(a) May accept advance deposit wagering for races conducted in this state under a class 1 license or races not conducted within this state on a schedule approved by the class 1 licensee. A system of advance deposit wagering located outside or within this state may not accept wagers from residents or other individuals located within this state, and residents or other individuals located within this state are prohibited from placing wagers through advance deposit wagering systems, except with an entity authorized to conduct advance deposit wagering under subsection (1) of this section;

(b) May not accept an account wager in an amount in excess of the funds on deposit in the advance deposit wagering account of the individual placing the wager;

(c) May not allow individuals under the age of twenty-one to open, own, or have access to an advance deposit wagering account;

(d) Must include a statement in all forms of advertising for advance deposit wagering that individuals under the age of twenty-one are not allowed to open, own, or have access to an advance deposit wagering account; and

(e) Must verify the identification, residence, and age of the advance deposit wagering account holder using methods and technologies approved by the commission.

(3) As used in this section, "advance deposit wagering" means a form of parimutuel wagering in which an individual deposits money in an account with an entity authorized by the commission to conduct advance deposit wagering and then the account funds are used to pay for parimutuel wagers made in person, by telephone, or through communication by other electronic means.

(4) In order to participate in advance deposit wagering, the holder of a class 1 racing association license must have conducted at least one full live racing season. All class 1 racing associations must complete a live race meet within each succeeding twelve-month period to maintain eligibility to continue participating in advance deposit wagering.

(5) When more than one class 1 racing association is participating in advance deposit wagering the moneys paid to the racing associations shall be allocated proportionate to the gross amount of all sources of parimutuel wagering during each twelve-month period derived from the associations' live race meets. This percentage must be calculated annually. Revenue derived from advance deposit wagers placed on races conducted by the class 1 racing association shall all be allocated to that association.

(6) The commission shall adopt rules regulating advance deposit wagering.

(7) This section expires October 1, 2007.

Sec. 2. RCW 67.16.200 and 2001 1st sp.s. c 10 s 2 are each amended to read as follows:

(1) A class 1 racing association licensed by the commission to conduct a race meet may seek approval from the commission to conduct parimutuel wagering (~~on its program~~) at a satellite location or locations within the state of Washington. In order to participate in parimutuel wagering at a satellite location or locations within the state of Washington, the holder of a class 1 racing association license must have conducted at least one full live racing season. All class 1 racing associations must hold a live race meet within each succeeding twelve-month period to maintain eligibility to continue to participate in parimutuel wagering at a satellite location or locations. The sale of parimutuel pools at satellite locations shall be conducted (~~only during the licensee's race meet and~~) simultaneous to all parimutuel wagering activity conducted at the licensee's live racing facility in the state of Washington. The commission's authority to approve satellite wagering at a particular location is subject to the following limitations:

(a) The commission may approve only one satellite location in each county in the state; however, the commission may grant approval for more than one licensee to conduct wagering at each satellite location. A satellite location shall not be operated within twenty driving miles of any class 1 racing facility. For the purposes of this section, "driving miles" means miles measured by the most direct route as determined by the commission; and

(b) A licensee shall not conduct satellite wagering at any satellite location within sixty driving miles of any other racing facility conducting a live race meet.

(2) Subject to local zoning and other land use ordinances, the commission shall be the sole judge of whether approval to conduct wagering at a satellite location shall be granted.

(3) The licensee shall combine the parimutuel pools of the satellite location with those of the racing facility for the purpose of determining odds and computing payoffs. The amount wagered at the satellite location shall be combined with the amount wagered at the racing facility for the application of take out formulas and distribution as provided in RCW 67.16.102, 67.16.105, 67.16.170, and 67.16.175. A satellite extension of the licensee's racing facility shall be subject to the same application of the rules of racing as the licensee's racing facility.

(4) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to locations outside of the state of Washington approved by the commission and in accordance with the interstate horse racing act of 1978 (15 U.S.C. Sec. 3001 to 3007) or any other applicable laws. The commission may permit parimutuel pools on the simulcast races to be combined in a common pool. A racing association that transmits simulcasts of its races to locations outside this state shall pay at least fifty percent of the fee that it receives for sale of the simulcast signal to the horsemen's purse account for its live races after first deducting the actual cost of sending the signal out of state.

(5) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to licensed racing associations located within the state of Washington and

approved by the commission for the receipt of the simulcasts. The commission shall permit parimutuel pools on the simulcast races to be combined in a common pool. The fee for in-state, track-to-track simulcasts shall be five and one-half percent of the gross parimutuel receipts generated at the receiving location and payable to the sending racing association. A racing association that transmits simulcasts of its races to other licensed racing associations shall pay at least fifty percent of the fee that it receives for the simulcast signal to the horsemen's purse account for its live race meet after first deducting the actual cost of sending the simulcast signal. A racing association that receives races simulcast from class 1 racing associations within the state shall pay at least fifty percent of its share of the parimutuel receipts to the horsemen's purse account for its live race meet after first deducting the purchase price and the actual direct costs of importing the race.

(6) A class 1 racing association may be allowed to import simulcasts of horse races from out-of-state racing facilities. With the prior approval of the commission, the class 1 racing association may participate in ~~((an interstate))~~ a multijurisdictional common pool and may change its commission and breakage rates to achieve a common rate with other participants in the common pool.

(a) The class 1 racing association shall make written application with the commission for permission to import simulcast horse races for the purpose of parimutuel wagering. Subject to the terms of this section, the commission is the sole authority in determining whether to grant approval for an imported simulcast race.

~~(b) ((A licensed racing association may also be approved to import one simulcast race of regional or national interest on each live race day.~~

~~(c) The commission may allow simulcast races of regional or national interest to be sent to satellite locations. The simulcasts shall be limited to one per day except for Breeder's Cup special events day.~~

~~(d))~~ When open for parimutuel wagering, a class 1 racing association which imports simulcast races shall also conduct simulcast parimutuel wagering within its licensed racing enclosure on all races simulcast from other class 1 racing associations within the state of Washington.

~~((e) The conduct of parimutuel wagering on imported simulcast races shall be for not more than fourteen hours during any twenty four hour period, for not more than five days per week and only at the live racing facility of a class 1 racing association.~~

~~(f))~~ (c) On any imported simulcast race, the class 1 racing association shall pay fifty percent of its share of the parimutuel receipts to the horsemen's purse account for its live race meet after first deducting the purchase price of the imported race and the actual costs of importing and offering the race.

(7) For purposes of this section, a class 1 racing association is defined as a licensee approved by the commission to conduct during each twelve-month period at least forty days of live racing. If a live race day is canceled due to reasons directly attributable to acts of God, labor disruptions affecting live race days but not directly involving the licensee or its employees, or other circumstances that the commission decides are beyond the control of the class 1 racing association, then the canceled day counts toward the forty-day requirement. The commission may by rule increase the number of live racing days required to maintain class 1 racing association status or make other rules necessary to implement this section.

(8) This section does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before April 19, 1997. Therefore, this section does not allow gaming of any nature or scope that was prohibited before April 19, 1997. This section is necessary to protect the Washington equine breeding and racing industries, and in particular those sectors of these industries that are dependent upon live horse racing. The purpose of this section is to protect these industries from adverse economic impacts and to promote fan attendance at class 1 racing facilities. ~~((Therefore, imported simulcast race card programs shall not be disseminated to any location outside the live racing facility of the class 1 racing association and a class 1 racing association is strictly prohibited from simulcasting imported race card programs to any location outside its live racing facility.))~~ Therefore, a licensed class 1 racing association may be approved to disseminate imported simulcast race card programs to satellite locations approved under this section, provided that the class 1 racing association has conducted at least forty live racing days with an average on-track handle on the live racing product of a minimum of one hundred fifty thousand dollars per day during the twelve months immediately preceding the application date. However, to promote the development of a new class 1 racing association facility and to meet the best interests of the Washington equine breeding and racing industries, the commission may by rule reduce the required minimum average on-track handle on the live racing product from one hundred fifty thousand dollars per day to thirty thousand dollars per day.

(9) A licensee conducting simulcasting under this section shall place signs in the licensee's gambling establishment under RCW 9.46.071. The informational signs concerning problem and compulsive gambling must include a toll-free telephone number for problem and compulsive gamblers and be developed under RCW 9.46.071.

(10) Chapter 10, Laws of 2001 1st sp. sess. does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before August 23, 2001. Therefore, this section does not allow gaming of any nature or scope that was prohibited before August 23, 2001. Chapter 10, Laws of 2001 1st sp. sess. is necessary to protect the Washington equine breeding and racing industries, and in particular those sectors of these industries that are dependent upon live horse racing. The purpose of chapter 10, Laws of 2001 1st sp. sess. is to protect these industries from adverse economic impacts and to promote fan attendance at class 1 racing facilities. ~~((Therefore, imported simulcast race card programs shall not be disseminated to any location outside the live racing facility of the class 1 racing association and a class 1 racing association is strictly prohibited from simulcasting imported race card programs to any location outside its live racing facility.~~

~~(11) If a state or federal court makes a finding that the increase in the number of imported simulcast races that may be authorized under chapter 10, Laws of 2001 1st sp. sess. is an expansion of gaming beyond that which is now allowed, chapter 10, Laws of 2001 1st sp. sess. is null and void.~~

~~(12) If any provision of chapter 10, Laws of 2001 1st sp. sess. or its application to any person or circumstance is held invalid, the remainder of chapter 10, Laws of 2001 1st sp. sess. or the application of the provision to other persons or circumstances is also invalid.)~~

Sec. 3. RCW 67.16.160 and 1994 c 154 s 314 are each amended to read as follows:

No later than ninety days after July 16, 1973, the horse racing commission shall ~~((promulgate))~~ adopt, pursuant to chapter 34.05 RCW, reasonable rules implementing to the extent applicable to the circumstances of the horse racing

commission the conflict of interest laws of the state of Washington as set forth in (~~chapters 42.21 and~~) chapter 42.52 RCW. In no case may a commissioner make any wager on the outcome of a horse race at a race meet conducted under the authority of the commission.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately." and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

March 3, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6641, with the following amendments{s}. Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature recognizes the importance of prevention in obtaining the goal of zero oil spills to waters of the state. The legislature also recognizes that the regulation of oil and fuel transfers on or near waters of the state vary depending on many factors including the type of facility or equipment that is used, the type of products being transferred, where the transfer takes place, and the type of vessels involved in the transfer. The legislature therefore finds that the department of ecology shall initiate a review of the current statewide marine fueling practices for covered vessels and ships as those terms are defined in RCW 88.46.010.

(2) The department of ecology shall work with stakeholders to develop a report describing:

(a) The types of fueling practices being employed by covered vessels and ships;

(b) The current spill prevention planning requirements that are applicable under state and federal law for covered vessels and ships; and

(c) The current spill response requirements under state and federal law for covered vessels and ships.

(3) The department of ecology shall report recommendations for regulatory improvements for covered vessel and ship fueling. These recommendations must include any new authorities that the department of ecology believes are necessary to establish a protective regulatory system for the fueling of covered vessels and ships. The department of ecology shall consider any applicable federal requirements and the state's desire to not duplicate federal vessel fueling laws. The department of ecology shall also provide recommendations for funding to implement recommendations.

(4) The department of ecology shall deliver the report with its recommendations and findings to the appropriate committees of the legislature by December 15, 2004.

Sec. 2. RCW 90.56.005 and 1991 c 200 s 101 are each amended to read as follows:

(1) The legislature declares that the increasing reliance on water borne transportation as a source of supply for oil and hazardous substances poses special concern for the state of Washington. Each year billions of gallons of crude oil and refined petroleum products are transported by vessel on the navigable waters of the state. These shipments are expected to increase in the coming years. Vessels transporting oil into Washington travel on some of the most unique and special marine environments in the United States. These marine environments are a source of natural beauty, recreation, and economic livelihood for many residents of this state. As a result, the state has an obligation to ~~((assure))~~ ensure the citizens of the state that the waters of the state will be protected from oil spills.

(2) The legislature finds that prevention is the best method to protect the unique and special marine environments in this state. The technology for containing and cleaning up a spill of oil or hazardous substances is in the early stages of development. Preventing spills is more protective of the environment and more cost-effective when all the costs associated with responding to a spill are considered. Therefore, the legislature finds that the primary objective of the state is to adopt a zero spills strategy to prevent any oil or hazardous substances from entering waters of the state.

(3) The legislature also finds that:

(a) Recent accidents in Washington, Alaska, southern California, Texas, and other parts of the nation have shown that the transportation, transfer, and storage of oil have caused significant damage to the marine environment;

(b) Even with the best efforts, it is nearly impossible to remove all oil that is spilled into the water;

(c) Washington's navigable waters are treasured environmental and economic resources that the state cannot afford to place at undue risk from an oil spill; and

(d) The state has a fundamental responsibility, as the trustee of the state's natural resources and the protector of public health and the environment to prevent the spill of oil.

(4) In order to establish a comprehensive prevention and response program to protect Washington's waters and natural resources from spills of oil, it is the purpose of this chapter:

(a) To establish state agency expertise in marine safety and to centralize state activities in spill prevention and response activities;

(b) To prevent spills of oil and to promote programs that reduce the risk of both catastrophic and small chronic spills;

(c) To ensure that responsible parties are liable, and have the resources and ability, to respond to spills and provide compensation for all costs and damages;

(d) To provide for state spill response and wildlife rescue planning and implementation;

(e) To support and complement the federal oil pollution act of 1990 and other federal law, especially those provisions relating to the national contingency plan for cleanup of oil spills and discharges, including provisions relating to the responsibilities of state agencies designated as natural resource trustees. The legislature intends this chapter to be interpreted and implemented in a manner consistent with federal law;

(f) To provide broad powers of regulation to the department of ecology relating to spill prevention and response;

(g) To provide for an independent oversight board to review the adequacy of spill prevention and response activities in this state; and

(h) To provide an adequate funding source for state response and prevention programs.

Sec. 3. RCW 88.46.160 and 2000 c 69 s 12 are each amended to read as follows:

Any person or facility conducting ship refueling and bunkering operations, or the lightering of petroleum products, and any person or facility transferring oil between an onshore or offshore facility and a tank vessel shall have containment and recovery equipment readily available for deployment in the event of the discharge of oil into the waters of the state and shall deploy the containment and recovery equipment in accordance with standards adopted by the department. All persons conducting refueling, bunkering, or lightering operations, or oil transfer operations shall be trained in the use and deployment of oil spill containment and recovery equipment. The department shall adopt rules as necessary to carry out the provisions of this section by June 30, 2006. The rules shall include standards for the circumstances under which containment equipment should be deployed including standards requiring deployment of containment equipment prior to the transfer of oil when determined to be safe and effective by the department. The department may require a person or facility to employ alternative measures including but not limited to automatic shutoff devices and alarms, extra personnel to monitor the transfer, or containment equipment that is deployed quickly and effectively. The standards adopted by rule must be suitable to the specific environmental and operational conditions and characteristics of the facilities that are subject to the standards, and the department must consult with the United States coast guard with the objective of developing state standards that are compatible with federal requirements applicable to the activities covered by this section. An onshore or offshore facility shall include the procedures used to contain and recover discharges in the facility's contingency plan. It is the responsibility of the person providing bunkering, refueling, or lightering services to provide any containment or recovery equipment required under this section. This section does not apply to a person operating a ship for personal pleasure or for recreational purposes.

Sec. 4. RCW 90.56.060 and 2000 c 69 s 16 are each amended to read as follows:

(1) The department shall prepare and annually update a statewide master oil and hazardous substance spill prevention and contingency plan. In preparing the plan, the department shall consult with an advisory committee representing diverse interests concerned with oil and hazardous substance spills, including the United States coast guard, the federal environmental protection agency, state agencies, local governments, port districts, private facilities, environmental organizations, oil companies, shipping companies, containment and cleanup contractors, tow companies, and hazardous substance manufacturers.

(2) The state master plan prepared under this section shall at a minimum:

(a) Take into consideration the elements of oil spill prevention and contingency plans approved or submitted for approval pursuant to this chapter and chapter 88.46 RCW and oil and hazardous substance spill contingency plans prepared pursuant to other state or federal law or prepared by federal agencies and regional entities;

(b) State the respective responsibilities as established by relevant statutes and rules of each of the following in the prevention of and the assessment, containment, and cleanup of a worst case spill of oil or hazardous substances into the environment of the state: (i) State agencies; (ii) local governments; (iii) appropriate federal agencies; (iv) facility operators; (v) property owners whose land or other property may be affected by the oil or hazardous substance spill; and (vi) other parties identified by the department as having an interest in or the resources to assist in the containment and cleanup of an oil or hazardous substance spill;

(c) State the respective responsibilities of the parties identified in (b) of this subsection in an emergency response;

(d) Identify actions necessary to reduce the likelihood of spills of oil and hazardous substances;

(e) Identify and obtain mapping of environmentally sensitive areas at particular risk to oil and hazardous substance spills; ~~(and)~~

(f) Establish an incident command system for responding to oil and hazardous substances spills; and

(g) Establish a process for immediately notifying affected tribes of any oil spill.

(3) In preparing and updating the state master plan, the department shall:

(a) Consult with federal, provincial, municipal, and community officials, other state agencies, the state of Oregon, and with representatives of affected regional organizations;

(b) Submit the draft plan to the public for review and comment;

(c) Submit to the appropriate standing committees of the legislature for review, not later than November 1st of each year, the plan and any annual revision of the plan; and

(d) Require or schedule unannounced oil spill drills as required by RCW 90.56.260 to test the sufficiency of oil spill contingency plans approved under RCW 90.56.210.

Sec. 5. RCW 90.56.200 and 2000 c 69 s 19 are each amended to read as follows:

(1) The owner or operator for each onshore and offshore facility and any state agency conducting ship refueling or bunkering of more than one million gallons of oil on the waters of the state during any calendar year shall prepare and submit to the department an oil spill prevention plan in conformance with the requirements of this chapter. The plans shall be submitted to the department in the time and manner directed by the department. The spill prevention plan may be consolidated with a spill contingency plan submitted pursuant to RCW 90.56.210. The department may accept plans prepared to comply with other state or federal law as spill prevention plans to the extent those plans comply with the requirements of this chapter. The department, by rule, shall establish standards for spill prevention plans.

(2) The spill prevention plan for an onshore or offshore facility and state agencies identified under subsection (1) of this section shall:

(a) Establish compliance with the federal oil pollution act of 1990, if applicable, and financial responsibility requirements under federal and state law;

(b) Certify that supervisory and other key personnel in charge of transfer, storage, and handling of oil have received certification pursuant to RCW 90.56.220;

(c) Certify that the facility has an operations manual required by RCW 90.56.230;

(d) Certify the implementation of alcohol and drug use awareness programs;

(e) Describe the facility's maintenance and inspection program and contain a current maintenance and inspection record of the storage and transfer facilities and related equipment;

(f) Describe the facility's alcohol and drug treatment programs;

(g) Describe spill prevention technology that has been installed, including overflow alarms, automatic overflow cut-off switches, secondary containment facilities, and storm water retention, treatment, and discharge systems;

(h) Describe any discharges of oil to the land or the water of more than twenty-five barrels in the prior five years and the measures taken to prevent a reoccurrence;

(i) Describe the procedures followed by the facility to contain and recover any oil that spills during the transfer of oil to or from the facility;

(j) Provide for the incorporation into the facility during the period covered by the plan of those measures that will provide the best achievable protection for the public health and the environment; and

(k) Include any other information reasonably necessary to carry out the purposes of this chapter required by rules adopted by the department.

(3) The department shall only approve a prevention plan if it provides the best achievable protection from damages caused by the discharge of oil into the waters of the state and if it determines that the plan meets the requirements of this section and rules adopted by the department.

(4) Upon approval of a prevention plan, the department shall provide to the person submitting the plan a statement indicating that the plan has been approved, the facilities covered by the plan, and other information the department determines should be included.

(5) The approval of a prevention plan shall be valid for five years. An owner or operator of a facility shall notify the department in writing immediately of any significant change of which it is aware affecting its prevention plan, including changes in any factor set forth in this section or in rules adopted by the department. The department may require the owner or operator to update a prevention plan as a result of these changes.

(6) The department by rule shall require prevention plans to be reviewed, updated, if necessary, and resubmitted to the department at least once every five years.

(7) Approval of a prevention plan by the department does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law.

(8) This section does not authorize the department to modify the terms of a collective bargaining agreement.

Sec. 6. RCW 90.56.210 and 2000 c 69 s 20 are each amended to read as follows:

(1) Each onshore and offshore facility and any state agency conducting ship refueling or bunkering of more than one million gallons of oil on the waters of the state during any calendar year shall have a contingency plan for the containment and cleanup of oil spills from the facility into the waters of the state and for the protection of fisheries and wildlife, shellfish beds, natural resources, and public and private property from such spills. The department shall by rule adopt and periodically

revise standards for the preparation of contingency plans. The department shall require contingency plans, at a minimum, to meet the following standards:

(a) Include full details of the method of response to spills of various sizes from any facility which is covered by the plan;

(b) Be designed to be capable in terms of personnel, materials, and equipment, of promptly and properly, to the maximum extent practicable, as defined by the department removing oil and minimizing any damage to the environment resulting from a worst case spill;

(c) Provide a clear, precise, and detailed description of how the plan relates to and is integrated into relevant contingency plans which have been prepared by cooperatives, ports, regional entities, the state, and the federal government;

(d) Provide procedures for early detection of oil spills and timely notification of such spills to appropriate federal, state, and local authorities under applicable state and federal law;

(g) Describe important features of the surrounding environment, including fish and wildlife habitat, shellfish beds, environmentally and archaeologically sensitive areas, and public facilities. The departments of ecology, fish and wildlife, and natural resources, and the office of archaeology and historic preservation, upon request, shall provide information that they have available to assist in preparing this description. The description of archaeologically sensitive areas shall not be required to be included in a contingency plan until it is reviewed and updated pursuant to subsection (9) of this section;

(h) State the means of protecting and mitigating effects on the environment, including fish, shellfish, marine mammals, and other wildlife, and ensure that implementation of the plan does not pose unacceptable risks to the public or the environment;

(i) Provide arrangements for the repositioning of oil spill containment and cleanup equipment and trained personnel at strategic locations from which they can be deployed to the spill site to promptly and properly remove the spilled oil;

(j) Provide arrangements for enlisting the use of qualified and trained cleanup personnel to implement the plan;

(k) Provide for disposal of recovered spilled oil in accordance with local, state, and federal laws;

(l) Until a spill prevention plan has been submitted pursuant to RCW 90.56.200, state the measures that have been taken to reduce the likelihood that a spill will occur, including but not limited to, design and operation of a facility, training of personnel, number of personnel, and backup systems designed to prevent a spill;

(m) State the amount and type of equipment available to respond to a spill, where the equipment is located, and the extent to which other contingency plans rely on the same equipment; and

(n) If the department has adopted rules permitting the use of dispersants, the circumstances, if any, and the manner for the application of the dispersants in conformance with the department's rules.

(2)(a) The following shall submit contingency plans to the department within six months after the department adopts rules establishing standards for contingency plans under subsection (1) of this section:

(i) Onshore facilities capable of storing one million gallons or more of oil; and

(ii) Offshore facilities.

(b) Contingency plans for all other onshore and offshore facilities shall be submitted to the department within eighteen months after the department has adopted rules under subsection (1) of this section. The department may adopt a schedule for submission of plans within the eighteen-month period.

(3)(a) The owner or operator of a facility shall submit the contingency plan for the facility.

(b) A person who has contracted with a facility to provide containment and cleanup services and who meets the standards established pursuant to RCW 90.56.240, may submit the plan for any facility for which the person is contractually obligated to provide services. Subject to conditions imposed by the department, the person may submit a single plan for more than one facility.

(4) A contingency plan prepared for an agency of the federal government or another state that satisfies the requirements of this section and rules adopted by the department may be accepted by the department as a contingency plan under this section. The department shall ((assure)) ensure that to the greatest extent possible, requirements for contingency plans under this section are consistent with the requirements for contingency plans under federal law.

(5) In reviewing the contingency plans required by this section, the department shall consider at least the following factors:

(a) The adequacy of containment and cleanup equipment, personnel, communications equipment, notification procedures and call down lists, response time, and logistical arrangements for coordination and implementation of response efforts to remove oil spills promptly and properly and to protect the environment;

(b) The nature and amount of vessel traffic within the area covered by the plan;

(c) The volume and type of oil being transported within the area covered by the plan;

(d) The existence of navigational hazards within the area covered by the plan;

(e) The history and circumstances surrounding prior spills of oil within the area covered by the plan;

(f) The sensitivity of fisheries, shellfish beds, and wildlife and other natural resources within the area covered by the plan;

(g) Relevant information on previous spills contained in on-scene coordinator reports prepared by the department;

and
(h) The extent to which reasonable, cost-effective measures to prevent a likelihood that a spill will occur have been incorporated into the plan.

(6) The department shall approve a contingency plan only if it determines that the plan meets the requirements of this section and that, if implemented, the plan is capable, in terms of personnel, materials, and equipment, of removing oil promptly and properly and minimizing any damage to the environment.

(7) The approval of the contingency plan shall be valid for five years. The department may require the owner or operator to update a contingency plan as a result of these changes.

(9) The department by rule shall require contingency plans to be reviewed, updated, if necessary, and resubmitted to the department at least once every five years.

(10) Approval of a contingency plan by the department does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law.

NEW SECTION. Sec. 7. If specific funding for the purposes of sections 5 and 6 of this act, referencing sections 5 and 6 of this act by bill or chapter or section number, is not provided by June 30, 2004, in the omnibus transportation appropriations act, sections 5 and 6 of this act are null and void."

MESSAGE FROM THE HOUSE

March 3, 2004

MR. PRESIDENT:

The House has passed SENATE BILL NO. 6480, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 66.24.010 and 2002 c 119 s 3 are each amended to read as follows:

(1) Every license shall be issued in the name of the applicant, and the holder thereof shall not allow any other person to use the license.

(2) For the purpose of considering any application for a license, the board may cause an inspection of the premises to be made, and may inquire into all matters in connection with the construction and operation of the premises. For the purpose of reviewing any application for a license and for considering the denial, suspension or revocation of any license, the liquor control board may consider any prior criminal conduct of the applicant including a criminal history record information check. The board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The board shall require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation. The provisions of RCW 9.95.240 and of chapter 9.96A RCW shall not apply to such cases. The board may, in its discretion, grant or refuse the license applied for. Authority to approve an uncontested or unopposed license may be granted by the board to any staff member the board designates in writing. Conditions for granting such authority shall be adopted by rule. No retail license of any kind may be issued to:

(a) A person who has not resided in the state for at least one month prior to making application, except in cases of licenses issued to dining places on railroads, boats, or aircraft;

(b) A copartnership, unless all of the members thereof are qualified to obtain a license, as provided in this section;

(c) A person whose place of business is conducted by a manager or agent, unless such manager or agent possesses the same qualifications required of the licensee;

(d) A corporation or a limited liability company, unless it was created under the laws of the state of Washington or holds a certificate of authority to transact business in the state of Washington.

(3)(a) The board may, in its discretion, subject to the provisions of RCW 66.08.150, suspend or cancel any license; and all rights of the licensee to keep or sell liquor thereunder shall be suspended or terminated, as the case may be.

(b) The board shall immediately suspend the license or certificate of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license or certificate shall be automatic upon the board's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.

(c) The board may request the appointment of administrative law judges under chapter 34.12 RCW who shall have power to administer oaths, issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents, and testimony, examine witnesses, and to receive testimony in any inquiry, investigation, hearing, or proceeding in any part of the state, under such rules and regulations as the board may adopt.

(d) Witnesses shall be allowed fees and mileage each way to and from any such inquiry, investigation, hearing, or proceeding at the rate authorized by RCW 34.05.446, as now or hereafter amended. Fees need not be paid in advance of appearance of witnesses to testify or to produce books, records, or other legal evidence.

(e) In case of disobedience of any person to comply with the order of the board or a subpoena issued by the board, or any of its members, or administrative law judges, or on the refusal of a witness to testify to any matter regarding which he or she may be lawfully interrogated, the judge of the superior court of the county in which the person resides, on application of any member of the board or administrative law judge, shall compel obedience by contempt proceedings, as in the case of disobedience of the requirements of a subpoena issued from said court or a refusal to testify therein.

(4) Upon receipt of notice of the suspension or cancellation of a license, the licensee shall forthwith deliver up the license to the board. Where the license has been suspended only, the board shall return the license to the licensee at the expiration or termination of the period of suspension. The board shall notify all vendors in the city or place where the licensee has its premises of the suspension or cancellation of the license; and no employee may allow or cause any liquor to be delivered to or for any person at the premises of that licensee.

(5)(a) At the time of the original issuance of a spirits, beer, and wine restaurant license, the board shall prorate the license fee charged to the new licensee according to the number of calendar quarters, or portion thereof, remaining until the first renewal of that license is required.

(b) Unless sooner canceled, every license issued by the board shall expire at midnight of the thirtieth day of June of the fiscal year for which it was issued. However, if the board deems it feasible and desirable to do so, it may establish, by rule pursuant to chapter 34.05 RCW, a system for staggering the annual renewal dates for any and all licenses authorized by this chapter. If such a system of staggered annual renewal dates is established by the board, the license fees provided by this chapter shall be appropriately prorated during the first year that the system is in effect.

(6) Every license issued under this section shall be subject to all conditions and restrictions imposed by this title or by the regulations in force from time to time. All conditions and restrictions imposed by the board in the issuance of an individual license shall be listed on the face of the individual license along with the trade name, address, and expiration date.

(7) Every licensee shall post and keep posted its license, or licenses, in a conspicuous place on the premises.

(8)(a) Unless (b) of this subsection applies, before the board ((shall)) issues a license to an applicant it shall give notice of such application to the chief executive officer of the incorporated city or town, if the application ((be)) is for a license within an incorporated city or town, or to the county legislative authority, if the application ((be)) is for a license outside the boundaries of incorporated cities or towns((; and such)).

(b) If the application for a special occasion license is for an event held during a county, district, or area fair as defined by RCW 15.76.120, and the county, district, or area fair is located on property owned by the county but located within an incorporated city or town, the county legislative authority shall be the entity notified by the board under (a) of this subsection. The board shall send a duplicate notice to the incorporated city or town within which the fair is located.

(c) The incorporated city or town((;)) through the official or employee selected by it, or the county legislative authority or the official or employee selected by it, shall have the right to file with the board within twenty days after date of transmittal of such notice, written objections against the applicant or against the premises for which the license is asked((; and)).

(d) The written objections shall include ((with such objections)) a statement of all facts upon which such objections are based, and in case written objections are filed, may request and the liquor control board may in its discretion hold a formal hearing subject to the applicable provisions of Title 34 RCW.

(e) Upon the granting of a license under this title the board shall send a duplicate of the license or written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns. When the license is for a special occasion license for an event held during a county, district, or area fair as defined by RCW 15.76.120, and the county, district, or area fair is located on county-owned property but located within an incorporated city or town, the duplicate shall be sent to both the incorporated city or town and the county legislative authority.

(9) Before the board issues any license to any applicant, it shall give (a) due consideration to the location of the business to be conducted under such license with respect to the proximity of churches, schools, and public institutions and (b) written notice by certified mail of the application to churches, schools, and public institutions within five hundred feet of the premises to be licensed. The board shall issue no beer retailer license for either on-premises or off-premises consumption or wine retailer license for either on-premises or off-premises consumption or spirits, beer, and wine restaurant license covering any premises not now licensed, if such premises are within five hundred feet of the premises of any tax-supported public elementary or secondary school measured along the most direct route over or across established public walks, streets, or other public passageway from the outer property line of the school grounds to the nearest public entrance of the premises proposed for license, and if, after receipt by the school or public institution of the notice as provided in this subsection, the board

receives written notice, within twenty days after posting such notice, from an official representative or representatives of the school within five hundred feet of said proposed licensed premises, indicating to the board that there is an objection to the issuance of such license because of proximity to a school. For the purpose of this section, church shall mean a building erected for and used exclusively for religious worship and schooling or other activity in connection therewith. No liquor license may be issued or reissued by the board to any motor sports facility or licensee operating within the motor sports facility unless the motor sports facility enforces a program reasonably calculated to prevent alcohol or alcoholic beverages not purchased within the facility from entering the facility and such program is approved by local law enforcement agencies. It is the intent under this subsection that a retail license shall not be issued by the board where doing so would, in the judgment of the board, adversely affect a private school meeting the requirements for private schools under Title 28A RCW, which school is within five hundred feet of the proposed licensee. The board shall fully consider and give substantial weight to objections filed by private schools. If a license is issued despite the proximity of a private school, the board shall state in a letter addressed to the private school the board's reasons for issuing the license.

(10) The restrictions set forth in subsection (9) of this section shall not prohibit the board from authorizing the assumption of existing licenses now located within the restricted area by other persons or licenses or relocations of existing licensed premises within the restricted area. In no case may the licensed premises be moved closer to a church or school than it was before the assumption or relocation.

(11) Nothing in this section prohibits the board, in its discretion, from issuing a temporary retail or distributor license to an applicant assuming an existing retail or distributor license to continue the operation of the retail or distributor premises during the period the application for the license is pending and when the following conditions exist:

(a) The licensed premises has been operated under a retail or distributor license within ninety days of the date of filing the application for a temporary license;

(b) The retail or distributor license for the premises has been surrendered pursuant to issuance of a temporary operating license;

(c) The applicant for the temporary license has filed with the board an application to assume the retail or distributor license at such premises to himself or herself; and

(d) The application for a temporary license is accompanied by a temporary license fee established by the board by rule.

A temporary license issued by the board under this section shall be for a period not to exceed sixty days. A temporary license may be extended at the discretion of the board for an additional sixty-day period upon payment of an additional fee and upon compliance with all conditions required in this section.

Refusal by the board to issue or extend a temporary license shall not entitle the applicant to request a hearing. A temporary license may be canceled or suspended summarily at any time if the board determines that good cause for cancellation or suspension exists. RCW 66.08.130 and chapter 34.05 RCW shall apply to temporary licenses.

Application for a temporary license shall be on such form as the board shall prescribe. If an application for a temporary license is withdrawn before issuance or is refused by the board, the fee which accompanied such application shall be refunded in full.

Sec. 2. RCW 66.24.380 and 1997 c 321 s 24 are each amended to read as follows:

There shall be a retailer's license to be designated as a special occasion license to be issued to a not-for-profit society or organization to sell spirits, beer, and wine by the individual serving for on-premises consumption at a specified event, such as at picnics or other special occasions, at a specified date and place; fee sixty dollars per day.

(1) The not-for-profit society or organization is limited to sales of no more than twelve calendar days per year. For the purposes of this subsection, special occasion licensees that are "agricultural area fairs" or "agricultural county, district, and area fairs," as defined by RCW 15.76.120, that receive a special occasion license may, once per calendar year, count as one event fairs that last multiple days, so long as alcohol sales are at set dates, times, and locations, and the board receives prior notification of the dates, times, and locations. The special occasion license applicant will pay the sixty dollars per day for this event.

(2) The licensee may sell beer and/or wine in original, unopened containers for off-premises consumption if permission is obtained from the board prior to the event.

(3) Sale, service, and consumption of spirits, beer, and wine is to be confined to specified premises or designated areas only.

(4) Spirituous liquor sold under this special occasion license must be purchased at a state liquor store or agency without discount at retail prices, including all taxes.

(5) Any violation of this section is a class 1 civil infraction having a maximum penalty of two hundred fifty dollars as provided for in chapter 7.80 RCW." and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

March 2, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6384, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that domestic violence is a growing and more visible public safety problem in Washington state than ever before, and that domestic violence-related incidents have a significant bearing on overall law enforcement and court caseloads. The legislature further recognizes the growing costs associated with domestic violence prevention and advocacy programs established by local governments and by community-based organizations.

It is the legislature's intent to establish a penalty in law that will hold convicted domestic violence offenders accountable while requiring them to pay penalties to offset the costs of domestic violence advocacy and prevention programs. It is the legislature's intent that the penalties imposed against convicted domestic violence offenders under section 2 of this act be used for established domestic violence prevention and prosecution programs. It is the legislature's intent that the revenue from the penalty assessment shall be in addition to existing sources of funding to enhance or help prevent the reduction and elimination of domestic violence prevention and prosecution programs.

NEW SECTION. Sec. 2. A new section is added to chapter 10.99 RCW to read as follows:

(1) All superior courts, and courts organized under Title 3 or 35 RCW, may impose a penalty assessment not to exceed one hundred dollars on any person convicted of a crime involving domestic violence. The assessment shall be in addition to, and shall not supersede, any other penalty, restitution, fines, or costs provided by law.

(2) Revenue from the assessment shall be used solely for the purposes of establishing and funding domestic violence advocacy and domestic violence prevention and prosecution programs in the city or county of the court imposing the assessment. Revenue from the assessment shall not be used for indigent criminal defense. If the city or county does not have domestic violence advocacy or domestic violence prevention and prosecution programs, cities and counties may use the revenue collected from the assessment to contract with recognized community-based domestic violence program providers.

(3) The assessment imposed under this section shall not be subject to any state or local remittance requirements under chapter 3.46, 3.50, 3.62, 7.68, 10.82, or 35.20 RCW.

(4) For the purposes of this section, "convicted" includes a plea of guilty, a finding of guilt regardless of whether the imposition of the sentence is deferred or any part of the penalty is suspended, or the levying of a fine. For the purposes of this section, "domestic violence" has the same meaning as that term is defined under RCW 10.99.020 and includes violations of equivalent local ordinances.

(5) When determining whether to impose a penalty assessment under this section, judges are encouraged to solicit input from the victim or representatives for the victim in assessing the ability of the convicted offender to pay the penalty, including information regarding current financial obligations, family circumstances, and ongoing restitution.

Sec. 3. RCW 3.50.100 and 1995 c 291 s 3 are each amended to read as follows:

(1) Costs in civil and criminal actions may be imposed as provided in district court. All fees, costs, fines, forfeitures and other money imposed by any municipal court for the violation of any municipal or town ordinances shall be collected by the court clerk and, together with any other noninterest revenues received by the clerk, shall be deposited with the city or town treasurer as a part of the general fund of the city or town, or deposited in such other fund of the city or town, or deposited in such other funds as may be designated by the laws of the state of Washington.

(2) Except as provided in section 2 of this act, the city treasurer shall remit monthly thirty-two percent of the noninterest money received under this section, other than for parking infractions, and certain costs to the state treasurer. "Certain costs" as used in this subsection, means those costs awarded to prevailing parties in civil actions under RCW 4.84.010 or 36.18.040, or those costs awarded against convicted defendants in criminal actions under RCW 10.01.160, 10.46.190, or 36.18.040, or other similar statutes if such costs are specifically designated as costs by the court and are awarded for the specific reimbursement of costs incurred by the state, county, city, or town in the prosecution of the case, including the fees of defense counsel. Money remitted under this subsection to the state treasurer shall be deposited as provided in RCW 43.08.250.

(3) The balance of the noninterest money received under this section shall be retained by the city and deposited as provided by law.

(4) Penalties, fines, bail forfeitures, fees, and costs may accrue interest at the rate of twelve percent per annum, upon assignment to a collection agency. Interest may accrue only while the case is in collection status.

(5) Interest retained by the court on penalties, fines, bail forfeitures, fees, and costs shall be split twenty-five percent to the state treasurer for deposit in the public safety and education account as provided in RCW 43.08.250, twenty-five

"Certain costs" as used in this subsection, means those costs awarded to prevailing parties in civil actions under RCW 4.84.010 or 36.18.040, or those costs awarded against convicted defendants in criminal actions under RCW 10.01.160, 10.46.190, or 36.18.040, or other similar statutes if such costs are specifically designated as costs by the court and are awarded for the specific reimbursement of costs incurred by the state or county in the prosecution of the case, including the fees of defense counsel. Money remitted under this subsection to the state treasurer shall be deposited as provided in RCW 43.08.250.

(3) The balance of the noninterest money received by the county treasurer under subsection (1) of this section shall be deposited in the county current expense fund.

The assessment required by this section shall not be suspended or waived by the court.

(2) There shall be assessed and collected in addition to any fines, forfeitures, or penalties assessed, other than for parking infractions and for fines levied under RCW 46.61.5055, and in addition to the public safety and education assessment required under subsection (1) of this section, by all courts organized under Title 3 or 35 RCW, an additional public safety and education assessment equal to fifty percent of the public safety and education assessment required under subsection (1) of this section, which shall be remitted to the state treasurer and deposited as provided in RCW 43.08.250. MESSAGE FROM THE HOUSE

March 4, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6419, with the following amendments{s}.
Strike everything after the enacting clause and insert the following:

"PART I STATEWIDE VOTER REGISTRATION DATA BASE

NEW SECTION. Sec. 101. (1) The office of the secretary of state shall create and maintain a statewide voter registration data base. This data base must be a single, uniform, official, centralized, interactive computerized statewide voter registration list defined, maintained, and administered at the state level that contains the name and registration information of every legally registered voter in the state and assigns a unique identifier to each legally registered voter in the state.

(2) The computerized list must serve as the single system for storing and maintaining the official list of registered voters throughout the state.

(3) The computerized list must contain the name and registration information of every legally registered voter in the state.

(4) Under the computerized list, a unique identifier is assigned to each legally registered voter in the state.

(5) The computerized list must be coordinated with other agency data bases within the state, including but not limited to the department of corrections, the department of licensing, and the department of health.

(6) Any election officer in the state, including any local election officer, may obtain immediate electronic access to the information contained in the computerized list.

(7) All voter registration information obtained by any local election officer in the state must be electronically entered into the computerized list on an expedited basis at the time the information is provided to the local officer.

(8) The chief state election officer shall provide support, as may be required, so that local election officers are able to enter information as described in subsection (3) of this section.

(9) The computerized list serves as the official voter registration list for the conduct of all elections.

(10) The secretary of state has data authority on all voter registration data.

(11) The voter registration data base must be designed to accomplish at a minimum, the following:

(a) Comply with the Help America Vote Act of 2002 (P.L. 107-252);

(b) Identify duplicate voter registrations;

(c) Identify suspected duplicate voters;

(d) Screen against the department of corrections data base to aid in the cancellation of voter registration of felons;

(e) Provide up-to-date signatures of voters for the purposes of initiative signature checking;

(f) Provide for a comparison between the voter registration data base and the department of licensing change of address data base;

(g) Provide online access for county auditors with the goal of real time duplicate checking and update capabilities; and

(h) Provide for the cancellation of voter registration for persons who have moved to other states and surrendered their Washington state drivers' licenses.

Sec. 102. RCW 29A.08.010 and 2003 c 111 s 201 are each amended to read as follows:

As used in this chapter: "Information required for voter registration" means the minimum information provided on a voter registration application that is required by the county auditor in order to place a voter registration applicant on the voter registration rolls. This information includes the applicant's name, complete residence address, date of birth, ~~((and))~~ Washington state driver's license number, Washington state identification card, or the last four digits of the applicant's social security number, a signature attesting to the truth of the information provided on the application, and a check or indication in the box confirming the individual is a United States citizen. If the individual does not have a driver's license or social security number the registrant must be issued a unique voter registration number and placed on the voter registration rolls. All other information supplied is ancillary and not to be used as grounds for not registering an applicant to vote. Modification of the language of the official Washington state voter registration form by the voter will not be accepted and will cause the rejection of the registrant's application.

Sec. 103. RCW 29A.08.020 and 2003 c 111 s 204 are each amended to read as follows:

The definitions set forth in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "By mail" means delivery of a completed original voter registration application by mail ~~((or by personal delivery))~~ to the office of the secretary of state.

(2) For voter registration applicants, "date of mailing" means the date of the postal cancellation on the voter registration application. This date will also be used as the date of application for the purpose of meeting the registration cutoff deadline. If the postal cancellation date is illegible then the date of receipt by the elections official is considered the date of

application. If an application is received by the elections official by the close of business on the fifth day after the cutoff date for voter registration and the postal cancellation date is illegible, the application will be considered to have arrived by the cutoff date for voter registration.

Sec. 104. RCW 29A.08.030 and 2003 c 111 s 203 are each amended to read as follows:

The definitions set forth in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Verification notice" means a notice sent by the county auditor or secretary of state to a voter registration applicant and is used to verify or collect information about the applicant in order to complete the registration.

(2) "Acknowledgement notice" means a notice sent by nonforwardable mail by the county auditor or secretary of state to a registered voter to acknowledge a voter registration transaction, which can include initial registration, transfer, or reactivation of an inactive registration. An acknowledgement notice may be a voter registration card.

(3) "Confirmation notice" means a notice sent to a registered voter by first class forwardable mail at the address indicated on the voter's permanent registration record and to any other address at which the county auditor or secretary of state could reasonably expect mail to be received by the voter in order to confirm the voter's residence address. The confirmation notice must be designed so that the voter may update his or her current residence address.

Sec. 105. RCW 29A.08.105 and 2003 c 111 s 205 are each amended to read as follows:

(1) In compliance with the Help America Vote Act (P.L. 107-252), the centralized statewide voter registration list maintained by the secretary of state is the official list of eligible voters for all elections.

(2) In all counties, the county auditor shall be the chief registrar of voters for every precinct within the county. The auditor may appoint registration assistants to assist in registering persons residing in the county. Each registration assistant holds office at the pleasure of the county auditor and must be a registered voter.

~~((2) The county auditor shall be the custodian of the official registration records of the county.)~~

(3) The county auditor shall ensure that mail-in voter registration application forms are readily available to the public at locations to include but not limited to the elections office, and all common schools, fire stations, and public libraries.

NEW SECTION. Sec. 106. (1) The secretary of state must review the information provided by each voter registration applicant to ensure that either the driver's license number or the last four digits of the social security number match the information maintained by the Washington department of licensing or the social security administration. If a match cannot be made the secretary of state must correspond with the applicant to resolve the discrepancy.

(2) If the applicant fails to respond to any correspondence required in this section to confirm information provided on a voter registration application, within thirty days the secretary of state shall forward the application to the appropriate county auditor for document storage.

(3) Only after the secretary of state has confirmed that an applicant's driver's license number or the last four digits of the applicant's social security number match existing records with the Washington department of licensing or the social security administration or determined that the applicant does not have either a driver's license number or social security number may the applicant be placed on the official list of registered voters.

Sec. 107. RCW 29A.08.110 and 2003 c 111 s 206 are each amended to read as follows:

(1) On receipt of an application for voter registration (~~under this chapter~~), the county auditor shall review the application to determine whether the information supplied is complete. An application (~~that~~) is considered complete only if it contains the applicant's name, complete valid residence address, date of birth, and signature attesting to the truth of the information provided (~~on the application is complete~~) and an indication the license information or social security number has been confirmed by the secretary of state. If it is not complete, the auditor shall promptly mail a verification notice of the deficiency to the applicant. This verification notice shall require the applicant to provide the missing information. If the verification notice is not returned by the applicant or is returned as undeliverable the auditor shall not place the name of the applicant on the county voter list. If the applicant provides the required verified information, the applicant shall be registered to vote as of the date of mailing of the original voter registration application.

(2) In order to prevent duplicate registration records, all complete voter registration applications must be screened against existing voter registration records in the official statewide voter registration list. If a match of an existing record is found in the official list the record must be updated with the new information provided on the application. If the new information indicates that the voter has changed his or her county of residence, the application must be forwarded to the voter's new county of residence for processing. If the new information indicates that the voter remains in the same county of residence or if the applicant is a new voter the application must be processed by the county of residence.

(3) If the information required in subsection (1) of this section is complete, the applicant is considered to be registered to vote as of the date of mailing. The auditor shall record the appropriate precinct identification, taxing district identification, and date of registration on the voter's record in the state voter registration list. Within forty-five days after the receipt of an application but no later than seven days before the next primary, special election, or general election, the auditor shall send to the applicant, by first class mail, an acknowledgement notice identifying the registrant's precinct and containing such other information as may be required by the secretary of state. The postal service shall be instructed not to forward a voter registration card to any other address and to return to the auditor any card which is not deliverable. ~~((If the applicant has indicated that he or she is registered to vote in another county in Washington but has also provided an address within the auditor's county that is for voter registration purposes, the auditor shall send, on behalf of the registrant, a registration cancellation notice to the auditor of that other county and the auditor receiving the notice shall cancel the registrant's voter registration in that other county.))~~ If the registrant has indicated on the form that he or she is registered to vote within the county but has provided a new address within the county that is for voter registration purposes, the auditor shall transfer the voter's registration.

~~((3))~~ (4) If an acknowledgement notice card is properly mailed as required by this section to the address listed by the voter as being the voter's mailing address and the notice is subsequently returned to the auditor by the postal service as being undeliverable to the voter at that address, the auditor shall promptly send the voter a confirmation notice. The auditor shall place the voter's registration on inactive status pending a response from the voter to the confirmation notice.

Sec. 108. RCW 29A.08.115 and 2003 c 111 s 207 are each amended to read as follows:

~~((Every registration assistant shall keep registration supplies at his or her usual place of residence or usual place of business.))~~ A person or organization collecting voter registration application forms must transmit the forms to the secretary of state or a designee at least once weekly.

Sec. 109. RCW 29A.08.120 and 2003 c 111 s 208 are each amended to read as follows:

Any elector of this state may register to vote by mail under this ~~((chapter))~~ title.

Sec. 110. RCW 29A.08.125 and 2003 c 111 s 209 are each amended to read as follows:

Each county auditor shall maintain a computer file containing ~~((the records))~~ a copy of each record of all registered voters within the county contained on the official statewide voter registration list for that county. ~~((The auditor may provide for the establishment and maintenance of such files by private contract or through interlocal agreement as provided by chapter 39.34 RCW.))~~ The computer file must include, but not be limited to, each voter's last name, first name, middle initial, date of birth, residence address, gender, date of registration, applicable taxing district and precinct codes, and the last date on which the individual voted. The county auditor shall subsequently record each consecutive date upon which the individual has voted and retain ~~((at least the last five))~~ all such consecutive dates. ~~((If the voter has not voted at least five times since establishing his or her current registration record, only the available dates will be included.))~~

Sec. 111. RCW 29A.08.135 and 2003 c 111 s 211 are each amended to read as follows:

The county auditor shall acknowledge each new voter registration or transfer by providing or sending the voter a card identifying his or her current precinct and containing such other information as may be prescribed by the secretary of state. When a person who has previously registered to vote in ~~((a jurisdiction))~~ another state applies for voter registration ~~((in a new jurisdiction)),~~ the person shall provide on the registration form, all information needed to cancel any previous registration. ~~((The county auditor shall forward any information pertaining to the voter's prior voter registration to the county where the voter was previously registered, so that registration may be canceled. If the prior voter registration is in another state, the))~~ Notification must be made to the state elections office of ((that)) the applicant's previous state of registration. A county auditor receiving official information that a voter has registered to vote in another ~~((jurisdiction))~~ state shall immediately cancel that voter's registration on the official state voter registration list.

Sec. 112. RCW 29A.08.140 and 2003 c 111 s 212 are each amended to read as follows:

The registration files of all precincts shall be closed against original registration or transfers for thirty days immediately preceding every primary, special election, and general election to be held in such precincts.

The county auditor shall give notice of the closing of the precinct files for original registration and transfer and notice of the special registration and voting procedure provided by RCW 29A.08.145 by one publication in a newspaper of general circulation in the county at least five days before the closing of the precinct files.

No person may vote at any primary, special election, or general election in a precinct polling place unless he or she has registered to vote at least thirty days before that primary or election and appears on the official statewide voter registration list. If a person, otherwise qualified to vote in the state, county, and precinct in which he or she applies for registration, does not register at least thirty days before any primary, special election, or general election, he or she may register and vote by absentee ballot for that primary or election under RCW 29A.08.145.

Sec. 113. RCW 29A.08.145 and 2003 c 111 s 213 are each amended to read as follows:

This section establishes a special procedure which an elector may use to register to vote or transfer a voter registration by changing his or her address during the period beginning after the closing of registration for voting at the polls under RCW 29A.08.140 and ending on the fifteenth day before a primary, special election, or general election. A qualified elector in the ~~((county))~~ state may register to vote or change his or her registration address in person in the office of the county auditor or at a voter registration location specifically designated for this purpose by the county auditor of the county in which the applicant resides, and apply for an absentee ballot for that primary or election. The auditor or registration assistant shall register that individual in the manner provided in this chapter. The application for an absentee ballot executed by the newly registered or transferred voter for the primary or election that follows the execution of the registration shall be promptly transmitted to the auditor with the completed voter registration form.

Sec. 114. RCW 29A.08.155 and 2003 c 111 s 215 are each amended to read as follows:

To compensate counties with fewer than ten thousand registered voters at the time of the most recent state general election for unrecoverable costs incident to the maintenance of voter registration records on electronic data processing systems, the secretary of state shall, in June of each year, pay such counties an amount equal to ~~((thirty cents))~~ one dollar for each registered voter in the county at the time of the most recent state general election, as long as funds provided for elections by the Help America Vote Act of 2002 (P.L. 107-252) are available.

Sec. 115. RCW 29A.08.220 and 2003 c 111 s 217 are each amended to read as follows:

(1) The secretary of state shall specify by rule the format of all voter registration applications. These applications shall be compatible with existing voter registration records. An applicant for voter registration shall be required to complete only one application and to provide the required information other than his or her signature no more than one time. These applications shall also contain information for the voter to transfer his or her registration.

Any application format specified by the secretary for use in registering to vote in state and local elections shall satisfy the requirements of the National Voter Registration Act of 1993 (P.L. 103-31) and the Help America Vote Act of 2002 (P.L. 107-252) for registering to vote in federal elections.

Sec. 116. RCW 29A.08.240 and 2003 c 111 s 219 are each amended to read as follows:

The voter shall also provide his or her first name followed by the last name or names and the name of the county in which he or she is registered. Once each week the county auditor shall transmit all such cards to the secretary of state. The secretary of state may exempt a county auditor who is providing electronic voter registration and electronic voter signature information to the secretary of state from the requirements of this section.

(2) This section expires January 1, 2006.

Sec. 117. RCW 29A.08.250 and 2003 c 111 s 220 are each amended to read as follows:

The secretary of state shall furnish registration forms necessary to carry out the registration of voters as provided by this chapter without cost to the respective counties. Voter registration application forms must also contain a space for the applicant to provide his or her driver's license number or the last four digits of his or her social security number as well as check boxes intended to allow the voter to indicate age and United States citizenship eligibility under the Help America Vote Act of 2002 (P.L. 107-252).

The county auditor shall distribute forms by which a person may register to vote by mail and ~~((cancel))~~ transfer any previous registration in this state. The county auditor shall keep a supply of voter registration forms in his or her office at all times for political parties and others interested in assisting in voter registration, and shall make every effort to make these forms generally available to the public. The county auditor shall provide voter registration forms to city and town clerks, state offices, schools, fire stations, and any other locations considered appropriate by the auditor or secretary of state for extending registration opportunities to all areas of the county. After the initial distribution of voter registration forms to a given location, a representative designated by the official in charge of that location shall notify the county auditor of the need for additional voter registration supplies.

Sec. 119. RCW 29A.08.320 and 2003 c 111 s 223 are each amended to read as follows:

(1) A person may register to vote or transfer a voter registration when he or she applies for service or assistance and with each renewal, recertification, or change of address at agencies designated under RCW ~~((29-07-420))~~ 29A.08.310.

(2) A prospective applicant shall initially be offered a form ~~((adopted))~~ approved by the secretary of state ~~((that is))~~ designed to determine whether the person wishes to register to vote. The form must comply with all applicable state and federal statutes regarding content.

The form shall also contain a box that may be checked by the applicant to indicate that he or she declines to register.

If the person indicates an interest in registering or has made no indication as to a desire to register or not register to vote, the person shall be given a mail-in voter registration application or a prescribed agency application as provided by RCW 29A.08.330.

Sec. 120. RCW 29A.08.350 and 2003 c 111 s 226 are each amended to read as follows:

(2) The department of licensing shall produce and transmit to the secretary of state a machine-readable file containing the following information from the records of each individual who requested a voter registration or transfer at a driver's license facility during each period for which forms are transmitted under subsection (1) of this section: The name, address, date of birth, gender of the applicant, the driver's license number, the date on which the application for voter registration or transfer was submitted, and the location of the office at which the application was submitted.

(3) The voter registration forms from the driver's licensing facilities must be forwarded to the county in which the applicant has registered to vote no later than ten days after the date on which the forms were to be collected.

(4) For a voter registration application where the address for voting purposes is different from the address in the machine-readable file received from the department of licensing, the secretary of state shall amend the record of that application in the machine-readable file to reflect the county in which the applicant has registered to vote.

(5) The secretary of state shall sort the records in the machine-readable file according to the county in which the applicant registered to vote and produce a file of voter registration transactions for each county. The records of each county may be transmitted on or through whatever medium the county auditor determines will best facilitate the incorporation of these records into the existing voter registration files of that county.

(6) The secretary of state shall produce a list of voter registration transactions for each county and transmit a copy of this list to that county with each file of voter registration transactions no later than ten days after the date on which that information was to be transmitted under subsection (1) of this section.

NEW SECTION. Sec. 136. Only voters who appear on the official statewide voter registration list are eligible to participate in elections. Each county shall maintain a copy of that county's portion of the state list. The county must ensure that data used for the production of poll lists and other lists and mailings done in the administration of each election are drawn from the official statewide voter registration list.

NEW SECTION. Sec. 137. Each county shall ensure complete freedom of electronic access and information transfer between the county's election management and voter registration system and the secretary of state's official statewide voter registration list.

Sec. 139. RCW 11.88.010 and 1991 c 289 s 1 are each amended to read as follows:

(1) The superior court of each county shall have power to appoint guardians for the persons and/or estates of incapacitated persons, and guardians for the estates of nonresidents of the state who have property in the county needing care and attention.

(a) For purposes of this chapter, a person may be deemed incapacitated as to person when the superior court determines the individual has a significant risk of personal harm based upon a demonstrated inability to adequately provide for nutrition, health, housing, or physical safety.

(b) For purposes of this chapter, a person may be deemed incapacitated as to the person's estate when the superior court determines the individual is at significant risk of financial harm based upon a demonstrated inability to adequately manage property or financial affairs.

(c) A determination of incapacity is a legal not a medical decision, based upon a demonstration of management insufficiencies over time in the area of person or estate. Age, eccentricity, poverty, or medical diagnosis alone shall not be sufficient to justify a finding of incapacity.

(d) A person may also be determined incapacitated if he or she is under the age of majority as defined in RCW 26.28.010.

(e) For purposes of giving informed consent for health care pursuant to RCW 7.70.050 and 7.70.065, an "incompetent" person is any person who is (i) incompetent by reason of mental illness, developmental disability, senility, habitual drunkenness, excessive use of drugs, or other mental incapacity, of either managing his or her property or caring for himself or herself, or both, or (ii) incapacitated as defined in (a), (b), or (d) of this subsection.

(f) For purposes of the terms "incompetent," "disabled," or "not legally competent," as those terms are used in the Revised Code of Washington to apply to persons incapacitated under this chapter, those terms shall be interpreted to mean "incapacitated" persons for purposes of this chapter.

(2) The superior court for each county shall have power to appoint limited guardians for the persons and estates, or either thereof, of incapacitated persons, who by reason of their incapacity have need for protection and assistance, but who are capable of managing some of their personal and financial affairs. After considering all evidence presented as a result of such investigation, the court shall impose, by order, only such specific limitations and restrictions on an incapacitated person to be placed under a limited guardianship as the court finds necessary for such person's protection and assistance. A person shall not be presumed to be incapacitated nor shall a person lose any legal rights or suffer any legal disabilities as the result of being placed under a limited guardianship, except as to those rights and disabilities specifically set forth in the court order establishing such a limited guardianship. In addition, the court order shall state the period of time for which it shall be applicable.

(3) Venue for petitions for guardianship or limited guardianship shall lie in the county wherein the alleged incapacitated person is domiciled, or if such person resides in a facility supported in whole or in part by local, state, or federal funding sources, in either the county where the facility is located, the county of domicile prior to residence in the supported facility, or the county where a parent or spouse of the alleged incapacitated person is domiciled.

If the alleged incapacitated person's residency has changed within one year of the filing of the petition, any interested person may move for a change of venue for any proceedings seeking the appointment of a guardian or a limited guardian under this chapter to the county of the alleged incapacitated person's last place of residence of one year or more. The motion shall be granted when it appears to the court that such venue would be in the best interests of the alleged incapacitated person and would promote more complete consideration of all relevant matters.

(4) Under RCW 11.94.010, a principal may nominate, by a durable power of attorney, the guardian or limited guardian of his or her estate or person for consideration by the court if guardianship proceedings for the principal's person or

estate are thereafter commenced. The court shall make its appointment in accordance with the principal's most recent nomination in a durable power of attorney except for good cause or disqualification.

(5) When a court imposes a full guardianship for an incapacitated person, the person shall be considered incompetent for purposes of rationally exercising the right to vote and shall lose the right to vote, unless the court specifically finds that the person is rationally capable of exercising the franchise. Imposition of a limited guardianship for an incapacitated person shall not result in the loss of the right to vote unless the court determines that the person is incompetent for purposes of rationally exercising the franchise. When a court determines that the person is incompetent for the purpose of rationally exercising the right to vote, the court shall notify the appropriate county auditor.

NEW SECTION. Sec. 140. In developing the technical standards of data formats for transferring voter registration data, the secretary shall consult with the information services board. The board shall review and make recommendations regarding proposed technical standards prior to implementation.

PART II LOCAL GOVERNMENT GRANT PROGRAM

NEW SECTION. Sec. 201. The secretary of state shall establish a competitive local government grant program to solicit and prioritize project proposals from county election offices. Potential projects proposals must be new projects designed to help the county election office comply with the requirements of the Help America Vote Act (P.L. 107-252). The secretary of state shall adopt any rules necessary to facilitate this section.

NEW SECTION. Sec. 203. (2) The advisory committee shall review grant proposals and establish a prioritized list of projects to be considered for funding by the third Tuesday in May of each year beginning in 2004 and continuing as long as funds in the election account established by chapter 48, Laws of 2003 are available. The grant award may have an effective date other than the date the project is placed on the prioritized list, including money spent previously by the county that would qualify for reimbursement under the Help America Vote Act (P.L. 107-252).

(3) Examples of projects that would be eligible for local government grant funding include, but are not limited to the following:

- (a) Replacement or upgrade of voting equipment, including the replacement of punchcard voting systems;
- (b) Purchase of additional voting equipment, including the purchase of equipment to meet the disability requirements of the Help America Vote Act (P.L. 107-252);

NEW SECTION. Sec. 306. In-person disability access voting must be conducted using disability access voting devices at locations that are acceptable and comply with federal and state access requirements.

NEW SECTION. Sec. 307. No person may interfere with a voter in any way within the disability access voting location. This does not prevent the voter from receiving assistance in preparing his or her ballot as provided in this chapter.

NEW SECTION. Sec. 308. (1) During posted disability access voting hours, no person may, within the voting location, or in any public area within three hundred feet of an entrance to the voting location:

NEW SECTION. Sec. 309. A disability access voting election officer who does any electioneering during the voting period is guilty of a misdemeanor, and upon conviction must be fined a sum not exceeding one hundred dollars and pay the costs of prosecution.

NEW SECTION. Sec. 310. A voter desiring to vote at a disability access voting site shall give his or her name to the voting election officer who has the precinct list of registered voters. This officer shall announce the name to the election officer who has the list of voters. If the right of this voter to participate in the primary or election is not challenged, the voter must be issued a ballot or permitted to enter a voting booth and operate a voting device. MESSAGE FROM THE HOUSE

March 5, 2004

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 6304, with the following amendments{s}. Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the loss of domestic manufacturing jobs has become a national concern. Washington state has lost one out of every six manufacturing jobs since July 2000. The aluminum industry has long been an important component of Washington state's manufacturing base, providing family-wage jobs often in rural communities where unemployment rates are very high. The aluminum industry is electricity intensive and was greatly affected by the dramatic increase in electricity prices which began in 2000 and which continues to affect the Washington economy. Before the energy crisis, aluminum smelters provided about 5,000 direct jobs. Today they provide fewer than 1,000 direct jobs. For every job lost in that industry, almost three additional jobs are estimated to be lost elsewhere in the state's economy. It is the legislature's intent to preserve and restore family wage jobs by providing tax relief to the state's aluminum industry.

The electric loads of aluminum smelters provide a unique benefit to the infrastructure of the electric power system. Under the transmission tariff of the Bonneville Power Administration, aluminum smelter loads, whether served with federal or nonfederal power, are subject to short-term interruptions that allow a higher import capability on the transmission interconnection between the northwest and California. These stability reserves allow more power to be imported in winter months, reducing the need for additional generation in the northwest, and would be used to prevent a widespread transmission collapse and blackout if there were a failure in the transmission interconnection between California and the northwest. It is the legislature's intent to retain these benefits for the people of the state.

NEW SECTION. Sec. 2. A new section is added to chapter 82.04 RCW, to be codified between RCW 82.04.020 and 82.04.220, to read as follows:

(1) "Direct service industrial customer" means the same as in RCW 82.16.0495.

(2) "Aluminum smelter" means the manufacturing facility of any direct service industrial customer that processes alumina into aluminum.

NEW SECTION. Sec. 3. A new section is added to chapter 82.04 RCW to read as follows:

(1) Upon every person who is an aluminum smelter engaging within this state in the business of manufacturing aluminum; as to such persons the amount of tax with respect to such business shall, in the case of manufacturers, be equal to the value of the product manufactured, or in the case of processors for hire, be equal to the gross income of the business, multiplied by the rate of .2904 percent.

(2) Upon every person who is an aluminum smelter engaging within this state in the business of making sales at wholesale of aluminum manufactured by that person, as to such persons the amount of tax with respect to such business shall be equal to the gross proceeds of sales of the aluminum multiplied by the rate of .2904 percent.

(3) This section expires January 1, 2007.

Sec. 4. RCW 82.04.240 and 1998 c 312 s 3 are each amended to read as follows:

Upon every person (~~except persons taxable under RCW 82.04.260 (1), (2), (4), (5), or (6))~~ engaging within this state in business as a manufacturer, ~~except persons taxable as manufacturers under other provisions of this chapter~~; as to such persons the amount of the tax with respect to such business shall be equal to the value of the products, including byproducts, manufactured, multiplied by the rate of 0.484 percent.

The measure of the tax is the value of the products, including byproducts, so manufactured regardless of the place of sale or the fact that deliveries may be made to points outside the state.

Sec. 5. RCW 82.04.270 and 2003 2nd sp.s. c 1 s 5 are each amended to read as follows:

Upon every person (~~except persons taxable under RCW 82.04.260 (5) or (13), 82.04.298, or 82.04.272)~~ engaging within this state in the business of making sales at wholesale, ~~except persons taxable as wholesalers under other provisions of this chapter~~; as to such persons the amount of tax with respect to such business shall be equal to the gross proceeds of sales of such business multiplied by the rate of 0.484 percent.

Sec. 6. RCW 82.04.280 and 1998 c 343 s 3 are each amended to read as follows:

Upon every person engaging within this state in the business of: (1) Printing, and of publishing newspapers, periodicals, or magazines; (2) building, repairing or improving any street, place, road, highway, easement, right of way, mass public transportation terminal or parking facility, bridge, tunnel, or trestle which is owned by a municipal corporation or political subdivision of the state or by the United States and which is used or to be used, primarily for foot or vehicular traffic including mass transportation vehicles of any kind and including any readjustment, reconstruction or relocation of the facilities of any public, private or cooperatively owned utility or railroad in the course of such building, repairing or improving, the cost of which readjustment, reconstruction, or relocation, is the responsibility of the public authority whose street, place, road, highway, easement, right of way, mass public transportation terminal or parking facility, bridge, tunnel, or trestle is being built, repaired or improved; (3) extracting for hire or processing for hire, ~~except persons taxable as processors for hire~~

under another section of this chapter; (4) operating a cold storage warehouse or storage warehouse, but not including the rental of cold storage lockers; (5) representing and performing services for fire or casualty insurance companies as an independent resident managing general agent licensed under the provisions of RCW 48.05.310; (6) radio and television broadcasting, excluding network, national and regional advertising computed as a standard deduction based on the national average thereof as annually reported by the Federal Communications Commission, or in lieu thereof by itemization by the individual broadcasting station, and excluding that portion of revenue represented by the out-of-state audience computed as a ratio to the station's total audience as measured by the 100 micro-volt signal strength and delivery by wire, if any; (7) engaging in activities which bring a person within the definition of consumer contained in RCW 82.04.190(6); as to such persons, the amount of tax on such business shall be equal to the gross income of the business multiplied by the rate of 0.484 percent.

As used in this section, "cold storage warehouse" means a storage warehouse used to store fresh and/or frozen perishable fruits or vegetables, meat, seafood, dairy products, or fowl, or any combination thereof, at a desired temperature to maintain the quality of the product for orderly marketing.

As used in this section, "storage warehouse" means a building or structure, or any part thereof, in which goods, wares, or merchandise are received for storage for compensation, except field warehouses, fruit warehouses, fruit packing plants, warehouses licensed under chapter 22.09 RCW, public garages storing automobiles, railroad freight sheds, docks and wharves, and "self-storage" or "mini storage" facilities whereby customers have direct access to individual storage areas by separate entrance. "Storage warehouse" does not include a building or structure, or that part of such building or structure, in which an activity taxable under RCW 82.04.272 is conducted.

As used in this section, "periodical or magazine" means a printed publication, other than a newspaper, issued regularly at stated intervals at least once every three months, including any supplement or special edition of the publication.

Sec. 7. RCW 82.04.440 and 2003 2nd sp.s. c 1 s 6 are each amended to read as follows:

Extracting taxes taken as credit under subsection (3) of this section may also be taken under this subsection, if otherwise allowable under this subsection. The amount of the credit shall not exceed the tax liability arising under this chapter with respect to the sale of those products.

(3) Persons taxable under RCW 82.04.240 or 82.04.260(1)(b) shall be allowed a credit against those taxes for any extracting taxes paid with respect to extracting the ingredients of the products so manufactured in this state. The amount of the credit shall not exceed the tax liability arising under this chapter with respect to the manufacturing of those products.

(4) Persons taxable under RCW 82.04.230, 82.04.240, section 3(1) of this act, or 82.04.260 (1), (2), (4), (6), or (13) with respect to extracting or manufacturing products in this state shall be allowed a credit against those taxes for any (i) gross receipts taxes paid to another state with respect to the sales of the products so extracted or manufactured in this state, (ii) manufacturing taxes paid with respect to the manufacturing of products using ingredients so extracted in this state, or (iii) manufacturing taxes paid with respect to manufacturing activities completed in another state for products so manufactured in this state. (5) For the purpose of this section:

(a) "Gross receipts tax" means a tax:

(i) Which is imposed on or measured by the gross volume of business, in terms of gross receipts or in other terms, and in the determination of which the deductions allowed would not constitute the tax an income tax or value added tax; and

(ii) Which is also not, pursuant to law or custom, separately stated from the sales price.

(b) "State" means (i) the state of Washington, (ii) a state of the United States other than Washington, or any political subdivision of such other state, (iii) the District of Columbia, and (iv) any foreign country or political subdivision thereof.

(d) "Extracting tax" means a gross receipts tax imposed on the act or privilege of engaging in business as an extractor, and includes the tax imposed in RCW 82.04.230 and similar gross receipts taxes paid to other states.

(e) "Business", "manufacturer", "extractor", and other terms used in this section have the meanings given in RCW 82.04.020 through 82.04.212, notwithstanding the use of those terms in the context of describing taxes imposed by other states.

NEW SECTION. Sec. 8. A new section is added to chapter 82.04 RCW to read as follows:

(2) A person taking the credit under this section is subject to all the requirements of chapter 82.32 RCW. A credit earned during one calendar year may be carried over to be credited against taxes incurred in the subsequent calendar year, but may not be carried over a second year. Credits carried over must be applied to tax liability before new credits. No refunds may be granted for credits under this section.

(3) Credits may not be claimed under this section for property taxes levied for collection in 2007 and thereafter.

NEW SECTION. Sec. 9. A new section is added to chapter 82.04 RCW to read as follows:

(1) A person who is subject to tax under this chapter on gross income from sales of electricity, natural gas, or manufactured gas made to an aluminum smelter is eligible for an exemption from the tax in the form of a credit, if the contract for sale of electricity or gas to the aluminum smelter specifies that the price charged for the electricity or gas will be reduced by an amount equal to the credit.

(2) The credit is equal to the gross income from the sale of the electricity or gas to an aluminum smelter multiplied by the corresponding rate in effect at the time of the sale under this chapter.

(3) The exemption provided for in this section does not apply to amounts received from the remarketing or resale of electricity originally obtained by contract for the smelting process.

NEW SECTION. Sec. 10. A new section is added to chapter 82.08 RCW to read as follows:

(1) A person who has paid tax under RCW 82.08.020 for tangible personal property used at an aluminum smelter, tangible personal property that will be incorporated as an ingredient or component of buildings or other structures at an aluminum smelter, or for labor and services rendered with respect to such buildings, structures, or tangible personal property, is eligible for an exemption from the state share of the tax in the form of a credit, as provided in this section. A person claiming an exemption must pay the tax and may then take a credit equal to the state share of retail sales tax paid under RCW 82.08.020. The person shall submit information, in a form and manner prescribed by the department, specifying the amount of qualifying purchases or acquisitions for which the exemption is claimed and the amount of exempted tax.

(2) For the purposes of this section, "aluminum smelter" has the same meaning as provided in section 2 of this act.

(3) Credits may not be claimed under this section for taxable events occurring on or after January 1, 2007.

NEW SECTION. Sec. 11. A new section is added to chapter 82.12 RCW to read as follows:

(1) A person who is subject to tax under RCW 82.12.020 for tangible personal property used at an aluminum smelter, or for tangible personal property that will be incorporated as an ingredient or component of buildings or other structures at an aluminum smelter, or for labor and services rendered with respect to such buildings, structures, or tangible personal property, is eligible for an exemption from the state share of the tax in the form of a credit, as provided in this section. The amount of the credit shall be equal to the state share of use tax computed to be due under RCW 82.12.020. The person shall submit information, in a form and manner prescribed by the department, specifying the amount of qualifying purchases or acquisitions for which the exemption is claimed and the amount of exempted tax.

(2) For the purposes of this section, "aluminum smelter" has the same meaning as provided in section 2 of this act.

(3) Credits may not be claimed under this section for taxable events occurring on or after January 1, 2007.

Sec. 12. RCW 82.12.022 and 1994 c 124 s 9 are each amended to read as follows:

(1) There is hereby levied and there shall be collected from every person in this state a use tax for the privilege of using natural gas or manufactured gas within this state as a consumer.

(2) The tax shall be levied and collected in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the public utility tax on gas distribution businesses under RCW 82.16.020. The "value of the article used" does not include any amounts that are paid for the hire or use of a gas distribution business as defined in RCW 82.16.010(7) in transporting the gas subject to tax under this subsection if those amounts are subject to tax under that chapter.

(3) The tax levied in this section shall not apply to the use of natural or manufactured gas delivered to the consumer by other means than through a pipeline.

(4) The tax levied in this section shall not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 82.16.020 with respect to the gas for which exemption is sought under this subsection.

(5) The tax levied in this section shall not apply to the use of natural or manufactured gas by an aluminum smelter as that term is defined in section 2 of this act before January 1, 2007.

(6) There shall be a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 82.16.020 by another state with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another state with respect to the gas for which a credit is sought under this subsection.

~~((6))~~ (7) The use tax hereby imposed shall be paid by the consumer to the department.

~~((7))~~ (8) There is imposed a reporting requirement on the person who delivered the gas to the consumer to make a quarterly report to the department. Such report shall contain the volume of gas delivered, name of the consumer to whom delivered, and such other information as the department shall require by rule.

~~((8))~~ (9) The department may adopt rules under chapter 34.05 RCW for the administration and enforcement of sections 1 through 6, chapter 384, Laws of 1989.

NEW SECTION. Sec. 13. A new section is added to chapter 82.16 RCW to read as follows:

(1) A person who is subject to tax under this chapter on gross income from sales of electricity, natural gas, or manufactured gas made to an aluminum smelter is eligible for an exemption from the tax in the form of a credit, if the contract for sale of electricity or gas to the aluminum smelter specifies that the price charged for the electricity or gas will be reduced by an amount equal to the credit.

(2) The credit is equal to the gross income from the sale of the electricity or gas to an aluminum smelter multiplied by the corresponding rate in effect at the time of the sale for the public utility tax under RCW 82.16.020.

(3) The exemption provided for in this section does not apply to amounts received from the remarketing or resale of electricity originally obtained by contract for the smelting process.

(4) For the purposes of this section, "aluminum smelter" has the same meaning as provided in section 2 of this act.

NEW SECTION. Sec. 14. A new section is added to chapter 82.32 RCW to read as follows:

(1) For the purposes of this section, "smelter tax incentive" means the preferential tax rate under section 3 of this act, or an exemption or credit under section 8, 10, or 11 of this act or RCW 82.12.022(5).

(2) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information to evaluate whether the stated goals of legislation were achieved.

(3) The goals of the smelter tax incentives are to retain family wage jobs in rural areas by:

(a) Enabling the aluminum industry to maintain production of aluminum at a level that will preserve at least 75 percent of the jobs that were on the payroll effective January 1, 2004, as adjusted for employment reductions publicly announced before November 30, 2003; and

(b) Allowing the aluminum industry to continue producing aluminum in this state through 2006 so that the industry will be positioned to preserve and create new jobs when the anticipated reduction of energy costs occurs.

(4)(a) An aluminum smelter receiving the benefit of a smelter tax incentive shall make an annual report to the department detailing employment, wages, and employer-provided health and retirement benefits per job at the manufacturing site. The report is due by March 31st following any year in which a tax incentive is claimed or used. The report shall not include names of employees. The report shall detail employment by the total number of full-time, part-time, and temporary positions. The report shall indicate the quantity of aluminum smelted at the plant during the time period covered by the report. The first report filed under this subsection shall include employment, wage, and benefit information for the twelve-month period immediately before first use of a tax incentive. Employment reports shall include data for actual levels of employment and identification of the number of jobs affected by any employment reductions that have been publicly announced at the time of the report. Information in a report under this section is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(b) If a person fails to submit an annual report under (a) of this subsection by the due date of the report, the department shall declare the amount of taxes exempted or credited, or reduced in the case of the preferential business and occupation tax rate, for that year to be immediately due and payable. Excise taxes payable under this subsection are subject to interest but not penalties, as provided under this chapter. This information is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(5) By December 1, 2005, and by December 1, 2006, the fiscal committees of the house of representatives and the senate, in consultation with the department, shall report to the legislature on the effectiveness of the smelter tax incentives and, by December 1, 2010, on the effectiveness of the incentives under sections 9 and 13 of this act. The reports shall measure the effect of the tax incentives on job retention for Washington residents and any other factors the committees may select.

NEW SECTION. Sec. 15. This act takes effect July 1, 2004." and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

March 3, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6329, with the following amendments{s}.
Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 77.120.005 and 2000 c 108 s 1 are each amended to read as follows:

The legislature finds that some nonindigenous species have the potential to cause economic and environmental damage to the state and that current efforts to stop the introduction of nonindigenous species from shipping vessels do not adequately reduce the risk of new introductions into Washington waters.

The legislature recognizes the international ramifications and the rapidly changing dimensions of this issue, the lack of currently available treatment technologies, and the difficulty that any one state has in either legally or practically managing this issue. Recognizing the possible limits of state jurisdiction over international issues, the state declares its support for the international maritime organization and United States coast guard efforts, and the state intends to complement, to the extent its powers allow it, the United States coast guard's ballast water management program.

Sec. 2. 2002 c 282 s 1 (uncodified) is amended to read as follows:

(1) The director of the department of fish and wildlife must establish the ballast water work group.

(2) The ballast water work group consists of the following individuals:

(a) One staff person from the governor's executive policy office. This person must act as chair of the ballast water work group;

(b) Two representatives from the Puget Sound steamship operators;

(c) Two representatives from the Columbia river steamship operators;

(d) Three representatives from the Washington public ports, one of whom must be a marine engineer;

(e) Two representatives from the petroleum transportation industry;

(f) One representative from the Puget Sound water quality action team; ~~((and))~~

(g) Two representatives from the environmental community;

(h) One representative of the shellfish industry;

(i) One representative of the tribes;

(j) One representative of maritime labor; and

(k) One representative from the department of fish and wildlife.

(3) The ballast water work group must study, and provide a report to the legislature by December 15, ~~((2003))~~ 2006, the following issues:

(a) All issues relating to ballast water technology, including exchange and treatment methods ~~((and))~~, management plans, the associated costs, and the availability of feasible and proven ballast water treatment technologies that could be cost-effectively installed on vessels that typically call on Washington ports;

(b) The services needed by the industry and the state to protect the marine environment, including penalties and enforcement; ~~((and))~~

(c) The costs associated with, and possible funding methods for, implementing the ballast water program;

(d) Consistency with federal and international standards, and identification of gaps between those standards, and the need for additional measures, if any, to meet the goals of this chapter;

(e) Describe how the costs of treatment required as of July 1, 2007, will be substantially equivalent among ports where treatment is required;

(f) Describe how the states of Washington and Oregon are coordinating their efforts for ballast water management in the Columbia river system; and

(g) Describe how the states of Washington, Oregon, and California and the province of British Columbia are coordinating their efforts for ballast water management on the west coast.

(4) The ballast water work group must begin operation immediately upon the effective date of this section. The ~~((department of fish and wildlife))~~ Puget Sound water quality action team must provide staff for the ballast water work group. The staff must come from existing personnel within the ~~((department of fish and wildlife))~~ team.

(5) The director must also monitor the activities of the task force created by the state of Oregon in 2001 Or. Laws 722, concerning ballast water management. The director shall provide the ballast water work group with periodic updates of the Oregon task force's efforts at developing a ballast water management system.

(6)(a) The ballast water work group expires June 30, ~~((2004))~~ 2007.

(b) This section expires June 30, ~~((2004))~~ 2007.

Sec. 3. RCW 77.120.030 and 2002 c 282 s 2 are each amended to read as follows:

The owner or operator in charge of any vessel covered by this chapter is required to ensure that the vessel under their ownership or control does not discharge ballast water into the waters of the state except as authorized by this section.

(1) Discharge into waters of the state is authorized if the vessel has conducted an open sea exchange of ballast water. A vessel is exempt from this requirement if the vessel's master reasonably determines that such a ballast water exchange operation will threaten the safety of the vessel or the vessel's crew, or is not feasible due to vessel design limitations or equipment failure. If a vessel relies on this exemption, then it may discharge ballast water into waters of the state, subject to any requirements of treatment under subsection (2) of this section and subject to RCW 77.120.040.

(2) After July 1, ~~((2004))~~ 2007, discharge of ballast water into waters of the state is authorized only if there has been an open sea exchange or if the vessel has treated its ballast water to meet standards set by the department consistent with applicable state and federal laws. When weather or extraordinary circumstances make access to treatment unsafe to the vessel or crew, the master of a vessel may delay compliance with any treatment required under this subsection until it is safe to complete the treatment.

(3) Masters, owners, operators, or persons-in-charge shall submit to the department an interim ballast water management report by July 1, 2006, in the form and manner prescribed by the department. The report shall describe actions needed to implement the ballast water requirements in subsection (2) of this section, including treatment methods applicable to the class of the vessel. Reports may include a statement that there are no treatment methods applicable to the vessel for which the report is being submitted.

(4) The ballast water work group created in section 1, chapter 282, Laws of 2002 shall develop recommendations for the interim ballast water management report. The recommendations must include, but are not limited to:

(a) Actions that the vessel owner or operator will take to implement the ballast water requirements in subsection (2) of this section, including treatment methods applicable to the class of the vessel;

(b) Necessary plan elements when there are not treatment methods applicable to the vessel for which the report is being submitted, or which would meet the requirements of this chapter; and

(c) The method, form, and content of reporting to be used for such reports.

(5) For treatment technologies requiring shipyard modification that cannot reasonably be performed prior to July 1, 2007, the department shall provide the vessel owner or operator with an extension to the first scheduled drydock or shipyard period following July 1, 2007.

(6) The department shall make every effort to align ballast water standards with adopted international and federal standards while ensuring that the goals of this chapter are met.

(7) The requirements of this section do not apply to a vessel discharging ballast water or sediments that originated solely within the waters of Washington state, the Columbia river system, or the internal waters of British Columbia south of latitude fifty degrees north, including the waters of the Straits of Georgia and Juan de Fuca.

((4)) (8) Open sea exchange is an exchange that occurs fifty or more nautical miles offshore. If the United States coast guard requires a vessel to conduct an exchange further offshore, then that distance is the required distance for purposes of compliance with this chapter."
and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

March 4, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6171, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28A.410.095 and 1992 c 159 s 5 are each amended to read as follows:

(1) The superintendent of public instruction may initiate and conduct investigations as may be reasonably necessary to establish the existence of any alleged violations of or noncompliance with this chapter or any rules adopted under it. For the purpose of any investigation or proceeding under this chapter, the superintendent or any officer designated by the superintendent may administer oaths and affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records that the superintendent deems relevant and material to the inquiry.

(2) Investigations conducted by the superintendent of public instruction concerning alleged sexual misconduct towards a child shall be completed within one year of the initiation of the investigation or within thirty days of the completion of all proceedings, including court proceedings, resulting from an investigation conducted by law enforcement or child protective services if there is such an investigation. The superintendent of public instruction may take, for reasonable cause, additional time for completion of the investigation after informing the victim, the individual being investigated, and the school district that employs the individual being investigated of the reasons additional time is needed and the amount of additional time needed. Written notification must be provided to each of the parties who must be informed. The sole remedy for a failure to complete an investigation of sexual misconduct within the time allowed by this subsection is a civil penalty of fifty dollars per day for each day beyond the allowed time.

(3) If any person fails to obey a subpoena or obeys a subpoena but refuses to give evidence, any court of competent jurisdiction, upon application by the superintendent, may issue to that person an order requiring him or her to appear before the court and to show cause why he or she should not be compelled to obey the subpoena, and give evidence material to the matter under investigation. The failure to obey an order of the court may be punishable as contempt.

(4) Once an investigation has been initiated by the superintendent of public instruction, the investigation shall be completed regardless of whether the individual being investigated has resigned his or her position or allowed his or her teaching certificate to lapse. The superintendent shall make a written finding regarding each investigation indicating the actions taken, including a statement of the reasons why a complaint was dismissed or did not warrant further investigation or action by the superintendent, and shall provide such notice to each person who filed the complaint. Written findings under this section are subject to public disclosure under chapter 42.17 RCW.

(5) An investigation into sexual or physical abuse of a student by a school employee shall only be initiated by the superintendent of public instruction after the superintendent of public instruction verifies that the incident has been reported to the proper law enforcement agency or the department of social and health services as required under RCW 26.44.030.

"**Sec. 2.** RCW 28A.410.090 and 1996 c 126 s 2 are each amended to read as follows:

(1) Any certificate or permit authorized under the provisions of this chapter, chapter 28A.405 RCW, or rules promulgated thereunder may be revoked or suspended by the authority authorized to grant the same based upon a criminal records report authorized by law, or upon the complaint of any school district superintendent, educational service district superintendent, or private school administrator for immorality, violation of written contract, unprofessional conduct, intemperance, or crime against the law of the state.

If the superintendent of public instruction has reasonable cause to believe that an alleged violation of this chapter or rules adopted under it has occurred based on a written complaint alleging physical abuse or sexual misconduct by a certificated school employee filed by a parent or another person, but no complaint has been ~~((filed pursuant to this chapter))~~ forwarded to the superintendent by a school district superintendent, educational service district superintendent, or private school administrator, and that a school district superintendent, educational service district superintendent, or private school administrator has sufficient notice of the alleged violation and opportunity to file a complaint, the superintendent of public instruction may cause an investigation to be made of the alleged violation, together with such other matters that may be disclosed in the course of the investigation related to certificated personnel.

(2) A parent or another person may file a written complaint with the superintendent of public instruction alleging physical abuse or sexual misconduct by a certificated school employee if:

(a) The parent or other person has already filed a written complaint with the educational service district superintendent concerning that employee;

(b) The educational service district superintendent has not caused an investigation of the allegations and has not forwarded the complaint to the superintendent of public instruction for investigation; and

(c) The written complaint states the grounds and factual basis upon which the parent or other person believes an investigation should be conducted.

(3) Any such certificate or permit authorized under this chapter or chapter 28A.405 RCW shall be revoked by the authority authorized to grant the certificate upon a guilty plea or the conviction of any felony crime involving the physical neglect of a child under chapter 9A.42 RCW, the physical injury or death of a child under chapter 9A.32 or 9A.36 RCW (excepting motor vehicle violations under chapter 46.61 RCW), sexual exploitation of a child under chapter 9.68A RCW, sexual offenses under chapter 9A.44 RCW where a minor is the victim, promoting prostitution of a minor under chapter 9A.88 RCW, the sale or purchase of a minor child under RCW 9A.64.030, or violation of similar laws of another jurisdiction. The person whose certificate is in question shall be given an opportunity to be heard. Mandatory permanent revocation upon a guilty plea or the conviction of felony crimes specified under this subsection shall apply to such convictions or guilty pleas which occur after July 23, 1989. Revocation of any certificate or permit authorized under this chapter or chapter 28A.405 RCW for a guilty plea or criminal conviction occurring prior to July 23, 1989, shall be subject to the provisions of subsection (1) of this section."

MESSAGE FROM THE HOUSE

March 4, 2004

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5533, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that state law requires criminal background checks of applicants for school district employment. However, the legislature finds that, because they generally are limited to criminal conviction histories, results of background checks are more complete when supplemented by an applicant's history of past sexual misconduct. Therefore, the legislature finds that additional safeguards are necessary in the hiring of school district employees to ensure the safety of Washington's school children. In order to provide the safest educational environment for children, school districts must provide known information regarding employees' sexual misconduct when those employees attempt to transfer to different school districts.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.400 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Applicant" means an applicant for employment in a certificated or classified position who is currently or was previously employed by a school district.

(b) "Employer" means a school district employer.

(2) Before hiring an applicant, a school district shall request the applicant to sign a statement:

(a) Authorizing the applicant's current and past employers to disclose to the hiring school district sexual misconduct, if any, by the applicant and making available to the hiring school district copies of all documents in the previous employer's personnel, investigative, or other files relating to sexual misconduct by the applicant; and

(b) Releasing the applicant's current and past employers, and employees acting on behalf of that employer, from any liability for providing information described in (a) of this subsection, as provided in subsection (4) of this section.

(3) Before hiring an applicant, a school district shall request in writing, electronic or otherwise, the applicant's current and past employers to provide the information described in subsection (2)(a) of this section, if any. The request shall include a copy of the statement signed by the applicant under subsection (2) of this section.

(4) Not later than twenty business days after receiving a request under subsection (3) of this section, a school district shall provide the information requested and make available to the requesting school district copies of all documents in the applicant's personnel record relating to the sexual misconduct. The school district, or an employee acting on behalf of the school district, who in good faith discloses information under this section is immune from civil liability for the disclosure.

(5) A hiring district shall request from the office of the superintendent of public instruction verification of certification status, including information relating to sexual misconduct as established by the provisions of subsection (11) of this section, if any, for applicants for certificated employment.

(6) A school district shall not hire an applicant who does not sign the statement described in subsection (2) of this section.

(7) School districts may employ applicants on a conditional basis pending the district's review of information obtained under this section.

(8) Information received under this section shall be used by a school district only for the purpose of evaluating an applicant's qualifications for employment in the position for which he or she has applied. Except as otherwise provided by law, a board member or employee of a school district shall not disclose the information to any person, other than the applicant, who is not directly involved in the process of evaluating the applicant's qualifications for employment. A person who violates this subsection is guilty of a misdemeanor.

(9) Beginning September 1, 2004, the board or an official of a school district shall not enter into a collective bargaining agreement, individual employment contract, resignation agreement, severance agreement, or any other contract or agreement that has the effect of suppressing information about verbal or physical abuse or sexual misconduct by a present or former employee or of expunging information about that abuse or sexual misconduct from any documents in the previous employer's personnel, investigative, or other files relating to verbal or physical abuse or sexual misconduct by the applicant. Any provision of a contract or agreement that is contrary to this subsection is void and unenforceable, and may not be withheld from disclosure by the entry of any administrative or court order. This subsection does not restrict the expungement from a personnel file of information about alleged verbal or physical abuse or sexual misconduct that has not been substantiated.

(10) This section does not prevent a school district from requesting or requiring an applicant to provide information other than that described in this section.

(11) By September 1, 2004, the state board of education has the authority to and shall adopt rules defining "verbal abuse," "physical abuse," and "sexual misconduct" as used in this section for application to all classified and certificated employees. The definitions of verbal and physical abuse and sexual misconduct adopted by the state board of education must include the requirement that the school district has made a determination that there is sufficient information to conclude that the abuse or misconduct occurred and that the abuse or misconduct resulted in the employee's leaving his or her position at the school district.

(12) Except as limited by chapter 49.12 RCW, at the conclusion of a school district's investigation, a school employee has the right to review his or her entire personnel file, investigative file, or other file maintained by the school district relating to sexual misconduct as addressed in this section and to attach rebuttals to any documents as the employee deems necessary. Rebuttal documents shall be disclosed in the same manner as the documents to which they are attached. The provisions of this subsection do not supercede the protections provided individuals under the state whistleblower laws in chapter 42.41 RCW.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.320 RCW to read as follows:

School districts must, at the first opportunity but in all cases within forty-eight hours of receiving a report alleging sexual misconduct by a school employee, notify the parents of a student alleged to be the victim, target, or recipient of the misconduct. School districts shall provide parents with information regarding their rights under the Washington public disclosure act, chapter 42.17 RCW, to request the public records regarding school employee discipline. This information shall be provided to all parents on an annual basis.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.410 RCW to read as follows:

For the purposes of reporting disciplinary actions taken against certificated staff to other states via a national data base used by the office of the superintendent of public instruction, the following actions shall be reported: Suspension, surrender, revocation, denial, stayed suspension, reinstatement, and any written reprimand related to abuse and sexual misconduct. These actions will only be reported to the extent that they are accepted by the national clearinghouse, but if there are categories not included, the office of the superintendent of public instruction shall seek modification to the national clearinghouse format."

On page 1, line 2 of the title, after "employees;" strike the remainder of the title and insert "adding a new section to chapter 28A.400 RCW; adding a new section to chapter 28A.320 RCW; adding a new section to chapter 28A.410 RCW; creating a new section; and prescribing penalties." and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

March 4, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5139, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that state education and higher education agencies are working on initiatives to communicate with parents and students about how high school graduates should gain and maintain the reading, writing, and mathematics skills they need to start immediately in college-level work. However, the legislature finds that insufficient progress has been made in reducing the proportion of recent high school graduates who must enroll in remedial or precollege classes at Washington's public colleges and universities. More than seventeen million dollars in state and tuition resources is being spent each year to provide these students with skills they should have gained before graduating from high school. It is the intent of the legislature that state education and higher education agencies place a higher priority on their work to address the issue of remediation and take concrete steps to make measurable improvements.

NEW SECTION. Sec. 2. (1) Within current budgets, the higher education coordinating board, the office of the superintendent of public instruction, and the state board for community and technical colleges shall convene a work group that includes representatives of the two and four-year institutions of higher education and school districts to address remediation issues. The work group shall:

(a) Discuss standards and expectations for the knowledge and skills high school graduates need for college-level work and strategies for communicating those standards to all Washington high schools;

(b) Identify the causes of current gaps in knowledge and skills of recent high school graduates;

(c) Identify innovative strategies currently used by school districts and other initiatives or programs designed to provide graduates with the knowledge and skills for college-level work; and

(d) Develop and initiate actions to address the gaps in knowledge and skills so that the need for remediation of recent high school graduates in public higher education institutions is significantly reduced.

(2) The state education and higher education agencies shall jointly submit a report to the education and higher education committees of the legislature by December 15, 2004. The report shall summarize the findings of the work group and describe actions taken by the agencies, higher education institutions, and school districts to enhance the knowledge and skills of high school graduates. The report shall also recommend additional strategies, timelines, and measurable benchmarks for reducing remediation of recent high school graduates over the next three years."

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

March 2, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6160, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that quality assurance efforts will promote compliance with regulations by providers and achieve the goal of providing high quality of care to citizens residing in licensed boarding homes, and may reduce property and liability insurance premium costs for such facilities.

NEW SECTION. Sec. 2. A new section is added to chapter 18.20 RCW to read as follows:

(1) To ensure the proper delivery of services and the maintenance and improvement in quality of care through self-review, any boarding home licensed under this chapter may maintain a quality assurance committee that, at a minimum, includes:

(a) A licensed registered nurse under chapter 18.79 RCW;

(b) The administrator; and

(c) Three other members from the staff of the boarding home.

(2) When established, the quality assurance committee shall meet at least quarterly to identify issues that may adversely affect quality of care and services to residents and to develop and implement plans of action to correct identified quality concerns or deficiencies in the quality of care provided to residents.

(3) To promote quality of care through self-review without the fear of reprisal, and to enhance the objectivity of the review process, the department shall not require, and the long-term care ombudsman program shall not request, disclosure of any quality assurance committee records or reports, unless the disclosure is related to the committee's compliance with this section, if:

(a) The records or reports are not maintained pursuant to statutory or regulatory mandate; and

(b) The records or reports are created for and collected and maintained by the committee.

(4) If the boarding home refuses to release records or reports that would otherwise be protected under this section, the department may then request only that information that is necessary to determine whether the boarding home has a quality assurance committee and to determine that it is operating in compliance with this section. However, if the boarding home offers the department documents generated by, or for, the quality assurance committee as evidence of compliance with boarding home requirements, the documents are not protected as quality assurance committee documents when in the possession of the department.

(5) Good faith attempts by the committee to identify and correct quality deficiencies shall not be used as a basis for sanctions.

(6) Any records that are created for and collected and maintained by the quality assurance committee shall not be discoverable or admitted into evidence in a civil action brought against a boarding home.

(7) Notwithstanding any records created for the quality assurance committee, the facility shall fully set forth in the resident's records, available to the resident, the department, and others as permitted by law, the facts concerning any incident of injury or loss to the resident, the steps taken by the facility to address the resident's needs, and the resident outcome.

Sec. 3. RCW 18.20.110 and 2003 c 280 s 1 are each amended to read as follows:

The department shall make or cause to be made, at least every eighteen months with an annual average of fifteen months, an inspection and investigation of all boarding homes. However, the department may delay an inspection to twenty-four months if the boarding home has had three consecutive inspections with no written notice of violations and has received no written notice of violations resulting from complaint investigation during that same time period. The department may at anytime make an unannounced inspection of a licensed home to assure that the licensee is in compliance with this chapter and

the rules adopted under this chapter. Every inspection shall focus primarily on actual or potential resident outcomes, and may include an inspection of every part of the premises and an examination of all records (~~((other than financial records))),~~ methods of administration, the general and special dietary, and the stores and methods of supply; however, the department shall not have access to financial records or to other records or reports described in section 2 of this act. Financial records of the boarding home may be examined when the department has reasonable cause to believe that a financial obligation related to resident care or services will not be met, such as a complaint that staff wages or utility costs have not been paid, or when necessary for the department to investigate alleged financial exploitation of a resident. Following such an inspection or inspections, written notice of any violation of this law or the rules adopted hereunder shall be given to the applicant or licensee and the department. The department may prescribe by rule that any licensee or applicant desiring to make specified types of alterations or additions to its facilities or to construct new facilities shall, before commencing such alteration, addition, or new construction, submit plans and specifications therefor to the agencies responsible for plan reviews for preliminary inspection and approval or recommendations with respect to compliance with the rules and standards herein authorized.

NEW SECTION. Sec. 4. A new section is added to chapter 18.20 RCW to read as follows:

If during an inspection, reinspection, or complaint investigation by the department, a boarding home corrects a violation or deficiency that the department discovers, the department shall record and consider such violation or deficiency for purposes of the facility's compliance history, however the licenser or complaint investigator shall not include in the facility report the violation or deficiency if the violation or deficiency:

- (1) Is corrected to the satisfaction of the department prior to the exit conference;
- (2) Is not recurring; and
- (3) Did not pose a significant risk of harm or actual harm to a resident.

For the purposes of this section, "recurring" means that the violation or deficiency was found under the same regulation or statute in one of the two most recent preceding inspections, reinspections, or complaint investigations.

NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately." and the same are herewith transmitted.

Sec. 2. RCW 64.34.100 and 1989 c 43 s 1-113 are each amended to read as follows:

(1) The remedies provided by this chapter shall be liberally administered to the end that the aggrieved party is put in as good a position as if the other party had fully performed. (3) In determining the qualifications of any officer or director of the association, notwithstanding the provision of RCW 64.34.020(32) the term "unit owner" in such context shall, unless the declaration or bylaws otherwise provide, be deemed to include any director, officer, partner in, or trustee of any person, who is, either alone or in conjunction with another person or persons, a unit owner. Any officer or director of the association who would not be eligible to serve as such if he or she were not a director, officer, partner in, or trustee of such a person shall be disqualified from continuing in office if he or she ceases to have any such affiliation with that person, or if that person would have been disqualified from continuing in such office as a natural person.

Sec. 4. RCW 64.34.425 and 1992 c 220 s 23 are each amended to read as follows:

(1) Except in the case of a sale where delivery of a public offering statement is required, or unless exempt under RCW 64.34.400(2), a unit owner shall furnish to a purchaser before execution of any contract for sale of a unit, or otherwise before conveyance, a resale certificate, signed by an officer or authorized agent of the association and based on the books and records of the association and the actual knowledge of the person signing the certificate, containing:

(a) A statement disclosing any right of first refusal or other restraint on the free alienability of the unit contained in the declaration;

(b) A statement setting forth the amount of the monthly common expense assessment and any unpaid common expense or special assessment currently due and payable from the selling unit owner and a statement of any special assessments that have been levied against the unit which have not been paid even though not yet due;

(d) A statement, which shall be current to within forty-five days, of any obligation of the association which is past due over thirty days;

(e) A statement of any other fees payable by unit owners;

(f) A statement of any anticipated repair or replacement cost in excess of five percent of the annual budget of the association that has been approved by the board of directors;

(g) A statement of the amount of any reserves for repair or replacement and of any portions of those reserves currently designated by the association for any specified projects;

(h) The annual financial statement of the association, including the audit report if it has been prepared, for the year immediately preceding the current year.

(i) A balance sheet and a revenue and expense statement of the association prepared on an accrual basis, which shall be current to within one hundred twenty days;

(j) The current operating budget of the association;

(k) A statement of any unsatisfied judgments against the association and the status of any pending suits or legal proceedings in which the association is a plaintiff or defendant;

(l) A statement describing any insurance coverage provided for the benefit of unit owners;

(m) A statement as to whether there are any alterations or improvements to the unit or to the limited common elements assigned thereto that violate any provision of the declaration;

(n) A statement of the number of units, if any, still owned by the declarant, whether the declarant has transferred control of the association to the unit owners, and the date of such transfer;

(o) A statement as to whether there are any violations of the health or building codes with respect to the unit, the limited common elements assigned thereto, or any other portion of the condominium;

(p) A statement of the remaining term of any leasehold estate affecting the condominium and the provisions governing any extension or renewal thereof; ~~((and))~~

(q) A copy of the declaration, the bylaws, the rules or regulations of the association, and any other information reasonably requested by mortgagees of prospective purchasers of units. Information requested generally by the federal national mortgage association, the federal home loan bank board, the government national mortgage association, the veterans administration and the department of housing and urban development shall be deemed reasonable, provided such information is reasonably available to the association; and

(r) A statement, as required by section 301 of this act, as to whether the units or common elements of the condominium are covered by a qualified warranty, and a history of claims under any such warranty.

(2) The association, within ten days after a request by a unit owner, and subject to payment of any fee imposed pursuant to RCW 64.34.304(1)(l), shall furnish a resale certificate signed by an officer or authorized agent of the association and containing the information necessary to enable the unit owner to comply with this section. For the purposes of this chapter, a reasonable charge for the preparation of a resale certificate may not exceed one hundred fifty dollars. The association may charge a unit owner a nominal fee for updating a resale certificate within six months of the unit owner's request. The unit owner shall also sign the certificate but the unit owner is not liable to the purchaser for any erroneous information provided by the association and included in the certificate unless and to the extent the unit owner had actual knowledge thereof.

(3) A purchaser is not liable for any unpaid assessment or fee against the unit as of the date of the certificate greater than the amount set forth in the certificate prepared by the association unless and to the extent such purchaser had actual knowledge thereof. A unit owner is not liable to a purchaser for the failure or delay of the association to provide the certificate in a timely manner, but the purchaser's contract is voidable by the purchaser until the certificate has been provided and for five days thereafter or until conveyance, whichever occurs first.

Sec. 5. RCW 64.34.445 and 1992 c 220 s 26 are each amended to read as follows:

(1) A declarant and any dealer warrants that a unit will be in at least as good condition at the earlier of the time of the conveyance or delivery of possession as it was at the time of contracting, reasonable wear and tear and damage by casualty or condemnation excepted.

(2) A declarant and any dealer impliedly warrants that a unit and the common elements in the condominium are suitable for the ordinary uses of real estate of its type and that any improvements made or contracted for by such declarant or dealer will be:

(a) Free from defective materials; ~~((and))~~

(b) Constructed in accordance with sound engineering and construction standards~~((, and))~~;

(c) Constructed in a workmanlike manner; and

(d) Constructed in compliance with all laws then applicable to such improvements.

(3) A declarant and any dealer warrants to a purchaser of a unit that may be used for residential use that an existing use, continuation of which is contemplated by the parties, does not violate applicable law at the earlier of the time of conveyance or delivery of possession.

(4) Warranties imposed by this section may be excluded or modified as specified in RCW 64.34.450.

(5) For purposes of this section, improvements made or contracted for by an affiliate of a declarant, as defined in RCW 64.34.020(1), are made or contracted for by the declarant.

(6) Any conveyance of a unit transfers to the purchaser all of the declarant's implied warranties of quality.

(7) In a judicial proceeding or arbitration for breach of any of the obligations arising under this section, the plaintiff must show that the alleged breach has adversely affected or will adversely affect the performance of that portion of the unit or common elements alleged to be in breach. As used in this subsection, an "adverse effect" must be more than technical and must be significant to a reasonable person. To establish an adverse effect, the person alleging the breach is not required to prove that the breach renders the unit or common element uninhabitable or unfit for its intended purpose.

(8) Proof of breach of any obligation arising under this section is not proof of damages. Damages awarded for a breach of an obligation arising under this section are the cost of repairs. However, if it is established that the cost of such repairs is clearly disproportionate to the loss in market value caused by the breach, then damages shall be limited to the loss in market value.

Sec. 6. RCW 64.34.450 and 1989 c 43 s 4-113 are each amended to read as follows:

(1) ~~((Except as limited by subsection (2) of this section))~~ For units intended for nonresidential use, implied warranties of quality:

(a) May be excluded or modified by written agreement of the parties; and

(b) Are excluded by written expression of disclaimer, such as "as is," "with all faults," or other language which in common understanding calls the buyer's attention to the exclusion of warranties.

(2) ~~((With respect to a purchaser of a unit that may be occupied))~~ For units intended for residential use, no ~~((general))~~ disclaimer of implied warranties of quality is effective, ~~((but))~~ except that a declarant ~~((and any))~~ or dealer may disclaim liability in ~~((an instrument))~~ writing, in type that is bold faced, capitalized, underlined, or otherwise set out from

surrounding material so as to be conspicuous, and separately signed by the purchaser, for a specified defect or specified failure to comply with applicable law, if: (a) The declarant or dealer knows or has reason to know that the specific defect or failure (entered into and became a part of the basis of the bargain) exists at the time of disclosure; (b) the disclaimer specifically describes the defect or failure; and (c) the disclaimer includes a statement as to the effect of the defect or failure.

(3) A declarant or dealer may offer an express written warranty of quality only if the express written warranty does not reduce protections provided to the purchaser by the implied warranty set forth in RCW 64.34.445.

Sec. 7. RCW 64.34.452 and 2002 c 323 s 11 are each amended to read as follows:

(1) A judicial proceeding or arbitration for breach of any obligations arising under RCW 64.34.443 ~~((and))~~, 64.34.445, and 64.34.450 must be commenced within four years after the cause of action accrues: PROVIDED, That the period for commencing ~~((an action))~~ a judicial proceeding or arbitration for a breach accruing pursuant to subsection (2)(b) of this section shall not expire prior to one year after termination of the period of declarant control, if any, under RCW 64.34.308(4). Such periods may not be reduced by either oral or written agreement, or through the use of contractual claims or notice procedures that require the filing or service of any claim or notice prior to the expiration of the period specified in this section. An arbitration is deemed commenced on delivery of a demand for arbitration. Any demand for arbitration shall be delivered by certified mail, return receipt requested, and by ordinary first class mail, or, in the case of persons not resident in the United States of America, by such other comparable form of mailed notice as is reasonably available. The party initiating the arbitration shall address such a notice to the address last known to the initiating party in the exercise of reasonable diligence, and also, in the case of any entity that is required to have a registered agent in the state of Washington, to the address of such a registered agent. Demand for arbitration shall be deemed delivered three days after the postmark date. "Judicial proceeding" as used in this section does not refer to a trial de novo appeal of an arbitration decision and award.

(2) Subject to subsection (3) of this section, a cause of action or breach of warranty of quality, regardless of the purchaser's lack of knowledge of the breach, accrues:

(a) As to a unit, the date the purchaser to whom the warranty is first made enters into possession if a possessory interest was conveyed or the date of acceptance of the instrument of conveyance if a nonpossessory interest was conveyed; and

(b) As to each common element, at the latest of (i) the date the first unit in the condominium was conveyed to a bona fide purchaser, (ii) the date the common element was completed, or (iii) the date the common element was added to the condominium.

(3) If a warranty of quality explicitly extends to future performance or duration of any improvement or component of the condominium, the cause of action accrues at the time the breach is discovered or at the end of the period for which the warranty explicitly extends, whichever is earlier.

(4) If a written notice of claim is served under RCW 64.50.020 within the time prescribed for the filing of an action under this chapter, the statutes of limitation in this chapter and any applicable statutes of repose for construction-related claims are tolled until sixty days after the period of time during which the filing of an action is barred under RCW 64.50.020.

(5) Nothing in this section affects the time for filing a claim under chapter 64.-- RCW (sections 101 through 2002 of this act).

NEW SECTION. Sec. 8. (1) A committee is established to study the required use of independent third-party inspections of residential condominiums as a way to reduce the problem of water penetration in residential condominiums.

(2) The committee consists of the following members who shall be persons with experience and expertise in condominium law and condominium construction:

(a) A member, who shall be the chair of the committee, to be appointed by the governor;

(b) Two members to be appointed by the majority leader of the senate; and

(c) Two members to be appointed by the speaker of the house of representatives.

(3) The committee shall:

(a) Examine the problem of water penetration of condominiums and the efficacy of requiring independent third-party inspections of condominiums, including plan inspection and inspection during construction, as a way to reduce the problem of water penetration;

(b) Deliver to the judiciary committees of the senate and house of representatives, not later than December 31, 2004, a report of the findings and conclusions of the committee, and any proposed legislation implementing third-party water penetration inspections.

Sec. 13. RCW 64.50.020 and 2002 c 323 s 3 are each amended to read as follows:

(1) In every construction defect action brought against a construction professional, the claimant shall, no later than forty-five days before ~~(filing)~~ commencing an action, serve written notice of claim on the construction professional. The notice of claim shall state that the claimant asserts a construction defect claim against the construction professional and shall describe the claim in reasonable detail sufficient to determine the general nature of the defect.

(2) Within twenty-one days after service of the notice of claim, the construction professional shall serve a written response on the claimant by registered mail or personal service. The written response shall:

(a) Propose to inspect the residence that is the subject of the claim and to complete the inspection within a specified time frame. The proposal shall include the statement that the construction professional shall, based on the inspection, offer to remedy the defect, compromise by payment, or dispute the claim;

(b) Offer to compromise and settle the claim by monetary payment without inspection. A construction professional's offer under this subsection (2)(b) to compromise and settle a homeowner's claim may include, but is not limited to, an express offer to purchase the claimant's residence that is the subject of the claim, and to pay the claimant's reasonable relocation costs; or

(c) State that the construction professional disputes the claim and will neither remedy the construction defect nor compromise and settle the claim.

(3)(a) If the construction professional disputes the claim or does not respond to the claimant's notice of claim within the time stated in subsection (2) of this section, the claimant may bring an action against the construction professional for the claim described in the notice of claim without further notice.

(b) If the claimant rejects the inspection proposal or the settlement offer made by the construction professional pursuant to subsection (2) of this section, the claimant shall serve written notice of the claimant's rejection on the construction professional. After service of the rejection, the claimant may bring an action against the construction professional for the construction defect claim described in the notice of claim. If the construction professional has not received from the claimant, within thirty days after the claimant's receipt of the construction professional's response, either an acceptance or rejection of

the inspection proposal or settlement offer, then at anytime thereafter the construction professional may terminate the proposal or offer by serving written notice to the claimant, and the claimant may thereafter bring an action against the construction professional for the construction defect claim described in the notice of claim.

(4)(a) If the claimant elects to allow the construction professional to inspect in accordance with the construction professional's proposal pursuant to subsection (2)(a) of this section, the claimant shall provide the construction professional and its contractors or other agents reasonable access to the claimant's residence during normal working hours to inspect the premises and the claimed defect.

(b) Within fourteen days following completion of the inspection, the construction professional shall serve on the claimant:

(i) A written offer to remedy the construction defect at no cost to the claimant, including a report of the scope of the inspection, the findings and results of the inspection, a description of the additional construction necessary to remedy the defect described in the claim, and a timetable for the completion of such construction;

(ii) A written offer to compromise and settle the claim by monetary payment pursuant to subsection (2)(b) of this section; or

(iii) A written statement that the construction professional will not proceed further to remedy the defect.

(c) If the construction professional does not proceed further to remedy the construction defect within the agreed timetable, or if the construction professional fails to comply with the provisions of (b) of this subsection, the claimant may bring an action against the construction professional for the claim described in the notice of claim without further notice.

(d) If the claimant rejects the offer made by the construction professional pursuant to (b)(i) or (ii) of this subsection to either remedy the construction defect or to compromise and settle the claim by monetary payment, the claimant shall serve written notice of the claimant's rejection on the construction professional. After service of the rejection notice, the claimant may bring an action against the construction professional for the construction defect claim described in the notice of claim. If the construction professional has not received from the claimant, within thirty days after the claimant's receipt of the construction professional's response, either an acceptance or rejection of the offer made pursuant to (b)(i) or (ii) of this subsection, then at anytime thereafter the construction professional may terminate the offer by serving written notice to the claimant.

(5)(a) Any claimant accepting the offer of a construction professional to remedy the construction defect pursuant to subsection (4)(b)(i) of this section shall do so by serving the construction professional with a written notice of acceptance within a reasonable time period after receipt of the offer, and no later than thirty days after receipt of the offer. The claimant shall provide the construction professional and its contractors or other agents reasonable access to the claimant's residence during normal working hours to perform and complete the construction by the timetable stated in the offer.

(b) The claimant and construction professional may, by written mutual agreement, alter the extent of construction or the timetable for completion of construction stated in the offer, including, but not limited to, repair of additional defects.

(6) Any action commenced by a claimant prior to compliance with the requirements of this section shall be subject to dismissal without prejudice, and may not be recommenced until the claimant has complied with the requirements of this section.

(7) Nothing in this section may be construed to prevent a claimant from commencing an action on the construction defect claim described in the notice of claim if the construction professional fails to perform the construction agreed upon, fails to remedy the defect, or fails to perform by the timetable agreed upon pursuant to subsection (2)(a) or (5) of this section.

(8) Prior to commencing any action alleging a construction defect, or after the dismissal of any action without prejudice pursuant to subsection (6) of this section, the claimant may amend the notice of claim to include construction defects discovered after the service of the original notice of claim, and must otherwise comply with the requirements of this section for the additional claims. The service of an amended notice of claim shall relate back to the original notice of claim for purposes of tolling statutes of limitations and repose. Claims for defects discovered after the commencement or commencement of an action may be added to such action only after providing notice to the construction professional of the defect and allowing for response under subsection (2) of this section.

(2) If, after evaluating a claim under a qualified warranty, the qualified insurer determines that the claim is not valid, or not covered under the qualified warranty, the qualified insurer must: (a) Notify the claimant of the decision in writing; (b) set out the reasons for the decision; and (c) set out the rights of the parties under the third-party dispute resolution process for the warranty.

(3) Repairs must be undertaken in a timely manner, with reasonable consideration given to weather conditions and the availability of materials and labor.

(4) On completing any repairs, the qualified insurer must deliver a copy of the repair specifications to the claimant along with a letter confirming the date the repairs were completed and referencing the repair warranty provided for in section 407 of this act.

ARTICLE 15 MEDIATION OF DISPUTED CLAIMS

NEW SECTION. Sec. 1501. (1) If a dispute between a qualified insurer and a claimant arising under a qualified warranty cannot be resolved by informal negotiation within a reasonable time, the claimant or qualified insurer may require that the dispute be referred to mediation by delivering written notice to the other to mediate.

(2) If a party delivers a request to mediate under subsection (1) of this section, the qualified insurer and the party must attend a mediation session in relation to the dispute and may invite to participate in the mediation any other party to the dispute who may be liable.

(3) Within twenty-one days after the party has delivered a request to mediate under subsection (1) of this section, the parties must, directly or with the assistance of an independent, neutral person or organization, jointly appoint a mutually acceptable mediator.

(4) If the parties do not jointly appoint a mutually acceptable mediator within the time required by subsection (3) of this section, the party may apply to the superior court of the county where the project is located, which must appoint a mediator taking into account:

- (a) The need for the mediator to be neutral and independent;
- (b) The qualifications of the mediator;
- (c) The mediator's fees;
- (d) The mediator's availability; and
- (e) Any other consideration likely to result in the selection of an impartial, competent, and effective mediator.

(5) After selecting the mediator under subsection (4) of this section, the superior court must promptly notify the parties in writing of that selection.

(6) The mediator selected by the superior court is deemed to be appointed by the parties effective the date of the notice sent under subsection (5) of this section.

(17) Nothing in subsection (16) of this section precludes a party from introducing into evidence in a proceeding any information or records produced in the course of the mediation that are otherwise producible or compellable in those proceedings.

(18) A mediation session is concluded when:

ARTICLE 16 ARBITRATION

NEW SECTION. Sec. 1601. A qualified warranty may include mandatory binding arbitration of all disputes arising out of or in connection with a qualified warranty. The provision may provide that all claims for a single condominium be heard by the same arbitrator, but shall not permit the joinder or consolidation of any other person or entity. The arbitration shall comply with the following minimum procedural standards:

(1) Any demand for arbitration shall be delivered by certified mail return receipt requested, and by ordinary first class mail. The party initiating the arbitration shall address the notice to the address last known to the initiating party in the exercise of reasonable diligence, and also, for any entity which is required to have a registered agent in the state of Washington, to the address of the registered agent. Demand for arbitration is deemed effective three days after the date deposited in the mail;

(2) All disputes shall be heard by one qualified arbitrator, unless the parties agree to use three arbitrators. If three arbitrators are used, one shall be appointed by each of the disputing parties and the first two arbitrators shall appoint the third, who will chair the panel. The parties shall select the identity and number of the arbitrator or arbitrators after the demand for arbitration is made. If, within thirty days after the effective date of the demand for arbitration, the parties fail to agree on an arbitrator or the agreed number of arbitrators fail to be appointed, then an arbitrator or arbitrators shall be appointed under RCW 7.04.050 by the presiding judge of the superior court of the county in which the condominium is located;

(3) In any arbitration, at least one arbitrator must be a lawyer or retired judge. Any additional arbitrator must be either a lawyer or retired judge or a person who has experience with construction and engineering standards and practices, written construction warranties, or construction dispute resolution. No person may serve as an arbitrator in any arbitration in which that person has any past or present financial or personal interest;

(4) The arbitration hearing must be conducted in a manner that permits full, fair, and expeditious presentation of the case by both parties. The arbitrator is bound by the law of Washington state. Parties may be, but are not required to be, represented by attorneys. The arbitrator may permit discovery to ensure a fair hearing, but may limit the scope or manner of discovery for good cause to avoid excessive delay and costs to the parties. The parties and the arbitrator shall use all reasonable efforts to complete the arbitration within six months of the effective date of the demand for arbitration or, when applicable, the service of the list of defects in accordance with RCW 64.50.030;

(5) Except as otherwise set forth in this section, arbitration shall be conducted under chapter 7.04 RCW, unless the parties elect to use the construction industry arbitration rules of the American arbitration association, which are permitted to the extent not inconsistent with this section. The expenses of witnesses including expert witnesses shall be paid by the party producing the witnesses. All other expenses of arbitration shall be borne equally by the parties, unless all parties agree otherwise or unless the arbitrator awards expenses or any part thereof to any specified party or parties. The parties shall pay the fees of the arbitrator as and when specified by the arbitrator;

(6) Demand for arbitration given pursuant to subsection (1) of this section commences an arbitration for purposes of RCW 64.34.452;

(7) The arbitration decision shall be in writing and must set forth findings of fact and conclusions of law that support the decision.

**ARTICLE 17
ATTORNEYS' FEES**

NEW SECTION. Sec. 1701. In any judicial proceeding or arbitration brought to enforce the terms of a qualified warranty, the court or arbitrator may award reasonable attorneys' fees to the substantially prevailing party. In no event may such fees exceed the reasonable hourly value of the attorney's work.

**ARTICLE 18
TRANSFER**

NEW SECTION. Sec. 1801. (1) A qualified warranty pertains solely to the unit and common elements for which it provides coverage and no notice to the qualified insurer is required on a change of ownership.

(2) All of the applicable unused benefits under a qualified warranty with respect to a unit are automatically transferred to any subsequent owner on a change of ownership.

**ARTICLE 19
ACCEPTANCE OF DECLARANT FOR QUALIFIED WARRANTY**

NEW SECTION. Sec. 1901. (1) No insurer is bound to offer a qualified warranty to any person. Except as specifically set forth in this section, the terms of any qualified warranty are set in the sole discretion of the qualified insurer. (a) Does the applicant have the financial resources to undertake the construction of the number of units being proposed by the applicant's business plan for the following twelve months;

(b) Does the applicant and its directors, officers, employees, and consultants possess the necessary technical expertise to adequately perform their individual functions with respect to their proposed role in the construction and sale of units;

(c) Does the applicant and its directors and officers have sufficient experience in business management to properly manage the unit construction process;

(f) Is the applicant reasonably able to provide, or to cause to be provided, after-sale customer service for the units to be constructed.

(2) A qualified insurer may charge a fee to make the inquiries permitted by subsection (1) of this section.

(3) Before approving a qualified warranty for a condominium, a qualified insurer may make such inquiries and impose such conditions as it deems appropriate in its sole discretion, including without limitation the following:

(a) To determine if the applicant has the necessary capitalization or financing in place, including any reasonable contingency reserves, to undertake construction of the proposed unit;

(b) To determine if the applicant or, in the case of a corporation, its directors, officers, employees, and consultants possess reasonable technical expertise to construct the proposed unit, including specific technical knowledge or expertise in any building systems, construction methods, products, treatments, technologies, and testing and inspection methods proposed to be employed;

(c) To determine if the applicant or, in the case of a corporation, its directors, officers, employees, and consultants have sufficient practical experience in the specific types of construction to undertake construction of the proposed unit;

(d) To determine if the applicant has sufficient personnel and other resources to adequately undertake the construction of the proposed unit in addition to other units which the applicant may have under construction or is currently marketing;

(e) To determine if:

(i) The applicant is proposing to engage a general contractor to undertake all or a significant portion of the construction of the proposed unit; and

(ii) The general contractor meets the criteria set out in this section;

(f) Requiring that a declarant provide security in a form suitable to the qualified insurer;

(g) Establishing or requiring compliance with specific construction standards for the unit;

(h) Restricting the applicant from constructing some types of units or using some types of construction or systems;

(i) Requiring the use of specific types of systems, consultants, or personnel for the construction;

(j) Requiring an independent review of the unit building plans or consultants' reports or any part thereof;

(k) Requiring third-party verification or certification of the construction of the unit or any part thereof;

(l) Providing for inspection of the unit or any part thereof during construction;

(m) Requiring ongoing monitoring of the unit, or one or more of its components, following completion of construction;

(n) Requiring that the declarant or any of the design professionals, engineering professionals, consultants, general contractors, or subcontractors maintain minimum levels of insurance, bonding, or other security naming the potential owners and qualified insurer as loss payees or beneficiaries of the insurance, bonding, or security to the extent possible;

(o) Requiring that the declarant provide a list of all design professionals and other consultants who are involved in the design or construction inspection, or both, of the unit;

(p) Requiring that the declarant provide a list of trades employed in the construction of the unit, and requiring evidence of their current trade's certification, if applicable.

MESSAGE FROM THE HOUSE

March 4, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6118, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The department of fish and wildlife, in cooperation and collaboration with the county legislative authorities of Ferry, Stevens, Pend Oreille, Chelan, and Okanogan counties, shall recommend rules to establish a three-year pilot program within select game management units of these counties, to pursue or kill cougars with the aid of dogs. A pursuit season and a kill season with the aid of dogs must be established through the fish and wildlife commission's rule-making process, utilizing local dangerous wildlife task teams comprised of the two collaborating authorities. The two collaborating authorities shall also develop a more effective and accurate dangerous wildlife reporting system to ensure a timely response. The pilot program's primary goals are to provide for public safety, to protect property, and to assess cougar populations.

(2) Any rules adopted by the fish and wildlife commission to establish a pilot project allowing for the pursuit or hunting of cougars with the aid of dogs under this section only must ensure that all pursuits or hunts are:

(1) Designed to protect public safety or property;

(2) Reflective of the most current cougar population data;

(3) Designed to generate data that is necessary for the department to satisfy the reporting requirements of section 3 of this act; and

(4) Consistent with any applicable recommendations emerging from research on cougar population dynamics in a multi-prey environment conducted by Washington State University's department of natural resource sciences that was funded in whole or in part by the department of fish and wildlife.

NEW SECTION. Sec. 2. A county legislative authority may request inclusion in the pilot project authorized by this act after taking the following actions:

(1) Adopting a resolution that requests inclusion in the pilot project;

(2) Documenting the need to participate in the pilot program by identifying the number of cougar/human encounters and livestock and pet depredations; and

(3) Demonstrating that existing cougar depredation permits, public safety cougar hunts, or other existing wildlife management tools have not been sufficient to deal with cougar incidents in the county.

NEW SECTION. Sec. 1. After the culmination of the pilot project authorized by this section, the department of fish and wildlife must report to the fish and wildlife commission and the appropriate committees of the legislature:

(1) Recommendations for the development of a more effective and accurate dangerous wildlife reporting system, a summary of how the pilot project aided the collection of data useful in making future wildlife management decisions, and a recommendation as to whether the pilot project would serve as a model for effective cougar management into the future. The report required by this subsection must be completed in collaboration with the counties choosing to participate in the pilot program.

(2) Recommendations for a new and modern cougar management system that focuses on altering the behavior of wild cougars, and not solely on controlling cougar population levels. These recommendations must include at a minimum

suggestions for wildlife management techniques aimed at modifying cougar behavior, the identification of non-lethal ways to minimize interactions between cougars and humans, and an analysis of opportunities for minimizing interactions between cougars and humans by controlling the abundance and location of cougar prey species."

MESSAGE FROM THE HOUSE

March 3, 2004

MR. PRESIDENT:

The House has passed SENATE BILL NO. 5869, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec.

1. The legislature finds that recent increases in property and liability insurance premiums experienced by some nonprofit organizations have the potential to negatively impact the ability of these organizations to continue to offer the level of service they provide in our communities. The legislature finds that nonprofit organizations are distinct from private for-profit businesses. By their very nature, nonprofit organizations are formed for purposes other than generating a profit, and are restricted from distributing any part of the organization's income to its directors or officers. Because of these characteristics, nonprofit organizations provide a unique public good to the residents in our state.

The legislature finds that in order to sustain the financial viability of nonprofit organizations, they should be provided with alternative options for insuring against risks. The legislature further finds that local government entities and nonprofit organizations share the common goal of providing services beneficial to the public interest. The legislature finds that allowing nonprofit organizations and local government entities to pool risk in self-insurance risk pools may be of mutual benefit for both types of entities. Therefore, it is the intent of the legislature to allow nonprofit organizations to form or participate in self-insurance risk pools with other nonprofit organizations or with local government entities where authority for such risk pooling arrangements does not currently exist in state or federal law.

Sec.

2. RCW 48.62.021 and 2002 c 332 s 24 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Local government entity" or "entity" means every unit of local government, both general purpose and special purpose, and includes, but is not limited to, counties, cities, towns, port districts, public utility districts, water-sewer districts, school districts, fire protection districts, irrigation districts, metropolitan municipal corporations, conservation districts, and other political subdivisions, governmental subdivisions, municipal corporations, and quasi-municipal corporations.

(2) "Risk assumption" means a decision to absorb the entity's financial exposure to a risk of loss without the creation of a formal program of advance funding of anticipated losses.

(3) "Self-insurance" means a formal program of advance funding and management of entity financial exposure to a risk of loss that is not transferred through the purchase of an insurance policy or contract.

(4) "Health and welfare benefits" means a plan or program established by a local government entity or entities for the purpose of providing its employees and their dependents, and in the case of school districts, its district employees, students, directors, or any of their dependents, with health care, accident, disability, death, and salary protection benefits.

(5) "Property and liability risks" includes the risk of property damage or loss sustained by a local government entity and the risk of claims arising from the tortious or negligent conduct or any error or omission of the local government entity, its officers, employees, agents, or volunteers as a result of which a claim may be made against the local government entity.

(6) "State risk manager" means the risk manager of the risk management division within the office of financial management.

(7) "Nonprofit corporation" or "corporation" has the same meaning as defined in RCW 24.03.005(3).

NEW SECTION. Sec.

3. A new section is added to chapter 48.62 RCW to read as follows:

(1) A nonprofit corporation may form or join a self-insurance risk pool with one or more nonprofit corporations or with a local government entity or entities for property and liability risks.

(2) A nonprofit corporation that participates in or forms a self-insurance risk pool with one or more nonprofit corporations or with a local government entity or entities, as provided in subsection (1) of this section, is subject to the same rules and regulations that apply to a local government entity or entities under this chapter.

(3) This section does not apply to a nonprofit corporation that:

(a) Individually self-insures for property and liability risks;

(b) Participates in a risk pooling arrangement, including a risk retention group or a risk purchasing group, regulated under chapter 48.92 RCW, or is a captive insurer authorized in its state of domicile; or

(c) Is a hospital licensed under chapter 70.41 RCW or an entity owned, operated, controlled by, or affiliated with such a hospital that participates in a self-insurance risk pool or other risk pooling arrangement, unless the self-insurance pool or other risk pooling arrangement for property and liability risks includes a local government entity."

MESSAGE FROM THE HOUSE

March 3, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5168, with the following amendments{s}.

On page 2, after line 20, insert the following:

"Sec. 2. RCW 9.94A.637 and 2003 c 379 s 19 are each amended to read as follows:

(1)(a) When an offender has completed all requirements of the sentence, including any and all legal financial obligations, and while under the custody and supervision of the department, the secretary or the secretary's designee shall notify the sentencing court, which shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender's last known address.

(b)(i) When an offender has reached the end of his or her supervision with the department and has completed all the requirements of the sentence except his or her legal financial obligations, the secretary's designee shall provide the county clerk with a notice that the offender has completed all nonfinancial requirements of the sentence.

(ii) When the department has provided the county clerk with notice that an offender has completed all the requirements of the sentence and the offender subsequently satisfies all legal financial obligations under the sentence, the county clerk shall notify the sentencing court, including the notice from the department, which shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender's last known address.

(c) When an offender who is subject to requirements of the sentence in addition to the payment of legal financial obligations either is not subject to supervision by the department or does not complete the requirements while under supervision of the department, it is the offender's responsibility to provide the court with verification of the completion of the sentence conditions other than the payment of legal financial obligations. When the offender satisfies all legal financial obligations under the sentence, the county clerk shall notify the sentencing court that the legal financial obligations have been satisfied. When the court has received both notification from the clerk and adequate verification from the offender that the sentence requirements have been completed, the court shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender's last known address.

(2) The court shall send a copy of every signed certificate of discharge to the auditor for the county in which the court resides and to the department. The department shall create and maintain a data base containing the names of all felons who have been issued certificates of discharge, the date of discharge, and the date of conviction and offense.

(3) An offender who is not convicted of a violent offense or a sex offense and is sentenced to a term involving community supervision may be considered for a discharge of sentence by the sentencing court prior to the completion of

community supervision, provided that the offender has completed at least one-half of the term of community supervision and has met all other sentence requirements.

(4) Except as provided in subsection (5) of this section, the discharge shall have the effect of restoring all civil rights lost by operation of law upon conviction, and the certificate of discharge shall so state. Nothing in this section prohibits the use of an offender's prior record for purposes of determining sentences for later offenses as provided in this chapter. Nothing in this section affects or prevents use of the offender's prior conviction in a later criminal prosecution either as an element of an offense or for impeachment purposes. A certificate of discharge is not based on a finding of rehabilitation.

(5) Unless otherwise ordered by the sentencing court, a certificate of discharge shall not terminate the offender's obligation to comply with an order issued under chapter 10.99 RCW that excludes or prohibits the offender from having contact with a specified person or coming within a set distance of any specified location that was contained in the judgment and sentence. An offender who violates such an order after a certificate of discharge has been issued shall be subject to prosecution according to the chapter under which the order was originally issued.

(6) Upon release from custody, the offender may apply to the department for counseling and help in adjusting to the community. This voluntary help may be provided for up to one year following the release from custody.

Sec. 3. RCW 9.94A.760 and 2003 c 379 s 14 are each amended to read as follows:

(1) Whenever a person is convicted (~~(of a felony)~~) in superior court, the court may order the payment of a legal financial obligation as part of the sentence. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount if the department has active supervision of the offender, otherwise the county clerk shall set the amount. Upon receipt of an offender's monthly payment, restitution shall be paid prior to any payments of other monetary obligations. After restitution is satisfied, the county clerk shall distribute the payment proportionally among all other fines, costs, and assessments imposed, unless otherwise ordered by the court.

(2) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration at a rate of fifty dollars per day of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department.

(3) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department or the county clerk may serve a notice on the offender stating such requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

(4) Independent of the department or the county clerk, the party or entity to whom the legal financial obligation is owed shall have the authority to use any other remedies available to the party or entity to collect the legal financial obligation. These remedies include enforcement in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment. If restitution is ordered pursuant to RCW 9.94A.750(6) or 9.94A.753(6) to a victim of rape of a child or a victim's child born from the rape, the Washington state child support registry shall be identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree that result in the pregnancy of the victim may be enforced for the time periods provided under RCW 9.94A.750(6) and 9.94A.753(6). All other legal financial obligations for an offense committed prior to July 1, 2000, may be enforced at any time during the ten-year period following the offender's release from total confinement or within ten years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ten-year period, the superior court may extend the criminal judgment an additional ten years for payment of legal financial obligations including crime victims' assessments. All other legal financial obligations for an offense committed on or after July 1, 2000, may be enforced at any time the offender remains under the court's jurisdiction. For an offense committed on or after July 1, 2000, the court shall retain jurisdiction over the offender, for purposes of the offender's compliance with payment of the legal financial obligations, until the obligation is completely satisfied, regardless of the statutory maximum for the crime. The department may only supervise the offender's compliance with payment of the legal financial obligations during any period in which the department is authorized to supervise the offender in the community under RCW 9.94A.728, 9.94A.501, or in which the offender is confined in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender's compliance during any such period. The department is not responsible for supervision of the offender during any subsequent period of time the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid legal financial obligations at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to respond truthfully and honestly to all questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring all documents requested by the department.

(6) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

(7)(a) During the period of supervision, the department may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of supervision, the department may require the offender to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the department in order to prepare the collection schedule.

(b) Subsequent to any period of supervision, or if the department is not authorized to supervise the offender in the community, the county clerk may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the county clerk sets the monthly payment amount, or if the department set the monthly payment amount and the department has subsequently turned the collection of the legal financial obligation over to the county clerk, the clerk may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the clerk for the purpose of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the county clerk in order to prepare the collection schedule.

(8) After the judgment and sentence or payment order is entered, the department is authorized, for any period of supervision, to collect the legal financial obligation from the offender. Subsequent to any period of supervision or, if the department is not authorized to supervise the offender in the community, the county clerk is authorized to collect unpaid legal financial obligations from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purpose of disbursements. The department and the county clerks are authorized, but not required, to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

(9) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.7701. Any party obtaining a wage assignment shall notify the county clerk. The county clerks shall notify the department, or the administrative office of the courts, whichever is providing the monthly billing for the offender.

(10) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition or requirement of a sentence and the offender is subject to the penalties for noncompliance as provided in RCW 9.94A.634, 9.94A.737, or 9.94A.740.

(11)(a) Until January 1, 2004, the department shall mail individualized monthly billings to the address known by the department for each offender with an unsatisfied legal financial obligation.

(b) Beginning January 1, 2004, the administrative office of the courts shall mail individualized monthly billings to the address known by the office for each offender with an unsatisfied legal financial obligation.

(c) The billing shall direct payments, other than outstanding cost of supervision assessments under RCW 9.94A.780, parole assessments under RCW 72.04A.120, and cost of probation assessments under RCW 9.95.214, to the county clerk, and cost of supervision, parole, or probation assessments to the department.

(d) The county clerk shall provide the administrative office of the courts with notice of payments by such offenders no less frequently than weekly.

(e) The county clerks, the administrative office of the courts, and the department shall maintain agreements to implement this subsection.

(12) The department shall arrange for the collection of unpaid legal financial obligations during any period of supervision in the community through the county clerk. The department shall either collect unpaid legal financial obligations or arrange for collections through another entity if the clerk does not assume responsibility or is unable to continue to assume responsibility for collection pursuant to subsection (4) of this section. The costs for collection services shall be paid by the offender.

(13) The county clerk may access the records of the employment security department for the purposes of verifying employment or income, seeking any assignment of wages, or performing other duties necessary to the collection of an offender's legal financial obligations.

(14) Nothing in this chapter makes the department, the state, the counties, or any state or county employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations or for the acts of any offender who is no longer, or was not, subject to supervision by the department for a term of community custody, community placement, or community supervision, and who remains under the jurisdiction of the court for payment of legal financial obligations.

Sec. 4. RCW 9.94A.772 and 2003 c 379 s 22 are each amended to read as follows:

Notwithstanding any other provision of state law, monthly payment or starting dates set by the court, the county clerk, or the department before or after October 1, 2003, shall not be construed as a limitation on the due date or amount of legal financial obligations, which may be immediately collected by civil means and shall not be construed as a limitation for purposes of credit reporting. Monthly payments and commencement dates are to be construed to be applicable solely as a limitation upon the deprivation of an offender's liberty for nonpayment.

Sec. 5. RCW 50.13.020 and 1981 c 35 s 2 are each amended to read as follows:

Any information or records concerning an individual or employing unit obtained by the department of employment security pursuant to the administration of this title or other programs for which the department has responsibility shall be private and confidential, except as otherwise provided in this chapter. This chapter does not create a rule of evidence. Information or records may be released by the department of employment security when the release is:

(1) Required by the federal government in connection with, or as a condition of funding for, a program being administered by the department; or

(2) Requested by a county clerk for the purposes of RCW 9.94A.760.

The provisions of RCW 50.13.060 (1) (a), (b) and (c) will not apply to such release."

MESSAGE FROM THE HOUSE

March 4, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5436, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** (1) The legislature finds:

(a) Childhood obesity has reached epidemic levels in Washington and throughout the nation. Nearly one in five Washington adolescents in grades nine through twelve were recently found to be either overweight or at risk of being overweight;

(b) Overweight and obese children are at higher risk for developing severe long-term health problems, including but not limited to Type 2 diabetes, cardiovascular disease, high blood pressure, and certain cancers;

(c) Overweight youth also are often affected by discrimination, psychological stress, and low self-esteem;

(d) Obesity and subsequent diseases are largely preventable through diet and regular physical activity;

(e) A child who has eaten a well-balanced meal and is healthy is more likely to be prepared to learn in the classroom;

(f) Encouraging adolescents to adopt healthy lifelong eating habits can increase their productivity and reduce their risk of dying prematurely;

(g) Frequent eating of carbohydrate-rich foods or drinking sweet liquids throughout the day increases a child's risk for dental decay, the most common chronic childhood disease;

(h) Schools are a logical place to address the issue of obesity in children and adolescents; and

(i) Increased emphasis on physical activity at all grade levels is essential to enhancing the well-being of Washington's youth.

(2) While the United States department of agriculture regulates the nutritional content of meals sold in schools under its school breakfast and lunch program, limited standards are in place to regulate "competitive foods," which may be high in added sugars, sodium, and saturated fat content. However, the United States department of agriculture does call for states and local entities to add restrictions on competitive foods, as necessary.

NEW SECTION. Sec. 2. (1) Consistent with the essential academic learning requirements for health and fitness, including nutrition, the Washington state school directors association, with the assistance of the office of the superintendent of public instruction, the department of health, and the Washington alliance for health, physical education, recreation and dance, shall convene an advisory committee to develop a model policy regarding access to nutritious foods, opportunities for developmentally appropriate exercise, and accurate information related to these topics. The policy shall address the nutritional content of foods and beverages, including fluoridated bottled water, sold or provided throughout the school day or sold in competition with the federal school breakfast and lunch program and the availability and quality of health, nutrition, and physical education and fitness curriculum. The model policy should include the development of a physical education and fitness curriculum for students. For middle school students, physical education and fitness curriculum means a daily period of physical activity, a minimum of twenty minutes of which is aerobic activity in the student's target heart rate zone, which includes instruction and practice in basic movement and fine motor skills, progressive physical fitness, athletic conditioning, and nutrition and wellness instruction through age-appropriate activities.

(2) The school directors association shall submit the model policy and recommendations on the related issues, along with a recommendation for local adoption, to the governor and the legislature and shall post the model policy on its web site by January 1, 2005.

(3) Each district's board of directors shall establish its own policy by August 1, 2005."

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 18.16.060 and 2002 c 111 s 5 and 2002 c 86 s 214 are each reenacted and amended to read as follows:

(1) It is unlawful for any person to engage in a practice listed in subsection (2) of this section unless the person has a license in good standing as required by this chapter. A license issued under this chapter shall be considered to be "in good standing" except when: (a) The license has expired or has been canceled and has not been renewed in accordance with RCW 18.16.110; (b) the license has been denied, revoked, or suspended under RCW 18.16.210, 18.16.230, or 18.16.240, and has not been reinstated; (c) the license is held by a person who has not fully complied with an order of the director issued under RCW 18.16.210 requiring the licensee to pay restitution or a fine, or to acquire additional training; or (d) the license has been placed on inactive status at the request of the licensee, and has not been reinstated in accordance with RCW 18.16.110(3).

(2) The director may take action under RCW 18.235.150 and 18.235.160 against any person who does any of the following without first obtaining, and maintaining in good standing, the license required by this chapter:

(d) Operates a salon/shop, personal services, or mobile unit.

~~((2))~~ (3) A person who receives a license as an instructor may engage in the commercial practice for which he or she held a license when applying for the instructor license without also renewing the previously held license. NEW SECTION. Sec. 2. A new section is added to chapter 18.16 RCW to read as follows:

(1) If the holder of an individual license in good standing submits a written and notarized request that the licensee's cosmetology, barber, manicurist, esthetician, or instructor license be placed on inactive status, together with a fee equivalent to that established by rule for a duplicate license, the department shall place the license on inactive status until the expiration date of the license. If the date of the request is no more than six months before the expiration date of the license, a request for a two-year extension of the inactive status, as provided under subsection (2) of this section, may be submitted at the same time as the request under this subsection.

(2) If the holder of a license placed on inactive status under this section submits, by the expiration date of the license, a written and notarized request to extend that status for an additional two years, the department shall, without additional fee, extend the expiration date of: (a) The licensee's individual license; and (b) the inactive status for two years from the expiration date of the license.

(b) A person whose license has not been renewed within one year after its expiration date shall have the license canceled and shall be required to submit an application, pay the license fee, meet current licensing requirements, and pass any applicable examination or examinations, in addition to the other requirements of this chapter, before the license may be reinstated.

(4) Nothing in this section authorizes a person whose license has expired or is on inactive status to engage in a practice prohibited under RCW 18.16.060 until the license is renewed or reinstated.

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6676, with the following amendments{s}.
Strike everything after the enacting clause and insert the following:

"Sec.

1. RCW 46.12.101 and 2003 c 264 s 7 are each amended to read as follows:

A transfer of ownership in a motor vehicle is perfected by compliance with the requirements of this section.

(1) If an owner transfers his or her interest in a vehicle, other than by the creation, deletion, or change of a security interest, the owner shall, at the time of the delivery of the vehicle, execute an assignment to the transferee and provide an odometer disclosure statement under RCW 46.12.124 on the certificate of ownership or as the department otherwise prescribes, and cause the certificate and assignment to be transmitted to the transferee. The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee's driver's license number if available, and such description of the vehicle, including the vehicle identification number, ~~((the license plate number, or both,))~~ as may be required in the appropriate form provided or approved for that purpose by the department. The report of sale will be deemed properly filed if all information required in this section is provided on the form and includes a department-authorized notation that the document was received by the department, its agents, or subagents on or before the fifth day after the sale of the vehicle, excluding Saturdays, Sundays, and state and federal holidays. Agents and subagents shall immediately electronically transmit the seller's report of sale to the department. Reports of sale processed and recorded by the department's agents or subagents may be subject to fees as specified in RCW 46.01.140 (4)(a) or (5)(b). By January 1, 2003, the department shall create a system enabling the seller of a vehicle to transmit the report of sale electronically. The system created by the department must immediately indicate on the department's vehicle record that a seller's report of sale has been filed.

(2) The requirements of subsection (1) of this section to provide an odometer disclosure statement apply to the transfer of vehicles held for lease when transferred to a lessee and then to the lessor at the end of the leasehold and to vehicles held in a fleet when transferred to a purchaser.

(3) Except as provided in RCW 46.70.122 the transferee shall within fifteen days after delivery to the transferee of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department.

(4) Upon request of the owner or transferee, a secured party in possession of the certificate of ownership shall, unless the transfer was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the secured party receives the owner's assignment from the transferee, it shall transmit the transferee's application for a new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party.

(5) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

(6) If the purchaser or transferee fails or neglects to make application to transfer the certificate of ownership and license registration within fifteen days after the date of delivery of the vehicle, he or she shall on making application for transfer be assessed a twenty-five dollar penalty on the sixteenth day and two dollars additional for each day thereafter, but not to exceed one hundred dollars. The director may by rule establish conditions under which the penalty will not be assessed when an application for transfer is delayed for reasons beyond the control of the purchaser. Conditions for not assessing the penalty may be established for but not limited to delays caused by:

- (a) The department requesting additional supporting documents;
- (b) Extended hospitalization or illness of the purchaser;
- (c) Failure of a legal owner to release his or her interest;
- (d) Failure, negligence, or nonperformance of the department, auditor, or subagent.

Failure or neglect to make application to transfer the certificate of ownership and license registration within forty-five days after the date of delivery of the vehicle is a misdemeanor.

(7) Upon receipt of an application for reissue or replacement of a certificate of ownership and transfer of license registration, accompanied by the endorsed certificate of ownership or other documentary evidence as is deemed necessary, the department shall, if the application is in order and if all provisions relating to the certificate of ownership and license registration have been complied with, issue new certificates of title and license registration as in the case of an original issue and shall transmit the fees together with an itemized detailed report to the state treasurer.

(8) Once each quarter the department shall report to the department of revenue a list of those vehicles for which a seller's report has been received but no transfer of title has taken place.

Sec.

2. RCW 46.16.023 and 1993 c 488 s 5 are each amended to read as follows:

(1) Every owner or lessee of a vehicle seeking to apply for an excise tax exemption under RCW 82.08.0287, 82.12.0282, or 82.44.015 shall apply to the director for, and upon satisfactory showing of eligibility, receive in lieu of the regular motor vehicle license plates for that vehicle, special plates of a distinguishing separate numerical series or design, as the director shall prescribe. In addition to paying all other initial fees required by law, each applicant for the special license plates shall pay an additional license fee of twenty-five dollars upon the issuance of such plates. The special fee shall be deposited in the motor vehicle fund. Application for renewal of the license plates shall be as prescribed for the renewal of other vehicle licenses. No renewal is required for vehicles exempted under RCW 46.16.020.

(2) Whenever the ownership of a vehicle receiving special plates under subsection (1) of this section is transferred or assigned, the plates shall be removed from the motor vehicle, and if another vehicle qualifying for special plates is acquired, the plates shall be transferred to that vehicle for a fee of ~~((five))~~ ten dollars, and the director shall be immediately notified of the transfer of the plates. Otherwise the removed plates shall be immediately forwarded to the director to be canceled. Whenever the owner or lessee of a vehicle receiving special plates under subsection (1) of this section is for any reason

relieved of the tax-exempt status, the special plates shall immediately be forwarded to the director along with an application for replacement plates and the required fee. Upon receipt the director shall issue the license plates that are otherwise provided by law.

(3) Any person who knowingly makes any false statement of a material fact in the application for a special plate under subsection (1) of this section is guilty of a gross misdemeanor.

Sec.

3. RCW 46.16.290 and 1997 c 291 s 4 are each amended to read as follows:

(1) In any case of a valid sale or transfer of the ownership of any vehicle, the right to the certificates properly transferable therewith, except as provided in RCW 46.16.280, and to the vehicle license plates passes to the purchaser or transferee. It is unlawful for the holder of such certificates, except as provided in RCW 46.16.280, or vehicle license plates to fail, neglect, or refuse to endorse the certificates and deliver the vehicle license plates to the purchaser or transferee.

(2)(a) If the sale or transfer is of a vehicle licensed with current standard issue license plates, the vehicle license plates may be retained and displayed upon a vehicle obtained in replacement of the vehicle so sold or transferred. If a person applies for a transfer of the plate or plates to another eligible vehicle, the plates must be transferred to a vehicle requiring the same type of plate. A transfer fee of ten dollars must be charged in addition to all other applicable fees. The transfer fees must be deposited in the motor vehicle fund.

(b) If the sale or transfer is of a vehicle licensed by the state or any county, city, town, school district, or other political subdivision entitled to exemption as provided by law, or, if the vehicle is licensed with personalized plates, amateur radio operator plates, medal of honor plates, disabled person plates, disabled veteran plates, prisoner of war plates, or other special license plates issued under RCW 46.16.301 as it existed before amendment by section 5, chapter 291, Laws of 1997, the vehicle license plates therefor shall be retained and may be displayed upon a vehicle obtained in replacement of the vehicle so sold or transferred.

If a person applies for a transfer of the plate or plates to another eligible vehicle, a transfer fee of ~~((five))~~ ten dollars shall be charged in addition to all other applicable fees. Such transfer fees shall be deposited in the motor vehicle fund. Failure to surrender the plates when required is a traffic infraction.

(2) If the special license plate or plates issued by the department become lost, defaced, damaged, or destroyed, application for a replacement special license plate or plates shall be made and fees paid as provided by law for the replacement of regular license plates.

No foreign corporation authorized to transact business in this state may be permitted to maintain any action in any court in this state until the corporation complies with the requirements of this section.

MESSAGE FROM THE HOUSE

March 5, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6302, with the following amendment{s}.
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec.

1. A new section is added to chapter 28B.10 RCW to read as follows:

(1) A member of the Washington national guard or any other military reserve component who is a student at an institution of higher education and who is ordered for a period exceeding thirty days to either active state service, as defined in RCW 38.04.010, or to federal active military service has the following rights:

(a) With regard to courses in which the person is enrolled, the person may:

(i) Withdraw from one or more courses for which tuition and fees have been paid that are attributable to the courses. The tuition and fees must be credited to the person's account at the institution. Any refunds are subject to the requirements of the state or federal financial aid programs of origination. In such a case, the student shall not receive credit for the courses and shall not receive a failing grade, an incomplete, or other negative annotation on the student's record, and the student's grade point average shall not be altered or affected in any manner because of action under this item;

(ii) Be given a grade of incomplete and be allowed to complete the course upon release from active duty under the institution's standard practice for completion of incompletes; or

(iii) Continue and complete the course for full credit. Class sessions the student misses due to performance of state or federal active military service must be counted as excused absences and must not be used in any way to adversely impact the student's grade or standing in the class. Any student who selects this option is not, however, automatically excused from completing assignments due during the period the student is performing state or federal active military service. A letter grade or a grade of pass must only be awarded if, in the opinion of the faculty member teaching the course, the student has completed sufficient work and has demonstrated sufficient progress toward meeting course requirements to justify the grade;

(b) To receive a refund of amounts paid for room, board, and fees attributable to the time period during which the student was serving in state or federal active military service and did not use the facilities or services for which the amounts were paid. Any refund of room, board, and fees is subject to the requirements of the state or federal financial aid programs of origination; and

(c) If the student chooses to withdraw, the student has the right to be readmitted and enrolled as a student at the institution, without penalty or redetermination of admission eligibility, within one year following release from the state or federal active military service.

(2) The protections in this section may be invoked as follows:

(a) The person, or an appropriate officer from the military organization in which the person will be serving, must give written notice that the person is being, or has been, ordered to qualifying service; and

(b) Upon written request from the institution, the person shall provide written verification of service.

(3) This section provides minimum protections for students. Nothing in this section prevents institutions of higher education from providing additional options or protections to students who are ordered to state or federal active military service.

Sec.

2. RCW 28B.15.600 and 2003 c 319 s 1 are each amended to read as follows:

(1) The governing boards of the state universities, the regional universities, and The Evergreen State College may refund or cancel in full the tuition and services and activities fees if the student withdraws from a university or college course or program prior to the sixth day of instruction of the quarter or semester for which the fees have been paid or are due. If the student withdraws on or after the sixth day of instruction, the governing boards may refund or cancel up to one-half of the fees, provided such withdrawal occurs within the first thirty calendar days following the beginning of instruction. However, if a different policy is required by federal law in order for the institution of higher education to maintain eligibility for federal funding of programs, the governing board may adopt a refund policy that meets the minimum requirements of the federal law, and the policy may treat all students attending the institution in the same manner. Additionally, if federal law provides that students who receive federal financial aid must return a larger amount to the federal government than that refunded by the institution, the governing board may adopt a refund policy that uses the formula used to calculate the amount returned to the federal government, and the policy may treat all students attending the institution in the same manner.

(2) The governing boards of the respective universities and college may adopt rules for the refund of tuition and fees for courses or programs that begin after the start of the regular quarter or semester.

(3) The governing boards may extend the refund or cancellation period for students who withdraw for medical reasons ~~((or))~~, shall adopt policies that comply with section 1 of this act for students who are called into the military service of the United States, and may refund other fees pursuant to such rules as they may prescribe.

Sec.

3. RCW 28B.15.605 and 1995 c 36 s 2 are each amended to read as follows:

(1) The governing boards of the community colleges and technical colleges shall refund or cancel up to one hundred percent but no less than eighty percent of the tuition and services and activities fees if the student withdraws from a college course or program before the sixth day of instruction of the regular quarter for which the fees have been paid or are due. If the student withdraws on or after the sixth day of instruction, the governing boards shall refund or cancel up to fifty percent but no less than forty percent of the fees provided such withdrawal occurs within the first twenty calendar days following the beginning of instruction. However, if a different policy is required by federal law in order for the college to maintain eligibility for federal funding of programs, the governing board may adopt a refund policy that meets the minimum requirements of the federal law and the policy may treat all students attending the institution in the same manner.

(2) The governing boards of the respective community college or technical college shall adopt rules consistent with subsection (1) of this section for the refund of tuition and fees for the summer quarter and for courses or programs that begin after the start of the regular quarter.

(3) The governing boards of community colleges and technical colleges ~~((may adopt rules to comply with RCW 28B.15.623 and))~~ may extend the refund or cancellation period for students who withdraw for medical reasons ~~((or))~~ and shall adopt policies that comply with section 1 of this act for students who are called into the military service of the United States.

Sec.

4. RCW 28B.15.625 and 1991 c 164 s 10 are each amended to read as follows:

Private vocational schools and private higher education institutions are encouraged to provide students ~~((deployed either to the Persian Gulf combat zone, as designated by the president of the United States through executive order, or in another location in support of the Persian Gulf combat zone, with the choice of tuition refunds or one free term, as provided under RCW 28B.10.017 and 28B.15.623 for))~~ who are members of the Washington national guard or any other military reserve component and who are ordered for a period exceeding thirty days into active state service or federal active military service the same rights and opportunities provided under section 1 of this act by public higher education institutions.

NEW SECTION. Sec.

5. A new section is added to chapter 61.24 RCW to read as follows:

All of the rights, duties, and privileges conveyed under the federal servicemembers civil relief act, P.L. 108-189, are applicable to deeds of trust under Washington law.

Sec.

6. RCW 84.56.020 and 1996 c 153 s 1 are each amended to read as follows:

(1) The county treasurer shall be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his or her county. All taxes upon real and personal property made payable by the provisions of this title shall be due and payable to the treasurer on or before the thirtieth day of April and, except as provided in this section, shall be delinquent after that date.

(2) Each tax statement shall include a notice that checks for payment of taxes may be made payable to "Treasurer of County" or other appropriate office, but tax statements shall not include any suggestion that checks may be made payable to the name of the individual holding the office of treasurer nor any other individual.

(5) Delinquent taxes under this section are subject to interest at the rate of twelve percent per annum computed on a monthly basis on the full year amount of tax unpaid from the date of delinquency until paid. Interest shall be calculated at the rate in effect at the time of payment of the tax, regardless of when the taxes were first delinquent. In addition, delinquent taxes under this section are subject to penalties as follows:

(a) A penalty of three percent of the full year amount of tax unpaid shall be assessed on the tax delinquent on June 1st of the year in which the tax is due.

(b) An additional penalty of eight percent shall be assessed on the amount of tax delinquent on December 1st of the year in which the tax is due.

(6) Subsection (5) of this section notwithstanding, no interest or penalties may be assessed for the period April 30, ~~((1996))~~ 2003, through ~~((December 31, 1996))~~ April 30, 2005, on delinquent taxes imposed ~~((in 1995))~~ for collection in ~~((1996))~~ 2003 or 2004 which are imposed on the personal residences owned by military personnel who participated in the situation known as "~~((Joint Endeavor))~~ Operation Enduring Freedom."

 - (c) Developing and implementing water quality protection measures based on credible water quality data ensures that the financial resources of state and local governments and regulated entities are prioritized to address our state's most important water quality issues.
- (2) The legislature intends to ensure that credible water quality data is used as the basis for the assessment of the status of a water body relative to the surface water quality standards.

MESSAGE FROM THE HOUSE

March 4, 2004

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6489, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 72.09.070 and 1994 sp.s. c 7 s 535 are each amended to read as follows:

(1) There is created a correctional industries board of directors which shall have the composition provided in RCW 72.09.080.

(2) Consistent with general department of corrections policies and procedures pertaining to the general administration of correctional facilities, the board shall establish and implement policy for correctional industries programs designed to:

(a) Offer inmates meaningful employment, work experience, and training in vocations that are specifically designed to reduce recidivism and thereby enhance public safety by providing opportunities for legitimate means of livelihood upon their release from custody;

(b) Provide industries which will reduce the tax burden of corrections and save taxpayers money through production of goods and services for sale and use;

(c) Operate correctional work programs in an effective and efficient manner which are as similar as possible to those provided by the private sector;

(d) Encourage the development of and provide for selection of, contracting for, and supervision of work programs with participating private enterprise firms;

(e) Develop and ~~((design))~~ select correctional industries work programs that do not unfairly compete with Washington businesses;

(f) Invest available funds in correctional industries enterprises and meaningful work programs that minimize the impact on in-state jobs and businesses.

(3) The board of directors shall at least annually review the work performance of the director of correctional industries division with the secretary.

(4) The director of correctional industries division shall review and evaluate the productivity, funding, and appropriateness of all correctional work programs and report on their effectiveness to the board and to the secretary.

(5) The board of directors shall have the authority to identify and establish trade advisory or apprenticeship committees to advise them on correctional industries work programs. The secretary shall appoint the members of the committees.

Where a labor management trade advisory and apprenticeship committee has already been established by the department pursuant to RCW 72.62.050 the existing committee shall also advise the board of directors.

(6) The board shall develop a strategic yearly marketing plan that shall be consistent with and work towards achieving the goals established in the six-year phased expansion of class I and class II correctional industries established in RCW 72.09.111. This marketing plan shall be presented to the appropriate committees of the legislature by January 17 of each calendar year until the goals set forth in RCW 72.09.111 are achieved.

Sec. 2. RCW 72.09.100 and 2002 c 175 s 49 are each amended to read as follows:

It is the intent of the legislature to vest in the department the power to provide for a comprehensive inmate work program and to remove statutory and other restrictions which have limited work programs in the past. It is also the intent of the legislature to ensure that the correctional industries board of directors, in developing and selecting correctional industries work programs, does not encourage the development of, or provide for selection of or contracting for, or the significant expansion of, any new or existing class I correctional industries work programs that unfairly compete with Washington businesses. The legislature intends that the requirements relating to fair competition in the correctional industries work programs be liberally construed by the correctional industries board of directors to protect Washington businesses from unfair competition.

For purposes of establishing such a comprehensive program, the legislature recommends that the department consider adopting any or all, or any variation of, the following classes of work programs:

(1) CLASS I: FREE VENTURE INDUSTRIES.

(a) The employer model industries in this class shall be operated and managed in total or in part by any profit or nonprofit organization pursuant to an agreement between the organization and the department. The organization shall produce goods or services for sale to both the public and private sector.

(b) The customer model industries in this class shall be operated and managed by the department to provide Washington state manufacturers or businesses with products or services currently produced or provided by out-of-state or foreign suppliers.

(c) The correctional industries board of directors shall review these proposed industries, including any potential new class I industries work program or the significant expansion of an existing class I industries work program, before the department contracts to provide such products or services. The review shall include ~~((an))~~ the analysis ~~((of the potential impact of the proposed products and services on the Washington state business community and labor market))~~ required under section 4 of this act to determine if the proposed correctional industries work program will compete with any Washington business. An agreement for a new class I correctional industries work program, or an agreement for a significant expansion of an existing class I correctional industries work program, that unfairly competes with any Washington business is prohibited.

(d) The department of corrections shall supply appropriate security and custody services without charge to the participating firms.

(e) Inmates who work in free venture industries shall do so at their own choice. They shall be paid a wage comparable to the wage paid for work of a similar nature in the locality in which the industry is located, as determined by the director of correctional industries. If the director cannot reasonably determine the comparable wage, then the pay shall not be less than the federal minimum wage.

(f) An inmate who is employed in the class I program of correctional industries shall not be eligible for unemployment compensation benefits pursuant to any of the provisions of Title 50 RCW until released on parole or discharged.

(2) CLASS II: TAX REDUCTION INDUSTRIES.

(a) Industries in this class shall be state-owned and operated enterprises designed to reduce the costs for goods and services for tax-supported agencies and for nonprofit organizations.

(b) The industries selected for development within this class shall, as much as possible, match the available pool of inmate work skills and aptitudes with the work opportunities in the free community. The industries shall be closely patterned

after private sector industries but with the objective of reducing public support costs rather than making a profit. The products and services of this industry, including purchased products and services necessary for a complete product line, may be sold to public agencies, to nonprofit organizations, and to private contractors when the goods purchased will be ultimately used by a public agency or a nonprofit organization. Clothing manufactured by an industry in this class may be donated to nonprofit organizations that provide clothing free of charge to low-income persons.

(c)(i) Class II correctional industries products and services shall be reviewed by the correctional industries board of directors before offering such products and services for sale to private contractors.

(ii) The board of directors shall conduct a yearly marketing review of the products and services offered under this subsection. Such review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community. To avoid waste or spoilage and consequent loss to the state((-)) when there is no public sector market for such goods, byproducts and surpluses of timber, agricultural, and animal husbandry enterprises may be sold to private persons, at private sale. Surplus byproducts and surpluses of timber, agricultural and animal husbandry enterprises that cannot be sold to public agencies or to private persons may be donated to nonprofit organizations. All sales of surplus products shall be carried out in accordance with rules prescribed by the secretary.

(d) Security and custody services shall be provided without charge by the department of corrections.

(e) Inmates working in this class of industries shall do so at their own choice and shall be paid for their work on a gratuity scale which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located and which is approved by the director of correctional industries.

(f) Subject to approval of the correctional industries board, provisions of RCW 41.06.380 prohibiting contracting out work performed by classified employees shall not apply to contracts with Washington state businesses entered into by the department of corrections through class II industries.

(3) CLASS III: INSTITUTIONAL SUPPORT INDUSTRIES.

(a) Industries in this class shall be operated by the department of corrections. They shall be designed and managed to accomplish the following objectives:

((a)) (i) Whenever possible, to provide basic work training and experience so that the inmate will be able to qualify for better work both within correctional industries and the free community. It is not intended that an inmate's work within this class of industries should be his or her final and total work experience as an inmate.

((b)) (ii) Whenever possible, to provide forty hours of work or work training per week.

((c)) (iii) Whenever possible, to offset tax and other public support costs.

(b) Class III correctional industries shall be reviewed by the correctional industries board of directors to set policy for work crews. The department shall present to the board of directors quarterly detail statements showing where work crews worked, what correctional industry class, and the hours worked. The board of directors may review any class III program at its discretion.

(c) Supervising, management, and custody staff shall be employees of the department.

(d) All able and eligible inmates who are assigned work and who are not working in other classes of industries shall work in this class.

(e) Except for inmates who work in work training programs, inmates in this class shall be paid for their work in accordance with an inmate gratuity scale. The scale shall be adopted by the secretary of corrections.

(4) CLASS IV: COMMUNITY WORK INDUSTRIES.

(a) Industries in this class shall be operated by the department of corrections. They shall be designed and managed to provide services in the inmate's resident community at a reduced cost. The services shall be provided to public agencies, to persons who are poor or infirm, or to nonprofit organizations.

(b) Class IV correctional industries shall be reviewed by the correctional industries board of directors to set policy for work crews. The department shall present to the board of directors quarterly detail statements showing where work crews worked, what correctional industry class, and the hours worked. The board of directors may review any class IV program at its discretion. Class IV correctional industries operated in work camps established pursuant to RCW 72.64.050 are exempt from the requirements of this subsection (4)(b).

(c) Inmates in this program shall reside in facilities owned by, contracted for, or licensed by the department of corrections. A unit of local government shall provide work supervision services without charge to the state and shall pay the inmate's wage.

(d) The department of corrections shall reimburse participating units of local government for liability and workers compensation insurance costs.

(e) Inmates who work in this class of industries shall do so at their own choice and shall receive a gratuity which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located.

(5) CLASS V: COMMUNITY RESTITUTION PROGRAMS.

(a) Programs in this class shall be subject to supervision by the department of corrections. The purpose of this class of industries is to enable an inmate, placed on community supervision, to work off all or part of a community restitution order as ordered by the sentencing court.

(b) Employment shall be in a community restitution program operated by the state, local units of government, or a nonprofit agency.

(c) To the extent that funds are specifically made available for such purposes, the department of corrections shall reimburse nonprofit agencies for workers compensation insurance costs.

Sec. 3. RCW 72.09.100 and 2002 c 354 s 238 and 2002 c 175 s 49 are each reenacted and amended to read as follows:

It is the intent of the legislature to vest in the department the power to provide for a comprehensive inmate work program and to remove statutory and other restrictions which have limited work programs in the past. NEW SECTION. Sec. 4. A new section is added to chapter 72.09 RCW to read as follows:

(1) The department must prepare a threshold analysis for any proposed new class I correctional industries work program or the significant expansion of an existing class I correctional industries work program before the department enters into an agreement to provide such products or services. The analysis must state whether the proposed new or expanded program will impact any Washington business and must be based on information sufficient to evaluate the impact on Washington business.

(2) If the threshold analysis determines that a proposed new or expanded class I correctional industries work program will impact a Washington business, the department must complete a business impact analysis before the department enters into an agreement to provide such products or services. The business impact analysis must include:

(a) A detailed statement identifying the scope and types of impacts caused by the proposed new or expanded correctional industries work program on Washington businesses; and

(b) A detailed statement of the business costs of the proposed correctional industries work program compared to the business costs of the Washington businesses that may be impacted by the proposed class I correctional industries work program. Business costs of the proposed correctional industries work program include rent, water, sewer, electricity, disposal, labor costs, and any other quantifiable expense unique to operating in a prison. Business costs of the impacted Washington business include rent, water, sewer, electricity, disposal, property taxes, and labor costs including employee taxes, unemployment insurance, and workers' compensation.

(3) The completed threshold analysis and any completed business impact analysis with all supporting documents must be shared in a meaningful and timely manner with local chambers of commerce, trade or business associations, local and state labor union organizations, and government entities before a finding required under subsection (4) of this section is made on the proposed new or expanded class I correctional industries work program.

(4) If a business impact analysis is completed, the department must conduct a public hearing to take public testimony on the business impact analysis. The department must, at a minimum, establish a publicly accessible web site containing information reasonably calculated to provide notice to each Washington business assigned the same three-digit standard industrial classification code, or the corresponding North American industry classification system code, as the organization seeking the class I correctional industries work program agreement of the date, time, and place of the hearing. Notice of the hearing shall be posted at least thirty days prior to the hearing.

(5) Following the public hearing, the department shall adopt a finding that the proposed new or expanded class I correctional industries work program: (a) Will not compete with any Washington business; (b) will not compete unfairly with any Washington business; or (c) will compete unfairly with any Washington business and is therefore prohibited under this act.

Sec. 5. RCW 72.09.460 and 1998 c 244 s 10 are each amended to read as follows:

(1) The legislature intends that all inmates be required to participate in department-approved education programs, work programs, or both, unless exempted under subsection (4) of this section. Eligible inmates who refuse to participate in available education or work programs available at no charge to the inmates shall lose privileges according to the system established under RCW 72.09.130. Eligible inmates who are required to contribute financially to an education or work program and refuse to contribute shall be placed in another work program. Refusal to contribute shall not result in a loss of privileges. The legislature recognizes more inmates may agree to participate in education and work programs than are available. The department must make every effort to achieve maximum public benefit by placing inmates in available and appropriate education and work programs.

(2) The department shall provide access to a program of education to all offenders who are under the age of eighteen and who have not met high school graduation or general equivalency diploma requirements in accordance with chapter 28A.193 RCW. The program of education established by the department and education provider under RCW 28A.193.020 for offenders under the age of eighteen must provide each offender a choice of curriculum that will assist the inmate in achieving a high school diploma or general equivalency diploma. The program of education may include but not be limited to basic education, prevocational training, work ethic skills, conflict resolution counseling, substance abuse intervention, and anger management counseling. The curriculum may balance these and other rehabilitation, work, and training components.

(3) The department shall, to the extent possible and considering all available funds, prioritize its resources to meet the following goals for inmates in the order listed:

(a) Achievement of basic academic skills through obtaining a high school diploma or its equivalent and achievement of vocational skills necessary for purposes of work programs and for an inmate to qualify for work upon release;

(b) Additional work and education programs based on assessments and placements under subsection (5) of this section; and

(c) Other work and education programs as appropriate.

(4) The department shall establish, by rule, objective medical standards to determine when an inmate is physically or mentally unable to participate in available education or work programs. When the department determines an inmate is permanently unable to participate in any available education or work program due to a medical condition, the inmate is exempt from the requirement under subsection (1) of this section. When the department determines an inmate is temporarily unable to participate in an education or work program due to a medical condition, the inmate is exempt from the requirement of subsection (1) of this section for the period of time he or she is temporarily disabled. The department shall periodically review the medical condition of all temporarily disabled inmates to ensure the earliest possible entry or reentry by inmates into available programming.

(5) The department shall establish, by rule, standards for participation in department-approved education and work programs. The standards shall address the following areas:

(a) Assessment. The department shall assess all inmates for their basic academic skill levels using a professionally accepted method of scoring reading, math, and language skills as grade level equivalents. The department shall determine an inmate's education history, work history, and vocational or work skills. The initial assessment shall be conducted, whenever possible, within the first thirty days of an inmate's entry into the correctional system, except that initial assessments are not required for inmates who are sentenced to life without the possibility of release, assigned to an intensive management unit within the first thirty days after entry into the correctional system, are returning to the correctional system within one year of a prior release, or whose physical or mental condition renders them unable to complete the assessment process. The department shall track and record changes in the basic academic skill levels of all inmates reflected in any testing or assessment performed as part of their education programming;

(b) Placement. The department shall follow the policies set forth in subsection (1) of this section in establishing criteria for placing inmates in education and work programs. The department shall, to the extent possible, place all inmates whose composite grade level score for basic academic skills is below the eighth grade level in a combined education and work program. The placement criteria shall include at least the following factors:

(i) An inmate's release date and custody level(~~(, except)~~). An inmate shall not be precluded from participating in an education or work program solely on the basis of his or her release date, except that inmates with a release date of more than one hundred twenty months in the future shall not comprise more than ten percent of inmates participating in a new class I correctional industry not in existence on the effective date of this section;

(ii) An inmate's education history and basic academic skills;

(iii) An inmate's work history and vocational or work skills;

(iv) An inmate's economic circumstances, including but not limited to an inmate's family support obligations; and

(v) Where applicable, an inmate's prior performance in department-approved education or work programs;

(c) Performance and goals. The department shall establish, and periodically review, inmate behavior standards and program goals for all education and work programs. Inmates shall be notified of applicable behavior standards and program goals prior to placement in an education or work program and shall be removed from the education or work program if they consistently fail to meet the standards or goals;

(d) Financial responsibility. (i) The department shall establish a formula by which inmates, based on their ability to pay, shall pay all or a portion of the costs or tuition of certain programs. Inmates shall, based on the formula, pay a portion of the costs or tuition of participation in:

(A) Second and subsequent vocational programs associated with an inmate's work programs; and

(B) An associate of arts or baccalaureate degree program when placement in a degree program is the result of a placement made under this subsection;

(ii) Inmates shall pay all costs and tuition for participation in:

(A) Any postsecondary academic degree program which is entered independently of a placement decision made under this subsection; and

(B) Second and subsequent vocational programs not associated with an inmate's work program.

Enrollment in any program specified in (d)(ii) of this subsection shall only be allowed by correspondence or if there is an opening in an education or work program at the institution where an inmate is incarcerated and no other inmate who is placed in a program under this subsection will be displaced; and

(e) Notwithstanding any other provision in this section, an inmate sentenced to life without the possibility of release:

(i) Shall not be required to participate in education programming; and

(ii) May receive not more than one postsecondary academic degree in a program offered by the department or its contracted providers.

If an inmate sentenced to life without the possibility of release requires prevocational or vocational training for a work program, he or she may participate in the training subject to this section.

(6) The department shall coordinate education and work programs among its institutions, to the greatest extent possible, to facilitate continuity of programming among inmates transferred between institutions. Before transferring an inmate enrolled in a program, the department shall consider the effect the transfer will have on the inmate's ability to continue or complete a program. This subsection shall not be used to delay or prohibit a transfer necessary for legitimate safety or security concerns.

(7) Before construction of a new correctional institution or expansion of an existing correctional institution, the department shall adopt a plan demonstrating how cable, closed-circuit, and satellite television will be used for education and training purposes in the institution. The plan shall specify how the use of television in the education and training programs

will improve inmates' preparedness for available work programs and job opportunities for which inmates may qualify upon release.

(8) The department shall adopt a plan to reduce the per-pupil cost of instruction by, among other methods, increasing the use of volunteer instructors and implementing technological efficiencies. The plan shall be adopted by December 1996 and shall be transmitted to the legislature upon adoption. The department shall, in adoption of the plan, consider distance learning, satellite instruction, video tape usage, computer-aided instruction, and flexible scheduling of offender instruction.

(9) Following completion of the review required by section 27(3), chapter 19, Laws of 1995 1st sp. sess. the department shall take all necessary steps to assure the vocation and education programs are relevant to work programs and skills necessary to enhance the employability of inmates upon release.

MESSAGE FROM THE HOUSE

March 4, 2004

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6358, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature makes the following findings:

- (1) In some cases, there is confusion over whether the cause of a person's mental disorder can make that person ineligible for involuntary treatment;
- (2) Some offenders under supervision in the community are concurrently subject to court-ordered mental health or chemical dependency treatment;
- (3) Some offenders under supervision in the community are subject to department of corrections-ordered mental health or substance abuse treatment;
- (4) The department of corrections frequently does not know that an offender is subject to court-ordered treatment;
- (5) Treatment providers frequently do not know that a client is subject to department of corrections supervision;
- (6) There is confusion about the extent to which information about an offender subject to both treatment orders and supervision by the department of corrections may be shared;
- (7) When information is not shared, the lack of information creates gaps in enforcement both of the court order and the offender's conditions of supervision; and
- (8) When there are gaps in enforcement, there is an increased risk to public safety.

Consequently, the legislature intends to clarify the standards for commitment and improve the coordination between the department of corrections and mental health and chemical dependency treatment providers to enhance public safety by improving compliance with treatment and supervision orders and by providing both treatment providers and the department of corrections with more current, complete information about the offender's status.

Sec. 2. RCW 71.05.040 and 1997 c 112 s 4 are each amended to read as follows:

Persons who are developmentally disabled, impaired by chronic alcoholism or drug abuse, or suffering from dementia shall not be detained for evaluation and treatment or judicially committed solely by reason of that condition unless such condition causes a person to be gravely disabled or as a result of a mental disorder such condition exists that constitutes a likelihood of serious harm: Provided however, That persons who are developmentally disabled, impaired by chronic alcoholism or drug abuse, or suffering from dementia and who otherwise meet the criteria for detention or judicial commitment are not ineligible for detention or commitment based on this condition alone.

NEW SECTION. Sec. 3. A new section is added to chapter 10.77 RCW to read as follows:

When a county designated mental health professional or a professional person has determined that a person has a mental disorder, and is otherwise committable, the cause of the person's mental disorder shall not make the person ineligible for commitment under chapter 71.05 RCW.

Sec. 4. RCW 71.05.445 and 2002 c 39 s 2 are each amended to read as follows:

- (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Information related to mental health services" means all information and records compiled, obtained, or maintained in the course of providing services to either voluntary or involuntary recipients of services by a mental health service provider. This may include documents of legal proceedings under this chapter or chapter 71.34 or 10.77 RCW, or somatic health care information.

(b) "Mental health service provider" means a public or private agency that provides services to persons with mental disorders as defined under RCW 71.05.020 and receives funding from public sources. This includes evaluation and treatment facilities as defined in RCW 71.05.020, community mental health service delivery systems, or community mental health programs as defined in RCW 71.24.025, and facilities conducting competency evaluations and restoration under chapter 10.77 RCW.

(2)(a) Information related to mental health services delivered to a person subject to chapter 9.94A or 9.95 RCW shall be released, upon request, by a mental health service provider to department of corrections personnel for whom the information is necessary to carry out the responsibilities of their office. The information must be provided only for the purposes of completing presentence investigations or risk assessment reports, supervision of an incarcerated (~~person~~) offender or offender under supervision in the community, planning for and provision of supervision of (~~a person~~) an offender, or assessment of (~~a person's~~) an offender's risk to the community. The request shall be in writing and shall not require the consent of the subject of the records.

(b) If an offender subject to chapter 9.94A or 9.95 RCW has failed to report for department of corrections supervision or in the event of an emergent situation that poses a significant risk to the public or the offender, information related to mental health services delivered to the offender and, if known, information regarding where the offender is likely to be found shall be released by the mental health services provider to the department of corrections upon request. The initial request may be written or oral. All oral requests must be subsequently confirmed in writing. Information released in response to an oral request is limited to a statement as to whether the offender is or is not being treated by the mental health services provider and the address or information about the location or whereabouts of the offender. Information released in response to a written request may include information identified by rule as provided in subsections (4) and (5) of this section. For purposes of this subsection a written request includes requests made by e-mail or facsimile so long as the requesting person at the department of corrections is clearly identified. The request must specify the information being requested. Disclosure of the information requested does not require the consent of the subject of the records unless the offender has received relief from disclosure under section 11, 12, or 13 of this act.

(3)(a) When a mental health service provider conducts its initial assessment for a person receiving court-ordered treatment, the service provider shall inquire and shall be told by the offender whether he or she is subject to supervision by the department of corrections.

(b) When a person receiving court-ordered treatment or treatment ordered by the department of corrections discloses to his or her mental health service provider that he or she is subject to supervision by the department of corrections, the mental health services provider shall notify the department of corrections that he or she is treating the offender and shall notify the offender that his or her community corrections officer will be notified of the treatment, provided that if the offender has received relief from disclosure pursuant to section 11, 12, or 13 of this act and the offender has provided the mental health services provider with a copy of the order granting relief from disclosure pursuant to section 11, 12, or 13 of this act, the mental health services provider is not required to notify the department of corrections that the mental health services provider is treating the offender. The notification may be written or oral and shall not require the consent of the offender. If an oral notification is made, it must be confirmed by a written notification. For purposes of this section, a written notification includes notification by e-mail or facsimile, so long as the notifying mental health service provider is clearly identified.

(4) The information to be released to the department of corrections shall include all relevant records and reports, as defined by rule, necessary for the department of corrections to carry out its duties, including those records and reports identified in subsection (2) of this section.

~~((4))~~ (5) The department and the department of corrections, in consultation with regional support networks, mental health service providers as defined in subsection (1) of this section, mental health consumers, and advocates for persons with mental illness, shall adopt rules to implement the provisions of this section related to the type and scope of information to be released. These rules shall:

(a) Enhance and facilitate the ability of the department of corrections to carry out its responsibility of planning and ensuring community protection with respect to persons subject to sentencing under chapter 9.94A or 9.95 RCW, including accessing and releasing or disclosing information of persons who received mental health services as a minor; and

(b) Establish requirements for the notification of persons under the supervision of the department of corrections regarding the provisions of this section.

~~((5))~~ (6) The information received by the department of corrections under this section shall remain confidential and subject to the limitations on disclosure outlined in chapter 71.05 RCW, except as provided in RCW 72.09.585.

~~((6))~~ (7) No mental health service provider or individual employed by a mental health service provider shall be held responsible for information released to or used by the department of corrections under the provisions of this section or rules adopted under this section except under RCW 71.05.670 and 71.05.440.

~~((7))~~ (8) Whenever federal law or federal regulations restrict the release of information contained in the treatment records of any patient who receives treatment for alcoholism or drug dependency, the release of the information may be restricted as necessary to comply with federal law and regulations.

~~((8))~~ (9) This section does not modify the terms and conditions of disclosure of information related to sexually transmitted diseases under chapter 70.24 RCW.

(10) The department shall, subject to available resources, electronically, or by the most cost-effective means available, provide the department of corrections with the names, last dates of services, and addresses of specific regional support networks and mental health service providers that delivered mental health services to a person subject to chapter 9.94A or 9.95 RCW pursuant to an agreement between the departments.

Sec. 5. RCW 72.09.585 and 2000 c 75 s 4 are each amended to read as follows:

(1) When the department is determining an offender's risk management level, the department shall inquire of the offender and shall be told whether the offender is subject to court-ordered treatment for mental health services or chemical

dependency services. The department shall request and the offender shall provide an authorization to release information form that meets applicable state and federal requirements and shall provide the offender with written notice that the department will request the offender's mental health and substance abuse treatment information. An offender's failure to inform the department of court-ordered treatment is a violation of the conditions of supervision if the offender is in the community and an infraction if the offender is in confinement, and the violation or infraction is subject to sanctions.

(2) When an offender discloses that he or she is subject to court-ordered mental health services or chemical dependency treatment, the department shall provide the mental health services provider or chemical dependency treatment provider with a written request for information and any necessary authorization to release information forms. The written request shall comply with rules adopted by the department of social and health services or protocols developed jointly by the department and the department of social and health services. A single request shall be valid for the duration of the offender's supervision in the community. Disclosures of information related to mental health services made pursuant to a department request shall not require consent of the offender.

(3) The information received by the department under RCW 71.05.445 or 71.34.225 may be released to the indeterminate sentence review board as relevant to carry out its responsibility of planning and ensuring community protection with respect to persons under its jurisdiction. Further disclosure by the indeterminate sentence review board is subject to the limitations set forth in subsections ~~((3))~~ (5) and ~~((4))~~ (6) of this section and must be consistent with the written policy of the indeterminate sentence review board. The decision to disclose or not shall not result in civil liability for the indeterminate sentence review board or its employees provided that the decision was reached in good faith and without gross negligence.

~~((2))~~ (4) The information received by the department under RCW 71.05.445 or 71.34.225 may be used to meet the statutory duties of the department to provide evidence or report to the court. Disclosure to the public of information provided to the court by the department related to mental health services shall be limited in accordance with RCW 9.94A.500 or this section.

~~((3))~~ (5) The information received by the department under RCW 71.05.445 or 71.34.225 may be disclosed by the department to other state and local agencies as relevant to plan for and provide offenders transition, treatment, and supervision services, or as relevant and necessary to protect the public and counteract the danger created by a particular offender, and in a manner consistent with the written policy established by the secretary. The decision to disclose or not shall not result in civil liability for the department or its employees so long as the decision was reached in good faith and without gross negligence. The information received by a state or local agency from the department shall remain confidential and subject to the limitations on disclosure set forth in chapters 70.02, 71.05, and 71.34 RCW and, subject to these limitations, may be released only as relevant and necessary to counteract the danger created by a particular offender.

~~((4))~~ (6) The information received by the department under RCW 71.05.445 or 71.34.225 may be disclosed by the department to individuals only with respect to offenders who have been determined by the department to have a high risk of reoffending by a risk assessment, as defined in RCW 9.94A.030, only as relevant and necessary for those individuals to take reasonable steps for the purpose of self-protection, or as provided in RCW 72.09.370(2). The information may not be disclosed for the purpose of engaging the public in a system of supervision, monitoring, and reporting offender behavior to the department. The department must limit the disclosure of information related to mental health services to the public to descriptions of an offender's behavior, risk he or she may present to the community, and need for mental health treatment, including medications, and shall not disclose or release to the public copies of treatment documents or records, except as otherwise provided by law. All disclosure of information to the public must be done in a manner consistent with the written policy established by the secretary. The decision to disclose or not shall not result in civil liability for the department or its employees so long as the decision was reached in good faith and without gross negligence. Nothing in this subsection prevents any person from reporting to law enforcement or the department behavior that he or she believes creates a public safety risk.

Sec. 6. RCW 71.05.390 and 2000 c 94 s 9, 2000 c 75 s 6, and 2000 c 74 s 7 are each reenacted and amended to read as follows:

NEW SECTION. Sec. 17. A new section is added to chapter 72.09 RCW to read as follows:

(1) When an offender is under court-ordered mental health or chemical dependency treatment in the community and the supervision of the department of corrections, and the community corrections officer becomes aware that the person is in violation of the terms of the court's treatment order, the community corrections officer shall notify the county designated mental health professional or the designated chemical dependency specialist, as appropriate, of the violation and request an evaluation for purposes of revocation of the less restrictive alternative or conditional release.

MOTION

Senator Hargrove moved that the Senate concur in the House amendment(s) to Engrossed Second Substitute Senate Bill No. 6358.

POINT OF INQUIRY

Senator Stevens: "Would Senator Hargrove yield to a question? Does the act create any obligations on the county-designated mental health professional when he or she becomes aware that an offender who was under court order treatment in the community and is also under the supervision of the Department of Corrections is in violation of a treatment order or in condition of supervision?"

Senator Hargrove: "Yes, the county-designated mental health professional must notify the offender's treatment provider and the Department of Corrections of a violation of either the treatment order or a condition of supervision when he or she becomes aware of the violation. However, the county-designated mental health professional is obligated to report violations of a condition of supervision if it relates to public safety."

Senator Stevens: "So, it is not your intention that the county designated mental health professional notify the treatment provider and the Department of Corrections of any and all known violations of conditions of supervision?"

Senator Hargrove: "No, that is not my intention. Again, it is my intention that the county-designated mental health professional, just like the county designated chemical dependency specialists, is required to notify the treatment provider in the Department of Corrections of violations of conditions of supervision only if those violations relate to public safety."

Senator Stevens: "To for the clarify. Is it your intention that the treatment provider or county-designated mental health professional assume the duties of the community corrections officer or provide offenders supervision in these cases?"

Senator Hargrove: "No, that is not the intention. Nothing in this act is intended to create any duty on any county-designated mental health professional or treatment provider to provide offender supervision."

Senators Hargrove and Stevens spoke in favor of the motion.

POINT OF INQUIRY

Senator Fraser: "Point of Inquiry, for maybe the Senators who just spoke. Is any of this written in the bill?"

Senator Hargrove: "Yes, it is written in the bill. There have been some questions by people that actually provide this service. They wanted to make it very, very clear that as a county-designated mental health professional they are not being assumed or to assume the duties of a corrections officer and supervising these people. So that's why we've added the colloquy to the language that was in the bill."

MOTION

On motion of Senator Eide, Senator Kline was excused.

The President declared the question before the Senate to be the motion by Senator Hargrove that the Senate concur in the House amendment(s) to Engrossed Second Substitute Senate Bill No. 6358.

MESSAGE FROM THE HOUSE

March 5, 2004

MR. PRESIDENT:

The House has passed SENATE BILL NO. 6643, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 13.34.136 and 2003 c 227 s 4 are each amended to read as follows:

(1) Whenever a child is ordered removed from the child's home, the agency charged with his or her care shall provide the court with:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130(4), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the agency will take to promote existing appropriate sibling relationships and/or facilitate placement together or contact in accordance with the best interests of each child, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement.

(ii) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The agency shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare. The court and the agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(iv) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130(4), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

(2) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(3) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(3).

NEW SECTION. Sec. 2. A new section is added to chapter 13.34 RCW to read as follows:

The court may order expert evaluations of parties to obtain information regarding visitation issues or other issues in a case. These evaluations shall be performed by appointed evaluators who are mutually agreed upon by the court, the state, and the parents' counsel, and, if the child is to be evaluated, by the representative for the child. If no agreement can be reached, the court shall select the expert evaluator.

NEW SECTION. Sec. 3. A new section is added to chapter 13.34 RCW to read as follows:

The department of social and health services shall develop consistent policies and protocols, based on current relevant research, concerning visitation for dependent children to be implemented consistently throughout the state. The department shall develop the policies and protocols in consultation with researchers in the field, community-based agencies, court-appointed special advocates, parents' representatives, and court representatives. The policies and protocols shall include, but not be limited to: The structure and quality of visitations; and training for caseworkers, visitation supervisors, and foster parents related to visitation.

The policies and protocols shall be consistent with the provisions of this chapter and implementation of the policies and protocols shall be consistent with relevant orders of the court.

NEW SECTION. Sec. 4. The department of social and health services shall report on the policies and protocols required under section 3 of this act to the appropriate committees of the legislature by January 1, 2005."

Correct the title.
and the same are herewith transmitted.

RICHARD NAFZIGER, Chief Clerk

MESSAGE FROM THE HOUSE

March 5, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5326, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. I. FINDINGS. The legislature finds that:

(1) The ability to respond to emergency situations by many of Washington state's fire protection jurisdictions has not kept up with the state's needs, particularly in urban regions;

(2) Providing a fire protection service system requires a shared partnership and responsibility among the federal, state, local, and regional governments and the private sector;

(3) There are efficiencies to be gained by regional fire protection service delivery while retaining local control; and

(4) Timely development of significant projects can best be achieved through enhanced funding options for regional fire protection service agencies, using already existing taxing authority to address fire protection emergency service needs and new authority to address critical fire protection projects and emergency services.

NEW SECTION. Sec. II. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the governing body of a regional fire protection service authority.

(2) "Regional fire protection service authority" or "authority" means a municipal corporation, an independent taxing authority within the meaning of Article VII, section 1 of the state Constitution, and a taxing district within the meaning of Article VII, section 2 of the state Constitution, whose boundaries are coextensive with two or more adjacent fire protection jurisdictions and that has been created by a vote of the people under this chapter to implement a regional fire protection service authority plan.

(3) "Regional fire protection service authority planning committee" or "planning committee" means the advisory committee created under section 3 of this act to create and propose to fire protection jurisdictions a regional fire protection service authority plan to design, finance, and develop fire protection service projects.

(4) "Regional fire protection service authority plan" or "plan" means a plan to develop and finance a fire protection service authority project or projects, including, but not limited to, specific capital projects, fire operations and emergency service operations pursuant to section 4(3)(b) of this act, and preservation and maintenance of existing or future facilities.

(5) "Fire protection jurisdiction" means a fire district, city, town, port district, or Indian tribe.

(6) "Regular property taxes" has the same meaning as in RCW 84.04.140.

NEW SECTION. Sec. III. PLANNING COMMITTEE FORMATION. Regional fire protection service authority planning committees are advisory entities that are created, convened, and empowered as follows:

(1) Any two or more adjacent fire protection jurisdictions may create a regional fire protection service authority and convene a regional fire protection service authority planning committee. No fire protection jurisdiction may participate in more than one authority.

(2) Each governing body of the fire protection jurisdictions participating in planning under this chapter shall appoint three elected officials to the authority planning committee. Members of the planning committee may receive compensation of seventy dollars per day, or portion thereof, not to exceed seven hundred dollars per year, for attendance at planning committee meetings and for performance of other services in behalf of the authority, and may be reimbursed for travel and incidental expenses at the discretion of their respective governing body.

(3) A regional fire protection service authority planning committee may receive state funding, as appropriated by the legislature, or county funding provided by the affected counties for start-up funding to pay for salaries, expenses, overhead, supplies, and similar expenses ordinarily and necessarily incurred. Upon creation of a regional fire protection service authority, the authority shall within one year reimburse the state or county for any sums advanced for these start-up costs from the state or county.

(4) The planning committee shall conduct its affairs and formulate a regional fire protection service authority plan as provided under section 4 of this act.

(5) At its first meeting, a regional fire protection service authority planning committee may elect officers and provide for the adoption of rules and other operating procedures.

(6) The planning committee may dissolve itself at any time by a majority vote of the total membership of the planning committee. Any participating fire protection jurisdiction may withdraw upon thirty calendar days' written notice to the other jurisdictions.

NEW SECTION. Sec. IV. PLANNING COMMITTEE DUTIES. (1) A regional fire protection service authority planning committee shall adopt a regional fire protection service authority plan providing for the design, financing, and development of fire protection services. The planning committee may consider the following factors in formulating its plan:

(a) Land use planning criteria; and

(b) The input of cities and counties located within, or partially within, a participating fire protection jurisdiction.

(2) The planning committee may coordinate its activities with neighboring cities, towns, and other local governments that engage in fire protection planning.

(3) The planning committee shall:

(a) Create opportunities for public input in the development of the plan;

(b) Adopt a plan proposing the creation of a regional fire protection service authority and recommending design, financing, and development of fire protection and emergency service facilities and operations, including maintenance and preservation of facilities or systems, except that no ambulance service may be recommended unless the regional fire protection service authority determines that the fire protection jurisdictions that are members of the authority are not adequately served by existing private ambulance service in which case the authority may provide for the establishment of a system of ambulance service to be operated by the authority or operated by contract after a call for bids; and

(c) Recommend sources of revenue authorized by section 5 of this act and a financing plan to fund selected fire protection service projects.

(4) Once adopted, the plan must be forwarded to the participating fire protection jurisdictions' governing bodies to initiate the election process under section 6 of this act.

(5) If the ballot measure is not approved, the planning committee may redefine the selected regional fire protection service authority projects, financing plan, and the ballot measure. The fire protection jurisdictions' governing bodies may approve the new plan and ballot measure, and may then submit the revised proposition to the voters at a subsequent election or a special election. If a ballot measure is not approved by the voters by the third vote, the planning committee is dissolved.

NEW SECTION. Sec. V. TAXES AND FEES. (1) A regional fire protection service authority planning committee may, as part of a regional fire protection service authority plan, recommend the imposition of some or all of the following revenue sources, which a regional fire protection service authority may impose upon approval of the voters as provided in this chapter:

(a) Benefit charges under sections 24 through 33 of this act;

(b) Property taxes under sections 15 through 18 and 20 of this act and RCW 84.09.030, 84.52.010, 84.52.052, and 84.52.069; or

(c) Both (a) and (b) of this subsection.

(2) Taxes and benefit charges may not be imposed unless they are identified in the regional fire protection service authority plan and the plan is approved by an affirmative vote of the majority of the voters within the boundaries of the authority voting on a ballot proposition as set forth in section 6 of this act. The voter approval requirement provided in this

section is in addition to any other voter approval requirement under law for the levying of property taxes or the imposition of benefit charges. Revenues from these taxes and benefit charges may be used only to implement the plan as set forth in this chapter.

NEW SECTION. Sec. VI. SUBMISSION OF PLAN TO THE VOTERS. The governing bodies of two or more adjacent fire protection jurisdictions, upon receipt of the regional fire protection service authority plan under section 4 of this act, may certify the plan to the ballot, including identification of the tax options necessary to fund the plan. The governing bodies of the fire protection jurisdictions may draft a ballot title, give notice as required by law for ballot measures, and perform other duties as required to put the plan before the voters of the proposed authority for their approval or rejection as a single ballot measure that both approves formation of the authority and approves the plan. Authorities may negotiate interlocal agreements necessary to implement the plan. The electorate is the voters voting within the boundaries of the proposed regional fire protection service authority. A simple majority of the total persons voting on the single ballot measure to approve the plan, establish the authority, and approve the taxes is required for approval. The authority must act in accordance with the general election laws of the state. The authority is liable for its proportionate share of the costs when the elections are held under RCW 29A.04.320 and 29A.04.330.

NEW SECTION. Sec. VII. CERTIFICATION OF FORMATION. If the voters approve the plan, including creation of a regional fire protection service authority and imposition of taxes, if any, the authority is formed. The appropriate county election officials shall, within fifteen days of the final certification of the election results, publish a notice in a newspaper or newspapers of general circulation in the authority declaring the authority formed. A party challenging the procedure or the formation of a voter-approved authority must file the challenge in writing by serving the prosecuting attorney of each county within, or partially within, the regional fire protection service authority and the attorney general within thirty days after the final certification of the election. Failure to challenge within that time forever bars further challenge of the authority's valid formation.

NEW SECTION. Sec. VIII. BOARD ORGANIZATION AND COMPOSITION. (1) The board shall adopt rules for the conduct of business. The board shall adopt bylaws to govern authority affairs, which may include:

- (a) The time and place of regular meetings;
- (b) Rules for calling special meetings;
- (c) The method of keeping records of proceedings and official acts;
- (d) Procedures for the safekeeping and disbursement of funds; and
- (e) Any other provisions the board finds necessary to include.

(2) The governing board shall be determined by the plan and consist solely of elected officials.

NEW SECTION. Sec. IX. BOARD'S POWERS AND DUTIES. (1) The governing board of the authority is responsible for the execution of the voter-approved plan. Participating jurisdictions shall review the plan every ten years. The board shall:

- (a) Levy and impose taxes as authorized in the plan and approved by authority voters;
- (b) Enter into agreements with federal, state, local, and regional entities and departments as necessary to accomplish authority purposes and protect the authority's investments;

- (e) Pay for services and enter into leases and contracts, including professional service contracts;
- (f) Hire, manage, and terminate employees; and
- (g) Exercise other powers and duties as may be reasonable to carry out the purposes of the authority.

(2) An authority may acquire, hold, or dispose of real property.

(3) An authority may exercise the powers of eminent domain.

(4) An authority may enforce fire codes as provided under chapter 19.27 RCW.

NEW SECTION. Sec. X. TRANSFER OF RESPONSIBILITIES. (1) All powers, duties, and functions of a participating fire protection jurisdiction pertaining to providing fire protection services may be transferred, by resolution, to the regional fire protection service authority.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the participating fire protection jurisdiction pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the regional fire protection service authority. All real property and personal property including cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the participating fire protection jurisdiction in carrying out the powers, functions, and duties transferred shall be made available to the regional fire protection service authority. All funds, credits, or other assets held in connection with the powers, functions, and duties transferred shall be assigned to the regional fire protection service authority.

(b) Any appropriations made to the participating fire protection jurisdiction for carrying out the powers, functions, and duties transferred shall, on the effective date of the resolution, be transferred and credited to the regional fire protection service authority.

(c) Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the governing body of the participating fire protection jurisdiction shall make a determination as to the proper allocation.

(3) All rules and all pending business before the participating fire protection jurisdiction pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the regional fire protection service authority. All existing contracts and obligations shall remain in full force and shall be performed by the regional fire protection service authority.

(4) The transfer of the powers, duties, functions, and personnel of the participating fire protection jurisdiction shall not affect the validity of any act performed before the effective date of the resolution.

(5) If apportionments of budgeted funds are required because of the transfers directed by the resolution, the treasurer under section 18 of this act shall certify the apportionments.

(6) Nothing contained in this section may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified as provided by law. RCW 35.13.215 through 35.13.235 apply to the transfer of employees under this section.

NEW SECTION. Sec. XI. WITHDRAWAL OR REANNEXATION OF AREAS. (1) As provided in this section, a regional fire protection service authority may withdraw areas from its boundaries or reannex into the authority areas that previously had been withdrawn from the authority under this section.

(2)(a) The withdrawal of an area is authorized upon: (i) Adoption of a resolution by the board approving the withdrawal and finding that, in the opinion of the board, inclusion of this area within the regional fire protection service authority will result in a reduction of the authority's tax levy rate under the provisions of RCW 84.52.010; or (ii) adoption of a resolution by the city or town council approving the withdrawal, if the area is located within the city or town, or adoption of a resolution by the governing body of the fire protection district within which the area is located approving the withdrawal, if the area is located outside of a city or town, but within a fire protection district.

(b) A withdrawal under this section is effective at the end of the day on the thirty-first day of December in the year in which the resolution under (a)(i) or (ii) of this subsection is adopted, but for purposes of establishing boundaries for property tax purposes, the boundaries shall be established immediately upon the adoption of the resolution.

(c) The withdrawal of an area from the boundaries of an authority does not exempt any property therein from taxation for the purpose of paying the costs of redeeming any indebtedness of the authority existing at the time of withdrawal.

(3)(a) An area that has been withdrawn from the boundaries of a regional fire protection service authority under this section may be reannexed into the authority upon: (i) Adoption of a resolution by the board proposing the reannexation; and (ii) adoption of a resolution by the city or town council approving the reannexation, if the area is located within the city or town, or adoption of a resolution by the governing body of the fire protection district within which the area is located approving the reannexation, if the area is located outside of a city or town but within a fire protection district.

(b) A reannexation under this section shall be effective at the end of the day on the thirty-first day of December in the year in which the adoption of the resolution under (a)(ii) of this subsection occurs, but for purposes of establishing boundaries for property tax purposes, the boundaries shall be established immediately upon the adoption of the resolution.

(c)(i) Referendum action on the proposed reannexation under this section may be taken by the voters of the area proposed to be reannexed if a petition calling for a referendum is filed with the city or town council, or governing body of the fire protection district, within a thirty-day period after the adoption of the resolution under (a)(ii) of this subsection, which petition has been signed by registered voters of the area proposed to be reannexed equal in number to ten percent of the total number of the registered voters residing in that area.

(ii) If a valid petition signed by the requisite number of registered voters has been so filed, the effect of the resolutions shall be held in abeyance and a ballot proposition to authorize the reannexation shall be submitted to the voters of the area at the next special election date specified in RCW 29A.04.330 that occurs forty-five or more days after the petitions have been validated. Approval of the ballot proposition authorizing the reannexation by a simple majority vote shall authorize the reannexation.

NEW SECTION. Sec. XII. DISSOLUTION--ELECTION. Any fire protection district within the authority may be dissolved by a majority vote of the registered electors of the district at an election conducted by the election officials of the county or counties in which the district is located in accordance with the general election laws of the state. The proceedings for dissolution may be initiated by the adoption of a resolution by the board. The dissolution of the district shall not cancel outstanding obligations of the district or of a local improvement district within the district, and the county legislative authority or authorities of the county or counties in which the district was located may make annual levies against the lands within the district until the obligations of the districts are paid. All powers, duties, and functions of a dissolved fire protection jurisdiction within the authority boundaries, pertaining to providing fire protection services may be transferred, by resolution, to the regional fire protection service authority.

Sec. XIII. RCW 57.90.010 and 1999 c 153 s 24 are each amended to read as follows:

Water-sewer, park and recreation, metropolitan park, county rural library, cemetery, flood control, mosquito control, diking and drainage, irrigation or reclamation, weed, health, or fire protection districts, and any air pollution control authority or regional fire protection service authority, hereinafter referred to as "special districts," which are located wholly or in part within a county with a population of two hundred ten thousand or more may be disincorporated when the district has not actively carried out any of the special purposes or functions for which it was formed within the preceding consecutive five-year period.

NEW SECTION. Sec. XIV. DEBT AND BONDING. Unless contrary to this section, chapter 39.42 RCW applies to debt and bonding under this section. The authority may borrow money, but may not issue any debt of its own for more than ten years' duration. An authority may issue notes or other evidences of indebtedness with a maturity of not more than twenty years. An authority may, when authorized by the plan, enter into agreements with the state to pledge taxes or other revenues of the authority for the purpose of paying in part or whole principal and interest on bonds issued by the authority. The contracts pledging revenues and taxes are binding for the term of the agreement, but not to exceed twenty-five years, and no tax pledged by an agreement may be eliminated or modified if it would impair the pledge of the agreement.

NEW SECTION. Sec. XV. (1) To carry out the purposes for which a regional fire protection service authority is created, as authorized in the plan and approved by the voters, the governing board of an authority may annually levy the following taxes:

(a) An ad valorem tax on all taxable property located within the authority not to exceed fifty cents per thousand dollars of assessed value;

(b) An ad valorem tax on all property located within the authority not to exceed fifty cents per thousand dollars of assessed value and which will not cause the combined levies to exceed the constitutional or statutory limitations. This levy, or any portion of this levy, may also be made when dollar rates of other taxing units are released by agreement with the other taxing units from their authorized levies; and

(c) An ad valorem tax on all taxable property located within the authority not to exceed fifty cents per thousand dollars of assessed value if the authority has at least one full-time, paid employee, or contracts with another municipal corporation for the services of at least one full-time, paid employee. This levy may be made only if it will not affect dollar

rates which other taxing districts may lawfully claim nor cause the combined levies to exceed the constitutional or statutory limitations or both.

(2) Levies in excess of the amounts provided in subsection (1) of this section or in excess of the aggregate dollar rate limitations or both may be made for any authority purpose when so authorized at a special election under RCW 84.52.052. Any such tax when levied must be certified to the proper county officials for the collection of the tax as for other general taxes. The taxes when collected shall be placed in the appropriate authority fund or funds as provided by law, and must be paid out on warrants of the auditor of the county in which all, or the largest portion of, the authority is located, upon authorization of the governing board of the authority.

(3) Authorities are additionally authorized to incur general indebtedness and to issue general obligation bonds for capital purposes as provided in section 14 of this act. Authorities may provide for the retirement of general indebtedness by excess property tax levies, when the voters of the authority have approved a proposition authorizing such indebtedness and levies by an affirmative vote of three-fifths of those voting on the proposition at such an election, at which election the total number of persons voting shall constitute not less than forty percent of the voters in the authority who voted at the last preceding state general election. Elections must be held as provided in RCW 39.36.050. The maximum term of any bonds issued under the authority of this section may not exceed ten years and must be issued and sold in accordance with chapter 39.46 RCW.

(4) For purposes of this section, the term "value of the taxable property" has the same meaning as in RCW 39.36.015.

NEW SECTION. Sec. XVI. At the time of making general tax levies in each year, the county legislative authority or authorities of the county or counties in which a regional fire protection service authority is located shall make the required levies for authority purposes against the real and personal property in the authority in accordance with the equalized valuations of the property for general tax purposes and as a part of the general taxes. The tax levies are part of the general tax roll and must be collected as a part of the general taxes against the property in the authority.

NEW SECTION. Sec. XVII. In the event that lands lie within both a regional fire protection service authority and a forest protection assessment area they shall be taxed and assessed as follows:

- (1) If the lands are wholly unimproved, they are subject to forest protection assessments but not to authority levies;
- (2) If the lands are wholly improved, they are subject to authority levies but not to forest protection assessments; and
- (3) If the lands are partly improved and partly unimproved, they are subject both to authority levies and to forest protection assessments. However, upon request, accompanied by appropriate legal descriptions, the county assessor shall segregate any unimproved portions which each consist of twenty or more acres, and thereafter the unimproved portion or portions are subject only to forest protection assessments.

NEW SECTION. Sec. XVIII. It is the duty of the county treasurer of the county in which the regional fire protection service authority created under this chapter is located to collect taxes authorized and levied under this chapter. However, when a regional fire protection service authority is located in more than one county, the county treasurer of each county in which the authority is located shall collect the regional fire protection service authority's taxes that are imposed on property located within the county and transfer these funds to the treasurer of the county in which the majority of the authority lies.

Sec. XIX. RCW 84.09.030 and 1996 c 230 s 1613 are each amended to read as follows:

Except as follows, the boundaries of counties, cities and all other taxing districts, for purposes of property taxation and the levy of property taxes, shall be the established official boundaries of such districts existing on the first day of March of the year in which the property tax levy is made.

The official boundaries of a newly incorporated taxing district shall be established at a different date in the year in which the incorporation occurred as follows:

(1) Boundaries for a newly incorporated city shall be established on the last day of March of the year in which the initial property tax levy is made, and the boundaries of a road district, library district, or fire protection district or districts, that include any portion of the area that was incorporated within its boundaries shall be altered as of this date to exclude this area, if the budget for the newly incorporated city is filed pursuant to RCW 84.52.020 and the levy request of the newly incorporated city is made pursuant to RCW 84.52.070. Whenever a proposed city incorporation is on the March special election ballot, the county auditor shall submit the legal description of the proposed city to the department of revenue on or before the first day of March;

(2) Boundaries for a newly incorporated port district or regional fire protection service authority shall be established on the first day of October if the boundaries of the newly incorporated port district or regional fire protection service authority are coterminous with the boundaries of another taxing district or districts, as they existed on the first day of March of that year;

(3) Boundaries of any other newly incorporated taxing district shall be established on the first day of June of the year in which the property tax levy is made if the taxing district has boundaries coterminous with the boundaries of another taxing district, as they existed on the first day of March of that year;

(4) Boundaries for a newly incorporated water-sewer district shall be established on the fifteenth of June of the year in which the proposition under RCW 57.04.050 authorizing a water district excess levy is approved.

The boundaries of a taxing district shall be established on the first day of June if territory has been added to, or removed from, the taxing district after the first day of March of that year with boundaries coterminous with the boundaries of another taxing district as they existed on the first day of March of that year. However, the boundaries of a road district, library district, or fire protection district or districts, that include any portion of the area that was annexed to a city or town within its boundaries shall be altered as of this date to exclude this area. In any case where any instrument setting forth the official boundaries of any newly established taxing district, or setting forth any change in such boundaries, is required by law to be filed in the office of the county auditor or other county official, said instrument shall be filed in triplicate. The officer with whom such instrument is filed shall transmit two copies to the county assessor.

No property tax levy shall be made for any taxing district whose boundaries are not established as of the dates provided in this section.

NEW SECTION. Sec. XX. A new section is added to chapter 84.52 RCW to read as follows:

(1) If a fire protection district is a participating fire protection jurisdiction in a regional fire protection service authority, the regular property tax levies of the fire protection district are limited as follows:

(a) The regular levy of the district under RCW 52.16.130 shall not exceed fifty cents per thousand dollars of assessed value of taxable property in the district less the amount of any levy imposed by the authority under section 15(1)(a) of this act;

(b) The levy of the district under RCW 52.16.140 shall not exceed fifty cents per thousand dollars of assessed value of taxable property in the district less the amount of any levy imposed by the authority under section 15(1)(b) of this act; and

(c) The levy of the district under RCW 52.16.160 shall not exceed fifty cents per thousand dollars of assessed value of taxable property in the district less the amount of any levy imposed by the authority under section 15(1)(c) of this act.

(2) If a city or town is a participating fire protection jurisdiction in a regional fire protection service authority, the regular levies of the city or town shall not exceed the applicable rates provided in RCW 27.12.390, 52.04.081, and 84.52.043(1) less the aggregate rates of any regular levies made by the authority under section 15(1) of this act.

(3) If a port district is a participating fire protection jurisdiction in a regional fire protection service authority, the regular levy of the port district under RCW 53.36.020 shall not exceed forty-five cents per thousand dollars of assessed value of taxable property in the district less the aggregate rates of any regular levies imposed by the authority under section 15(1) of this act.

(4) For purposes of this section, the following definitions apply:

(a) "Fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district; and

(b) "Participating fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district that is represented on the governing board of a regional fire protection service authority.

Sec. XXI. RCW 84.52.010 and 2003 c 83 s 310 are each amended to read as follows:

Except as is permitted under RCW 84.55.050, all taxes shall be levied or voted in specific amounts.

The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor shall recompute and establish a consolidated levy in the following manner:

(1) The full certified rates of tax levy for state, county, county road district, and city or town purposes shall be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy shall take precedence over all other levies and shall not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 36.54.130, 84.52.069, 84.34.230, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, and 84.52.105, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies shall be reduced as follows: (a) The levy imposed by a ferry district under RCW 36.54.130 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated; (b) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a metropolitan park district that is protected under RCW 84.52.120 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; (c) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, shall be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; and (d) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or eliminated.

(2) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(a) First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, 35.95A.100, and 67.38.130 shall be reduced on a pro rata basis or eliminated;

(b) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts shall be reduced on a pro rata basis or eliminated;

(c) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, regional fire protection service authorities, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, shall be reduced on a pro rata basis or eliminated;

(d) Fourth, if the consolidated tax levy rate still exceeds these limitations, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts created on or after January 1, 2002, shall be reduced on a pro rata basis or eliminated;

(e) Fifth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to regional fire protection service authorities under section 15(1) (b) and (c) of this act and fire protection districts under RCW 52.16.140 and 52.16.160 shall be reduced on a pro rata basis or eliminated; and

(f) Sixth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for regional fire protection service authorities under section 15(1)(a) of this act, fire protection districts under RCW 52.16.130, library districts, metropolitan park districts created before January 1, 2002, under their first fifty cent per thousand

dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, shall be reduced on a pro rata basis or eliminated.

In determining whether the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.050, exceeds the limitations provided in that section, the assessor shall use the hypothetical state levy, as apportioned to the county under RCW 84.48.080, that was computed under RCW 84.48.080 without regard to the reduction under RCW 84.55.012.

Sec. XXII. RCW 84.52.052 and 2003 c 83 s 312 are each amended to read as follows:

The limitations imposed by RCW 84.52.050 through 84.52.056, and RCW 84.52.043 shall not prevent the levy of additional taxes by any taxing district, except school districts and fire protection districts, in which a larger levy is necessary in order to prevent the impairment of the obligation of contracts. As used in this section, the term "taxing district" means any county, metropolitan park district, park and recreation service area, park and recreation district, water-sewer district, solid waste disposal district, public facilities district, flood control zone district, county rail district, service district, public hospital district, road district, rural county library district, island library district, rural partial-county library district, intercounty rural library district, cemetery district, city, town, transportation benefit district, emergency medical service district with a population density of less than one thousand per square mile, cultural arts, stadium, and convention district, ferry district, ~~((or))~~ city transportation authority, or regional fire protection service authority.

Any such taxing district may levy taxes at a rate in excess of the rate specified in RCW 84.52.050 through 84.52.056 and 84.52.043, or 84.55.010 through 84.55.050, when authorized so to do by the voters of such taxing district in the manner set forth in Article VII, section 2(a) of the Constitution of this state at a special or general election to be held in the year in which the levy is made.

A special election may be called and the time therefor fixed by the county legislative authority, or council, board of commissioners, or other governing body of any such taxing district, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no."

Sec. XXIII. RCW 84.52.069 and 1999 c 224 s 1 are each amended to read as follows:

(1) As used in this section, "taxing district" means a county, emergency medical service district, city or town, public hospital district, urban emergency medical service district, regional fire protection service authority, or fire protection district.

(2) A taxing district may impose additional regular property tax levies in an amount equal to fifty cents or less per thousand dollars of the assessed value of property in the taxing district. The tax shall be imposed (a) each year for six consecutive years, (b) each year for ten consecutive years, or (c) permanently. A tax levy under this section must be specifically authorized by a majority of at least three-fifths of the registered voters thereof approving a proposition authorizing the levies submitted at a general or special election, at which election the number of persons voting "yes" on the proposition shall constitute three-fifths of a number equal to forty percent of the total number of voters voting in such taxing district at the last preceding general election when the number of registered voters voting on the proposition does not exceed forty percent of the total number of voters voting in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the registered voters thereof voting on the proposition when the number of registered voters voting on the proposition exceeds forty percent of the total number of voters voting in such taxing district in the last preceding general election. Ballot propositions shall conform with RCW ~~((29-30-111))~~ 29A.36.210. A taxing district shall not submit to the voters at the same election multiple propositions to impose a levy under this section.

(3) A taxing district imposing a permanent levy under this section shall provide for separate accounting of expenditures of the revenues generated by the levy. The taxing district shall maintain a statement of the accounting which shall be updated at least every two years and shall be available to the public upon request at no charge.

(4) A taxing district imposing a permanent levy under this section shall provide for a referendum procedure to apply to the ordinance or resolution imposing the tax. This referendum procedure shall specify that a referendum petition may be filed at any time with a filing officer, as identified in the ordinance or resolution. Within ten days, the filing officer shall confer with the petitioner concerning form and style of the petition, issue the petition an identification number, and secure an accurate, concise, and positive ballot title from the designated local official. The petitioner shall have thirty days in which to secure the signatures of not less than fifteen percent of the registered voters of the taxing district, as of the last general election, upon petition forms which contain the ballot title and the full text of the measure to be referred. The filing officer shall verify the sufficiency of the signatures on the petition and, if sufficient valid signatures are properly submitted, shall certify the referendum measure to the next election within the taxing district if one is to be held within one hundred eighty days from the date of filing of the referendum petition, or at a special election to be called for that purpose in accordance with RCW ~~((29-13-020))~~ 29A.04.330.

The referendum procedure provided in this subsection shall be exclusive in all instances for any taxing district imposing the tax under this section and shall supersede the procedures provided under all other statutory or charter provisions for initiative or referendum which might otherwise apply.

(5) Any tax imposed under this section shall be used only for the provision of emergency medical care or emergency medical services, including related personnel costs, training for such personnel, and related equipment, supplies, vehicles and structures needed for the provision of emergency medical care or emergency medical services.

(6) If a county levies a tax under this section, no taxing district within the county may levy a tax under this section. If a regional fire protection service authority imposes a tax under this section, no other taxing district that is a participating fire protection jurisdiction in the regional fire protection service authority may levy a tax under this section. No other taxing district may levy a tax under this section if another taxing district has levied a tax under this section within its boundaries: PROVIDED, That if a county levies less than fifty cents per thousand dollars of the assessed value of property, then any other taxing district may levy a tax under this section equal to the difference between the rate of the levy by the county and fifty cents: PROVIDED FURTHER, That if a taxing district within a county levies this tax, and the voters of the county subsequently approve a levying of this tax, then the amount of the taxing district levy within the county shall be reduced, when the combined levies exceed fifty cents. Whenever a tax is levied county-wide, the service shall, insofar as is feasible, be provided throughout the county: PROVIDED FURTHER, That no county-wide levy proposal may be placed on the ballot

without the approval of the legislative authority of each city exceeding fifty thousand population within the county: AND PROVIDED FURTHER, That this section and RCW 36.32.480 shall not prohibit any city or town from levying an annual excess levy to fund emergency medical services: AND PROVIDED, FURTHER, That if a county proposes to impose tax levies under this section, no other ballot proposition authorizing tax levies under this section by another taxing district in the county may be placed before the voters at the same election at which the county ballot proposition is placed: AND PROVIDED FURTHER, That any taxing district emergency medical service levy that is limited in duration and that is authorized subsequent to a county emergency medical service levy that is limited in duration, shall expire concurrently with the county emergency medical service levy.

(7) The limitations in RCW 84.52.043 shall not apply to the tax levy authorized in this section.

(8) If a ballot proposition approved under subsection (2) of this section did not impose the maximum allowable levy amount authorized for the taxing district under this section, any future increase up to the maximum allowable levy amount must be specifically authorized by the voters in accordance with subsection (2) of this section at a general or special election.

(9) The limitation in RCW 84.55.010 shall not apply to the first levy imposed pursuant to this section following the approval of such levy by the voters pursuant to subsection (2) of this section.

(10) For purposes of this section, the following definitions apply:

(a) "Fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district; and

(b) "Participating fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district that is represented on the governing board of a regional fire protection service authority.

NEW SECTION. Sec. XXIV. (1) The governing board of a regional fire protection service authority may by resolution, as authorized in the plan and approved by the voters, for authority purposes authorized by law, fix and impose a benefit charge on personal property and improvements to real property which are located within the authority on the date specified and which have received or will receive the benefits provided by the authority, to be paid by the owners of the properties. A benefit charge does not apply to personal property and improvements to real property owned or used by any recognized religious denomination or religious organization as, or including, a sanctuary or for purposes related to the bona fide religious ministries of the denomination or religious organization, including schools and educational facilities used for kindergarten, primary, or secondary educational purposes or for institutions of higher education and all grounds and buildings related thereto. However, a benefit charge does apply to personal property and improvements to real property owned or used by any recognized religious denomination or religious organization for business operations, profit-making enterprises, or activities not including use of a sanctuary or related to kindergarten, primary, or secondary educational purposes or for institutions of higher education. The aggregate amount of these benefit charges in any one year may not exceed an amount equal to sixty percent of the operating budget for the year in which the benefit charge is to be collected. It is the duty of the county legislative authority or authorities of the county or counties in which the regional fire protection service authority is located to make any necessary adjustments to assure compliance with this limitation and to immediately notify the governing board of an authority of any changes thereof.

(2) A benefit charge imposed must be reasonably proportioned to the measurable benefits to property resulting from the services afforded by the authority. It is acceptable to apportion the benefit charge to the values of the properties as found by the county assessor or assessors modified generally in the proportion that fire insurance rates are reduced or entitled to be reduced as the result of providing the services. Any other method that reasonably apportions the benefit charges to the actual benefits resulting from the degree of protection, which may include but is not limited to the distance from regularly maintained fire protection equipment, the level of fire prevention services provided to the properties, or the need of the properties for specialized services, may be specified in the resolution and is subject to contest on the grounds of unreasonable or capricious action or action in excess of the measurable benefits to the property resulting from services afforded by the authority. The governing board of an authority may determine that certain properties or types or classes of properties are not receiving measurable benefits based on criteria they establish by resolution. A benefit charge authorized by this chapter is not applicable to the personal property or improvements to real property of any individual, corporation, partnership, firm, organization, or association maintaining a fire department and whose fire protection and training system has been accepted by a fire insurance underwriter maintaining a fire protection engineering and inspection service authorized by the state insurance commissioner to do business in this state, but the property may be protected by the authority under a contractual agreement.

(3) For administrative purposes, the benefit charge imposed on any individual property may be compiled into a single charge, provided that the authority, upon request of the property owner, provide an itemized list of charges for each measurable benefit included in the charge.

(4) For the purposes of this section and sections 25 through 33 of this act, the following definitions apply:

(a)(i) "Personal property" includes every form of tangible personal property including, but not limited to, all goods, chattels, stock in trade, estates, or crops.

(ii) "Personal property" does not include any personal property used for farming, field crops, farm equipment, or livestock.

(b) "Improvements to real property" does not include permanent growing crops, field improvements installed for the purpose of aiding the growth of permanent crops, or other field improvements normally not subject to damage by fire.

NEW SECTION. Sec. XXV. All personal property not assessed and subjected to ad valorem taxation under Title 84 RCW, all property under contract or for which the regional fire protection service authority is receiving payment for as authorized by law, all property subject to chapter 54.28 RCW, and all property that is subject to a contract for services with an authority, is exempt from the benefit charge imposed under this chapter.

NEW SECTION. Sec. XXVI. (1) The resolution establishing benefit charges as specified in section 24 of this act must specify, by legal geographical areas or other specific designations, the charge to apply to each property by location, type, or other designation, or other information that is necessary to the proper computation of the benefit charge to be charged to each property owner subject to the resolution.

(2) The county assessor of each county in which the regional fire protection service authority is located shall determine and identify the personal properties and improvements to real property that are subject to a benefit charge in each authority and shall furnish and deliver to the county treasurer of that county a listing of the properties with information

describing the location, legal description, and address of the person to whom the statement of benefit charges is to be mailed, the name of the owner, and the value of the property and improvements, together with the benefit charge to apply to each. These benefit charges must be certified to the county treasurer for collection in the same manner that is used for the collection of fire protection charges for forest lands protected by the department of natural resources under RCW 76.04.610 and the same penalties and provisions for collection apply.

NEW SECTION. Sec. XXVII. Each regional fire protection service authority shall contract, prior to the imposition of a benefit charge, for the administration and collection of the benefit charge by each county treasurer, who shall deduct a percentage, as provided by contract to reimburse the county for expenses incurred by the county assessor and county treasurer in the administration of the resolution and this chapter. The county treasurer shall make distributions each year, as the charges are collected, in the amount of the benefit charges imposed on behalf of each authority, less the deduction provided for in the contract.

NEW SECTION. Sec. XXVIII. (1) Notwithstanding any other provision in this chapter to the contrary, any benefit charge authorized by this chapter is not effective unless a proposition to impose the benefit charge is approved by a sixty percent majority of the voters of the regional fire protection service authority voting at a general election or at a special election called by the authority for that purpose, held within the authority. An election held under this section must be held not more than twelve months prior to the date on which the first charge is to be assessed. A benefit charge approved at an election expires in six years or fewer as authorized by the voters, unless subsequently reapproved by the voters.

(2) The ballot must be submitted so as to enable the voters favoring the authorization of a regional fire protection service authority benefit charge to vote "Yes" and those opposed to vote "No." The ballot question is as follows:
"Shall the regional fire protection service authority composed of (insert the participating fire protection jurisdictions) be authorized to impose benefit charges each year for (insert number of years not to exceed six) years, not to exceed an amount equal to sixty percent of its operating budget, and be prohibited from imposing an additional property tax under RCW . . . (section 15(1)(c) of this act)?

YES NO

(3) Authorities renewing the benefit charge may elect to use the following alternative ballot:

"Shall the regional fire protection service authority composed of (insert the participating fire protection jurisdictions) be authorized to continue voter-authorized benefit charges each year for (insert number of years not to exceed six) years, not to exceed an amount equal to sixty percent of its operating budget, and be prohibited from imposing an additional property tax under RCW . . . (section 15(1)(c) of this act)?

YES NO

NEW SECTION. Sec. XXIX. (1) Not fewer than ten days nor more than six months before the election at which the proposition to impose the benefit charge is submitted as provided in this chapter, the governing board of the regional fire protection service authority shall hold a public hearing specifically setting forth its proposal to impose benefit charges for the support of its legally authorized activities that will maintain or improve the services afforded in the authority. A report of the public hearing shall be filed with the county treasurer of each county in which the property is located and be available for public inspection.

(2) Prior to November 15th of each year the governing board of the authority shall hold a public hearing to review and establish the regional fire protection service authority benefit charges for the subsequent year.

(3) All resolutions imposing or changing the benefit charges must be filed with the county treasurer or treasurers of each county in which the property is located, together with the record of each public hearing, before November 30th immediately preceding the year in which the benefit charges are to be collected on behalf of the authority.

(4) After the benefit charges have been established, the owners of the property subject to the charge must be notified of the amount of the charge.

NEW SECTION. Sec. XXX. A regional fire protection service authority that imposes a benefit charge under this chapter shall not impose all or part of the property tax authorized under section 15(1)(c) of this act.

NEW SECTION. Sec. XXXI. After notice has been given to the property owners of the amount of the charge, the governing board of a regional fire protection service authority imposing a benefit charge under this chapter shall form a review board for at least a two-week period and shall, upon complaint in writing of an aggrieved party owning property in the authority, reduce the charge of a person who, in their opinion, has been charged too large a sum, to a sum or amount as they believe to be the true, fair, and just amount.

NEW SECTION. Sec. XXXII. PERSONAL PRIVILEGE

Senator Zarelli: "Thank you, Mr. President, I rise to a point of personal privilege. Ladies and Gentlemen, Mr. President. Today's the fifty-ninth day of the Legislative session and I just noticed that one of our Ways & Means staff is missing. Apparently, I've been told that he's been missing all session. You all understand why this staff person is so easily over looked, since Randy is so quiet in retiring. I asked the other staff what became of him and there was some rumor that he had left the staff and is currently dancing with the Balshoi Ballet. Others said he was seen at the Mariners tryouts this spring in training camp. But I am happy to report that he is here working for the University of Washington. Mr. President, with your permission, I'd like to ask Randy to stand. We all remember this guy. I'm sure most of you remember him. Randy started with the Senate in 1988, idealistic, slim young man with a full head of hair. He had moved here from the California Legislature fleeing the Reagan administration and got hired by a real liberal guy named Dan McDonald. 1988, quite a while ago. Senator Finkbeiner wasn't old enough to buy beer at that time. He's not here. Senator Murray was probably still packing his lego's away and Senator Brown was in Nicaragua developing her political philosophy. I'm told that Randy wasn't all that good of a budget analyst, so they promoted to management where, along with Stan Pynch, they became known as Laurel and Hardy of Senate Committee Services. Seriously, though the staff Randy hired during that period has brought to the Senate the professional non-partisan budget staff that we enjoy today and Randy has a unique distinction of retaining that job through six changes in chairmanship and those include: Senator Rinehart, West, Loveland, Brown, Rossi and myself. Although he didn't hang around long once I got the job. I don't know what that meant. The new committee coordinator however, David Schumacher and the Ways & Means staff are doing-not just a fine-but an excellent job, as they usually do. I think that a lot of that credit goes to Randy and building a team that could do what I believe is a fine example of leadership and that, is that once you take yourself out of the equation, things move on and maybe in some cases improve. I think that we all owe great amount of gratitude to Randy. We hope that he has great success in his new job. Although I think that job that your predecessor now enjoys isn't as available to you in the future, I'm sorry to say Randy, but he's doing a fine job too. We seem to have a winning team in Seattle today. Anyway, please join me in thanking Randy and sharing our respect, in our congratulations in his new job and for all the work that he's done here for all of us in the State Senate."

PERSONAL PRIVILEGE

Senator Jacobsen: "When Randy got the job I told him that he was going to have to practice standing in front of the mirror and learn how to quit saying 'No' and ask for more and so he had a couple years of practice in that. The other thing that Randy has a really good if you ever need some help-there's a song and you vaguely recall parts of it and you can't remember the rest of it or who did it and this and that. Randy's desk top reference on it. There was a song that I checked on the other day, 'Jokers to the left, fools to the right of me, stuck in the middle' and I had the jokers and the fools on the wrong side and you got to correct it for me."

MESSAGE FROM THE HOUSE

March 5, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6189, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. PURPOSE. The purpose of this act is to create more comprehensive, streamlined, and cost-effective procedures applicable to proceedings in which property of a person is administered by the courts of this state for the benefit of creditors and other persons having an interest therein.

NEW SECTION. Sec. 2. A new section is added to chapter 7.60 RCW to read as follows:

DEFINITIONS. The definitions in this section apply throughout this chapter unless the context requires otherwise.

(1) "Court" means the superior court of this state in which the receivership is pending.

(2) "Entity" means a person other than a natural person.

(3) "Estate" means the entirety of the property with respect to which a receiver's appointment applies, but does not include trust fund taxes or property of an individual person exempt from execution under the laws of this state. Estate property includes any nonexempt interest in property that is partially exempt, including fee title to property subject to a homestead exemption under chapter 6.13 RCW.

(4) "Executory contract" means a contract where the obligation of both the person over whose property the receiver is appointed and the other party to the contract are so far unperformed that the failure of either party to the contract to complete performance would constitute a material breach of the contract, thereby excusing the other party's performance of the contract.

(5) "Insolvent" or "insolvency" means a financial condition of a person such that the sum of the person's debts and other obligations is greater than all of that person's property, at a fair valuation, exclusive of (a) property transferred, concealed, or removed with intent to hinder, delay, or defraud any creditors of the person, and (b) any property exempt from execution under any statutes of this state.

(6) "Lien" means a charge against or interest in property to secure payment of a debt or the performance of an obligation.

(7) "Notice and a hearing" or any similar phrase means notice and opportunity for a hearing.

(8) "Person" means an individual, corporation, limited liability company, general partnership, limited partnership, limited liability partnership, association, governmental entity, or other entity, of any kind or nature.

(9) "Property" includes all right, title, and interests, both legal and equitable, and including any community property interest, in or with respect to any property of a person with respect to which a receiver is appointed, regardless of the manner by which the property has been or is acquired. "Property" includes any proceeds, products, offspring, rents, or profits of or from property in the estate. "Property" does not include any power that a person may exercise solely for the benefit of another person or trust fund taxes.

(10) "Receiver" means a person appointed by the court as the court's agent, and subject to the court's direction, to take possession of, manage, or dispose of property of a person.

(11) "Receivership" means the case in which the receiver is appointed. "General receivership" means a receivership in which a general receiver is appointed. "Custodial receivership" means a receivership in which a custodial receiver is appointed.

(12) "Security interest" means a lien created by an agreement.

(13) "State agent" and "state agency" means any office, department, division, bureau, board, commission, or other agency of the state of Washington or of any subdivision thereof, or any individual acting in an official capacity on behalf of any state agent or state agency.

(14) "Utility" means a person providing any service regulated by the utilities and transportation commission.

NEW SECTION. Sec. 3. A new section is added to chapter 7.60 RCW to read as follows:

TYPES OF RECEIVERS. A receiver must be either a general receiver or a custodial receiver. A receiver must be a general receiver if the receiver is appointed to take possession and control of all or substantially all of a person's property with authority to liquidate that property and, in the case of a business over which the receiver is appointed, wind up affairs. A receiver must be a custodial receiver if the receiver is appointed to take charge of limited or specific property of a person or is not given authority to liquidate property. The court shall specify in the order appointing a receiver whether the receiver is appointed as a general receiver or as a custodial receiver. When the sole basis for the appointment is the pendency of an action to foreclose upon a lien against real property, or the giving of a notice of a trustee's sale under RCW 61.24.040 or a notice of forfeiture under RCW 61.30.040, the court shall appoint the receiver as a custodial receiver. The court by order may convert either a general receivership or a custodial receivership into the other.

NEW SECTION. Sec. 4. A new section is added to chapter 7.60 RCW to read as follows:

APPOINTMENT OF RECEIVER. (1) A receiver may be appointed by the superior court of this state in the following instances, but except in any case in which a receiver's appointment is expressly required by statute, or any case in which a receiver's appointment is sought by a state agent whose authority to seek the appointment of a receiver is expressly conferred by statute, or any case in which a receiver's appointment with respect to real property is sought under (b)(ii) of this subsection, a receiver shall be appointed only if the court additionally determines that the appointment of a receiver is reasonably necessary and that other available remedies either are not available or are inadequate:

(a) On application of any party, when the party is determined to have a probable right to or interest in property that is a subject of the action and in the possession of an adverse party, or when the property or its revenue-producing potential is in danger of being lost or materially injured or impaired. A receiver may be appointed under this subsection (1)(a) whether or not the application for appointment of a receiver is combined with, or is ancillary to, an action seeking a money judgment or other relief;

(b) Provisionally, during the pendency of any action to foreclose upon any lien against or for forfeiture of any interest in real or personal property, or after notice of a trustee's sale has been given under RCW 61.24.040, or after notice of forfeiture has been given under RCW 61.30.040, on application of any person, when the interest in the property that is the subject of foreclosure or forfeiture of the person seeking the receiver's appointment is determined to be probable and either:

(i) The property or its revenue-producing potential is in danger of being lost or materially injured or impaired; or

(ii) The appointment of a receiver with respect to the real or personal property that is the subject of the action, the notice of trustee's sale or notice of forfeiture is provided for by agreement or is reasonably necessary to effectuate or enforce an assignment of rents or other revenues from the property;

(c) After judgment, in order to give effect to the judgment;

(d) To dispose of property according to provisions of a judgment dealing with its disposition;

(e) To the extent that property is not exempt from execution, at the instance of a judgment creditor either before or after the issuance of any execution, to preserve or protect it, or prevent its transfer;

(f) If and to the extent that property is subject to execution to satisfy a judgment, to preserve the property during the pendency of an appeal, or when an execution has been returned unsatisfied, or when an order requiring a judgment debtor to appear for proceedings supplemental to judgment has been issued and the judgment debtor fails to submit to examination as ordered;

(g) Upon an attachment of real or personal property when the property attached is of a perishable nature or is otherwise in danger of waste, impairment, or destruction, or where the abandoned property's owner has absconded with, secreted, or abandoned the property, and it is necessary to collect, conserve, manage, control, or protect it, or to dispose of it promptly, or when the court determines that the nature of the property or the exigency of the case otherwise provides cause for the appointment of a receiver;

(h) In an action by a transferor of real or personal property to avoid or rescind the transfer on the basis of fraud, or in an action to subject property or a fund to the payment of a debt;

(i) In an action against any person who is not an individual if the object of the action is the dissolution of that person, or if that person has been dissolved, or if that person is insolvent or is not generally paying the person's debts as those debts become due unless they are the subject of bona fide dispute, or if that person is in imminent danger of insolvency;

(j) In accordance with RCW 7.08.030 (4) and (6), in cases in which a general assignment for the benefit of creditors has been made;

(p) Under RCW 19.40.071(3), in connection with a proceeding for relief with respect to a transfer fraudulent as to a creditor or creditors;

(nn) In such other cases as may be provided for by law, or when, in the discretion of the court, it may be necessary to secure ample justice to the parties.

(2) The superior courts of this state shall appoint as receiver of property located in this state a person who has been appointed by a federal or state court located elsewhere as receiver with respect to the property specifically or with respect to the owner's property generally, upon the application of the person or of any party to that foreign proceeding, and following the appointment shall give effect to orders, judgments, and decrees of the foreign court affecting the property in this state held by the receiver, unless the court determines that to do so would be manifestly unjust or inequitable. The venue of such a proceeding may be any county in which the person resides or maintains any office, or any county in which any property over which the receiver is to be appointed is located at the time the proceeding is commenced.

(3) At least seven days' notice of any application for the appointment of a receiver shall be given to the owner of property to be subject thereto and to all other parties in the action, and to other parties in interest as the court may require. If any execution by a judgment creditor under Title 6 RCW or any application by a judgment creditor for the appointment of a receiver, with respect to property over which the receiver's appointment is sought, is pending in any other action at the time the application is made, then notice of the application for the receiver's appointment also shall be given to the judgment creditor in the other action. The court may shorten or expand the period for notice of an application for the appointment of a receiver upon good cause shown.

(4) The order appointing a receiver in all cases shall reasonably describe the property over which the receiver is to take charge, by category, individual items, or both if the receiver is to take charge of less than all of the owner's property. If the order appointing a receiver does not expressly limit the receiver's authority to designated property or categories of property of the owner, the receiver is a general receiver with the authority to take charge over all of the owner's property, wherever located.

(5) The court may condition the appointment of a receiver upon the giving of security by the person seeking the receiver's appointment, in such amount as the court may specify, for the payment of costs and damages incurred or suffered by any person should it later be determined that the appointment of the receiver was wrongfully obtained.

NEW SECTION. Sec. 5. A new section is added to chapter 7.60 RCW to read as follows:

ELIGIBILITY TO SERVE AS RECEIVER. Except as provided in this chapter or otherwise by statute, any person, whether or not a resident of this state, may serve as a receiver, with the exception that a person may not be appointed as a receiver, and shall be replaced as receiver if already appointed, if it should appear to the court that the person:

(1) Has been convicted of a felony or other crime involving moral turpitude or is controlled by a person who has been convicted of a felony or other crime involving moral turpitude;

(2) Is a party to the action, or is a parent, grandparent, child, grandchild, sibling, partner, director, officer, agent, attorney, employee, secured or unsecured creditor or lienor of, or holder of any equity interest in, or controls or is controlled by, the person whose property is to be held by the receiver, or who is the agent or attorney of any disqualified person;

(3) Has an interest materially adverse to the interest of persons to be affected by the receivership generally; or

(4) Is the sheriff of any county.

NEW SECTION. Sec. 6. A new section is added to chapter 7.60 RCW to read as follows:

RECEIVER'S BOND. Except as otherwise provided for by statute or court rule, before entering upon duties of receiver, a receiver shall execute a bond with one or more sureties approved by the court, in the amount the court specifies, conditioned that the receiver will faithfully discharge the duties of receiver in accordance with orders of the court and state law. Unless otherwise ordered by the court, the receiver's bond runs in favor of all persons having an interest in the receivership proceeding or property held by the receiver and in favor of state agencies. The receiver's bond must provide substantially as follows:

[Signature of Surety]

The court, in lieu of a bond, may approve the posting of alternative security, such as a letter of credit or a deposit of funds with the clerk of the court, to be held by the clerk to secure the receiver's faithful performance of the receiver's duties in accordance with orders of the court and state law until the court authorizes the release or return of the deposited sums. No part of the property over which the receiver is appointed may be used in making the deposit; however, any interest that may accrue on a deposit ordered by the court shall be remitted to the receiver upon the receiver's discharge. A claim against the bond shall be made within one year from the date the receiver is discharged. Claims by state agencies against the bond shall have priority.

NEW SECTION. Sec. 7. A new section is added to chapter 7.60 RCW to read as follows:

POWERS OF THE COURT. Except as otherwise provided for by this chapter, the court in all cases has exclusive authority over the receiver, and the exclusive possession and right of control with respect to all real property and all tangible and intangible personal property with respect to which the receiver is appointed, wherever located, and the exclusive jurisdiction to determine all controversies relating to the collection, preservation, application, and distribution of all the property, and all claims against the receiver arising out of the exercise of the receiver's powers or the performance of the receiver's duties. However, the court does not have exclusive jurisdiction over actions in which a state agency is a party and in which a statute expressly vests jurisdiction or venue elsewhere.

NEW SECTION. Sec. 8. A new section is added to chapter 7.60 RCW to read as follows:

POWERS AND DUTIES OF RECEIVER GENERALLY. (1) A receiver has the following powers and authority in addition to those specifically conferred by this chapter or otherwise by statute, court rule, or court order:

(a) The power to incur or pay expenses incidental to the receiver's preservation and use of the property with respect to which the appointment applies, and otherwise in the performance of the receiver's duties, including the power to pay obligations incurred prior to the receiver's appointment if and to the extent that payment is determined by the receiver to be prudent in order to preserve the value of property in the receiver's possession and the funds used for this purpose are not subject to any lien or right of setoff in favor of a creditor who has not consented to the payment and whose interest is not otherwise adequately protected;

(b) If the appointment applies to all or substantially all of the property of an operating business or any revenue-producing property of any person, to do all things which the owner of the business or property might do in the ordinary course of the operation of the business as a going concern or use of the property including, but not limited to, the purchase and sale of goods or services in the ordinary course of such business, and the incurring and payment of expenses of the business or property in the ordinary course;

(c) The power to assert any rights, claims, or choses in action of the person over whose property the receiver is appointed relating thereto, if and to the extent that the claims are themselves property within the scope of the appointment or relate to any property, to maintain in the receiver's name or in the name of such a person any action to enforce any right, claim, or chose in action, and to intervene in actions in which the person over whose property the receiver is appointed is a party for the purpose of exercising the powers under this subsection (1)(c);

(d) The power to intervene in any action in which a claim is asserted against the person over whose property the receiver is appointed relating thereto, for the purpose of prosecuting or defending the claim and requesting the transfer of venue of the action to the court. However, the court shall not transfer actions in which both a state agency is a party and as to which a statute expressly vests jurisdiction or venue elsewhere. This power is exercisable with court approval in the case of a liquidating receiver, and with or without court approval in the case of a general receiver;

(e) The power to assert rights, claims, or choses in action of the receiver arising out of transactions in which the receiver is a participant;

(f) The power to pursue in the name of the receiver any claim under chapter 19.40 RCW assertable by any creditor of the person over whose property the receiver is appointed, if pursuit of the claim is determined by the receiver to be appropriate;

(g) The power to seek and obtain advice or instruction from the court with respect to any course of action with respect to which the receiver is uncertain in the exercise of the receiver's powers or the discharge of the receiver's duties;

(h) The power to obtain appraisals with respect to property in the hands of the receiver;

(i) The power by subpoena to compel any person to submit to an examination under oath, in the manner of a deposition in a civil case, with respect to estate property or any other matter that may affect the administration of the receivership; and

(j) Other powers as may be conferred upon the receiver by the court or otherwise by statute or rule.

(2) A receiver has the following duties in addition to those specifically conferred by this chapter or otherwise by statute or court rule:

(a) The duty to notify all federal and state taxing and applicable regulatory agencies of the receiver's appointment in accordance with any applicable laws imposing this duty, including but not limited to 26 U.S.C. Sec. 6036 and RCW 51.14.073, 51.16.160, and 82.32.240, or any successor statutes;

(d) Other duties as the receiver may be directed to perform by the court or as may be provided for by statute or rule.

(3) The various powers and duties of a receiver provided for by this chapter may be expanded, modified, or limited by order of the court for good cause shown.

NEW SECTION. Sec. 9. A new section is added to chapter 7.60 RCW to read as follows:

TURNOVER OF PROPERTY. Upon demand by a receiver appointed under this chapter, any person shall turn over any property over which the receiver has been appointed that is within the possession or control of that person unless otherwise ordered by the court for good cause shown. A receiver by motion may seek to compel turnover of estate property unless there exists a bona fide dispute with respect to the existence or nature of the receiver's interest in the property, in which case turnover shall be sought by means of an action under section 18 of this act. In the absence of a bona fide dispute with respect to the receiver's right to possession of estate property, the failure to relinquish possession and control to the receiver shall be punishable as a contempt of the court.

NEW SECTION. Sec. 10. A new section is added to chapter 7.60 RCW to read as follows:

(4) When schedules are filed by a person making a general assignment of property for the benefit of creditors under chapter 7.08 RCW, the schedules shall be duly verified upon oath by such person.

(5) The receiver shall obtain an appraisal or other independent valuation of the property in the receiver's possession if ordered by the court.

(6) The receiver shall file a complete inventory of the property in the receiver's possession if ordered by the court.

NEW SECTION. Sec. 12. A new section is added to chapter 7.60 RCW to read as follows:

RECEIVER'S REPORTS. A general receiver shall file with the court a monthly report of the receiver's operations and financial affairs unless otherwise ordered by the court. Except as otherwise ordered by the court, each report of a general receiver shall be due by the last day of the subsequent month and shall include the following:

(1) A balance sheet;

(2) A statement of income and expenses;

(3) A statement of cash receipts and disbursements;

(4) A statement of accrued accounts receivable of the receiver. The statement shall disclose amounts considered to be uncollectable;

(5) A statement of accounts payable of the receiver, including professional fees. The statement shall list the name of each creditor and the amounts owing and remaining unpaid over thirty days; and

(6) A tax disclosure statement, which shall list postfiling taxes due or tax deposits required, the name of the taxing agency, the amount due, the date due, and an explanation for any failure to make payments or deposits.

A custodial receiver shall file with the court all such reports the court may require.

NEW SECTION. Sec. 13. A new section is added to chapter 7.60 RCW to read as follows:

AUTOMATIC STAY OF CERTAIN PROCEEDINGS. (1) Except as otherwise ordered by the court, the entry of an order appointing a general receiver or a custodial receiver with respect to all of a person's property shall operate as a stay, applicable to all persons, of:

(a) The commencement or continuation, including the issuance or employment of process, of a judicial, administrative, or other action or proceeding against the person over whose property the receiver is appointed that was or could have been commenced before the entry of the order of appointment, or to recover a claim against the person that arose before the entry of the order of appointment;

(b) The enforcement, against the person over whose property the receiver is appointed or any estate property, of a judgment obtained before the order of appointment;

(c) Any act to obtain possession of estate property from the receiver, or to interfere with, or exercise control over, estate property;

(d) Any act to create, perfect, or enforce any lien or claim against estate property except by exercise of a right of setoff, to the extent that the lien secures a claim against the person that arose before the entry of the order of appointment; or

(e) Any act to collect, assess, or recover a claim against the person that arose before the entry of the order of appointment.

(2) The stay shall automatically expire as to the acts specified in subsection (1)(a), (b), and (e) of this section sixty days after the entry of the order of appointment unless before the expiration of the sixty-day period the receiver, for good cause shown, obtains an order of the court extending the stay, after notice and a hearing. A person whose action or proceeding is stayed by motion to the court may seek relief from the stay for good cause shown. Any judgment obtained against the person over whose property the receiver is appointed or estate property following the entry of the order of appointment is not a lien against estate property unless the receivership is terminated prior to a conveyance of the property against which the judgment would otherwise constitute a lien.

(3) The entry of an order appointing a receiver does not operate as a stay of:

(a) The commencement or continuation of a criminal proceeding against the person over whose property the receiver is appointed;

(b) The commencement or continuation of an action or proceeding to establish paternity, or to establish or modify an order for alimony, maintenance, or support, or to collect alimony, maintenance, or support under any order of a court;

(c) Any act to perfect, or to maintain or continue the perfection of, an interest in estate property if the interest perfected would be effective against a creditor of the person over whose property the receiver is appointed holding at the time of the entry of the order of appointment either a perfected nonpurchase money security interest under chapter 62A.9A RCW against the property involved, or a lien by attachment, levy, or the like, whether or not such a creditor exists. If perfection of an interest would require seizure of the property involved or the commencement of an action, the perfection shall instead be accomplished by filing, and by serving upon the receiver, or receiver's counsel, if any, notice of the interest within the time fixed by law for seizure or commencement;

(d) The commencement or continuation of an action or proceeding by a governmental unit to enforce its police or regulatory power;

(e) The enforcement of a judgment, other than a money judgment, obtained in an action or proceeding by a governmental unit to enforce its police or regulatory power, or with respect to any licensure of the person over whose property the receiver is appointed;

(f) The exercise of a right of setoff, including but not limited to (i) any right of a commodity broker, forward contract merchant, stockbroker, financial institution, or securities clearing agency to set off a claim for a margin payment or

settlement payment arising out of a commodity contract, forward contract, or securities contract against cash, securities, or other property held or due from the commodity broker, forward contract merchant, stockbroker, financial institution, or securities clearing agency to margin, guarantee, secure, or settle the commodity contract, forward contract, or securities contract, and (ii) any right of a swap participant to set off a claim for a payment due to the swap participant under or in connection with a swap agreement against any payment due from the swap participant under or in connection with the swap agreement or against cash, securities, or other property of the debtor held by or due from the swap participant to guarantee, secure, or settle the swap agreement; or

(g) The establishment by a governmental unit of any tax liability and any appeal thereof.

NEW SECTION. Sec. 14. A new section is added to chapter 7.60 RCW to read as follows:

UTILITY SERVICE. A utility providing service to estate property may not alter, refuse, or discontinue service to the property without first giving the receiver fifteen days' notice of any default or intention to alter, refuse, or discontinue service to estate property. This section does not prohibit the court, upon motion by the receiver, to prohibit the alteration or cessation of utility service if the receiver can furnish adequate assurance of payment, in the form of deposit or other security, for service to be resumed after entry of the order appointing the receiver.

NEW SECTION. Sec. 15. A new section is added to chapter 7.60 RCW to read as follows:

EXECUTORY CONTRACTS AND UNEXPIRED LEASES. (1) A general receiver may assume or reject any executory contract or unexpired lease of the person over whose property the receiver is appointed upon order of the court following notice to the other party to the contract or lease upon notice and a hearing. The court may condition assumption or rejection of any executory contract or unexpired lease on the terms and conditions the court believes are just and proper under the particular circumstances of the case. A general receiver's performance of an executory contract or unexpired lease prior to the court's authorization of its assumption or rejection shall not constitute an assumption of the contract or lease, or an agreement by the receiver to assume it, nor otherwise preclude the receiver thereafter from seeking the court's authority to reject it.

(2) Any obligation or liability incurred by a general receiver on account of the receiver's assumption of an executory contract or unexpired lease shall be treated as an expense of the receivership. A general receiver's rejection of an executory contract or unexpired lease shall be treated as a breach of the contract or lease occurring immediately prior to the receiver's appointment; and the receiver's right to possess or use property pursuant to any executory contract or lease shall terminate upon rejection of the contract or lease. The other party to an executory contract or unexpired lease that is rejected by a general receiver may take such steps as may be necessary under applicable law to terminate or cancel the contract or lease. The claim of a party to an executory contract or unexpired lease resulting from a general receiver's rejection of it shall be served upon the receiver in the manner provided for by section 23 of this act within thirty days following the rejection.

(3) A general receiver's power under this section to assume an executory contract or unexpired lease shall not be affected by any provision in the contract or lease that would effect or permit a forfeiture, modification, or termination of it on account of either the receiver's appointment, the financial condition of the person over whose property the receiver is appointed, or an assignment for the benefit of creditors by that person.

(4) A general receiver may not assume an executory contract or unexpired lease of the person over whose property the receiver is appointed without the consent of the other party to the contract or lease if:

(a) Applicable law would excuse a party, other than the person over whose property the receiver is appointed, from accepting performance from or rendering performance to anyone other than the person even in the absence of any provisions in the contract or lease expressly restricting or prohibiting an assignment of the person's rights or the performance of the person's duties;

(b) The contract or lease is a contract to make a loan or extend credit or financial accommodations to or for the benefit of the person over whose property the receiver is appointed, or to issue a security of the person; or

(c) The executory contract or lease expires by its own terms, or under applicable law prior to the receiver's assumption thereof.

(5) A receiver may not assign an executory contract or unexpired lease without assuming it, absent the consent of the other parties to the contract or lease.

(6) If the receiver rejects an executory contract or unexpired lease for:

(a) The sale of real property under which the person over whose property the receiver is appointed is the seller and the purchaser is in possession of the real property;

(b) The sale of a real property timeshare interest under which the person over whose property the receiver is appointed is the seller;

(c) The license of intellectual property rights under which the person over whose property the receiver is appointed is the licensor; or

(d) The lease of real property in which the person over whose property the receiver is appointed is the lessor; then the purchaser, licensee, or lessee may treat the rejection as a termination of the contract, license agreement, or lease, or alternatively, the purchaser, licensee, or lessee may remain in possession in which case the purchaser, licensee, or lessee shall continue to perform all obligations arising thereunder as and when they may fall due, but may offset against any payments any damages occurring on account of the rejection after it occurs. The purchaser of real property in such a case is entitled to receive from the receiver any deed or any other instrument of conveyance which the person over whose property the receiver is appointed is obligated to deliver under the executory contract when the purchaser becomes entitled to receive it, and the deed or instrument has the same force and effect as if given by the person. A purchaser, licensee, or lessee who elects to remain in possession under the terms of this subsection has no rights against the receiver on account of any damages arising from the receiver's rejection except as expressly provided for by this subsection. A purchaser of real property who elects to treat rejection of an executory contract as a termination has a lien against the interest in that real property of the person over whose property the receiver is appointed for the recovery of any portion of the purchase price that the purchaser has paid.

(7) Any contract with the state shall be deemed rejected if not assumed within sixty days of appointment of a general receiver unless the receiver and state agency agree to its assumption.

(8) Nothing in this chapter affects the enforceability of antiassignment prohibitions provided under contract or applicable law.

NEW SECTION. Sec. 16. A new section is added to chapter 7.60 RCW to read as follows:

RECEIVERSHIP FINANCING. (1) If a receiver is authorized to operate the business of a person or manage a person's property, the receiver may obtain unsecured credit and incur unsecured debt in the ordinary course of business allowable under section 25(1)(a) of this act as an administrative expense of the receiver without order of the court.

(2) The court, after notice and a hearing, may authorize a receiver to obtain credit or incur indebtedness other than in the ordinary course of business. The court may allow the receiver to mortgage, pledge, hypothecate, or otherwise encumber estate property as security for repayment of any indebtedness that the receiver may incur.

NEW SECTION. Sec. 17. A new section is added to chapter 7.60 RCW to read as follows:

ABANDONMENT OF PROPERTY. The receiver, or any party in interest, upon order of the court following notice and a hearing, and upon the conditions or terms the court considers just and proper, may abandon any estate property that is burdensome to the receiver or is of inconsequential value or benefit. However, a receiver may not abandon property that is a hazard or potential hazard to the public in contravention of a state statute or rule that is reasonably designed to protect the public health or safety from identified hazards, including but not limited to chapters 70.105 and 70.105D RCW. Property that is abandoned no longer constitutes estate property.

NEW SECTION. Sec. 18. A new section is added to chapter 7.60 RCW to read as follows:

ACTIONS BY AND AGAINST THE RECEIVER OR AFFECTING PROPERTY HELD BY RECEIVER. (1) The receiver has the right to sue and be sued in the receiver's capacity as such, without leave of court, in all cases necessary or proper for the conduct of the receivership. However, action seeking to dispossess the receiver of any estate property or otherwise to interfere with the receiver's management or control of any estate property may not be maintained or continued unless permitted by order of the court obtained upon notice and a hearing.

(2) Litigation by or against a receiver is adjunct to the receivership case. The clerk of the court shall assign a cause number that reflects the relationship of any litigation to the receivership case. All pleadings in adjunct litigation shall include the cause number of the receivership case as well as the adjunct litigation number assigned by the clerk of the court. All adjunct litigation shall be referred to the judge, if any, assigned to the receivership case.

(3) The receiver may be joined or substituted as a party in any suit or proceeding that was pending at the time of the receiver's appointment and in which the person over whose property the receiver is appointed is a party, upon application by the receiver to the court or agency before which the action is pending.

(4) Venue for adjunct litigation by or against the receiver shall lie in the court in which the receivership is pending, if the courts of this state have jurisdiction over the cause. Actions in other courts in this state shall be transferred to the court upon the receiver's filing of a motion for change of venue, provided that the receiver files the motion within thirty days following service of original process upon the receiver. However, actions in other courts or forums in which a state agency is a party shall not be transferred on request of the receiver absent consent of the affected state agency or grounds provided under other applicable law.

(5) Action by or against a receiver does not abate by reason of death or resignation of the receiver, but continues against the successor receiver or against the entity in receivership, if a successor receiver is not appointed.

(6) Whenever the assets of any domestic or foreign corporation, that has been doing business in this state, has been placed in the hands of any general receiver and the receiver is in possession of its assets, service of all process upon the corporation may be made upon the receiver.

(7) A judgment against a general receiver is not a lien on the property or funds of the receivership, nor shall any execution issue thereon, but upon entry of the judgment in the court in which a general receivership is pending, or upon filing in a general receivership of a certified copy of the judgment from another jurisdiction, the judgment shall be treated as an allowed claim in the receivership. A judgment against a custodial receiver shall be treated and has the same effect as a judgment against the person over whose property the receiver is appointed, except that the judgment is not enforceable against estate property unless otherwise ordered by the court upon notice and a hearing.

NEW SECTION. Sec. 19. A new section is added to chapter 7.60 RCW to read as follows:

PERSONAL LIABILITY OF RECEIVER. (1)(a) The receiver is personally liable to the person over whose property the receiver is appointed or its record or beneficial owners, or to the estate, for loss or diminution in value of or damage to estate property, only if (i) the loss or damage is caused by a failure on the part of the receiver to comply with an order of the court, or (ii) the loss or damage is caused by an act or omission for which members of a board of directors of a business corporation organized and existing under the laws of this state who vote to approve the act or omission are liable to the corporation in cases in which the liability of directors is limited to the maximum extent permitted by RCW 23B.08.320.

(b) A general receiver is personally liable to state agencies for failure to remit sales tax collected after appointment. A custodial receiver is personally liable to state agencies for failure to remit sales tax collected after appointment with regard to assets administered by the receiver.

(2) The receiver has no personal liability to a person other than the person over whose property the receiver is appointed or its record or beneficial owners for any loss or damage occasioned by the receiver's performance of the duties imposed by the appointment, or out of the receiver's authorized operation of any business of a person, except loss or damage occasioned by fraud on the part of the receiver, by acts intended by the receiver to cause loss or damage to the specific claimant, or by acts or omissions for which an officer of a business corporation organized and existing under the laws of this state are liable to the claimant under the same circumstances.

(3) Notwithstanding subsections (1)(a) and (2) of this section, a receiver has no personal liability to any person for acts or omissions of the receiver specifically contemplated by any order of the court.

(4) A person other than a successor receiver duly appointed by the court does not have a right of action against a receiver under this section to recover property or the value thereof for or on behalf of the estate.

NEW SECTION. Sec. 20. A new section is added to chapter 7.60 RCW to read as follows:

EMPLOYMENT AND COMPENSATION OF PROFESSIONALS. (1) The receiver, with the court's approval, may employ one or more attorneys, accountants, appraisers, auctioneers, or other professional persons that do not hold or represent an interest adverse to the estate to represent or assist the receiver in carrying out the receiver's duties.

(2) A person is not disqualified for employment under this section solely because of the person's employment by, representation of, or other relationship with a creditor or other party in interest, if the relationship is disclosed in the

application for the person's employment and if the court determines that there is no actual conflict of interest or inappropriate appearance of a conflict.

(3) This section does not preclude the court from authorizing the receiver to act as attorney or accountant if the authorization is in the best interests of the estate.

(4) The receiver, and any professionals employed by the receiver, is permitted to file an itemized billing statement with the court indicating both the time spent, billing rates of all who perform work to be compensated, and a detailed list of expenses and serve copies on any person who has been joined as a party in the action, or any person requesting the same, advising that unless objections are filed with the court, the receiver may make the payments specified in the notice. If an objection is filed, the receiver or professional whose compensation is affected may request the court to hold a hearing on the objection on five days' notice to the persons who have filed objections. If the receiver is a custodial receiver appointed in aid of foreclosure, payment of fees and expenses may be allowed upon the stipulation of any creditor holding a security interest in the property for whose benefit the receiver is appointed.

NEW SECTION. Sec. 21. A new section is added to chapter 7.60 RCW to read as follows:

(5) The receiver shall give not less than ten days' written notice by mail of any examination by the receiver of the person with respect to whose property the receiver has been appointed and to persons who serve and file an appearance in the proceeding.

NEW SECTION. Sec. 23. A new section is added to chapter 7.60 RCW to read as follows:

SUBMISSION OF CLAIMS IN GENERAL RECEIVERSHIPS. (1) All claims, whether contingent, liquidated, unliquidated, or disputed, other than claims of creditors with security interests in or other liens against property of the estate, arising prior to the receiver's appointment, must be served in accordance with this chapter, and any claim not so filed is barred from participating in any distribution to creditors in any general receivership.

(2) Claims must be served by delivering the claim to the general receiver within thirty days from the date notice is given by mail under this section, unless the court reduces or extends the period for cause shown, except that a claim arising from the rejection of an executory contract or an unexpired lease of the person over whose property the receiver is appointed may be filed within thirty days after the rejection. Claims need not be filed. Claims must be served by state agencies on the general receiver within one hundred eighty days from the date notice is given by mail under this section.

(3) Claims must be in written form entitled "Proof of Claim," setting forth the name and address of the creditor and the nature and amount of the claim, and executed by the creditor or the creditor's authorized agent. When a claim, or an interest in estate property of securing the claim, is based on a writing, the original or a copy of the writing must be included as a part of the proof of claim, together with evidence of perfection of any security interest or other lien asserted by the claimant.

(4) A claim, executed and served in accordance with this section, constitutes prima facie evidence of the validity and amount of the claim.

NEW SECTION. Sec. 24. A new section is added to chapter 7.60 RCW to read as follows:

OBJECTION TO AND ALLOWANCE OF CLAIMS. (1) At any time prior to the entry of an order approving the general receiver's final report, the general receiver or any party in interest may file with the court an objection to a claim, which objection must be in writing and must set forth the grounds for the objection. A copy of the objection, together with notice of hearing, must be mailed to the creditor at least thirty days prior to the hearing. Claims properly served upon the general receiver and not disallowed by the court are entitled to share in distributions from the estate in accordance with the priorities provided for by this chapter or otherwise by law.

(2) Upon the request of a creditor, the general receiver, or any party in interest objecting to the creditor's claim, or upon order of the court, an objection is subject to mediation prior to adjudication of the objection, under the rules or orders adopted or issued with respect to mediations. However, state claims are not subject to mediation absent agreement of the state.

(3) Upon motion of the general receiver or other party in interest, the following claims may be estimated for purpose of allowance under this section under the rules or orders applicable to the estimation of claims under this subsection:

(a) Any contingent or unliquidated claim, the fixing or liquidation of which, as the case may be, would unduly delay the administration of the case; or

(b) Any right to payment arising from a right to an equitable remedy for breach of performance.

Claims subject to this subsection shall be allowed in the estimated amount thereof.

NEW SECTION. Sec. 25. A new section is added to chapter 7.60 RCW to read as follows:

PRIORITIES. (1) Allowed claims in a general receivership shall receive distribution under this chapter in the order of priority under (a) through (h) of this subsection and, with the exception of (a) and (c) of this subsection, on a pro rata basis.

(a) Creditors with liens on property of the estate, which liens are duly perfected under applicable law, shall receive the proceeds from the disposition of their collateral. However, the receiver may recover from property securing an allowed secured claim the reasonable, necessary expenses of preserving, protecting, or disposing of the property to the extent of any benefit to the creditors. If and to the extent that the proceeds are less than the amount of a creditor's allowed claim or a creditor's lien is avoided on any basis, the creditor is an unsecured claim under (h) of this subsection. Secured claims shall be paid from the proceeds in accordance with their respective priorities under otherwise applicable law.

(b) Actual, necessary costs and expenses incurred during the administration of the estate, other than those expenses allowable under (a) of this subsection, including allowed fees and reimbursement of reasonable charges and expenses of the receiver and professional persons employed by the receiver under section 20 of this act. Notwithstanding (a) of this subsection, expenses incurred during the administration of the estate have priority over the secured claim of any creditor obtaining or consenting to the appointment of the receiver.

(c) Creditors with liens on property of the estate, which liens have not been duly perfected under applicable law, shall receive the proceeds from the disposition of their collateral if and to the extent that unsecured claims are made subject to those liens under applicable law.

(d) Claims for wages, salaries, or commissions, including vacation, severance, and sick leave pay, or contributions to an employee benefit plan, earned by the claimant within ninety days of the date of appointment of the receiver or the cessation of the estate's business, whichever occurs first, but only to the extent of two thousand dollars.

(e) Allowed unsecured claims, to the extent of nine hundred dollars for each individual, arising from the deposit with the person over whose property the receiver is appointed before the date of appointment of the receiver of money in connection with the purchase, lease, or rental of property or the purchase of services for personal, family, or household use by individuals that were not delivered or provided.

(f) Claims for a support debt as defined in RCW 74.20A.020(10), but not to the extent that the debt (i) is assigned to another entity, voluntarily, by operation of law, or otherwise; or (ii) includes a liability designated as a support obligation unless that liability is actually in the nature of a support obligation.

(g) Unsecured claims of governmental units for taxes which accrued prior to the date of appointment of the receiver.

(h) Other unsecured claims.

(2) If all of the classes under subsection (1) of this section have been paid in full, any residue shall be paid to the person over whose property the receiver is appointed.

NEW SECTION. Sec. 26. A new section is added to chapter 7.60 RCW to read as follows:

SECURED CLAIMS AGAINST AFTER-ACQUIRED PROPERTY. Except as otherwise provided for by statute, property acquired by the estate or by the person over whose property the receiver is appointed after the date of appointment of the receiver is subject to an allowed secured claim to the same extent as would be the case in the absence of a receivership.

NEW SECTION. Sec. 27. A new section is added to chapter 7.60 RCW to read as follows:

INTEREST ON CLAIMS. To the extent that funds are available in the estate for distribution to creditors in a general receivership, the holder of an allowed noncontingent, liquidated claim is entitled to receive interest at the legal rate or other applicable rate from the date of appointment of the receiver or the date on which the claim became a noncontingent, liquidated claim. If there are sufficient funds in the estate to fully pay all interest owing to all members of the class, then interest shall be paid proportionately to each member of the class.

NEW SECTION. Sec. 28. A new section is added to chapter 7.60 RCW to read as follows:

RECEIVER'S DISPOSITION OF PROPERTY--SALES FREE AND CLEAR. (1) The receiver, with the court's approval after notice and a hearing, may use, sell, or lease estate property other than in the ordinary course of business. Except in the case of a leasehold estate with a remaining term of less than two years or a vendor's interest in a real estate contract, estate property consisting of real property may not be sold by a custodial receiver other than in the ordinary course of business.

(2) The court may order that a general receiver's sale of estate property under subsection (1) of this section be effected free and clear of liens and of all rights of redemption, whether or not the sale will generate proceeds sufficient to fully satisfy all claims secured by the property, unless either:

(a) The property is real property used principally in the production of crops, livestock, or aquaculture, or the property is a homestead under RCW 6.13.010(1), and the owner of the property has not consented to the sale following the appointment of the receiver; or

(b) The owner of the property or a creditor with an interest in the property serves and files a timely opposition to the receiver's sale, and the court determines that the amount likely to be realized by the objecting person from the receiver's sale is less than the person would realize within a reasonable time in the absence of the receiver's sale.

Upon any sale free and clear of liens authorized by this section, all security interests and other liens encumbering the property conveyed transfer and attach to the proceeds of the sale, net of reasonable expenses incurred in the disposition of the property, in the same order, priority, and validity as the liens had with respect to the property immediately before the conveyance. The court may authorize the receiver at the time of sale to satisfy, in whole or in part, any allowed claim secured by the property out of the proceeds of its sale if the interest of any other creditor having a lien against the proceeds of the sale would not thereby be impaired.

(3) At a public sale of property under subsection (1) of this section, a creditor with an allowed claim secured by a lien against the property to be sold may bid at the sale of the property. A secured creditor who purchases the property from a receiver may offset against the purchase price its allowed secured claim against the property, provided that the secured creditor tenders cash sufficient to satisfy in full all secured claims payable out of the proceeds of sale having priority over the secured creditor's secured claim. If the lien or the claim it secures is the subject of a bona fide dispute, the court may order the holder of the claim to provide the receiver with adequate security to assure full payment of the purchase price in the event the lien, the claim, or any part thereof is determined to be invalid or unenforceable.

(4) If estate property includes an interest as a coowner of property, the receiver shall have the rights and powers of a coowner afforded by applicable state or federal law, including but not limited to any rights of partition.

(5) The reversal or modification on appeal of an authorization to sell or lease estate property under this section does not affect the validity of a sale or lease under that authorization to an entity that purchased or leased the property in good faith, whether or not the entity knew of the pendency of the appeal, unless the authorization and sale or lease were stayed pending the appeal.

NEW SECTION. Sec. 29. A new section is added to chapter 7.60 RCW to read as follows:

ANCILLARY RECEIVERSHIPS. (1) A receiver appointed in any action pending in the courts of this state, without first seeking approval of the court, may apply to any court outside of this state for appointment as receiver with respect to any property or business of the person over whose property the receiver is appointed constituting estate property which is located in any other jurisdiction, if the appointment is necessary to the receiver's possession, control, management, or disposition of property in accordance with orders of the court.

(2) A receiver appointed by a court of another state, or by a federal court in any district outside of this state, or any other person having an interest in that proceeding, may obtain appointment by a superior court of this state of that same receiver with respect to any property or business of the person over whose property the receiver is appointed constituting property of the foreign receivership that is located in this jurisdiction, if the person is eligible under section 5 of this act to serve as receiver, and if the appointment is necessary to the receiver's possession, control, or disposition of the property in accordance with orders of the court in the foreign proceeding. The superior court upon the receiver's request shall enter the orders, not offensive to the laws and public policy of this state, necessary to effectuate orders entered by the court in the foreign receivership proceeding. A receiver appointed in an ancillary receivership in this state is required to comply with this chapter requiring notice to creditors or other parties in interest only as may be required by the superior court in the ancillary receivership.

NEW SECTION. Sec. 30. A new section is added to chapter 7.60 RCW to read as follows:

RESIGNATION OR REMOVAL OF RECEIVER. (1) The court shall remove or replace the receiver on application of the person over whose property the receiver is appointed, the receiver, or any creditor, or on the court's own motion, if the receiver fails to execute and file the bond required by section 6 of this act, or if the receiver resigns or refuses or fails to serve for any reason, or for other good cause.

(2) Upon removal, resignation, or death of the receiver, the court shall appoint a successor receiver if the court determines that further administration of the estate is required. Upon executing and filing a bond under section 6 of this act, the successor receiver shall immediately take possession of the estate and assume the duties of receiver.

(3) Whenever the court is satisfied that the receiver so removed or replaced has fully accounted for and turned over to the successor receiver appointed by the court all of the property of the estate and has filed a report of all receipts and disbursements during the person's tenure as receiver, the court shall enter an order discharging that person from all further duties and responsibilities as receiver after notice and a hearing.

NEW SECTION. Sec. 31. A new section is added to chapter 7.60 RCW to read as follows:

TERMINATION OF RECEIVERSHIP. (1) Upon distribution or disposition of all property of the estate, or the completion of the receiver's duties with respect to estate property, the receiver shall move the court to be discharged upon notice and a hearing.

(2) The receiver's final report and accounting setting forth all receipts and disbursements of the estate shall be annexed to the petition for discharge and filed with the court.

(3) Upon approval of the final report, the court shall discharge the receiver.

(4) The receiver's discharge releases the receiver from any further duties and responsibilities as receiver under this chapter.

(5) Upon motion of any party in interest, or upon the court's own motion, the court has the power to discharge the receiver and terminate the court's administration of the property over which the receiver was appointed. If the court determines that the appointment of the receiver was wrongfully procured or procured in bad faith, the court may assess against the person who procured the receiver's appointment (a) all of the receiver's fees and other costs of the receivership and (b) any other sanctions the court determines to be appropriate.

NEW SECTION. Sec. 32. A new section is added to chapter 7.60 RCW to read as follows:

APPLICABILITY. This chapter applies to receivers and receiverships otherwise provided for by the laws of this state except as otherwise expressly provided for by statute or as necessary to give effect to the laws of this state. This chapter does not apply to any proceeding authorized by or commenced under Title 48 RCW.

Sec. 33. RCW 4.28.320 and 1999 c 233 s 1 are each amended to read as follows:

~~((In an action affecting the title to real property the plaintiff, at the time of filing the complaint, or at any time afterwards, or whenever a writ of attachment of property shall be issued, or at any time afterwards, the plaintiff or a defendant, when he sets up an affirmative cause of action in his answer, and demands substantive relief at the time of filing his answer, or at any time afterwards, if the same be intended to affect real property,))~~ At any time after an action affecting title to real property has been commenced, or after a writ of attachment with respect to real property has been issued in an action, or after a receiver has been appointed with respect to any real property, the plaintiff, the defendant, or such a receiver may file with the auditor of each county in which the property is situated a notice of the pendency of the action, containing the names of the parties, the object of the action, and a description of the real property in that county affected thereby. From the time of the filing only shall the pendency of the action be constructive notice to a purchaser or encumbrancer of the property affected thereby, and every person whose conveyance or encumbrance is subsequently executed or subsequently recorded shall be deemed a subsequent purchaser or encumbrancer, and shall be bound by all proceedings taken after the filing of such notice to the same extent as if he or she were a party to the action. For the purpose of this section an action shall be deemed to be pending from the time of filing such notice: PROVIDED, HOWEVER, That such notice shall be of no avail unless it shall be followed by the first publication of the summons, or by the personal service thereof on a defendant within sixty days after such filing. And the court in which the said action was commenced may, at its discretion, at any time after the action shall be settled, discontinued or abated, on application of any person aggrieved and on good cause shown and on such notice as shall be directed or approved by the court, order the notice authorized in this section to be canceled of record, in whole or in part, by the county auditor of any county in whose office the same may have been filed or recorded, and such cancellation shall be evidenced by the recording of the court order.

Sec. 34. RCW 6.32.100 and 1893 c 133 s 10 are each amended to read as follows:

~~((After a receiver has been appointed or a receivership has been extended to the special proceedings, the judge must, by order, direct the sheriff to pay the money, or the proceeds of the property, deducting his fees, to the receiver; or if the case so requires to deliver to the receiver the property in his hands. But if it appears to the satisfaction of the judge that an order appointing a receiver or extending a receivership is not necessary, he may, by an order reciting that fact,))~~ Unless a receiver has been appointed or extended with respect to money or property in the hands of the sheriff, the judge may direct the sheriff to apply the money ((so paid)), the property, or the proceeds of the property ((so delivered)), upon an execution in favor of the judgment creditor issued either before or after the payment or delivery to the sheriff.

Sec. 35. RCW 6.32.150 and 1893 c 133 s 15 are each amended to read as follows:

A special proceeding instituted as prescribed in this chapter may be discontinued at any time upon such terms as justice requires, by an order of the judge made upon the application of the judgment creditor. Where the judgment creditor unreasonably delays or neglects to proceed, or where it appears that ((his)) the judgment has been satisfied, ((his)) the special proceedings may be dismissed upon like terms by a like order made upon the application of the judgment debtor, or of plaintiff in a judgment creditor's action against the debtor, or of a judgment creditor who has instituted either of the special proceedings authorized by this chapter. ~~((Where an order appointing a receiver or extending a receivership has been made in the course of the special proceeding, notice of the application for an order specified in this section must be given in such manner as the judge deems proper, to all persons interested in the receivership as far as they can conveniently be ascertained.))~~

Sec. 36. RCW 7.08.010 and 1893 c 100 s 1 are each amended to read as follows:

No general assignment of property by an insolvent, or in contemplation of insolvency, for the benefit of creditors, shall be valid unless it be made for the benefit of all ((his)) of the assignor's creditors in proportion to the amount of their respective claims((; and after the payment of the costs and disbursements thereof, including the attorney fees allowed by law in case of judgment, out of the estate of the insolvent, such claim or claims shall be deemed as presented, and shall share pro rata with other claims as hereinafter provided)).

Sec. 37. RCW 7.08.030 and 1890 p 83 s 3 are each amended to read as follows:

~~((The debtor shall annex to such assignment an inventory, under oath, of all his estate, real and personal, according to the best of his knowledge, and also a list of his creditors, with their post office address and a list of the amount of their respective demands, but such inventory shall not be conclusive as to the amount of the debtor's estate. Every assignment shall be in writing, and duly acknowledged in the same manner as conveyances of real estate, and recorded in the record of deeds of the county where the person making the same resides, or where the business in respect to which the same is made has been carried on.))~~

(1) An assignment under this chapter must be in substantially the following form:

ASSIGNMENT

THIS ASSIGNMENT is made this day of, by and between, with a principal place of business at (hereinafter "assignor"), and whose address is (hereinafter "assignee").

In the event that all debts and liabilities are paid in full, the remainder of the estate shall be returned to the assignor.

To accomplish the purposes of this assignment, the assignor hereby irrevocably appoints the assignee as the assignor's true and lawful attorney in fact, with full power and authority to do all acts and things which may be necessary to execute and fulfill the assignment hereby created, to the same extent as such acts and things might be done by assignor in the absence of this assignment, including but not limited to the power to demand and recover from all persons all property of the estate; to sue for the recovery of such property; to execute, acknowledge, and deliver all necessary deeds, instruments, and conveyances, and to grant and convey any or all of the real or personal property of the estate pursuant thereto; and to appoint one or more attorneys to assist the assignee in carrying out the assignee's duties hereunder.

The assignor declares, under penalty of perjury under the laws of the state of Washington, that the attached list of creditors and of the property of the assignor is true and complete to the best of the assignor's knowledge.

(3) Every assignment shall be effective when a petition to appoint the assignee as receiver has been filed by the assignor, by the assignee, or by any creditor of the assignor with the clerk of the superior court in the county of the assignor's residence if the assignor is an individual or a marital community, or in the county of the assignor's principal place of business or registered office within this state if the assignor is any other person. A petition shall set forth the name and address of the assignor and the name and address of the assignee, and shall include a copy of the assignment and the schedules affixed thereto, and a request that the court fix the amount of the receiver's bond to be filed with the clerk of the court.

(4) A person to whom a general assignment of property for the benefit of creditors has been made shall be appointed as general receiver with respect to the assignor's property by the superior court upon the filing of a petition under subsection (3) of this section. Except as provided for by subsection (5) of this section, following the assignee's appointment as general receiver, all proceedings involving the administration of the assignor's property and the claims of the assignee's creditors shall be governed by the provisions of chapter 7.60 RCW applicable to general receiverships and court rules applicable thereto.

When such assignee shall have been selected by such creditors, or appointed by the superior judge as herein provided, then the assignee named in the debtor's assignment shall forthwith make to the assignee elected by the creditors or

appointed by the superior judge, an assignment and conveyance of all the estate, real and personal, that has been assigned or conveyed to him by said debtor; and such assignee so elected by the creditors or appointed by the superior judge, upon giving the bond required of an assignee by RCW 7.08.010 through 7.08.170, shall possess all the powers, and be subject to all the duties imposed by RCW 7.08.010 through 7.08.170, as fully to all intents and purposes as though named in the debtor's assignment.) a person other than the assignee named in the assignment to serve as general receiver with respect to the assignor's property, whereupon the court shall appoint the selected person as receiver under subsection (4) of this section if a receiver has not already been appointed, and shall appoint the person to replace the original assignee as receiver if the appointment already has been made, unless the court determines upon good cause shown that the appointment as receiver of the person selected by the creditors would not be in the best interests of creditors in general, in which event the court shall appoint or substitute as the receiver a person selected by the court other than the original assignee. If at least one-third of the number or amount of claims represented in person or by proxy at the meeting of creditors vote for the appointment as receiver of a person or persons other than the assignee named in the assignment, then the court upon motion of any creditor served and filed within ten days following the meeting shall appoint as receiver a person selected by the court other than the original assignee, discharging the original assignee if the person previously was appointed as receiver. A creditor may not vote at any meeting of creditors called for the purpose of determining whether a person other than the assignee named in the assignment should be appointed as receiver, until the creditor has presented to the clerk, who presides at the meeting, a proof of claim in accordance with section 23 of this act.

(6) From the time ~~((of the pending of an application to elect an assignee by the creditors, and until the time shall be terminated by an election or appointment as herein provided))~~ a motion is made to elect a new assignee in accordance with subsection (5) of this section, and until either the meeting of creditors occurs without a selection of a new assignee, or until the court enters an order appointing as receiver a person other than the original assignee if the creditors vote to select a new assignee at that meeting, no property of the ~~((debtor))~~ assignor, except perishable property, ~~((shall))~~ may be sold or disposed of by ~~((any))~~ the assignee, whether or not the assignee has been appointed as receiver; but the same shall be safely and securely kept until ~~((the election or appointment of an assignee as herein provided. Sec. 38. RCW 7.56.110 and Code 1881 s 712 are each amended to read as follows:

If judgment be rendered against any corporation or against any persons claiming to be a corporation, the court may cause the costs to be collected by executions against the persons claiming to be a corporation or by attachment against the directors or other officers of the corporation, and shall restrain the corporation, ~~((appoint a receiver of its property and effects;))~~ take an account, and make a distribution thereof among the creditors. The prosecuting attorney shall immediately institute proceedings for that purpose.

Sec. 39. RCW 11.64.022 and 1989 c 373 s 15 are each amended to read as follows:

If the surviving partner or partners fail or refuse to furnish an inventory or list of liabilities, to permit an appraisal, or to account to the personal representative, or to furnish a bond when required pursuant to RCW 11.64.016, the court shall order a citation to issue requiring the surviving partner or partners to appear and show cause why they have not furnished an inventory list of liabilities, or permitted an appraisal or why they should not account to the personal representative or file a bond. The citation shall be served not less than ten days before the return day designated therein, or such shorter period as the court upon a showing of good cause deems appropriate. If the surviving partner or partners neglect or refuse to file an inventory or list of liabilities, or to permit an appraisal, or fail to account to the court or to file a bond, after they have been directed to do so, they may be punished for a contempt of court as provided in chapter 7.21 RCW. Where the surviving partner or partners fail to file a bond after being ordered to do so by the court, the court may also appoint a receiver of the partnership estate ~~((with like powers and duties of receivers in equity))~~ under chapter 7.60 RCW, and may order the costs and expenses of the proceedings to be paid out of the partnership estate or out of the estate of the decedent, or by the surviving partner or partners personally, or partly by each of the parties.

Sec. 40. RCW 23B.14.320 and 1989 c 165 s 165 are each amended to read as follows:

(1) A court in a judicial proceeding brought to dissolve a corporation may appoint one or more receivers to wind up and liquidate, or one or more custodians to manage, the business and affairs of the corporation. The court shall hold a hearing, after notifying all parties to the proceeding and any interested persons designated by the court, before appointing a receiver or custodian. ~~((The court appointing a receiver or custodian has exclusive jurisdiction over the corporation and all of its property wherever located.))~~

(2) The court may appoint an individual or a domestic or foreign corporation, authorized to transact business in this state, as a receiver or custodian. The court may require the receiver or custodian to post bond, with or without sureties, in an amount the court directs.

~~((a) The receiver (i) may dispose of all or any part of the assets of the corporation wherever located, at a public or private sale, if authorized by the court, and (ii) may sue and defend in the receiver's own name as receiver of the corporation in all courts of this state; and~~

~~((b) The))~~ receiver or custodian may exercise all of the powers of the corporation, through or in place of its board of directors or officers, to the extent necessary to manage the affairs of the corporation in the best interests of its shareholders and creditors.

(4) The court, during a receivership, may redesignate the receiver a custodian, and during a custodianship may redesignate the custodian a receiver, if doing so is in the best interests of the corporation, its shareholders, and creditors.

(5)(a) A diversion agreement may not exceed a period of six months and may include a period extending beyond the eighteenth birthday of the divertee.

(b) If additional time is necessary for the juvenile to complete restitution to a victim, the time period limitations of this subsection may be extended by an additional six months.

(c) If the juvenile has not paid the full amount of restitution by the end of the additional six-month period, then the juvenile shall be referred to the juvenile court for entry of an order establishing the amount of restitution still owed to the victim. In this order, the court shall also determine the terms and conditions of the restitution, including a payment plan extending up to ten years if the court determines that the juvenile does not have the means to make full restitution over a shorter period. For the purposes of this subsection (5)(c), the juvenile shall remain under the court's jurisdiction for a maximum term of ten years after the juvenile's eighteenth birthday. Prior to the expiration of the initial ten-year period, the juvenile court may extend the judgment for restitution an additional ten years. The court may ~~(not require the juvenile)~~ relieve the juvenile of the requirement to pay full or partial restitution if the juvenile reasonably satisfies the court that he or she does not have the means to make full or partial restitution and could not reasonably acquire the means to pay the restitution over a ten-year period. If the court relieves the juvenile of the requirement to pay full or partial restitution, the court may order an amount of community restitution that the court deems appropriate. The county clerk shall make disbursements to victims named in the order. The restitution to victims named in the order shall be paid prior to any payment for other penalties or monetary assessments. A juvenile under obligation to pay restitution may petition the court for modification of the restitution order.

(6) The juvenile shall retain the right to be referred to the court at any time prior to the signing of the diversion agreement.

(7) Divertees and potential divertees shall be afforded due process in all contacts with a diversion unit regardless of whether the juveniles are accepted for diversion or whether the diversion program is successfully completed. Such due process shall include, but not be limited to, the following:

(a) A written diversion agreement shall be executed stating all conditions in clearly understandable language;

(b) Violation of the terms of the agreement shall be the only grounds for termination;

(c) No divertee may be terminated from a diversion program without being given a court hearing, which hearing shall be preceded by:

(i) Written notice of alleged violations of the conditions of the diversion program; and

(ii) Disclosure of all evidence to be offered against the divertee;

(d) The hearing shall be conducted by the juvenile court and shall include:

(i) Opportunity to be heard in person and to present evidence;

(ii) The right to confront and cross-examine all adverse witnesses;

(iii) A written statement by the court as to the evidence relied on and the reasons for termination, should that be the decision; and

(iv) Demonstration by evidence that the divertee has substantially violated the terms of his or her diversion agreement.

(e) The prosecutor may file an information on the offense for which the divertee was diverted:

(i) In juvenile court if the divertee is under eighteen years of age; or

(ii) In superior court or the appropriate court of limited jurisdiction if the divertee is eighteen years of age or older.

(8) The diversion unit shall, subject to available funds, be responsible for providing interpreters when juveniles need interpreters to effectively communicate during diversion unit hearings or negotiations.

(9) The diversion unit shall be responsible for advising a divertee of his or her rights as provided in this chapter.

(10) The diversion unit may refer a juvenile to community-based counseling or treatment programs.

(11) The right to counsel shall inure prior to the initial interview for purposes of advising the juvenile as to whether he or she desires to participate in the diversion process or to appear in the juvenile court. The juvenile may be represented by counsel at any critical stage of the diversion process, including intake interviews and termination hearings. The juvenile shall be fully advised at the intake of his or her right to an attorney and of the relevant services an attorney can provide. For the purpose of this section, intake interviews mean all interviews regarding the diversion agreement process.

The juvenile shall be advised that a diversion agreement shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020(7). A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the diversion unit together with the diversion agreement, and a copy of both documents shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language.

(12) When a juvenile enters into a diversion agreement, the juvenile court may receive only the following information for dispositional purposes:

(a) The fact that a charge or charges were made;

(b) The fact that a diversion agreement was entered into;

(c) The juvenile's obligations under such agreement;

(d) Whether the alleged offender performed his or her obligations under such agreement; and

(e) The facts of the alleged offense.

(13) A diversion unit may refuse to enter into a diversion agreement with a juvenile. When a diversion unit refuses to enter a diversion agreement with a juvenile, it shall immediately refer such juvenile to the court for action and shall forward to the court the criminal complaint and a detailed statement of its reasons for refusing to enter into a diversion agreement. The diversion unit shall also immediately refer the case to the prosecuting attorney for action if such juvenile violates the terms of the diversion agreement.

(14) A diversion unit may, in instances where it determines that the act or omission of an act for which a juvenile has been referred to it involved no victim, or where it determines that the juvenile referred to it has no prior criminal history and is alleged to have committed an illegal act involving no threat of or instance of actual physical harm and involving not more than fifty dollars in property loss or damage and that there is no loss outstanding to the person or firm suffering such damage or loss, counsel and release or release such a juvenile without entering into a diversion agreement. A diversion unit's authority to counsel and release a juvenile under this subsection includes the authority to refer the juvenile to community-based counseling or treatment programs. Any juvenile released under this subsection shall be advised that the act or omission of any act for which he or she had been referred shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020(7). A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the unit, and a copy of the document shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language. A juvenile determined to be eligible by a diversion unit for release as provided in this subsection shall retain the same right to counsel and right to have his or her case referred to the court for formal action as any other juvenile referred to the unit.

(15) A diversion unit may supervise the fulfillment of a diversion agreement entered into before the juvenile's eighteenth birthday and which includes a period extending beyond the divertee's eighteenth birthday.

(16) If a fine required by a diversion agreement cannot reasonably be paid due to a change of circumstance, the diversion agreement may be modified at the request of the divertee and with the concurrence of the diversion unit to convert an unpaid fine into community restitution. The modification of the diversion agreement shall be in writing and signed by the divertee and the diversion unit. The number of hours of community restitution in lieu of a monetary penalty shall be converted at the rate of the prevailing state minimum wage per hour.

(17) Fines imposed under this section shall be collected and paid into the county general fund in accordance with procedures established by the juvenile court administrator under RCW 13.04.040 and may be used only for juvenile services.

In the expenditure of funds for juvenile services, there shall be a maintenance of effort whereby counties exhaust existing resources before using amounts collected under this section.

Sec. 4. RCW 13.40.160 and 2003 c 378 s 3 and 2003 c 53 s 99 are each reenacted and amended to read as follows:

(1) The standard range disposition for a juvenile adjudicated of an offense is determined according to RCW 13.40.0357.

(a) When the court sentences an offender to a local sanction as provided in RCW 13.40.0357 option A, the court shall impose a determinate disposition within the standard ranges, except as provided in subsection (2), (3), (4), (5), or (6) of this section. The disposition may be comprised of one or more local sanctions.

(b) When the court sentences an offender to a standard range as provided in RCW 13.40.0357 option A that includes a term of confinement exceeding thirty days, commitment shall be to the department for the standard range of confinement, except as provided in subsection (2), (3), (4), (5), or (6) of this section.

(2) If the court concludes, and enters reasons for its conclusion, that disposition within the standard range would effectuate a manifest injustice the court shall impose a disposition outside the standard range, as indicated in option D of RCW 13.40.0357. The court's finding of manifest injustice shall be supported by clear and convincing evidence.

A disposition outside the standard range shall be determinate and shall be comprised of confinement or community supervision, or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. A disposition outside the standard range is appealable under RCW 13.40.230 by the state or the respondent. A disposition within the standard range is not appealable under RCW 13.40.230.

(3) When a juvenile offender is found to have committed a sex offense, other than a sex offense that is also a serious violent offense as defined by RCW 9.94A.030, and has no history of a prior sex offense, the court, on its own motion or the motion of the state or the respondent, may order an examination to determine whether the respondent is amenable to treatment.

The report of the examination shall include at a minimum the following: The respondent's version of the facts and the official version of the facts, the respondent's offense history, an assessment of problems in addition to alleged deviant behaviors, the respondent's social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator's information.

The examiner shall assess and report regarding the respondent's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

- (a)(i) Frequency and type of contact between the offender and therapist;
- (ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;
- (iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;
- (iv) Anticipated length of treatment; and
- (v) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this special sex offender disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section. If the court determines that this special sex offender disposition alternative is appropriate, then the court shall impose a determinate disposition within the standard range for the offense, or if the court concludes, and enters reasons for its conclusions, that such disposition would cause a manifest injustice, the court shall impose a disposition under option D, and the court may suspend the execution of the disposition and place the offender on community supervision for at least two years. As a condition of the suspended disposition, the court may impose the conditions of community supervision and other conditions, including up to thirty days of confinement and requirements that the offender do any one or more of the following:

- (b)(i) Devote time to a specific education, employment, or occupation;
- (ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The respondent shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the probation counselor, and the court, and shall not change providers without court approval after a hearing if the prosecutor or probation counselor object to the change;

(iii) Remain within prescribed geographical boundaries and notify the court or the probation counselor prior to any change in the offender's address, educational program, or employment;

(iv) Report to the prosecutor and the probation counselor prior to any change in a sex offender treatment provider. This change shall have prior approval by the court;

(v) Report as directed to the court and a probation counselor;

(vi) Pay all court-ordered legal financial obligations, perform community restitution, or any combination thereof;

(vii) Make restitution to the victim for the cost of any counseling reasonably related to the offense;

(viii) Comply with the conditions of any court-ordered probation bond; or

(ix) The court shall order that the offender (~~may~~) shall not attend the public or approved private elementary, middle, or high school attended by the victim or the victim's siblings. The parents or legal guardians of the offender are responsible for transportation or other costs associated with the offender's change of school that would otherwise be paid by the school district. The court shall send notice of the disposition and restriction on attending the same school as the victim or victim's siblings to the public or approved private school the juvenile will attend, if known, or if unknown, to the approved private schools and the public school district board of directors of the district in which the juvenile resides or intends to reside. This notice must be sent at the earliest possible date but not later than ten calendar days after entry of the disposition.

The sex offender treatment provider shall submit quarterly reports on the respondent's progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the respondent's relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

Except as provided in this subsection (3), after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW. A sex offender therapist who examines or treats a juvenile sex offender pursuant to this subsection does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender's home; and (C) the evaluation and treatment plan comply with this subsection (3) and the rules adopted by the department of health.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may revoke the suspension and order execution of the disposition or the court may impose a penalty of up to thirty days' confinement for violating conditions of the disposition. The court may order both execution of the disposition and up to thirty days' confinement for the violation of the conditions of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the crime charged. "Victim" may also include a known parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

A disposition entered under this subsection (3) is not appealable under RCW 13.40.230.

(4) If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose the disposition alternative under RCW 13.40.165.

(5) If a juvenile is subject to a commitment of 15 to 65 weeks of confinement, the court may impose the disposition alternative under RCW 13.40.--- (section 4, chapter 378, Laws of 2003).

(6) When the offender is subject to a standard range commitment of 15 to 36 weeks and is ineligible for a suspended disposition alternative, a manifest injustice disposition below the standard range, special sex offender disposition alternative, chemical dependency disposition alternative, or mental health disposition alternative, the court in a county with a pilot program under RCW 13.40.--- (section 5, chapter 378, Laws of 2003) may impose the disposition alternative under RCW 13.40.--- (section 5, chapter 378, Laws of 2003).

(7) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in violation of RCW 9.41.040(2)(a)(iii) or any crime in which a special finding is entered that the juvenile was armed with a firearm.

(8) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(9) Except as provided under subsection (3), (4), (5), or (6) of this section, or option B of RCW 13.40.0357, or RCW 13.40.127, the court shall not suspend or defer the imposition or the execution of the disposition.

(10) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

Sec. 5. RCW 13.40.165 and 2003 c 378 s 6 are each amended to read as follows:

(1) The purpose of this disposition alternative is to ensure that successful treatment options to reduce recidivism are available to eligible youth, pursuant to RCW 70.96A.520. The court must consider eligibility for the chemical dependency disposition alternative when a juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, other than a first time B+ offense under chapter 69.50 RCW. The court, on its own motion or the motion of the state or the respondent if the evidence shows that the offender may be chemically dependent or substance abusing, may order an examination by a chemical dependency counselor from a chemical dependency treatment facility approved under chapter 70.96A RCW to determine if the youth is chemically dependent or substance abusing. The offender shall pay the cost of any examination ordered under this subsection unless the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(2) The report of the examination shall include at a minimum the following: The respondent's version of the facts and the official version of the facts, the respondent's offense history, an assessment of drug-alcohol problems and previous treatment attempts, the respondent's social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the examiner's information.

(3) The examiner shall assess and report regarding the respondent's relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(a) Whether inpatient and/or outpatient treatment is recommended;

(b) Availability of appropriate treatment;

(c) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;

(d) Anticipated length of treatment; and

(e) Recommended crime-related prohibitions.

(4) The court on its own motion may order, or on a motion by the state or the respondent shall order, a second examination. The evaluator shall be selected by the party making the motion. The requesting party shall pay the cost of any examination ordered under this subsection unless the requesting party is the offender and the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(5)(a) After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this chemical dependency disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section.

(b) If the court determines that this chemical dependency disposition alternative is appropriate, then the court shall impose the standard range for the offense, or if the court concludes, and enters reasons for its conclusion, that such disposition would effectuate a manifest injustice, the court shall impose a disposition above the standard range as indicated in option D of RCW 13.40.0357 if the disposition is an increase from the standard range and the confinement of the offender does not exceed a maximum of fifty-two weeks, suspend execution of the disposition, and place the offender on community supervision for up to one year. As a condition of the suspended disposition, the court shall require the offender to undergo available outpatient drug/alcohol treatment and/or inpatient drug/alcohol treatment. For purposes of this section, inpatient treatment may not exceed ninety days. As a condition of the suspended disposition, the court may impose conditions of community supervision and other sanctions, including up to thirty days of confinement, one hundred fifty hours of community restitution, and payment of legal financial obligations and restitution.

(6) The drug/alcohol treatment provider shall submit monthly reports on the respondent's progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the respondent's relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may impose sanctions pursuant to RCW 13.40.200 or revoke the suspension and order execution of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

(7) For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged. "Victim" may also include a known parent or guardian of a victim who is a minor child or is not a minor child but is incapacitated, incompetent, disabled, or deceased.

(8) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(9) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

(10) A disposition under this section is not appealable under RCW 13.40.230.

Sec. 6. RCW 13.40.190 and 1997 c 338 s 29 and 1997 c 121 s 9 are each reenacted and amended to read as follows:

(1) In its dispositional order, the court shall require the respondent to make restitution to any persons who have suffered loss or damage as a result of the offense committed by the respondent. In addition, restitution may be ordered for loss or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which, pursuant to a plea agreement, are not prosecuted. The payment of restitution shall be in addition to any punishment which is imposed pursuant to the other provisions of this chapter. The court may determine the amount, terms, and conditions of the restitution including a payment plan extending up to ten years if the court determines that the respondent does not have the means to make full restitution over a shorter period. Restitution may include the costs of counseling reasonably related to the offense. If the respondent participated in the crime with another person or other persons, all such participants shall be jointly and severally responsible for the payment of restitution. For the purposes of this section, the respondent shall remain under the court's jurisdiction for a maximum term of ten years after the respondent's eighteenth birthday. Prior to the expiration of the ten-year period, the juvenile court may extend the judgment for the payment of restitution for an additional ten years. At any time, the court may determine that the respondent is not required to pay, or may relieve the respondent of the requirement to pay, full or partial restitution to any insurance provider authorized under Title 48 RCW if the respondent reasonably satisfies the court that he or she does not have the means to make full or partial restitution to the insurance provider and could not reasonably acquire the means to pay the insurance provider the restitution over a ten-year period.

(2) Regardless of the provisions of subsection (1) of this section, the court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the court within one year of entry of the disposition order for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the court shall hold a restitution hearing and shall enter a restitution order.

(3) If an order includes restitution as one of the monetary assessments, the county clerk shall make disbursements to victims named in the order. The restitution to victims named in the order shall be paid prior to any payment for other penalties or monetary assessments.

(4) For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged. "Victim" may also include a known parent or guardian of a victim who is a minor child or is not a minor child but is incapacitated, incompetent, disabled, or deceased.

(5) A respondent under obligation to pay restitution may petition the court for modification of the restitution order.

Sec. 7. RCW 13.40.200 and 2002 c 175 s 25 are each amended to read as follows:

(1) When a respondent fails to comply with an order of restitution, community supervision, penalty assessments, or confinement of less than thirty days, the court upon motion of the prosecutor or its own motion, may modify the order after a hearing on the violation.

(2) The hearing shall afford the respondent the same due process of law as would be afforded an adult probationer. The court may issue a summons or a warrant to compel the respondent's appearance. The state shall have the burden of proving by a preponderance of the evidence the fact of the violation. The respondent shall have the burden of showing that the violation was not a willful refusal to comply with the terms of the order. If a respondent has failed to pay a fine, penalty assessments, or restitution or to perform community restitution hours, as required by the court, it shall be the respondent's burden to show that he or she did not have the means and could not reasonably have acquired the means to pay the fine, penalty assessments, or restitution or perform community restitution.

(3) If the court finds that a respondent has willfully violated the terms of an order pursuant to subsections (1) and (2) of this section, it may impose a penalty of up to thirty days' confinement. Penalties for multiple violations occurring prior to the hearing shall not be aggregated to exceed thirty days' confinement. Regardless of the number of times a respondent is brought to court for violations of the terms of a single disposition order, the combined total number of days spent by the respondent in detention shall never exceed the maximum term to which an adult could be sentenced for the underlying offense.

(4) If a respondent has been ordered to pay a fine or monetary penalty and due to a change of circumstance cannot reasonably comply with the order, the court, upon motion of the respondent, may order that the unpaid fine or monetary penalty be converted to community restitution unless the monetary penalty is the crime victim penalty assessment, which cannot be converted, waived, or otherwise modified, except for schedule of payment. The number of hours of community restitution in lieu of a monetary penalty or fine shall be converted at the rate of the prevailing state minimum wage per hour. The monetary penalties or fines collected shall be deposited in the county general fund. A failure to comply with an order under this subsection shall be deemed a failure to comply with an order of community supervision and may be proceeded against as provided in this section.

(5) When a respondent has willfully violated the terms of a probation bond, the court may modify, revoke, or retain the probation bond as provided in RCW 13.40.054.

Sec. 8. RCW 7.69.030 and 1999 c 323 s 2 are each amended to read as follows:

There shall be a reasonable effort made to ensure that victims, survivors of victims, and witnesses of crimes have the following rights, which apply to any criminal court and/or juvenile court proceeding:

(1) With respect to victims of violent or sex crimes, to receive, at the time of reporting the crime to law enforcement officials, a written statement of the rights of crime victims as provided in this chapter. The written statement shall include the name, address, and telephone number of a county or local crime victim/witness program, if such a crime victim/witness program exists in the county;

(2) To be informed by local law enforcement agencies or the prosecuting attorney of the final disposition of the case in which the victim, survivor, or witness is involved;

(3) To be notified by the party who issued the subpoena that a court proceeding to which they have been subpoenaed will not occur as scheduled, in order to save the person an unnecessary trip to court;

(4) To receive protection from harm and threats of harm arising out of cooperation with law enforcement and prosecution efforts, and to be provided with information as to the level of protection available;

(5) To be informed of the procedure to be followed to apply for and receive any witness fees to which they are entitled;

(6) To be provided, whenever practical, a secure waiting area during court proceedings that does not require them to be in close proximity to defendants and families or friends of defendants;

(7) To have any stolen or other personal property expeditiously returned by law enforcement agencies or the superior court when no longer needed as evidence. When feasible, all such property, except weapons, currency, contraband, property subject to evidentiary analysis, and property of which ownership is disputed, shall be photographed and returned to the owner within ten days of being taken;

(8) To be provided with appropriate employer intercession services to ensure that employers of victims, survivors of victims, and witnesses of crime will cooperate with the criminal justice process in order to minimize an employee's loss of pay and other benefits resulting from court appearance;

(9) To access to immediate medical assistance and not to be detained for an unreasonable length of time by a law enforcement agency before having such assistance administered. However, an employee of the law enforcement agency may, if necessary, accompany the person to a medical facility to question the person about the criminal incident if the questioning does not hinder the administration of medical assistance;

(10) With respect to victims of violent and sex crimes, to have a crime victim advocate from a crime victim/witness program, or any other support person of the victim's choosing, present at any prosecutorial or defense interviews with the victim, and at any judicial proceedings related to criminal acts committed against the victim. This subsection applies if practical and if the presence of the crime victim advocate or support person does not cause any unnecessary delay in the investigation or prosecution of the case. The role of the crime victim advocate is to provide emotional support to the crime victim;

(11) With respect to victims and survivors of victims, to be physically present in court during trial, or if subpoenaed to testify, to be scheduled as early as practical in the proceedings in order to be physically present during trial after testifying and not to be excluded solely because they have testified;

(12) With respect to victims and survivors of victims, to be informed by the prosecuting attorney of the date, time, and place of the trial and of the sentencing hearing for felony convictions upon request by a victim or survivor;

(13) To submit a victim impact statement or report to the court, with the assistance of the prosecuting attorney if requested, which shall be included in all presentence reports and permanently included in the files and records accompanying the offender committed to the custody of a state agency or institution;

(14) With respect to victims and survivors of victims, to present a statement personally or by representation, at the sentencing hearing for felony convictions;

(15) With respect to victims and survivors of victims, to entry of an order of restitution by the court in all felony cases, even when the offender is sentenced to confinement, unless extraordinary circumstances exist which make restitution inappropriate in the court's judgment; and

(16) With respect to victims and survivors of victims, to present a statement in person, via audio or videotape, in writing or by representation at any hearing conducted regarding an application for pardon or commutation of sentence.

Sec. 9. RCW 7.69A.030 and 1997 c 283 s 2 are each amended to read as follows:

In addition to the rights of victims and witnesses provided for in RCW 7.69.030, there shall be every reasonable effort made by law enforcement agencies, prosecutors, and judges to assure that child victims and witnesses are afforded the rights enumerated in this section. Except as provided in RCW 7.69A.050 regarding child victims or child witnesses of violent crimes, sex crimes, or child abuse, the enumeration of rights shall not be construed to create substantive rights and duties, and the application of an enumerated right in an individual case is subject to the discretion of the law enforcement agency,

prosecutor, or judge. Child victims and witnesses have the following rights, which apply to any criminal court and/or juvenile court proceeding:

(1) To have explained in language easily understood by the child, all legal proceedings and/or police investigations in which the child may be involved.

(2) With respect to child victims of sex or violent crimes or child abuse, to have a crime victim advocate from a crime victim/witness program, or any other support person of the victim's choosing, present at any prosecutorial or defense interviews with the child victim. This subsection applies if practical and if the presence of the crime victim advocate or support person does not cause any unnecessary delay in the investigation or prosecution of the case.  - (i) The project is included in a plan that makes highway improvement projects that add capacity to a highway or highways of statewide significance;

 - (iii) Matching money equal to one-third of the total cost of the project is provided by local entities, including but not limited to a metropolitan planning organization, county, city, port, or private entity in which a county participating in a plan is located. MESSAGE FROM THE HOUSE

March 9, 2004

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6415, with the following amendments{s}.
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec.

1. (1) The legislature finds that the federal permit program under the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and the state water pollution control laws provide numerous environmental and public health benefits to the citizens of Washington and to the state. The legislature also finds that failure to prevent and control pollution discharges, including those associated with storm water runoff, can degrade water quality and damage the environment, public health, and industries dependent on clean water such as shellfish production.
(2) The legislature finds the nature of storm water presents unique challenges and difficulties in meeting the permitting requirements under the federal clean water act, 33 U.S.C. Sec. 1251 et seq., including compliance with technology and water quality-based standards.
(3) The legislature finds that the federal clean water act, 33 U.S.C. Sec. 1251 et seq., requires certain larger construction sites and industrial facilities to obtain storm water permits under the national pollutant discharge elimination system permit program. The legislature also finds that under phase two of this program, smaller construction sites are also required to obtain storm water permits for their discharges.
(4) The legislature finds the department of ecology has been using general permits to permit categories of similar dischargers, including storm water associated with industrial and construction activities. The legislature also finds general permits must comply with all applicable requirements of the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and the state water pollution control act including technology and water quality-based permitting requirements. The legislature further finds general permits may not always be the best solution for an individual discharger, especially when establishing water quality-based permitting requirements.
(5) The legislature finds that where sources within a specific category or subcategory of dischargers are subject to water quality-based limits imposed under the federal clean water act, 33 U.S.C. Sec. 1251 et seq., the sources in that specific category or subcategory must be subject to the same water quality-based limits.
(6) For this reason, the legislature encourages, to the extent allowed under existing state and federal law, an adaptive management approach to permitting storm water discharges.
(7) The legislature finds that storm water management must satisfy state and federal water quality requirements while also providing for flexibility in meeting such requirement to help ensure cost-effective storm water management.
(8) The legislature finds that the permitting of new and existing dischargers into waters listed under 33 U.S.C. Sec. 1313(d) (section 303(d) of the federal clean water act) presents specific challenges and is subject to additional permitting restrictions under the federal clean water act, 33 U.S.C. Sec. 1251 et seq.
(9) The legislature declares that general permits can be an effective and efficient permitting mechanism for permitting large numbers of similar dischargers.
(10) The legislature declares that an inspection and technical assistance program for industrial and construction storm water general permits is needed to ensure an effective permitting program. The legislature also declares that such a program should be fully funded to ensure its success.

NEW SECTION. Sec.

2. A new section is added to chapter 90.48 RCW to read as follows:

The provisions of this section apply to the construction and industrial storm water general permits issued by the department pursuant to the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and this chapter.

(1) Effluent limitations shall be included in construction and industrial storm water general permits as required under the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and its implementing regulations. In accordance with federal clean water act requirements, pollutant specific, water quality-based effluent limitations shall be included in construction and industrial storm water general permits if there is a reasonable potential to cause or contribute to an excursion of a state water quality standard.

(2) Subject to the provisions of this section, both technology and water quality-based effluent limitations may be expressed as:

- (a) Numeric effluent limitations;
- (b) Narrative effluent limitations; or
- (c) A combination of numeric and narrative effluent discharge limitations.

(3) The department must condition storm water general permits for industrial and construction activities issued under the national pollutant discharge elimination system of the federal clean water act to require compliance with numeric effluent discharge limits when such discharges are subject to:

- (a) Numeric effluent limitations established in federally adopted, industry-specific effluent guidelines;
- (b) State developed, industry-specific performance-based numeric effluent limitations;
- (c) Numeric effluent limitations based on a completed total maximum daily load analysis or other pollution control measures; or
- (d) A determination by the department that:

(i) The discharges covered under either the construction or industrial storm water general permits have a reasonable potential to cause or contribute to violation of state water quality standards; and

(ii) Effluent limitations based on nonnumeric best management practices are not effective in achieving compliance with state water quality standards.

(4) In making a determination under subsection (3)(d) of this section, the department shall use procedures that account for:

(a) Existing controls on point and nonpoint sources of pollution;

(b) The variability of the pollutant or pollutant parameter in the storm water discharge; and

(c) As appropriate, the dilution of the storm water in the receiving waters.

(5) Narrative effluent limitations requiring both the implementation of best management practices, when designed to satisfy the technology and water quality-based requirements of the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and compliance with water quality standards, shall be used for construction and industrial storm water general permits, unless the provisions of subsection (3) of this section apply.

(6) Compliance with water quality standards shall be presumed, unless discharge monitoring data or other site specific information demonstrates that a discharge causes or contributes to violation of water quality standards, when the permittee is:

(a) In full compliance with all permit conditions, including planning, sampling, monitoring, reporting, and recordkeeping conditions; and

(b)(i) Fully implementing storm water best management practices contained in storm water technical manuals approved by the department, or practices that are demonstrably equivalent to practices contained in storm water technical manuals approved by the department, including the proper selection, implementation, and maintenance of all applicable and appropriate best management practices for on-site pollution control.

(ii) For the purposes of this section, "demonstrably equivalent" means that the technical basis for the selection of all storm water best management practices are documented within a storm water pollution prevention plan. The storm water pollution prevention plan must document:

(A) The method and reasons for choosing the storm water best management practices selected;

(B) The pollutant removal performance expected from the practices selected;

(C) The technical basis supporting the performance claims for the practices selected, including any available existing data concerning field performance of the practices selected;

(D) An assessment of how the selected practices will comply with state water quality standards; and

(E) An assessment of how the selected practices will satisfy both applicable federal technology-based treatment requirements and state requirements to use all known, available, and reasonable methods of prevention, control, and treatment.

(7)(a) The department shall modify the industrial storm water general permit to require compliance by May 1, 2009, with appropriately derived numeric water quality-based effluent limitations for existing discharges to water bodies listed as impaired according to 33 U.S.C. Sec. 1313(d) (Sec. 303(d) of the federal clean water act, 33 U.S.C. Sec. 1251 et seq.).

(b) No later than September 1, 2008, the department shall report to the appropriate committees of the legislature specifying how the numeric effluent limitation in (a) of this subsection would be implemented. The report shall identify the number of dischargers to impaired water bodies and provide an assessment of anticipated compliance with the numeric effluent limitation established by (a) of this subsection.

(8)(a) Construction and industrial storm water general permits issued by the department shall include an enforceable adaptive management mechanism that includes appropriate monitoring, evaluation, and reporting. The adaptive management mechanism shall include elements designed to result in permit compliance and shall include, at a minimum, the following elements:

(i) An adaptive management indicator, such as monitoring benchmarks;

(ii) Monitoring;

(iii) Review and revisions to the storm water pollution prevention plan;

(iv) Documentation of remedial actions taken; and

(v) Reporting to the department.

(b) Construction and industrial storm water general permits issued by the department also shall include the timing and mechanisms for implementation of treatment best management practices.

(9) Construction and industrial storm water discharges authorized under general permits must not cause or have the reasonable potential to cause or contribute to a violation of an applicable water quality standard. Where a discharge has already been authorized under a national pollutant discharge elimination system storm water permit and it is later determined to cause or have the reasonable potential to cause or contribute to the violation of an applicable water quality standard, the department may notify the permittee of such a violation.

(10) Once notified by the department of a determination of reasonable potential to cause or contribute to the violation of an applicable water quality standard, the permittee must take all necessary actions to ensure future discharges do not cause or contribute to the violation of a water quality standard and document those actions in the storm water pollution prevention plan and a report timely submitted to the department. If violations remain or recur, coverage under the construction or industrial storm water general permits may be terminated by the department, and an alternative general permit or individual permit may be issued. Compliance with the requirements of this subsection does not preclude any enforcement activity provided by the federal clean water act, 33 U.S.C. Sec. 1251 et seq., for the underlying violation.

(11) Receiving water sampling shall not be a requirement of an industrial or construction storm water general permit except to the extent that it can be conducted without endangering the health and safety of persons conducting the sampling.

(12) The department may authorize mixing zones only in compliance with and after making determinations mandated by the procedural and substantive requirements of applicable laws and regulations.

NEW SECTION. Sec.

3. A new section is added to chapter 90.48 RCW to read as follows:

The provisions of this section apply to the construction and industrial storm water general permits issued by the department pursuant to the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and this chapter.

(1) By January 1, 2005, the department shall initiate an inspection and compliance program for all permittees covered under the construction and industrial storm water general permits. The program shall include, but may not be limited to, the:

(a) Provision of compliance assistance and survey for evidence of permit violations and violations of water quality standards;

(b) Identification of corrective actions for actual or imminent discharges that violate or could violate the state's water quality standards;

(c) Monitoring of the development and implementation of storm water pollution prevention plans and storm water monitoring plans;

(d) Identification of dischargers who would benefit from follow-up inspection or compliance assistance programs; and

(e) Collection and analysis of discharge and receiving water samples whenever practicable and when deemed appropriate by the department, and other evaluation of discharges to determine the potential for causing or contributing to violations of water quality standards.

(2) The department's inspections under this section shall be conducted without prior notice to permittees whenever practicable.

(3) Follow-up inspections shall be conducted by the department to ensure that corrective and other actions as identified in the course of initial inspections are being carried out. The department shall also take such additional actions as are necessary to ensure compliance with state and federal water quality requirements, provided that all permittees must be inspected once within two years of the start of this program and each permittee must be inspected at least once each permit cycle thereafter.

(4) Permittees must be prioritized for inspection based on the development of criteria that include, but are not limited to, the following factors:

(a) Compliance history, including submittal or nonsubmittal of discharge monitoring reports;

(b) Monitoring results in relationship to permit benchmarks; and

(c) Discharge to impaired waters of the state.

(5) Nothing in this section shall be construed to limit the department's enforcement discretion.

NEW SECTION. Sec.

4. No later than December 31, 2006, the department of ecology shall submit a report to the appropriate committees of the legislature regarding methods to improve the effectiveness of permit monitoring requirements in construction and industrial storm water general permits. The department of ecology shall study and evaluate how monitoring requirements could be improved to determine the effectiveness of storm water best management practices and compliance with state water quality standards. In this study the department also shall evaluate monitoring requirements that are necessary for determining compliance or noncompliance with state water quality standards and shall evaluate the feasibility of including such monitoring in future permits. When conducting this study, the department shall consult with experts in the fields of monitoring, storm water management, and water quality, and when necessary the department shall conduct field work to evaluate the practicality and usefulness of alternative monitoring proposals.

NEW SECTION. Sec.

5. A new section is added to chapter 90.48 RCW to read as follows:

(1) The department shall establish permit fees for construction and industrial storm water general permits as necessary to fund the provisions of sections 2 and 3 of this act. When calculating appropriate fee amounts, the department shall take into consideration differences between large and small businesses and the economic impacts caused by permit fees on those businesses. Fees established under this section shall be adopted in accordance with chapter 34.05 RCW.

(2) In its biennial discharge fees progress report required by RCW 90.48.465, the department shall include a detailed accounting regarding the method used to establish permit fees, the amount of permit fees collected, and the expenditure of permit fees. The detailed accounting shall include data on inspections conducted and the staff hired to implement the provisions of sections 2 and 3 of this act.

NEW SECTION. Sec.

6. If any portion of sections 2 and 3 of this act are found to be in conflict with the federal clean water act, that portion alone is void.

NEW SECTION. Sec.

7. This act expires January 1, 2015.

NEW SECTION. Sec.

8. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2004, in the omnibus appropriations act, this act is null and void."

Correct the title.

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

March 9, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6240, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec.

1. A new section is added to chapter 82.04 RCW to read as follows:

(1) Subject to the limits and provisions of this section, a credit is authorized against the tax otherwise due under this chapter for persons engaged in a rural county in the business of manufacturing computer software or programming, as those terms are defined in this section.

(2) A person who partially or totally relocates a business from one rural county to another rural county is eligible for any new qualifying employment positions created as a result of the relocation but is not eligible to receive credit for the jobs moved from one county to the other.

(3)(a) To qualify for the credit, the qualifying activity of the person must be conducted in a rural county and the new qualified employment position must be located in the rural county.

(b) If an activity is conducted both from a rural county and outside of a rural county, the credit is available if at least ninety percent of the qualifying activity is conducted within a rural county. If the qualifying activity is a service taxable activity, the place where the work is performed is the place at which the activity is conducted.

(4)(a) The credit under this section shall equal one thousand dollars for each new qualified employment position created after January 1, 2004, in an eligible area. A credit is earned for the calendar year the person is hired to fill the position. Additionally a credit is earned for each year the position is maintained over the subsequent consecutive years, up to four years. The county must meet the definition of a rural county at the time the position is filled. If the county does not have a rural county status the following year or years, the position is still eligible for the remaining years if all other conditions are met.

(b) Participants who claimed credit under RCW 82.04.4456 for qualified employment positions created before December 31, 2003, are eligible to earn credit for each year the position is maintained over the subsequent consecutive years, for up to four years, which four years include any years claimed under RCW 82.04.4456. Those persons who did not receive a credit under RCW 82.04.4456 before December 31, 2003, are not eligible to earn credit for qualified employment positions created before December 31, 2003.

(c) Credit is authorized for new employees hired for new qualified employment positions created on or after January 1, 2004. New qualified employment positions filled by existing employees are eligible for the credit under this section only if the position vacated by the existing employee is filled by a new hire. A business that is a sole proprietorship without any employees is equivalent to one employee position and this type of business is eligible to receive credit for one position.

(d) If a position is filled before July 1st, the position is eligible for the full yearly credit for that calendar year. If it is filled after June 30th, the position is eligible for half of the credit for that calendar year.

(5) No application is necessary for the tax credit. The person must keep records necessary for the department to verify eligibility under this section. This information includes information relating to description of qualifying activity conducted in the rural county and outside the rural county by the person as well as detailed records on positions and employees.

(6) If at any time the department finds that a person is not eligible for tax credit under this section, the amount of taxes for which a credit has been claimed shall be immediately due. The department shall assess interest, but not penalties, on the taxes for which the person is not eligible. The interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, shall be assessed retroactively to the date the tax credit was taken, and shall accrue until the taxes for which a credit has been used are repaid.

(7) The credit under this section may be used against any tax due under this chapter, but in no case may a credit earned during one calendar year be carried over to be credited against taxes incurred in a subsequent calendar year. A person is not eligible to receive a credit under this section if the person is receiving credit for the same position under chapter 82.62 RCW or RCW 82.04.44525 or is taking a credit under this chapter for information technology help desk services conducted from a rural county. No refunds may be granted for credits under this section.

(8) Transfer of ownership does not affect credit eligibility. However, the successive credits are available to the successor for remaining periods in the five years only if the eligibility conditions of this section are met.

(9) A person taking tax credits under this section shall make an annual report to the department. The report shall be in a letter form and shall include the following information: Number of positions for which credit is being claimed, type of position for which credit is being claimed, type of activity in which the person is engaged in the county, how long the person has been located in the county, and taxpayer name and registration number. The report must be filed by January 30th of each year for which credit was claimed during the previous year. Failure to file a report will not result in the loss of eligibility under this section. However, the department, through its research division, shall contact taxpayers who have not filed the report and obtain the data from the taxpayer or assist the taxpayer in the filing of the report, so that the data and information necessary to measure the program's effectiveness is maintained.

(10) As used in this section:

(a) "Computer software" has the meaning as defined in RCW 82.04.215 after June 30, 2004, and includes "software" as defined in RCW 82.04.215 before July 1, 2004.

(b) "Manufacturing" means the same as "to manufacture" under RCW 82.04.120. Manufacturing includes the activities of both manufacturers and processors for hire.

(c) "Programming" means the activities that involve the creation or modification of computer software, as that term is defined in this chapter, and that are taxable as a service under RCW 82.04.290(2) or as a retail sale under RCW 82.04.050.

(d) "Qualifying activity" means manufacturing of computer software or programming.

(e) "Qualified employment position" means a permanent full-time position doing programming of computer software or manufacturing of computer software. This excludes administrative, professional, service, executive, and other similar positions. If an employee is either voluntarily or involuntarily separated from employment, the employment position is considered filled on a full-time basis if the employer is either training or actively recruiting a replacement employee. Full-time means a position for at least thirty-five hours a week.

(f) "Rural county" means the same as in RCW 82.14.370.

NEW SECTION. Sec.

2. A new section is added to chapter 82.04 RCW to read as follows:

(1) Subject to the limits and provisions of this section, a credit is authorized against the tax otherwise due under this chapter for persons engaged in a rural county in the business of providing information technology help desk services to third parties.

(2) To qualify for the credit, the help desk services must be conducted from a rural county.

(3) The amount of the tax credit for persons engaged in the activity of providing information technology help desk services in rural counties shall be equal to one hundred percent of the amount of tax due under this chapter that is attributable to providing the services from the rural county. In order to qualify for the credit under this subsection, the county must meet the definition of rural county at the time the person begins to conduct qualifying business in the county.

(4) No application is necessary for the tax credit. The person must keep records necessary for the department to verify eligibility under this section. These records include information relating to description of activity engaged in a rural county by the person.

(5) If at any time the department finds that a person is not eligible for tax credit under this section, the amount of taxes for which a credit has been used is immediately due. The department shall assess interest, but not penalties, on the credited taxes for which the person is not eligible. The interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, shall be assessed retroactively to the date the tax credit was taken, and shall accrue until the taxes for which a credit has been used are repaid.

(6) The credit under this section may be used against any tax due under this chapter, but in no case may a credit earned during one calendar year be carried over to be credited against taxes incurred in a subsequent calendar year. No refunds may be granted for credits under this section.

(7) Transfer of ownership does not affect credit eligibility. However, the credit is available to the successor only if the eligibility conditions of this section are met.

(8) A person taking tax credits under this section shall make an annual report to the department. The report shall be in a letter form and shall include the following information: Type of activity in which the person is engaged in the county, number of employees in the rural county, how long the person has been located in the county, and taxpayer name and registration number. The report must be filed by January 30th of each year for which credit was claimed during the previous year. Failure to file a report will not result in the loss of eligibility under this section. However, the department, through its

research division, shall contact taxpayers who have not filed the report and obtain the data from the taxpayer or assist the taxpayer in the filing of the report, so that the data and information necessary to measure the program's effectiveness is maintained.

(9) As used in this section:

(a) "Information technology help desk services" means the following services performed using electronic and telephonic communication:

- (i) Software and hardware maintenance;
- (ii) Software and hardware diagnostics and troubleshooting;
- (iii) Software and hardware installation;

(f) The department shall also use the information to study the tax deferral program authorized under this chapter. The department shall report to the legislature by December 1, 2009. The report shall measure the effect of the program on job creation, the number of jobs created for residents of eligible areas, company growth, the introduction of new products, the diversification of the state's economy, growth in research and development investment, the movement of firms or the consolidation of firms' operations into the state, and such other factors as the department selects.

deferral are passed to a lessee as provided in RCW 82.60.020(4), the lessee shall be responsible for payment to the extent the lessee has received the economic benefit.

MR. PRESIDENT:

The House has passed THIRD SUBSTITUTE SENATE BILL NO. 5412, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec.

1. The legislature finds that identity theft and the other types of fraud is a significant problem in the state of Washington, costing our citizens and businesses millions each year. The most common method of accomplishing identity theft and other fraudulent activity is by securing a fraudulently issued driver's license. It is the purpose of this act to significantly reduce identity theft and other fraud by preventing the fraudulent issuance of driver's licenses and identicards.

Sec.

2. RCW 9.35.020 and 2003 c 53 s 22 are each amended to read as follows:

(1) No person may knowingly obtain, possess, use, or transfer a means of identification or financial information of another person, living or dead, with the intent to commit, or to aid or abet, any crime.

(2) Violation of this section when the accused or an accomplice uses the victim's means of identification or financial information and obtains an aggregate total of credit, money, goods, services, or anything else of value in excess of one thousand five hundred dollars in value shall constitute identity theft in the first degree. Identity theft in the first degree is a class B felony punishable according to chapter 9A.20 RCW.

(3) Violation of this section when the accused or an accomplice uses the victim's means of identification or financial information and obtains an aggregate total of credit, money, goods, services, or anything else of value that is less than one thousand five hundred dollars in value, or when no credit, money, goods, services, or anything of value is obtained shall constitute identity theft in the second degree. Identity theft in the second degree is a class C felony punishable according to chapter 9A.20 RCW.

(4) A person who violates this section is liable for civil damages of (~~five hundred~~) one thousand dollars or actual damages, whichever is greater, including costs to repair the victim's credit record, and reasonable attorneys' fees as determined by the court.

(5) In a proceeding under this section, the crime will be considered to have been committed in any locality where the person whose means of identification or financial information was appropriated resides, or in which any part of the offense took place, regardless of whether the defendant was ever actually in that locality.

(6) The provisions of this section do not apply to any person who obtains another person's driver's license or other form of identification for the sole purpose of misrepresenting his or her age.

(7) In a proceeding under this section in which a person's means of identification or financial information was used without that person's authorization, and when there has been a conviction, the sentencing court may issue such orders as are necessary to correct a public record that contains false information resulting from a violation of this section.

NEW SECTION. Sec.

3. A new section is added to chapter 46.20 RCW to read as follows:

(1) No later than January 1, 2006, the department shall implement a voluntary biometric matching system for driver's licenses and identicards. The biometric matching system shall be used only to verify the identity of an applicant for a renewal or duplicate driver's license or identicard by matching a biometric identifier submitted by the applicant against the biometric identifier submitted when the license was last issued. This project requires a full review by the information services board using the criteria for projects of the highest visibility and risk.

(2) The biometric matching system selected by the department shall be capable of highly accurate matching, and shall be compliant with biometric standards established by the American association of motor vehicle administrators.

(3) The biometric matching system selected by the department must incorporate a process that allows the owner of a driver's license or identicard to present a personal identification number or other code along with the driver's license or identicard before the information may be verified by a third party.

(4) Upon the establishment of a biometric driver's license and identicard system as described in this section, the department shall allow every person applying for an original, renewal, or duplicate driver's license or identicard to voluntarily submit a biometric identifier. Each applicant shall be informed of all ways in which the biometric identifier may be used, all parties to whom the identifier may be disclosed and the conditions of disclosure, the expected error rates for the biometric matching system which shall be regularly updated as the technology changes or empirical data is collected, and the potential consequences of those errors. The department shall adopt rules to allow applicants to verify the accuracy of the system at the time that biometric information is submitted, including the use of at least two separate devices.

(5) The department may not disclose biometric information to the public or any governmental entity except when authorized by court order.

(6) All biometric information shall be stored with appropriate safeguards, including but not limited to encryption.

(7) The department shall develop procedures to handle instances in which the biometric matching system fails to verify the identity of an applicant for a renewal or duplicate driver's license or identicard. These procedures shall allow an applicant to prove identity without using a biometric identifier.

(8) Any person who has voluntarily submitted a biometric identifier may choose to discontinue participation in the biometric matching program at any time, provided that the department utilizes a secure procedure to prevent fraudulent requests for a renewal or duplicate driver's license or identicard. When the person discontinues participation, any previously collected biometric information shall be destroyed.

(9) If Engrossed Substitute Senate Bill No. 5428 or House Bill No. 1681 is enacted into law, this section does not apply when an applicant renews his or her driver's license or identicard by mail or electronic commerce.

NEW SECTION. Sec.

4. A new section is added to chapter 46.20 RCW to read as follows:

(1) The department is authorized to charge persons opting to submit a biometric identifier under section 3 of this act an additional fee of no more than two dollars at the time of application for an original, renewal, or duplicate driver's license or identicard issued by the department. This fee shall be used exclusively to defray the cost of implementation and ongoing operation of a biometric security system.

(2) The biometric security account is created in the state treasury. All receipts from subsection (1) of this section shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account must be used only for the purpose of defraying the cost of implementation and ongoing operation of a biometric security system.

NEW SECTION. Sec.

5. This act takes effect July 1, 2004.

NEW SECTION. Sec.

6. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2004, in the omnibus transportation appropriations act, sections 1, 3, 4, and 5 of this act are null and void."

MESSAGE FROM THE HOUSE

March 3, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5733, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"Sec.

1. RCW 18.20.050 and 2003 c 231 s 4 are each amended to read as follows:

(1) Upon receipt of an application for license, if the applicant and the boarding home facilities meet the requirements established under this chapter, the department shall issue a license. If there is a failure to comply with the provisions of this chapter or the standards and rules adopted pursuant thereto, the department may in its discretion issue to an applicant for a license, or for the renewal of a license, a provisional license which will permit the operation of the boarding home for a period to be determined by the department, but not to exceed twelve months, which provisional license shall not be subject to renewal. The department may also place conditions on the license under RCW 18.20.190. At the time of the application for or renewal of a license or provisional license the licensee shall pay a license fee as established by the department under RCW 43.20B.110. All licenses issued under the provisions of this chapter shall expire on a date to be set by the department, but no license issued pursuant to this chapter shall exceed twelve months in duration. However, when the annual license renewal date of a previously licensed boarding home is set by the department on a date less than twelve months prior to the expiration date of a license in effect at the time of reissuance, the license fee shall be prorated on a monthly basis and a credit be allowed at the first renewal of a license for any period of one month or more covered by the previous license. All applications for renewal of a license shall be made not later than thirty days prior to the date of expiration of the license. Each license shall be issued only for the premises and persons named in the application, and no license shall be transferable or assignable. Licenses shall be posted in a conspicuous place on the licensed premises.

(2) A licensee who receives notification of the department's initiation of a denial, suspension, nonrenewal, or revocation of a boarding home license may, in lieu of appealing the department's action, surrender or relinquish the license. The department shall not issue a new license to or contract with the licensee, for the purposes of providing care to vulnerable adults or children, for a period of twenty years following the surrendering or relinquishment of the former license. The licensing record shall indicate that the licensee relinquished or surrendered the license, without admitting the violations, after receiving notice of the department's initiation of a denial, suspension, nonrenewal, or revocation of a license.

(3) The department shall establish, by rule, the circumstances requiring a change in licensee, which include, but are not limited to, a change in ownership or control of the boarding home or licensee, a change in the licensee's form of legal organization, such as from sole proprietorship to partnership or corporation, and a dissolution or merger of the licensed entity with another legal organization. The new licensee is subject to the provisions of this chapter, the rules adopted under this chapter, and other applicable law. In order to ensure that the safety of residents is not compromised by a change in licensee, the new licensee is responsible for correction of all violations that may exist at the time of the new license.

(4) The department may deny, suspend, modify, revoke, or refuse to renew a license when the department finds that the applicant or licensee or any partner, officer, director, managerial employee, or majority owner of the applicant or licensee:

- (a) Operated a boarding home without a license or under a revoked or suspended license; or
- (b) Knowingly or with reason to know made a false statement of a material fact (i) in an application for license or any data attached to the application, or (ii) in any matter under investigation by the department; or
- (c) Refused to allow representatives or agents of the department to inspect (i) the books, records, and files required to be maintained, or (ii) any portion of the premises of the boarding home; or
- (d) Willfully prevented, interfered with, or attempted to impede in any way (i) the work of any authorized representative of the department, or (ii) the lawful enforcement of any provision of this chapter; or
- (e) Has a history of significant noncompliance with federal or state regulations in providing care or services to vulnerable adults or children. In deciding whether to deny, suspend, modify, revoke, or refuse to renew a license under this section, the factors the department considers shall include the gravity and frequency of the noncompliance.

(5) The department shall serve upon the applicant a copy of the decision granting or denying an application for a license. An applicant shall have the right to contest denial of his or her application for a license as provided in chapter 34.05 RCW by requesting a hearing in writing within twenty-eight days after receipt of the notice of denial.

Sec.

2. RCW 18.20.110 and 2003 c 280 s 1 are each amended to read as follows:

The department shall make or cause to be made, at least every eighteen months with an annual average of fifteen months, an inspection and investigation of all boarding homes. However, the department may delay an inspection to twenty-four months if the boarding home has had three consecutive inspections with no written notice of violations and has received no written notice of violations resulting from complaint investigation during that same time period. The department may at anytime make an unannounced inspection of a licensed home to assure that the licensee is in compliance with this chapter and the rules adopted under this chapter. Every inspection shall focus primarily on actual or potential resident outcomes, and may include an inspection of every part of the premises and an examination of all records (~~((other than financial records))~~), methods of administration, the general and special dietary, and the stores and methods of supply; however, the department shall not have access to financial records or to other records, except that financial records of the boarding home may be examined when the department has reasonable cause to believe that a financial obligation related to resident care or services will not be met, such as a complaint that staff wages or utility costs have not been paid, or when necessary for the department to investigate alleged financial exploitation of a resident. Following such an inspection or inspections, written notice of any violation of this law or the rules adopted hereunder shall be given to the applicant or licensee and the department. The department may prescribe by rule that any licensee or applicant desiring to make specified types of alterations or additions to its facilities or to construct new facilities shall, before commencing such alteration, addition, or new construction, submit plans and specifications (~~((therefor))~~) to the agencies responsible for plan reviews for preliminary inspection and approval or recommendations with respect to compliance with the rules and standards herein authorized.

Sec.

3. RCW 70.128.060 and 2001 c 193 s 9 are each amended to read as follows:

(1) An application for license shall be made to the department upon forms provided by it and shall contain such information as the department reasonably requires.

(2) Subject to the provisions of this section, the department shall issue a license to an adult family home if the department finds that the applicant and the home are in compliance with this chapter and the rules adopted under this chapter, unless (a) the applicant or a person affiliated with the applicant has prior violations of this chapter relating to the adult family home subject to the application or any other adult family home, or of any other law regulating residential care facilities within the past five years that resulted in revocation, suspension, or nonrenewal of a license or contract with the department; or (b) the applicant or a person affiliated with the applicant has a history of significant noncompliance with federal, state, or local laws, rules, or regulations relating to the provision of care or services to vulnerable adults or to children. A person is considered affiliated with an applicant if the person is listed on the license application as a partner, officer, director, resident manager, or majority owner of the applying entity, or is the spouse of the applicant.

(3) The license fee shall be submitted with the application.

(4) The department shall serve upon the applicant a copy of the decision granting or denying an application for a license. An applicant shall have the right to contest denial of his or her application for a license as provided in chapter 34.05 RCW by requesting a hearing in writing within twenty-eight days after receipt of the notice of denial.

(5) The department shall not issue a license to a provider if the department finds that the provider or spouse of the provider or any partner, officer, director, managerial employee, or majority owner (~~((of five percent or more if the provider))~~) has a history of significant noncompliance with federal or state regulations, rules, or laws in providing care or services to vulnerable adults or to children.

(6) The department shall license an adult family home for the maximum level of care that the adult family home may provide. The department shall define, in rule, license levels based upon the education, training, and caregiving experience of the licensed provider or staff.

(7) The department shall establish, by rule, standards used to license nonresident providers and multiple facility operators.

(8) The department shall establish, by rule, for multiple facility operators educational standards substantially equivalent to recognized national certification standards for residential care administrators.

(9) The license fee shall be set at fifty dollars per year for each home. A fifty dollar processing fee shall also be charged each home when the home is initially licensed.

(10) A provider who receives notification of the department's initiation of a denial, suspension, nonrenewal, or revocation of an adult family home license may, in lieu of appealing the department's action, surrender or relinquish the license. The department shall not issue a new license to or contract with the provider, for the purposes of providing care to vulnerable adults or children, for a period of twenty years following the surrendering or relinquishment of the former license.

The licensing record shall indicate that the provider relinquished or surrendered the license, without admitting the violations, after receiving notice of the department's initiation of a denial, suspension, nonrenewal, or revocation of a license.

(11) The department shall establish, by rule, the circumstances requiring a change in the licensed provider, which include, but are not limited to, a change in ownership or control of the adult family home or provider, a change in the provider's form of legal organization, such as from sole proprietorship to partnership or corporation, and a dissolution or merger of the licensed entity with another legal organization. The new provider is subject to the provisions of this chapter, the rules adopted under this chapter, and other applicable law. In order to ensure that the safety of residents is not compromised by a change in provider, the new provider is responsible for correction of all violations that may exist at the time of the new license.

Sec.

4. RCW 18.20.125 and 2003 c 231 s 5 are each amended to read as follows:

(1) Inspections must be outcome based and responsive to resident complaints and based on a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to facilities, residents, and other interested parties. This includes that when conducting licensing inspections, the department shall interview an appropriate percentage of residents, family members, and advocates in addition to interviewing appropriate staff.

(2) Prompt and specific enforcement remedies shall also be implemented without delay, consistent with RCW 18.20.190, for facilities found to have delivered care or failed to deliver care resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or serious harm to one or more residents. These enforcement remedies may also include, when appropriate, reasonable conditions on a license. In the selection of remedies, the safety, health, and well-being of residents shall be of paramount importance.

(3) To the extent funding is available, the licensee, administrator, and their staff should be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable adults. Employees may be provisionally hired pending the results of the background check if they have been given three positive references.

(4) No licensee, administrator, or staff, or prospective licensee, administrator, or staff, with a stipulated finding of fact, conclusion of law, and agreed order, or finding of fact, conclusion of law, or final order issued by a disciplining authority, a court of law, or entered into the state registry finding him or her guilty of abuse, neglect, exploitation, or abandonment of a minor or a vulnerable adult as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.

Sec.

5. RCW 18.20.195 and 2001 c 193 s 7 are each amended to read as follows:

(1) The licensee or its designee has the right to an informal dispute resolution process to dispute any violation found or enforcement remedy imposed by the department during a licensing inspection or complaint investigation. The purpose of the informal dispute resolution process is to provide an opportunity for an exchange of information that may lead to the modification, deletion, or removal of a violation, or parts of a violation, or enforcement remedy imposed by the department.

(2) The informal dispute resolution process provided by the department shall include, but is not necessarily limited to, an opportunity for review by a department employee who did not participate in, or oversee, the determination of the violation or enforcement remedy under dispute. The department shall develop, or further develop, an informal dispute resolution process consistent with this section.

(3) A request for an informal dispute resolution shall be made to the department within ten working days from the receipt of a written finding of a violation or enforcement remedy. The request shall identify the violation or violations and enforcement remedy or remedies being disputed. The department shall convene a meeting, when possible, within ten working days of receipt of the request for informal dispute resolution, unless by mutual agreement a later date is agreed upon.

(4) If the department determines that a violation or enforcement remedy should not be cited or imposed, the department shall delete the violation or immediately rescind or modify the enforcement remedy. If the department determines that a violation should have been cited or an enforcement remedy imposed, the department shall add the citation or enforcement remedy. Upon request, the department shall issue a clean copy of the revised report, statement of deficiencies, or notice of enforcement action.

(5) The request for informal dispute resolution does not delay the effective date of any enforcement remedy imposed by the department, except that civil monetary fines are not payable until the exhaustion of any formal hearing and appeal rights provided under this chapter. The licensee shall submit to the department, within the time period prescribed by the department, a plan of correction to address any undisputed violations, and including any violations that still remain following the informal dispute resolution.

Sec.

6. RCW 74.39A.050 and 2000 c 121 s 10 are each amended to read as follows:

The department's system of quality improvement for long-term care services shall use the following principles, consistent with applicable federal laws and regulations:

(1) The system shall be client-centered and promote privacy, independence, dignity, choice, and a home or home-like environment for consumers consistent with chapter 392, Laws of 1997.

(2) The goal of the system is continuous quality improvement with the focus on consumer satisfaction and outcomes for consumers. This includes that when conducting licensing or contract inspections, the department shall interview an appropriate percentage of residents, family members, resident case managers, and advocates in addition to interviewing providers and staff.

(3) Providers should be supported in their efforts to improve quality and address identified problems initially through training, consultation, technical assistance, and case management.

(4) The emphasis should be on problem prevention both in monitoring and in screening potential providers of service.

(5) Monitoring should be outcome based and responsive to consumer complaints and based on a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to providers, residents, and other interested parties.

(6) Prompt and specific enforcement remedies shall also be implemented without delay, pursuant to RCW 74.39A.080, RCW 70.128.160, chapter 18.51 RCW, or chapter 74.42 RCW, for providers found to have delivered care or failed to deliver care resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or serious harm to one or more residents. These enforcement remedies may also include, when appropriate, reasonable conditions on a contract or license. In the selection of remedies, the safety, health, and well-being of residents shall be of paramount importance.

(7) To the extent funding is available, all long-term care staff directly responsible for the care, supervision, or treatment of vulnerable persons should be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable persons. Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis according to law and rules adopted by the department.

(8) No provider or staff, or prospective provider or staff, with a stipulated finding of fact, conclusion of law, an agreed order, or finding of fact, conclusion of law, or final order issued by a disciplining authority, a court of law, or entered into a state registry finding him or her guilty of abuse, neglect, exploitation, or abandonment of a minor or a vulnerable adult as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.

(9) The department shall establish, by rule, a state registry which contains identifying information about personal care aides identified under this chapter who have substantiated findings of abuse, neglect, financial exploitation, or abandonment of a vulnerable adult as defined in RCW 74.34.020. The rule must include disclosure, disposition of findings, notification, findings of fact, appeal rights, and fair hearing requirements. The department shall disclose, upon request, substantiated findings of abuse, neglect, financial exploitation, or abandonment to any person so requesting this information.

(10) The department shall by rule develop training requirements for individual providers and home care agency providers. Effective March 1, 2002, individual providers and home care agency providers must satisfactorily complete department-approved orientation, basic training, and continuing education within the time period specified by the department in rule. The department shall adopt rules by March 1, 2002, for the implementation of this section based on the recommendations of the community long-term care training and education steering committee established in RCW 74.39A.190. The department shall deny payment to an individual provider or a home care provider who does not complete the training requirements within the time limit specified by the department by rule.

(11) In an effort to improve access to training and education and reduce costs, especially for rural communities, the coordinated system of long-term care training and education must include the use of innovative types of learning strategies such as internet resources, videotapes, and distance learning using satellite technology coordinated through community colleges or other entities, as defined by the department.

(12) The department shall create an approval system by March 1, 2002, for those seeking to conduct department-approved training. In the rule-making process, the department shall adopt rules based on the recommendations of the community long-term care training and education steering committee established in RCW 74.39A.190.

(13) The department shall establish, by rule, training, background checks, and other quality assurance requirements for personal aides who provide in-home services funded by medicaid personal care as described in RCW 74.09.520, community options program entry system waiver services as described in RCW 74.39A.030, or chore services as described in RCW 74.39A.110 that are equivalent to requirements for individual providers.

(14) Under existing funds the department shall establish internally a quality improvement standards committee to monitor the development of standards and to suggest modifications.

(15) Within existing funds, the department shall design, develop, and implement a long-term care training program that is flexible, relevant, and qualifies towards the requirements for a nursing assistant certificate as established under chapter 18.88A RCW. This subsection does not require completion of the nursing assistant certificate training program by providers or their staff. The long-term care teaching curriculum must consist of a fundamental module, or modules, and a range of other available relevant training modules that provide the caregiver with appropriate options that assist in meeting the resident's care needs. Some of the training modules may include, but are not limited to, specific training on the special care needs of persons with developmental disabilities, dementia, mental illness, and the care needs of the elderly. No less than one training module must be dedicated to workplace violence prevention. The nursing care quality assurance commission shall work together with the department to develop the curriculum modules. The nursing care quality assurance commission shall direct the nursing assistant training programs to accept some or all of the skills and competencies from the curriculum modules towards meeting the requirements for a nursing assistant certificate as defined in chapter 18.88A RCW. A process may be developed to test persons completing modules from a caregiver's class to verify that they have the transferable skills and competencies for entry into a nursing assistant training program. The department may review whether facilities can develop their own related long-term care training programs. The department may develop a review process for determining what previous experience and training may be used to waive some or all of the mandatory training. The department of social and health services and the nursing care quality assurance commission shall work together to develop an implementation plan by December 12, 1998.

NEW SECTION. Sec.

7. RCW 18.20.120 (Information disclosure) and 2000 c 47 s 5, 1994 c 214 s 25, & 1957 c 253 s 12 are each repealed."

(2) The department shall amend the state plan for medical assistance under Title XIX of the federal social security act to include personal care services, as defined in 42 C.F.R. 440.170(f), in the categorically needy program.

(3) The department shall adopt, amend, or rescind such administrative rules as are necessary to ensure that Title XIX personal care services are provided to eligible persons in conformance with federal regulations.

(a) These administrative rules shall include financial eligibility indexed according to the requirements of the social security act providing for medicaid eligibility.

(c) The department shall determine by rule which clients have a health-related assessment or service planning need requiring registered nurse consultation or review. This definition may include clients that meet indicators or protocols for review, consultation, or visit.

(4) The department shall design and implement a means to assess the level of functional disability of persons eligible for personal care services under this section. The personal care services benefit shall be provided to the extent funding is available according to the assessed level of functional disability. Sec.

3. RCW 74.39A.090 and 1999 c 175 s 2 are each amended to read as follows:

(5) Area agencies on aging shall assess the quality of the in-home care services provided to consumers who are receiving services under the medicaid personal care, community options programs entry system or chore services program through an individual provider or home care agency. Quality indicators may include, but are not limited to, home care consumers satisfaction surveys, how quickly home care consumers are linked with home care workers, and whether the plan of care under RCW 74.39A.095 has been honored by the agency or the individual provider.

(6) The department shall develop model language for the plan of care established in RCW 74.39A.095. The plan of care shall be in clear language, and written at a reading level that will ensure the ability of consumers to understand the rights and responsibilities expressed in the plan of care."

This binding site plan shall be binding upon all now or hereafter having any interest in the land described herein." The binding site plan may, but need not, depict or describe the boundaries of the lots or tracts resulting from subjecting a portion of the land to either chapter 64.32 or 64.34 RCW. A site plan shall be deemed to have been approved if the site plan was approved by a city, town, or county: (i) In connection with the final approval of a subdivision plat or planned unit development with respect to all of such land; or (ii) in connection with the issuance of building permits or final certificates of occupancy with respect to all of such land; or (iii) if not approved pursuant to (i) and (ii) of this subsection (7)(e), then pursuant to such other procedures as such city, town, or county may have established for the approval of a binding site plan; ~~(and)~~

(8) A division for the purpose of leasing land for facilities providing personal wireless services while used for that purpose. "Personal wireless services" means any federally licensed personal wireless service. "Facilities" means unstaffed facilities that are used for the transmission or reception, or both, of wireless communication services including, but not necessarily limited to, antenna arrays, transmission cables, equipment shelters, and support structures; and

(9) A division of land into lots or tracts of less than three acres that is recorded in accordance with chapter 58.09 RCW and is used or to be used for the purpose of establishing a site for construction and operation of consumer-owned or investor-owned electric utility facilities. For purposes of this subsection, "electric utility facilities" means unstaffed facilities, except for the presence of security personnel, that are used for or in connection with or to facilitate the transmission, distribution, sale, or furnishing of electricity including, but not limited to, electric power substations. This subsection does not exempt a division of land from the zoning and permitting laws and regulations of cities, towns, counties, and municipal corporations. Furthermore, this subsection only applies to electric utility facilities that will be placed into service to meet the electrical needs of a utility's existing and new customers. New customers are defined as electric service locations not already in existence as of the date that electric utility facilities subject to the provisions of this subsection are planned and constructed."

Senator Morton spoke in favor of adoption of the striking amendment.

POINT OF INQUIRY

Senator Kline: "Would Senator Morton yield to a question? Senator, I'm just seeing this language for the first time and it looks very much like a bill that you and I discussed on the Senate Land Use Committee and one that we agreed upon. I'm seeing that it refers only to consumer-owned or investor-owned electric utilities as opposed to publicly-owned investor utilities, publicly-owned utilities. And, further, that there was no requirement that the-none that I can see quickly-that requires that the property not be staffed or not have staff working on it on a regular basis. Which both of those, as I recall, were clearly specified in the language that you and I agreed to in Land Use."

Senator Morton: "Thank you Senator Kline. The latter is still in here. I can't put my finger on the line number and page right now, but its my understanding that it's there, that's it an uninhabited parcel of land. Page 3, line 10, I guess, I'd start at! To be used for the purpose of establishing a site for construction and operation of consumer-owned or investor-owned electric utility for the purpose of substation. It means that its an unstaffed facility, except for the presence of security personnel. Remember, we talked about that, in case of the terrorism problem, we have where they could have guards, if they needed at the substation location."

Senators Kline, Mulliken and Fraser spoke in favor of adoption of the striking amendment.

The President declared the question before the Senate to be the adoption of the striking amendment by Senator Morton to Substitute House Bill No. 2452.

The motion by Senator Morton carried and the striking amendment was adopted by voice vote.

There being no objection, the following title amendment was adopted:

2. RCW 46.20.308 and 2004 c ... (Substitute House Bill No. 3055) s 2 are each amended to read as follows:

(1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcohol concentration or presence of any drug in his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503. Neither consent nor this section precludes a police officer from obtaining a search warrant for a person's breath or blood.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or the person to have been driving or in actual physical control of a motor vehicle while having alcohol in a concentration in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one. However, in those instances where the person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample or where the person is being treated in a hospital, clinic, doctor's office, emergency medical vehicle, ambulance, or other similar facility or where the officer has reasonable grounds to believe that the person is under the influence of a drug, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(5). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver, in substantially the following language, that:

(a) If the driver refuses to take the test, the driver's license, permit, or privilege to drive will be revoked or denied for at least one year; and

(b) ~~((If the driver refuses to take the test, the driver will not be eligible for an occupational permit; and~~

~~(⇒))~~ If the driver refuses to take the test, the driver's refusal to take the test may be used in a criminal trial; and

~~((⇒))~~ (c) If the driver submits to the test and the test is administered, the driver's license, permit, or privilege to drive will be suspended, revoked, or denied for at least ninety days if the driver is age twenty-one or over and the test indicates the alcohol concentration of the driver's breath or blood is 0.08 or more, or if the driver is under age twenty-one and the test indicates the alcohol concentration of the driver's breath or blood is 0.02 or more, or if the driver is under age twenty-one and the driver is in violation of RCW 46.61.502 or 46.61.504.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which there has been serious bodily injury to another person, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.08 or more if the person is age twenty-one or over, or 0.02 or more if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, or deny the person's license, permit, or privilege to drive as required by subsection (7) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (8) of this section;

(c) Mark the person's Washington state driver's license or permit to drive, if any, in a manner authorized by the department;

(d) Serve notice in writing that the marked license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

(e) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol concentration in violation of RCW 46.61.503;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her blood or breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.08 or more if the person is age twenty-one or over, or was 0.02 or more if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(7) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection (6)(e) of this section, shall suspend, revoke, or deny the person's license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, or denial to be

effective beginning sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first.

(8) A person receiving notification under subsection (6)(b) of this section may, within thirty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of one hundred dollars as part of the request. If the request is mailed, it must be postmarked within thirty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required one hundred dollar fee, the department shall afford the person an opportunity for a hearing. The department may waive the required one hundred dollar fee if the person is an indigent as defined in RCW 10.101.010. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection (6)(c) of this section extended, if the person is otherwise eligible for licensing. For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more if the person was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.08 or more if the person was age twenty-one or over at the time of the arrest, or 0.02 or more if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, or denial either be rescinded or sustained.

(9) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, or denied has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. Notice of appeal must be filed within thirty days after the date the final order is served or the right to appeal is waived. Notwithstanding RCW 46.20.334, RALJ 1.1, or other statutes or rules referencing de novo review, the appeal shall be limited to a review of the record of the administrative hearing. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petitioner's request for review, the court shall review the department's final order of suspension, revocation, or denial as expeditiously as possible. The review must be limited to a determination of whether the department has committed any errors of law. The superior court shall accept those factual determinations supported by substantial evidence in the record: (a) That were expressly made by the department; or (b) that may reasonably be inferred from the final order of the department. The superior court may reverse, affirm, or modify the decision of the department or remand the case back to the department for further proceedings. The decision of the superior court must be in writing and filed in the clerk's office with the other papers in the case. The court shall state the reasons for the decision. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, or denial it may impose conditions on such stay.

(10) If a person whose driver's license, permit, or privilege to drive has been or will be suspended, revoked, or denied under subsection (7) of this section, other than as a result of a breath or blood test refusal, and who has not committed an offense for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (7) of this section, the court may direct the department to stay any actual or proposed suspension, revocation, or denial for at least forty-five days but not more than ninety days. If the court stays the suspension, revocation, or denial, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license marked under subsection (6) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection.

A suspension, revocation, or denial imposed under this section, other than as a result of a breath or blood test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(11) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license.

Sec.

3. RCW 46.20.311 and 2003 c 366 s 2 are each amended to read as follows:

(1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law.

(b) Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.740, or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW.

(c) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock (~~or other biological or technical device~~), the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned (~~and/or~~) or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(d) Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW or a residential or visitation order, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

~~((b))~~ (e)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of twenty dollars.

(ii) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred fifty dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of twenty dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred fifty dollars. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned (~~and/or~~) or operated by the person applying for a new license. If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer functioning, the department shall suspend the person's license or privilege to drive until the department has received written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of twenty dollars.

(b) If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred fifty dollars.

Sec.

4. RCW 46.20.3101 and 1998 c 213 s 2, 1998 c 209 s 2, and 1998 c 207 s 8 are each reenacted and amended to read as follows:

(1) In the case of a person who has refused a test or tests:

(a) For a first refusal within seven years, where there has not been a previous incident within seven years that resulted in administrative action under this section, revocation or denial for one year;

(b) For a second or subsequent refusal within seven years, or for a first refusal where there has been one or more previous incidents within seven years that have resulted in administrative action under this section, revocation or denial for two years or until the person reaches age twenty-one, whichever is longer. ~~((A revocation imposed under this subsection (1)(b) shall run consecutively to the period of any suspension, revocation, or denial imposed pursuant to a criminal conviction arising out of the same incident.))~~

(2) In the case of an incident where a person has submitted to or been administered a test or tests indicating that the alcohol concentration of the person's breath or blood was 0.08 or more:

(a) For a first incident within seven years, where there has not been a previous incident within seven years that resulted in administrative action under this section, suspension for ninety days;

(b) For a second or subsequent incident within seven years, revocation or denial for two years.

(3) In the case of an incident where a person under age twenty-one has submitted to or been administered a test or tests indicating that the alcohol concentration of the person's breath or blood was in violation of RCW 46.61.502, 46.61.503, or 46.61.504:

(a) For a first incident within seven years, suspension or denial for ninety days;

(b) For a second or subsequent incident within seven years, revocation or denial for one year or until the person reaches age twenty-one, whichever is longer.

(4) The department shall grant credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under this section for a suspension, revocation, or denial imposed under RCW 46.61.5055 arising out of the same incident.

The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

The alternative sentence may include, but is not limited to, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-five days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-five days.

MESSAGE FROM THE HOUSE

March 8, 2004

MR. PRESIDENT:

The House refuses to concur in the Senate amendment(s) to SUBSTITUTE SENATE BILL NO. 6208 and asks the Senate for a conference thereon. Speaker has appointed the following members as Conferees:

Representatives Romero, Uptegrove and Schindler
and the same is herewith transmitted.

RICHARD NAFZIGER, Chief Clerk

MOTION

Senator McCaslin moved that the Senate concur in the House amendment(s) to Substitute Senate Bill No. 6208.

POINT OF ORDER

Senator Eide: "Thank you, Mr. President. I believe that the House amendment to Substitute Senate Bill No. 6208 is beyond the scope and object of the underlying bill. This bill is a very narrow bill, dealing solely with the water sewer district authorities and the setting of temporary connection fees. In the House amendment addresses a completely different subject outside of the scope of the bill as passed by the Senate. The amendment gives small cities the authority to assume water sewer districts. The amendment does not relate to temporary connection fees in any way. Mr. President, for these reasons, I respectfully that you request that you rule the House amendment beyond the scope and object of Substitute Senate Bill No. 6208."

POINT OF ORDER

Senator McCaslin: "Thank you, Mr. President. I believe that, consistent with your past rulings and Senate precedent, the good Senator from the 30th districts point is out of order. When this matter originally came over from the House, it had this amendment placed on it and this body, the Senate, on March 4, 2004 choose not to concur to this amendment at that time. Now, this same bill with the same amendment completely unchanged, is back before us. The time to raise the scope and object challenge to this amendment, was when it was first before this body back on March 4, 2004. Having failed to raise this objection then, the objection now I believe is untimely."

MOTION

Senator Esser moved that the Senate defer further consideration of Substitute Senate Bill No. 6208 and that the bill hold it's place on the concurrence calendar.

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House has passed the following bill:

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2295,
and the same is herewith transmitted.

RICHARD NAFZIGER, Chief Clerk

MOTION

On motion of Senator Esser, the Senate advanced to the fifth order of business.

INTRODUCTIONS AND FIRST READING

E2SHB 2295 by House Committee on Appropriations (originally sponsored by Representatives Quall, Talcott, Rockefeller and Anderson)

Authorizing charter schools. Revised for 1st Substitute: Providing for charter schools.

POINT OF ORDER

Senator Sheldon, B.: "I object to the Senate considering Engrossed Second Substitute House Bill No. 2295. This bill has not passed both houses and is, therefore, beyond the cutoff under Concurrent Resolution No. 8417."

POINT OF ORDER

Senator Johnson: "Mr. President, Engrossed Second Substitute House Bill No. 2295 is clearly a matter necessary to implement the budget is, therefore, not subject to cutoff. In 2000 session, the year 2000, the pages 668 and 669 of the session's Journal you provided a detailed ruling setting forth examples of the kinds of measures that are necessary to implement the budget, including 'measures creating new programs and for which a budget appropriation would lapse but for the passage of the measure.' Mr. President, I submit that Engrossed Second Substitute House Bill No. 2295, the bill authorizing charter schools, is a measure that meets this criteria precisely. The measure creates a new program, the program receives five hundred and thirty-one thousand dollars in three separate appropriations in the Senate budget which is Engrossed Substitute Senate Bill No. 6187. The appropriations will lapse if the measure is not passed. See sections 501, 502 and 605 of that budget. Thank you."

Senator Winsley assumed the chair.

MOTIONS

On motion of Senator Esser, the Senate advanced to the eighth order of business.

On motion of Senator Esser, Senate Rule 20 was suspended for the remainder of the day for the purpose of allowing consideration of more than one resolution.

Senator McCaslin: "Madam President, the Democrats are smiling, the Republicans are smiling, everyone's happy, let's Sine Die."

The President Pro Tempore declared the question before the Senate to be the adoption of Senate Resolution No. 8729.

The motion by Senator Murray carried and the resolution was adopted by voice vote.

PERSONAL PRIVILEGE

Senator Schmidt: "Thank you, Madam President. I didn't want to steal the thunder from Gonzaga I'm so glad there doing so well but, I do have to make one concession to that. There is another college basketball team in the state of Washington that actually, for the second half of the season is probably the hottest team in the county. And we need to remember they are the only team in America that has defeated the only undefeated team in the country and that's the UW basketball team when they defeated Stanford last week. So we still have to say they'll probably be another team in the tournament and I'm a little partial-you know my son's at UW-so I have to say, "Go Huskies."

MOTION

Senator Esser moved that the Senate revert to the fourth order of business.

The board is authorized to make direct loans to political subdivisions of the state and to federally recognized Indian tribes for the purposes of assisting the political subdivisions and federally recognized Indian tribes in financing the cost of public facilities, including development of land and improvements for public facilities, project-specific environmental, capital facilities, land use, permitting, feasibility, and marketing studies and plans; project design, site planning, and analysis; project debt and revenue impact analysis; as well as the construction, rehabilitation, alteration, expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision or the federally recognized Indian tribe and the finding by the board that financial circumstances require grant assistance to enable the project to move forward. However, at least ten percent of all financial assistance provided by the board in any biennium shall consist of grants to political subdivisions and federally recognized Indian tribes.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

(1) The board shall not provide financial assistance:

(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(b) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state.

(c) For the acquisition of real property, including buildings and other fixtures which are a part of real property.

(d) For a project the primary purpose of which is to facilitate or promote gambling.

(2) The board shall only provide financial assistance:

(a) For those projects which would result in specific private developments or expansions (i) in manufacturing, production, food processing, assembly, warehousing, advanced technology, research and development, and industrial distribution; (ii) for processing recyclable materials or for facilities that support recycling, including processes not currently provided in the state, including but not limited to, de-inking facilities, mixed waste paper, plastics, yard waste, and problem-waste processing; (iii) for manufacturing facilities that rely significantly on recyclable materials, including but not limited to waste tires and mixed waste paper; (iv) which support the relocation of businesses from nondistressed urban areas to rural counties or rural natural resources impact areas; or (v) which substantially support the trading of goods or services outside of the state's borders.

(b) For projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities.

(c) When the application includes convincing evidence that a specific private development or expansion is ready to occur and will occur only if the public facility improvement is made.

(3) The board shall prioritize each proposed project according to:

(a) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located; and

(b) The rate of return of the state's investment, that includes the expected increase in state and local tax revenues associated with the project.

(4) A responsible official of the political subdivision or the federally recognized Indian tribe shall be present during board deliberations and provide information that the board requests.

Before any financial assistance application is approved, the political subdivision or the federally recognized Indian tribe seeking the assistance must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board.

Sec.

4. RCW 43.160.200 and 1999 c 164 s 107 are each amended to read as follows:

(1) The economic development account is created within the public facilities construction loan revolving fund under RCW 43.160.080. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the purposes of RCW 43.160.010(5) and this section. The account is subject to allotment procedures under chapter 43.88 RCW.

(2) Applications under this section for assistance from the economic development account are subject to all of the applicable criteria set forth under this chapter, as well as procedures and criteria established by the board, except as otherwise provided.

(3) Eligible applicants under this section are limited to political subdivisions of the state and federally recognized Indian tribes in rural natural resources impact areas and rural counties.

(4) Applicants must demonstrate that their request is part of an economic development plan consistent with applicable state planning requirements. Applicants must demonstrate that tourism projects have been approved by the local government or federally recognized Indian tribe. Industrial projects must be approved by the local government and the associate development organization, or by the federally recognized Indian tribe.

(5) Publicly owned projects may be financed under this section upon proof by the applicant that the public project is a necessary component of, or constitutes in whole, a tourism project.

(6) Applications must demonstrate local match and participation. Such match may include: Land donation, other public or private funds or both, or other means of local commitment to the project.

(7) Board financing for project-specific environmental, capital facilities, land use, permitting, feasibility~~((f-))~~, and marketing studies and plans; project engineering, design, and site planning and analysis; and project debt and revenue impact analysis shall not exceed fifty thousand dollars per study. Board funds for these purposes may be provided as a grant and require a match.

(8) Board financing for tourism projects shall not exceed two hundred fifty thousand dollars. Other public facility construction projects under this section shall not exceed one million dollars. Loans with flexible terms and conditions to meet the needs of the applicants shall be provided. Grants may also be authorized, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision or the federally recognized Indian tribe.

(9) The board shall develop guidelines for allowable local match and planning and predevelopment activities.

(10) The board may allow de minimis general system improvements to be funded if they are critically linked to the viability of the economic development project assisted under this section.

(11) Applications under this section need not demonstrate evidence that specific private development or expansion is ready to occur or will occur if funds are provided.

(12) The board shall establish guidelines for providing financial assistance under this section to ensure that the requirements of this chapter are complied with. The guidelines shall include:

(a) A process to equitably compare and evaluate applications from competing communities.

(b) Criteria to ensure that approved projects will have a high probability of success and are likely to provide long-term economic benefits to the community. The criteria shall include: (i) A minimum amount of local participation, determined by the board per application, to verify community support for the project; (ii) an analysis that establishes the project is feasible using standard economic principles; and (iii) an explanation from the applicant regarding how the project is consistent with the communities' economic strategy and goals.

(c) A method of evaluating the impact of the financial assistance on the economy of the community and whether the financial assistance achieved its purpose."

Correct the title.

and the same are herewith transmitted.

(3) The boarding home may seek third-party payment to hold a bed or unit for twenty-one days or longer. The third-party payment shall not exceed ~~((eighty-five percent of))~~ the ((average)) medicaid daily rate paid to the facility for the resident. March 3, 2004

MR. PRESIDENT:

The House has passed SENATE BILL NO. 6593, with the following amendments{s}.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec.

1. The legislature finds that: Congress has preempted the regulation by the states of manufactured housing construction standards through adoption of construction standards for manufactured housing (42 U.S.C. Sec. 5401-5403); and this federal regulation is equivalent to the state's uniform building code. The legislature also finds that congress has declared that: (1) Manufactured housing plays a vital role in meeting the housing needs of the nation; and (2) manufactured homes provide a significant resource for affordable homeownership and rental housing accessible to all Americans (42 U.S.C. Sec. 5401-5403). The legislature intends to protect the consumers' rights to choose among a number of housing construction alternatives without restraint of trade or discrimination by local governments.

NEW SECTION. Sec.

2. A new section is added to chapter 35.21 RCW to read as follows:

(1) A city or town may not enact any statute or ordinance that has the effect, directly or indirectly, of discriminating against consumers' choices in the placement or use of a home in such a manner that is not equally applicable to all homes. Homes built to 42 U.S.C. Sec. 5401-5403 standards (as amended in 2000) must be regulated for the purposes of siting in the same manner as site built homes, factory built homes, or homes built to any other state construction or local design standard. However, any city or town may require that (a) a manufactured home be a new manufactured home; (b) the manufactured home be set upon a permanent foundation, as specified by the manufacturer, and that the space from the bottom of the home to the ground be enclosed by concrete or an approved concrete product which can be either load bearing or decorative; (c) the manufactured home comply with all local design standards applicable to all other homes within the neighborhood in which the manufactured home is to be located; (d) the home is thermally equivalent to the state energy code; and (e) the manufactured home otherwise meets all other requirements for a designated manufactured home as defined in RCW 35.63.160. A city with a population of one hundred thirty-five thousand or more may choose to designate its building official as the person responsible for issuing all permits, including department of labor and industries permits issued under chapter 43.22 RCW in accordance with an interlocal agreement under chapter 39.34 RCW, for alterations, remodeling, or expansion of manufactured housing located within the city limits under this section.

(2) This section does not override any legally recorded covenants or deed restrictions of record.

(3) This section does not affect the authority granted under chapter 43.22 RCW.

NEW SECTION. Sec.

3. A new section is added to chapter 35A.21 RCW to read as follows:

(1) A code city may not enact any statute or ordinance that has the effect, directly or indirectly, of discriminating against consumers' choices in the placement or use of a home in such a manner that is not equally applicable to all homes. Homes built to 42 U.S.C. Sec. 5401-5403 standards (as amended in 2000) must be regulated for the purposes of siting in the same manner as site built homes, factory built homes, or homes built to any other state construction or local design standard. However, any code city may require that (a) a manufactured home be a new manufactured home; (b) the manufactured home be set upon a permanent foundation, as specified by the manufacturer, and that the space from the bottom of the home to the ground be enclosed by concrete or an approved concrete product which can be either load bearing or decorative; (c) the manufactured home comply with all local design standards applicable to all other homes within the neighborhood in which the manufactured home is to be located; (d) the home is thermally equivalent to the state energy code; and (e) the manufactured home otherwise meets all other requirements for a designated manufactured home as defined in RCW 35.63.160. A code city with a population of one hundred thirty-five thousand or more may choose to designate its building official as the person responsible for issuing all permits, including department of labor and industries permits issued under chapter 43.22 RCW in accordance with an interlocal agreement under chapter 39.34 RCW, for alterations, remodeling, or expansion of manufactured housing located within the city limits under this section.

(2) This section does not override any legally recorded covenants or deed restrictions of record.

(3) This section does not affect the authority granted under chapter 43.22 RCW.

NEW SECTION. Sec.

4. A new section is added to chapter 36.01 RCW to read as follows:

(1) A county may not enact any statute or ordinance that has the effect, directly or indirectly, of discriminating against consumers' choices in the placement or use of a home in such a manner that is not equally applicable to all homes. Homes built to 42 U.S.C. Sec. 5401-5403 standards (as amended in 2000) must be regulated for the purposes of siting in the same manner as site built homes, factory built homes, or homes built to any other state construction or local design standard. However, any county may require that (a) a manufactured home be a new manufactured home; (b) the manufactured home be set upon a permanent foundation, as specified by the manufacturer, and that the space from the bottom of the home to the ground be enclosed by concrete or an approved concrete product which can be either load bearing or decorative; (c) the manufactured home comply with all local design standards applicable to all other homes within the neighborhood in which the manufactured home is to be located; (d) the home is thermally equivalent to the state energy code; and (e) the manufactured home otherwise meets all other requirements for a designated manufactured home as defined in RCW 35.63.160.

(2) This section does not override any legally recorded covenants or deed restrictions of record.

(3) This section does not affect the authority granted under chapter 43.22 RCW.

Sec.

5. RCW 35.63.160 and 1988 c 239 s 1 are each amended to read as follows:

(3) Nothing in this section precludes cities from allowing any manufactured home from being sited on individual lots through local standards which differ from the designated manufactured home or new manufactured home as described in this section, except that the term "designated manufactured home" and "new manufactured home" shall not be used except as defined in subsections (1) and (2) of this section.

PERSONAL PRIVILEGE

Senator Brandland: “Thank you, Mr. President. I don’t know if your aware of it or some of may be aware of it. Representative Santos and I were actually approached about two weeks ago to try find some sort of resolution to the issue of smoking and trying to find medium ground. You may have been getting some emails from both sides of the issue, and I thought it appropriate it to maybe stand up and let you know that that issue is really not going to be resolved. We worked very hard to find some medium ground that-we worked hard on both sides but, to use a term we found some irreconcilable differences and I don’t mean to be glib about it, but, we did make an honest attempt to try to find a resolution. Your going to get some emails It’s probably not going to stop right now, but I’ll tell you right now that the issue is dead for this session. So thank you very much and I apologize for the emails your going to get.”

PERSONAL PRIVILEGE

Senator Deccio: “Well Senator Brandland having all those smoking bills in our committee, I got an email from somebody. They said, ‘The only way to quit smoking is don’t light up.’”

RULING BY THE PRESIDENT

President Owen: “In ruling upon the point of order raised by Senator Betti Sheldon that Engrossed Second Substitute House Bill 2295 is not properly before the body because it is beyond the cutoff dates established by Senate Concurrent Resolution 8417, the President finds and rules as follows:

The plain language of the cutoff resolution clearly exempts budget-related measures from all of the committee and chamber of origin cutoff dates set forth in the first part of the resolution. What is not clear is whether or not budget bills are also exempted from the final cutoff date of March 5th set forth in the second part of the resolution. At best, this language is ambiguous, and susceptible to several interpretations. Standing alone, this section would appear to exempt from the March 5th cutoff essentially only those matters in dispute between the two chambers or incidental to the internal business of the Legislature.

The President believes that one of the paramount duties of the presiding officer, and this is made clear time and time again in both Senate and Reeds Rule, as well as a considerable body of precedent, is to ensure that the body is able to order its own affairs and complete the business before it. The long-standing tradition of the Senate has been to allow the consideration of budget-related matters at any point right up until a final resolution or Sine Die. Departing from this tradition so late into the Session would impede the ability of the Senate to timely conclude its business. As a result, the President rules that measures relating to the budget may timely be considered by the Senate. In so ruling, however, the President would strongly suggest to the body that future cutoff resolutions be drafted in such a way as to remove any ambiguity and clearly set forth both the cutoff dates and any exceptions thereto.

Having so decided, the President now reaches the issue of whether or not the underlying bill is a matter necessary to implement the budget. The President has consistently set forth an analysis for making this determination in past rulings. Essentially, a different and stricter analysis will be employed in those situations where the budget is hypothetical as opposed to acted upon by the body. In this case, while there is uncertainty as to what budget might ultimately be enacted, there is no uncertainty as to the budget acted upon by the Senate to date. This budget was passed in Senate Bill 6187, clearly references charter schools, and makes at least three separate appropriations for this purpose. These appropriations will lapse if an underlying measure is not passed. For these reasons, the President finds that the bill is necessary to implement the budget, is exempt from cutoff, and is properly before this body for consideration.

MOTION

On motion of Senator Esser, the Senate advanced to the fifth order of business.

POINT OF INQUIRY

Senator Hargrove: "Mr. President, in trying to understand the ruling that you have just rendered, would it be the case that if a budget bill that passed the Senate, let's say had any reference to a bill in the future that that would get it passed all cut off dates because those bills would be necessary to implement the budget, as opposed to a budget that had been finally adopted? I'm trying to foresee how we're going to use this ruling in the future and that's why I'm asking for the clarification."

REPLY BY THE PRESIDENT

President Owen: "Senator Hargrove, as in the past the President will not rule on a hypothetical situation that is not presently before us. If you have a bill before us or a matter before us, I will rule upon that at the time that it is. If you have a subject, I will rule upon at the time it is before us, but I can not make a ruling based on a hypothetical situation that I don't know what the exact language is."

POINT OF INQUIRY

Senator Hargrove: "If I may follow-up then. The ruling that you just made on this budget and this bill is because the bill was referenced in the budget that passed the Senate originally, then this bill is properly before us is necessary to implement the budget?"

REPLY BY THE PRESIDENT

President Owen: "That is, in part the ruling."

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Johnson yield to a question? Senator Johnson, if we, this amendment says it's going to, if we want you to accept the special ed kids and those with language deficiencies. You say that already it's in the bill, so why wouldn't this amendment be okay? It does have one thing, and it says a percentage and that's the only thing that is not in the bill. So I would think it's very important that we add the percentage."

Senator Johnson: "Yes, well I didn't address that but I never said a quota, I don't think The intention is that be not exclusively for education disadvantage kids but primarily, and I think that's the good part of it in fact. So it doesn't make

sense to give numbers. As a matter of fact, country-wide charter schools enroll a larger number of educational disadvantage kids than the regular schools do. There's no reason to believe that would be different here. In fact, there's a good reason to believe that it would be even more so because of the stated primary purpose in the bill."

Senator Rasmussen: "Well, then I think we ought to adopt this amendment Mr. President."

POINT OF INQUIRY

Senator Thibaudeau: "Would Senator Johnson yield to a question? Thank you Senator. It's my understanding, and please correct me if I'm wrong, as I'm sure you will, these charter schools are going to require a fair amount of parental involvement, community involvement. That's my first question and my second has to do with if that is true, then a number of these disadvantage kids, whether it's language or poverty or whatever, have I think their parents will have real problems with providing the kind of involvement that you need. I remember when I was an ETSA president, many, many years ago, calling a number of parents who were I guess they were a number of Formosan families. A number of those parents couldn't speak English and their children had to answer the telephone. So, without the kind of support to the parents that would be needed, how are you really going to accomplish this?"

Senator Johnson: "Thank you Senator. The experience in most charter schools is that a three-way, agreement is actually signed by the student, the parents and the school. They're schools of choice, as you know, so you're not required to attend the school. You can air as you wish and leave as you wish and those agreements set forth the responsibilities, discipline and so on of each student. There's unusually high involvement of parental participation. There's a school in southern California that has something on the order of ninety plus percent of parents that showed up for parents night. Which is pretty rare in a regular public school. So that's one of the outstanding points of a charter school is the parental involvement."

MOTION

Senator Kohl-Welles moved that the following amendment by Senator Kohl-Welles be adopted:

On page 9, line 5, after "application." insert the following:

"Prior to approving or rejecting the application, the superintendent of public instruction shall hold a public hearing to take public comment on the application. PART 4

MISCELLANEOUS

NEW SECTION. Sec.

901. A new section is added to chapter 89.08 RCW to read as follows:

(1) The conservation assistance revolving account is created in the custody of the state treasurer. The account shall be administered by the conservation commission. Moneys from the account may only be spent after appropriation. Moneys placed in the account shall include principal and interest from the repayment of any loans granted under this section, and any other moneys appropriated to the account by the legislature. Expenditures from the account may be used to make loans to landowners for projects enrolled in the conservation reserve enhancement program.

(2) In order to aid the financing of conservation reserve enhancement program projects, the conservation commission, through the conservation districts, may make interest-free loans to conservation reserve enhancement program enrollees from the conservation assistance revolving account. The conservation commission may require such terms and conditions as it deems necessary to carry out the purposes of this section. Loans to landowners shall be for costs associated with the installation of conservation improvements eligible for and secured by federal farm service agency practice incentive payment reimbursement. Loans under this program promote critical habitat protection and restoration by bridging the financing gap between project implementation and federal funding. The conservation commission shall give loan preferences to those projects expected to generate the greatest environmental benefits and that occur in basins with critical or depressed salmonid stocks. Money received from landowners in loan repayments made under this section shall be paid into the conservation assistance revolving account for uses consistent with this section.

Sec.

902. 2003 1st sp.s. c 26 s 902 (uncodified) is amended to read as follows:

(1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management. The office of financial management shall notify the house of representatives capital budget committee and the senate ways and means committee of allotment releases based on review by the office of financial management. No expenditure may be incurred or obligation entered into for appropriations in this act until the office of financial management has given final approval to the allotment of the funds to be expended or encumbered. For allotments under this act, the allotment process includes, in addition to the statement of proposed expenditures for the current biennium, a category or categories for any reserve amounts and amounts expected to be expended in future biennia. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110. Contracts shall not be executed that call for expenditures in excess of the approved allotment, and the total amount shown in such contracts for the cost of future work that has not been appropriated shall not exceed the amount identified for such work in the level of funding approved by the office of financial management at the completion of predesign.

(2) The legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

Sec.

903. 2003 1st sp.s. c 26 s 905 (uncodified) is amended to read as follows:

(1) To ensure that minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management and the office of

financial management has formally approved the lists. Proposed revisions to the lists must be filed with and approved by the office of financial management before funds may be expended on the revisions.

(2)(a) Minor works projects are single line appropriations that include multiple projects valued between \$25,000 and \$1 million each that are of a similar nature and can generally be completed within two years of the appropriation with the funding provided. Minor works categories include (i) health, safety, and code requirements; (ii) facility preservation; (iii) infrastructure preservation; and (iv) program improvement or expansion. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(3) The office of financial management shall forward copies of these project lists and revised lists to the house of representatives capital budget committee and the senate ways and means committee. No expenditure may be incurred or obligation entered into for minor works appropriations until the office of financial management has approved the allotment of the funds to be expended. The office of financial management shall encourage state agencies to incorporate accessibility planning and improvements into the normal and customary capital program.

(4) The legislature generally does not intend to make future appropriations for capital expenditures or for maintenance and operating expenses for an acquisition project or a significant expansion project that is initiated through the minor works process and therefore does not receive a policy and fiscal analysis by the legislature. Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

Sec.

Sec.

906. RCW 43.82.010 and 1997 c 117 s 1 are each amended to read as follows:

(1) The director of general administration, on behalf of the agency involved, shall purchase, lease, lease purchase, rent, or otherwise acquire all real estate, improved or unimproved, as may be required by elected state officials, institutions, departments, commissions, boards, and other state agencies, or federal agencies where joint state and federal activities are undertaken and may grant easements and transfer, exchange, sell, lease, or sublease all or part of any surplus real estate for those state agencies which do not otherwise have the specific authority to dispose of real estate. This section does not transfer financial liability for the acquired property to the department of general administration.

(2) Except for real estate occupied by federal agencies, the director shall determine the location, size, and design of any real estate or improvements thereon acquired or held pursuant to subsection (1) of this section. Facilities acquired or held pursuant to this chapter, and any improvements thereon, shall conform to standards adopted by the director and approved by the office of financial management governing facility efficiency unless a specific exemption from such standards is provided by the director of general administration. The director of general administration shall report to the office of financial management annually on any exemptions granted pursuant to this subsection.

(3) The director of general administration may fix the terms and conditions of each lease entered into under this chapter, except that no lease shall extend greater than twenty years in duration. The director of general administration may enter into a long-term lease greater than ten years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of general administration may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility. For the 2003-05 biennium, any lease entered into after the effective date of this section with a term of ten years or less shall not contain a nonappropriation clause.

(4) Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a public offering. Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a private placement without the prior written approval of the state treasurer. However, this limitation shall not prevent a lessor from assigning or encumbering its interest in a lease as security for the repayment of a promissory note provided that the transaction would otherwise be an exempt transaction under RCW 21.20.320. The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state's credit rating and the integrity of the state's debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. The department of general administration shall promptly notify the state treasurer whenever it may appear to the department that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection.

(5) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

(6) The director of general administration shall provide coordinated long-range planning services to identify and evaluate opportunities for colocating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of general administration shall determine whether an opportunity exists for colocating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of general administration shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of general administration, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(7) The director of general administration is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of general administration shall charge each using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental, to meet unforeseen expenses incident to management of the real estate.

(8) If the director of general administration determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (7) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds: PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(9) In order to obtain maximum utilization of space, the director of general administration shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities.

(10) The director of general administration may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of general administration shall conduct an evaluation of the facility design and budget using life-cycle cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(11) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of general administration or the director's designee, and recorded with the county auditor of the county in which the property is located.

(12) The director of general administration may delegate any or all of the functions specified in this section to any agency upon such terms and conditions as the director deems advisable.

(13) This section does not apply to the acquisition of real estate by:

(a) The state college and universities for research or experimental purposes;

(b) The state liquor control board for liquor stores and warehouses; and

(c) The department of natural resources, the department of fish and wildlife, the department of transportation, and the state parks and recreation commission for purposes other than the leasing of offices, warehouses, and real estate for similar purposes.

(14) Notwithstanding any provision in this chapter to the contrary, the department of general administration may negotiate ground leases for public lands on which property is to be acquired under a financing contract pursuant to chapter 39.94 RCW under terms approved by the state finance committee.

NEW SECTION. Sec.

907. (1)(a) The legislature acknowledges the recommendation of the house of representatives capital budget committee 2002 interim workgroup on higher education facilities regarding encouragement of partnerships that attract federal and private funding for certain types of capital facilities, particularly research facilities and facilities providing unique or targeted skills. One incentive to attracting nonstate funding of facilities might be the state sharing in the ongoing operating and maintenance costs through the operating budget and sharing future capital maintenance costs. The workgroup recommended that a process be developed to enable an institution to request such assistance up-front at the time the facility being funded with nonstate resources is planned, rather than after the facility is built. While the legislature will not commit in a present budget to providing operating and maintenance or capital maintenance funding in the future, the institution is less likely to receive this assistance when the facility is constructed if the assistance was not requested up-front when the

facility was being planned. Until a more formal process is identified, the legislature will acknowledge such a request in a budget proviso or in the legislative budget notes. This section does not apply to facilities that traditionally do not receive any state budget support, such as student dining, recreation, and housing facilities.

(b) While the legislature assumes facilities funded using alternative financing contracts approved in the capital budget will not be receiving state budget support, exceptions to this should be requested of the governor and legislature up-front, as provided for in this section for nonstate funded facilities.

(2)(a) The following project, funded primarily by nonstate budget sources, is expected to be included in the institution's operating budget request once the facility is completed: Washington State University's agricultural research facility, constructed using federal funds.

(b) The legislature is not committing to providing funds for operating and maintenance or capital maintenance on the facility described in (a) of this subsection at this time, but will consider that decision when the project nears completion. Considerations will include the appropriate amount of such assistance, particularly given the research nature of the facility and the potential for indirect cost recovery associated with the research grants coming to the institution as a result of the facility.

Sec.

908. 2003 1st sp. s. c 26 s 915 (uncodified) is amended to read as follows:

(1) The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) Transfers of funds to an agency's infrastructure savings appropriation are subject to review and approval by the office of financial management. Expenditures from an infrastructure savings appropriation are limited to projects that have a primary purpose to correct infrastructure deficiencies or conditions that: (a) Adversely affect the ability to utilize the infrastructure for its current programmatic use; (b) reduce the life expectancy of the infrastructure; or (c) increase the operating costs of the infrastructure for its current programmatic use. Eligible infrastructure projects may include structures and surface improvements, site amenities, utility systems outside building footprints and natural environmental changes or requirements as part of an environmental regulation, a declaration of emergency for an infrastructure issue in conformance with RCW 43.88.250, or infrastructure planning as part of a facility master plan.

(5) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

(6) This section does not apply to sections 506 through 508, chapter 26, Laws of 2003 1st sp. sess.

Sec.

909. RCW 70.146.030 and 2003 1st sp. s. c 25 s 934 are each amended to read as follows:

(1) The water quality account is hereby created in the state treasury. Moneys in the account may be used only in a manner consistent with this chapter. Moneys deposited in the account shall be administered by the department of ecology and shall be subject to legislative appropriation. Moneys placed in the account shall include tax receipts as provided in RCW 82.24.027, 82.26.025, and 82.32.390, principal and interest from the repayment of any loans granted pursuant to this chapter, and any other moneys appropriated to the account by the legislature.

(2) The department may use or permit the use of any moneys in the account to make grants or loans to public bodies, including grants to public bodies as cost-sharing moneys in any case where federal, local, or other funds are made available on a cost-sharing basis, for water pollution control facilities and activities, or for purposes of assisting a public body to obtain an ownership interest in water pollution control facilities and/or to defray a part of the payments made by a public body to a service provider under a service agreement entered into pursuant to RCW 70.150.060, within the purposes of this chapter and for related administrative expenses. For the period July 1, 2003, to June 30, 2005, moneys in the account may be used to process applications received by the department that seek to make changes to or transfer existing water rights, for water conveyance projects, and for grants and technical assistance to public bodies for watershed planning under chapter 90.82 RCW. No more than three percent of the moneys deposited in the account may be used by the department to pay for the administration of the grant and loan program authorized by this chapter.

(3) Beginning with the biennium ending June 30, 1997, the department shall present a biennial progress report on the use of moneys from the account to the chairs of the senate committee on ways and means and the house of representatives committee on appropriations. The first report is due June 30, 1996, and the report for each succeeding biennium is due December 31 of the odd-numbered year. The report shall consist of a list of each recipient, project description, and amount of the grant, loan, or both.

Sec.

910. RCW 28B.50.360 and 2002 c 238 s 303 are each amended to read as follows:

Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, and, during the 2003-05 biennium, engineering and architectural services provided by the department of general administration, and for the payment of principal of and interest on any bonds issued for such purposes. ~~((During the 2001-2003 fiscal biennium, the legislature may transfer from the account to the state general fund such amounts as reflect the excess fund balance of the account.))~~

NEW SECTION. Sec.

911. During the 2003-05 biennium, the state parks and recreation commission shall study the various options regarding the future of Old Man House state park. These alternatives include retention as a state park, roles of volunteer community groups, transfer to the Suquamish tribe, sale as surplus property, or other alternatives. The commission may, if it deems it appropriate after studying the various options, transfer the park to the Suquamish tribe. Any action shall provide for continued public access and use of the site for public recreation, and include a limited waiver of sovereignty by the tribe restricted to the enforceability of the reversion clause pursuant to RCW 79A.05.170.

NEW SECTION. Sec.

912. A new section is added to chapter 39.33 RCW to read as follows:

(1) During the 2003-05 biennium, notwithstanding any other provision of law, the department of general administration is authorized to sell the property and attendant parking lot located at 1058 Capitol Way, Olympia, for fair market value to a nonprofit organization whose function is to produce television coverage of state government deliberations and other events of statewide significance.

(2) This section expires June 30, 2005.

NEW SECTION. Sec.

913. A new section is added to chapter 79.19 RCW to read as follows:

(1) All transaction costs associated with the exchange required under chapter . . . (House Bill No. 3045), Laws of 2004, shall be included in the valuation of the lands exchanged.

(2) Notwithstanding any other provision of law, the department of natural resources is authorized to use moneys derived from the sale of lands acquired by the common school trust through the exchange required under chapter . . . (House Bill No. 3045), Laws of 2004, to acquire commercial or industrial properties for the common school trust.

(3) If chapter . . . (House Bill No. 3045), Laws of 2004, is not enacted by April 15, 2004, this section expires April 16, 2004; if it is enacted by April 15, 2004, this section expires June 30, 2005.

NEW SECTION. Sec.

914. A new section is added to chapter 39.32 RCW to read as follows:

(1) The legislature finds that it is in the public interest to encourage development of a BioGas facility at the Monroe honor farm to convert dairy waste, fish processing waste, and other waste products into energy. Such a facility will: Help improve water quality in area streams; help restore salmon habitat; create jobs; generate green energy; improve the economic sustainability of area dairy farms; help stem sprawl; serve as a demonstration project for environmental education; reduce on-going costs associated with maintaining state ownership of this facility; encourage greater cooperation between area tribes and agricultural interests; and be a model for other such efforts in the state.

(2) In consideration of the multiple public benefits set forth in this section and notwithstanding any other provision of law, within one hundred twenty days of the requirements of subsection (4) of this section being completed during the 2003-05 biennium, the secretary of corrections shall transfer the Monroe honor farm to a federally recognized tribe within Snohomish county for construction and operation of a BioGas facility, related agricultural-based businesses, and activities designed to promote salmon restoration and sustainability of area dairy farms. The secretary of corrections shall work with the federally recognized tribe to draft appropriate deed restrictions or conservation easements for the property to ensure that the property is used for the legislative purposes set forth in this section.

(3) The department of corrections shall transfer the property only if the federally recognized tribe has completed a feasibility study for a BioGas facility at the site, only if the tribe has concluded that development of such a facility is feasible, only after the necessary development permits are approved, and only after a public hearing is conducted by the department of general administration. Further, if the property is not used for one or more of the purposes set forth in this section within two years from the date of transfer or if at any time the property is used for activities inconsistent with the legislative purposes set forth in this section, then the ownership of the property shall automatically revert to the state of Washington.

(4) The legislature finds that the value of the public benefits set forth in this section exceeds the fair market value of Monroe honor farm. Accordingly, the secretary of corrections shall transfer the property to a federally recognized tribe within Snohomish county at no cost beyond the consideration set forth in this section. Nothing in this section shall be deemed to affect or modify liability or responsibility for any existing environmental contamination related to the Monroe honor farm.

NEW SECTION. Sec.

915. By October 1, 2004, the department of general administration shall report to the legislature the priority order of the state buildings the department would map subject to implementation of RCW 36.28A.060.

NEW SECTION. Sec.

916. (1) In order to enhance salmon recovery efforts funded in the 2003-05 biennium in eastern Washington, a management board for regional fish recovery is established for Asotin, Columbia, Garfield, Walla Walla, and Whitman counties. The board may not exercise authority over land or water within the individual counties or otherwise preempt the authority of other units of local government.

(c) The harvest and hatchery sections of the plan must be consistent with the policies developed jointly by the comanagers, the department, and treaty Indian tribes.

(d) The hydropower sections of the plan must be consistent with policies developed by the federal agencies that operate or market power from the federal Columbia and Snake river power system.

(e) The board has authority to: Hire and fire staff, including an executive director; enter into contracts; accept grants and other moneys; and disburse funds.

(f) The board shall appoint and consult with a technical advisory committee. The board shall invite at least four representatives from state government and the treaty Indian tribes to participate on the technical advisory committee. The board may appoint additional members to the technical advisory committee.

(4) No action may be brought or maintained against any board member, the board, or any of its agents, officers, or employees for any noncontractual acts or omissions in carrying out the purposes of this chapter.

(5) Nothing in this section shall be construed to affect or modify any treaty or other federal rights of an Indian tribe, nor as affecting or modifying any existing right of a federally recognized Indian tribe as determined under *United States v. Washington*, 384 F. Supp. 312 (W.D. Wash. 1974), or *Sohappy v. Smith*, 302 F. Supp. 899 (D. Oregon 1969), and any applicable posttrial orders of those courts.

NEW SECTION. Sec.

101. A new section is added to chapter 29A.52 RCW to read as follows:

If a court of competent jurisdiction holds that a candidate may not identify a major or minor political party as best approximating his or her political philosophy, as provided in RCW 29A.24.030(3), and all appeals of that court order have been exhausted or waived, the secretary of state shall notify the governor, the majority and minority leaders of the two largest caucuses in the senate and the house of representatives, the code reviser, and all county auditors that the state can no longer conduct a qualifying primary and instead will conduct a nominating primary. Upon issuance of such a notification by the secretary of state, no qualifying primary may be held in Washington.

NEW SECTION. Sec.

102. A new section is added to chapter 29A.04 RCW to read as follows:

As used in this title:

(1) "Ballot" means, as the context implies, either:

(a) The issues and offices to be voted upon in a jurisdiction or portion of a jurisdiction at a particular primary, general election, or special election;

(b) A facsimile of the contents of a particular ballot whether printed on a paper ballot or ballot card or as part of a voting machine or voting device;

(c) A physical or electronic record of the choices of an individual voter in a particular primary, general election, or special election; or

(d) The physical document on which the voter's choices are to be recorded;

(2) "Paper ballot" means a piece of paper on which the ballot for a particular election or primary has been printed, on which a voter may record his or her choices for any candidate or for or against any measure, and that is to be tabulated manually;

(3) "Ballot card" means any type of card or piece of paper of any size on which a voter may record his or her choices for any candidate and for or against any measure and that is to be tabulated on a vote tallying system;

(4) "Sample ballot" means a printed facsimile of all the issues and offices on the ballot in a jurisdiction and is intended to give voters notice of the issues, offices, and candidates that are to be voted on at a particular primary, general election, or special election;

(5) "Provisional ballot" means a ballot issued to a voter at the polling place on election day by the precinct election board, for one of the following reasons:

NEW SECTION. Sec.

103. A new section is added to chapter 29A.04 RCW to read as follows:

"Major political party" means a political party of which at least one nominee for president, vice president, United States senator, or a statewide office received at least five percent of the total vote cast at the last preceding state general election in an even-numbered year. A political party qualifying as a major political party under this section retains such status until the next even-year election at which a candidate of that party does not achieve at least five percent of the vote for one of the previously specified offices. If none of these offices appear on the ballot in an even-year general election, the major party retains its status as a major party through that election. However, a political party of which no nominee received at least ten percent of the total vote cast may forgo its status as a major political party by filing with the secretary of state an appropriate party rule within sixty days of attaining major party status under this section, or within fifteen days of the effective date of this act, whichever is later.

The notice of a primary held in an even-numbered year must indicate that the office of precinct committee officer will be on the ballot. The auditor shall also apportion to each city, town, or district, and to the state of Washington in the odd-numbered year, its share of the expense of such primaries and elections. This section does not apply to general or special elections for any city, town, or district that is not subject to section 106 of this act and RCW 29A.04.330, but all such elections must be held and conducted at the time, in the manner, and by the officials (with such notice, requirements for filing for office, and certifications by local officers) as provided and required by the laws governing such elections.

NEW SECTION. Sec.

105. A new section is added to chapter 29A.04 RCW to read as follows:

A statewide general election shall be held on the first Tuesday after the first Monday of November of each year. However, the statewide general election held in odd-numbered years shall be limited to (a) city, town, and district general elections as provided for in RCW 29A.04.330, or as otherwise provided by law; (b) the election of federal officers for the remainder of any unexpired terms in the membership of either branch of the Congress of the United States; (c) the election of state and county officers for the remainder of any unexpired terms of offices created by or whose duties are described in Article II, section 15, Article III, sections 16, 17, 19, 20, 21, 22, and 23, and Article IV, sections 3 and 5 of the state Constitution and RCW 2.06.080; (d) the election of county officers in any county governed by a charter containing provisions calling for general county elections at this time; and (e) the approval or rejection of state measures, including proposed constitutional amendments, matters pertaining to any proposed constitutional convention, initiative measures and referendum measures proposed by the electorate, referendum bills, and any other matter provided by the legislature for submission to the electorate.

(2) A county legislative authority may, if it deems an emergency to exist, call a special county election by presenting a resolution to the county auditor at least forty-five days prior to the proposed election date. Except as provided in subsection (4) of this section, a special election called by the county legislative authority shall be held on one of the following dates as decided by such governing body:

Such county special election shall be noticed and conducted in the manner provided by law.

(4) In a presidential election year, if a presidential preference primary is conducted in February, March, April, or May under chapter 29A.56 RCW, the date on which a special election may be called by the county legislative authority under subsection (2) of this section during the month of that primary is the date of the presidential primary.

(5) This section shall supersede the provisions of any and all other statutes, whether general or special in nature, having different dates for such city, town, and district elections, the purpose of this section being to establish mandatory dates for holding elections except for those elections held pursuant to a home-rule charter adopted under Article XI, section 4 of the state Constitution. This section shall not be construed as fixing the time for holding primary elections, or elections for the recall of any elective public officer.

NEW SECTION. Sec.

109. A new section is added to chapter 29A.12 RCW to read as follows:

The secretary of state shall not approve a vote tallying system unless it:

- (1) Correctly counts votes on ballots on which the proper number of votes have been marked for any office or issue;
- (2) Ignores votes marked for any office or issue where more than the allowable number of votes have been marked, but correctly counts the properly voted portions of the ballot;

- (4) Produces precinct and cumulative totals in printed form; and

NEW SECTION. Sec.

110. A new section is added to chapter 29A.20 RCW to read as follows:

(1) Any nomination of a candidate for partisan public office by other than a major political party may be made only: (a) In a convention held not earlier than the last Saturday in June and not later than the first Saturday in July or during any of the seven days immediately preceding the first day for filing declarations of candidacy as fixed in accordance with section 118 of this act; (b) as provided by section 147 of this act; or (c) as otherwise provided in this section. Minor political party and independent candidates may appear only on the general election ballot.

(2) Nominations of candidates for president and vice president of the United States other than by a major political party may be made either at a convention conducted under subsection (1) of this section, or at a similar convention taking place not earlier than the first Sunday in July and not later than seventy days before the general election. Conventions held during this time period may not nominate candidates for any public office other than president and vice president of the United States, except as provided in subsection (3) of this section.

(3) If a special filing period for a partisan office is opened under section 116 of this act, candidates of minor political parties and independent candidates may file for office during that special filing period. The names of those candidates may not appear on the general election ballot unless they are nominated by convention held no later than five days

after the close of the special filing period and a certificate of nomination is filed with the filing officer no later than three days after the convention. The requirements of section 189 of this act do not apply to such a convention.

(4) A minor political party may hold more than one convention but in no case shall any such party nominate more than one candidate for any one partisan public office or position. For the purpose of nominating candidates for the offices of president and vice president, United States senator, United States representative, or a statewide office, a minor party or independent candidate holding multiple conventions may add together the number of signatures of different individuals from each convention obtained in support of the candidate or candidates in order to obtain the number required by section 111 of this act. For all other offices for which nominations are made, signatures of the requisite number of registered voters must be obtained at a single convention.

NEW SECTION. Sec.

111. A new section is added to chapter 29A.20 RCW to read as follows:

(1) To be valid, a convention must be attended by at least one hundred registered voters.

(2) In order to nominate candidates for the offices of president and vice president of the United States, United States senator, United States representative, or any statewide office, a nominating convention shall obtain and submit to the filing officer the signatures of at least one thousand registered voters of the state of Washington. The petition shall also contain a statement that the person signing the petition is a registered voter of the state of Washington and shall have a space for the voter to sign his or her name and to print his or her name and address. No person may sign more than one nominating petition under this chapter for an office for an election.

Except for the offices of president and vice president, persons nominated under this chapter shall file declarations of candidacy as provided by section 158 of this act and RCW 29A.24.070. The name of a candidate nominated at a convention shall not be printed upon the general election ballot unless he or she pays the fee required by law to be paid by candidates for the same office to be nominated at a primary.

NEW SECTION. Sec.

114. A new section is added to chapter 29A.24 RCW to read as follows:

(1) The nominating petition authorized by section 160 of this act must be printed on sheets of uniform color and size, must include a place for each individual to sign and print his or her name and the address, city, and county at which he or she is registered to vote, and must contain no more than twenty numbered lines.

(2) For candidates for nonpartisan office and candidates of a major political party for partisan office, the nominating petition must be in substantially the following form:

NEW SECTION. Sec.

115. A new section is added to chapter 29A.24 RCW to read as follows:

A candidate may withdraw his or her declaration of candidacy at any time before the close of business on the Thursday following the last day for candidates to file under RCW 29A.24.050 by filing, with the officer with whom the declaration of candidacy was filed, a signed request that his or her name not be printed on the ballot. There shall be no withdrawal period for declarations of candidacy filed during special filing periods held under this title. The filing officer may permit the withdrawal of a filing for the office of precinct committee officer at the request of the candidate at any time if no absentee ballots have been issued for that office and the ballots for that precinct have not been printed. The filing officer may permit the withdrawal of a filing for any elected office of a city, town, or special district at the request of the candidate at any time before a primary if the primary ballots for that city, town, or special district have not been ordered. No filing fee may be refunded to any candidate who withdraws under this section. Notice of the deadline for withdrawal of candidacy and that the filing fee is not refundable shall be given to each candidate at the time he or she files.

NEW SECTION. Sec.

116. A new section is added to chapter 29A.24 RCW to read as follows:

Filings for a partisan elective office shall be opened for a period of three normal business days whenever, on or after the first day of the regular filing period and before the sixth Tuesday prior to a primary, a vacancy occurs in that office, leaving an unexpired term to be filled by an election for which filings have not been held.

Any such special three-day filing period shall be fixed by the election officer with whom declarations of candidacy for that office are filed. The election officer shall give notice of the special three-day filing period by notifying the press, radio, and television in the county or counties involved, and by such other means as may be required by law.

Candidacies validly filed within the special three-day filing period shall appear on the ballot as if filed during the regular filing period.

NEW SECTION. Sec.

117. A new section is added to chapter 29A.24 RCW to read as follows:

Any person who desires to be a write-in candidate and have such votes counted at a primary or election may file a declaration of candidacy with the officer designated in RCW 29A.24.070 not later than the day before the primary or election. Declarations of candidacy for write-in candidates must be accompanied by a filing fee in the same manner as required of other candidates filing for the office as provided in section 160 of this act.

Votes cast for write-in candidates who have filed such declarations of candidacy and write-in votes for persons appointed by major political parties pursuant to section 192 of this act need only specify the name of the candidate in the appropriate location on the ballot in order to be counted. Write-in votes cast for any other candidate, in order to be counted, must designate the office sought and position number or political party, if the manner in which the write-in is done does not make the office or position clear.

No person may file as a write-in candidate where:

(1) At a general election, the person attempting to file either filed as a write-in candidate for the same office at the preceding primary or the person's name appeared on the ballot for the same office at the preceding primary;

(2) The person attempting to file as a write-in candidate has already filed a valid write-in declaration for that primary or election, unless one or the other of the two filings is for the office of precinct committee person;

(3) The name of the person attempting to file already appears on the ballot as a candidate for another office, unless one of the two offices for which he or she is a candidate is precinct committee person.

The declaration of candidacy shall be similar to that required by section 158 of this act. No write-in candidate filing under this section may be included in any voter's pamphlet produced under chapter 29A.32 RCW unless that candidate qualifies to have his or her name printed on the general election ballot. The legislative authority of any jurisdiction producing a local voter's pamphlet under chapter 29A.32 RCW may provide, by ordinance, for the inclusion of write-in candidates in such pamphlets.

NEW SECTION. Sec.

118. A new section is added to chapter 29A.28 RCW to read as follows:

(1) Whenever a vacancy occurs in the United States house of representatives or the United States senate from this state, the governor shall order a special election to fill the vacancy. Minor political party candidates and independent candidates may be nominated through the convention procedures provided in chapter 29A.20 RCW.

(2) Within ten days of such vacancy occurring, he or she shall issue a writ of election fixing a date for the special vacancy election not less than ninety days after the issuance of the writ, fixing a date for the primary for nominating major political party candidates for the special vacancy election not less than thirty days before the day fixed for holding the special vacancy election, fixing the dates for the special filing period, and designating the term or part of the term for which the vacancy exists. If the vacancy is in the office of United States representative, the writ of election shall specify the congressional district that is vacant.

(3) If the vacancy occurs less than six months before a state general election and before the second Friday following the close of the filing period for that general election, the special primary, special vacancy election, and minor party and independent candidate nominating conventions must be held in concert with the state primary and state general election in that year.

(4) If the vacancy occurs on or after the first day for filing under RCW 29A.24.050 and on or before the second Friday following the close of the filing period, a special filing period of three normal business days shall be fixed by the governor and notice thereof given to all media, including press, radio, and television within the area in which the vacancy election is to be held, to the end that, insofar as possible, all interested persons will be aware of such filing period. The last day of the filing period shall not be later than the third Tuesday before the primary at which major political party candidates are to be nominated. The names of major political party candidates who have filed valid declarations of candidacy during this three-day period shall appear on the approaching primary ballot. The requirements of section 189 of this act do not apply to a minor political party or independent candidate convention held under this subsection.

(5) If the vacancy occurs later than the second Friday following the close of the filing period, a special primary, special vacancy election, and the minor party and independent candidate conventions to fill the position shall be held after the next state general election but, in any event, no later than the ninetieth day following the November election.

NEW SECTION. Sec.

119. A new section is added to chapter 29A.28 RCW to read as follows:

The general election laws and laws relating to partisan primaries shall apply to the special primaries and vacancy elections provided for in chapter 29A.28 RCW to the extent that they are not inconsistent with the provisions of these sections. Minor political party and independent candidates may appear only on the general election ballot. Statutory time deadlines relating to availability of absentee ballots, certification, canvassing, and related procedures that cannot be met in a timely fashion may be modified for the purposes of a specific primary or vacancy election under this chapter by the secretary of state through emergency rules adopted under section 151 of this act.

NEW SECTION. Sec.

120. A new section is added to chapter 29A.28 RCW to read as follows:

If a vacancy occurs in the office of precinct committee officer by reason of death, resignation, or disqualification of the incumbent, or because of failure to elect, the respective county chair of the county central committee shall fill the vacancy by appointment. However, in a legislative district having a majority of its precincts in a county with a population of one million or more, the appointment may be made only upon the recommendation of the legislative district chair. The person so appointed must have the same qualifications as candidates when filing for election to the office for that precinct. When a vacancy in the office of precinct committee officer exists because of failure to elect at a state primary, the vacancy may not be filled until after the organization meeting of the county central committee and the new county chair has been selected as provided by RCW 29A.80.030.

NEW SECTION. Sec.

121. A new section is added to chapter 29A.32 RCW to read as follows:

The voters' pamphlet must contain:

(1) Information about each ballot measure initiated by or referred to the voters for their approval or rejection as required by RCW 29A.32.070;

The pamphlet must also provide a description of the statutory procedures by which minor political parties are formed and the statutory methods used by the parties to nominate candidates for president;

(7) An application form for an absentee ballot;

(8) A brief statement explaining the deletion and addition of language for proposed measures under RCW 29A.32.080;

(9) Any additional information pertaining to elections as may be required by law or in the judgment of the secretary of state is deemed informative to the voters.

NEW SECTION. Sec.

122. A new section is added to chapter 29A.32 RCW to read as follows:

If the secretary of state prints and distributes a voters' pamphlet for a primary in an even-numbered year, it must contain:

(1) A description of the office of precinct committee officer and its duties;

(2) An explanation that, for partisan offices, only voters who choose to affiliate with a major political party may vote in that party's primary election, and that voters must limit their participation in a partisan primary to one political party; and

(3) An explanation that minor political party candidates and independent candidates will appear only on the general election ballot.

NEW SECTION. Sec.

123. A new section is added to chapter 29A.32 RCW to read as follows:

The local voters' pamphlet shall include but not be limited to the following:

(2) A list of jurisdictions that have measures or candidates in the pamphlet;

(3) Information on how a person may register to vote and obtain an absentee ballot;

(4) The text of each measure accompanied by an explanatory statement prepared by the prosecuting attorney for any county measure or by the attorney for the jurisdiction submitting the measure if other than a county measure. (5) The arguments for and against each measure submitted by committees selected pursuant to RCW 29A.32.280; and

(6) For partisan primary elections, information on how to vote the applicable ballot format and an explanation that minor political party candidates and independent candidates will appear only on the general election ballot.

NEW SECTION. Sec.

124. A new section is added to chapter 29A.36 RCW to read as follows:

On or before the day following the last day for major political parties to fill vacancies in the ticket as provided by section 191 of this act, the secretary of state shall certify to each county auditor a list of the candidates who have filed declarations of candidacy in his or her office for the primary. For each office, the certificate shall include the name of each candidate, his or her address, and his or her party designation, if any. Minor political party and independent candidates may appear only on the general election ballot.

NEW SECTION. Sec.

125. A new section is added to chapter 29A.36 RCW to read as follows:

Except for the candidates for the positions of president and vice president, for a partisan or nonpartisan office for which no primary is required, or for independent or minor party candidates, the names of all candidates who, under this title, filed a declaration of candidacy or were certified as a candidate to fill a vacancy on a major party ticket will appear on the appropriate ballot at the primary throughout the jurisdiction in which they are to be nominated.

NEW SECTION. Sec.

126. A new section is added to chapter 29A.36 RCW to read as follows:

Partisan primaries must be conducted using either:

(1) A consolidated ballot format that includes a major political party identification check-off box that allows a voter to select from a list of the major political parties the major political party with which the voter chooses to affiliate. The consolidated ballot must include all partisan races, nonpartisan races, and ballot measures to be voted on at that primary; or

(2) A physically separate ballot format that includes both party ballots and a nonpartisan ballot. A party ballot must be specific to a particular major political party and may include only the partisan offices to be voted on at that primary and the names of candidates for those partisan offices who designated that same major political party in their declarations of candidacy. The nonpartisan ballot must include all nonpartisan races and ballot measures to be voted on at that primary.

NEW SECTION. Sec.

127. A new section is added to chapter 29A.36 RCW to read as follows:

(1) If the consolidated ballot format is used, the major political party identification check-off box must appear on the primary ballot before all offices and ballot measures. Clear and concise instructions to the voter must be prominently displayed immediately before the list of major political parties, and must include:

(a) A question asking the voter to indicate the major political party with which the voter chooses to affiliate;

(b) A statement that, for a major political party candidate, only votes cast by voters who choose to affiliate with that same major political party will be tabulated and reported;

(c) A statement that votes cast for a major political party candidate by a voter who chooses to affiliate with a different major political party will not be tabulated or reported;

(d) A statement that votes cast for a major political party candidate by a voter who fails to select a major political party affiliation will not be tabulated or reported;

(e) A statement that votes cast for a major political party candidate by a voter who selects more than one major political party with which to affiliate will not be tabulated or reported; and

(f) A statement that the party identification option will not affect votes cast for candidates for nonpartisan offices, or for or against ballot measures.

(2) If the physically separate ballot format is used, clear and concise instructions to the voter must be prominently displayed, and must include:

(a) A statement explaining that only one party ballot and one nonpartisan ballot may be voted;

(b) A statement explaining that if more than one party ballot is voted, none of the party ballots will be tabulated or reported;

(c) A statement explaining that a voter's affiliation with a major political party will be inferred from the act of voting the party ballot for that major political party; and

(d) A statement explaining that every eligible registered voter may vote a nonpartisan ballot, regardless of any party affiliation on the part of the voter.

NEW SECTION. Sec.

128. A new section is added to chapter 29A.36 RCW to read as follows:

Every ballot for a single combination of issues, offices, and candidates shall be uniform within a precinct and shall identify the type of primary or election, the county, and the date of the primary or election, and the ballot or voting device shall contain instructions on the proper method of recording a vote, including write-in votes. Each position, together with the names of the candidates for that office, shall be clearly separated from other offices or positions in the same jurisdiction. The offices in each jurisdiction shall be clearly separated from each other. No paper ballot or ballot card may be marked in any way that would permit the identification of the person who voted that ballot.

NEW SECTION. Sec.

129. A new section is added to chapter 29A.36 RCW to read as follows:

(1)(a) The positions or offices on a primary consolidated ballot shall be arranged in substantially the following order: United States senator; United States representative; governor; lieutenant governor; secretary of state; state treasurer; state auditor; attorney general; commissioner of public lands; superintendent of public instruction; insurance commissioner; state senator; state representative; county officers; justices of the supreme court; judges of the court of appeals; judges of the superior court; and judges of the district court. For all other jurisdictions on the primary consolidated ballot, the offices in each jurisdiction shall be grouped together and be in the order of the position numbers assigned to those offices, if any.

(b)(i) The positions or offices on a primary party ballot must be arranged in substantially the following order: United States senator; United States representative; governor; lieutenant governor; secretary of state; state treasurer; state auditor; attorney general; commissioner of public lands; insurance commissioner; state senator; state representative; and partisan county officers. For all other jurisdictions on the primary party ballot, the offices in each jurisdiction must be grouped together and be in the order of the position numbers assigned to those offices, if any.

(ii) The positions or offices on a primary nonpartisan ballot must be arranged in substantially the following order: Superintendent of public instruction; justices of the supreme court; judges of the court of appeals; judges of the superior court; and judges of the district court. For all other jurisdictions on the primary nonpartisan ballot, the offices in each jurisdiction must be grouped together and be in the order of the position numbers assigned to those offices, if any.

(2) The order of the positions or offices on an election ballot shall be substantially the same as on a primary consolidated ballot except that state ballot issues must be placed before all offices. The offices of president and vice president of the United States shall precede all other offices on a presidential election ballot. The positions on a ballot to be assigned to ballot measures regarding local units of government shall be established by the secretary of state by rule.

(3) The political party or independent candidacy of each candidate for partisan office shall be indicated next to the name of the candidate on the primary and election ballot. A candidate shall file a written notice with the filing officer within three business days after the close of the filing period designating the political party to be indicated next to the candidate's name on the ballot if either: (a) The candidate has been nominated by two or more minor political parties or independent conventions; or (b) the candidate has both filed a declaration of candidacy declaring an affiliation with a major political party and been nominated by a minor political party or independent convention. If no written notice is filed the filing officer shall give effect to the party designation shown upon the first document filed. A candidate may be deemed nominated by a minor party or independent convention only if all documentation required by chapter 29A.20 RCW has been timely filed.

NEW SECTION. Sec.

130. A new section is added to chapter 29A.36 RCW to read as follows:

After the close of business on the last day for candidates to file for office, the filing officer shall, from among those filings made in person and by mail, determine by lot the order in which the names of those candidates will appear on all primary, sample, and absentee ballots. The determination shall be done publicly and may be witnessed by the media and by any candidate. If no primary is required for any nonpartisan office under section 172 of this act or RCW 29A.52.220, or if any independent or minor party candidate files a declaration of candidacy, the names shall appear on the general election ballot in the order determined by lot.

NEW SECTION. Sec.

131. A new section is added to chapter 29A.36 RCW to read as follows:

Except in each county with a population of one million or more, on or before the fifteenth day before a primary or election, the county auditor shall prepare a sample ballot which shall be made readily available to members of the public. The secretary of state shall adopt rules governing the preparation of sample ballots in counties with a population of one million or more. The rules shall permit, among other alternatives, the preparation of more than one sample ballot by a county with a population of one million or more for a primary or election, each of which lists a portion of the offices and issues to be voted on in that county. The position of precinct committee officer shall be shown on the sample ballot for the primary, but the names of candidates for the individual positions need not be shown.

NEW SECTION. Sec.

132. A new section is added to chapter 29A.36 RCW to read as follows:

(1) On the top of each ballot must be printed clear and concise instructions directing the voter how to mark the ballot, including write-in votes. On the top of each primary ballot must be printed the instructions required by this chapter.

(2) The questions of adopting constitutional amendments or any other state measure authorized by law to be submitted to the voters at that election must appear after the instructions and before any offices.

(3) In a year that president and vice president appear on the general election ballot, the names of candidates for president and vice president for each political party must be grouped together with a single response position for a voter to indicate his or her choice.

(4) On a general election ballot, the candidate or candidates of the major political party that received the highest number of votes from the electors of this state for the office of president of the United States at the last presidential election must appear first following the appropriate office heading. The candidate or candidates of the other major political parties will follow according to the votes cast for their nominees for president at the last presidential election, and independent candidates and the candidate or candidates of all other parties will follow in the order of their qualification with the secretary of state.

(5) All paper ballots and ballot cards used at a polling place must be sequentially numbered in such a way to permit removal of such numbers without leaving any identifying marks on the ballot.

NEW SECTION. Sec.

133. A new section is added to chapter 29A.36 RCW to read as follows:

The name of a candidate for a partisan office for which a primary was conducted shall not be printed on the ballot for that office at the subsequent general election unless, at the preceding primary, the candidate receives a number of votes equal to at least one percent of the total number of votes cast for all candidates for that office and a plurality of the votes cast by voters affiliated with that party for candidates for that office affiliated with that party.

NEW SECTION. Sec.

134. A new section is added to chapter 29A.40 RCW to read as follows:

(1) The county auditor shall issue an absentee ballot for the primary or election for which it was requested, or for the next occurring primary or election when ongoing absentee status has been requested if the information contained in a request for an absentee ballot or ongoing absentee status received by the county auditor is complete and correct and the applicant is qualified to vote under federal or state law. Otherwise, the county auditor shall notify the applicant of the reason or reasons why the request cannot be accepted. Whenever two or more candidates have filed for the position of precinct committee officer for the same party in the same precinct, the contest for that position must be presented to absentee voters from that precinct by either including the contest on the regular absentee ballot or a separate absentee ballot. The ballot must provide space designated for writing in the name of additional candidates.

(2) A registered voter may obtain a replacement ballot if the ballot is destroyed, spoiled, lost, or not received by the voter. The voter may obtain the ballot by telephone request, by mail, electronically, or in person. The county auditor shall keep a record of each replacement ballot provided under this subsection.

(3) A copy of the state voters' pamphlet must be sent to registered voters temporarily outside the state, out-of-state voters, overseas voters, and service voters along with the absentee ballot if such a pamphlet has been prepared for the primary or election and is available to the county auditor at the time of mailing. The county auditor shall mail all absentee ballots and related material to voters outside the territorial limits of the United States and the District of Columbia under 39 U.S.C. 3406.

NEW SECTION. Sec.

135. A new section is added to chapter 29A.40 RCW to read as follows:

The county auditor shall send each absentee voter a ballot, a security envelope in which to seal the ballot after voting, a larger envelope in which to return the security envelope, and instructions on how to mark the ballot and how to return it to the county auditor. The instructions that accompany an absentee ballot for a partisan primary must include instructions for voting the applicable ballot style, as provided in chapter 29A.36 RCW. The larger return envelope must contain a declaration by the absentee voter reciting his or her qualifications and stating that he or she has not voted in any other jurisdiction at this election, together with a summary of the penalties for any violation of any of the provisions of this chapter. The return envelope must provide space for the voter to indicate the date on which the ballot was voted and for the voter to sign the oath. A summary of the applicable penalty provisions of this chapter must be printed on the return envelope immediately adjacent to the space for the voter's signature. The signature of the voter on the return envelope must affirm and attest to the statements regarding the qualifications of that voter and to the validity of the ballot. For out-of-state voters, overseas voters, and service voters, the signed declaration on the return envelope constitutes the equivalent of a voter

registration for the election or primary for which the ballot has been issued. The voter must be instructed to either return the ballot to the county auditor by whom it was issued or attach sufficient first class postage, if applicable, and mail the ballot to the appropriate county auditor no later than the day of the election or primary for which the ballot was issued.

If the county auditor chooses to forward absentee ballots, he or she must include with the ballot a clear explanation of the qualifications necessary to vote in that election and must also advise a voter with questions about his or her eligibility to contact the county auditor. This explanation may be provided on the ballot envelope, on an enclosed insert, or printed directly on the ballot itself. If the information is not included, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed.

NEW SECTION. Sec.

136. A new section is added to chapter 29A.44 RCW to read as follows:

A voter desiring to vote shall give his or her name to the precinct election officer who has the precinct list of registered voters. This officer shall announce the name to the precinct election officer who has the copy of the inspector's poll book for that precinct. If the right of this voter to participate in the primary or election is not challenged, the voter must be issued a ballot or permitted to enter a voting booth or to operate a voting device. For a partisan primary in a jurisdiction using the physically separate ballot format, the voter must be issued a nonpartisan ballot and each party ballot. The number of the ballot or the voter must be recorded by the precinct election officers. If the right of the voter to participate is challenged, RCW 29A.08.810 and 29A.08.820 apply to that voter.

NEW SECTION. Sec.

137. A new section is added to chapter 29A.44 RCW to read as follows:

On signing the precinct list of registered voters or being issued a ballot, the voter shall, without leaving the polling place or disability access location, proceed to one of the voting booths or voting devices to cast his or her vote. When county election procedures so provide, the election officers may tear off and retain the numbered stuB from the ballot before delivering it to the voter. If an election officer has not already done so, when the voter has finished, he or she shall either (1) remove the numbered stuB from the ballot, place the ballot in the ballot box, and return the number to the election officers, or (2) deliver the entire ballot to the election officers, who shall remove the numbered stuB from the ballot and place the ballot in the ballot box. For a partisan primary in a jurisdiction using the physically separate ballot format, the voter shall also return unvoted party ballots to the precinct election officers, who shall void the unvoted party ballots and return them to the county auditor. If poll-site ballot counting devices are used, the voter shall put the ballot in the device.

NEW SECTION. Sec.

138. A new section is added to chapter 29A.44 RCW to read as follows:

As each voter casts his or her vote, the precinct election officers shall insert in the poll books or precinct list of registered voters opposite that voter's name, a notation to credit the voter with having participated in that primary or election. No record may be made of a voter's party affiliation in a partisan primary. The precinct election officers shall record the voter's name so that a separate record is kept.

NEW SECTION. Sec.

139. A new section is added to chapter 29A.52 RCW to read as follows:

Major political party candidates for all partisan elected offices, except for president and vice president, precinct committee officer, and offices exempted from the primary under section 172 of this act, must be nominated at primaries held under this chapter.

NEW SECTION. Sec.

140. A new section is added to chapter 29A.52 RCW to read as follows:

It is the intent of the legislature to create a primary for all partisan elected offices, except for president and vice president, precinct committee officer, and offices exempted from the primary under section 172 of this act, that:

- (1) Allows each voter to participate;
- (2) Preserves the privacy of each voter's party affiliation;
- (3) Rejects mandatory voter registration by political party;
- (4) Protects ballot access for all candidates, including minor political party and independent candidates;
- (5) Maintains a candidate's right to self-identify with any major political party; and
- (6) Upholds a political party's First Amendment right of association.

NEW SECTION. Sec.

- (2) Instructions that accompany any partisan primary ballot;
- (3) Any notice of a partisan primary published in compliance with section 145 of this act;
- (4) A sample ballot prepared by a county auditor under section 131 of this act for a partisan primary;
- (5) The web site of the office of the secretary of state and any existing web site of a county auditor's office; and
- (6) Every polling place.

NEW SECTION. Sec.

142. A new section is added to chapter 29A.52 RCW to read as follows:

- (1) Under a consolidated ballot format:
 - (a) Votes for a major political party candidate will only be tabulated and reported if cast by voters who choose to affiliate with that same major political party;
 - (b) Votes cast for a major political party candidate by a voter who chooses to affiliate with a different major political party may not be tabulated or reported;
 - (c) Votes cast for a major political party candidate by a voter who fails to select a major political party affiliation may not be tabulated or reported;

(d) Votes cast for a major political party candidate by a voter who selects more than one major political party with which to affiliate may not be tabulated or reported; and

(e) Votes properly cast may not be affected by votes improperly cast for other races.

(2) Under a physically separate ballot format:

(a) Only one party ballot and one nonpartisan ballot may be voted;

(b) If more than one party ballot is voted, none of the ballots will be tabulated or reported;

(c) A voter's affiliation with a major political party will be inferred from the act of voting the party ballot for that major political party; and

(d) Every eligible registered voter may vote a nonpartisan ballot.

NEW SECTION. Sec.

143. A new section is added to chapter 29A.52 RCW to read as follows:

So far as applicable, the provisions of this title relating to conducting general elections govern the conduct of primaries.

NEW SECTION. Sec.

144. A new section is added to chapter 29A.52 RCW to read as follows:

Nothing in this chapter may be construed to mean that a voter may cast more than one vote for candidates for a given office.

NEW SECTION. Sec.

145. A new section is added to chapter 29A.52 RCW to read as follows:

Not more than ten nor less than three days before the primary the county auditor shall publish notice of such primary in one or more newspapers of general circulation within the county. The notice must contain the proper party designations, the names and addresses of all persons who have filed a declaration of candidacy to be voted upon at that primary, instructions for voting the applicable ballot, as provided in chapter 29A.36 RCW, the hours during which the polls will be open, and the polling places for each precinct, giving the address of each polling place. The names of all candidates for nonpartisan offices must be published separately with designation of the offices for which they are candidates but without party designation. This is the only notice required for the holding of any primary.

NEW SECTION. Sec.

146. A new section is added to chapter 29A.52 RCW to read as follows:

No later than the day following the certification of the returns of any primary, the secretary of state shall certify to the appropriate county auditors the names of all persons nominated for offices at a primary, or at an independent candidate or minor party convention.

NEW SECTION. Sec.

147. A new section is added to chapter 29A.60 RCW to read as follows:

(1) For any office at any election or primary, any voter may write in on the ballot the name of any person for an office who has filed as a write-in candidate for the office in the manner provided by section 117 of this act and such vote shall be counted the same as if the name had been printed on the ballot and marked by the voter. For a partisan primary in a jurisdiction using the physically separate ballot format, a voter may write in on a party ballot only the names of write-in candidates who affiliate with that major political party. No write-in vote made for any person who has not filed a declaration of candidacy pursuant to section 117 of this act is valid if that person filed for the same office, either as a regular candidate or a write-in candidate, at the preceding primary. Any abbreviation used to designate office, position, or political party shall be accepted if the canvassing board can determine, to their satisfaction, the voter's intent.

(2) The number of write-in votes cast for each office must be recorded and reported with the canvass for the election.

(3) Write-in votes cast for an individual candidate for an office need not be tallied if the total number of write-in votes and under votes recorded by the vote tabulation system for the office is not greater than the number of votes cast for the candidate apparently nominated or elected, and the write-in votes could not have altered the outcome of the primary or election. In the case of write-in votes for statewide office or for any office whose jurisdiction encompasses more than one county, write-in votes for an individual candidate must be tallied whenever the county auditor is notified by either the office of the secretary of state or another auditor in a multicounty jurisdiction that it appears that the write-in votes could alter the outcome of the primary or election.

(4) In the case of statewide offices or jurisdictions that encompass more than one county, if the total number of write-in votes and under votes recorded by the vote tabulation system for an office within a county is greater than the number of votes cast for a candidate apparently nominated or elected in a primary or election, the auditor shall tally all write-in votes for individual candidates for that office and notify the office of the secretary of state and the auditors of the other counties within the jurisdiction, that the write-in votes for individual candidates should be tallied.

NEW SECTION. Sec.

148. A new section is added to chapter 29A.80 RCW to read as follows:

Any member of a major political party who is a registered voter in the precinct may upon payment of a fee of one dollar file his or her declaration of candidacy as prescribed under section 158 of this act with the county auditor for the office of precinct committee officer of his or her party in that precinct. When elected at the primary, the precinct committee officer shall serve so long as the committee officer remains an eligible voter in that precinct.

NEW SECTION. Sec.

149. A new section is added to chapter 29A.80 RCW to read as follows:

The statutory requirements for filing as a candidate at the primaries apply to candidates for precinct committee officer. The office must be voted upon at the primaries, and the names of all candidates must appear under the proper party and office designations on the ballot for the primary for each even-numbered year, and the one receiving the highest number of votes will be declared elected. However, to be declared elected, a candidate must receive at least ten percent of the number of votes cast for the candidate of the candidate's party receiving the greatest number of votes in the precinct. The term of office of precinct committee officer is two years, commencing the first day of December following the primary.

NEW SECTION. Sec.

150. A new section is added to chapter 29A.80 RCW to read as follows:

Within forty-five days after the statewide general election in even-numbered years, the county chair of each major political party shall call separate meetings of all elected precinct committee officers in each legislative district for the purpose of electing a legislative district chair in such district. The district chair shall hold office until the next legislative district reorganizational meeting two years later, or until a successor is elected.

The legislative district chair may be removed only by the majority vote of the elected precinct committee officers in the chair's district.

NEW SECTION. Sec.

151. A new section is added to chapter 29A.04 RCW to read as follows:

NEW SECTION. Sec.

153. A new section is added to chapter 29A.20 RCW to read as follows:

- (1) A person filing a declaration of candidacy for an office shall, at the time of filing, be a registered voter and possess the qualifications specified by law for persons who may be elected to the office.
- (2) Excluding the office of precinct committee officer or a temporary elected position such as a charter review board member or freeholder, no person may file for more than one office.
- (3) The name of a candidate for an office shall not appear on a ballot for that office unless, except as provided in RCW 3.46.067 and 3.50.057, the candidate is, at the time the candidate's declaration of candidacy is filed, properly registered to vote in the geographic area represented by the office. For the purposes of this section, each geographic area in which registered voters may cast ballots for an office is represented by that office. If a person elected to an office must be nominated from a district or similar division of the geographic area represented by the office, the name of a candidate for the office shall not appear on a primary ballot for that office unless the candidate is, at the time the candidate's declaration of candidacy is filed, properly registered to vote in that district or division. The officer with whom declarations of candidacy must be filed under this title shall review each such declaration filed regarding compliance with this subsection.
- (4) The requirements of voter registration and residence within the geographic area of a district do not apply to candidates for congressional office. Qualifications for the United States congress are specified in the United States Constitution.

NEW SECTION. Sec.

154. A new section is added to chapter 29A.20 RCW to read as follows:

A certificate evidencing nominations made at a convention must:

- (1) Be in writing;
- (2) Contain the name of each person nominated, his or her residence, and the office for which he or she is named, and if the nomination is for the offices of president and vice president of the United States, a sworn statement from both nominees giving their consent to the nomination;
- (3) Identify the minor political party or the independent candidate on whose behalf the convention was held;
- (4) Be verified by the oath of the presiding officer and secretary;
- (5) Be accompanied by a nominating petition or petitions bearing the signatures and addresses of registered voters equal in number to that required by section 111 of this act;
- (6) Contain proof of publication of the notice of calling the convention; and
- (7) Be submitted to the appropriate filing officer not later than one week following the adjournment of the convention at which the nominations were made. If the nominations are made only for offices whose jurisdiction is entirely within one county, the certificate and nominating petitions must be filed with the county auditor. If a minor party or independent candidate convention nominates any candidates for offices whose jurisdiction encompasses more than one county, all nominating petitions and the convention certificates must be filed with the secretary of state.

NEW SECTION. Sec.

155. A new section is added to chapter 29A.20 RCW to read as follows:

- (1) If two or more valid certificates of nomination are filed purporting to nominate different candidates for the same position using the same party name, the filing officer must give effect to both certificates. If conflicting claims to the party name are not resolved either by mutual agreement or by a judicial determination of the right to the name, the candidates must be treated as independent candidates. Disputes over the right to the name must not be permitted to delay the printing of either ballots or a voters' pamphlet. Other candidates nominated by the same conventions may continue to use the partisan affiliation unless a court of competent jurisdiction directs otherwise.
- (2) A person affected may petition the superior court of the county in which the filing officer is located for a judicial determination of the right to the name of a minor political party, either before or after documents are filed with the filing

officer. The court shall resolve the conflict between competing claims to the use of the same party name according to the following principles: (a) The prior established public use of the name during previous elections by a party composed of or led by the same individuals or individuals in documented succession; (b) prior established public use of the name earlier in the same election cycle; (c) the nomination of a more complete slate of candidates for a number of offices or in a number of different regions of the state; (d) documented affiliation with a national or statewide party organization with an established use of the name; (e) the first date of filing of a certificate of nomination; and (f) such other indicia of an established right to use of the name as the court may deem relevant. If more than one filing officer is involved, and one of them is the secretary of state, the petition must be filed in the superior court for Thurston county. Upon resolving the conflict between competing claims, the court may also address any ballot designation for the candidate who does not prevail.

NEW SECTION. Sec.

156. A new section is added to chapter 29A.20 RCW to read as follows:

A minor political party or independent candidate convention nominating candidates for the offices of president and vice president of the United States shall, not later than ten days after the adjournment of the convention, submit a list of presidential electors to the office of the secretary of state. The list shall contain the names and the mailing addresses of the persons selected and shall be verified by the presiding officer of the convention.

NEW SECTION. Sec.

157. A new section is added to chapter 29A.20 RCW to read as follows:

Upon the receipt of the certificate of nomination, the officer with whom it is filed shall check the certificate and canvass the signatures on the accompanying nominating petitions to determine if the requirements of section 111 of this act have been met. Once the determination has been made, the filing officer shall notify the presiding officer of the convention and any other persons requesting the notification, of his or her decision regarding the sufficiency of the certificate or the nominating petitions. Any appeal regarding the filing officer's determination must be filed with the superior court of the county in which the certificate or petitions were filed not later than five days from the date the determination is made, and shall be heard and finally disposed of by the court within five days of the filing. Nominating petitions shall not be available for public inspection or copying.

NEW SECTION. Sec.

158. A new section is added to chapter 29A.24 RCW to read as follows:

A candidate who desires to have his or her name printed on the ballot for election to an office other than president of the United States, vice president of the United States, or an office for which ownership of property is a prerequisite to voting shall complete and file a declaration of candidacy. The secretary of state shall adopt, by rule, a declaration of candidacy form for the office of precinct committee officer and a separate standard form for candidates for all other offices filing under this chapter. Included on the standard form shall be:

- (1) A place for the candidate to declare that he or she is a registered voter within the jurisdiction of the office for which he or she is filing, and the address at which he or she is registered;
- (2) A place for the candidate to indicate the position for which he or she is filing;
- (3) A place for the candidate to indicate a party designation, if applicable;
- (4) A place for the candidate to indicate the amount of the filing fee accompanying the declaration of candidacy or for the candidate to indicate that he or she is filing a nominating petition in lieu of the filing fee under section 160 of this act;
- (5) A place for the candidate to sign the declaration of candidacy, stating that the information provided on the form is true and swearing or affirming that he or she will support the Constitution and laws of the United States and the Constitution and laws of the state of Washington.

In the case of a declaration of candidacy filed electronically, submission of the form constitutes agreement that the information provided with the filing is true, that he or she will support the Constitutions and laws of the United States and the state of Washington, and that he or she agrees to electronic payment of the filing fee established in section 160 of this act.

The secretary of state may require any other information on the form he or she deems appropriate to facilitate the filing process.

NEW SECTION. Sec.

159. A new section is added to chapter 29A.24 RCW to read as follows:

Any candidate may mail his or her declaration of candidacy for an office to the filing officer. Such declarations of candidacy shall be processed by the filing officer in the following manner:

- (1) Any declaration received by the filing officer by mail before the tenth business day immediately preceding the first day for candidates to file for office shall be returned to the candidate submitting it, together with a notification that the declaration of candidacy was received too early to be processed. The candidate shall then be permitted to resubmit his or her declaration of candidacy during the filing period.
- (2) Any properly executed declaration of candidacy received by mail on or after the tenth business day immediately preceding the first day for candidates to file for office and before the close of business on the last day of the filing period shall be included with filings made in person during the filing period. In partisan and judicial elections the filing officer shall determine by lot the order in which the names of those candidates shall appear upon sample and absentee primary ballots.
- (3) Any declaration of candidacy received by the filing officer after the close of business on the last day for candidates to file for office shall be rejected and returned to the candidate attempting to file it.

NEW SECTION. Sec.

160. A new section is added to chapter 29A.24 RCW to read as follows:

A filing fee of one dollar shall accompany each declaration of candidacy for precinct committee officer; a filing fee of ten dollars shall accompany the declaration of candidacy for any office with a fixed annual salary of one thousand dollars or less; a filing fee equal to one percent of the annual salary of the office at the time of filing shall accompany the declaration of candidacy for any office with a fixed annual salary of more than one thousand dollars per annum. No filing fee need accompany a declaration of candidacy for any office for which compensation is on a per diem or per meeting attended basis.

A candidate who lacks sufficient assets or income at the time of filing to pay the filing fee required by this section shall submit with his or her declaration of candidacy a nominating petition. The petition shall contain not less than a number

of signatures of registered voters equal to the number of dollars of the filing fee. The signatures shall be of voters registered to vote within the jurisdiction of the office for which the candidate is filing.

When the candidacy is for:

(1) A legislative or judicial office that includes territory from more than one county, the fee shall be paid to the secretary of state for equal division between the treasuries of the counties comprising the district.

(2) A city or town office, the fee shall be paid to the county auditor who shall transmit it to the city or town clerk for deposit in the city or town treasury.

NEW SECTION. Sec.

161. A new section is added to chapter 29A.24 RCW to read as follows:

Nominating petitions may be rejected for the following reasons:

(1) The petition is not in the proper form;

(2) The petition clearly bears insufficient signatures;

(3) The petition is not accompanied by a declaration of candidacy;

(4) The time within which the petition and the declaration of candidacy could have been filed has expired.

If the petition is accepted, the officer with whom it is filed shall canvass the signatures contained on it and shall reject the signatures of those persons who are not registered voters and the signatures of those persons who are not registered to vote within the jurisdiction of the office for which the nominating petition is filed. He or she shall additionally reject any signature that appears on the nominating petitions of two or more candidates for the same office and shall also reject, each time it appears, the name of any person who signs the same petition more than once.

If the officer with whom the petition is filed refuses to accept the petition or refuses to certify the petition as bearing sufficient valid signatures, the person filing the petition may appeal that action to the superior court. The application for judicial review shall take precedence over other cases and matters and shall be speedily heard and determined.

NEW SECTION. Sec.

162. A new section is added to chapter 29A.24 RCW to read as follows:

A void in candidacy for a nonpartisan office occurs when an election for such office, except for the short term, has been scheduled and no valid declaration of candidacy has been filed for the position or all persons filing such valid declarations of candidacy have died or been disqualified.

NEW SECTION. Sec.

163. A new section is added to chapter 29A.24 RCW to read as follows:

The election officer with whom declarations of candidacy are filed shall give notice of a void in candidacy for a nonpartisan office, by notifying press, radio, and television in the county and by such other means as may now or hereafter be provided by law. The notice shall state the office, and the time and place for filing declarations of candidacy.

NEW SECTION. Sec.

165. A new section is added to chapter 29A.24 RCW to read as follows:

(1) A void in candidacy occurs;

(2) A vacancy occurs in any nonpartisan office leaving an unexpired term to be filled by an election for which filings have not been held; or

(3) A nominee for judge of the superior court entitled to a certificate of election pursuant to Article 4, section 29, Amendment 41 of the state Constitution, dies or is disqualified.

Candidacies validly filed within said three-day period shall appear on the ballot as if made during the earlier filing period.

The candidate receiving a plurality of the votes cast for that office in the general election shall be deemed elected.

The ballot title must conform with the requirements and be displayed substantially as provided under RCW 29A.72.050, except that the concise description must not exceed seventy-five words. If the local governmental unit is a city or a town, the concise statement shall be prepared by the city or town attorney. If a primary was conducted, no candidate's name may be printed on the subsequent general election ballot unless he or she receives at least one percent of the total votes cast for that office at the preceding primary. On the ballot at the general election for any other nonpartisan office for which no primary was held, the names of the candidates shall be listed in the order determined under section 130 of this act.

(2) On the ballot at the general election for the office of justice of the supreme court, judge of the court of appeals, judge of the superior court, judge of the district court, or state superintendent of public instruction, if a candidate in a contested primary receives a majority of all the votes cast for that office or position, only the name of that candidate may be printed under the title of the office for that position.

NEW SECTION. Sec.

171. A new section is added to chapter 29A.36 RCW to read as follows:

The names of the persons certified as nominees by the secretary of state or the county canvassing board shall be printed on the ballot at the ensuing election.

No name of any candidate whose nomination at a primary is required by law shall be placed upon the ballot at a general or special election unless it appears upon the certificate of either (1) the secretary of state, or (2) the county canvassing board, or (3) a minor party convention or the state or county central committee of a major political party to fill a vacancy on its ticket under section 192 of this act.

Excluding the office of precinct committee officer or a temporary elected position such as a charter review board member or freeholder, a candidate's name shall not appear more than once upon a ballot for a position regularly nominated or elected at the same election.

NEW SECTION. Sec.

172. A new section is added to chapter 29A.52 RCW to read as follows:

Whenever it shall be necessary to hold a special election in an odd-numbered year to fill an unexpired term of any office which is scheduled to be voted upon for a full term in an even-numbered year, no September primary election shall be held in the odd-numbered year if, after the last day allowed for candidates to withdraw, either of the following circumstances exist:

(1) No more than one candidate of each qualified political party has filed a declaration of candidacy for the same partisan office to be filled; or

(2) No more than two candidates have filed a declaration of candidacy for a single nonpartisan office to be filled.

In either event, the officer with whom the declarations of candidacy were filed shall immediately notify all candidates concerned and the names of the candidates that would have been printed upon the September primary ballot, but for the provisions of this section, shall be printed as nominees for the positions sought upon the November general election ballot.

NEW SECTION. Sec.

173. A new section is added to chapter 29A.52 RCW to read as follows:

Candidates for the following offices shall be nominated at partisan primaries held pursuant to the provisions of this chapter:

NEW SECTION. Sec.

175. A new section is added to chapter 29A.52 RCW to read as follows:

Except as provided in RCW 29A.32.260, notice for any state, county, district, or municipal election, whether special or general, must be given by at least one publication not more than ten nor less than three days before the election by the county auditor or the officer conducting the election as the case may be, in one or more newspapers of general circulation within the county. The legal notice must contain the title of each office under the proper party designation, the names and addresses of all officers who have been nominated for an office to be voted upon at that election, together with the ballot titles of all measures, the hours during which the polls will be open, and the polling places for each precinct, giving the address of each polling place. The names of all candidates for nonpartisan offices must be published separately with designation of the offices for which they are candidates but without party designation. This is the only notice required for a state, county, district, or municipal general or special election and supersedes the provisions of any and all other statutes, whether general or special in nature, having different requirements for the giving of notice of any general or special elections.

NEW SECTION. Sec.

176. A new section is added to chapter 29A.60 RCW to read as follows:

(1) If the requisite number of any federal, state, county, city, or district offices have not been nominated in a primary by reason of two or more persons having an equal and requisite number of votes for being placed on the general election ballot, the official empowered by state law to certify candidates for the general election ballot shall give notice to the several persons so having the equal and requisite number of votes to attend at the appropriate office at the time designated by that official, who shall then and there proceed publicly to decide by lot which of those persons will be declared nominated and placed on the general election ballot.

(2) If the requisite number of any federal, state, county, city, district, or precinct officers have not been elected by reason of two or more persons having an equal and highest number of votes for one and the same office, the official empowered by state law to issue the original certificate of election shall give notice to the several persons so having the highest and equal number of votes to attend at the appropriate office at the time to be appointed by that official, who shall then and there proceed publicly to decide by lot which of those persons will be declared duly elected, and the official shall make out and deliver to the person thus duly declared elected a certificate of election.

NEW SECTION. Sec.

177. A new section is added to chapter 29A.64 RCW to read as follows:

An officer of a political party or any person for whom votes were cast in a primary who was not declared nominated may file a written application for a recount of the votes or a portion of the votes cast at that primary for all persons for whom votes were cast for nomination to that office.

An officer of a political party or any person for whom votes were cast at any election may file a written application for a recount of the votes or a portion of the votes cast at that election for all candidates for election to that office.

Any group of five or more registered voters may file a written application for a recount of the votes or a portion of the votes cast upon any question or issue. They shall designate one of the members of the group as chair and shall indicate the voting residence of each member of the group.

An application for a recount of the votes cast for an office or on a ballot measure must be filed with the officer with whom filings are made for the jurisdiction.

An application for a recount must specify whether the recount will be done manually or by the vote tally system. A recount done by the vote tally system must use programming that recounts and reports only the office or ballot measure in question. The county shall also provide for a test of the logic and accuracy of that program.

An application for a recount must be filed within three business days after the county canvassing board or secretary of state has declared the official results of the primary or election for the office or issue for which the recount is requested.

This chapter applies to the recounting of votes cast by paper ballots and to the recounting of votes recorded on ballots counted by a vote tally system.

NEW SECTION. Sec.

178. A new section is added to chapter 29A.64 RCW to read as follows:

(1) If the official canvass of all of the returns for any office at any primary or election reveals that the difference in the number of votes cast for a candidate apparently nominated or elected to any office and the number of votes cast for the closest apparently defeated opponent is less than two thousand votes and also less than one-half of one percent of the total number of votes cast for both candidates, the county canvassing board shall conduct a recount of all votes cast on that position.

(a) Whenever such a difference occurs in the number of votes cast for candidates for a position the declaration of candidacy for which was filed with the secretary of state, the secretary of state shall, within three business days of the day that

the returns of the primary or election are first certified by the canvassing boards of those counties, direct those boards to recount all votes cast on the position.

(b) If the difference in the number of votes cast for the apparent winner and the closest apparently defeated opponent is less than one hundred fifty votes and also less than one-fourth of one percent of the total number of votes cast for both candidates, the votes shall be recounted manually or as provided in subsection (3) of this section.

(2) A mandatory recount shall be conducted in the manner provided by RCW 29A.64.030, and sections 179 and 180 of this act. No cost of a mandatory recount may be charged to any candidate.

(3) The apparent winner and closest apparently defeated opponent for an office for which a manual recount is required under subsection (1)(b) of this section may select an alternative method of conducting the recount. To select such an alternative, the two candidates shall agree to the alternative in a signed, written statement filed with the election official for the office. The recount shall be conducted using the alternative method if: It is suited to the balloting system that was used for casting the votes for the office; it involves the use of a vote tallying system that is approved for use in this state by the secretary of state; and the vote tallying system is readily available in each county required to conduct the recount. If more than one balloting system was used in casting votes for the office, an alternative to a manual recount may be selected for each system.

NEW SECTION. Sec.

179. A new section is added to chapter 29A.64 RCW to read as follows:

(1) At the time and place established for a recount, the canvassing board or its duly authorized representatives, in the presence of all witnesses who may be in attendance, shall open the sealed containers containing the ballots to be recounted, and shall recount the votes for the offices or issues for which the recount has been ordered. Ballots shall be handled only by the members of the canvassing board or their duly authorized representatives.

Witnesses shall be permitted to observe the ballots and the process of tabulating the votes, but they shall not be permitted to handle the ballots. The canvassing board shall not permit the tabulation of votes for any nomination, election, or issue other than the ones for which a recount was applied for or required.

(2) At any time before the ballots from all of the precincts listed in the application for the recount have been recounted, the applicant may file with the board a written request to stop the recount.

(3) The recount may be observed by persons representing the candidates affected by the recount or the persons representing both sides of an issue that is being recounted. The observers may not make a record of the names, addresses, or other information on the ballots, poll books, or applications for absentee ballots unless authorized by the superior court. The secretary of state or county auditor may limit the number of observers to not less than two on each side if, in his or her opinion, a greater number would cause undue delay or disruption of the recount process.

NEW SECTION. Sec.

180. A new section is added to chapter 29A.64 RCW to read as follows:

Upon completion of the canvass of a recount, the canvassing board shall prepare and certify an amended abstract showing the votes cast in each precinct for which the recount was conducted. Copies of the amended abstracts must be transmitted to the same officers who received the abstract on which the recount was based.

If the nomination, election, or issue for which the recount was conducted was submitted only to the voters of a county, the canvassing board shall file the amended abstract with the original results of that election or primary.

If the nomination, election, or issue for which a recount was conducted was submitted to the voters of more than one county, the secretary of state shall canvass the amended abstracts and shall file an amended abstract with the original results of that election. An amended abstract certified under this section supersedes any prior abstract of the results for the same offices or issues at the same primary or election.

NEW SECTION. Sec.

181. A new section is added to chapter 29A.64 RCW to read as follows:

The canvassing board shall determine the expenses for conducting a recount of votes.

The cost of the recount shall be deducted from the amount deposited by the applicant for the recount at the time of filing the request for the recount, and the balance shall be returned to the applicant. If the costs of the recount exceed the deposit, the applicant shall pay the difference. No charges may be deducted by the canvassing board from the deposit for a recount if the recount changes the result of the nomination or election for which the recount was ordered.

NEW SECTION. Sec.

182. A new section is added to chapter 29A.68 RCW to read as follows:

Any justice of the supreme court, judge of the court of appeals, or judge of the superior court in the proper county shall, by order, require any person charged with error, wrongful act, or neglect to forthwith correct the error, desist from the wrongful act, or perform the duty and to do as the court orders or to show cause forthwith why the error should not be corrected, the wrongful act desisted from, or the duty or order not performed, whenever it is made to appear to such justice or judge by affidavit of an elector that:

An affidavit of an elector under subsections (1) and (3) above when relating to a primary election must be filed with the appropriate court no later than the second Friday following the closing of the filing period for nominations for such office and shall be heard and finally disposed of by the court not later than five days after the filing thereof. An affidavit of an elector under subsections (1) and (3) of this section when relating to a general election must be filed with the appropriate court

An affidavit of an elector under subsection (6) of this section shall be filed with the appropriate court no later than ten days following the issuance of a certificate of election.

MOTION

On motion of Senator Esser, the Senate advanced to the sixth order of business.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Eide as to her scope and object inquiry, and to Senator McCaslin's objection that Senator Eide's point is not timely, the President finds and rules as follows:

Senator McCaslin is correct that points of order must be timely raised, and the President has so ruled in the past. The purpose of this rule is clear: the body must have certainty that matters are properly before it for consideration, and that matters relating to an earlier part of the process will not work to stop the matter later in the process. The question then becomes whether or not Senator Eide was required to raise her point of order as to scope and object when the bill, with the House amendment, was first before the body for concurrence.

The President is cognizant that on-going negotiations between the chambers of the Legislature can be delicate, and it is for this reason that there are so many options set forth from which the bodies may choose in officially addressing the actions of the other body. Among them, a body may ask the other to recede, it may concur, or it may itself recede, to name but a few of these options. Also available are the various parliamentary and procedural mechanisms which operate to provide a process under which the bodies may conduct their business and ensure that appropriate rules are observed. Elevating process above the substance of the negotiations, however, was never the intention of the rules.

It is true that Senator Eide could have raised her scope and object argument earlier in the process, but this was but one point and one option before her. She was also free, as she ultimately chose, to let the negotiations continue and see if the matter might be resolved in that fashion. In so doing, this became a question of strategy and relations between the houses. Her choice should not, and does not, operate to stop her from raising the point at a later time in the proceedings when the amendment is before the body for finalization on full concurrence. For these reasons, Senator Eide's objection as to scope and object is timely and properly before this body.

Having so ruled, the underlying question becomes whether or not the House amendment is beyond the scope and object of the underlying bill. Substitute Senate Bill 6208 is a measure that provides water-sewer districts a specific, limited alternative to permanent facilities by allowing a property owner to connect to the districts system by means of a temporary facility. The legislation amends the basic "powers" provisions in chapter 57.08 for water-sewer districts to provide this authority.

By contrast, the House amendment, in Section 2, incorporates an entirely new and different subject, establishing detailed procedures that certain cities must follow when seeking to assume the assets and operations of certain water-sewer districts. The House amendment also amends an entirely different title of the statute in this change Title 35, which relates to the powers of cities.

While both the underlying bill and the amendment deal with some aspect of water-sewer districts it is clear that the amendment would change the scope and object of the bill and Senator Eide's point of order is well-taken."

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2400, by House Committee on Appropriations (originally sponsored by Representatives McMahan, Carrell, Mielke, Talcott, Crouse, Bush, Ahern, Newhouse, G. Simpson, Woods and Orcutt)

Providing enhanced penalties for sex crimes against children. Revised for 1st Substitute: Strengthening sentences for sex offenders.

The bill was read the second time.

MOTION

Senator Stevens moved that the following striking amendment by Senators Stevens and Hargrove be adopted: Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec.

1. (1) The legislature finds that sex offenses against children are among the most heinous of crimes and that the legislature has a paramount duty to protect children from victimization by sex offenders. Sentencing policy in Washington state should ensure that punishment of sex offenders is pursued to the extent that such punishment does not jeopardize the safety of children or hinder the successful prosecution of sex offenses against children.

The legislature finds that offenders with the most serious sex offenses against children including, but not limited to, rape in the first and second degree, rape of a child in the first and second degree, child molestation in the first degree, indecent liberties with forcible compulsion, and kidnapping in the first or second degree with a sexual motivation should be subject to life sentences. The legislature finds that since September of 2001, these and other most serious sex offenses have been subject to life sentences under a determinate-plus sentencing structure. Those offenders who are more likely than not to reoffend are kept in prison and those who present a low risk to reoffend are released under supervision for the remainder of their life and may be reincarcerated for serious violations that do not constitute a new sex offense. The legislature further finds that persons subject to determinate-plus sentencing who receive a special sex offender sentencing alternative sentence that is subsequently revoked are subject to life sentences as if they had not received a sentencing alternative. The legislature also finds that these offenders' failure in treatment is likely to make it harder for them to receive a release from prison to lifetime community custody. The legislature intends to reiterate its commitment to life sentences for these offenders by reenacting the law on seriousness levels of offenses and determinate-plus sentencing that sets the minimum sentence levels for these offenders.

(2) The legislature also finds that the special sex offender sentencing alternative was enacted in 1984 to protect victims of sexual assault. A 1991 evaluation of the effectiveness of the sentencing alternative concluded that it accurately selected sex offenders who, with supervision and treatment, reoffend at lower rates and that the use of the sentencing alternative does not increase risk to the community. Today, strong support for the special sex offender sentencing alternative continues among advocates for children who are victims of sexual assault and prosecutors who prosecute sex offenses against children.

(3) The legislature further finds that several weaknesses in the structure and administration of the special sex offender sentencing alternative have been identified and should be addressed. In addition, a comprehensive analysis and evaluation of the special sex offender sentencing alternative is needed to ensure that efforts to reform the sentencing alternative do not result in jeopardizing the safety of children or hindering the successful prosecution of sex offenses against children.

(4) The legislature intends to protect children from victimization by sex offenders by taking immediate action to make changes in the special sex offender sentencing alternative to address perceived weaknesses in the program, and thoroughly evaluating its effectiveness to determine whether additional changes are needed to further increase the protection of children from victimization by sex offenders.

3. RCW 9.94A.712 and 2001 2nd sp.s. c 12 s 303 are each reenacted to read as follows:

(1) An offender who is not a persistent offender shall be sentenced under this section if the offender:

(a) Is convicted of:

(i) Rape in the first degree, rape in the second degree, rape of a child in the first degree, child molestation in the first degree, rape of a child in the second degree, or indecent liberties by forcible compulsion;

(ii) Any of the following offenses with a finding of sexual motivation: Murder in the first degree, murder in the second degree, homicide by abuse, kidnapping in the first degree, kidnapping in the second degree, assault in the first degree, assault in the second degree, assault of a child in the first degree, or burglary in the first degree; or

(iii) An attempt to commit any crime listed in this subsection (1)(a);
committed on or after September 1, 2001; or

(b) Has a prior conviction for an offense listed in RCW 9.94A.030(32)(b), and is convicted of any sex offense which was committed after September 1, 2001.

For purposes of this subsection (1)(b), failure to register is not a sex offense.

(2) An offender convicted of rape of a child in the first or second degree or child molestation in the first degree who was seventeen years of age or younger at the time of the offense shall not be sentenced under this section.

(3) Upon a finding that the offender is subject to sentencing under this section, the court shall impose a sentence to a maximum term consisting of the statutory maximum sentence for the offense and a minimum term either within the standard sentence range for the offense, or outside the standard sentence range pursuant to RCW 9.94A.535, if the offender is otherwise eligible for such a sentence.

(4) A person sentenced under subsection (3) of this section shall serve the sentence in a facility or institution operated, or utilized under contract, by the state.

(5) When a court sentences a person to the custody of the department under this section, the court shall, in addition to the other terms of the sentence, sentence the offender to community custody under the supervision of the department and the authority of the board for any period of time the person is released from total confinement before the expiration of the maximum sentence.

(6)(a) Unless a condition is waived by the court, the conditions of community custody shall include those provided for in RCW 9.94A.700(4). The conditions may also include those provided for in RCW 9.94A.700(5). The court may also order the offender to participate in rehabilitative programs or otherwise perform affirmative conduct reasonably related to the

circumstances of the offense, the offender's risk of reoffending, or the safety of the community, and the department and the board shall enforce such conditions pursuant to RCW 9.94A.713, 9.95.425, and 9.95.430.

(b) As part of any sentence under this section, the court shall also require the offender to comply with any conditions imposed by the board under RCW 9.94A.713 and 9.95.420 through 9.95.435.

Sec.

4. RCW 9.94A.670 and 2002 c 175 s 11 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this subsection apply to this section only.

(a) "Sex offender treatment provider" or "treatment provider" means a certified sex offender treatment provider as defined in RCW 18.155.020.

(b) "Substantial bodily harm" means bodily injury that involves a temporary but substantial disfigurement, or that causes a temporary but substantial loss or impairment of the function of any body part or organ, or that causes a fracture of any body part or organ.

(c) "Victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(2) An offender is eligible for the special sex offender sentencing alternative if:

(a) The offender has been convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense;

(b) The offender has no prior convictions for a sex offense as defined in RCW 9.94A.030 or any other felony sex offenses in this or any other state; ~~(and)~~

(c) The offender has no prior adult convictions for a violent offense that was committed within five years of the date the current offense was committed;

(d) The offense did not result in substantial bodily harm to the victim;

(e) The offender had an established relationship with, or connection to, the victim such that the sole connection with the victim was not the commission of the crime; and

(f) The offender's standard sentence range for the offense includes the possibility of confinement for less than eleven years.

(3) If the court finds the offender is eligible for this alternative, the court, on its own motion or the motion of the state or the offender, may order an examination to determine whether the offender is amenable to treatment.

(a) The report of the examination shall include at a minimum the following:

(i) The offender's version of the facts and the official version of the facts;

(ii) The offender's offense history;

(iii) An assessment of problems in addition to alleged deviant behaviors;

(iv) The offender's social and employment situation; and

(v) Other evaluation measures used.

The report shall set forth the sources of the examiner's information.

(b) The examiner shall assess and report regarding the offender's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(i) Frequency and type of contact between offender and therapist;

(ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;

(iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;

(iv) Anticipated length of treatment; and

(v) Recommended crime-related prohibitions and affirmative conditions, which must include, to the extent known, an identification of specific activities or behaviors that are precursors to the offender's offense cycle, including, but not limited to, activities or behaviors such as viewing or listening to pornography or use of alcohol or controlled substances.

(c) The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The examiner shall be selected by the party making the motion. The offender shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(4) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this alternative, consider whether the alternative is too lenient in light of the extent and circumstances of the offense, consider whether the offender has victims in addition to the victim of the offense, consider whether the offender is amenable to treatment, consider the risk the offender would present to the community, to the victim, or to persons of similar age and circumstances as the victim, and consider the victim's opinion whether the offender should receive a treatment disposition under this section. The court shall give great weight to the victim's opinion whether the offender should receive a treatment disposition under this section. If the sentence imposed is contrary to the victim's opinion, the court shall enter written findings stating its reasons for imposing the treatment disposition. The fact that the offender admits to his or her offense does not, by itself, constitute amenability to treatment. If the court determines that this alternative is appropriate, the court shall then impose a sentence or, pursuant to RCW 9.94A.712, a minimum term of sentence, within the standard sentence range. If the sentence imposed is less than eleven years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:

(a) The court shall order the offender to serve a term of confinement of up to twelve months or the maximum term within the standard range, whichever is less. The court may order the offender to serve a term of confinement greater than twelve months or the maximum term within the standard range based on the presence of an aggravating circumstance listed in RCW 9.94A.535(2). In no case shall the term of confinement exceed the statutory maximum sentence for the offense. The court may order the offender to serve all or part of his or her term of confinement in partial confinement. An offender sentenced to a term of confinement under this subsection is not eligible for earned release under RCW 9.92.151 or 9.94A.728.

(b) The court shall place the offender on community custody for the length of the suspended sentence, the length of the maximum term imposed pursuant to RCW 9.94A.712, or three years, whichever is greater, and require the offender to comply with any conditions imposed by the department under RCW 9.94A.720.

~~((b))~~ (c) The court shall order treatment for any period up to ~~((three))~~ five years in duration. The court, in its discretion, shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court. If any party or the court objects to a proposed change, the offender shall not change providers or conditions without court approval after a hearing.

(d) As conditions of the suspended sentence, the court shall impose specific prohibitions and affirmative conditions relating to the known precursor activities or behaviors identified in the proposed treatment plan under subsection (3)(b)(v) of this section or identified in an annual review under subsection (7)(b) of this section.

(5) As conditions of the suspended sentence, the court may impose one or more of the following:

~~((a))~~ (a) ~~(Up to six months of confinement, not to exceed the sentence range of confinement for that offense;~~

~~((b))~~ (b) Crime-related prohibitions;

~~((c))~~ (c) Require the offender to devote time to a specific employment or occupation;

~~((d))~~ (d) Require the offender to remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;

~~((e))~~ (e) Require the offender to report as directed to the court and a community corrections officer;

~~((f))~~ (f) Require the offender to pay all court-ordered legal financial obligations as provided in RCW 9.94A.030;

~~((g))~~ (g) Require the offender to perform community restitution work; or

~~((h))~~ (h) Require the offender to reimburse the victim for the cost of any counseling required as a result of the offender's crime.

(6) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment.

(7)(a) The sex offender treatment provider shall submit quarterly reports on the offender's progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, offender's compliance with requirements, treatment activities, the offender's relative progress in treatment, and any other material specified by the court at sentencing.

(b) The court shall conduct a hearing on the offender's progress in treatment at least once a year. At least fourteen days prior to the hearing, notice of the hearing shall be given to the victim. The victim shall be given the opportunity to make statements to the court regarding the offender's supervision and treatment. At the hearing, the court may modify conditions of community custody including, but not limited to, crime-related prohibitions and affirmative conditions relating to activities and behaviors identified as part of, or relating to precursor activities and behaviors in, the offender's offense cycle or revoke the suspended sentence.

(8) At least fourteen days prior to the treatment termination hearing, notice of the hearing shall be given to the victim. The victim shall be given the opportunity to make statements to the court regarding the offender's supervision and treatment. Prior to the treatment termination hearing, the treatment provider and community corrections officer shall submit written reports to the court and parties regarding the offender's compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community custody conditions. (Either party may request, and the court may order, another evaluation regarding the advisability of termination from treatment. The offender shall pay the cost of any additional evaluation ordered unless the court finds the offender to be indigent in which case the state shall pay the cost.) The court may order an evaluation regarding the advisability of termination from treatment by a sex offender treatment provider who may not be the same person who treated the offender under subsection (4) of this section or any person who employs, is employed by, or shares profits with the person who treated the offender under subsection (4) of this section unless the court has entered written findings that such evaluation is in the best interest of the victim and that a successful evaluation of the offender would otherwise be impractical. The offender shall pay the cost of the evaluation. At the treatment termination hearing the court may: (a) Modify conditions of community custody, and either (b) terminate treatment, or (c) extend treatment in two-year increments for up to the remaining period of community custody.

(9)(a) If a violation of conditions other than a second violation of the prohibitions or affirmative conditions relating to precursor behaviors or activities imposed under subsection (4)(d) or (7)(b) of this section occurs during community custody, the department shall either impose sanctions as provided for in RCW 9.94A.737(2)(a) or refer the violation to the court and recommend revocation of the suspended sentence as provided for in subsections (6) and (8) of this section.

(b) If a second violation of the prohibitions or affirmative conditions relating to precursor behaviors or activities imposed under subsection (4)(d) or (7)(b) of this section occurs during community custody, the department shall refer the violation to the court and recommend revocation of the suspended sentence as provided in subsection (10) of this section.

(10) The court may revoke the suspended sentence at any time during the period of community custody and order execution of the sentence if: (a) The offender violates the conditions of the suspended sentence, or (b) the court finds that the offender is failing to make satisfactory progress in treatment. All confinement time served during the period of community custody shall be credited to the offender if the suspended sentence is revoked.

(11) The offender's sex offender treatment provider may not be the same person who examined the offender under subsection (3) of this section or any person who employs, is employed by, or shares profits with the person who examined the offender under subsection (3) of this section, unless the court has entered written findings that such treatment is in the best interests of the victim and that successful treatment of the offender would otherwise be impractical. Examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW unless the court finds that:

(a) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; or

(b)(i) No certified providers are available for treatment within a reasonable geographical distance of the offender's home; and

(ii) The evaluation and treatment plan comply with this section and the rules adopted by the department of health.
(12) If the offender is less than eighteen years of age when the charge is filed, the state shall pay for the cost of initial evaluation and treatment.

Sec.

5. RCW 9.92.151 and 1990 c 3 s 201 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the sentence of a prisoner confined in a county jail facility for a felony, gross misdemeanor, or misdemeanor conviction may be reduced by earned release credits in accordance with procedures that shall be developed and promulgated by the correctional agency having jurisdiction. The earned early release time shall be for good behavior and good performance as determined by the correctional agency having jurisdiction. Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. The correctional agency shall not credit the offender with earned early release credits in advance of the offender actually earning the credits. In the case of an offender convicted of a serious violent offense or a sex offense that is a class A felony committed on or after July 1, 1990, the aggregate earned early release time may not exceed fifteen percent of the sentence. In no other case may the aggregate earned early release time exceed one-third of the total sentence.

(2) An offender serving a term of confinement imposed under RCW 9.94A.670(4)(a) is not eligible for earned release credits under this section.

NEW SECTION. Sec.

7. (1) The Washington state institute for public policy shall conduct a comprehensive analysis and evaluation of the impact and effectiveness of current sex offender sentencing policies. The institute shall analyze and evaluate the effectiveness of sex offender policies and programs, including the special sex offender sentencing alternative, the department of corrections' treatment program for offenders in prison, and the validity of the risk assessment conducted by the end of sentence review committee prior to release from prison. Using detailed information from offender files and court records, and research conducted in Washington state and other states and nations, the analysis shall examine whether changes to sentencing policies and sex offender programming can increase public safety.

(2) Using the research results and other available data, the analysis of the special sex offender sentencing alternative shall specifically evaluate the impact of the sentencing alternative on protection of children from sexual victimization, reporting of sex offenses against children, prosecution of sex offenses against children, and child sex offense recidivism rates.

(3) As part of its study, the institute shall also investigate the views of victims whose cases resulted in a special sex offender sentencing alternative sentence. This study shall include victims whose cases have been prosecuted recently, as well as those whose cases were prosecuted in the past. The victims shall be asked whether they considered the special sex offender

sentencing alternative sentence to be a just and appropriate sanction, whether it influenced their healing process, and, if so, whether the influence was negative or positive.

(4) The sentencing guidelines commission shall review the following issues to determine whether modifications in the special sex offender sentencing alternative will increase its effectiveness with respect to protecting children from sexual victimization, successfully prosecuting sex offenses against children, and appropriately punishing perpetrators of sex offenses against children:

(a) Eligibility for the sentencing alternative, including whether the commission of certain types of offenses should render an offender ineligible, whether the disclosure of multiple victims in the course of evaluating an offender should render an offender ineligible, and whether the sentencing alternative should be limited to offenses within families;

(b) Minimum terms of incarceration, including imprisonment at a state facility;

(c) Appropriate conditions or restrictions that should be placed on offenders who receive a sentence alternative; and

(d) Standards for revocation of a sentencing alternative suspended sentence.

(5) The institute and the sentencing guidelines commission shall report their results and recommendations to the appropriate standing committees of the legislature no later than December 31, 2004.

Senator Sheldon, B.: "Thank you, Mr. President. Mr. President, if I may, a point of personal privilege. I am a bit speechless, I must thank each and everyone of you. You know in our business as everyone of you knows, we don't get too many kudos. We certainly hear about it if we mess up, if we forget something and we haven't voted right. We don't very often get to hear that we have done something right and that our careers, that we've done a good job in our career and each and everyone of you has. You are the same as I am. You work hard, you care for the people that you represent and I have been so proud to serve with all of you. And I guess I can't leave here either, without remarking about the staff that supports us all. You know, people think 'Oh gosh, you did a great job on that bill. But behind that great job on the bill was somebody who put it together really well for you and then sat down and explained it to you. So that you could then go out on the floor and do a good job with it. We're very lucky people, all of us, and it's a great experience. It's certainly, other than being a mom, it's the best job I ever had and I thank you all. You honored me, but I want to honor each and everyone of you. (5) By December 1, 2007, and by December 1, 2010, the fiscal committees of the house of representatives and the senate, in consultation with the department, shall report to the legislature on the effectiveness of the tax incentive under section 1 of this act. The report shall measure the effect of the incentive on job retention for Washington residents, and other factors as the committees select. (1) Persons providing both physical fitness services and amusement and recreation services shall elect either to report their entire gross income subject to tax under this chapter from initiation fees and dues and other charges for general use or access of facilities as subject to the tax imposed by RCW 82.04.250(1) or to allocate such income as subject to the taxes imposed by RCW 82.04.290(2) and 82.04.250(1) as provided in subsection (2) of this section.

(2) (a) To determine the amount of gross income subject to the tax imposed by RCW 82.04.290(2) and 82.04.250(1), persons must allocate their gross income subject to tax under this chapter from initiation fees and dues and other charges for general use or access of facilities using a ratio. The numerator of this ratio shall be the square footage of facilities devoted exclusively to providing members or customers with physical fitness services multiplied by a factor determined by the department. This factor is to recognize the difference in income generated per square foot of areas devoted exclusively to providing members or customers with physical fitness services and income generated per square foot of other areas included in the ratio based on industry averages. The department shall determine the factor based on the most recent available data and shall inform taxpayers of its determination. This factor shall be updated on July first of each even-numbered year beginning on July 1, 2006. The denominator of this ratio shall be the numerator plus the difference between the total square footage of facilities and the square footage of facilities devoted exclusively to providing members or customers with physical fitness services.

For purposes of this ratio, the following areas are to be excluded from the numerator and denominator if used exclusively for the purposes that such areas are customarily used for:

- (i) Lockers, showers, and hallways;
- (ii) Child care center;
- (iii) Sales of tangible personal property such as sales in a pro shop;
- (iv) Lounge, snack bar, or other food and beverage area;
- (v) Areas that may only be accessed or utilized by members or customers for a charge separate and distinct from initiation fees, dues, or a charge for general use or access of the facilities, such as may be the case for areas dedicated to physical therapy, tanning, massage, or day spa services.
- (vi) Meeting rooms;

(vii) Parking facilities and picnic areas; and

(viii) Administrative offices, laundry facilities, customer service desks, and other areas utilized only by employees.

(b) The amount of gross income subject to the tax imposed by RCW 82.04.290(2) is the product of the ratio described in (a) of this subsection (2) and the amount of gross income subject to tax under this chapter from initiation fees and dues and other charges for general use or access of facilities. The balance of the gross income subject to tax under this chapter from initiation fees and dues and other charges for general use or access of facilities shall be subject to the tax imposed by RCW 82.04.250(1).

(c) Once a person has made an election, the person must report tax liability consistent with that election for at least twelve consecutive months. A person may change an election prospectively only, effective on the first day of a calendar quarter.

(3) If the persons described in subsection (1) of this section receive income from sources other than those described in subsection (1) of this section or provide services other than those named in subsection (1) of this section, that income and those services are subject to tax as otherwise provided in this chapter.

(4) This section does not apply to any person that provides members or customers with access to outdoor golf range or golf course facilities.

NEW SECTION. Sec. 3. A new section is added to chapter 82.08 RCW to read as follows:

Notwithstanding anything in this chapter to the contrary, in the case of a person providing both physical fitness services and amusement and recreation services who is required to make an election under section 2 of this act, the selling price for purposes of RCW 82.08.020 shall be the amount subject to tax imposed by RCW 82.04.250(1)."

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2004, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2004 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in subsection (3)(b) of this section.

(b) To the extent that transfers under subsection (3)(a) of this section are insufficient to fund actual expenditures in excess of fiscal year 2004 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoption support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose after approval by the director of financial management.

(c) The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing prior to approving any allotment modifications or transfers under this subsection.

(4) ((The department)) After consultation and coordination with local elected officials and community groups to assure there will be no degradation in existing services as a result of implementing the Washington medicaid integration project, the department shall report its progress to the appropriate committees of the legislature during the 2004 September committee assembly days and is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage Medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration partnership (WMIP) the department may combine and transfer such Medicaid funds appropriated under sections 204, 206, 208, and 209 of this act as may be necessary to finance a unified health care plan for the WMIP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons during the 2003-05 biennium. The amount of funding assigned to the pilot projects from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled in the pilot, times the number of clients enrolled in the pilot. In implementing the WMIP pilot projects, the department may: (a) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in the pilots; and (b) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. Appropriation ~~((1,038,000))~~

TOTAL APPROPRIATION ~~((971,811,000))~~

\$979,452,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Any new funding for family support and high school transition along with a portion of existing funding for these programs shall be provided as supplemental security income (SSI) state supplemental payments for persons with developmental disabilities in families with taxable incomes at or below 150 percent of median family income. Individuals receiving family support or high school transition payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(b) The health services account appropriation and ~~((\\$1,038,000))~~ \$971,000 of the general fund--federal appropriation are provided solely for health care benefits for home care workers with family incomes below 200 percent of the federal poverty level who are employed through state contracts for twenty hours per week or more.

(i) Premium payments for individual provider home care workers shall be made only to the subsidized basic health plan.

(ii) Home care agencies may obtain coverage either through the basic health plan or through an alternative plan with substantially equivalent benefits. Premium payments made to home care agencies shall be limited to home care workers who are employed at least twenty hours per week to serve state-funded clients. It is the intent of the legislature to fund the purchase of health care benefits for agency home care providers in a more fiscally prudent manner. The legislature encourages agency providers to purchase more cost-effective health care benefits, including increasing participation in the basic health plan or purchasing substantially equivalent benefits with substantially equivalent costs.

(c) ~~((\\$510,000))~~ \$562,000 of the general fund--state appropriation for fiscal year 2004, ~~((\\$784,000))~~ \$1,767,000 of the general fund--state appropriation for fiscal year 2005, and ~~((\\$1,225,000))~~ \$2,266,000 of the general fund--federal appropriation are provided solely for community residential and support services. Funding in this subsection shall be prioritized for (i) residents of residential habilitation centers who are able to be adequately cared for in community settings and who choose to live in those community settings; ~~(and)~~ (ii) clients without residential services who are at immediate risk of institutionalization or in crisis; (iii) children who are aging out of other state services; and (iv) current home and community-based waiver program clients who have been assessed as having an immediate need for increased services. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$300. In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds provided the total projected carry-forward expenditures do not exceed the amounts estimated. The department shall implement the four new waiver programs such that decisions about enrollment levels and the amount, duration, and scope of services maintain expenditures within appropriations. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of residents moving into community settings and the actual expenditures for all community services to support those residents.

(d) ~~((\\$511,000))~~ \$563,000 of the general fund--state appropriation for fiscal year 2004, ~~((\\$616,000))~~ \$1,390,000 of the general fund--state appropriation for fiscal year 2005, and ~~((\\$1,073,000))~~ \$1,905,000 of the general fund--federal appropriation are provided solely for expanded community services for persons with developmental disabilities who also have community protection issues ~~(or are diverted or discharged from state psychiatric hospitals)~~. Funding in this subsection shall be prioritized for (i) clients being diverted or discharged from the state psychiatric hospitals; (ii) clients participating in the dangerous mentally ill offender program; (iii) clients participating in the community protection program; and (iv) mental health crisis diversion outplacements. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$300. In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds provided the total projected carry-forward expenditures do not exceed the amounts estimated. The department shall implement the four new waiver programs such that decisions about enrollment levels and the amount, duration, and scope of services maintain expenditures within appropriations. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

(e) The department shall provide a status report on the transition, implementation, and operation of the four home and community-based waivers that will replace the community alternatives program waiver. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter for the quarters through December 2004, the following information for each home and community-based waiver: Total projected state and federal fiscal year expenditures, year-to-date actual expenditures compared to projected expenditures, year-to-date unduplicated clients compared to projected clients, actual average per capita costs compared to projected per capita costs, number of transfers between waivers, amount of emergency funds spent to date compared to projected emergency costs, state and federal funds transferred from the medicaid personal care program to the four home and community-based waiver programs, and the year-to-date number of new clients added to a waiver program.

(f) The department may transfer funding provided in this subsection to meet the purposes of subsection (2) of this section to the extent that fewer residents of residential habilitation centers choose to move to community placements than was assumed in this appropriation.
