectiveness of the contract harvesting program; and
(2) A summary of sales carried out under the contract harvesting program primarily for silvicultural treatments that are permitted under section 5 of this act. ~~((The report must be submitted by December 31, 2006.))~~

NEW SECTION. Sec. 10. Sections 5 through 8 of this act are intended to provide interim tools to the department of natural resources to address forest health issues on state land prior to the completion of the assignment given to the work group in section 4 of this act. As such, sections 5 through 8 of this act expire December 31, 2007.

NEW SECTION. Sec. 11. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."
Correct the title.

**PART 4
MISCELLANEOUS**

NEW SECTION. Sec. 901. A new section is added to chapter 89.08 RCW to read as follows:

(1) The conservation assistance revolving account is created in the custody of the state treasurer. The account shall be administered by the conservation commission. Moneys from the account may only be spent after appropriation. Moneys placed in the account shall include principal and interest from the repayment of any loans granted under this section, and any

other moneys appropriated to the account by the legislature. Expenditures from the account may be used to make loans to landowners for projects enrolled in the conservation reserve enhancement program.

(2) In order to aid the financing of conservation reserve enhancement program projects, the conservation commission, through the conservation districts, may make interest-free loans to conservation reserve enhancement program enrollees from the conservation assistance revolving account. The conservation commission may require such terms and conditions as it deems necessary to carry out the purposes of this section. Loans to landowners shall be for costs associated with the installation of conservation improvements eligible for and secured by federal farm service agency practice incentive payment reimbursement. Loans under this program promote critical habitat protection and restoration by bridging the financing gap between project implementation and federal funding. The conservation commission shall give loan preferences to those projects expected to generate the greatest environmental benefits and that occur in basins with critical or depressed salmonid stocks. Money received from landowners in loan repayments made under this section shall be paid into the conservation assistance revolving account for uses consistent with this section.

Sec. 902. 2003 1st sp.s. c 26 s 902 (uncodified) is amended to read as follows:

(1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management. The office of financial management shall notify the house of representatives capital budget committee and the senate ways and means committee of allotment releases based on review by the office of financial management. No expenditure may be incurred or obligation entered into for appropriations in this act until the office of financial management has given final approval to the allotment of the funds to be expended or encumbered. For allotments under this act, the allotment process includes, in addition to the statement of proposed expenditures for the current biennium, a category or categories for any reserve amounts and amounts expected to be expended in future biennia. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110. Contracts shall not be executed that call for expenditures in excess of the approved allotment, and the total amount shown in such contracts for the cost of future work that has not been appropriated shall not exceed the amount identified for such work in the level of funding approved by the office of financial management at the completion of predesign.

(2) The legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

Sec. 903. 2003 1st sp.s. c 26 s 905 (uncodified) is amended to read as follows:

(1) To ensure that minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management and the office of financial management has formally approved the lists. Proposed revisions to the lists must be filed with and approved by the office of financial management before funds may be expended on the revisions.

(2)(a) Minor works projects are single line appropriations that include multiple projects valued between \$25,000 and \$1 million each that are of a similar nature and can generally be completed within two years of the appropriation with the funding provided. Minor works categories include (i) health, safety, and code requirements; (ii) facility preservation; (iii) infrastructure preservation; and (iv) program improvement or expansion. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(3) The office of financial management shall forward copies of these project lists and revised lists to the house of representatives capital budget committee and the senate ways and means committee. No expenditure may be incurred or obligation entered into for minor works appropriations until the office of financial management has approved the allotment of the funds to be expended. The office of financial management shall encourage state agencies to incorporate accessibility planning and improvements into the normal and customary capital program.

(4) The legislature generally does not intend to make future appropriations for capital expenditures or for maintenance and operating expenses for an acquisition project or a significant expansion project that is initiated through the minor works process and therefore does not receive a policy and fiscal analysis by the legislature. Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

(3) This section expires June 30, 2005.

Sec. 906. RCW 43.82.010 and 1997 c 117 s 1 are each amended to read as follows:

(1) The director of general administration, on behalf of the agency involved, shall purchase, lease, lease purchase, rent, or otherwise acquire all real estate, improved or unimproved, as may be required by elected state officials, institutions, departments, commissions, boards, and other state agencies, or federal agencies where joint state and federal activities are undertaken and may grant easements and transfer, exchange, sell, lease, or sublease all or part of any surplus real estate for those state agencies which do not otherwise have the specific authority to dispose of real estate. This section does not transfer financial liability for the acquired property to the department of general administration.

(2) Except for real estate occupied by federal agencies, the director shall determine the location, size, and design of any real estate or improvements thereon acquired or held pursuant to subsection (1) of this section. Facilities acquired or held pursuant to this chapter, and any improvements thereon, shall conform to standards adopted by the director and approved by the office of financial management governing facility efficiency unless a specific exemption from such standards is provided by the director of general administration. The director of general administration shall report to the office of financial management annually on any exemptions granted pursuant to this subsection.

(3) The director of general administration may fix the terms and conditions of each lease entered into under this chapter, except that no lease shall extend greater than twenty years in duration. The director of general administration may enter into a long-term lease greater than ten years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of general administration may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility. For the 2003-05 biennium, any lease entered into after the effective date of this section with a term of ten years or less shall not contain a nonappropriation clause.

(4) Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a public offering. Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a private placement without the prior written approval of the state treasurer. However, this limitation shall not prevent a lessor from assigning or encumbering its interest in a lease as security for the repayment of a promissory note provided that the transaction would otherwise be an exempt transaction under RCW 21.20.320. The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state's credit rating and the integrity of the state's debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. The department of general administration shall promptly notify the state treasurer whenever it may appear to the department that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection.

(5) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

(6) The director of general administration shall provide coordinated long-range planning services to identify and evaluate opportunities for colocating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of general administration shall determine whether an opportunity exists for colocating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of general administration shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of general administration, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(7) The director of general administration is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of general administration shall charge each using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental, to meet unforeseen expenses incident to management of the real estate.

(8) If the director of general administration determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (7) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds: **PROVIDED**, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(9) In order to obtain maximum utilization of space, the director of general administration shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities.

(10) The director of general administration may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of general

administration shall conduct an evaluation of the facility design and budget using life-cycle cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(11) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of general administration or the director's designee, and recorded with the county auditor of the county in which the property is located.

(12) The director of general administration may delegate any or all of the functions specified in this section to any agency upon such terms and conditions as the director deems advisable.

(13) This section does not apply to the acquisition of real estate by:

(a) The state college and universities for research or experimental purposes;

(b) The state liquor control board for liquor stores and warehouses; and

(c) The department of natural resources, the department of fish and wildlife, the department of transportation, and the state parks and recreation commission for purposes other than the leasing of offices, warehouses, and real estate for similar purposes.

(14) Notwithstanding any provision in this chapter to the contrary, the department of general administration may negotiate ground leases for public lands on which property is to be acquired under a financing contract pursuant to chapter 39.94 RCW under terms approved by the state finance committee.

NEW SECTION. Sec. 907. (1)(a) The legislature acknowledges the recommendation of the house of representatives capital budget committee 2002 interim workgroup on higher education facilities regarding encouragement of partnerships that attract federal and private funding for certain types of capital facilities, particularly research facilities and facilities providing unique or targeted skills. One incentive to attracting nonstate funding of facilities might be the state sharing in the ongoing operating and maintenance costs through the operating budget and sharing future capital maintenance costs. The workgroup recommended that a process be developed to enable an institution to request such assistance up-front at the time the facility being funded with nonstate resources is planned, rather than after the facility is built. While the legislature will not commit in a present budget to providing operating and maintenance or capital maintenance funding in the future, the institution is less likely to receive this assistance when the facility is constructed if the assistance was not requested up-front when the facility was being planned. Until a more formal process is identified, the legislature will acknowledge such a request in a budget proviso or in the legislative budget notes. This section does not apply to facilities that traditionally do not receive any state budget support, such as student dining, recreation, and housing facilities.

(b) While the legislature assumes facilities funded using alternative financing contracts approved in the capital budget will not be receiving state budget support, exceptions to this should be requested of the governor and legislature up-front, as provided for in this section for nonstate funded facilities.

(2)(a) The following project, funded primarily by nonstate budget sources, is expected to be included in the institution's operating budget request once the facility is completed: Washington State University's agricultural research facility, constructed using federal funds.

(b) The legislature is not committing to providing funds for operating and maintenance or capital maintenance on the facility described in (a) of this subsection at this time, but will consider that decision when the project nears completion. Considerations will include the appropriate amount of such assistance, particularly given the research nature of the facility and the potential for indirect cost recovery associated with the research grants coming to the institution as a result of the facility.

Sec. 908. 2003 1st sp.s. c 26 s 915 (uncodified) is amended to read as follows:

(1) The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) Transfers of funds to an agency's infrastructure savings appropriation are subject to review and approval by the office of financial management. Expenditures from an infrastructure savings appropriation are limited to projects that have a primary purpose to correct infrastructure deficiencies or conditions that: (a) Adversely affect the ability to utilize the infrastructure for its current programmatic use; (b) reduce the life expectancy of the infrastructure; or (c) increase the operating costs of the infrastructure for its current programmatic use. Eligible infrastructure projects may include structures and surface improvements, site amenities, utility systems outside building footprints and natural environmental changes or requirements as part of an environmental regulation, a declaration of emergency for an infrastructure issue in conformance with RCW 43.88.250, or infrastructure planning as part of a facility master plan.

(5) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

Sec. 909. RCW 70.146.030 and 2003 1st sp.s. c 25 s 934 are each amended to read as follows:

(1) The water quality account is hereby created in the state treasury. Moneys in the account may be used only in a manner consistent with this chapter. Moneys deposited in the account shall be administered by the department of ecology and shall be subject to legislative appropriation. Moneys placed in the account shall include tax receipts as provided in RCW 82.24.027, 82.26.025, and 82.32.390, principal and interest from the repayment of any loans granted pursuant to this chapter, and any other moneys appropriated to the account by the legislature.

(2) The department may use or permit the use of any moneys in the account to make grants or loans to public bodies, including grants to public bodies as cost-sharing moneys in any case where federal, local, or other funds are made available on a cost-sharing basis, for water pollution control facilities and activities, or for purposes of assisting a public body to obtain an ownership interest in water pollution control facilities and/or to defray a part of the payments made by a public body to a service provider under a service agreement entered into pursuant to RCW 70.150.060, within the purposes of this chapter and for related administrative expenses. For the period July 1, 2003, to June 30, 2005, moneys in the account may be used to process applications received by the department that seek to make changes to or transfer existing water rights, for water conveyance projects, and for grants and technical assistance to public bodies for watershed planning under chapter 90.82 RCW. No more than three percent of the moneys deposited in the account may be used by the department to pay for the administration of the grant and loan program authorized by this chapter.

(3) Beginning with the biennium ending June 30, 1997, the department shall present a biennial progress report on the use of moneys from the account to the chairs of the senate committee on ways and means and the house of representatives committee on appropriations. The first report is due June 30, 1996, and the report for each succeeding biennium is due December 31 of the odd-numbered year. The report shall consist of a list of each recipient, project description, and amount of the grant, loan, or both.

Sec. 910. RCW 28B.50.360 and 2002 c 238 s 303 are each amended to read as follows:

Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, and, during the 2003-05 biennium, engineering and architectural services provided by the department of general administration, and for the payment of principal of and interest on any bonds issued for such purposes. ~~((During the 2001-2003 fiscal biennium, the legislature may transfer from the account to the state general fund such amounts as reflect the excess fund balance of the account.))~~

NEW SECTION. Sec. 911. During the 2003-05 biennium, the state parks and recreation commission shall study the various options regarding the future of Old Man House state park. These alternatives include retention as a state park, roles of volunteer community groups, transfer to the Suquamish tribe, sale as surplus property, or other alternatives. The commission may, if it deems it appropriate after studying the various options, transfer the park to the Suquamish tribe. Any action shall provide for continued public access and use of the site for public recreation, and include a limited waiver of sovereignty by the tribe restricted to the enforceability of the reversion clause pursuant to RCW 79A.05.170.

NEW SECTION. Sec. 912. A new section is added to chapter 39.33 RCW to read as follows:

(1) During the 2003-05 biennium, notwithstanding any other provision of law, the department of general administration is authorized to sell the property and attendant parking lot located at 1058 Capitol Way, Olympia, for fair market value to a nonprofit organization whose function is to produce television coverage of state government deliberations and other events of statewide significance.

(2) This section expires June 30, 2005.

NEW SECTION. Sec. 913. A new section is added to chapter 79.19 RCW to read as follows:

(1) All transaction costs associated with the exchange required under chapter . . . (House Bill No. 3045), Laws of 2004, shall be included in the valuation of the lands exchanged.

(2) Notwithstanding any other provision of law, the department of natural resources is authorized to use moneys derived from the sale of lands acquired by the common school trust through the exchange required under chapter . . . (House Bill No. 3045), Laws of 2004, to acquire commercial or industrial properties for the common school trust.

(3) If chapter . . . (House Bill No. 3045), Laws of 2004, is not enacted by April 15, 2004, this section expires April 16, 2004; if it is enacted by April 15, 2004, this section expires June 30, 2005.

NEW SECTION. Sec. 914. (1) The legislature finds that it is in the public interest to encourage development of a BioGas facility at the Monroe honor farm to convert dairy waste, fish processing waste, and other waste products into energy. Such a facility will: Help improve water quality in area streams; help restore salmon habitat; create jobs; generate green energy; improve the economic sustainability of area dairy farms; help stem sprawl; serve as a demonstration project for environmental education; reduce on-going costs associated with maintaining state ownership of this facility; encourage greater cooperation between area tribes and agricultural interests; and be a model for other such efforts in the state.

(2) In consideration of the multiple public benefits set forth in this section and notwithstanding any other provision of law, within one hundred twenty days of the requirements of subsection (4) of this section being completed during the 2003-05 biennium, the state shall transfer the Monroe honor farm to a federally recognized tribe within Snohomish county for construction and operation of a BioGas facility, related agricultural-based businesses, and activities designed to promote salmon restoration and sustainability of area dairy farms. The secretary of corrections shall enter into an agreement with the department of general administration to work with the federally recognized tribe to draft appropriate deed restrictions or conservation easements for the property to ensure that the property is used for the legislative purposes set forth in this section.

(3) The department of general administration shall transfer the property only if the federally recognized tribe has completed a feasibility study for a BioGas facility at the site, only if the tribe has concluded that development of such a facility is feasible, only after the necessary development permits are approved, and only after a public hearing is conducted by the department of general administration. Further, if the property is not used for one or more of the purposes set forth in this section within two years from the date of transfer or if at any time the property is used for activities inconsistent with the legislative purposes set forth in this section, then the ownership of the property shall automatically revert to the state of Washington and be processed as surplus property. The tribe shall be liable or responsible for any environmental contamination occurring during the period the tribe owns the property.

(4) The legislature finds that the value of the public benefits set forth in this section exceeds the fair market value of Monroe honor farm. Accordingly, the state shall transfer the property to a federally recognized tribe within Snohomish county at no cost beyond the consideration set forth in this section. Nothing in this section shall be deemed to affect or modify liability or responsibility for any existing environmental contamination related to the Monroe honor farm.

NEW SECTION. Sec. 915. By October 1, 2004, the department of general administration shall report to the legislature the priority order of the state buildings the department would map subject to implementation of RCW 36.28A.060.

NEW SECTION. Sec. 916. MESSAGE FROM THE HOUSE

MR. PRESIDENT:

Under suspension of rules SUBSTITUTE SENATE BILL NO. 6208, was returned to second reading for purpose of an amendment{s}, and passed the House as amended by the House.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 57.08.005 and 2003 c 394 s 5 are each amended to read as follows:

A district shall have the following powers:

(1) To acquire by purchase or condemnation, or both, all lands, property and property rights, and all water and water rights, both within and without the district, necessary for its purposes. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities and towns, insofar as consistent with this title, except that all assessment or reassessment rolls to be prepared and filed by eminent domain commissioners or commissioners appointed by the court shall be prepared and filed by the district, and the duties devolving upon the city treasurer are imposed upon the county treasurer;

(2) To lease real or personal property necessary for its purposes for a term of years for which that leased property may reasonably be needed;

(3) To construct, condemn and purchase, add to, maintain, and supply waterworks to furnish the district and inhabitants thereof and any other persons, both within and without the district, with an ample supply of water for all uses and purposes public and private with full authority to regulate and control the use, content, distribution, and price thereof in such a manner as is not in conflict with general law and may construct, acquire, or own buildings and other necessary district facilities. Where a customer connected to the district's system uses the water on an intermittent or transient basis, a district may charge for providing water service to such a customer, regardless of the amount of water, if any, used by the customer. District waterworks may include facilities which result in combined water supply and electric generation, if the electricity generated thereby is a byproduct of the water supply system. That electricity may be used by the district or sold to any entity authorized by law to use or distribute electricity. Electricity is deemed a byproduct when the electrical generation is

subordinate to the primary purpose of water supply. For such purposes, a district may take, condemn and purchase, acquire, and retain water from any public or navigable lake, river or watercourse, or any underflowing water, and by means of aqueducts or pipeline conduct the same throughout the district and any city or town therein and carry it along and upon public highways, roads, and streets, within and without such district. For the purpose of constructing or laying aqueducts or pipelines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such district may occupy the beds and shores up to the high water mark of any such lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be necessary to protect its water supply from pollution. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner;

(4) To purchase and take water from any municipal corporation, private person, or entity. A district contiguous to Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance, and supply of waterworks to furnish the district and inhabitants thereof and residents of Canada with an ample supply of water under the terms approved by the board of commissioners;

(5) To construct, condemn and purchase, add to, maintain, and operate systems of sewers for the purpose of furnishing the district, the inhabitants thereof, and persons outside the district with an adequate system of sewers for all uses and purposes, public and private, including but not limited to on-site sewage disposal facilities, approved septic tanks or approved septic tank systems, on-site sanitary sewerage systems, inspection services and maintenance services for private and public on-site systems, point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a district, other facilities, programs, and systems for the collection, interception, treatment, and disposal of wastewater, and for the control of pollution from wastewater with full authority to regulate the use and operation thereof and the service rates to be charged. Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer. Sewage facilities may include facilities which result in combined sewage disposal or treatment and electric generation, except that the electricity generated thereby is a byproduct of the system of sewers. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of sewage disposal or treatment. For such purposes a district may conduct sewage throughout the district and throughout other political subdivisions within the district, and construct and lay sewer pipe along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such sewer pipe. A district may erect sewage treatment plants within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from its sewers or its sewage treatment plant. For the purposes of sewage facilities which include facilities that result in combined sewage disposal or treatment and electric generation where the electric generation is a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(6)(a) To construct, condemn and purchase, add to, maintain, and operate systems of drainage for the benefit and use of the district, the inhabitants thereof, and persons outside the district with an adequate system of drainage, including but not limited to facilities and systems for the collection, interception, treatment, and disposal of storm or surface waters, and for the protection, preservation, and rehabilitation of surface and underground waters, and drainage facilities for public highways, streets, and roads, with full authority to regulate the use and operation thereof and, except as provided in (b) of this subsection, the service rates to be charged.

(b) The rate a district may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(c) Drainage facilities may include natural systems. Drainage facilities may include facilities which result in combined drainage facilities and electric generation, except that the electricity generated thereby is a byproduct of the drainage system. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of drainage collection, disposal, and treatment. For such purposes, a district may conduct storm or surface water throughout the district and throughout other political subdivisions within the district, construct and lay drainage pipe and culverts along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such drainage systems. A district may provide or erect facilities and improvements for the treatment and disposal of storm or surface water within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from storm or surface waters. For the purposes of drainage facilities which include facilities that also generate electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(7) To construct, condemn, acquire, and own buildings and other necessary district facilities;

(8) To compel all property owners within the district located within an area served by the district's system of sewers to connect their private drain and sewer systems with the district's system under such penalty as the commissioners shall prescribe by resolution. The district may for such purpose enter upon private property and connect the private drains or

sewers with the district system and the cost thereof shall be charged against the property owner and shall be a lien upon property served;

(9) Where a district contains within its borders, abuts, or is located adjacent to any lake, stream, ground water as defined by RCW 90.44.035, or other waterway within the state of Washington, to provide for the reduction, minimization, or elimination of pollutants from those waters in accordance with the district's comprehensive plan, and to issue general obligation bonds, revenue bonds, local improvement district bonds, or utility local improvement bonds for the purpose of paying all or any part of the cost of reducing, minimizing, or eliminating the pollutants from these waters;

(10) Subject to subsection (6) of this section, to fix rates and charges for water, sewer, and drain service supplied and to charge property owners seeking to connect to the district's systems, as a condition to granting the right to so connect, in addition to the cost of the connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that those property owners shall bear their equitable share of the cost of the system. For the purposes of calculating a connection charge, the board of commissioners shall determine the pro rata share of the cost of existing facilities and facilities planned for construction within the next ten years and contained in an adopted comprehensive plan and other costs borne by the district which are directly attributable to the improvements required by property owners seeking to connect to the system. The cost of existing facilities shall not include those portions of the system which have been donated or which have been paid for by grants. The connection charge may include interest charges applied from the date of construction of the system until the connection, or for a period not to exceed ten years, whichever is shorter, at a rate commensurate with the rate of interest applicable to the district at the time of construction or major rehabilitation of the system, or at the time of installation of the lines to which the property owner is seeking to connect. In lieu of requiring the installation of permanent local facilities not planned for construction by the district, a district may permit connection to the water and/or sewer systems through temporary facilities installed at the property owner's expense, provided the property owner pays a connection charge consistent with the provisions of this chapter and agrees, in the future, to connect to permanent facilities when they are installed; or a district may permit connection to the water and/or sewer systems through temporary facilities and collect from property owners so connecting a proportionate share of the estimated cost of future local facilities needed to serve the property, as determined by the district. The amount collected, including interest at a rate commensurate with the rate of interest applicable to the district at the time of construction of the temporary facilities, shall be held for contribution to the construction of the permanent local facilities by other developers or the district. The amount collected shall be deemed full satisfaction of the proportionate share of the actual cost of construction of the permanent local facilities. If the permanent local facilities are not constructed within fifteen years of the date of payment, the amount collected, including any accrued interest, shall be returned to the property owner, according to the records of the county auditor on the date of return. If the amount collected is returned to the property owner, and permanent local facilities capable of serving the property are constructed thereafter, the property owner at the time of construction of such permanent local facilities shall pay a proportionate share of the cost of such permanent local facilities, in addition to reasonable connection charges and other charges authorized by this section. A district may permit payment of the cost of connection and the reasonable connection charge to be paid with interest in installments over a period not exceeding fifteen years. The county treasurer may charge and collect a fee of three dollars for each year for the treasurer's services. Those fees shall be a charge to be included as part of each annual installment, and shall be credited to the county current expense fund by the county treasurer. Revenues from connection charges excluding permit fees are to be considered payments in aid of construction as defined by department of revenue rule. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A water-sewer district shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using water-sewer district employees unless the on-site system is connected by a publicly owned collection system to the water-sewer district's sewerage system, and the on-site system represents the first step in the sewage disposal process.

Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for sewer, water, storm water control, drainage, and street lighting facilities to the same extent private persons and private property are subject to those rates and charges that are imposed by districts. In setting those rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;

(11) To contract with individuals, associations and corporations, the state of Washington, and the United States;

(12) To employ such persons as are needed to carry out the district's purposes and fix salaries and any bond requirements for those employees;

(13) To contract for the provision of engineering, legal, and other professional services as in the board of commissioner's discretion is necessary in carrying out their duties;

(14) To sue and be sued;

(15) To loan and borrow funds and to issue bonds and instruments evidencing indebtedness under chapter 57.20 RCW and other applicable laws;

(16) To transfer funds, real or personal property, property interests, or services subject to RCW 57.08.015;

(17) To levy taxes in accordance with this chapter and chapters 57.04 and 57.20 RCW;

(18) To provide for making local improvements and to levy and collect special assessments on property benefitted thereby, and for paying for the same or any portion thereof in accordance with chapter 57.16 RCW;

(19) To establish street lighting systems under RCW 57.08.060;

(20) To exercise such other powers as are granted to water-sewer districts by this title or other applicable laws; and

(21) To exercise any of the powers granted to cities and counties with respect to the acquisition, construction, maintenance, operation of, and fixing rates and charges for waterworks and systems of sewerage and drainage."

On page 1, line 1 of the title, after "connections;" strike the remainder of the title and insert "and amending RCW 57.08.005." and the same are herewith transmitted.

MOTION

Senator Roach moved that the Senate concur in the House amendment(s) to Substitute Senate Bill No. 6208. Senator Roach spoke in favor of the motion.

MOTION

Senator Kastama moved that the Senate defer further consideration of Substitute Senate Bill No. 6208 and the bill hold its place on the Concurrence Calendar. Senator Esser spoke against the motion to defer.

POINT OF ORDER

Senator Spanel: "I have compared the bill that we had yesterday that was scoped, with the bill that is in the green concurrence calendar bill books and they're identical and so I would like to know which bill is even being proposed at this time?"

REPLY BY THE PRESIDENT

President Owen: "Senator Spanel, you have raised the point of order that this is identical to a bill that the President has scoped and your question is whether or not it is properly before us. We will have to take a look at that and see. We can't answer that question at this time."

The President declared the question before the Senate to be the motion by Senator Kastama that the Senate defer further consideration of Substitute Senate Bill No. 6208 and hold its place on the concurrence calendar.

The motion by Senator Kastama carried by a voice vote.

INTRODUCTION OF SPECIAL GUESTS

President Owen introduced Emily Locke, daughter of Governor Gary Locke, who was seated at the rostrum and wished her a happy belated birthday.

MESSAGE FROM THE HOUSE

March 10, 2004

MR. PRESIDENT:

Under suspension of rules SENATE BILL NO. 6485, was returned to second reading for purpose of an amendment{s}, and passed the House as amended by the House.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The department of health, in cooperation with the Washington state hospital association, shall oversee a pilot project to implement and evaluate strategies to reduce the burden on hospitals, and improve the quality and efficiency, of hospital surveys or audits.

(2) The pilot project shall also include the state auditor's office, the department of revenue, the department of social and health services, the state board of pharmacy, the department of ecology, the office of the state fire marshal, the department of labor and industries, local building and fire officials, and the joint commission on accreditation of health care organizations.

(3) Strategies to be implemented and evaluated by the pilot project include, but are not limited to, providing notice of survey and audit visits, consolidation of survey and audit visits, coordination of separate survey and audit visits, deeming of one agency's visits for another, using a combined entrance meeting with hospital management, identifying a standard set of documents to be available for all surveys and audits, and minimizing duplication of required documents.

(4) The department of health shall report to the legislature by December 1, 2004, regarding the results of the pilot project and the strategies identified for adoption on a statewide basis to improve the regulatory environment for hospitals while assuring the safety and well-being of patients and full compliance with relevant state and local laws.

NEW SECTION. Sec. 2. A new section is added to chapter 70.41 RCW to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Agency" means a department of state government created under RCW 43.17.010 and the office of the state auditor.

(b) "Audit" means an examination of records or financial accounts to evaluate accuracy and monitor compliance with statutory or regulatory requirements.

(c) "Hospital" means a hospital licensed under chapter 70.41 RCW.

(d) "Survey" means an inspection, examination, or site visit conducted by an agency to evaluate and monitor the compliance of a hospital or hospital services or facilities with statutory or regulatory requirements.

(2) By July 1, 2004, each state agency which conducts hospital surveys or audits shall post to its agency web site a list of the most frequent problems identified in its hospital surveys or audits along with information on how to avoid or address the identified problems, and a person within the agency that a hospital may contact with questions or for further assistance.

(3) By July 1, 2004, the department of health, in cooperation with other state agencies which conduct hospital surveys or audits, shall develop an instrument, to be provided to every hospital upon completion of a state survey or audit, which allows the hospital to anonymously evaluate the survey or audit process in terms of quality, efficacy, and the extent to which it supported improved patient care and compliance with state law without placing an unnecessary administrative burden on the hospital. The evaluation may be returned to the department of health for distribution to the appropriate agency. The department of health shall annually compile the evaluations in a report to the legislature.

(4) Except when responding to complaints or immediate public health and safety concerns or when such prior notice would conflict with other state or federal law, any state agency that provides notice of a hospital survey or audit must provide such notice to the hospital no less than four weeks prior to the date of the survey or audit.

Sec. 3. RCW 70.41.080 and 1995 c 369 s 40 are each amended to read as follows:

Standards for fire protection and the enforcement thereof, with respect to all hospitals to be licensed hereunder shall be the responsibility of the chief of the Washington state patrol, through the director of fire protection, who shall adopt, after approval by the department, such recognized standards as may be applicable to hospitals for the protection of life against the cause and spread of fire and fire hazards. Such standards shall be consistent with the standards adopted by the federal centers for medicare and medicaid services for hospitals that care for medicare or medicaid beneficiaries. The department upon receipt of an application for a license, shall submit to the director of fire protection in writing, a request for an inspection, giving the applicant's name and the location of the premises to be licensed. Upon receipt of such a request, the chief of the Washington state patrol, through the director of fire protection, or his or her deputy, shall make an inspection of the hospital to be licensed, and if it is found that the premises do not comply with the required safety standards and fire regulations as adopted pursuant to this chapter, he or she shall promptly make a written report to the hospital and to the department listing the corrective actions required and the time allowed for accomplishing such corrections. The applicant or licensee shall notify the chief of the Washington state patrol, through the director of fire protection, upon completion of any corrections required by him or her, and the chief of the Washington state patrol, through the director of fire protection, or his or her deputy, shall make a reinspection of such premises. Whenever the hospital to be licensed meets with the approval of the chief of the Washington state patrol, through the director of fire protection, he or she shall submit to the department a written report approving the hospital with respect to fire protection, and such report is required before a full license can be issued. Thank you very much for letting me just come in and also add my remarks in congratulations and best wishes to Senator Sheahan, but also to Senator Betti Sheldon. There are many here that are looking for bigger and better and other pursuits. Many of you are seeking appointments so many of you may not be-many more may not be coming back next year but, anyway, we wish you the very, very best. Let me just say that here, Emily just turned seven years old, and I remember when we were first sworn in Emily was born just about six weeks after that. And many of you-all of you have been just so gracious and so supportive of our

family, Emily and Dillon. Dillon turns five years old this coming Saturday and it's amazing how time has flown. This is of course our last legislative session, unless you guys can think of a reason for a special session. I think things are proceeding very, very well with a lot of activity, flurry of legislation these last-and agreements-these last several days and these last several hours, but I want to say, I'm going to miss all of you, miss this institution of Olympia, the great work that the House and the Senate always does and always putting the people of the state of Washington first. Mona and I are just so thankful for all of your support and encouragement all these years and we wish all of you and the people of the state of Washington and the Legislature, the House and the Senate of the state of Washington, the very, very best. Especially to Senator Betti Sheldon and to Senator Sheahan, wish you all the very, very best. Thank you very much."

INTRODUCTION OF SPECIAL GUESTS

The President recognizes Senator Sheahan.

PERSONAL PRIVILEGE

Senator Sheahan: "Thank you very much Mr. President. Senator Finkbeiner, I'm honored. This is going to be hard to leave you all, it has been a great pleasure. I remember when I was in high school and, we weren't in the same Chamber, but I was in the Youth and Government Program in high school and all I wanted to do was be a Senator. I was elected as a Senator. When we came over here to Olympia we were sitting in the other Chamber and I sat in the back row. And just about a little over twenty years later, I was elected as Senator and I sat in the same back row right then, years and years before. I owe a lot to Senator Pat Patterson who I talked about earlier. I was a Page for him in high school, where I got the bug and he let me work for him here in Olympia and I will always remember that. I wanted to comment about a couple of people. I was little surprised that Senator Betti Sheldon didn't ask for a roll call vote on my resolution. I kind of miss that but she really was a joy to work with. And I remember when two years ago, when we would cause some problems on the floor every now and then, and Senator West would send me over in the morning to ask Senator Sheldon what we were going to do that day. I would always ask her and she'd say 'Well, we need to talk to Sid' - and then she'd come out and I'd say 'Betti, what are you going to do today?' and she would look at me and say 'I don't know, what are we going to do today'? But it really has been a joy to work with you and I'll miss this place. I want to say just one more thing. We talked about how everything you need to know you learned in kindergarten and I'd like to take that little step further, Senator Oke. Everything I ever needed to learn, I learned in Sunday School and there's a song I remember and some of you probably remember it that the song that says 'Be careful.' Remember that? Be careful little eyes, what you see, be careful little feet where you go and I've learned that the last part of that verse says 'Be careful little tongue, what you say' and I've learned that we have to careful sometimes what we say because we can never take it back. All the different issues that I've worked on, I'll forget those very, very soon but I'll never forget the people. I'll never forget the people I worked with, the people that came here with me in 1992 and I'll never forget the people that sent me here. Thank you very much, it's been a honor to serve with all of you and I appreciate it very much. Thank you."

NEW SECTION. **Sec. 503.** A new section is added to 2003 c 360 (uncodified) to read as follows:

(1) The transportation commission may authorize a transfer of spending allocation within the appropriation provided and between projects as listed in the Legislative 2003 Transportation Project List - New Law to manage project spending near biennial cutoffs under the following conditions and limitations:

(e) Transfers may not occur if they are for the purpose of advancing or delaying project milestones.

(2) The legislature reserves the authority to: (a) Authorize transfer of spending allocation to adjust legislatively approved milestones; (b) increase or diminish the scope of a project; (c) provide for new projects; and (d) address significant project cost overruns.

NEW SECTION. Sec. 504. A new section is added to 2003 c 360 (uncodified) to read as follows:

INFORMATION SYSTEMS PROJECTS.

Agencies shall comply with the following requirements regarding information systems projects when specifically directed to do so by this act.

(1) Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. "Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative statewide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:

(a) System refurbishment, acquisitions, and development efforts;

(b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;

(c) Assessment of overall information processing performance, resources, and capabilities;

(d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and

(e) Progress toward enabling electronic access to public information.

(3) Each project will be planned and designed to take optimal advantage of Internet technologies and protocols.

Agencies shall ensure that the project is in compliance with the architecture, infrastructure, principles, policies, and standards of digital government as maintained by the information services board.

(4) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project's impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and statewide information infrastructure; and (e) the impact of the proposed enhancements to an agency's information technology capabilities on meeting service delivery demands.

(5) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency's business functions within each development cycle.

(6) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(7) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

(8) Quality assurance status reports shall be submitted to the department of information services, the office of financial management, and legislative fiscal committees at intervals specified in the project's quality assurance plan.

NEW SECTION. Sec. 505. A new section is added to 2003 c 360 (uncodified) to read as follows:

(1) It is the intent of the legislature that the freight mobility account created in Substitute Senate Bill No. 6680 maintain a zero or positive cash balance at the end of each biennium. Toward this purpose the Washington state department of transportation may make expenditures from the account before receiving reimbursements. Before the end of the biennium, the department shall transfer sufficient cash to cover any negative cash balances from the motor vehicle fund and the multimodal transportation account to the freight mobility account for unrecovered reimbursements. The department shall calculate the distribution of this transfer based on expenditures. In the ensuing biennium the department shall transfer the reimbursements received in the freight mobility account back to the motor vehicle fund and the multimodal transportation account to the extent of the cash transferred at biennium end. The department shall also distribute any interest charges accruing to the freight mobility account to the motor vehicle fund and the multimodal transportation account. Adjustments for any indirect cost recoveries may also be made at this time.

(2) This section is null and void unless either Engrossed Substitute Senate Bill No. 6701 or Engrossed Substitute Senate Bill No. 6680 is enacted by June 30, 2004.

NEW SECTION. Sec. 506. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 507. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

On page 50, after line 25, insert the following,
"NEW SECTION. Sec. 506. A new section is added to 2003 c 360 (uncodified) to read as follows:
Washington state ferries are more than a symbol of the state's natural beauty and economic vitality. They also are a critical component of our state's transportation system, serving as an extension of our land-based highways and transit systems, connecting Washington's people, jobs, and communities.
The investments made in the 2003 transportation funding package provide the foundation for a marine transportation system that coordinates Washington's cross-Sound marine transportation and our land-based transportation alternatives to create a fully integrated marine/land multimodal transportation system. Achieving this will require the development of a long-range vision and supporting strategy that will provide the policy guidance to define and maximize efficient delivery of quality marine transportation service to the traveling public.

(1) To accomplish this, the Washington state department of transportation shall develop a vision statement and 10-year strategy for the future development of Washington's multimodal water-based transportation system.

(a) This strategy shall recommend the most appropriate means of moving foot passengers across central Puget Sound, using Washington state ferries, alternative operators, or a combination of both, in the immediate future and over the longer term:

(i) Giving priority to those routes where passenger service likely will be provided at least for the near term on passenger-only vessels, such as Vashon-Seattle, Kingston-Seattle, Southworth-Seattle, and Clinton-Seattle. Consideration shall be given to existing public-private partnership opportunities;

(ii) Considering how service patterns will best fit in the near and long term with development goals and opportunities of Colman Dock as a major hub for integrating water transportation with other transportation modes in downtown Seattle;

(iii) Evaluating how operating economies and reasonable fare box recoveries can be established by scheduling A.M. and P.M. services to match commuter demand and to fit within existing collective bargaining agreements as interpreted and applied to facilitate "split shift" transit-like operations; and

(iv) Providing a vessel plan that most efficiently uses existing state ferry assets and provides for their likely repair and rehabilitation needs, while preserving flexibility to structure services around vessel availability that could rely on purchase or lease of additional vessels, as may suitably be required.

The strategy shall also consider the availability of partnering in operations, vessel deployment, or funding arrangements with other public transportation entities and with the private sector. The study shall also recommend the most effective use of federal funding opportunities for the overall support of integrated water transportation services on the central Puget Sound.

(b) Other components of the strategy shall include but not be limited to:

(i) A long-term plan for the ferry system's existing terminals, considering the revenue generation opportunities and potential for partnering with the private sector where appropriate. This should include a plan for generating other revenues as identified in the 2003 5-5-5 plan; and

(ii) A more equitable fare structure for the San Juan Islands, particularly for island residents.

(2) The department shall consult with key public and private sector stakeholders including business, labor, environmental community representatives, local governments, and transit agencies as part of the development of the vision statement and supporting strategy.

The long-range strategy should also recommend a short-range implementation plan for the 2005-07 biennium. The department shall provide its recommendations to the transportation committees of the legislature by December 15, 2004."

Senator Spanel spoke in favor of the adoption of the amendment to the striking amendment.

The President declared the question before the Senate to be the adoption of the amendment by Senators Spanel, Horn and Haugen on page 50, line 25 to the striking amendment to Engrossed Substitute House Bill No. 2474.

The President declared the question before the Senate to be the adoption of the striking amendment as amended by Senators Horn and Haugen to Engrossed Substitute House Bill No. 2474.

If presenting a copy of the contract or the license at the time of the request would unduly interfere with the location or apprehension of the fugitive, the agent shall present the copy of the contract or the license within a reasonable period of time after the exigent circumstances expire.

(2) The director, or the director's designee, with the advice of the bail bond industry and associations, law enforcement agencies and associations, and prosecutors' associations shall develop a format for the contract. At a minimum, the contract must include the following:

The records shall be open to inspection without notice by the director or authorized representatives of the director.

(2) Every qualified agent who receives collateral or security is a fiduciary of the property and shall keep adequate records for three years of the receipt, safekeeping, and disposition of the collateral or security. Every qualified agent shall maintain a trust account in a federally insured financial institution located in this state. All moneys, including cash, checks, money orders, wire transfers, and credit card sales drafts, received as collateral or security or otherwise held for a bail bond agency's client shall be deposited in the trust account not later than the third banking day following receipt of the funds or money. A qualified agent shall not in any way encumber the corpus of the trust account or commingle any other moneys with moneys properly maintained in the trust account. Each qualified agent required to maintain a trust account shall report annually under oath to the director the account number and balance of the trust account, and the name and address of the institution that holds the trust account, and shall report to the director within ten business days whenever the trust account is changed or relocated or a new trust account is opened.

(3) Whenever a bail bond is exonerated by the court, the qualified agent shall, within five business days after written notification of exoneration (~~and upon written demand~~), return all collateral or security to the person entitled thereto.

(4) Records of contracts for fugitive apprehension must be retained by the bail bond agent and by the bail bond recovery agent for a period of three years.

Sec. 9. RCW 18.185.110 and 2002 c 86 s 251 are each amended to read as follows:

(3) Knowingly committing, or being a party to, any material fraud, misrepresentation, concealment, conspiracy, collusion, trick, scheme, or device whereby any other person lawfully relies upon the word, representation, or conduct of the licensee. However, this subsection (3) does not prevent a bail bond recovery agent from using any pretext to locate or apprehend a fugitive criminal defendant or gain any information regarding the fugitive;

(4) Assigning or transferring any license issued pursuant to the provisions of this chapter, except as provided in RCW 18.185.030;

(6) Failing to keep records, maintain a trust account, or return collateral or security, as required by RCW 18.185.100;

(7) Any conduct in a bail bond transaction which demonstrates bad faith, dishonesty, or untrustworthiness; (~~or~~)

(3) A contract entered into under this chapter is authority for the person to perform the functions of a bail bond recovery agent as specifically authorized by the contract and in accordance with applicable law. A contract entered into by a bail bond agent with a bail bond recovery agent is not transferable by the bail bond recovery agent to another bail bond recovery agent.

(4) Whenever a person licensed by the department as a bail bond recovery agent is engaged in the performance of the person's duties as a bail bond recovery agent, the person must carry a copy of the license.

(6) No person may perform the functions of a bail bond recovery agent after December 31, 2005, unless the person has first complied with the provisions of this chapter.

(7) Nothing in this chapter is meant to prevent a bail bond agent from contacting a fugitive criminal defendant for the purpose of requesting the surrender of the fugitive, or from accepting the voluntary surrender of the fugitive.

NEW SECTION. Sec. 11. A new section is added to chapter 18.185 RCW to read as follows:

A bail bond recovery agent from another state who is not licensed under this chapter may not perform the functions of a bail bond recovery agent in this state unless the agent is working under the direct supervision of a licensed bail bond recovery agent.

PERSONAL PRIVILEGE

Senator Schmidt: "A personal privilege, Mr. President. Thank you Mr. President and members of the Senate. As we're getting down close to our couple final hours, I'd like to have your attention on something, I think it's important for all of us to understand. Today there was a tragic accident and a terrorist attack that took place in another country, in Spain. It ended up being quite a very serious incident. There were over ten terrorist bombs that tore through the trains and stations along a commuter line in Madrid at the high of their morning rush hour. It killed more than a hundred and ninety people and the report now is close to seventeen hundred people have been injured. The latest reports that have come out that Al Qaeda is

taking credit for this. Now there still investigating on that, but you know, this is the worse terrorist attack ever in the Spanish history. The accident was the blatant murder on a massive scale and happened just days before Spain's scheduled general elections. You know, this is a time, a real personal tragedy and I'm sure all of us can remember the incident that happened in our country two and a half years ago. But at a time like that, this was a country, that stood up and stood with us. When we were hurting, when we were in the position of our greatest tragedy that we've ever had in our life, in the history of our country they stood with us. They supported us. They were there when our president had to make a serious decision of what we were going to do to be beginning counter against that, against Al Qaeda, some of the other attacks. They took a stand and supported the United States. Mr. President, I think it would be quite appropriate for us to recognize the country of Spain at a time that has probably been their greatest tragedy ever in the history of their country, and as a reminder to all of us that terrorism is not done in this world. It's still alive, it's still happening and the question that is going through a lot of our minds. Did Al Qaeda bring an attack on that country because they were a country that stood for us and stood with us in a time of our greatest need? So, Mr. President, I would ask that we would have a moment of silence to remember the families and the victims, the emergency personnel and all the citizens in the country of Spain. Let them know that they are not alone. We're here to stand with them as well. So, I would also ask that in the moment of silence that we find that it's way in the dark corners where the cowards hide, the Al Qaeda terrorist that they're still trying to basically inflict their way of life upon us and to try to challenge not only our freedom but the freedom of another country that lives under democracy as well. So, Mr. President, I request that we have a moment of silence for the country of Spain."

MOMENT OF SILENCE

The members of the Senate acknowledged the nation of Spain and rose for the Spanish victims of a terrorist attack.

No, the legislation is intended not to apply to a worker who explores a job for a short period of time to determine whether he or she can do the job and who is not receiving wages, income or any sort of including anything of value and who is exploring a job with a business in which the individual or family has no financial interest. Accordingly, an individual who goes to a friend's business for a short time to learn what a customer service representative does; who observes a worker of a customer service representative; who attempts to perform that work that receives no compensation, income, goods or services in return for his or her work; should not be charged by the department with the willfulness representation of a material fact or obtain payment or other benefiting amount greater than to which the individual would other wise be entitled."

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection ~~((9))~~ (10) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection ~~((10))~~ (11) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(c) To determine the periodic premiums due the administrator from health coverage tax credit eligible enrollees. Premiums due from health coverage tax credit eligible enrollees must be in an amount equal to the cost charged by the managed health care system provider to the state for the plan, plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201. The administrator will consider the impact of eligibility determination by the appropriate federal agency designated by the Trade Act of 2002 (P.L. 107-210) as well as the premium collection and remittance activities by the United States internal revenue service when determining the administrative cost charged for health coverage tax credit eligible enrollees. The administrator and participating managed care system providers shall periodically review the utilization of covered services by health coverage tax credit eligible enrollees relative to other enrollees. The premiums charged health coverage tax credit eligible enrollees may be prospectively adjusted to assure that their premiums cover the full cost of their participation, such that their participation does not raise the cost charged by a managed health system provider to the state for the plan.

(d) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator. The administrator shall establish a mechanism for receiving premium payments from the United States internal revenue service for health coverage tax credit eligible enrollees.

~~((4))~~ (e) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 2001, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(3) To end the participation of health coverage tax credit eligible enrollees in the basic health plan if the federal government reduces or terminates premium payments on their behalf through the United States internal revenue service.

(4) To design and implement a structure of enrollee cost-sharing due a managed health care system from subsidized ~~((and))~~, nonsubsidized, and health coverage tax credit eligible enrollees. The structure shall discourage inappropriate enrollee

utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

~~((4))~~ (5) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists. Such a closure does not apply to health coverage tax credit eligible enrollees who receive a premium subsidy from the United States internal revenue service as long as the enrollees qualify for the health coverage tax credit program.

~~((5))~~ (6) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

~~((6))~~ (7) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

~~((7))~~ (8) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan for ~~((either))~~ subsidized enrollees, ~~((or))~~ nonsubsidized enrollees, or ~~((both))~~ health coverage tax credit eligible enrollees. The administrator may not require a managed health care system that serves subsidized enrollees to also serve nonsubsidized or health coverage tax credit eligible enrollees. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

~~((8))~~ (9) To receive periodic premiums from or on behalf of subsidized ~~((and))~~, nonsubsidized, and health coverage tax credit eligible enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

~~((9))~~ (10) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized ~~((or))~~, nonsubsidized, or health coverage tax credit eligible enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward a family's current gross family income for the purposes of this chapter. When an enrollee fails to report income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose civil penalties of up to two hundred percent of the amount of subsidy overpaid due to the enrollee incorrectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

~~((10))~~ (11) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

~~((11))~~ (12) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

~~((12))~~ (13) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

~~((13))~~ (14) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

~~((14))~~ (15) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

~~((45))~~ (16) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

~~((46))~~ (17) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions.

~~((47))~~ (18) To administer the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington state health insurance pool.

Sec. 4. RCW 48.43.015 and 2001 c 196 s 7 are each amended to read as follows:

(1) For a health benefit plan offered to a group, every health carrier shall reduce any preexisting condition exclusion, limitation, or waiting period in the group health plan in accordance with the provisions of section 2701 of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg).

(2) For a health benefit plan offered to a group other than a small group:

(a) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for at least three months, then the carrier shall not impose a waiting period for coverage of preexisting conditions under the new health plan.

(b) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for less than three months, then the carrier shall credit the time covered under the immediately preceding health plan toward any preexisting condition waiting period under the new health plan.

(c) For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan, the basic health plan's offering to health coverage tax credit eligible enrollees as established by this act, and plans of the Washington state health insurance pool.

(3) For a health benefit plan offered to a small group:

(a) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for at least nine months, then the carrier shall not impose a waiting period for coverage of preexisting conditions under the new health plan.

(b) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for less than nine months, then the carrier shall credit the time covered under the immediately preceding health plan toward any preexisting condition waiting period under the new health plan.

(c) For the purpose of this subsection, a preceding health plan includes an employer-provided self-funded health plan, the basic health plan's offering to health coverage tax credit eligible enrollees as established by this act, and plans of the Washington state health insurance pool.

(4) For a health benefit plan offered to an individual, other than an individual to whom subsection (5) of this section applies, every health carrier shall credit any preexisting condition waiting period in that plan for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new health plan in a group health benefit plan or an individual health benefit plan, other than a catastrophic health plan, and (a) the benefits under the previous plan provide equivalent or greater overall benefit coverage than that provided in the health benefit plan the individual seeks to purchase; or (b) the person is seeking an individual health benefit plan due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, if application for coverage is made within ninety days of relocation; or (c) the person is seeking an individual health benefit plan: (i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier's provider network under his or her existing Washington individual health benefit plan; and (ii) his or her health care provider is part of another carrier's provider network; and (iii) application for a health benefit plan under that carrier's provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier's provider network. The carrier must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection (4), a preceding health plan includes an employer-provided self-funded health plan, the basic health plan's offering to health coverage tax credit eligible enrollees as established by this act, and plans of the Washington state health insurance pool.

(5) Every health carrier shall waive any preexisting condition waiting period in its individual plans for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b)).

(6) Subject to the provisions of subsections (1) through (5) of this section, nothing contained in this section requires a health carrier to amend a health plan to provide new benefits in its existing health plans. In addition, nothing in this section requires a carrier to waive benefit limitations not related to an individual or group's preexisting conditions or health history."

MOTION

Senator Parlette moved that the following striking amendment by Senators Parlette and Keiser be adopted:

Strike everything after the enacting clause and insert the following:

Sec. 2. RCW 70.47.030 and 1995 2nd sp.s. c 18 s 913 are each amended to read as follows:

(1) The basic health plan trust account is hereby established in the state treasury. Any nongeneral fund-state funds collected for this program shall be deposited in the basic health plan trust account and may be expended without further appropriation. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan.

During the 1995-97 fiscal biennium, the legislature may transfer funds from the basic health plan trust account to the state general fund.

(2) The basic health plan subscription account is created in the custody of the state treasurer. All receipts from amounts due from or on behalf of nonsubsidized enrollees and health coverage tax credit eligible enrollees shall be deposited into the account. Funds in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of nonsubsidized enrollees and health coverage tax credit eligible enrollees in the plan and payment of costs of administering the plan. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(3) The administrator shall take every precaution to see that none of the funds in the separate accounts created in this section or that any premiums paid either by subsidized or nonsubsidized enrollees are commingled in any way, except that the administrator may combine funds designated for administration of the plan into a single administrative account.

Sec. 3. RCW 70.47.060 and 2001 c 196 s 13 are each amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic

health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection ~~((9))~~ (11) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection ~~((10))~~ (12) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

~~(c) To determine the periodic premiums due the administrator from health coverage tax credit eligible enrollees. Premiums due from health coverage tax credit eligible enrollees must be in an amount equal to the cost charged by the managed health care system provider to the state for the plan, plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201. The administrator will consider the impact of eligibility determination by the appropriate federal agency designated by the Trade Act of 2002 (P.L. 107-210) as well as the premium collection and remittance activities by the United States internal revenue service when determining the administrative cost charged for health coverage tax credit eligible enrollees.~~

~~(d) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator. The administrator shall establish a mechanism for receiving premium payments from the United States internal revenue service for health coverage tax credit eligible enrollees.~~

~~((4)) (e) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 2001, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.~~

~~(3) To evaluate, with the cooperation of participating managed health care system providers, the impact on the basic health plan of enrolling health coverage tax credit eligible enrollees. The administrator shall issue to the appropriate committees of the legislature preliminary evaluations on June 1, 2005, and January 1, 2006, and a final evaluation by June 1, 2006. The evaluation shall address the number of persons enrolled, the duration of their enrollment, their utilization of covered services relative to other basic health plan enrollees, and the extent to which their enrollment contributed to any change in the cost of the basic health plan.~~

~~(4) To end the participation of health coverage tax credit eligible enrollees in the basic health plan if the federal government reduces or terminates premium payments on their behalf through the United States internal revenue service.~~

~~(5) To design and implement a structure of enrollee cost-sharing due a managed health care system from subsidized ~~(and)~~, nonsubsidized, and health coverage tax credit eligible enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.~~

~~((4)) (6) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists. Such a closure does not apply to health coverage tax credit eligible enrollees who receive a premium subsidy from the United States internal revenue service as long as the enrollees qualify for the health coverage tax credit program.~~

~~((5)) (7) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.~~

~~((6)) (8) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.~~

~~((7)) (9) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan for ~~(either)~~ subsidized enrollees, ~~(or)~~ nonsubsidized enrollees, or ~~(both)~~ health coverage tax credit eligible enrollees. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.~~

~~((8)) (10) To receive periodic premiums from or on behalf of subsidized ~~(and)~~, nonsubsidized, and health coverage tax credit eligible enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.~~

~~((9)) (11) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized ~~(or)~~, nonsubsidized, or health coverage tax credit eligible enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward a family's current gross family income for the purposes of this chapter. When an enrollee fails to report~~

income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose civil penalties of up to two hundred percent of the amount of subsidy overpaid due to the enrollee incorrectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

~~((40))~~ (12) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

~~((41))~~ (13) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

~~((42))~~ (14) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

~~((43))~~ (15) To evaluate the effects this chapter has on private employer- based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

~~((44))~~ (16) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

~~((45))~~ (17) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

~~((46))~~ (18) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions.

~~((47))~~ (19) To administer the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington state health insurance pool.

Sec. 4. RCW 70.47.100 and 2000 c 79 s 35 are each amended to read as follows:

(1) A managed health care system participating in the plan shall do so by contract with the administrator and shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee covered by its contract with the administrator as long as payments from the administrator on behalf of the enrollee are current. A participating managed health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The administrator may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter empowers the administrator to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

(2) The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The administrator shall establish a period of at least twenty days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care system the administrator shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

(3) Prior to negotiating with any managed health care system, the administrator shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different areas of the state.

(4) In negotiating with managed health care systems for participation in the plan, the administrator shall adopt a uniform procedure that includes at least the following:

(a) The administrator shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;

(b) The administrator shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;

(c) The administrator may then select one or more systems to provide the covered services within a local area; and

(d) The administrator may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons.

(5) The administrator may contract with a managed health care system to provide covered basic health care services to ~~((either))~~ subsidized enrollees, ~~((or))~~ nonsubsidized enrollees, health coverage tax credit eligible enrollees, or ~~((both))~~ any combination thereof.

(6) The administrator may establish procedures and policies to further negotiate and contract with managed health care systems following completion of the request for proposal process in subsection (4) of this section, upon a determination by the administrator that it is necessary to provide access, as defined in the request for proposal documents, to covered basic health care services for enrollees.

(7)(a) The administrator shall implement a self-funded or self-insured method of providing insurance coverage to subsidized enrollees, as provided under RCW 41.05.140, if one of the following conditions is met:

(i) The authority determines that no managed health care system other than the authority is willing and able to provide access, as defined in the request for proposal documents, to covered basic health care services for all subsidized enrollees in an area; or

(ii) The authority determines that no other managed health care system is willing to provide access, as defined in the request for proposal documents, for one hundred thirty-three percent of the statewide benchmark price or less, and the authority is able to offer such coverage at a price that is less than the lowest price at which any other managed health care system is willing to provide such access in an area.

(b) The authority shall initiate steps to provide the coverage described in (a) of this subsection within ninety days of making its determination that the conditions for providing a self-funded or self-insured method of providing insurance have been met.

(c) The administrator may not implement a self-funded or self-insured method of providing insurance in an area unless the administrator has received a certification from a member of the American academy of actuaries that the funding available in the basic health plan self-insurance reserve account is sufficient for the self-funded or self-insured risk assumed, or expected to be assumed, by the administrator.

Sec. 5. RCW 48.43.015 and 2001 c 196 s 7 are each amended to read as follows:

(1) For a health benefit plan offered to a group, every health carrier shall reduce any preexisting condition exclusion, limitation, or waiting period in the group health plan in accordance with the provisions of section 2701 of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg).

(2) For a health benefit plan offered to a group other than a small group:

(a) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for at least three months, then the carrier shall not impose a waiting period for coverage of preexisting conditions under the new health plan.

(b) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for less than three months, then the carrier shall credit the time covered under the immediately preceding health plan toward any preexisting condition waiting period under the new health plan.

(c) For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan, the basic health plan's offering to health coverage tax credit eligible enrollees as established by this act, and plans of the Washington state health insurance pool.

(3) For a health benefit plan offered to a small group:

(a) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for at least nine months, then the carrier shall not impose a waiting period for coverage of preexisting conditions under the new health plan.

(b) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for less than nine months, then the carrier shall credit the time covered under the immediately preceding health plan toward any preexisting condition waiting period under the new health plan.

(c) For the purpose of this subsection, a preceding health plan includes an employer-provided self-funded health plan, the basic health plan's offering to health coverage tax credit eligible enrollees as established by this act, and plans of the Washington state health insurance pool.

(4) For a health benefit plan offered to an individual, other than an individual to whom subsection (5) of this section applies, every health carrier shall credit any preexisting condition waiting period in that plan for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new health plan in a group health benefit plan or an individual health benefit plan, other than a catastrophic health plan, and (a) the benefits under the previous plan provide equivalent or greater overall benefit coverage than that provided in the health benefit plan the individual seeks to purchase; or (b) the person is seeking an individual health benefit plan due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, if application for coverage is made within ninety days of relocation; or (c) the person is seeking an individual health benefit plan: (i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier's provider network under his or her existing Washington individual health benefit plan; and (ii) his or her health care provider is part of another carrier's provider network; and (iii) application for a health benefit plan under that carrier's provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier's provider network. The carrier must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting

period of the new health plan. For the purposes of this subsection (4), a preceding health plan includes an employer-provided self-funded health plan, the basic health plan's offering to health coverage tax credit eligible enrollees as established by this act, and plans of the Washington state health insurance pool.

(5) Every health carrier shall waive any preexisting condition waiting period in its individual plans for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b)).

(6) Subject to the provisions of subsections (1) through (5) of this section, nothing contained in this section requires a health carrier to amend a health plan to provide new benefits in its existing health plans. In addition, nothing in this section requires a carrier to waive benefit limitations not related to an individual or group's preexisting conditions or health history.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 2985, by House Committee on Health Care (originally sponsored by Representatives Cody, Campbell, Kenney, Dickerson and Rockefeller)

Providing for individual health insurance for retired and disabled public employees.

The bill was read the second time.

MOTION

Senator Parlette moved that the following committee striking amendment by the Committee on Health & Long Term Care be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 41.04.208 and 2002 c 319 s 2 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Disabled employee" means ~~(an individual)~~ a person eligible to receive a disability retirement allowance from the Washington law enforcement officers' and fire fighters' retirement system plan 2 and the public employees' retirement system.

(b) "Health plan" means a contract, policy, fund, trust, or other program established jointly or individually by a county, municipality, or other political subdivision of the state that provides for all or a part of hospitalization or medical aid for its employees and their dependents under RCW 41.04.180.

(c) "Retired employee" means a public employee meeting the retirement eligibility, years of service requirements, and other criteria ~~(set forth in)~~ of the Washington law enforcement officers' and fire fighters' retirement system plan 2 and the public employees' retirement system.

(2) A county, municipality, or other political subdivision that provides a health plan for its employees shall permit retired and disabled employees and their dependents to continue participation in a plan subject to the exceptions, limitations, and conditions set forth in this section. However, this section does not apply to a county, municipality, or other political subdivision participating in an insurance program administered under chapter 41.05 RCW if retired and disabled employees and their dependents of the participating county, municipality, or other political subdivision are covered under an insurance program administered under chapter 41.05 RCW. Nothing in this subsection or chapter 319, Laws of 2002 precludes the local government employer from offering retired or disabled employees a health plan with a benefit structure, copayment, deductible, coinsurance, lifetime benefit maximum, and other plan features which differ from those offered through a health plan provided to active employees. Further, nothing in this subsection precludes a local government employer from joining with other public agency employers, including interjurisdictional benefit pools and multi-employer associations or consortiums, to fulfill its obligations under chapter 319, Laws of 2002.

(3) A county, municipality, or other political subdivision has full authority to require a person who requests continued participation in a health plan under subsection (2) of this section to pay the full cost of such participation, including any amounts necessary for administration. However, this subsection does not require an employer who is currently paying for all or part of a health plan for its retired and disabled employees to discontinue those payments.

(4) Payments for continued participation in a former employer's health plan may be assigned to the underwriter of the health plan from public pension benefits or may be paid to the former employer, as determined by the former employer, so that an underwriter of the health plan that is an insurance company, health care service contractor, or health maintenance organization is not required to accept individual payments from persons continuing participation in the employer's health plan.

(5) After an initial open enrollment period of ninety days after January 1, 2003, an employer may not be required to permit a person to continue participation in the health plan if the person is responsible for a lapse in coverage under the plan. In addition, an employer may not be required to permit a person to continue participation in the employer's health plan if the employer offered continued participation in a health plan that meets the requirements of chapter 319, Laws of 2002.

(6) If a person continuing participation in the former employer's health plan has medical coverage available through another employer, the medical coverage of the other employer is the primary coverage for purposes of coordination of benefits as provided for in the former employer's health plan.

(7) If a person's continued participation in a health plan was permitted because of the person's relationship to a retired or disabled employee of the employer providing the health plan and the retired or disabled employee dies, then that person is permitted to continue participation in the health plan for a period of not more than six months after the death of the retired or disabled employee. However, the employer providing the health plan may permit continued participation beyond that time period.

(8) An employer may offer one or more health plans different from that provided for active employees and designed to meet the needs of persons requesting continued participation in the employer's health plan. An employer, in designing or offering continued participation in a health plan, may utilize terms or conditions necessary to administer the plan to the extent the terms and conditions do not conflict with this section.

(9) If an employer changes the underwriter of a health plan, the replaced underwriter has no further responsibility or obligation to persons who continued participation in a health plan of the replaced underwriter. However, the employer shall permit those persons to participate in any new health plan.

(10) The benefits granted under this section are not considered a matter of contractual right. Should the legislature, a county, municipality, or other political subdivision of the state revoke or change any benefits granted under this section, an affected person is not entitled to receive the benefits as a matter of contractual right.

(11) This section does not affect any health plan contained in a collective bargaining agreement in existence as of January 1, 2003. However, any plan contained in future collective bargaining agreements shall conform to this section. In addition, this section does not affect any health plan contract or policy in existence as of January 1, 2003. However, any renewal of the contract or policy shall conform to this section.

(12) Counties, municipalities, and other political subdivisions that make a documented good faith effort to comply with the provisions of subsections (2) through (11) of this section and are unable to provide access to a fully insured group health benefit plan are discharged from any obligations under subsections (2) through (11) of this section but shall assist disabled employees and retired employees in applying for health insurance. Assistance may include developing and distributing standardized information on the availability and cost of individual health benefit plans, application packages, and health benefit fairs.

(13) The office of the insurance commissioner shall make available to counties, municipalities, and other political subdivisions information regarding individual health benefit plans, including a list of carriers offering individual coverage, the rates charged, and how to apply for coverage.

NEW SECTION. Sec. 2. 2002 c 319 s 5 (uncodified) is repealed.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

The President declared the question before the Senate to be the adoption of the committee striking amendment by the Committee on Health & Long Term Care to Substitute House Bill No. 2985.

The motion by Senator Parlette carried and the committee striking amendment was adopted by voice vote.

There being no objection, the following title amendment was adopted:

On page 1, line 2 of the title, after "employees;" strike the remainder of the title and insert "amending RCW 41.04.208; repealing 2002 c 319 s 5 (uncodified); and declaring an emergency."

MOTION

On motion of Senator Parlette, the rules were suspended, Substitute House Bill No. 2985, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senator Parlette spoke in favor of passage of the bill.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2460, by House Committee on Health Care (originally sponsored by Representatives Cody, Campbell, Kessler, Morrell, Haigh, Kenney, Santos, Hatfield, Blake, Linville, Upthegrove, G. Simpson, Moeller and Lantz)

Providing access to health insurance for small employers and their employees.

The bill was read the second time.

MOTION

Senator Deccio moved that the following striking amendment by Senators Deccio and Thibaudeau be adopted: Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 48.21.045 and 1995 c 265 s 14 are each amended to read as follows:

(1)(a) An insurer offering any health benefit plan to a small employer (~~shall~~), either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan (providing benefits identical to the schedule of covered health services that are required to be delivered to an individual enrolled in the basic health plan) featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more (~~or less~~) comprehensive benefits than (~~the basic health plan, provided such plans are in accordance with this chapter~~) those included in the product offered under this subsection. An insurer offering a health benefit plan (~~that does not include benefits in the basic health plan~~) under this subsection shall clearly disclose (these differences) all covered benefits to the small employer in a brochure (approved by) filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.21.130, 48.21.140, 48.21.141, 48.21.142, 48.21.144, 48.21.146, 48.21.160 through 48.21.197, 48.21.200, 48.21.220, 48.21.225, 48.21.230, 48.21.235, 48.21.240, 48.21.244, 48.21.250, 48.21.300, 48.21.310, or 48.21.320 (~~if: (i) The health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan; or (ii) the health benefit plan is offered to employers with not more than twenty-five employees~~)).

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the (basic health plan services) health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age; and
- (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs (~~not to exceed twenty percent~~).

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or
- (iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or

minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) ~~((The health benefit plans authorized by this section that are lower than the required offering shall not supplant or supersede any existing policy for the benefit of employees in this state.))~~ Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) An insurer shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) An insurer may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) An insurer must offer coverage to all eligible employees of a small employer and their dependents. An insurer may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. An insurer may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

(7) As used in this section, "health benefit plan," "small employer," (~~("basic health plan,")~~) "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005.

Sec. 2. RCW 48.43.005 and 2001 c 196 s 5 and 2001 c 147 s 1 are each reenacted and amended to read as follows:

Unless otherwise specifically provided, the definitions in this section apply throughout this chapter.

(1) "Adjusted community rate" means the rating method used to establish the premium for health plans adjusted to reflect actuarially demonstrated differences in utilization or cost attributable to geographic region, age, family size, and use of wellness activities.

(2) "Basic health plan" means the plan described under chapter 70.47 RCW, as revised from time to time.

(3) "Basic health plan model plan" means a health plan as required in RCW 70.47.060(2)(d).

(a) If a person is seeking an individual health benefit plan due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of relocation.

(b) If a person is seeking an individual health benefit plan:

(i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier's provider network under his or her existing Washington individual health benefit plan; and

(ii) His or her health care provider is part of another carrier's provider network; and

(iii) Application for a health benefit plan under that carrier's provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier's provider network; then completion of the standard health questionnaire shall not be a condition of coverage.

(c) If a person is seeking an individual health benefit plan due to his or her having exhausted continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of exhaustion of continuation coverage. A health carrier shall accept an application without a standard health questionnaire from a person currently covered by such continuation coverage if application is made within ninety days prior to the date the continuation coverage would be exhausted and the effective date of the individual coverage applied for is the date the continuation coverage would be exhausted, or within ninety days thereafter.

(d) If a person is seeking an individual health benefit plan due to his or her receiving notice that his or her coverage under a conversion contract is discontinued, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of discontinuation of eligibility under the conversion contract. A health carrier shall accept an application without a standard health questionnaire from a person currently covered by such conversion contract if application is made within ninety days prior to the date eligibility under the conversion contract would be discontinued and the effective date of the individual coverage applied for is the date eligibility under the conversion contract would be discontinued, or within ninety days thereafter.

(e) If a person is seeking an individual health benefit plan and, but for the number of persons employed by his or her employer, would have qualified for continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if: (i) Application for coverage is made within ninety days of a qualifying event as defined in 29 U.S.C. Sec. 1163; and (ii) the person had at least twenty-four months of continuous group coverage immediately prior to the qualifying event. A health carrier shall accept an application without a standard health questionnaire from a person with at least twenty-four months of continuous group coverage if application is made no more than ninety days prior to the date of a qualifying event and the effective date of the individual coverage applied for is the date of the qualifying event, or within ninety days thereafter.

(2) If, based upon the results of the standard health questionnaire, the person qualifies for coverage under the Washington state health insurance pool, the following shall apply:

(a) The carrier may decide not to accept the person's application for enrollment in its individual health benefit plan; and

(b) Within fifteen business days of receipt of a completed application, the carrier shall provide written notice of the decision not to accept the person's application for enrollment to both the person and the administrator of the Washington state health insurance pool. The notice to the person shall state that the person is eligible for health insurance provided by the Washington state health insurance pool, and shall include information about the Washington state health insurance pool and an application for such coverage. If the carrier does not provide or postmark such notice within fifteen business days, the application is deemed approved.

(3) If the person applying for an individual health benefit plan: (a) Does not qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire; (b) does qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire and the carrier elects to accept the person for enrollment; or (c) is not required to complete the standard health questionnaire designated under this chapter under subsection (1)(a) or (b) of this section, the carrier shall accept the person for enrollment if he or she resides within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The commissioner may grant a temporary exemption from this subsection if, upon application by a health carrier, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

Sec. 4. RCW 48.43.035 and 2000 c 79 s 24 are each amended to read as follows:

For group health benefit plans, the following shall apply:

(1) All health carriers shall accept for enrollment any state resident within the group to whom the plan is offered and within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The insurance commissioner may grant a temporary exemption from this subsection, if, upon application by a health carrier the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

(2) Except as provided in subsection (5) of this section, all health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier's sole option, the plan could have been terminated for other than nonpayment of premium. The carrier may consider the group's anniversary date as the renewal date for purposes of complying with the provisions of this section.

(3) The guarantee of continuity of coverage required in health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

(a) Nonpayment of premium;
(b) Violation of published policies of the carrier approved by the insurance commissioner;
(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;
(d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;

(e) Covered persons committing fraudulent acts as to the carrier;
(f) Covered persons who materially breach the health plan; or
(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

(4) The provisions of this section do not apply in the following cases:

(b) A carrier replaces a product and the replacement product is provided to all covered persons within that class or line of business, includes all of the services covered under the replaced product, and does not significantly limit access to the kind of services covered under the replaced product. The health plan may also allow unrestricted conversion to a fully comparable product; ((e))

(c) No sooner than January 1, 2005, a carrier discontinues offering a particular type of health benefit plan offered for groups of up to two hundred if: (i) The carrier provides notice to each group of the discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each group provided coverage of this type the option to enroll, with regard to small employer groups, in any other small employer group plan, or with regard to groups of up to two hundred, in any other applicable group plan, currently being offered by the carrier in the applicable group market; and (iii) in exercising the option to discontinue coverage of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for this coverage;

(d) A carrier discontinues offering all health coverage in the small group market or for groups of up to two hundred, or both markets, in the state and discontinues coverage under all existing group health benefit plans in the applicable market involved if: (i) The carrier provides notice to the commissioner of its intent to discontinue offering all such coverage in the state and its intent to discontinue coverage under all such existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all such existing health benefit plans; and (ii) the carrier provides notice to each covered group of the intent to discontinue the existing health benefit plan at least one hundred eighty days prior to the date of discontinuation. In the case of discontinuation under this subsection, the carrier may not issue any group health coverage in this state in the applicable group market involved for a five-year period beginning on the date of the discontinuation of the last health benefit plan not so renewed. This subsection (4) does not require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants when the carrier does not discontinue coverage of existing enrollees under that health benefit plan; or

(e) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the insurance commissioner that the carrier's clinical, financial, or administrative capacity to serve enrollees would be exceeded.

(5) The provisions of this section do not apply to health plans deemed by the insurance commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the insurance commissioner.

(6) Notwithstanding any other provision of this section, the guarantee of continuity of coverage applies to a group of one only if: (a) The carrier continues to offer any other small employer group plan in which the group of one was eligible to enroll on the day prior to the effective date of this section; and (b) the person continues to qualify as a group of one under the criteria in place on the day prior to the effective date of this section.

Sec. 5. RCW 48.43.038 and 2000 c 79 s 25 are each amended to read as follows:

(1) Except as provided in subsection (4) of this section, all individual health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier's sole option, the plan could have been terminated for other than nonpayment of premium.

(2) The guarantee of continuity of coverage required in individual health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

(a) Nonpayment of premium;
(b) Violation of published policies of the carrier approved by the commissioner;
(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;

(d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;

(e) Covered persons committing fraudulent acts as to the carrier;

(f) Covered persons who materially breach the health plan; or

(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

(3) This section does not apply in the following cases:

(a) A carrier has zero enrollment on a product;

(b) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the commissioner that the carrier's clinical, financial, or administrative capacity to serve enrollees would be exceeded;

(c) No sooner than the first day of the month following the expiration of a one hundred eighty-day period beginning on March 23, 2000, a carrier discontinues offering a particular type of health benefit plan offered in the individual market, including conversion contracts, if: (i) The carrier provides notice to each covered individual provided coverage of this type of such discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each individual provided coverage of this type the option, without being subject to the standard health questionnaire, to enroll in any other individual health benefit plan currently being offered by the carrier; and (iii) in exercising the option to discontinue coverage of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for such coverage; or

(d) A carrier discontinues offering all individual health coverage in the state and discontinues coverage under all existing individual health benefit plans if: (i) The carrier provides notice to the commissioner of its intent to discontinue offering all individual health coverage in the state and its intent to discontinue coverage under all existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all existing health benefit plans; and (ii) the carrier provides notice to each covered individual of the intent to discontinue his or her existing health benefit plan at least one hundred eighty days prior to the date of such discontinuation. In the case of discontinuation under this subsection, the carrier may not issue any individual health coverage in this state for a five-year period beginning on the date of the discontinuation of the last health plan not so renewed. Nothing in this subsection (3) shall be construed to require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants where the carrier does not discontinue coverage of existing enrollees under that health benefit plan.

(4) The provisions of this section do not apply to health plans deemed by the commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the commissioner.

Sec. 6. RCW 48.44.022 and 2000 c 79 s 30 are each amended to read as follows:

(1) Premium rates for health benefit plans for individuals shall be subject to the following provisions:

(a) The health care service contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age;

(iv) Tenure discounts; and

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs (~~not to exceed twenty percent~~).

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the family composition;

(ii) Changes to the health benefit plan requested by the individual; or

(iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(h) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

(2) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.44.023.

(3) As used in this section and RCW 48.44.023 "health benefit plan," "small employer," "adjusted community rates," and "wellness activities" mean the same as defined in RCW 48.43.005.

and actively market to the small employer a health benefit plan (~~providing benefits identical to the schedule of covered health services that are required to be delivered to an individual enrolled in the basic health plan~~) featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a contractor from offering, or a small employer from purchasing, other health benefit plans that may have more (~~or less~~) comprehensive benefits than (~~the basic health plan, provided such plans are in accordance with this chapter~~) those included in the product offered under this subsection. A contractor offering a health benefit plan (~~that does not include benefits in the basic health plan~~) under this subsection shall clearly disclose (these differences) all covered benefits to the small employer in a brochure (approved by) filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, 48.44.340, 48.44.344, 48.44.360, 48.44.400, 48.44.440, 48.44.450, and 48.44.460 (~~(if: (i) The health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan; or (ii) the health benefit plan is offered to employers with not more than twenty-five employees)~~).

(2) Nothing in this section shall prohibit a health care service contractor from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the (basic health plan services) health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age; and
- (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs (~~(not to exceed twenty percent)~~).

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or
- (iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) (~~The health benefit plans authorized by this section that are lower than the required offering shall not supplant or supersede any existing policy for the benefit of employees in this state.~~) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by a contractor in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A contractor shall not require a minimum participation level greater than:

- (i) One hundred percent of eligible employees working for groups with three or less employees; and
- (ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A contractor may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) A contractor must offer coverage to all eligible employees of a small employer and their dependents. A contractor may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A contractor may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

Sec. 8. RCW 48.46.064 and 2000 c 79 s 33 are each amended to read as follows:

(1) Premium rates for health benefit plans for individuals shall be subject to the following provisions:

(a) The health maintenance organization shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age;
- (iv) Tenure discounts; and
- (v) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments which shall begin with age twenty and end with age sixty-five. Individuals under the age of twenty shall be treated as those age twenty.

(c) The health maintenance organization shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs (~~not to exceed twenty percent~~).

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the family composition;
- (ii) Changes to the health benefit plan requested by the individual; or
- (iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(h) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

(2) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.46.066.

(3) As used in this section and RCW 48.46.066, "health benefit plan," "adjusted community rate," "small employer," and "wellness activities" mean the same as defined in RCW 48.43.005.

Sec. 9. RCW 48.46.066 and 1995 c 265 s 18 are each amended to read as follows:

(1)(a) A health maintenance organization offering any health benefit plan to a small employer (~~shall~~), either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan ((providing benefits identical to the schedule of covered health services that are required to be delivered to an individual enrolled in the basic health plan)) featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a health maintenance organization from offering, or a small employer from purchasing, other health benefit plans that may have more (~~or less~~) comprehensive benefits than (~~the basic health plan, provided such plans are in accordance with this chapter~~) those included in the product offered under this subsection. A health maintenance organization offering a health benefit plan (~~that does not include benefits in the basic health plan~~) under this subsection shall clearly disclose (~~these differences~~) all the covered benefits to the small employer in a brochure (~~approved by~~) filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.46.275, 48.46.280, 48.46.285, 48.46.290, 48.46.350, 48.46.355, 48.46.375, 48.46.440, 48.46.480, 48.46.510, 48.46.520, and 48.46.530 (~~if: (i) The health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan; or (ii) the health benefit plan is offered to employers with not more than twenty-five employees~~).

(2) Nothing in this section shall prohibit a health maintenance organization from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the ((basic health plan services)) health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The health maintenance organization shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age; and
- (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The health maintenance organization shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs (~~not to exceed twenty percent~~).

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or
- (iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

~~(4) ((The health benefit plans authorized by this section that are lower than the required offering shall not supplant or supersede any existing policy for the benefit of employees in this state.))~~ Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by a health maintenance organization in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A health maintenance organization shall not require a minimum participation level greater than:

- (i) One hundred percent of eligible employees working for groups with three or less employees; and
- (ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A health maintenance organization may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) A health maintenance organization must offer coverage to all eligible employees of a small employer and their dependents. A health maintenance organization may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A health maintenance organization may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

PERSONAL PRIVILEGE

Senator Deccio: "A point of personal privilege. Thank you, Mr. President. I would like to call your attention to the anniversary of sorts of mine. This is the thirtieth year since I got elected to the Washington State Legislature."

REMARKS BY THE PRESIDENT

President Owen: "The President would like to recognize some people. While all of us and all of you have the opportunity to move about and go about your work and your negotiations and get a glass of water and some other things that you need to do, we have an incredible group of people that are up here, that are glued to this rostrum, doing the work that make sure that everything get's done, the papers get channeled properly, the record get's entered, the microphones get turned on, the vote gets taken, the bills get read, the decisions get made. And they do just absolutely incredible job and just wanted to make sure that I said, Thank you to them and recognize them before you this evening for the wonderful work that they do and the endurance that they have in doing that job."

PERSONAL PRIVILEGE

Senator Finkbeiner: "A point of personal privilege. I'd also like to add that one thing that I've really become aware of in doing this job, is how many staff it takes for us to be able to our business and many of them we see and interact with every day and the folks that we see up here on the podium but there's a lot of folks in the back rooms. There's a lot of folks down in the Code Revisor's office, there's a lot of folks on our committee staff obviously day in and day out are working hard helping us be successful and what we're doing down here. I just want to point out one, real quick, who many of you know, but Karen Wickstrom spent the day shopping at Costo to get all that food downstairs and setting it up and-if you could stand up Karen, you've done an excellent job. And there's more staff here that can be recognized obviously at this late hour, but there really are a lot of folks that do great work and I know we're very appreciative and I just wanted to say, 'Thank you on behalf of the Senate', to all of them."

PERSONAL PRIVILEGE

Senator Oke: "A point of personal privilege. Thank you, Mr. President. There's two up front that haven't been mentioned yet and they both have cameras in their hand. Their both named Dick and they always make me look just wonderful and I know the rest of us do but they somehow get more hair on my head than I've deserved but I really appreciate them. Anytime we call them we have our young people, there, we call to our office, even in our District's, they come. Thank you both very much for doing a wonderful job."

PERSONAL PRIVILEGE

Senator Brown: "A point of personal privilege. Thank you, Mr. President. I just wanted to say they we had some changes this year as we often do every year. Some people move on and that causes some changes to occur, so as it turns out we had a new chair of the Ways & Means Committee and we had a new Capital Budget Chair as well and those are tough jobs at any point in time but they picked it up in the interim and did their best and in honor of the work that they did and the budget that they balanced and the billions of dollars that they dealt with. I just wanted to present them with a little real money. This is called (*Money, money, money everything you ever wanted to know about money*). So Senator Zarelli and Senator Hewitt, these are for you."

PERSONAL PRIVILEGE

Senator Deccio: "A point of personal privilege. Thank you, Mr. President. In case someone has not already done this, I'd like to compliment you for your patience-especially with Senator McCaslin, Senator Kline. You've been very patient this year in these cramped quarters. I started out with you in the House many years ago, and you've always been very gracious then and your very gracious now and glad to have you with us. Thank you."

PERSONAL PRIVILEGE

Senator McCaslin: "A point of personal privilege. I just want to thank the ranking minority member on my Judiciary Committee, Senator Adam Kline. He's been a delight to work with this year. I'm running for re-election, I got to start learning July. No, he has been, he's changed overnight, I think, from last session. I didn't run any of his bills. I think I ran them all this year, didn't I Senator?"

PERSONAL PRIVILEGE

Senator Kline: "A point of personal privilege. You ran all of my bills last year, they just didn't have my name on them."

PERSONAL PRIVILEGE

Senator McCaslin: "A point of personal privilege. I got an answer. I told you lawyers lied, didn't I? Not withstanding that crude remark you just made, it was a delight to work with you. However, if I'm chairman next year of Judiciary, could you cut down the introductions to your questions? You know, about a minute's enough I think. He goes on and on and on, you know, prior to getting to the question. So anyway, it's great to work with you. Next year I may catch up with your bald head."

PERSONAL PRIVILEGE

Senator Swecker: "A point of personal privilege. Mr. President, there is a group of folks that are here way before us and there here after us and they watch out for us. In fact, there always watching us. It makes me a little nervous sometimes but they also have keys and they let us in places when we forget and it's our security staff. And I just want them to know that I feel a lot more secure with you all here doing your job and I really appreciate your efforts. So, thank you."

MOTION

On motion of Senator Esser, the Senate reverted to the fourth order of business.

MESSAGE FROM THE HOUSE

March 11, 2004

MR. PRESIDENT:

The House has passed SENATE BILL NO. 5034, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 84.36.381 and 1998 c 333 s 1 are each amended to read as follows:

A person shall be exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing: PROVIDED, That any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant shall receive an exemption on more than one residence in any year: PROVIDED FURTHER, That confinement of the person to a hospital (~~(or)~~), nursing home, boarding home, or adult family home shall not disqualify the claim of exemption if:

(a) The residence is temporarily unoccupied;

(b) The residence is occupied by a spouse and/or a person financially dependent on the claimant for support; or
(c) The residence is rented for the purpose of paying nursing home ~~((€))~~, hospital, boarding home, or adult family home costs;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant, and any lease for life shall be deemed a life estate;

(3) The person claiming the exemption must be sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of ~~((physical))~~ disability: PROVIDED, That any surviving spouse of a person who was receiving an exemption at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section;

(4) The amount that the person shall be exempt from an obligation to pay shall be calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the exemption was retired for two months or more of the assessment year, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person claiming exemption is reduced for two or more months of the assessment year by reason of the death of the person's spouse, or when other substantial changes occur in disposable income that are likely to continue for an indefinite period of time, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person after such occurrences by twelve. If it is necessary to estimate income to comply with this subsection, the assessor may require confirming documentation of such income prior to May 31 of the year following application;

(5)(a) A person who otherwise qualifies under this section and has a combined disposable income of thirty-five thousand dollars or less shall be exempt from all excess property taxes; and

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of ~~((twenty-four))~~ thirty thousand dollars or less but greater than ~~((eighteen))~~ twenty-five thousand dollars shall be exempt from all regular property taxes on the greater of ~~((forty))~~ fifty thousand dollars or thirty-five percent of the valuation of his or her residence, but not to exceed ~~((sixty))~~ seventy thousand dollars of the valuation of his or her residence; or

(ii) A person who otherwise qualifies under this section and has a combined disposable income of ~~((eighteen))~~ twenty-five thousand dollars or less shall be exempt from all regular property taxes on the greater of ~~((fifty))~~ sixty thousand dollars or sixty percent of the valuation of his or her residence; ~~((and))~~

(6) For a person who otherwise qualifies under this section and has a combined disposable income of thirty-five thousand dollars or less, the valuation of the residence shall be the assessed value of the residence on the later of January 1, 1995, or January 1st of the assessment year the person first qualifies under this section. If the person subsequently fails to qualify under this section only for one year because of high income, this same valuation shall be used upon requalification. If the person fails to qualify for more than one year in succession because of high income or fails to qualify for any other reason, the valuation upon requalification shall be the assessed value on January 1st of the assessment year in which the person requalifies. If the person transfers the exemption under this section to a different residence, the valuation of the different residence shall be the assessed value of the different residence on January 1st of the assessment year in which the person transfers the exemption.

In no event may the valuation under this subsection be greater than the true and fair value of the residence on January 1st of the assessment year.

This subsection does not apply to subsequent improvements to the property in the year in which the improvements are made. Subsequent improvements to the property shall be added to the value otherwise determined under this subsection at their true and fair value in the year in which they are made.

Sec. 2. RCW 84.36.383 and 1999 c 358 s 18 are each amended to read as follows:

As used in RCW 84.36.381 through 84.36.389, except where the context clearly indicates a different meaning:

(1) The term "residence" means a single family dwelling unit whether such unit be separate or part of a multiunit dwelling, including the land on which such dwelling stands not to exceed one acre. The term shall also include a share ownership in a cooperative housing association, corporation, or partnership if the person claiming exemption can establish that his or her share represents the specific unit or portion of such structure in which he or she resides. The term shall also include a single family dwelling situated upon lands the fee of which is vested in the United States or any instrumentality thereof including an Indian tribe or in the state of Washington, and notwithstanding the provisions of RCW 84.04.080 and 84.04.090, such a residence shall be deemed real property.

(2) The term "real property" shall also include a mobile home which has substantially lost its identity as a mobile unit by virtue of its being fixed in location upon land owned or leased by the owner of the mobile home and placed on a foundation (posts or blocks) with fixed pipe, connections with sewer, water, or other utilities. A mobile home located on land leased by the owner of the mobile home is subject, for tax billing, payment, and collection purposes, only to the personal property provisions of chapter 84.56 RCW and RCW 84.60.040.

(3) "Department" means the state department of revenue.

(4) "Combined disposable income" means the disposable income of the person claiming the exemption, plus the disposable income of his or her spouse, and the disposable income of each cotenant occupying the residence for the assessment year, less amounts paid by the person claiming the exemption or his or her spouse during the assessment year for:

(a) Drugs supplied by prescription of a medical practitioner authorized by the laws of this state or another jurisdiction to issue prescriptions; ~~((and))~~

(b) The treatment or care of either person received in the home or in a nursing home, boarding home, or adult family home; and

(c) Health care insurance premiums for medicare under Title XVIII of the social security act.

(5) "Disposable income" means adjusted gross income as defined in the federal internal revenue code, as amended prior to January 1, 1989, or such subsequent date as the director may provide by rule consistent with the purpose of this section, plus all of the following items to the extent they are not included in or have been deducted from adjusted gross income:

(a) Capital gains, other than gain excluded from income under section 121 of the federal internal revenue code to the extent it is reinvested in a new principal residence;

(b) Amounts deducted for loss;

(c) Amounts deducted for depreciation;

(d) Pension and annuity receipts;

(e) Military pay and benefits other than attendant-care and medical-aid payments;

(f) Veterans benefits other than attendant-care and medical-aid payments;

(g) Federal social security act and railroad retirement benefits;

(h) Dividend receipts; and

(i) Interest received on state and municipal bonds.

(6) "Cotenant" means a person who resides with the person claiming the exemption and who has an ownership interest in the residence.

(7) "Disability" has the same meaning as provided in 42 U.S.C. Sec. 423(d)(1)(A) as amended prior to January 1, 2004, or such subsequent date as the director may provide by rule consistent with the purpose of this section.

Sec. 3. RCW 84.38.030 and 1995 c 329 s 2 are each amended to read as follows:

A claimant may defer payment of special assessments and/or real property taxes on up to eighty percent of the amount of the claimant's equity value in the claimant's residence if the following conditions are met:

(1) The claimant must meet all requirements for an exemption for the residence under RCW 84.36.381, other than the age and income limits under RCW 84.36.381 and the parcel size limit under RCW 84.36.383.

(2) The claimant must be sixty years of age or older on December 31st of the year in which the deferral claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability: PROVIDED, That any surviving spouse of a person who was receiving a deferral at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section.

(3) The claimant must have a combined disposable income, as defined in RCW 84.36.383, of ~~((thirty-four))~~ forty thousand dollars or less.

(4) The claimant must have owned, at the time of filing, the residence on which the special assessment and/or real property taxes have been imposed. For purposes of this subsection, a residence owned by a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant. A claimant who has only a share ownership in cooperative housing, a life estate, a lease for life, or a revocable trust does not satisfy the ownership requirement.

(5) The claimant must have and keep in force fire and casualty insurance in sufficient amount to protect the interest of the state in the claimant's equity value: PROVIDED, That if the claimant fails to keep fire and casualty insurance in force to the extent of the state's interest in the claimant's equity value, the amount deferred shall not exceed one hundred percent of the claimant's equity value in the land or lot only.

(6) In the case of special assessment deferral, the claimant must have opted for payment of such special assessments on the installment method if such method was available." and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

March 11, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6242, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1)(a) The legislature finds that the 1999 public and tribal lands inventory provides a base of information to begin the development of a statewide coordinated strategy for acquisition of lands for recreation and habitat preservation and enhancement. However, updated information is needed on the amount of recent acquisitions, how they were funded, how those acquisitions could be compatible with a coordinated strategy, and how they pursue the goals of single agencies.

(b) The legislature further finds that land acquisition decisions have long-term implications, often in perpetuity, and that some acquisitions occur outside the oversight of the legislature.

(c) The legislature intends to establish a statewide strategy for coordination of acquisition, exchange or disposal of state agency lands for recreation and habitat preservation and enhancement, and to clarify authority for an interagency planning and coordination of that strategy.

(2) The interagency committee for outdoor recreation shall submit a report to the appropriate policy and fiscal committees of the legislature and to the governor by June 30, 2005. The report shall include an inventory of recent habitat and recreational land acquisitions and a recommended statewide strategy for coordination of future acquisitions.

(a) The inventory shall include habitat and recreational land acquisitions and disposals since 1980 by state agencies. For the purpose of this inventory, "land acquisition" means fee simple acquisition or less than a fee simple interest if that interest is for more than fifty years. Land acquisitions by state agencies include those funded by state agencies but owned by local governments. The inventory shall:

(i) Include information about land acquisitions and disposals that involved land trading or swapping between public and private entities, and land acquisitions that were gifts;

(ii) Specify principal use of the acquired parcels and other data compatible with the 1999 inventory;

(iii) Specify the agency or local government acquiring or disposing of the property, the costs of the land acquisition or receipts from the disposal, the funding sources, and whether the land acquisition was funded under a legislative appropriation, an unanticipated receipt, and/or exchange of land parcels; and

(iv) Include any additional information local governments may provide to the inventory about habitat and recreational land acquisitions by land trusts, conservancies, port districts, public utility districts, and other parties that result in the property's change to a tax exempt status.

(b) The recommended statewide strategy for coordination of habitat and recreation acquisitions by state agencies, regardless of fund source, should be consistent with the priorities, policies and criteria of chapter 79A.15 RCW and, if not, identify what priorities, policies and goals should apply. The recommended statewide coordinated strategy should:

(i) Ensure that land acquisition and disposal decisions are based on a determination of need for recreational and habitat lands compared to existing public lands serving those purposes in various areas of the state;

(ii) Specify how to provide a central, interagency point of coordination to ensure that land acquisitions by state agencies, including land acquisitions funded through unanticipated receipts, are consistent with statewide priorities, policies and goals;

(iii) Examine alternative ways to compensate local governments by spreading statewide the impact of lost tax revenues from acquisitions of property for habitat and recreation;

(iv) Consider options for a no net gain policy in counties with large portions of existing public habitat and recreational land; and

(v) Consider what policies, priorities, and goals may apply to the statewide coordinated strategy. The report may consider population based goals for recreation needs, changes in use of public lands, provisions for scenic areas and green ways, wildlife corridors, forest buffers, designated critical areas, local, state and federal wildlife protection plans, and multi-use functions of existing publicly owned lands."

Correct the title.

and the same are herewith transmitted.

MESSAGES FROM THE GOVERNOR

March 11, 2004

TO THE HONORABLE, THE SENATE
OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

In compliance with the provisions of Section 11 of Article III of the Constitution of the State of Washington, the Governor hereby submits his report of each case of reprieve, commutation or pardon that he has granted since the adjournment of the 2003 First Special Session of the 58th Legislature, copies of which are attached.

Sincerely,
JENNIFER JOLY, General Counsel

**CONDITIONAL COMMUTATION
OF
DONNA M. SANTIAGO**

To All To Whom These Presents Shall Come, Greetings:

WHEREAS, Ms. Donna M. Santiago was convicted as an accomplice and sentenced to serve five years as an accomplice to two other defendants for the crimes of attempted first degree murder, first degree robbery, and second degree assault, for her role in setting up a meeting with the victims.

WHEREAS, Ms. Santiago invited one of the victims on a "blind date." this victim also indicted he would be bringing a friend, and asked Ms. Santiago to do the same. Prior to meeting the victim at the Tacoma Mall movie theater, Ms. Santiago ran into her ex-boyfriend, who knew that Ms. Santiago had arranged to meet the victim. He told her that she should meet the victim at the movie theater as arranged and showed her a gun. He also told her that he had "bad aim," which Ms. Santiago took to be a threat to her. Further, the Washington State Clemency and Pardons Board heard testimony that Ms. Santiago was physically abused by her ex-boyfriend during the course of their relationship.

WHEREAS, After Ms. Santiago met up with the victim and his friend, she entered the theater where she said her friend worked. While the victim and his friend were waiting outside the theater for Ms. Santiago to return, they were approached by Ms. Santiago's ex-boyfriend and his friend, who were armed with guns. They stated, "Fool, this is a jack." the victim gave one of the defendants car keys, jewelry and money. When he tried to run, one of the defendants chased him into the theater and fired his gun, hitting the victim in his buttocks and abdomen.

WHEREAS, At Ms. Santiago's trial, both defense counsel and the prosecutor offered the Washington Pattern Jury Instruction for accomplice liability. At this time, it was assumed that the accomplice liability rule in Washington was the "in for a penny, in for a pound: doctrine. Under this doctrine, the prosecution need only prove that the accused had knowledge that the co-defendants were going to take some type of illegal action. Because this was the pattern instruction, defense counsel did not challenge it. Since Ms. Santiago's trial, the Washington State Supreme Court has held that this is not the rule in Washington. The correct standard in Mr. Santiago's case would have required the prosecution to prove that Ms. Santiago had knowledge of the actual offense her co-defendants were going to commit. Although Mr. Santiago appealed the decision in her case, the Court held that the erroneous jury instruction was not reversible error because it was "invited error." In other words, because defense counsel had not objected to the instruction and had actually proposed the erroneous instruction at the time of trial, there was no basis to reverse the conviction. Additionally, the Court held that defense counsel had not been ineffective in failing to object to the jury instruction.

WHEREAS, during the appeal of her trial court conviction, Judge VanDeren allowed Ms. Santiago to remain free on bail after her conviction for over two years. Ms. Santiago fulfilled her obligations to the court without violation. One of the conditions of bail included speaking to high school students about her experience and how to avoid it. During sentencing, Judge VanDeren stated that if she could, she would impose no incarceration for Ms. Santiago, but was obligated to because of the mandatory weapons enhancement.

WHEREAS, Prior to this incident, which occurred when she was 19, Ms. Santiago was a good student, active in sports and was Prom Queen at Clover Park High School. She had no prior convictions. Ms. Santiago maintains an excellent record while incarcerated. She has not received any major rule infractions and holds a job within the institution as a library clerk.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crime, and unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing, I have determined that the best interests of justice will be served by this action;

NOW, THEREFORE, I, Gary Locke, by virtue of the authority vested in me as Governor of the state of Washington, grant to Donna M. Santiago this Conditional Commutation, commute the remainder of the sentence imposed to a term of community custody not to exceed the normal term imposed by the sentencing court, SUBJECT TO THE FOLLOWING CONDITIONS:

Ms. Santiago Shall:

1. Report regularly to a Community Corrections Officer as directed by the Department of Corrections;
2. Pay a monthly supervision fee as directed by the Community Corrections Officer;

3. Notify the Department of Corrections prior to any changes of address or employment;
4. Remain in the geographic area as directed by the Community Corrections Officer;
5. Not possess, receive, ship, or transport a firearm, ammunition, or explosives;
6. Not possess or use alcohol or possess or use any controlled substances without a prescription;
7. Submit to regular and random urinalysis and breathalyser testing, as directed by the Community Corrections Officer;
8. Participate in substance abuse evaluation as directed by the Community Corrections Officer, and follow-up on any recommendations from such evaluation;
9. Participate in a chemical dependency evaluation as directed by the Community Corrections Officer, and follow-up on any recommendations from such evaluation;
10. Participate in chemical dependency and substance abuse support groups, as directed by the Community Corrections Officer;
11. Not associate with any drug users or dealers;
12. Continue to speak with high school students about her experiences; and
13. Comply with all standard conditions, recommendations, and instructions of community placement as directed by the Community Corrections Officer and with all other applicable conditions imposed by the sentencing court.

Violation of any of the above conditions shall result in sanctions as deemed appropriate by the Department of Corrections. **PROVIDED**, that in the event Ms. Santiago commits any offense classified as a felony or gross misdemeanor in the state of Washington, this Conditional Commutation is revoked and the sentence imposed by the court reinstated without the benefit of sentence reduction credit, whereupon Ms. Santiago shall be immediately returned to the Washington Corrections Center for Women or any such other facility as the Secretary of Corrections deems appropriate. The Department of Corrections shall provide a written report to the Clemency and Pardons Board regarding the violation of any condition of this Conditional Commutation.

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, hereby grant to John K. Ralphs this Conditional Pardon, SUBJECT TO THE CONDITION that Mr. Ralphs shall not commit any more crimes.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crime, and the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing, I have determined that the best interests of justice will be served by this action; and

**CONDITIONAL PARDON
OF
JOSEPH M. FAIRCHILD**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in 2001, Joseph M. Fairchild pled guilty to the misdemeanors of fourth degree assault and interfering with a domestic violence report, arising out of an altercation with his then fiancé'. Mr. Fairchild sincerely regrets these actions. He has successfully completed his court-ordered probation and paid all fines associated with these convictions; and

WHEREAS, for the past six years, Mr. Fairchild has served as a member of the Army National Guard. He is a petroleum specialist in the transportation section of the 898th Engineer Battalion. LETTER OF RESIGNATION
WASHINGTON STATE SENATE
Senator Patricia Hale
8TH Legislative District

March 18, 2004

The Honorable Gary Locke
Governor of the State of Washington
P. O. Box 40002
Olympia, Washington 98504

Dear Governor:

It is with a real sense of sadness that I hereby resign my Senate seat. For the past couple of years, I have been thinking about the next chapter in my life, trying to decide what exactly I want to do and when it should happen. I have prayed about it constantly and feel I'm finally ready to turn the page.

As you might expect, my overriding reasons for leaving are tied directly to my family. They are all in Virginia, where I have a new grandson I've never met and a granddaughter I've only seen only a couple of times. Tom and I want to be able to hug our children more than twice a year and be there to watch our grand babies grow up. For that reason, I have accepted an appointment in the Bush Administration, where I'll be senior policy advisor to the Small Business Administration. This is a good fit for me since my legislative focus has been largely on small business issues.

Is has been a tremendous honor to serve the people of the 8th Legislative District and all Washington State residents. Together, we have worked hard to make this a better place to do business, live and raise our families.

The effective date of my resignation is April 15th. Between now and then, the Benton County Republican Party will appoint an individual to fill my seat until the next election.

Thank you for your kindness to me during the years we have worked together. I wish you and Mona every happiness as you, too, begin a new chapter in your lives.

Sincerely,
PAT HALE, 8th Legislative District

LETTER OF RESIGNATION AMENDED
WASHINGTON STATE SENATE
Senator Patricia Hale
8TH Legislative District

March 23, 2004

The Honorable Gary Locke
Governor of the State of Washington
P. O. Box 40002
Olympia, Washington 98504

Dear Governor:

Since my resignation letter to you dated March 18, 2004, I have learned that the Benton County Republican Party does not plan to forward names of my potential successor to the Benton County Commission until May 6, 2004. My concern is that the people of the 8th Legislative District would be without representation in the Senate during that time period. I would like any vacancy to be kept to a minimum. Therefore, to maintain continuity in the office, I am amending my March 18, 2004 letter to change the effective date of my resignation from April 15, 2004 to May 6, 2004.

Again my thanks to you for your kindness to me during the years we have worked together.

Sincerely,
PAT HALE, 8th Legislative District

As I will assume my new duties on July 1, I therefore resign my Senate seat effective that same day, July 1, 2004.

Sincerely,
